

Cotton Harvest In Area Hits Stride Call For More Laborers Sounded Fire Prevention Week!

Fifty thousand bales of cotton are estimated wide open in the fields of Floyd county this week, as growers pressured to get more laborers into the fields, as daily gin runs began to grow longer and the lines of trailers grew in number.

E. C. King, local representative of the Texas Employment commission, who last week-end reported to the commission that at least 500 men were needed in this area, this week upped his figures to 750 harvesters needed, in addition to those already in the field.

workers will have a free breakfast and begin a one-day whirlwind drive for funds.

Heading the movement in Floydada for the Hayes district is J. E. Stanton, who was named recently by Jimmy Wilson, finance chairman for the South Plains council.

"We confidently expect to contact most of the donors Monday and have our job practically done when night falls," said Stanton. "However, the campaign for funds will remain open through the remainder of this month and the first day of November."

In Floydada the Scout activities for the year are in capable hands. Jack Kagan is Scoutmaster of Troop No. 64, sponsored by the Floydada Rotary club and George Mize is Scoutmaster of Troop No. 57, sponsored by the Junior Chamber of Commerce. The cubmaster is Orville Newberry.

"Clean Buildings Seldom Burn" Fire prevention week, which is credited with saving untold millions of dollars in economic waste due to fire in the United States in the past decade, is on again in Floydada and nation-wide, with every civic and official agency of the country coordinating efforts to drive home the fact that most all fires are occasioned by carelessness.

Fire Prevention, Civil Defense Go Hand in Hand in Case of War

Fire prevention is an important part of civil defense. If an enemy attacks this country, his bombs, whether they be atomic, high explosive, or incendiary, will cause more damage by fire than they will by blast. Hence, anything done to make it hard for fires to start is a step towards preparing your community to protect itself if war comes.

The majority of all fires start in trashpiles, rubbish, or stored odds and ends that accumulate around the house. Closets, attics, and cellars are the main source of home fires, and plain ordinary good housekeeping is a strong line of defense against them.

Clean out your storage places. You will be surprised at how many burnable odds and ends are really useless to you. Don't let them make your home a fire hazard. Get rid of them. If local welfare agencies can't use them, call the junk man.

Don't stop when you've cleaned out the inside of your house. Go after rubbish in your back yard, in alleys and in vacant lots near your home. Collect the rubbish and burn it. Don't leave it around to burn if an enemy bombs your city. Be sure to burn rubbish in metal containers.

Take a look at your electrical system. By new plugs and cords if yours are worn. Get advice from an electrician if your fuses blow frequently. They may be dangerously overloaded. His advice may prevent a bad fire.

Every winter costly fires are started by faulty furnaces, stoves, and other heating plants. Some results from too much soot in chimneys. Others are caused by rusted or crooked pipes and fittings. Look over your heating system now. If your chimney needs it, clean it out. If the furnace pipes and connections are cracked and rusted, replace them.

White Drug Co. Has New Mgr. Rawson Is New Teller at Bank

Final papers in the transfer of the ownership of White Drug company in Floydada from the veteran owner-druggist W. U. White to Hayes O'Neal and Charlie Lewis were due to be signed last night.

The trade was made effective yesterday morning and O'Neal is due to take charge of the business this week. White will continue with the store temporarily and there will be no other changes in the personnel, it has been indicated. W. W. Goen remaining with the firm.

White's plans were incomplete yesterday, he said. Last night Mr. Lewis said that Mr. O'Neal would manage the business for the partnership and that Mr. White, meanwhile, is continuing in charge until O'Neal can resign and get relief on a pharmacist's assignment he has with Clark Drug company in Lamesa.

McAllen Ginner Buys Lon Davis

Important business change in Floydada announced this week is the new ownership of the Davis gin, with Wallace Bohannon, of McAllen, Texas, as the new owner. The sale was completed effective last week-end and Lon M. Davis retires from the ownership of a plant which he has operated for the past 31 years.

Announcing the change Mr. Davis said that Bohannon has gining interests in the Valley. W. W. Trapp comes from McAllens take charge as manager and Mr. Davis will continue with the firm also. The name Davis will be retained in the title of the new business, Davis Gin company.

WINDS, LONGHORNS RENEW RIVALRY TOMORROW NIGHT

Whirlwinds will again have their work cut out for them next week as they invade Lockney in a non-conference struggle with arch rivals The Lockney Longhorns. The Longhorns have a record of 2 wins and 2 losses. They are powered by Littlefield and are out by a strong Dimmitt team. They held wins over 22-26, 0-0, and 6-0, and Kress 2-0.

If the Whirlwinds draw the offensive in the opening play Watson yesterday said he expected to start in the line: Franklin Stovall and Hubert Ring ends; David Rape and Kerwin Baxter tackles; Bert Grimes and Lewis Reddy guards; Don Barber, center; Billy Carmack or Jackie Hutchinson at quarterback, Adrian Helms and Dane Clark in the halfback slots and Dennis Wilks at fullback.

Laud Founders of Baptist S. S. in Service

Sunday, October 7, was a great day at the First Baptist church in Floydada. It was home coming for the Sunday school and the founders of the Sunday school were especially honored. Six hundred and seventy persons were counted at the Sunday school hour.

The church had been especially decorated with large baskets of white chrysanthemums and white dahlias. Mrs. C. Snodgrass, Mrs. A. D. White and Mrs. C. Surringer were each presented a white carnation corsage and Reverend R. E. L. Muncy was presented with a white carnation boutonniere.

A quartet composed of H. G. Barker, Carl Muench, E. E. Joiner and N. S. Abbott sang an old favorite, "Faith of our Fathers."

R. Earl Allen, pastor, gave a brief resume of the church history and introduced each of the honored members and their families. Miss Mollie June French sang "The Lord's Prayer" and the Reverend R. E. L. Muncy who was pastor the church at the time the first Sunday school was organized spoke briefly. Owing to Rev. Muncy's falling health he was unable to speak at length, but left the church and members present a challenge to forward and build a larger and better Sunday school and church.

When he organized the Sunday school, only 25 were enrolled. Now the church has an enrollment of over 900.

After the Sunday school program, George Caven made pictures of the group. Reverend L. A. Doyle, former pastor, but now of Portales, New Mexico (See Laud Founders back page)

Social Events, Clubs

Club Members See New Tech Museum

The 1929 Study club visited the Tech College museum Thursday October 4. The club had lunch at the Chicken village in Lubbock at 11:40 and after lunch they visited the museum, and the new library building. They enjoyed the art and textile exhibits at the museum, also the paintings of the noted west Texas artist, Harold Bugbee, whose recent book was on display also, there, Peter Hurd, the noted New Mexico artist, has been commissioned to do the murals in the museum and will start his work at the early date.

The new library building at Tech is beautiful. In the museum, the group saw the history of these Plains from several millions of years ago to the present day. It was all very interesting, according to the club president, Mrs. Kinder Farris, who accompanied the group.

Illness in the homes of several of the members prevented more from making the trip. Making the trip were Mesdames L. J. Welborn, E. L. Norman, A. H. Kreis, John Hoffman, S. J. Latta, J. D. McBrien and Mrs. Farris.

The next meeting of the club will be on October 18 with Mrs. E. L. Norman as hostess.

1. The blend of seasonings and the corn bread crust makes this a different kind of meat pie. Its a dinner in one dish and is easy on the cook as it is on the budget.
2. Cooked string beans may be used in the meat pie instead of the dried beans.
3. Keep the energy of the family up to par during the lagging summer days by serving three well planned meals each day.
4. Tongue is a fairly inexpensive source of complete protein.

44 DIESEL ECONOMY with CUSHIONED POWER

MASSEY-HARRIS 44 DIESEL

A different kind of Diesel farm power, the Massey-Harris 4-cylinder 44 Diesel brings new efficiency, economy, pulling power... new money-saving field performance to the Diesel farmer. It's the result of an amazingly simple engine design. A special firing chamber—called a Dyna-Cell—creates cyclonic rotary turbulence of the burning fuel on every power stroke. Burning fuel swirls the full length of the stroke exerting equal pressure throughout piston travel. Fuel burns slower, smoother... delivers pushing force. It's cushioned power. Dependable power. Greater lugging power because there's full power on every stroke of every piston.

Morning worship begins at 10:45 a.m. with Pastor Charles Dickerman bringing the message. Youth groups meet at 7:00 p.m. followed by the evangelistic service at 8:00 p.m. Prayer meeting is Wednesday at 8:00 p.m.

A Nazarene youth convention of the Plainview zone will be held here on Thursday night, October 18. Rev. Sidney Patrick of Muleshoe, zone president, will be in charge of the services.

A cordial welcome is extended to you to attend all services.

Mrs. Gary's sisters and then journey on to Shreveport, Louisiana, to visit their daughter and husband, Major and Mrs. E. L. Turner. From there they will go to Hot Springs, Arkansas, for a two week rest. They will take a series of hot baths while there. They will be gone possibly four weeks.

Mr. and Mrs. R. B. Gary and daughter, Miss Rena Mae, made a trip to Hart, Texas, Sunday after church school to visit an old friend of Mr. Gary's, John Flippin.

Mr. and Mrs. Willie Carr, of Oklahoma City, and Miss Ruth Carr and Mrs. Hargis of Floydada attended church at Carr's Chapel Sunday and had dinner with their uncle, Mather Carr and family.

Miss Rena Mae Gary, of Lubbock, spent the week-end with her parents, Mr. and Mrs. R. B. Gary.

Miss Marlene Hollums is at home this week resting before beginning her new job with the Great American Insurance company in Lubbock. She will take over her new duties next Monday.

Next Sunday is quarterly conference for Cone and Carrs Chapel Methodist churches. It will be held at the Carrs Chapel church and the ladies will serve dinner at noon. All members of these two churches are urged to be present and others are welcome.

The Womens Society of Christian Service meeting which was held last Tuesday at the Harmony community center was well attended in spite of the busy season. Mrs. Sherwood Ramsey, Mrs. C. B. Lyles, Mrs. Donald Finkner and Mrs. Everett Miller met the guests at the door and escorted them to tables which were centered with a flag representing a Latin American country. Mrs. Sherwood Ramsey called the meeting to order and welcomed the ladies from Petersburg and the visiting ladies of the community. Mrs. Marvin Smith gave the program and Mrs. C. B. Lyles introduced the new study on Latin America which the society will begin this afternoon at the church. The members of Carrs Chapel Society gave a skit on family re-

union of Latin American countries. A refreshment plate of chicken rice salad and fruit dessert and coffee was served to 24 ladies besides the children. Ladies present from Petersburg were Mmes. Sam Mason, Swain Biggers, Alby Cockrell, Aba Boren, G. L. Scarborough, E. M. Carmickle, Bill Finkner and Miss Anna Carr. Other guests were Mmes. J. R. Turner, Ted Rutherford, J. B. DISEASE spreads from the seed coat to the grain sprout

FOR A BETTER CROP

A costly and persistent enemy of the wheat farmer has met total defeat at the hands of modern science. It is bunt or stinking smut; and it is being wiped out by thousands of winter wheat farmers, by the simple and inexpensive means of treating their seed wheat with "Ceresan" seed disinfectant before they sow. Bigger yields of better quality grain are the result for the wheat grower.

The photograph shows how smut spores infect the growing wheat plant. The spores (seen as small black dots) lodge on the coating of the seed. They cannot penetrate its protective natural coat. But when the tender young sprout emerges from the seed, the smut spores

throw out a network of feelers, or mycelium, that spread to the sprout and infect the growing young plant with the parasitic smut fungus throughout its structure. The wheat plant acquires the fungus disease from its infected seed-parent.

Since the spores of bunt smut are carried on the surface of the seed grain, it is readily controlled by disinfecting the surface of the seed. This is conveniently accomplished by proper treatment of the seed with the fungicide, at the same time the seed is cleaned. The cost of the entire process runs from 1¢ to 5¢ per acre.

Call your County Agent to locate the seed cleaning and treating machine nearest to you.

An Appreciation

About 31 years ago last month we moved to Floydada to try the ginning business and during these years have been associated with some mighty mighty fine people and have deeply appreciated the business that you have entrusted to us.

No one anywhere values their friends and customers any more than I do—I know a large number of you intimately and have learned to admire and love you. When I came over here I was new at the gin business and have made a number of mistakes through the years—most of these mistakes seems like have been in my favor but have been glad to correct these errors when called to my attention.

Recently I have disposed of the gin to Mr. Wallace Bohannon of McAllen, Texas, who has ginning interests in the Rio Grande Valley. Mr. Trapp will be with the gin here and I also will be associated with the new firm which is known as the Davis Gin Company. Will deeply appreciate a share of your business and will always be delighted to have former customers and of course a lot of new ones to drop by and visit with us.

The new firm will operate along the same lines as heretofore—using the same gin crew and the same policies and I bespeak for the new firm a share of your patronage.

'Winds Upset Strong Bulldog Team 24 to 13

(By Sammy Hale)

Floydada's High school Whirlwinds struck for four first half touchdowns last Friday night as they upset a favored Spur football to the tune of 24-13.

The Spur Bulldogs came to Wester Field as the favored team, but the Whirlwinds playing one of their best games of the season stopped the highly touted Bulldog eleven offensive in the person of Charles Grimland and Curtis Blair. Floydada's line gave up only 56 yards on the ground to stop the Bulldog's running attack cold. The Winds accomplished this feat by holding Grimland to a net 29 yards in 10 rushes. However it was Grimland's passing, usually to Blair, that gained most of Spur's yardage. He threw 19 passes and completed 8 for a total of 160 yards through the air.

The Floydada attack was better balanced than it had been in the past as all the backs turned in a fine game. The Winds line played one of its better games by opening holes and blocking downfield better than in any previous game. The defense was good, as it has been in the past as the statistics of Spur's rushing game show. Most of the Bulldogs gains were short and the Whirlwind line was rushing Grimland hard enough to keep him from completing as many passes as he has in past games.

Game Opens In High Speed

The Bulldogs opened the game fast as they returned the ball to their own 38 yard line after the kick-off. They moved to a first down on the Floydada 29 in three plays, but here the Whirlwinds defense tightened up and took over on downs on the 31. From here Dane Clark hit the line for eight to the 39. On the next play, Floydada's second of the night, Clark went through the right side of the line and behind superb blocking traveled 61 yards to pay dirt. Roy Teague's kick was wide and the Winds led 6-0.

Floydada again kicked off to Spur.

but the Bulldogs couldn't move and had to punt out. The Winds taking over on their own 19. Here the Floydada offense took over. Billy Carmack carried nine yards to the 28. Clark hit the line for four more and a first down. Carmack moved the ball to the 39 then Helms carried down to the 47 and another first down. Dennis Wilks ran the ball 35 yards to the Spur 18. On the next play Adrian Helms broke through Spur's line and scored Floydada's second touchdown. Teague's kick was nullified by a five-yard penalty against Floydada and his next kick was wide with the Winds leading 12-0.

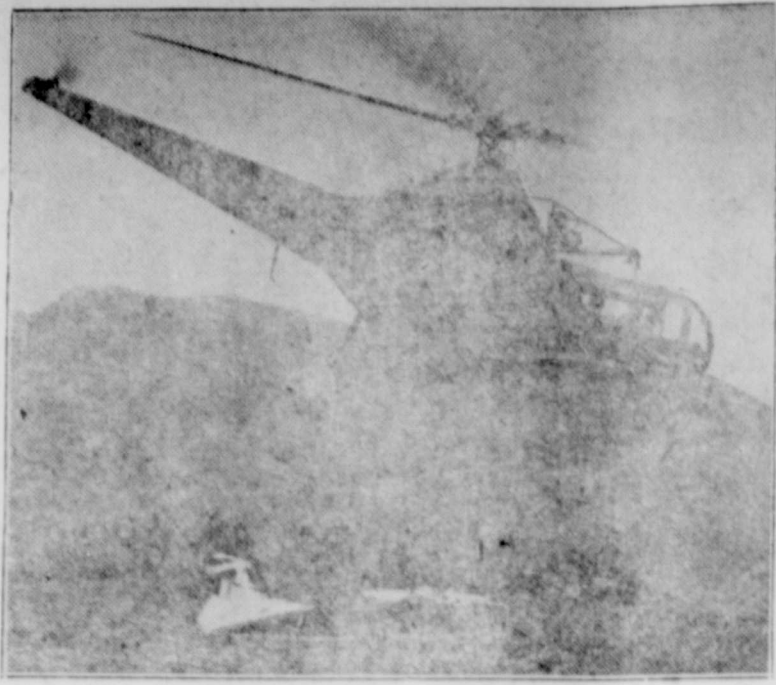

Good Blocking Pays Off

Again the Winds kicked off to Spur, with Grimland returning the ball to Spur's 26. He then threw three incompletes passes and was forced to punt again. Jackie Hutchinson returned his kick to the Floydada 32. Floydada started another drive that reached the Spur 6 before losing the ball on downs. There Spur running plays failed to gain the necessary yardage and Grimland again was forced to punt out. This time the ball was taken by Hutchinson on the Spur 33 and behind a wave of Whirlwind blockers, who cleared a path for him, ran the ball all the way to pay dirt. The kick was again wide and Floydada had a 18-0 lead.

After The Winds kicked off Spur found their offense and drove from their own 33 to their first touchdown in two plays. On the first play Grimland faded back and hit Blair on the mid-field stripe, with Blair racing the ball down to the 4 before being brought down. From here Paul Simmons plunged across for the score. Grimland's kick was wide and the score was Floydada 18, Spur 6.

Last Score on Pass Strike

This time Spur kicked off to Floydada and the Winds took over on their own 45. Three plays later Floydada fumbled on the Spur 40 yard line. Spur recovering, Grimland lost seven, gained one, and threw an incomplete pass. He then punted to Helms, who gathered the ball in on the 23 and raced the ball down to the Spur 28 before finally being brought down. From here Don McGuire moved to the 23 on the next play Carmack faded back and threw a perfect strike to Hubert Ring on the 10, with Ring moving the rest of the way to another Whirlwind score. Teague, who seemed to be having a hard time finding the cross bars, again kicked wide

and Floydada had a 24-6 lead. The first half ended soon after the kick-off and Spur was unable to move the ball.

After a rather high scoring first half with Floydada monopolizing the play, the second half settled down to a fairly slow game with the Whirlwinds seeming to be content with just holding Spur down. However Spur managed to push across a score in the middle of the third quarter due to the passing of Grimland. His payoff pitch was again to Blair and it covered some 53 yards. After this neither team could keep their offense going long enough to reach pay dirt again.

The Whirlwind played a good game and they deserved to take this one as both the line and the backs turned in their best game of the season in turning back Spur.

Elevator Coop Meets Tonight

At the annual meeting tonight of the Producers Cooperative elevator the members who attend are promised a treat in an address by W. N. Stokes, of Houston, who is president of the Houston Bank of Cooperatives. Mr. Stokes will be the featured speaker of the evening. Roe Jones, manager, announces.

Reports covering an active year of operation for the cooperative will include the outlay for the big, new elevator plant at Dougherty, which was added to the facilities in the year of 1951. The business of the evening will also include a progress report of the auditor and the distribution of patronage checks as well as checks for 6 per cent interest on preferred stock outstanding, said Roe Jones, manager.

A. H. Kreis will preside at the meeting. Tom Porter is secretary. The members will be called upon to name two directors for the incoming year. The terms of Mr. Kreis and Mr. Porter expire. Hold-over members of the board are J. P. Moss, P. J. Wilkes and Henry Willis. The formal meeting of the evening will be preceded by a picnic supper on grounds adjacent to the American Legion hall, where the meeting will be held. The hour is 7 o'clock. Members of the cooperative and their families are invited to the supper and the meeting which follows.

ATTEND ROSWELL RODEO

The Floyd County Sheriff's Posse attended the Roswell, New Mexico, rodeo on Tuesday and rode in the parade. Eleven members made the trip, and several of the wives of the members accompanied them on the trip.

Boyce House Says I Give You Texas

This is a story about the courage of a faithful dog.

In the winter of 1880, two mining engineers, Andrews and Wiswall, from Denver, stopped at the camp of Texas Rangers at Ysleta, near El Paso. They were driving a new hack with a fine team as well as a saddle pony, which was being led. They had a complete outfit and there was one other feature of the entourage—a handsome black shepherd dog. They were well supplied with rifles, shotguns and revolvers.

They wanted to purchase a hundred burros and were on their way to the Pecos Valley, New Mexico. From Ysleta, they decided to take a short course—the abandoned Butterfield route, though they were warned that this was hazardous because of Indians.

On the third day, they reached the former station of the old stage line at Crow Flat. While the two men were inside eating, they heard a yell and hurried out to see their horses being driven away by a dozen redskins.

And so they found themselves a-foot, 100 miles back to the Rangers' camp and 75 miles on to help on the Pecos. They decided again on the shorter route and set out that night. But first they fixed up two dummies as sentinels and left Shep to guard their outfit. The dog wanted to go but they put a side of bacon and a sack of corn down and told him to guard it.

At daybreak after plodding through deep sand, they had made 25 miles and they took a trail through a canyon. At a sharp turn, they caught sight of a band of redskins coming toward them. The two men raced to the top of a peak, hastily piled up rocks and then opened fire. There was an exchange but with no damage, apparently, to either side. Then Andrews called to his companion, "Look!" Boulders were moving up the mountain-side!

The Indians were pushing the rocks forward as shields. One of the warriors raised up to peer over his boulder and a bullet took him between the eyes. The two men sprang to their feet, ran past the dead Indian, managed to elude the others and when night came on, they trudged back toward the stage line station, which they reached again after having walked 30 miles and having 36 hours without sleep. Loyal Shep was on duty and was frantic with happiness at seeing them.

Star-Telegram accompanied by a few words I had written explaining the situation. The map was the talk of the meeting and a road-building program was launched. Modern highways now criss-cross all those counties.

And you might say it started from a map hanging on a wall.

Life is odd

After writing that line, I read it over and frankly, it doesn't exactly sound original.

Put, anyhow, life is odd. For example, Stephen F. Austin was "the Father of Texas." But he was a bachelor.

And George Washington was "the Father of his country." But he had no children. James Whitcomb Riley ("Orphan Annie, "Out to Aunt Mary's") was called "the poet of childhood." But he was a bachelor.

Will Rogers produced more laughs than any other man of his generation. But he never told a joke. (That's correct; he said so himself. "I didn't tell jokes; he made wise-cracks.")

And, by the way, the cowboy humorist and philosopher never did any hunting; he just didn't care about it.

And Abraham Lincoln remarked of himself, "I who could never stand to kill a chicken have been placed at the head of the nation during the bloodiest war in history."

Life is indeed odd.

VOLCANO A RELIEF VALVE FOR EARTH'S PRESSURES

Scientists attribute the causes of volcanoes to the fact that rocks of the Earth become hotter with depth, and eventually get so hot that they would melt were it not for the great pressure of the overlying layers. Sometimes this pressure may be relieved locally and temporarily and then the hot rock does melt.

This also allows steam and gases contained in the rock to exert tremendous pressure on the surrounding rock walls. If a vent is found to the surface the molten rock and associated gases will escape. Perhaps the fluid extrudes quietly and lava flows without violence, but with a large proportion of included gases, the eruption may be violent and break the surface with explosive force.

Hardened lava and accumulated ash may build up a cone which finally is sealed off by congealed lava. Perhaps underground pressure will build up again and there follows a new period of activity. Thus, it is seen, volcanoes are really safety valves that relieve gas pressures built up inside the Earth.

Mrs. L. F. Cortley of Fort Worth, who has been here visiting her brother, D. W. Burke and Mrs. Burke and her sister, Mrs. H. B. Mankins and Mr. Mankins, has returned to her home.

Mrs. Hubert C. Harter of Dumas is spending the week here with her parents, Mr. and Mrs. Bob Medlen.

ATTEND BORDER BULLFIGHT

Mr. and Mrs. W. B. Jones and R. T. Jones spent Saturday and Sunday in Del Rio and on Sunday attended a bullfight across the boundary. They also visited in Eagle Pass, returning home on Monday.

On Wednesday, Mr. and Mrs. Jones visited his daughter, Mrs. Lloyd Otten in Clovis, New Mexico. Mrs. Otten has been very ill, but is improving.

Scientific Instrument Charts Human Blood Flow

The newest scientific instrument is a machine which photographs the flow of blood through the human circulatory system.

Called a "serigraph," it is actually an X-ray machine, which takes pictures as rapidly as every half-second although it can be set for lower speeds.

The serigraph is most valuable to the brain surgeon. It can be used for other parts of the blood system, but is especially valuable for locating brain tumors, cerebral hemorrhages, atrophies, and other kinds of pathological deteriorations.

Principal parts of the apparatus are the rotating anode tube, which projects the X-ray, and a Fairfield aerial camera, which records the pictures on a roll of film.

A patient brought in for observation of a suspected brain tumor is placed on a table, under anesthesia, with his head immobilized between the tube and the camera. A radio-opaque substance, either a thorium or an iodine dye, is injected into the artery in the neck with a syringe.

During the six seconds it takes for the dye to travel through the arteries, capillaries and veins of the brain, and out again, the camera makes its pictures. If there is a tumor, the pictures will show where the flow of dye was blocked.

Expensive Vanity

During the Twelfth Dynasty vanity was sometimes a very expensive trait. Egyptian rulers of the time often admired their reflections in real silver mirrors that had handles of black obsidian adorned with solid gold.

Mr. and Mrs. James Burke and children, of Elm Springs, South Dakota, who have been here for the past two weeks visiting their parents, Mr. and Mrs. D. W. Burke and Mr. and Mrs. J. L. Heim have returned to their home.

GOOD HEALTH

1. WHY DO YOU
SEE STARS?

2. WHAT IS THE
DIFFERENCE
BETWEEN A
STRAIN AND
A SPRAIN?

3. IS PERNICIOUS
ANEMIA CURABLE?

Answer to Question No. 1:
1. When the nerve leading
from the eye to the brain is
jarred or irritated, impulses are
aroused in the nerve which the
brain perceives as flashes of
light. This can happen even in
a dark room. Therefore, the man
who says he was hit so hard he
"saw stars" may well be telling
the truth.

Answer to Question No. 2:
2. A sprain is a sudden stretching
and tearing of the ligaments of
a joint with injury to the syno-
vial membrane (the mem-
brane which contains an "oil-
ing" fluid for the joints which keeps
them supple). A strain is a
painful stretching of ligaments
when no tear has occurred. Either
type of injury should be treated
by a doctor.

Answer to Question No. 3:
3. While no permanent cure
has been found for pernicious
anemia (a type of anemia far
more serious than simple
anemia, and one which used to
be fatal in all cases) a means of
controlling this condition was
developed some twenty years
ago by the use of liver extract.
Liver extract made it possible
for an individual with pernicious
anemia to live a useful life over
the ordinary span of years. More
recently the active principle in
liver—which turned out to be
vitamin B12—has been isolated.
This is regarded as one of the
great triumphs of modern med-
ical research.

Burglars Miss Football Haul

Burglars who jimmied a padlock on a back door of the high school building Friday night, then gained entrance into the offices of Principal E. A. Baker and Superintendent I. T. Graves by prying locks, were foiled in their attempt at a big haul of football funds from the Floydada-Spur game.

Janitors who entered the building Saturday morning found the doors and locks jimmied, locked compartment of office equipment pried open, door jams and casings damaged to some extent. Small crow bars may have been used.

Principal Baker said that some cafeteria change in small amount had been taken from his office as well as \$3 from one of the school activities funds. The burglars also ransacked desks and lockers in the superintendent's office. They left some checks in order.

The football money, receipts from the gate, meanwhile was elsewhere, just where the school authorities did not say. In the interscholastic games one-half of the net proceeds of a game go to the visiting team, the other half remaining in the treasury of the local school. It was this fund of several hundred dollars the school men felt certain the burglars attempted to take.

Municipal Concert Association New Officers Named

At the election of officers for the incoming year for the Floydada Municipal Concert association, the following were named:

For president, W. E. Garrett; first vice-president, Mrs. Carl L. Minor, junior; second vice-president, Miss Barbara Barnard, executive secretary, Mrs. Lane Decker; treasurer, Nell Swinson.

Directors are Mrs. Joe Holt of Lockney, and Jess Stanton to serve with the hold over directors, L. J. Welborn, Jim Word, Guy Ginn, and Miss Ruby Lee Bevil.

Mrs. H. C. Stanley of Lubbock visited with her sister, Mrs. D. O. Hatley Wednesday afternoon.

One of Twin Sons Dies; Small Hope Held for Second

Of twin sons born to Mr. and Mrs. Winfred Payne last Friday at Peoples hospital, one Terry Lynn lived only one day, and the other, Jerry Lynn, was carried to Lubbock Memorial hospital, where he has been since. Some hope at this time is held for his survival.

The funeral service for Terry Lynn Payne, who died on Saturday, October 6, in Peoples hospital, was held Wednesday afternoon at the Harmon Funeral home, with Reverend Joe Wilson of Fairview community officiating. The baby is survived by his parents, one brother, Ronnie 3 and his twin brother Jerry Lynn. The grandparents are Mr. and Mrs. Cecil Payne and Mr. and Mrs. W. J. Smith, of Floydada.

Burial was in the Floydada cemetery.

Official Visitor Says Floyd Club Doing a Good Job

Governor P. P. Bridgewater of the 18th district of Rotary International, thinks the Floydada club is doing a good job, he told club members in his address yesterday afternoon. It was the occasion of his official visit to the club here.

On the night previous he had a convocation of officers and committee members, when the various phases of the club's organization and activities were gone over.

In business life Mr. Bridgewater is a Midland business man secretary of a federal savings and loan association there.

Annual Cemetery Fund Drive is On

F. C. Harmon, president of Floydada Cemetery association said this week that Mrs. Edell Moore is making a canvas of the community, particularly the business section of town, for funds for the upkeep of the cemetery.

The drive, usually made annually, was not carried on last year, except through the mails.

RODEO MUSICIANS

"The Prison Stringers," well known inmate musical organization of the Texas Prison System will be on hand to play for spectators at the 25th Annual Prison Rodeo, October 7th, 14th, 21st, & 28th.

Dunlap Named As Supervisor

The landowners in the east central part of the county re-elected, R. G. Dunlap to represent them on the board of supervisors of the Floyd County Soil Conservation district for another five year term, according to Bert Bobbitt chairman of the board. The election was held at Cedar Hill Tuesday night of last week.

This local organization, under authority of state law, makes it possible for farmers of this district to obtain technical assistance in applying the various soil and water conservation practices that increase yields and, at the same time, conserve and improve our natural resources.

First Class Held in Home Nursing

The first class in Red Cross home nursing was held Monday afternoon. The class was held in the man's dormitory of the jury room in the court house. Mrs. Roy Wilkes of Pleasant Valley is the instructor.

Those attending are Mmes. Roy Hale, Harmony; Earl Edwards, sr. Lakeview; Thurmon Perry, Fairview; F. O. Conner, Friendship; Woodrow Wilson, Center; Howe Hinds, Dougherty; C. L. Catlin, Homebuilders; Weldon Smith and Claude Hammitt, Pleasant Valley; and C. W. Denison, Sunnyside; also Mmes. O. F. Cummings and Cleo Fulton, Starkey; Monroe Shultz, Harmony; Earl Edwards, jr., O. G. Shearer, Lakeview, and O. C. Vinson, Center.

Home nursing classes in Floydada will meet each Monday and Thursday afternoon at 1:30. Classes in Lockney will be held Wednesday and Friday afternoon in the city auditorium.

Mike: Are you sure you told your wife, you were bringing me home to dinner?

Pat: I'll say I did—and we had quite an argument about it."

Billie D. Hatley

(Continued from First Page)

a furlough in August, before leaving for Korea. He shipped out for Korea on September 15. His mother's last letter from him was dated September 20, stating he was enroute to Korea.

Billy was born on February 2, 1922 in Floydada and attended the Floydada schools. At the time of his enlistment with the Marines, he was employed by the Apache Oil company, with the seismograph crew in Floydada.

Billy is survived by his parents, four brothers, Charles and Spencer of Floydada, Burl of Des Moines, Iowa, and Dwain Hatley of Los Angeles, California. His grandparents are Mr. and Mrs. J. A. Hatley of Dougherty and Mrs. J. T. Spence of Fort Worth.

Burl and Dwain Hatley are here to be with their parents for a few days.

All-Texas Revival Forces Rallying

Methodist ministers of most of the churches in the plains area are in down-state revivals of the All-Texas Methodist campaign of evangelism. Among these is Rev. Tilden B. Armstrong, of the Floydada church who is in a revival at Brenham. He is due home this week-end to resume his pastorate work and fill the pulpit Sunday, Rev. Horace G. Krebs, of Cone-Carrs Chapel, is in a revival at Blue, near Austin.

Reverend L. N. Lipscomb, of Lubbock, preached here Sunday morning in the absence of the pastor, but in most all of the churches of the area laymen filled pulpit appointments. Among these were Jimmy Willson, who spoke at the Abernathy church, and Tom W. Deen, who spoke at the Cone church.

CARD OF THANKS

I just want to say "Thank You" for every kindness you rendered me when I had the wreck Monday, October 1. Especially do I thank Jim Morrison for his help and Leon Landers who brought me to the Peoples hospital.

C. O. Spence.

Council Ready To Do Paving

City council of Floydada is ready to get a paving program under way on the streets when the property owners are but they are not going to try to force a program on the community.

This is the gist of what they are saying to property owners who are interested in getting paving underway.

The council recently announced a tentative program which in their judgement would be feasible. A map was published showing present paved areas and proposed additional paving. Some of the citizenship took this suggestion as announcement that the program would be started. Councilmen canvassed the situation at their Monday night meeting, and told property owners who inquired to get out and get their neighbors signed up. When as much as a minimum of 20 blocks are ready the council will proceed.

Laud Founders

(Continued from First Page) Mexico, preached the morning sermon. After the sermon a bountiful basket dinner was served in the church dining room.

Many former members of the Sunday school from out-town were present and four former Sunday school superintendents were present. They were J. C. Gilliam, Dr. I. W. Hicks and H. C. Stanley, all of Lubbock, and W. B. Harris of Groom.

From out-town were Mr. and Mrs. R. C. Patton and family of Slaton, Mr. and Mrs. Ralph Johnston and sons of Lubbock, Dr. and Mrs. I. W. Hicks, Mr. and Mrs. J. C. Gilliam, Mr. and Mrs. H. C. Stanley, Mrs. Mary Lee Muncy and Janet Lloyd of Lubbock; Mr. and Mrs. W. B. Harris and children of Groom, Miss Louise Harris of Lubbock, Mr. and Mrs. Fae Pundt and son of Borger, J. D. McPaul of Lamesa, Miss Claudine Coen of Lubbock and Miss Donice Cline of Lamesa.

At 3 o'clock in the afternoon, an ordination service was held, when four men were ordained as deacons of the church. They were Clarence Guffee, Dr. E. E. Joiner, Thomas Warren and W. S. Simmons. A large crowd was present for this service and several out of town pastors of the district assisted with the service.

SGT. BILLY GREEN HOME

Sergeant Billy Green, son of Mr. and Mrs. John L. Green arrived home Wednesday morning from a thirteen-month stay in Korea and Okinawa. He is on a 30-day furlough. He brought news of a former Floydada boy, Verne Eastridge, whose mother lives in Houston, Mississippi. Bill states Vern will probably get a furlough in about two months.

Home Economist of REA Region 10 Visits Office Here

Miss Betty Williams, of Dallas, home economist of Region 10, Rural Electrification administration, spent last week-end in Floydada in conference with Mrs. Nancy Morekel, home economist of the local rural electrification system.

Also here for a short visit last week was John Shanklin, of Albuquerque, New Mexico, who is agricultural engineer of the region.

WATSON MUCH IMPROVED

Mr. and Mrs. O. M. Watson, Mr. and Mrs. Fred Batley returned home Monday from Temple, where they have been for Mr. Watson to have a check up at Scott & W. clinic.

They visited friends and relatives at Fort Worth, Hillsboro, San Angelo while they were at Mr. Watson is much improved.

France had brief beardless eyes when courtiers shaved in deference to pink-checked boy monarch Louis XIII who came to the throne at nine, Louis XIV who succeeded him when only five.

SEN. MCGREGOR ADVISES PENSIONERS TO VOTE

DOWN H. J. R. NO. 6

—Every person who receives an Old Age Assistance check from the state should read H. J. R. 6 dealing with Old Age Assistance, study the same carefully and vote against it. They claim that it will increase and stabilize your pension. If administered as written it will reduce our pensions and maybe destroy them. This resolution attempts to amend Section 51a of Article 3 of the present Constitution by raising the sum from \$35,000,000 to \$42,000,000. All the author would have had to have done was to copy the present Article and strike out \$35,000,000 and inserted \$42,000,000. But he wrote a new Article, and in doing so sure messed things up.

Section 35 of Article 3 of the Constitution provides: "No bill" shall contain more than one subject, which shall be expressed in its title. But if any subject shall be embraced in an Act which shall not be expressed in the title, such Act shall be void as to so much thereof as shall not be so expressed."

The subject of Section 51a sought to be amended is "needy aged persons who are actual bona fide citizens of Texas and who are over the age of 65, etc." It takes this entire sentence to constitute the subject. The person must be a bona fide citizen of Texas over 65 years of age before he can be considered eligible for a pension. This language clearly complies with Section 35 of Article 3 of the Constitution.

Section 1 of H. J. R. 6 says that the Legislature shall have the power for the payment of assistance to needy persons who are over the age of 65 years, and does not prescribe any other qualifications. Under this language a man may be a citizen of any other state and at the same time be a resident of Texas and draw a pension.

It will be much better to kill this resolution than to have droves of needy people come into the state and getting on the pension roll. A man to draw a pension from Texas ought to be a citizen of Texas. The submission of this resolution in this form was a legislative job badly done. The thing to do is to vote against H. J. R. 6.

Yours, etc.,
T. H. McGregor
Austin, Texas.

IT'S A FIREBALL ENGINE

Some-where a Road is Call-ing

If the purr of a great-powered engine is music to your ears — If command of two tons and mere of nimble-footed and beautifully balanced automobile can step up your pulse beat— You are just the man for whom a ROADMASTER was engineered. Whatever it takes to give you a sense of complete and carefree freedom behind its wheel, you'll find in this proud master of the highways. Added to the breadth and length that any

fine car can give you are four soft-action coil springs to cushion the wheels, and a torque-tube to banish rear-wheel wander. Added to its high-compression, valve-in-head engine are eight exclusive Fireball combustion chambers that get extra power from each whirling charge of fuel. Added to the convenience of clutch-free driving is the torque-converter principle of Dynaflo Drive — that feeds a steady flow of power without lag or falter ever. Added to the light responsiveness of

its steering wheel is a Buick-engineered "front-end geometry" that gives this phenomenal performer a sense of direction straight and true.

But no roll call of engineering accomplishments can tell you the feel of a ROADMASTER out on the road.

That's something that only firsthand acquaintance can bring. Not just a trip around the block — but enough time and enough miles to let you discover what a joyous companion this great car can be.

That's something that is easily arranged. If you're truly interested, a phone call will bring a ROADMASTER to your door.

Equipment, accessories, trim and models are subject to change without notice.

THE STATE OF TEXAS
TO: STAR ROYALTY ASSOCIATION OF OKLAHOMA CITY and All Persons Claiming any Title or Interest in land, being the South-East One-fourth (SE $\frac{1}{4}$) of Section Number Forty-three (43) in Block G, Certificate No. 810, issued to AB&M Original Grantee, Abstract No. 128, situated in Floyd County, Texas, under deed heretofore given to Star Royalty Association of Oklahoma City its heirs, successors and assigns, as grantee with residence of said grantee, or grantees, designated in said deed only in the name of said grantee as being of Oklahoma City, said deed executed by Monroe W. Ellis and wife Ether Ellis, Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 19th day of November, A. D. 1951, at or before 10 o'clock A.M. before the Honorable District Court of Floyd County, at the Court House in Floydada, Texas.

Said plaintiff's petition was filed on the 28 day of August, 1951.

The file number of said suit being No. 3983

The names of the parties in said suit are: Clarence Goins and Cleo Goins as plaintiffs and Star Royalty Association of Oklahoma City and All Persons Claiming any Title or Interest in land, being the South-East One-fourth (SE $\frac{1}{4}$) of Section Number Forty-three (43) in Block G, Certificate No. 810 issued to AB&M Original Grantee, Abstract No. 128, situated in Floyd County, Texas, 160 acres of land being involved in the suit.

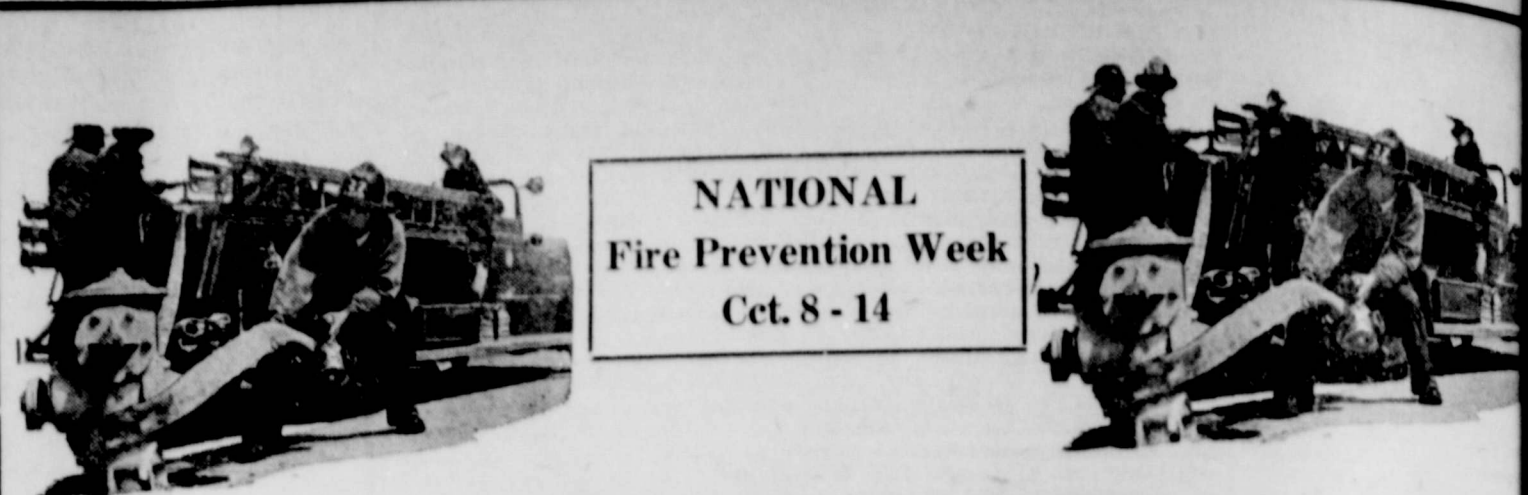

Plaintiffs allege that the deed above referred to is void in that the land described in said deed was the homestead of the grantors Monroe W. Ellis and Wife Ether Ellis at the time said deed was signed and that said deed was not acknowledged by married woman separate acknowledgment as required by Texas law and that same was procured by fraud; that in fact defendants have no right title or interest in said land, or in the oil, gas, and minerals in said land, though the deed referred to in designation of defendants purports to convey Star Royalty Association of Oklahoma City an undivided One-half interest in all of the oil, gas, coal and other minerals in or under said land.

Plaintiffs further plead that they have full fee simple title to said land above described under the five and ten year statutes of limitation of the State of Texas.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved. Issued this 2nd day of October A.D. 1951.

Given under my hand and seal of said Court, at offices in Floydada Texas, this the 2nd day of October A.D. 1951.

Mt. Blanco News (By Allene Brown)

MT. BLANCO, October 9.—The Mt. Blanco fall festival will be held on Tuesday night, October 16, at the community center. I have been asked to ask you people for antiques to be displayed. If you have any we might use, contact Mrs. Gene Brown or Mrs. Holt Bishop. Of course, they shall be returned to you. We should be happy for you to exhibit any other thing too. For instance, canned goods, handwork or hobbies.
The news is scarce this week because there wasn't church services Sunday night. We didn't have a preacher for Sunday morning, but will have one next Sunday.
Jarvin Mosley, of the U.S. navy, visited Mr. and Mrs. M. J. Mosley during the week-end. He is stationed in Memphis, Tennessee.
Mr. and Mrs. Gene Brown visited in the A. L. Smith home Sunday afternoon.
Several from our community and from Crosbyton attended the Fair at Lubbock Thursday. My individual report on the livestock was that some of the pigs were as large as cows and some of the cows were as large as elephants.
Sunday dinner guests of Mr. and Mrs. Holt Bishop and Shirley were Mr. and Mrs. H. M. Thomas and Allene Brown.
Mr. and Mrs. C. A. McClure and Mr. and Mrs. W. B. Allen and daughters were Sunday dinner guests of Mr. and Mrs. Robert Moss and sons, Memphis.
Mr. and Mrs. Holt Bishop and Shirley and Allene Brown attended the Floydada -Spur ballgame at Floydada Friday night.
Mr. and Mrs. Guy Harvestock visited in the R. D. Armstrong home last Monday.
Mr. and Mrs. Gene Brown and Allene and Mr. and Mrs. Holt Bishop and Shirley attended church services at Pansy Sunday night.
Only four young people from our community went to the youth rally at the First Baptist church in Floydada Saturday night. We really received a blessing from going and enjoyed every minute of it. Those going were Frances Money, Margaret McClure, Shirley Bishop and Allene Brown.
Mr. and Mrs. Aldrich Powell visited during the week-end with the M. J. Mosleys.

Visiting with Mrs. A. P. McKinnon Sunday through Tuesday were her son, J. A. McKinnon and wife from Brady, Texas. Mrs. McKinnon's sister and husband, Mr. and Mrs. S. B. Goode from Bastrop arrived Monday for an indefinite visit.
Mrs. L. H. Blum spent the week-end with her mother, Mrs. D. T. Lucado in Lubbock. Mrs. Lucado recently had a heart attack. Mrs. Blum reports her mother as improving this midweek.

FOUR BROTHERS DINE AT HOME OF S. N. McPEAK

Four brothers were together on Sunday for a family dinner and to celebrate the birthday of one of them. The brothers were Jim and George McPeak of Floydada, and Jonah McPeak of Plainview, who met at the home of S. N. McPeak for the dinner and celebrated the birthday of Jim.
Present at the dinner were Mr. and Mrs. George McPeak, Mr. and Mrs. W. F. McDaniel of Salinas, California, Mrs. Jessie Brown and Jim McPeak, City, and Jonah McPeak of Plainview, and the hosts.

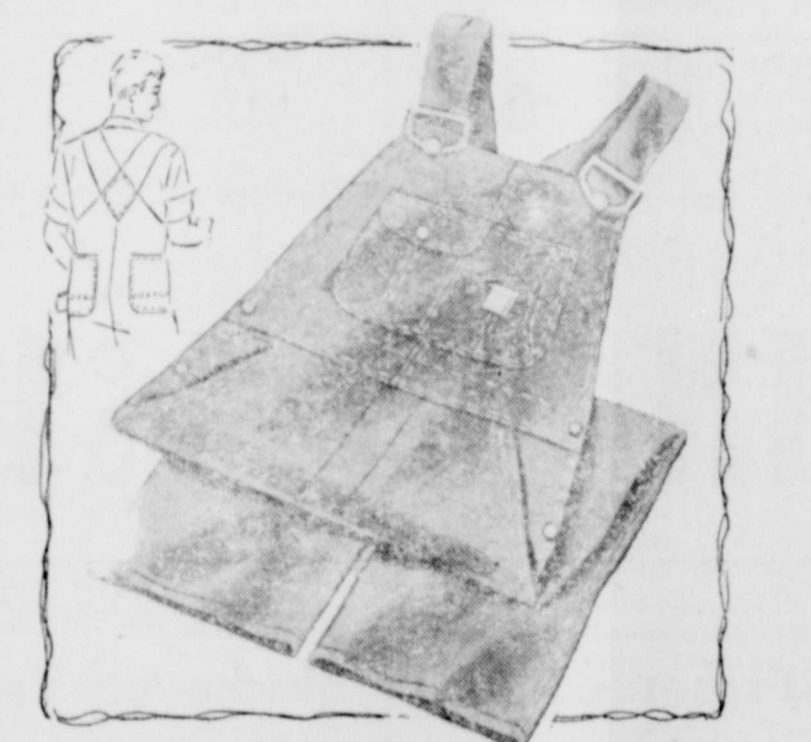

SECOND SUNDAY SINGING

The regular second Sunday singing will be held on Sunday, October 14, in the Nazarene church, Floydada, beginning at 2:30 p.m. Singers from Ralls and Plainview will be in attendance. Everybody welcome, announces Earl Rainer.

Mr. and Mrs. Morris Garham of Ralls were guests of her grandmother, Mrs. Charles Bollman and his mother, Mrs. J. W. Graham over the past weekend.

EDITORIAL

Today I have something to say of school spirit. Did you know that school spirit consists of more than supporting school activities? One's true character is revealed in his cooperation with teachers and in his treatment of school buildings, equipment, and other property. Is your good (or bad) spirit showing?

Let's do our best to protect library books and textbooks. Keep the desks clean and unmarked, floors tidy, and grounds nice. A dirty school grounds shows everyone what we think of our school. Why not do your part to keep F.H.S. in top shape.

"Who is wise? He that learns from everyone. Who is powerful? He that governs his passions. Who is rich? He that is content. Who is that? Nobody!" —Benjamin Franklin.

LIBRARY OF F.H.S.

Library time again which means books checked in and out by members of the library staff. The members are: Miss Jones, Librarian, Carolyn Tye, Donice Reeves, Frances Ashton, Virginia Presley, Cynthia Whitfill, Dorothy Pierce, and Lavada Griggs Student Librarians.

You will find these girls to be quite helpful in choosing books, finding periodical material, etc. However, they will appreciate having you turn books in on time and in good condition. (It also costs you less that way—No Fines!)

Room Two O Three

As we drop by Number 203 we see Miss Sweptson and her English IV students battling over Shakespeare's *Macbeth*. Whether or not you have any fascination for literature the fact remains that one hour spent in this case should create a lasting impression.

It begins as most classes do—the class roll is checked for all those students who are either ill, out of town, working, or just didn't get here (accidentally on purpose). Silence is observed and study begins.

Usually we have a short review of yesterday's assignment. After this come questions on the matter in hand. When the victim for the question has been selected a quick mental addition of credits begins for most seniors.

After Miss Sweptson answers her question the books are opened for the purpose of following the play as the teacher reads. They usually end up as elbow props or chin supporters. Also the studying sometimes consists of the close observation of freshmen girl across the hall and the proofs of the senior pictures.

Thoroughly disgusted by now, the instructor turns the job of interpretation of *Macbeth* over to the class. Shakespeare is probably doing acrobatics in his grave before Miss Sweptson, in hope of completing *Macbeth* by Christmas, again explains the play. She reads with one eye while the other dares anyone to go astray again.

When the bell rings a silent prayer escapes the lips of Miss Sweptson. We can't be sure whether she is asking for strength to last until the weekend or vowing never to teach again. While she has this moment of meditation, the students rush happily on to speed another teacher on the road to a nervous breakdown. (Oh, for the life of a teacher!)

Whirlwinds Beat Bulldog Eleven

Friday night Floydada scored four touchdowns in the first half of the game to beat the Spur Bulldogs 24-13.

The first score came in the early part of the game when Dane Clark, half-back, scampered 61 yards to pay dirt. Adrian Helms climaxed a long scoring drive by running 17 yards for a TD, set up by Dennis Wilks who punted 30 yards.

Early in the second quarter, Jackie Hutchinson returned a Spur punt 48 yards, to score the third touchdown. Spur came back to score when half-back Blair ran 3 yards around right end to make their first touchdown. This score was set-up by a brilliant pass from Grimland to Blair covering 68 yards.

Floydada's last score came when Billy Carmack passed to Hubert Ring. The pass play covered 18 yards.

The Whirlwinds tried 19 passes and completed 8. The Spur, eleven and made 160 yards passing. However, the "Winds" victory was made on the ground. The "Winds" netted an impressive 222 yards rushing as compared to 56 yards by the opponents. The next game will be played at Lockney.

CANDID CAMERA

This week the camera shines on a good-looking guy of the junior class, their own class president, William Bert Grimes.

Bert has green eyes, brown hair, weighs 165 pounds and is five feet nine inches tall. He was born November 7, 1934 in the big city of Muncy.

LIKES: Bert tells us his likes are girls, sport clothes, football and other sports, yellow and brown, friendly people, and pork chops.

DISLIKES: Bert has a few of these, too. They are "stuck-up" people and English peas.

"September Affair" is the best movie he has ever seen. As for movie stars he likes Audie Murphy and Elizabeth Taylor.

Bert says his favorite song is "Because of You," and his secret ambition is to be a great actor.

He tells us he was most embarrassed when he tore his pants at a church picnic.

Bert's dream girl would be 5'2" tall and weigh about 105 pounds. She would have pretty brunette hair and be friendly with everyone. She would like to dance and have a pleasing personality. Have you found her yet, Bert?

Our candid camera can think of nothing more ideal than to arise about 6:15 and take a quick dip in his private swimming pool. Bert would eat breakfast consisting of hot cakes stripped with jam, sorghum syrup and milk. After eating, he would shoot a round of golf until about 11:00, then he would "dress up" and drive to some big restaurant where he would eat lunch (again?) consisting of fried chicken, creamed potatoes and all the trimmings.

Now, Bert would go by for his "dream girl" and go to a football game and watch Floydada beat Lockney (Natch!). After the game, they would attend a One-Act Play contest. About 9:30 they would go square dancing—home by midnight.

Bert, you are tops! May success and happiness always be yours in the years to come.

Virgil: I'd have someone else's pants on.

Beverly to Ann: Of course I'd never say anything about her unless I could say something good, and boy, oh, boy, is this good!

Girls Basketball Is Benefit Game

The senior girls played the freshman girls Monday at 12:15 in the Graves gymnasium. The game was sponsored by the senior class. The admission received will be used to aid the seniors in the trip at the close of the year.

The game was quite exciting and the seniors won the game by a score of 13-3.

The high point girls on the senior side were Joyce Webb and Clara Mae Jones. Charlotte Johnson and Joyce Poole were high point girls on the Freshman side. Both teams had a very good line-up.

The student body is expecting both the freshman and the seniors to have outstanding teams this year. All the girls are working very hard to make the team, and future games. Attend the games and cheer your team to victory!

F. H. A. News

A number of improvements have recently been made in the Home Economics classroom. The girls in Mrs. McMillian's class spent a great deal of time painting the walls of the sewing lab a pastel green. The class is very proud of the lovely green inlaid floor covering. These improvements make the room very attractive.

We shall probably soon see the lovely array of skirts the second year girls are making. They are using gaberdine and corduroy materials in assorted colors. These girls have also been learning such things as preserving food and dressing chickens for the locker.

The first year girls are also spending a great deal of time learning the art of preparing breakfasts. These meals have been both attractive and economical. Who burned the toast?

Future Farmers

On Field Trip

On Friday, October 5, the Future Farmers of Floydada high went on a field trip out to the Tom Chatham farm. They saw some registered Hereford cattle.

Glen Wood, an Ag boy is building a calf self feeder for his calves out at South Plains.

The first year Ag boys made a field trip to the Muench house to cull some chickens. They have been studying culling in school in class.

They also went out to Mr. Mathews' farm at Lakeview and culled his flock.

Did You Know ???

An ordinary water glass cost more than \$5.000 in the time of Nero. Al Cohol was arrested for drunkenness in Seattle, Washington.

There is no butter in butter-milk. Arabic numerals are not Arabic. They were first used by the Hindus. Banana oil does not come from bananas. It comes from coal.

According to official statistics there are 23,559 different ways of making a living in the United States. Man is the only animal that sleeps on his back.

Oil for your wrist watch cost \$800 a gallon. The Egyptians used postage stamps in 2600 B.C.

There are 293 ways to make change for a dollar. It is not against the law to sleep in a cheese factory in the state of Connecticut. Provided, of course, that the cheese is wrapped.

WANTED:

More assembly programs. Longer supervised study. Larger crowd at Pep Rallies. One girl who would like to go with Don McGuire. He doesn't mind. Scoreboard to favor the Winds in ALL the games. Easier assignments. The girls to have a Powder Bowl so they can show their ability with a football.

RALLS "B" TRIPS FLOYDADA "B" TEAM 20 TO 6

The Ralls "B" Team scored an impressive 20-6 victory over the Floydada "B" team Saturday evening. Ralls' grueling ground game proved too much for the younger Whirlwinds.

Floydada's only score came in the last play of the game, when Jerry Bob Harrison passed to Cloyd Stephens for a touchdown.

You may think that traffic regulations and traffic jams are something new. But back nearly 200 years ago in the days of Spanish rule in Texas, there were such difficulties, too. It was of course not trucks and automobiles that caused traffic laws to be enacted then; it was the horseman. As early as 1750, Nacogdoches, one of the historic towns of the Southwest, had traffic lights, which were lanterns suspended from poles to mark intersections and left turns were barred.

South Plains News

(By Mrs. Murray Julian)
SOUTH PLAINS, October 9- Some rain fell and a little hail fell in the northern part of our community on Friday night. R. E. Young caught about 31 hundredths, and other places around caught a like amount.

Mrs. L. T. Wood was called to Tucumcari, New Mexico, early Sunday morning, by the serious illness of one of her sisters, who was to undergo an operation on Monday morning. We hope the sister is out of danger by now, and that Mrs. Wood will be able to come home soon. Jaqueline and Glenn did not accompany Mrs. Wood, on account of school.

There were several new faces at church on Sunday. Carol Reeves was home from the Seminary at Fort Worth, and she brought as her house guest, her room mate, Evelyn Hill. Robert Johns, also a student at the Seminary was visiting Carol's brothers, Raymond and Bob. They all arrived at the Reeves' home on Friday night and returned Monday to their studies at Fort Worth.

Mr. and Mrs. Jones, of Secorra, New Mexico, were visiting Mrs. Jones sister, Mr. and Mrs. Lee Pearson and husband over the past week-end. They returned to Secorra on Monday.

Party Honoring Mrs. Sterling Cummings

Thursday afternoon, October 4, the spacious home of Mrs. R. E. Young was the scene of a pink and blue shower honoring Mrs. Sterling Cummings. The table was laid with a lace cloth, and pink and white peri-winkles made a pretty decorative note. Fall flowers were placed throughout the entertaining rooms, and Mrs. Cummings was presented with a beautiful corsage.

Mrs. Rex Smitherman was in charge of the guests register, and Mrs. Arby Mulder and Mrs. Carl Daniels alternated at the serving table where pink punch, pink mints, and pink and white iced decorated angel food squares were served the guests.

Hostesses for the occasion were Mmes. Gilbert Bean, Horace Maribeth, Carl Daniel, Bryant Higginbotham, Harry Hartman, Murray Julian, Herman Thornton, Arby Mulder, Rex Smitherman, Grigsby Milton, L. N. Johnson, L. T. Wood, Wade Deavenport and George Beedy.

Attending the party were Mmes. John West, George Weast, John Allen, Shelby Calahan, Kendall Cummings, Hilburn Casey, Dock Jones, Sim Reeves, W. J. Casey, H. S. Calahan, sr., H. S. Calahan, jr., Zach Cummings, and the hostesses.

Sending gifts from Lockney were Mmes. E. J. Cobb, Harmon Handley, Edgar Hays, Lester Ferguson, Frank Perkins, Estes Woodburn, C. R. Wofford, Thurman Davis, Inez Mosley, Estelle Powers, Polly Gilbert, Octavia Carthel, B. Brunner, Helmut Quebe, Arthur Brown, A. McCleod, Henry Ford, J. D. Copeland, Buck Sams, Henry Hodel, W. E. Terrell, R. V. Webster, Billy Bean, and Frances Montandon.

From here Mmes. I. H. Parks, E. Huckabee, Bill Beedy, J. P. Taylor, J. B. Smitherman, R. McGuire and Elmo Reeves.

Mrs. John K. West went to Lubbock on Monday and attended dollar day there. She and Mrs. L. T. Wood have been working very hard on school and PTA activities most of this past week.

Mr. and Mrs. Rene Yeary attended the Tri-State Fair on Wednesday of last week in Amarillo and went to the Ringling Brothers circus, which they said was very good.

Several families were represented at the Youth Rally which was held at the Baptist Church in Floydada on Saturday evening. Rev. John Allen and Mrs. Alken took a car load of children, and many others from South Plains were there. It was a

very interesting presentation of scenes taken at the Holy Land, and Rev. Mosenbocker gave a wonderful talk about the scenes and all the places he had visited on his tour.

Mr. and Mrs. Walter Martin from Seymour, Texas, came to visit the George Weasts on Tuesday night of last week and stayed with them until Wednesday evening. The Martins are old friends of the Weasts.

Mrs. Rene Yeary and her guest, Mrs. Joe Phillips, who lives in Lockney, were out to church at South Plains and also were there for Sunday school last Sunday morning. It was nice to have them.

Mr. and Mrs. Arby Mulder, Nathan and Catherine, went to Lockney after church on Sunday to enjoy dinner with Mr. and Mrs. Arthur Brown and Karen, and spent the afternoon visiting with them. Mr. Mulder's mother has been quite ill again, the past week, and Mr. and Mrs. Mulder have gone in every day to see about her, but she was better on Sunday and we hope she continues to improve.

Rev. and Mrs. John Allen has as their guests at their home on Sunday, Mr. and Mrs. J. B. Thames and sons, who enjoyed dinner with the Allens.

Mr. and Mrs. W. M. Stalcup of Mineral Wells, Mr. and Mrs. Baber Hockersmith of Waco, Mrs. E. C. Austin, from Borger, and Mrs. Walton Wilson from Fairview community, were all day guests at the home of Mr. and Mrs. Sim Reeves on Monday. They are all relatives.

Among those who have appeared on the local radio station were two of Mrs. Rene Yeary's pupils, Louise Pritchett and Jacqueline Yeary, who played on Mrs. Holmes' program, Friday morning. From time to time, others will be appearing from our community.

Mr. and Mrs. W. M. Stanforth sr., and Mr. and Mrs. W. M. Stanforth jr., gave a birthday party for little Billy III on Tuesday afternoon, October 2. The day was beautiful and the small guests assembled outdoors, where they played on the swings and slides, and were entertained at games. Billy enjoyed opening the exciting packages, and then his grandmother served the delicious home made ice cream and cakes. His mother made and decorated his birthday cake, which delighted the children, with its cowboys, fences and horses around and atop the cake. Small individual iced cakes were served the children, and each cake had the child's name written on it.

Small guests who helped Billy celebrate were: Linda and Mac Wilson, Anne and Sally McIntosh, Jeff Jim and Kim Kimble, Bill Potts, Charles Brown, Nancy Ginn, Ricky Field, Beth Word, Mike Carter, Bobbie Reue, Jimmie Upton and small Billy Stanforth.

Mothers who were there were, Mmes. Ernest Carter, Rex Brown, John Kimble, Jim Word, Jimmy Willson, jr., Jack McIntosh, Menard Field, the latter being Billy's maternal grandmother, all were from Floydada, and from here, Mrs. A. L. Stewart and Mrs. Raymond Upton.

The South Plains Community Club held its second meeting of the

year on Thursday night, October 4, with a covered dish supper, and the evening was spent in playing games of "42". So many of our people are busy in the fields, that it was decided to have a meeting of the club once a month, until the busy season is over. The next meeting will be announced later.

Mr. and Mrs. Fred Fortenberry and Elmo, and Mr. and Mrs. Hansel Sanders were Sunday dinner guests at the home of Mrs. Sander's parents, Mr. and Mrs. Elmo Reeves. They all went home with the Reeves from church.

Mr. and Mrs. John Wilson spent Sunday afternoon visiting Mrs. Wilson's parents, in Floydada. Mr. and Mrs. Menard Fields, the grandparents had kept little Sue and Gary over Saturday night.

Mr. and Mrs. Grigsby Milton and daughters, and Mr. and Mrs. Otis Milton and family, who now live in Amarillo, were all Sunday dinner guests at the home of Mrs. Milton and Linnie, in Lockney. They all went in, after church, and report Linnie doing fine.

On Wednesday afternoon, Rev. and Mrs. Stubblefield from Silverton, visited in the home of Mr. and Mrs. George Weast. The Rev. Stubblefield has been at this pastorate but a few weeks.

Little Kay Thornton, daughter of Mr. and Mrs. Herman Thornton, is convalescing from a tonsillectomy, and doing as well as can be expected, for she is so small to have an operation as serious as this.

Mrs. Lee Pearson had the misfortune to run her hand through the wringer of the washing machine last week and she has been suffering acutely since. No bones were broken, but the pain is more intense than if there were. Mrs. John West helped in the lunch room the day after the accident.

A family reunion was held in the Kirkland home in Amarillo, last Wednesday. Mrs. Carl Daniels went up to the mothers to attend the reunion, and since it was Mrs. Daniels' brother's birthday, they planned a turkey dinner. Mrs. Daniels made and decorated a big birthday cake for her brother, Ray Kirkland, from Sacramento, California. Mr. Kirkland had to leave for his home on Thursday, and those of his family who were there were his sisters, Dolly Kirkland, Mrs. Pearl Gunn, Evelyn Bradley, from Amarillo, Mr. and Mrs. Price Daniels from Tulsa, and Mrs. W. L. Messimer, from Silverton, another brother and sister who completed the family circle. Mrs. Daniels returned home on Wednesday evening.

Mr. and Mrs. Walter Wood called on Mrs. Sula Julian, in Lockney, on Sunday afternoon, and found she was well enough to be out riding with her son, Murray Julian.

Mrs. Otho Sanders went to Aiken to help their pastor do some packing on Monday afternoon. Rev. and Mrs. F. R. Pickens are leaving the M. E. church at Sterley for a new home at Plains, Texas. All the members gave them a wonderful supper on Sunday evening, and wished them well in their new church, although their hearts were heavy to see them go.

Mrs. J. B. Smitherman is convalescing at her home at present and getting along very well, although

she is still very weak from her recent illness. Billy Stanforth jr., is suffering an attack of influenza and is in the hospital at present.

Mrs. Murray Julian visited Mrs. Truman Bradshaw at her home on Thursday evening.

IN EVERY MILE!

ROAD TEST A MERCURY FOR PROOF OF PERFORMANCE

Smooth power. Road-hugging, hill-climbing V-8 "Hi-Compression" power. Power to pass, power for the open road. Power plus.

You'll know what this plus means to you the first moment you ease a new Mercury out onto the highway. Mercury adds up. There's read-your-

mind handling, foam-rubber comfort, sure-fire pickup. There's everything you've ever wanted in a car—plus a lot of things you've never thought of.

Be sure to stop in and see us for a convincing road test. Try a few miles in a Mercury. Find out for yourself what we mean by power plus.

Standard equipment, accessories, and trim illustrated are subject to change without notice.

Value-Plus

IN EVERY INCH!

BUDGET TEST A MERCURY FOR PROOF OF VALUE

Does it have a down-to-earth first price? Mercury's price tag you can easily understand—a really big dollar's worth for every dollar invested.

Will you be sure of good gasoline mileage? Mercury has continually proved its more-miles-per-gallon by winning in officially sponsored economy tests.

Is it famous for long life? It is indeed! 92% of all Mercurys ever built for use in this country are still on the road, according to studies of the latest annual official registration figures.

Will upkeep stay low? You save money year after year. Mercury's famous stamina keeps repair bills at a rock-bottom low.

3-WAY CHOICE! For "the drive of your life" Mercury offers you a triple choice in dependable transmissions. Merc-O-Matic Drive, the new simpler, smoother, more efficient automatic transmission—or thrifty Touch-O-Matic Overdrive are optional at extra cost. There's also silent-ease synchronized standard transmission.

There's a lot of uses for the FORD TRACTOR around the farm—but when the season is over with the addition of the DEARBORN MATERIAL HANDLING EQUIPMENT, the FORD TRACTOR helps you with many, many other tasks. For instance: the repairing of fences or refencing the DANUSER POST HOLE DIGGING ATTACHMENT speeds up the job and takes all the labor from the task. This attachment is also fine for setting seedlings and digging holes for piling to support buildings and crops. Ask about it at your earliest convenience, we'll be glad to tell you of its many uses.

Electric Cooking Is

MODERN

... as MODERN women KNOW!

Modern as tomorrow's motor car... electric cooking is the ultimate in modern
 cookery. For is not electricity associated with everything that is modern...
 radio... radar... television. It's a modern age we live in and the modern
 woman cannot be completely satisfied with old-fash-
 ioned home-helps. That's why so many, many mod-
 ern women in the territory serviced by Southwestern
 Public Service Company have switched to the modern
 way of cooking... of course, it's electric. See the
 modern electric ranges on display at your electric

**What's the fastest-growing
 line of trucks in America?**

LOOK around you—in cities, on farms, at ter-
 minals and loading docks—*wherever
 goods are moved on wheels.*
 More and more, the pay load's packed on a
 GMC.
 You see those letters on medium and heavy
 Diesels, the most economical workers in
 their field. For GMC means first in Diesel
 power.
 You see gasoline-powered GMC's front-
 running the highways of America—pace-
 setting delivery of the necessities of peace
 and war.
 You see nimble bantamweights of the family
 —the highest-powered 1/2- to 2-tonners made
 —outpulling, outhauling every other truck
 in their class.

Ever wonder why GMC is gaining a greater
 percentage of the industry than any other
 truck-maker?
 Ask the truck drivers themselves.
 See the confident way they talk of the power
 plants, the broad-shouldered chassis—the
 way a GMC handles.
 Ask about the tons they've hauled, the miles
 they've logged—the nip-and-tuck schedules
 they've licked time and again.
*Ask these cost-wary haulers why they've
 made GMC the fastest-growing fleet in the
 land.*
 They'll tell you it's because GMC is the finest
 motor truck made.
 If you'll come in, we'll show you why we
 think they're right.

Frost deadline: More peril this week to our frost deadline, set for up in November (about the 10th). A sweep of a cold air mass southward Saturday made real chill Saturday night. Temperature drops with the utmost ease this fall. Looks ominous, but actually it isn't. Note that the 34 degrees recorded Sunday morning was accompanied by a bright fall moon and although there was frost on house tops and around it did no damage even to tender vegetation. Merely seasoned it and took some of the sap out of the late cotton bolls, like needed. What we have to do is stay in there with the right thought.

Accenting Fire Prevention.—This is national fire prevention week. It is one of the "weeks" of the many in America that have really come to mean something in the lives of the people. This way: accenting fire prevention and a study of the results have finally proved to the lay mind what the experts have known all the time, that almost all fires are due to carelessness. Maybe not carelessness at the moment of the fire, but something done or left undone that you can tie to. We reflect back on no fire which has touched our own economic welfare that does not tie directly into careless deed on an omission. Check back on your self this week. You may have a fire hazard right now on your own premises because you have procrastinated a clean-up, forgotten that plug behind the fuse. Because people have become fire control conscious our fire rates have continued to drop in the last 10 years and even now there is a general reduction (effective the first of October) as a result of the fact that people have come to think of the fires they have as something of their own doing. Right now, none of us can afford a fire, if ever. You can't replace in any reasonable time limit and you can't replace at any reasonable cost in materials or delay.

It may be that we have overlooked something important in connection with the movement for paving in Floydada. Perhaps there is a campaign rolling on some street or streets. But if so we have not seen it. What we have seen is apathy on the part of property owners. Right now too busy with a harvest. A little later, perhaps, it will come. Paving is one activity that has more nearly stayed "reasonable" in cost than any other major cost that we know of at the moment. Paving will pay off in a big way, we are all agreed. But we are hung on a higher center, apparently. We need a few real crusaders who will get out and get the job done.

4-H girls in the panhandle are studying how to better use wheat the product they produce in greatest abundance on their home farms. Rural Youth Day at the Tri-State Fair, Amarillo will feature a Better Baking Show and the champion 4-H bread maker will be crowned "Baking Queen."

The pretty idea once held that the two north and south and east and west streets in Floydada which approximately bisect the townsite would be made into boulevards, with the center strip done in grass and trees, has long since gone by the boards. Now these strips are somewhat like what one thinks of as no man's land. They add neither to beauty nor convenience. The changing times with the big trucks that need the space to negotiate have spoiled most of the trees and made grass an impossibility. Also, it was found that upkeep on these boulevard centers was above and beyond what the community was willing to spend on them. To pave these strips—to find a way to pave them—would add immensely to the value of the property and to the prestige of the community.

There must be 50 thousand bales of cotton open in Floyd county fields now ready for the harvest, from reports that come in from practically every grower. There are no fields that do not have some cotton ready and in others the staple is going to damage soon if it is not gathered. Thousands of bales are in this category. Thus you understand the anxiety of the cotton men to get some hands into the fields. Strippers can come later but not now. There are too many green bolls. While transient harvest people are moving in to the area by the hundreds they are needed everywhere at once. Employment men say the condition is due to ease up soon but that is not immediate help, like needed.

In most communities of the country, Floydada being a notable instance, the delinquent tax list has been reduced greatly in the past few years, mostly by the fortunate circumstance that property owners have the money to meet their tax bills, but aided and accelerated also by the increased values and demand for property, and to an extent, as well by the recollection of delinquent tax suits filed during the early forties. However, in every community, there is an ever-present delinquent list, which represents owners who plan to pay taxes at their convenience or who cannot raise the funds and still do other things they need to do. Taxpayers are becoming more acutely tax-conscious. They realize that for each one of these delinquents or non-payers those who do pay have to ante up a little more one way or another. Which brings us around to reporting the situation in Dallas where there is to be a crackdown on taxes and on service charges for water, sewer and garbage collection. There the officials say that every delinquent on their rolls is going to be represented by a suit filed or a judgment taken.

As A Farm Woman Thinks

(By Nellie Witt Spikes.)
"The botleless tongue, so small and weak, Can crush and kill," declared the Greek.
"The tongue destroys a greater horde," The Turk asserts, "than does the sword."
The Persian proverb wisely saith, "A lengthy tongue—an early death," or sometimes takes this form instead: "Don't let your tongue cut off your head."
"The tongue can speak a word whose speed," Say the Chinese, "outstrip the steed."
While Arab sage doth this impart: "The tongue's great storehouse is the heart."
From Hebrew wit the maxim sprung, "Though feet do slip, ne'er let the tongue."
The sacred writer crowns the whole: "Who keeps his tongue doeth keep his soul."

This is the time of year when— Cotton picking sacks hang beside the velvets and the silks in display—stoves and furnaces are seen after—one begins to think of planting spring blooming bulbs—the spicy smell of chow-chow and ketchup mingles with the preserves of pears—turnip greens taste good—dresses put away last spring and looking so very nice then, seem to have lost their appeal and do not look nearly so nice—a pretty hat perks one up—a blanket feels good at night—cranberries appear on grocery shelves—children begin to talk about Christmas.

We are happy to have Mr. and Mrs. Olson, Grace Anne and Bill Potts as visitors Sunday.

"A very wealthy man went up to Heaven and St. Peter was showing him around the place," so the story goes. The wealthy man was surprised to find that all his servants had mansions to live in, similar to the kind he had on earth. In great hopes, he asked St. Peter to show him his mansion in the skies. Pointing over to the slum section of the place, St. Peter showed him a tumble-down, shack with the shingles

coming off, and the broken windows stuffed with newspapers. "What," cried the gentleman in surprise, "you mean to say that is my home in heaven, and my servants live in such splendid places?" "Right," answered St. Peter. "You see, the homes in Heaven are built only from materials you send up here while you are on earth. That's all you sent."

Another mound is in the Old Emma Cemetery. Tom Martin has been laid to rest by his father and mother and his little sons. Busy to the last was Tom, until the fall that broke his hip. The Old cemetery has always been such a calm, peaceful place. The early pioneers, many of them, found their last resting place there. A long, full life, he left behind. His merry laugh will be missed where people meet on the streets of Ralls to talk and visit a few minutes, his friendliness will be remembered by all who knew him, a pioneer to the last, he will take his place in the Better World by the side of those who sleep near him now.

The need of the hour is not more "things," but more education based on the plain teaching of Jesus.
