

Million Dollar Network Gas Lines In County Projected

The Pioneer Natural Gas Company and farmers of Floyd county have plans well-advanced to spend more than a million dollars this spring and summer in pipe lines and service lines to carry natural gas as fuel to more than 500, possibly 600, new irrigation well connections in this county.

Pioneer has a budget for Floyd county that calls for spending three-quarters of a million dollars, with \$666,700 budgeted for four-inch and six-inch mains and something less than \$50,000 for meters and regulators. Their expenditure may well run in excess of these amounts.

A tremendous new area not being served with gas for irrigation well power will be included if plans go through.

Floyd county farmers will spend \$500 to \$1,000 per well to get their service line connections made and power installations adjusted for the new fuel.

Only hitch would be inability to obtain easements or failure in some sections for the network of service lines to be contracted.

Two Six-Inch Mains

In addition to giving a widely-increased volume of natural gas service to irrigations wells the lines projected by Pioneer also will be beneficial in furnishing stable domestic and industrial service to the communities of the county. Two six-inch main lines, one lying in west of Providence in Hale county and another lying in south of Hale Center, both projected eastward, will furnish loops for service should line breaks occur in the main lines.

Both of these six-inch mains will open a tremendous new territory to irrigation well service. The line running eastward from the 10-inch main near Hale Center will enter Floyd county somewhat north of Harmony and would tie in with the present base line of the company a mile southwest of Floydada and would give a circuit when connected with the eight-inch main now serving this community and Lockney.

Farmers who are interested in getting this line built have been working on pledges to take the service in all the area southwest of Floydada. The rich Harmony and McCoy areas which have not been tapped heretofore with gas service lines would be in line for the network.

Additionally, if the six-inch main from southwest of Floydada to the 10-inch main in Hale county, is successfully negotiated, a very extensive network of 4-inch mains will be added that will cover a wide area in Lakeview. This line, if built as projected, will run five miles east from the present dead end, six miles southeast of Floydada, thence south to Blanco canyon and across that chasm to tie in with the service line that extends eastward from Coyle.

A line that will serve a considerable area north of Sand Hill and southwest of Lockney also is in the plans for the year by Pioneer.

According to gas company officials they are ready to begin work as soon as the pledges are in and the easements have been obtained to get across the face of the county.

More than 500 wells in the county already are served by natural gas lines. Several farmers cooperative organizations have been formed which made it possible for these farm owners to get well connections at a pro-rated cost.

In North Floyd County The Pioneer Natural Gas Company have approved plans to lay approximately 40 miles of natural gas line in north Floyd county to serve irrigation wells.

The project includes two lines both running east and west for the most part. The big line, approximately 30 miles in length, comes out of Hale county west of the Providence school, runs due east by the school to a point two miles north and two miles west of South Plains, turns south six miles and then back east four miles.

The second line runs north from Aiken two miles, turns east to a

Archie E. Huckabee, above, last week was named assistant vice-president of the Lubbock National Bank. Huckabee, who started a banking career in 1942, is the son of Mr. and Mrs. Chas. C. Huckabee of Floydada.

point three miles east of the Lone Star farm-to-market road. This is the section road just north of the Paul Cooper farm on the Lone Star road.

Pittsburgh Is Erecting Tank

A crew of seven men, which includes R. E. Fitzgerald, superintendent, this week began erecting the city's new 300-thousand gallon elevated water storage tank. They are employed by Pittsburgh-Des Moines Steel Company, which has the contract.

Depending on the weather, they should finish in about six weeks, Mr. Fitzgerald estimated yesterday morning. The contract for the elevated storage tank was awarded last summer at \$38,000. The foundations for the tank were laid by a crew last fall. After the workmen on the job now complete their work with the installation of the base L ready to connect with the city mains, only job remaining will be for the paint crew some time this spring.

The new tank will multiply the elevated storage capacity of the city's water system by four. It is expected to make an even pressure at domestic hydrants more easy to maintain and prove an aid in holding down insurance costs in the city limits.

Fitzgerald said all of his crew had been housed successfully. Three of the families have trailer houses. The other four found apartments and hotel rooms, he said.

Trice Is Elected Water Board Chmn.

R. L. Trice of Floydada is the chairman of the Floyd county committee of Hi-Plains Underground Water District No. 1, since the reorganization of the committee this week.

The district election was held Tuesday of last week, with Tate Jones of Dougherty and J. R. Belt of Lockney chosen as new members of the board.

The organization meeting of the board, held in the Floydada National Farm Loan building on South Main street Monday afternoon, also was attended by Tom R. McFarland, Lubbock, manager of the district and Marvin Shurbet, Petersburg, district director.

Trice is a hold-over member of the county board, other hold-over members of which are Robert Lee Smith and R. C. Mitchell, both of Lockney.

Seventh Annual Soil Fertility Meeting Feb. 4

County Agent Bill G. Rodgers announced last week that the seventh annual soil fertility meeting for Floyd county will be held on Thursday, February 24, at Lockney. Tentative plans for the day-long study of soil and farm economics were given out following a meeting in which the Extension Service, Burlington railway officials, chamber of commerce, and Soil Conservation Service officials and Lockney business men conferred.

The first of this week the county agent said the program had not been rounded out in its entirety. However, he said two of the featured speakers would be Dr. W. O. Trogdon, agricultural chemist, of Houston, who will speak on the subject of land fertilizers, and Dr. Tyrus R. Timm, head of the agricultural economics department of A. & M. College.

Others to address the sessions will include C. E. Fisher of the Spur Experiment Station, and Clint Harbor, of LaGrange. The latter has done an outstanding soil rebuilding job.

He is a farmer who won \$5,000 last year as an award for his work. Other topics may include panel discussion of the use of tile in irrigation.

Lockney Chamber of Commerce will be host at a luncheon barbecue for those who attend the meeting, which will open at 10 a. m. Present for the planning conference were A. K. Hepperly, agricultural agent of the Burlington lines, Denver, Colorado, and C. E. Childers, Lockney agent of the railway company, Weldon Jones, district agent, and Bill G. Rodgers, county agent, of the Extension Service, Bob Miller, president, and Bill McClaskiey, secretary of Lockney Chamber of Commerce, Duane Bartee, conservationist of the Soil Conservation Service, supervisors R. G. Dunlap, Bert Bobbitt and Fred Jackson, of the Soil Conservation District, Edgar R. Hays and M. W. Wiley.

The meeting at Lockney will be one of six planned for the area. Other meetings at points on the Denver lines will be in Lubbock, Hockley, Lamb, Hale and Swisher counties.

Week Adds Slight Moisture in Area

More moisture has been chucked up for the Floyd county area this week. So far this year, the county has received some moisture each week. A total of 12-hundredths fell Monday in showers that began about 10: a. m. Most of the surrounding communities received about the same amount.

Friday rain and Saturday snow added 4-tenths of an inch to the moisture total of 75-hundredths.

Weather men have predicted more rain on the way the latter part of the week for the South Plains, however some colder weather on the way may stop the showers from occurring.

A warming trend was in the making Wednesday, after a chilly 19 degree reading Wednesday morning. Our warmest reading was had Sunday with a high of 59 degrees as recorded by the Pioneer Gas Co.

Chest Will 'Squeeze Through' But More Donations Are Needed

Officers, directors and drive chairmen of the Floyd County United Chest Fund Drive met Tuesday night at 6 o'clock at the court house in Floydada.

President Charley Andrews was in charge of proceedings and a report on the progress of the drive was made.

Plans coming out of the meeting were to continue the drive until February 1 at which time it is hoped sufficient funds will be in hand to meet present obligations of the United Chest.

February 3 was set as the next meeting when the officers, directors and drive chairmen will gather at the county court room at 7 p. m. County drive chairman Ernest Carter reported \$11,040.93 in hand of the goal of \$15,000 set for this the first year of the united effort.

With two communities unreported and several prospects still to be seen in many parts of the county, Carter voiced the opinion "we can squeeze through." Persons who have not been contacted for the united fund who would like to see the drive go over are asked to get their contributions to any of the officers or to

POLL TAX PAYMENTS SLOW

Floyd county taxpayers are not lining up in queues to pay their poll taxes and qualify to vote in the year of 1955. In fact they are not lining up period.

With two-thirds of January already in the history book only 277 persons got poll receipts since December 31.

Ten days to go and less than 50 per cent — possibly only 40 percent of the eligibles have qualified. With all the overs and unders, especially the overs, the voting strength of the county might be mustered up to 2,100. Even a last-minute rush might not bring the voting strength up to more than 2,500.

Poll tax receipts had been issued to 1,387 taxpayers on December 31. Yesterday morning the figures stood at 1,664. Tax Assessor-Collector T. T. Hamilton said.

An "off - year" for elections gets credit for the lethargy.

Clinic Sessions Chairmen Meet Monday 4 P. M.

All seven chairmen and co-chairmen of the Progress Day clinic hour sessions have been named and they are due to meet Monday afternoon at 4 o'clock at the chamber of commerce office to make plans for the huge community clinic which will be held on the second Tuesday of next month — February 8.

O. M. Watson, Jr., manager of the Chamber of Commerce, announced the following as chairmen and co-chairmen, indicating sessions over which they preside and the hours of their respective group meetings:

Progress Day February 8
9 a. m.: Retail merchants, Cecil Hagood chairman, Carl E. Minor, co-chairman;
10:30 a. m.: Services and Trades, Auto and Implement dealers, chairman, O. P. Rutledge, co-chairman, J. B. Bishop;

12:45 p. m.: High school Juniors and Seniors at high school. Chairman, George Chapman, co-chairman, Beuna Holmes;
2:30 p. m.: Employees; Chairman, (See Clinic Session, back page)

Outstanding Citizen I. T. Graves superintendent of Floydada schools is here shown receiving the Trophy Shield of the Floydada Rotary Club from the hands of past District Governor Alton B. Chapman at a meeting of the club last week. The school man was chosen for the honor by a committee composed of R. E. Fry, T. P. Collins and G. C. Tubbs.

Supt. I. T. Graves Acclaimed Outstanding Citizen of 1954 - 55

I. T. Graves, superintendent of Floydada Public Schools, was acclaimed the outstanding citizen of Floydada for the year 1954-55 Wednesday last week at the noon-day luncheon of Floydada Rotary Club. Extolled as an educational leader, he was also declared to have taken a large place in the community in fields of service outside his own profession.

The committee which chose the Floydada educator as the community's man of the year was composed of R. E. Fry, T. P. Collins and G. C. Tubbs.

The formal presentation of the accolade was made by past district governor, Alton B. Chapman of Rotary International, who pointed to Graves' clear understanding of human nature and his ability "to make light of favors while he does them, and seems to be receiving when he is conferring."

In the course of his remarks the speaker briefly referred to Mr. Graves' nearly 30 years of professional service in the field of public education and specifically told of the guidance given the Floydada school system in nearly 10 years of work here, during a period of stress incident to war and great change, including an expansion program to meet growing needs of the community.

A trophy shield on behalf of the club was presented the recipient of the honors of the day, officially designating Mr. Graves as the Outstanding Citizen of Floydada community for the year 1954-55.

The inscribed shield is of walnut with the Rotary emblem of golden sun ray finish.

The club's committee had arranged for Mrs. Graves to be present, ostensibly to present a pupil as part of the luncheon program, so that she could share with her husband the honor bestowed upon him.

What is expected to prove the high day to date in bank deposits of the First National Bank in Floydada was reached January 13, when the total at the close of business was \$8,713,736.94.

The previous all-time high came in 1951 when the mark was \$8,265,000.

This week the deposits tapered off slightly and bank officials anticipate that the decline will continue for several weeks as income tax payments and farm operations drain away cash.

Latta Will Build On East Missouri

Late yesterday S. J. Latta said he had let a contract to S. R. Duncan for a fireproof building on East Missouri street in the 200 block which will house the Minneapolis-Moline agency.

Latta will have a 50 by 100-foot structure to house his display room, office and shop and an area of about 7,500 feet for outdoor machinery display.

The site adjoins Henry Edwards grain office on the west.

Work will begin soon and Latta expects to occupy the new building sometime this spring.

Directors and Plan 1955 Show

The Floyd County Fair Association directors met this evening at 6:30 for their 1955 show, it was reported yesterday by O. M. Watson, secretary.

The meeting is scheduled for 6:30 p. m. at the Alcoe Cafe in Plainville and their wives and children will assemble at 5:30 p. m. in Lockney at 5:30 p. m. where they will inspect the 1955 show and will formalize that point to the formal place.

Meeting the directors will see which directors serve on the board and will elect directors to fill vacancies in the fair association. It is hoped to have all present for the meeting.

Present are E. L. Turner, president; B. Watson, D. T. Mayo, Mitchell, Chester Carthel, Mrs. R. H. Tinsley, J. McNeill, Bill Beedy, Bill Howard Cooper, Olin Bryant, Walls and Olin Bryant, Watson, Jr., is secretary.

Watson announced that the County Fair Association members of the Texas Association of Fairs and Expositions, and organization hopes to participate at the state convention February 3.

Attending at Tech

Mrs. Fred Zimmerman, O. M. Watson, Jr., of the Floydada Chamber of Commerce and Lockney newspaper editor Hays, will represent the community at the second mid-winter community development school today at 3:30 p. m. at the Tech Student Union and will continue through the afternoon.

The forum this year is "What Makes West Texas Grow?" The two-day meeting will be held in the afternoon with a keynote by Peter Hurd, San Antonio, Texas, and will include a series of round tables, community action demonstrations of adult responsibilities in West Texas.

The drive is sponsored by Texas Tech College through a campaign for education for the disadvantaged.

Representatives of the various communities will attend the drive. The drive is the result of the adult education drive. Floyd County was one of four delegates.

Inducted Services January

The county has sent nine boys to the army during the month of January and six have been inducted into the military service.

The inductees are: James David Welton, George Ashton, George and Ruben Rose, Hugh Mac Bain, John and Allen Delmas of Lockney; and Ronald of South Plains.

The big push for Floydada and Lockney will be the Mothers March on Polio which is set for January 31.

Also planned for Floydada on that date is the "Drink Coffee to Fight Polio" campaign which will be carried on at several cafes and drug stores with the entire donation for coffee going to the drive.

Carrying on the coffee drinkers march will be Arwine Drug, Goen Drug, Floydada Drug, Leonard's Cafe, Withers Cafe, B. & M. Cafe, Lunch Box and Curley's Cafe.

Complete list of workers who will

Dimes Drive Aims at \$5,000 Goal For Polio By February 1

The 1955 March of Dimes fund drive for Floyd county was put in motion this week as the list of workers was completed and they moved to their battle stations.

Barry Barker, as county campaign chairman, heads the big list of volunteers who will be shooting for a goal of \$5,000 which they hope to raise by February 1. Already the test-tubes for contributions have been placed in business houses throughout the county. Community workers for every part of the county have their plans laid and some have already begun to make their calls.

VIEWES AND COMMENT

Lay out Land and what to do with it will be a problem for many Floyd County farmers this year. From past observation we would say, on the average, that something will be done with most of the land. That is little of it will be left to summer fallow. With every intention of leaving the ground out, many an operator will change his mind at the last moment, due to some kind of an urge that is in most of us. Since this is going to be true some experiments in new or different crops seem probable. There is little likelihood of any body going off the deep end for any of the high-priced crops but some experimentation undoubtedly would be a good thing. It seems a shame for land with thousand dollar possibilities to be grown in hundred dollar or less than hundred dollar crops.

We may expect more or less ground breaking for future political aspirations to take place during the present session of the legislature. And some of the major problems of the state may not get the attention they should if some fellow can come up with something that seizes the imagination of the people, thus building himself up to major stature, voter-wise. But at least the legislature got off to a good start last week when it was organized and got to work within 24 hours instead of 10 days. Unless the senate and the house get side-tracked they can get a great deal done in the 120 days allotted for the regular session.

Down Austin Way. Newspaper people always can tell when the legislature is in session by looking at their mail. Not mail from the members of the legislature, the governor or anybody in official capacity so much as from people who are interested in legislation which is being pushed by a vocal minority and which they hope the people out at the grass roots will know about and understand when the legislature gets around to committee hearings and actual votes. The legislature's time is taken up by this tug and pull, of the many-sided points of view, so that the issues we sometimes think of as of most importance get side-tracked. However, the laws passed are almost always the result of compromises and this year's grist of the mill is not expected to be otherwise. But we sometimes think it would be a good thing if the minorities could be hushed up for a time. Som of them don't let a legislator get any rest, peace of mind, or time to reflect. They keep a man camped on the doorstep. The legislator certainly is due to earn his \$25 a day this year.

A common fault of every community we have ever know is for the man on the street to know all about everything and exactly what "they" ought to be doing instead of what "they" are doing. You find this out about the city council, the commissioners

court, the school board, the chamber of commerce—everybody that has anything to do with speaking or planning in the name of the entire community. The Floydada Chamber of Commerce is going to try to get some of this criticism out in the open, even down on paper, if they can in the "Progress Day Clinic" in February. Most of us find it much easier not to know anything in particular but at the same time everything in general about the community, what ought to be done, what not, and (in a loud voice if there is a crowd around) why those in authority are failing. You can't stop street talk and a good thing you can't by law. But, perhaps, the chamber of commerce can get some of the ideas afloat directed into a more useful pattern. Who knows that the least of us does not have the idea that will be a ringer?

It Is Ideas that get people to do things—to buy, build, eat, sleep. Like, for instance, Simmons makes beds, he sells sleep; Carnation produces milk, he sells health to babies, General Electric makes bulbs. What does he sell? He sells good eyesight. And the staple machine maker does not sell stapling machines, he sells office efficiency. Now comes the cattleman. He raises cattle, but he is not trying to sell steak, he is selling the sizzle. And so it goes. People are seized by ideas and act upon them. Same way about a town. Water and lights and good streets and cleanliness, stores, churches and schools, jobs, and fun and recreation. If you have enough of them in your community you can sell good, wholesome all-around living. That kind of selling will make your town grow.

The supreme egotism of the individual is responsible for more of the wrecks that litter our highways and morgues piled high with bodies than is casually thought. Mechanical failures, drinking and carelessness play their part. But our belief in the infallibility of engineers and scientists to build roads and machinery and our own ability to operate these machines is where the principal fault lies. Science can't rid us of the menace of highway traffic because it can't relieve us of responsibility. Good enough roads with good enough vehicles won't relieve us of traffic woes. Into this technology of road building and car making we must inject the same human being with the same old reactions, same defects of vision, and the same emotional disturbances and intellectual capacity. Only difference between the present-day driver and the driver of the Macadam road, two-wheel brakes and gas headlights is that super man complex. Since we misunderstand our human weaknesses the high-speed road and the super powered vehicle have come to be a booby trap.

Minds, like streams, may be so broad that they are shallow. —Brick and Tile

Youth Injured In Car-Bus Chash

Dale G. Smith, high school senior and son of Mr. and Mrs. G. W. Smith, Dougherty, was injured Thursday afternoon when the 1955 Ford he was driving sideswiped a Floydada independent school district bus. The car jumped a culvert and crashed head on into a tree as the boy attempted to avert the crash.

The accident occurred near the Fuqua Farm supply store on the Silverton highway as the Smith boy was attempting to pass the bus. Ross Roddam, driver of the bus, was preparing to turn left onto a dirt street to North Ward school.

Dale was taken to Peoples hospital by Harmon ambulance where he was treated for a severe facial laceration, located above the left eye and across the nose. His left eyelid was badly cut but believed not seriously enough to cause permanent damage.

The boy was dismissed from the hospital and taken to his home Monday.

The Ford was badly damaged. Little damage was done to the bus.

Car and Pick-Up Collide
A car and pick-up crash about two miles west of Floydada on the Sand Hill road Thursday afternoon caused about \$500 damages to a 1954 Buick and a Chevrolet pick-up.

According to Plainview highway patrol, Mrs. Thelma Hoffman, driver of the Buick, was traveling west and R. L. Trice, driver of the pick-up, was coming east. The vehicles crashed near the center of the pavement as Trice was turning left into a driveway.

No one was injured in the collision.

Four Hurt Near Lockney
Four persons were injured in a two-car headon collision at Lockney Friday night on Highway 70. Those injured were taken to Crum hospital where their injuries were described as not serious.

Frank Smith, Plainview highway

patrol, said that Rev. Eugene L. Naugle of Hereford, accompanied by his wife, were traveling west and F. E. Dickson, a rancher from Caprock, New Mexico, accompanied by Mrs. Dickson, was driving east, when the automobiles collided.

Neither car overturned and none of the occupants were thrown out, said the highway patrol. The cars were damaged considerably.

Mr. and Mrs. Dickson were on their way to visit relatives north of Lockney before continuing on to Oklahoma City. Rev. and Mrs. Naugle were on their way to their home in Hereford.

LAKEVIEW DEMONSTRATION CLUB BEGINS NEW YEAR

Lakeview Home Demonstration club met January 7, in the home of Mrs. Roy Pawver. There were seven members present.

Miss Leila Petty, County Home Demonstration agent, gave a demonstration on fish in the diet.

Mrs. Pawver led a prayer (in union) by Mrs. Eugene Jones; Southern Region. Mrs. Jimmie Price read "Farm Women's Creed." The club members answered the roll with some very good resolutions for the new year.

Mrs. W. Earl Edwards, president, appointed new committees for 1955. The club enjoyed a "New" game in keeping with the new year.

Refreshments of soft drinks and coffee, fruit cake and orange tuna with noodles and crackers were served from a white covered table centered with a large dish of fruit and nuts.

The next meeting will be January 20 in the home of Mrs. W. Earl Edwards. The business meeting will be followed by a demonstration on good grooming by Mrs. Jimmy Price.

Marshall Talks Of Making Use Of Idle Acres

(By L. A. Marshall)

We have organized at Floydada what we call your farmer's Chamber of Commerce of the air. Planned with this purpose, "How can our farmers make more money?" One way is to grow things that bring more money per acre. All farmers are members.

In view of our increasing acreage in cotton and other products, the time is at hand where something must be done to increase our farmers income. It is along this line that this program is planned.

There are so many ways and so many things that could be done. One thing that could be done at a small cost, is the draining of these lakes and cultivate them, or use for grass land.

The draining of these lakes is done by cutting a ditch or slot in the low spot of the lake with a bulldozer or carryall, owing to the size of the lake. Make the ditch 50 feet or a hundred yards long and down into the caliche a foot or two deep. Spread the black dirt out so it may be cultivated. Stack the caliche at the ends of the ditch, fill the caliche part of ditch with coarse gravel, or place one stick of dynamite about 10 feet apart and 6 to 10 feet deep to loosen up so the water can get away fast. This might have to be repeated every 3 or 4 years if ditch seals.

It May Rain Yet
If you wish to use the ditch for irrigation purposes or a fish pond then seal bottom of ditch with black dirt and pack with dozer or a tractor. It is necessary that this work be done now while lakes are dry. It may rain.

This program asks the cooperation of all farmers, all farm organizations, the press, Chamber of Commerce, County agents, Farm Bureau, radio and TV stations and all others who have the desire to help the farmer make more money.

All who have something to sell are really interested, because of this: Farmers are the salt of the earth. They are our biggest buyers and where they do not make the money they cannot buy what you are trying to sell.

This program will try to be a clearing house for information or any idea that might be helpful on this one idea, "How can our farmers make more money?"

Many Things To Plant
There are many things we might plant this grain sorghum surplus land in that would pay more per acre, that is, plant it in something humans eat. I have in mind vegetables, fruits or certified pedigreed field seed, permanent pasture seed, etc.

I personally think strawberries and tomatoes are among the good ones as well as onions, carrots, potatoes, black eyed peas, seed ribbon cane, peanuts and pinto beans.

Raising these things are different to raising things that are on a government supported loan price. Raising vegetables is like a chess game. Its necessary to know what the other fellow's move is so you may act accordingly. I mean the first thing to do is to make a market survey and find out what would be most profitable to plant. This part is where your farmer's Chamber of Commerce would be a lot of help in securing this information for you.

South Texas Tomatoes
South Texas fresh tomatoes are already on sale in Floydada. These tomatoes came from Cameron county, the southern most county in Texas.

Just for practice, a letter is already here to secure this information. What is the farmer getting per

pound? What is the yield per acre? Who is the buyer?? Where are they being shipped to, and how, by car or truck load? Will give all this report later.

Our tomatoes would hit the market after South Texas is through harvesting.

Strawberry Market Unlimited
Annual strawberries with a little sugar and cream make the best eating known to yours truly. They grow abundantly on the plains and the market is practically unlimited. This would lead to a quick freezer plant which is a must already. The farmers themselves should build this. If you have some ideas that might help the farmer, write me and I will air it for you or you may appear and do it yourself.

As a starter we have arranged for a program each Wednesday morning at 9 a. m. over KFLD. A thought for today: "It's easy to smile when your bank account is smiling."

If you have a bull dozer or carry all to rent, write me and I will air it. Give the price per hour, size, etc.

Credit Institute To Start Jan. 24

Advance enrollments are still being accepted for the retail credit institute to be held in Floydada beginning January 24 with the class being held at County Courtroom. The course, "Retail Credit and Collection Procedures" conducted by Heinz Ulrich, Jr., retail credit specialist of the University of Texas, Division of Extension, is being sponsored by the Retail Merchants Association. The credit class will be offered in four two and one-half hour sessions beginning Monday, January 24 at 7 o'clock.

Mr. Ulrich will emphasize the means of opening an account profitably, reducing credit risks, increasing credit volume, controlling accounts safely, and decreasing collection problems. The course will be of interest to store owners or managers, credit managers, credit office employees, sales persons, and persons connected with professional services. The fee for the course is \$3.00 per person. Further information about the course may be obtained by calling Clarence Guffee or Mrs. Virgie Shaw at Phone No. 115.

REVIVAL MEETING AT CEDAR HILL BEGINS JANUARY 23

A revival meeting at the Cedar Hill Assembly of God church, will begin January 23, it was announced this week by the pastor, Rev. J. C. Lewis. The meeting will continue for two weeks and everyone is invited to attend, Rev. Lewis said.

Miss Betty Lewis of Dallas will be the evangelist for the revival. Services will be held at 7 p. m. each day.

Cecil Jones of Dove Creek, Colorado, was a Sunday visitor in the V. D. Turner home.

The first commercial ice plant in the United States was operated in Jefferson, Texas, about 1874.

RELIEF AT LAST For Your COUGH

If a common cold left you with a cough that has hung on for days and days act quick. It is dangerous to delay. Chronic bronchitis may develop. Get a large bottle of Creomulsion and take as directed. Creomulsion soothes raw throat and chest membranes, goes into the bronchial system to help loosen and expel germ y phlegm, mildly relaxes systemic tension and aids nature fight the cause of irritation. Use Creomulsion and get wonderful relief at last. Creomulsion is guaranteed to please you or druggist refunds money.

Social Events, Clubs

W. M. U. Diamond Jubilee Program and Tea Tuesday

In the basement prayer meeting at the First Baptist church, Austin, Texas in 1880 twelve ladies aid societies banded together to form the Women's Missionary Union of Texas.

Tuesday, January 25, the W.M.U. of the First Baptist church will be hostesses for a program and tea commemorating the seventy-fifth anniversary of the historic event.

Honor guests for the occasion scheduled from 2 to 3:30 p. m., will include Mrs. Bunt Black, Floyd Association W.M.U. president and all the women from the Baptist churches of Floyd Association. Mrs. Lon Smith, State Community Mission chairman of Texas will bring the inspirational message.

Since its formation, the W.M.U. has grown to 2,906 societies in this state alone and thousands more in other southern states. Latest (1953) statistics show Texas Baptist women gave almost two million dollars through the W. M. U. to home state and foreign missions.

The executive board of the Baptist General Convention of Texas has officially designated 1955 as the diamond anniversary of the W. M. U.'s founding.

The church nursery will be open during the program and tea Tuesday.

Mrs. J. D. McBrien is chairman of the tea committee and Mrs. R. Earl Allen is chairman of the program committee.

Shower Is Compliment To Mrs. Ronnie Evans

On Friday, January 14, the home of Mrs. L. H. Smith was the scene of a come and go bridal shower honoring Mrs. Ronnie Evans.

Guests were greeted by the honoree, her mother, Mrs. Harry Reeves, and Mrs. Raymond Evans, mother of the groom. Miss Darlene Bryant and Miss Barbara Bullock presented the guests at the bride's book where they were registered by Mrs. Johnny Stroud.

Misses Betty Blum, Bo Dean Pate, and Nancy Smith served punch and angel food squares, decorated in the bride's chosen colors of yellow and brown.

Gifts were displayed by Misses Sue Bullock, Dora Day and Doris Campbell. Gifts were received from over a hundred friends and relatives.

Hostesses for the occasion were Mrs. John Gray, J. P. Moss, Ruby Dillard, Ted Marquis, Buck Hicker, Oleta Pruitt, Charlie Berry, Olin Bryant, Floyd Webb, Charley Hammitt, Revenell Turner, Frank Simpson, Truitt Smith, Pierce King, Edward Walters, Leonard Smith and Mrs. Joann Stroud.

And Misses Darlene Bryant, Barbara Bullock, Dora Day, Betty Blum, Nancy Smith, Bo Dean Pate and Miss Doris Campbell.

MARRIED AT CLOVIS

Wedding vows were exchanged December 26, 1954 by Mrs. Gladys Wimberly and Pinkney L. Maxwell in Clovis, New Mexico.

Justice of the Peace V. G. Sullivan performed the ceremony.

Mrs. Claude Ring of Dougherty, who is a patient in Pitts hospital, is said to be better this week. Mrs. Ring has been suffering from flu and complications and has been in the hospital since last Thursday. She may be able to return home within the next two days.

MRS. CURTIS MEREDITH

Mr. and Mrs. Curtis Meredith who were married January 1 and who are now making their home for the present with his parents, Mr. and Mrs. C. M. Meredith, will leave in the near future for Gonzales, Texas, where Curtis will receive treatment in Gonzales Warm Springs hospital. Mrs. Meredith is the former Shirley Harper, daughter of Mr. and Mrs. Jim Harper.

Wedding Shower Is Given New Bride

Mrs. J. D. Woody, the former Charlyne Cross, was honored with a wedding shower Tuesday afternoon, January 11, in the home of Mrs. Lloyd Wofford in Lockney.

In the receiving line were Mrs. Charlie Cross, mother of the bride Mrs. Harold Woody, mother of the bridegroom, Mrs. R. L. Higgins, Petersburg, and the honoree.

The serving table was covered with an ecru lace over green and centered with an arrangement of flowers in the bride's chosen colors of yellow and green. Flanking the centerpiece were single white tapers in silver holders. Serving individual cakes iced in white and decorated in yellow and green was Mrs. Owen Thornton. Mrs. W. R. Darnell served punch.

Mrs. Valca Thomas presided at the bride's book where guests were registered from Floydada, Petersburg and Lockney.

THREE ARE HOSTESSES AT WESLEY CLASS SILVER TEA

Mmes. J. G. Wood, E. S. Rander, and Frank Probasco were hostesses at a silver tea for the Wesley SS class Wednesday, January 12, in the Methodist church.

Mrs. W. H. Bethel brought the devotional.

Those attending were Mmes. D. W. Burke, C. J. Parr, W. E. Grimes, J. M. Willson, W. H. Henderson, Lillie Henry, George V. Smith, Walter Collins, Roy Curry, Ethel Sawyer, E. C. Henry, D. T. Mayo, J. B. Turner, J. D. Colville, W. H. Bethel, Mrs. W. O. Tye, one guest, Mrs. Tilden Armstrong and the hostesses.

Mr and Mrs. Leon Ferguson are the parents of a new boy, born January 14 at the medical center in Plainview. The son has been named Tony Glenn. He weighed eight pounds and eight ounces at birth. He has two brothers, Steve, 4, and Larry, 3. Grandparents are Mr. and Mrs. W. F. Ferguson of Floydada and Mr. and Mrs. C. C. Luttrell of Claude.

Maine is bounded by only one state, New Hampshire.

George Eliot once wrote of the comfort, the inexpressible comfort of feeling safe with a person; having neither to weigh thoughts nor measure words, but to pour them all out, just as they are, chaff and grain together, knowing that a faithful hand will take and sift them, keep what is worth keeping, and then, with a breath of kindness, blow the rest away.

Now wouldn't that be bliss? Never to have to think before we speak. Always to be able to say things without glossing over. Never to lie awake wondering what hurt this friend, was misunderstood by that member of the family. Just think of it!

Most of us, at one time or another, have had such an experience briefly. But any prolonged record of it is rare. Girls who are "best friends," young lovers, even newlyweds may have such an understanding for a few years. More rarely, a mother and daughter, father and son, sister and brother may understand and love each other this completely for a great many years.

But human nature being what it is, we wonder if such a relation can exist for long between two persons

of equal strength. Doesn't it imply that one individual is subordinated by attuning himself so perfectly to some one else?

Undoubtedly, a great sense of release would come from being able to talk unguardedly with someone. But what we lose in "comfort" from not having this boon, we must gain in learning self-control, consideration for another's feelings.

Friendship, to be sound, has to go both ways. And the person who pours out words without measuring them should also be able to listen unselfishly, to know "what is worth keeping, and then, with the breath of kindness, blow the rest away."

Mrs. I. T. Graves was in charge of the business session in absence of the president, Mrs. H. G. Barber. Refreshments were served to Mmes. G. M. Armstrong, Tilden Armstrong, Ralph Cogdell, Dennis Dempsey, Robert Gibson, I. T. Graves, J. S. Hale, Jr., John Hoffman, Jack Lackey, J. P. Moss, Virgie Shaw, John Stapleton, J. M. Willson, Jr., A. L. Wylie, Jr., Misses Anne Saxepton and Francis Mitchell, the hostess and Mrs. Barnard.

MRS SMITH SPEAKS AT W.M.U. RALLY SUNDAY AT PADUCAH

Mrs. Lon V. Smith was guest speaker Sunday afternoon last at the First Baptist Church in Paducah, when the diamond jubilee year of the W.M.U. in Texas was celebrated with an appropriate program.

The Paducah women presented a beautiful pageant portraying the history of Texas W.M.U., followed by a tea.

Miss Nell Swinson, accompanied Mrs. Smith to Paducah.

STITCH AND CHATTER CLUB

The Stitch and Chatter club met January 13 with Mrs. W. A. Campbell. Roll call was answered with "what I did Christmas."

The next meeting will be with Mrs. F. A. Faulkenberry on January 27, when new officers will be elected. Roll call will be a verse of the Bible.

Those present and enjoying the afternoon were Mmes. J. C. Keeling, W. C. Mooney, F. A. Faulkenberry, Edwin Hammonds, J. B. Turner and Mrs. Campbell.

Mr. and Mrs. B. W. Snell and children of Lubbock visited here with their parents, Mr. and Mrs. Will Snell and Mr. and Mrs. J. J. McKinney last Sunday and also attended funeral service for Paul A. Denison.

Abigail Adams, President Adams' wife, is supposed to have hung the family wash in the White House.

Fifty Study Club Met On Tuesday

The 1950 Study club met Tuesday with Peggy Roberts. The program was on Italy. Vel Simpson spoke on "Rome and Its Beauty," and Jean Jones reported on "De Gasperi, Italy's indispensable premier."

Attending were Jean Jones, Vel Simpson, Peggy Probasco, Emma Collins, Nina Copeland, Dorothy Biggers, Joe Wester, Marjorie Collins, Margaret Greer, Sybil Price, Claire Edwards, Jill Kirk, Margaret Snead, Patsy Coffman, Valerie Tye, Francis Weathersbee and the hostess, Peggy Roberts.

The next meeting will be a Valentine party on February 1 in the home of Patsy Collins, with Jean Jones as co-hostess.

Mrs. Johnston Hostess For Thirty-Four Club

The 1934 Study Club met Tuesday night in the home of Mrs. Ralph Johnston.

Mrs. Jim Barnard was guest speaker. Her topic was the County Library.

Good Meeting Marks Opening Of Year For Homebuilders Club

The Homebuilders Demonstration club met Friday, January 14, for their first meeting of the year with Mrs. D. D. Shipley.

Mrs. E. G. Norrell, chairman for the new year, was in charge of the business session. New club committees were named. Other officers are Mrs. B. A. Robertson, vice chairman; Mrs. W. W. Trapp, secretary and treasurer; Mrs. P. F. Bertrand, council delegate, and Mrs. W. H. Bunch, reporter.

Mrs. Robertson had the program for the day. A prayer was said in unison by all club members. Mrs. Howard Gregory gave a reading, "Farm Women's Creed."

Miss Petty gave a demonstration on family planning and spending which was very good, for each club member to consider which plan would suit her family best.

Members present were Mmes. H. W. Roberts, O. G. Mayfield, J. W. Walker, F. F. Fuqua, D. T. Mayo, Howard Gregory, L. L. Jones, Raymond Williams, W. R. Daniel, P. F. Bertrand, B. A. Robertson, W. W. Trapp, E. G. Norrell, Mrs. W. H. Bunch and one visitor, Miss Leila Petty and the hostess, Mrs. D. D. Shipley.

The next meeting will be January 28 in the home of Mrs. Trapp.

DOUGHERTY CLUB NEWS

The Dougherty H. D. Club met January 5, at the home of Mrs. Raldo James. Roll call was answered by the members giving their New Year's resolutions. The devotional was from the 24th chapter of Proverbs.

Mrs. C. A. Caffee led the group in a Universal Prayer. Mrs. Howe Hines read "The Farm Woman's Creed."

Mrs. W. J. Ross gave the council delegate's report, telling of the Council Christmas party, and the

reports of the year's work the participating clubs of "Planning and Spending," was the Home Demonstration Miss Leila Petty.

After a short business and recreational period, a raffle was served to the members and guests.

Mmes. W. J. Ross, C. Johnnie Cates, John Le Hines, Claude Ring, Howard and the hostess, Mrs. Russell, District H. D. A. Petty, Mrs. J. T. Poole, C. B. Wallace.

Fifteen Clubs Represented Council Meeting

The Floyd County Home demonstration council met January 20, 2:30 p. m. in the council court house with Miss and 29 members present.

Fifteen clubs were represented with each giving an interesting helpful talk at roll call.

A short business session and recommendations for following year read and administrative rules were also discussed at this meeting.

Antonius Stradivarius is said to have been faster than anyone else's.

Trees are the oldest living things.

Ex-Slave, 103 Being Studied For Longevity

DENVER, Colo.—John Trammell, 117-year-old ex-slave from Guthrie, Oklahoma, is now undergoing examination at Spears Chiropractic Sanitarium and Hospital here, in connection with the Longevity Research study being conducted by the institution.

Spears researchers are especially interested in Trammell. His has been a life of violence, hardship and poverty—a combination usually associated with brief life spans. Trammell, however, survived the impact of a speeding automobile in 1948, suffering only a broken leg, which healed. This shock, say experts, was sufficient to have killed an average man 50 years Trammell's junior.

Prior to the Civil War, Trammell was a bare-knuckle pugilist who fought other slaves at command of his master. Training for these events, he developed a magnificent physique. When freed in 1863 at the age of 25, he joined the Jesse James outlaws and was wounded several times. Since 1882, when the James outfit dissolved, he worked as a laborer and did individual farming. He now raises turkeys and chickens near Guthrie.

Though Trammell is the oldest of four subjects thus far examined, Spears researchers believe there are many other persons to be found in the U. S. and abroad. They are continuing their search for "the 25 oldest people in the world." Free transportation for each candidate and a traveling companion is provided, plus cash bonuses for each oldest; and money prizes will be awarded to those with the highest ratings in several categories.

Fish Moving Often Brings On Death In Texas Streams

AUSTIN, Texas—Moving a fish from one Texas fresh-water stream to another can kill it, and University of Texas scientists are trying to find out why.

The problem is important, not only because of sports interest, but because one of the most accurate ways to tell if a stream is polluted is to place fish in it and see if they live—accurate, that is, unless the fish die from a non-pollutive cause.

There are chemicals in our fresh water which apparently cause a fish to die when it is moved from a water body in one part of the state to a water body in another part," Dr. Clark Hubbs, zoologist, said. "There may be only one chemical causing it. Anyway, a fish in water having either an excess or absence of that unknown factor finds the condition necessary for life," he added.

Many sportsmen know to compensate for the change by moving some of the stream bed and water with a fish when they change it to a show pool, but the method isn't fool-proof and doesn't solve the pollution-test problem, Dr. Hubbs pointed out.

Dr. Hubbs has collected analyses of the state's major streams, listing every significant chemical in them. He plans to vary the amount of each known chemical in test waters containing live fish and, by the process of elimination, find the substance which prevents "fish moving" and ruins pollution tests.

I loathe, abhor, detest, despise, Abominate dried apple pies. I like good bread, I like good meat, Or anything that's fit to eat; But of all poor grub beneath the skies,

The poorest is dried apple pies. Give me toothache or sore eyes, But don't give me dried apple pies.

Life expectancy at birth in the 17th Century was 18.2 years. In the 20th Century it is 58-60 years.

DR. PAUL BROOKS LEATH

Baptist Men Will Hear Doctor Leath

At their Monday night monthly meeting the men of the Baptist Brotherhood in Floydada and their guests will hear Dr. Paul Brooks Leath, pastor of the First Baptist Church of Brownwood, it was announced this week.

The meal which precedes the program will be prepared by Leonard Matzler, Clarence Guffee and others.

Dr. Leath is one of the Texas Baptist Convention's strong ministers.

CLIFFORD JONES CALLS HOME

Clifford Jones, the 14-year-old Floyd county lad orphaned by a pre-Christmas holiday crash near Tularosa, New Mexico, is fast recovering from his injuries in an El Paso hospital.

Hospital attendants Tuesday night permitted him to use a portable telephone from his room to call his grandparents, Mr. and Mrs. Clifford Tubbs, here.

Clifford told his grandfather of his progress and asked about things here at home.

February is the 45th anniversary of the founding of the Boy Scouts.—Sports Afield

Frostbite Cuts Off Circulation To the Tissues

Frostbite isn't as simple an ailment as you might think. Frostbite is an injury to tissue caused by exposure to temperatures below freezing. The damage happens because the blood vessels close down either partially or totally, cutting off nourishment to the tissues affected. This results in either partial or total death of the tissue. Severe frostbite cases become gangrenous and you lose a finger, toe or an ear.

The first sign of frostbite is a grayish or whitish patch on the skin, a sort of blanching. This is usually numb, but not always.

Proper clothing will prevent most frostbite. But clothing itself cannot generate warmth. Clothing keeps us warm by trapping body heat and preventing it from escaping. It's an insulator. You can take advantage of this in two ways: 1) wear clothes that trap many small pockets of air in the weave or pile of the fabric and 2) wear multiple layers of clothing so you'll get air spaces between layers.

Avoid overdressing. Too much clothing makes you sweat and wet clothes conduct heat away from the body. If you are sweating profusely, loosen your clothing or remove a damp inner garment.

If you do get frostbite, here are the basic first aid measures as listed by Dr. A. Michaels for Sports Afield readers:

- 1) Get out of the cold and into warm shelter.
- 2) Use body heat to warm the part. Never use external heat warmer than body heat. If the frostbite is on your face, ears or trunk, cover it with a warm, unglued hand. If your fingers are frostbitten, place them inside your shirt up against your body. If a foot is frostbitten, remove your shoe and sock and put the foot against the body of another person. Never rub snow or ice on frostbite. Never rub it at all.
- 3) If the skin is broken, cover the area with a sterile dressing.

The Floyd County Hesperian, Floydada, Texas, Thursday, January 20, 1955

Don't use strong antiseptics.
4) Take warm food and drink.
5) Get medical aid.
—Ted Kesting in Sports Afield.

Mrs. G. W. Moore Succumbs; Rites At Burleson Today

Mrs. G. W. Moore, 82, of Burleson, Texas, mother of Mrs. J. T. Foole and Mrs. L. G. Norrell, passed away at her home Tuesday night, January 18. Mrs. Moore had just recovered from a bout with pneumonia when she suffered a heart attack some two weeks ago. Funeral services will be held in Burleson this afternoon.

The daughters, Mrs. Foole and Mrs. Norrell, had just recently returned from their mother's bedside.

Mrs. Foole, accompanied by her son Mr. and Mrs. Kenneth Foole and Lance and Mrs. Norrell accompanied by son Harold Norrell drove to Burleson Tuesday night. Other relatives leaving to attend the funeral rites from Floydada are J. T. Foole, L. G. Norrell, Mr. and Mrs. Elmer Norrell and sons and a niece of Mrs. Moore, Mrs. Troy Welmaker and Mr. Welmaker.

A West Texas tradition says that a horned frog can live a hundred years without food or water.

MAYFIELDS ATTEND LAST RITES FOR PADUCAH COUSIN

Mr. and Mrs. O. G. Mayfield Saturday afternoon attended funeral rites at Paducah for E. L. Bennett, a first cousin of Mr. Mayfield.

Mr. Bennett, 64, died at his home three miles east of Paducah Thursday. A rural mail route carrier, he lived on his route and had stopped for lunch. He sat down to eat lunch with his wife and moments later was dead.

Mr. Bennett moved from Hill to Cottle county in 1933. He had been a carrier out of Paducah for 22 years.

Rites were held at the Church of Christ. Survivors include one daughter, two sons, two brothers and four sisters.

In the 10-year period, 1934 through 1943, fire destroyed 460 million cubic feet of timber; insects and diseases destroyed 622 million.—Sports Afield.

Tom Thumb's real name was Charles Sherwood Stratton.

Mrs. Earl Bishop observed their fiftieth wedding anniversary Sunday afternoon at an open house with their seven grandchildren and many friends around them on the occasion.

Many Gather to Honor Floydada Couple on Fiftieth Anniversary

Mrs. Earl Bishop were observed their fiftieth anniversary Sunday, January 16, at an open house with their seven grandchildren and many friends around them on the occasion.

The children, Mrs. Riley and Mrs. Bishop, Floydada, Mrs. Howard and Mrs. Henry W. Lubock, and Davis Bishop, were present. Greeting guests as they entered and presented them to the seated couple.

Jimmie Pegram, Quail, and the Bishops, present at the register. Mrs. Roy and Mrs. Howard Bishop in charge of the gift display which housed many lovely and the console TV set that presented the couple by their side.

A white cloth covered table centered a three-tiered cake topped with gold roses and wedding topped with the numerals 50 in gold. Candles of gold at each end of the table. Arrangements and candles decorated the buffet and mantle.

Bill Tilson and Mrs. Johnnie both granddaughters of the couple, served coffee and punch. Mrs. Burton, also a granddaughter, was in charge of serving.

At Franklin, Texas, Mrs. Bishop were married in 1905, in Franklin, Texas, and have lived in Floyd county since.

Relatives here for the occasion from out of town were Mrs. B. W. Howard and Mrs. Miss Hallie Wall, Mrs. Ida and Roy D. Mrs. Travis and children, Mr. and Mrs. Mrs. Bill Burton, Mr. and Mrs. John D. Teague and children, Mr. and Mrs. Mitchell Davis, Mr. and Mrs. W. L. Tilson, Mrs. Geo. M. Boles, Mrs. W. W. Collins, Mr. and Mrs. Harold Bolton and children, Mr. and Mrs. D. R. Davis and Mrs. E. E. Boothie, Mr. and Mrs. Ira Davis and son, Mrs. Bud Stevens, Ralls, Mr. and Mrs. Candon Lawson and children.

Acquainted Party Planned

A get-acquainted party for the community were made at the 12th meeting of the Sand County Demonstration Club. The party will be held in the school building at 7:00 p. m. on January 21. Members should bring a card, a cookie or doughnuts and all other card tables and dominoes for the party.

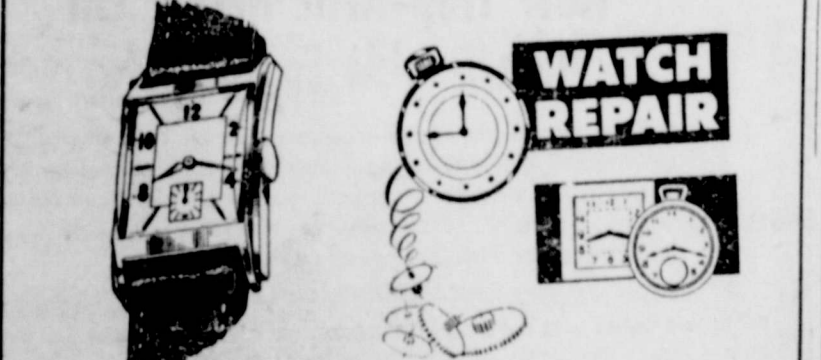

The first meeting of the club was held in 1933 and it is hoped that there will be a number of new members in the club. The new officers are: Mrs. Leila Petty, president; Miss Leila Petty, secretary; Mrs. Lynn Miller, treasurer; Mrs. R. L. Bullock, Miss Switzer, C. B. Carmack, Mrs. W. R. Billington, Orba M. M. Knight, Johnny Miller, H. F. Jackson.

The club meeting will be held at 7:00 p. m. in the school building with Mrs. W. R. Billington as hostess.

Leaders Hold Meeting

Meeting for Food Leaders and Demonstration Clubs was held Monday afternoon in the school building. Twenty-five members were present and they discussed the demonstration in the school building during February. Miss Leila Petty, County Demonstration Agent, was in charge of the meeting.

Those present were Misses Bailey, Williams, Harmony, D. H. W. Roberts, Home, H. Bethel, S. J. Letta, H. H. Tinsley and A. D. Stanley, W. E. Grimes, Frank McClure and Mrs. C. V. Vason, J. E. Green, Dale Jones and Howard C. Schewe, Providence; Mrs. Tom Porter, and James Jeffers, Sand

Angel Cake On A Silver Tray

You pay tribute to your guests when you offer refreshments on a silver tray. It is a traditional way of saying, "It is an honor to serve you."

Time was when silver platters were luxuries which few could afford but today it is different. The beautiful tray above is in the new Crocydon pattern in 1831 (R) Rogers (R) by Oneida, Ltd., and the price is only \$17.50. Here is elegance within the reach of all.

Angel cake with Coffee-Cream topping is a dessert which is as pretty to see as it is good to eat. Arrange wedges of the snowy cake in a ring on the lovely silver tray. Place a nosegay in the center. Serve the delicious topping in a handsome silver sauce bowl and allow the guests to serve themselves.

Coffee-Cream Topping—Whip one half pint of cream. Fold in three tablespoons of sugar, one half teaspoon of instant coffee and one fourth cup finely chopped pecans.

How to Become Eligible For S. S. Benefits

(Editor's Note: This is an article prepared for farm families by the Lubbock, Texas, District Office of the Social Security Administration.)

In a previous article I discussed the various types of benefits that have been made available to farm families under the 1954 Amendments to the Social Security Administration. In this article I want to explain how the farm owner and his family may become eligible for these benefits.

To be eligible, the farm owner must be insured. Being insured simply

means that a minimum amount of time together with minimum amount of earnings are required. We measure this requirement in calendar quarters of the year and call it "quarters of coverage."

Quarters of coverage are used to determine insured status. The law requires that for the newly covered farm owner, who has never worked under Social Security, to work roughly half of the time from 1950 until age 65 or death. Quarters of coverage are given where net profit from farm operations are at least \$400 or more each year. Where the minimum earnings are made four quarters of coverage are given. For example, a farm owner who becomes 65 in 1960 will require five years where his net profit from farm operations has met or exceeded the \$400 requirement. This will, of course, give him 20 quarters meaning that the requirements for a fully insured status is met. After 40 quarters of coverage have been earned a lifetime insured status is acquired.

Requirements are similar for the farm hand. He, too, must have a minimum number of quarters of coverage. However, this person will be given a quarter of coverage for each \$100 of cash wages paid him during the year. Only four quarters of coverage may be earned in one year.

This becoming insured entitles the farm owner to benefits when he is 65 or over and no longer employed. These benefits range from \$30 to \$108.50 per month. Also, his wife, if 65 or his wife and children if there is a minor child may receive benefits. In this event family benefits range from \$50 to \$200 per

month. Further, in case of the farm owners death family benefits to his wife or children may be paid. Minimum family benefits in these cases are \$30 and the maximum is \$200. Completing and mailing the coupon will bring even more details on just what this Social Security coverage will mean to you and your family.

The Social Security Administration at Lubbock has a free booklet entitled "Facts for Farm Families" which goes more into detail on what Social Security coverage will mean to the farmer and his family.

HOSPITALIZED PIONEERS ARE REPORTED IMPROVED

Mr. and Mrs. Owen Thornton and children of Lockney returned home last week from Dallas and Wichita Falls where they visited with his grandparents, Mr. and Mrs. R. C. Bennett. They reported both Mr. and Mrs. Bennett feeling better.

Mr. Bennett is in Baylor hospital at Dallas. He suffered a heart attack and a light stroke some time ago. Mrs. Bennett is in Wichita Falls General hospital. Mrs. Bennett has been very ill for about a year with a heart condition and suffered a heart attack about two weeks ago.

WILL DEDICATE SCIENCE BUILDING ON JANUARY 29

Dedication of a \$2,850,000 Basic Science Building for Southwestern Medical School of the University of Texas in Dallas has been set for January 29.

Opening ceremonies are scheduled for 2:00 p. m. at 5323 Harry Hines Blvd. O. M. Watson, Sr., of Floydada, Texas, is a member of the Advisory Council of Southwestern Medical Foundation.

McREYNOLDS FAMILY GATHER AT LOCAL HOME FOR RE-UNION

Guests in the O. M. McReynolds home this past week-end were their eldest daughter, Mrs. Clyde Phillips and Mr. Phillips, Bonham, the McReynolds' two sons, G. B. McReynolds and wife and O. D. McReynolds and family, a grandson, Harold Phillips and family and a granddaughter, Mrs. Tex Fortenberry and family, all of Lubbock.

C. L. McReynolds and wife, Floydada, brother to O. M. and also the 88-year-old mother of Mrs. O. M. McReynolds, Mrs. J. A. Summers, also of Floydada were guests in the home.

A lovely dinner was served Sunday at the noon hour and the afternoon spent visiting and taking pictures.

Malathion Controls Fleas on Dogs But Not on Cat Family

COLLEGE STATION — Malathion can be used safely on dogs to control fleas research workers of the Texas A. & M. College System have found.

In preliminary tests, reported by Manning A. Price, professor of entomology, several dogs were dusted and sprayed with different malathion concentrations. Two days after treatment no fleas were found on the once-infested animals.

The new phosphorous insecticide will control many DDT-resistant insects. The studies were begun to determine whether malathion might be used in sufficient strength to kill fleas and still not harm the animals.

Prof. Price says a five percent dust of malathion will give the longest control. A 25 percent spray or four percent dust will eradicate the fleas in garages and other infested areas. The entomologist adds a note of caution. Do not use malathion on the family cat. A formula containing more than two percent malathion is fatal to members of the cat family.

Warranty Deeds

E. L. Caraway et ux to E. R. Caraway, all of the southeast quarter of survey No. 1 in Block K in Floyd county, \$40.15 federal revenue stamps.

H. A. Wilder et ux to James Mars Ratliff, all of the west 120 acres of the northeast one-fourth of survey No. 14 in Block N, \$25.85 federal revenue stamps.

Floyd County 14 Years Ago

(Taken from the files of the Floyd County Hesperian, issue dated January 26, 1941.)

Gilmer Denison, son of Mr. and Mrs. C. W. Denison, left Monday for Dallas where he will enter the Southwest Aeronautics institute for training.

J. A. Oden of Carlsbad, New Mexico, spent last Thursday in Floydada visiting his son, Conner Oden and family, enroute home from a business trip to Canyon, his former home.

Bob Montgomery, student at Eastern New Mexico College, Portales, came Friday for a visit with his mother, Mrs. W. M. Dorsey.

Leeman Norman, student at Cameron College, Lawton, Oklahoma, spent the week-end home with his parents, Mr. and Mrs. E. L. Norman.

Mrs. Sam Thurmon spent from Tuesday until Friday in Abilene visiting her husband, who is employed in government construction work. She was accompanied by Mrs. W. H. Hilton who visited relatives.

Mr. and Mrs. Lloyd Murray and daughter of Amarillo visited from Monday until Wednesday with their parents, Mr. and Mrs. O. E. Murray and Mr. and Mrs. Ham Smith.

Mrs. S. J. Latta entertained with a dinner Sunday, honoring her daughter, Alice, on her fifth birthday. The engagement of Miss Juanita

Rushing to Malcolm Bridges of Big Spring, was announced Friday at a tea given at the home of the bride-elect's parents, Mr. and Mrs. Lee Rushing. The wedding is to take place February 2 at Rushing chapel. Miss Lenna Merle DeVall, daughter of Mr. and Mrs. J. E. DeVall of Ralls, and Clyde Lovell, son of Mr. and Mrs. W. A. Lovell, were married Saturday evening January 4, at the home of Rev. Vernon Shaw.

C. J. McClure, 73 year old resident of Lockney, is reported improved this week in the Plainview hospital where he was admitted last week following two heart attacks. He was removed from the oxygen tent last Tuesday but would have to remain in the hospital for at least ten more days, the family said.

A Farm Man Thinks

(Shelie Witt Spikes)

"New year, a good year," so the saying goes. And wasn't the year beautiful? Old dead trees on the north of our woods. We had lace at all the windows. Like delicate tracery like the French confectionery. The snow had been on the ground for a month. I took a comb and brush and began on the front. After some two hours I had a little straightened out. In desperation I took up a pair of scissors and whacked off all the back to the scalp. This was before the day of short haircuts for women and it was a terrible thing to do although the only way out.

Back and forth women went to this home across the snow of 1918. This winter chickens froze in piles, turkeys at our place also. Hogs were covered and had to be dug out, roads were blocked and the winds raged, harsh and bitter from the north. The milking handles on the cows udders froze and we had a time.

Mrs. McDermott and Jim have done a great work since that day she so nearly died, be as a preacher and she as his helper. God bless them and theirs.

"Gathering Home, Gathering Home, God's Children Are Gathering Home." Our eyes are misted over as these precious words of the old song come to us and we know that friends have gone home. We loved Mrs. Norton. She was our neighbor and we spent many pleasant hours with her and her nice family. She was kind and gentle, making a good home in every sense of the word for her family. She took good dinners to the school and church affairs, her cream pies were beyond compare. The beautiful poem

never will I forget how cold it was as we rode along the three miles to the Jim McDermott home, where Mrs. Mc lay unconscious with the dreaded disease. There was a big heating stove in her room, but the doors had to stay open for her to have all the fresh air she so desperately needed. We hovered over the stove the long, bitter cold nights, holding first one cold foot then the other to the red hot stove, while Evie talked in her fever. It got to be where she would take no medicine without force that when I gave it to her.

A month she lay there after the fever left, her long hair matted and tangled. I took a comb and brush and began on the front. After some two hours I had a little straightened out. In desperation I took up a pair of scissors and whacked off all the back to the scalp. This was before the day of short haircuts for women and it was a terrible thing to do although the only way out.

Back and forth women went to this home across the snow of 1918. This winter chickens froze in piles, turkeys at our place also. Hogs were covered and had to be dug out, roads were blocked and the winds raged, harsh and bitter from the north. The milking handles on the cows udders froze and we had a time.

Mrs. McDermott and Jim have done a great work since that day she so nearly died, be as a preacher and she as his helper. God bless them and theirs.

"Gathering Home, Gathering Home, God's Children Are Gathering Home." Our eyes are misted over as these precious words of the old song come to us and we know that friends have gone home. We loved Mrs. Norton. She was our neighbor and we spent many pleasant hours with her and her nice family. She was kind and gentle, making a good home in every sense of the word for her family. She took good dinners to the school and church affairs, her cream pies were beyond compare. The beautiful poem

in the Hesperian written by her son-in-law told us about her in sweet words of praise. We are glad we knew her and like rubies, she was without price.

We never knew Mr. Denison until we moved to Floydada. From the first time we did our washing there, he was our friend. We found out that his wife, Dessie, was the girlhood chum of my cousin, Cleeta Jones Harris now of El Paso. Mr. Denison always had kind words and much fun as he went about with his heavy work. He never complained, he never got ill with his customers. Faithful to the church he loved and attended. What better can we say of a man than that he was a Good Man. We love you, Dessie and your dear mother, Mrs. Walker. We ask God's blessings on you and his children.

Fairview News

(By Mrs. Clyde Bagwell)

FAIRVIEW, Jan. 18—We have had some more moisture to fall the past several days which is appreciated by the dry land farmers. So far this month we have received eight-tenths of an inch here at our place.

Our hearts were made sad again last week when we lost another good friend, P. A. Denison, who passed away Friday morning at his home in Floydada. Paul's friends were numbered by his acquaintances and he will be greatly missed by many. Our heartfelt sympathy is with his loved ones in their sorrow.

Rev. Joe Wilson, former pastor of the Fairview church, who now lives in Floydada, preached at both services Sunday at the Baptist church here. Rev. Wilson was dinner guest and visited for the afternoon in the home of Mr. and Mrs. Walton Wilson. Others enjoying the dinner and visiting in the Wilson home Sunday were Mrs. W. B. Wilson and Mr. and Mrs. A. S. Mize.

Rev. and Mrs. Larry Faus and daughter, Vassie Beth, of South Plains, visited Saturday afternoon in the E. W. Walls and Walton Wilson homes.

Mr. and Mrs. Lee Burgett were made happy last Friday night when their son, George, who is stationed in Honolulu, called them from San Francisco, California. George had flown there on a 48-hour business trip.

Mrs. Jim Stewart and Jim Dan spent from Tuesday until Saturday night in Plainview at the home of her sister, Mrs. Odell Stapleton and family.

Mrs. E. W. Walls attended church in Lockney Sunday and visited with her sister, Mrs. T. J. Jarboe, returning home after the night services.

Troy Lee Johnston of Floydada spent the week-end with his grandparents, Mr. and Mrs. Lee Burgett.

Mr. and Mrs. T. L. Perry and Jan visited in Plainview Friday with Mr. and Mrs. Grady Reeves and family.

Mr. and Mrs. P. D. Helms of McCoy visited Sunday with their son and family, Mr. and Mrs. Clifford Helms.

Mr. and Mrs. Cecil Payne visited in Floydada Sunday with Mr. and Mrs. Bill Smith. In the late afternoon they visited with Cecil's mother, Mrs. W. W. Payne.

Mr. and Mrs. S. D. Kinnibrugh and daughters of South Plains visited Sunday afternoon with Mr. and Mrs. T. L. Perry and Jan.

Mr. and Mrs. Lee Rushing were

Sunday dinner guests of Mr. and Mrs. Omer W. Kirk in Floydada. Mr. and Mrs. C. L. Copeland and children of Tulla visited here Sunday in the home of Mr. and Mrs. Shirley W. Irwin. Mrs. Copeland and Mrs. Irwin are sisters.

Mr. and Mrs. Lee W. Burton and children visited Sunday in Center community with Mr. and Mrs. Earl Huekabee and Sandra Kay. Later in the afternoon the Burtons visited the Peoples hospital with Lee's grandfather, L. P. Osborn, who has not been feeling well the past few days.

Mrs. Lee Rushing visited in Plainview Friday with her father, J. C. Woolverton.

Mr. and Mrs. T. L. Perry and Jan visited Sunday evening with Mr. and Mrs. Charlie Perry, west of Floydada.

Mr. and Mrs. Winford Payne and children of Floydada visited Wednesday night with his parents, Mr. and Mrs. Cecil Payne.

We talked by phone to L. B. Cozby and he told us that he was feeling fine now and able to be up most of the time. Mr. Cozby suffered a heart attack about two months ago and was in Peoples hospital for two weeks and has been recuperating at his home since.

The Polio Drive is getting underway in the community. There will be a worker to see each person in the next few days. Mrs. Clyde Bagwell has been appointed chairman for the drive and workers are Mrs. T. L. Perry, Mrs. E. W. Walls and Mrs. Clifford Helms.

There will be preaching at the church Sunday at both services. We don't know the name of the speaker at this time but all be on time for the service.

Mr. and Mrs. Gene Hopper and family moved last week from the community to a place near South Plains. The Delbert Bennett family have moved on the Hopper place.

Mrs. Sim Reeves of South Plains spent Tuesday with her sister, Mrs. Walton Wilson.

We just had a nice letter from Pvt. Leonard Wilson, who is stationed in Korea. Leonard wrote the letter Sunday, January 9 and said it was snowing there. It was also snowing here on that day. He said the snow was blowing and drifting while ours was a still day with no snow drifting.

Second Fire Same Evening Heavily Damages Residence

Floydada volunteer Fire department was called to a blaze at Mississippi and 4th street Tuesday night about 6:20 and made the second call to the same place at 9:20. Cause of the fire was undetermined.

The three room dwelling was owned by Mrs. Maggie Goodson. She said the family only stayed there part time, therefore the house was not completely furnished. What was stored there, however, was burned.

The house was gutted, only the frame left standing. It was partly covered by insurance, Mrs. Goodson said. What caused the blaze to flare up the second time was not known.

Mrs. Charlie Perry is said to be somewhat improved this week. Mrs. Perry is in Plainview hospital receiving medical treatment.

'So This Is Paris' To Be Capada Feature

"So This is Paris" is scheduled for Sunday and Monday at Capada drive in theatre. Movie goes with good musical comedy with plenty of good dancing or those who have come to like Tony Curtis and Gloria DeHaven will be given opportunity to get them all in one bill on this date.

Doyle Mount at Capada says this is one of their better shows of the month and predicts local fans will enjoy seeing Curtis in the role of a footloose sailor who sings and dances for his first time on the movie screen.

Curtis was injured seriously while serving in the navy on a submarine

crew in the south Pacific less than ten years ago and for a time no one thought he would walk again. In preparing for this picture he went through six weeks rehearsals under dancing instructors who pronounced him professional. Previous hits of Curtis which have made him the idol of the bobby soxers have been in the field of melodrama and light comedy.

Mr. and Mrs. W. H. Bunch, Darrell and Rodney, visited Friday night with their children, Mr. and Mrs. James Finley of Muleshoe.

L. C. McDonald of McDonald Implement is a patient in Plainview hospital and clinic. He is expected to be able to return home soon.

MOVE TO FLOYDADA

Mr. and Mrs. Kenneth Malone moved to Floydada from Plainview this week. The Malones are at home on south Second street and Mr. Malone is employed with Bradford Jewelry where he is in the watch repair department.

Before coming here Malone was with Edwards Jewelry in Plainview in the same line of work.

Leroy Burns, who is associated with Bishop Motor company, was returned to his home Wednesday from the Plainview hospital where he had been receiving medical attention.

Mahogany trees are traditionally cut by moonlight.

Schools Week Meeting Tomorrow Afternoon

J. M. Willson, Jr., announced this week a meeting date for the citizens committee on observance of public schools week. Meeting time is set at 2:30 p. m. Friday and Floydada high school is the place. Committee members will lay plans for the schools observance program which is scheduled for the week of March 7. Belief of the committee is that both the schools and the public will profit if the public becomes more familiar with school problems and with the school system.

Serving on the committee of which Willson is chairman are I. T. Graves, A. W. Coltharp, Henry Barber, A. T. Hull, B. A. Robertson, C. L. Minor, Jr., G. E. Mayo, T. C. Hollums, Wayne Russell and Jim Morrison.

L. P. Osborn, a patient in Peoples hospital for some time, suffered a light stroke this week. He is said to be gaining strength but is still weak, as reported by hospital attendants.

Fielding H. Yost, athletic coach of the University of Michigan, was nicknamed "Hurry-up."

San Juan is the capital of Puerto Rico.

REBEKAH LODGE INSTALLED NEW OFFICERS FOR 1951

Floydada Rebekah Lodge installed officers at their meeting on January 11. Installed were Carolyn Noble grand; Ravelle Turner grand; Jane Marquis, secretary; Lucille Elliott, and secretary; Roxie Brantner.

A birthday party honor of the members was enjoyed at the meeting. Refreshments, chocolate, sandwiches and were served.

BAIRD BISHOP LEAVING TODAY FOR NEW ORLEANS

Mr. and Mrs. Baird Bishop are enroute to New Orleans today, bound for the deep sea. They expect to be gone February 1.

During their absence Roy Quittaque pharmacist, is himself to the store and in charge of the pharmacy.

C. E. Jones, owner of Peoples hospital, reported fair on Wednesday.

Post Counsels Draft Age Boys

McDermott Post of the American Legion sponsored a meeting Monday night at the hall with members of the boys senior class of high school and their families as special guests.

Commander Allen Bingham introduced J. C. Wester as speaker for the evening.

Mr. Wester spoke on the subject of probable draft extension, pay boost to men with technical skill, the GI bill and several other interesting facts for a boy who is draft age or soon will be.

In his discussion, Mr. Wester brought out the five point program for military service, that if passed before Congress, which if passed will give a young man a choice of either volunteering for armed services on a part time - long time plan or being drafted.

Mr. Wester quoted President Eisenhower as saying a new draft law of some kind is regarded as certain between now and July 1, when the present draft act expires.

Coffee and doughnuts were served those attending.

Jim Potts, who is in the McKinney Veterans hospital, was reported feeling better this week, but it was still not known when he would be able to return home. Mrs. Potts has been with her husband since his illness.

Natives of Monte Carlo are not permitted to gamble at the casino.

The first car race was from Paris to Rouen in 1894.

Rivalry Begins

District 2AA cage play got underway this week and most intersectional games and tournaments for the season are past history as far as loop members are concerned. The Whirlwind teams, both boys and girls, have had about a fifty-fifty average in their battle with outside competition and will settle down to take a shot at the two district crowns.

Neither the boys nor girls of FHS are regarded as title contenders at this point of the race, but coach Paul Huntington's charges are due to give a good accounting of themselves before the race is over.

Most followers of the round ball game give the nod to Lockney as the leader in the girls division and to Muleshoe or Tulla in the boys bracket.

No home game is scheduled for Graves gym until January 28 when Lockney comes here to engage the locals.

Other District Scores

The Floydada Whirlwinds journeyed to Muleshoe Tuesday night for a conference that saw Muleshoe taking both the boys and girls games. In the boys game, the Mules took an early lead which they never relinquished, winning by the score of 53 to 39. George Chapman and Marvin Rucker each had nine points for the "Winds".

In the girls game, it was a close battle all the way with the Muleshoe team coming out on top by a narrow 56 to 55 margin after the locals had pushed them very hard in the final stanza.

Charlotte Johnston was high scorer for the "Winds" pouring in 31 points.

OIL TEST REPORTS

Yesterday the Robert Maguire No. 1 Bunch, test for oil and gas at Lakeview, was drilling away at approximately 6,000 feet Tuesday.

The Humble test on Section 28, Matador Land & Cattle Co., in extreme southeast Floyd county was making hole below 6,500 feet the first of the week.

Too Late to Classify

Claude Weathersbee, co-chairman, Mrs. Earl Crow;

3:30 p. m. Women: Chairman, Mrs. Ralph Johnston, co-chairman Mrs. Kinder Farris;

4:30 p. m. Professional: Chairman M. P. Goen, co-chairman Kenneth Bain, Jr.;

8:30 p. m. Farmers, Gin and Elevator Personnel: Chairman, Roy Hale, co-chairman, S. J. McIntosh. In connection with the plans for the pre-clinic meeting on Monday Watson said:

Ralph Duncan, manager of the Community Services Department of the West Texas Chamber of Commerce, will be in Floydada and explain the duties of session Chairman and hear reports of progress on clinic plans. The most important chairmen duties are to stress attendance at clinic meetings and preside at their session.

All clinic sessions will be held at the District Court Room except the meeting with high school Juniors and Seniors which will be held at the high school.

Progress day clinic will invite every Floyd County citizen to attend a clinic session and write down their suggestions of what they think Floydada and Floyd County needs to grow and prosper in the future.

On January 24, 2,450 letters will be mailed to Floyd County citizens inviting them to the clinic. These letters will go to every Floyd County farmer and to every Floydada home.

On February 1 another invitation will be mailed. A total of 4,350 pieces of mail will go out from the C of C office within a week.

Largest known mass of pure iron in the world is located at Iron Mountain, Missouri.

"Minute Men" was the name given to companies of militia organized at the time of the Revolution.

PLAINVIEW LIVESTOCK SALES RING

Our next sale, January 19, 12:30.

REV. J. WOODROW FULLER

Dallas Minister Here Sunday Night

Rev. J. Woodrow Fuller, of Dallas, who is director of the department of direct missions and promotion of the Baptist General Convention of Texas, will preach Sunday night for the Baptist congregation. It was announced this week by Dr. R. Earl Allen, pastor of the church.

Dr. Fuller's first pastorate was at Fulton, Kentucky.

After his work in the ministry was interrupted by World War II during three years of which he was a pilot in the Air Force, he came to Texas, and pastored the Diamond Hill Baptist church in Fort Worth. Since 1950 he has been in missions. He has held his present position since January 1, 1953.

I Give You Texas —Boyce House

The late Pat M. Neff, former governor of Texas, former president of Baylor University and one of the most eloquent men Texas has ever produced, gave this eulogy of the Bible:

No other book has played such an important part in the making of civilization as the Bible. It deals with the terrestrial as well as the celestial affairs of life. It proclaims the past and foretells the future. It is the only book that gives men a place and purpose in the world. It furnishes to him a code, fixes for him a zeal. It is no common book. It bears the Divine imprint on every page.

The dying words of Andrew Jackson were, "The Bible is the rock upon which our civilization rests." Gladstone said, "There is no book in all the range of books that has had such influence in civilizing the world as has the Bible." "It is impossible to govern the world without it," wrote George Washington. Thomas Jefferson testified, "I have always said and always will say that the studious perusal of the Bible will make better citizens."

"The Bible," said General Grant, "is the sheet-anchor of our liberties."

Wherever wheels turn or keels plough, the Bible is sold. There is a daily sale of 40,000 copies. The American Bible Society alone has issued annually for the past 10 years, five million copies. During World War I, seven million Bibles

The Bible is always new. The doctrines proclaimed 2,000 years ago by Him who walked and talked among men, are still engaging the profoundest thought of sages and philosophers. Its teachings have never become obsolete.

The Bible is humanity's greatest literary masterpiece. With its 66 books, written by 40 authors, covering a complete and unbroken period of 2,000 years, it is not only a work of history and wisdom but it is the world's best classic. Measured by beauty of diction and sublimity of thought, the literatures of the Greeks, the Romans, the French, the English do not compare with the stately and sublime expressions of the Biblical writers.

The Bible is the fountain of the world's wisdom. All other books of all the libraries of the world do not contain the food for thought that is found between its covers. From Moses, the legislator gets his laws; from Paul, the logician gets his logic; from Zion, the musician gets his songs; from Solomon, the sage gets his wisdom; from the prophets, the orator gets his speeches; from Genesis to Revelation, we all get

of the peasant. The Bible is everybody's book.

Pirates burying their gold and jewels on a lonely beach; robbers, closely pressed by the law, hiding the loot of bank robberies and train holdups in caves; old prospectors, hitting a gold or silver bonanza in the mountains or the desert but never revealing the location and carrying their secret with them to their graves—these are subjects that thrill us all.

Here's a story about buried treasure that is a little different.

For a long time a man living in Gorman hunted for a fortune in silver—\$6,000,000, he said it was—that the Spaniards had buried. He had an old map but, how he obtained it, he never told, and he would let no one see it. He couldn't hunt much of the time because he had to make a living and years went by and still he hadn't found the treasure. He grew too old to do the digging himself but, when he could scrape together a little money, he hired a digger.

Most of the townspeople knew the elderly man and liked him, but they took no stock in the tale of eight

The Floyd County Hesperian, Floydada, in recounting the story to his cronies was the owner of a store.

That was the way matters stood when, one Saturday, the roving reporter for the Fort Worth Star-Telegram visited Gorman. Someone told the story and introduced the old fortune seeker. His eyes burned as he said, "All I need is a little more money; I'm right on top of it—no many more feet to go."

The newspaperman wrote the story of the supposed treasure and the long search, and after it came out in the paper, many people wrote to Gorman for particulars; some even called friends by long distance, and there was a brisk demand at the hardware store for picks and shovels.

And the "doubting Thomas"—the shop owner—called his buddies together after he had seen the treasure story in cold print and they got up a pool of \$600 to go out and hunt for the buried silver they had always laughed about!

They never did find it, by the way.

F. H. Vahlsing, Incorporated, in Texas' Lower Rio Grande Valley, is the largest branch of the largest vegetable growing and marketing concern in the world.

Texas' Thousand Anniversary, Kansas, and Wyoming, the Texas capital.

It is so far from El Paso, Texas, that an early departure with a wagon reach Austin until the had met, transacted all and adjourned.

The University of Texas permanent fund which is by approximately \$17 million.

Texas A. and M. College more officers to the Army War II than did West Point.

Tyler, Texas, raises two-thirds of the country bushes grown in the United States.

Alaska once was known as "The Last Frontier."

Alaska has a longer coastline than the United States.

SPEAK ON LEGISLATION—"Legislation in the Public Interest" will be featured when the Texas Press Association holds its annual Mid-Winter Meeting Jan. 22 in Austin. Addressing some 200 Texas daily and weekly newspaper publishers will be three men who have been closely connected with legislative matters. They are, in the usual order, above: Representative Jim Lindsey of Texarkana, speaker-to-be of the Texas House of Representatives; Alvin A. Burger, executive director of the Texas Research League, Austin; and former State Senator James C. Nance of Oklahoma who also is publisher of the Purcell (Okla.) Register and co-owner of several daily and weekly newspapers in Oklahoma.

Big Carryover Of Wheat Crop

COLLEGE STATION, Jan. 19.—Wheat growers will heap their 1955 production on an estimated national carryover of some 1,000,000,000 bushels. And, as a result, the government's support program is expected to hold up the price.

Based on current prospects, carryover stocks probably will be reduced during the 1954-55 marketing year with further cuts due the following year.

John G. McHaney, extensor farm economist, says total wheat supplies for the current marketing year will approach 1,894,000,000 bushels, the largest in history.

The economist expects wheat exports to rise above last year.

He says domestic consumption and exports are expected to top the 850,000,000 bushel crop in prospect for '55, making possible the reduction in carryover stocks.

Under the present farm program, wheat grown must be supported by parity between 82.5 and 90 percent. The national support level for the 1954 crop was \$2.24 a bushel. The support this year cannot go below \$2.06 a bushel.

South Plains News

(By Mrs. Murray Julian)

SOUTH PLAINS, Jan. 17.—Members of the South Plains Baptist church are leveling ground. They are making way for the foundation of the new three bedroom parsonage, well and pressure pump which will soon be a proud addition to South Plains. Many of the men have been working and measuring land for the foundation of the parsonage, which was built in Lubbock, and will be moved out.

Rev. Larry Faus will attend the Evangelistic Conference in Lubbock Thursday, Friday and Saturday of this week, driving back and forth each day.

WMU meets at the church for bible study Thursday at 2:30 this week. Next Sunday church census will be taken unless bad weather prevents.

Shelby Calahan went to Winters, Texas, Sunday to visit Mr. and Mrs. Billy Bean. Billy Bean returned

here Sunday to have a short visit with his parents, Mr. and Mrs. Gilbert Bean of Lockney.

We regret the illness of Mrs. Ernest Smitherman, who has been confined to her home since last Thursday, January 6. She is getting along much better now and hopes she will not have to be in bed much longer. Visitors at the Smitherman home last Sunday afternoon were Mr. and Mrs. Arby Mulder and children, Mr. and Mrs. Phillip Smitherman, Mr. and Mrs. Murray Julian, Mr. and Mrs. Bill Beedy and Mr. and Mrs. John Smitherman.

Mr. and Mrs. Gene Edmonds and children were in Amarillo Saturday where they took Benny to the doctor. They had just returned from College Station, Texas, where they were called by the death of Mrs. Edmond's father, Mr. Robinson. Mr. Robinson had been in failing health for some years.

Mr. and Mrs. Grigsby Milton and daughters had Sunday dinner in Lockney after church. They spent the afternoon visiting Mr. and Mrs. Jim Wilson and Mr. and Mrs. Frank Brown and children.

Mr. and Mrs. Frank McClure had several guests during the week. Friday morning Mrs. George Weast called and that afternoon Mrs. Early Pritchett visited with them. Sunday afternoon Mr. and Mrs. George Beedy from Lockney spent the afternoon.

Mr. and Mrs. Arby Mulder and children spent Saturday in Lubbock where they celebrated their twentieth wedding anniversary. They went through their new house which is to be moved to their place on Tuesday of this week. In the evening they enjoyed a delicious dinner in Lubbock.

Mr. and Mrs. Skeet Thornton from near Lockney left Sunday for a four weeks vacation at Hot Springs, Arkansas, where they will relax and enjoy various interests in the vacation spot they have chosen.

Mr. and Mrs. C. R. Haggard and daughters who have lived the past year on the H. C. Franks farm, have moved during the past week to Lockney where they will make their home this coming year.

Mr. and Mrs. E. P. Sundell from Macomb, Illinois, who are enroute to Los Angeles, California, and later on to the Hawaiian Islands, visited Mr. and Mrs. Murray Julian and boys from Wednesday until Friday of last week. They were former neighbors when they both lived in Miami, Florida.

Mrs. Lucy Thornton has had her sister, Mrs. Kate Dickson from Here-

ford, as her guest during the past week. Mrs. Dickson attended club at Mrs. McClures with Mrs. Thornton Wednesday.

Mrs. L. T. Wood and Mrs. Grigsby Milton attended the council meeting which was held at 2:30 Saturday afternoon at the court house. Mrs. Milton is vice chairman of the council and Mrs. Wood is council delegate. Monday afternoon Mrs. Milton and Mrs. Frank McClure went to the court house annex to attend a food demonstration.

Mr. and Mrs. George Weast left Saturday morning of last week for Garden City, Kansas, and there they visited his parents, Mr. and Mrs. S. L. Weast, over the week-end. From there they went various places of interest. They plan to go this week to Excelsior Springs, Missouri, where they will enjoy a rest at the famous springs resort.

New irrigation wells are being dug or just finished in this vicinity. They are on the following farms, H. C. Franks, John Smitherman, Murray Julian, John Wilson and Sylvain Kinnibrugh.

Mr. and Mrs. J. D. Webb, Melinda and Duane, are home again with the new addition to their family, little Steven Jay, who was born in Lubbock right after Christmas, December 27. He weighed seven pounds and 12 ounces and is now a big boy of nine pounds.

Club Meeting At Mrs. McClures

The first Home Demonstration club meeting of the new year was held at 2:30 Wednesday afternoon, January 12, in the home of Mrs. Frank McClure, with Mrs. Grigsby Milton as co-hostess. New officers took their places with Mrs. R. G. Dunlap presiding as president. Roll call was answered by "It's in the News" with Mrs. Parks as the new secretary-treasurer. Program chairman, Mrs. West distributed the year books and hostesses were selected for the year. Mrs. Parks read the Club Constitution and By-Laws. Mrs. L. T. Wood named the committee chairmen, Mmes. Fred Fortenberry, Grigsby Milton, Bryan Karr, John Smitherman, Harry Hartman and Horace Marble, who read recommendations for the coming year. Demonstrators and leaders were also named for the year book.

Mrs. Weast gave 10 minute demonstration on the correct way to fold and iron a fitted sheet. Mrs. Kinnibrugh gave a talk on Leaders Preferred.

Mrs. McClure and Mrs. Milton served sandwiches, orange date cake, coffee and cocoa to club members, Mmes. R. G. Dunlap, J. K. West, L. T. Wood, Skeet Thornton, Albert

Stewart, John Wilson, John Smitherman, Roy Bledsoe, I. H. Parks, Horace Marble, Bryan Karr, Harry Hartman, Fred Fortenberry, Bill Beedy, Sylvain Kinnibrugh, Murray Julian, George Beedy, George Weast, E. J. Kinslow, J. D. Webb, Metard Field, Arby Mulder, Duane Bradshaw, and guest, Mrs. Dickson. The next meeting will be held January 26 at the home of Mrs. Bill Beedy with Mrs. E. J. Kinslow as co-hostesses.

Mesdames I. H. Parks, Shelby Calahan, John Wilson and Roy Bledsoe attended the Cub Scout gathering which was held at the VFW hall in Lubbock January 13 from 2 in the afternoon until 8:15. Classes during the afternoon were attended as follows: Mrs. Wilson, recreation; Mrs. Parks, the organization; Mrs. Bledsoe, the ceremony; and Mrs. Calahan, the craft class. At 6:30 they enjoyed a banquet which was held at the hall for all those who attended the meeting.

We hope little Vicki Calahan, daughter of Mr. and Mrs. Junior Calahan, is recovering from the bad fall which she had last week. She fell from her high chair Friday and was hurt badly on the head.

Carol Reeves was home over the week-end with her parents, Mr. and Mrs. Sim Reeves. She brought a house guest with her who enjoyed church Sunday morning. In the evening they returned to Dallas where they are teachers at the Buckners Orphan home.

The young married couples monthly party was held Tuesday night, January 11, at the home of Mr. and Mrs. Ernest Huckabee and children. Those who attended were Messrs. and Mmes. H. S. Calahan, Jr., and daughters, Dalton Thompson, and family, and Sterling Cummings and children. Many were confined to their homes because of illness and unable to come.

Mr. and Mrs. C. E. Bartlett were honored Sunday January 16, in observance of their 50th wedding anniversary, at the home of their daughter, Mrs. Otho Sanders on the Silverton highway. In the receiving line with Mr. and Mrs. Bartlett and Mrs. Sanders was a son, R. V. Bartlett, of Fort Worth. Friends and relatives called during the afternoon from 2 until 5. The serving table was laid with a cut work cloth, and centered with an arrangement of two heart shaped cakes, decorated in gold, with a bride and groom. Flanking the centerpiece were golden tapers in silver holders, and golden gladioluses made a lovely background. Serving individual ice cakes was a grandson, Richard Sanders, and Mrs. R. V. Bartlett served coffee. Mrs. Lorin Liebried secured names for the register. Over a hundred guests registered during the afternoon.

The honor roll which was secured Monday when report cards came out named several children in the South Plains school. J. B. Thames gave Eddie Parks, sixth grade, as the only honor student in his room; Mrs. Ray Smith named Sue Wilson, fifth grade; Bill Bledsoe, fourth, and Bruce Julian, Marilyn Kinnibrugh, and Gary Wilson all in the third grade. Mrs. O. T. Hewitt gave Katherine Mulder and Mary Res-

pondek in the first grade and Jimmie Ray Upton and Beth Calahan as honor students in the second.

BAPTIST ASSN. MEETING HELD TUESDAY AT QUITAQUE

The Floyd County Baptist association met Tuesday at the Baptist church in Quitaque. Rev. C. R. Mathis, pastor of the Roaring Springs church was in charge of the devotional.

Rev. A. L. Eubanks, Flomot pastor, spoke at the morning service, and Dr. R. Earl Allen, Floydada pastor, brought the morning message.

Those attending from Floydada were Dr. and Mrs. Earl Allen, Mr. and Mrs. W. B. Jordan and Mrs. G. C. Foster.

Bill Norman of the Dougherty community said this week that the infant son of Lt. and Mrs. Weims Norman, Billy Mack, is recovering nicely from an operation performed January 3. The Normans make their home at Fort Benning, Georgia where the Lieutenant is stationed.

STAFF SGT. CHARLES SCHULTZ RETURNS TO AIR FORCE BASE

Staff Sgt. and Mrs. Charles Schultz left yesterday to return to their home in South Carolina where Sgt. Schultz is stationed at Donaldson Air Force base. The couple had been here since early January visiting his parents, Mr. and Mrs. Bonnie Schultz. Sgt. Schultz will have completed four years of duty with the air force May 17.

While here the Schultz families visited with Mrs. Jack Knox and family in Portales, New Mexico. Mrs. Knox is a daughter of Mr. and Mrs. Bonnie Schultz.

Mr. and Mrs. James San Diego, California, parents of a baby girl born 16. She weighed seven pounds and has been named Roberta Jane. She has Mrs. T. C. Herring of Lockney, Mrs. J. R. Langley of Lockney, Mr. and Mrs. Langley of Lockney, residents of Floydada, and is the former Margie He-

"Enchanted Rock" between ericksburg and Llano, a piece of granite some 500 and covering about a square mile.

SOUND PLANNING STANDS BEHIND EVERY PHASE OF OUR CITY'S PROGRESS!

Wherever there is marked progress in industrial expansion . . . new business . . . a residential building program, there, too, is active, sound planning. We pride ourselves upon our role in the steady progress of our community, supplying needed electrical power for all its phases. That's why it pays to do business with us; for it is your dollars that help OUR community grow. May we serve you, too?

Plan Now To Attend The Progress Day Clinic In Floydada Tues February 8.

CITY LIGHT PLANT

FLOYDADA, TEXAS

Is Named Five Major Committees

Representative Leroy Kress, sophomore house member from the 89th district in the State Legislature, drew attention to five committees, including the labor committee, on special significance in the governor's message since the governor's message is a joint session calling for drastic changes in the state labor laws. In addition to this post, Saul was named by Speaker Jim Lindsey of the committee on the constitution as member on Appropriations, Rules, Revision and Reclamation, and other committees.

KITCHEN AND ★★ ★ FIELD NEWS

Ed Forrester of Lubbock was a Co-op visitor on Monday. Mr. and Mrs. Wayne Collins and Charlie visited in Lubbock Sunday afternoon. Gene Miller from Parks Air Base, Pleasanton, California, is here visiting his mother. Gene was a co-op employee before entering the service. Mr. and Mrs. Melvin Henry attended the inauguration and inaugural ball in Austin on Tuesday and Tuesday night.

ST. VITUS DANCE AFFECTS AGE GROUP 5 TO 15

It is no accident that highly nervous children are frequently afflicted with St. Vitus dance. The proper name of the disease is Chorea, and it is essentially a disorder of the nervous system. Girls are often affected than boys, and it is most common between the ages of 5 and 15. The most easily observable symptoms are involuntary, jerky movements of the face, facial distortions and twitches, and a tendency to do things. The condition is usually accompanied by nervousness, poor appetite and irritability.

What causes St. Vitus dance? First of all, the nervous system itself is involved. This is due to an irritation of the nervous system, particularly along the spinal column. The possible causes of such an irritation may be many: a physical injury, a fall, improper position of sleeping habits, or other disturbances of spinal nature. In this manner, the child is paved for further complications. The child may then be exposed to a situation involving anxiety, fright, terror and this may precipitate the actual condition known as St. Vitus Dance. The onset of this disease may be, for example, at a time when the boy or girl is having a difficult time with school lessons or a psychological maladjustment due to family problems. Chiropractic provides the successful answer to the treatment of St. Vitus dance. Thousands of these children have responded wonderfully to spinal adjustments. Chiropractic approach relaxes the child, remove disturbances in the nervous system and encourage a better adaptation to his environment.

Sunday in Littlefield with Mr. and Mrs. Wayne Todd and Gary. Mrs. Todd is Buck's sister.

Mr. and Mrs. Junior Wornack and boys spent Sunday at the home of his grandfather A. J. Wornack in the Sand Hill community. Mr. Wornack celebrated his 96th birthday. A number of relatives and friends were present for the occasion.

Sue Baker of Lubbock spent the week-end with her parents, Mr. and Mrs. W. O. Baker, in Floydada.

How To Prevent Waste

It has been said that approximately 15% of the electric power that folks pay for is wasted. Here are some suggestions on how this needless waste may be stopped:

1. Use large wire and the power around your buildings. In small wires, it wastes itself trying to crowd through.
2. Check your wiring and be sure that it does not come in contact with water pipes, trees or roofs on buildings. Many high bills are caused by leaks or faults in the wiring system.
3. Oil motors and equipment. The squeaky wheel needs more kilowatts.
4. Learn to cut off the units of your range just before the food is completely cooked; finish the cooking with "free heat" left in the unit.
5. Do not leave unnecessary lights burning when you are away from home.
6. Place your electric water heater as near the sink and bath tub as possible. Insulate pipes on long runs.
7. Stop all faucet leaks.
8. If you are blowing fuses, find and correct the shorts right away. Never put a penny behind the fuse. This will not only waste electricity, but might cause a fire.

Ed Forrester of Lubbock was a Co-op visitor on Monday.

Mr. and Mrs. Wayne Collins and Charlie visited in Lubbock Sunday afternoon.

Gene Miller from Parks Air Base, Pleasanton, California, is here visiting his mother. Gene was a co-op employee before entering the service.

Mr. and Mrs. Melvin Henry attended the inauguration and inaugural ball in Austin on Tuesday and Tuesday night.

John Nay says:

Overheard in the Co-op Libelary: Jackie D. - "What are you going to give up for a New Year's resolution?" Corkie G. - "Period." Jackie D. - "What do you mean?" Corkie G. - "I'm going to give up - period." Julia B. - "That's silly after all these years for you to drive with one hand." Bill B. - "Well, I have to hold the front fender on." Pete H. - "I'd take up law if my wife wasn't always laying it down." Melvin H. - "My wife's an angel - always up in the air, always harping, and never has an earthly thing to wear." Wiley R. was very close mouthed the other day - he left his can at home.

Whooz-it used to go window shopping but is now widow shopping?

Electrical Equipment Hungry? ? ?

You wouldn't starve your soil, you wouldn't keep your stock on short rations, you wouldn't starve hired hands, but... what about your "wired hands?" Undernourished electrical equipment cannot earn its keep just as underfed cows cannot produce a profit. Are your "Wired Hands" wellfed? Has your farm and house wiring been improved since it was installed - has it been checked to determine if it is adequate to carry the load you have on it?

It pays to know and observe the A. B. C's of adequate wiring. Here they are:

- A - Adequate Electric Service Entrance,
- B - Branch Circuits for lights and appliances,
- C - Convenient Outlets in abundance.

For adequate electric service entrance you need three wires of large enough size to bring into home and farm buildings as much electricity as you may need at any time. You need enough well-planned branch circuits to be certain that no one circuit may become overloaded. A spare circuit or two will insure you adequate facilities when that new appliance is added. Large appliances should have their separate circuits to insure efficient, economical and safe operation.

Plenty of outlets are a necessity in any building. These outlets should be conveniently placed and there should be enough of them to permit flexibility in the arrangement of furniture and lamps and allow convenient use of all electrical equipment. Special purpose outlets should be provided for the electric cook, range, water heater, clothes drier and other special appliances.

Mr. and Mrs. O. G. Shearer of Wails, South Dakota, left Sunday to return home after visiting here two weeks with Mrs. Shearer's mother, Mrs. L. Y. Woolsey, a sister, Mrs. R. A. Colston and family and Mr. Shearer's sister, Mrs. I. H. Parks and family.

Club Announces Pancake Supper

The Dougherty Community club is having a pancake supper Friday evening, January 21, from 7 to 8 o'clock. Credits go to Gladiola Pancake Mix, Parkay margarine, Staley's syrup and Folger's coffee. All proceeds will go toward the club's projects. The price is 50c for everyone and that means all the pancakes and bacon you can eat. A brief business meeting will follow the supper. Everyone is urged to come.

Wanted Negro Was Arrested Sunday

Curtis Collier, a Floydada Negro, who has been wanted by the sheriff's office here since December 5, was apprehended in the Negro section of town Sunday. Local officers made the arrest.

Collier, who is in the city jail, is charged with aggravated assault and attempted murder.

The incident happened in the flats following an argument between T. J. Robertson, the victim, and Collier. Robertson was shot twice in the leg as he stood across the street.

DRIVER PLEADS GUILTY TO DWI CHARGE MONDAY

A charge of DWI was filed in Justice of the Peace Pat Sterling's office Monday against Edward Edgar Scroggins of Plainview. A fine of \$100 and court cost was paid by the offender. His driver's license was revoked for six months.

Scroggins was arrested near Aiken Saturday night and held in the city jail until his case was brought before J. P. Sterling Monday morning.

Riding in the car with Scroggins was Chester V. Birden of Lockney, who paid a fine for being intoxicated.

MRS. ELLA JOHNSON RETURNS FROM TRIP DOWN-STATE

Mrs. Ella Johnson returned home Monday from a month's visit with her children in Dallas, Mineral Wells and Graham.

While in Graham visiting with a son, J. S. Johnson and family and a daughter-in-law Mrs. Jetty Johnson, her granddaughter's home burned to the ground. Mrs. Johnson's granddaughter, Mrs. Newman Cox and Mr. Cox were gone when the house caught fire and nothing was saved.

In Dallas, Mrs. Johnson visited with another granddaughter, Mrs. Calvin C. Carlton and Mr. Carlton. In Mineral Wells she was guest of a cousin of Mrs. Frank Cope.

MR. R. R. MURPHY
CITY ELECTRICAL INSPECTOR
OF AMARILLO, TEXAS

TESTS FOR PROPER HOME WIRING-----

A Is it Safe?

B Is it Adequate?

R. R. Murphy, city electrical inspector, Amarillo, Texas, recognizes the growing home need for sufficient electric capacity. Mr. Murphy, who is building his new home, says, "I'm making sure of plenty of electrical capacity...my wiring is safe as it complies with the Amarillo city code. In addition, it's adequate and will be for years to come".

100 AMPERE MAIN BREAKER

8 CIRCUITS PLUS RANGE AND DRYER

ELECTRIC RANGE OUTLET

ELECTRIC DRYER OUTLET

"Here you see 8 circuits with provision for a future 8 more. In addition, there are separate circuits for the electric range and electric dryer. The kitchen, for example, has two appliance circuits for coffee-makers, waffle irons, toasters, etc."

To avoid a tangle of extension cords, outlets should be spaced not more than 12 feet apart. Mr. Murphy here shows Public Service wiring specialist that his complies with this important provision.

Public Service maintains an Adequate Wiring department. We will be glad to work with your electrical contractor, builder or architect on your home, office or factory wiring or rewiring.

Modern living calls for sun lamps, heat lamps, electric shavers and other uses for bathroom outlets. In both of Mr. Murphy's baths, an electric outlet is placed for maximum convenience.

"All I'll have to do here is plug in my electric range. What's more, the wire used is #6 which means that the range will operate at top efficiency. Wire of the right size is an important part of electric appliance operation."

"This is the wiring for the electric dryer as it appears before the three-wire outlet is installed and the walls finished. It's easier to get the right wiring at the time the house is being built. I've planned mine accordingly."

NOT MORE THAN 6 FEET FROM LAMP TO ANY OUTLET
