

## Phillips And Floydada Meet Here On Friday For Bi-District Honors

### Matador, Stinnett To Storm Floydada Thanksgiving Day

Tomorrow's Thanksgiving day bi-district clash between Matador and Stinnett high schools is expected to have Floydada swarming with out-of-town visitors. This prediction is made after talks to Stinnett and

team in weight. Their season record is also impressive and they are bi-district win hungry. Their last year to take district was in 1936 when they defeated Floydada for the district championship and then went on to take McLean and Hereford to claim regional honors. The record for a quarter of a century since has been only so-so.

#### Places to Get Food

At least five eating places in Floydada will be waiting for visitors from Matador, Stinnett and other points to see that they are well-fed on Thanksgiving day. This was revealed in a check Tuesday by The Hesperian. Three of these eating places will serve a Thanksgiving day dinner and will have short orders. Hot dog stands and the like will also be open for travelers as usual.

Additionally two Floydada drug stores will remain open for the benefit of out-of-town visitors until game time.

Otherwise the town will be closed up practically 100 per cent observing the holiday.

Matador by telephone yesterday.

Stinnett's Rattlers, representing District 1B, with a nine-one season record and going great guns as the season ended, are expected to reach Floydada shortly before noon tomorrow under the tutelage of Coach Cozel Foster. They are not strangers to post-season play and will hit Wester field at 2 o'clock with a lot of determination. They were bi-district winners last year.

"We know we are going to have a battle with the heavier Matadors, but we wouldn't be making a trip that far unless we had intentions of winning if we can," Superintendent Archie Stevens said Tuesday over the telephone.

The win hungry Matador team, representing District 2-B, will have only a slight edge over the Rattlers

teachers convention this week-end. Superintendent Bert Ezell of Matador said yesterday the whole town is going to close up and will be here by about noon to witness the football classic.

There ought to be a good attendance from the area around Floydada. Only one game is slated for the same date in the whole area that is in traveling distance.

#### Records Are Outstanding

Statistically both teams have outstanding records. Matador's only losses this season have been to one class AA team Spur (7-15) and class A Crowell (4-27). They have taken Petersburg, Vernon B, Wheeler, Estelline, Lakeview, Turkey, Silverton and Quitaque in succession. They have scored 310 points to opponents 97.

Also impressive is the Stinnett Rattlers season record. Their single loss in the season was to Class A LeFors (0-6). Their nine wins have been against White Deer, Spearman, Sunray, Claude, Texline, Groom, Stratford, Darrouzzett and Vega. Their season record is 339 points while allowing their opponents 113.

Both teams have a good line and both rate excellent backfields who can do most anything a good backfield should do. Matador will field a squad that weighs an average of 166 pounds from end to end of the line, and 153 pounds in the backfield. They are eight seniors on the starting team. Stinnett gives a little weight in both the line and the backfield. Their line weighs in at 161, their backfield at 154 pounds.

General admission of \$1.00 to all adults is the plan. Students will pay 50 cents. A corps of Floydada volunteers will help sell the tickets and handle the game.

A corps of Matador Lions will be on hand to sell a big souvenir program.

The thanksgiving weekend football menu in Floydada is indeed a tasty one. Friday afternoon Wester Field will be the site of the Phillips Blackhaws — Floydada Whirlwind bi-district clash. Game time is set for 2 p. m. Admission prices are \$1.50 for adults and 50c for students.

Possibly the largest crowd in the history of Floyd county football will be on hand at game time if the weatherman smiles on this important gridiron battle. Reserved seat tickets went on sale both here and at Phillips on Monday and were going at a very fast clip. Tickets for the seat along with admission to the field were offered at the same price as the general admission ducats and were merely for the convenience of the fans.

Blackhawk rooters along with the 104 piece band from Phillips school are due to pour into Floydada at 12:30 Friday. A special train had already been made up Monday with over 500 passengers booked at that time.

Many more will travel the highways to see their boys play. The entire west stand was reserved for the visitors, with 640 seats beside a section for the band and student body.

Watson Wins the Toss  
Floydada was set as the playoff site Saturday morning at Canyon when officials of the two schools met to work out details for the bi-district meeting. Representing Floydada were superintendent I. T. Graves, principal A. E. Baker and coach Preston Watson. The Phillips delegation was headed by superintendent Lee Johnson and coach H. C. Walker.

When all points desired by both schools were listed and discussed, both agreed to the flip of a coin to settle the toss. Coach Watson tossed the lucky quarter into the air and it was called incorrectly by Walker. This was the second decision in less than a week to go against Hutchinson county teams, Floydada's neighbor Matador won a toss over Stinnett and won a home game site for Wester field for Thanksgiving day.

Seen as State Contenders  
The Blackhaws of coach Chesty Walker are riding high, wide and handsome this year with 10 straight victories against no defeats. They have downed by long scores such teams as Brownfield, Childress, Wellington, Levelland, Perryton, Dumas, Shamrock, Dalhart, Canyon, and Hereford. Sports writers from over the state are naming them as the number one contenders for the state class AA title. Many predict they will run the Whirlwinds clear off the field come Friday's game.

Last meeting between the two clubs was in 1952 in another bi-district clash which took place in Amarillo on a snow covered field. On that day the Blackhaws were supposed to win as they pleased according to those who knew best. The Whirlwinds refused to lay down and play dead for the mighty 'Hawks, however, and carried out some scoring plans of their own winning 13 to 7.

Before the 1952 meeting Phillips and Floydada had played a total of 5 games with the Blackhaws winning on all counts. The Whirlwinds under coach Floyd Murry were defeated by scores of 6 - 19, 0 - 7, and 6 - 12. Coach L. E. Gresham's Whirlwind teams lost to the 'Hawks by margins of 19 - 38 and 6 - 31.

This year's Blackhawk team is tagged as one of Phillips' greatest of all time. Three of the starters were on the team Floydada defeated in 1952 and well remember the 'Winds. They have a roster of 40 boys and all capable of playing good ball. Their quarterbacking ball handling, and backfield is very good for a high school team.

Starters for the 'Hawks against Hereford were Arlie Otts, LE, 165; Dick Vaden, LT, 181; Norman Kendrick, LG, 191; Burch Ingram, C, 161; Arthur Bybee, RG, 172; Gene Packebush, RT, 186; Larry Lane, RE, 171; Don Meek, LHB, 155; Jackie Webb, RHB, 145; Jim Gray, FB, 145; Stanley Wilder, QB, 155.

Underdogs But Undismayed  
The Whirlwinds have not been so impressive in parts of this season, but have proven a dangerous ball club when they were up and not

quarre quarters here for years. In a complaint protesting the situation two years ago it was charged that whereas elaborate postal quarters have been maintained for many communities in the state the department has been miserably in its appropriations for the office here and has been dilatory in trying to remedy a bad condition.

Fishing Trouble  
At Howard Test  
Locally accepted report on the No. 1 Howard lands oil test, Section 23, Block 6M, four miles northeast of Cedar, is that the drill bit has been hung up in the hole at about 5,300 feet, and it is due to be freed sometime this week.

Three-Way Drilling Company operators ran into trouble with the well on Armistice day and have been working around the clock since trying to get the pipe out of the hole. A jackknife rig is being used.

At the Humble test in extreme southeast Floyd county on Matador lands, Norwood Bros., the contractors, had their rig up Sunday but may be delayed for a short time waiting for their power plant to be installed. Unless delayed they might get underway this mid-week. The test there is being put down with a standard rotary rig.

Some water damage was done to the interior of the kitchen, and above the door was scorched. The rest of the house was none the worse other than some smoke damage.

Mrs. Gordon was greatly pleased with the quick response of the Floydada fire boys and expressed thanks for their work in helping put out the fire.

### GROUND GAINER

Tri-captain Cloyd Stephens, mighty mite of the Whirlwind squad, will be looked to Friday afternoon here to help carry the ball against the Blackhaws. Monday night he was named to the 5-AA all-district team along with seven of his team-mates.

suffering from too many injuries. They boast seven wins against three defeats and will enter the game as underdogs. Most members of the team have seen Phillips play, however, and have voiced confidence they can match their point for point.

List of injuries for the 'Winds is still too long but somewhat better than the past few weeks. Carroll Guahrie, center, is suffering from an attack of polio and is probably out for contact sports this year. Robert Stoval, defensive linebacker, is still having trouble with a knee injury that won't seem to come around. Glad Norman is improving and hopes to see service again by Friday, as does Bobby Carmack who is back in pads and ready to go this week.

In naming starters for an offensive line-up coach Watson said he would probably use the following: Jack Womack, LE, 162; Stanley Vickers, LT, 200; Gordon Joiner, LG, 175; Jackie Henry, C, 180; Keith Marble, 175, or Bobby Carmack, 156, RG; Marvin Rucker, RT, 202; Gene Swanner, RE, 160; J. E. Walker, QB, 152; Cloyd Stephens, LHB, 130; Laron Fulton, RHB, 135; and Jackie Jarrett, FB, 175.

Phillips' Don Meek is the leading scorer of hi-plains class AA school-boys. Meek has hit the double stripe for something well over a hundred points. The 'Winds biggest offensive threat at present is Cloyd Stephens who has scored 42 points this fall. Stephens has gained a total of 825 yards net rushing in 101 thrusts at the opposition.

Score May Be Close  
Many local fans believe it will be a very close ball game between two well coached ball clubs. One that will keep spectators in the stands until the final whistle.

Winner of the game will be matched against the winner of the Seymour - Colorado City battle in the second round of the state class AA play-offs.

Superintendent I. T. Graves announced Monday night there would be additional seating by gametime. Temporary bleachers at the school will be pressed in to use as well as those at the softball and rodeo grounds. It was also announced that cattle trucks would be parked in remaining space with chairs to seat several hundred more. No cars will be allowed inside the gates in order to take full advantage of all available seating and standing room. The Whirlwind band and student cheering section will be on hand to cheer the boys on and they have also cooked up some top notch entertainment for the spectators at half time.

#### HOW ARE YOU GETTING ALONG?

From 223 West Virginia street in Floydada comes the first letters to Santa Claus through The Hesperian this year, both solicitous regarding Santa's welfare.

The writers are Marvin Rucker, 9 1/2, and his sister Linda, 6 1/2, children of Mr. and Mrs. E. R. Rucker.

"How are you getting along," their letters both ask Santa Claus. Max would like a junior line-man tool belt and a college football. Linda would like a Terry Lee doll and a suitcase.

the northwest corner of the court house since mid-September. Here he is shown (with Mrs. Garcia at the portable organ) as he preached last Saturday.

The service held at 3:30 each Saturday afternoon has been sponsored by the Methodist Men of Floydada, who also provided the portable organ.

### To Offer More Effective Less Expensive Farm Plan

Soil conservation practices would also be required for the idle acres. This would be encouraged by soil conservation payments.

Under the plan, a system of price supports would be instituted to encourage the shifting of production from crops in surplus supply to crops in short supply, Carthel said.

The Texas Farm Bureau believes that its plan, if administered fairly, would enable farmers to earn full parity for their crops with a maximum of freedom in their operations. Since the government would be concerned with policing only a small percentage of acres on each farm, the cost to the tax payers would be much less than for the present farm program.

## Set Shetland Show For Saturday

The Shetland pony show and Santa Claus parade will be Saturday features in Floydada, not on Friday as had been broadcast previously.

And all the features in connection with the big event have also been postponed to Saturday, including the Santa Claus and pony show parade and the drawing for the free bicycle as well.

Following the toss of the coin in Canyon Saturday morning, that brought the bi-district Floydada-Phillips football contest to Wester field in Floydada, Chamber of Commerce officials immediately began their plans for re-arranging the schedule of the Christmas holidays opening event.

Too many practical problems were presented by conflicts of time and arrangements to attempt both events the same day, the retail trades committee told Olin M. Watson, Jr., Chamber of Commerce manager Friday. A whole week of publicity, however, has reduced the hazards of mis-understanding by those who plan to attend both events. Watson has been using the radio and the press all possible in the intervening period.

Here is the new pony on the pony show and Santa Claus parade:  
Entries in the pony show 8:30 to 10:30 Saturday morning, Santa Claus and pony show parade, 11 a. m.; Judging Shetland pony show beginning at 1:30 p. m.; Free bicycle drawing 4:30 p. m.

For all day beginning at 10 a. m. and continuing until 5 p. m., free Shetland pony rides for the youngsters as a gift of the Floydada business men to boys and girls. Joe King of Lorenzo, will have a string of six to 10 ponies ready for the youngsters and the rides will be free.

Bicycle Prize Tickets  
For all day, too, distribution of the bicycle prize tickets at practically every business establishment in Floydada. The tickets will not be distributed Friday but distribution will begin Saturday.

Youngsters (under 16) can drop their names in the boxes beginning Saturday morning. First of the four bicycles to be given away will be awarded at 4:30, Saturday. This date is November 27. The youngsters will be given a gift certificate good for a \$45 bicycle. Two bicycles have been arranged for at White Auto Store; two at Cline & Rainer Western Auto Store, four bicycles in all. After winning, the lucky youth takes the certificate to the store indicated on the certificate and chooses the size of the bicycle he needs. W. O. Baker heads the com-

mittee in charge of the drawing.

Pony Show Judging  
Judges for the Shetland pony show will be George (Scotty) Samson and Earl Hodges, both of Post. They judged last year's show. They will award:

Ten walnut trophies with pony figure on top, engraved with class; Ten place ribbons in five classes; Rosettes for grand champion and reserve champion in two divisions.

The show committee has announced that the ponies will unload on Bishop Motor Company lot on West Missouri street and will be judged on the court house lawn. Pony show committeemen are Carl Smith, Bill Norman, Marvin Shurbet and J. B. Bishop.

Parade at 11 a. m.  
The parade beginning at 11 a. m. Saturday will form on South Main street at the First Baptist church corner.

It will move north two blocks to intersection of Main and California at the First National Bank;

Thence east one block to intersection of Wall and California adjacent to Cline & Rainer;

Thence north one block to intersection of Wall and Missouri adjacent to Hatley Service station;

Thence west to the intersection of Main and Missouri, adjacent to Southwestern Public Service Company office;

Thence north on Main to intersection with Virginia street;

Thence west one block past city hall to Fifth and Virginia street

Com'r Counts Has Heart Condition  
Hugh Counts, County Commissioner of Precinct 2, Lockney, suffered a heart attack last Saturday in down town Lockney. He was taken to Crum hospital where his condition is reported improved this week.

Judge Ralph Johnston visited Mr. Counts Monday and was told by the doctors there that he would have to remain in bed for quite some time.

#### MILD FAIR THANKSGIVING

The lowest temperature of the season was had in Floydada Monday morning with a chilly reading of 29 degrees. The mercury climbed to a high of 63 during the day and clouds kept the temperature from dropping to freezing on Monday night. Low reading of 39 degrees was reported at KFLD.

Weatherman predicted a cold snap for last night with a reading of 25 to 30 degrees. A promise of mild and fair weather is expected for the Thanksgiving holidays.

intersection at American Legion hall;

Thence south on Fifth street to Missouri street intersection at Mayo Motor Company;

Thence east to Main and Missouri street intersection adjacent to Patterson Grocery;

Thence south a block to the First National Bank corner at California and Main streets;

Thence three blocks west past West Texas Gas Company where it will disband.

George Spears heads the committee which will select the judges.

Santa Claus will be conspicuous in the parade, following immediately behind Floydada high school band which will lead the parade and set the tempo of the march.

O. M. Watson, Jr., has been appointed in charge. Strings of lights across the streets are not being used this season. Colorado spruce topped by Christmas wreaths will wrap every light pole.

## PO Departments Studies Three Locations For Quarters Here

Three proposals for a new Floydada post office site are under consideration by the postal inspector in charge of buildings in this area. According to offers submitted the owners would build or re-do to meet the requirements as to construction, size and arrangement.

Of these proposals two are on North California street and one on West California street. The last-named proposed location is a half block north of the present post office and across the street. It faces on Main with one side on Virginia about a block east of the city hall. This offer calls for the construction of a building.

Of the California street offers one would convert a presently used business house owned by E. Boothe in the 100 block. The other offer is in the 200 block and would call for construction of a new building between the Bell telephone office and Actin Postmaster Fulz was querying into the business district Saturday as to preferences for the location.

The department has turned down offers of the owners of the building now occupied by the post office to re-do it to meet the requirements for added space and accommodations. The department pays low rental for the quarters, exercising an option on a month to month basis. Residents of Floydada, especially the business interests, have been critical of the department's slovenly inde-

in the parade, as well as all ponies in the show, club and commercial floats, Lorenzo's riders club, and decorated bicycles. Also clowns and all horses and their riders who show up for the event.

Parade managers will be Carl Smith and Olin Bryant.

Santa Claus will not distribute candy or souvenirs during the parade, ruled out because of the danger to boys and girls. However most all over town candy and souvenirs will be distributed by business houses after the parade.

The day is one planned for fun for all comers. Have fun in Floydada on Christmas holidays opening day is the slogan.

Christmas decorations are going up this week with City of Floydada personnel in charge. Strings of lights across the streets are not being used this season. Colorado spruce topped by Christmas wreaths will wrap every light pole.

**THANKSGIVING 1954**  
Make a joyful noise unto the  
Lord, all ye lands.  
Serve the Lord with gladness:  
come before his presence with singing.

Know ye that the Lord He is God:  
it is He that made us, and not we  
ourselves; we are His people, and  
the sheep of His pasture.

Enter into His gates with thanksgiving,  
and into His courts with praise;  
be thankful unto Him, and  
bless His name.

For the Lord is good; His mercy  
is everlasting; and His truth endureth  
to all generations. Psalm 100.

President Eisenhower has proclaimed Thursday, November 25 as a day of national thanksgiving and urged all citizens to observe the day with prayer. "Let us demonstrate in our lives our humble thanks to God for His beneficence in the year which is past and let us ask His guidance in the year to come."

Mr. and Mrs. Carl Lewis visited her father, L. O. Cox, who lives in Ralls, on Sunday afternoon.

Mr. and Mrs. Noland Arney and Steve, spent the week-end with Bobby Kincheles at their farm home near Dougherty.

Aubrey Lynn Neff, son of Mr. and Mrs. Shorty Neff, went to Lubbock again Friday for a check-up. He continues to improve and can be out in the sunshine for about an hour a day now. He is looking forward to going to school sometime after the holidays.

The Edwin Pollans spent Sunday with Mr. and Mrs. R. C. Pollan.

Junior Womack spent most of the time during the week-end at the hospital with his uncle, E. J. Womack, who is seriously ill.

Mr. and Mrs. S. G. Appling, Joe and Catherine, went to Grassland Sunday afternoon to visit Mr. and Mrs. Roy Appling.

L. A. Sargent, 320 S. 4th Street, Floydada, underwent surgery at Peoples Hospital in Floydada Monday morning. Mr. Sargent is Mrs. Pete Hickerson's father.

John Nay says:

With no levity intended toward all the beautiful thoughts as to the true meaning of Thanksgiving, everybody enjoys it except the turkey. Was talking to a gobber recently who said, "They've been fattening me for a purpose and I should have quit when I got ahead. Why wasn't I raised on a cannibal island where they always have someone else for dinner?" He is right — there on Thanksgiving they might have an old maid for a change which would be good as left overs at least. Poor Mr. Turkey.

Last night I dreamed it was Thanksgiving and looked into the refrigerator expectantly but there was a live rabbit staring at me. I asked him what he was going there. He replied, "Isn't this a 'Westinghouse'?" "Yes," I answered to which he reported, "Well — I'm Westing."

Ed Forrester of Lubbock, was a co-op visitor on Monday.

Vacation time is here again for a lot of folk. How nice to be able to go and do the things we want to do and not have to work every day in the year.

Did you ever stop to think that possibly in the eyes of our pioneer grandfathers they would feel that we have a vacation every day in the year. Through modern inventions power driven machinery and most of all through electricity our job of living and enjoyment of life would no doubt seem a very easy life indeed to great-grandfather.

We might picture ourselves, back in the early days, when roads were mere cow-paths and every time it rained they were a sea of mud. When only a horse or mule provided the power a plow had to break the soil or prepare the land for planting; when trees were felled, cows were milked, water was dipped or pumped and carried to wherever it was needed, clothes were scrubbed on the wash board — these and the many other chores were all done by hand — no time left for vacations and fun.

Electricity has brightened the picture, made life easy and more enjoyable especially for the farmer who can vacation not only once but many times during the year. The number of folks that like ice cream in the United States may be judged from the report made by the Dept. of Agriculture that 600 million gallons were bought last year. This year the industry is celebrating the 50th anniversary of the ice cream cone.

**Beatitudes for a Housewife:**  
Blessed is she whose daily tasks are a labor of love; for her willing hands and happy heart translate duty into privilege, and her labor becomes a service to God and to all mankind.

Blessed is she who opens the door to both stranger and well-loved friend; for gracious hospitality is a test of brotherly love.

Blessed is she who mends stockings and toys and broken hearts; for her understanding is a balm to humanity.

Blessed is she who scours and scrubs, for well she knows that cleanliness is an expression of Godliness.

Blessed is she whom children love; for the love of a child is more to be valued than fortune or fame.

Blessed is she who sings at her tasks; for music lightens the heaviest load and brightens the dullest chores.

Blessed is she who dusts away doubt and fear and sweeps out the cobwebs of confusion for her faith will triumph over all adversity.

Blessed is she who preserves the sanctity of the Christian Home; for hers is a sacred trust that crowns her with dignity.

For eye-appeal as well as taste-appeal, uncooked jams rate high with today's homemaker. These jams retain every bit of the fresh fruit flavor and the kettle can be discarded in favor of the freezer or refrigerator.

Pectin does an efficient job of gelatin if the ingredients are combined at room temperature. It may take only a few minutes or it may take two or three days for the mixture to gel. Since the mold spores have not been destroyed it is necessary that it be frozen or refrigerated to keep the uncooked jam from molding or fermenting. It will keep for weeks under refrigerator storage.

Proper preparation of the fruit is important. The fruit may be finely mashed or put through a colander, food chopper or an electric blender — the puree should be as nearly uniform as possible.

**Strawberry Jam Without Cooking:**  
2 cups finely mashed or sieved strawberries;  
4 cups sugar;  
1 package powdered pectin;  
1 cup water.

Combine berries and sugar. Let stand about 20 minutes, stirring occasionally. Stir the pectin into the water, bring to boiling and boil rapidly for 1 minute stirring constantly. Remove from range. Add the berries and stir about 2 minutes. Pour into glasses or freezer containers. Cover and let stand at room temperature 24 to 48 hours, or until gelled. Seal with paraffin and store in freezer or refrigerator.

Yield: approximately 6 glasses. To use liquid pectin for this jam, omit the powdered pectin and water

and use 1/2 bottle of liquid pectin (1/2 cup). No cooking necessary. Black raspberry jam is made the same as the strawberry. Cherry or mild plum jam is made the same except fruit is pitted and put through food chopper before measuring. Peach or apricot jam same as above except a teaspoon of citric acid is added to the pulp.

**OTHERS SAY -**

Someone once said there are lies, darned lies, and statistics. We are a statistically minded people, surfeited with surveys, seemingly satisfied with any and all conclusions based on figures. Here are some rather remarkable statistics taken from the Salt Lake City Tribune, which in turn, credits an Ogden Smith of Hawaii, for them:

- Population of the United States—160,000,000;
  - People 60 years or older—62,000,000;
  - Balance left to do the work—98,000,000;
  - People 21 years or younger—54,000,000;
  - Balance left to do the work—44,000,000;
  - People working for the government—21,000,000;
  - Balance left to do the work—23,000,000;
  - People in the armed forces—10,000,000;
  - Balance left to do the work—13,000,000;
  - People in state and city offices—12,800,000;
  - Balance left to do the work—200,000;
  - People in hospitals and insane asylums—126,000;
  - Balance left to do the work—74,000;
  - Bums and others who won't work—62,000;
  - Balance left to do the work—12,000;
  - Persons in jail—11,998;
  - Balance left to do the work—2.
- Two—you and I—and you'd better get a wiggle on; I'm tired of running this country alone!

**Here are some facts you should know ABOUT OUR BOY SCOUT PROGRAM...**

**WHAT IS SCOUTING?**  
Scouting is a character-building, citizenship training, and physical development program for ALL boys, regardless of creed, race or economic status. It is a program designed to replace today's citizens with better citizens tomorrow. It is a program planned to help America raise boys that are sound of body and clean of mind.

Under the guidance of a strong nation-wide organization, there are 540 Local Councils that bring the Scouting program to every nook and cranny of America.

**WHAT IS THE SOUTH PLAINS COUNCIL?**

We all live in one of the 540 Councils. Our South Plains Council is comprised of 20 counties and part of one other. Nearly 200 Churches and other Institutions operate the Scout program. Each of these has a representative on the Council. The Executive Board which guides the Council has Representatives from every section and nearly every walk of life.

Your South Plains Council, like others throughout the Nation, employs a small staff of highly trained executives who are devoting their lives to the Scouting program. Under the direction of these men, are more than 2100 adults who volunteer their services. Your son's Cubmaster, Scoutmaster, or advisor is one of these men. So are the members of the Pack, Troop, or Post Committee.

Your Council operates a headquarters office where all records are kept. This office which is truly a "Service station to Scouting" is housed at 2109 Avenue X in Lubbock. Since healthy outdoor activities comprise the major part of Scouting, your South Plains Council owns and operates 2 camps for the benefit of your son and all boys active in Scouting. These are used throughout the year. Your Council carries on a continuous training program for leaders in Cubbing, Scouting and Exploring. New Packs, Troops, and Explorer Posts are being organized the year around. Advancement and recognition ceremonies are conducted and special events carried on the year around. This year we are expanding our camping facilities at Camp Haynes, acquiring canoes and row boats and securing a mountain campsite in addition to our regular budget needs in this campaign.

**WHAT DOES THIS PROGRAM COST?**

As you have probably guessed, a Scouting program encompasses all these things costs money. But it is surprising how little it costs per member. Your South Plains Council accomplishes all this for only about \$14 per member.

Where does this money come from? Where does it go? Is it enough?

**WHERE DOES THE MONEY FOR SCOUTING COME FROM?**

Each year people in every city are given an opportunity to lend their financial support to the Scouting program. In Lubbock, Plainview, Lamesa, Seminole, Matador, Dalhart, Hockley County, and Floyd County, Scout Councils, one of the agencies of the Community Chest, in towns, an annual "Scout Drive" for funds is conducted.

Through these combined sources of income, about 75% of the finances needed to carry on the Scouting program in the South Plains Council are raised.

The remainder comes from Scout-minded citizens who wish to give an extra amount of financial support to Scouting. This they can do by enrolling as "Active Members" or as "Sustaining Members."

The 50cent registration fee each Scout pays each year goes to the National Council, to support the national program.

Remember this about Scouting: There is no Federal tax on your tax dollars support Scouting.

**Where Does The Money Go?**

It goes to organize new Units... to train new Leaders to bring continuous coaching to all Leaders... to purchase and maintain 2 Council camps (the individual boy's fee is so low it pays only for the food he eats). It goes to stage circuses, camporees, expositions... to provide advanced opportunities... to maintain the Headquarters "Service Station," where all boys' records are kept, give guidance to Home, Church, and School operators the Boy Scout Program.

MISS AND MRS. FRED G. SAUNDERS, JR.

### Miss Tanya Redd Married to Fred G. Saunders, Jr.

In a ceremony performed in the First Methodist church, Friday afternoon, November 12, at Clovis New Mexico, Miss Tanya Redd became the bride of Fred G. Saunders, Jr.

Rev. A. E. Bolton, officiated at the single ring ceremony. Tanya is the daughter of Mrs. Lucille Redd of Floydada and Fred is the son of Mrs. H. B. Spotts of Morton.

Attending the couple were Mr. and Mrs. Kenneth Burk of Clovis. Also present for the ceremony was Buster Stevens of Morton.

The bride is a graduate of Floydada high school, class of 1954. The bridegroom graduated from Morton high school and completed four years of service in the Air Force.

Both are students at Draughon's Business college in Lubbock. The couple will be at home at 3321 22nd in Lubbock.

Mr. and Mrs. Carr Surginer left Saturday for Hot Springs, Arkansas, where Mrs. Surginer plans to take special medical treatments for a while.

Mrs. C. Surginer, Mrs. Rachel Ivey of Graham and Mrs. W. L. Tandy of Oklahoma City, returned from Stanton yesterday where they visited in the home of Mrs. Ella Willhott.

### 50 Club Observes Thanksgiving With Husbands Guests

The 1950 Study club had its annual Thanksgiving banquet at the Commercial Hotel November 16 with the members husbands as guests.

A most entertaining program was presented following a lovely turkey dinner.

Appearing on the program were three children from the "Children's Talent Hour," featuring Addie Adkins, doing a reading, Suzanne Collier, tap dance and Jo Ann Jamerson, a song. Bobby Rainer played two saxophone numbers. The Children's Talent Hour is sponsored by the Andrews Ward PTA and is under the direction of Mrs. Lee Gohlty. Several numbers were presented by the "Gospel Stars," a colored sextet.

Attending the affair were Messrs. and Mesdames David Kirk, Brac Biggers, Bob Copeland, Watson Jones, Tom Snead, Sam Spence, Claude Weathersbee, Lyndell Roberts, Lane Decker, James Price George Allen, Bill Greer, W. H. Simpson, Jr., Jack Kassahn, Ed Wester, Duane Bartee, Johnny Collins, Jr., and Rev. Tilden B. Armstrong, a guest.

### Carr Surginer Is Feted on Birthday

An early Thanksgiving dinner and a birthday party were held last Wednesday in the home of Mrs. C. Surginer honoring her son, Carr Surginer.

Those attending were the hostess, Mrs. Surginer, her daughter, Mrs. Rachel Ivey of Graham, a sister, Mrs. W. L. Tandy of Oklahoma City, who has been staying with Mrs. Surginer the past three months, Mrs. Tandy's two daughters, Mrs. N. L. Dillow, Oklahoma City, and Mrs. Ross Wright, Ardmore, Oklahoma.

Others present were Mrs. Lottie York, Lovington, New Mexico, and Mrs. Ella Willhott, Stanton. Also the honoree and his wife, Mrs. Surginer. The guests presented Mr. Surginer with several nice gifts and a lovely birthday cake.

### Christmas Ideas For Gifts Topic Of Home Dem Club

Friendship Home Demonstration club met at the kitchen Wednesday of last week for a luncheon and program.

The approach of Christmas season made gift talks and displays appropriate. Mrs. J. M. Daniel with a subject "gifts from the kitchen" showed several new things for the kitchen. Mrs. W. E. Grimes showed gifts from the sewing room, demonstrating her talk with many pretty aprons and monogrammed towels.

Mrs. O. M. Watson, a flower enthusiast, named several gifts from the yard, such as bulbs and plants that would make welcome gifts.

Mrs. Gordon Downing gave a talk appropriate for the season on gratitude and thankfulness.

Invited guests were Meses. Downing, W. H. Bethel, Albert King, C. W. Giesecke, Tom Bob Jarboe, Miss Allene Warren and Miss Leila Petty. Members present were Meses. O. M. Watson, J. M. Daniel, J. H. Buchanan, Mai Jarboe, W. E. Grimes, Nancy Morckel, A. H. Krebs and Mrs. Lee Rushing.

Plans were made for the Christmas party to be held the night of December 7 at the club building.

### Relatives Guests In Drysdale And Glassmoyer Homes

Mr. and Mrs. Ed Pitman, who were wed last week in Las Vegas, Nevada, were week-end guests in the home of Mrs. Fitzmaurice brother, H. A. Drysdale and family. The Pitmans were enroute to Missouri where they plan to spend Christmas and then embark from New York for Paris, France to make their home.

Mrs. Pitman was with the Navy department prior to her marriage. Mr. Pitman returned from India where he had been for two years serving with the State Department.

Other guests in the Drysdale home included Mrs. Myrtle Carter of Ash Grove, Missouri, foster mother of Mr. Pitman and Mrs. C. E. Drysdale of Fillmore, California, mother of Mrs. Pitman and Mr. Drysdale.

The group of visitors were also guests in the Ott Glassmoyer home.

### BLANCHE GROVES 88 CLASS HAS THANKSGIVING PARTY

Blanche Groves Sunday school class of the First Baptist church met in the home of Mr. and Mrs. Ralph Rucker for a Thanksgiving party Monday, November 22.

Games were enjoyed and refreshments were served to Mr. and Mrs. Jack Stansell, Mr. and Mrs. Elmer Biggs, Mr. and Mrs. Glenn White, Mr. and Mrs. Allen Edgman, Mr. and Mrs. D. B. Thomas, Mr. and Mrs. J. S. Hale, Jr., Judge and Mrs. Ralph Johnston, Mr. and Mrs. Parneil Powell, Mrs. Lon Smith and Miss Frances Mitchell.

Mr. and Mrs. Bill Hart of Lubbock are parents of a daughter born in West Texas hospital November 19. The baby has been named Rhonda Maxine. She weighed five pounds and 15 ounces. Grandparents are Mr. and Mrs. J. D. Hart and Mr. and Mrs. J. T. Boole all of Floydada. The father is with the Deardorf Fruit Co. in Lubbock.

Mr. and Mrs. J. D. Hart were guests in the home of their son, Bill and family in Lubbock, last weekend.

Mrs. J. T. Boole is in Lubbock this week, guest of her daughter, Mrs. Bill Hart and family.

## Clubs Reveal Great Activity

### Floyd County's Club Members

County Home Demonstration Club has its regular meeting in the county court house, Mrs. M. ...

Lone Star sends gifts to a patient in the Tuberculosis Sanatorium.

Every club remembers their sick members with cards, flowers or other gifts, and always help out in times of sorrow. Harmony sent boxes of candy to their boys in service. Each club gave Miss Petty a gift of money for her Chicago trip.

**Help With Scholarships**

Twelve clubs donated \$3.00 each to the \$500.00 District Two, 4-H Scholarship fund, and the 25 cents paid by each member into the Education fund of the Texas Home Demonstration Association help provide two \$500.00 Scholarships for two 4-H club girls in the state.

The clubs have recreation at each meeting. One recommendation of the Recreation Committee is to have two family or community parties during the year. This project gives a great deal of pleasure to many people.

A Thanksgiving dinner is usually one of these enjoyable occasions. Lockney, Providence, Friendship and Sand Hill had their dinners last week and others are planned. Sunnyside will have its traditional dinner for the club members and their families at a noonday meeting.

**Better Community Living**

Clubs have also contributed in a tangible way to better living in their communities. Lakeview bought a coffee urn and helped to improve their school lunch room. South Plains bought linoleum for their club room floor. A coffee urn, shrubs and trees, cook stove, sink and folding chairs were added to the Harmony Community Center by the Harmony Club at a cost of \$377.18. Sand Hill bought and put on the covering for the cabinet and tables in their lunch room, and added bamboo shades to the windows.

Mrs. Weldon Smith of Pleasant Valley, chairman of the Consumer Education committee, reported that clubs had ordered 2066 pounds of pecans in pooled orders. Prices have varied but the saving over retail prices amounts to a high figure.

Final plans were made for the annual Council Christmas party. The party will be held at the home of Mrs. M. J. McNeill, council chairman, at 2:00 o'clock on Saturday afternoon, December 18. The 1954 Council members will entertain the 1955 Council members. A program and gift exchange will provide entertainment.

**Christmas Art Work Shop**

The council voted to help sponsor a demonstration by Dr. Randall from Texas Technological college at 7:30 p.m. December 6. Christmas decorations will be the theme of Dr. Randall's demonstration. All club members are invited.

Miss Petty, County Home Demonstration Agent, expressed her gratitude for the gifts given her by the clubs and the council for her Chicago trip. She also expressed her appreciation to those who sent in reports of their year's work, and complimented the fine annual report of each club and committee.

It was decided to have a float in the Shetland pony parade on November 27.

Attending the council meeting were Meses W. B. Jordan and Mrs. M. J. McNeill, Center; W. O. Jones, Jr., Mrs. W. J. Ross and Mrs. G. W. Smith, Dougherty; W. E. Grimes, Friendship; Carrick Snodgrass and D. S. Batteny, Harmony; E. G. Norrell, Homebuilders; Bueli Neff, Lakeview; W. D. Nance, Raymond Temple and C. L. King, Lone Star.

Also Meses Weldon Smith and A. M. Dorsey, Pleasant Valley; Ben Quebe and Wilfred Stoerner, Providence; James Jeffers and J. T. Spears, Sand Hill; L. T. Wood and Grigsby Milton, South Plains; J. W. Day, Jr., Starkey; J. H. Davidson, Sterley; W. O. Tye, Sunnyside and Miss Petty.

### NEW B&M MANAGER

Mrs. Nora Fair, daughter of Mr. and Mrs. Wylie Rogers, has announced that she is now manager of the B&M Cafe. Alton May has held the lease for the past two years.

Mrs. Fair plans to keep the cafe open 24 hours daily for the benefit of travelers.

Three meals, breakfast, lunch and dinner, will be served daily and the dining room will be available for private dinners, she said.

The cafe is located on Highway 70 east.

### Power Machinery Attracts Interest Of Many Farmers

S. J. Latta Implement Company said that a good crowd was present Monday afternoon to view MM Cavalcade of modern machinery. The demonstration of equipment was held at his farm three miles east of town.

Out of the group of machinery Mr. Latta said that the tillage tool received more comment and more viewers than any other. He explained the tool to be a great advantage for working ground stubbles.

The PFA boys were on hand to explain and show the operation on all of the equipment. A green feed cutter and power units were highly praised by the farmers.

Mr. Latta said the stage show Monday night did not have the attendance he expected due to the fact that several other activities were in conflict. Those who were present were entertained by a very enjoyable show, he said.

### News of Harmony

(By Mrs. Mather Carr)

HARMONY, November 22—Mr. and Mrs. Ted Rutherford returned home Monday from Trent, Texas, where they attended a home coming. They also attended funeral services for Mrs. Martin at Sweetwater.

Mrs. Martin was once a resident of Floyd county. She was the mother-in-law of Mrs. Rutherford's brother who is in Korea.

Mrs. Wes Carpenter made a business trip to Amarillo the first of the week. She was accompanied by Mrs. B. S. Earp.

Several attended the carnival at ward school at Floydada, Friday night.

Charles Mather Carr is ill and unable to attend school Monday.

Mrs. Wes Carpenter was a guest of Mrs. Mather Carr Friday.

Lawrence Holcomb of Mabank, Texas, is a guest in the R. B. Gary home.

Mr. and Mrs. Marvin Smith had as their guests Sunday Mr. Smith's sister and family from Plainview.

Mr. and Mrs. Mather Carr were dinner guests Sunday in the Chloma Williams home.

Mrs. Glenn Pool returned home Sunday morning from San Francisco, California where she had been for several days, going to bid farewell to a niece and family who were sailing as missionaries for Japan. She reported a nice trip.

Mr. and Mrs. E. W. Turner made a business trip to Hereford Sunday.

Mr. and Mrs. Max Brady of Lubbock and Travis Graham of Petersburg were guests for while Sunday night in the home of Max's mother, Mrs. Wes Carpenter and Mr. Carpenter.

A. D. Bailey of Plainview was a guest in the Wes Carpenter home Saturday afternoon.

Mr. and Mrs. Aldine Williams and daughter of Floydada visited Chloma Williams Sunday afternoon.

Guests in the G. L. Snodgrass home Sunday afternoon were Mrs. Middle Tandy, Oklahoma City, Oklahoma, Mrs. Rachel Ivey, of Graham, Texas and Mrs. C. Surjiner and Mrs. Maude Morris of Floydada.

Mr. and Mrs. Carrick Snodgrass visited their daughter, Doris Elaine, in Canyon Sunday afternoon.

### GROW CANCER IN MICE

Scientists are now able to transplant some types of human cancer into small laboratory animals, mice or guinea pigs, the American Cancer Society says. This provides an important avenue for cancer experiments to test new chemicals and study how cancer starts.

Leadership is not what any single person does, but is an action by any member which helps a group to move in the direction it wants to move.

Leadership can be described as a set of services to a group... not as a personality. —Adult Leadership

### SUN DANGEROUS

MINNEAPOLIS — Habitual exposure to the sun is one of the chief causes of skin cancer, and is blamed by dermatologists in many other cases of skin ailments, some serious, some merely annoying, says the medical department of a life insurance company. Sunshine in moderate doses is beneficial to most people, but a "saddle leather" tan is not worth the hazards involved in getting and maintaining it, the department says.

He was John Harrison Milner, 83, retired business man and former county clerk of Coryell county.

Survivors include his wife, two sons, Johnny Milner of Waco and Charles Milner of Alvin, a grand-daughter, a brother, Joe Milner and two sisters, Mrs. Claude Buster and Mrs. Corley Mangum, all of Turnersville.

## Center News

(By Mrs. J. E. Green)  
CENTER, November 22 — There was ice last night, and the north breeze is cold, but the sun is warm and cheerful.

Thanksgiving is nearly here — Well, it should be here all the year round, but it does make it special to have a day we the whole U. S. A. can be thankful at the same time.

We had two such good services at our church Sunday. Bro and Mrs. Hodges were Sunday dinner guests of Mr. and Mrs. R. C. Ross.

Jolene Robertson spent the weekend with her grandparents and young aunts and uncles, the J. R. Robertsons. She attended church here Sunday morning with the family.

Don Clark Green, of Big Spring, attended the Wayland homecoming Saturday and was a Saturday night supper guest of his brother and family, Mr. and Mrs. Victor Green and Jimmy of Plainview. He spent Saturday night and Sunday with his parents the J. E. Greens, and attended morning church services with them.

Mr. Frizzell was ill Sunday and unable to be in church.

Mr. and Mrs. C. W. Denison visited Friday night with Mr. and Mrs. Sam Lide at Dougherty.

Mrs. Glenn Denison, of Red River county, visited part of last week in the C. W. Denison home. She is a sister in law of C. W. Denison. James David Welborn, who has accepted a position in Plainview, visited home folks and attended church here Sunday.

Mr. and Mrs. Collis Roland, T. M. Noland and Mr. and Mrs. Audie Noland and children visited in the T. R. Noland home last Sunday afternoon.

Mr. and Mrs. T. R. Noland visited in the Alton Noland home Tuesday evening.

Mrs. Green accompanied the W. B. Jordans, Mrs. C. O. Spence and Mrs. Joe Wilson to a W. M. U. conference in Crosbyton last Wednesday.

The Center club meeting in the

agriculture kitchen last Friday was well attended, and the auction sale was both pleasant and profitable. Those who missed it missed a good time.

W. M. U. women, don't forget our date next Tuesday.

We want to express our most sincere appreciation to the people of Floydada and surrounding communities for their nice gifts and love offerings after the loss of our home by fire.

The Jim Stewart family.

Jim Branch, of Ennis, Texas, was here Sunday night, guest in the home of Mr. and Mrs. Gerald Cardinal. He is associated with Keever funeral home at Ennis and was enroute on a professional call.

Mr. and Mrs. Travis Mason are parents of a son. He was born Friday morning in Peoples hospital and weighed seven pounds and five ounces. The boy was named Roger Dale.

In high altitudes the Liama is used as a beast of burden.

Joe Wayne Sherman, of Oklahoma City, accompanied by his mother, Mrs. Erie Sherman, are due in Floydada this mid-week for the Thanksgiving holidays. They will be guests of Mr. and Mrs. Jack Henry. Mrs. John Herd of Dallas, also will spend the long week-end here with her sister, Mrs. Henry, and her mother, Mrs. E. A. Hopkins.

R. T. Jones, who has been at his South Dakota stockfarm for several weeks in the harvest, reached home Monday.

Mrs. R. T. Jones spent Monday in Hereford, where she spent the day with Mrs. J. M. Brownlow, a former neighbor and resident of Dougherty.

## Wedding Planned

### Floydada Couple Married at Clovis

Miss Floy Jackson, daughter of Mr. and Mrs. Alva Jackson and Kenneth Bishop, son of Mr. and Mrs. Bruce Bishop, exchanged wedding vows in a double ring ceremony last Friday.

The marriage was performed in the chapel of the First Baptist church in Clovis, New Mexico, with pastor, Rev. Underwood, officiating.

The bride was attired in a suit of navy blue with baby blue accessories. She wore a corsage of sweetheart roses. Her sister, Mrs. Rex Smitherman, maid of honor, was dressed in a plum colored suit. She wore a yellow mum. Best man was Rex Smitherman.

Mrs. Bishop is with Kimble Optometric clinic and is a graduate of Floydada high school, class of '53. Mr. Bishop graduated from the class of '52 and served with the Navy for two years.

Following a two week trip to points in Mexico, the couple will return to Floydada where they will make their home and where Mr. Bishop will be engaged in farming.

Mrs. Raymond Irby are the engagement and wedding party of their daughter, Nell to Connie Dale Bear, son of Mr. and Mrs. O. L. McCoy community.

### Bride-Elect Was Shower Honoree

A pre-nuptial shower honoring Mrs. Floy (Jackson) Bishop was given in the home of Mrs. Garvin Beedy Tuesday of last week.

The house was beautifully decorated with fall colors of bronze and yellow. The serving table was laid with a lace cloth centered with an arrangement of logs surrounded by leaves and candles.

Guests were received at the door by Mrs. Bishop, her mother, Mrs. Alva Jackson and the groom's mother, Mrs. Bruce Bishop.

Registering guests in the bride's book was Mary Wilkes, Carolyn Tye poured punch and served sanded tarts and salted nuts.

Mrs. Deral Young and Mrs. Don Shurbet were in charge of the gift display room. Hostesses presented Mrs. Bishop with a Lane Cedar chest.

Approximately 130 sent gifts and 40 were present for the shower.

### SURPRISE KITCHEN SHOWER

A "surprise" kitchen shower was given in the home of Mrs. Chuck Holmes on November 13, honoring Miss Floy Jackson, bride-elect of Kenneth Bishop.

Refreshments of cake and cookies were served to thirteen guests.

### HOSPITAL NOTES

Miss Mary Crum is in Peoples hospital suffering from a broken arm she received Saturday when she fell while working in an upholstery shop in Plainview.

Mrs. C. H. Norton, mother of Mrs. Joe Martin, is a patient in Peoples hospital.

L. A. Sargent, father of Mrs. Wanda Hickerson, is in good condition. He is receiving medical treatment in Peoples.

W. Lee Carver, injured in a pick-up crash Sunday, November 14 is showing improvement this week. He is in Peoples hospital.

Mr. and Mrs. John Hoffman spent the week-end in Amarillo at the bedside of Mr. Hoffman's sister, Mrs. Dorman Clanton, who is in North west hospital gravely ill. Mrs. Hoffman remained for a few days longer with Mr. Hoffman returning on Sunday.

Mr. and Mrs. J. J. Spikes of Rails visited Monday morning with Mr. and Mrs. O. B. Olson and Mr. and Mrs. Will Snell.

### Ranch Film Be Shown By Study Club

"Boy's Ranch" will be shown at the Floydada high school auditorium on December 2 at 3:45 p. m. as a being sponsored by the study club. The public is invited and there will be no admission.

The ranch is located some 40 miles from Amarillo and consists of approximately 3,000 acres with 10 buildings on the premises including a farm, donated which is worth about \$180,000.

Approximately 200 boys are now housed at the ranch. The ranch was founded in 1939 about 100 acres of land.

Plans have been made for a part of the ranch to be used as a school for boys.

The first Boy's Ranch is the same true of a 57-year-old man and ex-baseball player who made up a million a year business.

They started a Mavrick ranch in Amarillo, selecting boys of walks of life, the good and the bad and homeless. Give them a good look and they will follow you to the moon. Cal found out, found out too that although it was not pulling in the money to help.

They began, with a rancher donating 120 acres of land as the ghost site of the ranch. Boys here are getting a life, another chance at life, another chance at a shirt tail to hang on to.

WOOD-WILKES VOWS

Patricia Greenwood of Plainview and Wayne Wilkes of Floydada, son of Mr. and Mrs. E. D. Wilkes, were married Tuesday evening in Plainview at the home of the bride's parents.

Patricia is employed with a local company in Floydada and the couple are making their home in Plainview.

Mrs. H. D. Marshall were visited Monday morning with Mr. and Mrs. Duff of Boaring Springs.

## ★ ☆ ★ ☆ ★ ☆ ★ ☆ VIEWS AND COMMENT

**Henry Cabot Lodge** said the other day he is glad Russia is in the United Nations and he would not like the idea of seeing the Soviets withdraw. He pointed out the UN sounding board gives the Russians many, many chances to make exhibitions of themselves before the world, and the more of it they did the sooner the world would find them out. The Russians, most likely, will have an apt pupil of the lather-tongued Vishinsky to take his place at the world's round table, and do some more of the same. Sooner or later the Soviets will talk themselves into a hole.

**New Post Office.** The fact that a postal inspector is looking at proposed new locations for a post office in Floydada lacks a lot of meaning that Floydada is due to have anything like that any time soon. It took two years for a committee of the Chamber of Commerce to find a man to talk to who didn't refer the matter to somebody else. The Chamber of Commerce hasn't gotten out of Texas with the talk yet! The department is running two billions into the red every year and it appears the congress is going to have the department give another round of raises. What we wonder is when does it come the public's turn in Floydada. Millions for air and rail subsidies all over, other subsidy millions for mail service to Timbuctoo and Pago Pago, but when they get around to Floydada they hint of the need for economy. As though a post office from the cracker barrel era were economy. The post office could even stay where it is and no harm done, if the department were a-mind to put out a little. The people who own the post office building are the same who own Arwine Drug.

Sometimes we think that if we had somebody in Washington—a senator or congressman not wholly engrossed in world-wide problems—who would only have his secretary call the right people in Washington. "What is this you are doing to the taxpayers out at Floydada?" he could say, and quite definitely it would not hurt anything. But we have no such. Mr. Mahon has his head in budgetary affairs of the military establishment, Mr. Johnson is busy being Democratic leader in a highly competitive battle with the Republicans and Mr. Daniel is busy maintaining state's rights against a predatory federal government. That leaves Floydada taxpayers with no friends at court. Accordingly we keep putting, the government keeps on taking. And even that of which they do speak of spending puts accent on the probability that the cheapest construction possible will meet the need. So we hear and believe.

**Slowed Us Down.** Just the idea that a "seeing eye" may be watching our progress as we travel on the highways has slowed down Texans. The psychology of the thing is doing more than actual arrests really, they say. The death toll on the highways last week-end was away down. It aptly, or so it seems, illustrates the claim that speed is the greatest contributor to death on the highways. Fatigue at dusk, the mixture of alcohol and gasoline, mechanical failure, all play their part in the tragedies of the highways, true. But speed is the greatest killer. The temptation to give it free sway with a 100-a-mile a minute motor purring under the hood can only have a deterrent in some kind of psychology. Like radar, possibly.

**Radar Seems Infallible.** Nobody yet has determined that radar used to measure highway speeds is anything but infallible. Some hard-head is sure to come along and test it out sooner or later. But meanwhile we take it that radar does tell the story. An operator down the road and one up the line is all it takes to get one into the justice of the peace's office and get a measure of justice meted out. A good many stories are going the rounds, of course, of people who would like to have an exception made because of exceptional need. One is of the woman who is said to have called the Abilene office of the State Highway Department, who asked them to "turn the radar off" for a little while. Her mother in Amarillo was sick and she had to get there in a hurry.

**You're a Communist** if you don't like to see a one-man show in which the senate of the United States is held up to ridicule, the conventions flouted, the country riled by ridicule, bellowing, screaming, rabble rousing, self-aggrandizement, browbeating. We mean that in reverse. The antics of the single, solitary patriot in Washington could not be more to the delight of the Kremlin!

In some cases of heart trouble there seems to be a relation between the diet and the per centage of incidence per thousand population. This idea grows out of the report of the causes in death in the war-stricken countries where food shortages made the people tighten up their belts and do without a good many of the foods, especially the highly-seasoned foods, to which they had been accustomed. According to the claims made, deaths from heart disease went down and down as the people had less and less of the things they wanted to eat but which were not necessary to the preservation of life. And it so happens that as they could get and began to eat the things they wanted again the death rate from heart afflictions started back up. We keep wanting the scientists to find a magic way to solve the heart problem. There is food for thought in what they found out in England and France during the decade following 1940.

**Texas Employment Commission** lumps Floyd and Briscoe county together to give a total figure in the probable yield of cotton this year, the aggregate for the two counties being 115,000. This indicates the probability that yield from Floyd county fields will be somewhat below the figures for 1953. Although the irrigated land yield is bigger and the dry land crop has been much better than anticipated the acreage cut was rather pronounced, so TEC might be about right. As a matter of fact, we hope the commission will be found to be under-estimating.

The demand for farm products in foreign countries has strengthened in recent months and exports are expected to increase next year. May be up as much as 10 percent over last year.

## Floydada Post Office Readies For Christmas

Acting Postmaster Alva D. Fultz today announced a three-point program designed to insure delivery of all Christmas cards and gift packages by December 25.

"We've found," he explained, "it's not enough to slap posters all over town saying, 'Shop Early, Mail Early.' That's the main idea of course but I'd like to be more specific."

Specifically, then, the Postmaster first urged business firms to mail their regular correspondence before 4:00 p.m. throughout the Christmas season. They can help even more, he added, by withholding all circular catalogue mail until after the critical period, Dec. 15-25.

"This will leave elbow room at the Post Office to process the tremendous volume of holiday mail we'll be handling. I'm quite sure it will exceed the all-time records of this office," said the postmaster.

Point 2, consequently, requires the public's cooperation. Begin by check-

ing your Christmas list this week. Each address should include the full name, street and number, city, zone, and state.

After this, visit the Post Office to order the stamps you'll need. Lay in a supply of heavy wrapping paper and strong cord as well. Then there will still be a week left for leisurely Christmas shopping—one New Year's resolution you can keep!

Finally, the Post Office itself has moved into high gear. Temporary postal employees have been sworn in, delivery trucks overhauled and yes, all inkwells filled. So just do your part, and remember all gift packages should be mailed by December 5, all Christmas cards by at least a week before Christmas.

### CANCER STILL INCREASING

The annual death rate from cancer in the U. S. since 1900 has increased from 64 to 145 per hundred thousand population. The American Cancer Society attributes this increase mostly to a longer potential life span which results in larger population in the older age bracket where cancer is most prevalent.

## Meeting Planned

### 1929 Study Club Meeting Features Nat'l Book Week

Thursday afternoon's open meeting of the 1929 Study Club was given over to an appreciation of national book week, a review of the accomplishments and outlook of the Floyd county library. It was high-lighted by a review of "Love Is Eternal" by Mrs. Hollis Bond.

Mrs. E. E. Joiner, president of the club, welcomed the guests of the club.

In observance of National Book Week, Mrs. Jim Barnard spoke on book week and the library's new reading room. This room was made possible by The County Council of the Home Demonstration Club, assisted by Miss Leila Petty, county Home Demonstration agent. Mrs. Barnard told of the new book cart that the library has and of its great help to the staff and to those who read from the library.

Mrs. Johnnie Moss asked for volunteers for the making of a vertical file that will be used for program materials for the area. Magazines are needed to make these files and donations of same will be appreciated. Magazines that are not so popular in this area are also needed such as "Forest, New Mexico," and "Arizona Highway." Mrs. John Hoffman, Mrs. Jay Hale and Mrs. Malcolm McNeill have volunteered in this project so far.

Mrs. Hollis Bond was introduced as the reviewer for the occasion. Mrs. Bond gave an inspiring review on "Love Is Eternal" by Irving Stone to an attentive and receptive audience.

A report from the club treasurer said that a sum of \$70 was made from the ticket sales.

The open meeting was held in the district court room.

The Study Club meets again on December 2 at 3:45 p.m. in the high school auditorium for a film with sound and color of "Boys Ranch", which is located at Tascosa out from Amarillo. The public is invited for this showing and there will be no admission fee.

### GIVES REVIEW AT MATADOR

Mrs. John Hoffman was guest speaker at the Eternas Study Club in Matador last Thursday.

Mrs. Billy Watson, leader of the program, introduced Mrs. Hoffman who reviewed the book "Foolish Immortals" by Paul Gallico.

As a rule men are more interested in getting their bite than in giving their bit.

## Carnival Success, PTA Well Pleased

An old fashioned country store was one of the highlights of the Andrews Ward P-TA Carnival as festivities got underway last Friday night. The store was a project thought up by the eighth grade students and was operated by pupils of that grade under the supervision of Mrs. James Potts and Mrs. Jim Word.

Merchandise of canned food, eggs, aprons, bric-a-brac and even a goose were just a few of the items on sale.

The carnival got underway at 6

o'clock with supper served in the school cafeteria. Patrons purchased good hot food served in the carnival fashion.

Many other types of entertainment were offered including the fortune teller, grab bag, a movie, canasta, bridge and dominoes.

Mrs. Potts, committeeman of the PTA, said that funds received from the sales in the carnival were sufficient to make the final payment on the school's intercommunication system. Mrs. Potts said the P-TA was well pleased with the successful turnout.

Mrs. W. F. Patrick, vice-president, headed the carnival in absence of the president, Mrs. Paul Sparkman who is a victim of polio.

MRS. HAROLD WILLIAMS

### November Bride

Following their marriage at the First Christian church in Floydada at 6 o'clock Saturday evening, November 13, Mr. and Mrs. Harold Williams left for Grand Prairie, Texas, where they are at home. The nuptial vows were repeated after Rev. W. D. Reeves.

Mrs. Williams is the daughter of Mr. and Mrs. S. L. Powell of Floydada. After her high school years here she studied at West Texas State college before taking up secretarial work.

Mr. Williams is the son of Mr. and Mrs. U. D. Williams of Grand Prairie. He is a pre-law student at Arlington State college.

### Drought

A visitor to a drought-stricken area was engaged in conversation at the local store about the no-rain situation.

"You think the drought is bad here," said the merchant, "but down south here a ways they haven't had any rain for so long that the Baptists are sprinkling, the Methodists are using a damp cloth, and the Presbyterians are issuing rain-checks..."

## QUALITY YOU CAN MEASURE By Your Car's Performance

Quality that skilled scientists measure and control daily in the laboratory at the Shamrock McKee Refinery.

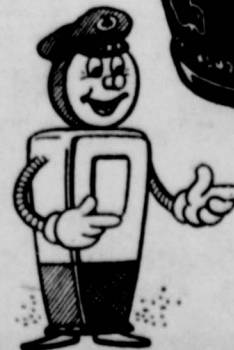

Typical of this quality, Shamrock's new 5W-20 and 10W-30 motor oils are among the most important petroleum improvements of this century.

To get proper engine protection from regular motor oil, you would have to use a light weight oil for starting and warm-up, then switch to a heavier weight motor oil after the engine has reached oper-

ating temperature. Shamrock 5W-20 and 10W-30 give this protection in one motor oil. They flow freely in a cold engine, allowing quick starts and giving instant protection... yet do not lose their protective qualities at highest operating temperature.

If you want easier starting, less wear, longer battery life and greater fuel economy use Shamrock 5W-20 or 10W-30 in your car summer and winter.

And remember, you can depend on the quality of all petroleum products sold under the big, green and white Shamrock.

Your Shamrock dealer now offers new Master-matic credit service... makes credit card purchases fast, accurate and convenient.

### John Koger Dies; Rites of Pioneer Held at Lockney

John R. Koger, a pioneer of Floyd county, was buried last Wednesday in Lockney cemetery following services in the Carter chapel funeral home. Rites were conducted by Rev. R. E. Wiley, Lockney Baptist pastor, assisted by the Methodist pastor, Rev. Burgin Watkins.

Mr. Koger died about 3:30 p.m., November 15, near his home seven miles north of South Plains. He was working a team of horses when they broke and ran. Physicians who examined him said that injuries he received in the run-away of the team were not sufficient to cause death. It was their opinion that he suffered a heart attack. A neighbor, Dick Garvin, ran to Mr. Koger's aid, but it was believed that he died instantly.

Born in Plano, Texas, April 1, 1869, Mr. Koger came to Floyd county as a young man and made his home in the area north of Lockney, near Lone Star and in Briscoe for the past 65 years. He was never married.

Survivors include three sisters, Mrs. Jim Cope and Mrs. Tom Neaves of Lockney and Mrs. Frank Smith of Albuquerque, New Mexico. Also a brother, Joe Koger of Siedham, New Mexico.

### South Plains News

(By Mrs. Murray Julian)

**SOUTH PLAINS, Nov. 22**—The Thanksgiving holidays are Thursday and Friday in our community, with many families celebrating quietly at their homes. Others will attend the football game in Floydada on Friday afternoon to see Floydada and Phillips play.

Carol Reeves will be home from Dallas to spend the holidays here with her parents, Mr. and Mrs. Sim Reeves.

Rev. Larry Faus went to Lubbock early Sunday morning to meet his grandparents, Mr. and Mrs. H. M. Slaughter, from Houston, who arrived to spend this week at the parsonage with them, before they go on to California to visit other relatives. They were guests at church services on Sunday.

Mr. and Mrs. L. T. Wood and Jaunel are planning to spend the Thanksgiving holidays in Tucumcari, New Mexico, with her parents, Mr. and Mrs. S. C. Waller. They will come home on Sunday.

Mrs. Newman, State Economy Demonstrator, Miss Lella Petty, and Bill Rodgers, met with Mr. and Mrs. John Wilson, Johnny, Sue and Gary at their home Friday morning. Plans were made for the coming year, 1955, for Mr. and Mrs. Wilson and children to carry on a project that will include a year's work, keeping records, and carrying out new ideas. The Wilsons are the Economy Demonstrator family for the South Plains Home Demonstration Club.

Mr. and Mrs. Bill Beedy left this Monday morning for Port Leonard Wood, Missouri, where they will spend Thanksgiving and the coming week with their son, Bradford, and wife. While they are gone Mrs. W. B. Wilson will stay at the Beedy home with Eugene.

Among those who attended the lovely pre-nuptial shower held at the First Baptist church in Floydada Wednesday afternoon for the Misses Roberta and Edith Garrett, from our community were Mrs. John Smitherman, Mrs. Bill Beedy and Mrs. George West.

Mr. and Mrs. Frank McClure spent the week end and Monday in Snyder, where they were visiting her parents, Mr. and Mrs. R. W. Newman.

Mr. and Mrs. Walter Wood spent the day last Monday in Amarillo, where she did some shopping, and Mr. Wood visited the cattle auction ring where he had shipped a load of cattle.

Jack Reeves, from Roswell, New Mexico, spent the week-end here visiting his parents, Mr. and Mrs. Sim Reeves.

The WMU met at the South Plains church on Tuesday, November 16, for a call meeting. Mrs. Dock Jones was reinstated as president. Mrs. Reeves led the members in a study of "Bible Fundamentals" with the 2nd chapter taking us through "God", dealing with "In the Beginning, "God", and taking us through "God's Claim to His Children". The WMU were glad to have Mrs. Faus as a new member, and it was voted to meet on Thursday at 2:30, because of Mrs. Faus' inability to attend on Wednesday. She attends Wayland College three days a week. After dismissal in prayer by Mrs. Faus, plans were made to attend the all-day meeting in Crosbyton on Wednesday. Present were Mrs. Larry Faus, Dock Jones, Sim Reeves, Paul Snodgrass, Horace Marble, Walter Wood, Grigsby Milton, Murray Julian and Shelby Calahan.

Miss June Haggard, who attends Texas Christian University in Fort Worth, is expected home this week-end to spend a few days with her parents, Mr. and Mrs. C. R. Haggard. Mr. and Mrs. R. G. Dunlap, Becky and John left Sunday morning for Van Nuys, California, where they will visit for several days with his parents, and with a brother, a sister, and one of Mrs. Dunlap's sisters. They are expected to be gone a week.

Mr. and Mrs. Menard Field will leave on Wednesday for Benkelman, Nebraska, where they will spend Thanksgiving with their daughter, Mrs. Chas McDonald, her husband and boys. They will be home on Sunday.

On Sunday Mr. and Mrs. James Davis, from Silverton, came out to have Sunday dinner with Mr. and Mrs. George West. In the afternoon Mrs. D. H. Davis, from Silverton was a guest in the West home.

Mr. and Mrs. Robt. Lee Smith went to Ruidoso this Monday to spend the coming week in the home of her parents, Mr. and Mrs. George West. The Wests will not go to the cabin until Wednesday. Mr. and Mrs. E. T. Everts and children from Amarillo will join them for a wonderful Thanksgiving holiday at the cabin in Ruidoso, New Mexico, where with the children and grandchildren the Wests will have their turkey dinner.

Those who attended the all-day WMU meeting which was held in Crosbyton last Tuesday from the South Plains WMU were Mrs. Grigsby Milton, Mrs. Frank McClure, Mrs. Dock Jones and Mrs. Paul Snodgrass. They all accompanied Mrs. McClure in her car.

Mrs. Arby Mulder and Katherine left on Friday of last week with a sister from Clarendon to go to Littlefield, where they had a reunion of the Fitzgerald families at the home of Mrs. Mulder's sister, Mrs. Pete Land and family. They returned home on Sunday evening.

Rev. and Mrs. Larry Faus and Vassie Beth with Mr. and Mrs. H. M. Slaughter, from Houston, and Bobbie Faus, were hosts on Sunday evening after church to a large group of friends and neighbors at the parsonage. Fellowship was enjoyed and musical numbers were played during the evening. Cookies, punch and coffee were served to the many who called to wish the new minister and family a cordial welcome to the community. About fifty were present.

Mrs. M. M. Julian visited Dr. and Mrs. E. E. Joiner in Floydada on Sunday afternoon. The Joiners spent Friday night in Hereford, where they enjoyed the game between Hereford and Phillips.

Mr. and Mrs. H. S. Calahan, Jr. and girls visited relatives in Floydada on Sunday afternoon.

### E. J. WOMACK SERIOUSLY ILL IN PEOPLES HOSPITAL

Mr. and Mrs. L. L. Ripley and family of San Diego, California, arrived in Floydada Monday to be at the bedside of her father, E. J. Womack who is ill in Peoples hospital.

Other children arriving during the past week were sons, Carol Womack of Camp Hanford, Washington; Bruce Womack from a camp in Japan and Wilson Womack of Houston, Texas.

Mrs. Womack said this week that her husband's condition is serious. Miss Margie Jones, deputy of the tax collector's office, is said to be improving nicely from surgery performed last Tuesday, November 16, at Scott and White clinic, Temple. If her condition steadily improves, friends say she will return home probably within the next week.

Recent guests in the O. F. Cummings home were Troy Cummings, New Castle, Wyoming; Mr. and Mrs. G. R. Cundiff, Durant, Oklahoma; Mr. and Mrs. Wade McGuire, Big Spring; Jud Cox, Stephenville, Texas, and Mr. and Mrs. O. L. Cox of Killean.

Visitors in the W. H. Seale home last week were Mr. and Mrs. L. D. Smith of Plainview, Mr. and Mrs. L. J. Fowler and E. L. Landroop of Silverton.

Mr. and Mrs. S. G. Williams of Los Angeles, California, were recent guests in the home of her parents, Mr. and Mrs. O. B. Olson and family.

Mr. and Mrs. John Walker are parents of a new son born November 21 at 9:15 a. m. in Peoples Hospital. The boy weighed seven pounds and has been named John Pernel. Mr. Walker is with Wilson and Son Lumber company.

Mr. and Mrs. Ben Whitaker of Smyer, Texas, visited here with her parents, Mr. and Mrs. J. J. McKinney last Saturday.

 DRUG "On the Corner"

A good day, I wish you all. That is my prayer for you and your loved ones. May the turkey be more tender, the cakes and pies sweeter and the bread crustier. God has been so good to us this fall with the fine weather we have had. No high winds to shake out the balls of white gold, no crushing rain to sweep it to the ground and spoil the sample. The songs of foreign tongues will linger down the rows, most of them now brown and bare of fruit. Brown hands will hold the green of American money in their hands for a time.

I recall when cattle was the money crop, tho it was not much when I was a child. Long herds curled near Emma walking their way to the markets to the north. Dead cattle lay in piles one could walk on by the drift fence south of Emma after a hard cold spell. The prairies were covered with green grass that waved in the warm south wind when the rains fell. It was serene and dry in the drouthy times. Cattle were sometimes fat as butter, other times their hides showed their bones.

Men and women had come away from the land of cotton to get out of the hard work of raising it. Cattle, cattle, this was a cattle country. Or was it? The man who loved to farm began to experiment with a little cotton. White gold began to take hold, the green gold of the pastures plowed up for more and more for the new king. The cattleman sold out and went farther west. Now one would think that the land was once a vast expanse of grass with cattle grazing, among herds and herds of swift running antelope, and watering at lakes the color of the blue, blue sky that made a bowl overhead, decorated with clouds of purest white.

I saw it then. I see it now. I have

not moved but a big change has been made. I live in a different world to my childhood one. Instead of the songs of the cowboys as they rode around the herds in the quiet of the night, we hear the songs of the men and women of Hollywood coming in over the air.

It seems to me that songs of Thanksgiving should be in all hearts as they sit with their families in the land of free America and live on one of the most beautiful and grand spots in all the earth, The Plains of West Texas.

Mrs. Art Haberer says she has been saving material for a crocheted rug for two years waiting for a time when the weather would shut her in from out door activities. As yet the balls have not taken form and she says her stock is piling up. Maybe this winter Mrs. Haberer.

Turnips are extra fine this year. They are very sweet and tender. Our little garden has really paid off even tho the water has been costly. All the summer we have had plenty and to share, cans of vegetables are in the cabinet. Our health has been good with all these fine vegetables. Yes, we find a garden really pays off if you will keep it watered well.

The Arizona cypresses have been a great pleasure, from tiny switchers about 2 1/2 years ago they tower higher than a man's head. Wilma and I have put out a long row of rose cuttings and will put out others. The watering in the winter is the secret of rose growing from cuttings.

**Lakeview News**

(By Mrs. D. C. Harrison)

LAKEVIEW, November 22—Mrs. E. H. Spears who has been very ill with flu is reported to be much better by Mr. Spears. Mrs. Dee Adams has been employed at the Lakeview store during the absence of Mrs. Spears.

Our boys at school played the South Plains boys in a game of six-man football Friday afternoon. South Plains won by a score of 59 to 53.

Funeral service for Thomas R. Pierce, 66, a resident of Crosbyton for 26 years, was held there at 2 o'clock Saturday afternoon in the First Baptist church. Rev. Carl Brisson, pastor, officiated.

Mr. Pierce passed away at the Crosbyton hospital Friday after a long illness.

He was born January 20, 1883, in Hamilton county and had lived in and around Crosbyton since 1928. He was a retired farmer.

Survivors include his wife of Crosbyton, two daughters, Mrs. J. M. Brown, Floydada; Mrs. Bert Parker, Atoka, Oklahoma; five sons Calvin of Hobbs, New Mexico; Albert and Hubert of Crosbyton; Weldon and Harland of Dallas; two brothers, George of Crow and Ed of Ackerly; three sisters, Mrs. Elmer Briscoe, and Mrs. J. L. Bradford of Crow and Mrs. Eva Briscoe of California. Also 15 grandchildren.

Burial was in Crosbyton cemetery under the direction of King funeral home.

**LIBRARY NEWS**

(By Ivy Pearl Reber)

A happy Thanksgiving to all of you! I'm thankful for the opportunity and responsibility of being your librarian. I'm thankful for the cooperation of the citizens of the county in making a library not only a possibility but a reality. I'm thankful for the little children who attend story hour, and for the grown-ups who lead them. And I'm thankful for books—and books—and more books! How about you?

Mrs. Elouise S. Zimmerman and Mr. and Mrs. Siler Paulkner of Denton have sent to our library a selection of approximately 20 books in memory of Mr. Fred Zimmerman, Sr. Mr. and Mrs. Will Snell, Mr. and Mrs. Jack Henry, Mr. and Mrs. Fred Battey, Mrs. E. A. Hopkins, Mrs. W. E. Sims, Mr. and Mrs. J. H. Tribble, Mary Pearl Cowand and mother have given books in memory of Mrs. W. I. Cannaday.

I have in my hand a book called "The Art of Leadership" by Ordway Tead. It has been classed by H. P. Nicholson, supervisor of Andrews Ward School, as the very best book to be found in the field. It is designed to help leaders in community

projects, in church work, in schools, and in every other place where leaders are needed. This book shows that leading can be more than just bossing. It discusses the objectives, qualities, methods, and problems of leaders.

"Love is eternal" by Irving Stone will be found in the Lockney branch for a while. This popular best-seller which was reviewed last week by Mrs. Hollis Bond will be sent back to Floydada later. Since we have only one copy, we will have to "take care."

The library will be closed just one day for Thanksgiving. So we shall see you Friday.

So Buick engineers asked themselves—"If you can do it with air, why can't you do it with oil—the oil inside a Dynaflo Drive?"

And to make a long story short—they could, and they did.

They designed and engineered the propeller-like blades inside the "stator" of a Dynaflo Drive so they can change their pitch as much as 75 degrees.

That provides one setting for more—miles-per-gallon, and another for an instant safety-surge of power when it's needed.

All you have to do is push the accelerator pedal down to the last half-inch

beyond the full throttle position—and a-way you go!

Of course, there's a lot more to make a visit to our showrooms the "must" of the new-car year.

There's a step-up in styling as sensational as the step-up in power.

And the step-up in horsepower is this: 236 in the ROADMASTER, SUPER and CENTURY—188 in the low-priced SPECIAL.

**Pay-off on progress!**  
 Buicks today go a lot farther on a gallon of gas, thanks to constant improvement in Dynaflo and in engine design. Even the new 236-hp ROADMASTER averages 4.8 more miles per gallon than Buicks of six years ago.

But the thrill of the year is Buick's latest engineering "first"—and what it does for the man or woman who drives the latest and greatest Dynaflo Drive.

\*Standard on Roadmaster, optional at extra cost on other Series.

# State Capitol Reporter Gives Brief of News

(By Vern Sanford, Texas Press Association)

**AUSTIN, Texas**—Attorney General John Ben Shepperd's office is engaged in another investigation. This time it's a multi-pronged one in which the state auditor, the department of public safety and DeWitt County Attorney Wiley Cheatham are also interested. It has to do with one hundred million dollar veteran's land program.

Managing Editor R. K. Towery of the Cuero Record unearthed the story. He discovered that some Texas veterans in and around Cuero had signed up for what they thought was a free bonus of land, only to learn that they had purchased land with down payments they had never made.

Towery said promoters sold large tracts of land to groups of veterans, that the veterans had never seen the land, had never made a payment on it, and had no means of paying on it. They are also checking appraisals. State Land Commissioner Bascom Giles, whose office administers the program, said that he would "stand behind the appraisals in their entirety."

According to Cheatham, the county attorney's investigation revealed "a rotten, stinking mess that ought to be aired out before the people."

**Identical Bids Scrutinized**  
Another investigation being undertaken by the Attorney General has to do with identical bids for electrical supplies for the capitol city. Under scrutiny are identical bids for \$32,122.80 which four firms gave the Austin City Council on underground cable.

**Dope Traffic Eyed**  
Texas' new law providing imprisonment or hospitalization for dope addicts will get its test in Austin soon. Changes were filed here against six men and women, following 17 arrests by city and county officers and Texas Rangers last week, in a raid on a small Congress avenue hotel.

Narcotic agents said recently that Austin is rapidly being drawn into "an alarming and expanding black market drugs problem."

**Radar Roundup Effective**  
Highway patrolmen, armed with radar, have already nabbed 11 central Texas speeders. Warned were 63 others.

These automatic eyes are being placed on principal highways throughout the state.

**Financing Freeways**  
Bond financing to provide needed state highway construction has been advocated.

Executive Director James E. Taylor of the Texas Motor Transportation Association asked for dedication of one per cent of the present four-cent gas tax for highways. He says the plan would provide immediate construction of 1,000 miles of four-lane freeways.

**Amendments Effective Now**  
Proclamations declaring the recently voted amendments part of the constitution have been issued by Governor Allan Shivers and Secretary C. E. Pugham.

Amendments provide for women jurors, higher pay for members of the Legislature, longer terms for some public officials, and increased pensions for the aged.

There is talk here of a suit by some members of the Legislature to test the attorney general's ruling made prior to the election, that the public officials amendment did not extend Legislature's terms to four years.

**Minimum DWI Penalties**  
Three days in jail is the minimum penalty for drunk driving and the judge may not reduce the sentence. That was the decision of the Court of Criminal Appeals in the case of an El Paso man.

Held unconstitutional by the decision was that part of the Texas law which authorized the judge to commute the jail sentence in drunk driving cases.

**Insurance Charges Denied**  
Charges that Texas insurance companies are gypping servicemen have been denied sharply by Garland A. Smith, chairman of the Texas Insurance Commission.

Smith referred to statements by Mike Stern, writer, made before a congressional committee in Washington.

"Texas sells 90 per cent of the policies sold to GI's overseas and has the worst insurance laws in the nation," Stern said.

Smith replied that Stern had "got way out on a limb . . . that as far as he knew, all companies doing business with servicemen were good ones."

**Desegregation Procedure**  
Desegregation in Texas' public schools must be a gradual undertaking, the U.S. Supreme Court has been told.

A written brief, handed the court by Attorney General John Ben Shepperd, warned that violence would be the price of rapid transition. Shepperd also asked that programs for carrying out the desegregation order be left to local school districts.

**Daily Oil Increase**  
A 64,374-barrel daily increase in Texas oil production for December has been authorized by the Texas Railroad Commission.

A Texan was trying to impress on a Bostonian the valor of the heroes of the Alamo: "I'll bet you never had anything that brave around Boston."

"Did you ever hear of Paul Revere?" asked the Bostonian. "Paul Revere," said the Texan. "Isn't he the guy who ran for help?" —Lieber's Photo News

## HORSEPOWER FINALLY OVERPOWERS HORSES

WASHINGTON — Mechanical horsepower virtually has replaced the horse and the mule in the United States Army.

In Civil War days the Union Army rode into battle with approximately 615,000 horses. When the Spanish-American War came along the Army's horsey set numbered 16,610. More than 325,000 of the critters became World War I veterans.

A nose count of horses and mules at the beginning of World War II showed a tabulation of 28,203 horses and 5,864 mules. By 1946 their ranks numbered 2,622 and 2,125 respectively.

The "new look" Army has 145 horses and 251 mules. Main reason for maintaining these animals is to provide a trained nucleus of experienced handlers in the event animal-equipped units are needed to fight in desolate areas devoid of roads and air-landing strips.

The reason some men are misunderstood is that they possess nothing worth studying.

**ON QUALITY**  
 increases in the per capita consumption of eggs over the past year has been accompanied by a demand for a quality product. As a result, there is a shortage of high quality eggs. The surplus production of the industry is being marketed at a loss. The fault lies in the part of the egg producer. To follow practices to increase the number of quality eggs the producer has to follow these practices:  
 1. The laying flock is a key factor in the production of high quality eggs. A lower rate of production is a higher percentage of quality eggs are certain.

often collect eggs at 10 AM, 12 and again at 4 PM.  
 Collecting and cooling eggs in wire baskets permits free circulation of air to cool eggs rapidly before they are packed in cases and reduces the chance of quality deterioration.  
 Cooling eggs before packing, keeping them cool, and maintaining relatively high humidity is extremely important. Where natural conditions are not satisfactory, other means should be used to increase the moisture in storage places.

## 10 Indictments Alleging Felony Law Violations

Seven widely recognized practices have been followed to increase the number of quality eggs the producer has to follow these practices:  
 1. The laying flock is a key factor in the production of high quality eggs. A lower rate of production is a higher percentage of quality eggs are certain.

Ten indictments on charges ranging from conversion by bailie to assault with intent to murder were returned by the Floyd county "July" grand jury at the close of a two-day session Wednesday and Thursday of last week.

Although the panel of 16 men had been chosen for months and the machinery of the inquiring body of the district court made ready to set in motion at any time, District Judge Alton B. Chapman had not previously found it necessary to call the body together and select 12 from its number to make inquiry into infractions.

Present-day practice is for the law enforcing officers and the lower courts to dispose of practically all misdemeanor matters without awaiting grand jury action. The practice saves much of the time of the grand jury, carries out justice with more dispatch and saves encumbering district court records with minor infractions.

**Walter Wood Foreman**  
 Walter Wood of South Plains was named foreman of the grand jury. The other 11 members are Pat Stansell, Clyde Baxter, Frank Brown, and Homer Bartram of Lockney, Orland Howard and Bill McNeill of Dougherty, Claud Fawcett of Baker, T. C. Hollums, Earl Crow, Hollis Bond and Bruc Biggers of Floydada.

Named as defendant in the indictment alleging assault with intent to murder was V. Z. Hall. He is alleged to have assaulted Tallofero Garza on October 24 last in the Negro area of Floydada. Out of this charge also grew the indictments of J. C. Collier and Johnny Curry, Jr., as accomplices of Hall. The charge is that they "concealed and gave aid" to Hall following the assault.

Of three indictments returned charging forgery one names Ray T. Jennings on two counts. Jennings, it is alleged, forged the name of H. L. Stevens to a check on a non-existent Kansas bank for \$150 and passed it to C. H. Bradford of Floydada on April 30. N. P. Davis was named the payee on the check given on the Farmers State Bank of Topeka.

Clarence Tolbert Lane, another indictment charges on two counts victimized Bill Verden of Lockney for \$12.68, when he forged the name

of J. C. Mitchell to a check on the First National Bank of Lockney on October 26. It was a "labor" check which Verden cashed.

A September 24 forgery is alleged against Carl Jessie Williams in another indictment for forgery and passing as true a forged instrument. The check in evidence was in the sum of \$47.50 made out to A. L. Hill. The signature was "Frank Eiring Cotton by Frank Eiring." The check was drawn on the Hale County State Bank of Plainview, and was passed to W. F. Paggard at Lockney.

For the burglary of Martin & Company store and the Lunch Box Cafe in Floydada Charles Burnice Pabst drew two indictments. The places of business were entered on the night of October 9. At Martin & Company the cash box yielded \$4, at the Lunch Box Cafe \$70. The indictment in the latter case carries two counts.

One drunk driving case is in the batch of 10 indictments returned. In this instance L. E. Neff is charged with driving a motor vehicle on a public highway while intoxicated subsequent offense. Witnesses for the state in this charge reside in the general vicinity of South Plains. September 30 is the date related in the indictment.

Neff, according to the allegations was previously convicted in April of 1952 and on January 6, 1953.

The charge of conversion by bailie is against David H. Young. On February 9, 1954, the indictment alleges, he sold a used car belonging to Vergle Bennett of Lockney, the value of which was \$65.

The Negro whom the Olan Lowrance caught in their Starkey home the night of October 31, was indicted by the grand jury on a charge of burglary of a private home at night. The Lowrances, after a Sunday absence returned to their home to find the intruder at the point of an unloaded gun to the

## Relatives Return To Their Homes After Banks Rites

Out of town relatives returned to their homes this past week-end after being here for funeral rites of Paul Banks, who was buried last Wednesday. His death resulted from a pick-up crash Sunday night, November 14.

All of Mr. Bank's sisters were here for the rites. They included Mrs. L. B. Turner and Mr. Turner, Dove Creek, Colorado; Mrs. D. T. Logan and Mr. Logan, Wilcox, Arizona; Mrs. Ada Singletary, Bell, California; Mrs. Lizzie Beanblossom, Alamogordo, New Mexico, and Mrs. Lindsey Warren of Floydada.

A brother, Grady Banks of Portland, Oregon, was unable to attend. St. Banks, another brother, and Mrs. Banks of Bell, California, were here. The son, Carl Banks and Mrs. Banks of Amarillo and a number of nieces and nephews and a host of friends also were present for rites.

They were Mr. and Mrs. Abiff Logan, Bowie, Arizona; Mr. and Mrs. Roy Baker, Linden, California; Mrs. Maud Banks, Mr. and Mrs. Kenneth Banks, Mr. and Mrs. Henry Roberts and Mr. and Mrs. Homer Smith of Sentinel, Oklahoma; Mrs. Bob Dunn Mrs. Bill Williams, Mr. and Mrs. Clinton McIntosh and Mr. and Mrs. Horace Giles, Clovis, New Mexico; Raymond Beanblossom, Alamogordo, New Mexico; J.
