## ROAD AGREEMENT INJUNCTION REFUSED; APPEAL TO BE TAKEN

Petition of Ralph Thayer and 60 others for a restraining order to be issued against the Floyd County Commissioner's court and officials... Notice of appeal to the Seventh District court here last Thursday.

Notice of appeal to the Seventh District court in Amarillo was given by attorneys representing the complaining taxpayers.

Judge G. C. Tubbs was the only witness to testify in the hearing, which was attended by a court room full of interested taxpayers. His testimony brought out the fact that the commissioners anticipated a surplus in road bond money of \$126,000 after all commitments are met under the mandate of the January, 1948, half million dollar road bond election.

This fact, in his opinion, fully justified the construction of an unauthorized spur to the South Plains school at a cost of \$4,000 out of the bond funds and the pledge to use money from the same fund to build a mile of road running west from Pleasant Valley in cooperation with the Highway department.

Both were justified by the big savings which he declared were effected, and by the additional fact that eight miles of road from Aiken to Progreso in the original election order, has been taken over by the Highway department to be constructed with state and federal funds.

His estimate is that the county would still have a surplus of \$36,000 in the road bond fund after making care of all roads provided for in the election, even if the state should fail to meet its commitments.

Contention of the complaining taxpayers was that the commissioners had and have no right to speculate on what they might or might not be able to do with road bond funds before they have complied with the terms of the mandate of the people in a formal vote.

In view of the record, District Judge Alton B. Chapman said he would not grant the plaintiffs' request to enjoin the commissioners from spending bond money on the county road program as laid out.

Members of the state highway commission and the state highway engineer did not answer the plaintiffs' petition, pointing up their view that the matter is one for local settlement.

Richard P. Stovall of Floydada, and Winston Brummett of Lubbock, attorneys representing the plaintiffs, maintained the commissioner's court had a contract with the people which they should be required to keep, whereas County Attorney Enos T. Jones and Ben P. Ayres, special attorney, maintained the court was meeting this obligation to the people and in doing so were proceeding along the lines of common sense and sound discretion.

Plaintiffs named in the petition for the injunction are as follows: Ralph Thayer, Clark Harris, Joe Anderson, W. L. Thomas, Jr., H. G. Watts, Raymond Rucker, A. M. Dorsey, L. J. Welborn, Arlon E. Miller, H. L. Hartzell, W. L. Miller, A. B. Collins, Henry Bollman, J. T. Spears, W. E. Miller, Marvin Clinton, W. T. Clinton, Buck Sams, W. R. Terrell, Henry C. Ford, Weldon Smith, J. T. **Hamilton Says Tax Collecting has Been Brisk**

Tax collections in Floyd county have been brisk, and although the assessor-collector's office continues to be a very busy one every day, the bulk of the 1949 collections have been finished on January 1. At that date, T. T. Hamilton said, 80 per cent of the current taxes had been paid to the county and state.

**Polio Campaign Plan Announced By J. B. Watson**

A full-fledged campaign will be waged in the last half of this month throughout Floyd county in an effort to raise \$4,000 for the infantile paralysis fund, said Jake B. Watson here yesterday.

**Wanna Play Croquet? Good Spot Found**

Did you ever see a dump ground that could be used for a croquet ground instead? If not, you would enjoy such a sight if you visited the 30-acre grounds which the City of Floydada maintains for the purpose and which is being used more and more by people from all over the county.

### 70,000 - Bale Cotton Crop Foreseen as Gins Slow Down After Record Run of 66,000 Bales

Tuesday, January 10, County Agent Robt. H. Gibson, made a survey of the 14 gins in Floyd county and after putting the adding machine to his figures came up with a figure of 66,257 bales that had been ginned as of noon on that day. And, said the agent, most of the gins are still running although they have caught up with the big rush, and there are some four thousand bales yet to be processed, according to guesses of the ginners on their individual prospects.

Mr. Gibson is now confident that the total number of bales ginned in the county will have exceeded 70,000 bales when the last one is turned out at the end of the season.

Already gin figures for the county this season exceed by about 25,000 bales any previous year since cotton began to make history in the county back in the early 1900s. In 1926 there were 42,801 bales ginned, highest for any previous year. Next highest was in 1933 when the records show 34,898 bales ginned.

## Polio Campaign Plan Announced By J. B. Watson

A full-fledged campaign will be waged in the last half of this month throughout Floyd county in an effort to raise \$4,000 for the infantile paralysis fund, said Jake B. Watson here yesterday.

Watson has been named county polio fund chairman by the Floyd County chapter, of which A. H. Kreis is chairman, and Jewel Eliza treasurer.

The campaign will open on January 16 and is scheduled to continue through January 31, said Watson. He hopes to have the county-wide organization completed before the opening day, and despite the fact that a special campaign was conducted last fall, an emergency still exists and the polio situation still calls for more money.

"Floyd County chapter is scrapping the bottom of the barrel right now and the end of the need for more funds is not in sight," said Mr. Watson. "We hope to contact everybody in the county and are going to have to ask for help by volunteer chairmen throughout our area," he said.

Those whom various committees will not reach are urged to leave their voluntary contributions with C. H. Wise at the First National bank and make them as liberal as the donor can afford to do.

## G. W. Elliott Rites To Be Held Today at Strawn, Texas

Funeral services for G. W. Elliott, 77, a former resident of Floydada, are scheduled for 2 o'clock this afternoon in Strawn, Texas. Although he had been practically bedfast since last spring, Mr. Elliott's death was unexpected when it came Tuesday afternoon.

The Elliotts moved to Strawn from Floydada in 1942. They had lived here for some 20 years during which time Mr. Elliott operated Elliott's Blacksmith shop.

Survivors include the widow, three daughters, Mrs. Jack Burleson, Floydada; Mrs. Grace Watson, Los Angeles, California; Mrs. Lera Alsop, Gainesville and two sons, Verna Elliott, of Amarillo, and Jim Elliott, Floydada.

Among the relatives and friends in Strawn for the funeral rites are Mr. and Mrs. Carl Rodgers, Mr. and Mrs. Jack Burleson, and daughter, Natha, Jim Elliott, Mr. and Mrs. Morris Raley, Jess Patterson, Floydada; Mr. and Mrs. Fulton Finley and James Elliott, Houston; Gordon Patterson, Dalhart; and Mr. and Mrs. Roy Hayes, Plainview.

## Rudy Thornton Is Operating Phillips Station Number 2

A business transaction completed last week changed the ownership of Bob's Service Station on the northeast corner of the square from Rudy Montgomery to Rudy Thornton. The station will operate under the name of Rudy's Service Station No. 2.

The station will be open from 7 in the morning until 8 at night except Saturday when it will remain open until 10 o'clock to meet the demands of the public. Thornton has two capable men, D. E. and Melvin Visage, employed at the No. 2 station to continue to give courteous and efficient service as heretofore.

At Rudy's Service Station No. 1 on Highway 70 east are Dewey Parkey and Robert Turner to give 24-hour service. Rudy's time will be spent between the two stations.

Mr. Montgomery, who has operated the station the past few months, has not made definite plans as to what his future undertaking will be.

## RADIO ENTERTAINING BAND TO PLAY FOR DANCE HERE

G. G. Holmes announced this week that the Sunshine Trio and band heard daily over radio station KSEB, Lubbock, will play for a dance at the American Legion Hall Friday night.

Admission will be \$1 per person.

## Neighbors Take Whirlwinds Off To Good Start In Basketball

The Floydada Whirlwinds, inactive since the Christmas holidays, resumed cage play last Thursday when they entered the Childress tournament.

First pairings matched them against Wellington Thursday at 1 p. m., the Winds easing through this one with a handy 40-23 win. Thursday night, the Winds ran out of air, and were eliminated from the tournament by Pampa by a margin of 62-55.

Bob Finley was high score man for the Winds against Wellington with 29 points and shared team honors with teammate Junior Perry against Pampa, both sinking 16. Finley was selected on the all tournament team, quite an honor and a greater honor, having played in only two games.

This week, after a breather, the Winds took to their home court in a tilt against the Lubbock Boys club. The game looked like sure Whirlwind victory at the half, the home hoopers leading 33-20, but a rejuvenated Boys club came to life in the last half to take home the victory 59-52.

Cook of Boys club led the scoring, netting 19. Second honors were shared between Bonner of Boys club and Finley of Floydada each sinking 17. Second high for the Winds was Aubrey Guthrie with 14.

F. H. S. Opens at Lockney

The Whirlwinds open District play tomorrow, Friday, when they journey to Lockney for a tilt with the Longhorns. Two games are on the schedule with the Floydada and Lockney A's opening at 7:30, and the B's playing the second game.

Saturday night the Whirlwinds will be out for revenge when they meet the Lubbock Boys club the second time, and once again on their home court. Game time is set for 7:30 in Andrews Ward school gym.

Abernathy Strong Contenders

Tuesday night January 17, the Winds play their first home conference game against the Abernathy Antelopes. Abernathy has one of the stronger District 3-A teams and this game should give a pretty clear picture of what the Winds will be up against this season as far as district play is concerned.

The Floydada quintet has entered another tournament, this one to be played at Tulla. The teams that (See Basketball, back page)

## Destroy Weeds On Road Ways, Carrier Urges

Destroy weeds in time on the north and west sides of farms so that snowstorms, if they do come, will not leave the roads snowbound is the plea of S. L. Powell, rural letter carrier on Route One out of Floydada this week.

Some of the patrons on Route One, he says, have been burning out the fence rows on their farms which adds a lot to the appearance of the land and destroys places for grasshoppers to thrive. "But what this mail carrier is mostly interested in," he points out, "is it also prevents snow from drifting in the road."

"I do not believe I have a single patron who would not come to my assistance if he knew I was stuck in the snow, so I am asking each of these patrons on Route One to please burn the weeds on the north and west sides of the road around their farms, if they have not done so, and let's not have to dig out when that snow comes." Mr. Powell says, adding it is a lot easier on everyone if the weeds are destroyed in time, and he signs himself "yours for good mail service."

## Wanna Play Croquet? Good Spot Found

Did you ever see a dump ground that could be used for a croquet ground instead? If not, you would enjoy such a sight if you visited the 30-acre grounds which the City of Floydada maintains for the purpose and which is being used more and more by people from all over the county.

Furthermore, the grounds can be kept in the same good condition right along indefinitely if the council can have the cooperation of individuals who use the grounds for dumping.

The council employed Menard Field to oversee the clean-up at the dump grounds, and Field found the job to be one for big machinery to handle. Here are some of the interesting things about the job:

An 18-ton Caterpillar was used with a 12-foot bulldozer to push the big piles of rubbish into large pits excavated by the big excavators borrowed from the county. These large pits were 28 feet wide, 425 feet

## Week Brings More Office Seekers To Ask Favors of the Electorate

Another week into the year of 1950 and with it added names of those who seek the favors of the electorate for the offices of their choice in Floyd county. To vote for against, of course, you'll have to have a poll tax receipt or an exemption.

## Leland A. Hart Is Sheriff Candidate

To the Citizens of Floyd county: I am a candidate to succeed myself as sheriff of Floyd county and want to ask for your vote and support for the office.

I will continue to try to handle the duties of the office in a fair and impartial manner if you see fit to choose me again. My candidacy is subject to the Democratic primaries.

Assuring you that anything you can do for me in the campaign will be appreciated, I am, Sincerely yours, Leland A. Hart, Candidate for re-election as Sheriff of Floyd county.

## Hamilton Asking Re-Election For Assessor - Collector

I wish to announce myself as a candidate for re-election to the office of Tax Assessor-Collector of Floyd County, Texas, subject to the Democratic primary.

I hope you are pleased with my administration thus far, and will appreciate your vote and influence. I promise, if elected to give prompt, courteous and efficient service.

Respectfully, Margaret Collier (Political advertisement)

## Commissioner Hart Asking Re-Election

I'm asking for re-election for a second term to the office of County Commissioner of Precinct No. 4.

If elected I pledge my best efforts in handling the affairs of the county and of Precinct No. 4 to the best of my ability. I respectfully solicit your vote and influence in the coming Democratic primaries.

For the eyes of Floyd county people only: J. M. Willson, who struggled with himself many a day before he finally decided to accept the responsibility of president of West Texas Chamber of Commerce, is getting a hard job done admirably. He has now to hurdle only a half dozen or so hazards before all the troubles have been ironed out for the solicitors to go to the communities of the area for financial support. D. A. Bandeen, spark plug of the organization for many, many years, has been hindered by physical disabilities the past few years, is keeping in touch with affairs. His brilliant mind still has its resiliency and the organizational problems will be lessened by this fact. Willson may have a law suit or two to defend but he keeps going down the line for the organization which has meant much to West Texas for the past quarter of a century and will continue to do so, with wider scope of usefulness and accomplishments to its credit. Lubbock and Amarillo and their satellites in particular have been critical. They'll be all right again as soon as the fur can be rubbed the right way and the vanities of their important men assuaged.

What has the weather in store for us? That is the question. The recently continuing cold, with blasts of Boreas bearing down from the north and threatening every day, has most of us thinking in terms of possibly a continuing winter somewhat varying but not intense cold and storm for this area. On the other hand there are signs that the really big blast is due to come in late February and early March, when a man who has some livestock will wish he had made some preparations before hand. This could happen. Have some bundles handy, some source of water supply protected and buy some of this high-priced cake or meal and store it. You won't be hurt much if you are lucky. You'll be hurt awful had if you need some feed and can't get out to go get it.

The Hesperian forecast a few weeks ago that the campaign for betterment of hospitals for the state's unfortunate mentally unbalanced would be sprung in January has come about. First major blast this week with the story about the overload of more than 5,000 patients, a condition which has been factual for 30 years or more. Principal trouble is this problem of doing the right thing by the mentally sick has been put last instead of first. A program for Dallas, a program for Houston, taking care of the state's employees properly, getting the teachers well paid in fat fine shape, and scores of other things have been given precedence for consideration over this shameful situation. People

of Texas should pay whatever bill is to take care of their mentally and otherwise unfortunates. But the people (legislators) who will decide all of this will be the same ones who gave everybody everything they asked for a year ago, and have now before them a tremendous deficit in state tax revenues, as well as a "building" program, road problems, and other things that others will think up. What the people should do, if they can, is simply insist on care of the helpless in an adequate manner and roads for the people to use, and let the other matters go hang until they can be reached with the money that is available. But they won't find their representatives any too cooperative, we fear.

A lather of interest has been worked up locally in the display of the new models of automobiles for 1950. Ford, Pontiac, Buick and Studebaker, then Chevrolet, Chrysler, De Soto, Oldsmobile, Dodge and Plymouth one after another, put their best foot forward in a bid for the approval of the public. All good makers, all good people, and we are inclined to the belief they did right in not offering any radical changes for this year, none of them. Trends are indicated, of course. One thing about it is that it is fine for the people to have enough money that most everybody is interested in, and can afford to take interest in, the fact that the new models are being presented.

1950 forecasts: There will be considerable business and commercial construction in Floydada during the year 1950. Some rather sizeable expenditures are already at the paper stage and others are being considered. Definite need for practically everyone of these augurs for their successful launching and continued success through the years. It is our judgment that too many men with money are still selling Floydada and Floyd county short the same as they did in the thirties. A few are venturing out now as they should have done five or more years ago.

Floydada's serious needs include more paving in the semi-business and residence areas of the community and a campaign of face-lifting for business houses, a modernization that would net large dividends. A man with a store building in Floydada must realize that he'll run into trouble when he tries to make business and the times stay put while he collects rents from investments he made 30 years ago. He has charged off the investment and he needs to make a new one -- and how sorely does he need to do so he may realize only after his real estate values have moved to other streets -- or other towns (?)

### EXAM WEEK

This week has been a week of review for the students of F. H. S. In some cases, a week of desperate cramming. Yes, Thursday and Friday are those dreaded exam days.

Many students are wishing they studied just a little harder, but talked or chewed so much gum during classes, or had not been planning to change their ways so late. Next semester they will be those who are exempt, who will spend their two-day holiday.

### Candid Camera

The cute little chickadee whose name our candid camera clicked this week is a sweet gal whose personality really clicks with all of us. She is blonde with pretty bluish eyes, stands 5 ft. 3 inches in height, weight 115 pounds, with a nice figure. The gal I'm referring to is none other than the sophomore's own favorite, Clara Mae Jones, sometimes called "Cloudy", born on October 6, in Floydada.

Her one great ambition is to become a successful, private secretary with a good looking boss.

Her main likes are friendly people, fried chicken, sweaters and skirts, winter parties, snow, to run around, dancing, twirling, going on trips, and the gang "14". She says she was most thrilled when she became a twirler and when she was elected Freshman and sophomore queen.

Clara's favorite song is "Maybe Because" sung by Vaughn Montgomery. "Oh You Great Big Beautiful Girl" is the best show she's seen and she loves Van Johnson, June Haver, and Shirley Temple.

Her favorite teacher is Polly C. and her subject is English II. She absolutely detests World History, unfriendly people, spinach, bad weather, turnips, navy blue, and Hudsons.

Clara's most embarrassing moment happened one day on the street in front of the band. She and Loene had bought some unmentionables at Miladies Shoppe. They were crossing the street and she dropped the box, spilling everything. Some men were standing on the corner laughing and Clara was embarrassed she refused to pick them up, and Loene had to.

Her favorites for sports are football, basketball, volleyball, tennis, and swimming, and during her pastimes she'd just do everything. Clara revealed her worst habits giggling too much and burping. Her biggest weakness is Kenneth, the one who forms little pink buds for Clara is a sweet, miscellaneous guy who is 5 ft. 9 inches

tall, weighs approximately 140 lbs., has brown hair, freckles, and blue eyes.

Her perfect day would, like any other day, begin in the morning (around 8 o'clock). She'd arise, go get Loene, and go swimming in an icy pool (her own private one) till about 10 o'clock. Then they'd hop in Clara's Studebaker convertible and ride around till noon. For lunch she'd eat fried chicken, gravy, cream potatoes, lettuce and tomatoe salad, stuffed celery, kool-ade, hot rolls, and pecan pie ala-mode. After that good meal she'd saddle up a horse and go riding till almost 5, then go for another swim. Her ideal boy would call her and she would chat with him about an hour. Then around 6:30 he'd pick her up and take her to Lubbock dancing. About 1:30 she'd go to Edith's to a slumber party, eat sandwiches and fritos, gossip, and get into meanness.

Best of everything to you, Clara, we all love you!

### Club Kid Party

The Chorus club gave their first party last Friday night. It was a kid party. The games played were jacks, jumping the rope, "42", cards, cowboys, and drop the hankie.

Mr. Jackson from Jackson's studio came and took a few pictures of all the kids.

Refreshments of pop-corn, apples, and suckers were served. The party was enjoyed by everyone.

### DE QUACKER

Boys, are all the kids studying this week-end. You know those mid term exams are coming up. But just the same, some of the ones that weren't studying really got into meanness. How about hearing some of it.

It looks as though Chartes is mad again. Joyce Myrick was with Dub Ferguson at Lubbock Monday night.

That Judith Moss is out to get her man. Better watch out fellas, she's got both eyes open.

Darlene, what's this about you and Bill Womack. I haven't seen you together for quite a while. Couldn't be because of Dan Brown from Silvertown could it? And you were such a cute couple.

Romance has blossomed! For Buddy Sanders and Helen Vaughn from Silvertown! Seems that he spent quite some time with her during the Christmas holidays and last Wednesday night I believe he went to Silvertown. Good luck, happy pair!

Is that Eva getting around these days. Now it is Bennie. You may need some right hand tips, Bennie, so why not ask Leroy about it.

Well, from what I hear Joan E. and Adrain sure had a nice time Saturday night. What about this Myrna? ? ? ?

Is Sherwyn ever blue since Bill left for Waco. And from the past week-end she is going to be a true blue.

Wayland Jones had better watch Phillip Smitherman. Phillip and Carolyn McDonald are working up another case. Better watch out Phillip.

Did I hear that Bill and Joy had a little fuss over some little old something Saturday night? Let's not fuss kids, you can not have any fun fussing.

Flash! Wilma Jean Judy was with Percy Parrish Sunday afternoon. That is really breaking him in, Judy—by a Sunday afternoon date.

"Jane", did you enjoy our date with Leroy the other night? Say, Charles, did I see you with

Mary Alice the other night and then with Pat H.

Carolyn did you have a good time at the kid party the other night with Sherman Irwin? Best of luck.

The basketball tournament rather messed things up for some people. That will be nice all right! When Marlene moves back to Floydada, or will it? Wayne, you may have to calm down some.

I found something out the other day that I didn't even know was going on. Johnny Rutherford has been going with Billy Latham for some time. May you have the best of luck.

It looks like Benevee Boyd has got her man all locked up now for sure. May all the happiness be yours.

What's this I hear about Billee and Jerry not going steady? That's tuff luck, but maybe good luck for some people.

Sherwyn seems awfully lonesome since Bill left, but I think Earl Eubanks has his eye on her.

Genelle and Chock are still playing cupid. Must be love.

Dorothy and Sammy H. were seen together Sunday afternoon. Week nights really are lonesome ones for Dot when Sammy's not home.

Grace, when is Mac Smitherman going to come back home? You might get lonesome if he doesn't hurry.

Dan's girl from Littlefield must really be a dream from what I hear

**Power Glide Transmission Illustrated**

A simple example of the basic principles of Chevrolet's new Power-glide transmission may be furnished by a lump of sugar in a cup of coffee. The sugar can be spun by stirring the coffee, even though it is untouched by a spoon. The force of rotation comes from the liquid.

and Dan seems to like her quite a bit.

Who could the blond haired Junior boy be that is dying to go with a girl whose initials are M. Y.???

**Style of the Week**

Let's just say the kids are "sweet-tin" as it gradually gets closer to exam days. Can't blame 'em much myself!

The sweet Sues of P. H. A. who received coats or suede jackets for Christmas have forgotten that they own any other coat for they continue to wear them day after day. We have a varied collection of them so it isn't bad. Don't you wish you had one?

**Class Favorites**

The classes had class meetings January 5 to elect the best all round boy and girl in each class; the following were chosen:

Freshmen, Shirley Womack and Clint Turner;

Sophomores, Clara Mae Jones and Dennis Wilkes;

Juniors, Ruth Maxey and Wayne Robertson;

Seniors, David Willson and Joy McCravey.

Citizenship, scholarship, participation in various activities and personality were the characteristics considered in the selection.

To overcome the inertia of the liquid and the sugar the spoon must be rotated rapidly. But as the sugar begins spinning, less manual effort is required. A direct drive through the coffee is achieved when revolutions of the sugar equal those of the spoon.

With an automobile the spoon would represent the engine's crankshaft and the sugar the propeller shaft which turns the rear wheels. Unfortunately for automotive engineers, however, a lump of sugar offers far less resistance than propeller shaft. Faced with a comparable problem the engineer would have to introduce agents which would exert a far greater force on the coffee than possible with a spoon.

To develop the Chevrolet Power-glide engineers contrived a compact arrangement of spinners and paddlewheels. The spinners, respectively linked to the crankshaft and propeller shaft, face each other in a bowl-shaped housing filled with oil. They supply the fundamental flow of power.

The paddlewheels are nested between the spinners to increase the force of the flow. Their primary function is to get the automobile underway. After resistance has been met, the paddlewheels ride free and become part of the revolving mechanism. Since they operate independently, one picking up when the other loses effectiveness, the paddlewheels accomplish the same result as gears in the conventional transmission by permitting the speed of the engine to diminish.

**CARD OF THANKS**

We wish to thank each one of you for your gifts and offerings when our house burned last week.

May God bless you in your time of need is our prayer.

Mr. and Mrs. A. F. Waller, jr. of Rule, spent the week-end here as guests of Mr. and Mrs. A. F. Waller, sr. Mr. Waller is minister of the Church of Christ in Rule as is his father here.

**IOWA PARK COUPLE HAVE NEW DAUGHTER BORN DEC. 30**

An announcement was received here last week by relatives of the birth of a daughter to Mr. and Mrs. A. L. Chambliss, of Iowa Park. The little lady was born December 30 in Wichita Falls. She weighed seven pounds and three ounces and was named Tarena Jan. Tarena has one brother, Charles Ray.

Grandparents of the new arrival are Mr. and Mrs. A. P. Chambliss of Graham, and Mrs. and Mrs. L. L. Switzer, of Floydada. The Switzers are in Iowa Park for an indefinite visit with their daughter and family.

**NEW OWNER AT BARWISE GROCERY AND STATION**

Effective Saturday, the Barwise Grocery and Station is owned and operated by Lewis Harber, a former resident of the Sand Hill community. Mr. Harber purchased the establishment from Miss Dorothy Dooley, who had operated it since May 1947.

Miss Dooley's plans for the future are indefinite.

**MARSHAL RECOVERING**

City Marshal Bob Smith was among last week's numerous losers in the effort to keep going in spite of the pains of influenza. Monday he had recovered sufficiently to be back at his routine.

Clement B. McDonald, of the L. C. McDonald Allis-Chalmers agency is regaining normalcy after a siege of gripe.

Mrs. Lula Moore had as guests for New Years her daughters and their families, Mr. and Mrs. Plavil Hodge, Lovelle and Nedra, of Clarendon, Mr. and Mrs. Ted Barnes, Norma Lou, Joe Beth and Teddy J., also Bobby Joe Paris, of Memphis, and Mr. and Mrs. R. V. Smith and Linda of Lubbock.

## Seventh District Leader Speaker at 1934 Club Meeting

Mrs. O. M. McGinty of Spur, First vice-president of Seventh District of Women's Federated clubs, talked to the 1934 Study club when the club met for their federation program Tuesday evening, January 3rd, at the home of Miss Leila Petty.

The evening's program, "Lifting Our Faces to a Better Club" was emphasized when the members answered roll call with "My New Year's Resolution". Mrs. J. D. Cleveland, president, presided over the business meeting in which the resignation of Mrs. Harry James who had moved from the city, was accepted.

Mrs. McGinty was introduced by Mrs. I. T. Graves, a friend of the guest speaker. Mrs. McGinty told the club of a revised "collect" for the federated clubs and talked to the members on the difference in social club work, church work, and the federated club work. She advised the members to keep their minds alert by reading, to read the classics for the "fun" of it, or to review a classic when called upon to review a book.

A delicious refreshment plate was served to the guest speaker, Mrs. McGinty, and the following club members: Mesdames H. G. Barber, Fred Cardinal, J. D. Cleveland, Robt. H. Crowell, Raymond Evans, I. T. Graves, L. F. Gresham, J. S. Hale, Jr., John Hoffman, Ralph Johnston, Jack Lackey, Malcolm McNeill, J. P. Moss, Carl Muench, Virgie Shaw, James Willson, Jr., Miss Anne Swepston and the hostess, Miss Petty.

The club will meet January 17 in the home of Mrs. John Hoffman.

## TAKE HOLIDAY IN CALIFORNIA

Mrs. E. J. Womack and sons Bruce and Bill, spent the latter part of the Christmas holidays with Mrs. Womack's daughters and families in San Diego, California. The group enjoyed the rose parade and the Rose Bowl game over television from the home of relatives.

**MR. AND MRS. LEON FERGUSON** Pictured following their marriage in a pretty home ceremony at Claude on December 11. Mrs. Ferguson is the daughter of Mr. and Mrs. C. C. Luttrell of Claude, and Mr. Ferguson the son of Mr. and Mrs. W. F. Ferguson, Floydada. The couple have recently returned from a wedding trip and are making their home at Floydada.

Following the trip to California, Bruce returned to West Texas State college in Canyon to resume his studies.

## 'Team Work' Is Theme For P-TA Meeting

At the next meeting of the Parent-Teachers association the topic, "Team work between the agencies of the community" will be discussed by Robt. H. Crowell, secretary-manager of Floydada Chamber of Commerce. The meeting will be held on Wednesday afternoon, January 18, at 3:30 at Andrews Ward school.

A special number will be given by Mrs. I. T. Graves on the program, said Mrs. E. E. Joiner, president of the P-TA.

Mr. and Mrs. Truitt McCarty are the parents of a son born January 7, at 4:01 o'clock in Stanley clinic, Matador. The new son has been named Richard Truitt. Dicky who weighed seven pounds and four ounces at birth, made his trip home Tuesday. He has one sister, age 3. The grandparents are Mr. and Mrs. Calvin W. Poteet.

## New Spring Clothes Shown at Meeting of the 1929 Study Club

Surprise and delight greeted the display of new spring clothes shown to the 1929 Study club by Mrs. O. G. Glassmoyer, illustrating her talk on "Whats New in Fashions" Thursday afternoon of last week in the home of Mrs. E. E. Joiner.

Local merchants supplied Mrs. Glassmoyer with selections from their latest shipments of coats, suits, dresses and hats. The fashions proved that navy leads all colors and nylon holds first place in materials. Hosiery and footwear are taking on the "naked look", the one "look" the dress manufacturers will not be able to copy.

Club members present were Mesdames C. B. McDonald, W. E. Grimes, P. A. Denison, Ross Henry, Billy Brown, L. L. Jones, John Hoffman, George Van Wickel, J. D. McBrien, E. L. Norman, Rex Brown, Kinder Farris, S. W. Ross, O. G. Glassmoyer and E. E. Joiner.

## PLEASANT VALLEY CLUB MET WITH MRS. LEE POPE

Pleasant Valley Home Demonstration club met with Mrs. Lee Pope at 2:30 on Tuesday afternoon to see picture slides of landscaping in color, which were shown by Miss Leila Petty, home demonstration agent. Interesting points were brought out such as place planting for comfort, convenience and beauty. Miss Petty said:

It is best to plant several shrubs of one kind that you especially like rather than too many different kinds.

Do not plant shrubs that will grow too high under your windows.

Do not completely cover your foundation with shrubs; and

Don't plant so close to the house that shrubs grow out at an angle in reaching out for more light.

Refreshments were served to Mesdames A. M. Dorsey, Harmon Handley, Clark Harris, R. C. Mitchell, R. J. Thayer, Edwin Hammonds, R. P. Wilkes, L. K. Sherman, Weldon Smith, the hostess, Mrs. Lee Pope, one new member Mrs. Vernon Gross, two visitors Mrs. Bud Pope and Mrs. D. D. Tate, Miss Petty, and school children who dropped in.

The next meeting will be with Mrs. Smith on January 24.

## MRS. SNELL, MRS. FELTON S. S. CLASS HOSTESSES

Mrs. Wm. Snell and Mrs. P. M. Felton were hostesses for the Pastors Helpers Sunday school class Tuesday in the home of Mrs. Felton.

Members present were Mesdames D. D. Shipley, E. C. Henry, Bob Henry, Lula Slaughter, O. B. Olson, J. H. Green, S. E. Thurmon, W. R. Johnke, W. H. Alexander, J. E. Laughlin, J. J. McKinney, and the visitors were Rev. and Mrs. R. N. Huckabee, Mrs. Ella Johnson, Mrs. R. H. Willis, Mrs. Callie Darby and Mrs. W. H. Hilton.

## FRIENDSHIP CLUB HAS MEETING AT CLUB KITCHEN

The Friendship Home Demonstration club met Wednesday of last week in the club kitchen for an all day meeting. Roll call was answered with new year resolutions. Guests for the luncheon served were Mrs. Harry Morckel and Miss Leila Petty, County Home Demonstration agent. Members present were Mesdames W. E. Grimes, W. H. Bethel, A. H. Kreis, E. L. Angus, Mal Jarboe, George Stiles, Lee Rushing, J. H. Buchanan and F. O. Conner.

The club will meet January 18 with Mrs. Mal Jarboe as hostess.

## CARD OF THANKS

The directors and staff of Peoples hospital wish to thank those who so generously contributed to the fund for the oxygen machine which is now in use. We will be glad to show the oxygen tent to all those who are interested in seeing it.

Peoples Hospital.

Mrs. Jack Craft and children, of Santa Fe, New Mexico, are here for a visit with her parents, Mr. and Mrs. R. L. Lackey.

**BRIDE**—Mrs. Randell Warren, above, was Miss Alene Dickson, daughter of Mr. and Mrs. W. T. Dickson, before her marriage read December 24 at the Pioneer Memorial Methodist church in Lubbock. Rev. A. Alvis Cooley read the double ring ceremony. The bridegroom is the son of Mr. and Mrs. Homer Warren, of Lubbock, former residents of Floydada. The bride wore a brown suit with tan accessories and carried a white Bible topped with gardenias. Mrs. Harold G. Fowler, sister of the bride and matron of honor, wore white crepe with black accessories. Mr. Fowler was best man. A reception followed with only family members attending. The couple is at home in Lubbock.

## TEXAN'S POETRY PUBLISHED

Ann Dodson Buck of Santa Monica, California, has just had a collection of her verse entitled, "This Was April," published by the Exposition Press of New York (\$2.00). Mrs. Buck's work is lyric in character and is concerned largely with nature and men in a natural setting.

"This Was April" is Mrs. Buck's second published volume of poetry. In "This Was April," Mrs. Buck writes about the United States and its natural graces. She knows this country as a whole more intimately than most people know their own states.

## New Club Officers Assume their Duties

The new officers of the Sunny-side Home Demonstration club assumed their duties when the members of the club met with Mrs. D. W. Burke on Friday of last week. Committees were appointed and their duties were read. Twenty ladies were present including the County Home Demonstration agent, Leila Petty, and the hostess. One new member, Mrs. C. W. Denison, and a visitor, Mrs. Claude Price were also present.

Miss Petty gave an interesting show on landscaping. Roll call was answered with new year resolutions.

The hostess served a refreshment plate containing sandwiches, cookies, olives, pickles and tea to Mmes. C. W. Denison, G. N. Shirey, Will Snell, W. C. Sims, S. E. Thurmon, J. J. McKinney, sr., O. L. Lowrance, Ervie Williams, W. A. Lovell, J. J. McKinney, jr., and son, Roy Curry, W. H. Hilton, Robert Day, Foster Amburn, Claude Price, W. W. Brints and son and D. W. Burke.

## Ford remains alone in low-price "Eight" field

"Reports were current several months ago that Ford might encounter competition in the low-price eight-cylinder car field. The manufacturer considering such a development, however, apparently has decided against it.

"The temptation to enter competition for this market is strong. Ford derives considerable sales appeal from ability to offer an eight as well as a six in the low cost bracket. Buyers are attracted by the additional smoothness or power performance afforded by eight cylinders.

"Principal reason why rivals have steered clear of eight-cylinder power plants is cost. Ford has been able to hold expenses down by manufacturing economies not often duplicated by others.

"In pioneering the low-price V-8, the Dearborn producer had to strike at the heart of the cost problem. The company was the first to evolve a method of making an integral V-block and crankcase casting.

"The Ford Company is noted for excellence of manufacturing technique. Part of the reputation is based on willingness of the management to spend money on work-saving equipment. The Rouge plant foundry, for example, is a model of efficiency. Air-conditioning eliminates some of the disagreeableness common to most foundries, while conveyor systems and automatic machines obviate much of the usual back-breaking—and inefficient—hand work.

"With the use of advanced production methods the company has been able to hold expenses within reasonable limits. This is true even though use of the larger engine means two more cylinders—with more pistons, rings, 'con' rods, sparkplugs, etc.—for each car produced.

"The Ford production technique involves a high degree of precision. Vendors regard the company as a 'tough customer' because of the rigidity of inspection standards. Suppliers know they must comply closely with specified requirements or face heavy rejection.

"The precision, together with the extra power of the engine, accounts for the unusual performance of the Ford V-8. Ford's ratio of applied horsepower to gross vehicle weight has long been a favored design characteristic. Other manufacturers have found this power plant too difficult to build inexpensively enough for a small car.

"From present indications, it may be a long time before competitors can challenge Ford in the low-priced eight-cylinder field."

**Once He Drew Smelly Liquid, Now Taxes It**

Where a 13-story hotel in Brownwood now stands, there was once a blacksmith shop. The owner drilled a well for water and hit oil. But there was little or no market for the smelly, gummy liquid and anyone was welcome to lower a bucket

ROBERT S. CALVERT

and help himself. One who did was a youngster who would use the oil to grease the axles of the grocery delivery wagon he drove.

That was the first experience that Bob Calvert had with oil. Today, as State Comptroller, he collects many millions of dollars in taxes from oil industry of Texas. Last

year, the figure was \$84,000,000! Robert S. Calvert was born, 57 years ago, on a farm near McGregor in McLennan county. When he was only a few months old, the family moved to Brownwood where he attended public schools—the played football in high school—and Howard Payne College.

His father's grocery store was just across the street from Messinger's blacksmith shop, the site on which Hotel Brownwood stands today. Except for driving the grocery's delivery wagon, Bob's first job was wrapping packages and making change in a dry goods store. Then he was yard clerk for the Santa Fe Railroad—a "number-grabber", it being his duty to get the numbers of all boxcars. The railroad transferred him to Sweetwater and, at 21, he was cashier and ticket agent.

**He Stepped Right Out**  
Then he went with the West Texas Electric company as district office chief clerk; became book-keeper for the First National Bank in Sweetwater and, when the First World War broke out, Calvert enlisted. Because of his experience with figures, he was assigned to a desk. This palled on him as he had joined in the expectation of action.

One day, the commanding officer asked if any men had had photographic experience. Now in his high school days, Calvert had worked, in afternoons and on Saturdays, for a photograph gallery in Brownwood and had rigged up a little studio of his own in the barn. So the Army assigned him to photo reconnaissance and he attended the first training school in aerial photography at Cornell University. Then he was sent to the Eastman factory to familiarize himself with a new camera for the air corps. That study completed, he was attached to Photo Section No. 1 and sailed for France.

A factory in Paris began making a new kind of aerial camera so Sergeant Calvert was sent there to acquaint himself with the instrument. As each new camera was completed, he went to the front to install it in a plane and to instruct the observer in its use. Because of his boyhood hobby, the young Texan rendered an important, in fact a unique, service in the then pioneer field of military aviation.

**Genial and Accommodating**  
After serving in the Army of Occupation in Germany, Calvert returned to the First National in Sweetwater, where he received several promotions. His geniality and accommodating spirit gained him many friends. One was George Sheppard, who had considerable business with the bank. Previously, Sheppard had served as county tax assessor for many years and when the office of State Comptroller became vacant, Gov. Dan Moody appointed Sheppard. The new comptroller soon sent for his friend and made Calvert financial statistician, who is head of the central accounting department. Later, Calvert became chief clerk, next in authority to the comptroller.

After 19 years of able and conscientious service, Comptroller Sheppard died, Jan. 18, 1949. To succeed him, Gov. Beauford Jester named Bob Calvert.

The Comptroller's Department collects approximately 60 per cent of the State's taxes—last year, \$310,000,000 out of the State's total revenue of \$523,000,000. That entire amount—over half a billion dollars—

**Services Are Held For H. W. Newton**

Funeral services for H. W. Newton, 77, of Loretto, Texas, were held Sunday afternoon at 2 o'clock at the Midway Baptist church near Lubbock. Rev. Larkin Howard officiated at the rites.

Mr. Newton died Saturday noon at the home of a brother, A. E. Newton, Route 2, Lubbock.

Burial was in Lakeview cemetery, Floydada. Survivors include J. E. Newton,

passes through the comptroller's office and not a single dollar of the State's tax income can be spent until Calvert has signed the treasury check.

**Must Estimate the Revenue**  
One of the most important duties of the State Comptroller is to estimate, for two years ahead, what the State's revenue will be and the legislature can not appropriate more money than this estimate "save in the case of emergency and imperative public necessity and with a four-fifths vote of the total membership of each House."

In 1920, Calvert and Miss Josie Moody of Sweetwater were married. They have a daughter, Miss Josephine.

Calvert is a member of the American Legion and Austin Lions club; is a Scottish Rite Mason and a Shriner; is chairman of the board of deacons of Central Christian Church in Austin. Modest, capable, friendly, industrious—that sums up Robert S. Calvert, the 200-pound, six-footer with the prematurely-white hair, a typical Texan, who is State Comptroller.

## De Luxe Ditch Digger Service Bennett's Aim

Wayne Bennett, local manufacturer of concrete building blocks, announced the purchase of a digging machine, for the purpose of contract work in digging foundations, gas, water and sewer ditches in Floydada and surrounding territories.

Bennett purchased a Ford tractor with the ditcher attached and a bulldozer attachment for covering up the ditches this week and his rig is ready to go to work, on what he considers a needed service to the territory.

The ditcher is capable of digging ditches from twelve to eighteen inches in width and any depth up to forty-two inches, which Mr. Bennett considers large enough and deep enough to take care of any requirements in this territory, at a faster rate than can be dug by hand.

"Hand labor being as hard to find, as slow and expensive as it is, I feel that I am offering a desirable service in both time and money savings," Bennett said this week.

## De Soto Announces Brand New Model

De Soto announces a brand new model that goes on display at De Soto-Plymouth dealers on Tuesday, January 10. Advance information disclosed that the new De Soto will introduce a long list of new style and performance features. The rear of the car is completely new with sweeping, peak-crowned fenders; a wider, lower window 33% larger; a deeper, lower, more protective bumper; and relocation of the combined tail lights, stop lights, and directional turn lights.

The newly designed grille is lower and new combined circular parking lights and turn signals are set into it. The hood ornament is a new beautifully sculptured bust of De Soto. Interior styling is luxurious. In the forefront of mechanical advances are new and larger hydraulic brakes. No car in America will have larger brakes. The 112-horsepower, high-compression engine combines with Tip-Toe Hydraulic Shift and Fluid Drive to give excellent performance and lets you drive without effort.

New Mexico, Tuesday morning when relatives went to inform her of the death of her sister-in-law. Mrs. Draper had been dead some four hours when her body was discovered by a niece, Mrs. Dile Exum, who was on her way to Texas to attend the funeral for Mrs. Sargent.

From reports received here by relatives, Mrs. Draper had been in perfect health and her death was probably attributed to a heart attack.

Mr. Draper preceded his wife in death in 1946. At one time, the couple lived in Crowell.

Survivors include seven children, three brothers and two sisters.

problem. It is important that others who want to make use of the dump grounds should also learn these rules and follow them, the city urges.

### The Two Kinds of Rats

In the city's rat-proofing campaign waged during 1949 and in which many rat shelters were closed or cleared out in the city limits, it was learned to the surprise of residents of the community that rats in considerable numbers are or were actually present, and the most of them in the areas where they threatened health of the public. In cleaning these places out Menard Field, who represented the city in the crusade carried on in cooperation with the state and federal health authorities, said he learned from the health workers there are two types of rats in the country, one of which is no particular hazard to health, except that any rat is filthy, while the other is the active carrying agent for fleas which bear the deadly viruses of typhus fever and Bubonic plague. The Norway rat is one which has, in addition to hair, an under coat of fur which the fleas cannot penetrate to make their living off their live carrier. But the wharf rat is another story, it does not have the undercoat of fur, only coarse hair. The wharf rat harbors fleas. Numerous rats of this type were among those cleaned out at the dump ground.

Visitors who travel out to see the nice, clean grounds which the council spent a thousand dollars or more to really clean up, will find no danger of puncturing or cutting tires, said Mr. Field.
