Something New to Look For

French-fried vegetable chips and "nuggets" are new, tasty snack foods just announced by the U. S. Department of Agriculture as a result of research. Chips from sliced carrots, beets and parsnips and nuggets from whole peas and lima beans are fried in deep fat in much the same way that potato-chips are prepared. Thus, they offer potato-chip manufacturers a promising new line of products, likely to have a wide appeal to consumers.

The carrot, beet and parsnip chips have the characteristic flavor of these vegetables enhanced by the frying. The nuggets from peas and lima beans have their own special nutlike flavor.

The new products were developed by the Department's Eastern Utilization Research Branch of the Agricultural Research at Wyndmoor, Pennsylvania. Although no commercial production is yet underway, major food processors are actively interested. Consumers may look forward to these as snack treats of the future.

In addition to their use as snacks, the lima-bean and pea nuggets can be ground into soup powders that reconstitute quickly in hot water. Mixed with hickory-smoked protein (yeast) powder, already available commercially, ground pea nuggets may be made into a packaged soup mix comparable to old-fashioned ham and pea soup but which can be prepared by the housewife in a few minutes. This may prove a successful way to use large-size, very mature peas. French-fried lima beans and peas also may be pressed into bars for possible use as a convenient quick-energy food in military rations. For variety the chips may be seasoned with salt, garlic, celery, bacon-flavored powder or parsley salt. Special flavors result by frying longer than usual, for example, longer frying of lima bean nuggets gives a toasted almond flavor.

Storage tests show that these chips and nuggets keep well for 6 to 12 months or more at room temperature, if fried in oil of high stability. The carrot chips are somewhat less stable than the others because of their high carotene content.

Be sure to keep Saturday, April 23, in mind — the day of the annual meeting. We are looking forward to seeing you on that day. A good program is being planned by the annual meeting planning committee. They are spending a lot of time and work getting everything all-set for a good meeting.

Cook Book No. 2 will be offered for sale for the first time on April 23 at the annual meeting. The cook book committee has been quite busy getting the material checked and ready for the printer.

Sand Hill News

(By Mrs. James Jeffress)

SANDHILL, April 11 — The dust is still blowing. Seems like every day it gets a little worse. While in Fort Worth over the Easter week-end it rained, believe it or not. We saw a two-inch shower fall between Denton and Fort Worth so I know it still rains. Everything is so pretty and green in the west, but even with the dust storms raging it is always nice to get back home.

Mr. and Mrs. H. F. Jackson were in Amarillo over the Easter holidays visiting friends and relatives. Sunday guests in the home of grandmother Cates were Mr. and Mrs. J. D. Cates and family, Mr. and Mrs. Woodrow Cates and family, Mrs. Cordell and Shirley Herndon all of Lubbock; Mr. and Mrs. Johnnie Cates and family Dougherty; and Mr. and Mrs. L. V. Phillips and family of Dimmitt.

Congratulations go out to Mr. and Mrs. Obra Miller on the birth of a son born Sunday morning. The little man has been named Kris Myron. He has a brother Lyle. Mother and son are doing fine.

Mr. and Mrs. H. F. Jackson attended the funeral of granddad Aillard in Silvertown Saturday afternoon. He was distant kin of Mr. Jackson.

Mr. and Mrs. J. R. Turner and family returned home Monday afternoon from Blue Ridge where they spent the Easter holidays visiting Mr. Turner's sister and Mrs. Turner's father, Mr. Press. While there they visited with other relatives and friends.

Pink and Blue Shower Mrs. Otis Elliott was honored with a pink and blue shower Wednesday afternoon in the home of Mrs. Lynn Miller. Games were played and led by Mrs. H. F. Jackson with Mrs. Walter Knight and Mrs. Orion Miller winning prizes which were presented to the honoree. Mrs. Elliott won the grand prize which was all the lovely gifts.

Refreshments were served Mmes. Otis Elliott, Walter Knight, Lynn Miller, Orion Miller, Verl Miller, H. F. Jackson, James Jeffress, Arthur Knight, L. P. Reeves and Mrs. Oceneth Kinnard. Gifts were sent by a number of guests who were unable to attend.

Mrs. W. R. Billington was home

Saturday accompanied by her daughter, Mrs. Ross Vandell and family of Plainview. They returned home Sunday. Mrs. Billington will remain with her daughter this week.

Sunday visitors in the home of Mr. and Mrs. W. R. Billington were Mr. and Mrs. Bill Heuneey of Dimmitt.

Mr. and Mrs. James Jeffress returned home Monday afternoon after spending the Easter holidays in Denton and Fort Worth. While there they visited in the home of Mr. and Mrs. K. E. McConnell and family, Mr. and Mrs. J. M. Jackson and family and Mr. and Mrs. Arthur Todd and family. Sunday they all enjoyed an egg hunt and a trip through the zoo.

An Easter egg hunt was held Friday afternoon for the fourth grade and fifth grades of Sandhill. Those helping with the hunt were Mrs. Barnett, June Jeffress, Irene Miller and Gertie Hollums. Visitors at the hunt included Jimmy and Timmy Jeffress, and Ronnie Miller. Afterwards the kids all enjoyed pop at the store.

Mrs. Reeves' room also enjoyed an egg hunt Friday afternoon. They had a big time Friday morning coloring the eggs in the home of Mrs. Reeves.

Mr. and Mrs. M. B. Swanner accompanied Bro. E. O. Adams and family on a trip to New Mexico last Thursday. While there they visited with Mr. Swanner's brother and they reported a very enjoyable trip.

The condition of Mrs. Jim Holmes was reported a little worse on Tuesday but she seems to be resting.

Mrs. C. B. Carmack is home and is doing nicely. We hope she will be able to be out again real soon. Billy Carmack was home over the holidays visiting in the home of his parents, the C. B. Carmacks of Floydada. Billy is a student in McMurry college.

Our deepest sympathy goes to Mrs. Morris Raley on the loss of her mother, Mrs. C. T. Warren. May God be with this family in this hour of sorrow.

Business Meeting Held

The monthly business meeting was held last Wednesday night at the Baptist church at Sandhill. Bro. E. O. Adams opened the meeting with prayer and M. B. Swanner gave the secretary's report. There was no report from Sunday school, training union or W. M. U. It was decided that the church would order cards for these various reports and each leader was asked to have a report at the next meeting.

Motion was made and carried that Bro. Adams lead singing during our revival which will be June 5th thru the 12th. Vacation bible school was discussed and it was decided that it would be held during the revival week. Mrs. M. B. Swanner was elected superintendent

of the bible school. The church also voted that they pay some of the expense for Mr. Swanner to attend a superintendent's meeting in Midland on the 25th of April if he was able to attend. He is superintendent of the church school.

Due to the business meeting we were unable to study any of the book of Hebrews, but will continue the study Wednesday night.

Mr. and Mrs. Fred Jackson and family visited in the home of her cousin Sunday near Lubbock. Bro. E. O. Adams and family from Plainview were Sunday dinner guests in the home of Mr. and Mrs. Olin Baird and family.

The church had their Easter egg hunt at the M. B. Swanner home Sunday afternoon. There was a good time had by all. Candle light services were held Sunday night at the church. After church everyone went to the Lockney Baptist church for baptizing services. Nadine Bow from Sandhill was baptized along with those from Lubbock.

Dinner guests in the home of Mr. and Mrs. Monroe Schulz were her parents, Mr. and Mrs. E. H. Forrester of Lubbock.

Little Donna Schulz came home last Tuesday from the hospital in Lubbock. She is still in cast and will be for the next three weeks but is coming along nicely.

ON U. OF T. HONOR ROLL

Dale Goen, son of Mr. and Mrs. M. P. Goen, has been recognized at the University of Texas for earning a place on the honor roll during the past semester.

Dale was one of 251 students, out of 2,764 students in the school of Business Administration, so honored.

Bennie Ewing and Frank Summerlin of Colorado Springs, Colorado, spent the week-end with Bennie's father, sister and brother, Leslie Ewing, Lou and Roy. Sunday they were guests in the home of Mr. and Mrs. Earl Switzer of Plainview.

Mr. and Mrs. Burl Holt and family of Lockney were Sunday night visitors of Mr. and Mrs. Lacey Martin and other friends in Floydada.

Mr. and Mrs. Chas. D. Mathews of Austin, were here last week-end guests of Mr. and Mrs. Clinton E. Fyffe.

Hang The Work Not Your Clothes With An Electric Laundry. HANGING CLOTHES ON OUTDOOR LINE IS THE FASHIONED WAY. THAW AWAY THOSE CLOTHES AND CLOTHES LINE. Let Electricity Do The Job For You... It's Easy. Be Free From Washday Drudgery... Relax and Enjoy Life With the Family. Your Appliance Dealer Can Show You How Easily You Can Own a New Automatic Electric Dryer... See him soon. Lighthouse Electric Co-operative Incorporated. Copyright 1954 by the National Rural Electric Cooperative Association.

WASH and DRY Any wash - Any time AUTOMATICALLY! Hotpoint MATCHING AUTOMATIC WASHER AND DRYER. WORLD'S 1st 2 CYCLE PUSH-BUTTON WASHER. DRY automatically in a sun-pure, washed-air breeze... far better than outdoor drying! Sealed Action eliminates costly, ugly vent. Automatic heat control for all fabrics. No fumes... clean, safe.

"I just don't know how I ever got along without my ELECTRIC CLOTHES DRYER!" ... says Mrs. Orval Wallace 1206 13th STREET ABERNATHY, TEXAS. "The feature that I like best about the clothes dryer is that it eliminates tiresome trips to the clothesline forever. Why we have a croquet court in our backyard now in the place where the clothesline used to be." Mrs. Wallace has a completely all-electric laundry, with washer, dryer, ironer and electric water heater. "The 'problems' of washday are ended with an all-electric laundry. I used to run short of diapers for the baby when the weather was too bad for line drying. Now, I can wash and dry clothes for the children in less than an hour. Also, many of the garments need little or no ironing when they come out of the dryer." Make your washing, drying, ironing — water heating, too — modern, make them electric.

TRY ME FOR WATER HEATING, TOO! PUBLIC SERVICE COMPANY. I like our electric water heater," Mrs. Wallace says, "because there is always plenty of hot water. It's wonderful, too, to know that electric water heaters are completely safe. There's no chance of a low burning pilot light going out, and my table top model gives me an extra work space for folding and stacking my clothes as I take them out of the dryer."

reaches its destination if at all possible.  
Colonel Anderson would like for Floyd county to put its emphasis on pigs. He would like to get 50 pigs from this county. The pigs should be weaning age by May 15. We should have them gathered up and in Plainview by May 20.  
The county agent, Mr. Rodgers, suggests that we bring our pigs in to the county fair barn on the 19th of May and then a trailer can carry them to Plainview for vaccination and shipment to Houston.  
If you do not have a pig to give, a cash donation of \$25.00 will buy one elsewhere and also provide feed and care for same until it reaches Korea. Any pure breed will be acceptable. The pig should not weigh over 75 pounds.  
**Pool Gifts at Churches**  
It is suggested that all the other materials given might be pooled at the churches that are cooperating in this project and you will be notified of a date when they will be gathered up and sent to Plainview for shipment to Houston.  
At a meeting of the ministers of the Baptist, First Christian, City Park Church of Christ, Bible Baptist and Methodist church Monday, April 4, this project was discussed. They went on record approving it as a worthy project and worthy of commending it to their respective congregations. Each minister received literature about the project.  
So, see your minister and let him know what you expect to do. Bill Colston is chairman of the project for Floyd county. He will appreciate your cooperation in this matter. Let's get behind this project 100% and prove to the 100,000 4-H boys and girls of Korea that we really care.  
This is the greatest opportunity for the people of Floyd county to demonstrate their Christian faith and brotherhood that we have ever had. This is an opportunity to help people who have stood up and fought for Christian principles, giving their lives and their homes. The least we can do is to give them these needed projects so that they can re-establish their homes and help themselves in developing a better country and eventually be able to feed themselves.  
The project material will not be given to these 4-H clubbers. They will not become owners of the project until they have returned a like amount to the project bank (which can in turn be issued to others who will return have to return a like amount to the project bank). This insures a continuous change of project material. How about a pig?

**South Plains News**  
(By Mrs. Murray Julian)  
SOUTH PLAINS, April 11.—Easter Sunday was a beautiful day, and hopes for rain were renewed by reports of rain elsewhere in state. One hundred four were present for Easter services. Rev. Faus hopes for even a larger attendance as the spring revival starts at next Sunday's services. James Holcombe, Wayland college singer, will lead the music, and Rev. Faus will preach. Everyone come and bring someone with you through the weeks meetings, which start at 10:30 in the mornings and 7:30 each night.  
Mr. and Mrs. Grigsby Milton Donita and Barbara Sue, have had as their house guests over the weekend, his mother and sister, Mrs. Milton and Linnie from Amarillo, who arrived and were met at Plainview on Friday. This Monday Grigsby went to Amarillo to take the folks back to their home. While here Mrs. Milton and Linnie visited in the homes of Mr. and Mrs. Esley Year and Mr. and Mrs. Truman Bradshaw.  
Mr. and Mrs. Fladger Fitzgerald and son, Gary, from Clarendon spent Sunday evening and Sunday night as guests of his sister, Mr. and Mrs. Arby Mulder, Nathan and Katherine.  
Jack Reeves, from Roswell, New Mexico, arrived on Saturday evening to spend the night with his folks. Mr. and Mrs. S. T. Reeves. Easter Sunday he went to Turkey where he spent the day as guest of his aunt and uncle, Mr. and Mrs. Cole Boswell.  
Several from here attended the rodeo at Silverton on Sunday afternoon, including Winfred West, Kendis Julian, Alton Higginbotham, John Kerns, and others. John had spent the Easter holidays here with his folks, Mr. and Mrs. Ben Kerns, and went back to college in Canyon, where he is a freshman at WTSC on Monday evening.  
Mr. and Mrs. Vic Cox, from Pueblo, Colorado, and children were visitors at church Sunday with Mr. and Mrs. Loyd Deavenport and boys. They are guests in the Deavenport home.  
Church services have been changed to 7:30 on Sunday night, and during this week before revival there will be visitation in homes of the community. Remember, everyone who has eggs, to bring them to the Upton Grocery for the Buckner Orphans Home. Miller and Miller Transfer Company will carry them to Dallas free of charge. The crate for the eggs will be at the store during the coming two weeks.  
**Shower For Mrs. Marble**  
Mrs. Fred Marble, recent bride, was complimented at a miscellaneous shower given Wednesday afternoon, from three to five o'clock.  
Mrs. Ruth Ezell of Lubbock spent last week visiting with Mr. and Mrs. W. M. Dorsey.  
Mrs. Victoria Asher and son Billy returned home Sunday after visiting with her sister, Mrs. A. L. Glass in McAllen.

in the home of Mrs. L. T. Wood. Spring flowers of bright yellow decorated the entertaining rooms, and the hostesses pinned corsages of white and gold on Mrs. Marble, her mother, Mrs. W. O. Tye, and his mother, Mrs. H. L. Marble.  
The refreshment table was laid with a lace cloth over gold and centered with a miniature bride and groom. Twin candelabra held white tapers, and myriad tiny wedding bells in white and yellow, covered the cloth. At the crystal punch bowl, which was surrounded with floating yellow blossoms, Mrs. Bill Beedy poured punch, and Mrs. John Smitherman assisted her in serving small decorated cakes and mints. Dainty white napkins with "Carolyn and Fred" written in silver were used.  
Mrs. Bryan Karr was seated at the register to record the guests in the bride's book.  
Guests were shown the gifts which were displayed in a beautiful fashion.  
Hostesses for the occasion were Mrs. L. T. Wood, Raymond Upton, Grigsby Milton, John Smitherman, Bryant Higginbotham, Bill Beedy, Ernest Smitherman, Walter Wood, Bryan Karr, Ernest Huckabee, Frank McClure and Mrs. Murray Julian. A large number of guests sent gifts. Those presenting gifts were Mrs. H. L. Marble, W. O. Tye, Jesse Cox, F. L. West, John Wilson, Arby Mulder, Andrew Sanders and Eulalia, Harry Hartman and Winnie, Shelby Calahan, Zach Cummings, sr., Don Shurbet, Derral Young, Sim Reeves and Misses June Marble and Juanel Wood.  
Mr. and Mrs. Esley Year visited in the Grigsby Milton home on Monday night, and Mr. and Mrs. R. G. Dunlap, Becky and John visited with them on Friday night.  
Mr. and Mrs. Glenn Lindsley, of Silverton, visited in the home of Mr. and Mrs. J. P. Taylor and family on Sunday afternoon.  
**Royal Service Meeting Held**  
The WMU met at the church on Tuesday, April 5, for Royal Service. They have asked for anyone who has eggs to bring them to the store in the next two weeks for Buckner Orphans Home, and have asked for the church ladies to make an apron and a tea towel for the Plains Assembly camp and Wayland cafeteria.  
Three scholarship students will be present at the Lockney WMU meeting on April 19, starting at 2:00 p. m.  
Royal Service included a study of Hong Kong, or "Crowded Island." Here is one of the world's greatest trading centers, with Victoria its capital. It is the Baptist's oldest mission field in the orient, since it was entered in 1843. Every kind of medical aid is needed here, with nurses and doctors sorely needed. Here is the crossroads of world trade, and best of all is that in the Crown Colony all are free to worship God.  
Present at WMU were Mrs. Sim Reeves, Frank McClure, Grigsby Milton, Dock Jones, Shelby Calahan, Larry Faus and Mrs. Bryan Karr.

Mr. and Mrs. L. T. Wood, Glenn and Tommy McCown, left Saturday for Tucuman, New Mexico, where they spent the Easter holidays with Mrs. Wood's parents, Mr. and Mrs. S. C. Waier. They returned on Sunday afternoon so they could get Tommy ready for his return to college at Texas Tech. Glenn arrived home from Japan on Thursday, and will spend his furlough here with his family.  
Mr. and Mrs. Early Pritchett, Jimmy and Price left on Friday for Llanas, where they spent the weekend visiting their daughter, Louise and Mr. Pritchett's sister, Mr. and Mrs. L. D. Reid. They came home on Monday and were hosts Monday evening and night to a group of boys who came to help Jimmy celebrate his tenth birthday. The boys brate his tenth birthday. ### THE WHEELBARROW

The other day I was watching...  
some men working in a vacant lot...  
down the street and I got to think...  
ing about that ingenious little help...  
er, the humble wheelbarrow.

I delved into my source of knowl...  
edge to find the name of the inven...  
tor and was greatly surprised to...  
find that, according to tradition...  
it was Leonardi da Vinci. The same...  
hands which painted that master...  
piece "The Last Supper" had fash...  
ioned this valuable contribution to...  
the workaday world. And who will...  
deny that Leonardo's "Last Supper"...  
and Leonardo's wheelbarrow are...  
both masterpieces?—Adapted from...

### REDDY'S Farm Report

FROM THE AGRICULTURAL DEVELOPMENT DEPARTMENT  
SOUTHWESTERN PUBLIC SERVICE COMPANY

Experience shows that 30% of all...  
pigs farrowed on Texas farms are...  
lost before weaning. Chilling and...  
mashing by the sow are the number...  
1 and 2 enemies of hog profits. But...  
both can be reduced, if not complet...  
ely eliminated, by the use of a sim...  
ply constructed electrically heat...  
ed pig brooder.

The reflector type 250 watt infra...  
red lamp is most commonly used. If...  
even one pig is saved per year, you...  
will pay for your heat lamp sever...  
al times. But what is more import...  
ant is that these lamps give you...  
entire litter off to a faster, heal...  
thier, more profitable start.

Inexpensive to buy and operate...  
electric heat lamps are proving suc...  
cessful in eliminating losses due...  
to chilling and mashing. The simp...  
le, inexpensive, electrically he...  
ated pig brooder described in thi...  
article will provide the needed wa...  
rmth to prevent the losses that or...  
dinarly occur during the first few...  
weeks of the baby pig's life.

Here's how to build your pig bro...  
oder: Construct a stout board part...  
ition about 5 feet wide and 3 feet...  
high to fit across one of the ins...  
ide corners of the farrowing pen...  
This partition may be of metal pi...  
pe or heavy metal screening that...  
is strong enough to keep the sow...  
from tearing it apart. The parti...  
tion or gate must be fastened sec...  
urely to the walls of the pen. It...  
is recommended that it hang abo...  
ut 12 inches from the floor. Thi...  
s gives the little pigs room to g...  
et under and keeps the sow out. B...  
e sure that the heat lamp is fast...  
ened securely.

Many hog raisers place the heat...  
lamp in an old bucket for protectio...  
and support the unit with a chain...  
as illustrated.

Now hang the heat lamp unit bac...  
k of the partition, 30 inches abo...  
ve the straw litter. Use a chain o...  
r piece of baling wire—not the co...  
rd connection—to bear the weight...  
Plug in—and your brooder is "in...  
business."

Here's how to use your pig bro...  
oder: (1) Place the sow in the pen...  
a day or so before farrowing. (2)...  
Turn the lamp on several hours be...  
fore the pigs arrive and adjust th...  
e heat. Test the infra-red brood...  
er by placing your hand on the flo...  
or under the lamp. If your hand b...  
ecomes uncomfortably hot in a sh...  
ort time, raise the lamp. The pig...  
s will gain strength in a short ti...  
me and from then on will move to...  
ward or away from the heat. (3) F...  
or early spring litters the heat...  
ordinarily should be used for t...  
en days and if the weather is ver...  
y cold, two weeks. (4) Place th...  
e pigs under the brooder immediat...  
ly after birth, but allow them to...  
come out voluntarily for nursin...  
g.

An electric heat lamp pig bro...  
oder operates for only 75c to \$1...  
05 per power, depending on the se...  
verity of the weather, per litter...  
of pigs. Who would not spend 75c...  
to make a possible \$10.00 profit?

The little pigs soon learn to lay...  
down in the spot where the heat...  
is just right. The heat lamps ke...  
ep the floor dry and the pigs wa...  
rm. Mike and Mack Shurbet raise...  
d these fine Chester Whites unde...  
r the heat lamps. Mack showed t...  
he Grand Champion barrow at t...  
he 1954 National Western Livestoc...  
k Show at Denver.

Heat lamps with their life givin...  
g heat are the guardians of the...  
little pigs that make good. The...  
se Berkshires belong to Tommy H...

Floydada will entertain two Southern Baptist greats in the period from April 18 to 24, when Dr. H. K. Graves, of Berkeley, California, and Dr. W. O. Beazley, of Abilene, will be here conducting a revival at the First Baptist church. Dr. Graves is president of the Golden Gate Baptist Theological Seminary at Berkeley, and Dr. Beazley is vice-president of Hardin-Simmons University.

the First Baptist church, and Mrs. Lou V. Smith who is state community missions chairman for the Baptist General Convention of Texas. These lay members of the church will speak on "Personal Witnessing is Every Christian's Job."

In the evening service the church will observe the Lord's Supper and the pastor will speak on "The Second Coming of Jesus" closing a series which began on Easter morning of "The Resurrection" and "The Ascension."

### News of Harmony

(By Mrs. Mather Carr)

HARMONY, April 11—M. D. Ramsey was taken to Methodist hospital Monday for X-rays and examinations. He was found to have a fracture of the right arm which they did early Saturday morning. Sunday Mr. Ramsey was doing as well as could be expected.

The W.S.C.S. met Tuesday in the church at 2 p. m. in regular business and program monthly meeting with Mrs. Marvin Smith as leader. Several of the ladies were on the program with Mrs. Smith, Mrs. Sherwood Ramsey, Mrs. Zant Scott and Mrs. E. W. Turner giving a skit. The prayer groups met before the program with three groups and three in each group. Mrs. Sherwood Ramsey attended the executive meeting of the W.S.C.S.

Mrs. Alvin Roper of Dumont who had major surgery last week at Methodist hospital came out to her home Friday for a few days stay before going back to the hospital for a check-up. Mrs. Roper is reported doing fine.

Mrs. Horace Bradford and sons Johnnie and Mike from Manteca, California, Mrs. John Carr and Miss Mary Hendricks of Floydada, were guests in the Mather Carr home Friday afternoon. Mrs. Bradford is the former Bessie Hendricks. Also Horace Bradford and family and Mary Hendricks were guests in the Mather and Wesley Carr home Saturday evening and night. The Bradfords have been guests of Mrs. John Carr. Mr. Bradford went to Dallas to see a doctor there.

Guests in the E. W. Turner home for dinner Sunday were Mr. and Mrs. Fred Byerly of Muleshoe, Miss Christene Byerly of Lubbock, Mr. and Mrs. Davis of Springlake, Mrs. Amanda Patterson and children of Floydada and Franklin Sprewell of Lockney.

Callers in the E. W. Turner home on Sunday afternoon were Purvis Miller of Clovis, New Mexico, Gove King of Plainview, Mr. and Mrs. L. G. Pierce and children of Lubbock, Mr. and Mrs. Herman Krause, Mr. and Mrs. R. B. Gary and Mr. and Mrs. Loyce Turner and son, all of this community.

Rev. Krebs preached both morning and night at the church. The Krebs had dinner in the Zant Scott home and supper in the Chloma Williams home. After the services Sunday night a called quarterly conference was held for the purpose of voting on the moving of the church north west on the pavement. The motion carried to move the church.

Guests attending the services at the chapel Sunday were Mr. Johnson and son Tommy of Kenney, Mr. and Mrs. Fred Byerly of Muleshoe, Mrs. Sybil Davis of Springlake, Miss Christine Byerly of Lubbock, Wright Scott, who is a student at college in Kerrville, Mrs. Reuben Rutherford of Plainview and Miss Ruby Morris of Canyon.

There was an Easter egg hunt at church Sunday afternoon at 3 p. m.

## IEWS AND COMMENT

Every community has its collective troubles which generally grow out of individual need. Out at South Plains such a problem of individuals has grown into a community problem because of their inability to get adequate telephone service into their homes. The people from the Denver railroad north are caught in a peculiar situation from which they have been unable to extricate themselves. Surrounded on three sides by organizations that deal in telephone service, they are unable to get any of them to move in. The most logical of these organizations is Southwestern Bell Telephone Company, which could move in quite logically. But efforts to get them interested, even petitions from prospective customers, have gotten no results in five years of effort. Floydada people, too, who thought they could be helpful, have had no favorable response from Dallas or St. Louis.

Our guess is the trouble at South Plains is that Southwestern fears what the Federal Communications might say to them when they moved across north of the Denver tracks at South Plains. Southwestern is bigger than its competitors and could be charged with "moving in on the territory" of a lesser organization. But the prospective customers on the north side of the Denver railroad say that the competitive organizations are unwilling to move in except on unfavorable terms. The result has been a very considerable inconvenience to a good many residents of South Plains and the adjacent area. Southwestern owes it to the people to dig the file on South Plains out of the pigeon hole and do something about it.

If Houston were a city located on the Trinity River watershed we would more readily understand that that community has some vested rights in the waters which have been wasting these many years down that stream and into the gulf. The city of Houston and the railways operating in Texas are strongly against the establishment of a Trinity river authority such as many streams in the state now have. We are not sufficiently informed to add an opinion on the question of whether the legislature should authorize such a watershed, except it should be pointed out that most other rivers in the state have "authorities" which are legally permitted to improve the rivers so as to save their waste waters and put them to beneficial use. Accordingly there should be compelling reasons presented

before the people living on the watershed should be refused the right to go ahead with their plans.

What water rights are there now on the Brazos river, we wonder, that would come ahead of the rights of people living on the upper reaches of that stream to build dams and restrain the flood waters on it and make beneficial use of these waters? Since Houston, not even on the Trinity has entered into that watershed controversy, what rights has that city established that might intervene should more dams be proposed on the Brazos? The Brazos River Authority is one of long-standing. Doubtless priorities and rights have been set a number of years, matters of which Floyd county people and other west Texans may be unaware. We admit we are ignorant of what rights may have been pre-empted down-stream that could prevent up-stream improvement. But the intervention of Houston in the instance of the Trinity River matter would indicate that authorities there are fully aware and have pre-empted whatever they may legally take.

Everybody experiences the occasional necessity of an unpleasant task, which must be done with a deadline in mind. Sometimes we think that if the days of grace were shortened for this kind of a situation it might be as well. Since you have to do it, you have to do it. The sooner circumstances force you to buckle down to the job, the better off you are. Procrastination is the thief of time, according to the old adage. You worry and put off facing the facts. We have in mind tomorrow's deadline for an income tax report, 30 days later than in former years. And there are still people looking, no longer at the calendar but at the clock, wondering if they'll make it before the post office changes the stamp from the fifteenth to the sixteenth. They could have been carefree many weeks ago had they heeded Ben Franklin. Or was it Emerson or Lord Bacon?

Efficiency in the laying house increases with size of flock. Poultry authorities say there is a definite need in Texas for increasing flock numbers to more economical units — to at least 1,000 layers.

Giving Spring a lift. If every farm family would conduct a cleanup campaign this Spring at home—inside and out—it would help eliminate fire and accident hazards and make home a safer, happier place to live.

## Yellow Clover Aphid Causing Alfalfa Damage

COLLEGE STATION, April—A small whitish-yellow insect which slipped almost unnoticed into West Texas last year is causing serious damage to plantings of alfalfa in that area.

The insect, the yellow clover aphid, also is spreading rapidly to alfalfa and clover growing areas in other parts of the state, entomologists of the Texas Agricultural Extension Service report. North Central Texas alfalfa is heavily infested. Hamilton, Denton, McLennan, Falls, Brazos and Burleson counties report damage.

This pest seriously damaged alfalfa for the first time last year in four western states—New Mexico, Arizona, Nevada and California. Prior to 1954, it caused little economic damage.

Research into this new problem is underway in all infested states, but large-scale control measures have not yet been recommended.

Effective controls of the aphids were gained in recent tests by the Texas Agricultural Experiment Station using one pint of a two pound parathion emulsion concentrate per acre or three-quarters to one pound

of a five pound malathion emulsion concentrate to an acre. These are the same insecticides used for controlling other aphids. Studies with chlorinated hydrocarbons also are going on. So far, repeated applications of these insecticides are necessary to prevent reinfestation.

Alfalfa from infested fields is inferior in quality. The insects defoliate the lower plant parts and deposit honeydew in which sooty mold often thrives. Where much honeydew is present, it is impossible to dehydrate the crop and difficult to cut and bale. Crows blackened by the aphids show up after cutting.

Mr. and Mrs. Clarence Guffee and daughter Sonja Kay and Mr. and Mrs. Olin Watson, Jr. were visitors of friends and relatives in Paradise, Texas, over the Easter holidays.

Mr. and Mrs. Bill Walker visited in Vernon Saturday with Mr. Walker's mother, Mrs. W. A. Walker.

THE QUICK... EASY... ECONOMICAL WAY IS TO CALL 602.

### THE NEW

## "MOTORIST'S PERSONAL PROTECTION PLAN"

1. This plan protects an important part of your earning power during the time you are totally disabled, even for life, by bodily injury sustained in an automobile accident. This means continuous total disability commencing within 20 days after the accident. This feature is available to you if you earn a regular income, and also to your wife if she earns a regular income away from home. It provides payment at the rate of not less than \$25 nor more than \$50 a week. This benefit alone can be worth thousands or tens of thousands of dollars to you!
2. It also provides a lump sum payment of \$5,000 or \$10,000 (depending on which you purchase) in the event of your death from bodily injury in an automobile accident, provided death occurs within 90 days after the accident. Your wife (or husband) can have this protection, too.
3. The following combinations of benefits are available:
  - (a) \$25 a week Disability Benefit with \$5,000 Death Benefit
  - (b) \$50 a week Disability Benefit with \$10,000 Death Benefit
  - (c) \$5,000 or \$10,000 Death Benefit alone.
 Disability Benefits in units of \$5, between \$25 and \$50 weekly, are also available.
4. This plan covers you while in or upon, entering or alighting from your own car, another person's car, a bus, taxi or truck, or when hit by a car while a pedestrian.
5. This insurance does not apply to bodily injury or death sustained in the course of occupation by any person while engaged in
  - (a) duties incident to the operation, loading or unloading of, or as an assistant on, a public or livery conveyance or commercial automobile, or
  - (b) duties incident to the repair or servicing of automobiles.
 Nor does the insurance apply to bodily injury or death sustained while in or upon, entering or alighting from a home, office, store, display or passenger trailer, nor to loss resulting from disease, suicide or war.
6. The benefits apply regardless of who is to blame for the accident and irrespective of whether the other driver is insured!
7. Covers you anywhere within the United States or Canada.
8. And it's surprisingly low in cost! For example:
  - \$25 a week Disability Benefit with \$5,000 Death Benefit costs \$5 a year
  - \$50 a week Disability Benefit with \$10,000 Death Benefit costs \$10 a year
  - \$5,000 Death Benefit alone costs \$2 a year
  - \$10,000 Death Benefit alone costs \$4 a year

# Whits And Whits From State Capitol

House Speaker Jim Lindsey took a strong stand for the compromise plan. Governor Shivers complimented him for the progress made over the long week-end.

Waiting for nearly \$60,000,000 in new money, before it can reach the governor, is the \$1,500,000 biennial appropriation now in conference committee.

Governor Shivers regretfully left the scene of action. He went with Mrs. Shivers to Chicago where she will receive treatment for an ear ailment. She had a mastoid operation last year.

Before leaving Texas, the governor stated that he felt the current 120-day session, due to end May 10 might run two weeks beyond the month mark. Legislators, now drawing \$25 per day, draw no pay after 120 days, unless a new session is called. Shivers has expressed his dislike for special sessions.

**Charges Pile Up**

Charges continued to mount against Bascom Giles, former commissioner of the general land office.

Latest were four felony theft charges placed against Giles by District Attorney Les Procter of Travis county. It brought the total charges to date to \$1,065,688.

Also charged on four felony theft counts was J. Paul Little, Crystal City Attorney.

Giles and Little were each accused separately of theft from the state in four veterans land transactions last year in Zavala County. The total amount involved was \$377,344.

Byrd Cattle Company refunded \$25,068 to the state on one land deal.

Meanwhile, a Travis county grand jury continued its investigation of veterans land deals.

Giles' trial in the first of the felony indictments against him, to be heard in San Antonio district court, was postponed until May 23. His attorney told the court that Giles was too busy with new charges and new civil suits to go to trial.

**Giles Is Defended**

Stanley L. Fry, a Reeves county landowner, testified before the Senate investigating committee that Giles was a "hard trader for the state."

"Giles," said Fry, "argued and sweated over land prices and traded just as hard as if it was his own personal money."

Sen. Jimmy Phillips, chairman of the committee, asked Fry: "Did you pay Giles anything, or any employee of the board?"

"Not a dime," was the witness' answer.

**Land Program's Future**

Despite a "no" vote by Attorney General John Ben Shepperd, the veterans land program may be extended to veterans of World War I and Korea.

Other members of the land board — Governor Shivers and Land Commissioner J. Earl Rudder — voted to urge the legislature to offer the people a constitutional amendment on the question.

Shepperd said that while he favored the philosophy of veterans land benefits, he would withhold his approval of any new program until the legislature enacts "clear and strict regulations" as to its administration.

Meanwhile, veterans organizations were to decide whether to ask the program's continuation. A hearing is set for April 18 on Sen. George Moffett's bill designed to add another \$100,000,000 to the veterans land program, via a constitutional amendment.

# Floyd County 14 Years Ago

(Taken from the files of the Floyd County Hesperian, issue dated April 17, 1941.)

A. H. Kreis, G. L. Snodgrass and R. M. Batey were re-elected to serve another year as officers at the annual Floyd County Rural Electric Co-operative meeting held in the district court room Tuesday.

Mal Jarboe was elected president of Floydada Independent school board in a meeting held last week. O. P. Rutledge will serve as vice-president and W. G. Collins secretary.

Mr. and Mrs. J. F. Biggs are announcing the engagement and approaching marriage of their daughter, Ella, to Glenn White of Los Angeles, California. The wedding will take place in Los Angeles on May 2.

Mrs. Ersel Matthews, the former Mary Emma Collins, was honored at a dinner and kitchen shower Friday evening at the home of Mrs. W. D. Newell.

Mrs. A. T. Hull entertained with a party Tuesday afternoon honoring her daughter Linda who was three years old. Twenty-three guests were present to celebrate Linda's birthday.

M. L. Probasco, J. J. Thomas and G. C. Collins were re-elected members of the board of directors of Consumers Fuel Association in a meeting held last week.

Miss Edna Patterson, daughter of Mr. and Mrs. J. A. Patterson and Gene Gilly, son of Mr. and Mrs. J. V. Gilly of Cedar Hill were married at 7 o'clock Saturday evening at the Assembly of God church. Rev. Henry Lyons officiated with the single ring ceremony.

# New Sesame Is Non-Shattering

COLLEGE STATION, April—Rio, a new non-shattering variety of sesame described as "completely adapted to mechanical harvesting" soon will be available to farmers.

Released jointly by the Texas Agricultural Experiment Station and the U. S. Department of Agriculture, Rio is now in the hands of certified growers and seed in quantity should be available for planting this fall.

Rio is better adapted to Texas growing conditions than other strains of non-shattering sesame and is expected to serve only until still better varieties are developed in an extensive sesame breeding program, says experiment station research scientists.

Rio can be cut with a windrower, allowed to dry and then combined directly from the windrow.

Seed yields in experimental plantings at College Station have ranged up to 1,489 an acre under favorable conditions and lower yields under poor conditions than the shattering types. It also matures later than the shattering varieties now grown in Texas.

# Want to feel like a pilot feels?

Today's the day to "Join The Test Pilot Club" and see what a thrill you get when you try Variable Pitch Dynaflo\*

We're not kidding. When you try a '55 Buick with Variable Pitch Dynaflo, you'll feel like a pilot does when he heads his plane down a runway for take-off.

For you, in the driver's seat, are doing what that pilot does—you're changing the pitch of your propellers—one way for instant response on getaway—another way for better gas mileage in cruising.

Your propellers are whirling in oil, deep inside the Dynaflo unit. When you press the pedal in the normal way, you hold those propellers in their economy angle—and you enjoy plenty more miles from your gasoline.

But when you want instant acceleration—for quick getaway, or for a sudden safety-surge of emergency power—you just press the pedal way down, and—with absolute smoothness—you get the action you want, and split-second quick.

It's the thrill that's the talk of the industry—performance unlike anything you have ever known before on the ground.

And so many folks have been asking to try it that we Buick dealers across America have set up April as "Test Pilot Club" Month. All it takes to join the "Club" is a test drive at the wheel of a new Buick. That's all.

So we cordially invite you to win your "wings"—to try the spectacular performance of Variable Pitch Dynaflo—and to feel the mighty V8 power that puts the whip to these gorgeous new Buick beauties. Drop in this week.

\*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Local Delivered Price of the 1955 Buick SPECIAL Sedan, Model 48 (Illustrated) is less than some models of the best-known smaller cars!

## Penney Stores Observe 53rd Anniversary

J. C. Penney store in Floydada is joining 1634 other Penney stores over the nation this week in observing the 53rd anniversary of the organization. The local store is offering special values in almost every department as a highlight of this annual event according to J. W. Reue, local manager. The sale got underway this morning at 9 a. m.

The Penney chain started in 1902 at Kenner, Wyoming. The Floydada store was established in 1929 and occupied a 25-foot front at that time. In 1938 the establishment was enlarged to a 50-foot front, and last year underwent extensive remodeling and added a large mezzanine to bring their merchandising floor space to 5,000 square feet.

The store now carries a complete line of dry goods for family and household needs. Latest addition being in the cut and order drapery department where 25 full length displays offer 150 color combinations.

J. W. Reue came to Floydada as store manager over 10 years ago. He is a second manager to serve the store here.

## LIBRARY NEWS

(Mrs. Lee C. Golightly)

The "Use your Library" contest, sponsored by the Andrews Ward P-TA is growing in interest. At the present Ronnie Day is leading for the first group, grades 1, 2, 3. In the second group, grades 4, 5, 6, there is a tie between Harriette Hollums and Joyce Lanell Noland. The third group, grades 7 and up are showing more real work with Larry Coltharp only one point ahead of Homer Whitfield of North ward. This is only the count from Floydada.

Next week we will have a report from Lockney. Better get busy, students, and invite all your friends and kin to come in the library and vote for you. The contest closes April 29.

The following contributed magazines to the library last week: Mrs. A. E. Duncan, Mrs. L. H. Newell, Mrs. J. H. Barnard and Mrs. E. W. Whorton, Lockney.

New books ready for circulation this week will be displayed on a table in the reading room. Would you like to be the first to check out a new book? If so, you may pick from the following:

"Gene Rhoades, Cowboy" by B. F. Day; "Summits of Adventure" by John S. Douglas; "Katherine" by Anya Seton; "Hammonds' Guide to Nature Hobbies"; "Some Merry Adventures of Robin Hood" by Howard Pyle; "All American" by John R. Tunis; "The Kid Who Beat the Dodgers" by Earl S. Miers; "Fighting Coach" by Joe Archibald; "End Zone" by Jackson S. Scholz; and "A Cottage for Betsy" by Ruth Sawyer.

Mrs. J. D. McBrien had charge of Story Hour Saturday morning, with Mrs. Gordon L. Downing telling the Easter Story. Following the story, the children enjoyed an egg hunt.

### FAMILY OF J. T. CARTER ENJOY EASTER DINNER

Children and grandchildren of J. T. Carter enjoyed an Easter dinner and get-together Sunday at the Charles Hartsell home in McCoy community.

Present for the occasion were Mr. and Mrs. C. H. Hanks and son Gary of Electra, Mrs. D. M. Porsythe and daughter Sandra of Marshall, Mr. and Mrs. A. J. Earp and daughters Joyce and Doris, of Lubbock, Mr. and Mrs. M. J. Earp and son Danny of Childress, Mr. and Mrs. Rufus Kelly of Plainview, Mr. and Mrs. Kenneth Rimmer and family of Floydada, Dr. Charley Walls of Lubbock, friend of the family and the guest of honor, Mr. J. ### JOHNSTON NEW MANAGER OF DAY & NIGHT TEXACO

Floyd Johnston recently purchased the equipment and stock of Ed Owens at Texaco Day & Night service station, popular Highway 70 service spot, and has been checked in as retail dealer for Texaco there. Owens has accepted employment with Foote Butane.

Miss Bette Arnold of San Angelo spent the Easter holidays with her grandmother, Mrs. E. A. Hopkins and aunt Mrs. Jack Henry and family.

Mr. and Mrs. W. D. Newell and son Louis and Mrs. L. H. Newell were dinner guests Sunday of Mr. and Mrs. S. D. Scott of Petersburg.

Dennis Wilkes of Eastern New Mexico University, Portales, New Mexico, was an Easter holiday visitor in the home of his parents, Mr. and Mrs. W. J. Wilkes and sister, Mary.

## SANDY SEZ ----

Hi ya, sorry I missed you last week but you know how it is during six weeks tests. One more six weeks and school will be out.

The annuals came in last week. They are bigger and better this year than they have ever been. The pictures drawn by Larry Glassmoyer were pertaining to the circus. Everybody is rushing around signing annuals like crazy. We really had a swell annual staff this year and they deserve a lot of thanks.

Well, Twirp Week ended with a bang. There was a huge twirp party ending the celebrated week. Some couples seen were Margie Houston and Stanley Vickers, Vanda Carter and Carroll Guthrie, Sonja Wilson and Max Crawford, Cheryl Crawford and Johnny West, Sherrel Darden and Kent Covington, Nita Lightfoot and Cloyd Stephens, Weevil Allen and Jackie Jarrett, and Beuna Holmes and Glad Norman.

Ann Jones is in Peoples hospital. She had an appendectomy. Everyone be sure to drop by and see Ann. We miss you at school, hurry and get well.

Gordon Joiner, Waldo Baxter and Charlie Viney travelled to Lake Kickapoo over the holidays. You ought to hear their wild tales of the trip.

The Six Sophs also went to Lawton, Oklahoma, to see the Easter Pageant. It rained all night but it was worth the trip. The Pageant was beautiful.

The F.H.S. band wrapped up their selling of calendars, April 12. The band will soon be going to contest. All the soloists are really working hard. Each member of the band had to play the contest pieces for Mr. Jones. We had to score at least an eighty.

There will be a volleyball tournament this week-end.

Elton and Margie Turner had a huge party last week-end in their newly built barn. I hear it was something.

Nita Jo Lightfoot gave a farewell supper for Cloyd Stephens. Some who attended were Sonja Wilson and Jackie Jarrett and Gail Baxter and Laron Fulton.

Larry Glassmoyer and Leon Anderson have left Floydada for the army. Both are already missed around the P.H.S. drag. Also Cloyd Stephens and Bill Day have returned to the navy.

Some new steady couples are Pat Helms and Johnny West, Beuna Holmes and Glad Norman. Good luck, for all of you deserve it.

Exes seen home over the holidays were Aubrey Guthrie, Myrna Wilson, Franklin Stovall, Sue Baker and Ann Deakins.

Daters seen around have been Fontaine Fowler and Robert Stovall, Vanda Carter and Don Barber, Roy Neil Hammonds and Carroll Guthrie, Margie Houston and Stanley Vickers, Kay Calloway and Keith Armstrong, Nandean Bow and Ken Swanner, Sonja Wilson and Jackie Jarrett, D'Lene Witkowski and Waldo Baxter.

Well, tune in next week same time, same column.

A droopy-eyed sophomore, Sandy.

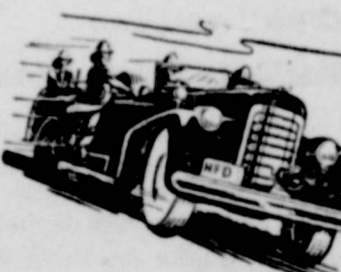

### LARGE FAMILY SURVIVES PASSING OF E. J. FANCHER

The children of Ervin Joseph Fancher, 82, whose funeral rites were held on March 31 at Alford, are:

Three sons, Earl Fancher, Odessa, Lester Fancher, Floydada, and Orin Fancher, Dallas; four daughters, Mrs. Ella Bailey, Floydada, Mrs. Zula Utman, Nocona, Mrs. Vera Buck, Dublin, and Mrs. Vida Monroe, Bowie.

The funeral rites, held at Alford, were attended by all members of the family, including children and great grandchildren.

Mr. Fancher was a native of Hillsboro. He had lived here for six years. Mrs. Fancher preceded him in death in 1945.

**N. B. Nichols Is Married Friday To Wichita Falls Miss**

WICHITA FALLS—In a twilight setting, Miss Neida Cargill became the bride of N. B. Nichols Friday evening in the Church of Christ at Tenth and Broad. The bride is the daughter of Mr. and Mrs. Clifford C. Cargill of this city. Parents of the groom are Mr. and Mrs. B. Nichols, also residents of Wichita Falls.

The former Miss Cargill is a graduate of Wichita Falls high school where she was a member of Girls' club and the band. She attended Draughon's Business college and is employed by Continental Oil company. She is a member of Desk and Derrick club.

A graduate of WPHS and Midwestern University, the groom is a biology instructor at Bandera high school, Bandera. At MU he was a member of the band for four years, Kappa Kappa Psi and as a science major, belonged to Beta Beta Beta. He graduated in 1954 with a BS degree and teaching certificate in biology.

The bride was escorted to the altar by her father. She was attired in a street-length dress of coffee-colored lace over taffeta. The dress was of princess style. With this she wore an original hat made by her grandmother, and carried a white orchid bouquet.

Miss Linda Cargill acted as maid of honor for her sister. She wore a dress of dusty pink in princess style. Her hat was white and she wore a corsage of white carnations.

Candlelighters were Vicki Calhoun and Mary Todd of Arkansas City, Kansas.

Brother of the groom, J. L. Nichols of Shreveport, Louisiana, served as best man. Chester Todd of Arkansas City, Kansas, brother-in-law of the groom and Alvis Ashley of Austin were ushers.

The home of the bride's parents was the scene of a reception following the ceremony. The bride's colors of blue and white were used in decorating the table which was centered with carnations.

At the punch bowl was Mrs. Chester U. Todd of Arkansas City, sister of the groom and Mrs. J. L. Nichols of Shreveport, sister-in-law of the groom, served the cake. Miss Virginia Millsbaugh registered the guests.

For the trip to Fort Worth and southern Texas Mrs. Nichols chose a black linen duster lined with grey silk print to go over her wedding dress. The couple will make their home in Wichita Falls after May.

One of the cutest birth announcements we've seen in a long time arrived the other day. It came from a family of Alexanders. A small brass trombone was attached to the card by ribbon. The card announced the 'first appearance' of young So-and-So with "Alexander's Ragtime Band."

Birth announcements often reflect the originality of one or the other parent. We've seen small newspapers, playbills, tiny folded diapers, 'heavyweight' posters, brief cases — with the news inside. Invariably, these ideas grow out of the hobby or business interests of the parents — usually the papa. Any resemblance they may have to the personality or ambitions of the youngster who has just joined the human race is, of course, purely coincidental.

We would like to be the last to deny the right of parents — especially the male parents — to crow over a new son or daughter. But we've often thought how embar-

raising it would be to a boy of eighteen, say, who aspires to becoming a diplomat or a minister to discover his arrival had been heralded by a miniature hurdy-gurdy. Or for an aspiring toe dancer to find her parents informed their friends of her coming by shooting the words from a cannon.

Birth announcements are all the more delightful if they are got up with cleverness and originality. But for our money, their passing should be rapid. No ghosts of yesteryear should be kept around to haunt the new member of society after he ceases to be a small red-faced mass of yowling humanity, and becomes a person — with hopes and fancies of his own.

It's just one of those things a wise mama will make it a point not to keep for her child's memory book.

Visitors of Mr. and Mrs. Harry Morckel and Mr. and Mrs. J. W. Buchanan during the holidays were Mr. and Mrs. Paul Buchanan of Springfield, Missouri, Mr. and Mrs. Joe Williams and daughters of Everett, Missouri, Mr. and Mrs. Dan Hagood, Miss Karen Buchanan of Canyon and Vance Adams of Roswell, New Mexico.

Mrs. Woodrow Wilson and daughter Sonja Beth, Mrs. Bob Collier and daughters Sandra and Suzanne, Sherre Darden, Vanda Carter, Cheryl Crawford and D'Lene Witkowski attended the Easter pageant at Lawton, Oklahoma, Sunday morning. The group also visited Mr. and Mrs. Guy Wilson in Lawton. They reported it rained on them the whole time they were there.

Mrs. C. M. Norris, jr., and children of Carlsbad, New Mexico, visited with relatives in Floydada this past week.

**INTRODUCE NEW SHORTENING**

An entirely new, golden colored, all-purpose shortening, golden Fluffo, is being introduced this week by Procter & Gamble throughout Texas and Oklahoma, and in parts of Arkansas, Louisiana and New Mexico.

Golden Fluffo, the company reports, is a completely new blend of shortening ingredients that is the result of 16 years of research. The ingredients are combined in a special way to make a product which, according to the company, gives homemakers more golden-brown and appetizing baked and fried foods.

Mr. and Mrs. S. D. Medley and Danny, Mr. and Mrs. V. D. Turner and family and Mr. and Mrs. Bud Turner and son spent the Easter holidays in Oklahoma City, Oklahoma, and Agra, Oklahoma, visiting relatives. Accompanying the Turners were Charlotte Johnston and Darlas Barnett.

### Record Freezes Set Crops Back

Dry weather, record freezes and blowing winds in the past few weeks have done their bit in adding to the burdens of Texas farmers this year. Many crops not actually destroyed were severely set back, meaning millions of dollars lost in time, labor, seed and crop value.

The peach crop will be almost a complete failure in Texas as well as nine other early southern states. The freezes which took the peaches also caused extensive damage to early season vegetables in the state.

Most late spring potatoes in Central and Northeast Texas were frozen to the ground and harvest will be delayed two to three weeks. Early acreage watermelons of the Lower Valley and Palfurrias areas were not damaged by the cold but have suffered some damage from high winds. Considerable acreage in South and Central Texas was lost but not late enough to prevent replanting.

Also in South Texas, low temperatures delayed maturity of early-spring tomatoes and high winds whipped vines and scarred the fruit. The real tomato loss was in Eastern and Northeast Texas. Most tomatoes at Yoakum and nearby

sections were killed. In the Jacksonville area, limited acreage which had been set was killed and considerable damage was suffered by plants in cold frames. Replanting will depend on the availability of plants.

A few cantaloups were lost in the Winter Garden area but no damage to this crop occurred in other South Texas producing sections. Strong winds have whipped vines in these areas, however. The freezes caused heavy loss of cantaloupe acreage in Central Texas but replanting was still possible.

Most onions in the southern area survived the killer northers and no serious delay in maturity is expected in the advanced irrigated fields. However, yield prospects on non-irrigated onions at Raymondville and along the Coastal Bend were reduced.

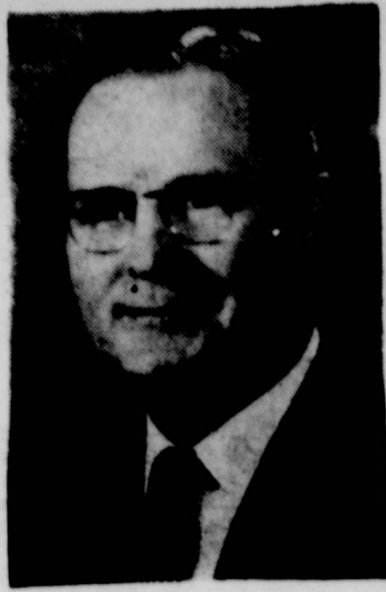

One of the most significant major crop losses was in cotton in areas from Corpus Christi along the Coastal Bend and as far north as San Antonio. Wherever young cotton was up in the field, it was killed. Seed loss alone will probably amount to more than \$2 million.

**CARD OF THANKS**  
I want to express my appreciation to those who visited me, sent cards, beautiful flowers and gifts during my stay in the hospital.

#### CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 5.028 miles of Gr., Strs., Base & Surf. from FM 788 at Providence, east to FM 598 on Highway No. FM 788, covered by S 2019 (1), in Floyd County, will be received at the Highway Department, Austin, until 9:00 A. M., April 20, 1955, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates. Plans and specifications available at the office of James F. Potts, Resident Engineer, Floydada, Texas, and Texas Highway Department, Austin. Usual rights reserved. 11 2c.

### Second Strata Under Redbeds

HEREFORD—Definite discovery and unquestionable proof of a second strata of irrigation water below the red beds appeared this week as a result of the deep test well in the northeast part of Deaf Smith county.

The discovery is important to the people who reside in the area. Furthermore, it is important to all people who reside in the present shallow water irrigation area.

Recent drought years have tapped heavily upon the underground resources of the area. Many people, local and in distant points, have become alarmed over the possibility of draining off the irrigation reservoir. Discovery of the new strata, therefore, stands as a substantial reserve for the future.

If the deep strata is never used it provides a point of consolation to know that 25 or 50 years from now we will have an available strata of water, still at a lower depth than that being pumped from numerous wells in other areas over the nation.

#### ARMY EXERCISE WILL TEST 2ND INFANTRY EFFICIENCY

FORT LEWIS, Washington—Cpl. Floyd E. Fuqua, 21, son of Mr. and Mrs. Floyd F. Fuqua, Floydada, Texas, is among 26,000 soldiers slated to participate in Exercise Apple Jack during May at the Yakima firing center near Fort Lewis, Washington.

Apple Jack will test the efficiency of infantry and support units in mountainous and desert terrain. The simulated use of atomic weapons will be one of the conditions of the exercise.

Corporal Fuqua is an ambulance driver in the ambulance company of the 2d Infantry division's medical battalion. He entered the army in June 1953. Fuqua is a 1951 graduate of Floydada high school.

### Rotary Officials At Lockney Named

LOCKNEY—Bob Miller was named president of the Lockney Rotary club for the fiscal year starting July 1, 1955, in voting at the club last Friday noon. He succeeds Arthur Barker, Jr.

Miller has served the club as vice-president for the past year. Hershel Swepton was named vice-president, and Bill Birdwell was elected secretary-treasurer. New directors named were Leslie Ferguson, Earl Minter and B. A. Simmons. Retiring President Barker will also be a member of the board.

### Roping Entry List Limited to Twenty

CROSBYTON—Entries from three more top ropers and telephone calls from two others indicating they were sending in their entry fees, gave the world champion roping contest here Sunday, April 24, added emphasis as being the best for this area of the current season.

The three entries brought the total number to 18 and rodeo officials say that two more will be accepted to increase the list to 20.

Ann Jones, daughter of Mr. and Mrs. Clarence Jones, is said to be recovering nicely after having surgery Thursday night at Peoples hospital.

Lt. and Mrs. Weims L. Norman and their son, Bill Mac, are now in Anchorage, Alaska, where they have taken up residence while the lieutenant is stationed in the far north with an infantry organization. They flew by plane from Seattle last week.

Mr. and Mrs. Zeb Lee, jr., of Lawton, Oklahoma, are parents of a son born April 4. The baby weighed six pounds, 12 1/2 ounces and was named Phillip Wayne. Mrs. Lee is

### SOUTHWESTERN BELL INSTALLS

## TWO MILLIONTH TELEPHONE in TEXAS

The two millionth Southwestern Bell telephone in Texas — installed in the office of the Governor in Austin, April, 1955.

### TEXAS TELEPHONE MILESTONES

- 1878 — First telephones connect Col. A. H. Belo's office in the Galveston News with his home.
- 1879 — First telephone exchange in Texas opened in Galveston.
- 1883 — First long distance telephone line connects Galveston and Houston.
- 1899 — First lift-the-receiver switchboard installed in Dallas.
- 1927 — Telephone calls to Europe possible for Texans.
- 1929 — Ship-to-shore telephone service started.
- 1938 — Southwestern Bell's 500,000th telephone installed.
- 1944 — First telephones in moving vehicles.
- 1947 — Southwestern Bell installs one millionth telephone in Houston home of Mr. and Mrs. Gunter W. Koetter.
- 1952 — Operator long distance dialing introduced.
- 1955 — Customer long distance dialing possible from Houston to 13 Valley cities.
- 1955 — Two millionth Southwestern Bell telephone installed.

Southwestern Bell served Texans with \$58 million in telephone property; by 1940 this had grown to \$139 million; and by 1955, the company served Texans with \$650 million in telephone plant. Because telephone growth is made possible by money invested by citizens in all walks of life, the two millionth Southwestern Bell telephone in Texas is a symbol of trust and confidence in the future of the state.

We are still growing and expanding with Texas — building more and better telephone equipment throughout the state ... planning to meet the telephone needs of the future — whatever they may be.

Yes, we're proud of our two million telephones in Texas. But to a greater degree, we are grateful for the friendship of the people of Texas through the years.

Not quite eight years ago — in August, 1947 — Southwestern Bell installed its one millionth telephone in Texas. Thus, we have added as many telephones in the past eight years as during the previous 69.

Yet, the big story is not in the number of telephones — but what the telephone means to the state and nation. As telephones are added, miles shrink and the range of the human voice overcomes time and distance.

Two million Southwestern Bell telephones in Texas form a bridge of understanding that strengthens the social and economic ties between all the people within and beyond the boundaries of the Lone Star State.

The growth of a telephone system within a state is a good indication of the state's progress and prosperity. For instance, in 1925

### FORD SelectAire AIR CONDITIONER

The new Ford SelectAire Air Conditioner was exhaustively tested in Texas and is specially designed for your fullest comfort.

The Ford SelectAire Air Conditioner is a complete system. It cools and dehumidifies air in summer—warms air in winter—defrosts or defogs windshield—provides fresh-air ventilation. All major units of the system are mounted forward of the instrument panel—none are in luggage compartment to rob you of valuable space, as in some systems.

It is very easy to use. For you regulate cooling, heating and ventilation—all with a single control unit which is mounted on the instrument panel.

Warm or cool air, as desired, is distributed across the floor of the car. Also, there are two fully adjustable registers on top of the instrument panel which permit air to be directed at any angle for maximum comfort or against the windshield for defrosting.

SelectAire Air Conditioning is available in any of Ford's 16 V-8-powered beauties for 1955. See the fine new Fords at your Ford Dealer's. And Test Drive one that's equipped with SelectAire Air Conditioning. You'll agree that Ford offers everything you need for top driving pleasure: eye-pleasing beauty — spirited Trigger-Torque power — smoother Angle-Poised Ride—and a spring-time interior climate throughout the year.

### Willsons Attend Methodist Church Jurisdictional Meet

Mr. and Mrs. J. M. Willson are attending the quadriennial convocation of the South Central Jurisdiction of the Methodist church in Fort Worth this week.

General theme for the sessions is "Methodism Advances Through the Local Church."

Dr. Elton Trueblood of the United States Information Agency, Washington, D. C. delivered the morning address on Wednesday and Thursday of the convocation program. Dr. Eugene L. Smith, New York City, executive secretary of the church's Division of World Missions, spoke on Tuesday evening. D. Willis Tate, new president of Southern Methodist University, spoke Thursday night.

Mr. Willson is head of the jurisdictional board and committee for hospitals and homes, which held separate meetings in conjunction with the convocation on both Wednesday and Thursday afternoons.

### Seeks Enlistments For Europe-Bound Tenth Infantry

Sergeant B. L. Staats, recruiter of the regular army, in Floydada Monday of this week, expressed concern over the growing impression that young men eligible for service had just as well wait their turn through the draft to get their army assignments behind them.

He said that enlistments, such as he is currently offering for service with Europe-bound 10th infantry division, have many advantages for the enlistee that he probably would miss by sweating out his turn for the draft.

Staats is currently stationed at the court house in Plainview. However, he plans to be in Floydada the fourth Monday of this week from 2 to 3 p. m. A quota of 70 men per week is being sought in a five-state area throughout May 6.

### MARVIN SAMS IMPROVING

LOCKNEY—Marvin Sams, who underwent a lung operation in All Saints hospital at Fort Worth some 10 days ago, is improving although he has been "pretty sick," relatives reported this week. He will have to remain in the hospital for sometime yet, it was said.
