The fact that the saving in time and money would be considerable in a voluntary paving and curb and gutter laying program over the assessment plan, and early enthusiastic approval of the idea by many property owners had led the council to hope for quick action by the property owners. The saving both to city and individuals would be extensive.

While the council is expected to wait a period of some 10 days before advertising for bid for the curb and gutter, the delay will not be long, it is pointed out by city authorities. The highway department is waiting on the city now, with paving plans already made and approved. Curb and gutter work have to come ahead of paving. Should the now unexpected happen and the property owners line up on the voluntary basis the highway department, under its agreement with the city, would let the curb and gutter contracts and handle the supervision, the contract, of course, subject to rejection by the city authorities.

Third step by the council in carrying out their agreement with the state highway department will be the notice of the assessments proposed to be made against property owners. The ordinance adopted Monday night, provides as to financing by and liability of the property owner:

"All cash at the option of the property owner, or one-third cash, due and payable on or before ten days after the completion of said improvements and its acceptance by said City, and the balance in two equal installments due and payable respectively on or before one and two years from date of the completion of said improvements and its acceptance by the city, and the entire principal amount remaining unpaid shall bear interest at the rate of six percent per annum from said date until paid, payable in full with each of said installments, but at the option of the undersigned or any owner of said premises, said entire amount of any of said installments may be paid at any time before maturity upon payment of principal (See Highway Job, back page)

Prize Winners on Santa Day

The gala Santa Claus parade last Thursday afternoon drew an audience that converged from communities in three counties and enjoyed the afternoon fully.

Two bands were in the line of parade—Floydada high school and Petersburg high school. The latter was decked out in their new and shiny uniforms and were led by Director Haden of Petersburg high school faculty.

The Jayces diked their Santa Claus out in a flowing white beard, white, silky hair and a big red overcoat of rich velvet, and at many places over town there were novelty and candy in the stores. Floyd County Sheriff's posse had a good representation in the parade and carried the colors.

Prize winners named by the judging committee in the parade competition were as follows:

Organization float: First, Girl Scout Troop No. 7; second, Girl Scout Troop No. 6; third, Girl Scout Troop No. 1.

Business float; First, KFLD; second, Southwestern Public Service Co. Class and club float: First Floydada Cub Scouts.

Individual in costume: First, Debra Landers; second Jay Johnson, third, Maybell Johnson.

Clown: First, Ronny Hollums second, Larry Mayo.

Committee Plans Soil Building Day for February 27 at Lockney

"Soil Building Day" plans were made at Lockney Tuesday at a noon-day meeting of the general committee headed by County Agent Robt. H. Gibson, following which it was announced that the date for the annual "school" will be Friday, February 27 in 1953.

All farmers and businessmen are urged now to circle Friday, February 27, 1953 and make plans to attend the all-day program which will include technically trained specialists and practical farmers who are well qualified to discuss means of securing higher yields from every acre farmed.

Soils management, particularly means increasing the organic content of fields and the water holding capacity of soil, commercial fertilizer, and simplified means of applying irrigation water, will have important places on the program.

A Colorado farmer, who is experienced enough in soils fertility building and irrigation water management to make him one of the outstanding farmers of the Columbia state will be on hand to tell of his experiences.

Working with the county agent to make the soils building day a gala one in Lockney is a special committee of businessmen and farmers composed of the following: C. J.

An Idea For Christmas Fun

COLLEGE STATION — Part of the fun of Christmas is getting the family to do things together. This fun can be increased when members are active planning and creating Christmas decorations and gifts that have the personal touch.

Lucille Moore, recreation specialist for the Texas Agricultural Extension Service, makes a suggestion for such a Christmas fun activity that could be done when only the family was present or a special "how to" party with guests.

The idea is to mould Christmas figures that can be used as decorative touches for the living or dining room. The figures can be created by each person's ingenuity, or copies made of biblical characters, snow men or angels.

The specialist says make your own moulding clay using one cup of salt, one cup of flour, a tablespoon of alum, and about a half cup of water. Knead this well and you are ready to mould Christmas figures. Add clove eyes and berry mouths to snow men, or tiny candles to the angel figures.

The material dries a shiny white and then can be tinted with water colors.

Have fun with your family and friends this Christmas by planning to do things together. Moulding Christmas figures as Miss Moore suggests may be the beginning of many other artistic attempts and family evenings together.

South Plains News

(By Mrs. Murray Julian)

SOUTH PLAINS, December 8. — Rev. Joe Surret, from Wayland college, preached both services on Sunday. His wife and children accompanied him to South Plains. There will be preaching services next Sunday, and everyone is welcome. The Christmas program of the church will be given on Sunday evening, December 21. WMU Observes Week of Prayer

The women of the First Baptist church observed Week of prayer, for foreign missions, from Monday through Thursday of last week. They met at the church each morning for one hour service with designated leaders for the days program.

Wednesday was all day meeting with covered dish luncheon served at the noon hour.

There were thirty-five ladies of the church who took part in the programs.

The theme of the week's program was "Lovest thou me, feed my sheep." Mrs. Garland Foster, who is program and literature chairman of the Womens Missionary Union of the church had prepared a table with the world globe in the center. Around the globe were miniature dolls dressed in costumes of foreign lands who are looking to Southern Baptist for the gospel. To the right of the table was a poster, with the theme of the program and the words, "Christmas for Christ."

In 1931, Texas Baptist raised \$1,000,000 for the Lottie Moon Christmas offering, and it is hoped that they will do equally as well or better in 1932.

The Lottie Moon offering at the First Baptist church will be taken either December 14 or 21, when it is hoped that the Lonnie Doyles, Jr., who have recently returned to the states on a furlough from Brazil, will be with us. The Doyles have been in Brazil for the past three years. Mrs. Doyle is the adopted missionary from the church.

Cairo is filled with such contrasts. When it was a walled city, each "bab" or gate took its name from or lent its name to an area.

Mainly of the Faithful call it the Gate of the Mutawall, holiest of those who "stand near God," and to its iron bars shreds of clothing are tied as votive offerings.

Mr. William Witte of San Antonio furnished the data for this description. The large rattlesnake was in his coil with his head bowed above when the "paisano" (road-runner) began making passes toward him.

Boyce House- I Give You Texas

A road-runner can kill a rattlesnake. Not only a little ground rattler or an immature specimen, but a hardy diamond-back, wearing six or eight rattles, Ralph A. Seils declares.

Mr. William Witte of San Antonio furnished the data for this description. The large rattlesnake was in his coil with his head bowed above when the "paisano" (road-runner) began making passes toward him.

As the snake became less alert, the bird made regular dashes and delivered a stroke each time.

William Jennings Bryan said that life offers opportunities and the question is, Will we use them or lose them?

Purple Heart Veteran

SAN ANTONIO — Immigration authorities sent a 21 year-old Purple Heart veteran of Korea back to Mexico as a "wetback" recently.

The veteran, Opl. Alberto Gonzales of Monterrey, Mexico, was sent in an immigration bus to Laredo, Texas, to be put off in Mexico.

The immigration office said he was being allowed to leave the country "voluntarily" and predicated he could get a permanent visa from the American council in Mexico that would allow him to come back in time for the wedding.

Mr. Gonzales was discharged from the army at Fort Sam Houston.

He joined the Army September 17, 1948, and enlisted for another three years on the same date last year. Velia Sanchez, 20, his fiancee, said he had spent a year in Korea, with headquarters of the Eighth army.

Spare Parts for Body Are Available to Man

NEW YORK—Spare parts for the human body still can't be ordered from a mail-order catalog. Nevertheless, the advance of medicine during the past few years has made available an imposing array of replacements for damaged or ineffective organs.

Following the development of the blood bank, first of the spare-part repositories, ingenious surgeons have found ways to maintain banks for eyes, bone, cartilage, arteries and veins.

Some man-made spare parts, such as the artificial kidney, are already coming into clinical use, while others, among them the mechanical heart and plastic heart valves, are well along in the experimental stage.

When a man comes to me for advice, I find out the kind of advice he wants, and I give it to him.

ALATHLEAN CLASS MEETING

Thursday, December 4, the Alathlean class of the First Baptist Sunday school had their business and social meeting at the church.

Mrs. J. A. Grigsby gave the scripture reading and Mrs. W. A. Amburn gave the prayer for the devotional.

The Christmas party for the class will be on December 18 at the church.

Attending the meeting were Messdames Kate Collier, L. H. Newell, W. A. Amburn, Morgan Wright, J. A. Grigsby, O. R. Goughly, T. J. Heard, W. B. Jordan and Mrs. A. H. Manning.

Visitors included Mrs. Al Brian and W. B. Jordan.

Teddy Roosevelt said, "Forestry is the preservation of forests by wise use."

TO WED DECEMBER 20

Mr. and Mrs. Jack Burleson announce the engagement and approaching marriage of their daughter, Natha, to Tony Ermis of Fort Worth.

The wedding date has been set for December 30, 1952.

Mr. Ermis is employed with the Southwestern Bell Telephone company.

CARD OF THANKS

We would like to thank each and everyone of our friends and neighbors for the kind deeds and words of sympathy extended us during our recent sorrow.

May God bless each of you. Mr. and Mrs. John R. Ferguson Mr. and Mrs. L. E. Ferguson Mr. and Mrs. L. C. Ferguson Mr. and Mrs. R. T. Ferguson Cleve Thompson

A husband and wife were in sharp disagreement over what suit he should purchase. Finally, the wife relented and said: "Well, go ahead and please yourself. After all, you're the one who will wear it."

In a meek voice the man replied, "Well, dear, I did figure that I'd probably be wearing the coat and vest anyway."

Husband, answering telephone: "I don't know. Call the weather bureau."

Pretty young wife: "Who was that?"

Husband: "Some sailor, I guess. Wanted to know if the coast was clear."

Two motorists met on a bridge too narrow for two cars to pass. "I never back up for an idiot!" yelled one driver.

"That's all right," said the other as he shifted into reverse, "I always do."

RECIPE OF THE WEEK

By Mary Lee Taylor Date and Nut Roll Broadcast: December 13, 1952

1 1/2 cups sugar 1/2 cup finely cut unsalted nuts 1/2 cup Peet Milk 1/2 teaspoon vanilla 1/2 cup finely cut, gitted dates 1/2 cup finely cut, unsalted nuts

Mix in a 2-quart saucepan the sugar and milk. Bring to a boil over medium heat, stirring all the time. Boil slowly, stirring often until candy reaches soft ball stage (see note). Remove from heat. Add all at once the dates, 1/2 cup nuts and vanilla. Mix well. Let stand at room temperature without stirring until lukewarm, or until the hand can be held comfortably on bottom of pan.

Note: Drop a tiny bit of hot mixture into a bowl of cold (not ice) water. If the candy stays together in a soft ball and does not fall apart when you lift it out of the water with your fingers, then the candy has cooked long enough. Be sure to take the pan off the heat while testing the candy.

Fairview News

(By Mrs. Clyde Bagwell)

FAIRVIEW, December 9—Mid-week services are held each Wednesday night at the church. Most weeks a special service is rendered by visiting preachers and missionaries. Last Wednesday night Rev. and Mrs. Mike McKay and Rev. and Mrs. Zinn all of Wayland college at Plainview were down and put down on a very interesting program. Rev. McKay told of his work as missionary to the Indians. Jimmy Morris will be here this Wednesday night to conduct the service. Service begins at 7:30 p.m. We had a good service Sunday morning. At the beginning of the service we were favored with a Marimbo solo by Mrs. Bob Hickling.

Bobby Rainer of Floydada is spending this week with Jim Dan Stewart. Other Sunday dinner guests in the Stewart home were Rev. and Mrs. Bob Hickling.

Mr. and Mrs. Edell DuBois visited Sunday afternoon with Mr. and Mrs. S. A. Guffee.

A few from here attended the meeting held for four nights last week at the First Baptist church in Floydada.

Mrs. Clyde Bagwell returned home Tuesday night from Santa Ana, California where she had gone two weeks before to accompany her mother, Mrs. C. L. Joiner home. On the trip to California Mrs. Joiner and Mrs. Bagwell spent the night in Lubbock at the home of their niece and cousin, Mrs. Leon Rasco. Coming to visit until bedtime in the Rasco home were Mr. and Mrs. E. T. Thacker, Mr. and Mrs. Dwight Biggs all of Lubbock and Mr. and Mrs. Ernest Rhodes of Shallowater. That afternoon after arriving in Lubbock, Mrs. Joiner had a very pleasant surprise when she learned that her girlhood chum was living in Lubbock. She is now Mrs. O. B. Power.

Mrs. Joiner and Mrs. Bagwell visited while in the Power home. Most of the community—attended the ball game Friday at Childress played between Floydada and Childress.

Jerry Holcombe came Saturday to visit until Thursday with his cousins Mr. and Mrs. E. W. Walls and Dean Jerry has been spending the past three weeks at Gainesville, Georgia with home folks, before being sent to Riverside, California where he will be stationed. Jerry leaves Thursday by bus for the base in California. Other Sunday visitors in the Walls home were Mr. and Mrs. D. D. Tate of Sand Hill, Mr. and Mrs. Johnny Price and Mrs. T. J. Jarboe of Plainview and Mr. and Mrs. Walton Wilson and Judy.

Mr. and Mrs. T. L. Perry and Jan were dinner guests Sunday of Mr. and Mrs. Clifford Helms and daughters.

Mr. and Mrs. Grady Reeves and sons of Plainview were Sunday guests of Mr. and Mrs. L. B. Cozby. Mr. and Mrs. Galen Holland moved to Matador Monday December 1 where they will make their home one mile east of town.

Mr. and Mrs. Don Branson, who have been living at Odessa since their marriage, are now staying at the home of her parents, Mr. and Mrs. L. B. Cozby. Don and Dee plan to move to Plainview the first of the year, where he will enter Wayland college studying for the ministry.

Luella Irwin of Canyon spent the week-end at home. Sunday visitors in the Irwin home were Mr. and Mrs. R. R. Waller of Odessa, Mr. and Mrs. Randell Irwin and Mr. and Mrs. Loflin Irwin of Lubbock.

Mrs. L. B. Cozby, Mrs. T. L. Perry and Mrs. Don Branson spent Monday in Plainview shopping.

Mr. and Mrs. Lee Burgett spent the day Thursday in Floydada with his uncle, R. N. Burgett, who has been in falling health for some time. Relatives from Alabama were also visiting Mr. Burgett.

Mrs. Carl Nelson and Shirley, Mrs. Delphia Cook and Mrs. Lee Burgett went to Shallowater Wednesday and spent the day with Mr. and Mrs. Bill Burgett.

THANKSGIVING DINNER
Mr. and Mrs. Jack Henry and son, Jackie and Mrs. E. A. Hopkins, were guests in the home of Mr. and Mrs. A. G. Hopkins, Lubbock, on Thanksgiving for a family dinner.

Also present were Mr. and Mrs. Carol Hopkins of Artesia, New Mexico, and their son, Joe Carol Hopkins of Midland, Miss Bette Arnold of San Angelo, and Mrs. John Herd of Post.

FARM SALES
About 300,000 farms change hands every year in the U. S. Whether a man wants to raise beef cattle on a big scale, or a highly improved dairy farm close to good markets, or just five acres to keep a cow and raise his own vegetables, within commuting distance of his job in town, the place is available.

GM Opens \$194,000 Highway Contest

FROM DETROIT headquarters, thousands of entry blanks and rule books were being mailed out this week to contestants in the General Motors Better Highways Awards Contest.

The contest is the largest of its kind ever attempted and GM is offering 162 prizes, totaling \$194,000 for the best essays on the subject, "How to Plan and Pay for the Safe and Adequate Roads We Need."

Open to every man and woman in the United States, the contest offers a first national award of \$25,000; second place nationally, \$10,000; third place, \$5,000; and three national honorable mentions of \$3,000 each. In addition, there will be nine separate regional awards of \$2,500 each. Finally, first place winners in

each of the 48 states plus the District of Columbia will receive \$1,500 each. Two honorable mention awards for each state and the District of Columbia will be \$500 each, a total of 98 state honorable mentions.

GM is sponsoring the essay writing contest, which closes on March 1, 1953, in an effort to stimulate "more nation-wide thinking, discussion and understanding of the facts of our current highways requirements."

Entry blanks, rule books and further information about the contest may be obtained at any GM passenger car or truck dealer in the U. S. or by writing to General Motors Better Highways Awards Contest, General Motors Building, Detroit 2, Mich.

Rites at Paradise Sunday Afternoon for Mrs. Moody

Funeral services for Mrs. W. P. Moody, of Paradise, mother of Mrs. Clarence Guffee, of Floydada, was held Sunday afternoon in the First Baptist church at Paradise, with Reverend Bailey Hamilton of Port Worth, officiating, assisted by the pastor, Reverend Stewart. Interment was in the Paradise cemetery.

Mrs. Moody was taken suddenly ill at her home Friday afternoon and died at Bridgeport hospital about 6 o'clock the same afternoon. Mrs. Moody had been in comparatively good health. She visited in Floydada during the past summer with her daughter.

Mrs. Moody was born Lou Coffee, in Arkansas, June 17 1872. She was married to W. P. Moody, 65 years ago and moved to Paradise, Texas, from Arkansas in 1897, where she has since made her home. Mr. Moody passed away about two years ago.

Mr. and Mrs. Moody celebrated their sixty-fifth wedding anniversary just a short time before his death.

Survivors include five daughters: Mesdames W. C. Easley of Elmer, Oklahoma, C. W. Caruthers of Paradise, J. R. Holt of Port Worth, Henry Kelley of Paradise, and Mrs. Guffee; and five sons, E. L. of Bryan, Texas, and W. H., J. C., J. H. and L. P. Moody, all of Paradise, and 20 grandchildren and several great grandchildren.

Attending from Floydada were Mr. and Mrs. Clarence Guffee, and daughter Sonja, Kay, Mr. and Mrs. Corkey Guffee, Mr. and Mrs. H. G. Barber, Mr. and Mrs. J. M. Williams, and Mrs. Addie McKibben.

Evangelist Hits Bottle in Moral

WINONA LAKE, Ind. — About the last place you'd expect to see liquor bottles prominently displayed would be in a revival tent.

But "converted" whisky bottles are a part of the evangelistic equipment used by the Rev. Curt Emmons. They form a musical instrument played at services by his 20 year-old daughter, Ethelee. She taps them with wooden sticks—vegetable brush handles—bringing forth a ringing sound.

Many liquor bottles are picked up, but few are chosen, for the ecclesiastical musical instrument. Emmons explained that perhaps as many as 250 are tried and found wanting before a bottle with the right musical tone is found.

Ethelee began playing snare drums when she was 7. She has played various instruments at the services and took up bottles about eight years ago.

The bottle that would be most difficult to replace is a piercing high-pitched, half-pint gin bottle from London, England. It produces the highest note of the keyboard of some 27 bottles. Some of the bottles used for lower notes contain varying amounts of water.

When a bottle is broken Emmons begins hunting around vacant lots and other likely spots for discarded bottles. The keyboard contains bottles from 12 different states including Kentucky. The labels have been removed.

Amber bottles produce better tones than clear bottles—why, Emmons doesn't know nor could he account for the fact that only one of more than 200 bottles that look just alike is suitable for musical purposes.

Emmons told of a drunk who staggered in to the meeting one night and came up to the front row where he could get a good view of the bottles. After the service, he went to the altar and renounced whisky.

"He walked out of that meeting as straight as you or I," Emmons said. "God sobered him up."

Artist in Jail Uses Lb. Note as Model

LONDON — Mrs. Garry, who is an art instructor in a Yorkshire (England) prison, is extremely gratified with one of her pupils, A. F. Taylor. Given the right tools that talented student can produce, in half an hour, a pound note which amazingly resembles the original, the instructress says. However, this is what they sent him up.

Pneumonia Can Attack With Brief Warning

AUSTIN, Texas — Carelessness in the treatment of a respiratory disease is not only foolish but very hazardous, according to Dr. Geo. W. Cox, State Health Officer, who warned Texans today to be on guard against such illnesses as lead to pneumonia.

Dr. Cox pointed out that pneumonia can and does strike with little or no warning, and in many instances its forerunner is a simple cold, an attack of influenza, or some other respiratory infection. "A cold or any other infection of the breathing passage which makes one constitutionally weak, especially if accompanied by fever, demands the immediate attention of the family physician," Dr. Cox said. "To self-treat and fight on one's feet a condition of this kind is to endanger life unnecessarily. It is advisable to take all possible steps to avoid respiratory illnesses since they so frequently lead to that most dangerous complication—pneumonia.

Dr. Cox stressed the fact that it is important to build up normal physical resistance by sufficient indoor ventilation, adequate, nourishing food, outdoor exercise, and sufficient sleep, but added that the family physician should be called immediately if, in spite of such care, a respiratory illness develops.

"Guard against pneumonia which is a communicable disease," Dr. Cox urged. "It may be acquired by direct or indirect contact with a pneumonia patient. Reduced bodily resistance resulting from habitual

disregard for normal physical requirements makes pneumonia doubly hazardous," he added, "and I cannot emphasize too strongly the importance of consulting a physician immediately upon the appearance of a respiratory ailment.

Center News

(by Mrs. J. E. Green)

CENTER, December 10. — We are having warmer weather again—tho it is still winter weather. And it is still dry.

It is almost Christmas. Present plans in our church include the community Christmas tree Monday night, December 22 at the church. Everyone invited.

Bro. and Mrs. Hodges and Jerry were Sunday dinner guests at the J. R. Robertson home.

Mr. and Mrs. Melvin Robertson of Stanton and Mr. and Mrs. Bobby Robertson and Mrs. Thurman Walls and children of Houston all spent the week-end in the home of their parents, the J. R. Robertsons, Melvin and Bobby and wives attended church services here Sunday. Other Sunday dinner guests in the Robertson home were Mr. and Mrs. Frank Smith, Amarillo; Mr. and Mrs. Roy Sneed, Lakeview; Mr. and Mrs. Warner Ritter and son, Amarillo; and Mr. and Mrs. A. D. Walls, Memphis, Texas.

Bobby Robertson is one of these boys leaving Wednesday morning for the service. Having our fine young men leave thus one by one, or in droves, makes us appreciate them more, if possible, than ever before. We pray that they may have a safe and profitable term with as speedy a return as possible.

June Hartline was a Sunday dinner guest of Margaret Green.

Mrs. T. R. Noland has been ill for the past few days, but is improving.

Dona Welborn became ill Monday and missed school Tuesday.

Mr. and Mrs. B. C. Ross and Norma June went to Eastland Saturday to be at the bedside of Mr. Ross' mother. Mother Ross was slightly improved when the family returned home Monday.

The ladies of the W.M.S. held an all day session at the church Tuesday to quilt a quilt for Texas Baptist Children's Home at Round Rock. A Christmas gift. Nine women were present.

Sunday dinner guests in the Earl Huckabee home were Mr. and Mrs. Ben Jackson and baby of Slaton. Other guests in the afternoon were Mrs. Huckabee's parents, Mr. and Mrs. J. T. Myrick of South Plains and a sister and family. Mr. and Mrs. Lee Burton and children of Fairview.

Mr. and Mrs. Welborn Miller and Julia Ann visited the Earl Huckabees Tuesday evening.

Mr. and Mrs. Earl Huckabee and Sandra accompanied by Mr. and Mrs. Myrick went to Lubbock Tuesday. They visited M. A. Tate, a brother of Mrs. Myrick, from Odessa. Mr. Tate is in a Lubbock hospital.

Mr. and Mrs. Frank Dunn and three younger children visited relatives in Oklahoma over the week-end, returning home Sunday night.

The Center Home Demonstration club Christmas tree it to be at Mrs. W. B. Jordans' Thursday afternoon. Come to Church Sunday.

Mr. and Mrs. O. G. Shearer, of Quinn, South Dakota, are here this week to spend a few days on business and visiting friends.

Neither the Capitol nor the White House in Washington is insured.

MEDICINE'S CONTRIBUTIONS to mankind are reflected in the number of years added to man's life span as shown in the chart above. According to Dr. T. C. Terrell, President of Texas Medical Association, this is due largely to medicine's use of weapons largely unknown fifty years ago and the conquering of the dreaded killers, tuberculosis, pneumonia and influenza.

Unexplored Brazil Jungle Area Holds Great Promise

A vast area south of the lower Amazon River is one of Brazil's most promising but little known frontiers.

An airplane traveling from Barreiras, in the western part of the state of Bahia, 950 miles northwest to Santarem, 400 miles inland from the mouth of the Amazon, would fly over high, grass-covered plateau, broken by jungle-lined rivers and mountain ridges, dense tropical unfordable jungle of the lower Amazon.

The first part of the flight would take the plane from Bahia into the northern plateau of Goias state, a sparsely settled area into which are moving cattle ranchers and hardy farmers. These pioneers must either build their roads as they penetrate the wild country, or fly in to the few scattered airports and build their roads out.

The airports are important. They provide bases for the only means of rapid travel in the area, although the rivers are navigable for small craft.

Elusive Weather Stays Jump Ahead Of US Forecaster

DURHAM, N. C. — The weather is often wrong because "weather information is a perishable as a ripe tomato on a hot, sunny day," a U. S. Naval meteorologist declared here at Duke University.

Addressing the Duke mathematics institute, Louis P. Allen of the office of naval research, pointed out that because of many weather elements and processes, "a forecaster cannot possibly comprehend and integrate all the information without taking most of the day to do it."

Weather maps, he explained, describe the atmosphere only at the earth's surface, and at the moment of observation.

Even with electronic computers, Allen said, the effort needed each day—both human and financial—to report the weather picture "stagers the imagination."

Meteorologists know the main factors governing large scale atmospheric motions, he said, but more needs to be known about the total picture. This, he emphasized, requires new scientific tools.

"We cannot afford to let any subject which has to many far-reaching and profound effects upon civilization become merely a topic of conversation. We cannot control it; therefore we must predict it, and we need more than a screw driver and pliers to do it!" he said.

"The fallacy of our weather picture technique lies in the fact that the picture does not describe the process which cause weather to be created and modified," he said, "nor does it throw any light upon these processes from which an understanding can be developed."

ated every move before it was made and only vicious blocking and hard driving runs were the Winds able to gain yardage.

The first score of the game came in the second quarter when Perry Morren intercepted a Whirlwind pass at midfield and returned it to the nine. Billy Collyer made four and LaNoal Castleberry passed to end Ted Lane for five and the TD. Morrens kick was good and the score 7-0.

Before the halftime intermissions the Winds threatened when they drove to the Childress 15 after Stovall had recovered a fumble on the 23. The threat ended with an interception by Billy Collyer of the Bobcats who snagged the pass on the three and returned to the 9 before being downed. The half ended a few plays later.

The Whirlwind and Bobcat bands entertained during the intermission with their marching and twirling acts and several numbers were played for the fans.

In the third quarter the Winds had the wind to their backs and kept the Bobcats backed into their own territory. But fumbles and intercepted passes stopped the Winds on every hand. As the quarter ended they had driven to the Childress 17 where a fumble gave the ball to the Bobcats at that point.

The Voice Needed Most

The increased attention being given to new translations of the Bible by Protestant and Catholic alike has caused the American Bible Society reading of the greatest passages of the Bible.

It is expected that these 29 selections will be read, one a day, by millions of people in not less than 38 countries. The President of the United States is honorary chairman of a committee of distinguished laymen supporting the movement. In his endorsement of the plan the President has said:

"In these troubled times, the truths which the Bible teaches are of greater and greater importance to mankind. They are the only final answer to the forces of organized hate which now threaten the civilized world.

"I hope that the Worldwide Bible Reading program this year will be widely observed, and that more Americans than ever will take advantage of it. Whatever translations or revisions the Bible may go through, it will always remain the same great Book bearing God's message to man."

an 83-yard drive, much of it through the air. Castleberry drove over from the one and the kick for point was no good. Score 13-0.

After the next kickoff the Winds couldn't gain and Bearden's punt was short into the wind, going out on his own 39. From this point a short jump pass, Castleberry to Lane, gave the big Bobcat end a good start and he went the distance to score. Morren kicked the point and the Bobcats led 20 to 0.

The next Childress score came after Claude Lane intercepted on the Whirlwind 32. Childress drove to the 15 where their running game was halted. Faking a field goal attempt Morren passed instead to Lane over the goal line. The kick was blocked and score at this point 26-0.

The final sounter came after a bad pass from center on fourth down set the Winds back to their own 22. Four running plays took the ball across the double stripe again. This time it was Collyer from the one yard line. Kick no good and final score 32-0.

Statistics of the Game
Childress made 13 first downs to 9 for the Winds. The Bobcats had a net gain rushing of 101 yards and the Winds rushed for 126 net yards. Childress passed for 129 yards and Floydada gained 12 yards through the air. The Winds had six of their passes intercepted and lost the ball four times on fumbles. Childress lost the ball 3 times on fumbles and had no passes intercepted.

Adrain Helms was high man in the yards rushing department for both clubs with 83 yards net in 18 attempts. This would have been 100 yards in the same number of carries but a bad pass from center cost 15 or more yards with no chance for a runback. Perry Morren was high for the Bobcats with 66 yards in 13 attempts.

There was stout defensive play by both clubs. The Winds yielded little more than the usual yardage through their line, but their pass defense was somewhat weaker against the tall speedy Bobcats.

Their Last In High School
Starters for the Whirlwinds were Brooks Chapman and Franklin Stovall at ends, Kerwin Baxter and Charles Hartman at tackles, Bert Grimes and Lewis Reddy at guards, Don Barber at center, Billy Carmack as quarterback, Adrain Helms and Connie Bearden at halfback,

and W. J. Hartline as fullback. Dane Clark, who is still suffering from a back ailment, couldn't be kept from the game and played some stout defensive ball for the Winds, but was not up to his usual form on offense. Dane plays fullback. All the above named boys with the exception of Don Barber are seniors and played their last game for the green and white.

Other seniors who have played their last football for the Whirlwinds are A. C. Pratt, Billy Baker and Zack Cummings.

Eligibles for next year
Squadmen and those lettering on this year's Whirlwind team who are classified as junior or lower and eligible for football next year are Don Barber, Gary Carthel, Glad Norman, Walter Simmons, Ronnie Upton, Johnny West, James Welborn, D. THE FLOYD COUNTY HESPERIAN

Published by the Hesperian Publishing Co., Inc., at 212 South Main St., Floydada, Texas. HOMER STEEN, Editor.
THURSDAY, DECEMBER 11, 1952

Established 1886 by the Hesperian Publishing Co., Inc., as second class mail matter at Floydada, Texas, under the act of Congress of October 3, 1917.

Views and Comment

Christmas Draws Near. It does and the way the Christmas shoppers were crowding the retail business section of Floydada last week-end portends a very good Christmas-time in most homes of the area. Also it is going to be a time for a lot of get-togethers for the people of a naturally sociable community. Days and dates for club and fraternity parties, class Christmas trees and all of that, are for too few between now and the day when Santa Claus makes his annual journey.

Christmas plans of The Hesperian are to have the newspaper in the hands of the publication-day readers on Christmas eve. This means a deadline moved up rather considerably—all of 24 hours. Since Christmas day hits on Thursday, usual publication day, there won't be any mail delivery that day for anybody. We will have to put on the pressure to do it. We mention this so our customers and readers can have their questions answered as to when we publish this year since Christmas falls on publication day. Next year the natal day will fall on Friday, which will be just right for us. But this year it is just wrong. It now appears the Christmas issue will be full of Santa Claus and good cheer, remembrance advertising and Christmas news. It will be an interesting newspaper.

Santa Letters ought not to be delayed too long. In fact ought not to be delayed period. Youngsters' parents, who are promising they'll see that Santa reads their letters in The Hesperian are reminded the deadline this year is moved up.

Two musical events of the pre-Christmas period—next week, in fact—that Floydada people will enjoy are (1) Tuesday night the A Cappella choir from West Texas State Teachers college; and (2) the community chorus in their program of music from Handel's "The Messiah," which will be presented on Wednesday night. The community chorus will have some excellent talent in solos, the voices in the chorus are good, and they have been rehearsing for weeks.

Not enough eggs are being marketed from Floyd county poultry flocks to meet the local demand. Dealers are shipping in storage eggs in several dozen case lots to augment the local supply. Most of the eggs are from the storage vaults of the packers. Another useful purpose the packing houses serve. To read the mean things said about the packers you'd think they're unnecessary evils. Even many of the men who make their living working for the packers knock on their employers. We've often

thought a man you could not say a good word for wasn't worthy to be worked for and that a man who felt that way about it ought to quit and go work for somebody he does think is all right. That seems to be just a screwy idea of ours.

Reason for eggs not being produced in sufficient quantities this fall in Floyd county probably should be attributed to the fact that feed prices and egg prices are out of line. Poultry people probably can't see any profit and furthermore they read discouraging news about the market after the new year. It is well-known, of course, that many farms have had no chickens on them to mention for a considerable period of time before there was any drouth or feed shortage. We're specialists now in agriculture. All wheat, all cotton and feed, all chickens, or all dairy, probably because it takes so much machinery and equipment and costs so much to get ready to do any of these jobs efficiently that specializing is practically forced on the farm operator.

We don't know whether neighboring states have better government than Texas does, but we do know that the people know more about what their tax spending officials are spending the money for than is known in Texas, cities and counties and school districts in particular. Although it would cost something to have it that way it would be interesting to taxpayers if they could read an official report this month in Floydada or in Floyd county or in Floydada Independent school district, what money was spent, who it went to, and what it went for. They have it that way in Oklahoma, in Arizona, and also we are told in New Mexico.

Need for more money with which to maintain and re-build Texas' road system to meet the changing times is evident to most all who travel. And this need, plus the many other needs in this state, will put a lot of pressure on the legislature when it meets in January. One thing people who are far out from the big centers, like people in Floyd county are, need to do is to keep in mind that a road improvement program of some kind is most likely to be adopted. What we might well do is to keep the legislators reminded that lateral roads, so-called farm-to-market roads, help to take a tremendous lot of traffic off of the main arteries of travel and thereby help the state system of highways by reducing the road miles traveled on the principal thoroughfares. From your own experience you will realize how correct it is to say that the lateral road system helps a lot in reducing traffic on through routes.

Army and Navy Men in Service

WITH THE 1st INFANTRY DIV. IN GERMANY. Almus J. Adams, son of Mr. and Mrs. Willis A. Adams of Lockney, Texas, was recently promoted to sergeant first class while serving in Germany with the 1st Infantry division.

Constantly training under simulated combat conditions, the division is part of the North Atlantic treaty organization army. It is stationed in the southern part of Germany.

Adams, who entered the army in January 1949, is a mess sergeant in the 1st Medical Battalion's ambulance company.

A veteran of service in the Navy from May, 1941, to June 1946, he has earned the Asiatic-Pacific medal, European campaign medal and the World War II victory medal.

WITH THE 7th INFANTRY DIV. IN KOREA — Army Pvt. W. R.

Threadgill, whose wife, Wanda Faye, lives at 308 E. Eighth st., Plainview, Texas, recently joined the 7th Infantry division in Korea.

Since making the amphibious landing at Inchon in the fall of 1950 the 7th Division has fought in every sector of the Korean peninsula. Elements of the 7th were the only U. S. forces to reach the Yalu River.

Private Threadgill, son of Mr. and Mrs. Percy F. Threadgill, Floydada, Texas, entered the Army last March.

Has R and R Leave

WITH THE 2D INFANTRY DIV. IN KOREA — Cpl. Don C. Penner, son of Mr. and Mrs. William E. Penner, Floydada, Texas, recently had an opportunity to catch up on his Christmas shopping in Japan while on a five-day rest and recuperation leave from the 2D Infantry division in Korea.

The vacation is part of the Army's policy to give front-line soldiers respite from combat.

Penner, a squad leader, joined the division last April. He entered the Army in August 1950.

Mrs. W. L. Finley had major surgery at Lubbock Memorial hospital last week and was convalescing satisfactorily this week.

PROBLEM
The state depends on its water supply. Today, as the coming years pass, the problem will become even more acute unless we take steps to prevent it.

The Texas Legislature has been working for a solution since early in this country when it established the old State Levee and Drainage Board. It has made numerous attempts to establish a practical water and control program since then, but none have met with any large degree of success.

Next year when the Legislature meets, the water problem will be a top item on the agenda. Programs have been suggested which are similar to the proration of oil. There are plenty of snags and vigorous opposition in such a plan for water—just as there were for oil.

A lot of oil was wasted and the oil market crashed before property owners were convinced that proration was necessary. Our water supply is extremely low now — and it, too, is exhausted.

Fortunately, water can be replenished. We must look far enough ahead to plan measures which will replace our supply, both on the surface and underground. But since the situation is acute now, it may be decided by the Legislature that statutory restriction is necessary to preserve water in the state.

NEXT WEEK: The Mistakes we are Apt to Make in Trying to Preserve Our Water Supply.

1926 TEAM WAS RUGGED Whirlwinds of That Year Bested Clarendon In Bi-District 28 to 0

Last week The Hesperian carried a story stating that the 1926 Whirlwind team was the first local team to win a bi-district championship when they defeated Phillips 13 to 7. J. C. Wester, local grocer, called to our attention the record of the 1926 Whirlwinds who also won their bi-district game.

Back in '26 the Winds 2B winners defeated the Clarendon Bronos 1B winners, 28 to 0. The game was played in Floydada before a crowd estimated at four or five hundred and snow fell throughout the game. Many items of interest were noted in the accounts of that football season on many years ago. Ike Jay was coach of the Whirlwinds and J. C. Wester, superintendent of schools. New uniforms were purchased that year at a cost of around a hundred dollars. This was for twelve complete outfits with exception of shoes and some equipment the players furnished themselves.

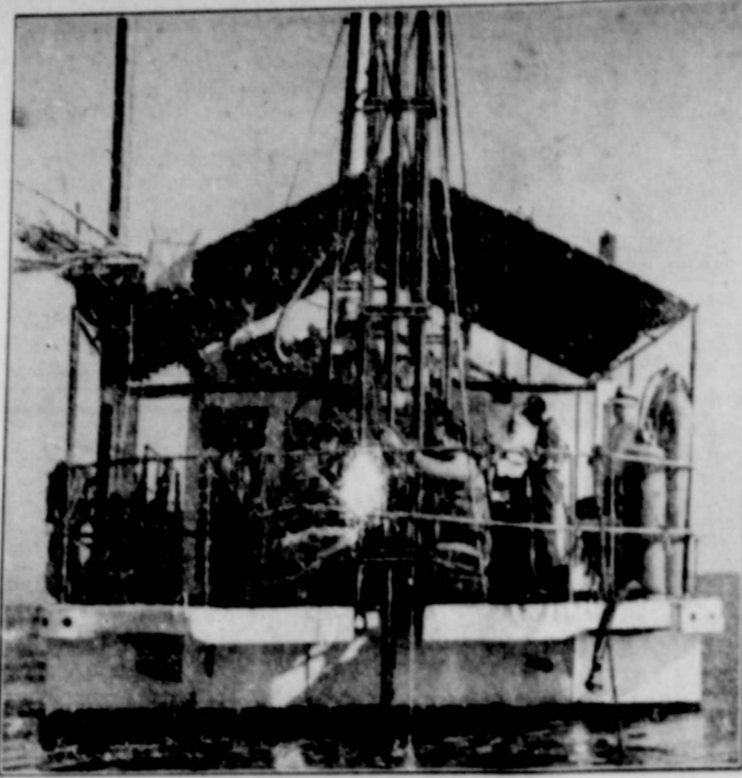

Opened against Plainview
The Whirlwinds opened the 1926 season with a nonconference game with class A Plainview. The locals were defeated 14 to 8, but were able to hold the Bulldogs scoreless the entire second half. The next game was with Tahoka and was played at the South Plains Fair in Lubbock. The Floydada team barely made it to Lubbock by game time due to muddy roads. They arrived in Lubbock at 3 p.m. after having pushed and carried their cars almost the entire distance, and took the field with empty stomachs, not having time to eat on the way over. Whirlwinds 20-Tahoka 0. The Winds defeated Spur 14 to 13 after trailing 13 to 0 going into the fourth quarter. A game with Lubbock was cancelled when Lubbock was ordered to play off a tie in the class A district with Plainview.

Floydada downed Texaco-Farwell 41 to 0. It was noted after this game that Texaco-Farwell had defeated Clovis which had in turn beaten Amarillo.

Playing Field Under Water
In that year the Winds also won over Lockney 16 to 2 and from Rails 20 to 6. The Rails game was rained out at the scheduled date and was played in the Duncan pasture two blocks east of high school the following week. The regular playing field in northeast Floydada being under water. Big games that year as far as district 2B were concerned were the Littlefield and Slaton clashes. The locals took Littlefield 20 to 0, and beat Slaton by a 19 to 8 count. The victory over Slaton gave the Whirlwinds a clear cut title to the championship and the right to meet the winner of district 1B. District 1B was late in producing a winner in '26 and while the locals were waiting for their bi-district opponent they matched a game with Anson, winners of 3B, and were defeated 17 to 0. Undaunted by the loss of the unscheduled game the Winds won their bi-district affair from Clarendon 28 to 0 to end the season.

The Starting Line-up
Starting lineup for most of the games that year included the names Jerry Borum and Henry Bosley, ends; Jack de Cordova and Roy Swain, tackles; Joe Carleton and Jim Carter, guards; John Edwards, center; Buster Eubank, quarterback; Dixie White and Sid Carter, halfbacks; U. S. Marshall, fullback. Bob Gaitner was also listed as a starter at center in some of the games. A quorum in the U. S. Senate is two-thirds of all Senators.

Sampling For Science

A GROUP of oceanography research specialists for Texas A. and M. College is shown taking a core sample from the bottom of the Gulf of Mexico, during routine research work. A limited number of these samples will be sent to Lederle Laboratories at Pearl River, N. Y., for processing in the laboratories' world-wide hunt for a new antibiotic such as aureomycin. Most of the samples will be from shallow areas but one long-shot sample will be taken from deep water.

Nurses Capped Include List of Floydada Women

Tuesday night in an impressive ceremony at the First Methodist church in Lubbock, 109 registered vocational nurses were capped. Rev. Gerald B. N. Hockabee of the Methodist church gave both the invocation and the benediction.

Mrs. N. A. Terrell, 65 year old founder of Lubbock's first vocational nursing directory, told the nurses present and their friends, "People need the vocational nurse and you must bridge the gap between the practical nurse and the professional nurse." Mrs. Terrell then capped three of the outstanding vocational nurses. Second of them to be capped was Mrs. Anna B. Daniel, Floydada, who received the first vocational nurse's license in Lubbock.

Dr. Myron D. Mattison delivered the welcoming address. Nurses eligible for capping Tuesday were (Many were not able to attend the ceremonies because of duty) from Floydada, Mesdames Mary F. Corley, Vera McKay, Winnie Mae Dyson, Jewel Teague, Ora Gough, Jean Wester Jones, Loree Oden, Myrtle Lewis, Nora Jones, Will McDonald, Mrs. Ann Murphy, and Misses Johnnie Mae Lewis, Joe Farmer; and from Lockney, Mesdames Bill Floyd, W. T. Hightower, Mary McAda and Miss Margaret Sanders.

Price Reductions In Pontiac Line

Pontiac, first General Motors Division to unveil its 1953 cars, has announced price reductions up to \$100.00 on certain models with no price increases on any models in the line. In spite of a new and larger body, longer wheelbase, new interiors and a long list of new mechanical and engineering features. The new 1953 models are now on display in Floydada at the L. C. McDonald display room on West California street.

Pontiac list prices for 1953 start at \$1788.36 for the Chieftain special six, two-door sedan. Pontiac's de-luxe Chieftain Eight, four-door sedan, which is expected to account for about 50% of next year's volume, carries a list price of \$2099.51. Price reductions on Station Wagons run from \$28.00 to slightly in excess of \$100.00.

All 1953 Pontiacs will be offered with either a six or eight-cylinder engine with G. M. Hydra-Matic drive and power steering optional.

Report on Dunlap Tech Scholarships

Texas Technological College's most recent report on the Dunlap scholarships shows that fifty-five students selected for the scholarships have graduated since 1945-46 maintaining an average of 2.06.

Three Floydada students who have been selected for the awards, and who are now attending, or have attended Tech are Kelly Lape Haygood, junior, Arts and Science; Don Probasco, sophomore, Agriculture; Billy Scott, graduate, Arts and Science.

The program, which was started in 1945, has 21 scholarships available. Students are selected for their potential ability to maintain a 2.0 average at Tech. One high ranking graduate of each high school in Lubbock, Crosby, Floyd, Hale, Lamb, Hockley, Terry, Lynn and Garza counties are eligible.

Lowest Thieves Plunder Larder of Orphans Home

ASHLAND, Ky. — Nomination for the world's meanest thieves are hereby entered for the looters who raided the pantry of the Ramey children's home here. A group of children's home campers returned from a trip on the Little Sandy river to find the home's food-storage room had been looted. Miss Gertrude Ramey, founder and superintendent of the home, which had been closed for a week, reported thieves forced the storage-room door facing an alley behind the home. They "practically cleaned out" the supplies of canned foods, soap,

cookies on a new cookie sheet and wrap in cellophane, or bake a loaf of cinnamon bread in a new pan and take while hot to some one special. Give an attractive bread cutting board with a good bread knife along with your favorite yeast bread.

The specialist says other suggestions include salted nuts packaged in pottery serving dishes, a Christmas plum pudding or a fruit cake decorated with nuts and fruits wrapped in foil or cellophane. Remember, you can say "Merry Christmas" in a personal way by giving gifts from your own kitchen.

THANKSGIVING DAY DINNER

Mr. and Mrs. W. D. Johnson entertained with a family dinner on Thanksgiving. Present were Mrs. Johnson's father N. A. Ford Observes 50th Year With Its 1953 Model

The 1953 Ford—marking the 50th anniversary of the Ford Motor Company—will go on display in 6400 Ford dealerships across the country Friday, December 12. The new models will be introduced without any increase in present prices.

A massive new grille with a center spinner characteristic of recent Ford design and a low, road-hugging look, advance the modern Ford styling. And an outstanding improvement in suspension, termed the "miracle ride," heads a list of mechanical improvements.

L. D. Cruse, vice president of Ford Motor Company and general manager of Ford Division, said: "The 1953 Ford is a worthy successor to all the millions of cars this company has built since the late Henry Ford organized it in June, 1903.

"The swing to Ford this past year is the result of only one thing—the great public appeal of our product. And the 1953 Ford has all the features of the current model plus new beauty, comfort, performance and quality throughout."

To designate the 1953 Ford as the 50th Anniversary car, a medallion has been placed on the top of the steering column in combination

The 1953 Ford Crestline Sunliner with its smart open car styling is available in 12 new colors ranging from Coral Flame Red to Raven Black. With its "Breezeway" top up, the Sunliner provides the weather-tight comfort of a sedan. Two-tone leather and vinyl seats blend with inside paneling and harmonize with outside colors.

with a new half-circle horn ring. Around the Ford crest in the center of the emblem are the words: "50th Anniversary—1903-1953."

L. W. Smead, general sales manager of Ford Division, said Ford's "new miracle ride brings to the high volume field for the first time the smooth riding characteristics of much heavier, costlier cars. It is smoother, softer and permits the car to hug the road at high speeds and low, on rough roads as well as on smooth pavement. It is a ride which must be experienced to be appreciated fully."

Ford again in 1953 leads its field in offering the widest variety and choice of power combinations, safety features and color selections. Mr. Smead said. Only Ford in the high volume class offers both V-8 and 6 cylinder engines with three transmissions—conventional, overdrive and Fordomatic.

Emphasizing the longer look of the 1953 Ford is a new chrome molding through the center of the rear fenderline and new jet-tube tail lights with a larger signal area more easily seen from the side or rear. A decorative chrome deck lid handle, mounted below the Ford crest, with a concealed, weather protected key-opening and key spring return, has been added to the new model. The new hub caps feature the Ford name in embossed letters.

News of Harmony

(by Mrs. Mather Carr)

HARMONY, December 8. — The Society of Christian service met Tuesday, December 2 in the home of Mrs. Donald Pinkner, with Mrs. Pinkner assisted by Mrs. Glenn Pool. In our regular business and program meeting, Mrs. Sherwood Ramsey called the house to order. She gave the program, assisted by other members. The Christmas motif was carried out in the worship center representing the baby Jesus birth. There was a surprise social hour after the W.S.C.S. for Mrs. Sherwood Ramsey, who was celebrating her birthday. She was presented with a beautiful heart shaped cake. She received a shower of gifts from the ladies. Present were Meses. Don Pinkner, Sherwood Ramsey, Chioma Williams, E. W. Turner, Wesley Carr, Marvin Smith, Zant Scott, Mather Carr, and two guests, Mrs. Glenn Pool and Mrs. H. G. Krebs.

Mid-week services were well attended. Mrs. Mather Carr brought the devotional. Following the devotional several songs were sung and

the Christmas songs for the Christmas program were practiced. There will be a Christmas tree and program at the church on December 24. All are welcome to attend. Old Santa will be there as usual with his sacks of candy to give to all good boys and girls.

The Mexican supper is over and all seemed to enjoy the supper and program. Folks, you may be asking us for another supper before you get one out here, for there is a lot of hard work and expense to them. All enjoyed the skit directed by Mrs. Everett Miller "Uncle Josh Died" with seven or eight men from different towns. Guests were from Lubbock, Floydada, Petersburg and Slaton and surrounding communities. We really enjoy having you folks with us. We especially missed Judge and Mrs. Tubbs, who seldom miss our programs.

We do not know who all attended the football game at Childress Friday. Some were Mr. and Mrs. Loyce Turner, Mr. and Mrs. Carrick Snodgrass, Mr. and Mrs. Everett Miller and Mr. and Mrs. Chioma Williams and daughter.

G. O. Robbins, who was killed in the blast at Nederland, was a first cousin to Mrs. E. W. Turner. Mr. Robbins was the son of J. M. Worshams (deceased) sister, Mrs. Turner was unable to attend the services.

There were 56 present at Sunday school Sunday.

Mr. and Mrs. E. W. Turner were guests of the Fred Barleys at Springlake Sunday afternoon.

Miss Doris Elaine Snodgrass and Miss Peggie Parkey, who are attending college at Canyon, were guests at services Sunday at the church.

Mr. and Mrs. Joe Smith attended services at the Chapel Sunday.

A correction, Mrs. Joe Smith's father is a dentist instead of a minister. Mrs. Joe Smith will be a nurse at the Peoples hospital while her husband is stationed at Kingsville, Texas.

Mrs. S. E. Thurman spent Thanksgiving in Childress, the guest of her brother, Horace Owens and family. Another brother, Charlie Owens and Mrs. Owens of Paris were present at the family dinner.

The new Standard of the American Road

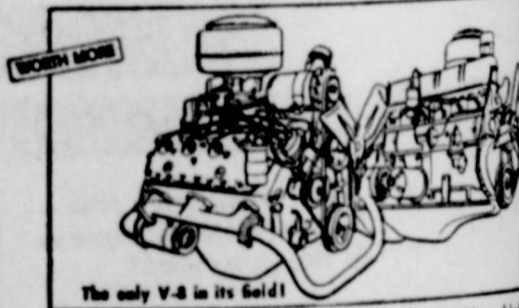

With 41 "Worth More" features, it's worth more when you buy it...worth more when you sell it!

Search no more: the car that exceeds your every driving need is making its bow at your Ford Dealer's!

Those of you who have owned Fords in recent years have a hint of the many ways in which this new 1953 Ford sets an entirely new standard for the American Road.

In this new Ford you'll find a new Miracle Ride that sets a new standard of smooth, quiet comfort on level highways or roughest byways. You'll find the easy handling and great visibility you need for today's fast-moving traffic... the "Go" to master today's long-distance driving.

See this Ford... Value Check its 41 "Worth More" features... and Test Drive it. You'll see why this new standard-setting car is worth more when you buy it... worth more when you sell it.

The only V-8 in its field!
CHOICE OF V-8 OR SIX ENGINES—Ford's 110-hp. high-compression Mileage Maker Six—only modern Six in its class. Strato-Star V-8 has a partner for thrifty "Go" in the 101-hp. Mileage Maker Six—only modern Six in its class.

New Miracle Ride brings you riding comfort at its level best! Not just softer springs and new shock absorber action, but a smoothly coordinated system of ride control elements that adjust instantly and automatically to changing road conditions. It's a completely balanced ride... a ride that will give you an entirely new concept of driving comfort on level parkways or rough, rutted byways.

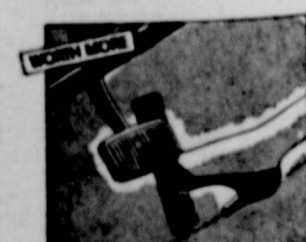

Shift to Fordomatic... and you'll never shift again. It's the finest, most versatile automatic drive ever. Ford also offers the smooth, thrifty Overdrive.

Full-Circle Visibility gives you an unobstructed view of the road... and all the scenery. 1-REST tinted safety glass makes driving easier on your eyes.

Center-Fill Fueling prevents hose marks on the finish of your car. No gas spill on fenders. Short gas filler pipe gives you trunk space for an extra suitcase.

Power-Pivot Pedals, suspended from above, operate more easily, eliminate dusty, drifty floor holes, make foot space of the entire floor space.

Automatic Power Locks... you money because you high-compression V-8 with regular gas. It's a feature on both V-8 and Six.

and she has been a member of the choirs of Floydada's and Canyon's First Baptist churches.

Featured this year on the Christmas program will be three selections which were arranged or composed by Dr. Bright, who is earning fame in the area for his choral and piano compositions. His "Evening Song of the Weary," which is a familiar favorite with panhandle audiences, and his arrangements of Mendelssohn's "If With All Your Hearts," and "O Come, Immanuel" will be included on the program.

Three ensemble groups within the choir will give special numbers; these groups include the Treble Ensemble, made up of 11 girls, the men's Varsity Quartet, and the Jazz Belles, a popular music vocal group.

Soloists with the choir are Miss Peggy Williams, soprano from Plainview, for whom the Mendelssohn transcription was made, Wayne Hinds, tenor from Amarillo, and Miss Kay Castleberry, alto from Amarillo.

Opening the program will be a Bach chorale, "O Rejoice, Ye Christians, Loudly," which will be followed by Bright's "Evening Song of the Weary." A tribute to the men who have given their lives in Korea, "How Sleep the Brave" by Rathbone, will be the third selection, followed by Olson's "Alleluia" chorus.

The famous aria, "If With All Your Hearts," which was transcribed from Mendelssohn's great oratorio, "Elijah," will feature Miss Williams as soloist. The impressive choral development of an early Reformation of the concert.

Second part of the program will feature the lively carol, "On This Good Christmas Morn" by Cain, and the lovely and haunting "I Wonder as I Wander," which was arranged by Niles from a tender little folk carol from the Appalachian Mountains, and Miss Williams sings the solo.

Cain's "Carillon," which features the sopranos of the choir singing a new version of "I Heard the Bells on Christmas Day," has the balance of the choir imitating deep-throated chimes. With the Bright arrangement of "O Come, Immanuel," the men's sections sing in the style of Gregorian chant, from which the melody is taken.

The concert will be concluded with the familiar "Carol of the Bells" by Leontovich-Wilsousky, and the

traditional "Silent Night." The choir is one of the largest ever organized at West Texas state. In

As A Farm Woman Thinks

Christmas of 1952 draws near. Ribbons, cards, stamps, toys, wrapped packages, aprons, and dolls. My spare bed is covered. I have to gather up loads from the dining table so that we can eat a bit. It is such a busy time, children's eyes are a-sparkle, store windows allure with satin and silk, toys and silver, China, many things of shining aluminum. My, it is nice to go and just look! Go to Arnold's Electric and see the wonderful church scene, peep in at Ruth Lewis's gift shop and see the beautifully wrapped gifts among her lovely unwrapped gifts.

The grocery windows are full of brown nuts, golden oranges and many many things that will make fine gifts. Down the street and up the street, one can feast his eyes on beauty. So take time to just look and you may be surprised as I was at the Christmas display in Rails.

And so it was in Floydada the other day when old Santa came. And I tell you right now that Santa had the richest red velvet suit you ever saw and his white beard and white hair shown just like silver. His boots were shined, he looked prosperous and maybe we won't be disappointed in what he brings.

Lorenzo and Crosbyton, also shine and glow with Christmas. As I have often said before the big towns have an appeal, of course, but for myself I like the smaller places, where the clerks know you and help you decide whether auntie or brother or child should have a coffee pot, a gay tie or a doll with nylon hair that the little girl can set and make curls. I love to meet friends I know, shopping for Christmas as I do. More time to shop and chat than the hurry of the big town.

Lubbock to me the other day was a-glitter with tinsel swung like fairy swings across the streets, the constant shriek of officer's whistles the grinding of breaks, the hair-raising sirens of ambulances and fire. I looked at all this from the fifth story of the Myrick building as I waited for the dentist. The traffic lights went red, a stream of cars, trucks, pickups, moving vans and what have you, slid over the pavement. The lights went green, a moving mass of humanity flowed like a river of many-colored waters across the streets. Nothing seemed still, a smell of gasoline, a whiff of fresh-popped corn, of perfume on the ladies' dress.

But there was also stillness and peace. On top of the Lindsey Theater on the south side out of the cold north wind was a row of pigeons, white and soft blues and rosy pinks. They softly cooed as they warmed in the sunshine.

I have such a fine little book of some 143 pages written by a sweet lady of Hereford, who was born July 19, 1872 in the swampy Yokany bottom in Panola county, in Mississippi, in a two-room log house. She lived most of her life in the Panhandle of Texas. Her story is one of a Christian pioneer.

You will not hear the shots of guns or outlaws in this book. You will see how families met the cold, the drouths and found the happiness in work well done. You will find a woman out in the cold of the snows of winter helping "tail up the cows on the lift." Sometimes this woman was on crutches and always she suffered from her feet. She could hitch up a team, drive to her Sunday school class, or to the missionary society, or in the black of night to a sick neighbor's that needed her.

She took orphans in her home, she helped care for orphans everywhere that she could. Her home was the

GOOD HEALTH

Answer to Question No. 1:

Healthy individuals between the ages of 18 and 60 usually can give blood five times a year with safety. Donations should be properly spaced so that the body can replace the blood removed before the next blood is given. People over sixty should rarely, if ever, give blood. In the aged, the ability to rebuild blood is diminished.

Answer to Question No. 2:

Most calcium obtained by the human body comes from milk and milk products. There is some calcium in green leafy vegetables. Broccoli, kale, mustard greens, turnip greens, and water-cress are the best of these. Canned salmon, including the bones, is also a good

source of calcium. If you are not obtaining enough calcium in your diet, it may be necessary to prescribe extra calcium to take with your meals.

Answer to Question No. 3:

Yes, if this condition is treated early. Proper eyeglasses will often be all that is needed. Sometimes a comparatively minor operation is required to straighten the eyes. This operation should not be performed when the child is too young. The eyes should be watched by your physician because neglect may produce eye weakness and other defects.

News of Dougherty

(by Mrs. W. J. Ross)

DOUGHERTY, December 8. — There were 48 present for Sunday school. The various classes set dates for the Christmas parties. The Mary Molly (ladies) class will be at the home of Mrs. F. M. Covington at 2:00 p.m. Wednesday December 17. All class members and associate members are urged to be present.

The Junior class party will be on Tuesday, December 16. Everyone is requested to be at the church at 7:30. The group will go caroling.

The young peoples class party will be December 22. Meet at the church about 6:00 p.m. This group will go caroling.

Mr. and Mrs. G. C. Tiner were business visitors to Plainview Saturday.

The many friends of Mrs. Hal Hines are interested to know she is at home at this time. As her condition requires rest and quite the number of visitors must be limited.

Most of the children of our community took their parents to see the Santa parade in Floydada. Everyone enjoyed the event. All the kids collected all the treats they could eat and some to take home.

The infant daughter of Mr. and Mrs. John Cates was ill during the week-end.

A number of football fans from Dougherty went to Childress Friday to attend the Floydada-Childress game.

Mr. and Mrs. Bob Tiner and children of Lone Star, visited their parents, Mr. and Mrs. G. C. Tiner Sunday. Jerry Don attended Sunday school.

Milton Wiley, who formerly lived in our community, was seriously injured in a car wreck just before Thanksgiving. He has been dismissed from the Lamesa hospital and is now at his parents home in Post.

If you think you're going to be happy and prosperous by sitting back and letting the government take care of you — take a look at the American Indians!

home of the preacher as he went about his work. She knew how to run a binder in the fall, to head the golden maize, to drive the feed wagon as her husband threw off the feed to hungry cold cattle. She knew how it was to lose fine stock in a fire, but never, never did she give up. After they moved to Hereford and her husband died, she whipped the dark days of the depression and saved her lovely home by taking in boarders, having a hothouse of flowers, to sell.

Now at the age of eighty, this indomitable woman, Mrs. J. F. Ward, has had a book printed about the pioneer days in West Texas and she wraps these books, mails them out herself, and the price is only \$2.50 a very small price to pay for a book which teaches courage, faith and a love for God and her fellow man.

I like the words her pastor said about her, "Heaven will be a lovely place when Mrs. Ward gets there because she has a program of prayer and service for mission on all the time."

The proceeds of this book will be used in McMurray college to help ministerial students prepare for Life Service.

"It is more blessed to give than to receive."

COFFMAN HAVE NEW BABY BORN SATURDAY MORNING

Mr. and Mrs. Jack Coffman of Route 4, Floydada, are the parents of a baby daughter, born Saturday morning, December 6, in Lubbock Memorial hospital. The young daughter weighed 7 pounds. As yet she has not been named.

Mr. Coffman and his father Orb Coffman own and operate two gins at Barwise.

Grandparents of the baby daughter are Mr. and Mrs. Orb Coffman of Floydada, and Mrs. W. F. Krause of Fort Worth.
