SCHOOL LOSES SHOP BUILDING EQUIPMENT IN \$15,000 BLAZE

The second time in three months a Monday noon fire struck a school building at Floydada. On Monday, February 21, fire destroyed the shop building after a water heater exploded, causing damage upward to \$15,000. This time, acetylene and other flames completely destroyed the building and its equipment in about thirty minutes time at a cost of some \$15,000.

The board of Education and Superintendent of the Floydada Public Schools desire to use this means to extend our sincere appreciation for the valuable service that was rendered to our school by the fire department. We realize that both of the fires (in November and in February) on our school campus would have burned up the industrial arts building, the cafeteria and band building, and the equipment and other contents of these if it had not been for an efficient fire department. It is a sacrifice to lose our athletic club house and auto mechanics building, but if the other buildings named had also been destroyed, the loss would have been very much greater, and to have lost our high school building would have been disastrous.

Oil Test Staked at Cedar Location

At last Floyd county is to have another test for oil. This time it is another in the Cedar Hill area, about three miles from the test made in 1949 on the Meriwether tract. Location is on the J. S. Lackey land, a mile north and a half mile west of Cedar Hill. The designation of the location is 330 feet from the south line and 930 feet from the east line of Section 11, Block D-2, GC & SF Ry. Co. survey. The reason for the variance of several yards from the usual spacing at 990 feet from the east line is said to be to get out of the high water orbit of a surface lake. The location stake was driven Tuesday afternoon. Houston Oil company will drill the well on some kind of an arrangement, not known here, with Concho Petroleum company, record owners of the lease. The spread is said to cover about 10 sections of land. Yesterday noon N. D. Bartlett, who last week forecast the test would be made, said it was his understanding the drill would go to the Ellenberger sand, which in that area would be about 6,500 feet. Bartlett is oil editor of the Amarillo Daily News. His information is that the well is to be spudded by March 1. Much land at Cedar was under lease for a number of years to Humble Oil company, which dropped leases in most of the county in 1948. The block was leased up by C. A. Wiggins in March of 1950 and assigned to Concho Petroleum company. Bartlett, the Amarillo newspaperman, hazarded the guess that Houston Oil company is operating on an over-riding or per centage arrangement with Concho. For several months lease and royalty transactions have shown quite a bit of activity in that area. Most of the land is now under lease and a considerable royalty play has been going on with increasing prices. Royalty that sold eight months ago at \$30 to \$35 is now quoted at \$110 to \$125. A \$110 offer was reportedly made last week and turned down by the landowner.

Contributions to Polio Fund Still Accepted

With final figures on the polio campaign still undetermined as late as yesterday, total collections in the county actually counted had mounted to \$3,505. Several communities are still incomplete as to final reports so that the final figure may reach about \$4,000. The terrific weather that hit in the last week of the scheduled drive threw many canvassers off balance, and the state campaign headquarters authorized continuation of the drive. In connection with the continuation of the campaign Edward Wester, captain of the Floydada campaign forces, said in a statement this week: "If you haven't made your donation, please do so today, by sending your check to the First National bank of Floydada, or depositing your donation with C. H. Wise there. If you are in town after banking hours, Walter Collins, Jake Watson or Edd Wester will receive your contribution. We have received several calls from residents who said their porch lights were on on Mothers Dimes drive night and that they were not called upon. We are indeed sorry this happened. It is one of those things that is impossible to explain. We are grateful for those 368 lights that greeted those mothers to warm their hearts—an average of \$2.38 per call." A total of \$1,065 had been reported from the Lockney "half" of the county Tuesday afternoon. These figures included \$50 from the Mothers March there, and \$415 collections. Several other communities had incomplete reports there. Floydada donations this week showed a total of \$2,440, made up of \$930.87 from the mother's campaign, 1,014.02 in special gifts and \$495.77 from incomplete returns from other communities.

M. W. Nettles Rites Are Held at Tahoka

M. W. Nettles, 56, of near Tahoka, passed away in the Tahoka hospital on January 31, after suffering a heart attack on Friday, January 26. The funeral services for Mr. Nettles was held in the Methodist church in Tahoka on February 2, with burial in the Tahoka cemetery. Mr. Nettles and family formerly lived in Floyd county, moving to Lynn county in 1923, where the family have resided since. Survivors of Mr. Nettles are his widow and two sons, Harold and Ronnie, and three daughters, Mesdames Jay Pendegross of Lamesa, Aren Pendegross of Lubbock and Clifton Ashcraft of New Home. Attending the funeral from Floydada were T. J. Campbell, an uncle of the deceased, Maurice Campbell and Walter Baxter and Mr. and Mrs. A. C. Rainer, a sister-in-law of the deceased and son Don.

Rings Attend Rites of Mrs. Barbee at Quanah Thursday

Mr. and Mrs. Claud Ring and family attended the funeral of her mother, Mrs. Martha Barbee, 78, a Hardeman county resident for 47 years, at Quanah, on Thursday, January 25. The funeral was held from the First Methodist church, with the pastor, Rev. Wayne Cook, and Rev. M. J. Lee, pastor of the First Baptist church, Quanah, officiating, with burial in the Quanah cemetery. Mrs. Barbee died on January 24 in the Memorial hospital of a cerebral hemorrhage. She was born in Hill county, and was married to the late J. C. Barbee on October 26, 1899. She had made her home in Hardeman county since 1908. Mr. Barbee died in 1922. Mrs. Barbee is survived by seven daughters; Mesdames Claud Ring, Floydada, Budie Barnett, Carlton, Ava Foster, Lota Brandon, Ottis Brandon, Alma Driver, and Winifred Poltz, all of Quanah, and two sons, Edward Barbee of Lubbock and W. M. Barbee of Quanah. One brother, John Pool of Fort Worth and 20 grandchildren, and 13 great-grandchildren, also survive Mrs. Barbee.

Open House Sunday

Mr. and Mrs. Hubert E. Frizzell, of Lone Star, are this week completing their new home and moving in. Yesterday Mr. Frizzell said they will hold open house Sunday afternoon from 1:30 to 5:30 and invite all their friends to join with them in celebrating the event. The new home, of brick construction, has approximately 1,700 feet of living space, with textone interior finishes. It is a quite attractive home. The Frizzells live 7 1/2 miles north of Lockney on the west side of the Lone Star paved road.

Twin Calves Jersey Heifer Whiteface Bull

His twin calves again at the Leon Landers farm near Fairview, a bull and a heifer this time, unusual enough to record, born Monday. But Mr. Landers says there is a joker, which he will let somebody else explain—one of the calves is definitely a Jersey, and other definitely a whiteface. He suspects strongly that the calves are only half brother and sister. He never heard of such a thing before. The heifer is the Jersey, the bull is the whiteface. Landers knows the cow was bred to a whiteface bull.

Brand Work Not To be Affected by Defense Orders, is Belief

There are few presently-indicated critical materials that are likely to be used in Floyd county road construction this year and it does not appear likely that the road improvements in the Lockney-Pleasant Valley, Sand Hill, Barwise project this spring will be adversely affected by the restriction orders of the federal agencies in connection with defense preparations. This is the belief of Resident Engineer James P. Potts, of the State Highway department. It seems definite, Mr. Potts thinks, that this contract will be in the March letting.

Brand Cattle, Sheriff Warns Livestock Men

Brand your cattle and ear mark them is the warning of Sheriff Leland A. Hart to Floyd county livestock owners. He foresees continued forays of rustlers into the small herds of the county. The generally discontinued practice of small herd owners of branding and marking their cattle and leaving them in open pastures is a big temptation to the cattle thief, who now has a quick way of stealing and transporting high-priced animals to market. Parrish loses two head. The sheriff's office now has two cattle theft problems to solve, which have occurred in less than 10 days. At least one of these could have been the work of a bold rustler with experience in roping and loading on the range. Of the two cases the last occurred Saturday night on the Efford Parrish place south of Floydada on the Crosby county line. Two roan heifers, about 1000 pounds each, were taken. The signs indicate a pick-up was used, and that the rustler knew how to tie a good knot in a lariat. The vehicle used moved north on the Floydada highway from the pasture, the sheriff says. The cattle had cropped right ears and a slit in the left. R. E. Young, near South Plains, lost a brown Jersey heifer to rustlers on the night of January 30. An old model car and trailer were used on that night of cold and blow. She weighed about 1,000 pounds and was branded a drag Y on the left shoulder. Ear mark was swallow fork in the left ear. How soon officers will be able to unravel the two cases is a question of course. Hart said they haven't been able to apprehend thieves yet who stole some Floyd county sheep last fall. With cattle at present high levels and means of getting them to a distant market quickly, the temptation of easy money is enough to make a good precaution for a man with live stock to start marking and branding again. Otherwise, Hart predicts, the number of thieves who get away with it will increase.

This is the belief of Resident Engineer James P. Potts, of the State Highway department. It seems definite, Mr. Potts thinks, that this contract will be in the March letting.

Brand Work Not To be Affected by Defense Orders, is Belief

There are few presently-indicated critical materials that are likely to be used in Floyd county road construction this year and it does not appear likely that the road improvements in the Lockney-Pleasant Valley, Sand Hill, Barwise project this spring will be adversely affected by the restriction orders of the federal agencies in connection with defense preparations. This is the belief of Resident Engineer James P. Potts, of the State Highway department. It seems definite, Mr. Potts thinks, that this contract will be in the March letting.

Genius always finds a way to express itself, sometimes against great odds, as has been recorded through the ages. But when genius gets a boost from good fortune then it's light shines even more brightly. That genius and good fortune got together when Gene Howe, the Atchison, Kansas, newspaperman hit Amarillo there is no doubt in any contemporary southwestern newspaper man's mind. Howe is the thoroughbred in a stable full of gentle colts, clops. The big oil boom that carried Amarillo along and made making money in the newspaper business there an easy task, hit within a week after he consolidated his newspaper affairs there. The rest is a story that has been celebrated in a wonderful new newspaper plant the past four days at the News-Globe Publishing company. Flattery comes easy when genius has proven itself. Success stories are easily written afterwards. But it is no idle statement that Howe possesses that unusual combination of newspaper genius and business acumen and that he has made many of the breaks which have come the way of his newspaper. The good judgment which he has used in his study of the psychology of the masses he has also possessed in large measure in choosing the men who surround him in newspaper making. Enviously but not jealously the area newspaper makers big and little, join in the rejoicing with him and his co-workers.

While the pool of manpower is being drained out of the small cities and thinly populated counties the build up is being arranged in the same old way as to "defense centers." If you have any work you must have done or want done by an artisan, particularly a man who can build, get it done quickly. In a few weeks the contractors at such points as Amarillo are going to be offering inducements far and away better than are customary in the area and the builder neighbor you intended to employ will be living in a trailer-house or such up there, drawing more pay for less work. If history repeats itself he may be hidden out by his government-contract employer away back in the "defense area" doing worse than nothing. Also, adding to your unhappiness you may well expect to learn of (or even watch) enough good lumber being hauled out and burned to build a good town. These things did happen last time. Country newspapers, such as The Hesperian, are giving the military and the congress notice that they are not going to take this kind of thing complacently again. Our people may have to take it but they are not going to make out like they like it.

Now is the height of the season for pruning, watering and fertilizing many of the shrubs and trees used in landscaping the farmstead.

Prior to World War I Great Britain, France and Russia comprised the Triple Entente.

Recall the long lists of young men who are coming up twice-monthly for pre-induction physical examinations and look at the current one, which is taking a big slice out of the available manpower in such communities as Floyd. Already the adjutant general of the state is giving it out that local boards are not handling their pools in the right manner or they would not be running out of men for the armed forces. The adjutant is trying to clamp down a "no talk" policy on the board officials. Surely the boards must not have been named with political implications and surely the state's war making machine thought well enough of the appointees on the boards or others would have been named. We like the idea of airing it all out at the local level. There are more chances of grand slam errors in Austin than there are out where the picking and choosing must be done under the gimlet eyes of the families whose sons must give up their ways of life and go out to battle.

If some good mass psychologist could figure out a way to get a genuine "peace scare" trickling down the grapevine, you would see many of the "scarce items" disgorge from the public warehouse over the nation, the "tightness" would disappear over-night. There would be a rush to get out from under automobiles, newsprint, refrigerators, television sets and many, many other things that now bulge the walls of the warehouses. People, and it's human nature national peril or not, are holding on to such things in the hope of a profit as the war scarcity takes firmer grip on the nation's vital supplies.

Typewriter ribbon spools may soon be among the other things that are difficult to obtain. Hence typewriter users are being asked to save their metal ribbon spools against the possibility that the allocation of raw materials may take these out of the market. Possibly shortage of spools may not develop — possibly, also, it may. There is no doubt that suppliers are going to have some kind of an order based on kinship to defense work and that priorities will be invoked in industry. Do not throw away your metal ribbon spools. They may never be needed but on the other hand one big manufacturer gives this hint: "While we hope there will be no critical shortage this is the only way we can give you any assurance of a continued supply of ribbons wound on the proper type of spools."

Gratifying is the report that many taxpayers of Floyd county in the last few days before the deadline became aware of the fact they were about to become disfranchised for the year for failure to pay poll taxes, and made a hurry up business for the collector's office, paying their poll taxes. Counting overs and unders the county's voting strength will be approximately 3,000 in this off election year.

The More He BREAKS The More He MAKES

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.*

Our highways should be SAFE for ALL the people — individuals, commercial users and the military alike.

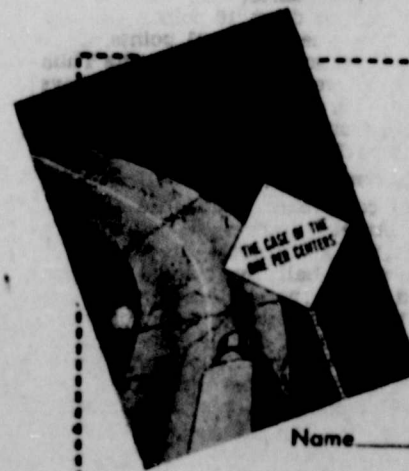

Texas highway tax dollars should be conserved and used wisely. This can be done

- (1) by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and
- (2) by enforcing the law against those who persist in overloading.

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways adequate for 99% of Texas users — individual and commercial — can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.*

This is your problem. Send for your copy of the booklet, "THE CASE OF THE ONE PER CENTERS," which tells you, among other things, why

Why the Huge Production Asked of Cotton Men Told by Gibson

(By Robt. H. Gibson, county agent of Floyd county)

The Secretary of Agriculture has indicated that a production of 16 million bales of cotton is needed to take care of increased domestic and export demands and to maintain minimum reserves.

Cotton acreage allotments have been removed in order to try to produce this 16 million bales of cotton.

Many people are asking why has the cotton situation got in this position. The following explanation is an attempt to show the cotton situation as it has actually occurred.

The 1948 carry over of cotton on August 8, 1949 was 5,219,000 bales. The 1949 production was 15,900,000 bales, plus 244,000 bales imported.

Remember the Style Show to be held February 20 at the high school auditorium sponsored by the 1950 Study Club.

making a total of 21,363,000 bales supply for 1950 indicating a carry over of 15,900,000 bales on August 1, 1950.

Controls are Put On
In October, 1949, when cotton acreage controls were deemed necessary it was estimated that the 1950 production would be 11,734,000 bales, plus 200,000 bales imported.

These estimations and the 8,159,000 carry over would make an estimated supply of 20,093,000 bales for 1950-51.

This estimation of carry over and production brought about cotton acreage controls for the crop year of 1950, which according to normal consumption of cotton was the proper thing to do. Cotton consumption from August 1, 1949 to August 1, 1950, was not normal. The domestic mills consumed 8,851,000 bales which was 14 percent more than the 1949 season and 28 percent more than the 1935-1939 average. Exports in the 1949-50 season ended July 31, 1950, were 25 percent larger than the number of bales exported in the 1948-49 season.

To further complicate the situation the 1950 cotton production was 9,637,000 bales, which was 2,100,000 bales less than anticipated.

Sixteen Bales Are Needed
To sum up the situation as of October, 1950, there was available 16,579,000 bales of cotton on hand for consumption in 1950-51. Domestic use and exports are estimated to use 14,460,000 bales leaving carry-over for 2,119,000 bales in 1951. The normal supply of cotton that should be in hand in October is 18,738,000 bales. To get

this supply we need to produce 16,679,000 bales of cotton in 1951. In 1949 we produced 15,900,000.

The 1950-51 supply is low because of several factors. These are:

(1) a 33 percent reduction in 1950 acreage harvested from 1949; (2) an average of 27 pounds less yield per acre; (3) high domestic consumption of cotton; (4) and increased exports.

The 1951 cotton crop will have a support price in the form of a loan which will be 90% of parity as of July 15, 1951.

Under the present low, acreage planted to cotton in 1951 would be considered as a part of the base acreage in establishing future cotton acreage allotments.

At our office we have a bulletin for free distribution that explains why the cotton situation is in its present state, and other valuable information about 1951 cotton crop.

Lakeview News

(By Mrs. E. H. Tooley)

LAKEVIEW, February 6—There was a pair of ladies' black kid gloves size about 7 1/2 or 8 left in the auditorium here the night of our Christmas program. Call 660-J-1 or see one of the teachers at the school building.

We were indeed happy about the fine singing and fellowship enjoyed by a good number of people at the church here Sunday afternoon. We're very grateful to the visitors from Floydada, Dougherty and elsewhere who so ably helped us out. Everyone is cordially invited to attend these singings every first Sunday.

Rev. Hoyt Ellis of Plainview filled the pulpit here Sunday morning and evening. We were happy to see several people present who had been absent for some time, also several visitors, including Bill and Mary Lou Polasek of Lorenzo, Mr. and

Mrs. Fay Hart and son and Mr. and Mrs. John Hopper of near Floydada and Mrs. Hoyt Ellis and daughter who were in attendance Sunday night.

Rev. Smith of Plainview promised to attend prayer meeting here Wednesday night and will preach for us next Sunday. You have a hearty invitation to come and be in all our worship services.

Mr. and Mrs. R. W. Lotspeich of Floydada visited in the home of their daughter, Mrs. Hatley and family Sunday.

Mrs. Charles Wright entertained Saturday afternoon in celebration of the fifth birthday of her daughter, Mary Elizabeth. The children played games of their own choice and enjoyed the occasion. Refreshments were served to the following: Judy and Jeanie Appling, Linda and Sandie Thurston, Joe and Tom Taylor, Patricia and Donald Neff, Karen and Sharon Watson, Betty Lou and Leon Wright, Sandra Charlene and Coleta Sue Wright, Mmes. Wayne Appling, Mildred Watson, Verlon Wright, the hostess and honoree.

Mr. and Mrs. Charlie Wright and daughters visited in the D. E. Smith home in Crosbyton Sunday.

Mr. and Mrs. Virgil Spence and Miss Yvonne Spence of T. S. C. W. Denton, visited in Crosbyton over the week-end.

Rev. Hoyt Ellis was a dinner guest in the home of Mr. and Mrs. E. H. Tooley and Anita, Sunday. Other guests in the Tooley home Sunday were Mr. and Mrs. J. B. Allen of Lockney and Mr. and Mrs. Fowler Estep and Billy Joe.

Mrs. Lovell Jones and her mother, Mrs. T. F. Anderson of Floydada, visited Mrs. Roy Pawver Sunday.

Mr. and Mrs. James Jones and son of Panhandle visited in the Fred Jones home during the week-end. The two families visited relatives near Plainview Sunday.

Mr. and Mrs. Wayne Russell and Wandell visited Mrs. Russell's parents, Rev. and Mrs. Berry Watson of Matador, and Mr. and Mrs. H. C. Holcomb of Roaring Springs Sunday after attending church services here.

visited in the J. E. Green home Monday evening.

Mrs. K. J. Matthews of Phillips who spent the week with the Greens and with the W. A. Lattas of Mt. Blanco returned home Saturday with the Massingills.

Mr. and Mrs. Chl McClure visited Sunday afternoon in the W. L. Hartline home.

Dub and Jimmy Hartline were Sunday dinner guests of Jimmy Dunn.

Mr. and Mrs. Floyd Montgomery of Bovina spent Sunday night and Monday with the Frank Dunns.

W. M. S. met Monday afternoon with Mrs. R. C. Ross. Six women were present.

Remember next Friday night is regular time for the get together at the schoolhouse, February 8. And the Home Demonstration

club meets Friday afternoon with Mrs. T. R. Nolan as hostess.

We are sad to hear of the passing of another former resident of Center community, Mrs. J. L. King of Floydada. Old timers remember when the Kings lived on the Miller place and of their contributions to the up building of the community through church and school and other activities. Our sympathy we extend to the bereaved.

Mrs. L. H. Lewis who has been very ill for the past few weeks, was reported Tuesday by her daughter, Mrs. Minnie Smartt, as not so well. Mrs. Lewis is suffering from a heart ailment.

Mrs. Walter Ford and Mrs. Vance Gilbreath of Matador visited Mrs. Bob Smith Saturday.

C. E. Fyffe spent last week-end in Kansas City, Missouri, where he attended a meeting of southwestern dealers for Oldsmobiles.

"Rocky Mountain blizzards couldn't stop me!"

says JACK W. SEEFELD
3030 Vrain St. Denver 12, Colorado

"The two winters I tested new Conoco Super Motor Oil—as one of a group picked to prove its winter wear-fighting ability—we had the worst weather in years. Blizzards came in on top of blizzards. The temperature went to the bottom and stayed there. "BUT MY CAR ACTED LIKE IT THOUGHT IT WAS JULY! With new Conoco Super that car performed better than it ever had. At the end of the test, with proper drains and regular care, gasoline mileage was practically as good as at the beginning." After a total of 385,422 miles, logged by Mr. Seefeld and other winter test drivers, Conoco engineers found no wear of any consequence! Analysis of drains showed this great oil actually stopped the dangerous accumulation of free water and acids, chief causes of winter wear. This test proved that new Conoco Super Motor Oil, with OIL-PLATING, fights off rust, corrosion and sludge. So, change to Conoco Super, now.

**MORE
and
BETTER
COTTON**

SORE SHIN or "Damping-Off" of cotton can be controlled

Sore shin or "Damping-off" is a touchy subject with many a cotton grower. It is hard to understand why your small seedlings should partly or completely die soon after they have come up. And it seems strange that this should happen in what ought to be your better soils—the heavy soils and those rich in organic content.

Because it happens most often in cool, damp weather, you may blame the bad weather when sore shin attacks your seedlings. Actually this is caused by fungi or bacteria that live in your soil, or in or on your seed. Cold and moisture cause these fungi to thrive at your expense.

A change to warm, sunny weather sometimes stops an

attack of sore shin. It's much better, however, to prevent this disease before you plant your crop. Treatment of cotton seed with an organic mercury disinfectant has been proved to stop most losses from sore shin as well as losses from seed rot. This treatment kills the disease fungi on and in the seeds and protects both seeds and seedlings as they come up.

You can treat your seeds yourself, or have the job done for you. In either case the chemical costs less than 10¢ per acre, which is about one-fiftieth the cost of replanting. The County Agent can tell you more about the value of seed treatment and where you can get treated cotton or your own cotton treated for you.

Goodson and family accompanied the body to Jacksboro for the burial.

Mrs. Goodson was born August 30, 1864, near Dallas Texas, the daughter of early pioneers of that county, T. J. and Martha Jane Dunlap. Nannie Dunlap was married to B. F. Goodson, September 10, 1879 at Cleburne Texas. Mr. Goodson died January 7, 1922.

Three sons, Richmond of Corpus Christi, J. B. of Jacksboro, and T. J. of Weatherford, and five daughters, Mesdames Roy Wood Floydada, Henry Jonas, Pampa, John Luttrell, Tampa, Florida, Elmo of Clute, Texas, survive their mother; and three brothers, T. J. Dunlap, Plainview, Stanley Dunlap of Jacksboro and Will Dunlap, Breckenridge and a half sister, Mrs. Sam Barker, Pueblo, Colorado, also survive.

Mrs. Goodson also leaves, 54 grand children, 73 great grandchildren and four great great grandchildren.

MARCH 4 DEDICATION DAY

Lockney.— Sunday March 4 has been set as the day the First Baptist church will be dedicated. This is almost one year exactly from the time the congregation moved into the new building. The building was used for the first time on March 5, 1950.

HOME DAMAGED BY FIRE

Lockney Feb. 1.— The home of Mr. and Mrs. Jack Taylor, just a mile north of Lockney on the Lone Star farm-to-market road, was badly damaged by fire Saturday night between 8 and 9 o'clock. Cause of the fire was unknown, but it is believed to have started in a back closet.

Mrs. Hope Hammond spent the past weekend with her nephew and his wife, Mr. and Mrs. E. L. Owens at Littlefield.

HERE is good news for folks with a shrewd eye for what their dollars will buy.

Here is a tidy traveler that defies the upward trend of costs—proudly wears a 1951 price tag like that which zoomed last year's SPECIAL into popularity so great that it put a crimp in "the low-priced three."

Take our word for it, this is every inch and ounce a Buick—Buick-featured, Buick-designed, Buick-built from the ground up—but literally the newest thing on wheels.

The sturdy and ample body is new. The high-strength frame is new. The power is new to the SPECIAL, which now has the

Mary Plumlee Bride of Johnny Hinds in Saturday Ceremony

PLAINVIEW—Miss Mary Plumlee, daughter of Mr. and Mrs. W. C. Plumlee of Floydada, became the bride of Johnny Hinds, son of Mr. and Mrs. Doc Hinds, Plainview, in an informal ceremony performed yesterday morning at 10 o'clock in the parlor of the First Methodist Church. The pastor, Rev. W. E. Peterson, read the double ring ceremony as the couple stood before the altar decorated with baskets of white gladioli and white stock.

Nuptial music played by Mrs. Charles H. Dean, organist, included "Ave Maria" by Schubert, "Bridal Chorus" by Wagner and "Traumerl" by Schumann.

Miss Faye McMinn of Silverton attended the bride as maid of honor. She wore a gold suit with navy accessories and carried a bouquet of blue iris.

C. B. Cline, Plainview, attended the groom as best man.

The bride wore a navy suit trimmed in white, navy shoes and hat and carried a bouquet of stephanotis and gardenias.

Mrs. Plumlee wore a gray suit and Mrs. Hinds an Aqua suit. Both wore corsages of pink carnations.

Guests were present from Floydada, Silverton, Amarillo and Lockney.

Following a wedding trip to New Mexico the couple will be at home at 301 East Third Street, Plainview.

The bride is a graduate of Floydada High school, attended Lippert's Business college and is employed as bookkeeper at Meinecke Bros.

The groom graduated from the Plainview High school, was in the army two years and at the present time he is with the Plainview Safety Lane.

Seated Tea Compliment to Miss Jean Battey At the Parkey Home

Mrs. D. J. Parkey and daughters, Peggy and Gladys and Mrs. Patsy Skrabauet of Midland, honored Miss Jean Battey, with a seated gift tea at the Parkey home in the Harmony community, Saturday afternoon from 4 until 6 o'clock, February 3.

Gifts of her chosen pattern of China were presented the bride-to-be. Mrs. Parkey received the guests and Miss Gladys Parkey assisted at the silver service, serving tea, wedding bell cakes and mints, assisted by Mrs. Skrabauet and Miss Peggy Parkey.

A white linen cloth covered the serving table and a floral arrangement of blue iris and white stock, flanked by blue candles, formed the centerpiece. The bride's chosen colors of blue and white were further carried out with an arrangement on the buffet.

Plate favors were bride and groom nut cups.

Guests were Miss Battey, her mother, Mrs. D. S. Battey, the mother of the groom-to-be, Mrs. Harriett Gramstorf of Perryton, and college chums of the bride from Lubbock: Misses Jan Berry, Bobby Mobley, Helen Brown, Evelyn Rose, Forrestine Crowley, Glenna Hackney, Nadine Willis, Margie Rogers.

They wore identical dresses of marquisette over taffeta, in pastel shades of yellow, orchid, and lime, having low necklines, outlined with wide ruffle. The fitted bodice was of shirred marquisette with drooping line in back. The joining skirt

was ballerina length with wide double ruffle at hemline, worn over hoops. They each carried heart shaped bouquets of pink roses.

Miss Jo Muncy, sister of the bride was maid of honor. Her gown was identical with the bridesmaids. Her dress was orchid and she carried a heart shaped bouquet of yellow roses.

The bride, given in marriage by her father, wore a dress of ivory satin, fashioned with round neckline of bridal net outlined with seed pearls, with fitted bodice and long tight sleeves, ending in petal point at her hands. The immense skirt had plain panel front and was shirred at side and back ending in a long and graceful train. It was worn over hoops. The bride wore a lucky penny in her shoe and wore the traditional blue garters. For something borrowed she carried a tiny white testament and something old was a linen handkerchief, which her father brought back from France in 1918.

The bride's bouquet was white orchid surrounded by gardenias and lilies of the valley. The brides veil was of ivory illusion, finger tip length and was joined to a satin Juliet cap, outlined with rows of seed pearls.

Reception Follows Ceremony. Following the ceremony, a reception was held at the home of the bride's parents, where the bride and groom and their parents formed the receiving line. The table in the dining room was covered with a Mandiera cloth, centered by a three-tiered wedding cake, and with white roses and white candles. The cake was served by Mrs. L. C. Tanner, Jr., of Houston and Mrs. Roger Daniel of Lubbock. Mrs. Lyndell Roberts presided at the silver service, and guests were registered by Miss Joan Edelman.

For travel to South Texas, Mrs. Bolding wore a pantomine militeen gabardine suit with gray and white accessories and wore for her corsage a white orchid.

After February 11 the couple will be at home in Wichita Falls when Mr. Bolding is employed with the Humble Oil company.

The bride attended Baylor university and Texas Tech and was deputy county clerk of Floyd county Mr. Bolding graduated from Floydada High school and from Baylor university, and saw service in the navy during World War II.

Garden Club Meeting

The Floydada Garden Club will meet with Mrs. C. M. Meredith at her home, 717 West Mississippi street, on Friday morning at 10 o'clock, February 9, with Mrs. E. J. Morehead as leader.

Mrs. Small Burial Rites Held Saturday

Interment services for Mrs. F. J. Small of Rosenberg, Texas, was conducted on Saturday afternoon at 2 o'clock at Floydada cemetery with Rev. R. N. Huckabee, pastor of the First Methodist church, officiating.

Mrs. Small passed away on last Tuesday night, January 30, after a long illness, and the body was brought here for interment.

She is survived by her husband, F. J. Small, who was unable to attend the burial services on account of illness, three daughters of Rosenberg, her mother Mrs. J. H. Guthrie, and brothers Dr. A. E. Guthrie of Floydada and Woody Guthrie of Dumas, and one sister, Mrs. Johnny Hart of Texline.

Pallbearers at the services were Walton Hale, Conner Oden, Lacy Martin, Polk Goen Grady Walker and Jack Deakins.

Chapmans Return From Lott Funeral

Judge and Mrs. Alton B. Chapman and sons returned home last weekend from Lott, Texas, where they were called the first of last week to attend the funeral of Mrs. Chapman's father, Alonzo Barganiere, 87, who suffered a heart attack.

Mr. Barganiere was a pioneer Falls county landowner, farmer, rancher since 1885. He was active in civic affairs. His brother, H. O. Barganiere 89, also of Lott, died the week before, and Mrs. Chapman had just returned home from his funeral when her father passed away.

Mr. Barganiere is survived by his widow and one son, James Barganiere of Lott and three daughters, Mrs. Chapman, Mrs. Dell Foster, Marlin, and Mrs. R. M. Craig of Beaumont; two brothers, J. O. Barganiere, Marlin and Will Barganiere, Port Deposit, Alabama, three sisters, Mrs. Salome Dickens, and Mrs. T. H. Porterfield, Marlin and Mrs. Correll Harris, Port Deposit, Alabama, and seventeen grandchildren.

South Plains News

(By Mrs. Murray Julian)

SOUTH PLAINS, February 5.—The severe cold spell of weather that descended upon us last week caused much grief. The water main froze and burst as South Plains the first of the week, and there was no water for the school, and none for the lunch room. Hardly a home but suffered frozen pipes. When we don't have water, then we realize how much we take that miracle for granted. Many homes are still "carrying water from the well."

Mr. and Mrs. Albert Stewart spent Sunday in Lubbock visiting Mr. Stewart's sisters. One sister, Mrs. C. T. Burns is ill in a hospital there. The other sister Mrs. Raymond Averitt and husband, joined the Stewarts visiting Mrs. Burns.

Mr. and Mrs. Carl Daniels left Friday morning for Ft. Worth, where they attended the Fat Stock show. They planned to return Sunday evening.

Mrs. Art Willis and Rex returned Wednesday from Rendon Beach California. They will visit her mother, Mrs. M. O. Field for the present.

There was no school in South Plains Thursday of last week, as the weather was so miserable, the bus drivers did not make their rounds.

Mr. and Mrs. E. E. Joiner from Floydada were Sunday afternoon visitors in the Murray Julian home.

Mr. and Mrs. George West went out to Roswell, New Mexico, to spend a pleasant week-end with some old friends, Mr. and Mrs. Bud Goldston. They plan to return Monday night or Tuesday.

Mr. and Mrs. Ralph McGuire and baby, Martha, spent Sunday at Mrs. McGuire's parents, Mr. and Mrs. George Beedy. The baby is feeling some better. She has had a bad cold during the past week.

Mac Smitherman drove over to Hart on Sunday to spend the day with the Jack Smitherman family.

On Friday afternoon Mrs. John Smitherman and Mrs. Rex Smitherman attended the study course given in Miss Petty's office. This special instruction was given to these leaders on textile paintings. Saturday, Mrs. R. C. Guest and Mrs. John Smitherman were at Miss Petty's to learn all about leather goods, and how to make up leather in useful objects. These leaders will later demonstrate all these interesting subjects in different home demonstration meetings at the South Plains club.

Mr. and Mrs. Sim Reeves' home was the setting for a gathering of old friends on Thursday night of last week. Mrs. Reeves served a delicious supper to the following couples: Mr. and Mrs. Walter Wood, Mr. and Mrs. Bill Beedy and Mr. and Mrs. John Smitherman.

We are all shocked and saddened by the death of Mrs. J. L. King, mother of Mrs. Horace Marble. Mrs. King passed away Sunday night. The children had all returned to their homes, thinking Mrs. King was doing so much better, when suddenly Sunday night she was taken terribly ill. The whole community extends sympathy to Mrs. Marble and family.

Mrs. Johnny Wilson was happy to have some of her folks spend all

day Sunday with her and her family. Those who came out from Floydada were her mother Mrs. Menard Field, her brother, Adron Field, Mrs. Adron Field and Ricky. Menard Field and Mrs. Art Willis were called to Haskell Saturday afternoon. They left Floydada at 3 o'clock, when the call came that Mrs. F. I. Pearsey of Haskell, was dangerously ill.

Mr. and Mrs. John Smitherman were Thursday night visitors at the George West home. They spent an enjoyable evening of canasta.

Mr. and Mrs. P. B. Murff, from Floydada were Sunday afternoon visitors at the home of Mr. and Mrs. John K. West. Mrs. Murff is Mr. West's sister.

W. M. U. of the Baptist church at South Plains met Monday afternoon at the home of Mrs. Sim Reeves. Several members were present, and bible study was enjoyed at the meeting. The group has just taken up the book of Acts.

Dwight Teeple, small son of Mr. and Mrs. Leighton Teeple, celebrated his fifth birthday, Friday afternoon, February 2, with a lovely party given for some of his little friends, at his home, east of South Plains.

J. P. Taylor has been very ill the entire past week with influenza. He was in bed several days.

Miss Carol Reeves, who has been teaching English the past two years at Brownfield, resigned her teaching position two weeks ago. Carol spent this week-end with her parents, Mr. and Mrs. Sim Reeves and brother, Bob. She has now entered the seminary at Fort Worth. She enrolled as a student a week ago. Carol is very happy in her work there, and has been wanting to make this change for a long time. We would like to send good wishes from all her friends here.

Mr. and Mrs. Doodle Milton, Donita and Barbara Sue, spent the past week-end in Ft. Worth shopping and going to see the Southwestern Exposition and Fat Stock show. They are expected home Monday night.

On Friday night Mr. and Mrs. George West had Mr. and Mrs. S. A. Thornton as guests, and the evening was spent in games of canasta.

Mrs. Jerry Pearsey spent last week at Haskell looking after Jerry's grandmother, Mrs. F. I. Pearsey, who had been in the hospital there at Haskell for 2 weeks. Jerry went down to bring Mrs. Pearsey, his wife, home, and they had just returned when the whole family was called to Haskell because the grandmother is very low. The family are all at her bedside now.

Mrs. Albert Stewart and Mrs. Harry Hartman visited Mrs. Horace Marble Tuesday afternoon, in Floydada, where she was staying at the bedside of her mother, Mrs. J. L. King.

Mrs. George West and Mrs. John Smitherman attended the training meeting at the office of Miss Petty, last Monday. They will give demonstrations later of the things they studied, in their own H. D. club. We are proud of Mrs. John Smitherman, for she was elected vice-president of the Home Demonstration club county council.

We suppose the adman's child starts its prayer with "Give us this day our daily Honeycrust, Even-Baked, Whole-Wheat Bread."

Prison walls are not built to scale.

Some day we'd like to have a bed that's twelve feet long and ten feet wide. And don't tell us that's a lot of bunk.

Here's DIESEL ECONOMY with CUSHIONED POWER

THE NEW MASSEY-HARRIS "44" DIESEL

A different kind of Diesel farm power, the Massey-Harris 4-cylinder "44" Diesel brings new efficiency... new economy... new pulling power... new money-saving field performance to the Diesel farmer. It's the result of an amazingly simple engine design. A special firing chamber—called a Dyna-Cell—creates a cyclonic rotary turbulence of the burning fuel on every power stroke. Burning fuel swirls the full-length of the stroke exerting equal pressure on the piston during its travel. Fuel burns slower, smoother... delivers a pushing force. It's cushioned power. Dependable power. Greater jugging power because there's full power on every stroke of every piston.

See us soon for complete information... be sure to ask about Cushioned Power and Dyna-Cell design.

CARELESSNESS AT THE WHEEL

School is no place for one to be careless when driving a vehicle. One should consider the students and faculty, who may be walking in the front of the building. He should slow down and look closely.

The gravel in front of the building is a danger hazard when one is driving as an excessive speed. Because of the loose gravel, one may easily lose control of the vehicle he is driving. He should not show off by spinning his wheels and throwing gravel which might possibly hit someone.

Safe driving should be practiced by students at school as well as on highways and in town.

Aggies Cut Rafters

The Floydada Aggies, who attended the fat stock show, enjoyed it very much.

Some of the things they saw were the rodeo, the boys' beef calf judging, and several breeds of show cattle. Some saw the turkeys, rabbits, the sheep, but the rodeo seemed most attractive.

The Ag. class are cutting rafters. The boys are learning different kinds of rafters and how to cut them. Everyone is enjoying this type of work.

Whirlwinds Bow To Antelopes 45 to 36

Led by 6 feet 5 inch Billy Ion-difer, the Abernathy Antelopes edged out the young Whirlwinds by a margin of nine points, 45-36.

However, the Whirlwinds led the first quarter by three points with Guthrie hitting six of them. In the second quarter the Antelopes started hitting and led at the half by two points, 20-18. The third quarter was some what like the first half with the score exchanging sides.

But in the last stanza the Antelopes pulled ahead by 17 points before the Whirlwinds got started. However, the last three minutes were played all in favor of Floydada, and the Winds cut the margin down to 9 points before the final buzz rang.

Iondifer was high man for the tilt with nineteen points. Guthrie followed close behind him with 18 points.

Pantomime Parade Of the Months in Assembly Program

The assembly program Tuesday, January 30, was sponsored by Mrs. McMillan. A review of the twelve months of 1950 was given by several students.

For January G. B. Capshaw was bandaged up because of breaking his New Year's resolutions. To represent February, Pat Fralin and Aubrey Guthrie were the Valentine sweethearts. Pat looked very pretty in a white evening dress and Gut very nice in a suit. They walked through a Valentine decorated door while Carolyn McDonald sang "Let Me Call You Sweetheart."

For March Jean Porter and Barbara Hart sang "My Wild Irish Rose" and "When Irish Eyes are Smiling" for St. Patrick's Day. Since April was next, Carolyn McDonald tricked Mr. Hill. She gave a sketch of his life and then presented him with a present. It contained a piece of bubble gum. He was then presented with a box of candy.

June came next, and that is the month of love. Ann Welborn and Judy Moss sang "Indian Love Call."

July is the month to celebrate our independence. Veldonna Pierce, a nurse, Weldon Hargis, a soldier, Donald McGuire, a pilot, and Arlis Powell and Ray McDonald, cub scouts, pledged allegiance to our flag while Mr. Kattner lead the student body in our anthem.

Next came August. This is the last swimming month. Jean Porter gave a reading, "The Ole Swimming Hole."

September came next, and this is the month that school begins. Judy Moss had quite a time with her students: Carolyn Tye, Gladys Parkey, Winona Hatley, G. B. Capshaw, and Adrian Helms. Adrian finally received several licks.

For October Shirley Womack, a kypsy, told Eva Waller's fortune, and Eva found that Lyndel Spears had a crush on her.

To tell of November, Don Barber read "When the Frost is on the Pumpkin."

For the last month, December, the old year went out and the New Year came in. This was shown by Lavon Shearer and Mary McMillan. Joan Edelman and Alice Latta were the masters of ceremonies. Thanks, Mrs. McMillan, for your nice program.

'Winds Take Second Game From Tigers

Floydada won her second game from the Slaton boys this season by beating them on the Floydada court 52-24. But, the 'Winds looked far from being a first class ball club because of faulty passing and defense. However, the 'Winds did not have their complete squad. Billy Carmack and Dennis Wilks were gone and Connie Bearden and Jackie Hutchinson were handicapped because of injuries.

The Whirlwinds did keep the lead throughout the entire game but did not really dominate the game until the last quarter. Adrian Helms was high man for the contest sinking 10 points. Ray Teague was second with 9 points to his credit.

NEWS BRIEFS

An unexpected holiday was enjoyed by the faculty and students of F. H. S. Thursday, February 1.

An old eyegore of battered and broken unused lockers was removed from the upper hall Friday. No immediate replacement is in sight, however, until we have need for it.

DE 'QUACKER

Here I am again with all the news about romances.

Since Ted Davis is gone, maybe Lawrence Stovall could get a date with Elaine Snodgrass. You might try, Lawrence.

After this week, I really wonder if Estelle and Hubert are going steady or not. What do you think about this kids?

Are Edith and Jackie going steady? Doesn't look that way to me, but you never can tell.

Why do Roy, Charles, and Dale enjoy going to Crosbyton so well? Donice and Norma had better watch them. I hear Charles has a girl there.

Ann Deakins and Lawrence Stovall surely do make a cute couple. Are you going steady, Kids?

Who is this freshman girl that thinks Bobby Smith is so cute? Give her a chance, Bobby!

Peggy Parkey, where were you Monday night? Were you with Clem Galloway? You make a cute couple. Keep up the good work.

I hear Tanya and Franklin are going steady again. Too bad! Some seniors wanted to go with you, Franklin. Why not give them a chance because you can go with Tanya next year and Dale Roberts might like a change!

Has Floy Jackson really been going with Stanley Conner from Lockney? Better watch it, Floy!

Earl Dean Strickland and Dovie Willis seem to enjoy English 1. Is a new romance blooming?

Why was Wayne C. so blue Saturday night? Couldn't be because of Gwen could it, Wayne?

Millie Carmack seems to think a lot of Jimmy Vickers. Too bad he is in the service, Millie.

Jo Beth and Bruce Hinhson seem to like each other's company pretty well. Why don't you try it somewhere besides school?

Why do Ann D. and Betty M. like to drive on the Matador highway? Don't Lawrence and Wilton live out that way?

Tanya, what were you doing in Lewis Reddy's pick-up, Friday night? Lorraine, where were you?

It looks as if Beverly Thomas is not as true-blue to Billy Carmack as she used to be. She wasn't with him Saturday night, but—where was he?

Bob Hargis seems to be doing pretty well with Karen B. In Algebra 1. Better watch him, La Faun.

So Connie Bearden was with Barbara P. again the other night. What about Ray Nell?

What's this I hear about Carolyn McDonald and Phillip Smitherman breaking up? Tell us more about it.

I hear everyone was glad Dan Hagoood and Nancy Buchanan made up but Elaine Snodgrass. How about this, Elaine.

Well, that's about all this week. So good bye for now.

NANCY NUTTS

Dear Nancy,
 When did Dale start being such a fickle dater?
 Wonderingly, Jean P.

Dear Jean,
 It's always been that way.
 Obligingly, Nancy

Dear Nancy,
 How can I get as many dates as Barbara Perry?
 Thoughtfully, A girl friend

Dear Girlfriend,
 You might try dyeing your hair red.
 Just a beauty operator at heart Nancy

Dear Nancy,
 How could I convince Edith that I don't "step out" on her?
 Urgently, Jackie

Dear Jackie,
 Quit it!
 Reprovingly, Nancy

Dear Nancy,
 How can I get rid of the feeling that I've forgotten something everytime I go anywhere?
 Forgetfully, Ruth M.

Dear Ruth,
 Never go anywhere.
 Homely, Nancy

Dear Nancy,
 How can I get Gayle to quit being so jealous?
 Worriedly, Don

Dear Don,
 I'd advise you to quit flirting.
 Smartly, Nancy

Candid Camera

On a warm day, June 6, 1934 to be exact, a baby girl became the newest addition to the F. C. Irwin family. This girl was named Luella.

This black-haired, hazel eyed girl has grown to be 5, 8" in height which is a great help on the basketball court.

Luella likes about everything, but here are some of the things that she especially likes: Horses, dogs, cats, basketball, pretty skirts, and belts. Among the things she does not like are: drinking, freckles, and people who think they are better than she.

The happiest moment in her life came when Mr. Graves told her that if Mr. Hill would coach, the girls could have a basketball team.

One of Luella's favorite places to go is the show and her best-liked movie is "You Gotta Stay Happy."

Jane Wymann and Jimmy Stewart rate as highest in her estimation of stars. Driving is her favorite subject.

The requirements for ideal boy are that he be over 6 ft. tall, possess black curly hair, and be a rancher.

Her perfect day would begin about 6 o'clock. She would arise and eat breakfast, then clean the house. Then, she would saddle Rounder II and ride where the cattle were and over the country until 11 o'clock.

She would then have lunch of fried chicken, mashed potatoes, green beans, hot rolls, vegetable salad, and pecan pie a la mode.

After lunch she would read the funnies and then groom Rounder. She would practice basketball for a while and at six, get in her '51 Mercury and pick up some of the team and go beat Lockney 100-0.

Luella, we want to take this opportunity to tell you that we think you are a wonderful girl and we wish you all the luck in the world, for you deserve it. F. H. S. loves you!

Dad: When I was young, I thought nothing of getting up at 5 o'clock in the morning.

Son: I don't think so much of it myself.

UNCLE PETE SAYS: Suggestion Box

Uncle Pete sez: "If you tickle the earth with a hoe, she laughs with a harvest."

Uncle Pete sez: "Protect the birds. The dove brings peace and the stork brings tax exemptions."

Uncle Pete sez: "If Dan doesn't quit changing girls 'The Hesperette' will have to get a new set of reporters."

Uncle Pete sez: "People can resist everything except temptation."

Uncle Pete sez: "A hen is only an egg's way of making another egg."

Uncle Pete sez: "Use your suggestion box."

Uncle Pete sez: "A penny saved is a pocket burned."

A suggestion box will be in Mr. Baker's office instead of a De'Quacker can and if you have anything to suggest, go to Mr. Baker's office this week and put them in the box. We will put all the suggestions that we can use into effect immediately. Now is your chance to talk about the paper and what you think ought to be done to improve it.

Your opinions and criticisms are important to us; so be sure to take advantage of this opportunity to voice them.

Sound Effects Man Puts on an 'Air Raid'

On January 31, at the sixth period, the sound of a siren filled the building. This was followed by other sounds of explosions and air plane crashes.

Everybody wondered what was going on and an investigation was made.

We are happy to report that the "air raid" was only a fake. The records for the one-act play had arrived, and the sound-effects man was doing some experimenting.

Judging from the sounds, we feel safe in saying that this play certainly is going to be different from other productions.

Training Meetings in Textile Painting Are Conducted

Training meetings for textile painting were held on Tuesday and Friday of the past week for leaders in home demonstration clubs. The meetings were conducted by Miss Leila Petty, County Home Demonstration agent, in her office. She was assisted by Mrs. Peugh of the Lone Star club. Each leader painted a place mat which will be used as illustrative material when she gives this demonstration to her club this month.

Attending the two meetings were Mrs. T. J. Buske, Sand Hill; S. R. Jones, Providence; Jim Stewart, T. L. Perry, and L. B. Cosby of Fairview; L. K. Sherman, Pleasant Valley; T. R. Assiter and J. K. Why are you Buying So Much?

Some people are never dressed up . . . yet they buy and buy bargains. Dime cigars for a nickel . . . we never take much of this sort of buyers time, but men who have moved away and still tell us to pick their suits — are down our alley . . . We go all out for the fellow who doesn't want to think he's getting something for nothing.

We have many people tell us . . . this is the best darn suit I ever wore and it fits . . . We like that.

A SUGGESTION. If you think you are going to need or want a new suit. Why not make your selection and leave your measure now. We don't think WOOLENS OR LABOR will be any cheaper — soon.
