General Election. Next Tuesday is general election day from Texas to Maine and from New Jersey to California. Prominent men in the nation tell us we need a two-party system in Texas and that we should give the Republicans a good, substantial vote. We have no quarrel with the idea if any citizen or citizens should determine in their minds that to vote the republican ticket would be worthwhile for the republic or for their state. However, we note that Maine has a one party system and they are faring pretty good, considering they also have potatoes with which to bargain. Which state or states would the two-party advocates like for Texas to be like? New Jersey? Pennsylvania? New York? Illinois?

Webs are being formed on many a sprig of grass, fence post and hummocks of ground in Floyd county this week. This kind of thing has been going on for several days means the natural harbingers of season changes look for cold that soon will envelop the country. Maybe it just means they are scared of their horses. Are these prairie lookouts expecting the thing to happen earlier than they thought? Or are they just preparing to have a full larder when the time comes? If frost or freeze hits before November 15 it is going to nip the rearguard of many a tarantula as his main body disappears into winter quarters.

You might expect us this week to give the customers an advance scolding for their failure to vote next Tuesday in the general election, but we have no such plans. The very good reason is that their votes in any considerable number are not particularly needed, except to serve the purpose of having done a civic duty. The Republican folks just simply have not mustered enough support to their ideas of the way things should be politically to rally the support of the average man. It is this average fellow who determines finally which candidates get the nod. For our part we are willing to accept the Democratic slate from top to bottom. The composite judgment of the Democratic voters as given in the summer is our judgment. That is a part of the two-party system of which we hear so much. The independent voter, who prates of his vote for the man instead of the party, could be an uninformed fellow who thinks he is smarter than the majority of the people, and votes that way. But it hasn't been proven by a century and a quarter of experience that he is actually smarter. The man of a republican temperament, who believes that the thing to do is to elect the men who will give the big man leeway and that the big man will fix things up for the little man as soon as he gets around to it, will vote that way doubtless. In our experience the big man veers toward the little man when he finds that the pressure of mass thinking makes him do so. The Democratic party has been the average to little man's bulwark through the days since the mind of man run-

neither not to the contrary. The republican old guard in our judgment, just do not have the common touch. Say what you think about the two dominant parties being empty names with tweedle-de-dee and tweedle-de-dum as their principal differences, we register the opinion that this is not the fact of the business. There is a difference — in the point of view principally. Read your American history book.

Peculiar things happen to the harvest of the crops of an area. As for instance, the forage grain crop on many farms in Floyd county. Whereas many grain growers expected to be finished with their crops in September or early October the weather god decreed otherwise. Rains and rains in September and preceding late summer months made a "sucker" crop of unprecedented proportions. About the time the grower determined he was ready for the harvest and began worrying about the elevators and the storage, his second crop began to creep into the picture and he had a field so green he couldn't harvest, ready or not. Now he is waiting impatiently thinking that bad weather is going to catch him with his crop still in the field. Doubtless frost will catch him just that way. It may or may not be better for him. Sometimes supposedly adverse conditions work out just right, sometimes not.

Good Times help says the Ralls Banner, making a lot of republicans the past few years. How sweet to hear them gathered on street corners, cussing the government, the president, and other things responsible for their sleek condition. The Banner editor was reminded of this situation by an editorial in the Slaton Slatonite from Andy Jackson, by whom it was written:

"When I sit back and think of the good old days when Hoover was president and there were hunger strikes, the good old days when the banks closed, and almost did not open again, the good old days when every freight train was loaded with bums, it is mighty hard for me to get to feeling too badly about today when the unions can afford to strike time after time for higher wages and when manufacturers can raise prices time after time and not lose business.

"I know folks who have recently paid \$3000 for medium size vacant lots in Slaton, who could not, and would not have given \$200 for the same lot eight years ago. They are the guys who are howling the loudest. I'll go along and worry with you folks about it all, but please, please don't let's have any more times like the good old days. I like to see money in the till and to have a little jingle in my pocket that does not have a hole in it."

Solitude is as needful to the imagination as society is wholesome for the character. —James Russell Lowell.

WHAT A RELIEF

From Rheumatic Muscle Pain!

Now you can get quick-action, temporary relief from local superficial pains of rheumatism, lumbago, neuritis, bursitis, sciatica, arthritis* as well as fatigue and muscular aches and pains of simple colds with the new ointment—SURIN—because SURIN is based on a new application of a principle. It contains an active modern research drug—methylsalicylic acid—a powerful ingredient to dilate surface blood vessels when applied at the point of pain. SURIN provides double action pain relief: (1) It increases blood supply to allow local, relaxing agents, camphor and menthol and local analgesic to penetrate faster giving quick, temporary relief at the point of pain. In a few minutes you feel the soothing warmth from SURIN. Then follows blood relief lasting 1 to 2 or more hours. No internal dosing—use SURIN locally. Not an ordinary rub ointment or liniment. SURIN has a new ointment base, creamy-white, smooth. Easy to apply. Will not stain washable fabrics. Quickly washes off in warm water. Money back at your druggist if not satisfied!

*SURIN is not intended as a cure or treatment of above diseases. It is to be used only for temporary relief of local superficial pain.

Whirlwinds Get Hot in Fourth, Hold Longhorns

The Floydada Whirlwinds, in taking a beating at the hands of the Lockney Longhorns, brought up their loyal supporters, when they proceeded not only to hold the Longhorns to no score in the last half but allowed them not one single first down. The final score was 31-12.

The first half ended with a score of 31 to 6 in favor of the favored visitors, and many of the fans expected to see the slaughter continue much as it had in the second quarter, when the Longhorns got their offense clicking for 25 points.

The Whirlwinds instead of being dejected, came back the second half with plenty of spirit, hustle, and determination to win, worked the ball to the four yard line in the third quarter, scored in the fourth and on the last play of the game had the ball on Lockney's one yard line, second and goal to go.

Lockney kicked off to Floydada where McGuire took the ball on the 27 and returned it to the Whirlwind 37. Two plays failed to produce a gain, and Carmack quick kicked the ball to the Lockney 14 yard line. The Longhorns netted six yards in two ground attempts, and then Ferguson took the ball on the next play around his own left end, was halted momentarily on the line of scrimmage, before he fought himself clear and went 80 yards for the score. The attempted placement was wide.

After Floydada received the second kick off, the Green and White were unable to gain, and Carmack again quick kicked, this time for 39 yards. The Longhorns were also unable to gain, and their kick put the ball on the Whirlwinds 47 yard

line. The Whirlwinds combined their passing and running and pushed the ball to the Longhorn 8 yard stripe when the first quarter ended.

The first play in the second quarter from scrimmage netted the Whirlwinds a first down on the Lockney 6 and three plays later, Carmack went over on a quarter back sneak. Dan Hagood attempted the placement, his kick going wide.

Following the kick off, the Longhorns hooked up and drove 68 yards combining running and passing. Pat Prizzell went the last two yards for the tally. The run for extra point was stopped short.

Lockney kicked off and the 'Winds carried to their own 25. A pass interception gave the Longhorns the ball on the Whirlwind 47, and on the first play, Ferguson went the distance around left end to score. A fumble on the extra point attempt stopped it short.

Lockney kicked to the Whirlwinds who returned the ball to the 39. A running attempt netted 4 yards, and then a fumble on the 43 gave the balls once again to the Longhorns first and ten. Ferguson again skirted left end, this time for 43 yards and the score. The running attempt for extra point failed.

The 'Winds took the kick on their 25 and returned to the 32. A fumble on the first play gave the Longhorns the ball on the 37. Two running plays netted 9 yards. The Longhorns went into a spread formation that split the Floydada secondary, and a pass from Pat Prizzell right down the middle to Ray Ferguson carried 28 yards for the score. Nolan Baker made the two yards necessary for the extra point.

After the half, Floydada kicked to Lockney who took the ball on their own 25 and returned to the 39. Three plays produced a minus 1 yard and the Longhorns kicked. The 'Winds returned the ball to their own 49. A clicking passing and running attack carried the ball to the Longhorn 4 before the attack bogged down and the ball went over on downs.

No other threats were made in this quarter, the ball seesawing in Lockney territory, the Longhorns unable to make yardage for first downs.

The fourth quarter started much the same as the third had gone until about mid-way when Adrian Helms intercepted a Lockney pass on the 44 yard stripe and returned it to the 33 in Lockney territory. Completed passes and a strong running game carried the ball to the Lockney one and Carmack went over on a quarter back sneak. Hagood's kick was wide.

After the kick off, the Longhorns were unable to make necessary yardage for a first down and punted. The Whirlwinds completed a pass, pulled a fake kick that carried for 14 yards and advanced the ball to the Longhorns 4 yard line. On the next play, the 'Winds were short of the goal by 1 yard when the whistle caught them.

Water Code Committee, After A Year of Study, Will Give Report About the Middle of November

Texas water code committee, which has spent almost a year on a revision of the water code of this State, will have its preliminary report ready for presentation to the public about the middle of November.

Senator Rogers Kelly, chairman of the legislative committee, announced in Edinburg that the committee will hold a state-wide public hearing in Austin on December 13, in order to give all citizens an opportunity to present views concerning this proposed revision of the water laws.

The committee has received recommendations as to the revision from sub-committees appointed to study the new legislation, but will not take final action thereon until after the public hearing," Senator Kelley stated.

"The committee feels that the importance of the subject matter of these reports requires a full public hearing before we make our final recommendations to the governor and legislature," he continued.

"We plan to have about four thousand copies of this proposed revision published and distributed throughout the state to newspapers, water users, county judges, mayors, chambers of commerce, and members of the legislature. In this way, all of our citizens who are concerned with the problem of water control and conservation will have ample opportunity to express themselves and make their wishes known before final action is taken by our committee," Senator Kelley concluded.

After the public hearing in Austin next December, the committee will prepare its full final report and submit it to the governor and to the 52nd legislature when it convenes in January.

Center News
By Mrs. J. E. Green
CENTER, October 31.—Here it is the last day of October, 1950! Another year has spent.

Cotton is slowly opening, not so fast but one has time to pause and enjoy the warm sunshine and the blue skies. Their fields are full of shocks which makes us feel good, that perhaps no stock need go hungry this winter.

And both Sunday school and the night service were well attended. The mission program Sunday night by W. M. U. and the film "The Open Door" shown by Bro. Hodges made us realize how important are the little churches like ours.

The Frank Dunn family visited in the J. D. Welborn home Saturday and Donna and Jo Ann accompanied the Dunns home and spent the night with Mary Grace.

Mr. and Mrs. Bailey of Floydada were dinner guests of Mrs. J. L. Montgomery. In the afternoon they all attended the singing at Whiteflat.

Mr. and Mrs. Wheat and family of Farwell visited in the J. R. Robertson home Sunday afternoon.

Don Clark Green of Wellington spent the week-end with home-folks.

Margaret Green, Jane Young, and Bro. and Mrs. Hodge of Wayland college visited in the J. E. Green home Sunday afternoon after all had attended the Sunday School rally at First Baptist church in Floydada.

Mr. and Mrs. R. C. Ross were dinner guests in the H. B. Mankins home Sunday.

Don Clark Green and his mother visited Saturday afternoon in the W. A. Latta home at Mt. Blanco.

The Center H. D. club met Friday, October 27, with Mrs. R. H. Ashton with president Mrs. Henderson in the chair. All responded

News of Harmony

HARMONY, October 30.—Much work has been accomplished during this beautiful month of October but there is still much to do yet before the farmers can relax for the cold winter ahead. We were sorry the Harmony news didn't get to print in time for last week but all we can say is it is certainly a busy time for every one in the community.

We are happy to report that Marvin Smith is able to be back home and able to be in Sunday school and church services Sunday.

Brother Helm preached for Carrs' Chapel Sunday both morning and evening services. Church school was well attended.

Those taking dinner in the Roy Hollums home Sunday were Brother Helm and family and Roy's father, A. L. Hollums of Sand Hill.

Mr. and Mrs. C. A. Williams and daughter, LaJuana Sue and Mr. and Mrs. Aldene Williams and daughter, Linda visited their parents and grand parents in Amarillo Sunday.

Mr. and Mrs. J. R. Turner entertained a guest from Nebraska, a Mr. Rhinehart who is an old friend of the family, a few days last week.

Mr. and Mrs. Monroe Shultz were host and hostess to Mr. Shultz's parents last week.

Mr. and Mrs. Ira Worshaf and family are leaving Tuesday. They are moving back to Grand Junction, the best of luck in their new home.

The Carrs' Chapel W. S. C. S. met at the church all day Friday to observe the week of prayer and self-denial program. Eight ladies were present and took part in the program which was very spiritual and helpful. Those present were Mrs. C. B. Lyles, Mrs. M. Carr, Mrs. M. D. Ramsey, Mrs. Sherwood Ramsey, Mrs. Zani Scott, Mrs. Don Finkner, Mrs. Marvin Smith, Mrs. Roy Hollums and Mrs. C. A. Williams.

The W. S. C. S. met at the church Sunday evening at six o'clock and had their third study session on the Near East. Twenty-six peo-

ple were present. The society will conclude the study next first Sunday night in November.

Lockney Spills Floydada 31-12

Lockney won its fourth straight game in the Lockney Floydada classic. Lockney exploding 5 touchdowns in 5 minutes of the second quarter ruined Floydada's chances of victory.

Lockney opened the scoring by shaking Ferguson loose for 80 yards. The try for point was no good. Floydada came back strong by marching 64 yards to score. Billy Carmack climaxed the drive by plunging over from the one yard line.

A 60 yard run by Ferguson starter Lockney off on a wild second period scoring spree. Ferguson's run marked one of the most spectacular runs of the year for Lockney. Near the end of the second quarter Lockney went into a spread formation. Frizzell, Lockney's 120 lb. quarterback, connected with Joe Cunyus, Lockney end, for 48 yards and a score. Lockney tried to run the point over, but was stopped by the Floydada line. Ferguson broke off tackle for 35 yds. and a score soon after Floydada had fumbled. The try for point was no good. Lockney scored once again when Ferguson plunged 5 yards to score. A pass over center, covering over 50 yards, set this touchdown up. The try for point was good.

Although behind, the Whirlwinds came back strong in the second half to dominate the rest of the game. The first attack, led by the Whirlwinds, bogged down on the Lockney 5 yd. line. A quick pass over center was blocked to end this scoring threat.

Floydada's offense miscalculated 60 yards to score early in the fourth. Billy Carmack scored for the second time on a quarterback sneak from the 2 yard line. Dan Hagood's attempt for the point was wide. Late in the fourth quarter Adrian Helms took a faked punt to the 25 yard line. A pass from Carmack to Helms carried the ball to the 4 yard line. With time running out, Don McGuire was stopped on the 2 yard line. This ended the game.

Although the Whirlwinds were defeated, they scored 16 first downs to Lockney's 10. Runs by Ferguson gave the Longhorns a margin in net yards gained.

CANDID CAMERA

"Candid Camera" will reveal to you some very interesting facts about a very nice person this week. The Camera is speaking of the president of the freshman class, Wilton Green.

Wilton was born in Floydada on December 15, 1935. He started his early schooling at Baker. He went to Baker until he finished the sixth grade, and then he started to school at Floydada.

Wilton says that his greatest accomplishment is getting into high school, because it took lots of work. His most exciting moment was when he received his grade school diploma.

Some of the things which interest Wilton most are football, baseball, and eating. Wilton's favorite kind of entertainment is watching a football game. He says that his hobby is eating, especially if the food is fried chicken.

Wilton also likes to read stories about horses. "Thunderhead" is the best book he has ever read.

Two summers ago Wilton went to Colorado with his uncle and he says that this was the most interesting trip that he has ever taken.

Wilton's highest ambition is to be a rancher somewhere in Texas. He plans to make his ambition come true by starting now to raise cattle.

Wilton, that is a very worthwhile ambition. May you have the best of luck!

Pep Rallies Held

Two large pep rallies were staged before the Floydada-Lockney game. The first was held Thursday evening at 6:30. Everyone met at the corner of the R. E. A. building and marched to a vacant lot where

several football boys lighted the bon fire. The band played several numbers; and the pep squad, led by Meri Young, Kayte Collier, and Anne Bean, gave some yells. Just before the fire went out, the band played the school song and everyone sang.

Edith Garrett led both the band and the pep squad in a snake dance back to the corner of the R. E. A. building. A yell was given under the stop light to end the rally.

The second pep rally was held Friday afternoon at 3:00 o'clock when about thirty business men met with the students in the high school auditorium. The band played a fight song while everyone marched in. The pep leaders then led the entire student body in several yells. The band played a selection, and Jim Word led two yells. Several more yells and songs were given. Mr. Richard Stovall, Mr. Graves, and Coach Watson gave short talks.

The rally closed with the singing of "Floydada High School."

Band News

The Whirlwind band entered the field Friday night in reversed ranks. They went to the center of the field playing "Cal". The band then turned to face the stands and formed a skull and cross bones while it played "Dry Bones". The group reformed into a pumpkin, in honor of Halloween. Then it again reformed, marched, and circled into a moon formation. The lights were dimmed, and Edith Garrett twirled a fire baton while the band played "Shine On Harvest Moon."

Everyone in the band enjoyed the Wichita Falls trip. The band observed many other bands and saw a stunt that was extremely good, put on by the Midwestern Indian band, official band of Governor Allan Shivers.

SUCCESSFUL CAKE AUCTION

Between the halves of the Floydada-Lockney game, Mr. McCravery auctioned off two cakes for the juniors.

Although the time for the auction was limited, the bidding was spirited and the auctioneer successfully sold both cakes at good prices.

One cake which had "Beat Lockney" on it went to Mr. Goen. The other cake, which was decorated in school colors, went to R. B. McCravery.

DE 'QUACKER

What's the matter with the gossip, kids? The Can wasn't very full again this week. Let's have a full can from now on. Now, let's see what's first.

What's this I hear about Joyce Webb and Don Evans breaking up? Tough luck, kids.

Why does Joyce Webb enjoy Algebra II so much? Could it be because of James Freeman? Hm-m. I wonder.

Wanda Reed wants to go with Herbert Irwin. Why not give her a chance, Herbert?

Too bad about Saturday night, David. Maybe you can do better next time.

Is there an old romance blooming between Tanya Redd and Dale Roberts? They were together Wednesday night. Good luck, kids!

Peggy J. and John Hinsley seemed to be doing all right Saturday night. Could this be a new romance? Keep up the good work. You make a cute couple.

Where was Beverly Sunday nite? Billy was with Joyce Webb. You had better watch Joyce, Beverly.

Why is it that Bob Hargis can't stay with one girl long enough to get acquainted? I wonder!

Who is this senior boy that Elaine Snodgrass wants to go with? Could it be Lawrence Stovall? They would make a cute couple, wouldn't they?

Leroy Graham and Ruth Stewart seemed to be doing pretty well in sixth period English. What about this, kiddos?

Seems as though Floy J. and Edgar A. were doing okey Saturday night. Lloyd, what did you do with Gwen, Billie and Lane?

Curtis Meredith and Cecilia Langley seem to be doing O. K. every day at noon. May be a new romance!

Why did June want the girls to ask the boys to Ann's party? Did you want to ask Johnny or Jerry Bob, June?

What has happened to Dub and Edith? I haven't seen them together lately. Has Nancy stepped in the picture?

Bye, and be sure to turn all the gossip in next week.

Mount Blanco Festival Draws A Huge Crowd

CROSBYTON—Mt. Blanco community showed the county what one community could do on Tuesday, when its citizens staged a community fair, which would have been a credit to the county at a county fair.

Called the Fall Festival, The Mt. Blanco fair drew support from practically every person in the community, and quite a large group of Crosbyton people went out to enjoy it.

With Mrs. S. G. Appling as chairman, the Fall Festival covered every type of display from the agriculture products to antiques. There was a big display of flowers, cakes, and pies, canned goods, needlecraft and hobbies.

The displays were judged during the afternoon, and the evening hours were spent in a baby contest, a pie eating contest, and auction of the pies and cakes and other goods.
