

Post Cards Tell Floydada Story

Floydada Junior Chamber of Commerce, always hitting out in a new place where it appears a good deed can be done for the town, has come up with another one that should fill a long-felt want.

Their latest is to have printed up four or five scenes in and around Floydada in post card style and get them on sale at several places in town.

Of the scenes one is the new Floyd county court house. Another is a sweeping hill-side view of Blanco canyon at the crossing south of Floydada, and a third an air view of the business district in Floydada. A fourth is a composite of interesting scenes of the town.

Now people who have complained they could find no post cards which told something of Floydada can find them on sale at numerous places over town.

Park Improvement Job Gets Under Way

Napoleon park, in the midst of a well-populated residence area of Floydada, is to get a touch of permanence in an improvement program started this week by the city council. A sprinkler system is being laid at an approximate cost of \$5,500.

Stewart Lawn Sprinkler Company, a Lubbock concern, has the contract for laying the pipe at a cost of \$1,863.00. O. T. Stewart, head of the concern, started the ditches Tuesday morning for the network of underground pipe to serve 83 giant sprinklers.

The city will put the pipe on the ground. Stewart is to furnish the pop-up type of sprinklers and install the valves which control the flow of water to the four corners of the plot.

When installation of the system is complete the council expects the park can be watered in quarters.

The plot of ground, 325 feet wide north and south by 400 feet long east and west, now has curb and gutter on only one side. The city will finish curb and gutter treatment sometime later this fall in a continuing improvement program. It was said yesterday by councilmen.

No formal bid letting was held, the whole job having been divided up into separate smaller units, none of which was estimated to equal the sum of \$2,000.

Floydada Lions club, Floydada Garden club and Floydada Junior Chamber of Commerce have pledged the city that a well-planned park landscaping job will be done when the city has the plot ready for beautification. The clubs hope to have the park seeded to grass by August 20.

Alternately petted and pampered, neglected and ignored, since the dedication of the townsite in 1890, Napoleon park has been an ill-treated piece of ground for the greater part of 60 years. It is officially under the authority of the Floyd county commissioners court though this authority has never been exercised, so far as is known at this time.

Committees representing the organizations working with the city council on the park project are as follows:

Lions club, Bill Baker, Claude Weathersbee, Gene Collins, Jr., Jaycees: Dr. John W. Kimble, Kenneth Bain, Jr.

Floydada Garden club: Mrs. O. M. Watson, sr., Mrs. W. H. Henderson, Mrs. Wilson Kimble.

The fast-moving program was given an additional shot in the arm yesterday morning when at a called session of the Garden club, Mrs. O. G. Glassmoyer, its president named Mrs. Bill Norman, Mrs. J. P. Moss and Mrs. John Hoffman as a landscaping committee. This committee, as soon as it can complete the study of the park tree and shrubbery needs, will make its report.

Mrs. Glassmoyer said that various people of the community, including business firms, will be given an opportunity to give shrubs and trees for the plantings in season. By next spring the planting should all be completed.

"The Garden club has had the improvement of this park as one of its major objectives for so long we are really thrilled over the outlook now," said Mrs. Glassmoyer. "We are sure glad somebody has done something about it."

MRS POOLE IN HOSPITAL

Mrs. W. S. Poole was admitted to the Methodist hospital in Lubbock last Thursday for medical attention, and possible surgery this week.

Country Club Golf Tourney Opens Sunday With Four Flights Paired; Will Declare Winners August 29

Claude Weathersbee.

The tournament will be played in four flights, with 14 to 16 pairs in each flight.

Par for the 18-hole course is 72 strokes. All games will be handicapped matches.

Brackets set up by the tournament committee are as follows:

Pairings in First Flight
Bill Brown, 76, and Bryan Collins 76; Aaron Cartel 76, and J. R. King, 82; Gene Collins, sr., 82, Billy Stanforth, 82; Lon Davis, 76; Grady Walker, 82; W. B. Winn, 79; Ted Bell, 84; Jim Word, 81, B. T. Probasco, 84; Carl Minor, 79, Jack Stansell, 84.

Second Flight
L. D. Britton, 85, E. D. Morgan, 85; E. C. Carter, 85, Don Sparks, 85; J. M. Daniel, 85, Woodrow Wilson, 85; Tom Daniel, 85, Everett Perry, 86; Russell King, 85, David Battie, 86; Bill Hambricht, 85, W. E. Garrett, 86, Ellis Henry, 85, Lewis Norman, 86.

Third Flight
Gary Cartel, 87, Riley Holmes, 88; Gene Collins, jr., 87, John Kimble, 88; Jimmy Collins, 87, Lane Decker, 88; Max Crawford, 87, K. Davis, 90; Edd Johnson, 87, Bob Hambricht, 90; Claude Weathersbee, 87, Keith Stansell, 90; Buck Hickerson, 91, Brac Biggers, 94.

Fourth Flight
Johnnie Collins, 92, Ed Wester,

FIRST BALE TO GET \$100 PRIZE

George Bickly, chairman of the Retail Trades committee of the Chamber of Commerce announced this week the rules for winning his committee's \$100.00 prize for producing Floyd county's first bale of cotton for 1954.

1. The cotton must be grown in Floyd county and ginned by any Floyd county gin.
2. The bale must weigh at least 450 pounds.
3. The bale must be delivered to the southwest corner of the Floyd County Court House square in Floydada and Chamber of Commerce officials notified that the bale has been delivered.

Floyd county's first bale is usually produced during the last week of August or the first days of September.

Large Area of County Favored With Rain in Five-Day Period

Showers of heavy rainfall that covered all the north half of Floyd county last Saturday afternoon and evening, added to partial showers over all the rest of the county have made the past five days of weather an interesting and encouraging one for Floyd county farm people.

A few areas of hail damage accompanying Saturday evening's storm, especially over a portion of South Plains district, gave a disappointing tone to some of the reports. At Floydada three showers have fallen in the week but the overall picture here like in numerous other areas, calls for more rainfall. Sixty-

hundredths of an inch fell here Saturday evening. Two added showers, the last one Tuesday evening, added touches of moisture for the top of the ground.

Generally speaking the area from Muncy southward, except for a spot of an inch between Floydada and Center, had 25-hundredths to 7-

tenths of an inch since Saturday. In the southeast part of the county, and toward Mt. Blanco and Four Corners the crops are still showing the good effects of the inch and a half of rain that fell two weeks ago. Cotton especially is still thrifty on most dry land farms. Feed has begun to show brown again in some spots.

B. A. Howell, postmaster at Sterley yesterday said the rain was general in his area at about 1.75 inches and was general all across Lone Star to the west and South Plains to the east as well. Cedar had a rain that measured from one inch to 2.5 inches. North and east of Cedar the fall was good right up to the caprock. Below the escarpment the rain was light and spotted. Cecil Purcell said the fall of moisture at his place was about a half inch.

The Saturday night rain covered an area more than a hundred miles wide from Amarillo south to Big Spring, the fall being spotted and partial throughout the region.

District Camp 4-H Boys Held

250 South Plains 4-H youngsters gathered Monday at the Lubbock Fairgrounds for their annual 3-day district II 4-H camp.

Part of the order of the day were baseball, swimming, horseshoe and washer pitching and ropemaking.

Leaders, agents and members lived in barracks on the grounds. The boys were taught leadership, self confidence, various skills and how to participate in organized recreation.

4-H members were represented from Hale, Lynn, Cochran, Lamb, Floyd, Hockley, Scurry, Swisher, Garza, Gaines, Borden, Crosby, Briscoe, Yoakum, Terry, Bailey, Dawson, Howard and Mitchell.

Attending from Floyd county was County agent Bill Rodgers. 4-H boys included Wilton Green, district camp chairman, Norman Hopper, David Pickens, Bill Smith, Bobby Green, Ray Hartman, Bobby Bradley, Bobby Ashton, Charles Carr and Bobby Ross.

Church Adopts Building Plan of Committee

The First Baptist church of Floydada in conference Sunday morning formally adopted a report of its building committee which calls for construction of the church's projected educational annex at a cost of \$124,500.

The church committee opened bids for the job Wednesday afternoon of last week. They recommended to the church that the offer of S. R. Duncan, building contractor, be accepted.

The contract between builder and committee representing the church is being drawn this week. A. T. Hull is chairman of the building committee.

Dr. Allen, pastor of the church, said a date for the ground breaking would be set later. Meanwhile the contractor is placing orders for steel and other materials that will go into the new structure.

The complete building contract includes the three-story building, together with all electric installations, plumbing and air conditioning units.

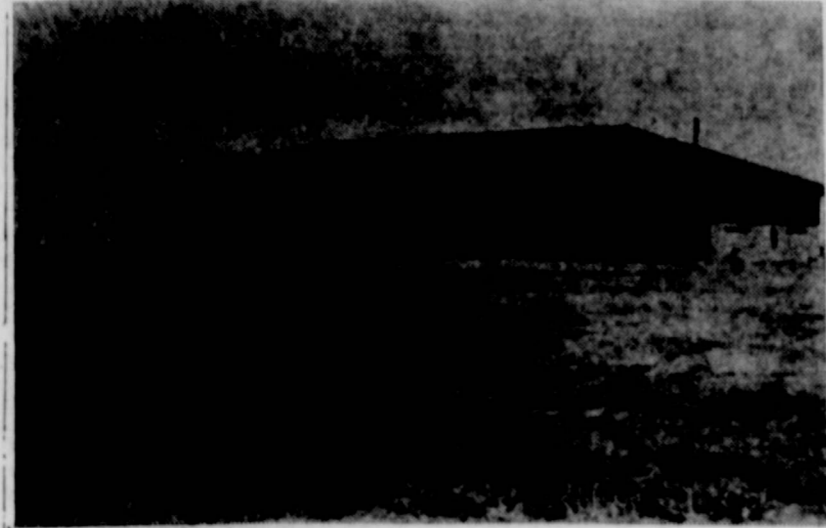

Absentee Vote Runs 10 to 18

The first four days of absentee voting in Floyd county for the second primary, compared with the first four days of the July primary was running 10 to 18 yesterday at noon on the basis of 12 to 17.

If this usually reliable forecast of the balloting holds true for the second primary on August 28, then the vote in Floyd county may barely reach 2,000.

Considering the heat in the governor's race as well as the local contest for county judge, local political observers are unwilling at the moment to take the first four days of absentee voting as a guide to the probabilities on election day, despite this usually safe basis of prediction.

In addition to the two county-wide contests in this county, Precinct No. 1 affords an added incentive for the race for commissioner between J. K. Holmes, incumbent, and C. O. Spence.

A modern new community center all spic and span, including grounds adjacent, greeted visitors Sunday on the fiftieth anniversary of Harmony's first struggling days in the young years in the twentieth century. Here is the center as seen through the camera of Horace Carr, a grandson of a pioneer minister who helped make the early history of the district.

Memorial Service Held Sunday at Harmony Marks Fiftieth Anniversary; Celebrated at New Center

A memorial service dedicated to the memory of pioneer settlers of the Harmony community was the tribute paid Sunday as the community held open house and celebrated their 50th anniversary.

Before a white floral cross, surrounded by white chrysanthemums, one for each old timer deceased, Mrs. Ruben Rutherford of Plainview sang, "Face To Face".

Rev. H. G. Krebs of the Harmony Methodist Church led prayer, followed by group singing, piano music and solos.

The building was beautifully decorated with flowers. On display

were pictures of the early days in the community and snapshots of special occasions.

Two plaques won by Harmony in the Farmer-Stockman Rural contest adorned a wall. One was to replace the one lost in fire and the other was won in the contest this year.

In memory of service men of Harmony community, a scrap book was on display with the pictures and stories of their war careers. A wall service flag hung above paying tribute to the ones having served and lost their lives.

Refreshments were served to 225 guests from 3 to 7 p. m. There were visitors from New Mexico, Lubbock, Deaf Smith, Farmer, Jones, Randall, Potter and Floyd counties.

The open house also marked formal opening of the new community center, which replaced the structure

that was destroyed by fire in February.

Mrs. Charles B. Smith was chairman of the arrangement committee.

On the arrangement committee with Mrs. Smith were James M. D. Ramsey, Bob Hopper, Bill Edwards, J. R. Turner, D. S. Battey, Sherwood Ramsey, E. A. Williams, Monroe Shultz, Zant Scott, J. D. Franklin, Carrick Snodgrass and Mrs. Reuben Rutherford.

On the program were W. D. Ramsey, Wesley Carr, Horace Carr, Roy Hale, J. H. Holmes, Carolyn and Lajuana Sue Williams, Sherry and Melba Jo Ramsey, Mrs. Raymond Williams, Mrs. Everett Miller, Alveda Williams, Jimmy Hale, Charlene Pinkner, Mrs. Donald Pinkner, Charles Carr, Dwana Beth Scott and Lee Battie.

Annual Dress Revue of 4-H Club Girls at High School on Tuesday

The annual dress revue for 4-H girls will be held in the high school auditorium in Floydada on Tuesday afternoon, August 17. The public revue will be at 3:30 and parents and friends of the club girls are cordially invited to be present, said Miss Leila Petty, home demonstration agent.

All garments, with report forms are due in the office of the county home demonstration agent by 1:00 p. m. Monday afternoon, August 16. Classes of dresses that may be shown are school, tailored, best dress, or party dress. Construction, as well as the appearance on the girl, will be judged. Each girl will model her own garment.

Judging will be done in age groups. They are age 9 - 10, which may be skirts or blouses. All other groups will make a complete costume, which could be skirts and blouses. Other groups are age 11 - 12; age 13 and age 14 and over.

Girls age 14 and over are eligible to enter the district dress revue which will be held at Lubbock on September 18. One-third of the district winners will compete in the state revue which will be held at the Dallas Fair October 16. The state winner will receive a trip to the 4-H Congress in Chicago. Other state prizes are sewing machines, electric irons, and \$50.00 in cash for the best wool garment.

Money prizes will be offered in the county revue next Tuesday, according to Mrs. G. W. Smith, chairman of the girls' 4-H committee.

Community Chest Type of Fund Raising Gets Boost at Meeting

Plans for organizing a united chest drive in Floydada and Floyd county were one step forward this week when the county officials of most of the national fund campaigns gave their personal stamp of approval to the project.

At the community meeting on Thursday called by a chamber of commerce sponsored committee it was generally agreed that Floyd county citizens were ready for a community chest-type organization which would combine most of the national campaigns into one. Carl Minor Jr., a member of the Chamber's investigating committee, presided at the meeting.

Minor opened the meeting by calling for a statement from each campaign official present. W. E. Grimes reported for the Salvation Army; Ralph Johnston the Heart Fund; Jim Willson, Jr., March of Dimes; Carl Minor sr., Red Cross.

Bill Postma of Lubbock, South Plains council executive of the Boy Scouts, and Ray Howard, field executive from Plainview, stated that the Boy Scouts highly endorsed a united fund drive and would help Floyd county in its organization.

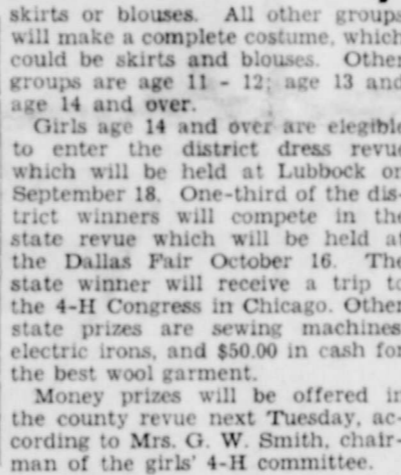

From information presented during the discussion, county campaign officials also agreed that a county-wide united chest drive should be organized. Bob Miller, president of the Lockney Chamber of Commerce, stated that the citizens of Lockney endorsed the united drive plan. An estimated \$20,000.00 budget would be needed in Floyd county to cover all campaigns.

Pep Squad Cheer Leaders to EMU

Floydada high school cheer leaders will leave Sunday for SMU where they are to attend a schooling for pep squads Monday thru Friday.

Girls attending will be Linda Clark, Pat Roberson, Bonnie Upton, Beuna Holmes and head cheer leader, Dee Anne Witkowski.

Mr. and Mrs. L. L. Clark, Jr. are to take the girls to Dallas and Mr. and Mrs. Vernon Witkowski are to bring the group home.

Dr. D. D. Sumrall . . . Baptist evangelist, preaching in a revival at the First Baptist church.

Revival Leader

Dr. D. D. Sumrall . . . Baptist evangelist, preaching in a revival at the First Baptist church.

State Evangelist Revival Preacher

Dr. D. D. Sumrall, the Dallas minister who is preaching for the revival meeting under way this week at the First Baptist church is state evangelist for the Texas Baptist Convention.

Dr. Sumrall preached at the Monday night service and is meeting the congregation twice daily, mornings at 7:15 o'clock, evenings at 8 o'clock.

Dr. Earl Allen, pastor of the church, said the meeting has been arranged to continue through Sunday, August 22.

Al Brian, educational director of the church, is leading the song service during the meeting.

Doctors Using Globulin Shots

Two cases definitely diagnosed as poliomyelitis in Floyd county in the past two weeks had resulted yesterday in the dispensing of about 60 bottles of the polio immune globulin to children which have been exposed to the two children.

Latest incidence of polio was discovered Monday at McCoy, where little year-old Charla Dean Hartwell, a baby which had been in disposed for several days and had some fever, did not resume her toddling efforts to walk when she recovered from the indisposition.

The baby this week is being given treatments to restore the use of her leg muscles. Apparently she is somewhat affected from the waist down. Belief is held the baby will entirely recover. The treatments to restore use of the limb are being continued. Most, possibly all, of the children exposed to the baby while she was feverish have been given the immune globulin.

Dr. A. E. Guthrie said yesterday that a number of immunizing shots had been given here. However, the case of the incidence of the disease at Sterley several days ago has called for more use of the treatment at hospitals at Lockney.

Dr. Guthrie said additional supply for the county has been requested from the State Department of Public Health. Dosage, doctors report, is governed by body weight of the child. (See Globulin Shots, back page)

VIEWES AND COMMENT

The Second Primary. It is a bit too early to predict the vote in the state or the county vote in the majority primary on August 28. A good many factors having to do with mass psychology are in the leaven. What is going on in the masses' minds none can say, not even themselves. Weather has something to do with it. The "right" or the "wrong" kind of weather could spell a quarter of a million difference in the vote. "Right" weather helped spoil the estimates of the election forecasters in the first primary. Most guesses had a million Texans voting. The final figure was closer to a million and a half. Campaigns urging the responsibility of the citizen to vote in every election is having some influence on swelling the tide. It is also beginning to soak in that it "does make a difference which one is elected." We are seeing more and more government in our every-day lives.

Warning System Coming. Almost an accomplished fact in Texas is the storm warning system that will spot dangerous weather threats miles away. Radar will be used. The net work will tie into the Department of Public Safety. Weather Bureau radar reports within two minutes after a warning is issued will thus be available. The completion of the system is not too many weeks away. It will be the most up-to-date anywhere. Units of the radar chain are already functioning in 11 cities in the state. One of the dangers of the loose-jointed warning arrangement we have had has been in the fact that a hysterical person on a broadcasting system could panic an entire community, put thousands of scared people on streets and highways milling around inviting danger to swamp them. Even a cyclone is hardly more dangerous than a milling, scared populace.

Texas Moving Forward. Advances on all fronts in Texas, especially as to roads, hospitalization for the unfortunate, old age assistance and public schools, have been gratifying the past several years. Probably the most deplorable condition that has had attention is in hospitalization for the mentally disturbed. Sane and humane attention to this seamy side of the state's responsibility was hard to awaken. Not all of the job has been done but the fact the public conscience has been awakened is an indication that the program will be carried on.

The Teaching profession at last is reaching the dignity which it should long ago have been accorded. The minds of the people and the state of their pocketbooks have awakened and point to the probability that more and more good men and women will be attracted to the education of the younger generation. Most of Texas' half billion dollar budget is now being spent on roads, on old age relief, on education, state hospitals, and prison reform. Incidentally those who belittle the value of the Tideland to the school fund of Texas are reminded since the state's title has been quieted \$32 million has been added

to the school fund through leases. We have not been sure just what could be done about water conservation which now is accorded the number one spot as a domestic problem. We are willing to listen and learn. Were we in place of responsibility we would not know which way to turn, except to study and ask questions and call for help. We know that a lot of un-tamed waters go down Texas' streams, and that a great many broad acres of Texas soil has been washed down-stream, its value lost forever.

Theft of automobiles is the most expensive form of crime going on nowadays in Texas, according to report of the FBI. In a speech the other day an FBI man said that car-thefts inconvenience more people and cause a greater loss of property than any other form of crime now prevalent. Also on the increase is swindling by bad checks, this same speaker said. The public contributes quite a bit to the convenience of car theft by leaving car doors invitingly unlocked and keys hanging conveniently in the switches. There is an apparent increase of moonshining over the state. This is attributed in part to the high tax on liquor, which makes a bootlegger a rich man mighty quick if he can operate for a while without detection.

There was an era in Texas history, only a slight look backward, when practically all of the state's law enforcing machinery was pointed toward the bootlegger and the illicit whiskey trade. Texas did a big business in this type of reform when it was the law that a man could not bootleg or manufacture it illicitly without becoming a felon and subject to penitentiary punishment. There are many people who still view the whiskey violation problem in this light. None will ever agree fully with their neighbors, we opine on how to handle the liquor problem, though most everyone you meet has positive ideas on the subject.

It appears to us that the complexion of the state Democratic convention at Mineral Wells this coming September may still be in doubt. That is, it is possible the balance of power may be more nearly even than is shown in the reports from the state secretary's office. These reports he has, he says, are unofficial, from observers, and not from the actual returns of the conventions. The full story will not be told until convention time, most likely, since there are several contests which must be decided, presumably by a credentials committee.

The uncanny ability of Senator McCarthy to confound confusion and to keep affairs with which he is associated in a highly explosive but indecisive state was never better illustrated than this week in the U. S. senate. Doubtless the Wisconsin man is enjoying to the utmost the role he is playing. He is the patriot surrounded by a lot of scallywags, mealy-mouths and subversives.

Aiken Elevator Annual Meeting Is On Tonight

The annual seed meeting sponsored by the Aiken elevator will be held tonight, August 12, it was announced last week by Charlie Andrews, manager. This is an annual affair which large crowds usually attend.

Free barbecue and watermelon will be served to "every man, woman and child" in Floyd and Hale counties if they will come. Mr. Andrews said.

The program of the evening includes talks by various authorities on subjects generally pertaining to wheat and cotton. Following is the

program:
Master of Ceremonies—F. L. Montandon.
Best Milling Wheat for this District—Dr. Kenneth Porter, Amarillo.
Slides—Ollie Liner, Hale County Agent.
Seed Breeding—Dr. Harold Lodan, Paymaster Farms.
Grades of Grain—Bob Davis, Plainview.
Bugs and Insects—Bill Rodgers, Floyd County Agent.
The Importance of Water—M. W. Wiley, First National Bank, Lockney.

MARRIAGE LICENSE

Joseph Eugene Long and Nola Mary Stackey, August 6, 1954.

Mr. and Mrs. Carl Lewis returned home Thursday from Temple where Mrs. Lewis went through the clinic.

Mr. and Mrs. Wylie Rogers and Mr. and Mrs. Carl Lewis, accompanied by Mr. and Mrs. John Billrey of Lockney, are at Red River this week on vacation.

Twelve-Year-Old Is Polio Patient

William Thomas Gaither, 12, who lives with his grandmother, Mrs. I. Gaither, 309 West Grover, was taken to the Plainview hospital Friday, where doctors diagnosed his case as polio.

Mrs. Gaither visited her grandson Sunday and said that he seemed to be about the same. The disease seems to be mostly in his neck and shoulders, she said.

This is the second patient from Floyd county who has been admitted to the polio clinic in two weeks. The year old son of Mr. and Mrs. Carl Brewer of Sterley community was admitted last week although reports stated that the little boy showed no signs of paralysis.

Mr. and Mrs. O. M. Reynolds attended the funeral for their brother-in-law, who is in the hospital at Plainview last week.

Conoco Super Gasoline with

TCP

The Greatest Gasoline Development in 31 Years

Here are the facts proved by millions:

1. TCP boosts your car's power as much as 15% (because it neutralizes power-robbing lead deposits).
2. TCP gives you extra gas mileage (motorists report up to 3 miles more a gallon).
3. TCP is just like an engine tune-up (because it makes it possible for you to enjoy all your car's built-in power).
4. TCP is your guarantee of Top Car Performance (because only TCP gives you the full benefits of the greatest gasoline development in 31 years).
5. TCP lets you enjoy all the extra performance of Conoco Super's higher octane rating.

Wilhelmina O. Brub, Accountant
2233 Kearney Street, Denver, Colorado

1. "I first used Conoco Super with TCP on a vacation trip. Right from the start I could feel the difference in my 1946 Chevy's performance. In hilly country I just sailed right over. Better mileage, too!"

2. "Conoco Super with TCP gives me the best all-around performance—quick starting, smoother running, almost 3 miles more per gallon. I've sold. They don't make a better gas."

3. "I switched to Conoco Super with TCP hoping I could stop engine knocking and the ride is much smoother. It really runs like a new car."

4. "I discovered Conoco Super with TCP on a trip to my daughter's in Salina, Kansas—165 miles each way. I made the round trip without refilling the tank—the first time I'd ever been able to do that!"

5. "My mail route runs near 90 miles. What with hills, bumpy roads and traffic, I need the best gasoline I can get. I got it with Conoco Super with TCP! It's far ahead of any I've ever bought."

6. "I discovered Conoco Super with TCP on a trip to my daughter's in Salina, Kansas—165 miles each way. I made the round trip without refilling the tank—the first time I'd ever been able to do that!"

Floyd County 14 Years Ago

(Taken from the files of the Hesperian, Issue dated August 8, 1940)
 Funeral service for Mrs. Dorothy Jenkins, 27, wife of Captain Dan Jenkins, and infant will be held Saturday afternoon in Dallas. Mrs. Jenkins died Monday night, July 22, in Hawaii, following the birth of her baby.
 Mr. and Mrs. Mac Guffee, of Sweetwater, Tennessee, are here visiting an uncle and wife, Mr. and Mrs. S. A. Guffee. They are also spending some time with the Clarence Guffees.
 Melvin Henry, lineman for the Floyd County Rural Electric Cooperative, received several bad burns when his arm came in contact with a live wire Saturday. He also suffered a fractured collar-bone when he fell 25 feet from the pole.
 Jimmie Lee Burgett, 20, grandson of Mr. and Mrs. L. J. Burgett and nephew of Lee Burgett, was buried at Carlsbad, New Mexico. Young Burgett suffered a fall four years ago at a skating rink, bruising his hip, cancer, which was caused by the injuries, resulted in his death.
 Mr. and Mrs. Jack Deakins, Mr. and Mrs. R. C. Wakefield and Dr. and Mrs. A. E. Guthrie are in Freeport this week doing some deep sea fishing in the Gulf.
 Mr. and Mrs. George Woodard Grounds of Houston, are announcing the engagement of their daughter, Dorothy Lee, to James Truman Kirk, son of Mr. and Mrs. Ohmer W. Kirk of Floydada. The wedding is to take place September 7, in Houston.
 Miss Mildred Stovall, daughter of Mr. and Mrs. R. M. Stovall, became the bride of J. W. Kinard, Saturday evening, August 3.
 Miss Virginia McKinney became the bride of Bill Snell Sunday evening, August 4, at the Methodist parsonage. The bride is the daughter of Mr. and Mrs. J. J. McKinney and the groom is the son of Mr. and Mrs. Will Snell.
 Mr. and Mrs. F. C. Harmon and daughters, LaNell and Ruth Elaine and Dr. and Mrs. C. M. Thacker left Sunday for a weeks vacation trip to the mountains of New Mexico and Colorado.

Serious Mishaps Strike at Albert Mankins Family

A series of serious mishaps this week has turned Mrs. Albert Mankins into a nurse.
 Thursday night, Consumer's Fuel and Producers Elevator employees were at a swimming party at the local pool. During the swimming, Albert Mankins, manager of Consumers, broke a blood vessel in his chest. The accident caused him to lose consciousness for several minutes. A doctor was called to the scene and administered aid. Mr. Mankins was taken to Peoples hospital for additional treatment and released.
 Mrs. Mankins said that the accident caused a blood-clot and that Mr. Mankins would have to stay in bed for some time.
 Friday, Waylene, the nine year old daughter of the Mankins family received second degree burns on her chest and waist, when cologne she was using became ignited from a match that was struck by the little girl.
 Mr. and Mrs. Mankins were at the hospital, when the accident happened. Waylene was brought to Peoples hospital for treatment and was released to her home. Mrs. Mankins reported that altho the burns were bad, she felt that it would be easier on her to have the girl at home.
 The family appreciates and thanks all the kind friends and neighbors who are being so nice to them.

Mr. and Mrs. Bob Crum, of Stockton, California, spent several days last week here as the guest of Miss Mollie Crum. The couple had been down-state while on a vacation trip back to their native Texas. Mr. Crum is owner of Advance Neon Company, which he operates at Stockton.
 Mr. and Mrs. Ed Hammonds and girls will leave tomorrow for Port Arthur where they will spend a vacation visiting relatives.
 To all of those who so faithfully ministered unto us during the illness and death of our loved one, we gratefully acknowledge and deeply appreciate your consoling deeds. God keep each of you.
 J. E. Watson
 And Family
 Why send away for office supplies? No. 8

The Floyd County Hesperian, Floydada, Texas, Thursday, August 12, 1954

Among last week's vacation visitors in Floydada were Mr. and Mrs. H. L. Swain. They were enroute to Albuquerque to spend a short time in the mountains. Their present home is at McAlester, Oklahoma. Swain was reared in Floydada and was one of the high school football greats. He was "Snip" to his high school buddies of that day.

Pioneer Meeting Friday at Ralls

The 29th Annual West Texas Pioneers and Old Settlers Reunion will get under way tomorrow at Ralls.
 A complete program has been arranged which includes everything from basket lunches to an old fiddlers contest.
 Registration will begin at 9 o'clock a. m. followed by a memorial service at the Methodist church at 10:30 o'clock. The day will come to an end for the pioneers with an old fashioned square dance at 9:30 p. m. The young ones will dance on until the later hours.

Matador Couple to Teach in Floydada Public Schools

Mr. and Mrs. Rufus Emmons of Matador who have accepted positions as members of the Floydada school faculty and will be moving here in the near future.
 Mr. Emmons will teach science at Andrews ward and Mrs. Emmons is to teach home economics at high school.
 Mr. Emmons is a former county agent of Motley county.
 Mrs. Emmett Dooley was in Matador last week visiting her mother, Mrs. A. B. Groves, who is a patient in the Stanley hospital.

MISS JEANIE HINES

Jeanie Hines To Marry August 25

Mr. and Mrs. Howe Hines of Floydada are announcing the approaching marriage of their daughter, Jeanie, to Mr. Dick Carpenter, son of Mr. and Mrs. J. M. Carpenter, of Roaring Springs. The wedding vows will be read August 25, at 6:30 P. M. in the Baptist Parsonage, Matador, with Rev. Bruce Oliver officiating.

Wayne Collins Will Marry Saturday

Wayne Collins, son of Mr. and Mrs. W. G. Collins, of Floydada, and Mrs. Norma Massey Caldwell, daughter of Mr. and Mrs. Floyd Massey of 2911 20th street, Lubbock, are to be married at the home of the bride's parents Saturday evening at 7 o'clock.

500 FOREST FIRES A DAY

This was our average in the U. S. during 1953. It represents one of America's most shameful wastes, for 9 out of 10 of these fires which burn over 20,000,000 acres were caused by carelessness. They were caused by everyday people who were thoughtless with cigarettes, matches, campfires, etc. These unnecessary fires destroy timber that could have built homes and furniture, watersheds that could have produced water for our homes and industry, recreation areas that could have meant relaxation and fun for many, many people. Yes, forest fires are our most shameful waste. The next time you are in or near the woods don't forget Smokey's warning — "Remember Only You Can Prevent Forest Fires."

Sorority Meeting Thursday Night

Iota Xi sorority had their "model" meeting Thursday night in the home of Darlene Johnson. Girls interested in pledging E. S. A. were invited to this meeting.

BLUE BONNET NEEDLE CLUB MET WITH MRS. DORRELL

The Blue Bonnet Needle club met Thursday, August 5, at 3:30 o'clock in the home of Mrs. Layton Dorrell.

Sewing was enjoyed and games were played. Prizes were won by Mrs. Greer Christian and Mrs. Glenn Jarnigan.

LIBRARY NEWS

(By Mrs. Roy Hollar)

This week brought us a number of out-of-county visitors. Among them were W. J. Wingo from the University of Texas, M. D. Anderson Hospital and Tumor Institute of Houston, Texas, and his father, W. H. Wingo of Route 1, Lockney. It is a pleasure to have our out-of-town visitors.

Mary Ann McKenney of Los Angeles, California, was in to visit our library. She is a niece of Mr. and Mrs. Clyde Harmon.

We report book gifts from Mr. and Mrs. Luther Fry, Mrs. S. J. Handley, and Harmony community center.

The Rotarians of Floydada have presented a copy of "Our Classical Heritage," by Will Durant, in memory of Mrs. D. M. Wilson, Mrs. W. S. Simmons and Mrs. Ivy Pearl Reber gave the library "We Thought We Heard The Angels Sing" by Whitaker, in memory of Douglas Bedy. "Plowman's Folly" by Faulkner was presented in memory of Silas Duncan by Mrs. Roy Hollar and Mrs. Ivy Pearl Reber.

In memory of Sam Phillips, "Transforming Of Friendship," by Leslie D. Weatherhead, given by Dr. and Mrs. George Smith and Mr. and Mrs. Guy Ginn, also "But We Were Born Free," by Elmer Davis, given by the J. W. Reue family.

The month of July came to a close with a total library circulation of 2,188. A fourth of this is reported from our Lockney branch.

Story Hour is never twice alike in spite of the number of regular attendants and thus each Saturday brings us a prospect of new approaches to the world of little youth. The last gathering had a number of school children of some years of scholastic training as well as our pre-school group. The books they turn in are more interesting even than those they check out; often we hear, "Check this Book in for my friend, but check it right out for me."

Visitors this week were Ann Harris of Waco and a "first comer" Paula Norris. Stories were told by Imogene Noland assisted by Elizabeth Holdsworth of Kerrville and Rosemary Wilson of Beeville. Mrs. R. C. Henry met with the group and had the assistance of Mrs. E.

E. Joiner who brought a treat for the children.

For your reading pleasure we suggest "The Song of Ruth" for some weeks past on the best seller list. Perhaps, too, you will want to see "I'll Cry Tomorrow" which presents a good many problems of mental hygiene in a constructive manner. It has been the subject of wide reviews, radio discussions and television programs.

We are advised that William K. Peace, acting director of Library Extension, will visit our library on August 12th. Next week we shall hope to report on the impression our library seems to have made on the field representative from the Texas State Library.

KITCHEN AND ★★★ FIELD NEWS

Lighthouse Electric Cooperative, Inc., by Nancy Morckel and Claude Weatherbee.

Folks used to say "Oh, just let George do it." Now-a-days it is much simpler to say, "Let a motor do it." Small motors can do many jobs around the farm and in the home if you know how to select them, how to take care of them and how to get the most work out of them.

Motors are divided into two main classes: fractional-horsepower (those under one horse power); those one horsepower and over.

Different types of motors are designed to do different jobs. There are three main types of alternating, current-fractional-horsepower motors: Split phase, capacitor, and repulsion-start induction-run. The first two are the most popular today. These motors differ in the way they start and the way they come to the speed at which they normally run. These characteristics determine which motor can best handle a job for you.

A handy rule of thumb for fractional-horsepower, single-phase motors is: use a split phase motor if the equipment is easy to start - grinders, buffers, fans; use a capacitor-start motor if the equipment is hard to start - compressor, pumps, saws. The repulsion-start induction run motor is useful on hard-to-start loads, but this type motor is being replaced by the capacitor-start motor which requires less maintenance.

Mr. and Mrs. Arthur Womack, Jr., and boys visited Saturday night with Mr. and Mrs. Roy Teague and enjoyed a barbecue supper.

Red and Faye Gregory spent the week-end in Quanah with Fay's sister and her husband Mr. and Mrs. Dentonham.

Wayne Collins says: "Wasn't the rain nice."

Catherine Appling spent Sunday with Alene Brown of Mount Blanco.

Mr. and Mrs. R. C. Pollan had Sunday dinner with Mr. and Mrs. Edwin Pollan and family.

Regular monthly board of directors meeting was held Monday at the directors room at the Lighthouse Electric Co-op office in Floydada. Present for the meeting were Lee Rushing, Oliver Harmel, Herman King, Earl Edwards, John Smitherman, and H. L. Morris, W. E. Grimes and Melvin Henry.

Wanda Hickerson, Mrs. E. C. Cope and Mr. and Mrs. Elmer Cooper went to Lamesa Tuesday to visit their sister, Mrs. Leland Woodward, who is seriously ill.

Jackie Duke, one of the co-op linemen, who received a broken leg while playing ball at McCoy last Thursday night seems to be improving nicely. He is at his home 222 West Jackson street, here in Floydada. He hopes to get his crutches soon. He will get them if surgery isn't necessary - and we are hoping it will not be necessary.

Mrs. Claude Weathersbee was called to Post the first of the week because of the illness of her father C. W. Terry who had pneumonia.

Mr. and Mrs. Wiley Rogers, Mr. and Mrs. Carl Lewis and Mr. and Mrs. Buck Marrison are vacationing at Red River this week.

Nolan Arney is on vacation this week.

Aubrey Lynn Neff, son of Mr. and Mrs. Shorty Neff is on the sick list at this time.

Bert Grimes, Dane Clark and Brooks Chapman attended the Greenbelt football game in Childress last Friday night. Don Barber from Floydada played in this game.

An unfortunate accident occurred on August 4 when Charles Dwayne Wallace, age 10, was badly burned. No adults were around at the time of the accident but the best that could be learned Dwayne climbed the guy wire on a junction pole and contacted the hot 7200 volt wire.

Fawver-Willis Families Hold Annual Re-Union

The annual reunion of the Fawver-Willis families, who came to Floyd county in 1891, was held in the Plainview Park, August 8.

There were 97 relatives and visitors registered from Finley, Ohio, McComb, Ohio, Waco, Abilene, Amarillo, Snyder, Vernon, Alice, Olton, Fort Worth and Farmington, New Mexico, besides the immediate vicinity.

Henry Willis was elected president, J. G. Pruitt, vice-president and Mrs. W. C. Willis secretary-treasurer.

The weather was nice, being cool and cloudy, which made it a very pleasant day.

Everyone brought a basket lunch and there was nothing lacking in the food line.

The day was spent in renewing old friendships, meeting relatives never seen before and reminiscing over old days.

It was voted to have the next reunion in MacKenzie park in Lubbock.

Those attending from Floydada included Mr. and Mrs. Gilbert Fawver, Mr. and Mrs. Claude Fawver and family, Mr. and Mrs. Curtis Si-

with his head, causing a flash that set fire to his nylon shirt which immediately burned up, causing flash burns on the upper part of his body with deeper burned spots on his back, elbows and top of his head. He is the son of Mr. and Mrs. D. E. Wallace of the McCoy community. He is at People's Hospital. He seems to be improving slowly but is still in a very serious condition.

nor, sons, Mr. and Mrs. Floyd Bradford and son, Mr. and Mrs. Jimmy Derryberry and son, Mr. and Mrs. Clifford Willis, Mr. and Mrs. Henry Willis, Mr. and Mrs. Dave Willis and children, Mrs. R. H. Willis and Mr. and Mrs. Gus Lloyd;

Named Savings Bonds County District Chairman

Floydada has been named chairman in an eight-year term in the new stepped-up U. S. Savings Bonds program. Announcement of the Texas Department of Finance came from Chairman Adams and Co-Chairman J. R. Robertson, Dallas, of the advisory committee for the program.

District chairman will lead in the next several years to the next critical as any will be during the past quarter. Therefore, it is highly important that everyone can keep ourselves, our state and our district chairman. "Purchasing savings bonds is a way that everyone can secure financial and economic strength. The bonds afford every citizen a definite means of helping himself and also the economic well-being of his community, state and county. Furthermore, their new features, such as increased interest rate of three per cent, compounded semi-annually, makes them a more desirable investment for everyone.

Revival Meeting at Carr's Chapel

Carr's Chapel Methodist church in the Harmony community will begin a seven-day revival meeting next Sunday morning. Rev. Walter V. O'Kelly, former pastor and now pastor of the First Methodist church in Matador will be preaching with Mrs. Everett Miller, church choir director, directing the choir. Mrs. M. D. Ramsey, music director of the church, will be in charge of the music.

Center News

By Mrs. J. E. Green
CENTER, August 10—How nice and cool it has been after the little rain Saturday night. Especially in the mornings. It is still cloudy and we hope we'll get more.

Wednesday, August 25, 8:30 p. m.
Thursday, August 26, 6:15 a. m.
Friday, August 27, 9:00 p. m.

TO THE VOTERS OF FLOYD COUNTY

I would like to take this opportunity of explaining to the good people of Floyd county why I have not been around to see each of you personally to solicit your vote and influence in the forth-coming election. Since last Friday I have been ill with Phlebitis and my doctor has ordered me to stay off of my feet for an indefinite period of time.

This is not a letter of sympathy, but I felt like I must let the people know why I have not been around to ask for their vote and influence. If elected again to the office of Tax Assessor and Collector I shall continue to serve you in an efficient and courteous manner. Thank you for the many favors of the past.

Sincerely,
T. T. HAMILTON

Institute Best Ever, Reports FB Delegation

Texas Farm Bureau institute at A & M College was well attended August 1 - 5, having more registrants than any other previous year and the school was considered the best ever, according to Floyd county members who attended.

Jack McIntosh, Floyd County vice-president, Howard Smith of Sterley W. R. Puckett, Mrs. A. H. Kreis Mrs. C. T. Hammonds and Joyce Hammonds, the county queen for the Floyd County Farm Bureau, attended from this county. The meeting was held in the Memorial Student Body building one of the most modern buildings in the state, and other accommodations were good. All enjoyed their class study in public speaking, recreation, policy development, leadership training, and other phases of Texas Farm Bureau program.

Due to the fact that Floyd County Farm Bureau held their queen contest early and the board of directors voted to send the winner to the institute, Miss Hammonds was given considerable attention personally, and the county was given recognition.

To climax the institute, and after the banquet speaker had finished Miss Hammonds was asked by J. Walter Hammonds the state president, to give her short speech on why she thought her family should be a member of the Farm Bureau. She received a standing ovation.

Refreshments will be served and any wife or daughter interested in the organization is invited to attend. These meetings are always open and any one interested in the problems of agriculture and its advancement is cordially invited to come, said W. R. Puckett, service officer.

County Re-Unions

Among county reunions due to be held in the next week or so at MacKenzie State park are Hall and Comanche, also the four - county Bosque-Coryell - Johnson-Hamilton reunion. The Hall county re-union is next Sunday, August 15, with basket dinner planned. Enter the park at A entrance, curve right to foot of hill, watch for Hall county sign. Archie Glasco is president, Gladys Read, secretary.

Reynolds
The four county re-union - Bosque, Coryell, Johnson and Hamilton - will be held on the third Sunday in August, according to Mrs. C. H. Doss, of Hale Center, secretary. Their meeting will be held in the northeast part of the park. Mrs. Doss says bring your dinner, (serve at 12:30) and your card table.

Reinke Funeral Held At Meridian

Funeral service for Ernest Reinke, 77, was held last Thursday afternoon at 4 o'clock at the Methodist church in Meridian. Rev. Glenn C. Bowman, pastor officiated. Mr. Reinke had been in ill health for some time. He passed at his home in Meridian on Wednesday of last week.

Mr. and Mrs. Allen Watts and son spent last week-end at Mobile, Alabama, where they were guests of their son Wayne Watts and his wife. Wayne is in the service stationed at Mobile. The Floydada family also visited with Mrs. Watts' sister at Monroe, Louisiana, while absent from home.

Area Relatives Attend Rites For Silas E. Duncan, Sr.

Friends and relatives attending funeral rites for Silas E. Duncan, Sr., last week included Mr. and Mrs. Pope Duncan and daughter, Reba; Bird City, Kansas; Mr. and Mrs. Eddie Duncan, Lubbock; Mr. and Mrs. Aubra Martin and son, Kent Clovis, New Mexico, Mr. and Mrs. Mark W. Duncan, Sanderson; Mr. and Mrs. Arthur B. Duncan, Jr., Canyon; Mr. and Mrs. C. V. Duncan, Mr. and Mrs. Joe Pitts and Mr. and Mrs. Charlie Jones, all of Amarillo;

District Auxiliary Leader Is Guest at VFW Joint Meeting

Members of J. W. Harrison post, VFW, and of the ladies auxiliary combined a social with their regular meeting last Thursday night. Eight members of the Plainview VFW were visitors at the meeting, included in their number being Mrs. Phyllis Joslin, who is district president of the VFW Auxiliary.

Conservation District News

It is time to give immediate attention to your plans to start a soil improving program on your farm. With diverted acres very much a probability it becomes increasingly important that everyone make the greatest net return per acre. One of the best opportunities to obtain a greater net return lays in the use of soil improving crops. Soils in good physical condition will absorb a higher percent of rainfall, an improved irrigation system may be designed which will make better use of irrigation water. Good physical condition of your soil allows the necessary proportion of air and water for a growing plant. A soil in good physical condition is usually a fertile soil. It is common knowledge that a fertile soil will make higher yields on a given amount of water than will a soil low in fertility. It is very apparent that a soil in good physical condition will produce more per acre while the production expenses are reduced. Farmers find different soil improving crops which will meet their need. Those who like winter cover crops should consider getting their land prepared, seed and fertilizer bought. It is none too early to be seeding vetch in cotton middles now.

Pharr Re-Union Is Celebrated at Berry Home

A big dinner was spread at the noon hour last Sunday at the home of Mr. and Mrs. C. L. Berry celebrating the Pharr reunion. Relatives attending included E. M. Pharr and grandson, E. L. Pharr, Lampasas, Mrs. Bertha Rogers, Bonham, Mrs. Buster Allmon, husband and son, Hereford, Mrs. Ed Morris, husband and daughter, Gober, Mrs. Jewel Sparkman, husband and daughter, Bowfield, Mrs. R. E. Ewing, husband and daughter, Amarillo, Mrs. Walter Chiddix and husband, Texline, Mrs. C. L. Berry and husband, host and hostess, Mrs. Noreen Franz, daughter and son, San Antonio, Mr. and Mrs. John Weaver, Hamlin, Mr. and Mrs. Woodrow Surrat and two daughters, Muleshoe, Bob Pharr, Plainview, and Mr. and Mrs. Ray Pharr, Wolfe City;

Also Mr. and Mrs. Orville Deary, daughter and son, and Mrs. A. J. Reynolds and two daughters, Wichita Falls, Mr. and Mrs. Jno. Karney, three daughters and son, Dallas, Mr. and Mrs. Harold Berry and son, and Mr. and Mrs. Walter Newkirk, Floydada.

District Auxiliary Leader Is Guest at VFW Joint Meeting

Members of J. W. Harrison post, VFW, and of the ladies auxiliary combined a social with their regular meeting last Thursday night. Eight members of the Plainview VFW were visitors at the meeting, included in their number being Mrs. Phyllis Joslin, who is district president of the VFW Auxiliary. Next VFW meeting is scheduled for Thursday night, August 19, at the hall.

Reinke Funeral Held At Meridian

Funeral service for Ernest Reinke, 77, was held last Thursday afternoon at 4 o'clock at the Methodist church in Meridian. Rev. Glenn C. Bowman, pastor officiated. Mr. Reinke had been in ill health for some time. He passed at his home in Meridian on Wednesday of last week. Burial was in Meridian. Pallbearers were six grandsons and two nephews. Survivors include his widow, two daughters, Mrs. W. H. Brock, Floydada and Mrs. Carl Lindloff, Waco, one son, E. W. Reinke of Belton, also three brothers and four sisters.

Comanche County August 22

J. S. Scitern is president and Mrs. Charlie Morrow is secretary of the Comanche county re-union. The association of old times and singing will be features of the re-union on August 22 in MacKenzie state park. Everyone is invited to come and bring a basket lunch.

Roping Postponed

Floydada roping club's matched roping last Saturday night failed to materialize due to the week-end rains. Following the postponement, Jack Johnson, president of the club, said a new date is to be set. Rusty Bradley of Electra, and Odell Blackwell of McAdoo, will rope against Bud Pope and Jack Johnson of Floydada.

Cecil Richardson Must Have Another Operation

Cecil Richardson returned to his home Tuesday night from Scott & White hospital at Temple where he has been the past two weeks following an operation. Mrs. Richardson said that Cecil was up and around, but that another operation would follow in about five weeks. The couple thank all their friends for their kindness and cards and letters of condolence. Sunday visitors in the Bill Norris home were Mr. and Mrs. Weldon Seigler and Dale of McAdoo, Mr. and Mrs. Adrain West and Peggy and Mrs. Albert Duncan and Sue of Floydada.

SMOKEY REPORTS Forest Fires off 18% in '53

Thanks to the care and thoughtfulness of Americans, fewer and fewer of our forests are being lost to fire. The job of eliminating man-caused forest fires is far from done. Forest fires still burned over 20,000,000 acres in 1953, and 9 out of 10 of these fires resulted from down-right carelessness. This carelessness meant the destruction of vast areas of timber, watersheds and recreation. Help to reduce this shameful waste. The next time you are in or near the woods, "Remember Only You Can Prevent Forest Fires."

Published as a public service in cooperation with The Advertising Council.

Mexico, and Mrs. J. W. Jackson and son, Dwight, of Lockney. Jno. Pharr, of Fannin county, and Wesley Pharr of Wolfe City, were unable to attend due to ill health.

Louie Caffee and family of Albuquerque, New Mexico, were guests in the home of his parents, Mr. and Mrs. C. A. Caffee, this past week-end. They also visited with a brother and family of Mrs. Louie Caffee, Mr. and Mrs. C. H. Wise of Fairview community.

Mrs. Robert Abernathy and daughter of Lubbock and Mrs. S. T. Harris of Sherman, visited in the home of the Henry Edwards' Sunday. Mrs. Harris is a former resident of Floydada. She and Mrs. Abernathy are sisters.

Judge and Mrs. J. I. Goins and family of Ardmore, Oklahoma, visited recently in the home of their parents, Mr. and Mrs. J. A. Goins and other relatives.

Mrs. Winnie Angus of Quanah visited with friends in Floydada this week and made a trip to Lubbock to see Mrs. W. S. Poole, who is in the Methodist hospital.

A TWO-WEEK DIET

There is something about hot summer weather that sets slightly over weight people to thinking about going on a diet. Heat usually dulls the appetite and food is less palatable, for one thing. For another it's might uncomfortable carrying that excess weight around. Some people don't subscribe to a diet at all. Others go overboard and endanger their health foolishly. A lot of care and common sense should be exercised—not to mention will-power—when a diet is underway.

One-Point Landing!

THE point? It may cost you hundreds of dollars, if someone is injured on your premises!

Before that someone lands on your wallet, let us provide you with Comprehensive Personal Liability Insurance. Approximately \$10,000 of protection for about \$10.

13 New Members Added at Calvary

The Calvary Baptist church closed their revival Sunday night with 13 new members added to the church roll. During the meeting from July 30-August 8, Rev. C. E. Waynescott, pastor of the Cone Baptist church, was in charge of the services. Mr. and Mrs. James Sinclair of Dublin, led the song service.

Sand Hill News

(By Mrs. James Jeffress)

SAND HILL, August 10—The rain measured another 1/4 inch Saturday night. Mrs. Lynn Miller was in Lubbock Tuesday on business. Mrs. Johnny Miller visited in the home of Mrs. Jim Holmes Monday morning. In the afternoon she visited in the home of Mrs. Travis Lightfoot in Floydada. Mrs. J. T. Spears and Mrs. Vernon Spears of Lockney were in Lubbock Wednesday afternoon. Janice and Johnny Spears spent Wednesday afternoon visiting Jimmy and Timmy Jeffress. Tom Brown of Eden, Texas, has been visiting in the home of his daughter, Mr. and Mrs. James Jeffress and family the past few days. Mrs. Ross Yandel and family spent Tuesday visiting in the home of her parents, Mr. and Mrs. W. R. Billington. Mrs. C. B. Carmack visited in the home of Mrs. Jim Holmes and Mrs. W. R. Billington Wednesday morning. Billie Gail Holmes was visiting in the home of Mrs. Roy Slater Wednesday afternoon. Mrs. Slater is on our sick list. W. R. Billington made a trip to Plainview Wednesday night after Mrs. Billington. Mrs. J. R. Turner and Mrs. Mac Howard of Lockney were in Lubbock Monday. Visiting in the home of Mr. and Mrs. J. R. Turner Tuesday were Mrs. Jay Howard, Mr. and Mrs. Francis Howard and family and grandmother of Mr. Turner. Tuesday night visitors were Mr. and Mrs. Junior Peevey and family of Lubbock and Mrs. Ingram of Muleshoe. Mr. and Mrs. Monroe Schulz and family were in Hale Center Friday night attending a Stanley party in the home of her sister, Mrs. Homer Mel. Mr. and Mrs. Jim Yardley of Midland spent the weekend in the home of Mrs. Yardley's parents, Mr. and Mrs. Will Hollums. Katie Hollums returned to Midland with them. Mr. and Mrs. J. R. Turner and family and Mrs. Ingram of Lubbock visited a cousin in Crosbyton Saturday afternoon. Mrs. C. B. Carmack visited in Childress with her parents, Friday. C. B. Carmack and Mr. and Mrs. Rafe Ferguson went down Friday night to attend the football game and Mrs. Carmack returned home with them. Billie and Bobby Carmack attended the football game in Childress Friday night. Visiting in the home of Mr. and Mrs. Monroe Schulz and family were her parents, Mr. and Mrs. E. H. Foerster of Lubbock Sunday afternoon.

Relatives Gather At North Platte

Mr. and Mrs. C. W. Denison returned home Saturday night from a week's stay in North Platte, Nebraska, with Mrs. Denison's mother, Mrs. Ada Eaves, and brother, Beauford Eaves and family. Mrs. Denison's sister, Mrs. Bernard Jaeger and family of Cincinnati, Ohio, were also visiting in North Platte. The family group and Mr. Jaeger's parents, Mr. and Mrs. Ben Jaeger, made a trip together to Estes Park and on through the Rocky Mountain National Park, then back to Denver and Colorado Springs Colorado. The Bernard Jaegers plan to continue their trip on to Yellowstone before returning to their home in Cincinnati. Mrs. Jaeger is known in Floydada as Zula Thelma Eaves.

Get SAFE Storage Now Before It's Too Late

ALL-STEEL GALVANIZED BIN This GUARDIAN 2-in-1 Bin will solve your storage problem!

Each year you have promised yourself that you will buy proper facilities for conditioning and storing grain and shelled corn. Each year you put it off—only to lose grain and money again! Sometimes bad weather has damaged your crops before you could harvest them. Other times they wouldn't dry, and some of your grain molded and spoiled, and you had to pay dockage on whatever was saved. Rats, mice and birds have ruined a good percentage of your grain. And last year, it was lack of storage space; there just wasn't any place to store your crop. (This year will be even worse.)

- 1. Farm storage facility loans have been extended another year—through June 30, 1955. You can now borrow up to 80% of the cost of new bins from your local bank, or direct from your ASC County Committee . . . 4 years, at 4%.
- 2. Fan equipment can be financed up to 75% on the same basis.

Let your grain storage bill pay for a bin of your own 1250 and 2150 bushel bin now in stock at—

RIGHT NOW is the Best Time in History to Buy a PONTIAC!

- You'll have a Bigger Car! Today's Pontiac is the biggest ever built. In fact, no car near its price provides you with the road-hugging comfort and stability of Pontiac's long wheelbase. And Pontiac's size is apparent, too, in its roomy Body by Fisher that lets you stretch out and relax amid every fine-car luxury, appointment and convenience.
- You'll have the Greatest Beauty! Today's Pontiac is the most beautiful ever, with its distinctive Silver Streak styling. And Pontiac's beauty is more than skin deep: inside you'll find luxurious appointments and fabrics usually reserved for much more costly cars.
- You'll have America's Top Value! Today's Pontiac is the greatest value ever built. With all its fine-car qualities, Pontiac is actually priced right next to the lowest—so low, in fact, that if you can afford any new car you can afford a Pontiac. Add to that the fact Pontiac has the highest resale value in its price class and you'll have an unmatched motor car buy. Come in soon.
- You'll have Finer Performance! Today's Pontiac is the most powerful ever built. Pontiac's big, husky engine puts you in command of more power than you're ever likely to need. You enjoy instant response in traffic, and as you cruise the open road your engine merely loafs along, saving money every mile and greatly prolonging engine life.
- You'll have World-Famed Dependability! Today's Pontiac is the most dependable ever built. Pontiac's record for long life is acknowledged everywhere. No car at any price will deliver more miles of carefree, economical service. This unsurpassed dependability means you can drive and maintain your Pontiac at amazingly low cost, mile after pleasant mile.

Cheryl and Max Crawford returned home yesterday from Arkadelphia, Arkansas, where they have been visiting relatives.

Carl Minor, of KPLD staff, is on vacation this week. Mr. and Mrs. Minor and children plan a trip to Ruidoso, New Mexico.

Your Friend-Pain:

Dog is man's best friend, however his other best friend is pain.

Pain is the result of something wrong in the body. Pain has a purpose. It lets the intelligence of our brain know that something should be done. Yet, many people take things to ease the pain. Yes, you feel better, but the trouble is still there. You have only quieted your friend pain.

When a vertebrae of your spine becomes misaligned, nerve pressure exists. The area to which those nerves communicate becomes weakened. Pathogenic bacteria thrive on weak, dead and dying tissue, hence that area becomes diseased. Pain often accompanies this activity.

Chiropractors are trained to locate and remove this interference of nerves. If this is done, disease process cannot begin.

Contact your Chiropractor today.

News of Harmony

(By Mrs. Mather Carr)
HARMONY, August 10—Mr. and Mrs. Russell of Paragould, Arkansas and Mr. and Mrs. Virgil Turner of Floydada were guests in the E. W. Turner home Wednesday of last week.

Mr. and Mrs. Fred Byerly and daughters of Springlake spent Saturday night in the E. W. Turner home. The Byerlys were on their way to East Texas to visit relatives.

Mr. and Mrs. L. G. Pierce and children of Lubbock were guests Sunday of last week in the home of Mrs. Wheeler Turner. Mr. and Mrs. Julia Edwards of Crosbyton was a guest of her cousin, Dwana Beth Scott last week.

The meeting at Carr's chapel will begin next Sunday, August 15, with Walter U. O'Kelley of Matador doing the preaching. Morning services will begin at 8 and night services will begin at 7:45. Everyone has a cordial invitation to attend.

The community met Monday at the community center for a clean-up and there was lots of work done, such as getting ready for open house, home coming and celebration of 50th year of the organization of the community.

The W. S. C. S. met Tuesday evening at 2 at the church for their

regular monthly meeting and program. The meeting was called to order by Mrs. Marvin Smith. After the business session, Mrs. Chloma Williams had charge of the program with Sherry and Melba Jo Ramsey, Dwana Beth Scott and LaJuana Sue Williams putting on a pageant. The Ramsey girls and Sue Williams sang a special number. Present for the meeting were Mesdames Zant Scott, H. G. Krebs M. D. and Sherwood Ramsey, Marvin Smith, Chloma Williams, Marvin Mather Carr. Also present were Sherry and Melba Jo Ramsey, Dwana Beth Scott and LaJuana Sue Williams, a guest, Julia Edwards of Crosbyton, and several children.

There was a nice crowd out for the prayer service Wednesday. Tommy Smith gave the devotional. Mr. and Mrs. Bill Edwards left Thursday for Sweetwater, Putman and Moran to visit relatives and do some fishing.

Several met at the church Thursday morning to clean up the cemetery, church grounds and church building.

Mrs. Wes Carpenter spent Friday night in Lubbock as the guest of her son, Max and wife.

Carolyn Williams of Floydada spent the week-end with her grandparents, Mr. and Mrs. M. D. Ramsey.

Mr. and Mrs. Rubeen Rutherford of Plainview, Kerry King of Farmer, Julia Edwards of Crosbyton, Carolyn Williams of Floydada, Mr. and Mrs. Miner and children of Tatum, New Mexico, attended services at the chapel Wednesday.

Rev. Krebs preached both morning and night at the chapel. Rev. Krebs and sons, Charles and Kenney were dinner guests in the Mather Carr home. Phillip, Robert, and Jimmy Krebs and Kerry King were dinner guests in the R. B. Gary home.

Mr. and Mrs. Rubeen Rutherford of Plainview were dinner guests Sunday of Rubeen's brother and wife, Ted Rutherford. A nice evening was spent Sunday

at the community center. The folks from Armatrust, Lubbock, Petersburg, Plainview and other places celebrating the 50th anniversary of the community, homecoming open house of our new business of Bernard Harris went major surgery Tuesday. His condition was not too good. Bernard and family are in the community for many years. Mrs. Pat Wilcox returned home in Fort Worth, Texas, spending some two weeks with her mother, Mrs. Wes Carpenter. The Carpenter family returned to their home, Mrs. Wilcox home.

CHILDREN OF JUDGE MRS. DEEN ARE GUESTS

Visitors this past week in the W. Deen home were Mrs. Deen, Jr., and family of California; a foster son of from Fort Worth, Mr. and Mrs. Haines and son; Mrs. Amarillo, sister of Mrs. Deen, and Mr. and Mrs. Deen, and daughter of Albuquerque, Miss Deen and Mrs. Deen's daughters of Mr. and Mrs. Deen.

Mr. and Mrs. Booth and wife enroute to Fort Worth they will make their stop at Booth has been transferred from Albuquerque with service.

The three children of the J. H. Tribble and of their parents last week were Mr. and Mrs. Bob children, Houston, Mr. Ray Tribble, Tucuman, lico and Mr. and Mrs. A. G. Eubanks, son of Mr. A. G. Eubanks, arrived day with his discharge from S. Navy.

Cooperating With Nature

Did you ever figure out that man has been studying the human body for thousands of years, written thousands of books about it without being able to manufacture one single tissue cell?

Yet nature, in 280 days, manufactures 400 billion tissue cells, groups them in their proper places and produces life.

Nature also provides all the machinery necessary to maintain health—a nervous system supplying impulses to every organ, gland and tissue cell in the body.

And chiropractic goes hand in hand with nature, first acknowledging that nature knows best how to cure its ills and second, making sure that nature's own healing agent is free to do its work properly.

Chiropractic is effective in any type of illness because it cooperates with nature, because it recognizes that sickness starts when the flow of nerve impulses to the body is restricted or blocked off entirely.

Call Dr. A. E. Hewitt, Phone 3389, Lockney, for an appointment today.

Any way you figure it

Tumbling Team of Boys Ranch Coming to Fair

K. W. Cook, Floyd county fair manager, announced this week that one of the entertainment features of the fair this fall will be the Boys Ranch tumblers, who will trek to Floydada after school is dismissed on Friday afternoon, September 17. They will perform in the late afternoon and at night Friday.

Fifteen in number, the tumblers make a pretty exhibition of acrobatics, said Mr. Cook.

Housing for the fair also has been arranged. Use of the rodeo association barns adjacent to 12th street in east Floydada will house the live stock, with capacity for sheltering 200 animals or more.

For the agricultural, culinary, craft and art exhibits two tents have been leased from a Wichita Falls tent concern. One of these tents is 30 by 90 feet in size, the other 30x60 feet. O. M. Watson, jr., secretary-treasurer of the fair association, said he thought the management had obtained the use of the tents at a reasonable figure.

Western Addition Annex is Annexed

Western Addition Annex six and a half blocks of land platted into residence-size lots and dedicated 30 days ago by Mrs. Lela Massie, Mrs. Geraldine Massie Harris and W. A. Massey, was formally annexed to the City of Floydada Monday night.

The city council adopted an ordinance adding the new residence property to the municipality's area. Two blocks at the south end of Western Addition, which had not been divided into lots in the original dedication two years ago, also show on the new maps as being cut into lots.

PICNIC POSTPONED

The Pleasant Valley Home Demonstration club has postponed their picnic scheduled for Friday night, August 13. A definite date will be announced later.

Tom Holdsworth of Kerrville, spent Friday with his aunt, Mrs. Roy Hollar, before leaving for Austin where he will make plans to enter the university. His sister, Elizabeth and a cousin, Rosemary Wilson of Beeville, came with him and are spending the week with Mrs. Hollar. They visited the Palo Duro canyon and WTSC museum Sunday.

Week-end guests in the home of the John Hoffmans were Mr. and Mrs. Dorman Clanton and son of Channing, Texas, and Mr. and Mrs. John Hazel of Amarillo.

Mrs. Virgie Shaw, secretary to Superintendent Clarence Guffee, is on vacation for two weeks. She plans to rest a while before taking a trip.

Sam Hull Phillips Claimed by Death

Funeral service for Sam Hull Phillips, 61, was held last Monday in the First Christian church at 3 o'clock p. m.

Rev. W. D. Reaves, pastor of the church, officiated with Dr. R. Earl Allen, assisting.

Mr. Phillips passed Saturday at his home on South Wall street. He had been in ill health since 1940.

Burial was in the Floydada cemetery under the direction of Harmon Funeral home. Pallbearers included Henry Bloodworth, Tom Thomas, Arthur Womack, Carl Minor sr., Aubrey Stewart and Buck Hickerson.

Born February 4, 1893, in Dallas county, Mr. Phillips was married to Miss Edna H. Hinkson, September 5, 1917 in Plainview. He had been a resident of Floydada since 1914.

Mr. Phillips was once associated with Buck Hickerson as bookkeeper and salesman until poor health forced his retirement.

Survivors include his widow, who is a teacher at Andrews Ward, one daughter, Miss Juanita Phillips Radford, Virginia, and three brothers, Leo Phillips, Dimmitt, Ocie Phillips, Littlefield, and Elsie Phillips, Amarillo.

Smith - Brown Kin To Meet at Altus

Mr. and Mrs. Ham Smith and Mr. and Mrs. Bob Smith, together with Grover Smith and his son Warren expect to spend Saturday and Sunday at Altus, Oklahoma, at the Smith-Brown cousins re-union. Several other kinsmen from the plains country plan to attend, Ham Smith said this week.

The families will gather at Leuger Lake picnic grounds.

Bob Smith was elected president of the cousins organization at the first meeting 20 years or so ago and the members have been re-electing him ever since. He said efforts to get more of the meetings held on the plains failed because 'they keep out-voting us every time.'

Globulin Shots

(Continued from front page) child being immunized.

Another Case Being Observed
Elwin Jay Pierce, son of Mr. and Mrs. J. C. Pierce, was taken to Plainview Polio clinic last Friday, where doctors gave a diagnosis of possible polio.

His parents brought him home and at this time he is under observation of a local doctor. No paralysis has developed although the family reports one knee pains him.

Mr. and Mrs. Ed Neff are the parents of a baby daughter, born Wednesday morning at Lockney hospital. The little girl weighed five and one half pounds. Grandparents are Mr. and Mrs. D. M. Manshach and Mrs. W. P. Neff.

Mr. and Mrs. W. M. McKinney and daughter, Mary Ann, left Sunday to return to their home in Los Angeles, California, after spending a week here visiting Mrs. McKinney's mother, Mrs. Addie Thagard.

Bystander Has Wound in Knee From Gun Shot

Delia Marie Vaughn, a Floydada Negress, was given treatment Saturday night for a gunshot wound in the knee, and Rose Marie Harris Monday was charged with aggravated assault and her fine set at \$50 and costs in Judge Ralph C. Johnston's court.

Sheriff Earl Cooper said evidence indicated the Vaughn woman was a bystander. The slug which struck her was intended for another person, the sheriff learned.

Battery Theft is Charged

Two Negro men were being held in Floyd county jail yesterday, charged with theft of batteries from two Floyd county farms. They are Pinkie Chatman and Clarence Breedlove. Complaints were filed by the sheriff's department Tuesday. Two of the batteries were taken from the W. E. Lackey place at Cedar and two from the Conner place. Another battery was stolen in the flats in Floydada, the sheriff said. The batteries have been recovered by the owners from a local junk yard.

Alleged Burglar Jailed

Vernon Jett, a 19-year-old, charged by indictment as an accomplice in four burglaries and a theft in the north part of Floyd county early this year, is in Floyd county jail this week, after being returned from Georgetown where he was arrested last week. Sheriff Earl Cooper made the trip to central Texas Saturday for the youth who has been a fugitive since early spring.

Three others, charged in connection with the burglaries and theft have been tried and are in the state penitentiary, one for two years, one for four years and one on a 10-year sentence.

The indictments charge that Jett had a part in the burglary of the Knox Grocery, Handley's machine shop, the Lone Star Consumers and the Aiken Blacksmith shop. The quartet also is alleged to have stolen a pick-up at the Whitey Baccus garage in Lockney.

Jett told the sheriff he had been in various parts of the south and central Texas since the charges were filed, principally at San Antonio.

Don Barber North Squad Center For All-Star Contest

Don Barber is at Dallas this week where he is practicing with the north squad in preparation for the all star football game, scheduled for Saturday night in the Cotton Bowl. Barber was selected as one of the 56 star players of the state between high school and college who will participate in the contest which is a part of the Texas coaching clinic now in progress in Dallas.

Don saw plenty of action in the Greenbelt game in Childress last week where he played as center and linebacker for the west team. Barber turned in a good game on both offense and defense. Fans who followed the ex-whirlwind down for the game saw him make several gapping holes in the center of the east line allowing his backs good yardage. Many wished he were calling the offensive plays when the west team faced fourth and two. They were expecting his favorite quarterback sneak which has always proved so effective.

The boys were allowed only five days of preparation for the contest but play was at mid-season level most spectators agreed.

WESTERS MOVE TO GARLAND

Dr. and Mrs. James Wester and children left Tuesday for Garland, Texas where they are to make their home.

Dr. Wester was with the Floydada Dental Clinic for eight years, with the exception of two years spent in the Army.

The family's address in Garland is 1921, Old Gate Lane.

Dr. Wester will be associated with Dr. Tom Kunkler, dentist.

John Derek Is Rugged in New Role at Palace

Handsome young John Derek stars as hero in Republic's trucolor romance, "The Outcast" coming to the Palace theatre in Floydada Sunday, Monday, and Tuesday, August 15 through 17. The Outcast is a western adventure with a Colorado setting in which Derek and co-star Joan Evans fight to reclaim his heritage and for the right to live and love.

Derek, once dubbed by the bobby-soxers as a "swoon guy" has had a hard time convincing theatre audiences he is in real life. The new role casts the star in a story with the savage fury of the early west.

Cinemascope Coming Soon
Get their first view of Cinemascope, the new motion picture process which has caused a revolution in Hollywood studios even greater than that created 27 years ago when motion pictures found their voice.

The event is to take place Sunday August 22 at the Palace theatre when Twentieth Century - Fox's Cinemascope production of "The Robe" in color by Technicolor makes its debut.

Cinemascope is not a makeshift enlargement of a regular 35 mm film but an entirely new method of filming and projecting motion pictures, and its impact is really astounding states J. G. Deakins of the Palace theatre.

Advertise for it in Hesperian.

FERGUSON FAMILY RE-UNION
The S. D. Ferguson family re-union will be held Sunday, August 15, at the VFW hall in Floydada. Everyone bring a picnic basket.

Children visiting in the W. A. Anderson home Sunday were Louis Anderson and family of Spur, Mrs. Gene Johnson and husband, Amarillo, Otis Anderson and family, and Floyd Anderson and family of Baker community.

Skinny Winn, owner and operator of the Lunch Box cafe, was admitted to Peoples hospital Monday for medical treatment.

Joiner Hostess

Friday morning Mrs. E. E. Joiner honored the 1929 Study were welcomed and their book were dis-

One sultry night not long ago we joined some 80 others at an old-fashioned church supper. As we watched the people assemble, we noted more than one cheerful-looking housewife bearing her "covered dish" who had a damp spot between her shoulders — either from last minute cooking or a too-hasty shower. Most of the business men looked haggard. At seven o'clock the thermometer was still crowding one hundred and, like most of the other adults present, we wondered if it wouldn't have been more sensible if everyone had stayed home.

Wed Couple Sept. 22

Presently we lined up and filed past the serving tables, to fill our plates with fried chicken, vegetables, salad and dessert. And as the meal ended, a group of high school boys and girls made ready for the program. The stage curtains parted on an utterly ridiculous version of Shakespeare's Othello: The lines were delivered in jingles. The costumes didn't even remotely resemble proper Shakespearean dress. The off-hand performance was of the type we kids used to amuse ourselves with on Sunday afternoons when all the cousins gathered at our house. It was wonderfully refreshing.

CIRCLE MORNING AUGUST 4

Sitting near the stage, we glanced back at the audience. Everyone there was smiling. Eyes were brighter, the look of dutiful patience had disappeared. We were having a good time with those young folks! "Best Shakespeare I ever saw," one man chuckled as we left the tables.

CLUB PICNIC

Well, that's one bunch that's doing something to prevent juvenile delinquency, we thought later. Most youthful "devilment" comes from wanting a chance to "shine", to make a little mischief. Given a chance, most youngsters had rather it would be wholesome than destructive. The church — or the community — that helps them with the "angles" is performing a real service.

Fairview News

(By Mrs. Clyde Bagwell)
FAIRVIEW, August 10—The 1/2 inch rain received Saturday night cooled the atmosphere some and made the crops look better for a while. In the extreme east part of the community only 3 tenths of an inch was received.
Mr. and Mrs. Wade Thornton, Betty and Don of Ralls visited Mr. and Mrs. S. H. Tackett Sunday.
Mrs. Louie Caffee and son of Albuquerque, New Mexico, visited last week with her parents, Mr. and Mrs. C. H. Wise.
Mr. and Mrs. Galen Holland of Matador spent Saturday here in the home of Mr. and Mrs. S. H. Tackett.

SMITH'S DEPT. STORE
"BUSINESS IS GOOD"

Mr. and Mrs. Ray M. Cook, who made their wedding trip to Colorado Springs, Colorado, are at home in Floydada for a brief time until the opening of Texas Tech, when they will resume their studies there. The couple were married on July 31. Mrs. Cook is the daughter of Mr. and Mrs. E. H. Dellinger. The couple are shown above as they cut their wedding cake at the reception for 350 friends at the home of the bride's parents.

Mrs. R. L. Percy, Billie Jean and Linda Kaye and Mrs. Carl Barnes all of Oklahoma City were guests here in the home of Mr. and Mrs. E. W. Walls, Thursday afternoon and Thursday night leaving early Friday morning for El Paso, Ruidoso and Carlsbad where they will vacation for a while. Thursday night the Oklahoma folks along with Mrs. E. W. Walls went to Lockney where they visited in the home of Mrs. T. J. Jarboe. Several other relatives were present and they had several hours visit.

Mrs. A. S. Orr of Odessa visited Wednesday here with her sister Mrs. Shirley W. Irwin and family. Brenda Walls is spending this week with her grandparents, Mr. and Mrs. E. W. Walls while her parents are on their vacation.
Mr. and Mrs. Jim Stewart and Jim Dan left Saturday to go to Seymour to attend the Stewart-Armes family reunion. They returned home the first part of the week.

Mr. and Mrs. Edell DuBois went to Amarillo Sunday where they spent the day with Mr. and Mrs. R. A. McMeans. Mrs. W. C. DuBois who has been in Amarillo for several weeks returned home with the Edell DuBois' to spend an indefinite time here in their home.
The revival meeting closed Sunday

book where they met Troy Lee Johnston who had been visiting for five weeks in Fort Worth with relatives.
Mrs. C. E. Steen and son of Canyon and Mrs. Cecil Carthel and children of Lockney visited Friday in the Lee Burgett home.
Mrs. E. W. Walls and Brenda visited Mrs. Shirley W. Irwin and children Monday.

Sunday dinner guests in the home of Mrs. W. B. Wilson were Rev. and Mrs. Larry Faus and Vassie Beth, Ronnie and Bobby Faus, Rev. Rufus Ramsey, Jane Tye, Phillip Wilson and Eugene Beedy.

Mr. and Mrs. Shirley W. Irwin and children visited in Lubbock Sunday with Mr. and Mrs. L. F. Irwin and Mr. and Mrs. R. C. Irwin.
Mr. and Mrs. Cotton Wilson and Jimmy Tye of Floydada took Sunday dinner with Mr. and Mrs. Walton Wilson.

Mr. and Mrs. L. T. DuBois of Edy and Mr. and Mrs. Roy DuBois of Marquez came Monday night to visit in the home of their brother, Edell DuBois and Mrs. DuBois.

We talked with Bill DuBois today and he reports he is doing fine. He and Wanda are staying part time with his parents and part time with her parents, Mr. and Mrs. Lackey at Cedar Hill while Bill is recuperating from his accident.

Mr. and Mrs. Walton Wilson had a letter Monday from their son Leonard, that was mailed somewhere in Japan enroute to Korea.
We have just learned of the marriage of Luella Irwin. The wedding

The Floyd County Hesperian, Floydada, Texas, Thursday, August 12, 1954

took place Sunday afternoon at 5:30 at the Baptist church in Clovis, New Mexico. Luella was married to Roy McCarter of Canyon. Luella was born and reared in our community and is the daughter of the late Mr. and Mrs. Clyde Irwin. She is a student at W. T. S. C. at Canyon and will continue her studies there. They plan to make their home in Canyon.

Mrs. Grady Walker took Mr. Walker to Vernon where he was planning to join a sister for the trip to Mission.

While in Vernon, Mrs. Walker will visit with Mrs. J. R. Maddox, mother of Mrs. Hays O'Neil, who is a patient in Brown Sanatorium.

Loose leaf, ledgers ledger sheets, Hesperian.

GRADY WALKER'S MOTHER OF MISSION, HAS RELAPSE

Grady Walker was called back to the bedside of his mother, Mrs. W. A. Walker of Mission, early Tuesday morning. Mrs. Walker suffered a stroke several weeks ago and was thought to be improved. The word received Tuesday indicated that she had suffered another one.

Will Band Bats In Search For Rabies Carrier

AUSTIN—A system of banding bats as a means of checking their winter migrations is being planned by laboratory personnel as the State Department of Health continues its studies of rabies in Texas' bat population.

"Banding bats will help us answer the question of whether they go into Mexico's vampire bats haunts during winter migrations," Laboratory Director J. V. Irons said. Vampire bats, native to most parts of Mexico, are notorious carriers of rabies.

Meanwhile, State Health Officer Henry A. Hollie revealed a \$10,000 National Institute of Health research grant had been made to the state health agency to aid in financing the study, payment contin-

gent on receipt of funds by the Institute.

To date, 700 of Texas' furry little night flying insect eaters have been examined for evidence of infection by virologists at the department's Bureau of Laboratories. Six "positive" strains have been found.

The study was initiated last year after a Florida boy was bitten in an unprovoked attack by a bat subsequently proved rabid. Four similar attacks have since occurred in Texas.

Two attacks occurred in Austin one in San Antonio and one in Houston. The most recent case involved an 18-year-old Austin girl who was bitten while swimming in a neighborhood swimming pool.

All four attacks were "provoked," investigators said.

Most bats examined in the Texas study have come from four caves in limestone regions of Central Texas: Nye Cave near Bandera, Bracken Cave near San Antonio, Uvalde's Frio Cave, and Devil's Sinkhole in Edwards County.

Nye and Bracken, according to entomologists, have the largest bat populations in the United States. Bracken is estimated to harbor 20,000,000.

Mexican free-tailed bats are the state's most prevalent species, entomologists say. Free-tails have few natural enemies.

Dr. Irons said the Bureau of Laboratories, as part of the study, will examine any bats submitted by the public.

His suggestion for handling them is to avoid contact with those that act peculiar, which includes any one that can be approached in daytime.

As A Farm Woman Thinks

(By Nellie Witt Spikes)

Hi, Pioneers. I am so happy to be with you again and recall old days when we were young and the Plains brand new. I am bringing along a guest today. Yes, you know her, she is Miss Temple Ellis and I am going to let her tell you the story she so ably told on her radio program over KSEL, Sunday afternoon at 12:45 so here it is:

OLD LAND MARKS

We of the South Plains are asleep in so far as our old landmarks are concerned. These have served a great purpose in the life of the Pioneers, they should be remembered for their historical value and for the color they lend to it.

We are taught that a landmark is any person, place or thing that has served to guide, give pleasure, or has been the place of any outstanding event. Texas has many outstanding landmarks, which have been preserved as reminders of some heroic deed that took place on that spot, or some outstanding person who has done heroic deeds for a cause. Many landmarks that have been preserved date back even before Texas became a Republic.

Though the South Plains is a new country it does have many places and deeds of heroism that should be commemorated with markers.

Among the landmarks we beg to mention only a few. Should we begin with the Singer store. This little building once served as home and business location for the Singers. For several years the Singer store was the only place in Lubbock county where one could buy life's comforts and necessities. It was a Haven to the Buffalo Hunter, the Soldiers and the Cowboys. There may be some living who could point the exact location. It might be that Bob Crump of Lubbock can remember or there may be others. Should not this famous old landmark be recognized?

How about Dan's Camp? The Post—masterless Post Office near the present town of Slaton. The old post office as I recall was either a five gallon tin can or box hung on a

windmill where the mail driver deposited the mail and picked up letters back home to be mailed. The camp was named for Dan Clauson a line rider who camped there and rode the pasture fence. The first home built in Lubbock, others had been moved in, was built by C. W. Mallard, and was located about 14th Cedar street. It is nice to know and remember these things.

The Old Hank Smith Place, home of the first family to live on the Plains had gone the way of other outstanding landmarks only a short time since, I visited the old place and remember about the substantial structure. The 18 inch thick walls of native rock—surely that old house will stand there forever. Fire has now destroyed all the wood in the building, the roof has fallen in, and no doubt the present owner, who is not related to the Smith's will do his best to tear the old house away to make room for modern improvements. It was a landmark for the South Plains as well as all West Texas. The first mail ever to be distributed on the Plains was handed out from this old house even before the post office was established there. Aunt Hank Smith became the postmistress and "mothered" the cowboys and the early settlers who came for their mail from long distances.

This spacious home was a gathering place for the High, the Mighty and the Meek who came that way. As a part of this place was supposed to be set aside as a park, the State erected a beautiful, costly monument on the grounds near the home, in honor of the First Family and Pioneers.

The grave of Paris Cox, the founder of the Quaker Colony, is in the old cemetery marking at his grave. This is the first cemetery on the Plains of West Texas and should be permanently protected. Paris Cox, the man responsible for our earliest settlement, his grave should have a permanent marker.

The old buffalo hunters marked, or set aside places as guide posts, places where there was water especially named and marked.

Eagle Springs in Hale County about eight miles northeast of Abernathy on Sod Horse Draw was one of the earliest landmarks. Since there was permanent water there it was a noted place. This draw was at one time a favorite camp grounds for the Indians.

MacKenzie and his men while chasing Indians from this land, camped there. It was a permanent watering place for mustangs in their day.

Many old ranch houses became landmarks. The Stringfellow Ranch a few miles west of Petersburg, was a noted landmark about the 1890's. I doubt the spot could be located today, though its cooling water and western hospitality, guided many that way.

An old tree near where Hale Center stands today, was a friendly landmark for the early freighter who camped near that he might rest in its cool shade. This old tree grew not in Brooklyn but on a section known as the Dick McWhorter place. Only a few of the old buildings that once were landmarks stand today. Some have been moved, others burned or fallen into decay. Many of the early towns, like the buildings have gone the way of other landmarks. Not a house built by the Quakers, our first settlers, is left at Estacado. The settlement today, a small farming community is Estacado in name only.

Another of the County landmarks Emma, has only one house that was built when it was the county seat of Crosby County.

Crosby County boasts one old ranch house, the building was erected of native stone in 1884 by the St. Louis Cattle company and stand near Silver Falls. It is in a good state of repair, a faithful old landmark to the era of Big Ranching on the Plains.

How many recall Bartonville, you remember the R. R. that was surveyed to run a few miles west of Abernathy? J. J. Barton believed it was a cinch to make a town on his land. He got busy, put in a lumber yard, business house and General Store. Others came into Make Believe town and went into business. For some reason the road was never built, later when the R. R. came into Abernathy some of the buildings of the town moved there.

Strip, though only a small community on the line of Hale and Lub-

Cancer Chairman Acknowledges Aid of Floyd County

Acknowledgement of the fine way Floyd county people put over the Cancer Society crusade in July has been received from Travis T. Wallace, of Dallas, president of the Texas division.

Mr. Wallace said that preliminary budget studies had indicated every cent of the money raised by Texans would be needed. "The Texas executive committee knows full well how great the need is going to be," he reported, and "every dollar raised in your county will be put to work promptly."

The Wallace letter was addressed to Ernest C. Carter, who spear-headed the campaign for crusade funds in this county. A total of \$1040 was sent to the state committee. The fund was considerably over-subscribed, but the excess over the quota is being held in the cancer fund locally for the present against the need for a similar drive for funds next year.

Lubbock Counties was once a postoffice, a well-known gathering place for miles around. The two noted round-up grounds for the outside works were Causey Hill a few miles north-east of Lubbock and Section Twelve which lies in Blanco Canyon with the walls of the canyon standing like guards around it. Another landmark that should have a marker is the place of the last conflict between the Comanches and General R. S. MacKenzie at the junction of Tule and Paloduro Canyons which took place in 1874. There are many other interesting old landmarks that time prevents me mentioning today. However, I believe something should be done to preserve this history.

Some of Mrs. Ellis' talk has been left out due to lack of space. Are you not happy to have her as visitor today? Mrs. Spikes.

"AN ELECTRIC FREEZER IS THE ANSWER TO A Sportsman's Prayer!"

says **Mr. H. L. McMAHEN** of Stratford, Texas

"It sure is nice to have some trout or a piece of bear meat around whenever that's just what I feel like eating. I can live last year's fishing and hunting trip over again, and enjoy a good meal to boot. I recommend a freezer to anyone who goes hunting or fishing."

A sportsman like Mr. McMahan gets a real pleasure out of sharing his catch with friends. And Mrs. McMahan finds it easy to prepare a fish dinner in a hurry. Right after the catch, she puts cracker meal on the fish, cooks and freezes them. When friends drop in, a fresh fish dinner is just a matter of warming an already prepared meal.

Keep the pleasure and good eating of your hunting and fishing trips all year round. Keep your fish and game in an electric home freezer.

SEE "Freezer Fair" AT YOUR REDDY KILOWATT ELECTRIC APPLIANCE DEALER

MRS. H. L. McMAHEN says:

"A freezer is a real help around the house. I can serve quick meals—and use out of season foods. And, as for 'Curly's' hunting and fishing trips, I'm like any wife, I sure enjoy eating what he shoots and catches."

Shock And Burns Injure McCoy Boy

Wayne Wallace, 11 year old son of Mr. and Mrs. D. E. Wallace of McCoy community, received first second and third degree burns last Wednesday afternoon, when he came in contact with a 7200-volt electric wire.

Mrs. Wallace reported that her son and some playmates were searching for bird nests. Wayne spotted one behind a transformer on an REA pole. As he was climbing the pole, his head touched the live wire knocking him off and causing severe burns from the waist up.

He was brought to Peoples hospital for treatment and was reported by hospital attendants as in fair condition. Wayne was not believed to have any broken bones from the fall.

South Plains News

(By Mrs. Murray Julian)

South Plains, August 9—Rainfall on Saturday ranged from over two inches in north South Plains at the Paul Snodgrass farm, over an inch at Loyd Deavenport, Sim Reeves and Young farms, and on over east at the Bill Beedy farm. At South Plains Phillip Smitherman, received a total loss to his cotton crop. Junior Calahan, Sterling and Kendall Cum-

ings, and other farms near by received a great deal of hail damage. At the Julian farm 1 1/2 inches rain fell, with an average of an inch over the rest of the vicinity.

Revival meetings will begin at the South Plains Baptist church on Sunday morning, August 15, with Brother Reuben Shaffer, preaching, and Brother Barney Rogers, singer from Mt. Pleasant helping in the services. Everyone is welcome at each meeting.

Mr. and Mrs. Anglin Hyden, Jean Musick and Doris Kemp, all of Dallas, were Wednesday night visitors in the home of Mr. and Mrs. Sim Reeves and Carol. They were enroute to California and stopped here to visit. Jack Reeves was a weekend visitor in Roswell, New Mexico, staying with friends.

Indonesia Studied By WMU

The South Plains WMU met on Wednesday afternoon, August 4, at the church, with Mrs. Jones presiding. The sunbeams sang several songs before they went to their classes with their sponsor, Mrs. Karr. The WMU members studied Royal Service, with the topic, "Indonesia," and a study of the customs, and trials of missionaries in Java and other Indonesian islands. One new member, Mrs. Arby Mulder, was added to the circle. After the study the meeting was dismissed in prayer by Mrs. Milton. Present were Mmes. Dock Jones, Murray Julian, Grigsby Milton, Arby Mulder, Bryan Karr H. S. Calahan, Jr., and Mrs. C. L. Vincent and Sunbeams, Diane, Vicki,

and Cathy Calahan, Barbara Sue Milton, Katharine Mulder, and Bobby, Teresa and Corky Vincent.

A group of neighbors greeted Mrs. McClure at her home last Wednesday afternoon after WMU meeting. She had been in the hospital for some time, and those who called brought small welcome home gifts. Those who enjoyed the visit in the McClure home were Mrs. Otha Sanders and Martha, Mrs. John Smitherman, Mrs. L. T. Wood, Mrs. Bryan Karr, Mrs. Grigsby Milton, Mrs. Fred Fortenberry, Mrs. Murray Julian, Mrs. Arby Mulder and Mrs. H. S. Calahan, Jr.

The South Plains softball team met Silverton on the Lockney ball field on Tuesday night in the first game. The outcome was a score of 7-3 with South Plains winning, which put them again in third place. However they met the Lone Star Golden Spread on Friday night, August 6, in the second game of the evening, and lost that game in the seventh inning, with a score of 4-3. Everyone remembers the Community family picnic held at the school grounds on Friday night, August 3, at 7:30. The club members will furnish the food and the drinks for the evening, so come all you new residents of South Plains as well as the old ones.

Mr. and Mrs. Zach Cummings, and son, Zach, left about ten days ago for the west coast. They went by way of Denver, Colorado, where they were met by their daughter, Mrs. Robert Rose, who went on with them to Klamath Falls, Oregon, where they visited Zach's brothers, Mr. and Mrs. Sidney Cummings and Mrs. and Mrs. J. T. Cummings. Mona and Delilah Cummings, other daughters from San Francisco, California, met them at Klamath Falls, where they all visited together. The girls have to be back at work this Monday, and the Cummings family is expected to be home soon.

Carol Reeves spent the past weekend here with her parents, Mr. and Mrs. Sim Reeves. She brought with her as house guests, two children from the Buckners Orphan home, Virginia Strong and Neva Cummings. Sandy Reeves, of Plainview, spent most of the week with his grandparents, Mrs. Bob Reeves, J. L. and Jo Hayes also visited the Reeves last week. Carol is going on a long vacation this coming week. She plans to visit in North and South Carolina, in Washington D. C. and all along the coast. She will be accompanied by her roommate and friend from Dallas on her vacation.

Mr. and Mrs. Ernest Smitherman and Larry visitor Sunday afternoon in the home of Mr. and Mrs. Grigsby Milton and daughters.

Terry Julian left Sunday night for Abilene where he will stay, until Monday and then go to San Antonio, Texas, where he plans to be this coming fall.

Mrs. Milton and Linnie, who are visiting in our vicinity from Amarillo spent from Monday until Wednesday afternoon with Mr. and Mrs. Essley Yearly. On Wednesday night they went to visit with Mr. and Mrs. John Key West, and stayed until Thursday evening. They spent Thursday night and Friday with Mr.

and Mrs. Lee Pearson and are now visiting with Mr. and Mrs. Grigsby Milton and daughters. They went to church in Lockney on Sunday with Mr. and Mrs. Herman Thornton and Kay.

E. P. Williams of Bridgeport Texas, is visiting with Mr. and Mrs. Frank McClure during this week just passed. The McClure's daughter, Mr. and Mrs. Don McClure, and Donna Jean, and friends, Mr. and Mrs. Keith Bashier, Brenda and Keith, Jr., of Crosbyton visited here on Thursday night, bringing a freezer of ice cream, which they all enjoyed. That afternoon, Mr. and Mrs. R. M. Haverty and two granddaughters from Silverton, visited with Mr. and Mrs. McClure.

Mr. and Mrs. Sylvian Kinnibrugh and daughters arrived home last week from Colorado, where they had been vacationing at Colorado Springs and Lake City. On Wednesday Mrs. J. R. Spivey, and daughter, Mrs. W. H. Simmons and son, Ronnie, both families from Truscott, visited at the Kinnibrugh home. Mrs. Simmons and son stayed until Saturday with her sister and family here. Over the weekend they all went to Vera to spend the time with Sylvian's parents, Mr. and Mrs. J. A. Kinnibrugh, and her mother Mrs. J. R. Spivey, of Truscott.

Mr. and Mrs. Loyd Deavenport, sons Dennis and Newton, visited on Sunday afternoon in the home of Mr. and Mrs. Murray Julian and son, Steele is visiting relatives in Colorado at present.

Rev. and Mrs. W. S. Spearman and children, his mother, Mrs. W. S. Spearman, Sr. and his sister, Mrs. May Cisco, left on Monday for Dallas, where Mrs. Cisco makes her home, and Farmersville, where Mrs. Spearman resides. The visited with other relatives, and arrived home Friday evening.

Brunch Stanley Party Given

Mrs. Owen Thornton was hostess at an early morning brunch Stanley party at her home in South Plains on Wednesday August 4. Mrs. Nell McClung, of Floydada, gave the party with games and other diversions which were enjoyed by the guests. Mrs. Thornton served hot coffee and doughnuts to the following ladies, Mmes. Bill Beedy, John Smitherman, I. T. Wood, George West, Shelby Calahan, H. L. Marble, Sterling Cummings, John Key West, J. P. Taylor, I. H. Parks, M. M. Julian, Nell McClung and daughter, Sue.

Mrs. Murray Julian left Tuesday morning, August 10 with Mrs. Sparks and Mrs. Norrell, of Floydada, for the T. H. D. A. convention which will be held in Dallas from Wednesday until Friday noon. The group will leave with the other delegates on the chartered bus from Lubbock and return Friday night.

Dean Stewart is home for a week with his parents, Mr. and Mrs. Albert Stewart, Dean is stationed at present at Camp Hood, in Texas.

Mr. and Mrs. Ick Reed, and son of Dumas, spent the past weekend with her mother, Mrs. Lena King who lives in South Plains.

Eugene Beedy is spending this week at Fairview, visiting with his grandmother, Mrs. W. B. Wilson.

Mr. and Mrs. McDaniel, and daughter, Nancy, of Kirkland, were Sunday visitors at church, and guest of Rev. and Mrs. W. S. Spearman and family at Sunday dinner.

Mr. and Mrs. Walter Wood, Mr. and Mrs. L. T. Wood and Juanel spent Sunday in Lubbock at the MacKenzie Park, where they enjoyed a family reunion of Mrs. Wood's family the Hazlewoods' Mrs. Jack McCown, of Powell, Wyoming, is here visiting her parents, Mr. and Mrs. Walter Wood. She came down by plane on Saturday, and will be here this week.

Mr. and Mrs. George West had as guests at dinner on Wednesday and for the afternoon, Mr. and Mrs. Robt. Lee Smith and children of Sterley.

Mr. and Mrs. Henry Kelly and children of Paradise were here last week visiting in the home of the C. A. Guffee. Mrs. Kelly and Mrs. Guffee are sisters.

Summer visitors in the O. M. McReynolds home were a sister of Mrs. McReynolds, Mrs. R. B. Hooten of Jacksboro, Texas. A daughter and family, Mr. and Mrs. E. M. Tidel, Bobby, Shirley and Donnie of Medford, Oregon, and a niece and family, Mr. and Mrs. J. F. Barberousse and Melvin of Shreveport, Louisiana.

R. C. Covington returned of last week from Kentucky relatives at his former home. Columbia typewriter came, yet. Hesperian.

ALLAN SHIVERS

IS FIRST WITH TEXANS BECAUSE . . .

ALLAN SHIVERS

PUBLIC SCHOOLS: As a State Senator, Lieutenant Governor and Governor, Allan Shivers has supported, sponsored or signed every major piece of legislation during the past 20 years. The Texas public school system today is more outstanding than ever before. He believes Texas must continue to meet the growing needs of our schools.

WATER CONSERVATION: Allan Shivers is a strong, outspoken advocate of water and soil conservation. He has a far-sighted program in this important area and the proven leadership to carry it through. "Soil and water conservation continue our Number One domestic problem," he said recently.

ROADS: Allan Shivers was one of the original sponsors of the farm-to-market road system in Texas. During his administration, more miles of farm-to-market roads and state highways have been built than in any other comparable period. He believes highway construction and maintenance should keep pace with a growing Texas.

STATE HOSPITALS: One of Allan Shivers' first official acts as Governor was to call a special session of the Legislature to appropriate \$20 million additional administrative funds and \$35 million in building funds to improve deplorable conditions then existing for the unfortunate patients. "We have made great progress," he said recently, "and the program must be carried on."

INSURANCE REGULATION: As far back as 1951, Allan Shivers recommended strengthening of insurance laws to protect the public. Action is being taken to weed out unsound companies. The clean-up campaign launched by his administration will be continued.

OLD AGE ASSISTANCE: Allan Shivers, as a State Senator, wrote the first Old Age Assistance Law. Two years ago, he promised the old people of Texas he would seek a constitutional amendment to increase old age pensions. That amendment will be voted on by the people next November. Allan Shivers carries out his promises.

PRISON REFORMS: Administration of the Texas Prison System today is recognized by experts as among the best in the nation. Allan Shivers began working toward this goal when he first took office, realizing that the System was classed as one of the worst in the nation. Remarkable progress has been made but, at the same time, the net cost per man per day to taxpayers has been reduced 50 per cent.

TIDELANDS: Allan Shivers courageously battled for years to return to Texas school children the tidelands, rightfully owned by Texas but unjustly seized by the federal government. He helped achieve a conclusive victory and, since then the tidelands already have added \$32 million to the state's Permanent School Fund.

LOCAL GOVERNMENT: Allan Shivers believes government should be kept as close to home as possible. He is firmly convinced that the Supreme Court should

give local school boards maximum latitude in handling the many difficult, varied problems that, in future years, will grow out of the segregation decision.

ECONOMY: Despite the vast improvements which have been made, Texas still ranks among the lowest in the nation in per capita state taxes. Unlike most states, Texas operates on a cash basis without either a sales tax or state income tax. Allan Shivers is opposed to both.

CLOSE TO PEOPLE: Allan Shivers has visited in nearly every section of Texas as Governor because he likes people, enjoys talking with them and profits from their comments and advice. As a result of his genuine interest in people, he and his fine family have become known and loved throughout the State as representatives of the highest type of Christian citizenship.

THE FULL PROGRAM: Allan Shivers already has been recognized as one of Texas' great governors, and as one of the best in the nation. He wants to complete the dynamic, positive program for Texas started with his leadership. Upon the solid foundation already built, and with his demonstrated ability to get the job done, the people of Texas can enjoy state government at its best during the next two years.

A VOTE FOR ALLAN SHIVERS AUGUST 28 IS A VOTE FOR STATE GOVERNMENT AT ITS BEST
