

MAYOR J. A. PATTERSON PLEDGES WORK TOWARD A BETTER CITY

Statement issued this week, by the chosen mayor of Floydada, J. A. Patterson, points out the need for cooperation and the need for improvement in the city. His statement is as follows:

I would like to thank you for the position of mayor of this city. I appreciate the confidence expressed in me by this position. I want to prove my appreciation by making you the very best that is possible for me to do.

Every citizen may help in some things that you do along these lines: Keep yards and premises clean and neat; do not litter; do not burn weeds and grass; do not burn around your places; do not burn in places where it is dangerous; do not burn in places where it is dangerous; do not burn in places where it is dangerous.

Looking forward to the time when we can have our city well improved, and our streets paved, and our homes filled up, and our town more attractive.

Consumers Fuel Capital Increase \$125,000 Gets Members' Okey

The annual meeting of the Consumers Fuel Association Monday afternoon a plan to increase the capital stock of the association from \$50,000 to \$125,000 was given approval.

We are proud of the nice churches and schools which this city affords. We feel that all city laws should be enforced with fear or favor to none. If there is such a law that does not need enforcing, I certainly am in favor of repealing it.

We would not fail to mention one of the newest and latest developments for the city, and that is our new radio station KFLD. This is just one other thing that will add to the joys of living here, and something that each citizen can point to with pride.

We want to work with the young people, and everyone as for that matter, to promote a clean city, a law-abiding city, a church-going city, and a friendly city, so that people will want to move here and make it their permanent homes.

With every citizen pledging to help in the things mentioned, I know we will have a better town which everyone would be proud to call his or her Home Town.

KFLD Opening Day Gratifying

Opening day, Friday and the 13th, for Radio Station KFLD was a gratifying day for the staff and owners. Jes Stanton, manager, reports this week. Hundreds of visitors, many flowers and well wishers, crowded reception room — all the things that go with such an event to please the sponsors of a new enterprise in a community. Nearly 1,500 persons registered for the opening.

Local officials and representatives of business prominent on the program. Rev. R. N. Huckabee, pastor of the First Methodist church, said the invocation. Jes Stanton, the manager, officiated, with Marshall Formby representing the owners in expressing gratification for the response of the public in the caprock communities to the new station. Wives of the owners assisted in receiving the large number of guests.

J. A. Patterson, mayor, F. C. Harmon, recent past mayor and Glad Snodgrass, a former mayor, and Mrs. Snodgrass, were among the notables who expressed welcome, as were A. M. Stander, manager of Floydada Chamber of Commerce, Bob Smith, chief of police, and Al Fuchs, manager of the city light division.

Other scores of local citizens were introduced briefly during the day. In the morning hours Mrs. Ed Holmes, wife of one of the trio of owners, presided at a round table of prominent local women.

The usual last-minute shortages and mishaps which plague a new radio station were in evidence to the staff only. To the uninitiated the program went off quite smoothly.

KFLD is affiliated with the Liberty chain and has United Press wire news. It is operated by West Texas Broadcasters, incorporated, of which Ed Holmes, Marshall Formby and B. A. Robertson are owners. The station represents an investment of upward of \$50,000. It has an assigned frequency of 900 kilocycles.

Massie Produces 18 Massive Steers

Producing and marketing big steers for the prime market is becoming a habit with W. A. Massie. His latest is an 18-head shipment that went to Fort Worth 10 days ago and weighed out \$517 apiece when they reached the Fort Worth market. The 18 animals this year were lighter than his 1505-lb. heaves shipped out in 1950, averaging above 14-00 pounds, however, and bringing the producers more dollars and cents.

Massie's heavy feeding is limited, he said, to animals he has left after he sells off bull calves. His feeding system is arranged so as to reduce guess work in the feed lot to the minimum. Todate he has found it profitable.

CARL L. MINOR OPERATION DONE LAST TUESDAY

A telegram yesterday from Carl Minor, Jr., to Tom Smith of the Star Cash grocery stated that his father, C. L. Minor, owner of the store, had major surgery in Mayo hospital Tuesday evening and was doing as well as could be expected. Mr. Minor, senior, left last week in company with Mrs. Minor for Rochester, Minnesota, to enter Mayo Bros. clinic.

Pioneers Meet For Founder's Day on May 28

Floyd County pioneers, already in preparation for their annual gathering, have set Monday, May 28, as the date on which they will gather for their 1951 re-union, and will meet again on Saturday of next week to see how well their preliminary work has been done.

In their first gathering President Omar Parrish named several committeemen who are due to report back to the April 28 meeting of the officers and directors. Parrish said any members of the old settlers association are welcome to attend this meeting.

Because the court house is not yet finished and probably will not be by the meeting date of the old settlers, the plans are being made to hold the annual gathering on the lawn and surrounding environs of the City hall as was done last year.

Committeemen named are as follows:

Committee on finance and dinner: Walter Gound, Tom McLain, Lee Noble, Frank Moore, George Fawver, Gula Snodgrass, Carr Surginer, Ham Smith;

Parade committee: Oscar Stansell, Roy Childress, Calvin Steen, Johnnie Lackey, R. I. Bennett, Buck Sams, Skeet Thornton, Lee Noble;

Registration committee: Margaret Collier, Chairman with Mary McPherson, Joy Day, Wanda DuBois, Ruth Vuk Wickle, Jean Ring;

Badges & Tickets: Homer Steen; Memorial committee: Mrs. E. C. Henry, Floydada, Mrs. Bernice Barker, Lockney;

It was moved and seconded that both the Floydada and Lockney Bands be asked to play at the meeting this year.

To see about Loud Speaker, Grover Smith

Tables and seating Carrick Snodgrass, Duncan Hollums, Hershel Swepston, Herschel Green, Claude Fawver, Tate Jones, Gene Blackmon, T. Cardinal, Seaton Howard, Rex R. Brown, and Ailie Fawver;

Entertainment committee: Glad Snodgrass, Homer Steen, John B. Stapleton and Kenneth Bain.

Mrs. J. W. Starkey Pioneer Resident, Died Sunday Night

Mrs. J. W. Starkey, 73, a pioneer of Floyd County, who resided in the Cedar Hill community, passed away at the Lockney hospital last Sunday night of a heart attack.

The funeral service for Mrs. Starkey was held in the Lockney Baptist church Tuesday afternoon. Rev. Olin Beauchamp, pastor of the Assembly of God church, Lockney, was assisted by Rev. Lee of Matador in conducting the service.

Interment was in the Lockney cemetery.

Grandsons of Mrs. Starkey were the pallbearers.

Mrs. Starkey is survived by her husband and nine sons: John, Clonley, Charley, Plonot, William, Oklahoma City, Irish, Boyd; Homer, Matador; Floyd and Jesse, both of Lockney, Raymond and Lee both of Eureka, California, and two daughters, Mrs. Leroy Durham of Lockney and Mrs. D. D. Myrick of Hart.

She is also survived by three sisters, one brother and 36 grandchildren and 18 great grandchildren.

Ceremony Will Celebrate Completion Light System

Ceremonies formally observing the completion of the municipality's new vapor gas street lighting system will be held Friday night downtown at the corner of Main and California streets, with city officials and business representatives joining in the program.

Scheduled hour for the ceremony is 7:30 o'clock.

The lights have been turned on as

blocks have been completed in the system, but tomorrow night it is said the last block will have been connected and the entire 14 blocks of the new vapor lights will be burning when the ceremonies are held.

Preceding the speech-making will come band music by Floydada High school band under the direction of Myron Katner. The band will

form ranks at the corner of California and Fifth and march to the program corner.

Former Mayor F. C. Harmon, City Light division manager Al Fuchs and Mayor J. A. Patterson are among the officials scheduled for talks. Mr. Harmon will recount some of the efforts made and obstacles overcome in getting the work started. Mr. Fuchs, in addition to telling of

the light division's successful completion of the lighting system under difficulties will show a demonstration light to show observers. Mayor Patterson will tell of some of the city's future plans and will formally present the light system in the name of progress and welfare of the community. Chamber of Commerce president James H. Word will give a congratulatory response on behalf of the citizenship.

Costs Have Been Held Down
Authorities of the municipality who began work on the plan for the vapor gas light system two years ago will tell of how the difficulties were surmounted while costs also were held to the minimum.

Forty-one lights which cover the business area of 14 blocks will have been installed when the lights are on tomorrow night. But whereas the council viewed a steel pole cost of \$110 each and finally determined on wood poles as an alternative, the graceful installations completed this week represent a cost per steel pole of only \$33 each. Purchase of steel for the poles and welding in the city's own shops made the big saving possible, in fact, made the system possible. Commercial steel poles and wood poles both became impossible to obtain as long ago as 10 months. Total outlay, as estimated yesterday by light division manager Al Fuchs will be \$6,500 and the bill has been provided for.

City light crewmen made the installations while carrying on their regular work of maintaining the distribution system at a very considerable saving to the taxpayers, officials point out.

An addition to the equipment of the city light division made last year has been invaluable to the system. This is the almost new truck with frame, ladder, digger and equipment. This is a \$7,000 piece of equipment which was obtained at a cost to the city of \$1,500.

Proclaims May Jury Service Month in Texas

AUSTIN, April—May has been officially designated as Jury Service month in a proclamation issued by Governor Allan Shivers.

Secretary of State John Ben Shepperd announced plans for observing the event. Shepperd, who is chairman of the American Citizenship committee of the state bar of Texas, revealed the statewide program as a joint project of the bar and Texas newspaper publishers, represented by the Texas Press association, of which Frederick I. Masseingill, Jr., publisher of Terrell Daily Tribune, is president.

The governor's proclamation followed the passage of a joint resolution by both houses of Texas legislature, which stresses the importance of the right to trial by jury and the dependence of this right upon willing service as jurors by all eligible citizens.

New Life to Jury System
"The primary objective of the event," Shepperd stated, "is to give new life to the jury service system so that our democratic process of free courts will survive."

General objectives are: (1) that no Texan will ask to be excused from jury service during the month of May; (2) to make a study of the types of individuals asking to be excused; (3) to urge employers to insist that their employees accept jury service, and to pay them while serving; (4) to urge lawyers to insist that their clients accept jury service; (5) to find new and better ways to encourage eligible jurors to serve; (6) to make the public conscious of the fact that seeking to be excused from jury service will, in time, cause them to lose that right.

In discussing "jury service month," Shepperd said, "Apathy and unwillingness to serve on a jury are real detriment to our free court system. A man who tries to be excused from serving on another's jury is in a measure denying him the right to trial by jury."

Billy Brown and Rex Brown were the announcers, and did a good job. Little Linda Beth Elred, 4 year old, daughter of Mr. and Mrs. Charles Elred of Petersburg, granddaughter of Mr. and Mrs. Price Scott, formerly of Floydada, was really a star in her own right, singing two numbers and for an encore sang a song in Chinese. Her brothers, Kenneth and Sammie, sang a duet, with encore.

Patry Johnson gave a well rendered reading, and she and Maxine Hatley, accompanied on piano by Anita Tooley, gave two songs very cleverly.

Sandra Collier proved her ability as a pianist in a very beautiful classical number.

Two favorites, Carolyn McDonald and Ann Welborn, sang a duet with Dorothy Holmes at the piano.

Jean Porter and Grover Warren Smith gave a clever skit.

Donald Smith, freshman in high school, Floydada's piano genius, favored the audience with two classical numbers.

Anita Tooley and Johnnie Owens, accompanied on the guitar by Billy Jo Smith, sang two numbers which were well received.

Jury Service Month will be co-sponsored in May, by the Texas Press Association and the American Citizenship Committee of the State Bar of Texas. Discussing the project with Fred Masseingill, Jr., Terrell Tribune publisher and president of the press association, are Ernest E. Sanders, left, Fort Worth attorney, and Secretary of State John Ben Shepperd, right. Shepperd is chairman of the American Citizenship Committee, and Sanders is chairman of the bar's Jury Service

Month sub-committee. Prime objective of the program is that no Texan will ask to be excused from jury service during the month of May. The press association and live bar are inviting churches and civic organizations to participate, by urging their members to take renewed interest in preserving our system of free courts by willingly accepting jury service. Many civic clubs will have Jury Service Month programs with lawyers as speakers.

Roy Teague of the Blanco community sang two numbers with Dorothy Holmes at the piano. Roy has a good voice and his numbers were well received.

Two Floydada young ladies, performed acrobatics. They were Sonja Beth Wilson and Sherri Darden.

Billy Jo Smith sang and played guitar numbers and he and Carol Fulton gave duet numbers with two guitars. Leo Smith, brother of Billy Jo, sang, accompanied by Billy and Carol.

George Kaysinger, and daughter, Dorothy, of Earth, played the guitar and the steel guitar. Dorothy is talented with the steel guitar. They were given a big ovation, and played several numbers for the audience.

Comments heard thru the audience were that they liked the show very much and hoped the Jaycees would have another talent show again in the future.

For the grand finale, the Glen Amburn band, composed of Clifford Warren, piano, Lloyd Queen, mandolin, Charles Holmes and Cliff Ware, guitars and Glen, fiddle, played several numbers and Glen also played his musical saw.

Hidden talent was in store for the audience, when Billy Brown called for Fred Cardinal, introduced him as the man, who had worked so hard making the show a success, to play the fiddle for the band and he and the band played so well that feet were moving and keeping time all around in the audience.

First Assistant Attorney General Chas. D. Mathews, of Austin, yesterday told members of Floydada Rotary club that the battle in the congress for ownership of the Texas tidelands is one of great import to every citizen of the nation.

He recounted briefly how Texas lost the suit before the Supreme court, and documented briefly evidence which the attorney general's office sought to introduce before the high court. He was introduced by District Judge Alton B. Chapman.

Mr. Mathews, who was reared in Floydada, the son of Judge L. G. Mathews, was accompanied from Austin by Mrs. Mathews and they are spending a brief holiday here as guests of the Clinton Pyffes.

Former Resident Victim of Heart Ailment Yesterday

Mrs. John McCleskey died at Hereford hospital Wednesday about 1 o'clock after being ill for about two hours, suffering from a heart attack.

Mrs. McCleskey, a former resident of Floydada, is the mother of Mrs. Rex Brown, who with Mr. Brown left immediately for Hereford.

A son, Johnnie, is stationed in Tokio, and the Red Cross at Hereford has wired for an emergency furlough for him. As yet it is not known whether he will arrive in time for the funeral. Time and place of the funeral rites are pending.

Mrs. McCleskey had not been ill, but was in a highly nervous condition, due to worry about the son in the war zone, prior to her death.

Open Campaign To Get Cancer Fund Monday

The Americans have been taking a beating from an opponent who never fights fair. This opponent strikes at women, children and old folks, as well as men in the prime of life. This opponent is called cancer.

Carl H. Green of Plainview is the chairman of the Four County Cancer society which includes Hale, Floyd, Swisher and Briscoe counties. He has appointed a triangle of leadership for each county which will comprise a medical doctor, a layman and a laywoman. Mrs. Walter H. Jones, T. L. Fore and Houston M. Burke, M. D., all of Tulsa, will constitute the triangle of leadership for Swisher county; in Hale county, E. O. Nichols, Jr., M. D., Carl D. Green and the laywoman to be announced later; in Briscoe county, Mrs. Watson Douglas of Silverton, Orlean Stark of Quitaque, E. O. (See Cancer Campaign, back page)

Price Ceilings. People who are anxiously awaiting the effective date for OPS regulations to become the law in a varied and assorted number of items sold by retailers will begin to realize soon after April 30 whether the new rules are going to be of value to them in their family budget problems. A good many families sure are searching for some help in connection with the budget. Some feel sure the new regulations are going to be helpful mainly because they think the regulations will bring stabilization. Stability is what most every line of business endeavor would like to see right now, and the household budget is an important part of the problem.

It is said the restaurant operators, of all the business people, are the ones most anxious to see OPS regulations go into effect. Some of them in a longtime habit of making money, are beginning to find their costs, especially their food costs, spiral tremendously. They have been trying to hold the line against the inevitable. Look for restaurants to have to increase some, if not all, of their prices.

The pricing chart deadline, April 30, will affect 32,000 restaurants, 51,000 groceries and about 31,000 other retail outlets in the four states of Texas, Oklahoma, Louisiana, and Arkansas. Multiply this total of about 113,000 by all the figures all of these have been making and are due to make before April 30 and you can imagine the number of man hours and woman hours that have been put into the effort since the government began regulating. All the dealers are going along cheerfully that we have contacted. The two most general comments: (1) OPS figured out the hard way for the dealers to get their costs and their mark-ups; (2) Somebody in Washington or somewhere can see a lot further down the line than the dealer can if they can see any actual value the regulations will be to the dealer and the public.

While there is no pressure on we remind those of our readers who think such matters are important, that freedom of the press is not a publisher's privilege, as has become customary in some quarters to think. Instead freedom of the press means freedom of the people to read.

How to handle the Junior Live Stock show another year, that is how to see that the boys get aid in obtaining good feeding animals, how to arrange the sale that will follow the show, how to sift properly to keep unfit animals from being offered to "floor" bidders and how to make the show more and more valuable as an enterprise worthwhile in the area—these are the things that are being worked out by the agriculture committee of the Chamber of Commerce. Last

week-end they called in outside help from West Texas Chamber of Commerce to get ideas of how the job is being handled successfully at other points in Texas. One thing sure there will be a stock show for the junior stockmen. And the plans finally adopted will be put into the hands of agricultural club leaders and sponsors at the earliest possible date.

Panic selling could be one of the consequences of the next few months should things go bad in the nation or should there be a serious crisis in international affairs. There seems to be no doubt that warehouses are full of some of the things that people and industry want. Folks with money, we hear, have put a considerable bit of it in such items on the theory that money is going down, commodities up. Nothing wrong with doing that way. It is the way humans do. They also get scared the other way round. Government agencies are charged with the responsibility for the scarce buying sprees that have occurred in the past year or so. Prices could have been spiraled no more effectively than through the measures the federal authorities took to announce that scarcities were in sight.

Over at Ralls editor Joiner of the Banner has closed a "smelling" contest in which the newspaper writer found he had to make some deductions, deductions being fashionable now and all country newspapers being ultra, as is well known. Here's how the grand prize winner came out after the newspaper man used his pencil and his head: Grand prize \$10 less; federal tax \$3.51; gambling concession to Mickey Cohen 50c; social security \$1; old age retirement fund 50c; withholding tax \$1.50; clerical fees \$1.98; advertising cost 79c; medical fee (for information on sniffing) 15 cents. Balance due winner as take-home pay 7 cents.

During the nine-year period, 1940-1948, the area under irrigation in Texas increased slightly more than one million to 2,885,000 acres. Wells accounted for 1,369,000 acres of the increase.

Research workers of the Texas Agricultural Experiment Station have found that practical control of many poisonous range plants can be obtained by using herbicidal sprays such as 2,4-D, and 2,4,5-T.

The greatest stumbling block in the path of most men usually is not laziness or fear but a tight-skirted, low-necked, sultry-voiced, diamond-decked, perfumery-scented vamp called "tomorrow."

One thing can be said for people who live in the past. They can do it cheaper.

TORIAL

ARE NO LOSERS
 There are no losers in any contest where one person who participates in the person who even though he loses, he gains something. The broadness of this personality is evident. His aim is based on one's doing his very best. The gain that is gained by knowledge has done his best is to give encouragement to others.
 It is not achieved in any way than by preparation and realization that confidence is placed in him. Besides, one must have confidence in one's self.

FAMILIAR SCENES

Ball girls showing off their skirts... Coach Gresham taking his post by the main entrance... Edith from her locker, storming at Jackie... Don McLaughlin's "uga uga boo" to everyone... Gang 14 on the stamper... Carrol P. on the bell rings... Nancy helping Earl E. giving his sheep to everyone... Girl's Chorus full blast during 7th period... Edgar borrowing someone's pen and forgetting to return it until the end of school... Having her heart troubles... The boys showing off their

Fashions and Fads

We have been writing up what's fashionable; now let's take a look and see who's in the fashion here in school.
 Peggy Lanham could well be classified as a "smooth senior" for she is always dressed carefully and is neat as a pin. Kayte Collier had on a very becoming white batiste blouse and a black linen skirt the other day. On her blouse she wore a large red rose. Kayte always looks neat in all her clothes. Nancy Buchanan is another "smooth senior" who always has a cute blouse or new dress. Nancy has a number of little colored scarves that she "dresses up" her blouses with.

Speaking of Nancy, that brings up Nancy Goughly, who is just about the neatest girl in high school. She always dresses carefully and neatly.

The sophomores are getting in on the fashions show, too. Ray Nell Irby had on a cute white and chartreuse two piece dress the other day. She has a number of cute wash dresses. Bev Thomas is another sophomore that has a lot of cute clothes and wears them well. Lorraine Fisher had a very cute becoming pink print dress the other day. June Payne had on a cute white and chartreuse sun dress, Monday.

Of course, we mustn't leave out the freshmen. Tanya Redd always looks attractive in her clothes. Barbara Perry is another freshman who is always dressed neatly. Ann Deakins and LaFaun Hanna are two cute girls that have a lot of attractive clothes.

loud shirts... Meri Y. counting the days until school is out... Pat and Gut going back together... LaFaun breaking up with Bob and then going with him again... The mumps getting everyone down... Roy T. speaking to everyone... Gwen R. getting into mischief... Floy talking only of a certain boy, Pike... Grover singing his own style of "My Heart Cries For You"... Loene W. always laughing louder and funnier than anyone else... The "Hesperette" staff, clanking their chains, as they struggle to grind out the paper on schedule.

Seniors Boost Trip Fund at Assembly

On Thursday, April 12, the senior class presented an assembly program consisting of talent from the senior class, assisted by students from other classes. Each student was charged ten cents admission, and the proceeds went for the benefit of the senior class trip.

First on the program was a play, "The Villain Pursued Her" or "Curse." Those who were in the play were as follows: Billee Newberry, Dan Hagood (The villain), Elyne Snodgrass, Lloyd Allen, Jimmy Powell, Don Probasco, Peggy Lanham, Doris Blair, and Don McGuire.

Grover Smith, a junior, played the part of a cowboy in a dialogue. The Foster twins sang "Mocking Bird Hill" and "Tennessee Waltz" accompanied by Carrol Fulton on the guitar. Mrs. Gene Aylesworth presented the Figure Eight Teen-Age Square" and showed a trophy which the teen-agers won at the dairy show on Tuesday night April 10. Miss Bevil directed the boy's quartet as they sang "Down the Open Road." Dot Holmes was their accompanist. Joyce Myrick and Anita Tooley played a duet, "Qui Vive," on the piano.

NANCY NUTTS

Dear Nancy,
 Why is it fat men are always good natured?

Wonderingly,
 Ray Nell Irby

Dear Ray Nell,
 I suppose it's because it takes so long for them to get mad clear through.

Ha, Ha,
 Nancy

Dear Nancy,
 Can you tell me of anyone who enjoys ill health?

Urgently,
 Edwin Leatherman

Dear Edwin,
 Yes, the doctor does.

Dear Nancy,
 What headlines prove the most sensational to women?

Questioningly,
 Wayland Jones

Dear Wayland,
 "Wrinkles." I would say.

Love,
 Nancy

Dear Nancy,
 What kind of men would you send to war?

Connie Bearden

Dear Connie,
 I would send lawyers, because their charges are so great that no one can stand them.

Political minded,
 Nancy

Dear Nancy,
 Have you lived here all your life?

Irene Graham

Dear Irene,
 Not yet!

Faithfully,
 Nancy

Dear Nancy,
 You were accused of shooting squirrels out of season. Have you any plea?

Roy Teague

Dear Roy,
 Yes, self defense.

Little Nancy

Dear Nancy,
 How do you get your homework done on time?

Wonderingly,
 George Burgett

Dear George,
 Oh! It's easy — you don't.

Smartly,
 Nancy

Dear Nancy,
 Why don't they pave the street in front of school?

Dovie Willis

Dear Dovie,
 I guess it's so we can have something to gripe about.

Concrete mixer,
 Nancy

Proper Dating Data

Boys are just like people. It really doesn't take much to make them happy and keep them hanging around you. The only trouble is when your friendship with your favorite boy starts to fade. He won't tell you what you have done to make him want out.

Here are some dating points that will improve your dating technique. First of all boys just love to be called over the telephone especially when the conversation begins with "Hi," followed by a long series of pauses. This is called fishing for a date, and the boys really like it.

Secondly, boys just adore you when you humor them by letting them spend a lot of money on you. So remember when you have a date, always go to the most expensive places, and if you go out to eat, insist on the best and highest priced foods.

Boys just don't like to be appreciated; they like to be flattered. They like for a girl to pop up with silly remarks like, "Everybody says you look Peter Lawford!" So if you're proud of the good looking lad you are dating, let him know it by flattering him.

All boys like to be fussed over. They like for their mothers to do this, and they especially like for their girl friends to fuss over them and straighten their ties and comb their hair.

The fellows really do like for their girls to be comedians. Girls should not be dull, but they should raise their voices, giggle incessantly, and insist that the boy loosen up and have fun.

To hold a fellow's interest it is helpful to have a schedule of carefully timed tricks. Breaking dates at the very last minute and sprinkling the conversation with other boy's names are two tricks which will really hold a boy's interest.

Don't make a fellow feel that you are having a good time. You should always insist on staying out until late and having a good time. The boys will love you for that especially while they are in training for track or football.

UNCLE PETE SEZ

The triangle of the week is: Dane Clark, Jeanie Hinds, and Jimmy Powell.

Seems there's a romance in the freshman class — Looks like Norman M. and Barbara Perry!

Does Grover really like Nancy or does he just like to stay at her house to visit Mrs. B?

Someone said Don Marble had a girl in Lockney?

Help the seniors make money for their trip!

Latest casualties in the lunchroom are: Percy Parrish (got run over by Imogene Noland) and Frank Stovall (He dared to walk!)

Jerry Bob's buddy told us that J. B. had his first date in 3 months Friday night. Was it La Faun Hanna?

The regional one act play contest and the regional track meet will be held at Lubbock, Saturday, April 21.

Candid Camera

We take great pleasure in presenting a talented senior for our "Candid Camera" this week. If you guessed Miss Billie Geraldine Newberry, you are correct. She is seventy years old, five feet tall, weighs ninety lbs., has lovely dark hair, and green eyes. She was born in Floydada March 31, 1934.

Among her favorites are these: silverware, Damask Rose; state, Colorado; colors, white and blue; kind of jewelry, all kinds; types of home, modern and ranch style; meal of the day, midnight snack; foods, fried chicken, cherry pie, ice cream, popcorn; car, Cadillac; lipstick, Tabus Rio; perfume, Ciro's Reflections; fingernail polish, natural; season of the year, summer; song, "Once In A While"; singer, Vaughn Monroe; book The Web of Days; author, Daphne Du Maurier; stars, Lizabeth Scott and Alan Ladd; movie, The Third Man.

Billee's secret ambition is to go to Switzerland.

Her ideal boy is six feet tall, weighs 160 lbs., has brown hair, green eyes, is lots of fun and sweet, likes to dance, is agreeable, and has a cute smile.

Her few dislikes are: hateful people, studying, and bossy boys. Her likes are: Lane, slumber parties, play acting, West State, and football and basketball.

Her most exciting moment happened when Floydada's one act play "This Night Shall Pass" won the area contest. The most frightening incident was when the car accident she was in last year.

Billee's ideal day would begin at a fairly reasonable hour, 7:30 a. m. At this time she would eat breakfast consisting of waffles, bacon, and coffee. After this she should have a group of kids go to Roaring Springs for the morning. There they would swim and eat a small picnic lunch of fried chicken, cheese sandwiches, pickles, olives, potato chips.

'Winds Track Team

District 3-A track champion Floydada Whirlwinds were out-run by a strong cinder team from Muleshoe Saturday on the Winds' track with the total score of 59-45. However, the Winds prestige wasn't reduced because the Whirlwinds had been working out for football and were a little "beat up."

The Muleshoe mile quartet finished ahead of the green and white boys, 15 yards with a time of 3:45, a second faster than the Winds' best time. The events and the boys placing in them were as follows:

440 relay-Floydada 1st (Hutchinson, McGuire, Stovall, Wilks)

Discus-Teague 1st;
 440 yard dash-McGuire 2nd; Helms, 3rd;

220 low hurdles-Stovall 1st;
 220 yard dash-Wilks 1st;

120 high hurdles-Carmack 1st; Hutchinson 4th;

Shot Put-Guthrie 3rd; Teague 4th;

100 yard dash-Hutchinson 2nd;
 Broad Jump-Allen 2nd; Guthrie 3rd; Wilks 4th.

cold drinks, and brownies. After lunch they would return home and Billee and Lane would go to Lubbock in Billee's Cadillac to shop until 6:00. That evening they would double date and eat a dinner of fried oysters, frenchfrieds, salad, and ice tea. After dinner they would go to a dance, and before going to Kayte's to a slumber party they would have cherry pie ala mode and take the long way home.

Billee has brightened the halls of F. H. S. for nearly four years. We will be sorry not to have her next year but feel sure she will brighten the halls where ever she goes.

High Honor Pupils For Class of '51

This week the two seniors, having the highest scholastic averages, were chosen. These two were very deserving students are Walter Anderson and Billee Newberry.

Walter Anderson's average is 95.94, and he will represent his class as the valedictorian. Billee Newberry has an average very close to Walter's. Hers is 94.95, and she will represent the class of '51 as the salutatorian.

We are very much honored to have these two students of high scholastic record in our midst. Heartiest congratulations are theirs as we wish them much more honor and success in the future!

TH A MASSEY-HARRIS
 3-4 PLOW 44 DIESEL

A different kind of Diesel farm power, the Massey-Harris 4-cylinder 44 Diesel brings new efficiency, economy, pulling power... new money-saving field performance to the Diesel farmer. It's the result of an amazingly simple engine design. A special firing chamber—called a Dyna-Cell—creates a cyclonic rotary turbulence of the burning fuel on every power stroke. Burning fuel swirls the full length of the stroke exerting equal pressure throughout piston travel. Fuel burns slower, smoother... delivers a pushing force. It's cushioned power. Dependable power. Greater lugging power because there's full power on every stroke of every piston.

Meetings of Demonstration Clubs

SUNNYSIDE CLUB HAS ALL DAY QUILTING PARTY, LUNCHEON

Mrs. R. C. Calhoun was hostess to the Sunnyside Home Demonstration club April 6, for an all day quilting party and a covered dish luncheon at the noon hour.

The business meeting and program was held at 2:30 with the president, Mrs. S. J. Latta, presiding. Roll call was answered with "An experience in business I have had."

The club adopted the High School 4-H club.

Mrs. D. W. Burke and Mrs. W. H. Hilton modeled their wool coats and gave details of materials and cost, made under the club instructor, Mrs. Leslie Fawver.

Mrs. Robert Day gave a talk on hobbies and displayed a large collection of buttons she had collected. Mrs. Leslie Fawver demonstrated more clothing finishes on bound button holes.

Members present were Mesdames D. W. Burke, Robert Day, C. W. Denison, Leslie Fawver, W. H. Hilton, R. E. Irby, S. J. Latta, Walter Lovell, J. J. McKinney, Evelin Sims, W. C. Sims, G. N. Shirley, Claude Price, Frank Williams, Fred Brown, R. B. Calhoun, the hostess and five visitors, Mesdames Galen Holland, C. O. W. Thomas, Faulkenberry, and C. M. Stribling.

FAIRVIEW CLUB ENTERTAINED BY MRS. SHIRLEY W. IRWIN

Mrs. Shirley W. Irwin was hostess to the Fairview Home Demonstration club when they met Monday, April 9, at 2:30 p.m.

Roll call was answered with "An experience in business I have had." New and old business was discussed during the business session with the president, Mrs. E. W. Walls in charge.

Since neither of our clothing leaders were able to attend the Extension lesson at Miss Petty's office last week, the demonstration on "More Clothing Finishes" will be given at a later date. Mrs. Jim Stewart, marketing chairman, who was unable to attend the last club meeting, gave a talk on "Buying Hosiery" with tips that will be helpful to everyone present.

A lovely refreshment plate was served to Mesdames L. B. Cosby, Joe Wilson, Galen Holland, Jim Stewart, Walton Wilson, S. D. Kinniburgh, E. W. Walls, T. L. Perry, Clifford Helms, Lee W. Burton, C. W. Payne, and the hostess, Mrs. Shirley W. Irwin.

On our next meeting day, our club will be the guests of Harmony club at the Harmony school house.

SAND HILL CLUB REPORT

The Sand Hill Home Demonstration club met April 11 at the club room.

After roll call and business was finished Mrs. Roy Hollums gave a report on water conservation laws. Mrs. A. V. Womack gave a demonstration on "More Clothing Finishes."

Our recreation leaders for the next three months, Mrs. Rafe Ferguson and Mrs. Morris Raley, joined in leading two lively games.

The hostess, Mrs. Jim Holmes, served sandwiches, cookies and punch to two visitors, Mrs. Everett Warren and Miss Nora Mae Buske, one new member, Mrs. Ora Cross, and to the following members: Mesdames Lynn Miller, James Jefferie, Will Hollums, Walter Hollums, Wanda Turner, Roy Hollums, C. B. Carmack, Travis Buske, Eddie King, Loyd Allen, Rafe Ferguson, H. F. Jackson, Morris Raley, T. C. Hollums, W. M. Knight, Fred Jackson and Mrs. A. V. Womack.

HOME BUILDERS MET WITH MRS. EVANS ON FRIDAY

The Homebuilders club met Friday, April 13, with Mrs. Raymond Evans.

A demonstration on use of sewing machine attachments and making bound button holes was given by Mrs. P. P. Puga.

There were two visitors, Mesdames B. P. Sandefur and T. C. Herring, both former members of the club. Other present were Mesdames P. F. Bertrand, C. L. Catlin, R. C. Clem, W. R. Daniel, T. J. Heard, O. G. Mayfield, D. T. Mayo, J. P. Moss, E. G. Norrell, D. D. Shipley, Noel Troutman and one new member Mrs. W. H. Henderson.

South Plains News

(By Mrs. Murray Julian)
South Plains, April 16—The Baptist meeting started Sunday, April 15, with Mr. Taylor, from Plainview leading the singing, and Reverend Joe Morman from Hale Center bringing the messages. Everyone is welcome.

Three or four South Plains boys were in a wreck last Thursday night about nine o'clock. The accident occurred at Silverton. Fred Marble, Dean Stewart and Phillip Smitherman were in the car which struck a deep ditch. The brakes did not hold. Mr. and Mrs. I. H. Parks happened to be in Silverton about the time of the wreck and took the boys to receive first aid, but as the hospital was full, the parents of the boys removed them in an ambulance. Phillips Smitherman to Plainview, and Dean Stewart to Lockney. Phillip still remains in the hospital. He had a gash on his head which required stitches. Dean is now at the home of his sister Mrs. Wayne Greer, his jaw broken in two places. Fred was not injured as badly as the others.

Mr. and Mrs. Carl Daniels spent last Tuesday in Dumas visiting Mr. Daniels' daughter, Mrs. Walter Burgess and family. They came back through Amarillo, and spent some time there, visiting friends and relatives.

Mr. and Mrs. John McCain and daughters Margie and Carol, who now reside in Amarillo, were surprise guests at the home of Mr. McCain's sister, Mrs. Fortenberry and family last Saturday night.

Jimmy Davis went with the Lockney agriculture class on a fishing excursion up to Buffalo Lake the past Saturday night.

Mr. and Mrs. Gene Admons, Sue, Diane and Benny left for Dallas on Tuesday morning. They had an appointment at the doctor's in Dallas for the baby's periodical check up. They returned home on Wednesday night.

Mrs. George Weast and Mrs. Harry Hartman went to Lubbock last Monday to spend the day shopping and visiting relatives down there.

The Sand Hill grade school boys came to South Plains with their teacher last Friday to have a baseball game with the grade school boys here. The wind had died down, and the boys played a very good game. We are all proud of these young ball players out here, for they are good sportsmen. The parents and friends who attended the game got a real thrill out of the contest.

Mr. and Mrs. Harry Hartman, Edward, Roy and James went to Silverton last Sunday to have dinner with Mrs. Hartman's brother, Marlin Jarnigan and family.

Oscar Hewitt and Lee Pearson are both convalescing in the Osteopathic hospital at Amarillo following operations of last week. They are both expected to be able to come home sometime this week. Mrs. Hewitt is staying with Mrs. Pearson and her sister, Mrs. Barty Scott, here while Mr. Hewitt is ill.

Mr. and Mrs. A. L. Wright of Pampa, visited their daughter, Mrs. Jimmy Davis and family, from last Sunday until Tuesday evening. Mr. and Mrs. E. H. Witte and family, from Plainview were also visitors on Sunday for supper. Mr. Witte is Mrs. Davis' brother.

Mr. and Mrs. A. P. Sanders had as guests for dinner last Sunday, Mr. and Mrs. Fred Fortenberry, Richard and Roger Sanders, Elmo Fortenberry, and Louis Poster, who is from Sterley.

Mr. and Mrs. C. E. Bartlett from Dougherty were all day visitors in the home of their daughter, Mrs. Otha Sanders and family.

Mr. and Mrs. Grigsby Milton and Barbara Sue went to Hollis, Oklahoma, Wednesday to visit Mrs. Milton's great aunt and uncle, Mr. and Mrs. Walter Keeton. They all enjoyed dinner together and while at the Keeton's, the Milton's met Mr. and Mrs. Vic Cleere, and Karen, from Stockton, Calif., and these cousins of Mrs. Milton's came home to South Plains with them and visited Wednesday and Thursday here. On Thursday the Milton's drove Mr. club went to the open house at radio station KFLD.

There will be no meeting on April 27. The next meeting will be May 11 with Mrs. E. L. Thomas.

As A Farm Woman Thinks

(Nellie Witt Spikes)

Bank Holiday
By Mary Elizabeth Counselman
The doors are locked, the metal sign is hung. Proclaiming holiday until tomorrow. For all the gold that some meant to borrow. And all the silver someone might have flung into the wind. The teller's windows yawning. Unharried for the nonce by give and take. The floor of polished marble is a lake. Serene, unruffled, as the day wears on. In all the inkwells dry each ebon drop. Worth blood and sweat and tears when flowing free; While in the vaults, the crisp new currency lies idle as a farmer's winter crop. Outside the people pause; then in a huff. Notice the sign, and curse, and stalk away—Men thinking money needs no holiday. The filthy, hard-to-get, essential stuff!

The west wind filled his cheek with strong wind and started the dust to rolling last week. When he got tired he turned the job over to the North Wind and he cracked his heels and dug up more and more sand and turned on the cold freezing unit. Mortals bowed their heads and tried to be philosophical about it, but the oldtimer who has lived through scores of such days was about as aggravated as the person who was feeling the winds for the first spring.

You will have to move a bunch of old, old newspapers, books, letters and maybe you can find a place to sit down at our house, for Mrs. Temple Ellis and myself have started in earnest to work on our long contemplated task of writing the History of Crosby County. Our noses are buried in old tax books of Emma and Estacado town lots. We find queer given names of the Quakers, Cyrus, Uriah, Perline, Arwilda, Josyia, Lydia, Sarina, Melesia. We see the gray bonnets and somber gray dresses and suits of the men and women in the bright sunshine of a West Texas day and here the soft Thees and Thous mingling with the rustling of a cottonwood tree. We are present at that first wedding when the Quaker Minister, Anson Cox, performed the ceremony that made Oliver G. Cox and Cynthia Arwilda Janeway, man and wife. There was an immense cave all under these plains where buffalo lived and at times came out upon the prairies for their food, clothing and shelter.

On an April day of 1890, the third day to be exact, it is recorded that Rev. R. M. Morris married E. C. Pullingim and Miss Della M. McLain. I suppose they both lived in Floyd County at that time. This work is so fascinating I do not want to quit for daily duties. From week to week I may give you something of interest I find. Perhaps it will fascinate you, too, the old, early days when this country was new as a bolt of blue calico just placed on a merchant's new pine shelf.

What brought you to this country from Fayette, Indiana back in 1913? I asked Mr. R. E. Heath of Ralls as he lay recuperating at our son's hospital in Ralls, while his sister from Indiana who is visiting him, smiled and listened.

"Wife and I came as tourists," he recalled, "she liked this land, and so did I and when this plains Water Bug bites you, it is fatal and all you want to do is stay and drink of its water all your days. I was a machine tool and die worker. Had a sewing machine part CINC. Rail way at night. Got tired and our trip we moved here. Could not stand to have our cows and horses stand in cold lots protected only by a three strand barb wire fence from the blizzards and snow. Wife and I had our headquarters in the front room of our two room house and made the other room into stalls for our stock. Twice we sold out our stock and left but each time came back and tried again and made it. Maybe this will not look so good about this country." But I think it does. A country that draws the best from a man and keeps him building on and on regardless of the droughts and depressions, must have something finer than California's famous gold mines to offer.

I did not know I had so many friends. Mr. Heath's face glowed with happiness. "But since I have been in here it has been a revelation to me, the goodness and kindness and thoughtfulness of scores of friends."

R. E. Elms is there also, resting up, so I will tell about how he has stayed with this country also, very soon.

Compliments and best wishes card for you, Stan Joines, new editor of Lorenzo Tribune. May you get words be many and your news new and plentiful.

I breathed a song into the air; That little song of beauty rare Is flying still, for all I know Around the world by radio.

May many sweet and fine entertainments flow from this new radio station, KFLD. And an old fashioned pony for the owners, managers, Jes Stanton, and all that assist in any way from A Farm Woman.

MONTGOMERY'S CONTRACT BOVINA SCHOOL POSTS

Mr. and Mrs. Floyd Montgomery will be located as teachers at Bovina again next year. They were in Floydada Saturday on business.

Mr. Montgomery is principal of the grade school there and Mrs. Montgomery is a teacher in the school.

Girls Chorus Does Well at Regional

Thirty-nine members of the Floydada High School chorus, the high school boys quartet and the 25 members of the eighth grade girls chorus, made a good showing in the regional interscholastic league music competition festival, held in Canyon last Friday and Saturday, according to Miss Ruby Lee Bevell, music supervisor of the Floydada schools.

The girls chorus rated second in performance and third in sight reading.

The boys quartet made a three, and the eighth grade girls chorus made a two.

There were five soloists from the school. Jean Porter made a one, while Barbara Hart, Beth Walker and Caroline McDaniel each made a two, with June Ware making a four.

Miss Bevell and others accompanied the group to Canyon, with Mrs. Bob Copeland going as accompanist for the eighth grade chorus.

Pupils of Mrs. Christensen
Of the chorus three of the soloists are private pupils of Mrs. L. Harold Christensen. They are Jean Porter, Beth Walker and June Ware.

Mrs. Ohmer W. Kirk, teacher of piano, played the accompaniment for these three contestants. Their high honors won is considered more commendable by the fact that they were not entered in competition with students of Class I schools.

Dealers Campaign For Butane With Advertising Series

AUSTIN—The story of "the magic that lives in the tank" will be told the public of Texas in a statewide advertising program now being prepared by the Texas Butane Dealers association. The story is a fabulous one, for it deals with what for many years was considered a waste product of the refining industry which has become an important factor in the lives of thousands of rural and semi-urban families, for these liquid petroleum gases bring city comfort and convenience to homes "off the gas mains."

The activity is headed by U. C. Roney of Corsicana as chairman of the industry advertising committee. The program will be placed in Texas newspapers and magazines, on billboards and the air waves.

C. D. Ribble of Paris, president of the Texas Butane Dealers association, in announcing plans for the advertising program, pointed out that one of the primary objectives will be to familiarize the public with the benefits butane and propane provide for residents of areas beyond the facilities of cities. The campaign will stress the availability of butane and propane to any home regardless of the location, and the fact that residents of rural or semi-urban areas no longer need face periods of waiting to obtain service. "Butane and propane can be had almost immediately any place in Texas that is reachable by a road," Mr. Ribble said.

Orsenith Smith of Georgetown, serving as judge for the contest, while praising the quality of each of them, gave Jean Porter the gratifying compliment of having the finest voice of any high school girl he had ever judged. He also extended his compliments to the excellent piano accompaniment of Mrs. Kirk.

Charles Wendt was assisted by W. E. Garrett in putting on the round-table which consisted of training for pack administration. Several exhibits of Indian costumes, war bonnets and displays of supplies needed to carry on the instructions were on display.

A Zero pack, a new pack, was organized at which time Clyde Martin was elected Cub Master for the new pack, with Paul Marion of Spur as assistant cub master.

The group was divided into four dens, and each den will select its own den chief and den mother, and a membership drive in each den will be made by recruiting members.

Mr. and Mrs. R. F. Schillings and Mr. and Mrs. A. F. Ogle were present from Crosbyton. Mesdames Schillings and Ogle are den mothers of the cub scouts there. Mr. Schillings is committee man there. Mr. Ogle is assistant master there. They represented Pack 32.

APPROVED PRACTICES FOR 1951 FARM OPERATIONS ARE LISTED

Approved practices for 1951 and payments which will be made to Floyd county farm operators for carrying them out on a basis of prior approval where announced last week by Thomas J. Hutchins, secretary of the Floyd County Production and Marketing Administration.

Hutchins also announced that 1950 wheat loans will expire on April 30. If the loan is not repaid on or before that date the grain will be taken over by the Commodity Corporation. Provided the grain is taken over the grower will be paid any equity he may have in the grain.

Following are the practices approved for 1951 farming operations in Floyd county, together with the payments which will be made, based on prior approval. This means before the practice is begun:

1951 Approved Practices

Construction of terraces for which necessary outlets and water ways are provided. Large-Ridge type and large channel type, \$1.25 per 100 feet.

Diversion terraces—6½ cents per cubic yard of earth moved.

Subsiding to permit better penetration of water as a spacing of not more than 48 inches deep, \$1.25; 12 inches deep, \$2.00.

Contour listings, contour chiseling, cross-slope chiseling, pit cultivation or chiseling not on the contour. Summer fallow 60 cents per acre; cropland, 30 cents per acre.

Contour seeding drilled grasses or small grains; 25 cents per acre.

Control of bindweed. Continuous cultivation, \$7.50 per acre. Treatment of 2, 4-D, \$1.40 per pound of 2-4-d parent acid. Treatment of carbon bisulphide—\$1.40 per gallon. Treatment of sodium or calcium chlorate, 7½ cents per pound.

Leveling land for irrigation for which water is available, 50 per cent of cost, not to exceed \$15.00 per acre. Reorganization of a permanent

farm irrigation system to conserve water and prevent erosion. See county office for payment.

Drilling wells for better distribution of grazing on range land. Casing 4 inch or less, \$1.00 per foot; six inches or less, more than 4 inches but less than 6 inches—\$2.00 per foot; six inches or larger—\$3.00 per foot.

Application of phosphate and potash—20%, \$1.02 per hundred weight; 45%—\$1.99 per hundred weight, for pasture growing perennial grasses or legumes, new seeding of alfalfa and summer legumes for cover crops.

Growing a green manure or cover crop of summer legumes, hubam clover—9 cents per pound; Cowpeas, 7 cents per pound.

Elimination of destructive plants on noncrop pasture and range land. Mesquite—12 cents per acre for each one percent infestation, not to exceed \$5.00 per acre.

Establishing or improving permanent pastures by seeding adapted pasture grasses, pasture legumes or mixtures. See county PMA office for payments.

Be sure and get a written prior approval for each practice before practice is begun. Approval may be secured by telephoning 306 or writing P. O. Box 757, or in person at the PMA office in the agricultural building, Floydada, Texas.

Many Growers View Spraying Demonstration

More than 200 farmers and other interested persons attended a demonstration of insect spraying machines here last Wednesday under the direction of Jack Kassahn, supervisor of the Farmers Home Administration assisted by the county Agent, Robert Gibson.

There were nine different spraying machines, demonstrated by Terrell Implement Company, S. J. Laite Implement Company and Morckel Chemical Company of Floydada, and Roland and Gordon Company and Jones and Walker of Plainview.

The demonstration was in answer to many questions being asked about insect spraying equipment. With the likelihood of farmers being pestered with insects this year, the interest in the equipment shown was very marked, according to Jack Kassahn and County Agent Gibson.

"We know that proper poisoning of cotton will help increase yields, so we called the farmers together to let them decide for themselves what type of sprayers they would like for their farms," Gibson told reporters.

Lakeview News

(By Mrs. E. H. Tooley)

LAKEVIEW, April 17. — Quite a number of pupils are still out of school this week on account of measles. There are several new cases also. These pupils are Bobby and Linda Golightly, Charles Owens and Jimmy Woody, Anella and Lynda Thurston, Larry Wheeler, Dianne Johnson, Jimmy and Tommy Rspondek and Mary Newberry.

On account of the snow last Tuesday night the pink and blue shower Tommy Rspondek and Mary Newberry was not well attended. However, many had sent gifts and there was a nice display of useful gifts which came as a complete surprise to the honoree, who expressed her gratefulness ably.

The H. J. Nelson family attended the funeral of Mrs. Nelson's niece at Seminole Sunday, having made the trip to that town Saturday.

Mrs. Anna Hambricht of San Diego, California, is visiting her son, Bill Hambricht and family.

The parents of Rev. Moody Smith, who have been visiting in his home for several days returned to their home at Loop Saturday.

Charlie Wright and daughters, Charlene, and Mary Elizabeth attended church in Lubbock Sunday.

Patricia Spears, Winona Hatley, Johnnie Owens and Anita made a trip to Canyon Friday with the choral singers from high school, directed by Miss Ruby Beville. The group rated second in their division. Wayland Jones also made the trip as a member of the mixed chorus.

Mrs. L. E. McCravey received a message Saturday of the death of her sister, Mrs. Callie Allen of Atlanta, Georgia, who was 81 years of age.

Teachers and pupils enjoyed the international Harvester show which was given at the Palace theatre Monday afternoon. Several patrons of the school furnished their cars to take the pupils.

Matadors Sale Would Bring a King Size Boom

MATADOR—Matador may be on the verge of a boom equal to the discovery of a new oil pool if the Matador ranch is sold as farms and ranches, according to general opinion here. "It will be like opening the Oklahoma Strip," one old timer observed. "The town may double its population in a short time," a business man declared.

While the majority of residents would like to see Matador boom, not all of them would like to see the ranch sell. "It wouldn't be the same Matador," a rancher declared. Many landowners have expressed desires to buy certain parcels of land in event it should be placed on the market.

The Matador ranch has always held to a policy of tending to its own business and trying to avoid publicity. In 1940 when Life magazine devoted 12 pages to the ranch, it was over protest of the management. The history of Matador is woven into the history of the great ranch. Almost without exception, all the pioneers were employed by the organization at some time during the early days.

While great changes may be in the making far across the sea, the vast ranch is little changed from half a century ago. New grass is showing and white-faced cattle are grazing placidly on the hills.

ELECTRIFICATION MIRACLE

Commenting recently on the "miracle of achievement" by the cooperatives financed by the Rural Electrification Administration, the Assistant Secretary of Agriculture, Knox T. Hutchinson said: "Where in 1935 only a small percentage of farms had electricity, now only a small percentage are without it. In 1935 less than 800,000 farms were receiving central-station electric power. Now more than 5 million farms are electrified and less than 800,000 remain without service."

Heart of The West

(Ed. Note: Dreams that pioneers of Floyd county dreamed through the early days of plains history have been coming true in the past decades. One of the residents of Floydada who came to the plains from Missouri and worked on some of the ranches of the area as a youth, later to marry the daughter of one of the pioneer families and settle down, was John A. Fawver. The prophetic verses below were written by him a quarter of a century ago while he was engaged in the real estate business here.)

(Jno. A. Fawver)
O, the hart of the west,
Is the land of the best,
And it sweeps to the mountain's edge;
To the North it creeps,
To the South it leaps,
And East to the Cap-Rock's ledge
And the soil of this land
Is so precious and grand,
It's bosom if flowing with Grain
O' the hart of the West
Is the Cap-Rock's crest
Way out on the Texas Plain.

Yet a few years ago
In the evening's soft glow
The Cowboy would sing to his herd
Little dreaming of change,
To his paradise range,
The thought of it seemed so absurd;
But the man with the plow
Put an end to the cows
By turning the pasture over,
And the Rancher has learned
That the farmer he spurned
Is actually living in clover.

O, the Cotton and grain
Are aflame on the Plain
And orchards are springing in view
Soon the Apple and the Pear
Will be paying their share,
The Dairy and the Poultry too;
Big cities are coming
With industry humming;
Hark! the music of progress reigns
In the land of the best
The Heart of the West,
Way out on the Texas Plains.

Growing Fish By The Acre

COLLEGE STATION, April — Farmers can grow fish by the acre of water just as they grow beef on the acre on grassland. This is the opinion of R. E. Callender, extension specialist in wildlife conservation of Texas A. & M. College.

According to the Callender, from 300 to 500 pounds of fish to the acre have been produced annually in well-managed fish ponds and he adds, many of the more than 100,000 farms and ranch ponds in Texas which are maintained primarily for stock water, are suitable for growing fish.

Callender points out that an acre of water has a "carrying capacity," just as an acre of grazing land does. The amount of food produced in the water will depend upon the fertility of the land over which the water flows. Fertile land means a fertile pond of water.

Here are Callender's recommendations for fertilizing fish ponds. As first choice, he suggests using a mixture of 400 pounds of cottonseed or soybean meal and 200 pounds of percent superphosphate to the surface acre of water for one year. Broadcast half of this amount over the pond early in the spring, and apply the rest in 100 pound applications at four to six week intervals. Callender's second choice is 500 to 600 pounds of any high grade fertilizer such as 4-12-4 or 5-10-5. Apply half of this early in the spring and follow with 100-pound applications at three or four week intervals until the amount for the year is broadcast in the pond.

Horse and cow manure also may be used as fishpond fertilizer. Apply 500 pounds to the acre at monthly applications, using two to three tons a season.

Weather-damaged alfalfa hay also when applied at the rate of 500 makes a good fishpond fertilizer ponds to the acre at monthly intervals.

Callender warns that the fertilization program should be completed before extremely hot weather arrives. A heavy application of fertilizer late in the season may cause the fish to suffocate by bring about

The Floyd County Hesperian, Floydada, Texas, Thursday, April 19, 1951

a rapid decay of submerged vegetation which uses up the free oxygen supply in the water.

He suggests that farmers contact their county agent for more information on fertilizing fishponds.

"I got the story on

50,000 Miles-No Wear

and changed to New Conoco Super Motor Oil"

says H. T. Fitzgerald, Newspaper Man, St. Louis, Missouri.

"50,000 MILES—NO WEAR!"—PROVED HERE:

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence . . . in fact, an average of less than one one-thousandth inch on cylinders and crankshafts.

AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, perform better, use less gasoline and oil.

"YOUR NEW '50,000 MILES—NO WEAR' OIL is the best we have ever used," says George M. James, Manager, Metro Motors, Ford Distributors, Murray, Utah. "We use Conoco Super in all our demonstrators and recommend it highly to new car buyers."

"I'VE USED MANY DIFFERENT BRANDS of oil, but was never satisfied until I heard the story of '50,000 Miles—No Wear' and changed to new Conoco Super," writes Ben F. Taylor, Traveling Salesman, Fort Worth, Texas. "Now I get greater savings in oil consumption and more gasoline miles to the gallon."

BISHOP MOTOR CO., Floydada, Texas

1050 Register For K. Crouch Formal Opening

One of the largest and best attended local open house days was held last Saturday in the showroom and service department of K. Crouch Motor company.

Displaying eight new model Chrysler-Plymouth automobiles, Crouch offered the motoring public one of the largest assortments of cars to be shown at one time in recent years.

Along with the showing of the automobiles and getting acquainted, Crouch offered 75 corsages to the first seventy-five ladies to register for the attendance prize drawing at the end of the day. These corsages were gone by the regular opening time of 8 a. m., when Mrs. Guffee, bookkeeper for the organization, went down early to prepare for the opening.

Along with the corsages and drawing, Crouch offered coffee and doughnuts, and balloons for the children.

1,050 persons registered for the nice gifts plus the several hundred children who received free balloons.

The drawing held at 6 p. m. featured a first gift of a 52-piece set of Wm. Rogers silver and case, which was won by Pollie Louise Pritchett of Lockney; second card drawn was that of Mrs. F. O. Conner who won a 24 piece crystal refreshment set; third, Mrs. Archie E. Huckabee of Lubbock won a large China lamp; Mrs. C. M. Presley won a China lamp for 4th; Duane Lemons won a 5th place smoking stand; Carol Ann Cantrell won a China lamp; Mrs. Roy Hollums won a smoking stand; Mrs. E. T. Williams won a set of chrome door shades and Mrs. W. B. Jordan a set of Plymouth piston rings.

H. F. Jackson, Mrs. S. L. Holmes, sr., Marvin Tate, each drew a wash and grease job as did Mrs. Harry N. Jones, W. J. Hartline and Keith Stansell.

Crouch this week expressed his appreciation to the people of this area for their fine turnout for his opening, and pledged his best efforts in providing the fine service he considers people of this territory deserve.

Half Minute Interviews

R. B. McCravy: "The Hesperian is going to lose out with a lot of folks if it don't scare up a rain pretty quick."

Noble Hunsucker, McAdeo: "The Hickman oil test is about 3 1/2 miles south of our place. The new road south from Dougherty ends a mile north of us."

Cancer Campaign

(Continued from first page)

Nichols, sr., M. D., of Plainview; in Floyd county, Mrs. Wynne Angus, J. H. Word, and H. H. Best, Jr., M. D., of Floydada.

Miss Gertrude Linn of Houston, Texas state representative of the American Cancer society, met with area workers Wednesday evening in Plainview to discuss plans for the coming cancer crusade which will take place the last week of April.

"It is apparent that our part of Texas is rolling up its sleeves to do battle against cancer by pledging their support to this year's fund campaign," declare drive leaders. From prehistoric times, cancer has been taking advantage of our lack of information. But now we are beginning not only to defend ourselves against this menace, but also to fight back. Our best defense is knowledge.

Thousands of Americans lick cancer every year simply by knowing three things:

1. That most cancers can be cured, if caught early.

2. That early cancer betrays itself by what the American Cancer society calls the "seven danger signals."

3. And that it is of vital importance to see the doctor immediately, should one of these danger signals develop.

Strike back, urges local committeemen. Guard those you love, by making a generous contribution to the American Cancer society when the Cancer crusade starts on April 23.

Standefor at Borger

A. M. Standefor, manager of Floydada Chamber of Commerce, left today for Borger, where he will spend the remainder of the week in sessions of the West Texas Chamber of Commerce managers association.

County Council

The Floyd County Home Demonstration council will have its regular meeting at 2:30 Saturday afternoon, April 21, in the county court room in Floydada, according to an announcement made by Mrs. Ruth Daniel, council chairman.

W. A. GOUND VISITS SONS

W. A. Gound returned to Floydada Wednesday of this week, after a three day visit in Big Spring with his two sons, Wayne and Buddy.

Wayne, who operates a drug store, received his second degree in the order of the Odd Fellows Tuesday night, and his father had the honor of presenting the award.

Bobby has recently returned to Texas from Kansas and is now associated with the Cosden Oil company as traveling man.

A Texas oil man divorced his wife because she kissed him, only when she asked for money. Gosh, isn't that often enough!

Donations Remain Low while Expenses Grow at Cemetery

"We remind you that it is time for you to send in your donation for the maintenance and improvements of the cemetery," a notice from Floydada Cemetery association issued this week says.

"The contributions for the past three years have not been enough to take care of the expenses," the notice hints out, while "labor has doubled and tripled and some donors continue to give the same amount they did when labor was \$2 per day."

Remittances may be made direct to F. C. Harmon or at the First National bank to C. H. Bedford.

Mrs. Callison On European Trip

VAN NUYS, California.—It was bon voyage Sunday for Mrs. Lewis P. Bolander of Sherman Oaks and Mrs. Lena Callison, when they left via American Air Lines for New York and thence by air the following day for London on an European trip.

After three or four days in London the women will fly to Paris, to take delivery on a new car. In Rome they will meet Dr. Bolander and join a party which has mutual destination, the annual meeting of International College of Surgeons. Later, they will be in a group making a 16 day tour, including Egypt, the Holy Land, Paris and points in Switzerland, Spain, England, Ireland and Scotland. They expect to return to America by ship.

Mrs. Callison has been office manager at the Bolander clinic and Dr. and Mrs. Bolander are giving the trip to Mrs. Callison as an appreciation of her work at the clinic for the past several years.

Mrs. Lena Callison, named above, is the daughter of Mrs. Addie Thagard, of 215 West Mississippi street.

Read to Stanton High Coach's Job

Charles Read, for the past two years line coach for Floydada High school, left the latter part of last week to take up duties at Stanton, Texas, as head coach of athletics in the high school.

Read is an ex-student of Texas Tech and a member of the Red Raiders squad during his years there.

Mrs. A. J. Cline has returned from a months stay in Mart, Texas where she has been with her mother, Mrs. J. A. Coker who suffered a heart attack. Mrs. Coker was improving very satisfactorily when Mrs. Cline left for home last week.

Scouts Enjoy Tascosa Visit at Boys Ranch

Early Saturday morning 18 Scouts from Floydada accompanied by Jack Henry, Grady Walker, Gene Collins W. C. Schmeckle and Billy Grundy left for Boy's ranch, near Amarillo to visit the ranch and spend the day.

They stopped in Amarillo and contacted Cal Farley and from there went on to the ranch, where they were conductor over the ranch and shown all the different buildings and outstanding points of interest by Freddie Childs, of Floydada, older son of Mrs. Ruth Childs. Jack Henry was high in his praise of the courteous way Freddie treated the scouts showing them over the ranch. They also visited with Eddie Childs, brother of Freddie. There is a burro at the ranch and the scouts found out that the burro's name is Cal Farley. One hundred thirty-two boys answered the dinner bell for lunch in the dining hall there. With the helpers and managers there nearly 175 people live on the ranch.

The Scouts visited Boot Hill and also visited the cemetery where the boys at the ranch bury their pets. Making the trip were the following scouts: Jackie Henry, Bill Walker, George Chapman, Frank Potts, Russell Schmeckle, Doyle Grundy, Jimmie Collins, Max Crawford, Norman Gant, Jay Johnson, Gordon Joiner, Bill Baker, Norman Davis, Wade Warren, Tommy O'Neal, Rex Jones and Bobby Grundy. There are forty horses at the ranch and the boys enjoyed watching the ranch boys ride.

The scouts carried their lunch with them and enjoyed the outdoor meal. They returned to Floydada by the way of Plainview, where they witnessed the wrestling matches Saturday night.

W. J. Carver, of Plainview, was a business visitor in Floydada last week-end. Mr. Carver recently bought a section of land northeast of Cedar in this county.

Rites at Houston for R. L. Waller

W. J. Waller, in company with his son, Henry S. Waller and Mr. and Mrs. George Elwood Assiter, returned home Sunday night from Houston, Texas, where they attended rites held Saturday for R. L. Waller, 61, formerly a resident of Crosby county and brother of W. J. Waller.

Mr. Waller died Thursday night following an operation at a Houston hospital. His death came suddenly. His wife and eight children survive.

R. L. Waller made his home in Crosby county from 1924 until two years ago when he moved to Houston.

This want-ad in a Texas newspaper brought results: "MONTH OLD BABY going crazy looking for a 2- or 3-room apartment for Mother and Dad. Call 2616."
