Santa Claus Here for Parade Friday

The Yuletide spirit will get a boost from Santa Claus when he makes his official pre-holiday visit to Floydada Friday afternoon, December 1, at 3:00 o'clock.

Santa is slated to ride atop the fire truck as his parade passes through most of the business district behind the Floydada High school band.

Advance information indicates that Santa, who will be assisted by the local Lions Club, will have an ample supply of free candy to throw the kiddies.

The Junior Chamber of Commerce will furnish Christmas music on the afternoon of the parade, with Jaycee A. H. Rainer having charge of the public address system.

The public schools of the city will be closed Friday afternoon in time for the school age youngsters to view the parade, according to superintendent, I. T. Graves.

Lights Turned On

Floydada streets took on the warm glow of Christmas last Saturday night when colored lights were turned on to brighten the city during the yuletide season.

Employees of the City of Floydada, under the supervision of city engineer Al Puchs and head linesman Lewis Earl Warren, had charge of preparing the decorations.

The City of Floydada, the Jaycees, and the Chamber of Commerce are sharing the cost of the lighting program for this Christmas season.

Six new strings of lights are slated to go up this week according to Chamber of Commerce manager Marvin Standerfer. These strings will supplement the present 21 strings and will be used to light Wall street, West Missouri, and the intersection at 5th Street and West Missouri.

VFW Contracts For New Home

Although the area-wide shortage in building concrete has the work stymied for the time, foundation forms are set and gravel is on the ground for the new home of the J. W. Harrison post, Veterans of Foreign Wars, of Floydada, on North Second street.

Contract for the building was let three weeks ago, and it will be erected at an estimated cost of \$10,000, said Leon Ferguson, post commander this week. W. A. Gound is the contractor.

Ferguson said the building would be a frame structure, facing west on North Second, opposite the Weems & Weems Texaco station. The plans call for a building 40 feet by 90 feet with a 30 by 30 foot for kitchen service. A large size auditorium is included in the plan.

Attend District Meeting
J. W. Harrison post had three representatives in the district meeting held in Tulsa Sunday afternoon. They were Mr. and Mrs. E. T. Williams and Tom Daniel.

New Grain Elevator at Dougherty Will Have 150,000 Bushel Capacity

Announcement that the contract for the new concrete and steel grain elevator projected last year at Dougherty has now been let, was made this week by A. H. Kreis, president of Producers Cooperative Elevator, with plants at Floydada and Dougherty.

Johnson-Sampson, incorporated, a Salem, Kansas elevator building firm, were successful bidders at \$85,000 for a seven-tank elevator with a capacity of 150,000 bushels of grain, Kreis said.

The directors of the organization were given the green light for the new construction in the annual meeting of the cooperative's members here in the fall.

Work on the new plant is to begin about January 1, and completion is called for not later than May 30. The new elevator will be all concrete, steel-reinforced.

Site for the plant, recently acquired, is directly east and across the street from the present plant.

The new elevator will have four large tanks or bins and three smaller, Mr. Kreis said. It will be similar in appearance to the concrete and steel storage plant here.

Dollar Day Next Monday, Dec. 4

Strenuous effort to present really effective bargains for Dollar shoppers in Floydada next Monday have been made by the participating retailers. This despite the near approach of and concentration on Christmas by the people they serve.

However, Christmas shopping can be greatly aided by a study of the advertisements which feature first Monday items in this week's Hesperian. Many a useful item is included, many of them bought especially for the event, some others representing bad judgment in buying and now offered on the bargain tables, really worthwhile if they fit your needs.

Don't overlook the opportunities

THE PRECARIOUS PROFESSION (A Contributed Editorial)

The story is told of a demagogue in the French Revolution who once said: "There go the people. Let us hurry and overtake them — I am their leader!"

This is a somewhat ironic but not wholly untrue commentary upon political behavior. As a general rule, the successful politician is one who adopts a course based upon sentiment which has already been built or is clearly building in the public. He then forges to the front as their "leader."

Sometimes, it is true, a political figure miscalculates. If he does this too often, he becomes an ex-political figure. Keeping this hazard before them like a guiding star, intelligent politicians eagerly seek information on how the public feels.

This is as true in Texas as it is anywhere else. Yet it is probably true that no Texas politician has ever had the benefit of knowing the true sentiments of the majority of the people of our state. Each for his own reason, the majority doesn't express its sentiment one way or the other.

When the Texas Legislature meets in January, various organized groups are going to take advantage of that fact. On issues in which they are interested, they are going to try to convince our legislature that they express the true sentiments of the people of the state.

If nobody but a pressure group bothers to write them, or phone them, or talk to them, nobody else has a right to criticize how the legislators vote.

Most politicians would genuinely welcome an unorganized "people's lobby" — representative citizens who would tell them in a straight-forward manner just what they think about the issues which will come up in the next legislature.

The members of the precarious profession of politics need our help. If they get it, we Texans will get better government.

General Omar Bradley's talk recently in the course of which he said in substance that the world could well trade its legions of the armies or its atom bombs for a case of widespread righteousness, doubtless found ready response in many breasts. The general declared that a hundred years of peace would be the greatest blessing that could come to mankind. Think how many billions now going down the rat hole for war paraphernalia while the ordinary man shivers at the forecast of the hardships to come and the bitter struggle the western world faces for survival. This wasted money would build a good road and maintain it to every home, would build churches and homes and schools and carry on the battle against disease. But like it or not, there are madmen in the world, and there is greed and hunger for power and hatred. They make a terrible mixture in the cauldron of human relations. You can't dismiss the thing that is right before you. You can pray, however, if you are really righteous, and with hope, for it is written that the prayers of a righteous man availeth much.

All the likelihood is that the last of the Brannen farm plan, has not been heard from for the last time. The idea will recur. Mr. Brannen and many others think that something of the kind is going to have to be the answer if prices continue to go up, as so freely predicted. The workingman is going to have something he can buy more cheaply so that his money can get around all the expenditures he must make. Since there are to be subsidies, and will be subsidies of some kind for practically every form of endeavor, from war plant to the smallest farm, the manner in which the subsidy may be channeled into the farmers' pocketbooks seems to us to be not so serious a matter. Perhaps it is however, for some of the country's big men think the nation is ready to jump off the deep end when and if this begins to occur. The subsidy gets the farmer the money, if we understand Mr. Brannen, while selling his perishable produce at whatever the market will afford. At times perishables are dirt cheap and are left in the field to rot when families could be consuming them to the relief of the budget and the nurishment of the bodies of the children.

In any control program, where the authorities take over, as for instance in the cotton crop of this year, there are bound to be some instances, maybe a high per centage of them, where injustices are done to individuals. The controls on paper look good. It is when they begin to apply to the final control that the unhappiness begins. One of the things that the lay person finds difficult to understand is why the acreage in a plot cannot be determined in two or even three measurements. One friend we have in mind made one measure himself, bought two measures, and was offered another. He is to be out something more than \$100 in taxes because he can sell the cotton off of a wee bit of land, because he was over-planted. It may be just one of those things. We do not even hint that we know any better. We do believe there ought to be some kind of an arrangement to iron out such matters before they get to the muttering, sputtering stage.

Mr. Brannen, we are told, is greatly interested in encouraging the family-type farm. The fear has been expressed that this type of farming is doomed unless something can be done about it, its place being taken by the syndicated, big acreage kind of farming. Which will bring the most happiness and the greatest value to the nation in the long run is yet to be learned. It is known that big business has found the solution to mass production in the factory. Will big business also find the solution to economical production with mass production from the soil? And if it does, has it or will it sound the death knell for the small family-size farm unit?

When you get to heaven
You will likely view
Many folks whose presence there
Will be a shock to you.
But keep very quiet;
Do not even stare
Doubtless there'll be many folks
Surprised to see you there.

Orchid Favors For Women At Ford Showing

One of the largest showings in the history of the local Ford dealership, Bishop Motor company, was recorded last week at the showing of the 1951 Fords, which went on display in showrooms all over the nation last Friday.

As an added incentive, manager J. B. Bishop had ordered out three hundred orchids to present to the women who came in to view the new models, an amount he considered ample. The orchids were bought from Flowers of Hawaii, Inc., flown to Los Angeles from Hawaii, thence via Amarillo to Floydada. The orchids, however turned out to be two few. The agency distributed the three hundred in slightly over a day.

In a statement this week Mr. Bishop said, "We appreciate the general acceptance of the new Fords by the public in general, and by the ladies in particular. The new models were designed with the women in mind including new dash and upholstery and most apparent changes in the interior. This was one of the largest showings we have ever had and one of the best acceptances in many a year."

Bishop extended an invitation to anyone who has not seen the completely re-styled new Fords to come in and look them over at their earliest convenience.

Mr. and Mrs. J. C. Raley of El Paso visited in Floydada last week with friends and relatives. Also they visited Mr. Raley's brother in Hamlin. This is their first visit here in nineteen years. They returned home Sunday.

Miss Oragne Wilson of Houston spent from Thursday till Monday with her parents, Mr. and Mrs. J. M. Wilson. David Wilson, a student at North Texas state Teachers college in Denton was also here for the holidays with his parents.

Nazarenes to Have Special Evangelistic Services Next Week

REV. ORVILLE W. JENKINS
DISTRICT SUPERINTENDENT

Rev. Orville W. Jenkins of Plainview, district superintendent of the Abilene district of the Church of the Nazarene, will be the special speaker at a series of evangelistic services to be conducted at the local Church of the Nazarene beginning Sunday night, December 3 and closing Sunday night December 10.

Rev. Jenkins was elected district superintendent at the last district assembly at Plainview in August by an unanimous vote. Previously he pastored churches at Salem, Oregon, Topeka, Kansas, and was district president of the N. Y. P. S. on the Northern California district for a number of years. Brother Jenkins is a very interesting speaker and an able exponent of the Word. Mrs. C. C. Calhoun will lead the singing, and Mrs. R. T. Ferguson will preside at the piano. A cordial invitation is extended to all.

Mrs. E. L. Turner from the Barksdale Air Force base, Louisiana is here visiting with her parents, Mr. and Mrs. R. B. Gray and her husband's parents, Mr. and Mrs. E. W. Turner. While her husband, Major E. L. Turner is serving temporary duty overseas, Mrs. Turner will return to Barksdale about December first.

A Farm Woman Thinks

By Nellie Witt Spikes

December Question

Was there no Christmas? No pealing bells? No frankincense, or myrrh? No Son of Man-and-God-circled by His mother's arms in a holy night, with star-shine and with Angel host?

Was the chill mists of winter- the long nights, each tomorrow like its yesterday-

Was the ceaseless tramp of soldier's feet, the highways of the world, no fair dream of the Kingdom of this earth, the Kingdom of Our God?

And of His Christ- And they shall reign- Only the threat of death from out the skies. A new age, shadowed by the atom Split, and slave to the caprice of man. With fear the Conqueror In the black caverns Of the minds of all man every- where And nowhere Comforter to Take us by the hand And lead us to the Light

So would the heart break In grief and loneliness - If there were no Christmas.

—Edith Weidin

Read this poem over and over, get the meaning. What if there were no Christmas? No shining eyes of happy little children, no spirit of kindness and good-will to everyone met at this season of the year, no secrets and smell of fruit and nuts, oranges and apples in Christmas goodies, no turning eyes to Heaven for blessings of love

and strength. Oh, don't say "somehow I cannot get into the Spirit of Christmas this year". Just as well say "I thank Thee, kind Heavenly Father for that long ago time when the Star shone over a stable and by Thy help my heart will be filled with love and happiness and good-will at this season of the year."

We went to Amarillo for a birthday dinner for my brother, Lowell, recently. Six children and mother were there. Two sisters did not come. We stuffed ourselves with turkey as you did your Thanksgiv- ing, talked of childhood days at Old Emma and in all had a lovely time. Sister Edna, Mrs. Carl Hill and husband had moved in from Bushland and were at home in a gracious English style home on Sunset Drive. Now this street is a circle. Of course I started the circle the wrong way and was gett- ing "colder and colder" when I stopped and asked the way. Just follow the numbers the other way was all we had to do and there we were.

Lewis, Dorothy, Nan and Trilla Nordyke had a warm welcome for us, even tho the blue norther was whipping leaves from the trees. We so enjoy meeting these fine people and always wish for more time to spend with them.

We visited with Joe Witt, another brother, with John and Houston Spikes and their wives. With regret we turned our Ford toward home or did we? We seemed to be leaving the town but what did we find? New homes built and being built on curved streets. We wanted to get further west, or that is what we thought. We did not curve to our right. Too far north, we made a left curve. No, we must go another curve to the right. We curved right, and curved left, seemingly endless, then we left the pavement, to rock and bumps over ditches to a gleaming pavement which we took, then realized it was only a "farm to market road." We took another hitch west, another pavement was spied, but another farm road.

By that time we were afraid we would soon wind up in Hereford and took the north end of the road and landed in the west part of Amarillo where we had been some two hours ago, to leave for home. We went east and east. Mr. Spikes knew we would soon be in Good- night or somewhere east. By that time I did not much care. We stopped and asked an officer. He waved his hand to the right and told us to go south. We almost got

on our curves again, but resisted the urge to turn back to our right too soon and made the familiar highway with thanks.

The other morning we went into the Ford house and a lady pinned an orchid on my coat. Now I was not paying too much attention as we had had a little engine trouble and were waiting for it to be repaired I went over town and not till I got home did I realize I had a really truly orchid, my first and I had been so indifferent and in my mind I had always visualized getting my first orchid and the thrill and the admiring envy of orchidless others. But the thrill did come at last and proudly I wore my first orchid with the words, 1951 Ford pinned to my coat. Wish I had compiled all the jokes on the Ford car we heard in the days when Henry put the world on wheels. We recall the two little boys watching a man spread a blanket so his radiator would not freeze up, then telling the man, "No use mister covering it up, everyone saw it was a Ford."

Now the jokes are on the people who joked about the Ford and we do not blame Mr. Bishop for being proud of the two shiny cars in his showroom and the lovely orchids which told of triumphs of not only people being on wheels but easy-riding, fast-moving wheels, ready at the turn of another wheel to take one on magic carpet trips.

We will not remember Les Tomme as dead. We will remember him coming down a muddy road at the dawning of a cold rain morning to rescue us from the running water-filled ditch. We will remember his pleasant laugh, his always helping hand, his courteous manner, his faithfulness to his God and his beloved country. I am sure these words would have been ones Les would have left:

Be not like others, sore undone, who
Keep
Long vigils by the silent dust, and
weep:
For my sake turn again to life, and
smile
Nerving thy heart and trembling
hand to do
Something to comfort weaker hearts
than thine;
Complete these unfinished tasks of
mine.
And, I perchance, may therein com-
fort you."

THE ROAD AHEAD

The "sickness of the 20th century is socialism. Under the theory of offering something superior to our free enterprise system, this sickness rots away the structure of the nation. Fortunately it is no longer just an exciting theory. We can see what it has done in Russia and the neighboring lands. We can see its results in England. It ought to be clear to all who read and think that socialism is mirage that drives men, mad. Socialism is a dishonest movement. It does not permit itself to be labeled. Most socialists talk about welfare, pensions, insurance, socialized medicine, aid to education, aid to the farmer--and all the time they are promoting socialism. The best of the socialist welfare ideas could more profitably become a part of our traditional system, but the dreams, the economic planners, begin with the assumption that our American system is useless: they must have a new one!

They do all in their power to see to it that the "old system" does not work; they impede its progress at every turn, substituting socialistic ideas which they consider more modern and "progressive," Dr. Walter E. Courtenay, pastor, First Presbyterian Church, Nashville, Tenn.

Dr. and Mrs. John Mast and children of Midland spent Thanksgiv- ing holiday with her parents, Mr. and Mrs. O. P. Rutledge. They returned to their home on Sunday.

Mr. and Mrs. Wade Payne of Post were here for the Thanksgiving holidays, visiting his parents, Mr. and Mrs. Vernon Payne.

Mr. and Mrs. R. P. Terrell and children of Albuquerque, New Mex- ico, were Thanksgiving guests of Mrs. Terrell's parents, Mr. and Mrs. Lon Blasingame.

Mr. and Mrs. R. E. Fry spent Thanksgiving with their daughter Mrs. Bob Cullough, Mr. McCul- lough and children in Midland.

Mrs. E. F. Stovall spent the past week in Wichita Falls as guest of her daughter, Mrs. H. C. Sullivan, Dr. Sullivan and the children.

If crookedness and thievery con- tinue, the life insurance companies had better be selling fire insurance policies to some people, cause they'll sure need 'em where they are going.

How Do You MEASURE a Life Insurance Man?

WHAT we mean is this—if you are about to invest in life insurance, on what basis do you choose your agent? Don't let it be a first-come first-served hit-or-miss process of selection. Measure him, and be sure that—

- He represents a financially sound, well managed company.
- He understands your particular life insurance needs.
- He knows his business well and that you can accept his counsel with complete confidence.
- He will provide continuing service in planning and adjusting your insurance program throughout your lifetime.
- The confidence of Texans in Southwestern Life and its agency force has been well demonstrated for 48 years. Texans, by their investments in Southwestern Life Insurance, have made this the largest life insurance company in the nation operating exclusively within one state (Texas).
- Today a quarter million Texans own more than 800 million dollars of Southwestern Life insurance. These figures are important; they strongly support the conclusion that Southwestern Life agents measure up!

News of Harmony

(By Mrs. Roy Hollums)

HARMONY November 28—Here we are again after two weeks absence. Seems like every week gets busier than last. The writer and family have been busy repapering and painting wood work and moving. My what a job that can be!

The Roy Hollums family moved this week to the Lois Turner place recently vacated by the Dr. Worsham family and the E. W. Turner family have moved back to their home place vacated by the Hollums family. Both families are very busy getting settled.

Most of the community is still engaged in the gathering of the cotton crop. Some have started irrigating the wheat which has begun to die out for lack of moisture. A good rain would be welcomed by most everyone.

The Harmony community will celebrate old fashioned Thanksgiving date next Thursday with a community supper. Each family is asked to bring their supper and silver and dishes for their own use. The supper will be served at seven o'clock.

As God has so richly blessed our community our homes and our nation let us all pause to give thanks and praise to the Giver of all good gifts, not only at this season of the year but give honor and reverence to His Name throughout the year.

There was a small attendance at church school and preaching services Sunday due to some illness and some being away from home during the Thanksgiving period last Thursday.

Brother Helm filled his appointment at Carrs Chapel Sunday although Mrs. Helm was on the sick list and was not able to come with him.

Mrs. Zant Scott was sick last week with the flu, but we are glad she is better at this writing.

Mr. and Mrs. Mather Carr's niece and husband, Mrs. John Williams of Miles City, Montana, visited in the Carr home Sunday and Monday.

Mr. and Mrs. L. A. Williams and Mr. and Mrs. C. A. Williams and daughter LaJuana Sue made a trip to Morgans Mill, Texas, pecan hunting. They report only a few pecans gathered this fall.

Mr. and Mrs. Bill Edwards visited relatives in Sweetwater last week.

Mr. and Mrs. Everett Miller spent Thursday in Abilene visiting Buddy Pifer.

Kenneth Hollums was not able to attend school Monday because of illness.

Marlene Hollums was home for the Thanksgiving week-end and helped the family move.

Visitors in the Hollums home Sunday were Stinson and Billy Dale Stringer, Ray Bartram, Katie and Gene Hollums, and Mr. and Mrs. J. R. Turner and Carrol.

The W. E. C. S. of Carrs Chapel will have their regular monthly program next Tuesday in the home of Mrs. M. D. Ramsey. All members are urged to come and bring a guest with them and to bring a toy, gift wrapped. These toys will be numbered and drawn by the members who will open them. After the program they will be packed in a large box and sent to the Navajo Indian children at Farmington, New Mexico. Please come and bring a toy and help make Christmas a joy for some little Indian child.

T. J. Foster and wife and son Melvin from Lamesa visited in the Roy Hollums home a while Saturday.

Mr. and Mrs. J. R. Turner are driving a new 1951 Ford since last Saturday.

Mr. and Mrs. Ocho Sanders had their daughter, Martha Lee, a freshman music major at North Texas State Teachers college, in Denton, at home for the Thanksgiving holidays.

Mr. and Mrs. Charley Battey and daughter Charlene and Mr. and Mrs. Thomas Warren and daughter Elaine, visited in Amarillo Monday with Mrs. Battey's sister, Mrs. Charlie Neil.

Miss Joy Lambert has been ill with flu for the past week. She is reported as improving this mid-week.

Acquires Blue Goose Station

P. Q. Haney, veteran in the local retail motor service station business, moved this week from the southeast "corner" of town to the southwest "corner", after announcing he had acquired the Blue Goose Service station from A. C. Carthel.

Formerly operating as the Y oil company in the independent gas and oil service business for two years or more at the Y courts site, Haney will operate in his own name at the new place, he said. He completed the move Tuesday. Work of re-doing the new location to suit the needs of his business is being carried on. He indicated that between weather and demands of the trade he may be several weeks getting all the work done he is planning to re-arrange and modernize the site.

The Blue Goose was one of the first stations to be opened on Highway 79 after it was routed on Houston street and it has been operating with varying degrees of success by owners and lessees since. Haney said that somebody is "going to have to pay for all this, and my friends just as well come on down."

Compulsory School Year Began Monday

Compulsory school year in the Floydada Public School system began on Monday of this week, according to the resolution adopted by the board of education at the beginning of the first term.

The compulsory term continues through the remainder of the school year to the closing date.

This compulsory term is provided for under the state law and its provisions will be enforced, Superintendent I. T. Graves, pointed out this week. Children eight to 16 years of age are included in the scholastic enrollment for whom the provisions of the law are enforced.

Attendance to date in Floydada Public school has seen a considerably better average than last year's record, even during the pre-compulsory period of three months, Mr. Graves said. Little or no difficulty is anticipated with enforcement, but the superintendent said there might be some patrons of the school who are unaware of the compulsory period who have children in the age limits and should know when the compulsory period began and the length of time it will continue.
