

Pioneers Re-Union Wednesday

PRIMES BOYS STATE CHOICE REGION FOR WEEK IN AUSTIN

has been selected by the American State in Austin...

Bert is the son of Judge and Mrs. W. E. Grimes of Floydada...

Organized recreation is compulsory for a brief period each day with qualified instructors in charge.

There will be probably 400 boys present at the meeting and they will carry on the mythical "49th" state.

Bert is the son of Judge and Mrs. W. E. Grimes of Floydada. He was born at Muncy on November 7, 1924.

PRICE DANIEL — Attorney general of the State of Texas who is journeying from Austin to Floyd county to help the old settlers celebrate Wednesday.

Demo Delegates To San Antonio on Tuesday Next

State presidential convention of the Democratic party in San Antonio Tuesday of next week will be attended by all three of the delegates elected from Floyd county.

1904 Pioneer Will Be Here For Re-Union

The letter below from the Reverend Roy L. Crawford, pastor of the First Methodist church at Moody, Texas, refers to pioneer days in Floyd county and tells of his plans to be here on May 28.

I plan to be at the Floyd County Pioneer reunion this year on May 28. I was a pioneer, but didn't stay in Floyd county but two and a half years.

I lived near Lockney on a farm from February, 1903, to August, 1905.

During the school term of 1904-05 my father, Mr. H. S. Crawford, taught school at Floydada, and we lived in the east part of the town.

I am pastor of the First Methodist church, Moody, Texas, having been here since last June.

I can remember Ulmer White, the Shipley boys, the Henrys, Poseys, Snodgrass boys, the Bakers, G. Childers (I think the name was), Claude Hall, editor of the Hesperian at the time. Mr. Houghton the lawyer. The old grist mill run by a windmill.

During the years many other names seem to have hid from my memory just now.

I have not been back to Floydada since that winter, except once in 1922 at night in a heavy rainstorm on my way to Plainview.

I hope to see you May 28 at the Reunion.

Sincerely yours, Roy L. Crawford, Moody, Texas

R. I. BENNETT — President of the Floyd county Pioneers Association, will preside at Wednesday's sessions.

Death Claims Ben O. Quebe

Friends over Floyd county were shocked and grieved to learn of the sudden death of Ben Otto Quebe, 63, prominent Providence community leader and farmer, Mr. Quebe died at his home on Sunday morning, May 18, suffering a heart attack while seated at the breakfast table.

Funeral service for Ben Quebe were held Tuesday afternoon from the Providence Lutheran church, in northwest Floyd county, at 3 o'clock with Rev. H. L. Anderson, the pastor, officiating.

Burial was in Plainview Memorial Park. Pallbearers were nephews of the deceased — Jake Jones, Helmut Quebe, Luther Brandes, C. F. Weiss and Elmer, John Hugh, Marvin and Mac Bubert. Honorary pallbearers were Jimmy Thompson, Jim Jones, Wilfred Stoeriver, L. B. Brandes, Ted Boedecker and Hubert Stoerner.

Native of McGregor

Mr. Quebe was born August 8, 1888 at McGregor, Texas. He was married on January 14, 1914, to Miss Edna Brandes of McGregor. The couple moved to Floyd county and settled in the Providence community, where they have since lived.

Mr. Quebe has been a resident of Providence for the past 38 years. He took a prominent part in all community affairs, helping establish the school and church there. He was (See Ben O. Quebe, back page)

BOY IS BORN TO FORMER MEMBERS HESPERIAN FATHER

Lt. and Mrs. Maurice Steen, 324 West Missouri street, have a son born on the night of May 15 at Peoples hospital. The couple have named the boy Brad Homer. He weighed seven pounds, seven ounces at birth.

Mr. Steen and her first-born are at the home of her parents, Mr. and Mrs. Alva Sparks, 323 West Jackson since the first of the week.

The lieutenant is in Korea, a pilot with the Fifth Air Force. He hopes to return to the states, Mrs. Steen said, in the late summer or early fall. Both parents are former members of The Hesperian working force.

SEVEN MONTH CIRCUIT

Talented Florida Woman Paints As She Journeys Coast to Coast

The mustachioed cowboys, bucking broncos and stage coaches which have appeared on the show windows in downtown Floydada this week came from the talented paint brush of Miss Mary Collett, Western Specialty artist from Lakeland, Florida.

Miss Collett was in town to help Floydada advertise the Floyd County Pioneer Reunion on May 28.

Floydada was one of the many stops that Miss Collett will make this year as she follows the rodeos and western celebrations from Texas to Southern California. She travels 1100 miles a week over the southern and western United States, painting as she goes.

Year Starts in March

Her working year starts in March and Port Stockton in Texas was her first stop this year. After she covers the western half of Texas, she will head into Oklahoma, then Kansas and Colorado, and on to the west to southern California, Brownfield, Clarendon, the Dalhart XIT Celebration, Raton and Colorado Springs, Colorado, Palm Springs and Mojave, California, are some of the points she will touch during the year.

She travels alone most of the time and uses a salesman only during the rush season which is around the Fourth of July and the August fairs. She is at her Florida home five months out of the year from October through February where she does Christmas decorations and

Floyd county pioneers are getting all set for their biggest re-union year since 1940 when they celebrated the fiftieth anniversary of the county's founding.

This week, old man weather being kind, it is indicated that the biggest crowd to hear a speaker, the biggest parade to traverse the streets of Floydada, and the biggest crowd to enjoy a barbecue at a re-union in many days will be on hand.

President R. I. Bennett, all his committeemen, and the members of the sheriff's posse have been making preparations in detail. They think they've got the thing under control and the big pot ready to go into the little one.

Ceramics and China Exhibit Opens Monday

The Floyd county ceramics and china painting exhibits opens in the library room of the Floyd county court house for a three-day showing.

The exhibit is sponsored by the Paint Brush Art club of Floydada and is open to everyone in this West Texas area who would like to bring their ceramics and china painting work for display. The work will not be judged and no prizes are offered.

Entries will be accepted at the library on Monday morning from 9 until 12. There is no limit on the number of entries submitted.

The exhibit will be open to the public from two until five on Monday, May 26, Tuesday May 27, and all day from nine until five on Wednesday May 28.

The Floyd county pioneer reunion visitors have a special invitation to see the ceramics and china painting exhibit during their celebration.

Entries from five counties

Classes of Mrs. Clyde Henderson, Mrs. Ona Mitchell, and Mrs. E. J. Barker will have entries in the exhibit. Entries are expected from Motley, Hale, Briscoe, Crosby and Floyd counties.

There will also be a display explaining the technique of China Painting and ceramics which will show plates, greenware, brushes and kiln used in the process.

Members of the Paint Brush Art club said this week that they plan a float for the Floyd County Pioneer Reunion on May 28.

Posse Numbers Show Growth

The Floyd county sheriff's posse in their Monday night meeting elected two new members and chose a sponsor to ride with them in the old settlers parade May 28 and at Hereford May 30.

The posse now has a membership of about 52 men and boys, according to secretary Kenneth Crouch. They have all plans made and are in readiness for the big parade on pioneers day when they will be out in full regalia.

Holy Land Trip For Pastor Is Surprise Gift

A check for \$2,200 to cover the cost of a trip to the Holy Land was the surprise gift presented R. Earl Allen, pastor of the First Baptist church, Monday night, following the program of the Baptist brotherhood at the church.

The presentation was made by John B. Stapleton, president of the brotherhood. The pastor plans to spend six weeks on the journey to the east in company with Dr. C. M. Thacker. They plan to leave here the last week in July.

Lightning Gets Her Horse

That didn't last long though. On tour a few months later the horse was killed by lightning in Shawnee, Oklahoma. "There I was fifteen hundred miles from home and nothing to do," she said. "That's how I got started painting wind-does." It paid off so well that she kept at it. That was six years ago.

Driving from Florida to the West coast each year is a strenuous life says Mary Collett. But it's interesting, and no one can say that it isn't colorful.

She spent Friday, Saturday, Monday and Tuesday of this week in Floydada. Crosbyton and the Crosbyton rodeo is the next stop on her painting schedule.

Old Time Cowboy Talks

The church picnic of the evening sponsored by the brotherhood organization of the First Baptist church that was to have been at the Baptist Assembly grounds in Blanco canyon at 6:30 o'clock. It was transferred to the basement of the church owing to the cool spell and inclement weather. Over three hundred persons were present for the picnic supper each family brought food for their family and enough for more.

John Stapleton, president of the organization and his committees had everything under control and a good time and a wonderful supper was enjoyed.

The guest speaker was Joe M. Evans, of El Paso, a Baptist layman and an old time cowboy of west Texas. Mr. Evans proved himself an able speaker. He gave many personal experiences in his life including days at the Boy camp meeting held each year for cowboys at the Boy camp grounds in the Davis mountains.

FLOWER SHOW FRIDAY

Floydada Garden club will hold their spring flower show on Friday, May 23, in the hall of the county court house, the place having been changed from the county council room on the third floor.

All entries in the show must be placed by 10 o'clock and remain in place until 6 p.m.

The staging committee and other committees have everything in readiness for the show and the public is invited to attend.

It was thought by the committee that the change to the hall of the court house would be more easily visited by more people, hence the change of location. Following are given the list of entries to be shown the rules of the show and the committee of women who have details of the show in hand:

Annuals: 1. Petunia, 3 sprays; 2. Larkspur, single 3 spikes; 3. Larkspur, double 3 spikes; 4. Phlox, 3 sprays; 5. Snapdragon, 3 spikes; 6. Snap, single, 3 blooms; 7. Poppy, double, 1 bloom; 8. Pansy, 3 blooms; 9. Any annual (not previously listed) 5 blooms.

Rules of the Show: 1. Entries must be made between 8:30 a.m. and 10:00 a.m.; 2. All entries will be judged if classified and placed by 10:00 a.m.; 3. Only one entry in each class may be made by an exhibitor; 4. The Show is not limited to Garden Club members. All who are interested in gardens and flowers are cordially invited to exhibit; 5. Foliage allowed in all arrangement classes; 6. All specimens must be grown by exhibitor; 7. All flower containers are to be provided by exhibitors; 8. The flower show committee will not be responsible for any containers or other properties left at the flower show; 9. Entries must remain in place until 6:00 p.m. and must be removed by 6:30 p.m.; 10. Three entries in each class will be necessary before they can be judged.

Committee Appointments

Mrs. Guy Ginn, president of the Floydada Garden Club, has announced the following committees to help with the flower show to be held May 23 in the Council room in the court house.

Williams Vice Commander of District VFW

The annual convention of District 13 of the Veterans of Foreign Wars held in Plainview May 17-18, had over 200 veterans and women auxiliary members present. All the 14 posts of the district were represented.

Bud Clark of Plainview was re-elected commander of the district. E. T. Williams of Floydada, was elected senior vice-commander with Perry McMinn of Hereford as junior-vice commander, L. M. Cox of Matador as quartermaster, and Alben Harp, Childers, post advocate. Jim Leath of Wellington was named surgeon and Wayne Lawrence, Hereford was re-elected chaplain.

The next convention will be at Littlefield, the date to be announced later, probably in August or September.

In the Auxiliary meeting, the election of officers was held with Mrs. Mattie Jones of Memphis elected president, Mrs. E. T. Williams of Floydada, junior vice-president, Mrs. Louella Scarbrough of Plainview senior vice-president, and Mrs. David Campbell of Matador as guard.

Attending the meeting from Floydada were Mr. and Mrs. E. T. Williams and Mrs. Leon Ferguson, Mr. and Mrs. L. B. Stewart Jr., and Mr. and Mrs. W. R. Daniel.

Pie Supper Friday Night at Campbell

The Campbell community will have a pie supper and candidate speaking on Friday night, May 23, at 7:30 o'clock, to which the public is invited. All the ladies are asked to bring pies, and the candidates are urged to be present.

The supper and speaking will be at the Campbell school house, said Mrs. H. F. Pratt.

New Booking Agency Takes Over Contract of Concert Assn

It's the Floydada Community Concert association now, not Municipal Concert association. In a way it doesn't make any difference. In another way it does.

Principal difference is that now the booking agency holding the association's contract is in Chicago instead of Houston and has a considerably wider choice of talent. Community concert booking center succeeded the municipal booking center in Floydada set-up when the contract here was transferred to the larger organization.

Said Edwyn Garrett this week: "Community was formerly not interested in the smaller towns but has taken over a few small city contracts in Texas as several scores offered them. Floydada's concert association was complimented when it was accepted into the group that serves associations in larger cities of the state. One result will be a larger list of more prominent artists available to the local group."

The board of directors Monday night gave their approval to the new arrangement, when they met with Mrs. Lela Lombard representing Community concert.

Buddy Poppy Sale Next Saturday

The week of May 24 thru May 31, has been designated by the Veterans of Foreign Wars as annual "Buddy" Poppy sale week. Governor Allan Shivers has proclaimed this week as "Buddy" Poppy week.

Members of the local VFW auxiliary will sell Poppies on Saturday, May 24, on the streets of Floydada. All proceeds from the sale will be used for the benefit of the men now serving in the Armed forces and needy war veterans and the orphans and widows of deceased veterans.

Apparently there is no end to the test that fair-minded people must have their patience put to. Latest is the president's insult to the intelligence of people who are in possession of the facts about the tidelands. "A broad open daylight steal—on a wholesale scale" he calls it. In similar vein to his way of snafuing the steel situation and then broadcasting the story that the enemies of the nation are trying to sabotage the defense effort. Nam Il couldn't do better in Korea.

Commencement week winds up the school year in Floydada public schools on a mid-week instead of the usual Friday night, occasioned doubtless by lost days due to bad weather, illness and the like. The graduating class is the smallest in recent school history. Not long after these youngsters got started into their scholastic work it was freely said that America had reached maturity as a nation. Henceforth, men high in authority said, the United States would follow in the steps of such countries as France and England, where the population gradually dwindled after so many hundred years. No more school houses would have to be built except as replacements for those which wore out from use. People in remote places assumed the people responsible for these expressions knew whereof they spoke. It began to be accepted that such would be the case. People began to take on the passive attitude which marks populations which assume they have achieved all they shall ever achieve. It took a war to prove to the nation that all such talk was far from the mark. Now the people of the United States are actually paying more federal taxes by several billion than they received in income from all sources the year these youngsters were in the second grade. Forecasts, either that the jumping off place has been reached or that there will never be another crisis, have always proven wrong. This is another illustration of that fact. While the youngsters are being told that their parents have made a mess of things that they will have to straighten out in another generation, their parents at least have confounded the figure heads by disproving their alarming forecast of less than two decades ago. Congratulations to the youngsters of the class of 1952 for having papas and mammas who would not admit they were whipped back in 1940 and on back to 1934.

Stand still and silently watch the world go by . . . and it will!

The Old Settlers have their annual get together, their re-union, before another issue of The Hesperian goes to press. It is on a Wednesday, the country newspaper's idea of a nightmarish day for a big event to occur. Not only will he be scooped by all his city neighbors on the events of the day, even his report sans pictures, will be dwarfed by the better job done by a reporter who has nothing else on his mind but that assignment. However, if the country newspaper man does not want things like that to happen to him he can dig him a hole, crawl in it and pull it in after him.

Insurance companies suffered such tremendous losses in excess of their premium that something had to be done about the rates. This is the answer, or part of it, for the recent advance in the cost of the automobile insurance you are required to buy in Texas. The casualty companies forecast now that their claim costs will continue upward for the next two years at least regardless of what happens to prices generally. Stated bluntly, the basic reason for the increasing upward trend in loss costs is the apathy of the people of the country toward the entire problem of automobile accident costs. The National Bureau of Casualty underwriters declares. There is also the more underlying problem of the automobile as an instrument of death, bodily injury and property destruction. How to make people think in those terms?

A resident of the southwest can't help noting the similarity in the way big business and big labor is acting these days, both apparently bent on having their way, like they battled in the twenties, whether or not it rocks the boat. The man who is to the good earth bound has had to note the downward trend in the essential commodities for a year or so. Despite ups and downs and occasional commodities getting out of line upward the trend has been downward. Particularly the producers' net is going down. One would think this historical signal of danger ahead would suffice the men who struggle for advantage in the industrial world. But both now are talking of "guaranteed" stockholders profits, "guaranteed annual wages" for working men. Sounds almost exactly like Mr. Hoover's talk of two cars in every garage a quarter of a century ago.

News of Harmony

(By Mrs. Mather Carr)
HARMONY, May 19 — The Women's Society of Christian Service met May 12 at the church with our study lesson review which was enjoyed by all, and Mrs. Wheeler Tur-gave the devotional.

Zant Scott, Mrs. Rueben Rutherford of Plainview, Mrs. Charlie Elard and daughter Linda of Petersburg and Wright Scott attended the funeral of their uncle, Homer Scott at the Methodist church in Sparenburg, Texas, Tuesday of last week. Burial was in Lamesa cemetery. Mr. Scott was a brother of the late D. T. Scott and had visited his brother here a number of times. Mr. Scott was superintendent of the Methodist S. S. at Sparenburg for a number of years before he became ill several years before his death.

Miss Iva Elmore Smith returned Tuesday of last week from New York and other large cities as a delegate to the Girl Scout organization. She left for her station in Abilene Wednesday, where she took up her duties.

Mr. Ivan Bailey of Crosbyton visited in the Wesley and Mather Carr homes Tuesday of last week. Mr. Bailey is a brother of Mrs. Wesley Carr.

We are still having our mid-week services at the chapel, and are having good services and singing. Everyone is invited to attend. Philip Kerbs brought the devotional and Tommie Smith directed the choir practice.

The community held their regular monthly meeting at the Center Friday night of last week. Donald Pinkner and his committee on soil conservation were in charge. Those on this committee are Donald Pinkner, Chairman, Milton Evans, Bill Edwards, M. D. Ramsey, Bill Tucker, G. L. Snodgrass and probably others. They had Mr. Bob Gibson, the County Agent, out and he showed moving pictures which were enjoyed by all. Mrs. Gibson and children, Miss Leila Petty, and Mr. Sherman Smith were also present; we are always glad to have

guests. Refreshments were served to about 45.

Mrs. Riley Holmes, Mrs. Marvin Smith, Mrs. Carrick Snodgrass and Lajuana Sue Williams have been on the sick list the past week.

Mr. and Mrs. Loyce Turner visited friends in Amarillo Sunday.

Several went on the beautiful home tour at Floydada Sunday.

Mr. and Mrs. Glen Pool attended a birthday dinner for Mr. Pool's father at Beckton Sunday.

Mr. and Mrs. R. B. Gary and Mrs. Mather Carr attended the Baccalaureate sermon Sunday night at Petersburg. Christine Byerly is one of the graduates who lived in our community for a number of years.

Mr. and Mrs. Monroe Schultz and children visited relatives in Lubbock Sunday.

Mrs. Charlie Watson who has been a patient in the Lubbock Memorial hospital since last Thursday had major surgery there Monday morning, a goitre operation. She is improving and will probably be returned to her home this week-end. Mrs. Luthner Watson of "Texarkana" her son, Don Watson, recently returned from Korea have been visiting in the Watson home for the past week.

Floydada to the hospital on Thursday evening. It was found she was suffering with pneumonia, and was very ill for three days. Mrs. Edmonds stayed with Diane. They were released Sunday noon. The child is getting along fine now.

Mr. and Mrs. Otho Sanders made a business trip to Tulsa on Friday morning. During the afternoon Friday Mrs. Sanders went to Floydada, and spent the afternoon visiting her mother, Mrs. C. E. Barlett.

Mr. and Mrs. George Bentley, from Tracy, California, arrived in Floydada Thursday morning, and Mrs. Don Shurbet brought the young couple to Mrs. Bentley's aunt, Mrs. R. E. Young, where they spent the week-end visiting the family there, and with Mrs. Bentley's sister, Mrs. Grigsby Milton and family at their home. They returned to their home in California Monday morning. While here they enjoyed being at church twice, and at the music recital Thursday evening. Mrs. Bentley was Lorena Willford before her marriage. They spent last week visiting Mr. Bentley's relatives, who reside in Zavalla, Texas.

Mr. and Mrs. Bob Reeves, who have been living in Corpus Christi, arrived here over the week-end, and are staying at present with Bob's parents, Mr. and Mrs. Sim Reeves. They have come home to stay.

Mr. and Mrs. Herman Thornton and small Kay, are about to get all settled in their new home just north of South Plains. Tuesday night they went to Lubbock to a lovely dinner party given at the home of Mr. and Mrs. J. J. Moore. Kay stayed with her maternal grandmother, Mrs. Wade Deavenport.

Mr. and Mrs. Don Shurbet spent Friday afternoon with Mrs. Shurbet's parents, Mr. and Mrs. R. E. Young. They had supper with them before returning to their home in Floydada.

Pupils of Mrs. Yearly in Recital

The pupils of Mrs. Rene Yearly were presented in a recital at the South Plains Baptist church Thursday evening at eight o'clock, May 15. It was a pretty affair, with all the participants in formal attire. The girls in their long dresses of beautiful hues, and the boys in dark colors, made a lovely setting for the musical selections which they gave with grace and dignity. Mrs. J. H. Allen assisted Mrs. Yearly in announcing. The pupils who were presented were Sue and Gary Wilson, Frances and Carla Lemons, Eulalia Sanders, Harold and Arlene Hoeksema, Jacqueline Yearly, Donita Milton, Donnie Carol Young, Louise Pritchett, Nelda, Jean and Darlene Fortenberry, Sherlene Teeple, Kendis Julian and June Marble. Readings were given by Sherlene Teeple, Eulalia Sanders and Louise Pritchett. A duet was sung by Kendis Julian and Harold Hoeksema, Mrs. J. A. Allen accompanied them at the piano. The spring recital was

enjoyed by a large group of parents and friends.

Mr. and Mrs. John Foust, from Amarillo, arrived in time for church Sunday morning. They came to spend the afternoon and enjoy dinner with Mr. and Mrs. Walter Wood. Mrs. Wood and Mrs. Foust are sisters.

Martha Lee Sanders is expected home from college at Denton sometime this coming week.

Mrs. George Robertson and Mrs. Early Joiner visited with Mrs. Murray Julian Friday afternoon of last week.

Mr. and Mrs. Rene Yearly spent Sunday visiting Mr. and Mrs. Joe Phillips in Lockney. They all enjoyed Sunday dinner at the Phillips home.

LET'S TAKE A CLOSE LOOK AT POLITICAL HOUSING

When private builders speak out against government ownership of housing, the average person is inclined to say "the home builder just has an ax to grind." The case against political housing is often compromised in the average person's mind because the private builder and free enterprise stands to lose by enlargement of the government housing program.

But also scores and scores of leading newspapers, legislators and organizations see in PHA a development which they strongly believe is against the public interest.

The private home builder has become increasingly alarmed over government encroachment into the world of free enterprise.

PUBLIC HOUSING EVENTUALLY STRANGLES FREE ENTERPRISE

In Great Britain, private building has been smothered. Seven out of every eight houses are government built, according to the February 10, 1951, issue of The Economist (London).

Government control of housing in Communist countries is well known. Except for a few "show" projects and the award of the best housing to the party members, the overcrowding and general living conditions in these countries would be intolerable to Americans.

Public housers always say that public housing and free enterprise can work side by side and that private enterprise should be "encouraged". But how long could the Ford Company stay in business if Chevrolets were made available to the buying public at half price, the government putting up the difference?

Th competitive disadvantage which subsidized housing has over privately built housing is as simple as that.

Huckabee-Eubanks Vows Repeated at N. B. Brand Home

The home of Mr. and Mrs. N. B. Brand was the scene for the marriage of Miss Nell Huckabee, daughter of Mr. and Mrs. A. J. Huckabee of Strawn and W. H. Eubanks, son of Mr. and Mrs. A. G. Eubanks of McCoy, on Sunday morning, May 18, at 11 o'clock with Reverend W. J. King of Weinert officiating in the double ring ceremony.

The vows were spoken at an improvised altar before the fire place with white glads, white stock and ferns forming the background. Given in marriage by her brother, Ernest Huckabee, the bride was lovely in a white imported lace gown over pink satin, the neckline fashioned with rhinestones. Her hat was of white lace with net and rhinestones. She carried a white bible topped with white orchid tied with pink and white satin ribbons knotted in lovers knots.

Mrs. Aldine Williams, sister of the bride was matron of honor. She wore orchid organdy and wore a pink carnation corsage.

Miss Lois Huckabee, also a sister of the bride, was maid of honor. She wore a pale green organdy dress and her corsage was also pink carnations.

Misses Dorothy and Doris Foster lighted the candles. They wore matching navy blue organdy dresses over taffeta.

The best man for the bridegroom was his brother, Earl Eubanks, and James Huckabee, brother of the bride, was groomsmen.

The bride is a graduate of the Floydada High school, class of 1949 and the bridegroom graduated with the class of 1944 from Floydada High school. Both are now employed with the Southwestern Bell telephone company and will make their home here on Thornton street after

a trip to Colorado.

The mother of the bride chose for her daughters wedding a beige sheer afternoon dress with white gardenia corsage and the mother of the bridegroom chose a navy sheer with white gardenia corsage.

For her trip to Colorado, the bride wore a two-piece purple dress with orchid corsage and wore white accessories.

Luncheon Compliments Couple
Immediately following the ceremony a luncheon was served to the bridal couple and guests, the table being laid with a lace cloth over chaise longue.

The guests were Messrs. and Mesdames G. B. Johnson, Jr., Oran Eubanks and Ronnie, E. A. Williams and Linda, E. J. Huckabee and Judy, A. G. Eubanks and Miss Ara Belle Eubanks, Mr. and Mrs. Jack Ray of Lubbock, and Mesdames Ola Warren, A. J. Huckabee, Bill Stiks and children, and Misses Francis Foster, Eula Huckabee, Lois Huckabee, and Messrs. Earl Eubanks, James Huckabee, and the hosts and son.

Mrs. Brand at whose home the wedding ceremony was said, is a sister of the bride.

BIRTHDAY GATHERING AND FAMILY DINNER FRIDAY

Mrs. J. A. Fawver celebrated her 79th birthday Friday evening with a family gathering and a dinner.

Mr. and Mrs. Dewey Criswell of Ralls, Mr. and Mrs. Lee Noble, were guests.

The children of Mr. and Mrs. Fawver present were Mr. and Mrs. G. S. Loyd, Floydada, and son Bob of Plainview, Mrs. T. R. Corley, John Fawver, Jr., and Mr. and Mrs. A. R. Epperson, all of Floydada.

Mrs. Fawver received many nice gifts.

Couple Are Married In Rendon Home on Sunday Morning

Miss Reyes Rendon and Gilbert Guajardo were united in marriage on Sunday morning, May 18, in the home of the aunt and uncle of the bride, Mr. and Mrs. Alan Rendon on East Lee street. Justice of the Peace O. B. Olson performed the ceremony in the presence of relatives and friends of the couple.

The bride wore a floor length dress of white net over satin with finger tip veil of white net and lace, falling from a halo of white braid. Her gloves were of white nylon. She carried an arm bouquet of white carnations.

Miss Millie Baca of Plainview was the brides maid. She wore a dress of pink faille and lace over satin, and carried an arm bouquet of pink carnations.

Serving the groom as best man was Paul F. Sanchez of Plainview. The groom and best man wore blue serge suits, with white carnation boutonnières.

Attending the wedding were Mr. and Mrs. Alan Rendon, Josephine and Victor, Mr. and Mrs. Henry Guajardo, Richard and Alice, Mrs. Martin F. Sanchez and Elizabeth and Mrs. Lerpe Rodriguez of Plainview, Mr. and Mrs. O. R. Beard of Cedar Hill, Mr. and Mrs. W. S. Simmons and daughter, Mrs. Johnny Reber, and Mr. and Mrs. Ernest Williamson.

At the noon hour in the home of Mr. and Mrs. Henry Guajardo a bountiful dinner was served to the bridal couple and relatives. Besides the relatives the following were present at the dinner: Mrs. Martin F. Sanchez and Elizabeth, Mrs. Lupe Rodriguez, Mr. and Mrs. Virgie Turner, Mrs. Wiggins, Mr. and Mrs. W. S. Simmons and Mrs. Johnny Reber.

In classrooms, boys' clubs and home workshops throughout the country, scenes like this are taking place every day. Here, Donald Harbin, a Detroit, Mich., Boys' Club contestant in the 1952 Fisher Body Craftsman's Guild model car competition, sands his miniature automobile to a satin-smooth finish. Donald, like thousands of other American boys, has his eye on one of the \$65,000 worth of university scholarships and cash awards offered by the Guild for the best.

Futures Beat Exes 25 to 6

(By Don McGuire)
Floydada Whirlwind 1952 football team showed their wares to the public last Wednesday night at Westfield by downing the graduating seniors to the tune of 25-6.

Led by Dane Clark, who scored all four of the "Winds" touchdowns the futures dominated the entire second half.

Exes Score First
The exes cracked the scoring column first with Don McGuire going off right tackle for eight yards to climax a 70-yard drive. Then the futures began to tighten their defense, not allowing the other scoring threat.

In the last half the futures never able to gain momentum played on the defensive half. The futures scored the last two quarters.

Those who played for the futures were Hubert Ring, David Rape, Roy Hargis, Kenneth Hargis, Earl Eubanks, Jack Hutchinson, Don Wilks, Don McGuire and the Panhandle Rutherford.

The game between the futures and the exes climaxed the spring football season.

John Quincy Adams was elected president to return to Norway's parliament in Storting.

Homes Tour Said Highly Successful

The 1934 Study club reports a very successful "home beautiful" tour on Sunday afternoon when 95 visitors registered, expressing pleasure and appreciation in seeing the five homes shown.

Over \$100.00 was realized from the tour. The funds will be given to the Floyd county library project.

The club members especially want to thank the owners of the homes who so graciously opened their homes for the tour.

The homes shown were the D. W. Burke home, the Lon Davis, Jr. home, Mrs. Ross Henry home, the O. M. Watson home and the Woodrow Wilson home.

The club has voted to have this "home beautiful" tour an annual affair.

BOYD RUTHERFORD
This is a brief description of the organization and development of the Harmony Community in Floyd County. In 1903, a spring day in 1903, the family was having a picnic with the E. C. Pullingim. It is now known as the COMMUNITY. In the Pullingim proposed that they get into the area around his place at a time of eight-ese was pulled to a Pullingim said, "I want to sell you this piece of land." organized with Mather Carr as superintendent. Mr. and Mrs. Will Baird and their daughter, Susie, attended Sunday School. Also Mr. and Mrs. R. M. Boyd who lived in the community as well as several families from near-by places. It was this Mrs. Boyd who named the new community HARMONY, expressing the hope that the people would always live in harmony with each other.

By the fall of 1905, school got under way with Mr. D. T. Scott as teacher. There were eleven pupils, representing five homes though one of over the line. Since the Scotts had located on their land, and the L. E. Williams family had moved in, the population of the community numbered eight families with thirty-seven people. Mr. Scott was paid \$35.00 per month for three months' teaching. All parents were reluctant to see school close so soon; so, Mr. Pullingim, Mr. L. E. Williams, and Mr. Rasco donated \$27.00 to pay for three weeks, and Mr. Scott gave a week's teaching; thus, one more month of school was provided for the children.

Pioneer Day School House
The school furniture consisted of eight home-made benches; one was so popular that it caused much friction among the pupils, because it had a foot rest! One medium-sized bachelor stove produced the heat. Coal was scarce, and money was even scarcer; so, in order to keep warm, many recess periods were spent by the teacher and pupils in dragging old tubs over the pasture near by, gathering cow-chips — the indispensable fuel of the pioneer. We learned quickly to keep a supply of this fuel on hand in both home and school, for protection against the many snows and rains which were general.

The fall of 1906 was balmy as spring; not even a killing frost fell, but the people knew how treacherous "Old Man Winter" could be, so they were careful to make ready for him. On a quiet, blithesome November afternoon, Mr. Scott, working in shirt sleeves, was rounding up his stock of five huge loads of cow chips in his back yard. On his way home from town, Mr. Rasco stopped by for a friendly chat. As he started to leave, Mr. Scott said to him, "Well, what do you think of my fuel supply?" Mr. Rasco returned with, "I'll say, them's nice!" Then he clucked to his mules and drove on. Before morning — it happened without warning — the big storm cloud came pounding from the north-west. It boomed, and blew desperately and maddeningly! For the next forty-eight hours the snow whirled and drifted! One could see nothing but snow. No one ventured from his house, except to throw out feed to the live-stock, and to bring in a supply of fuel. No one knows how cold it was. Reverend Carr was the only one around who could boast of a thermometer. The mercury in it plummeted to the bottom, and the glass tube burst! The storm was all over as suddenly as it had arrived. The sun came out, and all was still. The drifts were piled eight feet high, and after seven or eight days had passed, hogs and chickens emerged from their snow caves, apparently little hurt. Delightful weather reigned again, and it remained so for almost the remainder of the winter. Many blizzards have been recorded, but this one in November 1906 will always be remembered by West Texans, who resided here at the time, as the King of all Blizzards!

Riding for the Doctor
Again, excitement was not lacking in the Harmony Community when a doctor was needed, and some one had to ride a horse the twelve miles to Floydada; open and close the twelve gates that intervened upon the long stretch that must be covered to reach a doctor. It was this scribe's duty to turn out the horses at her home, just before retiring for the night, when she was about

nine of ten years old. It was a perfectly unnecessary and foolish instruction from my father, in my estimation, when for several weeks I was told every night to "cut back" old Star, and keep her in the lot. Neither could I understand why Mrs. Boyd who named the new community HARMONY, expressing the hope that the people would always live in harmony with each other.

By the fall of 1905, school got under way with Mr. D. T. Scott as teacher. There were eleven pupils, representing five homes though one of over the line. Since the Scotts had located on their land, and the L. E. Williams family had moved in, the population of the community numbered eight families with thirty-seven people. Williams, and Mr. Rasco donated \$27.00 to pay for three weeks, and Mr. Scott gave a week's teaching; thus, one more month of school was provided for the children.

Dental extraction, with anything stronger than a string, was performed at the Williams home in the summer of 1906. No dentist lived in Floyd County, but the medical doctors sometimes carried forceps to meet emergencies. A doctor Freeman was called to attend Mrs. Williams, and our aunt, Prairie Stevenson, who was at the Williams home rejoiced over the hope that Dr. Freeman might extract a troublesome tooth for her. After much persuasion, the doctor reluctantly agreed to do so. Mrs. Stevenson sat in a cane-bottomed chair out in the yard, while Mrs. Boyd steadied the chair. As a tiny girl, and on-looker, I almost cried at the thought of the terrible suffering Auntie must undergo; and I have not changed my mind about that to this day! Only three or four years later, dental service was modernized when Dr. Hagood, a dentist from Plainview, set up a temporary office in the Floydada Hotel to take care of Floyd County's dental needs. Never shall I forget his machinery, propelled by foot power, or his constant conversation, so peppy and interesting that one almost forgot all pain as he worked.

Cry of 'Fire! Fire!'
Many were the prairie fires of those days, that lent diversion to the early settler's life! One might quietly be eating a meal, or reading by the fire after supper, when the cry of, "Fire! Fire!" would pierce the stillness. If you looked quickly enough, you would see your neighbor riding frantically by, a broom across the shoulders and wet tow sacks thrown across his horse. The man of the house didn't finish his meal, or whatever he might be doing when this alarm was sounded. Mother and children rushed wildly around, getting the horse ready, and hustling him off to the place of danger. Sometimes men would ride twelve or fifteen miles to fight fires, and then find that the fire was yet many more miles away. A rancher, living in eastern Hale County, was given credit for starting the champion fire for the little group of people in Harmony. He owned quite a herd of cattle, and one winter he fed them generously with fine, bundle feed, adjoining the stack lot. The fodder lay deep and thick in the feed lot, but one stubborn, red steer was not contented with what was given him. He liked to crawl through the fence, and help himself to the supply in the stack lot. One frightfully windy day in 1909, this rancher and a neighbor was shelling corn in a crib, with a hand sheller. It was just after noon, and the red steer kept crawling through the fence. Becoming exasperated, the rancher stormed out of the crib with lighted pipe in his mouth. His helper yelled at him, "Put out that pipe!" But it was too late. Some of the burning tobacco had fallen into the scattered fodder. He remarked complacently, "We'll soon stomp it out!" But the wind was too strong. The fire continued to spread, and neighbors came from miles away to battle furiously with the spreading flames, but to no avail. Nothing stands out more vividly in my memory today, than my anxiety for my father, as I stood on a wagon in our yard and watched the mountain of

fire rush toward our home. Mamma had said to me, "You take care of the babies." We all had wet clothes tied round our faces so we could breathe. Mamma and sister worked frantically, banking dirt against our little two-roomed cottage, to prevent sparks from blowing under; they constantly poured water on the walls, and finally, I saw my father coming! He was racing to get to his beloved family to protect them. I held the baby in my arms; my other little brother stood close to me. I jumped up and down, screaming: "Oh, Papa! O, Papa!" with every breath, as old Star flew over the ground. Just as my father turned into the gate, safe on the fireguard

SOUTHWESTERN PUBLIC SERVICE COMPANY
27 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

ITS NEW KIND OF HORSEPOWER IS SOMETHING TO FEEL!

With its 180 HP V-8 engine, on 125½ inches of wheelbase, many people think the Saratoga is the best Chrysler car of all.

We invite you to take the wheel and feel what happens! There's a new sense of easy power, of reserve power that make driving a new experience.

Its revolutionary combustion chamber develops more of the power in each charge of fuel than other engines can do. One result is performance, even on non-premium fuel, such as you have never felt. Another result is new economy. It's an engine that scarcely forms carbon at all. It creates less heat. It will last much longer, stay younger on the way!

And with Chrysler full-time Power Steering*, you steer with one-fifth the usual effort... drive with five times the usual control! With Power Brakes you need up to two-thirds less foot pressure... and still stop in many feet less than other cars can do.

Yes, behind Chrysler's new engine you'll find a new kind of car. Won't you come in and feel what we mean?

*NOTE: Power Steering standard on Crown Imperial. Available, extra, on any new Chrysler.

Retrieves Lost Tot
In 1909 one hot summer's day, at almost noontime, my father was strolling among his fine crop. The corn was high and thick. Suddenly, he heard a strange sound; he listened and followed it. When he located it, to his surprise, he saw our neighbor's baby, Willie Williams, two years old! The child had wandered off from the house and became lost. When father entered our house with him, the tears were running down his face, as well as down the face of the grimy, exhausted little boy. Tears came to my mother's eyes as she took the little fellow, bathed him and fed him. Then my father walked the one-half mile to take him home. The child's father was in the field at work; the mother had gone to town, and the older children had neglected to keep an eye on the baby.

His sister, Thalia, was not to be out done by her young brother's adventure. In the fall of 1910, our neighborhood was alerted early one night, when Thalia was found missing. Like Paul Revere, Mrs. Williams with lantern in hand, had ridden Old Dolly throughout the countryside to spread the alarm. Thalia was then six years old, but not much bigger than the proverbial pound of soap after the hard week's washing! She had ridden the family burro some two miles out, to drive home the milk cows. But the donkey had become contrary, and Thalia had become disgusted with him, and dismounted to continue her way on foot. A menacing black cloud gathered quickly in the west, bringing darkness early. When the cows and the donkey came home without Thalia, there was no little stir in the Williams household. As soon as word could be spread, people from Petersburg and all the surrounding communities, joined in the search. With coal-oil lanterns in hand, men walked abreast through field after field—one man to each middle between rows of feed and cotton. Others rode horseback over the pastures, where grass grew almost as tall as the little girl. Women knelt on the floor in the Williams home, and prayed that God would withhold the rain from the billowing cloud that belted and threatened a downpour. They prayed that whatever protection was needed would be given the lost child. They conjectured upon what had happened, or upon what might happen to the child. Some covered wagons had passed that way late in the day. Had the little girl been kidnapped? Had she died of rattlesnake bite? Several rattlers were killed that night. It was unusually cold for that time of the year. Surely, the little girl would die of exposure, for she was barefooted, and clad only in flour-sack panties (drawers in those days), a calico dress, and a bonnet. Today, women who prepared breakfast for the all night hunters, recall how gaunt and haggard they appeared, with a strange absent-minded appearance like soldiers returning from battle. At about nine o'clock the next morning, a gun shot told us that Thalia was found, apparently unhurt. When questioned, she told that the cows wouldn't go home — of course she had lost her sense of direction — and she tried to go home without them. After realizing that she was lost, she came to a wolf-hole; she let her body down into the hole, and put her bonnet over her face, thus protecting herself from the weather. No rain fell that night, and today Thalia is Mrs. Albert Clubb of Lubbock, and has reared four children of her own.

Happy, Glorious Occasions
Life in our community was not all a battle with the forces of nature. There were happy, glorious occasions, too. Other families had moved in — a few had moved out — but the church and the Sunday School grew in numbers, and in interest. Brother Carr was pastor four of those early years, and he continued to live in the community with his wife, and they were a constant blessing to us until his death in 1916. Many years ago a lady said: "We are just like one big family, with Brother and Sister Carr as the Father and the Mother to all the

married couples; and grandfather and grand-mother to all the young folks and children!" There was always singing for entertainment, and a little later, many play-parties were given. Here clean, wholesome fun was enjoyed to the greatest extent.

The first musical instrument used in the church services was a little folding organ that looked like a big suitcase when folded up. It was used by Rev. C. J. Menefee and his wife, who held services in the schoolhouse. Brother Menefee was a preacher of the Holiness faith. His wife was a bundle of energy and vitality, and she pumped the little organ and we all joined in the singing, the well-known fairly rang with music. It was good, inspiring music, too. A little later the people ordered an Epworth Organ from Sears, Roebuck & Co., for school and church purposes. It was so precious that a closet was built in the corner of the room where it was kept safely from mice and other destructive elements, when not in use!

The Ramseys From Nebraska
In 1909 the M. D. Ramseys from Nebraska moved into our settlement. They brought with them the first piano to enter our community. Soon, Mrs. Ramsey began giving music lessons to several girls who lived near her home. She faithfully rendered this service continually since she began, and although none of her pupils have attained the heights of musical ability possessed by their instructor, their efforts have contributed to the culture of both the home place and to the community in which they may live. Not least among the benefits to be derived from her service, were those received from association with this lady of high ideals and noble purpose. Mr. Ramsey brought with him a vision for a better life for the farmer. Fortunately, he has lived to see his vision become a reality. It would be interesting to know how many miles he has traveled over dirt roads, in a Model T Ford car, in his efforts to secure better farm legislation. He can show you a picture with himself and President Coolidge, and others at the National Capital, where he went on his own expense, to work in the interest of the farmer. That was in the days when few went tramping off to Washington on vacation! History will not record the influence of this one man upon our number one occupation! But those nearest him know that it cannot be measured in terms of money or wealth.

Mr. and Mrs. Ramsey demonstrated as early as 1914, that sugar beets and castor beans can be successfully grown in this region. Mrs. Ramsey has cultivated in her front yard since the year 1909, the many native grasses; though it is only recently that scientific farm folk have noticed grasses sufficiently to make a study of them.

Forty Bushel Wheat
In the fall of 1917 when Mr. Ramsey's father from Nebraska was visiting him, they watched "Mr. Williams drill wheat in maize stalks that had been hand-headed. The father remarked: "Son, I want you to keep an eye on that wheat. If it makes anything put in the ground like that, then this land will do to tie to." Mr. Ramsey watched the wheat. It made forty bushels per acre.

There were other adventures in agriculture. Mr. and Mrs. D. T. Scott had faith enough in the land and in the climate of this region, to try out unusual fruits and vegetables. In their orchard in the early days were found quince, figs, prunes, gooseberries, as well as the commonly known fruits and berries. In the garden were Kohl Rabi, Celery, Cauliflower, parsley, and other seldom grown vegetables. Always a mass of many flowers grew around and among the vegetables. A minister visiting there once remarked: "If I lived on this place, I wouldn't ever ask God to take me to Heaven; I'd be satisfied to stay here, always!" As early as 1910, Mr. L. E. Williams proved that alfalfa could be successfully grown, and on dry farming. Neither was plant life the only phase of agriculture that was given attention. From early days to the present time, there have been successful experiments in both pure bred and common types of horses, mules,

Softball League

Last Friday night, R.E.A. went to Ralls, and won their first league softball game, winning 23 to 8 in a dust storm. Duke and K. Davis was the pitchers for the R.E.A. Teague and N. Davis hit home runs for the R.E.A. team.

Monday night the R.E.A. won their second league game, defeating the Humble team 6 to 2. Jackie Duke went all the way for the R.E.A. team allowing only three hits.

McCoy Swamps Ralls
In their first home league game the McCoy team swamped the Ralls team Monday night 26 to 2, having the visitors badly out-classed.

The next league game for McCoy comes on Monday night, May 26, when they come to Floydada to tackle the Humble team.

Tonight (May 22) Ralls will be licking their wounds and will try to avenge their heavy loss to McCoy, coming here against the Humble seismographs.

Next week's schedule calls for one South Plains League game here, McAdoo-Hearne vs. Builders Mart, on Tuesday night, May 27.

Friday night, May 30, the McCoy boys go to Ralls for their return game there.

Preston Watson, manager for the Jaycees of the Floydada games, said this week that every effort will be made to have all games start on time so as not to be tiring to the spectators. He noted a considerably improved attendance at the Tuesday night game, when a fairly good crowd saw the Builders Mart-Murrell Carpet game here.

Rubber got its name from its early use as an eraser or "rubber."

sheep, hogs and poultry.
As our little school grew, there was a wide interest in entertainments given in the building. Overflow crowds came from far and near to enjoy these entertainments. A stage was built in, and in order to facilitate space, covered wagons were backed up to windows on either side. Coal-oil lanterns were hung inside, and these additions were used for dressing rooms — one for the boys and one for the girls. We dare say that these school programs would compete with anyone's "Little Theatre" in presentation of entertainment. There were plays, musical numbers, both vocal and instrumental; readings, dialogs, recitations, and tableaux. These programs lasted often two and a half hours, and often given two nights in succession. Picnics, Children's Day programs, with dinner on the ground, were held during the summer months. Again, crowds from near and far came seeking company, seeking entertainment; and seeking a better way of life. There were revival meetings — always one or two every year, except 1914 when none were held — a few years later when B. W. Wilkins was pastor, the revival almost failed to materialize. Time had been set for the meeting, and Brother Wilkins had promised that he would get someone to do the preaching; but for a time his efforts to secure anyone had failed. He felt terribly discouraged. He was on the Floydada Circuit, and Rev. G. W. Shearer was pastor of the Floydada church. The two preachers had had a little tilt over something, and were not very congenial toward each other. Thursday morning had arrived and the revival was to begin that night. In desperation, Bro Wilkins got down on his knees, and told the Lord that if He would only help him out of his predicament, he would ask the first preacher that he met to hold the meeting for him. He started out, and soon came face to face with Brother Shearer. He wanted to run away, but remembered his vow to the Lord, and said: "George, I want you to begin a meeting for me tonight at Carr's Chapel," and George, without batting an eye, said: "Fine, I'll be right there." This proved to be one of the most successful revivals ever to be held in the community. In the fall of 1914, a beautiful country church was built and named Carr's Chapel, for its beloved founder, Rev. W. H. Carr. A larger and better school building was soon erected, but Sunday school and all the church services were held in the church building, since the fall of 1914.

Brother of Mrs. Slaughter Victim Of Heart Ailment

Mrs. Lula Slaughter, who had returned a few days ago from a nice visit with her brother, John Dickenson and family at Jacksboro, received the sad news Wednesday morning that her brother had died on Tuesday night about 10 o'clock following a heart attack.

Mrs. Slaughter and her daughter, Mrs. Luther Fry, left at 11 o'clock Wednesday morning for Jacksboro to attend the funeral, which will be this afternoon in Jacksboro.

Mr. Dickenson is the only brother of Mrs. Slaughter. He is survived by his wife, one son, John and two daughters, all of Jacksboro.

Mitchell Award As Outstanding Farmer Here Today

The Lions club here and the Lions club at Lockney were to have had a joint meeting on Monday evening, when a plaque was to have been presented to Chester Mitchell of Lockney as the outstanding farmer for a 51-county area. This meeting was called off on account of school commencement activities on Monday night in Lockney.

A delegation from the Lockney club will be here today at noon to meet with the local club and be present for the presentation of the award to Mr. Mitchell.

mony Demonstration club was organized, and it is still an active member in the work. In 1927 Mr. R. B. Gary won a contest as Master Farmer of Texas. This project was sponsored by the A. & M. College of Texas. In order to win this honor, Mr. Gary built a splendid barn and met many requirements in better methods of farming. For this achievement, Mr. and Mrs. Gary won a trip to Dallas, where they were entertained for several days, with headquarters in the Adolphus Hotel. Today the Gary home is a striking monument to this piece of work. Gary still likes to display his gold Master Farmer medal that is as big as a silver dollar.

The same year Mrs. Claude Parkey won in a similar contest as Master Homemaker of Texas. Many have been the entries in the County and State Fairs of Texas, and HARMONY has always carried off its share of the blue ribbons. Probably the one entry that HARMONY is most justly proud of is that won in the fall of 1927 for a float, depicting replicas of the Master Farmer's home, the church, and the Schoolhouse. A sign across the top read, "Modern Home, Church, and School make HARMONY!" In the same year, a beautiful red brick school house with auditorium, was built. When the change in school policies came, these people were loath to part with this building, so they dug down into their pockets, bought it and named it, "The Community Center." A fine community club is functioning, sponsoring as high class entertainment as do the surrounding towns. Banquets are held; speakers and entertainers are secured from Lubbock, Matador, Floydada, or other towns. A profitable and enjoyable time is had at these monthly meetings in the community. The Womens Society of Christian Service has been active since 1917 with meetings and study groups held regularly at the church or in the homes.

Leaders In Many Lines
The HARMONY Community has produced many leaders in various types of work. Many of its youth

have gone out and found homes elsewhere. A number have married and settled in the community to carry on the tradition of their own community. Some have lived elsewhere for a time, then returned. Graduate nurses, beauty operators, county agents, life insurance salesmen, music teachers, college professors, electricians, various types of business people, a director of Camp Fire Girls, a county superintendent of schools, a dentist, Home Demonstration Agents, and school teachers too numerous to mention, all have been sent into the world to carry on the various professions and industries.

HARMONY has given its share for military duty in both World Wars, and for the present conflict. One of its sons, First Lieutenant, Ray Ramsey, paid the supreme sacrifice in a bombing mission over Jarviff in a bombing mission over Jarviff. Both sons and daughters have trodden foreign soil in both war and peace time pursuits. Extensive scientific studies have been made in Australia by Gordie Hanna, and in Saudi Arabia by Joe Smith. Aaron Williams has been with the Atomic Commission since its beginning.

Profound Changes Seen
As one looks over these beautiful modern farm homes, today, one realizes that it as a "fry cry" from what it was nearly fifty years ago, when Mather Carr and his young wife set up house-keeping in their half-dugout; when R. M. Boyd and wife built their one-room cottage out of lumber hauled from Childress, Texas; when D. T. Scott promised Mr. Fullingim that he would pay him \$3.00 per acre for the 100 acres of land when he got able to do so, and when the Star Route mail-carrier changed his two-horse hack team at Grandpa Carr's, as he made his trip from Lockney to Lubbock. Today, the mail carrier brings the daily paper over paved roads, almost to the very door of the farmers as he drives a speedy automobile. R.E.A. has brought its light and power for all kinds of modern conveniences, so all labor is made lighter for the farmer and his wife. If you enter the homes, you see the best of modern furniture, the best magazines, and the latest books. The radio and telephone are means of constant communication, that make daily connection with the outside world.

Let us pause a moment in retrospect, and view these farm homes as they stood in the early day. Some now would bring four hundred dollars per acre. On twenty sections of this land are now forty-eight irrigation wells, truly, a "fur piece" since Price Scott took hammer and nail to drive holes through a gallon syrup bucket, run a wire through it, filled it with threshed maize, and dragged it along on the ground behind his Mr. Bill riding, sod plow, pulled by two horses, as he turned the grass sod. The fields and gardens were prepared for seed by use of the walking and turning plows; double shovels, or similar implements. Now the farmer uses floats, or land levers; 75-100hp. Tractor Motors, pulling four-row lists. Or a self-propelled combine; or a cotton picker to harvest the heavy yields.

How to Keep Harmony
What is it that has made the people of this small community so closely knit to each other? Why is

it that they have wept together, and rejoiced together through all these years? Why is it that, though none are particularly wealthy, yet most all of them are comfortably, and substantially fixed, with an aura of peace and security that fairly pervades the place? We are reminded of the beginning; of the early existence, as the people gave heed to the admonition of Jesus, found in Matthew 6:33 wherein He says: "Seek ye first the Kingdom of God and his righteousness, and all these things shall be added unto you."

We are reminded of the words of Horace Greeley, famed writer of one hundred years ago, when he said, "Government is not found in massive buildings of stone, where law makers congregate but rather is it found in the homes of the people." We wonder if there were more homes, and more communities in which high ideals were upheld, and common brotherhood were practiced, if we might not then see a strengthening of our government, and of our own "American way of life!" Spangler-Trice Vows Said Friday Evening in Amarillo

Miss Mary Ann Spangler and Loy Lee Trice were married last Friday evening, May 16, in Amarillo in the home of Reverend Tom Carmichael. They were attended by Miss Gladys Roberts of Amarillo and Travis Jones of Floydada. Miss Joy McCravy and Bobby Pinley of Floydada, Miss Verne Hasinger of Boise City, Oklahoma, and Bill Jones of Floydada. The bride chose for her wedding an aqua two-piece afternoon crepe dress with brown and white accessories. Her corsage was red roses. For something new she had her

wedding attire, she wore the traditional blue garter and carried white bible borrowed from Miss McCravy. The bride is the daughter of Mr. and Mrs. B. F. Spangler of Shelby, North Carolina. She has been secretary for the Floydada Real Estate and Insurance agency for the past year. She is a graduate of the Shelby High school, the class of 1949. The bridegroom is the son of Mr. and Mrs. R. L. Trice of Floydada. He is a member of the 1950 graduating class of Floydada High school. He is interested with his father in wheat farming at their holdings west of town. Mr. and Mrs. Trice will be at home, west of town, in a new home recently completed for the young couple.

A "piece of eight" was worth about a dollar.

REGISTERED NURSE SAYS BIG 12 FORMULA IS BEST

When a registered nurse with years of experience in hospitals and private homes caring for sick people recommends a medicinal product one can be certain that the product has real merit. Mrs. Fern Collins, a registered nurse who resides in San Clemente, California and recently visited in Texas had this to say about BIG 12 Iron Tonic.

"I am a registered nurse, serving many years in hospitals and on private cases and I have seen many instances where patients, suffering from stomach trouble, nervousness, sleeplessness, loss of appetite and a general run-down condition have been greatly benefited by taking a vitamin and mineral tonic such as BIG 12. In fact I should consider BIG 12 an absolute necessity where the patient's system is deficient in Vitamins B₁, B₂, Niacin, and Iron; this is especially true in cases of iron anemia of which there are many. I have studied the BIG 12 formula carefully and BIG 12 supplies by far more iron per daily dose than any similar product I have seen and I think I am familiar with all of them. BIG 12 also supplies in the daily dose as much of the new Red Vitamin B₁₂ as a doctor usually gives in an intramuscular injection. I believe that BIG 12 Iron Tonic, supplying as it does, helpful amounts of Vitamin B₁, B₂, and Niacin in addition to Vitamin B₁₂ and with such a large iron content is undoubtedly the best tonic a person, young or old, can take to relieve conditions caused by these deficiencies. Also, because of its pleasant taste, BIG 12 is invaluable to mothers whose children are not thriving as they should, since children will readily take BIG 12 and this is important to mothers because other similar products usually taste atrociously and have to be diluted with water to enable an

adult to take them, much less trying to get such a dose down a child. BIG 12 requires no dilution with water, in fact BIG 12 can be placed in milk without causing the milk to curdle as will be the case with other similar products."

If you or any one in your family, a grownup, or child, is suffering with stomach distress, listlessness, poor appetite, nervousness, nagging aches and pains and sleeplessness due to deficiencies of Vitamins B₁, B₂, Niacin and Iron you could not possibly do a greater favor than to purchase a bottle of BIG 12 Iron Tonic at your drug store and within a short time, often before the first bottle has been taken, you will note a decided change for the better, you'll note more energy, better appetite and a general improvement so why wait? BIG 12 is the product you have been looking for if you suffer from these deficiencies and it is as close to you as your nearest drug store. *Photograph shown is a professional model by Underwood and Underwood.

LIPSTICK LOGIC

BY LOUISE ALLEN

Several thousand socks and neckties were being wrapped and unwrapped this week. Gallons of cologne, and bushels of costume jewelry are passing through the same routine as friends and relatives pay tribute to high school graduates. It would seem that so simple a custom as that of giving graduation presents might have remained intact in spite of changing times. For the men, this may be true. But for the ladies, not at all.

In our day, for instance, the accepted gift for the sweet girl graduate was a "boudior cap" or a "camisole."

The boudior cap, a great favorite, was a concoction of ribbon and lace, supposed to make one look alluring even when wearing "kid curlers" or having her hair rolled up on rags. Most of the girls of our generation were taught never to appear "before folks" in anything so informal as a housecoat, consequently these little jobs were highly useless. We got several, but the one we remember was a pink taffeta number built out into a dutch cap effect by means of hat wire. Its design was entirely independent of the shape of the head, so it was impossible to achieve anything remotely resembling a charming effect. We hung on to the thing for many years, however, thinking surely anything so pretty would some day come into its own.

MAKE YOURS A TROUBLE-FREE VACATION IN A DEPENDABLE DODGE

MAYO MOTOR COMPANY 202 W. Missouri St. Floydada, Texas

All the elements of good planning have gone into the arrangement of the S. B. Nelson farmstead, located 3 miles north of Wolfforth. The new 40'x140' Quonset, with 20'x100' shed attached, is ideally located in relation to the residence, garage, feeding pens and other farm buildings.

"OUR QUONSET IS THE FOCAL POINT ON OUR FARM"

—MR. S. B. NELSON, Wolfforth.

"Our farm work revolves around our Quonset," states Mr. S. B. Nelson whose farm is located north of Wolfforth. The 5,600 square feet in the barn and the 2,000 additional square feet in the shed amply take care of all of our working and storage space needs."

"We have an economical, sturdy, weather-tight building — a sound improvement to our farm valuation — in which we can shelter our farm machinery, cotton, seed, grain, feed and livestock and have a place to do our farm work in bad weather."

"I'll recommend the Quonset to any Plains farmer as the ideal farm building."

Quonset's multiple-storage features can save money for you. Steel-Bilt Products Company is ready to erect Quonsets on your farm or ranch for many uses, such as grain storage, cattle feeding, dairy production, implement protection and labor housing.

Reasonable initial cost, fast delivery and erection, rodent and weather resistance, extended durability and versatility put Quonsets in a class by themselves. Get the facts, and you'll get a Quonset!

Liquid Petroleum burns cleaner, reduces carbon deposits and practically eliminates crankcase dilution.

Massey-Harris 44 L.P. is custom designed and built for efficient operation on L.P. fuel. And because it is built as a complete L.P. unit, the 44 LP gives the same high-power rating as the 44 Gas—the belt and drawbar efficiency. In addition you get the economy of operating on low fuel, and the low engine upkeep that results from use of clean-burning, high-octane L.P.

Assembly of God Workers, Ministers Meet on Tuesday

(H. E. Smithee, pastor)
The ministers and workers of this section of the west Texas district will gather in Floydada on the 27th of May, which is next Tuesday for a fellowship meeting.

There will be good singing, good preaching and a good time for all who attend. There will be dinner on the ground at noon.

We wish to invite the public to come and attend this sectional meeting of the workers of the Assembly of God church of this area.

Revival Continues Thru Week
The revival at the Assembly of God church continues throughout this week. Interest is good and mounting as the revival fires burn in the hearts of the people.

Tonight (Thursday) will be family night at the revival. A prize will be given to the mother present with the largest family.

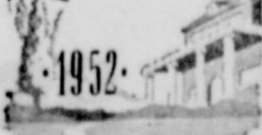

Saturday night will be young people's night when they will have a predominating place in the service.

Lakeview 4-H Girls Entertain Mothers At a Tea Friday

The Lakeview Girl's 4-H club entertained their mothers and grandmothers with a mother's day tea on Friday evening, May 9, in the auditorium of the Lakeview school house. There were eight 4-H club girls present, their sponsor, and 16 visitors.

There was a lot of confusion when the storm caused the lights to go out, but the 4-H club girls soon had everything under control, and served their tea by candle-light.

The table was covered with an ecru lace cloth, and the club color scheme of green and white was carried out in the green candles in crystal holders. Iced pineapple tea was served from a crystal punch set, and the angel squares were white with green 4-H written on them. An

assortment of salted nuts was served. The napkins were white with "4-H Club Mothers" written on them in green.

Misses Patsy Johnson and Mary Newberry presided at the tea table, and Maxine Hatley had charge of the registration.

Storm Spoils Program

Due to the excitement of the storm and the failure of the R.E.A. line the club did not get to have the program that they had worked so earnestly on. It was decided to present this program at a later date, but due to an end of school rush, it has been further decided to drop the program entirely.

The 4-H Club girls have charge of the program at the Lakeview Home Demonstration club meeting in the home of Mrs. Jim Owens on July 17. They hope to present a suitable part of their program then.

Mothers and Grandmothers present May 9 were Mmes. L. D. Go-lightly, Roy Pawver, T. L. Johnson, Luna Bolton, Elvis Howell, Wayne Russell, Charlie Wright, W. C. Wright, Homer Newberry, M. J. Mosley, R. W. Lotzpeich, O. W. Hatley, Mrs. B. P. Neff and little daughter Patricia, L. W. Johnson and son Wesley.

The 4-H Club girls present were Nellie Neff, Maxine Hatley, Dianne Johnson, Patsy Johnson, Wandell Russell, Charlene Wright, Mary Newberry, and the club sponsor, Mrs. Verlon Wright.

FAIRVIEW CLUB PLANNING FLOAT IN PIONEER PARADE

The Fairview home demonstration club met on Monday, May 12 with Mrs. Clifford Helms as hostess.

Mrs. S. H. Tackett, president of the club was in charge, and roll call was answered with the type of personality I admire most.

The club voted to have a float in the Pioneer day parade on May 28. Mrs. Joe Wilson gave an interesting discussion on Mothers Day.

Miss Leila Petty then gave a demonstration on foods for personality. Home-made ice cream and home-made cake were served by the hostesses to Mesdames S. H. Tackett, E. W. Walls, Galen Holland, Jim Stewart, Joe Wilson, Chil McClure, Shirley Irwin, Walton Wilson, T. L. Perry and Miss Petty.

Siblings are blood relations.

EVERYTHING'S O.K. IT'S A BOY!

What price good news? So often it's the price of a telephone call . . . and that means just a few pennies.

Worth more? Of course. Many telephone calls are practically priceless in their value to you.

And yet the average cost of each local call, including tax, is only about 2¢.

Can you think of a better bargain?

U.S. Mail Train—1952 Version

With Uncle Sam using motor transport for mail hauling up to distances of 500 miles or more, an entirely new type of rolling U.S. Post Office equipment as shown here is coming into use.

Recently the Salt Lake-Kanab Freight Line which has a large fleet of Fruehauf trailers, has been given a mail contract from Salt Lake City to Kanab, Utah, via Richfield and return, or a total of 662 miles per day.

This line with connecting carriers serves 70 post offices, 6 counties in Utah reaching a population of 75,000. The mail goes through 365 days a year carrying approximately 15,000 lbs. per day. This train consists of a mail car mounted on a tractor unit with the regular stainless steel Fruehauf semi-trailer mounted behind.

Every night at midnight it leaves Salt Lake City, regardless of weather, and is now giving the people in that section of Utah the best service they ever had. The new method eliminates two extra handlings and saves some three hours in delivering the mail.

County-Wide 4-H Club Meeting at

The regular recreation meeting of the County-wide 4-H club was held in the VFW hall Monday evening. Games were directed by A. M. Dorsey.

A short business session was held with Troy Lee McNeill, vice-president, presiding. It was decided to enter a float in the Old Settlers day parade. Members are expected to work on the float Monday evening, May 26. It was voted to send flowers to Mr. Gibson, County Agricultural Agent, who is in the hospital. Mrs. W. R. Daniel was thanked for allowing the club members to meet in the VFW Hall.

The next program will be held at 7:45 Monday evening, June 2, in the agricultural building. A picnic for the club members will be discussed.

Present for the meeting were Alice Latta, Wilton Marceleta, and Bobby Green, Margaret Lovell, Valdonna Pierce, Jackie Johnson, Troy McNeill, Doris Willis, Mona Williams, Joanne Huckabee, Kent and Jack Covington, James Ross, Cecelia Langley, Mr. and Mrs. Dorsey, Mrs. W. A. Lovell, and Miss Leila Petty, County Home Demonstration agent.

MRS. J. H. BROCK HOSTESS FOR SAND HILL H. D. CLUB

Mrs. J. H. Brock was hostess to the Sand Hill home demonstration club on May 14. The council report was given by Mrs. C. B. Carmack and the report on the progress of the Floyd county library was given by Mrs. Alma Holmes. Mrs. Albert Pricer reported on the district meeting held at Dimmitt. Mrs. James Jefferies invites all members of the club to carry lunch and attend the Sand Hill school picnic at Plainview park May 23.

June 4 will be the next club meeting as the regular club meeting is May 28, Floyd County pioneer day. The club will meet with Mrs. Bill Robertson. Mrs. Rafe Ferguson asked club members to send pies and cakes for the Sand Hill 4-H club girls to sell on Pioneer day.

Mrs. M. B. Holmes talked on Mothers day, giving scriptures for mother love and sacrifice in Bible times. Mrs. Holmes concluded her talk with much praise for the mother.

Miss Leila Petty gave a unique demonstration on foods for personality. Mrs. Bill Robertson conducted the recreation period. Mrs. A. V. Womack received the game prize and Mrs. J. T. Spears received the attendance prize.

Cookies and cakes were served he following: Mesdames Morris Raley, A. V. Womack, C. B. Carmack, James Jefferies, E. L. King, R. R. Ferguson, W. M. Knight, Wayne Billington, Bill Robertson, Jim Holmes, Lynn Miller, J. T. Spears, J. H. Brock, H. F. Jackson, M. B. Holmes and Mrs. Albert Pricer and Miss Leila Petty.

SUNNYSIDE CLUB WILL HAVE FLOAT IN PIONEERS PARADE

The Sunnyside home demonstration club met with Mrs. R. B. Calhoun on Friday May 16, with president, Mrs. D. W. Burke presiding in the business session.

A craft school for Tuesday of this week was announced, and several ladies reported on the district meet they attended at Dimmitt. The club voted to have a float in the Old Settlers parade on May 28. Mesdames W. A. Lovell, Charlie Probasco, S. J. Latta, Claud Price, W. O. Tye and Mrs. Herschel Hammonds were named as the committee.

Mrs. S. J. Latta gave a demonstration on sewing machine attachments.

Members present were Mesdames J. J. McKinney, Will Snell, W. A.

Dougherty Girls Honor Mothers at Tea on Thursday

A tea was given honoring their mothers by the Dougherty 4-H club girls on May 15 at the Dougherty school auditorium.

Julian Ann Daniels, Sue Ring and Carolyn Cates welcomed the guests at the door and they were registered by Freida Smith and Nelda Jones.

Janice Smith and Minnie Beth Crawford served punch, mints and angel food squares, carrying out the 4-H motif, from a lace covered table having a centerpiece of red roses. A program presented was as follows:

Welcome, Janice Smith, the club president;

Piano solo, "The gay little rosebud," by Nelda Jones;

Couple In Wreck Escape Uninjured

LOCKNEY — Two young people escaped without injury when the 1960 model Pontiac in which they were riding overturned at the intersection of Highway 70 and the old Lockney loop two miles west of town Sunday night.

Driver of the car was Reece Grubbs of Floydada. He was accompanied by a young lady. The accident happened when Grubbs started to pass a car on the highway and the car turned off the road to the left on a side road. To avoid hitting the car, Grubbs whipped back to the right, struck the shoulder of the road and his car turned over twice. It was badly damaged.

Driver of the front car was unknown, officers said. Deputy sheriff Alton May and highway patrolman Thurman Keefer investigated the wreck.

It gives this old familiar sign new meaning

Would you be interested in getting one gallon free with each tankful of gasoline you buy?
Then we can tell you this: It will certainly be worth your while to read this brief story of Buick's new Airpower carburetor.
Truth is—a skillful driver can just about double the bonus we mention, if he makes the most of what this year's ROADMASTER has to offer.
The reason you can get such a bonus traces to a pair of simple facts:
(1) It's a mixture of gasoline and air that gives you power.
(2) Buick engineers have come up with a four-barrel automatic carburetor that lets you use more gallons of air per gallon of fuel.

Most of the time, only two of these barrels are needed—and they feed such a thrifty mixture that you use less gasoline at 40 mph than you'd formerly use at 30.
But — when you want a quick burst of eager power — you can double the air supply as well as the gasoline feed—and come up with the highest horsepower that Buick's Fireball 8 Engine ever delivered.
Of course, any man who's buying a car as fine as a ROADMASTER wants a lot more than extra miles from a tankful of gas.
He wants the distinction of extra room, extra comfort, richer fabrics and all the other refinements that make a car truly fine.

He wants to ride with solid security, confident poise and lordly silence.
And, while he may not admit it, he yearns for a car that's full of fun.
All this, we promise you, and more will be yours when you take the responsive wheel of a ROADMASTER.
How about doing that — soon?
Equipment, accessories, trim and models are subject to change without notice.

Week-End Cold Hurts Cotton

Story of the weather and crops in Floyd county this week is a mixed one, with the reports vary encouraging for early wheat, not too encouraging for late wheat, and on the unhappy side for the most of the cotton growers.

Two days of hot, high winds the first of last week did a great deal of damage to young wheat that came out after the spring rains, but older wheat went through the ordeal good and has been thriving on the untoward late coldness.

Late cold good for wheat, not good for cotton. Especially for cotton trying to emerge from the ground. Ground too cold, atmosphere too cold for five days in a row means a lot of the high-priced seed that went into the ground two weeks and 10 days ago was ruined. Re-planting will begin in many fields the middle and latter part of this week, according to the reports. The Hesperian has some cotton, however, has come through and re-planting will not be a completely area-wide job. For years, however, visitors in Floydada on old settlers day have passed numerous fields where cotton was being put into the ground. The year of

1952, it seems, will not be an exception.

Rainfall over the week-end at Floydada was 47-hundredths. The fall was general over the county, ranging from 20-hundredths to 9-tenths of an inch in various localities.

Temperatures ran the gamut last week. In fact the whole month of May has been a wacky one, temperature-wise. May 16, 17 and 18 were the days on which the chill seems to have made it a certainty that a lot of cotton re-planting would be done. High for May 16 was 87 degrees, the heat accompanied by a wind that damaged small grain followed by a high of 91 in the forenoon of May 18. The Friday night temperatures dropped with the cold wind and rain to 56 degrees and did not get above 60 again until way up in the day of the Monday following. The ground was still too cold for cotton to do any good as late as yesterday noon. In the afternoon the high reading yesterday was 83 degrees. Low for the period was 49 degrees in Floydada.

Chapters out by the thermometer during May were not all on the cold side, though. Believe it or not a high of 103 was registered on May 7, 100 on May 8, and 106 on May 14. These highs were for brief periods.

Mrs. E. B. Mayhew has returned home from an extended visit with her daughter and family, Mrs. B. A. Snoddy at Gatesville, Texas.

Pioneer Day Story

If you like a good story which records early-day history of Floyd county you should read in this issue of The Hesperian, "One Corner of Heaven," by Mrs. Blanche (Scott) Rutherford, of Plainview.

"One corner of heaven" is Harmony community in Floyd County. The story told had its beginnings 80 years ago.

In addition to having personal interest for many Floydada and Floyd county people, the story has historical value. It was awarded a \$100 prize by a committee of the West Texas Historical Society last week at West Texas State college. The copy The Hesperian used to print from is the property of Mr. and Mrs. M. D. Ramsey, of Harmony, to whom acknowledgment is made.

Mr. Quebe was also a director of the Plain Co-Op Creamery at Plainview; and was president of the Germania Mutual Aid association of the Providence community and had served as councilman of the Lutheran church for over 30 years.

Widow, Two Sons Survive
Survivors include his widow and two sons, Ewald and B. H. Quebe, both of the Providence community, one sister, Mrs. Emily Quebe, McGregor; and four brothers, Henry, Gus and Fred, all of McGregor, and W. F. Quebe of Waco. He is also survived by two grandchildren.

Friends attending the funeral from Floydada were members of the county school board — R. M. Battey, M. P. Goen, Bill Beedy, Herschel Green and W. Earl Edwards, also Mrs. W. Earl Edwards, Mrs. Virgie Shaw, Jimmy Willson, Jr., Clarence Guffee, J. T. McLain, John B. Stapleton, T. T. Hamilton, Harry Morckel, Mrs. Morckel and mother, Mrs. J. H. Buchanan, Enos Jones, Jess Patterson, Frank L. Moore, Hugh Counts, J. K. Holmes, Carl Plumlee, Bill Norman, Mr. and Mrs. M. J. McNeill, G. C. Tubbs, W. R. Puckett, and others.

Mr. and Mrs. Clyde Rogers of Lubbock spent Sunday here with her parents, Mr. and Mrs. J. J. McKinney, and other relatives.

Stake Another Wildcat Test

Another wildcat test for Floyd county has been staked, this time by two Fort Worth independents, who are joining in an Ellenberger test on the H. A. Krause land in southwest Floyd county, three miles east of the Hale county line.

According to reports the driller is expected to get on the ground by this coming Sunday.

H. Bryan Toff and Brinsmere Oil company are Fort Worth oil people who will drill the test. Official location is 800 feet from the north and west lines of Section 29, Block K, TP RR survey. It is 12 miles southwest of Floydada.

Douglas Hollums assembled the block of about 2,000 acres for the test, which is northwest of the Krause test made on the south side of the same section of land, and abandoned as dry.

Stanotex No. 1 Adams

Meanwhile the Standard of Texas oil test on the Minnie Adams tract 1/4 mile west of Lakeview was still making hole this week. A drill stem test was made Friday below 6900 feet which drilling superintendent I. H. Milligan said revealed no pay in the formation. A report was current in Floydada that oil gas cut mud and salt water were recovered. An electric log was taken Monday while the hole was bottomed at 7,250 feet.

Yesterday the drill was below 7,250 feet. The test is due to be deepened to 8,000 feet in search of the Pennsylvanian formation for a test. The location is on section 32, P. D. Adams survey.

Mrs. W. H. Alexander, who has been in Memphis, Tennessee, visiting her daughter, for the past four weeks has returned home. Mrs. Alexander made the trip home by plane flying from Memphis to Amarillo. She reports a wonderful trip.

Gail Kellison, daughter of Mr. and Mrs. Buck Kellison was valedictorian of the class while Carolyn Campbell, daughter of Mr. and Mrs. A. V. Campbell was salutatorian. The evening program was at 8 p.m.

New Lumber Yard Open at Crosbyton

CROSBYTON — Opening of the new Willson & Bell Lumber company located on Highway 82 three blocks east of the square, was held Saturday, May 17. The company is jointly owned by J. M. Willson, of Floydada, and Perry Bell. Bell is the manager.

Altho the yard has been selling some materials for the past three months all building has just been completed, said Mr. Bell and he invites the public to visit the new place of business.

Mr. Bell is the son-in-law of Mr. and Mrs. I. T. Graves of Floydada.

Roaring Springs Bank Application Refused at Austin

MATADOR — Charter has been refused the proposed new bank at Roaring Springs. The State Banking Commission last week denied the charter on grounds that insufficient deposits were evidenced in the area to warrant the new banking institution.

S. J. Braselton, who was accompanied to Austin by M. S. Thacker in an attempt to obtain the charter, told the Tribune the banking commissioner declared the application might be submitted again in six or eight months.

Mr. Braselton said the capital structure of \$75,000 had been fully subscribed by residents of Motley and Dickens counties.

"We are of course disappointed," said Mr. Braselton. "Because a banking service is badly needed in our community. I would like, however, to correct some of the false impressions that have been circulated regarding our failure to obtain the charter. The refusal resulted from investigations made by the banking commissioner and was not affected in any way by influence of other banks. Neither the bank in Matador or in Spur filed a protest to granting the charter."

Robt. Montgomery Due to Graduate Next Week at ENMU

PORTALES, May — Eastern New Mexico University spring graduating list includes 92 candidates for degrees and diplomas, according to Miss Ruth Ann Wheeler, registrar. Five students are scheduled to graduate with honors.

Three major events mark commencement week activities—honors convocation, Thursday, May 22, 10 a.m.; baccalaureate services, Sunday, May 25, 8 p.m.; and commencement exercises, Thursday, May 29, 8 p.m.

Of the candidates for graduation Robert A. Montgomery of Floydada, with a major in history, is due to receive a degree of bachelor of arts.

TO TOUR OLD MEXICO

LOCKNEY — In connection with his attending of the annual convention of Rotary international at Mexico City the latter part of May, W. J. Griffith of Lockney left Saturday for El Paso, from which place he will take a seven-day tour of Old Mexico prior to the convention.

Attend Exercises at West Texas State

Mr. and Mrs. Mal Jarboe attended the baccalaureate sermon at Canyon Sunday of the West Texas State college and the commencement on Monday morning. Their son, Tom Bob, received his degree from the college Monday morning.

Tom Bob has been teaching in the Prisma schools since the first of the year.

Mr. and Mrs. J. W. Walker attended commencement at West Texas State college at Canyon on Monday, when their son, Joe, received his degree from college. Joe has been teaching school at McLean since Christmas.

Mr. and Mrs. Walter Collins and sons Bryan and Wayne attended the baccalaureate sermon at Canyon for the graduation class from West Texas State college on Sunday. The youngest son of the Collins family, Van, was a member of the graduating class.

Looney Assigned to Finance Office

MARCH AIR FORCE BASE, Cal.— Technical Sergeant Ervin P. Looney was assigned today to the staff finance office, fifteenth Air Force headquarters, March Air Force base, California, another strategic air command base.

Sgt. Looney is the son of Mr. and Mrs. J. P. Looney, 515 North First street, Floydada, Texas. He completed high school in Floydada in 1944; then continued his education at East Texas State college, Commerce, Texas, until he enlisted in the United States air force in January, 1946. He has since completed finance clerk typist and finance technical clerk school at Lowry Air Force base, Colorado. He has also just recently completed the army finance school in St. Louis, Missouri.

FLOYDADA STUDENT INITIATED INTO NATIONAL FRATERNITY

DENTON, Texas, May — Barry Layne Rosson of Floydada was recently initiated into Lambda Chi Alpha, national social fraternity at North Texas State college.

Rosson, son of Mr. and Mrs. R. B. Rosson, Floydada, is a junior student majoring in economics at NTSC.

Stake Another Wildcat Test

Another wildcat test for Floyd county has been staked, this time by two Fort Worth independents, who are joining in an Ellenberger test on the H. A. Krause land in southwest Floyd county, three miles east of the Hale county line.

According to reports the driller is expected to get on the ground by this coming Sunday.

H. Bryan Toff and Brinsmere Oil company are Fort Worth oil people who will drill the test. Official location is 600 feet from the north and west lines of Section 29, Block K, TP RR survey. It is 12 miles southwest of Floydada.

Douglas Hollums assembled the block of about 2,000 acres for the test, which is northwest of the Krause test made on the south side of the same section of land, and abandoned as dry.

Stanotex No. 1 Adams

Meanwhile the Standard of Texas oil test on the Minnie Adams tract 1/2 mile west of Lakeview was still making hole this week. A drill stem test was made Friday below 6900 feet which drilling superintendent I. H. Millican said revealed no pay in the formation. A report was current in Floydada that oil gas cut mud and salt water were recovered. An electric log was taken Monday while the hole was bottomed at 7,250 feet.

Yesterday the drill was below 7,250 feet. The test is due to be deepened to 8,000 feet in search of the Pennsylvanian formation for a test. The location is on section 32, P. D. Adams survey.

Mrs. W. H. Alexander, who has been in Memphis, Tennessee, visiting her daughter for the past four weeks has returned home. Mrs. Alexander made the trip home by plane flying from Memphis to Amarillo. She reports a wonderful trip.

Gail Kellison, daughter of Mr. and Mrs. Buck Kellison was valedictorian of the class while Carolyn Campbell, daughter of Mr. and Mrs. A. V. Campbell was salutatorian. The evening program was at 8 p.m.

New Lumber Yard Open at Crosbyton

CROSBYTON — Opening of the new Willson & Bell Lumber company located on Highway 82 three blocks east of the square, was held Saturday, May 17. The company is jointly owned by J. M. Willson, of Floydada, and Perry Bell, Bell is the manager.

Altho the yard has been selling some materials for the past three months all building has just been completed, said Mr. Bell and he invites the public to visit the new place of business.

Mr. Bell is the son-in-law of Mr. and Mrs. I. T. Graves of Floydada.

Roaring Springs Bank Application Refused at Austin

MATADOR — Charter has been refused the proposed new bank at Roaring Springs. The State Banking Commission last week denied the charter on grounds that insufficient deposits were evidenced in the area to warrant the new banking institution.

S. J. Braselton, who was accompanied to Austin by M. S. Thacker in an attempt to obtain the charter, told the Tribune the banking commissioner declared the application might be submitted again in six or eight months.

Mr. Braselton said the capital structure of \$75,000 had been fully subscribed by residents of Motley and Dickens counties.

"We are, of course disappointed," said Mr. Braselton. Because a banking service is badly needed in our community. I would like, however, to correct some of the false impressions that have been circulated regarding our failure to obtain the charter. The refusal resulted from investigations made by the banking commissioner and was not affected in any way by influence of other banks. Neither the bank in Matador or in Spur filed a protest to granting the charter."

Robt. Montgomery Due to Graduate Next Week at ENMU

PORTALES, May — Eastern New Mexico University spring graduating list includes 92 candidates for degrees and diplomas, according to Miss Ruth Ann Wheeler, registrar. Five students are scheduled to graduate with honors.

Three major events mark commencement week activities—honors convocation, Thursday, May 22, 10 a.m.; baccalaureate services, Sunday, May 25, 8 p.m.; and commencement exercises, Thursday, May 29, 8 p.m.

Of the candidates for graduation Robert A. Montgomery of Floydada, with a major in history, is due to receive a degree of bachelor of arts.

TO TOUR OLD MEXICO

LOCKNEY — In connection with his attending of the annual convention of Rotary international at Mexico City the latter part of May, W. J. Griffith of Lockney left Saturday for El Paso, from which place he will take a seven-day tour of Old Mexico prior to the convention.

Attend Exercises at West Texas State

Mr. and Mrs. Mal Jarboe attended the baccalaureate sermon at Canyon Sunday of the West Texas State college and the commencement on Monday morning. Their son, Tom Bob, received his degree from the college Monday morning.

Tom Bob has been teaching in the Priona schools since the first of the year.

Mr. and Mrs. J. W. Walker attended commencement at West Texas State college at Canyon on Monday, when their son, Joe, received his degree from college. Joe has been teaching school at McLean since Christmas.

Mr. and Mrs. Walter Collins and sons Bryan and Wayne attended the baccalaureate sermon at Canyon for the graduation class from West Texas State college on Sunday. The youngest son of the Collins family, Van, was a member of the graduating class.

Looney Assigned to Finance Office

MARCH AIR FORCE BASE, Cal.—Technical Sergeant Ervin P. Looney was assigned today to the staff finance office, fifteenth Air Force headquarters, March Air Force base, California, another strategic air command base.

Sgt. Looney is the son of Mr. and Mrs. J. P. Looney, 515 North First street, Floydada, Texas. He completed high school in Floydada in 1944; then continued his education at East Texas State college, Commerce, Texas, until he enlisted in the United States air force in January, 1946. He has since completed finance clerk typist and finance technical clerk school at Lowry Air Force base, Colorado. He has also just recently completed the army finance school in St. Louis, Missouri.

FLOYDADA STUDENT INITIATED INTO NATIONAL FRATERNITY

DENTON, Texas, May — Barry Layne Rosson of Floydada was recently initiated into Lambda Chi Alpha, national social fraternity at North Texas State college.

Rosson, son of Mr. and Mrs. R. B. Rosson, Floydada, is a junior student majoring in economics at NTSC.

UNDERGOES APPENDECTOMY

Thomas Burrow is recuperating from a recent appendectomy in Peoples hospital. Mr. Burrow is the business manager of the hospital and hopes to be back on the job in a few days.

the school year will close officially. The members of the class began their school days in the year 1940, the year in which the Texas school system was set up on a twelve-grade system, succeeding the long-established 11-year plan. Their graduation completes the 12-year cycle. They number 35.

It will be a big event in a grand modern school plant with all the facilities that go to make good school surroundings for a student body. This is the smallest class in the foreseeable future to graduate from it and go out into the world for the adventure of which their closing school days are called "commencement."

Commencement Tuesday Night

Commencement exercises will be held at the high school auditorium. The date is Tuesday night, May 27. The hour 8 o'clock p. m.

A. E. Baker, principal, will present the baccalaureate awards after the class has finished its program and I. T. Graves, superintendent, will present the diplomas of graduation.

Sandwiched in between the two official presentations, will be a new feature in the school closing exercises. This will be a Rotary club presentation of awards to students of the school, intended as a complete surprise to the recipients in recognition of outstanding achievement in scholastic or extra-curricular activities. S. W. Ross, president of the club, will make this or these presentations. To whom the Rotary awards will be made is a state secret that will out on the evening of commencement day.

The baccalaureate will be preached Sunday evening at the First Baptist church. R. Earl Allen, pastor, of the church will preach the farewell to school sermon for the young men and women of the class.

Providence News

(By Mrs. Clyde Bagwell)

PROVIDENCE, May 19 — The entire community was saddened by the sudden death of Mr. Quebe, who passed away early Sunday morning. He was a friend to everyone, and his friends were numbered by his acquaintances. We express our heartfelt sympathy to his family and loved ones.

School activities are buzzing with tests, Eighth grade graduating exercises, program by the school, distribution of report cards and book reports. Everyone is happy because this is the last week of school. In September they will be equally as happy for it to begin again.

A nice rain fell over this territory over the week-end. It brought much cooler weather that necessitates the burning of more butane in our school rooms.

Patsy Brown, recently from Ruidoso, New Mexico, visited school Monday.

Mr. and Mrs. Randall Collis and children spent Saturday night and Sunday in the Glen Collis home south of Floydada.

The Sam Jones family spent Sunday afternoon in the "Gib" Brown home near Plainview.

The Fritz Steinfelts were dinner guests of her father, C. Koenig, Sunday. They visited with Mr. and Mrs. Fred Bogard in the afternoon.

Honor roll students in our school for the past 6-weeks term were: Eighth grade: Foinine Boedeker, Sixth grade: Gary Barker, Fourth grade: Patsy McLaughlin, Third grade: Gladys Matthews, First grade: Louise Jones and Fritzie Steinfelt.

Patsy McLaughlin, Gladys Matthews, Rickey Collins, Fritzie Steinfelt, Gary Barker and Foinine Boedeker will receive awards for the greatest number of head marks in their respective grades. Francis Jones, Mary Jones, Johnie Hawkins and Maebeth McLaughlin will receive awards for perfect attendance. These will be given at the close of the graduating exercises Thursday night.

Mr. and Mrs. Veron Collins of Borger visited with her parents, the M. C. Sheeles over the week-end.

Fairview News

(By Mrs. Clyde Bagwell)

FAIRVIEW, May 20 — Some folks think their cotton will come up, some think they will have to plant over. That is the general conversation these days. The cold spell of last week-end was not so good on cotton but was good on the wheat. Our community received less than one-half inch of rain.

Mr. and Mrs. R. T. Foster and baby of Oklahoma City spent Saturday night and Sunday with Mrs. W. B. Wilson.

Mr. and Mrs. Jesse Dennis of Memphis were week-end guests of Mr. and Mrs. P. O. Conner. Mr. Dennis is Mrs. Conner's uncle.

Mrs. W. T. Branson of Floydada visited Mr. and Mrs. Clyde Bagwell Wednesday.

Mr. and Mrs. L. B. Cozby were Sunday dinner guests of Mr. and Mrs. Thurman Perry and Jan.

Mr. and Mrs. C. W. Payne visited Friday night with Mr. and Mrs. Cecil Payne.

Friday visitors with Mrs. Walton Wilson were Mrs. Sim Reeves of South Plains, Mrs. E. C. Austin, who came for several days visit with her daughter, and Mrs. Clyde Bagwell.

Mr. and Mrs. Lee W. Burton and children visited his parents, Mr. and Mrs. Clyde Burton in Floydada Sunday. Mrs. E. W. Walls and Mrs. Clyde Bagwell called for a short time in the late afternoon.

Mr. and Mrs. Edell DuBois spent Sunday and Monday at Lamesa with their son and family, Mr. and Mrs. Bud DuBois and children.

Jerry Holcombe of Gainesville, Georgia, and Jim Mattson of Norfolk, Virginia, who are stationed at Amarillo Air base were Sunday visitors in the E. W. Walls home. Jerry Holcombe is a cousin of E. W. Walls. Dean Walls took the young man to Plainview Sunday afternoon last, where they left to go back to their base in Amarillo.

Mrs. W. T. Branson, of Floydada, has as her guest for several days her sister, Mrs. C. R. Choats of Portales, New Mexico.

Lester Burgett of Garland, Texas, came by Monday morning for a short visit with Mr. and Mrs. Lee Burgett.

Mrs. E. W. Walls and Mrs. Clyde Bagwell were among the folks that were on the home beautiful tour that was made Sunday afternoon in Floydada.

Mr. and Mrs. C. H. Wise and children, Clares Denton and Mona Dell, went to Paducah Sunday, where they visited her mother, Mrs. Ella Lawhon and other relatives. They also attended church at Pad-

ucah Sunday morning with the relatives.

Mrs. Delpha Cook and Glenda and Marie Marshall of Floydada spent Saturday night with Mr. and Mrs. Lee Burgett.

Mrs. C. H. Wise and Mrs. Cephus Fortenberry were among the parents, who accompanied the small school children on their picnic to Plainview Friday.

Mr. and Mrs. Grady Reeves and sons of Plainview visited here Friday in the homes of Mr. and Mrs. L. B. Cozby, Mr. and Mrs. Thur-

man Perry and Mr. and Mrs. McClure.

Mrs. Jim Stewart and Mrs. L. B. Cozby visited here Friday with their parents, Mr. and Mrs. L. B. Cozby.

Mr. and Mrs. J. W. Cozby and children returned to the home after a visit with their parents, Mr. and Mrs. A. T. Sandhill and Mr. and Mrs. Ring of Dougherty.

THE RECORD SHOWS THAT

By ignoring laws, and in many cases their own better judgment, motor vehicle operators manage to kill 37,100 of themselves, their friends and their relatives, and mangle or in some way injure nearly two million others.

Thanks to this sobering record, automobile rates have reached new highs. Over two million men, women and children had it brought home to them that it costs more money than ever before to repair smashed property, smashed bodies — and to die.

EDITORIAL

(By Gary Oden, Editor)

Well, the school year is drawing to a close rapidly and we seniors are getting ready to leave F.H.S. But before we leave, we would like to thank the faculty for their long efforts in trying to make us better citizens. We would also like to thank Mr. Graves and Mr. Baker for their

patience. At times when ordinary humans would have been at their wit's end, they only sat down and counted to ten or more, then reasoned out the situation with us.

We would like to thank the Junior Class for the banquet. I am sure no other Senior Class has received as gracious a send-off as we did this year at the Junior-Senior Banquet. I only hope they receive one as nice next year as we did. And last but not least we would like to thank the student body and the senior sponsors for their co-operation in making our senior trip possible.

So long and the best of luck to next year's seniors!

Story Of The Senior Class Galveston Trip

All of the senior class that had planned to go on the trip and Ann Swepton, Estel Baker, and Henry Barber met at Curley's Thursday evening, April 24, at 5 o'clock to leave for Galveston. We stopped in Abilene, ate supper, and rested for awhile. We arrived in Galveston Friday morning about 8 o'clock, so we could see all the scenery that we wanted to. We stayed at the Jack Tar Courts, located just across the highway from the beach. We registered just after we arrived, then we just looked around and accustomed ourselves to the new surroundings.

That day, Friday, was spent by swimming—though the water was cold—riding bicycles, visiting the carnival on the beach, playing miniature golf, and just running around. That evening we rode the ferry, then went to town to eat supper. After supper we went across town to a large carnival and rode and saw everything. The greatest thrill was the huge roller coaster; some did not feel so well after a ride on that.

Then it was back to the courts for us; some were most weary and went to their rooms for rest, but some

were still eager for entertainment so they went to the skating rink. All in all Friday had been a long, full day.

Saturday we spent the day about the same as we did Friday, but Saturday night we went to town for supper, then came back to the skating rink and skated or watched the others skate. Next, we went to our rooms and packed our things because we were supposed to leave at 6 o'clock Sunday morning.

Sunday morning we ate breakfast and loaded our things on the bus, but it was nearly 7 before we left. We stopped in Austin about two hours, ate our dinner, visited the capitol, and took pictures. We stopped in Abilene and ate supper, then started for home again. We arrived at Curley's about 12 o'clock Sunday night; everybody was very tired but happy. I am sure that they wouldn't take anything for such a wonderful trip!!!

SNOOPER

Well I guess this issue winds us up for this year. So, because of that I'll try to make this last one a good one.

Well, let me see, it looks like all the old regulars are still with us; Jackie and Clara, Abe and Ann, Bev and Bill, and Lewis and Lorraine. Of course, there are many more, but I can't think of them right off hand.

I wonder why Jo Day has been wandering around with stars in her eyes lately? Could it have anything to do with a blue uniform?

Are my bloodshot eyes deceiving me or did I see Dane and Glynell in the show the other night?

They tell me that some unusual talents were discovered on the staff picnic at Roaring Springs. I'd better find out more about this.

I could be mistaken, but from what I've heard Dorothy Holmes seems to have taken an interest in a certain guy. I wonder if he's a Jr. or Sr?

From the reports I have been getting, it seems to me that Franklin and Tanya aren't on the best of terms. I wonder if this is because Franklin took Myrna to the banquet. Really, Tanya, you didn't expect the poor guy to go by himself, did you? By the way, who was Carolyn McD. riding around with after the banquet?

Just what were you doing at the dance, James? About half of the time you weren't in sight about half of the time.

Guy Roy has been going to Roaring Springs quite a lot lately. I wonder what's down there besides a swimming pool?

Well, it looks like Natha finally got her man. That's a real pretty ring, and I wish you the best of luck.

You've heard of triangles, well now we got a square. Buena, Dane, Jackie Henry and Jerry O.

Now that Judge and Mrs. Chapman are gone to New York and left the car with Brooks, I'll bet Barbara has a big time.

Weldon, what's this I hear about you and Frances V?

In the ranks of the bachelors this year, we find such outstanding characters as Gary Oden, Conray Johnson, Guy Roy (I think), Ray Cook, and I think Franklin S. is considering joining them.

Hey, what's going on in third period typing class? Pete, whose that girl that's been sitting on your desk?

Hubert, could it be that I've been seeing you with a certain freshman, namely Barbara Mc, lately?

It seems that Billy Carmack has been enjoying geometry class a great deal lately? Better see about this, Beverly.

Come on, Edwin, tell us who you were with Saturday.

By the way, I noticed Jean Hollums sitting with Don Mc at the banquet, coincidence?

Say Lyndell, how much did that orchid Judy was wearing at the banquet cost???

Gwen and Benita, what's this I hear about Barry not getting enough sleep lately?

Class of 51-52 Senior's Will

We, the Seniors, of Floydada High School, State of Texas, do hereby make, publish, and declare this to be our last will and Testament.

Conray Johnson — I leave my clarinet seat to Glynell A. and new uniforms to the band.

Robert Hambright — I leave my English IV seat to Milton D.

Joe Hopper — I leave my studying ability to Johnny Bryant.

Pete Hopper — I leave my knowledge to a dumb junior.

Albert Whitfill — I leave my ability to get to repeat a course to anyone who wants it.

Earl Eubanks — The bad luck to the juniors is all I have to leave.

Ray Cook — I leave English IV to the birds, my acting ability to Grover Smith, my chemistry grade to Brooks, my water pistol to Mr. Baker, my sense of humor to Franklin Stovall, and my Confederate hat on Dot.

Eve Nell Pratt — I leave my English IV grades to Barbara Hart.

Jean Hollums — I leave my ability to play the piano to Dot.

Natha Bureson — I leave my ability to get along with Mr. Foster to Everett Hill.

Leone Williams — I leave my place as Ag Sweetheart to Shirley, and my place as twirler to whoever wants

16. Marlene Robertson — I leave my cheerleading place to Shirley.

Frances Vickers — I will my place in Shorthard to Millie Carmack.

Carmen Graham — I will my English IV workbook to Betty Hall.

Gary Oden — I leave my bad grades to Jerry.

Gerald Hall — I will my grades (good ones) to Buddy Widener.

Joyce Webb — I leave my ability to play basketball to any bumb junior.

Edwin Leatherman — I will my "excellent grades" to Connie Holliday. He will need them.

Class Prophecy

The eyes of the nation were focused on the now famous little town of Floydada. A wealthy man and his wife stepped from their private plane and became part of the enormous throng of people gathered at the Floydada Space Ship Experimental Station. This was none other than the President of the 1952 graduating class of Floydada High School, Gary Oden. Surprising as it may seem, Gary had decided to give the larger part of his wealth to some

worthy cause and was making a tour of the country before deciding where to place his gift. The throng of people watched breathless as familiar voices came from the tower room of the experimental station.

"Captain Ray Cook Calling station DX Floydada."
 "Don McGuire, station DX Floydada. Come in, Captain Cook."
 "Captain Cook speaking. I am now twenty five miles above the earth and have started my deceleration for landing."

"I have you in my radar; you are coming in fine, Captain Cook."
 Wild cheers went up as Captain Ray Cook landed his space ship, and the first successful trip to the moon had been completed. The now famous Ray Cook accompanied by the Governor of Texas, Conray Johnson, and the mayor of Floydada, Gerald Hall, lead the parade to the City square where they were greeted by Senator Guy Roy. It is yet to be determined whether Captain Cook's hair turned white because of the atmosphere or the anxiety.

While milling around in the crowd whom should Gary meet but Pete and Joe Hopper, now joint owners of the largest cattle ranch on the plains.
 Gary's next stop was Dallas. Upon arriving at the hotel, the first thing his wife did was inquire about a beauty shop. Robert Hambright, hotel manager, handed her a card with this written on it: "King's Beauty Salon — Hair styling by Eva Nell — Hair cutting by Kenneth." Gary was delighted to know that his little wife would meet some of his former classmates at the beauty salon.

Gary was sitting in the hotel lobby idly thumbing through a telephone directory when his eyes fell on a familiar name, Jackie Hutchinson. Gary hurriedly dialed the number hoping it would be the Jackie he knew in high school and sure enough it was. Jackie was now married to Clara Jones and they were both working in the First National Bank. And who do you think was President of that bank? Another Floydada classmate, Wayland Jones. Clara and Loene were still inseparable. Loene and her husband were living next door to Clara and Jackie.

Once again the Odens boarded their private plane and decided that they would work their way up to Canada, but, due to unforeseen weather conditions, their plane was grounded in Jackson, Wyoming. Gary went in to get a weather report from the weather man, and who should it be but Weldon Hargis. Weldon told him that it would be several hours before his plane could take off again and offered to take him out to see Dennis Wilks on his large ranch. Weldon also told him about having seen four others of the 1952 graduating class a few days before. These were Natha, Marlene, Frances, and Jean, who were going with their husbands on an extended trip to Alaska. They were joint owners of a large oil company and were looking for new territory while on their hunting trip.

A few days later the Odens landed in Hollywood and were surprised to see Dorman Turner's name listed among the movie stars.

Gary was reading the sports page and found that Hubert Ring and Roy Teague were coaching football in the University of California.

Before leaving California, Gary had to have some repairs made on his plane and when he asked the airport for their best mechanic, Albert Whitfill was called in. Albert told him that he and Neil Langley had been in charge of the mechanics at this airport for several years.

Gary was still not satisfied about where he wanted to give his money, so he worked his way back across the United States to the eastern coast. He landed in New York in time to see the world series. David Rape and James Freeman were now playing professional baseball for the New York Yankees.

While Gary was putting in a long distance call to his secretary, Wanda Poole, the operator asked him his name, and when he told her, she said, "Can it be possible that you are the Gary Oden of the Floydada 1952 graduating class?" The voice on the telephone was Carmen Graham. She was connected with the Bell Telephone Co., New York.

Gary decided that he would not find what he wanted in New York so he went next to the hills of Tennessee. In the little town of Columbia he found Don Daniel and Kenneth Bishop running a big food store. Gary suddenly realized that

he had contacted every member of the graduating class and asked these boys if they knew anything about other members of the class. They told him that Earl Eubanks was making a doctor and was now doing his intern work in Nashville, Tennessee. Bobby Patterson was business manager of this same hospital. Kenneth and Don had another surprise for Gary. They took him to a cafeteria for dinner and there he found that Frances Vickers and her husband were owners of this fine restaurant.

The Odens decided to go back to Texas and maybe they could find what they had been searching for there. They stopped for a few days rest in Galveston. While strolling down on the beach school students accompanied by an elderly man and woman. This was the 1952 graduating class and their sponsors, Miss Swepton and Mr. Barber. Gary thought, "Is it possible that the people can age so much in ten years."
 Gary decided to go on a deep sea fishing trip and was more than happy to find that Kenneth Hollums and Allen Gross were running the fishing boat. He also learned from them that Edwin Leatherman was working in one of the shipyards.

Miss Swepton told Gary that Joyce Webb and her husband had started an orphan home on a small ranch near Floydada. Gary felt that at last he had found what he had been looking for, so he hastened to visit the orphanage and found Joyce and her husband doing a fine work, but badly in need of buildings. So Gary knew that this was where he would place his endowment.

The Floyd County Hesperian, Floydada, Texas, Thursday, May 23, 1952

THE END

P.S. It was fun writing this class prophecy, but if you don't believe it; you have nothing on me. Shall we have a reunion in 1962, and see how it all turns out?

AT LAST.—We have figured out a perfectly good way to tell how much money there is in a Billion Dollars.

—Take a billion One Dollar Bills, fasten the gather end to end, then start out stringing them like the Telephone Company does their wire.

—When you have circled the Globe three times then string a line from New York to Paris, France.

—By this time you will be so darned tired throw the rest into the Mt. Vesuvius crater and on back home, for it won't be anything but insurance anyway. That is the CHEAPEST THING THERE.

K. T. Keller Awarded Highest Masonic Medal

K. T. Keller, Chairman of the Board of Chrysler Corporation and Director of Guided Missiles for the Department of Defense, has been awarded the highest honorary decoration of the Masonic Order's Scottish Rite, the Gourgas Medal, for "notably distinguished service in the cause of Freemasonry, humanity and country."

Since its creation in 1938, the Gourgas Medal has been awarded to only three other Freemasons including the late King Gustav V of Sweden for "outstanding service in connection with the International Red Cross," President Harry S. Truman in recognition of his work during World War II as head of the Truman Committee, and Dr. Melvin M. Johnson, Sovereign Supreme Commander of the Masonic Order's Supreme Council, for his contributions in the field of mental hygiene and to Masonry.

Mr. Keller, who was coroneted a 33rd Mason in 1942, is the first industrialist to be awarded the Gourgas Medal. He was honored not only for his well-known achievements in industry, but also for his outstanding service to the country in many capacities during both war and peace.

Boyce House Says I Give You Texas

Sights in St. Louis:
A woman who has found a use for the unpopped, unchewable kernels at the bottom of a sack of popcorn—she scatters them on the sidewalk in front of the postoffice, for the pigeons;

A church which looks gray with years—but the date on the cornerstone is 1927—the gray is the grime of coal smoke;

Real antiquity: "Jaccard, jewelers since 1827;"

A man in sandwich boards, advertising a book sale—his mouth moving as though he were in silent conversation with himself;

On a street car, an old woman holding a stout stick with knobs (like the cane Sam Houston carried);

A blind man singing, without accompaniment, in a singularly melodious voice, a chant which might have come from the hills of Scotland;

A "five-and-ten cent store" which sells wedding cakes, "enough for 80 guests," for \$22;

Another "dime store" which sells dressed friers;

(There is a drug store in San Antonio which has a shoe repair department);

George Boesch of the Von Hoff-

man Press who has a tape-line for fishermen—it's made of rubber and you measure the fish, then stretch the line;

The Rock Grill, basement walls frescoed with drawings of Bing Crosby, Al Jolson, Whiteyman, Cantor, Durante, George M. Cohan, Buster Keaton and Charlie Chaplin—and where you can get a small T-bone for 95 cents—or could in August);

Glimpsed in traveling: At Beebe, Ark., Eula and Bula's Cafe.

A signpost showing the way to the town of Hot Coffee, Miss.

And you've seen those service station owners in Mississippi with the right idea. His sign reads, "Discount to everybody."

HE HEADS HIS CLASS
MATADOR — F. B. Hunt, Jr., of Flomot is valedictorian of his high school class. He is also salutatorian as well as president, secretary-treasurer and sergeant at arms. In fact, he is the class.

When his parents, Mr. and Mrs. F. B. Hunt, Sr., moved to Plainview several years ago, he insisted on remaining in Flomot to finish school there and made his home with his grandparents, Mr. and Mrs. W. D. Graves, and this year with his aunt, Mrs. A. B. Cloyd.

(from Floyd County Rural Electric Cooperative, Inc.)

Nancy Morekel and Claude Weatherbee) Manager Melvin Henry and W. E. Grimes, attorney for the cooperative, are in Fort Worth on business.

The employees of the cooperative extend sincere sympathy to the Ben Quebe family. Mr. Quebe was a frequent visitor at the co-op office. He surely will be missed. He visited in the office last Wednesday and again on Friday.

John Nay, the bookkeeper, says a farmer out here has a pig that can write. All he has to do is give him the paper he has his own pen and 'oink.'

Mrs. J. E. Vaughn and daughter of Silverton were office visitors last Wednesday.

Cook book orders have been received the past week from Washington, D.C.; Craigmont, Idaho, and Decatur, Texas.

A demonstration on "cooked foods for your home freezer" will be given at a club meeting in Wake community on Wednesday afternoon, May 21st.

A joint sunrise memorial service is being planned by the American Legion and the VFW posts of Floydada in honor of their comrades who gave their lives for their country. A very nice program is planned and will be given at the Floydada cemetery at 6:00 o'clock on the morning of May 30.

Mr. and Mrs. D. M. Moore returned from visit at Paris, Texas last week. They visited Mrs. Moore's father and mother, Mr. and Mrs. M. L.

Melton. They also visited Mr. Moore's brothers at Commerce, Texas.

The Claude Weatherbees' new home that is under construction on South Main street is progressing nicely. They hope to be able to "move in" soon.

Louis Anderson, who has finished Boot camp is home from San Diego California. Mrs. Anderson who has been working at the cooperative for more than a year plans to accompany her husband to Jacksonville, North Carolina, where he will be stationed. We will miss Ferne among our group here.

Mrs. E. R. Shelley and Mrs. Alice Kemp, of Hale Center, were in the office Thursday for Co-op cook books.

Mr. and Mrs. C. W. Burton are all settled in their lovely new home on Missouri street. Mr. Burton was by the office last Tuesday for a visit. He was a member of the Board of directors last year.

Among other visitors during the week were Arthur Kreis, Route 5, Floydada; Bill Poole of Dougherty; Homer Steen, Floydada; Mrs. C. M. Thacker, Floydada; Mrs. R. C. Henry, Floydada; Mrs. Ruth Daniels, Rt. 5, Floydada; Mrs. Galen Holland, Route 3, Floydada.

Mr. and Mrs. Milton Harrison, Rex and Betty Sue, stopped by the office Saturday morning on the way to Lubbock.

Mr. and Mrs. H. A. Powell, of Crosby county, were in to see us Monday of this week. Mrs. Powell sent a recipe for cake icing that was received too late to be printed in the cook book:

Japanese Icing (especially good on angel food cake)
2 cups sugar, 1 cup hot water, 1 tablespoon flour, 1/2 cup butter, Cook as cream filling, cool and beat; add vanilla.

Class History

The senior class of 1952 started their educational experiences at Andrews Ward school in Floydada, Texas, in the fall of 1940. The same year our English IV teacher started her teaching experiences in F.H.S. The charter members of the class are Natha Burleson, Dorman Turner, Gary Oden, Guy Roy, Edwin Leatherman, and Don Daniels. Our teachers were Miss Eaden and Miss Hoyle, and our principal and our superintendent were Mr. Myers, and Mr. Travis. It was during this first year that we were given the key to the city, and after being shown how the city was run, we rode a train to Dougherty. This was the first and, for most of us, the last train ride in our lives.

Because this was during the war period we did not have the playground facilities that they have now. We had the usual Valentine parties, Easter egg hunts, and Christmas trees. One Easter party stands out in our minds more vividly than some of the others. On this occasion two ragnish members of the class conspired to get all of the eggs. One

of the boys helped hide the eggs. Before the hunt began, he told another boy where they were. This boy found the prize egg and 90% of the others.

Then came the big year of our grade school experiences. We were the first class to go to visit another town on a picnic. We went to the thriving metropolis of Roaring Springs, where we ate and swam all day. Since we went out of town on our picnic, we had to sacrifice the annual banquet.

The big night arrived, graduation from grade school; every one had on his best to march across the stage to receive his diploma. Conray Johnson and Hubert Ring were honor students, and Mr. John Stapleton was our speaker for the graduation exercises.

Graduation from grade school gave us a feeling of great achievement. We were typical freshmen, confused and scared. The first few weeks consisted of learning the ways of the upper classmen, who showed us in a very definite manner.

Nothing very eventful happened our sophomore year except we had a class picnic that everyone enjoyed greatly.

Our junior year we worked hard to win the queen's race. Loene Williams was our queen, but I guess we did not work hard enough because the seniors won. The banquet that year was the first most of us had been to so naturally all of the juniors thought that there would never be another like it.

Our senior year was just one thing after another. This year we elected Loene Williams as our queen. This year we broke tradition by not winning the queen's race. Some of our activities were setting our pictures, a valentine party, a party at the First Baptist church, Senior trip, and the Junior-Senior Banquet. Everyone agrees that it will be a regretful day when we say goodbye to old F. H. S.

An element, in science, is substance not separable into substances different from itself.

- ### TEN POINTS
1. You cannot bring about prosperity by discouraging thrift.
 2. You cannot strengthen the weak by weakening the strong.
 3. You cannot help small men by tearing down big men.
 4. You cannot help the poor by destroying the rich.
 5. You cannot lift the wage earner by pulling down the wage payer.
 6. You cannot keep out of trouble by spending more than your income.
 7. You cannot further the brotherhood of man by inciting class hatred.
 8. You cannot establish sound security on borrowed money.
 9. You cannot build character and courage by taking away a man's initiative and independence.
 10. You cannot help men permanently by doing for them what they could and should do for themselves.
