

Road Bond Vote Is Set For Saturday

Taxpaying voters of Floyd county will give the answer to the State Highway Department's ambitious highway construction proposal Saturday.

The state proposes to re-build cardinal U. S. Highway 70 into a four-lane traffic-way from the Hale county boundary line to Motley county and to re-build and widen U. S. Highway 62 from Floydada south to the Crosby county line at an estimated cost of \$1,800,000.

Providing the right-of-way for the projects through the county is estimated to cost \$300,000. The vote Saturday will or will not authorize the Commissioners court to issue bonds to finance the county's part of the project.

The idea was advanced last July by the State Highway Department. However, it did not come to a vote until November 2, the date of the general election. With a two-thirds majority required the issue lost 774 to 584 in an election that attracted the interest of less than 50 per cent of the qualified taxpayers.

Commissioners Favor Plan

When the petition for the second election was presented in February the commissioners took a stand favorable to the issue and are recommending it to the voters as a good move to make. "We are in favor of the bond issue," their

Lack of interest in Saturday's road bond vote is strongly indicated in the absentee votes which had been cast at the deadline Tuesday night. Margaret Collier, county clerk, said 14 votes had been cast and two are due to come through the mails, making 16 in all. In last November's desultory voting there were 19 absentee votes counted, 12 for, 7 against, the road bonds.

statement said. A probable \$300,000 will be required for the county to buy the right-of-way and pay property damage that will be entailed.

The court has a favorable commitment for the bond sale—a rate of 2 1/2 per cent interest based on 15-year bonds. Their statement points out that a property owner with 160 acres of the highest priced land in the county would be out \$3.65 per year for 15 years. The increase in the tax rate would be 19 cents. Highest tax value placed on any farm land in the county is \$12 per acre. Valuations for rough land fall as low as \$2.50 per acre.

State Would Spend \$1,800,000

Petitioners who are asking for Saturday's election point to the expenditure of an estimated \$1,800,000 by the State Highway Department to modernize the cardinal arteries of travel. The department, in its proposals to the commissioners, says it will undertake the improvements in three projects, the first of which would be from the Hale county line to Floydada. A four-lane highway capable of carrying modern loads, would be built.

The second project would be widening to four lanes U. S. Highway 70 from Floydada to the Motley county line. The third project would re-build the road from Floydada to the Crosby county line, with an additional 10-foot strip on each side of the present road bed.

Where To Vote Next Saturday

The polls for Saturday's momentous election in Floyd county on the \$300,000 right-of-way road bond issue will open at 8 o'clock at the 21 polling places in the county and will close at 7 o'clock in the evening.

Up for decision is the question of whether the county will provide right-of-way through a bond issue to match a proposal of the State Highway Department for constructing a four-lane highway through Floyd county on U. S. 70 from the Hale to the Motley county line, and for widening U. S. Highway 62 from Floydada south to the Crosby county line.

District Plays Will Be Given on Friday Night

"The Wind is Ninety" directed by Mrs. I. T. Graves, is the one-act play chosen to be presented at the district contest March 25 at the Floydada high school auditorium at 7:30 p. m. The cast will consist of ten students, the largest Floydada has ever presented in inter-scholastic competition.

In the cast will be Nan played by La Faun Ballard; Joan, Vanda Carter; Chris, Lourie Johnson; Doc Ritchie, Elvis Lowrance; Mr. Wheeler, Melvis Lowrance; Lieutenant, Bobby Rainer; soldier, Dale Redd; Captain, Max Crawford; Youth, Ray Johnson and Jean Ritchie, Joyce Hammonds.

Fontaine Fowler was scheduled to play the part of Jean, but due to an appendectomy she will be unable to do so.

Usually there are five schools represented at district. This year there will be only three. Paducah will present the first play, Tula, second and Floydada third. Olton and Spur, which planned to enter have dropped out.

Mrs. Graves presented "The Little Foxes" last year and it won first place at district. She has never been defeated at district meet and has established an outstanding record in speech work in Texas.

The area meet will be held in Amarillo and regional meet in Lubbock. Dates will be announced later.

Spring Swirls In With Snow, Cold

Spring - time arrived officially Monday morning and brought with it swirling snow for a change from a too-temperate late winter.

Aside from a two-inch coat of snow and two mornings of hard freeze, the sudden blast caught many irrigation well operators unawares and a hundred or more engine blocks were burst in the county.

The cold front blew in from the north, with dust, around 10 o'clock Sunday night. Snow began falling about 6:30 Monday morning and a low reading of 17 degrees was had at that time. Snow fell until the middle of the afternoon and a reading of 34 was the high for the day.

With a reading of 19 degrees early Tuesday morning, the snow which had collected formed an icing condition making the streets slippery. However only one auto accident was reported due to the ice, that of the 52 Ford belonging to Buddy Widener.

High reading Tuesday was 62 degrees as given by the Pioneer Natural Gas Co. A hard west wind soon began drying out the ground with water standing only in the low places.

Radio Station KFLD reported 7-hundredths of an inch of moisture for Floydada from the snow fall.

Rolls Over at Turn

The 1952 Ford belonging to Buddy Widener, employee at Piggly Wiggly, and son of Mr. and Mrs. Ernie Widener, received considerable damage early Monday morning when it overturned just out of town on Highway 207, east of Consumers on the curve.

Buddy was on his way to work and said the car hit a slick spot causing him to lose control. The car rolled over on its side. He was not injured.

Irrigation Rate Made Effective

Irrigation rates for residents of the city were announced last week at the city hall, following adoption of a resolution by the city council, making the customary summer rate begin effective with May 1 bills.

The minimum is not changed by the adoption of the irrigation rate, first 2,000 gallons to be billed at \$1.50. But the next 10,000 gallons above that the irrigation rate is 25 cents per thousand instead of 20 cents and all over the first 12,000 is to be billed at 20 cents instead of 25 cents. The rate continues through the spring and the heat of the summer months, intended to encourage using ample water on trees and lawns.

The rate is effective now.

Fair Directors Meeting Tonight

The Fair Association will have their monthly meeting tonight at 7:30 p. m. in the high school cafeteria.

Dinner will be served to board members and guests. Loyce Turner extends special invitations to all city and council officials, 4-H and FFA sponsors and home demonstration members.

Plans for the fair will be discussed as well as preparing for the new catalogue.

Floydada Fishermen Report Good Luck

The Doyle Mount family of Floydada found fishing at lake Kickapoo fine recently when they took a short outing there. With the smaller fish biting pretty good the party got the big thrill when David landed their prize catch, a 31 pound cat which was taken from a trot line.

High winds and rough water drove the fishermen from the lake before all lines could be run, but the Mounts returned to their home in high spirits. Other members of the party returned to the lake after the weather calmed a bit and took an even bigger fish from the lines which they reported to weigh 40 pounds.

Mount dressed the big cat and presented him to the Baptist brotherhood for a fish fry which will come up at an April meeting.

Last week-end Mount was accompanied by F. M. Marquis and Dee Noyes when he returned to the lake for another fishing trip and they hit the jackpot again with a big catch. Landed this time were catches of big ones weighing 27, 10 and 5 pounds with a number of smaller fish.

One That Didn't Get Away—David and Darlene Mount, son and daughter of Mr. and Mrs. Doyle Mount of Floydada proudly show their prize catch from a recent fishing trip to lake Kickapoo. The fish was taken from a trot line by David and tips the scale at 31 pounds.

Banquet Ends C of C Year

Two hundred and forty persons including representatives from 11 neighboring cities and towns, attended the Tuesday night annual banquet of Floydada Chamber of Commerce.

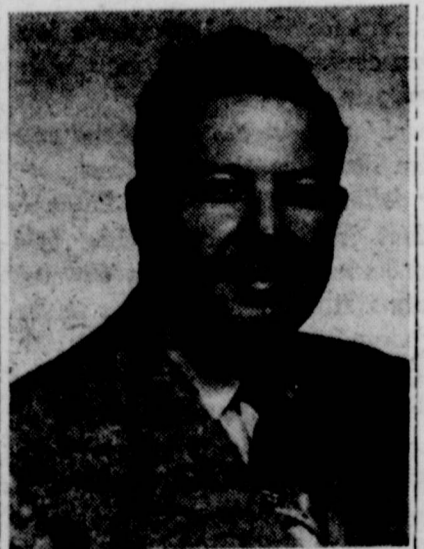

Featured address of the evening was made by Dr. John Wesley Raley, president of Oklahoma Baptist University at Shawnee, Oklahoma.

With the parable of the talents as a background for his talk the Oklahoma educator said that the wise use of the talents one inherits is a prime responsibility. The truism applies to communities as well as to individuals he declared, that investments in social needs bring returns in multiple ratio.

A man can achieve anything in the orbit of God's will for him, has been one of his attitudes toward students of his school who come to him for counsel, the speaker said, and he applied the same yardstick to individuals in every walk of life and to communities such as Floydada as well.

The address climaxed an evening in which guests from other communities were introduced, following a meal prepared and served by the South Plains Community club and the South Plains Home Demonstration club. Officials of the Chamber of Commerce expressed satisfaction with the manner in which the excellent food was prepared and served.

Floydada high school's Whirlwind band, under the direction of director Maurice Jones gave a better than ordinary band concert of 20 minutes.

T. L. Holland . . . was installed as president of Floydada Chamber of Commerce Tuesday night.

Retiring president E. L. Norman made the introductions of the evening and incoming president T. L. Holland introduced the new official family of the organization. District Attorney John B. Stapleton was toastmaster and introduced the speaker.

Rev. T. W. Condon, pastor of the Cumberland Presbyterian church, said the invocation.

Visitors from neighboring cities introduced included: Joe B. Meador and Jim Cox, manager and president respectively of Ralls Chamber of Commerce; Rev.

and Mrs. Bruce Oliver of Matador; Chamber of Commerce manager Robert Crowell and Mrs. Crowell of Snyder; Mr. and Mrs. Dave Tipple representing the Santa Fe railway, Lubbock;

President Quin Baker and Mrs. Baker and Vice-President W. L. Richardson, of the Q. A. & P. railway, together with Traffic Manager C. R. Edmonds and Mrs. Edmonds, and J. R. Meacham, of Q. A. & P. traffic department, all of Quannah; Chamber of Commerce manager Jess Everett and Mrs. Everett, Mr. and Mrs. J. B. McShan, and Mr. and Mrs. C. A. Miller, all of Littlefield;

Mr. and Mrs. Edgar R. Hays and Mr. and Mrs. R. H. Ford of Lockney; Wayne B. Smith, manager, and Hugh Hale, vice-president of Plainview Chamber of Commerce; and Truett Mayes, president of the Chamber of Commerce, and Perry H. Bell, of Crosbyton.

T. L. Holland, 1955-56 president Floydada Chamber of Commerce, presented the following as the official family for the year to serve with him: Ernest Carter, vice-president, Earl Crow, treasurer, directors, Doyle Mount, M. P. Goen, J. P. Moss, George Bickly, Everett Perry, Aaron Carthel, Clinton Fyffe, Olin Bryant, Wallace King, J. M. Willson, sr., E. L. Norman, W. E. Grimes and O. M. Watson, sr. One other member, to round out the list, will be the mayor-elect of Floydada, who will be chosen at the city election on Tuesday, April 5.

Edward Wester Is Checked In As Postmaster

Fourth in line as acting postmaster at Floydada since the resignation of Mrs. Barbara Smith two years ago, is Edward H. Wester, who was checked in to succeed A. D. Fultz Wednesday morning.

Fultz resigned in February to resume work as a teacher, accepting a place in the Midland school system.

Wester severed his connection with Wester & Son Grocery to take the job of postmaster.

Graduate of NTST

Ed Wester is a graduate of Floydada high school. He received a BS degree from North Texas State Teachers College at Denton in 1943. He was commissioned a 2nd Lieutenant in the Marine Corps in November, 1943. He participated in the occupation of Japan with the 5th Marine Division and was in combat at Iwo Jima. He spent 20 months overseas, receiving his discharge in 1946. He is in the Marine Corps reserve and was promoted to captain in 1953.

After his discharge on returning to Floydada he was bookkeeper and sales clerk for Hagoods Department store.

He was married to Miss Joe Powell, daughter of Mr. and Mrs. H. N. Powell of Dougherty in 1947. The couple have two boys, Todd, who is four and Brent who is a year old.

In February, 1948, he left Hagoods and went into the grocery business with his father, where he has been the past six years.

Ed is a member of the Lion's club, on the board of directors of the Chamber of Commerce, charter member of the Floydada Jaycees, which organized in 1947, is one of the few Eagle Scouts of Floydada, and is chairman of the Scout committee, Troop 57.

Since 1947 he has been secretary of the Floyd county chapter of the National Polio Foundation and is co-chairman of the March of Dimes for Floydada and south Floyd county.

He is an elder of the First Christian church and teaches the junior boys Sunday school class.

Harmony Elects David Battey, Jr., New President

Harmony community had their monthly meeting Thursday night at which the annual election of officers was held.

David Battey, Jr. was elected the chairman for the coming year, Glenn Poole, vice-chairman, Mrs. Carrick Snodgrass, secretary. It was voted to do away with a regular treasurer and have this position taken by a member of the board of trustees for a period of three years. Carrick Snodgrass has been elected to this position.

Committee number one had charge of the program and Bill Tucker talked on the results of the tests made at Paymaster Farm on deep breaking and cotton burring program.

All of the committees will meet during the coming week to complete the final report for the Rural-Neighborhood Contest.

J. N. Gullion Here Today

J. N. Gullion, who has been Dede Fellow's Home in Ennis for the past year, died Monday night at the age of 83.

Gullion had previously made his home in Floydada until the death of his wife in 1933. They were from near Shamrock.

Funeral services are to be conducted tomorrow at 3 o'clock in the First Church of Christ with L. Downing officiating. Burial will be in Floydada cemetery. Survivors include a son, J. E. Fort Worth, two daughters, Mrs. Edwards Smith, South Plains, and Mrs. W. H. Nelson, California, and two grand-

VIEWES AND COMMENT

Hybrid Grain Sorghums. If the price remains low the farmer who raises grain sorghums is going to have to get more per acre. Accordingly sorghum grain raisers will welcome the news that hybrid seed is going to be available next year, with the prospect of a yield 20 to 30 per cent higher than the average of the sorghums now grown. Breeders now think they have the seed which can be grown this year and certified for next season.

Water Under the Hill is now in prospect on a good many pieces of land. Several wells, four to six inch pipes full, have already been developed. Apparently a good many farmers are going to be successful in finding water of use commercially at a depth ranging as shallow as 75 feet in the area over toward Quitaque. A good many tests are also being made in various parts of Motley county. Apparently since the rain gods have deserted the area, the farm operators have decided to try to go after the water instead of waiting for it to come to them.

Delinquent Service Registrants In a way it is remarkable how few young men who became 18 since the Selective Service system was adopted have become delinquent. A list published last week-end by Local Board No. 45 had only eight names on it. These eight, however, are listed as becoming seriously delinquent. Presumably the Board has not heard from them in several months and is not sure but that the small quotas being filled now are not being filled with boys out of turn on account of the delinquents. On the other hand, it generally turns out that delinquents are not intentionally so, and in fact some of them most likely are already in the service voluntarily.

A Perpetual Disgrace. Doubtless additional spending for senior and junior colleges, for highways, medical centers, cancer research, polio and whatnot are all very good and well. There are many, many things it would be desirable for the people of Texas, as individuals and as a state, to do. But the perennial, perpetual disgrace to Texas is our treatment of those people whose minds are unbalanced—in the mental hospitals. Everybody from the needy aged people to the wealthy foundations for medical research and the state judiciary, have pressured their needs before the Texas legislature. Those who have mental disorders have no lobby, they offer no threat to anybody's political fortune. But they suffer for lack of attention. (The need for somebody to take care of them is even more urgent than the need for more buildings.) We quote a noted editorial writer: "Texas mental hospitals already are ghettos of shame. Will they be allowed to become even more disgraceful as the need for them grows greater?" Man's inhumanity to man.

Egg producers who sell on grade or above current prices are advised to go ahead this year with normal flock replacements. Market conditions indicate that efficient producers should make pullet replacements at regular intervals.

An old-timer, who shall be anonymous, but who said he had begun to have a feeling in the last few days that it would begin raining in this country, seems to be on the wrong side so far as general belief goes. Another old-timer, who also shall be nameless, said he had a friend who made three different bets that it would never rain again. Two of the three have already paid him off.

A Momentous Decision. The vote was close on the last road bond election in November, and the voters will go to the polls again Saturday of an almost identical issue, with the important exception that there will be no other matters at the same time on which to vote. Furthermore, there will be no outside right-of-way involved. Simply a matter of furnishing right-of-way for widened, rebuilt cardinal highways. The Hesperian is strongly for the issue and it is our hope that two-thirds of the taxpayers of the county will see it the same way. Some people think the whole bill should be paid by a gasoline tax. Some are just naturally against a bonded debt. And there are others who believe it is against their interest to vote for the road building program. Much as we'd like to out-vote them we don't fall out with them about the matter.

The Style Show. The young matrons who have been sponsoring the annual style show through the 1950 study club, have been doing the community a service, and none but wish them a full house and a splendid success again Monday night. The stores and shops which go along with the young club women are also doing the business community a great service by going all out for the show. Helping to gain or re-gain prestige for the merchants of the town in which you live is a highly commendable thing. It will be an interesting event with scores of people you know modeling the clothes you will be wearing this spring and summer.

Many attempts at reseeding rangelands have not been successful. Reseeding has failed because planting was done at the wrong time; improperly prepared seedbeds; lack of seeding protection and weed control and grazing before the new plants become well established.

Staggered plantings of sudangrass can help farmers and livestock producers solve their summer grazing problem. The first planting should be made as soon as all danger of a killing frost is past.

Stop, look, and be sure all protective shields are in place on mechanized farm equipment. The life you save may be your own.

If you don't know the traffic laws, learn them, advises the Texas Farm and Safety Committee, and then obey them. Traffic laws were passed for your protection.

Almost two-thirds of the nation's farms now depend on hogs for a part of their income. Between 10 and 12 per cent of the national farm income comes from the sale of swine.

Eight Delinquent With Local Board

Local Board No. 45 last week-end made public a list of eight registrants who "are rapidly becoming delinquent for failing to provide a current address." The board is asking anyone who knows their whereabouts to contact the board at once. The list is as follows:
James M. D. Hill, last address McAdoo; Tillmon R. Snider, last address Lubbock; Fred H. Matthews last address Big Spring; Elmon E. Burge, last address Pasadena, Texas; Joe B. Rodriguez, last address McDonald, New Mexico; M. L. Ottlinger, last address Lovington, New Mexico; Allen Paul Bolding, last address Big Spring; and Levern J. Black, last address Hobbs, New Mexico.

Most Powerful Car at its Price!

Come In and try the sensational performance of Pontiac's 200-HP Strato-Streak V-8!

If all the talk about horsepower has left you confused, let this one simple fact set you straight.
Model for model, the sensational new Pontiac Strato-Streak V-8 delivers more horsepower per dollar than any car in its field.
And that fact holds good whether you specify the four-barrel carburetor—a low-cost option that puts 200 eager horsepower under Pontiac's handsome hood—or the regular 180-horsepower Strato-Streak V-8.
The Strato-Streak V-8, part and parcel of every Pontiac, produces performance as fresh and distinctive as Pontiac's Twin-Streak styling and Vogue Two-Tone beauty—with traditional Pontiac dependability and the greatest economy in Pontiac history.

But Pontiac's extra value doesn't stop with power. Its Shock-Proof chassis, wide-stance rear springs, long 122" or 124" wheelbase, recirculating ball steering and bigger brakes provide fine-car comfort and handling.
Come in at your first opportunity and road-test Pontiac's spectacular Strato-Streak V-8 performance and you'll quickly see why sales are now at an all-time high!

You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars and much less than stripped, economy models of higher-priced makes!

Look high and low . . . and you'll go

8-HOUR MINUS ONE—U.S. Army soldiers rehearse moving into trenches in preparation for D-day at the Atomic Energy Commission's Nevada Test Site. They will be in six-foot deep trenches, approximately 4,000 yards from Ground Zero at the moment of detonation, then will walk through the blast area to see the damage inflicted on equipment that stood exposed to the radiation.

Gene Miller, a former employee of the Lighthouse, is here enroute to Chanute Field, Champaign, Illinois, where he is being transferred from Parks Air Base, California.

Mr. and Mrs. Melvin Henry and Mr. and Mrs. Glenn Jarnagin went to Lubbock Thursday night to see the home show.

John Nay Says:

Until now modesty forbade it, but due to the insistence of the people of Floydada, I'm compelled to reveal my experience in a wild African jungle never before penetrated by man. I had heard of the approximate location of a long lost celestial idol - The Angel of Iran. So at the risk of my life and the eventual annihilation of 599% of my entourage of 600 natives, we clawed our way thru a labyrinth of impediments and numerous encounters with wild beasts, all this in a tremendous heat and humidity. Finally we came to a clearing covered with a settlement of tepees - now the heat was really intent. The Indian inhabitants all carried gleaming knives on their teeth and I resolved right then never to buy another ticket from a scalper. But they turned out to be converted cannibals who had gotten their first taste of religion when they ate a missionary. They were very polite always having someone for dinner and being careful not to talk when they had someone in their mouths. But soon I discovered the Pagoda - like hut in which I knew was the

object of my search - The Angel of Iran. I was seized with an awesome and uncontrollable desire to possess it. I wondered if the remnant of my band of natives would be ample to take this idol from the Indians - there were only 99% left as one had been snapped off below the waist by a crocodile and the rigors of jungle life had taken the rest of the 600. But my frenzy was so great I dashed for the hill, grabbed the idol and the battle was on. I fought my way gallantly thru a wall of human flesh and never would have escaped if an unusual thing had not happened to save my life. All my natives had been killed - Safari could see - except the 1/2 as named by the crocodile. He started to sing "I Aint Got Nobody" and the Indians fled in terror. So as the golden sun sets behind the jungle, let us take our leave of this touching scene. I wish to thank the management for letting me out of the strait-jacket to relate this epic. But to this day I cannot understand Mr. 1/2 - I never can find out whether he liked this trip as he just won't talk.

Mr. and Mrs. Bill Darden and children visited recently in Grand Prairie with Mr. Darden's sister Mrs. Tab Ray and family and in Meridian with Mr. Darden's mother, Mrs. Merta Darden.

Mrs. J. J. Hutchins of Harrold, Texas, visited in the home of her son, Tom Hutchins and family from Thursday until Saturday.

It's a girl for the Junior Womack's this time. Little Wendy was born at the Goodnight clinic in Lubbock last Saturday evening.

According to studies made by the Agriculture Research Service the way a homemaker uses her washer has more effect on successful performance than does the kind of washer she has. The test on 19 different washers pointed out that no one type of machine could be expected to consistently get clothes cleaner than other types. The big difference, according to the report, is how the housewife loads the washer, temperature of water used and the water hardness and detergents used. The biggest disadvantage of overloading is poor washing results according to the tests. Oftentimes the washer is loaded to capacity to save time, water and detergent. But smaller loads of clothes usually come out cleaner.

Water temperature is very important. Experimenters say the higher the temperature the better within a range of 120 to 160 degrees.

Hard water is a problem in some areas. Because of variation in water hardness the homemaker should learn the type and amount of detergent that best fits the hardness of the water and the machine she is using.

That's life According to a survey conducted

by a University of Wisconsin psychology class, here's approximately the way Father Time swings his scythe and slices up the average person's 70 years:
20 years working
20 years sleeping
7 years walking and out door sports
7 years taking in movies and other amusements
5 years shaving and dressing
2½ years eating and sitting at the table
2½ years smoking and chewing gum
2 years playing cards and other games
3 years just waiting for someone to arrive
1 year on the telephone

Mr. and Mrs. Sam Spence and daughter and Mr. and Mrs. Donald Barrow and boys attended the home show in Lubbock Saturday evening.

Herb Boddy, of Washington, D. C., spent Monday and Tuesday at the Lighthouse. He was sent out by R.E.A. to obtain feature articles and for the national magazine; and to gather ideas that would be of help to other cooperatives over the United States.

Visited the home show in Lubbock Sunday afternoon with Mr. and Mrs. Elwyn Garrett. It was most interesting, even though somewhat confusing, to see so many of the new "gadgets" and the latest in appliances and just everything to make homemaking more interesting, and time saving.

SEE THEM FRIDAY! New Chevrolet Task-Force Trucks!

It's the largest and finest fleet of trucks ever built by the nation's No. 1 truck builder. Whatever your task or trade, there's a new Chevrolet truck to make or save you money on the job. Come and look 'em over!

Now Chevrolet introduces "Work Styling" — an exclusive development in truck design. Plus new engines — new capacities — new Overdrive and Power Steering — new features and advantages throughout!

Here's what happens when America's leading truck builder pulls out all the stops! Here are trucks that are new from the drawing board out!
New styling in trucks
Fleet, functional styling that fits your job! For the first time in any truck line, two distinctly different styling treatments are offered — one in light- and medium-duty models, another in heavy-duty. Your handsome new Chevrolet truck will be an advertisement

on-wheels for you and your business!
A new outlook for the driver
Truck driving was never like this! The new Flite-Ride cab is everything a driver could wish for, from its big Sweep-Sight windshield to its concealed Safety Step that keeps clear of mud or snow! The new instrument panel offers maximum convenience!
Six new "high-voltage" engines
With a new 12-volt electrical system for

quicker, surer cold-weather starting and increased generator capacity! Plus more efficient cooling and lubrication systems, an improved fuel system, and completely redesigned engine mountings.
And much more that's new
Like the smoother, load-steady ride . . . new High-Level ventilation . . . tubeless tires, standard on ½-ton models . . . Power Brakes* for all models, standard in 2-ton models . . . new 18,000 lb. max. G.V.W. in 2-ton models. And there's a new choice of transmissions, including new Overdrive* and Hydra-Matic*. New Power Steering* for all models. Come in and see the newest things in trucks!
*Optional at extra cost. Overdrive available on ½-ton models, Hydra-Matic on ½-, ¾- and 1-ton models.

New Cameo Carrier
Here's a truck like no other truck you've ever seen! It's the "flagship" of the handsome new Chevrolet truck fleet . . . the first truly beautiful truck ever built. Come in and let us tell you more about this dramatic departure in truck design!

Urges Beans As Mate Crop

More farmers attended the bean meeting in the room last Friday night. The good deal of interest was shown by those who are one of the ideas for increased acreage in the county. The ideas that would probably increase the acreage over the present crop for cotton; and substantially to the acreage in beans. Beans are used in rotation or in the crop with vegetables and other crops. The use of irrigation water and the use of a sub-surface irrigation system in the county when the water is put on the crop is a good deal of interest. W. A. Johnson, who has had a small acreage in beans for three years, is a proponent of the new method of handling beans. He has had a small acreage in beans for three years, and he is a proponent of the new method of handling beans. He has had a small acreage in beans for three years, and he is a proponent of the new method of handling beans.

Seeding Greens Stymies Golfers

Floyd County Club golf course will be closed to golfers until further notice according to reports from Aaron Carthel, club president. Carthel explained the move as being necessary because of the seeding and watering of greens and tee boxes. These new greens and tee boxes must not be walked on or packed in anyway until a good stand of grass is growing on them. Also there has been some seeding and work done on some fairway improvements here and there on the course, and all of the course must be flooded to assure good growth of the native grass. Members are asked to keep to marked roads when viewing the club and keep off of all areas that are being improved until the grass has sufficient growth to withstand heavy use. Golfers may have to stay off the course for several weeks but it is hoped the new greens will be in shape for play by summer. Club House Nearly Finished. Work on the club house is about finished. The floors have been covered with tile and the inside lacks only the hanging of light fixtures to be complete. A new bridge and cattle guard has been built near the highway on the country club road. This new structure is of concrete and steel and should make a permanent installation. Water has been piped to the keepers house from the new pressure system of the club and will be used in place of the windmill which was in need of repair. With the coming of warmer weather the club is expected to take on an entirely new appearance this year as there will be ample water to keep the golf course and play grounds green all summer. Members are asked to cooperate at this time when the young grass must be nursed through and they will then be able to enjoy one of the nicest clubs in west Texas, so say the club directors. Miss Alma Dee Crump is a patient in Peoples hospital for medical treatment. She was admitted Saturday. Mrs. Jimmy Derryberry is also receiving medical treatment there this week.

New Chevrolet Trucks Will Be Shown Friday

Chevrolet introduces a fresh approach to the design of commercial cars and trucks in a completely new line of 1955 models that will be unveiled at dealer showrooms, Friday, March 25. The vehicles climax a two-year development program. To produce highway carriers that would answer more closely the specialized demands of modern traffic conditions, company engineers talked to hundreds of farmers, merchants, manufacturers, cross-country transporters and the most important man in the trucking industry — the driver. Recommendations from these sources were assembled and analyzed in Detroit. They played a dominant part in eventual design. As a result, Chevrolet states its 1955 "Task Force Trucks" have advanced more impressively in efficiency and performance than any previous models. And for the first time, says the company, "trucks combine a striking appearance with genuine utility." The presentation at dealer showrooms will consist of representatives of 75 models on 15 wheelbases in the light, medium and heavy-duty field. This is an increase of four wheelbases over 1954 models, which contributed another year to Chevrolet's record of consistent sales leadership. Following are a few of the high-spots of the 1955 models: Most wheelbases have been reduced; wider panel bodies; an entirely new and distinctive pick-up; a reduction in maximum cab heights; greater road-hugging qualities; improved cab comfort; increased safety; tubeless tires for light duties; broad range in power preference. The list covers five six-cylinder engines and a new V of 145 horsepower. Bert Grimes and Miss Rose Green of Texas Tech spent Saturday visiting with their parents, Mr. and Mrs. W. E. Grimes. Mr. and Mrs. Arthur Savage, Mrs. Ben Hill and J. V. Nelson of Amarillo were in Floydada on business Monday.

Some folks say the wife must make the adjustments. For the most part, that's true. But in the really happy home, both husband and wife have made some concessions, have kept some life of their own. Recently we visited in the home of an architect whose wife is a pianist. Their home is built around her interests — the front room a studio, with two pianos in it; the center room containing an organ; the playroom a small piano for the family to enjoy. There are four children, all with a musical ear. The home in which the wife has given up "everything" can be a household of temporary happiness. For the "man of the house" soon tires of being so much the center of his spouse's attention that she becomes possessive. Her interest in his outside life seems like curiosity, which annoys rather than flatters. The man who wisely encourages his wife to keep up her music, painting, golf or gardening, is likely to stay proud of her accomplishments for many more years. True it means that sometimes she is away at a concert or exhibit when he wishes she were home. But when she returns, she has an interest of her own to talk about; a real feeling of being an individual, not just a backdrop for someone else's life. All women don't need outside interests. Their natural instincts and talents lie in cooking, housekeeping, caring for little ones. They are lucky indeed — and so are their men. But the man who is attracted in the first place by a woman with so-called talents is more likely to keep the "girl he married" if he encourages her to take a break from family duties just often enough to feel she is somebody in her own right. JUNIOR FELLOWSHIP NIGHT AT FIRST CHRISTIAN CHURCH The Junior Fellowship boys and girls of First Christian church will conduct the evening worship, Sunday, March 27 at 7 o'clock. These boys and girls are eight through 12 years of age. They met each Sunday evening for fellowship and worship together. The theme of the evening will be "Our Church Worships Through Remembering Jesus." Members of the group will bring all phases of the worship service including special songs by the junior choir and a vocal solo. Everyone is invited to attend this worship service. The Junior Fellowship extends a special invitation to members of the church and their friends. DRESDEN PAINT PARTY Mrs. L. W. Queen was hostess Tuesday for an all-day Dresden paint party in her home. Those enjoying the day were Misses V. D. Turner, Bud Turner, Edna Patton, Everett Miller, Leroy Burns, S. D. Medley, H. D. Marshall, G. L. Snodgrass, F. B. Gound, Marion Tucker, Winfred Payne, Gene Payne, Ethel Devers, W. W. Goen, and Mrs. Lewis Jurack, demonstrator from Plainview. WESLEYAN SERVICE GUILD MEETING HELD MONDAY The Wesleyan Service Guild of the First Methodist church met in the home of Mrs. Wanda Hickerson Monday night, March 14 in a regular meeting. The president Mrs. S. W. Ross opened the meeting with prayer and conducted the business session. Mrs. Ross introduced the speaker, Mrs. Jimmie Wilson who favored the ladies with a book review, "The Song of Ruth" by Frank G. Slaughter. There were 20 guests present and the hostess Mrs. Hickerson. Mr. and Mrs. Henry Edwards were hosts Sunday at a dinner given in their home. The guest list included Mrs. Edward's niece, Mrs. Parker Woodul and Mr. Woodul and Mr. and Mrs. Bill Tinsley of Portales, New Mexico, Mr. and Mrs. Gus Hammonds, Vernon, and Mr. and Mrs. C. B. Leatherwood of Crosbyton. Mrs. Jeff Welborn returned home Tuesday from Scott and White hospital after receiving surgery and medical treatment. Her condition is reported good. Mrs. C. P. Baker and sons, Charles and Kenneth of Munday spent the week-end with her mother, Mrs. E. C. Henry. The latter went home with them for a visit. Mr. and Mrs. A. G. Hopkins and daughter, Carl of Lubbock, were Sunday guests of his mother, Mrs. E. A. Hopkins and sister, Mrs. Jack Henry and Mr. Henry. Dr. and Mrs. G. V. Smith in company with N. W. Williams and his brother Arthur and wife, left Monday for a 10-day trip into Old Mexico. Mrs. G. B. Lewis is leaving Friday for Rosenberg where she plans to stay with a daughter, Mrs. H. A. Allen. Mrs. Lewis has been in ill health for some time. Miss Johnny Mae Lewis, president of the Licensed Vocational nurses of this district, will leave Sunday for Fort Worth where she will attend the nurses state meeting. Mrs. W. D. Newell was returned last week from St. Mary's hospital in Lubbock where she spent two days following a nose operation. Mr. and Mrs. Loy Sparks, of Taft, California, are here this week, guests of Mr. Sparks' parents, Mr. and Mrs. George Sparks, and other relatives. Guests in the Noel Troutman home this past week-end were his brother and sister, Carl Troutman and Miss Mina Troutman of Iowa Park.

Lubbock Children's Home Is Topic At Meeting of Club

Mrs. Gordon L. Downing was hostess Thursday to members of the 1929 Study club for a business meeting and program. Paul Sherrod of Lubbock spoke and showed slides on the Lubbock Children's Home. The children's home is the Church of Christ home for children and was built with the idea of small home cottages as near to the normal home life as possible. They interviewed all the children's homes in Texas and from these findings developed the cottage idea. Children that are allowed privileges of being in the home are any normal child or family of children. If a family of children are accepted they are kept together until the age of 12. There is a father and mother to each cottage. The mother is like any mother and the father works outside the home. There are 18 children in each home. The cottages have their own dining room, T.V. and other comforts. The bible is read each night and the home has complete custody of the children. A new cottage on the grounds is under construction and the superintendent's home is soon to be built so that she, Mrs. John B. White can live on the grounds. Schools are to be built in the near future and there are plans for twenty home cottages to be erected. Four children from Floydada will be members in the next cottage home. The public is invited to visit the Lubbock Children's Home at any time. Members of the club enjoyed the talk and slides presented by Mr. Sherrod and extend best wishes for the success of this worthy project. The club will meet again on April 7 with Mrs. John Hoffman. MRS. KOENEN IS HOSTESS FOR 1922 CLUB MEETING Members of the 1922 Study club met Thursday, March 17, with Mrs. H. J. Koenen as hostess. Topic for the meeting was adventures after forty. Mrs. Edd Johnson gave the devotional. On the program were Mrs. C. A. Caffer, Mrs. Joe Wilson and Mrs. Edd Johnson, who talked on the subject after a modern woman has reared her family how should she spend her leisure time. Refreshments were served after the business meeting and program. Next meeting will be with Mrs. Lon V. Smith on April 7. Miss Barbara Barnard, office manager of Barwise gin, who has been on an extended visit with a sister, Mrs. M. W. Vineyard and family at Warwick, Rhode Island, returned home last week-end.

The Floyd County Hesperian, Floydada, Texas, Thursday, March 24, 1955. seen in Lockney Wednesday afternoon. While there they visited in the home of Mrs. Jay Howard. Mrs. Lynn Miller and Ronnie visited in the home of Mrs. C. T. Hollums Thursday afternoon. Mrs. H. F. Jackson has been visiting in the home of her sister, Mrs. Ed Holmes in Floydada for a few days this week. Mrs. Lynn Miller attended the funeral of her sister's father-in-law in Tulla Friday afternoon. Miss Janice Miller visited in the home of Miss Beverly Jeffress Friday evening. Miss Veri Miller has been visiting a few days with relatives in Friona this week. We are sorry to hear that Mrs. Arlon Miller is on the sick list this week. She is formerly of this community but now lives in Floydada. Mr. and Mrs. Ross Vandell and family of Plainview visited in the home of her parents, Mr. and Mrs. W. R. Billington Friday night. Mr. and Mrs. Lynn Miller and family visited in the home of Mr. and Mrs. Fred Jackson and family Friday night. We are sorry to report that Mrs. Wayne Billington was in Peoples hospital a few days the past week. We hope she is better soon. It seems that the sickness in the community continues to run higher every week. It was reported that Mr. Bow was carried to the Crum clinic in Lockney Saturday to receive treatment of the burns he received Wednesday evening. Mrs. J. T. Spears and Mrs. Lynn Miller attended council Saturday afternoon at the council room in Floydada. The W. M. U. of the Sand Hill Baptist church met Thursday afternoon at the church house. The program was on "John the Baptist". It was an interesting and impressive program. Those attending were Mrs. M. B. Swannor, Mrs. J. R. Turner, Mrs. T. C. Hollums and Katie Hollums. Bro. E. O. Adams and family were visiting in the community Saturday afternoon. Mr. and Mrs. James Jeffress and family were the guests in the home of Mr. and Mrs. J. R. Turner and family Friday night. Seen in Plainview Wednesday from the community were Mr. and Mrs. Otis Elliott. Mrs. J. T. Spears and children were seen in Lockney Friday afternoon. Sunday dinner guests in the home of Mr. and Mrs. Billie Latham and family were Bro. E. O. Adams and family of Plainview. Eddie Rhea spent Sunday afternoon visiting in the home of Cecil Jackson. Visiting Miss Thelma Ferguson Sunday after church was Miss Jo Ellen Jackson. Sunday dinner guests in the home of Mrs. Lynn Miller and Ronnie visited in the home of Mrs. C. T. Hollums Thursday afternoon. Mr. and Mrs. Lynn Miller and family were in Amarillo Sunday visiting relatives. Mrs. Miller's mother and father from Oklahoma were also visiting there. There was a huge attendance at the Baptist church in this community Sunday. This was roll call day for the church. The church clerk, Mrs. T. C. Hollums, called the roll. We were so happy that so many of the members were able to attend. The junior class Sunday morning was the only class that had 100% attendance. Mrs. J. M. Williams is the junior teacher. The Baptist youth rally will be held Saturday night at the Baptist church in Silverton. We hope there is a large crowd of young people planning to attend. There were 18 attending the youth rally at Cone last month. We are so proud of our young people in the community. The class continues to grow. We were sorry to hear of the wreck Saturday night on the Charlie Perry corner coming to Sand Hill. Jim Carey was pretty well shaken up and cut up pretty badly. We hope he is up and about soon. Jim has only been home a short time from Fort Worth. Miss Janet Holmes enjoyed playing Saturday afternoon in the home of Carol and Kay Turner. Mrs. W. R. Billington was taken to Plainview Saturday afternoon to spend a few days with her daughter and family, Mr. and Mrs. Ross Vandell. Mr. Billington spent Sunday there also. The snow Tuesday morning was greatly appreciated but as usual there wasn't enough. Since it was the first day of spring it was a surprise. It seemed more like the first day of winter but we are all hoping for more of the same. Visiting in the home of the Cates family Sunday were Mrs. Ora Cordell and Mr. and Mrs. J. D. Cates and family of Lubbock. Calling in the afternoon were Mr. and Mrs. Johnny Cates and family from Dougherty. Mr. and Mrs. A. V. Womack were in Lubbock Monday night visiting their new granddaughter. The proud parents are Mr. and Mrs. Junior Womack of Floydada. Visiting in the home of Mr. and Mrs. Tom Thomas Sunday night were Mr. and Mrs. A. V. Womack and Elvis. Kirk Slater of Rails was visiting in the home of Jo Ann Swanner Monday night. Mr. and Mrs. J. M. Williams and Mr. and Mrs. M. B. Swanner visited in the Roy Slater home Monday

THE VOTERS OF FLOYD COUNTY

Recently you rejected a bond issue for \$325,000.00. Now in short time you are asked to vote on this again. Apparently you think that you did not vote intelligently. In the past property owners have given the right-of-way for market roads and public spirited citizens have donated money to pay expenses of moving power lines etc. Last time \$325,000.00 was included in the bond issue to buy right-of-way in Cedar Hill - Flomot area, this time it was left out since the county has paid for part of this right-of-way in cash and issued bonds for some, paying a higher rate of interest than bonds, and still owe for more of the right-of-way. This \$300,000.00 will make our county's debt over \$1,000,000.00 (One Million Dollars). Also your valuation for tax purposes may be raised in the future thereby making you pay more dollars and cents for taxes to pay for this road. If this area receives the large amount of money from the State Highway Department to construct this super highway, does not stand to reason that our Farm-To-Market roads will suffer a long time in the future? We favor more Farm-To-Market roads rather than a super highway for coast to coast trucks. The heaviest traveled highways in the state of Texas do not have 36 foot parkways in between the lanes such as the Gulf Freeway between Houston and Galveston, the Dallas Expressway, and the highway to Fort Worth Highway. The highway No. 87 north out of Floydada only has a small divider. This 36-foot right-of-way would be the equivalent of a 200 acre farm, much of which would be the best land in our county.

We urge you to vote against the issuance of the bonds. Interested Taxpayers OF FLOYD COUNTY

Sand Hill News

(By Mrs. James Jeffress) SAND HILL, March 23—Another good chance of rain has passed. All the wells in the community have been pumping about two weeks. Quite a few onions are being planted this week. We noticed that Rafe Ferguson and Orba Miller have quite a little patch in the ground. Johnny Miller of the Barwise community is also putting in onions, we hear. The sickness continues in the community. Most all of the Olin Baird family has had the flu. Also Janis and Johnny Spears have been sick the past week. Guess nearly everyone has had some aches and pains lately. Mrs. J. R. Turner and Kay and Mrs. James Jeffress and sons visited little Donna Schulz at St. Mary's hospital in Lubbock Tuesday. She was resting comfortably but looking very uncomfortable with her little legs in traction where they will remain about three more weeks. We hope she is home soon. We were sorry to hear of the fire at the C. B. Carmack home in the community Wednesday night. It started when a can of gasoline was knocked over in the barn while they were milking. No damage was done to the barn but Mr. Bow was burned pretty badly on his legs and Mrs. Carmack was burned slightly. We hope they are both better in the near future. Mrs. Monroe Schulz and Patsy were home Wednesday and Thursday from Lubbock. She will return Friday to be with her daughter. Mr. and Mrs. James Jeffress and sons were in Plainview Wednesday on business and shopping. The Sand Hill club was hostess to a Stanley party held Tuesday night at the club room. Due to so much sickness not as many were expected turned out but those attending had a very enjoyable evening. Mrs. Owens gave the party. A Lucky Lady and Lucky man prize was given to Mrs. James Jeffress and C. B. Carmack. Walter Knight won the gift at the end of the party. Games were enjoyed by all, then Mrs. Owens gave the demonstration. Refreshments of pie, coffee and punch were served to about 20 members and guests that attended. The club will receive 20 per cent of the sales which will be used to help carry out the club goals for the year. Lynn Miller and H. F. Jackson left Tuesday for Dallas on a business trip. They will return sometime the week-end of this week. Mrs. H. F. Jackson was the guest in the home of Mrs. Lynn Miller and children Tuesday night. Miss Beverly Jeffress spent Thursday night visiting Miss Janice Miller. There was a good attendance at prayer meeting Wednesday night. The time has been moved up until 7:30 o'clock. We are coming along nicely in the book of Hebrews. Everyone is extended an invitation to come worship with us. Miss Katie Hollums from Midland was in the community Wednesday visiting friends and relatives. She attended prayer meeting with Jo Ann Swanner Wednesday night. Mrs. J. R. Turner and Kay were

Winds Place High in First Season at Crosbyton

Track team placed Crosbyton meet last night they piled up 14 points. The 20 teams were met which produced records for this annual event.

The 'Winds did not enter the hurdle events or the mile run due to injuries. There was no 220-yard dash held at the meet.

Next scheduled meet will be at Hale Center Saturday, April 2. The district meet will be held here Saturday April 16.

Vickers Wins At Snyder

Stanley Vickers was the only entry from Floydada at the Canyon Reef Relays at Snyder two weeks ago, but brought home a first place for the winning toss was for 182 feet 10 inches. Also entered in the shot put Vickers placed just out of the money when he took fifth place with a heave of 46 feet. The winning distance was 51 feet 1 inch which was believed to be within the whirlwind's range before he suffered a foot injury several weeks ago.

Baseball Practice Started

Whirlwind coaches issued the call Monday March 14 for prospective baseball players to turn out for practice and more than 30 boys showed up for the first sessions. The baseball diamond across the highway from Carthel Oil and Butane is being used for practice and will be the site of all home games.

District entries this season will include beside the 'Winds, Olton, Slaton, Abernathy. The conference schedule will get underway in mid April and will be a double robin on a home and home basis.

Strength of the Whirlwinds on the diamond this year is a big question mark at present, but with the number of boys in training a pretty fair showing can be expected before the season is over. A number of left handers were noted in the limbering up drills Tuesday afternoon that might add strength to the club in the pitching department.

Coach Watson expressed the belief he would be able to line up some non-conference games soon to give the boys some competition before the district schedule gets underway.

The Whirlwind baseball team will take on the Plainview Bulldogs on the local diamond Friday afternoon March 25. Game time is 4 p. m.

District Tennis Meet Will Be Held Here Saturday

Floydada entries in the preliminaries of the district competition held at Paducah Saturday took first in five of the six events entered. Winners of this meet will be matched here Saturday against winners of the west half of the district which held their eliminations at Abernathy.

The district championship matches will be held at the city park tennis courts. Bob Aldridge will have charge of the games which will get underway at 9 a. m.

Winners for the Floydada team at Paducah were Keith Armstrong, senior boys singles; Ronnie Downing, junior boys singles; Rannie Vickers and Jerry Perry, junior boys doubles; Carolyn Downing, senior girls singles; Sonja Beth Wilson and Nita Jo Lightfoot, senior girls doubles.

Donald Collie and Glad Norman

were defeated in the senior boys doubles by Ronnie Forgyus and Charley Moore of Crosbyton. There were no junior girls entries.

New H D Agent Introduced to Council Group

Mrs. Harriette Brummett, new Home Demonstration agent, was introduced by Mrs. Grigsby Milton, vice-chairman, Saturday afternoon when the Floyd county Home Demonstration council met in the council room of the court house. Mrs. Milton presided in place of Mrs. Malcolm McNeill, who is ill.

Mrs. Lynn Miller, chairman of the finance committee, stated the ironing boards and little gems had been ordered and would have them at the next council meeting to distribute to be sold.

Mrs. Carrick Snodgrass, civil defense chairman, said as this is tornado season, people should plan ahead what to do in case one should hit this vicinity.

It was decided instead of having the lady from Dallas conduct a school on making hats, the Home Demonstration agent from Swisher county be asked to give this demonstration.

Mrs. Robert Day, who has charge of the Floyd county cannery, announced the cannery is open Monday and Tuesday of each week now and after June 1 it will be open five days a week. She urged the women to take advantage of this service.

There were 30 council members and seven visitors present, representing 14 clubs. Present were South Plains, Mmes. Grigsby Milton, R. G. Dunlap, L. T. Wood; Sand Hill, Mmes. J. T. South Plains News

(By Mrs. Murray Julian)

SOUTH PLAINS, March 21. — Spring seems far away this March 21, with over an inch of snow on the ground, and more falling and drifting as it falls. Leadens skies and 16 degree temperature make it feel even colder. Farmers were busy this morning with motors and tractors warming up, for the intense cold was not predicted, and many water pipes as well as motors have suffered from freezing weather.

The George Weasts and Frank McClures are missing this cold spell, for they are down in South Texas. On Thursday they went deep sea fishing from Port Isabel, and 35 miles out in the Gulf of Mexico where they reported a good catch of red snapper, some weighing as much as 12 pounds.

The men who were going to work at the church this Tuesday will not be able to do much work on account of the cold weather. Rev. and Mrs. Paus hoped to be able to move at least part way over Saturday, but they will have to wait until the weather is better. Rev. Paus will take the Junior and Intermediate R. A.'s to Plainview on Friday night where they will enjoy bowling, and Mrs. Paus will take the Junior and Intermediate G. A.'s to Floydada Thursday night for a program at the Baptist church.

Several from our vicinity went to the Pansy Baptist church on Sunday afternoon to attend the last rites for Mrs. Eva Miller, 76, who passed away on Friday at her home in Crosbyton. It was a year

ago in January that her husband preceded her in death. They were former residents of South Plains, where they operated the store now occupied by Upton's grocery. Those who were in Pansy for the funeral on Sunday were Mr. and Mrs. Bryant Higginbotham, Billy Jackson, P. M. Smitherman and Roy Childress.

Mr. and Mrs. J. P. Taylor and children had as their guests at dinner on Sunday, Rev. and Mrs. Larry Paus, Vassie Beth, and Bobbie Paus, who spent the afternoon visiting with them. Jack Reeves, from Roswell, New Mexico, spent the week-end here with his parents Mr. and Mrs. S. T. Reeves. On Sunday guests in the Reeves home for dinner and all day were Sim's brother, Mr. and Mrs. Garnett Reeves, and their boys, Bradford, Truitt and Bryan, who are from Lubbock, Saturday Mrs. Reeves spent the day visiting her sister, Mrs. Walton Wilson, in Fairview.

WMU Meeting on Thursday
The South Plains WMU met at the church Thursday afternoon, March 17, for an afternoon of bible study under the leadership of Mrs. S. T. Reeves. In the book, Baptist Fundamentals, chapter 6 on "Baptism" was taken up and discussed with the bible references. Baptism in one of the two ordinances of the Baptist church. During the business meeting, Mrs. Jones offered her resignation, and Mrs. McClure will take her place as president until the term expires. Present for the bible study were Mesdames, Larry Paus, Sim Reeves, Grigsby Milton, Murray Julian, H. S. Calahan, Jr., Cathy and Diane Calahan, and Vassie Beth Paus. It was decided to change WMU meeting time to Tuesday, and the next meeting date will be on April 6, for Royal Service at the church.

Mr. and Mrs. Grigsby Milton, Jr., Barbara Sue and Donita, left Saturday afternoon for Amarillo where they spent the night and Sunday visiting with his mother, Mrs. Grigsby Milton, sr., and Linnie. On Sunday they visited other relatives in the J. P. Whitaker home. They arrived home Sunday evening.

Mr. and Mrs. Murray Julian enjoyed dinner on Friday of last week with Mrs. Early Jones and Gordon in Floydada, and visited there during the afternoon.

Mr. and Mrs. S. L. Kinnibrugh, Beth and Marilyn, spent Sunday in Brownfield, where they were guests of his sister, Mr. and Mrs. Coffman. They report a bad dust storm that blew up while they were there.

Mr. and Mrs. Raymond Upton, Bonnie and Jimmy, were glad to have Ronnie, who has been stationed at Ford Ordnance, California, home with them on Saturday. He flew in on a chartered plane with group of soldiers from California. Ronnie will be home about 13 days. Another of our home town boys expected home soon on a furlough from Japan, is Glen Wood, son of Mr. and Mrs. L. T. Wood.

Mr. and Mrs. Arby Mulder, Nathan and Katherine, spent Sunday visiting Mrs. Mulder's brother, Mr. and Mrs. Wayland Fitzgerald, who live at Rock Creek, near Silvertown.

Mr. and Mrs. John Smitherman arrived home from Portland, Texas, on Wednesday evening, after visiting relatives in Merkle, and Rev. and Mrs. Clay Guest, in Cone, on their way home.

Mrs. M. M. Julian spent last Thursday visiting Bruce in Mrs. Ray Smith's room at school, and enjoyed dinner at noon with Mrs. Higginbotham, the teachers, and students. After lunch there was a spirited ball game between the Lakeview grade school, and South Plains school, with Lakeview the victor in a 13 - 9 game.

Mrs. L. T. Wood and Juanell went to Canyon on Friday where they visited friends during the day. Remember April 2 as the time to elect two trustees in our school district. Those whose terms expire are Ernest Smitherman and Andrew Sanders. Those now on the board besides the above named are E. P. Pritchett, Leighton Teepie, Arby Mulder, and Ursel Taylor.

Mrs. S. D. Kinnibrugh was hostess at a cosmetic party on Tuesday afternoon, March 15, at her home with Mrs. Joe Robertson, of Center community, acting as instructor of the cosmetic class, and Mrs. Webb as model. After the instruction and helps given to each one present.

Mrs. Kinnibrugh then served sandwiches and oaks to those present who were Mesdames Thurmon Perry, Grigsby Milton, J. D. Webb, Bryan Karr, John Key West, Clifford Helms, Chli McClure, R. G. Dunlap, Shelby Calahan, M. M. Julian, and Donita Milton.

Tye - Marble Wedding

A marriage of interest to all our community was consummated Sunday afternoon, March 20, at 3 o'clock in Floydada, at the home of the bride's parents, Mr. and Mrs. W. O. Tye, when Miss Carolyn Tye, and Mr. Frederick Marble were united in marriage. Rev. Tilden B. Armstrong officiated before an improvised altar, in the presence of his and her immediate relatives, with his grandparents, Mr. and Mrs. F. L. Marble, and Mr. J. L. King also present. A reception immediately followed the marriage, and the young couple left for a tour of Old Mexico. When they come home they will be living in Floydada, and Frederick will be engaged in farming in the South Plains community.

The South Plains Community club will meet at the school house on Friday evening, March 23, at 8 o'clock, with Mrs. J. B. Smitherman and helpers in charge of the program for this month. You are asked to bring your tables and dominoes, and cookies for refreshment time. Everyone come, and bring your family for an evening of fun.

Alton Higginbotham is out of school this week with a very sore leg, which he hurt during stock show week. He is not allowed to be on his feet until the doctor gives him an o. k. Tommy Respondek also is suffering from a sore knee, and this Monday he underwent a small operation on his knee.

Lakeview News

(by Mrs. D. C. Harrison)

LAKEVIEW, March 21.—Altho this is the first day of spring it has come in as if it were the first day of winter for the ground is covered with snow and still snowing.

Mr. and Mrs. J. A. Kenchloe returned home last Wednesday after a weeks visit in El Paso with their son and wife, Mr. and Mrs. Lavane Kenchloe. They also went to Juarez, Old Mexico, and on the return trip they visited Mr. Kenchloe's uncle and family, Mr. and Mrs. Tom Wiscox of Artesia, New Mexico, and other points in that state. Mrs. Kenchloe reported a wonderful trip because it was her first time to be out of the state of Texas.

Several ladies of this community attended the bridal shower honoring Mrs. Arthur Burks, nee Janet Hamor, Friday night at the Graham lunch room at Post. Those attending were Mmes. Jim Owens, B. F. Neff, R. L. Nichols, Charlie Wright, L. D. Golightly and Mrs. Verlon Wright. The ladies reported Janet received a lovely shower.

Mr. and Mrs. Verlon Wright and family attended a weiner roast for A. W. and Joyce Ferguson. Others attending were Mr. and Mrs. W. A. Bunch and family and Billy Ferguson all of Floydada.

Mr. and Mrs. Earl Edwards visited in Tucumcari, New Mexico, last week as guests of Mrs. Edwards' parents, Mr. and Mrs. H. N. Porterfield.

Mrs. R. C. Smith, Mrs. Travis Dunn and daughters and Mrs. D. C. Harrison visited Mrs. Clyde Waugamon of Hobbs, New Mexico, who is a patient at the West Texas hospital in Lubbock.

Polio Chapter Names Officers

The new route would cross Sand Hill Highway 1310 one block south of the present route, the E. R. Harris residence being almost exactly in the center of the proposed route. The two routes then angle together at the Denver railway crossing.

The new route clears Modern Courts completely but would take out the F. O. Conner residence.

The old route has seven curves in a distance of slightly less than two miles, whereas the new route has three curves.

At a meeting Monday night at the Beacon office in Lockney new officers were named to the Floyd county polio chapter. Those elected to serve for the coming year include county chairman Ed Wester, who was moved up from the secretary post and Joe Wilson of Lockney who will serve as vice-chairman.

Earl Crow was re-elected as treasurer and J. M. Willson, jr., was named secretary.

Elected as committee chairmen were Kenneth Rimmer, publicity, Barry Barker, Wayne Russell, Edgar Hays and Kelton Shaw who round out the executive committee.

To head women's activities are Mrs. Murray W. Wiley of Lockney and Mrs. Leonard Matsler of Floydada.

To serve as medical advisors are Dr. George V. Smith and Dr. W. J. Mangold.

Fund campaign plans will not be made until the fall when the new officers will map a county-wide drive.

Engineer Outlines Proposed Route Through Lockney

How the proposed four-lane highway would affect the route of U. S. Highway 70 through Lockney is indicated this week by Resident Engineer James F. Potts, who said the route had been agreed upon by the city authorities at Lockney as per their preference.

In his outline Potts said the center of the road would be moved north at the O. C. Bailey residence in the southeast outskirts of the city, so that the center of the new road would be about 100 feet north of the Bailey residence.

The center of the new highway and the center of the old highway would cross in front of the alfalfa mill. From the alfalfa mill the new route would continue straight west eliminating a curve where the old route doubles back a block north. A little residence opposite the alfalfa mill would have to be moved.

The new route would cross Sand Hill Highway 1310 one block south of the present route, the E. R. Harris residence being almost exactly in the center of the proposed route. The two routes then angle together at the Denver railway crossing.

The new route clears Modern Courts completely but would take out the F. O. Conner residence.

The old route has seven curves in a distance of slightly less than two miles, whereas the new route has three curves.

Area Water Men Discuss Problems

About 15 towns were represented Tuesday night at the Legion Hall when the Caprock Water and Sewer Association met for a dinner and business session. Thirty-five men were present which included Mayor Jess Patterson, members of the city council and members of various water departments.

Guest speakers for the occasion were N. B. McClough, water superintendent of Lubbock and his assistant, Ralph Campbell.

Topics was discussed on the life stations, water distribution and fire hydrants.

BROTHER OF MRS. GRADY HALL PASSES AT ALTUS

James E. Smith of Altus, Oklahoma, brother of Mrs. Grady Hall and uncle of Marion Carpenter, passed away Tuesday afternoon at Altus. He had been ill some time with a malignancy. Mrs. Hall was with her brother at the time of death.

Funeral rites will be conducted today in Altus.

Mr. and Mrs. T. G. Hall and children, Mr. and Mrs. Marion Carpenter and Jane and Mrs. Wayne Carpenter left late yesterday to attend rites.

Mrs. Macy Boteler and sons, Barry and Jamey, left Sunday to return to their home at Kilgore after visiting here with her parents, Mr. and Mrs. Marion Carpenter and other relatives.

Mr. and Mrs. Cal Skaggs and Jan returned Sunday after a week-end visit with her mother, Mrs. J. A. McAuley in Andrews.

Floydada Bridge Players Get High Tournament Score

Mrs. Calvin Steen and Mrs. Walton Hale, who participated in a state bridge tournament held at Adolphus hotel in Dallas last week were high point winners among the non-master pairs.

The Floydada pair placed first in one session, second in one session and fourth in three sessions of play.

Second place non-master pair winners were Henry Jacoby of Dallas and Dr. Cary West, jr., of Fort Worth.

The tournament was sponsored by the Dallas Bridge association.

TWO NAMES ARE FILED FOR TRUSTEES FLOYDADA DISTRICT

The names of J. P. Moss and R. G. Dunlap have been filed in the office of the school secretary, for re-election as trustees of Floydada Independent school district.

Only one name so far has been filed for county trustee, that of M. P. Goen for Precinct 1.

Deadline for filing for places on school trustee ballots is March 22. Election date is April 2.

NANCY HART HOSPITALIZED

Word was received here this week that Nancy Hart, daughter of Mr. and Mrs. Cecil Hart, of Amarillo, was taken back to Northwest Texas hospital on Monday when her condition became worse.

Nancy underwent surgery in February for what was thought to be appendicitis. Later examinations indicated regional enteritis of the intestines. Her condition was not good at last report.

Darlene Bryant, daughter of Mr. and Mrs. Olin Bryant, attended the luncheon and style show held at Lubbock hotel last Saturday. Miss Bryant was a model for Excel Frontier Shop of Lubbock. Mrs. Bryant attended the affair with her daughter.

Mrs. Hope Hammonds left last week for Ypsilanti, Michigan, where she plans to stay with her son's children while he and his wife are in Europe. Mr. and Mrs. Jim Hammonds were leaving as soon as Mrs. Hammonds arrived.

Lakeview Women Have Interesting Club Discussions

The Lakeview Home Demonstration club met March 17 in the Lakeview school lunchroom with Mrs. William Bertrand as hostess.

The roll call was answered with unusual occupations. The mentioned were those of a man 102 years of age who caught sea lions and sold them to zoos and a man who hauled rocks from which face powder is made.

Mrs. Harold Bertrand gave an article on "Democracy," while Mrs. W. Earl Bertrand and Mrs. Earl Edwards, jr., spoke of the duties and responsibilities of a good citizen.

Mrs. Louis Pyle gave "Food in case of disaster," and Mrs. Buell Neff led a round table discussion in regard to requirements for naturalization of a person wishing to become a citizen of the United States.

All club members were reminded to bring their gifts for the "shut-in" to the next club meeting, April 7. All gifts will be mailed in time to reach the patient by her birthday which is April 21.

At the next meeting there will be a vase show. Each member please bring one, and give the history of it.

The new county Home Demonstration agent will be present at the next meeting which is April 7, at 2:30 with Mrs. Louis Pyle as hostess in the Lakeview school lunchroom.

Refreshments were served to Mrs. W. Earl Edwards, Earl Edwards, jr., William Bertrand, Buell Neff, R. L. Nichols, Jim Owens, Louis Pyle, and Verlon Wright.

Barbara Hart of Lovington, New Mexico, was a week-end visitor in Floydada.

Mrs. Winnie Angus of Quanah spent Tuesday night in Floydada with friends.

VOCATIONAL NURSES WILL MEET TONIGHT AT PLAINVIEW

Miss Johnny Mae Lewis announced Wednesday that the regular monthly meeting of Licensed Vocational nurses, scheduled for last Monday night, was postponed due to the weather. The meeting will take place tonight at 7:30 in the district court room in Plainview. Guest speaker for the occasion will be Rev. Homer T. Goodwin of Plainview. Miss Lewis is president of this district.

FHA FUND RAISING

Last week and this week the F. H. A. girls have been selling homemade candy in the high school gymnasium at noon. The object of the sales is to obtain money to meet the expenses of the F. H. A. president and another delegate when they attend the state meet at Galveston in April.

Approximately \$400 has been cleared so far.

The F. H. A. plans to have a bake sale next Tuesday at Piggly Wiggly grocery. Pies and cakes will be sold.

Mr. and Mrs. R. B. Calhoun had as their guests for several days last week their daughter, Mrs. W. A. King, of Fort Worth, also Mrs. J. W. Hill of Lewisville, and Mrs. E. C. King of Floydada. The latter had just returned from Fort Worth and Lewisville after spending two and a half months there.

Mr. and Mrs. Sam Kennedy are here this week visiting in the home of her parents, Mr. and Mrs. W. J. Smith and other relatives. Mr. Kennedy has just recently received a discharge from the army at Kilgore and they plan to make their home at Big Lake, Texas. Mrs. Kennedy is the former Lou Smith.

Tom L. Sneed, W. W. Trapp and Wilson Edwards were in Plainview Monday night where they attended a dinner and initiation ceremony for new members of the Knights Templar.

Road Bond Vote

(Continued from first page)

county line are more than 20 years old, both outmoded by present-day traffic count and loads they are called on to carry. The widened roads would also add immeasurably to the safety factor.

Curves Are Eliminated

The proposed route would make no change eastward from Floydada so far as curves are concerned. But westward the route as laid out would reduce the number of curves in the road from 23 to 10.

Between Floydada and Lockney three out of seven curves would be eliminated, at Lockney three out of six curves would be taken out, and all the curves, five in number, in the present route from Lockney to Aiken would be straightened. At Aiken the number of curves would be reduced from five to three.

Objections to the proposal from various parts of the county stem principally from the demand for more farm to market roads. To this objection the commissioners court members point out that re-building the cardinal roads would help rather than hinder further farm to market construction.

The highway department spent nearly \$200,000 on roads in the county last year and already have plans on the boards for similar spending in 1955. The court has found it advantageous to work along with the highway department in every way possible, they declare. The chance to get the highways re-done at this time and completely modernized they view as a piece of good fortune which the taxpayers should grasp.

No Change in Floydada

In Floydada the fact that the city and the highway department last year completed a re-building program through the city at a cost of \$130,000, makes the proposal no local problem. At Lockney and Aiken the situation is different and the frictions incident to changing the road were evident in the November

TO THE VOTERS of FLOYD COUNTY

Recently the voters rejected a proposed \$325,000.00 bond issue. Now certain organizations seem to feel that the voters did not cast an intelligent vote. This has been lowered to \$300,000.00 Why? The bond issue has been lowered \$25,000. Apparently to satisfy voters who opposed the county paying for a certain farm-to-market right-of-way. They are now paying 6% interest on certain warrants for this expenditure which the voters rejected at a lower interest rate.

Some of us may be influenced by mis-statements of facts. In our investigation we found the issuance of \$300,000.00 in bonds puts our county in debt over \$1,000,000.00. It seems that no official will definitely state that this proposed expenditure by the state will not affect our county's allotment for farm to market roads. Consequently we assume that it will. We feel that it would benefit more local people if the \$300,000.00 were spent for farm-to-market roads, and we could continue to receive our just portion of the state money for this purpose.

We find that our commissioners court has contracted the sale of the proposed bonds, with stipulations, to a certain bonding company, which company is furnishing this county certain services in connection with the election without cost.

It seems that in other parts of the state it hasn't been necessary to have a 36-foot park between pavements. This extra 36-foot constitutes a large portion of the cost of the right-of-way.

Do you not think it would be better to wait and see what our new federal highways program will be and not be in a rush to mortgage our property for this \$300,000.00?

News of Harmony

(By Mrs. Mather Carr)

HARMONY March 21—Carrick Snodgrass is building a real nice home on his farm. The house is located on the northeast corner near the highway and near where the old Blanco school building once stood.

Charles B. Smith is doing some improvements on their home.

The last report on little Donna Schulz was that she was doing as well as could be expected.

WCS met Tuesday at 2 o'clock in the church for their second study, "The Master calleth for thee." Those present were Mmes. M. D. Ramsey, Marvin Smith, R. G. Morris, Zant Scott, Ted Rutherford, Sherwood Ramsey, Chloma Williams E. W. Turner, and Mrs. Mather Carr. Those having parts on the study were Mmes. M. D. Ramsey Zant Scott, Marvin Smith and Mrs. R. G. Morris.

Mr. and Mrs. G. L. Snodgrass and Mrs. Everett Miller were in Amarillo Tuesday to visit Gerald Snodgrass, who is in hospital there suffering from gun shot wounds. Gerald is a half-brother to G.L.

Mrs. Ted Rutherford was a guest in the Mather Carr home Thursday.

Mr. and Mrs. L. A. Williams of Amarilla spent Thursday and Thursday night in the home of their son, Chloma. Mr. Williams attended the community meeting Thursday at the center.

The community center met in regular monthly session Thursday night for their business and program session. Loyce Turner's committee

were hosts. They were Loyce, Mrs. R. B. Gary, Mrs. Marvin Smith Mrs. Sherwood Ramsey, Bill Tucker and others. After the business, soft drinks and cookies were served to a good attendance.

New officers were elected for another year. They were Junior Batty president; Glenn Pool, vice-president; Mrs. Carrick Snodgrass secretary and Carrick Snodgrass treasurer. It won't be long before we hear from our Farmer-Stockman contest. We hope we win a prize.

Mrs. Ted Rutherford and Mr. and Mrs. Mather Carr made a business trip to Roaring Springs Saturday. They also visited with Rev. Krebs and family. Rev. Krebs has been in a hospital for medical examination. He was improved but not feeling good Sunday. We hope he is doing fine soon.

The club ladies that held their bake sale Saturday in Floydada did well. Mrs. Aldine Williams headed the committee. Mrs. Frank Aikens one of the ladies on the committee, was notified that her nephew's

baby had choked to death and she left immediately. The nephew lived at Morton. The child was also a relative of Mrs. Charlie Spence. He was little Don Sealy. When put to bed Friday night the baby was in perfect health and they found him dead early Saturday morning. He was thought to have strangled to death.

Miss Reda Mae Gary and Miss Mickey Kennamer of Lubbock spent Sunday night in the R. B. Gary home.

Mr. and Mrs. Ted Rutherford visited friends in Tulsa Sunday.

Mr. and Mrs. Everett Miller, Mr. and Mrs. Chloma Williams and daughter, Lajuana Sue and Melde Jo Ramsey were in Lubbock Sunday evening attending an appliance show.

Wesley Carr is ill with a cold. Judy Smith was also ill Tuesday and was absent from school.

Mr. and Mrs. L. B. Turner and son, Joe and their daughter and family, Mr. and Mrs. Sam Henson and sons of Dove Creek, Colorado

40 Ft. Highway Through Motley Is Programmed

MATADOR—During a special meeting Tuesday night the city council approved the Texas Highway Department's plan to widen U S Highway 70 from the intersection of State 70 at Bob's Oil Well east to a point about 1 1/2 miles inside Cottle county. The council was concerned with the improvement on the town section.

Chief Inspector Aigie Groves met with the council and explained the state's plans. Highway 70 will be widened to 40 feet of paving (it now has 20). The state now owns the 100-foot right of way through Matador.

Mr. Groves said last night that he did not expect any change in the city limits except the necessary removal of some trees now growing on the highway property. The state also holds title to the Dundee Street cutoff right of way (east and west in front of the courthouse).

Plans for the almost 20 miles of highway improvement are in the Childress district office with the exception of specifications for a new overpass over the Q. A. & P. Railway tracks at the Cottle county line. They are being prepared in Austin.

To Remove Curves

Highway 70 will be a much safer road after work is completed. Two or more dangerous curves will be eliminated. The present Teepee Creek bridge and accompanying sharp curve will be replaced by a new bridge and less dangerous roadway. The new bridge will be south of the present crossing, in the neighborhood of where the old dirt road once crossed the creek. The road will swing south about 3-4 miles east of the present bridge.

The dangerous curve immediately east of Tongue River bridge, near

the Cottle county line, will be eliminated. The highway will continue on east, swinging back to the present road inside Cottle county making necessary a new railroad underpass.

AT QUITAQUE GATHERING

Numerous Floyd county people were in the crowd at the recent

Quitaque home-coming, among them the Howe Hines' of Dougherty and the Rene Years of Cedar. From Lockney were Mr. and Mrs. Raymond Rucker, Mr. and Mrs. Frank Hawkins and Joe Frank, Mr. and Mrs. J. P. Taylor and family, Mr. and Mrs. Howard Cooper and Carl, Mrs. Violet (Purcell) Cooper, Mr. and Mrs. Bob Merrell and family.

Conferring on theme for the 1950 club style show Monday evening are theme chairman Mrs. Jack Coffman, left, Mrs. Edward H. Wester, and (standing) Mrs. Gene Collins, Jr. The theme of the show will not be announced until the curtain is rolled back Monday evening. Mrs. Collins is chairman of the entertainment committee. Bold Use of Lavish Color Is Print News

The very first news that spring is on its way always appears in print! Print frocks are the overwhelming pre-season choice as a splash of color under furs and to spark winter-weary wardrobes.

This spring, prints capture the gala spirit of the season as never before! They are so imaginative in coloring that they are setting a whole new trend in accessorizing. Keyed to your spring print, you'll wear orange with pink, violet with blue, yellow with pink, and other heretofore daring color combinations.

The forecasts for spring all point to a big season for prints. The simpler, easier lines of this season's silhouette are beautifully adaptable to prints. Too prints are the perfect accent for the fashion-impor-

tant ensemble, adding a smart punctuation point of color!

In the spring picture, pretty colorful prints show up importantly as the blouse and the lining for the jackets or full-length coats of the stunning costume.

The increasing use of pure silks adds impetus to the pre-dominance of prints. Silk prints have never been so lovely as on surah, shantung, or paper-weight taffeta. Printed silk pongee is a new fashion story that is proving exciting.

Exquisite use of color . . . imaginative design . . . and wide print picture for spring. Watch for monochrome prints which use two to four tones of one color, scenic prints, somber effects, abstracts, and splashy florals. Polka dots inspire a bevy of conventional and unusual designs.

Gaining new importance are the printed skirt fabrics that range from amusing to luxurious. It's a simple matter for the school girl, the young matron, or vacation-bound girl to make her own skirt from these cleverly-designed border and all-over prints. Poster effects, the Eastern influence, art designs, and conversation-making motifs are all eye-catching!

In small, neat patterns to big, bold designs, prints capture all the color-fresh beauty that is spring itself, to add a spirited note to the fashion scene!

LIBRARY NEWS

(Mrs. Lee C. Golightly)

Going prospecting for Uranium? If so come in and look over the material on "Prospecting for Uranium in Texas" by Peter T. Flawn and George H. Anderson. The material is put out by the Bureau of Economic Geology, University of Texas. It also contains a section on "Texas Lands" by J. Earl Rudder, commissioner of the General Land Office.

Two volumes of the National Geographic Magazine Cumulative Index along with quite a number of the magazines have been placed in the Lockney library this week. With the help of the indexes, these magazines will be more helpful to the school students. The magazines may be checked out under the same regulation as books.

A large number of magazines were brought into the library this week. Don't throw your good magazines away. The library may be able to use them.

Gift book for the week: "Through the Years, a History of Crosby County," given by W. A. Gound.

Memorial books for the week: Four books given in memory of Dr. C. M. Thacker, by the following: Mr. and Mrs. Lon Davis, Jr.; Mr. and Mrs. Baird Bishop; Mrs. E. A. Hopkins; Mr. and Mrs. Jack Henry and Jackie; and Mr. and Mrs. J. H. Barnard.

Story hour was enjoyed by about 20 kiddies under the direction of Mrs. E. L. Norman. Mrs. Billy Stanforth told several stories which the children enjoyed immensely.

TUBAL CAIN IS ASSIGNED TO STATION IN FAR NORTH

Tubal Cain surprised his wife and other members of the family last Thursday when he flew in from Virginia for a ten-day stay. He and wife and two small sons are visiting his mother in Denver, Colorado, this week. He will leave Denver this week end to return to the Battleship New Jersey. From Norfolk, they expect to leave for the frozen northland near Iceland, within the next few days.

Mr. and Mrs. G. N. Shirey left Sunday for their home in Azle after visiting with relatives here. The Shireys have been in Tucson, Arizona, during the winter months.

Glynell Armstrong Is Crowned Queen of Whirlwind Band

Miss Glynell Armstrong, daughter of Rev. and Mrs. Tilden B. Armstrong, was crowned band Sweetheart of the Whirlwind Band in ceremonies held in the VFW Hall Thursday night, which climaxed the activities of the band banquet and the band school year.

Doyle Grundy band captain and son of Mr. and Mrs. Bill Grundy, introduced the sweetheart, presented her a dozen red roses, and officiated in the crowning ceremony. 1st Lt. Walter Simmons son of Mr. and Mrs. Walter Simmons, and 2nd Lt. Jimmy Collins, son of Mr. and Mrs. E. M. Collins, gave the newly crowned sweetheart a gift on behalf of the band.

2nd Lt. Fontaine Fowler, daughter of Mr. and Mrs. Sam Fowler, presented in behalf of the band students, a gift to Maurice Jones, band director.

I. T. Graves read the invocation. A St. Patrick's theme was carried out in both the program and the decorations. Serving on this committee were Mmes. Ernest Carter Sam Fowler, Bob Collier, Earl Crawford and Mrs. Alton Chapman.

Tech German Club Puppet Show Is Scheduled Tonight

Ray Cook, Texas Tech Junior will be the stage manager for the Texas Tech German club when they present their annual Liederkranz Melodien tonight at 8 p. m. in the administration building on the campus of Tech.

The fifth annual German club offering will feature a puppet show adaptation of the famed German comedy, "One Must Marry." The plot involves two bachelor brothers, both college professors, who are threatened with disinheritance if one does not marry immediately.

Ray is also the state president of the German association, and the puppet show and several of the musical numbers will be taken to the third annual convention of the Texas Association of German Students in San Antonio, April 13-16 to compete for state honors.

We wish to express our sincere appreciation of your friendship extended to us during the death of our loved one. May God's everlasting love bring courage for tomorrow.

Natural Work
Fourth
Legislature

Senate are receiving better attendance from its members. The legislators seem well informed on state problems and they ask good questions.

I speak primarily for the House and Senate Agriculture committees. In my dealings with them this year, I have come in contact with some outstanding workers.

Rep. Elbert Reeves of Matador is chairman of the House Agriculture Committee. He shows excellent knowledge of farm problems and leads the group accordingly. He is backed by such men as Harold Parish of Taft who is making a record for himself this session. Parish informs himself well on every bill, his questions indicate a great deal of interest and knowledge and his criticism is constructive. He has closed up several loopholes in bills that the Department of Agriculture is concerned with.

A. J. Bishop of Winters is a second term man who is carrying a heavy load and doing a good job

Catalina creates a tantalizing temptress—a two-piece swim suit in Egyptian printed cotton. It is draped, form-fitted and elasticshirred in the back.

of it. Typical of the new men is Alonzo Jamison, jr., of Sanger who has demonstrated much effectiveness in his discussions of various farm bills.

In the Senate, the Agriculture Committee is headed by Sen. George Moffett of Chillicothe, an old-timer from the standpoint of legislative experience and one who turns in a top-notch performance in command on the committee.

Sen. Frank Owens is a first-termer from El Paso but he speaks with the voice of a seasoned veteran within the committee. Balancing the group are such people as Sen. Carlos Ashley of Llano, Mrs. Neville Colson of Navasota, David Ratliff of Stamford and others.

Just because I mention only these few, I do not mean to minimize the efforts of the other members—all of whom are doing extremely good work. Their working methods are a marked improvement over other years.

In previous sessions, an agency could present a bill and if no outside forces opposed it, then it was a routine assumption that the bill would be reported out of the committee. This year it is different.

The members want to know what the bill does; what it means and who it affects. Is it good or bad for the majority and really in the interest of the people. As a result, it is not an easy matter to get a bill through committee. And this is a good thing—good for the people of Texas.

Too often a special interest group or an agency will be trying to pass a piece of legislation for their own benefit—often at the expense of the entire population. This is not the rule this year.

I believe the farm people of Texas are fortunate in having such conscientious and hard working members on the agricultural committees this session.

Ruffles, Frills and Lace Underscore 'Under' Fashions

Fashions destined to remain undercover—like lingerie—still reveal a new note of frivolity and utter femininity!

Spring's lovely lingerie is brightened with gay ruffles, frills, lace and embroidery!

Slips now have raised and softened bustline to underscore the new silhouette. They are of nylon, dacron or in captivating cottons.

Petticoats now swish out from below smooth-as-silk hiplines and are made of soft nylon tulle, net or tricot.

Slim, sheath slips wear gay embroideries at the hemline, and permit ease of stride by slit sides.

No-iron cottons in such new lovelies as rippled-surface batiste, georgette and pleated cotton with dacron.

What better target for a memory-making snapshot with Kodak's Bull's-Eye Camera than this sleeveless, turtle-neck jersey top and full, embroidered poplin skirt—by Toni Owens.

The step-in garment with slip-top and panty-bottom reappears in a glorified-with-trims chemise!

Full-slips that are sleek-to-the-torso, flare out with can-can ruffles at above-knee height to spark trumpet silhouettes.

Special fashions in lingerie underscore precise needs for playclothes—with strapless slips, strapless bodice slips that come to tennis dress length, longer panties for walking shorts, and tapered panties for the "calf-skinner" pants.

Yes, hidden beauty defines the undercover notes of milady's spring wardrobe.

Methodist Woman Attends Childress Meeting of WSCS

CHILDRESS—Mrs. W. H. Bethel of Floydada was among the 466 persons who attended the 14th annual meeting of the Methodist Woman's Society of Christian Service of the Northwest Texas Conference in session here March 16-18. Meetings were held at First Methodist church under the theme "Our Christian Witness."

Mrs. C. C. Coffee of Lubbock, Conference president, presided. Other Northwest Texans featured on the program included Mrs. W. E. Hamilton, Quanah, who led the service of remembrance; Lucile Flowers, Plainview, conference president of the Wesleyan Service Guild and Naomi Hare, Hereford, who has just returned from a five year term of service as a missionary in a girl's school in Lima, Peru.

The women increased the pledges by \$2,500 to total \$76,000 for various world-wide purposes. Mrs. J. C. Cowan, jr., of Tulla, conference treasurer, led the pledge service.

"Plenty of time, plenty of time," counseled the minister. He pulled out his watch. "See?—we have twenty minutes."

So the two proceeded at a calm pace and arrived at the station to learn their train had already pulled out. The minister shook his head. "I had the greatest faith in that watch," he replied sadly.

"Yes," replied the other man, "but what use is faith without works?"

Looks like Buick's Biggest Year

It's been happening week after week. More people coming in every day to see, sit in, sample and select the '55 Buick of their choice. More people than ever before in our history.

That's why you see so many new Buicks on the road today. And that's why—to meet this unprecedented popularity—Buick production has been boosted to the highest levels of all time.

Buick Sales Are Soaring

The simple measure of it all is this: Buick is so "hot" an automobile that it now outsells all other cars in the United States except two of the best-known smaller cars. And for reasons sound, substantial and thrilling.

Buick styling, you see, was never so crisp, clean, distinctive. Buick horsepower was never so high—Buick interiors never so rich—Buick's great ride never so satin-smooth and steady.

But there's something else, too—something vastly different and exciting.

Never before was there any motoring thrill like the

thrill you get from Buick's spectacular new Variable Pitch Dynaflow.

It lets you do what a pilot does—switch the pitch of your driving propellers—one way for gas saving in cruising—another way for instantaneous acceleration and getaway.

Your propellers are inside the Dynaflow unit, spinning in oil. You change their pitch merely by pressure on the gas pedal. You get action that was never in any earth-bound vehicle before.

No wonder we're writing up orders and selling Buicks at a rate that's making this the biggest year in Buick history.

And no wonder—when you see our price tags—that more and more people can afford the price of a new Buick.

For all the way up the line—from the budget-priced SPECIAL to the custom-built ROADMASTER—each Buick is a stand-out buy in its field.

Why not come in for a visit this week and get a down-to-earth look at the hottest Buick in history?

*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is Buick

Sportswear Takes on an All New Look

News! Dramatic! Exciting! These are the key words to describe the new sportswear fashions for spring into summer!

Aside from the long torso influence that has invaded the sportswear and leisure groups there's a tremendous interest in fabrics and color.

Season spanning separates and coordinates make their smart debut in featherweight woolsens and blends along with newly-styled silks, linens and cottons.

Dark "city" colors take on spring airs in tweedy textures... dark prints are sparked with shock color accents in charred tones.

The costume look is important in sportswear lines—in sheath dresses with jackets or slim, long coats, in suspender skirts or jaunty pants with "overblouse" jackets and slim pleated skirts with mid-dy tops.

It's new this year—if it's cotton and it's knitted! The lowly T-shirt is elevated into the glamour ranks! Cotton knits appear in hooded, torso length "jag" shirts (named for the Jaguar sports car)... in dressy cardigans and pullovers... in gay, sleeveless camisole tops... and high-styled, T-shirts with Italian accents.

Finer gauges, coarser-textured novelty and bulky stitches help make the new knits noticeably high fashion!

Active sportswear items are highlighted by sports jacket types in novelty fabrics patterned like men's warm-up jackets... or, zip-yoker overblouses, long in line and with big pockets at the hip, crop up colorfully over short to long pants... or striped overblouses in woven cotton take styling cues from men's long-sleeved "sweat" shirts... and wide, cuffed necked overblouses with batwing styling are copied from Italian sources.

These tops are the upper story for the short shorts, the to-the-knee walking shorts, and the assorted from-the-calf-down pants

of the season.

Trim little "bloomer" suits appear for the active playgirls... as do the to-the-knee Bermuda shorts... the somewhat shorter Jamaica shorts, and short shorts, that are barely visible when paried off with a long overblouse for that "leggy" look.

Pants that lace or button snugly at the calf are the "calf skinner" versions of the popular terero pants... and slacks that are more newly-tapered, skinny-looking and well-tailored are pants the gals will be wearing.

Exclamation points on the sportswear horizon are... suspenders. They give emphasis to shorts and to to-the-knee versions and to many many, many skirt fashions.

In separates for spring... there is the "city look"—of fine fabrics, dark colors and relaxed, narrow styling, particularly heightened by the many costume themes.

There's the "Boid Look," big and swashbuckling, appearing importantly in the sportswear picture and inspired by many Italian influences. And, the classic shirt, the tailored jackets, the slim pants shorts and skirts that define the "Ivy League" Look in sportswear.

Combine all these ingredients season well with color, add a dash of imagination, mix well—and lo! your sportswear wardrobe will be a spicy, exciting "dish."

OUR THANKS, O LORD!
O Lord, while others offer thanks for wealth and fame and power and such,

Accept, we pray, our gratitude for little things that mean so much.

For all the beauty we can see in fertile acres stretching far; And, oh, thank Thee, Father, for Pale-painted skies and evening star!

For singing birds and flowers, sweet Dew-sprinkled grass at flush of dawn;

For drifted clouds against the blue, And sunlight splashed upon the lawn.

For dear familiar sounds of home Expressing love more prized than gold. We thank Thee that such things as these For us the sweetest pleasures hold.

We would give thanks for humble

tasks We needs must do for those we love. The things that make our simple world Wherein we daily live and move. The little things, yet are they small? Wealth cannot buy the peace they give.

And so we thank Thee, Lord, for these. The little things that help us live. —Edmund H. Brown

We enjoyed the Lubbock Avallanche Spelling Contest for Crosby County at Crosbyton yesterday. How the young folks did spell! Many of the words the kind that you most often miss, as separate, receipt besiege, etc. Words that deceive some with one letter M, others with two. All marveled as the boys and girls spelled on and on until only one was left to win the honor. Our granddaughter, Margaret Nell won second in the Junior contest for Farmer school and how tired she was as we rode home, but holding tight the coveted Avallanche trophy and blue ribbon.

Some give service to the world only for money, others for the joy of service as well as for the just returns of their work. I think of the days only last fall when Dr. Thacker did some dental work for me. He had a chair set for Mr. Spikes so he could visit with him as he worked. Others came by his door and we could tell by the tones of the doctor's voice how happy he was to greet old friends as well as to make new ones. Kindly and considerate of everyone, a joy in living he had, love of his family and his work at the office and at his beloved church. Going to meet his Father with his work in his hands fearing neither death nor leaving the world he loved. These lines are so fitting for such a good, worthy man:

How lovely are the faces of The men who talk with God— Lit with an inner sureness of The path their feet have trod; How gentle is the manner of

A man who walks with Him! No strength can overcome his, and No cloud his courage dim. Keen are the hands and feet — ah yes— Of those who wait His will, And clear as crystal mirrors, are The hearts His love can fill.

Some lives are drear from doubt and fear While others merely plod; But lovely faces mark the men Who walk and talk with God. —Pauline Prosser-Thompson

A neighbor when we lived on the farm, Henry Hillyard has passed on. He had a tender love of flowers and orderly, tidy arrangement on his farm home. He wanted progress of good roads and electricity at every farm home. He worked for these things. Only a year ago as he talked with my husband and myself, the subject of the toll road from Oklahoma to Lubbock came up for discussion. "It may cut our farms into angles," Mr. Spikes feared. "Let it!" responded Mr. Hillyard. "I hope I live to see broad highways all across the country." This he did not get to see. His

Wedding

Miss Barbara Perry attended the bride as maid of honor. She wore a waltz length gown of white Irish lace over yellow. Her tiara was of sweetpeas.

Candle lighters were June Marble, sister of the bride groom, and Jane Tye, niece of the bride. Both wore ballerina length dresses of pink and blue, with tiaras of sweetpeas.

Best man was James R. Huckabee.

Miss Dorothy Holmes played the traditional wedding marches. Dan McCleskey, accompanied by Orby McCleskey, cousins of the bride sang, "I Want The World to Know" and "The Lord's Prayer".

Following a reception held in the Tye home, the couple left for a trip to Old Mexico.

The bride is a graduate of Floydada High school class of '54. She is assistant teacher of the Primary Class at the First Methodist church.

The bride groom attended Floydada schools and is engaged in farming at South Plains.

Mr. and Mrs. Junior Womack are parents of a daughter, born Saturday night in Lubbock at Goodnight hospital. The baby weighed six pounds and 11 ounces and has been named Wendy. The Womacks have two other children, Jimmy Lane and Terry. The father is with Light-house Electric. Grandparents are Mr. and Mrs. J. M. Hicks and Mr. and Mrs. A. V. Womack.

MRS. FREDRICK L. MARBLE

Compliment Bride-Elect at Pretty Pre-Nuptial Shower

In the lovely home of Mrs. Woodrow Wilson, Friday evening, Miss Carolyn Tye, bride-elect of Fred Marble, was honored with a bridal shower.

White napkins printed in gold with the words "Carolyn and Fred", yellow punch, white angel food squares and white mints decorated with blue carried out Miss Tye's chosen colors of yellow, white and blue.

From the refreshment table decorated with a white cloth and yellow daffodils Miss Mary Wilks and Miss Dora Day served the guests.

The guests were greeted by Mrs. Wilson, the bride-elect, her mother, Mrs. W. O. Tye and the prospective bridegroom's mother, Mrs. H. L. Marble.

Miss Myrna Wilson registered the guests in the bride's book and Miss Barbara Perry showed the guests to the refreshment table. Miss Alice Latta was at the piano.

Misses Carolyn Collier, Jo Day and Wanda Jones served as escorts through the room where the gifts were displayed.

Hostesses for the occasion were Mmes. W. A. Lovell, D. W. Burke, W. H. Bethel, W. H. Simpson, Jr., A. W. Chowning, W. E. Grimes, W. H. Henderson, J. D. Colville, O. G. Glassmoyer, Newell Parker, Carrick

Highlights And Sidelights From the State Capitol

(By Vern Sanford, Texas Press Association)

AUSTIN, Texas—After prodding from the head coach, line coach and backfield, the Legislature got busy on both the put and the take phases of its money job.

House and Senate committees reported the biggest biennial budget in history. The Senate version calls for \$1.5 billion. The House bill ran slightly less.

In one day of debate, the House passed its bill, calling for \$212 million in two years from the general revenue fund, now currently in the red. It would require \$39,600,000 more than current spending for general purposes, plus a proposed addition of \$27 million for highways.

Hearings by the revenue and taxation committee finally were held on Gov. Allan Shivers' tax recommendations — the Murphy 2-cent per gallon gasoline tax increase; and the Kirkin one-cent cigarette tax increase.

Urged To Work Harder
Although the current House is one of the "workings" groups ever, Speaker Jim Lindsey, called on the members to work harder. He predicted that most of the urgent program — water, insurance laws, hospital, tax and spending — could be achieved. He estimated \$60 million new taxes would be required.

Governor Shivers renewed his urging for the gasoline tax hike, backed by the highway commission's estimate that Texas needs to spend \$2,200,000,000 on highways during the next 10 years.

Rep. Jerry Sadler who said he was "authorized to speak for a majority of the House," told the revenue and taxation committee that the 2-cent gasoline tax hike won't pass.

Wants Possessing Tax

Sadler prefers a one-cent per gallon gasoline and condensate processing tax. This, he contends would bring in \$160 million a year and permit repeal of the present 4-cent gasoline sales tax. A processing tax would reach out-of-state as well as Texas buyers of gasoline.

Sadler also has proposed a \$3.30 per barrel hike in the tax on beer. Heard by the oil, gas and mining committee was Rep. J. B. Walling's "anti-waste" bill to set minimum prices for natural gas. At present rates this bill would bring in an estimated \$20 million a year.

Under committee rules, the tax and gas-conservation bills automatically went to sub-committees for a week's study.

Veterans' Affairs

Veteran land deals and their investigation resulted in an ever-growing list of legal suits against Bascom Giles, former commissioner of the General Land Office.

Filed by Atty-Gen. John Ben Shepperd in 53rd District Court here was a civil suit against Giles, seeking a lien on property purportedly owned by the former commissioner in Falls County.

Giles has been indicted by a Bexar County grand jury on a charge of accepting a bribe. He also faces a Travis County indictment accusing him of conspiring to take \$83,500 in veterans land program funds.

Issued by the Travis jury was a subpoena directing officials of the Capital National Bank of Austin to produce Giles' bank records.

Other civil suits for recovery were filed, making a total of over \$2 million that Shepperd is trying to recover for the state.

Shivers Testifies Again
Governor Shivers went back a second time to appear before the Senate investigating committee. This time under oath.

He said that neither he nor any of his aides brought "undue pressure" on the veterans land board to expedite processing of applications for loans.

It is the policy of the governor's office, said Shivers, to refer questions about the program to the veterans land board.

Shivers testified further that he had never received any warning of any irregularities concerning the program, and that if he had, something would have been done about it.

Commending the investigators for their work, Shivers said, "There isn't anything as wholesome as bringing out the real facts and letting the public look at them."

Continuation in Doubt
Continuation of the Veterans' Land Program is in doubt. House investigators have recommended liquidation of the present set-up.

Sen. George Moffett abandoned "indefinitely" his plan to ask Texans to vote another \$100 million in veterans' land bonds.

Only 15,000 of the 971,000 eligible veterans have applied for land to date, under the eight-year-old veterans' land program. That is less than 1.6 per cent of those who are

eligible.

General Legislation

Tourist business—Texas will be able to advertise for tourists if the House okays a senate-passed measure to permit the State to advertise — and if voters approve the constitutional amendment next year.

Insurance bills—Sen. Crawford Martin's bill requiring adequate financing of fire and casualty insurance companies, by ample capital stock and surplus, passed the Senate. It also broadened the supervisory powers of the state insurance commissioners.

Lunacy trials—Backed by Governor Allan Shivers is a proposed constitutional amendment to permit the waiver of jury trials in lunacy trials. It would permit persons of unsound mind to be committed to mental hospitals on the basis of medical or psychiatric testimony and avoid the mental anguish of jury trial. House members approved the bill 124 to 23.

Labor legislation—Senate action is awaited on two labor bills which have received favorable committee reports. One would deny unemployment benefits to workers idled by a labor dispute between the same union and the same employer in a different plant. The other would prohibit picketing by a union or organization not representing a majority of the workers.

Short Snorts—Sen. William Shireman has proposed that \$1.5 million be spent for a State Department of Health building in Austin. . . Killed by the House was a bill to permit the state to build boat-launching

and parking facilities on lakes and streams.

HOW TO WHIP WORRY IS SUBJECT ON BAPTIST HOUR

Dr. Roy McCain, whose stirring messages have been helping thousands to better understanding of ways to bring greater happiness to their lives, will talk to his Baptist Hour audience Sunday on "The Sin of Worry". He will be heard over station KFLD at 2:00 p. m.

This Sunday message on the Baptist Hour recognizes the growing pestilence of worry that saps the strength and happiness of more and more people these days of hurry-up living. NEW 198-HP MONTCLAIRS PROVE THEIR NEW SUPER-TORQUE BY PICKING UP SPEED ON 28% GRADE AT TEST-TRACK IN DEARBORN, MICHIGAN

NEW 198-HP BEAUTY PICKS UP SPEED

CLIMBING 28% GRADE

More power where it counts from Mercury's new Dual-Exhaust SUPER-TORQUE V-8 engine

There's a lot of talk about horsepower these days. The numbers go up and up. But what does all this extra power do for you?

The picture above tells part of the story. There's so much power delivered at the wheels of this new 198-horsepower Mercury Montclair that you can actually pick up speed while climbing the steepest hill you can find. This is one graphic way of demonstrating Mercury's new kind of super-torque power.

More top speed is of little value to most

motorists. Cars already can go faster than most legal speed limits. Where you want extra power is in the everyday speed ranges where you do 95 per cent of your driving. And that's exactly where the 1955 Mercury gives it to you . . . for instant pickup, safer passing power, easier hill climbing.

We've said nothing here about styling—and now there isn't room. But Mercury's years-ahead design is speaking for itself right now at our showroom. Stop in today.

Car Rolls Over at Turn; Total Loss

Jimmy Carey, son of Mr. and Mrs. C. P. Carey of Sand Hill, is reported in good condition following injuries received in a car accident Saturday night.

The 1955 Ford, driven by Jimmy is a total loss. The extent of his injuries was a deep cut in the back of his head and an eye injury.

The accident happened around midnight Saturday on the Sand Hill highway curve near the Charley Perry home. Failing to make the curve, the car rolled over at least three times throwing Jimmy out and knocking him unconscious.

First to the scene of the accident was Johnny Bill Sue, who was returning to Sand Hill. He, Charley Perry and Leonard Holliday brought the victim into Peoples hospital where he received treatment. He was released today.

Some of the college students seen home over the week-end were Dorothy Holmes, Norman, Oklahoma; Myrna Wilson, Barbara Perry, Jo Day, Don Barber, Weldon Green and Virgie Booth from Tech; Karen Buchanan, WTSTC and Betty Martin, Hardin-Simmons.

Visitors with Dr. and Mrs. Andrew McCulley Sunday were Dr. and Mrs. Charles Craig and son, Steven of Amherst, Texas. The two doctors were formerly associated when Dr. McCulley was in practice at Amherst.

The Floyd County Hesperian, Floydada, Texas, Thursday, March 24, 1955

Mr. and Mrs. R. M. Spence attended funeral service for Mrs. Eva Miller in Crosbyton Sunday.

Sue Baker of Lubbock visited her parents, Mr. and Mrs. W. O. Baker Saturday and Sunday.

Mr. and Mrs. Eddie Landers and children spent the week-end in Garland visiting with relatives.

Beall's Opens New Girls', Infants' Dept. Brother of J. D. Eaves Succumbs

"We are indeed happy to announce the completion of our new Girls' and Infants' Department here at Beall's," stated Mitchell Parrish, manager of Beall's Department Store in Floydada. "Now Beall shoppers will have an opportunity of shopping in one complete department for everything for girls' and infants' wear," said Mr. Parrish. In conclusion, Parrish said that all boys' wear will be carried, and wants to take this opportunity to invite you to come in and shop for quality merchandise in all departments.

A. C. Eaves, 70, brother to J. D. Eaves of Floydada, died at his home in Slaton last Thursday after suffering a heart attack. He had been in poor health for about six months.

Funeral rites were held Sunday in the Westview Baptist church there with burial in the Lorenzo cemetery.

Eaves is survived by his wife, two sons, two daughters, the brother of Floydada and one sister.

Eaves was a grocer at Lorenzo for 17 years before moving to Slaton 20 years ago.

Mr. and Mrs. C. O. Spence and son, Adrel, were in Morton Sunday where they attended funeral rites for an infant great-nephew, Curtis Lyn Sealey, son of Mr. and Mrs. W. H. Sealey of Morton.

Bert Grimes, sophomore at Texas Tech was initiated last week into the Alpha Tau Omega fraternity. A traditional big brother-little brother breakfast was held at the Skyline dining room for the new members.

PLYMOUTH WINS
FOR 1955 STYLING
OVER "OTHER 2" LOW-PRICE CARS
BY VOTE OF ALMOST 4 TO 1

THOUSANDS PREFER PLYMOUTH'S STYLING IN NATION-WIDE SURVEY!

Well-known independent research organization asked thousands of people—in New York, Chicago, Detroit, Atlanta, Dallas, Los Angeles—to compare the appearance of 35 models of the three low-price cars. Opinions were received from men and women—from people of all ages—from owners of all the different makes of cars. The results are below.

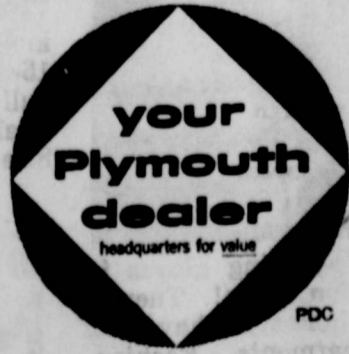

Best buy new; better trade-in, too!

HERE'S WHAT OTHERS THOUGHT OF PLYMOUTH!

Compared with low-price car "A"		Compared with low-price car "B"	
Plymouth is better looking	62%	Plymouth is better looking	66%
Car "A" is better looking	16%	Car "B" is better looking	17%
Almost 4 to 1 in Plymouth's favor!		Again, almost 4 to 1 for Plymouth!	
(22% liked "both about the same")		(17% liked "both about the same")	

HERE'S WHY YOU'LL PREFER PLYMOUTH, TOO!

Plymouth '55—with THE FORWARD LOOK—is the only low-price car to offer you honestly new styling, instead of a mere face-lifting. It's bigger than the "other 2" cars (longer than car "A" by 8.4 inches!). It's lower and sleeker, with a host of styling advances that wins the most applause in the lowest-price field. See everything Plymouth has to offer today!

Yes, the big swing is to Plymouth—See it today—drive it away!

Pork Tops April Plentiful Foods

COLLEGE STATION, March—Slumping prices for live hogs are reflected in the meat markets. Supplies of pork are large, the slaughter rate is running from 20 to 25 percent ahead of last year at this

season, and this plus lower retail prices, says Mae Belle Smith, extension consumer education specialist, puts pork in the featured spot for April.

Other meats on the April list include beef and such fish as shrimp, frozen haddock and halibut and canned tuna.

Pinto beans, canned snap beans and canned sweet corn remain in heavy supply as do fresh and processed oranges and grapefruit, raisins and small prunes.

Rice, eggs and dairy products also rate a high ranking on the April

list for supplies that are at near record levels.

Miss Smith says lard, vegetable fats and oils complete the list.
