Grab you off some tires at once. After you have driven the best bargain you can with the man who sells them take him up and let him put them on. You'll save money as you drive on good tires and watch the price balloon to higher levels. Answer is that there is a world fight on for rubber. The United States is stock-piling rubber and numerous other items termed necessary for defense. The process has been carried on somewhat as the market conditions were favorable in many lines. Eggs, butter, natural rubber, lead, zinc, copper, silver and a score of other things, that can be hoarded against the day need and an immensely expanded demand when the Russian bear has decided on the day and launches the blitz that will spell doom for many and will bring on another Armageddon. There have been two or three Armageddons in world history already, according to the ideas of mere man, and how many more there will be before the real thing comes on us only the good Lord knows. Anyway, getting away from Armageddon and back to tires. The Russians have got into the rubber market and are gobbling it up. All they want is the rubber and they are not worrying about world stability or any of the other niceties that go with getting the world back into the groove. And the price has shot up with demand until a very low price of raw rubber less than a year ago has been succeeded by the second highest price in the history of the rubber business. You'll need tires, so get them before the hoarders beat you to them.

Please, and pretty please, is coming to be the attitude of the people toward their government, claims more and more mail which comes to The Hesperian office. Big government, these people claim, has ceased to think of itself as the servant of the people, but instead as their rulers. Even, it is charged, the Supreme court, in a recent decision, (which it hastily changed when a Texan asked when such an attitude became official.) spoke of the people as having the right to choose their rulers. The government is the servant of the people and when it ceases to be the jig is up with the beautiful dream which the founders of the nation said should be self-perpetuating because founded on the greatest good for the greatest number. The Hesperian is no conjurer and claims to be none when we foresee the continuing encroachment of government on you and me right here in Floyd county, unless the people really begin to think and to put a stop at the congressional level on the kind of things that are happening. You are being told, a little more and more and asked less and less. Is that not correct? We

assume you think, or want to think, as straight as you can. The thinking you do should be directed toward Mr. Mahon, Mr. Connally, Mr. Johnson. If the government is getting away from the control of the people they are the men who are letting it happen. And they think they are doing what you want done!

Now having the less weighty matters disposed of to our entire satisfaction, except that we are not satisfied, we turn to what the prairie life is telling, or rather what we would like to have the prairie life tell. For the fact is that much of the prairie life is still dormant - lack of rainfall in the right amounts at the right place, which, to be exact, is in Floyd county. Further east and south the farm operators are crying to high heaven for the rains to let up so they can go ahead with work, save their wheat, get a bit of cotton and forage feed seed in the ground and growing. What may be in store for this summer makes us appreciate all the more the fact that many Floyd county farm people are holding back a few stacks of feed so they can see themselves not sacrificing all their live stock this fall should a bad winter come on top of a poor summer. Once upon a time the early spring and summer months were followed by the wettest kind of an August. And this could be repeated and would be most helpful if the man on whom we depend for a living, the man who operates the farm, could nurse along his row crops for a time and keep them in shape for growing. What we hazard as a good bet is for the farm operator to hold his seed and his fire for a little later, if it is feed, forage feed, he thinks of planting. Late feed will take a lot of punishment during July and still come out with a whopping big production if August is right. The prairie life doesn't say that is going to happen, but prairie life can remain dormant only about so long before nature has to apply a restorative. And then is when the man with some feed at the right stage will reap a big crop - when nature goes to taking care of nature and the rest of us at the same time, as a matter of course.

We have a friend who paid his wife a pretty compliment the other day when he said: I have been married the best part of my life. We think he meant it the way he said it.

We have a friend who says the old fashioned girl darned her husband's socks. Her daughter socks her darned husband. We wonder!

The trouble with a lot of smart kids is that they don't smart in the right place.

Fight Mesquite in Motley With New Chemicals

MATADOR - A feud of survival between man and mesquites, in which man has been losing ground, took a different turn last week. Chemical warfare, in which a plane was used, may be the deciding factor. The chemical is 2-4-5-T and it is sprayed from the plane. In the Flomot Whiteflat and Barton communities, approximately 900 acres were treated.

E. C. Fisher of the Spur Experiment station warns farmers and ranchers not to spray too large an acreage, because the results are not positive. The cost is \$3.50 per acre. Fisher is not ready to recommend the formula but he declares it is the best and cheapest which the station has found. Much research and experimenting is being conducted with mesquite at the station. County agent J. R. Emmons said plane spraying had been used by the following: L. C. Harper 100 acres, Ben Edwards, 120 acres, Boyd Perkins 41 acres, Doc Burlison, 148 acres, W. B. Barton, 200 acres, C. M. Barton, 33 acres, A. B. Simpson, 16 acres, Matador Land & Cattle Company, 160 acres and Ira Brooks, 50 acres.

Emmons warns landowners planning spraying to use either of the two chemicals, that they will kill or damage all broad leaf plants, such as cotton, flowers gardens and trees. Fumes of the material have been known to drift 10 miles and legal action has resulted from damage.

Baptists Grew During Allen's Seagraves Stay

Seagraves, May 30. Earl Allen, who has resigned the pastorate of the First Baptist church at Seagraves to take up the ministry of the Floydada church, was the oldest minister in point of service in the field at the time he resigned last week. He takes up his new work at Floydada effective June 1 and will preach for the congregation there on June 4.

During his ministry there has been much growth in every phase of the church life. The church has built more buildings the last three years than in its history. A brick educational building has been built and was free of debt at the third anniversary observation of the pastor in January of this year. A modern parsonage has been built.

The resident membership of the church has grown from 299 in 1947 to 600. The total membership in now over 800. The pastor has baptized 84 during the last eight months and there are 22 waiting baptism at present. The church led the district in total addition during the Easter revivals, having a total of 100 additions.

Since Sept. 1, the church has had 185 additions. Allen has baptized 206 people during his stay here. The Sunday School attained a place of distinction in becoming an Advanced Standard School with only two in Texas. The attendance of the school has grown from an average of 173 in 1946 to 316 for this year.

The finances of the church have increased several-fold. In 1946 total collections were \$7,314.83. The last year they were \$23,910.98. During the last eight months period, the collections total \$17,052.73.

Rev. Allen has been a member General Convention. He is an honorary trustee of Wayland College of the executive board of the Baptist and chairman of the committee to nominate trustees for Wayland at the next state convention.

Church Has 900 Members

The Floydada church has over 900 members. It has a good plant and its auditorium will seat 750 people. The largest youth camp in the world was held last year in the plains Baptist Assembly, which is located seven miles south of Floydada. The church is the largest in the four-county association.

Moutray Herd Herefords Are Shipped Here

Six grown cows of the southwest-famous Moutray Herefords at Abilene, now have new homes and these new homes are in Floyd county.

Following the death of Mr. Moutray in January the herd was disposed of to new owners who are moving the main part of the herd to South Dakota, according to local report.

John Lewis and W. M. Goode and Calvin Steen were in Abilene the first of last week and brought six grown animals and three calves to put on their stockfarms here from the herd as it was being loaded out for the north.

Lewis adds three of the animals to his herd on the Lewis ranch in east Floyd county. Goode got two grown cows and their calves for his Barwise place, and Steen is putting the cow he bought into his pasture near Floydada. Goode was proudly showing his newly-acquired cow brutes Tuesday morning in Floydada. All the animals bought are registered. Outstanding breeding for type has been a feature in the Moutray herd for a number of years, says Goode, who pointed out that a \$16,500 bull headed the herd there the past two years. Both Goode and Lewis are already started on a program of registered breeding that is beginning to show outstanding results in high grade type animals.

Goode said the animals acquired by the Floyd county men represented investments of some \$900 to \$1,000 per animal.

Mr. and Mrs. E. G. Carpenter of Waynoka, Oklahoma, and Claud Carpenter of Altus, Oklahoma were here the past week visiting their sister, Mrs. Leo Frizzell and family and their brother, T. C. Carpenter in Ralls who has been very ill.

Mr. and Mrs. S. M. (Tiny) Brown have returned from a vacation in Galveston.

Chapman-White Vows Said Sunday Morning in Church at Lubbock

LUBBOCK—Sunday Morning at 8 o'clock at the First Baptist church, Miss Nelda Ruth Chapman, daughter of Mr. and Mrs. J. W. Chapman of 2906 Twenty-first, and Thomas Hayes White, son of Mr. and Mrs. Ben White of Paris, were married in a ceremony performed by Dr. Ralph Grant.

Large baskets of peonies, maroon daisies and yellow calla lilies, linked by garlands of daisies, stood on the altar against a background of woodwardia fern and palms. Yellow tapers and white satin bows made the bridal aisle.

A program of wedding music included "I Love You Truly," "Yours Is My Heart Alone" and "At Dawning" was presented by Miss Imogene Webster, organist, who also accompanied "The Wedding Prayer" and "Because." The organist offered "Serenade" as vows were repeated.

Given in marriage by her father, the bride wore a gown of chantilly lace over white bridal satin styled with a fitted bodice fastened in the back with tiny buttons, a Peter Pan collar and long sleeves tapering into points over the hands. The full skirt extended into a chapel length train. Her fingertip veil of illusion was caught by a head-dress of lace and lilies of the valley and her bouquet was a white orchid.

To carry out traditions, for something old, the bride wore the wedding ring that belonged to the bridegroom's grandmother; for something new, she wore a necklace, a gift from the bridegroom; for something borrowed, she carried a handkerchief that her sister-in-law, Mrs. Ray Chapman, carried in her wedding; and for good luck, she put a six pence in her shoe.

Mrs. W. C. McManus made the bridal head-dress. Miss Betty Vaughn, maid of honor, wore a dress similar to the bride's made of green organza with a darker green leaf. The under-skirt was of green taffeta. Her head-dress was of organza and yellow roses and her bouquet was of yellow roses.

Wayne Smith of Waco served as best man and Ray and Harold Chapman nephews of the bride, were ring bearers.

After the ceremony, a reception was held in the Chapman home. The bride's table was laid with a white Madeira cloth and centered with an arrangement of peonies, maroon daisies and yellow roses. The all white three tiered wedding cake was topped with a wedding bell and a miniature bride and bridegroom, dressed similarly to Miss Chapman and Mr. White.

After a wedding trip, the couple will be at home at 1612 Sixth. Both are graduates of Texas Technological college.

OFFERS TO PAY FRIENDS IF HADACOL DOESN'T HELP

HADACOL HELPS SUFFERERS OF VITAMIN B₁₂, B₆, NIACIN AND IRON DEFICIENCIES

Mrs. Wallace tells her granddaughter, Maynell Wallace, over the phone how HADACOL brought relief to her.

Mrs. Belle Wallace, 449 Formwalt St., S. W., Atlanta, Ga., is so grateful to HADACOL for the blessings it has brought her that she has recommended HADACOL to a number of her friends. She told them she would pay for their bottles of HADACOL if it didn't help them. She explains with a smile that she hasn't had to pay any of her friends, because HADACOL has helped them.

Mrs. Wallace, who is 74 years old, has five children, seven grand-children and two great-grandchildren. She was suffering from a deficiency of Vitamins B₁₂, B₆, Niacin and Iron, which HADACOL contains.

Mrs. Wallace said: "I couldn't sleep or eat until I started taking HADACOL. I'd lie awake and toss and turn until the small hours of the morning. I was highly nervous. I couldn't even thread a needle. But since I've been taking HADACOL, my nerves are as steady as can be. I couldn't eat because when I did my stomach would puff and bloat and fill with gas. I am on the 7th bottle of HADACOL and my stomach is so much better.

Appetite Good
"I have a good appetite and my stomach does not bloat or fill with gas. I sleep like a log. I have recommended HADACOL to a number of friends and have told them that if it didn't help them, I'd pay for it, but I didn't have to because HADACOL did help them. HADACOL has done me more good than anything I have ever taken."

"I have a good appetite and my stomach does not bloat or fill with gas. I sleep like a log. I have recommended HADACOL to a number of friends and have told them that if it didn't help them, I'd pay for it, but I didn't have to because HADACOL did help them. HADACOL has done me more good than anything I have ever taken."

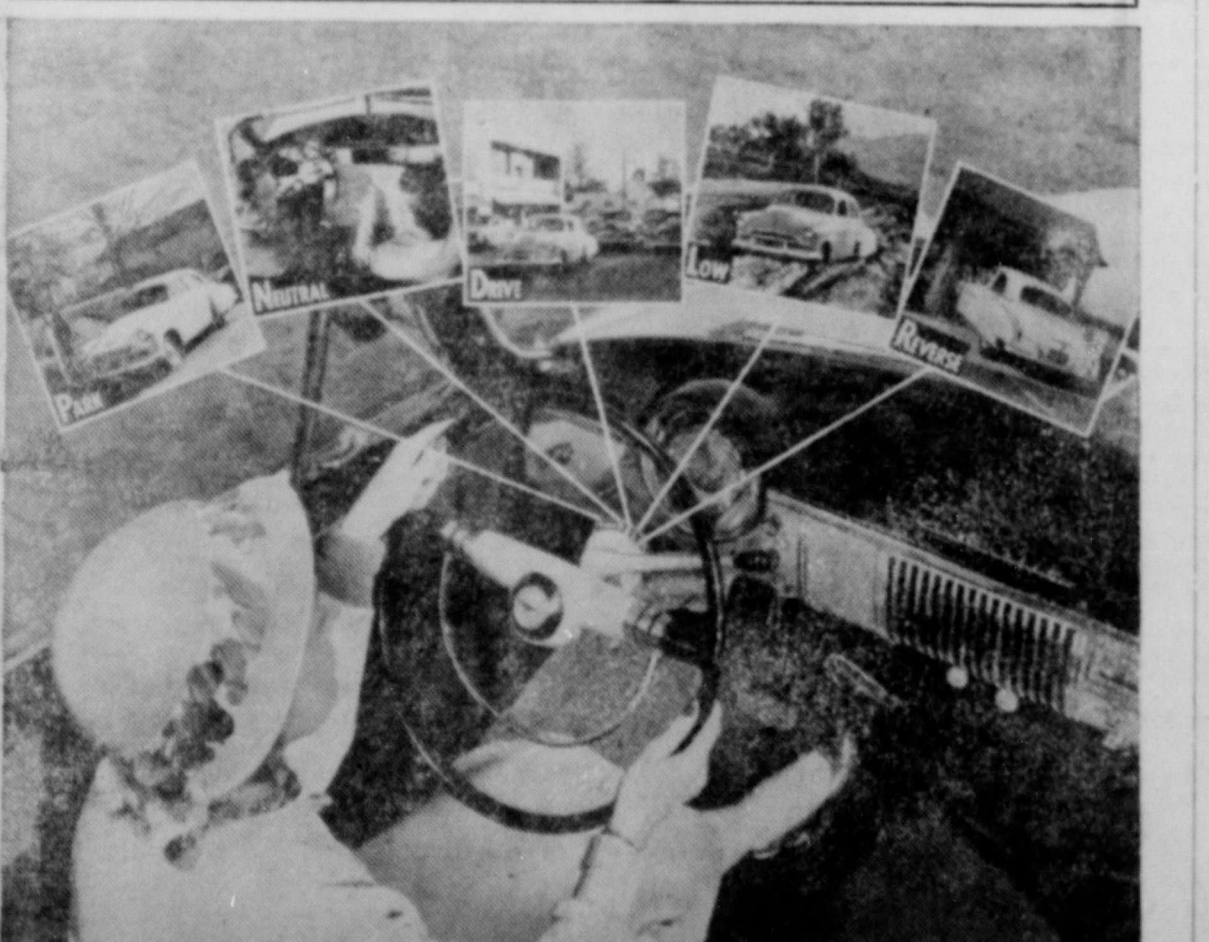

Why Be Satisfied With Temporary Relief?

HADACOL also helps build up the hemoglobin content of your blood (where Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs—even to the eyes, hair and nails) to help repair the damage that such a deficiency may be causing there. Countless thousands are benefiting from HADACOL. Why don't you give it a chance to help you? Why continue to suffer? Remember, HADACOL doesn't give temporary relief. Instead, it treats the real cause of your illness when, as so often, it's due to such deficiencies. That's why it's so effective; that's why it is accomplishing such amazing results.

You'll Feel Great . . .

. . . with the first few bottles you take, or your money back. There is only one HADACOL and it is sold on a strict money-back guarantee. So give this remarkable HADACOL medicine a chance to help you. It's never too late to start taking HADACOL. Many who despaired of improvement found that HADACOL was almost like a miracle for them. Remember that HADACOL is amazingly different and amazingly effective because it treats the real cause of deficiencies of Vitamins B₁₂, B₆, Niacin and Iron. Make up your mind to take HADACOL regularly. Refuse substitutes. Insist on the genuine. You can't lose a cent, because it's sold on a strict money-back guarantee. Only \$1.25 for Trial size. Large Family or Hospital size, \$3.50.

New Chevrolet Powerglide Simple to Operate

Performance of the 1950 Chevrolet Powerglide, first automatic transmission in the low-price auto field, is illustrated by the five small pictures set over the controls. When the pointer is positioned at "Park," wheels are locked and the car cannot roll. "Neutral" is an idling position or for starting the engine. When the lever moves the pointer to "Drive," forward momentum is entirely dependent on accelerator pressure. "Low" is for emergencies, as in deep mud or snow. In addition to backing, the "Reverse" position gives quick response when conditions make necessary the "rocking" of a car by shifts from low to reverse.

Jews in Early Texas History

Texas has a Jewish population of 3,000 - one per cent of all the Jews in the United States - according to a recent survey.

The survey put the Jewish population of the United States at 332,604. Nearly half of the Jews in the United States - lived in the State of New York.

The first Jewish settler on record in Texas was Samuel Isaac, who was the first colony of 300 and received a grant of land in Fort Bend county. He served in the army of Texas in 1836-37.

Castro Was a Booster Another Jew, Henry Castro, was the first of a long line of self-appointed boosters for the sprawling territory.

In 1842 Castro entered into a five-year contract with President Houston for settlement of a colony in the territory west of San Antonio.

The first settlement, on the banks of the Medina River about 25 miles west of San Antonio, was formally organized on September 3, 1844.

Laid Out City of Waco In his pioneering efforts Castro spent over \$150,000. In 1861, en route to Monterey, he died.

De Cordova donated land for a church site for every religious denomination in Waco.

In 1850 he founded a newspaper, "The Southwestern American." In Austin, in 1854 he owned over a million acres of land.

Henry Heading Oil Industry Committee

R. C. Henry has been named 1950 chairman of the oil industry information committee for the Floydada area according to a recent announcement by Don Greer, OIC chairman for the plains area and assistant sales manager of The Shamrock Oil and Gas corporation.

Mr. Henry is associated with the Continental Oil company in Floydada. As OIC chairman in his community, he will assume the leadership in his area of informing his friends and neighbors about the oil industry and its importance to the community.

Although the OIC program extends from coast-to-coast and reaches into every walk of life, it is primarily a local program. That is, it is made up of thousands of local committees, each of which is headed by a local representative of the oil industry.

To map out plans for the coming year, community chairmen for the during the month of May. Community leaders from that part of the Plains area north of Tulsa, Texas, met May 12, in Amarillo. A similar meeting for the South Plains area was held May 16, at Lubbock.

Information which local oil men participating in the 1950 program will stress, will include facts about the importance of competition to the industry, the 1,200 useful products which oil research has developed, and the hundreds of millions of dollars spent on research every year to find still more ways to use oil.

Among the OIC material which has been very popular with schools, clubs, and many other groups is a sound film, "The Last Ten Feet", which tells the story of oil and the oil industry in an interesting manner. Mr. Henry will be very glad to secure this film for any organization in his community that would care to use it.

The work which Mr. Henry and other local OIC chairmen are doing in their respective communities represents an important contribution to the overall effort of the millions of men and women engaged in the production, processing and marketing of petroleum products to tell their neighbors about their industry.

THE MASTER'S CHOICE

(In memory of Doris Elaine Owens, daughter of Mr. and Mrs. Bill Owens.)
(By Mrs. John G. Hopper)

Jesus walked in His garden,
Looking His roses o'er,
He paused at the tiniest rosebud,
Just opened the night before.

He carried it home to His Father,
For it was the sweetest one there,
Then a shadow fell in the garden,
Where it had once been so fair.

We know not why He chose it,
In preference to some of the rest,
But God in His infinite wisdom,
Knows what is needful and best.

When you pick a Tractor... be sure you can always get parts

Any tractor is a big investment. You have every right to expect years of profitable performance from such an investment. In this connection one of the first things to think about is—"Will I always be able to get parts?"

The Ford Motor Company manufactures the Ford Tractor. What greater assurance could you have of being able to get parts—anytime, anywhere.

Not only is this important to you as long as you have the tractor, but it is also something the buyer thinks about seriously when you go to sell or trade in your used Ford Tractor. This is only one of the many reasons why a used Ford Tractor commands a high resale price.

THE SIGN FOR SERVICE

that can't be beat!

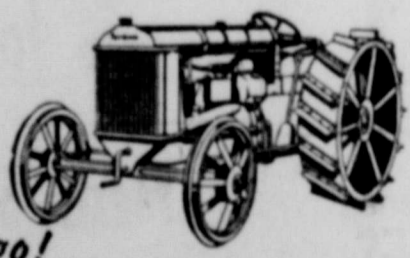

We are pretty proud of this service sign. We do our best to live up to those seven letters S-E-R-V-I-C-E.

We spend time and money training our mechanics. But we feel this is worthwhile to us because it's worthwhile to our customers.

We try to keep an adequate stock of genuine parts on hand at all times . . . and to stock up on parts ahead of the busy seasons so we have what you need in emergencies.

We cordially invite you to look over our service setup.

You can even get parts for Fordson tractors built 31 years ago!

Floydada Girl Is Head of Vast Nursing Corps of the U. S. Navy

WASHINGTON—Elizabeth Carpenter, the Amarillo Times Washington correspondent, tells the captivating story of a Floydada girl who now heads the vast nursing service of the U. S. Navy. Says Miss Carpenter in expanding on the accomplishments which have won unusual recognition for Winnie Gibson:

A quiet Texas lady, inspired to become a nurse by a Floydada doctor, is the new director of Navy nurses and one of two women in active service to hold the rank of Navy Captain.

It was the late Dr. R. A. Childers of Floydada, father of her childhood friend, Honerhea, who inspired Winnie Gibson to begin training as a nurse. That was in 1923 and friends and family expected her to return home after a few weeks.

But today, Captain Winnie Gibson, U. S. N., directs the activities of 2,000 Navy nurses who serve in hospitals on hospital ships, in dispensaries, wherever a sizeable part of the Navy is.

Was At Pear Harbor

Behind her are seven years of training and private duty and 20 years of nursing for the Navy. She was at Pearl Harbor, as supervisor of the operating room, when the Japs struck and the commendation ribbon she wears tells the story of her service during that trying period.

After Pearl Harbor she was sent for nurse corps officer at Jacksonville, Florida; Annapolis, Maryland; Houston and then Guam.

It was last February 8 while she was serving in Guam that she received orders to come to Washington. The following day, she was wired congratulations from the Surgeon General for her appointment by Secretary of the Navy Francis Matthews as director of Navy Nurses.

"I was completely astounded," Captain Gibson recalls. Her appointment to the highest post a Navy nurse can hold was a "bolt out of the blue."

With only a day off, she returned to Washington, was sworn into her new post in the Secretary of Navy's office at the Pentagon Building, and promoted from the rank of Commander to Captain.

Next month she hopes to take some leave and visit her twin brother, Wayne Gibson, who is manager of Swann Ranch in Deming, New Mexico, and call on as many of her other brothers and sisters as she has time.

One sister, Mrs. Jess Covington, lives in Floydada and one of her brothers, E. E. Gibson, resides in Claremore, Oklahoma, another brother is Mayfield Gibson of Hillsboro, Texas, one sister, Mrs. Arthur J. Beedy, resides at Fort Worth, Texas, and one other, Mrs. Raymond Shorter, at Dallas, Texas.

Grew Up In Floydada

Capt. Winnie Gibson grew up in Floydada. Her family first lived in Smith county near Tyler. When her mother died in 1904, the large family of brothers and sisters set out for the Panhandle in a covered wagon. She was only two then and she later attended the Floydada public schools until she was seventeen. It was then she went to Taylor, to Flossingers Sanitarium to become a nurse. In a short while she moved on to Austin to take training and graduate at Seton Infirmary. After graduation in Montgomery, Alabama, she joined the hospital staff at St. Margaret's hospital and was made operating room supervisor at the age of 21.

"I was scared to death," she recalls.

She later went to a New York hospital and in 1930, "because I've always been a nomad at heart," she joined the Navy as a nurse.

Her first station was the Navy hospital in Philadelphia, then at New York, and later at Quantico, Virginia, until she was assigned to the U. S. S. Bellef, a hospital ship based on the West Coast.

For fifteen months, she supervised the operating room of this ship which went out with the fleet and took aboard men for surgery or treatment of illness.

Shortly after leaving duty on the hospital ship, Captain Gibson was assigned to the Navy hospital at Honolulu. The soft spoken Texas nurse is reluctant to discuss the details of the December 7 bombing except to say that the hospital felt "shell fragments" and "there was a steady stream of patients."

Her long experience in the corps has more than qualified her for the top post she now holds.

She has plans, yes, to make some changes in the Navy nurse corps but she won't discuss them.

"Let me accomplish them first," she smiled, "then I'll talk about them."

On the wall of her office in the Navy's Bureau of Medicine and Surgery here, Capt. Winnie Gibson has the picture of her first chief nurse, Elizabeth M. Hewitt. She explains that Nurse Hewitt was one of the "sacred twenty," the first twenty nurses to serve in the Navy.

"And," she recalls, "they all had the dignity of duchesses."

Medium in height, Captain Gibson has blue eyes, made all the bluer by her trim Navy uniform, with its four gold stripes.

In four years, she will retire as the seventh director of the Navy nurse corps which was created by Congress in 1908.

She has no plans for retirement, except a sort of hankering, to get some good books and lie up in a hammock on a ranch and read.

Dr. and Mrs. O. R. McIntosh returned home Saturday after spending a ten day vacation in Chicago, Illinois, visiting in the home of Mrs. McIntosh's parents, Mr. and Mrs. E. P. Murphy.

Large Numbers Attend Dinner For Dr. Falwell

Members of the First Baptist church Wednesday night honored Dr. R. H. Falwell of Plainview, who has supply pastor for the past eight months for the church, with a dinner at the church preceding prayer meeting. A large crowd attended to show their appreciation Dr. Falwell for his splendid service rendered the Baptist of this community for the past few months, since the Rev. L. A. Doyle moved from this place to Portales, New Mexico. The church called the Rev. Earl Allen of Seagraves and he will be in the pulpit on June 4.

LOOKING THROUGH EMPTY SPACE

By Letha N. Crawford

Out in the golden West on the Prairies of endless green I think I spent the happiest year That I have ever seen.

In the early days of 1891 We settled there and life begun, Our Castle spread its tiny wings Upon the Estacado plain.

Now as I look through empty spaces I seem to see those loving faces Gathered around the fireside bright, The chairs were plain, the floor was bare, But Joy and laughter everywhere.

Mother with deep blue smiling eyes, Father dear so kind and wise, My brothers dear, my sisters sweet, All helped to make this home complete.

Today we are scattered far and wide, And some have passed beyond the tide. But when I look into the gloom, I seem to see them all at home.

I hope when my eyes are dimmed By age and my strength is growing weak That when I leave this good old world My loved ones I will meet.

THIRTY-SEVEN PRESENT FOR SWITZER RE-UNION

Mr. and Mrs. L. L. Switzer had a family reunion Sunday in their home, when all the children, their two sisters and niece and husband and children were guests.

There were 37 at the affair. Those present were:

Mr. and Mrs. J. V. Blackwell, Plainview, Mr. and Mrs. A. L. Chambliss and children, Iowa Park, Mr. and Mrs. Ray Switzer and son, Amarillo, Mr. and Mrs. Steve Patterson and family, and Mr. and Mrs. Bill Switzer and family, Cone; Mr. and Mrs. G. W. Switzer, and family, Mr. and Mrs. Earl Switzer and Mr. and Mrs. Clarence Reddy and family, Floydada; Mr. and Mrs. Frank Hickman and family of Dallas, and Mrs. H. C. Fowler of Dallas.

Miss Mary Hennessee was in Lubbock Monday.

Miss Nell Rhodes, popular teacher in Andrews Ward School, left Saturday for her home in Lubbock to spend the summer there and in Denver.

Mr. and Mrs. A. D. Fultz and family left the first of the week for Commerce to spend the summer, where Mr. Fultz will attend East Texas State Teachers College.

Mr and Mrs. J. M. Williams and daughter Judy spent the week end at Hillsboro visiting Mr. Williams' father who has been very ill.

Be Sure To Attend Church Regularly

A TESTING TIME

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

What power! What service! What pleasure! What possibilities of good! The great tanks are full of high test gasoline made ready to do the bidding of men. Through the long centuries the Creator of all good things was making ready the pools of crude oil and gas beneath the earth's crust. Man, the child of the Eternal, found the oil ready for his use. Up from the depths it was lifted, then through the distillation processes it moved that it should be adapted to the myriad purposes of the minds and needs of human life. Tested and tried, perfected by these tests, refined and piped to the areas of service, here are the multiplied horsepower servants of men. How grateful and how glad are we that the gas is ready and made dependable!

Here is our parable of human life. Up through the long centuries God has been perfecting the human body, mind and soul. They are ready for a multiple task, so far as native powers are concerned. But the body must be trained to obey the will of the mind; the muscles must be strengthened and taught by habit and repeated exercise; it must be kept healthy by proper food and thoughtful care; it must be tested by daily living. Is your body a good servant? Or have you allowed it to have its own way so that its demands for pleasure and for indulgence have made it a dangerous organism? The human body must be as carefully tested as the high power gasoline; then it must be kept under control, or explosion and runaway power will be the undoing of both body and soul.

Even more powerful is the mind or soul. Who knows what a man with a trained and disciplined mind can accomplish? A clean and wholesome soul may command the earth and the sea and the sky. A reverent mind may think the thoughts of God and join the Cosmic Mind in the control of the forces of nature and may direct the social powers of human society.

Your Church stands for a clean and well-trained body. Your religion will help develop high purposing minds. Your fellowship with God will make you a safe master of the destinies of children and of all life. Are you ready for the testings and the temptations that fall to men every day? Join your fellow men at Church next Sunday and lay your powers of body and of mind and of soul upon the altars of service, to men and to God.

This Church Page Is Being Published Each Week With the Hope of Getting More People to Go to Church. It Is Sponsored By These Business Firms Who Believe We Should Attend Religious Services Regularly.

League Games Start Early; And End Early

Games in the Floydada softball league though not very well attended are starting early and ending early, and interest in the league play seems to be rising slowly.

In games played this week Monday, Builders Mart took on McCoy in the lone game that night and defeated them 12-4, and Tuesday Lunch Box broke into the win column with a 11-5 victory over REA.

Games scheduled up to Thursday night of next week:

Tonight, Thursday, REA will travel to Ralls, Friday night Lunch Box will take on the McCoy Jr. at McCoy. Monday night Builders Mart will play REA here, Tuesday night Lunch Box meets McCoy seniors here and Thursday Builders Mart will journey to Ralls.

The only game that has been announced to date for the non-conference play that is conducted on the last of the week is Friday night and will pit Builders Mart against Anthony's of Plainview.

League standings:

Team	W	L	Pct
Builders Mart	2	0	1.000
Ralls	2	1	.667
McCoy Jr.	1	1	.500
REA	1	1	.500
Lunch Box	1	2	.333
McCoy sr.	0	2	.000

Mrs. Fred Zimmerman, Jr. and daughter Kit have returned from a three-months stay in Tucson, Arizona, where Kit has been ill and has been recuperating. She is quite well now, but must have her nap every afternoon. Mr. Zimmerman and son Zip went to Tucson and brought Mrs. Zimmerman and Kit home.

Trice Family Has Week-end Re-union

The reunion of the Trice family was held in the home of Lee Trice, west of town, on May 26 through May 28. All members of the family were present with the exception of two children of Mr. and Mrs. Bruno Miller of Oklahoma City. There were 53 present. The R. C. Smith family were guests for all day Sunday.

Those attending this happy occasion were Mr. and Mrs. Bruno Miller, Oklahoma City, Mr. and Mrs. Marvin Dewey and daughter, Nancy, Mrs. J. E. Trice, Mr. and Mrs. R. S. Marrs, Mr. and Mrs. Leo Feuerborn and son and Don Trice, all of Oklahoma City; Mr. and Mrs. Edd Trice and son Dick and daughter Jan, Duncan, Oklahoma; Mr. and Mrs. E. W. Taylor, Nederland, Texas; Mr. and Mrs. A. C. Kownlar and sons, Joe and Jim, and daughter Jane, of Athens, Texas;

Ray Haney, Mr. and Mrs. Gerald Lackey, Mrs. Robble Bratton, of Floydada; Mr. and Mrs. R. W. McClure, and son Richard and daughter Lanet of Kress, Texas.

Sunday guests were Mr. and Mrs. G. W. Smith, Dale Gene and Freeda, and Mr. and Mrs. Don Harrison and Max and Jerry Bob, Mr. and Mrs. Milton Harrison, Betty Sue and Rex, of Floydada, Floyd Smith, Roy Smith, of Morton, Texas, and Mrs. Della Smith, Floydada.

Mr. and Mrs. R. F. Kirchner, who have been here for the past four weeks, left Monday for Colorado Springs and Denver to spend the summer. Mrs. A. P. McKinnon, who accompanied them from Dallas, will spend the summer at her home here.

Miss Betty Yearwood is home for a few days vacation from Dumas, where she taught school this past term. She is leaving in a few days for Canyon where she will be a student at WTSC.

Home Building Still Goes On

Several new homes are under construction in Floydada.

Among them are the J. A. Arwine home in the 500 block on West California street, the Adrian Field home on West Kentucky street, A. E. Baker home on West Lee street, the Jim Hicks home on the Matador Highway, the B. A. Roberson home on the Ralls Highway, The Billy Brown home on south Main street.

The Clinton Fyffes have moved into their new home on South First street and the Newell Parkers have moved to their new home on West Lee street.

There is considerable remodeling, repairing, additions and painting and a general "fixing up" going on in Floydada.

HEAVEN CAN WAIT

An Omaha, Nebraska clergyman was pleased at the sudden interest in religion showed by a young housewife last fortnight. She phoned to ask for another word for the first part of the Sermon on the Mount.

"Beatitudes", the pastor said. "Thank you, thank you," came the happy reply. "If that radio quiz program calls me now, I can win at least \$25.00." —Pathfinder.

Mr. and Mrs. J. W. Pierce, of Longview, Texas, were here Friday night and Saturday morning, guest of Mr. Pierce's sister, Mrs. C. B. Pope and Mr. Pope. The Pierces are former residents of Floyd County. Mr. Pierce is in the plumbing and heating supply business at Longview.

Contract Let For Gymnasium Class Rooms

Low bidders in the Floydada Public school construction contract, designed to round out the physical plant of the Floydada school system, were Dolph Construction Company, base bidders at \$133,333, R. M. Wells company for heating and plumbing and Nipper Electric company for the electrical work.

Gross of the three bids comes well within the anticipated expenditure of \$165,000 by the school district. To the gross of \$149,247 of the three bidders must be added the architect's fee, said A. T. Hull, president of the school board. Hull estimates that the total will permit the district to carry out its plans.

School Rooms Come First

The bids cover the construction of six class rooms at Andrews ward school, and a physical education building on the high school campus. The class rooms at Andrews Ward will be given priority by the builders, said Mr. Hull. Badly as the physical education building may be needed the class rooms for the youngsters at the ward school will be given first attention, he said.

Go ahead signal on the school construction program was given the latter part of last year when taxpayers gave their approval of a bond issue of \$165,000 for the purpose.

Mr. and Mrs. J. Ray Dickey of Lubbock were among the out of town friends who were here for the Arlen White funeral Sunday.

Mrs. L. R. McMurray of Denton has returned to her home after a visit with her daughter, Mrs. C. L. Minor and Mr. Minor.

Mrs. Tom Walker of Waynoka, Oklahoma, is spending the week visiting her sister, Mrs. H. O. Pope and Mr. Pope.

Texas Takeoff Spans Border

LAREDO, Tex.—First model airplane ever to fly across an international border has its cargo, an Elgin watch, checked by E. L. Haley (center), customs inspector, before Ray Mathews of Oklahoma City (right) stows it in plane before epochal flight across Rio Grande river into Mexico. Mathews designed and built prize-winning plane.

Partial Rainfall Over the County

Rains that hit Floyd county last mid-week were somewhat unfair, following the usual pattern of a dry year.

The rains were on Thursday night. Floydada had 55-hundredths of an inch of rainfall, Dougherty and the southeast part of the county about an inch.

At Lone Star the rain fall was about one-third of an inch, and over the west part of the county about an inch.

This week farm operators have been busy trying to get a planting of cotton and forage feeds on the scant moisture afforded by the rain gods.

A considerable number of cotton acres have been gotten past the coming up stage over the county.

Mr. and Mrs. Hal Reed Bethel and family, of Lamesa, spent the past week-end with their parents, Mr. and Mrs. W. H. Bethel.

Miss Betty Boteler, teacher in the Andrews Ward school will leave Friday to attend school at WTSC, in Canyon, for the six weeks term.

Mrs. Annie M. Assiter, her son Teddy Earl, and Mrs. Minnie Woods, have returned home this week from a 10-day absence, during which they visited at Raymond, South Dakota, with George Elwood Assiter, and thence westward to Cheyenne, Wyoming, and back home by way of Denver.

Mr. and Mrs. Carl Lewis and Mrs. J. C. Covington were in Ft. Worth last weekend. Mrs. Lewis went for a check up with her doctor and was advised to remain for treatment. Mrs. Lewis is suffering from a severe case of eczema. Mrs. Covington visited her sister, Mrs. A. J. Beedy and family. Mr. Lewis and Mrs. Covington returned home Sunday.

VETERANS' Vocational News

Carl Blair of the Floydada agriculture class believes in watering land that is going in cotton before planting the crop said N. S. Abbott, coordinator of Floyd County Vocational school. The advantages of watering ahead of planting Blair thinks are:

It furnishes moisture for both germination and good root development. It also provides water to correct the normal midsummer moisture deficiency.

Other veterans in the class watering ahead of planting are: Travis Parr, James Davis, Andrew Cost-

ner, L. H. Smith, Jr., Everet Blaasngame.

The class here and the one at Lockney are studying cotton production in their regular discussion periods each week.

Visitors are welcome to attend any of these class periods. The Floydada class meets Tuesday and Thursday nights from 8 to 10 o'clock and the Lockney agriculture class from 8 to 10 o'clock on Monday and Wednesday nights, Abbott said.

Mr. and Mrs. Louie Caffee have returned from a vacation trip to Los Angeles, and other points in California. They also visited in Oklahoma City with Dr. and Mrs. Warren Poole and family.

CAMPFIRE GIRLS MOTHER-DAUGHTER TEA THURSDAY

The Cheskiminy and Wacomkiyo Camp Fire Girls held their annual Mother-and-Daughter tea Thursday afternoon at 5:00, May 11, in the private room of the American Legion hall.

The room was decorated with the Camp Fire colors, carrying out the theme of "Work and play the Camp Fire Way."

Punch and cookies were served by Dalore Gee, Genger Tinnin, Gwyn Davis and Billie Ann Goode as the guests arrived.

The welcome to mothers was given by Miss Georgann Huckabee. Mrs. Jess Patterson was presented with a corsage of white carnations

before her talk on "a gift for mothers and a gift for daughters." The program was completed with a group song.

Annual May inspection of rural routes has been completed. Postmaster Barbara and Postmistress Barbara thank the rural carriers for the perfect condition of all mail boxes on the majority of rural routes.
After inspection notices to the patrons whose boxes are not in the department's records, but this year the notices were reversed, and notices were mailed before Rural Mail Box week the first of May. Results are most gratifying as all boxes were spick and span and really beautiful for inspection. Many boxes rated 100% and posts and supports are unexcelled as they are not painted.

BABY IT'S COLD INSIDE—Technicians at the Naval Ordnance Laboratory, White Oak, Maryland, test a Naval mine at a temperature of 70 degrees below zero in the new Navy all weather chamber. Temperatures ranging from 200 degrees above zero to 100 degrees below can be created within this room designed to test naval ordnance within all of the temperature ranges on or above the earth's surface.

Center News

CENTER, May 30—How we appreciate the showers. Some have enough to plant on, and some need more.
 Some of our usual crowd were not at Sunday school Sunday, because of sickness of relatives, but we hope all will be able to be on hand for the services next Sunday and Sunday night.
 Mrs. J. D. Welborn returned home Saturday after a week's visit with her mother and other relatives in Pampa. She was accompanied by her niece of LeFors, who is visiting the Welborns this week.
 Mr. and Mrs. Floyd Montgomery of Bovina were week-end guests of his mother, Mrs. J. L. Montgomery and they all attended the Old Settlers reunion.
 Mr. and Mrs. Ross Green had for their guest over the week-end their daughter from Odessa. She attended Sunday school here Sunday.
 Saturday morning Mrs. J. B. Massingill and Susie, Mrs. K. J. Mathews and Mrs. Ruby Broyles of Phillips came by the J. E. Green's on their way to Dallas for the week-end. Mrs. Green accompanied them. They picked up Clyde Green in Fort Worth and all visited over the week-end in Dallas with Mrs. W. A. Latta who has been in the Maxfield clinic for several weeks. They returned to the Green home Sunday night and Monday dropped in at the Old Settlers on their way home.
 Mr. and Mrs. Leo Frizzell spent Sunday, as well as several other days and nights at the bedside of her brother, Mr. Carpenter of Ralls, who has been very ill for several weeks.
 The Home Demonstration club met Friday with Mrs. W. B. Jordan. Miss Petty gave another good demonstration on when and where to use stay stitching on the dress.
 Mrs. Jordan served delicious refreshments to eleven women. The threatening weather reduced our crowd some.
 The next meeting will be at Mrs. Burton's home, Friday afternoon June 9.
 There were not many at the community party last Thursday night on account of threatening weather, but those who went had a good time.
 Don Clark Green is home after the close of his teaching year in Wellington.
 Melvin Robertson is home after his graduation last week at W. T. S. C. in Canyon.
 Remember the Vacation Bible school next week. Come to church Sunday and bring someone with you.

Bible School Begins Monday Morning First Baptist Church

Announcement that the annual vacation bible school at the First Baptist church will begin Monday morning of next week, has been made.
 Rev. Earl Allen, new pastor of the church, will be principal of the school, which is to continue for a period of two weeks.
 Advance news of the beginning of the school will be made with a down-town parade Saturday afternoon. Children will gather at the church at 2:30 Saturday to join in the parade through the business section.
 Mr. and Mrs. Clarence Cuffee Jr. and Mr. and Mrs. Dowden Koeninger of Lorenzo, spent the week-end in Carlsbad, New Mexico.

Johnston Re-Union Held At Dougherty

Mr. and Mrs. Ralph Johnston of Dougherty entertained the M. B. Johnston family with a reunion last week-end. All the Johnston children were present and a lovely visit was had by the 23 present. Those attending were:
 Dr. and Mrs. J. R. Johnston and son Joe and daughter Janice of Temple; Rev. and Mrs. E. K. Shepherd and sons, David, James, and Paul of Snyder; Mrs. J. A. McKinney and sons Billy and Bobby of Clovis, New Mexico; Mr. and Mrs. Seaton Howard and daughter, Sharon of Floydada; Mr. and Mrs. Lorraine Kinchloe of Lubbock; Mr. and Mrs. M. B. Johnston, Floydada; Mr. and Mrs. Ralph Johnston and sons, Ralph and Lon.

LONG HAUL OF HAY

LOCKNEY—Probably the record distance for hauling a truck load of Floyd county alfalfa hay was recorded here Monday when a trucker from Jacksonville, Florida, loaded his refrigerator truck with seven or eight tons to be hauled back to his home.
 The trucker had brought a load of citrus fruit to Amarillo from Florida and apparently decided to load up and make his return trip pay also. He purchased the hay from the Winfred Hargis farm south of Lockney, paying \$18.00 per ton for No. 1 baled hay in the field.

Character is written all over it!
 It's a wonderful feeling to take the wheel of a magnificent new Pontiac convertible—to feel the pride of driving a car with character in every line and action.
 Naturally, the convertible is the sweetheart of the Silver Streaks, a car with a manner all its own. But character is a basic Pontiac ingredient—one that adds greatly to the pride and pleasure of owning and driving any Pontiac model you choose.
 Every new Pontiac has character written all over it and stamped deep into its background. That's an important reason why dollar for dollar, you can't beat a Pontiac!

SISTER IS GRAVELLY ILL

Mr. and Mrs. Charles L. Berry were called Tuesday morning to Blue Ridge, Texas, where Mr. Berry's sister, Mrs. Carrie Opal Kemp was reported as so gravely ill that no hope was left for her survival. Mrs. Kemp, a Floyd county reared girl, at McCoy has been very ill for more than a year, and the report of her imminent death was not unexpected to members of the family here.

DARNED NET NOT EXPRESSION OF PROFANITY, SAYS REPORT

The Homebuilders Home Demonstration club met on Friday May 26 with Mrs. D. D. Shipley. Subject of program was "M Family." Each member answered roll call with a family tradition. A talk "Growing Graciously" was given by Mrs. Shipley and history of the family was given by Mrs. Raymond Williams. Mrs. W. E. Grimes, president of the Friendship club was a guest and gave a demonstration on darned net tablecloths. Let us explain the term darned net. It is neither cursing, as it could be, nor mending, as most people think it would be, but cloths of heavy net with square holes, a conventional design worked around the border with a special kind of thread and needle. This makes beautiful table cloths, gresser scarves, place mats and other things. The next meeting will be on June 7 at the Legion hall with Mrs. T. J. Heard as hostess. A refreshment plate was served to Meses. E. L. Thomas, Floyd Piqua, E. G. Norrell, P. P. Bertrand, John A. Lloyd, Raymond Williams, W. R. Daniel, W. A. Cates, O. G. Mayfield, J. P. Moss, D. T. Mayo, T. J. Heard, R. C. Clem, Mrs. W. E. Grimes. Miss Betty Johnston has accepted a position with the R. E. Fry Real-estate and Life Insurance agency.

Brown Is Salesman for Oden Appliance

Conner Oden this week announced that S. M. (Tiby) Brown will be associated with the Oden Appliance company as salesman, effective today June 1. The company deals in the full line of Frigidaire home appliances and Brown's sale range will run through washers, ironers, freezers, refrigerators, coolers, electric ranges, water heaters, and similar items that appeal to the home owner. Brown's return to West Texas from California more than a year ago made his entry into the appliance field as salesman for the Curry Appliance company. For several weeks this spring he was associated with The Hesperian as a good will ambassador throughout the county, during which time he visited practically every home in Floydada and the rural portions of the county.

WARNING

Balls have been disappearing from the driving range north of town. These balls are not good for anything other than a driving range, and most are being thoughtlessly picked up on the hi-way with no malicious intent. If you find a ball on or around the highway, it would be appreciated if you would throw it onto the driving range.

LADIES PLAY FREE

Friday afternoon 4 to 6 p. m. We will furnish balls free.

Life of Young Aiken Farmer Claimed by Bolt of Lightning

LOCKNEY—A flash of lightning struck Winston Williams as he was plowing in a field just north of Aiken Tuesday afternoon, killing him instantly. The tractor on which he was riding was unharmed by the stroke and continued in operation until it was stopped by other people. Young Williams was 21 years of age and a former resident of this community. He is the son of Mr. and Mrs. T. B. Williams of Plainview and a nephew of R. W. Smith and Mrs. Sam Jack. Funeral services were held Wednesday afternoon at 3 o'clock at the Main Street Church of Christ. Dean Brookshire of Plainview conducted the services and interment was in the Lockney cemetery under the direction of Carter Funeral Home. Survivors other than his parents are three brothers, Duane, Bobby and Weldon, and one sister, Melba, all living at home.
