## Drive Figures Climb as Fund Tops \$60,000

An official statement issued yesterday by J. M. Willson, general chairman for People's hospital campaign revealed that \$50,901.00 has been subscribed to date.

According to Mr. Willson pledges are pouring in from Floydada and every section of the county. The support, thus far, from Petersburg has been particularly heartening.

A review of the prospect list shows that between 800 to 900 persons remain to be seen and reported on in the big and special gifts division and there are 200 prospects in the general division not touched yet. The campaign leaders are urgently appealing for more citizens to help in the campaign so that all prospects will be given an opportunity to participate.

Cordial Reception Given  
The army of workers now engaged in the campaign effort report cordial reception by the public generally. As one worker put it "the people for the most part are genuinely interested in seeing the campaign a success. Everyone has been very nice and several who said they couldn't subscribe anything this year made generous pledges for 1951, 1952 and 1953. Another worker had this to say, "As I see it the people have now become aroused to the great need of People's hospital in our community."

Commenting on the progress thus far, J. M. Willson said: "The response by the people to date has been excellent. If we continue at our present pace there is no question that we will reach our goal. It now remains for every worker to make his calls as quickly as possible and get his report into headquarters."

Workers are urged to attend report meetings scheduled for Monday and Thursday of next week at campaign headquarters, 101 North Main Street, Floydada at 8:00 o'clock p. m.

## Mrs. G. J. Stapleton Rites Held Saturday

Mrs. G. J. Stapleton, widow of the late Dr. G. J. Stapleton, of Lockney passed away last Thursday at 5:45 p. m., September 28, at the Floyd County hospital in Lockney. She had been seriously ill for four months suffering from a heart ailment with complications.

Mrs. Stapleton who was Laura McSpadden, daughter of Calvin and Mary McSpadden, was born on December 4, 1867 at Clifton, Texas. She graduated from Baylor college for women at Belton, Texas, in 1887, and was married to the late Dr. G. J. Stapleton on November 30, 1893.

They moved to Dimmitt in 1906 and then to Lockney in 1915. Dr. Stapleton passed away on September 3, 1918 in Lockney.

To them three children were born, John of Floydada, Ralph of Flomot and Mrs. Ruth Dunn of Goldsmith, Texas, all of whom survive their mother. Mrs. Stapleton was the mother of four stepchildren: Mrs. E. M. Tucker of Waco; Mrs. L. Woodburn of Lockney; Mrs. Arch Conner of Wichita, Kansas, and a deceased son, Frank, who passed away in July of this year.

Mrs. Stapleton was very active in club, civic and church and her lodge, having been a past Worthy Matron of the Order of Eastern Star at Lockney, a member of the First Baptist church for many years, and active in the El Progresso Study club for years.

Also surviving Mrs. Stapleton are four grand-children, three great (See Mrs. Stapleton, back page)

## Placement Service During the Harvest

Floyd county will have a full-time man to assist farmers in obtaining workers to harvest the crops this year according to an announcement from the Texas Employment Service office in Plainview.

The worker will begin about October 10 and remain in Floydada until the principal part of the cotton crop is harvested or for about six weeks. His office will be in the Floydada Chamber of Commerce building.

Nelson Little, district crop insurance supervisor and John Gamble, district fieldman for PMA, interested cotton farmers are urged to attend this meeting and voice their opinions. Whether a program is placed in operation will depend on the interest shown.

At the present time the Federal Crop Insurance Corporation is operating a wheat insurance program in which approximately two hundred and fifty wheat farmers are taking advantage of the all-risk coverage offered in Floyd county.

## Meeting Monday to Consider All Risk Cotton Insurance Program

Thursday morning, October 12, at 10:00 a. m. in the county court room, temporary court house, there will be held a meeting of interested persons for the purpose of considering a cotton crop insurance program for Floyd county.

O. B. Briggs, State Crop Insurance supervisor, College Station, Texas, will conduct the meeting and ascertain whether there is sufficient interest in Floyd county to support an all-risk cotton insurance program offered by the federal government. Others attending will be

## Heart Ailment Causes Death of John Taylor

John Taylor of Quitaque died suddenly Sunday of a heart attack at his home, ten miles south of Quitaque. Mr. Taylor was 77 years of age. He went to Quitaque in 1911 and has ranched in northeast Floyd county since that time. He and his brother, Jim Taylor, who preceded him in death in 1948, had been prominent ranchers and citizens of that part of the county for a number of years and were well known in Floydada.

The funeral services were conducted Monday afternoon in the Quitaque Baptist church. The Rev. Marvin Brotherton of Matador conducted the service, assisted by the pastor, Rev. Ray Riley. Interment was in the Quitaque cemetery.

Mr. Taylor is survived by his wife, two daughters, Mmes. C. L. Boswell of Dallas, and A. L. Morris of Quitaque, and by four sons, Preston of Tulsa; Rev. Joe Taylor of Oklahoma; and Webb and Dick Taylor, both of Quitaque.

Friends from Floydada who attended the rites Monday included J. B. Jenkins, Charlie Bedford, Messrs. and Mmes. Glad Snodgrass, Robert Fisher and Hollis Bond; and Charlie Hartsell of the McCoy community.

## Wind - Antelope Football Fray Friday Night

Floydada High school's Whirlwind squad are due to meet a rugged set when the whistle blows for their fifth game of the season and their second conference try. It will be the Abernathy Antelopes on Wester field, game time 8 o'clock, Friday night.

Coaches Watson and Read will make little change in the line-up for their starting team. Their lads will take the field as underdogs against the heavy and rangy Abernathy squad.

Attesting that the Abernathy high school has a rugged team is the testimony of the Lockney Longhorns, who entertained the Abernathy boys last Friday night on Mitchell-Zimmerman field and barely nosed them out, and that on penetrations.

The Abernathy line-up, their weights and positions had not been made available here as late as yesterday afternoon.

## Gideon Bibles For Floydada

R. Earl Allen, pastor of the First Baptist church, announced that he had received bibles and new testaments for distribution in the Floydada schools, hospitals, hotels, and county jails from the Gideons Bible society of Lubbock. The bibles will be delivered to the various institutions some time this week. New testaments will be given to the fifth and sixth grades of the public schools and to all the children enrolled in the colored school.

Allen explained that the Gideon Bible society is a group of christian men from all churches who engage in this special work other than the regular work in their local churches.

The Gideons held a service in the First Baptist church here Sunday night, September 24, while the pastor was conducting a revival in Wichita Falls.

## Mrs. Sam G. Bishop Rites Held Tuesday

Mrs. Sam G. Bishop passed away in Wichita Falls Monday morning at 4:45 o'clock at the home of her son, Daily Bishop, after an illness of nearly two years. She had been in Wichita Falls for the past six months.

Her funeral was conducted from the First Baptist church in Floydada, Tuesday at 3 p. m., with her former pastor, Rev. L. A. Doyle, of Fortales, and R. Earl Allen, pastor of the First Baptist church, here, having charge of the services.

Mrs. Bishop was an active member of the church and was a devoted Sunday school teacher until her health prevented her attending services.

Mr. Bishop preceded her in death on March 13, 1948. She came to Floydada in 1924 and had made her home here since that time.

Mrs. Bishop was born January 10, 1881. She was a native Texan. She was married to Samuel G. Bishop on October 10, 1900, in Levita, Texas. To this union seven (See Mrs. S. G. Bishop, back page)

Members of the Producers Cooperative Elevator will have an opportunity to hear an address by an outstanding agricultural worker next Thursday night (October 12) at their annual meeting, when Don L. Jones, superintendent of the Lubbock Experiment station, will be feature speaker. It was announced this week by A. H. Kreis, chairman of the board of directors.

Another feature which the members and their families will enjoy is a barbecue supper, which will precede the formal events. Mr. Kreis, calling attention to the meeting, stressed that members are welcome to bring their families and are expected to do so.

The annual gathering will be held in the American Legion auditorium, at Fifth and Virginia streets. Activities will begin at 7 o'clock.

Don Jones, the speaker, has carried on extensive experiments for many years in the development of crops suitable to profitable production in this area. One of these crops is the family of grain sorghums, and his talk will outline many of the advantages of the grower and nation of the grain sorghums.

In the business session affairs of the cooperative will be discussed, with reports from officials on progress of the year, and two directors will be elected to succeed John P. Moss and Henry Willis, whose terms expire.

Interest checks also will be passed out to those members who are present.

Hold-over members of the board of directors are A. H. Kreis, who is president, P. J. Wilkes, vice-president, and Tom L. Porter, secretary. Don Jones is manager of the business.

## Water-Logged Fields Drying Out As Trickle of Grain Starts to Flow

Water-logged Floyd county fields had begun to dry out generally yesterday and most of the ground to get into condition for plowing, sowing wheat, and harvesting forage grains.

On a few farms on rolling ground wheat sowing had been completed in most directions from Floydada but there were still complaints of soil too wet to work good and of stalled tractors whose spinning wheels refused to move on through the rows of forage feeds.

The last rainfall was recorded on Monday night of last week but the ground was so full of water that it had to stand and wait until saturation and evaporation could relieve the wetness.

Forage grains have been deteriorating in more ways than one, the reports from farm operators say. In some fields, the stalks are falling and in others sucker growth has begun to make its appearance.

Thousands of acres of grain are now mature and when it dries out elevators will be busy places as it is harvested with combines and hauled to market. A trickle of grain had started Tuesday afternoon from drier fields and the movement had gained in tempo Wednesday afternoon. Overcast skies, with little or no sunshine have slowed the drying out process for the mildewed ground. Cotton

## Five Months Since Fire Struck Here

If Floydada people can keep five months fire record of the past five months for awhile longer they ought to be able to make up their deficit in fast fashion and get their fire insurance rates back down to normal.

Late yesterday Fire Chief Carl Rodgers said it had been exactly five months since he had had to report a fire in the community. The big court house fire knocked the city's super-good fire record into a cocked hat and fire rates zoomed upward this spring as a result of the 1949 disaster.

Last week residents who heard the fire alarm sounded were only hearing their fire department testing out a new siren they bought from the factory. The department sold their old siren to another town down-state. Their old siren was about used up and the new one they thought a necessity. It has more volume and can be heard to further parts of the city, said Rodgers.

Special attention should be called to the out of season flowers that were on display, many beautiful iris, lilac and red bud were in evidence.

The following is a list of the prize winners, first, second and third, or red, blue and white ribbons:

Class I-A Single specimen roses; first, Mrs. Guy Ginn; second, Mrs. Gayle Mayo; third, Mrs. Fred Zimmerman, jr.

II-A Single specimen large dahlia; first, Mrs. John Carthel, second, Mrs. John Carthel; third, Mrs. D. W. Pyffe.

## Mobile Health Unit Making Two Day Stay Here, Friday, Saturday

This week-end, two days, Friday and Saturday, the State Health department's mobile health unit visits Floydada for the free chest x-rays, after spending Wednesday at Lockney, moving and setting up here yesterday.

Mrs. Robert Gibson, who is serving as local chairman for the x-ray program, yesterday had arranged for the aid of 20 or more helpers who will serve as hostesses and clerks. The people of the county are being urged to make use of the service, which is free of charge, having been provided by the taxpayers.

In addition to the possibility of detecting and taking preventive measures for tuberculosis, the x-ray also affords other health aides. The information thus obtained is kept confidential and made available only to the patient's physician.

Last year hundreds of persons had the free x-rays. These as well as others who did not take advantage of the service, are welcomed.

The hours are 9 a. m. to 5:30 p. m. daily. Mrs. Gibson has named Mrs. Aaron Carthel transportation chairman. A call to the Chamber of Commerce office, telephone No. 104, will get transportation to the x-ray headquarters, if needed.

Enos T. Jones, general chairman for the county says the Floydada Junior Chamber of Commerce, is lending its aid with a public address system, in charge of A. H. Rainer.

## R. I. Bennett Hurt In Road Accident Near Wichita Falls

R. I. Bennett, farmer-ranchman of Floyd county, is in Wichita Falls General hospital this week, and believed rallying following a road accident near Iowa Park last Thursday afternoon shortly before 6 o'clock.

A truck side - swiped his car, damaging it slightly but mangling his arm at the elbow. Bennett was resting his arm on the lowered window. The member was nearly torn off, hospital reports said.

He was enroute to his home east of Lockney from Davis, Oklahoma, when the unusual accident occurred. He owns a ranch near Davis and spends much of his time there.

Mrs. Bennett and Paul Kropp, son-in-law, went to Wichita Falls Thursday night, following receipt of the report, and Mrs. Bennett has been there since. Mrs. Kropp said yesterday hospital authorities now hope to save her father's arm. He has been in bad condition from shock and loss of blood, but her last report indicated he had begun to rally. Mrs. Kropp and her children visited her father last weekend.

## Wealth of Autumn Flowers in Saturday Show

With a background of "Mexico" cut in large letters covered with small gold marigolds, large Mexican hats, dolls, rugs, vases, baskets, and trays, and serapes, depicting the Mexican theme, one of the prettiest and best arranged flower shows, held in Floydada in a long time was visited by a large crowd Saturday, at the Mayo building between the hours of one and six o'clock.

The show was sponsored by Our Home Garden club.

The long tables covered with glossy green paper held various beautiful flowers of different classifications and various entries. General chairman of the Flower show was Mrs. John Kimble and her efficient helpers showed that they had worked hard and had put much thought on the show. Mrs. Billy Henry, chairman of the arrangement and decorations, with her helpers, Mrs. Tate Jones, Mrs. Bill Norman and Mrs. Flora McNeill did a wonderful job on the decorations.

Mrs. Kinder Farris had the judges over from Lubbock to judge the show, they were Mmes. John Fry, R. C. Badgett and John V. Powers, well known judges of flower shows of this area.

Flowers Many and Beautiful  
Mrs. J. S. Hale, jr., president of the club, was very pleased with the outcome of the show. With the decorations, weather, and so much rain the club was afraid there would not be very many flowers, but there were many and beautiful.

# EDITORIALS

You can be too early with too much the same as you can be too late with too little, we sometimes think. We have in mind some of the multiple score of syndicate writers. Some of these fellows know all the answers before the question was asked. When the news "breaks" they knew it afore hand and have something questionable about somebody that fits into the situation. They have been elected by nobody but themselves to anything. Many times the men they smear have been elected by and are directly responsible to the people. We have wondered many times what kind of a queer fate it was that took from the American people a clean minded wit like Will Rogers and bequeathed them two minds (and many others for good measure) like Drew Pearson's and Walter Winchell's instead. These fellows breathe foul air and they exude the same, of course. Many times you hear of them having so much guts. People admire them for this tremendous fortitude. We think the price for entrails is entirely too high at \$50,000 per gut, since it seems the thing to do now to mention the intestinal tract whenever possible. The kind of guts that had courage and fortitude named guts to begin with had no price tag.

The fine attitude incident to, and the support which is being given, the hospitalization program in Floydada by people over the area must be an inspiration to people of the immediate community. Hospitalization and the expense incident to it are growing in importance in the minds of people. Ways and means of meeting the situation, of having it available, are indeed important. Such a realization is more and more apparent. It augurs well for the final success of the drive now being carried on to relieve Peoples hospital of debt incident to the major installations to make hospital facilities available here. It is well enough to know that these facilities have been provided in Texas, even in the section of Texas in which we live. But to bring them nearer home and to have them where they can be made use of quickly is of even more importance to the lives and the welfare of the populace. The direct, selfish interest in the financial good that will come from the payroll right here at the door from which Floydada will directly benefit makes it all the more important that it have support from people who live in the town.

One of the memorable days in much of Floyd county will be Monday, October 1, when farm work generally began all over again after a most unusual siege of continuing wet weather that kept feed standing in the field immature, and cotton waiting in the boll for dry and crispness of fall to make the burrs open up. Perhaps there were some farms on which men and machines did not begin to get going Monday but these were few and far between. In limited areas of the county work had begun the week-end previous but for the major part it was Monday.

In the Ralls Banner we read a letter from a man who was a school boy there in 1921 and recalls that he was on the first team that school had. At that time, the correspondent recalls, each boy bought his own equipment and furnished his own transportation to games. There were no admission charges to these early games, he said. Reminds of a local man who was on an early-day football team of Floydada High school. The (out-of-town) game was arranged and everything was all set, when the coach announced to the team that he was going to let everyone of the big boys play who got there in time. It is a part of the history of it that all the big boys got there on time and most of the little ones too, the latter hoping that there might not be enough of the big ones find a way to go.

The new income tax change, effective Monday of this week will affect different taxpayers in different ways. One of its peculiarities is that some firms, especially among the medium-size corporations will pay a smaller tax than before in the interim between October 1 and January 1, while the increase will be felt in a major way by smaller firms and larger firms. The corporations with income between \$25,000 and \$50,000 will have a better tax position than those either above or below this bracket, according to the schedules which have just been issued. Individuals will be hit harder by the change in the deductions which their employers are required to make from their payroll checks.

The new taxes imposed are based on quite different reasoning to that which was being argued back and forth in the congress earlier in the year. After the trouble broke out in Korea, which made it obvious what the communist plan is, it was a matter of doing what had to be done, getting the money to pay the bill for the little war that ensued and making a beginning of paying for a larger one which might or might not be a consequence.

We are not sufficiently up in the logic of finance to be able to say that the tendency of higher taxes will not be to halt inflation. However, it is a common, every-day experience, according to the book we read, that anything which adds to the expense of living or of doing business, regardless of the line of business you are in, is going to make higher prices for the simple reason that higher cost means higher selling price. If you can't sell higher you are just out of luck. Thus we just have to acknowledge that we can't understand the reasoning which says the higher tax rate (which is essential, we admit, if we are going to pay for some more wars) will have a tendency to halt inflation, if inflation means higher prices. People in authority ought to say the same thing, perhaps, in another way if they would have the ordinary mortal follow their reasoning.

## Floyd County 14 Years Ago

(Taken from the files of the Hesperian, issue dated October 15, 1936.)  
More than 100 Floyd County school children to see the Centennial at Dallas in a special train left Monday morning and are to return late Thursday, according to an announcement made by School superintendent A. D. Cummings. The pupils went by the Quanah, Acme and Pacific railroad for a total cost of 6.25 each and stay in the tented city at the Centennial grounds. Sponsors and teachers and principals will have charge of the children and look after their safety. County school superintendent Walter Travis was notifying all the county rural schools and Superintendent J. W. Jones of Lockney advised pupils there of the special and some were to go from there. Chevrolet Agency ownership changed hands Saturday, when Conner Oden of Tulla became the manager and proprietor of the agency in Floydada. Roy Snodgrass will retain his connection with the firm as salesman. Moving to Floydada with Mr. Oden and acting as shop foreman is J. M. Daniel, having been with the Conner Motor company in Tulla for fourteen years. Cecil Gould will also be connected with the new firm in the shop service department.

There were 114 entries in the fall flower show and Mrs. Troy Leonard was declared the grand prize winner of the show, sponsored by the Floydada Garden club last Saturday. Mrs. Leonard received eight blue ribbons for first place and three red ribbons for second place and received a potted cyclamen as the grand prize presented by Floydada Florist. This was the first flower show to be held in Floydada in many years. Hundreds of friends and relatives attended the funeral services held in the Rushing chapel for Sherman Lee Rushing, pioneer rancher and businessman of Floyd county, Wednesday afternoon. Mr. Rushing had lived in Floyd County for the past 45 years.

Miss Minnie Fae Evans, teacher in the Muncy school last year, of Pad-

ucah, and Ernest Lee Thomas, a prominent young farmer of the Lone Star community, were married in Lockney last Saturday evening, by the Rev. Herbert H. Hamilton, pastor of the First Methodist church in Lockney.

Miss Annie Cumble of Center and R. T. Jones of South Plains were married in Ralls, Sunday, October 4, by the Rev. J. Matt Harder, former pastor of the Baptist church in Dougherty. Mrs. Jones is the daughter of Mr. and Mrs. C. A. Cumble of Center and Mr. Jones is the son of W. B. Jones of Dougherty.

Buster Simpson, student at Texas Tech in Lubbock, spent the week-end with his parents, Mr. and Mrs. W. H. Simpson.

Eight Floyd county boys left for Lubbock this week to take their physical before being assigned to C. C. C. camps. Floydada students who are attending Wayland college at Plainview, are making a place for themselves in the round of college activities, according to reports from there. Miss Emma Louise Smith, daughter of Dr. and Mrs. Lon Smith, a senior was to be senior editor of the college year book, while Maxine Ross, daughter of Mr. and Mrs. R. C. Ross would serve as literary editor of the year book and Miss Thelma Hamilton, daughter of Mr. and Mrs. Thelma Hamilton, T. T. Hamilton gave a program on "Tithing" at a seated tea at the home of the college president G. W. McDonald, with Mrs. McDonald as hostess.

The 1929 study club met in the home of Mrs. Richard Stovall, with Mrs. J. D. McBrien as leader.

### Fighting Fish

Fish fighting has been the national sport of Siam for hundreds of years. Breeders of the 2 1/2-inch fighters (known as betta or paradise fish) give them exacting care—like that given pedigreed dogs or thoroughbred horses in the United States. Big contests draw huge crowds and the Siamese bet large sums of money and even their wives or children on their favorites. The king reaps a handsome income from the sport. He licenses all promoters.

## TASTEFUL COOKING

\* of course, its electric!

... and with ease! Yes, cooking electrically these days IS easy and fast. Top-of-range elements heat instantly... give off uniform heat to assure fast, even cooking. Cooking electrically IS easy but baking, it seems, is still easier. Baking electrically is as automatic as can be. You place your mixings in the shining oven, set the controls, then, if you want, go to an afternoon movie or have fun on a shopping trip to town. When you return your baking has been done for you... and that honey-of-an electric range has even shut itself off. You'll love your electric range... your husband will love the meals you cook on it. He'll compliment you on the flavor of the food... not just one time but every time. Why not see about your electric range tomorrow?

### THERE'S AN ELECTRIC RANGE TO SUIT YOU

Thirty makes of electric ranges are represented in the Panhandle-Plains - Pecos Valley - Eastern New Mexico area served by Your Public Service Company. These thirty makes offer many, many models... one for your needs. Visit the electric appliance dealers in your city... see the many makes and models of electric ranges now available.

## EDITORIAL

**SCHOOL SPIRIT**  
 When the words "school spirit" are spoken, they don't mean merely going to the football games and cheering for our team. They mean the entire student body's attitude toward everything that goes on in school. School spirit means whether or not you take your lessons seriously; whether or not you go to the study hall or class room just to get the teacher; whether or not you try to improve yourself in traits of kindness and common decency. Our school spirit is considerably improved over that of a few years ago, but we can make it better when we pay attention in class and make better grades. Finally, we can be proud of our school and try in every way possible to improve it.

## and News

The quick stepping Whirlwind band marched to mid-field Friday night at the half. Here they formed a rooster. The pep band gave a yell, and the band played "Old McDonald had a Farm."  
 The group then counter marched and went into the formation of a football. The band played "The Wagoner" and re-formed its ranks. They then left the field, led by Edith Garrett.

The band is looking forward to their next performance at the Abernathy on Friday, October 6.

## BOYS WIN AGAIN 6-0

The Whirlwind "B" squad won its second consecutive game by downing Abernathy 6-0 in a closely fought game. The lone score came in the second quarter on a pass from Clark Harrison.

The "B" squad worked hard throughout the entire game and showed real spirit and fire. The score was evidence of closely matched teams.

Coach Read is working hard with the squad, and we are very proud of them.

## CANDID CAMERA

Candid Camera brings you the facts and opinions of a very honored person in F. H. S. Certainly we should honor him since he is president of the senior class. Yes, he is none other than Duane Lemons. Duane was born in the little town of Silverton on November 28, 1933. In the year, 1949, he moved to Floydada where he started to school in F. H. S. as a junior.

At the age of sixteen, he is 6 ft. in height and weighs 200. Incidentally he is one of our best football players. He has blonde hair and green eyes.

Duane's ideal girl would have brown curly hair and the bluest of blue eyes. She would have dimples and sparkling white teeth. She would be 5 ft. 6 inches in height and weigh 105.

Duane's most exciting moment was when he started to school here in Floydada. He says that probably he was more scared than excited.

His favorites among songs, colors, shows, movie stars, teachers, subjects, colleges, sports and foods are: "Third Man Theme", green and white, "When Willie Comes Marching Home" Virginia Mayo, Mr. Foster, and Coach Gresham, Chemistry, North Texas State College, football, and hamburgers.

His dislikes are conited people, studying and spinach.

Duane's hobby is collecting old coins.

His highest ambition is to help our team win district in football.

Duane's ideal day would begin at 8:00 o'clock. He would have breakfast consisting of ham and eggs, french toast, and milk. After breakfast he would go horseback riding and then go swimming until lunch.

For lunch he would have a big steak with all the trimmings, and apple pie for dessert. After lunch he would take his friends riding in his new jet airplane. He and his friends would fly over to Africa for a few hours and do some game hunting. He would then fly back to Floydada and get ready to play Abernathy in an exciting football game.

Duane you are a grand fellow. The very best of luck to you!

## Stage Pep Rally

The pep squad and band staged a pep rally Thursday night before the Matador game.

Everyone met at the corner of the R. E. A. building and marched to a vacant lot where the pep leaders, Meri Young, Kayte Collier, and Anne Bean lighted the bon fire.

The grade school members of the band were unable to be present; so the high school members did not play, but helped the pep squad with the yells. As the fire went out, everyone sang the school song.

Edith Garrett led both the band and pep squad in a snake dance back to the corner of the R. E. A. building. A few yells were given under the stop light to end the rally.

## District Future

### Farmers Meeting

The Plainview district of the Future Farmers of America met Thursday, September 21, at Plainview. The boys elected new officers for the coming year, and made a few plans for the leadership contest. They elected a president and twelve vice-presidents. Ronald Wells of Plainview was chosen as president. Teddy Assiter, Oliver Meeks, Marton, Turner, Fulling, Huges, Nelson, Conwell, and Foster, were chosen as the vice-presidents.

There were thirteen schools represented at the meeting. They were Plainview, Floydada, Lockney, Silverton, Tulla, Hale Center, Cotton Center, Abernathy, Petersburg, Matador, Roaring Springs, Happy, and Quitaque.

Boys attending from Floydada were Rodney Hinkle, Teddy Assiter, A. C. Pratt, and Virgil Warren. They were accompanied by their advisor, Mr. Barber.

## Orchids To the

### Cafeteria Personnel

During the past week, the ladies at the cafeteria have been putting out flowers on every table. The flowers have been colorful and have brightened the cafeteria greatly.

Many thanks, ladies. The extra time and thoughtfulness spent in arranging the flowers have added zest to the noon-day meals.

## DE 'QUACKER

Peggy Lanham and Dennis Wilks seemed to be having a pretty good time Friday night. Looks as if they are feeding more fuel to an old flame.

Don Evans, what is it so interesting at Plainview? You should know. You go quite often. What does Joyce say, or does she know?

Quite a few girls were looking forward to the Sadie Hawkins party after the ball game Friday night. Wonder whom they invited? Hm, hm.

Notice! We have finally found out who the cute little "brunette" is that Don Probasco goes with. She's Jean Owens from Petersburg. Good luck kids!

Why does June Hartline have such a fit when she sees a certain "Redhead" from South Plains? Could this be Philip Wee Smitherman?

Bob, did you have a nice time at the ball game Friday night? Too bad J. H. wasn't there, wasn't it?

Who has Billy Charles been riding around with at lunch? Could it be Clara Mae? Billy, why do you treat Beverly like that?

Wonder who that g-o-o-d looking boy was that was in the show with Gwen Richardson Saturday night? Lavon, who are these three certain girls that you like best? Come now, tell us.

Who wah Troy McNeil with at the dance Friday night? Could it have been Betty Martin? Wilton, you had better watch him.

I know some freshman girls who surely would like to go with Jerry Bob Harrison. Why not give them a chance, Jerry Bob?

Seems as if Fred Marble got stood up Saturday night. What happened?

Who is this freshman girl that wants to go with one of the Irwin twins? Wake up boys!

Who is Franklin Stovall going with? First it was Myrna, and now it's Anita Tooley. Franklin I know another senior who really would like to go with you. Why not give her a chance?

What's the matter Carolyn Kiker? aren't Floydada boys good enough for you? Isn't that a Crosbyton class ring you are wearing? Come, tell us more.

Billie Newberry and Don McQuire seemed to be having a good time last Wednesday night.

Jackie Hutchinson and Edith were doing all right the other night, too. What about this, Edith?

Francis Vickers and Bill Chapman are getting along very nicely. Clara Mae was surely smiling at noon Thursday. Did riding around with Kenneth please you, Clara Mae?

Who's this you have been sporting around with, Nita Jo? Tell us more. Glenda seems to be doing nicely with Gene Nelson. What about this, kids?

Ann Welborn seems to be getting along okey with Adrian, but I

wonder if secretly her heart doesn't belong to Bob?

Franklin, why don't you make up your mind? Myrna ? ? ? ? ?

What's this I hear about all the girls thinking the freshman boys are cutes? Jack Covington, for instance. Did June Ware go with Jerry Bob the other night or is it gossip? I know a certain girl with initials V. P. who still likes Bert Grimes. Who is the senior girl that Jackie H. would like to go with? Could it be Lane S.?

Say, Jackie, can't you make any headway on Billie? Maybe she thinks Don is cute too. Never can tell just whose heart Cupid will pierce.

Why can't Carolyn pay attention in Algebra? Just too many good looking fellows, I guess. Oh, well! There are Melvin, Kerwin, Adrian, Franklin, and Mack. What could you expect?

See you next week. ! ! !

## New Faces In FHS

**News of Harmony**

(By Mrs. Roy Hollums)

**HARMONY, October 3**—Most of the farmers of the community are listening anxiously for the weather report each day, and welcome the few days of sunshine we have had and are trying to get the wheat ground in shape to sow and to harvest the raise that is matured. With a few more days of sunshine work will be in full swing.

Mrs. M. D. Ramsey left last Monday for Kansas to attend the golden wedding anniversary of a relative. She will also visit relatives in Beatrice, Nebraska, and attend to some business before returning home.

Mr. and Mrs. Zant Scott have just finished building their new home and have moved in. It is very pretty and modern and the community wishes them much happiness.

Billy Dave Scott, who is attending Texas Tech college spent the week-end at home with his parents.

Marlene Hollums was home for the week-end. She is attending Draughtons Business college at Lubbock.

Mr. and Mrs. Ira Worsham have a new double garage almost completed.

Mrs. and Mrs. J. T. McLain of Floydada were visitors in the Ira Worsham home Sunday afternoon. Mr. and Mrs. J. R. Turner returned Wednesday from the bedside of J. R.'s grandfather who lives down state. They report him as some better.

Marlene Hollums entertained a group of young people at her home Saturday night. Those present were Misses Mary Lou Fawver, Joyce Stewart, Pat Dale and Shirley Simms, Pfc. Dale Garvin, Pfc. **Carr's Chapel Church News**

Carrs Chapel W. S. C. S. made their visitation call on of the Cone W. S. C. S. last Friday afternoon at 2:30 p. m. at the Cone church. The Carrs Chapel society carried a beautiful birthday cake to Cone tenth anniversary of the organization of the W. S. C. S. of the Methodist church.

Mrs. C. B. Lyles gave the devotional and Mrs. Everett sang a solo. The Cone society presented an interesting program, after which the Cone society was asked to light the ten candles and one to grow on, on the birthday cake according to the ten goals they were able to meet in the society work for the past year. Cone was able to light all but two of the candles, which was the same number that the Carrs Chapel society was able to light when the Floydada society called on them on the 11th of September bringing a beautiful birthday cake and candles and helped Carrs Chapel to celebrate the event.

Those who went from Carrs Chapel to Cone were Mmes. C.

Two good reasons why the West Texas State Buffaloes leading the rugged Border League football race. Wingback Eddie Conner, 185-pound senior wide receiver, and Bruce Womack, 205-pound senior tackle from Floydada, make it dangerous for the opposition in more ways than one. Conner is probably the most rugged boy on Coach Frank Kimbro-

### James H. Word Guest Speaker on Program of 1934 Study Club

"Mrs. John Doe and Youth" was the topic of the program of the 1934 Study Club when they met Tuesday evening in the home of Mrs. M. J. McNeil. Members of the club answered to roll call by giving "I can help youth by--".

James H. Word gave a talk to the club members on "Today's Youth", discussing places of amusements, the lack of them in Floydada; parents need to be friends with their children and cooperate with the teachers in the teaching and controlling of their children. A student council in school gives the children an opportunity in taking responsibility and cause them to form opinions and express them. Hobby clubs, an addition to the social clubs, would be good recreation and create initiative for the Youth of Today. He concluded his talk in stating "We owe the children of today an opportunity to enjoy the future."

Refreshments were served to Mrs. J. A. Beville of Denton and Mr. Word, guests and to the following club members: Mesdames Glen Armstrong, J. D. Cleveland, Raymond Evans, Robert H. Gibson, I. T. Graves, L. F. Gresham, Ralph Johnston, Jack Lacey, Jack McIntosh, J. P. Moss, Virgie Shaw, John Stapleton, J. M. Willson, Jr., Misses Ruby Lee Beville, and Anne Swepston.

Mrs. Raymond Evans will be hostess to the club on October 17 at her home on the Ralls highway.

### Miss Gilbert, Mother Hostesses at Dinner

A family get-together was had last Wednesday at the home of Miss Ethel Gilbert, when she and her mother, Mrs. Mae Gilbert, were hostesses at a dinner, honoring Mrs. Gilbert's sisters, Mesdames C. D. Fowler of Plainview, Mrs. Daniels of Levelland, and Mark Hanna and Mrs. Hanna, of Lubbock.

Also attending as guests were Mrs. R. E. Fry, and daughter, Mrs. Neil Wright, Jr., and son of Lubbock; Earnest Fowler and Mrs. Fowler and daughter, Mrs. Luther Bain, Jr., and baby of Plainview and L. D. Britton and Mrs. Britton. A lovely dinner was enjoyed and the afternoon was spent enjoyably by the assembled relatives.

### Y-TEEN SALE SATURDAY

Mrs. Marjorie Hollum, sponsor of the Y-Teen youth organization, announced that the group will have a pie and cake sale on Saturday afternoon, in stands set up on the streets between the hours of one and seven o'clock.

Mrs. Bill Hill, of Dimmitt, is here attending her mother, Mrs. C. Snodgrass, who is ill in Peoples hospital.

### Bride-Elect Honored at Tea and Shower

PLAINVIEW—Mrs. Doris Wiseman, bride-elect of Bill Galloway, was honored with a tea and miscellaneous shower Saturday from three until five o'clock in the La Comida Room of the Pioneer Drive Inn.

Hostesses were Misses Alta Campbell, Alene Moring, Penny Nelms, and Mesdames Russell Spence and Clyde Foster.

Mrs. Spence greeted the guests and presented them to the receiving line who were Mrs. Fuller, mother of the bride-elect, Mrs. Galloway, mother of the groom to be, and Mrs. Wiseman.

Mrs. Foster presided at the register and Miss Penny Nelms presided at the gift table.

Miss Campbell and Miss Moring served from a linen covered table. An arrangement of rose dahlias centered the table with crystal candelabra holding blue tapers on either side. A silver service graced one end of the table. Arrangements of seasonal flowers completed the decor.

Approximately 80 guests called during the afternoon.

Mrs. Wiseman is the daughter of Mr. and Mrs. G. E. Fuller of the Ralls highway, Floydada.

### Mrs. Lyndell Roberts Study Club Hostess

Mrs. Lyndell Roberts was hostess to the 1950 Study Club Tuesday evening at the home of Mrs. Maurice Steen. Mrs. John Hollums spoke to the club on "Music In The Home." Mrs. Russell Looney was program leader.

During the business meeting in which the president, Mrs. Lane Decker presided, five new members were voted into the club.

Members present for the meeting were Mesdames Bill DuBois, Hollis McLain, David Kirk, Lane Decker, Russell Looney, George Mize, Glen Day, Phil Steen, Gene Collins, Jr., Maurice Steen, guest speaker, Mrs. John Hollums and the hostess, Mrs. Lyndell Roberts.

Lovely refreshments of angel food cake and coffee were served to those attending.

The next meeting will be at the home of Mrs. David Kirk on October 17 at 7:30 o'clock, at which time the club will have a guest to speak on "Cancer".

**PLAYLET PRESENTED WHEN WACS HOLDS MEETING**

The Womens Society of Christian Service of the First Methodist church met at the church Tuesday afternoon. Mrs. D. D. Shipley gave the devotional. The theme for the afternoon being "A Life to Shine in the darkest Africa." A playlet, representing Moslem women of Africa was presented by the following: Mesdames Elizabeth Armstrong, DeVona McEntire, W. E. Grimes, Lloyd Catlin, M. L. Solomon and John Reue.

### Henry J Models In Low-Priced Field

THE FIRST ALL-NEW models to enter the low-priced car field in nearly a quarter-century are the Henry J and Henry J DeLuxe, the 1951 sedans now being introduced by Kaiser-Frazer Corporation dealers. Smartly and available with four- or six-cylinder Kaiser Supersonic engines, the new models promise exceptional fuel economy of 30 miles to the gallon. Design features include a folding rear seat arrangement which provides more than 50 cubic feet of luggage space. The six-cylinder deluxe model is illustrated.

### Plainview News

(By Mrs. Clyde Bagwell) FAIRVIEW, October 3—No rain has fallen for the past several days but cloudy skies have kept the ground from drying very much. Farmers are trying to get in the fields to break wheat ground and sow wheat. Some are watching the fields waiting to get started combining grain. In some parts of the community they have finished sowing wheat.

Roads are still bad out our way when you get off the pavement. Especially in the north and west portion of the community.

Malsbury and children of Brownwood. Also another son, R. M. Champion and Mrs. Champion of San Bernardino have been visiting here. All have returned to their respective homes.

**MRS. J. E. WATSON ILL**

Mrs. J. E. Watson of 418 West California suffered a stroke Tuesday afternoon at her home and was carried to the Guthrie hospital, where a report from her bedside Wednesday afternoon stated she was resting.

If the paper shortage continues they are going to have to make our shoes out of leather again.

### Mrs. Menard Field Has Heart Attack

Mrs. Menard Field suffered a severe heart attack late Saturday afternoon. She had been feeling badly all day, but went to the flower show, where she won some prizes on her flowers. From the flower show she went immediately to the Peoples hospital to consult a doctor about what she thought was indigestion. Upon examination it was found that she had a bad heart condition, was put to bed and in about thirty minutes had an attack.

Her husband, who was in Coleman on a business trip was notified and arrived home Sunday morning about 4 o'clock. Her son, Adrian and daughters, Mrs. Billy Stanforth, Jr., and Mrs. Charles McDonald of Plainview were notified. Her brother, W. C. Johnston of Haskell and mother Mrs. G. W. Fields of Haskell arrived Sunday night. Another brother, Floyd Johnston of Floydada is in attendance at her bedside also.

A report from her hospital room Tuesday indicates that she is still in a serious condition, as reported by members of the family.

**MRS. LATTA GRATEFUL, SAYS THANKS TO MANY FRIENDS**

Saying "thank you" for kindness so far in the past, seems ungrateful, but when past continues to be present, I see I can never get through humbly saying "thank you". It seems a miracle that for the last six months I have been unable to be up friends, loved ones and strangers alike have never ceased to remember me with messages of cheer and of love, with gifts and flowers, and not the least of these, visits.

Even though unlimited time is given me, I can never repay these expressions of kindness, but if I am permitted to again be up may the Lord never let me forget one deed done in love and kindness. May we do our best to "Do unto others as you have done unto us."

## GOOD HEALTH

1. WHY ARE MANY SCHOOLS SO CROWDED?

2. ARE HOSPITAL BILLS TOO HIGH?

1. Not only are more children born but many more now live long enough to go to school. The death rate among pre-school children has declined from 20 deaths per 1,000 in 1900 to 1 per 1,000 today. With so many childhood diseases conquered, pediatricians report they spend most of their time supervising the health of well children and thus preventing illness.

3. WHAT IS GERIATRICS?

2. The American Hospital Association says it costs an average of \$14.33 a day for a general hospital to take care of a patient but the hospital receives \$2.50 day less than that from patients. Patients are being cured faster which reduces the bill, and millions now take advantage of voluntary insurance plans such as Blue Cross and others to prepay hospital bills on an insurance basis.

3. It's that division of medicine which has to do with old age and its diseases. Because now live much longer, more and more doctors are studying the problems of health in old age.

### Rheumatic Fever Cause Is Unknown

AUSTIN. — While the specific cause of rheumatic fever has not been discovered, several factors associated with it and its onset and recurrence are now generally recognized, said Dr. Geo. W. Cox, State Health Officer. Rheumatic fever is serious because it may affect the heart. Age is important. Rheumatic fever usually begins in childhood at about 5 or 6, although adults may have it. There is a susceptibility to the disease which causes rheumatic fever to be more common in some families than others. The other factors which may favor its onset, combined with an individual's susceptibility, are frequent chilling, damp or over crowded living quarters and a poor diet. The early signs and symptoms may be slight. Some of them, which may occur singly or in combinations are: failure to gain weight, poor appetite, pallor, repeated nosebleeds, low persistent fever, and frequent complaints of pain in the arms, legs or abdomen. These symptoms do not necessarily mean that a child has rheumatic fever, but they do indicate that he is below par and should be examined by a physician and his advice followed. The more characteristic signs include painful, inflamed points. The child may be irritable without good reasons, cry easily, or develop other nervous habits. It is vitally important to spare the heart unnecessary work for as long as the disease is active and for a period of convalescence afterwards. A child with rheumatic fever should remain in bed until, in the physician's opinion, it is safe for him to get up. Some children recover from rheumatic fever without developing heart trouble, or the damage to the heart may be so slight that the child can live a normal life. In other cases, the child recovers from the acute attack but is left with an impaired heart.

JAYCEES JOIN FREEDOM CRUSADE! State Jaycee leaders are shown above welcoming the Freedom Bell into El Paso, Texas, recently, where several thousand people witnessed the Crusade for Freedom Ceremonies. The Jaycees are carrying this crusade into 131 Texas communities during the next three weeks in an effort to secure 500,000 signatures on Freedom Scrolls. The scrolls will be placed with the huge, 10-ton bell in a Freedom Shrine which will be dedicated in Berlin on United Nation's Day, October 24th. Jaycee officers, left to right are: Dick Crosby, President, El Paso Jaycees; Adair Gossett, State President, New Mexico Jaycees; Bill McDanel, State President, Texas Jaycees; and Charles Gibson, National Director, Texas Jaycees.

### Old Friends Recall Pioneer Days Here

Mr. and Mrs. E. C. Pullingim of Mexico, and their son Jimmie Pullingim and wife of San Pedro, Texas, and Mrs. J. C. Williams near Dimmitt, Texas, were Friday and Saturday guests of Mr. and Mrs. J. T. McLain. Mr. Pullingim, sr., and Mrs. Williams are sisters of Mr. McLain and have for many years resided in the county. The Pullingims were married in Delta Plain before the county was organized and Mrs. Williams was born at Sand Hill. Mr. and Mrs. John Arnold of Delta Plain visited in the McLain home last Friday night in order to see the Pullingims. Mrs. Arnold and the Pullingims were intimate friends of Delta Plain at a very early date in the county.

### Boyce House 'Texas'

Washington Irving's classic of Ichabod Crane and the Headless Horseman of Sleepy Hollow has a counterpart in Texas lore—a story as fantastic in many ways as that which came from the pen of Rip Van Winkle's creator. Shortly before the Civil War, Captain Mayne Reid, an Irish adventurer who fought on the Texas border during the war with Mexico, wrote a novel called "The Headless Horseman, or A Strange Tale From Texas." Describing the journey of a headless horseman who traveled through the Nueces country mounted on a fine stallion, the novel was based on a Texas legend long current in the Border country. Here are the highlights of that legend: About 1850, Texas was overrun with rustlers and marauders and among the more infamous of these characters was a man named Vidal who had deserted the Army of Mexico and had become one of the worst horse thieves in the border country. A small man, shrewd and observant, he collected a band of thieves unequalled in the "profession" and with local branches strung out along the Rio Grande, he reaped a good profit in the horse trade—at the same time making it appear that Indians were responsible for some of his own devilry. Big Foot Wallace Helps One summer, he and several of his gang made a raid along the San Antonio river which resulted in enormous losses to the settlers. He struck at a time when most of the men were away chasing Comanches, but it so happened that two men were at home, and they immediately gave chase. The story goes that before reaching the Nueces River they met up with the famous frontiersman, Big Foot Wallace, who joined them in the pursuit. One evening about sundown, the three men located the camp of the horse thieves and, keeping under cover, kept a close watch

### Fall Checkup Spells Safety

DETROIT—The electrical, lubrication and cooling system of your automobile must be examined for the cold weather ahead, and a check up on the car's safety factors should be made at the same time. This is the advice of E. L. Harrig manager of the Chevrolet service and mechanical department, who urges every motorist to visit his dealer or service station in preparation for Fall and Winter. The Fall checkup should include: Examination of battery for potency, and battery terminals and cables for corrosion and proper contact. A change to winter-grade lubricants in crankcase, transmission and differential. A check on radiators for protection by anti-freeze liquid, whatever type is used, and on all hose connections to guard against leaks in the cooling system. Inspection of the electrical system, to make sure sparks plugs, cables and ignition system are functioning properly.

### MILK BY WIRE

The modern dairy cow depends upon the dynamo. High quality milk production now relies more upon dependable electric power facilities than ever before. This is because the largest volume of milk is produced in regions where rural electrification from high lines is predominant. This is true in almost every important and necessary step from stable and pasture to the consumer's own electric refrigerator, says U. S. Department of Agriculture dairy workers. They and their associates in the State Agricultural Experiment Stations have joined with industrial interests to develop and perfect more efficient and practical electric devices for dairying. Specialists point out that electrified fences with safety control features keep dairy cows "on the reservation". Pasture water supplies are often pumped with electricity. Electric switches in the stable control lights, fans, water levels for the drink cups and for operating mechanical barn cleaners. Electric power grinds feed, dries hay and fills silos for dairy cow rations. Freshly drawn milk by electric power machines is quickly cooled and occasionally pasteurized by electricity on farms—where the product is not commercially pasteurized at the receiving plants. Then from the plant to the consumer electric processing is paramount. There are good reasons given by dairy specialists of the U. S. Department of Agriculture for the rapid growth of electric power usage on dairy farms. It is usually cheap in cost compared with the tiresome old hand labor methods, and much more convenient and satisfactory. Prompt cooling and sanitary handling are made much easier with electric appliances available. Dangers from contaminated milk are also greatly reduced with these modern handling systems in use. Besides, skilled dairy farm help is often very hard to find. This is especially true in boom industrial periods or when manpower is called into the armed forces. Mrs. R. E. L. Muncy was called to Amarillo yesterday by the illness of a granddaughter there. There's only one certain thing about using Want Ads—RESULTS. Small Cost, little space, but power to burn—the Want Ads. ### Texas Venture

In Education • 1876-1951  
Our first state college—Texas A. and M. is now in its seventy-fifth year

Richard COKE

Governor Richard Coke, first Democrat to hold the Governor's office in Texas after Reconstruction days, was more responsible than any other man for the founding of the A. and M. College of Texas. A well-educated (William & Mary) strong-willed man of vision, he pushed through the Legislature the acts which established the college as a going concern, and served as chairman of the college's first board of directors. In his speech dedicating the new institution, on opening day, October 4, 1876, Richard Coke laid the foundation stone for the educational philosophy on which A. and M. has grown. "The aim and mission of the Agricultural and Mechanical College of Texas," he said, "is, while preparing the young men of Texas for the high duties of American citizenship, at the same time to train their intelligence in the methods and appliances of science, and their hands to the skill which shall utilize them in the everyday pursuits of life... It has been the constant aim of the board to bring down to the lowest possible figure the cost of an education which shall be at the same time thorough, liberal and practical." On this foundation, the A. and M. College of Texas has been built, in its first 75 years, into one of the outstanding technical schools for men in the nation.

## Chas. Huffman Is Tri-State Wheat Winner

Charles Huffman, one of the outstanding 4-H club boys of Floyd county, won second place in the 4-H Club Wheat Improvement class for Texas at the Tri-State fair in Amarillo. Charles won a \$25.00 cash prize and an all expense trip to a major terminal wheat market, possibly Fort Worth. These prizes were furnished by the Texas-Oklahoma Wheat Improvement association.

Charles Huffman, son of Mr. and Mrs. C. H. Huffman, lives in the Prairie Chapel community approximately eight miles north west of Lockney. In 1948 Charles purchased one and one-half bushels of registered Wichita wheat seed from the Chilli-cathe Experiment station which he planted on three acres. A total of 39 bushels of certified wheat was harvested in 1949. He planted

10 acres to the certified wheat for the 1950 crop and entered the wheat improvement contest last October. The green bugs destroyed all but two acres of this wheat last spring, however he continued in the contest and harvested approximately 31 bushels of wheat from these two acres. After balancing his books for the 1950 crop he made an estimated profit of \$17.50. He is keeping his certified seed to plant for the 1951 crop.

County Agent Bob Gibson said that Charles is a very good 4-H club boy and worked hard on the demonstration for which he won these awards.

## As A Farm Woman Thinks

(By Nellie Witt Spikes.)  
**EVENING**  
God loves the Aged.  
He gives them greater visions than the young; He puts the words of wisdom on their tongue; And keeps His presence over by their side From dawn to dusk, and on through evening.  
God helps the Aged.  
Within their home His spirit ever dwells; Their mellow hearts are touched like chiming bells; He calms their fears, then worries disappear. Because they know His help is always near.  
God keeps the Aged.  
With hearts of gold, and silver-tinted hair, and earnestness, and greater faith in prayer; He keeps them as a shepherd guards his sheep. Till in His fold they gently fall asleep.

Muchas gracias, Senoras and Senorities of the Garden club for the wonderful Flower show. It was a display to make one believe the flowers in catalogues were not overdrawn. And the Mexican scheme of arrangements was carried out in detail that gave one much pleasure. I went around and around taking time to look at each flower and everything, taking time here and there to speak to other people who were also going round and round, delighted with everything. Of course the blue ribbon looked extra blue and pretty on my asters. Thanks to the Garden club for the chance to display them. Roses and zinnias, dahlias like lovely dinner plates, well, you saw it and the remembrance will make you happy for years to come.

Mr. Hilton brought Mrs. Shaw of Jackboro to see us the other evening. Now we had never met before but Mrs. Shaw's "Aunt Cricket" had married Jim Jones who was my mother's own uncle. The Jones family left Virginia where they had settled in Revolutionary days and made Murfreesboro Tennessee, their home till the pioneer bug hit them and they came to Texas and lived in Red River county, to pull up stakes again and go to Parker County in Indian days.

Colorado called. Jim Jones, brothers Pate, Steve and Dib decided to go. My grandfather stayed on the old home place, and Jahue was at Austin in the dairy business. Mother recalls they used a churn turned by a dog, an innovation in that day. So the six Jones Brothers who went through the Civil war

without injury separated, the ones going to Colorado establishing the famous J. A. Ranch. Tom Franklin, Bingham and McDean, Mac and Henry Jones, Guy and Tom Woods went with their kinsman. Cattle men, covered wagons and Aunt Lou Jones, the wagons crawled towards the setting sun. Aunt Lizzie must have stayed with her folks, mother says, going later.

What wonderful things began to happen on the Jones farm when Uncle Jim and Aunt Lizzie and children got out of a hired hack, coming on the train to Ft. Worth, and across by team to Parker. Big traveling trunks were unloaded and soon the children were admiring the very finest things that could be bought in Colorado in that day as they were taken out and aired. Aunt Lizzie, or so she was called in this family but the other side of the house called her "Cricket" was very pretty and proud. Uncle Jim moved back to Jack county on the Old Ham place where he and Aunt Cricket lived out their lives. Rid- ing over the rough country-side on a side saddle after hounds running foxes was her delight even when she was up in years.

As the Jones' were moving to Colorado, Aunt Lou got scared after the men had all left to try to get back stampeded cattle. She went up in the mountains and made fires to keep off varmints and stayed all night.

It was very nice of you, Mr. Hilton, to bring this charming woman to see us.

Thought for the week: Harold C. Phillips has said, "We Protestants

are like men climbing a mountain. We approach from different sides, but whenever we reach any high point of vision we find our paths come very close together, if they do not actually converge."

# Winds Outplay Matador 47 - 0

Floydada Whirlwinds broke the win column for the first Friday night, when they defeated the Matador Matadors 47-0 in a non-conference contest. The Whirlwinds scored on the first play by a clean block-kick. The Matadors never threatened to score.

attempted punt was blocked, the 'Winds recovering on the 2, but that threat also ended with a fumble on the Matador 9 yard stripe. And so the game went. In the second quarter Grimes scored from the 6 to climax a 53-yard drive. A second drive in the second stanza bogged on the Matador 8 but the Motley county boys fumbled and McGuire carried over the touchdown from the 19.

The 'Winds received the kick after the half and Roberts returned to the Matador 48. The 'Winds were able to drive to the Matador 17 before a fumble halted the drive. Matador drove to their own 45 before a fumble gave the ball to the 'Winds. Two pass completions put the ball on the Matador 5 and Helms crashed over on the next play.

On the opening play in the fourth quarter, Grimes went off tackle for 65 yards and the score. In the waning minutes of the fourth quarter, a Bearden to Wilks pass clicked from the Matador 42 and Wilks went over for the last tally.

Hagood did one of the best jobs of extra point kicking ever done at Floydada. Of his six attempts, four were good, one was blocked and the last attempt was wide. Teague made good his single attempt at conversion from placement.

The Whirlwinds showed much improvement this week, especially in their blocking, tackling, and timing, and, barring injuries and assuming continued improvement, the 'Winds should be more near a match for future opponents than previously anticipated.

JOSH WHEELER, Baritone, is the first artist who will appear on the Municipal Concert Association's program for this year. Wheeler will sing for the membership group next Tuesday night at the high school auditorium.

## Marquis & Noyes Buick Service Men

F. M. Marquis and Dee Noyes are now in charge of the shop service at the Floydada Buick agency. It was announced this week by Cline & Rainer, owners of the business.

These two veterans of the local automotive industry, along with A. W. Chowning, who will have charge of parts service for the agency, were re-arranging equipment and installing new facilities the first of the week. Formal announcement of this addition to the working force at the agency is in this week's Hesperian.

## Quitaque Oil Test

QUITAQUE—A wildcat oil test will begin drilling within a very few days about eight miles northwest of Quitaque, in the brakes below the caprock, M. D. Orr, Silvertown attorney told a Quitaque Post reporter last week.

Orr said he didn't learn the exact location of the test.

## FIRST QUITAQUE BALE

QUITAQUE—The first of the 1950 Cotton was brought in Thursday morning by J. C. Hamilton from his place about two miles east of town. Farmer's Co-op gin did the ginning free of charge.

Mrs. John Hoffman and Mrs. Guy Ginn were at the Panhandle-South Plains fair Monday, where they were judges at the flower arrangement exhibit in the flower show.

Henry Teubel of Tulla visited with Mr. and Mrs. E. L. Angus Sunday afternoon.

## Half Minute Interviews

Mrs. J. J. Spikes: "It may be on account of wishful thinking but I am predicting a late frost."

## BUILDING NEW HOME

Mr. and Mrs. J. B. Bishop, who recently sold their home on Mississippi street to Mr. and Mrs. Tom Shaw, have begun the building of their new home at 723 West Kentucky street. They are now living in the Troutman apartment. Mr. and Mrs. Dorris W. Jones have moved into their new home on White street. Mr. and Mrs. Louie Caffee are now living in the Jones apartment at 526 White street. Mr. and Mrs. Russell King are now living at the Fred Lloyd place north of town.

## Added Insult!

The speaker turned to the chairman of the meeting and said, "Please let me know if I talk too long. It would embarrass me to feel that the long-winded preacher who paused to say to his congregation:

"Now, it's all right for you to consult your watches to see what time it is, but I am very much annoyed when you hold them to your ears to find out whether they are still running..."

Mr. and Mrs. Mal Jarboe and Mr. and Mrs. W. H. Bethel and Mrs. George Stiles were Lubbock visitors last Thursday.

Mrs. C. Snodgrass, who has been at the Peoples hospital for the past week is improving at this report, Tuesday morning.

Mrs. Elbert Parks has returned from Temple and is much improved.

## SECOND SUNDAY SINGING

Second Sunday singing in Floydada will be held at 2:30 o'clock Sunday afternoon at the church of the Nazarene, it was announced this week.

## Vest Pocket Radio

Just now we are beginning to move radio broadcasting from the noisy, crowded, low-fidelity AM band upstairs to FM, where music sounds the way it's made and there is room on the air for thousands of stations instead of hundreds.

Not too far ahead lies a time when telephone poles and telegraph poles will be sold for firewood and

micro-wave relay networks (operated experimentally by AT&T, IT&T, Western Electric and Raytheon) will cover the country, using wave lengths a few inches long to carry all oral and visual intelligence, including FM broadcasting, phone calls, telegrams, television and facsimile.

Tiny radio receivers and transmitters will become as common in vest pockets as fountain pens, with great savings in time, gasoline and shoe leather.
