production in the county is going to usual with some of

wheat crop in it equal to the best crops ever produced in any years and because proached. In that year the final some of the irrigated crops are un-usually good, The Hesperian is bull-

ish on the crop and expects the final figures to exceed the estimates that son. are being made by the county agent, and in other informed quarters.

Some crops are going to crowd 45 bushels. This seems true in a considerable area that includes por-tions of Cedar, Hillcrest, Fairview and Dougherty.

Henry Hinton south of Dougherty has one field where four-grain meshes are plentiful and some heads carry five-grain meshes. Three grains to the mesh are common.

Henry Edwards is east Fairview has one field that looks unusually prom-ising and all of his several hundred acres will produce at a high rate. Roe Jones is high on the Edwards field. Floyd Starkey, in an adjacent field, has an equally good crop.

The crop this year at least will be better than last year's crop. Among other things it will mature more

evenly and earlier also. Last year the county topped the state in production and is most likely to do the

production figures were six million bushels though the county rated only fifth in the state, that sea-Three hundred and fifty thousand acres were planted to

wheat that year. Market, Storage, Grain Cars The outlook for handling the crop

with dispatch this season is promis-ing. Ample local facilities are waiting at every shipping point in the county and the county is better stituated both for storage and for grain cars than usual. Railway companies have not indicated the probability of a shortage of cars. The Quanah, Acme & Pacific report says that 150 cars are on the plains now waiting for the elevator men to use them, and other cars are at

strategic points. Elevators are going to have to be more rigid in their requirements as to moisture content than they have been in recent years. Wheat that doesn't meet the moisture test is going to have to be refused, they say. They urge wheat men not to turn their combines loose until they get a test that assures their crog

nicipalities

servation.

Standard Oil Company of Texas has a major oil strike in their Minnie Adams No. 1, P. D. Adams survey No. 32, one-half mile west of Lakeview, 7.62 miles southeast of Floydada. The pool opener gave first proof of its potent ability to re-make the oil map of this region when it unloaded a head of oil from the drill stem while 3960 feet of pipe was still in

the hole. It was on a drill stem test of a lime formation topped at 7,598 feet.

The drill went 24 feet into the formation to 7,622 feet before a coring was made. The tool was open two and one-half hours. There was a good blow throughout the test and gas rose to the surface at 81/2 minutes.

No fluid reached the top while the tool was in the lime but the drill stem began to unload with 44 stands of pipe still in the ground. The flow by heads continued while the pipe was pulled.

A crowd which assembled as the news spread gave a quiet but very cheerful welcome. There was no trace of water. Bottom hole flow pressure was reported at 260 to 960 pounds.

Reports given out last week-end indicated geologists were not fully agreed on the formation. It was termed the Canyon lime, similar to the formation which blew the Scurry couny field wide open. It was also indicated it might be the Cisco lime. Neither of these formations, it is said, require acidizing to pro-

same this year. However, the big will be marketable duce.

Views and Comment

It is Pleasant to get away from the amazing merry-go-round of immorality and government centralization at Washington for a refreshing new breath of old-time West Texas boost. Good moisture in the ground, a good wheat crop out in the fields, a good oil boom touched off. That's a combination that has never failed in this part of the Lord's vineyard. We hope it shall never change. But the heavy hand of government will be felt in both the wheat marketing and the oil development. The wheat will have to pass the sharp eyes of federal inspectors before it passes into channels for human consumption. The Food and Drug administration is the agency which now wangles itself into the grain business to make Floyd county farmers offer only food from their fields fit for human consumption, to force grain dealers to put only good wheat into the channels of trade and to require, under penalties of the law, the central elevators and the processors to offer for sale to you only food made from your wheat that is fit for human consumption. Everybody who has any idea that the federal government needs to send out a bunch of new inspectors, taken from the nation's low manpower pool, to protect the public against a Floyd county wheat raiser, a Floyd county grain dealer and a Fort Worth flour mill to make them offer you and me only food fit for human consumption-everybody who has any idea that the government needs to do this is asked to stand on their heads and pause for identification. Are you the guy that has let all of this kind of thing happen to us?

About June 10 is the earliest we heard this week of any probable wheat harvest in Floyd county. As one man expressed it there may be a pet patch or so that the combines will enter before that date. Nobody seems to know for sure whether any wheat will be cut by June 10 but there almost always has been so it is assumed that it will happen again. Also, looking out over the fields the grain appears to be ripening mighty fast and 10 days is a long time when you consider a wheat crop maturing in the field. Seems as though a little later than June 10 will be nearer correct in most fields. A lot depends on the weather as it always does. But, the Lord willing, when the time does get here the harvest is going to be bigger and more generous than in a number of years. It is going to be a big crop and Floyd county is going to repeat as the state's number one wheat producer again this year, it seems quite safe to report. A good many people are going to make a good many dollars out of their wheat this year. They are going to raise one of the best quality crops in all of history. And we will have gimleteyed government men fearlessly after you farmers and elevator men to keep you from doing whatever it is you are planning to do to us with this fine wonderful crop which the Good Lord has vouchsafed to the people.

True, the cotton has not come along too good, despite an ample season in the ground. But around the early part of June things begin to level off for the cotton man and F. McIntosh returned home Wednesdoubtless will do so again this year. There is plenty of moisture most everywhere for the cotton to get off well, and despite the several who have not gotten their crops up and booming, because of too much coolness, ada market this season was receivthere is a heavy acreage that has come up ed Monday from Bert Battey and to a good stand. And those who find the cotton situation unpromising still have ample time to put feed into the ground.

An Oil Field seems to be assured by the county wil be held in the district developments of the week on the P. D. Adams tract of land adjacent to Lakeview school house. That is really the biggest news in the county in many a moon. We take for granted the wheat and the cotton. They are fine. We have to have them. But we are used to having them. It is the oil that comes and the need for row crop planting. along gratuitously and adds the bounties Court is due to adjourn Saturday, that nature stored eons ago deep in the bowels of the earth. The oil profession seems to be taking the Lakeview well seriously, although with tongue in cheek. Twenty years fractions. ago such a big deposit of producing lime would have been hailed as a field opener, | was entertained by Miss Mable Fawnothing less. But the oil fraternity has ver on Thursday afternoon. Mrs. spent a good many dollars in Floyd county ly birfthday gifts, at the meeting already, only to be disappointed or thwarted from the club members. by circumstances. Although glowing inwardly they speak with qualifying adjectives and adverbs about the prospects. Fortunately, of a friend, Miss Viola Sharp. Miss or unfortunately, according to the point of view, the principal at the Adams well decided against maintaining their leaseholds on portions of the adjacent lands which they held for a number of years. It is these tracts of land which will provide the first step-outs to see if there is a pool of oil or if Adams No. 1 is just another freak. Nobody here about is willing to think of such a good prospect as anything but a pool opener. There is not any prospect in the area that Graff in Denver, Colorado, followdoes not look rosy as of this morning.

Even the Water outlook (for irrigation) it is a bit more rosy than it was this spring. While the water conservation district makes preparations to help conserve the water supply for users, private initiative is stepping out to find a wider area of productive water sands. The very lands on which oil has been discovered, long considered out of the range of development underirrigation, have water wells on land adjacent. And in other parts of the country new wells are tapping sands which were assumed not to be there. All in all both actual and potential wealth of the section has increased in a decade almost beyond belief. Thus has it come true as was aforesaid by the pioneers. So great is the transformation, though, that none of us yet realize what this thing is that has happened to us. It should be accepted in humility. For after all we must not forget that all of this is a thing which God hath wrought.

4-door, 6-passenger Special Se **Picture of a Pair** who just waked up

HERE in the driveway is a Buick. It has just arrived. It belongs to this proud young couple. They've just "arrived" too.

They've arrived at a discovery-the discovery that owning a Buick instead of a "low-priced car" isn't so much a matter of money.

It's a matter of knowing the facts of life. Buick prices are closer to the prices of smaller, less powerful, less distinguished cars than most people think.

Why don't you check into this?

You'll find you could pay \$300 to \$400 more and still not match the horsepower of this nimble beauty.

You could pay hundreds of dollars more-and still not get any more interior room, or richer fabrics.

But that's only part of the story.

The big thing about any car is the way it goes.

So you ought to find out how this car rides the road-the freedom from bobble and sway that cost a million real dollars to develop.

You ought to sample the way Dynaflow Drive*

201 SOUTH WALL STREET

feeds the power - with a steady swoop a unbroken smoothness in city traffic, on hills, out on the open road.

And you ought to know how it feels to tout off that Fireball 8 Engine. With all its might this high-compression valve-in-head gets al of miles from a gallon of gas.

We'll tell you this-because a lot of folks ha told us this: No matter what car you're drive now-no matter what cars you've looked a they'll never seem the same after you try th one.

Just give us a chance to prove it - and you have a lot of fun.

A sunrise gathering Friday morning, May 30, Memorial Day, at the Floydada cemetery attended the joint memorial service which the American Legion, McDermett post, and the VFW, J. W. Harrison post

at the foot of the pole

As Commander Joe Martin of the VFW called the roll of the departed ones, Mrs. Dona Covington and Mrs. W. R. Daniel escorted the mothers to special seats and presented each with a white carnation. Mrs. Joe

Martin gave the prayer and Kenneth Tate, Legion post commander, placed the wreath at the foot of the flag pole. Reverend Tom Waters delivered the address and the firing squad's volley was followed by taps sounded by Doyle Grundy. The two organizations hope to make this a yearly joint service. Those who attended were unanimous in the opinion that it was a

lovely service. Mothers present and who received special recognization were Mmes. G. Tubbs, Gus Loyd, D. W. Burke, H. C. Love, D. G. Hatley, J. R. Robertson, H. W. Roberts, George Mc-Peake S. M. Crawford, M. C. Fuqua W. S. Goen, and Mrs. Ama Smalley of Clovis, New Mexico

FOOD AND DRUG ADMINISTRATION PROGRAM POSES SERIOUS PROBLEM FOR GRAIN PRODUCERS AND DEALERS

The grain buyers of this area are faced with a problem of enforcement by the Pure Food and Drug Administration, which will mean that Producers, too, will have to watch the grain they deliver to the elevators to be sure it does not contain too much moisture and that it is free from rat and bird infestation.

A WARNING BY THE FOOD AND DRUG ADMINISTRATION

says that inspectors are going to be stationed at the terminal elevators who are going to check grain to see if it is fit for human consumption. Penalties are going to be severe on the grain man who shipped the grain. This means, in turn, that he must be strict in grading of grain that comes over his scales at the elevator before it goes into the bins or into the railroad car.

The grain dealers are under stiff regulations which carry heavy penalties in case of violation. The penalty for a first offense is not more

Oil Well at Home dent. **Spoils Their Fun** in South Dakota

R. E. Fry and T. P. Collins came home last week-end from a land buying expedition into South Dakota. The looks of that country seems to belie all he terrible stories you have heard. Lots of lush grass and this and that makes it appeal to a West Texan's eye. They nearly all fall for some of it. Fry and Collins were not exceptions.

governor Friday night.

up their stories about the trip, the land and what they bought and how wealthy they're going to be. All this Dakota.

"Hush your mouths," said Mrs. Collins. "You all don't know anything exciting. Let's go out and see the new oil well.' Thus do evenits transpire to spoil

your triumphs.

Three Are Critically

III at Lockney

LOCKNEY - Little change has been noted in the condition of the critically ill of the community during the past few days.

W. S. Rexrode suffered a cerebral hemorrhage late last Thursday afternoon, the third in recent years, and has been unconscious since. He was reported by members of the family to be growing weaker this week. His condition is described as critical

J. L. Dagley who suffered a stroke some six weeks ago remains unchanged at his home here. Mr. Dagley has never regained consciousness although at times he appears to be partially conscious, members of the

Mrs. John Belt is critically ill at her home here and her condition is also little changed this week. She has been ill for several months.

On the way home they framed

in particular for the benefit of their wives, their friends incidentally. At Collins' home they stopped first. Beaming they began about South

than a year in jail and a fine of not more than \$1,000 each count or both the jail term and fine may be imposed. The felony penalties are not to exceed three years in prison or a fine of \$10,000 or both on each count.

The Food and Drug Administration say they are going to enforce this regulation, which has been on the books for a number of years.

We are forced to warn our customers that contaminated grain, or grain that is too wet to keep for human consumption is going to have to be turned down at the elevator, also grain containing trash will be subject to dock.

Watch out for grain with too much moisture content. Don't let your custom harvest man cut your grain until you protect yourself with a sample that will pass the moisture content test.

The reason we are going to have to turn this kind of grain down is because we can't sell it and if we offer it for sale at a primary market we will be subject to severe penalties.

We want to warn our customers now, so you won't be offended later when we have to protect our own market and your market by offering only good merchantable grain to the public.

> When cleaning out your bins of last year's crop watch out for rat pellets, bird droppings and weevil infestations. We can't afford for contaminated grain to be offered for public consumption through our elevators.

We will be glad to talk this matter over with our customers, meanwhile. But we know what we are up against and want to give you this advance warning so we can all work together, grain dealers and grain producers alike.

SOME OF THE **GRAIN DEALERS OF FLOYDADA** VICINITY AND

Law Gives New Voters a Break on Time Limit

If you are a new resident of the State of Texas and the County of Floyd, having moved here since January 1, 1951, or having become of age since that time, you get a break provided you have lived in the state for one year and in the county for six months.

The break you get is in the time limit for getting your certificate of exemption from paying a poll tax in order to vote. You now can get a certificate of exemption any time up to within 30 days of the time of any election at which you wish to vote.

Formerly this certificate had to be obtained on or before January 31 of the current year. Thus, if you wish to take part in the Democratic primary on July 26 you can still obtain your certificate of exemption any time up to June 25. The governing date is January 1, 1951 (for which current poll tax receipts were issued) No charge for the issuance of these certificates of exemption is provided for.

The new law will be a boon to new residents of Texas, who meet the other usual requirements for voting. The would-be voter must fill out an application which identifies him as to age, residence status, place of residence, and so forth.

Absentee Voting by Servicemen In calling attention to this provision of the newly revised statute, District Attorney John B. Stapleton also points out that service men who meet the general qualifications a poll tax. Members of the regular | kota Army, Navy and Marine Corps, including volunteers are not eligible to vote in Texas. Here is the rule as defined by the Secretary of State: The general qualifications for vot-

ing are that the person offering to vote shall be at least 21 years old on the day of the election;

He must have resided in Texas for at least one year preceding the election and within the county for six months. However, time spent in the of the above periods any be count- Wichita Falls and Graham

The service man must not be member on active duty of the regular or permanent military establishment. A member of the reserve, selective service draftees, members of the National Guard, whether or not on active duty, and persons retired from the regular or permanent military establishment are qualified to vote.

The rule pointed out by the district attorney for absentee voting by Texas servicemen during this year is that the armed services personnel who are qualified to vote and are on extended active duty may vote during 1952 without paying their poll tax and without obtaining an exemption certificate

Any person who at the time of the election or within 18 months prior to the date of the election, was on extended active duty in the service may vote without regard to payment or non-payment of the poll tax. A serviceman must, however, have been on extended active service duty and not merely active duty for a weekend or a few weeks in the summer. Servicemen who are qualified to vote are entitled to vote although their names do not appear on the precinct lists, or exemption lists. The tax collector is neither required nor authorized to include in the certified list of voters the names of servicemen who have not paid a poll

tax. In view of the fact that a considerable number of new residents in the state and county may want to vote and also a considerable number of persons who have attained the age of 21 since January 1, 1951, and furthermore since a considerable number of Floyd county boys are in extended active service, a rundown on the new law's provision is of more than passing interest.

Crawford Had Pleasant Stay at Re-Union

ROY L. Crawford, the Methodist proved methods minister at Moody, Texas, who with his wife, re-visited the scenes of his who till the soil. 1904-5 boyhood days in Floyd county and attended the Pioners Re-union the new president of the Pioneer Wednesday of last week, writes in- Association. terestingly of the event. Says he in a letter to The Hesperian, dated at Moody, May 31:

I had looked forward to my visit was better than I had dreamed it would be. Having eaten barbecue at it is all I have been saying and more. July 4 picnics in early days, I knew what to expect of that part of the program. It was just like it was in the days of the early 1900's. I enjoyed the afternoon program

and the parade, as well as getting to make a speech myself.

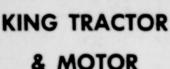

me because they had read the short Is SMU Graduate note of mine you had put in the paper. If anybody doubts that people read the home town paper, this proves that they do.

Meeting Mr. and Mrs. Claude Hall was a refreshing experience. I thouliving when I was a boy in Floydada and he passed our house every day.

To visit the home of my boyhood schoolmate, Ulmer White, was worth the drive many times over. Mrs.

Don't come to the KING TRAC-TOR & MOTOR without taking a look at our selection of used farm equipment. Each implement is a real bargain has been completely reconditioned . is ready to go to work for you.

Crawford and I had a most delight-ful stay with Mr. and Mrs. White in their restful and inviting home, as we talked over those other days. All had been changed on the farm where we lived at one time except the soil. Houses and all that man

builds had passed and other buildings were in their place. The good earth was still there and man has learned to use God's good earth more effectively and reverently. The fine farm homes we say about the country side were evidence that improved methods have brought the satisfying things of life to those

Congratulations to Homer Steen,

I must not use too much space in trying to say all I could say about my visit. It was a real tonic to me. I wonder why I had not returned to Floyd County and Floydada like before now. I have been telling aa boy waiting for Christmas, but it bout western hospitality for years, and to see it again first hand I found

Thanks for a wonderful time shown Mrs. Crawford and me.

Roy L. Crawford.

M. and Mrs. T. C. Russell of Paragould, Arkansas, were among the Floydada residents who atformer tended the pioneer day celebration last Wednesday, Mr. and Mrs. Russell spent several days visiting with old friends.

Mrs. J. E. Eubank, of Lubbock, was here for ploneer day on last Wednesday and visited with old friends

Mrs.Nathan Nabors, of De Leon, Texas, is here for a visit with her daughter, Mrs. P. Q. Haney, having

TOWNCRAFT

West Texas Gas Company

The Floyd County Hesperian, Floydada, Toxas, Thursday, June 5, 1952 **Big Attendance** For Vacation **Bible Schools**

The vacation bible school sponsored by the First Methodist church and the First Christian church which meets each morning at the Methodist church from 9 thru 11 o'clock, is better in many ways than the school held last year, states Mrs. Ray Smith who is general superintendent of the school.

Monday the school enrolled over had an attendance of 127 present. Each morning more pupils report for the school.

Mrs. Smith has 23 workers in the school with Mrs. Edd Johnson as catches Floydada in about the tightsuperintendent of the kindergarden department, Mrs. John Reue as superintendent of the primary department and Mrs. Jim Potts as head of the junior department. Mrs. Tilden B. Armstrong, assisted by Reverend Tom Waters, pastor of the First Christian church, is leader of the intermediate department.

On next Friday evening June 13. the school will hold open house as Friday is the last day of the school. All parents of the children and interested persons are cordially invited to come to the church at 8 o'clock and view the work the children have made during the two weeks school.

At The Baptist Church

The vacation bible school held at the First Baptist church will hold their commencement exercises next Wednesday evening, June 11, at 8 o'clock when all the parents and friends are invited to attend. The school is under the leadership of the pastor, R. Earl Allen, who is principal of the seven departments, with Mrs. Felt Patterson, superintendent of the nursery, Mrs. Burl Huckabee, superintendent of beginners number one, Mrs. E. Pogue superintendent of beginners number two, and Mrs. John Gray head of juniors number one. Mrs. Alva Hull is leader of juniors number two and Mrs. R. Earl Allen is superintendent of the intermediates. There are 67 workers in the school. Monday morning more than 200 children reported for the classes. On Wednesday morning 279 pupils reported.

The ladies adult Sunday school freshments each morning. The will be an addition to the worship school opens at 8:30 each morning Monday thru Friday and recesses at 11:30 o'clock. All children of the CARD OF THANKS town are invited to attend the school, if not enrolled at other vacation schools.

School Closed Friday

The Church of the Nazarene and the First Presbyterian church un- the tragic death of Hampton Chapited in having a vacation bible schools last week, which closed Friday. Reverend Alfred Stone, pastor of the Presbyterian church, who was superintendent of the school, said that the school was a success with

an average of 41 students for the five days. They had nine helpers in the school. On last Friday evening in the Presbyterian church the school held their closing exercises, which was the first evening service to be held in the recently completed auditorium of the church. A large group attended the program. The hours for their school were 8:30 thru 11 o'clock.

Oil Strike

(Continued from first page) This week saw an appreciable increase in the number of lease hounds and interested speculators in Floydada as well as curious persons who wanted to see the well blowing oil out of the hole.

Housing Situation Tight

O. M. Watson, jr., at the Chamber 100 pupils and on Wednesday they of Commerce, said queries on the housing situation had increased pointedly. The new well and the possibility of the increase in population it will bring to the area, est housing situation it has known in many moons. "We're pretty well stymied," said Watson, who expressed the hope that every possible space would be made available at reasonable prices as the demand grows. Watson said more than one working man from the oil fields south of Floyd county had been around to his office. One of them laid himself wide open, said Watson. "This fellow said Scurry didn't have anything like the Adams well out at Lakeview. I don't know whether he knew he was talking

to a Chamber of Commerce man, but his talk was easy to take.'

Question of how big the arch may prove to be, as in every new field, is the big one with the oil men. And every geologist has his own answer

Only producer todate in Floyd county is in the extreme southwest part of the county. It is on the Carmickle land in the Arrick field, just across the line from Hale. Next producing area westward is in the Anton-Irish field in southwest Hale and southeast Lamb. Eastward nearest production is in Cottle county.

RELIGIOUS FILMS WILL BE SHOWN EACH SUNDAY EVENING

Reverend Tilden B. Armstrong pastor of the First Methodist church announces that beginning Sunday evening, June 8, a religious film will be shown each Sunday thru August classes of the Sunday school classes 31. These films will not be a subof the church are serving light re- | stitute for the evening worship, but hour the church, he said

We wish to express our deepest appreciation for the flowers, messages and all words of sympathy sent us in our recent hour of breavement, man of Levelland. May God bless and keep you is our prayer

The Chapman family Mrs. F. M. Smith Mr. and Mrs. George Stiles.

Solemnize Nuptial **Vows For Couple** on Sunday Morning

Nuptial vows were solemnized Sunday morning at 9 o'clock for Doris Earlene Jones, daughter of Mr. and Mrs. Clarence Jones, and Virgil Edwin Warren, son of Mr. and Mrs. Everett Warren.

Rev. Tilden B. Armstrong, pastor of the First Methodist church read the single ring ceremony in his

Mrs. Wayne Robertson was matron of honor. She wore a white dress with navy accessories and corsage of white carnations.

Wayne Robertson assisted the groom as best man.

For her wedding the bride chose a biege linen suit with white accessories and a red rose corsage.

For something old the bride carried a linen lace handkerchief that belonged to her great grandmother Lyles, deceased. Something new was her wedding attire. Something borrowed were her mother's wedding gloves, and something blue was the traditional blue garter.

Mrs. Jones chose for her daughter's wedding a navy sheer dress with white accessories and a white carnation corsage. The bridegroom's mother selected a navy crepe dress with white accessories and a white carnation corsage.

Attending the wedding other than the parents of the couple were Mr. and Mrs. Leland Woodward of Floydada.

Upon their return from a wedding trip the couple wil be at home on a farm east of Floydada where Mr. Warren is engaged in farming

MRS. W. C. RIGGLE ATTENDS WEDDING OF DAUGHTER

Mrs. W. C. Riggle attended the wedding of her daughter Ruth, and Hargis presided at the guest book. Jimmy Jones in Tulsa, Oklahoma, last Thursday evening at the Berryhill Baptist church with the pastor. Reverend Tommy Roberts, officiat-

Mrs. Jones has been employed by the J. &. L. Steel company and Mr. Jones is with the Frank grocery. The couple will make their home in Tulsa. Mrs. Jones has made her home in Tulsa for the past year, and Mr. Jones is the son of Mr. and Mrs. Bob Jones and has lived in Tulsa for a number of years.

Mr. and Mrs. Jones are planning a trip to Floydada to visit her parents, Mr. and Mrs. Riggle in July.

Mrs. Dale Elsner of Austin is here visiting her parents, Mr. and Mrs. Tom Smith. Mrs. Elsner is the former Rebecca Smith.

man's province, says a famous Ameai rerendesign hall.tdereosOtw oo erican designer. These days, he explains, 'father makes the beds, the kids wash the dishes, the family lives as a unit. Yet women are afraid to throw away all the old notions of home decoration and make their homes fit their families.

CA323 733

IDITICK

OGIC

LOUISE ALLEN

Well, women may do all right making homes fit a special situation, but we know some men who've tried it with disastrous results. The spouce has a friend who fancies himself as a house planner. Their first home was so tall in proportion to its width that it looked as if the occupants might be giraffes. He also thought one telephone could serve both floors, so he placed it half-way-up the stairway. Every time it rang, someone had to run up or down six steep

bride-elect of Bobby Kincheloe was steps to answer it. named the honoree at a bridal shower in the home of Mrs. Floyd Another original male designer in our town planned a home with no Johnson last Friday evening. Miss back door. Just a front door and one Bolding and Mr. Kincheloe were wed leading to the garage which opened toward the street. Result was milady From the table laid with lace had to trapise out the front with cloth, having for a centerpiece a garbage, wet mop, laundry et cetcrystal punch bowl surrounded with / era. He sold this house and designed red roses, Mrs. Bruce Bishop and another, this time with the guest-Mrs. Monroe Nelson served the room having an outside entrance only. We often wondered how a house guest felt saying goodnight at the kitchen door then wandering out into the cold night to his own room and Mrs. Fred Lambert presented

We'll admit some women seem to plan their homes and home decorations with an eye to pleasing the bridge club rather than the family. But just the same, most of them toast to the bride, followed with would think quite awhile before giving up such old-fashioned notions as a rear exit or a door into the guestroom

ers, Freida Smith, Janice Smith, Le ford Taylor, Emery Robertson, Fred Faun Ballard, Nita Anderson, Norma Lou Hamilton, Charles Bradford, son, Floyd Johnson, and Misss Au- Miss Beaulah Johnson and the couple's parents.

SOME OF YOU MAY BE WONDERING

Why we did not stay in Arkansas. They did not have sand storms over there. We got along fine until we got all of the west Texas soil out of our system, then we started getting homesick and the longer we stayed the sicker we got, so here we are back in Floydada for the present.

We will be at Kimbell's elevator this summer and will be glad to see our old friends and to make new ones.

We surely will appreciate any grain you bring our way this summer and will do our best to give you fast, courteous service.

W. C. CATES

"My Quonset was constructed exactly as I de-signed it to fit my special purpose. I have 3.00 cubic feet of grain storage bins built into my 32' x 60' Quonset to take care of my grain and seed production, and I still have plenty of room left to take care of all my equipment starage and shop space. I consider the Quonset Steel Building a valuable asset b any farmer."

HAGOOD'S

Pictured above are the exterior and interior views of Mr. Halbert's Quonset. Note the specially designed grain bins in the inner wall.

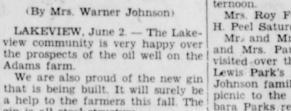

Reasonable initial cost, fast delivery and erection, rodent and weather resist-ance, extended durability and versatility put Quonset in a class by themselves.

Shireys Stage **Re-Union June** 1 at Wichita

The Shirey family reunion, an Pat and Kay. annual affair, was held Sunday June first in Scotland Park, in Wichita Falls, with over 125 members of the family registering. Each family brought well filled baskets of food and a big "dinner-on-the-ground" was enjoyed.

Before noon, and during the lunch hour, visiting and getting acquainted with new members of the clan was enjoyed. Following the meal, a business session, presided over by the president, G. N. Shirey of Floydada, was held and a program was rendered. Singing of religious hymns and songs and a prayer by the chaplain, J. F. Shirey was had. The high light of the program was "Looking up the family tree", an interesting historical talk by Mrs. Addie Shirey Irwin. Peak, of Lorenzo with a few glances at the "branches and twigs."

Reverend Wendell B. Shirey, pastor of an Amarillo Baptist church, had a check-up at the clinic. gave a talk, "Preparation for the

Shirey family, it is believed. The reunion will be held again on the first Sunday in June, 1953, at the same park.

Everyone with a trace of Shirey blood is welcome to the reunion and is urged to attend the gathering next year, said the president, G. N. Shirey

Attending from here were Mr. and Mrs. G. N. Shirey and their children, Mr. and Mrs. Ernie Widner, Buddy and Ann, and Mr. and Mrs. Wayne Finley and children, Jerry,

Fairview News

(By Mrs. Clyde Bagwell) FAIRVIEW, June 3. - Mr. and Mrs. L. A. Horton of Plainview came

down Thursday afternoon to spend the night and day Friday in the home of their daughter, Mrs. Jim Stewart and family.

Leonard and Mary Ann Wilson, students of Tech college at Lubbock, came home Friday for the summer holidays. Guests recently in the home of Mr

and Mrs. Shirley W. Irwin were Mr and Mrs. A. S. Orr of Lillian, Alabama. Mrs. Orr is a sister of Mrs.

Mr. and Mrs. Cecil Payne accompanied Mrs. R. W. Lotspiech to Lubbock Friday, where Mrs. Lotspiech

Mr. and Mrs. Grady Reeves and Reunion in the Sky." Reverend sons of Plainview were Saturday Shirey is the only preacher in the night supper guests of Mr. and Mrs.

HAVE YOU HAD YOUR CAR

having yours inspected now.

the week-end with her grandparents Mr. and Mrs. E. W. Walls, Brenda attended church here Sunday with her grandparents.

Mrs. G. M. Bullard of Floydada who was a week-end guest of her daughter, Mrs. L. B. Cozby, attend-ed church Sunday morning. We are always glad to have Mrs. Bullard in our services.

Mr. and Mrs. P. A. Denison of Floydada and Mr. and Mrs. C. W. Denison visited in the home of Mr. and Mrs. Clyde Bagwell Thursday night.

Last week's visitors in the home of Mr. and Mrs. Shirley W. Irwin were Mrs. Maggie Lemons and daughter of Los Angeles, California, Mr. and Mrs. Randell Irwin and family, all of Lubbock, and Mr. and Mrs. V. H. Boteler and Betty of Floydada.

Rev. Joe Wilson attended the funeral Sunday afternoon for Mr. Hollums at Floydada and Mrs. Wilson visited Mrs. Bob Garrett for the

afternoon Mr. and Mrs. Lee W. Burton and hildren were Sunday dinner guests of Mr. and Mrs. Walton Wilson.

Mr. and Mrs. Lee H. Rose of Peora, Illinois, are here in the country looking after farm interests in north east Fairview community. While

here they have visited with Mrs. W. T. Branson and have taken Mrs. Branson on several trips over the country. Mrs. Branson and Mrs. Rose formed a friendship in 1941 that has lasted through the years. This friendship happened quite by accident. Mr. and Mrs. Rose were here looking after their farm interest when their car got stuck in the mud near the Branson home. Mr. and Mrs. Branson invited them to spend the night.

Jim Dan Stewart spent Saturday night with Leonard Wilson. Ronnie and Donnie, grandsons of Rev. and Mrs. Joe Wilson, left last week for Lubbock where they will make their home with Mr. and Mrs. Joe Earl Wilson and their brother

Dana Joe Mr. and Mrs. R. M. Cannon, of Post, and Mr. and Mrs. L. V. Cheves of Amarillo were Sunday guests of Mr. and Mrs. Jim Stewart and Jim Dan. Mrs. G. W. Stewart accompanied the Cannons here and will spend an indefinite time here in the home of her son and family Mrs. Walton Wilson, Leonard,

Mary Ann, and Judy were dinner guests and spent the afternoon with Mrs. Jim Stewart Friday.

L. A. Marshall and Lee Burgett returned home Friday from their fishing trip that took them to several famous fishing spots. One of the places where they stopped to fish was Aransas Pass near Corpus Christi. They were met there by Mrs. Burgett's brother G. A. Moore. They did some deep sea fishing while on the trip at Port Isabell. Mr. Burgett reports he caught a 12 pound fish. He brought home some

Mr. and Mrs. Fred Nabors, of Amarillo, spent Saturday night and Sunday here guests of relatives.

Nancy Morckel and Claude Weathersbee Electrification Advisors Mrs. Dona Covington, office man-

ager, had as her guests during the week-Mrs. Arthur Beedy, Mr. and Mrs. L. W. Lafayett and Mr. and Mrs. Dan Heath and son, all of Port Worth, Texas. Mrs. Beedy and Mrs. Covington are sisters. Mrs. Lafayette and Mrs. Heath are daughters of Mrs. Beedy.

All homemakers interested in cooking should be sure to attend the cooking school that will be held Thursday afternoon, June 5 at 3:00 o'clock at the American Legion hall in Floydada. Jennie V. Wynne, of Lubbock, home economist for Frigidaire Sales corporation, will present modern methods of cookery - of course it is electric. We do not recommend any one kind of appliances but all dealers are welcome to use our demonstration kitchen

and are urged to do so. We are always pleased when they come our way to show members of the cooperative and our friends what they have to offer them in efficient time and labor saving equipment. There will be a small door prize for each one attending. The food will be drawn as prizes. We have been asked to assist with this school and we are looking forward to seeing all of you there.

The board of directors and the employees of the cooperative are enteratining the annual meeting planning committee, the cook book committee, and the folks who helped with the annual meeting on April 19, with a covered dish supper and a program on Friday night, June 6th. Wanda and Pete Hickerson enjoyed having a group of their school day friends visit in their home last Friday evening. Those present were

Mr. and Mrs. Odell Poteet, Ralls; Mr. and Mrs. Bob Wilson, Ralls; Mr. and Mrs. Rafe Ferguson, Rt. 4, Floydada; Mrs. Evelyn (Vincent) Edmonson of South Texas; Mrs Leone (Holmes) O'Hare, Kimball, Nebraska; Mrs. Carmen (Ferguson) Mason, Austin; and Mr. and Mrs. Elmer Cooper, Route 1, Floydada.

several years ago.

The REA float was judged first place in the commercial class in the old settlers' parade on May 28. Karen Buchanan and Dorothy Holmes demonstrated washing the "red flanneds" the old fasioned way with wash board and wringer. The old black pot for heating the water and the fire wood typical of the times and the country (mesquite and cow chips) were displayed on the truck. Nancy Buchanan, Edith Garrett, Peggy Lanham, Glenna Mae Pope of Friona, and Elayne Snodgrass, played a game of canasta while their automatic wash-

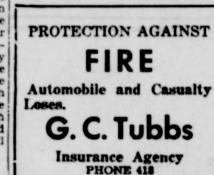

ing equipment did their washing. Those who did not attend the

★★★ FIELD NEWS sunrise memorial service program at the Floydada cemetery given May 30 by the VFW and American Legion and their auxiliaries missed a most impressive service. Around 200 were in attendance a number from out of town.

> So nice to have our relatives for our first family reunion since 1937. My sister and her husband, Mr. and Mrs. Hershel Frields of Los Angeles, California; my brother, Mr. and Mrs. Paul Buchanan and Donald of Springfield, Missouri, have been with us for several days.

> > W. H. Leatherwood of Crosby county was an office visitor last week. He came by for a cook book.

Mrs. A. G. Cardinal and son George Myron of Kenefick, Oklahoma, and Mrs. Bud Warren of Floydada visited in the office on Wednesday afternoon. Mrs. Cardinal says they are enjoying their

Why are women's purses bigger than men's?

Remember all those cartoons you've seen of a wife going through her sleeping husband's trouser pockets? They m.y give you a clue why some women's purses are bigger.

But we're inclined to think that there are other and better reasons why more women than men own stock in so many of America's largest companies.

For one thing, women are practical, thrifty, and inclined to do something sensible about their future finances and those of the family. Forgive us, mister, but the facts speak for themselves:

Women have outnumbered men snare owners of telephone stock since 1900. The big food companies have a predominance of women share owners. Ditto the country's largest auto maker. And, at last count, 116,800 women owned shares in General Electric as against 83,000 men. Big business, as it turns out, is a woman.

About 2,100 of these women-and men-turned out this spring to attend the G-E annual meeting and eat a box lunch in one of our largest factory buildings. If you'd like a report of what was said and done, just let us know. A card asking for "Report of the Sixtieth Annual Meeting," Dept. 6B, General Electric, Schenectady, N.Y., will do the trick.

are installing an electric system Mr. and Mrs. George Henry and

family of Wellington spent the week-end with his brother and family, Melvin Henry.

The Claude Weathersbes'- Claude Frances, and Tommie- have moved into their beautiful new home on Main street. We know they are going to enjoy it very much-our best wishes to them.
