

Family Gathers on Anniversary of Wedding Day

The golden wedding anniversary of Mr. and Mrs. Samuel Monro Crawford was celebrated with friends and relatives in the home of Mr. and Mrs. Earl Crawford, 736 West Mississippi, on September 20.

The honored couple's sons, Russell, Ewell, Virgil and Roy welcomed the guests and presented them to Mr. and Mrs. Crawford. The daughters, Mrs. Audrey Sparks, Mrs. Marion Brooks and Mrs. Earl Crawford escorted the guests to the register and the serving table. Mrs. Roy Crawford presided at the register. On the desk with the guest book, the marriage license and the wedding picture of Mr. and Mrs. Crawford were on display.

Mrs. Clayton Hicks and Miss Barbara Marshall, oldest granddaughters of the honored couple, served at the beautifully decorated table. They were assisted by the other granddaughters, Misses Glynis Sparks, Myrna Marshall, Beth, Cheryl, and Carol Ann Crawford.

Pretty Serving Table

The serving table was covered with a beautiful white, cut-work linen cloth centered with an arrangement of giant golden mums and Daisy mums on a platform covered with gold laceon with four large bells at the corners. The two-tiered wedding cake was beautifully decorated with a large golden bell atop and gold candy roses and gold leaves at the edge of both tiers which were fringed with gold laceon.

Golden punch, salted nuts and yellow cake squares, frosted with white and the dates 1903-1953 in gold on top, were served on white doilies on crystal. White napkins with golden bells and the names "Mon and Grace, 1903-1953" were used.

Mesdames Russell, Ewell, and Virgil Crawford presided in the display room where many useful and beautiful gifts were on display. Along with the gifts on display was an old album given to Mrs. Crawford by her husband the Christmas before their marriage. This furnished much entertainment for those who enjoy reviving yesterdays.

The living room and display room were beautiful with yellow mums, Daisy mums, marigolds and golden glads, gifts to the couple.

Out of county guests were: Mrs. Beattie Newton, a niece of Mr. Crawford, and two sons of Memphis, Texas; Miss Mary Foreman, County Superintendent of Hall County, and her father, T. T. Foreman of Memphis, Texas; and Mrs. Frank Pohl of Matador. Miss Foreman taught several of the Crawford children in the elementary grades. Mr. Foreman is 86 years of age (but enjoyed the occasion with the aplomb of a youngster). He was a former neighbor in Hall county. Mrs. Pohl is a friend of the family and a former teacher at Dougherty

Mr. and Mrs. S. M. Crawford of Dougherty ... at the celebration of their fiftieth wedding anniversary.

where Mr. and Mrs. Crawford still make their home.

Wed September 16, 1903

Mr. Crawford was born and reared at Burleson, Texas, in Johnson county. Mrs. Crawford was born and reared at Flemington, Missouri, in Polk county. They met when Mrs. Crawford came to visit and spend several months with a sister who lived near Burleson. The wedding was solemnized in the home of the bride's parents, Mr. and Mrs. John McCracken of Flemington on September 16, 1903, at 8 o'clock p.m. Rev. S. E. Hendrickson, minister of the Church of Christ, performed the ceremony. Mrs. Crawford's bridesmaid was Lottie Baldwin, now Mrs. V. V. Hollenbeck of Hotchkiss, Colorado. Her matron of honor was Mrs. Addie Yoast Martin, now of Redlands, California.

Mr. and Mrs. Crawford came to Texas to make their home and lived in Johnson county until 1920 when they moved with their family to Hall county. They left there in 1923 to come to Floyd county, where they have made their home since, living in the Lakeview and Dougherty communities.

Mr. and Mrs. Crawford have been very influential in all communities in which they have lived, both civic and religious. Mr. Crawford, a retired Freewill Baptist minister, has served as school trustee, layman, teacher, Sunday school superintendent and pastor in Johnson, Hall and Floyd counties.

Five Boys, Four Girls

They have reared a family of five boys and four girls, all living except two. Mrs. Lee Crawford Marshall and Bessie P. of the five boys were in the service of the U. S. during World War I.

The son of Mr. and Mrs. Crawford's love and happy life is their love for others.

Throughout their married life they have been collectors—collectors of friends, and they have cherished them, along with their children, as their most precious treasures.

Some hundred friends and relatives registered during the hours from three to six.

Harmony News --

(by Mrs. Mather Carr)

HARMONY, September 28 —Mr. and Mrs. Marvin Smith and children spent last week-end in Kingsville visiting their son, Joe and his wife.

The supper which was given by the club Tuesday night was well attended. The program which was Johnnie Lee, a magician from Canyon where he is attending college was good.

Norman Hopper had a painful accident; at the dinner when he ran into a pot of hot coffee and spilled it down his chest. The doctor said it was not serious. Norman is the son of Mr. and Mrs. Bob Hopper.

The mid-week services were well attended with Phillip Krebs bringing the devotional.

Club met Thursday at 2:00 o'clock in the club room with Mrs. Everett Miller as hostess. The meeting was opened by the president, Mrs. Carrick Snodgrass. Roll call was answered by the apron I like. The aprons were modeled by Mrs. Riley Holmes and Mrs. Bill Tucker. Recreation was directed by Mrs. Donald Pinkner. There were eighteen present.

Several attended the farm bureau meeting Thursday night at Lockney.

Mrs. Mattie Heard and daughter of Petersburg visited in the Mather Carr home Friday afternoon.

Rev. Krebs preached both morning and night at the chapel. There was a good crowd out. The Krebs had dinner in the Mather Carr home and supper in the J. B. Shannon home.

Mr. and Mrs. McCada and son of Lockney attended services in the Chapel Sunday morning. They had dinner in the R. G. Morris home. Mrs. McCada is an aunt of Mrs. Morris.

Mr. and Mrs. Fred Byerly and daughter, Syble of Springlake, attended services at the chapel Sunday morning. They were dinner guests in the E. W. Turner home. Other guests in the Turner home Sunday were Mr. and Mrs. Loyce Turner, Mr. and Mrs. Emer Williams of Floydada and Mr. and Mrs. Purvis Miller of Muldeshoe.

Mr. and Mrs. Marvin Smith and children and Mr. and Mrs. J. B. Shannon and children had dinner in the home of Mrs. Smith's and Mrs. Shannon's parents, Mr. and Mrs. Shrader of Petersburg.

Mrs. Rueben Rutherford of Plainview attended services at the chapel Sunday morning.

Mr. and Mrs. Wesley Carr and sons were dinner guests in the Everett Miller home Sunday.

Rev. F. R. Pickens with Mr. Cole of Petersburg to lead the song services will start meetings in the chapel beginning October 2. On Friday and Saturday nights the meetings will be at 7:00 o'clock. Starting Sunday and on through the week, they will be twice daily with the morning services at 11:00 and

the evening services at 7:00 o'clock.

Mrs. Bill Edwards has been ill for several days but is some better at this time.

Patricia and Ronnie Tucker spent the week-end with their grandparents, Mr. and Mrs. Emmett Foster of Allman.

Miss Nell Jones and Bill Watson Married at Clovis

Miss Nell Jones, daughter of Mr. and Mrs. B. D. Jones, and Bill Watson, of Plainview, were united in marriage on Saturday afternoon, September 26, in Clovis, New Mexico.

John M. Reese, pastor of the Church of Christ there, read the ceremony in his home.

The bride chose for her wedding a navy blue suit with navy and white accessories. Something borrowed was a rhinestone necklace, belonging to a friend, Miss Jean Owens; something blue was the blue garter and she wore a penny for luck in her shoe, something old was a handkerchief of her mother's and something new was her bridal attire.

Mr. Watson is the son of Mr. and Mrs. W. A. Watson of Big Spring. He has been employed in Plainview for some time. At present, he is associated with the Alken gin and the couple will make their home in Lockney.

Mrs. Watson has been employed at the Floydada Drug for the past several months.

On the return of the bridal couple to Floydada, a reception was held at the home of the parents, when close friends and relatives attended.

Lift with your knees instead of your back, and you'll save many strains or other injuries.

Coffee Presents Mrs. W. D. Reaves

An introductory coffee was given Thursday morning in the home of Mrs. D. W. Pyffe, honoring Mrs. W. D. Reaves, formerly of Quanah.

Mrs. Reaves is the wife of the new pastor of the First Christian church and ladies of the membership of the church were hostesses for the occasion.

Mrs. Pyffe and the honoree received the guests, who called at 10 o'clock.

Mrs. Fred Brown presided at the silver coffee service, assisted by Mrs. J. C. Wester. The refreshment table was laid with a chartreuse linen cloth with silver and crystal appointments. A dark green napkin was used. Sand tarts and nut cookies were served with the coffee.

Various ladies of the congregation assisted with the hospitalities during the morning.

Rev. and Mrs. Reaves arrived in Floydada on September 15 to make their home here at the Christian parsonage.

Mrs. Reaves comes to Floydada highly recommended as a musician, being accomplished on both the piano and organ.

About one hundred women from various churches met the new first lady of the Christian church, at the coffee.

Winds -- Longhorns Annual Draws 4,000 Attendance

Anderson and Don Barber; and the stout defensive play and blocking of the entire squad, that turned the trick.

For the Longhorns it was Denny Quisenberry the line smashing full-back that provided the big show; Jimmy Williams the quarterback who turned in the longest run of the night to score for the Lockney team; and inspired play by the entire team in a game that was much closer than the score would indicate.

Starting Line-up
 Lockney: Jimmy Rankin, Jimmy Williams, Jimmy Scott, Carrol Carthel, Mickey Jones, Denny Quisenberry, Marion Cross, Weldon Jones, Eddie Foster, Roy Johnston, Billy McCada.

Floydada: Don Barber, Jimmy Dunn, Stanley Vickers, Gordon Joiner, Bobby Carmack, Jerry Bob Harrison, Cloyd Stephens, Norman Muncy, Jackie Jarrett, Bob Ashton.

Jack Womack
 Floydada received to open the first quarter. Allen Pinner kicked to Jackie Jarrett on the Floydada 5. Jarrett returned to the Whirlwind 30 where the Winds had first and ten. The Winds were unable to go and Glad Norman punted from his own 32 to the Longhorn 40.

Stephens Carries For Score
 The Longhorns were unable to gain first down yardage and the ball went over on downs to the Winds at midfield. Floydada's offense began to roll and they picked up first down yardage on the Longhorn 34 before Cloyd Stephens took a delayed buck over the left side and went the distance. Barber's kick with Harrison holding was no good. Score 6-0.

Stanley Vickers sunk a booming kick to the Lockney goal where it was fumbled before Jimmy Scott could gather it up and carry out to the 8. Tight defensive play by the Winds, including a jarring tackle by Jackie Henry held the Longhorn attack and they were forced to kick from inside their own 10. Gordon Joiner knifed through the Longhorn blockers and blocked Jimmy Williams' punt. The ball bounced behind the Lockney goal line where it was smothered by Leon Anderson, Whirlwind defensive end, for the TD. Harrison holding for Barber was good for the PAT and the score 13-0.

Vickers kicked to Williams on the 15 and the elusive little back returned to the 48 before being downed. A few plays later Barber intercepted Williams' jump pass and carried it from his own 38 to the Longhorn 29 before being downed. Barber got some fine blocking from his teammates on the long run.

See-Saw In Midfield
 Opening the second period the locals had the ball 1 and ten on the Lockney 27. Running plays advanced the ball to the 12 before Harrison hit end Jack Womack in the end zone for a TD. The kick failed and the score 19-0. At this point the game tightened up and was a see-saw affair until halftime when the Longhorns owned the ball at midfield.

Starting the second half Floydada kicked short to the Longhorns on their 45. The Winds defense held firm and the Longhorns were forced to kick with Williams punting from midfield to Stephens on the Winds 15. Stephens returned to the 20 where it was 1st and ten. Defensive play became rugged for both squads and punts were exchanged. Norman punting from his 21 to the Lockney 32, but the kick was run back to the 45.

The Longhorns then put on a drive that carried to the Floydada 17 before a fumble cost them the ball and Barber came up with it to give the Winds possession. Floydada advanced the ball to the 42 before they were forced to kick and Norman punted from this point to the Longhorn 40 out of bounds.

Williams over the Middle
 The Longhorns pushed ahead with Quisenberry grinding out yardage, and advanced to the Wind 39 before they kicked over the goal and Floydada took the ball on their own 20. The Lockney team held the Winds to 7 yards in three downs and Norman punted from his 27 to the Longhorn 42. The Longhorns picked up first down yardage on the Winds 47 before Jimmy Williams faked a handoff to line-ripper Quisenberry, who kept the ball, and found a nice hole

Jerry Bob Harrison — Senior Whirlwind quarterback — weight 158.

Jimmie Dunn — Senior Whirlwind tackle — Weight 195.

over the middle. Williams then cut to the right, picked up his blockers and went 47 yards to score standing up. Billy McCada then tried to sweep left end for the PAT but was brought down for a loss on the play. Score 19-6.

Before the third quarter ended Pinner had kicked off to Jarrett on the Winds 5 and he returned it to the 36.

Going into the fourth quarter the Winds fumbled on their 42 yd. line and Lockney took over. The Longhorns hit the line four times and gained nine to the 33 where the ball went over on downs.

Taking the ball from their own 33 the Floydada boys moved down field rapidly and had advanced to the Longhorn 8 before Harrison hit Ashton with a TD pass and made the score 25 to 6. The kick was not good.

Vicker's kick went deep to the Longhorn goal and Williams returned it to the 15. The Longhorn advanced to their 28 before a fumble cost them the ball. Anderson covered for the Winds to set up the final score. The Winds advanced 3 yds. to the 25 before Harrison again shot a pass to Womack who took it in stride and crossed the double stripe. Harrison held and Barber kicked and the score 32 to 6.

The big boys in the center of the Whirlwind line, Rucker, Dunn, Vickers, Carthel and Barber, turned in a good performance in holding the powerful Quisenberry as well as they did. Quisenberry did not score but was probably the decoy that gave his teammate Williams running room for his TD scamper.

Coahoma 20, Stanton 18;
Paducah, Spur, and Abernathy, had open dates.

DISTRICT 5AA SEASON PERIOD
 Last week district 5AA continued to make a strong showing in inter-sectional games winning 3 and losing 1. Big upset was Post loss, 0 to

52, to Sundown. Two weeks ago Abernathy took Sundown 13 to 12. Against common foes in these early games it appears that the favorites in the district should be Slaton, Tahoka, Abernathy, Spur, Floydada, and Post in that order. Of course Floydada has not yet met any of these, Sundown, O'Donnel, Ralls, which can be used as a yard stick.

Team	W	L	TP	OP
Abernathy	1	1	25	39

 Amarillo at Plainview;
 North Side (Ft. W.) at Lubbock.

FLOYDADA TAKES LOCKNEY IN "B" SQUAD SCRIMMAGE

Coach Paul Huntington's "B" squad came out on the long end of a scrimmage with the Lockney B's here Tuesday night with a score of 27 to 6. The Floydada boys hit fast and hard to score 20 points in the first period then coasted until the fourth quarter when they pushed over the final TD. The Lockney score came in the fourth quarter when Charles Vaughn passed to Doyle Crouch for eight yards and a TD.

The Winds scored on the first play they had the ball when Robert Stovall scampered 58 yards to cross the goal standing up. Bruce Hinkson plunged for the point. Stovall made the second score from about ten yards out, and Hinkson again carried for the point. George Chapman passed to Gene Swanner for thirty-five yards and the third TD, a pass by Chapman for the point failed and the score was 20 to 0 at the end of the first quarter. The Wind's final counter came on a six yard plunge by Larry White and Stovall, drove over for the point after.

VISIT AT WICHITA FALLS
 H. N. Powell of Dougherty accompanied by his daughter, Mrs. Edward Wester, visited over the week-end in Wichita Falls. They were guests of Mr. and Mrs. B. Nichols, formerly of Floydada. Mr. and Mrs. J. L. Nichols and daughter of Louisiana were also guests in the Nichols home. Mrs. J. L. Nichols is the former Helen Powell of Dougherty.

Mr. and Mrs. Gene Johnson and children went to Lubbock Monday on business. They also saw the parade.

R. L. Johnson received word that his brother, N. B. Johnson, who is 74 underwent major surgery in Little Rock, Arkansas, hospital Monday.

Mr. and Mrs. Q. D. Williams went to Fort Worth over Friday and Saturday. The children stayed with their grandparents, Mrs. Edgar Jones in Benjamin.

Lakeview H.D. club meets Thursday with Mrs. Wayne Russell.

Mr. and Mrs. Harve Thomas visited Mr. and Mrs. Earl Edwards sr. on Saturday.

Mr. and Mrs. Weldon Hammonds—and girls visited Mr. and Mrs. Harve Thomas Monday.

Mr. and Mrs. Tom Ball and son of Lubbock visited Mr. and Mrs. R. H. Peel Sunday. Also Mr. and Mrs. Kenneth Moody and sons of Lockney.

Verlon Wright)

September 28 —

Nichols of Harold, as a visiting her parents, Mrs. D. M. Moore of Mr. and Mrs. R. L. Nichols had a Sunday dinner at the home of Mrs. David Nichols on Thursday night.

Nichols visited Mrs. Verlon Wright on Thursday morning.

Mrs. L. D. Goughly visited Mr. and Mrs. Verlon Wright and family Wednesday.

Mrs. Verlon Wright and Carlton Fawver spent the L. D. Goughly home on Friday.

Mrs. L. D. Goughly visited Mr. and Mrs. Verlon Wright on Sunday.

Mrs. Buel Neff and Carlton Fawver visited the Verlon Wrights on Sunday.

Mrs. Buel Neff and Carlton Fawver were picnic guests at Lubbock, Sunday.

Mrs. P. J. Wilkes, Mrs. B. A. Robertson, Mrs. Buel Neff, Mrs. Fred Jones, Mrs. Charlie Wright, Mrs. Don Goughly, Mrs. Verlon Wright, Mrs. Floyd Wilkes at Lakeview Cone ball game on Saturday afternoon in Cone. The boys were victorious.

Girls won over the boys with a score of 24-7.

Spears of Lakeview treated all the members of the winning team to cokes.

Mrs. Neff wished to thank Mrs. B. A. Robertson who helped her in her room Friday and made it comfortable for her to attend the picnic.

Mrs. Charlie Wright was supper guests of the Verlon Wrights on Friday.

Visitors in the Warner home were Mr. and Mrs. Larry Coleman of Los Alamitos, and Mr. and Mrs. Warner Johnson returned home from Dallas Friday.

Visitors in the Warner home were Mrs. Wilma Virginia Lee of Los Alamitos, Mrs. Verlon Wright, Mrs. Wayne Russell and Mrs. R. L. Johnson, and Mrs. Gene Johnson.

Mrs. Verlon Wright and Carlton Fawver visited her brother and family after the N.M.U.—Flagstaff football game Saturday night. Joe and family Sunday.

Mrs. Verlon Wright and Carlton Fawver visited school teacher Charlotte Wright with her grandparents, Mrs. W. C. Wright in Dallas.

Mrs. D. E. Smith spent Thursday with her family, Mr. and Mrs. J. E. Smith went to Dallas Friday to visit another Mrs. H. C. Hargrove.

Homebuilders Met With Mrs. Mayo

Mrs. D. T. Mayo was hostess to the Homebuilders Home Demonstration club on Friday afternoon in her home.

Mrs. Elmer Norrell, vice-president, presided during the business session. Each committee chairman gave her report and Mrs. W. H. Bunch gave the council report.

A nominating committee was named to select new officers. They were Mrs. D. D. Shipley, Mrs. Lovell Jones and Mrs. B. A. Robertson.

The program was on aprons.

Mrs. H. W. Roberts gave a paper on "Aprons pretty and practical" and showed several pretty aprons.

Mrs. B. R. Robertson read "Aprons fill her purse."

Roll call was answered by each member showing her favorite apron. After the meeting an auction was held selling the aprons, Mrs. O. G. Mayfield acting as auctioneer.

Members who were absent are asked to bring the aprons at the next meeting, when a bake sale will also be held. Any kind of food will be sold.

Members present were Mesdames D. D. Shipley, Lovell Jones, W. H. Bunch, Bob Bratton, B. A. Robertson, H. W. Roberts, F. P. Fuqua, W. R. Daniel, O. G. Mayfield, and Mrs. Elmer Norrell.

Mrs. B. A. Robertson will be hostess to the club on Friday, October 9, at 2:30 o'clock in her home, Ralls highway.

'Aprons' Theme of Sand Hill Meeting

Mrs. T. C. Hollums was hostess to the Sand Hill Home Demonstration club on September 23 at the club room.

Roll call was answered with "Aprons I like."

The council report was given by Mrs. Fred Jackson.

The club voted to send two dollars to Mrs. Wesley Carr to help care for a colored girl.

Mrs. Lynn Miller and Mrs. A. V. Womack and Mrs. Jim Holmes were appointed the new recreation leaders by the president, Mrs. James Jeffers.

"Aprons fill her purse" was read by Mrs. C. B. Carmack.

Each member wore an apron. Aprons were numbered and exchanged as gifts.

Mrs. Fred Jackson conducted the recreation period.

Mrs. Hollums served a lovely refreshment plate to the following members: Mesdames James Jeffers, Lynn Miller, Fred Jackson, J. A. Miller, C. B. Carmack, Eddie King, H. F. Jackson, A. V. Womack, J. T. Spears and Mrs. Arlon Miller.

MRS. GRAVES IN HOSPITAL

Mrs. I. T. Graves is a patient in Pitts hospital, where she had an emergency appendectomy Friday night.

Mrs. Graves was reported Wednesday afternoon as rallying satisfactorily and hoped to be able to return to her home in a few days.

Some trees are estimated to consume 200 gallons of water a day.

South Plains News

(by Mrs. Murray Julian)

SOUTH PLAINS, Sept. 28. — Rev. and Mrs. W. S. Spearman and Charlotte left after church Sunday night for Dallas, Texas, where he will have medical attention. They hope to be back at the South Plains parsonage Wednesday evening. J. B. Thames will have charge of the prayer service Wednesday evening.

Mr. and Mrs. Menard Field of Floydada were supper guests Tuesday night of last week at the home of their daughter Mrs. Billy Stanforth, Jr., and family, in South Plains.

Kendis Julian, James Higginbotham, Victor Bond and Stanley Burleson attended the initiation rites at Floydada High school for the agriculture class last Tuesday evening.

Bradford Beedy left Fort Sill, Oklahoma, over the past weekend for Fort Leonard Wood, Missouri where he will be stationed during the next few weeks.

Mrs. Kearns's mother from San Angelo, Texas, is visiting here now. She was a visitor at church Sunday morning with Mrs. Kearns.

The South Plains WMS held a "Week of Prayer" at the church Thursday, Sept. 24, with a program of music and reports by members of the WMS. Mrs. Shelby Calahan gave a detailed report of this meeting at church Sunday morning, and the offering went to the Mary Davis Hill foundation for home mission work.

Mr. and Mrs. Brian Karr and children went to Lockney Sunday afternoon to visit Mrs. Elster McLeod, who is ill. They also visited at the Arthur Brown home.

Ronnie Upton had the misfortune to break his wrist during football practice last Tuesday afternoon. He was unable to play in the Lockney-Floydada football game Friday night.

Mrs. J. B. Smitherman left Monday for Lubbock where she went on the bus with the F.H.D.A. delegates who will spend the next few days in Galveston. Mrs. Smitherman will visit her sister, Mr. and Mrs. R. M. Nutt in Galveston, and her parents, Mr. and Mrs. P. K. McKenzie in Portland.

The South Plains Baptist church will be hosts to the Baptist Workers Conference for its all day meeting on November 10. The date was just announced for the meeting.

Elmo Fortenberry, Bobby McCormick, and David Jamison, who all go to college in Pueblo, Colorado, arrived home Wednesday in time for the funeral in Lockney on Thursday of Bobby's grandfather H. C. McCormick. They went back to Pueblo Sunday.

Mrs. Don Shurbet has been staying this past week and this with her parents, Mr. and Mrs. R. E. Young and family. Her husband, Don, left last week for overseas duty in the European area.

Mr. and Mrs. Harry Hartman have received word from Bob that he has left Japan. He is now stationed in Korea.

Mr. and Mrs. George Beedy, from Lockney, were supper guests last Tuesday evening at the home of Mr. and Mrs. George Weast at South Plains. They reported their daughter, Mrs. Ralph McGuire and family are moving to their new home in Laramie, Wyoming. Monday Mr. Beedy took up a load of their furniture to Wyoming.

So. Plains Club Meeting

The South Plains Home Demonstration club met Wednesday, September 23, at the home of Mrs. Arby Mulder, with co-hostess Mrs. Albert Stewart. Roll call began at 2:30, with "I'll bet you didn't know."

Mrs. H. L. Marble conducted the business meeting, and Mrs. Grigsby Milton gave the council report.

Mrs. H. R. Hartman gave a report on "A health problem." Miss Leila Petty gave a detailed demonstration on meat salads, showing how to prepare Meat and Macaroni salad, and "Meaty salad ring."

The decorative and good salads were part of the refreshment course which consisted of ritz crackers, drinks and cookies. On September 30 Mrs. Maureen Parks will give a copper craft lesson at her home in South Plains. The next home demonstration meeting will be at the home of Mrs. George Weast, on October 14, with Mrs. J. B. Smitherman co-hostess.

Mrs. Nancy Morckel will demonstrate candy making on that day. Members present at Mrs. Mulder's were Mesdames J. P. Taylor, Fred Fortenberry, L. T. Wood, Paul Snodgrass, E. P. Smitherman, Grigsby Milton, George Weast, M. M. Julian, Menard Field, Walter Wood, H. R. Hartman, H. L. Marble, Eulan Bradshaw, J. K. West, John Wilson, J. B. Smitherman, R. G. Dunlap, Miss Petty, and the hostesses, Mrs. Arby Mulder and Mrs. A. L. Stewart.

Mrs. Bill Beedy is visiting at this time in Oklahoma City, Oklahoma. She accompanied her mother, Mrs. W. B. Wilson, of Fairview. They will be gone several days.

Mr. and Mrs. M. M. Julian visited in Floydada last Monday evening with Mr. and Mrs. E. E. Joiner before Early left Tuesday for Rye, Colorado.

Mr. and Mrs. Ted Pitts and sons, Larry and Stevie, came from Lubbock Saturday to spend the weekend with her parents, Mr. and Mrs. R. E. Young, and Mrs. Don Shurbet. They were all visitors at church in South Plains Sunday morning.

Dean Stewart spent the weekend here with his parents, Mr. and Mrs. A. L. Stewart. Sunday he went back to Camp Hood where he is now stationed.

Leonard Hall was called to Dallas early Sunday morning by the death of his only brother. He will be in Dallas several days with his sister, Mrs. J. D. Smith and other relatives.

Mr. and Mrs. Skeet Thornton left Thursday for Savannah, Missouri, where they will be for the next few weeks attending to business and visiting relatives.

Mr. and Mrs. George Weast went to Amarillo to the Tri-State fair Friday. They remained over Saturday to go to the fair and visit their daughter, Mrs. E. T. Evans.

and Mr. Evans.

Mr. and Mrs. Murray Julian, Kendis and Bruce, were hosts Sunday at a birthday dinner given in honor of Murray Julian. Those who helped him celebrate the event were Rev. C. A. Joiner, from Lockney, Mrs. E. E. Joiner and Gordon, from Floydada, Rev. and Mrs. W. S. Spearman and Charlotte, Mr. and Mrs. Grigsby Milton, Donita and Barbara Sue, and Dale West.

Mr. and Mrs. G. F. Weast were hosts at Sunday dinner to their daughter, Mr. and Mrs. Robt. Lee Smith and children from Sterley. That afternoon they went to Sterley to visit Mrs. Ed Thomas, who is very ill.

Mr. and Mrs. A. P. Sanders were in Lockney a great deal this past week where her father, Grandpa Gordon lies critically ill. He has been in failing health for some time now.

Among those who went to the Mesa theatre in Lockney last Tuesday evening for the farm bureau meeting were Mr. and Mrs. Harry Hartman, Mr. and Mrs. Grigsby Milton, Murray Julian and Bryant Higginbotham. Mrs. Milton was the lucky recipient of a door prize which was a Universal automatic coffee maker.

Thursday evening, October 8, the South Plains Community Club will have its first meeting of the year at the school house. The meeting time is 7:30 when a covered dish supper will be enjoyed followed by a business meeting and games of "42".

The South Plains school will go to Lubbock for the day Thursday when J. B. Thames and Mrs. O. T. Hewitt will take their classes to the

South Plains Fair in two buses. Several of the parents will accompany the teachers to help with the children. The return trip home will start at 2:30.

Mr. and Mrs. George Weast were visitors in Lubbock Monday of this week where they attended the South Plains Fair.

CONGRATULATIONS TO:

Mr. and Mrs. Fred Applegate on the birth of a son, Thursday, September 24, at 10:30 o'clock in the morning in Tifford clinic in Plainview.

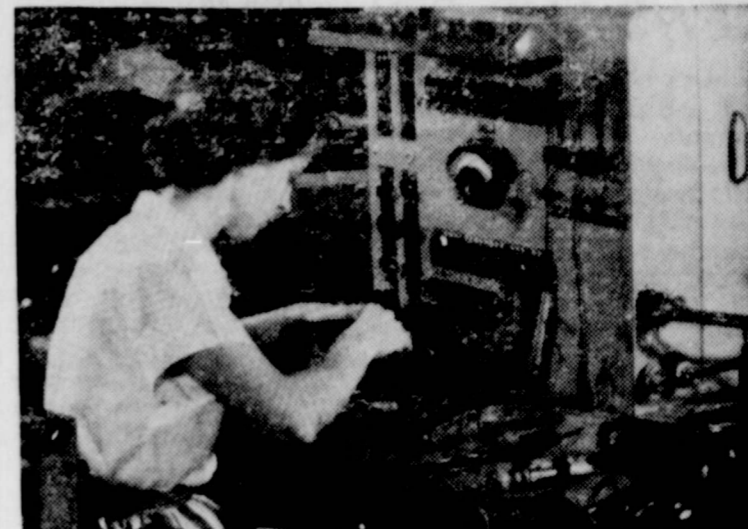

The baby weighed seven and one-fourth pounds and has been named Jackie Lee.

The paternal grandparent is O. P. Applegate of Monte Vista, Colorado and the maternal grandparents are Mr. and Mrs. H. A. Copeland of Floydada.

To separate utensils and keep them in place, a removable partition can be made to fit cabinet drawers. Use them for your kitchen and table silver, too. This makes for more efficient work and ease in doing the job.

The Floyd County Hesperian, Floydada, Texas, Thursday, October 1, 1953

New Telephones From Old

NOTHING IS WASTED in the telephone business. No stone is left unturned in our efforts to hold down the price of good telephone service. Telephone instruments, for example, are used and re-used. When a telephone is removed from a home or office it is checked. If anything is wrong, it is repaired, cleaned, refinished before it is re-issued, every bit as good as new. Economies like this help us keep your telephone service high in value — low in cost. **SOUTHWESTERN BELL** — A TEAM OF 27,600 TEXAS TELEPHONE PEOPLE... AT YOUR SERVICE.

THE FLOYD COUNTY HESPERIAN

Published by the Hesperian Publishing Co., Inc., at 212 South Main St., Floydada, Texas. HOMER STEVEN, Editor.
THURSDAY, OCTOBER 1, 1953

Established 1899 by Charles W. Ford as second class mail matter at Floydada, Texas, under the act of Congress 1897

VIEWS AND COMMENT

A public business like the school system is so public and is so entwined in the lives of the community that everybody has an opinion on how it should be run. Some think in terms of the teachers of their own children while others can show you quite well why the school system as a whole is good, bad or indifferent, according to the viewpoint. One thing we like in particular about the way school people run things is the financial arrangement in the interscholastic league. The schools participating must share and share alike after expenses, if they belong to the league. This was learned from dear experience to be a wise measure to keep athletic councils from "gambling" on the weather and the crowds. It also helps even up the score between "good" and "bad" football towns, giving all the schools in the conference a share alike in the good and bad luck that goes with such things.

Rain badly needed on many farms would do quite extensive damage on others in Floyd county at the moment. How to square the two needs would be difficult to say. Whereas wheatland and summerfallowed land needs and must have a good season to go into the fall season, the damage on the other hand to cotton in the fields would be enormous. We mean the damage in market price, particularly the loan price. Probably not a bale of cotton now open in the fields in the county that a rain would not damage \$25, maybe more. The way the cotton is now graded for the loan the value goes up fast as the grade rises, comes down faster as the grade drops. Hence the strain of cotton men who would like to get their cotton out of the fields as it matures.

Frost Saturday night? One of these long range forecasting concerns several days ago was telling their clients that the frost date could quite likely be Saturday night of this week, October 3, four days earlier than last year's quite early and unwelcome first snap that caught a good deal of cotton and feed not quite ready. The Indian signs and the old settler signs, generally better than the 17th story variety, indicate a frost much later. One says October 18, another after October 20 and one even puts the date as late as November 10. We favor a late date so strongly that we advise our customers who have tomatoes in the garden not to pick them Saturday.

Speaking of tomatoes, this has been a hard year on the tomato growers of the plains. The hot weather probably. Tomatoes are said to like a little sprinkling occasionally to make the new fruit set on the vine. There haven't been many sprinkles this summer

and that may be the answer. Whether the theory is a good one we leave to the plantologists. The fact remains that many a gardener who rated himself A-1 on tomatoes watched his vines in vain this season. Some even report their vines died in the garden with no apparent reason. And so far as we have observed there haven't been any home-grown tomatoes on the market. They grow them better here, that is, better tasting.

We missed a chance to do a good deed last spring, and we'd like to make amends at this time to a quite worthy idea backed by a quite worthy-minded organization in Wichita Falls. Everybody knows that Floyd county people have patients in the Wichita Falls state hospital, generally from half a dozen to 15 at a time. The Woman's Forum at Wichita has noted the serious need to air condition the recreation hall at the state hospital. They started out after \$12,000 last spring. What they finally got in Floyd county was a very small part of that amount. This recreation hall is where they have all the social and recreational activities, Church, moving pictures, card game, parties,—all planned group participation—centers there. But they all come to a stop when summer arrives. The mercury soars and all daytime activities in the center cease. The state hospital had about 2,772 patients this summer. Of these 15 were from Floyd county homes. This county had contributed \$25 the last we heard. If you can spare a dollar or so for this purpose, send it to the Woman's Forum, 2120 Speedway, Wichita Falls, Texas. The whole thing is solely in the interest of humaneness to humanity.

Last week's tax story in The Hesperian undoubtedly was read with general interest by property owners, especially big property owners, to whom taxes is a live and vital financial problem. We mentioned big totals including a grand total of \$318,000 that is assessed for 1953. Perhaps we should have added that collections, percentage-wise, will be down this year. Taxes assessed against a man who has not raised an average crop in three years, has had to let his cattle go, and now has no prospect worth the name in 1954, could conceivably be having trouble keeping his business on the level. In fact, we can assume that some of such residents are not going to be able to meet their taxes on the dot. They'll pay them all right, but it will be later. What would be your guess of the per cent who can't or won't pay? Is 15 per cent too high? The commissioners most likely realize the possibilities in the situation and are making their plans to get along on less than it says in the record book in the assessor-collector office.

Always Expect The Unexpected From Children

"Always expect the unexpected where children are concerned."

Col. E. B. Tilley of Houston, president of the Texas Safety Association, and services advisor for the Gulf Oil Corporation gave this advice to motorists today. Col. Tilley was speaking in connection with the traffic program for child safety being sponsored by the Texas Safety Association and the National Safety Council.

"When children get interested in playing ball, or running a race, or a thousand-and-one other activities that hold their attention, they are apt to forget for a moment the safety rules that they have been taught at home and in school," he said.

One moment of forgetfulness, Col. Tilley pointed out, can be fatal.

"Motorists always must be on guard for children," he said. "For when a child forgets, the driver must remember, if a tragic accident is to be avoided."

Col. Tilley gave four rules for motorists to follow to protect children on the streets and highways.

1. Remember that children are unpredictable and that the motorists must think for them in traffic.

2. Give young bike riders every break.

3. Drive with extreme caution near schools and playgrounds and in residential areas—in fact, near any place where children may be expected to gather.

4. Be especially alert in school areas for signs, signals, traffic police, patrol boys and for children themselves.

"The best advice on child safety anyone can give a motorist," he said, is contained in the September slogan of the Texas Safety Association and the National Safety Council: "Children May Dare Drivers Beware!"

Mrs. Betty Cash, of San Diego, California, was a guest of her two brothers, S. N. and George McPeak and their families last week. Mrs. Cash will visit in Houston before returning to her home.

to holding rain
is fails. The dif-

ference between a crop and no crop many years can be traced to the use of terraces.

Each year, more and more of us are realizing the importance of water conservation on dryland by the use of level, closed terraces. The day may be coming when most of the lakes will be dry. We will be using this water in producing much needed crops. Let us strive to that end.

The ACP program pays up to 70 percent, not to exceed \$2.00 per hundred feet of terrace. In order to receive this assistance, application must be made at the County P M A office, prior to construction, and minimum specifications must be met.

Farming and Farm Life Gets Better

Farming and farm life gets better on the South Plains all the time believes R. B. Gary, Floyd county Master Farmer.

He tells others about progress on the Plains in the article "No Meat on the Windmill" in the October issue of The Progressive Farmer magazine. Paved roads, a telephone system, and the advantages of REA have helped make farm life more modern. Instead of hanging meat on the windmill it now goes in the home freezer.

Irrigating and fertilizing have made crops more profitable. Although people have gone rather heavy on cotton the past few years, he believes it will remain a diversified farming area.

Folks have not let consolidation of country schools destroy community life. Instead they have purchased the school houses and turned them into community centers.

FHS Classes Elect

The 1954 senior class of Floydada high school met Monday and elected their officers for the year. The following were elected:

President, Donald Smith, vice-president, Don Barber, secretary, Norma Self, reporter, Pat Spears, treasurer, Ronnie Upton.

The sponsors of the class are Miss Anne Swepston, H. G. Barber, Bob Copeland and Robert Aldridge.

Junior Class Officers

The Junior class at high school last week elected their officers for the year as follows:

President, Jackie Jarrett, vice-president, Elton Turner, secretary, Roy Nell Hammonds, treasurer, Betty Blum.

The sponsors named are Mrs. Reeder, Mr. Colley and Mrs. Carroll. Everett Hill, photographer, made pictures of the class for the high-school annual, The Whirlwind.

HE INVITED EDWIN

When Bennie wanted a party, his mother consented on condition that he invite Edwin. The boys had had trouble, but, rather than not have the party, Bennie agreed to invite his foe.

When no Edwin turned up at the party, Bennie's suspicious parent sought her son. "Didn't you invite Edwin?" she asked sternly.

"Yes'm," replied Bennie meekly. "Did he say he wouldn't come?"

"No," explained Bennie, "I invited him all right, but I dared him to come."

— Exchange
To keep the coffee pot sweet, boil a weak solution of borax or soda in it occasionally.

Marketing Rough Feeds Thru Live Stock Profitable

Cattlemen are worrying about lower cattle prices and cotton growers are concerned about possible cotton acreage control. Encouragement for both is given in the article "Low Grain — High Roughage Rations That Are Cheap" in the October issue of The Progressive Farmer magazine.

A method of feeding has been developed by the Texas Agricultural Experiment Station at Spur that will provide a good market for roughages. All of the feed used in the Spur ration can be produced on the farms of the area by using various systems of water conservation.

And the value of sweet sorghum for silage may make it a good replacement for cotton if cotton acreage is restricted. A sweet sorghum which produces 6 to 10 tons of feed per acre is about as profitable as cotton crops produced in the area.

Sweet sorghum silage fed with a small amount of alfalfa hay is believed the most suitable combination of home-grown roughages for the Spur method of feeding.

Steers fed the Spur ration are started on 60 pounds of silage per head. In a 140-day feeding period, one steer will eat from 6,000 to 7,000 pounds of silage. If limited amounts of concentrates are fed, quality of the roughage is very important. However, if enough concentrates are fed, even cotton burs and other low quality roughages may be used to some extent.

When silage is plentiful and grain is scarce or high, silage and cottonseed meal may be used to fatten steers. Of course, when less grain is fed, it takes longer to get the steers to market.

Men in Service

WALTER HARRIS ON OKINAWA

OKINAWA — Pvt. Walter Harris, whose wife, Carol, and father, Luther Harris (mother deceased), live in Floydada, Texas, recently arrived on Okinawa for duty with the 29th regimental combat team.

A strong U. S. outpost in the Far East, Okinawa is located off the coast of China between Formosa and the southern tip of Japan. The island is the home of the Ryukyus command headquarters.

Harris, a rifleman in Company G, entered the army last December. He is a 1949 graduate of Northwood high school.

PORT HUENEME, Calif. — Among the members of U. S. Naval construction battalion two which has returned here from the Philippines is O. M. Oden, driver constructionman, USN, of 420 West Kentucky street, Floydada, Texas.

For the past year three mobile Sea Bee battalions have been constructing an advance base at Cubi Point, P. I. When completed, the base facilities will include a huge oil storage area, an airfield, a rock crushing plant and all necessary housing and administrative buildings for operation of the base. This project involved one of the largest earth moving operations ever attempted.

After leave and further training here, the battalion will return to Cubi Point to continue their work.

A livestock program based on the use of home-grown feed may answer the cotton farmer's problem. It will also give farmers a good opportunity to market their rough feeds profitably.

TRY THIS V8 POWER

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

UP a long steep hill—from a standing start—that's where you ought to sample this Buick's might.

Or on an ultramodern turnpike, where you can cruise at legal limit in a practically effortless loaf.

But try it you should—just to know the exuberant experience this V8 power can bring to you.

For this is automotive power that springs from a V8 engine of unique design—the brilliant new V8 Fireball engine that nestles under the hood of every 1953 Buick SUPER and ROADMASTER.

It is the world's first and only V8 engine with vertical valves, and a muffler of zero power loss.

It is the only standard-production American

car engine to reach 8.5 to 1 compression.

It is the first Fireball V8—with a host of advanced engineering features—and with the highest horsepowers, Series for Series, ever provided in a Buick SUPER or ROADMASTER.

You ought to try this spectacular new Buick engine.

You ought to try it for instant response, for almost effortless power delivery, for silken quiet.

And, very definitely, you ought to try it teamed with Twin-Turbine Dynaflo* for new, solid getaway and truly infinite smoothness. Getaway that's instantly responsive—and really easy on fuel.

Come visit us soon and we'll introduce you to a wonderful new motoring experience.

- WORLD'S ONLY CAR WITH ALL THESE FEATURES:**
- V8 Vertical-Valve Fireball Engine
 - Dynamic Flow Muffler
 - Twin-Turbine Dynaflo*
 - Power Steering** • Power Brakes**
 - Balanced Million Dollar Ride
 - Completely New Sweepstair Styling
 - Tilt-Away Slide-Away Front Seats (2-door models)
 - Custom-Rich Interiors
 - Panoramic One-Piece Windows Front and Rear
 - Double-Rail Front Bumper • Airconditioner†

As A Farm Woman Thinks

(by Nellie Witt Spikes)

Anadema

By Rose Demmitt

I am rich, for I have beauty
While the trees wear robes of
jade,
While the earth is strewn with
jewels
Over every hill and glade.

I am rich, for I have silver,
All my eager hearts can hold,
When the crystal rinddrops tinkle
And the frost is on the world.

I am rich, for I have vision
To embrace creation's gems,
And be grateful for the glory
Of God's shining anadema.

This is Monday morning, Sep-
tember 28, 1953. If I was not aware
of the date, the weather would tell
me it was the middle of July or
August. One hundred degrees on
the Plains is hot weather any time
of year. The heat began last week
and Saturday and Sunday were
very unpleasantly hot. Today we
are promised the same with a south
west wind blowing dirt all over us
as we sweeter in a shutup house.

Not so many years ago we were
in the maize patch at this time of
year, stinging with the maize as we
cut the heads and threw them in
the waiting wagons, the team
switching flies and getting off the
rows.

Or I was running a binder, cut-
ting the long lines of white kaffir
and stately tall sorghum. How
sleepy I would get after dinner! And
I would actually go to sleep for a
few seconds, wake up scared to
death at the thought of falling un-
der the heavy turning bull wheel,
or letting the team run away with
me. But in a few minutes, sleep
would cover me again and the
field and everything be blotted out
again.

The chaff off the heads of grain
together with spiders and all kinds
of bugs, fell on me the tightly tied
handkerchief around my neck not
able to keep everything from going

Ruth Roman, Gary Cooper, Barbara Stanwyck and Anthony Quinn comprise the starring cast of "Blowing Wild" which has its world-wide premier in the southwest, Floydada dates being October 4 and 5 at Palace theatre.

down my neck, the horses grabbed
at the heads of grain, swinging the
binder points off the row, leaving
swaying heads on their stalks still
standing. The binder twine would
break, unnoticed for a time. I had to
get off, bring up the long, long
string, roll it back on the ball and
start on again.

We usually had a mule in the
team, Pronto we called him. Just
before we would reach the end of
the row at the far end, Pronto
would begin trying to turn around.
My arms ached from the strain of
pulling the leather lines. All along
he had had to be slapped with the
lines to make him go. He was a very
contrary mule. My voice would get
hoarse with calling to the team and
the dust I swallowed as I shouted
at them.

Around and around the field we
went, only to breathe a sigh of re-
lief as the last stalk was cut and
bundles and shocks of feed stood
across the field. Do you wonder
that seeing a combine getting the
grain so fast and so well fascinates
me? The gasoline powered engine is
so much easier guided than Pronto
and Bird and Daisy of other years.

It is with sad hearts that we
read of the passing of Mrs. John
Babb of Post, once of Emma, and
at another time she lived in Floyd
county. Mrs. Babb was so attractive
to me, a young school girl. She was
so capable. I can see her as she
comes into the church, cheeks pink
and blond hair arranged so nicely.
A good mother she made, a good
wife, and I am sure her grandchild-
ren will tell you the same. As one
counts life today, she lived a long
one. Now she is at rest, and her
good works do follow her. God bless
you, her loved ones, may her life go
on in yours, giving the very finest
as she did, to her God and her

friends and her family.

I am going to make a bit of to-
mato ketchup today. I will select
ripe-red tomatoes, whole spices tied
in a cloth and taken out when the
ketchup is done.

I will boil whole onion with the
juice and take it out. For every
gallon of pulp use 2 tablespoons
salt, 4 of sugar, 1 of mustard (pow-
dered) 1 pint of good cider vinegar,
1 level teaspoon whole allspice clo-
ves, cinnamon and pepper.

Put spices tied in a bag and cook
with juice 1 1/2 hours, then add vin-
egar and cook until thick. Rapid
cooking will give a better color than
slow cooking. Do not let stick to
pan. Pour in bottles or jars and
seal.

CARD OF THANKS

We wish to express our sincere
thanks and appreciation to all our
friends and neighbors for the many
kindnesses shown during the ill-
ness and at the death of our father
and grandfather. Especially, are we
grateful for the floral offerings, the
food and every kind word.

May God's richest blessings be
with you.

Methodist Men KFLD Program Begins Sunday

Beginning Sunday, October 4
Station KFLD will broadcast from
1:00 to 1:30 p.m. each Sunday af-
ternoon a series of 35 programs
known as the Methodist men's hour
This is the second annual series of
Methodist men's hour programs
which are sponsored jointly by the
Methodist men of First Methodist
church and the board of lay acti-
vities of the south central jurisdic-
tion of the Methodist church. The
Station KFLD will have exclusive
coverage in this area.

The Methodist Men's Hour is a
30 minute transcribed program con-
sisting of music, prayer, and a 15-
minute sermon by Dr. Marshall T.
Steel, pastor of Highland Park
Methodist church in Dallas, Texas.
Dr. Thomas Marsh, professor of
speech, Perkins school of theology,

The Floyd County Hesperian, Floydada, Texas, Thursday, October 1, 1953

S.M.U. is production director, and
music is furnished by the choir of
Highland Park church under the
direction of Dr. Federal Lee Whit-
tlesey, minister of music.

The regular Sunday morning
service from 11 to 12 noon of the
First Methodist church in Floydada
is also a regular broadcast feature
of KFLD.

Family Surprises

S. N. McPeak With Birthday Dinner

S. N. McPeak was honored by his
wife and family at a surprise birth-
day dinner on Sunday, September
27 when relatives gathered at his
home to celebrate his 87th birthday.
Mr. McPeak has been a resident
of Floydada and Floyd county since
1901.

Mrs. L. B. Stewart, Jr., a grand-
daughter, baked a beautiful birth-
day cake for the honoree. It was
decorated with 87 candles.

Present for the gathering was a
sister, Mrs. Betty Cash of San

Diego, California, a daughter, Mrs.
Jessie Brown and a son, Vernon
McPeak of Floydada; two brothers,
George McPeak, Floydada, and
Jonah McPeak of Plainview; three
grandchildren, Melvin and Clifford
McPeak and Mrs. L. B. Stewart, Jr.;
two great grandchildren, Juanita
and Jo Stewart.

Other relatives and friends pres-
ent were Mrs. George McPeak, L.
B. Stewart, Jr.; Mr. and Mrs. Tom-
mie Kirsey and daughters of Ida-
lou; Mr. and Mrs. Wayne Seago
and Mrs. Ida Hamby of Plainview;
Mr. and Mrs. J. O. Reed of Olton;
Mr. and Mrs. J. M. Hamby and
son, Hereford; and Mr. and Mrs.
Buford Hamby of Edmonson.

ABSOLUTISM

I will not have a man in a su-
perior position who is not capable of
whipping a prisoner to death if
need be, and without a quail.

—Wilhelm Zaisser, Min. of State
of the East German "Democratic
Republic," quoted in Every body's
London.

Frost on the evaporator of the
refrigerator should never become
more than one-fourth inch thick.

Suggestions On Flower Display

In view of the forthcoming garden club fall flower show in Floydada Saturday, amateurs in exhibiting flowers will be interested in the following references to common errors and mistakes coming from an experienced flower show judge:

Typical of the faults and mistakes that prevent basically good annuals from standing a chance with show judges are:

1. Wilted material. Don't wait the last minute to decide what to enter. Specimens cut the morning of the show may look fine when you place them on the table, but by the time the judges get to them they will be hanging their heads.

Material to be exhibited should be cut several hours before the show, preferably the previous evening, and put in deep water immediately after cutting. Then keep in cool place until time to make your already selected arrangement. Don't wait until show time to decide and practice making your arrangement.

Bloom Condition Important

2. Flowers too far open or too tightly closed. Flowers must be beyond the bud stage, but not too wide open. They will not be ruled out but the judges will score them down as compared with blooms that are just the right stage. Opening can be delayed by keeping the cut materials very cold. Opening can be hastened by bringing cut material into a warm atmosphere and stronger light. A bloom may have been lovely in the morning when you brought it in—but just try telling that to the judge.

3. Poor foliage can ruin an otherwise perfect specimen. So make sure the foliage is free from insect injury and spray residue. Beware of crooked stems. Dirty foliage is a common ruin to a perfect flower. Wash off all leaves before cutting flowers and this will eliminate a lot of hard work before making an arrangement.

4. Size of bloom. The size of your bloom is not the only determining factor in a class for individual specimen, but it takes a beginner a long time to realize this. The condition of foliage and general excellence of culture are very important. So if you have a good flower for any class, don't hesitate to enter it just because it may not be unusually large.

Broken or Bruised Petals

5. Broken or bruised petals are another frequent cause of failure to win a prize. Don't be careless about handling your flowers. Don't carry flowers to a show in a crushed-up way. They should be in a box, if it is impossible to carry them in the containers you plan to use, supported by shredded paper or crumpled up wads of newspaper. Do be careful how you transport your flowers to the show.

6. The schedule must be carefully followed. If the class is for three blooms or stems, don't stick in five or more. If a spray is specified, don't use whole branches. If three or more specimens are to be shown together, try to have them as uniform as possible.

7. Poor display. Don't just stick your flowers in a container. Study the type of flower, where it is to be used then arrange according to its size and suitability to the container. Have a certain place for all your different arrangements.

The basic principal of any flower arrangement is design, scale, balance, color, focus, rhythm, accent and harmony. You must have all these to have a complete arrangement.

Floyd County 14 Years Ago

(Taken from the files of The Hesperian, issue dated October 5, 1939)

According to the ginners of the county, Floyd cotton harvest is in full swing. A number of the schools in the county closed to enable the students to assist with the picking. Some are closed for a two-week period, but most have just a week to help with the crop.

W. B. (Bates) McClung, former whirlwind football player, has leased the cafe on the highway and has named the cafe "The Lunch Box."

Mr. and Mrs. Burl Holt announce the arrival of a son born Saturday. The baby has been named Kenneth Burl.

The fall term of district court will get under way here Monday morning when the grand jury goes into session to examine a number of cases. District Judge Alton B. Chapman and District Attorney John Hamilton will be on hand early Monday morning to begin their work as will the other county officers.

C. B. Chandler began work last week as mortician with the Harmon Funeral home to succeed Edwin Brazier, who is moving to Crosbyton. Mr. Chandler and wife are from Pampa.

Miss Ina Sims was hostesses for a meeting of the 1934 Study club Tuesday evening.

J. G. Martin, manager of the Martin Dry Goods company, last week gave the go-ahead sign to his helpers for the celebration of the 25th birthday of the company. Mr. Martin has been seriously ill but hopes to be up and around for the celebration, next week.

R. E. Fry is celebrating his twenty-second year this week as a Southwestern Life Insurance man.

Mrs. Barbara Smith, postmaster for the Floydada postoffice, is in Washington, D. C. this week attending the national postmaster convention.

Jim Willson, Floydada lumberman, was the first to pay his 1939 taxes and was the first 1939 poll tax customer, thus leading the dash to the tax paying desk, which opened October 1. Close on his heels was J. H. Fowler of the Lone Star community, who has been No. 1 for the past several years.

New Reception Center at Bliss For Trainees

FORT BLISS, Texas - Beginning September 28, Army inductees from New Mexico, Arizona, and Western and Central Texas will report from their local induction centers to a new Reception Center at Fort Bliss, near El Paso, Texas. The Bliss reception center has been created as the result of a new Department of the Army policy to process Army inductees directly to Training Divisions or Training Centers where they will be trained. The new plan is scheduled to be in full operation here by October 1. It is expected to save time and money by cutting the period of induction processing to 72 hours and by eliminating much transportation cost.

Heretofore, new soldiers from the areas named were received at Fort Sam Houston, Texas, or Fort Sill, Oklahoma, and then assigned to various posts for training.

Under the new plan, the inductee will be sworn in at the nearest large-city induction center and given transportation and meal tickets to Fort Bliss. He will then be given 21 days to attend to personal and business matters, before reporting to Fort Bliss for processing and training.

Mr. and Mrs. Guy Ginn of Lubbock spent Sunday here the guests of Mrs. Ginn's parents, Dr. and Mrs. George Smith.

training. At the Fort Bliss Reception Center, which is attached to the Antiaircraft Artillery Replacement Training Center, he will receive an orientation on Army procedure, an initial issue of uniforms, part of his first month's pay, and physical and dental examinations.

He then will go to an RTC training unit for eight weeks of basic training. During this time he is given tests to determine which job he is best fitted for in the Army. The first eight weeks of basic training is identical in all branches throughout the Army.

By the close of eight weeks, the men will have been divided into groups by the department of the Army. For the concluding eight weeks of their basic training, some men will be retained at Fort Bliss for training in antiaircraft artillery, while others will be sent to various army posts in the continental United States for training in other branches of the service. Between the two periods of training, each man will receive two weeks leave.

At the conclusion of his 16 weeks of basic training, he will be given a permanent assignment.

CARD OF THANKS

We are deeply grateful for the beautiful floral offerings, the many cards and kind words and expressions of sympathy at the death of our mother. Every remembrance is deeply appreciated. May God's blessings be upon each of you.

The children of Mrs. C. W. Biller Gratefully acknowledging and thanking you for your kind expression of sympathy.

The Biller family.

Noland Re-Union Held on Sunday

A reunion of the Noland family was held on Sunday in the home of the father, T. M. Noland, at the family homestead north of Floydada.

All the children were present for the first time together in several years for the occasion.

Present were Mr. and Mrs. J. O. Warren and daughters, Alene and Darynn, Mr. and Mrs. T. R. Noland and Joe Richard, Mr. and Mrs. Paul Williams and children, Brenda, Ganelle, Sharon, Keith and Mrs. Bill Powell and Gary, also Mr. and Mrs. Delwin Williams and Terry, Diann and Billy, all of Plainview; Pfc. James Williams of Fort Hood, Mr. and Mrs. Collis Ro-

land, Mr. and Mrs. Janice and Larry, Alton Noland, Joe and Ce LaNelle.

A beautiful dinner at the noon hour and was spent in conversation.

Mr. and Mrs. J. R. Amarillo spent the day visiting in the home of the tree's brother and Mrs. Mal Jarboe.

To remove charred burns from an accident in them 15 to 20 clean in the usual way will improve.

AN ORDINANCE DEFINING THE VARIOUS KINDS OF GARBAGE, REGULATING THE KINDS AND SIZE OF RECEPTACLES IN WHICH TO PLACE SAME, THE MANNER OF ITS PREPARATION AND WHERE IT MUST BE PLACED TO BE COLLECTED BY THE CITY GARBAGE DEPARTMENT; PROVIDING REGULATIONS FOR COLLECTING SAME AND PROHIBITING THE PLACING OF GARBAGE OR ANY ARTICLE OR MATERIAL IN THE STREETS AND ALLEYS OF THE CITY OF FLOYDADA, TEXAS; PROHIBITING THE MEDDLING, SCATTERING CONTENTS, PILFERING OR JUNKING, WITH GARBAGE CANS, TRASH OR RUBBISH RECEPTACLES; PROHIBITING JUNKING OR CARRYING OFF THE PREMISES OF THE DUMP GROUND ANY ARTICLE OR JUNK; PROHIBITING THE COLLECTION OF GARBAGE TRASH OR RUBBISH BY OTHERS THAN CITY FORCES WITHIN THE CITY LIMITS; AND PRESCRIBING A PENALTY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FLOYDADA, TEXAS:

Section 1. This ordinance shall be known as the "garbage ordinance" of the City of Floydada, Texas. The word "premises" as used in this ordinance shall be taken to mean business houses, boarding houses, offices, theaters, hotels, restaurants, cafes, eating houses, tourist camps, apartments, sanitariums, rooming houses, school, private residences, vacant lots and all other places within the city limits of the City of Floydada, Texas, where garbage, trash or rubbish accumulates in ordinary quantities.

The various kinds of garbage shall be defined as follows:

(a) By the term "kitchen garbage" as used in this ordinance is meant, dry kitchen refuse, all meat, vegetable and fruit refuse, small dead animals and dead fowls, from any premises within the city limits.

(b) By the term "dry kitchen refuse" is meant the solids after the liquid or slop has been drained off.

(c) By the term "trash" as used in this ordinance is meant paper of all kinds, rags, old clothing, paper containers, old rubber, pieces of wood, boxes, barrels, crates, feathers, weeds, grass, tree limbs from any premises within the city limits.

(d) By the term "rubbish" as used in this ordinance, is meant tin cans, bottles, glass, scraps of iron, tin, wire, or any other metals from any premises within the city limits.

Section 2. It shall be the duty of every person, firm or corporation owning, managing, operating, leasing or renting any premises, or any place where "kitchen garbage" accumulates, to provide a portable garbage can constructed of galvanized iron, tin or other suitable metal, with two handles and a tight fitting cover of a capacity not less than five gallons nor over thirty gallons and the daily accumulation of kitchen garbage and dry kitchen refuse shall be placed in this garbage can. It shall also be the duty of every person, firm or corporation owning, managing, operating, leasing or renting any premises to place all trash and rubbish from said premises in boxes, sacks or barrels or other receptacles of reasonable size, provided that the gross weight does not exceed 100 pounds. Garbage cans, boxes, sacks or barrels of trash and rubbish and tree limbs shall be placed inside the property line at the edge of the alley, where there is no fence; where there is a back fence with alley gate, garbage can, boxes, sacks or barrels of trash and rubbish and tree limbs shall be placed against inside of fence at side of alley gate; if there is no alley gate, there shall be built a platform against inside of fence below top of fence so that garbage collecting vehicles can drive close up to fence and lift the garbage, trash or rubbish over the fence; and where there is no alley, kitchen garbage, trash and rubbish shall be placed inside curb line of street, to be collected by the city garbage vehicles.

Section 3. The places of wholesale accumulations, such as killing and dressing plants for fowl, wholesale fruit and vegetable houses, storage and other places, where the daily accumulation of kitchen garbage, trash and rubbish is more than the ordinary quantities, are not included in the service furnished by the City Garbage Department and such places are required to remove same to the city dump grounds at their own expense, in the manner and by the method directed by the official designated by the governing body

of the city.

Section 4. Heavy accumulations such as brick, broken concrete, lumber, ashes, clinkers, cinders, dirt and plaster, sand or gravel, automobile frames, dead trees, and other bulky, heavy material shall be disposed of at the expense of owner or person controlling same under the direction of the designated official.

Section 5. Waste oils from garages or filling stations shall be disposed of at the expense of the party responsible for same under the direction of the designated official.

Section 6. The City Garbage Department will not make collection of kitchen garbage, trash or rubbish or tree limbs where same is not prepared for collection and placed as designated by the terms of this ordinance and failure to comply with this provision will be an offense and each day's failure to comply will constitute a separate offense.

Section 7. The placing of kitchen garbage, trash or rubbish or any article, thing or material, in any street or alley within the city limits is prohibited.

Section 8. The disposal of kitchen garbage, trash or rubbish and that designated under Sections 4 and 5 of this ordinance or any kind of rubbish in any place within the city limits except at the city dump-

ing grounds, is prohibited.

Section 9. The meddling with garbage cans, trash or rubbish receptacles or in any way pilfering, scattering contents or junkings in any alley or street within the city limits is prohibited.

Section 10. Employees of and city officers directing operation of the City Garbage Department and persons delivering garbage or other rubbish to the city dump grounds are allowed on the grounds, all other persons are prohibited.

Section 11. All junk and other material of the Dump Ground is the property of the City of Floydada, Texas, and no person is allowed to separate and collect, carry off or dispose of same except under the direction of the designated official.

Section 12. The collection of garbage, trash and rubbish or of any kind of junk within the city limits

is prohibited except as provided for in Sections 3, 4 and 5 of this ordinance.

Section 13. Garbage cans shall be kept in sanitary condition and closed tightly, lime must be used at places where receptacles for the garbage, trash and rubbish are located to be collected by the City Garbage Department to keep down odors and flies. The contents of all receptacles shall be so protected that the wind cannot blow out and scatter same over the streets, alleys and premises of the city.

Section 14. That all ordinances and parts of ordinances in conflict with the provisions of this ordinance are hereby repealed, but the ordinance shall be cumulative of and supplementary to all ordinances relating to the public health not in conflict herewith.

Section 15. That if any section,

The Floyd County Hesperian, Floydada, Texas, Thursday, October 1, 1953

paragraph, sentence, clause or phrase of this ordinance be declared unconstitutional or invalid for any reason, the remainder of this ordinance shall not be affected thereby.

Section 16. The fact that there is no ordinance regulating the kind and size of receptacles in which to place garbage and regulating the collecting and disposing of garbage within the city of Floydada, Texas creates an imperative public necessity that the rules requiring ordinances to be read on more than one day be, and the same is hereby suspended, and that this ordinance

take effect from and after its passage, approval and publication, and it is so ordained.

APPROVED: J. A. Patterson
Mayor of the City of Floydada, Texas

ATTEST: B. K. Barker
City Secretary, Floydada, Texas.

Dr. and Mrs. G. V. Smith have returned home from a vacation trip to points in Colorado. Mr. and Mrs. A. P. Barker of Lockney accompanied the Smiths on the trip. Mrs. Smith and Mrs. Barker are sisters.

SPARKS & SPARKS — Floydada

Boost your car's power as much as 15% with New Conoco Super Gasoline with **TCP***

The Greatest Gasoline Development in 31 Years

Restores "new car" power!
Increases spark-plug life up to 150%!
Gives you extra gas mileage, too!

Today it is possible to put new power in your car—just by driving into a Conoco station and filling up with new Conoco Super Gasoline.

For Conoco Super with TCP is a new kind of motor fuel—truly the greatest advance in gasoline since the introduction of tetraethyl lead in 1922. New Conoco Super can actually increase the power of the average car as much as 15%. That's because TCP overcomes the greatest cause of power loss affecting most cars on the road today. Conoco Super with TCP is brought to you by special arrangement with Shell Oil Company. TCP is Shell's trademark for the remarkable additive originally developed for aviation fuel.

Combustion deposits drastically reduce power

When you drive your car, deposits constantly build up on spark plugs and in the combustion chambers. These deposits can "cheat" you of power in two ways. First, they short-circuit spark plugs—causing them to mis-fire. Second, deposits in the combustion chambers cause fuel to ignite before it should. This is called pre-ignition or "wild ping." The combined effect of mis-firing and pre-ignition is loss of power and wasted gas.

*Patent applied for by Shell Oil Company

How Conoco Super Gasoline with TCP works

New Conoco Super with TCP—a cresyl compound—dramatically overcomes loss of power and fuel caused by combustion deposits. TCP actually neutralizes harmful deposits on spark plugs and in combustion chambers. With new Conoco Super your plugs spark as they should. Your fuel ignites as it should. You get and keep "new car" performance.

TCP helps your car—whether new or old

Whether your car is old or new, you can enjoy the benefits of TCP. If you have a new car, with a high-compression engine, it will keep on delivering its built-in power as long as you use Conoco Super

Gasoline. If your car is an older one, Conoco Super will restore much of the power you have lost.

Conoco Super with TCP is at your Conoco dealer's today. Don't wait another day to start using this new kind of gasoline—the greatest development in 31 years!

See what Conoco Super with TCP can do for your car—
Start the "TWO-TANK TEST" today!

1. When your gasoline tank is one-quarter full or less, fill it with Conoco Super with TCP. Now, there will still be some ordinary gasoline mixed in with your Conoco Super. So...
2. Make sure your next tankful is Conoco Super, too. So rapidly does Conoco Super work that with this second tankful, chances are you'll feel as if your engine has had a tune-up. You'll feel a boost in power. Try it today. We're sure you'll stay with Conoco Super.
