Leaflet Issued by State Tells About Safety Responsibility Law

AUSTIN, November 8.—Texas motorists were urged today by Public Safety Director Homer Garrison, Jr., to apply to any gasoline service station for a copy of the state's official leaflet about the new Motor Vehicle Safety Responsibility Law, which becomes effective on January 1.

"This leaflet was prepared," Director Garrison said "to give automobile owners and operators the information they should have about this law before it goes into effect. It can be read in five minutes. It hope, of course, that all motorists will really study the facts that are set forth in the leaflet and will keep it in their car for future reference in case they have an accident and are confused about what to do."

"Any motorist can obtain one or several merely for the asking. It may save them a lot of trouble, expense and inconvenience."

Sale of Poppies Set for Saturday By Legion Women

The women's auxiliary of McDermott post, American Legion, has announced that J. C. Covington World War I veteran Legionnaire, will have charge of their sale of poppies on Saturday of this week.

Covington this week began making his plans for the Saturday sale. He said that poppies, made by hospitalized veterans of the nation's wars are going on sale on the streets and all around wherever people congregate. He is hoping the supply will be exhausted in the day.

The poppies will honor the dead and cheer the living heroes of the two world wars. The purchase of a poppy will be considered a tribute to deceased veterans, and as well constitute a practical way to aid the disabled veterans themselves, since the proceeds go to the disabled veterans aid fund of the Legion auxiliary.

Dr. E. N. Jones . . . will address open house here Tuesday evening.

Fall Is Fatal To W. C. Sims

W. C. Sims, 63, a resident of Floyd County and Floydada since 1917, died at 4:45 Tuesday afternoon as the result of injuries sustained in a fall from the roof of his home at 400 West Missouri street. Mr. Sims had gone to the house top to inspect the vent over the kitchen. It is surmised his foot slipped. He fell striking his head on a piece of concrete near the corner of the house.

Funeral services for Mr. Sims are being held this afternoon at 3 o'clock in the First Baptist church with the pastor, R. Earl Allen officiating. Interment will be in the Floydada Cemetery.

Marijuana Charge Filed Yesterday Against Transient

A transient Latin American, 21, from Karnes, Texas, was arrested in Lockney Wednesday morning by City Marshal Earl Cooper and was being held in Floyd county jail last night on two charges, one of possessing marijuana, the other of window peeping. Justice of the peace O. B. Olson set bond at \$2,000 on complaints filed by officer Cooper.

The Mexican gave the name of Charley Rodriguez, his age as 21. He had been pulling bolls on the farm of Melvin Potts, southwest of Lockney, for about a month, the officer said.

The Peeping Tom charge is of misdemeanor grade, possession of marijuana a felony. The Mexican is alleged to have been seen peeping in the window of a Lockney family about 10:30 Tuesday night. He was followed by a neighbor who reported the case. Search following Rodriguez's arrest Wednesday morning revealed the Marijuana in eight cigarettes. The cigarettes have been forwarded to Austin for positive identification.

Views and Comment

Amendment Election. — Remember, Saturday, November 10. Five of the amendments to be passed upon. You may think one or all should be adopted, one or all rejected. Saturday is the day to register your views, and at the ballot box. A good many of us have been talking a great deal of late, talking so much and so loud that it is adding to the confusion. Your studied, quiet vote Saturday would be much more dignified and much more effective.

Cotton Seed Meal. Farmers in the cotton raising belt, such as Floyd county, say they are having a time getting a little meal and cake for their cattle. Cottonseed crushers insist that they trade them some cotton seed for the meal. However, it is being hauled in giant trucks to all parts of the southwest from the mills, wheresoever located, and the mills are behind several days with their orders. If all the cotton raisers in this county swap a few bales of seed for equal amounts of cake or meal the county's supply ought to be ample for the needs of the cattlemen and stockfarmer. Demand that the farmer trade some seed for some meal is just a gimmick, to get more seed to crush, of course, but if it works it is just as effective as though it were a law of the land.

Corn in Texas. People who live on the high plains, even those who raise some corn, hardly realize that the state is a considerable producer of corn. But it is, quite sizeable figures. Nothing to compare with the real corn states, such as Illinois and Iowa, where corn is the number one crop. USDA says that the crop this year in Texas is down 21 million bushels from 1950 but at that it will total 44 and a half million bushels. Where it goes or whether it is mostly consumed on the farm we wouldn't know. You rarely see Texas corn on the markets in this part of the world.

That Man Again. Having missed the first freeze by eight days we have sought the answer to our failure in August to properly weigh all the factors. Now we have come up with it. That rainmaker is the cause of it. He freely admits that he put pellets of some kind on the clouds as they sailed over at Eagle Nest up in New Mexico. What he was doing up at Eagle Nest he does not say in his statement given to the newspapers. But he does take credit for the snow and will have to take responsibility for the cold that came with it. Is that not logical? It can't snow without some cold. Of course the spell caught a lot of prairie life napping in the warm sunshine of Indian summer. How could a tarantula in August know that some meddler was going to pour something on the cloud's tails as they sailed by in November? That sounds sorter silly and so it is.

Mr. Krick will have to take responsibility for a good many quarts of chow chow that the women of Floyd county lost on account of messing up the weather. All of these women for all of these years have been depending on The Hesperian for their green tomato picking dates. And Mr. Krick with his blasted pellets causes us to fail them. The day it froze and snowed and boxed the thermometer around the women were just rounding up their jars, getting them cleaned and ready for the chow chow. They're up in arms at us, not knowing the real culprit. One irate customer writes "from this time on we will watch our own hoot owls and turkey buzzards and save having to purchase a paper," and heaps humiliation by calling us a "goose bone prophet." However, we do have to say for ourselves that we did a pretty good job against heavy odds. Remember in August we said it would frost November 10, and last week due to pressure conceded two days to November 8. That's pretty good considering that most of all the cotton farmers turned against us (all except those who had late cotton), and got on the side of Mr. Krick.

Supervised hunting. The antelope season is about ready in the Big Bend country. Several Floyd county hunters have tried their luck with this fleet animal, with varying results. The Game and Fish commission says that the hunting season is arranged in the process of restoring antelope in the country. By carefully removing some of these prairie beauties they maintain vigorous herds. The shoot is carefully supervised for the safety of the herds, the landowners' cattle and the safety of the hunters themselves. However, the commission points out there is no similarity between the antelope hunts and the old-time buffalo hunts where the animals were rounded up and executed. In the instance of antelope, it is said, the ordinary marksman will have to hustle to get his buck. As to your safety it is pretty easy to get lost in a 300,000-acre pasture, not uncommon, in the southwest part of the state.

The writer is of a mind to print for the record that the late R. E. L. Muncy, whose passing last week is being mourned, was the second subscriber to The Hesperian. The young publisher of the newspaper, Claude V. Hall, in 1896, got Cousin Arthur's subscription first, then Mr. Muncy's. The latter told the writer that he subscribed for the paper some weeks before the first issue went to press. He was on the list continuously from that year until his demise.

White tail and mule deer, turkeys, panther, lynx, bobcat, porcupine, ringtail cat, civet cat, coon, swift, and prairie dogs are wild game species found in Palo Duro Canyon.

PLA'NSMEN WHO GO TO SEA WITH U. S. NAVY, VIEW MIGHTY OLD MAUNA LOA

GREAT LAKES, III.—When the heavy cruiser USS Rochester visited Hilo, Hawaii, recently, two Cross-Ton, Texas, men, Edmund E. Brown, seaman apprentice, USN, son of Mr. and Mrs. Eugene H. Brown of Route 2, and Owen K. Crump, seaman apprentice, USN, son of Mr. and Mrs. Owen Crump got a good look at old Mauna Loa—a frequently active volcano.

Also in the same crew was Jimmy H. Barnett, seaman apprentice, son of Mr. and Mrs. William T. Barnett, of Route 1, McAdoo, Texas.

The Rochester's crew visited Kilauea Crater in Hawaii National Park located on the slopes of Mauna Loa about 30 miles from Hilo. They stood at the foot of the 700-foot deep fire pit and took pictures of steam vapors rising from gaping holes in the hardened lava.

The cruiser spent 198 days in continuous operation against Communist forces in Korean waters last year.

PLEDGES BETA EPSILON

LUBBOCK, Nov.—Sammy Hale, Tech senior international trade major from Floydada, is a "neophyte" (pledge) in the Beta Upsilon chapter of Delta Sigma Pi, national business fraternity.

Hale, the son of J. S. Hale of Floydada, is one of 26 neophytes to join the fraternity this year at Texas Tech.

Mrs. Temple Ellis of Lubbock was a guest of her brother, J. J. Spikes and Mrs. Spikes last Thursday.

GETTING THE MOST OUT OF SCHOOL

Has it ever occurred to you that something worth having is not easily attained? You know this to be true from previous experience. Why not apply this to your school work? A good way to learn a course is to try. A little effort is a big boost toward passing a course.

Why not improve your attitude? If you take a pleasant outlook and try, you will be much happier in school. A surly, unpleasant attitude ruins the class for you and for your classmates, too.

Remember that in school there is a time for fun as well as a time for study. Keep your chin up and dig!

CANDID CAMERA

Our Candid Camera this week is a very pretty brown haired, brown eyed girl who was born January 30, 1937 in Borger, Texas. She is Glynelle Armstrong, the Freshman class nominee for Queen. Glynelle certainly justifies her title of queen as she is really a very wonderful person.

Glynelle has many likes. Among the things that she likes best are: sports, pretty clothes, friendly people, reading, to play the organ, and speech.

She has a few pet dislikes. They are: hateful people, teachers who give so much homework, smartaleck boys, and reckless drivers.

Her favorite movie stars are Howard Keel and June Allyson and her favorite movie is "Showboat!"

Glynelle's ideal boy would have to be 6 feet tall, have black hair and brown eyes. He would like to play football and do the things that she liked.

For an ideal day, Glynelle would get up about 7:00 (in the morning). Have breakfast of bacon, eggs, toast, milk and toast. Around 8:00 she would hop in Oldsmobile, go by and pick some girls up and go to the country club for the day. She could have lunch consisting of tuna fish sandwiches, potato chips, cookies, and lemonade. During the time at the country club, she would hike, swim, and just fool around. At 5 o'clock she would start out for home. About 7 o'clock her Ideal Boy would come by and take her to a party at Beuna's home. After the party they would go out to the drive in and afterwards they would stop somewhere for a bite to eat. She would be home by midnight.

Glynelle's most embarrassing moment occurred when she was at the show with Dane. When they got up to leave, Glynelle found that her leg had gone to sleep and as a result she stumbled in front of everyone.

Glynelle, you are a swell gal. Best of luck to you always.

What Wold You Do?

(If someone gave you a Aranea Diadema)
 MR. BARBER: "I'd wear it."
 MRS. COPELAND: "I'd run from it."
 WELDON HARGIS: "I would take it and leave."
 PERCY PARRISH: "I would give it

 JAMES FREEMAN: "Get rid of it fast."

DONICE REEVES: "I'd think that I had found 'The Thing'."
 CAROLYN TYE: "I'd choke it to death."

MR. BAKER: "I'd put it in the safe."
 (Aranea Diadema is a garden spider.)

Did You Know???

When a quart of water and a quart of alcohol are mixed the result is less than two quarts.

The man who designed the German Luger pistol was from Connecticut.

Man of the adventures of Sherlock Holmes were based on the true experiences of the author, Sir Arthur Conan Doyle.

The flash produced by a medium sized atomic bomb is brighter than the Sun.

Helium was discovered on the Sun before it was discovered on Earth. In spite of the numerous jokes about it, the only reason that Napoleon was pictured with his hand inside his coat was that he thought it made him look more stately.

According to one of Henry Ford's biographers, one of his favorite pastimes was to shoot out the light bulbs in his office with a pistol.

Loene Williams is FFA Sweetheart

Loene Williams, daughter of Mr. and Mrs. Elmer Williams, of East Lee street, Floydada, was chosen sweetheart of the Floydada chapter of the Future Farmers of America for the year 1951-52, in an election held Friday, November 2. There were three nominees from the high school student body. They were Ann Welborn, Shirley Womack, and Loene Williams. Only active members of the Future Farmer Chapter were permitted to vote.

Loene is a senior in high school, weighs 120 pounds, is 5 feet and 2 inches tall. Likes fried chicken and cherry pie to eat. She is a member of the girls basket ball team and is one of the Twirlers in the band. The Future Farmers are proud to have such a talented young lady as their Sweetheart.

RoomOneOhSeven

Well, here we are again ready to make another sneak attack. The lucky teacher this week is Coach Watson, of the American History Class. The subject at hand is the manner in which a president is elected.

Of course, it all begins the same with a few prompt pupils and the usual in-the-door-on-the-dot scramble. It doesn't take long to check the roll except on test days and days after big events.

Now the lesson begins with Coach starting out to explain just how the people elect the president. How poll taxes and goal posts get mixed together we aren't sure, but a rapid fire discussion gets underway about the best player on the opposing team of our next game. After a case history of the games to come has been hashed and reshaped, the subject wanders back to the president. The powers of the president are explained. It seems he has the right to veto acts passed by Congress. In a matter of minutes the students veto studying and take a vocal trip to some foreign country. Coach has a vague suspicion he isn't accomplishing anything. One vocal chord higher and greatly determined Coach decides to try to be finished with the President by New Years. Just as he gets back on the subject the "student's friend" rings.

Amid this confusion they leave Coach Watson undecided whether his students are taking or only being exposed to history.

 CLERK: "Here's a hat and there is a mirror right over there."

Whirlwinds Freeze Whitefaces 1-90

Playing red hot football in below freezing weather the scrappy Floydada Whirlwinds scampered to their first win in conference play at Hereford first in conference play at Hereford their first conference game.

The WW's caught fire in the middle of the first stanza and never stopped. With fifty yards gained through and around the Whiteface line and a 20 yard aerial from Carlino on the one yard line where Adrain Helms climaxed the 70 yd. sustained drive for the winds first score. Teague's try for point was not good—6-0!

The Green and White's second scoring came early in the second stanza however a fumble by McGuire lost their golden opportunity. The remainder of the quarter was a see-saw battle with the Winds having the edge in yards gained rushing. In the last minute of the quarter Floydada covered a Hereford fumble on the 60. From the first play from scrimmage Billy Carmack, who played brilliantly all night scooted around left end, cut quickly to his right, and went 49 yds. of the 50 yds. before being cut down from behind. On the next play Carmack scored with a quarterback sneak and the try for extra point was again no-good.

It was late in the third period when the winds last score came by the way of an excellent punt return of 40 yds. by defensive half-back Jackie Hutchinson who was knocked out on the 16. From this point Carmack plunged over for the score and the extra point try by Roy Teague was this time successful, thus—19-0 the score stood through the remainder of the game.

Next week the Whirlwinds take on the Tulla Hornets who are favored for the district crown. However the Winds have what it takes to upset them so let's have the student body behind this team all the way.

News of FHA Girls

The Home Making girls met Monday to discuss plans for the National F. H. A. week. They have planned to wear their colors, red and white on Tuesday. There is an assembly program scheduled for Friday. They also plan to attend church as a group next Sunday at the Methodist church.

A Christmas gift is now on its way to some unfortunate Korean child. The P. H. A. girls are sending a box overseas this year. The girls also plan to send a gift to some shut-in.

The Home Ec class is proud to

HEREFORD B 25 - FLOYDADA The spunky Hereford team played and outlasted the Floydada squad last Thursday afternoon.

The Whitefaces scored in every quarter on Floydada's defense. The Whitefaces scored on the kick off after the touchdown. By covering the goal line and the extra point was good and the score was then 14-0.

The Winds lone score came second period when W. J. Helms broke through the line and fifty yards to count. The point was good and the score was -7 at the half.

The Whitefaces racked up 10 points, keeping the Whirlwinds less. The game ended 25-7.

It has a Way with Women

SOMETIMES we think that too little attention is given to the fair sex in automobile advertising.

After all, it's the woman of the house who has to do most of the shopping, which involves getting into tight places at the curb. And it's surprising what tight spots a Buick can fit into at a turn of the wheel.

It's the woman who likes complete freedom from things that it takes an engineer to operate—and a complete and utter freedom from mechanical complications is exactly what makes Dynaflo Drive* such a joy.

It's the woman who has an eye for style and fine fabrics—and a nose for economy. On both counts, a Buick is tops.

But we suspect something else. We suspect that a woman gets just as great a lift as a man from commanding this great-powered and trigger-quick bundle of vitality to bow to her will.

Here's a car to win any woman's heart—by its level-gaited stride—its willing response to her hand on the wheel—its smart style and its smart performance—its spaciousness and comfort—and its thrift.

How about taking time off, some afternoon, to boss around a Buick? It's a date that's bound to thrill you.

The 1934 Study club met on November 6 in the home of Mrs. Jack McIntosh.

A short business meeting was conducted by the president, Miss Ann Swepston. Plans were made for a Thanksgiving dinner and an old fashioned Christmas party.

Miss Ruby Lee Bevell presented an outstanding program of music, with the modern composers.

The program was in two parts. In the first part Miss Bevell sang several songs from modern composers. The second part was made up of songs by the "Blue Notes," a chorus composed of Misses Fern Patterson, Jean Porter, Frances Allen, Carolyn McDonald, Judy Moss, Jeanie Hines, Ann Self, Beverly Thomas, and Beth Walker.

The program was greatly appreciated by members present who were: Mesdames H. G. Barber, Ralph Cogdell, Willis Cooper, Earl Crawford, Raymond Evans, Robert Gibson, I. T. Graves, L. F. Gresham, J. S. Hale, Jr., John Hoffman, Enos Jones, M. J. McNeill, J. P. Moss, Carl Muench, Virgie Shaw, John Stapleton and J. M. Willson, Jr., and Misses Ann Swepston, Ruby Bevell.

The next meeting of the club will be at a Thanksgiving dinner with Miss Leila Petty as hostess.

Shower Compliment To Genevieve Boyd

Yellow and brown were the colors featured in the decorations used at the bridal shower on Thursday afternoon, October 25, in the home of Mrs. Earl Baker, 313 East Tennessee street, to honor Miss Genevieve Boyd, bride-elect of Bill White.

Fall yellow mums and dahlias arranged with fern and autumn leaves were used through the house. The dining table, laid with a yellow cloth, featured a centerpiece of trailing ivy from a brown basket with brown ribbon bow tied on the handle. Streamers of the ribbon falling away from the basket had the lettering of the bride's and groom's names and the date of their wedding in gold. Tall yellow candles were placed on each side of the basket.

Mrs. Baker greeted the guests at the door and the honor guest, Miss Boyd, her mother, Mrs. J. D. Eaves and the bridegroom's mother, Mrs. John White, and Mrs. Charles White and Mrs. Dallas Kinard made up the receiving line.

Presiding at the hand made bride's book was Mrs. Henry Finley.

Mrs. George Darling, Mrs. M. F. Williams and Mrs. Ned Bradley alternated at the crystal punch service, from which yellow fruit punch was served with cake squares iced in brown, with yellow flowers.

Mesdames Sam Lide, Menard Field and Miss Juanell Baker directed the guests to the gift display room.

Hostesses were Mesdames Leland Woodward, Sam Lide, Henry Finley, Bill Holliday, M. F. Williams, George Darling, Menard Field, Ned Bradley, E. H. Wright, M. R. Grubbs, Z. A. Burgett, C. W. Jones, Creed Parrish and Mesdames Troy Wright, Earl Baker, Vera McKay, Misses Charlene Patterson and Janell Baker.

Guests called between the hours of three and five thirty p.m. Presenting gifts were Mesdames G. L. Fawer, Curtis Sinor, H. R. Blum, Sylvan Blair, Ebah Leatherman, Mrs. Vela Johnson, Stanley Kellion, Edwin White of Friona, M. O. Field, L. H. Blum, Elbert Parks, J. D. Eaves, Willie Patterson of Ozona, Walton Hale, Vick, W. M. MRS. HICKERSON RALLYING

Mrs. L. T. Hickerson, gravely ill at Peoples hospital following an operation last Thursday, this mid-week is believed to be rallying.

Her condition over the week-end was not reassuring but members of the family now feel more encouraged.

Rev. and Mrs. Tilden B. Armstrong returned home Tuesday night from Shattuck, Oklahoma, where they went to be with a friend for a major operation Monday.

Milk for human consumption is obtained from the cow, goat, reindeer, yak, zebu, buffalo, camel, llama and sheep.

NOTICE

- Are you going to let someone else elect your PMA committee without raising a finger to vote for the farmers you want to administer your farm programs in 1952? Of course you're not. If you haven't voted, you are going down now and vote. That's the spirit. We knew we could count on you. We don't care who you vote for as long as they are the best farmers for the job.
- Election day is Nov. 13, 1951 at the following places.
 LOCKNEY BEACON, Lockney, Texas
 SCHOOL HOUSE, Cedar Hill
 PMA OFFICE, Floydada, Texas
 8:00 until 5:00
- You may vote anytime between now and the 13th of November at the Floyd County PMA office
- Don't wish you had. Do it now. Use your right to vote. Don't lose it because you didn't use it.
- All owners, operators, sharecroppers and their wives are eligible to vote.

Mrs. Jack Coffman Hostess for 1950 Study Club Meeting

The 1950 Study club met Tuesday night in the home of Mrs. Jack Coffman. Roll call was answered with "Your Most Embarrassing Moment." During the business meeting presided over by the president, Mrs. Doris McLain, plans were made for the style show and Christmas party.

The president reminded the club of the fine arts exhibits at the First Christian church Saturday and the open house that is to be held November 13, at the First Baptist church. All the girls are urged to attend.

Mrs. Joe Wester gave an interesting talk on Mrs. Alvin Barkley. A surprise birthday cake was presented Mrs. Betty Mize, whose birthday is on the 6th of November. Cake and hot chocolate was served to the following members: Mmes. Lovene Decker, Emma Collins, Nina Copeland, Eleanor Kuhn, Doris McLain, Betty Mize, Valrie Tye, Betty Weems, Joe Wester, Jimmie Womack, Julia Ann Arwine, Marjorie Collins, and Miss Dwina Glassmoyer.

Birthday Party For Janice McNeill

Mrs. M. J. McNeill gave a birthday party for her daughter, Janice, who was three years old on October 24. Saturday afternoon from 3:30 until 5:30 o'clock. The little guests played on the lawn with toys, and indoors helped Janice open her gifts, when Mrs. McNeill made colored pictures of the group.

The birthday cake was decorated in pink and green with the lettering "Janice is three" and had three candles on it, which Janice blew out. The cake was served on the refreshment plate to the following children: Linda Willson, Sally McIntosh, Jancey Ginn, Barbara Stanton, Bill Kizer, Jeff Kimble, Elaine Minor and Johnny Quebe.

Mothers present were Mesdames John Kizer, Jack McIntosh, Guy Ginn, Jess Stanton and Mrs. E. M. Quebe of Lockney.

Mrs. Mary Stovall of Dimmitt, Passes

Mrs. Mary D. Stovall, 70, died in Dimmitt on October 29, after a long illness. The funeral was held in Hereford at the First Methodist church, with Reverend Don Davidson, pastor, officiating. Burial was in the Hereford cemetery.

Mrs. Stovall was a native of Clarksville and moved to the Hereford area in 1920 from Floyd County. She is survived by two daughters, Mesdames Dyalithia Bradley of Hereford and J. C. Gilbreath of Dimmitt and three grandchildren.

Mrs. Stovall had many friends in Floyd and Dickens county.

HUNTING ACCIDENT MAY CAUSE REMOVAL OF FOOT

Leroy Chowning, son of Mr. and Mrs. A. W. Chowning, happened to a very painful accident Sunday, near Wichita Falls, his home, while he was hunting. His gun discharged accidentally shattering his foot, breaking every bone in the foot.

Mr. Chowning was carried to the Wichita Falls clinic, where it was thought the entire foot might have to be removed.

Mrs. Chowning and Dee Noyes left immediately on learning of the accident for Wichita Falls to be with the injured man. Mrs. Chowning remained with her son for a few days, while Mr. Noyes returned home Monday afternoon.

Conservation District News

Buck Sams of Lockney has pulled nine bales of cotton from 9 acres of former alfalfa land. There is more cotton left on the stalks.

Claude Hammit is having another acreage bench leveled. He expects to plant improved pasture grasses in this block. The other area that was bench for him in the spring of 1950 has had grain sorghum and this year it has cotton on it.

Spencer Bailey stated that in irrigating 1000 foot rows on land just out of sod took six hours longer than rows on summer fallowed land next to this old sod land. The organic matter in the sod land and the general good condition of this land made the difference. The sod land soaked up more water and did not wash like the fallowed land.

STRAWBERRY POPCORN

Recently George Mize showed at the Hesperian office a sample of strawberry popcorn from his father's popcorn patch, a few rows that made pretty good. George says the corn pops good and it is white, not strawberry, when it is ready to eat.

SECOND SUNDAY SINGING

The Nazarene church will be the meeting place as usual for the second Sunday singing in November. The meeting hour is 2 o'clock. Everyone is invited to enjoy the gospel singing.

March of Dimes Helps to Keep Polio With Polo

A staggering total of over 100,000 new and old polio cases now require medical care, the National Foundation for Infantile Paralysis reports in its local chapters and the local chapters of the March of Dimes, is preparing its annual appeal for support, Rex Tackett, campaign director Floyd County declared today.

Participating in a regional meeting of Dime directors and representatives just completed in Dallas, Tackett issued this report on the present polio situation:

"Four straight years polio epidemics have swept the country, pulling in 133,000 cases or an average of 33,000 cases a year. The epidemic has been a terrific carry-over from year to year, and the after-effects of the disease are still being felt.

"During all this critical time the National Foundation for Infantile Paralysis has endeavored to live-up to its promise to the people that no child will be denied adequate care because of lack of funds. The load has been so heavy, however that the National Foundation has plunged into each year to the extent of \$60 million dollars.

"In other words the March of Dimes has not kept pace with the epidemic of Polio. The time has finally come when the National Foundation must be supported on a balanced basis. We cannot do this each year in the red.

"Therefore, we are unanimously resolved to set our sights higher than ever before. The coming March 1st we will open our January 2nd fund drive through January 2nd instead of opening on January 1st as has been the custom. The more people we feel sure, will contribute to this expanded program.

"We were told at the meeting that the doctors and are at last beginning to win. Now is the time to fight adequately with the dimes and dollars and not only to help those who have been stricken but to continue research work to conquer infantile paralysis."

"The figures on polio cases this year show a total ending October 31st of 22,793. Epidemic aid all sent from the National Foundation to chapters which have expended their funds now totals \$42. Thus far this year the National Foundation has shipped respirators (iron lungs) to places where they are needed to save lives.

"Mrs. J. E. Blackshear are to announce the arrival of a Clifford Ray, who was born 5 at Pitts hospital weighing 8 pounds and 8 ounces. Jay Dimes are very happy about her little brother. Clifford and mother and daddy are doing well.

Fairview News

(By Mrs. Clyde Bagwell)

FAIRVIEW, November 5. — Old Man Winter hit us with a bang last midweek and is still on hand. We had a few hours of warmer weather over the weekend but another cold wave hit late Sunday. Weather as low as 13 degrees is pretty cold for folks that have been used to summer weather all fall. We have received around one-half inch moisture during the wet spell of last week. Cotton fields are sure black now and will soon shed their leaves so gathering the crop will be easier. Moisture will be fine on the wheat even though we did not like to see it on the cotton and late feed that was waiting to be combined.

There has been a lot of sickness among the folks of our community, bad colds and flu. The small daughter of Mr. and Mrs. Shirley W. Irwin has been one that has had real sick.

Lockney Cemetery Grave Markers Found Disturbed

Officers of Floyd county this week are working on slender clues in an effort to unravel the mystery of a marauder, who displaced or pushed over 18 grave markers and tombstones in Lockney cemetery over the week-end.

Deputy Sheriff Jimmy Jackson said the sheriff's department had come to the conclusion that it was the work of a drunk or a crazy man. They discounted the idea that it could have been Halloween pranksters with a wry sense of fun.

Pay Pinner reported, the damage Sunday morning. One of the grave markers was damaged when it was pushed over. Reports have it that some of the small grave stones were moved from one grave to another.

A. B. Blount, jr., of Floydada, said yesterday that the stone marking his grandmother's last resting place was among those which had been disturbed.

Whirlwinds Get Going in Fray With Hereford

Floydada High school's Whirlwinds finally got all but two of their first string squads in condition to play football last Friday night and the lads did their coaches proud with a rousing 19 to 0 win over the Hereford Whitefaces. It was the 'Wind's first conference game.

Tulla Hornets and Canyon Eagles come in succession this week-end and next as their two remaining conference foes.

Players who did not get into the game were Mac Hickerson and Dane Clark. Hickerson, a lineman, probably is out for the season. Clark got a lick on the leg in scrimmage during the week before the game. He may be ready to go Friday night against Tulla.

The Whirlwinds scored in the first, second and third stanzas, while holding the Whitefaces to two first downs. The Whiteface squad was unable to solve the Whirlwind defense pattern and failed to penetrate past the 25-yard stripe, while the Whirlwind's forward line charged aggressively to give the Floydada backfield opportunity to execute their plays.

Whirlwinds Score Early
The Whirlwinds got going for its first score the second time they had the ball in the first quarter. They started from their own 30-yard line on a pass. Charles Carmack to Franklin Stovall, good for 25 yards. Successive runs by Helms, McGuire, Carmack and Wilks, carried the ball to the one-yard line, from which point Helms scored.

Just before the half ended Carmack carried the ball from the 50-yard line almost to the goal line but was hauled down on the one-foot line. He went over on the next play on a quarterback sneak.

In the third quarter the 'Winds' Don McGuire had hard luck on his best run of the evening when a 25-yard gain was called back on a penalty. Failing to make the necessary yardage deep in Whiteface territory the ball went over on downs. When the Whitefaces had to punt out Jackie Hutchinson took the ball on the Whiteface 45 for a carry to the one-yard line. Carmack carried the pigskin over for the final score.

Teague, the PHS kicker got one conversion out of three tries during the fray.
Frost was on the Pumpkin
The game was played on the third night of the season's first really cold weather, and the attendance from Floydada was cut down on this account. However, the band and pep squad and a hundred or more fans from Floydada did make the trip. Adequately clothed and wrapped up for the occasion they suffered little from the cold.

Everyone of the 22 squads of the Floydada team were used freely in the game. Coach Watson started the game with Hubert Ring and Franklin Stovall as ends, Roy Teague and David Rape as tackles, Clarence Reedy and Bert Grimes in the guard slots and Don Barber at center. Quarterbacking this 11 was Billy Carmack with Dennis Wilks as fullback, Don McGuire right half and Adrian Helms left half. Relief men

who saw considerable service in the backfield were Jackie Hutchinson at half and Connie Bearden calling the signals.

Brooks Chapman and James Freeman were relief ends, Don Evans did service as fullback and tackle, Charles Hartman, Kefwin Baxter and Percy Parrish at tackle positions, John Hinsley and Weldon Hargis in the guard slots. Dee Smalley took over at center when Barber was called out for a rest.

Sammy Hale, Tech senior, who has been reporting the Whirlwind games for The Hesperian this season, couldn't make the Hereford jaunt Friday night but will be present Friday night when the Whirlwinds attempt to carry on at Western field against the Tulla Hornets.

COUNTY JUDGE F. L. MOORE CONTINUES TO GAIN STRENGTH

Judge Frank L. Moore, who has been ill for the past few months, was able to be in his office in the court house for a while last Tuesday. He was feeling much better, but was still very weak. He said he hopes to be able to attend the meeting of the Commissioners court on November 12, when they meet for their regular monthly meeting.

Mr. and Mrs. Eddie Cantrell spent last Sunday in San Antonio visiting with their son, Eric Jack Cantrell, who is in the air corps stationed at Lackland Air Base there. They report Jack fine and that he hopes to get to come home on a few days leave soon.

Dr. and Mrs. Joe Williams of Roswell, New Mexico, were here last Thursday and Friday. Mrs. E. F. Stovall, mother of Mrs. Williams accompanied them home for a visit of a few weeks.

Mr. and Mrs. O. W. Bartlett of Bethany, Missouri, are here for a visit with their daughter, Mrs. Carl Muench and family.

Approximately 200 persons attended the quarterly conference at the First Methodist church last night. A supper was served by the ladies of the church.

Robert A. Stone of Corpus Christi, former County Attorney for Floyd County, was a business visitor in Floydada this week.

Light showers over Floyd county and adjoining counties was considered excellent for wheat recently replanted. The showers were followed by a light frost Wednesday morning, the first of the season, with temperature low of 38 degrees.

The annual roll call for the Red Cross will start in the morning with Mrs. E. P. Nelson as local roll call chairman. The workers will convene at 9 o'clock for their assignments. Walter Travis is county chairman for the Red Cross.

Auto Driver examinations under the new license law will begin in Floydada on November 16. The examiner is to spend Tuesday morning of each week in Floydada.

A light rain all day Tuesday delayed the cotton pickers almost a day and half and allowed the gins to catch up with the cotton on the yards. Few of the gins were forced to stop work because of the rain, which amounted to .18 of an inch. The new Whitfill gin at Aiken

which was damaged by fire about two weeks ago, has resumed operation. Nearly \$15,000.00 damage done by the fire.

Three criminal cases were disposed of in the District court this week. One more case is yet to be tried by a jury this week.

J. L. Suits, editor of the Lockney Beacon, left Wednesday for Washington, D.C., where he will attend a meeting of delegates from California, New Mexico, Arizona and Texas to discuss the problem of the irrigation farmers.

Dodge Has New Model for '52 Now on Display

1952 Dodge cars will be displayed in dealer showrooms throughout the nation Saturday, November 8. This has been announced, out of Detroit, D. T. Mayo, of Mayo Motors, Floydada dealers, said the model will be on their display.

The new models have styling revisions inside and out and, as an added feature, Dodge tint safety windows and windshields. New windows that feature a slight greenish tint to give them a strong demand for motorists because it makes driving easier on the driver's eyes and reduces interior heat on hot days and enhances the appearance of the car.

Other changes include modifications in the design of the front wheel covers and hub and a new tail light assembly and rear fender trim.

The new models are more roomy and brighter. Dodge is using textured weave upholstery which distinguishes modern models in the 1952 line will be made with Gyro-Matic transmission. All models will have water-level ignition systems, electric wipers and Oriflow shock absorbers.

Models will use available steel and materials under government limitations, to build the types which are in greatest demand and discontinuing two models.

Eight models which make up the 1952 Dodge line are the Coronet sedan, Diplomat, Sierra, convertible coupe and club coupe, Meadowbrook four-door sedan and the Wayfarer two-door sedan.

Mrs. Mary Hagood Passes At Dumas

Mrs. E. Mary Hagood, a resident of Plainview for several years and daughter of A. J. Crager of Lockney, passed away last week at Dumas in the home of a niece, Mrs. Jim Purdue, with whom she was visiting.

Mrs. Hagood makes her home with her sister, Mrs. J. M. Johnson in Plainview. The two were on a visit with Mrs. Purdue, when Mrs. Hagood was taken ill. The sudden death was attributed to cerebral hemorrhage. Mr. Hagood died several years ago.

The funeral service for Mrs. Hagood was held in Fort Worth, the body being carried there by a Carter Funeral home ambulance of Lockney. Besides the father and sister and niece, Mrs. Hagood is survived by two brothers, Arch Crager of Lockney and Grady Crager of Ruidoso, New Mexico, and another sister who lives in Dallas.

As A Farm Woman Thinks

(By Nellie Witt Spikes)

The melancholy days have come
The saddest of the year,
The vine still clings to the mouldering wall
But at every gust the dead leaves fall.

Or that is how I recall the old poem in our readers. Fall is usually our best month, or so think many. But this year the snow covered the snow of the cotton as if in envy of its pure white beauty. The "dead leaves" of the vines whip against the north window this cold November morning. A little snow bird hops about on the lawn where only a few days ago red roses bloomed. The chrysanthemums died before their glory, and we feel disappointed for some the colors we did not even get to see. The red geraniums bloom in the vases of water inside along with the purple and green of the Wandering Jew. Tasks inside long put off, stare at one, a complete change has to be made from the joys of outdoors to work in the house, which just at this moment, looks deary, but I know it, too, will take on joy and beauty to me as the days come.

The children talk of Christmas and it seems that they have so many toys, so much fruit and candy, there is nothing left to do, but I watched Margaret Nell and Billy looking at a Christmas catalogue and they picked out so many things, even indulgent parents, and grandparents, with the help of Old Santa himself, could not supply their many desires.

Mr. Spikes and I had such a nice letter from an old time teacher and store-keeper in Crosby county. He is W. H. (Henry) Orand and they live at Trent, Texas. They have five children, all of whom were in World War II. The oldest son is assistant manager of Montgomery Ward's in Fort Worth, another is assistant manager of Mayo Furniture Co., Inc., Altus, Oklahoma. The third son is in the garage business in Abilene. The two girls married army officers. It is always good to hear from old Crosby county folks and to know their children have made a success.

Mrs. J. W. Crump and I have had a good laugh on ourselves. After most all of our lives having more milk, cream and butter than we could possibly use, and oftentimes sell, and pouring out good milk to the hogs, we find ourselves buying milk in cartons and bottles. After carrying water that the ever-busy windmill pumped so freely, we now buy water. No, we are not complaining we do not want to get out and milk a cow in the cold with ice dripping down our backs and our hands like blocks of ice. We do not

want to carry water in the house by the bucket. It is just funny how the ways of life change.

ARE LOCATED

A farmer can always tell when it's time to plow—and when that time comes he wants the very best plow available with which to work. So why not drop by KING TRACTOR AND MOTOR COMPANY at your first convenience to see the DEARBORN MOLDBOARD PLOW (Lift Type). Here's a plow with no wheels, axles, clutch, tongue, springs or levers to bother with or get out of order. Think what the elimination of these parts can mean in maintenance alone over years of service on your place. Think too, how little space is required for storage; space saved here becomes available for other tools. The plow can be attached in 60 seconds or less. It is designed and built to exceptionally high standards.

In a poke
And they'll play their tricks
On meager folks.
Pumpkin moon
In a witch-black sky,
And—was that a bat wing
Rustling by?
The bell is still
And that awesome band-
Ghost and goblin
Hand in hand,
Spook and scarecrow and painted

clown—
Go trick-and-treating back to town
Spooks have vanished,
But in their wake
Are tags of laughter
And crumbs of cake,
And the room has a jolly, new-found
grace
With cocoa mugs all over the place

In The State of Texas

**HERE'S WHAT YOU SHOULD KNOW ABOUT THE
NEW TEXAS "SAFETY RESPONSIBILITY LAW"**

1 *Enforcement Begins January 1, 1952.* On this date, the new Safety Responsibility Law, as passed by the Legislature, goes into effect. This law was designed to protect you against financially irresponsible drivers and owners of motor vehicles involved in accidents. It affects all drivers and motor vehicle owners (except Federal, State, County and City-owned).

2 *What Must You Do After An Accident?* Under existing laws, you must file a written report to the Department of Public Safety if your car is involved in an accident where there is a death, an injury or property damage in excess of \$25. Under the new law, a written report must be filed *within ten days* if your car is in an accident resulting in death, injury or property damage in excess of \$100.

3 *You Don't Have to Carry Liability Insurance, But . . .* If you are not insured against bodily injury and property damage liability, you must be able to deposit with the Department of Public Safety security equal to the estimated damage, not exceeding \$15,000.00, to cover all claims growing out of an accident anywhere in Texas in which you or your motor vehicle were involved. If you cannot establish financial responsibility for the future, your driver's license and your motor vehicle license plates are automatically suspended.

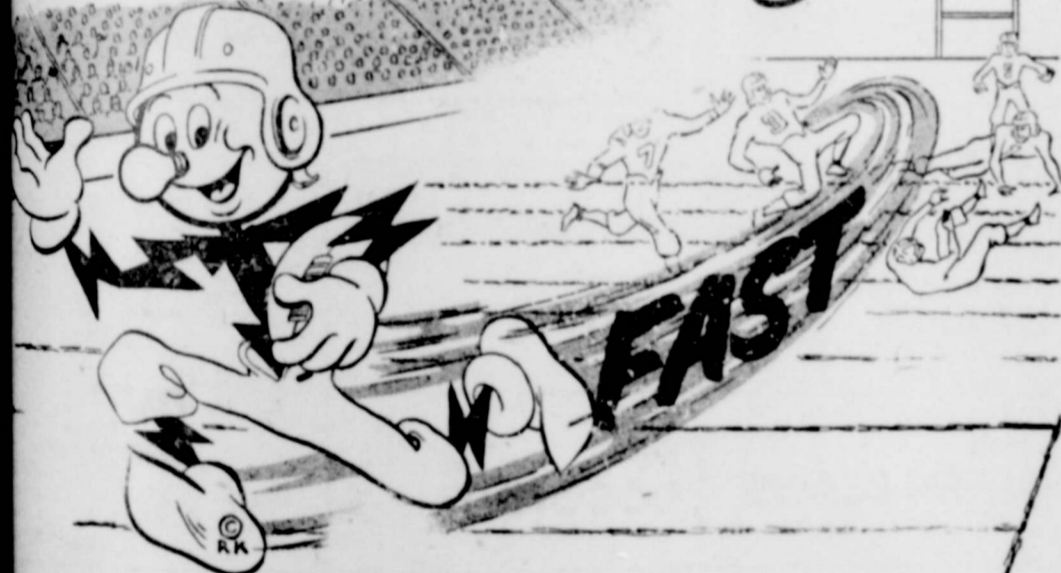

4 *It's Easy to Establish Financial Responsibility* with a motor vehicle liability insurance policy. If you do not now have such a policy, call your local insurance agent today. He is a qualified insurance counselor who will be happy to advise you concerning your needs.

5 *What is the Minimum of Your Liability?* The law permits each driver to establish the following minimum limits of liability: up to \$5,000.00 for injuries sustained by one person; up to \$10,000.00 for all personal injuries resulting from one accident, and up to \$5,000.00 for property damage. You do not have to establish such liability but it is the easiest way.

South Plains News

(By Mrs. Murray Julian)

SOUTH PLAINS, Nov. 5—With this cold spell of last week and its snow and low temperatures, most of the people of our community have been kept indoors. The fields have been strangely quiet, but every farmer with cotton and grain in the field is hoping for fair weather this week, so that the harvest can get under way again. In spite of such a cold day, Sunday church was well attended.

Mrs. Lloyd Horn and children, from Karnes City, and Mrs. J. B. Jarnagin and Floyd Jarnagin, from Lubbock, were all day visitors at the H. R. Hartman home on Saturday.

W.M.S. will meet this Wednesday November 7, at 2:30, at the home of Mrs. H. L. Marble, north of South Plains, for an hour of bible study, with Mrs. Sim Reeves in charge of the program.

Bud Higginbotham underwent a tonsillectomy at the Floydada hospital on Thursday of last week. His mother reported on Sunday that he was getting along very well, but he will not be able to attend school this week, due to the extremely cold weather.

Mr. and Mrs. John K. West went down to Matador on Sunday afternoon to pay their tribute to Mr. and Mrs. B. M. Eshank who were celebrating their fiftieth wedding anniversary.

Mr. and Mrs. Sterling Cummings went home with Rev. and Mrs. John Allen after church, on Sunday, to have dinner and spend the afternoon visiting them.

Dr. and Mrs. E. E. Joiner, Gordon, and Terry Julian attended the Hereford-Floydada football game which was held in Hereford on Friday night, and spent the night with Mrs. Joiner's parents, Mr. and Mrs. G. W. Brumley. They returned home on Saturday afternoon.

On Sunday, at the home of Mr. and Mrs. Otto Sanders, there was a gathering of relatives and friends. Mrs. Sanders' parents, Mr. and Mrs. C. E. Bartlett, and T. J. Campbell, from Dougherty, and Mr. Sanders' parents, Mr. and Mrs. W. M. Sanders, from Floydada, and Mr. and Mrs. J. P. Colston, of Sterley, were there to spend the day, and have a chicken and dressing dinner which was served at noon by Mrs. Sanders.

Mr. and Mrs. Sim Reeves went up to Plainview on Thursday night and spent that snowy evening visiting Mr. and Mrs. Hays. Mr. Hays is the brother of Edgar Hays of Lockney.

On Sunday evening Mr. and Mrs. Ed Thomas of Silverton, came down to visit the George Weasts. They stayed for an enjoyable Sunday night supper, and spent the hours afterwards visiting together.

The adult Sunday school class of the South Plains church are planning a dinner to be given around Thanksgiving time. Mrs. Sim Reeves, Mrs. Gilbert Bean, and Mrs. Bryant Higginbotham are in charge of preparations for the event.

Most of the members of the Methodist church of Sterley have been busy all this past week preparing the parsonage in Aiken for the new minister, Rev. Pickens, who is expected to come this Monday. Mr. and Mrs. Otto Sanders, Mr. and Mrs. Fred Fortenberry, Mrs. A. P. Sanders, Hansel Sanders, and others from that church have been helping paint and paper and fix the home all shining and clean for their new pastor.

Due to the inclement weather on Wednesday night, Halloween, the school carnival at South Plains, was not as well attended as hoped, but everyone there had a good time. The spook room, bingo room, fishing pond, fortune telling booth, and all the booths, such as the bazaar, and the other fun places were in constant demand. The costumes were very clever and each quite different. Eddie Parks won the boy's prize, and Virginia Taylor, the girl's prize, for the best costume, while Mr. and Mrs. Carl Daniels fooled most of the folks in their costumes, and won a prize for the adults. The amount gained for the P.T.A. is not known, but it was around fifty dollars.

Mr. and Mrs. George Beedy were visitors on Thursday night at the home of Mr. and Mrs. George Weast. A pleasant evening was spent in playing canasta.

Those who remember the Horn families will be interested in the news of Ray Horn, who with his family were former residents of South Plains. Mr. Horn is ill, at present in a hospital at Lubbock. Dr. and Mrs. Early Joiner went to Lubbock on Sunday to see Mrs. Horn.

Mr. and Mrs. Fred Fortenberry went over to Fairview Sunday after church, and spent the afternoon, and had Sunday dinner with Mr. and Mrs. Cephus Fortenberry.

On Sunday, Mr. and Mrs. A. P. Sanders had as their guests for dinner, Mr. and Mrs. Lewis Horston, and their daughter, Patsy from Lockney.

Mr. and Mrs. Griffin Brown, from Wingate, were week-end guests in Lockney, at the home of Mr. and Mrs. Billy Bean. Mrs. Brown is Mrs. Bean's sister. While visiting Mrs. Brown became ill, and had to be taken to the hospital.

Mr. and Mrs. Sim Reeves spent Sunday afternoon visiting Mrs. Reeves' sister, Mrs. Walton Wilson and family over at Fairview.

O'Dell Mulder from Albuquerque, New Mexico, has been spending this past week with his brother, Arby Mulder and family. He also has been visiting his mother, Mrs. Sipple Mulder, in Floydada, and they have been taking Mrs. Mulder to Lubbock for treatments.

The South Plains school has reopened this Monday, November 5, after having been closed for one week for cotton pulling. The inclement weather has made it impossible for any cotton pulling to be done, however.

Mr. and Mrs. Bill Beedy have announced the approaching marriage of their eldest son, Charles, on Sun-

day, November 11, at Lockney, to Miss Shirley Cooper, of Lockney. The wedding will take place at the First Baptist church of Lockney. The couple plan to make their home in Plainview.

Mr. and Mrs. Ralph McGuire will move in the next few days to their new home in Floydada, as Mr. McGuire will be in charge of the Gulf filling station in the south of Floydada.

Mrs. Carl Daniels spent the past week-end in Oklahoma City, Oklahoma, where she visited friends and relatives.

The South Plains Home Demonstration club will meet in the home of Mrs. John Wilson, on Wednesday November 14.

GOBLINS PLAY HALLOWEEN DESTRUCTION ALMOST NIL

Although ghosts and goblins played in Floydada on Halloween night and there was lots of fun and frolic, destruction of property and scattering rubbish down-town were lacking almost to the point of none.

Patrols, most of them volunteer, were stationed on most streets. They had little to report. Four traffic accidents in which none had more than minor injuries were recorded.

Traffic was heavy in the cold and slick until a late hour Halloween night patrolmen reported.

Frys Conventioneering In New Orleans

Mr. and Mrs. R. E. Fry left this week for New Orleans, Louisiana, to attend the 1951 convention of agents of the Southwestern Life Insurance company.

Mr. Fry, who represents the company here, earned the trip on the basis of his record as a producer of quality life insurance business during the past 18 months.

The program includes addresses by officers and leading agents of the company and round table discussions of the business.

Mr. and Mrs. Fry will return home about November 24.

FIRE CHIEF ILL

Carl Rodgers, chief of the Fire department is in the Peoples hospital suffering a kidney ailment. He will probably be there for several days.

C. D. Hopkins of Artesia, New Mexico, was here for a few days last week, visiting his mother, Mrs. E. A. Hopkins and sister, Mrs. Jack Henry and family.

COUNTY JAIL REPAIRS

Cherokee Roofing company has underway repairs to windows at the county jail and will complete other upkeep work on the building in the course of the next few days, under a contract made with the Commissioners court recently.

SON BORN NOVEMBER 4

Mr. and Mrs. Fred Cardinal are the parents of a son born in West Texas hospital in Lubbock, Sunday November 4, weighing five pounds and 10 ounces. The baby has been named Lewis Reid.

RALLIES FROM ILLNESS

R. B. Mitchell, father of Mrs. Robert McGuire, who has been a patient in the Peoples hospital for the past two weeks, was removed to his home, 405 West Kentucky street, last Sunday and is much improved. Mr. Mitchell is able to be up and about the house this midweek.

Mr. and Mrs. Leslie Ewing and son, Roy, spent from Friday until Sunday visiting their uncle, Nube Ewing and family, in Dimmitt, Texas. They found their aunt sick but doing better.

Undersea Grand Canyon

Mindanao Trench stretches some 600 miles along the eastern flank of the Philippines. Four times the size of Grand Canyon, it is but one of a series of great gashes scarring the ocean floor for thousands of miles across the Pacific. Vast holes have been measured along an arc of trenches that sweeps from Japan southward to the Caroline Islands. Midway between Tokyo and Iwo Jima is Ramapo Deep, its 34,038 foot measurement the second deepest yet verified. A hole in the sea of Guam. Nearby is 31,614-foot Nero Deep, discovered in 1899 while a Pacific cable route was being charted. Other depths greater than 24,000 feet include Aldrich Deep northeast of New Zealand, 30,930 feet; Milwaukee Deep north of Hispaniola in the West Indies, 30,246 feet; Planet Deep across the Equator from Christmas Island, 29,988 feet; Byrd Deep, discovered by Admiral Byrd's 1928-1930 expedition to Antarctica, 28,152 feet; Meteor Deep in the south Atlantic, 25,574 feet; and Richards Deep off Chile, 25,050 feet.

The word "ahoy" was originally the battle cry of the Vikings; now it is used as a greeting among sailors.

Permit Sought At Hearing For Cotton Trucks

A Texas Railroad Commission permit for a license to transport ginned cotton from Floydada to the nearest compress that has storage space available is being sought this mid-week by R. L. Kendrick of Floydada at Austin.

At the same time several other truck operators from over the state are asking for similar authorization. The hearing at the Driskill hotel will hear testimony as to the convenience and necessity for such service out of local points.

Kendrick has permits for various other types of hauling and will contract to haul cotton for the Farmers Cooperative gin out of Floydada should the permit be granted. It was expected that Lee Trice, one of the directors of the gin, would accompany Kendrick to the hearing if Trice's health permits. He had been confined to his home for several days with pneumonia but has shown marked improvement the last few days.

Those attending the hearing and giving supporting testimony on behalf of ginning in the area will be Sheriff Leland A. Hart, who will testify on behalf of Newton Gin company at Dougherty, and Olin Bryant, who will represent the McCoy and Conroy gins.

Lack of local storage and the need for adequate hauling facilities to the compress having storage available will be pointed up in the testimony before the commission.

Church Damage \$15 Thousand

Fire discovered in the basement of the First Methodist church at Lockney Sunday afternoon at 1:30 o'clock caused an estimated \$15,000 damage before it was brought under control.

In addition to books, chairs and equipment damage in the basement where the fire was contained, smoke and water damaged the main auditorium.

The origin of the fire was not known.

The building is being cleaned up this week, and will be used by the congregation Sunday, according to Mrs. N. S. Daniel, wife of the pastor.

Mahon Addresses Meeting of 19th Dist. Postmasters

Congressman George Mahon, back in his district from a long and arduous session of the congress at Washington, D. C., reported to postmasters of the Nineteenth district on the state of the nation's affairs Saturday night.

The occasion was the gathering of postmasters from cities and towns over the district, who banqueted at the Lubbock hotel.

Mrs. Barbara H. Smith, of the Floydada office, was present for the meeting. She said Congressman Mahon indicated an interest in getting to pay Floyd county a visit during his stay in the district.
