Paint-up week got underway in Floydada without ceremony when property owners were asked to make a concentrated effort in a spring house cleaning campaign. A special citizens committee, headed by Dr. John Kimbly, met at the chamber of commerce office Monday evening to discuss final plans for the project. This committee, in cooperation with city officials and clubs of Floydada, is asking property owners to make a more attractive community.

Members are being asked to contribute their services to the project. Those persons who are asked to contribute their services to the project are being asked to contribute their services to the project.

## Tour Reveals Pretty Homes Lovely Yards

Fifty-one adults and seven children attended the tour of homes and yards of home demonstration club members Friday afternoon of last week.

This tour was a part of the home demonstration club program for the year, and other tours will be held from time to time.

The first stop on Friday's tour was at the home of Mr. and Mrs. Claude Price. Mrs. Price is a member of the Sunnyside Home Demonstration club. Her cool shady back lawn and her flower garden were delightful to see.

The home of Mr. and Mrs. R. H. Tinsley of Sterley was visited next. Her spacious new house of cream colored brick was admired by all.

As club members and visitors peered into the many closets of the various houses, noticed the space saved by the sliding doors, admired the color schemes of the rooms, and saw the many conveniences of each house, they were happy with the owners that they could have these comfortable homes after their years.

## Cotton Damage From Elements Seen as High

Loss of cotton acreage in Floyd county, Wednesday to Wednesday, was estimated yesterday by County Agent Bob Gibson for The Hesperian at 5,000 acres totally destroyed and another 10,000 acres slightly to severely hurt, Wednesday afternoon, Friday night and Monday night were the crucial periods, with most of the wind damage Friday night and a larger per centage of the hail damage Monday night.

Areas around Blanco, southwest of Floydada, around Lone Star and Sterley in the north part of the county, around South Plains in the northeast, and Cedar and Center in mid-county, caught the brunt of the hail damage. Wind damage appears to be most talked about in Campbell and McCoy areas. Wednesday afternoon was a much more scary period but far more beneficial and less damaging, taking the county as a whole. This summary by the agent seems to be pretty well borne out by reports which The Hesperian has from farm operators.

Sand Hill, Barwise, Erick, Aiken, Providence, Muncy, Allmon, Dougherty, Lekeview, which have bounding cotton crops growing were touched only slightly by the hail damage, as was the Floydada area, and to a lesser degree the Lockney area.

If the first estimates of 140,000 acres of cotton, plus, may be assumed as pretty well correct the county still has an acreage of 130,000 or more of the fleecy staple growing under the most ideal conditions, with a hot June sun pouring down, as of Wednesday.

Thrip and Purseley Worm As to insects thrip and the purseley worm are the major threats to cotton at this time. Cotton growers are not sparing the horses in the application of toxaphene and two-one mix to the cotton. Thrip stunt the cotton and the purseley worm eat up the leaves. More or less thrip are in evidence in every field of cotton the county agent has visited this week, Bob Gibson said. In some the condition is demanding immediate attention. The same treatment that will put thrip out of business also stops the purseley worm, he said. The purseley worm is long and black or black and yellow. He has a horn on the last segment of his body. He emerges from lakes and weedy places. Gibson said the biggest migration he had seen in the county this season was on a strip of ground a half a mile wide, all moving in the same direction.

Little Damage Is Seen Referring to hail and wind damage Gerald Cardinal, who with J. H. Hrabal is farming cotton land in four different communities in the county, made a 90-mile run this week, from Floydada to Four Sections, back around by the Zimmerman ranch lands in southeast Floyd county, thence north by roads adjacent to Dougherty, to Hillcrest, thence in home by way of Fairview. He saw only negligible evidences of damage in this tour.

Some farmers have been re-planting. (See Weather Reports, back page)

## Trash Fires Give Floydada Bad Name in Fire Prevention Record

Fire Prevention chief of the State Fire Insurance division, writing Mayor J. A. Patterson of Floydada this week calls attention to the number of fires which have occurred in the municipal confines of Floydada which are due to trash burning in the open.

Although open burning of trash is a violation of the fire ordinance, Eugene Sanders, State Fire Prevention chief, points out that the practice is so common that it is due to thoughtlessness, and expresses the hope that all the mayors have to do is call the attention of the citizens here to the danger of burning trash and rubbish in the open.

Says the state official in his letter dated June 15 and printed in full in another column of the Hesperian: "We should like to point out to you that the burning of trash and rubbish in the open within your city limits is a violation of the fire marshal ordinance of your city. Any person violating the ordinance is subject to a penalty of paying a fine. All containers wherein trash and rubbish are burned should be provided with adequate screen guards to prevent fires and embers from emitting therefrom."

## Rites For John C. Fortenberry on Wednesday

John Cephus Fortenberry, who at the age of 30 trekked from the Ozark foothills of Arkansas to the plains of Texas and pioneered in Floyd county, died at the age of 91 at 10:30 Monday night in Lockney hospital. He had been a resident and stock farmer of Cedar Hill for 61 years. Active until a year ago, he was hospitalized after he suffered a hip fracture.

## Harvest Picks Up Momentum In All Areas

The wheat crop of Floyd county is going to town this week, that portion of it left by worms, greenbug, drought, hail and windstorm, this remainder totaling up to some million and a half bushels, according to the estimate of The Hesperian.

Between showers and blusters the harvest in the south part of the county has been under way for a week, and the combines were beginning to enter north and northwest Floyd county fields in numbers Tuesday. Weather permitting Saturday should be the big day, taking the county as a whole, but cutting was general in the area around Floydada, Boothe spur, Lakeview and Pleasant Hill Tuesday. About 175 loads of wheat of various sizes, reached elevators here Tuesday afternoon and Wednesday shaded this figure somewhat. Boothe Spur was an active wheat receiving point also, with Dougherty and Barwise less busy.

Farmers watched their wheat fields hourly for moisture content in the grain. They eyed the skies as they pushed the harvest to the limit. Of the occasional load of irrigated wheat that was coming to Floydada Tuesday and Wednesday the worms and hail had left some 20 to 30 bushels per acre, according to rough estimates. Dry land production was running 10 to 20 bushels.

Charles Baxter, of Baxter & Smith, Lockney, said yesterday morning that pretty mid-week weather would bring a generous flow of grain to elevators there by today, he thought. A considerable dribble of the grain had started Monday, to be interrupted by the rains. Hail damage areas in that vicinity Monday night were hard to pin down, Baxter said. An area extending northeast along the Denver lines represented quite a little of the loss. Around Sterley and both east and west toward South Plains and Lone Star considerable hail loss was indicated in the reports he had.

THE FLOYD COUNTY HESPERIAN  
Published by the Hesperian Publishing Co., Inc., at 212 South Main St., Floydada, Texas. HOMER STEEN, Editor  
THURSDAY, JUNE 21, 1951

Established 1896 by Claude T. Terrell as second class mail at the office at Floydada, Texas, April 1, 1897, under the act of Congress of 1897.

# Views and Comment

The 1951 amendments to the Universal military training and service act, which has been passed by the congress and is on the president's desk for signature, due to become law pretty soon, is not due to be universally popular with the people of the country. While no law of such type could ever get 100 per cent approval, and will always be a compromise measure, this particular one will not be liked by the people in the agricultural belt. Also, it plays favorites with young men, following in general the continental idea that men of one category are expendable while those of another are not. Thus, the A group of college students get one kind of treatment, as contrasted with the treatment given the C group. This is only one instance. Local Selective Service boards, who are required to follow the law, of course, are going to have to bear the brunt of the criticism that is sure to ensue. The favoritism required by the statute will be mistaken, we assume, for favoritism practiced by the men who are closer to the home of the inductee.

Nature often is violent in its manifestations. Although last week's brand of weather in Floyd county and the high plains was a bit on the rough side and kept the resident on the alert, this area has more better weather than most any area in the nation. Last week's demonstration that the weather can be rough caught the people in particularly jittery state of mind, what with a wheat crop ready to harvest and a cotton crop of tremendous "acreage on top of the ground" ready for a gentle rain but wide open to the ravages of a rougher type. Some small to some heavy damage actually resulted in widely separated parts of the country. Acreage of cotton actually destroyed may have been as high as 4,000 acres. Acreage of cotton damaged by high winds was also considerable. What made the general public more aware of the weather, though, was the late Wednesday proof that a tornado — usually termed a cyclone in community parlance — can occur in this area. The fact that this particular one hit just about right to do the least damage to the least number of people, does not alter the fact that such storms can and do occur in this area. But the chances of an individual being blown away, killed or maimed in a tornado are far lower than the dramatic play of nature makes us think. A simple thing to remember about cyclones is that they travel in a gen-

erally northeastward direction. The direction to look for a cyclone that might hurt you is southwest. We are told that in all the study of cyclones covering a half century only one cyclone out of tens of thousands has been found to move north or west, and even that one not too well-authenticated by the weather bureau. Fear of nature is inherent in mankind. Also it is silly not to be cautious on an afternoon or evening of thunder storms. But we can also apply the ordinary methods of reasoning demonstrated by nature herself to be applicable. For instance, there was much more danger from traffic on the highways leading in and out of Floydada late Wednesday than there was in your home. Frantic, excited people on the highway really did present a danger to life and limb which hundreds preferred to ignore.

General MacArthur's visit to Texas last week is being interpreted by politicians of both the Democratic and Republican parties as a feeler toward sentiment in this state for the kind of a political viewpoint which the general has toward national affairs, with presidential aspirations in mind. We are inclined not to think so, but we have always been considered naive in political matters. The only thing that makes us doubtful of our viewpoint on what his trip to Texas meant is the fact—so said in the public prints and not denied—that the general has kept liaison with republican national committee throughout all the years, a man sitting in on their deliberations who was the "generals' man." But at this time we think his was on a junket to attempt to crystallize the sentiment against the creeping paralysis of socialism, government oligarchy, government paternalism. Somebody paid the bill for the trip. There are plenty of men, who might not, probably would not, vote for Mr. MacArthur, who would be willing to spend the money to get the talks he made given public utterance under such auspices of patriotic fervor. There are lots of people who do not believe in the way our ship of state is being steered.

Every day should be Farm Safety Day on the farm. The practice of removing hazards from about the farm and home may prevent farm accidents that too often are caused by carelessness.

The value of a goal lies in its being pushed over.

## Floyd County 14 Years Ago

(Taken from the files of the Hesperian, issue dated June 24, 1937)

The wheat crop is moving to market with high speed, the weather is aiding and combines are running 24 hours a day. All the crops are from ten to thirty percent better than was at first estimated. Up to this week, 975 cars of wheat have been loaded out of Floyd county elevators. The railroads serving Floyd county have put on six extra crews, to help move out the wheat.

Cotton choppers are hard to find in Floyd county. With the highway work and the bumper wheat crop, men are not looking for cotton chopping jobs.

Sheriff Fred N. Clark has returned from New Braunfels, where he attended the state sheriff's association. He states that next year's convention will be in Amarillo.

# June for Weddings Club Girls Present Cone Bible School

June is the month for enlistments  
as well as weddings according to  
T/Sgt. W. W. Kramer, Army and  
Air Force recruiter for Floyd County.  
Recent news stories that the air  
force did not make their quota for  
the month of May, overlooked the  
fact that May has been a slow  
month for enlistments for all the  
Armed Forces for a number of years.  
June always the month for a rush  
to the recruiting stations, will be  
even bigger this year. Because high  
school graduates know that the new  
system used by all of the services to  
equally divide the brains of the  
Nation, might cause a big waiting  
list for the service on his choice.

The Sergeant had news of inter-  
est to young women who plan to  
enlist in the Army or Air Force, to  
effect that a streamlined method  
of processing applications, has cut  
the waiting time for acceptance  
from two months to two weeks. For  
information about the Army or Air  
Force, the Sergeant can be located on  
Thursday of each week at the post  
office, or on other days including  
Saturday at the court house in  
Plainview.

The first enlistee from Floydada  
for June was Morgan R. Grubbs of  
312 West Crockett street.

A recent change in enlistment regu-  
lations permit young men who have  
already taken their pre-induction  
physical to enlist in the army or air  
force providing they have not re-  
ceived their induction notice. This  
will remain in effect until the fifteenth  
of July.

# BE SURE TO GET YOUR "PAPERS"

YOUR NEW FORD TRACTOR. As is true of any Pedigreed Product  
Ford Tractor has "papers" that you'll want to keep as long as you own it.

Model No. \_\_\_\_\_ Serial No. \_\_\_\_\_

SECTION 1 - DELIVERY CHECK LIST

SECTION 2 - FORD TRACTOR OWNER REGISTRATION WITH DEARBORN MOTORS CORPORATION

SECTION 3 - NON-FARM USAGE

THANK YOU FOR YOUR COOPERATION

No. 1 - OWNER'S COPY

## it's called... "FORD TRACTOR OWNER REGISTRATION WITH DEARBORN MOTORS CORPORATION"

When the "papers" are properly filled  
issued and signed, you have the  
information that a bank, an insur-  
company, a sheriff, or purchaser  
number two would want to know.

any authorized Ford Tractor dealer  
delivers a new tractor to you is  
required to carefully go over all pre-  
very check points—and then certify  
proper delivery has been made.

Among other things, this makes cer-  
tain you get your tools and Operator's  
Instruction Book; that tires, radiator,  
battery, etc., are ready for duty; that  
you have been duly instructed on  
Ford Tractor operation.

Besides that, the person who delivers  
your new Ford Tractor records facts  
about your operations that will help  
your dealer serve you better through  
the years. And your tractor registration  
certificate is an absolute necessity for  
the warranty protection to which you  
are entitled.

So, your authorized Ford Tractor  
dealer urges you to ask for and get  
the "papers" when you buy your new  
Ford Tractor. And check the Registration  
Certificate with the tractor's serial  
number—the permanent pedigree.  
You'll be ahead in so many ways!

THESE folks are enjoying something that's being  
pioneered by Buick.

It's freedom from the blinding glare of bright  
summer sunlight.

It's freedom from hot laps—caused by the sun's rays  
beating down through the broad expanse of  
windshield.

These freedoms trace to a new feature you may  
have noticed in '51 Buicks—a new kind of glass  
with a cool, soft, blue-green tint, in every glass area  
of the car, front, side and back.

Buick engineers tell us that this "Buick first"  
reduces glare 18% over conventional glass—cuts  
sun heat as much as 45%—and Buick engineers are  
very conservative fellows.

This glare-and-heat-reducing Easy-eye glass is  
factory-installed at moderate extra charge. It gives  
you a built-in transparent "sun visor" right in the  
windshield—and it also dulls the dazzle of oncom-  
ing headlights at night.

As we've said, this is something Buick  
owners were the first to enjoy. It takes

its place with such exclusives as the valve-in-head  
Fireball Engine—coil springs on all four wheels—  
the firm power linkage of torque-tube drive—and  
the magic of Dynaflo.\*

As we've also said—rather modestly—"Smart buy's  
Buick."

Come in soon and find out what an understatement  
that really is.

Equipment, accessories, trim and models are subject to change without notice. \*Standard on ROADMASTER, optional at extra cost on other Series.

**No other car provides all this:**

DYNAFLOW DRIVE • FIREBALL ENGINE  
4-WHEEL COIL SPRING • DUAL VENTILATION  
PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE  
WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING

## Odam-Shipman Vows Said June 8 at Lubbock

In a double ring ceremony at the Calvary Baptist church in Lubbock, June 8, Miss Virginia Lucille Odam, daughter of Mr. and Mrs. J. C. Odam, became the bride of Ralph Leon Shipman, son of Mr. and Mrs. C. A. Shipman of Lubbock. Rev. C. J. McCarty officiated.

Miss Moneta Hatton, organist, played a prelude of wedding selections and accompanied Miss Mary Jopling who sang, "Because" and "Always." Miss Hatton played "Clair De Lune" as the service was read and offered "The Lord's Prayer" as a musical benediction.

Palms and fern formed the background for the candle lighted altar which was flanked with white gladioli and white stock. Misses Willeta Dawson and Helen Berry, dressed in identical pale green organza, lighted the candles.

The bride was given in marriage by her father.

Her wedding dress was of white nylon organza, made with fitted bodice, puffed sleeves, sweetheart neckline and a full skirt. Her shoulder length veil of bridal illusion, edged in lace, fell from a tiara of shining beads. She carried a white bible topped with white carnations.

For something old, she concealed a pearl brooch belonging to her maternal great grandmother, something borrowed was a pearl necklace, owned by Miss Hatton, something blue was a linen handkerchief, and something new was her wedding attire.

**Aunt of Bride Matron of Honor**  
Mrs. Willis F. Prohock of Atchison, Kansas, aunt of the bride, was matron of honor. She wore a frock of light blue lace bodice and skirt of net over taffeta and carried a bouquet of white split carnations. Her headpiece was of blue net which fell from a garland of flowers in her hair.

Mary Ann Odam, sister of the bride, was flower girl. She wore a chartreuse dress and scattered rose petals. Jimmie Prohock, carried the ring on a white satin pillow.

Dennis Lyle served Mr. Shipman as best man.

Mrs. Odam's dress was of navy blue crepe and with it she used crepe accessories. She wore a shoulder corsage of pink carnations. Mrs. Shipman dressed in pink eyelet embroidery with navy accessories, wore a corsage of pink and white carnations. Mrs. J. H. Moore, grandmother of the bride, was dressed in black, with black and white accessories and white carnation corsage.

MRS. RALPH LEON SHIPMAN

Following the ceremony a reception was held at 2621 2nd street with the parents and the bridal couple receiving the guests. The house was decorated with seasonal flowers and the brides table, covered in Irish linen, was centered with an arrangement of white gladioli and roses. The three tiered wedding cake topped with miniature bridal couple was at one end of the table and a crystal punch bowl at the other end.

Mrs. Kyle W. Hollomon, of Waco, aunt of the bride, and Miss Bonnie James, presided at the table. They were assisted in serving by Mrs. R. J. Dunlap, Miss Alma Hollingworth registered the guests.

After a wedding trip to points in Texas and New Mexico the couple will be at home at 2008-23rd street, Lubbock. For travel the bride chose a pink linen suit with navy and white accessories.

Mrs. Shipman is a graduate of Floydada High school and of Draughons Business college and at present is employed at Harriets, where she has been bookkeeper for the past

### MRS. MARVIN STANDERFER IN WEDDING AT IOWA PARK

The Marvin Standerfers spent the week-end at Iowa Park and Crowell. At Iowa Park Mrs. Standerfer was a member of the wedding party of a school friend, Miss Bettye Denny, who became the bride of Aubrey Kelso, of Dallas.

The Floydada couple spent Saturday in Crowell, where they were guests of relatives of Mrs. Standerfer.

### SEW AND SO NEEDLE CLUB

The Sew and So Needle club met June 14 in the home of Mrs. Kenneth Rimmer.

Mrs. Bud Sparks, president, presided. The afternoon was spent in needlework and chatting. We also drew names for Pollyanna friends.

Refreshments were served to Mesdames Bud Sparks, Orval Newberry, G. W. Switzer, Parnell Powell, Emory Roberson, W. F. Bertrand, Milton Harrison, Willie Bunch, Glenn Parker, J. W. Walker, G. E. Assiter, R. C. Bullock, and the hostess, Mrs. Kenneth Rimmer.

### W. M. U. SOCIETY

The W. M. U. Society met Monday, June 18, with Mrs. Charles Gibson. A day of prayer was spent for old ministers. The theme was Fishers of Men. Mrs. J. C. Odam was program chairman.

Those present were Meses T. J. Whitley, J. T. Bihrey, J. C. Odam, Lee Carver, Carl Reeves, Harry Reeves, Herman Dillard, and A. R. Epperson.

Mr. and Mrs. Frank Hill, Mr. and Mrs. Jake Jacobs, and their little daughter Vicki, all of Tahoka, spent Sunday with Mr. and Mrs. J. H. Reagan. Mrs. Hill is the sister of Mrs. Reagan, and Mrs. Jacobs is her niece.

Mrs. Glenn White, of Hales Department store, returned home last Friday from a week of study at the Gossard School of Corsetry, recently held in Dallas at the Adolphus hotel. Mrs. White was awarded a Gossard diploma of corsetry.

several months.

Mr. Shipman spent almost four years in the Air Force and is employed by McNeil brothers.

### REBEKAH MEMBERS AND GUESTS ENJOY EVENING AT MRS. SHIPLEY HOME

Mrs. D. D. Shipley was hostess Tuesday night at her home on South Main street at a weiner roast enjoyed by members of the Rebekah lodge of Floydada, and invited guests.

Members and guests present included Miss Carolyn Heath, Will Foster, Mr. and Mrs. Tom Shirey of De Leon, Mrs. Artie Wasson of Matador, Mr. and Mrs. Elwood Walters and son Joe, Mr. and Mrs. Andy Jackson, Dr. and Mrs. J. G. Pruitt, Mrs. Ora King and daughter Leora, Mr. and Mrs. G. N. ### Clovis Johnston Has Close Call in Storm at Lawton

Buffeted by high winds Sunday night near Lawton, Oklahoma, a big truck-trailer driven by Clovis Johnston, of Lubbock, was spun around and jack-knived on U. S. Highway 281.

The winds did near by Fort Sill \$500,000 damage and \$100,000 in losses were estimated in the City of Lawton by winds that hit 100 miles an hour in gusts, and averaged 78 miles.

Johnston, 34, miraculously escaped injury. He is employed by the Inter-City Express company of Lubbock, said an Associated Press dispatch. He has worked for the company since Aug. 20, 1948, and has been a truck driver the last 11 years. The Johnstons and a daughter, about 8, live at 2511 Ave. J.

**Receives Call From Police**  
Odell Hughett, operations manager of the express company at Lubbock, said he received a call about 4:45 a.m. Monday from the Oklahoma State police telling him of the accident. Johnston talked to him briefly and said the first thing he knew the trailer was lifted off the road and flipped onto the tractor. Apparently Johnston was thrown clear.

**Floydada High Has Four Players on Am. Legion Team**

Brooks Chapman, Roy Teague, Adrian Helms and Kenneth Bishop, Floydada High athletes, are members of the American Legion amateur baseball team representing the east half of District 2 of which C. B. Hendrix of Ralls is coach and T. G. Herring, of Ralls is business manager.

The team also has two outstanding players from Crosbyton high roster with the remainder from the Ralls team. Five teams are entered in a two game round robin that ends on July 6. This will be followed by an east-west tournament to determine the champion of District 2.

The eliminations continue through state and national tournaments, winding up in the fall with finals. Last year Waxahachie high represented the southwest in the national title tilt, losing in the finals.

Herring gets his liking for the game from youthful baseball days around Waco. He says the ironclad rules observed by the League assure the amateur status of the boys in high school competition will be maintained.

### Cotton Production Deadline July 1

Robert H. Gibson, County Agent, is reminding and encouraging all Floyd county 4-H boys and girls who plan to enter their 5 acres of cotton in the cotton production contest this year to send in their entries in this contest by July 1, 1951. It is absolutely essential that we receive your entries by this date in order for you to be eligible, he said.

**FAIRVIEW, June 20**—Mr. and Mrs. Shirley W. Irwin and LaJuana spent the week-end in Odessa with her parents, Br. and Mrs. R. R. Waller and sister, Mrs. Jake Hines.

There will be a party for the young people of the Fairview and Center communities in the home of Mr. and Mrs. Lee W. Burton Friday night.

Mr. and Mrs. Lee Rushing were in Sweetwater Monday.

Mr. and Mrs. C. W. Payne visited relatives in Lubbock Sunday.

Mrs. E. R. Walls of Plainview visited Mr. and Mrs. E. W. Walls Wednesday.

Ann Hopper and Dee Cozby of Lubbock spent the week-end at home.

Mr. and Mrs. C. W. Burton, Miss Maurice Burton, Mr. Osborne and Mr. and Mrs. Walton Wilson visited Sunday with Mr. and Mrs. Lee W. Burton and family.

Mr. and Mrs. E. W. Walls visited their son and family, Mr. and Mrs. Doyle Walls and Brenda Sunday.

The community party that was held at the barbecue furnace Friday night was attended by some 50 people. Just as we were ready to be served we had to move into the basement of the Baptist church due to the wind and dirt. Following the meal we were honored by a number of songs by the Floydada gospel quartet and two humorous readings by Mrs. S. H. Tackett. The following from Floydada were present:

Mr. and Mrs. Al Fuchs and sons, Mr. and Mrs. Earl Rainier, Mr. and Mrs. C. M. Lyles and Mr. and Mrs. Faye Hart and son.

Mr. and Mrs. Joe Rushing and son of Lubbock visited Mr. and Mrs. Lee Rushing Sunday.

Luella, Hubert and Hershel Irwin and Mary Ann Wilson were dinner guests of Ann and Bill Hopper Sunday.

Mrs. E. L. Durrett and Mrs. Rex Smallin and daughter, Rexell, of Lubbock, were guests Thursday of Mr. and Mrs. C. W. Payne. June Payne accompanied them home for a few days visit.

Visitors of Mr. and Mrs. Jim Stewart Wednesday and Wednesday night were Mr. and Mrs. W. O. Stewart of Van Nuys, California, Mr. and Mrs. R. M. Cannon of Lubbock, Mr. and Mrs. L. V. Cheeves and Mr. and Mrs. J. W. Cannon and son, Douglas of Floydada.

Mrs. C. E. Steen of Amarillo and daughter, Mrs. Cecil Carthel, visited Tuesday and Wednesday with Mr. and Mrs. Lee Burgett.

Glenda Cook, seven year old, daughter of Mrs. Delpha Cook, was bitten by a dog Sunday afternoon. She was rushed to the hospital immediately and four stitches were taken. Mr. and Mrs. S. H. Tackett and Mrs. Glenn Holland attended church in Lockney Sunday.

### THE STATE OF TEXAS

TO: Katie Morris, the heirs and unknown heirs of Katie Morris and their legal representatives, and the legal representatives of Katie Morris Defendants. Greeting:

You are hereby commanded to appear before the Honorable 110th District Court of Floyd County at the Court House thereof, in Floydada, Texas, at or before 10 o'clock a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 6th day

## THE PROM? ... OH, I'D LOVE TO GO

A "big moment" in a young life... a telephone call "out of this world" in value... Whether or not you go along with the teenager's standards of value, one fact remains. Every telephone call, important or ordinary, is a real bargain.

For the average cost of each local call, including tax, is about 2 1/2¢.

In this day of vanishing bargains—what else gives so much for so little?

**EVERY HELLO IS A GOOD BUY**

A REAL BARGAIN. More of your friends and neighbors have telephones than ever before. You can call more people, more people can call you.

were there, and after she was home from the hospital the Thorntons, and the Noel Davenport returned home. Mrs. N. W. Davenport is convalescing nicely at this time. Mrs. Wade Davenport has since returned home here, also, for she had been in Truman for a month's visit, and was with the family while Mrs. N. W. Davenport was in the hospital. Sharon Burnett is visiting this week at the home of her uncle, Murray Julian and family. She is here from San Antonio, and has been with her mother, Mrs. Burnett, the past two weeks at the home of her grandmother, Mrs. Sula Julian. Wade Davenport's brother, J. A. Davenport, from Boulder, Colorado, has been visiting at the Davenport and Thornton home the past week. Mrs. H. L. Marble spent Saturday night and Sunday with her sister, Mrs. John Burgett, in Floydada. Mrs. Burgett is here from Denton, where she resides. She was called here by the death of her husband's mother, Mrs. R. N. Burgett, who has been in bad health for some time. She passed away Friday night, and was laid to rest Monday. M. M. Julian and Terry took a load of cattle to the Amarillo western sale ring for Jimmy Davis on Monday morning. They report so many cattle coming to the ring even so early in the day, the truck load didn't sell until Tuesday's sale. Mrs. Margaret Johnson, from Plainview, was a guest at the home of Mr. and Mrs. Gilbert Bean Sunday, and was present at church with Mr. and Mrs. Bean and son Billy. Mr. and Mrs. Gene Edmonds missed the big hail and wind storm that hit here Friday night, but on the way to Dallas Friday morning, they were almost swept off the highway near Dallas, and their car nearly overturned by high waters. A truck pulled them back on the road to safety. Mr. and Mrs. Robinson, from Cameron, parents of Mrs. Edmonds, returned home with the Edmonds for a two weeks visit here and in Amarillo with the Goldenes. Several people had picnics last Sunday, and thus took their dinners and their families and went to Roaring Springs to spend the day. Mr. and Mrs. Leo Brown and girls, Jerry and Peggy Barsey, Mr. and Mrs. Jimmy Davis and children, Mr. and Mrs. A. I. Wright, Mr. and Mrs. L. H. Parks and sons, all spent the day at the springs. Mr. and Mrs. Walter Wood, and Jaunelle and Glenn Brown went over to Tucuman, New Mexico, to spend the week-end with Mr. and Mrs. Jack McGowan and twin sons, and other relatives over there. Mr. McGowan is reported to be going elsewhere soon, and the Woods wanted to see them all before he was transferred. Visitors at the Weast home all day Sunday were the Weast's daughter, Mrs. Robt. Smith and husband and children from Sterley, and Mr. and Mrs. Paul Stanford of Lubbock. The granddaughter, Sharon, went home with her parents, Mr. and Mrs. E. T. Evans of Amarillo, on Saturday. The Murray Julians and Gilbert nearly overturned by high waters

noon at the Harry Hartman home. On Wednesday afternoon Mr. and Mrs. Bert Douglas and Mrs. Tunnel all from Lubbock, drove up to the George Weast home and spent the afternoon visiting there. Mrs. Bert Douglas and Mrs. Homer Williamson at Lubbock were gracious hostesses at a dinner party Friday night, and guests from here were Mr. and Mrs. George Weast. Mt. Blanco News (By Aliene Brown) MT. BLANCO—June 19. This past week has been a busy one indeed. Several are cutting wheat and that certainly means work for everyone. On Tuesday night a supper was given for Joe Appling, who returned to camp Friday. It was given in the S. G. Appling home. Those present were Rev. and Mrs. Alvin Hamm, Alvin Wesley, David, and Melanie, Mr. and Mrs. Wayne Appling, Judy and Jean, Jerry and Margaret McClure, Ben and Audene Fletcher, Roy Dee Armstrong, DuWayne Brewer, Hollis Weatherford, Willy Dee Powell, Frances Money, Pat Bartlett, Aliene Brown, and Mr. and Mrs. S. G. Appling, Catherine and Joe. The Vacation Bible school ended Wednesday and a picnic was held Friday. All the children came Friday and practiced on commencement, which was held Sunday night. Then the lunches were spread in the community house kitchen. Everyone had a very nice time. Mrs. Truman Barnett, Ann and Sue, and Judy and Jean Appling were Friday dinner guests of the Gene Browns. Mrs. A. L. Smith, Scarlett and Choise were Thursday overnight and Friday visitors in Lubbock. They visited Mrs. Bird Oats and Mrs. R. B. Smith. Mr. and Mrs. S. G. Appling and Catherine accompanied Joe to Amarillo Friday where he boarded a train to Colorado Springs, where he is stationed. He has been home on a 15 day leave. On Saturday night Mr. and Mrs. J. F. Fletcher honored their daughter, Miss Verna Fletcher, with a birthday supper. Those present were Betty Ruth Dendy, June McCombs, Gloria Barnett, Forest Dendy, Judy Welborn, of Lubbock, Mr. and Mrs. Keith Parker, Ronnie Porgus, DuWayne Brewer, Roy Dee Armstrong, Margaret and Jerry McClure, Joe Johnston, Shirley Bishop, Aliene Brown, Rev. Allen Brown of Crosbyton, and the Fletcher family. Mr. and Mrs. E. H. Brown and Aliene visited in Lubbock Sunday with Mrs. R. B. Smith. Mr. and Mrs. C. E. Lamb, Linda and Dale, Mr. and Mrs. Coleman Robinson and family, all of Lubbock, and Mr. and Mrs. Burnett Robinson and Sue of Ropesville were Sunday dinner guests of Mr. and Mrs. J. W. Robinson. Mr. and Mrs. C. E. Lamb and children and Mr. and Mrs. W. B. Allen and girls were Lubbock visitors Wednesday. There they visited Gene Norman, a student at Texas Tech. GIGGINBOTHAM - BARTLETT COMPANY

FIRE INSURANCE DIVISION

BOARD OF INSURANCE COMMISSIONERS State Office Building AUSTIN, TEXAS

June 15, 1951

Mr. J. A. Patterson, Mayor Floydada, Texas

Dear Mr. Patterson:

It has come to our attention of recent date that a number of fires have occurred in your city by reason of some of your citizens unthoughtfully burning trash and rubbish in the open.

The records of this office over a period of years clearly show that a number of serious fires have occurred resulting from citizens burning trash and rubbish in the open.

First, we should like to point out to you that the burning of trash and rubbish in the open within your city limits is a violation of the fire marshal ordinance of your city. Any person violating the ordinance is subject to a penalty of paying a fine as provided in the ordinances.

We are attaching publications on incinerators used in the burning of trash and rubbish. All containers wherein trash and rubbish are burned should be provided with adequate screen guards to prevent fires and embers from emitting therefrom.

We feel that all that will be necessary in this instance will be for you to call to the attention of your citizens the danger of burning trash and rubbish in the open and they will refrain from doing so.

Sincerely yours,

PAUL H. BROWN Fire Insurance Commissioner

## Water System Acquired from Q by Rg. Sprgs

**MATADOR**—A transaction last week placed the city of Roaring Springs in the water business. After 28 years the community has acquired title to the Roaring Springs Townsite company, a subsidiary of the Quannah, Acme & Pacific Railway, and will operate its own municipal water system.

Stock of the Townsite Co., was sold to Roaring Springs for \$25,000. City Secretary J. D. Mitchell declared. The purchase included approximately 37 business lots and 37 residential lots, the entire water system and about five acres of wellsite. The company retained one corner business lot and two business buildings in Roaring Springs.

Motley county permanent school fund purchased the bonds making the transaction possible. Time of payment is 25 years at 4% interest. Roaring Springs has about 155 water connections and net profit from the water system over the past five years has been over \$3,600 annually.

The railroad line organized the

company in 1913 and furnished much of the system with fine, abundant water which is produced by the water system. With the recent change to diesel locomotives on the railroad, the need for water has been abolished.

## All-Day Re-Union of Greer Children

## Mrs. Shipley Sees Great Niece in S. M. U. Graduation

A student from Sweetwater, who is the daughter of former residents of Ozona, and the great niece of Mrs. D. D. Shipley of Floydada, received a bachelor degree from Southern Methodist university on Monday, June 4. Mrs. D. D. Shipley was present at the graduation exercises.

Miss Clara Ann Cox, daughter of Vernon B. Cox, Route A, Sweetwater, and Mrs. Evelyn Strasburger Cox, Dallas, received a bachelor of science in education. Miss Cox, who is a member of Gamma Phi Beta sorority, attended San Antonio Junior college, the University of Colorado, and Denver university before coming to S. M. U. She is a member of the Pi Lambda Theta national honorary society for women. She holds a special state certificate to teach art and will teach in the Dallas Public schools for the year 1951-1952.

Miss Cox has been offered membership in the American association of university women to join with other college graduates to make education a more dynamic influence in American life. The AAUW are working together in a program that challenges their intelligence and makes use of their training—widening their horizons, helping to build better communities, and taking action on vital national international problems.

Miss Ann Cox and her mother lives in Dallas.

## Dented Automobile Evidence Big Hail

Evidence that the big hail at Canyon Monday of last week was the real thing was given by at least two Floydada automobiles in town Tuesday from the college city.

Bryan Collins new car had scores of big dents all over the steel body and had broken windshields and door windows on the exposed side. His brother Van had driven the car to Canyon while attending summer sessions of West Texas State. Estimates on repair costs were being made Tuesday afternoon. Johnny Collins, also in school, had almost equal damage to his car. The Jones brothers, Travis and Bill, had some damage to their car, but it was less exposed than the other two.

Windows were smashed all over canyon in the storm and water poured into residences, domatories, public buildings and stores as the hail clouds followed the path of Spring creek toward its Palo Duro confluence.

## Atteberry Re-Union Held at Greenville

At a reunion held at Greenville park June 10, ten of the late G. M. Atteberry's children were present. Three were unable to attend.

Those attending were Messrs and Mmes. Dickie Atteberry and son, Floydada, Bill Atteberry, Anna, Texas, Arthur Atteberry, Leonard, Texas, Dick Atteberry, Blue Ridge, Texas, Marshall Atteberry, Irving, Texas, Forrest Atteberry, Dallas, Joe Dodson of Galena Park, Texas, Alton Brock, Warren Harpold, Denny Walker, Bill Pryor, Herman Cougar, all of Dallas, J. D. Garner, Trenton, Morava Brock, Collis, Mary Jo Chance, Dallas, and Mmes. Leland and Everett, Smoky Duncan of Dallas.

Mr. and Mrs. Dickie Atteberry returned home Monday night and reported lots of rain.

Mr. and Mrs. Leon Chambers of 607B East 17th Street in Amarillo, are the proud parents of a son born June 1 in St. Anthony's hospital. The son has been named Leonard Leon Chambers, jr. Mrs. Chambers before her marriage was Geneva Cline of Floydada.

C. L. Berry, jr., is studying at Tech college this summer, working on his Masters degree. He will teach again in the Crosbyton High school next year if Uncle Sam leaves him alone. C. L. transferred from WTSC in Canyon to tech.

Attending the Odam-Shipman wedding in Lubbock at the Calvary Baptist church June 8, were Messrs. and Mmes. J. C. Odam and daughter Mary Ann, J. H. Poore and Mrs. C. E. Bartlett.

## Huge Transformers Energized for Big Irrigation Loop

Southwestern Public Service company last week cut in and energized their new 25,000 Kv transformer west of Lockview farms near Aiken, which is designed to support the growing load on an irrigation loop through west Floyd county and east Hale. Wells in portions of the Lockney area, Irick, Aiken and Barwise will be supplied by the new giant transformer, now being tested.

George Caven, manager of the district, said the new installation is one of the largest single units in

the whole country. It feeds off the big north and south backbone line that extends through the area, linking up the power plants.

Mrs. Cora Harris, of Lubbock, was here the later part of last week and until Tuesday, guest of Mrs. Henry Edwards and other friends.

Mr. and Mrs. Tom Hopper, of Lubbock, spent Sunday and Monday night here as guests of Mrs. Frank Clark, returned home Monday.

Mrs. Bill Cross of Canyon, spent the week-end visiting her parents, Mr. and Mrs. J. B. Bishop.

**Insecticides**  
**Are Dangerous**  
**When Demanded**

COLLEGE STATION, June —The fight with bugs is now underway. The fight becomes more intense, the often develops a tendency to become the human fighters to become. Any relaxation of proper killing and methods of application of many of the commonly used insecticides can result in injury or death, say the Extension entomologists of Texas A. & M. College. The careless handler, they point out, should be stored in a closed metal container. Insecticides that are classified as dangerous are being mixed or applied by the handler in dust drift or spray. The clothing worn when dangerous materials are being handled should be removed and washed before being worn again. They advise anyone to consult a physician immediately if any degree of poisoning is noted during or after application of one of the dangerous type insecticides. All fruit and vegetables should be washed thoroughly before they are eaten. Applications of insecticides such as DDT should not be made within two weeks of harvest. Materials that are highly flammable should not be stored in places where there is a fire hazard. When they are used in the house or barn, specialists caution against getting any of the material in dishes, cans and drinking or feeding containers. Insecticides stored in barns where farm buildings should always be clearly labeled poison. Specialists suggest that you talk with your local county extension agent regarding the toxicity of any particular insecticide.

**Wheat Victim**  
**Heart Attack**

Wheat, Amarillo lumber, pronounced dead on arrival at Northwest Texas hospital June 15 after suffering a heart attack. Justice of the Peace Charles Carder returned a coroner's verdict of death due to natural causes. Wheat had been a resident of Amarillo since 1919. He is survived as widow, Mrs. Maud Wheat, and sons, Ralph and Harvey Wheat, and five daughters, Mmes. Lona, Lora, Sweetwater, Ruth Friou of Los Angeles, California, Rella Burnham of Seattle, Washington; Mildred, Garrison, Utah, and Hubin of Brownton, Minnesota. Two brothers and three sisters survive.

Wheat was the former Maud sister of Tom W. Deen of this county. She taught school at Blanco, and Aiken in this county, before her marriage. Mr. Deen attended the funeral rites.

**Gets Television**

Stories that you hear that television programs are not for Floyd county people can be discounted to some extent in the opinion of B. K. Barker, Jr., who operates a radio shop in the rear of the Barker residence in south Floydada.

The reason he discounts the stories is because he often sees and hears sound and vision programs over his television receiver in the early mornings and the late afternoons and evenings. From about 6 o'clock in the mornings until the sun begins to bear down between 7 and 8 o'clock and in the evenings when the shadows begin to lengthen is when Barker gets far-distant stations clearly and with good sound as well. One recent day he heard the Arthur Godfrey program from beginning to end. He has received Detroit, Minneapolis, and Pittsburgh programs, among others. He does not have a highly expensive installation.

**FEEL ITS NEW EASE!** . . . With sensational new Hydraguide power steering four-fifths of the work is done for you at your touch on the wheel! The littlet lady can park the biggest Chrysler with two fingers . . . drive all day with freedom from arm fatigue!

The Floyd County Hesperian, Floydada, Texas, Thursday, June 21, 1951  
 Mr. and Mrs. W. J. Waller of Floydada.  
 A nice time was reported by those present. They were Messrs. and Mmes. H. S. Waller and son, J. E. and G. W. Switzer and children, Donnie and Peggy of Floydada, Bob Ewen and son Johnny, of Petersburg, Rae Thornton and daughter Linda, of Tulsa, James Anderson and daughter Shirley, of Lubbock, and Mrs. A. L. Maxwell and children, Joyce and Clyde of Royal Oak, Michigan, Miss Eva Waller of Floydada and W. C. Waller of Lovington, New Mexico. Mr. and Mrs. G. E. Assiter of Floydada were unable to attend because of illness.  
 Mrs. A. L. Maxwell and children have been here since Monday night, June 11, and plan to remain until July 1.

**How to take the Work out of Housework**

**SPEAKING OF WASHDAY.**  
 Here's another helpful hint. For extra protection, snap fasteners and close zippers before putting garments in your washing machine. (Having trouble these days with washday weather? An electric dryer will solve that problem! Five minutes of drying costs just one penny!)

**WONDER WHERE THE CUP HANDLES GO?**  
 Properly stacked and mechanically washed, you'll have no broken dishes. And they dry by themselves, need less handling! (Saves time and work as well as dishes—and costs so little to use! Only a penny or two a day!)

**THERE'S MORE THAN ONE TRICK**  
 with a waffle iron! Use packaged mixes for cornbread waffles . . . for hot gingerbread waffles. And try adding finely chopped ham to regular waffle batter. Delicious! (Takes only one or two cents' worth of electricity to make all the waffles your family can eat!)

**FRUIT SALADS ARE FESTIVE-LOOKING!**  
 And you can prepare them ahead of time. Slice the fruit, cover it with lemon or grapefruit juice and keep chilled in the refrigerator until time to serve. (Just one penny's worth of electricity protects a whole refrigerator full of food for almost two hours!)

**FOR A SWEET fresh refrigerator,** wash inside with a lukewarm solution of bicarbonate of soda or borax. Wash metal ice trays with hot water to which bicarbonate of soda has been added.  
 (About 5c worth of electricity will "refrigerate" your food for a week-end!)

**WHEN CLEANING TILE or** tile board, add a handful of starch to water. It gives a nice shine. When starch sticks to your iron, remove it by spreading salt on a newspaper and rubbing the hot iron over it.  
 (By the way, you can iron for hours . . . for just a few pennies cost!)

**FEEL ITS NEW EASE!** . . . With sensational new Hydraguide power steering four-fifths of the work is done for you at your touch on the wheel! The littlet lady can park the biggest Chrysler with two fingers . . . drive all day with freedom from arm fatigue!

**ENJOY ITS NEW CONTROL . . .** You can't imagine the feel of complete command this new kind of steering gives you. In city traffic . . . on awkward driveways . . . in snug garage doorways . . . you never felt steering control like it.

**DRIVE WITH THIS NEW SAFETY!** It not only makes steering four-fifths easier . . . but many times safer, too. Takes out the strain driving in ruts, sand, snow or cross-country. Even off the road onto a soft shoulder, Hydraguide helps keep your car steady with almost no effort!

**Not in the "lab" but ready to drive now!**  
**Chrysler's New Hydraguide Power Steering!**

This year, for the first time on any American passenger car, Chrysler presents the new principle of Hydraguide hydraulic power steering. It's not "in the future" . . . it's out on the road NOW! It is being called the most important automotive achievement since the development of the self starter. People who try it—even after hearing about it from friends—are completely surprised and delighted at the totally new ease and control Hydraguide gives them at the wheel. It is regular equipment on Crown Imperials, optional at extra cost on other Imperial and New Yorker models. Your Chrysler dealer invites you to try it for yourself.

# Servicemen's Deadline July 25 for School

Veterans who are eligible for education and have not undertaken such training under the Servicemen's Readjustment Act, as well as those who have commenced but have not completed their course, must have commenced and actually be pursuing a course of education on July 25, 1951 if they are to receive training under the present program. N. S. Abbott, veterans training coordinator, points out.

Veterans planning to benefit from the program should contact the Floyd County Vocational school immediately in order that the necessary papers be completed for their enrollment before July 25. Two courses are offered in the school, namely, on-the-farm training, and bookkeeping. Two of the farm training courses are held in Lockney and one in Floydada. The bookkeeping course is held in Floydada.

For further information about training in the school veterans should contact N. S. Abbott, coordinator or Mrs. Virgie Shaw, secretary, Courthouse, Floydada; or McLee Brewer, or Roy Cooley, teachers of the farm training courses in Lockney, or Kenneth Bain, Jr., bookkeeping teacher Floydada.

## Weather Reports

(Continued from first page)

ing to cotton. Others, deeming the late season as too risky, have been re-planting the ground in four communities.

**Whirling Funnels Play about**  
The last Wednesday thunderstorms that played over south Floyd county and finally dropped whirling funnels to the earth in four or five spots, played ring around Rosey with residents of three or four communities.

Panic was set off in Floydada by radio and fire alarm. A good rain fell over most of the area.

The earth encompassing clouds which formed the cyclonic phenomena, first had the winds begin their dervish dance in the vicinity of Cone David LaGrone and crew, cutting wheat near there, saw the formation moving northeastward still in the air. First in line where any of the whirling wind dipped to the earth was at Four Sections on the Crosby county line. A crew of men, three left when the small bottom end of a cloud funnel massaged pasture ground unhurriedly in an irregular pattern for several minutes.

Three or four such funnels may have dipped down but all at about the same time in the general vicinity of Pleasant Hill. Dee Adams there had his windmill clipped from the tower and the biting whirl killed weeds for a distance of 200 yards down the highway.

R. J. Hinsley and Mrs. Hinsley watched for a few minutes at about the same time while a funnel billowed toward earth from summer-tilled land thousands of feet into the air and finally took off northeastward in a path toward the Oran Hatley place. The same one or a twin to it whipped over toward the S. N. Carathers residence on the Carl Minor land. The Carathers couple were water-bound and couldn't travel the lane to get out of the way, so they stood at the window and watched their water tower disappear and a horse trough take wings. They found the water tower but the trough just totally disappeared. Mrs. Carathers said. This thunder storm left a lot of valuable moisture for growing crops and probably did less damage than did either the Friday night or Monday night storms.

**Monday Night Twisters**  
Monday night's twister reports include little fellows that apparently "tried hard to get together" in the immediate environs of Floydada southwest. There were several whirling winds that lacked only the "top end" to complete the cyclonic formation. Out at South Plains Raymond Upton, who lives a mile and a half east of the store, lost the roof off of his cow shed and hen house. They blew over his residence and landed about 100 yards northeast. Sheet iron was scattered for half a mile. Nobody was hurt.

W. C. Snodgrass, who had considerable damage in Blanco area, was among the farm operators last week-end who still had to make up their minds while the ground dried.

Other reports from over the county include the following:

McCoy: Mrs. Leonard Smith said that there was some damage from sand blowing Friday night. She said it was worse in the north part of the community.

Mrs. P. D. Helms said that William Culpepper, E. M. Jackson, A. L. Sparks, and Cleo Fulton had a good deal of hail and wind damage Wednesday night of last week. She said that they are having to plant most of the cotton over.

Harmony: Mrs. G. L. Snodgrass

said they had no hail.

Charles Smith reported no hail to speak of, but about one-half inch of rain. He said it was not so heavy west of him.

They said there was lots of rain and hail in part of the community. Starkey: Mrs. Keller Holmes said they had no hail at all and very little rain.

Mrs. Paul Wheeler said they had no hail there at Starkey, but some south of Cone.

Sand Hill: Mrs. James H. Holmes said they had very little hail and about 80 of an inch of rain.

Roy P. Wilkes reported no hail and about .70 inch of rain.

Mrs. Leary Durham said they had about one-half inch of rain and no hail damage at all.

Barwise: Mrs. Johnny Miller and Mrs. D. L. Miller both said there was no hail to speak of and about 3 inch rain.

**FAIRVIEW:** Louella Irwin said there was a big hail Wednesday of last week. Mrs. Walton Wilson said that the hail Wednesday and strong wind Friday night caused a lot of damage to both cotton and wheat. Cotton damage was nearly 100 per cent and will all have to be re-planted. A little wheat can be cut, but a lot of it was ruined.

Mrs. E. W. Walls estimated their cotton and wheat damage at approximately 50 per cent. They will not replant. She also said that they had 3 1/2 inches of rain.

Mrs. Lee Rushing said they had 1 1/2 inches of rain last Wednesday and a little Tuesday night. Wednesday they had a little hail, but didn't do much damage—possibly 15 per cent.

**CENTER:** Mrs. J. R. Robertson said that around Center there was very little hail and a small amount of rain.

**LIBERTY:** C. L. McCormick reported .60 of an inch of rain and not much hail.

Mrs. Otho Sanders said they had .60 Friday night and .80 Tuesday night.

**SAND HILL:** John Hoffman reported a bad hail last Wednesday. He said the damage was about 50 per cent but they would not replant.

**DOUGHERTY:** Mrs. S. J. McIntosh said there was little hail damage—possibly 5 or 10 per cent, but not enough to make a big difference.

Mrs. J. E. Newton said they had very little rain or hail either.

Mrs. Sam Lide said there had not been much rain or hail.

**LAKEVIEW:** Mrs. W. U. Riggle,

## Mrs. R. N. Burgett Rites Held Monday

Last rites for Mrs. R. N. Burgett, 77, a long-time resident of Floyd county, were held Monday, June 18. She passed away at her home at 3:00 a.m. June 16, 1951. The funeral was held at 2:00 p.m. in the First Baptist church of Floydada. Rev. Joe Wilson officiating. Interment was in the Floydada cemetery.

Mrs. Burgett was born at Oneonta, Alabama, September 19, 1873. She attended school at Cleveland, Alabama. She was a member of the Baptist church. On December 10, 1891, she was married to Robert N. Burgett in Cleveland, Alabama. They lived there for ten years. In 1901 they moved to Hunt county, Texas, and in 1912 they moved to Floyd county. She has lived here continuously since that time. At the time of her death she was residing at 214 E. Georgia, Floydada.

Mrs. Burgett is survived by her husband, R. N. Burgett, Floydada; sons, W. M. Burgett, Clovis, New Mexico, J. W. Burgett, Denton, Texas, Z. A. Burgett, Floydada, and L. C. Burgett, Garland, Texas; 15 grandchildren; 13 great grandchildren; a brother, Bert Mince, Athens, Texas, and a sister, Mrs. Mattie Watkins, Athens, Texas.

Mr. and Mrs. R. V. Bartlett of Fort Worth spent the week-end with his parents, Mr. and Mrs. C. E. Bartlett and his sister, Mr. and Mrs. Otho Sanders.

Mrs. T. E. Johnson, and C. B. Hartzell all said they had no hail at all and three quarters to an inch of rain.

**BAKER:** Mrs. P. L. Hart said that they had a little hail Wednesday but no damage. They had an inch and a half of rain.

Mrs. G. L. Fawver made the same report.

**CEDAR HILL:** C. V. Lemons said there was a bad hail Friday night, causing a great deal of damage to both wheat and cotton. He said that a few fields of cotton would be left, but most of the cotton in the community would have to be planted over.

**CAMPBELL:** There was no hail at the H. F. Pratt farm.

Mrs. Billy Hinkle said that they did not have any hail and not much rain. However, she said there was some to the north of them.

## DALLAS COUPLE ARE GUESTS IN ELBERT PARKS HOME

## Legislative Enactments in Briefed Form

Bills the state legislature passed and enactments which failed of passage are included in a report this week by James F. Melton, manager of the taxation and legislation department of West Texas Chamber of Commerce. His reports highlights the following:

**WATER**—Complete recodification of Texas water laws was sought. No change was made in the state's water laws, including the Wagstaff-Woodward act.

**LABOR**—The Parkhouse bill, strengthening the Texas right-to-work law, was passed by both houses and sent to the governor.

**ELECTIONS**—Awaiting the Governor's signature is a measure giving the Attorney General authority to investigate election laws violations in two or more counties; and to proceed in either the county of alleged irregularities, in an adjoining county or in Austin; an annual re-creation of persons seeking poll tax exemption; strikes out a requirement for candidates to keep campaign expense records one year for inspection of any opponent or voter; abolishes a requirement that political advertising carry the name of the person who paid for it; permits payment up to \$1 per hour for election judges and clerks; permits cross-filing by candidates, making it possible for one to seek nomination on both Democratic and Republican tickets.

**REDISTRICTING**—The legislative redistricting law that was enacted will give West Texas approximately 11 new members in Lower House as a result of population shift. The law was passed with much less friction and criticism than had been anticipated.

A congressman-at-large will be chosen next year because no congressional redistricting bill was passed.

**UNIFIED GOVERNMENT**—One enactment gives Bexar County the

right to merge city and county governments into a county-wide unit when a majority of voters decide to do so.

**HOUSING**—Governor Shivers signed a bill giving residents of towns and cities the privilege of determining by ballot whether they want public housing. An election must be called upon petition of 2,000 or five per cent of the qualified voters. The law will go into effect 90 days after adjournment.

**SAFETY**—The Governor has signed a bill making it necessary for brakes, lights, horn and steering gear of all automobiles to be inspected each year before they can bear license tags.

**LEGISLATORS' PAY**—Support for measures introduced on this subject could not develop sufficient strength to obtain passage.

**OIL**—By amending the existing statute, the Legislature made possible leasing of mineral rights by authorizing the district court to appoint a receiver to execute leases of interests of unknown or non-resident mineral or royalty owners, regardless of the number of owners in the tract, and irrespective of the portion of separate interests represented before the court.

Heretofore a receiver could be appointed for this purpose only when the tract contained 10 or more owners and where at least 50 per cent of all separate interests in a tract were represented.

**MEDICIAN**—A constitutional amendment will be submitted for a vote in November, 1952, that would authorize the State to lend up to \$5,000 to young men and women considered the best prospects to become medical doctors. The loans would be repaid with 4 per cent interest after the borrower finished medical school, or the debt could be canceled if the doctor should practice five years in a rural community. The measure was supported by the Texas Medical Association.

**CONSTITUTIONAL AMENDMENTS**—The amendments in the 1951 election contain the following propositions:

1. Increasing the tax ceiling for districts to 50c per \$100.

2. Increasing the loan limit of the Veterans Land Board from \$25 to \$100 million.

3. Raising the ceiling on public welfare spending from \$35 to \$42 mil-

## GOOD HEALTH

### Answer to Question No. 1:

1. A baby should be inoculated against diphtheria between the ages of three months and nine months. It is dangerous to wait any longer because the disease is particularly serious in very young children. There were 15,536 cases of diphtheria in 1940. Early figures for 1950 indicate the number of cases has been halved during the ten-year period.

### Answer to Question No. 2:

2. Doctors in Hillsdale, Michigan, conduct each physical examination of a patient with the

possibility of cancer in mind, since early detection is the primary factor in curing cancer. Thereby every doctor's office becomes a small cancer clinic. This has been accomplished by complete cooperation between citizens and doctors in a joint effort to detect cancer early.

### Answer to Question No. 3:

3. An otoscope is an instrument which directs a ray of light into the ears, making it possible to detect abscesses and other disorders.

## Center News

(By Mrs. J. E. Green)

**CENTER**, June 19—The shower last night was welcome on the row crops, and today is cool and breezy. No doubt wheat harvesting will be resumed in a few hours.

We had a good crowd at church Sunday. Rev. and Mrs. Hodges dined with the J. E. Greens and Jerry with the Robertson boys.

Mr. Hartline made a business trip to Amarillo Friday, returning Saturday.

Saturday was an ideal day for the picnic on the Baptist Assembly grounds. Almost every family in the church was represented. The picnic lunch, the ball games, the swimming and hiking were thoroughly enjoyed by all. Next time let us make it 100%.

Mr. and Mrs. Nolan Arney of Camp Hood and Lampasas arrived Saturday to visit several days in the home of her parents, Mr. and Mrs. J. D. Welborn.

Mrs. Garvin Beedy has the mumps. Mr. and Mrs. G. L. Bryant, Jr. and baby of Eunice, New Mexico visited over the week-end with his parents, Mr. and Mrs. G. L. Bryant. Dinner guests in the J. R. Robert-

son home Sunday were Margaret and Mary Grace Dunn, June Hartline, also Mrs. James Robertson and children of Amarillo.

Mr. and Mrs. R. C. Ross were Sunday dinner guests of Mr. and Mrs. H. B. Mankins.

Norma June Ross dined Sunday with Margaret Green.

The schoolhouse party last Friday night was rained out, so we presume it will be held next Friday night.

Come to church. We do appreciate having preaching every Sunday.

## Like Magic! One Process Makes Perfect Permanent. Set Hair in Pin Curls!

### Elizabeth Arden Wave a sensation

A mother reports: "My permanent took in a matter of minutes. I gave one to my three-year-old and she didn't have time to get restless."

Different from all other waves for home use, Elizabeth Arden's Pin Curl Permanent creates soft, silken curls. "The waving lotion," explains Miss Arden, "is the secret. Rich, beautifying oils are SPUN into the basic lotion and actually condition the hair as they work."

The most exciting news since the invention of the permanent wave is thrilling women everywhere. Elizabeth Arden's new Spun-Cream Pin Curl Permanent Wave is called the "loveliest, fastest, safest, easiest wave for home use in America!"

"It's as fast and easy as setting my hair", says high school Senior, "No extra setting needed, either. I just take out the special Bobbie-pins... and there's a new 'do!'"

Other extraordinary features are the special alloy Bobbie-pins which cannot discolor or injure hair (only 1 pin to a curl!)... the Curl-stick that helps to twist curls tight!

The Elizabeth Arden Pin Curl Permanent Wave is on sale at \_\_\_\_\_ and costs only 2.00 plus Fed. Tax. Refills are 1.65 plus tax.

**TO WHOM IT MAY CONCERN:**  
So many have asked why a group of members who were a part of what is known as "The Fundamental Baptist Church Floydada, Texas", no longer meet together for worship.

We feel obligated both to the people at large as well as "The Lord" whom we worship, to give the reason in full, in order that the public may know first hand why we meet separately to worship the Lord.

For your information the following is a copy of a Resolution presented to the church.

WE, THE FUNDAMENTAL BAPTIST CHURCH, FLOYDADA, TEXAS, DO HEREBY ACCEPT THE FOLLOWING RESOLUTION AS SUBMITTED TO THE CHURCH BY THE PASTOR.

- RESOLUTION READS AS FOLLOWS:
1. We, the Fundamental Baptist Church, Floydada, Texas, are to elect once a year by popular vote, at the request of the Pastor, a group of men, (3 to 10), (as needed) in number, to occupy the office of Trustee and Deacon.
  2. These men are to be recommended to the Church by the Pastor for the Church's approval or disapproval.
  3. These men are to be of good report, consecrated Christians, and separated from the WORLD. They are also to be in full harmony and fellowship with the church and the pastor.
  4. Any person or persons not meeting these qualifications are to be disqualified to hold this office.
  5. Any person or persons after receiving this office who refuses to work in harmony and fellowship with the pastor, the other men who occupy this office, and the church is to be immediately disqualified and will be replaced by popular vote of the church, upon request of the pastor.
  6. Any person or persons of this group who is proven to be habitually contentious and seeks to dominate the remainder of the group is to be replaced as previously stated.
  7. Any person or persons of this group guilty of engaging in worldly activities that will bring reflection upon the church such as public dancing, drinking intoxicating beverages, patronizing public theater and etc., or supporting such things as would cause reflection upon the church, either morally, financially or other means, will be disqualified to occupy said office and will be replaced as previously stated.
  8. Any person or persons of this group whom proven guilty of slandering the pastor, bearing false witness, as in any way attempting to destroy pastor's influence, or turn the church against him is thereby disqualified and will be replaced as previously stated.
  9. Any Man upon being elected to fill this office of TRUSTEE and DEACON who does not qualify as stated above and is unwilling to forsake the thing or things in which he does not qualify, is expected to refuse this office thereby saving the pastor and church the embarrassment and unpleasant duty of having to dismiss him when found guilty.
  10. These men are to act as discipline committee of the church and any person of the church accused of any offense which would necessarily demand church discipline will be handled by this committee the scriptural way.
  11. All business going before the church must first be discussed by the pastor and this committee.
  12. All Meetings of this committee are to be moderated by the pastor.
  13. Should the pastor and his committee be unable to reach an agreement the matter of disagreement will be presented to the church by the pastor at called church business meeting.
  14. These business meetings will be called by pastor when there is business to attend to same as the church meeting.
  15. These men are not to be considered superior to the pastor and the pastor is not in subjection to them in any way. The Pastor is to retain his full authority as stated in the NEW TESTAMENT, being the overseer of the church and undershepherd of the Lord Jesus Christ.
  16. This committee and the pastor are to be responsible for all financial matters and their decision is to be presented to the church to approve or disapprove.
  17. The church is to have FINAL say in all matters.
  18. Should the church be unable to obtain (Proper amount of men) to fill this office we will function with what men we have until we are able to obtain the remaining number.
  19. APPROVED this \_\_\_\_\_ AT CALLED BUSINESS MEETING OF THE FUNDAMENTAL BAPTIST CHURCH, FLOYDADA, TEXAS. BY UNANIMOUS VOTE. Bro. \_\_\_\_\_ Making the motion. Seconded by Bro. \_\_\_\_\_ UNANIMOUSLY CARRIED.

SIGNED BY \_\_\_\_\_ (church clerk)

The above Resolution was read and voted on at a regular business meeting which was announced the previous Sunday, but only to elect a Sunday School Superintendent with no mention of the above resolution which had been presented to a few of the members to read several days before this meeting and no mention at all to the majority of the members.

A number of the members opposed the resolution at this meeting. In a series of meetings a group of Sunday School Teachers were appointed without consulting the church. At a following business meeting the majority of the membership were present and asked for a business meeting which was denied, therefore we refuse to worship with them any longer, because we believe it to be unscriptural and contrary to the teachings of God's word. We are not denouncing the Fundamental Doctrines but came out in order that we might practice them more fully. Only the present members had any part in this matter, no other preacher or group of preachers had any part in this, but it has been said that Rev. C. T. Warren caused this division and we would like to make it clear to all that he had nothing at all to do with this matter. We only used our God-given privilege as well as American privilege as free Baptist have done through the years.

## Fifteen Clubs Represented in County Council

The Floyd county Home Demonstration council had its regular meeting Saturday afternoon in the county court room in Floydada. Mrs. Ruth Daniel, council chairman, presided.

Roll call was answered by representatives from fifteen of the sixteen clubs in the county. Interesting reports of activities in the clubs were given. Nominees for the craft design workshop at Lubbock were named.

Under communications, not requiring action letters were read from Mary Helen Keith and Novella Crump, 4-H club girls who won the District 2 scholarship at Tech last year. Sympathy was extended Mrs. Lenton Lanham who recently lost her father.

Under reports of communities, various club members gave reports of the tour of homes that was held Friday afternoon. Special thanks were given to all the hostesses and to the Lone Star Club for serving refreshments. Fifty-one adults went on the tour.

Mrs. John Smitherman, year book chairman, reported on the year book meeting held earlier in the month. Suggestions were given for the next year book meeting.

A report of 4-H work was given by Miss Petty, County Home Demonstration agent. She said cash prizes were given to each of the 51 girls who entered the dress review in June. Thirteen girls, one adult leader, and the agent attended the district camp at Lubbock. One dollar on each girl's camp fee and all of the leader's fee were paid from the 4-H fund. Clubs who paid the rest of the expense, \$6, for a club girl were Dougherty, Center, Starkey, Providence, Lone Star, South Plains, and Sand Hill. Sunnyside paid for

two girls, and the Lakeview 4-H club for their delegate's expenses out of their club funds. Two of the girls who went to camp were on the radio program at 9:45 Saturday morning.

Two delegates, Frances Allen and Alice Latta, and one county dress review winner, Jean Porter, will attend the 4-H Round-Up at College Station next week. The Floyd County Farm Bureau has donated \$25 towards the girls' trip. Mrs. Lloyd Allen will accompany the girls as adult leader.

Mrs. S. J. Latta, county T.H.D.A. chairman, asked that report forms handed out at the May council be returned to her by June 25. She also reminded clubs to elect their nominees to the state meeting of the Texas Home Demonstration association which meets at College Station in August. Delegates will be elected at the July council meeting.

Mrs. M. O. Peugh of Lone Star was elected delegate to attend the craft design workshop at Texas Tech July 9-13. Mrs. Everett Miller of Lone Star was elected alternate.

Clubs who had a concession booth at the Old Settlers reunion reported that each club made \$23.21 after expenses were paid.

A meeting at Lubbock on July 11 was announced. The meeting is to be attended by the council chairman, county T.H.D.A. chairman, council recreation chairman and Home Demonstration agent from each county. The proposed district camp for women will be discussed and a reception will be given the new District Agent, Mrs. Aubrey Russell.

Reports were given of the district T.H.D.A. meeting at Tulsa.

Attending the council meeting were Mmes. J. B. Jordan, Center; Howard Drysdale, Dougherty; E. W. Walls and Thurmon Perry, Fairview; W. E. Grimes and J. H. Buchanan, Friendship; W. R. Daniel and D. T. Mayo, Homebuilders; Chloma Williams, Harmony; Roy Fawver, Lakeview; Howard Cooper and J. E. Tierce, Lockney; H. E. Frizzell, C. L. King and Raymond Teepie, Lone Star; Roy Wilkes, Pleasant Valley; Sam Jones and T. E. Cowart, Providence; Lenton Lanham and Jna Smitherman, South Plains; A. H.

Denton, Texas.—Dechard Anderson Huley of Dallas and John Ben Shepperd of Gladewater received honorary Doctor of Laws degrees at June 3 graduation exercises of North Texas State College. The citation to Huley, gas utility head who is new United States Chamber of Commerce president, pointed out that his "career exemplifies the best ideals of American tradition," etc. Shepperd is Texas Secretary of State. His degree citation stated, "... at the age of 34 you have already reached an eminence which most men who have attained distinction at all never reach until they have started on the downward slope of life..." Picture shows, left to right: Shepperd; NTSC President W. J. McConnell, who presented the honorary degrees, first in the history of the college; Huley, and NTSC board of regents chairman, Dr. Ben H. Wooten, Dallas bank president, who read the Huley citation.

## Floyd County Club Girls Have Lots of Fun at District Camp

The fourth annual district camp for 4-H Club girls at Lubbock was brought to a close last Thursday afternoon, June 14. The camp was opened Tuesday morning when the girls and leaders registered and were placed in groups according to ages. Activities started after noon as the various groups had classes in recreation, crafts, news writing, personality, and mind your manners. Classes were resumed Wednesday and continued until each girl had attended a class in each activity.

Chartered busses carried the girls to the swimming pool each morning where the girls swam or watched. Family night was on Tuesday night when the families of all the girls were invited to attend. The family of Kay Golden of Lockney were among the families attending. Dr. E. N. Jones, vice-president of the Texas Technological college, gave a talk at this time.

A party was held on Wednesday night for the girls, leaders and special guests. It was lots of fun in spite of the storm.

The final meeting of the camp was held Wednesday morning. Jean Porter as district chairman of the camp, presided at all the meetings and her group was proud of her.

Before leaving for camp Tuesday the Floyd County 4-H club girls elected: Suiter, Sterley; C. B. Carmack, Sand Hill; S. J. Latta, Sunnyside; Miss Petty, and one visitor, Mrs. M. O. Peugh of Lone Star.

City, Oklahoma.

Attending the camp from Floyd county were Dorales Barnett, Dougherty; Floy Baxter, and Kay Golden, Lockney; Sonja Beth Wilson, Joy Ann Porter, and Christine Brints, Floydada 4-H clubs; Fincine Boedeker, Providence; Cleona Graves, Lone Star; Donita Milton, South Plains; Dorothy Breed, Lakeview; Elizabeth Morren, Sand Hill; Margaret Lovell, County-Wide; Jean Porter, district chairman, and Mrs. Harry Hartman, adult leader from South Plains; and Miss Leila Petty, county Home Demonstration agent.

Those who came for the girls were Mr. and Mrs. E. D. Barnett of Dougherty, Mr. and Mrs. Tom Porter of Floydada, Mrs. B. C. Baxter of Lockney, and Mr. and Mrs. Breed of Lakeview.

## Bible Baptist Church

(Rev. D. J. Kinard, pastor)

Sunday was a great day of worship and fellowship for the Bible Baptist church. The Lord is blessing and we thank Him for each service.

Sunday, June 24, we will study the fifth chapter of Genesis in Sunday school. Come and study God's Word with us.

The subject for the 11:00 o'clock hour will be, "Wilt Thou Be Made Whole?"; the subject for Sunday night will be, "Where Sin Did Abound, Grace Did Much More Abound."

Come and be with us and study God's Word as it is, to men as they are.

Be wise—Advertise.
