Possibility that Floyd county voters may turn out in the general election in numbers almost equal to the primary elections of the past summer was foreseen this week as the county election committee finaled their preparation for the event, save and except for the actual distribution of election supplies to officals of the 21 voting boxes.

County Clerk Margaret Collier said the first of the week that more than 50 applications for absentee ballots had been acknowledghave scored 242 ed by her office at noon Monday. position's 7 and The absentee voting period extends through Friday of next week.

Since the date of the run off Democratic primary in August three changes in location of voting places have been made in the county and one box has been abolished. The changes in location include:

Southwest Floydada No. 1, where ballots were cast at the high school in July and August, will be voted in the district court room of the court

Allmon No. 3, where the voting box will be set up in the community week and will want house instead of in a private residence; and

West Lockney No. 18, where the commissioners court has named the First Methodist church as the votnathy playing in ing place instead of the high school Aiken is the voting box that has

Her from the start- been discontinued. When that voting precinct was abolished by order of the Commissioners court this summer the area it covered was added to West Lockney No. 18. Total voting strength of the coun-

ty is estimated at 4,698. Of these more than a thousand failed to vote in the primaries in July and August. to the business areas. The fact that the early November vote comes at a time of high pres-sure farming operations in most of the county may result again in the ed Sunday failure of a number of voters to cast a bollot.

The ballot this year will be 17 being acute. Menday afternoon by 19 inches in size. It will have meral Home chan- eight columns, including Democratsused away at the ic and Republican, arranged first Sunday night at and second, and a "write-in" column as the eighth. The other five Rev. John Allen columns in order are the Prohibit-Joiner of South ion party, the Progressive party, Christian Nationalist party, Con-in the Floydada stitution party and independent.

FIELD FRIDAY NIGHT COUNTY'S BIG COTTON CROP MOVES TO MARKET SLOWLY MOVE Paving Is Promised

Of the big cotton crop in Floyd ada, Noel said, a good many cotton county this season, farm operators have hauled an estimated 15,000 bales to the gins. E. B. Noel, representative of the Texas Employment Commission, with quarters in the Chamber of Commerce office, gave these figures as his estimate. He

did not have any totals available. Apparently the crop is moving slowly than was expected. Many thousands of bales are standing in the fields. County Agent Robt, H. Gibson said he believed that 45 per cent of the fields of the county had not been entered by harvest hands. It is his judgment that this is a mistake since the quality of the cotton is endangered by delay.

Some farmers do not have hands because they have no housing also said any number of farmers are declaring \$1.75 is their limit.

Views and Comment

"Three things, in our opinion, detract more apparent when election day rolls around? than anything else from the appearance of a downtown business section. They are poor sidewalks, rundown awnings and dirty

Charges made early following the passage of the Texas auto safety inspection law that the law was for the rich man and that it worked an undue hardship in comparison with the good it resulted in, seems to have been somewhat overdrawn. This is especially true after the revision of the rules and regulations adopted for automobile safety inspections. What it will do if carefully adhered to and administered fairly and impartially will be to help take death off the highways. It is true that speed is the principal cause of death on the highway, but it is also true that the safety measures called for in the inspection lw are measures that every autoist should take any how. They are decidedly on the side of more security for more people who are highway borne. Defects in motor vehicles do cause injury and death. Anything to reduce this hazard, anything in reason, is not unreasonable to ask of the people who get out on the highway.

If one assumes that after the sound and fury has been finished and the voting begins-if one assumes after that, that the voters will take pencil in hand and vote Democratic as usual, the campaign at least will have had one of its interesting sidelights. The voters of Texas at long last have somewhat of a realization of what it is to be wooed. Top politicos have not exactly camped in Texas but everyone of the national principals have campaigned or will campaign in the state before the election. Texans outside of Bonham and Dallas even will get to see and hear the speaker of the House, Sam Rayburn. Mr. Rayburn and vice-president Alben Barkley both will have been seen and heard by Tex people. Here-tofore they have been legel only to most only to most of the electorate in this sta-

All the signs point to a big vote on November 4, indicating that most of the people, unlike this writer, have been able to make up their minds without any mental wriggling or mis-givings. Although the voters, by and large, are not taking the preelection polls seriously and most of them are brushing off the pollsters, there isn't any doubt that there will be a big turn-out come November. 4. We have tongue in cheek as we view the results of the high plains poll, in which The Hesperian has a part. The attempt is to sample the thinking of the people. Naturally the newspapers only put down in reporting fashion what the volunteers write out. These show Eisenhower by a big brutal majority in Floyd county newspapers are cooperating. We suspect catalogs. the samplings pretty well reflects the thinking of a reasonable cross section of the citizens at the time. But are there any men- of action than for a deed of neglect.

Thought for business property owners: tal reservations that will make themselves

Speculation over the big drouth which has consumed so much of the substance of the people the past two years in Texas, continues unabated. People are conscious of it in all their business hours and even take the dry weaher to bed with them, for church edifice at the corner of Missleepless nights. It has hit this year in those portions of the high plains where irrigation is not available. Even on irrigation projects the dry weather has greatly in-the European cathedral type plan-ned to seat 350 is to be constructed. creased cost to the operators. In a similar condition during and immediately following World War I the books tell of rains that began late in November gave a good season in December and saw wheat peeping through Fyffe, Friday evening at 7:30 o'clock the ground in January and February. There is nothing on which to predict a guess that such will happen again, this year in particular. But on the general principle that Claude L. Callison. even a long lane has its turning, a writer should predict that a period of good seasons is in store for the southwest in 1953 So much irrigation in this particular area at this time it is hard to find the old-time "signs" by which one could make up a reasonable prognostication.

The cotton crop is well on the way to the gin by this time. With it there is evident a great deal of waste. People are hurrying their staple to the gin much too green and the ginner can't help it if he runs a lot of staple and seed through the stands and out that is taking place is that the farmers in Fort Worth visiting with her into the burner. One most interesting thing themselves are "catching" lots of the burrs and taking them back out to the farm for fertilizer and feed. The ban was lifted here late this summer and fall by the federal and state agency that has been enforcing the law to protect the county against the pink bollworm. Looks as though the action will be very worthwhile for the immediate present. What it means next fall in the pink bollworm control campaign is still to be found out. The immediate benefits of the de-control are

Pleasant to have the major candidates all visiting Texas before election day, the two principals in the national campaign this week. And Senator Connally, and Speaker of the House Rayburn! And Senator Johnson! More like they think of us as in the United States instead of in the vest pocket. Ordinarily they would be in Pennsylvania or Ohio, New England or Washington state. More's the pity they are here, if you're sold on Adlai Stevenson and Senator Sparkman, and think they ought to be somewhere else in a missionary capacity for the Democratic

National Recognition is Sought For Troy Lee McNeill by A & M

COLLEGE STATION, October -From the standpoint of achievement and Mrs. Bill McNeill, Route 5, Troy McNeill of Floyd county, is the Floydada. He is a senior in the outstanding 4-H club boy in Texas for 1952. The announcement was leting his eighth year of 4-H club made today by the state 4-H club of- work. His demonstrations have infice and it further states that Troy will receive two miniature statues which symbolize achievement, and his record will be submitted for competition on a sectional and natonal basis.

The 4-H achievement program is sponsored by the president of the scholarship and trip to the Americ-United States and the Ford Motor company. Medals are provided for county winners, 16 trips to National Club congress, Chicago, for sectional winners and \$300 college scholarships for 12 national winners by the Ford Motor company. Senior in Floydada High

It will be a longer range program with the stress placed on soil and

water conservation. He charged that the present "slaphappy" system of planting soil-improving crops one year and then ripping them out later to grow crops that are hard on the land make permanent soil improvement practices

Jackson's Studio

121 W. California Floydada, Texas

Troy is the 17 year old son of Mr Floydada High school and is compcluded beef cattle, swine, poultry, field crops and gardening.

On the basis of statewide competition, his most outstanding awards have been a trip to National 4-H Club congress and the Talent club tour to Logan, Utah, in 1950 and a an youth foundation camp, Shelby Michigan, in 1961. He is now president of the district two boys 4-H organization and has held every elective office in his local club.

Troy has come a long ways since he joined a 4-H club for the first time in 1944. His big disappointments came early. The first year hail destroyed his wheat and grain sorghum and severly damaged a promising cotton crop. But that wasn't all, the next year his best beef calf died. From these experiences, he came back strong and each year has expanded the size and scope of his activities and demonstrations

His Current Demonstrations During the present year his demonstrations include two beef calves 130 chickens, 25 acres of cotton, 90 arces of grain, 10 hogs, a three acre garden, 17 head of Hereford breedng cattle and leather craft.

He has entered more than 100 exhibits in local, district and state shows and has won many prizes including grand championships on a beef calf and hog at the county show. His skills and ability have increased along with the size of his club program and his 4-H demonstrations have brought to the home farm and community many new

Washington, D. C., has the great-

Geographers of Space Find Vast New Celestial Bodies

Geographers of space have disovered vast numberas of new celestial bodies, great and small, near by and far away, in previously unex-plored regions of the universe.

The discoveries have been made n the course of a comprehensive Sky Survey now being carried on by the National Geographic Society and the California Institute of Tehnology at Palomar Observatory. They are described in a recent article by Dr. Albert G. Wilson, astronomer in charge of the program.

New clues have been uncovered to

verse is and how it is put together. | The Floyd County Hesperian, Floydada, Texas, Thursday, October 23, 1952 New evidence is being collected on the question of whether all space is exploding outward at inconceivable speeds.

National Geographic's report three quarters of the entire sky all that can be seen from Palomarand give astronomers enough mate- gas, hanging in space between the body to stick their noses into her rial for a century of study.

It is a face-fitting strip of cloth, supported above the pillow, the mysteries of how large the uni- the giant 200-inch Hale telescope was there; until now they have with openings for nose and mouth

Just to Remind You in Case You Might Have Forgotten

Our last Republican President was in office from MARCH 4TH, 1929, to MARCH 4TH 1933. Do you happen to remember who our President was during those four years? You will remember that he promised a chicken in every pot and two cars in every garage. Did you get yours? Whether you liked him or not, HERBERT HOOVER, is today, the ablest and most illustrious American citizen within the ranks of the Republican party.

TO YOU, MR. FARMER:

Do you remember wheat selling as low as 18c per bushel? Corn and oats as low as 12½c per bushel? Cotton 5c per pound? Hogs \$2.60 pr Cwt? Cattle, sheep and other livestock sold in the same low proportions. Maybe you were among the many thousands who lost their homes and everything they possessed through foreclosure. Compare the prices you are receiving today for your farm products and you will see and fully understand just what I mean. Don't you have much better homes today, better farming equipment, all crop insurance, rural electricity, rural telephones,, soil conservation practices, price supports for most of your farm products? Last but by no means least, don't you have more cash and credit, less indebtedness than at any time since you have been farming? Were any of those benefits extended to you by any Republician Administration? There is more debt free land in Floyd County today than at any time since 1920. I do not believe you are going to forget those

TO YOU, MR. CATTLE AND SHEEP MAN:

Do you remember cattle selling as low as \$11.00 per head, calves and yearlings as low as \$3.00 to \$7.00 per head? Do you remember that a profit could hardly be made in cattle because everyone wanted to sell with very few who were able to buy? Do you remember that a full car load of sheep would little more than pay the freight to the markets and in some instances they didn't do that well? Compare prices today on cattle, hogs, sheep or any other livestock and see if you are not faring much better today than at any time since you have been handling live stock. I don't believe you have forgotten.

TO YOU, MR. MERCHANT AND BUSINESS MAN:

Do you still remember how your creditors pressed you for payment of their accounts? You had the goods and services and the people needed them but you had no business. Why? the public had no money with which to purchase your merchandise and services, however badly they were needed. Don't you still remember how you rolled and tossed the pillow wondering how you would be able to keep your doors open. You are not in that condition today. are you? WHY WOULD YOU WISH A CHANGE?

TO YOU, MR. WAGE WORKER:

Do you remember how hard it was to get a days work during the Hoover Administration? Do you still remember what a hard time you had trying to feed and clothe your family? I'm sure you haven't forgotten those trying times. Isn't your lot today a much happier life, isn't your labor more in demand at much better wages? Why would you wish a change? I do not believe you will.

TO YOU, MR. BANKER:

Do you remember them jumping out of windows and taking their lives in various ways because their life-savings had been swept away and they could not meet the demands of their creditors? Do you remember how the trains were crowded and the hotels clogged with the masters of big "BUSINESS"-Bankers, Life Insurance heads and other industrial groups-heading to Washington to plead with and beg a "DEMOCRATIC ADMINISTRATION" for help to save their institutions from financial bankruptcy? You haven't forgotten this have you? As of now, the bank deposits and working capital of the banks in Floyd County are the highest in history, far beyond the fondest dreams of any banker of 20 years ago.

TO YOU, SCHOOL TEACHERS:

The Home and the School room are the proving ground for the citizen of tomorrow. You people of the teaching profession were much underpaid and for far too long. Do you remember what salary you drew during the depression years? Do you remember that often you could not cash your teaching vouchers because the tax payer (the source of your salary check) could not pay their taxes? You would not want to return to conditions of the early 30s, would you?

TO YOU WITH RENTAL OR INCOME PROPERTY:

Do you still remember how hard it was to get a tenant who was able to pay his rent, even though it was low in price? Do you remember there were many cases of people living in good property "rent free" in order that the owner could maintain fire insurance protection? You are not having that kind of trouble today are you? Today, there is a higher percentage of individually owned homes with less debt on them than at any previous time in the history of Floydada. You are not going to take chances on turning the clock back are you?

TO YOU, OWNERS OF REAL ESTATE:

No doubt you still remember how feeble was the "Echo" of your equity in possibly your home or some other type of Real Estate. There were many who would gladly deed you their property if you would only assume their debt against it with very few who would agree to do this. You could not eat it, you could not borrow on it, you sure couldn't sell it, the rental income if collected would hardly pay the taxes let alone any interest and up-keep. Is that your situation today? Don't you like it much better just like it is?

There are many more indictments which could be brought against the "Last Republican Administration" but the above to me is sufficient reason as to why I could not vote the Republican ticket.

To you folks who are thinking of straying away from the Democratic fold and voting a Republican ticket, honest and sincere no doubt, in the belief that a change to a Republican Administration would be desirable: Have you counted the cost, do you honestly believe that voting the Republican ticket is the answer to your grievance? Oh. you may say, "Corruption in our Government" is my reason and I want to clean up the "Washington Mess". Get down your history books and see who the real corruptionists in government have been back through the years. Take stock of your own personal welfare and then let your conscience be your guide. Let us not repeat the mistake of 1928.

GO VOTE TUESDAY NOVEMBER 4TH, 1952. VOTE A STRAIGHT DEMOCRATIC TICKET. GO FOR-WARD WITH STEVENSON AND SPARKMAN FOR PRESIDENT AND VICE PRESIDENT. Anyhow go vote. The Ballot Box is the Democratic way to settle any political issue.

.This space purchased and paid for by A. C. GOEN, one among the many millions of American citizens who went through the mill and have not forgotten the last REPUBLICAN ADMINISTRATION.

Home Demonstration Club News The Lakeview Home Demonstration club met Thursday, October at the school house with Mrs. Weldon Hammonds and Mrs. Warner Johnson as hostesses. Roll call was answered with my

favorite oven dish. Officials were elected by secret ballot for the new year. Those elected were: president, Mrs. B. P. Neff, vicepresident, Mrs. Weldon Hammonds, secretary and treasurer Mrs. Roy Fawver, council delegate, Mrs. Earl Edwards, jr., reporter, Mrs.

Lewis Pyle. Mrs. Roy Fawver and Mrs. Wayne Russell prepared a one dish dinner in the oven. It was called Beef Pinwheels.

The delicious refreshments were served to members present. They were Mesdames Fawver, Russell Milton Harrison, W. Earl Edwards. L. D. Golightly. Lewis Pyle, Jim Owens, R. L. Nichols, Fred Jones, B. Neff, H. M. Thomas, Wright, Earl Bunch, Joe Thurston, G. L. Hamor, Johnson and Hammonds, Miss Janet Hamor and a number of children. Mrs. Milton Harrison and Mrs

Jim Owens received the attendance Next meeting will be in the home

of Mrs. W. Earl Edwards, November 6 at 2:00 p.m. There will be a Hallowe'en carni-

val at the school house Friday night,

SPRAYING SAVER

The recently improved application of quality finishes by hot spraying, steam spraying and electrostatic spraying is gaining increased acceptance in the finishing of many products. Spraying of these new lac quers and synthetics by modern methods makes it possible to get usmethods makes it possible to get suplication. It also saves spraying. drying, baking and sanding time while it cuts production costs and manufacturers. method, for instance, is often used for the spraying of furniture. Electrostatic spraying is an efficient means of finishing metel frames. Steam spraying is being used to coat 300-pound bombs.

EISENHOWER AND NIXON

(Pol. Adv. Paid for by Texans for Eisenhower, John W. Kimble, Chairman, Floyd County.)

Adlai Reception

Rex R. Brown, who attended the reception for Governor Adlai Stevenson of Illinois, representing Floyd county Democrats in Fort Worth on the presidential candidates' swing through Texas last week, says the governor is catching on fire down-

rom this county among hundreds at Meachum field, Fort Worth, Fri- part in it! day afternoon at 4:05 and rode in the parade through Fort Worth to the Will Rogers memorial coliseum where Mr. Stevenson addressed a gathering of several thousand.

"The candidate's attitude was a good one, I thought," said Brown Frankly, he had come to Texas to ry to get votes, but he had no apologies to make, and wasn't willing to compromise himself or his position on hot issues in Texas. He spoke out plainly on the Tidelands issue.

A Will Roger Twist

The Illinois man criticised the Texas governor and senator-elect. Shivers and Daniel, for failing to stay in the organization and supporting the Democratic ticket, Rex said. But the candidate recalled a Will Rogers witticism, "I don't belong to any organized political party. I am a Democrat."

Mr. Brown met and talked with Speaker Sam Rayburn of Bonham who is spending his campaign period in Texas this year for the first time in a quarter of a century Brown drove to Wichita Palls Fri day morning and flew from there to Fort Worth for the reception. He returned home the same way Friday night. Stevenson didn't appear to be in a strain despite the strenuou itinerary and the tight schedule, he said. Stevenson impressed his hear ers as a man who will help make the history of his time, and the Flove county man thinks he will carry Texas and also be elected president of the United States.

After I had gone through the line and parted with my contributition I came back into the "waiting room where I saw a colored boy sitting between two white men, waiting his turn. I felt like walking over and giving him a pat on the back. I wanted to say, "Bud, our skins may be a different color but we are both red blooded American.

As I gathered my belongongs preparatory to leaving the building, I looked about and felt cheered to see such a busy, happy scene, with such a good spirit of comradeship, and as I took my leave I said to myself, "God bless us everyone."

Let's hope we have an opportunity to again give a part of small though it may be, toward restoring life and ministering to a need so great as we feel this one to have been. I for one wish to extend an invitation to the Blood Mobile to come our way again.

The Rock Few People Know

If you ask the average man on the street what gypsum is, he probably couldn't tell you, yet he comes in contact with the substance in most of his conscious hours. If the wall of the room is plastered, it is plastered with gypsum. Mannequins in store windows are gypsum misses. Movie snow and many movie sets are gypsum. The substance is important as a soil conditioner, dental and surgical plaster, as precision molds for machine parts, and in the production of petroleum products, textiles, paper, crayons, paints, plate glass, face powder, tooth paste, window shades, chicken feed, matches, sulphuric acid, relief maps, yeast oods, blackboards, toys and even in the processing of bread and beer. Gypsum, in case you don's know is a mineral-a rock. It is one of the world's most plentiful substances. It mined and/or quarried. The city of Paris, France, is built over gypsum beds; hence "plaster of Paris."

Battered and Bruised Whirlwinds Nip Spur Bulldogs 34 to Nothing

Whirlwinds came through again plays and a Carmack to Chapman last Friday night against the Spur pass good for 6 yards the Bulldogs and took the Dickens coun- advanced the ball to the 15 yard line ty boys 34-0. It was a hard fought where Clark took the ball on an end game all the way with leather pop- sweep and covered the remaining ping on every play.

a big rugged line and a hard run- first quarter. ning backfield that could also pass when the going was rough. The Bulldogs made three serious threats in the ball game and were dangerous on every play, offering the Winds the stiffest competition they have had to date.

It was a well earned victory for Coach Preston Watson's charges who are having their troubles with successive weeks of heavy contact in the roughest part of this season's

Helms in Long Run

Spur received the opening kick two first downs before they were ly thereafter. forced to punt. The whirlwinds put mates. Floydada drew a penalty on the kick for extra points, which was mack passed to Stovall for 7 yards score stood 21-0.

and the point after.

distance. Carmack's kick was good Coach Sam Hawkes' Bulldogs had and the score 14-0 at the end of the

No Scores In Second

The second quarter saw lots of head knocking but no scoring plays. Spur recovered a fumble on the Floydada 22-yard line with Gene Taylor the last man off the ball. Hartline intercepted a Lindsey jump pass to end the threat. Bearden punted to the Spur 20 where Jack Cloude fumbled for the Bulldogs and Brooks Chapman recovered for the

Winds. Passes by Carmack to several Floydada receivers failed to connect and on fourth down a hand off was fumbled and Spur recovered on and the Bulldogs were able to gain their own 30. The half ended short-Starting the second half Dean

again good and Floydada moved the ball to the Spur 14 yard line where Connie Bearden tucked it away and went over for the counter. The kick was blocked and the score 27-0. Drive Carries 86 yards

In the third quarter the Bulldogs got a drive under way that was stopped early in the fourth period on the Floydada 14. The Winds then started a drive that carried 86 yards to the goal line. The drive featured a Carmack to Stovall pass for 26 yards, Carmack to Chapman 7 yards and Clark to Bearden 40 yards. Bearden carried over for the score. Carmack again made the kick good and the scoring was over at 34-0.

Before the game ended Spur tried desperately to score and drove inside the Floydada 20 before being stopped. The Bulldogs then recovered a umble on the Floydada 13-yard e but were again held for downs, the deepest penetration being to the Whirlwind 8.

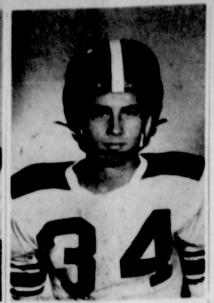

The Whirlwind defense yielded ome yardage to the Bulldogs in midfield but always rallied to their best form near the goal line to form a stone wall of resistance.

Spur collected 10 first downs, made net of 67 yards rushing, passed for 58 yards on 7 of 15 passes and were pentlized 30 yords, Lindsey, King and Rankin being the big guns of

The Winds gained a net of 295 vards rushing, connected on 8 of 13 passes for 108 yards, made 17 first downs and were penalized 85 yards The mighty defensive play of the Whirlwinds and the blocking were again a major factor in the game The entire line again turned in a fine performance and the lineback ers adding their support. In the in lividual yardage department Helms carried 10 times for 201 yards. Clark made 12 runs for net of 54 and Bear den had a net of 11 yards on 5 tries Grimes, playing guard, added 40 yards on one run when he gathered in a bouncing ball after a pitchout and scampered on down the field as f it were planned that way. Stovall gets credit for calling another fine

Bands Show Expert Marching Ability

Floydada band exhibited expert marching ability at the Spur-Floydada game Friday night. The band marched forward from the north goal post then oblique to the east side of the field, doing two "Old Minstrel turns to be in the middle of the field where a Whirlwind was ormed. The band marched off the field at the north end.

Spur band entered the field at the south end and marched to the center where they played "Ain't She Sweet." The twilers were introduced individually and each performed for the large crowd. New uniforms were worn by the Spur twirlers.

Plainview Fair Friday

Tie-In Highway From Quitaque To Close Gap?

QUITAQUE. - The four commissioners of Briscoe county commis-sioners court and Judge J. W. Lyon jr., met with district highway engineer, Mr. McCarty in Lubbock last week to discuss plans for closing the gap in the paving on State Highway 56, north of Quitaque. The proposition placed before the commissioners was that the state would match county funds alloted to the project.

At the regular meeting of the Bris-Brooks Chapman — Speedy end Silverton Monday of this week, the and the plan has been submitted to the department at Austin for prompt

> The proposed paving would close a gap of about 8 miles between the paving now under construction at Schott Cap and the strip completed recently which extends about 2 and a half miles into Brisco county from the new bridge over the Prairie Dog Town Fork crossing on Red River. Closing this strip of paving thru Briscoe county will furnish a continuous paved highway from state highway 86 north to highways leading into Memphis, Clarendon, ets.

STATIONED AT STUTTGART

STUTTGART, GERMANY - Army Pvt. Farrell D. Stephens, son of Mr. and Mrs. F. F. Stephens, Route 1. Floydada, Texas, recently arrived in Europe and has been stat-

ioned at Stuttgart, Germany. He will serve as a telephone repairman in the signal section of the Stuttgart Military Post, one of the major commands of the U.S. Army, Europe (USAREUR).

Stephens formerly attended Floydada high school.

Mr. and Mrs. H. A. Powell attended the Hugh Tilson 50th wedding anniversary Sunday at Plainview. Mr. and Mrs. Tilson were school mates of Mr. Powell back in Mr. and Mrs. H. A. Powell and Hunt county. It has been over 50 Mrs. M. J. Mosley attended the years since they had seen each

ONS in trucking history! GASOLINE -4.800 CW S DIESEL-19,500 CVW to 1

HERE's the new gasoline-powered GMC Model 472-30A-the tractor that will haul more payload within the 45,000 GCW limit than any ever built, by as much as 1,200 EXTRA pounds of cargo in some cases!

Fueled and ready for the road, this revolutionary new highway tractor weighs a trim 8,000 pounds - the result of new engineering techniques, developed by GMC, which eliminate load-robbing "dead weight" from truck design.

A good example is this GMC's revolutionary new "302" valve-in-head engine - pound for pound the mightiest

in truck history. It achieves a red breaking 7.2 to 1 high-compres ratio from regular fuel, produces horsepower-yet weighs as much 500 pounds less than compet engines! It has all the features you want

great truck. Standard equipm cludes full air brakes and husky axle rated to accommodate 100 tires. Available in conventional cab-over-engine models in a vi of wheelbases.

It's waiting-ready to haul a hitter load than you've ever been able to. hind your tractor before!

New Dodge Features Sleek, Low Lines

Complete new styling is an outstanding feature of 1953 Dodge, now on display in dealers' showrooms. This Coronet four-door sedan typifies the new "action appearance" of the entire Dodge line. Coronet models have the new 140-horsepower Red Ram V-Eight engine which develops its high efficiency on regular fuel. Both the Coronet and Meadowbrook series are available in a wide range of bright, new colors and two-tone combinations. The restyled Meadowbrook series retains popular "Get-Away" Six engine.

placement is 241.1 cubic inches. It ors and two-tone combinations are developes this high power output on available to complement the beauty regular grades of fuel despite its of the 1953 Dodge highcompression ratio of 7.1 to 1. Mayo Motor (

Dock stated four different types of drive were being offered. They are the new Gyro-Torque drive, which it teamed with the Red Ram V-Eight engine to provide lightning response without shifting; Gyro-Matic drive, which offers smooth and easy no-shift driving; automatic overdrive, which provides a fourth "cruising" gear for greater gasoline economy; and standard drive, for those preferring to do their own

shifting. Ornamentation on the 1953 Dodge has been completely changed. The hood is onepiece without a centerstripe. In order to retain some continoty of Dodge identification, the grille styling, while entirely differ-ent from 1952, still incorporates a touch of the previous model. To promote greater engine efficiency on V-Eight models, the hood medallion combines identification with the principals used in functional feature of an air scoop to

engines. Its supply cooler air for the carburetor. A wide range of bright, new col-

Mount Blanco Road Gets Nod From Engineer

CROSBYTON - Good news for cople of Crosbyton and the Mt lanco communty was the anouncement the past week-end that he road for the end of the Big Four arm-to-market paving nort ; to the Ployd county line was next in line or construction in Crosbyton cony. Also approved was a connecting road running west from Blanco canyon to connect with the Cone road which has already been constructed.

Also included in the project will be a short stretch of Floyd county road running from Lakeview south to the Crosby county line to connect with the Corsby county road, it was reported.

Announcement of the new approvals was made Thursday afternoon following a meeting of the Crosby county Commissioner's court with District Engineer S. J. McCarty at Lubbock that morning. No date was set for the construction of the road, but the Commissioners were ordered to proceed with securing needed right-of-way. They were accompanied to Lubbock by two Commissioners-elect, Roy Karr and Ragsdale Davis, who will go into office January 1.

The designations must be approved by the State Highway department at Austin, officilas pointed out, but this is usually a formality on farmto-market roads after selection is made by the district engineer.

the staff of the Commander Service The Mt. Blanco road, which be-Squadron Three in the Far East, is gins at the south rim of Blanco canyon and runs to the Floyd coun-ty line, will be 5 1/2 miles in length. Bobby Thrope, seaman, USN, son of Mr. and Mrs. V. B. Thorpe of Route The second road, which starts in February 25, 1952 and received his Blanco canyon near the site of the Old Rock House, will also be 51/2 miles long, connecting with a road recruit training at the naval trainthat has already been built east out of Cone

Mr. McCarty insisted that the road running west also be built now is the Mt. Blanco community, favored by the Commissioners, will be built later, he told them. This road would connect with paving running north through the Wake community.

Mr. and Mrs. W. M. Spears and Mr. and Mrs. George Spears were guests Sunday in the home of Mr. and Mrs. T. A. Kay of Pampa.

Mrs. Drysdale New H.D. Club President

Mrs. Howard Drysdale was hostess when the Dougherty home demonstration club met at her home Oct-

Mrs. C. A. Caffee, president, opened the meeting. After the minutes were read and approved and Mrs. Ned Bradley gave the devotional. Achievement day will be November 8 at South Plains, Each member is urged to prepare jelly, hand work and a basket.

Officers for the coming year were ected as follows: Mrs. Howard Drysdale, president; Mrs. Maurice ampbell, vice-president; Mrs. C. A. Caffee, secretary-treasurer and Mrs. buth Daniel, Council representative. An oven dish and a meal in one were the demonstrations given by

the meat leaders, Mesdames Howard Drysdale and Tate Jones. Mesdames C. A. Caffee and Maurice Campbell were in crarge of the recreation, with Mesdames Raldo

James and Ned Bradley winning the

prizes. Mrs. Bill Smith was awarded the attendance prize. Refreshments of salad, beef pin wheels, dinner in a dish, ice box cookies and punch were served to Mesdames Sam Lide, Ruth Daniel, Maurice Campbell, Raldo James, Tate Jones, Ned Bradley, Bill Smith

hostess, Mrs. Howard Drysdale.
The next meeting will be with Mrs. Tate Jones November 5 when the demonstration will be on cooking a roast by Miss Lelia Petty. Each member should bring something she has made or canned for the auction

Campaign Gets Heated Is Late County Report

As the national political campaign swung into its late November tempo this week fever in Floyd county continued to rise, with only a fringe of voters beginning to tire of the 24-hour deluge of campaigning to complain of the mud-slinging that has become increacingly acrid. Principals Stevenson for the Democrats and Eisenhower for the Republicans were trading heated blasts Wednesday when the following developments in this county became apparent:

Democrats are counting strongly on the address of C. C. McDonald of Wichita Falls, next week as their clincher to carry Floyd county for will be spirited singing, all preceded by a chili supper at 7 o'clock. their party. McDonald, a brilliant speaker and a party war horse, will talk at the high school auditorium at 7:30 Thursday night.

Meanwhile, Democratic enthusiasts, say that the visit of speaker Sam Rayburn to Lubbock Monday night was a great morale builder for the Democrats. He declared that Texas and the south will be greatest osers should Eisenhower and the Republicians take over. The southern states have been given most of the important committee assignments under the Demorcatic regime, he said, and declared these will be lost of there is a turn over in the political set-up at Washington. Of the several Floyd county Democrats who heard Rayburn were O. L. Stansell, Johnny Lackey, Ben P. Ayres, C. H. Bedford, Duncan Hollums, Rex Brown. Ed Holmes, O. B. Olson, W. E. Grimes, J. C. Wester, John B. Stapleton and W. G. Collins, all of Floydada

Texans For Eisenhower On the Eisenhower front a campaign of advertising through the newspapers and direct mail will be depended upon principally in this county, events of the week indicated. Dr. John W. Kimble, chairman of Texans for Eisenhower, said this week that a county-wide distribution of literature bearing on the cam-

paign is being readied. What both parties are wondering about is the vote of the big sector of delegates who are not talking nor

One of the most misused words in the English language is the word "little." To be such a small word in the first place, it has quite a number of legitimate uses: Just plain small, for instance. Another fair and square use of the word is that which indicates a short period of time. Or a limited quanity of something.

Then there is its use as an endering term. And its less pleasant but just as honorable use, meaning 'small in nature.'

But the one that isn't the least bit fair is a kind of half-breed. It seems to take these last two meanings and mix them into a bitter brew that doesn't do justice to the word that is the hero of this story.

For instance, we heard a woman discuss "those little Jackson girls" for an hour one day before we figured out whom she was talking about: two grown women, one five feet eight or nine, the other slightly shorter but still a full-grown specimen. Once we got them placed. we figured out what was probobly behind the expression: her own daughters were about the same age and some childhood rivalry between the girls must still have ranked.

Another mis-user of the word will say, "Mary had on that little gray dress," when Mary who tips the scales at 180, couldn't get on a little dress of any color. Still another Mrs Malaprop will observe, "I hope she enjoys her little trip," when the dear absent one is off to Seattle Quebec and perhaps Alaska.

It's as though the slanderers of this versatile word "little" has turned it inside out, and had it looking at the speaker instead of the spok-

Brunk's Comedians **Coming Next Week**

Brunk's Comedians, with Henry Brunk as manager and comedy man in the acts, are coming to Fio, cada all next week under the sponsorship of Floydada Lions club.

Their opening play Monday night is the Broadway comedy, "Blame the Marines." There will be five acts of vaudeville between acts of the play. A new play will be presented nightly through Saturday.

Presenting their plays under a tent the show management says that during fall evenings they install a heating system and the waterproof tent is kept nice and cozy as a home. Brunks, incidentally, is the show that Harley Sadler, famous west Texas comedian, broke into the show business with Henry Brunk, the manager of the show, is one of the original Brunks family, who started the show on its long career 39

Mrs. W. B. Jones has had major surgery at the Peoples Hospital. Dr McCarthy was her doctor. Mrs. Jones came home the last of last week and is doing nicely

DAUGHTER BORN OCTOBER 14

Mr. and Mrs. J. D. Cates of Lubbock announced the arrival of a daughter, D'Ann, October 14 at the West Texas Hospital.

Grandparents are Mrs. J. C. Cates of Sand Hill and Mr. and Mrs. A. S. Cummings of Floydada. The grandparents in company with Lloyd Cates went to Lubbock Sunday to see the new baby.

HOPPERS ARE ENTERTAINED ON TRIP TO FLORIDA

Mr. and Mrs. John T. Hopper returned home last week-end after spending two weeks in Panama City, Florida, visiting their daughter and husband, Captain and Mrs. Robert B. Jones and daughter Carolyn Ann. Mr. and Mrs. Hopper were shown many places of interest and had the pleasure of attending an officer's

They attended church Sunday morn-Mr. and Mrs. C. W. Payne went to

Lubbock Sunday, where they spent the day with Mr. and Mrs. E. L. Durrett. Mr. and Mrs. Lee W. Burton and children visited at Peoples hospital Sunday afternoon with his grand-

father, L. P. Osborne. Visitors in the home of Mr. and Mrs. L. B. Cozby Sunday were Mr. and Mrs. T. L. Perry and Jan and Mr. and Mrs. Benton Ritchey. Mr. and Mrs. Perry also visited in the home of Mr. and Mrs. L. B. Cozby,

June Payne was hostess at dinner

es. They were Fern Patterson, Gladys Parkey, Jean Porter and Lorraine Fisher.

Mr. and Mrs. Lee Rushing went to Lubbock Sunday to take their grandson, Dickie Lee, home and to spend the day in the home of their son, Joe.

A large group of church members met at the parsonage Friday night to give a pounding for the new pastor and wife, Rev. and Mrs. Bob Hickling. Games and visiting was enjoyed by all present.

Tension and Anxiety May Cause High Blood Pressure

A possible solution to the riddle of how tension and anxiety may be related by a team of researchers at the Cleveland Clinic. Experimenting with dogs, they have found that when the nerves are stimulated, the brain can be made to release into the blood a substance that raises pressure.

They also reported that a drug, hydrazino-phthalazine, which has been found effective in experimental use on some patients with high blood pressure, check the mysterious substance.

The chemical nature of the pressure-raising substance released by the brain has not yet been defined However, the notion that the brain acts like a gland in secreting substances that affect distant parts of the body was seen as having wide implications, perhaps explaining some, but not all, of the many possible causes of high blood pressure

Much additional research must be one, it is acknowledged, before the mportance of this observation and its application to the treatment of essential hypertension in humans can be evaluated.

Farmer Jones: "Well, Maggie, now that we've struck oil I want you to have some decent clothes."

Maggie: "Nothin' doin." I've worn

decent clothes all my life-I'm gonna dress like other women."

Faulty Mechanism | South Plains News Results in Wreck, Hospitalizes One

Earl Dean Strickland, reporting at a crash scene on Sand Hill road four miles west of Floydada, told investigating officers that the tie rod came uncoupled on his Ford, when his car swerved into a Pontiac

ized in Floydada. Three or four other occupants of the Pontiac were bruised and shaken up. The Pontiac was driven by Fred Turner, jr.

Deputy Louis Earl Warren, one of the investigating officers said the Ford turned over three times and rolled about 100 feet before it stopped. Strickland, driving alone, had only minor injuries.

SOUTH PLAINS, October 20. It is with regret that we write of the passing of Mrs. Sipple Mulder, mother of Arby and O'Dell Mulder. She was taken critically ill on Sat-urday, October 11, with heart trouble, and never rallied to any extent. The family was with her until her passing on Sunday morning, October 19, never leaving her bedside. The Pontiac toward Floydada. One girl, October 20 with Rev. C. A. Joiner Shirley Mae Jones, 15, suffered knee and head injuries and was beguined. funeral was conducted from cemetery beside her husband, who preceded her in death two years ago, October 27. Mrs. Mulder had been a resident of South Plains until two years ago, when she moved Floydada where she was residing at the time of her illness. All the neighbors and friends join us in sympathy for the relatives.
