Rain and Hail Lash Crops; High Water Slows Travel

Maybe today or tomorrow on some farms, by Monday or thereabouts, there will be a resumption of wheat sowing, feed cutting, and other operations. Meanwhile the most of the farm operators await drying out of the topsoil so they can go to work again.

Some areas the rainfall was less. Northeast of Floydada the heavens opened up and rain fell in torrents. Monday turbulent clouds sent many scurrying to the cellar and others stood in awe as they watched miniature tornadoes sweep across the country.

One of these, Highway 70, northwest of Floydada, has about 2 to 4 inches of water for several yards. Another, the Sand Hill road, one mile west of Floydada, has a stretch of road several yards that is several inches deep in water over the pavement.

The rainfall in the eastern portion of the county, particularly the northeast, was so heavy as to make travel of roads and lanes out of the question. Several residents of that area were marooned away from home and a number were marooned in their homes in that area.

FIRST BALE 1950 COTTON

Floyd county's first bale of cotton was ginned Saturday by R. R. Ferguson of the Sand Hill community. The bale weighed in at 575 pounds, with 960 pounds of seed, and was ginned by the Farmer's Coop Gin.

Migrating Hawks Farmers Friend

The average fellow about town who craves to get out on an afternoon and do some shooting, often-times notes the migrating hawks fly in to this area in the fall and considers he must be doing everybody a favor when he drives around a farmer's premises and picks off the feathered predators from fence posts with his powerful little rifle.

J. P. Moss Points Out to Hunters

Generally the hunters drive down the lanes, through gaps and around and do their shooting from the car. The farm operator fears for his livestock in the first place, and secondly had much rather have the live hawk on top of the post watching for rats than dead at the fence row for the rats to devour.

# EDITORIALS

Leaving the Korean situation, taxes, and high finance, for the moment only, to wiser heads and better informed persons, we speak of the weather, in line with what all the neighbors are doing. We don't speak too kindly, since it is the fashion of the week to complain about the unequal distribution of the weather in our kind of a country. Sometimes, often, it gets dry and stays dry too long. Occasionally it gets wet and stays wet too long. This is one of the times when it got wet and stayed wet too long for our continued complacency. Our customers need for it to dry up and stay dry for 70 days, and we need for it to do the same thing, and then come a good rain or some kind of moisture.

The weather man ought to know that, even if the wheat sower and the cotton harvester and the maize men are to be disregarded, we have some building going on between spells in Floyd county. The new court house, the new dwellings, the new school house and physical education building, need dry weather. You can't build in a puddle of water. We mention this just in passing. The court house job, the school house job and all that will be another two years of finishing if August and September weather continue. Five days a month isn't enough time for a man building a house to make any showing. We also point out that more than one woman in Floyd county wants to be sure to have a new house ready to move into by Christmas day. All of these things add up, and the longer the skies weep the more unhappier we'll be.

Among the other vexing things, big and little, that you have to watch out for now, if you are a customer of the West Texas Gas company take a look see at your bill. It may come due on one date when you think it comes due another and you'll pay a penalty. The gas company doubtless has ponderous reasons why you should like it the way they are doing it, but the more ponderous the less excuse you'll see. If you don't let your temperature get too high and your blood pressure mount the irritation of it will be less pronounced. West Texas Gas company has become big business now, growing from a lesser size in the past two decades. They'll want to insist that it isn't any trouble to you and you should like it.

If each family in the nation would use one extra pint of milk; an extra quarter pound of butter; an additional quarter pound of cheese; an extra 1/2 can of evaporated milk and one extra pint of ice cream per month, the entire surplus of dairy products and milk would disappear.

The worst thing about those Washington bureaus: they have too many drawers!

Up there somewhere we mentioned insects, the indigenous varieties of which have always told in advance of the kind of weather another season would likely bring with it. These insects, to which we refer to in kindly vein as prairie life, in contrast with army worms, leaf worms, boll worms, wire worms, have been telling the story of the weather in advance all the time. This prairie life also includes little rodents, prairie dogs, ground squirrels, hawks, broom weeds, mesquite trees and things of the kind. If the hunters had not killed off all the buffaloes they'd probably be a lot of help, too. Right now we can't do anything about what happened back in the seventies, so please disregard that reference to the buffalo. To make a long-winded dissertation somewhat shorter, none of these things foretell a hard winter. With all the other signs pointing to a rough one, we just wonder if they can be wrong, or if we are rusty on the lingo of the tarantulas and things. The cycle of weather years, the kind of summer we have had and many other things point to hard cold and lots of it, early freezes and disappointment in the date of the first frost. Our "authorities" out on the prairie do not speak of it that way. It has us bothered.

**A Hard Looker.**—Associate Justice Meade F. Griffin is a handsome sort of fellow, as seen by another man, which makes us ponder over how he came to be chosen as the Democratic nominee in view of the hard-looking pictures somebody put out through the newspapers of the state. Judge Griffin is not a Frankenstein, nor is a brigand, as the people must have decided in August. But they had to make up their minds against the appearances. Perhaps they had seen the man and decided the photographer just didn't know, or had had a bad night. The judge won and that is fair enough, but he ought to have those pictures all destroyed.

Right now there is moisture way down in the ground, there are bugs growing and multiplying, there are wheat to sow and maize to gather, and bundles that are sprouting in the shock. These are worrisome things. Multi-scores of things like that on every farm in Floyd county add up to enough for a first class peeve. We merely call these things to the attention of the weather man. We do disclaim responsibility. True, we crowed over July rain and part of the August rain and an inch or so of the September downpour. Now, we are campaigning for dry weather with the distinct understanding that we want more wet weather later on, when the time comes.

No allowance a man gives his wife compares with the one she makes.

## Floyd County 14 Years Ago

(Taken from the files of the Hesperian issue dated October 1, 1936)

Rains which have fallen all during the month of September, averaging from 7 1/2 inches in Floydada to around 14 inches in the south east part of the county was followed by a cold wave and the thermometer registered 39 degrees, only seven above freezing point. Floydada Sunday. East plains crops had a close call. Less than a hundred bales of cotton had been ginned in Floyd county up to two weeks ago, when the rains set in and with hundreds of tons of maize waiting in the fields to be gathered, thousands of acres of fall wheat to plant, and many, many fields of bundle feed to get in the silo or in shock, there is more to do on all the farms in the limited time, than can be done, unless the signs stay right and we need some dry weather. Records disclose that October 9 is the earliest date on which a killing frost has occurred here in recent years.

# Looking for honest-to-goodness COMFORT

# Better Buy Buick!

YOU'VE probably heard a lot of talk about comfort in 1950 cars.

But we'd like to offer one suggestion, which is—let a Buick speak for itself.

We'd like to have you settle yourself (your family too, if you

have one) on a Buick's soft, deep, comfort-angled cushions, and see how restful they are.

More than this, we'd like you to sample that comfort in motion. Slip your fingers around that slender steering wheel, touch toe to treadle and take off in the smooth, unbroken surge of power that Dynaflo Drive\* delivers.

We'd like to have you hunt out some of the less-smooth streets or back roads that never seem to get fixed—and put Buick's soft coil springing and solid underpinning to tough and practical test.

\*Standard on Roadmaster, optional at extra cost on Super and Special models.

All the while, be thinking about what such riding and driving ease can mean on long, all-day trips, and compare it with what you've been used to.

This whole experience is bound to make you want a Buick—and when you ask "how much" you'll get a second pleasant surprise in the low delivered price your dealer is quoting—prices that start at a level that is actually lower than you'd pay for some sixes.

Your Buick dealer is the man to see and this is the best of all times to see him. Drop in, won't you, to see about getting an order signed?

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note; (2) saves on repair costs—vertical bars are individually replaceable; (3) avoids "locking horns"; (4) makes parking and garaging easier.

The Jackrabbits scored touchdowns in the first, second and fourth quarters to make the victory an undisputed one, and were never in serious trouble after the opening few plays.

Ralls repeatedly opened gaping holes in the Whirlwind line and made most of their yardage through the line behind powerful down-field blocking.

The Whirlwinds showed little life and spirit, and missed blocks and tackles throughout the game. Holes seldom opened in the line for the 'Winds and end sweeps on pitch outs were unsuccessful when Ralls ends and line-backers broke up plays.

Practice on fundamentals seems to be the order of the day for the Whirlwinds, before work on the technical points can be started and polish added to plays.

Into the national achievement record has gone this phenomenal tire rubber economy—never known or possible before!

Not an ounce of wasted rubber yet each tire can give every owner years, instead of miles, of safety and service—his one tire investment for years to come.

With local communities solidly backed by extensive dealer investments in service and maintenance equipment, all of the original safety mileage of these unique tires is continuously renewed and renewable—when other tires are giving up their lives.

They are tires that work and serve at the very heart and core of the national economy in normal times, and in every possible rubber emergency.

They have set up entirely new standards of safety and mileage by which other tires are now being judged and measured, everywhere in the United States.

Whether with black, or with whitewalls, they provide their exclusive Protective Curbguard, their new Royaltex Tread and Traction, and they deliver up to 60% more safe mileage.

They have resulted from many years of continuous research, experience and U. S. Rubber investment. They are the only such tires in the world, priced as low as life and safety permit.

They are the tires that now roll and serve with the nation, with tire rubber economy never known before, remaining fresh and new in safety when other tires are giving up their lives.

## Wiley Dies in Crash in San Angelo

Funeral services were held Sunday afternoon at 2 p. m. in the First Methodist church here, with Rev. R. Dean Wiley, 22, who was killed in a truck wreck near San Angelo, where he was employed by the Dean Bakery.

Wiley was driving the bread truck for San Angelo bakery when it was involved in a crash on the highway near San Angelo. Slippery roads are supposed to have caused the accident. He was unharmed, but the truck was damaged.

He was carried to the hospital in San Angelo and passed away at 2 p. m.

Wiley was the son of Mr. and Mrs. J. R. Wiley, born November 15, 1922, at Fyvana, Scurry county, Texas. He had been working in San Angelo for the past three years, and was employed by the B. F. Bood company.

Wiley graduated from Floydada high school with the class of 1946 and was a member of the First Methodist church.

He is survived by his parents, his brothers, Richard, Frank and James, and his sister, Mary Elizabeth. He also has a half brother, James Bailey of Plainview, Texas, and his cousins and grandsons, J. S. Saunders, of San

Angelo; Clarence McCandless, Wayne Russell, Henry Russell, James Wiley and Johnny Christian. Interment was in Floydada cemetery.

Out-of-town relatives here for the funeral services were Messrs and Mrs. G. W. Wiley of Snyder; James Wiley and daughter of Sweetwater; Travis Rhodes of Snyder; Glen Holladay, son and daughter; J. L. Christian and son J. E. Christian of Texarkana, Texas; C. D. McCandless and daughter and sons of Lockney; Howard Boatman and sons of Kress; T. H. Tedford, Plainview; Monroe Woods and son of Tulla and James L. Bailey and family Plainview; and Messrs. J. D. Saunders and Murrel G. De Langley of San Angelo.

### CAKE MAKING SCHOOL

The ladies of the Harmony community met last Wednesday in their club room for their first lesson in cake decoration, taught by Mrs. Bernice Buchanan. A good number of the ladies started with the first lesson and more will probably attend the other classes. The course of lessons, not only includes cake decoration, but special pastry and candies.

## Methodists To Observe World Communion Day

The First Methodist church is to observe World Communion Sunday on the first Sunday in October. On that day Christians of the whole world will be at God's table in the sending of his son. The Methodists will take an offering on that day for "Suffering and Service", which means relief of the hungry, and Christian bibles and devotional books for men in the armed services and in hospitals. At the table of the Lord Christians will remember all the children of the world.

Another special feature for Sunday morning worship hour at the First Methodist church is public recognition of Christian teachers and the installation of officers and teachers of the Sunday school.

On Monday evening at 7 o'clock the Sunday school classes along with the church as a whole are to have a covered dish supper honoring their teachers. A general good fellowship meeting is being planned for this occasion by the Board of Christian Education. All friends and members of the Sunday school and congregation are invited. The Martha Girls class are to take the lead in serving.

## Caterpillars Like Good Old Poplars

The tent caterpillar is ruining many valuable trees throughout the county, states Bob Gibson, county agent.

These worms eat the foliage from the trees which weakens the tree and quite often causes that portion of the tree to die. These worms can be controlled very effectively by thoroughly spraying the tree with a 5% DDT solution. One application usually is sufficient, however more than one application should be used if necessary to control the worms, Gibson said.

## Brownwood Broth'r of Mrs. Orman Dies

BROWNWOOD — Charles Ancel Norton, 58, of 2110 Avenue D died in a local hospital at 2:30 a. m. Monday, following a heart attack.

Funeral services were held in the Davis-Morris Chapel at 2:30 p. m. Tuesday, with Dr. W. B. Gray officiating. Burial was in Greenleaf cemetery.

Mr. Norton was born February 23, 1892, in Kansas. He was a resident of Brownwood for the past 36 years. He had been an employe of Weatherby Motor Company for over 25 years, working in every department of the company. At the time of his death, he was shop foreman.

Mr. Norton is survived by his wife, a son, Charles Norton, Abilene; four daughters, Mrs. Ruby Belvins and Mrs. Merle Graham, both of

Eastland, Mrs. Faith King, Abilene, and Mrs. Grace Graham, Cisco; his mother, Mrs. Mary A. Norton, Floydada; one brother, Ted Norton, Kansas City, Missouri; six sisters, Mrs. D. B. Rambo of Huntsville, Miss. Lola Norton of Quinlan, Mrs. P. L. Orman of Floydada, Mrs. Alfred Dye of Roaring Springs, Mrs. Harold Thomas, Bangor, Maine, and Mrs. Joe Oldham, Brownwood, and 13 grandchildren.

Pallbearers were Flen Harris, Wayland Hill, J. W. Powell, Frank Haynes, Walter Leach, Albert Hoffman, Walter Emison and A. L. Carlisle. Honorary pallbearers were Joe Weatherby, E. J. Weatherby, and members of the Knights of Pythias and Modern Woodmen lodges.

Mr. and Mrs. F. L. Orman and her mother, Mrs. Mary Norton and sister, Mrs. Alfred Dye of Roaring Springs attended the funeral Tuesday. All Mr. Norton's sisters were

present with the exception of Mrs. Harold Thomas of Bangor, Maine, who was unable to attend on account of the distance. The only brother, Rev. Ted Norton of Kansas City was present also.

### MR. AND MRS. SANDERS MAKE TRIP DOWN-STATE

Mr. and Mrs. Otho Sanders returned Sunday from Denton, where they spent the last week making arrangements for their daughter, Martha Lee to enroll in North Texas State Teachers college. Classes begin on September 25.

Miss Sanders was the honor graduate from the Texas school for the Blind. Martha Lee plans a music education major.

Mr. and Mrs. Sanders visited with her brother and wife, Mr. and Mrs. R. V. Bartlett of Fort Worth and Mr. and Mrs. G. E. Hodge of Fort Worth.

### KINGS ENJOY GREAT MONTH

Mr. and Mrs. J. L. King are home from a one month visit with relatives down-state. Their daughter and family, Mrs. Billy Pace of Beaumont came out on August 20 and Mr. and Mrs. King returned home with them. They visited in Galveston, Port Arthur, spent a week with relatives in Houston and in Fort Worth, visited with nephew of Mrs. King, Horace Mitchell and family.

In Denton, they were the guests of her daughter and family, Mrs. J. W. Burgett, where the Rev. Burgett is superintendent of the Children's home. Then they went to Weatherford to visit another daughter, Mrs. Charlie Byars, and then visited in Graford with a sister of Mrs. King. They returned home Monday afternoon and report a wonderful month.

Don't Be Satisfied With Symptomatic Relief!

# HADACOL NOW MAKES IT POSSIBLE TO RELIEVE THE CAUSE OF YOUR SICKNESS

Neuritis Pains, Stomach Disturbances, Indigestion, Gas, Constipation, Certain Nervous Disorders and a General Run-down Condition When due to lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin in your system!

Read How These Folks Benefited Who Had Such Deficiencies

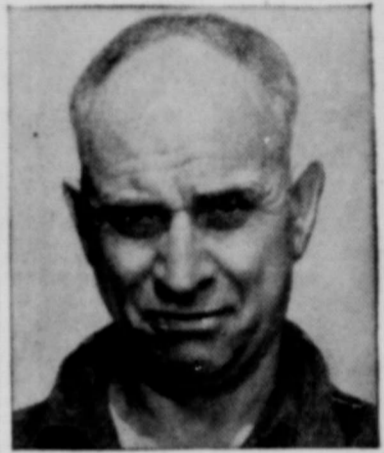

Mr. Anthamatten, 4731 South 32nd West Ave., Tulsa 7, Oklahoma, suffered from stomach distress for quite some time. He had spent much money trying everything possible for relief and was in bad health when he started taking HADACOL. He says, "After taking three bottles of the \$3.50 size, I've gained 27 pounds and now eat anything I desire and positively have no trouble." (HADACOL gives such wonderful results because it actually relieves the REAL CAUSE of stomach distress [gas pains, heartburn, indigestion after eating] due to such deficiencies. And continued use of this great HADACOL helps prevent such distress from returning.)

Mrs. Mabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio. "Before I started taking HADACOL I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible pains. Then I heard about HADACOL. After the second bottle the pains and aches were about gone. I'm now starting my fourth bottle and am on top of the world. I eat well and, best of all, the aches and pains are completely gone." (Mrs. Kitchen is a very smart woman because she relieves the REAL CAUSE of her neuritis pains due to such deficiencies. HADACOL often brings a wonderful improvement within a few days' time.)

Mrs. J. Scieszinski, 514 Kruger, Ottumwa, Iowa, writes: "My daughter, Marilyn Sue, is 5 years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results. She has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take HADACOL, too." (HADACOL is a great "builder-upper" for sick, nervous, puny kids whose systems lack precious Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin. A big improvement in their well-being is often noticed within a few days' time after taking the great new HADACOL.)

Mr. Henry Angel, RD No. 1, Springfield, Ohio. "I used to suffer great pain from neuritis aches in all parts of my body, especially in my legs, arms and shoulders. I never got any real relief until I tried HADACOL. After taking several bottles, my pain is all gone. And I'm working every day." (Now there's a smart man! Mr. Angel took HADACOL and relieved the REAL CAUSE of his neuritis pains because they were due to such deficiencies. HADACOL is helping thousands upon thousands of grateful men and women troubled this way. Why don't you give HADACOL a chance to help you? Start taking it today!)

**IMPORTANT!** Why don't you get that wonderful HADACOL feeling everyone is talking about? In this modern age, wise folks are no longer satisfied with symptomatic relief — because now it's possible to relieve the cause of such deficiency sickness with that wonderful new HADACOL. HADACOL not only supplies deficient systems with extra quantities of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin but also helpful amounts of precious Calcium, Phosphorus and Manganese—vital elements every human being must have to maintain good health. You owe it to yourself to give HADACOL a fair trial. Many doctors recommend this great new HADACOL. It's sold on a strict money-back guarantee. Trial size, \$1.25. Large family or hospital size, \$3.50. © 1950, The Leffell Corporation

## Cole & Walters Circus Known As a Good One

With the coming of the well known Cole & Walters circus and menagerie to Floydada Wednesday, October 4, for an afternoon and night performance, local circus goers are assured of seeing real circus performance in addition to having the opportunity of visiting a vast collection of wild animals in the large menagerie being carried this season, including lions, tigers, bears, apes, monkeys, kangaroo, elephants, camels, etc., featuring for the first time with any circus, a real baby hippopotamus, also a baby elephant and mother.

Under the big top this season will be seen a number of stellar big time circus acts including the Kreil

family, famous European acrobats; Miss Jeanie, sensational juvenile contortionist; Eddie Sheeler, comedy cyclist; Neilson Sisters, Aerialists; Lucky Devere, champion lady gymnast; Van Duo, teter board acrobats; Marie Webbles performing chimps, who ride bicycles, roller-skate, etc.; Wally Ross and thirty tons of performing elephants in all three rings; Wayne Newmans famous white horses; and ever popular feature for the kiddies, Cole & Walters prancing ponies, riding dogs and monkeys, always a hit. A host of clowns that are really funny.

Special low prices will prevail for this menagerie. All children are invited to the show grounds at 10 a. m. to see the animals fed and watered, an education in natural history for the children. The elephants will be down town at noon circus day.

### Church Will Honor Workers, Teachers

The First Methodist church will honor their Sunday school workers and teachers at the worship service on Sunday morning, October 1. A public installation service is to be conducted by the pastor and will come at the end of the sermon.

This plan makes it necessary for all classes to finish their organization so their presidents and teachers will be ready for the installation. It is hoped all pupils will plan to attend, honoring their own personal teachers.

### V. W. HENNESSEE ATTENDS FATHER IN LAST HOURS

### METHODIST MEN MEET

On Wednesday night the Methodist Men met for their monthly program and fellowship. The meal was served by the Men's Bible class. The program was arranged by Gayle Mayo and Coach L. F. Gresham.

Miss Marlene Foote of Dallas spent the week-end in Floydada visiting her parents, Mr. and Mrs. C. D. Foote. Marlene is employed at Neiman-Marcus in Dallas.

## As A Farm Woman Thinks

Nellie Witt Spikes

Father calls me William Sister calls me Will. Mother calls me Willie— But the fellows call me Bill. Big Bills, Little Bills, Long and Tall Bills, Short and Fat, old and young—well they were all at Ralls last Saturday having a grand time. The non-Bills looked on and wondered why their family had not named them Bill. We all applauded, too, helped eat the barbeque and thoroughly enjoyed the unique day. Nature gave her best, cool and just a few clouds to keep the sun from being too hot on our heads. The parade was grand and I watched my grandson, Joe, go by on his yellow horse, the other, little Billy Wheeler riding with Sed Waller and smiling like the movie star, Bill Elliott who was leading the long parade round the square.

Hats off to Bill's Day at Ralls and may there be many more of them.

Outside the rain is falling, sometimes a soft weeping, but then comes a sudden downpour. I got time between showers to run out and get some greens and Mr. Spikes says they smell so good. Gathered about a gallon of tomatoes that somehow got by the worms and spoiling from too much rain. I will make some corn bread and thus the day will be brightened up.

Mrs. Will Snell and I went a visiting yesterday. We had such a nice time at the Calhoun home. Their new basement room is dandy. We went on to see the Meek family and enjoyed their yard. She gave us some ripe figs she just pulled off the tree. She said that figs would do well here and not die out if kept watered in the winter. I think that is the cause we lose so many things in this country. We do not think to keep watering when the cold days come. The Meeks have so many lovely trees, vines, shrubs and rose bushes. She cuts her beautiful flowers and gives them away. I brought home some rose cuttings from her house and Mrs. Calhoun gave me some yard Jew. From their garden to my gar-

den. And from my garden to their garden some day, I hope.

What are some things our boys are fighting and dying for in Korea? Have you been thinking of this? They are in this fight so we can worship God and have religious freedom. Do you go to church? Do for me to have the things I do not have? Why should some give their lives for me to have the things I do not take part in? Why should we hoard and gripe, safe at home when danger and death face so many? Let's all of us ask our-selves some searching questions as young men go forth to war. Let's do our part here at home. Rev. Huckabee gave such a fine sermon about our duties. Let us all cherish the freedom which our forefathers fought to give us and not fail in our part in holding it against the evil forces of the world.

"Heaven's gate is shut to him who comes alone; Save thou a soul, and it shall save thine own!" "We have no time to sport away the hours; All must be earnest in a world like ours."

Mr. and Mrs. James O. Anderson, who have been living in South Dakota, at Willow Lake, for the past several months, have returned to Floydada to put in their wheat crop and are living now at 229 West California street.

Little Miss Julia Ann Miller has arrived to make her home with her parents, Mr. and Mrs. Weldon Miller of Route 3, Floydada. She was born in Plainview on September 10 and weighed 9 pounds and 6 ounces.

## Famous Rodeo Program Ready

HUNTSVILLE—October 1, 1950, marks the opening day of the nineteenth annual prison rodeo that continues throughout the four remaining Sundays of October. Shut-ins and others unable to make the trip to Prison Stadium may still obtain a glimpse of the most famous show in the entire southwest, by mail.

Hot off the press and just completed are the 1950 Souvenir programs, giving the entire picture story of the rodeo. This program is compiled and printed by inmates of the prison. The 1950 programs are bigger and better than ever; seventy-four pages of expertly printed enamel book paper containing over 150 different pictures of the rodeo in action and many behind-the-scenes. The purchaser is taken on a tour of the institution and shown the workings of the Texas Prison system in its program of rehabilitation.

The price of these interesting and informative prison rodeo souvenir booklets is 50c; plus 10c for mailing and handling. Proceeds from these sales are deposited in the inmates' education and recreation fund, as are all other rodeo profits. Orders may be sent to A. C. Turner, director of rehabilitation, or to "The Echo", Box No. 32, Huntsville, Texas.

### Checks Agonizing Sciatic Pain Fast!\*

It's brand new! SURIN for speedy, temporary relief of local, superficial pain of arthritis, neuritis, rheumatism, burnitis, sciatica, lumbago\* and also fatigue and muscular aches and pains of simple colds. Here is the secret of SURIN's fast action and blissful temporary relief of local superficial pain. SURIN is based on a new application of a principle which permits a marked degree of absorption of the analgesic drug through the skin and treats the pain at the point of pain. SURIN contains a modern research drug — b-methacholine chloride, a powerful ingredient to dilate surface blood vessels when used locally at the point of pain. SURIN has 2 way action (1) it increases the superficial blood supply (2) allows relaxing agents, camphor and menthol and local analgesic, methyl salicylate to penetrate rapidly. SURIN acts fast. In a few minutes you feel a soothing warmth and get relief lasting 1 to 3 or more hours. No internal dosing with SURIN—use it locally! SURIN is quite different from old-fashioned ointments and liniments. SURIN may be applied without fear and is so easy to use. Has new ointment base that is smooth, creamy-white. Washes off quickly in warm water. Does not stain washable fabrics. Money back at your druggist if not satisfied.

\*SURIN is not intended as a cure or treatment of above diseases. It is to be used only for temporary relief of local superficial pain.

## 1922 Study Club Year Opens with a Coffee

The Nineteen Twenty-two Study club opened their club year with a coffee, given by the social committee, Mrs. R. E. Fry, chairman, in the Fry home on Thursday morning at 10 o'clock, September 21, with Mrs. O. P. Rutledge, Mrs. J. B. Jenkins and Mrs. Glad Snodgrass as co-hostesses.

Coffee and spiced tea were served from a silver service, on the dining table covered with a rose taffeta ruffled floor length cover, with a center piece of rose dahlias. A dainty and appetizing menu was served with the coffee, with Mrs. Rutledge at the coffee service and assisted by Mmes. Jenkins and Snodgrass and Fry.

Mrs. E. L. Morehead, president of the club, presided at a short business meeting, after which the program was had, with Mrs. E. L. Angus as leader in place of Mrs. E. A. Powell, who was ill. Mrs. Morehead gave the presidents message, then Mrs. Fry told of the social side of the year book program and Mrs. C. K. Arnold, chairman of the program committee, told of the study side of the year's program.

The next meeting of the club will be with Mrs. P. W. Bell on Thursday afternoon, October 5, at 3 o'clock p. m.

### Hostesses Entertain For the Wesley Girls

Mmes. L. C. McDonald, Noel Troutman, James Colville and Sam Thurmon were joint hostesses Wednesday afternoon of last week at a social for the Wesley Girls class of the Methodist church. The entertaining was done in the home of Mrs. McDonald, 302 South White street.

Mrs. Geo. V. Smith, president of the class, presided at the business meeting. Officers were elected for the coming year for the class. Mrs. Bob Henry read the minutes for the year. Mrs. W. O. Tye gave the devotional. Games were directed by Mrs. R. N. Huckabee.

## H. & S. Butane Company Adds Two-Way Radio

With, if not ahead of, the other companies in Floyd county is the H. & S. Butane company. The installation and operation of a two-way radio system was completed on an FM radio station in the town of Floydada as well as the installation of four of the company's two-way radio contact. These rural phones helped speed the time of delivery to the people of Floyd county, thus decreasing the customer's time in dire need of fuel. "The installation of this two-way radio system is a great step in the time of delivery to the customer," said Buck Hickerson, manager of the butane business. "It is a great step in the time of delivery to the customer, and it is a great step in the time of delivery to the customer." Now when an order is placed, we will notify a truck driver possibly within a mile or the customer's residence, thus insuring a very prompt fill-up order. The company feels that this radio system is particularly handy in rush seasons such as irrigation season when unexpected cold snaps when the supply of fuel and are shivering they wait for the truck to arrive. Now trying to stay up with the times and give our customers the best possible service, and feel that this is a long step in that direction making our plant one of the most modern in this part of the county," said Hickerson.

Mrs. W. A. Cates and Mr. Cates accompanied their daughter, Mrs. A. C. Lewisville, Texas, recently with another son, Mr. and Mrs. C. Cates in Gentry, Arkansas. Cates, son of the W. A. Cates returned home with them from Wayland college in Arkansas. This is Lonnie's second year at Wayland.

Mrs. E. P. Nelson and Mr. S. W. Ross have been visiting their sister and husband, Mr. and Mrs. J. D. Baggett for the past week.

## Funeral of Sister Held at Winnsboro

Mr. and Mrs. C. L. Berry, sr., have returned home from Winnsboro, where they attended the funeral of Mr. Berry's sister, Mrs. Herbert Cannaday who was buried near there September 23, after her death in a Dallas hospital on Monday night September 18. She had been in ill health for several months, but was not thought seriously ill until about two weeks ago.

Mrs. Cannaday was the former Emma Lou Berry, born at Campbell, Texas in 1907. She moved with her parents in 1914 to the McCoy community, being a daughter of the late Mr. and Mrs. W. J. Berry. She married Herbert Cannaday in 1933, and he and two children Dwain and Francis survive her. She joined the Baptist church at an early age, and was a member of the Mt. Zion Baptist church near Winnsboro. Her mother, Mrs. W. J. Berry of Commerce, and four sisters and three brothers also survive, all being present at the funeral. The sisters are Mmes. Maggie Lathem, Ralls, Arjerie Bishop, Littlefield, Etta McLain, Ralls, Evelyn Newkirk, Commerce. The brothers are C. L. Berry, Floydada, George Berry, Commerce and Udell Berry, Bryan, Texas.

## MRS. E. B. MAYHEW HOME AFTER AN EXTENDED TRIP

Mrs. E. B. Mayhew returned home last week after two months in Arkansas, Oklahoma and Missouri with relatives and at Cedar Rapids, Iowa, with a niece, Mrs. Klein. Mrs. Mayhew reports seeing hundreds of acres of fine 100-bushel corn, and the Missouri river was doing its part by overflowing. "I enjoyed every minute while gone but returned to Texas satisfied my lot has been cast with such fine people," said Mrs. Mayhew.

## CALIFORNIA GUESTS DEPART

Mrs. A. L. Spence and Mr. and Mrs. O. J. Schmitt and two sons, Jimmy and Terry left for their homes in Redlands and Colton, California, after spending some three weeks here visiting Mrs. Spence's daughters and Mrs. Schmitt's sisters, Mrs. Burl Huckabee and family and Mrs. T. R. Noland and family.

Mr. and Mrs. Schmitt and children also spent about ten days of their time visiting Mr. Schmitt's parents and other relatives in Illinois.

Mr. and Mrs. John Dickenson of Jacksboro, Texas, are guests of Mr. Dickenson's sister, Mrs. Lula Slaughter and his niece, Mrs. W. L. Fry and Mr. Fry.

## Family re-union has Grown to Include a Whole Community

W. A. Gound returned this week after a 4,000 mile trip that lasted 17 days and included stops in Tennessee, Georgia and Florida.

At Martel, Tennessee, Mr. Gound attended what once was a family reunion, but in the last few years

has actually become a community affair. From Martel, Mr. Gound traveled to Florida to visit his sister and family, Mrs. G. A. Newman. Mr. Gound reports crops in favorable condition with the exception of too much rain to the coast. Also the roads were excellent except for a spot or two, and these short strips were under repair at the time.

D. I. Bolding, jr., of Wichita Falls, spent Sunday with his parents, Mr. and Mrs. D. I. Bolding, sr. D. I. is with an oil company in Wichita Falls.

## VISIT NEW GRANDDAUGHTER

Mr. and Mrs. O. E. Murry spent Saturday in Canyon visiting their son and family, Floyd Murry and to see the newest addition to the Murry family circle, their new granddaughter, Janis Vee, born September 21 in the Canyon hospital. She is also the granddaughter of Mr. and Mrs. J. E. Mitchell of Pampa, formerly of Floydada. Floyd is coach of the Canyon High school football team, the Canyon Eagles.

# Another New Service Added

Floyd County has one of the best rural telephone systems in operation today which has increased the speed of receiving orders. This was of great value in reducing time involved from time of need to time of delivery, however, speed of receiving orders alone was not the solution to efficient delivery.

## ADDITION OF TWO-WAY RADIO COMMUNICATION ON FOUR TRUCKS

Along with the increased speed of order transmission, we have added a two-way F. M. Radio Station with two-way communication with four trucks. This enables us to transmit to a truck, probably in the vicinity of the person ordering, and eliminating the delay of returning to town after each delivery, reducing the time of delivery by hours in many cases.

Pictured Above: H. & S. Butane Co. and Service Station on west side of the wye in Floydada. In the background is the tower for the main radio station recently installed.

We have installed this system to render a quicker and better service to our customers and prospective customers in the Floydada - Lockney area. This service is for you . . . take advantage of it . . . for your next order phone No. 89 or 156 Lockney and enjoy the benefits of this "stepped up" delivery service designed to stay ahead of the times.

(Continued)  
**Whirlwind B Squad**  
 Defeated Tulia 7 - 0.

Hard hitting F. H. S. "B" team scored early to ease by the home team at Floydada last night.  
 After the Green and White received the ball, a pass from Clark reached G. B. Capshaw for the goal line for the touch-down. Little J. V. Harkins circled and for the extra point.  
 The fight hard but only the Wind's goal once. The drive was stopped on about twenty yard line.  
 The second victory for "B" team which is setting a new example.

### QUACKER

Little ducklings! Let's get feeding "de gossip can" in Baker's office.  
 This is that Virginia Morris wants to win? Could it be George Webb? Wake up Burgett.  
 Webb seems to have made up his mind that it's Evan's and not else. Good luck kids! You are a cute couple.  
 Kenneth E. who was that red you were with the other night? On and tell us.  
 Is it that's been making at Denny Smalley. It could be any freshman could it, Denny?

Seems that Kenneth B. and a girl are getting along okay these days. How about this, Morris? As though Norma Ross and Griffin are going steady. Pretending aren't you, kids?  
 J. D. Woody going with Fran? Make Aurie Bell jealous or is he really like her?  
 Is this girl that Jimmy Dale was with? Could it be Eddie from Sandhill?

Wonder why Norma Ross doesn't English class anymore. Could it be because Mrs. Johnson moved Griffin across the room?

Seems as if Aurie Bell doesn't seem to go with J. D. Boy or Bernard Sharp. Come on, Bell. They are both cute.

Isn't this I hear about Roy Kincaid and Denise Turner getting away thick and sitting together in the halls? Maybe a new romance.

Is that boy at whom Barbara McAda has been looking across? Seems as if he likes it, too.  
 Is that John Hinsley flirting with Peggy Jones in the show Saturday night? I believe it was.

Who were you with Saturday night? I thought you and were going steady, or do you just like to wear his ring???

That Dale Roberts really is around. First it was Jeanie then Shirley W. then Jean Porter. Elaine and Billee, and the Tanya Reed.

Seems as though Lane and Dan made up. They make a cute couple!

Carpe S. and Ted D. seem to be doing it off pretty well lately. What's happened to Floy J. and McGuire lately?? Seems as if Floy is doing all right—??

Seems as if Jane J. left town. Dora B. took over with LeRoy. What's Billee N. doing since he joined the army? She seems to be along with Lloyd Edgar Alvery nicely.

Edith, who is it going to be? Dub or Jack??  
 What do Bill Walker, Don Barber, Glad Norman do on Saturday night? Yeah, Seniors!  
 Adrian Helmes and Ann Welborn

### Senior Pictures

#### Made Last Tuesday

Mr. Anderson, from Clarendon, came last Tuesday, September 26, and took the pictures of the seniors and the faculty. This is the third year that Mr. Anderson has taken the senior pictures.  
 These pictures will be the ones which will go in the group picture that will hang in the hall. They will also be the ones which will go in the annual.

#### If You Can't Make It, Better Brush Up

Your Texas Safety association states that a safe driver must be just as skilled as the members of a championship football team. A safe driver knows what to do, how to do it and when to do it. If you can't make the team of safe drivers now, then you had better brush up on your traffic laws, and the rules of the road which make for safe driving. If you lose in the game of safe driving, the penalty may be the loss of your life.

### Assembly Program

The assembly program on September 19, was very different from the ones that we usually have. President Truman asked everyone to put aside his work at one o'clock and say a special prayer for the United Nations. This is just what the students of F. H. S. did.  
 Mrs. Lon Smith gave an interesting lecture about where prayer is needed. She also cited examples of times when prayers were answered. Everyone enjoyed the speech very much.

Miss Bevell sang, "O, God Our Help in Ages Past" and Rev. R. N. Huckabee, pastor of the First Methodist church, dismissed the assembly with prayer.

### Shiny Spots Yield

#### To Ironing Wrong Side of Garment

**COLLEGE STATION**—September — Shiny spots from ironing which are frequently seen on cotton dresses, especially dark cottons, can be prevented by ironing the better cotton garments on the wrong side and then finishing on the right side, says Mary Routh, extension clothing specialist of Texas A. & M. College.

A garment may either be allowed to dry just the desired amount and then ironed, or it may be allowed to dry completely and then sprinkled before ironing. Miss Routh says that warm water is best for sprinkling because it spreads through the cloth more easily than cold water. Home management specialists recommend a bottle with a sprinkler top for doing a quick but thorough job.

Miss Routh says that, since any moisture left in the cotton fabric will cause it to pucker and wrinkle, each part of the garment should be ironed completely dry as the work proceeds.

Double thickness such as waist bands, hems, and seams should be ironed well on the wrong side and then finished on the right side with light, quick pressure of the iron.

To avoid small creases at the seams, Miss Routh advises pulling the seams straight and smooth and holding them at a slight tension to keep them straight while ironing, being careful not to stretch. Pressing with the thread, or grain, of the fabric avoids eggging results.

Using a sleeve board or sleeve pad on the end of the ironing board helps in pressing difficult parts of a garment. Best results are obtained by placing the point of the iron around buttons and placing tiny rows of buttons face down on a soft pad and ironing on the wrong side of the material. Laces and embroideries should also be ironed on the wrong side over a soft pad.

A general order of ironing which Miss Routh suggests is—cuffs, sleeves, ruffles, collar, sash ends, blouse, and skirt. Any parts that are wrinkled in handling must be pressed again, and all dresses should be hung at once on hangers to allow any possible moisture to dry out before storing.

### QUITTERS NEVER WIN!

Are you a quitter? Do you say things like, "Chemistry is too hard," and "I just can't possibly pass," or "History is dull, and I don't like it," so I won't study? Do you say that you can't do something without trying? If you do, you are a quitter. A quitter always fails, because he never tries.

When you are facing something that is very hard always work harder to be a success in doing it. Give yourself a chance in life! Being a quitter in school may continue in your later life. Really try to make good in all your activities before saying, "I can't."

### WOULDN'T IT BE NICE IF—

—Mr. Foster sent his chemistry class to study hall every day?  
 —it quit raining?  
 —you could tell Herbert and Hershel apart?  
 —we could win the rest of the football games?  
 —we'd have assembly?  
 —the pupils would pay their library fees?

The classes, with their sponsors, met and organized Friday, September 15.

The senior class, and their sponsors, met in Mr. Barber's room, and class officers were elected.

Chosen as the class president was Duane Lemons. The following were elected to other offices: vice-president, Bill Haney; secretary, Mary Ann Wilson; treasurer, Peggy Lanham; reporter, Billee Newberry. The class sponsors are Mr. Barber, Miss Swepston, and Mrs. Thomas.

The junior sponsors are Mr. Johnson, Mr. Hill and Miss Frasier. The new officers who were elected are: president, Dennis Wilks; vice-president, Conray Johnson; secretary, Nancy Ann Goughly; reporter, Joe Mack Dunn.

The sophomore class sponsors are Mrs. Graves and Mrs. Sevik. The newly elected officers are president, Diane Clark; vice-president, Adrain Helms; secretary and treasurer, Fern Patterson; reporter, Ann Welborn.

The class sponsors of the freshman class are Mrs. McMillan, Coach Gresham, and Coach Watson. The officers are as follows: president, Wilton Green; vice-president, Don Barber; secretary, Dorothy Holmes; treasurer, Jerry Bob Harrison; reporter, Ann Deakins.

## Candid Camera

On a very rainy day, May 10, 1953, a sweet miss, Meri Ellen Young, brightened the home of R. E. Young at South Plains, Texas.

Meri, at the age of seventeen, is a brunette, has green eyes, weighs 105, and stands 4 feet, 11 1/2 inches in height. She is a very popular "gal" on the F. H. S. campus. As a freshman she was queen and favorite of her class. At the present, she is head cheer leader of the pep squad.

Meri says that her ideal day would begin at 8:30 A. M. She would have breakfast in bed, consisting of french toast, scrambled eggs, bacon, jelly, and milk. After breakfast she would dress and go horseback riding with Don until 11:00 o'clock. Then she would go swimming in her private pool with Peggy Parkey, Estelle, and Kayte until 12:30. After her swim, she would eat a big lunch of fried chicken, mashed potatoes, black-eyed peas, tomato and lettuce salad, iced tea, hot rolls, date cake, and ice cream. After lunch, Meri would take the gang to Amarillo in her green buick. They would shop for pretty clothes. Then they would start home. Enroute home, she would stop at Canyon to see Sheryn and Betty Jane. She would reach home about 7:30 o'clock. Meri would then get ready for the big football game. At the game, she would lead the pep squad with so many yells that our boys couldn't help winning the game. After the game, she would go to the dance with Don and, afterwards, go to Kayte's for a big slumber party.

As you probably know, Meri's ideal boy has blonde hair, blue eyes, is 5 ft., 5 inches in height, and drives a green ford.

Meri's dislikes are stuck-up people, oranges, rainy days, and chemistry. She likes Don, everything to eat, and the colors, green and black, blonde hair, being cheer leader of the pep squad, pretty clothes, (especially shoes) and funny jokes.

Her favorite movie stars are Robert Mitchum and June Allyson. The show that she liked best was "Holiday Affair." "Mona Lisa," is Meri's favorite song. Coach Watson is Meri's favorite teacher, and short hand is her favorite subject.

Meri, you're a cute kid. May you always be a success at whatever you attempt to do!

## Band Attends Fair

Last Saturday the band went to the Tri-State fair at Amarillo, Texas.

The parade in which the band marched was very colorful, and the Green and White made a good showing. There were six bands present. The fair was enjoyed by all, and the members were very proud of the winning display of Floyd county.

At the game with Ralls on Friday evening, September 22, the pep group marched to the center of the field, and formed the words "Coach" and "team". The band then returned to the grand stand, and furnished appropriate music throughout the remainder of the ball game.

## Ralls 19; Winds 0

The Ralls Jackrabbits, led by Bobby Gustin, rolled out an impressive 19-0 victory over the Whirlwinds last Friday night.

The first Ralls tally came late in the first quarter. Bennett, Ralls fullback, smashed 24 yards over tackle. The point was good. Early in the second quarter, Bobby Gustin climaxed a 60 yard drive by going over from the two-yard line. The try for point was no good. Late in the first half, Floydada made her first penetration.

Ralls practically dominated the third quarter. However, there was no scoring. The fourth quarter score came when Bobby Gustin slipped into the end-zone from the

five yard line. Floydada, desperately to get back in the game, unfolded a barrage of passes. None of these connected. Floydada scored on a play that was played out. Playing outstanding ball game, Whirlwinds were tackled by Ralls; Captain, Aubrey Guthrie; back, Adrain Helms, and Franklin Stovall. **BEAT MATADOR!**
