## QUITAQUE ROAD, BRIDGE PLANS SUBMITTED FOR FINAL DECISION

Bridge plans for the road south from the north end of the resident engineer's work of the resident engineer's office are concerned and what is expected to be an answer pretty soon. The construction plans call for a total of six and a half miles of hard surfaced road beside the two bridges.

The final plan adopted is due to go into the pot for a contract letting soon.

Along with the construction of this hard surfaced road will come a job of 3 1/2 miles of road building from Gasoline in Briscoe south to the Mules county line.

### June Lettings in Briscoe

Other work that has had attention of the resident engineer includes an extension of the Rock Creek road south from Francis school two miles within five miles of the Floyd county line, also a job extending five miles north from Highway 86 to a three and a half mile extension to San Jacinto school on the west plains in Briscoe county. These last-named Briscoe projects are expected to be included in June lettings.

### To Dougherty, et Cetera

Other highway news pertinent to the local situation includes the following:

The survey on the road south from Dougherty to the Floyd county line has been completed and the resident engineer's office is making up the plans now. The job is going up the line with the road work south from Lockney to Sand Hill since west to Barwise. On this part of the road building, the location work is being started. It is anticipated, according to information James F. Potts, resident engineer, has from the district office, that the Dougherty job, the Lockney-Sand Hill job and the Barwise job will be in the same contract.

## Berrys Attend Last Rites For Mrs. Kemp

Mr. and Mrs. Charlie Berry and daughter Arminta, returned home Thursday from Blue Ridge where they attended the funeral of Mrs. Berry's sister, Mrs. W. B. Kemp. Mrs. Kemp will be remembered as Carrie Opal Berry, sheltered in the McCoy community at one time. She is survived by her husband, W. B. Kemp, two daughters, Mrs. W. B. Kemp, in Germany and Mrs. Berchel Walls of Sulphur Springs, and two grandchildren.

The funeral for Mrs. Kemp was held at a funeral home in McKinney Tuesday and the body was carried to Allen, Texas, and laid to rest beside her mother.

Besides Mr. and Mrs. Berry and daughter, others present for the rites included her sisters, Mrs. Bill Latman, of Ralls, and Mrs. Harvey Bishop of Littlefield. Mrs. Walker Newkirk of Commerce, Mrs. Herbert Cannaday of Willsboro, her mother, Udel Berry of College Station, Texas, and her step mother, Mrs. W. J. Berry of Commerce. Mrs. Kemp had been in ill health for several months.

## Questions and Answers on 1950 Cotton Marketing Quota Prog'm

Several general questions have been raised in regard to 1950 marketing quota which will possibly be of value prior to the time complete information is available. These questions and answers are as follows:

1. Question: May cotton acreage in excess of farm allotment be disposed of?

Answer: Yes. Farm operators will be notified of measured acres of cotton on farm and if in excess of the allotment, will be given fifteen (15) days to dispose of the excess acreage.

2. Question: How is marketing quota penalty determined?

Answer: When it is determined that cotton acreage in excess of the farm allotment will not be disposed of, the county committee will establish a normal yield for the farm. The normal yield will be the five (5) year average in line with similar farms in the community. The normal yield x acres x 50 per cent of party as of June 15.

3. Question: Will penalty rate vary with class and grade of cotton sold?

Answer: No. The penalty rate will be based on middling seven-eighths cotton and will be the same for all penalty cotton regardless of class and grade.

4. Question: When is penalty to be paid?

Answer: To receive a marketing and penalty must be paid in advance to County Office. If not paid in advance, buyer will deduct pen-

## Sen. K. B. Corbin to Address Lions

State Senator Kilmer B. Corbin, of Lamesa, will address the members of the Lions club of Floydada at their luncheon today at 12 noon. It was announced this week by Enos T. Jones, president of the club.

It will be the senator's first visit to Floydada since his election.

The meeting place is the B & M Cafe.

Bob Finley will be program chairman for the day.

## Three-Way Tie For Top Place In Loop Play

Action in the Floydada softball league this week changed the league standings to a considerable extent, placing REA, Ralls and Builders Mart in a three way tie for first place with two wins and one loss each. Lunch Box has pulled up into fourth place and a win over one of the top three would result in a change of standing again.

In the league games played this past week, Lunch Box defeated the McCoy's 7-3, REA defeated Builders Mart 12-10 in a nine inning affair and Lunch Box chalked up a 4-0 win over McCoy seniors.

Team	W	L	Pct
REA	2	1	.667
Ralls	2	1	.667
Builders Mart	2	1	.667
Lunch Box	3	2	.600
McCoy Jr.	1	2	.333
McCoy sr.	0	3	.000

In games scheduled for this coming week play some of the leaders are due to fall in games among themselves and the lower teams are due some winning games that may see the league standings greatly changed next week. Pairings for this week's schedule will match Builders Mart against Ralls at Ralls tonight Thursday, McCoy Jr. try their older home folks at McCoy Friday, McCoy Jr. will take on Builders Mart Monday night here, and Tuesday night will match Ralls against Lunch Box here.

There has been some complaint about the games not being started on time, but the fan is again reminded that the games are not scheduled to begin until 8:30 this year due to plans for only one game a night.

## Baseball Sunday

The colored ball team, The Giants, will play the colored ball team from Quitaque, Sunday June 11, at 2:30 p. m. in the soft ball park.

The local team is inviting all ball fans to come to their game.

# Rains Aid Row Crop Outlook; Wheat Harvest Imminent

Floyd county wheat growers are all set this mid-week to begin the harvest of their grain crops. At the moment it appears that east and southeast from Floydada a crop showing profit will be realized and that the volume will be reasonably good, with little abandoned acreage. Yields of 10 to 15 bushels are promised, barring unfavorable weather in the next 10 days. Yesterday however, the weather man was saying rain for the week-end.

Despite the fact that wheat is flowing from half a dozen Floyd

county fields to Floydada and to other elevators in the county today, there isn't any doubt that the main movement of the crop to market is five days to 10 days away.

This statement is based on reports Tuesday and Wednesday from practically all sections of the county.

Also it may be said that cotton and forage grain planting is progressing satisfactorily, with a considerable bit of seed for both crops already in the ground and a lot of the acreage already up to a stand and ready to make a showing

against the heat of the summer.

**Rains Prove General**

Although the rainfall in the county the past week has been spotted, the fact remains that most every section has had enough rain to start planting and also that most every community has a considerable acreage of row crops already in the growing stage.

Last rainfall reported is about an inch. Some few sections report as much as two inches in the nine-day period since last Wednesday. For Floydada this figure is 2.07. The

rain here fell Friday night and Sunday, with sprinkles and over-cast skies in between.

**May Have To Plant Over**

At Lakeview Mrs. W. C. Wright, answering the Hesperian's phone call, said the rainfall there had been about 1.25 inches. There is plenty of moisture to plant feed. Some cotton may have to be planted over.

At Sand Hill cotton has broken the ground and looks like it may be up to a stand in two or three days, Mrs. Roy Wilkes said. At the Lloyd Hill place there cotton is

up to a stand, with plenty of rain to plant feed. Wheat, which is not so good, will be ready to cut in 10 or 15 days.

At Fairview cotton just planted may have to have another rain before it comes up. Mrs. W. B. Wilson doubts if much grain will be planted until after the harvest, which will be in a few days. About the same amount of rain fell all over that area, something like 3-fourths of an inch.

At Dougherty Mrs. Ada Hinton said that cotton on their place had been planted but was not up, and most of the row crop grain has been put in the ground. Not enough

## Solve Burglary of B & M Cafe

Two young Floyd county men, 19 and 17 respectively, have admitted helping to burglarize the B & M cafe on Highway 70 east. Sheriff Leland A. Hart said this week. And their admissions have involved a third young man, under 21, who is still at large. Admission made by the two boys came after their arrest in connection with the burglary. All three are residents of this area. The burglary was committed in the early morning hours of May 21, about 3 or 3:30 o'clock.

A hole was knocked in a sidewalk of the cafe that let the boys into the building by way of the public toilet. They took about \$78 in cash from a hiding place, where one of the boys said they watched through a window as the night crew hid the cash. No merchandise items were bothered, Farrell Gant, proprietor of the cafe, thought the following day after checking up.

**Two Other Burglaries Same Night**

There were two other burglaries in Floydada the same Saturday night or Sunday morning, but the sheriff is of the belief that these were not done by the trio involved in the B & M escapade. Present indications are that these last-named burglaries also will be solved, the sheriff indicated. Weems & Weems Texaco retail station was entered through a back window, and Braselton Implement company was entered through a back door. Small amounts of money were taken at these places.

## J. K. Holmes Asks Post in Prct. One

To the citizens and voters of Commissioners Precinct No. 1, Floyd County: I have decided to offer myself for commissioner and want to ask for your vote and support in the race. Although I have lived in the precinct upward of 30 years. This is my first time to make the race for a public office. If you elect me I will try to apply business principles to the job. My race will be subject to the Democratic primaries.

Your vote and any good word you can say for me are solicited and will be appreciated.

## A. D. (Ace) Monk Makes Statement

I am in the race for Commissioner of Precinct No. Three and am planning to get around and see the citizens of the precinct and ask for their votes.

However, if I do not get to see you I would appreciate your keeping me in mind. In the 60 years that Floyd county has been organized there has not been a commissioner chosen from the section under the hill. I believe our section is entitled to representation on the court once in awhile and I am sure I could represent the people above the caprock capably and with your problems in mind. I would work with other members of the court and give the job my utmost effort for the benefit of all the precinct.

If you will investigate and give me your support I would greatly appreciate anything done for me.

# FLOYDADA BOY SCOUTS ON PILGRIMAGE THIS MONTH WILL ATTEND VALLEY FORGE JAMBOREE

Six Boy Scouts from Floydada will join with 47,000 other American boys to form a "tented city" in Valley Forge, Pennsylvania, for one week this summer. The occasion for the formation of this 109th city in the United States with over 40,000 population will be the second National Jamboree of the Boy Scouts of America.

Taking part in the largest gathering of youth in American history will be David Willson, Jackie Henry, Larry Glassmoyer, Don Grigsby, Glad Lynn Norman, and Bill Walker.

After months of anticipation and preparation, the local scouts will join groups from other towns on the south plains as they leave by special train for Valley Forge on June 23. Enroute to and from the Jamboree the scouts will visit points of interest along the way including New York City and Washington D. C.

America's newest "city" will occupy 600 acres of Valley Forge State park, the site on which General George Washington spent the bitter winter of 1777-1778. The Jamboree site is located 24 miles northwest of historic Philadelphia. The Boy Scouts and Explorers from all over America and some 15 foreign countries will have an opportunity to inspect the locations of some of the

historic places of our nation.

**Ceremonies Begin June 30**

The opening ceremony on June 30, will include pageantry telling the story of Valley Forge with the ragged Continental Army of about 10,000 men who camped there. President Harry Truman will take part in this ceremony and will visit most of the 35 sectional camps at the gathering.

If Washington's men could see the Jamboree camp, they would marvel at the complete sanitation facilities, well-stocked food depots, and the variety of colorful tents and multiple comforts of today. The camp will have its own complete water system, telephone, telegraph, and television facilities. Jamboree planners have provided a safe sanitary camp devoid of frills in order that boys might participate.

Living by Patrols and Troops, the Jamboree campers will be equipped to carry on their own program as self-sufficient units. Each organized unit will bring its own equipment, cook its own food drawn from commissary depots, and practice democracy with everyone sharing in the camp duties and pleasures.

**Second Largest In Area**

Floydada's delegation is the second largest one in the South Plains Council being surpassed only by Lubbock.

The most experienced camper

from the local group who will participate in the jamboree will be David Willson, 17 year old son of Mr. and Mrs. J. M. Willson. David is a 5-year veteran scout, holds the Eagle Scout rank and is senior patrol leader of the local Rotary Club troop. David is also a veteran of the World Jamboree in France in 1947.

Don Grigsby is a first class scout and has been scouting for two years. He is the troop quartermaster and a former patrol leader. Don is 14 years of age and has had good camping experience to qualify him for the trip.

Bill Walker, 14 year old son of Mr. and Mrs. Grady Walker is a first class scout since May 1950, and is scribe of his patrol. He has also been in scouting since 1948.

Glad Lynn Norman is the troop bugler and a first class scout since April, 1950. He is the 13 year old son of Mr. and Mrs. Lewis Norman.

Larry Glassmoyer, who is 13 years old has been in scouting for a year and a half and is also a first class scout. He is the son of Mr. and Mrs. Ott Glassmoyer.

Jackie Henry is the 13 year old son of Mr. and Mrs. W. B. Henry of Floydada and is a first class scout. Jackie is the troop scribe and has been in scouting for eighteen months.

These boys and their parents have participated in two orientation meetings in preparation for the day when the scouts will embark on this memorable experience.

John Lott of Post, Texas, will be the scoutmaster of the troop in which the Floydada scouts will camp. He is a veteran scout, and is at present scoutmaster of troop 16 of Post. Lott will have as his assistant scoutmasters, Houston Hoover of Littlefield and Donald Reese of Lubbock. All these leaders are experienced volunteer leaders in scouting.

# CENSUS FIGURES GET DREARIER DAILY AS FORECASTS GO DOWN

Census figures for Floydada grow drearier by the day. The latest report from the census bureau says the population here is 3,188. This is more than 200 less than the more or less figure released 10 days ago.

According to these figures even the lowest guesser in The Hesperian's census contest will have a figure that is too high.

The Chamber of Commerce this week had slight hopes of getting a revision upward of the figures. Spot checks of more than 40 blocks in the town section showed less than 30 questionable names. The spot check seems to be representative of the whole community.

Red faces, double crossed by the change in the count per residence in the community, are the rule.

According to the figures released the persons per residence in the community, will figure on a basis of less than three to the house. Herebefore three plus and even four plus have been effective for reliable estimates.

## Club Members meet

Announcement that the annual meeting of Floydada Country club members will be held tonight in the lobby of Stansell-Collins company on South Main street, was made this week by B. K. Barker, secretary of the club.

Meeting hour is 8:30 o'clock. Directors will be chosen, after annual reports are heard from officers.

## Hospital Is Readied For Doctor's Return

Dr. and Mrs. Donald H. Pitts who have been on an extended trip through Europe, landed in New York on 6 of June and will arrive home Saturday, June 10 as reported by Mrs. Jewel Teague, who opened the hospital June 1 to make ready for the doctor's return.

Floydada elevators which have been receiving more or less wheat in the period of last week, yesterday had shipped no grain. The same is true of the Dougherty elevators. It appears first considerable movement of wheat in the county will be in these areas, particularly toward Dougherty and Boothe spur. Early reports of yields are encouraging, considering spring estimates.

wheat has been harvested to get an estimate on the yield per acre but it is making good.

**Cotton Up and Growing**

Around Starkey the cotton is up and growing for the most part, reports Mrs. Annie Assiter. Rain-fall in that area has been 1.5 to 2 inches. Forage grain planting is due to begin today on many farms. Wheat is not worth cutting on most farms.

At Baker, Mrs. Gilbert Fawver said there had been over two inches last week-end but none this week. Feet that is planted will have to be planted over. Wheat won't be ready to cut for a few days. Rain did the wheat a lot of good.

At Hillcrest Mrs. A. T. Swepton said there had been one inch of rain up to Tuesday afternoon, which has helped the wheat, none of which had been harvested at that time, being late in that community. Forage grain has been planted and cotton is breaking through the ground and should be up this week-end.

At McCoy Mrs. G. A. Tardy estimated the rainfall at 1 1/2 inches in the storm period. Cotton is up to a good stand, and the farmers will plant their forage feeds when the ground dries up.

Cotton and forage grains in the South Plains area have been planted. Part of the cotton is up to a stand. No wheat is being harvested. About a half of an inch of rain has fallen, says Raymond Upton, postmaster at South Plains.

Mrs. S. A. Guffee, who answered the telephone at Campbell, said the rainfall there had been about an inch. Wheat will be ready to cut in 10 days. Some cotton and some grain is up, and everything looks fine.

At Harmony J. R. Holmes said an inch of rainfall had been recorded at his place. Cotton and grain are up to a good stand.

At Center, Mrs. E. R. Melton reporting, there has been 1 1/2 inches of rain. There is no wheat being harvested as of Tuesday. Cotton is planted but not up. Few people are planting forage grains yet.

At Barwise D. L. Miller reports three-fourths of an inch of rainfall. Wheat is not ready to cut. Some grain is being planted.

At Providence Ben Quebe said that cotton is up and most all of the fields up to a stand. Wheat will be ready to cut in about 10 days.

In the community report from Aiken elevator said that about 1.5 inches of rain had fallen in that area. Everybody has a good stand of cotton, and corn and feed is up. Wheat harvest is due to start. PFD-day if the weather permits. Wheat is making from 5 to 20 bushels per acre. The market is running around \$1.90 per bushel.

# EDITORIALS

Smooth skin, healthy teeth, bright eyes and beautiful hair. These are the things that keep that "too late" problem from facing the young woman who desires to avoid being termed an old maid. There are some old maids who frankly are not displeased with their status in life. They may have seen or have heard about some of their girl friends who didn't fare so well on the sea of matrimony, or they may have found marital opportunities to their liking lacking. Anyway most girls have in mind they are going to get married. Here is a good basis for a beauty diet: good, wholesome milk. Milk has everything—minerals, vitamins, protein. Milk is the world's best reducing diet. It helps postpone that too old look. It makes you strong but supple, lovely in the dreams of that young fellow that takes you out to dinner and studies you to see how sweet you'd look in a cook apron opening a can of pork and beans! Drink milk, girls. The boys will fall for that lovely complexion, that glossy hair, those pearly teeth.

Milk is not fattening, things you hear to the contrary notwithstanding. Milk is relatively low in calories, those things that make your hips too big, your leg muscles bulge, your stomach be too apparent. But milk is high in minerals and vitamins as aforesaid. Ask your doctor. He is liable to recommend it, in fact, as a reducing diet. Milk is a food that can be used to take the place of less important foods. It keeps young women well and fit without causing stoutness. Also, it makes young men's shoulders broad and their waists slim. Make your boy friend drink milk with you, young woman.

Everybody's That Way.—Youngsters who are members of a recent graduating class gave some information to the newspaper for publication the other day that might be termed superfluous. Some kind of an error was made in the high school annual, ads left out or something of the kind. What they informed the public of was that they did not admit the fault being any part of theirs. It was somebody else who made the error. The youngsters were sorry that somebody that was not them made a mistake. This class of youngsters are not different from their elders. Never anybody yet that we know about who made a mistake. Peculiar thing about human nature. It was always somebody else. Yet, we are told that if a man can be right 60 per cent of the time and can live to be 60 years of age he will have amassed a fortune. John D. Rockefeller was the only man about whom it is recorded in American business life who was right as much as

90 per cent of the time. The rest spend much of their time telling why and how it was that something or somebody else who was wrong. Why do you suppose it is that human nature has many people spending much of their time explaining to their neighbors that they are right and somebody else is wrong?

What we would like to have every Floyd county man do for himself is to study the rise and fall of the Roman empire, the greatest governmental institution in the world before the dawn of the New World and the advent of the freedom-bringing colonists who founded the experiment we call the United States. This experiment is still brand new, although you may think of it as common place, the accepted thing, this America of ours. Students of government, of human nature, at the time of the founding, many of them said it could not last. That men like you and me would not have sense enough to preserve it. This is a matter of record in the books that they said it. What caused the fall of the Roman empire was not invasion of the Franks the Goths and the Visigoths. It was taxes. Think on these things.

**A Home**  
A home!—it is where there is ample room for five, through not enough for two . . . if enemies.

A home!—it is where all your thoughts can play freely, like children at their father's knee; it is a place where you will never fail to have kindred answer to your speech; and it is where your hair may turn grey and none will see that you are growing old.

A home!—it is where your dear memories will glimmer through time's haze like mountain peaks seen through the forest in the fading light. —Henrik Ibsen.

When the editor of a small-town newspaper was hard up one week for matter with which to fill his columns, he had his compositor set up the Ten Commandments and ran them without editorial comment. After the paper was published, he received a letter: "Cancel my subscription. You're getting too personal."

Never put off until tomorrow what you can do today. There may be a law against it by that time.

## Floyd County 14 Years Ago

Taken from the files of the Floyd County Hesperian on June 11, 1936 N. W. Williams was elected Worshipful Master Saturday night in the annual election of officers for the A. F. & A. M. Lodge of Floydada, Number 712.

J. M. Wilson, governor of the Forty-First district of Rotary International for the year closing in July, left home this week for Atlantic City where he will attend the annual convention of the worldwide service organization.

Baird Bishop won the tournament at the Floydada Country Club held last week, finished his allotted 105 strokes on the No. 1 hole, after having played the entire eighteen holes. Richard Stovall, allotted 98 strokes was second in the tournament, finishing just a short distance from Bishop, and Dr. A. E. Guthrie, allotted 82 strokes, was third. Bill Daily, given 90 strokes, was fourth. Eleven other winners were also named and presented golf balls as prizes. George McAllister was in charge of the tournament.

In their first softball game of the season, the Floydada team was defeated by the Plainview team Sunday afternoon, 3-1, on the Plainview field. Line-up for the Floydada team was as follows: Ed Jordan, catcher; John Edward Smith, pitcher; Bob Welborn, first base; Earnest Carter, second base; Darwin Callahan, left shortstop; Buster Smalley, third base; O. Lightfoot, left fielder; T. Lightfoot, center field; George Sherrill, right field; Walton Henderson, right stop.

## Grasshopper Threats

Reports indicate that some in Floyd county are being threatened by grasshoppers, said Robt. Gibson, county agent.

The past year grasshoppers were under control with the bait furnished by the federal government and the county court, however due to the drought, the grasshopper control of the federal government was not furnished this year. This means that each individual will have to furnish his own poison.

The poisons recommended are chlordane, taxophene and sodium chlorate. Chlordane and taxophene can be used as either a spray or a bait. These two poisons should be used as sprays on the grasshoppers are small, but the wings have developed before using as a spray one-half inch long. When one pound of chlordane per acre should be applied or one to one and one-half pounds of taxophene per acre should be applied.

To prepare a poisoned bait use one pound of bran and three times the volume of bran of sawdust, cotton seed hulls or ground bundles. To this add 1/4 pound of chlordane or 1/2 pound of taxophene or 6 pounds of sodium floussulfate, add water to make moist crumbly mash. The best to use is the chlordane or taxophene to 10-12 gallons of water. This is applied to the bran, and thoroughly and distribute a few inches of the bran.

Gibson said that small grasshoppers are much easier killed than the larger ones. Therefore every one should detect them as soon as possible and take control measures before the wings appear.

## Census Eliminates Assessor-Collector's Office in Crosby

CROSBYTON—All civic minded citizens of Crosby county are naturally disappointed in the census figures released Wednesday, showing a population count of only 9546.

But three young men, all candidates for the office of tax assessor collector, have reason to be the most disappointed, simply because there will no longer be such an office after January 1, 1951. This office, which is probably the busiest office in the courthouse, will be attached to the office of sheriff after that date.

## CARD OF THANKS

Just a word of thanks from the barbecue committee of the Old Settlers day. Thanks to the Holsum and Mead bakeries for furnishing the bread; Mr. Angus for making the coffee; the cold storage locker for chilling and cutting the meat, and all others who helped in any way to make the day a success.

G. L. Snodgrass, Ham Smith, G. L. Pawver and Carr Surginer, committee.

## Miss Wootie Crump Claimed By Death At Home Near Cone

Miss Wootie Crump passed away at the home of her parents, Mr. and Mrs. J. W. Crump, in the Cone community, Saturday morning where she had been a resident for 43 years.

Miss Crump had been ill for several months.

She is survived by her parents and one sister, Alma, besides other relatives. She was a niece of Mrs. Mollie Morton, Floydada and Mrs. M. B. Cavanaugh of Silverton.

The funeral rites were held Sunday afternoon at the Cone Baptist church with the pastor, Rev. R. T. Barton conducting the services. Interment was in the Cone cemetery, the Marr funeral home of Ralls having charge of the arrangements. The pallbearers were cousins of the deceased. They were Edmund, Beatie and Luther Crump and Joe, Bunt and Hugh Jester.

Friends and relatives who attended the funeral from Floydada were Mr. and Mrs. Ben Morton, Mrs. W. W. Smith and daughter Mrs. Thelma Jones, Mr. and Mrs. J. J. Spikes, Mrs. D. D. Shipley, Mrs. T. J. Lambry, Mrs. J. W. Ginn, Mrs. Orlie Ferguson, Mrs. M. A. Woods, Mrs. Annie Assiter, and Mr. and Mrs. Virgil Martin of Hale Center, and Mr. and Mrs. C. H. Payne of Lubbock.

## VETERANS' Vocational News

Eight of the veterans in the veterans bookkeeping class held at Floydada High school four nights a week, completed the first year course in bookkeeping this past week. Also, a number of students have learned how to type and have been successful in making the 30 wfd a minute typing speed test, said Kenneth Bain, jr., teacher.

Two of the students in bookkeeping class, Harold Berry and L. B. Stewart, jr., have successfully passed the bookkeeping course, and since they lack only a credit or so from graduating from high school, the Floydada High school has awarded them their high school diplomas.

The students that have been in the class for the past few months are planning to start work on Advanced bookkeeping and business law, while students that have recently joined the class are studying the beginning principles of bookkeeping and typing.

Visitors are welcome any time. Veterans wanting this training should contact the Floyd County Vocational school, Mrs. Virgie Shaw, court house.

Carroll Guthrie, son of Dr. and Mrs. A. E. Guthrie left Tuesday for Camp Davis, a boys camp at Rociada, New Mexico, 3 miles north west of Las Vegas. Carroll will be at camp from June 7 to July 5. The camp is managed by Mr. and Mrs. J. Mule Davis of Lubbock.

Mr. and Mrs. R. W. Cudd of Slaton were guests Sunday of Mr. and Mrs. J. R. Robertson.

## Good Attendance Marks Bible School Opening on Mond'y

The vacation bible school of the First Baptist church started Monday morning with Rev. Earl Allen and Mrs. Allen as principals. The following ladies are superintendents of their departments:

Mrs. Jess Patterson, intermediate; Mrs. John Gray, junior department; Mrs. C. C. Huckabee, primary; Mrs. W. C. Sims, beginners; and Mrs. J. P. Patterson, nursery.

The school will last two weeks, and there will be extra activities next week. Opening enrollment was 148 children.

### Troy Lee McNeill may make roundup despite injuries

Last Sunday around 6 o'clock, R. T. Jones and his son Gene Edward and his nephew, Troy Lee McNeill, were returning home from a fishing trip to Lake Diversion. Between Paducah and Matador, they met a car in the middle of the highway heading east. Mr. Jones had either to hit the car or the bridge and he knew by striking the car, all would be killed or badly hurt, so he chose to hit the bridge.

The pick up in which the three were riding was completely demolished, and Mr. Jones received a back and hip injury. The three were brought to the Peoples hospital where it was found that Gene Edward was not so badly hurt as Mr. Jones and Troy Lee. The latter received cuts about the face and neck. He remained in the hospital until Tuesday when he was dismissed and carried home. At a late report, all three were resting better. They had a very narrow escape.

Although Troy Lee has some rather severe cuts members of the family yesterday were hoping he would be sufficiently recovered to make to trip he has projected to A & M college for the Round-up.

JUNE IS DAIRY MONTH in Texas by official act of Governor Allan Shivers who calls on Texans to join with the Dairy Products Institute in honoring Old Bossie "for the health and life-giving qualities of her milk."

### Up-To-Date On Weed Control

Weed control chemicals, methods, and practices are known to nearly everybody today as a big thing in American agriculture. Scientists and technicians of the U. S. Department of Agriculture, of state experiment stations, and of chemical concerns have been working from many angles and the effects are widespread. One of the agronomists of the Department, L. M. Stahler, talking recently before the Agricultural Equipment Research Conference at Ames, Iowa, said the most important result is that "we have convinced 5 to 6 million farmers that weed control can be practically and profitably adopted by them as a routine agricultural practice. Their knowledge and experience in weed control, their growing interest, and their native recognition of a sound investment in a profitable practice assures us that in future years there will be an ever-growing demand for more research, improved practices and more and better equipment for applying the practices in the Nation's agriculture."

#### HYBRIDS CONTINUE GAINS

This year may be the first in the history of hybrid corn in the United States in which the percentage of the total corn acreage planted to hybrids does not increase, says the U. S. Department of Agriculture. The 1950 planting program makes this a possibility.

Bureau of Agricultural Economics records reveal a steady upward trend in planting of hybrids in the country as a whole, and in each of its four geographical regions. Last year for the whole country nearly 78 percent of all corn acreage was in hybrids, the North Central states led with more than 94 percent hybrid plantings, and in the heart of the corn belt - Iowa, Indiana, and Illinois - it was hard to find any corn not hybrid except in the fields of in-bred plants for production of hybrid seed.

The percentages of hybrid acreages in the other divisions were: North Atlantic, 84 percent; Western, 49; and Southern, 40 percent. In these regions the desirability of hybrid seed is now recognized. Hybrids are taking over the fields rapidly—as rapidly as tested hybrids can be developed and the seed grown. But in these states the preliminary development work of in-breeding and crossing did not get under way until the Corn Belt hybrids had already proved themselves.

In the states where corn is not a leading crop, the early time-consuming development work did not get underway until experience in the Corn Belt had proved the grains were well worth the effort.

As a result of hybrid corn, says the Bureau, "over the past 20 years farmers have been producing an increasing volume of corn from a declining acreage." Outside the Corn Belt, this year, it is expected that the percentage of the acreage planted to hybrids will continue to increase. But acreage within the Corn Belt—already almost entirely hybrid—is scheduled for a substantial decrease. Thus, the non-hybrid acreage in other States might amount to as great a portion of the total acreage as it did in 1949. This would be an apparent check in the trend to hybrids, but would not really indicate any slackening in their increasing popularity.

### Sweet Simplicity

French-inspired, American-made is this Fuller cotton broadcloth dress, one of the Kate Greenaway juvenile fashions featured in the February Good Housekeeping. Its sturdy seams won't "give" in the laundry, and its simple design is a friend of the lady who dunks, starches, and irons. Available in desert coral with jade trim, or gray with red, the dress sells for about \$5 in sizes 3 to 6, and a dollar more in sizes 7 to 14.

#### OUT OF THE FAMILY

When two important industrialists met at their clubs, one of them remarked: "Well, John, I suppose that now that your boy is graduating from college he'll be going to work in your factory."

"No, I'm afraid not," rejoined the other. "He said he couldn't realize his life's ambition if he worked for me."

"What's that?" asked the first. "To marry his wealthy boss's daughter," was the reply.

### Wheat Allotments For New Farms

Farms on which no wheat was seeded for harvest in any of the years 1948, 1949 or 1950, may apply for a 1951 wheat acreage allotment, according to G. B. Johnston, chairman of the Floyd County production and Marketing Administration committee. To be considered for an allotment on a new farm the farmer must apply in writing to his county PMA committee by June 26, 1950.

The application must contain evidence that the land for which an allotment is required is suitable for the production of wheat and that the operator will be largely dependent for his livelihood on his farming.

### If Chiggers Bite Dust With Sulphur Suggests Co. Agent

"How to get rid of chiggers" is the most popular request being made of the county agent the past few days. The answer is that there is no permanently effective way. Gibson said that they bite him the same as any one else.

Dusting the lawn with about 5 pounds of sulphur per 100 square feet helps rid the lawn until a rain is received or the lawn is watered, however if the sulphur is applied several times during the summer it is possible that the grass will be damaged.

The best way to keep from being bothered by chiggers is to stay off the grass especially sitting or lying. Whenever it is necessary to get in grass or weeds dusting the legs and shoes with sulphur will usually keep the chiggers from getting on the body, Gibson said.

### Dollar Day Crowds

Dollar Day crowds in Floydada on first Monday were pleasing and the traffic across local dealer's thresholds was pleasing, indicating that the offerings of merchants was worth while to the people of the area.

From Palace theatre the report comes that a large number of youngsters lined up for both the morning and the afternoon free shows there. These shows were sponsored and made possible by the local business firms in a special summer plan sponsored by the retail trades committee of Floydada Chamber of Commerce. The free shows will be repeated on the first Mondays in July, August and September. Chamber of Commerce manager Robt. H. Crowell said this week.

Miss Roberta Garret, who has been a student at Wayland college during the school year, is in Ridgecrest, North Carolina for a ten day stay at the Southern Baptist encampment.

Dale Martin of Amarillo returned home Sunday after spending last week with Glad Lynn and Don Norman.

## Driving Speed Big Factor In Fuel Economy

Are you interested in saving up to 60 percent of your gasoline bill? Such savings are possible for city drivers if they adopt a system of "Planned Driving in City Traffic" as outlined in a booklet published by the Service department of Plymouth Motor Corp. The booklet, which sets forth results of actual road tests, is titled "Fuel Economy Through Planned Driving."

Here are some of the facts the booklet contains:

By driving at 50 miles per hour instead of 70 on the open highway, a driver can save one gallon of gas or more out of every four.

City drivers, by avoiding unnecessary stops, can save one gallon or more out of every three and take only 10 percent more time over a 10-mile course.

### Lower Gears For Starting

By using the lower gears for starting, and shifting to the next higher gear as soon as the engine will run smoothly in the higher gear, a driver will get maximum fuel economy. Second gear at 20 MPH gives 15 percent less economy than high gear at 20 MPH, and low gear at 20 MPH gives 35 percent less economy than high gear at 20 MPH.

When the temperature is 30 degrees above zero, eight miles of driving are required to warm up lubricants so the car will deliver maximum economy.

There are according to the booklet, several factors which cause a car to use more gasoline at high speeds. For example: "A steady speed of about 35 MPH requires only about 10 horse-power. But, step-up that speed to around 70 MPH, and your engine has to deliver nearly 60 horse-power to do the same amount of work. You may get there a little faster, but the gasoline really melts away. To get twice the speed, you may need 10 times the horse-power."

### Avoid Stops and Starts

Increased wind resistance at higher speed and additional friction between moving parts in the engine as the speed goes up also contribute to higher gasoline consumption.

Gasoline saving in city driving, according to W. B. Rice, director of service of Plymouth, is "a simple matter of timing, looking ahead as you drive, judging the speed of traffic flow, and gauging the approximate setting of traffic lights. If you do a good job of timing, plenty of extra stops and starts can be avoided. And the fuel economy will be improved. Jet-propelled take-offs may be fun, but they're not worth the extra gas they cost. What if you do beat Joe Blow away from the traffic light? The joke's still on you because those fast starts really hurt your gas mileage."

The booklet has been distributed to Plymouth dealers.

Mrs. Lula Slaughter will leave Thursday for Long Beach, California, to visit her daughter and family Mrs. W. C. Wright. Mrs. Slaughter will fly from Amarillo. She plans to stay for an indefinite time and come home when she gets home-sick.

## Making Money, But Preachers Changed at McAdoo, Lorenzo

CROSBYTON — The City of Crosbyton's financial difficulties during the past two years have been spent through the years instead of being put back to take care of improvements and repairs, Mayor Jack Arthur told members of the Crosbyton Lions club Wednesday.

"The ice plant is and always has been profitable," he said. "The water and sewer systems are still making money. And the power and light plant is profitable although all income to date has had to go back into the plant for enlargement."

Mrs. John I. Hammond has returned home from an extended visit with her son Johnnie, in Meridian, Mississippi. She also visited in New Orleans, while away.

Mrs. Mamey L. Yeary is in Dalais where she will be for three weeks. She is to have here last operation for plastic surgery.

### To Patrons of Peoples Hospital

And others who may be interested to know why Dr. Friske left the hospital, we offer the following letter which is self-explanatory:

May 30, 1950

Board of Trustees  
Peoples Hospital  
Floydada, Texas

Att. J. P. Moss:  
Dear Mr. Moss:

I wish to thank the Board of Trustees for their kindness to me these past fifteen months. Mrs. Friske and I both appreciate the fact that I was given a job here in April of 1949 when we needed an income very badly. It is with deep regret that we leave Floydada as everyone has been very kind to us; however, you can't teach an old dog new tricks and I have decided that I just had to establish my own independent practice as my health will not permit me to tie myself to a job twenty-four hours a day.

Since coming to Floydada I have been gone only three days to the Southwestern Surgical Congress in Houston and the constant duty has worn me out so that for weeks I have been a nervous wreck. Mrs. Martin and I have kept this place covered twenty-four hours a day during my tenure. I have referred out less than twenty of your members for service elsewhere. All of these cases were specialist problems. We have obtained for you a very fine record system and have reported all of the first year's surgical work to the American College of Surgeons, asking them to inspect the Hospital and records on their next trip to Texas.

The ground has been broken and the system well established, so I hope you will always insist that your Hospital be first class. I know that this first year there is not a better run small Hospital in all Texas. Once more allow me to thank you for your kindness and allow me to wish the Peoples Hospital and Clinic all the success in the world.

Sincerely yours,  
(signed) Oscar W. Friske, M. D.

## Light Rodeo Arena At Rearing Springs

MATADOR — Plans were made Saturday afternoon to light the rodeo grounds at the Old Settlers Pioneer park in Rearing Springs. At a special meeting of old settlers officials the improvement received a unanimous approval.

A lighting engineer from the West Texas Utilities company submitted plans for the most modern type of lighted rodeo arena. The plans were accepted without change.

Financing of the lighted arena will be through the revenue sources of the association which includes sales of various concessions, and dances held at Pioneer Pavilion.

### RETURNED TO MATADOR

MATADOR — Rev. Marvin Brotherton received re-appointment as pastor of Matador Methodist church when appointments were read at the close of Northwest Texas Methodist conference of Big Spring Sunday.

Rev. Brotherton has served as pastor here for the past two years.

A former pastor, Rev. G. E. Turrentine of Abernathy, has been assigned to Amarillo 10th Street church, and other Amarillo district appointments include Rev. Oscar Bruce of Bovina.

Rev. L. W. Baker was appointed to Whiteflat - Flomot churches and Rev. W. J. Knoy was appointed to Rearing Springs. He is a former Whiteflat pastor.

Home Town Folks Make Appearance Soon on West Coast

Distinguished visitors in Floydada Sunday were Wichita Falls representatives, Mr. and Mrs. E. L. Head, who were guests of the Tilford Taylors.

The Heads are enroute to California and a series of radio appearances there that will register back in Texas on the American Broadcasting system.

The Heads will be away from home a month and will spend the intervening time on the west coast and in the west and northwest. Head has been designated as a deputy sheriff of Wichita County, in Texas, by the sheriff there, Ham Vance, and will wear guns and other paraphernalia suggesting the west Texas motif.

Mrs. Head is the former Bertha Roberts, daughter of the late Mr. and Mrs. J. F. Roberts, Floyd county pioneers. The Heads are in the furniture business at Wichita Falls and have the backing of Wichita firms in their westward trip advocating West Texas enterprise.

Mr. Head will appear on the "Welcome to Hollywood" program at a date to be announced over KPDX.

Mr. and Mrs. O. J. Schmitt of Colton, California are the proud parents of a 7 pound son, born May 22. He has been given the name of Terry Lyndell. The Schmitts have one other son, Jimmy, who is 3½ years old. Terry is the grandson of Mrs. A. L. Spence and the nephew of Mr. and Mrs. Bufi Huckabee and Mr. and Mrs. T. R. Noland.

### Snodgrass re-Union at Lake McClellan

Mr. and Mrs. Glad Snodgrass, Mr. and Mrs. Lewis Norman and sons, Glad and Don, and guest Bill Walker, Mr. and Mrs. G. L. Snodgrass, Mr. and Mrs. Everett Miller, Mr. and Mrs. Carrick Snodgrass and daughter Elaine and her guest Billy Newberry, were among those who attended the Snodgrass re-union which was held Monday, June 5 at Lake McClellan, north of Clarendon.

There were 125 descendants of C. Snodgrass present for a bountiful dinner. After dinner the invited guests came and the club house was filled to overflowing with songs and dancing and just talking. A wonderful time was reported by those who attended from Floydada.

Mr. and Mrs. Earl Edwards, sr., accompanied by their daughters and husbands, Mr. and Mrs. Frank Pite of Abilene and Mr. and Mrs. Maxey McKnight of Wellington, attended the graduation exercise at A. & M. College Friday, where their son Earl, jr., received his bachelor of science in agriculture degree. Earl jr., will be associated with his father in dairy farming in the future.

Mr. and Mrs. John Austin and their daughter, Mrs. Joe Wright and Mr. Wright and baby daughter, Ann spent Sunday with Mrs. Austin's parents, Mr. and Mrs. W. A. Shaw.

## Hockley Asks Water District

LEVELLAND — Hockley county has asked the state board of water engineers to define boundaries of an underground water reservoir for the purpose of forming an underground water conservation district.

Bert Eads and Burnett Roberts of the Hockley county farm bureau announced that petitions bearing the signatures of 87 property-owning, tax-paying voters in Hockley county have been mailed to the state board of water engineers.

The petitions request formation of a district "for Hockley County and such additional territory as the board sees fit."

Boundaries of the district, under provisions of House Bill 162, must coincide with those of an underground water reservoir or subdivision thereof, as defined by the board. The board must hold a hearing in Hockley county before announcing the boundaries, giving land owners who wish to be included or excluded from the district an opportunity to appear.

Hockley county is the second high plains county to take the step. Dallam County expects the board to call a hearing in June at Texline to announce boundaries of a reservoir there.

Lamb County is circulating a petition for designation of a reservoir, and reportedly has about 200 signers.

Miss Dorothy Anderson, who was operated on at the West Texas hospital last week, was brought home Saturday morning. She is reported as doing nicely.

Seed production on Lockview Farm have contributed to the improvement of grain and cotton produced over a wide area. This year, Lockview Farm is selling state-registered Paymaster "54" cotton planting seed and certified grain sorghum seed, including Martin, Plainsman, and 7078 Combine Miles, standard and early hegar, and sumac or red top cane. Several new varieties are now being multiplied for the first time, and will be offered next year.

Bob Stewart has been cooperative in trying out new crops, including okra, gourds, sunflower and sesame for oilseed crops. He has been among the first in the area to plant Hubam clover, Austrian winter peas, and vetch for soil-building crops. He now has plans for combining the cattle business and permanent pasture grasses with seed production on Lockview Farm.

Mrs. W. H. Alexander has returned home from Portales, New Mexico, where she has been visiting in the home of her son, Randall Alexander. She is reported improving from her recent illness.

Miss Molly June French will be a student at Wayland college in Plainview for the summer months.

## Wilton Green, Wounded June 3, In Fair Condition At Hospital

The condition of Wilton Green, 14, son of Mr. and Mrs. Herschel Green, of Baker, was described as fair this mid-week at a Dallas hospital, where he was taken by his parents Sunday morning following emergency treatment Saturday afternoon and night at Peoples hospital in Floydada. The youth underwent an operation Monday in the Dallas hospital.

The youth was accidentally shot by his younger brother, Bobby, 12, Saturday shortly after 12 o'clock while they were on a rabbit hunt. The accident occurred a half mile or more south of the Green farm home. When the boys jumped a rabbit, Wilton started moving toward it, and Bobby, following the rabbit in his sights, fired. The bullet struck his brother in the side of the back. Following the accident Wilton sent the younger brother back to the house for his mother. While attempting to get the youth to a hospital quickly her car stuck in mud of the prairie from a shower the evening before and she had to call for help of her sister, and neighbor, Mrs. Tate Jones.

Wilton is a crack shot. Two weeks ago he won the Floyd county 4-H club rifle championship and placed high in the district competition which followed. He finished grade school in Floydada in May.

## New Commissioner Is Mrs. Fred Clark

The new commissioner of Precinct No. 1, Mrs. Fred N. Clark, has been sworn in to succeed her late husband, Fred N. Clark, who died on Friday night, May 26.

Mrs. Clark was tendered the appointment by Judge G. C. Tubbs, last week after her husband died of a heart attack on the week-end previous.

Mr. Clark had announced as a candidate to succeed himself. Prior to his service as commissioner Mr. Clark had served the county for six years as sheriff.

## New Pastor Begins Baptist church work

The Rev. Earl Allen and wife and daughter, Norma, have arrived in Floydada to make their home. Rev. Allen is new pastor of the First Baptist church, having moved here from Seagraves last week. He preached his first sermon as the pastor last Sunday.

Monday morning he and Mrs. Allen began their work as the principals of the vacation bible school. Rev. Allen is a preacher and man of pleasing personality and ability. The members of the church and the citizens of Floydada welcome the family to our city.

## BASEBALL TOMORROW

The American Legion junior baseball team, sponsored by the Bishop Motor company and the American Legion, played their first game of baseball in Plainview Tuesday afternoon, where they were defeated 10 to 2.

The Juniors will meet the Level and team here Friday afternoon at 4 o'clock, at the Floydada softball park.

The admission is free and everyone is invited to help boost this team.

## ATTEND BANKERS MEETING

Mr. and Mrs. E. L. Norman and Mr. and Mrs. Glad Snodgrass of the First National bank, attended the 45th annual convention of the Panhandle Bankers association in Amarillo, Saturday and Sunday.

"Did you give your wife the money you won?"  
"Sure thing! I told her to buy some decent clothes—but she said, 'I've worn decent clothes all my life; now I'm going to dress like other women.'"

Mrs. Oleta Pruitt, attended the Russell Morrison Beauty school in Lubbock Sunday and Monday, which was held at the Lubbock hotel; others attending from Floydada were Mrs. Elizabeth Armstrong, and Miss Viola Gollightly.

## Mt. Blanco News

MT. BLANCO, June 6—The community club will meet at the community house Friday night June 9. The program will consist of a talent show. A weiner roast will be held outdoors; everyone come.

Rev. and Mrs. Alvin Hammond and children spent Sunday in Knox City where Rev. Hammond was to preach at the 11 o'clock hour at a home-coming of graduates of the high school there.

Mr. and Mrs. Davis Bishop and

family of near Post visited the Holt Bishop family Sunday.

Miss Catherine Appling spent the week end in Lubbock with relatives. Mr. and Mrs. C. A. McClure and Mr. and Mrs. W. B. Allen and girls were Sunday dinner guests of Mr. and Mrs. Hoyt McClure.

Sunday afternoon visitors of Mr. and Mrs. C. A. McClure were Mr. and Mrs. Harold McClure and son Austin, and Mr. and Mrs. J. R. Barker of Plainview.

Mr. and Mrs. Weldon McClure and Margaret were Tuesday night visitors of Rev. and Mrs. Alvin Hammond and children.

Mr. and Mrs. Dennis Taylor and sons really got around. They were Sunday dinner guests of Mr. and Mrs. Tilford Taylor in Floydada and Sunday night supper guests of Mr. and Mrs. Horace Cage in Spur.

The commencement exercises of the vacation bible school were enjoyed by a large crowd last Monday night.

Jerry McClure spent last Monday in Plainview with friends at Wayland college.

Mr. and Mrs. Al Galloway and children of Cone visited her parents, Rev. and Mrs. C. E. Dick Sunday.

Mr. and Mrs. Weldon McClure and Margaret were Monday dinner guests of Mr. and Mrs. Garnett Jones and Billy in Crosbyton.

Rev. C. E. Dick preached at the Sunday morning service in the absence of Rev. Hammond. The night service was rained out.

Most everyone is ready to start combining as soon as the fields are dry enough to get in them. The cotton is really looking good.

## Crowell Says Many Good Ideas Given

Robt. H. Crowell, manager of the Floydada Chamber of Commerce and Board of County Development said yesterday that the meeting of the Texas Chamber of Commerce managers in Amarillo this week had developed many basically sound ideas in community promotion, which he would aid local civic workers in applying to Floydada conditions.

Crowell came home Wednesday morning after spending the period since Monday morning at the meeting.

## PSYCHOLOGY

"I've decided on a name for the baby," said the expectant mother. "I shall call her Minerva."  
The young husband didn't care much for her selection, but being a tactful fellow, was far too wise to object verbally.

"Fine," he agreed. "That's a beautiful name. The first girl I ever loved was called Minerva, and the name revives happy memories."

"There was a brief pause, then: 'We'll call her Lucy Jane; I think I like that better,'" said the young wife.

—Santa Fe Magazine

From a Young Polio Victim's Letter of thanks to a Benefactor: "Now I have an iron lung and you have a heart of gold."

"Gracious, Mrs. Jones, how do you do when Bobbie is half dollar?"  
"Oh, it wasn't serious. Bobbie held him up by the neck and shook him and out it know he works for the Revenue Bureau."

"So you don't believe Bobbie is as sorry as she says?"  
"Well, when I gave her the 500 insurance check, she was crying and said she'd give \$5,000 of it to have him back."

### A Farm Man Thinks

By Nellie Witt Spikes  
 A very warm smile at another old-timer and you could see it at Floydada last week. The old-timer and tears of joy and smiles, but tears of joy and smiles. Mr. Surpless had done a good job of it. The Reunion will go down as one of the very best in the history of reunions. We were handed on to capable hands as it always is. Omer Parrish will not fail his part and next year will be another happy time. "This barbecue good," one another as they ate from well plates. The coffee, too, was good. Something about a barbecue makes people come like bees to an alfalfa patch and like the way take away the "honey" for the memories of the years. Judge Chapman made an interesting talk about this country as the actual settlers came, of men and Indians and Soldiers of an old rancher that to tell tales to the younger generation. "There was an awful cold that winter, the Judge said it was out on the prairie and it was in the drifting snow. I had to eat two weeks and had to eat but wild plums. Well, oh, pioneers. Drought, hardships, loneliness and discouragement. Cold snows and blue northerners, they fought them all and they were victorious, leaving a fine hope and faith and in-coming to the ones who are living now. Speaking of honey did you know that Matt Kirksey near Lorch has hives of bees which make honey of Crosby county flow. He gave us a pound and how it is. I can taste the wild honey. I loved so well. The white of the red winecup, the meag-yellow curls. And some honey the fragrant waxy white loc-blossoms. And I think I know the reason Matt likes to have honey on his table. Bertha is a biscuit maker and my, how it goes with hot buttered bis-

### Pontiac's Popular Chieftain In 1950 Dress

Pontiac for 1950 has many appearance and mechanical changes resulting in sharpened beauty and improved performance. Both six and eight cylinder engines again are available in all Chieftain and Streamliner models and the horsepower of the eight cylinder engine has been increased. The new Chieftain is the popular Chieftain four-door sedan.

 "Sweet as the tender fragrance that survives,  
 When martyred flowers breathe out their little lives;  
 Sweet as a song that once consoled our pain,  
 But never shall be sung again,  
 Is thy remembrance. Now the hour of rest  
 Hath come to thee. Sleep, loved one, it is best."  
 And this poem is reprinted for the father and mother, Mr. and Mrs. J. W. Crump and sister Alma D.  
 "God brings them home, His children of the light;  
 They live the life abundant in His sight.  
 There is a break, their works do follow them  
 Still are they builders of Jerusalem.  
 In earth's unfinished task is no defeat.  
 What God began, He will in Heaven complete.  
 God brings them home: now they behold His face,  
 Receiving, as they serve Him, grace for grace.  
 The lowliest in the ranks of the redeemed  
 Have great possessions - above all they dreamed.  
 The Prince of Suffering leads the beautiful throng,  
 Each singer master of the perfect song.  
 Time now no more the worker's hand arrest,  
 All that on earth was good, grows there the best.  
 The seeker now holds fast the truth he sought;  
 The prophet's dream is into glory wrought.  
 The harpers, bending o'er harps of gold,  
 New harmonies of Sovereign love unfold.  
 They are all perfected, but not apart;  
 Wing touches snow - white wings, heart joins to heart.  
 Complete are they, and theirs, in God alone;  
 While as the rainbow around the Throne.  
 God brings them home. He has their place for them.  
 The singing builders of Jerusalem.  
 So it is not goodbye to this friend who suffered so much but it is, "I will see you in the morning where the silver river flows and the flowers of eternity bloom by its side and where God reigns, I know we shall find you."

### Ann Jones and Paul Polasek Wed In Early Morning Ceremony

At early morn Sunday, Ann Jones, daughter of Mr. and Mrs. Fred Jones, Lakeview community, became the bride of Paul Polasek, of Lorenzo, son of Mr. and Mrs. Frank Polasek.

Rev. Oscar Mayo, pastor of the Lakeview church, read the double-ring ceremony before an improvised altar decked with white asters and baskets of white and pink carnations, in the home of the bride's parents.

Mrs. James Jones of Panhandle was matron of honor. She was dressed in grey crepe, trimmed with lace and her corsage was of pink carnations.

George Owens was best man. The bride was a picture in a street length white dress trimmed in satin and lace. Her finger tip veil fell from a net covered coronet trimmed with gold satin and tiny pearls.

To carry out traditions, for something old the bride wore a strand of pearls given her by her brother; for something blue, she wore a blue garter, and carried a white bible topped with pink carnations.

Mrs. Jones, mother of the bride, was dressed in a navy crepe dress, with a corsage of white carnations. Mrs. Frank Polasek, mother of the groom was dressed in navy and her corsage was of white carnations.

After the ceremony, a reception was held in the home. The bride's table was lain with a hand crocheted tablecloth. Anita Tooley registered the guests at the bride's book. Mrs. James Jones served punch.

Mrs. Polasek graduated from Floydada High school in 1948. Mr. Polasek served three years in the army. After a wedding trip, the couple will be at home in the Lakeview community where Mr. Polasek is engaged in farming.

### Camp Fire Girls Get Awards at Ceremony

Twenty-one girls of the Cheskimay Chapter of Camp Fire Girls were awarded the trail seekers award in special ceremonies held at the American Legion hall, Thursday afternoon at 4 o'clock.

This is the first rank in the Camp Fire organization and represents the accomplishment of many activities. The girls also received their Camp Fire ceremonial jackets at this occasion.

The awards and jackets were presented to each girl by her guardian. The mothers and sponsors were special guests for the afternoon.

Those girls who received awards were Cheryl Crawford, Burdellene Huckabee, Sonia Beth Wilson, Gloria Cartel, Margaret Whitfill, Nancy Carol Meredith, Vanda Carter, Sue Durham, Billy Ann Goode, Janette Marquis, Gay Grundy, Sandra Collier, Marjorie Turner, Darlean Laminaek, Patricia Hill, Gwynn Davis, Sherry Dale Darden, Kay Gallaway, Linda Macey, Maudean Barbee.

### Mrs. Amburn Miladies Sewing Club Hostess

Miladies Sewing club met Wednesday afternoon at 2 o'clock at the home of Mrs. Pueter Amburn.

Roll call was answered with a handkerchief exchange. Each member then took a sack and made a cup towel for the hostess.

It was decided that each month the club would present a sunshine package to some shut-in. Gifts for the first package will be brought to the next meeting the first Thursday of July at the home of Mrs. W. H. Bethel. At this meeting our secret pals will be revealed.

Refreshments of ice cream and cake were served to the following members: Josephine Lyles, Agatha Pratt, Vida Womack, Ruth Lyles, Addie Chesnut, Lucy Bethel, Marjorie Jones and the hostess.

The visitors were Mrs. A. O. Beck of Dumas and Miss Doris Earlene Jones and Mrs. Glen Amburn and children.

### Open House Welcomes Clover Family Home From South America

Mr. and Mrs. Charles B. Smith and Mrs. Charles Trowbridge held open house on Sunday May 28 from 4 to 7 p. m., honoring Mr. and Mrs. George Campbell Glover and sons, Charles and Billy. The Glovers have returned to the United States to make their home, after living in Sewell, Chili, South America for 7 years. Mrs. Glover will be remembered as Irene Trowbridge. Other members of the family present were Mrs. Alvin Oglesby, Ft. Worth, Mr. and Mrs. John T. Watson, Dallas, Mrs. John Will Vance of Coleman and Joe T. and Jack Smith of Lubbock. The tea table was covered with a Venetian linen cloth, and tea and coffee were served from a sterling silver hand wrought tea service made in Chile. Garden flowers were arranged throughout the house. The following ladies served at the tea table, Mrs. Everett Miller, Mrs. Walter Hanna, Mrs. Roy Hale, and Mrs. Lee Kidd. Seventy-five friends called during the afternoon.

### Methodist Women met Monday at the Church

The Woman's society of Christian service of the First Methodist church met on Monday at the church. Group singing and prayer by Mrs. George Stiles preceded the installation service in which Rev. R. N. Huckabee officiated. The business session was presided over by the chairman, Mrs. W. H. Bethel. Mrs. Will Snell reported that different shut-ins had been visited and other names were taken as sunshine sisters. The society voted to meet on Tuesday, instead of Monday, and at 4 o'clock, instead of 3 o'clock. Mrs. John W. Reue was presented with a life membership pen and certificate, for her outstanding work for the society. Devotional service was led by Mrs. J. D. Colville. The society is studying the book, "We, the people of the ecumenical church." The study teacher, Mrs. L. P. Martin, gave the part, "One World" and "Church Unions," by Mrs. John W. Reue. The officers of the society will meet at 2 o'clock Tuesday, June 13, for two hours training in their new work at the church. The treasurer, Mrs. J. M. Daniel, reported \$325.00 pledged up to date. Twenty-nine members were present and nine visitors, Mrs. F. M. Smith of Port Arthur, Texas. The closing hymn was, "Where He Leads me I Will Follow." The closing prayer was by Mrs. Bob Henry.

### Mrs. Asher Hostess For Womans Council

Mrs. Victoria Asher was hostess for the meeting of the Woman's Council of the First Christian church at her home on Monday June 4. Mrs. Fred Brown presided over a short business meeting, and Mrs. E. A. Powell concluded the study of Paul, reviewing the last chapters of the book, "A Man who wrote scriptures," and using many Bible references. This proved to be a very helpful and inspirational hour. A fruit drink, cookies and mints were served to those attending: Mesdames L. H. Dorrell, J. B. Jenkins, Kinder Farris, R. Fred Brown, John Farris and granddaughter, Lucinda Morehead of Plainview, Charles Probasco, J. C. Wester, Fay Maxey, E. A. Powell and Mrs. Asher.

### Deckers Celebrate First Anniversary

Mr. and Mrs. Lane Decker celebrated their first anniversary June 2 with a canasta party. After the games pictures were taken of the bride and groom, cutting the cake, a replica of the wedding cake used at the wedding on June 2, 1949. Also pictures were made of the guests who were the following: Mr. and Mrs. Lyndel Roberts, Mr. and Mrs. Fred Martin, Mr. and Mrs. Russell Looney, Mr. and Mrs. George Mize, Mr. and Mrs. Sam Spence, Mr. and Mrs. H. S. Calahan, Jr., Mr. and Mrs. Glen Day, Mr. and Mrs. Edward Wester and Misses LaRue Graves and Mary Eunice Hennessee. The cake was served with pink lemonade.

### MRS. BRADSHAW HOSTESS FOR SEW AND SO CLUB MEET

Pay Dell Bradshaw was hostess to the Sew and So club, June 1, at 3:00 p. m. After a short business session, the afternoon was spent sewing and crocheting by those present. Refreshments of ice cream and cookies were served to Pauline Webb, Letha Lightfoot, Josephine Switzer, Lorene Newberry, Alma Ross, Betty Horton, Vera Rimmer, Fay Dell Bradshaw and one visitor, Tinnie Galloway. The next meeting will be held on June 15, in the home of Minnie Barton.

### CENTER CLUB MEETING

The Center Home Demonstration club will meet with Mrs. C. W. Henderson at her home on Friday June 23, with a covered dish luncheon and meeting. Mrs. Alene Graham of Crowell visited Mrs. E. L. Angus for a few hours on Tuesday on her way back to Crowell from a visit in Lubbock.

## 4-H Round-Up Promises Busy Days June 13-14

The campus of Texas A. & M. College will be a bee-hive of activity next week. 4-H club members from every section of the state will move in Sunday afternoon, the 11th, to be on hand for the 4-H annual judging and team demonstration contests on Monday. The 4-H Round-Up will be held June 13-14 and it will be followed by the annual conference, on June 15-16, for all agricultural extension personnel.

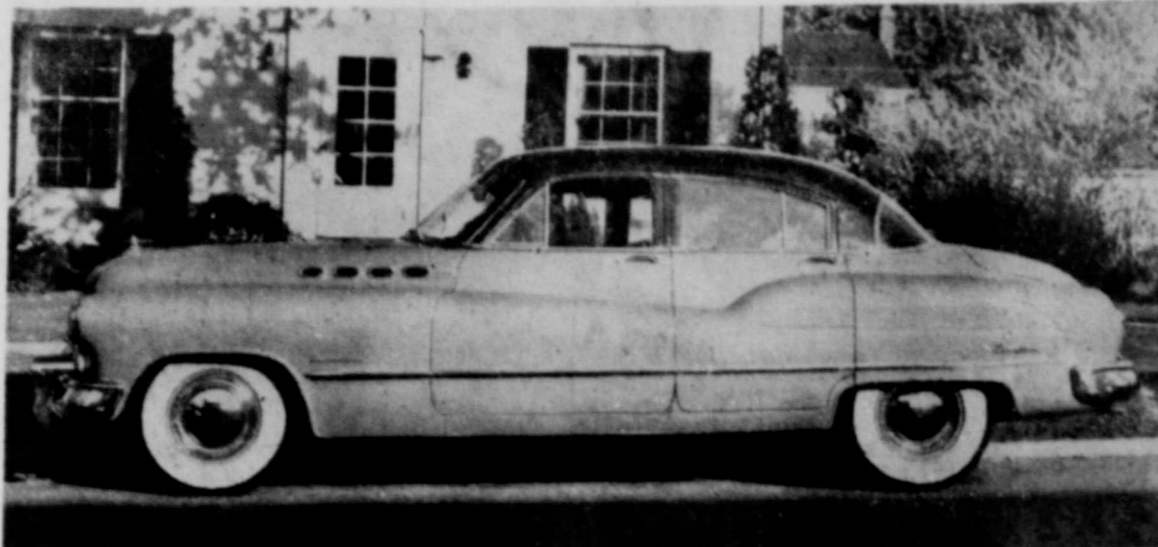

**Under Way Monday Night**  
The 4-H Round-Up will get under way Monday night with a get acquainted program—a jeans and calico round-up. For the second year, Billy Triggs, minister of music, First Methodist church, Wichita Falls, will direct the group singing—always a favorite part of the program for the 4-H delegates.

Director K. G. Gibson, Texas Agricultural Extension service, will welcome the 4-H boys and girls to Texas A. & M. and in rapid-fire order will come the introduction of the officials of the College and the A. & M. system. During the afternoon, visits will be made to different departments of the college for special shows. The evening program will be highlighted by the annual 4-H leaders banquet and the State 4-H dress revue.

Featured on the Wednesday morning program will be reports from the 1949 out-of-state 4-H trip winners. Lee Ruth Stevens, Dallas county; Beverly Runnels, Brazoria county; Harry Lee Schneider, Guadalupe county and Carter Gene White, Garza county will report on National 4-H club camp. Fred L. Sutton, Menard county, will report on the American Youth Foundation camp, Danforth award. Betty Bernsen, Nueces county and Alton Nelson, Wharton county, the 1949 International Farm Youth Exchange delegates from Texas, will report on their trips to Sweden and Denmark. Barbara Dean, Johnson county, will describe the activities of the 1949 national 4-H club congress.

Address by A. & M. President  
This section of the program will

## Buick Roadmaster for 1950

Tops in the Buick line for 1950 is the stately Roadmaster six passenger sedan. Inches shorter than its predecessor the car has a more powerful engine, a completely new body and features a one-piece curved windshield. Note the full taper-through of the front fenders, the wrap-around bumpers, spacious trunk and the narrow rear quarter panel permitting the rear window to come well around to the side providing better rear vision for the driver.

be followed by an address by President M. T. Harrington, Texas A. & M. college. The afternoon will be devoted to the special departmental shows on the campus.

The final night program on Wednesday will feature 4-H talent and the presentation of the awards to the winners in the various contests. The talent show will be in the form of a pageant and will be held at Kyle Field.

Leaving from Lubbock Sunday morning on one of the three chartered buses from District 2 to attend the Round-up will be the delegates and adult leaders from Floyd county. Shirley Womack will enter the State Dress Revue contest, and delegates from the Girls' 4-H clubs will be Mona Williams and Patricia Spears. Their adult leader is Mrs. J. P. Taylor from South Plains.

The 4-H Club boys attending the Round-Up will be Billy Joe Hambricht, Bob Hambricht and Troy Lee McNeill. The boys will represent District 2 in the State Grass Judging contest and be delegates for the Boys 4-H clubs in Floyd county.

### Center News

**CENTER, June 6**—Another good shower Sunday night. We wonder if it will help the late wheat, and any way row crops are coming up.

Bro. Hodges filled his regular appointment Sunday. We had forty present for Sunday school and stayed for preaching. We had a smaller crowd Sunday night, since it was soon to rain.

Bro. and Mrs. Hodges and Jerry, also Mr. and Mrs. Ross Green dined in the R. C. Ross home.

Don Clark Green visited in Plainview Tuesday and Wednesday and made himself useful around his brother's chicken farm. Thursday he went to Lubbock to enroll for the first six weeks in Tech to do work on his masters.

Mr. and Mrs. J. E. Green went to Plainview Saturday and brought home Margaret who has finished her second year in Wayland.

Mrs. J. R. Robertson visited last week in Houston with her sons, Bobby and James and family.

Mrs. Joe Robertson, Jr., and daughter Joana were week-end guests of the J. R. Robertson family and attended church here Sunday.

Melvin Robertson has accepted a summer job in Kentucky. The Frank Dunns are recovering from the mumps.

Dorothy Anderson a former Center girl, on Monday, May 29, stood a major operation in a Lubbock hospital and Saturday she was brought home where she is convalescing.

Bobby Plumlee, Center's soldier boy in Alaska, has arrived in the States, and he is to be hospitalized, probably in Denver. He was injured some weeks ago in an explosion.

Center's Vacation Bible school opened Monday morning with an enrollment of twenty five.

Mr. and Mrs. Sutton and family of Halfway, have moved into the house occupied last year by the Ashton family. We welcome them into our community.

Mary Alice Plumlee left Saturday for Plainview where she will enroll in Business College.

W. L. Hartline accompanied Mr. and Mrs. Fred Reeves to Lubbock Saturday where he visited with his brother in law, Mr. Butcher, who has been ill for weeks.

Norma June Ross spent Friday night with Dovie Willis. June Hartline was a Sunday dinner guest of Margaret Green.

Patsy Robertson spent Saturday night with friends in town. The next club meeting will be an all-day meeting with Mrs. Clyde Henderson on June 23. Each woman bring a covered dish.

**FAMILY TREAT.** They'll all have fun in this roomy 4-door Sedan with generous luggage space for trips. Shown here is the SPECIAL. Same body type available also in the SUPER series.

## Look at the FUN you're missing!

**S**URE, we know—a car is a "necessity" these days. A modern family "couldn't get along without one." Or so you tell yourself.

Come, come, sir! We know, and so do you, the real reason you got the new-car fever—and the kind of car you are hankering for.

**Y**ou want a car with some fun in it, don't you?  
A car you'll get a big bang out of every time you see it parked in front of your house—every time you slip into its front seat—every sweet and easy mile you travel in it.

Well, come see what this beauty does for you.

**H**ow the doors swing open in warm welcome at a thumb touch on a button. How the broad seats invite you to take it easy. How the big straight-eight under the

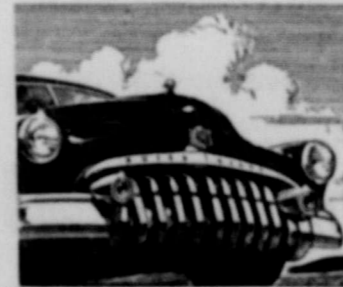

bonnet snaps into purring life at your toe-touch.

And then note—

How smoothly you slip away from the curb—especially when Dynaflo\* is handling the power transmission.

How firm and steady the whole car feels. How it holds on curves, free of "heel-over" and sway. How each coil-sprung wheel quicksteps over bumps and rough spots that mean jounce and jiggle on most cars—how buoyantly road-free a Buick is.

\* Dynaflo Drive is standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

### FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horn," (4) makes parking and garaging easier.

**F**un? You bet it's fun—too much fun to miss.

And there's no reason to miss it, really, for this strapping traveler is priced under many sixes. Starts at figures just an easy step above the so-called Lowest Price cars.

What's keeping you from trying one, when the nearest Buick dealer is ready to demonstrate without obligation any time you want to call on him.

**Only Buick has Dynaflo—and with it goes!**

**HIGHER-COMPRESSION** Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.)
