It is essential to enable the nation and its local chapters to meet their financial needs. The March of Dimes campaign director

campaign, was shown the Rotary and Lions club on Wednesday and Thursday of last week by Edward Wester, who plans to show the interesting film several times more in the next few days to interested persons.

Display Dodge Models for '51 Here Saturday

The 1951 Dodge car will be on display in Floydada Saturday at Mayo Motor company's show room, 202 West Missouri street.

Announcement that the new models, new in appearance and featuring Oriflow shock absorbers and other improvements will be in dealer showrooms throughout the nation beginning Saturday, was made by a company official out of Detroit in a statement released this date.

"We regard Oriflow as a major advance in automotive engineering shock absorbers provide a noticeably better ride than we've ever known before. On medium-rough and even very rough roads, they smooth out the ride in a way that's almost unbelievable until you have experienced it."

Ten Body Styles
Further improvement in driver vision, new body lines in the forward part of the car, modernized interior styling, a glare-protected instrument panel and a more efficient engine cooling system are among other features of the 1951 Dodge line. Made up of ten body styles on two wheel bases, the new models retain the generous head room, shoulder room and leg room of 1950.

The 1951 Dodge line consists of six body styles in the Coronet series on a 123 1/2-inch wheelbase, a Meadowbrook four-door sedan, also on a 123 1/2-inch wheelbase, and three body styles in the Wayfarer series on a 115-inch wheelbase. In the Coronet series, Dodge has an entirely new body type, the Sierra.

In the Wayfarer series are a two-door sedan, a business coupe and the Sportabout, a low-priced completely convertible car with a hand operated top.

NAMED OPTOMETRIC SOCIETY BOARD OF DIRECTORS MEMBER

Dr. J. W. Kimble of Floydada will be installed as a member of the board of directors of the South Plains Optometric society at an annual dinner dance which will be held at 8:00 p. m. Tuesday, January 23, at the Littlefield Country club.

Chorus To Present Pianist in Concert

The Floydada High School girls chorus will present Mr. David Appleby, pianist, in a concert January 25 in the high school auditorium. Educated in Chilli, he is a brilliant pianist. Recently he was featured with the Amarillo symphony. He is now instructing piano at Wayland College.

ALLENS ATTEND EVANGELISTIC CONFERENCE IN DALLAS

R. Earl Allen, pastor of the First Baptist church, and Mrs. Allen, attended the Baptist state evangelistic conference at Dallas, last week. More than 4000 people were in attendance. It was necessary for one to stay at the church from 4:30 on in order to have a seat for the 7 o'clock p. m. service, the Allens said.

While away they also visited with relatives and friends in Fort Worth.

VOTE COMING UP EARLY IN APRIL IN CITY AFFAIRS

Residents of Floydada are reminded to look to their poll tax payments in the few days remaining before January ends.

This reminder due to the fact that a complete slate of new officials are to be chosen—the mayor and all the five aldermen—in the city election early in April. Also school district election for trustees is to be held early in the month.

To qualify for a vote in an election in Texas one must have paid state and county poll taxes.

Although payment of the poll tax is no longer required to clear one's property of a tax lien, it is a requirement to qualify for voting. Thus when you paid your county and state taxes the collector did not include a poll tax receipt with your others unless you told him to do so. Remember whether you did or not? Deadline for knowing is January 31.

Daughter of Hank Smith Succumbs At Crosbyton Hospital

Funeral services for Mrs. Mary Smith Kirk, 63, daughter of the late Mr. and Mrs. Hank Smith of the Mt. Blanco community, who died in Crosbyton hospital Monday afternoon, were held Wednesday at 3 p. m. from the Crosbyton Baptist church.

Dr. W. H. Foster of Waco officiated. Burial was in the Crosbyton cemetery under the direction of the King Funeral home of Crosbyton.

Mrs. Kirk, who had been active in the organization and settlement of Crosby county, lived in the first house built in the county, The Old Rock house, built by her father and mother, in the Mt. Blanco community, in 1876.

Mrs. Kirk's brother, George W. Smith of the Mt. Blanco community is the only survivor of the Hank Smith family, another brother, Bob, of Lubbock, passed away about three years ago. Mrs. Kirk attended school at Old Emma and at Mt. Blanco.

Mrs. Kirk was a member of the Presbyterian church and the Order of the Eastern Star.

She is survived by three daughters, Mesdames J. C. Caldwell of Donna, Clay Campbell of Ralls, and W. W. Lowry of Kansas City, Missouri; two sons, C. K. Lomax of Sunray, and Billie Kirk of Crosbyton, 12 grandchildren and five great grandchildren.

Attending the funeral from Floydada were Messrs. and Mesdames A. M. Dorsey, J. J. Spikes and Walter Gound.

Pre-View the Buick for '51 at Houston

Mr. and Mrs. Arel C. Rainer spent last week-end in Houston where they attended a Buick dealers meeting and pre-viewed the Buick 1951 models which go on display here.

The fabulous Shamrock was headquarters for the pre-view and the Rainers enjoyed their first visit to the big hostelry as much as they did seeing the new automobile models.

Rodeo Assn Annual Meeting Saturday

The Floydada Rodeo association is to hold the annual stockholders meeting Saturday, January 20 at 2:00 p. m., at Carmack and Smith's on the east side of the square. They will meet to elect officers and make plans for the coming year. They would like for all members and anyone else that is interested to attend this meeting.

Chorus To Present Pianist in Concert

The Floydada High School girls chorus will present Mr. David Appleby, pianist, in a concert January 25 in the high school auditorium. Educated in Chilli, he is a brilliant pianist. Recently he was featured with the Amarillo symphony. He is now instructing piano at Wayland College.

Assistant Postmaster Jack Henry (left) is shown here as he is presented with an award for his good work with Cub scouts of the district. J. M. Willson, sr., representing the South Plains council, made the presentation at the district Scouters meeting here last week.

Award Recognizes Outstanding Work of Jack Henry as Scouter

Jack Henry, of Floydada was awarded the Scouter's award Thursday night at the meeting of the Haynes District.

J. M. Willson, sr., vice-president of the South Plains council, Boy Scouts of America, made the presentation to Henry. He said that Henry is the first Scouter in the Haynes District to receive this award in recognition of his services to the boys of this district in his capacity of cub scout commissioner during a three year period.

Henry started serving boyhood as assistant scout master in Floydada in 1935 and held this position until the organization of a cub pack four years later. At the beginning of cubbing in Floydada Henry was chairman of the pack committee. He served this district as cub scout commissioner from 1947 through 1950. During his term as commissioner, cub packs in Spur, Lorenzo, Petersburg, Lockney, Crosbyton and Turkey were organized.

Dunlap Is Member of School Board

R. G. Dunlap, of Liberty, has been named a member of the board of trustees of Floydada Independent School district succeeding J. K. Holmes, of Starkey.

Holmes resigned as trustee to accept the post of Commissioner of Precinct No. 1 at the beginning of the new year.

War God Doubles Red Cross Quota

Quota for Floyd county in the annual Red Cross membership campaign beginning March 1 has been doubled from last year, result of the war god's activities. Last year the county quota was \$2,000. This year the quota sought will be \$4,000 in the county. Floyd county chapter accepted the doubled quota at a recent meeting of its officers. To four principal compelling considerations are ascribed the increased financial needs of the national organization:

- (1) Because of services to the armed forces;
- (2) Procurement of blood for the armed forces and civil defense;
- (3) Necessary increase in training for first aid, home nursing and nurses aids;
- (4) High cost of all material and services as compared with a year ago.

Mrs. Spikes' Father Dies; Burial at Sea

Mrs. L. W. Spikes of Ralls daughter-in-law of Mr. and Mrs. J. Spikes, received a radiogram Tuesday of last week with the sad message that her father, Harold Edie of Cheltenham, England had passed away with a heart attack on board ship.

The funeral service was held on board with burial at sea. He and Mrs. Edie were enroute to Ralls to spend several months with their daughter and her husband, Dr. Spikes.

Mr. and Mrs. Edie had previously visited with Dr. Spikes and Mrs. Spikes in their home in Ralls and were coming over for a longer visit.

Mrs. Edie is to arrive in Tampa, Florida, on January 21 and Dr. and Mrs. Spikes will meet her there.

Emergency in critical materials, many of which are being used in the construction of the Floyd county court house and in the approximately \$200,000 building program of Floydada Independent School district, this week resulted in a check-up which indicates that both these public improvements seem to be well past the stage where there might be government restrictions on materials. The court house work, now in its last phases, seems to be well under the wire. Story of progress in urgently needed school construction also sounds encouraging.

Jr. Live Stock Showmanship to Be a Feature

Officials of the Junior Live Stock show in a meeting last week-end began preliminary plans for the show, now definitely set for March 14, and advance work for the show will loom large in the local business and civic program until it is assured ample financing and promotion.

Among other things the superintendent and various assistants and committeemen are giving thought is the need for more attention to the showmanship displayed by the junior live stock workers. Fat cattle, dairy cattle, swine and sheep will be shown and the annual sale will follow, all on the same day, March 14.

A new class is being added for the show this year, with competition for prizes on fat heifers entered, according to Marvin Standerfer, manager of the Chamber of Commerce. Practically the same rules and regulations as last year will be used this year, said Standerfer. The sifting committee will have heavier duties this year in their job of passing on the big list of entries to be sold under the auctioneer's gavel.

Rain, Snow Flurry Beats Sand Storm

That old high plains saying, "Beats a sandstorm" got another practice run in Floyd county Sunday when a bit of a shower earlier Saturday night was followed by a sprinkle of snow. The snow lay heavier northward toward the storm area and lighter southward.

At Floydada the rain and the snow together measured out 12-hundredths of an inch. It did beat a sandstorm. Many wheat men maintain their dormant crop has a good deep season and foresee late winter moisture for the topsoil to get their crop off to a good spring start. Meanwhile cotton seed dealers report brisk business retelling a heavy acreage of cotton when the planting season opens up.

Wester to Ft. Sam February Second

Dr. James D. Wester, second Floydada dentist to receive orders for active army duty in the present emergency, leaves February 2 for Fort Sam Houston, Texas.

At Fort Sam, Wester will attend a medical service officer orientation which starts February 6 and ends about March 10.

Wester at present has no indication of his station after completing the course, although reportedly some of the officers who attend may be sent directly overseas.

Dr. Wester has closed his practice at the Floydada Dental Clinic except for emergency cases, to enable him to be ready for his service reporting date.

James H. Word New President Floydada Chamber of Commerce

James H. Word was chosen as president of the Floydada Chamber of Commerce for the year 1951-1952 at a special meeting of the elected board of directors in the chamber office Tuesday, D. T. Mayo was selected by the group as vice president and Earl Crow was re-elected as treasurer of the organization. Marvin Standerfer was named to continue in the capacity of secretary-manager.

Retiring president J. B. Bishop presided at the special meeting at which five newly elected directors were present. These directors, who were elected recently by the membership, are O. P. Rutledge, D. T. Mayo, James H. Word, Roe Jones, and J. G. Wood.

By the authority vested in the board of directors in a recent amendment to the by-laws of the organization, the group also selected three directors-at-large to serve for a period of one year. The directors-at-large are J. M. Willson, Earl Crow and Al Puchs.

Richard P. Stovall, chairman of the banquet committee has announced that preparations are nearing completion for the annual meeting on February 6. Members will have until January 26 to purchase tickets before they are offered to the general public. Banquet tickets this year are being sold for \$1.75 a plate. Trent C. Root of Southern Methodist University will be the speaker. Out of town guests for the banquet are expected from Amarillo, Lubbock, Plainview, Spur, Crosbyton, Matador, Lockney, Petersburg, Littlefield, Tulla and Ralls.

BUD SPARKS NEW OPERATOR CONOCO STATION NO. ONE

The Conoco service Station No. 1, formerly operated by Ott Walden, has changed management.

Bud Sparks is the new consignee. He took over his duties Friday of last week. Mr. Walden will help Bud until the last of this week until he is located and is thoroughly familiar with the location of his equipment.

Wheat Control Cancelled Out

Releases and other communications from the Department of Agriculture indicate that the acreages on wheat are cancelled as a result of the maximum amount needed to meet national needs.

S. McEntire, administrative officer of Floyd County PMA, said he interpreted to mean that wheat will not be one of the crops on 1951 production. There are farmers who have overplanted 1951 wheat acreage will be to the same price support as those complying with allotments."

Funerals for Mrs. H. Cline's Mother Waco Thursday

Funerals for Mrs. H. Cline, who passed away Wednesday night at 10 p. m. will be held this afternoon at 2:00 p. m. at the Waco funeral home.

The mother is Mrs. J. G. Tomlinson, who pioneered in the Brazos valley country and reared a family of six children there. She left her home from infirmities at an advanced age. Her husband, three and three daughters survive.

Mrs. Cline was with her mother at the time of her death. Mr. Cline is Mrs. Donice Cline, of Lamesa, daughter of the deceased, who is attending the funeral at Waco to be present at the last rites today.

Nelson Resigns as Board Member Soil Conservation District; Chooses Successor January 27

Floyd County Soil Conservation district will hold a special election for the temporary courthouse on January 27 at 2:00 p. m. to fill the vacancy created by the resignation of W. H. Nelson. Mr. Nelson, who has represented the southeast corner of the county since the organization of the district in July 1949, has found it necessary to resign his responsibilities because of ill health.

Bobbit, chairman of the district, will assist with the election; a temporary chairman until the election is elected in that district. All landowners in this district are urged to vote and select a member to represent the district for the remainder of the unexpired term. The landowner and his spouse are eligible to vote.

The Lubbock highway is the boundary of sub-division four on the west, the Matador highway is the north boundary from the town section out to the west side of section 69, going north one mile to take in the next seven sections and coming back to the highway on the east side of section 75 and continuing with the highway to the east line of the county. The county lines form the east and south boundaries.

The technical assistance of Soil Conservation Service is made available to the farmer through the board of supervisors of the Soil Conservation district. By electing a member that is interested in the welfare of the farmer, and therefore concerned about the conservation of the soil, all landowners will be represented on the board whose business it is to promote a sound and complete conservation program.

Lakeview News

(By Mrs. E. H. Tooley)

LAKEVIEW, January 17—The men will soon be ready to put the finishing touches on our new parsonage. The men of the community have worked faithfully and rapidly.

A singing and fellowship hour was enjoyed by approximately 20 people in the E. H. Tooley home Sunday afternoon. You will probably see elsewhere in this issue of The Hesperian an announcement of our monthly singings to be held at the church building. All who are

interested have a cordial invitation.

Mr. and Mrs. Paul Polasek have moved to the R. L. Nichols place which is located west of the Speers Store.

Mr. and Mrs. Wayne Battey went to Lubbock Sunday, accompanied by the children of Mr. and Mrs. Van Thornton. Mrs. Thornton is a sister of Mrs. Battey, has recently undergone surgery in a Lubbock hospital.

Mrs. L. D. Goughly, who has been very ill is much improved this week.

The Ferris Wheelers visited in Petersburg Sunday.

Mrs. Joe Thurston entertained Saturday afternoon in honor of the seventh birthday of her daughter, Lynda. An appropriate program was rendered and the group enjoyed a social hour. Refreshments of cake and punch were served to the following: Charlene and Mary Elizabeth Wright, Billy Joe Estep, Joe, John and Tommy Taylor, Anella and Sandie Thurston, Mrs. Dennis Taylor, the hostes and honoree.

Mr. and Mrs. Gene Johnson had as dinner guests Sunday the following relatives: Mesrs. and Mmes. V. D. Wheelis and sons of McAdoo; R. L. Johnson and son, Charles; L. W. Johnson and children, all of Lakeview; Cecil Johnson of Crosbyton; Bee Wheelis and sons of McAdoo; and L. Deen Johnson of Crosbyton.

The E. H. Speers family made a trip to Lubbock Friday night.

You can't treat the maid like a member of the family, nowadays, and get away with it.

Community Showers Mr. and Mrs. Conner at A. S. Mize Home

The Cedar community honored Mr. and Mrs. Fred Conner with a miscellaneous shower on Tuesday evening, January 9 in the home of Mr. and Mrs. A. S. Mize.

Hostesses for the shower were Mesdames Mize, Sid Brown, Clarence Ginn, Elvie Lackey, Carl Lemons and W. B. Wilson of Fairview.

The guests were registered in the bride's book by Billie Ruth Lackey, and were served refreshments of punch, cookies and mints by the hostesses.

The thrill of the evening came when the hostesses gave the shower of gifts to the young couple as just a "sprinkle of love we have in our hearts for you." Eagerly Peggy and Fred opened the beautifully wrapped packages and then passed the gifts around for the guests to view.

Besides the honor guests, their parents and the hostesses, those registering were Messrs. and Mesdames J. V. Gilly, Gene Gilly, Robin Fortenberry and family, George Mize, James Perry, M. H. Taylor, Lindsey Lackey, Junior Taylor, E. E. Wells, T. F. Love, Orby Beard, Carl Lee Gilly, Jack Stansell, Gerald Lackey.

Cephus Fortenberry and family, R. G. Dunlap, Bishop Wigginton, Robert Barlow, Jack Yeary, Raymond Love, Charlie Dillard and family, J. W. Leach, John Kelley, Vance Campbell, E. I. Durham, Weldon Conner, Jack Fortenberry and Mesdames Mary Lee Dillard, Robbie Bratton, W. F. Denton, R. L. Lackey, Henry Randolph and Misses Thada Lackey, Norma Deen Kelley, and Messrs. A. S. Mize, Steve Mize, John Lloyd Dillard and Sid Brown.

Mrs. Chappell Feted As Friends Honor Her With Pretty Shower

Mrs. Ozell Chappell, nee Juanita Huckabee, was honored with a bridal shower last Friday in the home of Mrs. K. E. Edmiston.

Forming the receiving line were the bride, her mother, Mrs. Burl Huckabee, and the groom's mother, Mrs. E. Chappell.

Mrs. Gay Neil Davis registered the guests in the bride's book, and pinned favors of silver wedding bells tied with orchid ribbon on each guest.

The table was laid with a white crocheted cloth over orchid. A bride and groom in the center of orchid pom pom mums with orchid candies on each side, formed the centerpiece.

Eva Waller served hot punch from a silver service, and a three tier wedding cake was served.

Piano numbers were rendered during the afternoon by Lee Hutchinson.

Hostesses for the shower were Mesdames Gay Neil Davis, James Langley, Nolan Arney, Opal Meeks, Otis Murry, Bob Gibson, W. L. Orman, Arel Rainer, Audie Noland, Alton Noland, K. E. Edmiston, and Misses Eva Waller, Lee Hutchinson, Darlene Johnson.

New Buick Special Is Nation's Newest Car

STYLE-LEADER and pacemaker of the 1951 Buick line is this four-door six-passenger Special, or Series 40, sedan. Representative of the entire Special Series which is completely new this year from stem to stern, this car has a new chassis, a new body, new front end, new sweep-back molding, new trim, and new fender and hood ornaments. Its restyled fender lines flow backward through the doors in a graceful curve

which is paralleled and accentuated by the brilliant sweep-back which runs the length of the car. The unique Buick front end, entirely re-designed for 1951, is more distinctive than ever. For the first time, Buick's powerful F-263 engine is offered in the Special Series, delivering 123 horsepower with Dynaflow Drive, and 120 horsepower with Synchro-Mesh transmission. Wheelbase of this model is 121½ inches.

Cline & Rainer to Show Buick Here Saturday

FLINT, Michigan, January 17 — Buick today introduced its 1951 line of cars, highlighted by an improved Special with new body and new engine.

The new line contains three series of cars, ranging from the low-priced Special up through the Super to the luxury models in the Roadmaster. They will go on display in all dealer showrooms Saturday, January 20.

"Important advances in styling features coupled with major chassis and body improvements combine to make the 1951 Buick the greatest value in our history," Ivan L. Wiles, Buick General Manager, said.

There are eight models in the Special Series, six in the Super and four in the Roadmaster.

The 1951 Special is completely new throughout. It has a new body, a new chassis and is powered with the F-263 Fireball engine introduced in the Super last year. This engine develops 128 brake horsepower with Dynaflow and 120 with Synchro-Mesh transmission.

There are 18 body types in the 1951 line. Most of them are of the

tourback design which gained such wide-spread popularity last year. One jetback in the Super series is offered this year. All cars are six-passenger except one, the three-passenger coupe.

The entire line has been restyled and boasts many new features in design, engineering and interior trim.

Many important changes have been made in the Roadmaster. Buick's top model in the luxury class.

Many changes also have been made in the Super, lending added beauty and luxury to this series.

The most significant change in appearance in the entire line is in the new bumper-grille combination which proved so popular in the 1950 Buick. The grille, containing 35 bars of tough, stamped steel, is located behind the bumper.

Other new features include a new hood ornament and emblem, new fender ornaments, and sweep-back modeling, which enhances the beauty of the long-flowing fenders.

There are four horsepower ratings in the 1951 line.

You will enjoy the latest fashions and the best entertainment when you attend the Style Show on Monday, February 26, at the high school auditorium sponsored by the 1950 Study club.

FOUNDATION STONES OF U. S. A.

The United States Constitution sets up the unique system of separation of powers, under which:

1. All Executive Powers is vested in the President.

2. All Legislative Power is vested in the Congress.

3. All Judicial Powers is vested in the Supreme Court, and such inferior courts as the Congress may from time to time establish.

Thus each of three branches of government is designed to act as a check on the other. This is a fundamental principle in the construction of the Republic.

The Book of Presidents

BIRTH OF STARS AND STRIPE

We take the star from Heaven the red from our Mother Country, separating it by white stripes, thus showing that we have separated from her, and the white stripes shall go down to posterity representing Liberty.

George Washington

Dimensions of the flag of the United States fixed by executive order, are: The length 9/10 times the height-- the blue field, 7 stripes high and its length 76/100 of the height of the flag.

RESTORING THE TRINITY

Time, it seems, is about to complete another cycle and history will again repeat itself, however, on a very much higher plane. This time it is the development of the Trinity River which will reopen and establish another great inland waterway in Texas.

Like a great many projects of its kind, the development of the Trinity is mere preserving another waterway and power supply which we almost destroyed in our mad rush to build a great and better state.

Rapid development of the railroads, later followed by the motor truck, created the opinion that transportation by water was no longer profitable. This resulted in destruction of the watersheds by ax and plow, and the once broad and mighty Trinity River gradually dried away into a comparatively small stream.

Transportation on the Trinity River is not a fantastic dream, as some would term it today, which will reopen what was once one of the finest waterways in Texas.

Stansell - Collins Show Tomorrow at The Palace

No less than six brand new movies are on the program for the annual John Deere Day show to be held for farmers and their families on Friday, January 19 at the Palace Theatre, according to Stansell - Collins company, local John Deere dealer and sponsor of the affair. Farmers who have not yet received their tickets, may obtain them by calling for them at the store, at 215 South Main street.

The feature picture of the day "One Happy Family," stars Don DeFore and Marjorie Reynolds and is the story of a small-town family and the things that beset them when they win the title of "Family of the Year" in a contest conducted by a national magazine. Leading the pack of five more applause-winning films is "His Father's Choice," featuring Tom Gordon who along with his typical American family, has won so many friends in previous John Deere pictures. The four films that complete the parade of entertainment offer something new and different in dealing with subjects close to the hearts of today's farmers.

"Those who attended this year's John Deere Day," says Walter Collins, "have a real treat in store for them, a day so packed with entertainment for the entire family that they will remember it with pleasure for months to come. Don't miss it! Get your tickets on your very next trip to town!"

THOUGHTFUL FRIENDS THANKED BY MRS. BURLESON

I want to express my appreciation to all who have been so kind to me since my accident on December 17. Thanks to all of you who sent flowers, cards, gifts and visited me during my stay at Stanley clinic, Lubbock Memorial hospital and now at my home in Floydada. These kindnesses have really been appreciated and it's so nice to find that we have so many wonderful friends.

May the best of everything come to each of you.
Sincerely,
Molly Burleson

FINLEYS TRAVEL EAST AND WEST TO SEE THEIR SONS

Mr. and Mrs. Bob Finley left last Sunday for Key West, Florida, where they will visit with their son, James, who is in the navy and stationed there.

They will return home next Sunday and then leave for San Diego, California, to visit another son, Don, who is also in the navy and is stationed on the west coast.

Injuries in Road Accident Are Fatal To James W. Crump

James William Crump, 72, a resident of near Cone and in Crosby county for 43 years, died at 4:30 A. M. on Sunday, January 14, in the Crosbyton hospital, following a brain injury he received on January 8 in a car accident near Cone.

Mr. Crump's death was the first traffic fatality on the South Plains for 1951. Mr. Crump was enroute to Ralls to see a physician when his 1935 Ford coach crashed into the side of a 1946 Ford truck, being driven by Charles Stevens, an employe of the J. R. Fanning Construction company. The accident occurred on a dirt road, two miles west of Cone.

Mr. Crump was carried to the Crosbyton hospital, where he remained until his death on Sunday. He regained consciousness once or twice during that period.

Moved From Knox County
Mr. Crump had been a resident of Crosby county for 43 years, having moved to near Ralls from Knox county. He is survived by his wife, Amanda, a daughter, Miss Alma D. Crump, two brothers, Frank, Abernathy and Ed, Ralls; two sisters Mrs. R. L. Riddings, Texline, and Mrs. T. B. Burgess, Canyon.

The service for Mr. Crump was conducted in the Cone Baptist church Sunday at 2 P. M., with the pastor, Rev. R. T. Barton officiating. Burial was in the Cone cemetery under the direction of the Marr Funeral home of Ralls.

Pallbearers were Ellis Henry, C. W. Edwards, Kermit Davis, Posey Ammonett, John Laminack and Bennie Davis.

Mr. Crump was a brother-in-law of Mrs. Ben Morton of Floydada. Mrs. Morton was unable to attend the funeral but Mr. Morton attended, as did Messrs. and Mesdames J. J. Spikes, Henry Assister, Otis Murray, Lee Noble and Messrs. John Pawver, I. C. Surginer and possibly others.

FORMER RESIDENTS PAY VISIT TO FRIENDS HERE

Mrs. Sam McCleskey of Lubbock and two daughters, Mrs. R. T. Furrow and son Larry, of Lubbock, and Mrs. James Jones and son Mike, of San Antonio, were visiting relatives and friends in Floydada last Friday for the day. Mrs. Jones reported that James had been promoted to a captaincy in the Air force and is stationed at Lackland field in San Antonio, where they make their home.

MRS. EMERY ROBERSON SEW AND SO CLUB HOSTESS

The Sew and So Needle club met January 11 in the home of Mrs. Emery Roberson.

The afternoon was spent in needle work and visiting.

A delicious refreshment plate was served to Mrs. R. C. Bullock, Orval Newberry, G. W. Switzer, G. E. Assister, W. F. Bertrand, Milton Harrison, J. W. Walker, Willie Bunch, Bud Sparks, the hostess, Mrs. Roberson and one visitor, Mrs. Claude Weathersby.

JARRETTS MOVE TO FARM

Mr. and Mrs. Carl Jarrett have moved to the Roscoe Lackey home place in the Cedar Hill community from their home on West Jackson street. Mr. and Mrs. Kenneth Hart moved into the West Jackson home. Mr. Jarrett has resigned his position with the Parker Furniture company in Lockney and will devote his time to farming. Mrs. Lackey had moved to Santa Fe, New Mexico, to be near her daughter, Mrs. Jack Craft.

AN APPRECIATION

We wish to express our sincere thanks for the many expressions of sympathy and kindness in the death of each of our brothers. These deeds will be remembered and cherished in days to come.

Mr. and Mrs. Jack Burleson and family.

Mrs. Harry Blenden and son, Dick, of Andrews, Texas, visited in Floydada Saturday with friends and relatives.

BUT—you can protect your crop investment

... A Federal Crop Insurance policy protects the producer's investment in the cotton crop against unavoidable loss from essentially all production hazards. The protection begins at the time the cotton is planted and continues until harvest. ... Every penny you pay in premium is paid out for crop losses. Uncle Sam pays the "overhead."

... It covers losses of lint cotton due to drought, flood, hail, wind, frost, lightning, fire, excessive rain, snow, wildlife, hurricane, tornado, insect infestation and plant disease.

New V8 Engine Development in Chrysler Line

DETROIT, January 17—A new 180 horsepower engine, power steering, greatly improved shock absorbers, air-cooled brakes, and a new torque converter were among the many new engineering developments revealed today by the Chrysler corporation to representatives of the press, radio, and television.

L. Colbert, president of the corporation, said that never before has the company offered so many outstanding advances in a single year, in terms of performance, riding comfort, safety and handling ease.

The special showing of Chrysler engineering achievements consists of more than 75 individual exhibits. As background to the entire display are 38 different body styles of new 1951 Plymouth, Dodge, DeSoto and Chrysler passenger cars and several 1951 Dodge commercial vehicles and Dodge army trucks.

New V-8 Engine
The new 180 horsepower Chrysler V-8 engine was shown beside the original Chrysler 6-cylinder engine of 1924—thus bridging years of engine design leadership culminating with the new firepower design as the latest in the family of Plymouth, Dodge, DeSoto, Chrysler, Dodge truck, and marine and industrial engines.

All-Risk Insurance Sales Are Brisk

Reports from the PMA office indicate that increased interest has been shown in the all-risk Federal Crop Insurance program that for the first time is being offered in Floyd county.

The insurance is an attempt on the part of the Federal Government to protect the cotton farmer against production risks that he can not control. It does not cover losses resulting from avoidable causes such as neglect and poor farming practices. The protection begins at the time the cotton is planted and continues until harvest. The program in effect operates as a county mutual so that farmers can build their own crop insurance business. It is expected that over a period of years premiums will cover the losses paid under the county program. Actual county experience over the years will determine the cost of protection.

Insurance isn't a profit program. Profit must come from good crops and prices. Insurance will keep the farmer from losing the money that he invests to make a profit.

Choose The Right Shrubs

COLLEGE STATION, December—Now is the time of year to order the shrubs needed to complete the landscape plans for your home. There are many things to remember when choosing shrubs, and Sadie Hatfield, specialist in homestead improvement with the A. & M. College Extension Service, suggests a few.

For instance a shrub should be hardy enough to withstand the cold and drought and it should remain attractive the year round. The rate of growth should be considered—whether it is fast growing or so slow that a long period of time has to elapse before it is large enough to add to the landscape. The type of soil, too, has to be considered because on alkaline soils some shrubs never grow well and some turn up with yellow leaves.

Now, in placing the shrubs, at least five feet from the walk or doorstep and five feet from the house should be allowed. Sometimes when shrubs are placed too near the house or doorway they have to be cut back so severely that they are no longer attractive. Miss Hatfield suggests the lodense privet for entrances because it is hardy, an evergreen, low growing, and it is easy to prune. In South Texas the manzanita or dwarf crepe myrtle makes a good accent plant.

In choosing a corner planting, the specialist says that it should be taller than the doorway planting. Wax ligustrum can be used as a corner planting. In Central and Southwest Texas the Burford holly is an excellent corner planting. In Central and East Texas Miss Hatfield suggests the yaupon. Arborvitae is a good screen planting.

When placing plants beneath windows, Miss Hatfield reminds that the shrubs should be low growing—unless a shade is needed in the summer months to shut out the sun. In this case, she suggests planting redbud or vitex—a shrub which sheds its leaves in the winter months, but has a thick growth of leaves in the hot season.

As for the depth of planting, the specialist says shrubs should be planted the same depth as they grew originally. The hole should be large enough for the roots to spread out and it should be filled with moderately rich topsoil. The plant should be watered immediately after planting. Small shrubs should not be planted closer than three feet to the house, the specialist emphasizes. Large shrubs such as ligustrums should be four, five, six—some times ten feet from the house, she adds.

Wayland Students Attend Services at Local Church Sunday

Five young men students of Wayland college were with the Calvary Baptist church in their services last Sunday, and of these Rev. J. T. Bilbrey, pastor of the church, reports that at least two will return for the services next Sunday. They will work with the juniors and with the young people. Rev. Bilbrey said. This plan will be continued from Sunday to Sunday, according to present plans.

Eight from the Calvary Baptist church, including the pastor, were among those from over the association who attended the workers conference in Crosbyton Tuesday.

First Hostess Sand Hill Club for 1951 Is Mrs. Lloyd Allen

Mrs. Lloyd Allen was the first hostess of the Sand Hill Home Demonstration club for this year. After the roll call Mrs. T. C. Hollums appointed the different committees and the demonstrators were chosen for the year's work.

Mrs. Roy Hollums demonstrated the use of good sewing equipment. Cheese cloth makes an ideal pressing cloth, was one tip she gave us. Miss Lelia Petty showed two different methods of marking hems. P. Le then demonstrated "Color for you."

"It doesn't hurt if a color makes you look darker, but if a certain color causes you to feel depressed just don't wear that color," was a helpful hint from Miss Petty.

Our visitor for the day was Mrs. J. C. Cates. One new member was added, Mrs. James Jefferte. Regular members attending were Mrs. Mmes. Jim Holmes, Fred Jackson, T. C. Hollums, J. T. Spears, Ed Holmes, Otis Elliott, Will Hollums, W.

Empty Jug Starts Residence Blaze

Wednesday afternoon of last week a fire alarm was answered by the Fire department at the Lenton Lanham home, 115 West Houston street, when an unusual fire happened. An empty gallon jug, at the back of the garage in dry grass was heated by the sun's rays—and set the fire. That was the only solution to the blaze.

Mrs. Lanham said she looked out and saw the back of the garage burning and the grass burned to the alley. Fire Chief Carl Rodgers said that was the first time in his experience that the sun rays caused a fire. The loss was estimated at \$25.

Portales Man New Sheriff's Deputy

Floyd County Commissioners court last Thursday named Melvin Saunders, of Portales, New Mexico, as deputy sheriff of the county, and in the shift of the personnel by Sheriff Leland A. Hart, A. K. May will move to Lockney. He has taken over the duties there following the recent resignation of Olan Potec. The family will take up residence there soon.

The new deputy has been employed as a deputy sheriff at Portales the past five years. He is already on the job here. Mrs. Saunders is a teacher in the Portales school system.

Intent to Treat Surface Water Separately From Underground is Called Wise, Proper Decision

The Texas Water Code committee has made a "proper and wise" decision in treating surface water conservation separately from underground water conservation, according to a memorandum from the High Plains Water Conservation and Users Association.

Major points of the memorandum, read by W. O. Fortenberry, president of the High Plains group, at a Code committee hearing in Austin December 12, have been made public by the association.

The memorandum contains eight suggestions for consideration of the Code committee in drafting its final report on revision of Texas water laws to be recommended to the 52nd Legislature.

Each recommendation is aimed at making clear the code committee's announced intention of dealing with surface water only and leaving present underground water laws unchanged. The water conservation group suggested that words be inserted in certain definitions to eliminate any doubts.

Want Wording Clarified
As the Code committee's preliminary report stands, many sections refer to "all water resources," members of the High Plains group have explained. "If it is not the committee's intention to include underground water, we wish them to specifically exclude it so that their proposals cannot be misconstrued later on, they said.

The memorandum presented to the Water Code committee points out: "Although your avowed purpose was to consider surface water problems only, it is known that at your earlier meetings testimony affecting underground water was introduced upon the committee. . . . Since the hearings, you have released your preliminary report. As a consequence, we have several timely suggestions which we offer for such use as you desire in placing our recommendations in final form."

"From time to time changes in underground water laws have been considered by the Texas legislature. The High Plains association has been equally active in opposing un-

wise changes as it has been in lending support to changes believed to be constructive. It is significant that essentially all municipal, industrial and agricultural users (large and small) of underground water in the various sections of Texas have reached the same conclusions as high plains people and have acted accordingly.

Represents Many Well Owners
"The High Plains Water conservation and users association," the memorandum points out, is the coordinating head of 14 water conservation organizations composed of users and owners of underground water in the High Plains of Texas.

As such, the High Plains association represents some 15,000 well owners, as well as bankers and business men in the high plains. This association speaks for an area where 155 million acre feet of water is in storage in an underground water reservoir underlying more than three million acres of land. Usage of water is estimated to amount to more than one million acre feet of water in some years. This association, then, speaks for perhaps 80 per cent of the substantial users of underground water in the entire state of Texas.

"These high plains people are keenly aware of the value and importance of underground water and are determined to protect and conserve it."

Basic Problem.—Manpower. This is going to be the big headache for American business by the time early fall reaches us, possibly before. Lack of manpower will have a certain degree of inflationary influence. And if we have a standing army of three and a half million of our best young men for a period of 10 years lack of manpower will continue to be a problem, while these young men strain against the futility of the army camp waste of energy and ambition. Translated into plain language this means if you've got any women folks, buy them some clothes that they think will make them look glamorous riding a tractor seat.

Not A Sin.—In spite of the fact that everybody is ambitious to make money, there continues to run through the thoughts of people, as reflected in the legislatures and the congress and administrative branches of our government, that somehow or other it is sinful to be successful in acquiring money. Why this notion or fancy persists must have something to do with the natural envy that is part of the average human, which their public servants try to translate into law.

Television is not so far away (in time) from people of this area. Slow-down may come about through the government stockpiling of critical materials. But what people hear others are doing and what they imagine they can do they somehow or other do. Already experiments in television reception on the high plains are getting some results, more or less erratic, true, but pictures on the screen just the same. Put a television set in your budget for the next year or so. It will cost you but you'll have to have one as soon as some of the neighbors begin to tell about what they saw last night that took place in New York, San Francisco, Dallas or in some other part of the nation. This is not as far-fetched as you may think.

What shall we do?—Meaning about the continually rising prices and thinking in particular of the newspaper publishing organization which must have manpower and buy paper with which to print. Whatever happens as to manpower will just happen, and that will be that. If you lose part of your better trained personnel to the nation's service you must then get out and buck a run-away market for help to take their places. You may have been getting along by riding your present help just a bit, because they are situated, have their homes, and their roots in the native soil, doing fairly good they may think, getting a start, unwilling to strike out on the chance that the grass may be greener elsewhere.

Share in Democracy. Pay your Poll Tax today.

As to paper on which to print, the price still climbs and if the government attempts to control the price and begins allocations that means still more price to pay as you thresh around perhaps in desperation in the gray or semi-gray market. All of this pressure — hope and effort to keep employes, hope and effort to get paper — adds up to just one thing — more expensive operation, higher cost. And then that next problem that really makes gray hairs grow, how far can you go along with that tendency before you price your product out of the market?

The Hesperian cannot know high policy and what would be wise to do about sending a huge army to Europe. The history-making debate that is going on now in high circles of the government about what to do will set the pattern for the next fifty years. It may seal the fate of the nation, one way or the other. One thing that makes us feel squeamish is that apparently no enthusiasm for the idea can be found in Europe. There must be something about the way we go at being Helpful Henry throughout the world that makes other people enjoy hating us. For what we may or may not have done wisely (in France and Italy especially) to help relieve the devastation occasioned by the wars, it is said only fault-finding and recriminations are the reward. Hungry and cold they snatch the gift and curse the giver. There are ways and ways of helping people. You may know men who, in trying to help others, manage to make themselves so obnoxious their help is not appreciated. Uncle Sam seems to be an un-loved neighbor in all the earth.

General MacArthur is credited with a terrific blunder in Korea in November and the second guessers, with the slight advantage of the passage of time, have caught up with him in January. He is getting the finger from important sources now. Campaigns and the battles which go into their making are calculated risks. The general missed that one, it appears. He still has a pretty fair batting average, we'd say. There will be tremendous pressure to have him put on the shelf.

Most people knew all along that when the Government mapped new taxes it would go to excesses. —Pathfinder.

New Inside...New Outside with a Completely New Kind of Ride

NEW in more ways than cars costing up to \$1,000 more

AT A SECRET PREVIEW THESE FAMOUS AMERICANS SAID:

TED WILLIAMS—"When I first saw this 1951 car, its smart good looks, and its new engineering advances made me put it in the expensive car class," says Ted Williams, baseball's great left-handed slugger.

BETTY HUTTON—"It's so big, so roomy, with greater visibility for every passenger," says Betty Hutton, famous for her own exuberant way of putting over a song. "And so luxuriously appointed, inside and out!"

DALE CARNEGIE—"I think I know what influences people, and this new car will do it," says famous author of "How to Win Friends and Influence People" and "How to Stop Worrying and Start Living."

*Soon to be seen in Cecil B. DeMille's "THE GREATEST SHOW ON EARTH," a Paramount Release, Color by Technicolor

Now YOU can see it! The new 1951 car that thrilled hundreds in secret previews coast-to-coast! Yes, famous Americans and people in all walks of life—engineers, stylists, architects, mechanics—were excited by its stunning new beauty and host of engineering improvements... were amazed that any car offering so much sells for so little!

New Riding Principle! New Oriflow shock absorber system brings you a truly new kind of ride... lets you "float" down roads that stop other cars. Here's a new kind of smoothness—over the same roads that jarred and "hammered" you in the past! Whether it's cobblestones or country ruts—wheels stay on the ground.

New Watchtower Visibility! Here's visibility for all passengers through the new wider windshield and deeper, wider panoramic rear window—for greater safety, comfort. Here's new spaciousness inside to let you ride relaxed, uncrowded. Yet outside, its new beauty is sleek and trim for easier handling and parking.

I looked at the wet pavement car across the street in front of the house the other night, the sent me by a good sweet Mrs. Audrey Howard of Roar-springs comes to my mind and it is for you, also.

Car in the Rain
Mary Elizabeth Counselman

First few drops make shiny silver coins against the dusty windows, quickly raised. The street ahead, distorted, briefly hazed. The wiper arms abruptly as each wiper joins its mate. They fan apart and meet again. Like metronomes to time to song.

With rain. The storm increases as we drive about. The stop light dyes the windshield drops to blood. The molten gold, then emeralds rolling down.

The car moves forward, warm and safe and good. The rain home across the rain-swept town.

Don't you? Believe in the grass in the time of snow; Ah, that's the reason a bird can sing—

On his darkest days, he believes in spring.

From an unknown author: "One of these days I must go shopping. I am completely out of self-respect. I want to exchange self-righteousness I picked up the other day for some humility which they say is less expensive and wears longer. I want to look at some tolerance which is being used for wraps this season. Someone showed me some pretty samples of peace. We are a little low on that and one can never have too much of it. And by the way, I must try to match some patience that my neighbor wears. It is very becoming to her and I think it might look well on me. I might try on that little garment of long-suffering they are displaying. I never thought I wanted to wear it, but I feel myself coming to it. Also I must not forget to have my sense of appreciation mended, and look around for some inexpensive everyday goodness. It is surprising how quickly one's stock of goodness is depleted!"

Another old friend. Jim Crump family moved near us when first married and moved to the All these years we have friends and this morning we deep sympathy for Mrs. Alma D. in the loss of her husband and father. Through plenty and years of drouth nothing, Mr. Crump toiled on his cows at milking time the draw which runs through the farm. He plowed the land which he greased the mill which them water for the house and the good garden they always had. He tied off the mill in the and in the freezing winter, somehow I think his life was the windmill, a life of duty, of most always being on the A West Texas citizen knows a windmill for the most part year is going round and round giving the wealth of water from ground.

Mr. Crump's work has been and now he is at rest, seeing more his beloved daughter, little.

Value Your Health More Than Riches

Some folks think that fine clothes and fine, big houses are the most important things in life. At these things really don't mean so much if a person doesn't feel well enough to enjoy them. Most folks don't realize this, but Mrs. Lucy Maswell, of Suite 2, Stone Mountain, realizes it very well. Mrs. Maswell takes HADACOL and by taking HADACOL she found she was helping her stem overcome deficiencies of vitamins B, B, Nicotin and Iron. Rich HADACOL contains.

Here is Mrs. Maswell's own statement: "I have been sick for some time with stomach disturbances. I began taking HADACOL and I have been taking it out six weeks. I am so much better and much stronger. I will continue to take HADACOL. It has helped me. I tell my friends about HADACOL. I can't praise HADACOL too much. I am 59 years old."

BEGINNING ANEW

Do you ever promise yourself to do better and make better grades and then never keep that promise? The first semester and the mid-term exams are over, and the new year has just begun. Now is a good time to make that promise. You have a clean sheet before you. How is it going to look at the end of the year? Can you look back over it and be satisfied that you did your very best?

If, last semester, you did not make the grades that you should have made, if you were tardy several times, or your department was

low; now is the time to begin anew and try harder to make those grades. Be on time and keep those demerits down. Your high school years are short but very important; so begin right now to do the very best that you can in everything.

Smiles are in Style

Each year fashion editors publish manuals, magazines and articles on current fashion trends. High school students especially girls, do their best to stay "hep" on clothes and fads; however, few stop to realize that a friendly smile is always stylish.

A smile can do more for an individual than all the new clothes made. A smile to a classmate may help in a way one never dreamed about. Along with a smile a friendly hello will help, a hello to one's teachers as well as to one's classmates. A person should smile and stay in style. A smile is modern.

Boy, Girl Favorites of the FHS Classes

This little lass has short curly brown hair, twinkling blue eyes, weighs 123 pounds, and is 5 feet, 6 inches tall. Her favorite foods are chicken, ice cream and English peas. Her favorite colors are green and white. Swimming is her hobby and "She Wore a Yellow Ribbon" rates as her favorite movie. "Tennessee Waltz" is her favorite song.

She likes basketball, pretty clothes, Clara Mae, Oldsmobiles, Texas Aggies, friendly people, and "Gang 14". Among her few dislikes are snooty and stuck-up people, Lockney, English IV, and lessons. She was most excited when the girls played their first basketball game at Paducah.

Have you guessed by now who this sweet friendly girl is? It is none other than the senior favorite, Peggy Parkey.

Senior Boy Favorite
He's 6 feet tall, weighs 210 pounds, has blond hair and green eyes. This big friendly guy's favorite foods are ice cream and hot dogs. His favorite sport is football. "Fort Apache" rates as his favorite movie and his hobby and pastime are fishing and cooking, respectively.

He likes automobiles and he dislikes Lockney boys. His friendly smile and pleasant disposition have won him the honor of being senior favorite. That's right. He's none other than Duane Lemons.

Junior Girl Favorite
A junior favorite has brown hair, brown eyes, and a nice patch of freckles. She weighs 100 pounds and is 5 feet tall. Her favorites in food are chocolate cake and cokes. Her favorite movie is "The Hasty Heart".

This favorite's hobby is reading. Among her other likes are Wayne and school. Her most passionate dislike is American history. Of course, this is none other than Marlene Raley.

Junior Boy Favorite
This favorite stands 6 feet 1 inch and weighs 180 pounds. His favorite foods are fried chicken, hot rolls, and green salad. American history is his favorite subject. His ambition is to be a hot rod driver. Do you know him? It's Roy Teague of course.

Sophomore Girl Favorite
September 12, 1934, is the birthday of this lovely blond haired green eyed girl, who is 5 feet 7 inches tall. When it comes to eating, there's nothing she likes better than cherry pie, fried chicken and ice cream, but she very much dislikes squash and liver. June Allyson and Richardo Montalmin are her favorite movie stars and "Little Women" is the best movie she has ever seen. "Nevertheless" is her favorite song. Chorus is her favorite subject. She dislikes people who think they're better than anyone else, muddy weather, western and hillbilly music, and studying.

She likes people with sweet personalities, playing the piano, running around, volleyball, green and yellow, football, and basketball. In her pastime she likes to go to slumber parties, to the show, and to eat and sleep. Her most exciting moment was when she was elected favorite of the sophomore class. Yes, this is none other than the sweet and lovable, Fern Patterson.

Sophomore Boy Favorite
His favorite pastime is just loafing around and not having to do a thing. Steak and tomatoes are this class favorite's choice of foods. This athlete's greatest ambition is to be a major league baseball player.

Algebra is his favorite subject while Lockney is his main dislike. Green and white are his favorite colors. He was halfback on the football team this year and he also excels in baseball, basketball, and track. Being vice-president last year and class favorite this year are some of his many honors.

Is there need to say more? Yes, that's right. His name is Adrain Helms.

Freshman Girl Favorite
Who is that cute little blond that plays the flute, plays the piano, sings, and loves to dance?

Her favorite pastimes are dancing and reading. Her favorite movie is "Broken Arrow." She dislikes catty people and spinach. Her highest ambition is to be a doctor or a magician.

What other person could lead such an exciting life as that freshman favorite, Dorothy Holmes?

Freshman Boy Favorite
This lively fellow who's 5 feet 11 inches tall and has brown hair and eyes, was born on December 21, 1935. His favorite food is quail, and he very much dislikes spinach, and pork and beans.

"To Please a Lady" rates as his favorite movie and Roy Rogers is his favorite actor. Ag is his best liked subject. During his spare time he likes to run around. "Hot Rod Race" is his favorite song and he likes girls and new cars.

His most exciting moment was when he had a touchdown at Abernathy.

Have you guessed who this friendly and popular lad is? It's none other than the freshman favorite, Jerry Bob Harrison.

Freshman: I don't like this school.
Senior: Why?

Freshman: Some of the kids threw a noisy party downstairs.
Senior: What was wrong with that?

Freshman: I was the party.

"ONE HAPPY FAMILY" TO BE FEATURE PICTURE ON JOHN DEERE DAY

Farmers and their families to be entertained by local John Deere Dealer on January 19

A full length feature picture "One Happy Family," starring Don DeFore and Marjorie Reynolds, will highlight the parade of entertainment to be staged for farmers and their families who attend the annual John Deere Day show as guests of Stansell - Collins Company on Friday, January 19, at Palace Theatre, 1:30 p. m.

"One Happy Family" tells the story of the Lynns, who compose a typical, happy, small-town household until they are awarded the title of "Family of the Year" in a contest conducted by a national magazine. The new title and the \$10,000 in prize money they win contrive to toss all the Lynns into a whirlpool of comedy and excitement, and Mr. DeFore and Miss Reynolds, as representatives of the magazine, go along for the swim. As entertainment, the picture rates a blue ribbon and will provide the guests with a rollicking time.

Five other new pictures are included in the fast-moving program, according

to Stansell - Collins Company. One of the films, "His Father's Choice" features the likable Tom Gordon, head of the memorable Gordon clan who taught valuable lessons trimmed with humor in previous John Deere pictures. Another of the films, "Oddities in Farming," offers something new and different in its presentation of unusual machines performing unusual farming operations. "What's New for 1951," will acquaint those in attendance with new John Deere implements, and is sure to prove of interest to every farmer and his family. "Mike on the Move" and "The All-America Team," the two movies that complete the program, deal with subjects close to the heart of every farmer.

Admission will be by ticket and farmers who have not yet received theirs may obtain them by calling in person at the Stansell - Collins store. Farmers are urged to get their tickets early. The show starts at 1:30 in the afternoon.

Built in Texas . . . and helping build Texas

Ford is the only Automobile Manufacturer Building Cars and Trucks in Texas

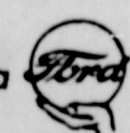

ALL THE FORDS made are not built in Detroit. There are plenty of them built right here in Texas—last year over 128 million dollars worth of cars, trucks, parts and products were made at Ford's Dallas Assembly Plant. What's more, 1,722 Texans put them together or followed through with their consent to dealers in the Dallas, Houston, Oklahoma City and New Orleans Sales Districts.

The folks who work in Ford's Dallas Assembly Plant and District Sales Offices earn over \$7,000,000 every year. They spend it mostly in Texas. Texas benefits from Ford in other ways, too. For example: during 1950 Ford bought over \$1,000,000's worth

of material and supplies from Texas merchants and manufacturers and paid over \$7,500,000 for incoming and outgoing transportation. Then, too, there is a total of over \$148,000 paid by Ford in local and State taxes.

Yes, Texas is building a lot of cars and trucks for Ford . . . and in the process Ford is helping to build Texas, too!

Longhorns win three Out of Three Games

The Lockney Longhorns took three straight in a 3-game series with Lockney, Tuesday night.

The "B" squad lost 35-10. The Lockney boys jumped to an early lead and were not threatened. Jack Hutchinson was high point man for the "Green and White."

The F. H. S. girls lost their second straight game to the more experienced Lockney girls. The girls have shown steady improvement during the last few weeks. Lockney named them 38-10. Peggy Parkey was high point scorer with six points.

The Longhorns got the jump and led 10 points at the half of the "A" game. Sid Thomas his 10 points for the first half and 4 the second to top high point honors for the night. This was the first conference game of the season. The score was 38-10.

This Dan H. really gets around. He was with Jeanie Hines Friday night and Kayte Collier Saturday night.

Speaking of Kayte, wasn't that Conner I saw her with Sunday night? What's the matter, she can't you decide whether you're going together or not?

Well, this is all for now. I'll see you next week.

stop COLD'S distresses IN MANY CASES the first day!

NANCY NUTTS

Dear Nancy,
Tell me about your cousin's wedding, last night.

Fern Patterson

Dear Fern,
Everything was fine until the preacher asked if the bride would obey. She said, "Do you think I'm crazy?" Then the groom, in sort of a daze, mumbled, "I do." Then things began to happen.

I was there, Nancy

Dear Nancy,
I got up at dawn to see the sun rise.

Gladys Parkey

Dear Gladys,
Well, you couldn't have picked a better time.

Love, Nancy

Dear Nancy,
Why does your father always sign your report card with an X?

Wonderingly, Adrian Helms

Dear Adrian,
He doesn't want the teacher to think anyone who could read and write would have such a dumb daughter.

Just me, Nancy

Dear Nancy,
I have bad news for you. Your boy friend will never work again!

Affectionately, Floy Jackson

Dear Floy,
What's news about that?

Dear Nancy,
I heard that the doctors told you to drink a cup of tea after a hot bath every night.

Dearest Dale,
There's one defect—after I drink the hot bath, I haven't any room for tea.

Ha, Ha, Nancy

Soph: Did you ever take cholera-form?

Frish: "No, who teaches it?"

"This pen leaks, said the convict as the rain came through the roof. Is that man rich?"

Is he! He's so rich he doesn't even know his son's in college.

An agitated young man ran frantically down the ferry slip, leaped across the strip of water, and landed with a crash on the deck of the boat.

"Well," he said, as he picked himself up. "I made it."

"What's your hurry?" asked a deckhand. "This boat's coming in."

I dread the prospect of vacation, I am not bored with education, I'd rather work right through the summer.

Than sit around, just getting dumber.

It's not because I'm such a scholar; But - going to school's the only way To see my dream boy every day!

A wedding ring is like a tourniquet. It stops your circulation.

Then there's the husband who didn't speak to his wife for three days. He was too polite to interrupt her.

Jack: I'm groping for words.

Jane: Well, you don't expect to find them around my neck, do you?

When your outgo exceeds your income your upkeep is your downfall.

First Roommate: "Have you got a picture of yourself?"

Second Roommate: "Yeah."

First Roommate: "Then let me use that mirror. I want to shave."

"Whoever told that guy he was a teacher? He just doesn't know how to teach the stuff. Everytime he tries to explain something he digresses so much that no one can understand what he's talking about. I think he ought to quit teaching and go back to the farm."

"Yeah. I flunked too."

CITY OF FLOYDADA

BY BOB SMITH, City Marshal

ODEN CHEVROLET COMPANY

PHONE 400 FLOYDADA, TEXAS 212 SOUTH MAIN ST.

South Plains News

(by Mrs. Murray Julian)

SOUTH PLAINS, January 15—Mr. and Mrs. Sim Reeves had their son, Raymond, home for the week-end. He is a student at Texas Tech.

Mrs. R. C. Guest and Mrs. John Smitherman shopped in Lubbock Thursday of last week.

At the time of this writing, we are so, so sorry to report that the condition of Bill Harper, of Carlsbad, is very critical. He suffered a heart attack on Saturday.

Nathan Mulder spent Friday night in Floydada with his grandmother, Mrs. Supple Mulder.

Rev. R. C. Guest and Mrs. Guest visited in the Arthur Brown home in Lockney Sunday and were dinner guests of the Browns.

Mr. and Mrs. Andrew Sanders visited Mr. and Mrs. Sanders and family at Elida, New Mexico, during the holidays, and returned home. Now they have returned to Elida for an indefinite stay.

The South Plains community club had a pie and box supper on Friday night, January 12, at the school house. Several families attended, and much merriment was shared by those attending. Dick Guest had a guest from Lubbock, Mr. Hill, who enjoyed his first "pie supper".

The ladies served coffee with the supper and after the boxes and pies were sold, the contents were all spread, and shared together. After supper the company adjourned to the auditorium where they entertained themselves singing the beautiful old songs led by Rev. Guest and J. K. West. Next Friday night, January 19, the club has planned a covered dish supper at the school house, at 7:30. Afterwards games of "42" will be played. Everyone come and enjoy these evenings with your neighbors.

Mr. and Mrs. Elmo Reeves went to Stamford to visit Mr. Reeves' parents two weeks ago. Connie and Hansel Sanders kept the home fires burning while Connie's parents were visiting her grandparents, Mr. and Mrs. G. W. Reeves.

Barbara Barnard of Barwise was a pleasant week-end guest of Mr. and Mrs. Wm. Staniforth, Jr.

Mr. and Mrs. Marvin Montague from Plainview were supper guests at the home of the George Weasts' Friday night, and they had an enjoyable evening of canasta.

Mr. and Mrs. Eulan Bradshaw and baby son left South Plains for Tucson, Arizona, last Sunday, January 7. Eulan will work at a defense plant out there, and they plan to be out there for the next five months, at least.

Tuesday night of last week, Mrs. S. A. Thornton gave a lovely birth-

day dinner for her husband, "Skeet". Those attending from South Plains were Mr. and Mrs. George Weast, and Mr. and Mrs. Harry Hartman. Several others enjoyed the delicious dinner, also.

Mrs. Rene Yeary gave a musical recital of some of her pupils at the home of Mr. and Mrs. Early Pritchett on Thursday night. Pupils who performed were Donnie Carol Young, Darlene Fortenberry, Louise Pritchett, Kendis Julian, Elmo Fortenberry, little Jacqueline Yeary, and Mrs. Snooks Lemons. The parents and families of the pupils were present, and several other neighbors who all joined together in singing the sacred hymns played by Mrs. Rene Yeary and Johnny Wilson. It was a very enjoyable evening, and at the close of the evening delicious refreshments were served by the hostess, Mrs. Pritchett.

Mrs. Davis' sister, Mrs. E. H. Witte and husband, E. H. Witte, Kaydean and Agatha, were all day visitors Sunday in the Jimmy Davis' home. The Wittes reside in plainview.

Mr. and Mrs. Doodle Milton and Barbara Sue arrived home from Shawmut, Alabama, Wednesday afternoon. We are glad to report that the older son of Mrs. Whiting there in Shawmut, was much improved when they left. There was a gas explosion last Wednesday which took the life of the Whiting baby boy, but their home did not burn as was first stated. Mrs. Grigsby Milton and Linnie will remain to visit in Shawmut for an indefinite time. Mrs. Whiting is Mrs. Milton's daughter.

Mr. and Mrs. Truman Bradshaw spent all day Sunday in Quitaque with Mr. Bradshaw's sister and husband, Mr. and Mrs. Ernest Morrison.

Mr. and Mrs. Johnny Wilson and children attended the funeral of Mrs. Upton in Plainview last Saturday, and it was such a severe cold day that little La Nita Sue took tonsillitis, and was out of school much of last week. She is much better now.

Mrs. B. E. Sewell and daughter, Mrs. Clay Cypert, spent Tuesday shopping in Amarillo. This past week they spent several days visiting another daughter, Mrs. Vera Armstrong, in Clovis, New Mexico. They returned home Sunday, driving through the beautiful snow which fell bountifully in Amarillo. They reported the farther south they got, the lighter the snow.

Mr. and Mrs. George Beedy went to Lubbock Tuesday to take their daughter, Mrs. Ralph McGuire and baby, little Martha. The doctor gave Martha her last shots for small pox.

Mr. and Mrs. Omer Cornett from Silvertown and Rev. and Mrs. Bailey

from Hale Center were Sunday dinner guests and Sunday visitors at the home of Mr. and Mrs. George Weast.

Mr. and Mrs. P. M. Smitherman left for Dallas Tuesday morning where Mrs. Smitherman is going to her doctor for a periodical check up. They arrived home Saturday afternoon.

Menard Field from Floydada was a luncheon guest at the home of his daughter, Mrs. Johnny Wilson, on Wednesday.

Mrs. Art Willis reports the birth of a new grandson, in Redondo Beach, California. Mr. and Mrs. Curtis Pearsey are the proud parents of a baby boy born December 31. It was almost a New Year baby.

Mr. and Mrs. Garnet Reeves were Sunday guests at the home of Mr. and Mrs. Sim Reeves. The Garnet Reeves' are from Lubbock.

Mr. and Mrs. Murray Julian spent Sunday afternoon with Mr. Julian's mother, Mrs. Sula Julian, in Lockney. Other visitors there were Mr. and Mrs. B. E. Sewell, Rev. C. A. Joiner and Mrs. Mabry. Mrs. Julian is convalescing from a serious illness.

Home Demonstration Club Meets
South Plains Home Demonstration club held its first meeting of the new year at Mrs. Horace Marble's, with Mrs. Gilbert Bean acting as co-hostess, on January 10.

The president, Mrs. E. P. Smitherman, presided over the meeting, and roll call was answered with "The news that has interested me most, in the past two weeks." Most of the answers were, "The war situation in Korea."

New year books were given out to each member and hostesses were planned for the coming year. The sunshine committee will be Mesdames Marble, Parks, Mulder and Guest. Many other committees were selected for the working part of our club. One new member, Mrs. Maureen Parks, is a welcome addition to our meetings. After the meeting, delicious refreshments were served to the following members:

Mesdames J. P. Smitherman, Wade Davenport, Sim Reeves, Rex Smitherman, Doodle Milton, Herman Thornton, E. P. Smitherman, Arby Mulder, Carl Daniels, L. T. Wood, H. L. Hartman, Walter Wood, Fred Fortenberry, Bryant Higginbotham, Hansel Sanders, Maureen Parks, Ernest Huckabee, George Beedy, J. K. West, Albert Stewart, Murray Julian, Leo Brown, Bill Beedy, Ralph McGuire, Arthur Brown, and the hostesses, Gilbert Bean and Horace Marble.

The next meeting of the club will be held at the home of Mrs. Wade Davenport, with Mrs. Herman Thornton acting as helper, on Jan-

uary 24, at 2:30.

Rev. C. A. Joiner ate Sunday dinner with E. E. Joiner and family and Rev. Earl Allen and family, in Floydada. He spent the afternoon visiting the J. B. Smitherman's, Sula Julian's, and R. E. L. Muncy, who is bedfast at the time being.

We wish to say thank you, friends and neighbors, who gave so unselfishly of your time and labor, to help us with our field work, and

many other acts of kindness which you showed us. Words can never express how much we appreciate your every effort and help which you gave us. It will never be forgotten.

Mamie Lou, Harry and children

The JayCees say: Protect your right to vote by paying your poll tax. Vote in every election during 1951.

Mr. and Mrs. Bill Cross spent the week-end in Floydada visiting Mrs. Cross's parents, Mr. and Mrs. J. B. Bishop.

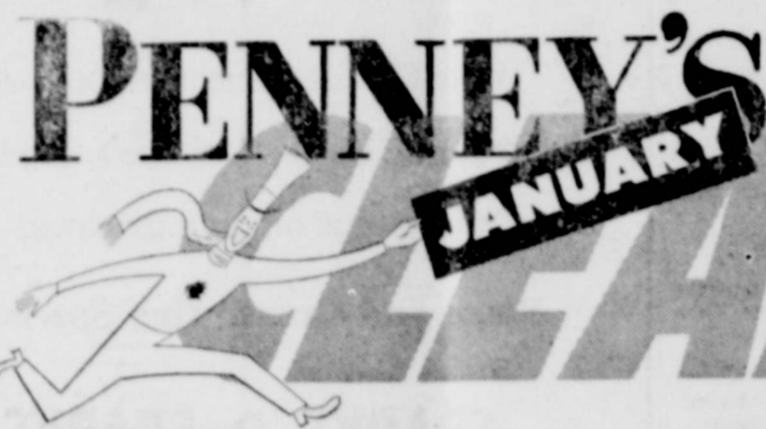

Mrs. Tom Davis and baby, Brenda, are spending a few days with Mr. Davis' mother in Abernathy.

Bruce Womack of Canyon spent the week-end with his parents, Mr. and Mrs. E. J. Womack.

Scouters View Summer Plans for Area Boys

Thirty-five scouts of Haynes district met at the Commercial Hotel Thursday, January 11th, Earl Tinnin, district chairman, of Ralls presided at the dinner meeting. Paul Marion, cub master of Spur,

gave the invocation after which the Commercial Hotel Coffee shop served the dinner. James F. Potts, district scout commissioner, introduced the men present and told where they were from. Tinnin introduced J. M. Willson, sr., council vice-president, who presented W. B. Henry, council board member, the Scouters award in recognition of his services to boyhood of Haynes district in the capacity of cub scout commissioner. John Thomas, district finance chairman, of Ralls, gave a report on the financial situation of this district. Jimmy Willson, council finance chairman of Floydada reported on the recent meeting of the South Plains council which was held January 8 in Lubbock. Marvin Standefer, of Floydada,

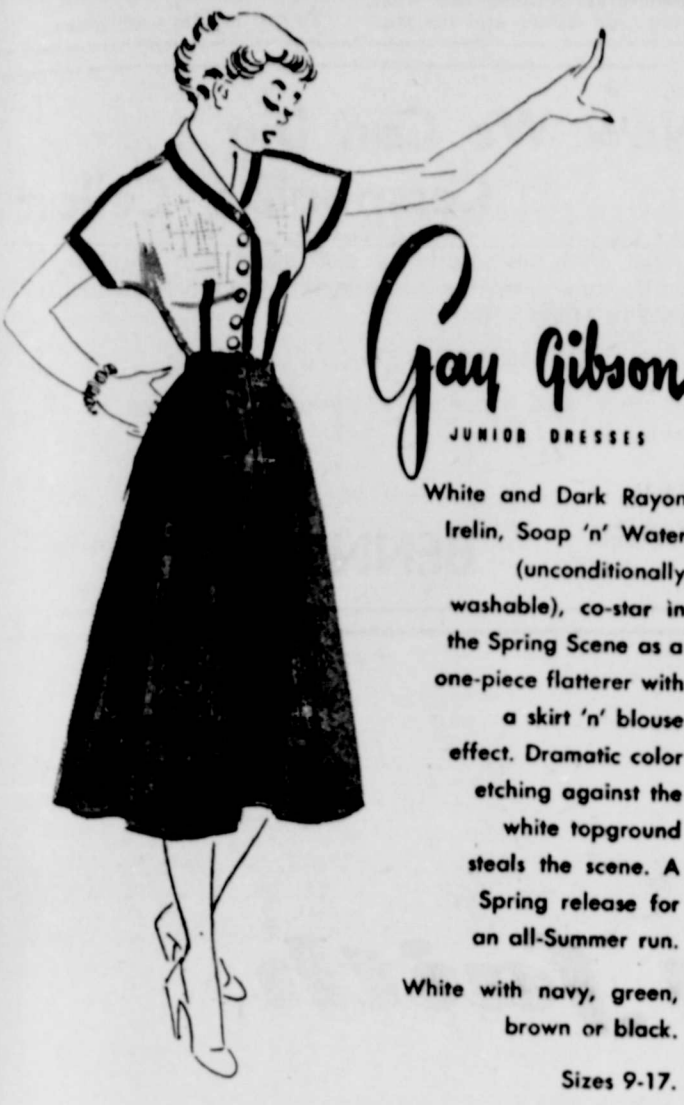

chairman of the district advancement committee, presented ideas which might be used by scout, cubs and explorer units of the district in connection with Boy Scout week in February. He reported that on the night of February 8 at 8:15 all Scouts will repeat the Scout oath and law in rededication of themselves to the scouting program. This, he explained, is to be held nationwide on this date and at this hour. **Council's Summer Plans** James Potts gave a brief outline of the council's summer plans for Cub Scouts and Explorers. They are as follows: "Operation Brazos" will be a week encampment on the Brazos river from June 3rd to the 9th for all explorers. The annual "Cub and Dad camp" will be held at Camp Post, Post, Texas, on the week-ends of June 2-3; June 9-10; June 16-17; and June 23-24. Summer Scout camp at Camp Post will be the weeks from June 3 through June 23. The council has reserved places for seventy explorers and seven leaders for summer camping and hiking at the Philmont Scout ranch in New Mexico for the dates of June 11 to 23; July 15 to 28 and July 18 to 28. Potts urged that those leaders who had explorers who would like to make one of these trips to Philmont to make reservations early and to help the boys in all ways to prepare themselves for a grand experience of rugged scouting. Potts also reported that there would be trips and events at Philmont for the leaders of this council. The first one is to be a trip to the famous Scout ranch from May 19 to 23. He stated that reservations should be made early for this trip as the number of those who would be accepted was limited to 20 leaders. Chairman Tinnin reminded units throughout this district that time for re-registration was coming near and that these applications should be in the council office very soon. The Cub leaders under Marvin Standefer and the Scout leaders under James Potts, held a short round table after the district meeting. These round table courses are held on the second Thursday of each month, but due to the activities of Boy Scout week in February it was decided to have the next meeting on February 15 at Ralls. The next district meeting will be held March 8 in Crosbyton. Men attending the meeting and towns represented are as follows: Silverton, Ralph Glover, Roy Morris, K. N. Tiffin; Floydada, J. A. Hutchinson, Marvin Standefer, Jim Potts, Jim Willson, John Reue, Guy Roy, Elwin Garrett, George Mize, Orval Newberry, Jack Henry, Jim Willson, sr., Guy Ginn, A. H. Rainer; Robertson, W. O. Rucker, D. J. Reeves; Spur, Paul Marion, Ramon Higginbotham, Dean Duffie, Forest Erwin; Lockney, Morton Crapster; Crosbyton, Alvin Ogle, Kelter Garrison, Jimmy Flemmons, Herry Edwards, Loyd Hamilton; Lorenzo, R. W. Campbell, L. M. Laird, W. O. Cherry, C. O. Lackey, O. H. Kemp; Ralls, John Thomas, Earl Tinnin.

HARMONY DEMONSTRATION CLUB HAS FIRST MEETING OF THE 1951 CLUB YEAR The Harmony Home Demonstration club met in their club room with Mrs. Everett Miller as hostess, for their first meeting of the new year on January 11. Roll Call was answered with "My most useful machine attachment." Mrs. C. A. Williams, the new president, was in charge of the meeting. Reports from the new committees were heard and plans for the new club year were discussed. Mrs. Zant Scott was named landscape demonstrator and Mrs. J. B. Holmes was named clothing demonstrator. Mrs. Charles B. Smith gave a demonstration on good sewing equipment. Miss Leila Petty gave a very interesting discussion on selecting color for the individual, entitled "Color for You." Refreshments were served by the hostesses to the following members: Mesdames E. W. Turner, Walter S. Hanna, Bill Tucker, Don Pinkner, Glenn Poole, J. R. Holmes, Roy Hale, Williams, Shultz, C. A. Williams, Bob Hopper, and Ronnie; and Mmes. Ted Rutherford, C. B. Smith, C. B. Trowbridge, M. D. Ramsey, Zant Scott, G. L. Snodgrass, W. C. Snodgrass, R. B. Gary, Sam Hale, Sherwood Ramsey, and Miss Petty. The next meeting of the club will be at 2 p. m. on January 25, with Mrs. Walter S. Hanna as hostess.

I wish to thank each and every one for the help that was given to me through Mrs. Chris Moren and Mrs. Robert Covington. Sincerely, Jess Taylor.

Mrs. Paul Looney is in Anna, Texas, visiting her mother and other relatives. There's only one certain thing about using Want Ads—RESULTS.

ENGINE PERFORMANCE always AT ITS PEAK!

... with the new Ford Tractor and **PROOF-METER**

The Proof-Meter—available only on the new Ford Tractor—shows engine speed at a glance, in revolutions-per-minute. This information, never before available except on specially-equipped tractors, can mean money in the bank for you! It enables you to get top performance from your tractor engine always . . . on any job.

One good example is draftwork. Ford Tractor delivers peak pulling performance and best fuel economy at an engine speed of 1750 R.P.M. . . . so that's what you want. To get it you simply open the throttle until the indicator on your Proof-Meter shows an engine speed of 1750 R.P.M. Nothing easier, thanks to the Proof-Meter.

Proof-Meter helps you to get best results on belt pulley and P.T.O. jobs too, just as easily. It has many more advantages . . .

8 instruments in ONE! In addition to Engine Speed, the Proof-Meter shows you Tractor Travel Speed, P.T.O. Speed, Belt Pulley Speed, and indicates Hours Worked. Nothing else like it.

Only the Ford Tractor has the Proof-Meter!

ASK FOR YOURSELF! Let us show you the dozens of ways in which the versatile Ford Tractor and Dearborn Farm Equipment can help you cut costs, get better results, and help make more money for you!

The story of a faith that paid off

YOU KNOW IT'S TRUE BECAUSE IT'S HAPPENED TO YOU AND YOUR FRIENDS AND NEIGHBORS

PROBABLY YOU'VE never thought of yourself as a maker of history. But you are. And here is how you, as a citizen of the United States, are creating the greatest success in all history.

Remember back in 1941 when the Defense Bonds you were buying suddenly had to become War Bonds? How you and your neighbors pitched in to buy them in ever-increasing numbers, to back our fighting men and to help achieve the victory of World War II? After V-J Day, when those bonds became Savings Bonds, you continued to buy them: because you had learned how regular saving could build security and contentment for yourself and those you love.

The face of the land has undergone some dramatic changes in those years since V-J Day. Now the landscape is dotted with new homes that Savings Bonds built. Thousands upon thousands of new automobiles travel the highways—Savings Bonds cars, bought with the product of individual thrift. On the farms, Bond-purchased equip-

ment has helped produce bumper crops and prosperous years. Everywhere in America, man's urge to get into business for himself has become a bright reality. So has the ambition of loving parents to send their children through college. Time and time again, Savings Bonds have made those dreams and many others come true.

You KNOW they've come true, because it's happened to you or to some of your own friends.

And this is only the beginning of the story. Even after accomplishing so much, millions of American families still enjoy the financial security of owning more than fifty billion dollars—fifty thousand million dollars in Savings Bonds. More than at the peak of war-time Bond holdings!

How much money is that? It's enough to build a new \$10,000 mortgage-free home for every family in San Francisco—and Sacramento—and Salt Lake City—and Denver—and Kansas City—and St. Louis—and Indianapolis—and Cincinnati—and Pittsburgh—and New York City—and the whole state of Texas!

And every week, everywhere in America, new millions of dollars are added to the total—as crisp new Savings Bonds are typed up with your name on them.

Kind of a king-size success story, isn't it? Your success story because you and the millions of your neighbors are living it right now. Your own faith in America—your own desire for the warmth of family security and independence—have made the story of United States Savings Bonds the thrift miracle of all time.

For your security, and your country's too, save now - through regular purchase of U.S. Savings Bonds
