So this year I'll just write articles on fishing. In fact, I've already done one and made a recording of it. It has sold 20,000 copies. If you have difficulty finding it in any store, call me up—I have 20,000 copies.
Mrs. J. W. Seigler, McAdoo, Route 1, sends one of their favorite sheet-recipes, I am passing it along for I know a lot of you will enjoy it too.
Heat together—
3 cups orange juice
4½ cups sugar
9 tablespoons lemon juice
Add 6 cups milk to the mixture very slowly (I put it in my mixer bowl and turn it on low and pour it in a small stream.)
Then add 1½ cups cream
1 can apricots (seived)
Freeze and serve.
This is nice to freeze and store in your food freezer to use as needed.
Remember—you will get a world of pleasure out of your food freezer if you will only plan it so. It will save you time, energy, and money. Little special equipment is needed for freezing foods. There are a few simple rules that must be observed. They are not complicated but thorough testing has proven to us that they are essential. Your food freezer can mean garden-fresh vegetables the year around—out of season fruits—and delicious desserts, pastries and cooked foods at any time.

Sand Hill News

(By Mrs. James Jeffress)
SAND HILL, July 13—The shower Thursday morning wasn't much but it cooled things off for awhile. We are still hoping for more.
Wayne Billington was the supper guest in the home of Mr. and Mrs. Joe Fowler Wednesday night in Silverton.
Mr. and Mrs. C. B. Carmack were in Lubbock Thursday afternoon on business.
Mr. and Mrs. James Jeffress and family were the supper guests in the home of Mr. and Mrs. Jim Jeffress in Silverton Wednesday evening.
Mr. and Mrs. Jim Holmes and Billie Gail were in Plainview Saturday. Mrs. Holmes was permitted to see Mrs. W. R. Billington, her sister, who is still in the Plainview hospital. Her condition is reported as much improved.
Word was received that Mr. and Mrs. C. H. Jones of Midland were in a bad car wreck. They were returning home from Sand Hill after spending the weekend of the 4th. The accident occurred eleven miles southeast of Lamesa. Mr. Jones is in a cast from his waist down. Mrs. Jones had severe cuts and bruises. The cars were both wrecked beyond repair. Since they will have to stay in for the next few weeks, they will enjoy hearing from all their friends around over the community.
Sunday dinner guests in the home of Mr. and Mrs. James Jeffress were Mr. and Mrs. Billie Latham and family and Mr. and Mrs. Shafe Weaver and family of Silverton.
Mr. and Mrs. J. R. Turner spent Sunday in Lazbuddie visiting Mrs. Odell Press and Mrs. Ingram. Their daughters, Carol and Kay, returned home with them. They had been visiting their grandparents for the past week. They returned home Sunday night.
Beverly Jeffress is spending this week in Silverton visiting Sheron Weaver.
There was a good attendance at the Baptist church Sunday morning even though most of them were visitors. Bro. R. L. Swanner from New Mexico held service at the worship hour.
Kay Turner is down with Scarlatenna this week. We hope she is up and about soon.
Mrs. W. R. Billington returned home Monday morning from the hospital. She is still weak and is confined to the house. Her granddaughter, Bettye Yandell, returned home with her and will stay and help out this week.
Mr. and Mrs. W. R. Billington are expecting their daughter and her husband from California to arrive in Lubbock Thursday night by train. It has been over three years since they have been here. W. R. Billington is planning on meeting them in Lubbock.
Mr. and Mrs. H. F. Jackson and W. R. Billington visited in the James Jeffress home Friday night.
Mr. and Mrs. Rafe Ferguson and family were in Lubbock Sunday.

Tubbs Reminder Asks For Vote In Primary July 24

I have made an effort to see each one of you and personally solicit your support in my race for county judge. Some of you I have missed. Please consider this as a personal appeal to you for your vote in the July 24 primary.
When I had the privilege of serving you in this capacity some years ago, the office of county judge in the court house was always open to you, and I was in the office ready and willing to serve you in any way possible at any time.
I feel that the experience I have had in the office will enable me to better serve you. Should I be elected I pledge you my best in that capacity.
I thank each one of you for the courteous manner you have received me while soliciting your support and whether or not I am elected you are still my friends and neighbors.
Sincerely,
G. C. Tubbs

Mr. Ferguson and the boys enjoyed the baseball game in the afternoon.
Mr. and Mrs. Monroe Schulz visited in the home of her sister, Mr. and Mrs. Roy Smitherman at Abernathy, Sunday afternoon. They were supper guests of Mr. and Mrs. Homer Meil and family at Hale Cener Sunday night.
Sunday visitors in the home of Mr. and Mrs. M. B. Swanner were Mr. and Mrs. R. L. Swanner of New Mexico and Mr. and Mrs. Wayland Swanner and family of Wichita Falls.

Miss Jo Ann Swanner visited a few days in Lubbock last week.
Monday visitors in the M. B. Swanner home were Mrs. A. A. Nonce and H. L. Massey.
Mr. and Mrs. M. B. Swanner were in Clovis, New Mexico, last week attending the funeral of her aunt, Mrs. G. T. Malone. Mrs. Malone had been ill for the past six months.
Garland Glenn has been visiting in the home of Mr. and Mrs. W. R. Billington this week.
It has dried out this week. Looks like there isn't going to be any more rain. All the wells are pumping now. Some of the farmers are talking of spraying. Something is knocking all the squares off the small cotton.
Mrs. Dean Franklin had visiting her Sunday, a sister-in-law and two children of Washington, D. C.
Miss Janice Miller spent Sunday with Donna Womack who is here from Dallas visiting her grandparents, Mr. and Mrs. A. V. Womack.
Mr. and Mrs. Ted Rutherford visited in the home of Mr. and Mrs. Dale Stringer Sunday afternoon.
The last report from Stinson Stringer is that he will be leaving for the states soon and expects to be home about the last of August or the first of September.
The W. M. U. of the Sand Hill Baptist church will meet July 29 in the home of Mrs. M. B. Swanner. The time will be 8 p. m. Everyone is asked to bring a guest.
Billie Gail Holmes spent Sunday visiting in the home of Carolyn Raley.
Orbra Miller held services at the church of Christ Sunday. There was a fair attendance.

Spence Asks Your Continued Support For County Treasurer

I am grateful to the people of this county for giving me the opportunity of serving in this place of responsibility. I am confident of the fact that a gift of the people, which is a gift of the people, would please me more than any other gift. I will be by your home to visit and to personally solicit your support in the primary. However, since I am a candidate for the office of county treasurer, it will be for me to do this. I am not different to you as far as the duties of the office are concerned. I could not ask you to re-

elect me if I did not do the job for which you hired me two years ago. My pledge to you is continued efficient and courteous service in the operation of the Treasurer's Office. Your vote and your support will be sincerely appreciated.

Thank you,
Mrs. Sam A Spence

One of the strangest collections of people you'll see anywhere are those that get together for a piano recital. The other night about 50 persons gathered for what we used to call a "joint recital", by two pretty high school girls, neither of whom has much more prospect of becoming a professional pianist than most of us have as space pilots.

Numbered among the guests were uncles, aunt, a few self-conscious boy friends, a slicked up little brother complete with bow tie, two foxy little girl cousins in pink and blue gandy, and some staunch family friends. One "favorite teacher" stood out like a corsage at a baseball game. The antique grandmother of one performer seemed to get the most honest pleasure from the concert. We were a strangely intimate group, yet strangers to each other.

Most of the audience was women and children, although an occasional husband, who couldn't think fast enough on his feet when the subject was mentioned, was present to support fathers and uncles.

It was a wholesome and gentle type of boredom. The young women performed with earnest exactness, slowing down as they hit the hard passages, then speeding up triumphantly for the next few measures.

Sympathetic friends and relatives gave them moral support in whatever way their loyalty dictated. One bobbed her head vigorously to help with the tempo. Another gripped the chair arm when a note got mislaid. Deep frowns of concentration relaxed when a number was finished and the polite applause sounded.

There may be those who argue such demonstrations are pointless or silly, but we won't agree. For the young women it meant hours spent on something besides dates and movies and radio. Appearing before an audience took courage and poise. And getting through their performance creditably gave them a sense of achievement that will help them later on.

For the adults in the audience, it was a nostalgic reminder of life's growing pains.

South Plains News

(By Mrs. Murray Julian)

SOUTH PLAINS, July 12 — Our first real hot weather of the summer has hit us, with 102 degrees registered this Monday. Harvest is all completed around us, and most farmers have started irrigating their feed, and a few are watering their cotton, but the cotton has not suffered in the hot weather as the

feed has.

Beedy Death Saddening

Our whole community is shocked and saddened to hear of the death of one of our young men who only recently left here to go to Oregon, and had been only a week in the small town of Wallace, Idaho, when he was called out on emergency work Sunday afternoon.

Douglas Beedy was the one who received the full impact of a live wire which fell on a truck where several men were working Sunday afternoon in Gem, Idaho. Several were taken to the hospital, but Douglas never responded to the first aid, although they worked with him two hours before giving up.

Mrs. Beedy and small daughter are coming home to Lockney by plane, and Mr. and Mrs. Austin Beedy will accompany her. They will arrive in Plainview on Tuesday afternoon, the body arriving a few hours before.

Funeral service will be on Wednesday at the First Baptist Church in Lockney, with arrangements pending the arrival of Mrs. Beedy, Mr. and Mrs. Ralph McGuire, and girls (sister of Douglas) arrived in Lockney on Monday evening, and many other of the relatives are already at the home of Douglas' parents Mr. and Mrs. George Beedy in Lockney.

Mr. and Mrs. Dock Jones and family left here last week for a good vacation which was spent at Rogers, Arkansas. Three of Dock's brothers and their families attended the reunion, and some of them had not seen each other for twelve years. One brother, P. J. Jones came from Detroit, Michigan, with his family for the reunion.

The Jones arrived home on Sunday evening from Rogers and reported the weather very nice on their trip.

We offer congratulations to Mr. and Mrs. George Weast on the arrival of a new granddaughter, Robin Ann, who was born on July 7, at Lockney, to Mr. and Mrs. Robt. Lee Smith. The Smiths have three other children, two girls and one boy.

Other brand new grandparents in our vicinity are Mr. and Mrs. Albert Stewart, who are proud of a grandson, Timothy Wayne Greer, born on the 4th of July at Lockney to Dr. and Mrs. Wayne Greer. This

is their third child.

V. W. Hennessee Victim of Heart Ailment Thursday

Funeral service for Virgil W. Hennessee, 61, was conducted Monday at 2:30 p. m. in the First Methodist church with the Minister, Rev. Tilden B. Armstrong, officiating, assisted by Dr. R. Earl Allen. The rites were scheduled for Sunday, but were postponed due to the fact that a son James, was not located in South Dakota until Saturday.

Mr. Hennessee passed away suddenly at his home on south Wall street Thursday following a heart attack.

He was born November 22, 1892 in Sparta, Tennessee, and moved to Harmony community in 1919 where he farmed. The family moved to Floydada in 1940 and he was in the trucking business at the time of his death.

Survivors include the widow, one son James, Floydada, six daughters Mrs. Lila Youngblood, Huntington Park, California; Mrs. Ralph Taylor, Tulare, California; Mary Hennessee, San Jose, California; Patty Hennessee, Abilene, Virginia, Lubbock; and Edna of Floydada, also two brothers and six sisters.

Interment was in Floydada cemetery under the direction of Harmon Funeral home.

Pallbearers were Tracy Weaver, Joe Martin, C. O. Spence, Keller Holmes and C. C. Huckabee.

year. Grigsby Milton, Murray Julian, Bryan Karr and Rev. W. S. Spearman were present at the meeting.

Club Program Postponed

The South Plains Home Demonstration club with the 4-H girls in charge of the program has been postponed until future date on account of the funeral on Wednesday of Douglas Beedy, formerly of this community. The club was to meet at the home of Mrs. R. E. Young, Mrs. L. T. Wood has announced that the pecans have come in, and if you have not received yours, please go to the home of Mrs. H. L. Marble for them.

Mr. and Mrs. George Weast had as their house guests, Mr. and Mrs. Carl Daniel, of Amarillo, from Thursday afternoon until late Friday. The Daniels had been spending some time visiting with the L. N. Johnsons, and Carl has been attending to some business matters on his farms.

Mrs. Fred Riggs was well enough to come home from the hospital in Lockney on Friday, and this week she is able to be up at her home doing much better. Fred Riggs was taken to the hospital in Lockney on Tuesday evening of last week, and was very low at the time. He is now reported to be responding to treatment, and is getting along better than expected.

Royal Service Program

The WMS met at the Baptist church on Wednesday afternoon on July 7, for a Royal Service program. In the absence of Mrs. Dock Jones, president, Mrs. Julian was in charge of the program for the day. "Seedtime in the Philippines," was the topic for study. Those who took parts were Mmes. Grigsby Milton, C. L. Vincent, H. S. Calahan, Jr., Sim Reeves, H. L. Marble, Murray Julian, and Bryan Karr, with her sunbeams, Diane, Cathy, and Vicky Calahan, Corky, Buddy and Theresa Vincent, Barbara Sue Milton and Jimmie Upton. On July 21 there will be bible study under Mrs. Calahan. The life to be studied will be John the Baptist.

Mr. and Mrs. Skeet Thornton are at home this week in Lockney after a short vacation last week took them to Phoenix, Arizona. They report it was really hot and dry out that way.

Mr. and Mrs. Grigsby Milton and girls went home with Mr. and Mrs. Arby Mulder and children on Sunday after church to spend the afternoon with them, and enjoy Sunday dinner at their home.

Mr. and Mrs. Bryant Higginbotham, Bud and Alton, went to Lubbock after Sunday school Sunday morning to attend a reunion held all day Sunday at MacKenzie Park. Bryant was born in Montague County, near Bowie, and they all enjoyed Sunday dinner and a day of visiting down at the Montague county reunion in Lubbock.

do more work per day... more work per dollar!

You save on operating costs. The "Thriftmaster 235" engine, the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower plus increased operating economy.

You save extra trips. That's because of extra load space. New pickup bodies are deeper... new stake and platform bodies are wider and longer.

You save time on deliveries. New truck Hydra-Matic transmission saves time and effort at every stop. Optional at extra cost on 1/2-, 3/4- and 1-ton models.

You save with lower upkeep, too. There are heavier axle shafts in two-ton models, bigger clutches in light- and heavy-duty models, stronger frames in all models.

You save hours on the road. Thanks to new high-compression engine power, you can maintain faster schedules without driving at higher maximum road speeds.

And your savings start the day you buy. Chevrolet, you know, is America's lowest-priced line of trucks.

South Plains Team Rallies

South Plains and Silverton played ball at Lockney softball field on Thursday night of last week in the first game of the evening with South Plains winning a 10 - 5 game which was one of the best and most thrilling of the games played this year. Many spectacular plays were made, and everyone enjoyed the evening. If you do not attend your town or community's games, you are missing good clean sport. South Plains is again in the running for second place in the league.

Mrs. Katy Headstream and daughter Ann, of Lubbock were weekend guests in the S. D. Medley home.

THE FLOYD COUNTY HESPERIAN

Published by the Hesperian Publishing Co., Inc., at 212 South Main St., Floydada, Texas. HOMER STEEN, Editor
THURSDAY, JULY 13, 1954

Established 1896 by Claude V. Hester as second class mail at the office at Floydada, Texas, April 1, 1897 under the act of Congress of March 3, 1879.

VIEWS AND COMMENT

Problem of housing for the post office in Floydada could be solved by a new approach that has been under consideration in the congress. Floydada has long since "qualified" for a post office building under the old plan and was in line for such at one time when the oil and cotton boom in another end of the district put two or three other communities ahead of our town on the list on the basis of postal receipts. In those days a post office building a year in each congressional district was considered "normal". Every congressman had the job of selecting the community which would be rewarded with a new federal building. World wars shattered all of that old idyllic way of doing things. All the building and spending has been concentrated in the big centers in much the same manner that all other tendencies are toward centralization. This new deal may bring a return of the post office building plan for such communities as Floydada and solve the problem of the run-down hole in the wall that the congressman always is going to something about as soon as the perennial crisis has passed in federal affairs. The department would be authorized by the new law to find a contractor who would put up a building to specifications and let the government pay for it on the installment plan. If put into practice it would trigger a multi-million dollar building program, with every small city in the country joining in the parade.

Re-Charging water sands of the plains has long intrigued the fancy of many plains people. Experiments being carried on by Marvin Shurbet in southwest Floyd county are being watched for ideas that can be put into practice. Some farmers in late years have been taking the water from surface lakes and throwing it out on their arid acres to boost feed or cotton crop production. A lake permitted to stand until it dries up loses more than half the water it holds through evaporation. On the other hand some farmers like the "lakes" because they make good grazing and carry in their beds a lot of savory grazing for live stock. Sediment that clogs up the hole drilled to the sands for re-charging has been a problem. This problem is being approached in an interesting manner by Shurbet and his cooperators. No doubt that in an irrigated area the value of the surface water drained into the underground sands should be much greater than when left to the winds to evaporate into rainless skies.

Like At Flomot. When the signs are all just right and a great time is had by all it is a common error to decide to repeat the same thing as quickly as possible, we mean like a picnic or a re-union or some such. We note that at Flomot the other day the people who had their wonderful get-together and a renewal of the ties that bind the big crowd very sensibly decided to give themselves a breather before attempting to repeat. Their next session of exes will be held three years hence. Often distances are far, time is short, for an every-year affair of the kind. But waiting three years anticipation whets hunger and adds zest, guarantees another get-together equally as good.

It is known to many that we need solitude to find ourselves. It is not so well known that we need solitude to find our fellows

Community Chest Plan. At Lockney last week the business people talked favorably toward a community chest plan to take care of humanitarian and civic drives for donations, so as to conserve time and effort. The idea has been talked of seriously among Floydada circles also, and considered seriously. While it is not as easily done as talked about, the community chest plan has been made to work wonderfully in many communities. But all sides and all civic activities which seem to have a claim on a community need to be considered and the people sold on the idea, so it will have the backing of solidarity.

Speeding, Defective Lights ran one, two in Texas in May as the most common traffic violations for which highway patrolmen gave warnings and tickets. They gave twice as many warnings as tickets. In the state there were 1,525 arrests for driver license violations, 596 for drunk driving and 767 for improper passing. A lot of people in the habit of driving on the side of the road where the scenery is interesting got tickets for taking their own and the other man's lives in jeopardy while they did it. Four hundred and seventeen autoists just driving down the road got arrested for driving wrong side—nearly as many as for drunken driving. A sober man who is not watching his business is as deadly as a drunk one. People evidently are beginning to think on these things. Note that not a Floyd county accident was reported throughout the long fourth of July weekend when Floyd county vehicles made many hundred thousands of miles on the highways.

After The Election when a neighbor complains about the way the party affairs are handled ask him if he participated in the convention of his party on primary election day. If he did not, ignore his complaints. A man who has a chance and doesn't take it has no right to complain of the consequences that follow. We refer to one of the two opportunities every voter has on primary day. The first opportunity, of course, is to cast his secret ballot for the party's nominee. The second is to attend the precinct convention where the party's business begins. What one's precinct does in the county convention is based on the votes in the precinct convention. One must be present and counted to have a voice in the precinct selection of representatives in the county convention. Of course, one must take a little time off from his usual routine and may possibly have to listen to some speeches that he doesn't care to hear.

Tests conducted on a statewide basis by the Texas Agricultural Experiment Station show that a successful job of defoliating cotton depends upon many factors. They include characteristics of the chemical used; timing, rate and volume applied; method of application; climatic conditions, especially moisture and temperature; cultural practices, such as fertilization and plant density and varieties grown.

A knowledge of grasses is fundamental to the building of a successful range management program. Growing scrub grasses doesn't pay.

Stockpile Oil For Defense Is Ramsey's Idea

AUSTIN. —Lieutenant Governor Ben Ramsey has stepped up his campaign for re-election with trips to West Texas and the Panhandle where he proposes stock piling oil for defense.

The East Texas lawyer, a steady but quiet campaigner, said the increasing importation of foreign oil is hurting the petroleum industry which foots about half the states tax bill.

"A few Texas oil men could fin-

ancially stand serious price cut-backs, but the majority of the people connected with our oil industry could not. Some of these include farmers and ranchers with lease and royalties. Others are having a hard time now keeping their exploration going," Ramsey said.

"Many of our state services, including schools, colleges and regular operating expenses, are paid for out of oil tax money," Ramsey said. "If our state revenues from petroleum steadily decline, we are in for a pinch which I think is unnecessary."

The lieutenant governor said, "as long as the national government feels the importation of foreign oil is necessary for defense planning and as long as we keep spending dollars abroad in aid programs, we might as well put the two together and come up with something that bolsters, and not weakens, our own economy," Ramsey said engineers have advised stock piling oil is

feasible. "I think," Ramsey said, "the national government might well consider stockpiling oil with funds in the foreign aid bill now being considered by Congress."

Mrs. N. W. Fletcher was in Lockney hospital last week for minor surgery.

Program Education Developed

July 15 — Floyd county children are among those over-privileged in the most important state history, a compilation of state public education figures from 1949-1953 released in Austin this week show.

The county received \$351,322.99 for education during the last fiscal year, the largest amount in its history as its share of the state total spent over the state education agency.

It also showed that money for school children has increased from 145 million in 1949 to 185 million this week, Governor Shivers noted that education was distributed through the state formula to a wide variety of amounts went for salary operations. Fifteen thousand teachers with average salary of \$1,000 in the last year took a large percentage.

It also explained that last year school administrations received more money to spend for needed materials than ever before.

It also showed lesser known facts—important—uses for funds included school buses that transport children in rural areas and protect them safely to school.

Cafeterias with hot noon lunches only recently becoming less than a luxury to public schools, received financial help also, figures showed.

Shivers, who called the present school system "the best yet in Texas" bid for better education," said that the picture looked even better for future students.

"With the continuance of this aggressive improvement program, Texas can expect to meet efficiently increasing demands of public education," he said.

Matador Resident Dies of Exposure

Funeral service was held at Matador for Harvey Daniel Barton, 72 who died last week of exposure on a mountain side near Waveland, Arkansas, where he was visiting his daughter.

Barton was reported missing about 1:30 p. m. July 1, when he wandered from his daughters' home. His body was discovered three days later two miles up the mountain.

Rites were at the First Baptist church in Matador with burial in the Eastmound cemetery.

Barton was a retired farmer and had lived in Texas since 1927. He was a native of Arkansas.

Survivors include the widow, two daughters, three sons, one brother one sister and 12 grandchildren.

Crosby Pioneer Becomes Ill, Dies At Littlefield

Funeral service for Mrs. Lily Jane McCaskey, 74, Crosby county pioneer who died at Littlefield hospital July 8, was held last Friday in the Crosbyton Church of Christ.

Services were conducted by Leonard Dennis, former minister of the Crosbyton Church of Christ, assisted by Cline Drake, present minister of the church.

Mrs. McCaskey had been visiting her daughter in Littlefield when she was taken to the hospital where she died Wednesday.

She was born at Belton, July 4 1880 and moved to Crosbyton in 1916 with her husband. They operated a farm until his death in 1946.

Survivors include three daughters, Mrs. Bill Tiley, Littlefield, Mrs. Charles Artley, Crosbyton, and Mrs. J. Q. Wallace, Borger; two sons, R. L. and O. W. of Crosbyton and 13 grandchildren.

Mr. and Mrs. E. E. Harper, accompanied by Mr. and Mrs. R. L. Stovall of Cleburne, were here for the J. L. Heim funeral and also visited in the home of a daughter Mrs. Billy Henry and family.

Fairview News

(By Mrs. Clyde Bagwell)

FAIRVIEW, July 12—A community ice cream supper was enjoyed by approximately 55 people Friday night on the church lawn. Friends and relatives of Leonard Wilson gathered to honor him before his departure for overseas duty. Leonard has been home for some three weeks.

Mr. and Mrs. Walton Wilson and Judy and Jane Tye accompanied Leonard to Amarillo Sunday night where he caught a plane at 9:50 for Fort Lewis, Washington, where he will report for overseas duty. He will leave Fort Lewis for the Far East to serve for an indefinite time.

Attendance at church is increasing each Sunday and work is going along nicely under the leadership of Rev. Larry Faus and his wife, Glenna who is active in all work of the church. Attendance Sunday morning was 56. Forty four were present for Sunday school.

W. M. U. meets again this Thursday afternoon at 2:30 at the parsonage for a study in Royal Service.

Mr. and Mrs. L. A. Horton and Mr. and Mrs. Walter Welch of Plainview spent the weekend here visiting in the Jim Stewart home and in the homes of others in the community. They also attended the ice cream social on the church lawn Friday night.

Mr. and Mrs. Lee Willis of Nicoma Park, Oklahoma, who had been on a vacation trip out in New Mexico came by Friday afternoon late and spent the night and Saturday morning with Mr. and Mrs. E. W. Walls. The two families were former neighbors and friends in Oklahoma.

Mr. and Mrs. T. C. Goodman and children of Harlingen came Friday for a visit of several days with her parents, Mr. and Mrs. L. B. Cozby and other relatives. They attended church here Sunday morning as did Mr. and Mrs. Grady Reeves and sons of Plainview who were down to visit with the family.

Mrs. Lee Burgett left Saturday in company with her sisters, Mrs. Effie Anderson, who has been a house guest in the Burgett home for three weeks, for Abilene where they will visit for a few days with relatives. They will then go to Corpus Christ where they will visit their brother G. A. Moore. From there they will visit in Fort Worth. Mrs. Burgett will return home and Mrs. Anderson will return to her home in Kansas City, Missouri.

Mr. and Mrs. C. W. Payne went to Lubbock Saturday where they attended the wedding at 8 o'clock in the evening at the First Methodist church for Rexell Smallin and Robert Mitchell. Miss Smallin is a cousin of Mr. Payne. Mr. and Mrs. Payne stayed over Sunday in Lubbock in the home of Mr. and Mrs. E. L. Durrett.

Mr. and Mrs. Bud DuBois and children of Lamesa spent Sunday with his parents, Mr. and Mrs. Edell DuBois.

A revival meeting will begin at the church on Friday night, July 30 and continue through Sunday, August 8. Services will be held twice daily, the hour to be set later. Rev. Rufus Ramsey, pastor of the First Baptist church, Louise, Texas, will do the preaching. Rev. Larry Faus will lead the song service and Mrs. Faus will be pianist.

Mrs. W. T. Branson received word Saturday that her grandson, Winston Yearly, who use to make his home here with his grandparents was sick and in a Dallas hospital. His mother, Mrs. Lelia Yearly of Childress, is spending a few days in Dallas at her sons bedside.

Wheat harvest is over and farmers are working out their row crops and wishing for a good rain to come before it is too late to do good to cotton and feed.

Mr. and Mrs. E. W. Walls made a business trip to Lubbock last Tuesday.

Mr. and Mrs. J. R. Robertson of Center and Mr. and Mrs. Lois Bronson of Dallas visited Mr. and Mrs. C. J. McClure Friday evening. Mrs. Bronson is a niece of Mrs. Robertson.

Last Tuesday night visitors in the home of Mr. and Mrs. Chil McClure

Mr. and Mrs. G. C. Bailey and her father, E. J. Fancher, attended the Montague county reunion Sunday at MacKenzie park in Lubbock.

and Del Wade were Mr. and Mrs. Carl Parks and sons, Mr. and Mrs. Ray Lloyd and sons, Mr. and Mrs. Clifford Helms and daughters.

Mrs. E. W. Walls along with relatives from Sand Hill and Lockney went to Lubbock Thursday afternoon where they attended a tea from 3 until 5 at the home of Mrs. F. R. Priddy, announcing the engagement and approaching marriage of Bob Baxter and LaVonne Priddy. Bob is a great nephew of Mrs. Walls.

Mrs. Dean Walls made a business trip to Plainview Thursday.

Mr. and Mrs. Bill DuBois of Odessa spent Wednesday night and Thursday here with his parents Mr. and Mrs. Edell DuBois.

Mr. and Mrs. Lee W. Burton and family visited Sunday afternoon at Center with Mr. and Mrs. Earl Huckabee and Sandra.

Mr. and Mrs. Malcolm Bridges and Dorothy Rushing all of Houston came Saturday night to the home of their parents, Mr. and Mrs. Lee Rushing. Dorothy left shortly after arriving with friends in Floydada on a vacation trip. Mr. and Mrs. Bridges stayed until Monday. They returned to Houston taking their two children, Janet and Ray, who had been here for some time visiting in the home of their grandparents, Mr. and Mrs. Lee Rushing.

Mr. and Mrs. L. A. Horton spent Sunday with Mr. and Mrs. Benton Ritchey. On Monday Mr. and Mrs. Horton returned to their home in Plainview after being in the community since Friday.

Mr. and Mrs. Joe Rushing of Lubbock spent Sunday here in the home of his parents, Mr. and Mrs. Lee Rushing. They came to visit with

the family and to get Dickie Lee who had been here about two weeks with his grandparents.

Mrs. Clyde Bagwell went to Lubbock Tuesday where she met her mother, Mrs. C. L. Joiner of Santa Ana, California, who will spend about two months in Floydada. Mrs. Joiner has an apartment on West Tennessee street and will be located there during her stay in Texas.

Mr. and Mrs. Clifford Helms and daughters went to McCoy after church to have dinner and visit for the rest of the day in the home of Clifford's parents, Mr. and Mrs. P. D. Helms.

Mr. and Mrs. Cecil Payne visited in Floydada Sunday afternoon in the home of her parents, Mr. and Mrs. R. W. Lotspeich.

We have just learned of the fatal accident to Douglas Beedy, son of Mr. and Mrs. George Beedy of Lockney on Sunday morning. We are friends of long standing of both Mr. and Mrs. George Beedy and wish to express our sympathy to them in their hour of great sorrow.

DO YOU NEED GRAIN STORAGE SPACE? OR A MACHINE SHED?

There is a Rilco Building designed for your needs.

Why some combines cost \$150 a year more than others

A \$3,000 combine, left outside year 'round, depreciates \$150 a year faster than one kept in a shed when not working. In 10 years, this loss would equal half the cost of the machine.

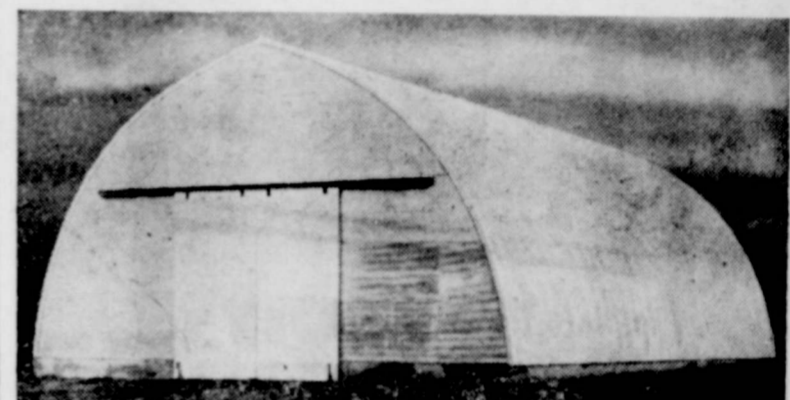

A recent university survey showed that the average farm machine lasts twice as long when properly stored. Can you afford to let the weather eat away your machinery investment?

In less than a day you can put up the entire framing for a 40'x60'

Rilco machine shed. The glued laminated wood rafters are four times as strong as nailed construction—and they need no posts or braces, so every square foot of a Rilco machine shed is usable space.

"Exterior", marked on every rafter, means the wood is permanently bonded with waterproof resorcinol glue.

See us soon and let us tell you how economically you can build a Rilco machine shed.

All material for this Rilco machine shed will cost only about a dollar a square foot, and will pay for itself in a few years by cutting machinery depreciation.

ONLY GENUINE RILCO RAFTERS BEAR THIS TRADEMARK. GUARANTEE OF A SCIENTIFICALLY ENGINEERED PRODUCT.

Case History of a Drouth County

Scorching hot weather and diminishing soil moisture in Central Texas may result in another drouth disaster relief program for Texas this year.

Farmer groups in Central and Southern counties are petitioning state and federal authorities for aid. Many of them claim the situation is more critical than in 1953, although some sections have been benefited by recent rains.

A meeting between business men and farmers in Hamilton county recently, gives a typical picture of what many of our rural families are up against. Hamilton is a crop and livestock county in upper Central Texas. Its urban population amounts to only about 29 per cent, the rest is rural.

Rainfall in the last year varies from two to seven inches compared to a normal amount of about 31 inches. At the meeting, the men present expressed the opinion that conditions are worse now than they were at the same period last year. Some said it was worse than at any time in history. Each person present gave examples of his own plight and urged quick action on some kind of relief program.

One farmer-businessman said he had 300 acres on which he was running 20 cows now. He is still feeding from last year, even though, in the most severe winters, ordinary feeding procedure stops about April 1. His ground tanks are dry and he made only 10 to 12 bushels of oats on his farmland this year where a normal yield is 40 bushels.

A second farmer-rancher who is considered to have the best land in Hamilton county has been feeding all year. His grass is about one-fourth gone and he made only two bushels of barley per acre on 50 acres.

Another rancher with only 25 head of cattle now, said he needs to have feed but cannot afford to buy it. His pasture is half normal but he did make fifty bushels of oats on 12 acres.

The effect of drouth on business was expressed by an insurance man. He said that for the first time in his memory farmers were dropping their automobile, property and life insurance. He has been in Hamilton county 25 years.

Hamilton county is not an isolated example. It is no worse off than several other counties in the drouth area, and probably no better than many of them. If dry weather continues, then it is almost certain that another disaster program will be put into effect.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

Science and Your Spine

Everything changes these days except the human spine.

While scientists work at break-neck speeds revolutionizing industry, splitting atoms, the spine remains the same — the shock absorber for the entire body, the control panel for all bodily functions.

The farmer vibrates all day on a tractor. The railroad engineer gets a crimp in his neck from looking out of one side of his cab. The mailman is stoopshouldered. Miners get cramps. Stenographers get cramped fingers.

And what happens? People in nearly all walks of life find themselves suffering from stomach trouble, headaches, lumbago, sciatica, kidney trouble or failing eyesight.

And why? Any of these conditions may have developed originally from a misalignment of the spine.

Chiropractors are experts on the spine and its important body functions. Chiropractors know by experience a simple adjustment may end months of pain, suffering and misery.

Treat yourself to the best in health. See your chiropractor today. Call Dr. A. E. Hewitt, dial 3389, Lockney, for appointment.

Honey on Wheels
— and only a few dollars more than the low-price cars!

Have you been thinking you can't afford a new Buick? Listen:

If you can afford any new car, you can afford a Buick — and a look at the figure on the price tag proves it.

Look again, and you'll see that this is the local delivered price of the new Buick SPECIAL 2-door, 6-passenger Sedan. Compare, and you'll learn that this price is just a few dollars away from those of the so-called "low-price three."

But — dig a little deeper if you want the real clincher. That's when you find that those few dollars more you pay for a Buick buy you a lot more automobile.

They buy a whale of a lot more power — Buick V8 power — plus the new economy of Power-Head combustion.

They buy a lot more luxury and comfort and solidity — more room, more glass area, more frame strength, more tread width, more ride steadiness — including the million dollar "feel" of all-coil springing and torque-tube stability.

They buy, too, the most advanced styling of the time, and the great panoramic windshield, and the surety that such fresh-

looking beauty will stay in the style parade for seasons to come. (That means a better deal for you come resale time.)

Is it any wonder, then, that Buick now outsells all other cars in America except two of the so-called "low-price three"?

Come in for a demonstration — this week, for sure. And learn, in the doing, what a big trade-in allowance our volume sales can bring you.

are slight. But in recent years, bottles and packages have appeared on retail shelves for home gardening use. Since then, incidents of human poisoning have increased.

Three most important types are tetraethylpyrophosphate (TEPP), hexaethylphosphoramide (HEPP) and parathion. All are sold under various trade names.

Most manufacturers spell out in bold black or red letters the fact that the contents are highly hazardous for humans, and recommend wearing respirators, rubber gloves coveralls, and a rubber cap or hat when using the sprays. But warning labels don't always help.

Dr. Holte thinks legislation regulating sale of organic phosphates for home use would help. But without legislation, he says, it's up to users to read warning labels and believe what they read.

Business People Approve Chest

LOCKNEY-A meeting of a number of business people at the Plains Chamber of Commerce last Wednesday morning heard a community chest and also the Floyd county fair discussed by the Chamber of Commerce President Bob Miller.

The group approved a plan to have a community chest drive here this fall to raise money for all charitable causes for which drives are usually made in this area. The Chamber of Commerce will name committees to work out plans. Miller said.

The matter of the Floyd county fair was discussed and after comment both pro and con the group decided to co-operate in the selling of fair memberships and advertising in the fair catalogue. The present plan calls for holding the fair at Floydada one year and at Lockney the other, Miller told the group.

MORE MONEY for SCHOOLS

During Governor Allan Shivers' administration more money has been spent for schools than ever before.

The result? — better schools, more and higher paid teachers, and better guidance for your children.

Since Allan Shivers became your governor, school funds have increased from 145 million to 211 million dollars per year. Teachers get \$1000 a year more. Your child receives individual attention from 15,000 more teachers.

This educational climb is your child's guarantee of a profitable and happy future. For you it means assurance about his growing-up years. It means a better Texas for everyone.

IN FLOYD COUNTY \$351,322.99

was spent for your child's education during the last fiscal year. He got better teachers with higher salaries and an administration that had more money to spend for its needs. Texas veterans received more educational aid.

The money went for other—but mighty important—things too, like school buses and cafeterias with hot noontime lunches. It meant more vocational help for your child. It went for many things, all necessary for a better education for him.
