"A good many things", in addition to their vote on the telephone rate raise and discussions on their waterworks and sewer projects, took the time of the city council Monday night. The session lasted past midnight and there were still decisions to make when they called it a day and adjourned.

The long session, which has become a habit with the council, points up the probability the body should schedule more than a meeting a month. Councilmen are paid \$5 per session and the "one shot" monthly meetings have been the rule to "save the city money."

One discussion that took up a bit of time was in connection with a new addition proposed by Mrs. Lela M. Massie, Mrs. L. Geraldine Massie Murray and W. A. Massie.

The council gave formal approval to the addition to be recorded as Western Addition Annex and extended the corporate limits to include it.

Its area lies north of Missouri street due north of Western addition, one block wide east and west, six blocks north and south. It is platted into 50-foot lots. It may be the answer to the often heard plaint that good building sites are not available for new homes.

Christene Brints, Thrown by Bucking Horse, Recovering

Christene Brints, daughter of Mr. and Mrs. W. W. Brints, received lacerations of the head and bruises last week when the horse she was riding, threw her.

A group, accompanied by Christene were riding in the Holy Ghost canyon in New Mexico last week. A shirt laying across the saddle that blew off startled the horse. He started bucking and threw Christene off. She received a cut on her head and was knocked unconscious.

The nearest doctor was forty miles away and the group had anxious moments until medical aid was reached. She remained in a New Mexico hospital the remainder of the day and also the following day before regaining consciousness.

Christene is at the home of her parents in Floydada and reported better but still very sore.

Alleged King Bee of Liquor Trade Arrested Again

Jesse Stewart, alleged king bee of the local bootlegging fraternity, is in the toils of the law again. He was arrested Saturday afternoon following a search of his premises in which the sheriff and his deputies confiscated four and a half cases of beer, a case and a half of wine and nine and a half pints of whiskey. A charge of possessing liquor for the purpose of sale was filed.

Sheriff Cooper with deputies Ray Hardin and Walter Hollums, using a search warrant, made the catch. When Stewart was arraigned Monday he pled not guilty and Judge Johnston set his bail at \$1,500. Local court records disclose that Stewart has been convicted nine times previously on liquor charges.

Visiting Rotary Governor Speaks

Grady Halbert, of Foard City, governor of Rotary district No. 186, visited Floydada Rotary club and spoke at the Wednesday noonday luncheon. He was presented by Grady Walker, a long-time friend. Mr. and Mrs. Halbert were house guests of the Grady Walkers while here.

Remember Fair Dates and Save Grain Samples, Officials Urge

As plans progress for the Floyd county fair, officials this week remind wheat and other grain growers to have a good sample of their best grain to exhibit this fall — to be sure they don't let the good samples get away in the rush of the season.

The same reminder goes for women, whose culinary art should grace the exhibition grounds come September. In addition to good looking canned goods, sewing and other crafts should be carried on with the fair in mind, so that every

Rate Hike When Dial Installed

New telephone rates for the Floydada exchange of the Southwestern Bell Telephone Company were voted by the city council of Floydada in their meeting Monday night.

By a vote of four to one the council finally gave in to the two-year old plaint of the telephone people that the exchange here has been falling and continues to fall to afford sufficient income to meet the expenses of the exchange.

However, the council tied a string to their proposal. The new rates will become effective on the first billing date after the exchange is converted to dial. This is interpreted to mean that it may be a year or even two years before the new rate schedule takes effect, since a dial lay out requires some time to engineer and more time to build.

J. C. Oakley represented the telephone company at the Monday night session. The city's proposal has been forwarded for consideration of the board of directors, he said.

The new schedule adopted and put into the form of an ordinance puts one-party business telephones at a flat rate of \$9.

Business extension station, flat, \$1.50;
One-party residence stations \$5;
Two-party residence stations, \$4;
Four-party residence stations \$3.25.

The four members of the council voting for the ordinance creating the new rate were Matsler, Powell, Minor and Mayo, with Norman holding out against the increase.

RUMOR COSDEN LEASES ADAMS FOR OIL TEST

Yesterday prospect brightened for a new try for oil adjacent to the Minnie Adams discovery well at Lakeview.

The Adams brothers have been looking for a drilling contract on their half section since Standard of Texas released 240 acres of their tract all except the location on which the Minnie Adams is operating and one other 40 acre adjacent.

It is the talk around town that Cosden of Big Spring is interested and has taken an option that if exercised, will call for a test either on Adams land or on a direct offset to it.

Nig Adams was in Amarillo yesterday and could not be contacted, and the other boys were busy in the fields.

Council to Name State Delegates

The Floyd County Home Demonstration Council will have its regular monthly meeting Saturday afternoon, June 19 at 2:30 in the council room of the court house. Mrs. M. J. McNeill, council chairman, has announced.

Delegates to the state meeting of the Texas Home Demonstration association will be selected at the conclusion of the council meeting.

Wheat Fungus Damage Light Cotton Condition Improves

The story of the wheat crop and the progress of the harvest is mixed good and bad this week. Good news in the fact that all the wheat that has low enough moisture content is going through as No. 1 dark red — the fungus threat has practically faded out of the picture.

Good news in the reports that most of the good-looking fields are running a little higher in yield figures than was expected. Bad news in last week's high, dry winds that eliminated a lot of late wheat from the picture.

Bad news, too, in the continued fall-down, apparently due to a heavy head of wheat on a spindly stalk, with thin stand on the ground.

Light Rains Slow Harvest. Cotton showers that fell Sunday and Monday over most of the county stopped most combines Tuesday and up to noon Wednesday. Yesterday afternoon machinery was harvesting grain dry enough to store once more. Tuesday's operations were a pain in the neck to elevator men who spent the day testing grain that was too wet to go into their bins.

First wheat that reached the Fort Worth market from Floydada, contains a great deal of the so-called fungus damage, went through in a fine way as No. 1 dark red. There is even less of the dark-color in the kernel end of the grain this mid-week.

A few dry land fields are running 25 bushels per acre. Some also are yielding five bushels per acre. Most of the irrigated wheat is yielding five to 10 bushels better than was estimated early. In many fields the wheat men are harvesting the spots that are dry enough with an eye cocked weatherward in fear of hail.

Cotton Crop Thrives. Cotton progress in the week has been most gratifying. Monday night's shower was just right to settle the ground around the two-week old plants. In the west half of the county the rainfall ranged from a third to a half inch. Floydada had 35 hundredths. Eastward the moisture lightened up. As of Wednesday practically all of the cotton in the county was up to a good stand, with clean rows and

Line Forms Early for Tickets

Early buyers of reserved seat tickets for the new football stadium at Wester field found the line had begun to form at an early hour. Last Thursday morning when school officials showed up at the court house they found customers waiting to get their pick of the seats.

First in line was Stanley Vickers, Whirlwind tackle, who was pinch hitting for friends and relatives. Stanley reportedly showed up at

about midnight to get the number one spot. Sid Waller and John Farris were also out at an early hour as was Jimmy Wilson and others.

Report Monday from Mrs. Liebfried at the school district office showed that over half of the tickets have been sold to date. Three hundred twenty tickets of section B were sold leaving 280 more of these choice seats.

Fans can purchase these ducats at the office of the Floydada Independent school district in the court house. Remaining seats are all good, but those wanting to get several seats in one block will want to do so as soon as possible in order to get them together.

School officials were well pleased with the response of the public to this cause and believe that all of the seats will be needed before the opening of the football season.

Electric Score Board?

Coach Preston Watson reported Tuesday night that interest in obtaining an electric scoreboard for the football field has caught on and now looks like a possibility for this year.

The ideal board for the needs here appears to be one 12 feet by 18 feet with a large clock and numerals to show the progress of the game. It would show home and visitors score, down and yards to go, quarter and remaining time in the quarter.

Such a board is operated from the field by game officials and is official at all times.

Figures on the scoreboard are large and bright and show up well both day and night.

Cost of the board would be about \$1200. This, it is hoped, could be paid for by donations and by advertising space across the top of the board.

A few firms have already expressed a desire to have their names on this new fixture.

With the space a little limited the price agreed upon for sponsors names has been set at \$100 and these

Country Club Betterments Charted by Board of Directors; Club Members Assent to Changes

Members of Floydada country club last Thursday night named three new members of their board of directors, choosing Lon Davis, Jr., Aaron Carthel and Gene Collins, Jr.

Re-chosen were W. E. Brown, Jr., Carl Minor, Jr., J. R. King and B. K. Barker.

Retiring members of the board are Rex R. Brown, Billy B. Henry, and James H. Word.

The new board had not held an organization meeting as late as Monday night.

Important changes in the by-laws of the club were recently adopted by the members in a mail vote.

The prettiest natural site for a country club in a wide area is expected to be given a face lift in a sequence of improvements that will be started this summer, the plan-

nual dues to an amount not to exceed \$48, present annual dues being \$24; and

(3) Permitting the associate member list to include persons resident outside of Floyd county.

Only action which has been taken in this connection, the directors told members in a letter accompanying the annual statement is that a committee is studying tentative plans for club house improvements, either renovating the old club house or making a new start. The committee is authorized to get advice from architects.

Proposed activities of the club will be based largely on the favorable outcome of the recent vote on changes made in the club's constitution permitting:

(1) An increase from 100 to 150 members with voting rights; with present associate members given privileges to exchange their stock for the voting stock;

(2) Giving the directors discretionary authority to increase the an-

Non-Wheat Farms Eligible to Apply For Allotments

Farmers who have had no wheat on their farms the past three years — 1952 to 1954 inclusive, can get consideration for an allotment of wheat acreage, if they apply to the county committee before June 30, said Henry I. Martin this week.

What such a farmer is required to do is to fill out an application for a 1955 wheat acreage allotment and file with the committee.

Blank application forms are available at the county ASC office, Mr. Martin said.

CROP Launches Drive for Wheat As Local Committee Organizes

Through Christian Rural Overseas Program high plains people have a vitalized opportunity this year to battle communism, Rev. E. A. Todd, of Plainview, told a gathering of church people at a breakfast in Floydada Sunday morning.

And instead of using guns and bombs the people may use wheat, cotton, eggs, pigs, heifers and chickens.

Mr. Todd was recently named to carry on the crusade of CROP, a movement in which many protestant churches are joining. His meeting here was one of the first he has held since being named to the post as field man. His official title is high plains area director.

During his morning meeting here Rev. Todd got an effective organization formed to present the CROP plan to the people of the county. Of this committee Bill Colston was named chairman, Edward Wester vice-chairman, Randall King secretary, and Charles Bedford treasurer.

Boy Is Poisoned By Treated Seed

Charles David (Chuck) Baker, three year old son of Mr. and Mrs. Sam Baker of Sand Hill community was returned to his home Wednesday of last week from the Plainview hospital where he was admitted May 31.

Chuck is reported to be slowly improving from arsenic-encephalitis. It was believed that he came in contact with the poison (ceresan) while playing in cotton seed that had been treated.

Local radio and newspaper authorities promised what aid they can give.

At the time Rev. Todd said, the need is for wheat, which is due to go to Greece. Through an arrangement with the U. S. Department of Agriculture a bushel of wheat can be ballooned into 20 bushels.

Goal set by the local committee is one carload of wheat.

Chairman Colston of the committee said that a wheat grower can pledge any amount of his wheat by simply giving his elevator man an order for the amount to donate, without the trouble of setting it apart or scooping into a separate truck or bin.

Church agencies at the other end of the line oversee the distribution of CROP donations. Rev. Todd pointed out, this helping to reduce the cost of the operation and getting the utmost from the donations made whether of money or commodities.

IEWS AND COMMENT

WHY LET IT HAPPEN?

(A Contributed Editorial)

"Chambers of Commerce all over Texas are dreaming visions of great industry and smokestacks on the horizon, but don't see their greatest asset — young people — walking past them with packed suitcases. They're sending promotion experts to New York to bring back factories, and on the same train with them are the young people of the town leaving because they couldn't get ahead" (From an address to the Jacksboro Chamber of Commerce, April 24 by John Ben Shepperd)

Texas communities which see their youth drained away from the cities each year are becoming alarmed at their loss of young growing power. Floydada is among that number.

As Floydada's growth does not match its senior graduating class each year that means that our seniors are leaving our town to establish their homes.

Floyd county spends its good cotton and wheat money educating its young people in the nation's schools and universities. But when that education is completed, the young men and women never return to their home community because there is no place for them there. They leave to enrich another town.

The Jaycees' recently invited the senior boys to dinner and urged them to consider making their own home town their home in the future. The boys could have then asked the Jaycees just what jobs were open.

The Chamber of Commerce is looking around for some plan which would put more of our young men and women into local business firms. It's a challenge to every business man to find a place in his business for a young Floyd county man or woman — if he wants to keep his doors open in years to come. Perhaps one answer to the problem would be for each father to provide for his son.

This serious situation calls for some straight thinking. And after the thinking must come action.

A week or so ago we mentioned here the scandals in connection with inadequately financed insurance companies. Our comment gave more space to gloating over the way many big insurance companies had come back into Texas, asking to do business, than it did to the current scandals as such. The scandals have developed over inadequately financed and mutually organized fire insurance companies. It was life insurance companies that withdrew from the state between 1907 and 1910. But the latter have joined the pack of back easterners (Life, for instance) in the hue and cry about the terrible things that are happening in this state. We said that New York, Connecticut and Massachusetts judicial history is full of the same kind of thing, lessons they learned and

corrected, the same as Texas is due to do as quickly as the mills can grind out the answers and put them on the statute books.

"The Texas System" — fostering the growth of native companies — began in 1897 when Governor Hogg asked for a law requiring out-of-state life insurance companies to invest a portion of the reserves on Texas-held policies in Texas. It was as simple as that. The governor is recorded as saying, "It is time that the resources of the state should be devoted in her own growth and progress." The idea did not take statutory form until 1907. Twenty-one of the 54 companies operating in Texas pulled out completely rather than comply. And they fought the law and along with it as corollary Texas Homestead Law. There were in Texas five insurance companies in 1907. Now the business is second only to oil in the state, thanks to the "Texas System," which you will conclude lacks a lot of being all bad. But it is one of the high probabilities that no state has been subjected, over so long a period, to such unrelenting outside pressure to change its attitude with regard to life insurance laws.

Wheat Allotment Deadline. If you had no wheat on your farming units for the years of 1952, 1953, 1954 you may apply for an allotment in 1955, if you will hurry. Important is the deadline of June 30 — less than two weeks hence. The matter may not be important to too many people. The application must be in writing to the county ASC committee.

Range plants must have top growth before they can put down roots. Plants may make rapid growth when moisture is available but unless livestock are held off and grasses given a chance to reestablish their root systems, severe damage to the plant can occur.

Pre-emergence sprays were used last year by cotton farmers in 39 Texas counties and on 11,036 acres. Post-emergence sprays on 7,410 acres in 21 counties. Demonstrators have shown that chemicals can be successfully used to reduce the cost of producing cotton.

Best prospects for a peach crop in Texas are found in the Stonewall area of Gillespie county. The March freezes hit other major producing areas hard.

Supplemental pastures and continued feeding are major factors for consideration in the recovery program for low producing, drought ravaged grasslands.

At the summit of every human endeavor you will find a steeple pointing toward God. Christian Advocate

Brucellosis or Bang's disease causes an estimated \$100,000,000 in losses to the nation's livestock industry annually.

Inquisitive Snake Shorts Power Line

An inquisitive snake interrupted service on the Lighthouse Electric lines to Dougherty and a large area of southeast Floyd county Monday night.

Linemen answering a service call shortly after 8 o'clock found the reptile had shorted out one side of the circuit at the sub-station east of Floydada four miles. He had crawled up the frame a distance of several feet. Service was off for about an hour, line foreman Wiley Rogers said.

Guardsmen Leave For Training Camp

Donald Skaggs, Pat Rendon, Guadalupe O. Sanchez, of Floydada Truman R. Zachary and David B. McCullough, of Lockney, are members of Battery A, of the 132nd field artillery, Texas National Guard which left Plainview early Sunday morning for Fort Hood.

Their division is the 36th. They will spend two weeks on the training tour, expecting to return home about June 27.

Fourteen members of the personnel at Piggly Wiggly store in Floydada attended the annual dinner and get-together of the Davis & Humphries organization at Lubbock country club Friday night of last week.

Bob Finley, manager of the Floyd-

ada store was among those who received service awards. His was a 10-year service pin.

Total attendance at the big affair was 514 persons.

NEW CONOCO Super MOTOR OIL

America's First Double-Duty Oil

Protection 1

OIL-PLATING*

conquers friction wear . . . because this exclusive discovery actually fastens a thin film of lubricant to moving engine parts for full-time protection.

Protection 2

ACID-PROOFING

conquers corrosive wear . . . because this exclusive new discovery gives Conoco Super up to twice the cleansing power of other premium oils!

Automotive engineers have long known that friction and corrosion are the two major causes of engine wear. Now, from the laboratories of Continental Oil, comes America's first Double-Duty motor oil. It combines two exclusive discoveries (Oil-Plating and Acid-Proofing)* to conquer both major causes of engine wear.

The unique Oil-Plating additive conquers friction wear by actually fastening a thin film of protective oil to engine parts. Unlike ordinary motor oil, this film won't drain down even when your engine has been stopped overnight. Thus you get full-time protection against damaging wear due to friction.

Exclusive Acid-Proofing additive conquers corrosive wear three ways — it neutralizes acids, prevents rust, and gobbles up tiny particles of dust, dirt, and water and seals them safely in spheres of oil until the oil is drained. ACID-PROOFING actually gives new Conoco Super twice the cleansing power of other premium oils!

New Conoco Super Motor Oil is on sale at Conoco dealers everywhere. Drive in and ask for it today!

Your Conoco dealer will recommend the right grade of new Conoco Super Motor Oil for your car, your climate, your driving conditions.

Get the facts before you buy— FIND OUT WHY SO MANY PEOPLE ARE SWITCHING TO MERCURY

SEE WHAT YOU GET IN... ①. YEARS-AHEAD STYLING No fancy chrome tricks or bulges to date it—just clean, far-advanced lines.

②. 161-HP PERFORMANCE

With Mercury you get far more than high horsepower. You get an entirely new overhead valve V-8. New features like a 4-barrel vacuum-controlled carburetor and high-turbulence combustion chambers make it the smoothest, most responsive engine in Mercury's history.

③. GREATER ECONOMY

With Mercury you enjoy the advantages of high horsepower without sacrificing economy. For this 23% more powerful Mercury is also the most efficient in our history. You save on upkeep, too. New deep-block gives you a V-8 unmatched for sheer ruggedness.

④. TOP TRADE-IN VALUE

Mercury consistently beats all other cars in its class for trade-in value! This fact is proved by authoritative national reports of used car prices. No wonder Mercury is called the "smart money" car. No wonder Mercury sales keep climbing fast. Better see us for your trial drive soon. How about today? Come in—or phone.

KING TRACTOR & MOTOR, Floydada, Texas

Governors Shouldn't Run

ALLAN SHIVERS SHOULD NOT BE RUNNING for a second term as governor of Texas. Seeking election three years destroys a Texas tradition that has lasted since the beginning of the Republic.

Only one man has ever served longer than Governor Shivers will have when his term ends next January. He was M. Pease who was twice elected in 1853 and 1855; during Reconstruction days he was appointed governor by General Phil Sheridan, commanding the invading Northern Army, and served another two years and two months, or three years and two months in all.

At the end of his present term Governor Shivers will have served five years and six months. He succeeded Governor Beauford Jester on July 11, 1949. Another term will add to his record better than 7½ years as governor. That's too long. Nobody else ever ran for a third elective term except Governor Ferguson after his impeachment and removal in his second term.

Henderson, Rannels, Sam Houston, Coke, Roberts, Hogz, Culbertson, Lanham, Campbell, Hobby, Moody, and the other good ones didn't.

Shivers does.

He seeks to break the record of Sheridan's stooge.

There was no demand for Mr. Shivers' candidacy. Congressman Lloyd Bentsen of McAllen and Supreme Court Justice Will Wilson of Dallas, both fine and able gentlemen, would have run if Mr. Shivers had decided to retire to private life, as he told us he would in December, 1952.

But for some reason, Mr. Shivers changed his mind and decided he was indispensable, so he kicked aside Texas tradition and is running for what amounts to a fourth term.

Let us hope the next Legislature will submit to the people a constitutional amendment limiting governors to two elective terms. The Nation suffered so much from the long reign of the two-term presidential tradition that Mr. Shivers, born and raised a Democrat, found it good to support Republican Eisenhower in 1952.

We do not quarrel with him for that, for we did like him. But we would call his attention to the fact that had he ever broken, been observed, the Nation would be a different place. The building up of a national machine would not have happened had the two-term tradition been continued.

Governor Shivers is an attractive man. We like him. An attractive personality should not be allowed to override an honored principle.

We wish he hadn't made the decision to run again. We respect American and Texas tradition and we have noted the history and experience that when tradition is flouted, people suffer. Allan Shivers has brought Texas to a point where the tradition, violated only in the hungry days of the War Between the States, be again violated?

We have sought justification for the Governor's act in the record of accomplishments, and we were astounded at what we discovered.

The cupboard is bare. It is, indeed, too bad that Texas has been deprived of the privilege of considering Will Wilson and Lloyd Bentsen, as well as Candidate Ralph Yarborough, as a successor to the Governor.

Allan Shivers would not, if he realized it, deliberately destroy Texas. But he is doing just that by forcing himself on the people. For Texas' sake, he shouldn't be running.

—Editorial, El Paso Herald-Post May 12, 1954

Youth Round-Up Attendance Good

A wonderful attendance is being had at the First Christian church during the Christian Youth Round-Up. Rev. Rex Mix, a sophomore at T.C.U. is speaker and Freda Reeves, T.C.U. senior is in charge of worship. Special music is provided by various groups of other churches who are attending the fellowship meetings.

After services, a recreation period is held in Fellowship hall with refreshments served to those attending. Wednesday night a chuck wagon supper was served. Members of this committee were Sue Nelson, David Badgett, Jay Johnson, and Darlene Dorrell, president of the C.Y.F.

South Plains News

(By Mrs. Murray Julian)

SOUTH PLAINS, June 14—Vacation bible school opened on Saturday, June 12, with 55 children and teachers registered. Mrs. J. P. Taylor is teaching in place of Mrs. L. T. Wood.

Ladies serving refreshments on Monday morning to the group were Mrs. Gilbert Bean of Lockney and Mrs. Sim Reeves.

Each week of late we have had to report many of the neighbors haled out and this week is no different in that respect. On Friday evening hail destroyed all the young cotton, and brought a total loss to wheat fields around Sterley. Harry Hartman, Sterling, Kendall and Zach Cummings, Elmo Reeves, Owen and Herman Thornton, Lee Pearson and many others were among those whose farms bore the brunt of the storm. Some of those haled out have replanted three times before this.

Mrs. L. T. Wood returned from San Diego, California, on Friday night, where she went with Pfc.

Ruth Stewart and other members of her family last Tuesday. Mrs. Wood brought back her son Glenn's car, which he took back with him to the Marine base last month. Mrs. L. B. Stewart, Jr. and Joan of Floydada accompanied Mrs. Wood home. Glenn is due to leave for the northern part of Japan with his marine division on June 16.

Kenny and Murray Wilhite of Plainview spent this past week with their aunt and uncle, Mr. and Mrs. Raymond Upton and family.

Frank McClure was at church on Sunday evening and will be home a few days attending to things at home. Mrs. McClure is still at the Millings Sanatorium in Grand Prairie, and will be there for another week. It is hoped she can return home then.

Mr. and Mrs. Walton Wilson, Jan and Mary Ann, who is home for the summer from Texas Tech were Sunday afternoon visitors at the home of her sister, Mr. and Mrs. Sim Reeves and family.

Mr. and Mrs. J. D. Webb, Melinda and Dwayne, were guests at the home of Mr. and Mrs. Otho Sanders and family on Wednesday evening. They enjoyed a freezer of homemade ice cream and cake.

Mr. and Mrs. Maurice Foust of Amarillo spent Sunday with Mr. and Mrs. L. T. Wood. They enjoyed Sunday dinner with Mr. and Mrs. Walter Wood where they visited in the afternoon.

South Plains Softball

Thursday night the South Plains softball team lost their first game of the season to the Lone Star co-op with a 12-1 score on the Lockney ball field. On Friday night they again gave up a game in an 8 inning fight to the Silvertown softball team with a score of 9-10. Their next game with Lone Star will be next Thursday, June 17, in the second game of the evening.

Mr. and Mrs. H. S. Calahan, Jr. and their girls spent the evening and Friday night with his parents, Mr. and Mrs. H. S. Calahan, Sr. in Lockney. When the clouds looked so threatening, sheriff Cooper re-

ported a tornado sighted in our community, but it evidently did not come to the ground, as no damage was evident anywhere except hail damage.

Mr. and Mrs. Warren Cybert, and girls arrived on Sunday to spend a few days visiting his sister, Mr. and Mrs. Bryant Higginbotham and boys. The Cyberts reside in Austin, Texas, and they will be here until Tuesday. Mrs. Higginbotham's father, Opal Cybert is here with them for the summer months, also.

Ronnie and Don Scott Thornton are spending their summer vacation up in Manitou, Colorado, with their grandmother, Mrs. Pete Thornton. While they were gone last week Patricia had a slumber party on Thursday night. Guests for the night at the Owen Thornton home were Rachel Huneycutt, Catherine Mulder, Peggy Young, Beth Calahan and Barbara Sue Milton.

Lonnie Jarrett, who has been attending college at the Amarillo business college the past year, arrived home for the summer at the home of his parents, Mr. and Mrs. Charles Jarrett.

Mrs. A. P. Sanders and daughter, Eulalia, left for Dallas on Friday, June 4, where Eulalia will enroll at a musical school for the coming three weeks. Her mother will spend part of the time in Dallas with her.

The Castle brothers have bought the South Plains cotton gin. They will live in the home formerly occupied by Mr. and Mrs. Ollie Robnett and the home of Mrs. Ruth Childress.

Terry Julian broke his right thumb in baseball practice last Tuesday night and will be unable to work or do much for the next three weeks.

Mr. and Mrs. Arthur Brown and Karen of Lockney were visitors in church on Sunday morning. They went home with Arby Mulder where they spent the day and had dinner with Mr. and Mrs. Mulder and children.

Mr. and Mrs. I. H. Parks left Tuesday of this week for a vacation which will take them to South Dakota where they will visit her brother and family. On Tuesday night

they will go as far as Kit Carson, Colorado, where they will spend the night with her brother and family, and go on to South Dakota the next day.

Rev. James J. Futch wife and son, Mr. and Mrs. G. A. McAda, and Gordon of Lockney, Charlotte Gibson, Patsy Harston, and Lerall Foster all went home after church on Sunday with Mr. and Mrs. Fred Fortenberry and Elmo. They enjoyed Sunday dinner together and spent the afternoon visiting.

Marilyn Kinnibrugh had the misfortune to break her arm, above the wrist, on Sunday morning, in Plainview, while playing on some swings. She has been in some pain, and the swelling has been so severe that she had to go back to the doctor several times. She hopes to be able to spend at least part of the week attending some of the vacation bible school.

Club Has Religious Theme

Home Demonstration club members met on Wednesday, June 9, at the home of Mrs. Shelby Calahan, with co-hostess, Mrs. Bryant Higginbotham.

Mrs. R. D. Dunlap presided over

the meeting in the absence of Mrs. L. T. Wood who was in California. Mrs. Milton gave the last council report, and nominee Mrs. Julian elected to represent South Plains at the council meeting on June 19. She will be one of the ones who may go to the state THDA meeting in Dallas from June 11 to 13.

As the program primarily was a religious one, roll call was a religious reminiscence.

Mrs. Calahan gave the devotional, and Mrs. Reeves, The Second Mile, Food for Thought, was told by Mrs. Snodgrass, and bible readings were given by Mrs. Higginbotham, with cards to go in each members bible. Mrs. Milton portrayed the Beatitudes in a new light, and with Mrs. Snodgrass at the piano, this part of the program ended with a song, "Faith of our Fathers" and they were dismissed in prayer.

Mrs. Julian gave a report on "Pitchers", which was part of the last program, and members showed their pitchers and gave their history.

Recreation was led by Mrs. West, and later Mrs. Calahan and Mrs. Higginbotham served cokes and

sandwiches. Members present were Mmes. S. A. Thornton, John Smith-erman, Paul Snodgrass, I. H. Parks, H. L. Marble, Harry Hartman, Sim Reeves, Grigsby Milton, Arby Mulder, Murray Julian, J. K. West, Fred Fortenberry, R. G. Dunlap, J. D. Webb, Sylvian Kinnibrugh, Arthur Brown, Navola Kinslow, and guest, Mrs. O'Dell Mulder of Floydada.

The next meeting will be at the home of Mrs. Murray Julian on June 23 with co-hostess, Mrs. Lucy Thornton.

The Brotherhood of the church met on Monday night for a recognition service for the Royal Ambassadors and their sponsors, H. S. Calahan, Jr. and Cherry Mullins. Those who received awards and pins in the intermediate group were Billy Spearman, Elton Karr, James

Hartman and Kendis. Junior group were Edna Parks and Jimmie Pritchett, Frank Junior both received pins as sponsors. After work as sponsors. After service the Brotherhood served sandwiches, coffee and pies to all those who served. J. A. Kinnibrugh and Arby Mulder of Vera were also present Sunday at the home of Mr. and Mrs. Sylvian Kinnibrugh and family.

A snake crawled up in the sub-station east of Floydada Monday evening and caused an outage of about an hour. The snake was probably hunting bird eggs for supper, but in the process he caused a lot of folks to miss their favorite TV programs.

I was privileged to attend the Frigidaire sales corporation program for home economists held in Fort Worth last week, June 11 — two whole days filled with information of interest to every homemaker.

Among interesting features on the program was a paper given by Miss Anna Bines, Texas Electric Service Co. of Fort Worth; "YOU", a home Economist.

Lorena McClure and Esther Shoemaker with Monsanto Chemical Co. gave their "No Soap Opera." This was entertaining and still it was "chuck full" of good information.

Abbie Andrews gave a range presentation and demonstration. A number of educational films were shown throughout both days of the program.

TV demonstration techniques were discussed by Gayle Wilson — WBAP TV.

Lab assignments were made and everyone participated in a "Cap and Skillet" party. It was my pleasure to give "Fundamentals of Freezing Foods" and to actually prepare some foods for freezing. Of course we are always happy to show how to freeze okra for frying because that is one of the things we have figured out here in our own co-op kitchen.

Both chest type and upright freezers were shown. A display of frozen food from the food freezer

was given by Abbie Andrews. A film presenting the results of the new comparative utilization efficiency tests conducted by Housing and Household Equipment Division, Bureau of Human Nutrition and Home Economics, U. S. Department of Agriculture on electric and bottled gas equipment for cooking, water heating and refrigeration was shown on Thursday.

Since this has been designated as dairy month and we are trying to make sure that everyone in our family is getting the required amount of milk and milk products how about making an "Old Fashioned Custard Pie." They are not "too sweet" or rich but mighty good eaten on hot summer days.

Here is the recipe for one if you would like to try it:

3 eggs
 5 tablespoons sugar
 1/4 teaspoon salt
 2 1/2 cups milk
 Nutmeg
 Beat eggs slightly, add sugar, salt and milk. Mix thoroughly. Strain and pour into an unbaked pie shell. Sprinkle with nutmeg. Bake 450 degrees for 15 minutes; reduce temperature to 350 degrees, continue to bake for 30 minutes or until a knife blade comes out clean when put into custard.

THE NEED FOR CHANGES IN TEXAS FARM PRACTICES

Recent drouth-breaking rains in Texas should not be the signal to relax our soil and water saving efforts. Rain today does not guarantee prosperity on the farm tomorrow.

Topsoil can be removed from good land in a few years by careless farming. When our topsoil is gone, the productivity of the land is gone. Subsoil moisture can be wasted even more quickly—in a few short weeks of thoughtless soil neglect.

Yet, every time it rains, many farmers relax just as though there was never going to be another drouth. Their attention is diverted by the more immediate problems of taxes, high cost of living and public scandals. But there is no greater scandal than the costly waste of our natural resources.

The most recent drouth again emphasizes the need for changes in land use and farming practices in many parts of Texas. In the states of Colorado, Kansas, New Mexico, Oklahoma, Nebraska and Texas, more than 11 million acres of crop land and about 5 million acres of range land have been damaged by wind erosion this past spring.

LIBRARY NEWS School Calendar Set at Lockney

(By Mrs. Roy Hollar)

Additional books in memory of Mrs. R. E. Fry have been presented by Mr. and Mrs. John Stapleton, Mr. and Mrs. Kinder Farris, Mr. and Mrs. J. H. Barnard and Mr. and Mrs. W. R. Daniel. Titles chosen include "The Gathering Storm" and "Their Finest Hour" by Winston Churchill and "The Will of God" by Weatherhead.

Mrs. Green and Mrs. Pancake presented two books by Paul Harvey in memory of Mrs. Syd. C. Baker. The titles are "Autumn of Liberty" and "Remember These Things".

Story Hour for the usual nine to ten o'clock was highly successful. Mrs. Orion Miller told stories to a large group of children and C. W. Denison was in charge of the program for the 1929 Study Club which is entering its second year of sponsorship of this splendid children's activity. Mrs. P. A. Denison brought candies. New comers to the story hour were: Dan Price, Linda McCullough, of Midland Texas, Neil and Judy Wright of Lubbock, Jancy Ginn, Linda Wilson, Charlotte Head of Midwest City, Oklahoma, Tom and Gary Lyles and Susan Hotchkiss of Lampassas, Texas.

The staff greatly appreciates the loan of a tea cart which we are trying out as a mobile shelving tray.

We call your attention to our biography collection. There have been a number of very fine additions and we look forward already to the fall

Thanksgiving holidays will be observed 25-26. Christmas holidays will begin December 23 and run to January 3.

There will be a one-day holiday in March when teachers will attend an association meeting and a two-day Easter holiday. School will close May 20, 1955.

The board passed an order to purchase two new school buses, and hopes to have them when school starts.

Mrs. Erdice Bowen and son, Jack, left Saturday to return to their home in Killeen. They have been guests in the home of the W. J. Adams, jr. Mrs. Adams is the daughter of Mrs. Bowen.

and the calls for assigned reading. A wise man has said that if one would know history one should read biography. We hope our biography collection will have an ever increasing amount of use.

Our special thanks go to Clarence Guffee and Mrs. Virgil Shaw for their unstinted help in cutting stencil and mimeographing our supply of overdue postal notices. A passing borrower helped to run the cards off the machine.

A good friend of the Library gave us \$15.00 for extra help with the cataloging of new books.

COKE MACHINE PROFITS

The Coke machine, which county superintendent Clarence Guffee got permission of the Commissioners court to put in the hallway of the court house two years ago, has paid for itself now and the library got the benefit of the first profits the past week.

Mr. Guffee told the court any money the machine made would be given to the county library fund.

Faster, Cleaner Start for Your Crops with a WINPOWER ROTARY CULTIVATOR

Model R-4 — 15' wide
4 flexible sections

CROSS-CUT ACTION KNOCKS OUT WEEDS

Pat. No. 2560359

see the off-set, cross-cut tooth arrangement on the ring. That's the secret of better weeding and cultivation at high speeds. Note, too, the shape of each tooth that delivers the stroke directly on the point. Here is a cultivator that is engineered for better soil disturbance.

Better Cultivation Pays Off in Yields

The WINPOWER Rotary Cultivator is the best insurance toward a bigger, safer harvest. The flexible sections, with off-set, cross-cut action knocks out weeds, breaks up crust and clods, and saves the moisture for growing crops.
 End sections fold up. Coupling is adjustable for close turns. Hitches can be reversed for transport and crust breaking only. Construction is rugged, for years of trouble-free service.
 Come in and see for yourself how this WINPOWER Rotary Cultivator will make money for you. It's the cultivating tool that gives your crops a faster, cleaner start to the biggest yields ever.

South Plains News

(Crowded out last week)
(By Mrs. Murray Julian)

SOUTH PLAINS, June 7 — The daily vacation bible school will begin at the Baptist church on Monday morning, June 14, with the following teachers and assistants working during the morning hours, Rev. and Mrs. W. S. Spearman and Mmes. L. T. Wood, Paul Snodgrass, Bill Beedy, Shelby Calahan, John Key West, Owen Thornton, Bryar Karr, Grigsby Milton, H. S. Calahan, Jr., and Arby Mulder.

Mrs. I. H. Parks and Mrs. J. D. Webb have been teaching in the Methodist bible school in Floydada the past two weeks. They go to and from Floydada each day and take their children, Eddie and J. Frank Parks and Dwan and Melinda Webb.

Mr. and Mrs. Grigsby Milton, Barbara Sue and Donita, went home from church on Sunday with Mr. and Mrs. Bryan Karr and children to have dinner and spend the afternoon with them.

Last Sunday Mr. and Mrs. R. E. Young and Peggy went to Lefors, Texas, where Mrs. Young and Peggy stayed at the home of Mr. and Mrs. H. D. Hale all this past week. Mr. Hale was in a serious car accident some time ago and has not been well since that time. Mr. Young went to get Mrs. Young and Peggy on Sunday.

Mr. and Mrs. J. B. Thames, Jr. and children left South Plains last Thursday morning for an extended visit and tour into California. They planned to be gone about ten days. Virginia Taylor is spending this week with her aunt Mrs. Jack Douglas, who lives in Plainview. Jack is in College Station this week where he is attending the 4-H Roundup. He plans to be home on Friday night.

Mrs. Bill Beedy left for Amarillo on Sunday evening where she will spend several days staying with Mrs. Charles Beedy and Randy while Charles is away at College Station. He is attending the 4-H Roundup there along with many hundreds of 4-H boys and agents from the extension offices.

Mr. and Mrs. Bert Douglas from Lubbock came up last Sunday evening to have supper and to be the overnight guests of their old time friends, Mr. and Mrs. George West.

Mr. and Mrs. Sylvan Kinnibrugh, Beth and Marilyn, went to Odessa, Texas, on Wednesday, June 2, where they attended the wedding of her niece, Nancy Smith, who was wed in a lovely church ceremony at the First Methodist church, 8 o'clock in the evening last Wednesday.

The South Plains softball team played in the first game of the evening at Lockney ball park on June 1, playing Gulf Service, and they won 6-1. Bill Beedy is the manager of the South Plains boys. Their game Thursday night of last week was the second in the evening. They played the American Legion, winning that game in ten innings, 10-9.

Rev. and Mrs. Joe Wilson of Floydada were at the South Plains church on Sunday morning where Rev. Wilson preached in the absence of Rev. Spearman. Attendance was low at church due to many out with illness and many gone over the weekend. Those not present missed the good message given by Rev. Wilson. Mrs. Sim Reeves gave good review from the book, "Living in the Faith," which they have been studying the past few weeks for BTU.

There was no church on Sunday evening. Mr. and Mrs. Frank McClure went to Lubbock on Tuesday and Wednesday of last week for medical services for Mrs. McClure. Friday she grew worse and Saturday they left for Grand Prairie where they will stay for some time until her condition improves.

Mr. and Mrs. George West went to Silvertown on Sunday evening to visit with his brother, Mr. and Mrs. W. M. West.

Hail and rain in the north, north east and northwest portions of our community brought great

damage and wheat loss last Tuesday evening when rain varying from a sprinkle to about three inches with great hailstones about the size of golf balls, but not round, poured down.

Hardly a farm or a home in the northern part of our vicinity was left without some grisly reminder of the storm. At Bill Beedy's, the roof was broken, many windows broken, drapes and rugs spoiled; windows broken on the Bryant Higginbotham farm, and wheat that would have made as much as 40 bushels was flattened on the Bill Beedy, Oscar Hewitt, Arby Mulder and many other farms. Sim Reeves, the Cummings farms, Roy Childress, Kinslow, and Vincent wheat fields were flooded. Any cotton that was up was ruined. Many had planted the second time. We are grateful however, for no loss of life. The storm went as far south as the Billy Stanforth farm where some wheat damage occurred.

Mrs. J. P. Taylor and Katy are going to Dallas this Tuesday to see Dr. Barnes, at the Carrol clinic there in Dallas. They are accompanying Mrs. Carl Daniel of Amarillo who is going to Dallas to take her mother, Mrs. Rose Kirkland, for medical treatment.

Mr. and Mrs. Otho Sanders went to Denton, Texas, this past Wednesday where they attended the graduation exercises of their daughter Martha Lee, who received her bachelor's degree from North Texas state college on Thursday evening at eight o'clock at the main auditorium of the college. Exercises were held for the faculty and graduation classes. Around five hundred received diplomas. We extend congratulations to Martha Lee and her parents. They all arrived home on Friday and Martha Lee will spend the summer here.

Mrs. Carl Daniel of Amarillo accompanied Mrs. George West to Lubbock on Thursday of last week where they had a pleasant day shopping. Mrs. Daniel had her car in the shop at Plainview. Friday evening Mr. and Mrs. George West went to Sterley where they enjoyed a supper in the home of their daughter Mr. and Mrs. Robt. Lee Smith and children.

There have been many on the sick list the past week suffering with flu, sore throats, and colds. Arby Mulder, Donita Milton, Terry and

Bruce Julian are among the ones that have been confined to their homes.

Mr. and Mrs. Sylvan Kinnibrugh went to Vera over the weekend to visit his parents, Mr. and Mrs. J. A. Kinnibrugh, who were in the wake of the very severe storm that struck last week in that vicinity. Their homes were left with all windows broken, a garage blown down, and many other damages such as to wheat and crops. Orville Kinnibrugh who farms here with Sylvan, lost all his wheat there. There was no loss of life as most people were in their cellars in the 120 mile an hour storm. Marilyn and Beth remained with their grandmother, Mrs. J. R. Spivey at Truscott for the week. They will go for them on Sunday.

Mr. and Mrs. George Beedy were hosts at a supper and canasta party at their home in Lockney on Monday evening, June 7.

Supper was served at 7:30 with the main dish chili casserole. Later in the evening Mrs. Beedy served ice cream and cake to the guests. Canasta was enjoyed until a late hour.

The South Plains WMU and the Sunbeams met at the Baptist church on Wednesday, June 2, at 3:30 with Mrs. Dock Jones presiding over the WMU study and Mrs. Brian Karr in charge of the Sunbeams. WMU members studied Royal Service with the topic, "Proclaiming the Savior in Formosa," as the lesson theme Formosa means beautiful island and was so named until the Chinese took over in 1945. It is now called Taiwan. The devotional period was given by Mrs. Shelby Calahan. Map study was shown by Mrs. Sim Reeves. The next WMU meeting is on June 30 with bible study because vacation Bible school will be in session on June 16. Members present at this meeting were Mmes. Dock Jones, H. L. Marble, M. M. Julian, Grigsby Milton, S. T. Reeves, Shelby Calahan, and H. S. Calahan, Jr. Sunbeams present with their sponsor, Mrs. Karr, were Beth Calahan, Jim-

mie Upton, Barbara Sue Milton, Diane, Cathy and Vicki Calahan.

MRS. B. H. HOWARD, LUBBOCK, BREAKS HIP IN FALL.

Mrs. B. H. Howard, 87, of Lubbock mother of Mrs. John Reagan and Ard Howard, both of Floydada, suffered a broken hip on June 4. After undergoing an operation on June 8, she is reported as doing as well as can be expected. She is a patient at West Texas hospital in Lubbock.

Both Mrs. Reagan and Mr. Howard have spent most of the past two weeks in Lubbock to be near their mother.

--- AND A GOOD TIP FOR YOU

WHEN it comes to sales, every car maker aspires to be up at the top of his price class. Which is only natural. Popularity like that means success.

We know, because for years Buick has held such an envied position—the unquestioned sales leader in its class. And with good reasons in styling, room, power, value.

But today, folks like you have pushed Buick success even beyond such bounds.

Today, the top sales standings of a full generation have been changed. Today, latest sales figures for the

first four months of 1954 reveal this phenomenal fact:
In total national volume, regardless of price class, Buick is outselling all cars in America except two of the so-called "low-price three."

That's a tip too good to pass up. That's the tip-off that Buick must have the hottest styling of the times and the sweetest performance of the year.

More important, that's the tip-off that Buick prices are well within the reach of more and more people—and that such prices buy a lot more automobile per dollar.

So why not look into the tomorrow-styled Buick that puts you so far ahead today?

Come in, or phone us this week for a demonstration. Then you can judge for yourself that Buick really is the beautiful buy—by far.

BEE IN THE CAB Truck Overtakes, Driver Injured

Winfred Payne, driver for Foote Butane, was injured Friday when his truck overturned near South Plains.

He was enroute to Floydada when a bee flew into the cab, when he pulled to the side of the road the tire hit a hole breaking the axle and turning the truck over.

Johnny Smitherman, the first to arrive at the scene of the accident brought Mr. Payne to the Peoples hospital where several stitches were taken in his lip. A cut at the back of his head also required five stitches. He was kept overnight under observation and was released the following day.

The Payne's son, Ronnie and a friend Phillip Owen who were accompanying Mr. Payne were unhurt.

Damage to the truck was estimated to be around \$600.

Wagon Wheel Has Large Crowds For Its Opening Day

Floydada's newest business venture, the Wagon Wheel, had many callers on their opening days last Friday and Saturday. Tom Hutchins announced Monday that well over six hundred registered while in the store with many more who didn't sign the guest list.

Jimmie Dunn was awarded the grand prize of a new Bradford hat. There were more than 25 other valuable prizes awarded from their stock of popular western wear.

This week the new sign was being installed and other finishing touches added. Rush of farming operations and the harvest season had prevented the completion of the building job before opening day.

Mr. and Mrs. Wright Pace, of Los Angeles, California, are here this week, guests of Mr. Pace's mother, Mrs. Cora Pace, 302 South Fifth. A former resident of the county, Mr. Pace is minister of the Westminster church of Christ near Los Angeles. He finds his mother in good spirits and able to walk with the aid of a cane once more after her fall in which she had a broken hip. She had been hospitalized for several months.

Mrs. Vernon Shaw Passes at Lubbock

Mrs. Vernon Shaw, wife of a former pastor of the First Baptist church in Floydada, passed in Lubbock on June 3, after a brief illness. Death was attributed to a cerebral hemorrhage.

The final rites were held on June 4 in the First Baptist church at Lubbock. Assisting in the service for the deceased were Dr. R. Earl Allen, of Floydada, Rev. J. F. Nix, former Floyd county minister, and Rev. A. L. Shaw, of Lone Star.

Mrs. Shaw was a native of Wilson. Her surviving husband is field representative of Texas Baptist Children homes. Other survivors include a stepson, Kenneth, now serving in the army, one sister, Mrs. B. W. Baker, and her parents, Mr. and Mrs. W. H. May, of Lubbock.

Negro Boy Killed At Baseball Game

Tom Earl Nelms, thirteen year old negro youth, son of T. J. Nelms and Grace Nelms was killed Sunday on the play grounds of the Methodist church in the colored section of town.

The youth was among several who were playing base ball when a car driven by Joe Lewis Davis, a seventeen-year old negro, struck him as he ran across the ball park.

Investigating officers Sheriff Earl Cooper and Patrolman Thurman Keffner reported that as Davis drove the car onto the field he apparently didn't see the Nelms boy until too late to avoid hitting him.

The boy was announced dead at 5:45 p. m. several minutes after arrival at Pitts hospital.

Following a hearing held Monday afternoon the Davis youth pled guilty to negligent homicide in Judge Ralph C. Johnston's court and was assessed a penalty of 45 days in jail.

Program Sunday Ends Bible School

A commencement program was held Sunday morning at the Nazarene church ending the 40-day vacation bible school. An average of 72 pupils and workers attended daily.

Around 50 certificates were given students who had attended eight days or more.

A picnic for the students was held at the Plainview park Thursday of last week. It was well attended.

PEOPLE'S FORUM Lions Explain About Pick-Up Day to People

To The Hesperian:

We feel that the occupants of the residential area of Floydada are due an explanation from us concerning our failure to do a complete job on PICK-UP day.

It is not possible for 25 to 30 men with half that many trucks to do a PICK-UP of Floydada in half a day. With a few notable exceptions, including the City, the merchants did not close for the half-day even though their cooperation had been

assured. We asked for help in the way of pickups, trucks and men and got the same response that we received on the half-day closing. With 150 men and 50 or so trucks this town could be made to sparkle within that length of time and we of the Lions club are unable to understand why the majority of business men seem to feel they have no responsibility to aid in such a campaign.

For the benefit of you housewives, we want to state that the residential area which we were able to get over was in excellent shape and we are certain that what we failed to see looks as well.

If you ladies want the PICK-UP completed, will you get together, pick a date, see that your men close their places of business, hand each one a scoop or fork, (probably better show him how to use them) and a truck if one is available, tell him where to report and then let us know the details.

We should be ashamed of having a pile of trash anywhere within our City limits.

FLOYDADA LIONS CLUB

Mrs. Louise Beattie, of Amarillo, is shown here receiving confirmation of the reward of an all-expense paid trip to Europe this summer. She and her daughter, Mrs. Gerald Blackburn, of Post, will take the trip to Europe as guests of Shur-Fine foods. Mrs. Beattie was final winner in a contest in which numerous plains stores had a part, including four Floydada retail establishments.

As A Farm Woman Thinks

(Nellie Witt Spikes)

I saw God wash the world last night. Ah, would He had washed me As clean of all my dust and dirt As that old white birch tree.

William Leroy Stidger This Monday morning is sweet and lovely. Fears of a storm last night kept us awake and memories of days long past crowded sleep from our eyes.

The lightning was not flashing on us here in Ralls as we lay in our comfortable beds. It was lighting up a big wheat field that was ripe for the reaping. I was lying on a bed on the back porch of our farm home and Jeff was finishing up the night chores. Some of the wheat was cut and the stubble was white-gold in the flashes from the skies. But the heads hung thick and heavy from the uncut wheat and the storm was coming near and my bed shook from the heavy thunder.

I huddled under the quilt tho I was not cold from the temperature. I was cold with worry and fear. Schooling for the three children, clothing and food and medical care was wrapped up in the wheat crop. No rain had fallen for months, no cotton lay like tiny green butterflies on the brown earth, no swords of maize and kaffir corn pierced the earth. Wheat was our dependence

for the year, it seemed, and we needed rain, for it was about the middle of June. All this I knew, but the wheat was made, and oh, how I wished the rain would not come.

But, it did, great buckets of rain. The eaves of the porch were soon like falls in a river. I sat up and watched with my husband. How the rain with the high wind as helper, swayed the wheat back and forth as a dog kills a cat. Water ran in a black stream towards the barn, where some wheat was already stored.

It had been a nervous tension from the first, this wheat harvest. The thresher man bought a new Massey-Harris combine, a new one for our part of the world. He knew nothing about this machine. All day they tried to cut, then a night crew had taken over. Breakdowns slowed down the harvest. I spread the table with the very best food I could cook. Fried and boiled ham and chickens, potatoes in every way I knew to fix them, cakes and pies and cobblers. I did not mind my part. I was helping do my part in making the living. Trouble shooters came from the "big town" and they did not know much more than the men who worked on the combine. It was not the fault of the machine, but of not knowing how to operate. Much wheat was wasted and lay in little streams of gold on the ground.

The rain went on and on. Sleep finally came and the morning after the whole earth was well soaked. Cooking stopped, the men went home. The day was cloudy and cold, but the wheat stood up and was still there. It seemed that the sun when it did come out could not dry out the wet ground. The tractor could not pull the heavy thresher so Jeff hooked his plow team ahead of the tractor and the machines bogged through, altho much wheat was wasted.

So last night we could not sleep. Many years of wheat harvest came to our minds and we lived them again, feeling the same dread and fears as we knew our children

were now wondering and fearing if the hail and the wind would lash their wheat crop to the ground.

Once a farmer, always a farmer at heart. And many ask me why I use the title, "As A Farm Woman Thinks." How in the world could I think otherwise after my experiences of some 40 years?

A beautiful spirit in a beautiful body. This is how I think of my friend and a friend of many of you who read this. Mrs. R. E. Fry whose passing made many so sad. Being in her company made one feel happy and at peace.

For her husband and daughters and friends I give these sweet words of comfort a poet has written; I had a tiny box, a precious box Of human love, - my spikenard of great price;

I kept it close within my heart of hearts, And scarce would lift the lid, lest it should waste Its perfume on the air. One day a strange

Deep sorrow came with crushing weight, and fell Upon my costly treasure, sweet and rare, And brake the box to atoms. All my heart

Rose in dismay and sorrow at the waste; But, as I mourned, behold a miracle of grace divine. My human love was changed

To Heaven's own, and poured in

healing streams On other broken hearts, while soft and clear A voice above me whispered, "Child of Mine," With comfort wherewith thou art comforted. From this time forth, go comfort others, And thou shalt know blest fellowship with Me, Whose broken heart of love hath healed the world."

Some good thought for you to think on during the days: Truly one thing is sweet Of things beneath the sun; This that a man should earn his bread and eat Rejoicing in his work, which he hath done. Be swift to hear, slow to speak, slow to wrath.

Mrs. Andrew May Is Complimented at Bridal Shower

The V. D. Turner home was the scene of a bridal shower honoring Mrs. Andrew (Dub) May, nee Lois Boling, last Thursday night. The couple were wed May 22.

Punch and angle food squares were served to the guests.

The serving table was covered with a lace table cloth underlined with blue, the bride's favorite color. A miniature bride and groom stood under a canopy attached to blue streamers with the name Dub and Lois in gold, making the center piece.

Refreshments were served by Miss

Audeen Turner and Miss Francis Allen. Mrs. S. D. Medley presided at the registering book, and presented the honoree and the two mothers with corsages of sweetpeas.

Attending and sending gifts were Meses. C. F. Jones, Mary Lois Apple, Velma Warren, Aaron Carthel, A. K. May, E. R. Borum, Loyce Winn, Alice Pollan, V. D. Turner, Doyle Turner, Leroy Burns, Bnd Turner, S. E. Duncan, A. C. Carthel, S. R. Fields, Dona Boling, M. R. Grubbs, Floyd Johnston, Felt Patterson, Russell Jackson, Ralph Bryant, Pat McDonald, L. W. Queen, G. V. Smith, Alyene Palvadore, Mrs. A. C. Collins, Miss Donice Reeves and Miss Betty May.

Hostesses were Meses. Richard Graves, C. V. Carver, E. B. Gilliland, Ed Hammonds, Fred Nixon, Bobby

Women who love to reform their husbands may be missing a chance to exercise these talents where they would do some good.

Not that husbands don't need reforming; or that many a wife couldn't remake her man into something really noble -- if he'd just do what she says. But the average attempt at husband-reforming is a washout. Unless a woman is a master psychologist, she ends by emphasizing the faults she would like to correct.

With children it's different. By tact and patience, children can be "handled" easily. They aren't yet set in their ways. They're open to suggestion, love Mom unquestioningly, and like to learn new things.

Hence the mother who lets T-V script writers, actors in western movies, and comic book artist mold her child's entire philosophy of life is asleep at the switch. She needn't be a dog in the manger about these outside influences of course. But unless she at least competes for some of Johnnie's learning process, she's making a most peculiar mistake.

Because when Johnnie's half-grown, and the things he has spent his young life learning begin to show up in his attitudes and hobbies, Mama gets on the ball and lectures him about how shallow his interests are: "Don't you ever read anything worthwhile?" she asks. Or, "Can't you think of anything but cars?"

Are there interesting children's books around the house? Can Johnny learn from his elders how much fun it is to read and discuss? Are his questions about science nature, people, answered fairly and thoughtfully, or is he "too young to know"? Is he laughed at for his questions? Summer is a good time for the mother who has been napping to try her hand at planting one new fact, one constructive idea a week in little Johnnie's head.

Miss Dixie Cochran

To Take Pawhuska Bride on July 17

Mr. and Mrs. R. J. Harris of Miami, Oklahoma, and J. B. Cochran of Wichita, Kansas, announce the engagement and approaching marriage of their daughter, Dixie Cochran, to Martin Mason, son of Mr. and Mrs. Grady Mason, Floydada.

The wedding will be an event of July 17 at 2:30 p. m. in the First Baptist church of Miami, Oklahoma with the Rev. Lewis E. Maples, officiating.

The bride-elect graduated from Miami high school and attended Northwestern State college at Tahlequah, Oklahoma. She is now a member of the Pawhuska, Oklahoma, school system.

The prospective bridegroom was graduated from Floydada high school and has served with the U.S. navy. He is now associated with the Atterberry-Mason paint contractors. The couple are to make their home in Pawhuska after a short wedding trip.
