A LIGHT WE MUST PROTECT

Just who is "in" and who is "out" of the high plains underground water conservation district is due to be made known today when the board of directors make the official count. Unofficially it seems certain that Floyd county farm areas are in the district, that Floydada is in, and that Lockney is out. In Crosby county there seems to be no doubt that all of the county except possibly the municipal area of Lorenzo is out. All of Dickens, Briscoe and Garza counties are out, it seems. The official count is to be announced today, said newspaper reports Sunday, quoting the members of the temporary board of directors.

There was quite eager support of the proposed to create the water district and there was equally eager opposition to it. Opposition stemmed principally from un-answered questions. The proponents were "plowing" in virgin soil, they declared, and there were necessarily some questions that could not be answered. The spectre of the big bad wolf, either in state water authority clothing, or federal authority under some guise was the compelling fear in their attitude. Apparently repeated efforts of the state water board of engineers to get control of the waters of the state, both underground and surface, abetted by other interest who consider such control badly needed, seem to give credence to the claim that the state would try to get control.

On October 20, 1950, 168 livestock auctions were operating in Texas. The top number for a single state in the nation. More cattle, sheep and hogs are marketed through livestock auctions in Texas than in any other state.

For our part we halted between opinions at voting time and still are halted. To us it seems the definition of "waste" may be the point on which the value or lack of value of the new water district will turn. One thing for sure the creation of the district adds some more taxes, a small bit, to be sure, but more taxes. Should the district prove the boon it is hoped for by those who favor it, this value will far outweigh the cost. On the other hand, a lot of new taxes have been introduced and added to the burdens of the taxpayer "just a little" at a time. It will take some time for people who have our attitude to make up their minds who was right on the question. It did not go completely by the boards—the matter of the creation of the district didn't—nor did it win completely. In the areas where the proposal carried will be where the experimenting will begin.

Meanwhile for the first time we note in the public prints that an adjunct of the USDA has acknowledged there "is something to" rain-making. On Saturday, October 13, a big field day, sponsored by the Great Plains Field station at Woodward, will feature an address by Dr. Krick, who is spoken of as the internationally-known director of a water resources development corporation. He will discuss the problems and possibilities involved in the pioneer enterprise of artificial rain increase. Krick's long range weather forecasting, which is declared to be 90 per cent correct, is claimed to constitute the background for the new venture in the artificial nucleation of clouds. There's two good long words that ought to help a lot. Incidentally, everybody who is interested in range and pasture improvement is invited to attend.

The Hesperian's editorial writer is not likely to attend. We are so busy on the home front wrestling with this problem of late versus early freeze that we'll be unable to get in on the rain-making discussions. Next spring, maybe, but right now we are concerned with increasing the late cotton yield. All we have to do in this connection is just to hold off the blasts from the areas of the Aurora Borealis. But already the temperature has been down nearly to 40 degrees, and the weather is doing funny,—quite, quite hot—record breaking heat — then quite, quite cool. Not record-breaking cool but pretty cool. The drop from forty-something to thirty-something is only a matter of 10 degrees and that's not enough degrees for October weather if a forecaster is out on a November limb. We are battling for ten thousand more bales of cotton, though, and that is pretty high stakes. These people who have late cotton ought to be prompt in renewing their subscriptions.

Ten-Day Jaunt Great Event to Four-H Clubber

Troy Lee McNeil, son of Mr. and Mrs. Bill McNeil, east of the city, has been an outstanding member of the 4-H club for a number of years. On August 22 he, with ten other boys and girls from this district, were guest of the Producers Grain Corporation of Amarillo in an all-expense trip of ten days to Colorado and Utah.

The trip was awarded to the boys and girls for their work in the 4-H clubs of their counties and for special projects. Troy Lee wrote a brief resume of his trip, which began in Amarillo and ended in Amarillo, after traveling some 2300 miles. They first visited the Royal Gorge in Colorado, then to Salido, Colorado. Then on to Salt Lake City, Utah, where they visited the Mormon temple, and heard an organ recital on the great organ. Of all the trip, Troy says he enjoyed his visit to the temple the most as it was very beautiful. They visited in Ogden, Utah, where they toured great wheat and grain elevators. The Farmers Grain cooperative entertained the group with a picnic in Ogden Canyon. From there proceeded to Logan, Utah, where they spent three days at a meeting where 23 other states had boys and girls representing them. They visited the largest cheese factory in the world at Logan and also visited Bear Lake and Rock Springs, Wyoming, and in Denver, Colorado, they visited the museum. Colorado Springs was the last stop before returning to Amarillo and then to their respective homes. Troy Lee reports a wonderful trip and one which they would always remember with pleasure.

Floyd County 14 Years Ago

(Taken from the files of the Hesperian, issue dated October 7, 1937.)

Fall term of district court for Floyd county will open Monday morning with District Judge Alton Chapman presiding. A fairly heavy term of work on the civil docket is in prospect, but with a light criminal docket. District Clerk George B. Marshall, stated. Martin Dry Goods company is observing its 27th anniversary this week. J. G. Martin has been active in the firm since its establishment in 1910. The new McDonald-Gilliam Hardware store on the west side of the square opened its doors for business Saturday afternoon. H. M. McDonald and J. C. Gilliam are the new owners of the store. Joe Browning was elected chief of the Floydada Fire department last night to succeed Burl Holt, who resigned, and J. W. Clonts was elected secretary-treasurer to succeed L. D. Britton. The cotton gins over the county are on the hum as farmers are bringing in the cotton, and pickers are coming into the county in truck loads. The ginner estimates that over 1500 bales has been ginned today. The opening of the Commercial hotel dining room was announced for Sunday, October 10, under the management of Mrs. Evelyn Daily and Mrs. Irene McAllister. Mrs. W. F. McDaniel of Lubbock, sister of Mrs. Jessie Brown, was seriously injured in an auto accident on September 10. Mrs. Brown and Mrs. Maud Burrus visited Mrs. McDaniel last Sunday and they report she is improving. Mrs. McDonald is the daughter of Mr. and Mrs. S. N. McPeak and was reared in Floydada. Mr. and Mrs. John Reagan attended the Paul Whiteman orchestra program in Amarillo last Wednesday night. Miss Juanita Shurbet and George Lee Henry were married in Amarillo last Sunday morning, by Reverend J. Howard Williams. Announcement has been received by friends this week of the marriage in Corpus Christi of Miss Jessie Belle Massie to I. Q. Rayburn. Miss Massie is the daughter of Mr. and Mrs. E. B. Massie, formerly of Floydada. Mr. and Mrs. Olin Bryant of Estacado are the parents of a daughter, born September 30, in the Lubbock

hospital. She has been named Darlene. Miss Blanche Groves, sister of Mrs. E. R. Borum and a missionary to China, is safe from hostilities of war, in the mountains of China, according to a letter recently written to Mrs. Borum. J. M. Gambin is building a new

home on the corner of West Kentucky and First streets. S. F. Conner is contractor for the building of the home. Dr. C. M. Thacker is in the veterans hospital at Albuquerque, New Mexico, for a general check up this week. Mrs. Thacker and Mrs. Robert Medien accompanied Dr. Thacker to Albuquerque.

Electric Cooking Is

ACCURATE

...as MODERN women KNOW!

Wherever accuracy is required in business, industry, the home, electricity is used. Yes, whether it is synchronizing a nationwide radio hookup, dispatching trains or baking a cake, when you want accuracy and precision, you call on electricity. When you push the buttons or turn the switches on your electric range, you know that exactly the amount of heat you desire will be on the setting used. You know the heat will be accurate because you know the heat has been measured — measured in the correct amount. You know, too, that your electric range oven control holds the temperature at the cookbook figure in your recipe, assuring you of cookbook results every time. Yes, electric cooking is accurate — as modern women know.

Whirlwinds Bow Dragons in 5 Score

Surprising strong Paducah football team started fast Friday night as they cruised their way to a 19-6 victory over the Floydada Whirlwinds.

The Whirlwinds have been under the gun since the game as they were outplayed by the Paducah team.

Paducah then kicked off to Floydada. The Whirlwinds' offense was limited to a few plays.

The Whirlwinds met yet to be tested with just as it was being over and played the game they are capable of.

Hospitalize Woman Found Injured on Hiway 207 Sunday

A woman who gave her name as Betty Lou Davis, and age as 29, was picked up in an injured condition late Sunday on the Ralls road in southwest Floydada.

She told the deputy sheriff that she bought a man, whom she refused to name, \$3 worth of gasoline to haul her to the suburbs of Floydada.

At the sheriff's office it was said the woman's husband is being held at Clarendon on a charge of aggravated assault.

Margaret Green of Wayland college visited home folks, the J. E. Greens over the week-end.

Mr. and Mrs. Earl Huckabee went to Plainview Friday, where Mrs. Huckabee's sister, Mrs. Lee Burton, had a minor operation at the hospital.

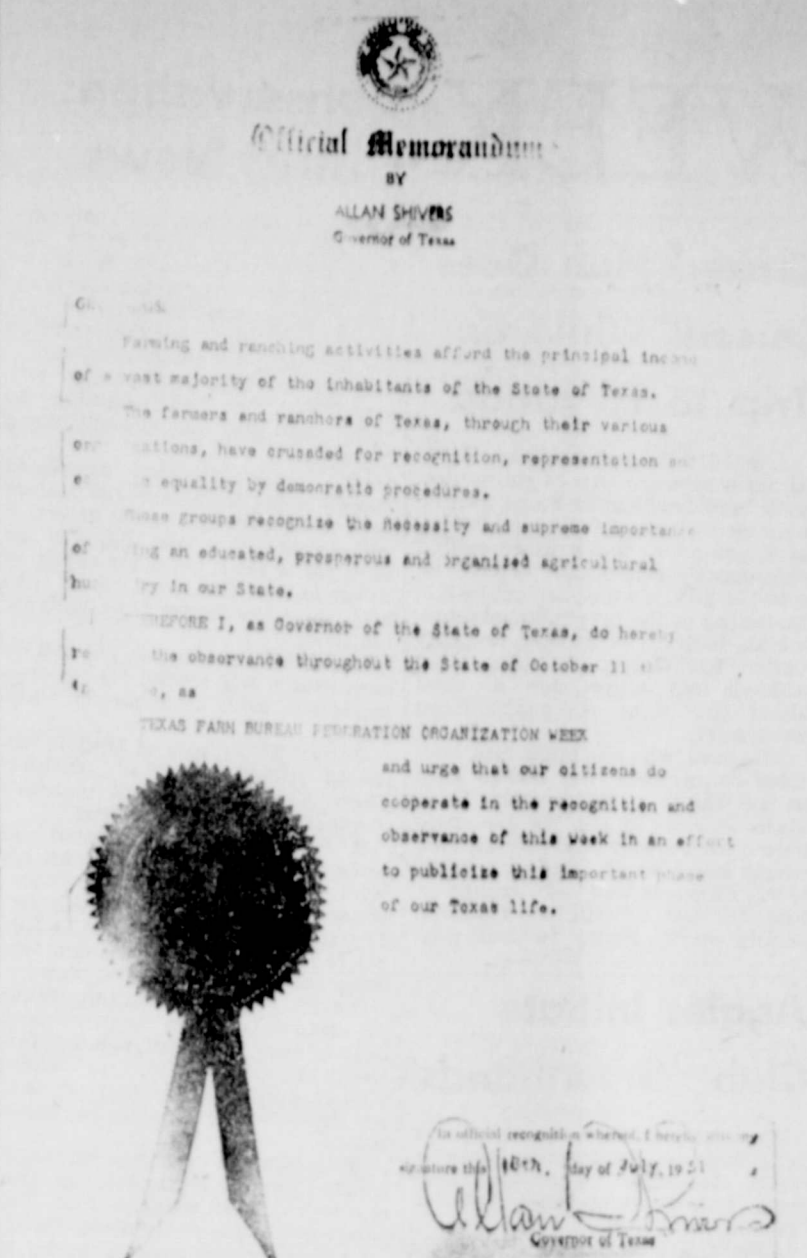

Mr. and Mrs. Green attended the dedication and homecoming at Me. Blanco Sunday afternoon.

At a recent luncheon of the Lions club in San Antonio, James R. Duncan, son of Mr. and Mrs. Silas Duncan, sr., of Floydada, was the speaker.

Mr. Duncan is called the "Friendly Investigator" in the Lion's pamphlet, called the "San Antonio Lion."

Last Sunday was a good day with us even though the attendance was down.

Iron Wire was used on early telephone lines, but is not the best conductor.

State Fair Honors For Borrowers of FHA October 10

More than four hundred Texas farmers, who a few years ago were tenants, will be honored October 10 with a day at the State Fair of Texas.

Jack Simms of Dallas visited Friday afternoon in the Walter Sims home.

Col. Henry Watterson, the Kentucky editor, was a great admirer of Abraham Lincoln, whom he had known personally.

Mr. Duncan has been a resident of San Antonio since soon after World War I.

Watterson added that Lincoln was scarcely worse off than most young fellows in his neighborhood.

Teachers Lightly Regarded "He is either dead or teaching" was the way an ancient Athenian poet referred to a young man who had not been seen for a while.

Spence Has Close Call When Pick-Up Trailer Over-turn

Monday morning C. O. Spence driving a Chevrolet pickup with a trailer, had a spill near the C. M. Lyles place in the Campbell community.

Mr. Spence does not remember how the accident happened unless the trailer broke loose from the pickup and caused the pickup to turn over on the loose road bed.

Bernie Johnston was in Lubbock Thursday on business.

An old fashion pounding and social was given Rev. Graham and family Monday night.

Mr. and Mrs. C. B. Smart visited a few days last week with Mrs. Lillie Smart of Plano, Texas.

Mrs. Conrad Henderson was the hostess Friday afternoon for Stanley party.

Mr. Hale is given 30 days to remove the building.

CRUMB SHELL: 1/2 cup melted butter or margarine, 1 1/2 cups graham cracker crumbs

FILLING: 1/2 cup granulated sugar, 3 1/2 tablespoons cornstarch, 1/4 teaspoon salt, 1 cup Pet Milk, 1 cup syrup from canned cling peaches, 2 eggs, 1 tablespoon butter or margarine, 1 teaspoon vanilla extract, 2 cups canned cling peach slices

Shell: Blend butter with crumbs. Reserve 2 tablespoons crumbs for top. Pack remainder firmly in bottom and sides of 9-inch pie pan. Chill.

Filling: Blend sugar, cornstarch and salt. Slowly stir in milk until smooth. Add peach syrup. Cook and stir over boiling water until thick and smooth; cook 10 minutes longer, stirring occasionally. Remove from heat and stir into lightly beaten eggs. Cook and stir 4 to 5 minutes longer. Add butter and vanilla. Cool, covered. Pour half of custard into crumb shell; top with half of well-drained peaches. Repeat layers with rest of custard and peaches. Decorate with remaining crumbs. Chill 3 hours or longer. Makes 19-in. pie.

Pear Picking Lark Ends as Shotgun Blasts Rent the Air

Four youthful poachers in Floydada Sunday night had their fun rudely interrupted at the John L. West home on South Fourth street opposite the high school grounds when two blasts of birdshot peppered one of their number in the side and rear from just below the shoulder to the hips. They were declared to have been picking pears from a tree in the front yard of the West home at about 10 o'clock. The three unharmed members of the quartet, juveniles all, from 16 to 14, hurried to Peoples hospital a block distant where their companion was treated. Some 30 shot were found in his body, a few probed out of the flesh. He was not seriously injured and was being dismissed from the hospital this mid-week.

Mr. West told officials he had been pestered with trespassers for four nights and finally got fed up on it. No charges had been filed as late as yesterday and the matter may await a fuller investigation by the grand jury. The boys all are members of local families out on a lark.

TOUGHEST RIDERS— ROUGHEST STOCK

HUNTSVILLE, Sept.—Only the toughest riders in the Texas penitentiary will be allowed to ride in the 29th annual prison rodeo opening at Huntsville next month on October 7. Likewise, only the roughest bucking stock the prison system's wast herds can produce will be driven and prodded into the chutes in prison stadium when the show begins.

Right now its round-up time in the prison system's river bottom pastures and the fatterest corners are being combed for rodeo stock that hasn't seen a human being since last year's show. Driving them out of their favorite grazing haunts and loading them for transportation to Huntsville is a big job, what will happen when a wild convict cowboy gets on one's back is anybody's guess.

Tickets for the most famous show in the southwest are on sale now, reserved seats are \$2.40, tax included. Send your check or money order to L. J. Craig, Prison Ticket office, Huntsville, Texas, for your reservations.

TEMPER

When I have lost my temper, I have lost my reason, too. I'm never proud of anything which angrily I do. When I have talked in anger and my cheeks were flaming red, I have always uttered something which I wish I hadn't said. In anger I have never done a kindly deed or wise. But many things for which I felt I should apologize. In looking back across my life, and all I've lost or made, I can't recall a single time when I was ever paid. So I struggle to be patient, for I've reached a wiser age; I do not want to do a thing or speak a word in rage. I have learned by sad experience that when my temper flies I never do a worthy thing, a decent deed or wise.

"As I sat and talked with 'Granny' Wellmaker last week these words came to my mind
"As a candle white
In a holy place
So is the beauty
Of an aged face."
Mrs. Wellmaker has been our neighbor this summer, but is moving into her new home with her daughter. We will miss her as oftentimes we called across the fence for a little visit. Life has held much for her, both trouble and joy, and she still sees the funny side and we love to hear her tell of her many experiences. Born in Georgia, she has been a Texan for many years, and she says she loves both states. Her hands have known the feel of a spinning wheel and the touch of

soft picked cotton. She has planted flowers with her hands along with the seeds of the field and garden. She has waited on the sick and the dying. A full life, a worthy one. Still she is interested in the things of today and does not spend the hours criticizing and wanting to go back to "the good old days."
Such women as Mrs. Wellmaker give us courage and faith to go on and take what comes with grace and patience. We are happy to know you, new friend of a summer's span.

Did you go to see the Garden club display? I did and am glad that I did. Altho the flowers were not so many as in years gone by, the Garden club is to be complimented in that they did not let discouragement over this make them fail in their annual show. Sometimes I think to go forward in the "lean" times and do the best you can with what little you have is the "most successful" time in the life of a person or a club.

A lesson from Tony's Scrap Book: "One of the most humane things the designer of this world did was to plan His system so that we are ignorant of the future. If we knew exactly what would happen to us a year from today, two years or ten years from today, many of us would quit right where we stand. When the stock market crashed some years ago, we who had been playing a game we knew nothing about lost money. If we had known a year before that all our lives savings would be swept away, many of us would have found no incentive to keep on. There is a story told about a man who had been worrying over heavy losses that had reduced his millions to a mere pittance.
"One day a fairy came to this man and told him she would grant him any wish he might make. The man thought a few minutes, and then said, "My wish is to see a newspaper published one year from today." Immediately the fairy handed

him the newspaper published exactly one year in advance. He turned quickly to the financial page, and his fingers nervously up and down the list of stocks, and leaping from his chair shouted, "Hurrah! I am worth fifteen million dollars." Then carelessly turning over to the obituary page, his glance fell on a report that made him gasp, "Great heavens! I died two days ago!"
