FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, OCTOBER 12, 1950

NO. 37

FIRE PREVENTION

Fire prevention week as proclaimed by the President, Harry S. Truman, is being observed in Floyd County by the following suggestions:

Preventing fires in and around the home:

Check the condition of the roof of your home. It should be old and warped. If it will catch sparks easily and burn, it is a fire hazard.

Check the condition of your yard-dry grass, weeds, old boards, branches, other combustible waste under the porches, are piled up and are a fire danger.

Check the condition of your garage and driveway. Good maintenance and definite precautions against fires.

Check the condition of your clothes at home. Wash them in hot water. Do not use near open fire. Do not use if possible to clean the house.

Check the condition of old papers, magazines, newspapers, etc. Do not burn them. Look for your lamp cords. Do not use them under rugs. If there is a defective wiring around the house, have it renewed and made safe.

One of the most common causes of fires around the place is smoking. Do not smoke in bed. Be sure your cigarette is out on your ash tray and do not drop one on the furniture and forget it.

Living room furniture has been burned and caused fires that way. Oil stoves, gas connections should be inspected regularly.

"Here in Floydada we have had 153 fireless days. This is due to the careful people, who love to live in a clean town with a clean record. Let's keep this record, not for just the 153 days, but for 365 days. We can keep Floydada fireless for the year if we but try," said the fire marshal. Two trash fire alarms were sounded this week, but no damage was done.

Fire Marshal Rodgers, invites your inspection of the fire station at any time, and says you are most welcome.

Mr. Rodgers plans to visit the schools during the week and has set up the standard fire drills in the North Ward school.

FLOYDADA BOY FIRST AT GATE OF STATE FAIR

Clyde Summersville, step-brother of Mrs. Dave Hinkle, of the Campbell community, and who works for W. F. Hinkle, was the first 1950 visitor to The State Fair of Texas, which opened Saturday October 6 in Dallas.

He left Floydada Friday afternoon and after an all-night bus ride to Dallas was the first to hand his ticket to gatekeeper C. L. Fleming at 5:45 a. m. Clyde's picture was in Dallas papers and was sent the Hesperian by Aubrey A. Bishop, a former Floydada resident.

'Winds Travel From Home To Fight Dragons

Tomorrow night the Floydada Whirlwinds travel to Paducah for an encounter with the Dragons, in a conference tilt.

Both teams will be trying for a win, the Paducah boys smarting from their 20-6 defeat handed out by the Spur Bulldogs, and the Whirlwinds seeking their first conference win, and only their second win of this season.

The Cottle county boys will go into the contest as the favorites again this week due to their better record, and the number of experienced players that have returned from last year.

Whirlwinds Look Better

The 'Winds, showing steady but slow improvement, are looking better as the season progresses. Defensively, the Whirlwinds stop a large percent of the plays, but that better than average opposing ball totter will break away several times in the course of the game, and their ability to spot these plays will come only with experience and continued work.

Offensively, the 'Winds are much improved on play timing and execution. Their weakness apparently is in their lack of strong aggressive blocking.

The Whirlwinds appear to be in good condition. Their lack of injuries attest to the fact, and another game's experience behind them to find out that the opposition is a high school boy like himself, instead of some sort of superman, and additional work on blocking and tackling, should put the 'Winds in the frame of mind to play a real game against the Dragons.

Other 3-A Pairings

Rails has an open date to rest up for next week's tussle with Lockney. Crosbyton travels to Abert, Spurr tackles Lockney at Spurr in an attempt to keep their undefeated 3-A record, and Dimmitt plays Tulla in a non-conference tilt.

Team	W	L	Pct.
Lockney	3	0	1.000
Tulla	2	1	.666
Spurr	1	1	.500
Paducah	1	1	.500
Rails	1	1	.500
Abertnathy	1	1	.500
Floydada	0	2	.000
Crosbyton	0	2	.000

Snow White Play At Floydada High Auditorium Friday

Snow White and the Seven Dwarfs will be at the high school auditorium in Floydada tomorrow - real live dwarfs and Snow White like you saw in the pictures - here in person.

The Andrews Ward P-TA is sponsoring their first appearance in Floydada, and Mrs. Jno. W. Reue, president of the association, says a lot of interest is being shown in the coming event.

Snow White and her entourage will be at the high school auditorium for their first appearance at 10 a. m., but the ward school show will be held at 1:30 p. m. The ward school youngsters are expected to attend this afternoon show.

Mrs. Reue stresses this important fact that the parents will be responsible for their children at the show and afterwards. "Getting 800 children across town and to the show is too much to ask of the teachers. They can't do it," says Mrs. Reue.

It is an all-professional musical play that will be a happy event for all the youngsters who attend. The P-TA is sponsoring the event.

Nephew Is Casualty

Mrs. H. M. Thomas of the Lakeview community was informed Tuesday by relatives that her nephew, 1st. Lieut. Winfred Toone of Tulla was killed in action in Korea on September 30. He was with the First Marines.

Lieut. Toone was in World War II and served with the First Marines all during that war. He was wounded while in the war. His wife and two small daughters live in Quantico, Virginia.

Ire of City Council Raised by Gas Company Penalties

TAX BILL GETS BIGGER

The fact that Floyd county property owners voted on themselves considerably more taxes for building a court house, paving some of their roads and giving the commissioners more money to spend on the county maintained thoroughfares is reflected in the consolidated statement of their tax bill this year.

This consolidated statement was made as of September 26, for October 1, when taxpaying time was due, by County Tax Assessor-Collector T. T. Hamilton, indicates that the tax bill for county and state purposes this year will be \$304,068.13. This is based on the maximum

constitutional state tax rate of 72 cents, plus a county rate of \$1.34 per \$100 assessed valuation. The county rate is made up as follows:	
Jury fund.	.05
Road and Bridge Fund	.22
General fund.	.30
Permanent improvements fund.	.15
Special Road	.15
Court house bonds	.12
Road bonds	.35
County total.	\$1.34

The road and bridge fund at 22 cents and the general fund at 30 cents are the result of an affirmative vote by the taxpayers on an allocation provision which allows the commissioners to assess the usual taxes for various constitutional purposes but allocate it to other funds. Thus the road and bridge fund collects 7 cents more than the usual constitutional amount and the general fund 5 cents more than the constitutional amount.

Where It Comes From

Analysis of the sources of the total income of \$304,068.13 which the county and state will receive and pay out of the taxpayers pockets is indicated as follows (although there are other sources of income, particularly for the road and bridge fund):

The resident roll (landed property principally) is by far the largest source of income. The assessment against this property valued at \$9,595,165, is, for state purposes, \$52,846.99, for general county purposes \$69,085.54, for other county taxes \$59,487.28, for district schools \$76,220.98, a total of \$257,640.79.

The tax assessed against the railroads, which also includes trucks that have railroad permits, bus lines, plus "intangibles", is \$27,527.75.

The two banks in the county have a value stated on the books of the tax collector of \$89,000, and will pay \$2,328.40, the rolls indicate.

The remainder is assessed against public utilities—telephone and telegraph lines, pipe lines, oil companies et cetera, which are on the rolls at a value of \$611,750, and will pay \$16,447.61 of the bill.

The unrendered property in the county is indicated at a figure practically nil, with a value of \$3,840 and a tax assessment of \$123.58.

Taxes Due and Payable Now

These taxes are in addition to taxes assessed by the cities of Floydada and Lockney and by Floydada Independent School district.

The county and state tax is now due and payable. Payment may be postponed until January 31 without penalty, but a taxpayer is offered 3 per cent discount for payment in October, 2 per cent for November payment, and 1 per cent for December payment.

The total tax rate of \$2.06 is the highest gross rate property in the county has ever been assessed.

Irvin Bennett Report

Mrs. Paul Kropp, daughter of Irvin Bennett, reported Wednesday that her father is still in the Wichita Falls hospital, following an injury he received week before last, when his car was sideswiped by a truck near Iowa Park. The doctors were to make x-rays this mid-week to see if the arm is ready for the permanent cast. If it is ready, Mrs. Bennett said that her father might get to come home this week-end. Mrs. Bennett is in Wichita Falls with her husband.

Mr. and Mrs. Bennett returned to their home east of Lockney Wednesday afternoon from Wichita Falls. Mr. Bennett had been confined in the Wichita Falls General hospital there since he was injured in a car-truck highway accident about two weeks ago.

Cotton Picking Rules Laid Down Farmer Responsible for Violation

The uneasiness of cotton raisers of the area as to their responsibility for violation of the rulings laid down by the U. S. Department of Labor for the employment of young cotton pickers is not without foundation. Here are some explanations in question and answer form that have been issued recently through various agencies:

1. Do the child-labor provisions of the Fair Labor Standards Act as Amended in the 1949 apply to agriculture?

Yes. They apply generally to farmers whose crops or products go either directly or indirectly into interstate or foreign commerce, as in the case of a farmer who sends his product outside the State or delivers his product to a canner, processor, or dealer who he knows will send it outside the state, either in its original form or as an ingredient of another product. For example, tomato growers who send their tomatoes to a cannery within the same state are covered if the canned tomato product made from their tomatoes goes out of the state.

The act does not apply to a farmer if he sells only to dealers who market exclusively within the same state.

2. What do these provisions do?

They make it illegal to employ children under 16 years of age in agriculture during school hours. This applies to migratory children, as well as local resident children, but not to the farmer's own children working on their parents farm or farms.

3. What is meant by "during school hours"?

During school hours means the hours when the school for the district where the child under 16 is currently living, is in session.

4. How old must a child be to work on a farm outside school hours?

This Act sets no minimum age for employment before or after school hours on any school day, or at any time on school holidays, and during school vacations.

5. How can a farmer be sure that the young person he intends to hire during school hours is at least 16 years of age?

The farmer is responsible for finding out the correct age of the young worker. He will be protected if a certificate of age, issued or accepted by the U. S. Department of Labor, is obtained, which shows the young person to be at least 16 years of age.

6. Where can such a certificate be obtained?

Floydada Lions club anticipates practically 100 per cent attendance of membership today when they entertain their district governor, Dr. Marshall Harvey of Lubbock.

It will be an official visit from the 2-T-1 district dignitary of the club, announced last week by the president of the club, Gayle E. Mayo. The meeting place will be at B & M cafe at high noon.

Thousands of modern Betsy Rosses are taking their needles in hand and making United Nations flags in preparation for celebrating United Nations day on October 24.

The goal of this flag-making program is to have a United Nations flag displayed alongside the Stars and Stripes in every rural and city community in the United States on October 24. The purpose of the program is to emphasize the hope for peace for which the United Nations flag stands, and to make the people in every community familiar with the flag.

Mrs. Franklin D. Roosevelt is chairman of a National Citizens committee which is sponsoring the program, and many city, farm, church, educational, patriotic, labor and other organizations are represented on the committee, giving a true representation of the citizens of the United States.

The Cooperative Extension service of the U. S. Department of Agriculture has been given the responsibility for leading the program.

Plans for Celebration

Miss Maurine Hearn, state program leader for the Texas A. & M. Extension service, reports that

Floyd County Wheat Ranks High Quality at Tri-State Fair

Floyd county is coming up in the world, and no doubt about it. The wheat growers are doing well to meet the demands of the market and the bakers. And the answer to the report that Floyd county wheat is not good by the lead in contests for better milling quality.

For instance, take W. A. Massie, who showed the best grain at the Tri-State fair in Wichita in Westar. Also in the contest Massie had the champion wheat, which won the \$1-Kan Flour Mills trophy.

Phillip W. Pillsbury engraving in addition to a cash prize.

W. A. Massie smiles as he acknowledges that good wheat gets the trophies and the plaques and the money.

tri-state show with their grains are to be complimented an appreciated by our people.

In the baking division awards Louis Cardinal had third best baking grain from all the wide area of best grain producing lands and L. L. Jones had the fourth and fifth spots. Their placings won cash awards.

Weather Good; Maize Rolls In; Cotton In Area Begins Moving

Weather controls are off for next week and the government estimate for production this season is good. The market for cotton is to be, with the result that the market took \$3.50 to \$5.00 off the price of the staple in open market.

Farm operators yesterday began to make plans in most sections to start harvesting. Expectation is the southern part of the county where ground has already made a reasonable active since the new McCoy gin, for the new several bales Monday and increasing number through the week since. Barwise was to steam up in anticipation of a good run.

the grain moving that the railways can handle and it is only a matter of days—possibly hours—until storage space in every town from Tulla to Snyder will be full and a stoppage of grain movement unless some of the railway people can find some cars. Any railway line that could whip up 400 or 500 cars for the grain men would be a hero in a hurry. This is the story that is going the rounds of the elevators. They assume no railway company can do it. Uncle Sam, they say, is claiming all the available rolling stock except for bare necessities.

As early as Tuesday Petersburg and some other points to the west had filled all available storage and filled all the railway cars that could be afforded. It was said that the Lubbock grain bins would be full by this week-end, and that from (See Weather and Crops, back page)

Report October 18, Says Call to Arms

An order from Selective Service Board No. 45 for men to report for service in the armed forces has been received in many area homes this week. The call is for the men to report on Wednesday of next week.

The boys from Floyd and Motley counties and Petersburg in the Hale county are Theophris Fisher, Major Lee Barnett, and Dale Wayne of Lockney;

Lewis Blevins, Kirby Nichols Campbell, James Henry Smith, and Lucious Thompson of Matador;

Carlton Wayne Timmons, Eddie J. Leary, and Hal Herbert Courtney of Northfield;

Verlon Dean Walls, Thomas Charles King, Eimer Peter McGhee, Jr., Jimmy Martin Vickers, and Robert Lee Mooney of Floydada;

Samuel Morgan Franklin, Arthur Raymond Mahagan, and Robert Fitzgerald of Petersburg;

Lennie Alvin Hughes of Flomott; and Frank G. E. Reed of Quitaque, and Felix Ramirez of Roaring Springs.

These boys will travel to Amarillo by chartered bus for their examinations on October 18.

Approximately what the city council of Floydada said Tuesday night in their regular session, to the West Texas Gas company, was: "You can't do us that way."

The gas company has a new bookkeeping system, patterned after the lines of the most advanced IBM installations. Representatives in Floydada last week-end told complaining customers they couldn't help it, they had to do everybody the same way. The city council said Tuesday night bill anybody any way but don't put on the penalty until the 10th of the month. The IBM billing changes the penalty date for about half the company's customers.

A check-up by a Hesperian reporter that was not complete showed that the gas company would be favored by the IBM machine plan by 12 cents per customer to 50 cents and up. What the total might be was not totted up.

Norman Makes Motion

Lewis Norman, usually a cigar-chewing type of councilman, with little to say, was one of the city authorities who took the lead Tuesday night. Bill anybody any time but don't add on anything until after the customer has a chance to pay his bill in the customary manner. Norman's attitude, apparently backed by other councilmen, changes the penalty date by five days for that half of the meters lying south of Mississippi street. The penalty was added this month when customers went to pay their bills after that date.

Company officials believe that the change of a few days in billing routine will be accepted by the public without complaint as soon as they are accustomed to it.

Customers Protest to Council

Several customers of the gas company protested to the council Tuesday night. One customer, who said his bill would be increased by the penalty only 12 cents per month, said he didn't mind 12 cents but he did mind being done that way. Another customer and taxpayer was indignant in much the same manner. His bill had been about 50 much for many years. All of a sudden he had to pay out some money he didn't have. He hoped the company's IBM system worked out good but he couldn't see why he should pay \$6 a year for it. If he (See Gas Company, back page)

Hospital Drive Nets 2-Thirds of Fund Goal

Two-thirds of the \$100,000 goal of the People's hospital fund was reported Monday night at a rally of more than 50 campaigners. "Let's finish the job," was the battle cry of the meeting.

A total of \$66,476 in cash and pledges, reported thus far, encouraged the volunteers to continue the campaign until the goal has been reached.

"This is a miracle which few expected to see," said J. P. Moss, president of the hospital board of trustees. "Tonight we close the first phase and start the second phase of the campaign. The people have demonstrated that they know the need of a local hospital and that they are willing to back their faith with cash to pay off its debts. Certainly, if we ask enough people to give, we shall raise the needed \$100,000, for we have two-thirds of that amount from less than half our prospects," he continued.

Continued Success Seen

The second, and last phase of the hospital campaign which we now are beginning will be even more successful for several reasons. First, nothing succeeds like success and already this effort is Floydada's outstanding campaign. Second, the unprecedented rainy weather of a few weeks ago delayed harvesting and planting so much that many farmers could not spare time for solicitation.

"Recent sunny days have enabled them to complete much of their work and now we may expect that all who are identified with us will finish the job in short order. We have assurance that many others who have not previously been active in the campaign will now join forces, to help us go on to complete success," he added.

A vivid demonstration of the spirit of the workers was their willingness to take additional cards and their promise to complete their calls before next Tuesday night, when a report meeting will be held at headquarters, 101 North Main street. Refreshments will be served by ladies of the volunteer organization.

J. M. Willson, general chairman of the campaign was out of town but it was announced he will return later this week. Mr. Moss, presided in the absence of Mr. Willson at Monday night's meeting.

When you have visitors, in your home, new items, locals or personal, won't you please call Winnie Angus, phone number 888, at The Hesperian and give them to her. She would like also to write about your parties and clubs or any news of interest.

EDITORIALS

How we are still fighting the Civil war is being brought out as a fact in numerous Texas communities this week. While people of official United States had their "take" back in those good old days after the civil war and endowed Yale and Harvard and many another with money they took off of the backs of little Texas boys and girls -- and Georgia and Louisiana boys and girls too -- they have gotten religion and are not going to let you and me do little boys and girls that way. They have the congress -- Mr. Johnson, the go-getter, Mr. Mahon the christian gentleman, Mr. Connally, the fighting Texan -- pass a law that none can hire a youth under 16 during school hours. The practical result is that many Texas communities are "turning out school" to keep the men who keep up the schools from having to go to jail for hiring youngsters that somebody says are being mis-treated. If you picked cotton during the years of your adolescence you will not understand. So we point out to you that while you may not understand you'll certainly spend a period in jail or pay off a tremendous fine if you violate the law of the land and get caught at it. We hear by way of the grapevine that the powers that be are going to see to it that half a dozen or so in the high plains country get fined or jailed. You are still paying off to official America for the civil war. You should not have been on the losing side. It would have been all right to have been born in Yugoslavia or Poland be named Rjnkvesklov. In that case you could have changed your name to Lewis or some other good old American name, taken up residence north of the Ohio and east of the Mississippi. But to be born south of Mason & Dixon line a native of the country without benefit of court, means you may go to jail. The Hesperian sometimes exaggerates but not enough.

The old timers that we know about did the best they could with 4 cent cotton and 13 cent oats. They sowed and plowed and reaped and garnered what they could. They believed in free trade and paid the penalty for it. For three generations they battled the beetle brows in Union club. But Union club and their successors have proven the better. Now the children must not work if they could be in school instead. So close down the schools. Don't violate the law. Keep the light burning. Make the kids work like they ought to do. Who can imagine a youngster 16 who has not been taught that a man must work to earn the livelihood which he asks of the business world? Well, a lot more than you think! You're just a minority that must be eliminated by law!

Leaving our customers to their fates -- jail or worse for violating the law -- we turn to matters more in line with what we know about. The fact is we take up the weather. We have told you in these columns that the indignities of this part of the world keep on telling of a late frost, but that the cycles and the other signs of the times point to an early one. In spite of the tell-tale weather of the past 10 days that give warning of an early frost we bed down with the tarantulas. We stay with the broom weeds. We know the mosquitoes tell a story that has stood them in good stead these many years. Maybe they are wrong. We assume they are. However, we will leave our tomato patch set until the first frost or freeze kills all the green ones and we won't have any chow chow this winter. It is a bleak prospect if we are being misled. We just can't see an early frost. But we warn our friends not to pay any attention to what we put out. We do not want anybody to lose

out on account of us. We want to be a lone wolf sort that sees the tomatoes frozen on the vine. We want to be unhappy because we couldn't have cold biscuits and tomatoes out in the patch during late October, while our friends, much smarter and watching the plain signs of the times, garner their fruit of the vine and transform it into that most delectable condiment, chow chow, while the garnering is good. Get out and gather your green tomatoes! Don't do like we are going to do.

One of the reasons why we can't see an early frost, meaning before late October at least, is that the tarantulas and their little cousins the spiders, are not spinning webs to amount to anything yet. A spider has got to have some winter forage in the form of little crawling things, flies, caterpillars, moths, and so forth. To get these he spins webs. And all of his neighbors spin webs. They get out and garner the harvest that will take them through the winter, giving them vitamins, green vegetables, yellow vegetables, proteins, carbohydrates, -- all the things that will stick to their ribs and will make their little ones grow big and fat and able to operate next summer. When they start out in earnest and get to doing business in a big way they'll be expecting winter. When they start we'll begin to gather our green tomatoes, we'll get set to hill up the rutabagas. We'll think winter is almost here. It may be frosting now in South Dakota, and freezing in the mountains of Colorado. It may be that western Kansas has already had its first cycle of nipping frost. We take Associated Press for all that. But we don't take this to mean that a Floyd county spider does not know his stuff. The spiders were here before the Associated Press got to snooping around in other people's affairs and printing it in the pages of the newspapers as news.

This week the doctors of America are putting out an advertisement which tells their story of opposition to medical practice dictated by the government, a practice which would give the docs each a number and a place in which to practice, patients to work on, fees to be paid after they filled out the forms correctly and made the correct contacts with the bureau that would officiate. Doc Smith and Doc Guthrie and Doc Pitts and among them, a million or more, are as hot as a six-shooter pistol about the way the government threatens to have them doing. A few are going along and expect to land good jobs by doing so. The Hesperian does not understand the doctor state of mind thoroughly. We know they are deeply conscientious. We know they are just as nice as can be when such lay minds as that which fends for The Hesperian administers a spanking that the docs have reason to believe lands on the wrong behind. They have such a rigid code of ethics that they don't even use common sense at times, we sometimes think. But Doctor John Doe and his fraternal brother, Doctor Richard Roe, are all right in the sense we know you know we mean. They're battling hell for leather to have their way of service to their people. We hope they have a hard time getting the job done so they'll run a few more advertisements. We hope their advertising assessments get bigger and bigger and that they have to run larger and larger advertisements in the newspapers to keep Mr. Truman from regimenting them. We ask our friends and customers to make out like they think the doctors are all wrong. This small favor would be worth several dollars to us and would cost you nothing. Let's all go along with each other on these matters. What can we do for you sometime?

The Floyd County HESPERIAN

HOMER STEEN, Editor

Established 1896 by Claude V. Hall Entered as second class mail at the post office at Floydada, Texas April 10, 1907, under the act of Congress of March 3, 1897.

WEST TEXAS STATE HOME-COMING ON OCTOBER 21

CANYON, Texas--Homecoming at West Texas State College will be Saturday, October 21 and a full day of activity has been planned by the West Texas student body and the homeing committee.

Miss LaVerne Fowler, student at WSTC in Canyon, spent the weekend with her parents, Mr. and Mrs. Ernest Fowler.

Minister, Tempora's Resident, to Preach

Rev. Henry C. Thomas will preach in a series of four services to be held at the local Church of the Nazarene beginning Friday, October 13, thru Sunday October 15. The night services will begin promptly at 7:30 P. M.

Rev. Thomas is living temporarily in Floydada, but has accepted the pastorate at Scagraves and will move there November 1. He has had churches at Perryton, Big Spring, and Levelland in recent years.

A cordial invitation is extended to all to attend.

LEAVES FOR OCEANSIDE

Mrs. Carl Minor, Jr., and daughter Elaine left Sunday for Oceanside, California, to be with their husband and father, Carl Minor, Jr., who is a marine stationed at Camp Pendleton, near there.

She was accompanied by Mr. and Mrs. C. L. Minor who will visit two weeks there.

Better Buy Buick!

PERHAPS you've noticed that there seem to be a lot of these brawny beauties running around on America's highways -- and it isn't just that boldly gleaming forefront that spreads this impression. It isn't just the fact that folks who own a Buick get such a bang out of it that they do a lot of driving. Back of all this is another fact. It's a fact that contains a broad hint to anyone who'd like to know what's what in motorcar buys. 1950 Buicks are breaking all past popularity records, as registered in sales. So we suggest that you do some personal investigating. Find out, for example, how mas-

terful you feel, with Fireball power purring away the miles, at a polite touch of your toe on the gas treadle. Find out how the jolts and jars seem to disappear, when you have big soft coil springs on all four wheels, and fat low-pressure tires on wide Safety-Ride rims. Then there's Dynaflo Drive,* which Buick owners vote the biggest automotive hit that has come along in years. With all this, there's room, and comfort, and road-hugging heft combined with a light and willing response to your hand on the

wheel -- and prices that start down with the sixes. Seems like almost everyone wants to own one of these Buicks -- and most people can. How about you? Isn't it a smart idea to see your Buick dealer now and get your name on his list?

Only BUICK has Dynaflo -- and with it goes: HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD fenderfront, top-through fenders • TRAFFIC-HANDY size, less wheel all length for easier parking and steering, plus turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, side-steadying torque-tube

THERE'S NO SUCH THING AS A

Free Lunch!

Food just doesn't come free -- except in the bread line. Government services don't come free, either. That tax on your dinner check helps pay for a lot of things that some people think they are getting "free." When new services are offered -- most people have learned to look for the price tag. They know that in too many lands today the price of shucked-off responsibility is centralized control. The price of Government handouts is personal freedom. If the Government controlled the restaurant business, the food, we believe, would be poorer and the price higher. If the Government took over the medical profession, we believe that prices would climb and services deteriorate. Frankly, we want the right to compete for you patronage -- the responsibility to earn and to keep your confidence in us.

We want a free America -- not the "free lunch" sort of Government.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Antelopes Too Much for 'Winds'

Antelopes proved too much for the Whirlwinds Friday when they defeated the Floydada 33-0 in a district 3-A contest at Western field.

Barron and Miller ball hand combination proved too much for the Winds. They scooted through the holes in the line to score in the first quarter. The Antelope score came in the first stanza, when Barron made good his conversion from placement. In the second quarter Miller climaxed a 42-yard dash with a 7 yard dash to pay when he calmly kicked the extra.

Games in Second Quarter
The second quarter was outstanding for the fumbles it produced. The Antelope team gaining any advantage on the exchange, but they were able to make their first in this half when they recovered the ball on the 12 before they went over on downs.

Miller netted the Antelopes 3 on the next play, Miller over left guard, broke into the end and outran the Whirlwind to score on a play that was 35 yards and the longest of the game. Miller's kick placement was good, and the score in a few plays, the score

21-0.

The Whirlwinds opened the second half kicking to Abernathy, Barron returning to the 23. From that point, the Antelopes drove to the Whirlwind 31, and on the next play, Barron went the distance to score. Miller's attempt conversion was low. From this point the game seesawed back and forth, neither team having any apparent advantage, until the 'Winds recovered an Antelope fumble on the Antelope 30. From this point the 'Winds drove to the Abernathy 13, where the period ended.

The fourth quarter opened with the 'Winds in possession of the ball on the Abernathy 13, third down and 9 yards to go. Two attempts produced no gain and the Antelopes took over on downs. On the first play Miller went 28 yards for the touchdown, but the backfield in penalty called the ball back. The Antelopes, unable to gain, punted. The Whirlwinds were also unable to gain and Guthrie punted out on the Abernathy 17. A pass from Cunningham to Goldston produced another touchdown for the Antelopes, but a penalty against both teams nullified the score. Another pass from Cunningham to Goldston carried to the Whirlwind 20, where the ball went over on downs. The 'Winds fumbled a later on the first play and Abernathy recovered on the 22. A pass netted 3 yards, a line buck netted 3, and then Barron went over his own right side of the line to score. Miller's attempted conversion was blocked. The game ended only a few plays later, the score, Abernathy 33, Floydada 0.

Other Games in the District
The highly regarded Lockney Longhorns had another close call this week, when they played the Tulla Hornets at 6-6 ball game, and came out winner by virtue of more first downs than the Hornets. Post Antelopes, district 4-A south power eased past the Rails Jack-rabbits 21-14. Spur Bulldogs downed the favored Paducah Dragons 20-6 and Crosbyton's Chiefs defeated the Boys Ranch Hand's 12-0 in a non conference match.

News of Harmony

(Mrs. Roy E. Hollums)
HARMONY, October 9—October's bright blue weather has arrived at last and everyone is busy getting the last few acres of wheat sowed and combining the maize crop which is turning out more grain than was at first expected. Some of the farmers are ready for the cotton pullers that usually come into the county at this time of the year. Since the child labor law is being enforced it is doubtful that enough hands will be available to harvest the first pulling before the sample is damaged by bad weather.

Mr. and Mrs. Bill Tucker visited relatives near Meadow Sunday. Brother Luther Helm filled his regular appointment Sunday at Carrs Chapel.

There were 39 present for church school and 44 for evening worship. Mr. and Mrs. Baker from El Paso are visiting the Bill Tucker family and attended church services Sunday night.

Mr. and Mrs. L. A. Williams of Amarillo are visiting their sons and families, Cloma and Aldene. They also attended church at Carrs Chapel Sunday.

Mather Carr received a painful bruise on his leg when a wrench slipped and hit him while working on a plow one day last week. We hope he will soon be able to go about his usual work.

Mr. and Mrs. M. D. Ramsey returned from their trip to Kansas and Nebraska Sunday afternoon. They reported a pleasant trip and a bumper crop in Nebraska. Mr. Ramsey said the best corn he ever saw.

W. J. Carr and son James from Oklahoma City, is visiting his uncle, Mather Carr and other relatives this week. W. J. is a former resident of this community.

The Sherwood Ramsey family have been on the sick list this week but we are glad to report them all better to date.

Mrs. Charlie Smith and Mrs. Roy Hollums are attending the tailoring school directed by Miss Petty at her office on Tuesdays and Thursdays during the month of October. Mrs. Smith will then teach the tailoring to the Harmony club ladies who are interested and Mrs. Hollums will direct the tailoring for the Sand Hill club ladies.

Miss Katie Hollums visited in the Roy Hollums home a short time Sunday afternoon.

Mrs. C. B. Lyles returned home Thursday evening from annual conference of the W. S. C. S. at Abilene. She reported a great conference.

The Carrs Chapel W. S. C. S. will have their second study on the "Near East" next Sunday night at the church at seven o'clock everyone is welcome.

Little J. Riley Holmes has the chicken pox this week.

ATTEND FAMILY RE-UNION
Mr. and Mrs. J. L. Heim attended the Home Coming and old settlers re-union at Covington, Hill county, on September 23. While there Mrs. Heim's three sisters and their husbands, and two brothers and wives had a family re-union. All were present except one sister, Mrs. Agnes Scroggins, mother of Harper Scroggins, former Floydada resident, of Claud.

Boyce House Says I Give You Texas

(By Boyce House)
In Lockhart lives the historian of the city and county—J. Henry Martindale. Caldwell County was named in honor of Matthew 'Old Paint' Caldwell, who led the Texans at the Indian battle of Plum Creek. When the county was created from parts of Bastrop and Gonzales Counties, the enactment directed that the county seat be located on the Byrd-Lockhart league and be called Lockhart. Lockhart was one of the couriers sent out by Col. Travis before the fall of the Alamo.

Mr. Martindale considers the two high points in the history of the county, the development at the turn of the century, by Alexander D. Mebane, of the cotton plant to a standard of perfection and the discovery of oil in 1922 by Edgar B. Davis near Luling.

The oldest Protestant church building in Texas still in its original condition, built about 100 years ago, is in Lockhart—the Episcopal Church, and it is an inspiring edifice to visit.

Historian Martindale quotes an advertisement from an early day newspaper, "Capillary abridgment and tonsorial enactment performed at the City Shaving, Bathing, and Hair-Cutting Saloon." I think it means you could get a haircut and

a shave. Besides writing history, Mr. Martindale is the county treasurer, and at last accounts notary public, publicity director of the rationing board of the county, secretary-treasurer of the Lockhart Business Men's

Club, Sunday School secretary at First Baptist Church, secretary-treasurer for the San Marcos Baptist Sunday School Association, publicity director of the rationing board of the county, secretary-treasurer of the Lockhart Business Men's

and Austin newspapers as well as for the United Press and International News Service—and writes a column each week in the Lockhart Post-Register. Now there's a man who really keeps busy.

HELPING BUILD WEST TEXAS SINCE 1927

They that can give up essential liberty to obtain a little temporary safety deserve neither the liberty nor the safety
Benjamin Franklin

AMERICA IS THE ...

Land of the Free

BUT AMERICA IS NOT THE LAND OF THE FREE HANDOUT

Our Nation was founded on the principle that Freedom must be paid for—and is well worth paying for.

The American people have made great sacrifices in payment for liberty.

But they have refused to sacrifice liberty for promised "security"...to trade freedom for the spurious "safety" of State Socialism.

This hospital is proud to be part of a community and country where each American is free

to worship as he chooses—and grants that same privilege to his neighbor... where a business is free to create a better product, and to compete in the open market for patronage.

Unfettered by political controls, American medicine has made this the healthiest, strongest Nation in the world. Socialized medicine would endanger our physical health, our economic welfare and our political freedom.

With American medicine, we say...

Let's keep our right to manage our own lives. to earn our liberty...to keep America the

Lon Davis, Jr., And Bride Are on Trip to New York This Week

DALLAS — Mr. and Mrs. Lon Davis, Jr., are on a wedding trip to New York City following their marriage Saturday evening in the home of Mrs. Lillian Bailey Williams, 3403 Hood.

The bride is the former Miss Florine Cates Floydada and Dallas. She is the daughter of Mr. and Mrs. Buren C. Cates of Floydada. The bridegroom is the son of Lon Davis, Floydada.

The Rev. Patrick Henry, Jr., pastor of the First Christian church, officiated for the ceremony. The bride was given in marriage by her father.

The bride was gowned in ivory satin. The dress was designed with fine bead and detail around an illusion yoke, a fitted bodice and a full skirt that extended from a train. Her fingertip-length veil of French illusion fell from a bead-trimmed tiara.

The bridal bouquet was of white chrysanthemums and stephanotis, tied with white satin ribbon and illusion to give a shower effect.

Miss Dorothy Tye served as maid of honor, with Mrs. Darcy Bonner as bridesmaid.

Best man was Malcolm Bridges of Houston. Hubert Bales of Fort Worth ushered.

Miss Marilyn Cope and Miss Vall Jean Sherman presided at the wedding cake during a reception following the ceremony. Mrs. Earl Peterson served punch. Guests were registered by Miss Marjorie Oden.

For traveling, the bride chose a suit of brown and white shepherd-checked gabardine. She wore brown leather accessories, with blond pigskin gloves. Her corsage was of brown and yellow orchids.

The bride is a graduate of the University of Oklahoma, where she was a member of Gamma Phi Beta sorority. Her husband was graduated from Texas Christian University and did graduate work at the University of Oklahoma.

P-TA Meet October 18
The Parent Teachers Association will meet Wednesday, October 18 at 3:15 p. m. in the music room of Andrews Ward school. Mrs. Jess Patterson will speak on the subject "What is more often followed than the model of parents".

Mrs. Jenkins Program Leader at 1922 Study Club last Thursday

The Nineteen Twenty-Two study club met with Mrs. P. W. Bell on October 5, for a regular meeting. Roll call was answered with "Dogs and Dents of Parliamentary procedure."

Mrs. E. J. Morehead, president, presided over a short business meeting. Mrs. R. N. Huckabee gave a report on the district board meeting of District 7, which was held in Plainview on September 22.

A letter was read from Miss Anthony, of Girls town, near Whiteface, Texas, extending the club an invitation to visit them on November 16.

Mrs. J. B. Jenkins was leader of the program.

Mrs. Lon V. Smith gave the history of the "club collect" by Mary Stuart.

Mrs. R. N. Huckabee, parliamentarian for the club, led a parliamentary drill, which was very instructive.

Mrs. Bell served an ice course, during the social hour. The next meeting of the club will be on October 19 with Mrs. E. F. Stovall, when Mrs. J. M. Wilson, Jr., will review Marjery Wilson's new book "Believe in Yourself."

Dougherty HD Club Entertains Pleasant Valley Club Members

The Dougherty Home Demonstration club met in the home of Mrs. Tate Jones on October 4 and had as their guests the members of the Pleasant Valley Demonstration club.

The guests and members were met at the door by Mrs. Jones and Mrs. Ned Bradley presided at the guest book. From the dining table laid with a white rayon damask cloth, centered with an arrangement of autumn fruits with canna leaves in wicker baskets, and with lighted white candles, Mrs. Jones, assisted by Mrs. John R. Tinnin, served, coffee, spiced tea, walnut squares, open sandwiches, and nuts and mints.

Plate favors were tiny marigold corsages. Each member of the Dougherty club introduced herself and one of the Pleasant Valley club members.

Mrs. Sam Lide, president of the hostess club, gave a history of the Dougherty club, followed by Mrs. Howard Drysdale, who had charge of the recreation. Mrs. Drysdale gave a humorous skit, "Just a Housewife."

Members from the Pleasant Valley club present were Mmes. Chester W. Mitchell, R. C. Mitchell, R. L. Pope, Clark Harris, Vernon Gross, Rhea Mitchell, W. L. Glover, Weldon Smith, Roy Wilks, Harmon Handley, Edward Hammonds and A. M. Dorsey.

Members of the Dougherty club present were Mmes. William Hinton, Ruth Daniels, Bill Smith, Bundy Campbell, Orland Howard, C. A. Caffee, Raldo James, C. E. Bartlett, Howard Drysdale, John R. Tinnin, Ned Bradley, G. W. Smith, Maurice Campbell, Lewis Blum, Sam Lide, Charles Fowler, and Tate Jones.

The next meeting of the Dougherty club will be with Mrs. C. E. Bartlett on October 18 for election of officers.

Study Club Speakers Tell of Texas Heroes

The 1922 Study club met October 5 in the home of Mrs. E. L. Norman. During the business meeting, conducted by the vice-president, Mrs. O. G. Glassmoyer, Mrs. E. E. Joiner gave a report of the district board meeting held in Plainview recently.

Texas heroes discussed by Mrs. S. W. Ross, were William B. Travis, courageous defenders of the Alamo and Stephen P. Austin, who devoted his time to the colonization of Texas and to establishing civilization in the state.

Mrs. W. E. Grimes chose as her heroes Sam Houston, who defeated Santa Anna in the battle of San Jacinto; and David Crockett, who died in the Alamo.

Club members present were Mmes. W. E. Grimes, John Hoffman, P. A. Denison, R. C. Henry, C. B. McDonald, E. E. Joiner, George Van Wickel, Geo. B. Cavin, O. G. Glassmoyer, A. H. Kreis, L. J. Welborn, J. D. McBrien, Rex Brown, Kinder Farris, S. W. Ross, Claud Weatherbee, Hollis Bond, and E. L. Norman.

SON BORN OCTOBER 5
Mr. and Mrs. E. F. Culp, of Happy, announce the birth of a son, October 5 in Canyon hospital. The boy weighed seven pounds and fifteen ounces. They named him Larry Gary Ray, two and a half years old.

Mrs. Culp is the former Myra Nell Evers, daughter of Mrs. Joe R. Evers of Floydada.

Miss Joyce Womack spent the past week-end in Lubbock visiting Mary Beth Russell.

GARDEN CLUB MEETING
The Floydada Garden club will meet with Mrs. J. P. Moss on the Ralls Highway, October 13, at 10 a. m. instead of with Mrs. G. R. May, as listed in the year book.

Walker-Bedford Vows Said October 7

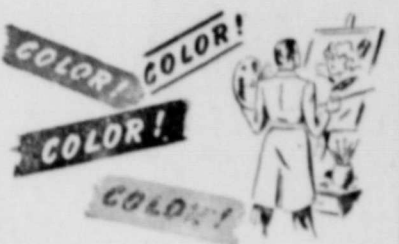

Miss Eddyth Walker, daughter of the late Mr. and Mrs. W. H. Walker of Littlefield and Burl Bedford both of Lubbock, were married on October 7 in the Lovington, New Mexico, First Methodist parsonage by the pastor, Rev. W. R. Houston.

The couple are at home at 2603 Thirty-first street in Lubbock. Mrs. Bedford is a first grade teacher in the Roscoe Wilson grade school. She formerly taught in the Floydada schools. Mr. Bedford is deputy collector for the office of Internal Revenue.

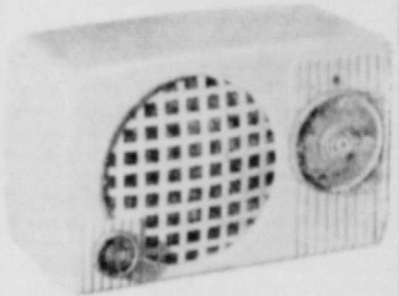

Harmony Club New Officers are Named

The Harmony Home Demonstration club met September 28 in the club room. Mrs. Bill Edwards was the hostess. The club elected officers and they are:

President, Mrs. C. A. Williams, vice-president, Mrs. Robert Hopper.

Entertain Lotus Club Members Wednesday

E. J. Morehead and Mrs. Henry were hostesses to the club of Plainview at the home of Mrs. Henry, at a 12:30 luncheon Wednesday. A lovely lunch was served and in the afternoon Mrs. Bond reviewed the book, "The Life of George Washington," written by his wife. The group enjoyed the day and the book. Mrs. Bond presented from Plainview were Mrs. R. R. English, W. B. Davenport, C. A. Cantrell, J. P. Flake, C. A. Green, E. H. Huff, W. J. A. L. Putman, J. A. Swan, Mrs. A. L. Shick, Ernest Span, George A. Shick, Ernest Span, M. Waller, Homer Looper, James Hutchins, James Goode, and G. Knochler. Billy Henry assisted the group with the entertaining. Meetings in time gathers no moss. —Holmes Co.

ATTEND WEDDING CEREMONY

Mr. and Mrs. Buren C. Cates and Lon M. Davis returned from Dallas Monday after attending the wedding ceremony of Miss Florine Cates and Lon M. Davis, Jr. The ceremony, held Saturday night was also attended by other relatives and friends including Mr. and Mrs. W. C. Black of Canyon, Mrs. Irby Carruth of Austin, Mr. and Mrs. Welburn Summers of Wichita Falls, and Mr. and Mrs. Malcolm Bridges of Houston.

Miss Arminta Berry, who is attending West Texas state college at Canyon was a visitor Sunday with her parents, Mr. and Mrs. C. L. Berry. Arminta is a member of the Buffalo band, and attended the West Texas state - Texas Tech ball game in Lubbock Saturday night.

Mrs. Alfred Fuchs and Mr. Fuchs have had her mother and brother, Mrs. J. A. Harbison and son, Dick of Siloam Springs, Arkansas, visiting in their home for the past week. Dick is to enter the armed services very soon and came to visit with his sister before leaving for his camp. They returned home last Saturday.

4-H Club Winners Named at Lubbock

Floyd County 4-H club girls who were winners in the Panhandle - South Plains fair at Lubbock are as follows:
Beet pickles: first place, Dorales Barnett, Dougherty.
Dresser scarf: first Beuna Mae Holmes, Sand Hill; second, Frances Allen, Sand Hill; third, Mona Williams, Floydada.
Skirt: made by Junior girl; second, Donita Milton, South Plains.
Dressy dress: second, Patricia Spears, Floydada.
Leather toolled coin purse: second, Frances Allen, Sand Hill.

Elevator Meeting

To Be Held Tonight

Annual meeting of the Producers Cooperative elevator tonight is expected to be largely attended by members in spite of the fact that the week is one of the heavy demand on manpower on the farms of the county.

A. H. Kreis, president of the cooperative, and the other directors, are urging a big attendance of members. Features include:

An address by Don L. Jones, superintendent of the Lubbock Experimental station; and
A barbecue for the members and their families.

These will be followed by the business meeting when two new directors will be named, and reports on the activities of the organization will be made by officials.

Roe Jones, the manager of the elevator business, which has the largest storage space of any local operator, said yesterday that the plant will close down for an hour at a half from 7 o'clock to 8:30 o'clock to give all employees an opportunity to attend the annual meeting, and enjoy the barbecue and speechmaking.

NEW SON NOT NAMED

Mr. and Mrs. Hugh McPeck are the proud parents of a son born in the Guthrie hospital on October 10 at 1 o'clock p. m. weighing 6 pounds. As yet the son has not been named.

Mrs. A. O. Beck of Dumas, is here visiting for a few days with her daughter, Mrs. Bud Sparks and other relatives. Mr. and Mrs. Jack Beck, who accompanied her are guests of Mrs. Beck's parents, Mr. and Mrs. J. F. Jones.

Josh Wheeler Program Good

Three hundred members of the Municipal Concert association of Floydada heard their first number of the season Tuesday evening at the High school auditorium, when Josh Wheeler, baritone star of the concert stage, appeared in a varied program of songs. They were to the liking of his audience.

Mr. Wheeler was accompanied at the piano by his wife, who herself is an artist. Mrs. Wheeler rendered two numbers, "Rhapsody in G

Minor" and Golliwogg's "Cake Walk."

Mr. Wheeler opened the second half of the program with the most famed and best loved operatic selection of all times, "The Barber of Seville" by Rossini.

For his final group he sang, Gulon's "Ride Cowboy Ride," "Old Man River," "The Desert Song," "The Hills of Home," "Mah Lindy Lou" and other well known songs.

From the expressions of the audience and by the applause, the first program of the concert season was well received and all present were well pleased with the concert.

The next number will be in February and the last one of the season will be in March 1951. Mr. Wheeler claims Texas as his home, having attended Southern Methodist uni-

versity in Dallas. He maintains a home in New York.

Old Peoples Club

The regular meeting of the Old Peoples club of Floydada will be Sunday afternoon, October 15 at 2:30 o'clock in the county court room. Everybody is invited, old and young.

Please come and take a part.

quests E. L. Hough, president of the club.

Mrs. E. J. Womack, who has been very ill in the Guthrie hospital since last Wednesday, had her son Bruce from Canyon and Wilson and wife from Lubbock to see her Sunday. Mrs. Womack is resting some better this week. She has been suffering from rheumatism.

HOLSUM

Corrosion And Rust Problems To Car Owners

DETROIT — Prevention of rust and corrosion in automobile cooling systems is important for continued good service of the car, E. L. Harrig, manager of the Chevrolet service and mechanical department, said.

"Judging from the limited use of corrosion inhibitors with water it is apparent that many motorists do not realize the seriousness of this problem," Harrig said.

Oxygen from the air in the cooling system is the most serious cause of corrosion. Harrig cited other causes as presence of corrosive mineral salts in the water, exhaust-gas leakage into the cooling system, use of unneutralized acid- or alkaline cleaner solutions and the use of certain acid-containing stop-leak preparations.

Radiators should be flushed and cleaned before use of anti-freeze or corrosion inhibitor solutions.

In warmer climates, the cooling system should be flushed and cleaned every spring and fall, and a fresh filling of a good corrosion inhibitor added.

HONORED BY TSCW CLASS

Miss Joy Bunch, daughter of Mr. and Mrs. W. H. Bunch, who is attending T. S. C. W. in Denton, has been elected president of the Omega Rho Alpha an honorary English fraternity of freshmen there.

Mr. and Mrs. Skinny Winn visited over the week-end at Muleshoe with friends and relatives. They recently moved to Floydada from Muleshoe. Mr. Winn is employed with Southwestern Public Service company.

FLOYDADA, TEXAS

Floyd County 14 Years Ago

(Taken from the files of the Hesperian, issue dated October 22, 1936)

Floydada firemen battled a big fire that followed an explosion at the Massie Wholesale grocery Saturday causing a \$15,000.00 loss. H. L. Baker and J. L. Barnett, employees of the wholesale house, were treating walnuts with carbene disulphide when the explosion occurred. Both were burned and were treated for their burns at the Smith and Smith sanitarium. No insurance was carried on the building or the stock, Chas. Massie, owner of the business, reported.

Conner Oden and Roy L. Snodgrass attended the prevue showing of the 1937 Chevrolet in Oklahoma City.

Rural mail delivery on Route 1 was extended two miles south to take care of five families. J. W. Clonts is the carrier on Route 1.

Virhil P. Keel, well known horse trainer for the Gainsville Community circus, was a visitor in Floydada and South Plains with his boyhood friend, Billy Standiforth, last Thursday.

The Fire Department will sponsor a greyhound race, at the three day celebration planned for November 9, 10 and 11. A hundred or more of the southwest fastest running dogs will be entered. Oliver Allen who is working with the Fire department, stated.

Higinbotham-Bartlett company, are holding open house Friday and Saturday at their new location, the former Panhandle Lumber company. They have been in the lumber business for years in this section, but for the past four years have not had a yard here. Marvin English is the manager. Mrs. Jack Henry and Mrs. Calvin Steen will assist in registering the guests and showing the people over the new plant.

Willson and Son Lumber company will celebrate their 20 years in business in Floydada next Wednesday. Mr. Willson came to Floydada from Bridgeport in Wise County on October 28, 1916 and opened his lumber yard here.

Roy Burrows began work in Lubbock with the Lubbock Sash and Door company last week. His family will join him there in the near future.

Mrs. Wallace King returned home from Tahoka, where she has been visiting her parents, Judge and Mrs. P. B. Maddox.

W. B. Hall left recently for Clovis, New Mexico, where he will be connected with the International Harvester company as collector.

Dr. and Mrs. I. W. Hicks and daughters have returned home from Dallas, where they attended the Texas Centennial exposition. They also visited relatives in Denton and Abilene.

Homer Steen, S. W. Ross and Robert Medlen were on the program at the Rotary club, talking on the subjects: machinery of the coming general election, students Loan fund and ways how the Rotary club has shown progress during the past year. Alton Chapman, district attorney of Spur, was guest at the luncheon as was Judge G. E. Hamilton of Matador and John Hamilton.

Clinton Fyffe has accepted a place with the Oden Chevrolet company as an employee in the office and parts department. Mrs. R. H. Willis and Miss Daltis Rea returned home from a trip to

Dallas to the centennial.

Mrs. J. B. Bishop and daughters, Peggy and Nanette, and Mrs. Jennie Bishop and Arla V. Bishop are spending two days in Amarillo with relatives.

Men of the Methodist church brotherhood enjoyed their monthly meeting Thursday evening, when the principal speaker for the evening was Winfred Newsom, county attorney. Refreshments prepared by the men were served.

FOUR WEEK'S VACATION TRIP TO POINTS EAST

Mr. and Mrs. W. F. Culpepper returned last week from a four week vacation trip that carried them to points in Texas, Louisiana, Alabama and Georgia.

The Culpeppers spent some time in Dallas visiting their children, in Ringgold, Louisiana where they visited Mr. Culpepper's brother, in Ylucuga, Alabama, where they visited Mr. Culpepper's sister and other relatives, and a sister in Atlanta, Georgia.

They visited Mr. Culpepper's old home place in Alabama, where they attended a two day Baptist association meeting, and renewed old acquaintances.

GENERAL KRUEGER TO AID IN MARCH OF DIMES DRIVE

NEW YORK, N. Y.—Gen. Walter Krueger (Ret.), of San Antonio, Texas, has accepted appointment as Co-Chairman of the 1951 March of Dimes in the Lone Star State, it was disclosed today by Basil O'Connor, president of the National Foundation for Infantile Paralysis. In his capacity as co-chairman, Gen. Krueger will work with Texas State Chairman Ed S. Stewart, of Abilene, in coordinating the National Foundation's campaign directors' activities in counties and cities throughout the state.

Mr. and Mrs. Virgil O'Beiler of Lovington, New Mexico, attended the Teach tech and West Texas State football game Saturday night in Lubbock and visited in the home of Mr. and Mrs. V. H. Boteler here over the week-end.

Mr. and Mrs. Harold Sparks and daughter, Pam, and Mr. and Mrs. Clyde McCoy of Abernathy visited Sunday with Mr. and Mrs. Alva Sparks and Mr. and Mrs. Maurice Steen.

Mr. and Mrs. Delbert Dillard, of Oklahoma City, spent the past week-end here visiting their parents, Mr. and Mrs. M. F. Dillard and Mr. and Mrs. Jim Hicks.

Mr. and Mrs. Phil Steen and daughter, Becky, visited in Fort Worth the fair in Dallas.

Advertise And Get Results

We are pleased to place our name beside those of other liberty-loving Americans who throughout the Nation today reaffirm their adherence to the principle of traditional American enterprise and initiative. We believe firmly that in all fields—from industry to the arts... from agriculture to medicine—America has proved to the world that

the Voluntary Way is the Way to Liberty and to Freedom.

Parker Furniture Co.

Rugged NOT RAGGED

A great American statesman has defined "rugged individualism" as a eulogy of those God-fearing men and women of honesty whose stamina and character and fearless assertion of rights led them to make their own way in life."

What better way to describe the building of America... the America to which the ragged, regimented oppressed peoples of the world look for release, for inspiration.

As businessmen, we know the value and the blessings of freedom. We know how the exercise of freedom has made America great. We want

to keep our right to voluntary action.

Suffocating Socialism at home, like communism overseas, threatens the America we cherish.

To the doctors who are fighting for freedom, our salute. Their crusade for liberty is all America's crusade. Freedom is worth defending — at home as well as abroad.

ODEN CHEVROLET COMPANY

Floydada, Texas

Judge it on POWER and PERFORMANCE

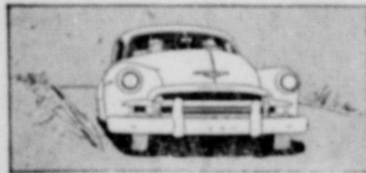

The Styleline De Luxe 2-Door Sedan

CHEVROLET

Your Best Buy - by All Odds

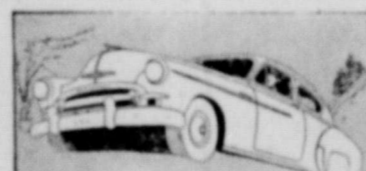

It offers more for less—throughout

All these fine car features at lowest cost: Center-Point Steering; Curved Windshield with Panoramic Visibility; Fisher Unisteel Body-Construction; Hydraulic brakes with Dabl-Life rivetless linings.

It operates more economically

Owners know that Chevrolet brings them an unequalled combination of thrills and thrift, because it's powered by a Valve-in-Head Engine—trend-setter for the industry—exclusive to Chevrolet in its field.

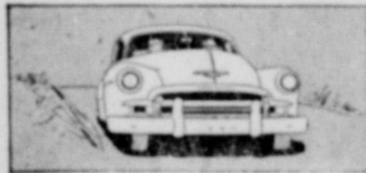

It's better looking—all around

Walk around a Chevrolet... study it from every angle. You'll find it's the best looking of all low-priced cars, as a recent independent nationwide survey shows—and, in addition, it's the longest, widest, heaviest car in its field. Come in and see it!

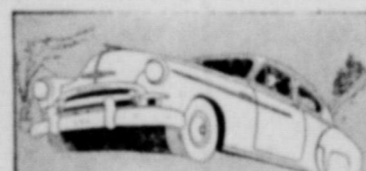

It drives more easily

Finest no-shift driving at lowest cost with Chevrolet's Powerglide Automatic Transmission*... or finest standard driving at lowest cost with Chevrolet's Silent Synchromesh Transmission.

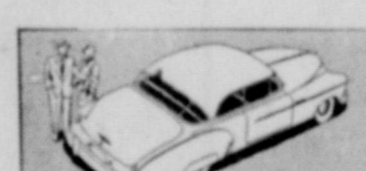

It lasts longer, too

Chevrolet cars are extra-sturdy, extra-rugged, extra-durable. That's one reason why there are over a million more Chevrolets on the road than any other make, many having served over a long period of years.

It rides more smoothly

So smooth—so steady—so safe... thanks to the Unitized Knee-Action Ride combined with airplane-type shock absorbers all around!

*Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional on De Luxe models at extra cost.

What's Wrong with FREEDOM?

Our business is selling merchandise—the best we can buy—at the most economical price to you. It's a good business, and we like it.

But being in business in America is more than skillful buying and selling.

It's the exercise of a fundamental right—freedom to venture, freedom to plan, freedom to succeed by serving best.

All freedoms stand or fall together. That's why we take our stand today, with the doctors of America, for the Voluntary System. At home and abroad it's worth defending!

Holsum Selling 'Dated' Bread

A new idea in baking service has recently been introduced to West Texas housewives by the Holsum Baking company of Lubbock, says Horace T. Owen, Jr.

Holsum bread is now "dated with a dot" so that persons can tell exactly when each loaf of Holsum bread is baked. Every loaf of Holsum baked on Monday has a dot under the letter H, where the word Holsum appears on the end-sticker of the wrapper. On Tuesday the dot is under O and so on. The six letters of the word Holsum stand for the six days of the week that bread is baked: Monday through Saturday.

The Holsum bakery is the first in West Texas to provide such a service. Already the firm has received a good deal of favorable comment on the dated idea, indicating that West Texas housewives welcome the opportunity of knowing just when the bread they buy is baked.

Mr. and Mrs. L. T. Archer of Albuquerque, New Mexico, who have been here visiting his sisters, Misses E. L. Norman, S. J. Latta and S. G. Appling and their families, returned to their home Tuesday morning.

A friend in need is a friend to dodge - Brown-Holmes Co.

Mt. Blanco News

(By Mrs. Weldon McClure)

MT. BLANCO, October 12—At the community club meeting last Friday night, a community fair was planned to be held on the afternoon and night of October 24 in the school house. There will be exhibits of baked goods, canned goods, fancy work, flowers, farm products, hobbies, antiques, children's pets, and a baby show, with children under four years competing. There will also be bingo, fortune telling and other things of interest.

Rev. and Mrs. Alvin Hamm and family were called to Knox city over the week-end to be with Rev. Hamm's mother who is very ill.

Mr. and Mrs. H. W. Pite who are leaving soon to do missionary work in North Brazil spoke during the preaching hour Sunday morning. H. W. is a former resident of this community.

Mrs. Mary Kirk is still in the Crosbyton hospital but is improving. Mr. and Mrs. O. A. Pierce have bought the store from Mr. and Mrs. Eugene Hardin. The Hardins are living in the house vacated by the Pierces for the present.

Mr. and Mrs. Brice Allen are the proud parents of a baby girl born Friday, October 6, in the Crosbyton hospital. The little lady has been named Janie Lynn.

Mr. and Mrs. Eugene Hardin and boys spent Thursday night with Mr. and Mrs. Wayne Appling and girls.

Mr. and Mrs. S. G. Appling, Joe and Catherine, and Mr. and Mrs. Wayne Appling and girls were Sun-

GOOD HEALTH

2. WHAT ARE YOUR CHANCES OF HAVING TWINS?
3. DOES OVER-WEIGHT SHORTEN LIFE?

1. WHAT IS HYPERTENSION?

Answer to Question No. 1: 1. It's high blood pressure and is most often due to hardening of the arteries. Old rules of thumb for determining whether your pressure is high, low or normal (for instance, that normal pressure should equal age plus 100) don't mean anything. Let your physician decide whether yours is normal or not.

Answer to Question No. 2: 2. One set of twins is born in about every 87 births. If there is a history of twins in your family your chances go up slightly. About three-fourths of all twins are "fraternal." They may be boy and girl or of the same sex and may or may not resemble each other. "Identical" twins are nearly alike in appearance and are always of the same sex.

Answer to Question No. 3: 3. Overweight of 25 per cent or more raises the death rate in every adult age group by 74 per cent. Doctors and nutritionists generally agree that overeating and eating the wrong foods, rather than heredity or glandular troubles are by far the most frequent causes of overweight. Consult your doctor about what to eat and what not to eat.

Marriage Record

Marriage license issued from the office of Margaret Collier, county clerk, in the period July 31 to October 3 inclusive are as follows:

William Eugene Carey and Willie Helen Taylor, July 31;

Myron Winston Kattner and Georgeann Huckabee, July 31;

Kenneth Lee Willis and Barbara Jean Landers, August 1;

Clarence Odell Thompson and Dorothy Louise Anderson, August 3;

James Louis Anderson and Verda Fern Stovall, August 9;

Lewis Nesilyn Johnson and Jeffie Carlene Daniel, August 9;

Bobby Lee Copeland and Nina Jo Dunn, August 10;

Howard Lee Hansen and Wanda Lee Drake, August 17;

Johnny Benjamin Colston and Wilma Juanelle Hamilton, August 18;

C. L. Berry Jr. and Mary Ann Henderson, August 23;

Billie Joe Smith and Gleva Lee Ratjen, August 21;

William Edward Whitfill and Francis Muriene Miller, August 28;

Richard Roy McCarver and Frankie Jo Derryberry, August 28;

Robert Willard Logan and Jean Lovell Bradford, August 29;

James Henry Mitchell and Lillie Mae Stephens, August 30;

John Wesley Gilbreath and Betty Jo Perry, September 2;

Fredrick Douglas Washington and Willie Myrthe Broker, September 18;

Joseph Randolph Adkins and Betty Lou Ring, September 19;

Kenneth Eugene Hart and Rose Helen Beard, September 29;

Lon M. Davis, Jr. and Florine Cates, October 3.

PEOPLES HOSPITAL NOTES

Medical patients dismissed this week are Beverly Wilkes, October 5, and Mrs. O. L. Beardon, October 10.

Medical patients admitted this week are Mrs. D. D. Turner, October 7, Arline Chatman, October 7, Lorraine Fisher, October 8, Mrs. Carl Lemons, October 9, and A. B. Chapman, October 9.

Mr. and Mrs. W. A. Neff are to be congratulated on the birth of a daughter at 9:55 p. m., October 10, 1950, weighing six pounds and three ounces.

RETURN FROM TURKEY

Mr. and Mrs. W. H. McClung, who have been living in Turkey for the past few months have moved back to Floydada. Mr. McClung will be route man for the Patton dairy.

Mr. and Mrs. McClung and children will reside at 322 1/2 West California street.

Mrs. Harley Brown, her daughter and husband, Mr. and Mrs. Hearst of Rails, and a friend, Mrs. Mitchell of Rochester, visited Monday with her brother, R. C. Patton and Mrs. Patton for a few hours. Mrs. Brown is Mr. Patton's only sister.

Mrs. J. E. Watson, who has been a patient at the Guthrie hospital since last week is improving this mid-week.

WINTERIZE NOW....

Come into Spears Auto company today and let our experienced mechanics flush your radiator with our pressure purger, which removes rust, shale, dirt and other enemies of the cooling system.

While they are doing this, they will inspect your hose and connections and replace when necessary, before filling your radiator with Prestone, or anti-freeze of your choice, don't take chances, anti-freeze may still be hard to find.

Center News

(By Mrs. J. E. Green)

CENTER, October 9—How we do enjoy these beautiful Indian summer days! The farmers are really "making hay while the sun shines."

We had a good crowd at Sunday school, and B. T. U. We hope the fathers and mothers will soon get up enough pep to come to B. T. U.

Several homes had youngsters home for the week-end.

Don Clark Green of Wellington spent the week-end with home-folks.

Mr. and Mrs. Ross Green had as guests part of last week, their son, Sunny of Snyder, and Mr. Green's brother, Earl Green, of Oklahoma City.

Mr. and Mrs. Floyd Montgomery of Bovina, visited Friday night and Saturday with his mother, Mrs. J. L. Montgomery and with his sister's family, the Frank Dunks.

Mr. and Mrs. Marion Carpenter of Floydada and her parents, Mr. and Mrs. G. W. Bryant of Burk-burnett were guests in the Leo Prizell home Friday evening.

Mr. and Mrs. J. E. Green visited the Bryants and Marion Carpenters in the Carpenter home Sunday afternoon. The Bryants over twenty years ago lived at Center. Many

old friends dropped in to visit them in Floydada during their week's stay there.

Mr. and Mrs. Leo Frizzell were Sunday dinner guests of Mrs. W. M. Jackson.

The past week in the W. A. Latta home at Mt. Blanco and with the J. E. Greens, returned to her home in Phillips Monday.

We'll try to list the whereabouts of our soldier boys next week.

Next Sunday will be church day. Come for both services and bring somebody with you.

HASKEL RELATIVES RETURN HOME AFTER CALL HERE

W. C. Johnson and his mother, Mrs. G. W. Fields of Haskell, who have been here at the bedside of their sister and daughter, Mrs. Menard Fields, have returned to their home. Mrs. Menard Fields is reported by members of her family to be improving. She was being followed by a doctor and Mrs. Johnnie Wilson and Stanforth, Jr., both of Haskell, have been in attendance at mother's bedside.

Mrs. Henry Edwards of Bob Henry returned Sunday from Temple where they attended the funeral of her in-law, Rev. H. B. Duller, day morning in Temple. Mr. and Mrs. Edwards visited relatives in Georgetown, while Mrs. Edwards visited relatives in Slaton and Waco.

Mrs. C. E. Neil of Amarillo the week-end with her mother, R. C. Watson and other relatives. She reports Mr. Neil is well.

Mrs. Henry Edwards of Bob Henry returned Sunday from Temple where they attended the funeral of her in-law, Rev. H. B. Duller, day morning in Temple. Mr. and Mrs. Edwards visited relatives in Georgetown, while Mrs. Edwards visited relatives in Slaton and Waco.

WHAT A RELIEF

From Rheumatic Muscle Pain!

Now you can get quick-action, temporary relief from local superficial pains of rheumatism, lumbago, neuritis, bursitis, sciatica, arthritis as well as fatigue and muscular aches and pains of simple colds with the new ointment—SURIN—because SURIN is based on a new application of a principle. It contains an active modern research drug—methacholine chloride, a powerful ingredient to dilate surface blood vessels when applied at the point of pain. SURIN provides double action pain relief. (1) It increases blood supply (2) allows local, relaxing agents, camphor and menthol and local analgesics to penetrate faster giving quick, temporary relief at the point of pain. In a few minutes you feel the soothing warmth from SURIN. Then follows blessed relief lasting 1 to 3 or more hours. No color and no odor—use SURIN locally. Not an ordinary rub ointment or liniment. SURIN has a new ointment base, creamy-white, smooth. Easy to apply. Will not stain washable fabrics. Quickly washes off in warm water. Money back at your druggist if not satisfied!

*SURIN is not intended as a cure or treatment of above diseases. It is to be used only for temporary relief of local superficial pain.

GET PAIN RELIEF!—GET SURIN!

Selling Milk

IS SELLING HEALTH!

Our service to this community has much in common with that of the medical profession.

The wholesale diet of American families—and the place of milk in that diet—has a lot to do with the high standard of health our country has achieved. Because our product is essential to good health, we believe that every argument made against socialized medicine also could be made against a socialized dairy business.

In fact, every great Nation that has tried socialized medicine has gone on to socialize other business and other industries and other professions.

America has no place for permanent Government controls borrowed from foreign lands. It has no place for socialized medicine, socialized railroads, socialized power, socialized manufacturing... or socialized dairies!

We believe—and all experiences proves—that free men do the best job of running industry, professions and business.

That's why today we publicly reaffirm our faith in American initiative, American progress, American FREEDOM.

RICHES
By Jane Merchant
I never lose the radiance of beauty he has known. I never lose the radiance of beauty he has known. I never lose the radiance of beauty he has known.

one is not going at a slow gait cutting off a head at a time and throwing them in the wagon. But there were many compensations. Purple and yellow flowers bloomed in the grass at the ends of the row. The food tasted like heavenly manna. A watermelon left in a shock overnight was cold and delicious. There was the feeling of grain for the horses and hogs and chickens and fodder for both cows and horses. And there is the lovely remembrance of a woman gracious and thoughtful, Mrs. Lincoln, who hooked up a horse to a buggy driving some two miles and bringing us some greens and turnips cooked as she only could cook them, so that we might have them for our noon meal.

I pull the shade down again that covers the years of yesterday and see the day sweet and good before me, work still to be done that I can do. Friends still kind and thoughtful, nothing for me to do in this year's harvest, yet I find:
"The harvest of old age is the recollection and abundance of blessings previously secured."

Heard over the radio: "A man went to the far north and found the natives shivering and cold while they had overcoats warm and furred. 'Why don't you put on your overcoats?' he asked the freezing people. 'Why they open in the back and we cannot button them,' they sadly replied. The next winter this same man went back to the same people and found them warm in their fur overcoats but they were buttoned down the back. 'How did you manage to wear them?' he asked and got this reply: 'We learned that we could button one another's coats,' they gladly answered. Maybe the peoples of the world will learn to button one another's coats and thus have peace."

SOUTH PLAINS BAPTIST WOMEN'S SOCIETY MEETING

The South Plains Baptist Women's Missionary society met Monday, October 2, in the afternoon at the Baptist church, with seven members present.

New officers were elected for the coming year and bible study was enjoyed by all.

All ladies are urged to be there at the next meeting, urges Mrs. Dock, president of the society.

Mrs. Bertha Savage of Amarillo has been here attending her mother, Mrs. C. Snodgrass, who is ill in the Peoples hospital.

Who Runs America?

the Congress? the President?

OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

General Federation of Women's Clubs	American Legion
American Farm Bureau Federation	National Association of Small Business Men
National Grange	United States Chamber of Commerce
Veterans of Foreign Wars	National Association of Retail Grocers
National Conference of Catholic Charities	National Retail Dry Goods Association
American Protestant Hospital Association	American Bar Association

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the prideful security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today in America—70 million people are protected by Voluntary Health Insurance! • Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. • For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

You and Your Neighbor Run America!

Radio Station Application at Head of Line

Ed Holmes, president of West Texas Broadcasters, incorporated, believes that recent developments in connection with their application for the establishment of a radio station at Floydada, have brightened the prospects, and although he is unwilling to forecast that a station will be in operation here by Christmas-time he is hopeful that such may be the case.

One development which makes the local radio enthusiast hopeful is the fact that Tulsa Broadcasting company of Tulsa have withdrawn their application for a construction permit. Apparently this leaves the field open to the Floydada corporation, so far as this band is concerned in this area.

In a communication dated late in September the Federal Communication commission said that the Floydada station's application is "at the head of the processing line, and is at present under study by the commission's staff."

New Location is Made
As a result of established rulings of the communications commission made apparent recently, the location of the proposed station has been changed. This new location, Holmes said, is adjacent to Highway 207 in southwest Floydada, immediately north of the city's newest well, on the property of B. A. Robertson. Holmes and his associates believe that this location meets with the requirements of the FCC in every particular.

Weather and Crops

(Continued from page one)

Tulsa west and south for eighty miles or more in every direction farmers would be filling their bins and looking for other storage space.

A report from the West Texas Gas company's office Wednesday at 3 p. m. stated that 95 degrees, the highest temperature of the week was at that hour, and the lowest for the week was on Sunday morning when the register read 48.

Says Plenty of Cans
Poster Amburn of the Producers Cooperative elevator Wednesday stated that the maize was coming in fine and was of fine quality, the price was good and he thought that there would be plenty of railroad cars to take care of the crop. Some of the hegarl had fallen down. The farmers were praising this good weather. The elevators had plenty of room yet available.

Carl Nelson, manager of the Farmers Elevators stated that there are

plenty of cars and that the price is \$1.45. Maize in some places is falling some as much as 50 per cent. He stated he thought there would be plenty of railroad cars available for the crop.

At the Kimble Milling company, Lon Davis, manager said that they had four cars to fill and would have them filled by night. That as many as 20 trucks loads of maize had been hauled in from Ralls as Ralls did not have the cars to carry the maize but now they are letting up a little as they are getting more cars there. The quality was good and the price was good. Most of the maize is going into government loan and the maize is standing up pretty good. If a bad wind storm should come, possibly more would fall. Some hegarl is falling, he said.

Gas Company

(Continued from page one)

did and every other customer did, he estimated the company would collect \$33,600 a year more than they have been getting. That would be a bit high for most any kind of a machine and a house to put it in. The gas company thinks the charge is most reasonable, representatives said in Floydada last week-end Floydada is the only town in all of 46 or more they serve which has registered any complaint whatsoever, these young men said.

At the council meeting Tuesday night it was agreed that the gas company could set most any billing date their IBM machines might indicate, but that the council thought the 10th of the month was a reasonable time for a customer to pay his bill and such would be included in an ordinance to be passed as quickly as it could be drawn up and passed legally.

One customer told the gas representatives last week-end that the matter of getting along with the customers and keeping them happy was more important than any kind of a contract they could make with an IBM representative. "You can't mechanize human relations" they were told.

The local office of the gas company has been notified that an ordinance will be passed to keep the company from adding on a penalty before the tenth of the month. City Secretary B. K. Barker said he got the impression from the talk of the councilmen that they wouldn't want to tell the gas company when to read their meters, but they definitely had an idea that bills rendered out of the usual procedure would not have official sanction.

BABY DIES OF PNEUMONIA

Wesley Thomas Pugett, 2½ year old son of Mr. and Mrs. Grady Pugett, who live on the Stringer farms, west of town, passed away Tuesday at the Pitts hospital from pneumonia. His body was carried to Grant, Oklahoma, the parents' former home, by his parents and interment was made Wednesday in the Grant cemetery.

The gas company representatives last week-end said they had no complaint from any community except Floydada. It is all being done in an effort to cut down expenses and save the people money, they said.

Evangelism Plan To Be Revealed By Marvin Boyd

Rev. Marvin Boyd, superintendent of the Plainview district of the Methodist church is to be the guest speaker for the local Methodist men's club on Tuesday evening, October 17, at 7 o'clock. Meeting with the men this time are the Sunday school workers of Floydada Methodist church. This includes all general officers and class officers and all teachers and associate teachers.

Rev. Boyd will address this joint meeting of the men's club and the Sunday school workers on the evangelism and attendance from October to April. He is quite well qualified to bring an informative, inspirational address. The public is invited, as well as members of the sponsoring organization.

Are You a Sucker? Try the Home-Town Carniv'l Skin Game

You are a sucker, are you not? You do go for carnival things, sure that you can win what others lose. Isn't that right?

Well the home-town boys are going to give you a chance, and if you lose, which you will, but you don't think so, glasses for some unfortunate kid or something of the kind will result. Your big good fortune period opens on Thursday of next week and continues through Saturday. Whip the Lions club boys ears down, is the idea. Here is the formal announcement of the big event.

The Lions club will sponsor a home carnival next Thursday, October 19 through October 21, on Wall street between Virginia and Missouri streets, opening at 6:30 p. m. and lasting each evening until a late hour.

The planning committee are W. E. Garrett, Glen Day, Myron Kattner, Kenneth Bain, Jr., A. R. Fuchs, and Menard Field. The equipment is in the custody of Earl Crow. There will be games of bingo, penny board, bottle rack, doll rack, a dart board, shooting gallery, and an eat and drink booth.

The public is invited to come and have a good time and help out the Lions club.

Mobile Unit Makes 2000 Chest X-Rays in Floyd County

Encos T. Jones, general chairman of the county for the free x-ray chest survey, given by the State mobile unit, in Lockney on Wednesday of last week and here on Friday and Saturday, stated that it was a success in every way.

There were 2022 x-rays made in Floyd county in the three days, 1007 made in Lockney in the one day there and 1015 made in the two days here.

Mrs. M. W. Wiley at Lockney was the general chairman and Mrs. Robert Gibson was general chairman for Floydada. Both did fine jobs with their efficient helpers.

In Lockney the unit was set up in the Lockney Auto company show room and here it was set up at the Chamber of Commerce office.

Dr. Harper, Retired, Visits Sister Here

Mr. and Mrs. J. L. Heim had as their guest the past week-end her brother, Dr. John W. Harper and Mrs. Harper of Wichita Falls. They also visited a niece, Mrs. Billy Henry and family while here.

Dr. Harper has been assistant superintendent of the state hospital in Wichita Falls for seven years. He has retired and will make his home at Covington, in Hill county, temporarily.

G. G. Holmes Call To Service Oct 18

Gerry G. Holmes, distributor for General Electric appliances, is closing up shop this week and making ready to re-enter the Air force service from which he was separated in 1946.

Last week-end and this he was completing all outstanding business details and will spend a day or two on a bit of a fishing trip before reporting to Biloxi, Mississippi, on October 18. For the immediate present he will wind up at Sewart AFB, near Smyrna, Tennessee, with the 314th Troop Carrier wing.

On call since the close of the last war, Holmes, who has just completed a period as commander of McDermott post, American Legion post, was notified more than 30 days ago that he would be called up again soon.

Hamilton Ordered Into Uniform
Charles Ray Hamilton, who graduated last spring from A. & M.

college and has been working with Calvin Steen in farming operations, is another reservist who will be back in uniform soon. He was notified only recently that he would have 21 days to arrange his business affairs and take up duty. He will go into the army as a second lieutenant.

Prepare for Sunday, Church Bells Toll

When you hear the chimes ring on Saturday evening at 6, at the Methodist church, this is a call to prepare your hearts for worship on the sabbath. Suggestion was made at the recent Adult Class convocation at Oklahoma City that churches follow a practice of ringing church bells on Saturday evening, which is spreading rapidly in the east. Churches in Washington D. C. began this early in the year. This movement came from a century - old custom in Switzerland where the church bells ring from

7 p. m. until 7:15 p. m., every Saturday to remind people to prepare their hearts and minds for the sabbath.

"We do not have the bells at First Methodist church, but our chimes are a good substitute and can be heard for two miles around. Miss Billie Chowning is doing this

service for her church and community," Rev. R. N. Huckabee, pastor of the Church said.

City boy: What do you call beautiful leaves I've just picked? Country girl: Why—that's pretty! City boy: Well, don't get me, I'm not going to eat them.

Thumbnail Sketch of Sr. Personalities

Duane Lemons is the senior president. He is 6 feet 1 inch in height, has green eyes, and blonde hair. His favorite foods are steak, ice cream, and hotdogs. Among movie stars and sports, he likes "The Outriders," Virginia Mayo, football, and "The Third Man Theme."

Bill Haney is the vice-president who is 5 feet 8 inches tall and has blue eyes and brown hair. Bill's ambition is to be a football coach and among his favorites are: Chicken, gravy, biscuits, "Frances," John Wayne, and football (naturally).

Mary Ann Wilson is the secretary of the class. She is 5 feet 2 inches tall. She has green eyes and brown hair. Her favorite pastime is working on the paper. Among other likes are: foods, friendly people, movies, and sports. Her choice among actors, sports and songs are: movie, James Stewart; sport, baseball; song "Mona Lisa."

Peggy Lanham is the treasurer of the class. She has blonde hair and blue eyes. Peggy's favorite food is spaghetti. She likes the movie, "Little Women" and the song, "La Vie En Rose". Her favorite sport is football, and her favorite teacher is Mr. Foster. Her dislikes are Hawaiian music and conceited people. Her highest ambition is for her square to go to Fort Worth in January.

Billee Newberry is the reporter for the seniors. She has black hair and green eyes. Her main dislike is catty people. Some of her many likes are: cherry pie, "Third Man", "Through a Long and Sleepless Night", football, and Mr. Barber.

Kayte Collier is one of the pep leaders who is 5 feet 4 inches tall and has blue eyes and blonde hair. Her secret desire is to be a college pep leader. Some of Kayte's favorites in foods are: fried chicken, hamburgers, and cokes. Among movies she likes, "Jealous Heart" by Al Morgan is her choice. She likes football, basketball, and boxing. She dislikes unfriendly, conceited people and crabby teachers.

Barbara Dutton is a senior who is 5 feet 4 inches in height. She has brown hair and blue eyes. Her favorite movie is "Leave Her to Heaven" and her favorite song is "Mona Lisa". Football and basketball are her favorite sports, and Mr. Barber is her favorite teacher. Foods on her list of favorites are fried chicken cake, and candy. School and unfriendly people are her dislikes.

Carol Fulton has brown hair and eyes and is 5 feet 10 inches tall. He is musically inclined, and his

GOOD HEALTH

Answer to Question No. 1:

1. The odds are 1,000 to 1 that a mother will survive childbirth and 1,000 to 31 that her baby will be born alive. In 1936, deaths during childbirth were almost six times as frequent as they are today and infant mortality was almost double. One important reason for the improvement is that only 40 per cent of babies were born in hospitals in 1936, whereas 85 per cent are born in them today.

Answer to Question No. 2:

2. Today there is much less heart trouble than there used to be in youth and early middle

age. But, because we Americans are living longer, the number of persons with heart trouble is increasing for the total population—since heart disease is primarily an ailment of the middle and old age brackets.

Answer to Question No. 3:

3. A roentgenologist is a doctor who specializes in X-ray. The X-ray is one of medicine's greatest aids in diagnosis and treatment and its use has contributed much to the increased life span of Americans. A technician may take an X-ray picture but it takes a physician trained in X-ray to interpret it properly.

HUMOR COLUMN

A little boy stood in the entrance of a shoe repair man's shop watching the man at work.

"Say, mister, what do you repair shoes with?" Questioned the little boy.

"Hide," said the man.

"What?" said the little boy in surprise.

"I said hide?" repeated the man.

"What for?" demanded the boy.

"Hide! Hide! The cow's outside," explained the man.

"I don't care if it is," said the little boy. "Who's afraid of a cow?"

"Glad to see you getting to school on time these mornings," said Mr. Smith.

"Yes Sir, I've a parrot now."

"A parrot! I told you to get an alarm clock."

"I never seem to hear alarm clocks," explained the student, "but now I have this parrot, and what the parrot says when the alarm wakes him is enough to wake anybody."

Teacher: what is the outside of a tree?

Bob: I don't know.

Teacher: Bark, Bob, Bark.

Bob: (After an embarrassing pause): Arf, arf!

Teacher: John, can you name the seasons?

John: You mean in the United States?

Teacher: Yes.

John: Oh sure! Baseball and football.

Another man: Do you think that automobiles are ruining the younger generation?

Another man: No, I think the younger generation is ruining the automobile.

DE 'QUACKER

Hello, Little Ducklings! Lost a romance? Found a new one? Stolen a few sly glances? And where does it all end? In the "little gossip can!" So let's get started right now.

Doris Blair has brown eyes. Her favorites are: fried chicken. "Captain Carey, U. S. A." "I'll Never Be Free", football, and all our teachers. Her dislikes are cooked cabbage, sweet potatoes, bullies, and hateful people.

(To be continued)

Irene Graham is 5 feet 7 inches tall and has brown hair and eyes. Her favorite foods are tomatoes, stew, and potatoes. Her favorite teacher is Mrs. Sevik, and her favorite sport is football. "Love That Brute" is her favorite movie, and stuck-up people, English, and spinach are her dislikes.

Tommie Hart is 5 feet 8 inches tall and has brown eyes and hair. Fried chicken, gravy, and tomatoes are her favorite foods. Miss Swepston and football are her favorite teacher and sport. "Desert Hawk" and Robert Mitchum are her favorite movie and movie star. Her favorite song is "You, You, are the One."

Aubrey Guthrie stands 5 feet 8 inches. He has peroxidized hair, and brown eyes. His favorite movie is "Father of the Bride" and "Good Night Irene" is his favorite song. His favorite teacher is Mr. Foster, and he dislikes are girls that whisper to boys, stuck-up people, greens, and silly people.

Jenny Hennessee has brown hair and blue-green eyes and is about 5 feet 8 inches tall. Her favorite foods are fried chicken and fruit cake. Swimming and football are her favorite sports. "The Yearling" is her favorite movie, and "Unconquered" is her favorite book. "Body and Soul" is her favorite song, and her dislike is people who lie and brag.

Margie Herring is 5 feet 7 inches tall, and has brown hair and blue eyes. Her favorite foods are chicken, ice cream, and dixie dogs. Her favorite song is "Mona Lisa", and her favorite teacher is Mr. Johnson. Her favorite movie is "Father of the Bride" and football is her choice in sports. Her dislikes are unfriendly people, long assignments and staying at home.

Hattie Boyd has brown hair and blue eyes. Her favorites are: fried chicken, "Since You Went Away", "Remember Me", football, and Mrs. Sevik. Her dislikes are stuck-up people, and studying.

Is Bill Walker really breaking up Pat and Gut? Better watch it, Gut!

What's this I hear about Eva Nell P. and Kenneth King not going steady anymore, is it true??

Come on, Edith, make up your mind between Jack and Dub. Someone else might want a chance.

Whose P. F. A. ring is Jo Beth M. weargin around her neck? Could it be Glenn B's? Make up your mind, Jo Beth, whether to like Glenn B. or James H.!

Truman, why does Patricia sit by you in all your classes? Could this couple be going strong?

Well, Nita Jo Day and Jack Cantrell have been doing o. k. for about

SPORTSMANSHIP

A good sport is a person who can take things as they come. He will not be spiteful and try to get back at the other fellow. In a game a good sport will not let the opposing team when it is losing. Nor will he "boo" a player of the opposing team, who has just been hurt, but he will give the opponent a hand, instead.

When a fan hears someone say something derogatory about a player on his team, he should try not to argue with that person, but he should ignore the remarks.

All in all, sportsmanship is a very important part of a game. It is being able to win without getting the "big head," or being able to lose without giving alibis. Blaming the loss on reasons other than the real ones is not good sportsmanship.

Careful, Please!

Football games are often ruined because of accidents which happen to the players in the game. An enjoyable afternoon at the football game is often ruined for the spectator because of a traffic accident on the street or highway which could have been prevented. The Texas Safety association states that all accidents can be prevented if we will exercise enough care on the part of each driver. Let us all work together to make our streets and highways the safest in the country. Concentrate on good driving habits and careful driving practices which define your car because the life you save may be your own.

BALLS BEST IN "B" SQUAD SCRIMMAGE TUESDAY NIGHT

Balls "B" squad out-played the P. H. S. "B" squad at Ralls, Tuesday night, 26-13. Little J. V. Harkins scored the two tallies for the Winds, one on a 20 yard jaunt around end, and another on a pass from quarterback Jack Hutchinson. Norman Muncy plunged the only extra point over for the Wind's "B" squad.

It was the first defeat in four starts for the "B" boys.

BARBECUE TONIGHT

For Members of the Producers Cooperative Elevator and their Families.

At American Legion Hall

7 O'Clock P. M.

(Thursday, October 12, official annual meeting)

Directors urge members to be present with their families and attend the stockholders meeting after the barbecue and speaking.

HEAR DON L. JONES

of Lubbock Experimental Station. Noted authority on agricultural problems of this area. He will discuss the value of Grain Sorghums.

Two directors are to be elected. Reports of officers will be made on the conduct of the business and the outlook for the coming season. Interest checks will be passed out to those present.

The directors urge that you come and give this matter your attention.

PRODUCERS COOPERATIVE ELEVATOR

Roe Jones, Manager

P. S. Elevator will be closed from 7 to 8:30 o'clock tonight to give employes an opportunity to attend the barbecue.

Drive it 5 minutes -see how you can save \$1000!

Now more than ever, you'll want Dodge ruggedness and dependability

It takes but 5 short minutes to see for yourself why Dodge owners say you could pay \$1,000 more for a car and not get all the extra room Dodge gives you... all the wonderful ease of handling that lets you drive all day without tiring... all the famous dependability that belongs to Dodge, and is Dodge alone!

Dodge gives you. The extra room for your head, legs, shoulders. The brilliant performance of the big, high-compression "Get-Away" engine that's a miser on gas and oil. The smoother starts and stops of Fluid Drive.

Come in now! Let us show you how easy it is to own a big, dependable Dodge. Learn why you'll be money and miles ahead by buying now.

NEW BIGGER VALUE
DODGE
Just a few dollars more than the lowest priced cars!

DODGE MOTOR COMPANY 202 W. Missouri St.
Floydada, Texas

We have faith
in you —
in ourselves —
in America —
We believe

that most Americans are capable of paying their own bills, planning their own budgets and mapping their own futures.

that most Americans resent having politicians or bureaucrats tell them *what* they need, *where* to get it and *how* to pay for it.

that most Americans prefer to solve their problems —medical or otherwise—by means of self-reliance, free choice and voluntary methods.

that most Americans will work and fight to preserve freedom, both at home and abroad.

The menace from abroad is Communist tyranny. The menace at home is creeping Socialism.

Abernathy Turns Back Whirlwinds

Abernathy scored in every quarter except the third to beat the Whirlwinds, last Friday evening. A run of 89 yards by Miller of Abernathy featured the attack.

Floydada started off in a slow manner. They were forced to punt from their own 9 yard line after receiving the kick-off. Abernathy came back fast by marching 35 yards to score. Barron, Abernathy fullback, scored off tackle by going 24 yards. The try for point was good.

Floydada's passing attack fizzled early in the game. Abernathy intercepted the first two passes thrown.

Miller scored the second touchdown by going 9 yards over tackle. The point was good. A fumble by Abernathy gave the Whirlwinds an excellent chance to score in the second quarter. Floydada pushed down to the eleven yard line before losing possession of the ball. On the next play Miller made a mira-

AUTHORIZED DEALER
WHITE
Auto Store

culous run through the middle of the Floydada line. Miller covered 89 yards on this play. The try for point was good.

Fumbles and better line play held Abernathy more in check the last half. Most of the ball toting was done by Dennis Wilks, Floydada fullback. However, the 'Winds bogged down each time before they reached the goal line.

Abernathy scored twice in the last quarter. The first score came when Barron scored on a 23 yard sweep, the point was no good.

Miller raced 10 yards to score only to have the play nullified by a penalty. However, a pass from Cunningham to Rhodes set up the final touchdown. Miller climaxed the evening by smashing 7 yards to score. The point was no good.

Although beaten, the Whirlwinds looked exceptionally good at times.

Pep Squad, Band Pep Up Pep Rally

On Thursday night the pep squad and the band held a pep rally. Everyone met at the corner of the R. E. A. building at 7:30 o'clock and marched to a vacant lot where Dan Hagood lighted the bonfire. Songs and yells were given while the fire blazed high.

The band and pep squad marched in a snake dance back to the corner of the R. E. A. building where some yells were given under the stop light. This ended the rally.

Thanks again to all the merchants who helped make this rally possible by saving their boxes. The next bonfire will be October 28.

BEAT PADUCAH!!

Band Puts on One Of The Best Stunts

The Whirlwind band put on one of its best stunts of the year Friday night. The band quick-stepped to the middle of the field and formed a wagon wheel. The spokes and the wheel turned as the band played "Out West".

The band changed from this formation to that of a frontier home. They played "Home on the Range". The woodwind section of the band made a circle and did a war dance. The brass section formed a cavalry, and played a bugling effect. This group charged into the Indians, and this completed the formation. The band then counter-marched and left the field playing "On Wisconsin."

All members of the band are looking forward to the Wichita Falls trip.

BEAT PADUCAH!!

Food for Thought

The greatest of faults, I should say, is to be conscious of none—Thomas Carlyle.

Thank God every morning when you get up that you have something to do that day which must be done, whether you like it or not—Charles Kingsley.

Let us be of good cheer, however, remembering that the misfortunes hardest to bear are those which never come.—James Russell Lowell.

It is as fatal as it is cowardly to blink facts because they are not to our taste—John Tyndall.

Chapt'r Sweetheart Chosen by Aggies

The Floydada Future Farmers held a meeting September 26, to elect a chapter Sweetheart, and to elect a chapter Sweetheart.

The chapter chose Billee Newberry as the 1950-51 sweetheart. Refreshments were served at the meeting.

The Aggies have been busy the past week, cleaning up the class room. They have painted their tables and cabinets, using the national F. F. A. colors.

Mr. Barber and Lavon Shearer left Saturday morning for Kansas City, Missouri, where they will attend the National Future Farmers convention.

Mr. C. L. Berry is substituting for Mr. Barber during his absence.

DE QUACKER.

(Continued)

the last two weeks. Good luck, kids! You make a cute couple.

Who are the girls that Jackie and Lyndel take home every afternoon? Could this be two new romances? Seems as though Billy C. is doing pretty well at lunch time with Clara. What do you think, Adrian?

Why could Wanda P. be going in the Malt Bar so often? Could it be because of that cute fountain boy there?

I hear Earl E. has a girl at Petersburg. Aren't Floydada girls good enough for you, Earl?

Who took Peggy J. home Saturday night? Could it have been John Hinesly, Peg?

Who is it Eva W. is wanting to go with? Come on, Eva, tell us!

What is this about Cecelia Langley and Bob Hargis helping each other with English?

Who was Carolyn McDonald wanting to go with so badly, Thursday night? Couldn't have been Dub, could it? Hands, off, Carolyn. I think he is pretty well occupied!

Did I hear June H. saying that she didn't know which one she liked, James H. or J. V. H.?

Edgar seems to be having a hard time choosing a girl friend. Who will it be, Billee or Elaine?

It seems as if J. D. Woody is beating Jimmy Derryberry's time with Eddie Lynn. Haven't I seen them together quite a lot lately?

Barbara M. who was that boy that you were making eyes at in fourth period study hall? Could it have been Bobby A.??

Virginia and Gayle were doing O. K. Saturday night. But, where were Pike and Don???

Ann and Wayne seem to be hitting it off O. K. since she and Bob quit going steady, keep it up, kids!

Did I or did I not see Judy Moss and Lyndel Spears together Thursday night?? And who were they with?? No one but Clifton McPeak and Alice Latta. My, my, maybe we'd better have another pep rally!

Denny S. you had better watch Joan E. a little more. Some of these boys are really keeping their eyes on her.

Nancy B., did I see Bobby A. making eyes at you in fourth period study hall?

Did my eyes deceive me or did I actually see Billee Newberry with Don McGuire last Thursday night?

Don, what has happened to Ploy? Well, it seems as though Adrian H. can't make up his mind between Clara J. and Ann W. May the best "gal" win!

What's this I hear about Mary Wiley and Billy Strickland?

Well, I'll sign off for now, but don't forget the can in Mr. Baker's office. See you next week!

CANDID CAMERA

Dennis Wilks was born March 30, 1934, at Kaufman, Texas. He is the son of Mr. and Mrs. W. J. Wilks. The family moved to Floydada from House, New Mexico, when Dennis was twelve years old.

His favorite sport is football, and his favorite teacher is Coach Watson. "Through a Long and Sleepless Night" is his favorite song, and the best show he has ever seen is "Come to the Stable."

He has had lots of happy moments, but he finally decided that the happiest was last week when he made his first touchdown. He also was thrilled when he was elected president of the junior class.

His greatest ambition is to get married and be a rancher in Wyoming, or a farmer in Kentucky.

His ideal girl should be about 5 feet 5 inches in height. She should be a blonde, have a nice figure, and have a wonderful personality. She should like horses and ranch life, like other people, know when to talk and when not to, and not be afraid of getting hurt all the time. (Have you found her, Dennis?)

His ideal day would begin at 8:30 o'clock A. M. with breakfast consisting of ham and eggs, pancakes, and coffee. Then he would go to work on his ranch and work until about 11:45 o'clock. Next he would eat a big dinner of fried chicken, mashed potatoes, gravy, iced tea, and all the trimmings. For desert he would eat a big dish of ice cream with strawberry shortcake.

He would rest about an hour before going back to work. At 3:45 o'clock he would go swimming and afterwards call his girl and talk to her about an hour. Then he would take a walk around the ranch with his collie.

He would pick up his girl at 7:30 o'clock, and go to a big square dance. About 10:00 o'clock they would go for a ride in his convertible, pick up a snack on the way home, and get home around 11:30 o'clock.

Dennis, you are a nice boy, and F. H. S. is proud of you. Best of luck to a "swell" fellow!

America's Utmost in Tire Rubber Economy

Their longer life and greater rubber economy prove them the essential tires of the era.

Every ounce of them is working rubber, without a fraction of waste or excess.

Each of them can give years, instead of miles, of extreme safety and comfort.

They are supported by large community investments in dealer service and maintenance equipment.

All of their original safety-mileage is continuously renewed and renewable, without recapping or anything of the sort.

With Blackwalls, or Whitewalls, they bring every owner their Mid-Century Curbguard, to protect their sidewalls and end all grinding curb scuff and abrasion.

They also bring their incomparable Safety Tread (ROYALTEX)—for Skid Protection, Stopping Power, and Life Protection never possible before.

These Royal Master qualities are entirely exclusive. They serve and save at the very heart of the National Economy. They remain fresh and new in safety, when other tires are giving up their lives.
