Stinking Smut Healthy Wheat Loose Smut

FOR A BETTER CROP

Control of smut is one of the important jobs in producing a good crop of quality grain.

SET WATER DISTRICT ELECTION FOR SEPTEMBER TWENTY-NINTH

The election to decide whether the High Plains Underground Water District No. 1 shall be created on a permanent basis will be held Saturday, September 29, it was announced last week-end out of Littlefield.

About two-thirds of Floyd county is included in the area of the proposed permanent underground water district.

In the same election qualified property-owning voters will decide whether the board shall be given authority to levy a tax not to exceed 5 cents per \$100 valuation to finance operation of the district.

The law under which the district must be created actually allows a tax of not to exceed 50 cents per \$100. It also provides the maximum tax rate cannot be changed except in an election.

The election order provides that if the 5-cent tax is approved, it will be assessed and collected for the district by the tax assessor and collector of each county and the county's tax remittances shall be the basis for levying of the tax.

Members of the interim board estimated last night that actually a tax rate of 2 1/2 to 3 cents would be sufficient, provided all of the territory embraced in the underground reservoir as defined by the State Board of Water Engineers is voted into the district.

Physical Examination First Need for First Year Pupils

AUSTIN—"Children are not really ready to enter school until they have had a complete physical examination," Dr. Geo. W. Cox, State Health Officer reminds parent.

"It is important to act as promptly as possible. This is recommended in order to allow time for medical treatments or corrections that may be necessary before school opens.

"As most parents know, vaccination against small-pox is necessary. Those who receive this immunization in infancy should be vaccinated again in order to assure a high degree of immunity and those who have never received this protection should be vaccinated without delay.

"Diphtheria immunization is also an important safeguard for all boys and girls about to enter school. Those who have never been immunized against the disease should receive toxoid shots now.

Council Views Gas Rate Raise As Warranted

Rate increase requested by West Texas Gas company was granted by members of the Floydada City Council at a meeting Monday night.

C. I. "Stoney" Wall, president of West Texas Gas company, in discussing the proposed rate with the City Council members stated that, "since the company began business in 1927 there have been several decreases made in rates—one in 1935, one in 1937 and another in 1940, and that this is the first time the company had requested an increase."

The new rate is still considerably under the original rate in the company's franchise and lower than the 1935 rate in several consumption brackets.

The present \$1.25 monthly minimum will not be changed. The present rates are: First, 2,900 Cu. Ft. per month @ 62 1/2c per M. Cu. Ft.; Next 48,000 Cu. Ft. per month @ 45c per M. Cu. Ft.; Next 50,000 Cu. Ft. per month @ 30c per M. Cu. Ft.; Next 400,000 Cu. Ft. per month @ 25c per M. Cu. Ft.; All Over 500,000 Cu. Ft. per month @ 20c per M. Cu. Ft.

The new rates are as follows: First 2,000 Cu. Ft. per month @ 62 1/2c per M. Cu. Ft.; Next 8,000 Cu. Ft. per month @ 55c per M. Cu. Ft.; Next 40,000 Cu. Ft. per month @ 50c per M. Cu. Ft.; Next 50,000 Cu. Ft. per month @ 45c per M. Cu. Ft.; Next 200,000 Cu. Ft. per month @ 35c per M. Cu. Ft.; Next 200,000 Cu. Ft. per month @ 30c per M. Cu. Ft.; All Over 500,000 Cu. Ft. per month @ 25c per M. Cu. Ft.

Members of the council this week said there seemed to be no doubt the rate increase sought is justified by conditions. The new increased rates, averaging a 14 per cent increase to domestic consumers, with no increase in the minimum, still are 5 cents per thousand cubic feet of gas than the original rates on which the franchise was based in 1928.

The council, too, is impressed with the fact that the rate structure throughout the system is the same, big and little communities, incorporated and unincorporated alike.

C. I. Wall, of Lubbock, president of the company, was accompanied by W. H. Dearford, Plainview, district manager, and Roy Leslie, manager for the Floydada area, in presenting the request for increase to the council Monday night.

More than half of the increased income from the raise will be paid out in taxes of one kind and another, the gas company representatives pointed out.

Ballot Friday On Assumption of School Bonds

With the automatic consolidation of Baker and Campbell school districts with Floydada Independent School district this summer, when the first two named districts became "dormant" for lack of carrying on school work the past two years, it becomes necessary for a vote of the taxpayers of the enlarged district to ratify the indebtedness of the districts as the common debt of all. It is termed a bond and tax election. The election was called by the district school board.

The vote set for tomorrow by the school board is "for" and "against" the assumption and payment of bonds, "for" and "against" the bond tax and "for" and "against" the maintenance tax.

The ballots have the proposals stated under three heads, "First proposition," "second proposition" and "third proposition."

The new secret type of ballot will be used and the voting box will be at the new county court room. Voter who take the trouble to cast a ballot will have a chance to see the interior of the new court house if they have not availed themselves of the chance as yet.

Cotton Market Cuts Huge Crop Income

Judge Nelson to Address Open House Throng on September 17

Judge E. C. Nelson, of Amarillo, former resident of Floyd county, will give the principal address at the open house celebrating Floyd county's new court house on the night of September 17.

District Attorney John B. Stapleton, chairman of the program committee said that Judge Nelson had accepted the invitation to attend and address the citizens on the occasion.

County Judge Frank L. Moore, District Judge Alton B. Chapman, former County Judge G. C. Tubbs, and former Commissioner Geo. L. Fawver will make brief talks, Mr. Stapleton said.

Judge Nelson went to the service in World War I from this county and served Floyd county as county judge in the early twenties. He is at present on the legal staff of the Phillips Petroleum company.

Complete program will be announced next week, Mr. Stapleton said.

Trained Librarian Tells Value of Free Library; Plan Campaign

About twenty-five persons attended the meeting held Tuesday evening in the district court room in the court house, when Miss Lillie Hosteler, librarian at the Hutchinson county library gave a talk on county libraries, their organization, and function of work. A steering committee, composed of two persons from each precinct was named to work out plans and investigate means of furthering the reality of a county free library. The following were elected to act on the committee:

From Precinct One Mrs. Jim Barnard and Mrs. Paul Sparkman; Precinct two, Mrs. Roy Wilks and R. C. Mitchell; Precinct Three, Mrs. Horace Marble and Mrs. John Smitherman, and Precinct Four, Mrs. A. H. Kries and Mrs. Howard Drysdale. Two committee members were appointed from Lockney, Mrs. W. M. Wiley and Mrs. Henry Hodel, and two from Floydada, Mrs. Kinder Farris and Mrs. Hollis Bond.

Librarian Addresses Meeting Mrs. Drysdale, acting as chairman for the group, introduced the speaker, who told of the advantages of a county library. She has worked with the Deaf Smith, Carson and Hutchinson county libraries.

Miss Hosteler said that "County libraries were supported as is the school, by tax. A library consists of two things, books and a trained librarian, a must for any library. Books alone cannot make a library."

She expressed the thought best to get all the funds possible before starting the library, and said, in her experience, getting the funds first, was the best.

Miss Hosteler said, "During strenuous times, people need a let-down and one can get a let down by reading a large amount of heavy reading is done in most libraries. Never was a time when libraries are more needed than now, said Miss Hosteler. A county library must be a free library, and a county librarian must be trained, she declared.

Eight of the home demonstration clubs over the county were represented at the meeting as were all the study clubs and the two garden clubs of the town. Judge Frank Moore and Commissioner W. C. Plimlee and Miss Lella Petty, FCHDA were present at the meeting and expressed their willingness to help any way possible to have a county library.

A date for the committee elected, to meet again will be announced by Mrs. Drysdale, acting chairman.

The library room was opened and those present visited the room after the meeting was adjourned.

Football Squad Numbers 53 at Opening Drill

When Coach Watson called his 1951 football squad on to the practice field Monday morning he had 53 candidates present, including 16 lettermen, 16 B squad members and 21 newcomers.

They are practicing from 8 o'clock to 10 in the forenoon, eating in the school cafeteria at noon and staying in the gym until the afternoon work-out from 4 to 6 o'clock in the afternoon. Watson and his aides thus have charge of the youngsters throughout the day.

Floydada high now in the new district—2A-2, with Tulla, Canyon and Hereford as the other three members in the interscholastic set-up but before these three conference games are played the Whirlwinds will have non-conference games with practically all of their old rivivals. (See FOOTBALL, back page)

'Largest Possible' Total Sales Called For in Defense Bond Drive

The "largest possible" total of sales will be the goal of the Defense bond drive to be held Sept. 3 through Oct. 27, Nathan Adams of Dallas, state Defense bond chairman, has announced.

There will be no dollar quotas, Mr. Adams said in a letter to J. M. Wilson, defense bond chairman for Floyd county.

As Floyd county cotton fields continue maturing the biggest acreage and the best crop in its farming history, the matter of harvesting and marketing this week began to loom larger in the picture of the early future of cotton raisers plans.

Indications on the marketing side are that the price of cotton on the open market is due to slide down to or about the support levels, in which case operators are due to handle most of their crop through the Commodity Credit corporation so as to give the market a chance to absorb the crop in a more orderly fashion. This action is being urged by cotton factors in the big marketing centers, says County Agent Robt. H. Gibson, who spent 10 days recently in a quickie school studying the market outlook under the guidance of cotton men experts in staple marketing.

In addition to the middling 3/8 inch support price for cotton announced recently for Floyd county marketing points, a support price for cottonseed also was given. This price is \$65.50 per ton for basic grade 100. If a purchase program becomes necessary the cottonseed will be bought on the basis of \$61.50 per ton. The support price is indicated as 90 per cent of parity.

The loan rate on cotton staple is for gross weight middling 3/8 upland cotton, announced at \$30.27 for Floydada and \$30.21 for Lockney and Aiken. This is based on 90 per cent of the August 1 parity price, recently announced at \$33.85. Last year the average loan rate was \$27.90. Middling 15/16 cotton will carry a loan rate of \$1.25 per hundred more than middling 3/8.

Rain Was Beneficial Meanwhile out in the cotton fields there was varied results from the rainfall of last week, but mostly the reports are favorable. That is the moisture was beneficial except where it was heavy and the cotton had had heavy watering. Partly cloudy weather for two days was helpful in this respect. An occasional field is reported where the owner declares the cotton was too far gone for the rain to make any difference either way. In these fields the yield will be light.

There are plenty of fields of cotton in the county that have two bales or more per acre well set on the stalk. These are depended upon to bring the county's average yield for the year to a high peak. No unusual reports of insect infestations were current in Floydada yesterday. Cotton raisers have a keen eye out for the bollworm, which at this time is practically the only potential insect threat.

Whirlwind Football Schedule September 7, Slaton, There; September 14, Post Here; September 21, Rail, There; September 28, Paducah, Here; October 5, Spur, Here; October 12, Lockney, There; October 19, Abernathy, There; October 26, Open Hereford, There; November 9, Tulla, Here; November 16, Canyon, Here. * Conference

Retail Stores Will Be Open Monday

A hurried survey of local places of business yesterday disclosed that practically all of the retail establishments of the community of Floydada, as well as industrial and wholesale places of business, will be open for business as usual Monday of next week, Labor day.

Closed will be the utilities offices, city hall, court house, bank, post office, and other federal agencies. Only exception will be the county superintendent's office which will remain open account of the opening of the school year.

HAS SPRAINED ANKLE

Mrs. Harry Morckel, home economics specialist of the Floyd County Rural Electric cooperative, although on the job as usual, has the handicap of a badly sprained ankle this week. The accident in which the ankle was turned occurred Tuesday morning when she stepped off the front porch at the Morckel home to start to work. Mrs. Morckel said it was so quickly done she didn't know exactly how.

Classified Quiz

About Ghosts *You don't have to believe in ghosts to answer the following questions about them correctly. The correct answers appear on the Classified Page.

- 1. This most famous ghost in history appears in one of Shakespeare's plays. Was it the ghost of Hamlet's father, the ghost of Portia or the ghost of Romeo? 2. What ghost wrote which Dickens wrote converted an old miser at Christmas time? Was it Marley's ghost, David Copperfield's ghost or the ghost of Oliver Twist? 3. Is a banshee the ghost of one who was banished from his county, an Irish apparition who waits when a death occurs, or the spirit of a South American Indian? 4. Is a werewolf a man who transforms himself into a wolf, the ghost of a wolf or a prehistoric animal? 5. Who was the "Skeleton in Armor," about whom Longfellow wrote: A Norse Viking, Evangeline or Daniel Boone? "Classified Has the Answers"

Stovall Family Hold Re-Union

Sunday, August 26, the Stovall family held their annual family reunion in the City park at Plainview. Seventy relatives were present with their families, and other relatives.

The brothers were G. H. Stovall of Plainview, R. M. of Floydada, A. L. and H. C., both of Lubbock and one sister, Mrs. E. C. Morgan of Waco.

Attending from Floydada were Mrs. E. F. Stovall and Mr. and Mrs. R. M. Stovall and son, Lawrence, Mr. and Mrs. A. J. Cline and Mr. and Mrs. Louis Anderson and Mr. and Mrs. H. O. Cline; Mr. and Mrs. Marvin Gilbert and children of Lockney; Mrs. Frank Cline and two children of Little Rock, Arkansas, and Don Sparks of Floydada; Mr. and Mrs. John McKenzie and daughter, Mr. and Mrs. H. C. Stovall, Mr. and Mrs. Clyde Stovall and two children and Mrs. Hubert Stovall and two children, all of Lubbock; Mr. and Mrs. Otis Sanders of San Antonio and Mrs. Ethel Nelson of Corpus Christi, Mr. and Mrs. Elmer Stovall of San Angelo and Mr. and Mrs. J. C. Stovall and Mr. and Mrs. John Ross and children and Mr. and Mrs. Roy Stovall and Mrs. Don Osmires and daughter, all of Plainview; Mr. and Mrs. Carl Stovall of Clovis, New Mexico and Mr. and Mrs. J. D. Talor of Amarillo.

It was voted to meet in Plainview again next year, on the second Sunday in August. Roy Stovall of Plainview was elected president with Mrs. J. D. Talor of Amarillo as secretary.

One sister in Waco was unable to attend on account of illness.

Visiting Preacher at Calvary Church

A visiting preacher, L. S. Bilbrey of Spur, will fill the pulpit at the Calvary Baptist church on Sunday, when the regular pastor, J. T. Bilbrey, will be at Northfield church, near Whiteflat, for the day.

The revival, which was in progress at the church for the past 13 days, was well attended, and closed last Sunday night.

Mr. and Mrs. F. M. Marquis and children and Mrs. Callie Marquis, of Borger, mother of Mr. Marquis, have returned home from an extended trip through Arkansas, Missouri, Kansas and Illinois. In Paris, Illinois, they visited with B. R. Marquis and family, brother of Mr. Marquis.

Mrs. J. T. Bilbrey, wife of the pastor of the Calvary Baptist church is improving from an illness since, July 12, Mrs. Bilbrey has spent some time in the Crosbyton hospital and Peoples hospital here.

News of Lone Star

(By Mrs. Donald Johnson)

LONESTAR, August 28.—Mr. and Mrs. Dawson Busby and family from Englewood, California, are visiting in the home of Mr. and Mrs. Ben McGhee and other relatives this week.

Bailey Henderson is recovering from an operation.

Linda Johnson is nursing a badly cut foot this week.

Herbert Hatchett of Casa Grande, Arizona, is visiting in the home of Mr. and Mrs. Jack Frizzell. They all visited in Silverton Thursday with Mr. and Mrs. George Long.

Mr. and Mrs. A. E. Prizzell, Mr. and Mrs. George Long and David Frizzell spent the week-end in Amarillo with Mr. and Mrs. Benzil Bayter. The men all went fishing.

Mr. and Mrs. G. B. Johnston, Jr., and son have been visiting her parents, Mr. and Mrs. Huckabee of Strawn.

Miss Myra Applewhite leaves Saturday for Eagle Pass, where she will teach this year.

Louise Applewhite will leave a week from Saturday when she will take up her studies at Baylor.

Mr. and Mrs. James Wisington had as their guests Sunday, Mr. and Mrs. Jerald James of Silverton.

I. O. Graves spent Saturday at home, but he returned Sunday to the Veterans hospital to have more teeth pulled. He is improved at this writing.

Mr. and Mrs. Howard Watkins visited Mr. and Mrs. Buck Garrett of Kress Sunday. They also visited Mr. and Mrs. Eldon Watkins and new baby. They are staying a few days with the Garretts.

Miss Mamie Lou Nance of Amarillo spent the week-end visiting her parents, Mr. and Mrs. W. D. Nance.

Donald Henderson Honored

A birthday party was given Friday in the home of Mrs. W. D. Nance for her grandson, Donald Henderson. Games were played and gifts opened. Cake and ice cream cones were served to the following:

Derrell, Delinda, and Jane Phillips, Tony Frizzell, Timmy Hartman, Ronnie and Johnnie Belt, Linda and Doyle Johnson, Vicky and Steve Rodgers, Bobbie Webster, Mike Nance, Dennis Griffith, Sandra Huggins, and Lynn Denton. Mothers were Mrs. D. J. Phillips, Mrs. H. E. Frizzell, Mrs. Shorty Hartman, Mrs. Gene Belt, Mrs. Donald Johnson, Mrs. Sidney Rodgers, Mrs. R. B. Webster, Mrs. W. D. Nance, Mrs. Harold Griffith, La Juan Henderson, Mrs. Fred Huggins.

Mrs. J. T. Spence, of Fort Worth, is here visiting her daughter, Mrs. D. G. Hatley and family. Mrs. Spence has been visiting another daughter, Mrs. H. C. Stanley and family in Lubbock and will go to Crosbyton this week to visit with a son, Virgie Spence and family. Mrs. Spence is a former resident of Floydada.

FOR A BETTER CROP

TAKE the trash out of seed wheat for more uniform stands

"Seed cleaning and treating is the first step toward increased yields of quality grain."

The pictures above help explain why farm experts offer this advice. You can plainly see that if your grain drill is loaded with an assortment of seed grain, pieces of straw, grain hulls and weed seeds, your standing crop will show up with many bare or thin spots, where you have sown trash instead of good seeds. Thorough machine cleaning takes out almost all of this foreign matter.

It is not easy to see spores of

Smut seed, treated to kill smut, produces bigger yields of quality grain that brings higher prices

bunt on the seed. In fact, to the unaided eye, the seed may appear free of stinking smut and with certain weather conditions the resulting field may be 50 percent bunted. So wheat growers should not take this chance when they can be absolutely sure of not having bunt for only 1¢ to 5¢ per acre. This insurance may be had by treating the seed with a good disinfectant just as it leaves the cleaner or 24 hours or more before planting. Your County Agent can direct you to a cleaning and treating machine, or tell you how to do it yourself.

Hogge Is Featured In Dallas Story of New Location

In Sunday, August 26, issue of the Dallas Morning News a picture of Earl Hogge, former Floydada citizen, was featured. Mr. Hogge is president of Farm Equipment Distributors, Inc., which was moving into their new building on Hines Boulevard from their old location in Grand Prairie. The new building is on a three acre plot of land. The company is the state distributor for the Ferguson tractor.

Founder and President Hogge started the company about two years ago.

Mr. Hogge moved to Floydada in 1945 from Dallas and opened the Ford Tractor agency here. He left

here in 1948, moving to Lubbock and left Lubbock, moving back to Dallas in 1949.

Mrs. Hogge is the sister of Mrs. D. T. Mayo, Floydada.

Mr. and Mrs. Floyd Ballard had as their guests this past week-end Mr. and Mrs. Earl Swim of Vernon and Mr. and Mrs. W. L. Halmark and daughters from Lamesa. On Sunday were also Messrs. and Mmes. Floyd Lawson and Gene Lawson and W. O. Baker and families.

Mr. and Mrs. F. O. Conner and her mother, Mrs. J. H. McManus, of Sulphur Springs, attended the graduation exercises at West Texas State college in Canyon, on last Friday evening, when their son, Eddie Wayne Conner of Lubbock, received his bachelor of science degree.

Miss Ruth Riggle returned home Tuesday from a two-month stay with her sister, Mrs. R. A. Baker and family in Tulsa, Oklahoma.

Johnny Cardinal, son of T. J. Cardinal, was among the graduates of West Texas State college last day night. He received a master's degree in education, in the same exercises. Johnny is teaching at Springlake school.

Mrs. Jim Hargrove of Clovis, Mexico, accompanied George home from Clovis, where he has been visiting Mrs. Hargrove and grandmother, Mrs. Anna Hargrove and Mrs. Hargrove and family. They spent last week in Clovis.

Mrs. H. C. Sullivan and children of Wichita Falls, are here a few days. Mrs. Marvin Gilbert, daughter Sue of Lockney, is with Mrs. Stovall on Wednesday.

Mr. and Mrs. Perry H. Beaman have returned home a few days visit with her parents and Mrs. I. T. Graves.

Calories Told About in Talk on Food Values

(Prepared by Texas Medical Association)

Calories are not a part of food like minerals and vitamins are. Calories are the potential energy fuel of each food, the means by which you build up steam to get about your daily activities. The more activities you indulge in, the more steam you need, of course, but when you have fuel lying around inside of you that you don't call into use for steam, you bulge with the stored fuel.

Every motion of the body requires some steam, or energy, of course; sleeping requires and just the beating of your heart and the flow of blood through your bodies use up some calories. Just loafing around the house necessitates the burning of some of the fuel in the body, requiring more than sleeping or lying quietly in bed not requiring as much as sweeping, playing hopscotch, or painting the barn.

It has been determined that the average adult spending a day of loafing will use up about 1650 calories. For anyone not bedridden, therefore, that would probably represent the lowest amount of calories that the body needs. If you have calories stored around on you in the form of fat, then you would need to take in a little less than 1650, say around 1500 calories a day, to use up some of the stored fat and thereby

reduce weight. If you continued to loaf, you'll still eventually call forth some of that fat even to keep loafing; but if you went about your normal routine which would use from 2500-3500 calories a day, you would call forth more of your stored fuel and reduce your weight at the accepted rate of about two pounds a week.

Such a statement must be considered as an average procedure, of course. It won't work that way with everyone, but as a rule, that is the accepted reducing regime. If you would continue to gain weight or fail to lose following such a routine, then you need a more individual procedure outlined for you. If you became overtired, irritable and restless on such a routine, then you would certainly consider yourself in need of some supplements to the diet or some completely different form of diet to meet your individual requirements.

There are no cut and dried calorie charts for food; such calorie counts as you will find are usually made up from many different charts made by scientists who have studied foods and determined the caloric counts in the laboratories. There are averages only because the ages of certain foods will change the caloric value, just as those raised in different parts of the country may have some different count; and the different ways of cooking must also be considered in the caloric value of the foods.

Scientists determine the caloric count of foods by weighing 100 grams of spinach, for example, and putting it in a vacuum which takes out all the moisture. The dry spinach is weighed again and the scientist makes a note of the water content of the spinach; water has no caloric value. The dry spinach is then placed in a bomb like instrument called a calorimeter and placed in water. The temperature of the water is recorded before and after the spinach is burned; the difference in the two temperatures is interpreted as the caloric value of the spinach.

Spinach is 92.7 percent water, so that 100 grams of spinach would leave only 7.3 grams of solid material which could have caloric value. In addition to water, spinach like all foods contains either protein, fat or carbohydrate or a combination of any of these three things.

There are four calories in every gram of protein and every gram of carbohydrate; there are nine calories; however, in every gram of fat. In 100 grams of spinach there are 2.3 grams of protein and 3.2 grams of carbohydrates. Each of these would be multiplied by 4 and added together to get 22 calories. There is also .3 gram of fat in that 100 grams of spinach; that would be multiplied by 9 to bring the caloric value of the spinach up to 24.7, or almost 25 calories. That is about the average portion of spinach which is served.

All that complicated work is done for you by doctors and scientists who weigh and study food, whether for good health or for special diets.

Completely aside from the caloric count of food, however, is the weighing of food to determine the mineral content and the vitamin content. And in a reducing diet those three different items, caloric count, mineral content and vitamin content, must be considered to use up the stored calories you recognize as fat while maintaining the proper balance for the other needs of the body.

Andrews Ward Opening Plans

Principal A. D. Fultz, of Andrews Ward grade school, this week issued the following statement in regard to plans for opening of the school Monday, which will be of general interest among parents who expect to have children as pupils in that school:

Andrews Ward students will enroll in their classes Monday, September 3 at 9 o'clock. There will not be a general assembly of students, to which assigned or promoted, and in the same sections they were in last year.

For instance, 1a of last year will go to 2a this year and 2a to 3a, etc. ID of last year will be divided alphabetically into the second grade, as there will be only three sections of the second grade.

The beginners will report to the first grade rooms and will be divided there into their rooms according to alphabetical arrangements of names.

As was stated in the paper last week by Superintendent I. T. Graves.

All first grade beginners whose birth certificates are not recorded in Floyd county are requested to have birth certificates.

Students enrolling here for the first time will go to section of their grade according to alphabetical arrangement of name and section, unless it causes the room to become over-crowded.

The first graders will be dismissed at 12 every day for the first month, the second and third grades at 3 o'clock, the fourth and fifth grades at 3:15, all others at 4.

All students will be dismissed soon after books are issued the first day.

Orman Re-Union Annual Affair

Every year on the date of the wedding anniversary of their deceased parents, or as near the date as possible, the children of the late Mr. and Mrs. R. L. Orman, hold a family reunion.

This year the reunion was held in Elm Park Amarillo, August 26, last Sunday. The following children and their families were present:

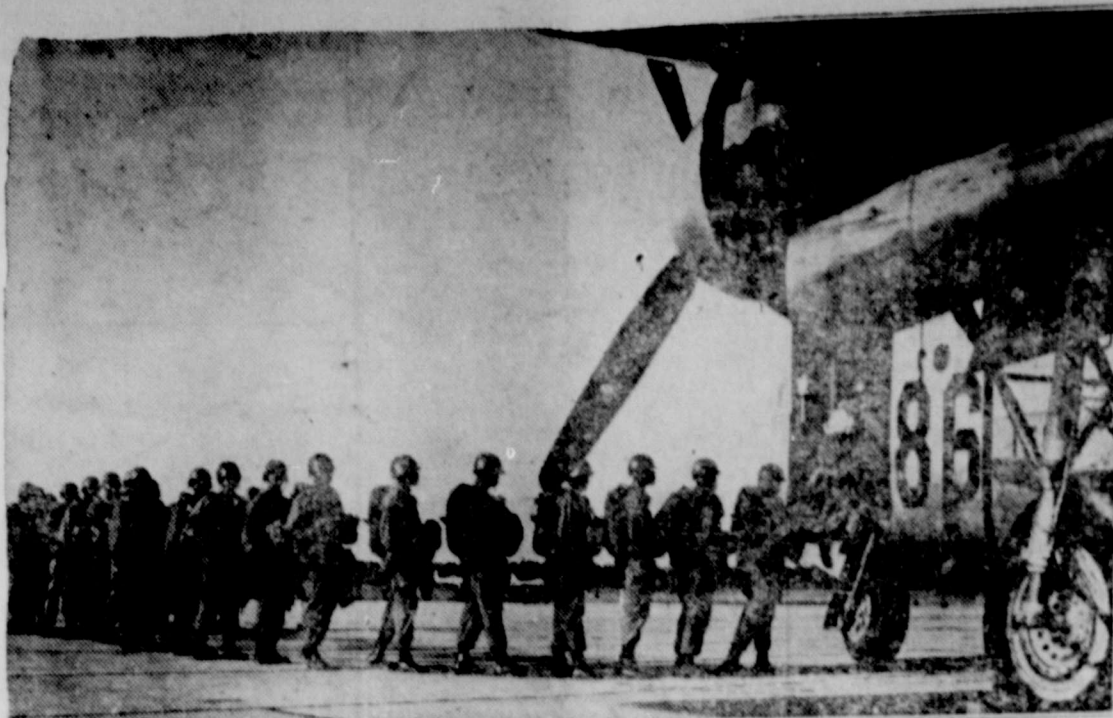

Messrs. and Mmes. T. H. Ormon of Borger; P. L. Ormon of Floydada, Hubert O'Neal of Lubbock, Bob Ramsey of Borger, Sid Brown of Floydada, Jack Calahan of Lockney, R. I. Thomas of Lockney, and R. L. Ormon of Lorenzo.

Others present included grandsons and granddaughters and their families. They were Messrs. and Mmes. John Crooks of Elida, New Mexico, Eddie Hamilton and Danny of Clovis, New Mexico, Winston Brown and Ronny of Lubbock, R. J. Teal, Judy and Robert of Lubbock; Harold Ormon and Mary Pat and Dickie of Borger; E. J. Frear and Loretta Frear of Clovis, New Mexico, Mrs. Emma Smith of Clovis, New Mexico, and Messrs. and Mmes. Harry Ragland and Bobby of Sundown, Rex Ormon of Dallas, Kenneth Ormon and Roddy of Dalhart, Howard G. Bishop of Floydada, Pete Calloway and children of Floydada, Mrs. Everett Collier and daughter, Carlyne, of Floydada and Mrs. Luke Meece of Borger.

Visitors in the W. R. Daniel home last week were Mr. and Mrs. Bob Hendricks of Wichita, Kansas.

Mrs. F. O. Conner has as her guest this week her aunt, Mrs. T. J. Hampton of Memphis.

Mr. and Mrs. Oliver Allen have had as their guests his sisters, Mrs. J. C. Parker and two daughters, Donna Sue and Linda of Dalhart, and Mrs. Eula Sparks of Phoenix, Arizona, this past week.

PREPARING FOR SUNSET JUMP—As the sun sets, shadows of these men from the 80th Airborne Anti-aircraft Battalion, 82nd Airborne Division, stretch across the parking ramp at Maxton Air Force Base as they climb aboard a C-52 Packet of the maneuver Troop Carrier Command. This evening practice jump was made in pre-maneuver training for Exercise SOUTHERN PINE, the largest joint Army-Air Force training exercise since World War II. Over 110,000 men from every state in the country will participate in this maneuver, which is scheduled for August 13-27.

New Motor Fuel Exemption Law

The amendments to the Texas Motor Fuel law including several newspaper columns of new regulations and changes in regulations governing motor fuel taxes and exemptions for farming and other non-taxable uses, go into effect on Saturday, September 1.

Regulations which affect the mode in which the consumer of non-taxable gasoline may obtain refunds in particular changes the former plan of procedure for the holders of invoice of exemptions. Local gasoline wholesale distributors are repeating an advertisement this week which they used earlier in the month pointing out some of the requirements of the new law, as pertained to the relations of the wholesaler and his customer. Hereafter, for one thing, the wholesaler must not have anything to do with aiding his customer in making his claim for the exemption refund, either in caring for the same, in notarizing, mailing or otherwise. Dealers also must have the customers' records out of his hands by the end of the seventh day after an invoice has been issued.

Mr. and Mrs. Burl Huckabee have returned home from Ruidoso, New Mexico, where they spent several days on a vacation.

Mrs. Robert McGuire and son Don, have returned home from Anton, where they spent the past week, managing the McGuire Department store while Mr. McGuire was in Dallas at market.

Mr. and Mrs. Lon Davis, jr., have been vacationing in the west and north parts of the country, and looking over the wheat crop in South Dakota for the past two weeks.

Mr. and Mrs. E. H. Wright and son Mr. and Mrs. Troy Wright and son, spent Sunday in the home of Mrs. James Fortenberry and A. Q. Wright in Lubbock.

Mr. and Mrs. Dwain Hatley and little daughter of Los Angeles, California, and PFC. Billy Hatley, who is stationed at Camp Delmar, California, left Sunday for home after a visit here with their parents, Mr. and Mrs. D. G. Hatley.

Mr. and Mrs. Lee Rushing are in Rochester, Minnesota, where they are at the Mayo Bros. clinic.

Still Some Tickets For Reserve Seats

Although the sale of reserved grand stand seats on the west side of Wester field started off good Saturday and scores of buyers made reservations at the office of the secretary, there were still some seats available as late as Wednesday morning, Mrs. Lorin Leibfried said.

Reserved seats are in addition to regular admission charges, the latter being uniform throughout the district. In addition to having reservations awaiting them when they reach the field purchasers of reserve seats have a part in supporting the local football finances. The fund has been used in the past for improvements to the field, including new badly needed seating.

Between Humps

Over one hump but facing another seems to be the situation revealed by the Rural Electrification Administration statistics for the fiscal year ending June 30, 1951.

The hump ahead is the snowballing demand for electric power on the electrified farms of the United States. Use of power for the fiscal year was 25 percent greater than in the previous year, about twice what it was in 1948, and three times the figure for 1947. Experience shows that the demand is likely to keep on mounting. It is in the states where rural electrification got off to an early start that the largest average power consumption is revealed. The experience has been that on practically all the REA-financed lines the average consumption of power keeps growing as farmers explore new uses and get around to buying the equipment that calls for increase in power supply.

The hump that REA has passed is reflected in statistics on line construction and new consumer connections. In the fiscal year approximately 117,000 miles were energized. This was a drop of about 35 percent from the previous year. Supply of material was affected by mobilization, and it remains probable that new construction is not likely again to surpass the 179,000 miles energized in fiscal 1950. This is because rural electrification has already reached the great majority of farms, and there is no longer the opportunity for breaking records in the diminishing area still unserved. The same applies to the 288,000 consumer connections. This figure was down about 39 percent from the 474,000 in 1950. Nevertheless, REA points out, nearly 750,000 farms are still waiting service.

FOREST COOPERATIVES FOR FAMILY FARMS

Good Forestry on family farms would be promoted by successful operation of forest cooperative associations. This is one of the principal suggestions the Forest Service offers in the Family Farm Policy Review on which the U. S. Department of Agriculture is now active. A forest cooperative may need to build a sawmill or other processing plant, but it may serve substantially by grading and marketing service for pooled timber cut from farm woodlands that are under the sound management which a cooperative can promote.

"The value of cooperative associations for marketing and processing farm products has been amply demonstrated," says the Forest Service. "Until forest cooperations become more widely established, Federal leadership, with State cooperation, will be needed to make organization studies and demonstrations; to provide technical advance in business management; and to furnish loans on favorable terms."

PLEASURE IN WORK

Most people have the wrong idea about work. They seem to think that pleasure begins when the day's work is over. They fight for shorter hours, more leisure.

I remember one day seeing a sign in a Fifth Avenue shop that read: "No one in this shop works more than 40 hours a week... except the executives."

The unconscious irony of that! Most of the successful people I know are trying to figure out a 40-hour week. If only we were taught, before we are taught anything else, that work is the greatest happiness in life.

—Channing Pollock

Wood Used By Noah

Noah's Ark was made from gopher wood," said to be akin to a resinous wood-like cedar of cypress or the Assyrian reed.

Soil Mystery Answer Sought

A fundamental research program into the mysteries of trace elements in the soil, which may lead to increased yields and greater nutritional value in farm crops, is underway by Dearborn Motors Corporation and the University of Michigan.

Announcement of the project, known as "Operation Tracer," was made today by Thomas A. Farrell, president of Dearborn Motors, and Dr. Alexander Ruthven, president of the University of Michigan.

Scientists know that the presence or absence of trace elements—iron, boron, copper, zinc, manganese, molybdenum—is of tremendous importance to the growth of virtually everything humans eat. Beyond that little is known definitely.

"Operation Tracer" will attempt to discover how plants assimilate trace elements, and determine which elements, how much, and in what form they should be applied to make corn, potatoes, wheat, trees, etc., grow better faster and longer.

Although only small amounts of these nutrients are needed by plants, spectacular increases in yields have been obtained when they were added to deficient soils.

Mr. and Mrs. W. F. Daniel had as their guests last week Mrs. Bill J. Derrick and Mr. and Mrs. T. Van Hecken of Houston.

Mr. and Mrs. Marvin Standefer visited his parents, Mr. and Mrs. Arthur Standefer in Lamesa from Sunday until Tuesday of this week.

Mr. and Mrs. Earl Carson of Dallas were guests in the E. H. Wright home recently.

Mr. and Mrs. Tom Bob Jarboe, of Canyon, were week-end guests of his parents, Mr. and Mrs. Mal Jarboe last week.

Mr. and Mrs. Bill Smith and children, of Dougherty, have returned home from a week's vacation, visiting in Fort Worth, San Antonio and Corpus Christi with relatives and friends.

Handbook Gives Information of Texas Origins

AUSTIN.—Do you know where your town and county got their names, and the dates of their establishment? If not, you will have a reference available next year which will provide that information. A two-volume "Handbook of Texas" has been completed at the University of Texas and is scheduled for publication next year by the Texas State Historical Association.

Dr. H. Bailey Carroll, director of the association, estimates the handbook will include 2,000,000 words concerning all phases of Texas history. More than 1,000 contributors wrote articles for the publication, which has been in preparation 10 years.

Here are some samples of the information contained:

Brahm cattle, a breed which has existed in India for more than 4,000 years, ranks second to the Hereford as the chief range animal in Texas. The breed was introduced in Texas about 1895.

The first reports of Texas buffalo were written by Alvar Nunez Cabeza de Vaca in his description of his journey from Florida to Mexico from 1528 to 1536.

Gail Borden, jr., famous as the father of condensed milk, came to Texas in 1829, and died at Borden, Texas, on January 11, 1874.

Big Bend National Park, Texas' first national park, consists of approximately 788,682 acres and is the fifth largest national park in the United States.

Mrs. A. L. Spence left for her home at Colton, California, Wednesday morning after a visit of about a month in the homes of Mrs. T. R. Noland and Mrs. Burl Huckabee. She was accompanied by C. A. Chance, of California who had been on a tour that included Louisiana. He stopped here for the Noland-Hughes family reunion. Mrs. Spence during her stay in Texas also visited in Lubbock with Mrs. J. L. Croswait.

Mr. and Mrs. N. L. Bedwell, of Cactus, Texas, were week-end guests of Mr. and Mrs. W. H. Bethel.

HOLLOMONS HERE ENROUTE TO NEW HOME IN KANSAS

Mr. and Mrs. Kyle H. Babb who have made their home in the past three years are leaving for their new home in Kansas. Mr. and Mrs. Babb are enroute to Wichita, Kas, where they will make home.

Also visiting in the home this week have been Mr. and Mrs. Ralph Shipman and Mrs. C. E. Bartlett.

Legal Notice
THE STATE OF TEXAS
TO: All persons not in being having... a vested, contingent or possible... interest in the lands hereinafter... set out and described.
GREETING:
You are commanded to appear... and answer the plaintiff's petition... at or before 10:00 o'clock a.m. of... the first Monday after the expiration... of 42 days from the date of issuance... of this citation, the same being... Monday the 17th day of September... A.D. 1951, at or before 10:00 o'clock... a.m., before the Honorable District... Court of Floyd County, at the Court... House, Floydada, Texas.

Said Plaintiffs' petition was filed... on the 14th day of July, 1951.
The file number of said suit being... No. 3969 and styled Ex Parte Mary... Hawkins Hall and Elbert Hawkins... Receivership to lease for oil and gas.

The names of the parties in said... suit are: Mary Hawkins Hall and... husband, Vaughn T. Hall and Elbert... Hawkins as plaintiffs, and Elbert... Hawkins, and wife Ethel Hawkins... Kitty Hawkins Patrick, and husband... J. H. Patrick, Abbie May Hawkins... an incompetent and her duly appoint... ed, qualified and acting guardian... is Elbert Hawkins, Robert M. Mart... in, I. E. Martin, Wade A. Martin... Raldo N. Martin, and Mark A. Mart... in, and all persons not now in being... who under the terms of the will of... W. Z. Hawkins may ultimately take... interest in said hereinafter rescri... bed real property, are defendants.

The nature of said suit being subst... antially as follows: A suit for re... ceivership under Article 2320 C... Revised Civil Statute of the State... of Texas, to lease for oil and gas... lands hereinafter described.
The Plaintiffs alleging:
That the plaintiff Mary Hawkins... Hall is a life tenant in the hereina... fter described lands under the terms... of the will of W. Z. Hawkins and... the Elbert Hawkins, Kitty Hawkins... Patrick, Abbie May Hawkins, Rob... bert M. Martin, I. E. Martin, Wade... A. Martin, Raldo N. Martin, Abe... H. Martin and Mark A. Martin are... the ones who would now take all of... said remainder interests if such were... immediately vested and are represen... tative of all persons who may ult... imately take; and that persons not... now in being may ultimately take... interest in said hereinafter descri... bed real property under the terms... of said will of W. Z. Hawkins; that... said lands and each tract thereof... now has a value for oil and gas min... eral purposes, that leasing is neces... sary for conservation, preservation... and protection of said property.

Said lands above mentioned lying... and being situated in Floyd County... Texas, described as: all of Section... of Section 34, Block G-M, Abstract... 1524 containing 640 acres more or... less; all of Section 46, Block G-M... Abstract 1647 containing 640 acres... more or less; all of Section 45, Block... G-M, Abstract 1443, containing 640... acres more or less; and all of the... north half of Section 92, Block 4... T & P Ry Co. Survey, containing... 320 acres more or less. Abstract 1904... and comprising 2,880 acres more or... less.

Issued this 1st day of August... Given under my hand and seal of... said court, at the office in Floydada... Texas, this 1st day of August... A. D. 1951.

BIG NAVY HELICOPTER—The Navy HO-4S, equipped with floats for water landings, is one version of Sikorsky

HELICOPTER

Aircraft's big ten-place helicopter in production at Bridgeport, Conn. The Navy is testing helicopters as anti-submarine weapons. This photograph was taken at Navy's Patuxent Test Center in Maryland. Helicopters have been used extensively in Korea, and have been especially adapted to saving lives. Through the latter part of April, helicopters of all types in Korea safely evacuated more than 3,000 United Nations fighting men, many of them who owe their lives to the speedy removal to hospitals after being seriously wounded.

Deadline Near For Wheat Crop All-Risk Plan

Thomas J. Hutchins, secretary of Floyd County PMA, yesterday issued a reminder that tomorrow, Friday, August 31, is the last day for taking applications for federal crop insurance on next year's wheat crop.

This type of insurance is designed to keep the farm operator on his feet in case of disaster until he can make another crop. Disease, insects, hail, flood, dry weather and the usual hazards to wheat are covered by the policies.

As of yesterday 40 new contracts had been signed for this year. The county has 164 old contracts in force, bringing the total that will be in operation through the local PMA for the next year to a figure slightly above 200, even if no more signatur-

The intensity of the light reaching the plant was measured with a photometer similar to those photographers find useful in setting their exposure controls. Light conditions for the shrub ranged from full sun to heavy shade in woodland plantings. In the deepest shade the light reaching the plants on bright days was never more intense than was registered in the open on days when the sun was blanketed by heavy clouds.

In dense shades the quality of the individual bloom was not impaired, but the number of blossoms was very much reduced. With plenty of light a thrifty azalea is usually literally covered with bloom. The individual blossoms crowd each other. In medium shade the bloom is heavy but less crowded. In heavy shade in a woodland thicket, there may be only relatively few blossoms, but they are beautiful and of good quality.

Many home owners, say the azalea specialists, could make planting under shade trees and along north and east walls, in spots where few other flowering plants will bloom at all.

Mrs. Carl Smith, A. B. Clark, and Mrs. E. A. Preston of Lubbock, with her son Neff Preston of Shallowater, spent the past week in Bentonville, Arkansas, with their brother, W. A. Clark and family.

Mr. and Mrs. W. F. Bishop will leave Saturday for Oklahoma City, where Mr. Bishop will be employed as an aviation mechanic at Tinker Air Force base.

PUSH-BUTTON STUFF—J. N. Joseph, Marine combat artist in Korea, does a little sketch that brings "push-button warfare" down to earth. The fighter who slugs along on foot is still the mainstay of the battle line, as he sees it.

Lowly Pedagogue

Our word, *pedagogue*, had a very lowly beginning. It is derived from the Greek word, "paidagogos," which was the designation for a slave whose duty it was to take his young Athenian master to school. He was never a teacher, like the modern pedagogue, and usually was too old or weak to be anything but an escort.

Mr. and Mrs. R. E. Fry returned home this week from a vacation spent in Red River, Santa Fe, Taos, and Eagles Nest, New Mexico.

Mr. and Mrs. Bruce Burrows and children of Amarillo visited this past week-end with Mrs. Burrows' mother, Mrs. D. F. Rogers, and other relatives.

Motion not color prompts wild deer to flee.

Deferments Given Boys in College

J. M. Willson, chairman of Local Board No. 45, Selective Service, said this week that in a meeting held Sunday by the board, 15 of 16 deferments applied for from Floyd county by 18-year-olds to go to college this fall, had been granted.

It is anticipated also, said Mr. Willson, that boys who graduate this year from high school will be deferred for a year in college.

Mr. Willson was rather proud of the scholastic record attained by the young college men from this county, he said in giving the report on the out-come of the conference on the deferments.

Football—

(Continued from first page)

als including Slaton, Rails, Lockney, Paducah, Abernathy and Spur.

Open with Slaton

Slaton, scheduled to lead the pack in their district, will give the whirlwinds their first taste of battle in the 1951 foray, Friday night of next week at Slaton. First home game will be against Post high on September 14.

The returning lettermen from 1st year's squad include ends, Frank Stovall, 165, Hubert Ring, 185, Brooks Chapman, 165, and James Freeman, 155; tackles, Roy Teague, 190, Kerwin Grimes, 165, Louis Reedy, 160, and John Hinsley, 160; center David Rape, 175; backs, Dennis Wilks, 160, Billy Carmack, 150, Connie Bearden, 145, Adrian Helms, 150, and Don McGuire, 135.

Returning regulars are Wilks, Teague, Carmack, Helms, McGuire, Stovall and Ring. Of the newcomers Dane Clark appears to be one of the best backfield prospects. He weighs 170 pounds.

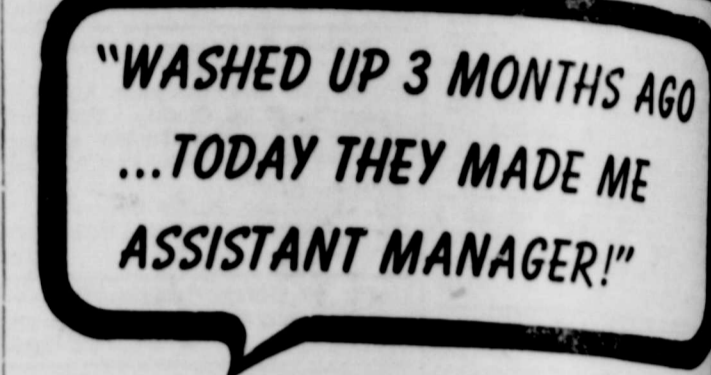

Floydada Whirlwind Roster

Dennis Wilks, Roy Teague, Billy Carmack, Jackie Hutchinson, Bert Grimes, Frank Stovall, Hubert Ring, Dane Clark, Don McGuire, Brooks Chapman, Percy Parrish, David Rape, James Freeman, Red Hartman, Connie Bearden, Norman Muncy, Mack Hickerson, Don Evans,

John Hinsley, W. J. Hartline, and Bill Baker, Don Barber, Lewis Reddy, Kerwin Baxter, Dorman Turner, Denny Smalley, Jimmie Dunn, Jerry Oden, James Welborn, J. D. Woody, G. B. Capshaw, Ronnie Upton, Adrian Helms, Bill Walker, Billy Fulton and.

Cloyce Stevens, Bobby Carmack, Glad Norman, D. L. McCravey, George Chapman, Waldo Baxter, Jimmy Collins, Kent Covington, Jack Womack, Jackie Jarrett, Jerry Bob Harrison, Stanley Vickers, Sammie Simmons, Jackie Henry, Gordon Joiner, Larry Glassmoyer and Jimmie Robertson and George Burgett.

Figurines
The hobby of making clay figurines is growing. One accomplished amateur, in this art anyone can do, finishes the clay figurines with a fresh white shellac which gives them an attractive gloss.

Here's great news for you if you've been bothered by excessive fatigue, constipation, weakness and 'nerves' due to the fact that you do not get enough B-Vitamins in your diet.

Bexel Special Formula, a new scientific product, combines the important B-Vitamins with Iron! Also Choline, Inositol and Liver in supplementary quantities.

Everybody knows the importance of Iron in your diet... how it helps the body to build RICH, RED BLOOD. One capsule of Bexel Special Formula (that's all you take a day) contains 5 times the minimum daily requirement of Iron. Also 5 times

Wakefield Eyes 18-Year-Olds Registrations

AUSTIN, Texas, August—The number of 18-year-old Texans failing to register under the federal draft law is increasing, Brig. Gen. Paul L. Wakefield, state Selective Service director, said here today.

State draft headquarters records indicate that registration has been falling off since the end of the month. General Wakefield estimated that 2,000 to 2,500 18-year-olds currently are unregistered.

"We've been watching this situation closely since late spring with the hope that the trend would stop," the state draft director said. "We've asked the local draft boards to act under a provision of the regulations whereby a letter will be sent to men in their communities suspected of being delinquent under the law."

General Wakefield reminded males subject to registration of penalties if convicted of failure to comply with the law. He quoted from section of the law providing maximum penalties of fine up to \$10,000 and imprisonment up to five years.

Under the draft act, all 18-year-old males are required to register with the nearest draft board on their 18th birthday or within five days thereafter.

Pattons and Specks In Re-Union Sunday

Mrs. C. L. McMurray and son, Pat of Tucumcari, New Mexico, and Mr. and Mrs. Holland Patton and sons, Don and Mike of Tucumcari, were guests of their parents, Mr. and Mrs. Roy Patton, on Sunday.

Mr. and Mrs. Patton and Miss Nora Speck and guests, with Mr. and Mrs. John Stapleton and Johnnie and Sandra Jean, attended a family reunion of Mrs. Patton's and Miss Speck's brothers and sisters at the home of a brother, E. D. Speck, at 404 Fourth street in Lubbock last Sunday. About 38 relatives enjoyed the dinner in the back yard of the Speck home.

Mr. and Mrs. R. C. Patton and children, of Slaton, joined the group at Lubbock. All the Patton children were present for the reunion with the exception of one son-in-law, C. L. McMurray, who was unable to attend.

Mrs. McMurray and Pat remained with her parents for a longer visit.

Floyd County 14 Years Ago

(Taken from the files of The Hesperian, issue dated September 2, 1937)

Canners are all set for the first bale of the season, they are expecting this week. Guesses on the amount of bales is running high, one guess as high as 35,000 bales, same as in 1933. Others guess 30,000 bales for the season.

The post office will be closed on Monday, Labor Day, a national holiday.

The McCoy area of the county has three more irrigation wells to add to their number, with L. A. Harstell, M. W. Whitlow and John Tivis having new wells. H. P. Puckett was among the first farmers in the McCoy area to put down a well, which was two years ago.

Dr. H. H. Puckett has arrived in Floydada to be the head of the State Health unit that has been located here to cover this district, including fifty-two counties.

The Oil State Exploration company this week put a crew of thirty men into the field, making seismograph tests of a 23,000 area block of land under lease by them for an oil test, in the area south and east of Floydada. P. P. Merry, the oil exploration company representative, says as soon as the seismograph crew has finished the test well will be started, not later than November 15.

The opening of the new warehouse and office building of the Willson and Son Lumber company in Tullia was attended by J. M. Willson, general manager, last Saturday. The Tullia branch of the lumber company will be managed by Tom Nichols of Tullia.

GMC HAS NEW DIESEL

PONTIAC, Mich.—A rugged new "Million-Miler" Diesel engine with more power, amazing economy, greater performance and longer life was introduced today throughout the extensive line of GMC Diesel trucks and highway tractors by the GMC Truck & Coach division.

Built to haul a million miles and more, the "Million-Miler" is a new design of the famed 4-71 and 6-71 GM Diesel engines that have rocked GMC Truck into national leadership of the Diesel trucking field. The "Million-Miler" will power the GMC 650, 740, 750, 800, 950, and 970 series trucks and tractors.

Mr. and Mrs. A. P. Horn are moving to Lubbock from Floydada. Mr. Horn will be associated with Olen Stewart in the wholesale grocery business. Mr. Horn has been with the Massie wholesale grocery for the past eleven years. Mrs. Horn has been associated with Miladies Style shoppe for an equal length of time. Mr. and Mrs. Horn moved to Floydada from McKinney.

1932 graduates of Floydada High school held a reunion of the class, this week. Forty members of the class of 1932, which numbered sixty-seven, were present for this first reunion. Billy Joe Welch, president of the class presided at the meeting, with Selma Linder, acting as secretary. Mrs. Chesley Sullivan of Harlingen, formerly Genelle Stovall, and Samuel Rutledge, of Houston and Otis Stephens and wife of Stephenville, sent congratulations by wire to the group. Mrs. Lon Smith, sponsor of the class, was the main speaker at the meeting. Out of the group of sixty-seven, thirty are married. Telegrams were also received from Pearl Ivie of Denison and Buster Smalley of Carlsbad and Joe Marshall of Lubbock.

Get the want ad habit!

Murry Has Masters From W. T. State

Mr. and Mrs. O. E. Murry, in company with Mr. and Mrs. Otis Campsey of Azle, Texas, and Mrs. W. L. Finley attended the graduation exercises at Canyon on last Friday night of the West Texas State college summer class. Floyd Murry, their son, received his masters degree. He was one of the 248 graduates.

Floyd Murry is a teacher in the Canyon High school and is also coach there.

Mr. and Mrs. Murry were accompanied home by their granddaughter, Donna Murry, who will spend a week visiting with her grandparents.

Miss Grace Muncy returned home last Thursday from Waco where she has been in summer school at Baylor for the last six weeks.

ATTEND ROBERTS RE-UNION AT MANCHESTER, TENNESSEE

Mr. and Mrs. Tilford Taylor and Mr. and Mrs. W. C. Wright returned home from a 10-day visit to Manchester, Tennessee, where they attended the Roberts reunion. Both Mrs. Taylor and Mrs. Wright are the daughters of the late Mr. and Mrs. J. F. Roberts. They also visited in Georgia and Alabama with relatives of Mr. Taylor.

Week-end visitors in the home of Mr. and Mrs. Bill Norris were Mr. and Mrs. Robert Taylor, Edward and Sarah of Wilson, and Mr. and Mrs. J. W. Seigler and Dale of Crosbyton.

Mrs. Ray Jones has returned home from New York City, where she spent a short visit in the home of her daughter, Mrs. Mildred Delio. Mrs. Jones also was guest of relatives in Wichita Falls, Fort Worth and Dallas during an absence of several days.

MRS. ROBBIE ARCHER OWEN IS TECH MASTERS GRADUATE

Mr. and Mrs. E. L. Norman and Mr. and Mrs. S. J. Latta and daughter, Alice, attended the graduation exercises in the First Baptist church at Lubbock last Friday night, of the summer class of the Tech college.

Mrs. Robbie Archer Owen, sister of Messdames Norman and Latta was among the 130 graduates who received their master of education degrees. Mrs. Owen is on the Lubbock school faculty.

Mr. and Mrs. Gene Aylesworth, of Dumas, visited her parents, Judge and Mrs. W. E. Grimes last Wednesday evening. Bert Grimes accompanied them home for a few days visit, returning home Friday evening.

DOVE SEASON WILL OPEN IN THIS AREA SEPTEMBER

Dove season in the northern part of Texas, which includes Floyd County, will open at noon September 1. Dove hunting will be limited to afternoon hours this season by a new regulation. The bag limit is in possession.

Reports on the hunting are spotted.

Mr. and Mrs. Sam Thomas daughter, Mrs. B. J. Rodgers in Amarillo from Tuesday to Friday of last week with another child, Mrs. J. K. Fulkeron and home with her parents and the week-end here.

Hamiltons In Union Here

Re-Union Sept. 3
On Sunday, September 2, and Monday, September 3, at the home of A. J. Womack, in Sandhill community, a niece and nephew reunion will be held, as is every year, on Labor day.

Mr. Womack is the only remaining member of his family and all his nieces and nephews and his families hold a reunion at his home every year.

Niece and Nephew Re-Union Sept. 3

On Sunday, September 2, and Monday, September 3, at the home of A. J. Womack, in Sandhill community, a niece and nephew reunion will be held, as is every year, on Labor day.

Mr. Womack is the only remaining member of his family and all his nieces and nephews and his families hold a reunion at his home every year.

NEW GRANDDAUGHTER

Mr. and Mrs. John T. Hopper have a new granddaughter, Caroline Ann Jones, daughter of Major and Mrs. Robert Jones of Panama City, Florida. The young lady arrived in Panama City August 26. She weighed 7 pounds and 6 ounces.

Mrs. Jones is the former Ladelie Hopper of Floydada.

The other grandparents are Mr. and Mrs. M. B. Jones of Frankton, Texas.

Mr. and Mrs. Oliver Allen will spend the Labor day holiday with their son, Irwin Allen, and Mrs. Allen and baby at Odessa, Texas.

Consolidation Vote On September First

The question of the consolidation of Lone Star Common school district and Lockney Common school district will be voted upon Saturday, September 1.

The order for the election was issued last week by County Judge Frank L. Moore, acting upon petitions of patrons of the two schools.

Voting places will be Lone Star school and Lockney High school. The judge's order named Mrs. C. D. Merrick presiding officer of the vote.

DON FINLEY IN KOREA

Mr. and Mrs. Bob Finley received word Saturday from their son, Don, that he had landed in Korea on August 21. Don is an E T/2 on the U.S.S. Porterfield. Another son of Mr. and Mrs. Finley, James, in Cuba, is electrician mate, three. Both the sons chose the navy branch of the service. Another son, Bobby is here attending school this fall.

at Lone Star, with Mrs. W. H. Wingo and Mrs. Floyd Jackson clerks. Lockney election officials will be Frank Dodson, presiding officer, with T. B. Mitchell and Carl McAdams clerks.

Lubbock Family To Run Malt Bar

R. B. Carden and family have moved to Floydada, and he has purchased the Malt Bar. Mr. Carden has had 11 years experience in the cafe and restaurant business. He has completely overhauled the Malt Bar, taking out the fountain and repainting and giving the place a thorough cleaning. He opened the cafe Wednesday.

Mr. Carden will be associated in

the cafe by his son, Bill. The family moved here from Lubbock. They have had cafes in California, New Mexico and Texas.

Mr. Carden invites the public to visit him at the new cafe.

Mr. and Mrs. E. J. Womack and son, Carroll, and Mr. and Mrs. Wilson Womack, of Paducah, will attend the professional football game in Amarillo on Friday night, when the Detroit Lions will play Washington Red Skins. Their son and brother, Bruce, plays on the Detroit team.

office at Floydada, Texas, April ...
under the act of Congress of ...
1897.

Views and Comment

The county agent two weeks ago made what we thought was a good "bound", namely that Floyd county would produce at least 100,000 bales of cotton this year. With a good rain backing him up and not too much of the small forms falling off the cotton stalks, it looks to us as though the agent will have a free steak dinner coming. However, he will have to figure out a way to get all the cotton from Floyd county counted that goes to Paducah, Crowell, Spur and other downstate points for ginning. Too many five-and-eight-bale trailers in the county for a cotton raiser to wait too many days on his ginner to get to him. If the cotton men harvest with machinery like they say they are going to do, and haul it to the ginner like it appears they are going to do, it will be difficult to find a gin in Floyd county in mid-November. The cotton will be piled too high around it.

Incidentally, the fact that cotton has taken off \$60 a bale or thereabout in the past 60 days since the crop estimate was put above 16 million bales, will mean that farmers are going to have to take advantage of Commodity Credit corporation loans to keep from pushing the price too low. The market simply can't absorb that much cotton in four or five months. The cotton merchants do not have facilities to handle that much of the staple in that length of time. Their plight will be even worse than that of the gins. The number of men available and the storage space at concentration points has no chance to equal the task. The world needs the cotton and there is plenty of use for it but not for that much in that short a time. If the producer insists that somebody buy it he is going to have to pay dearly for the privilege of getting them to do so.

Among other things to watch: Your commitments that might keep you from meeting the income tax bill this winter and next spring. Many of the better business concerns, large corporations and small businesses alike, are laying away their tax reserve as they go along so they'll have it and not have it spent when tax payday comes. The authorities are spending and spending, and wanting to spend more, in all of the world. The everyday mammas and papas around over Floyd county are having money spent for them that they think incorrectly they're going to have to spend for themselves and their families.

Well, el Mexicana and el Hesperiana got each his ardent wish in regard to the falling weather. Both got a pleasant surprise, the Mexicana by 24 hours, The Hesperian by four days. Mexicana beat us figuring it out because he had more time to give to it while he waited for cotton picking time to get here. The big blow up through the Carribean and into the gulf wasn't in our calculation. At that it may have been too far away to be the deciding factor. Anyway, the rain four days earlier than we forecast goes to prove that we are right in our forecast of a killing frost not earlier than November. We think we have it calendared for November 10 — not earlier, maybe later. Long time for the cotton to mature. If you are a bear on the cotton yield in the county you might ease around and get a "bound" out of the county agent at a figure even above 100,000 bales, considering the present prospect.

We are seriously considering the need to prize the price on The Hesperian from \$2 to \$2.50 per year. Everything everybody else has to sell may be going down but what we have is going up (in cost of production, we mean.) It was in 1941 that we made the price of \$2 in Floyd and adjoining counties, with \$2.50 the price in other parts of the world. A lot of water has gone under the bridge since that time, also a lot of other things have happened. Other are going to happen, among them an increase in postal charges for newspapers to go through the mails. Maybe it ought to be that way. This is not a complaint. But a forecast.

The Hesperian has railed against the collection of the withholding tax from the grown men and women who are employed by it. These men and women are under moral obligation to meet their own responsibilities as to taxes the same as they do about their other affairs. But the government makes The Hesperian work for the government for nothing under penalty, collecting and accounting for this tax. The employe sees only his take home pay. That's how much The Hesperian pays him, he says to himself. The government thus does double injustice to the Hesperian. As said, we rail about it. The women down at Marshall are trying to do something about it. Be sure the justice department is not going to let their case get into court if they can help it.

Garland Foster, Science Teacher, Has Tech Masters

Mrs. Garland Foster and daughters were among those who attended the Tech college graduation exercises at Lubbock last Friday night, when Mr. Foster was among the graduates who received master of education degrees. Four hundred thirty graduates in their caps and gowns were given the degrees at the exercises, 130 among the 430 receiving masters degrees. Mr. Foster is science teacher in the Floydada High school. The exercises were scheduled to be on the lawn of the women's dormitory, but was changed to the First Baptist church auditorium, since the rains last week. The commencement address was delivered by the president of the University of New Mexico, Thomas L. Popejoy.

ATTENTION MEMBERS OF FLOYDADA REBECCA LODGE: School of Instruction Tuesday night for members, please attend.

UNCLE HANK SAYS

RADIO IS A WONDERFUL THING BUT THERE'S TOO MANY PEOPLE ON TH' WRONG END.

You'll certainly be on the right end when you come to BRASELTON IMPLEMENT COMPANY to choose the DEARBORN WOOD BROS CORN PICKER for your farm. Since this picker is the one-row pull type it can be kept DEAD-CENTER on rows as narrow as 26 inches. This is important and it's particularly important with many hybrids... flexible floating gathering points on this picker put many an extra bushel in your crib. See us for complete information at your first convenience.

TRIP TO COAST ENJOYED BY PARTY OF MCCLURES

Mr. and Mrs. Frank McClure and children and Mr. and Mrs. C. J. McClure had a nice trip to California. They visited Inglewood and Los Angeles. Mrs. Frank McClure visited her father, mother and two brothers, Mr. and Mrs. C. A. Collins and A. J. and Mr. and Mrs. Ray Collins and family. Mr. and Mrs. C. J. McClure celebrated their 47th wedding anniversary while there.

On their return trip the Floydada party came through Nevada, and saw Boulder dam and Las Vegas. Coolidge dam and White Sand mountains.

It was the C. J. McClure's first trip to the west coast and they enjoyed it very much only Mr. McClure did not like the mountains around Globe, Arizona, and Boulder dam.

Mr. and Mrs. J. C. Keeling and son, Billy, who have been visiting relatives in Harrison, Arkansas, have returned home.

Weekend visitors in the home of Mr. and Mrs. O. M. McReynolds were their two son, G. B. and family and O. D. and family of Lubbock, and Mr. and Mrs. Wade Smith of Mineral Wells.

J. B. Bishop, L. J. Weimer company with Eddie Bishop returned Sunday night a week-end of fishing in Red New Mexico. They report a good time and caught several

The Texas Motor Fuel Law Has Been Amended

*In a way that is Important to Every Farmer
and to Every Dealer who handles
Tax Exempt Gasoline*

Every dealer in Tax Refund Gasoline in the State of Texas (principally gasoline sold to Farmers for use in their tractors) has received a copy of the "Important Notice" which appears to the right in this advertisement. It is from the State Comptroller's Department, as you will note. This "important notice" makes it completely unlawful to follow the long-time custom of the wholesalers to help their customers with their tax refund claims, watching expiration dates, notarizing the claims and helping the customers keep track of their exemption receipts and other papers in connection with tax refunds that have been followed for a number of years. This practice, which has been done to accommodate busy men, not accustomed to record-keeping, must NOW BE COMPLETELY ABANDONED by the distributors of tax-exempt gasoline, under pain of being denied permit to carry on their business.

IMPORTANT NOTICE

This pamphlet shows several changes in the law by which you will be governed effective September 1st, 1951.

You should carefully read each page and give very special attention to Section 13 (e) page 6 since this pamphlet will put you on notice and violations on your part could easily prevent your customers' claim from being paid. Also important is (1) page 10.

In this pamphlet you will find very important new legal requirements placed on the person who will file refund claims and you may pass this information to them for their assistance, but do not prepare or notarize claims. Do not keep the duplicates of exemptions in your place of business more than seven (7) days after they have been issued.

STATE COMPTROLLER'S DEPARTMENT

TEXT OF SECTION 13 (E) AND (1) PAGE 10 ARE GIVEN BELOW

"The invoice of exemption shall be made out and executed in duplicate by the refund dealer, the duplicate of which shall be delivered to the purchaser of the motor fuel and the original shall be retained by the refund dealer at the place of business designated on his license for the time and in the manner herein provided. Each invoice of exemption shall be signed by the refund dealer and the person who purchases the motor fuel for refund purposes or a duly authorized employee or agent of said dealer or purchaser. But if neither the purchaser of the motor fuel nor an agent is present to sign the invoice of exemption at the time of delivery, the refund dealer shall mail or deliver the duplicate invoice of exemption to the purchaser within seven (7) days after delivery of the motor fuel.

"(e) It shall be unlawful for any refund dealer, or any employee thereof, to prepare or notarize any claim for refund of tax paid on motor fuel purchased from said refund dealer, or to act in any capacity as agent or employee of any claimant for refund of tax paid on motor fuel purchased from said refund dealer by keeping his books, records, refund claim forms or other documents to be used or intended for use by said claimant in the preparation of his tax refund claim, and the Comptroller shall not approve the payment of any refund claim, in whole or in part, in which the claimant has permitted the seller of the motor fuel upon which tax refund is claimed, or any employee or said seller, to prepare, notarize or file his claim for tax refund, or keep any books, records or documents used in the preparation of filing of said claim. Provided that the Comptroller may, after proper hearing as herein provided, cancel, suspend, or refuse the issuance or reinstatement of the license of any refund dealer who shall prepare or notarize, or who shall permit any employee to prepare or notarize, any claim for refund of tax paid on motor fuel purchased from said refund dealer by the claimant thereof, or who shall keep, or permit any employee to keep, any duplicate invoice of exemption for more than seven (7) days after it has been duly issued to a purchaser of refund motor fuel.

"(1) Concurrently with the issuance of a refund dealer's licenses the Comptroller shall issue and charge to the account of the licensee, a book or books of invoices of exemption which shall be printed in duplicate sets and serially numbered. The Comptroller shall keep a record of the number of books and their serial numbers issued to each refund dealer who shall be liable for a penalty in the amount of five dollars (\$5) for each book of invoices of exemption received by him for which he cannot properly account as hereinafter provided. Whenever a representative of the Comptroller audits the motor fuel records of a refund dealer, or whenever a refund dealer places a reorder for a book or books of invoices of exemption, such dealer shall prepare a written record showing the serial numbers of all books not previously accounted for and if such record does not account for each book previously issued to said refund dealer which has not been previously accounted for, the refund dealer shall be given thirty (30) days notice in writing to produce any missing book or to show that it has been used to cover sales of refund motor fuel made by said refund dealer. If the missing book or books are not accounted for within thirty (30) days from the date of said notice the refund dealer shall forfeit to the State of Texas as a penalty the sum of five dollars (\$5) for each book unaccounted for, which shall be paid to the Comptroller and allocated to the same funds to which the motor fuel taxes collected hereunder are appropriated. No further books of invoices of exemption shall be issued to any refund dealer who has incurred the penalty described hereinabove until said penalty has been paid. Any invoices of exemption which become mutilated or unusable shall be returned to the Comptroller by the dealer for credit to his account. The books of invoices of exemption shall not be transferable or assignable by such refund dealer unless such transfer or assignment is authorized by the Comptroller.

"If any duplicate invoice of exemption issued to a purchaser is lost or destroyed, said purchaser may make application to the Comptroller for forms to be issued and used in lieu of each lost duplicate.

"The invoices of exemption bound in book form shall be furnished by the State of Texas, free of cost, to the refund dealer.

The amendments to the Motor Fuel Tax Law go into detail prescribing methods of handling refund gasoline for farm or industrial use and also covers revised tax requirements on liquefied gas use. The above quoted changes, however, are the ones which completely change the methods of handling refund claims as has been the custom for several years. Your patient and alert attention to these requirements of the law will be appreciated by the undersigned dealers.

Overflow Crowd At Reunion of Old Settlers

Center News

(By Patsy Robertson)

One of the largest crowds seen in Roaring Springs in many a year, viewed the parade on last Friday at the Dickens-Motley Pioneer reunion. Over 7500 persons were estimated in Roaring Springs, with an overflow crowd attending each performance of the rodeo.

In the parade, Floyd County Sheriff's posse won first place as the best riding club. Other parade winners were:

Most typical old time cowboy, Wilburn Barton; most typical old time cow girl Mrs. Britt Daniels. Young cow boy winner was Slim Durham and young cow girl was Kelly Ann Green. Mike Shanks was best junior cow boy and Glenda Fippin was best junior cow girl; best float was that of the Gay Nineties club.

A memorial ceremony, honoring members who had passed away during the year, was held with C. C. Haile, past president, honoring the pioneers. Reverend Victor Crabtree, pastor of the Dickens Baptist church, delivered the sermon.

The afternoon program included music and dancing.

The oldest man to register was A. M. Boreland, 87, of Matador and the oldest woman was Mrs. L. C. Freeman, 94 of McAdoo. The couple who were the longest residents of Motley County were Mr. and Mrs. C. D. Bird, and Mr. and Mrs. W. R. Stafford of Dickens. Both couples came to the counties in 1885.

J. W. Dewbre of Matador won the old fiddlers contest, with W. M. Eckles taking second prize.

A large crowd from Floyd County attended the celebration.

Officers re-elected for the next year were, Douglas Meador of Matador, president, Elbert Reeves, Matador, vice-president, Mrs. M. D. Freeman, Roaring Springs, Secretary and treasurer; directors H. Jackson, Herman Havis of Roaring Springs, Fred Dawson of Roaring Springs and Clark Forbis and Dents Clifton of Dickens county.

Mrs. Anna Hollis, of Arcadia, California, daughter of a pioneer Floyd county family, was in Floydada for a short time last week-end in company with Mrs. Della Drew of Plainview. Mrs. Hollis was one time a teacher of music in the Floydada schools and in a private studio. Mrs. Drew lived in Floydada during her high school days. The two women were visitors in the Glad Snodgrass home and with other pioneer residents of the community.

Mr. and Mrs. Rufus Young and Mr. and Mrs. Don Shurbet spent Friday night in Lubbock visiting the Young's daughter, Mrs. Ted Pitts and family.

Melvin Robertson left Thursday for Stanton, Texas, where he will teach school this year.

Mr. and Mrs. J. E. Green and Margaret left for Del Rio, Texas, on Monday, where they will spend the week visiting relatives and friends.

Mr. and Mrs. T. W. Walls and baby spent the week-end with her parents, Mr. and Mrs. J. R. Robertson.

Mr. and Mrs. J. D. Welborn and girls went to Lampasas for the week-end and to bring Eunice back for a visit.

Mr. and Mrs. Ross and Norma attended church in Floydada on Saturday night.

Several have attended the revival in Lockney, where Reverend Joe Motzenbocker is holding a revival at the First Baptist church.

June Hartline spent Sunday with Patsy Robertson.

James and Bobby Welborn spent Saturday night and Sunday with Jimmy Dunn.

Alice Willis visited with Margaret and Mary Dunn Sunday evening and Margaret went home with her.

Mr. and Mrs. R. W. Cudd of Slaton visited in the J. R. Robertson home last Sunday.

Mrs. Dunn accompanied Mr. and Mrs. Sam Goodman to Amarillo Tuesday of last week, shopping.

Visiting in the Welborn Miller home Sunday were Mr. and Mrs. Floyd Willis and children of Pritch, Texas; Mr. and Mrs. O. L. Miller of Plainview; Mr. and Mrs. Charles Ellerd and children of Petersburg; Mr. and Mrs. Hal Thomas of Center; Mr. and Mrs. Frank Dunn and children of Center.

Visitors in the R. C. Ross home the first of the week were Edwin Ross and friends of Bridgeport, Mr. and Mrs. Mac Ragsdale and daughter and Mr. Ragsdale's mother of Baileyboro.

We are happy to report that Herbert Meredith, who is in the Peoples hospital, is getting along fine. Sunday is homecoming for Center community. Come and bring lunch.

Mrs. R. J. Rodgers and daughters, Rose Mary and Dorothy, are here visiting her parents, Mr. and Mrs. Sam Thurman. Mrs. Rodgers is the former Jack Thurman. Mrs. Rodgers and children have been in northern Indiana and Illinois for the past month with Mr. Rodgers who is buyer for the Atlantic Commission company. They are enroute back to Harlingen.

Miss Nita Underwood of San Angelo is spending the week with Misses Jo and Grace Muncy.

LITTLE KOREAN PREFERS THE ARMY—The plight of hundreds of orphans and homeless children is one of the heart-rending tragedies attending the Communist invasion of Korea. American Soldiers in all branches of the Armed Forces have provided food and shelter for these pitiable waifs.

This photograph, made in Korea early in June, furnishes the wordless story of a little child abandoned in a village last winter. She was found by 1st Lt. William Doernbach, of Egg Harbor, N. J., and later turned over to an orphanage. Recently she ran away from the asylum and rejoined 1st Lt. Doernbach in Seoul. Here he comforts her with the assurance that she will be cared for in a place more to her liking.

Thousands of Korean children have been rescued by American Armed Forces. Every effort has been made to provide the waifs with food and shelter, and still further provision has been made for their welfare.

LOCAL RELATIVES VISIT INJURED MERKEL COUPLE

Mr. and Mrs. C. M. Lyles and Mr. and Mrs. Claud Patton visited in Merkel, Texas, from Sunday until Monday night with a brother of Mrs. Patton and Mrs. Lyles, Austin Robertson.

Mr. and Mrs. Robertson were in the hospital at Merkel, following injuries received in an automobile accident last week. Both were badly injured. They will have to wear casts for the next six weeks.

Mrs. Patton remained for a few days with Mr. and Mrs. Robertson, the rest of the party returning home late Monday.

Counter sales books, adding machine. Also pencil carbon. Hesperian.

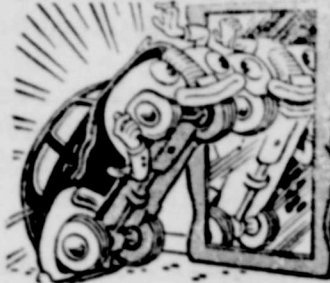

SEE LIONS VS. RED SKINS

Fred Cardinal, Jimmy Willson, Jim Word, Ernest Carter, L. P. Gresham and Bob Crowell of Littlefield attended the professional football game —The Detroit Lions and the Washington Red Skins—at the Cotton bowl in Dallas last Friday night.

Bruce Womack, son of Mr. and Mrs. E. J. Womack, was one of the star players of the Detroit Lions.

Mr. and Mrs. E. J. Barker returned home last Saturday from a vacation spent in Arizona and New Mexico. They visited a son, A. D. Barker and family in Snowflake, Arizona. They had fine rains. On August 24 snow fell in the mountains. They also visited old friends in Melrose, New Mexico, while away.

South Plains News

Mr. and Mrs. Johnson, from College Station, were the guests of Dr. and Mrs. E. E. Joiner and Gordon, of Floydada, from Wednesday until Saturday of last week. The Johnsons had two boys near Gordon's age.

Barbecue Party Friday
The W. M. Stanforth home was the scene of a lively barbecue party Friday evening at seven thirty. James A. Higginbotham and Eugene Beedy entertained at the Stanforth barbecue pit for a group of their friends, with a delicious supper of barbecued chicken, with sauce made by Mrs. Stanforth, Jr. Angel cake and ice cream was served at the close of the supper. Those who joined the fun were Winfred West, Victor Bond, Kendis Julian, Edward, James and Roy Hartman, Billy Stanforth, Eugene Beedy and James Higginbotham. The grown-ups who enjoyed the affair were Mr. and Mrs. W. M. Stanforth, sr., Mr. and Mrs. Stanforth Jr., Mr. and Mrs. B. Beedy, and Mr. and Mrs. Bryan Higginbotham.

Mrs. David Matthews and twin Judy and Jimmy, from Burbank, California, and Mrs. Florence Walker from Hollywood, California, visited all day Thursday at the John K. West home. Mrs. Matthews is Mr. West's sister, and Mrs. Walker is his cousin.

Travis Young has been quite ill with a strep throat infection. The infection has made the rounds of the Young family.

Mr. and Mrs. Ray Stalcup of Pleasanton, Texas, visited Monday night at the home of Mr. and Mrs. Sim Reeves.

Dale Sims has been visiting his parents, Mr. and Mrs. Will Sims over the past week-end. He is still stationed at Camp Chaffee, Arkansas, but sets a three-day pass once a month so that he can visit at home.

Mr. and Mrs. Rene Yeary and Mrs. Murray Julian were callers at the Lee Pearson home on Thursday evening.

Reverend and Mrs. John Allen, and Rev. C. A. Joiner were dinner guests at the Gilbert Bees home at Monday dinner, and ate supper at the H. L. Marble home Monday night. While the parsonage is being made ready, the Allens will be the guests at night at the home of Mr. and Mrs. Sim Reeves.

The crochet club of South Plains met at the home of Mrs. P. M. Smitherman on Wednesday, August 22. The members sewed all afternoon, and were served delicious refreshments by Mrs. Smitherman. Those present were Mmes. Will Sims, Lee Pearson, E. P. Pritchett, Truman Eradshaw, and the hostess, Mrs. P. M. Smitherman.

Mr. and Mrs. Frank Vaneek and children called on Mr. and Mrs. Murray Julian on Sunday afternoon. Mr. and Mrs. L. D. Reid, of Dallas, arrived on Wednesday to spend several days visiting Mr. and Mrs. E. P. Pritchett and family. Mrs. Reid is Mr. Pritchett's sister.

Mr. and Mrs. Otho Sanders entertained with a picnic supper at their home last Friday night. The supper was spread out on the back lawn. Those who enjoyed the repast were Rev. and Mrs. F. R. Pickett, from Aiken, Ernest Pickett, from Dinuba, California, Mr. and Mrs. L. A. Calborn, from Sterley, and Mr. and Mrs. Fred Fortenberry and Elmo, and all the Sanders family.

Mr. and Mrs. Johnson, from College Station, were the guests of Dr. and Mrs. E. E. Joiner and Gordon, of Floydada, from Wednesday until Saturday of last week. The Johnsons had two boys near Gordon's age.

Look, Mom,
It's REALLY Insulated!

Yes, mom, you've no fear that your children will be burned when they accidentally touch the outside of an electric water heater... it's FULLY insulated, top, sides and bottom. You see, an electric water heater needs no air to heat the water 'cause there's no combustion in the heating element. Thus the electric heating elements are completely contained WITHIN the tank. You get your money's worth with an electric water heater fully insulated for safety and economy.

Public Enemy

Gilbert Green, 44

Gilbert Green, Chairman of District 8 of the Communist Party Chicago, Illinois, is one of the Communist leaders convicted for violation of the Smith act who are fugitives from justice as a result of the forfeiture of their bonds in the Federal District Court in New York City on July 2, 1951. The FBI has called on alert citizens and law enforcement agencies to assist in locating Green. His description is as follows:

Age 44, born September 24, 1906, at Chicago, Illinois; height 5' 6"; weight, 150 pounds; eyes, hazel; hair, black, curly, high forehead; complexion, dark; build, medium; race, white; nationality, American.

Green is a quite, convincing speaker and is not given to outbursts of emotion except on rare occasions. His appearance is neat and he frequently wears brown suits and flashy ties. He likes to chew gum and smoke cigarettes occasionally. He has been known to drive a 1950 four-door Chevrolet sedan. He also travels by air. In the past he has worked as a writer, lecturer, electrician and machine shop worker.

Any person having information which may assist in the location of Gilbert Green is requested to immediately notify the nearest FBI Office. The phone number will appear on the first page of the telephone directory.

Smart wear for men since 1900.

As A Farm Woman Thinks

(Nellie Witt Spikes.)
COME YE AFTER ME
By Faith DeHoney
Does the work you are doing seem trivial?
Are rewards for your labor but few? Look away from the outward appearance; Turn within, where Christ beckons you.
Lo, He speaks to you now—are you listening?
As He bids you walk in His way? Hear His words: "To be great, be a servant."
Will you follow His bidding today? Will you humble yourself for your brother?
Will you serve him whatever his need?
"Unto even these least," Jesus told us.
Let this ministry now be your creed. For plenteous indeed is the harvest. But the laborer's reapings are few. Yes, the Lord has need for your service.

And no one can give it but you.
Long about 1900 a crowd of Emma people went to Roaring Springs for a picnic. They went in buggies and wagons spending the night. I did not get to go and all since then I have planned to go sometime to Roaring Springs on a picnic. But many things happened through the years, something always seemed in the way of going, but last Friday Mr. Spikes, Mrs. Crump and Alma D and I headed east and soon found ourselves under the "big top" at the old settler's picnic at Roaring Springs. We were almost sure we would not know anyone, but the first person we saw was Mr. Johnny Parker of Crosbyton. We also knew Mr. and Mrs. Haile, Frances Baker, and Mrs. Cammack, my mother's good neighbor in Lubbock. We knew Mrs. J. C. McNeill and her son from Spur, and got acquainted with several old settlers in that part of the world. It was very cool and pleasant and we watched the youngsters run around in checked shirts, levis, boots and big hats and saw the old settlers greet one another with a tear, a hearty handshake and a smile. The young men seemed to like the young women dressed almost like themselves as did the boys in my day like girls in organdy and thin lawn dresses with ribbons on their long hair, and around slim waists.

We thrilled to the good fiddle music, tapped our feet in time, or we hoped it was "time." We gaped at the magician's tricks, but we wondered to ourselves as we always do, why in the world the pioneers are not turned loose to make their own entertainment of telling about the time they settled and the struggles, fun and hardships they went through to stay.

Mrs. Duff Green told me such an interesting story about her coming to the west. "I was Myra Kelly and born at old Fort Belknap in 1880," she recalled. "I had just finished high school and my uncle had me a job of teaching school in Dickens County. I took the stage coach to Seymour and then got in a two-wheeled cart with a wide straw sail or on my head. I had to hold on to straps with both hands to keep my position in the cart, my feet braced on my luggage in the bottom. It was a drive of 150 miles and say—was I good and blistered when I arrived!"

"I started teaching at once," she remembered. "It was a summer school. As I looked in the face of Mrs. Green I knew she had been a good faithful teacher, a neighbor to all around her and I realized anew, these are the kind of people who settled our West Texas county. Walking canes were much in evidence at this meeting, but the minds of the men and women did not need canes to prop the memories that came sweet and clear as the soft summer breeze that fanned our faces under the big shingled top this summer day of August, 1951.

Half Minute Interviews

Hal Thomas: "When school opens Monday morning I'm going to lock the garage and hide the keys from Mrs. Thomas."

Mrs. W. H. Bethel: "When you work at something that is different to what you're used to, it's like a vacation."

Little Miss Mary Ann Huckabee, of Levelland, spent the past week visiting her grandparents, Mr. and Mrs. C. C. Huckabee. She returned to her home on Wednesday.

Conservation District News

Chester Mitchell, who farms south of Lockney in the Pleasant Valley community, has recently planted a portion of his bench levelled ground to improved pasture. The other portion of the benches was seeded to vetch, which will be grazed and later turned under to build up the soil. The district's drill was used to plant the grass seed. Mr. Mitchell completed this bench levelling job this summer under Production and Marketing Administration program and engineering assistance of Soil Conservation Service technicians. All of the seeding was done in August.

R. C. Matthews, of the Providence community, has recently completed a bench levelling job on about twenty acres which will be seeded to improve pasture and alfalfa. The benches will hold all of the rainfall and there will not be any waste water from irrigation. This area was on a slope and could not be irrigated satisfactorily. Most of the area will be in pasture for cattle with a few acres of alfalfa for a hog pasture.

In discussing the irrigation system on Mr. Matthews' farm, he pointed out to the Soil Conservation Service

OPS Toy Pricing Specialist Will Be Here Sept. 6

Office of Price Stabilization Specialist Sam R. Blake will be prepared to answer questions regarding the pricing of toys and Christmas decorations—amendment 8 to Ceiling regulation 7—when he conducts his clinic in Floydada next Thursday morning, September 6.

He will maintain offices while here in the Chamber of Commerce.

The OPS specialist will be able to provide answers for all types of business concerning compliance with the federal pricing regulations.

technicians that a mile long ditch he is using will carry forty tubes close to the well and only twenty tubes at the far end. This loss, due to seepage and evaporation, makes the expense of irrigation add up considerably with no benefits in return.

Underground concrete pipes would deliver the full amount of water pumped to the far end of the line; making it possible to utilize the equivalent of forty tubes of water at any station along the line.

Sow a want ad seed and reap a harvest of results.

Mr. and Mrs. Ralph Gordon have returned home from Texarkana, Arkansas, where they accompanied Mrs. Gordon's sister, Mrs. Bud Cigalano and children to their home there, after a two weeks visit here with the Gordons.

Mrs. Loyce Turner is at the home of her parents, Mr. and Mrs. R. B. Gray in the Harmony community, where she plans to stay while her husband, Major Turner, is overseas.

Balanced Separation
GIVES POSITIVE THRESHING CONTROL IN THE MASSEY-HARRIS Super 27

The biggest capacity combine on wheels plus Balanced Separation... that's what the Super 27 offers you. Balanced Separation is controlled separation... control of grain and straw travel through every step of harvesting. Cutter-bar, feeder, rasp-bar cylinder... beaters, straw walkers and shoe—all work in perfect harmony to give you smoother harvesting... more and cleaner grain.

Come in and talk it over. Let us show you why the Super 27 is the machine to do your combining better.

Make it a Massey-Harris!

Now a deal you won't beat anywhere!

Get the great Value story on **MERCURY** today!

ECONOMY CHAMPION

WE HONESTLY BELIEVE that the deal we can map out on a new MERCURY is something that can't be matched anywhere in town. So check with us before you buy!

You'll see, you're picking the cream of the class when you decide upon a 1951 MERCURY. It's the same beautiful money-saver that carried away the championship a second straight time in the Mobilgas Economy Run against all cars in its class! MERCURY'S famous combination of abundant power, engineered balance, and husky construction means bonus years of motoring as well as savings for every mile you drive!

Registrations show 92% of all MERCURYS ever built for use in this country are still on the road. That's the kind of lifetime you want from your next car! That's why you want this rugged 1951 MERCURY! Come in or phone for a demonstration today.

3-WAY CHOICE! For "the drive of your life!" Mercury now proudly makes available a triple choice in transmissions. Merc-O-Matic Drive, the new simpler, smoother, more efficient automatic transmission—or thrifty Touch-O-Matic Overdrive are optional at extra cost. There's also silent-ride standard transmission.

A demonstration ride will prove its "the Buy of your Life!"
