HIGH PLAINS POLL

Mark your preference for President and return to the office of this newspaper.

- FOR GOV. ADLAI STEVENSON
FOR GEN. DWIGHT EISENHOWER

How do you stand on the election? Will you check the ballot for Adlai or Ike?

With the national election now just around the corner, almost every one is speculating on the outcome.

In cooperation with other weeklies and daily newspapers throughout the plains, the Hesperian begins the first of a four weeks poll into political preferences of our own territory.

The Amarillo Daily News is to serve as clearing house for information secured by this newspaper and others participating in the poll.

The survey will continue through October, thus presenting an up-to-the-minute sampling of sentiment for Stevenson and Eisenhower.

Thus, by election time, we should have a fair idea as to how the election will go—not only in our own neighborhood but in the entire plains area.

Readers are asked to fill out the accompanying "ballot" and mail it to the office of this newspaper.

FROM BELOW THE RED BEDS

Experimental Deep Water Well in Abandoned Oil Test May Have Tapped Great New Plains Resource

Marvin Shurbet, left, and Charles Schuler, jr., farmer-businessmen of Petersburg, above concentrate on the stream of brackish drilling mud and water flowing from below the red beds on the H. A. Krause farm east of Petersburg in the edge of Floyd county...

The pump was set by Peerless Pump Company, who are cooperating in the experiment, and the power plant was loaned by J. A. Parish of Ralls. The pump is set with the bottom of the suction pipe at 490 feet...

Shurbet is a member of the board of directors of the Hi-Plains Underground Water district and with Schuler has been a moving spirit in the Petersburg district water conservation and users association.

The hole in which the test is being made is the abandoned Poff Brinsmere Oil company Krause No. 1 in the northwest corner of the H. A. Krause section at Allmon. The oil operators were extremely cooperative with the landowners in making their data as to water stratas available...

Views and Comment

This is national newspaper week, the newspaper people having decided that since everybody else had a week, why not the newspapers also. The newspaper people ought to be in position to put the idea over, being hindered only by their own inertia or their own lack of money to put into the project. Most of the promotion takes the angle that a newspaper is a necessity in the community, that as such it should have consideration and support from all segments of society. The necessity is pointed up by the inroads which government in particular seems to be trying to make into the rights and freedoms of press, striking at the people themselves thus indirectly. The press must be strong, it must be in position to fight the battle of the people against entrenched power, from whatever source it may be applied.

Two things stand out in favor of high local taxes under present conditions. The first of these is that the money is spent for things you can see in Floyd county, at the school house, on the streets and highways, better lights, better health conditions, better police protection, and the like. The second is that what you spend in taxes levied at the local level is deductible from the federal tax. Thus schools and road and good streets and things of the kind come cheaper than they appear to and add immeasurably to good living. Urging spending to save is poor logic. However, spending to salvage is another matter.

However, the commissioners court, the city council, the school board, are going to hear a lot about taxes this fall and next spring. The local bill in Floyd county, if you'll read the story, is not going to be just a little bit itself. Add school taxes that will be paid at Floydada and Lockney and add city taxes that will be paid in the same two cities to what we read about from the state and county tax collector's office and you get more than a third of a million dollars. Floyd county has been extremely conservative at that, compared with most of the neighbors.

Federal taxes are here to stay for a long time—we mean high federal taxes—be it democrat or republican, liberal or labor in charge. The defense program is enough to keep a lot of the wealth of the country drained off and debt service for the huge bonded debt outstanding will add its bit.

Governor of Texas was featured in two national periodicals of the first magnitude the past week—News Week and Time. Time's story reflected the considerable sweat the governor has been in and probably still is over the fact that the Democrats have a candidate who is against many things most

Texans have been for a good many years, and for other things that Texans have been traditionally against. At least the governor of Texas made the governor of Illinois talk plain about it before their conversation was over. Time's story indicates.

A good way for a newspaper publisher to become unpopular is to put more ideas into the banker's head. We hasten to explain that last week when we wrote a memo for the banker's attention it wasn't out of kindness. It was only because we wanted the banker to lose some sleep, too.

Two hundred and fifty persons made the conservation tour at the invitation of the District Soil Conservation supervisors and others. Most of these were adults who took the day off looking for new ideas. How to control bindweed and how to grow "permanent pasture" that will really take the place of the range grass which has all been plow up, almost, was what most were interested in as we got it. Others wanted to see if some of the cotton growers had unlocked the secret of how to make two bales of cotton where only one grew before. Looks like it ought to be simple but a good many are not getting it done, despite plenty of water and soil aids in the form of fertilizers.

Paving on the high school (South Fifth) street got caught in two rains during the progress of the work and is not up to par in more ways than one. This may have dampened the enthusiasm of some of those who had their minds made up to pave while the voluntary movement is under way. However, the construction company has the reputation for good work and fair dealing and will make good on the sub-contract on that stretch of street before they ask the school district and property owners to pay off. That's the story we hear and which we believe.

We are not exactly happy over the progress of the paving movement in Floydada, but also we'd not exactly say we blame the construction company for the delay, simply because they have not moved in. For one thing the paving is being done on a cash basis. The contractor is one man dealing with many. The deal is for the property owner to put his money in an escrow account for the amount of the contract. It is a device used to avoid the extensive red tape incidental to an official paving project, thus reduce the cost by eliminating detail work. This would mean that those who say they are going to pave and think their names are in the pot but haven't put up their money may be due for disappointment.

making rapid strides in grasslands — an important part of the farm economy. The best program, using the advantage is sweeping the state with increasing counties are more others, but the movement.

farmer or rancher has been so concerned with the preservation of cover grassland is still paying attention. The disappearance of the early days of what happens to be destroyed, good lands are abandoned, and the soil is mine, instead of a source of wealth.

most striking examples of soil erosion can be seen in the experiment plots at Zanesville, O. The experiment reveals that 12 percent slope planed soil will wear away the top soil in only 19 years, while soil planted in blue grass will last for 23,300 years. A comparison — an average of seven feet of soil upon which we stand and clothe our nation.

conclusions can be drawn from the study of grass. First, it is indispensable to the well-being of livestock. Because of its high nutritive value, it deserves the consideration of every farmer.

**National Alfalfa
Buys Aiken Plant**

LOCKNEY — An agreement has been reached whereby the National Alfalfa Dehydrating and Milling Co. has purchased the Southwest Alfalfa Products company at Aiken. It is reported.

The National has taken over the operation of the Aiken plant and the transaction is in the process of being completed. C. B. Bowman, owner of the Southwest plant, will continue in charge of the Aiken plant operations for the remainder of the year.

The Aiken plant will be operated along with the Lockney plant under the supervision of J. D. Wood, local manager. There will be no change in the employee personnel at the Aiken plant, Mr. Wood said.

**Students Overflow
Lockney Schools**

LOCKNEY — An overflow of students from the Lockney grade school has started meeting in a special section at the City Auditorium Monday morning, says Supt. W. C. Irons. The special section was made necessary by the heavy increase in enrollment in the past week and will probably last only through the cotton season.

Twenty new students enrolled one morning this week and 14 another morning. Supt. Irons expects 100 students will be in the special section Monday. Local instructors will be used.

Youngsters Find House Breaking Doesn't Pay Too Big Dividends

Two good looking youngsters, who tried housebreaking in Floyd county while on a hitch hiking trip from Roswell, New Mexico, to Oklahoma City, have been domiciled in Floyd county jail this week while County Attorney Enos T. Jones makes a search for a sponsor for the younger of the two, a 16-year-old, so he can avoid sending him to a juvenile home. The eldest, 18, will have to await a grand jury action and possible indictment.

The boys didn't have much trouble getting as far as Paducah after they had entered the Sam Green home east of Floydada on highway 70, according to their statements to the officers. Nor did they have much trouble getting back to Floydada. They had just landed in Paducah and stood out on the highway wait-

ing for another ride when Sheriff Leland A. Hart and Mr. Green drove up. The boys had some of the effects taken from the Green home including a new traveling bag, very nice. In addition to the bag they had taken other wearing apparel, some pennies, a pair of boots and other personal effects. They had ransacked the house pretty well. Mrs. Green found when she returned home after a brief absence and called the sheriff.

The sheriff and Mr. Green decided to go down the road to see if they could find the boys, after Mr. Hart had looked over the situation. The boys were about an hour's ride from the scene when overtaken.

They are charged with house-breaking.

Friends Help With Clark's Cleaners In New Building Near Old Location

It's a fine thing to be surrounded by good people when the going is on the rugged side, thinks Mrs. Herschel Green. Yesterday she reported that wheat ground preparation and wheat sowing which had been neglected on their farm because of illness has now all been done. And in two days at that.

Their fields of slightly less than 200 acres of wheat was plowed Saturday and sowed Monday. Six drills got an early start Monday and finished up in mid-afternoon. Mrs. Green is deeply grateful to those who helped.

Mr. Green, who has been ill with encephalitis for several months, was back in the hospital again this week for a two week stay. Mrs. Green believes his condition is showing gradual improvement.

News of Harmony

(By Mrs. Mather Carr)
HARMONY, September 29.—Mr. and Mrs. M. D. Ramsey left last week for Beatrice, Nebraska, their former home for a visit with relatives and friends. They own property in Nebraska. The Ramseys have made their home in Texas for more than 40 years.

We had a wonderful mid-week service with 45 present, with Rev. Krebs bringing the devotionals. Mrs. Everett Miller leading the song service. There was a birthday surprise for Mrs. Krebs. She was presented with cash for buying her a sewing machine. This was a present from the W.S.C.S. and church.

Mr. and Mrs. George Worsham of Lockney were guests Sunday afternoon in the home of Mr. Worsham's sister and husband, Mr. and Mrs. Wheeler Turner.

Mr. and Mrs. R. B. Gary drove to Petersburg Sunday evening to visit Mr. Gary's cousin, who is ill and will undergo surgery in a Lubbock hospital this week.

Rev. Krebs brought two good sermons Sunday. We are very proud we have a minister of this kind.

Officers were elected for the Sunday school for the coming year. Marvin Smith was elected for the Sunday school for the coming year.

Marvin Smith was elected Superintendent at the last quarterly conference. Mrs. M. D. Ramsey was elected pianist. Mrs. Everett Miller, choir leader. Bill Tucker, teacher for the young adult class. Mrs. Sherwood Ramsey, primary. Mrs. Claud Robinson, beginners. Mather Carr for the bible class. Mrs. M. D. Ramsey for the young people and Mrs. Carriek Snodgrass, intermediates.

The younger adult class were guests in the Zant Scott home Sunday for their dinner. There was a bountiful dinner and all enjoyed themselves. There was an old fashioned singing in the afternoon. Rev. Krebs made some recordings. There were 33 members and their children and two guests. Mrs. Wesley Carr was presented several gifts as the outgoing teacher of their class.

Mr. and Mrs. G. L. Snodgrass drove to Texico Sunday to visit Rip Snodgrass, nephew of Mr. Snodgrass. They were accompanied by Mrs. Maud Morris and Mrs. Beaula Olive. The latter took the train at Clark for California, where she will visit her son.

Mr. and Mrs. Riley Holmes and children attended the fare-well dinner for Mrs. M. B. Holmes of Sand Hill, who is moving to the Erick community. She will move her house to the yard of her son, Oliver Holmes to make her home. Mrs. Holmes has lived in the Sand Hill community for more than 40 years.

Rev. Krebs had Sunday supper in the Claud Robinson home.

Mr. and Mrs. Billie Dave Scott of Lubbock were guests Sunday evening in the Zant Scott home. Mr. and Mrs. Rueben Rutherford of Plainview were also guests in the Scott home Sunday evening.

Mrs. Loyce Turner became ill

Missions Sunday

Sunday has been designated as missions Sunday at the First Baptist church is announced this week by R. Earl Allen, pastor.

Dr. Bill Marshall, president of Wayland college, Plainview, will be the guest speaker at the 11 o'clock service of the day.

Sunday is also promotion day in the Sunday school. It will be a big day for the Sunday school classes. Newly-chosen officials and teachers will take their posts. That attendance records may be broken is viewed as a possibility.

Methodist Women of N. W. Texas Conference Meet

Over 175 ladies were present at the First Methodist church on Wednesday for a "Day Apart" program.

Those present represented the Northwest Texas conference of the Women's society of Christian service of the churches.

The theme for the day was "We have a task to perform," and the day was given to meditation and prayer.

A lunch was served by the ladies of the local church at the noon hour. Adjournment was at 3 o'clock.

On Tuesday evening at the church preceding the program on Wednesday, the officers of the Northwest Texas conference of the W.S.C.S. were honored with a dinner in Fellowship hall of the church when 31 officers of the district were present.

Mrs. C. B. Lyles brought the devotional at the Tuesday evening meeting and Mrs. L. H. Christensen gave a special vocal solo.

Mrs. George Stiles is president of the local W.S.C.S.

Mrs. Stealy 'Count the Dots' Winner

Mrs. Don Stealy, 110 West Mariviera, Floydada, is the winner of the Parker Furniture "Count the Dot" contest, the prize for which is a Domestic Sewing Machine.

E. G. Parker was highly pleased with the response to the contest of over two hundred and ten women offered their answers to the numbers of dots in a square that was published in The Hesperian. Homer Steen was judge of the contest and announced the winner.

AN APPRECIATION

To those who expressed their sympathy in so many beautiful and practical ways during our recent bereavement, we express our heartfelt thanks.

The children of the late Mrs. A. D. White.

Sunday night and was taken to Plainview. At this writing she is improved.

Is Blue Winner

South Plains fair this week there is a blue ribbon hanging on the blue ribbon exhibit. The blue ribbon goes to the exhibit from other west Texas fairs.

Prepared by Bob Samson of this county agent's office. The exhibit was shown throughout the county with the fifty seven points out of one thousand points. The exhibit was Twenty-five points, combine type Milo, Sweet Sorghum, Hegar Seed, Combine Seed, Cowpeas, Black Wheat Bundle, Oats, Sudan Bundle, Irrig-Sorghum Bundle, Alfalfa Pasture Bundle, Sudan Bale, Tomatoes, onions, Dry Beans, and two mixed vegetables.

Stouty Samson of Post exhibits. Walter Y. Wells, superintendent of the department. The second time in two years Floyd county has been on the list at area fairs. The county won top prize State fair in Amarillo by twenty-eight blue ribbons agriculture exhibits.

Bob Gibson in setting this at both the Lubbock and Amarillo fairs. A young Floyd county won third place on some items at the Panhandle South fair at Lubbock this week. The county placed first place on junior yearling Angus bulls and also placed on a senior heifer.

County Wheat Best. The county entries in the competition in the Tri-State Amarillo placed. Wheat W. A. Massie, of Floyd placed the show in the adult division, and wheat grown by Griffin, of Lockney, placed the FFA division.

Pawler, of Crosbyton, had a sample of wheat in division. The wheat was judged in grain as well as on baking qualities and prizes were presented morning at the fair in the presence of several exhibitors, with Amarillo band furnishing the music.

Several Prizes. H. Kreis of the Matador won several prizes at the South Plains fair this week. He entered five cakes and blue (first) ribbons and second ribbons on them. He won a red ribbon on her

Betty Groover cake, which was in a special group. Mrs. Kreis won first on her canned green beans, second on cucumber pickles, second on plum jelly and placed second on a sort coat.

All in all, Mrs. Kreis comes home with about \$15 in prizes. Winning ribbons at fairs in this area is a habit of Mrs. Kreis. She comes out winner every year on some of her entries.

Ag Class Wins Prize
Floydada vocational agriculture class of the High school won ninth place and \$40.00 with their exhibit at the Panhandle-South Plains fair in Lubbock this week. First place went to Friendship school class with a \$50 cash prize.

H. G. Barber and his assistant, Jimmy Price, are the ag teachers at Floydada high.

L. N. Nelson Heart Ailment Victim at Hobbs, N. M., Home

Funeral service for L. N. Nelson, 41 of Hobbs, New Mexico, was held here at the graveside Tuesday afternoon at 3 o'clock, with the Reverend Ray Anderson, pastor of the First Christian church of Hobbs, officiating. Interment was under the direction of the Griffin Funeral home of Hobbs.

Pallbearers at the service here were Clinton Fyffe, Russell King, Harold Terry and Jeff Welborn and Nelson and Frank Standefer.

Mr. Nelson passed away at his home on Sunday night at about 8 o'clock, from a heart attack. He has not been well for months. He recently disposed of his drug store in Hobbs under the doctor's orders to rest for a while.

Lilburn N. Nelson was born in Floydada on December 15, 1911, the son of the late Mr. and Mrs. E. C. Nelson, Floyd county pioneers. He attended the Floydada schools and was graduated from the Floydada High school in 1929.

He was a member of the First Christian church. He was married to Miss Dixie Henderson of Floydada on July 16, 1939. Mr. and Mrs. Nelson made their home in Floydada. He was manager of the Nelson Drug store and afterward worked with the Bishop pharmacy. The family moved to Ft. Sumner and later to Hobbs, where they made their home for the past five years.

Survivors include his wife, and two daughters, Sue 11 and Mimi 7, and a son, Larry, age two. Also one sister, Mrs. W. D. Standefer of Plainview and one brother, Judge E. C. Nelson of Amarillo, several nephews and one niece.

E. P. Nelson of Floydada is an uncle of the deceased.

Accompanying Mrs. Nelson and children to Floydada from Hobbs were Claud Henderson of Hobbs, Mr. and Mrs. Wendell Henderson of Roswell, Mr. and Mrs. W. D. Standefer of Plainview and Mr. and Mrs.

Tony Chatham of Fort Worth, Claud and Wendell Henderson are brothers of Mrs. Nelson and Mrs. Chatham a sister.

Fisher Resigns Job At Consumers Fuel

Robert Fisher has resigned as manager of the Consumers Fuel Association in Floydada. His resignation became effective Tuesday night.

Manager of the association for the past seven months, Fisher said he decided he wanted to move to the farm and will go to Hart shortly after the first of the year and operate a farm he owns there, moving his family with him. He has an irrigation place with two wells which Grover C. Freeman, former Floyd county man, has been operating for the past few years.

Fisher has taught school for 27 years, resigning as a member of the Floydada school faculty early this year to take the place of manager of Consumers Fuel association. "I appreciate the people I was working for and the fine spirit of the patrons but I found out that wasn't what I wanted to do, so I thought I had better resign at an inventory

period. We have just finished inventory," Fisher said.

Ollie Meek and Bert Mankins are carrying on as co-managers until a manager is named to succeed Fisher. Roe Jones, a member of the board, said yesterday that a successor had not been chosen as yet. He did not say whether there were any applications for the place but did say that the board hoped to have an announcement to make soon.

Consumers Fuel association is one of the largest and most successful cooperative distributors of petroleum and allied products in this area. Last year the concern did a gross business above a quarter of a million dollars.

MRS. L. H. LEWIS REPORTED GRAVELY ILL THIS WEEK

Mrs. L. H. Lewis who has been very ill at her home since last Saturday, was reported by relatives Wednesday as being under oxygen at her home.

Her daughters, Mrs. Henry Salyers, of Abilene, and Mrs. Jennie Conner, of Lubbock, have been here with their mother, since Saturday.

Mr. and Mrs. V. W. Hennessee and Mr. and Mrs. Sam Hampton of Idalou returned home Sunday from a weeks visit with relatives in Sparta, Tennessee.

TRIPLE-THREAT

CHICAGO—This sweater set, according to fashion forecasters, will make fall headlines. Imported from France by Marshall Field & Company, it shows the new trend toward sweaters trimmed with jewels, beads or fur. More than that, this sweater is a triple threat, with matching gloves and earrings. It leads the way to new fashion importance for sweaters.

Baird Bishop Ill, Quarterback Club Taking Rest Cure Will Meet Tonight

Baird Bishop, who has been ill at his home on South Main street for the past few days was reported improved Wednesday morning.

Mr. Bishop was in San Angelo last week, where he visited his daughter, Mrs. Walton Foster, who had recent surgery. He was enroute home, when he was taken ill at Post. Mrs. Bishop and Mr. and Mrs. Mark Martin went down and brought the sick man to his home.

Mr. Bishop will have to take things easy for the next 30 days, as ordered by his physician, and will remain at his home for that time.

ARTHUR EDWARDS VERY ILL

The condition of Arthur Edwards, veteran Floydada truck operator, is not re-assuring this mid-week, members of the family report.

Mr. Edwards has been ill at his home for months, also spending some time in various hospitals in the area.

The Quarterback club of Floydada will meet tonight at 7:15 at Graves gymnasium, said Carl L. Minor, Jr., president of the club. Their meeting will follow immediately after the school and fans pep rally that begins at 6:30 in the evening.

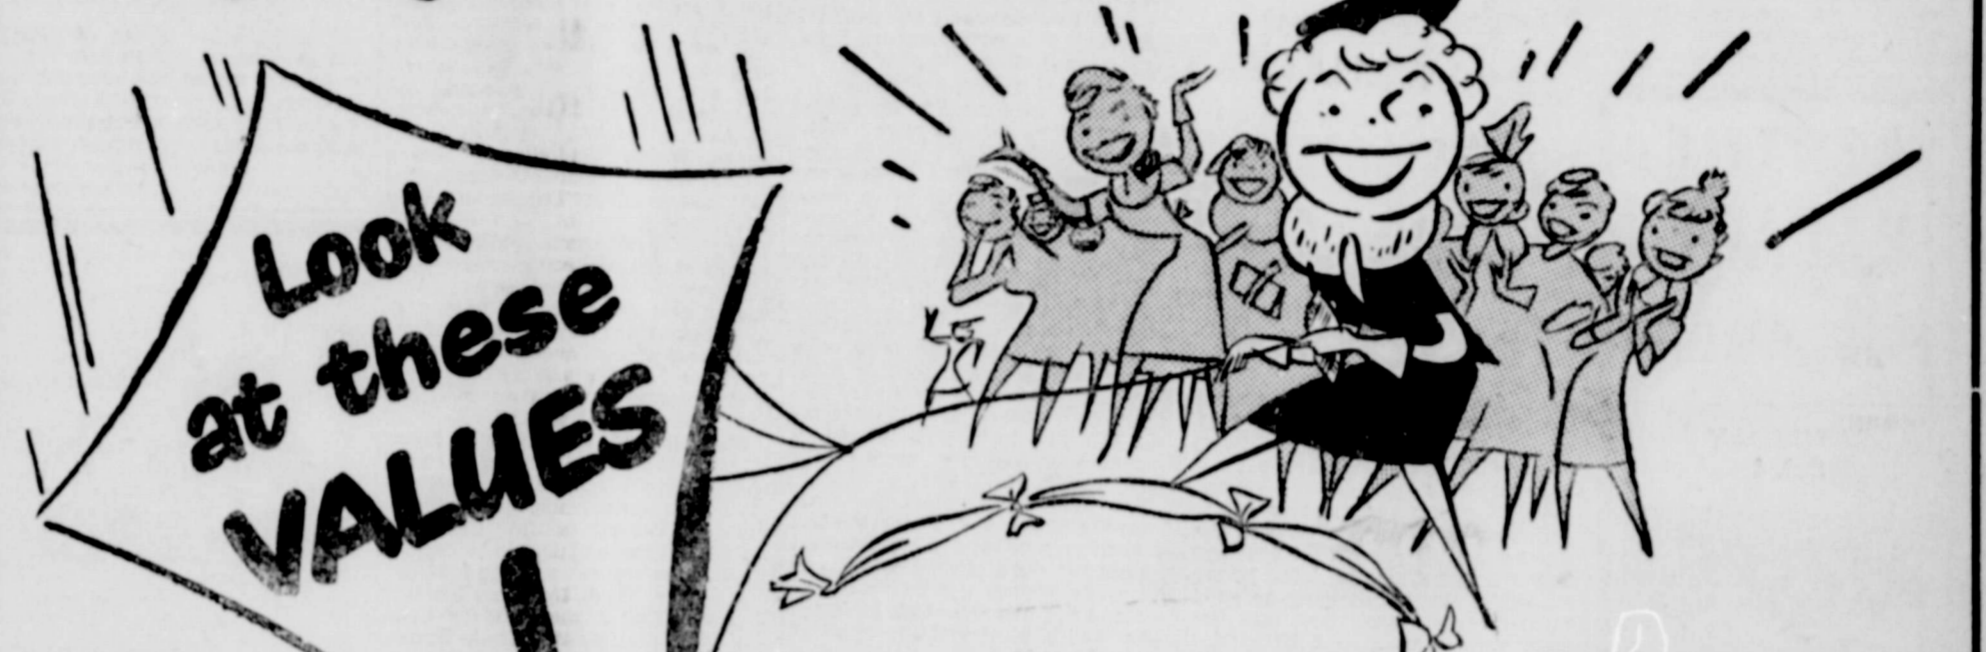

KENNETH HARTS ARE HOME FROM CAMP CHAFFEE, ARK.

Private Kenneth Hart and Mrs. Hart returned to Floydada last Friday for a visit. Private Hart has been in service since May of this year and spent that time at Camp Chaffee, Arkansas. Mrs. Hart has been with her husband for the past few months.

Kenneth will report at Camp Kilmer, New Jersey on October 13, for further assignment.

They are visiting his parents, Sheriff and Mrs. Leland Hart and her parents Mr. and Mrs. O. R. Beard. Mrs. Hart will remain in Floydada when her husband leaves for New Jersey.

Lawyers Fear Chopping Block For Districts

Judges and attorneys of the area are fearful of what may happen to their judicial districts should recent recommendations of the State Bar of Texas be adopted and made into law by the legislature. Among those who view proposals of the state bar dubiously is Judge Alton B. Chapman of the 110th district, who told members of the county bar association gathered in Plainview recently the proposed changes, in his opinion, are not what the people of the district would like. At this time Floyd, Dickens, Motley and Briscoe compose the 110th district. Changes tentatively suggested would put Floyd in a district with Hale and the other three counties in districts lying toward the east and north. Among the counties where bar members have indicated a willingness to go into the 110th district is Crosby, now tied into one of the districts at Lubbock. Such a five-county district would have slightly more than 40,000 population, viewed as the ideal population by the state bar committee.

Would Reform Districts
The bill being sponsored by the state bar would reform judicial districts on basis of population of ar-

ound 40,000 to the district. The advantage, sponsors say, would be in reducing work of judges and state attorneys so that court procedure would be speeded up.

Population in the 64th Judicial District is about 75,000. Frank R. Day, member of the Plainview Bar Association, told the luncheon group Saturday. Counties in the district are Hale, Lamb, Bailey, Swisher, Castro and Parmer.

Members of the Plainview Bar perferred the 64th District remain unchanged, Day said, but hope that if redistricting occurs Hale, Swisher and Castro counties will compose a district.

Sam Aldridge, Farwell, Parmer County attorney, told the group, "if any county wants out of the district the Parmer bar would help them get out. We hope to be with Castro and Bailey counties."

Swain Burkett of Dimmitt, Castro County, said the bar association there "has decided to go along with Hale County" in stands on redistricting.

Pat Boone Jr., of Littlefield, said the bar association there had decided to make no recommendation "but we hope to be in a district no larger than Lamb, Bailey and Parmer."

Pat Bobo, Farwell, said that bar association had no recommendation to present.

Restaurant Crowd From Floydada Praised At Post

(Eddie Warren in the Post Dispatch)
Levi Noble, the restaurant man, passed along a bit of good listening the other day when he told me about how nice the Floydada football team and rooters were, the other night when they stopped in at his popular place, after blasting the tar out of our Antelopes on the football field. Levi said that in all his years of serving the public he had never had the pleasure of catering to such fine folks as were the Floydada delegation, all of which made me feel good, too. I will always remember the time, way back in 1927 or 1928, when Post ran a special train to Floydada. When we arrived there the whole town was at the station to meet us and transport us out to and from the game. They beat the whey out of us again that year but they were sure nice in doing it. We all talked about that bang-up good game for years and how nice the folks were to us. I like those Floyd County people.

Winds Rampage To Take Jack Rabbits 32-0

Floydada's rampaging Whirlwinds rolled over the Ralls Jackrabbits Friday night 32 to 0. The visiting Jackrabbits were never able to score, but gave a good account of themselves throughout the game and never let up until after the final whistle. The tacking and line play was rugged with leather popping on every play.

Ralls received the opening kickoff and were able to advance the ball only 2 yards before Floydada recovered their fumble on the Ralls 22. The "Winds" found the going rough in the line and only advanced the ball to the 20 before it went over to the Rabbits on downs.

David Fowler, quarterback for the Rabbits, quick kicked over the Floydada safety men and the "Winds" took over on their own 49 yard line. Helms and Clark hit the line for short gains and Carmack passed to Chapman before the "Winds" picked up a first down on the Ralls 40. A penalty set the Floydada boys back but, they had hammered to the 35 before Clark took a hand off, faded back and passed to Adrain. Helms about the 25. Helms picked up some blocking, cut over to the left side-line and went over standing up. Carmack's kick with Bearden holding was good. Score 7-0.

Vicious Tackling Evident
The next score came in the second quarter. Both teams were doing some vicious tackling which resulted in fumbles for the ball carriers and the ball changed hands three times. Stovall recovered Ralls' fumble on the Ralls 40, the Rabbits stole the ball back on their 30 and then Grimes came up with it on the next play to give the "Winds" possession on the Ralls 30. The "Winds" started a drive from this point and on a series of running and passing plays advanced the ball to the 3 yard line where Dane Clark carried over for the TD. The kick from placement was no good and the score stood Floydada 13, Ralls 0.

The "Winds" next score came before the half ended. Owing the ball on their own 30 yard line Clark went around left end and with good blocking to help clear the way went 70 yards to pay dirt. The kick for extra point was blocked and the score at the half was 19-0.

Bands at Half-Time
During the half at the game, Ralls

high was well represented by their band and pep squad. The Ralls band entered the field from both sides of the field in the middle. They formed an F and saluted Floydada, counter marching to form an R and playing the Ralls Alma Mater. Colorful marching them led them to a south end exit.

Whirlwind band entered at the north end of the field marching to the center to form a guitar. Dovie Derryberry, majorette, played the strings of the "guitar," leading the band to the tune of Guitar Polka. The band next former a shoe and played Chattanooga Shoe Shine Boy, ending in a clock and playing, Turn Back The Hands of Time.

Quite a colorful addition to the band was an unexpected guest, Smitty, the clown, who received quite a warm reception from the crowd. Smitty extended an invitation to the young folks to attend an after-the-game party at the Baptist church.

Chapman Recovers Fumble
Starting the second half Floydada received and Clark took the kick-off on his own 15 and returned to the 40. When Ralls held Carmack kicked to the Ralls 20. The Jackrabbits fumbled and Chapman recovered for the "Winds." Running plays advanced the ball to the 1 yard line where Carmack pushed over for the score. The kick for point was again blocked and the score at the end of three quarters of play was 25-0.

In the final frame the "Winds" got in scoring position after Chapman intercepted Morrison's pass and returned it to the Ralls 22. The "Winds" drove the ball to the 2 with Bearden turning most of the yardage. Bearden crashed over from the 2 to add the 6 pointer and Carmack kicked the point to end the scoring at 32-0.

It was a hard fought game all the way with Nolan Purser, Alvin Morrison and Don Bennett standing out on offense for the losers. On defense for the Ralls team Buddy Payne at guard, Wayne Rainwater, also a guard, and Tommy Scroggins at tackle were at the bottom of many pileups.

All of the "Whirlwinds" played good defensive ball allowing very little yardage in the entire game. Lewis Reddy and Bert Grimes turned in good games at guard. Brooks Chapman had a good night on pass defense and a fine all around game. Helms was a stand out on defensive end, piling up many plays.

Starting for the "Winds" were Lewis Reddy, Connie Bearden, Dane Clark, Kerwin Baxter, Brooks Chapman, Don Barber, Charles Hartman, Franklin Stovall, Billy Carmack, Adrain Helms and Bert Grimes.

Others seeing action included Gordon Joiner, W. J. Hartline, Stanley Vickers, Glad Norman, Gary Carthel, Zack Cummings, Ronnie Upton, Jack Womack and Walter Simmons.

B Squad Loses to Matador
The "Whirlwinds" "B" squad lost a game last Thursday night at Matador 33-0 to the Matadors first stringers. It was a better game than the score would indicate with lots of good tackling and heads up play. Two boys, one named Martin ground out most of the yardage for the Matadors and Cloyd Stephens, shifty Whirlwind back, brought the fans to their feet twice with long runs, one of which crosses the goal only to be called back for a penalty.

Farmers Have Paid FHA Loans

Several Texas farm owners have paid their loans to the Federal Housing Administration. The administrator will be recognized at State Fair ceremonies at State Fairgrounds at 10 a. m. Oct. 10. The administrator of achievement signs, Thornton, president of the State Fair, and L. J. State director of Farm Administration, will be the farmers whose loans this year from agricultural loans are scheduled to be paid at 1 p. m. Oct. 9. Achievement signs will be observed by the Fair Administration. More than 6,000 loans made under the Bankhead-Jones Tenant Purchase Act, more than half have been paid off; and the farms are now owned, debt-free, by farmers who were tenants at one time.

Kinsmen, Friends Cheer Mrs. Bullard on Her Birthday

Sunday, September 23, some 50 kinsmen and friends met in the home of Mrs. G. M. Bullard for a dinner and family get-together, to honor her on her 79th birthday.

Enjoying the day with Mrs. Bullard were Lewis Bullard and family of Amarillo, Preston Bullard and family of Portales, New Mexico, Mr. and Mrs. Don Branson of Odessa, Mr. and Mrs. Mitt Bullard, Mr. and Mrs. Tom Scarborough and Mr. and Mrs. Kate Crabtree and son, Fred, Mrs. Gordon Bullard, all of Lubbock, Mr. and Mrs. Grady Reeves and sons of Plainview, and the following from Floydada: Messrs. and Mrs. Cecil McClure, Thurmond Perry and Jan, Mr. and Mrs. J. T. Perry, Mr. and Mrs. L. B. Cozby and J. C. Bullard.

In the afternoon, Reverend Sidney Johnston visited with the family. The honoree received many gifts for her birthday.

Unemployment Vet Payments Begin October 15

The Texas Employment Commission has announced that payment of unemployment compensation to veterans under the Veterans Readjustment Assistance act of 1952, and signed by President Truman on July 16, will begin on October 15, 1952.

TEC will make the payments to veterans and assume responsibility for state and local administration of the program. The agency will perform this function under an agreement signed recently with the Secretary of Labor.

Title IV of the VERA Act provides for payment of unemployment compensation benefits in the amount of \$75, to be paid at the rate of \$26 per week to unemployed veterans who have served for 90 days or more and have some service on and after June 27, 1950. The veteran must have been discharged for reasons other than dishonorable.

The payments to veterans in Texas are to be made in accordance with the provisions of the Texas unemployment Compensation act, except for the weekly amount of payment to be made and the duration of benefits.

The federal government will bear the costs of the compensation paid to veterans and of administration under the VERA act.

Under the provisions of Title IV, benefits are payable only for weeks of unemployment which occur after the 90th day following enactment of the act.

TEC said veteran's claims can be filed at any of the 82 local offices of the Texas Employment Commission scattered throughout the state.

The agency said all of its offices now in operation provide special services to veterans in finding jobs. Although eligible for compensation payments under Title IV of the new law should not begin filing claims for benefits before October 14, 1952, they should contact the nearest local office of TEC for information about job opportunities immediately after they are discharged from the armed forces. Local offices also will be able to provide veterans with information concerning the unemployment compensation provisions of the new act.

TEC pointed out that veterans will not be eligible for Title IV benefits until after the expiration of a 90-day period following the signing of the act by the president, and until after the period for which they are drawing mustering-out pay under Title V of the act. The veteran is not entitled to Title IV benefits for any week of unemployment completed before the 31st day after his discharge, if eligible for \$100 in mustering-out pay; before the 61st day after discharge, if eligible for \$200; or before the 91st day after discharge, if eligible for \$300. In order to receive benefits a veteran must: (1) be unemployed, (2) file a claim for Title IV benefits, (3) register for work, (4) and be able to work and available for work and not disqualified from benefits.

State unemployment insurance benefits are paid to individuals who have earned wage credits while working for an employer who is subject to the Texas Unemployment Compensation act. TEC said, "A veteran who is eligible for state unemployment insurance at a rate of less than \$26 a week, will, if he also files for Title IV benefits be entitled to draw the difference between \$26 and his state benefits. For instance, a veteran who files a state unemployment insurance claim and it is determined that he meets all the provisions of the TUC act and is entitled to receive \$15 per week for so many weeks, would be able to file a claim for Title IV benefits and receive \$11 additional per week to put him in the top bracket provided by Title IV."

TEC also pointed out that a veteran is not entitled to Title IV benefits for any period with respect to which he receives an education and training allowance, subsistence allowance, or additional compensation act. The agency added that a veteran is entitled to Title IV benefits from only one state at a time.

A veteran, if unemployed after October 14, 1952, desiring to file a claim for veterans unemployment compensation should bring with him

Homecoming Will Be Oct. 11 at WTS

CANYON, Texas, September 27 (WTNS) — Preparations for the West Texas State college's big annual homecoming celebration October 11 are underway here, with duties from slicing onions to scrubbing pots and pans being assigned faculty members by steering committee.

Work for the barbecue fires has already been cut and stacked on the ranch of Terrill Christian, an ex-student who lives near Claude, Tex. A crew of students and faculty, led by Athletic Director A. W. "Gus" Miller, selected the "finest mesquite wood" available, for mesquite is supposed to be the best fuel for barbecuing steaks.

The class of 1927 will be observing its 25th reunion at Homecoming this year, and the majority of the 84 men and women who were graduated that year are expected back, according to Milton "Buff" Morris, executive secretary of the ex-students association.

Competition is the life of the OIL BUSINESS

The demand for oil increases every year. Americans need more oil for more automobiles, for more airplanes, more ships, more high speed locomotives and more of many things besides.

And just as one merchant competes with another for your business, oil companies compete for it, too—for the gallons of gasoline and quarts of motor oil you buy; to supply the ships, the locomotives, the industries, the airplanes.

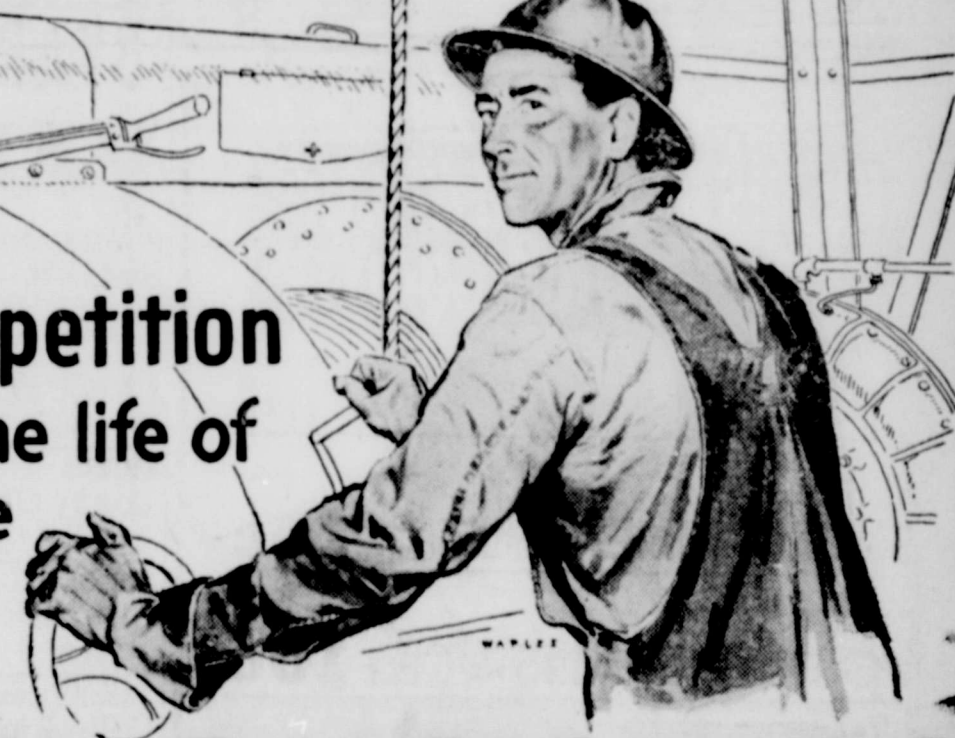

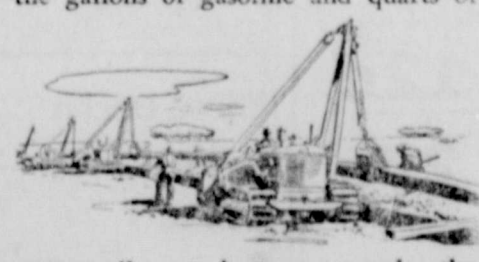

The competition is intense, and it spreads throughout the industry. Oil companies compete with each other to find and produce more oil. Pipe line companies vie with each other to develop low cost transportation. Refineries compete to supply more and better oil products. Salesmen compete on the basis of quality products and the service rendered.

It's a good thing, this competition, a healthy thing. It is the life of the oil business; it keeps the industry vigorous, progressive, enterprising.

But its chief benefit is to you and other Americans. Competition within the oil industry discovers and develops a natural resource necessary not only to modern living but to national defense. It supplies you and the country with continuously improved petroleum products; today, two gallons of gasoline do work that required three in 1925, but the gasoline costs no more than it did then.

Highway Death Claims Daughter Enroute to Mother's Bedside

News was received here Monday morning of the death of Mrs. Bob Reeves of San Bernardino, California, the former Lottie Blount, daughter of Mr. and Mrs. A. B. Blount of Floydada.

Mrs. Reeves died shortly after reaching a hospital at Portales. She had skull fracture.

Mrs. Reeves was a passenger in a car driven by Miss Nona Lanterman, of Rialto, California. Their

deep head injury. None of the other occupants of the cars were seriously hurt. The nurse rendered all aid possible but Mrs. Reeves passed away soon after reaching a hospital. Her body was brought to the Carter Funeral home in Lockney, where funeral arrangements are pending the arrival of two daughters from their home in California.

Announcement was made late yesterday that last rites for Mrs. Bob Reeves will be held Friday afternoon in the First Baptist church at Lockney. Rev. A. L. Shaw, of Happy, and Rev. Tilden B. Armstrong, of Floydada, will officiate. Interment will be in Lockney cemetery. Carter Funeral home advises.

car was involved in an intersection wreck at Dora, New Mexico, near Portales. The other car was driven by Miss Anne Valentine, of Hobbs. She had only minor injuries.

Mrs. Reeves is in the Lockney hospital where he will possibly be for 10 days suffering from a deep cut on his head and possibly concussion. Mr. Reeves is a brother of Mrs. Albert Howell of Sterley.

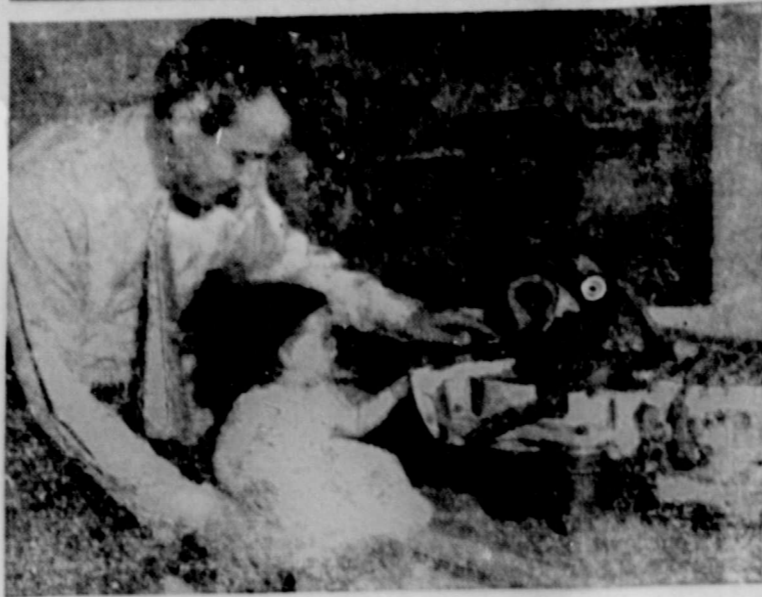

U. L. Willie, 63, Matador Rancher Claimed by Death

Funeral services were conducted Wednesday afternoon in Matador at the First Baptist church for U. L. Willie, 63, rancher and banker, who died Tuesday afternoon in the Lubbock Memorial hospital, where he had been a patient for a few days. Reverend Marvin Brotherton, pastor of the First Methodist church, officiated with Reverend Keith McCormick, host pastor, assisting. Interment was in Matador East Mound cemetery.

Mr. Willie was prominent in civic affairs and Baptist church work. He had been a resident of Matador for 37 years.

Survivors include his widow, Mrs. Virginia Walton Willie, one daughter Clotelle of Matador and three brothers, Carl of Fort Worth, W. B. of Waco, and A. L. of Seattle, Washington, and his step-mother, Mrs. A. L. Willie of Valley Mills, Texas. Several Floydada people attended the funeral service.

FOR KIDS OF ALL AGES

Baby Judy Kramer shows great interest in what Chrysler engineer John Butterfield is telling her about the powerful Chrysler torque converter. This is one of a hundred Chrysler Corporation "push button" displays that will be in the Automobile Building as a feature of the State Fair of Texas in Dallas October 4 through October 19. The completely new educational "New Worlds in Engineering" show explains how today's car is designed.

YOUNG ISRAEL STATE ADDS MARBLE TO LIST OF EXPORTS

The young state of Israel is taking another step in its vigorous drive for self sufficiency by exporting marble from quarries unused for almost 2,000 years.

The first major shipment of Israeli marble, three tons for use in a new Brooklyn synagogue, arrived recently in New York in the Israeli flag freighter "Henrietta Szold." Building stone thus is added to the nation's already important exports, which include citrus fruits and cut and polished diamonds.

In addition, plans are under way to revive the once-flourishing trade in potash extracted from the waters of the Dead Sea. Intensive oil exploration is being conducted in areas which geologists consider exceptionally promising. Israel already has a modern oil refinery at Haifa.

Marble played an important part in building construction in Biblical times, but it is not believed to have been exported in any quantity.

Solomon's temple contained stone described as marble. King David, gathering the material for his son Solomon to use in the temple, said in the First Book of Chronicles that he had obtained "marble stones in abundance."

Most modern authorities believe, however that the "marble" used in the temple was actually a glistening soft white limestone, quarried near the Damascus gate of Jerusalem, rather than the metamorphosed, crystalline limestone that is marble by today's standards.

FIRE PROOFING

The Army Chemical Corps has developed an improved method of permanently fire-proofing cotton, woolen, and part-rayon fabrics. Treated fabrics will char but will not flame after being treated with the new chemical. The fabrics may be laundered, dry cleaned, or water-proofed without affecting the permanence of the fire-proofing. The cloth will not deteriorate any faster than untreated fabrics. The new technique has been tested extensively by Army Chemical Corps personnel working in plants producing incendiary bombs. Test now are under way to determine whether this new fire-proofing method may have military possibilities.

GOLDEN QUILLS

California condors live to be 35 years old or more. Once they ranged the West coast from the Columbia River to Baja California. Now the last threescore members of this dying vulture family cling grimly to a rocky sanctuary in California's Los Padres National Forest, about 100 miles north of Los Angeles. The condor's claws are so weak that it can scarcely walk on them. It requires a lurching run or a sharp cliff to make a good takeoff. Once in the air, however, it can soar as high as 15,000 feet above the mountains, its nine to 11-foot wingspan, second only to the wandering albatross of cold southern seas, giving it unbelievable grace.

TWICE DRAFTED

A Brooklyn-born sergeant, Natoli Domenico, not only has been drafted twice but he has been drafted by two different countries. Now a squad leader with the Eighth Infantry Division at Fort Benning, Ga., Sgt. Domenico was trapped behind the German lines in Italy, where he was attending school during World War II, and pressed into service in the Italian army.

P. O. Burglary At Dougherty

The Powell Grocery and the Dougherty Postoffice were burglarized last Saturday night. Mr. and Mrs. H. N. Powell, owners of the store were in Aubrey, Texas, when the robbery occurred.

Entrance was gained through the front door by breaking the lock. Mrs. Powell estimates about \$300 worth of merchandise taken in the robbery of the store which included watches, electric razors, cosmetics, children's clothing and other numerous items. The lock on the post office in the store was pulled off, said Mrs. Powell and the money box taken by the burglars.

Sheriff Hart was investigating and working on the case as were Federal men this week. As yet no clues have been disclosed.

Tom Waters Family In Highway Wreck

Enroute home yesterday from West Virginia Rev. Tom Waters and his family were involved in a highway accident near Hollo, Missouri, and Mrs. Waters is in a hospital with multiple fractures and cuts.

News of the accident was given in a wire to W. Ed Brown late in the afternoon. The message did not indicate that other members of the family were injured. Their car is a total wreck, the message said. Rev. Waters has been pastor of the First Christian church here for about a year. The family had been to their former home to see relatives.

RUPTURE SHIELD EXPERT HERE

H. M. SHEVYAN, widely known expert of Chicago, will personally be at the Hilton Hotel, Lubbock, Thursday only, Oct. 9, from 9 A. M. to 4 P. M.

Mr. Shevyan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevyan will be glad to demonstrate without charge.

City Park Church To Entertain Young People

On Tuesday night, October 7, the City Park Church of Christ will entertain young people from some 25 congregations of the churches of Christ on the South Plains.

The principal speaker for the evening's program will be Alan Bryan, educational director of the Broadway church of Christ of Lubbock.

The local young people have sent out invitations to the various congregations asking them to prepare special choruses, quartettes, trios, duets or to provide a young man to lead congregational singing, 250 to 300 young people are expected as guests for the evening.

Following the program in the new auditorium there is to be a period of recreation and refreshments in the annex of the building or in the city park, weather permitting.

The meeting is open to the public and the local young people are urging their Floydada friends to attend.

The time of the meeting will be 7:30 till 9:15.

Night clubs nowadays remind us of the gay nineties. The women are gay, and the men are around ninety.

Kitchen Shower Compliments Miss Orajean Willson

Miss Orajean Willson, bride-elect of Bill Addis, was named honoree at a kitchen shower last Friday evening, when Mrs. C. D. Foote and Mrs. John M. Hollums were hostesses in the home of the former, 618 West Tennessee street. Miss Willson, her mother, Mrs. J. M. Willson, sr., and Mrs. Jimmy Willson were presented corsages by the hostesses.

Mrs. Jimmy Willson served cake to the guests with Mrs. Foote at the coffee service. Small kitchen utensils were used as plate favors. Autumn colors were shown.

Attending the shower were Mesdames Marvin Standefer of Plainview, H. S. Calahan, jr., of South Plains, Billy Henry, A. E. Guthrie, Fred Martin, Lane Decker, also Mesdames Baird Bishop, Fred Cardinal Jimmy Womack, W. E. Garrett, Carl

MRS. WOMACK HOSTESS FOR SAND HILL MEETING

Mrs. A. V. Womack was hostess for the Sand Hill home demonstration club September 24 at the club room.

Mrs. C. B. Carmack gave the council report. Four club members conducted the program for the afternoon. Mrs. Fred Jackson and Mrs. Lynn Miller gave the history of the club. Mrs. C. B. Carmack explained "A special health program to keep down over weight." Mrs. T. C. Hollums talked on "Care of the Hair."

The hostess served cakes and doughnuts to the following members, Mesdames C. B. Carmack, Jim Holmes, Fred Jackson, Lynn Miller, Wayne Billington, J. H. Brock, Albert Pricer, James Jeffress, John Hollums, J. T. Spears, T. C. Hollums, and Mrs. H. F. Jackson.

Every member is urged to bring her Year Book for the October 3 meeting. Please remember this.

Minor, C. L. Minor and Jack Coffman.

Miss Willson and Mr. Addis will be married in her parents' home on October 18.

Everybody knows something about some things. And somebody knows something about everything. But the only thing everybody knows everything about is how to raise the other fellow's kids.

This knowledge isn't limited to parents. Some of the best advice on raising young 'uns comes from spinners and bachelor friends, who feel they're absolutely objective on the subject.

Equally well-informed are the childless couples. They know right off what's the matter with little Johnny next door. "His mother coddles him," or "He doesn't get enough attention." What is often a natural trait of the child is defined as a fault of the parents, who, bless their souls, are living with the problem 24 hours a day and may be doing a pretty good job offsetting it.

To be fair, we mustn't overlook other parents, either. Couples who are quite modest about the job they're doing at home can put a finger right on the weak spot in the neighbor child's upbringing. If their own children are fine, they'll say, quite sincerely: "We don't deserve any credit; we just have good kids." If their son is troublesome, they'll say humbly: "We haven't known how to help him; it's our fault that he hasn't seen things right."

But with the other fellow's kids it's different: "They boss the life out of him; what he needs is a chance to think for himself. Or "They've spoiled him; he needs turning across somebody's knee every morning before breakfast, if you ask me."

Meanwhile, the kids, who are pretty smart about sizing up a situation, are often harmed more by what they believe these outsiders are thinking than they are by the well-meaning but sometimes bungling parents themselves.

Mrs. J. H. Buchanan accompanied Miss Lelia Petty, Floyd county home demonstration agent to Lubbock on Monday, where they attended the opening day of the South Plains fair. Miss Petty acted as one of the judges in some of the departments at the fair.

President's Coffee at Opening Program of 1922 Study Club

Thursday morning in the home of Mrs. R. C. Henry, the 1922 Study club held their opening meeting at 9:30 o'clock with a president's coffee.

The program committee and the social committee of the club acted as hostesses, which included Mesdames Wilson Kimble, Glad Snodgrass, E. F. Stovall, E. J. Morehead, P. W. Bell and E. L. Angus.

The serving table was laid with a pink cloth, with an imported figurine of china as a centerpiece, surrounded with ferns. Mrs. E. L. Angus presided at the coffee service, with Mmes. Kimble and Snodgrass, assisting in the serving of a fruit plate of cantaloupe rings, purple plums and white grapes; with sausage biscuits and triangle apricot pies, along with the coffee. Mrs. Bell invited the guests to the table to be served.

Mrs. C. A. Caffee, the president, delivered her address and Mrs. Kimble told of the book and the events to come then, Mrs. Stovall talked on "Our Beloved Country," which is the subject of the year book for this year.

A short business session was held when new books were distributed and dues paid.

Members present were Mesdames Kenneth Bain, W. I. Cannaday, R. E. Fry, J. B. Jenkins, Eld Johnson, W. S. Poole, O. P. Rutledge, Lon V. Smith, Noel Troutman and J. M. Willson, sr., and those mentioned above.

The club will meet with Mrs. Kenneth Bain as hostess on October 2. Subject will be "The family goes to church."

To Wed December 6

Mr. and Mrs. J. N. Richardson, of Dougherty, announce the engagement and approaching marriage of their daughter, Estelle, to Dale Tanner, son of Mr. and Mrs. R. H. Tanner of Halla.

The wedding will be on December 6 in the First Baptist church at Idalou, Texas.

Conservation District News

LEVELING FOR IRRIGATION

As water conservation becomes more important, more farmers are leveling their land for irrigation efficiency. To have irrigation efficiency, water must be applied uniformly in the correct amount to apply all the moisture the crop requires. This water must be applied when the particular crop being grown requires it with no erosion or runoff.

With these goals in mind level or near level irrigation is the first requirement with the length of run and width of strip being watered adjusted to the size of well and rate the soil will absorb water. To level land for irrigation any outside water coming onto the area to be leveled must be controlled. This may mean diversion terrace and water-way in some instances. By leveling, maximum use is made of rainfall to conserve irrigation water. This is provided for by use of permanent borders in most cases.

One-Half Inch Per Hour
Most of the soil in Floyd county will average absorbing about ½ inch of water per hour. When a high intensity rain such as fell in some parts of Floyd county during July is received, a big part of this rainfall was lost from runoff.

The kind of leveling to be done on a piece of land will depend on the slope. The normal practice is to level as large an area as possible in one block and control the irrigation water with temporary borders that

may be taken out or put in as the kind of cropping system requires. On the flatter land as much as a whole field may be leveled in one block while on the more sloping land what is commonly known as bench leveling may be required.

This system of fitting the leveling to the slope of the land, adjusting the runs and borders to the size of the well and water intake rate of the soil enables the farmer to make maximum use of rainfall and irrigate uniformly without erosion or waste of irrigation water.

News of Dougherty

(By Mrs. W. J. Ross)

DOUGHERTY, September 29 — This beautiful autumn weather brings lots of activity into our community. A number of fields have wheat up. The drills are still busy in other fields. A few farmers have started harvesting cotton.

Sometime between closing time Saturday evening and 8:00 o'clock Sunday morning the Dougherty post office and the H. N. Powell general store was burglarized. A sum of money was taken from the post office and a large quantity of merchandise from the store. Sheriff Hart and his deputy investigated.

Mr. and Mrs. H. N. Powell were away at the time of the burglary. They had not returned home from Aubrey, where they attended the funeral of a brother on Friday. We extend our sympathy to Mr. Powell in the loss of his brother.

Mr. and Mrs. Russel Crawford attended the funeral of her uncle at Ballinger Wednesday.

Sunday was promotion day at Sunday school. Seven children received certificates of promotion. Fifty-three were present for Sunday School, a few more came to church. The church contributed \$83.66 to the home mission fund.

Wednesday afternoon, Mrs. Harlan Cage entertained her Sunday school class with a party. The children enjoyed a number of games and nursery rhymes. Refreshments of punch and cookies were served to the following: Brenda Harper, Damon, Davis, Jody Campbell, Thomas Davis, Beth Hines, Bill Ross, Seaman Scott, Junior Owens and Mesdames Ruth Daniels, Jim Harper and Maurice Campbell.

We are reliably informed that Mr. Tiner and the ball team journeyed to Lone Star Friday afternoon. The catcher George Scott got a severe blow on the nose, when a thrown ball struck him. He was out for the remainder of the game. We failed to get the names of those who scored or the scores, but understand the Dougherty team lost.

Mr. and Mrs. Bundy Campbell spent the week-end at Dallas.

Mrs. J. R. Maddox is a patient at the Peoples hospital since Tuesday morning, suffering from a throat infection.

**The flip of a lever
eliminates
dead furrows**
the Massey-Harris No. 33
Roll-Over Plow

No longer need for troublesome dead furrows splitting your field. The new Massey-Harris No. 33 Roll-Over plow lets you plow one side of the field and plow on the same "land" until the field is plowed. Just flip the lever when you come to the field. The "top" plow automatically rotates into position and locks rigidly in place. You can turn on a dime and wheel the furrow you've just made. You don't waste fuel and time on wide headlands. It's ideal for contours, hillsides and badlands.

See in and see the new, revolutionary Massey-Harris No. 33 plow next time you're in town. We'll show you how you can save time and money in your fields.

Fire Prevention Will Save High Cost Buildings

If for no other consideration than

the pocketbook, fire prevention has become a Number One must in the year of 1952, declared Fire Marshal Carl Rodgers this week, calling attention to the fact that fire prevention week is October 5 to October 11. "Buildings come so high now and the kind of materials you want to use are so difficult to get in the quantities you want that an owner of a residence or of business, farm or other property, can't afford to let a fire occur. Consequently each of us has become a committee of one

on fire prevention," said Rodgers. "You can't afford to let any little carelessness cost you your hard earned savings now. Houses cost too much and the wait for the materials will make your rent bill run pretty high while you wait for another one to take the place of a house lost by fire," the marshal continued. "Property owners should look to their insurance policies to see that they have enough insurance in force. They should also see to it that they don't have to test their insurance to see how much it will pay on a new one to take the place of a house destroyed by fire."

"It's the little things generally that cause fires. — the little careless things. Once in awhile a fire comes as the result of a big explosion or something dramatic, but most anybody can run back through their minds and realize that just practically all of the fires they have seen or experienced themselves are the result of some careless act or omission. For instance the failure to take time to tidy up a place, to clean out the attics or the closets, to burn papers and waste in a container that will keep fire from flying, to clean up the yard or lot, can be traced more than 75 per cent of the fires in Floydada from year to year."

"Once in awhile a court house burns or some big mill or other that gets the headlines, due to causes which are not known, but most of the fires that affect our lives are fires that we—you and I—could do something about beforehand. They would be fires that did not occur."

Annual Inspection Trips
Rodgers said that the round of inspection visits to business places and to public buildings will be made this year as has been the case for a number of years in Floydada. On this trip Rodgers generally takes occasion to remind the property owners of any hazardous condition he finds that will contribute to the danger of fire in the community and the consequent economic loss, not to speak of the increased fire insurance rates which losses have a tendency to cause. Right now, he pointed out, Floydada is paying a big penalty for the court house loss four years ago. When the community gets that one paid for (in increased insurance premiums allowed by the state fire insurance commission) if additional heavy losses are not incurred meanwhile.

While Floydada Fire department has been fortified in the past year with better fire fighting equipment including new hose and a new fire engine, and while Fire Chief Alva Redd and the department are honing up constantly on how to handle fires when they do occur, it will pay the citizenship to keep them hired and not have fires for them to fight is the official attitude. At this time the department is carrying on studies of fire fighting and prevention and the allied operations that go with such tragic events as fire.

Fire drills in the school of the community keep the children prepared for the need to evacuate the school houses quickly and in order. However, prevention of a school fire takes on greatly added economic importance even though no loss of

Deep Well Versatile Helps

Are you sure you let your deep well cooker be the versatile kitchen helper it should be? Use it for deep frying — such things as doughnuts, french fried potatoes, croquettes — will all sizzle to golden brown perfection. There is no danger of upsetting the pan of hot fat.

Three pint jars will fit in most deep well cookers for hot-water bath canning. It is good for jams and jellies too.

Less tender cuts of meats will be "fit for a king" if cooked slowly and evenly in your deep well cooker.

Whole meals may be cooked at once.

As many as three dozen weiners will heat at once when the youngsters have company. Large quantities of coffee and cocoa made ahead of time for a party will keep just right — hot enough but not boiling.

It is good for popping corn. Rolls heat nicely in the deep well.

Once you learn to use it you will find it to be one of your most efficient kitchen helpers.

Large Crowd At Meeting of Masons

Dr. C. M. Thacker, C. L. Berry and Harold Berry attended the South Plains Masonic officers' association at Ralls on Monday night.

Dr. Thacker lectured on his recent trip to the Holy land and showed movies made on the trip.

A large crowd from the various lodges in this area were present.

At the conclusion of the meeting, refreshments were served by the Ralls lodge.
