

Two Ballots, Three Issues Are Up For Vote Next Tuesday

LIGHT ABSENTEE VOTE IS CAST

Indicating only limited interest and forecasting a light vote Tuesday is an absentee vote of 13 ballots which had been cast up to the closing hour at the county clerk's office last night.

A general election ballot carrying 11 proposed constitutional amendments, and a special election ballot, relating to roads and taxes, both together are not sufficient to both the minds of the electorate off to crop harvesting and business incident to the fall season.

Wife of Andrews Ward Principal Succumbed Sunday

Funeral service for Mrs. A. W. Coltharp, 41, who passed away about 11 o'clock Sunday night, was held Tuesday morning in the First Baptist church, with the pastor Dr. R. Earl Allen, officiating, assisted by Rev. Robert Smith of Carlsbad, New Mexico, nephew of Mrs. Coltharp and Rev. Bruce Coltharp of Louisville, Arkansas, nephew of A. W. Coltharp. Burial was in Floydada cemetery under the direction of Harmon Funeral home.

Mrs. Coltharp was admitted to the Plainview hospital Wednesday of last week with encephalitis. She had been in a coma for several days prior to her death, and had been ill for about two weeks.

Mrs. Coltharp was an active and devoted member of the First Baptist church. She was also a member of the 1929 Study club and other social clubs. Mrs. Coltharp attended college at West Texas State and was a school teacher until a few years ago when she became blind.

Born Hattie Goins, May 17, 1913 in Lockney, she was wed to A. W. Coltharp September 6, 1933 in Floydada. Two sons were born to this union, Jerry Ray, student at high school and Larry David, a student at Andrews Ward.

Survivors other than the sons and husband, are her parents, Mr. and Mrs. J. A. Goins, four sisters, Mrs. E. W. Thornton, Mrs. C. P. Fulkerson and Mrs. B. C. Cates all of Floydada, and Miss Glessie Goins of Lubbock, and one brother, J. I. Goins of Ardmore, Oklahoma.

Palbearers were Parnell Powell, Al Galloway, John Stapleton, Duncan Hollums, W. R. Newkirk, I. T. Graves, Garland Foster and Lloyd Boren.

The surviving husband is principal of Andrews ward school. Both the Floydada high school and grade school were dismissed Tuesday out of respect to the family.

Teachers Attend Lockney Banquet

Approximately ninety-five teachers attended the Floyd county TSTA banquet Monday night in Lockney, to hear Sam B. Culpepper, director of field service, speak.

Following the banquet, a business session was held. F. M. Smith, principal at Lockney high school and president of TSTA, presided.

An election was held to select delegates to the district convention at Lubbock in the early spring. Those elected were Elvin Lyons of Lockney, Whitt Gunn of Lakeview, A. E. Baker and Clarence Guffee of Floydada.

Alternates chosen were W. P. Nicholson and F. M. Smith. I. T. Graves, superintendent at Floydada high school, introduced Mr. Culpepper, who spoke on "One Hundred Years in Progress of Education in Texas."

Executives will set a date in the near future at which time new officers for the county unit will be elected.

Several musical numbers were furnished by Lockney pupils.

Dr. Convalescens From Operation

Dr. W. A. Schaaf is convalescing this week at his home on West Mississippi street, following surgery for appendicitis late Saturday.

The doctor was in Plainview when he became ill Saturday. He went to a Lubbock hospital for the operation, Mrs. Schaaf with him. He returned home the following Monday by ambulance.

Mrs. Schaaf, a registered nurse, reports her husband recovering satisfactorily.

The Schaafs are recently here from Plainview and are operating a chiropractic clinic at 222 West Mississippi street, where they also make their home.

Freezing Weather Fails to Arrive

With a 31 degree temperature last Thursday morning unexpected and a warming trend all week, Floydada farmers were looking for the first hard freeze Tuesday night that didn't materialize.

Temperature was expected to drop to a low 30-degree reading or below, but cloudy skies prevented this. Low reading for the night Tuesday was 35 reported at the Pioneer Gas company and a 33 reading at KPLD.

11 Amendments On Big Ballot

On the long ballot which the electors will vote Tuesday 11 amendments to the state constitution are listed across the bottom, numbered one to 11. Because of the number of issues put up to the people the ballot is the longest ever voted in the county.

The usual general election "party" columns, five in number, appear at the top of the ballot, under the heads "Democratic party," "Republican party," "Constitution party," "Independent" and "Write-in."

Of these only the "Democratic" column has a candidate indicated for every office from United States senator to justice of the peace.

In the "Republican" column there are candidates for only four offices — all state races.

In the "Constitution" column there are only two names — a candidate for United States senator and a candidate for state commissioner of agriculture. E. E. Wells, a Floyd county farmer, former life-long Republican and former county chairman of the Republican party, is listed as the candidate for commissioner of agriculture.

Constitutional Amendments The 11 amendments proposed, which have been widely publicized through radio and press, stated briefly, are:

- 1. To increase the payments for old age assistance to persons above 65 years of age, blind persons and children under 16 years of age;
2. To provide for crediting members of either the Teachers Retirement System or the state Employees Retirement System all services rendered as a teacher or employee of the state for retirement benefits under either of said systems;

3. To permit Federal Social Security coverage for "proprietary employees" of political subdivisions of the state (employees of municipal light plants, city-county hospitals and the like);

4. Transferring the un-needed portion of the Confederate Pension fund to the state building fund;

5. To authorize the legislature to fix the salaries of state officials and fixing the per diem of state legislators at \$25 per day for 120 days only;

6. Prohibiting the lending of the credit of the state or the lending of public money for toll roads;

7. To require women to serve on juries;

8. To provide a four-year term for elective district, county and precinct offices;

9. To authorize the legislature to create county-wide hospital districts in counties of population exceeding 190,000 and in Galveston county and to levy a hospital tax in those counties.

10. To confer the privilege to vote on members of the regular armed forces;

11. To permit elections in counties of less than 10 thousand population to provide for assessor-collector of taxes.

Will Hold Rites For Young Matron This Afternoon

Mrs. Mildred Marie Metcalf, 28-year-old daughter of Mr. and Mrs. Roy Woods, died Wednesday morning about 5:40 in Pitts hospital.

Mildred, who had been fighting a losing battle against Hodgkins disease for two years, had been gravely ill for about two months prior to her death.

A Floydada girl all her life and a graduate of the high school here, Mildred was married to C. G. Metcalf in Happy on July 26, 1951. The couple moved to California some time later where Mildred became ill. They then returned to Floydada and Mildred made her home with her parents and a sister, Mrs. W. K. Hartley of Pampa.

Survivors include the husband, Malinda, 15 month-old-daughter, the parents, and a sister, Mrs. W. K. Hartley of Pampa.

Palbearers will be Emory Robertson, Leroy Burns, Hays O'Neal, Joe Martin, Gene Lawson and W. R. Daniel.

Harmony Halloween Party Everyone is reminded of the Halloween party tonight at 7:30 at the Harmony community center. Come dressed in real Halloween style.

Election Returns

Returns of the general election and both special elections next Tuesday will be assembled at The Hesperian office Tuesday night will be available to the public.

All election officials are being contacted to get the unofficial figures.

County Clerk Margaret Collier has announced that the clerk's office will be open to receive the returns officially and for the delivery of ballot boxes.

Figures which The Hesperian obtains will be relayed to the Texas Election Bureau, cooperative agency for gathering election returns.

Bill Robertson, Of Bovina, Killed In Highway Crash

Word was received here yesterday that Bill Robertson, 26, of Bovina, grandson of the W. T. Robertsons and nephew of Mrs. Charlie Perry, Byron Robertson and M. S. Robertson, was killed instantly in a car wreck near Texico.

Details of the accident were not available late yesterday and funeral services were pending. A passenger in the car with Robertson was also killed.

Survivors, other than the Floydada relatives are his wife, the former Doris Mauldin of Plainview, a three-month old son and his parents, Mr. and Mrs. A. H. Robertson all of Bovina. Also three sisters, Mrs. Rex Scheffly, Dummitt; Mrs. Darrell Robbins, Blunt, South Dakota, and Kay Robertson of Bovina.

Mr. and Mrs. W. T. Robertson and Mr. and Mrs. Charlie Perry were in Lewisville visiting when the tragedy occurred. They returned Wednesday afternoon. Mr. and Mrs. Byron Robertson were in Houston and were due to arrive home late last night.

M. S. Robertson and his niece, Charlene Perry, left for Bovina at once upon hearing of the tragedy.

Task of Taking Farm Census Starts Friday; Six Take Field

Six census takers in Floyd county, five in Crosby and three in Briscoe are poised to begin the job of taking the 1955 farm census in the three counties beginning this afternoon.

The 14 farm enumerators were in "school" Tuesday morning and Wednesday morning again at the court house in Floydada where crew leader, Paul Snodgrass, of South Plains, drilled them in the details of their jobs.

Mr. Snodgrass has set up a three-county office in the grand jury room for the census and that is where the four-day school has been underway.

Mr. Snodgrass announced the six census takers for Floyd county—all women—are Mrs. Leonard Matster, Mrs. Robert Jones, Mrs. W. A. Dyer, Mrs. Ruth Green, Mrs. P. W. Bell and Mrs. Marvin Gilbert.

Taking the census will be "piece work," Mr. Snodgrass said. Any call backs the enumerators have to make will be at their own expense. Farmers thus can be of great help to the census takers if they will be prompt and co-operative in filling out their questionnaires.

This afternoon their work will be official but will be for practice as well. They will spend three hours in the morning (Friday) studying their work sheets and getting the answers to the problems which they are expected to encounter while out seeing the farmers this afternoon. Friday afternoon they will start out again and carry through until their jobs are finished.

Only the farm census is being taken. Counties into Districts Each of the three counties is divided into districts and for each there will be an enumerator. The schools which Mr. Snodgrass conducted Tuesday and Wednesday lasted from 8:30 in the morning until 12:30 p. m. In that time the prospective enumerators were carried through the process of taking a farm census and filling out questionnaires.

The questionnaires which farmers are expected to fill out for the enumerators have only two pages but the census taker will have each page chock full of information relative to the farms.

Floyd county is divided into six districts, Crosby into five, and Briscoe into three, for the purpose of the census.

Blanks Mailed to Farmers Crewleader Snodgrass said that a questionnaire is being mailed to every farmer in each of the three counties. They were in the mails this week, together with directions and a letter from the Bureau of the Census requesting the farmers to have the questionnaire completed and ready for the enumerators when they reach the farm. If they will do this it will save them time and the census taker time. Also it will reduce expense of the census, he said.

All information given the census takers will be held as strictly confidential and individuals may be sure the information put down in the questionnaire will be used for the farm census only.

SINGING CONVENTION WILL MEET SATURDAY, SUNDAY The Six County singing convention is to meet at Lone Star, 11 miles north of Lockney, Saturday night at 7:30 and also Sunday evening beginning at 1:30. It was announced this week.

L. E. Raper of Plainview is president and Mrs. Earl Rainer secretary.

Re-Allocation Of Taxes Asked

Authorization of the taxpayers of Floyd county for a re-allocation of county taxes for a period of six years is being asked for by the Commissioners Court in Tuesday's election.

The issue, stated "for" and "against re-allocation of county taxes," is put up to the voters as the second issue on the small ballot which the taxpayer-voter will be handed when he appears at the polls.

The first authorization for re-allocation was made in the year of 1946. Re-allocation can only be authorized for a period of six years. The authorization expired in 1952.

Renewal of the authorization by the taxpayers would be for the six-year period beginning with 1955.

Since the burden imposed on the general and road funds of the county are always so big as to make the legal limit of tax levies a necessity, there is no likelihood in the foreseeable future that any less than the legal limit of county taxes will be assessed and collected.

The re-allocation vote gives permission to the Commissioners to make assessments within the legal limit to the various funds as the need appears at the time the court makes it order and sets the rates at which levies will be made.

There was little opposition to the re-allocation measure when it was voted before. Apparently there is no opposition at this time and the forecast is it will be given a strong majority of the votes cast Tuesday.

The vote will make no mandatory change in the total levy of taxes one way or the other and would not prohibit the Commissioners from reducing taxes should the financial affairs of the county permit.

Roadway Is Inadequate On highway 62 a widening program will be carried out, with 10 feet additional width on each side of the present highway. This roadbed in particular is falling to pieces and will have to be repaired at considerable expense from time to time whether or not the road bond issue is acted upon favorably.

A new road bed will be laid on this route as well as on Highway 70 with greatly increased thickness, if the bond issue is carried. More traffic and greater weight of traffic on the roads are calling for a general overhauling of the cardinal highways in the state. The Floyd county sector is a part of the system.

A recent count made by the highway department reveals that travel count on U. S. Highway 70 at one point at this time is 3,200 vehicles per day. Of these many are heavily laden trucks.

Figures on Tax Increase The tax load increase, as figured by County Judge Ralph C. Johnston, based on the present level of valuations, would be \$1.90 per thousand dollars of county and state tax valuation, or stated in another way, would be 93 cents per quarter section of dry land more than tax load was in 1953. The rate needed to service the indebtedness would be 19 cents.

At Tuesday night's called meeting to hear the proposal discussed the crowd was small, but practically unanimous in favor of the bond issue. Whether this forecasts the temper of the electorate generally is the question.

One of the more outspoken supporters of the two-lane improvement for Highway 70 was S. L. Powell, a carrier out of Floydada post office. Powell's automobile has figured in a crash recently, which a two-lane highway would have made impossible. "The cost of the highway to Floyd county would be less than the cost in lives and property will be if the highways are left in the condition they are now in," he declared.

Tuesday night's meeting was presided over by Parnell Powell, president of the Floyd County Highway 70 Association.

The road bond proposal is the first proposition stated on the small ballot which the taxpayers will be handed when they go to vote Tuesday.

Polls will open at 8 o'clock, close at 7 o'clock in the evening. All voting places will be the same as in the last elections except that in Precinct No. 1, Southwest Floydada, the lobby of the Lighthouse Electric Cooperative will be used instead of the high school building.

Mrs. B. H. Howard Crosby Pioneer, Dies at Lubbock

Funeral service for Mrs. B. H. Howard, 87, of Lubbock, was held Saturday afternoon at 2 o'clock in the First Methodist church in Lubbock with the pastor, Dr. Chess Lavern and associate pastor, Rev. E. H. Crandall, officiating.

Mrs. Howard, mother of Mrs. John Reagan and Ard Howard of Floydada, died Thursday night at her home after an illness of several months. Mrs. Howard suffered a broken hip in June.

Survivors include thirteen children, six daughters and seven sons. Daughters are Mrs. Reagan, Mrs. J. N. Payne of Lubbock, Mrs. Howard Crausby of Crosbyton, Mrs. A. G. Reeves of Lubbock, Mrs. Harley Henderson and Mrs. Frank Hill of Tahoka.

The seven sons are Ard of Floydada, Dr. J. P. Howard, Merkle, Urs and Amos of Lubbock, Roy of Melbourne, Arkansas; Grady and Vanore of Graham. Also one brother, Joe Maxwell of Livingston, Tennessee, survives the deceased.

Building Program At Country Club

Work is under way on the club house at Floydada Country Club. Work began last Monday. Pike Hanna, has charge of the building program.

An extensive improvement program for the club has been in the planning for several months. Aaron Carthel, president, said the plans call for a remodeled and enlarged club house.

On completion of the building, the second unit of work will be the piping of water to the fairways and greens, thus making grass greens possible for the golf course.

Of the issues to be passed on next Tuesday the road bonds proposed with which to purchase right-of-way for cardinal highway improvements is far and away of the greatest direct economic interest to Floyd county taxpayers.

The Commissioners court has passed on the proposal favorably and are supporting it. However, the amount of the debt is greater than they are willing to undertake at this time without a mandate from the people.

The proposal is that \$325,000 in road bonds be issued and sold to finance the right-of-way for a four-lane highway on U. S. Highway 70, a 10-foot widening project on U. S. Highway 62 from Floydada to the Crosby county line, and about \$25,000 worth of right-of-way on state-federal highway No. 97 between Cedar and Flomot and 4 miles of right-of-way on the Quitaque road, projected but not constructed.

The Commissioners Court has announced that, if the bond issue carries, the issue will be sold to bear interest at a rate not to exceed 2 1/2 per cent and it will mature serially over a period of 15 years.

The estimate of the probable cost of the right-of-way is based on a preliminary survey made by the resident engineers of the department, and on the experience of Hale and Crosby counties, where similar projects are being undertaken.

James F. Potts, senior resident engineer, has presented the proposal to eight or 10 groups in Floydada and Lockney in the period since the bond election was called.

Most serious problems presented on Highway 70 is in the environs of Lockney where six lanes of travel converge. Voting the bond issue would make it possible to make this bottleneck less dangerous. The exact route will be determined there following-conferences with officials and leaders in the community. Some opposition to the proposal has arisen in Lockney and on the proposed route, making the probability of a favorable outcome less certain.

The recently completed 52-foot improvement through the residential section of Floydada, which a year ago cost the city and citizens \$30,000 and on which the highway department spent \$110,000, will be utilized as the route for the highway until such time as it becomes outmoded and a change is sought by the city, according to statements of department engineers.

Roadway Is Inadequate On highway 62 a widening program will be carried out, with 10 feet additional width on each side of the present highway. This roadbed in particular is falling to pieces and will have to be repaired at considerable expense from time to time whether or not the road bond issue is acted upon favorably.

THE FLOYD COUNTY HESPERIAN

Published by the Hesperian Publishing Co., Inc., at 212 South Main St., Floydada, Texas. HOMER STEEN, Editor
THURSDAY, OCTOBER 28, 1954

Established 1894 by Charles H. Steen, Jr. Entered as second class mail at Floydada, Texas, under the act of Congress of 1879.

VIEWS AND COMMENT

We would like a program of rural road building in Floyd county that would extend the length of the rural routes in the county and only secondary to that the school routes. To the objection that such a program would cost a tremendous amount of money the stock answer would be that a paved road that goes somewhere will always pay for itself. How much such a program would cost and how many years it would take to accomplish it we do not know. Nor are we informed how much the upkeep would be more than the upkeep on the same amount of roads, moving the dirt back and forth like we pay taxes to do now. But what you can imagine as helpful to the country you can get done. The speed-up on traffic, the reduced cost of carrying the mails and the security for school children going to and from school would be a great blessing.

This thought comes to mind in connection with the proposal to re-pave U. S. Highway 70 and the south portion of U. S. Highway 62, as the State Highway Department now proposes to do. It is our considered opinion that the success of this big paving undertaking would speed the day when the rural routes and the bus routes can be paved. The highway program now proposed, you will note, covers all the national highway route mileage in the county. It is, or would be, a part of a national cardinal highway project that was put through congress last year. The congress authorized the money-spending and delegated to the U. S. Bureau of Good Roads and the state highway departments the task of carrying it out. These branches of government—state and national—will build where the rights-of-way are provided, where the citizens go along with them.

The national highway system needs and will have to have a major overhauling. The traffic roads carry — both the speed and the weight, as well as the number of vehicles — is now far and away greater than the burden the roads we have now were engineered to carry. The federal agencies forecast that before the re-building job is completed there will be practically a complete breakdown of highways in areas where the people decide not to go along and provide added right-of-way. In such areas there will have to be re-routing of federal designated highways.

It was about eight years ago that the farm-to-market road building program was instituted in Texas. Floyd county has had a share of this program. About ten miles of this project yet remains in this county to be done. Which communities will get the nod is the question. There are many more than 10 miles of farm-to-market roads that are feasible, which means that some community is going to be disappointed for the present. But this farm-to-market program is not tied to the cardinal highway system planning, will not be affected by it one way or the other, except in the long run the better cardinal highway program will hurry the day for farm-to-market road building, or, as we would prefer, the rural mail routes and the bus routes. Vote for the highway right-of-way bond issue and you will be hastening the day when more roads closer to you will also be built. Sincerely we believe it.

Farm exports from the United States were 36 percent higher in June than in the same month a year ago. This brought to \$2,936,000,000, the value of farm products shipped abroad for the year ending in June. This was four percent higher than the preceding year.

Turning to Cotton. Cotton yields in Floyd county have been better so far than was expected before the fields began to turn white. "This is just one of those years when the stalks turned to cotton," as one man stated it. It was a cotton year. Other pleasing angles: Dry land cotton is turning out a better yield than expected, the grade and staple have been better, the price higher, and the expense of harvesting lower than it was a year ago. What ever this week's flurry in the weather does to the crop, if anything, can't take away from the fact that two weeks of wonderful harvesting weather has made it possible to move a considerable portion of the crop to the warehouse and put the money in the cotton man's bank account.

Constitutional Amendments. As we said last week there are some objections to some of the proposed constitutional amendments but not all of them. In the main, all of them will be beneficial to the state and its people. It would be a good thing to see all of them adopted, straight across the board.

Our friends inside the prison walls will stage their last rodeo of the year Sunday afternoon next. They take the money the event provides and use it in various and sundry ways to make the prison life more bearable, keep the inmates less depressed, make them more anxious to get back into the free world and enjoy its ways. This goes for a very large per centage of the prison population that missed the straight and narrow way and got caught in the web of the criminal law. Also it does no harm to the hardened criminal to look forward to the annual rodeo inside the walls, to have their day once more. Many hours of brooding and planning and teaching younger, less sophisticated criminals the ways of the underworld, are taken up in thinking and planning for the rodeo.

Kiplinger, one of the busy business forecasters, says that another boom lies ahead for America. And he has some good argument despite the adage that bust must follow boom and vice versa. He says two big batteries are being charged for the next economic spurt the dynamic increase in population and the tremendous research program being operated by government and industry. He relates that Benjamin Franklin thought it would take hundreds of years to settle the American continent. He cites that forecasters a few years ago thought it would take until 1960 to attain a goal of 60 million jobs and 155 million population. With 1960 still six years away there are 164 million people now and there are more than 62 million employed. And in research, he says, each new discovery opens up the possibility for more. We like to read it the way Mr. Kiplinger writes it. Also we are not convinced, despite the almost identical line such forecasters are taking to those of 1929, that the conditions are the same, nor that we are headed any time soon for another bust. Time will have to tell how and when.

Prospects are dim for any substantial price recovery in the livestock industry until the fall marketing season is past. Beef production is running at record levels.

The accident rate usually climbs during the fall months on the farm, it's harvest season; and that means longer working hours. Fatigue is a top contributor to farm accidents. Be careful.

V8 Power, Complete Re-styling Mark Chevrolets

A styling advance from any point of view is claimed by the company for 1955 Chevrolets. The latest lineup of 14 models has been completely restyled and in addition incorporates the widest array of chassis improvements ever offered by Chevrolet on a new model. Lower, flecter lines are accompanied by new frames, new suspensions, new operating devices and new power. With the optional Powerglide or overdrive and new V8 engine plus two six-cylinder engines, a customer has a choice of six "power packages." The Bel Air 4-door sedan is pictured above.

Former Resident, Myra Pack, Renews Ties of Friendship

Mrs. L. V. Turner, of Long Beach, California, was in Floydada last mid-week and was a guest of Mr. and Mrs. Ohmer W. Kirk. She renewed other old acquaintances, too, while here.

Mrs. Turner was reared in Floydada and graduated in 1922 from Floydada high school. Her maiden name was Myrna Pack. The family moved to Post and later to Abilene, where she met Mr. Turner. Both were bank employees there. They have been living at Long Beach, California, for more than 20 years. They have one son, who is in the service, stationed at Fort Ord, Mrs. Turner said.

She was surprised at the number of friends and former acquaintances she had a chance to spend some time with while here, Mrs. Turner said.

Incidentally she flew to Texas for her vacation. "I landed in Dallas so as to work back west to see all the people I wanted to visit with, and be on the way home without losing any more time than necessary," she said. Mrs. Kirk was her music tea-

cher when Myra was a youngster. She formed a great admiration for her teacher in those days and a warm friendship sprang up, which has lasted through the years.

LEARNING CHALK PAINTING

Mrs. V. D. Turner was hostess Wednesday, October 20, to a group of ladies who are learning chalk painting.

Mrs. Louis Jurcak of Plainview was demonstrator for the all day affair.

Those attending were Mmes. L. W. Queen, Bud Turner, Loyce Turner, Charlie Warren, Leroy Burns, Doyle Turner, Welton Winn, S. J. Latta, Winfred Payne, E. W. Turner and the hostess, Mrs. V. D. Turner.

Low...and behold!

The motoramic Chevrolet for '55

Chevrolet and General Motors took a whole new look at the low-cost car
—and just look what happened! **NOW BEING SHOWN!**

The Bel Air Sport Coupe—one of 14 new Fisher Body beauties in three new series.

The valve-in-head V8
as only the valve-in-head
leader can build it!

8

Now Chevrolet, the leading builder of valve-in-head engines, introduces the "Turbo-Fire V8." It carries the V8 design to a new high in efficiency with its high horsepower (162), high-compression (8 to 1), high performance and surprisingly high gas mileage. Available with standard transmission, or with the extra-cost options of Overdrive or Powerglide.

6

You can choose from two new sixes, too!
Chevrolet also offers the last word in six-cylinder performance and economy! There's a new "Blue-Flame 136" teamed with Powerglide and a new "Blue-Flame 123" with either standard transmission or Overdrive.

Can't you tell just by looking that Chevrolet and General Motors have come up with a completely new idea about the low-priced car? The idea is this: to build a car that offers the very newest thing in styling, the most modern features, the finest kind of performance and the highest quality of manufacture—all at a modest price. It's something that took a lot of doing and that only the world's leading car builders could do. Everything's new in this Motoramic Chevrolet from its lower top right down to its tubeless tires. Come in for the most fascinating visit you ever made to an automobile showroom!

Wanda Fox, Donald Woolsey Wedding Held On October 6

Wedding vows were exchanged October 6 by Miss Wanda Fox and Donald Woolsey. The ceremony took place in the home of Mr. and Mrs. Jack Wood in Tulsa.

Parents of the couple are Mr. and Mrs. Chester Fox of Floydada and Mr. and Mrs. E. C. Woolsey of Tulsa.

Morgan Sturgass, minister of the church of Christ, performed the single-ring ceremony.

Standing before an archway of greenery and chrysanthemums, the bride was attired in a street length dress of blue slate with a matching bolero trimmed in black velvet. She carried a white Bible mounted with white rosebuds and satin streamers.

Attending as maid of honor was Miss Dorothy Pierce of Floydada, friend of the bride. Miss Pierce was dressed in a charcoal gray dress with black accessories. Her corsage was of pink carnations.

Wayne Hillard of Happy served as best man.

A reception followed the ceremony in the home. The serving table was laid with an ecru lace cloth over blue. Centered was lighted blue tapers in crystal holders.

Mrs. Rufus Hicks and Mrs. Collins Reese of Plainview served the tiered cake and Miss Delores Slomp of Amarillo, niece of the bridegroom, ladled the punch.

Mrs. Jack Wood, sister of the bride, presided at the guest book. The bride was graduated from Floydada high school with the class of 53.

The groom attended school at Tulsa and is employed with Griffith Grocery and Market.

After a wedding trip to New Mexico, the couple are at home at 101 Collins in Tulsa.

MRS. JENKINS IS HOSTESS AT GARDEN CLUB MEETING
Mrs. J. B. Jenkins was hostess last Friday to the Floydada Garden Club.

Mrs. George Smith was program leader.

Mrs. Bill Norman discussed some of the pertinent facts pertaining to the maintenance of balance in the world of nature.

Mrs. Wilson Kimble gave a brief discussion concerning the history of federated garden clubs.

Members answered roll call with the name of an insect, indicating whether the insect is harmful or helpful.

Miss Opal Rogers who is associated with Consumers Fuel, returned home last Thursday from a weeks vacation spent in Wichita Falls and Denton. Accompanying Miss Rogers was her mother, Mrs. D. F. Rogers and Mrs. B. E. Powell of Falls. The ladies visited with Mr. and Mrs. Kenneth Rogers in Denton and with the J. D. Rainers in Wichita Falls.

As we parked the car near the church last Sunday morning we saw a young business man and his two very young sons leaving. The six-year-old was dancing along the sidewalk, looking in store windows. The five-year-old stood still, working intently on the zipper of his jacket. The father, normally a bundle of energy, waited as if he had all the time in the world.

"He wants to do it himself," he explained. "His brother is just the opposite." We talked for a few minutes while the little one worked. As we started away, the boy looked up with a triumphant smile. "I did it!" he shouted.

Even the best of mothers would have had trouble restraining herself, after the first few seconds on a busy street, waiting for a child to conquer a cranky zipper. Fact is, few women could have resisted the urge to rescue the youngster from his jacket troubles. Yet the boy would have been deprived of the real pleasure he got from working out the problem alone.

Why patience ever became associated in people's minds with the female character is a mystery. True, women almost always have "things to do," especially the mothers of very young children. True, the "Sunday morning papa," who gets baby-sitting duty about three or four hours out of the entire week, can spare a little more time and patience for his charges than the mother who works full time at the job the other six days.

Yet we sometimes wonder if a lot of the so-called frustration among teenagers today doesn't stem from impatient—or hovering—mamas, who never have time to be patient with the do-it-yourself training, either for the child who wants it or the one who leans too heavily on personal attention.

1929 Study Club Hears Artists on Club Guest Day

Mrs. Maudell Meredith, outstanding artist on both the piano and organ, from Wayland college, and head of the music department there entertained the 1929 Study club and their guests last Thursday afternoon at the First Baptist church.

Mrs. Meredith was assisted by Joe Abston and Lex Roby, both students at the college. Abston is a student of piano and organ while Roby is a student of the violin.

Mrs. R. M. Stovall and Mrs. J. C. Veach served coffee and cake from a refreshment table laid with a green cloth. An arrangement of pyracantha berries centered the table.

Guests present were Meses. Earl Crawford, C. M. Meredith, Tilden Armstrong, J. M. Willson, Wilson Kimble, J. V. Daniel, Mal Jarboe, W. H. Bethel, J. M. Daniel, J. H. Barnard, E. F. Stovall, and Mrs. Andrew McCulley, also Miss Shirley Harper and Miss Nancy Williams.

Club members present included Meses. Alton Chapman, R. M. Stovall, W. W. Trapp, E. L. Norman, E. E. Joiner, Sam Green, J. D. McBrien, S. J. Latta, C. W. Denison, Gordon L. Downing, John E. Hoffman, Lee Rushing, R. C. Henry, A. H. Kreis, L. L. Sawyer and Mrs. J. C. Veach.

The club will meet November 4 in the home of Mrs. Ross Henry for a regular meeting. Guest speaker for the occasion will be Mr. and Mrs. G. K. Rogers from Amarillo. The two speakers will discuss "The Presbyterian Children's Home" that is located in Amarillo.

RECREATION ACTIVITIES
New members inducted into the lodge in the last month were: Thelma Jones, Jane Marquis, Joann Grubbs, Nola Emert, Essie Weber, Sue Birdwell, and Mary Alice May.

A Halloween party was enjoyed by the lodge on Tuesday night, October 26. After many games and lots of laughter the prize for the best costumes was given to Thelma Jones and Dr. J. G. Pruitt.

Pop corn balls, candied apples, coffee and hot chocolates was enjoyed by the group.

Mrs. Lide and Mrs. Cates will send gifts to the Abilene patient for the month of October.

Refreshment plates were passed to Meses. Wilmer Jones, H. Drysdale, Jack Ross, H. Hines, Johnny Cates, Sam Lide, Ned Bradley, and Mrs. Ralfo James. Visitors were Mrs. C. C. Burns and Mrs. Ella Teafatiller of Floydada.

The November 3 meeting will be in the home of Mrs. H. Drysdale.

South Plains News

(By Mrs. Murray Julian)
SOUTH PLAINS, October 25.—Our community is busy gathering in the last of the garden vegetables, and also busy cutting the last of the grain harvest, and getting out cotton. Much colder weather is forecast for the coming week.

Brother Robert Mays was the visiting minister at the South Plains church Sunday morning and Sunday night. His wife, Mrs. Mays and baby son were visitors in the church at both services. They came from Plainview where Robert is attending Wayland College.

Those who attended the Farm Bureau barbecue dinner held in Floydada last Tuesday night from our community were Mr. and Mrs. R. G. Dunlap, Mr. and Mrs. Grigsby Milton and Mr. and Mrs. Harry Hartman.

House guests in the home of Mr. and Mrs. Jim Reeves over Saturday night and Sunday were his brother, Mr. and Mrs. Garnett Reeves, and sons, Bryan and Truett, who reside at Lubbock.

Brother Robert Mays, Mrs. Mays and son, were dinner and supper guests in the home of Mr. and Mrs. Grigsby Milton and girls on Sunday after church services.

The 4-H Club met in Floydada on Monday night at the VFW hall in a business and recreational meeting. Those from here who attended were: Donita Milton and Stanley Burleson.

Among those who plan to enter the talent show at the Lone Star school house on Tuesday night of this week are Louise Pritchett, Frances Lemons, Kendis Julian and Sue Wilson.

The Hi-land Study Club, of Silverton, is giving a play, "Sister Susie Swings It," a 3-act comedy play, at the South Plains school auditorium on Monday night, November 1, at 7:30. The proceeds will help to pay for the piano for the South Plains school. Mrs. Buster Wilson, from Silverton, is one of those taking part in the play.

The WMU met at the Baptist church in South Plains on Wednesday afternoon, October 20, with Mrs. Jones presiding. The afternoon meeting began with a prayer by Mrs. McClure, and the new Bible books, "Baptist Fundamentals" were opened and discussed. The first chapter, "The Bible," was studied by the group, under the direction of Mrs. Reeves. We know that the Sacred Writings are truly God's message, and that inspired men wrote the Holy Book. Mrs. Karr dismissed the meeting with prayer.

Tom R. Millican Passes; Funeral Held Wednesday

Tom R. Millican, former resident of this county, died at the age of 78 in the home of a son, W. H. Millican at Acuff Monday.

Mr. Millican had been a resident of Acuff for about 28 years. He was retired at the time of his death. He was a native Texan who moved to this section from Denton county.

Funeral rites were read Wednesday in the Acuff Church of Christ at 3 p. m.

Survivors include two sons, W. H. Millican of Acuff, and Herman Millican of Petersburg; a daughter, Mrs. Earl Rogers, Hale Center; a sister, Mrs. Ella Maxwell, Lewisville; a brother, Hugh Millican, also of Lewisville; nine grandchildren and several great-grandchildren.

Burial was in Lorenzo cemetery under the direction of Sanders Funeral home of Lubbock. Mrs. William, who preceded him in death, and a son, are buried there.

Attending the rites on Floydada were Mr. and Mrs. C. N. Walding, Mr. and Mrs. Buck Walding, J. I. Walding and Miss Lyda Walding.

Those present were Meses. Dock Jones, Sim Reeves, Grigsby Milton, Bryan Karr, Frank McClure, Walter Wood, Shelby Calahan, Horace Marble, J. P. Taylor, Murray Julian and Katy Taylor.

There was quite a lot of excitement in South Plains on Wednesday afternoon about 2 o'clock when the Cassel gin had a fire. The blaze was confined to the burr pile, but all the cotton trailers were hauled to a safe place on the ball field while the fire was gotten under control. The fire truck from Lockney was called to quench the fire. Only a few minor burns were suffered by those working at the gin.

Mrs. Lewis Jurcak held a painting class at the home of Mrs. Ernest Smitherman on Friday, October 22, with an all-day class which everyone enjoyed. Mrs. Smitherman served lunch at noon to Mrs. Philip Smitherman and other guests including from Silverton, Mrs. J. K. Bean, Mrs. Lem Weaver, Mrs. Charles Cowart, Mrs. Clyde Lightsey and from here Mrs. Murray Julian and Mrs. Grigsby Milton.

The South Plains P-TA will have a call meeting on Friday afternoon, October 29. At this time they will add the final touches to the Halloween Festival which will be held at the school house on Saturday night, October 30. Goblins, witches, spook house, fun house, country store, bazaar, and other amusements will fill the school house on this Saturday night. Come in costume, or come in garb you wish, but come for an evening of fun.

Mr. and Mrs. R. M. Haverly, from Silverton, and Mr. and Mrs. George Weast were visitors in the home of Mr. and Mrs. Frank McClure on Monday night of this week. Mr. McClure showed slides of the many interesting places they had been this past summer.

Mr. and Mrs. Bill Harper were visiting relatives this week in Lockney and Floydada. They have been in Carlsbad, New Mexico, and various other places the past three weeks, and they are leaving this Tuesday for Lubbock to spend the night, and plan to be in San Antonio by Friday where they will visit with her sister, Mrs. Ruth Burnett, and their daughter, Nadine, who goes to college at San Antonio. They will then go to their home in McAllen.

Mr. and Mrs. Frank McClure visited their parents, Mr. and Mrs. R. W. Newman of Snyder, last Friday and Saturday, returning home Saturday evening. They met a sister and family of Dallas, while they were in Snyder. Mr. and Mrs. Leonard Davis, and an aunt, Mrs. Clara Sessum, who is from Gorman.

Mr. and Mrs. George Weast were hosts on Sunday to a group of friends from Silverton, Mr. and Mrs. Ed Thomas, Mr. and Mrs. Gordon Alexander, and Mr. and Mrs. D. H. Davis. On Tuesday the Weasts went to Lubbock on a shopping trip, and to visit Mrs. Ray Horn, who is in the hospital there, having just undergone an operation. We understand she is getting along fine at this time.

Katherine Mulder has been ill all this past week with a severe cold and flu. Mrs. Mulder was unable to go to Amarillo on Wednesday last week as Kathy did not recover. H. S. Calahan, Jr., has had the flu, and was very ill over the week-end. He had the misfortune to break two ribs on the combine last week, and was shaken up all over.

Rev. Larry Paus will preside in the pulpit at South Plains next Sunday for the morning and evening services. Everyone is cordially invited to attend.

Mr. and Mrs. Roy Arndt, from Los Angeles, California, and Mr. and Mrs. Orley Kidder, from Fillmore, California, both the ladies sisters of Mrs. Dunlap, spent the week end as house guests of Mr. and Mrs. R. G. Dunlap, Becky and John. As they left they went by way of Oklahoma City, and then to Springfield, Missouri. From there they will return to their homes in California.

Jack Reeves who teaches at Roswell, New Mexico, spent the week end here with his parents, Mr. and Mrs. Sim Reeves.

Army National Guard units received 88 Presidential unit citations for "outstanding performance of duty in action or for conspicuous valor or heroism" during World War II.

Henry VIII had six wives.

KITCHEN AND ★★★ FIELD NEWS

from Lighthouse Electric Cooperative Inc., by Nancy Moreckel and Claude Weathersbee.

When home lighting is inadequate in quantity and quality to the extent that it is tiring to the eyes of the occupants, it makes slower and more difficult such tasks as reading and sewing, also working in the kitchen and laundry. Good home lighting is two fold in purpose. It consists of general room illumination, and of lighting for specific tasks. It is diffused and comfortable to live with, yet adequate in amount for quick and easy seeing of the task that is to be accomplished. It is of such quality as to make for improved home beauty, charm and livability.

Blonde Layer Cake. Sift into mixing bowl; 2 1/2 cups sifted cake flour; 1 teaspoon salt; 3 teaspoons double-acting baking powder; 1 1/2 cups C and H pure Cane Granulated Sugar. Add 1/2 cup shortening and 1/2 cup milk. Stir, then beat with electric mixer at medium speed, or with spoon, 2 minutes, scraping bowl often. Add 2 eggs, 1 teaspoon vanilla and 1/2 cup milk; beat 2 minutes longer. Pour into three greased and paper-lined 8" layer pans or two 9" pans. Bake at 350° about 25 minutes for 8" pans, 30 minutes for 9" pans, or until done. Turn out on racks, peel off paper. Cool before frosting. (If you prefer, use your own favorite cake recipe or your favorite packaged cake mix).

Strawberry Frosting. Sift about 1 1/2 lbs. C and H pure Cane Powdered Sugar. Measure 4 cups into a large bowl (of electric mixer if you have one). Measure another 1 1/2 cups and set aside. Heat 8 tablespoons water just to boiling. Remove from heat, stir in 4 tablespoons strawberry-flavored gelatin. When dissolved, stir in 4 tablespoons margarine. When melted, pour over powdered sugar in bowl and beat until smooth and fairly thick, scraping bowl often. Gradually beat in enough of the 1 1/2 cups sifted powdered sugar to make frosting just stiff enough to hold shape. (It stiffens more as it gets cold). Spread on cool cake in swirls.

For birthday or other celebration, get out your prettiest cake stand or large plate. Sift a little powdered sugar on the plate. (This will keep cake from sticking to it.) Put cool layers of Blonde Cake together with Strawberry Frosting, then frost all over, making interesting swirls. (You don't have to hurry with this frosting). Set aside until serving time. The frosting gets firm as it gets cold, but it stays creamy-smooth, like a fondant icing. Decorate with candies, or fresh flowers, or both. Bring it on, singing "Happy Birthday." Or swing into "Casey Would Waltz with a Strawberry Blonde!"

Stubble Mulch Farming

Stubble mulch farming is the practice of leaving mulch stubble on the surface of the ground from grain sorghums, wheat, etc. This practice has been shown to accomplish its intended purpose of protecting the soil from erosion by wind and rain. Yields have been increased 10 to 15 percent over the one-way plow.

The ideal implement for stubble mulch tillage is a sweep-type blade, at least 30 inches wide. Allow a 6 inch overlap between sweeps, which gives a spacing between shanks of 24 inches and vertical clearance to permit stubble to pass. Use a rolling coulter ahead of the shank. The implement should be heavy and durable enough to stay in hard ground at a level position of sweep setting and equipped with a power lift.

Either tool-bar mounted sweeps or field cultivators may be used. The larger the sweeps, the more effective for leaving residues on the surface.

The first tillage after harvest on wheat land should be made at the greatest depth, from three to five inches. Succeeding cultivations should be made at a shallower depth to avoid the compact layer called a plowsole or tillage pan which occurs when plowing continuously at the same depth. Varying depths also firm the seed-bed. Tillage at a constant depth, especially when the soil is in a wet, plastic condition, smears the individual soil particles together, destroys pore space, and inhibits replenishment of oxygen in the soil air.

A good practice for handling land in fallow is to use delayed fallow, which is cultivation not commenced until the first crop of weeds develops in the spring following harvest. This eliminates about 35 percent of the expense of cultivation, in comparison with the usual way of fallowing, and has been found to give just as high yields. The undistributed stubble, plus fall weed growth, gives the best possible protection during the winter blow period and places the soil in a remarkably receptive condition for moisture.

Only as a last resort, should the points of the blades be pointed slightly downward to hold the plow in the ground. Extremely hard ground may warrant a setting to keep sweeps plowing instead of riding out.

Rains do not generally reset weeds unless they come within a 24 hour period after cultivation.

In most years wheat can be drilled with any type drill desired. In years when there is an exceptionally large amount of straw, a disc drill will become clogged, and it will be better to use a deep-furrow type drill. Wheat drilled under the mulch will be less bothered by crusting if rains occur between seeding and emergence of the crop.

In preparing row crop land, the stubble mulch sweep implement can be used for all preplanting operations up to the time the crop is listed. Where sorghums are planted with a grain drill, surface residue can be maintained throughout the growth of the crop. Stubble mulching of irrigated land is just as important as on dryland. It speeds up water intake and reduces evaporation. This is one of the most important soil and water conservation practices in use today.

Deckers in Crash But Continue Trip To Temple, Waco

Mr. and Mrs. Lane Decker and daughter, Charlotte, were shaken up some, when their car was hit by a pick-up in Gerard last Friday.

The Deckers were on their way to Temple to visit with Mrs. Decker's mother, Mrs. L. L. Jones, when the accident occurred. Mrs. Decker said the woman driving the pick-up stated she did not see the Decker car in time to avoid hitting it. The pick-up was making a left turn and hit the '54 Oldsmobile on the drivers side, throwing it against a culvert.

The impact threw the baby in front from the back seat, but she received no injuries. Mrs. Decker was treated at a hospital there for shock and bruises.

Mrs. Decker said they drove the car back to Spur where Oden's wrecker met them with her father's car. The Oldsmobile was towed back here and the Deckers continued their trip in Mr. Jones' car.

After all this their trip was still enjoyed. On arriving in Temple they found Mrs. Jones improved from surgery performed in Scott and White clinic. Mrs. Jones is out of the hospital and is said to be convalescing in her hotel room. She will have to stay in Temple about ten more days for observation before her return home.

While there the Deckers drove over to Waco where they witnessed the Baylor homecoming game.

MP With Glow On Has More Control

SEOUL—The army is using "spooks" to direct traffic in Korea. However, the ghostly figures soldier-drivers see in their headlights are nothing more than glowing military policemen. The spook effect comes from a set of luminous sleeves that glow in the dark.

The sleeve set fits over the policeman's outer clothing and adjusts with strips of the same luminous material across the back. Arm length arrows on the sleeves help attract attention to traffic directions.

This innovation—latest Army aid to traffic safety—is becoming familiar to Army drivers at many busy intersections in Korea. Although still in the field test stage, it is apparent that MP's wearing the sleeves have better control over traffic.

"Once drivers get accustomed to seeing our MP's glowing in the dark, the sleeves will move traffic better than any flashlights, wands, or other luminous devices we have used," said one MP officer.

Radioactive

ORLEANS, France — The X-ray is the usual method of exploring the interior of the human anatomy, but Army engineers have successfully used a portable Geiger Counter when the complicated mechanism failed.

A French gourmet had swallowed a needle containing 1.33 milligrams of radium. He was X-rayed immediately at the Orleans Centre Hospital, but the French doctors found that radium destroys X-ray film.

An emergency call to the Army's engineers for the Geiger Counter located the needle in the patient's lower left abdomen.

No Replacement For the Heart

AUSTIN—Heart disease is the leading cause of death in Texas, declares Dr. Henry A. Holle, State Health Officer. It takes more lives each year than cancer, accidents or any other cause of death, in fact one-third of all deaths are due to heart disease and the toll is rising. It can be curbed if you will have a periodic health examination by a qualified physician and follow his instructions for protecting your heart.

An annual physical examination sometimes brings to light adverse conditions, many of which can be corrected before they cause serious damage. Only a physician can recognize for certain the danger signals of heart trouble, and tell you how to take care of yourself.

If your physician tells you to slow down or reduce your weight, to cut down on your heart's load, heed his advice. He wants to help you take care of your heart and to keep you in good health. There's no replacement possible.

The heart needs good care to stay in good running order. Almost anything you do affects your heart. The food you eat, the stairs you climb, the hours you sleep, the pace you set for yourself, your illnesses, the worries you brood over, the tensions you live under—all affect your heart. These are the patterns of your life. These are what make you tick. These conditions play roles in making your heart the kind of heart it is. And there are indicators to warn you of trouble, if you look for them.

The heart can work at a fast pace, and under handicap, for a long time, because it draws on its reserve power. But when the reserve power of the heart begins to wear out, you experience some of the symptoms commonly associated with heart disease. You may experience a shortness of breath, pain over the heart or breast bone, swollen ankles, and heavy uneven heart beats.

Of course at any time, sudden, strong physical exertion will cause a person's heart to beat faster. But if, under ordinary circumstances, you experience any of these symptoms, heed the warning and see your physician. You may not have heart trouble, but its smart not to take chances.

Mobility Is 'Must' In Tank Division; Even Music Rolls

PORT HOOD, Texas—The man who plays the tuba and the man who beats the drum in the First Armored Division band may find themselves changing a tire during a four-bar rest.

That would seem a likely hazard for musicians in a jeep-mounted band—which the First Armored's organization is.

Twenty-one jeeps in precise formation carry the 56-piece band in parades and public appearances. Drivers must watch their fenders closely as the bandmen do their notes. Four abreast, the vehicles are six inches apart with two and a half feet between bumpers.

The drum major wields his baton from a standing position in the lead jeep.

The shiny instruments reflect the bright yellow of the musicians' helmet liners, scarves, shoulder fourragers, gloves and shoe laces.

The idea of the jeep-propelled band was conceived by Lieutenant General Bruce C. Clacke, former division commander, in 1951.

Since then, the band datebook has been full of requests for appearances at central Texas civic affairs, fairs and stock shows, including the big "Battle of the Flowers" in San Antonio in the spring.

First Lieutenant Jerry Ed. Bishop, son of Mr. and Mrs. Ed Bishop of Dalhart and grandson of Mrs. Jenny Bishop of Floydada, has been awarded the Army's Commendation ribbon and Medal of Honor for outstanding service as battalion personnel officer while assigned to the 772 Military Police Battalion in Korea. Bishop recently returned from the tour of duty in Korea.

THE ROAD BOND ISSUE

If the Taxpayers Vote the \$325,000 Bond Issue for Right-of-Way next Tuesday:

- Practically every cent of this money will be spent with Floyd County Citizens for Property that will be taken or damaged;
- The State Highway Department will spend in this county \$1,800,000 or more in a period of Three Years;
- And Floyd County will have its Cardinal Highway Problems behind it for 20 years or so.
- It will cost the taxpayers \$1.90 per \$1,000 valuation for 15 year bonds at 2 1/2 per cent.
- On a quarter section of dry land the tax bill will be 96 cents more than it was in 1953.

IF THE TAXPAYERS TURN DOWN THE BONDS

- The highway department will simply go to some other county and build the roads with the money they offer to spend here.
- Vote for safe highway travel. The Life a two-lane highway will save may be yours.

'All New' Said Of New Pontiac Seen Tomorrow

PONTIAC, Michigan — Pontiac makes its biggest bid for the medium price market with an all-new body and 180 horsepower overhead valve V-8 engine for 1955. The "all new" 1955 Pontiacs, featuring completely new panoramic bodies and a Strato-Streak V-8 engine, will be shown for the first time on October 29th at L. C. McDonald's in Floydada and at Pontiac dealerships across the country.

The Strato-Streak V-8 engine and new body head an impressive list of new features. The 1955 Pontiacs have an exciting range of modern colors and "Vogue" two-toning; exquisite interior styling; panoramic windshield and increased glass area; functional, jewel-like instrument panel; powerful 12-volt electrical system; newly designed frame; new vertical king-pin front suspension; larger brakes; improved ride and handling and attractive accessories combined with a tremendous number of mechanical refinements.

The Pontiac for 1955 incorporates more engineering innovations than any model since Pontiac was first produced in 1926. The new car has 109 outstanding new features.

The fleet new bodies have a low, streamlined silhouette. The front-end, accentuated by the massive dual impact bars and grille bar has the modern appearance of a jet plane air scoop. The headlamps display a bold new treatment with futuristic air crescents above them. Twin silver streaks, a popular feature of Pontiac's "dream cars", the Bonneville Special and the Parisienne, sweep back from the radiator grille of the 1955 Pontiacs, terminating at the cowl-wide passenger compartment air intake.

Lakeview News

(By Mrs. D. C. Harrison)

LAKEVIEW, Oct. 25—The Lakeview boys played the Cone boys in another game of baseball this week. Our boys won by a score of 28-7. Max Harrison hit two home runs and Clyde Wimberly and Mack Wilkes each hit a home run.

Mr. Rodgers, our county agent, met with the 4-H club boys at school Wednesday morning. An election was held in which Max Harrison was elected president, Mack Wilkes, vice-president, Clyde Wimberly, secretary and Rex Wimberly, reporter.

A coffee was given in the home of Mrs. Roy Pawver, honoring Mrs. Charles Johnson nee Eddie Lynn Hammonds, Wednesday, October 20. Mrs. Amanda Hart played soft music during the reception. Bronze chrysanthemum corsages were presented the bride and her mother, Mrs. Edwin Hammonds and Mrs. R. L. Johnson, the groom's mother. The house was decorated with arrangements of fall flowers and pots of ivy.

The honoree was presented with a lovely automatic coffee maker and a steam iron by several friends of the community.

Visitors in the home of Mrs. R. C. Smith Sunday were Mr. and Mrs. Travis Dunn and girls of Plainview, Mr. and Mrs. Bill Smith, Janice and Ronnie, Mr. and Mrs. Milton Harrison and children, Mr. and Mrs. D. C. Harrison, Jerry Bob and Max and Roy Smith of Morton.

The Lakeview Home Demonstration club met Thursday, October 21 at the home of Mrs. Milton Harrison. The program for the afternoon was "Gifts from the Kitchen" by Mrs. Roy Pawver, "Gifts from the Sewing Room" by Mrs. Earl Edwards Jr., "Gifts from the Crochet Hook" by Mrs. Earl Edwards Sr., and "Gifts from the Yard" by Mrs. Verlon Wright.

Each of the members gave an interesting talk and had several articles to show. The Halloween carnival was discussed. It will be held Thursday night, October 28.

Refreshments were served to Mes. B. P. Neff, Jim Owens, W. F. Bertrand, Roy Pawver, Earl Edwards, Sr., Earl Edwards, Jr., Curtis Williams, R. L. Nichols, Lewis Pyle, Jimmy Price, Mrs. Verlon Wright and several children. The club adjourned to meet at the school house on the night of November 4, when a movie will be shown.

Mr. and Mrs. A. L. Smith visited Mrs. Smith's mother, Mrs. Bird Oats in Lubbock Friday. Other visitors in the Smith home were Mr. and Mrs. Blanton Hartwell and children of Mt. Blanco.

Notice

A Halloween party will be held at the school house Thursday night, October 28. We are planning a good time for all. There will be several tables for "42" and various other games including Bingo, so lay down that cotton sack long enough to enjoy yourself for awhile. The time is set for 7 o'clock.

Mr. and Mrs. Cecil Johnson had as their guests Sunday, Mr. and Mrs. A. C. Aulston and daughter, Mrs. Kenneth Reed, Mr. Reed and their son, Mr. and Mrs. John T. Blocker, all of Lubbock. Mrs. Johnson returned home with Mrs. Reed for an indefinite visit.

Mr. and Mrs. Ted Allen and children of Ralls, visited in the A. L. Smith home Thursday. Friends from Crosbyton who visited Choice Smith were Mickey Cooper and Kenneth Leatherwood.

Mrs. Orval Custer and Kenny went to Crosbyton Friday and Mrs. Curtis' mother, Mrs. J. R. Evers returned home with them for the week-end. They all visited Mrs. John Custer in Floydada Sunday.

Mr. and Mrs. T. L. Johnson and Mrs. Lula Steele of Crosbyton took dinner Friday with Mr. and Mrs. R. L. Johnson. Mr. and Mrs. Lewis Parks and boys of Plainview spent Friday night in the Johnson home.

Mr. and Mrs. Geo. Davis of Crowell, George Ann Davis and her friend, Jane Cooper of Texas Tech, spent Sunday with Mr. and Mrs. Weldon Hammonds and family.

Some of the children are out of school on account of illness. Reported ill at this time are Kenny Custer and Rex Wimberly.

Jerry Bob Harrison, student at WTSTC at Canyon, spent from Friday until Sunday with his parents, Mr. and Mrs. D. C. Harrison and Joe Max.

Mrs. James Lee Nichols and children spent Sunday in Floydada with Mr. and Mrs. Earl Oden.

Mr. and Mrs. G. W. Smith, Dale and Freida of Dougherty visited Mrs. R. C. Smith Sunday night.

Mr. and Mrs. Earl Edwards, Jr., and family had as their guests over the week-end, Lt. and Mrs. Andy Smith and daughter of Reece Air base at Lubbock. They are friends of Mrs. Edwards, formerly of Llano, Texas.

Mr. and Mrs. Vernon Blackwell are parents of a six pound 11 ounce boy, born Saturday afternoon, October 23, in Plainview hospital and clinic. The baby has been named Thomas Lamont. Grandparents are Thomas Blackwell of Plainview and Mrs. L. L. Swisher of Floydada.

Mrs. Alice Wright Authoring a Book

Mrs. Alice Wright returned to the plains last week after a few weeks in New York City. Mrs. Wright is making plans for a book that will go to press soon and was in that city to see her publisher.

Mrs. Wright was in Floydada Friday for a short time. She has been making her home in Plainview but will live in Amarillo for awhile, she said here.

New York City has changed greatly since she last visited there four years ago, in particular Times Square which is more like a 24-hour a day carnival now. On her return to West Texas Mrs. Wright came by plane, leaving New York at noon and arriving at 8:15 the same evening. Hurricane Hazel struck west of the big city and it was not noted there except for torrential rains.

Fairview News

(By Mrs. Clyde Bagwell)

FAIRVIEW, October 26 — Everyone is so busy working these days that our news is scarce.

Our weather has made a decided change this morning so it seems our summer-like days are over.

We take this means of expressing our sympathy to the family of Mrs. A. W. Coltharp in their sorrow. We have known and loved Hattie for a number of years.

Clarence Faus of Clayton, New Mexico, came Friday to bring Ronnie Faus here to spend the weekend in the home of his brother Rev. Larry Faus. Ronnie is staying in the home of his uncle Clarence Faus and attending school at Clayton. Ronnie returned to Clayton Monday on the bus.

Mr. and Mrs. Walton Wilson and Mrs. W. B. Wilson made a combined business and shopping trip to Lubbock Tuesday. While there they visited at Tech college with Mary Ann.

Tommy Owens of Floydada spent Saturday night and Sunday with Jim Dan Stewart. Tommy's parents, Mr. and Mrs. J. T. Owens came out Sunday afternoon and visited in the Stewart home and Tommy returned home with them.

Mr. and Mrs. E. W. Walls attended church in Lockney Sunday morning and were Sunday dinner guests in the home of Mr. and Mrs. Walton Wilson.

Dwain and Randell Reeves of Plainview spent from Friday until Sunday afternoon with their grandparents, Mr. and Mrs. L. B. Cozby. Mr. and Mrs. Cozby took them home Sunday afternoon and visited at the hospital with their son-in-law Grady Reeves. They report Grady as resting better but still suffering from his burns.

Mrs. W. T. Branson of Floydada came out Sunday afternoon and spent the afternoon and had supper with Mr. and Mrs. Clyde Bagwell.

Mr. and Mrs. Charles Yearly and daughters of Lubbock visited while Saturday with their grandmother Mrs. W. T. Branson in Floydada.

Whirlwinds Down Olton Mustangs Electric District 2AA Opener

Starting the encounter Floydada received and Bobby Johnson kicked off for the Mustangs sending one to Laron Fulton on the 'Winds 12 yard line. Fulton returned the ball to the 34 before going down. Then on the first play from scrimmage there was a fumble in the Floydada back field and Donald Powell recovered for the Mustangs on the 'Winds 31.

STARTS WITH A BANG

The Mustangs worked the ball down field quickly on running plays and after reaching the four yard line Jerry Dennis circled his own right end for the first score of the ball game. Johnson kicked the point after touchdown and the Mustangs owned a 7-0 lead before the crowd had settled in their seats.

The 'Winds took the following kick and advanced it to the Olton 24 before losing the ball on a fumble. This was the only other serious

threat in the first quarter. As the second period opened the 'Winds had lost the ball on downs to the Mustangs on their 36. Olton worked the ball down field on power plays to the Whirlwind 8 when J. E. Waller recovered a fumbled ball following a pass completion. Penalties plus the Olton defense stopped the Floydada attack on the 'Winds 13 and Baxter punted from that point to the Olton 40 to end the threat. Olton's attack bogged down on their 45 and Johnson punted to the 'Winds 34. The Whirlwinds attack carried back to midfield before bogging down and they again called on Baxter to punt. Facing fourth down and some 18 yards needed Baxter received a bad pass from center and was unable to get the kick away, and with the Mustangs bearing down upon him he scooped up the ball and made much of the needed yardage before going down. The half ended shortly thereafter with the score still favoring Olton by a 7-0 count.

A TIED BALL GAME

As the two teams took the field following the intermission Floydada received the kick off and Gene Swanner took it on the 22 and returned to the 33 before going down. As the 'Winds began to move from this point the crowd soon sensed a change in the Floydada team as the plays began to work with good blocking and ball handling and the hard running backs were not to be denied as they moved down field to the Mustang 34 yard line. From the 34 the 'Winds went all the way as Floyd Stephen was cleared in to the secondary. He was hit hard, but spun off the would be tackler and wound his way the remaining distance to the goal line as some of his team mates caught up with the play and helped to clear the way. Marvin Rucker made the kick good and it was a tie ball game.

The 'Winds kicked off and Stanley Vickers sent one down to the Olton 20 where Dennis hauled it in and returned to his 30. The Whirlwind defense ran up the stop sign at this point and the line and line backers laid on some brutal tackles to stymie Messrs. Smith and Dennis and forced the Mustangs to punt.

Jackie Jarrett took Johnsons punt on the Floydada 35 and returned it to the Olton 41 before going down. With Jarrett, Stephens, and Fulton alternating on quick runners and power plays the 'Winds moved down field behind smooth work up front by the line and carried in to the Olton 1 where J. E. Waller rode over with a charge at center to score the TD and the 'Winds led 13-7. Rucker's kick failed.

The Hectic Fourth Period

In the hectic fourth period Olton scored 7 points and the 'Winds hit for 13 as the two clubs opened up to keep the crowd on their feet much of the time. The Mustang score came from their own 19-yard line when their running game was again bottled up at the line of scrimmage and they went to the air. Apparently finding receivers downfield all covered Granbery flipped one laterally to teammate Smith on his left side line. After being hit and almost trapped several times Smith emerged into the clear with two blockers trailing him and went all the way to cover 81 yards on the pass and run and put the Mustangs back in the lead.

With time running short the 'Winds took the kick off and with a fine selection of plays that were well executed moved quickly down

field to the Olton 1 where again Waller banged over for the score. Rucker's kick was good and the score was 20 to 14 with 2 minutes and 45 seconds remaining.

Following the next kick off the Mustangs took to the air with desperation passes and Keith Marble, who was turning in a fine game for the 'Winds, pulled down one for himself and ran it back 20 yards to pay dirt. Rucker's kick failed and the scoring was over at 26 to 14 favoring Floydada.

As time ran out Olton again attempted to take to the air but Glad Norman put a stop to their hopes when he intercepted on the Olton 37.

Starting the game for Floydada were Cloyd Stephens, Laron Fulton, Gene Swanner, J. E. Waller, Keith Marble, Max Crawford, Carroll Guthrie, Jackie Jarrett, Walter Simmons, Doyle Grundy, and Stanley Vickers.

First downs were 17 to 10 favoring Floydada. Net yardage rushing from scrimmage was 321 for Floydada and 107 for Olton. Passing yardage which also included the run after catch was 20 yards for Floydada and 113 for Olton.

District play got under way last Friday night with two conference games on tap. In the number one contest of the week the Floydada Whirlwinds upset the favored Olton Mustangs 26 to 14 and are now considered title favorites along with Muleshoe which poured it on the winless Lockney Longhorns by a 33 to 2 count. The Mules of Muleshoe have been steadily improving and are now considered a definite threat to any team with championship hopes.

Lockney has an open date and will enjoy a week's rest from the gridiron wars, but will be busy preparing for the big battle "for the championship of Floyd county" here on November 5.

Tulia's Hornets wound up their season of intersectional games Friday and will enter the thick of the district games this week. The Hornets failed to add much to the district prestige when they fell before an average Price College 11.

School Carnival Planned by PTA

Andrews Ward has planned a school carnival to be held November 19, it was announced last week by Mrs. W. F. Patrick, vice president.

Mrs. Patrick is heading the group in the absence of Mrs. Paul Sparkman, president, who is still gravely ill in Lubbock hospital.

Funds raised from the carnival will be used to promote current projects of the PTA.

Final plans will be laid at the regular meeting of the organization on November 10. John Stapleton, district attorney, is to address the November 10 meeting on "Promote the General Welfare."

Graves Announces School Holidays

School patrons will be interested in the announcement made this week by Superintendent I. T. Graves as to the Thanksgiving and Christmas holidays at the schools of the city.

At Thanksgiving the schools will dismiss the afternoon of Wednesday, November 24, for Thanksgiving day and Friday, November 25 and 26, resuming work on the following Monday.

For Christmas the schools will dismiss on Friday, December 17, and resume schedules on Monday, January 3, giving two full weeks and two weekends for the yuletide holiday period.

LAKEVIEW 4-H CLUB MEETING

(By Joanna Gunn)
The Lakeview 4-H club met Wednesday morning in the school lunch room. Officers were elected to serve for the coming year.

Charlene Wright was elected president; Linda Thurston, vice president; Scarlett Smith, secretary; and Joanna Gunn, reporter. Scarlett and Patricia Neff were elected to serve as game directors.

Thirteen members were enrolled. Miss Lelia Petty, Home Demonstration agent, showed a demonstration that can be used for Halloween and Thanksgiving.

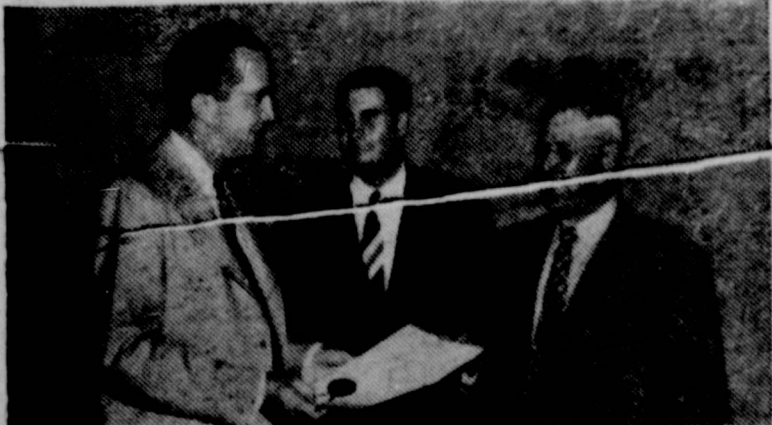

After singing songs the meeting was adjourned by saying the 4-H club prayer.

FLOYDADA COUPLE HONORED

Mr. and Mrs. C. W. Denison, sr., visited last Sunday in Brownfield with their son, C. W. Denison, jr., and family. Mr. and Mrs. Gilmer Denison and family of Lubbock were also visitors in the home.

The occasion was to honor the Floydada couple on their birthday. A lovely dinner was enjoyed by all.

Governor Proclaims "Beef Week In Texas"

Beef Week in Texas, November 8 to 14, was made official this week when Governor Allan Shivers handed an official proclamation to Roy Parks, Midland, President of the Texas Beef Council. The proclamation urged all Texans "to eat beef at least once a day." Shown with the Governor and Mr. Parks is J. D. Sartwell, Houston, center, TBC first vice-president.

Church Officers Installation on Night of Nov. 2

A "pot Luck" supper, a general workers conference and an address by a visiting Lubbock minister, will mark the installation Tuesday night (November 2) of church elected officers of the First Baptist church, beginning at 7:30 o'clock.

Announcement of the plans for the event names Rev. Cecil Ray, pastor of the Arnett-Benson Baptist church, Lubbock, as the inspirational speaker of the evening.

WHIRLWIND QUARTERBACK CLUB MEETS MONDAY NIGHT

Monday night, November 1, will be observed as a regular meeting of the Whirlwind Quarterback club when they get together at the high school gym at 7:30 o'clock.

Club president Gayle Mayo announced there would be only minor business to be discussed before turning things over to the program chairman, Judge Alton B. Chapman. Assisting with the program this week will be coach DeWayne Cleveland who has promised a football film from West Texas State college.

There will also be a discussion of team condition following the past two weeks of play and also scouting reports on the Lockney team.

All members, football players, and interested fans are urged to be present.

MRS. CROFT CRITICAL ILL

Mr. and Mrs. V. D. Turner and Mr. and Mrs. E. W. Turner were called to Levelland yesterday due to the serious illness of Mrs. Cora Croft.

Mrs. Croft, sister to V. D. and E. W., has been in a Levelland hospital for about two weeks following a heart attack last month while visiting with children in Grand Junction, Colorado. She was returned to Levelland and thought to be improving this week when her condition took a turn for the worse Tuesday.

CARD OF THANKS

Our son, Curtis joins us in an effort to express our sincere appreciation to everyone for the many acts of kindness and efforts to help since he became ill. We shall always feel that his remarkable recovery thus far is because of the many prayers offered in his behalf. Also the cards, letters and good words of cheer that were sent to him.

We shall always be grateful and pray that God will richly bless each of you.

C. M. Meredith family and Shirley.

CARD OF THANKS

Our recent loss of wife, mother, daughter and sister leaves us with grateful hearts toward our neighbors and friends. Their comforting expressions of sympathy and thoughtfulness will always be remembered. May God bless each of you.

A. W. Coltharp and sons, Jerry and Larry, J. A. Goins family.

BIG GAME SHOW POSTPONED

The McMillan big game film of the jungle that was scheduled to be shown tonight, was called off due to the serious illness of W. G. McMillan, who resides in Lubbock.

The Lions club, sponsors of the show, said the film had been postponed indefinitely.

Mr. and Mrs. H. H. Davenport, of Amarillo, were guests of Mrs. Ella Johnson Tuesday. Mrs. Davenport is the niece of Mrs. Johnson.

they will be asking for treats in the form of money which will enable CROP to send milk to the world's hungry at the rate of \$20.00 worth of milk for every \$1.00 collected.

American taxpayers are paying \$500,000.00 a day to store \$7 billion dollars worth of surplus food and fibre. This surplus has been created because of our inability to sell at a firm price all that we have produced. While we have surpluses two thirds of the people of the world today are hungry. They are looking to Christian young people and adults for help.

Christian Rural Overseas Program is the agency of 35 denominations, collecting food or fiber (or cash to purchase commodities) to be sent through Church World Services to Church Agencies overseas for distribution.

For every dollar this community contributes this Hallowe'en, CROP will be able to send \$20.00 worth of milk to the places where it is desperately needed. \$25.00 will distribute 5,000 pounds of surplus milk. 700 pounds of milk will provide one cup of milk per day for 30 children for one year.

Contributions will be accepted by the youth of our community when

LIBRARY NEWS

(By Ivy Pearl Reber)

Dr. Marshall Steel, pastor of the largest Methodist church in the world, says parents and the church need to do a better job in preparing young people for marriage. He says, "It is not uncommon for a bride to just that she knows nothing about housekeeping, and yet one of the major responsibilities of the rest of her life is going to be as a housekeeper. How often boys come to the marriage altar never having known the discipline of living within a fixed income and adjusting themselves to giving up some of the things they would like to have."

One purpose of a library is to bridge the gaps in one's education, and we have just the thing for the bride and groom who have been so neglected. The "Woman's Home Companion Household Book" and the "American Household Encyclopedia" include such topics as Money Management, Shopping Guide, Good Housekeeping, Home Repairing, Medical Guide, and many others. We also have cook books, First Aid books, the Consumer's Research bulletin, etc.

Memorial gifts this week include "The Buffalo Hunters," given by Mrs. Roy Hollar in memory of Ed Holmes; "The Story of America in Pictures" given by Mrs. Stanley Waits in memory of her great-aunt, Mrs. Mary Jane Strong; and "The Lord is My Shepherd" given by Mr. and Mrs. Billy Stanforth and Mr. and Mrs. J. H. Barnard in memory of Mrs. B. H. Howard. A contribution was also received from Rev. R. Earl Allen.

The District 1 Texas Library Association meeting at the Lubbock Public Library was attended by Floyd County Library board members Mrs. J. H. Barnard, Mrs. Jimmy Willson, and Mrs. H. A. Drysdale, and Ivy Pearl Reber. Mrs. Jess Patterson of the Floydada High School library attended also. It was refreshing and inspiring to be in contact with librarians from all over this area of Texas.

Hoping to serve you better for having been there — your librarian.

News of Harmony

(By Mrs. Mather Carr)

HARMONY, October 25—The W. S. C. S. furnished and prepared dinner Wednesday for the Lions club of Petersburg. Those serving the dinner were Mrs. R. G. Morris, Mrs. Chloma Williams, Mrs. Zant Scott, Mrs. Marvin Smith and Mrs. Sherwood Ramsey. I believe this is our last contract serving for this year. We have really enjoyed doing this and it helps out in replenishing our bank account.

Those who have been ill the past week are Mrs. M. D. Ramsey, Don Ray Ramsey, Lajuana Sue Williams, Ronnie Tucker and Mrs. Mather Carr.

There were not too many out for the mid-week prayer services owing to illness of some. Rev. Krebs had charge of the devotional.

Mr. and Mrs. Everett Miller, Mr. and Mrs. Carrick Snodgrass, Bill Marrs and Walter Hanna returned home Friday from Colorado where they have been hunting the past week. The report was that they had good hunting luck.

Mr. and Mrs. R. B. Gary left Saturday for Houston, Texas, where Mr. Gary will receive eye treatment. They were accompanied by their daughter, Reda Mae, of Lubbock.

Mr. and Mrs. Rubeen Rutherford of Plainview were guests Saturday night in the Mather Carr home.

Mr. and Mrs. Chloma Williams and daughter were guests of Mr. and Mrs. L. A. Williams of Amarillo, Sunday. Mrs. Williams was hostess to her daughter, Mrs. J. T. Freeman of Amarillo, her granddaughter, Mrs. Ted Samples of Lubbock, at a birthday dinner for Mr. Williams. Other relatives attended.

Mr. and Mrs. Everett Miller were dinner guests Sunday of Everett's father, Harry Miller, and Mrs. Miller of Lubbock.

Mr. and Mrs. E. B. Chesnutt of the Campbell community were guests at the Chapel for services Sunday morning. Mr. Chesnutt brought a special song with Mrs. Chesnutt at the piano. We were happy to have these folks with us and invite them back at any time.

Mr. and Mrs. J. W. Brown and two sons from Levelland were guests at the Chapel for services Sunday morning. Mr. Brown is a brother of Mrs. Krebs. We were happy to have these folks with us also and welcome them back.

Scout Conference November Fourth

A Scout Leaders conference of the Haynes district is scheduled for November 4 at 7:30 p. m. at the Junior high school auditorium in Plainview.

Those attending will be Cubmasters, Den mothers, Scoutmasters Explorer advisors and district committeemen.

Beginning at 7:30, scouting fundamentals will be presented by F. F. Calhoun, followed at 8:30 by group meetings.

Ray Howard, district executive, said that anyone interested in Scouting is welcome to attend.

Scouting personnel planning to attend from Floydada include George L. Bickly, E. A. Williams, George Allen, E. G. Mayo, Gene Collins Jr., Wayne Robinson, O. R. McIntosh, Kenneth Tate, Jimmy Willson, Jim Willson, James Word, Jewel Elza, O. M. Watson, L. T. Hickerson, L. L. Clark, S. E. Sparks, Morris Davis, L. Duane Barter, also Mmes. E. G. Mayo, E. R. Rucker, Russell King, and Mrs. Layton Dorrell.

Relatives report this week that Mrs. Paul Sparkman is greatly improved. She has regained consciousness and has talked with her family. Mrs. Sparkman is still in isolation, but it is said that treatments had been progressing favorably.

CHILDREN HALLOWEEN PARTY

The junior and primary classes of the First Methodist church will meet for a Hallowe'en party October 30 at 7 o'clock.

Instead of tricks or treats the group will be asking for donations for the World's children fund. The children will be identified by an arm band and will ask donations as they make calls. Residents are asked to leave their porch lights on and give to the fund.

School Student Councils Meet On November 1

Members of the Student Council of Floydada high school will be in attendance at the South Plains Association of Student Councils when the association meets in Tulla November 1. The Floydada group will have charge of a group discussion pertaining to methods of securing student body cooperation in student council projects.

George Chapman, president of the local council, will be discussion leader for the group. According to Chapman, all members of the local student council expect to be present. Miss Anne Swepston, sponsor, will accompany the group to Tulla.

Good Neighbor Project

One of the year's projects of the Floydada high school student council is promoting a "good neighbor" policy. In so doing the council hopes to become better acquainted with neighboring schools and to establish

a friendlier relationship among schools.

Letters of appreciation for hospitality shown the school are being sent to the schools playing host to the football team. Also in the good neighbor project is a plan for exchanging assembly programs. Arrangements are currently underway for an exchange of programs with the Slaton high school.

SANDY SEZ

Hi there, all you Whirlwind fans. Here's hoping I can bring you up on the latest of "ol' Floydada high. First of all, we are all so proud of the Whirlwinds. Thanks for that victory of 26 - 14. See all you Whirlwind backers how much better our team did with all that school spirit behind them.

The band also deserves a mighty big congrat for that wonderful fight song. I have heard several of the football boys say that was one of the things that helped them win their game. The band also did a good performance. The F. H. S. Band imitated a "School Day" around ole F. H. S. For those who saw this performance, it was a pretty good impersonation. Let's see if we can't have all that school spirit this week. This week we will journey to Muleshoe and we hope to have the Winds come out on top once more.

The Methodist Church of Floydada had the after-game party last week and Carl Minor served as the Master of Ceremonies. You just don't realize how much these parties mean to the students of F. H. S.

Some couples seen there were: Pat Robertson and Gene Swanner, Gail Baxter and Laron Fulton; Jerri Floyd and Jimmy Collins; Cheryl Crawford and Jackie Jarrett; Ann Finley and Pee Wee Ferguson; D'lene Witkowski and Waldo Baxter; Vanda Carter and Carroll Guthrie.

Last but not least, the F. H. S. Band is traveling to Brownfield Thursday, October 28. Brownfield is having a Harvest Festival and a queen will be crowned.

At the last Student Council meeting, George Chapman called it to order. They decided to set ten minutes aside of assembly for the student body to learn some new yells. The thought for the week was "The elevator to success is broken. Take the stairs, please."

This week's personality is Winfred West. Winfred came into this world on March 22, 1939. Winfred is fifteen and a sophomore. His favorite sport is football and enjoys P. E. His favorite teacher is Coach Cleveland and likes to go with girls and dislikes stuck-up people. His ambition is to be an all-star football player. His favorite pastime is to run around the "drag" of Floydada. He enjoys fried chicken and his main interest is getting out of high school.

Couples seen around F. H. S. halls and Floydada have been Sonja Wilson and Jack Womack, (standing now); D'Ann Witkowski and Stanley Vickers, Glynell Armstrong and Gordon Joiner, Ann Jones and Ronnie Downing, Betty Blum and Ronnie Upton, Darlene Bryant and Bill Fulton, Carolyn Downing and Doyle Grundy, Beuna Holmes and Jackie Henry, Christine Britts and Jackie Johnson.

Be good and see you next week!
Sandy

As A Farm Woman Thinks

(Nellie Witt Spikes)

What man save you should now go forth
To plant your springtime fields?
Who'll take the dormant seed in hand
And sow for fruitful yields?
Who'll hearken to the brown bird's call
And notice Wold Creek's race?
Who'll lift his head in welcome
For springtime in his face?
Will this man know to take warm sun
And mold it into words
Whose rich deep tones will imitate
The call of creek and birds?
Will he, too hear songs that come
To one who loves his land?
Will he go forth with song in heart
And springtime in his hand?
- Anon.

Does it not seem a great deal of faith to plant brown seeds of wheat and other crops in the ground in the fall when all things seem to be dead or dying? The earth is no longer warm, the seeds have to lie in cold tunnels deep in the ground. But the seeds sprout and soon the brown earth is a green mat. The Plains wears her fall dress proudly, although in some spots her dress is not embroidered as where the cool clear waters came from deep and ran down the furrows to give life to the crops. Tuffing seems to be one style. She flounces her dress with tufts of boils of pure white. She hangs golden beads of the maize in long strings about her neck, her brown dress shows spots of green of wheat here and there. We look with admiration at her beauty, this Queen of the Plains dressed up and somewhere to go.

The man who grubbed out the mesquite with such hard labor in the early days of the settling of this land, knew the grubs would make warm fires for his wood box heater and small cook stove. But later these grubs were a problem. Many were piled and burned, red coals glowing in the dark of the Plains nights. But now, how amazed was I to find that there is a grinder for these unwanted grubs. A machine grinds them into pulp and it is spread on

the field to make the land hold water and also add a bit of fertilizer. And it is advocated to spread gypsum over the land to do the same job of holding the water. My how the early settlers hated the gypsum water used here. Will they have the nerve to sprinkle their ground with this mineral?

Seems as if I made a social error in printing the old time news last week in the Ralls Banner. One of our fine citizens was teased a good bit about his age. But let me tell you it does not hurt his standing in the community, for he has given his best, and don't look now, but he does not look a bit his age.

His grandfather was a man who kept the church bells ringing in the Emma community when I grew up. Literally this was so. The bell rope at the schoolhouse was pulled by his hand Sunday after Sunday. Wednesday night after Wednesday night. He blacked his boots with care. I recall the box of polish, the brush with which he did this job. R. N. Martin wanted a good town in which to rear his family, so the peal of the church bells still rings out clear and loud in our land and Jeff Martin heeds the call of the bells ringing out the joy of a Christian community.

I had better get out today and get in the tomatoes and pepper, for "they say" it will be freezing here pretty soon. Mr. Spikes said last night with a sigh, "It is a long

time until April."

Mrs. Haberer is quite enthused about my quilt. She even was kind enough to offer to help me quilt it. If I can find a bit of room to put one up, think I will do so and take her up on her offer, but Mr. Spikes always hated a quilt up. It seemed to be always in the way.

We have enjoyed Mr. and Mrs. J. W. Laminack of Fort Worth as visitors in our home. They are the parents of our son-in-law, J. L. Laminack. The children are very happy to have them. We will all be sad when they go away.

This 25th day of October is our dear son's birthday. October is a blessed month to us. Our twin girls were born this month, Joe Ellis and Dale Wayne also. So to our October children, we say thank you, dear God, as also for the ones born in other months. They have been a blessing to us.

Mr. and Mrs. Edd Muncy, accompanied by their daughter, Jo Muncy of Roswell, New Mexico, spent last weekend in Waco attending the Baylor homecoming and seeing the Baylor - A & M football game. Jo is spending this week in Floydada with her parents while she is on vacation.

Army depot operations during the next 12 months will revolve around 134 depots containing approximately 207,000,000 (M) square feet of covered storage space, and 312,000,000 (M) square feet of open space.

Cotton Turns Out Good In Motley

Farmers in almost every section of Motley county are wanting cotton pickers. The drought stricken "phantom crop" that even the most optimistic observers believed was "doomed" as one grower said, "even the stalk seems to turn to cotton." The two Flomot gins are out on top in the processing. According to the Matador Tribune's survey last week Flomot had ginned 1,992 bales; Matador's three gins 1,225 bales and Rearing Springs two gins 871 bales.

The county's total was 40,000 bales. Estimates are now that the crop may produce 12,000 bales more than that "didn't exist."

Floydada Soldier Family End Three-Years in England

Staff Sergeant and Mrs. Robert Hill and children, Bonnie and Dick, landed in New York harbor Friday of last week aboard the ship Darby and report to Floydada relatives a successful voyage. They sailed from Southampton, England, October 14. S/Sgt. Hill is returning to the states after a three-year stay with the Air Force, stationed at Oxford, England.

Mrs. Hill is daughter of Mr. and Mrs. W. S. Simmons, 129 West Mississippi street. This was her second voyage across the Atlantic. She spent 22 months in the European theatre in England, France and Germany during World War II.

Sgt. Hill will be stationed in Savannah, Georgia.

Health Comes From Within

You have only one life. Take care of it so you may enjoy it.

The health of a human being depends on a delicate combination of balance, temperature, chemicals, intake and output and etc. These functions are under constant control of brain impulses which travel over nerves.

Take the acid-alkali balance, for instance. If you run around a room your body will go to the acid side. If you eat lots of green vegetables you are pushed to the alkali side. If the balance was represented by 100 feet, a change of 3 inches would mean death.

Pressure on nerves leading to organs which control this balance may result in various symptoms and serious effects. Only with normal nerve action can normal capacities of each organ be assured.

An appointment for consultation may be the first step toward a degree of health you have never known.

Health Comes From Within

Switchboard Course, which is 8 weeks in length, trains selected enlisted men to install and operate all types of military switchboards.

During his training, Pvt. Roberts received a technical education worth thousands of dollars. He will now be reassigned to an active unit of the United States Army.

The Southeastern Signal School is a component of the Signal Corps Training Center, a mammoth communications college, which supplies trained signal technicians to Army units all over the world.

Cpl. Floyd Fuqua, who has been here on a 20-day furlough visiting his parents, Mr. and Mrs. F. F. Fuqua and other members of his family, left last night for Fort Lewis, Washington where he is stationed.
