LIBRARY NEWS

(by Mrs. Roy Hollar)

We note with pleasure that Eugene Beedy's picture is on the front page of the Dallas Morning News for Saturday March 13.

The library enjoyed a visit from a number of people who came to town to the stock show. We had two school groups in George Scott, Leroy Scott, Ronnie Smith, Wayland Richardson, and V. V. Scott came in a body representing Dougherty school. LuJana Womack, Thelma Ferguson, Billie Gail Holmes, Joellen Jackson, Sarah Carey, Donita Milton and Carolyn Raley came to visit us just after they had been on a radio program out at KFLD. Most of these young people were already borrowers but had not visited as a school group.

Friends of the library everywhere rejoice to know that the Honorable Sam Rayburn has given \$10,000 as an initial fund for the building of a public library for Bonham, Texas. Representative Rayburn's public papers will be housed there and will be made available to students of history. He is a relative of Mrs. Winney Angus.

Story Hour outdid the weather with some 22 or 23 children. Mrs. A. H. Kreis brought refreshments and Mrs. C. W. Denison served as sponsor for the 1953 Study Club. Barbara Perry told the stories and directed the games. The stories were heard with interest and the game of introducing one's self was among the choice games of the morning.

Mrs. Sabra Hermon has joined the library force. Mrs. Harmon is rather recently returned to Floydada after living away for some years. She grew up here and has many old friends in town. We are delighted to have her on our staff.

To Mrs. Troy Leonard, Mrs. Lee Goughly and Mrs. J. H. Barnard our special thanks for helping us out at intervals before Mrs. Harmon returned from Big Spring.

The 1953 Study Club has presented the library with a check for \$35.00 and "Unity in University," by Mildred White Wells. This book is an authentic history of the development of the woman's club and gives some idea of the service of such organizations.

Floyd Teachers Attend Meeting

More than 3,000 teachers and school administrators were present at the meeting.

EASTER ISLAND

Most everyone has read, from one time to another, about Christmas Island, since stories about it usually appear throughout the country at Christmas. But, did you know that there is also an Easter Island?

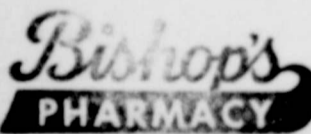

Located 2,000 miles west of Chile, in the Pacific Ocean, Easter Island covers 81.9 square miles, and contains hundreds of stone figures. With the two Juan Fernandez Islands, less than 500 miles west, Easter Island is one of the national parks of the Chilean government.

South Plains News

(by Mrs. Murray Julian)

SOUTH PLAINS, March 16—Mrs. W. S. Spearman is recuperating at the parsonage, after coming home on Tuesday of last week. She is able to sit up and walk around some, but will not be able to walk down the steps of the church for some time.

Mr. and Mrs. Sylvian Kinnibrugh, Marilyn and Beth, left on Friday afternoon for Vera and Truscott, where they spent the week-end with her mother, Mrs. J. R. Spivey, at Truscott, and his parents, Mr. and Mrs. J. A. Kinnibrugh, at Vera. Since they arrived home on Sunday evening, Marilyn has come down with the three day measles.

Club Supper and Show
The South Plains Community club will meet on Friday evening of this week for a covered dish supper at the lunch room of the school house. After supper everyone will enjoy an evening of magic in the auditorium of the school house, where the magician show from Matador, which was to be held two weeks ago, will be given. Admission is 50 cents for adults and 25 cents for children. The proceeds will go toward financing the eighth grade trip, the last of school. Everybody bring your supper, and family, and come for an evening of entertainment on Friday night at 6:30 for the supper, and the show to follow at 7:30.

Mr. and Mrs. L. T. Wood spent last weekend in Amarillo attending to some business matters and doing some shopping while there. Monday evening at the church the Bazaar was for an interesting program of music by Wayland students, who came out with J. B. Thames. The speaker was also from Wayland college, at Plainview. Present at the meeting were nine members.

Tuesday the all-day Workers Conference is to be held at the Aiken Baptist church. Rev. Bryan Maddox of Wayland college, will bring the message. Rev. W. S. Spearman will attend the meeting and several others are to go from our community. Mr. and Mrs. Early Joiner were supper guests and visitors in the home of his cousin, Mr. and Mrs. Murray Julian and family on Thursday night of last week. Early left the next day to go back to Colorado to his ranch at Rye. He was home for a few days on business matter.

Pink and Blue Shower
Mrs. John Hinzley (nee Peggy Jones) was the honoree at a pink and blue shower given in the home of Mrs. H. L. Marble, on Tuesday, March 9, from 3 to 5 o'clock. Hostesses with Mrs. Marble included Mmes. Shelby Calahan, Bryan Karr, Bryant Higginbotham, Frank McClure, John Smitherman, J. P. Taylor, Murray Julian, Gilbert Bean, L. T. Wood, Arby Mulder, George Beedy, Slim Reeves and Harry Hartman.

White cake squares and lime punch were served the guests, and Mrs. George Beedy presented the honoree a beautiful corsage which

she had made. The newly decorated home of Mrs. Marble was bright with flowers and the dining area where the guests were served refreshments was decorated with greenery and spring flowers.

Present were Mmes. Dock Jones, Wiley Nance, Tom Nance, R. C. Ross, Inez Richey, L. D. Hartline, Leo Prizzell, J. D. Williams, M. O. Davis, C. L. Henderson, Raymond Upton, Bill Beedy, S. A. Thornton, I. H. Parks, and of the hostesses, Mmes. Shelby Calahan, Bryan Karr, Frank McClure, John Smitherman, L. T. Wood, George Beedy, Slim Reeves, Harry Hartman, and H. L. Marble were present.

Sending gifts were Mmes. Dick Guest, H. S. Calahan, Jr., June Hartline, J. T. Hurt, Lena King, R. C. Hodges, Frank Dunn, B. C. Hinsley, Phillip Smitherman, Ernest Smitherman, Sterling Cummings, Ile Mooney, James Green, W. A. Pool, R. O. Dunlap, H. S. The Farm Bureau supper held last Monday evening at the high school cafeteria in Floydada, was represented by our community with Mr. and Mrs. Grigsby Milton and Mr. and Mrs. Harry Hartman.

Anniversary Dinner
At the home of Mr. and Mrs. Robert Lee Smith in Sterley last Sunday afternoon, a surprise wedding anniversary dinner was held in honor of Mr. and Mrs. George West. They were invited to their daughter's home, for what was to be a small family dinner, and how surprised and happy they were to find all her brothers and sisters present with their families.

The delicious dinner and affair was attended by Mr. and Mrs. Bert Douglas, from Lubbock, Mr. and Mrs. Willie West, and Mr. and Mrs. E. H. Davis, all of Silverton, Mr. and Mrs. Jim Davis, of Leveland, the hosts, Mr. and Mrs. Robt. Lee Smith and children, and the honor guests, Mr. and Mrs. George West.

Many from our vicinity attended the double funeral in Silverton on Wednesday afternoon for Mr. and Mrs. J. Irvin Francis. We understand their small son, Danny, is now out of the hospital and able to be with his grandparents, Mr. and Mrs. Urael Taylor. His parents were the victims of the plane crash last Monday.

Mr. and Mrs. Bill Harper, of McAllen, Texas, accompanied Mr. and Mrs. Claude Hutcherson, of Plainview, to the sunny southland the first of the month. They are now in Florida, where they have visited her brother, Clifford Julian, and family of Hallandale.

Mr. and Mrs. Ed Davis, of Hereford, with their children, were all day guests Sunday in the home of her parents, Mr. and Mrs. Dock Jones, of South Plains.

We are proud of all our boys who entered lambs, pigs and other animals in the Jr. Pat Stock show in Floydada Wednesday and Thursday of last week, but we are especially proud of Eugene Beedy, who with his 800-pound calf, Chuck, as he called him, won grand championship at the show. He had won high honors with the steer at the Amarillo show a short time ago. Mr. and Mrs. George West visited in the home of Mrs. Truman Bradshaw last Friday and found Mrs. Bradshaw feeling very well, after her long spell of illness. Her sister, Mrs. Mattie O'Neal, is still visiting with her while she is convalescing.

Mr. and Mrs. Grigsby Milton and girls went to visit in the home of Mr. and Mrs. Frank Brown on Sunday afternoon. They also stopped to visit with Mr. and Mrs. Early Pritchett and children during the afternoon.

History of Church

In the BTU program at church Sunday evening Walter Wood gave the history of the South Plains church; which everyone enjoyed.

The church was organized about 1904, with nine members, and they were then at the old Sunset church. Later when the railroad came, they moved to the present site at South Plains. Rev. R. C. Guest was the first full-time minister here.

Mr. Wood told many interesting stories of the years gone by, when they came to church in wagons, and met in the afternoon. Mr. and Mrs. H. S. Calahan, sr., and Mr. and Mrs. Arthur Brown and Karen from

pears certain that when an Inca died, a tomb was constructed and in the tomb all of the dead ruler's greatest treasures were placed—his gold and silver, his precious stones, and his best household equipment. Historians believe that usually his wives and favorite servants were killed and placed in the tomb too. All the Inca passed on to his successor was his title.

Those items not buried with the Inca were left in his palace which was sealed for eternity. No trace of any of these tombs or of the burial sites has yet been found.

Because the Spaniards were such a might seem that the tales of buried treasure are nothing but myth, but credence is given to the treasure because the Inca, Mauch Picchu, was not found by the Conquistadores or later seekers until it was unearthed by Hiram Bingham in 1911.

To Show Bible Film Here On Friday Night

The world's first bible deliverance film, "Venture Into Faith," which is built around the evangelistic ministry of Rev. Oral Roberts, will be shown in Floydada, at the American Legion Hall, Friday night at 8:00 o'clock.

The film features Oral Roberts and tells an absorbing story of the power of faith in God. Centering around the nation-wide Roberts campaign this sound-color religious picture includes soul-stirring scenes from Oral Roberts' meetings under the huge "tent cathedral," which seats 12,500.

The story is built around Jim and Ruth Collins who are faced with the tragic certainty of the nearing death of their young son, Dave, who is bedfast with tuberculosis. Jim is embittered, worried, rejects religion in any form. Ruth has faith, but can't get her husband to face its power. A close friend tells them of the work of Oral Roberts and his great faith in the power of God. What happens to the Collins family after they have attended two of the Roberts' meetings furnishes the action for this gripping story, which will be understood by everyone who has ever been faced with tragedy and found help and salvation through faith in God.

"Venture Into Faith" is a pioneer attempt to strengthen the viewers faith in God. The sincerity and genuine faith in God exemplified throughout the film makes it one of the greatest religious pictures ever produced.

Exhaust Fans Give Top Comfort

The exhaust fan is familiar to many modern farmers for its usefulness in ventilating dairy barns and poultry houses. The same principle of exhaust ventilation can be applied to the farm home for heat relief through the use of the residential window fan.

Low in initial cost, the window fan is also economical to run. Its operating cost amounts to only a few cents a day. Despite its economy, the window fan is a highly efficient cooling appliance. It exhausts the hot, stale air that accumulates in the house, at the same time drawing in fresh, cooling outdoor breezes through the opened windows.

So long as the window fan is operating, the air in the house will be changed completely every 60 to 90 seconds. This quick, positive ventilation prevents an overheated muggy atmosphere from building up.

In general, it is best to locate a window fan at one end of the house so that a long air pattern develops, and the maximum number of rooms is cooled. Properly located, a window fan will serve four or five rooms.

Window fans come in a large variety of models, sizes, and price ranges. Spacer panels on the sides makes it easy to adjust them to fit nearly any window, and because the window fan is easily secured in the window, the owner can move it from room to room as he wishes.

What Was This Call Worth?

"Mommy, can I stay at grandmother's tonight?" That was little Carol's very first telephone call — a real thrill that can hardly be measured in dollars and cents. Yet, Mrs. Caroline Niemeyer, Carol's grandmother, can tell you what that call cost. She is one of a group of customers who kept day-by-day records of calls made for a week — a total of 30 calls covering 133 miles. Then she broke her telephone bill down into the actual cost per call. "I was amazed," she reported, "at how little my telephone service cost for all the convenience and happiness it delivers." SOUTHWESTERN BELL TELEPHONE COMPANY... Telegram during the Centennial; that gave a recipe for syrup pie. It was sent in by Mrs. H. Edgar Jones of Abilene. The following is the comment she made in regard to the recipe. "I am sending you a recipe for old-fashioned syrup pie which I think is in keeping with the Centennial, as the recipe has been in our family we know for over 100 years. My grandmother brought it from Kentucky. It is an old slave-time recipe and is indeed a good pie."

The recipe is as follows:
3 cups dark or white syrup, 1 cup sugar, 8 whole eggs, well beaten, 1 tablespoon sifted flour, 1 teaspoon vanilla, 1/4 teaspoon ground nutmeg, 2 tablespoons fresh butter.

Cook sugar and syrup together until it will flake from spoon. Add the butter remove from fire and pour slowly over well-beaten eggs and flour.
Add vanilla and nutmeg, pour into unbaked pie shell and bake in a moderate oven until firm and well done.

The Tractor That Pulls Like A Horse

The following statements are taken from the March 10 issue of "Farm Implement News", an unbiased publication which writes articles on all the new products of different farm machinery manufacturers.

"In the Super MTA (Super M. Farmall with Torque Amplifier) International Harvester engineers have come up with an idea and a mechanism that can compare in originality and impact with the Original Farmall. They have a mechanical whip that puts horsepower into horsepower. The torque amplifier, when the lever's pulled, makes the TA squat down on its haunches, as it were, and pull out as no other farm tractor has done before.

The torque amplifier adds one additional speed for each regular speed making a total of 10 forward speeds and two reverse speeds for the new models. With a torque amplifier, it is said that the operator can reduce the forward speed by 1/3 and increase the pulling power up to 45% without stopping, declutching, shifting or touching the throttle. The power flow to the rear wheels is automatic and uninterrupted."

We at Martin and Company believe that our new Super MTA is the finest Farmall that we have ever had to sell to you. We cordially invite you to come in and look this new tractor over and let us show you its features.

J. C. OAKLEY

Oakley's Good Record Cited by So'Western

Using the theme, "give God a chance now," the First Methodist church will hold a revival beginning Sunday, March 21, and continuing through Sunday, March 28, with Rev. C. A. Holcom, pastor of the First Methodist church of Childress, as guest preacher.

This is a simultaneous revival, in that all the Methodist churches of the Plainview district will be having revivals on this date.

Services will begin each morning at 10:00 a.m. and each evening at 7:30 p.m.

A nursery for babies and young children will be available for mothers who will bring their children. The public is cordially invited.

CARD OF THANKS

We are deeply grateful for the many expressions of sympathy at the death of our father, C. W. Polan, last week.

Mr. and Mrs. Bud Warren
Mr. and Mrs. J. E. Polan.

Mr. and Mrs. Joe Fisher and children of Lubbock spent Sunday here with Mrs. Fisher's parents, Mr. and Mrs. J. H. Tribble.

Mr. and Mrs. Jack McKinney and sons of Clovis, New Mexico, were Sunday guests of Mr. McKinney's parents, Mr. and Mrs. J. J. McKinney.

It's a good bet that J. C. Oakley, local manager for Southwestern Bell Telephone Company, will be on the job tomorrow.

If he failed to show up for work tomorrow, he'd break an enviable record.

He hasn't missed a day on the job in 11 years.

Oakley, manager for Plainview, Floydada, Hale Center, Lockney, Tulla, Slaton and Spur, began his outstanding attendance record soon after joining the telephone company in Amarillo in May, 1942.

Oakley, a former Marine Corps sergeant who served in the South Pacific during World War II, held several positions in the company's commercial department in Amarillo before transferring to Fort Worth in early 1951. He was promoted to manager at Plainview in May, 1951.

A graduate of Amarillo High school where he won two boxing letters, Oakley attended Amarillo Junior College and West Texas

State College.

He is a member of the Rotary club and secretary-treasurer of the Toastmaster's club. He was city chairman of the Plainview March of Dimes this year and was chairman of one of the drives of the Community Chest last year.

Oakley, a native of Okmulgee, Oklahoma, is well known in Texas amateur boxing circles as a referee. In addition to his work in West Texas Golden Glove boxing tournaments, he has been selected as a referee for the Texas State Golden Gloves tournament in Fort Worth for three consecutive years. He also helped referee the New Mexico state tournament this year.

Mr. and Mrs. Oakley have two daughters and a son.

First Methodist Announces Revival To Begin Sunday

Priett, Plainview, Mrs. Clara McNeely, Floydada, Mrs. Jess McNeely, Amarillo, Mrs. Ellis Frazier, Portales, New Mexico and Mrs. H. B. Grant, Brownfield, Texas. Also one grandchild survives.

The body of Mr. Brown was scheduled to arrive in Amarillo today at 5 o'clock and the funeral will be conducted from the First Baptist church in Plainview Friday afternoon at 2:30 o'clock with the pastor, Rev. Harlan Harris officiating.

Burial will be in the Plainview cemetery under the direction of the Woods funeral home.

Accidental Death Claims Brother of Mrs. Clara McNeely

Mrs. Clara McNeely learned Monday of the death of her brother, George H. Brown, 41, formerly of Plainview, who died by accident in San Francisco, California, Sunday.

George Brown, formerly worked for 15 years at the Plainview hospital before moving to California during World War II, in 1942.

He was born April 27, 1912 in Pittsburg, Texas and moved to Hale county in 1919 with his parents.

Mr. Brown was a member of a Baptist church in Oakland, California and was married to Miss Pauline Thornhill on April 11, 1933 in Clovis, New Mexico.

★ ☆ ★ ☆ ★ ☆ ★ ☆ VIEWS AND COMMENT

Water and sewer improvements contemplated by the city council, seem to us to be based on need. If the issue meets approval of the taxpayers of March 26, the city will see if the plans can be put into the realm of actuality as fast as they can work. First step will be the effort to sell the revenue bonds. Bond men reportedly tell the city fathers the issues will be sold with ease, but money is a bit dearer than it was two or three years ago. The federal reserve authorities, who for the most part make money "tight" or "easy", took steps a year ago to tighten up a bit. They did it probably for a good reason, namely, that the cost of living had gone up, too, for people who lend money for a living the same as for those others. Anyway, they did it. The issue the city proposes to put up for sale, may cost the municipality as high as three and three-fourths per cent. The price is more likely to be three and a half per cent or less, the city thinks. This is a considerable jump from the 1948 price at which water and sewer revenue bonds sold but also it is a lot less than the city has paid for some of the money borrowed to make improvements in years past.

Practically a Must, bonds or no bonds, is the matter of increasing the capacity of the sewerage disposal plant. The engineers tell the city the plant is overloaded 300 per cent. Also a must, as a matter of justice to numerous long-suffering taxpayers, is the improvement planned for the northeast part of the city, from the Santa Fe lines to 12th Street. Residents in that area long have pointed out, and fairly, that they have paid taxes for a long time but have neglected, especially as to sewer service and fire protection. Once not too many years ago the taxpayers voted bonds for improvements which included much of the area now due to be taken care of belatedly. At that time it turned out there wasn't enough money to go around. This time there is, it seems.

We have not searched for anything wrong with the plans for improvement and expansion of the sewer and water system, but we have studied them to some extent, and have arrived at about the same conclusion as most of the other taxpayers we hear talk—that the plan is a well-studied one, that expansion is a necessity, that it will have a beneficial effect on the fire insurance rate, promote the public health, reduce the hazards of fire, add assurance against possible water shortage, and will make some jobs for this summer and fall in Floydada.

Street Stop Signs. It is encouraging to note that the city has ceased its complaints about lack of street signs along the highway in the city limits and have begun to put up their own. Not only on the highway intersections but on other streets as well, where they are needed. Doubtless, the city, along with some of the others of us, is still of the opinion that two or three stop and caution lights should be maintained by the highway department on the highway but at least we have become consistent in taking a proper precaution to save the lives of the thoughtless and the stranger in our midst. The city's signs, of course, when installed, become the law of the city. When you run one you not only take your life in your hands; if you "get by" with it you've still violated the law.

New street markers, better said a program of street marker repair and replacement, would be helpful to the stranger in our midst and would add to appearances. You can't call a street corner neat that has a street marker standing cockeyed. Also there are a good many habited streets now that have been added since the last signs were set. A resident with neat premises who looks out on a street marker that is barely readable if you cock your head far enough to one side is not too happy over the evident neglect. Always somebody thinking up something for the city to do, and perhaps we should not say it who know by observation of the trials and tribulations of a city authority, and the constant hunt for money to do the essentials, but it is a matter of more than a whim or passing interest.

Taxes in Texas will be a burning issue for the next several weeks. The teachers have got to have more money, some prison improvements are musts, one or two eleemosynary institutions must be provided for, and state employees sorely need a raise. The governor also speaks of some money that needs to be spent on a hospital at Dallas and some addition or other to the facilities of the University of Texas. The teachers, the state employees, the prison improvements and the eleemosynary institutions we string along with. The governor probably had to put these other things in in order to get support of some important elements of the legislature.

Cows milking less than 16 pounds daily during the sixth month of lactation should be considered prospective culls or nurse cows. The same goes for cows producing less than 20 pounds in the third month.

Board Members Water District Are Announced

W. O. Fortenberry, Lubbock businessman and farmer, was re-elected as chairman of the board of directors for the High Plains Underground Water Conservation District, at a meeting held recently in Lubbock.

Fortenberry, in his second term, will preside in the capacity of chairman until January of 1955.

Other board members elected were: Willis Hawkins, Hart, vice-chairman; Marvin Shurbet, Petersburg, secretary; V. E. Dodson, Kereford, and Gus Parrish, Springlake, members.

Shurbet and Parrish are new to the board.

Board members elect officers at the first quarterly meeting each year.

Other Counties Sought
At the election meeting, the directors passed a resolution for the holding of elections to bring counties into the water district which are within the boundaries, but are not actively participating. These counties are: Swisher, Oldham, Briscoe, Crosby, Dickens, Garza and Terry.

The board also passed a resolution to the effect that educational programs, designed to acquaint

water users with the district functions and benefits, would be conducted in community cities of counties not participating. District Manager Tom McFarland will be in charge of the meetings.

It was resolved that the board would start any possible action with the Agricultural Stabilization and Conservation Service to provide a loan fund for farmers to use in installing underground tile or the purchase of aluminum pipe to be used in exceptionally sandy areas where underground tile is not too satisfactory. The board members explained it is their thinking that the underground tile system of irrigation is one of the greatest water conservation measures on the Plains.

Mile relay — 3:32.5, Phillips, 1953.

Boys who placed at the Lubbock meet from this district last spring were Rankin of Spur, third place in high jump; 410 yard relay team from Floydada fourth; Rogers of Abernathy, third in 440 dash; Ringo, Tulsa, third in 880 yard run; Jack Womack, Floydada, second in mile run; Abernathy mile relay team second.

The Floydada mile relay team was turning in a blazing time at the meet last year but failed to place when their anchor man faltered some 20 yards from the finish and was hardly able to complete the race.

At the district meet here this year fans will get to see Oilton compete for the first time. The Mustangs are strong on sprint events and the relays being led by R. V. Alcorn who had pushed their last year's J. Frank Dougherty on several occasions. Dougherty went on to set state records in the 100 and 220 in that his senior year.

Santa Fe Turn To Diesel Has Been Completed

Santa Fe Railway, the first railroad in the nation to use Diesel locomotives in all three branches of service — passenger, freight and switching — is now completely Dieselized.

Ever since Santa Fe acquired its first Diesel locomotive in 1935, the company has been a leader in the use of this type of power, and announcement by President Fred G. Gurley makes the railroad the largest in the nation with a completely Dieselized operation.

First Diesel on the Santa Fe was a 600-horsepower switcher which went into service in the Chicago yards in 1935, and since then Diesels have operated an estimated 300 million miles on the Santa Fe System.

Also in 1935, Santa Fe tested its first passenger Diesel (two units totaling 3,600 horsepower) and placed it in service on the "Super Chief" between Chicago and Los Angeles in 1936 on a schedule of 39 1/2 hours. Today's passenger Diesel for the most part are three and four units totaling 6000 horsepower.

The Dieselized "Super Chief" arrived in Los Angeles one minute ahead of schedule on its initial run to break the speed record of 44 hours and 54 minutes held until that time by Death Valley Scotty's "Coyote Special," set in 1905.

At the time the "Super" took over, Santa Fe's "Chief" was the fastest long distance train in the west, covering the Chicago-Los Angeles run in 59 hours.

More and more Diesel-electric power was added and today Santa Fe has three famous streamliners—the "Super Chief," the "Chief" and "El Capitan"—running to the West on schedules of 39 1/2 hours. Another streamliner to the Pacific Coast, the "San Francisco Chief," is scheduled to be added this summer.

In 1940 the road placed in service a four-unit 5,400 horsepower Diesel freight locomotive and started replacing steam engines with this type of power. By 1946 the road had 80 of these locomotives in the world's largest fleet of Diesels.

The road now owns 977 Diesel locomotives totaling 1,622 units with a total of 2,265,210 horsepower, which have operated approximately three hundred million locomotive miles since 1935. Included in the engine fleet are 90 passenger locomotives totaling 1,040 units and 335 switching locomotives totaling 337 units.

Service and maintenance of the Diesels is carried on at huge shops located in Barstow and San Bernardino, California, Cleburne, Texas, and Argentine, Kansas, where the newest shop building on the system is in process of completion.

Why fight the weather—or wait for it—and then get a poor clothes drying result and a waste of time?

An electric clothes dryer, by actual test, is more sanitary than drying under perfect outdoor conditions. Easier on you, too, for it takes just 30 seconds to shift the clothes from the washer to the dryer, while it takes at least an hour every washday to carry the clothes to and from the line.

For five cents a load, there's no sense to drying the old-fashioned outdoor way.

SOUTHWESTERN PUBLIC SERVICE COMPANY

Penney's Enlarged Store Opens To Area Shoppers Tomorrow

Grand opening tomorrow of the J. C. Penney Company department store will disclose an enlarged mezzanine selling area, as well as other improvements, J. W. Reue, manager, announced today.

"We're particularly pleased to invite all our friends and customers to our store opening," said Mr. Reue. "Our enlarged mezzanine provides an additional 1,000 square feet of selling space for a new store total of more than 5,000 square feet and giving Floydada its largest department store."

The enlarged store will feature even more complete lines of merchandise for family and household needs.

"Fortunately, all the work has been completed in time for us to help customers with their spring shopping needs," Mr. Reue said. "We're sure our friends and customers will find shopping at our newly enlarged store an even more enjoyable experience."

The expanded mezzanine will merchandise women's coats, suits, dresses, sportswear, millinery, children's and girls' wear and will include a lay-away department.

The main floor will feature women's accessories, infants' wear, and boys' clothing and furnishings, work clothes, shoes and luggage.

124 Penney's in Texas
One of 124 Penney's in Texas, the store is part of a nation-wide retail organization of more than 1,600 stores. The Floydada store opened in 1929.

Mr. Reue, the manager, joined the company in 1933 at Breham, Texas, as a salesman. He was first promoted to manager when he came to Floydada nine years ago and has served here continuously since then.

The development of the J. C. Penney Company, of which the

Floydada store is a part, is one of the great sagas of American business. Its central figure, James C. Penney, gives it a true Horatio Alger flavor.

The first Penney store opened in 1902 in the frontier town of Kemmerer, Wyoming. The town had a population of 1,000—and Mr. Penney, \$300 and an idea. He expressed his idea in the name he gave his tiny enterprise: The Golden Rule store. He wanted, he said, to give the public merchandise of higher than ordinary quality at lower than usual prices.

He had other ideas, too. He would give friendly, considerate service; he would advertise honestly and without exaggeration or misrepresentation; and he would cut costs by selling only for cash, making no deliveries and eliminating other unnecessary costs of operation.

Sales Top a Billion
For Mr. Penney and the organization he founded these were not merely phrases for wall decoration but the vital elements of a business philosophy. Guided by them, with a sales force of nearly 70,000 in all Penney stores, total sales topped a billion—a triumph of faith in the rewards of hard work and fair dealing.

"Associates," as they are called rather than employees, recognize that they have a direct interest in the success of the organization, benefiting in many ways. To them, the golden rule principle is today a living force animating all the company's relations, both within and outside the organization.

It has been said that businessmen welcome Penney's to a community, even competitors. "Penney competition," they say, "is honest and straightforward." Penney people welcome this friendly attitude, in-

OES Chapter Pays Pretty Compliment To Miss Swepston

In the meeting of Floydada chap-
ter, Order of the Eastern Star
Thursday evening, the feature was
that of choosing Miss Anne Swep-
ston as the chapter sweetheart.

After the business meeting, Miss
Sweepston was called from the room.
On her return, she was requested to
step through a huge pink paper
heart, supported by Mrs. Velma
Berry and Mrs. Eula Thurman. She
stood with the outline of the heart
forming a background for the beau-
tiful Nile green formal she wore, as
members sang, "Let me call you
Sweetheart." This was followed by
a musical reading with Mrs. Sam
Green at the piano.

Mrs. Roberta Russell and Mrs.
Eudora Holcomb sang as a duet,
"Believe me, If all Those Enduring
young Charms."

Miss Swepston then was escorted
by Mesdames Berry and Thurman to
a seat of honor by the Worthy Matron
Mrs. Flora McNeill. The worthy
matron presented Miss Swepston

Arwine Drug Company as saleslady.
Mrs. Wilson is the sister of Mrs.
Coyner Roberts, Floydada.

About the most embarrassing
thing we can think of is to get our
feelings hurt and then forget what
it was that hurt us.

And about the silliest thing we
can think of is to carry a hurt a-
round inside us.

For several months we had been
cherishing one of these small
wounds, from a friend who hadn't
the slightest idea she had inflicted
it. But evidently our coolness fi-
nally penetrated her naturally cheer-
ful and unsuspecting nature. So in-
stead of getting mad right back, as
some women would have done, she
had tried to recall what she might
have said or done to offend us.

How many hours went into this
self-searching we don't know. Any-
how, she came up with a three-
year-old memory that might have
caused the trouble. And when an
opportunity came, she began a hesi-
tant but ever-so-kindly explana-
tion of that long-forgotten incident
and what she had intended.

Not a word of reproach for our
coolness during all these weeks;
—only for herself. We felt
smaller with each minute of the
conversation. And while we could
—sure her, truthfully, that we didn't
remember that incident, we could
never bring ourselves to explain
what had caused the misunder-
standing.

But as she talked, a little troubled
shadow lingered behind her smil-
ing eyes; we had plenty of time to
look at our own pettiness and be
ashamed of it.

How many friendships have been
—because one woman or the
other lost her sense of humor un-
—, or chose to take to
— a tactless comment that wasn't
even intended to convey the mean-
ing it was given. Then instead of
— himself for error, as did
our sweet friend in this instance,
she tends to build a case against
the other fellow!

MRS. MIZE IS HOSTESS

Mrs. George Mize was hostess to
her bridge club last Friday after-
noon. Prizes were won by Mrs. Kel-
ly Hagood and Mrs. J. R. King.

Cherry ice cream and cookies
with coffee were served the follow-
ing members: Mesdames Lyndell
Roberts, David Kirk, Kelly Hagood,
Lane Decker, Maurice Steen, J. R.
King, Fred Martin and the hostess.
The next meeting will be March
26 with Mrs. Maurice Steen.

"SHALL the City Council of the City of Floydada, Texas, be authorized to issue ONE HUNDRED SIXTY NINE THOUSAND DOLLARS (\$169,000) of revenue bonds of said City for the purpose of constructing improvements and extensions to the City's Waterworks System; said bonds to mature serially over a period of years not to exceed thirty (30) years from their date, and to bear interest at a rate not to exceed THREE AND THREE FOURTHS PER CENTUM (3-3/4%) per annum, payable annually or semi-annually, said revenue bonds to be special obligations of the City, payable as to both principal and interest solely from and secured by a first lien on and pledge of the revenues of the City's combined Waterworks and Sanitary Sewer System, after deduction of reasonable operation and maintenance expenses as said expenses are defined by statute?"

Proposition Number 3

"SHALL the City Council of the City of Floydada, Texas, be authorized to issue SEVENTY TWO THOUSAND DOLLARS (\$72,000), of revenue bonds of said City for the purpose of constructing improvements and extensions to the City's Sanitary Sewer System; said bonds to mature serially over a period of years not to exceed thirty (30) years from their date, and to bear interest at a rate not to exceed THREE AND THREE FOURTHS PER CENTUM (3-3/4%) per annum, payable annually or semi-annually, said revenue bonds to be special obligations of the City, payable as to both principal and interest solely from and secured by a first lien on and pledge of the revenues of the City's combined Waterworks and Sanitary Sewer System, after deduction of reasonable operation and maintenance expenses as said expenses are defined by statute?"

II. That said election shall be held at the city Hall in the City of Floydada, Texas, and the entire City shall constitute one election precinct.

III. That the following named persons are hereby appointed officers of the election, to-wit: R. M. Battery, Presiding Judge; J. O. Wood, Judge; Mrs. E. S. Randerson, Clerk, and Mrs. Jean Gordon, Clerk.

IV. That said election shall be held under the provisions of and in accordance with the laws governing the issuance of municipal bonds in cities, as provided in the General Laws of the State of Texas, and only qualified electors, who own taxable property in the City, and who have duly rendered the same for taxation, shall be qualified to vote.

V. That the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.S. Election Code, adopted by the Fifty-second Legislature in

1951, and that printed on such ballots shall appear the following:

Proposition Number 1
"FOR THE ISSUANCE OF \$59,000 WATERWORKS AND SEWER SYSTEM REVENUE BONDS, AND PLEDGING THE REVENUES OF THE CITY'S COMBINED WATERWORKS AND SANITARY SEWER SYSTEM TO THE PAYMENT THEREOF"

"AGAINST THE ISSUANCE OF \$59,000 WATERWORKS AND SEWER SYSTEM REVENUE BONDS, AND PLEDGING THE REVENUES OF THE CITY'S COMBINED WATERWORKS AND SANITARY SEWER SYSTEM TO THE PAYMENT THEREOF"

Proposition Number 2
"FOR THE ISSUANCE OF \$169,000 WATERWORKS REVENUE BONDS AND PLEDGING THE REVENUE OF THE CITY'S COMBINED WATERWORKS AND SANITARY SEWER SYSTEM TO THE PAYMENT THEREOF"

"AGAINST THE ISSUANCE OF \$169,000 WATERWORKS REVENUE BONDS AND PLEDGING THE REVENUES OF THE CITY'S COMBINED WATERWORKS AND SANITARY SEWER SYSTEM TO THE PAYMENT THEREOF"

Proposition Number 3
"FOR THE ISSUANCE OF \$72,000 SEWER SYSTEM REVENUE BONDS, AND PLEDGING THE REVENUES OF THE CITY'S COMBINED WATERWORKS AND SANITARY SEWER SYSTEM TO THE PAYMENT THEREOF"

AS TO EACH of the foregoing propositions, each voter shall mark one of the above expressions, thus leaving the other as indicating his or her vote on the three propositions respectively.

VI. In the event the said revenue bonds are authorized to be issued by a majority of the qualified electors of said City, voting at said election, and the same are issued and sold, the holder or holders of such bonds shall never have the right to demand payment thereof out of any funds raised or to be raised by taxation;

and each bond issued or executed in pursuance of such election, shall contain this clause: "The holder hereof shall never

THEY SAY IT BETTER THAN WE CAN!

Here are the actual words of motorists who've switched to

New Conoco Super Gasoline

with **TCP***

The Greatest Gasoline Development in 31 Years

1 "Since I started using Conoco Super with TCP, my Pontiac is performing at least 35% better than ever before. I have 21,000 miles on my car but with TCP it runs just like new. I find Conoco Super with TCP is the best gasoline on the market!"

Connie Warren, Security Sergeant of Plant Protection 917 South Hampton St., Angleton, Texas

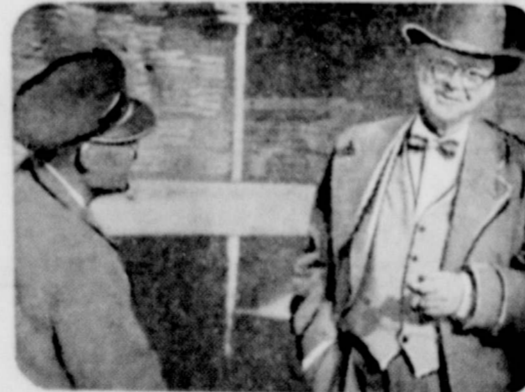

2 "We've used Conoco Super with TCP since the start. We first noticed the tremendous increase in power on a business trip. Pickup was much better, and on hills and passing, it was just like driving a new car. Mileage is up 34 miles to the tankful too!"

Mrs. Ray Banner, Co-owner PFAFF Sewing Center 4637 Troost Ave., Kansas City, Missouri

3 "As an insurance broker, I drive nearly 25,000 miles a year. Good mileage and plenty of power are important to me. Since using New Conoco Super Gasoline with TCP, I get better pickup, smoother running and three miles more to the gallon!"

Edmund T. Berent, Insurance Broker 3443 N. Springfield Avenue, Chicago, Ill.

4 "I've got 50,000 miles on my 1950 Buick, but since changing to Conoco Super with TCP it runs just like new. On cold mornings, it starts the first time I kick it over. And on the road, or in city driving, I'm getting a good 2 miles more per gallon."

W. T. "Bill" Olson, Sr., Retail Lumberman 7940 Robinson Way, Arvada, Colorado

5 "I get a day and a half extra run on my school route since we switched to Conoco Super Gasoline with TCP. The power increase is really something. I don't have to shift to second on hills like I used to. I'm getting an all-round performance increase of 50%."

Chris G. Brownfield, School Bus Driver Route #1, Seagrave, Texas

Center News

(by Mrs. J. E. Green)

CENTER, March 17 — Visibility was good Sunday and today and we are thankful Last Friday, especially, the dust blew like it did eight or ten years ago. How welcome would be a three inch rain. No doubt we'll get it in due time.

We had a good crowd at church, Sunday morning. We had 32 Sunday night. Our goal for Sunday school next Sunday — let us not forget.

Sunday dinner guests of Mr. and Mrs. Leo Frizell were Bro. and Mrs. Hodges and Jerry and James David Welborn. Sunday afternoon visitors were Mr. and Mrs. W. B. Jordan.

Jolene Robertson of Midland visited over the week-end with her grandparents, the J. R. Robertsons. Other visitors over the week-end were their sons, Melvon Robertson of Stanton and Mr. and Mrs. James Robertson and three children of Amarillo. Other Sunday dinner guests in the home were Mr. and Mrs. Chil McClure and Del Wade

Land for Sale

and Jimmy Dunn.
Mrs. Daisy Evers, Mrs. C. E. Nell of Amarillo and Mr. and Mrs. Fred Battey visited Saturday evening, March 6, with the J. E. Greens. Games of 84 were enjoyed.

Mr. and Mrs. Green attended the singing at the Nazarine church Sunday afternoon. Afterwards, they visited in the home of her aunt, Mrs. R. C. Watson of Crockett st.

Last Wednesday, Mr. and Mrs. Frank Dunn and family attended funeral services in Griggs funeral home, Amarillo, for Bill Vanderwork of Adrian. The deceased was a brother-in-law to Mr. Dunn's brother who died recently. The body was taken to Kansas for interment.

Mr. and Mrs. Earl Huckabee and Sandra were Sunday dinner guests of her sister and family, the Lee Burtons of Fairview.

Mr. and Mrs. Dunn and family visited Mr. and Mrs. Travis Lightfoot and family in town awhile Saturday evening.

We were all aware Sunday of the nice walks and the entrance porch at the church which the men built last week in spite of the wind and dust.

We have just learned that Mr. and Mrs. Junior Perry somewhere in California are the parents of an 8 pound son. Mrs. Perry was formerly Christine Jones of Center. Congratulations.

The Greens were among those who attended the workers conference at Aiken Tuesday. Afterwards

Land for Sale

they went to Plainview and visited the Victor Greens.
Tuesday night, Mr. and Mrs. J. E. Green were the guests of the D. I. Boldings.

Some of the Centerites had to miss club Friday on account of the heavy dust.
W. M. U. will be next Monday afternoon at the church. It will be Bible study.

Visitors in the Claude Ring home Sunday were two sisters, Mrs. Winnie Pultz, Mr. and Mrs. Orval Brandon and daughter, Martha Jane from Quanah; a brother, Mr. and Mrs. Edward Barbee of Lubbock; and granddaughter, Jeanie Barbee from Hereford; Mr. and Mrs. Bryan Bybee and Hubert Ring from Lubbock.

Sam A. Fowler has been dismissed from the veterans hospital at McKinney and returned last week-end after having extensive repairs done to an ear, damaged in World War II. He will have to have periodical examinations for a time, but is rapidly recovering from the operation.

Mr. and Mrs. Leroy Burns had as a surprise guest last week an old buddy of LeRoy's, Joe W. Calton. The two men were stationed at Camp White, Oregon, before the war.

Ledgers, Binders, bound records, work sheets. Hesperian.

Dairy Show Opens On March Twelfth

The nation's oldest and third largest dairy show, now in its 37th consecutive year, will open April 10 and continue through the 16th.

President Clifford Throckmorton of Levelland stated that he expected the entries this year to exceed last year's entries due to the fact there had been a definite increase in dairy cattle the past year.

President Throckmorton stated that the official judge for this year's show will be F. W. Atkeson, Head, Department of Dairy Husbandry, Kansas State College, Manhattan, Kansas, who will judge all divisions except the Milking Shorthorn Division. Judge for the Milking Shorthorn Division will be Robert Traynor, Milton Junction, Wisconsin.

POWERFUL NEW GASOLINES

Shamrock's NEW Blending Formula:

- 1 Adds Premium Qualities to NEW SHAMROCK TRAIL MASTER Giving Users of Regular Gasoline Extra Performance at No Extra Cost
- 2 Makes NEW SHAMROCK CLOUD MASTER the Finest Premium Gasoline For Superior Performance in High Compression Engines

THE Shamrock station near you now has in its pumps two of the world's finest motor fuels. This means that regardless of the make or model of your car one of the new Shamrock gasolines will give you MORE POWER... BETTER PERFORMANCE... GREATER ECONOMY... and, for no more than you would pay for any other leading brand of gasoline. Vitally important to the performance of your car is controlled volatility. Shamrock controls the volatility of the new gasolines with a wide range of light and heavy fractions... fractions that assure quick starts... clean burning, plus more mileage, more power and better performance. This careful control means that these new Shamrock gasolines will meet the varying requirements of your car from season to season. As a bonus... Shamrock gives you truly outstanding anti-knock qualities. Shamrock anti-knock qualities are now raised far above the requirements of the most powerful engines put in today's cars.

New TRAIL MASTER

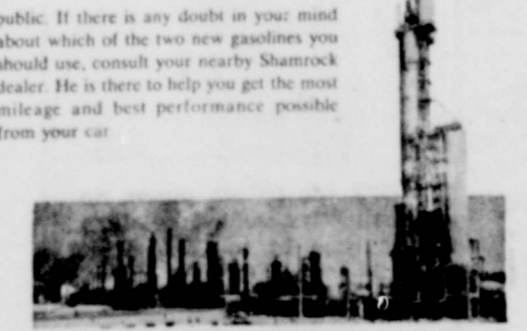

Shamrock's New Trail Master is the performance-plus motor fuel for users of regular gasoline. It costs no more than regular gasolines yet gives the anti-knock, extra power, maximum mileage features you expect only in a more expensive, premium gasoline. New Trail Master offers the drivers of cars with lower compression engines all the performance advantages of recent gasoline improvements without requiring that they pay for a full premium gasoline. If you want the most from your car, get the best gasoline for lower compression engines... Shamrock's New Trail Master... the new, budget-wise gasoline with premium qualities.

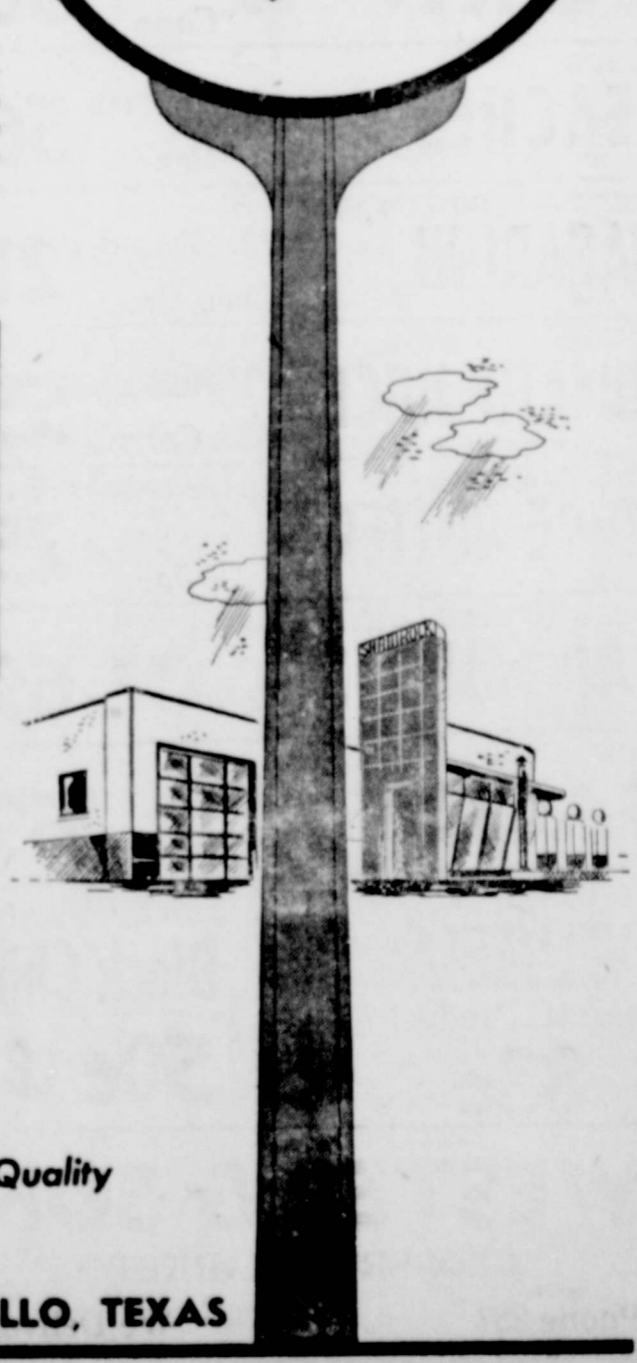

One of these new gasolines is exactly right for your car. A series of distillation tests carefully check the volatility of Shamrock, making certain that it meets the requirements of the new blending formula. Special knock-test engines establish definitely that the new gasoline is of such high octane rating that there is no chance of your engine knocking. Not only can an engine knock waste a portion of every tank of gasoline you use, but the effect of the knock can seriously damage the engine itself. CRATER tests prove the absence of gum forming copper and corrosive sulphur. These new gasolines are the result of the development of two new fuels, each to fill a specific need of the motoring

New CLOUD MASTER

Today's powerful, high compression automobile engines make strong demands on the gasoline they use. But as a result of Shamrock's new blending formula, New Shamrock Cloud Master not only meets these requirements but far exceeds them. Shamrock Cloud Master... octane rating more than enough to positively eliminate even trace knock... octane rating more than enough to assure maximum mileage and the quickest starts, fastest warm-up, greatest power, smoothest performance your car was designed to deliver. No matter what kind of car you drive, if the engine knocks when using Shamrock Cloud Master Premium, there is something wrong with your engine.

As A Farm Woman Thinks

(by Nellie Witt Spikes)

GOLD by Don Blanding
My treasure chest is filled with gold — Gold — gold — gold — Vagabond's gold and drifter's gold — Worthless, priceless dreamer's gold — Gold of the sunset — gold of the dawn — Gold of the shower trees on my lawn — Poet's gold and artist's gold — Gold that can not be bought or sold.

Gold
This is a gray, sandstormy Friday morning. It is not a time for working out. Staying in the house is not too pleasant so I will have to look around and find something to brighten up the day.

Don Blanding's poetry thrills me with its beauty of descriptive words. I see his loved Hawaii, see the sunsets, the rainbows at sea, smell the fragrance of ginger blooms in a white lei. I slip away from the wind that howls at my door and blows sand through every tiny crack and find a

Secret Place
There's a place in Manoa, way up in the hills. Where the forest comes down like an army in green; Where the gossamer sheen of waterfall spills And is flung by the breeze To the rocks and the trees And the thrushes, shy singers, are heard and not seen. It is there that the ginger blows, fragrant and white; Where climbing lianas trail down from the sky; And the ferns make a canopy, lacy and light; There's a spring that is cool Flowing into a pool And a gay little brook that goes burbling by.

The shadows that fall from the leaves of the grass Are rags of black velvet on emerald plush. And the clouds dim the sunlight to gray as they pass Where the day filters through To the slender bamboo And a sly, slinky mongoose slips out of the brush. If I look through the curtains of leaves hanging down I can see tiny glimmers of dazzling blue And patches of turquoise and blotches of brown With splatters of yellow And orange and melon; The sea and the sky and the roofs of the town.

And for beauty of words, just listen to this from Jewel-trees. Silks Slinky, slithering silks. — That hiss and shimmer as Ah Moy stirs them; Light from a painted lantern blurs them. Soft whispering silks. — Heavy murmuring silks. — Celestial blues Rainbow hues Many silks And little boxes Red lacquered pigskin. Brass boxes from Tibet, studded with turquoise. Raw turquoise and white jade. Boxes that a blind man made. Feeling with scarred sensitive fingers

For the design And twisting line Of the dragon's tail. Fragile ivory boxes, delicate as lace, holding kingfisher feathers. Jewelry and necklaces and earrings and tiny flowers made of silver shavings and gold wire and seed-pearls.

Chow Pat, the proprietor, His face is like old leather And his smile is kindly And wise. His fingers are very long — and pointed —

I put away the book of poetry. It makes me want to plan on my flower garden. I search through

the catalogues again, make out new lists, long lists that I know I will not fill, because of the cost and the limited space.

Mother Has Fallen Asleep
Mother was tired and weary. Weary with toil and with pain. Put by her glasses and rocker. She will not need them again. Into Heaven's mansions she's entered. Never to sigh or to weep; After long years with life's struggles. Mother has fallen asleep.

Near other loved ones we laid her, Low in the church yard to lie; And though our hearts are near broken, Yet we would not question why? She does not rest 'neath the grasses. The o'er her dear grave they creep. She has gone into the Kingdom. Mother has fallen asleep.

Rest the tired feet now forever, Dear hands are so still; Mother has fallen asleep

Beautiful rest for the weary, Well deserved rest for the true; When our life's journey is ended We shall again be with you. This helps to quiet our weeping. — Hark! Angel music so sweet! He giveth to His beloved Beautiful, beautiful sleep.

Ethel Spikes Ellis had one life to live here on the earth and she lived it well. Always thinking of others, she made life good around her. She was full of the joy of living, she was ready for the end if it was her Father's will. Leslie and Ethel, who close together they were, how happy they were. What an example of faithfulness and love they have given to the ones who knew them. For you who wait behind, Leslie, we know you will keep on giving the love and help that you have helped share with Ethel. Ethel was indeed a blessing to all she came in contact with and we loved and admire her so.

Mr. and Mrs. G. N. Shirey, who have spent two months in Florida for the benefit of Mrs. Shirey's health, are now in Norfolk, Virginia, where they are guests of their son, B. M. C. Gilbert Shirey, Mrs. Shirey and children.

Hardship Cases To Get Surplus Foods in Motley

MATADOR — Surplus foods are going to be made available for the needy in Motley county, but they will be under tight control so that distribution only to qualified destitute cases is assured.

Judge Vance Gilbreath said late yesterday that the commodities will probably include shortening, dry milk, cheese, butter and canned beef and gravy. The foods will go only to those who are no longer able to help themselves.

Local Red Cross welfare committee and the Matador Community Chest committee will screen each case and approve it before release of the commodities is approved by the county. No surplus foods will be released to any family which still has credit in any form, either banks, stores or PHA.

Good carbon paper goes further. Try Suite-Rite.
