The W. F. Weatherbees are making their final preparations this week to move to Boerne in Kendall county, between Fredericksburg and San Antonio, taking leave to Floyd county after 44 years of residence here...

Dates Set For Legume Talks

County Agent Bob Gibson will hold a series of discussions at Lockney, Floydada and Lone Star on the value and use of legumes as cover crops and soil builders in a crop rotation system...

Meeting of Delta Kappa Gamma Held Sat. at Dimmitt

Delta Kappa Gamma met in the beautiful First Methodist church of Dimmitt, Texas, on March 4, to be favored by an outstanding program of the year.

Half Minute Interviews

Mrs. B. C. Willis: "We've been taking The Hesperian ever since there was a Hesperian."

Meeting of Delta Kappa Gamma Held Sat. at Dimmitt

Those attending from Floydada were Misses Opal Blankenship, Vera Meredith, Mrs. Fred Stewart and Mrs. Edna Phillips.

EDITORIALS

The price of chiseling as allowed by the Department of Agriculture is said to be \$2 an acre. Chisel a foot deep and prove it and your allowance for this "practice" is \$2. What we're going to do is get us a chiseling outfit and get out and hustle for chiseling to do for the 50-acre and 125-acre men around over the county. Keep an outfit going day and night and you can gross \$200 a day and be doing the farm operator a favor, too, because it will cost \$100 or so to get ready to chisel properly. He'd rather pay somebody to do it than to spend the money that may not have any repeat value to do the work himself. The big farm operators will go ahead and profit by the arrangement, but we imagine scores of small farmers will not. We'd pick up a net of \$100 a day there for a few days and have us something against the idle time this spring or summer. Always it is we that see a bright opportunity in somebody else's line.

Traveling the highways you see tanks on trucks marked milk wending down the highways. Inquiring you learn from report that these wagons full of milk have come all the way from Wisconsin or maybe only Nebraska. They are coming to the south plains with "fresh" sweet milk that Floyd county farmers are going to buy and feed to their children in a few days, possibly a week from now. Farmers who live out a few miles and have trouble getting their sweet milk to the dairy before it sours will be wondering how. We join in this wonderment, as we jog along behind a 1100-gallon milk truck and waiting for a chance to pass without sloshing the fluid over and otherwise messing up the landscape. The food and drug inspectors who are quite insistent on observance of the rules of health and sanitation and sound food value might give us some information. What we would like to know is how they get it done. Possibly some of our home producers could profit by the knowledge thus gained, also.

At this time of the year the women give their husbands a great deal of trouble over gardens, lawns, shrubs and things of the kind. This year in particular the wife of your bosom will be troublesome. She is fooled by the pretty weather and will want her husband to rig up his four-row plows and cultivators to get the garden in shape. She has learned, of course, that any man who amounts to anything is not going to hitch up to anything less, though it may have taken half a life-time to teach her this gleaming from the philosophy of the ages. We suggest that you take her to see the folks as an alternative. It's totally useless at this par-

ticular time to start a garden. You should prune the vines and clean up the lawn and things of the kind before you leave. But just do not do anything about putting seed into the ground, except some early variety onion plants or onion sets - plants are better. Go along with her to this extent, that you go down and buy everything in sight for early planting. But put them up high where the mice can't destroy them and then take a trip. Good Friday isn't until away along in the spring, April 7 in fact. Meanwhile there'll be cold and chill and frost. You can't tell a woman all of that but that is the way it is going to be. To keep from wasting your energy and garden seed you'll just have to get her mind on something else. She'll want to see her mamma or some of the cousins back in Wilbarger or McLennan. Get her interested in that or something else that you have learned she will fall for.

In this immediate vicinity the real harbingers of spring, that is the foretellers of whether its going to be early or late, have not had a fair chance taking the country over. Heel flies, we would say, are probably not indigenous to the country. Most likely they came from the east. Is there anyone who recalls whether they bothered the buffalo? Anything that was here when the bison roamed the plains has a good background as to weather forecasting. Later imported creatures, varmints, trees, and crawling things haven't had time to become acclimated. Thus heel flies would be in the same category, possibly, as green bugs and red lions. Probably none of the three really know. We hope the bugs which may have jumped the gun get caught out in the real cold and no place to go some morning before long.

The Department of Agriculture now comes along in the wake of The Hesperian to announce that bugs and insects, grasshoppers in particular, may be the plague of the farmer in the year of 1950. To keep a step ahead The Hesperian now comes forward with the suggestion that crickets and Model A bugs are going to give trouble any time it comes a good rain. A cricket we saw on Texas Independence day was a mighty cocky cricket. He is not due for weeks and weeks, in our book. So, while you pray for rain get you some source of pizen supply in mind for these critters, Model A bugs and even beetles. And grasshoppers, and greenbugs. We charge only two dollars a year for this useful information. No telling in this world, perhaps nobody actually knows, how much the Department of Agriculture charges, counting holidays, half holidays, week-ends, time out for coffee and things of the kind.

The Floyd County HESPERIAN

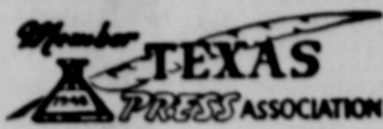

HOMER STEEN, Editor

Established 1896 by Claude V. Hall Entered as second class mail at the post office at Floydada, Texas April 10, 1907, under the act of Congress of March 3, 1879.

Floyd County 14 Years Ago

(From the files of The Hesperian March 12, 1936)

Open house at the new Harmon Funeral home, first floor Masonic building, northwest corner of the square, will be held on March 21-22. It was announced this week by F. C. Harmon after his return from Toledo, Ohio.

Rain from three-tenths of an inch to an inch and a half was received in Floyd county last week-end in a storm period that lasted through Friday night and Saturday.

From two to three members are to be elected in each of the 29 common and consolidated school districts on April 4. County Superintendent Walter Travis announced this week.

Ten investigators for the Old Age Assistance commission were put to work in District 17 Monday morning on a check up of more than 3,000

applications, K. A. Osburn, district supervisor, said yesterday. The spin o' fortune's wheel will take Ed Bishop back to Dalhart about April 15, from Plainview, after being Board of City Development manager at Plainview since last August. Bishop will be general manager of the Dalhart Texan.

Twenty-eight years ago: The worst storm of many seasons swooped down on Floyd county Thursday afternoon and night. Little moisture was left on the earth but flying snow on the wings of a north-easter made traveling a dangerous undertaking.

Waldo Houghton, of Texas Tech, spent the week-end here with his parents, Dr. and Mrs. W. M. Houghton. He was accompanied home by

Mrs. Houghton and Mrs. A. A. Bishop and daughter. Mrs. I. W. Hicks was hostess to the 1922 Study club Thursday afternoon.

Advt.—Community sale and trades day Monday, March 16, at Floydada. Free lunch at noon. Seale & McDonald, auctioneers.

HEY! 4H BOYS and GIRLS

PARTICIPATE IN THE
WESTINGHOUSE 1950 NATIONAL 4H
FARM & HOME ELECTRIC PROGRAM

NATIONAL 4-H CLUB
WEEK, MARCH 4-12

Your county agent can give you complete details on the 1950 National 4-H farm and home electric program. See him soon! This is your opportunity to show people how 4-H boys and girls learn by doing.

AWARDS...

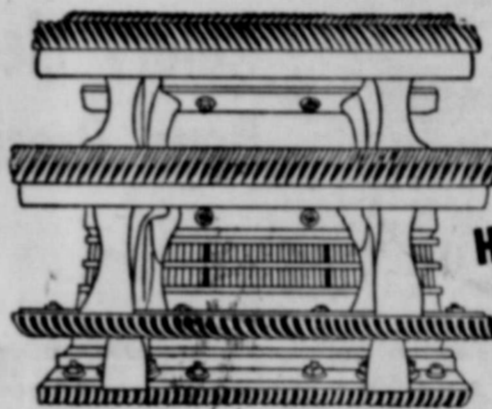

- COUNTY**
Gold filled medal of honor to the county winner.
- STATE**
For Member: All-expense trip to the National 4-H Club Congress at Chicago, November 26-30, 1950, inclusive.
- For County:** A handsome plaque to the county reporting the most outstanding 4-H Farm and Home Electric Program.
- NATIONAL**
Six college scholarships of \$300 each will be presented to a blue award group selected from the State winners, preferably to three boys and three girls.

REGULATIONS...

- Who May Participate:**
Bona fide 4-H boys and girls working under the supervision of the Extension Service may participate.
- How to Participate:**
Discuss the contest with your local Club Leader or your County Extension Agent. Be sure that you are enrolled for the Farm and Home Electric Contest if enrollment is required. Carry out the work outlined and write your report as suggested in this leaflet. Be sure to submit all material requested by the County Extension Agent before the final reporting date.
- For State Winners:**
To be eligible for State Trips and National Scholarships, participants must have passed their 14th birthday and must not have passed their 21st birthday on January 1, 1950, and must have completed at least three years of 4-H Club work including the current year.

NEW MASSEY-HARRIS COMBINES
HAVE MORE CYLINDER CAPACITY

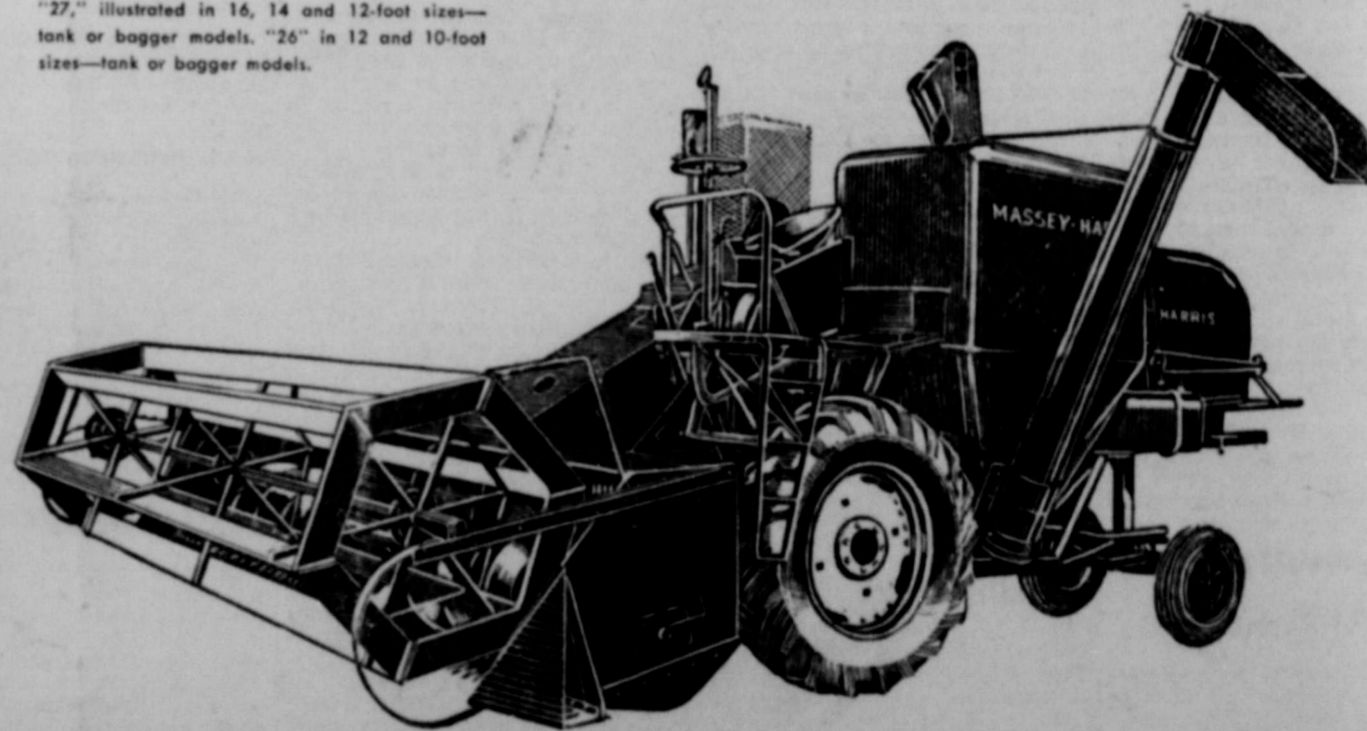

MORE EFFICIENT CYLINDER AND BEATERS
KEEP STRAW AND GRAIN ON THE MOVE
... LET YOU HARVEST FASTER

★ And it's the same in both the new Massey-Harris "26" and "27"—more cylinder capacity, more ability to separate faster with more grain saved. The largest part of separation is accomplished right at the cylinder to give greater capacity to the entire machine. More cylinder capacity lets you cover more acres a day with the Massey-Harris Self-Propelled—up to 50 with the "26," 70 with the "27."

The combing action of the beaters... the gentle, natural action of the rasp bar cylinder—are balanced in both size and operation to do a uniform job of separating your grain. You do a better job of harvesting with the "26" and "27"... you move along at a good clip because the Massey-Harris cylinder doesn't shy away from heavy straw. But heavy or light, all of your grain goes to the tank—cleaner grain, more grain

to increase your profit. Slugs don't worry the "26" and "27." The elevator feeds the straw and grain in a loose, open ribbon to the beater in front of the cylinder and the cylinder itself. It's another advantage to owning a Massey-Harris... another reason for big capacity, faster operation, greater grain savings. Stop in soon... get full details on the new Massey-Harris "26" and "27" Self-Propelled.

"27," illustrated in 16, 14 and 12-foot sizes—tank or bagger models. "26" in 12 and 10-foot sizes—tank or bagger models.

Center News

CENTER, March 6—Sunday was church day. Bro. and Mrs. Hodges and Jerry dined with Mr. and Mrs. Leo Frizzell, and visited in several other homes of the community in the afternoon.

Mr. and Mrs. R. O. Green had as week-end guests two of their children and their families, Mr. and Mrs. Grady Hood and Mr. and Mrs. K. C. Beck of Odessa.

Mrs. J. E. Green visited Thursday with her sister, Mrs. W. A. Latta of Mt. Blanco.

Victor Green and Miss Sue Green visited in the J. E. Green home Sunday afternoon.

Mrs. Nolan Arney of Dallas returned home Sunday after a week visit with her parents, Mr. and Mrs. J. D. Welborn and family and her grandmother.

Mrs. Thurman Walls, who with her husband has recently moved to

a town in Louisiana, and has been ill in a hospital there, has returned home.

The Earl Huckabee family are among our people who are taking turns with flu. Mr. Walter Sims has had the flu also.

Mr. and Mrs. W. L. Hartline and children spent the week-end near Littlefield where they visited relatives, including Grandfather Hartline who has just been dismissed from the hospital there. Mr. Hartline remained a while longer while his father is convalescing.

Norma June Ross has been sick with a cold and sore throat.

Everyone present seemed to enjoy the community party at the school house Friday night. There were fifty-six present. Mrs. Hodges had charge of the youngsters, the older people entertained themselves with dominoes. This was our first party this year. Our next is scheduled for Friday night, March 17. We

hope everyone will come.

We hope to vary the program occasionally. Come and be one of us.

Mr. and Mrs. H. B. Mankin are moved to their beautiful remodeled home on the Matador road. The house warming Monday evening was attended by perhaps sixty people. The Mankins were the recipients of many beautiful gifts for the home. Congratulations on being back on the farm again.

Center W. M. S. met Monday afternoon with Mrs. Frank Dunn, the lesson being the program for the week of prayer. There were eight women present. The next meeting will be two weeks from now, with Mrs. R. O. Green. We invite all the women to come and be with us.

Center Home Demonstration club is to meet Friday March 10, with Mrs. R. C. Ross. Come and bring a visitor.

Several of our community attend-

W. A. Cates Family Gather for Re-union

Six of the seven sons and daughters of W. A. Cates were present at a family re-union held at the Cates home, 118 West Crockett street Sunday.

The visit of a son, W. A. Cates and Mrs. Cates of Gentry, Arkansas, was the occasion for the gathering of the family at their father's home. The member of the family not here were Mrs. A. M. Fowler, of Happy, who couldn't be present on account of illness. Sons and daughters here, together with grandchildren, great grandchildren, nieces and

nephews were:

Mr. and Mrs. Buren Cates, and Mr. and Mrs. A. G. Eubanks and children, Dub, Earl and Aurie Belle, Mr. and Mrs. Oran Eubanks and son, Ronnie, all of Floydada;

Mrs. A. C. Smith of Lewisville, Texas; Mr. and Mrs. W. C. Cates of Gentry, Arkansas; Mr. and Mrs. E. O. Cates, Mr. and Mrs. Norman Scott, Mrs. Josie Heard, and Mr. and Mrs. L. L. Scott of Lockney; Lonnie Cates, Wayland college, Plainview;

Mr. and Mrs. Eddie Stinnette, Mr. and Mrs. Jack Ray of Lubbock, Mrs. O. M. Fowler, Snyder; Mr. and Mrs. Denver Ward and son Ronald, Mr. and Mrs. Billy Sherrard, Mrs. Lula Massingill and Mr. and Mrs. J. G. Igo, all of Lubbock.

SECOND SUNDAY SINGING

Sunday afternoon is the date and 2 o'clock is the hour for the singing which has marked the second Sun-

day of the month for many Floyd county singers for many years. Earl Rainer said the singing will be held at the Church of the Nazarene, as usual.

Mrs. L. D. Britton is in Fort Worth visiting with her parents, Mr. and Mrs. H. P. Bell.

Food Experts Recommend Iodized Salt

COLLEGE STATION—Many people think of iodine as a brown liquid in a mighty good disinfectant rather than an essential food. Small steady quantities of iodine are needed by the body for normal growth and development, healthy skin and hair, mental alertness, physical vigor as well as a preventive for goiter. The simplest, most practical and least expensive way to be sure that all people, especially young children, have the iodine they need is the use of iodized salt.

Louise Mason, extension foods and nutrition specialist of Texas A. M. College, points out that fruits and vegetables grown on iodine-rich soil, and some drinking water contain iodine but many people lack these sources. There are many large areas in the nation that are deficient in iodine and it must therefore be supplied by other means.

Family Health Protection—Miss Mason says the USDA, the U. S. Public Health Service, physicians, nutritionists and other groups concerned with national health are cooperating in a campaign to increase the use of iodized

salt. She urges homemakers to look for the word "iodized" on the container the next time they buy salt. This is their assurance that they are getting health protection for their families. Only one part of iodine in 10,000 parts of salt is needed for protection and this small amount does not increase the cost.

Iodine is essential for a healthy thyroid gland which in turn affects growth and general well-being of the body. Iodine hunger is the cause of much fatigue among adolescents, physicians say. The use of iodized salt in areas where goiter is prevalent has proved a most effective means of preventing the disease.

Iodine is naturally present in salt from the ocean and in many local deposits in the earth but is lost in refining. Returning iodine to salt, concludes Miss Mason, is similar to enriching flour. Here vitamins and minerals removed from the grain during the milling process are restored.

Community Choir Continues Practice On Easter Cantata

The Community choir continues into the fourth week of practice on an Easter cantata entitled, "Calvary," by Henry Wessel.

Approximately forty singers are taking part in the cantata, which will be one of the high lights of the Easter season.

Miss Ruby Bevil, musical director of the Floydada High school, is directing the cantata. Mrs. D. W. Douglas is organist.

The time and place for the cantata has not been announced.

4-H Grass Judging Team Is Selected

The 4-H club boys who have been chosen for the grass judging contest at the Amarillo Pat Stock show March 9, today, are Billy Hambricht, Gordon Hambricht, Troy Lee McCord, Bob Hambricht, Stanley Vick and two others to be selected. County Agent Bob Gibson is encouraging all boys to begin washing, trimming, grooming and putting their live stock in first class condition for the Lubbock show beginning March 20.

Those boys planning to exhibit livestock in these shows, should consult with Mr. Gibson immediately.

Procedure For Growing Long Staple Cotton

Long staple cotton acreage planted in all Texas counties, other than eleven "designated" counties, cannot be exempt from the 1950 farm acreage allotment and marketing quota until the staple length of each bale of cotton produced from such acreage is established by a Board of Cotton Examiners to be one and one-half inches or more.

Long staple cotton acreage planted in the eleven "designated" counties with uncertified seed cannot be exempt from the 1950 farm acreage allotment and marketing quota until the staple length of cotton produced from such acreage is established by a Board of Cotton Examiners to be one and one-half inches or more. County committees in the designated counties will issue permit to plant long staple seed that has been certified.

The designated counties are El Paso, Hudspeth, Culberson, Reeves, Loving, Ector, Ward, Pecos, Brewster, Presidio, and Jeff Davis.

Floyd county farmers who plan to plant long staple cotton in 1950 should understand that for such acreage and production therefrom to be exempt from the 1950 farm

acreage allotment and marketing quota, it must be established to the satisfaction of the county committee that (1) the production of long staple cotton was ginned on a roller type gin, and (2) each bale produced staples one and one-half inches or more in length.

PEOPLES HOSPITAL NOTES

Mrs. Scott Fowler, Dougherty, was dismissed March 7 after receiving medical treatment.

Dismissed March 2 was Mrs. Helena Hollins and Mr. Gerald Lackey, after receiving medical treatment.

Mrs. Roy Patton, dismissed March 6, had received medical treatment since February 28.

Mrs. Murray Stewart, Levelland, was dismissed March 4 after receiving medical treatment.

J. L. Hrabal was dismissed March 6 after undergoing major surgery.

Mrs. H. C. McKinney and daughter, Kathy Darlene, were dismissed March 6.

Stanley Goen was admitted March 3 for medical treatment.

John Henry Brock was dismissed, after receiving medical treatment, on March 5.

W. F. Ferguson was dismissed March 6 after receiving medical treatment.

Doctor W. L. Hester, Lubbock, was dismissed March 5 after receiving medical treatment.

Donald Evans, son of Mr. and Mrs. Raymond Evans was dismissed March 6, after receiving medical treatment.

Billy Dale Stringer, son of Mr. and Mrs. J. D. Stringer, was ad-

mitted March 5 for medical treatment.

Mrs. S. J. Latta was admitted March 6 for medical treatment.

Mrs. W. M. Knight was admitted March 6 for major surgery.

Tech Dean Praises Local student record

Dorothy Jeanne Battey, daughter of Mr. and Mrs. D. S. Battey, of Floydada has received high praise from Dr. Clement, registrar, of Texas Technological college, Lubbock.

In a letter from Dr. Clement, Mr. and Mrs. Battey learned that Dorothy Jeanne is listed on the college honor roll with a straight A report card, and that she is in the upper 5% of the approximately 6,000 students enrolled at Tech. Miss Battey is in the select group of 41 students to achieve this academic achievement.

Dr. Clement further states that Dorothy Jeanne reflects credit that is due the training she received in Floydada high school.

Miss Battey is a junior and an arts and sciences major.

Mr. and Mrs. James Burke and children, of El Paso, were guests last week of Mr. and Mrs. D. W. Burke as were Mr. and Mrs. Check Kelso and son, of Wichita Falls, over the week-end. The previous week-end, Mr. and Mrs. J. V. Greer and daughter, Peggy Anne, of Dumas, were guests in the Burke home.

Get the want ad habit.

Switzer Clan Held Re-Union Sunday

Mr. and Mrs. L. L. Switzer, 220 E. Georgia street, had their eight children and 17 of their 18 grandchildren present Sunday for a family reunion. The day was spent in visiting and taking pictures.

Present were Mr. and Mrs. A. L. Chambles and family of Iowa Park, Mr. and Mrs. Ray Switzer and son, of Amarillo, Mr. and Mrs. L. V. Harper, of Plainview, Mr. and Mrs. Clarence Reddy and family, Mr. and Mrs. Griggs Hulsey, Mr. and Mrs. Steve Patterson and family, Mr. and Mrs. Bill Switzer and family, Mr. and Mrs. Earl Switzer, Mr. and Mrs. J. V. Blackwell, and Mr. and Mrs. G. W. Switzer and family.

One granddaughter, Mrs. Melvin Roach, Mr. Roach, and their daughter, Linda Gayle, of Lubbock were not present.

Social Security Claims
Frequently, the Social Security administration receives claims from relatives of deceased persons who have delayed applying for benefits because they didn't know they were entitled to insurance! Since claims are retroactive only within three months of the date of making the claim, application for benefits should be made as soon as possible by the earner.

Mrs. L. H. Newell and Mrs. Julia Moss visited in the home of Mr. and Mrs. Cecil Sluder of Lubbock Sunday.

Some W. Texan May Inherit Big Estate

CHICAGO, Ill., March 9—Possible heirs but more likely brothers and sisters or nieces and nephews of Stephen A. Howard and his wife Sarah, nee Stokes, are being sought in West Texas to claim an estate of \$5,200 of which they obviously never heard.

George C. Cox, probate general, 208 S. La Salle St., Chicago, specializes in tracing missing relatives to settle estates, is directing the hunt but with few helpful leads.

"The estate was left," Mr. Cox says, "by descendants of Mr. and Mrs. Howard, who died without issue and inheritance therefore passed back through their lineage to the next of kin."

The Howard's were married in the east Texas in about 1880. There is reason to believe that

the relatives sought are now living somewhere in Texas.

"Mr. & Mrs. Howard's children or grandchildren, if any, would have first claim to the tidy estate. However, since it appears doubtful that there are any such descendants, the couple's brothers and sisters or nieces and nephews, successively, would be next in line."

Mr. Cox warned that persons believing themselves to be the heirs sought must submit proof of relationship acceptable to the court having jurisdiction over the estate.

Attend Hydramatic School at Lansing

George Allen, of the Oden Chevrolet company's service department, returned home Sunday night from Lansing, Michigan, where he spent two weeks in a factory school of the Oldsmobile division in an intensive study of the Hydra-matic drive.

"We realize that the new principle in transmitting power from the motor to the power shaft of an automobile will grow in importance in the industry as time goes on and we felt we needed a good man in our organization who could have factory training in every angle of the problems that might arise in connection with it," said Conner Oden last week-end. Oden pointed out that other men in the organization had had training in the study of the hydra-matic transmission in field schools in the southwest, including F. M. Marquis and Ted Allen, manager of Oden's service department. Expense of a long training trip to the factory is not due to be reflected in immediate profit from volume business. However, new developments call for new techniques with which the dealer organization must be in position to cope capably and with confidence, he pointed out.

Mr. and Mrs. Cecil Hart, of Amarillo, have a daughter born on Saturday, March 4, at St. Anthony's hospital, which the parents have named Suzanna. She is a grand daughter of Mr. and Mrs. Jim Hart of Floydada and Mrs. Eula Switzer of Cedar.

Mr. and Mrs. E. E. Harper and daughter, Joyce Anne, of Cleburne, spent last week-end here guests of Mr. and Mrs. B. B. Henry. Mrs. Henry is a daughter of the Harpers.

Nagasaki Soil Radioactive For Centuries

LUBBOCK, March.—The best information that American scientists have indicates that the soil around Hiroshima and Nagasaki, Japan, will be radioactive with particles from the a-bomb for about 1,700 years, Dr. J. C. Cross, Texas Tech biologist, reports.

Dr. Cross, professor and head of the Tech biology department, says that from a genetics standpoint, no conclusions about the effects of radiation can be made until the exposed Japanese have produced a number of offspring.

"Our known patterns of radiation tell us that we can expect anything insofar as heredity is concerned," he says.

"About all you can say is that the outlook is very black," he adds. He says the use of geiger counters in connection with radiation studies "might be of doubtful value" from a genetics standpoint.

Capt. James Roach Gets Flying Cross

LOCKNEY.—Captain James C. Roach, Route 2, of Lockney, who served with the United States Marine corps during World War II, has been awarded citations for the Distinguished Flying Cross with one Gold Star and the Air Medal with six Gold Stars.

Captain Roach, was decorated for his heroic achievements in the face of heavy opposition while serving as the pilot of a Marine fighter against the Japanese in the Philippines and Ryukyu islands.

THE STATE OF TEXAS
To: Nettie Huskins, Sam Ellis, Mrs. Sam Ellis, Sam Ellis Jr. and the Unknown Heirs of Nettie Huskins, the Unknown Heirs of Sam Ellis, the Unknown Heirs of Mrs. Sam Ellis, the Unknown Heirs of Sam Ellis, Jr. and their heirs and

legal representatives Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Floyd County at the Court House thereof, in Floydada, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation that is to say at or before the 27th day of March A. D. 1950, then and there to answer Plaintiff's Petition filed in said Court, on the 7th day of February A. D. 1950, in this cause, numbered 3864 on the docket of said court and styled Kenneth Bain Plaintiff vs. Nettie Huskins et al Defendants and wherein all the above mentioned parties are defendants.

A brief statement of the nature of this suit is as follows, to wit: Suit in Trespass to Try Title to recover of and from defendants fee

simple title to Lots Number 4 and 5 in Block No. 115 in the original town of Floydada in Floyd County Texas, as shown on Plat of record Vol 2F page 294 of Floyd County deed records. Plaintiff pleads that he owns title by deed from F. C. Harmon who owned by sheriff's deed on tax foreclosure judgment against Sam Ellis and his Unknown Heirs and that Sam Ellis and his Unknown Heirs owned title by ten years limitation against defendant Nettie Huskins at time of said tax foreclosure and plaintiff pleads to own title against defendant Nettie Huskins under the ten year statute of limitation. Plaintiff claims to own said land and premises with fee simple title and that defendants own no interest in same as is more fully shown by Plaintiff's Petition on file in this suit. If this citation is not served within 90 days after date of its issuance

it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office

in Floydada, Texas this the 8th day of February A. D. 1950.

Attest:
Mary L. McPherson Clerk,
District Court,
Floyd County, Texas

Here's the best and most beautiful car at lowest cost

The Styleline De Luxe 4-Door Sedan

FIRST... and Finest... at Lowest Cost!

Chevrolet is the only motor car that brings you these outstanding features at lowest prices... NEW STYLE-STAR BODIES BY FISHER • NEW TWO-TONE FISHER INTERIORS • CENTER-POINT STEERING • CURVED WINDSHIELD WITH PANORAMIC VISIBILITY • LONGEST, HEAVIEST LOW-PRICED CAR • CERTI-SAFE HYDRAULIC BRAKES with Duple rivetless linings • EXTRA-ECONOMICAL TO OWN — OPERATE — MAINTAIN.

POWERglide AUTOMATIC TRANSMISSION*

Here, for the first time in low-cost motoring, is a truly automatic drive. Chevrolet's exclusive Powerglide Automatic Transmission teamed with a new 105-h.p. Valve-in-Head Engine, that is the most powerful in its field, brings you an entirely new kind of smooth-flowing movement at all speeds, without clutch pedal, "clutch pushing" or gearshifting. All this with traditional Chevrolet economy in over-all driving.

*Combination of Powerglide Transmission and 105-h.p. engine optional on De Luxe models at extra cost.

You want maximum value in everything you buy... and the outstanding value among motor cars is the 1950 Chevrolet... as more and more people are discovering all the time.

This car and this car alone provides the trim and tailored beauty of Body by Fisher, at lowest cost! This car and this car alone offers a choice of the finest in automatic or standard drives, at lowest cost! This car and this car alone gives all the thrills and trustworthiness of Valve-in-Head Engine performance—including the most powerful engine in its field at lowest cost!

And so it goes through every phase of motor car value; for only Chevrolet offers so many features of highest-priced automobiles at the lowest prices!

Yes, here's the best and most beautiful car for your money—Chevrolet for '50—and that's why people everywhere are saying it's first and finest at lowest cost!

A. Marshall Philosophizes

Don't be jealous of your fellowman who does better, what you are trying to do. Just find out his method, improve on them, then proceed. It is very evident we are living in a fast changing world. Ten years from now we will be living under quite different conditions. It would be that 1950 could be right-ly called the good old days. It seems to me that no nation any time has been showered with blessings of every kind like our Uncle Sam enjoys at this time. Surely our creator has run our cup and the over flow is spattering other nations. Let us say sincerely, Dear Lord, we thank you.

Russia Out Maneuvers Us
Our politicians seem to be all hot and bothered all this winter, regarding the cold weather in Washington, some of them have been seen with their hands in their own pockets. Russia seems to out-general our diplomats and win every time. One of our weaknesses is to allow our enemies a free hand under our speech of a free people. Reds prey on the prejudices of our labor unions and keep them continually wanting more money. This propaganda is always swallowed hook and sinker. How long will we endure this situation before we get smart enough to stop an organization, which openly advocates overthrow of our present system of government.

I remember back a few years when deposits in our local bank first reached one million dollars. E. C. Nelson, at that time (He was a banker to me financially) gladly told me about the million on deposit, now we have over seven million, and no one thinks anything out of it. It seems everyone (except me) has plenty of money. There is going to be a depression so long bank deposits keep strong.

Collection of Information
I have quite a collection of information regarding local conditions and etc.

If you wish to rent or buy an apartment or house, or if you want to know where you can get certain merchandise or whatever you wish to do — have a party — or wishes to share expense on car trip to California.

We offer taxi service anywhere in Floydada, one or more passengers and cents. I will not accept more than this. Most everyone has offered more pay than this. If you wish to go shopping down town, or

trip to country on pavement 5 cents per mile traveled.

As a mental exercise I reduce a fact or thought to short sentences. Have a book of over 1000 of them. If I could induce the reader to think, then maybe I have done a good deed, such as:

One thing about learning the hard way, you won't forget it; Life is like a chess game; we must know the other fellows move, to plan ours; Overcharging is diplomatic hijacking;

The pullets follow closely the man who has the corn.

Mt. Blanco News

(By Mrs. J. W. McClure)
MT. BLANCO, March 6—There is quite a number of flu cases in our community at this time and the attendance at Sunday School and church was smaller Sunday.

Mrs. Delmer Fergus is ill with the flu this week.

The Dennis Taylor family all have been on the sick list.

Mr. and Mrs. J. C. Pierce and daughter, Charlotte, are on the sick list; also Mrs. R. D. Armstrong is ill with flu at this time.

Mr. and Mrs. Brice Allen and girls visited with his parents in Lockney Sunday and attended the dedication of the new First Baptist church.

Rev. Joe W. English, of Glen Rose, is conducting a Bible study of the book of acts at the Mt. Blanco church at 7:30 each night this week. Rev. English is an excellent Bible scholar and is teaching this in a most interesting way. Everyone should hear him.

Mr. and Mrs. Wayne Appling and girls were Sunday dinner guests of Mr. and Mrs. Eugene Hardin and children. Mr. and Mrs. Rudolph McCurdy and son, Larry, were afternoon visitors.

Mr. and Mrs. Lake R. Scott, of Rye, Colorado are visiting Mr. and Mrs. Dennis Taylor and children. Mr. and Mrs. Holt Bishop and Mr. and Mrs. H. M. Thomas, of Lakeview

visited Mr. and Mrs. Billy Brown in Tullia Sunday.

The E. H. Browns spent from Sunday afternoon until Tuesday visiting Mrs. Barbara Smith in Lubbock.

Mr. and Mrs. Bob Smith, of Lubbock, visited Mr. and Mrs. E. H. Brown and daughter, Allene, Saturday.

Mr. and Mrs. Walter Crawford, of Crosbyton, visited her parents, Mr. and Mrs. M. J. Mosley Sunday afternoon.

Mr. and Mrs. C. A. McClure and Mr. and Mrs. J. W. McClure and daughter, Margaret, visited Mr. and Mrs. J. H. McClure Sunday afternoon.

Mr. and Mrs. Charles Gibson are

the proud parents of a baby daughter, Charis Joe, born last Monday in the Crosbyton hospital.

Shirley Bishop spent Sunday with Allene Brown.

Mrs. Hazel Young and daughters, of Spur, visited her parents, Mr. and Mrs. C. S. Drek, Sunday.

SON HOME; ALL FORGIVEN

Long after Ben Lewis walked out of his parents' Johnson, Pa., house during a 1936 dinner table argument, his parents still hoped he'd come back. The war came and still he had not returned. They asked Selective Service to look for his name on the draft rolls. It wasn't there, according to Pathfinder news

magazine.

When searches revealed no trace, Ben's parents yielded to practicality (he had a small insurance policy about to mature) and had him declared legally dead.

Recently, a man from the finance division of the Columbia, S. C., Veterans Administration hospital called at the Lewis home. He was their long lost son, now 29. In the interval, he had changed his name to Kennedy, served five years in the war-time Army, married and fathered two children. Long ago, he had forgotten and forgiven. So, said his joyful parents, had they.

No men is really old until his mother stops worrying about him. —Anon

CAMP COPE'S SERVICE STATION

50,000 Miles - No Wear!

1. Proved by Punishing Road Test! For 70 days, six brand-new cars roared over searing highways along the Mexican border... putting sensational new Conoco Super Motor Oil to one of the cruelest tests ever devised. After 50,000 miles of continuous driving, engines showed no wear of any consequence... in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts. Original factory polishing marks were still visible on piston rings!

2. New-Car Mileage! Test engineers were astounded at the remarkable record of economy. Gasoline mileage for the last 5,000 miles of the run was as good as for the first 5,000 miles... actually there was an average difference for the fleet of only 4/100 of a mile per gallon. This punishing test... equal to 5 years' normal mileage... proved that Conoco Super Motor Oil—with proper crankcase drains and regular care—can keep your new car new.

3. New-Car Power! Quicker Starts! Yes—Conoco Super Motor Oil's extra protection keeps that factory flash... that showroom smoothness... year after year! Conoco Super Motor Oil OIL-PLATES metal surfaces to make your engine last longer, perform better, use less gasoline and oil! Conoco Super Motor Oil virtually stops wear before it starts... keeps your engine new and clean. Astounding new Conoco Super Motor Oil proved to be the great new modern wear-fighter!

Crosby Roads On March List For Contracts

CROSBYTON—At long last Road District No. 1 of Crosby county is going to get its farm-to-market roads, says the Crosbyton Review. Advertisement for bids by the Texas Highway Commission, asking for bids on 16.306 miles of pavement in this road district, appears in this week's Review. The contracts are to be awarded on Wednesday, March 15, according to the notice. It is assured that work on the projects will begin shortly after awarding of the contracts.

These roads were covered in a bond issue voted over two years ago by the road district. Due to court litigation, the building of the roads has been postponed until this spring.

Four sections of roads are covered by the advertisement. One is the two-mile stretch from Big Four school to Blanco canyon, and another runs west from Big Four to the Fairview school house.

On the East Plains two roads are to be built. One will run from Highway 82 north to Wake, while the other is a three miles stretch from

Speak At McMurry College—Fifth Annual Willson Lectures at McMurry College, Abilene, March 7-10, are Bishop J. Waskom Pickett and Dr. Bernice Milburn Moore. Bishop Pickett is episcopal head of the Delhi (India) Area of the Methodist church. Dr. Moore is consultant for the Homemaking Division, State Board for Vocational Education and the Hogg Foundation for Mental Hygiene.

The Leatherswood school location south across the highway two miles. The road district will pay 75 percent of the construction cost while the state pays 25 percent and then takes over maintenance.

New County Agent For Hale County

Ollie F. Limer last week assumed the post of Hale County agriculture agent. Limer, Farmer county agent the past 37 months, succeeded Manuel Ayres who resigned to become a member of the Wasson Machinery company at Plainview. Edd McLeRoy is Limer's assistant. McLeRoy is aiming at a broader 4-H club program, he said, and hopes to have things rolling right away.

McDaniel Garage Has 35 Years In The Same Location

The McDaniel Garage, Roy McDaniel owner and operator, has been doing business in Petersburg at the same location for 35 years.

On February 1, 1915, Ray, a much younger man than he is today became owner, manager and perhaps the only mechanic around the place.

This business has grown continually, year by year, until today it is one of the largest businesses in this community. New departments have been added from time to time until today the automobile public can get almost any kind of service they want at this place of business.

Regional Economist Spends 2 Days Here With Mrs. Morckel

Miss Elizabeth Williams, home economist for Region X of the Rural Electric Administration, was an interesting visitor in Floydada two days last week. She was on an official call with Mrs. Harry Morckel, home economist for Floyd County Rural Electric cooperative.

Miss Williams is a charming and talented person, said Mrs. Morckel. Region X, which she serves is comprised of Texas, New Mexico and Arizona.

Has Training Trip on Caribbean Sea

NEW ORLEANS—Arriving here today with a fourship destroyer division after two weeks of naval reserve training duty in the Caribbean was Bruce L. Womack, seaman apprentice, USN, son of Mr. and Mrs. E. J. Womack, Route 3, Floydada, Texas, who is a student at West Texas State college.

He is among 300 members of naval units all over the country who have had annual sea duty aboard the 2,200-ton destroyers Gainard, Compton, Dickson and Purvis during the past fortnight.

Behind them are intensive drills in submarine tracking, gunnery, seamanship and shipboard routine. A short liberty at Cienfuegos, Cuba, where the ships anchored, punctuated their heavy training schedule.

DEDUCTIBLE CLAUSE VALID

AUSTIN—The third court of civil appeals today ruled that the \$100 deductible clause in windstorm, hurricane or hail insurance is valid.

TEST DRIVE A '50 FORD — IT WILL OPEN YOUR EYES

First Service New Church Held on Sunday

First services in the new Baptist church building at Lockney were held Sunday and a large crowd present at all services of the day especially at the afternoon services starting at 2:30 p. m. More than 100 invitations were given to former members of the church and many of them were present Sunday. Former pastors of the church invited to be present and speak on the afternoon program. Rev. C. H. McCarty of Lubbock and Rev. A. L. Shaw of Happy, R. E. L. Muncy, although not former pastor of the church also present.

Basket Lunch At Noon

Members of the church spread a lunch at noon. Rev. E. J. Cobb, the local pastor, presided at the Sunday morning service and Rev. P. E. Swanner, district missionary of District 9, presided at the general convention of Texas Baptist churches at the Sunday night service.

The New Building

The new building is of pumice and brick construction and contains about 14,000 square feet of

floor space. The capacity is around 500 and is seated with opera type cushion chairs. The balcony at the rear of the auditorium will seat an additional 175 people.

The educational wing of the building is two story with Sunday School departments for all ages. The top floor of the wing has the junior, intermediate and young people departments with assembly and class rooms for each. In addition there are two adult Sunday school class rooms and the dressing room for the baptistry on the second floor.

On the lower floor of the educational wing are the departments for the cradle roll, the beginners and the primary departments. In addition there are adult Sunday school class rooms, the kitchen the church office and study and the church parlor.

A room next to the kitchen which is used for Sunday school class rooms has removable partitions making the space available for banquets and similar affairs with seating capacity of over 100 people. H. G. Verner of Meadow was contractor on the building and Brasher and Becker of Lubbock were architects.

The building committee was composed of Leslie Ferguson, Horton Howell, Edgar Hays, Harmon Handley, Mrs. Hilburn Casey, Hugh Carroll and Robin Byars.

Wheat In Storage Insurance Problem

One of the problems of local insurance agencies in the past few years has been coverage for the wheat man who wants protection of wheat in storage which may have to wait some months for distribution.

John H. Reagan spent last weekend in El Paso where he discussed such a situation with insurance special representatives and has come up with the solution, he thinks. Other local agencies will have the advantage of the same solution, where they have companies represented in their agencies that have arranged to take care of prospective customers on this basis.

Mr. Reagan was accompanied by Mrs. Reagan on the El Paso trip and they made the week-end sort of a vacation from home as well as a business jaunt.

POLITICAL ★ ★ ★ ★ COLUMNS

Wohelo Camp Fire Girls' to Sell Cakes

"Pardon me, would you like to buy a cake?" No, you haven't heard that question yet, but you will begin hearing it Saturday. And when you do, won't you consider before you reply "I don't eat cake." You will be doing the girls of Wohelo Campfire organization a great favor if you pause long enough to purchase one of these tasty cakes.

The Camp Fire organization in Floydada has conducted no fund raising campaigns, nor asked any donations, but if you think these worthy girls deserve a donation, they will be most happy to receive it.

The cakes are being sold on the court house lawn for 75c each. Sixty cents will go for their red ties and they will retain 15c in the local treasury to further their work.

Deeds Recorded

Does your BACK ACNE? do you use BEDBOARDS? is your weight above average?

You'll want to investigate the BACK SUPPORTER MATTRESS

The BACK SUPPORTER is not just another "firm" mattress

Many brands of commercial mattresses have "extra firm" models. Do not confuse these with the advantages and benefits that the special construction of the Back Supporter Mattress may afford you. The reason for this is the correct functional use of materials and construction methods in a mattress as attractive as it is beneficial to many users.

The BACK SUPPORTER may be what you need

The Back Supporter Mattress and Box Spring (built as separate units) are constructed to act together to provide proper support and relaxing comfort. The Back Supporter box spring is a level, sturdy foundation spring built as the correct base for this mattress only. The Back Supporter Mattress, with its high density construction of lightly compressed coils of extra large diameter, gives restful, healthful body adjustment. . . buoyancy without bounce. . . not just extra firm, but designed to provide positive, extra back support. And the Back Supporter is a fine looking product, too.

On ordinary "firm" mattresses, or when bedboards are used, many people complain of their arms "going to sleep" — apparently because the harsh surfaces interfere with circulation. This does not occur with a Back Supporter mattress—there is sufficient surface flexibility to give you fine sleep comfort as well as adequate back support.

BACK SUPPORTER MATTRESS \$69.50
BACK SUPPORTER FOUNDATION \$69.50

PARKER FURNITURE CO.

Fontenelle Nylons

believe it or not . . . are a saving in the "long-run"! They will always remain true in their fashion, because of the extremely thin straight seam, which lends to the trim slenderized silhouette . . . the welt being knit to add more elasticity . . . and the so important dainty picot edging. Above all, Fontenelle exclusively features the PLASTILUX FINISH. In short—they are "top" in the long-run!

How To Save on Plentiful Eggs

COLLEGE STATION, March — Right now eggs are plentiful and compared with other high protein foods, they are a good buy. The homemaker who is hunting bargains in food and has the freezing and storage facilities will be wise to take advantage of the present situation, says Lucille Shultz, associate extension foods and nutrition specialist of Texas A. & M. College.

She says eggs can be stored in the home freezer or freezer locker for six months or more and still be as good as fresh eggs. Only clean eggs should be used, she warns, for dirt from dirty shells may drop into the eggs during the breaking process and spoil the keeping quality. She says the fresh clean eggs

should be broken into a clean bowl then mixed thoroughly but do not whip in air. Fill moisture proof containers with the egg mixture and they are ready to freeze and store.

If the yolks are separated from the whites and frozen separately, she says you'll want to use corn, syrup, sugar or salt to prevent a gummy condition. For each cup of yolks, add one tablespoon of syrup or sugar or one teaspoon of salt. Mix thoroughly and use the same type of containers as recommended for the whole egg mixture. Whites frozen separately need nothing added and no mixing.

A constituent wrote Representative Gore of Tennessee to say that he'd like to be an inventor, but that he didn't want to waste time on things already invented. "Will you please go down to the patent office," his letter read, "and get me a list of the things that haven't been invented. Get me the answers by return mail, as I'm anxious to get to work." —Washington Post

REA HAS RECORD YEAR

REA borrowers increased their operations to another all-time high in 1949 according to a year-end survey by the Rural Electrification Administration of the U. S. Department of Agriculture.

The survey, based on nine months of actual operation, shows that 175,506 miles of line and 524,550 consumers were added during the year. The cumulative totals now stand at 993 systems in operation (up 41 from the 1948 figure), 934,000 miles of line energized and 3,044,000 rural consumers getting service.

REA estimates that 78.2 of the country's farms were getting central station service on June 30, 1949. A significant increase took place in the amount of power by borrowers during the year. This total rose from 4,757,051,608 kilowatt hours in 1948 to 6,506,000,000 kwh in 1949, a gain of 1,758,048 kwh. The increase indicates both that more farm families are getting service and that rural consumers find more and more uses for electricity once it becomes available to them. In many instances REA borrowers have discovered that their wholesale suppliers have exhausted their resources and are no longer able to meet the growing demand.

REA loan totals also showed increases. Loans approved reached \$1,996,000,000, an increase of \$421,075,539 over 1948. Loan funds advanced totaled \$1,143,500,000, an increase of \$326,632,013.

The cumulative total of payments to the government from borrowers was \$233,400,000, an increase of \$38,874,681. Payments in advance of due date totaled \$20,000,000, an increase of \$1,524,112. Amounts more than 30 days overdue dropped \$48,768 to \$958,768.

A three-year-old polio victim smiles proudly as she walks with her doll and a helping hand from her Red Cross nurse.

Burning Trash Can Threat to Houses

Sparks from a burning trash can Monday afternoon at 1:30 threatened fire damage to half a dozen homes on West Missouri blocks, when a garage building in the rear of the Lillie Solomon residence caught fire.

High winds blew sparks from the trash can.

The fire department, called to the scene extinguished the blaze with no damage to other buildings. The damage was estimated at \$100 by Fire Chief Carl Rodgers.

BEING A GOOD NEIGHBOR SUBJECT AT CLUB MEETING

A discussion on being a good neighbor was led by Mrs. T. J. Heard when the Homebuilders club met in February in the home of Mrs. W. A. Cates.

Papers on soil conservation were read by Mrs. E. L. Thomas and Mrs. J. P. Moss.

Refreshments were served to the members and children, Mmes. Floyd Fuqua, J. E. Horton, Raymond Williams, W. R. Daniel, O. G. Mayfield, Riley Teague, E. L. Thomas, P. P. Bertrand, D. D. Shipley, T. J. Heard, B. P. Sandefur, Raymond Evans, D. T. Mayo and Jackie Fuqua and Keith Lynn Teague.

The club will meet next, tomorrow, March 10 in the club kitchen with Mrs. John A. Lloyd as hostess.

PLEASANT VALLEY CLUB

Pleasant Valley Home Demonstration club met with Mrs. Chester Mitchell February 28. Roll call was answered with "It's a Law".

Program numbers included Mrs. Roy Wilkes who gave the part an I a good neighbor, Mrs. L. K. Sherman who gave soil conservation district law and Mrs. Dorsey who told of the function of the soil conservation district.

The following were present: Mmes. R. C. Mitchell, Harmon Handley, Clark Harris, Ralph Thayer and children, Weldon Smith, two visitors Mrs. F. U. Payne and Mrs. Bob Henry.

Improper roof and ground drainage are the chief causes for failure in farm buildings. Keep water away from the foundations and the parts of the buildings near the ground.

WHAT PRICE SKILL?

A New York socialite came into the salon of Walter Florell, madame, and announced she needed a hat at once for a cocktail party.

Walter took a couple of yards of ribbon, twisted it around, put it on her head, and said: "There is your hat, ma'am." The lady looked in the mirror and exclaimed, "It's wonderful!"

"Twenty-five dollars," said Walter. "But that's too much for a couple of yards of ribbon!" she gasped.

Florell unwound the ribbon and handed it to her, saying, "The ribbon, madam, is free."

—Erkin Johnson, NEA.

ACCIDENT PREVENTION

In Los Angeles movie houses, local police are showing one-minute flashes of current traffic accidents. Hardly have the victims reached the hospital and the wrecked cars been dragged away before the movie audiences see what happened, no gory detail spared. Such pictures are expected to have a wholesome influence upon people who lack imagination enough to foresee the consequences of violating the rules of safe driving. —New York Times Magazine

A friend who cannot in a pinch, remember a thing or two that never happened, is as bad as the one who does not know how to forget.

Hale's Department Store

The ancient automobile with the old gentleman at the wheel eased to a stop at the red light.

The light changed. The car moved forward just a fraction, then yielded the way to a pedestrian.

You know the result, of course! The character in the car behind leaned on his horn and kept squeaking it. The old gentleman peered into the rear-view mirror. Without a flicker of expression, he calmly pulled on his emergency brake. Unhurriedly he opened the door and walked back to the other car.

When he came to the driver's window, the old gentleman reached in and grasped the bunch of keys dangling from the ignition switch. With a wind-up like a big-league pitcher, he threw them over the automobiles in that jammed-up traffic.

Then, without a word, he walked back to his car and drove away. —Esquire

The control of external parasites on hogs should be a must with every Texas swine producer. Unthrifty hogs do a poor job of utilizing their feed and there is no profit in feeding parasites.

The reduction of acreages planted to cotton emphasizes the need for using practices and methods of production that will lead to greater per acre yields, lower production costs and wise use of the diverted acres.

Writing fluids, Hesperian
