THE FLOYD COUNTY HESPERIAN
Published by the Hesperian Publishing Co., Inc., at 212 South Main St., Floydada, Texas. HOMER STEEN, Editor
THURSDAY, APRIL 5, 1934

Established 1896 by Claude V. Miller as second class mail at the post office at Floydada, Texas, April 16, 1907, under the act of Congress of March 3, 1879.

Views and Comment

The case of the Amarillo lawyer who was found guilty of instigating perjury on the part of a witness, is isolated in the minds of the public only in the fact of the conviction. Few people believe that perjury is isolated in instance. They think the books are full of verdicts where the juries' findings are based on perjured testimony. The perjurer's aim always is to defeat justice. The lawyer, a sworn arm of the law, is adjured in his training and oath to represent his client to the utmost of his ability. As a result he often gets credit for fixing testimony in the same manner the banker gets credit for a cold eye and the butcher is charged with selling his thumb. The public wraps them all up in the same unsavory package, the good and the bad. Always, save and except there is one lawyer, one banker, one butcher, one nearly everything, that each individual of the mass thinks is just all right. All of us fail of the glory of our callings once in awhile. When a lawyer is caught short you note that it makes news.

The war on one arm bandits (slot machines) is going to leave some clubs in the country in a tight spot, looking for a source of revenue to pay for ambitious buildings and equipment. Commitments based on revenue from slot machines (privately owned) will be difficult to carry out now. The clubs will just have to look to another source and devise other means of paying off their debts. Fortunately for some of these clubs they got a five or six year run and cleared their properties of debt before the clamor brought enforcement to the point of confiscation. Gambling in all of its forms, except probably the private poker game, is in for a period of intense probing. In the old days even a private poker game was not safe from the probing eyes of a law enforcement officer. In Floyd county, for instance, old dockets are sprinkled freely with grand jury indictments of this kind and even matching nickles to see who would pay for the drinks came in for stiff fines, the records disclose.

Whether it is red spiders, a fungus growth or what there is considerable wheat acreage that is not doing so well even where the moisture seems to be ample and conditions otherwise right for the crop to start off spring growth. We note that on some farms the crops seem to be coming along normally. But on many others the crop is not. A good many wheat men have plowed up the more unpromising portions of their fields, readying them for summer crops or following the land for the planting again next fall.

Judging from the latest news from Washington, the sculptor isn't the only one who makes his living out of chiseling.

So far as your estate and welfare of the generation which is to succeed you is concerned it is well to pick your time to die. If possible, do not pass away in times like these when the urge is to take the bulk of an estate and put it in the government coffers. Also, do not leave your worldly estate in a period of extreme depression. Instances of this kind, where a capable man met untimely death with some debts hanging over his property, made it extremely difficult for his successors to work out of the pinch and have some of the property left to a surviving spouse and descendants. Instances of this kind dotted the decades from 1920 to 1940 with the nightmarish experiences for the administrators of estates. Right now the experience of trying to pass from this mundane sphere and leave some of your estate to those whom you think of as your natural inheritants is a difficult job. It is a job for a most capable lawyer to tell you how to accomplish. Even he cannot tell you enough. Uncle Sam is busier collecting taxes than he is anything else.

Deferments on ability to give students of exceptional "brightness" or aptitude the opportunity to complete their college work was announced last week as a policy of the Selective Service program. The program was arrived at after conferences and study by top officials and was announced by the president. The idea follows the European pattern which America, in spite of all the warnings of the centuries, seems determined to ape. It will prove quite unpopular with the average American, unpopular even with many of the young men who are chosen. Nobody knows better than the straight A's of past generations that the plodders, the C's and D's are usually the ones who furnish the stamina and give the final punch to the job, whatever it may be. The plodders admire the A's immensely. They like them so well they generally hire them.

Corn yields can be increased from 20 to 30 percent, and in some cases as much as 50 percent, by planting adapted corn hybrids. This has been shown by tests conducted by the Texas Agricultural Experiment Station and by many farm demonstrators.

Isn't it peculiar that the human brain begins to function from the moment you are born, improves as you grow older, then stops completely when you stand up to talk?

Isn't it funny how women can talk on and on about things that left them speechless?

We have sometimes wondered what happened to the rattlesnake that bit a drunkard.

HAVE you ever wondered how it would feel to go the limit on power and comfort and quality in an automobile?

Or how it would feel to be lord and master of a car that can take its place with the finest in the "fine-car field"?

Then, sir, this is a call to action.

The first action is yours—the simple action of getting in touch with a Buick dealer and planting yourself behind the wheel of a ROADMASTER.

Then let this great-powered and dazzling performer take over.

There's action in every one of the 152 horsepower in its Fireball engine—more action than most proud owners of this eager beauty will ever use.

There's counter-action in its gentle and sure-gripping brakes, the finest that Buick has ever engineered.

But there's also luxury—the luxury of double-depth Foamtex cushions and custom upholstery—and of ample roadweight

magnificently poised on coil springs which individually cushion every wheel.

There's a spacious feeling of room, above and around you—room that is unsurpassed anywhere in the fine-car field.

And to make every mile effortless and relaxed, there's the very exclusive advantage of Dynaflo Drive—not as an "extra," but as a standard ROADMASTER feature.

So why not drop in and satisfy yourself, as our guest, that here indeed is a fine car that goes the limit—in everything but price!

Check for yourself what others ask—and what others offer—and you'll discover ROADMASTER prices a call to action that a wise man can't ignore.

Equipment, accessories, trim and models are subject to change without notice.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

Lakeview News

(By Mrs. E. H. Tooley)

LAKEVIEW, April 3—The church was filled to standing room capacity Sunday afternoon with neighbors, friends and loved ones who paid their last respects to the memory of 90 year-old L. E. McCravey. He had been ill for quite a while and his death was not unexpected.

A large crowd was in attendance at the community meeting at the school auditorium Friday night, at which time the 4-H boys and girls sponsored by Mrs. E. H. Spears and Mrs. Roy Pawver and Mrs. Earl Edwards, Jr., rendered a delightful miscellaneous program. A stringed band from Crosbyton furnished music. Refreshments of sandwiches, cakes and candy were served to the crowd.

Quite a crowd gathered at the parsonage for an old time "house warming" and fellowship hour in honor of our new pastor, Rev. Moody Smith and Mrs. Smith, also of our new parsonage. Each family brought gifts of food and otherwise for the Smiths, also refreshments. It was indeed an enjoyable occasion. B. P. Neff and mother, Mrs. Annie Neff and O. A. Neff of Floydada went to Duncan, Oklahoma, to be at the bedside of Mrs. Neff's father, who is critically ill in a hospital there.

Those out of school from illness are Sharon Boyd, Novis Johnson, Wandell Russell and Maxine Hatley.

Katherine Kee is visiting relatives in Paducah.

Those visiting in the E. H. Tooley home Sunday afternoon were Mr. and Mrs. Bob Estep, Mr. and Mrs. Hall and daughter of Dougherty, Rev. Moody Smith and Mr. and Mrs. Fowler Estep.

Jimmy and Joy Woodie spent the week-end in the home of Mrs. Evelyn Dillard of Floydada. The Woodie sisters are living in the home of their grandparents, Mr. and Mrs. Jim Owens, until school closes.

Mr. and Mrs. T. E. Johnson and children visited the Bud Johnson family of Crosbyton Sunday.

Seventeen people from here attended the revival, which is in progress at Mt. Blanco Monday night.

Mr. and Mrs. Moore and little daughter and son, Cecil Murphy of Amarillo, were here visiting relatives, Sunday and were in attendance at the McCravey funeral.

Mr. and Mrs. Don Harrison made a business trip to Nocona Monday.

The H. J. Nelson family accompanied by Mrs. Moody Smith were in Plainview Monday.

Mr. and Mrs. Wayne Russell and Wandell and Rev. and Mrs. Moody Smith attended church at Center Saturday night.

Several from here attended church at the First Baptist church in Floydada Saturday night.

(By Mrs. E. H. Tooley)
(Too late for last week)

LAKEVIEW, March 27—Quite a number of patrons, pre-school children and visitors attended our program at the school auditorium Friday afternoon and accompanied the school children and teachers to Blanco canyon, near the old Rock house, where an egg hunt was enjoyed. Nearly 400 eggs were previously hidden by Mr. and Mrs. Floyd Wilkes and Mr. and Mrs. Fowler Estep. Two new pupils entered school in the primary room last week. They were Joy and Jimmy Woody, granddaughters of Mr. and Mrs. Jim Owens.

Mr. and Mrs. Homer Newberry and girls and Mrs. Newberry's parents, Mr. and Mrs. Mosely of Mt. Blanco, went to Pampa last Friday afternoon in response to a message from the Moseley's daughter, who is ill in that city. The group returned home on Sunday afternoon.

The Farris Wheeler family went to Cleburne Thursday to be at the bedside of Mr. Wheeler's father who is very ill. They returned home on Monday.

Mr. and Mrs. E. H. Tooley and Anita had as her guests from Thursday until Sunday, Mary and Dan Hill, children of Mr. and Mrs. H. P. Hill of Vernon. Although these children are only 9 and 4, they make this trip by bus very often to visit their grandparents.

Rev. and Mrs. Moody Smith moved into the new parsonage here last week and have had several visitors today.

Mr. and Mrs. Hubert Jackson of Floydada and Mr. and Mrs. Bob Estep of Lubbock, Mr. and Mrs. Frank Jones of Baker and Mr. and Mrs. E. H. Tooley and Anita were guests in the Fowler Estep home during the day Sunday.

The J. H. Polvadore family have moved back to the farm from Floydada and Nell has re-entered school here. Harold is ill with the measles and will be delayed on entering school for a few days.

Baptist Conference on Vacation Bible School Tuesday

The Floyd County Baptist Workers Conference will be held with the Calvary Baptist church here on April 10, beginning at 10 o'clock. The theme of the meeting will be vacation bible school clinic, with Rev. W. L. Finley acting as moderator.

At 11:30 Rev. A. C. Hamilton of Plainview will deliver the sermon. Song leader for the day will be N. S. Abbott.

Dinner will be served at 12 noon and the Womens Missionary union and board meeting will be at 1:30 p. m. Discussions of Vacation Bible school, recreation, stories, etc., will be led by Mrs. Lake Pylant of Plainview.

A notice from T. H. Harmonson, associational vacation bible school superintendent to the pastors of the conference, states that this is a clinic for vacation bible school workers, and, if possible, the principals and departmental superintendents are expected to attend the clinic.

Consumer M'brs. Annual Meeting Is Called for April 16

Advance notice of the annual stockholders meeting Monday, April 16, will be mailed this week-end to members of Consumers Fuel association, according to Jewel Eliza, manager.

"It is important that every member of the association be present" said Eliza the first of this week. "Beside the election of three new directors other business matters important to the association and its membership will come before the assembly," Eliza added.

As an extra incentive to encourage attendance at this annual meeting, door prizes will be given.

New directors will be elected to fill the expired terms of C. O. Spence, Roe Jones, and Poyner Roberts. Hold over directors are J. K. West and E. L. Widener. C. O. Spence is retiring chairman of the board.

HEALTH TALKS PREPARED BY THE STATE MEDICAL ASSOCIATION OF TEXAS

The difference in the names applied to diseases are frequently confusing. Someone may speak of a "catching" disease as an infectious disease, a communicable disease or a contagious disease because they are all three "catching" but the method of getting the disease may vary slightly.

Disease you catch when the air, food or water are the source of infection make up the broad classification of infectious diseases. If the infection that causes disease originates with animal or man, either contact with the animal alive or the eating of any part of the diseased animal, it is known as a communicable disease. If the disease is caused by direct contact with a person, usually from germs that do not live long in the air or on food, it is a member of the contagious family.

Diseases are changes in the normal manner in which you develop. When a germ causes the change from normal that is not evident at birth but is likely to show up during some phase of growth, it is a hereditary disease. When some organ of your body fails to function in the normal manner, due either to a defect you were born with or a defect created by germs, it is called an organic disease.

There are many different classifications of disease, but the infectious family is the most numerous. Infections are today pretty well un-

Marion E. Heald Red Cross Drive Claimed by Death Lacks a Wee Bit of Reaching Goal

HASKELL—Funeral services for Marion Edwin Heald, 60, business manager of Burton Chevrolet Company here, were held at the Aspermont Baptist Church Saturday at 3 p. m. Burial was in Aspermont Cemetery.

Heald died in the Haskell hospital Friday afternoon after suffering a cerebral hemorrhage. A former cashier of the First National Bank in Munday, he had been associated with the Haskell motor firm since 1947.

He is survived by his wife; two sons, M. E. of Big Spring and James Roy Heald of Artesia, N. M.; a daughter, Mrs. Felix Perry, Oxford, Miss.; two stepdaughters, Mrs. Ruth Evans, Odessa, and Mrs. Sue Lane, Haskell and a stepson, Eddie Tyler of Lubbock.

For a number of years in the late twenties and early thirties Mr. Heald lived in Floydada. He engaged in the hatchery business and was at one time a supervisor for projects of the Works Progress Administration.

der control, however, with the many new miracle drugs and are not as frequently the cause of death as other forms, such as the organic disease that affect the heart.

Keeping the germs of infection from food and water by sanitation methods has been one of the major controls of infectious diseases. The reporting of communicable diseases by public health officials has meant they can seek the source of a disease and by eliminating the source can cut short its spread. The airborne germs remain as the greatest threat because the air is more difficult to sanitize and isolate, through the new medicines and vaccinations, immunizations and inoculations can prevent the body to some extent even if the infection does enter the body.

That period while the infection is in the body trying to grow and overcome the body's defenses is known as the incubation period. When you have been vaccinated for smallpox, there are smallpox defences present in the blood stream and perhaps other parts of your body; when they see a smallpox germ in your body, they call out the guards and destroy those germs before the germs can gain foothold. You may have natural immunity to work the same way, but the shots are other disease germs which work into you just for that purpose.

If your bodily defenses are not strong enough to keep the invader from spreading, then you come down with something. The disease has the upper hand for a few days until the body (plus maybe some outside help in the form of medicine) bats it down and you are all right again. If the disease is short and snappy, it is known as an acute attack of something or other. If the disease sticks around for a long stay and the body does not seem able to overcome it, it is a chronic disease. If the disease is not too short and not too long and fails to produce the usual reaction but eventually get under control, it may be branded a subacute attack.

Tuberculosis is no longer the leading killer that it used to be, though it is still a serious disease. Undulant fever and tuberculosis have both been brought more under control since the destruction of cattle infected with tuberculosis and Bang's disease has become a necessity. Further protection is provided in the pasteurization of milk.

The control of breeding places for mosquitoes has cut down on the number of persons afflicted with yellow fever, malaria and dengue fever. Rabies, anthrax, glanders, trichinosis, tularemia and Rocky Mountain spotted fever can all be traced to animals and controlled to some extent when the specific source is located.

Tracing the source of infection in the social diseases of syphilis and gonorrhea has contributed to a cut in the number of people infected. Other man-carried diseases such as the common cold and influenza are much more difficult to trace, perhaps because like pink-eye, the itch, measles, mumps and chicken pox, you usually have "got it" before you knew it was anywhere around.

The highest waterfall in the world is Tugela, which has a total height of 2,810 feet. It is located in Natal in the Union of South Africa.

The Chinese language and its dialects are used by nearly 500 million people. The English language by a little more than 270 million.

A monkey is the only wild animal that ever use sticks, stones or anything handy as a weapon.

Just a wee bit more work and Floyd county will have maintained its record of never having failed to reach a Red Cross quota.

County drive chairman Hollis R. Bond indicated the funds in hand to date from all committees reporting still lacked about \$250 of the \$3,700 goal sought. A few reports are still outstanding and an extra effort can be made, it is hoped before the week-end, to close the gap between the funds reported and the goal.

NO NITROGEN FIXERS FOR NON-LEGUME CROPS AS YET

Progress in science increases the appetite of people for wider application of discoveries. A good example is in a recent letter to a soil bacteriologist of the U. S. Department of Agriculture in which a farmer well acquainted with the value of legume inoculation said he saw no reason why "in this age of atomic research we cannot find microorganisms that collect atmospheric nitrogen on the root of corn, potatoes, and wheat just as some of them do on alfalfa, clover, and soybeans." Probably stimulated by the great number of improvements recent years have brought in crops and in farm practices, he asked, "why don't you get busy and do something about this simple matter?"

The bacteriologist's reply was mild and did not rule out the possibility that some day, somehow, somebody might provide such a valuable addition: "There is yet," he said, "no effective inoculant for non-leguminous crops. The workers who discovered one will become more famous than Hellriegel and Wilfarth who, some 60 years ago, proved that certain bacteria on the roots of legumes have a mutually beneficial relationship with this family of plants."

The problem brought up in the farmer's letter had not been overlooked. The Department bacteriologist says investigators have made many attempts to find bacteria that will affectively provide nitrogen for non-legumes. And promoters, he says, have gone so far occasionally as to offer preparation which they claim are suitable for all crops. (But not so often since the passage of a law providing for official testing of inoculants.)

The Department takes occasion to emphasize that legume crops can be benefited greatly if farmers make sure they are using the special strains of bacteria that work best on the various kinds—or even, in some cases, on certain varieties or strains.

"Inoculating legumes is a much more exact treatment now than it was only a few years ago. For the present we may as well forget what might be done with other crops, and build our legumes. Vigorous legumes, helped by proper inoculation, benefit non-legumes growing with them or following them."

DDT IS MAN-SAVER

Reports of typhus epidemics among Red Chinese troops in Korea recall the work of the farmers' own U. S. Department of Agriculture entomologists whose efforts for the Nation's safety during World War II brought about the use of DDT. Their development of this insecticide for the Armed Services made it possible for U. S. military people—and civilians, too—to avoid this disastrous disease.

Typhus and malaria are said to have won and lost more wars in the past than military weapons. Both

Two new Aldermen Named at Lockney

Two new aldermen and a mayor were chosen by the voters in the municipal election at Lockney Tuesday. D. E. Cox succeeds G. M. Brunner in the mayor's office. Leslie Floyd and P. L. Brown are the newly chosen aldermen. Others who received votes for aldermen were Marvin Gilbert, Fay Pinner and J. B. Allen.

J. E. Cox and E. R. Harris are retiring from the aldermanic board. Mrs. Faye Messer was re-elected city secretary.

diseases are indirectly controlled by use of DDT, which kills the insects that carry the diseases to men. Scientists all over the world rate this insecticide as one of the outstanding scientific contributions of our time. Malaria, a rural disease, once caused the death of 3 million people every year. Now it is in full retreat because of DDT. Listless, anemic people in malarious regions now are gaining energy and health they never before had.

DDT became one of the major agricultural developments, as most people know. Judicious use of DDT has increased greatly the production of alfalfa seed. Similar increases in other crops are commonplace. We now take for granted such increased agricultural production through use of new and more effective insecticides. In fact, the entire modern arsenal of insecticides—used to produce bumper crops, to help make us the healthiest, best fed nation—had its humble beginning in a Bureau of Entomology and Plant Quarantine laboratory in Orlando, Fla., in 1942, financed by funds allotted by the Army which first tested DDT and found in it the answers to some of our major troubles.

I Give You Texas

By Boyce House

From time to time, anecdotes have been told in this space about Big-Foot Wallace, that grand old frontiersman and colorful Texan. Several years ago, Annie A. Poor of San Antonio wrote me a letter about Big-Foot:

"He was my great uncle and would visit our home when he came to San Antonio, my mother's maiden name was Mary Jane Wallace and she was born in Gonzales County.

"Big-Foot was very palsied and it was my duty and pleasure to help steady his coffee cup.

"A hammered silver brooch, set with an amethyst, is one of my treasures, presented to me by Big-Foot on my fourteenth birthday.

"I recall in 1893 a reunion of Confederate veterans was held in Floresville, celebrating the dedication of the new courthouse. Big-foot was there and the center of attraction. The evening's festivities started with a ball which Big-Foot and I were to open by leading the grand march.

"The merchants of Floresville decided at the eleventh hour that he should be fitted with new clothing instead of marching in his old homespun clothes and brogan shoes with brass toe tips. The results was I was standing around waiting for him. He finally arrived as the marchers swung around and we brought up the rear. As soon as the march was ended, Big-Foot sat down near the door, pulled off his new shoes and put on his brogans."

of Mrs. W. H. Alexander Victim Heart Ailment

Funeral rites for Henry Alexander, son of the late Dr. W. H. Alexander and Mrs. Alexander, were held Wednesday morning at 10:30 a. m. in the Methodist church in Pampa, Texas. Rev. R. N. Huck of Floydada, assisted in the services, with Rev. E. E. White, pastor of the Methodist church of Amarillo officiating.

Mr. Alexander passed away on April 3, in Los Angeles, California, from a heart attack. He was preparing to return to Wichita Falls, when he died.

Mr. Alexander was born on October 24, 1903, in Ravenna, Texas, and lived in Paducah and Floydada several years.

He is survived by his widow, two daughters, one grandchild, and his son, Mrs. W. H. Alexander, Floydada, three sisters, Mrs. J. Ross Bell, Childress, Mrs. Agnes Nugent of Amarillo and Mrs. Florence Bell of Pampa, Tennessee and two brothers, Earl of Plainview and Randall of Portales, New Mexico.

Mr. Alexander was a member of the First Baptist church in Huntington, Texas. His mother, Mrs. H. Alexander, was visiting in Amarillo at the time of her son's death. She is expected home within a few days.

Mr. and Mrs. B. L. Biddy attended services from Floydada, Mr. Biddy serving as one of the pallbearers.

In near perfect weather for the event, Floydada High school track team was host team last Friday afternoon to Lockney, Abernathy and Tulla squads in a four-way track meet.

Abernathy was winner with their point total of 43 1/2 points. Floydada was second with 39 1/2; Lockney third with 26 and Tulla had 21 points.

Mother of Two Praises Hadacol

HADACOL Supplies Deficient Systems With Vitamins B₁, B₂, Niacin and Iron

Mrs. Elmer Hise, 3225 2nd Ave., Council Bluffs, Iowa, is a good mother, and like all good mothers she keeps a careful watch for the welfare of her two young children. And when little four-year-old Lucille Hise wasn't feeling as her mother knew she should do something about it. Mrs. Hise gave Lucille HADACOL because she had heard how much it was helping children who had poor appetites and stomach distress caused by deficiencies of Vitamins B₁, B₂, Iron and Niacin. It helped her so much that now Mrs. Hise gives HADACOL to both of her children.

Here is what Mrs. Hise says: "My daughter has taken two bottles of HADACOL and she has been eating more than before and also sleeps better. I think HADACOL is the best thing for children who do not have an appetite. My daughter is four years old. Before taking HADACOL my daughter complained of her stomach hurting her, and I got her a bottle of HADACOL and she says her stomach doesn't bother her any more. I think HADACOL is wonderful. I am also giving HADACOL to my three-year-old daughter."

HADACOL is So Effective
An important thing about HADACOL is that you get Vitamins B₁, B₂, Niacin and Iron in liquid form, which means that they are quickly absorbed and dispatched to the blood stream, ready to go right to work. HADACOL helps build up the hemoglobin content of the blood (when Iron is needed) to carry these precious Vitamins and Minerals to every part of your body.

Boyce House Says I Give You Texas

A tradition of the Berger oil boom:

Two men stepped out of a car on a road through the oil fields and held up a teamster who was hauling a wagon loaded with pipe. After searching him and finding he had no pistol, they took his money, then drove off, jeering at him.

The road was rough and they couldn't go very fast. When they had gotten out of pistol shot, the teamster drew out of hiding a rifle, took careful aim and began firing. He wounded both robbers and they were captured.

Tradition doesn't say - but the teamster may have had a little chuckle himself!

"MANY OF MY CUSTOMERS have actually gone out of their way to thank me for servicing their cars with new Conoco Super Motor Oil, because it has reduced their repair bills by a good margin," says T. S. Young, Young Motor Company, Walsenburg, Colorado. "I know Conoco Super is the finest motor oil on the market."

"I'M ON CALL 24 HOURS A DAY and my car must be ready to roll over the roughest roads in any weather," states B. P. Bryant, Oil Field Engineer, Abilene, Texas. "That's why I changed to new Conoco Super Motor Oil. Never have I had such good gasoline mileage and cost-free operation."

"50,000 MILES-NO WEAR!"—PROVED HERE:

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence... in fact, an average of less than one one-thousandth inch on cylinders and crankshafts.

AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, use less gasoline and oil.

Mt. Blanco News

(By Aline Brown)

MT. BLANCO, April 3.—Before I begin the news, I wish to tell of our trip to the W. Y. A. Houseparty at Wayland college. Those from our community that attended were Mrs. Bertha Appling, Mrs. Alvin Hamm and Melanie, Shirley Bishop, Aline Brown, Margaret McClure, and Frances Money. We spent Friday overnight in the Hilton hotel. While there we heard Mrs. Garrett bring two very inspiring messages. We met new friends and old friends and every girl that had a chance shouldn't miss the opportunity to go and enjoy the fellowship there. I assure you that you will come home happier and with more thanksgiving in your heart.

Mr. and Mrs. Truman Barnett entertained Tuesday night with a party for "the" sailors. Everyone came and brought ice cream and cake. Those present were as follows: Sue Harvey, Pat Bartlett and Avonne Mize of Crosbyton, Virginia Dunn of Floydada, Janelle Leatherwood, Alene Brown, Barbara Miller, Ronald McClure, Owen Keith Crump and Maurice Fred of Petersburg, the Charles and Jack Thornhills, the Harold Hodges, the Alvin Ray Marleys, the "Cotton" Leatherwoods, the Bud Leatherwoods, the H. B. Barnetts, the Jack Mazes, the Weldon Seigers, the W. T. Winegars, the Bill Hickmans, the Gene Browns and the host and his family.

SPRING CALL
By Ruth Harwood.

Gay springtime is abroad today!
I know it by the joyous wind
She beckons to the crocus bed
And lights the jonquil's golden head.

Oh, by a wonder everywhere
I know that Spring insouls the air!
I know it by the glad perfume
That wafts to me from violet bloom.
And by the way the bee folk come
To verdant orchards, where the plum
And apple orchards lift and blow
Over the fields a springtime snow.
And in the butterfly's bright dance
I feel a magic earth romance
In which each human singing heart
Ascend to be a glowing part.

Blithe springtime is abroad today!
I know it by the vibrant way
She sets these perfumed petals free
And stirs a quechless song in me!

The soft gray smoke of the beautiful trees around town has turned to a misty green, yellow flowers are bits of sunshine to hearts longing for the warmth of summer and growing vegetation. We set out some tiny green onions, but the wind and cold has whipped the delicate ends, but they are hardy and I know deep in the ground the white heart is growing toward the top of the ground. Wonder where old time folks got the expression, "ingirms?"

AN APPRECIATION

We take this means of expressing our appreciation to our friends and neighbors for their kind expressions of sympathy, the lovely flowers, and the many beautiful cards and words of kindness, extended to us during our recent bereavement, the loss of our mother, Mrs. Neta Pitts.

Lemon Snow for a Storm of Applause

Light and feathery as its name implies is Lemon Snow Pudding, a delicate dessert in which unflavored gelatine acts as backdrop for the cool tartness of fresh lemon.

Gel-coolery, which is the fine art of cooking in your refrigerator, is so easy and so rewarding. Your desserts can look like the fancy work of a celebrated chef; yet because of the exact measurement of each envelope of unflavored gelatine, success is guaranteed by following such simple recipes as the one below.

Unflavored gelatine is all protein, with no sweetener or artificial flavoring added. For this reason, the molded desserts it produces catch the full flavor and true color of the fruit.

Lemon Snow Pudding

1 envelope unflavored gelatine	1/4 teaspoon salt
1/2 cup cold water	1/4 cup lemon juice
1/2 cup boiling water	1 teaspoon grated lemon rind
1/4 cup sugar	2 egg whites

Soften gelatine in cold water. Add boiling water, sugar and salt and stir until dissolved. Add lemon juice and lemon rind. Chill until mixture is slightly thicker than consistency of unbeaten egg white. Whip until light. Beat egg whites until stiff; add gelatine mixture. Place the bowl in ice water; continue to beat until mixture begins to hold its shape. Turn into large or individual molds and chill until firm. Unmold and serve with soft custard sauce. YIELD: 6 servings.

Forty Floydada Home Making Girls at Meet

Among the 1500 homemaking students who gathered in Amarillo last Saturday at the Amarillo High school, Floydada was represented with 40 girls from the Floydada High school with their sponsor, Mrs. J. E. McMillan, accompanied by Mesdames Tom Porter, B. C. Carver, and Grady Edelman. The group rode to Amarillo in two school buses, driven by Bob Copeland and Gene Aylesworth. Mrs. Bob Copeland went along to help keep them company.

The voting delegate was Valdonno Pierce and in the modeling of Clothes, June Payne modeled a play suit she had made.

Shirley Vulgamott, of Plainview was elected to head the Future Homemakers of America Panhandle area, 1, for the coming year.

The convention theme was poise and patriotism and Mrs. Camille Bell of Canyon, daughter of Mr. and Mrs. I. T. Graves, was a speaker on a panel discussion on the convention theme. Mrs. Bell is homemaking teacher in the Canyon High school. The main address was presented by Miss Margaret Scholl of Austin, State Consultant in homemaking education. Sixty-eight chapters were represented. After adjournment, an informal tea was held in the High school cafeteria. The convention next year will be held at Plainview.

The girls of Floydada making the trip were Misses Eva Waller, Luella Irwin, Mary Ann Wilson, June Payne, Valdonna Pierce, Loraine Fisher, Jean Hollums, Natha Burleson, Marlene Raley, Judy Moss, Joan Edelman, Gayle Carver, Lee Hutchinson, Darlene Johnson, Mildred Clarke, Francis Smith, Norma Dunn, Gwen Richardson, Benita Teaff, Jean Porter, Jean Hines, Cecilia Langley, Mary Wiley, Marcelita Green, June Ware, Wilma Jean Judy, Darlyn Warren, Alice Latta, Winona Hatley, girls.

Mother has fallen asleep.

Near other loved ones we laid her,
Low in the churchyard to lie;
And though our hearts are broken,
Yet, we would not question "Why?"
She does not rest neath the grasses,
The O'er her dear grave they do creep;
Mother has fallen asleep,
Rest the tired feet now forever,
Dear wrinkled hands are so still,
Blast of the earth shall no longer
Throw o'er our loved one a chill,
Angels through heaven will guide her,
Jesus will still bless and keep;
Not for the world would we wake her,
Mother has fallen asleep,
Beautiful rest for the weary,
Well reserved rest for the true,
When our life's journey is ended
We shall again be with you,
This helps to quiet our weeping,
Hark! Angel music so sweet!
He giveth to His beloved,
Beautiful, beautiful sleep."

Miss Margaret Hutchinson, executive secretary of the Womens Missionary Union of Oklahoma was one of the featured speakers at the District Ten conference of the Womens Missionary Union of the Baptist church in Dumas, Wednesday, March 28.

There were seven conferences for the various phases of work and several women of District 9, of which Floydada is a part, had parts on the program and each held a conference on her own subject. Mrs. Lon Smith, chairman of program and literature, was present along with the other chairmen of this district 2. Mrs. Ralph Grant, Lubbock, chairman of mission study; Mrs. James Abernathy of Ralls, chairman of community missions; Mrs. Lee Hemphill, of Littlefield, chairman of stewardship missions, and Mrs. R. E. L. Patillo, president of District 9 W. M. U. of Lubbock.

The state president of the W. M. U., Miss Eula Mae Henderson, Dallas, was present for the conference, as was Miss Ruth Thornton, young peoples' leader for the state. Both made addresses at the meetings.

A luncheon was given at noon in the home of Mrs. R. C. Lening, honoring the leaders.

The W. M. U. Conference for District 9 will be held in Lubbock on April 16 in the First Baptist church.

Mrs. J. W. Reasoner, who has been very ill at the home of her daughter, Mrs. J. B. Terrell for the past two weeks, was carried to the Plainview hospital on Monday in a Harmon ambulance.

Mrs. E. J. Barker and son, A. L. Barker, returned home Monday night from a short business trip to San Antonio.

Mr. and Mrs. Clyde Rogers of Lubbock were Sunday guests of her parents, Mr. and Mrs. J. J. McKinney.

Mrs. Don Boothe, of Albuquerque, New Mexico, was guest of her parents, Mr. and Mrs. Tom Deen last week.

Mrs. O. R. Glassmoyer and son, Dean of Glendale, California, were visitors in the O. G. Glassmoyer home the latter part of last week.

Mr. and Mrs. Bill Cross of Canyon spent the week-end in Floydada visiting Mrs. Cross' parents, Mr. and Mrs. J. B. Bishop.

CARD OF THANKS

May we express our appreciation and thank to our friends and neighbors, who were so kind and thoughtful, during the sickness and death of our husband and father. May God's richest blessing rest upon each and everyone of you in time of need.

Mrs. L. E. McCarvey and family.

Mr. and Mrs. Harvey Bishop and family of Littlefield were visitors in the Bill Latham home on East Houston. Mr. and Mrs. Latham moved here last week from Ralls. He is still with the highway department. Both families were former residents of McCoy community.

Mr. and Mrs. T. P. Moore of Amarillo and Ollie Huggins and Dela Huggins and D. O. Murphy were among the outtown friends who attended the funeral of L. E. McCarvey at Lakeview on last Sunday. They were all old neighbors of the McCarvey family.

The Los Vivrauches social club at Texas Tech held its annual presentation dance Saturday, March 31. Those attending from Floydada were Miss Jo Muncy and Macyl Orman.

Mrs. E. E. Johnson of Lynnwood, California, is here visiting Mr. and Mrs. W. H. Seale and other friends. Mrs. Johnson is a former resident of Floydada.

Earl Day of Portland, Oregon, arrived here last Tuesday to visit his mother, Mrs. T. J. Day and other relatives. This is the first visit Earl has made back home in 16 years.

Messrs. and Mmes. G. H. Day and J. W. Day and M. J. McNeill and daughter and Mrs. T. J. Day and Earl Day spent last Sunday in Sudan with Roy Day and family.

Mrs. and Mrs. Guy Jackson were business visitors in Oklahoma City, Oklahoma, last week. They were accompanied as far as Norman, Oklahoma, by Malvin Jarboe who went up on business.

Mrs. Ollie Burkett and Mrs. Ova Mae Lewis of Oklahoma City, spent the past week with their sister, Mrs. Mal Jarboe and family.

Price Regulations on Foods, Industry, Cattle Slaughter

AS.—A system of price control for the nation's grocery stores after the most successful regulations in the food will be put into operation in the Office of Price Stabilization announced.

The new system will result in a many price changes, with many expected to considerably increase, Michael V OPS director, said.

Major grocery items not covered are fresh milk and cream, fresh meats, bread, fresh fruits and vegetables, sugar, ice cream, soft drinks and candy, along with a number of less important foods and "specialty" items. Beers, wines, and liquors are also excluded.

Except for fresh fruits and vegetables and sugar, which are now exempt from price control, prices of all excluded items remain frozen under the General Ceiling Price Regulation. Regulations to meet the special pricing problems involved in production and sale of many of the excluded items are being prepared at OPS for early issuance.

The oil industry's distribution system in the Southwest has been requested to serve as agents for transmitting the Office of Price Stabilization's Ceiling Price Regulation 13 to the 19,826 gasoline service stations in Texas, Louisiana, Oklahoma and Arkansas.

OPS Regulation 13, governing sales and deliveries of gasoline, heating and lubricating oils, liquefied petroleum gas and some other

petroleum products, became effective March 26.

Restrictions on Cattle Slaughter

New restrictions governing slaughtering of cattle under the Office of Price Stabilization meat distribution program have been announced.

During April slaughtering of cattle will be permitted to slaughter no more of these animals than they slaughtered in April, 1950. There will be no quota restrictions for calves, sheep, lambs and swine next month.

Slaughter quotas for all types of livestock were to have gone into effect April 1 under the original regulation issued February 9. Slaughterers were required to apply for registration by March 15.

However, because of delay in obtaining forms and due to administrative difficulties, OPS officials said it has not been possible for all slaughterers to apply for or receive their registration numbers.

A slaughterer may file application for registration at any time between now and April 15, but unless he has received his registration number by April 15 he may not slaughter livestock after that date.

Attend Convention of Woodmen Circle

Mrs. W. H. Hilton and Mrs. Sam Thurman left Sunday morning for Fort Worth where they have been attending the 23rd. biennial Texas State convention of the Woodmen Circle in Fort Worth from April 1 to 4, with headquarters at the Blackstone hotel.

Over six hundred delegates were expected to be in attendance. Mrs. Thurman is visiting with her brother Charlie Owens and family of Paris while she is away. Mrs. Hilton is returning home after the convention.

Mrs. Brummett Rites at Spur Last Week

Mrs. H. A. C. Brummett, sister of Mrs. Ben McGhee, Joe Phillips, R. C. Phillips, D. J. Phillips and Oscar Phillips, of Lockney, passed away at Lubbock Monday of last week.

Survivors are her husband, one daughter, Mrs. Ross Smith of Dallas, and three sons, H. A. C., Jr., Winston, and Dudley, all of Lubbock and 11 grandchildren.

Funeral services were held at the Methodist church in Spur Wednesday afternoon and interment in Lubbock.

Mr. and Mrs. Jess Glover spent the week-end in Shamrock, with Mr. and Mrs. Joe Glover and attend a birthday dinner on Sunday for Joe.

Clothing Leaders Training Meetings

Two training meetings for clothing leaders in Home Demonstration clubs were held last week. The training was conducted by Miss Leila Petty, County Home Demonstration agent, and the meetings were held in her office. The leaders will give the demonstration on "More Clothing Finishes" at their regular club meetings in April.

Attending the meeting on Tuesday morning were Mmes. Ruth Daniel and Bill Smith of Dougherty; Floyd Fuqua of Homebuilders; Ed Holmes of Sand Hill; and Bill Edwards of Harmony.

Leaders attending the meeting on Wednesday morning were Mmes. George West and Albert Stewart of South Plains; W. B. Jordan, Center; A. H. Kreis, Friendship; Verlon Wright, Lakeview; Myrtle Messimer, Lockney; Wm. Herten and Bailey Henderson, Lone Star; Roy Wilkes Pleasant Valley; Velma Barbee and Lloyd Queen, Busy Bees; J. K. Holmes of Starkey.

Matador Council Buys Fire Truck

MATADOR.—One bid by Tom W. Carpenter Equipment company of Amarillo for \$10,117 for a new fire truck, was accepted Tuesday afternoon during a special meeting of the city council.

The truck is expected to be delivered about the last of May. The modern piece of fire fighting equipment will be mounted on a GMC truck chassis purchased through arrangement with the Jameson Machinery company of Matador. Ed Jameson, manager of the firm, sold the chassis at invoice price in order to help the city obtain the equipment.

Billie Concert Closes Season of Association

Miss Ruth Billie, soprano, who was presented in a concert on Wednesday night by the Floydada Municipal Concerts association, was one of the outstanding attractions of the concert season. It was evident after the first group of songs she sang that she had completely captured the hearts of the small but enthusiastic audience who attended.

In addition to a very attractive stage personality, Miss Billie possesses a powerful voice which has been well trained; she demonstrated a wide range scale and her tones were true and firm. The program she presented was well balanced and was made more enjoyable by her brief explanations of each song before she sang it.

Outstanding numbers on her program included "Serenade" by Schubert, "Ouvre ton Coeur (Spanish Serenade)" by Bizet, "Vissi d'Arte (from Tosca)" by Puccini and several numbers from musical comedies by Romberg, Rodgers, and Kern. Miss Billie was called back for several encores and her presentation of "One Fine Day" from the opera "Madam Butterfly" was one of the highlights of the evening.

Miss Billie was ably accompanied by Mr. Warren Rich at the piano. The two numbers, a Sonata for the left hand and Rhapsody No. 6 by Liszt, which he presented were extremely well received, and he was brought back for an encore.

The appearance of Miss Billie brought to a conclusion this year's concert series. The Floydada Municipal Concerts association will have its annual membership campaign on April 9 thru April 14th.

Crosbyton Rodeo Dates June 7-9

CROSBYTON.—Dates for the fourth Annual Crosbyton Rodeo have been set for Thursday, Friday, and Saturday, June 7, 8, and 9. J. L. McCrummen, secretary of the association, said Wednesday. The dates were set at a recent meeting of the board of directors.

The board also contracted with Bob Estes, of Baird, to produce the rodeo this year. Mr. Estes put on last year's performance.

Mr. and Mrs. A. N. Ward of Roswell, New Mexico, spent last Wednesday and Thursday in Floydada visiting with Mrs. C. Surginer and other friends and on a business mission.

Mr. and Mrs. W. D. Standerfer of Plainview were guests of Mr. and Mrs. E. P. Nelson on Saturday.

Rites for Sister-in-Law Held at San Angelo Thursday

Mr. and Mrs. J. D. McBrien and A. T. Hull attended the funeral last Thursday in San Angelo, of their sister-in-law, Mrs. A. C. Hull of Spur, who died in a hospital in San Angelo. She had been a patient there for the past five months.

The funeral service for Mrs. Hull was held in Cox Funeral chapel in San Angelo at 2:30 Thursday afternoon. The pastor of the First Baptist church, Rev. James B. Leavell, officiated. Interment was in the Fairmount cemetery.

Mrs. Hull was the daughter of

the late J. A. Ward of Bonora and Mrs. Ward. Mrs. Ward now makes her home in San Angelo. Mrs. Hull was born July 21, 1904, and was a graduate of Hardin-Simmons university.

She was a member of the Baptist church at Spur and was active in both church and womens clubs.

Survivors include her husband, who owns and operates drug stores in Spur and Lubbock, two daughters Ann, 18, student at the University of Texas and Sue, 11; two sisters and five brothers and her mother, Mrs. Ward of San Angelo.

Judge R. T. Wilkinson of Mount Vernon and his daughter, Mrs. Charles M. Winkle and Mr. Winkle of Pittsburg, Texas were guests of Mr. and Mrs. E. P. Nelson last week-end. Judge Wilkinson is a brother-in-law of Mr. Nelson.

The Chef and his favorite fare... *Steak* flame-broiled to retain that unbeatable flavor

The efficient, smokeless broilers of gas ranges built to "CP" standards are cool, convenient and easy to clean. Even broiling is easy... there are no "hot spots." Fats and greases are drained away from heat zone to prevent spluttering and smoking. Rising food and grease vapors are incinerated in the broiler flame. And... in West Texas where "Steak is King" ... most people say, "I want my steak flame-broiled."

You can always count on winning their favor with the flavor of flame-broiled steaks... done to a turn... in an automatic GAS range built to "CP" standards.

Economic Index Figure Favors County Schools

Floyd county schools will profit slightly this year from the change in the economic index figure, the so-called G-A index, according to local school authorities, about \$3,000 more the schools will collect from the state than they were allotted last year.

The economic index figure is based on a formula that is re-figured by the state board from year to year to maintain the scholastic level of instruction in the various schools of the state and assess a fair charge against the various subdivisions, based on economic conditions prevailing.

The index for Floyd county was lowered for this year in comparison with last.

Oil Test Bottomed Below 5 Thousand

The J. S. Lackey test for oil of Houston Oil company of Texas, northwest of Cedar a mile and a half was bottomed at 3,000 feet in the night Tuesday, said to be in dolomite formation.

Test May Be on a High

Reports appearing in the daily press last week-end indicate the J. S. Lackey test may be on a "high," looked upon as a favorable omen. The report appearing in the Star-Telegram says:

High structural position on the top of the Fullerton sand, upper Clear Fork, was reported for Houston Oil Company of Texas No. 1 Lackey, section 11, block D-2, GC-6SF survey, Floyd County wildcat 13 miles northeast of Floydada.

The Fullerton sand was entered at 3,660 feet, minus datum point of 486 feet, or 271 feet high to Humble Oil & Refining Company No. 1 Merriwether, deep failure four miles southeast.

Miss Mina Troutman of Iowa Park, Texas, spent the week-end with her brother and wife, Mr. and Mrs. Noel Troutman. On Sunday, Mr. and Mrs. Troutman and Miss Troutman visited in Dumas with another brother, G. L. Troutman, and Mrs. Troutman.

by county, 12 miles south of Floydada. They were engaged in farming and stock raising until 1922, when they moved to Floydada to their present home.

Mrs. Assiter was active in church, Sunday school and civic affairs of the community for years. She was a past worthy matron of the Floydada chapter, Order of the Eastern Star.

Mr. and Mrs. Assiter observed their golden wedding anniversary in 1944. Mr. Assiter preceded his wife in death on February 4, 1950. Also two of their children preceded the parents in death: Elwood Assiter, who passed on March 2, 1946 and Mrs. Myrtle Sargent, whose death occurred on January 9, 1950.

Mrs. Assiter is survived by the following children: Mesdames John R. Gray and Olin Bryant of Floydada and Harvey Assiter of Lubbock and L. V. Assiter of Chicago, all of whom were present for the funeral rites. Mrs. Assiter is also survived by 14 grandchildren, six great grandchildren, and one brother, John Gresham of Thorndale, Texas, and one sister, Mrs. Kate Waverley, of Kansas.

REVIVAL TEAM

REVEREND F. E. SWANNER

EARL W. ROGERS OF BORGER

Preacher and song leader respectively in the revival meeting now swinging into the climaxing four days at the First Baptist church, are Rev. F. E. Swanner, evangelist, and Earl W. Rogers, singer. They have been preaching and singing for growing audiences. The series of services close Sunday night.

Both have served on the board a number of years.

In the county trustee election, to be held on the same date—Saturday, April 7—a trustee from Precinct One and a trustee from Precinct Two are to be named. The name of M. P. Green will appear on this ballot, by petition for Precinct One. J. T. McLain is retiring trustee from this post.

Ben Quebe is the member of the county board from Precinct Two whose term expires. Yesterday it was anticipated that he would probably be chosen to succeed himself.

Mrs. L. M. Baskin Passes; Rites Held Friday Afternoon

Mrs. Lelia M. Baskin, 61, mother of Mrs. Dick Graves, passed away at Peoples hospital at 7 o'clock last Thursday. Mrs. Baskin had been ill for the past 13 years and been making her home in Floydada with her daughter since 1941.

The funeral service for Mrs. Baskin was held at 3 p. m. on Friday in the First Baptist church with the pastor, R. Earl Allen, officiating. Interment was in the Lockney cemetery under the direction of the Carter Funeral home of Lockney.

Pallbearers at the service were J. D. McBrien, Billy Henry, R. C. Clem, Hubert Davis, Jewel Elza and W. F. Culppepper.

Mrs. Baskin was born Lelia Myrtle Lythe on January 1, 1890 in Texas. She was married to J. A. Baskin on July 21, 1906. She moved to the Plains from Hall county in 1918 and lived in Lockney from 1936 to 1941. Mr. Baskin preceded her in death in 1939, the victim of a bolt of lightning. Mrs. Baskin joined the Baptist church when she was 15 years old.

Mrs. Baskin is survived by two daughters, Mrs. Graves, and Mrs. G. F. Morgan of Adrian, Texas, and two sons, J. A. Baskin, Jr., of Amarillo, and Olin O. Baskin of Sunray, Texas and one sister, Mrs. Beulah Brady, of Billings, Montana.

Relatives from Amarillo attending the service for Mrs. Baskin were Mesdames Montie Bewer, Fannie Yeary, Aulie Mae Platt and Billie Podgeny.

Find Home Talent For Jaycees Show

The Home Talent show, to be held at the High school auditorium on April 17, sponsored by the Jaycees is beginning to take form, according to Dr. John Kimble, general chairman of the show.

Jimmy Willson, Rex Brown and Fred Cardinal have lined up talent in readings, orchestra numbers, musical saw numbers, solos, duets, quartets, comedy and other fine numbers, he said.

Tickets are being sold this week by the ticket committee and those who attend the show will be well pleased with the home talent as lined up, Dr. Kimble thinks.

Yesterday the committee is being searched for more entertainers is being continued in the community and they are anxious to contact anybody, young or old, who think they could help make a good home talent show.

Muncy Flower Pit Opening Tuesday

Rev. and Mrs. R. E. L. Muncy are announcing this week the spring opening of their flower pit at 414 South Wall street, adjacent to their residence. Hours will be all afternoon April 10.

Yesterday Rev. Muncy said he thought many would especially enjoy the wide range of geranium and other potted plants, including several varieties of cacti.

The couple expect to branch out again this season into plant production for transplanted vegetables as soon as the season is at hand. Hours for the open house will be all afternoon Tuesday.

K. Walling Rites Today at Duncan

Last rites for K. Walling, 77, will be held at Duncan, Oklahoma, this afternoon at 2 o'clock, Mrs. A. C. Goen a sister was advised by wire following his death Tuesday at noon at his home there.

A son of the late Mr. and Mrs. E. M. Walling, pioneer Floyd county residents, Mr. Walling is survived by a son Buster, and a daughter, Mrs. Olin Sledge, both of Duncan; also by one brother, Earl who lives in California, and four sisters, Mrs. J. W. McDonald, Plainview, Mrs. A. C. Goen, Floydada, Mrs. Ed Burrus, Olton, and Mrs. Letha Crawford of California.

Boyce House Says

There is adventure to writing a history. Before your columnist sat down and began putting the book, "City of Flaming Adventure" on paper,

I had read more than 100 books and numerous magazine articles and had blown the dust off unpublished memoirs of old-time San Antonio citizens.

Ten school-boy composition books were filled with notes—thousands of words, hundreds of items. Then came the task of selecting what to use and what to omit, of deciding which was correct when there was a conflict as to facts, then of fitting the events and individuals into sequence and of trying to tell the story of San Antonio clearly and interestingly—and, of course, accurately.

During the research, weeks were spent in San Antonio. As soon as the Public Library doors opened, I entered and, except for a quick lunch, remained until closing time.

When I emerged into the streets with neon signs and rumbling trucks, things seemed unreal for I was still living in the time I had just been studying about—perhaps 125 years before, when the Spaniards were executing rebels and displaying their heads on poles, as a warning, at the river crossing.

From studying so much about them, Travis, Bonam and the other heroes of the Alamo seemed very real and not just names and shadows. And I almost felt that I was present in 1835 when a big Texan stepped out of the ranks of the force which was besieging Cos' army and shouted, "Who will go with Old Ben Milam into San Antonio?"

WTSC A Capella Choir in Assembly

Everyone was very excited and could hardly wait for the 9:00 o'clock bell to ring Tuesday morning, March 27, when the big Greyhound bus parked at the south hall door of the high school, and the members of the touring company of the West Texas State college A Cappella choir went into the auditorium.

At the opening of the curtain, the choir, robed in maroon and white, sang "Thou Didst Delight my Eyes." When this was finished, Houston Bright, the director, introduced the choir as a whole; then they sang "Evening Song of the Weary," a song written by Mr. Bright. He then introduced Donna Erwin, who sang a number of solos. Her songs were interesting because of her extraordinarily low pitched voice and the very good expression in her voice as she sang.

The choir then sang other selections including a round, that went over with the audience very well, and "The Black Oak Tree," a beautiful song with Juanita Jo Broadway as soloist.

At this point of the program Mr. Bright introduced the Treble Ensemble, made up of eight girls from the choir. They sang such numbers as "Oh Susanna" and "Blue Skies." They were liked very much because of their "peppy" way of singing the songs.

The choir finished its program with "Madame Jeanette" and did "Only Begotten Son" as the encore. Houston Bright's vivacious personality was noticed and liked by everyone. The entire student body hopes that the choir will return in the near future.

Girl's Chorus News

The Girls' chorus will go to Canyon to enter the Interscholastic League Music Festival contest, April 3. The girls have been working hard on the contest selections. The songs that will be sung are "The Trout," "How Lovely are the Messengers," and "The Lord Bless You and Keep You." Three soloists are featured in "How Lovely are the Messengers." They are as follows: Barbara Hart, first soprano, Anita Tooley, second soprano, and Jean Porter, alto. The girls hope to do as well as they did last year.

On April 24, Miss Bevil and Mrs. Mears will give a concert at the high school auditorium. The chorus is sponsoring this program. Another concert will be given by the Girls' High school chorus May 10, featuring Ann Weiborn as pianist. Everyone is invited.

A LOOK INTO THE BOOK NOOK

Let's take a look into our library to find out what books are popular among the girls who work there. Nell Jones, whom I interviewed first, tells me that her favorite book is Abe Lincoln's Other Mother. This book by Bernadine Bailey is very good in my estimation too. It shows the influence that a mother has upon her children.

The second period librarian, Jenny Hennessee, likes Withering Heights by Emily Bronte. The eccentricity of the characters and the weirdness of the setting are the qualities that attract her in particular. This book attracted me because of the fact that the author had never associated much with people other than her own family. In the book she portrays the different characters very vividly.

Lavada Griggs says Silver Wings by Grace Livingston Hill is her favorite book. Chytha Whitfill, her third period library partner, likes Girl of the Lumberlost, a book by Gene Stratton Porter. I have not read these two particular books, but I know of others written by their authors which have proved very interesting. Porter gives a realistic description of outdoor life. For freshmen and sophomores these are ideal.

Virginia Presley likes books written by Ernie Pyle. She has read Brave Men and Here is Your War. Brave Men has a very intense portrayal of characters in the European War Theatre. Of course, probably everyone knows that these are non-fiction war stories, and these books will prove interesting to those who enjoy that type.

Also in the library during the fifth period is Frances Ashton, who chooses Rebecca by Daphne Du Maurier as her favorite book. She says the author held her interest all through the book. This novel has been made into a movie and also a radio play which you may have seen or heard.

Last, but not least in importance, is Mrs. Thomas, who says her favorite books are those written by Lloyd C. Douglas. She tells me that Magnificent Obsession teaches a lesson which everyone may learn upon reading the book. "I plan to read 'The Big Fisherman' is a portrayal of Biblical times and characters. There are several other interesting books by Lloyd C. Douglas in the library.

Maybe you like this article and maybe you don't. If you do, contact me, Mary Ann, in the library during the first period and tell me about a book which you enjoyed very well and would like to advise others to read.

Fashions and Fads

Need a new apron, a beach coat, or a skirt? Then grab the scissors, buy a big Terry-cloth towel, and make one. All of these are fun and easy to make. You can buy a pattern at almost any department store, or you might try your own creation.

I suppose the question on most girls' minds is, "What kind of evening dress should I get?" Of course, net is always good — in any color. Dotted swiss can be made into cute evening dresses — especially with lots of ruffles. Then there's organdy crisp and cool in any color. We mustn't forget the lovely, light marquisette or rustling tulle.

I have noticed that a lot of the

Candid Camera

This week our spotlight is focused on a very lovely senior, Kayte Collier. She has been a native of Floydada, Texas, since August 7, 1934, at about 1:00 p. m. She weighs about 118 pounds, has a nice figure, has shiny blond hair, a lovely complexion, and blue eyes.

Her most embarrassing moment happened when she lost her breath when starting to lead the first yell in a pep rally in assembly. She couldn't give the words to the next yell, and Meri had to.

Kayte has a long list of favorites and they are: colors, blue, green, and white; clothes, skirts, sweaters, blouses, slacks and shorts; pastimes, listening to records and going with T. movie, "Three Little Words," song, "Jealous Heart" by Al Morgan; and house - ranch style.

The most exciting moment she ever had happened at the 1949 football banquet when Mary Alice announced that she was one of the cheer leaders for 1950.

Her ideal boy stands about 6' tall, weighs 162 lbs., has red hair, light brown eyes, a wonderful personality,

EDITORIAL

A CRITICAL TIME

War time! Everyone has heard this phrase. It is a time of insecurity and uneasiness.

This feeling of unrest does not involve just those who are fighting the enemy, or only those who are the leaders of the nation; but it is of importance to everyone, who is alive, even though he may not seem to play a part in the security of his nation.

One may ask, "What can I do to help?" There are many things that one may do. The organizations need to be maintained by the people at home. It is everyone's place to put forth an effort to forward the work of supplying things needed by the servicemen at home and abroad. Also the good clean entertainment, furnished by these organizations is necessary.

These things are important but not of enough importance to win the struggle. Each person should do his duty toward God by attending church regularly and by living out in his life the principles of Christianity.

NOTE TO THE FELLOWS

Do you get a date, go after the girl, then spend twenty to thirty minutes waiting to decide where to go?

Believe us, loves of our lives, we care much less about what the program is than you imagine. But what we do care about is our making the decision when we don't know how much money you want to spend, or can spend. So, if you're taking us to dinner, pick a place beforehand — it's much more fun to eat hamburgers than to wonder if you really could afford steak. If you're in the mood for skating or bowling, let us in on the secret. Then we'll know not to wear dressy dresses and high heels.

Tell us frankly if you're broke, and try to have a few ideas on hand about entertainment. We'd much rather go for a walk than to feel that we drained your wallet. For the pleasure of your (self-assured) company is our main interest, much as we blush to admit it!

is very easy to get along with. Kayte's dislikes are few but they are: unfriendly and people, Spike Jones, studying, boys that make something bad of everything the girls do. Kayte likes include fried chicken, berries, cokes, semi-classical music, the pep squad, Ford's dancing. Kayte's most frightening moment was when she fell out of a car another car ran over her ankle. Kayte's version of an ideal day is at 8:30 a. m. She would have breakfast consisting of two wafers and a huge glass of ice-cold milk. After breakfast she would go to the Country Club and they would swim and sun for two or three hours. They would then go home and eat a big dinner of fried chicken, with all the trimmings, and a dessert of pie. After lunch Kayte would take all the girls to Lubbock and go to the black and white Bellaire for Pat, Nancy, Edith, and Ann. They would go to the Country Club and they would swim and sun for two or three hours. They would then go home and eat a big dinner of fried chicken, with all the trimmings, and a dessert of pie. NANCY NUTTS

Dear Nancy,
Is that man rich?
Curiously,
Aubrey Guthrie

Dear Aubrey,
Is he! He's so rich he doesn't even know his son's a senior in Floydada High School.
Smartly, Nancy

Dear Nancy,
What is the difference between a boy breaking a date and a girl breaking a date?
Curiously,
Edith Garrett

Dear Edith,
When a boy breaks a date, he usually has to. When a girl breaks a date, she usually has two.
Knowingly,
Nancy

Dear Nancy,
Should I cut English class today?
Stupidly,
Estelle

Dear Estelle,
No, you look as if you need the sleep.
Helpful,
Nancy

Dear Nancy,
Did you know my boyfriend is serving on an island in the Pacific?
Proudly,
Jenny Hennessee

Dear Jenny,
Mine is too. Alcatraz.
Braggingly,
Nancy

Dear Nancy,
If you don't marry me, I'll blow my brains out.
Desperate,
Dan

Dear Dan,
That would be a joke on father. He doesn't think you have any.
Truly,
Nancy

Dear Nancy,
Are you spoiled?
Interested,
Earl Eubanks

Dear Earl,
No, it's just the perfume I'm wearing.
Sweetly,
Nancy

Dear Nancy,
My girlfriend told me I reminded her of the sea. Did she mean I was wild, reckless, and romantic?
A friend,
Dale Roberts

Dear Dale,
No, she meant you made her sick.
Truthful,
Nancy

Dear Nancy,
Everything's fine at school, I'm getting lots of sleep and studying hard. Incidentally, I am enclosing my fraternity bill.
Your brother,
Pudge

Dear Pudge,
Don't buy anymore fraternities. Your sister,
Nancy

Girls, you can't make your husband feel like a Pagan God by placing a burnt offering before him at mealtime.

What Did You Particularly Like About the Annuals?

Ann Welborn—"The photography and arrangement."
Jo Day—"Photography was so plain, and the art work was good."
Donice Turner—"The empty spaces for the kids to write on."
Pat Day—"The Photographs were so plain, and I like the empty spaces for autographs."
Norma Ross—"The blank pages for everyone to write on and the pretty cover."
Jean Owens—"You can look at the kids without some of them staring at you."
Bert Grimes—"Nothing in particular; it was all well."
Troy Williams—"It was well."
Norman Muncy—"It was all nice."
A. C. Pratt—"Photographs were plain."
Brooks Chapman—"The pictures were plain and there was plenty of space for autographs."
Conray Johnson—"I like the way it covered the school activities."
Wilton Green—"I liked the way the seniors pictures were put in. It was grand."
Aubrey Guthrie—"Don't ask me—I helped make it."
Glenn King—"The way the pictures were arranged."
Bev Thomas—"They didn't leave a thing out! I think it was, on the whole, the best yet."
Myrna Wilson—"I thought everything was just perfect."
Bobbie Stephens—"It was great."
Glenda Meek—"I was in so good that I couldn't name any one thing."
G. B. Capshaw—"The pictures were plain and there was plenty of space."
Gladys Parkey—"Everything was well. I liked the way the favorite pictures were fixed."
Pat Lee—"Thanks to the people who were in charge of the annuals, they were just outstanding."

FHS 1-Act Players To Canyon Friday

Tuesday of last week the district play contest was held at Floydada. The group was introduced by Reverend Earl Allen. The singer, Mr. Earl Rogers, sang several humorous songs and dedicated them to some of the high school students. Then Rev. Franklin Swanner spoke to the group on the subject, "The Importance of Little Things."

Floydada, presenting "This Night Shall Pass," won first place. Bert Grimes the Youth in "This Night Shall Pass" was judged best actor of the district meet.

Spur, presenting "Mansions," won second. Annette Lee, Lydia in "Mansions," was judged best actress. Jackie Claude of Spur was also on the all-star cast.

Abernathy, presenting "Scarvin," had two characters on the all-star cast. They were Tajuana Loper, who played Crendina, and Erby Rhodes, who played Orry Sparks.

Lockney, presenting "High Window," also had a character on the all-star cast. She was Betty Clarke, who played the reporter.

Mr. Paul Moore, head of the speech department at West Texas State, was critic judge and gave the criticisms to the casts of these plays after the contest.

"This Night Shall Pass," the winning play, will go to Canyon on April 6, to compete in the regional tournament.

Abernathy Edges Winds In Track

A four way track meet at Floydada was won in the last event of the day. Abernathy, defending district track champs, edged out Floydada and beat Tulsa and Lockney here Friday. The Antelopes were strong in the field events, taking first and second in the shot put, first in the broad jump, first and second in the high jump and first and third and fourth in the discus. The Whirlwind relay teams won both the 440 yard sprint relay and the one mile relay.

The district meet will be held Saturday, April 7, at Wester Field.

TYPING STUDENTS WIN AWARD

The following typing students have been awarded the Junior O. A. T. (Order of Artistic Typists) certificate by the Gregg Publishing company: Lee Hutchinson, Helen Calahan, Nancy Ann Gollightly, Natha Burleson, Marlene Raley, Doris and Dorothy Foster, and Hubert Ring.

In order to earn these certificates the students had to type a perfect copy of prescribed material as printed in the current issue of the magazine today's secretary. It is hoped that more students will apply for this certificate in the next two months.

Love may be blind but when it comes to diamonds the girl is not stone blind.

BROTHER!_ WOULD UNCLE JOE LOVE THIS!

NO TRUCKS ALLOWED!

Nothing could more completely halt our national defense—or more thoroughly disrupt our whole way of life—than to cripple truck transportation!

—Because today's swift, efficient system of truck transport is the vital bridge... in many cases the only bridge... between farm and market, factory and store, and you.

With trucks stopped, almost no food, no fuel, no clothes—none of the necessities of life could reach us—day after day—fast, fresh, without fail!

The fact is—just about everything America uses—for our armed forces and for our everyday needs at home—is carried in America's essential trucks.

That's why Uncle Joe would love to see that sign, "NO TRUCKS ALLOWED," on every highway, road and street in the nation.

He wouldn't have to fight a hot war. We'd be licked before we started.

Yet right here, in the U. S. A., horse and buggy laws in many states are still preventing trucks from carrying full, productive loads across state lines! ... A truck legally loaded in one state, can still be ruled illegally overloaded in the next state—while traveling over the same highway!

America is in urgent need of all her transportation resources. Any law that cripples truck transportation discriminates against you, your family, your community—and seriously hampers our program for defense.
