

Saudi - Arabia Family Guests In Smith Home

Dr. George S. Rentz, and Mrs. Rentz and two daughters, Tanya and Sherri of Saudi Arabia, arrived in Lubbock and spent Saturday and Sunday at the Charles Smith home in the Harmony community, guests of Mr. and Mrs. Smith and their son Joe, of Lubbock. Dr. Rentz is research director of the Arabian-American Oil Company in Saudi Arabia. Joe Smith spent nearly three years in Arabia and Dr. and Mrs. Rentz's home, was Joe's second home and he and the Rentz family are very close friends.

The Rentz family arrived in the states on September 2 on a 90-day vacation. They left for Berkeley, California, where Dr. Rentz will do some research work at the Uni-

versity of California. A Hesperian reporter visited with the Smiths and Rentz family for an hour on Sunday afternoon, and found Dr. and Mrs. Rentz very charming and gracious. Mrs. Rentz is a native of Cairo, Egypt, and is a graduate of the University of Cairo. She is a beautiful woman and speaks perfect English. Her home was only a few blocks from the River Nile. She is from a well known Egyptian family. Her younger brother is a minister of agriculture in the government and her brother-in-law was the first Egyptian student to obtain a Ph. D. degree from the University of California, the same university where Dr. Rentz received his degree.

Dr. Rentz is now and has been since his graduation director general of horticulture with the Egyptian government. This is the second trip to the States for Mrs. Rentz and she loves it.

Sees a Cow Milked
The older daughter, Tanya, had never seen a cow and her visit to the farm and seeing the cows milked will be something to tell her little friends in Cairo, when she goes home.

The Rentz family maintain their home in Cairo, and the doctor files

GOOD HEALTH

Answer to Question No. 1:

1. Hemorrhage has been the outstanding cause of maternal death but it is being conquered. Many hospitals have adopted blood transfusion programs so that childbirth is now much safer. For instance, after the Woman's Clinic of New York Hospital put in such a program only one death from hemorrhage occurred in 14,000 deliveries.

Answer to Question No. 2:

2. For the same reason that cancer and heart diseases are increasing — we now live long enough to develop such ailments. America has made astounding progress in recent years and, as one disease after another has been conquered and more and

more health services are available to our people, medicine has been faced with the problem of attacking a new group of diseases. The attack on diabetes has triumphed — it can be detected early and often prevented, provided you follow your doctor's advice.

Answer to Question No. 3:

3. Not any more. Smallpox has been all but eradicated as a cause of death in the United States and in some areas is so rare a disease that many young physicians have never encountered a case. Diphtheria, typhoid fever, and whooping cough are other diseases which have been reduced radically by preventive techniques which are a commonplace nowadays.

back to his home from his work, a trip of four flying hours. Dr. Rentz is an authority on Arabian customs and habits and serves as a coordinator between Aramco and the Arabian government. The company Dr. Rentz works for is one of the largest United States oil companies on foreign soil.

Dr. and Mrs. Rentz highly praised Joe Smith for his work in Arabia and hopes he will come back to Arabia some day.

They visited in Washington for four days before coming to Texas.

At Oak Ridge, Tennessee, Dr. Rentz said he tried to get Lubbock over long distance, but failed. He decided to call Mrs. Smith at Floydada, and she answered her phone in a very few minutes, so, said the doctor, "You see, Floydada is very well known." Sunday morning the guests drove over the Smith farm and Mrs. Rentz and Tanya really enjoyed the trip.

Dr. and Mrs. Rentz and daughters and Joe Smith returned to Lubbock Sunday afternoon and from there they left for the west coast.

Lakeview News

LAKEVIEW, October 17 — The Lakeview Grocery store is under new management. E. H. Spears purchased it from Leo Dunford last week. The Dunfords are moving this week to the Willie Bunch home temporarily. Mr. Dunford is recuperating from illness.

Mr. and Mrs. Fowler Estep, and Billy Joe were in Lubbock Saturday on business and were visiting their son, Bob Estep and wife. The Bob Estep accompanied them home for the week-end. They also attended church services here Sunday.

WEDDING DAY COINCIDENCE COUPLES OBSERVE SAME DAY

LOCKNEY — Mr. and Mrs. J. L. Dagley and Mr. and Mrs. E. C. Quisenberry didn't know each other back on October 6, 1910, but both couples were married on that date and last week they got together and celebrated their 40th wedding anniversary. Both have lived in Lockney for many years.

Further coincidence regarding the weddings are that each couple went to get married in a buggy, which was probably a common practice at that time, and each was married by a minister of the Church of Christ.

MRS. WATSON IMPROVING

Mrs. Mitchell Jones and Mrs. J. A. Edwards, both of Canyon, have been here with their mother, Mrs. J. E. Watson, who is ill in the Guthrie hospital, having suffered a stroke about three weeks ago. Mrs. Watson is improving and the family plan on moving to her home, 418 West California on Thursday or Friday.

The Community Fair will be on Tuesday night October 24. Everyone get your exhibits ready and have them at the school house by 2:30 p. m. the afternoon of the 24th. There will be baking, canning, sewing, fancy work, farm products, children's pets, and a baby show. There will also be antiques, and hobbies. Come on out, play bingo! Let's all have fun.

Miss Alene Brown will be your correspondent after this week. Let's all give her our news, and help keep our community alive. We have been called the liveliest community in the country. Let's stay that way.

A "CHECK" on the Harvest

Both the check and the harvest represent pretty much the same thing — security during the long months when money has to be paid out and help comes in.

A farmer can maintain a pretty good "check" on himself when he pays by check. He knows what he has and how he spends it when he maintains a checking account. He has an automatic record of payment and an automatic receipt.

And checking accounts build credit for seasonal needs.

PROCLAMATION

WHEREAS the CRUSADE FOR FREEDOM has designated Tuesday, October 24 — United Nations Day — for the dedication of the WORLD FREEDOM BELL . . .

WHEREAS thousands of FREEDOM SCROLLS, which have been signed by millions of American citizens, shall on this day be enshrined with the FREEDOM BELL, which bears the following inscription:

"THAT THIS WORLD, UNDER GOD, SHALL HAVE A NEW BIRTH OF FREEDOM" . . .

WHEREAS the FREEDOM BELL will ring out its message of world freedom and friendship from Berlin, Germany, in the shadow of the Iron Curtain, at exactly (12:03 P. M. Eastern Standard Time) (11:03 A. M. local time) on this day . . .

WHEREAS the National Citizens Committee for United Nations Day has designated this same time, on this same day, for bells to ring throughout the United States on behalf of "peace with freedom through the United Nations" . . .

I, Mayor F. C. Harmon, of Floydada do hereby ask that at exactly (12:03 P. M. Eastern Standard Time) (11:03 A. M. our time) on Tuesday, October 24, 1950, all city departments, schools, churches, plants, organizations and individuals ring whatever bells are at their disposal for a period of five minutes, while the WORLD FREEDOM BELL rings from Berlin and is broadcast over all stations of the major radio networks.

AND I do further respectfully urge prayerful dedication on the part of all Floydada citizens to the cause of world peace and freedom.

IS 5 MINUTES OF YOUR TIME WORTH \$1000?

5 MINUTES BEHIND THE WHEEL SOLD ME ON DODGE...AND SAVED ME \$1000!

—says Earl B. Ma New Rochelle, New York

PEOPLE every day are finding out for themselves you can make 5 minutes of your time worth \$1,000—by spending it at your Dodge dealer's. He'll demonstrate how you could pay \$1,000 more and not get all the extra roominess, the driving ease, the rugged dependability of this smartly styled Dodge!

Owners coast to coast testify:

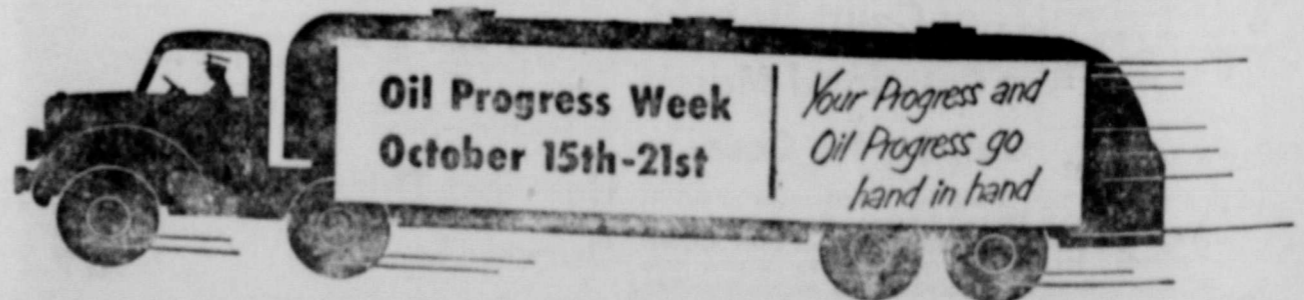

You'll see that Dodge gives you real stretch-out roominess you can't find in cars costing hundreds of dollars more. And a few minutes behind the wheel will open your eyes to ease of handling you never thought possible. Five minutes . . . that's all we ask!

Cardinal and Hrabal Think Alcan Will Never be Practical Highway

The Alcan highway up through Canada is going to be a mighty hard piece of road to maintain, think Gerald Cardinal and Johnny Hrabal, of the Plains Equipment company, who are home from a hunt in north-west Montana, where they each killed an elk in Flathead National park.

On their hunt they traveled 38 miles back into the mountains from the nearest settlement and spent a week. They killed no bear, but their specimens of elk were good ones. It snowed on them every day and the began to fear they'd be snowed in so they pulled out to be sure. They wanted to try their rifles but decided against staying to hunt longer. They got home last-mid-week, sending a portion of their elk meat home by plane after freezing it down.

Their trip into Canada came as a sort of an aside when they reached the hunting grounds a week early. They spent the week on a 2,000 mile run into Canada that took them some 500 or 700 miles north of Edmonton. They ran up the Alcan highway for several hundred miles. They began to find it dried out frozen out and blown out, Cardinal said. "They'll never be able to keep it in condition except at a tremendous cost. It just freezes out and crumbles to pieces when you get far enough north," he said.

Mrs. J. H. Poore is at Wizard Wells, east of Jacksboro for a few weeks, taking the baths for rheumatism.

Two Oil Tests In S. E. Hale

PLAINVIEW.—Two deep wildcat oil tests are to start at once in south east Hale county. R. A. Albaugh of Midland is to start the projects, which are stated to drill 10,000 feet unless they encounter commercial production or granite before reaching that level.

Albaugh No. 1 Mrs. Clara Hamel will be 330 feet from the south and 2,310 feet from the east lines of section 5, Block R, EL&RR Survey. It is 12 miles south and a little east of Plainview.

This well has been staked. Contract to drill it has been let to Guy Mabee Drilling Company of Midland. Material for the rotary rig will be moved in early in the week.

Albaugh No. 2 W. H. Burton has also been staked 330 feet from the south and east lines of section 2, block R, EL&RR Survey. It is two miles north and one-half mile west of the location of his No. 1 Hamel, referred to above, and ten miles south of Plainview.

Drilling contract for the No. 1 Burton is to be awarded during the next week and work on making the hole should be started soon afterwards.

wards. Drilling contract for the No. 2 Burton is to be awarded during the next week and work on making the hole should be started soon afterwards.

The wildcats are to be drilled on a solid block of 7,280 acres of leases which Albaugh acquired in the southeast Hale county region.

News of Harmony

(By Mrs. Roy Hollums)

HARMONY, October 17.—Mather Carr is still up with his bruised leg and is having to spend quite a bit of time at the doctor's office, but is reported as convalescing satisfactorily at this writing.

Mrs. Lillie Matthews of Lakeview, Hale County, visited with Mr. and Mrs. R. B. Gary Sunday afternoon.

Mr. and Mrs. David Battey and Mrs. Jeanne Battey visited Mrs. Battey's mother, Mrs. Neta B. Pitts, of Amarillo Sunday. They were accompanied by Mrs. Battey's sister and husband, Mr. and Mrs. Jake Morrison of Lorenzo.

Miss Jean Battey of Texas Tech college, spent the week-end with her parents, Mr. and Mrs. D. S. Battey.

David Battey, Jr., in company with some other boys of Floydada were among the week-end visitors in Dallas for the football games. They can assure you that the city of Dallas was full of visitors and that the traffic was quite congested. They were able to find night lodgings in Denton.

Friends in the Harmony community were saddened by the death of Mrs. Mattie Pearl Heard McDaniel of Petersburg. Mrs. McDaniel passed away Monday morning at 2 o'clock in the hospital. She had been ill for some weeks. Mrs. McDaniel was born in the Harmony community September 1, 1911 and has lived here and at Petersburg most of her life. She was married to Alvin McDaniel in August of 1948. Funeral services will be in the Methodist church at Petersburg this afternoon at 3 o'clock and burial in the Petersburg cemetery.

Mr. and Mrs. Edwin Thomas and son were week-end visitors with Mr. and Mrs. Charlie Watson. Mr. and Mrs. Thomas live in Lubbock. Mr. and Mrs. Everett Miller visited Mr. Miller's sister and husband Mr. and Mrs. Bob McCormick of Snyder, Texas, Sunday.

Miss Marlene Hollums of Draughons Business college, Lubbock, was home over the week-end.

Miss Jean Hollums and Katie Hollums and Marlene Raily visited Sunday afternoon in the Roy Hollums home.

Betty Ruth Smalley Is Minstrel Emcee

MATADOR.—Twenty-six attractive girls composed the chorus of black face minstrel singers for "Land of Cotton", minstrel show which was given by the Matador High school girls chorus, Tuesday, October 17, at the school auditorium, according to the director, Mrs. L. D. Wilkerson, who was assisted by Mrs. J. R. Whitworth.

The master of ceremonies was Betty Ruth Smalley, granddaughter of Mrs. J. A. Smalley of Floydada. Betty Ruth is the daughter of Mr. and Mrs. N. J. Smalley of Matador.

HOME FROM EUROPEAN TOUR

MATADOR.—Mrs. U. J. Willie returned last week from a six weeks tour of ten European countries made under the direction of the General Federation of Women's clubs in a world co-operation tour. Mrs. Willie is treasurer of Texas Federation of Women's clubs.

Special meetings, forums and conferences were held in London, Amsterdam, Brussels, Frankfurt, Zurich, Rome, and Paris, under the leadership of Mrs. Hiram Cole Houghton, president of the General Federation of Women's clubs, with the European club women serving as hostesses.

Carrs Chapel had a good number out for church school Sunday morning and the W. S. C. S. study was well attended Sunday night with a gain of three over the number present for the first study session. Mrs. Wesley Carr and Mrs. Marvin Smith are having interesting sessions for the children during the adult study. Children who were on the program Sunday night were Sherry and LaJuan Sue Williams, who gave readings, and the other children helped with the singing.

The W. S. C. S. meeting for this afternoon was postponed on account of Mrs. McDaniel's funeral in Petersburg.

Sunday is Brother Heim's regular preaching day and everyone is invited to come out to worship and hear his message.

Mc Dale Garvin and Pfc Hester of Sheppard field, Wichita Falls, were visitors of Miss Shirley Simms and parents Sunday. They returned to their base Sunday night.

The Harmony Home Demonstration club entertained the Home Builders club last Thursday in the club room at Harmony school. The Harmony club presented two short plays which were enjoyed very much.

3 Doctors Register at C. of C. Office

Two dental and one medical doctor registered at the Chamber of Commerce office Monday, where special arrangements were made by Marvin Standefer, manager of the Chamber. The Hale-Swisher-Floyd-Motley draft board, headquarters in Plainview, reported.

This is a special registration number 1 of the 1948 amended Selective Service Act. Those registering in Floyd were Doctor H. H. Best of the Peoples hospital, J. R. Herbst, dentist at the Peoples hospital and Dr. James West of the Thacker-Wester clinic.

Guests of Mr. and Mrs. W. U. Riggle over the week-end and for Sunday were their daughter, Mrs. R. A. yet priced with the lowest

These days you can't tell from the price tag how much quality a car holds. Ford, for example, is still priced with the lowest... yet in other respects it's in the fine car class. Take its styling, for example; for two years in a row Ford has been the recognized fashion leader.

Like America's finest cars Ford offers you a V-8 engine. No other low-priced car does. Nor does any other car at any price offer you a choice of V-8 or Six engines. And remember, Ford's V-8 costs hundreds less than most sixes—Ford's Six costs even less.

Mrs. McDaniel Rites Tuesday

Funeral services were held Tuesday afternoon in the First Methodist church in Petersburg, for Mrs. A. L. McDaniel, the former Mattie Pearl Heard.

Mrs. McDaniel died Monday in the Plainview hospital after several months illness. Rev. Ollie Apple, pastor of the Walnut Street Methodist church and former pastor at Petersburg, and Rev. A. J. Cockrell, the pastor, had charge of the service.

Mrs. McDaniel was born September 1, 1911 at Carrs Chapel. She married A. L. McDaniel on August 19, 1938, at Clovis, New Mexico. She is survived by her husband, her mother, Mrs. M. W. Heard, a brother, O. W. Heard, two sisters, Mrs. E. K. Williams and Miss Velma Heard, all of Petersburg.

Interment was in the Petersburg cemetery, under the direction of the

Damages Awarded Burton Thornton in 108th Dist. Court

AMARILLO.—Jury in 108th District court awarded \$1,500 for damages and personal injuries allegedly suffered by Burton Thornton, 43 years old, Floyd county gunner, and Mrs. Thornton in an altercation at the Herring hotel on the night of February 15, 1950.

Defendants in the suit were R. B. Thoreson, Gruver, and Wayne Suitor, Guyton, Oklahoma.

Thornton's petition alleged that he and his wife were injured by Thoreson and Suitor in an unprovoked fight in the hallway outside the Herring hotel's Old Tascosa.

In connection with the same incident, Thoreson was tried recently in 47th District Court and given 30 days in jail and a \$500 fine.

THIS IS OIL PROGRESS WEEK

(A contributed Editorial)

We hear a great deal these days about the American way of life, and it is all to the good. It would be difficult indeed to think of another subject so infinitely varied or so richly rewarding. Yet it is not enough simply to go on talking about it. If the American Way is to have any valid meaning, we must live it. And before we can live it, we must understand it.

It is in this conviction that we welcome the arrival of Oil Progress Week, October 15-21. The men and women of oil have set aside this time to report to their fellow townsmen and the consumers of their products on their contributions to our well-being and their plans for the future.

Starting less than a century ago with only a hole in the ground, the oil men of this country have helped change the face of our civilization. They have given us the power for mobility and flight. Not only have they provided the lubricants for our vast industrial machine but today they are providing more than half of the total energy used in this country. They have helped make possible un-

tilted hundreds of good things -- from lipsticks to wonder drugs. Moreover they have established comfortable reserves of oil which add greatly to our national security. They have, in short done much to transform the existence of yesterday to the good life of today.

However, Oil Progress Week is designed not only to remind us of what the oil industry has produced, but what has produced the oil industry. Gasoline and plastics and wax for bread wrappers are simply the evidence of a deeper, driving force -- the force that has made possible our whole industrial structure. This is the American way -- the determination, the initiative, the opportunity to create more and better things for all of our people everywhere. We call it Freedom.

In setting aside this week to tell their fellow-citizens about their industry, the 1,800,000 men and women of oil are performing a valuable service. In showing how progress in industry and the whole American dream have been realized, their efforts merit our attention and good will.

said Deputy Alton K. May who made the investigation for the highway department. In the car with Mrs. Fuller were her four children none of whom were hurt seriously. Mrs. Fuller had a minor lip injury.

Highway Accidents

(Continued from page one)

Eddie Jarrett Goes Into Lake

Eddie Jarrett, young man of South Plains, who was in Floydada Friday night, drove his car into the lake five miles north of Floydada early Saturday morning while he was tuning his radio. He left Floydada about 3 o'clock in the morning. His car went into the lake at a culvert, plowed through the mud a short distance and then apparently rolled into the lake. It is a 1941 Chevrolet. Eddie spent the remainder of the morning hours in the car until a passer-by picked him up and brought him into town. His accident was investigated by a highway patrolman and by the local sheriff's department. Eddie was shaken up but had only minor injuries.

Another mishap on the highway came Saturday shortly before noon when a pick-up belonging to Glenn Armstrong and driven by Rocky Stallings was struck by a car driven by Bud Cook. The pick-up attempted a left turn into the Armstrong feeding pens just outside the city limits on Highway 207, north. The pick-up was turned around by the impact and wound up in the bar ditch, after the car struck it in the rear. Bud was enroute to the Hillcrest farm of the Ray Cook family, intending to bring his father home at noon for lunch. Except for a genuine scare the only damage was the vehicles.

Collision on South Main

Miss Joyce Womack, daughter of A. V. Womack of the Sand Hill community and who works for Miss Margaret Collier, County Clerk, and David LaGrone had a wreck at the intersection of South Main and Highway 70, Saturday afternoon. Both cars were badly damaged, but no one was seriously hurt. Miss Womack's back was strained somewhat. Mr. LaGrone had his children in his car, a Chevrolet, and the little boy's face and head were cut. Miss Womack was driving a Studebaker sedan.

Brakes Not Properly Adjusted

Brakes that were not properly adjusted got credit for a wreck Sunday afternoon on the highway toward Ralls some two miles south of Floydada.

Mrs. A. J. May, of Route 2, Littlefield, has been hospitalized at Peoples hospital with a head injury since the accident occurred. Mrs. May was conscious Monday. With her husband A. J. May, who was driving in a 1950 Buick.

Hazel Vivian Fuller, of Adrian, who was driving a 1941 Dodge, was headed north from a visit in Ralls when the accident occurred. Pulling up behind a wagon her brakes skidded the Dodge over left as the Buick attempted to pass. Both cars were bashed in by the impact.

Co. Council Meeting

The Floyd County Home Demonstration council will have its regular meeting at 2:30 o'clock Saturday afternoon, October 21. The meeting will be held in the county court room in Floydada, according to announcement by Mrs. C. L. King, council chairman.

Mr. and Mrs. Richard Stovall and son Robert and Doctor and Mrs. Joe Williams of Roswell, New Mexico, attended the football games in Dallas Saturday and stayed over to visit the fair and to see "South Pacific".

EDITORIALS

Pursuing our mail further we find that the editor is offered another opportunity. We can solve our editorial problems for only 3 cents a day. Good material to plug up the holes in the lapses of the editorial mind and policy can be had so cheap from a good, reliable concern! We have the address in mind and we will write them quickly, be assured. Look for something good soon in The Hesperian. We just must have something to solve the problem occasioned by the editorial lapses. We lapse, we know to our sorrow. But on second thought how do we know he doesn't lapse, too! Also, how do we know that you don't lapse! The fact is we think you do once in awhile and we know by the answers we get from the things we say that we must certainly! However, we've only been wrong about everything in the past 20 years except the weather. We don't have anybody whatsoever who calls in question our authority on this subject. We have won a clear victory on this subject. But lapses, otherwise, have been terrific and immense. We'd like to have everything back we've ever said about anything, almost. We have been wrong so much and so bad. All we can say at the moment is that we hanker for a can of the worms that are said to be good to make a man die a quick and horrible death, with agony written on his features so that everybody can see it plainly written on his features and will be sorry they made it so hard for a newspaperman. Our health at the moment is good. It is going to be a plain case of suicide from eaten worms — some woolly and crawly things, that grow best in the fall but can be had by search most any season of the year. You're going to be sorry!

We have a chance here in the mail we read to clean up on the gold boom which is gathering in Canada now. Up in the country north of the north, it says. In such a cold country it says there will be a blaze of activity. We'd be glad to be close to the blaze and also in touch with the boom on the receiving side. People are beginning to think in terms of getting rich quick. Also they are going to get busy and beat that tremendous tax on all the great profits they are going to make. Let us suggest this thought, in parenthesis, that when anything in the world couldn't happen but just one way, it always happened another way. And those who were playing the cinches were the ones who were not playing the cinches. We are not arguing with the government, the labor hierarchy, or anybody. We are just telling you that just about the time that everybody begins to say that nobody will walk the streets again, they'll begin to walk the streets again.

In The Hesperian office editorial department we are so much inclined to compromise on matters which we consider of little import that we would (if a city councilman) vote to let the gas company and their customers have it out about the paying date and the penalty, not even so much as considering a resolution or ordinance that would attempt to force the company to do any way they didn't want to do. On the other hand, if we were an official of the company, we would elect to try to get along with the customers regardless of how many IB machines we had and how important the accounting department assumed their duties to be. The council could let the matter slide along and in truth hurt nobody. By the same token the gas company could do the same. The gas company is not the first to put in IBM system. It was being done before they even considered their need for it. Some of the companies who did it that way still give their customers leeway to pay in the customary manner. The Hesperian people are the kind that would get along with anybody that had something to do with money, but would die a-fighting (with potatoes at 30 paces) about some ideological thing that had to do with the constitution, the right to vote or something of the kind that didn't get your leg shot off or a lung punctured. So we have little patience with the gas company or the city council. In short, are agin both of them.

We have some friends in the money who worry — and we do not blame them — about things that go with having money and having to protect it. Money is impersonal and when it begins to cling to a fellow it brings along with it ulcers and high blood pressure and other important symptoms that make a good hospital desirable. However, we want to report that lack of money also gives with trouble, although of a minor nature. As for instance, if we had a hundred bucks and a bit of time to spend it we'd attend a convention we know about that would have some of the brightest minds in our line take their hair down and tell all. They would just have to let out one or two ideas that we could use to advantage for the good of our country and the welfare of the little boys and girls whose mamma lives down our way and needs shoes, and a new purse. However, we have dismissed the idea of going to the convention. The bookkeeper helped us to arrive at this most sensible conclusion. The man with money doesn't ask the bookkeeper, he tells her.

The spread of the pink bollworm during the current season is termed by entomologists as the most serious threat to the future of cotton production experienced since the south-wide spread of the boll weevil.

C-C Convention Mineral Wells Opens Today

The 33rd annual convention of the West Texas Chamber of Commerce in Mineral Wells opens today. The first session which is a general assembly has been called for 2:30 p. m. Thursday, October 19. The president J. M. Wilson, sr., has called the group meetings for 3 p. m. to permit all West Texans attending the convention to have a voice in determining the future activities of the regional chamber.

gins at 11 a. m. Thursday in the lobby of the Baker hotel. Mr. Wilson will preside at the dinner at 7 p. m. honoring Chamber of Commerce managers and their wives. He will also preside at all general sessions of the convention. Mr. and Mrs. Wilson were in Los Angeles California, attending the American Legion convention last week.

Enrollment Up Report Shows

Enrollment in Floydada Public schools had passed the 1,000 mark at the beginning of the month of October, and last week Superintendent I. T. Graves said the total stood at 1,069 on Tuesday.

Of this number 305 are in high school, 699 in Andrews Ward school and 65 in the North ward school.

Mr. Graves said the question of dismissing the schools for the cotton picking season had not been discussed as yet in the school board meetings. He has been approached by one patron of the school on the subject, he said.

Discontinues Butter Making Locally

Volume of butterfat reaching the Floydada market has reached such a low ebb that, for the first time in 20 years no butter is being made at Floyd Creamery. Just not enough volume to justify, said E. L. Angus, manager, the first of the week.

The creamery, operated by a local company when it was first opened, later was owned and operated by Armour for many years. In late years the plant has been owned and operated by ownership representing plains capital. The creamery will continue to

operate under the same name and at the same place, buying eggs and butterfat at the door, said Angus, and it is hoped that volume of butterfat offered for processing will again reach a level that will justify operation of the butterfat factory again. The plant formerly manufactured and distributed in the thousands of pounds week, distributing it in an area extended as far westward as Paso. Every Week is bargained for the Want Ads.

"A FRIEND INDEED"

From the basement of their Maplewood, Mo., home, Mr. and Mrs. Harold W. Ross run a rapidly expanding chicken hatchery, depend a lot on their business telephone.

Says Mr. Ross: "Never realized how our telephone helps us save and make money until we kept a five-day record of our telephone calls recently. Our phone helps make sales for us, runs errands, delivers messages, does many important jobs. It's a friend indeed!"

☆☆☆

Each year brings greater progress in your telephone service. New telephones added—greater improvements made. The result: quicker, more trouble-free service—a real budget value that grows in value every year. Southwestern Bell Telephone Co.

A few of the calls we made and received . . .
Monday—Sudden thunderstorm! Quick call for emergency electric power! Ventilators go back on—200 baby chicks saved!

Tuesday—Customer calls for shipment of baby chicks. Mrs. Ross is hard of hearing, uses a special amplifier. Hears easily.

Wednesday—Sister-in-law asks about son who works for us. To save time, Mrs. Ross takes call on basement extension.

Friday—Supplies low—so our helper orders more. Business telephone means low-cost way to carry on all phases of our business.

Thursday—Prospect calls about chick prices. Our ad in yellow pages of directory is sales builder.

MANNERS IN THE CAFETERIA

The word, manners, is a very important word. The manners of a person make him an agreeable or a disagreeable companion. Manners somewhat determine the reputation that one gains.

Manners are as important in the cafeteria as they are at any other place. Saying "pardon me" to one's classmates is as important as saying it to an older and more dignified associate.

If one is mannerly in the cafeteria, he keeps his voice at a normal pitch, and he is never loud in his talking or laughing. To argue at any time usually is unprofitable, and when one is in the cafeteria, there is no exception to this rule.

Made in widest variety of engine-body-chassis combinations to fit every trucking need

Think twice today when you buy a truck!

THAT new truck you're considering may have to last a long time. So you'll be wise to look at a GMC for these important reasons:

GMC's are built by the world's largest exclusive manufacturer of commercial vehicles—with the broadest truck engineering experience.

GMC's are real trucks. Engine, transmission and frame, as well as cab and axles, are all specially truck-built to give you longer service.

GMC truck-built engines have high horsepower with higher sustained torque—greater pulling power. They are built to give extra years of service with less maintenance.

GMC extra-value features include Synchro-Mesh transmission, Tocco-hardened crankshaft, full-pressure lubrication, recirculating ball-bearing steering gear, airplane-type bearings and Lifetime Weather-sealed cabs as standard equipment on practically all models from 1/2 ton up.

That's why more truckers are buying GMC's today than ever before—experience proves them best in the long haul!

Classes Select their Queens

On Thursday, the classes met and selected their queens. The class that made the largest amount of money was the set time will be the winner. The queen's race ends with the coronation of the queen at Floydada High school, on November 4.

The seniors met in Mr. Barber's room and elected Elaine Snodgrass. The juniors, meeting in Mr. Johnson's room, chose Loene Williams. The sophomores, who met in the study room, elected Ann Williams. The freshmen, meeting in the auditorium, designated Ann Williams as their choice.

All of the classes are working hard and there is sure to be a very close

Tulia scored the first few plays on Friday night and scored again in the second quarter to take a quick lead at half time.

BOX SUPPER

There will be a big box supper by the senior class, in the high school cafeteria, Thursday night at 7:30. Everyone come! Girls, bring your boxes! Boys bring your money! Fun and food for all! Don't miss it! Everyone is invited!

The Winds punched across a T. D. from 7 yards out. J. V. Harkins made the touch down. At half time the count was Tulia's "B" 12 and the Winds "B" 6. The third quarter was "nip and tuck" with no one threatening.

Late in the fourth quarter, Dane Clark plunged one from the two yard line to tie up the ball game. Then Clark passed to Capshaw for the extra point, and the game ended 13-12 with the Winds on top.

DRAGONS EDGE WHIRLWINDS

The Floydada Whirlwinds lost their fifth game of the season last Friday night. It was handed to them by the Paducah Dragons.

Looking like an altogether different team, the Whirlwinds held the surprised Dragon team to one touchdown. The other two points came on a safety when the Whirlwinds were tackled behind their own goal.

The Dragons had the first chance with the ball, but failed to yield their first down, and had to kick out. The Whirlwinds were the same way. So that is the way the

Thrills and spills galore are in store for visitors to the 19th Annual Texas Prison Rodeo, which will be held in Huntsville, Texas, at Prison Stadium on October 1, 8, 15, 22, and 29th.

Band at Paducah

The Whirlwind band went to Paducah Friday night, arriving just in time for the kick-off.

At the half, the band entered the field in four sections. One section came from each side of the field. The band played "Cal" and joined into one unit at the center of the field. The group then coun-

tered and formed a dragon, facing Paducah's side of the field. The band formed the letters "F. H. S." for the Floydada side and left the field playing "On Wisconsin."

The band is looking forward to another stunt at the Lockney game, October 27.

SNOW WHITE AND THE SEVEN DWARFS PRESENTED FRIDAY

On Friday, the play, "Snow White and The Seven Dwarfs" was presented at the high school auditorium. The play was presented by the American Concert association, and it was sponsored by the P. T. A.

There were two performances. One was in the morning for the high school students, and another was in the afternoon for the pupils of ward school. Many visitors also attended the concerts.

JUNIOR JAMBOREE

The juniors will hold their annual jamboree, on Tuesday, October 24.

The junior queen this year is Loene Williams. The juniors will put on a varied program to raise money for the queen's race and the junior-senior banquet.

Edith? Seems as though Franklin S. wants to go with Gladys P. and vice-versa. Come on, kids, lets get together.

Jerry Bob, who were you and Norman with last Friday after school was out. Couldn't have been Clara and Edith? June, you had better watch Jerry Bob. They seemed to be having fun.

How is Donnie Woolsey doing with Mona Williams? He seems to be doing just fine. Say, Donnie, who was that in the show Saturday night that you wanted to sit with?

Who was Floy with Saturday night? Could it have been Jo Mack, Floy? ? ? ?

Get wise Bob H. and look at Karen Buchanan once in a while. Seems as if Dan Hagood would like to go with Jeanie Hines. Come

on, Jeanie, give him a chance. Mark wouldn't mind.

Well I see Wilton and Betty are together again. That's going, kids. Keep up the good work.

How are Meri Y. and Don S. getting along since Don graduated? From what I hear Meri would like to go with Dan H. again. Meri, you had better watch Lane S.

Who is that certain senior boy that Floy Jackson swoons over? Could it be Pike Hanna?

Was Roy T. With Shirley Womack again Friday night? Good luck to a cute couple.

Boy, these senior girls really get around, especially going to B-team ball games.

Why did Tanya R. and Dale Roberts quit going steady? Could it be because we didn't win the ball game Friday night?

Who is that freshman girl that is just "nuts" over Clint T.? Wake up, fellow.

Teddy, who is that blond freshman that you have so much fun with in English I? ?

Why was Adrian H. so angry with a certain junior girl last week? It couldn't be because she broke a date with him and went with a freshman could it? Oh, what these girls won't do!

What's this I hear about Karen B. and Bob Hargis going steady? Good luck, kids! You make a cute couple.

I know a certain senior girl that would like to go with Dale R. Dale, why don't you give these senior girls a chance?

After all these years could Kayte be trying to forget "T"? She is surely turning the charm on Hubert.

Whirlwinds, Showing Surprising Form Hold Dragons to 9 - 0 Score

The Floydada Whirlwinds surprised everyone Friday night when they held the highly regarded Paducah Dragons to a 9 point margin, and even as late as the fourth quarter looked as if they might come out victors in the contest.

In the first half, the Winds stood off every threat that the Dragons offered, and allowed them only two penetrations. Paducah made six first downs, while the Winds were able to drive for only two.

The Winds came back strong after the half and started several drives that appeared to be going all the way, until either penalties or pass interceptions halted the effort. The third quarter ended with the Paducah Dragons on the Whirlwind 15 yard line, as the result of a pass interception.

The Dragons, fired up after the interception, drove to the Whirlwind 2 yard stripe where they fumbled, and the Winds recovered. On the first play after the recovered fumble, the Whirlwinds fumbled behind their own goal line and recovered the ball themselves, allowing the Cottle county boys only two points on the touch back.

Floydada kicked from the 20 yard line and the Dragons drove to two first downs, and had a touchdown called back on a holding penalty, that stopped the drive. The Whirlwinds playing against time and trying to score, started passing from

their own 20 yard stripe. The Dragons hauled the first effort in on the 43 yard line where it was first and 10. Their first running attempt netted 3 yards, and then Pat Green smashed over left tackle and went 38 yards for the score. A pass to Buddy Hartenberger scored the extra point.

After the kick, the Winds completed one pass for a first, one fell incomplete, and then Paducah intercepted the third one as the game ended, Paducah 9, Floydada 0.

As A Farm Woman Thinks

(By Nellie Witt Spikes)
Psalms 19:7-11
The law of the Lord is perfect, restoring the soul;
The testimony of the Lord is sure, making wise the simple.
The precepts of the Lord are right, rejoicing the heart;
The commandment of the Lord is pure, enlightening the eyes.
The fear of the Lord is clean, enduring forever;
The ordinances of the Lord are true and righteous altogether.
More are they to be desired than gold, yea, than much fine gold; Sweeter also than honey, and the droppings of the honeycomb.
Moreover by them is they servant warned;
In keeping the mthere is great reward.

I have always enjoyed the trees in Floydada. Now they are beautiful in their new fall colors. The redbud trees won our hearts with their red beauty last spring but they are now living parasols of golden yellow. The chrysanthemums are furnishing the flower shows of the year with roses by their side. One neighbor is cleaning house, others are getting their yards ready for winter. There is joy and a bit of sadness as each glowing day comes and goes. Such a short while to enjoy the beauties of warm weather!

Today the sixteenth is Joe Ellis' birthday. Seems such a short time since I was writing this bit of news with much excitement when he was born. May you have many, many years of happiness and usefulness, dear grandson. You have been a great pleasure to the ones who love you.

Mr. Spikes bought me a vacuum cleaner. He said that was the highest priced broom he had ever bought.

Mr. and Mrs. Bill Fowler and family of Snyder spent the past week-end with friends here. The Fowlers formerly lived in Floydada. From the week's reading the fol-

lowing:
Among the things often found in a woman's purse is her husband's pay check. Seeing ourselves as others see us wouldn't do much good. We wouldn't believe it any-way.

A specialist is a doctor whose patients are expected to confine their ailments to office hours.

We don't have to spend so much time counting our change anymore. Not that many people are more honest; there's less change.

The rodeo is attended by thousands each Sunday afternoon during the month of October annually. The long trip by the Floydada party was started late Saturday. They arrived at Huntsville Sunday morning, and returned home Monday.

Mesdames Ham Smith and Bob Smith spent Friday in Amarillo visiting friends.

Bass, Channel Cat Stock Thornton Lake

Thornton Lake, six miles north of Lockney and two miles west of Sterley, has been re-stocked recently with bass and channel catfish from the state hatchery, at Dundee, on the Wichita river, below Diversion dam, promising some good fishing when the small fry have grown up.

The lake is open to the public for fishing and camping, but a permit must be received from the

caretaker before entering the property.

Several good catches of fish from Thornton lake have been reported since the rains started in July. Some channel cat have weighed as much as 5 1/2 pounds.

Mr. and Mrs. B. F. McIntosh, who are now making their home at Lawton, Oklahoma, were in Floydada over the week-end, guests of their sons and families. Mr. and Mrs. S. J. McIntosh and Dr. and Mrs. O. R. McIntosh.

AROUND THE CORNER from your home or in strange cities—along lonely roads—high on the mountains and deep in the valleys—the nation's 250,000 service stations are ready to welcome you and help you wherever you drive.

The men in these stations play an important role in the life of every American community. They are on the job for you, ready to keep your car fueled, serviced, and rolling smoothly, doing their part to keep America constantly moving ahead.

The competition among these dealers for your business results in higher standards of service... helps bring you better... more efficient oil products. And the same rivalry pays off for you in other branches of the oil industry—in research and production, in refining and transportation. Thousands of individual oil companies and the services of more than a million men and women provide the oil products that result in better living, greater comfort, more conveniences for you.

...helping hand of your neighborhood dealer... the part he plays in the daily life of his community... the friendly, efficient service you will find at his station, symbolize the progress that, spurred on by rivalry, will continue to mean so much to you and to all Americans in the years ahead.

B. B. Capshaw Riding Engine Cab After Losing Foot in an Accident

PORT WORTH.—B. B. Capshaw, young Texas and Pacific fireman, is back where he always said he would be. Friends said he would never ride a cab again after he lost a leg. For days he stood in front of a full length mirror. He wasn't admiring his physique, but he was learning how to walk again. He would show the world that he could ride in the cab, like he did before May 7, 1948. He was the youngest engineer on the line at 27 when the wreck happened. A hoister almost cut his locomotive in half at the Lancaster shops. He was left helpless in the steaming cab with a mangled right foot. Pulled out before he was scalded to death, the engineer of the old 469 went to the hospital. They cut off the foot at the instep. Two days later gas gangrene developed. That something that made me want to give up and jump out the window," the young engineer recalled with a grin. It was then that the doctor took his wife aside and told her that there was little hope for his life.

Methodist Men Charter Issued

A new organization of Methodist men in First Methodist church, Kentucky street, Floydada, has been chartered by Methodism's general board of lay activities in Chicago.

The local group will become one of the 5,000 Methodist men organizations which the board plans to charter by 1952, according to Chilton G. Burnett, executive secretary.

Purpose of Methodist men, according to Mr. Bennett, is "to throw its entire strength behind the total on-going program of the church in these crucial days."

There are 28 charter members in the local organization. President is John W. Reue and Jack Burselon is secretary. The Rev. R. N. Huckabee is pastor.

New Automatic Drive Feature of New Mercury

The biggest single feature to be seen Tuesday, October 24, when Braselton Implement company on the Lockney highway, shows its new model Mercury automobiles, will be the addition of Merc-O-Matic automatic drive, says David Campbell, manager of the company office here.

Mr. Campbell has four automobiles scheduled for the showing on next Tuesday, in different body styles, one with the new transmission drive.

Along with this new transmission, Mercury automobiles have many other improvements in safety, ventilation, beauty and economy, engineers for the company say, but all agree that the new even power flow of the automatic drive will undoubtedly be one of the most impressive of the many improvements and refinements on this latest of Ford Motor company's new Mercury line for 1951.

Mr. Campbell urges the attendance of the public at the showing Tuesday for the surprise of their life in automotive advancement.

Center News

(By Mrs. J. E. Green)

CENTER, October 17.—We have a dew this morning. It was cooler last night, but the sun is bright and warm and the birds are singing. Harvest of feed crops is in full sway, except where we have to wait for grain to ripen. Most of the wheat is sowed and some is already up.

Sunday was church day. Bro. and Mrs. Hodges and Jerry took Sunday dinner with Mr. and Mrs. H. B. Mankins.

Don Clark Green of Wellington, and Margaret Green of Wayland spent the week-end with homefolks. Mrs. Green and Margaret visited Saturday afternoon with Mrs. W. A. Latta of Mt. Blanco.

We were glad to have Miss Louise Hargis of Floydada with us in our church services both morning and evening. Mrs. Nolan Arnie was also a welcome member of the Sunday evening congregation.

Mr. and Mrs. J. R. Robertson went to Olton Sunday and dined with relatives, the Harry Ericson family. They took home their little granddaughter, Linda, who, with her mother and brother, reside with her maternal grandparents, near Olton while her father, James Robertson, is serving in the navy.

Mr. and Mrs. Welborn Miller visited Mr. and Mrs. Ross Green Sunday afternoon.

Mrs. J. L. Montgomery and the Frank Dunn family attended the all day singing at Matador Sunday.

Mrs. Ross Green and J. E. Green called in the L. Sandefur and Howard Nelson homes Monday afternoon. Mr. Nelson's mother, Mrs. T. B. Nelson, is ill at her son's home here.

Among the out-of-community Sandefur children and families who visited in the parental home here Sunday were: Mr. and Mrs. Herman Campbell and daughter of Lockney, Dr. and Mrs. E. R. Borum and children of Childress, and Mr. and Mrs. B. P. Sandefur of Floydada.

Monroe Nelson, who several days ago, suffered a fractured leg in a fall from the courthouse wall while working, is reported improving.

The Howard Nelsons had a number of relatives visiting them Sunday. Among these were Harvey Nelson and family and Mary Ann Reed of Paducah, Charley Nelson and Miss Ollie Nelson of Clarendon, and Mr. and Mrs. John Nelson of Oklahoma.

Mr. and Mrs. Buck Ragsdale of Baileyboro came Sunday afternoon to visit her parents and sister, Mr. and Mrs. R. C. Ross and Norma June.

Mrs. Charles Horton of Floydada, and boys, Bruce and Phil, visited Friday afternoon in the home of her parents, Mr. and Mrs. Walter Sims.

The Center H. D. club enjoyed entertaining the women of Dougherty club last Friday afternoon at the home of Mrs. Hartsell. There were fourteen visiting club women some fifteen members of the Center club. We are glad to have Mrs. Billie Brown and Myrna Wilson on the program. Refreshments of nut cookies and orange punch were served to guests upon arrival.

The H. D. club is scheduled to meet next time with Mrs. Clarence Ashton, on October 27th.

The known whereabouts of our boys who are in the armed services are: James Robertson is in the navy at Pearl Harbor, Earl George Robertson is in the navy training camp at San Diego, California.

"Goree Girls' String Band"

The popular "Goree Girls' String Band" will be one of the featured musical attractions of the 19th Annual Texas Prison Rodeo, to be held in Prison Stadium at Huntsville, Texas, each Sunday in October.

Clyde Green is in army training in Ft. Riley, Kansas, Bobby Plumlee is at White Sands, New Mexico. Melvin Robertson has not been heard from yet.

Mrs. Aris McWilliams and little daughter, Jolene of Plainview visited in the J. R. Robertson home last Friday.

Come to church next Sunday. If all the people visiting in our community last Sunday and all our people who were somewhere else

had come to church we'd have had a big congregation. We enjoy having visitors.

Mr. and Mrs. Ott Glassmoyer and Mr. and Mrs. Grady Walker were Dallas visitors over the week-end and attended the ball games.

Mrs. Lewis Norman and Mrs. Russell King were guests recently of the Bill Fowler family in Snyder for a few days.

Missionary Couple Have a Daughter

LOCKNEY.—Rev. and Mrs. Raymond Spence have another girl, according to information reaching here this week. A baby daughter, named Maeline, was born to the couple at an Army hospital in Kokura, Japan on September 25. The young lady weighed seven pounds, eight ounces. The Spences are missionaries of the Southern Baptist convention to the Japanese, and are stationed at Nagasaki.

They have another daughter, Charlotte Ann, also born in Japan. Grandparents are Mr. and Mrs. R. T. Spence of Lockney and S. F. Gilliland of Hereford.

FORD MOTOR COMPANY'S

New Automatic Drive Makes its Bow in the new 1951 MERCURY

"Smoother, simpler, more efficient!" —that's how engineers hail this amazing new automatic drive that's coming soon in the new 1951 MERCURY.

MAYBE you've read about it. Surely you've heard about it. It's the amazing new automatic transmission developed by Ford Motor Company.

Now you're going to see it, thrill to it, for the first time in any car, in the new 1951 Mercury.

Called Merc-O-Matic

Merc-O-Matic is the name. And of this you can be sure: there'll be nothing like it on the road! The thrilling new 1951 Mercury will be making a debut in our showrooms in a very few days. And once you see it, we think you'll agree:

For "the drive of your life," it's the new 1951 Mercury with Merc-O-Matic Drive!

What is Merc-O-Matic Drive? It's a completely new, completely automatic drive developed under the direction of Ford Motor Company and Borg-Warner transmission engineers, and made to order for Mercury's great, V-type, 8-cylinder engine. It's s-m-o-o-t-h-e-r, simpler, more efficient!

Makes every driver an expert

Naturally, there's no clutch or gearshift. But there the resemblance to other drives ends. For this new Merc-O-Matic Drive is different. Even the easier-to-read indicator panel is different. The drive selector is so arranged that a person accustomed to a standard shift will feel perfectly at home. And if you're familiar with other drives, you'll notice immediately the big

difference in the way this new 1951 Mercury with Merc-O-Matic performs.

There's no "mushiness." With Merc-O-Matic Drive you get instant, certain response. You start in one smooth sweep of power. No tugging as gears change. There's a "down-shift" for extra hill-climbing and passing power; just press the accelerator smartly to the floor. And Merc-O-Matic is cool operating—no uncomfortable heat in the passenger compartment.

There's no "runaway" downhill. You are in control all the time with the engine's compression at work to save your brakes.

There's no stalling in traffic. Park on a hill if you like. You're safe. Merc-O-Matic Drive locks when in Parking position.

Yes, Merc-O-Matic is going to make you forget all you ever knew about automatic transmissions. This is it—the easy, sure, safe, s-m-o-o-t-h "drive of your life." And—it's extremely thrifty.

Dozens of New Features in 1951 Mercury

But Merc-O-Matic is only part of the great new Mercury for 1951. There's a new look from end to end... beautiful new styling... rich, new fabrics and colors to make Mercury for 1951 one of the smartest cars on the road.

New safety, too—the new rear window alone gives you more than 1,000 square inches of safe viewing area. Greater comfort in a new, improved ventilating system which brings you just the amount of fresh air you want, when you want it, and where you want it.

It's the plus car of the year—plus on beauty, plus on comfort, plus on safety, plus on economy—plus on everything but price!

All that and the great new Merc-O-Matic Drive, too. Yes, you'll want to see these new Mercurys. So watch Mercury showrooms for the new 1951 Mercury with Merc-O-Matic for "the drive of your life"—for "the joy of your life."

"It has always been the first aim of Mercury and its dealers to bring you each year a better car, better in every way that engineering, research, and experience can achieve.

"For 1951 we are proud to present the great new Ford Motor Company automatic transmission—Merc-O-Matic Drive—developed by what we regard as the greatest team of engineers in the country today. We think this automatic drive is as efficient and as reliable as the automobile industry knows how to build today.

"We sincerely believe that the new 1951 Mercury, with its Merc-O-Matic Drive, its new style and comfort, will be the greatest of all Mercurys."
