District 3-A League Events Scheduled Here Saturday

District 3A of the Interscholastic league will start spring events competition this week.

The competition will start Friday March 31, at 1:30, with the literary events in both grade school and high school divisions.

In the High school division will be included: Declaration, both junior and senior boys and girls; Debate teams, boys and girls; Ready writers (one division boys and girls mixed); Short-hand; Typing; Number sense; Slide rule; and Spelling.

The grade school division will include: Declaration (boys and girls); Spelling (6th and 6th grades and 7th and 8th grades); Ready writers; Number sense; and Story telling.

Track Meet Saturday The District 3-A track meet will be held Saturday April 1, beginning at 9:30 a. m.

Three divisions from each of the nine schools represented will compete. The three divisions are grade school juniors, high school juniors and high school seniors. Officials at the meet will be made up of business men around town and they will run off the preliminaries in all events that the number of contestants make necessary.

The high school track is in pretty fair shape, according to Coach L. F. Gresham, who wishes to thank the city for the use of their maintenance and Stansell-Collins for the use of their float to get the track in condition and increase the number of lanes to nine. The only thing that would put the track in better condition would be to water it, said Mr. Gresham.

Events Scheduled Later District 3-A events scheduled for future dates include:

The one act play to be held Thursday night April 6 in the high school auditorium here.

Grade school chorus on April 11 at the high school auditorium here.

Grade school boys and girls softball at Matador May 6.

Volley ball will be held at Tulla April 15 at 9:30 in both boys and girls division.

Guesses Roll In on Population

Majority of the "voters" in the guessing contest the Hesperian has inaugurated on the population of Floydada seem to think the figures will run above 4,000, but considerable number say it will be under 4,000 up in the higher three thousands.

The Hesperian has been anxious for the figures to be above 5,000 and the management was in the notion for a while of having a fuss with our Mr. Tiny Brown, who said 4,200 would be mighty close. The judgment of the customers has toned down the paper's impatience. Possibly our good will ambassador has something. He at least went to see the folks.

Brown is still talking around, seeing the people, giving them a chance to subscribe for The Hesperian. The campaign will go on for awhile, maybe a good while. If Mr. Brown comes to see you, which he will if you give him time and he doesn't cut his figures on the census, be sure to give your guess written on paper with your name signed. Or better, mail your guess. Get above 5,000 if you can. We need a lot of moral support in our campaign for the census of Floydada to show more than 5,000. Double size picture in the paper and a dollar, and maybe even more if it has rained meantime.

Two supporters of the 5,000 or better idea are Mrs. A. C. Carthel and Gloria. They definitely are on our side. One says 5,002, the other 5,010. A lot of guesses are rolling in. You should get in on the fun.

Dollar Day Again

Another first Monday due again next week and another dollar day in Floydada along with it. Making the longer, stretchier dollar bill do its stuff by increasing traffic across the threshold of the places of business and at the same time winning friends and influencing people to trade in Floydada is the story behind Dollar day, value day or First Monday in the town.

Many shops and retail places join in the effort every month. This coming April 3 seems to be the first Monday in which more than the usual number are joining. Most of these have a story they are telling in this issue of The Hesperian that they bank on making more people come to see them. These merchants are doing their utmost to make their offers tempting enough to make you want to visit them on this special day.

Western Winds Lash Area In Brief Periods

Despite the carryings on of the able young men who dash about and report matters of moment for the daily newspapers, there are hundreds of Floyd county farms where the wheat is well set and only awaits a good rain to green out and make the farm operator happy.

Winds of the past week have lashed the high plains, made the housewife unhappy, blown culverts full of dirt and sand, and on scores of farms where the land was in the wrong state of preparation at the moment, have blown the top soil badly. These limited areas have made the whole situation look bad. Sunday the winds punished the area in a manner that was reminiscent of the mid-thirties. Wednesday was a pretty, calm day.

Daily newspapers are quoting agents of the Department of Agriculture as saying that 50 per cent to 70 per cent of the wheat has been ruined by the winds and the greenbugs. The Hesperian was unable to contact the county agent of Floyd county late yesterday in this connection. The newspaper's own estimate is that the situation, taking the country over, is not as bad as the picture is painted.

Thousands of acres of wheat are being plowed up, true, but more thousands are being let to lie fallow with reasonably good under-season and a root system to make a crop should April rains materialize.

But No Rain In Sight However, there was no rain in sight, so far as the weatherman would say, this mid-week. "Always there's a rain 'in April,'" goes the high plains old saying and usually it occurs within the first five days of the month. The forecast doesn't show anything of the sort in sight and the moon changes are not particularly favorable.

Range of temperatures in the week have been reasonably favorable. A high of 86 degrees, regular summer weather, Saturday was registered, but other days have seen less torrid temperatures. Yesterday for the first time in a week or so the thermometer registered below 32 degrees. For nearly an hour Wednesday morning, says Roy Leslie, of West Texas Gas company, there was a period when the thermometer dropped to 30 degrees. This for the first time since March 21.

Saturday Vote For Trustees

School patrons of Floydada Independent School district will name seven trustees for their district Saturday next and patrons in two county precincts will name county board members.

In addition the people of the county will name a trustee-at-large for the county board and there will be local elections in 11 common school districts. Of these latter Lockney Rural High school district will vote on three trustees to succeed Leslie Ferguson, O. H. Huckabee and Robert Smith. Other districts to vote on one or more trustees are Fairview, South Plains, Sand Hill, Lakeview, Lone Star, Cedar Hill, Dougherty, Baker, Providence and Campbell.

In precinct One Tom McLain is a hold-over member of the county board and in precinct Two Ben Quebe is the hold-over. Precinct Three will choose a successor to Bill Beady and Precinct Four will choose a successor to Earl Edwards. For county-at-large trustee the term of R. M. Baitty expires.

In Floydada the election Saturday will be held in the American Legion hall. Mrs. Leona Bell, Mrs. C. K. Arnold and Mrs. Ruth Green have been named to conduct this election.

Blanchard to Talk At Old Floks Meet

Principal speaker for the meeting of the Old Peoples Organization of Floydada on April 2 will be H. J. Blanchard, Lockney, candidate for State Representative District 120. The meeting will begin at 2:30 in the county court room in the new building east of the court house. Everyone has an invitation to attend, according to Frank Campbell, secretary of the organization.

Otho Dent, county judge of Lamb county is expected to attend the meeting as is a large crowd from Lockney as well as numerous Floydada old people.

RICHES IF RAIN FALLS BY FRIDAY

The matter of when it is going to rain has assumed big proportions in the minds of the people of the area. The young men about town and countryside have even gotten to talking about it. And when you go to talking somebody says it can't be, you say yes it can be. And one thing brings on another. Result: One young Floydada man is betting it will rain by Friday night. He is quite sure. He'll put up a dollar. Other young men, amazed his friend wouldn't know better, says he'll even give odds. So odds it is, six to one it won't rain by Friday night. How much money was put up, who'll guarantee payment is another matter.

But it must rain by Friday night or there'll be a dollar lost by a working youngster who sure doesn't want to be out the money. Just suppose it does rain! Well, besides the rain he'll have six simoleans—as soon as he can collect.

Wester Report Goal Reached by Red Cross

Edward Wester county fund drive chairman for the American Red Cross, reported this week that the goal of \$2,200 of the spring 1950 Red Cross campaign had been reached last mid-week, although he is unable to get all final figures at hand and cannot give a report by communities at this time.

Wester promises such a report next week, however, and says that some of the local or other communities may not have covered their territories completely and will want another day or so to do their work.

There is no report at all from one or two communities and apparently one or two are incomplete.

To keep the drive from lagging further Wester said his report would be made at an early date. Figures for all communities in the county will be given out, including Floydada and Lockney.

Stephens Funeral Rites At Clovis, N. M., on Thursday

J. E. Stephens, father of Mrs. Fay Maxey, a pioneer merchant of Floydada, died early Wednesday morning of last week at his home in Clovis, New Mexico, following a heart attack. Funeral services were conducted Thursday afternoon in the Steed funeral home in Clovis, with Claude A. Lorts, minister of the Central Church of Christ, Clovis, officiating.

Mr. Stephens was married in 1906. Mrs. Stephens preceded her husband in death in 1938 and is buried in Clovis. He was married in 1940 to Sony Youngblood, the surviving widow.

Stephens operated a business establishment here back in the early days under the name of Stephens store. He sold the store in 1928 and lived here and in Midland several years before moving his home to Clovis in 1933.

Survivors other than the widow and daughter are a sister, Mrs. J. P. Harden, of Clovis, and three grandchildren, Mary, Ruth and Linda Maxey.

Attending the rites from Floydada were Mr. and Mrs. Maxey and family, Mr. and Mrs. V. H. Boteler and daughter, Betty, and Mr. and Mrs. J. C. Wester.

Hagood's Dumas Store Has Opening

Cecil Hagood, of Hagoods Department store said this week that their new store opened at Dumas last week had an encouraging reception from the people of that area, really better than anticipated.

Mac Colvard is the manager of the Dumas store for Hagoods.

ANNOUNCING FOR JUDGE Frank L. Moore, pioneer Floyd county resident and former assessor and collector of taxes, said this week he will be a candidate for county judge of the county.

Mr. Moore's formal statement of his candidacy will be made at a later date.

Grain Sorghum Support Price Urged by Mahon

Congressman George Mahon reported to the Hesperian this week that his mail from the District indicated concern over the failure of the Commodity Credit Corporation to announce a loan support for the 1950 grain sorghum crop. Over a period of months Mahon has urged such support, indicating his belief that a support program would be announced.

In his report this week, which was also sent to the office of the county agent and the County FMA office, Mahon stated that no one could guarantee that a support program for grain sorghum would be provided but that every indication pointed in that direction. The support program on grain sorghum last year was announced on March 14. In conferring with officials in Washington, Mahon has insisted that it is important that a support program be announced as soon as possible and at a level not below last year.

On March 23 the House of Representatives passed a measure strengthening the Commodity Credit corporation and increasing the capital stock. Favorable action by the senate is anticipated. Mahon said that indications are that after this measure has become the law an early determination on the grain sorghum support program will be made. He is hoping for favorable action.

Lively Bidding For Fat Stock at Junior Show

Youngsters who vied for honors yesterday in the Junior Live Stock show had better financial support for their efforts when the auction sale started in the afternoon at 3 o'clock than they have had in a number of years. There was lively bidding throughout for cattle, swine and sheep.

Troy McNeill, who showed the grand champion steer in the show sold his animal at a figure above \$500. The First National bank was successful bidder for this choice young animal.

Hogs and sheep also sold well and the junior farmers apparently were well pleased with the results.

It was a busy day at the stock show. Robt. H. Crowell, general manager, E. L. Angus, general superintendent, and their helpers were well pleased, also, with the excellence of the animals shown and the showmanship of the youths who exhibited them.

Members of the official show family were guests of the Chamber of Commerce Manager Crowell at the noon-day luncheon of the Floydada Rotary club, as was Garland Smith, reporter for the Amarillo Daily News who covered the event for his newspaper.

A complete report on the show, with names of winners, the sales and the buyers will be given in The Hesperian next week.

Garrett Named Jaycee Leader

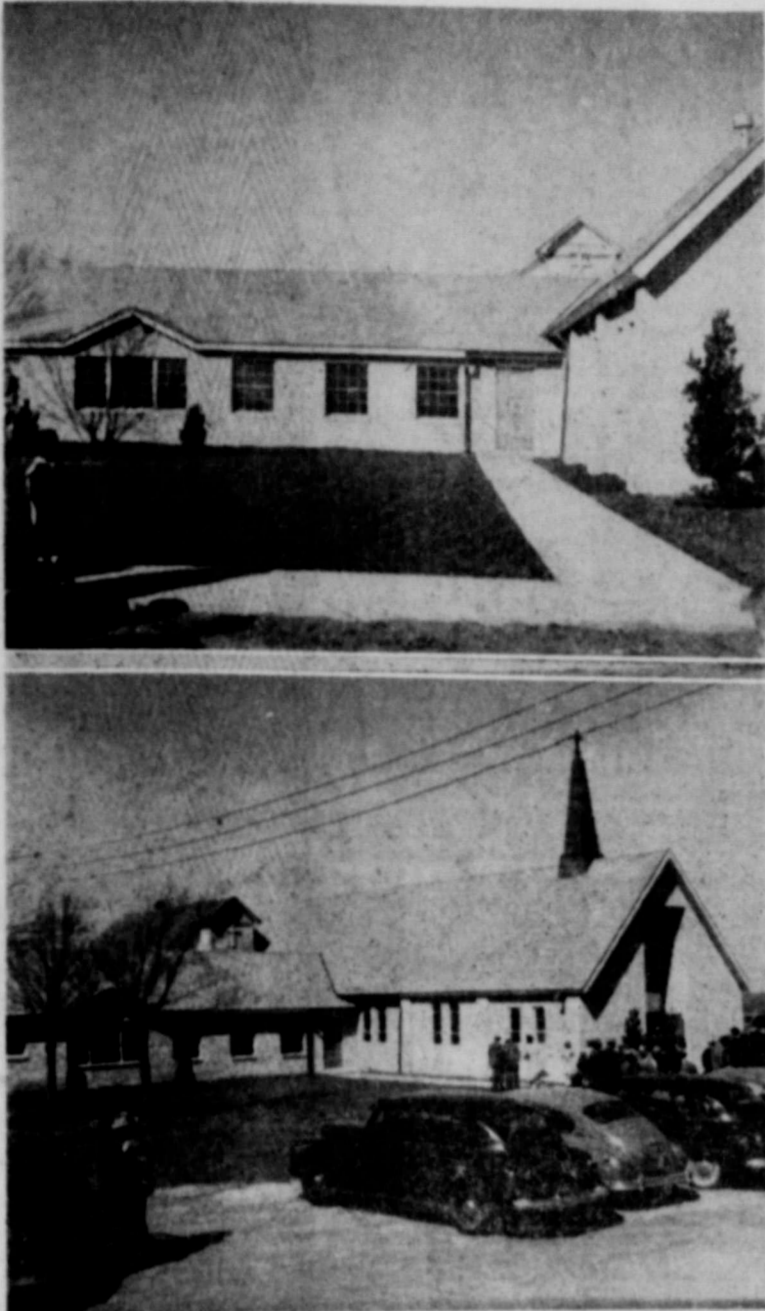

W. E. Garrett was elected to succeed Dr. John W. Kimble as president of Floydada Junior Chamber of Commerce in the annual meeting on Tuesday night, and along with other new and hold-over officials will be installed in a ceremony to be held the evening of April 11.

Chosen with Garrett to head the local young men's business and civic organization were, first vice-president, Parnell Powell, and for second vice-president, O. M. Watson, Jr.

Glenn Amburn will succeed O. M. Watson, Jr. as secretary and W. H. Tunnar will be treasurer succeeding the newly chosen president. Enoch T. Jones will be parliamentarian.

The list of directors includes for new members, L. P. Gresham, J. M. Wilson, Jr., B. B. Henry, James H. Word and A. H. Rainer. Hold-over members of the board are Dr. James Wester, H. O. Newberry, and Guy Ginn.

The April ceremonies will be held at the B & M cafe in a dinner meeting.

HAPPY OCCASION. — Was that program on the last Sunday in February when the new Lutheran church at Providence was received and dedicated. Above are scenes of this happy north-west Floyd county occasion. In dollars and cents the new church and the auxiliary buildings represent a heavy outlay by the members. In the first scene is the elementary department and kitchen, the old church edifice seen in the far background. In the second picture the whole church layout is shown with the principal auditorium in the foreground.

Ceremony To Mark Presentation of Eagle Scout Rank Friday Night

The Eagle Scout rank will be presented to David R. Willson, son of Mr. and Mrs. J. M. Willson of Floydada in a special ceremony at the Methodist church Friday night at 7:30. Presentation of this highest rank in scouting will climax five active years in the program for the Floydada High School senior.

David participated in the World Jamboree in France in 1947. He was one of the two scouts attending that activity from the 20 county South Plains council. Willson will also take part in the national jamboree in June of this year in Valley Forge, Pennsylvania.

In attaining the Eagle Scout Rank, David met rigid requirements, included earning of 21 merit badges. He also demonstrated leadership abilities in his school and church activities. Willson was a member of the Floydada football squad for three years, and was named "Best All-Around Boy" in the senior class this year.

Aunt of Mrs. Smith Heart Attack Victim

Mrs. Lon V. Smith and Mrs. Ralph C. Johnston Wednesday of last week attended the funeral rites of Mrs. A. B. Edwards, 80, at Henrietta.

Mrs. Edwards, an aunt of Mrs. Smith, died in a Wichita Falls hospital of a heart attack after a week of illness. She was a member of a prominent Clay county ranch family. Her husband was a pioneer West Texas physician before he retired to enter the cattle business.

Survivors include her husband, two sons, a daughter and two grandchildren. The funeral was held at the First Baptist church in Henrietta with Rev. J. N. Hunt of San Antonio officiating. Mrs. Edwards was a native of South Carolina but had lived in Texas since her early childhood.

Enumerators Form for Jump Saturday

Enumerators for Floyd county named last week, began an advance study Tuesday and are to get it on today for their jump Saturday morning bright and when they will begin calling on the grown-ups and youngsters of grown-ups and youngsters well as the number of acres in wheat, et cetera. Uncle Sam will have information on what has happened during that world-wide period since 1940.

Uncle Sam needs all the information he can get, he says, and wants to keep us happy while we wait the information that will come. There is no reason to dread that the confidence we impute to the enumerators will be in any manner whatsoever. declared Ralph C. Johnston, leader. Johnston has assembled alert crew and he anticipates that they are going to get a high done. The 11 persons were from a top list of approximately numbering some 100 persons.

School Held At Ralls county enumerators are to advance study of their jobs along with Crosby enumerators at Ralls. They are in Floydada early in the morning and taking off for the county city to bone up on problems as they are likely to face when they get around to the people, getting the ages of all the juniors and whatnot.

The enumerator is being instructed to call on every place where a living, make a record of every body he may find, ask questions about the places they live in, crops and live stock.

The enumerator ordinarily will spend a day but his is usually a 9 to 5 job. Many have to see what work they are doing during the day. He will visit them in the evenings the week-ends.

to meet people, how to inquire, how to ask questions, how to make entries, how to use the area map he will use, are the things the enumerators are studying this week. The enumerator takes an oath that he will reveal any of the information.

Success of the Seventeenth federal census in Floyd county rests on these people that have been named to carry on the enumeration. said Crew Leader Ralph Johnston this week. "We hope for the most complete cooperation of the people with them."

are the enumerators who will be in Floyd county in the Seventeenth federal nose-counting job, whom you are asked to cooperate in every particular possible: Floydada: Mrs. Kathryn Dandridge, Mrs. Ava Lee Pultz, and Willie G. Fry; Lockney: Mrs. Jesse D. Lockney, Mrs. Polly S. Gilbert; Precinct No. One: Paul Smith and Wm. T. Culppe;

Precinct No. Two: Malcolm Smith and Mrs. Wilma Mathis; Precinct No. Three: Jack Russell; Precinct No. Four: Samuel Johnson.

Waco Carrying Torch

March, of Waco, the state's candidate for governor, is carrying the torch Saturday seeing and urging his candidacy for the highest honor.

War-old native Texan, March carried the torch at Baylor university when not a candidate and attorney, and incidentally a participant in the Okinawa operation in World War II.

is carrying the torch for the state in government. He says that things which the state and government are presumably interested in by the taxpayers and should be represented by them through their federal governments. Outlook for a good many men who work with their hands at skilled and unskilled trades are bright this spring in Floydada. Improvement of the First Christian church property, completion of the First Baptist church parsonage, work on the court house, and work on the new construction planned for early spring for the school system should take up much slack even should dry weather be prolonged. These public and semi-public jobs in addition to continued private building under way or planned should and will keep a good many men busy, in addition to payrolls that will be provided by highway construction and the building of private drives and roadways.

**Weighty Subject.** Normal people do not know there are men folks in this world who can't wear their hats on straight. They'll start out, by looking in the glass, and have a hat on "straight." But down the street they begin to feel like something is wrong. So they twitch the lid to a cockeyed angle to straighten it although they know it was straight a minute ago. Neighbors wonder why this one-tenth of one per center wears his hat that way. It's because he can't help it! Also he turns left when you say right because he has a "left" complex in his mind, despite the fact he may be as right-handed as he is left-handed. This is a weighty subject.

Building of the hard-surfaced highway from Aiken northward to Providence and thence west is going to afford the capping stone or climax for many a resident of that area who has prospered through the war years with high production and good prices. A considerable bit of reserve funds is going to be put into hard-surfacing on private drive-ways and roads, which will modernize these homes. With telephone service, gas, electric lights, electric power and every modern home need the country residents are going to be town people with the added happiness of country life. Nearly ideal, or quite, to make the dream homes come true to the last minute detail. It is a bright and happy outlook for the people of that area, as it has been and will be for other areas throughout this county and section. Confidence in the road builders who have the contract for the newest hard-surfacing project will add volume to the total of work that will be undertaken. Cooper & Woodruff seem to have hit it off just right with Floyd county people. The old saying is that when men of good will meet there is bound to be good come from their meeting.

**Our Guarantee.**—The Hesperian is going to great length these days to get smart young women to work here. Our latest revision of the guarantee is that a young woman of

personable appearance, a neat and nice sort of person, with reasonable intelligence and some common sense as to men-folks, will have a proposal of marriage within six months after beginning work here, and that positively she will be a married woman within two years. Of course if the young woman turns out to be a sort of a silly heifer she's not going to get a man even if she worked for the United States mint and had a pension assured for the rest of her life: Otherwise, we guarantee everything, including happy marriage and a bouquet of roses if she marries when and where we have knowledge. Of course, if she runs off to Clovis and marries in another state we wouldn't know about that. The Hesperian does not foster marriages where mamma isn't present and nearly cries a wee bit.

Red buds are in full blossom in many parts of the west along the highways at culverts where accumulations of moisture give them a chance to thrive. A red bud early in the spring, set against the background of brown and tan of the March countryside, gives an up lift that is refreshing. Since red buds thrive with a bit of attention and are most lovely to view, and more often than not make it through the variable early spring weather of West Texas, you wonder why they are not more popular as ornamental trees throughout the plains country, in cities and towns. The highway department may have something as a sort of a demonstration lesson for the people generally.

House building is and has been the rage all over for the past few years and the rage has not quieted down. With building materials difficult to come by people just naturally hanker to build. What you can't have, except dearly, you dearly hanker to have. Isn't that true? Many new ideas have been developed to make homes outstandingly pretty. Some of these ideas come a cropper and some work out mighty good. Noticeably, however, when you start a house and its final layout and the surrounding landscape begin to become apparent, the neighbors begin to drop in and tell you what they would have done and how much prettier it would have been had you done so and so. Advice is heaped up until your cup runneth over. One couple in a hill country community, according to the newspapers, listened to so much criticism of their plan that they finally hung out a sign for the critics to read as they came in: "We don't like yours either."

After all, our board and clothes are all we get for our work. Wife claims she doesn't even get the clothes. —L. A. Marshall

### Lockney Pioneer Claimed by Death

LOCKNEY, March 24—Another Lockney pioneer was claimed by death this week when Mrs. Ella King, who has made her home in Plainview for several years, passed away. She died at her home Friday morning following an extended illness of six years.

Funeral services were held in the Lockney Baptist church Saturday afternoon at 3 o'clock, conducted by Rev. E. J. Cobb, local pastor. Interment was in the Lockney cemetery. Mrs. King had been a member of the Lockney church for 42 years.

Survivors include four children, Harley, Maurice, and Alton King, all of Plainview, and Mrs. Avis Reesover, of Lubbock. Two brothers, Joe Landrum, of Tucumcari, New Mexico, and Reginald Landrum, of Lockney, also survive as do three sisters, Misses Jessie and Annie Landrum, of Plainview, and Mrs. Mamie Goode of Tucumcari. She is also survived by eight grandchildren and a host of nieces and nephews. One daughter preceded her in death.

Women are not eligible for Rhodes Scholarships.

### Milking Facilities For All Exhibitors at P - P Dairy Show

PLAINVIEW, March — The nation's third largest dairy show has once again moved into the front of the show world with the installation of milking facilities for all of its exhibitors.

The stalls at the Panhandle - Plains Dairy show have been provided with vacuum pipes and stall cocks. It is believed that these are the only show facilities in the nation so equipped.

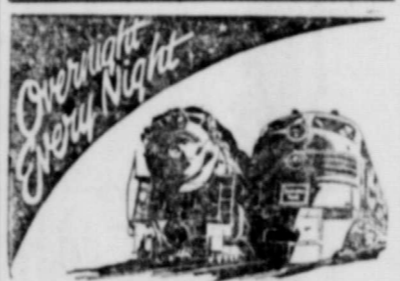

The Panhandle-Plains Dairy show will be held April 10 - 14. A record number of exhibitors from Texas, New Mexico, and Oklahoma are expected for this year's advent.

**SHERMAN MAN CRASH VICTIM**  
SHERMAN, March — Russell Ray Summers, 23, of Whiteright, was killed March 17 when his car hit a bridge, overturned and burned five miles east of Sherman. His body was badly burned.

Summers was the son of Mr. and Mrs. R. R. Summers, of Whiteright. Mrs. W. A. Shaw, Floydada, is a second cousin of the crash victim.

Mr. and Mrs. Eddie Wayne Conner, of Canyon, were recent guests of Mr. Conner's parents, Mr. and Mrs. F. O. Conner.

Mr. J. J. DeBusk of Springdale, Arkansas, visited in the home of Mr. and Mrs. L. H. Dorrell this week.

## High School Girls Model New Styles for Starkey H. D. Club

Highlight of the meeting of the Starkey Home Demonstration club on Tuesday of last week was a style show by a group of high school girls. The girls modeled skirts and blouses they had made. Mrs. W. W. Blair was hostess to the meeting during which Leila Petty gave a demonstration on styles. Instead of answered roll call, each member introduced her guest.

The guests were Mmes. W. R. Daniel, J. S. Hale, Jr., R. R. Ferguson, Robert Smith, Claud Payne, J. M. Pierce, O. L. Lowrance, M. A. Woods, Drue Cumbie, Vivian Keeling Mrs. Lock and Misses Billie Clark, Nita Jo Day, Leone Williams, Mary Plumlee, Virginia Morris, Jean Porter, Betty Stewart and Peggy Back. Members present were Mrs. C. D. Perry, a new member and Mmes. J. T. Myrtle, Jr., S. L. Holmes, G. H. Day, N. S. Abbott, Wm. Culppepper, T. R. Assiter, F. F. Stephens, Annie Assiter, W. A. Blair, W. F. Ferguson, W. L. Davis, J. W. Day, Jr., Paul Sparkman, John R. Shipley, Wilson Edwards, Tom Porter, E. M. Jackson, Wanda O'Neal, L. A. Pate, Leon Ferguson, Elmer Cooper, Miss Petty and the hostess.

The next meeting will be with Mrs. Elmer Cooper on April 7. The roll call will be on sewing tips. The club's entertainment was well attended and everyone seemed to enjoy playing croquet and "42".

Thomas A. Edison was dismissed from a job as a young man for sleeping while on duty.

## 1950 Study Club Style Show Seen by Many

Numerous nationally known brands of ladies and children's wear were shown by local models at the style show Monday night in the high school auditorium. The show was the first fund raising activity sponsored by the newly organized 1950 Study club.

The club president, Mrs. Lane Decker, opened the program for the evening with a welcome to the audience followed by the introduction of the master of ceremonies, Bill Brown.

Children's wear from Hale's Department store was modeled by Vicki Wester, Bill Henry, Jennifer Kay Henry, Mary Kay Asher, George Farris, Jim Tye, Grace Ann Potts, Jill Matsler and Kim Kimble.

Carolyn Kiker rendered two special numbers on the xylophone.

New spring fashions in sport clothes, dresses, suits and evening wear from Miladise Specialty shoppe were modeled by Mmes. Baird Bishop, Calvin Steen, Jack Stansell, Gene Collins, Fred Cardinal, Hollis McLain and Misses Mary Hennessee, Jo and Grace Muncy and Katie Collier. The most "dignified" models of the evening were James Word and Jake Watson, who created the comedy for the show.

A realistic Mexican hat dance was given by Billee Chowning and James Wester. The grand finale of the program came with Marjory Kattner singing "Easter Parade" and the models assembling on the stage. Dorothy Bishop furnished music throughout the show.

## Miss Anne Swepton Chosen as President of 1934 Study Club

Miss Anne Swepton was elected president of the 1934 Study club Tuesday night of last week to fill the un-expired term of Mrs. J. D. Cleveland, who has moved to Lamesa. Mrs. L. F. Gresham was elected first vice-president and Mrs. H. C. Barber second vice-president. The club met at the high school.

The high school one-act play, "Mr. Lincoln's Whiskers," coached by Mrs. L. F. Graves was given.

The cast was composed of James Cooper, a pompous would-be politician during the days of Abraham Lincoln, played by Dale Roberts; Martha Cooper, his wife, played by Molly French; Pippa Cooper, their daughter, a lovable, spiteful six year old girl nearly seven, played by Billee Newberry; Ella, the Cooper's negro cook, played by Barbara Hart; and Mr. Hogan, the boss of the local political machine, played by Ray Cook.

The High School Girl chorus, coached by Miss Ruby Lee Beville, sang for the group following the play, doing "To Me Oh Lord, Turn My Face," "The Trout," by Schubert, "A Faithful Shepherd is My Lord." The girl's sextette sang "Sing to the Lord." The group was dressed in their new green robes with white collars for the first time.

Following the entertainment the group was served in the dining room of the home economics room. Miss Betty Johnson presided at the bowl and the guests served themselves to cookies and green and white napkins. The table was covered with a very pretty lace cloth.

Present were Mesdames Fred Cardinal, Ralph Cogdell, Robt. H. Crowell, D. W. Douglas, Robt. H. Gibson, L. T. Graves, J. S. Hale, Jr., John Hoffman, Enos Jones, Jack Laekey, J. P. Moss, Carl Muench, Virgil Shaw, John Stapleton, James Williamson, Jr., Misses Anne Swepton, Leila Petty and the hostess, Miss Beville. Mrs. J. R. Herbst and Mrs. Glee Thomas were guests of the club. Mrs. Raymond Evans will be hostess to the club on Tuesday evening, April 4, at 7:15.

## Mrs. Thurmon Hostess For Sunnyside Club

The Sunnyside Home demonstration club met March 17, in the home of Sam Thurman with Mrs. Thurman and Mrs. W. H. Hilton as hostesses. Roll call was answered with garden hints.

After the business session Mrs. John McKinney, Jr., gave three lovely poems on gardens, flowers and trees, which were very appropriate. Mrs. D. W. Burke gave shrubs for year around color. Mrs. Gene Aylesworth a guest, gave a number of hints on planting shrubs and plants. She also gave a demonstration on festive table decoration.

In keeping with the St. Patrick's day motif, she used a large white Shamrock for center. In each of the three parts of the Shamrock she stuck a white taper. Around the edge she stuck white gladiola blooms supported on toothpicks, wrapped in green. The effect was very pretty. After this demonstration, she made two corsages for the hostesses. Friday was guest day and Mrs. Gene Aylesworth, Mrs. S. L. Holmes, sr., Mrs. L. L. Jones, Mrs. O. M. Watson, Alice Latta, Mrs. W. E. Crimes, Mrs. C. B. Carmack Mrs. J. M. Harrison, Mrs. Robert Garrett and Mrs. Herschel Green were guests. Members were Mmes. John Hopper, D. W. Burke, Will Snell, J. J. McKinney, Jr., W. A. Lovell, O. L. Lowrance, S. J. Latta, Claud Price, W. C. Sims, Ollie Meek, J. J. McKinney, sr., W. O. Tye and the hostesses.

Nice refreshment plates were served, carrying out the St. Patrick colors. The next meeting will be April 7, in the county kitchen.

## Food Brokers Woo Housewife; Cite 50 Years' Top Ten Advances

Jewell Lain's armload represents food brokers' selection of the greatest grocery advances of the first half of the 20th century.

ATLANTIC CITY, N. J.—May-be the housewives of the nation won't agree, but the mere men who set the pace in the food-brokerage business have picked the "top ten" advances in grocery products and services over the past half-century.

However, they don't expect many women to disagree with the nominations, because at least half of the goods and services named were included because they represent savings in time and labor for the homemaker. Here's the "top ten" named at a convention here:

- 1. Frozen foods, sharply reducing meal-preparation time; 2. ready-mixes, spectacular shortcuts

to perfect pastries; 3. such laundry products as detergents, improved soaps, the new Perma Starch which stays in clothes through eight to 15 washings, and ready-to-use bluing; 4. vitamin-enriched flours with fine textures; 5. improved containers and processing for foods such as meats and juices, previously unpackageable.

- 6. Dehydrated foods, saving hours of preparation; 7. pre-packaged foods, especially meats and poultry, reducing shopping time; 8. freshness-control methods, especially with regard to eggs; 9. high-speed transportation, making fresh foods of all sections available in all seasons; 10. improved and more versatile shortenings.

## SIXTIETH ANNIVERSARY

Two Motley county pioneers, Mr. and Mrs. W. T. Patton of Matador, Saturday observed their 60th wedding anniversary at the home of their son and daughter-in-law, Mr. and Mrs. Marvin Patton, 1515 Main street, Matador. In addition to the family, over a hundred guests attended the reception between 2 and 6 p. m.

## Cenozoic Along Alaskan Route

In nature writings reminiscent of descriptions by early geographic explorers of America, plant explorer Ivan S. Correll, of the U. S. Department of Agriculture, after his trip along the Alaskan Highway—tells of the "scarcely surpassed" surroundings—scarcely surpassed anywhere in North America.

Correll's observations, incidental to his duties with the military forces, provided him with material for his book, "Plants of the Alaskan Highway," written 340 years ago when the first looked upon the Chesapeake Bay community.

In an article to be published in the March issue of the American Journal, Correll wrote this: "I had been told that the botanical names of all plants mentioned in the book were to be included."

Eventually arriving at the base of a forest-clad mountain at "Mile 10" above Fort Nelson, B. C. (one of many still officially unnamed mountains of the region), I climbed to near its summit and began the descent of the slope directly above the hot springs. Large vines of the grapevine climbed on shrubs in the wooded areas in the spruce forest and long slender rhizomes of running clubmoss and ground-lice threaded the mossy floor. Several crystal-clear streams cascaded through the open forestland and disappeared over the rampart to the slopes below. The banks and waters of these streams were verdant with

numerous familiar and unfamiliar plants. The porous rocks and mineral-encrusted algae and vegetable debris lying in the stream beds were riddled with larvae, of what species I do not know. Descending the gently sloping plateau on which I found myself, I came out rather abruptly on its edge. Spread before me were numerous water-sculptured terraces of all sizes, shapes, and color. Each terrace formed a pool of varicolored lukewarm water, which flowed gently over the knife-edged rims. Large lacy plants of the Virginia rattlesnake fern and towering specimens of the northern rein-orchid (Note to editors—Fern is correct) grew in moist pockets among the porous rocks. Just below these terraced pools was a large deep pond of almost too hot water, while nearby another pool was fed by two large springs—one exceedingly hot, the other cold—which converged just above the pool to give water which was just the right temperature for bathing.

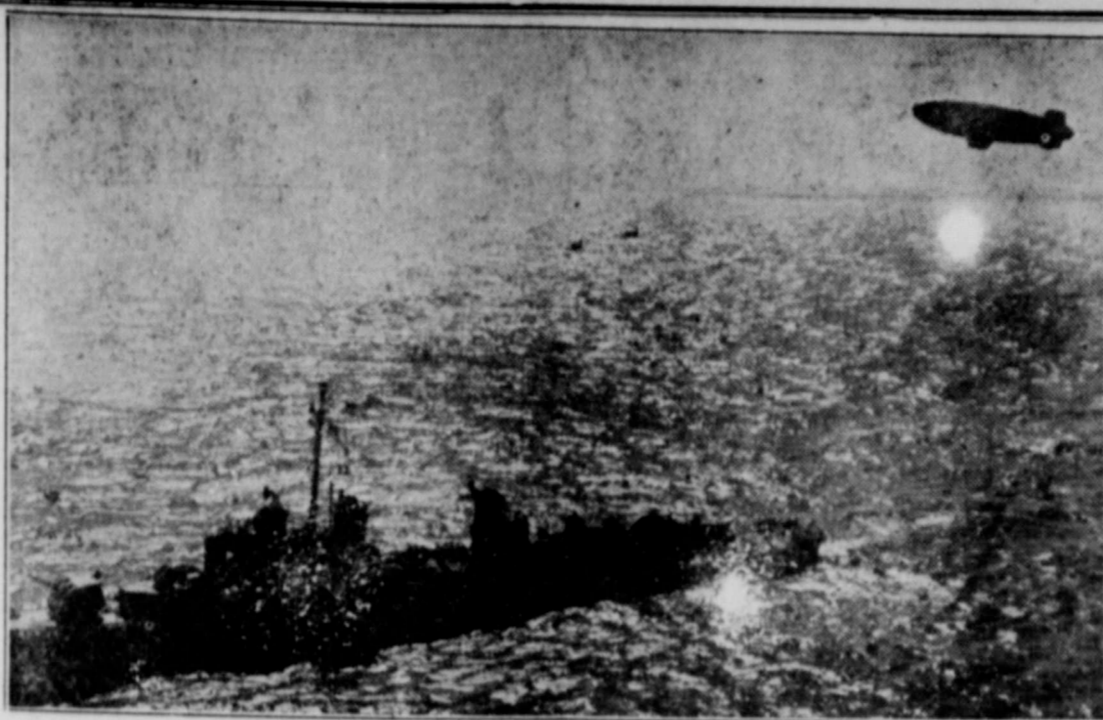

## Many Attend Last Rites Friday For Mrs. Fred Lloyd

Last rites for Mrs. Fred Lloyd, nee Frances Ruth Garrett, were conducted Friday afternoon at 3 o'clock in the First Baptist church. Rev. R. H. Falwell, Plainview, officiated. Interment was in Floydada cemetery under the direction of Harmon Funeral home. Mrs. Lloyd died Wednesday night following a short illness.

A graduate of Floydada High school, Mrs. Lloyd also attended Texas Tech college in Lubbock and Baylor university. At the time of her death, she was a fourth grade teacher in Andrews Ward school. Prior to that time, she taught in the commercial department at high school. She was married in September, 1947.

Survivors include the husband and daughter, Kitty Frances, her parents, Mr. and Mrs. R. A. Garrett and two sisters, Roberta and Edith, and her grandmother, Mrs. Frances Montague.

Funeral services were held at 10 o'clock, Monday, at the home of Mrs. H. L. McKinstry of Houston, Texas. Survivors include Mrs. Vincent Smith, Mr. and Mrs. Marvin Montague, Plainview; Mr. and Mrs. D. ## MORE "FARMS" YET FEWER FARMS

Rural homes that are not on real farms have been increasing rapidly in the United States in the last quarter century, says U. S. Department of Agriculture. In a new publication on Changes in American Farming, Sherman Johnson, assistant chief of the Bureau of Agricultural Economics, reviews this situation. He points out that from 1920 to 1945 there was a 106 percent increase in the number of "farms" of less than 10 acres listed by the census. "Farms of that size," he comments, "are mostly part time units, rural homes, and retirement units. Very few are considered as actual farms in the localities where they are found." The census lists them as farms because they have 3 acres or more or because they have products valued at \$250 or more. Also the number of farms in the 10 to 19 acre group increased slightly in the quarter century.

In contrast, the quarter century shows a sharp decrease of 23 percent in what the Bureau of Agricultural Economics classes as "small farms"—those with from 20 to 99 acres. There was also a 14 percent decrease in the size group of 100 to 259 acre farms. The 260 to 500 acre size farms about held their own in numbers. Two groupings that include farms of 500 acres and more, the quarter century showed an increase in numbers.

In spite of the large increase in the number of very small or nominal farms the total of farms in the United States has decreased from 6,448,000 in 1920 to 5,859,000 in 1945, according to the census count. The trend is toward fewer and larger "farming units." This change was made possible, Johnson says, "by technological changes, especially by adoption of mechanical power and complementary equipment."

## CHILLING WITH STEAM

Use of live steam to cool fresh vegetables seems a paradox, but the method is based on well known physical laws ingeniously applied. This method of cooling has been used

cool vegetables even after they have been packed in plastic bags.

For cooling, the vegetables—packed in bulk containers—are placed in an air-tight metal chamber and the loading opening is sealed. Then a high pressure flow of steam through a pipe is used to create a vacuum and suck the air out of the cooling chamber. Water evaporates from the surface and tissues of the vegetables. Changing the water from the liquid to the vapor form requires heat. This is drawn from the vegetables within the chamber and results in their quick cooling. For vacuum cooling of vegetables in plastic bags it is necessary to perforate the bags so that air in the bags can escape readily when the vacuum is established. Otherwise the vacuum would cause the bags to burst.

In small scale tests in the labor-

atory by Bernard A. Friedman of the Bureau of Plant Industry, Soils and Agricultural Engineering, and in larger tests with commercial equipment in California by James Clements of the same bureau, it was found that the method was most promising with such crops as lettuce, spinach and broccoli. The advantage is not so great with produce such as corn, carrots, oranges and asparagus which have less surface from which the moisture can evaporate.

Investigations are being continued. The vegetable shipping specialists regard this method of vacuum cooling as of particular importance now, because of the growing popularity of "pre-packaged" vegetables and the importance of precooling them rapidly and thoroughly before shipping.

# Be Sure To Attend Church Regularly

Two human lives with possibilities of usefulness to others and of happiness to themselves! Who knows what they might be worth to society; muscles capable of hard work, minds developed to shrewdness of planning, hearts that could respond to love, persons who are the product of ages of divine providence?

You and I "waked up" a little late to appreciate the potential good they represent. The officers of the Law represent you and me coming a bit too late to do what we could have done yesterday. Words of interest and of helpful guidance were wanted and we were too busy to speak them; homes of love and of moral ideals are the right of every child and we forgot to inquire whether their parents were able to provide them; the Church could have instilled love of wisdom and of goodness had someone seen to it that they were regularly in their place of education of religious nurture.

It is "a little late" to expect these boys to become good citizens in your community; they may feel that you and I and the rest forsook them when they needed us, and on the inside is bitterness that will be difficult to overcome. And yet it may not be too late for something to be done, if we are willing to make the sacrifice. They need love and understanding sympathy and good comradeship; but all of these will demand time from someone. We have paid police and prison guards and judges in the courts and they will doubtless do all that they can to help. Did you ever ask the court to parole a girl or a boy to you instead of allowing him to go to jail? Girls and boys have been redeemed and made into good citizens, when most people thought it was too late to help. "Big Brothers" have come to the aid of many a boy for his good. "Alcoholics Anonymous" has become one of the major redemptive forces of our time. Here are men willing to take time to help and the returns are almost miraculous. Let the Church help you before it is a little late.

## Chicken Dinner and Water And Power Meeting

Meeting under way with a chicken dinner at the Commercial Hotel last night, the Cap Rock Water Sewer association members held their monthly meeting in Floydada last night with twenty-six members present. Following the dinner at the hotel, members adjourned to the city auditorium for their program and association business.

The president of the association, W. D. Power, of Plainview, opened the meeting, expressing his thanks to the city of Floydada for the fine dinner, and turned the meeting over to John Johnston, who had charge of the program.

Representative maintenance and repair of different types of valves, discussed by J. Y. Biggs of the Cap Rock Machine company, who presented annual operation and lubrication as the best prevention of valve failures.

**Advantages of Soft Water**  
A picture was shown by Mr. Johnston on water, describing the advantages of soft water, the comparative cost, and the savings through the use of soft water over the use of hard water.

Present for the meeting were: Tom Hart, street maintenance, Floydada; Richard Simpson, water department, Floydada; Louis E. Green, water department, Floydada; J. B. Slaughter, disposal department, Plainview; A. Haneman,

Jr., district inspector, Lubbock; J. A. Patterson, city council, Floydada; J. W. Steck, municipal water works, Spur; P. C. Harmon, mayor, Floydada; W. T. Martin, superintendent of streets, Spur; Y. H. Boteler, light department, Floydada; Raymond Beadle, water superintendent, Spur; R. K. Snerthen, city engineer, Plainview;

W. D. Power, state health department, Lubbock; J. Y. Biggs, Lubbock Machine company, Lubbock; S. E. Boles, water superintendent, Plainview; Wayne and Harold Wayne Bennett, Floydada; H. H. Mills, water superintendent, Lockney; A. R. Fuchs, light and power, Floydada; Dr. J. G. Pruitt, Floydada; J. C. Peazelle, superintendent of utilities, Crosbyton; J. A. Carroll, water superintendent, Paducah; A. M. Dooley, Rock Well Mfg. Co., Tulsa, Oklahoma; W. T. Ball, Biggs and Co., Childress; H. O. Sanfield, water superintendent, Matador; and Floyd Johnston, water superintendent, Floydada.

The meeting was adjourned after a vote in the affirmative on holding a water school in Plainview at a later date, probably in late April or May.

Next association meeting will be held in Spur, the fourth Tuesday in April.

### STITCH AND CHATTER CLUB

The Stitch and Chatter club met at the home of Mrs. Doris Huckabee March 22. Gifts were exchanged and games were played.

The hostess served refreshments to Robbie Stewart, Betty Baker, Lillie Mae Johnson, Marie Turner, Era Norrell, Mattie Pearl Norrell, Vivian Keeling, Laura Campbell, Dorothy Campbell, a visitor Mrs. Turner Hunter, and the hostess.

The next meeting will be at the home of Lillie Mae Johnson, April 12.

## Demonstrate Land Leveling at Patton's

The operation, convenience and advantage of leveling land was explained and demonstrated on rigid as well as smooth soil at the land leveling demonstration on the Claud Patton farm last Thursday. A number of farmers and interested persons were on hand to see the machines work. Two hydraulic machines, an "Ever-n" from Terrell Implement company and a "Levelan" from S. J. Latta Implement company were demonstrated.

Recommended to be used before planting each crop, leveling is a highly profitable practice on irrigation farms as maximum results will be obtained from a minimum of water. The machines are ideal for leveling fields for irrigation, roads for surfacing, airports for landing fields and land for all purposes. A demonstration using the same machines given Friday on the Walter Taack farm near Plainview was received with much interest by the farmers in that vicinity.

### MRS. WOODROW WILSON IS HOSTESS TO NEEDLE CLUB

The Blue Bonnet Needle club met with Mrs. Woodrow Wilson Thursday of last week at 3 o'clock. The afternoon was spent doing needlework.

A refreshment plate was served to Arthur Wiley, Luther Dorrell, Everett Perry, Pete Kendrick, Greer Christian, Poyner Roberts, Oliver Allen, Ernie Widener, Floyd Puqua, Layton Dorrell, John Edwards Smith.

During the recreation period, winners of the game were Mrs. Greer Christian and Mrs. Layton Dorrell. The club will meet on March 31 with Mrs. Arthur Wiley.

### MRS. CARL MUENCH SAYS THANKS TO EVERYONE

A large and appreciative audience received the concert given by the International choir of Wavland college in the First Baptist church recently.

Mrs. Carl Muench, one of the persons responsible for the outstanding concert, last week asked The Hesperian to express her appreciation and thanks to everyone who took a part in making the undertaking a success.

### SUFFERS HEART ATTACK

P. L. Hargis suffered a heart attack late Saturday and was taken to Peoples hospital for medical treatment until Sunday afternoon when he was transferred to the Veterans' hospital in Amarillo.

At last report Mr. Hargis had not shown any improvement.

Mr. and Mrs. Johnnie Patton and daughter of Carlsbad, New Mexico, were here recently for a visit with Mr. Patton's parents, Mr. and Mrs. R. S. Patton. Mrs. R. S. Patton accompanied them to Carlsbad for a brief visit and has returned.

Mr. and Mrs. Bud Warren, who have made their home at Lubbock the past two years, have returned to Floydada and Mr. Warren will be associated with the A. L. Wylie, jr., agency of the Magnolia Petroleum company.

## Plains Cooperative Fate Is Pondered

PLAINVIEW—Stockholders in the Plains Cooperative, Inc. will be called upon to decide whether to abandon the plant, sell it or raise around \$50,000 to continue its operation.

Directors of the 21-year-old concern in a meeting Thursday afternoon at Plainview set the date for the stockholders meeting at 2 o'clock March 30 at the Plainview City auditorium, said John A. Lloyd, of Floydada, president of the board.

Lloyd said the plant has been losing money for two and a half years. The directors think \$50,000 will pull the cooperative out of the red and will provide sufficient financial strength for it to survive the current period of low production. Lloyd said.

### GRANDSON DOING NICELY

Little Dickie Clark, 3 1/2 year old son of Sgt. and Mrs. Ross J. Clark, of Biloxi, Mississippi, is improving nicely following an intestinal operation performed last week according to a telegram received here by Dickie's grandfather, Judge G. C. Tubbs.

Dickie is in a hospital in New Orleans, Louisiana.

During the first year of a child's life he grows more rapidly than at any other time.

## Water Problems of West Texas Are Presented

What the code committee of the Texas legislature investigating water problems of the state described as a most satisfactory presentation, was held at Stamford on Wednesday morning of last week when West Texas Chamber of Commerce officials gave the committee some interesting recommendations on the water problems as related to West Texas communities. Here are the recommendations presented in brief:

(1) That the State of Texas re-establish jurisdiction over and control of all runoff and surface waters; (2) That the right to take water for domestic and municipal use be established as a paramount and unquestioned policy of the State of Texas; (3) That water be appropriated in accordance with its available supply and potential needs in the respective areas of the state.

Five West Texas water officials spoke in support of the recommendations. Judge Charles E. Coombes of Stamford, legal counsel for WTCC and WTDWA, discussed the municipal and domestic water needs of the area and the multi-city dam program of the organization. Homer A. Hunter, consultant engineer discussed the proposition of bringing all surface waters back under control of the state.

R. M. Wagstaff of Abilene spoke of the necessity for and legality of domestic priority laws and D. A. Bantzen, manager of WTCC and WTDWA, discussed a new formula upon which to appropriate water. Homer D. Grant, president of WTDWA, talked about work with the Federal Water Resources Policy Commission.

Appreciation of the code committee's attitude and confidence in the legislature of the state to provide proper and adequate laws to protect the interests of the people was expressed by J. M. Willson, president of the West Texas Chamber of Commerce, at the close of the hearing.

Attending from Floydada in addition to Mr. Willson were Guy Ginn, Robt. H. Crowell and L. L. Jones.

**South Plains News**

**SOUTH PLAINS, March 27**—Mr. and Mrs. L. L. McKenzie of Chico, Texas, visited part of last week with Mr. and Mrs. John Smitherman and family.

Nathan Mulder visited his grandparents, Mr. and Mrs. Oscar Mulder, Wednesday of last week.

Mr. and Mrs. R. E. Douglas of Lubbock spent Saturday night with Mr. and Mrs. George West.

Dinner guests in the H. R. Hartman home Sunday were Mr. and Mrs. Lloyd Horn and children of Lubbock, Bob Hartman who is attending college at Tech and Mr. and Mrs. Marlin Jarnagin and children of Silverton.

Mr. and Mrs. Over Cornet of Silverton were dinner guests of Mr. and Mrs. George West Sunday.

We regret to lose Mr. and Mrs. G. Milton and Linnie from our community, but we hope they will enjoy their home in Lockney.

**Home Demonstration Club**

Home Demonstration club met March 22 in the home of Mrs. J. B. Smitherman, with Mrs. Rex Smitherman acting as co-hostess. There were thirty-one members present and two visitors, Miss Petty and Mrs. L. L. McKenzie of Chico, Texas.

Due to illness our president, Mrs. E. P. Smitherman, was absent so the meeting was called to order by our vice-president, Mrs. L. T. Wood. Miss Petty gave an interesting demonstration on choosing patterns and materials. Our sunshine friends were revealed and we drew names for sunshine friends for the next three months. We voted to have the vanishing parties as was recommended by the council.

Refreshments were served to Meses. Walter Wood, H. L. Marble, H. R. Hartman, H. S. Calahan, G.

Milton, John Wilson, M. M. Julian, A. L. Stewart, R. C. Guest, H. S. Calahan, Jr., Ernest Huckabee, Hansel Sanders, Leo Brown, Art Willis, Menard Field, Lenion Lanham, G. West, J. F. Taylor, H. ## Cubs Will Sell House Numbers

To obtain funds for their scout activities and to mark houses with numbers easily read at night, the Cub scouts this week are taking orders for luminous numbers, facsimiles of the ones already placed on several residential streets in town.

The scouts made an agreement to buy the signs from the distributor, O. J. Welch, at a cost of \$1.50 each. They will sell for \$2.50 thus making a small profit for the cub scout organization. Mr. Welch has the franchise for selling the

numbers in Floyd and several adjoining counties, and had sold the numbers to several house owners before making the agreement with the scouts.

At present, orders for the numbers can be given to any of these den mothers, Mrs. M. L. Solomon, Mrs. Floyd Lawson, Mrs. Woodrow Badgett, Mrs. Leonard Mataler or to any cub scout. Later, a house to house canvas will be made by the scouts to obtain orders from those who may have forgotten to contact the den mothers. When the numbers are delivered, the cubs will place them in the respective positions.

## As A Farm Woman Thinks

Nellie Witt Spikes

When asked just why we moved to Floydada we say there are many reasons. We could not find a suitable place in Ralls at the time we made our decision. We have lived between Ralls and Floydada for twenty-three years, or at least Floydada was here at home in one place as much as at home in another. It is only a few minutes drive from all our children and friends in Crosby county. We love the little towns of our fair plains country, we like to ask about our families, we like to take time for a few minutes talk. Maybe we are vain but we like to have folks know us and we like to know them. We are very pleased with our nice little home and the pleasant neighbors near us. We may be like moving old rooted plants for us to move but if we have plenty of friends to call, time to read and to write, garden a little and raise plenty of flowers, we will take deep roots and, like the plants take a new growth.

One reason that might have been hidden deep in my heart is the love of the canyons in this country. When we go south to visit there is when the canyon to cross giving us inspiration and help and comfort as it has done through the years. As the International Sunday school lessons have been about the

new church being established I quote the following from the Christian Herald:

"Luke tells us that when Paul saw the Christians who had come out from Rome to meet him, he thanked God and took courage. The very existence of a bond of believers under the shadow of Caesar's palace was cause for gratitude. Their courage in coming to meet him, a prisoner, and their solicitude for his welfare made him rejoice. Just to see and have fellowship with courageous warm-hearted fellow Christians anywhere is always an occasion for joy. In choosing the Apostle Paul to carry the gospel to other races God established a pattern He has always followed. It was a Jew who brought the gospel to Rome; a Roman who took it to France; a Frenchman who took it to Scotland; a Scot who evangelized Ireland. No people ever received the gospel except at the hands of an alien. Young people who go as missionaries to foreign lands are in God's great tradition. Russian thistles and Russian aggression are both bothering us lately. We can gather up and burn the thistles and pray for the leaders of the world to cope with the aggressors."

The poet saw it thus:  
Never ask of money spent  
Where the spender thinks it went.  
Nobody was ever meant  
To remember or invent  
What he did with every cent.  
But Uncle Sam sees it; better play fair with income.

This soil is high in price when it is for sale, but what comes in our houses is free.

The other night Mr. Spikes told me I had not put salt in anything I had cooked that day. I remembered I had, or had not? The next day I realized what had happened. I was not used to the new salt and sugar containers and had put sugar in all the meats and vegetables.

Poem of the week is by Reid Crowell and is titled

As Durable as Gold.  
The words of hope you gave me,  
my friend,  
Remain to light my calvacade of days;  
They are a shield and sword with which to fend  
The shafts of evil, and their gentle rays  
Are all about me on the paths I fare.  
Where once I went amazed with shrouded sight;  
And I can face the stars once more and share  
The clear, untroubled glory of the soul.

The words you spoke - there was no way to tell  
That they would be as durable as gold,  
Or that their syllables would cast a spell  
Upon my days. But this is what I hold  
As wealth beyond the treasure house of kings;  
Your words that came to give my spirit wings.

Grapefruit are so-called because they sometimes grow in clusters.  
One whale yields little whalebone since it is taken from his jaw.

## Worry About This Instead of your Job

Many inquiries have been received from beneficiaries wanting to know if the increase in social security taxes from 1 to 2 1/2% each on employer and employee automatically increases their benefit, according to John G. Hutton, manager of the Lubbock Social Security Administration office.

"The increase in these taxes effective January 1, 1950 has no bearing on the present benefit payments," Hutton said. "Only an Act of Congress can raise this benefit schedule. A bill which passed the House of Representatives last year and is now pending before the Senate proposes many changes. If and when Congress completes any action raising benefit rates according to the present wording of the bill, those now receiving monthly payments would receive increases automatically," he added.

Hutton pointed out further that what the thirty-five million workers covered by the system and almost three million beneficiaries want to know is how much monthly benefits will be raised. Under the Bill passed last year by the House of Representatives, retired workers should receive benefits averaging more than 50% above the present scale.

Another change proposed is to permit an individual receiving benefits to earn as much as \$50 in wages in a month without losing his benefit for that month. At present he is permitted to earn up to \$15 a month.

The original Social Security Law provided for taxes on wages to be

raised every three years until a maximum of 3% each for the employer and employee was reached, but this was referred by Congress each year until 1950. The present tax increase is designed to help build a reserve sufficient to take care of the ever-growing number of persons over age 65 and the survivors of deceased workers. The rate is scheduled to go up again to 2% on January 1, 1952.

## Mrs. Chapman Asks Name Off Ballot

Without my name being on the ballot and without my knowledge I was elected a member of the board of trustees for the Floydada Independent School district in April, 1943. Having served continuously since that time I feel that I have discharged my obligation of citizenship in this capacity. Accordingly,

I have asked that my name not be placed on the ballot for this year.

It has been a pleasure to have had a small part in the growth and progress of the schools during this period. I have especially enjoyed

the complete harmony with which the board has functioned. May our schools continue to grow and furnish additional educational opportunity for our children.

## FLOYDADA CHILDREN WILL STAR IN MOVIE

Melton Barker will arrive in Floydada to produce a two reel comedy, according to an announcement by Jack Deakins, manager of the Palace Theatre. The picture will be made in Floydada and children will be used in the cast. After the cast has been selected there will be two or three days of rehearsals, teaching them to act before the sound camera. There will be a small charge for training. However, there will be no charge for registering for tryouts. Children between the ages of 3 to 14 wishing to tryout for parts must register at the Palace Theatre at once. When the casting director arrives in town, he will get in touch with those who have registered and arranged for tryouts.

## Change in Drivers License Procedure

Announcement was made recently by the State Department of Public Safety of the new procedure in renewing driver's license. Past practice of filling out a specially prepared form has been changed to merely sending in the top part of the license which contains all the needed information. The 50-cent fee will remain the same.

Only change that should be made on the old license before sending it in to be renewed is in case of address change. One line should be drawn across the old address and the new one clearly printed directly above the old.

## Center News

CENTER, March 27—How nice is the sunshine this morning and the medium breeze after the wind and the dust clogged atmosphere of last Saturday and Sunday. If we could have a good slow 3 or 4 inch rain it would probably help the outlook of the dry farmer, but which ever way it goes, it will of course be all right.

Sunday School was slim last Sunday and B. T. U. suspended on account of the weather.

Mr. and Mrs. Nolan Arney and Jimmy Dunn were Sunday dinner guests in the J. D. Weiborn home.

Mrs. Charles Horton and children visited her parents, Mr. and Mrs. Walter Sims one day last week.

Mrs. Ross Green left last Tuesday for Odessa to be with her daughter who is ill. Later reports say the daughter is improving.

Mr. and Mrs. J. E. Green made a trip to Plainview Monday.

Mrs. Green visited Mrs. W. A. Latta of Mt. Blanco last Thursday.

Center Home Demonstration club meeting for Friday was suspended to meet on April 14 at Mrs. Frank Dunns. It will be two meetings in one. We are to meet in the morning about 10:30 and each woman carry a covered dish lunch. Miss Petty is to give the morning demonstration.

The next community party at the schoolhouse is scheduled for Friday evening, April 7. The church and club are joint sponsors of these and we hope to have wholesome entertainment which all can enjoy. Come and let us all get better acquainted.

## Our sympathy goes out to the family of Mrs. Fred Lloyd, beloved young wife, mother and ward school teacher. Most of our community turned out for the last rites Friday. Remember next Sunday will be church day. We will all be happier and more useful if we remember the Sabbath day, and keep it holy.

## ODE TO GRIEVING PARENTS

To May and Bob Garrett from one who shares their grief:  
The sun is set and now, at last  
I feel that life no more holds charm  
for me  
When I behold my Child so still and  
calm  
In death; I too, long to be free.  
Free to go where all my hopes have  
fled,  
For how can I share joys that she  
held dear  
On earth but yesterday to slip  
beyond  
To darkness and to fear?  
Dear God, I need you now to calm  
my soul;  
Lest I should fall, be near to guide -  
My thoughts to brighter days ahead  
Hold thou my hand and Lord, with  
me abide.  
And now, I see beyond this "veil  
of tears"  
Standing on the summit of life's  
hill  
I see behind me—Work to do and  
comforts give  
For there are others too, who grope  
to live.  
But I would Thank Thee, Lord, for  
strength to see  
That I have friends close by who  
share my pain;  
And tho my heart still aches with  
grief,  
I shall not doubt Thy wisdom, ere  
again.  
—Composed by Mrs. W. D. Newell

### CHEER UP!!!

It seems sand storms are here to stay, but after all a few days of bad weather will only help us to appreciate the good days. Just stop and think. What would Spring be without Winter? Spring is something to look forward to after a long Winter. Summer brings the good times and no school. Fall brings the harvest. At times Winter seems bad, but it brings the clean white snow. Really we should not mind a few bad days. We must look ahead to the bright and sunny days. They are bound to come. So cheer up!!

## Thespians, Chorus Give Club Program

Tuesday night the Thespians with the chorus met in the auditorium for a program for the 1934 Study Club.

After the program the group was invited to the dining room, where they were served punch and cookies in the traditional Thespian colors. The centerpiece for the table was a bouquet of yellow jonquils and blue iris.

The program was enjoyed by all who attended.

Mrs. Graves announced that the contest plays would be held on April 6. The Floydada play is "Mr. Lincoln's Whiskers". The characters are:

Mr. Hogan—Ray Cook  
 Mr. James Cooper—Dale Roberts  
 Martha Cooper—(his wife)—June French  
 Pipa Cooper—(their daughter)—Billie Newberry  
 Ella—(negro maid)—Barbara Hart.

Those who will represent Floydada in declamation are—Janet Lloyd, first place, Nancy Gollightly, second place, for senior girls; Bill Jones, first place, and Douglas Whitfill, second place, for senior boys.

Since the Hesperette is giving special recognition to the Freshmen this week, we would like to call attention to the large number of Freshmen who belong to the Thespian Club. They are Jerry Oden, Carolyn McDonald, Barbara Hart, Wilma Jean Judy, Ruth Stewart, Alice Latta, Lorraine Fisher, Jean Porter, Fern Patterson, Myrna Wilson, Beverly Thomas, June Ware, Ray Nell Irby, Darlynn Warren, June Payne, Ann Welborn, Valdonna Pierce, Betty Stewart, Ima Jean Noland, Glenda Meek, Bobbie Stephens, Judith Moss, Brooks Chapman, Carell Handley, and Shirley Womack.

### WHAT WOULD YOU DO IF YOU HAD A XEBEC???? (ZEBECK)

Ann Self—Gosh, I don't know  
 Fern Patterson—Give it to Mrs. Jones.

Leroy Graham—Put it in the refrigerator.  
 Virginia Morris—Wear it.  
 Susie Dunford—Play with it.

June Ware—Give it to Mrs. McMillan.  
 Myrna Wilson—Give it to June.

Rae Nell Irby—Give it to Scott.  
 Coach Gresham—I don't know.  
 Gayle Carver—Take it for a ride.

Barbara Hart—Take it home and put it in jail.  
 Ann Welborn—Look in the dictionary and see what it meant.

George Burgett—Eat it.  
 Bert Grimes—Eat it.  
 Bob Hargis—Throw it away.  
 Answer—A Mediterranean ship.

### WHAT IF—

Wayne were a Mechanic instead of a Carpenter?  
 Gayle were a Butcher instead of a Carver?  
 Jean were a Conductor instead of a Porter?  
 Ogden were a Table instead of a

Boothe?  
 Barbara were a Liver instead of a Hert?  
 Nita Jo were Nith instead of Day?  
 Lndel were Knives instead of Spears?  
 Both were a Runner instead of a Walker?  
 June were an Ache instead of a Payne?  
 Glyniss were Ashes instead of Sparks?  
 Judy were Graas instead of Moss?  
 Lorraine were a Sailor instead of a Fisher?

## Candid Camera

On May 18, 1935, there came into the home of the Arthur Womack's a little girl named Shirley May Womack.

This little gal who stands 5' 5" and weighs 123 pounds and has green eyes and brown hair is the cute picture for our Candid Camera this week.

Among her likes are fried chicken, ice cream, Oldsmobiles, pretty clothes, dates, boys, slumber parties, and spring.

Her ambition is to take a trip around the world and visit Paris and be a dress designer.

Her biggest weakness are boys and pretty clothes.  
 Her favorite colors are pink, green and brown.

She was most thrilled when she was elected class favorite of the Freshman class.

Her pet peevs are catty people, sand storms, and squash.

Her worst habit is being hateful.  
 Her favorite song is "Dearie".  
 Her favorite pastime is reading and running around.

The best movie she ever saw was "Little Women" and her favorite actresses are June Allyson and Shirley Temple, and actor MacDonal Carey. Her favorite sports are football, basketball, and swimming.

Her favorite subject is English, and teacher, Mrs. Jones.

Her ideal boy is 5' 8", has green eyes, and blond hair. He has a good personality and is lots of fun. He is as cute as they come, she says.

Her ideal day would begin at eight o'clock on a ranch. For break-

fast she would have bread, butter, honey, and hot cocoa. She would then go swimming with a gang of girls, then hike for two or three hours.

For an ideal lunch she would have fried chicken, potatoes, gravy, cottage cheese, salad, green beans, and macaroni a la mode. Then she would run around a couple of hours in her Oldsmobile. Then her boy friend would come to see her for an hour. She would then go to a premiere of a good movie and meet her favorite movie stars. Her date would then take her to Ann's for a slumber party.

Here's to a grand Freshman. We know you will be as popular in the next three years as you are now.

good time. June W. and Johnny L. were doing alright anyway.  
 Mary Patterson and Neil Perry were doing alright in the show Saturday night.

Well, things do happen don't they? Carolyn Mc?? What happened to you and your Matador friend? Did you give him the brush off?  
 Well, now it seems that Wayne C. and Shirley W. have called it quits. What about this, Shirley, could it be because of a certain blond junior boy? Hmmm?  
 Pike, are you still serious about Gayle or has Spring got you in its evil clutches?  
 Floyd Fuqua is still falling over backwards when he sees Virginia Morris walking down the hall at school. Virginia, why not give him (Continued)

**Bigger School Most Beautiful, Declare Ec Students**

A group of sleepy girls left for school Saturday morning at 8:30 a. m. registered at 10:30 and went to the auditorium for the welcoming and roll call. The superintendent of the school gave a talk "Tomorrow". Girls from different schools told of the things their club had been doing. Lunch was served in the high school cafeteria. In the afternoon girls sang songs and later had a show. The area president said that there were one thousand and forty girls present. After the style show the girls in the school building and agreed that it was the most beautiful school they had ever

seen. On the way home the girls were tired but they still had a beautiful time. The group got back at Floydada at 7:45, very tired and but they all had a grand time. Those going were Luella Irwin, Jean Judy, June Payne, Alice Beverly Thomas, Susie Dunaway, Wena Hatley, Carolyn McManis, Betty Stewart, Nina Jo Day, Fisher, Darynn Warren, Brown, Joan Edlimon, Wanda Poole, Jummie King, Patsy Frances Pratt, Myrna Wil-

son, Ann Welborn, Gayle Carver, Juanita Huckabee, Betty Hanks, Margie Herring, Mary Ann Wilson, Gloria Ratjen, Gleva Ratjen, Mrs. Ratjen, Mrs. Porter, Mrs. McMillan, and Mr. Fisher.

**Animals Readied For the Stock Show**

The Floydada Fat Stock show is to be held Wednesday, March 29, at the rodeo grounds. The F. F. A. boys are very busy putting the finishing touches on their projects. The calves are being trimmed and their hoofs polished. We hope this will be a very fine show. Lavon Shearer carried his two beef calves to Lubbock to the fat stock show held over there. His Hereford placed 9th and the Angus 14th. He did an excellent job of feeding them and received a fair price for the calves.

a chance?? Dale Roberts and Jean Porter sure do see an awful lot of each other lately, could this mean anything? It's getting to where you see Floy, you see Don. I like it that way, so keep it up. Pike, will Gayle have anything to say about what you did the other night? You know, it wasn't really very nice. Shirley Reeves sure goes like those Lockney boys. I wonder who? Lorraine E. and Teddy A. sure are getting up a case. She has his Ag. ring.

**SERVED UNDER DEWEY AT BATTLE OF MANILA.**—William H. Reader of Hamden, Conn., retired U. S. Navy's chief gunners mate cherishes a congratulatory telegram received on his 82nd birthday recently from the Navy's chief of personnel. In the picture Lieut. Col. Paul M. Jones, USMC, (left) executive officer of the Navy unit at Yale University, greets Uncle Sam's veteran seaman. Mr. Reader was born in Germany in 1868. At Philadelphia in 1893 he enlisted in the Navy. In 1898 he served on the USS Olympia, Admiral George Dewey's flagship, in the battle of Manila Bay. He also saw service on the USS Holland, America's first submarine. He was honorably discharged from the Navy in 1903. During 40 years thereafter he held a responsible position with the Safety Car Heating and Lighting Company. The Navy's birthday message follows: "Congratulations on your 82nd birthday and your long years of service to American business following an active career in the U. S. Navy. It has not been forgotten that your services included duty in the USS Holland, our first submarine, and that you served under Admiral Dewey on the Olympia in the battle of Manila Bay. Best wishes for a fair wind and a fair sea for the years to come."

**Floyd County 14 Years Ago**

(Taken from The Hesperian April 2, 1936) Approximately 800 scholastics have been enumerated for the school year 1935-36 in the Floydada Independent School district. Lockney High school gained sweet revenge this year by defeating Floydada High school in the annual interscholastic league meet held at Lockney Friday and Saturday of last week.

A. V. Stewart has announced that he will open Monday a cash and carry cleaning and pressing shop first door north of the Chamber of Commerce on Main street. April 7 has been designated as "Floyd County day" at the Panhandle-Plains dairy show in Plainview. Miss Ruby Day and Paul Wright were united in marriage Wednesday night at 9 o'clock in the home of Rev. G. W. Tubbs. C. M. Elmore has opened a new and used automotive parts store and used car dealership at the corner of Virginia on North Main street. Doris Cornelius and Fred Huggins, Jr., have been awarded medals in recognition of their ability as sub-junior declaimers. Mr. and Mrs. J. B. Jenkins have returned from a weeks trip to Fort Worth, Gainesville and Honey Grove.

Betty S. and Dane C. were together at the picnic the other night. So were Nina Joe and Bert G. They seemed to be having a good time. Valdonna and Denny were doing alright Sunday night.

**TRACK MEET SATURDAY**

The annual District 3-A track and field meet will be held at Floydada Saturday, starting at 9:00 in the morning and lasting all day. The teams which are entered are as follows: Abernathy, Spur, Mador, Paducah, Lockney, Tulla, Falls, Crosbyton, and the host, Floydada. Among the Floydada hopefuls are Hershell Nelson and Bill Turner, dash men; Buster Monney, distance; Aubrey Guthrie and Lloyd Allen, jumping events; and Bob Finney, the shot put.
