 It would be a good idea for many of the students to study during the last half. There is no future taking a course the second time. It is much easier to study and pass it in the beginning. Lets make the last half a better one than the first!!!

Quotable Quotes

The following are some of the famous sayings of a very well known man. He lived in the years 1835-1910. Do you recognize these quotations?
 "Cauliflower is nothing but cabbage with a college education."
 I was gratified to be able to answer promptly and I did. I said I didn't know.
 "It is a difference of opinion that makes horse races."

NANCY NUTTS

Dear Nancy,
 Your cough sounds much better this morning. What happened?
 Questionally,
 Gwen

Dear Gwen,
 It should. I practiced all night.
 Studiously,
 Nancy

Dear Nancy,
 What makes you so sure your dog is extraordinary?
 Wonderingly,
 Glad

Dear Glad,
 I asked him "What is two minus two?" and he said nothing.
 Brightly,
 Nancy

Dear Nancy,
 Did the storm last night damage your father's barn?
 Interested,
 Wilton

Dear Wilton,
 I don't know. He hasn't found it yet.
 Confidently,
 Nancy

Dear Nancy,
 I suppose your brother reigns as king in your family.
 Anxiously,

Views and Comment

The requirement that when postal cards are bought at the post office in quantities of more than 49 at a time, an additional 10 percent shall be collected, has caused considerable eye-brow raising throughout the country. It develops that this is done by an act of congress, and is not a postal regulation that something can be done about unless and until the congress applies itself to this part of the national statute. Thus it would appear that Postmaster General Donaldson is not the only person in Washington who is affected by the heat.

An economy tip may be contained in the fact that while postcards, bought in quantities of 50 or more sell at a 10 per cent advance over postcards bought in quantities of 49 or less. Four-cent air mail postcards still cost only 4 cents and you can buy them in any quantity without the additional 10 per cent. You can air mail a post card for four cents. Thus you could air mail a post card instead of an air mail letter. Many fast messages are short enough to be put on a postcard.

Probably there are times when the air mail facilities are overloaded. Experience and observation seem to indicate this may be true. Often an air mail letter is as slow or slower reaching its destination than a letter mailed in the regular way with regular postage. But when an air mail letter does catch the schedule it is supposed to travel on it really skips through the dew. What it is that often slows down air mail to a slow train through Arkansas pace is one of the things that is not known to this affiant.

There seems to be no doubt that the voters in Texas are paying their poll taxes in greater numbers than ever before in the history of the state. Floyd county may not have as many polls paid in numbers, this year as has been in the case in the distant past, but per centage wise the county will have the largest payments since the poll tax law was adopted. Figures given last week and reports of this week's activities at the poll tax clerk's window indicate this clearly. Everywhere the voters are sharpening their pencils. People are going to vote for or against something or somebody pretty strongly.

"In all nations, and with all races, Jesus has taken the lead in a religion that eventually will put down all antagonism, all hatred and all war. Let us continually remind people of Jesus Christ, not only by word of mouth and by the printed message, but also by our daily lives, in our communities."

Who will be the congressman at large in Texas this year? This question will be decided, probably in August. With so many strong men already there seems to be no probability that any one of them will get a majority vote in July. The at-large race this year, since it covers the whole state, is likely to be second only in interest to the senatorial battle. Will there be a dark horse in the race who will capture the imagination of the people and whip the stalwarts who will offer for this prize? The last time Texas had a congressman-at-large was 30 years or so ago when Hatton W. Sumner, of Dallas, won the plum and went on to serve a district created there for many years. Sumner bowed out when he couldn't "take" the Supreme court stuffing done so astutely by Mr. Roosevelt, and some of the other things which loyal democrats were called upon to support. Our own idea of a good choice for the people to make is Martin Dies, who was crucified politically. Dies tried to tell the people what the Commies were up to, but at that time we were trying to be careful not to hurt the feelings of the Russian hierarchy. Mr. Dies is a lawyer, and that would be against him in a state where many people feel we are lawyer-ridden and are not too happy about it. It may be taken for granted that his more capable opponents also are most likely to be lawyers. So lawyer versus lawyer it will be.

WHY HEED OLD WARNINGS?

"It is, to be sure, an old, old warning that a nation cannot go on in irresponsible prodigality burning up its resources, destroying its currency, heaping taxes upon taxes, and long survive. But we are young, very young as nations go, not weakened and debilitated by these same excesses as the tired nations of Europe who lean upon us. Why should we, the young, heed old, old warnings? "The worst of the frustration is that, until the final collapse, there seems no way to prove to the unheeding the price of dissipation."

TOO BIG TO COMPREHEND

"It is time to cut down government in Washington. It is astronomical in cost, intercontinental in scope and incomprehensible in confused details. It is no longer man-sized. It is beyond the power of man to direct and manage.

"When Washington has to say who may have a keg of nails, we have gone too far. Nobody in Washington knows or can know who ought to have a keg of nails or who needs one. We'll have to do better than that--by becoming satisfied with doing very much less than that."

Eibert Bloodworth and Ernest Carter are the new agents for Texaco company in Floydada, succeeding M. H. Huffman, who recently resigned.

Carl Rodgers of the J. C. Penney Company attended a show card writing school in Amarillo on Monday.

The coldest day of the year was Monday, when the temperature recorded a low of 10 degrees.

Up to January 16, there were 30,995 bales of cotton ginned in Floyd county from the 1931 cotton crop according to the Department of Commerce cotton report.

John A. Hamilton of Matador has announced for District Attorney.

LIKE STUDEBAKER HARDTOP

SOUTHBEND, Ind.—The greatest display of public interest in new models since Studebaker introduced the first postwar cars in 1947 was reported by the company's dealers today they took stock of the crowds attracted to their showrooms following the unveiling of the 1952 passenger car line in January.

According to the K. B. Elliott, executive vice president of The Stude-

baker Corporation, telegraph reports from dealer points indicate that retail orders for the "Studebaker hardtop convertible, will schedule production of this until early spring.

Tom Daniel had as his the week-end, a World War II, Curtis McDowell of Birmingham, Alabama. Mr. McDowell transferred a school supply house and this territory. He visits with every chance he has.

thrif and smoothness that's out of this world. As you pick up speed, the "stand-bys" come into play—feeding not just more gas, but more air too—so you keep getting maximum power from each drop of fuel.

You have 170 effortless horsepower when you need it—a tremendous reserve ready to go into instant action at the nudge of your toe.

You have the satisfaction of knowing that you get this power with a frugal use of gas. At 40 you use less gas than you formerly used at 30.

Views and Comment

The requirement that when postal cards are bought at the post office in quantities of more than 49 at a time, an additional 10 per cent shall be collected, has caused considerable eye-brow raising throughout the country. It develops that this is done by an act of congress, and is not a postal regulation that something can be done about unless and until the congress applies itself to this part of the national statute. Thus it would appear that Postmaster General Donaldson is not the only person in Washington who is affected by the heat.

An economy tip may be contained in the fact that while postcards, bought in quantities of 50 or more sell at a 10 per cent advance over postcards bought in quantities of 49 or less. Four-cent air mail postcards still cost only 4 cents and you can buy them in any quantity without the additional 10 per cent. You can air mail a post card for four cents. Thus you could air mail a post card instead of an air mail letter. Many fast messages are short enough to be put on a postcard.

Probably there are times when the air mail facilities are overloaded. Experience and observation seem to indicate this may be true. Often an air mail letter is as slow or slower reaching its destination than a letter mailed in the regular way with regular postage. But when an air mail letter does catch the schedule it is supposed to travel on it really skips through the dew. What it is that often slows down air mail to a slow train through Arkansas pace is one of the things that is not known to this affiant.

There seems to be no doubt that the voters in Texas are paying their poll taxes in greater numbers than ever before in the history of the state. Floyd county may not have as many polls paid in numbers, this year as has been in the case in the distant past, but per centage wise the county will have the largest payments since the poll tax law was adopted. Figures given last week and reports of this week's activities at the poll tax clerk's window indicate this clearly. Everywhere the voters are sharpening their pencils. People are going to vote for or against something or somebody pretty strongly.

"In all nations, and with all races, Jesus has taken the lead in a religion that eventually will put down all antagonism, all hatred and all war. Let us continually remind people of Jesus Christ, not only by word of mouth and by the printed message, but also by our daily lives, in our communities."

Who will be the congressman at large in Texas this year? This question will be decided, probably in August. With so many strong men already there seems to be no probability that any one of them will get a majority vote in July. The at-large race this year, since it covers the whole state, is likely to be second only in interest to the senatorial battle. Will there be a dark horse in the race who will capture the imagination of the people and whip the stalwarts who will offer for this prize? The last time Texas had a congressman-at-large was 30 years or so ago when Hatton W. Sumner, of Dallas, won the plum and went on to serve a district created there for many years. Sumner bowed out when he couldn't "take" the Supreme court stuffing done so astutely by Mr. Roosevelt, and some of the other things which loyal democrats were called upon to support. Our own idea of a good choice for the people to make is Martin Dies, who was crucified politically. Dies tried to tell the people what the Commies were up to, but at that time we were trying to be careful not to hurt the feelings of the Russian hierarchy. Mr. Dies is a lawyer, and that would be against him in a state where many people feel we are lawyer-ridden and are not too happy about it. It may be taken for granted that his more capable opponents also are most likely to be lawyers. So lawyer versus lawyer it will be.

WHY HEED OLD WARNINGS?

"It is, to be sure, an old, old warning that a nation cannot go on in irresponsible prodigality burning up its resources, destroying its currency, heaping taxes upon taxes, and long survive. But we are young, very young as nations go, not weakened and debilitated by these same excesses as the tired nations of Europe who lean upon us. Why should we, the young, heed old, old warnings? "The worst of the frustration is that, until the final collapse, there seems no way to prove to the unheeding the price of dissipation."

TOO BIG TO COMPREHEND

"It is time to cut down government in Washington. It is astronomical in cost, intercontinental in scope and incomprehensible in confused details. It is no longer man-sized. It is beyond the power of man to direct and manage.

"When Washington has to say who may have a keg of nails, we have gone too far. Nobody in Washington knows or can know who ought to have a keg of nails or who needs one. We'll have to do better than that—by becoming satisfied with doing very much less than that."

Floyd County 14 Years Ago

(Taken from the files of The Hesperian, issue dated February 3, 1918.)
Formal approval of plans for the purchase of a site in northwest Floydada for a location of maintenance division headquarters office and warehouse was given at the session last week of the State Highway commission in Austin.

R. B. Rosson, who has been manager of the Firestone Tire and Rubber store in Roswell, New Mexico, for the past two years, has been transferred to Lubbock, to serve in the same capacity with the company.

Approximately 2,750 Floyd county citizens have poll tax receipts or exemptions to vote in the 1932 election. County Tax Assessor Frank L. Moore estimated yesterday afternoon.

R. E. Fry has made a 19 year record as an insurance writer. He has been advised that he has qualified for membership in the Southwestern Life club, by volume of insurance written during 1931.

Mr. and Mrs. Bill Scott have returned from Waco, where they attended the funeral of his sister, Mrs. J. C. Keetch.

Floyd county and Floydada will be represented at the Golden Globe district tournament to be held on

Monday night in Lubbock. Louis Hollingsworth will enter the welter-weight division and L. B. Martin will enter the lightweight class. A large crowd is expected to attend the meet.

Miss Mary Ann Kimble will begin her work this week as teacher in the Dougherty schools. She is taking the place made vacant by Mrs. Earl Crawford.

More than 1,100 persons attended the auction sale conducted by Oden Chevrolet company Monday, when they auctioned 25 cars during the afternoon.

"Out of thin air" comes the **HIGHEST HORSEPOWER** in Buick history

NOTE FROM YOUR BUICK DEALER:
Presented here is the story of a great new engine development, as told by the men who did the job. We reprint the story here in its entirety — as we couldn't beat it if we tried.

No, we didn't have to build a new engine. We took Buick's valve-in-head Fireball Engine—which makes the most of high compression. We drew on 12 patient years of Buick carburetion research.

And we came up with more might, more miles, from gas—right out of thin air, in more ways than one.

When you talk about "miles per gallon" you think of fuel, because that's what you buy. But air's free—and for every gallon of gasoline, a busy engine can gulp more than 8,000 gallons of air.

The problem is to deliver air in the right proportions, throughout the full range of speeds at which you drive.

A carburetor—big enough to supply the air needed at full throttle—can be wasteful in stop-and-go driving. A carburetor sized for thrift in city traffic literally smothers your engine when you really give it the gun.

So Buick engineers developed the Airpower carburetor — a four-barrel automatic — and here's how it works.

Loading along, two barrels are working, two stay closed. And you get a low-speed

thrift and smoothness that's out of this world. As you pick up speed, the "stand-bys" come into play—feeding not just more gas, but more air too—so you keep getting maximum power from each drop of fuel.

You have 170 effortless horsepower when you need it—a tremendous reserve ready to go into instant action at the nudge of your toe.

You have the satisfaction of knowing that you get this power with a frugal use of gas. At 40 you use less gas than you formerly used at 30.

Ford Line Introduced Day Morning

1952 offers a more powerful V-8 engine, an entirely new under engine, and the widest power train combinations ever cars in the high volume. Bishop Motor company one of the new cars on Friday morning.

Strato-Star V-8 has been stepped up the horsepower and to increase its torque pounds feet. Ford has more 100,000 V-8's and is the largest builder of V-8 engines.

The new six-cylinder engine for the Mileage Maker is called the Mileage Maker by the Ford Motor Company multi-million dollar engine Cleveland, Ohio, to manufacture.

The all-new 1952 Ford Customline Fordor Sedan features a completely new Ford Coachcraft body with curved one-piece windshield and rear window, triple-spinner grille arrangement and body highlights sweeping backward from the extended headlights along the hood and fender to the jet-tube taillight sections. Added styling features of the Customline Fordor are the chrome capped rear fender profiles.

sions—Fordomatic, the Ford automatic transmission; the Ford overdrive, and the conventional transmission.

Six power combinations—either of the two engines with any of the three transmissions—are available on all models in the Mainline and the Customline, except the country sedan.

Largest Windshield Area
The 1952 Ford passenger car line offers the largest windshield and window glass area in the high-volume field.

On the new Ford Customline Fordor, for example, the total glass area is 3,211 square inches.

The driver's field of vision was increased both front and rear with Ford's new curved Safety-Vue windshield and the one-piece rear window extending over the full width of the car.

Center Fueling Provided
There's no more worrying about which side of the gas pump to pull up to in a new 1952 Ford; for the gas tank filler pipe is located in the rear, easily accessible from either side without dragging the hose over the car.

The cap is hidden behind the hinged license plate, leaving the smoothness of both fenders unbroken by a filler-flap, and preventing streaked fenders if the attendant overfills the tank.

Moving of the filler cap to the rear also takes the filler pipe out of the luggage compartment, providing more useable space.

News of Harmony

(By Mrs. Mather Carr)

HARMONY, January 29.—Charlie Smith had a major operation Monday, January 21 at Plains hospital, Lubbock. Mr. Smith is getting along fine.

The Womens Society of Christian Service met Tuesday, January 22 in the home of Mrs. Zant Scott with Mrs. Scott as hostess. The meeting was called to order by the president, Mrs. Emelda Ramsey. After a short business meeting, Mrs. C. B. Lyles brought our third bible study lesson from the book of Acts. Mrs. Ramsey and Mrs. Sherwood Ramsey brought a playlet on Paul. This was a very good meeting. There were six members and three guests present. The guests were Mrs. C. B. Lyles, Mrs. Floyd Lyles and two sons, from Floydada, and Mrs. J. B. Shannon. We are always glad to have visitors and all are welcome to attend and join our society.

Club met Thursday, January 24, in the club room with Mrs. E. W. Turner as hostess. The meeting was called to order by the president, Mrs. Chloma Williams. After a bus-

were well attended last Thursday night. Mrs. J. B. Shannon gave the devotional on "Professing Christ." This was a good lesson. Our night and time for prayer service have been changed from Thursday night to Wednesday night, meeting at 7:30 o'clock instead of 7:00 o'clock. This will give some a chance to attend, but our pastor will only be with us twice a month each Wednesday night, before the second and fourth Sundays. He will meet with the Cone congregation on the other Wednesday nights.

Mr. and Mrs. Everett Miller, Mr. and Mrs. Carrick Snodgrass, Mr. and Mrs. Walter Hanna left for Fort Worth to attend the fat stock show.

Miss Christine Byerly of Petersburg spent the week-end in the Wheeler Turner home.

Mr. and Mrs. Chloma Williams, Lajuana Sue, Mr. and Mrs. Mather Carr and Horace visited in Plainview with Mr. and Mrs. Sim Burrows Sunday.

Mr. and Mrs. M. D. Ramsey and Mr. and Mrs. Sherwood Ramsey and children visited in Lockney Sunday afternoon with Mr. and Mrs. Perry Tipton.

Mrs. Ira Worsham is ill and was taken to Pitts hospital Saturday night. She almost had pneumonia. She was improved this Monday morning.

Mr. and Mrs. G. L. Snodgrass visited in the Ham Smith home near Floydada.

Rev. Krebs preached both morning and night services at the chapel. The Krebs' had dinner in the Marjion Smith home and supper in the J. B. Shannon home.

Loyce Turner is remodeling his

home on the farm.

Mr. and Mrs. Wesley Carr and sons, Charles, Mather and Bill, spent Sunday in Dumont with Mrs. Carr's parents, Mr. and Mrs. Charlie Bailey.

Mr. and Mrs. Klyde Krebs of Baileyboro, Texas, and Mr. and Mrs. Zed Robinson and granddaugh-

ter of Enoch, attended services at the chapel Sunday night. Klyde Krebs is a brother to Rev. Krebs and the Robinsons are friends.

Mrs. Mather Carr and Horace visited Mrs. Mattie Heard and Miss Anna Carr at Petersburg, last Friday.

The flip of a lever eliminates dead furrows with the Massey-Harris No. 33 Roll-Over Plow

There's no longer need for troublesome dead furrows splitting your fields. The new Massey-Harris No. 33 Roll-Over plow lets you start on one side of the field and plow on the same "land" until the entire field is plowed. Just flip the lever when you come to the end of the field. The "top" plow automatically rotates into position and locks rigidly in place. You can turn on a dime and wheel down the furrow you've just made. You don't waste fuel and time crossing wide headlands. It's ideal for contours, hillsides and level land.

Stop in and see the new, revolutionary Massey-Harris No. 33 Roll-Over plow next time you're in town. We'll show you how it'll save you time and money in your fields.

Here Friday! THE GREATEST CAR EVER BUILT IN THE LOW-PRICE FIELD

The big 1952 FORD

Out-rides them all!
The '52 Ford gives you riding comfort such as you have never before experienced in a car in the low-price field. With front springs tailored to the weight of each model, longer rear springs and diagonally mounted shock absorbers, Ford's Automatic Ride Control gives you the smoothest, easiest ride of them all—a level ride on straightaways, an even keel on curves.

Out-sizes them all!
The '52 Ford has longer wheelbase, wider front tread and greater length. It's big outside and big inside, with spacious seating for six and the largest luggage locker of them all.

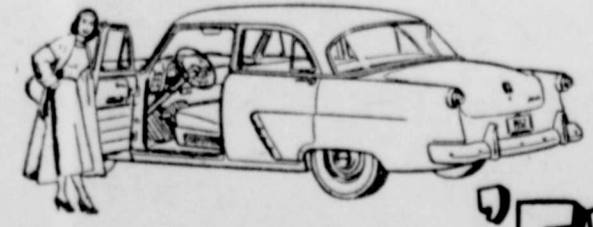

Full-Circle Visibility!
With narrower corner pillars, picture windows all around and a rear window that's 48% larger you have "all-direction" vision that adds to your enjoyment and your safety.

Out-performs them all!
Ford's completely new 101-h.p. high-compression, low-friction Six, with free-turning overhead valves, is the most modern Six in the industry. And Ford's high-compression V-8, now 110 h.p., is the most powerful engine in the low-price field. Both are available with performance-proved Fordomatic Drive.

Exclusive Power Pilot Economy!
Both the new Ford Mileage Maker Six and the Strato-Star V-8 have the exclusive Ford Automatic Power Pilot. This completely integrated carburetion-ignition-combustion system gives you high-compression "go" on "regular" gas.

New Coachcraft Bodies!
Ford's new Coachcraft Bodies are longer, stronger... distinctive in their modern beauty. They offer new hull-tight construction which seals out dust, weather and noise. And Ford has more color and upholstery combinations than any other car in its field!

Out-values them all!
With such modern design and engineering features as new Flight-Style Control Panel, new Power-Pivot Clutch and Brake Pedals, new Center-Fill Fueling, and new counterbalanced hood and deck lid, Ford adds up to more dollars and cents value than any car in its price class!

May Asks Post of Assessor-Collector

TO THE CITIZENS OF FLOYD COUNTY:
After serious consideration, I have decided to make the race for Tax Assessor-Collector of Floyd county. I have made this decision with due regard for the qualifications for the office, and feel that I am qualified in every way to fill the office. I recognize that this is a public office and that it belongs to the people of Floyd county, and I will always keep this in mind in my dealings with the people.
I have been deputy sheriff of Floyd county for the past 3 1/2 years, and am personally acquainted with most of the people in the county, and will do my best to personally solicit the vote of each and every person in the county between now and July 26th.
I would like to state here and now that if I am elected I will do my best to take care of the office in an efficient manner, and will always remember that I am responsible to the people of this county.
My candidacy is subject to the action of the Democratic primaries.
Very truly yours,
A. K. (Alton) May.

Counts in Race For Re-Election as Commissioner

Hugh Counts this week announced that he would be a candidate for re-election to the office of Floyd County Commissioner, Precinct No. 2, subject to action of the Democratic Primary July 26.
Mr. Counts said in connection with his announcement, "I would like to serve the people of Floyd County another term in the office of Commissioner. If you approve of the work that I have done as your Commissioner I will certainly appreciate your support again. I will continue to try to make you a good commissioner, attending to the county's business diligently and carefully as I have in the past.
"I thank the people for their support and cooperation in the past and hope you see fit to re-elect me to the office of commissioner."

Calhoun Announces For Commissioner In Precinct Four

To the voters of Floyd county in Precinct Four:
I announce my candidacy for Commissioner of our precinct. After much deliberation and quite a bit of solicitation I have decided to make the race.

I feel very proud to offer my past record for my best recommendation. With my past experience I believe I am qualified to fill the office. I realize this is a full time job. If you see fit to elect me I shall do my best.
I like this work. I love to serve humanity. The people have been great to me.

Meeting of Ford Tractor Dealers at Dallas Friday

J. R. King of King Tractor & Motor, will be among over 300 Ford tractor dealers and their dealership personnel from all points in Texas who will attend a special meeting February 1, 1952 at the Baker hotel in Dallas, Texas. It will be sponsored by The Stewart company, Ford tractor and Dearborn farm equipment distributor in Texas, and Dearborn Motors corporation, Birmingham, Michigan.
The meeting will consist of special skits, slides and motion pictures presenting the latest plans and policies for sales and services of farm tractors and equipment. A new motion picture, made especially for this program, shows tractor manufacturing and testing operations at Detroit and Birmingham, Michigan.
Dealers will be given latest information on the available outlook for farm equipment during 1952 and an action program for improving service to their farm customers.
King has been battling a persistent case of grippe and may not be able to attend the meeting. If he is unable to make the trip, either Floyd Jones or B. L. Biddy of the local organization are expected to go.
per. His responsibility is to see that all are awakened early enough to report for service promptly.
All ages are invited to enjoy "Youth Runs the Church" next Sunday. The Church of the Nazarene is located at Tennessee and Fourth Streets.

Joseph S. Childers Rites Held Monday

Funeral service for Joseph Stanley Childers was conducted Monday afternoon in the Tulla Presbyterian church, with Reverend C. John Westhof officiating. Burial was in the Tulla cemetery.
Mr. Childers, 62, died Saturday at Walnut Springs, where he was visiting a sister, Mrs. Jessie Jenkins.
He was born January 21, 1890, in Temple and was married in 1923 to Miss Winnie Mae Jackson, daughter of the late J. W. Jackson of McCoy and Mrs. Jackson, now of Lockney. Mr. Childers had lived in Tulla for 20 years and until his retirement had operated a service station there. Mrs. Childers died in October 1950.
Survivors include one son, Joe Carl Childers, Lubbock, a daughter Mrs. Bobby Allen, Hale Center, and two sisters, Mrs. Jenkins, Walnut Springs, and Mrs. Lionel Goodwin, Roaring Springs, and two grandchildren.
Mr. Childers was a former Floyd County resident. The family lived in McCoy community for several years before moving to Tulla.
SAND HILL CLUB MEETS WITH MRS. JACKSON HOSTESS
Sandhill Home Demonstration club met January 23 in the club room with Mrs. F. H. Jackson as hostess.
Mrs. Glenna Jackson presided over the meeting. Several committees reported. Mrs. C. B. Carmack gave a council report, and Mrs. Ed Holmes reported on the library.
Standing rules were adopted and other committees were appointed for the new year.
A demonstration in making corsets out of nylon was given by Mrs.

J. T. Spears. We had two visitors, Mrs. Johnnie Miller and Mrs. William Mayo, and one new member, Mrs. J. M. Hollums.

Refreshments were served to the following: Mesdames Johnnie Miller, William Mayo, J. M. Hollums, Ed Holmes, A. V. Womack, Eddie King, Jim Holmes, C. B. Carmack, Fred Jackson, J. T. Spears, W. M. Knight, Otis Elliott, Irene Miller, Bill Robertson, Morris Raley, F. H. Jackson, and T. C. Hollums.

Mr. and Mrs. J. Lloyd King and children of Amarillo were Sunday guests of Mr. and Mrs. Glad Snodgrass and Mr. and Mrs. Edd Johnson. Mrs. King is a niece of Mesdames Snodgrass and Johnson. Mr. King is the former district attorney of the Amarillo district.

Shower Compliment To Mrs. Zachory

On January 14 in the home of Mrs. J. W. Giltbreath, a group of friends honored Mrs. Rudolph Zachory, the former Wanda Strickland, with a bridal shower.
Hostesses for the party were Misses Norma Self, Nita Anderson, Barbara Hart, Ruth Stewart, LaJuana and Barbara McCAda, Barbara Dutton, Willie Mae Latham, and Mesdames Dallas Kinard, J. L. Pearsey, Noland Arney and Mrs. Giltbreath.
Mrs. Zachory received many beautiful gifts. She and Mr. Zachory were married on December 29, 1951 and are making their home here. She is employed as secretary to W. E. Grimes and Mr. Zachory is with Clark cleaners.

Coffee Compliments Mrs. Gene Arwine

Thursday morning, January 24, at 10:30 o'clock, Mrs. A. E. Guthrie honored Mrs. Gene Arwine with a coffee.
On the dining table, forming a centerpiece, was a pink carnations arrangement. Coffee was served from a silver service by Mrs. Guthrie.

Guests at the coffee were the honor guests, her mother-in-law, Mrs. J. A. Arwine, and Mesdames Richard Stovall, Gene Collins, Lon Davis, W. E. Garrett, Edell Moore, Lamar Haines, Howard Bess, David Battey, Maurice Steen, Perry Smith, Fred Martin, Claude Weatherbee and Carl Minor, Jr.
Mrs. Gene Arwine left Sunday for Carthage, Texas, where she will teach speech and dramatics, in Carthage Junior college while her husband is in New Port, Rhode Island, in a navy officers training school.

Farm Records Aid to Farmers

COLLEGE STATION, January — Farm records are a big aid to farmers in many ways. They are a must for figuring income tax returns and should be the basis for changing practices and cropping systems on the farm.

The present economic situation calls for expert management and the use of practices that will lead to more efficient production on the farms of the state, says John G. McHaney, economist for the Texas Agricultural Extension Service, and

farm records can be used to find the weak points in present operating plans.

Farm records, he continues, are a kind of mirror. They reflect for study the year's business. And, too, records will show what farm enterprises should be expanded or curtailed. Cost of production figures on the various crops and livestock grown on the farm may reveal that operations now considered minor should be expanded so as to more fully utilize the equipment and labor available.

When it comes to getting credit, farm records will reveal for representatives of loan agencies the productive capacity of the farm and a list of the assets, in inventory form, located on the farm. Records also indicate that the farm is being operated on a business-like basis.

McHaney says many good farm record books are available but he especially likes the one that has been prepared by the economists and farm management specialists of the Texas A. & M. College System. The Texas Farm Record Book was designed especially for Texas conditions. It contains inventories for land, improvements, machinery and equipment, livestock, crops and feeds on hand, farm sales and expenses, farm products used at home, and a summary of the year's farm business.

Inventories, says McHaney, are check-ups on what a farmer owns at the start and finish of each year. Farmers who prepare income tax statements — and that gets nearly everybody — often find deductions not previously claimed after keeping records that include inventories.

Complete and accurate farm records can be had points out McHaney, if only a few minutes each day are devoted to record keeping. He says local county Extension agents can supply information on how to order the Texas Farm Record Book or it may be bought from the Exchange store, College Station, Texas.

Mrs. Lucille Allred and Mrs. Virgie Shaw accompanied Mrs. Allred's mother, Mrs. P. M. Pauble to Dallas on Friday morning, where Mrs. Pauble will visit with friends for a few days. Mrs. Allred and Mrs. Shaw returned home Sunday afternoon.

TIDELANDS MONTH PROCLAIMED—Texas Governor Allan Shivers is shown here as he signs the official proclamation setting the month of February as Tidelands Month in Texas. "Naturally," says Shivers, "Texas would pick the biggest February in years (29 days this year) to stage their fight to retain the Tidelands." The campaign which opens February 1 will be made to solicit funds from Texans to finance the people's fight to retain the land which the federal government is trying to take away from the state and the school children of Texas. The slogan "Remember the Alamo" is now "Remember the Tidelands." Witnessing Shivers' signature is M. K. Weitzel, secretary of the State-wide Tidelands Committee, which

organization is leading the fight, backed by some 20 other state groups and associations.

Jersey Produces Thousand Pounds Butterfat in Year

COLUMBUS OHIO— January 25 Surpassing the 1,000 pound butterfat mark on official register of merit test was the recent accomplishment of Commander's Pretty Sue, a Jersey cow in the Victory Jersey farm herd. Victory Jersey farm is

owned by Chester Eliff, Tullis, Texas. Commander's Pretty Sue produced 15,296 pounds milk containing 1,004 pounds butterfat during her recently completed lactation in 365 days at the age of 2 years and 9 months. This record won her the Silver and Medal of Merit awards of The American Jersey Cattle club and made her the national senior 2 year-old champion of all Jersey cows of this age class enrolled on Register of Merit test.

Few dairy cows ever produce 1,000 pounds butterfat at such a young age. On a twice daily milking, 306-day mature equivalent basis this cow's record is equal to 15,752 pounds milk with 1,035 pounds butterfat.

Commander's Pretty Sue has a type classification rating of Very Good.

Center Club Meeting Held Friday With Mrs. McNeill

The Center Home Demonstration club met in the home of Mrs. M. J. McNeill on January 25. Mrs. Tom Noland conducted the business meeting and then turned the meeting over to Mrs. Clyde Burton and Mrs. W. B. Jordan who showed how to make nylon corsages. Mrs. Wilson was the only one who finished her flower.

We were glad to have the visitors and invite them to come back. Anyone who wishes to attend the meetings is invited to come.

Delicious refreshment plates were served to the following guests: Mesdames Addie Thagard, J. D. Welborn, G. N. Shirley, N. S. Abbott and Margaret Green.

Members present were Mesdames: Oliver Allen, Lee Golightly, Clyde Burton, W. B. Jordan, Frank Dunn, Earl Hunkabee, R. C. Ross, J. A. Hartsell, Tom Noland, J. E. Green, Henry Willis, W. L. Hartline and O. C. Vinson.

The next meeting will be in the

home of Mrs. H. B. Mankins on February 8.

Mr. and Mrs. Charley Battey, Mr. and Mrs. Thomas Warren and children, Elaine and Edwin, visited Sunday with Mr. Battey's sister, Mrs. A. T. Pratt and Mr. Pratt of Rails.

Meet the Most Challenging New Car of the Year

and for Years to Come!

the New 1952 **MERCURY** with **MERC-O-MATIC Drive***

CHALLENGING NEW 125 HP HIGH-COMPRESSION V8

Here's the new stepped-up successor to the engine which for two straight years won top class honors in officially sponsored economy tests. This year—even more efficiency, greater horsepower, and better power-to-weight ratio. It's high-compression, V-8 power at its best—by the company which has built more V-type engines than all others combined.

3 GREAT TRANSMISSIONS—Mercury offers you a choice of three dependable performance-proved drives: silent-ease standard transmission; thrifty Touch-O-Matic Overdrive; and Merc-O-Matic*, greatest of all automatic drives.

*Optional at extra cost.

FEAST your eyes on this, America. Mercury has done it—brought you a really new 1952 car that's far, far ahead... that stands as an even greater challenge to the motoring world than last year's Mercury, one of the most popular cars that ever came down the American Road.

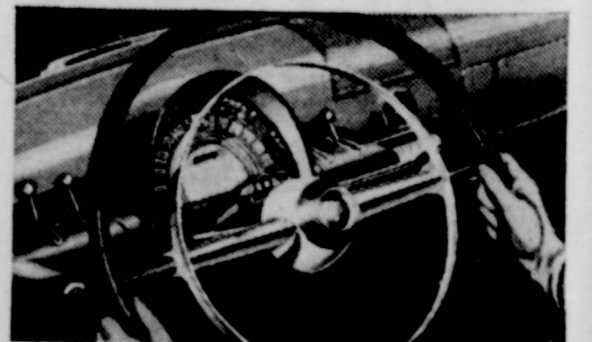

Your first look begins to tell you why. For here's something entirely new in car design... swift, clean lines that sweep from the new "Jet-scoop" hood (inspired by the smartest European cars) to a strikingly new rear deck design. Here's styling made possible for the first time in automotive history by revolutionary new

techniques in metal engineering.

But wait till you feel the stepped-up pace, the steady balance of this beauty. There's more power—125-horsepower high-compression V-8—greater pick-up, and even better efficiency. And that's saying plenty when you think of the prize-winning Mercury performance of recent years.

So hurry on down to our showroom. Be one of the first to see, drive, and own the car with the "future features" today... the challenging new 1952 Mercury.

Standard equipment, accessories, and trim illustrated are subject to change without notice. White side wall tires, when available, at extra cost.

CHALLENGING NEW FUTURE FEATURES

No other car on the road offers so many advanced features for your comfort and convenience. Features like the up-front, "quick-sight" Interceptor instrument panel, matchless Merc-O-Matic Drive*, suspension-mounted "Floor-Free" brake pedal, and the centralized "Hide-Away" gas cap for easy fueling from either the right or left. It's your look today at the cars of tomorrow.

Leach-Ware Wedding Vows Said In Church Ceremony at Clovis

CLOVIS, NM., Jan. 20. — Miss Phyllis Leach, daughter of Mr. and Mrs. J. C. Leach of Clovis, NM., former Amarillo resident, and Bill O. Ware, son of Mr. and Mrs. W. P. Ware of Floydada, were united in marriage in a ceremony performed recently at the First Presbyterian Church.

Rev. William James, pastor, read the double-ring service before an altar flanked by fan-shaped bouquets of white gladioli and stock. A background was formed of palms and four seven-branched candelabras. In front of the chancel rail was a white wrought iron grill entwined with ivy streamers. White satin bows marked the pews.

Nuptial selections included "I Love You Truly," "Indian Love Call" and "Somewhere a Voice is Calling," sung by a trio composed of Mrs. C. F. Green, Mrs. Annie Lee Chumbley and Miss Dorene McDowell. Organ accompaniment was furnished by Mrs. Lynn Martin.

Given in marriage by her father, the bride chose a gown of imported Chantilly lace over white, bridal satin. The nylon tulle yoke featured a pearl turnover collar and was accented with veiled pearls. The fitted bodice had long sleeves which terminated in pearl points over the hands, and the brilliant skirt formed a cathedral train.

Securing her finger-tip veil of silk nylon illusion was a lace trimmed Juliet cap embroidered with veiled pearls. She carried a bouquet of white peonies, chrysanthemums and Frenched white roses centered with a single orchid and festooned with sprays of Chantilly lace.

Maid-of-honor was Miss Fernetine Crowley of Shanon, Tex. Bridesmaids were Mrs. Joan Howard of Beaumont, Tex., and Miss John Ware of Floydada, Tex., sister of the bridegroom. The honor attendant was seated in a Nile green ballerina length gown of nylon and tulle. The bridesmaids wore identical dresses of beige and pink and braided tulle of net. They carried varicolored flowers on overcasted satin-covered wedding rings, adorned with clusters of yellow jonquils.

God Parents were flower girl and was seated in a gown of yellow tulle and net and carried a basket

Strickland-Zachory Wedding Ceremony Said December 29

In the home of his sister, Mrs. Jess Stanton, on December 29, Thurman Rudolph Zachory and Miss Wanda Strickland were united in marriage by the Reverend A. B. Dickerman.

The attendants were Mrs. Betty Connell of Houston and Buddy Beardsley of Plainview.

The bride chose for her wedding a blue velvet dress with pink and navy accessories, her corsage being pink carnations.

The parents of the couple are Mr. and Mrs. J. T. Strickland of Floydada and Mr. and Mrs. T. A. Zachory of Plainview.

Following the ceremony, a reception was held, when a three-tier wedding cake was served by Mrs. Stanton and Miss Alma Killings of Plainview, presiding at the table.

Only relatives and close friends attended the wedding. They were the parents of the couple, and Mes-

rs. and Mesdames Leonard Strickland of Fort Worth, Jude Strickland and sons of Lockney, Kenneth Connell of Houston, Reverend and Mrs. Dickerman, Mrs. Mattie Hall and Bill Strickland of Fort Worth, and Misses Nell Jones, Willie Mae Lat-

ham and Alma Killings of Plainview, and Buddy Beardsley of Plainview.

As A Farm Woman Thinks

(Nellie Witt Spikes)

We have been the recipients of the choicest bounties of Heaven; we have grown in wisdom, wealth and power as no other woman has ever known. But we are forgotten. We have forgotten the gracious hand which pressed us in peace and multiplied our riches and strengthened us, we have vainly imagined, in the deceitfulness of our hearts, that all these blessings were provided for our own. Intoxicated with the broken success, we have become self-sufficient to feel the necessity of redeeming and preserving us, too proud to pray to the God who made us."

The above is not a warning from a modern writer's pen, Abraham Lincoln gave the same warning, and we would be wise to heed his words this day of 1952.

I enjoyed the John Deere Show week as we do every year. We heard that among the large crowd farmers were many retired ones. But we saw the good seed of earth being turned for the hard view, we smelled it and feel it in our hands. I know

that every man looking on, felt himself at the wheel of the tractor, looking into the sky above and felt kinship with farmers all over our land. The women, too, were happy to see the good farm houses with all their modern comforts, and I know every one of the older ones in the audience recalled with a pang in their hearts the thrasher and the good thrasher dinners and comradeship of other days. No, we elder ones were not there only because it was a free show, but the farming days were happy days and we like to live them in picture and song and to keep up with our farming today.

"I feel that in the Heavens above, The angels, whispering to one another, Can find, among their burning terms of love None so devoutly as that of "Mother."

Seven of us met at mothers in Lubbock to celebrate her birthday which is the seventh of February, but for good reason we had to meet earlier this year than usual. Edna was not able to be with us on account of a severe cold. Her son, George is on the front in Korea but we feel he will be back with us again. We had such a good time being together again. I am the oldest and Josephine the youngest. Lowell and I can remember things together. Joe, Guy and Jim are younger and they have many memories in common. Lois lives near Lubbock and her daughter's picture in the Lubbock Avalanche, Mildred Young, was seen lately as one of the young Lubbock mothers stepping out on the March of Dimes campaign. How

young it makes us feel to be together with mother once more. And she likes to wait on us and we like to let her as we did when we were children. So another day is put away to be loved and remembered.

"After the verb, 'To Love,' 'To Help' is the most beautiful verb in the world."

"Our life is like some vast lake that is slowly filling with the stream of years. As the waters creep surely upward the landmarks of the past are one by one submerged. But there shall always be Memory to lift its head above the tide until the lake is overflowing."

"I do not know any reading more easy, more fascinating, more delightful than a catalogue."

"Love all of God's creation, the whole an every grain of sand in it. Love every leaf, every ray of God's light. Love the animals, love the plants, love everything, you will perceive the divine mystery of thing Once you perceive it, you will begin to comprehend it better every day. And you will come at last to love the whole world with an all embracing love."

I like to read good quotations so will share with you, hoping you like them also.

At Pearsall, Texas, Wedding Ceremony

Mr. and Mrs. L. L. Jones and Mr. and Mrs. Lane Decker leave today for Pearsall, Texas, where they will attend the wedding of Miss Anna Katherine Gardner, a former roommate of Mrs. Decker, in college. Miss Gardner and Marion William Holland will be married in the First Baptist church in Pearsall Friday night.

Mr. and Mrs. Jones will go to Waco after the wedding to visit with his mother, Mrs. W. N. Jones, who will celebrate her 80th birthday on Sunday.

Mr. and Mrs. Decker will visit another school friend of Mrs. Decker's Mrs. Ford Glass, jr., in San Antonio, and return to Waco for the family dinner on Sunday.

From Waco Mr. and Mrs. Jones and Mr. and Mrs. Decker will go to Florida for several weeks stay.

Mr. and Mrs. Floyd Trowbridge of Petersburg were shopping in Floydada on Saturday.

Pastor Called by Bible Baptist Church

The Bible Baptist church, recently organized in Floydada, announces they have called the Reverend Vernon Cline of Lubbock to be their full time pastor.

The new pastor has accepted the church call, after a week's series of meetings, during which 10 new

NEW PASTOR Rev. Vernon Cline, of Lubbock, has been named pastor of the Bible Baptist church of Floydada.

Members were added to the membership, six by baptism and four by letter.

Reverend Cline's latest work was with the Monahans Baptist church as associate pastor. He received his seminary work at the Bible Baptist seminary in Fort Worth.

The members have been holding their Sunday morning and evening services in the Surginer Building on the north side of the square. They are planning on building a house of worship as soon as an appropriate building site can be found.

AUTOMATIC TRANSMISSION FOR A COMMERCIAL TRUCK

PONTIAC, MICH., Jan. 25 — A fully automatic transmission has been placed for the first time in a commercial model truck, it was announced today by the GMC Truck & Coach division in the introduction of a new parcel delivery unit.

The new GMC truck has the Dual Range Hydra-Matic drive as standard equipment, providing three speeds for city driving and four for suburban or country driving.

Mrs. F. O. Conner and Mrs. Ray Taylor of Vernon spent last week in Sulphur Springs, visiting their mother, Mrs. J. H. McManus.

I have never yet met anyone who did not think it was an agreeable sensation to cut tinfoil with scissors. —G. C. Lichtenberg 1799

Former Resident of Floyd Passes at Silverton Home

Funeral service for Mrs. Elizabeth DeBusk formerly of Floyd County was held last Sunday at 2 p.m. in the First Baptist church in Silverton, with the Reverend G. A. Elrod conducting the service. Interment was in the Floydada cemetery under the direction of the Douglas Funeral home of Silverton.

January 25. She suffered a stroke Tuesday morning in the home of her granddaughter, Mrs. Henry Price, with whom she made her home, and was taken to the Silverton hospital. Mrs. DeBusk had been almost blind for three years and a partial invalid for 18 years.

Mrs. DeBusk was born Elizabeth Madeline Stanley, on September 26, 1864, in Florida. She was married to E. L. DeBusk in 1889. Mrs. DeBusk joined the Baptist church in her youth. She and her family lived in Florida until 1912, when they moved to Texas. Mrs. DeBusk had moved her home with Mrs. Price since 1929. She and Mr. and Mrs. Price moved to Silverton in 1945. Survivors include two sons, Bar-

ney of Everton, Arkansas, and Raymond of Brownfield, Texas, one daughter, Mrs. J. N. Stewart of McCamery, Texas. 24 grandchildren and 40 great grandchildren and one great-great grandchild. Mrs. DeBusk reared seven children of her own, to be grown and two granddaughters, Mrs. Price and Mrs. C. M. Jones of Waurika, Oklahoma.

Mrs. DeBusk and Mr. and Mrs. Price lived in Floyd County, when the Prices taught school at Baker, Liberty, Fairview and Floydada.

Mr. Price is now manager of the Willson and Son Lumber company at Silverton and Mrs. Price is the bookkeeper.

Mr. and Mrs. John Loyd and Mrs. Dot Hammonds of Floydada attended the funeral at Silverton.

Lee Sandifur of Austin is with her at present.

Mr. and Mrs. Brewer and baby visited Sunday afternoon with her parents, Mr. and Mrs. Ted Chapman and family of Floydada.

Margaret Green, accompanied by Jane and Dorothy Young, all students of Wayland spent the weekend in the home of Margaret's parents, Mr. and Mrs. J. E. Green.

Mr. and Mrs. J. R. Robertson visited in the J. D. Welborn home Sunday afternoon. James David Welborn returned Sunday evening from Fort Worth and the fat stock show, with the F. F. A. boys.

Homer Guffee visited in the R. C. Ross home Sunday afternoon.

The J. H. Norrells visited in Spur recently with Mrs. Norrell's parents, Mr. and Mrs. Victor Green of Plainview were Sunday guests of his parents, Mr. and Mrs. Green and Margaret. In the afternoon they called on Mr. and Mrs. Anthony Latta of Floydada.

The Hartlines visited in the Welton Miller home Friday evening. Little Julia Ann Miller is sick with a cold.

Mr. and Mrs. D. I. Bolding visited the J. E. Green's Thursday evening. Among those sick with flu last week were the W. L. Hartline and M. H. Rodham families.

Mrs. W. M. Ferrier of Cedar Hill and her son visited Sunday afternoon in the home of her sister, with Mr. and Mrs. Walter Sims.

A party composed of Messrs. and Mesdames Claude Pawver, Grady Mason, G. L. Pawver and daughter, Doris, and Mr. and Mrs. Curtis Siner of Lubbock attended the stock show and rodeo in Fort Worth, this week. They returned home today.

Mr. and Mrs. P. O. Rudy of Lubbock were visiting old friends in Floydada on Wednesday. They lived in Floydada in 1943-1944. They have since been living in Shawnee, Oklahoma, moving to Lubbock mid-December 1951.

Tilson the Magician Will Appear Here Friday of Next Week

The Girl Scouts and the Brownies are proudly proclaiming their forthcoming benefit show at the high school auditorium Friday night of next week, the night of February 8.

The youngsters have the promise of Tilson, the magician, to be off hand and entertain. They need funds to carry on their activities and with a fine program assured, hope to have a house full of people.

Admission for students will be 25 cents, for adults 50 cents. The youngsters are staging an advance sale of tickets.

Mrs. George Caven, Mrs. Jake Watson and Mrs. Kearney Edmiston are among the adults who are helping guide the Brownies group. Mrs. A. C. Carthel, Mrs. J. N. Scrivner and Mrs. L. F. Martin are among those who are active for the Girl Scouts.
