Redistricting, financing the state's half a dozen ambitious welfare programs and the fight between the trucks and the railroads, are most likely to be the three main subjects for the legislature to work on in biennial regular session which began this week. Austin will be a full and colorful little city for several weeks, maybe six months, while the legislators wrestle with these major problems and the scores of other bills that will be dropped into the hopper. Of principal interest is likely to be the financing — that is, principal to the taxpayer. Heretofore for several years this fellow Taxpayer has been a scrooge and tightwad who should be made disgorge, that is in testimony during committee hearings. Two years ago the people, as we thought put the state's helpless wards and penal inmates first on the agenda. The legislature appropriated all the money in hand and all in sight for other things and contracted for huge follow-up spending this year and the next several years and left Austin with the wards of the state uncared for. A special session, levying special taxes, remedied this condition at the additional expense of Taxpayer. Now, there is no doubt other and more taxes must be added. This on top of what the federal government is going to add to the burden. This is not a gripe. It is a statement of fact.

There will be much time spent on the redistricting matter in the legislature. If nothing is done about legislative redistricting then a committee or commission will do the redistricting. The legislators will not want to let this happen and they will try to reach a compromise of some kind during their session. The size of the district in which Floyd county is situated — the 120th — will be cut down in this shake-up to give more representation where the shift of population has taken the people in the decades since there was a re-districting act passed.

Many words from many tongues and pens are being added to the clamor this week, a mounting volume. Many of us are saying things which might make us blush for our ignorance, if we only knew. Ignorance is said to be bliss but being blissful at this stage of affairs in our state and nation cannot be classified exactly as contributing to the common welfare. One of the angles to the national scene to which many of our writers are addressing themselves in tome-like tones and with great volume is the "little-ness" of our leaders. Most of us are "little," meaning, we presume, not too well-informed and not of commanding personality. In the language which the founding fathers used we have thought that a basically sound man was assumed equal to the task of serving the people. One of the concepts from which we may be departing is that of a man on assuming office becoming the master or the ruler instead of the servant. If we may assume that the people tried to choose from among their num-

ber honest and courageous men for law-makers and for executives then we can also assume that much of the adverse criticism of them is at least ill-advised. It could even be illtempered or just a plain hunt for the almighty dollar. There is always the chance that it is the critic not the criticized. Keep this in mind in all the reading and listening you do. And most of all, in the crisis right now is the time to keep your own balance. As much as you can, weigh the words, weigh the background.

The new sheriff of Crosby county issued a statement last week that made us wonder, although the newspapermen of that county, who are on the ground, seem to give the words full credence. That new sheriff is quoted as saying that he knows every bootlegger in the county, both black and white. He gives them warning to shut up shop. We do not know that he does not know. We have seen some mighty capable men in office who didn't know who all the bootleggers were, and knew so well they didn't know they were constantly on the alert to inform themselves. Also one wonders if, knowing, the sheriff is in position to prove it. We have been told by capable and we believe honest revenueurs that there are some mighty smart men in the bootlegging game. The test of the sheriff's words will be in the proving. We do hope the new man's high courage at the auspicious beginning of his term carries him on through some of the discouragements he is going to have in the course of the years.

This mid-winter is the season of discontent in national affairs. The people are confused and divided on their thinking. Some are just plain hysterical over the turn of events. Their nation has run up against a new type of foe, who wars with you without declaring war. Also, their (our) nation is playing a new role, that is of the (self-appointed) acknowledged leader and free spender with a pocketbook of unplumbed depth. Some want to follow the elected leaders. Others have decided that the leaders do not have the knowledge or wisdom or equilibrium to carry on. The men in high places are not agreed among themselves. All cry for unity, when there is no unity. It is a trying time for the nerves. The only thing that one knows really goes on is the spending of money and lives.

One thing The Hesperian is not going to take without mousing during the new thing, which is at present undeclared war, is the punishment the small town is expected to take and like in the name of Dear Liberty, while the big towns flourish. We may have to take it but we are going to let somebody know that we don't like it, so far as our little city is concerned. This is advance notice.

Between Czechoslovakia and Poland are the Carpathian Mountains.

First Baptist Worship House Free of Debt

Approximately 150 people attended the dedication services of the first Baptist church at Alken, held last night, December 31. The new building, located one mile from Highway 70 on the Provi-dence farm-to-market road was dedicated by the congregation two years ago.

The pastors of the church for the services included Rev. Ray, who brought

greetings and Rev. Perry Thread-gill, who preached.

Rev. Gerald Johnson, a former member and now an ordained min-ister, presented special music. Quite a number of former members were present. A brief history of the church was given by the pastor, Rev. O. J. Welch.

The church trustees, Lois Will-iams, Bert Elam, and Carl Chan-der burned the note signifying the church was dedicated free of debt. L. L. Scott, chairman of the board of deacons, led the dedica-tion prayer.

The services were climaxed with a message by Rev. P. E. Swanner. Services were concluded a few min-utes after 12 o'clock with five ad-ditions to the church.

Mrs. John Will Vance President Nat'l Wool Growers Auxiliary

A West Texas ranch and farm woman is the new president of the woman's auxiliary of the National Wool Growers association. She is Mrs. John Will Vance of Santa Anna, the former Chrystene Trowbridge of Floyd county, daughter of Mrs. Charles Trowbridge and sister of Mrs. Charlie Smith of the Harmony community. Mrs. Vance was elected at the national annual convention of Wool growers in Casper, Wyoming, in early December.

Another Texas woman was elected secretary-treasurer of the association. She is Mrs. Jim Gill of Coleman.

The San Angelo Standard-Times carried a full page in its Sunday, December 10, issue of pictures of Mrs. Vance, her home, husband and son and some of their sheep, and also Hereford cattle.

The Vances have a beautiful farm home near the Shields community, south of Santa Anna, on their farm of 660 acres, and they have another farm of 520 acres near by. Mrs. Vance was a former home demon-stration agent for Coleman county before her marriage. She was presi-dent of the Texas Sheep and Goat raisers auxiliary in 1947.

Their son, Kenneth, 18, is a second year student at John Tarleton this year and plans to enter A. & M. college next year.

Mrs. Vance is well qualified for her responsible position as leader of the auxiliary, as she has been an active leader in her community for a number of years.

Mr. Vance is also active in Coleman county rural activities, as he was named Master Farmer of the year by the Extension Department and the Progressive Farmer Magazine in 1949, and he was a direct-or of the Texas Sheep and Goat Raisers association three years.

Not all the livestock on the Vance farm is sheep as they also have Hereford cattle now.

Mrs. Vance visited her mother and sister here last summer, and will be remembered by a large group of friends.

THANKS EXPRESSED

Mrs. W. A. Colston this week is expressing her thanks and apprecia-tion to the many friends who have thought of her during her illness. Gifts at Christmas time, cards and expressions of concern came from many including the Baptist church and the Methodist Sun-day school. Mrs. Colston also is deeply appreciative of the services of Drs. Donald H. Pitts and Dr. Geo. V. Smith. She wants one and all to know that she is most grateful and happy to have their friendship and esteem.

A different kind of Diesel farm power, the Massey-Harris 4-cylinder 44 Diesel brings new efficiency, economy, pulling power... new money-saving field performance to the Diesel farmer. It's the result of an amazingly simple engine design. A special firing chamber—called a Dyna-Cell—creates a cyclonic rotary turbulence of the burning fuel on every power stroke. Burning fuel swirls the full length of the stroke exerting equal pressure throughout piston travel. Fuel burns slower, smoother... delivers a pushing force. It's cushioned power. Dependable power. Greater lugging power because there's full power on every stroke of every piston.

THE LORD'S YEAR
By Marietta Sharp.

This is the New Year; let it be the Lord's. A year for steadfast faith and not for swords. Let there be prayers at midnight for its birth. For love of brother man and peace on earth. For liberty and justice, fundamental things. Pray, and fear not what any new year brings. Like to the snow that melts and leaves no trace. Let go old angers, old regrets; give place To God, who, being nearer than your soul. Is of the boundless universe the whole. Know surely that a mighty hand will guide Mankind, whom by His breath the Lord has dignified.

All the bright Christmas cards are put away, but the senders are still in our hearts and thoughts for their love and good wishes. The tinsel shines no longer like little stars, the trees are pushed out the back doors or burned. The house seemed so white and still. But one day the fruit and flower catalogues began coming and the air is cold and blustery outside, the warmth and perfume of summer is on the roses that are so red against the white paper. How blue is this iris? The scarlet canna warms our fingers. We decide on this for our yard and garden, no we have to have that. We leave both on the list to get later. We see blue skies as we turn the pages, hear the song of birds and smell the rich upturned earth. So we have a bit of spring before it comes.

of household goods along with the farming implements. I saw a little black teakettle with its spout turned right towards me. Its companion was a big black dinner pot. I drew near and waited patiently till the auctioneer brought the crowd to the household things. He asked for a bid on the two old fashioned cooking vessels which had been so faithful. The crowd laughed but I put in a bid and they were sold to me. The little teakettle sighed with relief. Now it would go back to boiling water again and the big pot would sit by its side with beans and a hunk of bacon cooking inside. But no, I took them home and put them in the attic and when I would go up for something, always the little teakettle would haunt me with its pathos of not being needed. A very gracious lady, Mrs. J. B. Bishop and her husband built a new house near me and with fascination I watched a big fire place going in. A thought came to me. The little teakettle could set on the hearth once more and boil and bubble water to its heart's content. The other day I took it over and for the first time since I bought it did my heart feel right. The little black kettle had a loved home once more.

No, I was not trying to play a Christmas trick as folks once found so entertaining. I was wanting a pan of good old "fatty bread" as Wilbur had brought some cracklings. I even used an egg, high as they were to make a pan of bread even better. I looked inside to see if it was done and lo and behold it was bubbling like a pan of mush. I took it out and stirred in more and more meal wondering all the time why the meal did not seem to thicken the milk. I put it back and soon black smoke was coming out and oven and a smell of something awful filled the house with the black smoke. I took out the mess and had to get it off the oven floor. I shuddered as I timidly took a small bite of the stuff and was it bitter! Too much soda, I said to myself. It kind of made like lye and grease do in soap. But not till late that afternoon did the truth burst on me — like a bomb. The Tide was near the same size box of meal and I had used it in plenty. Now according to the advertisers I should have used Duz for it does everything and Tide as we all learned in our first lessons, waits not for any man, neither does it make crackling bread.

EXPRESSION OF THANKS

Thank you, friends, for the beautiful flowers, loving service, and other kind expressions of sympathy, during the long illness and death of our dear mother, Katie B. Conner. May God bless you for your kindness. Sincerely,
The J. F. Conner Family.

Albaugh Test Still Mystery, Says Bartlett

AMRILLO—Reports N. D. Bartlett, oil editor of the Amarillo Daily News, the Ray Albaugh wildcat in southeast Hale county is a mystery well for sure and is still causing considerable interest, just why is also a mystery. There have been no cores taken, or drill-stem tests and no electric logs. Reports are that it is preparing to core or drill ahead. Quite a flurry was made when two weeks ago a south offset was announced and cellar and pits were dug immediately; the operation is still cellar and pits. When a wildcat is drilled tight all that can be told of the operation is impressions from what is seen and heard.

"Through blizzard after blizzard my car performed better!"

"I was one of those selected to test new Conoco Super Motor Oil in my own car before it was put on the market. Through blizzard after blizzard, I travelled in Northern Colorado and Wyoming.

"BUT THOSE WERE THE TWO BEST WINTERS I EVER HAD ON THE ROAD! New Conoco Super improved the operation of my car. And at the end of the test, with proper drains and regular care, gasoline mileage was virtually as good as at the beginning."

After a total of 386,422 miles, logged by Mr. Hubbard and other winter test drivers, Conoco engineers found no wear of any consequence! Analysis of crankcase drains showed that this great new oil actually stopped the dangerous accumulation of free water and acids, chief causes of winter wear. This test proved that new Conoco Super Motor Oil, with OIL-PLATING, fights off rust, corrosion and sludge. So, change to winter-grade Conoco Super Motor Oil.

South Plains News

(By Mrs. Murray Julian)

SOUTH PLAINS, Texas January 8—We were shocked and saddened Wednesday morning to learn of the tragedy that occurred in Shawmut, Alabama, when the youngest son of Mr. and Mrs. Howard Whiting was fatally burned, and the other child, about two, was burned critically.

Mrs. Whitting is the sister of Doodle Milton, and Mrs. Milton, Doodle, and their daughter Barbara accompanied by his mother, Mrs. Grigsby Milton and Linnie, left immediately for Alabama. We know only that there was a gas explosion in the home of the Whittings, which caused the death of the baby boy. Our sympathy goes out to the family of the Miltons, which only recently was left lonely by the death of the father and husband, Grigsby Milton, sr.

Mr. and Mrs. Jinks Taylor and three children, from Amarillo, were New Year day guests at the home of Mr. and Mrs. Rene Yeary. They returned to Amarillo on Tuesday.

The president of our community club left December 28, for Redondo Beach, California. She is Mrs. Ida May Willis, and we will miss her very much, for when she returns, she plans to make her home in Floydada with her mother, Mrs. Field. Mr. and Mrs. Jerry Pearsey have already moved into Floydada but Jerry will drive back and forth to his work out here, for the time being.

Over the holidays, Mr. and Mrs. Will Sims had Mrs. Sims' mother, Mrs. Austin, from Abilene, here. Other guests were the children, Mr. and Mrs. Reavis Harris and children from Lockney, and Mr. and Mrs. C. L. Record and children also from Lockney.

Mr. and Mrs. Gene Edmunds, Sue and Diane spent the past ten days visiting their relatives at Bryan and at Cameron. Their baby has been in the hospital at Dallas for the past two months. Saturday, December 30, they were so happy to be able to bring him home with them. An accident occurred at Bryan, while they were visiting there, when Sue accidentally fell from a moving car. They were no serious complications, however, and the whole family are all glad to be home again.

During the holidays, Mr. and Mrs. Wade Deavenport, had their children home with them—Mr. and Mrs. Norman Deavenport from Truman, Arkansas, and Mr. and Mrs. Herman Thornton and daughter, Kay.

Mrs. J. H. Upton, mother of Raymond Upton, our community, and well-known by everyone here, was laid to rest in the Lockney cemetery Saturday afternoon. The services were held in the First Baptist church at Plainview at 2 o'clock Saturday. Mrs. Upton had been bed-ridden for more than three years, and had suffered so much. Just recently she suffered a heart attack, and Raymond and the other children, had been constantly at her bedside day and night. She had steadily grown weaker these past days. Friday she passed away at her home in Plainview. We extend sympathy to all her family.

GATHERING AT GUNNELS TULLA HOME HONORS SON

The home of Mr. and Mrs. Jesse Gunnels of Tulla was the scene of a gathering in honor of their son, Wayne, a navy man, who has been here for three weeks, and is to report back to the service.

Those present for the occasion were Messrs. and Mrs. Jim Hart and Mrs. Gunnels of Floydada, Cecil Hart and daughters, Nancy, Linda and Suzanne of Amarillo, Truman Debnay and daughter, Sudia of Rochester, J. T. Gunnels and children, Jackie and Carolyn of Tulla and friend, Bud George of Tulla.

Mr. and Mrs. Otho Sanders had as New Year guests, Mrs. Sanders' parents, Mr. and Mrs. C. E. Bartlett of Dougherty.

Mr. and Mrs. Woods from Sterley, were Sunday dinner hosts to Mr. and Mrs. Fred Fortenberry and Elmo.

The children of Mr. and Mrs. Shelby Calahan are all ill at this writing. Beth, Johnny and baby all are sick with a form of influenza.

The South Plains Community club met Friday night, at the school house, January 5, for an evening of "42". Several couples were present, and plans were made for a pie supper which the club is going to give January 12, on Friday night. Everybody is invited to come. Bring a pie, ladies, and men, please bring your bill folds!

Mrs. Jarnagin visited her son, Marlin, and family in Silvertown last week. Over the week-end she spent the time with her daughter, Mrs. Harry Hartman. She will visit a few days this coming week with her son, Glenn, and family, who live east of Floydada.

We are so glad to have Mr. and Mrs. Bert Sewell in Sunday School and church lately. Another visitor in church was Mrs. Oscar Hewitt, who doesn't get a chance to come very often.

Delilah, Jean and Mona Cummings left Wednesday on the bus. Delilah goes back to Dallas to her work, and Jean and Mona returned to Denton to college.

E. L. Cornelius, Mrs. Pierce King, Randall and Leore, and Mr. and Mrs. T. C. Holland and Norma Sue were Sunday dinner guests at the Horace Marble home.

Little Bud Higginbotham has been ill with a cold for the past several days.

Mr. and Mrs. Harry Hartman and Mr. and Mrs. Albert Stewart were Friday night guests at the home of Mr. and Mrs. George West. They enjoyed an evening of canasta.

In Hand, of the Dallas Morning News staff, has a column he calls "hand" that tells interesting stories of interesting people. One of these stories recently was about a woman, Mrs. A. P. McKinnon, who was 94 December 20, expert on civilian deprivation, has been through four major war points out. And here is the story:

Inflation? War shortages? Mrs. A. P. McKinnon of Floydada, who will be ninety-four next Wednesday, should qualify as an expert on civilian deprivation: She's been through four major wars.

And take it from her, the meat shortage during the Civil War, even in a country overrun by danyankee cavalry, was not a patching—her own expression—to what it was in World War II.

After all, the invaded territory was largely rural. Cattle and pigs were turned loose to roam the woods, may have even learned to hide from the Yankee quartermasters.

Mrs. McKinnon was a girl of seven then. But she remembers the squads of blue-clad Federals clogging the big road on the way from Jefferson to Mount Pleasant.

After selling the house in Daingerfield, where she was born, the family moved a short distance to the country. Sale of the house brought a wad of Confederate money big enough to choke one of the cows that roamed the woods.

First Taste of Inflation
But Rebel currency became utterly worthless and the money for the house was turned over to the 7-year-old to play with. Thus Mrs. McKinnon had her first taste of inflation.

During the Civil War period, she believes, people were more self-reliant. Mrs. McKinnon, currently visiting her daughter, Mrs. R. P. Kirchner, 5904 Revere Drive, outlined a few chores which were part of the routine of the housewife of that day.

She grew her own vegetables, did her own butchering and canning. She made her own clothes, first growing her own indigo plant to make dye, raised cotton, spun it into thread and wove her own cloth. For linen, she grew her own flax. She knitted stockings for the entire family.

The housewife of that day poured water on wood ashes to make her own lye, grew her own corn to make hominy. There was no wheat flour, so people ate cornbread in those days. All in all, their vitamin intake probably was greater than that of people who ran out of ration cards during World War II.

It's Different Now

Children walked two to five miles to school to sit all day on split log seats without back supports. "Now," said Mrs. McKinnon, who, incidentally at ninety-four does most of her own housework, "they can't walk a few blocks. They have to ride a bus or their parents must take them in the car. The present generation is soft."

Oddly enough, the 94-year-old woman believes that current styles for women are all to the good.

She spoke of hoop skirts and bustles with disapproval. "And they had long trains, so you couldn't get around," she recalled. Some-

body, she said, was always stepping on a woman's train in those days, men especially, being no more graceful than they are today.

"Women just had too many clothes on at a time. It was uncomfortable. It may have been unhealthy."

And the hats they used to wear—well, they were even more fantastic than they are today. "I had a purple hat once," said Mrs. McKinnon. "I still have it. That was over sixty years ago. It was"—she paused—"It was simply awful."

Mrs. McKinnon, who lived for thirty years in Hillsboro before moving to Floydada, has three children, Mrs. Kirchner, A. J. McKinnon of Dallas, and J. A. McKinnon of Brady. A party to celebrate her ninety-fourth birthday is being planned.

She will not wear the purple hat.

Simple Swearing in Ceremony at State Capitol

AUSTIN, Jan.—A simple "swearing-in ceremony" here January 16 will start Gov. Allan Shivers on his first full term in the state's highest office.

The governor will take the oath of office at noon that day on the front steps of the state capitol. It will be administered to both Shivers and Ben Ramsey, Lieutenant-governor-elect, by J. E. Hickman, chief justice of the state supreme court. Both Shivers and Ramsey will make brief inaugural addresses.

The only state function to be held in connection with the inauguration is a reception at 7 p. m. in the capitol rotunda, where the public will have a chance to meet Shivers, Ramsey and other state officials.

No inauguration invitations are being sent out, as a result of the Governor's request for a simple ceremony.

Because of the international situation, Governor Shivers asked the citizens inaugural committee to abandon plans for the usual elaborate festivities normally scheduled for a Governor's inauguration.

Side-Swiping Driver Still Not Identified

Today there have been no clues to the person who side-swiped the Lee Noble car near Paducah 10 days ago, causing the occupants Mrs. Noble, Mrs. Gus Loyd and Mr. and Mrs. A. R. Epperson to be hurt and the car damaged.

Mrs. Gus Loyd, who received a broken collar bone and was more injured than the rest of the party, was dismissed from Peoples hospital last Wednesday and is improving at her home, 429 East Tennessee street. The party was enroute to a funeral in Vernon, when the accident occurred. Probably the person or persons who caused this accident, will never be known.

Tax Payments

(Continued from first page) Mr. Hamilton, had been \$234,587.10, saving \$69,511.03 to be collected in the 31-day month of January. The last day of this month is the deadline for payment without penalty. Reason for the lack of interest in poll tax payments lies apparently in the fact that this is an off year for elections.

City and School Collections
Check with the city of Floydada and Floydada Independent School district collectors this week indicates collections for these subdivisions have not been as high as the county and state collections. At the city hall as of yesterday collections had passed \$20,000 out of

Two Workmen Hurt When 'Lift' Falls at Court House Job

Two men working on the court house construction, narrowly escaped serious injury late Wednesday afternoon when the lift they were riding crashed to the ground.

The accident occurred about 6:15 when James Jordan and V. B. Borum, both of Lubbock and employees of the Hamilton Roofing company, were quitting work for the day, and had walked on to the lift at the top of the court house. Before the lift could be put in motion for the descent, the bottom pulley broke the bolt that held it in place, allowing slack in the line.

The lift dropped free until the slack was taken up, at which point the lift was over half way down. The upper pulley, attached to two by sixes, slowed the fall, but the force of the drop broke the pulley and its supports falling on the lift after it came to rest on the ground.

Other workers on the job summoned the Harmon ambulance and the men were taken to Peoples hospital.

According to Dr. Guthrie, the men were injured only slightly, suffering from cuts and bruises, but no serious injuries were apparent.

Jordan was dismissed Wednesday night, but Borum was kept overnight for observation.

PMA Administrator McEntire Resigning

Ray S. McEntire, administrator of Floyd County PMA for the past eight years, is resigning his office here and will sever his connection with the service on February 1. He will take a business opening at Pecos, Texas.

McEntire has accepted an offer of the assistant manager of Equity Milling company at Pecos, Texas, effective as soon as he can arrange his affairs. He will be expected to report to the new assignment about the 15th of the month. His resignation was submitted to the local Professional Marketing Administration board Monday of this week. He has a change in his opportunity, we hope, said McEntire.

Prior to his eight years of service here McEntire had four years with PMA, coming to Floydada from Elverton where he was stationed for two years.

Mr. and Mrs. B. E. Lewis of Dallas and Mr. and Mrs. L. Gilley, Jr. and daughter, Jeanne of Amarillo, were week-end guests of their parents, Mr. and Mrs. L. Gilley and sister, Mrs. Joe Peterson and family.

unless they are good and based upon sound principles. There are some general resolutions that all students could make and follow. The most important of these is to try harder to get along with the faculty and with one another. In order to do this one must know and understand himself, and he will watch his attitude toward his fellowman. Other resolutions are to study harder, to be obedient, to be friendly, and to be agreeable. These resolutions are only a few of the many that one could make and, of course, keep. Unkept resolutions are useless!

Winds Trompled In Quarter-Finals at Childress Tourney

The Floydada Whirlwinds won a decisive battle against Clarendon in their first game of the Childress tourney by a score of 39 - 34. But in the second game the Whirlwinds bowed out to the Rangers of Nocona to the tune of 71 - 30.

In the first game the Whirlwinds got off to a flying start and were ahead at the quarter 10-6. Stovall tossed in 5 of the 10 points.

The second quarter was played on even terms with the Whirlwinds still ahead at the half by two points. The second half was also played on even terms with it being anybody's ball game until the final buzzer. Lain of Clarendon was the high man with 18 points to his credit.

Even though the score of the Nocona game was 71 - 30, the first quarter was played on even terms. The score at the end of the first quarter was 8 - 10 in Nocona's favor. But the second quarter was the beginning of a sad episode in which the boys from boot-town singled the nets for 21 points to the Whirlwinds 6. The score at the half was 31 - 14. However, a large part of Nocona's score was given to them on fouls, for the Winds committed 30 fouls, Nocona made nineteen points during the game on these fouls.

The second half was played with Nocona doing as she pleased. However, the Floydada Whirlwinds were better than the score indicated. Coach Gresh-n gave every boy a chance to play while Nocona played only seven boys. The high man in this tilt was Pagers of Nocona, who racked up 29 points.

DE QUACKER

Here I am again with all the gossip about our Christmas holidays. Seems as though several new romances blossomed during Christmas.

Well, Margie Herring, Juanita Huckabee, and Veva Buske all got married Christmas. That marrying fever must be catching because Olmeta Neeley, Matti Boyd, and Irene Graham all got their rings Christmas.

Good luck, kids.
Donald McGuire was lonesome over Christmas because Jerry Thomas kept Billie Newberry pretty busy. How about this, Don????

Looks as if Doris Blair and Eva Waller will have to get some new boyfriends since Leroy Parrish and Reese Grubbs joined the air force. How about this, girls?

Barbara Perry, what happened to Norman Muncy??? Maybe Brooks Chapman can answer this. How about that, Brooks?

Dale Roberts seems to be worried about Jean Porter. Well, Dale, I would be too. Why don't you and Jean make up, cause you make such a nice couple. (Don Barber also visited Jean at the hospital.)

What will Dane Clark say about Ann Deakins going out with Lawrence Stovall so much? What has happened to Lane, Lawrence? ?

Since Wanda Reed left, Carrol Fulton seems lonesome. How about this Carrol? You really shouldn't worry, because there are many more cute girls, and who was Wanda Reed teasing you about on the bus so much? Come on, Carrol, tell us?

Are Franklin Stovall and Tanya Reed going steady? When Franklin is here, they are, but when he is gone Tanya goes with Larry.

Did I see Roy T. give Shirley W. a big picture? Looks serious! ?
Well, Jean Owens is back from Paducah. Don should be happy.

Katie and Hershel were together, Wednesday night. Wonde how it's going to come out?
It is hinted that a certain senior would like a date with Herbert. Come on, Herbert. Don't be bashful.

Is it true that Carolyn Tye and Glad Norman are going steady? Cute Couple!
Ah, D. surely is having trouble with both Dane and Jeep!

What's this about La Faun H. and Bob H. breaking up over a telephone call?
What did we hear about Jerry Oden trying to get a date with Tanya? Better watch her, Frank.

What was Donnie W. doing over at Winnie L.'s house the other night? I wonder? Tell us more, Winnie. This sounds interesting.

Is it true that Sue B. is already tired of going with Troy Mc.? Isn't he your type, Sue?
Say! Clara Mae Jones and Dale Griffin surely have a good time in first period study hall. What about this, Norma R.? Could this be a new romance?

Seems as if Elmo F. can't make up his mind. One night he's with Betty J., and then the next night he's with Eldora B. from Lockney. Make up your mind, Elmo.

Be sure to fill it's can, next week. Bye now!

Where were you January 16th?

Did Camera

windy March 22, 1935 a baby girl came busting into the town of Floydada. Today she is still tiny. She is all, weighs a mere 100 pounds, brown eyes and light brown hair is busting around the head of P. H. S. This pert and gal is none other than head cheer-leader, Marlene. She is also the junior class president.

Marlene's spare time is spent on her hobby of collecting. Her favorite movie is "Fifty Cent Girl," and her favorite stars are June Allyson and Granger. "The Arthur Godfrey Show" tops the list in her radio programs. When it comes to eating, there is nothing she likes better than pecan pies, chocolate cake, and fried chicken.

Coming to her favorite song, "I'll Be Home for Christmas," brings up her fellow. He is 5 feet 9 inches and weighs about 160. He has dark hair and brown eyes. He is not fun to be with and really doesn't understand.

Marlene's friendly people, Nash cars, sleek people, and getting up early. Marlene's few dislikes, Ros Wayne, algebra, Francis Galba, pretty clothes, and run-around.

Marlene blushing relates that the most embarrassing moment was when Patsy R., Francis, and she were working in the concession stand and she ran off with Miss Swebston's keys. Francis had to run out to the bus and get them. She says that she was most thrilled when she was announced head cheerleader for '51.

Little Marlene says that, at present, she doesn't intend to go to college; but if she changes her mind, she would like to go to West Texas.

Marlene doesn't have a special ambition as yet.

She says that her worst faults are talking about people and giving people the impression that she's not friendly. Maybe that's because she is just a little shy, but her sincere smile and her sweet disposition make up for that.

You're really a grand gal, Marlene, and we wish you loads of luck and fun as cheer leader, next year!

What Was Your New Year's Resolution?

1. Duane Lemons—"To pass English 4 tests."
2. Peggy Parkey—"To get fewer demerits."
3. Estelle Richardson—"Quit being so mean."
4. Meri Young—"To be good."
5. Mary Ann Wilson—"I don't make them because I would just break them."
6. Ann Bean—"Start keeping house better."
7. Eva Waller—"To try to be sweeter to everybody."
8. Jimmy Powell—"Same as last year."
9. Jack Cantrell—"Didn't make one."
10. Nell Jones—"Not to let anyone get my boy-friend."
11. Veva Davis—"I don't have any."
12. Juanita Chappell—"Not to go with any more boys."

Class Favorites Elected for 1951

Class meetings were called last Thursday at 2:45 and the outcome was the election of the best all-around boy and girl of each class.

The voting was done by secret ballot. Duane Lemons and Peggy Parkey were elected by the seniors. The Juniors elected Roy Teague and Marlene Raley. The sophomores elected Fern Patterson and Adrain Helms. The freshmen elected Jerry Bob Harrison and Dorothy Holmes.

The student body is pleased with the outcome of the election.

THESPIAN CHRISTMAS DINNER

The annual Thespian dinner was held on Monday, December 18, in the clothing laboratory of the home economics department. The Christmas decorations were beautiful, and the Christmas tree was filled with gifts for everyone. A delicious dinner was served by the cafeteria ladies.

The president of the Thespian club of Lubbock and three of the club members were the guests for the evening. This occasion was enjoyed by everyone who attended.

You are going to hear a lot of talk concerning "The night of January 16."

New Plymouth Beautifully Styled

There are beautiful new lines in the new 1951 Plymouth car. A new grille, redesigned front fenders and hood, and a wider windshield provide an appearance of massiveness combined with smart streamlining. The cars feature unprecedented roadability and riding qualities, and numerous mechanical improvements.

New Plymouths Combine Looks Riding Ease

DETROIT — Spectacular new qualities which produce driving and riding ease heretofore unknown in automobiles of any price feature the new line of Plymouth cars. Combining smart new body lines with unprecedented interior luxury, the new Plymouth will go on display in dealer showrooms throughout the United States Saturday, January 13.

Designers have given the Plymouth a striking new silhouette, and refinements in the interior are innovations in the lowest price field. Easier to drive and more comfortable, the new cars have greater beauty, more safety features and broader ranges of vision than ever before.

Engineers say the new "Safety-Flow ride" takes the bounce and wallop out of bumps. A new application of hydraulic flow control in the shock absorbers provides a more gradual change of resistance during spring deflections and thus a softer ride when driving an average road.

The "Safety-Flow ride" is one of the greatest contributions to driving comfort and safety in recent years, according to D. S. Edlins, president of Plymouth Motor Corp.

"The new Plymouth gives you roadability never before offered in any car," he said. "There is no necessity for steering-wheel fatigue. The driver is no longer required to focus full attention on the condition of the road. He may be more watchful of potential hazards."

The lines of the new Plymouth have been beautified. An appearance of massiveness combined with smart streamlining is induced by a new grille, beautifully redesigned front fenders and hood, a wider windshield and a larger rear window.

There are numerous mechanical improvements. Windshield wipers are electrically operated, and are of the single-speed, self-parking type.

A unique pressure-vent radiator cap, which has been added as standard equipment, permits the cooling system to be operated at atmospheric pressure during normal driving conditions.

Mr. and Mrs. Richard Walker and children have moved to Lubbock from Pennsylvania, and Mr. Walker is employed by an insurance company there. Mrs. Walker is the former Eugenia Martin, daughter of Mr. and Mrs. J. G. Martin.

Crosby Sheriff Gives Warning To Bootleggers

CROSBYTON—Sheriff Roy E. Hillin gave his warning to liquor law violators in Crosby county last week—stop bootlegging or go to jail.

"I want to warn every bootlegger, white and colored alike, that I am going to use every legal means to jail every one of them unless violations stop," Hillin declared.

"The people of Crosby county elected me sheriff, mainly on the basis of cleaning up the liquor traffic in this county, which is a \$100,000 a year business. I am personally acquainted with every man and woman, white and black, selling whiskey in this county. I

own promise that anyone bootlegging and gambling" liquor business will be in the severe line. Hillin said that bootlegging in Crosby county is not only a crime, but it is a disgrace. He said that bootleggers are engaged in the liquor business. They will be counted on the list of the negro bootleggers.

In pledging himself to clean up liquor laws, Hillin called on the county to co-operate in bootlegging out what he called "the biggest business in the county."

"If the good people of Crosby county will give me their assistance, if they will give evidence fully, serve on juries and cooperate in ferreting out these bootleggers and gamblers, my job will be easier, and your homes and children will be safer," he stated.

AN APPRECIATION

We want to express our appreciation to each and every one who were so kind, when, and where our mother was burned in the fire. Convalescent home and the beautiful flowers sent from the funeral in Memphis and the nice cards and words of sympathy. May God Bless every one of you, and please be years forever.
