

Campbells Buy Mott Ranch In Big Land Deal

Recurring reports that two of the Campbell brothers — L. B. and Harold H. — have contracted for the purchase of one of the 15 units into which the Matador lands last year were subdivided, have been confirmed.

The Campbell contract is for the purchase of all of the 5,000 shares of the Mott Cattle corporation at a price that will make the land figure at about \$30 an acre.

The ownership of this land returns to the Campbell name after a period of 73 years. In the year of 1879 H. H. Campbell, of Ellis county, and four other men founded the fabulous Matador ranch, which later became the property of a Scotch syndicate.

The H. H. Campbell, who conceived the huge ranch property and made it a reality, is the grandfather of the two young ranchers who are buying the 24,000-acre spread.

This sale was confirmed here this week by Richard P. Stovall, as attorney for the Campbells.

Stanotex Adams Will Have Open Hole Test

Announcement made out of Midland yesterday indicates that Standard of Texas will attempt to bring in the Minnie Adams No. 1, open hole from a total depth of 7,680 feet.

Setting 7-inch casing was finished Tuesday and the Haliburton rig pulled out after finishing the job. Seventy two hours is due to elapse before any effort will be made to bring in the well.

No announcement has been made relative to the date when the attempt will be made. Two 500-barrel storage tanks have been on the ground since last week-end, when the casing pipe was moved in.

Speculation locally has been that after the casing had been cemented in the coring process would continue to determine the total depth of the structure.

Seven-inch casing has been cemented at 7,602 feet for completion in open hole 7,680 feet at Standard Oil Company of Texas No. 1 Mrs. Minnie Adams, section lime discovery eight miles south east of Floydada in southeastern Floyd County.

Production was indicated on 7,568 and 7,680 feet, final 1 1/2-hour test from 7,532 to 7,680 feet showing gas at the surface in 43 minutes and recovering 450 feet of slightly mid-cut oil, estimated at 90 per cent oil flowing pressure was zero and shut-in bottom-hole pressure 1,325 pounds in 30 minutes.

Cavings Slowed Down Work. Cavings in the well gave considerable trouble during last week, making both coring and drill stem tests difficult.

Meanwhile people of Lakeview, Floydada and other south plains communities have been all agog for news of the well. It has been the principal source of conversation, that and the possibility of step-outs, sales of leases and royalty.

This week practically all the lease hounds had about deserted the community, evidently with intent of letting land and lease owners cool off a bit while the Standard test was awaited.

Despite the fact the layman does not understand why the structure is not tested to its full depth, the announcement that a test will be made without further drilling indicates the company authorities expect a lot of what they have.

Standstill Lease Extended? Residents of the area in which Stanolind Oil & Gas Company has leases, including practically all the residential area of Floydada, have been on pins and needles, wondering what Stanolind would do about their Starks lease lying immediately north of Floydada.

Trustees Get Building Plans On the Boards. Board of trustees of Floydada Independent School district this week had already begun making plans for early enlargements and improvements to the district school plant and facilities.

Their planning follows a practically unanimous vote of the taxpayers favoring the issuance of \$60,000 in bonds.

More Room at North Ward. One of the seriously needed additions to the school plant will be at North Ward, where additional teaching space will be provided for a growing colored population that has far exceeded the teaching space available.

Additional teaching room at the high school also is included in the plans. The situation at that school, according to the authorities, calls for more teaching space at the beginning of the school year.

Mr. and Mrs. J. G. Martin and Mrs. W. M. Massie have been entertaining as their guests this past week, their brothers, Bernard Martin and Mrs. Martin and daughter of Wichita Falls, and Claud Martin of Austin. Mr. and Mrs. Bernard Martin have returned to their home but Mr. and Mrs. Claud Martin will remain a few days.

City Pledges Curb, Gutters on Highway 70

City of Floydada is ready to embark on its highway curb and gutter project, with the State Highway department in cooperation in a curb-to-curb paving program.

The council Tuesday night adopted a resolution asking the state highway department to pave the highway, curb to curb, and committed the city to the curb and gutter building program.

The council has conferred with the highway commission which has referred the matter to the district office. The city's plan will be presented to that office for approval and action.

Also requested of the highway department by resolution is the paving of the center areas of the business route of Highways 70 and 207 through the city, where curb and gutter and a portion of the paving is already done.

Need Unanimous Support. This week city officials said they need practically unanimous support of the property owners on the highway to get the curb and gutter work done in the quickest and least expensive manner.

The saving in the cost of curb and gutter program will come in, (See Street Paving, back page).

Employment Man Stationed Here for the Wheat Season

Clifford P. Mills, with the Texas Employment commission, working out of the Plainview office, is located in the county agent's office here during the wheat harvest.

Mills will lend his services to farmers, combine operators and workers, to get the jobs and the men who need them together.

Migratory equipment owners and laborers are requested to make their needs known to Mr. Mills, who will have information as to local needs as well as concerning conditions in other areas.

She's a Champion, is this pretty miss, Darlene Bryant, who won first in three successive go-rounds in the cloverleaf barrel race of the Crosbyton rodeo last week-end and rated high average for the show.

Movement of Wheat From Fields to Elevators Picks Up Momentum as Warm Winds Dry Grain

Believed to be the first wheat delivered to an elevator in Floyd county was a load from Hall Ferguson's crop three miles west of Muncy at 1 o'clock Thursday afternoon that tested 14 per cent moisture, weighed 61 pounds to the bushel and sold to Muncy elevator at \$2.03 per bushel.

Close on the heels of the Ferguson wheat was a load from a 60-acre field of L. D. Simpson, south-west Floyd county.

First Wheat at Dougherty. At Dougherty the first load of wheat came from a Dickens county farm. It was delivered to Producers elevator there Friday morning by Virgil Smith of Spur.

First load of wheat at Producers elevator here was delivered Friday by Milton Harrison of Lakeview. This 118-bushel load was from an Early Wichita field.

Gadgets Vex the Farmers. The first of the week the harvest spread out all over the county's wide area in fields dotted here and there, so that practically every elevator had five or 10 fields delivered to them as of Tuesday afternoon.

As the harvest machinery began to grind into the higher gear the vexations moisture testers had

haulers hunting from elevator to elevator seeking a tester that was right enough or wrong enough to give an okay to their wheat. Some were somewhat caustic in their remarks. One hauler with a load of 62 weight wheat on a truck Tuesday afternoon said he didn't think that kind of wheat would "pizen many people" and he was ready to deliver it to the first dealer whose moisture testing gadget gave a figure low enough.

What the wheat man dreads, of course, is the thunder storms that June weather can stir up in a hurry and whip his crop of wheat (See Wheat Harvest, back page)

Next Monday, June 16, the young people of District 9 of the Baptist church will open their camp at the Plains Baptist Assembly south of Floydada which will continue thru Wednesday noon, breaking camp immediately following lunch.

Officers of the camp for the young people, (ages 17-25), are: President, Cecil A. Ray, Lubbock; vice-president, B. Earl Allen, Floydada; treasurer, James Abernathy, Falls; business manager, Howell G. Vernon.

4-H Club Round Up At A. & M.

Nine 4-H Club boys and girls from Floyd county attended the Texas State 4-H Club Round-up at Texas A&M this week. Wilton Green, Troy Lee McNeill, Mona Williams, and Marcella Green were Floyd County delegates to the round-up.

Bob Hambright, Johnny B. Griffin, Wilton Green, and Weldon Pickens competed in the rifle contest for district 2.

Janice Shearer, district 2 winner in the area dress review, represented her district in the round up dress review.

The Texas State 4-H Club Round-up is an annual gathering of outstanding 4-H club boys and girls from the state of Texas.

Softball Schedule Calls For Games Tonight and Friday Night At Floydada Jaycee Ball Park

Two more nights of softball this week at Jaycee park, tonight and Friday night.

Tonight it will be Humble vs. Center, tomorrow night Dougherty vs. REA.

Next week's schedule opens Monday night with REA against Humble on the Jaycee field here and Dougherty tackling McCoy at McCoy.

Tuesday night Builders Mart of the South Plains league will host the Prim drug team in Floydada Jaycee park, and on Thursday night, June 19, Humble will be the home team at Jaycee park against McCoy.

Farmer Beats Builders Mart. Farmer beat Floydada on Jaycee field 4-2, with Floyd Ashley taking the win and Joy Ward the loss.

Alvis Dickerman and Bobby Ferguson also went down for the week-end.

ATTEND CAMP AT LEUDERS

Rev. and Mrs. Charles Dickerman and Doris Dickerman attended an annual camp and institute at Leuders, Texas, last Monday thru Sunday. Mrs. Dickerman was one of the 10 teachers.

Alvis Dickerman and Bobby Ferguson also went down for the week-end.

Library Given OK at Meeting

Floyd county is going to have a free public library. The committee which in February began a campaign of agitation and work for the library Monday presented the Commissioners court with signatures of an overwhelming more than half of the taxpayers of the county in support of petitions asking for the library.

The lists presented to the court, after circulating in all sections of the county for 30 days, carried the names of 2,397 persons, and more names were added Tuesday. And when the members of the court will go over the lists, Judge Moore said for them Tuesday afternoon they were sure that not too many names on the lists would be persons who are not taxpayers.

It developed in the sessions Monday of this week that the county does not have the funds at this time with which to activate the library and the court was unwilling to undertake it unless required to do so.

A county library can be established on the initiative of the commissioners court. It is obligatory that it be established if a majority of the qualified voters petition it.

Beats Budget Deadline. The steering committee was anxious to meet June 9 deadline with their petitions so as to be sure to get (See Public Library, back page)

In the second game of the night, R.E.A. defeated the Lockney league leaders, Providence, by a score of 7 to 3. Davis went all of the way for R.E.A. and allowed 5 hits. Hatley and Davis led the attack with 2 hits each.

RELATIVES ARE GUESTS. Mr. and Mrs. J. G. Martin and Mrs. W. M. Massie have been entertaining as their guests this past week, their brothers, Bernard Martin and Mrs. Martin and daughter of Wichita Falls, and Claud Martin of Austin.

Rev. and Mrs. Charles Dickerman and Doris Dickerman attended an annual camp and institute at Leuders, Texas, last Monday thru Sunday. Mrs. Dickerman was one of the 10 teachers.

Alvis Dickerman and Bobby Ferguson also went down for the week-end.

# Shireys Stage Re-Union June 1 at Wichita

The Shirey family reunion, an annual affair, was held Sunday June 1st in Scotland Park, in Wichita Falls, with over 125 members of the family registering. Each family brought well filled baskets of food and a big "dinner-on-the-ground" was enjoyed.

Before noon, and during the lunch hour, visiting and getting acquainted with new members of the clan was enjoyed. Following the meal, a business session, presided over by the president, G. N. Shirey of Floydada, was held and a program was rendered. Singing of religious hymns and songs and a prayer by the chaplain, J. F. Shirey was had. The high light of the program was "Looking up the family tree", an interesting historical talk by Mrs. Addie Shirey Peak, of Lorenzo with a few glances at the "branches and twigs."

Reverend Wendell B. Shirey, pastor of an Amarillo Baptist church, gave a talk, "Preparation for the Reunion in the Sky." Reverend Shirey is the only preacher in the

Shirey family, it is believed. The reunion will be held again on the first Sunday in June, 1963, at the same park.

Everyone with a trace of Shirey blood is welcome to the reunion and is urged to attend the gathering next year, said the president, G. N. Shirey.

Attending from here were Mr. and Mrs. G. N. Shirey and their children, Buddy and Ann, and Mr. and Mrs. Wayne Finley and children, Jerry, Pat and Kay.

## Fairview News

(By Mrs. Clyde Bagwell)  
FAIRVIEW, June 3.—Mr. and Mrs. L. A. Horton of Plainview came down Thursday afternoon to spend the night and day Friday in the home of their daughter, Mrs. Jim Stewart and family.

Leonard and Mary Ann Wilson, students of Tech college at Lubbock, came home Friday for the summer holidays.

Guests recently in the home of Mr. and Mrs. Shirley W. Irwin were Mr. and Mrs. A. S. Orr of Lillian, Alabama. Mrs. Orr is a sister of Mrs. Irwin.

Mr. and Mrs. Cecil Payne accompanied Mrs. R. W. Lotspiech to Lubbock Friday, where Mrs. Lotspiech had a check-up at the clinic.

Mr. and Mrs. Grady Reeves and sons of Plainview were Saturday night supper guests of Mr. and Mrs.

Brenda Walls of Floydada spent the week-end with her grandparents Mr. and Mrs. E. W. Walls. Brenda attended church here Sunday with her grandparents.

Mrs. G. M. Bullard of Floydada who was a week-end guest of her daughter, Mrs. L. B. Cozby, attended church Sunday morning. We are always glad to have Mrs. Bullard in our services.

Mr. and Mrs. P. A. Denison of Floydada and Mr. and Mrs. C. W. Denison visited in the home of Mr. and Mrs. Clyde Bagwell Thursday night.

Last week's visitors in the home of Mr. and Mrs. Shirley W. Irwin were Mrs. Maggie Lemons and daughter of Los Angeles, California, Mr. and Mrs. Randall Irwin and family, all of Lubbock, and Mr. and Mrs. V. H. Boteler and Betty of Floydada.

Rev. Joe Wilson attended the funeral Sunday afternoon for Mr. Hollums at Floydada and Mrs. Wilson visited Mrs. Bob Garrett for the afternoon.

Mr. and Mrs. Lee W. Burton and children were Sunday dinner guests of Mr. and Mrs. Walton Wilson.

Mr. and Mrs. Lee H. Rose of Peoria, Illinois, are here in the country looking after farm interests in north east Fairview community. While here they have visited with Mrs. W. T. Branson and have taken Mrs. Branson on several trips over the country.

Mrs. Branson and Mrs. Rose formed a friendship in 1941 that has lasted through the years. This friendship happened quite by accident. Mr. and Mrs. Rose were here looking after their farm interest when their car got stuck in the mud near the Branson home. Mr. and Mrs. Branson invited them to spend the night.

Jim Dan Stewart spent Saturday night with Leonard Wilson.

Ronnie and Donnie, grandsons of Rev. and Mrs. Joe Wilson, left last week for Lubbock where they will make their home with Mr. and Mrs. Joe Earl Wilson and their brother, Dana Joe.

Mr. and Mrs. R. M. Cannon, of Post, and Mr. and Mrs. L. V. Cheves of Amarillo were Sunday guests of Mr. and Mrs. Jim Stewart and Jim Dan. Mrs. G. W. Stewart accompanied the Cannons here and will spend an indefinite time here in the home of her son and family.

Mrs. Walton Wilson, Leonard, Mary Ann, and Judy were dinner guests and spent the afternoon with Mrs. Jim Stewart Friday.

L. A. Marshall and Lee Burgett returned home Friday from their fishing trip that took them to several famous fishing spots. One of the places where they stopped to fish was Aransas Pass near Corpus Christi. They were met there by Mrs. Burgett's brother G. A. Moore.

They did some deep sea fishing while on the trip at Port Isabel. Mr. Burgett reports he caught a 12 pound fish. He brought home some fish.

Mr. and Mrs. Fred Nabors, of Amarillo, spent Saturday night and Sunday here guests of relatives.

All homemakers interested in cooking should be sure to attend the cooking school that will be held Thursday afternoon, June 5 at 3:00 o'clock at the American Legion hall in Floydada. Jennie V. Wynne, of Lubbock, home economist for Frigidaire Sales corporation, will present modern methods of cookery — of course it is electric. We do not recommend any one kind of appliances but all dealers are welcome to use our demonstration kitchen and are urged to do so. We are always pleased when they come our way to show members of the cooperative and our friends what they have to offer them in efficient time and labor saving equipment. There will be a small door prize for each one attending. The food will be drawn as prizes. We have been asked to assist with this school and we are looking forward to seeing all of you there.

The board of directors and the employees of the cooperative are entertaining the annual meeting planning committee, the cook book committee, and the folks who helped with the annual meeting on April 19, with a covered dish supper and a program on Friday night, June 6th.

The Grady Dunavants of the Lakeview community, Floyd county, are installing an electric water system.

Mr. and Mrs. George Henry and family of Wellington spent the week-end with his brother and family, Melvin Henry.

The Claude Weathersbes'—Claude Frances, and Tommie—have moved into their beautiful new home on Main street. We know they are going to enjoy it very much—our best wishes to them.

They all attended Starkey School several years ago.

The REA float was judged first place in the commercial class in the old settlers' parade on May 28. Karen Buchanan and Dorothy Holmes demonstrated washing the "red flannels" the old fashioned way with wash board and wringer. The old black pot for heating the water and the fire wood typical of the times and the country (mesquite and cow chips) were displayed on the truck. Nancy Buchanan, Edith Garrett, Peggy Lanham, Glegna Mae Pope of Friona, and Elaine Snodgrass, played a game of canasta while their automatic washing equipment did their washing.

Those who did not attend the sunrise memorial service program at the Floydada cemetery given May 30 by the VFW and American Legion and their auxiliaries missed a most impressive service. Around 200 were in attendance—a number from out of town.

**Why are women's purses bigger than men's?**

Remember all those cartoons you've seen of a wife going through her sleeping husband's trouser pockets? They may give you a clue why some women's purses are bigger.

But we're inclined to think that there are other and better reasons why more women than men own stock in so many of America's largest companies.

For one thing, women are practical, thrifty, and inclined to do something sensible about their future finances and those of the family. Forgive us, mister, but the facts speak for themselves:

Women have outnumbered men share owners of telephone stock since 1900. The big food companies have a predominance of women share owners. Ditto the country's largest auto maker. And, at last count, 116,800 women owned shares in General Electric as against 83,000 men.

Big business, as it turns out, is a woman.

About 2,100 of these women—and men—turned out this spring to attend the G-E annual meeting and eat a box lunch in one of our largest factory buildings. If you'd like a report of what was said and done, just let us know. A card asking for "Report of the Sixtieth Annual Meeting," Dept. 6B, General Electric, Schenectady, N. Y., will do the trick.

# Views and Comment

Taxes are in the limelight in Floyd county this week. The fact that many people in the county want a free library and have presented petitions with many names, as required by the Commissioners court, bears out the point that local taxation has some political significance and the court feels it must have a substantial majority of the taxpayers on the dotted line. When the time comes for an increase in taxable values this can be pointed to as coming from the people as well it may.

In our judgment the readjustment in valuations would have been inevitable whether or not a few thousand more were added by way of a free library, demand for which comes mainly from the distaff side of Floyd county families. The women feel, we suspect, that since the men spend many, many thousands in taxes each year in Floyd county for what the men think desirable projects, they had as well tack on a few thousand for what the women think would be a good thing for the upcoming generations. There is plenty of wealth to back it all up, of course, and Floyd county values have been and are, we are happy to say, ridiculously low. We want them to stay ridiculously low. They can stay that way while the women have their library, we think.

A thing we'd like to see not happen: For the Commissioners court to contract with some concern, firm or individual from a big city, to make a "scientific" survey of the county and recommend a readjustment of taxable values. We admit that our valuations have just sorter grown up, like Topsy, and that there is little rhyme or reason, to the 'scientific tax man', in the way we have it now. And if the commissioners had tapped every resource and still had to have more money we'd probably though grudgingly, be for some such. In scores of Texas taxing subdivisions this has occurred—just call the roll of the heavily populated areas. But Floyd county faces no crisis of that kind. We already have one bunch of "scientific" evaluators working on the oil properties. To us paying the city fellows a fee for such a job is questionable in a business way. To have another bunch of experts come in and turn the taxation structure topsy turvy is altogether an un-needed expense. We mention this because there seems to be a swelling demand for it from a good many quarters. The Commissioners court can solve its needs for more money right quick without hiring anybody to do anything. In fact the Commissioners are already hired for the purpose. The fact that scores of fine farm homes are wholly escaping taxation and that a thousand or two irrigation wells and plants are not being taken into consideration as the tax rolls are shaped up, doesn't heat us up a particle. The rest of the people are getting away with ridiculously low values, too, unless it be the small home owners in the towns of Floydada and Lockney. What we are trying to say is our tax situation is not at all complicated.

If the county needs a bit more money for its operations we have a constituted body that can up values a few dollars on land and cattle and machinery and merchandise and what not and get this money. We are not at that stage in development where we need some experts splatting around over the countryside at the taxpayer's expense. Let that happen when the time comes that it may be needed.

The reformed Democrats who took over in many Republican precinct conventions in Texas during April, only to be thwarted and turned back by the Republican organizations when the state convention was held, have all the big newspaper people on their side and any voice to the contrary may turn out to be only a small voice in the wilderness as it were. However, for our two bits, we ask leave to point out that the difference between a man changing his political views and voting with a new party is quite different from the same man changing his views, and taking over the new party lock, stock and barrel, and crying "thief" when he doesn't get away with the procedure. To hear these converts cry you'd think the old line Republicans, after tasting bitter defeat for nearly a generation, ought to turn over the show to the converts just as a good chance for victory heaves in to sight. History records that the Populists and Socialists used to try to do the Democrats the same way in Texas. Once or twice the dissenters moved in and got away with it.

This is the week when the harvest may "bust wide open." Many, many fields are almost if not quite ready for the combine and many many combines from many, many climes are here just waiting the word go. They'll rip through the fields, the trucks will cover the elevators up and the plows will turn the stubble over in scores of instances before we get another newspaper in print. In this farming business they don't fool around about it any more. The machine age is certainly here in West Texas farming circles, as well it needs to be.

Surprisingly in this area there are a good many acres of cotton where the young plants are suffering and dying for lack of moisture. Peculiar combination of wind and chill dried out the ground about young plants that were trying to emerge. By the time warmer days hit it was only to punish the tender plants which had no tap root down into ample moisture below. Result, poor stand, worried farmer, about what to do. In many fields the operators "watered their cotton in the row" to keep it going, an experiment which apparently is turning out all right. There are many thousands of acres of cotton that came through in good shape and putting on new leaves this week as the warm sun's rays caress the fields. Depends on the viewpoint whether this has been a good or bad week for cotton.

## Floyd County 14 Years Ago

(Taken from the files of The Hesperian, issue dated June 16, 1938.)

President of Texas Tech college, Dr. Bradford Knapp, who has been president of the college since 1932, died Saturday morning of a heart attack, following several months of ill health. Burial was in Lubbock cemetery.

Mrs. N. A. Armstrong who was injured in a fall at Roaring Springs about ten days ago, was reported as being improved today.

Drilling has recommenced on Montgomery No. 1, according to reports this week. Work has been going on at the Blanco test since November but as yet no drilling has been beyond the 5,100-foot level.

The C. W. Nichols home at Mt. Blanco was destroyed by fire Saturday night of last week together with much of the household goods. The loss is partially covered by insurance.

Plans are in the making for a big two-day celebration on July 4 and 5. Softball games, street dances, political speakings and Hardley Sadlers shows will be part of the entertainment.

According to a survey made late yesterday afternoon Floyd county has already harvested and hauled to the elevators approximately 248,400 bushels of wheat or about 138 cars. Some fields are cutting near 20 bu. around Dougherty and near 15 bu. around here.

J. E. Norman, of the Texas State employment service, will have offices with the county agent temporarily and will have available lists of harvest hands for jobs in Floyd county, during the harvest and plowing season.

June 20 is Fathers day and will be observed throughout the nation honoring fathers.

Mrs. Milt Covington is reported as improving following a major operation at a Lubbock hospital the first of the week.

Miss Hazel Borum, of Cripple Creek, Colorado, who has been here for several days visiting her parents, Mr. and Mrs. E. R. Borum, was married Wednesday afternoon in the home of Rev. G. W. Tubbs to Jack Shisler of San Antonio.

Miss Pearl Croft and Dale Self were united in marriage in Petersburg on June 10.

Miss Ruby Tribble and Miss Winfred Hodge of the Christian Endeavor of the First Christian church are attending an annual young people's conference at Ceta Glenn canyon this week.

## Consider Negro School Necessity

LOCKNEY — The board of trustees of the Lockney school district held a meeting Tuesday night attended by Mr. and Mrs. W. C. Irons along with Supt. Sidney Reeves. Mr. Irons will assume his duties as superintendent of the local school system on July 1, succeeding Mr. Reeves, who is going to Quitman.

The board also discussed the matter of a negro school and made definite plan to open a school September 1, Whitey Baccus said. They haven't set the location of the school as yet but do have a building they can use. One teacher and from 10 to 25 students are expected to compose the school.

equipment and tell just what can be done with it. Since the kitchen is not too large it was decided to hold the cooking school at the American Legion Hall. Sixty-nine women registered to see modern methods of electric cookery demonstrated. The thermizer meal included roast beef, new potatoes, carrots and onions and a date bread pudding.

A whole ham and three loaves of bread were baked in the "wonder oven"; while a skillet full of barbecued franks were prepared on a surface burner. Then to really show just what can be done a sirloin steak was broiled in the top of the oven while a cake was baked in the bottom of the oven. Refrigerator cheese cakes were made and a display of foods from the food freezer were shown. A container of apples were prepared for the freezer and hints on

freezing fruits and vegetables were given. The school was held through the courtesy of The Oden Appliance Company in charge of L. D. Britton, manager. Mrs. Wynne is a good demonstrator and we are fortunate to have her near us — we hope she will be with us again soon. Mr. Lang and Mr. Fisher of Plainview were visitors at the school. L. A. Rev. B. J. Martin, pastor of the First Baptist Church, Childress, Tex. will be the speaker for the Baptist Brotherhood at 8:00 o'clock Monday evening, June 16.

A meal will be served in the church basement at 7:00 o'clock by Clarence Guffee's committee.

Buck Marricle, is still in the hospital in Lubbock but was much improved at the last report.

Attending board of directors meeting Monday, June 9, were W. C. Snodgrass, F. L. Morris, Oliver Harmel, Herman King, John Smitherman, Earl Edwards, Lee Rushing and W. E. Grimes.

J. H. Shanklin, Albuquerque, New Mexico irrigation specialist with REA visited in the co-op office Saturday morning.

Mrs. Ruth Reddy Harper, and Mrs. Clara Pollan Beedy of Plainview were in the office Tuesday afternoon.

A number have been in or have written for cook books every day we hear compliments on the recipes folks have tried.

Mr. Smitherman, one of the new directors, says he thinks REA is something we can't do without. He is happy to be a member of the board of directors.

Herman King says it is getting hot and dry up his way.

Mr. Harmel said, "We always enjoy our trips to Floydada. I am glad to serve as a director for the co-op."

Mr. and Mrs. W. C. Cates, who have recently returned to Texas from Arkansas, are making their home at Cisco for the present. Mr. Cates will spend the harvest season in Floydada, operating the Floydada elevator of the Kimbell Milling company.

**Paducah Youth Hospitalized After Intersection Crash**

Little Eddie Mac Pollan, son of Mrs. Lorene Pollan, was injured Sunday afternoon, when the car in which he was riding with Mrs. K. L. Gregory and his little sister, Kay Pollan, collided with a car driven and owned by Terry Don Petty of Paducah.

Riding with Petty was Joe Don Brooks also of Paducah. The crash occurred at the intersection of West Mississippi and second streets. Both cars were badly damaged.

The boys from Paducah had driven to Floydada to visit radio station KPLD.

Young Petty received a broken shoulder and a broken pelvic bone. He has been a patient in the Peoples hospital since the accident until yesterday when he was removed to the Paducah hospital.

Mrs. L. R. Bratton of Paducah, mother of Terry Don was visiting her parents at Hale Center at the time of the wreck. She rushed to the hospital to be with her son.

Terry Don was a graduate with the 1952 class of the Paducah high school. His car was a graduation gift.

Eddie Mac, age 3 received a four inch cut on his forehead and Mrs. Gregory received a cut on her foot. Kay the little sister was uninjured.

**Baxters in Crash East of Floydada**

Mr. and Mrs. Walter W. Baxter, of Campbell, are nursing severe bruises and head wounds this week as a result of a highway crash Saturday afternoon about 2 o'clock on highway 70 east seven miles. Also their pickup and a car belonging to Travis Jones are badly damaged.

Mr. and Mrs. Baxter in the pickup with a trailer, enroute to Matador with a horse, pulled on to the highway from the side road and crashed into the car driven by Travis Jones.

E. B. Chesnut, a neighbor of the Baxters, was among those who helped get the wrecks straightened out and get the Baxters to the hospital for first aid. Both were out of the week but still suffering from head injuries. Travis Jones was shaken up but not seriously injured, apparently.

**Fire Truck 'Face Lifting,' New Hose For Fire Department**

This week a re-conditioning job on the "old" firetruck (old because the department also has a brand new one) of the Floydada Fire department is being carried along by Fire Chief Carl Rogers and his men, with the expectation that it will be ready for service again soon. The pump, storage tank, the hose reel and whatnot are to have attention to the tune of some \$650, according to Rogers' estimate.

This week the council also voted to make 350 feet of new fire hose available to the department soon and add another 350 feet at a slightly later date, all toward the end of making the fire fighting facilities more adequate.

**Wilma Deen Given Masters at New Mexico University**

Mr. and Mrs. Tom W. Deen have returned from a 10 day visit with their daughters, Mrs. Don Booth and family and Miss Wilma Deen and Miss Bernice Henry, all of Albuquerque.

While there they attended the graduation exercises of the University of New Mexico where over 800 degrees were conferred. One hundred forty-nine of the degrees awarded were from the graduate school, eleven of them doctorates. Miss Deen was one of the 138 to be awarded a master's degree. She received a master of arts in secondary education.

The Deens also attended the graduation of their grandson, Deen Booth, from Highland High school, Albuquerque. Deen left Sunday for Los Cruces where he will enter A. & M. College for the summer session.

**Grass Haven For Geese is Forecast**

Problem of how to keep the grass from growing in an irrigated cotton field, particularly Johnson grass. What do you say is the answer.

In some parts of the west it is geese and it may be the answer here. Lynn and Arlen Miller, who have heard the report, are going to experiment to find out. They've got the beginnings of a flock of geese now on their places in the Sand Hill community.

They bought 100 Chinese goslings and will rear as many as they can make live on the farms there. It is said the geese go to town with the grass when the irrigation water loosens up the earth and they can bore into the soft earth deeply for the tender roots of such growths as Johnson grass.

It is an interesting solution—if it proves such—to an interesting and vexing problem, where the grass has taken hold.

Mrs. P. Q. Haney has had her mother, Mrs. Nathan Nabors, of De Leon, as a guest for the past several days. Last week-end the two spent in Amarillo where they were guests of a son and brother, Fred Nabors and family, returning home Sunday.

John Alden's wife's maiden name was Priscilla Mullins.

**William Powell Doing Well Following Operation**

Mr. and Mrs. H. A. Powell received word that their son, William, in Cortez, Colorado, had an operation last Thursday in Cortez hospital. The latest report the family received was Tuesday night. The report was good. William is getting along just fine, so the family said.

Mrs. Alva Sparks, who had an operation in Lubbock Memorial hospital last week-end, has been convalescing satisfactorily this week. Members of the family, including a son Harold of Abernathy, have been spending much of their time with Mrs. Sparks since she has been there. She is due to remain in the hospital for another several days.

R. W. Taylor, a geologist with the Standard Oil company of Texas as a new resident of Floydada, having arrived last week from the Williston field in North Dakota.

with Mr. and Mrs. Gene Hopper and girls.

Cotton is up to a good stand on most of the farms in the community. Some of this is second planting. However some few got a good stand the first planting.

Niagara is an Indian word meaning "Thunder of Waters."

**Big Laminated Beams of Fir in New Church**

Five tremendous beams of laminated firwood from the forests of Oregon are being put in place at the City Park Church of Christ this week to carry the weight of the roof of the new auditorium.

The beams reached Floydada in a Santa Fe car the first of the week and the contractor has been transporting and placing their respective positions in the structure, using special cranes mounted on trucks for the purpose.

Menard Field, one of the men of the congregation, this week said he believed the particular type of installation was the first in this area. He also marveled at the way in which the big cranes were manipulated to hoist the big beams over the high walls and stored so gently inside the area where they will finally be put into position.

The church has had their building program underway for several weeks. Their new auditorium, as well as the old structure being re-built to conform in architecture with the new, is having a brick veneer over concrete blocks, with entrances of polished stone.

Some of the furniture for the church is ready for shipment now and will be forwarded as soon as the roof is finished to give protection to the interior.

**Swimming Class Registers 100**

Business really picked up Tuesday afternoon for the opening of Floydada Jaycees and Floydada Fire department's jointly sponsored class in swimming.

Planned specially for youngsters of the community, but also for others as well, the two organizations will have a series of eight lessons in swimming, the first of which was Tuesday.

One hundred five registered Tuesday and present indications point to another 50 when the second lesson is given Friday evening at 6:30. Wayne Robison is the instructor. A fee of \$1 per person is being charged the learners. But all the income from the project eventually will go back into the park fund for beautification of the swimming pool park area.

The arrangements is that Robison charge naught for his job of teaching the young folks and that the proceeds be divided equally between the Jaycees and the fire boys. These in turn plan to plant the money right back into the park for one thing and another needed to make it a more desirable fun spot for the people of the community.

The pool has been a most popular place for many youngsters since the air has begun to warm up. The swimming season at the pool was inaugurated with the annual splash day.

**Dougherty Club Report**

The Dougherty H. D. Club met with Mrs. Ruth Daniels June 4, with the president, Mrs. C. A. Caffee, in charge.

Roll call was answered with my special economy. After the business meeting first aid was discussed by all members.

Ruth Daniels was appointed to help on the finance committee.

Doris Drysdale gave the county budget, and Ruth Daniel gave the making of a good appearance.

Mrs. Maurice Campbell had charge of the recreation, with Mesdames Ned Bradley and Howard Drysdale winning the prizes.

Mrs. Maurice Campbell won the attendance prize.

Refreshments of angel food cake, punch, and ice cream were served to one visitor, Mrs. C. R. Woodson, and members; Mesdames Maurice Campbell, Howard Drysdale, Ned Bradley, C. A. Caffee, Claude Ring, and the hostess, Mrs. Ruth Daniels.

The next meeting will be with Mrs. John R. Tinnin, June 18, at 2:30 p.m. All make baskets.

**Hig-Bartlett Co. Has New Manager In T. L. Holland**

Higginbotham -Bartlett company's Floydada manager named to succeed the late lamented Clarence Goins, will be T. L. Holland, it was said here this week by H. Allen Bingham, assistant manager of the yard.

Bingham has been in charge of the business for several weeks during and since the last illness of Mr. Goins.

Holland will come here from Amherst within the next two weeks or so, Bingham said. He has a record as a builder and Bingham thinks the people here will like him. Holland has a wife and three sons.

**Concrete in Drive Ways**

The Higginbotham - Bartlett company yard here has had a continuous building program for the past two years, the latest addition being a brick shed on the south side of their main yard replacing a frame shed that had been in use for a long time.

At this time the company has a concrete paving job under way on the drive ways of the yard which will cover all of the area except where black top is already in place.

**Sprinkler System Court House Yard**

Floyd county's court house yard will be a thing of beauty and a joy forever if the plans of the commissioners court are carried out. Moreover it will be much easier to maintain and keep in good condition than in former years.

Contract was let last week for the installation of a sprinkler system on the lawn. It will be installed in three sections. The cost will be \$2,872.46.

Preparing the ground for grass planting has been carried on during the spring by Elton Goen, of Park Florist, who has the landscaping contract. Most of the shrub planting has been finished, the grass yet to set out after the summer is further advanced and the underground pipe work done.

**Bert Grimes in Activities at Boys State, Austin**

Bert Grimes, who is attending Boys State at Austin this week, writes his parents, Judge and Mrs. W. E. Grimes, that he is having a good time. At the writing of his card, a city election was in progress and he cut his message short to attend the election.

Bert was selected to attend Boys State by the local American Legion post. He will arrive home on Sunday, after a week's stay.

**Completion Near On County Cannery**

County Judge Frank L. Moore reported yesterday that completion of the new Floyd county cannery on an East Mississippi site, is due for completion at an early date.

Lacking at this time are some plumbing work, some painting, some finishing work for the carpenters, some glass and doors. Meanwhile cannery who are needing the use of a cannery are making use of the excellent plant at Lockney.

Dr. and Mrs. Warren Poole and sons, David and Daryle, were here the past week-end, visiting their parents, Mr. and Mrs. W. S. Poole. Dr. and Mrs. Poole and family were enroute on a vacation trip to points in New Mexico, Arizona and Colorado.

Amelia Earhart made the first solo flight from Honolulu to California.

**TEXAS ANOTHER DUST BOWL?**

Dust storms are a part of man's age-old struggle with nature—and Texas' greatest scourge! Recurring "dusters" have changed once fertile areas of the world into desert. That was the fate of one of the most productive regions we know through the Bible as the Garden of Eden.

Our trouble in Texas is not enough cover. Old-time cattlemen think the prairies should have been kept as pa-

stures and never plowed. There may be some truth in that. But millions of acres are already under cultivation in the so-called dust bowl, supporting millions of people. We can't go back. Our problem now is how to go on and cope with the combination of intensive prairie land tillage, lengthy drouths and strong winds moisture and prevent blowing in the which sets the stage for dust storms.

Of course, the way to conserve the "wide open spaces" of Texas is to adopt measures which will replace the cover nature originally gave us. Contouring and terracing are two ways of making that running water walk. They keep the water from draining off the land as rapidly as it falls.

Still a better way to conserve moisture is to leave stubble and crop residue on top of the soil instead of plowing it under. This "stubble mulch" practice breaks the impact of the rainfall to let it soak in more slowly and thoroughly. It also provides protection for the soil from the sun and wind.

Stubble mulch has been used in Texas for only a few years and is not yet in general practice. Planting strips of foliage in a field, or "strip-cropping", is a good way to keep the field from being a bald race track for a high wind.

A lot of us have been forcing the soil to get more production out of maximum acreage. And, of course, all of us are for full production. On the other hand, we can't afford to abandon the practices we know will hold the soil and soil moisture.

So long as we don't have much water in Texas this year, the determining factor in our production for 1952, as well as in preventing a repetition of dustbowl conditions, may very well be how well we take care of the little moisture we do have.

Dr. Arthur L. Jordan and Mrs. Jordan and a sister of Mrs. Jordan, Mrs. B. R. Coltharp and father, G. H. Daves, all of Baytown, visited for a few days last week with his parents, Mr. and Mrs. W. B. Jordan.

ED BILLINGS, Anton, star athlete at Wayland College goes to Tulla High School as head basketball coach and assistant football coach in the fall.

**Mrs. John Belt Funeral Sunday**

Funeral services were held on Sunday afternoon from the West Side Church of Christ at Lockney for Mrs. John Belt, who passed away last Friday night at her home west of Lockney after a long illness.

Ministers Charlie Watkins and Hubert Sutton officiated. Interment was in Lockney cemetery under the direction of the Carter Funeral home.

Mrs. Belt was born in Greer County, Oklahoma, the daughter of pioneer parents, the late Mr. and Mrs. J. M. Carthel, who came to Floyd County and settled near Lockney in 1908. She was married to John R. Belt in 1915. Mr. and Mrs. Belt made their home west of Lockney on the Lockney-Plainview highway.

Survivors include her husband and two sons, J. R. and Gene Belt, and two daughters, Mrs. Kenneth Wolford and Mrs. Bob Jarrett all of Lockney; and five brothers, Guy, Francis and John T. Carthel of Lockney, Milford and Ross Carthel of Plainview, and two sisters, Mrs. Bethe Cunyas and Mrs. Della Willmon, also of Lockney.

Mrs. Belt was an aunt of Aaron and A. C. Carthel and Mrs. E. W. Cooley, all of Floydada, who attended the funeral with their families. Also attending from Floydada were Mrs. F. S. Byars and Mr. and Mrs. Claud Payne.

Pallbearers at the service were Frank and Sam Jones, Alva Davis, Durwood Jack, Joe Wylie and Mason Davis.

Miss Jean Covington of Fort Stockton, is visiting her parents Mr. and Mrs. F. M. Covington, at Dougherty. Miss Covington is a member of the school faculty at Fort Stockton.

Mr. and Mrs. Roy Hays and children of Plant City, Florida are here for a visit with her parents, Mr. and Mrs. Jack Burlison. Mr. and Mrs. Burlison are getting acquainted with their new grandson, who is on his first trip to Texas.

**City Officials Hear Talks on City Planning**

Mayor J. A. Patterson and manager of public utilities Al R. Fuchs, of Floydada were among a score of

more of plains city officials who attended a meeting in Amarillo last week sponsored by the League of Texas Municipalities.

Featured in the discussion was the subject of city planning and zoning. "Planning is such an important function that cities like Lubbock and Amarillo cannot afford to do without it," Steve Matthews, Lubbock, city manager, told the group. He said that smaller cities would also find it a paying investment.

Matthews was one of many leading authorities on municipal management the Floydada men had an opportunity to listen to.

Mayor Gene Klein, of Amarillo, welcomed the visitors, among whom was Mayor Douglas Meador of the city of Matador.

Officials of the Texas League of Municipalities, from Austin, presided at the session.

Kelly King, son of Mr. and Mrs. Wallace King, left last week with a group of boys from this area and down-state, for Camp Davis, near Las Vegas, New Mexico where he will spend the month.

The mole is thought to be unable to see or hear.

Mr. and Mrs. Piped W. company with Miss Miller and Mrs. Jackie Jackson enjoyed a vacation trip to the coast, from which they returned first of the week. On the way they saw the Grand canyon situated at Las Vegas, Nevada.

**What's the big idea of DYNAFLOW DRIVE?**

**T**HERE are all sorts of "drives" and "shifts" on the market.

Some still operate entirely by hand. Some depend on shifting gears, but do this automatically. Some feed the power through oil, but use a lock-out device at cruising speeds.

But we still think that Dynaflow\* is the best of all for this simple reason:

**The big idea of Dynaflow Drive is to make life easy for the driver.**

In traffic, you can start and stop, slow down, accelerate with complete and infinite smoothness—because no gears have to shift, ever, in Dynaflow Drive. So there's no lurch, buck or bobble. Dynaflow always feeds power with a steady, willing swoop—at 3 miles an

hour or 30—or as high as it's legal to go. On hills, you get the same sure, steady, unflinching power-feed for the same reason. No gears ever shift.

On a long day's drive, you can ride with wonderful freedom from tension—your foot relaxed on the throttle—because you always drive through oil.

And at any speed you get a smoother ride, in part because Dynaflow Drive provides such a smooth and gentle linkage between that mighty Fireball 8 Engine and the rest of the chassis.

But this is not all. Our service records show that Dynaflow also makes life easier for your bank account. It saves wear and strain on the engine, banishes the cost of clutch repairs, saves strain on the transmission and even on the rear tires.

There are a lot of other good reasons for buying a Buick—its style, its room, its ride, its power, its thrift, its durability—and its price.

When you can get all this—plus Dynaflow Drive—why be a holdout? Come in and give Dynaflow a try today.

Equipment, accessories, trim and models are subject to change without notice. \*Standard on Roadmaster, optional at extra cost on other Series.

## Undulant Fever Patients Feel Chills, Sweats

AUSTIN—This is the season when an increase of undulant fever may be expected, according to Dr. Geo. W. Cox, State Health Officer.

An undulant fever patient suffers from chilly sensations, or severe shaking chills, sweats, and high fever. The patient loses weight and becomes weak. If the illness is of mild type, the patient may find it hard to remain in bed, but if he tries to keep on with his work he finds he has not sufficient energy. Symptoms often continue for a number of weeks before recovery occurs. Fortunately undulant fever has a low death rate. Body temperature may reach a higher point than the day before, then gradually normal over a period of several days. The patient may be absent for a week or more, but will come back again in a way as before, registers a normal temperature curve in 10 to 14 days. The appearance of undulant fever is undulant fever. Undulant fever is one of the infectious diseases known to be transmitted from animals to man, and cows, the germ produced economic loss because it is a contagious abortion. When the germ invades the human body, the resulting disease is undulant fever. Prevention is dependent on eradication of the disease in animals, (2) careful pasteurization of dairy products, and (3) in so far as possible, of contact with infected animals.

# Motley County Dry? Election in 1893 Valid?

**MATADOR** — A local option election for Motley county has been called for July 5, after petitions were filed, which forced the Commissioners court to order the election.

The petition bore almost 100 names, many of the signatures being obtained following services the past two Sundays at the Matador Methodist church and the First Baptist church.

The petitioners want the election so they can vote the dry ticket in effect is all wet.

On December 5, 1893, Motley county went dry in a local option election and sale of hard liquor has been banned in its boundaries ever since. Officers have been making hard liquor and beer arrests on the basis of the 59-year-old election and nobody raised any objection until about two months ago.

**Validity of Election Questioned**

An appeal was filed with the Court of Criminal Appeals, Austin, on a liquor violation conviction in Motley county court. The appeal claims irregularities in the 1893 election, which did occur and County Attorney Howard Traweck did admit it. The question is whether or not they were sufficient to invalidate the law.

Here are two of the irregularities: The election laws at the time said that the result of the election should be canvassed within 11 days. The results in 1893 were canvassed 13 days after the election.

The law also stated that the results of the election were to be published four consecutive weeks in a Motley county newspaper. Judge Henry H. Campbell, the first Motley county judge, in his order declaring the results promulgated, said that the results had been published for four weeks, omitting the word, "consecutive."

About ten years later, Judge T. T. Bouldin, issued a corrective order to include the word, "consecutive." But he made a slip in the name of the newspaper, referring to it in one instance as the Texas Maverick and in another as the Matador Maverick.

The churches began to circulate petitions when they grew apprehensive about the validity of the 1893 election.

Lieut. Commander W. M. and Mrs. Vineyard and two children will arrive Tuesday to visit with her parents, Mr. and Mrs. Jim Barnard and sister, Barbara, for a few weeks. Commander Vineyard is stationed at Patuxent River Naval Air station, Maryland, 60 miles distant from Washington.

# Mott Land Sale

(Continued from First Page)

Representatives of record for the sellers are Lazard Freres & company, 44 Wall street, New York City. About 831 acres of the Mott Cattle corporation spread are located in Floyd county, the remainder in Motley. The area starts at the caprock and lies on both sides of the road to Matador, ending at the Matador bull pasture, a short distance this side of Matador.

**Delivery Date November 5**

Negotiations for the purchase of the Mott property were started about April 1, the details were agreed to on April 30 and the contract was signed on May 16. Delivery date is November 5 of this year. The purchase contract is for 5,000 shares of stock of the Mott Cattle Corporation. The deal will be consummated in Dallas.

W. D. Newell is now surveying the land to determine the exact number of acres the corporation owns. It is believed the actual number of acres will be less than 24,000.

**Exchange With Burlesons**

Three days after the contract for the purchase of the Mott lands was closed the Campbells made an exchange contract with J. C. Burleson and W. E. Burleson, by the terms of which about 10 thousand acres of land in northeast Floyd county owned by the Burlesons will be exchanged for about 17 thousand acres of the Mott lands, being that portion of a section excepted, lying north of the Highway 70.

The lands lying south of the highway will be retained by the Campbells according to report, and will block up admirably with the Campbell ranch, lying adjacent. The exchange also will work out well to give the Burlesons range adjacent to their Motley county ranch property. The Campbells will still hold the 10,000-acre Burleson Floyd county plains land.

**Scurry County Man Buys**

Latest coup of L. B. Campbell, moving spirit in the drama of buying, exchanging and selling, came on June 3, when he entered into a contract with D. M. Cogdell, Scurry county rancher, to sell the latter the 10,000-acre Burleson Floyd county plains land.

Details of this contract are not available but the purchase price is understood to be in excess of \$400,000. A substantial forfeit was put up by Cogdell, who is one of several Scurry county ranchmen made immensely wealthy by the oil development in that county.

Other Matador ranch corporations included in the list of sales made public last week-end included: The Rotadam (pronounced row-tay-dum) which includes the former Matador ranch headquarters improvements, the Wolf Creek and the Teepee Cattle corporation. All of these three are reported sold to Fred C. Koch, of Wichita, Kansas. The total of the three approximates 116,000 acres. Koch is a brother of Anton Koch, Quannah publisher, and a son of the late Harry Koch, pioneer newspaperman who established the Quannah Times. Un-

into the ground on short notice. Under such conditions he is not inclined to be too patient about results. Locally no representatives of the Food and Drug administration were known to be on the ground as late as Wednesday morning. Inspectors from FDA, however, have made some inspections in the pasture area and the appearance of an inspector here would not be unexpected.

With the market on the new wheat crop barely opened the price was already on the skids this week and practically all of the crop harvested from this date is expected to be stored on Commodity Credit corporation loans.

Mrs. Chet Caffee from the Producers elevator at Dougherty Wednesday morning reported:

Bill Colston thinks his wheat will make 25 to 30 bushels per acre. The test is running as high as 68 pounds weight. The moisture test is low and the wheat is being put in the loan.

The highest wheat that has ever been tested at Dougherty was brought in by Harry Campbell in the early thirties. It tested 66.

Mrs. Caffee said they were just about to get in full swing for the harvest in her part of the county.

**Cotton Looks Better**

Weather has been a distinct advantage to cotton this week with the result that the county's crop outlook has greatly improved.

Since last Thursday, the temperature has been in the 90's except for two days. Friday the high temperature read 83. Saturday, 93. Sunday 94, Monday and Tuesday was 95 and Wednesday the reading was 92. Last Saturday, a low of 63 for the week was reported. These readings are from the West Texas Gas company office, compiled by Miss Ruth Collins.

the library in the budget for 1953. Their goal is the creation of the library on January 1, 1953. They asked the court to appropriate for the library 5 cents on the \$100 valuation. This is expected to raise about \$5,500.

In addition to the funds which it is expected the county will appropriate the steering committee has promise of aid from literary and home demonstration clubs of the county to contribute to an adequate book stock. Several individuals, committee chairman Mrs. Barnard said, have indicated they will make substantial money gifts.

In their discussions with the official report says that Koch will continue to operate these ranches as they are.

commissioners Monday the women showed considerable county budget awareness, and also awareness of the disposition that is made of the county's tax dollars. (Four men were on the committee, three of whom appeared at the plan.)

Funds for a county library may be obtained from two sources, the committee declares. These sources are (1) the county's general fund, and (2) the permanent improvement fund. The county general fund is allotted 35 cents per \$100 valuation in the 1952 budget, the general improvement fund 15 cents.

Tuesday the commissioners were sitting as a board of equalization. They had not checked up on the big pile of petition lists on their table. They said they would make their plans to carry out the mandate. To do this it will be necessary, among other things, to put the library in the 1953 budget, due to be made up by the county judge in July.

the fact that the city can avoid the costs of an assessment ordinance, if a sufficient number of property owners will pay for their curb and gutter work in cash or will give the city materialman's and mechanic's liens so that legal and financing costs can be eliminated. The council thinks the saving could be as high as 35 cents per front foot.

Engineering and supervision on the project, it is anticipated, will be done by the highway department.

While the proposal is not ready at the moment it has been definitely decided upon and action will come fast when all the details have been completed and the green light is turned on the project by the highway department.

Mayor Patterson and the council hope to have a representative interview the property owners within the next several days and if the response is what they hope to hear bids will be received and the work gotten under way shortly thereafter.

# Country Club Annual Meeting Tuesday Night

Twenty-seven, barely more than a quorum, of the Floydada Country club's 100 members, attended the annual meeting of the club Tuesday night to hear reports of officers and choose a board of directors for the ensuing year. On the board they re-elected: Wm. E. Brown, B. K. Barker, L. J. Welborn, and Rex R. Brown. With them to serve the ensuing fiscal year were chosen Carl L. Minor, Jr., T. E. Daniel and J. E. Perry.

Directors going off the board after a number of years service are E. C. Carter, Tate Jones and Richard P. Stovall.

Date for an organization meeting of the new board had not been set yesterday, nor had a committee to handle the details of the annual picnic been named. The stockholders present voted to have the picnic, the same as last year, instead of a barbecue as formerly.

There were no new developments in connection with the Max Johnson lease contract the board reported to the stockholders.

Floydada Country club is owned by 100 members. There are also 100 associate members who have all rights and privileges of the club but no voting power.

If the report is correct that the extension has been granted it will carry along the hopes that a test will be made. If the lease is allowed to expire it will dash the hopes of those who confidentially expected the test soon.

Late yesterday Mrs. Ruth Green, daughter of Mrs. Starks, was non-committal when asked whether the

lease had been extended. Mrs. Starks is confined to her bed with arthritis, and the daughter is her constant companion. Mrs. Green did not say the lease had not been extended.

**Krause Test About 3,600 Feet**

Only other test for oil now under way in the county is that of M. Poff and Brinsmere Oil Company in the northwest corner of the H. A. Krause section in southwest Floyd county. It lies diagonally across the section northwest of the test made on the same land by George Livermore.

The Brinsmere test yesterday afternoon had lacked a little of reaching 3,600 feet. The drill was reported in a hard formation. The operators are said to be interested in what the drill will reveal at the 4,700-foot level.

**Pitts' Return From Vacation in Europe**

Dr. and Mrs. Donald H. Pitts returned home last week from a two and a half month tour of Italy, and Spain, the Isle of Capri, Venice, Florence, Baden-Baden, Germany.

At Weis-Baden they were the guests of a nephew of Mrs. Pitts, Captain Al Poulton of the Air Force. Captain Poulton has visited in Floydada and will be remembered by friends here. The Pitts' also visited in Luxembourg and London.

The couple made the trip both ways across the Atlantic by plane. Dr. and Mrs. Pitts made a previous European tour two years ago.

Coming home the air was a little rough, said Mrs. Pitts, but all in all the trip was wonderful.

Individuals participated in contests. Delegates from Floyd county were Marceleta Green, Mona Williams, Troy Lee McNeill and Stanley Vickers. Juanice Shearer entered the state dress revue contest. Wilton Green, Weldon Pickens, Johnnie B. Griffin, and Bob Hambricht entered the rifle contest.

The Floyd county group were accompanied by two adult leaders: Mrs. O. G. Shearer and Olin Watson, Jr.

**MRS. W. C. SIMS HOSTESS FOR SUNNYSIDE CLUB**

The Sunnyside Home Demonstration club was entertained in the home of Mrs. W. C. Sims Friday afternoon, June 6.

The president, Mrs. D. W. Burke presided over the business meeting and roll call was answered by "My

special economy." Several members gave their roll call in saving grease. The county budget was read and explained.

A skit, "Making a good appearance," was given, with Mrs. Leslie Fawver, as reader Mrs. S. J. Latta was Mrs. Carless, Mrs. Roy Curry was Mrs. Smoothie, Mrs. Careless was very poorly groomed while Mrs. Smoothie gave a good appearance.

Four visitors were present, Mesdames D. D. Shipley, W. F. Culpeper, Miss Ina Crump and Mrs. Emma Jones of Gatesville, sister of Mrs. Will Snell; and the following members:

Mesdames J. T. Hopper, T. L. Fawver, D. W. Burke, Robert Day, W. O. Tye, R. Fred Brown, Roy Curry and Will Snell.

Mrs. Sims served lovely refreshments to the group, assisted by her daughter, Mrs. Herschel Hammonds.

## MRS. W. F. FERGUSON STARKEY CLUB HOSTESS

Starkey H. D. club met June 6 with Mrs. W. F. Ferguson as hostess. Mrs. S. L. Holmes acted as president and called the meeting to order. Since many were absent the program was short but interesting. Mrs. S. L. Holmes showed her basket that she had made. The group decided to order material and have the demonstration at a later date.

Refreshments were served to Mesdames John Shipley, O. F. Cummings, G. H. Day, Turner Hunter, Paul Sparkman, J. W. Day, Jr., S. L. Holmes and the hostess, Mrs. Ferguson.

The next meeting will be June 20 at 2 p.m. at the club house with Mrs. Wilson Edwards as hostess.

## MRS. H. P. BAKER TAKES REST IN HOME OF BROTHER

Mrs. H. P. Baker, of Lubbock, who has had a three week vacation and rest in the home of her brother, F. M. Price and Mrs. Price returned home Tuesday. She was feeling greatly improved. While here she has been taking Mr. Price's home bath treatment for a severe case of eczema, developed from over activity.

Mrs. Baker is the owner and director of a private school for exceptional children in Lubbock.

Mrs. Baker says she enjoys her work and grateful that she can serve humanity in this capacity.

## SAND HILL CLUB REPORT

Mrs. Bill Robertson was hostess for the Sandhill Home Demonstration club June 4. Mrs. H. F. Jackson, president, presided and Mrs. C. B. Carmack gave a report of the county council.

A demonstration on first aid was conducted by Mrs. Arion Miller and Mrs. J. T. Spears gave some pointers on sewing machine attachments and their use.

Following the business and program a pink and blue shower honoring Mrs. James Jefferies. Interesting refreshment plates were served to the following members:

Mesdames Morris Raley, J. T. Spears, Fred Jackson, H. F. Jackson, Rafe Ferguson, Alma Holmes, J. H. Brock, James Jefferies, J. E. Williams, J. R. Turner, Odie Elliott, C. B. Carmack, W. M. Knight, Bill Robertson, Wayne Billington, Jim Holmes, and Arion Miller. Guests present were Mrs. Mattie Baird, Mrs. Olen Baird, Mrs. Wayne Robertson and Mrs. Jean Newberry.

program being presented Sunday night. It was well rendered, and everyone enjoyed it very much.

Mr. and Mrs. J. H. Moody and son, Emmett of Bridgeport, visited friends in the community Saturday and Sunday. They were Saturday night guests of Mr. and Mrs. Weldon McClure and family. Jack Kerby of Roscoe was also a weekend guest of Jerry McClure.

Misses Judy Milburn of Lubbock and Wilma Parsons of Crosbyton were Saturday night and Sunday guests of Shirley Bishop.

Mr. and Mrs. Ernest Fulton of Ft. Worth spent last Sunday in the Rudolph McCurdy home.

Mr. and Mrs. Roy McCravy and Leonard, and grandson Mike McCravy of Memphis, visited in the McCurdy home this past week. Saturday night guests of the McCurdy's were Mr. and Mrs. Carl Fulton and Beverly Ann of Memphis.

Mr. and Mrs. Floyd Hill and family and Mr. and Mrs. M. C. Money and family attended the funeral of an uncle of Mrs. Money and Mr. Hill, Mr. B. E. Hill in Irahan, Texas Tuesday.

Sunday dinner guests in the Odell Wilson home were Mr. and Mrs. Rance McKenzie and sons of Muleshoe.

Mr. and Mrs. Brice Allen and girls visited in the Horace Cage home in Spur Sunday afternoon.

Mr. and Mrs. Blanton Hartsell and children, Larry and Carolyn, attended a family reunion of the Hartsell family in Amarillo Sunday.

Those present in the Dennis Taylor home Tuesday for an ice-cream supper were Mr. and Mrs. Clifford Taylor, Mr. and Mrs. Bill Norris, all of Floydada, Mr. and Mrs. Luther Norvell and children of Hereford, and Mr. and Mrs. Homer Phillips of Cone.

Mr. and Mrs. S. G. Appling and Catherine attended a fish-fry at the home of Mr. and Mrs. S. J. Latta in Floydada one night last week.

Mr. and Mrs. J. H. Moody were Saturday night supper guests of Mr. and Mrs. Rudolph McCurdy and Larry for supper.

Rev. and Mrs. Alvin Hamm and children of Quitaque visited in the community Friday. They were supper guests of Mr. and Mrs. Weldon McClure and family and attended the Crosbyton rodeo Friday night.

The Alvin Hamm family visited in the Delmer Porgus and Rudolph McCurdy homes Friday afternoon.

Mr. and Mrs. R. E. Spurgin and Don are all alone at the present without a single grandchild visiting them. We wonder if they don't feel lost or something.

Mr. and Mrs. C. A. McClure and Duane McClure are still visiting. When heard from last they were on the way to Corpus Christi and having too good a time to come

Twelve 4-H club girls from Floyd county were among the 180 girls, leaders, and agents who attended the district 2 girls' 4-H camp at Lubbock last Tuesday, Wednesday, and Thursday.

Girls attending from Floyd county were Joanne Huckabay, County-wide 4-H club; Lajuana Womack, Sand Hill; Nancy Bollman, Lockney, Jr. 4-H club; Joyce Pope, Lockney Senior club; Billie Ann Goode, Carolyn Williams, and Joy Ann Porter, Floydada 4-H club; Alice June Baker, Providence; Betty Graves, Lone Star; Virginia Taylor, South Plains; Freida Smith, Dougherty; and Patsy Johnson, Lakeview. Mrs. Verlon Wright of Lakeview went as adult leader, and also attending was Miss Lela Petty, county home demonstration agent.

Before leaving for camp on Tuesday the girls elected three delegates to represent them at their business session. They were Joanne Huckabay, Patsy Johnson, and Joyce Pope.

The theme of the camp was "serving as World Citizens Through 4-H." Decorations were the United Nations flag, and all the flags of the country in the U. N. Name tags were on flags of the various countries. A young man visiting in Lubbock county from Holland told of some of the activities of the boys and girls in his native land. A talk about the United Nations by Mrs. W. M. Dingers, and a talk on citizenship by Mrs. Roy Bass, (both of Lubbock) and the devotional on Wednesday morning (by Rev. Vincol Larson of Levelland) emphasized the theme of the meeting.

Classes in crafts, recreation, personality and grooming, news writing and "Mind Your Manners" were attended by each girl. Families were guests at the program Tuesday evening, and the girls had a party all their own Wednesday evening.

Swimming each morning and lots of good food at meal time added to the fun of their three-day fifth annual camp.

The devotional on Thursday morning was given by the following girls from Floyd county: Joy Ann Porter, Carolyn Williams, Joyce Pope, Joanne Huckabay and Patsy Johnson.

The tired but happy, sun-burned group arrived in Floyd county Thursday afternoon all hoping they might attend camp again next year.

## Bolding-Kincheloe Vows Repeated in Wednesday Rites

Nuptial vows were solemnized on Wednesday afternoon, June 4 at 3 o'clock for Miss Catherine Bolding, daughter of Mr. and Mrs. R. C. Rainer, and Bobby Kincheloe, son of Mr. and Mrs. J. E. Kincheloe of Dougherty. Reverend Tilden B. Armstrong pastor of the First Methodist church read the double ring ceremony in his home.

Mrs. Bill Smith, sister of the bridegroom, was matron of honor. She chose a blue suit with navy accessories and wore a red rose bud corsage for the wedding.

Bill Smith served as best man.

The bride wore for her wedding a powder blue lace dress with navy accessories and wore a red rose corsage. For something old and also for luck, she wore a 100-year-old coin in her shoe. The coin was a gift from an uncle at her birth.

Mrs. Rainer wore a rose linen dress, white accessories and a pink rose corsage and Mrs. Kincheloe wore an orchid linen dress, with white accessories and a pink rose corsage.

Only immediate members of the family of the couple were present at the wedding.

After a wedding trip to San Antonio and to points on the coast, Mr. and Mrs. Kincheloe will be at home in the Baker community where Mr. Kincheloe will be engaged in farming.

## Tea For Caroline Haitchcock Thursday

Thursday afternoon Mrs. Walton Hale and daughter, Mrs. R. L. Haitches, honored Miss Caroline Haitchcock, bride-elect of S/Sgt. William R. Hale, with an introductory tea.

Receiving with the hostesses were the honoree and her mother, Mrs. Willie Merle Haitchcock, of Plainview.

Assisting in the dining room were Mrs. Cecil Hagood, Mrs. R. F. Stovall and Mrs. J. A. Arvine.

The table, laid with a white net cloth over satin extending to the floor, had crystal appointments with the bride's chosen colors, pink and white, used in the decor. A crystal holder with pink and white holding tall pink and white candles formed the centerpiece.

Each guest was presented with a small corsage of pink stock. Approximately 30 guests called.

Miss Haitchcock and S/Sgt. Hale will be married on June 21 in Plainview, in the First Baptist church.

MISS JEAN COVINGTON

## Jean Covington To Marry in July

Mr. and Mrs. F. M. Covington of Dougherty announce the approaching marriage of their daughter, Jean to Master Sergeant Warden W. Mayes, son of Mrs. W. W. Mayes and the late W. W. Mayes of Fort Stockton, Texas.

The vows will be read by Reverend George Bastian at 6 P. M. July 20 in the First Baptist church, Fort Stockton.

Miss Covington is a graduate of Floydada high school, class of 1945, and a graduate of West Texas State college at Canyon. She has been a member of the Fort Stockton school faculty for the past three years.

Sergeant Mayes is stationed at Fort Hood, Texas after having served ten months in Korea.

The couple will live in Fort Stockton until September, when Sergeant Mayes will enter A. & M. College at College Station.

## SOUTH PLAINS CROCHET CLUB

On June 4 Mrs. Ray Childress was hostess to the South Plains Crochet club. All members were present except Mrs. Early Pritchett. The evening was spent in making hair pin lace and crocheting. The club received Miss Mary Louise Childress as a new member.

Refreshment plates were enjoyed by Mesdames P. M. Smitherman, Lee Pearson, Truman Bradshaw, Will Sims, Ray Childress, and Miss Mary Louise Childress.

The next meeting of the club will be on June 11 with Mrs. Lee Pearson as hostess.

LIPSTICK LOGIC  
BY LOUISE ALLEN

Next Sunday finds dad once more the unwilling center of attention. For almost 40 years now, he has been the more-or-less awkward recipient of special notice during one day each summer. This he lives through as best he can, looking forward with genuine relief to the blessed anonymity of the other 364 days in the year.

Since the advent of father's day, jokes at his expense have become almost as numerous as those with mother-in-law as a target. Most of these he has thought up himself, either as a roundabout dig at his spouse, or to point up his own earth-bound status as family breadwinner.

Yet, contradictory as it may seem, today's father is in a more enviable position than was his great grandfather, who commanded a great deal more awesome respect. Still head of the house, dad no longer insists on the stern discipline which set the father of several generations ago apart from the rest of the family.

Once looked upon as an oracle, he is now just another family member. If he's fair and considerate, his opinions are valued; if he's unreasonable, his children soon learn ways to get around him.

Not that he has been knocked off his pedestal. He's stepped off, in his own election. It's a more companionable place that he now holds in the family circle. A spirit of sharing, not one of law, and obedience or punishment, now binds father and child.

Probably that's why father's day continues. Even though dad might prefer some other kind of recognition, he'll put on a first-rate show next Sunday, modelling pajamas, smoking a new pipe, eating a whole lemon meringue pie. It's done in a spirit of affectionate sharing, he's for it. First thing he knows, he may actually enjoy father's day.

Mrs. W. L. Miller and children and Miss Berl Miller have returned from a visit with Mrs. Miller's parents, Mr. and Mrs. J. T. Corder at Kerrville. Mrs. Miller said it was nice and cool down there and they had had a big rain before she arrived there for her visit.

LA VERNE HASSENGER

Mr. and Mrs. M. P. Hassenger of Boise City, Oklahoma, announce the engagement of their daughter, La Verne, to Richard William Jones, son of Mr. and Mrs. Tate Jones of Floydada.

Plans are being made for a wedding in August.

Miss Hassenger was graduated from the Boise City high school in 1951. She is a sophomore at West Texas State college at Canyon.

Mr. Jones graduated from the Floydada High school with the class of 1950 and is a junior at West Texas State college.

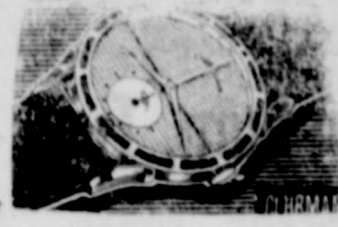

## Anchorage Couple Here for Summer

Mr. and Mrs. Joe D. Montgomery and daughters from Anchorage, Alaska, have been here visiting his mother, Mrs. A. M. Dorsey and Mr. Dorsey and other relatives. Mr. Montgomery is science teacher and boys counselor in the high school at Anchorage. He plans to spend the summer at Portales, New Mexico, where he will work on his masters degree at Eastern New Mexico University.

Last week Mrs. Dorsey in company with the Montgomerys attended the graduation exercises at Eastern New Mexico University and witnessed her son, Robert, receive his B. A. Degree from the university. Mrs. Dorsey spent the week there with her sons and families.

Mr. and Mrs. Robert Montgomery have moved to Amarillo where Robert is a civilian instructor at the air base there.

## DON'T LET YOUR WIFE DISCOVER THIS TOO LATE!

Women by the thousands are discovering in the beautiful Chrysler Saratoga the easiest "big car" of all to handle... the most generously comfortable to ride in... and the most instantly responsive to their command.

That's why we say to you... and your wife... "Come in and see for yourselves what the Saratoga does for you." And do it now, before you decide on any car... not later, when you may regret not having all the things you can have in a Saratoga!

Yes, it is a big car with big car power... a breath-taking 180 H.P. performer (the most revolutionary V-8 engine in 25 years) that answers to the touch of your toe with delightful gusto. And it doesn't call for premium fuel, either!

Does your wife think there's too much car here to handle?... let her try its Power Steering that does 4/5 of all the steering work and gives five times greater control on the road and when parking!

Is she safety-minded? Chrysler Power Brakes give her quicker, safer stops... with up to two-thirds

less foot pressure. She'll appreciate Chrysler's Safety-Cushion dash panel. And in case of a blow-out, she'll have the assurance of Safety-Rim wheels that won't "throw" a tire.

How about comfort? Come, both of you, for a ride!... feel how those amazing Oriflow shock absorbers "liquitate" even the worst road bumps. Chair-high seats plus big, big windows let even the tiniest little lady see out properly. Doors open wide... and she can keep her hat on!

Here, in short, is the car beautifully designed for men and women. The liveliest, best handling car in America. The car you'll both be glad you saw first. Why not stop in today?

# South Plains News

**SOUTH PLAINS, June 9** — The hot, dry weather of the past week has caused the wheat to ripen faster than first anticipated, and some of the farmers in our vicinity will be in the fields with combines very soon. There is not as much wheat acreage around South Plains as in former years, due to many people changing to irrigated row crop planting.

On Monday a library meeting was held at the county court house with the chairmen of the different committees meeting with the county commissioners court. Mrs. Billy Stanforth, Jr., attended the meeting and discussions lasted until late.

Mr. and Mrs. John Smitherman left Sunday morning for Abilene, where they went to the home of an aunt of Mrs. Smitherman's and they brought back with them on Sunday night, Mr. and Mrs. P. K. McKinzie, from Portland, Texas, who had been visiting there in Abilene. Mrs. Smitherman's parents will visit here for several days.

Mr. and Mrs. Mose Damron, who reside in Canadian, Texas, came on Wednesday to visit with Mr. and Mrs. J. P. Taylor, and children, and were overnight guests at their home.

Mr. and Mrs. Z. C. Cummings and son, Zach, were dinner guests on Sunday at the home of Mr. and Mrs. Bryan Karr and children.

Mr. and Mrs. Marion Yeary, who now live in Fort Worth, are the proud parents of a new baby girl, born Thursday morning, in Fort Worth. This is the Yeary's second child, and we offer congratulations to the new parents, and to the grandfather, Esley Yeary, who resides here.

Mr. and Mrs. J. K. West, Winfred and Dale, and Kendis Julian spent Sunday down at Roaring Springs. They took a picnic lunch with them, and the children enjoyed swimming during the afternoon. Mr. and Mrs. R. G. Dunlap and their children were also among those who enjoyed an outing at the Springs in the afternoon on Sunday.

Mr. and Mrs. T. O. Thornton and children spent last week-end in Clovis, where they enjoyed visiting friends and neighbors, for they used to live over there.

Rev. C. A. Joiner was a dinner guest on Wednesday at the home of Mr. and Mrs. George Robertson, and on Sunday after church, he took dinner with them and spent the afternoon visiting them and friends in our neighborhood.

Mr. and Mose Damron, from Canadian, came to visit Mr. and Mrs. J. B. Smitherman on Thursday, and they all went to Plainview to attend the rodeo in the evening. After an evening of enjoyment, they all returned to the Smitherman home, where the Damrons were guests overnight.

H. L. Marble's sister, Mrs. Johnny Johnson, and the twins, Harold and Carol, who live in Amarillo, came on Wednesday to visit at the Marble home, and they stayed until Thursday night with them.

Mr. and Mrs. J. P. Taylor and children went to Plainview, Sunday afternoon to visit Mark Wade Merrell, who had just undergone surgery for an appendectomy at the Plainview hospital. Mark Wade is the son of Robert Merrell, who resides near Quitaque.

Mrs. John Smitherman called on Mrs. Murray Julian on Wednesday afternoon after attending W.M.S. at the church.

W. M. S. met on Wednesday, June 4, for Bible study at the church in South Plains. Mrs. J. H. Allen is leader of the Bible study, and at this time, "The Family" was discussed, with questions on the home, and marriage and parental responsibilities used.

Mr. and Mrs. L. T. Wood and Jaunell, left Saturday morning for Borger, Texas, where they spent Saturday and Sunday visiting with Mr. Wood's sister, Mr. and Mrs. Dunavan and their four boys. Jaunell is going to stay for a period of two weeks with the Dunavan family, but the Woods came home Sunday night.

Kendis Julian was one of the lucky winners in the 4-H club Cow-Hog-Hen contest which was held yearly to help youngsters get started in club work. He will go to Floydada.

# Center News

(By Mrs. J. E. Green)

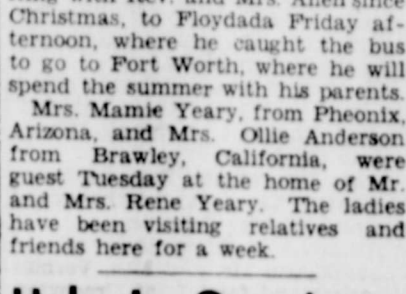

**CENTER, June 10** — Weather is lovely. Wheat fast getting ready to cut. Fine prospects.

Last week was a busy week for V. B. S. pupils and helpers. There were 29 enrolled. Closing exercises were held in the school house Friday evening. We were proud of each performance. The plays were beautiful and we hope the audience, a full house, enjoyed them. Saturday the church and V. B. S. went on a picnic at the youth camp. Everyone had a good time, lots of good dinner and swimming, blisters thrown in. More than forty persons attended the picnic.

Sunday we had a large crowd with a good sermon and visitors. Sunday morning when Bro. Hodges and family drove up they got a nice surprise. There stood a car from El Paso. In it were some old friends Mr. and Mrs. Buck Davis who stayed

Mrs. J. A. Allen took her brother, Harold Hoeksema, who has been visiting with Rev. and Mrs. Allen since Christmas, to Floydada Friday afternoon, where he caught the bus to go to Fort Worth, where he will spend the summer with his parents.

Mrs. Mamie Yeary, from Phoenix, Arizona, and Mrs. Ollie Anderson from Brawley, California, were guest Tuesday at the home of Mr. and Mrs. Rene Yeary. The ladies have been visiting relatives and friends here for a week.

# Help In Opening New Penney Store

John Reue, manager of the J. C. Penney company store here, in company with five of his clerks will assist at the opening of the new J. C. Penney Company store in Lubbock today. Making the trip and helping at the store will be Mrs. Jess Brown, Mrs. Louis Blum, Mrs. Alpha Booth, Mrs. A. C. Collins, Guy Roy and Mr. Reue.

Last night the formal opening of the new store was held and the store opened this morning to the public. J. C. Penney company has maintained a store on the corner of Avenue "F" and Broadway in Lubbock for the past 25 years. The store burned about a year ago and a complete new store has been erected on the old site. J. C. Penney managers and some of the clerks from the other various stores in this area will assist in the opening today.

Bill Morrison, son of Mr. and Mrs. Jim Morrison of Dougherty, graduated from Texas Western College at El Paso Sunday, June 1. Mr. and Mrs. Morrison and Mrs. Harlan Cage were present at the graduation exercises. Bill is now employed with the Texas University Land Commission at Midland as an oil scout.

## As A Farm Woman Thinks

(By Nellie Witt Spikes)

Somehow or other it is a good deal

easier to think these days than to write my thoughts down. We are living in our new home in Ralls and still are, so very many things to do. I work awhile in the house, then go to the yard. Something needs doing in the garage and so from one place to another I go and it seems that nothing is getting finished.

The garden was hailed almost out but we replanted and it is looking like it will make. Flowers have been set out, and little pine starts on its climb to the stars. Cannas will bloom red, and yellow and pink in the ditch where the Arizona cypresses are still arting. Our street has been paved and so we are getting set up again.

When we went to the Old Settler's reunion at Floydada we were very happy to meet many friends we knew and were sad again that we were not living near them. It was about the nicest reunion I have ever attended in that city.

We have an old horned frog. I call him Rip. He is one of the oldest looking frogs I have ever seen. He goes very slow and his back looks like it was almost turned to a piece of dead wood. The ground squirrels have moved farther on. A mockingbird sings in the trees of our neighbors, the Lester Bounds family. A floor sander whines at the new home of Dwayne and Carlo Lynch. Billy has the roseola and cannot play with his friend, Buddy Malone across the street. Our grandson, Carey Spikes, flew in from Memphis, Tennessee, for his summer vacation. He is almost as tall as his grandfather.

The cotton crop looks promising at present. Much of the first cotton came up looking like small white moths close to the ground. The rain came and washed most of it away, but the second planting looks like large green butterflies spreading wings on the brown earth.

The cool of the Monday morning has gone and the heat shimmers on the horizon and the pale blue sky shows no clouds to speak of.

It is time to fix some dinner. Mr. Spikes says I get to cooking dinner about three minutes before time to eat. I have been pretty busy and cooking has to be done any old way.

And Floyd County has its first oil well! Wheat, cotton, grains, cattle and oil. How thankful folks should be to live in the land of plenty!!

Dr. and Mrs. J. G. Pruitt and twin daughters, Gay and Kay have returned from a vacation trip to points in New Mexico and Colorado.
