FLOYDADA WHIRLWINDS 19, SLATON TIGERS 18 -- WHEW!

Floydada's hard-fighting Whirlwinds turned back the offensive-minded Slaton Tigers 19 to 18 here last Friday night in a thriller that left the fans limp at the final whistle.

Headsup defensive play and a strong south wind aided the 'Winds in their TD drives. The first 'Wind score came after Stanley Vickers stole the ball from a Slaton back at midfield and carried it to the visitors 15 before being downed. The second was the result of a fumble recovered by Jarrett on the visitors 22 and the last came after Slaton was unable to punt against the strong south wind and the ball rolled dead on the Tiger 39.

The Whirlwind offensive, unable to gain consistently, turned on the power when it counted and drove for three scores. Don Barber made good on one kick of the three. Two others that split the uprights were nullified by penalties.

For the fired up Tigers running from the tricky spread formation it was mostly Jerry Reynolds the quarterback and key man of the Slaton attack. Reynolds scored one TD, passed for another, made 95 yards rushing and passed to his teammates for another 128 yards. The Slaton defense contained the 'Winds on all but their scoring drives. Floydada turned in 6 first downs to the Tigers 16.

Win on Penetrations, Too
On penetrations that would have decided the game in case of a tie the 'Winds led by one. This came as a result of the kick-off return when Stephens took the ball on the 'Winds 32 and scooted to the Tiger 9 where he was downed by Sparkman. Slaton came close to making another penetration when they drove to the 'Winds 22 but were called offside and penalized on a play that carried in to the 18. First scoring drive came for

Floydada early in the first quarter after Vickers stole the ball and gave the 'Winds possession on the visitors 15. Stephens made a first down on the five and Harrison drove through on two bucks behind the charging forward wall. Score 6-0.

Slaton fought back and drove from their 28 on a series of plays that included a pass Sparkman to Wiley for 45 yards and other passes and runs by Reynolds. Sparkman made the TD from seven yards out. Both points were missed and at the end of the first it was tied up 6-6.

Go Ahead Again in Second
In the second period the 'Winds went ahead again. This time the score was set up just before the quarter changed when Jarrett recovered a fumble after a Tiger back was jarred lose from the ball. Starting the period the Floydada team owned the ball on the Slaton 29. From this point they drove in to the 2 with Jarrett, Stephens and Muncy carrying and Harrison rode over from the 2 on a power play down the middle. Barber's kick was good, and looked better as the game progressed.

Vickers kicked out of the end zone and was brought out to the 20. The Tigers drove to midfield before they exchanged fumbles with the 'Winds. Rucker recovered one for Floydada and then it was Harold Trout on one for Slaton. At this point the Tigers resumed their drive and it was Reynolds to Smith for the tally and the run for the PAT failed. At half time it was Floydada 13- Slaton 12.

Stephens Scoots Over
The third quarter was nip and tuck until the 'Winds took charge after a Slaton punt to the Tiger 39. After making first down yardage on the 28 Stephens scooted over for the score. The kick failed on the second attempt from the 17 following a penalty. Score 19-12 Floydada over Slaton.

In the fourth quarter the Tigers with the wind to their backs fought like their namesake. Vickers had kicked the ball out of the park before the teams changed ends of the playing field and Slaton started their razzle dazzle that carried their 80 yards to their final score. Reynolds went the last 23 with one of his fanciest exhibitions of the night. He then passed for the point after and it was dropped. Floydada 19 - Slaton 18.

The ball game was not over until the Tigers had owned the ball and threatened two more times. The first drive ended on the 25 and the final threat ended when J. E. Waller intercepted Reynolds pass on the 'Winds 28 and ran it back to the 35. Floydada owned the ball and was making yardage at the final whistle.

Harold Trout and Chester Fondy stood out on defense for the losers. For the 'Winds on defense it was Barbar, Vickers, Dunn, Rucker and Norman. The entire squad turned in a fine game considering the type of competition and the new formation they were facing.

EX-WHIRLWINDS AT HOWARD PAYNE
Two Floydada boys from last years Whirlwind football team have been working with the Howard Payne squad this fall. They are Kerwin Baxter and Charles Hartman. Charles received injuries in practice and is out of action for the time being, but Kerwin has been getting into the games

Bobby Carmack -- Whirlwind Junior guard.

J. E. Waller -- Whirlwind Sophomore back.

DISTRICT NEWS . . . ROUND-UP

District 5AA play started with a bang last week and three of the four teams seeing action proved to be championship contenders.

Abernathy took Post by a 32 to 7 score to mark themselves as possible district winners. This week the Antelopes play host to Floydada in a game that will tumble one of them from the undefeated ranks of district play. Abernathy, playing at home will have a slight advantage over the 'Winds who have squeezed through by the skin of their teeth twice already. Against one common foe (Tulia) the Antelopes showed 5 points the better offense.

Spur at Slaton will be a bang up game tomorrow night. Slaton will have to come through to keep from being eliminated and Spur will be out to protect a spotless record. Right now most Floydada fans will pick Slaton to do about what they set out to do. Jerry Reynolds of Slaton now has 90 points scored to his credit in addition to his fine passing record.

Post at Tahoka will be the third district game. Tahoka will be playing their first SAA contest and are favored to down the Post entry. A loss for Post would just about eliminate them from any hopes for the title.

REPORT FOOTBALL RECEIPTS FOOTBALL GAMES TODATE

Largest return to the athletic fund of Floydada high school so far this season was the Floydada Lockney game at Lockney, when the gate receipts were about \$2,000 before expenses were paid. Floydada received \$925.40 net for their part of the game.

The Slaton game drew the largest crowd of any home game for the Whirlwinds. Gross receipts from this contest were \$1568.50 after expenses were paid.

Other games from which receipts have been reported, showing only the gross income are Paducah game \$1476.00, Tulia \$1162.25. These receipts were divided evenly between the schools after expenses were paid.

From the Crosbyton game Floydada received for their part \$446.08. There had been no report from the Ralls game early this week. Chief expense for the game is the paying of officials.

I. T. Graves, superintendent of the Floydada schools, announced the above figures for the five games reported and also stated that there would be a complete report at the close of the season.

Mr. and Mrs. Jack McKinney and sons of Clovis, New Mexico, and Mr. and Mrs. B. W. Snell and sons of Lubbock visited Sunday with their parents, Mr. and Mrs. J. J. McKinney and Mr. and Mrs. Will Snell.

"I LIKE Everything ABOUT MY ELECTRIC RANGE"

says MRS. C. A. GORDON OF 1923 HARRISON, AMARILLO, TEXAS

"It's so nice to be able to put a meal in the oven, go out and then return to find it all cooked and ready to eat," Mrs. Gordon says. "Another thing that always amuses my guests—I use the warmer drawer of my electric range to hold the plates and the home freezer top to hold the food. This gives me a regular serving center for buffet meals. At first some of my friends just couldn't believe that a kitchen could be clean enough to serve buffet luncheons. But when I explained about my clean-cooking electric range, they saw the point."

There's just nothing to it, it's so easy, this modern electric cooking. And it's easy because it's so clean. Just look at this pan, there's no blackening at the bottom. Mrs. Gordon loves to tell folks about the cleanliness of electric cooking.

For roasting or broiling or cake baking you can't beat an electric range. Like Mrs. Gordon says, "Everything I bake, roast or broil always turns out so good. Your roasts, cakes or broiled steaks would turn out the same way if you were cooking electrically."

Mrs. Gordon uses her wall cabinet often. One thing she emphasizes, "My vegetables never have that wilted look when I cook them in the wall cabinet." Because so little water (just half a cup) is needed when cooking vegetables the electric way, you're sure of holding vitamins, too.

Cake baking is one of Mrs. Gordon's pastimes. She likes to bake cakes. Since cakes should bake long, Mrs. Gordon particularly likes the fact that her electric range requires no double boiler for 7-minute icing. The constant, controlled oven heat makes the difference.

There's no question about an electric range being modern. It has everything as Mrs. Gordon suggests. Plenty of storage space, too. Notice the large pans which Mrs. Gordon stores in the top drawer. And, there's more storage in the bottom drawers, too.

Group Discussion Held on Needs of Colored People

The 1929 Study club met October 15 at 2:30 o'clock in the district court room with the public as invited guests. The subject for discussion was "Need of Floydada colored people."

District Attorney John B. Stapleton was leader of the panel discussion which included Dr. George Smith, county health officer, Superintendent I. T. Graves, of Floydada schools County Judge Ralph Johnston, Mrs. Ada Bailey, welfare worker, Dr. R. Earl Allen and Gordon Downing, minister of the City Park Church of Christ.

The bright spot in colored town is the North Ward school. Superintendent Graves told of the growth of the school, over a ten-year period, the school growing from a one room, one teacher school to a five room school with five teachers and over one hundred pupils. The buildings have modern conveniences.

"We are very proud of our enlarged, well-equipped building, both the new one and the reconditioned building and the well trained teachers," Superintendent Graves said.

Dr. Smith stressed the important need for sewage in the colored section of Floydada.

After adjournment of the meeting, the members of the club met in the home of Mrs. E. E. Joiner, club president for a business meeting.

YOU

are needed as a

"Friend of Scouting"

THANKS TO YOU—and the hundreds more who support Scouting in this area, many boys and leaders were active during the past year as:

CUB SCOUTS

—The home-centered program for boys of 8, 9, and 10 years of age. During the past year hundreds of boys were active in this interesting and constructive Cubbing program. On September 1, of last year, the entrance age was lowered from 9 to 8 years making hundreds more boys eligible to be Cub Scouts. Additional Cub Packs are needed to accommodate the boys who want to be able to wear the blue and gold uniform of the Cub Scout.

BOY SCOUTS

—The boy in the khaki uniform and bright colored neckerchief has been a familiar sight for 39 years. His activity centers in his Patrol and Troop for boys of 11, 12 and 13 years of age. Many boys were active in this program during the past year and membership continues to grow as the 11 year olds (eligible since September 1) continue to join. More troops and leaders are necessary to meet this growing demand. The Scout Oath and Law are his guide to better living.

SENIOR SCOUTS

—'Exploring' is the new term applied to the three phases of the Senior Scout Program — Sea Scouting, Air Scouting and Explorer Scouting. Since September 1, young men can be an Explorer at the age of 14 instead of 15 years. Because of the high adventure activities available to Senior Scouts, the Explorer Program is growing rapidly and more Explorer Units are needed.

LEADERS

—During the past year, our adult Scout leaders were active in the Scout work. They included people like yourself—your neighbors serving as Cub-masters, Scoutmasters, Senior leaders, Committee-men, advisors, and ladies serving as Den Mothers in the Cub Program. Through their contribution of time, talent and money, your boy—or your neighbor's boy—has benefited from Scouting. They receive no pay—only occasional thanks from an appreciative parent and the satisfaction of helping a boy grow into better manhood. Funds are needed to provide these leaders with material and training.

Your Gift to Scouting Provides:

- Campus and Camp Staffs
- Training for Leaders
- Means to Organize More Units
- Trained Professional Staff
- CHARACTER BUILDING
- District and Council Activities
- Council Headquarters, Records, Supplies
- Direct Service to Units
- Regional and National Service
- CITIZENSHIP TRAINING

THE FLOYD COUNTY HESPERIAN

Published by the Hesperian Publishing Co., Inc., at 212 South Main St., Floydada, Texas. HOMER SPEEN, Editor.
THURSDAY, OCTOBER 22, 1953

Established 1898 by Charles W. Speen as second class mail at Floydada, Texas, under the act of Congress of 1897.

VIEWS AND COMMENT

Senator Lyndon Johnson says: "Unfortunately the fall in farm prices has been of little or no help to the consumer. An official government report says living costs are now at an all-time high. The food price index is up. One factor behind the increase is said to be higher prices for beef and veal. The farmer gets less. The cattleman gets less. But the consumer pays more." Has a demagogic ring, but you can't fault the statements of fact.

Bale to the Acre cotton down-state, the first time in a quarter of a century—all up and down the black land belt from north of Dallas on through to Waco and below—is the reason high plains people are wondering where all the harvest hands went to. Additionally this down-state crop was made in the late end of the season. It is a wonder crop to the people down there. They long since gave up having a big cotton crop—bale to acre stuff that made Ellis and adjacent counties the envy of all the south for generations. The people cottoned their land to death. Finally insects and the like, together with soil deficiency and depletion, caught up with them after a hundred years. Also came along machinery farming that did not fit in so well with small fields and tenancy. Cotton, the people of that country found, as we will find cotton is a good servant, a terrible master. When cotton finishes its tyranny the tenant and the land are gone with the wind.

On his Texas visit the president found himself beset with the local political grandee who would have a place in the activities or make the president and the party wish they had given him recognition. Men's ambitions to be powerful, to be recognized as such, to have place and pomp, make them do things like that. Though despicable they must have their day, according to the way of politics. If you want a man's support you must do something about him when he wants something, too. It is a fact not particularly peculiar to republicans or democrats.

Invitation to rain. In line with our report on how the last two big dry spells ended up—the one in 1891-3 and that other in 1916-18—we suggest that our readers begin being a little careless about closing their exposed automobiles overnight. Like, for instance, putting the windows up all around carefully to keep the inside of the car from damaging too much but leaving one window down somewhat or altogether as an invitation to the

weather man, who thus would think he caught you napping and rained on your car, and in it, to pay you for your carelessness. We sympathize with the men who don't want weather to bother them until they get their cotton out, but the country needs rain. Our state of mind about moisture for the parched earth is much like that of the Kansas newspaper man, whose banner head during a drouth in that state for weeks on end, was "Lord, send a rain!" Under it he wrote his lead story, too. He recited all the things and pled with his Maker.

If the weather does get right sometime next month, there will be a lot of cotton gathered in the month of January in Floyd county. So far the need for harvesters has so far out-pointed the harvest hands available that the price of cotton pulling is inching upward past the point of profitable return for the growers. Many of these are squeezed between the lease agreement and mountain-high expenses. Had cotton men known they were going to have open weather and sent after Mexican nationals to get their crops out of the field early it would have been a good thing. It may be too late now to be caught with a lot of contract hands that have to be provided for during enforced idleness occasioned by weather.

Stolen puzzler: Here's a tough one. In the following, if the same letter of the alphabet is inserted eleven times in the proper places, a complete sentence will result.

I E M E F A E D I I E I I G S.

Mechanical cotton harvesters threaten to make the cotton gins a bottleneck to the cotton industry. This results from the speed up of harvesting and therefore, a shorter harvesting season. Some type of storage must be used to relieve crowded conditions at the gins. Field storage has proved successful on the high plains.

A lot of women are trying to see who can get the most out of an evening gown.—Anon.

The annual run of grass fed cattle to market is on and this means more meat for the family table at comparatively lower prices. It's a good time to fill the family deep freeze or locker box with beef.

"Bigger pies, not smaller slices"

We ran across a new word the other day... "demographer." That's a research man who studies statistics on births, deaths, populations.

Well, it seems the United States will have 20 million more people aboard by 1960, or thereabouts. Logical enough. We gained 20 million people in the forties.

Bigger pies are the order of the day. In the electrical industry, for instance, men with sharp pencils have figured that demand for electric power will have doubled during the decade ending in 1960. More power equipment is therefore needed. More electrical machinery for industry.

And better pies. Americans insist on better products, year by year. Somebody has to pioneer things. Looking ahead for five, ten, fifteen years—creating new and better products and improving old ones—that is the business of General Electric. For seventy-five years progress has been our most important product.

The babies who come into the world today won't want smaller slices of the world's goods and opportunities. Or even the same slice. They'll want more. Wait and see. Nothing less is worth planning for by the people who must organize for the future. It's no job for pessimists.

You can put your confidence in—

ACTS LATE MOTORISTS WILL TEXAS INSPECTION STATIONS

Safety inspection stations are going to be established in Texas beginning next week. Inspected vehicles will be issued this new sticker. He said a cross-section of inspection stations in this area, four cars of every type have been inspected. The period, under the new law, will be from September 15 and 16. More than 3,000,000 cars are inspected, and during the seven-day period only a fraction of the cars are inspected. The proportion of cars inspected in this area is the same as statewide, he said.

defect," he said. "You may be gambling with your life if you are operating a mechanically unsound vehicle. Accident figures show that one traffic death in every ten in Texas is caused by faulty mechanism." The new law, Morris said, calls for the inspection of brakes, lighting equipment, horns, rear view mirror and windshield wipers. He urged motorists, however, to request that steering parts be also included in this inspection. Safety experts agree that automobiles should be inspected at least once a year as insurance against mechanical defects. Morris said that if motorists wait until near the spring deadline to have their cars examined, it will mean that many cars will not have been inspected for 18 months, three times longer than practical.

Chapter of F. H. A. Installs Officers

(Reported by Mona Williams) The Future Home makers of the Floydada high school had an impressive candlelight installation service Monday October 12 in the high school auditorium. Preceding the ceremony Dot Holmes rendered soft piano music. The officers to be installed took the pledge and as each girl was installed by the president, she was handed a lighted candle. They then repeated the F.H.A. creed and the members joined in signing the F.H.A. song. Following the beautiful ceremony a short business meeting was held, with the president, Eileen Handley, presiding. The girls voted on two worthwhile projects to be carried out before Christmas. One was to prepare a CARE package to be sent to a foreign country, the other project was to send stamped unsigned Christmas cards to the state mental hospital in Austin, these to be used by the patients to mail to friends and relatives. More information on these projects will be released at a later date.

Mrs. Witkowski and Mrs. Clark were elected chapter mothers for the year. Refreshments were served at the close of the meeting. Dues for the year are still being accepted by Mrs. Cooper and any girl who has not paid her dues and wishes to be a member of the chapter, should pay her dues as soon as possible. The next meeting of the chapter will be on November 9 at 7:15 p.m.

PAPER PROVES ATOMIC BLAST IS HOT STUFF

WASHINGTON — Paper thermometers — capable of determining temperatures ranging from 115 to 500 degrees Fahrenheit — are being used to measure the amount of heat radiated in atomic explosions. The thermometers were developed by the Army Quartermaster Corps. They consist of white pigment coatings on black paper. Each coating is designed to melt at a given temperature. When one of these stripes of paper is heated to its designated temperature, the white coat melts and disappears into the black porous, paper, revealing — the black background. Although primarily designed for use in conjunction with atomic blasts, they can also be used to test performance of gasoline engines, motors, heaters and other appliances. The paper thermometers are inexpensive, readily disposable, and thoroughly reliable.

Rites for Mother of D. T. Mayo at Nevada, on Sunday

Mr. and Mrs. D. T. Mayo and Mr. and Mrs. Gayle Mayo and son returned home Sunday night from Nevada, Texas, where they attended the funeral service for Mrs. John Mayo, mother of D. T. Mayo.

The deceased died at the home of a daughter, Mrs. J. W. Boyce, in Lubbock at 1 o'clock Friday. Mrs. Mayo, 95 years of age, had made her home in Lubbock for four years.

Mrs. Mayo was a native of Rogerville, Tennessee.

The funeral service was conducted in the First Methodist church at Nevada Sunday afternoon at 2 o'clock, with burial in the Nevada cemetery.

Rev. Morris C. Smith of Decatur, conducted the service. Survivors include one daughter, Mrs. Boyce, and five sons, D. T. Mayo of Floydada, Clyde Mayo,

Bonham, Bob Mayo, Garland, L. G. Mayo, Lubbock, Charlie Mayo, Ojai, California, 12 grandchildren and 14 great-grandchildren.

FAIRVIEW CLUB MET WITH MRS. PAYNE AS HOSTESS

The Fairview home demonstration club met Monday, October 1, with the president Mrs. C. W. Payne, as hostess. Good nutrition was the subject of the demonstration.

Roll call was answered with "why I like autumn."

Mrs. Payne was in charge of the business meeting and plans were made for the party to be in the home of Mrs. E. W. Walls on October 17.

A demonstration, "table settings for fall" was given by Mrs. Walton Wilson and Mrs. Jim Stewart and was very beautiful.

We did not have a meat demonstration as our meat leaders did not attend the meeting given by Miss Petty.

We urge all members to be present at the next meeting of the club which will be with Mrs. Shirley W. Irwin as hostess on October 26, at

which time we will elect officers for the club for the new year.

Lovely refreshments were served to Mesdames L. B. Cozby, T. L. Perry, Walton Wilson, Jim Stewart, Clyde Bagwell, E. W. Walls, Jan Perry and the hostess.

You'll get more than you expect

In feature after feature, Ford matches the finest . . .

with fine car ride . . . fine-car build . . . and fine-car V-8 GO!

Check these fine car features that are yours when you buy a Ford, the one fine car in the low-price field. You get glass area galore . . . the most in Ford's field. You get more usable inside space than in any other low-priced car. Seats are foam-rubber-cushioned both front and rear. You get such Ford advances as convenient Center-Fill Fueling and suspended clutch and brake pedals. But here are the big reasons why Ford is worth more when you buy it and when you sell it, too!

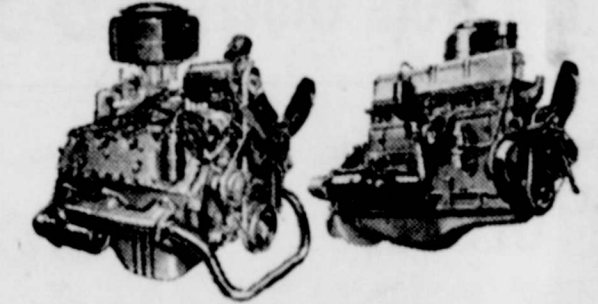

Up to 80% less road shock

Ford has reduced front end road shock (the kind you notice most) up to 80%. And by a perfect teaming-up of rear springs, diagonally-mounted rear shock absorbers and tailored-to-weight front springs, Ford has proved that a car can ride smooth as silk without gas-eating extra weight.

Built like the finest

Ford's hull-tight body is sealed against water, dust and draft. Body panels are made of steel of the same quality and thickness as that used in the costliest cars. Ford's rugged box-section frame has five strong cross members including a special K-bar member which adds extra twist resistance . . . gives longer car life.

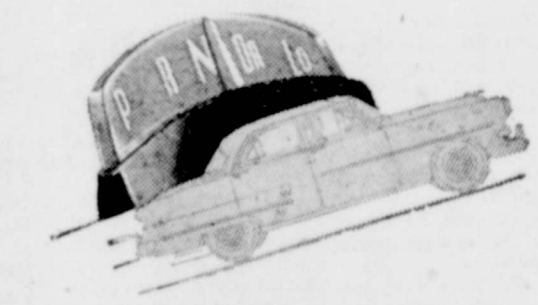

V-8 or Six power

Only Ford in its field offers you a fine-car high-compression V-8 engine . . . the result of Ford's experience building more V-8's than all other makers combined. And Ford's high-compression, low-friction Six is the most modern Six in the industry. Both engines have Ford's exclusive Automatic Power Pilot which squeezes the last drop of power out of every drop of gasoline.

Master-Guide power steering

Ford Master-Guide is the last word in power steering. It does up to 75% of the steering work for you when you need it . . . yet it leaves you with a natural feel of steering on the straight-away. And it helps you control the car on rough, rutted roads. Available on all V-8 models.

Fordomatic Drive

It's the finest, most versatile of all automatic drives . . . combines the smoothness of a fluid torque converter and the "Go" of automatic mechanical gears. Ford also offers you Overdrive and Conventional drive.

Book Review Given 1922 Study Club by Mrs. Willson

Mrs. Jimmy Willson reviewed Catherine Mitchell's "A Man Called Peter" for the 1922 Study club at their meeting last Thursday, when Mrs. J. B. Jenkins, 329 West Houston street, was hostess. Mrs. W. I. Cannaday presented the program.

Mrs. C. A. Caffee, presided during the business portion of the program.

Mrs. Wilson Kimble was named delegate from the club to the State convention of Federated clubs which meet in Austin on November 9-12.

Mrs. H. F. Koenen was welcomed as a new member into the club.

Roll call was answered with a news flash and Mrs. W. S. Poole and Mrs. Glad Snodgrass gave the club collect using flowers.

Two guests were present at the meeting, Mrs. Charlie Brown of Waxahachie and Mrs. Willson.

The hostess served individual pumpkin pies and coffee to Mesdames P. W. Bell, C. A. Caffee, W. I. Cannaday, W. H. Henderson, Edd Johnson, Wilson Kimble, H. F. Koenen, E. J. Morehead, W. S. Poole, O. P. Rutledge, Glad Snodgrass, E. P. Stovall, Noel Troutman, and J. M. Willson, members, and the guests, Mrs. Brown and Mrs. Willson.

Mrs. W. H. Henderson will be hostess to the club at the next meeting on November 5 at her home.

Coffee, Book Review Tuesday Morning

Tuesday morning at 10 o'clock, Circle Two of the Womens Fellowship of Christian Service of the First Christian church, presented Mrs. Ralph Johnston in a book review, "The Silver Chalice," by Costain.

Circle members and friends enjoyed coffee before the review in the church parlor.

Mrs. R. C. Henry, jr., was at the guest register and Mrs. Kinder Farris, president of the circle with Mrs. W. D. Reaves, the pastor's wife, received the guests.

Mrs. W. W. Goen poured with Mrs. Glen Jarnigan, assisting, serving assorted cakes at a beautifully laid table, having fall flowers and leaves in large silver bowl for centerpiece.

A copy of the book, "Silver Chalice" with a silver cup and a bible with the cover made of wood from Mt. Olive purchased by Mrs. Fred Brown in Jerusalem.

Before the review Mrs. W. D. Reaves rendered organ music.

Approximately fifty ladies enjoyed the book which Mrs. Johnston reviewed in a most charming manner.

Pastors Helpers Are Entertained

The Pastor Helpers class of the First Methodist church were entertained on October 9 in the home of Mrs. D. D. Shipley with Mrs. Helma K. Green as co-hostess with Mrs. Shipley.

A lovely covered dish luncheon was enjoyed at the noon hour with the Reverend Wayne Cook, Reverend C. W. Williams and Reverend and Mrs. Tilden Armstrong special guests at the luncheon.

The following members were present: Mesdames Lula Slaughter, Addie Thagard, W. E. Walker, O. B. Olson, F. A. Dickert, Will Snell, W. H. Alexander, S. E. Thurman, Emma Jahnke, P. M. Felton, also Meses Lillie Henry, J. E. Laughlin, Mable Miles, J. J. McKinney and Miss Mary Hendricks.

Ever stop and look at a thought? Just pluck it out of midair, where someone tossed it in conversation, and examine it under a microscope?

An idea, about the size of a raindrop maybe, comes out of some body's head. Doesn't look like much at first glance, and yet it's full of meaning.

Whole books have been written about thinking as a science, but most of us haven't read them. Fact is, we're amazed to find we go through a scientific process every time we think about anything.

If Junior wakes up with a cold, we weigh the values: Shall he go on to school and take that test, or had he better stay home today? Of course, if we keep him at home, he'll fret over the test so that he'll be sick sure enough. He doesn't really feel bad; colds don't bother him. Still, he'll likely spread germs, and some of the other kids may be less hearty. Induction, deduction — finding answers, weighing them against known facts, and coming up with the best solution of which we're capable.

True, if we've promised to help at the church that day, and there's no one to stay with Junior, our thinking takes a short cut to fit our convenience: Junior goes on to school and we're guilty of rationalizing.

Or if the family has planned a trip, we'll look ridiculous saying he's too sick to go to school today, then taking him off on vacation the day after tomorrow. So we pretend his cold clears up. That's wishful, or dishonest thinking (the books say).

Little thoughts, like raindrops, reflect a lot that doesn't seem to be a part of them: prejudices, likes and dislikes; ignorance of certain factors; even, sometimes, what we ate for supper.

We didn't think much of atoms, either, until scientists began looking at them critically.

Birthday of Jno. A. Lloyd Occasion for Family Gathering

John A. Lloyd was the honor guest at a family dinner at the home of his daughter and son-in-law, Mr. and Mrs. G. W. Smith on Sunday of last week October 11. The gathering was to observe Mr. Lloyd's birthday.

The list of participants in the delightful dinner included the honoree and Mrs. Lloyd, Johnny Lloyd, Miss Janet Lloyd, a student at Texas Technological college, Mr. and Mrs. Ray Lloyd, their sons, Melvin and Dale, Mrs. James Sowell and children James Lloyd, David, Gaudie Lee and Benny, Mr. and Mrs. Lewis Lloyd, Mr. and Mrs. Fred Lloyd and children, Cynthia and Gregg, and the host and hostess, Mr. and Mrs. G. W. Smith, their children, Dale G. and Frieda.

TWIN SISTERS ARE GIVEN PARTY ON THEIR BIRTHDAY

Saturday, October 17, was Kay and Gay Pruitt's birthday, and their mother honored them with a birthday party at their home on Saturday afternoon.

Twenty-five little friends were invited to come and help the twins celebrate. Games were played in the yard at the Pruitt home and punch, cookies and birthday cake were served the guests.

Favors were tiny baskets filled with candy. The birthday cake was iced in pink and had nine candles on top.

Gay and Kay are the twin daughters of Dr. and Mrs. J. G. Pruitt of 208 West Missouri street, Floydada.

Tuesday — Italian spaghetti, creamed potatoes, blackeyed peas, lettuce wedge, fruit, pudding, bread milk;
Wednesday — pinto beans, greens, spiced hominy, tomato slice, Boysenberry Delight, hot cornbread, milk;
Thursday — meat loaf, creamed potatoes, wax beans, lettuce and tomato salad, cookie and peach half, milk bread;
Friday — Tuna salad, potato salad, jello salad on lettuce, cucumber pickle slice, cake square, bread, milk.

(by Mrs. James Jeffress)
SAND HILL, October 20. — The cotton is moving to the gins very slowly as there are still no cotton pullers in the community. The Sand Hill club met Wednes- day afternoon with Mrs. A. V. Wo- mack as hostess. There were 13 members and four visitors there. The next club meeting will be Octo- ber 23 with Mrs. Mores Raley as hostess. The Sand Hill school nominated their candidates for queen this week. They were Beverly Jeffress, queen; Joe Allen White, king Gwen White and Cecil Jackson, attend- ants; all in the first three grades. The fourth and fifth grades nomi- nated Alfa Womack, queen; Bob- ble Carson, king; Margaret Green and Norman Ferguson, attendants. Thelma Ferguson, queen; Leroy Adams, king; JoEllen Jackson and Bobble Carson, attendants were nominated in the sixth, seventh and eighth grades. The queen for the school will be selected on Octo- ber 29 when the school will have its annual Halloween carnival and coronation. The club women are in charge of the carnival. Mr. and Mrs. C. B. Carmack vis- ited in the home of Mr. and Mrs. Johnny Miller Tuesday night. Those winning gifts at the co-op elevator meeting Tuesday night were Mr. and Mrs. J. R. Turner, a universal coffee maker and Mr. and Mrs. Monroe Schulz, an electric razor. It was reported that several names from the community were called but were not present. Guests in the home of Billie Gail Holmes Wednesday evening and night were Carolyn Raley and Thelma Ferguson. Those attending the funeral of W. C. Erwin at Crowell last week were Mr. and Mrs. Lynn Miller and family, Mr. and Mrs. Orion Miller, Mr. and Mrs. Orbra Miller and Mr. and Mrs. Bertram Jack of Priona. Mr. Erwin was an uncle of the Mil- lers and the last living brother of the late Mrs. W. E. Miller. Mrs. Rafe Ferguson and Mrs. James Jeffress will give a dem- onstration on canned meats at the next club meeting. This will not be an all day meeting. The new offi- cers will be elected and Mrs. H. F. Jackson will give a short book re- view. Mr. and Mrs. Marvin Swanner and Mr. and Mrs. T. C. Hollums were in Plainview Wednesday on business. Mrs. Mattie Baird was on our sick list last week. **W.M.S. Meeting** The W.M.S. of the Baptist church met in the home of Mrs. James Jeffress Thursday afternoon. The meeting was called to order by the president, Mrs. Marvin Swanner. The minutes were read and approved. Mrs. T. C. Hollums led the opening prayer. The meeting was turned over to the program chairman, Mrs. J. R. Turner. Each member had part of the program with the theme being "Sinful World, Sufficient Savor." Those attending were Mesdames M. B. Swanner, Eli Horton, J. R. Turner, T. C. Bro. J. M. Figsley held services at the church of Christ Sunday. There was a fair attendance. Since there will be no club meet- ing until next Wednesday, I would like for each member to be think- ing about achievement day. It will be Thursday, October 29, at Lock- ney. The tour will be in the Pro- vidence community. Each club will limit their exhibit to one table. Mr. and Mrs. L. L. Higgins of Tulla were the Sunday guests in the home of Mr. and Mrs. Lynn Miller and family. Mr. and Mrs. Fred Gross left Monday for Dallas where Mr. Gross will receive another check-up. Visiting in the A. V. BOYS --- Important The Surest Things in Life -- What Happens to Them is Exceedingly Important

On my honor I will do my best To do my duty to God and my Country, and to obey the Scout Law.

To help other people at all times.

To keep myself physically strong, mentally awake, and morally straight.

Scout Oath.

JIM'S Troop broke up and they need help to start again.

JACK has been a Scout for two years.

YOU KNOW THESE FELLOWS!

BILL is not a Scout. He would like to be one but he thinks Scouting is only for city boys. He lives 10 miles from any town and it's impossible for him to get to town for meetings. Bill does have chores to do, but still he has time of an evening. He spends most of his evenings reading, but he would sure like to try some of the things Scouts do. Bill's older brother is willing to help with Scouting, but he doesn't know just what to do. And there are about five fellows who live close and they would like to join, too.

JIM used to be a Scout, but the troop broke up when the teacher, who was a Scoutmaster moved. Jim was just about up to First Class, too, and he would have finished it up in the summer when the swim- ming pool opened up and he could pass his swim test. There's been some talk around about starting up another Troop, but none of the men want to take hold of it until they know more about it. There's not a lot of things for a boy to do in a small town so Jim is really hoping someone will do something.

JACK is the new Patrol Leader of Eagles. He went camping with the Troop last summer. In fact, that's where he learned how to be a Patrol Leader. Jack has been a Scout for two years now, and he's got his Star rank. He figures that in two months he will pass his Life. "Scouting's swell," he says, and the guys in his Patrol are going to set a record that'll always be remembered in the Troop. "My ambition is to become an Eagle Scout and some day perhaps Scout- master of our Troop."

DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

It's the RIGHT CAR!
What's the "right car" for you? It must be handsome, of course. A good performer, too. And dependable? Economical? For beauty, Pontiac offers the Silver Streak distinction that is admired everywhere. The power and stamina of Pontiac's rugged, high-compression engines are unmatched at anywhere near the price. Pontiac's dependability and long-life economy are a matter of record. For every important value extra Pontiac's your car!

It's the RIGHT PRICE!
The price of a Pontiac will never sway you from buying the right car. Pontiac engineers discovered long ago that—for very few extra dollars in price—they could build into Pontiac cars a great deal of extra quality. Come in and let us prove how easy it is to own a big, luxurious, fine-performing Pontiac!

It's the RIGHT TIME!
Your present car will never be more valuable as a trade-in! So don't put off the pleasures of Pontiac ownership. "Dollar for Dollar you can't beat a Pontiac" never meant more than it does today! We're sure you'll agree it's the right car—the right price—the right time.

Medicine Men Invade Agriculture

Man is a contrary animal. He is positive that he knows more about what ails him than his doctor, but he will part with a hard-earned dollar any time he hears the spiel of the medicine man.

This quirk of human nature has made many a fortune. A few of the current "medicine man" bonanzas are insecticides, liquid fertilizers, and mail-order plant bargains.

Texas has many reputable manufacturers and dealers of these products. Because they are reputable, they make only claims which their own research has confirmed.

These manufacturers and dealers are careful to register their products under the state law and to comply with the letter of the law. They welcome tests of their products by the Texas Department of Agriculture.

Yet, many a home gardener and farmer ignores the facts. They fail to take the advice of those state men whose salaries are paid by taxes just for the purpose of knowing such things. Instead, the consumer harks to the siren song of the medicine men who make claims like this:

"My fertilizer contains valuable radioactive materials which have

magical properties....."

If that were true, all fertilizers would have these "valuable radioactive materials." And they would cost about \$1,000 a ton. This is just a modern version of the "Old Indian Remedy" routine.

Or the medicine man declares, "This wonderful new insecticide will rid your crop of all harmful pests with just one application."

That depends upon what insects the huckster is talking about. No present insecticide that I know of is effective against the pink bollworm once the Larva is inside the boll. Maybe his product will stun the pink bollworm in the moth stage but the buyer is lead to believe the "marvelous new chemical" will assure an absolute kill at all phases of the insects' life cycles.

"My invigorated nursery plants will grow even in rocky land—and they are amazingly cheap. Just send \$1.98—"

I suppose you could grow an oak tree on top of a cement sidewalk if you kept enough good soil packed around the roots. Yet, thousands of people are misled by this sort of advertising.

The medicine man knows that some day the law or the people will catch up with him. But he also knows that by that time he will have plenty of capital for the next medicine show.

So when you hear the spiel of the medicine man, either on plants, fertilizers or insecticides, call the doctor! Consult with inspectors from the Texas Department of Agriculture, Capitol Station, Austin.

Surveyor Attends Meeting of Assn.

County surveyor Walter D. Newell, who is also a licensed state land surveyor, spent the first four days of last week in Austin, where he attended the sessions of the Texas Surveyors' association and a short course for surveyors, held in the hearing room of the Texas State Highway building.

Newell was a vice-president of the association during the year past. Among other surveyors of the state who attended was George A. Linder, of Amarillo. The latter was named on a nominations committee for 1954.

In addition to their business sessions and shop talk periods the surveyors spent part of their time in the capital city in the office of the General land commissioner of the state, where the state land records are maintained.

BOY BORN AT BRYAN IS A GREAT GRANDSON OF MRS. JENNIE BISHOP

Mrs. Jennie Bishop and other relatives here have received announcements of the birth of a son to Mr. and Mrs. Jerry Ed Bishop. The baby was born on September 27 at a Bryan hospital. He has been named David Ed Bishop, weighing slightly more than seven pounds at birth.

The father of the new boy is in Korea, where he is serving with the army. The mother is making her home in Brenham with relatives while her army husband is absent from American soil.

Mrs. Jennie Bishop is a great grandmother of the baby, which is the grandson of Mr. and Mrs. Ed Bishop of Dalhart.

Mr. and Mrs. Charlie Brown of Waxahachie visited the past week with Mr. and Mrs. Noel Troutman and other relatives. Mrs. Brown is a sister of Mr. Troutman.

Mrs. W. I. Cannaday left Friday morning by plane for Austin to visit her daughter, Mrs. Poy Stewart and other relatives and friends. Mrs. Cannaday will also visit in Dallas before returning home.

Mr. and Mrs. H. M. Shoup, of Wichita Falls, have been visiting this week in the home of Mr. Shoup's sister, Mrs. W. U. Riggle and Mr. Riggle. Mr. Shoup who has been ill for the past several weeks is now recuperating.

THIS IS A "TRANSISTOR"... the most important single invention ever developed by telephone scientists. Now used mostly for military purposes, it promises to revolutionize the design of many everyday electronic devices, from hearing aids to television sets. In telephone equipment it is expected to replace vacuum tubes—doing the same job, but taking up far less space and using far less power. Not all the new ideas developed by telephone research are as exciting as this. But every year an average of 260 inventions and improvements are made to help us keep our telephone service high in value—low in cost. SOUTHWESTERN BELL... A TEAM OF 27,400 TEXAS TELEPHONE PEOPLE... Biddy to Roswell; To Manage Courts

B. L. Biddy, who recently announced he would move to Roswell, New Mexico, will have the management of one of the better motels in that city. He said he had contracted to manage La Cima courts for at least a year. The Biddys left for Roswell last week.

Interested in farming and automobile sales here, Mr. Biddy recently has been associated with K. Crouch Motors in the Chrysler dealership. He is keeping his farm land in Floyd county as well as the family residence at 619 West California street.

Sister of Mrs. W. W. Smith Succumbs

Saturday of last week Mrs. W. M. Jones, of Shreveport, Louisiana, only sister of Mrs. W. W. Smith, Floydada, died at her home there at the age of 79.

Mrs. Smith, due to her health, was unable to attend the last rites, which were held Sunday afternoon, October 11. Interment was made at Red River cemetery, near Denton, Louisiana.

Besides the sister here, Mrs. Jones is survived by a brother, Ed Byrd of Waco, by nine children and several grandchildren. Mr. Jones preceded his wife in death.

Something really Special - in power, room, ride, price

WE picture here a car that keeps our order book pages turning quicker than quick.

It is the 1953 Buick SPECIAL 4-Door Sedan—the bargain value that doesn't stay long on our showroom floor.

For this is the best-selling Buick in the land—snapped up by eager buyers who know something really special when they see it.

For your information, we present some SPECIAL facts.

It has a Fireball 8 Engine with the highest power and compression ratio ever placed in a Buick SPECIAL—plus, if you wish, the instant getaway response and utter smoothness of Twin-Turbine Dynaflo.*

It has easy-sitting-room for six adults—as much room as you'll find in cars costing hundreds of dollars more.

It has a ride unique among automobiles. The

Buick Million Dollar Ride. The soft and steady and ever-level ride that comes of coil springs on all four wheels—a full-length torque-tube drive—a massive X-braced frame—a solid and substantial roadweight poised with meticulous balance on broadly spaced wheels.

But what makes the Buick SPECIAL so extra special is the low delivered price it carries.

It is a price just an easy step above the so-called "low-price three"—and a price that gives you more room and power and ride-comfort for your money than you get in any other car, except another Buick.

Wouldn't you like to see, sit in and drive one of these great-powered Buicks—look into its beauty, its luxury, its handling ease—and judge for yourself how small a price tag it wears?

Phone us this week, or drop in. We'll be happy to arrange a demonstration.

*Standard on Roadmaster, optional at extra cost on other Series.

Early Overseas Mailing Urged For Christmas

Instructions from the Assistant Postmaster General have again designated the period of October 15 to November 15 for the acceptance of Christmas packages for members of armed forces serving outside the continental United States. The Christmas mail must be mailed between these dates if they are to be received by the personnel overseas in time for Christmas.

The importance of early mailing of parcels to the members of the armed forces overseas cannot be over stressed also the proper preparation of these parcels, said Starks Green postmaster here.

Air parcel post intended for personnel of our armed forces, serving overseas or in naval vessels should be mailed not later than November 25. The movement of air parcel post to members of the armed forces the senders are cautioned that the Post office department can guarantee air transportation only to ports of embarkation. Air parcel post, other than official mail, is limited in size to 30 inches in length and girth combined and 2 pounds in weight.

Early Mailing Urged
Parcels destined for delivery in Japan, Korea and the islands in the Pacific should be mailed as early as possible, preferably not later than November 1, in view of the distance involved.

Parcels for navy and Marine corps personnel serving in the most remote areas should be mailed at once.

Addresses should be typewritten or in ink. It is highly desirable that a slip of paper containing the names and addresses of the sender and addressee, together with a list of the contents be enclosed in each parcel so as to provide identification and proper disposal of the mail, (in event the addresses on the outside become defaced in transportation or the parcel becomes broken open).

Greeting cards for the armed forces personnel overseas may be mailed at any time but patrons should deposit such cards prepaid at the first-class rate prior to November 15, at the air-mail rate prior to December 1, if they are to have a reasonable expectation of delivery prior to Christmas.

It is recommended that the public use the postal money orders to transmit gifts of money to members of the armed forces outside the continental United States. Money orders can be cashed at A.P.O.'s and N.P.O.'s wherever the forces are located. Currency should not be enclosed in letters or parcels sent as ordinary or registered mail.

THE BIG DEAL DAYS ARE HERE!

You'll save on price! And you'll save plenty! With all their extra ruggedness and thrifty power... with all their exclusive and advanced features... Chevrolet trucks are the lowest priced truck line of all! No other truck gives you so much for such low cost.

You'll save on operating costs! Whatever you haul or deliver, Chevrolet trucks will work for you for less. In both light- and heavy-duty models, Chevrolet's advanced valve-in-head engines deliver outstanding gasoline economy. And you get extra ruggedness that keeps upkeep down!

You'll get a better trade-in! Only Chevrolet trucks give you this double-dollar value! You get more truck for your dollars when you buy... more dollars for your truck when you trade. Chevrolet trucks traditionally command a higher resale value. You pocket the difference!

Buy no truck until you get our deal! We're talking trucks and we're speaking your language! Let us show you how easy it is to start saving money with a new Chevrolet truck. Come in now—and come out ahead!
