

Fifty Club, Stores Complete Program For Style Parade

Monday night at the high school auditorium the fashion event of the season will take place when 69 models will be on parade to show over 100 of the latest spring and summer fashions.

Every type of wearing apparel for children, teen-agers and adult women will be shown.

Stores and shops have been most cooperative in greater numbers this year, 1950 study club officers report. These merchants are sparing no effort to make the event one in which every style-conscious person will be interested.

Not only will the wearables modeled be in greater abundance than formerly, the entertainment features will be fully up to par. Among the entertainers will be two school students with good voices.

Don Barber, Floydada high school student, and Wren Patterson, Andrews ward school student.

Dr. and Mrs. James Wester in costume dancing; Myron Kattner in a baritone solo;

And the always pleasing quartet composed of Al Brian, Bob Copeland, Dr. Bill Greer and Myron Kattner.

In addition it is announced that Mrs. Graves speech department of the high school will have something clever as a part in the show.

Bryan Collins will be master of ceremonies for the evening.

On behalf of the 1950 study club Mrs. Gene Collins, jr. will make the opening talk.

For the musical selections Mrs. Bob Copeland will be at the piano as accompanist.

The young women of the 1950 study club adopted the spring style show three years ago as a major project for their organization annually. Net profit from the event is used to carry on their club projects.

This year committees have given much time to arrange and planning for the presentation.

The show will begin promptly at 8 o'clock Monday night. The admission charge will be 75 cents for adults, 25 cents for children below the age of 12 years.

Members of the club who are serving on the various committees are:

Chairman of the entertainment committee is Mrs. Lane Decker with Mrs. George Mize and Mrs. W. H. Simpson, jr.

Model chairman is Mrs. Bob Copeland, assisted by Mrs. Lyndell Roberts and Mrs. Brac Biggers.

Publicity committee consists of Mrs. David Kirk and Mrs. Jimmy Price.

Chairman of the theme committee is Mrs. Janet Weaver. Serving with her will be Mrs. Marlene Steen and Mrs. Edward Wester.

Ticket distribution is under the direction of Mrs. Claude Weatherbee, and Mrs. Walton Jones.

Mrs. Johnnie Collins will be in charge of the stage props with Mrs. Bill Greer and Mrs. Arthur Womack, jr. serving with her.

Writing the script will be Mrs. Hollis McLean, Mrs. Gene Probst, and Mrs. Jim Simpson.

Backstage with the children will be Mrs. Tom Snead and Mrs. Ham Smith, jr.

Lions and Ladies Gather Tonight

The ladies night for Floydada Lions club when they meet tonight at the American Legion hall. Plans have been made for a very interesting program.

Meeting time is 7:30 p.m. Entertainment will be furnished by a delegation of Hereford Lions. Some 50 or more are expected for the program.

At their regular meeting last Thursday the Lions heard Harold Frost of the U. S. Weather Bureau of Lubbock. Mr. Frost was introduced by Gayle Mayo who was in charge of the program for the week. The visiting speaker told of the duties of a weatherman in West Texas and also made a forecast of the next day's weather. Those present enjoyed the speaker very much as the timely topic was close to everyone's heart and was well presented.

Earl Crow, president of the club, presided at the meeting.

Cast of Floydada Players

The Floydada one-act play is the third act of "The Little Foxes" written by Lillian Hellman. The scene is the living room of the Giddens home. It is in a small town in the south in the year 1900.

BRINGING FARM OPERATORS UP-TO-DATE ON ASC RULES

Current announcements by Henry I. Martin, ASC office manager, have important bearing on farm operations in Floyd county. Among them:

Overplanted Wheat Farms
There has been a major change in the original instructions relating to wheat compliance.

A recent amendment to the wheat marketing quota regulations allows a producer who has over-planted his wheat allotment to designate an acreage equal to the excess which he will not harvest for grain.

This acreage may be used for grazing, cover crop or hay, but must not be allowed to mature as grain. If the excess acreage is allowed to mature as grain it will be charged against your wheat acreage allotment.

This new provision permits a producer to be in compliance with the wheat allotment requirements by not harvesting his excess acreage provided he informs the ASC office not later than April 30, 1954 of his intention to comply and designates the acreage which will not be harvested.

Pre-Measurement of Cotton
Producers who would like to have their cotton acreage staked out can obtain this service by paying for it at the Floyd county ASC office. The cost for this service is \$5.00 per farm plus \$2.00 for each plot staked out on the farm.

Release of 1954 Cotton Allotment
The County Committee is permitted to accept release of 1954 cotton allotments.

Cotton allotments released shall be considered as planted provided cotton was planted on the farm in 1952 and 1953.

The committee will accept releases of cotton allotments through May 21, 1954.

Producers must sign applications to have their cotton allotments released.

Reapportionment of Released Cotton Allotment
All cotton producers wanting an increase in their present cotton acreage allotment must sign up for an increase at the county ASC office.

Producers understand that the increase comes only from the acreage that has been released.

June 4, 1954, is the final date on which producers may request an increase from acreage released from other cotton allotments.

Rex R. Brown Hurt In Highway Crash

Rex R. Brown, of Brown-Holmes insurance agency, has been in St. Mary's hospital at Lubbock since late Thursday night of last week with a crushed and shattered upper left leg and will be hospitalized for several weeks.

His injuries are complicated by a dislocated hip joint.

Brown was in a crash at the south east limits of the city Thursday midnight. His car collided with a Miller & Miller transport truck on the highway turn. He was headed west enroute home from farming operations east of town. He had had chisels running on blowing land.

In the hurry home he was blinded by the lights of approaching vehicles, he told Ed Holmes, his partner. He couldn't pull out soon enough to avoid the wreck. He was taken to Lubbock in a Harmon ambulance.

Tuesday it was said his condition was satisfactory, considering that he was badly mangled in the crash. His only bone injuries are in the left leg. The 1951 Plymouth station wagon he was driving was badly damaged. The driver of the Miller and Miller truck was unhurt. The truck was damaged only to a limited extent.

Mrs. Rex Brown and Mr. and Mrs. Fred Brown, his parents, have been spending much of their time in Lubbock with their husband and son following his injury.

A. D. Fultz Named Acting Postmaster

Floydada has had two acting postmasters since the resignation of Mrs. Barbara H. Smith on January 1, 1953, and come April 1 is due to have another.

A. D. Fultz, principal of Andrews ward school since 1945, will be the new acting postmaster and is due to be given a permanent appointment. He said last week he had been advised that he had been chosen to succeed James S. Green, resigned. He expects to be checked in to the office on April 1.

Green submitted his resignation late in February to become effective at the earliest convenience of the department. He will devote his time to an irrigated farming project.

Assistant postmaster W. B. Henry was named to the post on January 1, 1953, following the resignation of Mrs. Smith Green was checked in within a short time thereafter.

Floydada High Is Observing Student Council Week

Student Council Week is being observed for the first time this year at Floydada high school. The Student Council is observing Student Council Week from March 22-26. It was established by the Texas Association of Student Councils and is a project of the Governor of Texas.

The purpose of the week is to give the public of the county a better understanding of the needs and desires of the student body and to secure the support of the public in the carrying out of the school program.

The Student Council is not an advisory body for a high school. It is just another school organization. The Student Council is a group of students elected by the student body to represent the student body at regular meetings of the council.

Connor Candidate For Campus Honor At W. Texas State

CANYON, March — Fred Connor, son of Mr. and Mrs. James R. Connor of Lockney, is a candidate for Personality King of the annual Plains Personality pageant slated April 2 at West Texas State college. Six men and six women have been nominated for king and queen honors, and final student body election was held March 17. Winners will be presented at the pageant.

Letters of invitation have gone to several hundred high schools of the area to send delegates to the pageant. Presidents of campus town and county clubs, organized this year, have also sent special invitations to schools in their districts.

The titles of royalty for the pageant are among West Texas State's most sought after honors. Winners are pictured in *Le Mirage*, West Texas State yearbook.

Connor is a junior business administration major, and is vice-president of the Kappa Beta fraternity, and a junior senator on the Student Senate.

Two family cars are better than One

Over 400,000 families own two Fords and enjoy all the practical advantages and conveniences of two quality cars at costs not too much different than those of one expensive car. Yet in feature after feature Ford

NEW 130-H.P. Y-BLOCK V-8
 It has a new deep-block Y-design, a 3-bearing crankshaft and low-friction efficiency for longer life... smoother, quieter operation... greater economy.

NEW 115-H.P. I-BLOCK SIX
 Like the new V-8, it's of overhead-valve, high-compression, low-friction design. And its deep-block design gives smooth, quiet power and long engine life!

duplicates these expensive cars... as thousands who have already joined the 2-Ford family fold.

Just think!... for the price you pay for just one car you can have two 1954 Fords. Whether you choose new I-block Six or Y-block V-8, you get the last word in compression, low-friction power. And you get the advance in chassis design in 20 years—new Ball-Joint Suspension. In Ford you get a new Astra-Dial control panel. Center-Fill Fueling, suspended clutch and brake pedals, hull-tight Crestmark body, all exclusive with Ford in the price field. With this host of fine car features and more, Ford offers you a car that's worth more when you buy it more when you sell it.

Now more than ever

The regular monthly meeting of the community center met Thursday in the church. Officers were elected for another year.

Mr. and Mrs. E. W. Turner visited Mrs. Turners little niece at Lubbock Sunday. She is very ill. They took her to a children's hospital in Dallas, Monday.

Those visiting Mrs. Chloma Williams Sunday were Messrs. and Mmes. Everett Miller, Ted Rutherford, Donald Finkner, Aldine Williams and children of Floydada, Perry Tipton, Sherwood Ramsey, Wesley Carr and sons, Martha Carr and Horace and Mrs. Wister Ross.

Mr. and Mrs. Ted Rutherford were supper guests Sunday in the Wesley Carr home.

Special Offer Ends March 31

March 31 is the deadline on the try before you buy electric clothes dryer campaign. This merchandising idea was sponsored in Floydada by Southwestern Public Service Co., the City Light Plant, and the local appliance dealers. It offers the prospective buyer a chance to try out a machine without obligation in her own home.

Automatic drying is a comparatively new idea in this area. The advertising campaign is to encourage the use of this modern appliance which gives the lady of the house an opportunity to get her drying done regardless of the weather conditions.

Some of the advantages of electric drying that have been pointed out include a saving in labor, time and dollars; health benefits, convenience, better results as well as doing away with the need of drying lines in the yard.

The prospective buyer can find about any make or model that he desires right here in Floydada, and the price is right. Until March 31 these may be tried without obligation by calling your dealer and telling him you are interested in an electric dryer.

Stop Taking Harsh Drugs for Constipation

Avoid Irritating Opium! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

Mrs. Angus Named Honor Guest at Dougherty Coffee

Friday morning, Mrs. W. S. Poole, of Dougherty, was hostess to friends at a coffee, at which she named Mrs. Wynne Angus honor guest.

Guests were neighbors and friends of Dougherty and vicinity.

Mrs. C. A. Caffee, sister of the hostess, presided at the silver service.

The serving table, an Easter scene, on the cloth white, was centered with a large hand-painted wooden doll, of good proportions, complete with hat with pink roses, blue dress, to which handkerchiefs were attached, signifying the handkerchief shower, which was given the honoree.

Pink roses and vines were placed around the base of the doll.

Plate favors were clever floral blotters with the hostess' name printed on the corner.

On the guest register table, a miniature replica of the desk Mrs. Angus used at her work at The Hesperian office, complete with name, was placed.

Mrs. Angus received many beautiful handkerchiefs from those present and other friends.

The guest list included Mesdames Fred Cardinal, Bundy Campbell, C. A. Caffee, H. N. Powell, Jim Morrison, C. R. Woodson, Ruth Daniel, A. H. Kreis, J. T. Poole, Kenneth Poole, Bill Norman, Tate Jones, J. K. Newton, R. T. Jones, Ned Bradley and Misses Oriand Howard, Tommy Thinn, E. P. Stovall and Mary Shaw.

1954-5 Officers Elected By P-TA Following Social

The Andrews Ward PTA met in night session Monday evening at 7:30 in the First Baptist church.

Approximately 83 guests registered before entering the parlor where coffee and small case squares were served from an appropriately laid table. White carnations and green ribbons in a flat silver container were placed between white tapers in silver candelabra.

Mrs. Lee Goughlight presided at the silver service. Mrs. Ott Glassmoyer played incidental music during the evening.

The meeting was called to order by the president, Mrs. Goughlight, following a prayer. Mrs. Johnny Robinson, accompanied by Mrs. Goughlight, presented the group in several "old friends" songs.

Officers for the coming year were elected. Following the installation service in May, the following staff will take charge:

President, Mrs. Paul Sporkman; Vice-president, Mrs. W. F. Patrick; Secretary, E. G. Carter; Treasurer, Mrs. E. K. Robinson.

The group passed the resolutions of the convention and reviewed next month's activities.

Mrs. Klinger, the speaker of the evening, presented a paper on "The PTA's Role in the Community" and was well received by the audience.

The meeting closed with the singing of "Lead Me to the Light that Shines."

Mrs. Angus Named Honoree Saturday Morning at Coffee

Mrs. O. G. Glassmoyer and daughter, Miss "Deana" Glassmoyer, of Midland, and Mrs. Tate Jones were business on Saturday morning at a coffee, naming Mrs. Wynne Angus as honoree.

Mrs. Glassmoyer and Mrs. Angus received the guests and Mrs. Charlie Lewis secured names for the guest book.

In the dining room Mrs. Tate Jones presided at the silver service with Miss Glassmoyer, assisting in the serving.

The table covered with a gray damask cloth carried out the Easter theme in the decorations. A centerpiece of yellow daffodils, forsythia purple Easter rabbits, with tiny Easter chickens on the limbs of the forsythia, made a beautiful background for the silver appointments.

On the buffet, colored Easter eggs in a wicker cornucopia completed the decor.

Forsythia was placed at vantage points throughout the living room.

More than one hundred friends called and registered during the receiving hours 9:30 to 11 o'clock.

Mrs. Angus was presented with a beautiful pin by the hostesses and friends.

Mesdames Grady Walter, George Mize and Hattie O'Neal assisted with the hospitalities.

Birthday Party Held By Stovalls

Mr. and Mrs. R. M. Stovall had their children, with the exception of one daughter, Mrs. Garmire of San Diego, California, at their home on Sunday.

The occasion of the family gathering was to celebrate the 60th birthday of Mr. Stovall.

A beautiful dinner was enjoyed by the children and grandchildren who included Mr. and Mrs. J. T. Stovall and children of San Diego, California, Dr. and Mrs. J. W. Kinard and children of Lubbock, and Mr. and Mrs. Louis Anderson and son and Lawrence Stovall all of Floydada. Miss Linda Garmire, a granddaughter of San Diego, was present as was Miss Carolyn Trapp, a friend of the family.

4-H CLUB MEETING

(By Lynda Thurston, reporter)

The Lakeview 4-H club met March 17 in the Lakeview school lunch room.

Miss Leila Petty, Home Demonstration agent, discussed foods for a good breakfast.

Old members present were Novis Johnson, Jean Jones, Patricia Neff, Charlene Wright, Ruth Aasebo, Judy Newberry, Lynda Aasebo, Anella Thurston, Lynda Thurston and Mrs. Warner Johnson, adult leader.

New members present were Mary Elizabeth Wright, Betty Lou Wright, Judy Appling and Betty Sue Harrison.

BEST PERIOD FOR MARJORIE ANN JONES IS REQUIRED

Marjorie Ann Jones, daughter of Mr. and Mrs. C. W. Jones, who has been a patient of rheumatic fever for the past three years, has been confined to her bed for an indefinite period of rest.

Ann is an eighth grade student of Andrews ward school and is hoping to return to school in time to finish her work and graduate with her class. She would like to hear from her friends.

LEAVE FOR WEST COAST

Mr. and Mrs. J. Sam Hale left today for San Diego, California, where they will visit with a daughter, Mrs. A. H. Rainer, and Mr. Rainer and sons.

They will also visit a son, the Ralph Hale family, in Los Angeles before returning home.

Lockney Business Women's Meeting Hears Book Review

Mrs. Ralph Johnston was guest speaker at the dinner meeting of the Business and Professional Women's club in Lockney on Tuesday evening and reviewed the current book, "Miss Willie" in a very pleasing manner. Mrs. Johnston held her audience in her review of the book, and they thoroughly enjoyed her rendition of the story.

A lovely chicken dinner was served in the new cafeteria of the Lockney high school by Mrs. Myer and her assistant. The tables were decorated in the Easter motif with rabbits, small yellow chickens and Easter eggs. The speaker's table had a centerpiece made of ducks and rabbits from styrofoam, and cleverly painted.

Mrs. Wynne Angus and Mrs. Ada Bailey were hostesses for the dinner, which was attended by 22 members and guests.

From Floydada at the dinner were Mrs. Nancy Morckel, Mrs. Ralph Johnston, Misses Ruth Collins, Leila Petty and Mrs. Angus. Mrs. Joe Garrett, of New York City who is the guest of her mother, Mrs. Roy Hollar here, also was present.

Mrs. Betty Knox, president of the club, presided at a short business session prior to the book review, and at the close of the meeting, presented Mrs. Angus in the name of the club, a going-away gift.

CHILDREN, FRIENDS Honor Alexanders On Anniversary

Mr. and Mrs. C. Alexander of the Lakeview community and residents of the county, celebrated the 12th anniversary of their wedding anniversary on Sunday, March 22. They were honored by the City Park church of Christ, of which they had been long and faithful members.

Following the morning service, a dinner was served at the church to over 200 persons, including the couples' children and friends from Floydada and other towns in the area.

The children present were Mrs. R. E. Cogswell of Dimmitt, Mrs. John Hambricht and Hugh Alexander of Olton, Clyde Alexander of Plainview, and Mrs. Will Hambricht and Leonard Alexander of Floydada.

Mr. and Mrs. Alexander and their son, Leonard, live on their farm near Lakeview.

Out of town friends present for the celebration include:

Mr. and Mrs. Claude Tatum, Mrs. J. U. Borum, Ouida Whitfield, Mrs. Cecil Armstrong, Miss Naomi Wright, and Mrs. Roe McClesley all of Lubbock; Mr. and Mrs. W. A. Cogswell of Eddy; Mr. and Mrs. A. J. Jackson of Lorenzo; Bill Alexander, Boone Alexander, Bobby Alexander, Lillian Alexander of Plainview; Mr. and Mrs. Gene Jackson of Abilene; Mr. and Mrs. Leo Phillips, Mr. and Mrs. Travis Campbell of Dimmitt; and Kenneth W. Hambricht of McLean.

CHILDRESS PASTOR Preaching Here

Revival services have been in progress at this week, beginning Sunday, at the First Methodist church, with the reverend C. Holcom, pastor of the First Methodist church, Childress as the guest preacher.

The services have been at 10 in the morning and at 7:30 in the evening. The attendance has been good.

A series of services is a simultaneous revival in Plainview district beginning in meeting.

This series of special services will close Sunday evening.

NO SUCCESSOR CHOSEN YET TO TAKE PLACE OF FUCHS

The city council has yet to take one of its duties which is to select a successor to take the place of Mr. Fuchs who recently resigned as superintendent of utilities to move to Hockley, Oklahoma, to enter the radio field.

Don Mayo, one of the councilmen, said yesterday several applications had been received for the position.

Mr. Fuchs left Monday for his new work. His family—Mrs. Fuchs and three boys—will remain in Floydada until the end of the present school term.

Ledgers, Binders, bound records, work sheets. Hesperian.

CARD OF THANKS

To my friends: I thank you for the cards and letters. I'm getting along fine now and will probably be in the hospital two more months, then I'll be home to thank you personally.

Dub Hodge.

Recent announcement that Santa Fe Railway now is completely Dieselized brought from historical files the above photos on development of Santa Fe locomotive power. Locomotive No. 1 (top), the "Col. Freezing Fruits Techniques Given To Club Leaders

A demonstration on freezing fruits and vegetables was given Tuesday afternoon in the Lighthouse Electric Kitchen by Miss Frances Reasonover, Foods and Nutrition Specialist of the Extension Service of Texas A. & M. college.

This was a training meeting for leaders in Home Demonstration clubs who will give this demonstration to their clubs in April.

Techniques in giving a demonstration, as well as the actual demonstrations, were given by Miss Reasonover. The revised freezing bulletins were distributed for club members.

At the close of the meeting, Mrs. Harry Morckel, electrical use advisor of the Lighthouse Rural Electric Cooperative, served cookies and ice cream topped with frozen peaches to those present.

Leaders attending were Misses W. O. Tye Ernest, Kendrick, D. W. Burke, Sunnyside; Howard Drysdale and Tate Jones, Dougherty; M. M. Julian, J. P. Taylor, South Plains; N. S. Abbott, Lockney; C. L. Mooney, Sterey; H. W. Roberts, D. T. Mayo, Homebuilders; E. O. Barrett, P. L. Dorman, Lone Star; Rafe Ferguson, James Jeffress, C. B. Cunnack, Sand Hill.

Snodgrass, Harmony; Vernon Grass, Shirley Raec, Pleasant Valley; J. H. Buchanan and O. M. Watson, sr., Friendship; Verlon Wright, Lakeview.

Also attending were Mrs. Aubrey Russell of Lubbock, District Agent for the Extension Service, and Miss Leila Petty, Floyd County Home Demonstration agent.

Will Give Starkey Club a New Name

A new name is to be selected for the Starkey Home Demonstration club. The members voted to make the change in their meeting March 19 in the home of Mrs. Clarence Reddy. The reason was the hope it would enlarge the membership besides the fact that several of the members are not of Starkey community. Members are asked to submit names from which they will choose the new one.

Mrs. J. W. Day, jr., presided over the meeting with Mrs. Turner acting as secretary. Roll call was announced with "my goal for improving my living room."

The program "forget day" was given by Mrs. Cleo Fulton. Fines were collected and added to the club fund.

Miss Petty gave a demonstration on "Fruits for breakfast."

A fashion parade is being planned which will be sponsored by the club. Everyone is invited to come and take part. It is planned for some time in April.

Present were eighteen old members, two new members, Mrs. Harvey Tardy and Mrs. W. H. Nelson and Miss Petty. Old members present were Mesdames S. L. Holmes, C. L. Davis, J. K. Holmes, Bill Ferguson, J. W. Day, jr., O. P. Cummings, Turner Hunter, Herman Hodge, George Smith, John Snipey, D. Wallace, Bill Blair, Wanda O'Neal, G. H. Europe's Historic Battlefields Keep Bomb EODP Busy

On a mission in Europe, an artillery shell exploded at the site of a World War II arsenal.

They could not be used in an explosion in place of the local newspapers. Thirty-one shells were loaded and the mission ended at 6:30 a.m.

Although destruction of the arsenal is not the primary reason for the explosion and the mission, it is a historic site.

The packages containing high powered tank-busters, anti-aircraft shells, grenades and aerial bombs frequently are found in European jungles and towns.

When they are discovered, the U. S. Army's pre-emptive daredevil go to work.

"Explosive Ordnance Disposal Personnel" is the official title of the 65 Army men who tame the often deadly "ducks."

The work is dramatic—a city holds its breath while an Army squad descends a 500-pound block-buster found buried in a bombed-out house.

The work is comical—after terrific suspense, an officer announces that maneuvers may continue. A reported "bomb" is only a discarded milk can.

The work is routine—a practice range contains four bazooka shells which failed to explode and must be cleared.

But for the most part, the work is training and waiting.

"We're just like firemen," says Captain Jeremiah H. Dwyer, commanding officer of the 925th Explosive Ordnance Disposal Squad. "We're either rising our necks, getting ready to risk them or answering false alarms."

Dwyer leads one of the six squads which do bomb-detecting in Europe, five are in Germany and one in Austria.

Two of the squads, working under the Army's European Headquarters, are in the process of clearing more than 13 tons of explosive ordnance in a year, including 1,600 separate items. In a nine-month period in 1953, the teams drove 30,000 miles getting to and from assignments.

At times, the squads get a chance to help German-Americans understand by doing jobs to benefit the local population. Two units recently went into the small village of Weidenburg, near Erfurt, and cleared a post office, used for fire-bombing purposes.

The German army had dumped tons of ammunition in the pond, and the town was menaced during the wintering when ice, usually worked or rusting springs and 800 anti-tank shells exploded in lightning blasts.

The major called on the Army for help and within two days the squads removed several hundred tons of rifle grenades, thousands of rounds of machine-gun and anti-tank ammunition and a collection of armor-piercing warheads.

Aid often is extended to France.

Top Production Lowers Food Costs

American families pay at least a third more for food than at present. Local newspapers report that didn't have any surplus crops, reports Dr. Ernest Cornell University here.

Dr. DeGraft said chemical fertilizers are added directly to our food. "We could not produce our present high-quality all the other advantages of the level of living we have."

"If we had to devote to producing food, the food would be less plentiful, but also we would be able to produce other services as we do at present. Without fertilizer, farmers would maintain their stock and our surplus less balanced. Dr. DeGraft said in place of more food, we would have to consume such as beans, corn and a result, our diet would be of a lower quality."

Patents Pending

CAMP FOLK, La.,—6,000 miles apart, the same device is being used to clear the tanks at about the same rate.

The new method depends on German Army post-war experience. It reduces the amount of explosive ordnance which must be cleared. Previously it was a tank recovery team of 31 Project Engineers, Ohio, shipped a shipment on the way to tighten tracks. This automatically lights a Mordana, with the Cavalry Regiment in the area.

A few days after the work was completed, the Allen is with the 1st Battalion here.

Floydada First Baptist Church Cited Second Consecutive Year

The Texas Baptist Sunday School Convention was held in Abilene March 23 through March 24. The Southern Baptist spent more than \$130,000,000 last year for new church construction. W. A. Harrell, secretary of Church architecture of the S.B.S. Sunday school board, told the convention Tuesday.

Speakers for the convention were W. A. Harrell, secretary of church architecture, Dr. Ullin W. Leavelle, professor of education and director of the reading clinic at the University of Virginia, and Rev. W. A. Cruwell of Dallas.

Book on Texas Water Problem Urges Action

AUSTIN, Texas — A noted University of Texas scholar addresses a plea for action to the people of the state in "More Water for Texas," latest publication of the University of Texas Press.

Dr. Walter Prescott Webb, world-famed historian on the University faculty, urges adoption of a plan to conserve ground water resources, to adopt the local economy to available water supply and to build an integrated water system to capture water that now empties unused into the Gulf of Mexico.

Lent, Now 40 Days, Once Was 40 Hours

Lent is the great period of fasting in Christian churches and begins on Ash Wednesday, which comes 40 days previous to Easter, not counting Sundays.

This Easter Service Is Cathedral's 413th

Tourists from many lands are expected to be on hand when the 413th annual Easter services are held in the first cathedral built in the New World—At Ciudad Trujillo the famous old Cathedral of Santo Domingo.

Actual Easter Date May Vary by Thirty-five Days

The actual date of Easter varies from between March 22 to April 25th over a period of 35 days. About a 325, the Council of Christian Churches at Nicea in Asia drew up the Nicene Creed and decided that Easter shall be the first Sunday following the Paschal Full Moon, which happens upon or next after March 21. The reason for this ruling, it was said, was that the pilgrims needed moonlight to travel on their way to the great yearly Easter festivities.

London Dog Show Was Started in 1886

LONDON —Cruft's world-famous dog show, originated in 1886 by Charles Cruft, who began his career as a clerk selling dog biscuits for James Spratt, drew 5,985 entries this year and had 50,000 visitors.

Bureau Voices Opposition To Pay Raise Plan

Opposition to Governor Shiver's plan for raising revenue for a teacher's pay raise was voiced in a letter sent by the Floyd County Farm Bureau to Senator Lepoy Saul and Representative Andy Rogers, according to Chester Carthel, president of the county organization.

The issue was discussed during the regular monthly meeting of the officers and directors of the Floyd County Farm Bureau, Thursday, March 18, at the county office. The decision to inform the State legislators of the farm organization's position in regard to the issue was a result of the discussion.

The farm organization recognizes the serious shortage of teachers in Texas and, at its last annual state convention, recommended that legislation be enacted to provide necessary funds to attract and hold more qualified teachers.

The Farm Bureau opposes the governor's special committee's compromise plan which would allow the Legislature to increase ad valorem taxes on land and property with the people in the local school districts having no voice in the matter.

Under the provisions of the compromise worked out by the special committee, the districts would contribute 20 percent of the cost of the public school program and the state would pay the other 80 percent.

This is contrary to the principles of the Gilmer-Aikin law which specifies that the districts contribute, according to their ability, a flat \$15 million annually. The Farm Bureau feels that the 20-80 proposal would discriminate against the local school districts. The districts have only one source of revenue — an ad valorem tax on land and property, while the state has a great number of sources, especially in the field of natural resources. The Farm Bureau favors a tax on natural resources if additional state funds are needed for any purpose, said Mr. Carthel.

Natural gas, for example, pays less than 2 percent of its retail value in taxes. Crude oil, on the other hand, pays approximately 20 percent of its retail value. The Farm Bureau feels that the people of Texas should derive some benefits from the state's "natural gas" which is abundant in Texas. The state has a very small tax on it. Some other states derive more tax revenue from Texas natural gas than does Texas.

Three years ago the Texas Farm Bureau was primarily responsible for the passage of the gathering tax on natural gas. This tax bill, which placed a tax on natural gas going into interstate commerce, was recently declared unconstitutional by the U. S. Supreme Court.

Detailed the Farm Bureau officials give their position as:

(1) We favor an increase in teachers pay.

(2) We insist that the local districts' contribution to the minimum foundation program remain at \$45,000,000.

(3) Any new money needed to provide an increase in teacher pay should come from a tax on natural resources.

Gas Tax Refund Feud There is another bill which local Farm Bureau men point to, before the special session, to do away with one-fourth of the tractor gas or non-highway-used gas tax refund. This is an old feud and is vigorously opposed by TFB.

The county Farm Bureau will have a general session or county meeting on April 29. Riley Arnold, organization director of the southern region, from Alabama, will speak for the gathering at that time.

A complete program and place will be arranged and announced later, the report said.

This week the current membership roll in Floyd county Farm Bureau was reported at a figure above 600. Many communities have not completed their membership drive. E. L. Turner, campaign leader, is confident the goal of 700 will be exceeded.

Mr. and Mrs. Fred Battey attended the funeral of Mrs. Jack Cook of Brownwood Tuesday. They visited relatives in Rising Star Wednesday and Thursday.

Boyce House Says I Give You Texas

Don Luis Terrazas of Mexico, whose holdings were the greatest in the world's history of ranching, in the 1880's and 1890's owned 12 great haciendas, or interlocking ranches, and on each of them he built a church, a school-house and ample quarters for his employees.

The Don himself lived in a great mansion in Chihuahua City, but in 1896 he built a palatial country home which he called the Quinta Carolina — and here, on every possible occasion that offered an excuse, Don Luis gathered together the families of his four sons and eight daughters. It was not all unusual for the Sunday table to be set for 100 persons and on some days as many as 200 dined in the great banquet hall. The kitchen, it was said, customarily handled at least two fat steers every week, sometimes more. One wing of the palace held a big nursery for the convenience of the many Terrazas grandchildren, and the hacienda's bakery was of a size that would supply a small town.

The old Don believed in giving his children and his grandchildren every educational opportunity, preferring American schools, and as each became old enough for the college or the convent, he sent them across the border into the states, more often than not in a private Pullman.

But General Terrazas himself spent most of his own time on the ranges. He traveled from one hacienda to another in a special coach drawn by eight solid white mules, and at roundup time, Don Luis was always up at 5 in the morning and riding out at the head of the 100 to 200 vaqueros participating in the roundup. Men who were with him in those days testify that Don Luis — when wearing his best year — would refuse to ride a bronc that didn't have some life about it. If a horse didn't pitch and buck a little when Terrazas swung into the saddle, he would call one of his men and tell him to saddle up an animal a little more lively.

He was also a fine roper, even in his later years — and, according to old vaqueros, it was a great sight to see him, with his long white beard flowing in the breeze, ride down a steer and throw him neatly with his lasso.

It was nothing for the Terrazas outfit to roundup twenty to thirty thousand steers at one time — for nearly every fall the Don shipped from sixty to 70 thousand head to the Chicago market by way of El Paso — this in addition to the thousands that were slaughtered every year in the Chihuahua City packing plants.

Once, Don Luis rounded up 50,000 head into one herd just for the fun of it. It was in 1910, at the time when President Diaz was traveling north for his historic meeting with President Taft on the international bridge at El Paso, and Don Luis wanted to give Porfirio Diaz a show. Accordingly, he and his vaqueros had the great, milling herd waiting beside the railroad track when the presidential train stopped briefly at Aqua Nueva.

A man may get less — and he frequently does — than he pays for; but (and you can write this down as a certainty, in the long run he will not get more than he pays for.

Wallace Irwin, one of the most noted writers of his day, had quite a struggle before getting established and he said he found the perfect solution for economical eating: coffee and doughnuts at midnight.

"It will give you such a case of indigestion that you won't want anything the next day," he explained.

A Broadway columnist who quit writing a year or two ago has resumed. He took time out for a little scandal in which the wife of another man tried to kill herself in the aforesaid columnist's apartment. Also during this interlude, he was sued for divorce and he and his wife issued fiery statements and counter-statements through the press.

Now this great thinker whose life has been such an inspiration has resumed writing his view on life.

To paraphrase Shakespeare: A Rose by any other name would smell.

Crisis Develops As Britons Desert Pubs for Television

LONDON—There is a new crisis in England and it has nothing to do with politics or shortages. It has been brought about by television.

It seems that the pubs—Britain's haughtiest and most respected institutions—are about to go out of business because people are staying home these days to watch television.

The Englishman still patronizes the pub for lunch—and a few mild-and-biters. But after night, fall the pubs aren't the same—no longer the favorite club for small talk and intellectual philosophy.

More and more the beer drinkers are going straight home—and staying there to watch TV.

There are 4,469 pubs in London alone. Beer sales are dropping. Britons drank 252,000,000 gallons less last year than in 1946; even during the past year consumption fell off 98,000,000 gallons.

One pub owner says he is planning an innovation—a mobile pub. "If people won't come to me," he says, "I'll have to go to them—at football matches, big fights and race meetings. The pub as we used to know it is dead."

My Uncle Henry says the only place a horse-tail looks good is on a horse.

In a book called "Sam Jones, Lawyer," there is a little anecdote about Jones and two other attorneys who examined a candidate for a law license. The applicant was asked, "What is the rule in Shelley's case?" He replied, "I didn't know Shelley had a case." His other replies were on a par. The other two committee men wanted to turn him down but Jones favored granting the license. He said, "I admit that he doesn't know any law and probably never will but just think what an ideal district judge he would make!"

Future Demands On Our Water Supply

Water is our most precious mineral. It is an indispensable part of living. But in terms of present and future needs, it is growing alarmingly scarce.

The demand for water increases with each passing year. Water consumption records are set at an all-time high one month, only to be broken and surpassed the next month. It is a sobering fact we are using our available supply much more quickly than it is being replaced by nature.

According to W. P. Webb, author of "More Water For Texas," the population is doubling every half-century. If the consumption of water per capita remains uniform, the demand will double in the same period.

Actually, Webb points out, as the standard of living rises, as people move from the rural areas to the urban ones, consumption of water per capita will increase enormously. For example, Texas in 1953 was

consuming 34 times as much water as it did in 1890, although the population has increased only 3.2 fold. Texans were consuming 2.3 times the amount in 1950 that they did in 1940, though the population in that decade increased by only one-fourth.

In other words, each Texan is consuming 10 times the amount of water he did in 1890 and about twice the amount of 1940.

The ever-expanding industries in the state also are accounting for a terrific amount of our water—and will in years to come. They use many thousands of acre-feet of water.

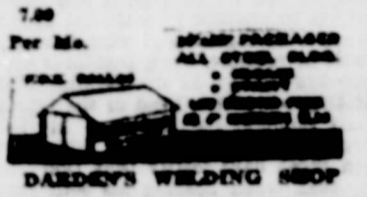

An acre-foot of water equals an acre of land covered to a depth of 12 inches, or 43,000 cubic feet, or 325,000 gallons. Industry can make 22 tons of chlorine from one acre-foot, or 40 tons of sulphur, 36 tons of synthetic chemicals or 15 tons of rubber.

A surprising fact is that it takes 325,000 gallons of water to produce 200 pounds of beef or veal, or to grow 10,000 oranges or to raise only 200 pounds of cotton.

The estimated population of the nation by the year 2,000 A. D. is expected to be some 227 million persons, as compared with 151 million in 1950. It is obvious that a vast water conservation project is needed if our water supply is to meet the demand.

As A Farm Woman Thinks

(by Nellie Witt Spikes)

The Weaver
By Wanda Dobecki
The master weaver sat alone at his loom,
With threads of silver and gold;
But he laid their shining beauty aside
For darker shades and cold.

The questioning crowd all shook their heads
And frowned at his unwise choice;
But he silently wove the darker threads
Unheeding the critic's voice.

So when the tapestry was through,
They still were wondering how
The threads that seemed so dull before,
Could be so lovely now.

They didn't foresee that each dark thread
He wove into the design,
Would glorify the brighter ones
And make their beauty shine.

I found the above lovely poem in a Baptist publication for the young people. It made me think of my mother's quilts she so loves to make. Carefully she cuts them out, places the dark plain ones together and the gay bright ones the same. She takes up a dark one, sews it to a ray one, thus on and on, the beautiful quilt takes shape, each bit of cloth taking its place in the finished whole. Dark days come in our lives, bright days come. If we let God weave our lives, the whole pattern of dull and gay, make us into a pattern of beauty and usefulness as are the quilts mother makes.

Last week Charlie McDermott called me and asked if I had read the old letter in the Lubbock Avalanche. I immediately looked it up. To my surprise I recognized it as one of a series of letters I had written for the Halls Banner when it was published by Mrs. Hyatt.

I wanted to recall the early day history. I was a new beginner in writing down my recollections and thoughts. I would write the early days in letters and use the pen name of Margaret. They were written to a person who lived in Parker County, the never an actual letter was sent through the mails. I dated the first one, Estacado June 18, 1890, and the last, the 19th, December 1, 1928.

In these so-called letters I described things as they actually were, but that I was a grown-up instead of a little girl.

Mrs. Hyatt later printed these letters with other writings I had about early days, into a little book, titled "The Early Days On The South Plains, by Nellie Witt Spikes." She printed one hundred but I have only one. Perhaps some of you who read this have one of the little books. How it came to be printed in an Oklahoma paper I do not know or did not know the lady to whom

it was supposed to have been written. But I have run across some of these letters here and there. The Avalanche writer did not know the Margaret of the letter. I am the person.

If I had a big handsome orchid I would pin it on Winney Angus. In fact it would take a bushel of orchids to let her know how much she has meant to us. Her sister married a cousin of Mr. Spikes and she has been our "kissin' cousin" ever since the day we met her in Floydada. She has made the town in which she lived a better place by her friendly ways and taking hold and doing the things needed to be done. She has made good at the job of newspaper work, Red Cross work and if you know her you can name many kind things she has done for you and so many, many people.

Mr. Angus has filled his place in the town well, also. We do not like to lose these people from our community life. As Edgar Guest once wrote, "It takes a heap of living to make a house a home." It also takes a heap of living to make a town a good place in which to live and rear a family. Emory and Winney Angus did a heap of living and helped make Floydada a better town. Now they have taken their talents to another town and we only say, Farewell, not goodbye.

Johnny Jeff has not been well lately. He is beginning to talk and of course we think he is too smart for anything. Well don't you think your own grandchildren are also?

NAVY EXPERIMENTING WITH UNDERWATER WINGS

The United States Navy is finding a use for wings—underwater ones this time.

The Navy has announced it is experimenting with the "hydrofoils" on boats. They have surfaces similar to an airplane's wing. Fitted to the bottom of small craft, the raise the hull out of water when sufficient speed is attained.

When the boat is thus entirely supported by the wing, the result is less water friction and more speed. So far, the project is entirely experimental but the Navy says "hydrofoils" are expected to be applicable to various boats and small craft.

A Swedish ferry equipped with hydrofoils has a speed of about 85 knots, or 60 miles an hour. An experimental German hydrofoil boat constructed during World War II attained speeds of 60 knots, approximately 60 miles an hour.

Coffee To Have New Meaning For American Hostess

BRONXVILLE, N.Y.—One of the nation's leading lexicographers has answered a question that has long puzzled hostesses: What do you call an informal party at which coffee is to be served?
Clarence L. Barnhart, editor of the Thorndike-Barnhart dictionary, says that the sensible name for such affairs is "a coffee." At the same time he announced that future editions would contain the following definition:
"Coffee, a social gathering, often in the morning, at which coffee is served."
The decision to include the additional definition was made, Mr. Barnhart says, after his research staff had studied U. S. newspapers for many months.
Mr. Barnhart pointed out that the

Ancient Stone of Scone Has Fabulous History

LONDON—The Stone of Scone, which is a part of the 653-year-old King Edward's Chair that played such an important part in the recent coronation of Queen Elizabeth, has a fabulous history.
Before the coronation it was in the news when it was stolen from Westminster Abbey. It was returned a few weeks later.
On the stone, the ancient kings of Scotland were enthroned, and its legendary history proclaims it to be Jacob's pillow. Legend also links the stone with Ireland's ancient Stone of Destiny, Lia-Fail.
The Stone of Scone was captured by King Edward I when he invaded Scotland in 1296. He brought it back in triumph to London and commissioned his royal painter, Walter of Durham, to build a chair to hold it. He paid Walter five pounds for the chair, completed in 1300.
The word "tea," meaning a social affair was reputedly originated by Jonathan Swift in 1738.
"For want of a more accurately descriptive term, our coffee-serving hostesses have, for nearly two centuries, called their parties 'teas.' The new definition of coffee 'teas' is a solution which, I am happy to report, has the approval of Miss Amy Vanderbilt, author of the 'Complete Book of Etiquette.' That authority on what is proper recently said, 'If a hostess is holding an event at which coffee is the beverage, it is perfectly correct to call it a coffee.'"
"What makes you say that?"
"Because," laughed the lexicographer, "I got all the unpopu-

WTS Music Major Heard in Recital

CANYON, March (WTNS)—Miss Anita Tooley of Plainview, and formerly of Floydada, was presented in her senior piano recital at West Texas State College Tuesday of last week in the administration building auditorium. Miss Tooley is a candidate for the bachelor of music education degree.

A student of Miss Matilda Gaume, assistant professor of music, Miss Tooley selected for program Beethoven's "Sonata, No. 2," Chopin's "Polonaise, Op. 26, No. 1," Debussy's "Voiles," and Bartok's "For Children, Volume 1," which includes "Study for the Left Hand," "Ballad," and "Allegro."

Miss Tooley and Miss Patricia Walton, senior from Hereford, joined in a piano duet to play Clementi's "Sonata, No. 2" and "Jungle Drums" by Lecuona.

Daughter of Mr. and Mrs. E. H. Tooley, 310 Beach, Plainview, Miss Tooley is a member of the West Texas State orchestra, A Cappella Choir and Treble Ensemble. She is also a member of Buffalo Gals, campus service organization, and Music Educators National Conference. She was named this year to represent the college in "Who's Who Among Students in American Colleges and Universities." She is a graduate of Floydada high school.

BY EXCESSIVE EATING

PORT WORTH, Texas—Dr. John M. Church, who's made a study of gout, the disease once believed to be caused by excessive eating and drinking, says the disease is really a form of arthritis and extremely painful.

People with gout were usually laughed at because it was considered something like a hangover, he reports. It isn't, however, and is one of the most painful of diseases.

Many famous people have had gout, his research reveals, including Alexander the Great, Lord Tenynson, Martin Luther, Sir Isaac Newton, Samuel Johnson, John Milton, Charles Darwin, and General Winfield Scott.

SHAMROCK

NOT ONE BUT 2 GREAT NEW GASOLINES

New Blending Formula

- Adds Premium Qualities to NEW SHAMROCK TRAIL MASTER Giving Users of Regular Gasoline Extra Performance at No Extra Cost.
- Makes NEW SHAMROCK CLOUD MASTER the Finest Premium Gasoline For Superior Performance in High Compression Engines

For All Motorists

The Shamrock station near you now has in its pumps two of the world's finest motor fuels. This means that regardless of the make or model of your car one of the new Shamrock gasolines will give you MORE POWER... BETTER PERFORMANCE... GREATER ECONOMY... and, for no more than you would pay for any other leading brand of gasoline. Vitally important to the performance of your car is controlled volatility. Shamrock controls the volatility of the new gasolines with a wide range of light and heavy fractions... fractions that assure quick starts... clean burning, plus more mileage, more power and better performance. This careful control means that these new Shamrock gasolines will meet the varying requirements of your car from season to season. As a bonus... Shamrock gives you truly outstanding anti-knock qualities. Shamrock anti-knock qualities are now raised far above the requirements of the most powerful engines put in today's cars.

New TRAIL MASTER

Shamrock's New Trail Master is the performance-plus motor fuel for users of regular gasoline. It costs no more than regular gasoline yet gives the anti-knock, extra-power features you expect only in a more expensive, premium gasoline. New Trail Master offers the drivers of cars with lower compression engines all the performance advantages of recent gasoline improvements without requiring that he pay for a full premium gasoline. If you want the most from your car, get the best gasoline for lower compression engines... Shamrock's New Trail Master... the new, budget-wise gasoline with premium qualities.

New CLOUD MASTER

Today's powerful, high compression automobile engines make strong demands on the gasoline they use. But as a result of Shamrock's new blending formula, New Shamrock Cloud Master not only meets these requirements but far exceeds them. Shamrock Cloud Master... octane rating high enough to positively eliminate even trace knock... octane rating high enough to assure the quickest starts, latest warm-ups, the greatest power and the smoothest performance your car was designed to deliver. No matter what kind of car you drive, if the engine knocks when using Shamrock Cloud Master Premium, there is something wrong with your engine.

One of these new gasolines is exactly right for your car. A series of distillation tests carefully check the volatility of Shamrock, making certain that it meets the requirements of the new blending formula. Special knock-test engines establish definitely that the new gasoline is of such high octane rating that there is no chance of your engine knocking. Not only can an engine knock waste a portion of every tank of gasoline you use, but the effect of the knock can seriously damage the engine itself. Other tests prove the absence of gum forming copper and corrosive sulphur. These new gasolines are the result of the development of two new fuels, each to fill a specific need of the motoring public. If there is any doubt in your mind about which of the two new gasolines you should use, consult your nearby Shamrock dealer. He is there to help you get the most mileage and best performance possible from your car.

ROGERS REPORT ANALYZES COST FIGURES ON TEACHER PAY RAISE

The compromise pay raise proposal for public school teachers is the main issue Governor Shiver has asked the State Legislature to consider. If adopted, it will increase state taxes more than \$25,000,000 per year. Also, many local school districts will have to contribute more monies from local tax sources.

Here is approximately how Floyd county would be affected during the next school year, 1934-35 reports Senator A. J. Rogers. The figures herein used are the preliminary estimates made by the Texas Education Agency and should vary only slightly from final calculations, he points out.

Under Senate Bill No. 163, authored by Senator Andy Rogers in 1933, Floyd county would have to contribute \$81,801 to the state as its part of the minimum foundation program under the Gilmer-Aikin laws for the school year 1934-35. This is an increase to the county of \$4,000, as compared to the present school year. Without the provisions of Senator Rogers' bill the county's contribution would be several thousand dollars greater.

The teachers' pay-raise proposal now under consideration by the state legislature could add \$11,494 to Floyd county's contribution to the minimum foundation program making a total contribution of \$93,295. However, the school districts of the county would be given credit against this state assessment in the total amount of \$10,500.

Thus the effect to Floyd county of the teachers pay-raise would be a net decrease in costs of \$994.

Of importance to the county also is the fact that the pay raise would add \$42,210 to the county's income. In summary, the fact's growing.

Conservation District News

Alfalfa used in a rotation with wheat, cotton and grain sorghum has resulted in increases of 2000 pounds of grain sorghum, 28 bushels per acre of wheat and 1/2 bale per acre of cotton.

This was the experience of Barney Wilkes, a cooper with the Floyd County Soil Conservation district.

Mr. Wilkes first experienced the benefits of alfalfa in rotation with wheat which yielded 48 bushels of wheat per acre following alfalfa.

The next crop in the rotation which showed a tremendous response to alfalfa was cotton.

Mr. Daniels, who operates a part of Mr. Wilkes farm has paid rent on two bales per acre for each of the past three years. The average yield of cotton in this area the past three years would probably not exceed 1 to 1 1/2 bales per acre.

Several farmers have stated that the effects of alfalfa in a rotation will show up in cotton yields for as long as 12 years.

Grain sorghum is the most recent crop to point out the beneficial effects of alfalfa in this rotation.

Mr. Wilkes planted 314 acres of his farm to grain sorghum this year. The average yield was 5000 pounds per acre.

Not all of this acreage was the first crop out of alfalfa. Two hundred and fifty acres were plowed up in January, 1933, twenty acres was the second crop, and on 44 acres was the fourth crop following alfalfa.

The average grain sorghum yield is 3000 pounds per acre in this area, which makes this an increased yield of 2000 pounds per acre resulting from the alfalfa rotation.

With grain sorghum at \$2.00 per 100 pounds this would be an increase of \$40 per acre or \$12,560 total increase for the 250 acres less the cost of harvesting, hauling and any additional irrigation water applied.

If irrigation water is too limited to use an alfalfa rotation, there are other soil improving crops which do a very good job of soil improvement with less water, according to technicians of the Soil Conservation Service who are assisting the Floyd County Soil Conservation district.

Community-Wide Emergencies Will Be Group Subject

"Meeting a Community Emergency" will be the subject for discussion of the Adult Education group, sponsored by Andrews ward PTA, Thursday evening, (next week) April 1, 7:30 at the library reading room.

What would you do if a tornado, cyclone, storm, fire, or other disaster should strike your neighborhood? Or, are you thinking it couldn't happen here?

Jim Word, local Scoutmaster, will lead the discussion.

This meeting is open to the public with no obligations.

Representation is expected from the city council, mayor, fire department, teachers, hospitals, doctors, sheriffs department, Home Demonstration club, churches, Red Cross, civic clubs, the press and radio.

Easter - Time Pagan Observance Great Day

Even the Pagan Easter, on which the Christian day of rejoicing was superimposed in many lands, was a great day. The Pagan observance signified the resurgence of the human spirit after the rigors of winter. To the early Christian, Easter was a day of triumph because it justified his faith in the victory of life over death.

The Christian meaning is the same today. Although the world remains unsettled, nations suspicious and plotting against one another, Easter Sunday is a token of all resurrections, the time when we count the world's gains and rejoice in them.

SEEDS — SETS PLANTS

IT'S A STRENUOUS LIFE Concert Artist Battles Plains Duster to Make Floydada Date

"It's a strenuous life being a concert artist," says Dorothy Powers. And well she might say that and add one more day to her experiences after a day in West Texas last week.

Scheduled for a concert for the Floydada Community Concert association on Thursday, Miss Powers and her accompanist, Albert Hirsch, were in West Texas twice within the day.

First they arrived by plane at Lubbock at ten a.m. but were unable to land because of a dirt storm which raged in west Texas throughout the day. After circling Lubbock for an hour, the plane was forced to return to Wichita Falls. At three p.m. Miss Powers called worried Floydada concert officials that she had rented a car and was on the way back to the plains country. Concert time was eight p.m. and she had five hours to make it.

There then followed this series of events:

They arrived in Floydada at 7:10 p.m. and went immediately to the high school auditorium to dress.

At 8:05 p.m. they were on stage in the performance of a brilliant concert of the world's great violin and piano music.

At intermission they were packing their bags backstage.

At 9:45 p.m. they were signing autographs and saying goodbye to the enthusiastic but small audience which had braved the storm to attend the concert.

After changing their clothes and having a cup of coffee they took to the road again at 10:30 p.m. to return the car to Wichita Falls by morning.

Miss Powers was due in San Francisco on Friday for a series of West Coast concerts, and Mr. Hirsch returned to Houston where he heads the piano department of the University of Houston.

The local audience reported the concert by the young American violinist as one of the most enjoyable of the year. Her music ranged from a Max Bruch violin concerto to "Jeanie with the Light Brown Hair." Her two encores were Fritz Kreisler compositions.

The next concert in the community concert series in Floydada is Louis Roney, tenor, on April 19.

Practice Track Meet Tomorrow At Wester Field

Coaches Preston Watson and Jack Meredith announced early this week that, weather permitting, they would have a practice run for their track and field men on the local track Friday afternoon at around 3 p.m. No definite entries were named but the coaches were expecting three or four schools to show up for the competition.

Next scheduled meet for the whirlwind triathlons will be the April 3 Caprock Relays at Slaton

Revenue Bonds Vote Tomorrow

Voting tomorrow on the proposed \$300,000 water and sewer expansion program proposed by the city council of Floydada will open at 8 o'clock.

The order calls for qualified taxpayers resident in the city to be eligible.

If the vote is favorable a program of expansion, including both water and sewer lines, a new well and enlarged sewer disposal plant will be undertaken.

Bonds pledging the water and sewer revenues will be issued if the vote is favorable.

There will be only one voting place, at the city hall, R. M. Battey will be presiding judge, J. G. Wood judge, Mrs. E. S. Randerson and Mrs. Jean Gordon clerks.

Polls will close at 7 o'clock p.m.

where a large field of entries will be on hand to try and dethrone the Floydada team which took the meet last year.

Tuesday afternoon of this week the "Winds ran away with the triangular meet held in Crosbyton. The locals took 10 of 12 first places scoring 79 points in winning the victory. Crosbyton took two first places and scored 41 points, and Lockney accounted for 9 points but did not win a first place.

Most of the times were a little slow at the Tuesday meet as there was a very stiff wind blowing.

Ronnie Upton was out for track for the first time this week and will probably add strength to the team. Ronnie is regarded as a valuable dash man and was on last year's mile relay team.

THIS EASTER WE REMEMBER MANY CAUSES FOR PEACE

This Easter Sunday we remember more than one cause for peace. We might remember the peace of the 5th Army when it marched a crude altar, all too soon German lines. Or we might remember the peace of the Easter Sunday in 1918, when our soldiers and sailors streamed ashore at Oahu.

Surely, the world is in a state of unrest, but on this day let our mourning be for Him that was crucified for all mankind.

LIBRARY NEWS

(by Mrs. Roy Hollar)

Story Hour had an attendance of 25 last Saturday. Mrs. Arion Miller told the stories and Mrs. S. J. Latta served candy. Two who came for the first time were Cynthia May and Mary Carolyn Brown. They are sisters from Providence community. We hope they will be back with other neighbors from Providence. The games and recordings always find a place in the story hour program.

On Friday Mrs. Annie Taylor of North ward school brought her fifth and sixth grade to visit the library. There were 12 pupils in the group and a great deal of interest in the books suitable to this age group was evidenced.

A famous expositor of the bible, G. Campbell Morgan of England, has written widely in his field. We are glad to announce that the library now has "The Gospel According to Matthew," "The Gospel According to Mark," "The Gospel According to Luke," and "The Gospel According to John." These are all marked with memorial plates and have been mentioned in this column before. However, the set has just come and we feel that it might well be called to the attention of our reading public.

We always enjoy the Saturday which is set each month as meeting of the county council of Home Demonstration women. It means visitors from all over the county and a chance to see friends at the library who are not always able to visit at other times. It also enables regular borrowers from our Lockney branch to see the rest of the book collection. We checked out 110 books on last Saturday—our record thus far. The library has recently added several best sellers. The best seller table is seldom filled with books since these are always in demand.

Edell Moore Is Co-Partner in Funeral Home

F. C. Harmon of Harmon Funeral service announced this week the part ownership of Edell Moore in the Harmon Funeral Home.

Mr. Moore has been associated with Harmon here since January 1951, coming to Floydada from Abilene. He was with the Laughter-North Funeral Home there for three and half years.

Mr. Moore, a World War II veteran, after his discharge from the service in 1946, attended school in Dallas and later at Hardin-Simmons university.

Mr. and Mrs. Moore and two daughters make their home at 624 West Virginia street. They are members of the First Baptist church in Floydada.

F. C. Harmon has served Floyd county and the surrounding area with funeral service for the past 35 years.

In 1921, Mr. Harmon had his first funeral home in connection with his furniture store in the building now occupied by Wester and son.

From 1925 until 1931 Verlon Harmon, a nephew of F. C. Harmon was associated with his uncle in the business. He is now in the furniture business at Forrest City, Arkansas.

Lee Mayhew, deceased, was with the firm from 1925 until 1936 with the exception of two years.

Edwin Brazier, now in business at Kennedy, Texas, was with Mr. Harmon from 1936 until 1939. C. B. Chandler, now of Spur, was with the firm from 1939 until 1941.

Ralph Hammonds was assistant from 1941 until 1942 leaving to enter World War II.

The late Grady Hall, came from Plainview to be with the firm in November, 1942, and remained with

Mr. Harmon until his death in December, 1950.

A son of the late Grady Hall, and Mrs. Hall, T. G. Hall, now with Parker furniture was with the funeral home from the time of his discharge from the armed forces in 1946 until January, 1951, when he retired because of his health.

PEOPLE'S FORUM Sand Blows But Jeters Still Like California Home

As we are renewing our subscription for another year we will write a few lines just to say hello to all our friends there.

Hope you have had rain by now. It has been raining here some the last two weeks, but we could still use more. The wind and dirt can

blow here the same as there but not as often.

Down at Bakersfield, which is 62 miles south of here, they had a real sand storm March 6. Our daughter and family, Mr. and Mrs. E. T. Williams live down there. She said it was the biggest sand storm she had ever seen. While it lasted the wind was up to 75 miles an hour, Faye had washed and before she could get her clothes in they were ruined. She had to wash them again.

However, they still like California. E. T. can't find a fishing place where he can catch any fish but he is still trying.

Oh, yes, we still like it here also. When you people come to California, drop by for awhile. Our address is 348 Howard St., Tulare, California.

Medlen-Hamilton Nuptial Vows Said In Home Ceremony

In a candle light ceremony, Saturday afternoon at 5 o'clock, in the home of her parents, Miss Bobby Gene Medlen, exchanged wedding vows with Charles Ray Hamilton.

The bride's parents are Mr. and Mrs. Robert Medlen and Mrs. Baird Bishop is the mother of the bridegroom.

Reverend Tilden B. Armstrong, pastor of the First Methodist church, officiated in the wedding rites, which were said before an arch entwined with fern and acacia. Floor baskets of yellow gladioli and jonquils, and candelabra with white tapers, lighted by a niece of the bride, Mary Lynn Anderson of Lubbock, flanked the arch.

Miss Jean Ballew of Lubbock sang, "Through the Years" and "I Love Thee," accompanied by Miss Roberta Garrett of Floydada.

Mrs. James W. Anderson of Lubbock acted as matron of honor to her sister. She chose for the wedding a suit of navy silk shantung with navy accessories. She carried a colonial bouquet of yellow jonquils.

Earl Edwards, Jr., of Floydada served the bridegroom as best man. The bride, given in marriage by her father, wore a white suit with navy accessories and wore a hat of white lace straw with small veil accented with rhinestones. She carried a white orchid with showers of staphenotis.

The parents honored the bridal couple with a reception following the ceremony, which only members of the immediate families and a few close friends attended. A sister of the bride, Mrs. Herbert C. Harter of Dumas, presided at the silver service while another sister, Mrs. Jack D. Richey of Plainview, served the tiered wedding cake.

The bride's table was laid with a white Madiera linen cloth, with a centerpiece of yellow jonquils and white candles.

Presiding at the gift book was Mrs. E. C. Grimm of Lubbock. The bride is a graduate of West Texas State college and is a talented pianist. For the past two years she has been employed with the Standard Oil Company of Lubbock.

The bridegroom is a graduate of A&M college. He served two years as a line lieutenant in the United States army. He is a veteran of the Korean Campaign.

After a wedding trip, the couple will be at home in Floydada.

The bridegroom is engaged in livestock farming.

MARCH BRIDE

BOBBY GENE MEDLEN, daughter of Mr. and Mrs. Robert Medlen, became the bride of Charles Ray Hamilton, in a ceremony held Saturday at the home of her parents, 429 West Missouri street.

Wedding Party Is Entertained At Rehearsal Dinner

Mr. and Mrs. Baird Bishop were hosts Friday evening in their home at the rehearsal dinner, honoring Charles Ray Hamilton, and Miss Bobby Gene Medlen, who were married Saturday afternoon in the home of the bride-elect's parents, Mr. and Mrs. Robert Medlen.

The Bishop home was made more beautiful with spring flowers, the chosen colors of the bride-elect, yellow and white being carried out in the decor.

A large arrangement of yellow jonquils flanked by tall yellow tapers formed the centerpiece on the large dining table, which was laid with a pale yellow linen cloth. Smaller tables further carried out the chosen colors.

A beautiful array of yellow snapdragons was placed on the coffee table in the living room.

Attending the lovely occasion were the honored couple, the parents of the bride-elect, Mr. and Mrs. Robert Medlen; Mr. and Mrs. James W. Anderson and children, Miss Jean Ballew, Miss Roberta Garrett, Macy Orman, all of Lubbock, and Bill Hardin, Mr. and Mrs. Earl Edwards, Jr., Mr. and Mrs. Calvin Steen and the hosts.

The bridegroom is the son of Mrs. Bishop.

Hargis-Canon Vows Repeated In Ford Memorial Chapel

The Reverend Abe Hester officiated at a double ring ceremony to unite in marriage Miss Martha Lou Hargis and Will W. Canon Friday at 8 p.m. in Ford Memorial chapel in Lubbock.

The vows were solemnized before and altar banked with jade greenery centered with an arch of white gladioli. Gladioli, stock and white cathedral tapers in candelabra flanked the arch.

The bride is the daughter of Mr. and Mrs. P. L. Hargis, formerly of Floydada. Mr. and Mrs. Ray Canon of Lockney are the parents of the bridegroom.

Mrs. Charles Wilson offered traditional wedding music on the organ and accompanied James Carthel, of Lubbock, who sang "With These Hands," "Yours" and "The Lord's Prayer."

The bride was given in marriage by her father. She wore a gown of white imported Chantilly-type lace and tulle over net and satin. The strapless, fitted lace bodice was complemented by a lace bolero which buttoned up the front and was designed with long sleeves and roll collar. Cording accented the waistline, which stemmed a waist-length skirt of tulle shirred to a circular lace yoke.

Her veil of silk illusion was joined to a Juliet cap of lace outlines with a pleated ruffle held by seed pearls. She carried a white orchid atop a white bibie.

Mrs. Albert Hasty attended the bride as honor matron. Bridesmaid was Miss Louise Hargis.

The attendants' dresses were identical of tulle over taffeta in pastel tints. The frocks were designed with boleros over strapless bodices and draped cummerbunds. They carried crescent bouquets of pink carnations.

Peggy Hasty was flower girl and candies were lighted by Mr. and Mrs. John Shepherd. Burkie Hasty was ring bearer.

Weidon Hargis served the bridegroom as best man. Ushers were Willard Jensen and John Lee Carthel of Lockney.

A reception followed the ceremony with Mrs. John Lee Carthel of Lockney and Miss Ann Armontrout presiding at the table and Mrs. James Bentley registering guests.

After a wedding trip to Arkansas and Kansas, the couple will be at home in Lockney.

DINNER IS COURTESY FOR VISITING CLUB WOMAN

Mrs. Alton Chapman honored Mrs. O. M. McGinty of Spur at a buffet luncheon on Friday at 12 o'clock, prior to the book review which Mrs. McGinty presented Friday afternoon at the Lighthouse REA auditorium.

Daffodils adorned the luncheon table, which was laid with white cloth and places for eight guests.

Present at the luncheon were Mrs. E. S. Lee and Mrs. O. L. Kelly, also of Spur, and Mesdames E. E. Joiner, Hollis Bond, L. J. Welborn, Gordon Downing and the hostess.

COAT THAT'S CIRCLED WITH JEWELS. A necklace, blazing rhinestone and pearl lions crest this elegantly simple topper. Soft and pure wool zibeline. Black and colors. See and many others shown in Floydada by our merchants.

Last week, the calendar says, Spring came. Yes, for those who live by the book, promptly at 9:54 last Saturday night. Winter made a reluctant exit as he bowed in young Spring.

But for those whose senses are alive, Spring comes at no set hour. It's a state of mind, and anything may touch it off: the flame-colored crocuses in a yard down the street; a crisp white straw hat in a store window; the song of a bird; the lazy look of a dog in the sun.

In our book, we need no calendar to tell us when spring's on the way. Her coming is formally announced by a young bugler, whose postlude "Taps" sound out with uneven rhythm some early spring night. And for us, that's it. Winter is at an end. For several springs, this has been our "notifier." Usually we're seated at the supper table; usually, it has been a long, dull day. And suddenly, even though the doors are still closed against the winter chill, we hear his brave trumpet call. From then on through the summer — when he thinks of it — he signs out the day. For us, it officially marks the coming of spring.

A year or so ago, his mother asked apologetically if he bothered us. We told her of a newspaper story we had seen that day. It was of just such a boy in a New England town, who also tooted out the day. His parents, afraid he would disturb the neighbors, had made him stop. For several days, they were besieged by telephone calls: Was Tommy ill? Had he gone away?

Youth — and spring — have ways of making themselves understood especially by the young-in-heart of any age.

Club Women Hear 'Snow Goose' Revue

Attending the book review at the Lighthouse Electric auditorium on Friday afternoon, sponsored by the 1922 Study club, approximately one hundred guests enjoyed the book, "The Snow Goose," presented by Mrs. O. M. McGinty of Spur.

Club ladies from the various home demonstration clubs of the county and the study clubs from the area were in the audience.

Proceeds from the review will go toward buying a picture projector to be used by the club in their children hour, which they sponsor at the Floyd county library every Saturday, in the reading room.

The story, "The Snow Goose" was of the life of a hunchback, whose inner life was as white as the snow goose, and he made his life count by helping his fellowman.

Mrs. McGinty, past president of Seventh District of Federated Womens clubs, is now a teacher of speech in the Spur high school.

Accompanying the speaker to Floydada were Mrs. E. S. Lee and Mrs. O. L. Kelly of Spur.

Why Mercury's New Ball-Joint gives you easier, safer control on curves

Ball-joint front wheel suspension is the newest, most advanced method known to engineers of connecting the front wheels to the chassis.

Instead of stiff "double-hinge" kingpins—used by all other cars in Mercury's price class—Mercury uses ball-and-socket joints, much like those used on rearview mirrors, to permit unrestricted movement in all directions.

They result in virtually friction-free front-wheel motion, up and down over bumps, back and forth around corners. There's no binding or sticking. You have matchless hug-the-road stability on curves, finer control at all times.

And this is just one of the new Mercury features. There's an entirely new 161-horsepower, overhead valve V-8 engine, a complete line of optional power features, new styling front and back, and stunning new interiors. And there's America's first transparent-top production car—the Mercury Sun Valley.

There's quite a show going on at our showroom. Why not drop around?

The Tiny Tot Shop will dress the youngsters from a selection of Helen Penton, Jacqueline, Mickey Boy, Tedda Tags, and Burdee ready-to-wear.

Other Firms Helping Business firms other than the ones already mentioned playing a large part in getting the style show on the road are Arwine Drug, Yam Sims T. V. and Appliance, Builders Mart, KPLD radio station, Chamber of Commerce, and Southwestern Public Service Company have been a great help toward completion of the plans for the show.

The Style Show has no other choice than becoming a huge success with such fine cooperation and enthusiasm shown from the merchants of Floydada. Plan to attend the Style Show for it will afford a kaleidoscopic view of all the mercantile firms of Floydada.

Fairview News

(By Mrs. Clyde Bagwell)

FAIRVIEW, March 23—The high winds of the past week have caused local land to blow. A lot of plowing is being done to stop the top soil from blowing away. While the men are busy in the fields, the women are busy house cleaning, even though we know it won't do too much good until we have a good rain. The past few days have been nice and there is a small amount of dampness in the air.

Mr. and Mrs. Galen Holland of Matador spent Monday in the home of Mr. and Mrs. S. H. Tackett. Mr. and Mrs. Bill Burgett and family of Shallowater spent Sunday here with his parents, Mr. and Mrs. Lee Burgett. Other Sunday visitors in the Burgett home were Mrs. Delphia Cook and daughter, Glenda, Troy Lee Johnson and Shirley Nelson of Floydada.

Mr. and Mrs. Dean Walls made a business trip to Lubbock on Wednesday of last week.

Friday, March 19, was Mrs. Walton Wilson's birthday and a group of friends gathered at the Wilson home that night for games of 94. Refreshments of Angel food cake and coffee were prepared by Mrs. Jim Stewart and served to Mr. and Mrs. Doyle Walls and Brenda of Floydada, A. S. Mize, Mr. and Mrs. E. W. Family Life Club Meeting Subject

Using 'family life' as the subject of their meeting, the Sunnyside Home Demonstration club met March 18 in the home of Mrs. S. J. Latta.

The club president, Mrs. Tye, had charge of the meeting. Roll call was answered with 'seeds, bulbs or plants I brought to exchange.'

An interesting question and answer discussion on family life was led by Mrs. McKinney and Mrs. Burke with a panel discussion following.

Mrs. Curry gave a talk on chrysanthemum culture. A 15-minute TV program from Channel 13 Lubbock on a 'demonstration on flower arrangement' was watched.

The hostess served refreshments to Mesdames R. B. Calhoun, W. C. Sims, Herschel Hammonds, Orb Tye, Charles Probasco, Roy Curry, Sawyer, W. D. Burke, John McKenney, Earnest Kendrick, John Hart and son.

The next meeting will be with Mrs. Charles Probasco, April 2.

South Plains News

(by Mrs. Murray Julian)

SOUTH PLAINS, March 22 — Mrs. Robert Ruse, daughter of Mr. and Mrs. Zach Cummings, arrived here by train on Thursday from her home in Denver, Colorado. She will visit her parents, her brothers and families until Monday, when she is returning to Denver by plane. She was a visitor in church on Sunday morning and saw many of her friends there.

We are glad to report that Mrs. W. S. Spearman is back in church this Sunday after many weeks of illness.

Vicky Calahan, Barbara Sue Milton, Beth Calahan, Yvonne Karr and many other children have been on the sick list over the past week-end. Mrs. Frank McClure has been very ill, also, and is now confined to her home with a severe back sprain. She spent from Tuesday until Saturday in Crosbyton with her daughter, Mr. and Mrs. Don McClure. On Saturday evening she was brought home and is recuperating nicely at this time.

The Sterley Methodist church has started their revival meeting this week, with Rev. McDonald from Aome doing the preaching. Mrs. Otto Sanders is organist for the meetings. On Monday at noon, dinner guests in her home were Rev. McDonald and James Futch and sons.

Club Met at Mrs. Smithermans — The South Plains Home Demonstration club met on Tuesday, March 16, in the home of Mrs. John Smitherman, with Mrs. Fred Fortenberry as co-hostess.

Mrs. L. T. Wood, president, called the club to order at 2:30 and roll call by Mrs. Bill Beedy was answered with 'seeds, bulbs or plants I brought to exchange.'

Mrs. R. G. Dunlap showed a poster and talked on club gardening. Other interesting talks given were 'Chrysanthemum Culture' by Mrs. George West, Mrs. Sylvian Kinnibrugh and Mrs. John Key gave a good dialogue in the form of a play on 'Family Life.'

Mrs. H. L. Marble was in charge of the recreation. Afternoon guests were Frances

Mitchell and her mother, Mrs. Mitchell from Floydada who showed slides to the group of the wonderful northwest trip they made last summer. The beauty of Bryce Canyon, Zion National park, Mt. Rainer in Washington, and many, many other beautiful scenes from here to Vancouver in British Columbia were shown the club by Frances.

The hostesses served sandwiches, cocoa, coffee, and Japanese fruit cake with whipped topping to the guests. Mrs. Mitchell and Frances, one new member, Mrs. Mary Webb, and Mesdames George West, J. K. West, L. T. Wood, Skeet Thornton, Albert Stewart, Otto Sanders, Paul Snodgrass, H. L. Marble, Murray Julian, Bryant Higginbotham, R. G. Dunlap, Sylvian Kinnibrugh, George Beedy, Dock Jones, Leighton Teepie, Arthur Brown and Mrs. Bill Beedy.

The next meeting of the club will be this Wednesday, March 22, at 2:30, in South Plains, at the home of Mrs. I. H. Parks.

Mrs. Harmon Handley and Mrs. Hilburn Casey left Sunday afternoon for Abilene, where they will attend the Sunday school convention held there three days of this week. They will also visit their children, Mr. and Mrs. Dub Mercer and son, and Elizabeth Handley at Hardin-Simmons university.

Among the boys from Floydada who joined the army on this past Thursday was James Huckabee, brother of Ernest Huckabee, who farms west of South Plains. James resided with him. James went on to Fort Bliss, at El Paso, where he will be for the next few weeks.

Scouts Go Camping — Boy scout of troop 61, of South Plains, with their scoutmaster, Philip Smitherman, assisted by Owen Thornton and Charles Hartman went on a camping trip on Friday after school and returned late Saturday afternoon. They went to Camp Haynes near Silverton. Those who enjoyed the excursion were Alton Higginbotham, Preston Pritchett, Kendis Julian, Newton and Steve Davenport, Roy and Edward Hartman, Frankie D. Jones, J. Ronald Taylor, Frankie Thornton, Eugene Beedy and Eddie Parks, the latter not a scout, but he spent the night with the boys.

Mr. and Mrs. Fred Fortenberry were dinner guests Sunday at the home of neighbors, Mr. and Mrs. Elmo Reeves.

The South Plains Baptist WMU met Wednesday afternoon, March 17, at the church, for bible study under the direction of Mrs. Dock Jones, in the absence of Mrs. Calahan, whose children have been ill this past week. The topic for bible study was 'David,' one of the great names in the bible, as one half of the Psalms were written by him. Such gems as the 23rd Psalm would have been great, even if they had not been in the bible. No greater poetry has ever been written than many of the Psalms. Present for the meeting were Mesdames Dock Jones, Horace Marble, Grigsby Milton, Murray Julian, and Paul Snodgrass.

Mr. and Mrs. Raymond Reeves and Don Marble arrived here on Saturday night from El Paso, Texas, where the boys have been stationed at Fort Bliss. They are here on a two week furlough, and will go back to Fort Bliss after two weeks for six weeks more training there.

Those who enjoyed the book review of 'The Snow Goose,' by Paul Gallico, in the REA recreation room

last Friday afternoon as Mrs. O. R. McQuay, from Spur, gave such a wonderful review, were Mrs. John Smitherman, Mrs. L. T. Wood and Mrs. Murray Julian from our vicinity. The 1929 Study club of Floydada were hostesses for the book review.

On Wednesday evening the George Wests were hosts at a canasta party at their home. Guests at the Wests were Mr. and Mrs. Skeet Thornton and Mr. and Mrs. George Beedy from Lockney.

Mr. and Mrs. Gus Whited (Carrie Bostick) were visitors in our community from Childress on Sunday when they visited relatives, and also were in the home of Mr. and Mrs. Paul Snodgrass. Mrs. Lena King, sister of Mrs. Whited, went back to Childress with the Whites to spend some time with them.

Mr. and Mrs. Bryant Higginbotham, Alton, Bud and Bruce Julian were dinner guests Sunday after church in the home of Mr. and Mrs. Bill Beedy. Other guests were their son, Mr. and Mrs. Charles Beedy and son Randy from Amarillo, who were down over the week-end visiting their parents, also, in Floydada.

Mrs. Milton and Linnie from Amarillo came down on Friday with Mr. and Mrs. Essley Yeary. They spent the week-end here visiting friends, and their son, Mr. and Mrs. Grigsby Milton and family. On Sunday they had dinner with Mr. and Mrs. Truman Bradshaw, and Sunday evening Grigsby took them back to their home in Amarillo.

R. A.'s Honored — The R. A.'s and their counselors, Cherry Mullins and Junior Calahan, were honored at BTU services on Sunday evening and in the preceding hour that followed. Junior received the Lonnie A. Doyle charter for the intermediate charter for the boys and Cherry received the Raymond Spence charter on behalf of the junior boys. Rev. W. S. Spearman conducted the rites, and 16 boys joined in singing their song, 'The King's Business.'

Mr. and Mrs. Louis Kitchens and Joe from near Silverton were guests in the home of Mr. and Mrs. George West on Thursday evening.

Mrs. L. T. Wood and Mrs. Grigsby Milton attended the council meeting in Floydada on Saturday afternoon at the council room in the court house. Mrs. I. H. Parks, Mrs. Grigsby Milton and Mrs. John Smitherman went to Floydada on Monday afternoon on March 22, to attend the craft meeting in the court house. On Tuesday afternoon Mrs. J. P. Taylor and Mrs. M. M. Julian went to the Lighthouse Electric kitchen for a training meeting for the food leaders.

Mr. and Mrs. R. G. Dunlap and children attended the house warming for Mrs. Johnny Baxter and daughters, which was held at their new home in Floydada on Tuesday evening. Mrs. Dunlap was one of the hostesses for the party. Becky Dunlap had the misfortune this evening to run into a barbed fence and cut her lip so severely that several stitches were required to close

the wound. Mr. and Mrs. J. B. Smitherman went to Chapel community on Sunday afternoon to visit with Mr. and Mrs. Lee Rushing. Mr. Rushing has been very ill but is home and a lot better now.

On Friday night Mr. and Mrs. George West visited in the home of Mr. and Mrs. Ursel Taylor. They reported the small grandson still had his leg in the cast but was getting along very well.

Revival Begins Sunday — Everyone remember the revival meeting starts at the Baptist church in South Plains on Sunday morning, and will go on through the next Sunday. Everyone is cordially invited to attend every meeting.

Dale West is now able to attend school for half a day. We are so glad he was able to come out to church on Sunday. Mrs. Frank Jackson and children Olivia and Connie from Monahans, and Mrs. Bruce Rich and daughters, Diane and Linda from Plainview, visited from Monday afternoon until Tuesday noon with their uncle, Mr. and Mrs. Murray Julian and family. They had spent the week-end in Amarillo visiting their sister, Mrs. Walter Brown and family.

week here with them. They spent Monday night up there and enjoyed waking up to a nice rain storm. They found a quarter inch of rain had fallen as far south as Canyon. We are hoping our part of the country is fortunate in getting rain fall this week.
