

First Beginning of the Switch Over to Dial Telephones

"Don't touch the dial while you're talking. If you do it will break the circuit and cut you off," said J. C. Oakley, Southwestern Bell Telephone Company manager, above. Duayne Stephens of the plant department had just finished installing the dial attachment on the M. J. McNeill telephone at their home 833 West Tennessee street. Mrs. McNeill is shown at the telephone and little Miss Janice, daughter of the family, is watching to catch the technique. The change over was No. 1 for Floydada exchange. "We're down two now," the manager said, "and 1798 to go."

Electric Co-op Meet Saturday

Officials and members of the planning committee this week are anticipating that attendance at Saturday's annual meeting of the Lighthouse Electric Cooperative, inc., may exceed that of any gathering of the membership in recent years.

The cooperative, whose energy distribution lines spread out to carry domestic and power service to more than 3,000 farm homes, will be holding its sixteenth annual meeting. The date is Saturday, April 23.

The meeting place is Graves gymnasium on the campus of Floydada high school. Attendance may tax the capacity of the gym, which has seating for 1,500 persons.

The registration booth will be opened at 8:30 o'clock, and the formal call to order will be preceded at 9:30 by a concert of the Floydada high school band under the direction of director Maurice Jones.

President Lee Rushing will call the meeting to order at 10 o'clock.

BRADLEY NAMED EMCEE

Rev. W. D. Reaves, pastor of the First Christian church, will invoke blessings on the all-day gathering. Ned Bradley, of Dougherty, is being asked to serve as master of ceremonies again this year.

The session is required by the constitution and by-laws of the cooperative to give the members an opportunity to select three new directors, to hear the reports of the officials on the activities for the year, and to have the public reading of the unapproved minutes of prior sessions.

The terms of three directors expire at this meeting. The membership will elect successors to H. L. Marble, District One, Earl Edwards, District Two, and Herman King, District Five.

Hold-over directors, four in number, are W. C. Snodgrass, Lee Rushing, John Smitherman, and Oliver Harmel.

CLUBS PLAN BOOTHS

Indicating that the attendance is expected to be large are the plans for the lunch hour. The planning committee announced this week that 17 clubs are expected to have booths to serve more than 2,000 people.

The clubs who will serve the lunch are from practically all parts of this area and include home demonstration clubs, community clubs and home-making clubs of the schools.

The dinner this year will not be a free one, the planning committee proposes, in contrast with former years, when the cooperative furnished the noon-day meal. Last year the feed was a big barbecue.

Instead this year the members will buy their own meals at the club and community booths and the money that is estimated would have been spent by the cooperative is being put into attendance prizes which will be distributed through drawings.

Prizes to be given away include a 15-foot upright food freezer, a 21-inch TV set, electric skillets, electric roasters, steam irons, flood lights, clocks, toasters, waffle irons, cookie maker, Thor saw and probably other items.

Planning committee which handled all arrangements for the meeting Saturday is made up of Mr. and Mrs. John Burrows, McAdoo, district 1; Mr. and Mrs. Ray Lloyd, Floydada, district 3; Mr. and Mrs. Bill McNeill, Floydada, district 2; Mr. and Mrs. Gerald Lackey, Lockney, district 4; Mr. and Mrs. L. V. Britton, Plainview, district 5; Mr. and Mrs. Chloma Williams, Floydada, district 6; Mr. and Mrs. E. J. Foster, Lockney, district 7.

Entertainers who will take part on the program will include, besides the band, Dale Smith, Conley Bradford, girls quartet from Crosbyton, a string band from Crosby county, girls trio from Lockney. Also there will be free theatre tickets for all children under 12 years of age.

Manager Melvin Henry's annual report shows the cooperative operated 1858 miles of line in 1954 serving 3075 customers. Total revenue for the year is listed at \$787,807.27 and total expense at \$669,629.59. Comparative operating statistics show the cooperative added 45 miles of line the past year and gained 217 customers. Total revenue was up \$98,900.01. In 1954 Lighthouse Electric paid \$7,670.01 in taxes.

This reproduction of an informal picture of C. H. Wise, jr. and his wife was made in September of 1952, shortly after the couple moved from Floydada.

Promising Career of C. H. Wise, Jr., Cut Short by Highway Mishap

Final rites for C. H. Wise, jr., 28-year old vice-president of Industrial National Bank of Dallas were held at 3 p. m. April 11 in Ed. Smith & Bros. Funeral Chapel. Dr. H. E. Fowler, associate pastor of the First Baptist church, officiated. Burial was in Restland Memorial park.

Mr. Wise was killed April 7 when the car in which he was a passenger hit a wet spot on Highway 183 near Gonzales and rolled down an embankment.

Wise was the son of Mr. and Mrs. C. H. Wise, sr., of Floydada. Until 1951 he was employed by the First National Bank here, at which time he moved to Dallas as an assistant national bank examiner.

He is also survived by his wife and one small child of Dallas; two sisters, Mona Dell Wise of Floydada and Mrs. Louie Caffee of Albuquerque, New Mexico; a brother, Charles Denton Wise, Floydada; and his grandmother, Mrs. Aurilla Wise of Floydada.

Pallbearers were Maurice Tharp, George Fetzer, W. B. Gilbert, Will C. Jones, Jr., W. A. Sandlan, Henry Duke, Claude Self and Boyd Donegan. Directors of the Industrial Bank were honorary pall bearers.

Those attending the rites from this area were Mr. and Mrs. Carlgile Wise, Charles Denton and Mona Dell Wise, Mr. and Mrs. P. A. Faulkenberry and son Don, Emory Cox, Mr. and Mrs. Earl Crow and Rudy Thornton of Floydada; Mr. and Mrs. Louie Caffee and Marc of Albuquerque, New Mexico; Mr. and Mrs. Belvin Brooks, Mr. and Mrs. Bill Mulkey and Mrs. Ella Lawhon of Paducah; Mr. and Mrs. J. M. Denton, Abilene; Mr. and Mrs. S. K. Porter, Lubbock; Mr. and Mrs. M. C. Kitchens, Silverton; Mr. and Mrs. Henry Dryer, Ralls; Wayland Faulkenberry, Camp Rucker, Alabama; Mrs. Norman Boydkin, Lawton, Oklahoma; Mr. and Mrs. C. D. Wise, sr., Brownfield; and Mr. and Mrs. Charles P. Cox, Amarillo.

Variety Show Set for Tuesday Night

Local and out-of-town talent will be featured in the second annual variety show presented by the Floydada high school student council. Judges will award first, second and third prizes to qualifying entertainers.

Miss Sammie Copeland is chairman of the talent committee. Miss Pat Helms is publicity chairman. Sponsor of the student council is Miss Anne Swepston with George Chapman as president.

The variety show will be given in the high school auditorium Tuesday night, April 26, at 7:30 o'clock. Admission price is 50 cents for adults and 35 cents for children.

At Chanute Field

A 3c Roy E. Miller, only son of Mrs. Floy Miller, is training at Chanute Air Force base, Illinois, where he was transferred March 25 from Parks air force base, California late in March. He is taking a course in technical training. Miller went to the air force on July 8, 1954 and began training at Lackland, San Antonio, resigning employment with Lighthouse Electric Cooperative to enter the service.

School Tots Given Polio Vaccine Shots

Administering the first round of polio inoculations to first and second grade pupils of Floyd county schools this week has come as an anticlimax to years of research and millions of dollars in donations nation-wide, and untold effort at fund-raising by literally hundreds of thousands of canvassers.

The shots were administered in Floydada and Lockney in more or less nonchalant fashion with five or 10 seconds given to each of the children as they marched by.

The triumph of more than 20 years effort was officially announced last week from Ann Arbor, Michigan.

Commercial drug houses had sufficient amounts of the vaccine on hand to get dosages to every nook and cranny of the country for first and second grade pupils, with enough for emergencies left over, and to meet a second inoculation demand that will come within two weeks for the same children of the first and second grades.

Officials of Floyd county polio chapter have been told that enough of the vaccine is in reserve "to meet emergencies."

So far as is now known no further free inoculations are in sight for Mr. and Mrs. America and their children after the one coming up two weeks hence.

Polio vaccine manufacturers indicate there is no likelihood of a shortage of the vaccine after a few weeks, but that it will be available at any pharmacy on call shortly. Cost of the two inoculations and the booster shot to come a few months later will vary up to \$15, according to report.

FEW GROANS HEARD

Very few groans were heard as inoculations for polio got underway at Pitts hospital on Wednesday of this week.

Second graders of Andrews Ward began lining up at 9 o'clock and the vaccine shots were completed by mid-morning.

Second grade students from South Plains, Sand Hill, Dougherty and Lakeview are to be brought in by bus to Floydada for their shots this morning with students from Lone Star and Providence receiving their shots at Lockney.

Saturday Program Of Electric Coop

The program for Saturday arranged by the planning committee of Lighthouse Electric Cooperative, will be an elastic one, so as to intersperse attendance prize distribution and entertainment numbers between official activities of the day.

Following is a tentative order that will be followed: Music by Floydada high school Whirlwind band under the direction of Maurice Jones, 9:30 a. m.; Meeting called to order, 10:00 a. m.;

Invocation, Rev. W. D. Reaves, First Christian church, Floydada; Roll call;

Drawing for prizes; Reading of the notices of the meeting and proof of the due publication and mailing thereof; Reading of the unapproved minutes of previous meetings of the members; taking of necessary action thereon;

Entertainment; Secretary-treasurer's report, and manager's report;

Lunch: 12:00 noon; Entertainment, 1:30 p. m.; Drawing for prizes; Election of officers; Entertainment; Unfinished business; New business; Drawing for prizes; Adjournment.

Pioneer Passes; W. B. Jordan Rites Held on Monday

Final rites for William B. Jordan, 87, were held Monday afternoon at 3:00 p. m. in the First Baptist church. Dr. R. Earl Allen pastor of the church officiated. Burial was in the Floydada cemetery under the direction of Harmon Funeral home.

Jordan, a retired minister, farmer, and Floyd county pioneer passed away at his home Saturday after suffering a light heart attack earlier in the week.

Born October 10, 1867, in Bedford County, Tennessee, he was married to Miss Katie Kemble in 1898 in Sterrett, Texas. She passed away in 1908. He married Mrs. Clara O'Brien, January 25, 1912 in Temple, Oklahoma. The couple came to Floydada in 1916 and have made their home here since that time.

Survivors include his wife, two sons, Rev. Arthur Jordan of Baytown and J. B. of Albuquerque, New Mexico; a stepson, Roy O'Brien of Tulare, California; two daughters, Mrs. Ulman Moss, missionary in Venezuela; Mrs. L. H. Maggard Plainview; 12 grandchildren, 1 great-grandchild; two brothers and one sister.

Pallbearers were J. D. McBrien, Charlie Spence, R. C. Ross, Gordon Mayfield, A. W. Coltharp and Travis Lightfoot.

Street Marker Problem Vexes Leaders

In an effort to solve the street marker problem of Floydada, the civic improvements committee of the Chamber of Commerce and a marker committee from the Lions club are investigating plans to finance a marker program.

Two plans have been studied by local citizens to be presented to the city council for approval.

As there is no fund from which to finance the markers, one plan would be to make a block to block canvass for money for each block's marker. The second proposal recommends the voluntary addition of twenty-five cents to each city account for a period of eight months. At the end of eight months each Floydada home and business will

have paid \$2.00 into the marker fund which will cover the \$2.50 project. The fund will be large enough to put a new marker on every populated block. Each marker is estimated to cost around \$13.00.

STREET NAMING, TOO

The Chamber of Commerce and Lions club have also tackled another problem facing the community. That problem is the unsystematic way in which Floydada streets were named. Committee members point out that the present street names offer no plan to follow when the community grows without adding to the confusion, and that strangers in town and local citizens themselves, say that it is impossible to

find an address unless they memorize street locations.

The committee feels that although the renaming of the streets would be a great deal of work now, future citizens of Floydada would be grateful for a simplified street name plan. No street markers would be bought, the committee says, until a decision is made about the street names.

SUGGESTIONS SOUGHT

Chamber of Commerce and Lions club members are asking for suggestions and comments from Floydada citizens about the marker and street name problem. Further study will be made on each proposal before any recommendations are made.

Brac Biggers heads the fifteen-member Chamber of Commerce civic improvements committee. Members of the Lions club's marker committee include Ed Wester, J. G. Wood, C. W. Giesecke and O. M. Watson, Jr.

DEMONSTRATION CLUB

Home Demonstration club met at the school house on Wednesday afternoon of last week with hostesses, Mrs. S. D. Kinnibrugh and Mrs. J. K. West. Roll call was answered with what plant I brought to exchange.

Mr. Webb showed an interesting film on Lenox China, and then showed a short comedy film.

Each member gave a poem, and some of them were original, with Mrs. Teeple in charge of this part of the program.

Mrs. J. B. Smitherman will go to Morton next Thursday for the district meeting.

Mrs. Bailey gave the devotional for the day, and Mrs. John Wilson gave out pamphlets on home economics.

Remember your pie or cake for the REA all day meeting on April 23.

The next meeting will be at the county court house for an important talk on safety, and Mrs. Dunlap will be hostess.

Hostesses served cheese sandwiches, cakes and chocolate cake to the following members, Misses I. H. Parks, George West, John Smitherman, Albert Stewart, Skeet Thornton, J. D. Webb, Leighton Teeple, Grigsby Milton, R. C. Bailey, Sim Reeves, Frank McClure, John Wilson, Murray Julian, R. G. Dunlap and Mrs. Bryan Karr.

TAKE WEDDING VOWS

Miss Winnie Hartman and Vernon Youngquist were united in marriage on April 19, at 3:30 in the home of her parents, Mr. and Mrs. Harry Hartman.

Rev. R. C. Guest, pastor of the First Baptist church at Cone read the marriage service, and many friends from Lubbock, Plainview, Silverton, Lockney, Anson, Stamford, Abilene, Floydada and South Plains were present.

Mr. and Mrs. Clifford Youngquist attended the bride and groom as matron of honor and best man. The groom is the son of Mr. and Mrs. Leonard Youngquist of Stamford. After a short wedding trip the couple will make their home in Stamford.

SAFETY PROGRAM

Captain Sanford Lee, head of the district drivers license division, of Lubbock, will bring a special safety program for our Home Demonstration club meeting which will be Wednesday, April 27, at 3:00 p. m. in the district court room, Floydada.

All club members are urged to attend, and especially invited. Bring someone with you to hear this important lecture, and safety film with a question and answer discussion following.

Special musical numbers will be given, and club members of all the clubs in the county are invited, as well as anyone interested.

Mrs. R. G. Dunlap is hostess for this special lecture.

Mr. and Mrs. Johnny Stroud are the parents of a girl born Sunday at Peoples hospital. The little lady weighed eight pounds and six ounces and has been named Dixie Lee. The grandparents are Mr. and Mrs. Leonard Smith of Floydada and Mr. and Mrs. Alton Stroud of Mount Blanco.

Mr. and Mrs. Fred Battey spent the week-end in Amarillo visiting with friends and relatives. They returned home Sunday evening.

Ledgers, Binders, bound records, work sheets. Hesperian.

Club Plans Dinner Booth at Meeting

Homebuilders home demonstration club met Friday afternoon in the home of Mrs. W. J. Walker.

The meeting was opened by the president Mrs. E. G. Norrell. Roll call was answered by each member showing their favorite vase. Mrs. D. D. Shipley gave an interesting talk on vases from all different parts of the world.

In the business session the menu for the Lighthouse Electric dinner booth of April 23 was planned. The arrangement will be completed at our next club meeting.

Mrs. P. F. Bertrand acting in the absence of our vice-president introduced and welcomed Mrs. Harriette Brummett, new Floyd county

home demonstration agent to the club. Mrs. Brummett gave "Signs of life and health," as her first program. She compared the human life to an automobile traveling down life's dangerous highway, observing the signs for our benefit.

Members present were Misses E. G. Norrell, Floyd Fuqua, H. W. Roberts, D. T. Mayo, D. D. Shipley, P. F. Bertrand, O. G. Mayfield, W. H. Bunch and one visitor, Mrs. P. A. Faulkenberry.

The next meeting will be with Mrs. W. H. Bunch, April 22, at 2:30 p. m. Each member be sure to bring a plant to exchange.

SOCIETY

Club Women Attend District TFWC Meet

Mrs. E. L. Norman, Mrs. Alton B. Chapman, Mrs. J. D. McBrien and Mrs. John Hoffman attended the thirty-fourth annual convention of the district Texas Federation of women's clubs in Snyder Friday and Saturday of last week. Mrs. L. E. Dudley of Abilene, president of T. F. W. C., presided at all of the meetings. The theme of the convention was "Light The Way." Mrs. Dudley gave an inspiring address Friday morning on "Highway To Happiness."

The different departments, divisions and committees of the district federation had group discussions during the two days.

The thirty-fifth annual convention will be held in Plainview next year. Dates are to be announced.

The ladies reported a very enjoyable convention.

Recently, newspapers told of a certain Illinois woman's having her successor jailed for alienating her husband's affections. Seems she won a \$25,000 judgement in court against her rival. When the second Mrs. couldn't pay, the first Mrs. paid costs for having her languish in jail.

We certainly don't know who's right and who's wrong in the matter, but we do wonder what the first Mrs. has to gain. Her present behavior automatically throws public sympathy to the sweet young thing who is being tortured by a jealous old hen.

Furthermore, she has already lost her man, and this will hardly win back his favor. In fact, if he thought enough of the second woman to marry her, he's not going to be exactly touched by proof of the first wife's cruelty.

A much better role, it seems, would have been that of injured innocence. It would have made the erring husband look and feel like a heel, might even have made Wife Number Two appear a designing seducer, would have won sympathy all round.

Federated Club Tea To Hear Mrs. Rowland

Mrs. E. A. Rowland, director of Little Theater in Amarillo, will be guest speaker this afternoon at 4:15 at the Federated Study club tea which will take place in Fellowship hall at the First Christian church.

Each study club member, including the 1922, 1929, 1934 and 1950 clubs, is asked to bring a guest. Admission for guests will be 25c.

When and if our own spouse starts making eyes at another woman, we'll no doubt make as many mistakes as the first wife in this story. But we guarantee they won't be the same mistakes. If it's not too late, we'll try to see if we've measured up to the standards he set for a wife back in the days when he was really in love.

And if things have gone along so far there's nothing we can do about it, be switched if we won't bow out with what little dignity there is left to us. The only life companion we can think of who would promise less happiness than a man held against his wishes would be oneself with a hard knot of hatred where the heart ought to be.

Mrs. W. O. Tye Is Sunnyside Hostess

The Sunnyside Home Demonstration club met April 15, at 2:30 in the home of Mrs. W. O. Tye. The president Mrs. Tye presided. Roll call was answered with "What plant I brought to exchange."

The club voted to pay \$5.00 on the District 2 + H girls scholarship fund.

Mrs. W. H. Bethel led the club in poems. Some were original and others were poems by famous writers. The club voted on the best original poem and this is the one they chose for first, written by Mrs. W. H. Bethel:

Of all the places to park,
One that's more dire than the ark,
Is a hospital bed in the corner,
Here, there, or over yonder.
There's not any difference in the style,
You just hang around and while you wait and wait,
They finally decide you ain't sick,
Away you go with a cheerful look,
Until you glance at your pocket book.

A round table discussion was held on family economics.

Members present were Meses. Ethel Sawyer, W. H. Bethel, C. W. Demison, Sam Thurmon, Fred Brown, W. C. Sims, Herschel Hammonds, Charles Probasco, S. J. Latta, one visitor, Mrs. D. T. Mayo and the hostess, Mrs. W. O. Tye.

FHA Girls Leave For State Meeting

Pat Helms, Doris Campbell and Mrs. J. R. Emmons left Wednesday afternoon to attend the state meeting of the Future Homemakers of America in Gayveston. The convention will be held April 21 through 23. New state officers of Future Homemakers of America will be elected.

Thirty-two South Plains schools were expected to be represented at the convention. Twenty-nine adult sponsors who are homemaking teachers will go along with the delegation of 101 students.

The group will arrive home Sunday.

ROSS ALEXANDER HURT

Ross Alexander, mechanic at Oden Chevrolet Co., received painful injuries Tuesday morning when the handle of a floor jack flew up and hit him in the head. His ear was almost severed by the impact.

Mr. Alexander was taken to Peoples hospital where x-rays were taken to determine the extent of his injuries.

His condition was reported as satisfactory Wednesday afternoon. Mrs. Alexander said he was not resting too comfortably at that time.

OPPORTUNITY

An Indian princess, on coming of age, was given a basket and told she might pick the finest ears of corn in a given row. The only condition was that she was to choose as she went along. She could not retrace her steps.

She admired the fine quality of the corn before her, and as she felt one ear after another she left them on the stalk, always thinking what better ears lay ahead. Suddenly, and to her dismay, she came to the end of the row—and she had gathered none of them.—Pipe Dreams.

Truck Overtakes; Driver Escapes In Dazed Condition

A truck belonging to Green Machinery of Plainview and loaded with a tank and well drilling equipment, turned over about six miles east of Floydada on the Matador highway Tuesday night. Sheriff Earl Cooper, investigating officer, said he received a call about 8:45 p. m. from two other truck drivers who came upon the scene and told him they could not locate the driver. Cooper said the truck rolled 35 yards after it first turned over.

Cataracts Are Rather Common

AUSTIN, April 14—Though cataracts are considered a rather common affliction of older people, there is no longer any reason to fear them, declared Dr. Henry A. Holle, State Health Officer. Many think that once cataracts appear they are doomed to either blindness or an ordeal of surgery which may destroy what sight is left. Such notions have no basis in fact.

Martin and Lewis Hilariously Funny In 3-Ring Circus

For the most hilarious and most satisfying entertainment to hit town in many a blue moon rush down to the Palace Theatre where Dean Martin and Jerry Lewis' brand new fun-fest in VistaVision and color by Technicolor, "Three Ring Circus," starts its run Sunday.

Dean and Jerry have never been seen to better advantage than in this howl-a-second comedy which has as its background the exciting and colorful circus big top.

Dean and Jerry take full advantage of the marvelous opportunity of cavorting about the circus.

Jerry plays the clown as if he had been a circus funster all of his life. He brings pathos and slapstick to the role showing a talent that is among the finest in the annals of show business. Dean is perfect in the singing and romancing departments coming through in just the right manner.

ATTEND RITES CONVENTION

Mr. and Mrs. Billy Henry, Mr. and Mrs. Harold Berry, Mr. and Mrs. Lane Decker and Charley Berry are attending the Scottish Rites convention in El Paso this week. The Henrys and Deckers spent a short time in Chihuahua, Mexico. The group is expected home Friday.

WHY SOME MEN ARE BIG

When Paderewski was Premier of Poland, he was in his study one midnight deeply interested in state papers. An assailant suddenly appeared at his elbow. The man held a weapon in one hand, and in the other a paper which he was demanding that Paderewski sign, abdicating his premiership.

Madame Paderewski was asleep in an adjoining room. The confusion awakened her, and as she entered the study the revolver dropped from the assailant's hand. Her husband was throttling the man.

The guards were called and Paderewski had them take the man out and set him free. "Since that night," said the artist-statesman some years later, "that the man was my friend."

LETTER 'J' UNCLAIMED BY U.S. ARMY ALPHABET

WASHINGTON—The letter "J" never has been used to designate a company in the Regular Army.

Although there are companies designated by the letters "A" through "I" and "K" through "M," the letter "J" always has fallen by the wayside.

Though the Department of the Army has no official record showing the precise reason for this practice, Army historians believe the following is correct:

The system of using letters to designate companies was established in 1816. The letter "J" was omitted to avoid confusion, inasmuch as at that time the letters "I" and "J" still frequently were written exactly alike.

Teen-Agers Are Crash Victims

Death came suddenly to two teenage girls early Saturday morning near Lubbock and a third victim, Gene Marshall, 17, died at Methodist hospital in Lubbock Saturday afternoon.

The girls, Nancy Charlene Willard, 15, and Oleta Richardson, 17, were killed instantly when the car in which they were riding hit head-on with a train on the Buffalo Lake road which intersects the State highway. Other occupants of the car were Jack Lynch and Von McCarty, who remain in serious condition.

Services for Charlene were conducted at the Overton Methodist church in Lubbock at 2 o'clock Monday afternoon. Burial was in Tech Memorial Park. Survivors include the parents, Mr. and Mrs. Lee Willard, Lubbock, grandparents, Mr. and Mrs. C. E. Willard and Mr. and Mrs. C. W. Mallow, all of Plainview. Miss Willard was also a niece of Mr. and Mrs. Omer Parrish and Mr. and Mrs. Jim Jones of Floydada. Other relatives in this vicinity who attended the rites included Mr. and Mrs. Roy Crawford, Otis Anderson, and Mr. and Mrs. James Bunch.

Services for Oleta Richardson were held at the Flag Spring Baptist church at Roaring Springs Sunday afternoon. Survivors include the parents, Mr. and Mrs. J. O. Richardson of Roaring Springs, four sisters, Mrs. Norma Townsend and Miss Wilma Richardson both of Lubbock and Joyce and Leola Richardson of Roaring Springs and grandfather, R. L. Richardson of Orlahoma.

Gene Marshall was buried Tuesday in the Lubbock cemetery. Service was conducted at the McDonald Funeral chapel. His survivors include his parents, Mr. and Mrs. George Marshall, two brothers, one sister and his grandparents.

Cancer Deaths In Women Have Been Lowered

AUSTIN—Cancer deaths in women have dropped ten per cent in the last decade, Dr. D. A. Todd, chairman of the American Cancer Society's Texas Division, has announced.

Dr. Todd, of San Antonio, said that 10,000 women who would have died of cancer ten years ago are now being saved each year.

At the same time, the cancer death rate among men has increased.

Dr. Todd attributed the decrease in cancer deaths in women to two reasons: New techniques making earlier diagnosis of cancer have been developed. The Cancer Society's educational program has taught women the facts about cancer so that more of them get to a physician in time for treatment.

Even more women could be saved if they only knew the facts about cancer and would see their doctors in time," Dr. Todd said.

He said that in breast cancer as an example, 35 per cent of the cases are now cured.

"But 70 per cent could be by earlier diagnosis and prompt treatment," he said.

That is why the Cancer Society

Husband's Income From Farm Applies To Spouse Also

Many farmer's wives are applying for social security account numbers unnecessarily, John G. Hutton, manager of the Lubbock, Texas, social security office, stated today.

Although self-employed farm operators are now covered by social security for the first time, ordinarily farm income will be credited to the social security account of the husband, Mr. Hutton said.

Danny Solomon Is Presented Award By Westex C of C

Danny Solomon, of Tullia, son of Mr. and Mrs. Henry Solomon, had the award winning essay on the subject "What can my town do to have more industry?" at the annual meeting of West Texas Chamber of Commerce in March.

The contest was for students in the high school senior group sponsored by the industrial development committee of West Texas Chamber of Commerce. The award was a \$250 scholarship to the college of his choice.

The meeting is scheduled for 3 o'clock and the group who attend will be addressed by Captain Lee, head of the drivers' license division of the State Highway department.

Lamp Supplies Modern Aladdin 'Magic Money'

At one time or another, almost every person who knows the story of Aladdin and his wonderful lamp has wished for such a magic thing—a lamp one can rub to make wishes come true.

Some eight million Americans—and their number increases daily—have discovered a sort of Aladdin's lamp—which supplies magic money to make wishes and dreams come true.

There is no mystery about it. . . no turbaned genie appears to carry out the wish. It is simpler than that—and sounder. It is the U.S. Treasury's Payroll Savings Plan.

It is the magic lamp which, when the boy or girl of the family is ready to go to college, business, or art school, produces the money to pay the bills.

It is magic because it is systematic, automatic, and sure. Each of us might cheat if it were left to us. We'd come to a week when things were a little tight and we'd say that this week we wouldn't put the savings in but would double up next week.

When you've paid for a Savings Bond, you get the bond, and you put it away. Before you know it, you've paid for another. . . and so it grows—the magic money—the money you never miss—the money that's always yours.

It's good for the country, too. Even bankers have a tough time explaining about inflation. But they will tell you it is a condition which develops when there is a lot of money in circulation and a shortage of goods.

That's good for the country. But while we are all glad that the big thing is that the Payroll Savings Plan is at its best as a personal assistance plan.

But while we are all glad that the big thing is that the Payroll Savings Plan is at its best as a personal assistance plan—one which benefits first and last the saver and his family.

And best of all—it's magic money because a fellow never misses it. . . but it's his all the while, growing and earning against that day when he needs an Aladdin's lamp to make a wish or a need come true.

Ask your employer to show you how to begin this systematic, automatic, painless savings in U.S. Savings Bonds.

Plain Talk: Batter up! The batter stands at the plate with the ball speeding toward him at the rate of a hundred and fifty miles per hour.

No wonder batters in baseball fail to hit more often than they succeed. Even the best hitters in baseball, with batting averages of 300 to 400, hit safely only three or four times out of every ten times at bat.

Life often throws problems at us. We have to make lightning-fast decisions. Many of us lose interest in the game of life because we fail so often. The great batters will help give us courage.

SOLDIER'S JOB IS CINCH; IT'S SAME ONE HE LEFT!

WHITE SANDS PROVING GROUNDS, N.M.—The Army's assignment system really works. It worked so efficiently for Private Robert Cawthon of Pensacola, Florida, that he now is back at his old job.

In March, 1952, Cawthon, then a civilian, accepted employment as a camera operator at the Army's guided missile test center here. Some months ago Cawthon was drafted. He went to Camp Gordon, Georgia, for basic training and then to Fort Monmouth, New Jersey, to attend photographer's school.

After completing his schooling at Fort Monmouth, he was assigned to White Sands Proving Ground. His job—camera operator.

Life is like a cafeteria. There are no waiters to bring your success to you. You must help yourself. Every man is at his best when he adds enthusiasm to whatever he honestly believes in—John Wanamaker.

This is a government of the people, and the people are to blame if they are misrepresented.—Theodore Roosevelt.

To worry about tomorrow is to fall of devotion to the tasks of today, and so to spoil both days.—William Hyde.

Trouble is a sieve through which we sift our acquaintances. Those who are too big to pass through, are our friends.

There is only one real difference after all between the successful man and the unsuccessful man. They both have ideas, but the successful man does something with them. The unsuccessful man simply wishes and day-dreams about his ideas.—Ralph Barstow.

It is human nature to stand in fear of those we have harmed; to ridicule those we cannot envy; to seek the help of those we envy; to worship those which we cannot explain; to dislike those who show us up for what we are; to resent those who stir up our conscience.—Ex.

When I was a boy in Carolina, I was cured forever of caging wild things. Not content with hearing mocking birds sing from the cedars, I determined to cage a young one and thus have a young musician all my own.

On his second day in the cage, I saw his mother fly to him with food in her bill. This attention pleased me, for surely the mother knew how to feed her child better than I did.

The following morning when I opened the cage the captive was dead. When I recounted this experience to Arthur Wayne, the renowned ornithologist, he said:

"A mother mocking bird, finding her young in a cage, will sometimes take it poison berries. She thinks it better for one she loves to die rather than to live in captivity."—Archibald Rutledge in "Good Housekeeping."

Andrew Carnegie perfected the Bessemer steel process, and out of this new way of making steel he amassed a fortune. But more than once his business was sorely beset by strikes. At one time a strike leader became afflicted with a serious illness. He was informed by a medical source that he could go to a health resort for full recovery.

He protested that he did not have the means, but was informed that there would be no cost. The man accepted the offer, regained his health after many months, and finally learned that the "unknown benefactor" was the very man whom he had fiercely denounced in a strike.

Many Succumb To Fly-Borne Diseases Yearly

AUSTIN, March 24—Many Texas children and adults die each year from flyborne diseases. Typhoid fever, tuberculosis, summer complaint, cholera, and intestinal diseases frequently resulting in death follow closely in the trail of the common housefly.

"The control of the fly menace comes at the top of the list of necessary public health measures which should be applied by every city and community in the State," said Dr. Henry A. Holle, State Health Officer.

"The most effective measure for control is to prevent breeding, and about eight days are required to complete a life cycle. During her lifetime of several months, one housefly lays from 600 to 1,000 eggs. Thus, it can easily be seen that in a season which usually begins in the spring of the year, the descendants from one fly number countless of thousands."

To eliminate flies, Dr. Holle said the breeding places must be destroyed. As flies breed in filth, manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture, and food necessary for the propagation of the fly.

Flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise they should be kept from access to privy vaults where they pick up the infections, which they later spread to humans by contact with the food and drink, and by unwashed hands and utensils.

"See that your windows, doors and porches are screened so that the stray fly from some careless neighbor will not endanger your family. See that your grocer keeps meat, vegetables, and fruit screened from flies."

The Texas Restaurant Association is cooperating with the Texas Beef Council in publicizing the prize winning beef recipes in the Council's recent contest for home economists. The recipes will be served by the participating restaurants, and folders detailing the same recipes for home use will be offered free.

Larger Flocks More Efficient

COLLEGE STATION, April—Egg producers who seek efficiency in the laying house are advised to have flocks of 1,000 or more hens.

"Efficiency increases with flock size," says Ben Wormell, extension poultry husbandman. "There is a definite need in Texas for increasing flock numbers to more economical units—to at least 1,000 layers."

Stay in business in both good and bad years, he advises. Only increased commercial production and fewer backyard producers will stabilize the state's fluctuating egg market.

When eggs make favorable returns one year, there is a tendency for backyard producers to jump into business the next. Although there is only a slight upsurge in production, it is enough to put prices on the skids, Wormell explains.

Man's obligation to the land that feeds and clothes him will receive special attention over the Southwest and the nation on Sunday, May 15. That day has been designated as Soil Stewardship Sunday and churches will mark the day with special observances.

The National Association of Soil Conservation Districts is cooperating with churches on a national scale in the program. In Texas, the 168 soil conservation districts are working with pastors to make the day a success.

Many ranchers have been considering reseeding of native pastures depleted by continued drought. It may not be worth it, says Fred Walker, range expert with the Texas A & M Extension Service.

If 15 per cent or more of the desirable native grasses remain in the area, reseeding would not be profitable, he says.

Deferred grazing is a quicker and cheaper means of revegetation. Reseeding is usually not successful without some soil preparation.

World Champion Roping Contest At Crosbyton

CROSBYTON, April — Twenty-one of the top ranking ropers of West Texas and New Mexico will compete for a \$3,000 purse in a world champion roping to be held at the Crosbyton rodeo arena Sunday, April 24, starting at 2:00 p. m.

At least two former world champion ropers and a number of others who have ranked close to the top in former years in championship standings make the list of entries in the Crosbyton contest read like a roster of "Who's Who in the Roping World." Entrance fee of \$100 for each roper has resulted in limiting the contest to only the best in the Southwest.

Ninety wild Brahma calves from the gulf coast have been secured for the contest, and each contestant will rope four calves.

Following the championship event, a jackpot roping open to all comers will be staged.

The list of entries includes Mac McClanahan, Big Lake; Don McLaughlin, Smithfield; Ray Wharton and Buddy Groff, Bandera; J. D. Holleyman, Rankin; W. T. Kirk Plainview; Lanham Riley, Fort Worth; George Epperson, San Saba; Bill Teague, Crane; Doyle Riley, Ballinger; Junior Vaughn, Kenna, N. M.; Toots Mansfield, Big Spring; Jimmy Cooper and Tuffy Cooper, Monument, N. M.; Troy Fort, Lovington, N. M.; Elmer Carter, Antelope; Sonny Edwards, Big Spring; Lee Cockrell, Lubbock; Jean Smith, Coon; Sonny Davis and Bill Lowe, Crane.

Center News

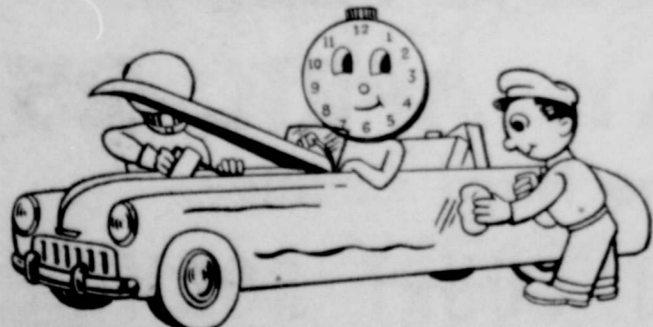

(By Mrs. J. E. Green)

CENTER, April 19. — We appreciate the light shower late Monday.

ATOM BLAST or no, MP Private John E. Chartois of Lafayette, Ind., keeps the traffic moving during current maneuvers at Yucca Flats, Nev. Behind him is the column formed by tons of desert sand heaved skyward following an underground detonation of a nuclear device assembled by Army Ordnance soldiers and replaced by Army Engineers.

BE PREPARED—FOR TOMORROW'S JOURNEY

One small wheel in your watch travels about 20 miles every day... a distance more than twice across the country in one year. You wouldn't dream of driving your car that distance without changing oil. And your watch is more delicate than your car. So why not bring in your watch for oiling and overhauling. Our expert repair service will put it in good working order and help prevent costly repair bills later.

BRADFORD JEWELRY

It is cool and cloudy today. Where lawns have been irrigated it begins to look like spring. Grass is coming out and trees begin to look green. But here comes a dust storm.

Bro. James Shields of Wayland College filled our pulpit Sunday and Sunday night.

Sunday dinner guests of Mr. and Mrs. Leo Frizzell were Mrs. Jackson and Bro. and Mrs. James Shields. The Frizzells and Shields ate supper with Mrs. Jackson.

Mr. and Mrs. C. W. Denison spent Sunday night in Lubbock with their son and family, Mr. and Mrs. Gilmer Denison and children.

Mrs. R. E. Warren and son Dorsey of Floydada visited Sunday afternoon with Mr. and Mrs. Elmer Warren and Johnny Lynn.

Pearl Baird was a Sunday supper guest in the Elmer Warren home.

Carleta Reeves attended church service here Sunday night. She was a guest of Margaret Dunn.

Karen Robertson spent Friday night with Beth Scott.

Mr. and Mrs. Melvin Robertson and baby of Stanton, spent the week-end in the home of his parents, the J. R. Robertsons.

Mrs. J. R. Robertson went to Houston Thursday visiting some of her children. She returned home Sunday accompanied by her daughter, Mrs. Thurman Walls and children. They expect to visit in this vicinity for the next two weeks.

Mrs. Don Craig and baby are visiting her parents, Mr. and Mrs. R. C. Ross. We are glad to have them in our church services Sunday morning.

Mrs. Green called at the Pitts hospital late Sunday evening to see Mrs. Branson. Mrs. Dunn called earlier in the evening. We trust Mrs. Branson is gaining strength.

Fire Destroys Home
We sympathize with Mr. and Mrs. R. E. Waggoner, east of Center, who lost their house and contents in a fire Saturday night. A miscellaneous shower will be given for them Thursday evening, 8:00 o'clock in the Center Baptist church. At present they are living in a trailer house on the grounds where the house burned.

Center Home Demonstration club is to meet with Mrs. R. C. Ross Friday afternoon, April 22. Mrs. Mankins will be co-hostess. All members come and bring somebody with you. Remember we are each to bake two pies for the booth at the Floydada high school Saturday. Practically every Center family was represented Monday afternoon at the last rites held in the First Baptist church, Floydada, for Mr. W. B. Jordan. Mr. Jordan was a charter member of Center Baptist church and was contractor for our first church building (which burned in 1953). He was a staunch, loyal leader in church and civic affairs here for many years. He and Mrs. Jordan and their fine family were sadly missed when they moved away.

We always think of Mr. Jordan as one of the best examples of clean, friendly living and of Christian dignity. He is gone, but will not be forgotten. Our deepest sympathy is with the loved ones. Come to church next Sunday.

Way Funeral Held At Haskell, Okla.

Carl L. Minor, Jr., returned from Muskogee, Oklahoma, Sunday, where he and his family had been called the previous Wednesday by the death of Mrs. Minor's father, T. J. Way, Wednesday morning. Mr. Way was 87 years of age. Funeral rites for Mr. Way were held at First Methodist church in Haskell, Oklahoma, at 2:30 o'clock Friday afternoon and interment made in the cemetery there. Rev. Dan Schooler, Methodist minister of Muskogee, officiated at the rites. Mrs. Minor and the two children of the family were planning the first of the week to spend several days more at Muskogee with her mother. Other survivors include a daughter, Miss Jean Way of Plainview and a son, T. J. Way, Jr., of Friona.

Mr. and Mrs. Roy Coleman and Carrott left Thursday morning for their home in Covington, Tennessee after spending a week here visiting with Leslie Ewing, Lou and Roy. Mr. Coleman's mother, Mrs. Ola Jester, returned home with them to make her home for an indefinite time.

As A Farm Woman Thinks

(Nellie Witt Spikes)

April changes her mind so often we either freeze or burn up. We feel the wonderful peace of a still day, we bow our heads before the high winds. We clean the house only to see the fine dust sift in every tiny crevice again.

Joe Ellis has the measles. This does not make him as sick as the thoughts of missing the Junior-Senior banquet, the District M. Y. F. and the debate he had scheduled. We can help keep him comfortable in a way, but we cannot keep off his disappointments.

On a television program the other night, we saw a schoolhouse made of glass. Glass walls, even glass gables. I remember we had windows down either side of the school room at Emma and how I liked to look at the many interesting things. But the trustees decided we looked out too much, or perhaps it was the teachers. They painted the windows.

I wish you could have seen how many tiny peep holes were scratched on the paint outside and made things outside even more appealing.

Not much to see, but sometimes J. Wilson Boyle, the good looking lawyer from Scotland would come down the street driving Old High-pockets at a furious trot, leaning forward and holding a rein in each hand, which none of the grown-ups did at that day, the buggy wheels spinning in the bright sun and rattling with a whirl as he passed.

The clouds would pile high in the blue skies, the yellow and white daisies would dance in the warm spring wind... a tardy school boy would come in a lopsided pony. I sat on the west side, as did all the girls, never trespassing on the boy's side which was across a wide aisle, and the boys and girls even did not sit together on the long recitation benches unless one was overcrowded.

From my desk, I could see the business section of Emma, perhaps some dozen of stores, barber shop and the stately white courthouse in the center of a locust tree enclosed park.

I sometimes would see a big white top buggy of a rancher, a cowboy stop with a sudden flourish, drop his reins and go inside the store to talk a bit, and eat sardines and crackers as he hung boots and spurs on the side of the counter where he sat.

How good the green grass felt to our white tender feet, shoe bound all the winter as we pulled off the worn shoes and how carefully we

had to walk. Glass enclosed school houses.

BOBBY G. SMITH FETTERED WHILE ON NAVY LEAVE

Bobby G. Smith, DK-3, will return by plane to San Diego and his ship the John W. Thomason April 25. He will leave the middle of May for Formosa. Bobby has been here on a 30-day leave visiting friends and relatives.

Sunday he was surprised with a birthday dinner by his wife and his parents, Mr. and Mrs. L. H. Smith. Those attending were Mr. and Mrs. Edwards Smith, Sue and Joe of Idalou, Mr. and Mrs. Billie Jo Smith, Debra and Victor, Mr. and Mrs. Earl Pierce, Johnnie Stroud, Leo Smith and his wife, Mrs. Bobby Smith.

Mr. and Mrs. Ed Wester and sons and Mrs. H. N. Powell are in Dallas this week attending a postmasters convention. They also are visiting with Dr. and Mrs. James Wester and family in Garland, Texas.

Wayne Gibson, of Deming, New Mexico, visited with his sister, Mrs. Jess Covington from Tuesday until Thursday of last week. He also visited with other relatives in the vicinity.

Dust from Dried Up Water Is Drier Than Regular Dust

Judge L. G. Mathews, long a resident of Brownsville but formerly for years a resident of Floydada, recently pointed out in a note to The Hesperian that while the high plains is gaining tremendous health and vigor from repeated dosages of Vitamin K from the plains and the mountain sides, down in that part of the world, where it can't rain either, their dust is blowing in off the Gulf of Mexico, and is terribly enervating.

The weather bureau story is that the dust comes in from the north, then gets caught in a reverse wind that whips it back over from the gulf. The judge hears that the fact of the business is the ocean is drying up and getting dusty. A southeast wind last week brought them quite a bit of dust. He says the dust from this dried up water

is dustier than the other.

KITCHEN AND ★★ ★★★ FIELD NEWS

from
Lighthouse Electric Cooperative, Inc., by Nancy Morckel and Claude Weathersbee.

Troy Watson of Lubbock, with A & M College Extension Service system safety program held his regular monthly meetings on safety with the co-op employees on Monday morning.

Mr. and Mrs. Edwin Neff and Gayle, and Mr. and Mrs. Willie Turner and Larry Dale went to MacKenzie park picnicking Sunday.

Mr. and Mrs. Reamer Rainer and girls visited in Lubbock Saturday afternoon.

Mr. and Mrs. Wayne Appling Jean, Judy and Ann, were dinner guests in the Gordon Appling home on Sunday. Mr. and Mrs. Olin Watson, sr., and Mr. and Mrs. Olin Watson, jr., called in the afternoon.

Mr. and Mrs. Corkey Guffee and Larry, Mr. and Mrs. Charles Hartwell and daughter, and David Mount went to Lake Kickapoo fishing over the week-end. Corkey reports "good luck".

Mr. and Mrs. Melvin Henry and family spent Sunday in Plainview with Mr. and Mrs. John Pinley.

Mr. and Mrs. John Smitherman spent the week-end in Canadian visiting Mr. and Mrs. Mose Damron.

Mr. and Mrs. Sam Spence and Kay, Mr. and Mrs. Don Barrow Frank and Jimmie went to Lubbock Saturday afternoon to see the show, "A Man Named Peter".

Johnny Hill spent the week-end in Sunray with his parents.

Mr. and Mrs. T. W. Norvell of

Lubbock spent Saturday night with Mr. and Mrs. Billy W. Morris.

Buck Marrison, Carl Lewis and L. C. Ferguson, are all back at work this week after spending some time on the sick list last week.

Claude Weathersbee showed films for the South Plains home demonstration club and the Harmony home demonstration club groups last week. The film was on the making and decorating of China.

Mr. and Mrs. Wayne Collins and Charlie visited in Lubbock Sunday with relatives.

Red and Faye Gregory went fishing Sunday at Lake Pauline. Red said, "Believe it or not, we caught some fish."

Neal DeShazo, safety engineer with Employers Mutual Liability Insurance Company of Wisconsin, presented the co-op with two more 50,000 man-hour bars to add to our safety award plaque, which makes a total of 200,000 man hours without a loss time accident. We are indeed proud of this record.

Melvin Henry, John Nay and Corkey Guffee went to Plainview Tuesday to attend the regular monthly meeting for managers and bookkeepers in Group V.

The Lighthouse Electric Cooperative, Inc. area is divided into seven voting districts. A director from each district comprises the board of directors. Each of the seven directors named a couple from his district to serve on the annual planning committee.

The fourteen first named on this committee have served and have planned the meeting, in its entirety, to be held next Saturday, April 23, at the Graves Gymnasium.

The committee decided instead of serving a free meal at noon they would buy electric appliances to be given as door prizes. The clubs from Hale, Crosby, and Floyd counties will be on hand to sell sandwiches, hotdogs, pie, etc.

The members of the Annual Meeting Planning Committee are: Mr. and Mrs. John Burrows, McAdoo; Mr. and Mrs. Bill McNeill, Rt. 5, Floydada; Mr. and Mrs. Ray Lloyd, Rt. 3, Floydada; Mr. and Mrs. Gerald Lackey, Rt. 2, Lockney; Mr. and Mrs. L. V. Brittain, Rt. 3, Plainview; Mr. and Mrs. Chloma Williams, Rt. 4, Floydada; and Mr. and Mrs. Joe Foster, Lockney. Mrs. Foster is chairman of the group.

They have spent a lot of time making plans for this meeting. Be sure and make your plans to attend. Remember - the cooperative belongs to the members - it is their duty and privilege to support it.

Award for Most Beautiful Car

NEW YORK—Robert Geissman (left), president of the Society of Illustrators, famed artists' group, presents a special award for the 1955 Plymouth car design to John P. Mansfield, president of Plymouth. Award was made "To Plymouth in honor of the men and women who designed the 1955 Plymouth—Most beautiful car of the year."

Mr. and Mrs. A. L. Hartzog, Helen, Kay and Dixi of Farwell, Texas, ate supper with us Monday night. They came down to attend the Roy Horn funeral.

Mr. Hartzog will be remembered by many as county agent here for a number of years. He and Mrs. Hartzog asked to be remembered to their many friends here. They are farming and live on a farm near Farwell. The girls attend school at Bovina.

IT HAS BEEN SAID

You don't need a television set to see the Zoo parade. All you have to do is to get on the highway, any day, any time - and you will pass them - or the chances are they will pass you.

Here are some of them in their cages: The Chimpanzee - This is the character who hangs on to the roof of the car with his left hand while he drives with the right.

The Ostrich - This is the weird personality who believes that if he ducks his head behind the wheel and pays no attention to anything, nothing can harm him.

The Roadhog - This animal has been around for a long time, and is one of the most prevalent and unpopular in the zoo.

The Jack Rabbit - This is the scat-back type who zig and zags through traffic like a frightened bunny.

The Elephant - This is the big stalwart, unpassable type who plants himself in the middle of the road and slowly plods along.

There are other animals in our zoo, of course, but the one animal no one tries to emulate is the horse. This would require horse sense, and that is a very rare traffic achievement these days.

Dougherty News

(By Mrs. Bill Smith)

DOUGHERTY, April 18—Looks as though it is impossible for it to rain here anymore. The dry land is in dire need of rain and the irrigation farmers need some help and a rest. With so many pressure pumps and windmills drying up it surely shows the static water level is being pulled down. Old timers say, "O just wait; it will rain." So we are waiting.

Irrigation wells are continuing to be dug. Some of them are Tate Jones, Fred Cardinal, Henry Hinton, Bill and G. W. Smith and Howard Drysdale and Ott Glassmeyer. Natural gas is being installed in the northwest part of the community. This is another accomplishment. A corporation was formed calling itself the West Dougherty Gas Line. Jack McIntosh, Fred Cardinal and Bill McNeill were named directors.

A tired group of ball players returned home Friday afternoon from the baseball tournament at Lakeview. Congratulations, kids, on the games played. You made a good try. The two opponents were Cone and South Plains. Scores were South Plains 4, Dougherty 8; Cone 5 and Dougherty 4.

Mr. and Mrs. Bob Kincheloe and Karen spent from Thursday until Monday at Evant, Texas, visiting relatives.

Cliff Jones had minor surgery on his hand at Methodist hospital Monday and returned home Wednesday.

Dinner guests of Mr. and Mrs. Bill Smith Friday were Mr. and Mrs. Dell Young of Spur and Mr. and Mrs. R. D. Holly.

Sue Ring returned home from Pitts hospital Friday after receiving medical treatment the past few days for a virus condition.

Mr. and Mrs. Curtis Meredith are guests of their parents, Mr. and Mrs. Jim Harper and Mr. and Mrs. C. M. Meredith. They expect to move to Lubbock around the first of May to make their home.

Mrs. Iris Colston of Muskogee, Oklahoma, mother of Bill Colston, had major surgery in Oklahoma City Wednesday. The Bill Colstons expect to go to visit with Mrs. Colston.

Food Sense — Not Nonsense

Take A Close Look — What Makes The Man?
What makes the man—or the woman? How you view them will depend on your answer. Nutritionists know that there is a close relationship between what people eat and what they are physically.
... studies. As the basis of dietary allowances for adults, results of the National Research Council selected a standard man and a standard woman. The standard man is 67 inches tall and weighs 154 pounds. The standard woman is 62 inches tall and weighs 121 pounds.
... was this age selected? Because at this age, growth is completed and the insurance and other data indicate that best expectations for health are associated with maintaining the normal weight at age 25.
... nutritional needs of individuals, with the exception of calorie requirements, will vary little throughout the next 40 years of their life, during the years 25 to 35, the standard man will require 2,600 calories, and the woman 2,000 calories, daily. As they grow older, their calorie needs of their associates, who may be bigger or smaller, will increase or decrease, respectively. Variations in basic calorie requirements will be influenced most by activity. Heavy work will increase the dietary allowances as much as 20 to 25 per cent above the standard level.
... foods which will provide necessary nutrients as protein, calcium, iron, and vitamins. As an example, look at the contribution of six slices of enriched bread—enriched bread. If the standard man's requirements: calories, 23; riboflavin, 15; and niacin, 19; and the woman's: calories, 11; protein, 18; calcium, 14; and B vitamins—thiamine, 23; riboflavin, 15; and niacin, 19; before a close look at what makes the man, physically, is a well fed diet and holding to his youthful figure—normal weight at 25 years of age.

WTS Lists Six From Floydada For Graduation

CANYON, April — Six persons from Floydada are listed as candidates for degrees from West Texas State College at the spring commencement exercises May 22. They will be among 258 who are expected to participate in the single-day graduation activities.

Should most of the 258 candidates complete requirements for degrees, the class will be the largest ever graduated from West Texas State. Largest number in the past was 248 who received degrees in the summer of 1951. Largest spring graduation class was in 1951 when 241 received degrees.

The Floyd county candidates include Richard Jones, who is seeking a bachelor of science degree, and Billy Jack Eudy, a candidate for a master of business administration degree.

Mrs. Luella Irwin McCarter is seeking a bachelor of science degree. She has majored in physical education and is a member of the P. E. Majors club. She is a graduate of Floydada high school.

Miss Elaine Snodgrass, also a candidate for a bachelor of science degree, has majored in home economics and is a member of Kappa Omicron Phi, the home economics fraternity. She is a transfer student from McMurry college. She is the daughter of Mr. and Mrs. W. C. Snodgrass.

Mrs. Carolyn Kiker Barrett is a candidate for a bachelor of music education degree. She is a member of the Music Educators National Congress and the West Texas State orchestra and choir. She is the daughter of Mr. and Mrs. Luther Barrett.

E. Kiker and is married to Dwayne Barrett. Dan Hagood is seeking a bachelor of business administration degree. He has majored in business. A member of Tau Tau Tau, he is the son of Mr. and Mrs. Cecil Hagood.

WELL-PRESERVED Side Saddle Found For May 28 Parade

The side saddle which Nanny Farnsworth owned and used to ride over the Floyd county prairies as a girl, will be seen in the parade of the Floyd county old settlers here on May 28.

The saddle, borrowed from its present owner Mrs. Henry Bollman by J. T. Spears, was loaned to Skeet Thornton of the parade committee last week-end and it is now being conditioned for use. Conditioning consists principally of using life restorer on the leather of the saddle, for the saddle, despite its age of considerably more than 50 years, is in good usable condition.

Nanny Farnsworth, now deceased, the mother of Mrs. Bollman, was a daughter of the late Mr. and Mrs. Geo. W. Farnsworth, who settled east of Lockney near old Roseland in 1890. She was reared in this county. Her husband was the late Jim Hammonds.

Mrs. Bollman was not quite certain of the history of the side saddle, but thinks possibly she may be able to learn more of its history before the date of the pioneer meeting.

Mrs. Billy Jones, herself a daughter of a pioneer couple, Mr. and Mrs. S. L. Rushing, has been promised the side saddle to ride in the parade. Mr. Thornton said this week.

The pioneers meeting Saturday afternoon arrived at a decision to feed the old settlers in the same manner as last year at the Legion hall.

It was announced at the meeting that the Floydada Roping club is planning a matched roping at the rodeo grounds as a part of the celebration the afternoon of May 28.

President Troy Leonard announced that another meeting of the planning officers and directors will be held on May 14 at 2 o'clock, to check on preparations for the reunion two weeks before it is to be held on May 28.

In College Play

Grover Warren Smith, son of Grover Smith of this city and of Mrs. Jack Hawkins, of San Leandro, California, recently played the Reverend Watson role in City College of San Francisco's production of "The Silver Whistle."

Smith, a 1953 Floydada graduate, has also appeared in college productions of "The Curious Savage," "Gaslight," and "Goodbye, My Fancy."

Mrs. Charles Hatley is said to be resting comfortably in Pitts hospital following surgery Thursday night.

Asian-African Conference Site

The Republic of Indonesia is host April 18-24 to over 600 delegates from 30 nations, representing half the world's population, meeting for the Asian-African Conference. Sessions will be held in the Dwi Warna "Two-Colors" building (above) (named for the Indonesian two-color flag), Bandung, Java. Although Indonesia is co-sponsor the Government has said that views expressed at the meeting do not necessarily reflect the Republic's own foreign policy nor are binding on any of the other participants. A major objective of the meeting is a search for ways to lessen world tensions. Inset are the prime ministers of the five Colombo Powers sponsoring the conference. Left to right: (top) Mohammed Ali, Pakistan; Ali Sartoomidjojo, Indonesia; Jawaharlal Nehru, India. (Bottom) U Nu, Burma; and Sir John Kotelawala, Ceylon.

Ross at Heating, Air Conditioning Meet at Wichita

WICHITA, Kansas, April 18 — S. W. Ross, manager of Willson & Son Lumber Company, Floydada, is in Wichita this week for a heating and air conditioning school sponsored by The Coleman Company, Inc.

Mr. Ross is one of 40 Coleman dealers selected for special instruction in the classrooms and laboratories of the Coleman Heating Institute.

The school serves to acquaint Coleman dealers with the newest developments in the field of home heating and air conditioning.

The five-day session includes both lectures and laboratory sessions. Coleman heating and air conditioning equipment offered by Willson & Son Lumber Company includes wall furnaces, floor furnaces, water heaters and Blend-Air, a new system for heating and cooling old as well as new homes.

Judge and Mrs. H. A. C. Brummett have moved into the Oscar Stansell house at 1120 South Wall. Mrs. Brummett is the new home demonstration agent for Floyd county. They have gone to Colorado City for a few days and will return to be at home here.

Community Art Exhibit Dates May 23 thru 28

May 23 through May 28 are the 1955 dates for the annual Caprock Community Art Show which is held each spring in Floydada. This announcement was made this week by Mrs. E. J. Barker, show chairman.

The Caprock Community Art show is an exhibit of amateur art which gives artists in this area an opportunity to exhibit the work they have completed during the year.

Entries of oils, water colors, pastels, pencil and ink will be made by age groups, and ribbon prizes will be awarded by a competent art judge.

There is also a class for the professional artist and teacher but this class will not be judged.

The show is open to everyone in this West Texas area who would like to compete with their art work.

The ribbon prizes will be furnished by the Floydada Chamber of Commerce.

There are no rule changes from last year's show, Mrs. Barker pointed out. All work must have been completed within the last two years, and all pictures must be framed. Each artist is limited to two entries. 1955 marks the fourth Caprock Community Exhibit. The first show was held in 1952 and given its present name to include Floyd and surrounding counties and to stress "community art". The show is planned for the West Texas artists who make art a hobby and to give the amateur who paints for the fun of it a chance each year to show what he can do.

Over 100 entries from a wide West Texas area are expected by the show committee for this year's exhibit.

Sheriff and Wife Visit Capital City

Sheriff and Mrs. Earl Cooper accompanied three Floydada children to the Texas Baptist Children's home at Round Rock, Texas, Monday of this week, returning home Tuesday.

The children were Linda and Jimmy Canada and Peggy Sue Hender-

son. The children's home now has a population of about 160 children. While near Austin Mr. and Mrs. Cooper went on to pay the capital city a visit. While in the capitol they were introduced by Speaker Jim Lindsay of the House of Representatives as guests of Representative Leroy Saul of the 89th district.

Collier Wins Trip To Louisville, Ky.

Bob Collier, of Collier Electric of Floydada, was named winner of an all-expense paid trip to Louisville, Kentucky. Collier, now in Louisville, was among the outstanding dealers from the states of Texas and New Mexico who were winners in a recent contest of General Electric Supply.

While there the group will see the new 350 million-dollar appliance manufacturing center at Appliance Park in Louisville. They will also enjoy several side tours including a visit at the horse races at Lexington, Kentucky.

Collier left Floydada Tuesday and was expecting to be gone some four or five days. The group of dealers who were winners in the contest traveled by train from Dallas to the blue grass state. A feature of the tour of the GE plant will be that of seeing new appliances built from raw material to the completed product.

FLOYDADA STUDENTS HAVE ROLES IN COMEDY AT TECH

LUBBOCK — Arch M. March and Ray M. Cook, of Floydada, have parts in the Texas Tech speech department production of "Arms and Man," a comical satire which will be presented at Tech speech auditorium on May 2 - 7.

March, a graduate student, has the part of Captain Bluntschli in the play, and Cook, a junior English student, will play the part of Major Petkoff.

The play, written by George Bernard Shaw is a comical satire on the conventional ideas of love and war. March is the son of Mr. and Mrs. Joe March, and Cook the son of Mr. and Mrs. Ray Cook, of Floydada.

Mr. and Mrs. W. H. Hilton spent last week-end at San Jon, New Mexico, where they were guests of Mr. Hilton's brother.

Mrs. J. H. Helms Passed Monday

Funeral service for Mrs. Helms, 49, was conducted Tuesday afternoon at 2:30 p.m. from the Wall Street Church with Elder O. W. Kirk officiating. Burial was in Floydada under the direction of the funeral home.

Mrs. Helms passed away Monday morning in Peoples home being ill for nine months.

She was born in Corsicana, Texas, 1905 to James H. Helms, born 1921.

She is survived by her two daughters Mrs. Dan El Paso, and Billie Cornwell of El Paso; her view; three brothers, O. Glenn, Amarillo, and George of Plainview; and one son, Wayne Billington of Ft. Worth.

Funeral bearers were J. P. Miller, Johnnie Cates, Rayress, Ray Slater and Walter

THE NEW
"MOTORIST'S PERSONAL PROTECTION PLAN"

- This plan protects an important part of your earning power during the time you are totally disabled, even for life, by bodily injury sustained in an automobile accident. This means continuous total disability commencing within 20 days after the accident. This feature is available to you if you earn a regular income, and also to your wife if she earns a regular income away from home. It provides payment at the rate of not less than \$25 nor more than \$50 a week. This benefit alone can be worth thousands or tens of thousands of dollars to you!
- It also provides a lump sum payment of \$5,000 or \$10,000 (depending on which you purchase) in the event of your death from bodily injury in an automobile accident, provided death occurs within 90 days after the accident. Your wife (or husband) can have this protection, too.
- The following combinations of benefits are available:
 - \$25 a week Disability Benefit with \$5,000 Death Benefit
 - \$50 a week Disability Benefit with \$10,000 Death Benefit
 - \$5,000 or \$10,000 Death Benefit alone.
 Disability Benefits in units of \$5, between \$25 and \$50 weekly, are also available.
- This plan covers you while in or upon, entering or alighting from your own car, another person's car, a bus, taxi or truck, or when hit by a car while a pedestrian.
- This insurance does not apply to bodily injury or death sustained in the course of occupation by any person while engaged in
 - duties incident to the operation, loading or unloading of, or as an assistant on, a public or livery conveyance or commercial automobile, or
 - duties incident to the repair or servicing of automobiles.
 Nor does the insurance apply to bodily injury or death sustained while in or upon, entering or alighting from a home, office, store, display or passenger trailer, nor to loss resulting from disease, suicide or war.
- The benefits apply regardless of who is to blame for the accident and irrespective of whether the other driver is insured!
- Covers you anywhere within the United States or Canada.
- And it's surprisingly low in cost! For example:

\$25 a week Disability Benefit with \$5,000 Death Benefit costs	\$5 a year
\$50 a week Disability Benefit with \$10,000 Death Benefit costs	\$10 a year
\$5,000 Death Benefit alone costs	\$2 a year
\$10,000 Death Benefit alone costs	\$4 a year

VIEWS AND COMMENT

Rural electrification is one of the blessings which came out of the Roosevelt era that has done so much for life in America. Mr. Roosevelt may have faltered at Yalta as many have claimed and still claim. But the president and the congress did a man-sized job of good for the country when they brought electrification to the rural homes. Meeting in Floydada Saturday will be one of the great groups which have benefitted from this idea. This idea grew out of need for a major improvement which was too big for private industry to carry on without help. In former years (as for instance in the building of railroads) the help was in the form of a direct subsidy. The same goes in this modern day for air lines, for navigation projects and probably other developments that need fostering. The major difference between these and rural electrification is that whereas they have gotten or are getting direct subsidy in dollars and cents, the rural electrification projects are getting help in the form of loans, which are being repaid. The long run cost to the taxpayers will be not a cent. Rural electrification projects are paying their way. Unfortunately there are some critics, but these are ill-advised in our opinion, probably just misinformed. One has to listen in and look at what real benefits have come to business in general to realize what rural electrification has meant to the country, even forgetting the principal value, which is to the millions of individual homes.

The current campaign to provide for the crusade against cancer this year is being pushed in many counties of Texas which do not have a community chest. A community chest, by whatever name, provides a one-shot campaign for all the welfare agencies which the community determines should have its support. It so happens that the Cancer Crusade was included in the list of welfare agencies which got support of the Floyd county United Chest. The fund weeks ago received a check for its pledged share of the money. For our belief this is another feather in the caps of those who won out against indifference last fall to plan and work out the plan for Floyd county. Nice to have one campaign to do it all. Especially nice for those who are called upon to do the footwork.

Mental disorders today represent a major health problem. So says Dr. Henry A. Holle, state health officer of Texas. The astounding declaration is made by the doctor that nearly 50 per cent of all hospital beds in the country are occupied by patients with mental illness. In addition at least one in 10 of the general population is suffering from emotional illness sufficiently disabling to interfere with work and family life. Doctors and scientists have been able to meet the problem of disorders of the mind stemming from organic causes such as pellagra and syphilis. Right now the research is turning to disorders due to psychological causes. Believe it or not childhood experiences are seen as of vast significance in mental health. The first

three years of a child's life, when it needs consistent, warm mothering, may be of vast importance as the child begins to meet the pressures of daily living in an increasingly complex world. So indicates the research into the study of the minds of the mentally unbalanced in this modern day.

Speaker Sam Rayburn. Texans led the states of the nation in number of individuals present for the testimonial dinner Saturday night for Speaker Sam Rayburn, the Bonham man, who of all Texans holds the highest office and has the longest term of service. A war horse in the Democratic camp, the 4,000 or more who journeyed from all over the nation did well to call him chief who for 40 long years has met every type of political foe in combat in Washington and on the stump. Mr. Rayburn is the type who "takes his straight". He campaigned for Woodrow Wilson, for John W. Davis, for Al Smith, Franklin D. Roosevelt and Harry S. Truman. They bore the label. He backed them. A remarkable man, Mr. Rayburn is.

Want Land Program. The Veterans of Foreign Wars in Texas want a continuation of the veterans' land program. They are astounded at the confession of many legislators that the legislature is too inept or lacking ability to write and enact legislation that will "safeguard the administration of a program and close the loopholes against cynical connivers." The easy way out is to recommend that the veterans land program be abolished. The legislators are jittery over the scandals which developed in January and, according to report, it has been difficult for them to settle down and give other problems of the state the attention they should have had. This is entirely understandable. But the veterans have made no demands of the state for bonus or other special legislation. They think, and rightly that since the veterans' land program can be carried out without any actual cost to the taxpayers it should be continued. And they are unhappy because the legislature appears to shy away from the plan because "there has been a mess made" of it thus far.

Sick Orders

By order of the social insurance authority in the Soviet zone of Germany, no establishment with up to 700 workers is allowed more than five sick at one time.

—Bulletin, Bohn, Germany

A special room at the Capitol in which members of Congress may pray and meditate is nearing completion. Cynics will say that it is about time that congressmen did either or both. Truth compels the statement, however, that these occupations are no more needed by our legislators than by citizens generally.

Judges to Rate Piano Solos of Floydada Pupils

Approximately 300 piano solos are being prepared to be auditioned at the National Guild Tournament held annually in Lubbock, from the classes of Mrs. Pearl Fagan and Mrs. Joyce Nelson of Floydada.

The auditions will be heard at Texas Tech in the music building April 27, May 6 and 7.

Dr. Thurmond Morrison, head of the music department at Hardin-Simmons University will be the judge for students applying for credit.

All pupils will play ten solos and are rated national honor roll pupils.

Those registering from Mrs. Fagan's class are Linda Gayle Clark, Patricia Helms, Ann Hickerson, Kelly King, Roger Trapp, Dick Galloway, Sonja Kay Guffee, Jane Ann Carpenter, LaJuana Ann Rimmer, Janet Boren, MarGwen Lackey, Sherlene Teeple, Julia Ann Daniel.

Mary Ann Odam, Irma Sue Morrison, Judy Wilson, Suzanna Collier and Ann Word.

Registering from Mrs. Nelson's class are Helen Foster, Jill Matzler, Nita Pay Goughly and Velda Pollock.

Students preparing for recital work in Mrs. Fagan's and Mrs. Nelson's classes other than the national guild entrants are Sheila Patterson, David Boren, Jennifer Henry, Jolene Patterson, Elsie Smith, Ruth Ann Smith, Wren Patterson, Gay and Larry Fagan, Karen Goen and Mary Word.

The recital here will be at the First Baptist church on May 27.

McCoy Makes Plans For Youth Revival

McCoy Baptist church will hold a youth revival April 29 through May 1. Four services are to be held during this period with young people taking the lead in the church activities.

Young Tucker, assistant pastor of the First Baptist church of Lubbock, will bring inspiring messages for both young and old.

Highlight of the series of meetings

will come Saturday night when the McCoy church will host the Floyd Baptist association youth rally. Weldon Beckner, music director of Rails First Baptist church, will take part in this special service.

Everyone is invited to attend and hear youth take its stand for Christ.

Here are the Three Greatest New-Car Values in America!

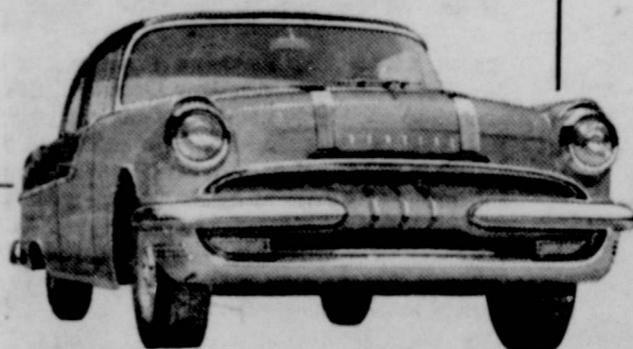

THE FABULOUS STAR CHIEF—It's luxury-sized. The roomy body is mounted on a 124" wheelbase. It's luxury-powered. The Strato-Streak V-8 puts 200 horsepower up front. It's luxury-styled. Fabrics and interior appointments match those of the highest-priced cars. It's beautifully distinctive—way out front for future-fashioned smartness. And it's a Pontiac—which means topmost reliability, thrift and resale value.

THE FUTURE-FASHIONED 870—Here's a car outstanding in every way. Outstanding in performance with exclusive Strato-Streak power. Outstanding riding ease with a long wheelbase unmatched at the price. Especially outstanding in the wonderful way it handles and responds with passing power. For luxurious driving at modest cost you simply can't do better.

THE SPECTACULAR 860
Here's a king-sized car with a 122" wheelbase, and 200 horsepower, for less than many models of the lowest-priced lines and much less than stripped economy models of higher-priced makes. Beauty? Just look! And remember—you can choose from 4 luxurious interiors and some 36 modern color combinations.

All with the history-making 200-H.P. Strato-Streak V-8 Engine!
Every Pontiac has the Strato-Streak V-8, one of the most efficient power plants ever developed. Here's more take-off punch, more passing drive and more years of smooth performance than you have ever enjoyed in any car within hundreds of dollars of Pontiac's low price range. And that applies whether you decide on 180 horsepower or specify the optional power-package for 200 horsepower. Either way you get topmost power per dollar.

LIBRARY NEWS

(By Mrs. Lee C. Golightly)
The "Use your Library Contest" is half over. At present in the first group there is a tie between Jimmy Little, Harryette Hollums and Ronnie Day.
Cheryl Rucker, Lockney, is leading the second group with Ray Watson, Lockney, and Linda Duncan, Floydada, close behind. In the third group Homer Whitfield is ahead of Larry Coltharp by six votes, and Frankie Taylor is third. Everyone in the county is entitled to one vote. Come into the Library, check out a book and place your vote for some child that has entered the contest.

Added to the table of new books is "Audubon Guides" by Richard H. Pough. This is the most complete and fully illustrated guide to the land and water birds of Eastern and Central America ever published. Audubon Guides was given by the Kinder Farris family in memory of T. J. Way.
Other memorial books for the week are as follows: Mr. and Mrs. Paul B. Murff in memory of W. B. Jordan; Center Home Demonstration Club in memory of W. B. Jordan; Junior G. A., First Baptist Church in memory of W. B. Jordan and the Lee C. Golightly family in memory of W. B. Jordan.
Story hour was fun Saturday morning. Games were played on the courthouse lawn, followed by stories told by Mrs. Billy Brown. Mrs. E. E. Joiner served refreshments to about fifteen children.

Highlights And Sidelights From the State Capitol

(By Vern Sanford, Texas Press Association.)

AUSTIN, Texas—Tax plans tallied in the House before adjournment last week-end.

A tight-running team carried the Stanton Stone "fleas to uranium" omnibus tax compromise. But they threw the ball over the head of the receiver. Net result: The House refused to pass the bill at second reading. It had to be revived for further action.

Some members rebelled because they weren't in on the play.

New compromises, with more play-

ers and less taut rein, however, promised an ultimate tax bill. Members have been talking about \$100 million new taxes, and that was just about what the new compromise plan embraced. It would involve face saving all round.

The four-point plan included: Acceptance of the Stone cut of the gasoline tax to one cent, from two, as originally asked by Governor Allan Shivers. At the same time, one-fourth of its revenue — eight million a year — would be given to cities and counties to buy rights-of-way.

One-cent increase on cigarette tax was kept.

Cut-down levies on beer dealers' licenses voted by the House was accepted, but, in deference to strong group demands, \$1 a barrel tax on beer was added.

Natural gas production tax would be frozen at its present 9-cent level. By present law, it would drop to 8 cents in September and 7 cents after September 1, 1956.

As the bill stood when the House refused passage, it would raise forty and one-half million dollars a year. Various changes proposed in the second compromise would push it up to \$50 million a year, thus reaching the "\$100 million" about which members talked.

There still is talk of a special session, should the regular session not be able to iron out differences on where and how to raise the needed revenue.

OTHER BILLS PASS
While the House walked around the tax issue, a number of non-controversial bills were passed.

Voted by the House was concurrence in Senate amendments to a bill banning "lewd and depraved"

comic books.

Also voted was a Senate amendment shortening the "cooling off" period in divorce cases. The House has passed a bill setting the time at 90 days. The Senate made it 60.

Two Senate bills calling for mandatory jail sentences in sex offense convictions involving children were approved by the House.

Final passage was given a bill increasing the length limits of trucks from 45 to 50 feet.

In the Senate, 43 local and uncontested bills were passed.

PROBE TO CONTINUE
Veterans land investigations will proceed in the Senate, despite bitter objections of some members.

Senator Jimmy Phillips said it would be wrong to stop it because "all parties responsible for the gigantic fraud have not been exposed and named."

Senators Dorsey B. Hardeman and Rudolph A. Weinert contended that the probe has established the pattern of fraud and the time has come for trial of persons indicted. Voting was 19 to 12 to carry the inquiry through May 10.

Last week was the first in a long time when no new criminal charges or indictments or civil forfeiture suits were filed, involving veterans land.

Submission of additional land bonds has been voted by the veterans Land Board two-to-one with Attorney General John Ben Shepherd voting no. Hearing has been postponed in the Senate on Sen. George Moffett's \$100 million bond plan. A \$200 million resolution was waiting in the House.

WATER BILL PASSES
Finally passed by the House was a measure creating the Trinity River Authority.

Water conservation, flood control and irrigation projects are authorized by the bill which specifically forbids construction of a barge canal between the Gulf of Mexico and the Fort Worth-Dallas area. Failure was the destiny in the House of a proposed constitutional amendment to finance dams and other water projects.

Voting favored the resolution 78 to 61, but 100 votes are required to submit a constitutional amendment.

Under the defeated proposal, a State Water Commission, with increased authority, would supplant the State Board of Water Engineers.

TIDELANDS AGAIN
More trouble looms between the federal government and Texas over the tidelands.

Attorney General Sheppard said he had discovered that the U. S. Interior Department and the Department of Justice will oppose Texas' sale of tidelands oil and gas leases May 3.

Congress restored ownership of the tidelands, out to the 10 1/2 mile limit, after the submerged areas had been claimed by the federal government.

Only three miles of the offshore lands were returned to other states.

Now it appears the federal government wants to hold Texas rights to three miles.

Council Plans Include Picnic For May Ninth

Floyd county home demonstration club council met in regular session, Saturday, April 16, in the council room of the court house. Mrs. M. J. McNeill presided.

Mrs. O. G. Glassmoyer, from the Floydada Garden club, told the ladies of the park project her club is trying to complete, with help from other clubs and interested people, and asked the cooperation of home demonstration clubs.

Mrs. Harriette Brummett, demonstration agent, said the information for ordering scissors had come. They can be ordered in her home at 32 1/3 discount. Orders for the special set must be in her office by the 15th of May.

PICNIC MAY 9

Mrs. John Fowler, chairman of committee for National Home Demonstration Week observance, announced this week would be observed with a picnic May 9, from 11:00 until 2:00 o'clock at the V. F. W. hall. A charge of 15 cents will be made for each person.

Each lady should bring a covered dish, her own plate, glass and fork and each club is to furnish their own drinks, also each club is to be responsible for a number on the program such as a skit, or reading. Bread and ice will be furnished by the council.

SAFETY DRIVING MEETING

Mrs. R. G. Dunlap announced a meeting on safety driving would be April 27, at 3 p. m. in the district court room. Captain Lee, from the highway department, has been secured to give a talk and show a film. Do you know what to do in case you have an accident on the highway or drive up on one? Questions like this will be answered and any other questions you may want to know the answer to, pertaining to driving.

The school on hat making will be April 25, from 9:30 until 3:30 o'clock in the R.E.A. building. Mrs. Hill-dreth, agent from Swisher county, will conduct the school and each club may send two ladies.

Mrs. Brummett said visitors are always welcome to come to council and she suggested each club member to visit council at least once a year.

STITCH AND CHATTER CLUB MET WITH MRS. NORRELL

The Stitch and Chatter club met April 14 with Mrs. L. G. Norrell as hostess. Roll call was answered with a favorite hymn.

Mrs. W. C. Mooney was in charge of the game and Mrs. Vivian Keeling won the penny gift.

The next meeting will be with Mrs. Dick Nichols at which time it will be an all-day meeting. The members of the club will quilt for our president, Mrs. Gladys Hammonds.

Refreshments were served to two visitors, Mrs. Doris Davis, and Mrs.

Elmer Norrell and members: Mmes. W. Dick Nichols, W. G. Keeling, Colis Moore, J. B. Turner, and the hostess, Mrs. Norrell.

Will Demonstrate Hat Making Art

Floyd county home demonstration club women will learn to make their own spring bonnets.

Mrs. Mona Hildreth, home demonstration agent of Swisher county, will conduct a hat making workshop for the home demonstration women of Floyd county April 25 in the Lighthouse Electric Coop building.

Two leaders from each home demonstration club will attend the workshop, receive the training and will then teach the members of their respective clubs the art of making hats as they have learned it.

The workshop will be in session from 9:30 a. m. to about 3:30 p. m. Each leader will make a hat as a part of her training.

Why Trop-Artic Oil Can Double Engine Life

IT'S PERFORMANCE THAT COUNTS!

Some motor oils give good protection at low temperatures. Other oils are effective at high temperatures. But new TROP-ARTIC All-Weather motor oil gives protection at all temperatures, from below zero to extremely high heat.

So it's easy to see why TROP-ARTIC is so much better than ordinary motor oils at preventing engine wear... so much better that it can even double engine life. TROP-ARTIC lets you start easier... saves you gasoline... and can save 15% to 45% on oil consumption.

Phillips 66 TROP-ARTIC is the first all-weather oil to meet the highest standard ever established for automobile motor oils... the Mil-0-2104 Supplement 1 Test.

Regional Play Contest 9 a. m. Next Saturday

Floydada high school's one-act play, "The Wind Is Ninety", coached by Mrs. I. T. Graves, which took top honors at the area meet held in Amarillo last Wednesday, will compete in a regional one-act play contest at Texas Technological college in Lubbock on April 23, at 9:00 a. m. in the auditorium of the Speech building.
 Named best actress was Joyce Hammonds, daughter of Mr. and Mrs. C. T. Hammonds, Bobby Rainer, son of Mr. and Mrs. A. C. Rainer, was declared best actor at the area contest.
 Story of Floydada's play is of a World War II pilot, killed in action who returns from the dead to visit his family.
 In addition to awarding honors for "best play," "best actor" and "best actress," the contest judges named an "all-star" cast of two actors and two actresses. Winners of all-star honors are Barbara Rose Powell of Perryton; Amy Daring and A. C. Malone of White Deer; and Lourie Johnson of Floydada.
 Judges for the contest, which was held in the Amarillo College auditorium, were Mrs. N. N. Whitworth of Amarillo high school, James Cherry of Horace Mann junior high school, and Miss Patsy Duncan of Sam Houston junior high school. Hosts for the contest meet were members of the Amarillo College players. Contest director was J. C. McDonough, drama instructor at Amarillo College.

Here's why Chevrolet out-V8's everybody!

These features and advantages are the measure of a truly modern V8 engine... and only Chevrolet has them in the low-price field. Most aren't even found in high-priced cars. That's why Chevrolet is stealing everybody's thunder with the most modern V8 on the road!

Modern 12-volt electrical system!
 The only car in the low-price field with the extra energy of 12 volts... twice the electrical punch.

Faster, stronger cranking for cold-weather starts and a "fatter" spark for faultless high-speed operation.

Highest standard compression ratio in its field!
 Chevrolet's compression ratio is 8 to 1, to wring every possible ounce of power and extra miles out of every gallon.

Requires only four quarts of oil!
 Chevrolet's V8 engines are so efficient they need only four quarts of oil... so you save money on every oil change!

Highest horsepower per pound!
 These great V8's weigh far less than any similar engine in America, top the low-cost field in power per pound!

Shortest piston stroke in the industry!
 Three-inch stroke reduces cylinder-wall friction, generates less heat, permits more compact design.

The pistons do far less traveling per mile... that means less engine wear, lighter loads on bearings, longer life.

It's the valve-in-head V8 as only the valve-in-head leader can build it!

DON'T BUY ANY V8 UNTIL YOU'VE TRIED CHEVROLET'S RECORD-SMASHING "TURBO-FIRE V8"!

Most Modern in Design -- Lowest in Price

Well, a "hi-de" to you as the famous saying goes. Here goes with a little bit more of the F.H.S. gab!

First of all a great hand should be extended to our one-act play cast for bringing home first place. Also a big pat on the back should be given to Joyce Dell Hammonds and Bobby Rainer for receiving best actress and actor awards. Lourie Johnson is to be congratulated for getting to be on the all-star cast.

Friday and Saturday proved to be big days for F.H.S. Students and all of the surrounding towns in our district. Friday, Literary events occurred.

Then on Saturday, the big track meet and all the volleyball games. I know for sure the girls of F.H.S. won a second place in the volleyball tournament. Paducah won over us for first in volleyball. But, just wait till next year.

Shirley Johnston, did you finally change clothes?

Flash! Have you tasted the new kind of ice out at the Dixie Dog?

Ann Hickerson was honored with a sixteenth birthday party last Wednesday night. She had a huge dance and lots of refreshments. Everyone had a real "gone" time. Those who participated in the fun were Lynn Raley and Donnie Young, Glad Norman and Beuna Holmes, Gail Baxter and Laron "Charlie" Fulton, Sonja Wilson and Jackie Jarrett, Gerry Graves and Jackie Johnson, Nita Jo Lightfoot and Bobby Carmack, "Weevil" Allen and Robert Stovall, Carolyn Collier and Elton Turner, Dee Nix and Ann Hickerson.

We've all missed Ginger Timmin in school. In case you haven't heard she has the measles. Hurry and get well, Ginger.

The Student Council decided Western Day should be April 29. Agriculture boys will give an assembly with Bobby Carmack in charge of the music. Glad Norman was selected as the sheriff of Western Day. He will select a posse of twelve.

A new steady couple of F.H.S. is Stanley Vickers and Margie Houston.

Violators of Twirp Week had to bring a can of food to repay their wickedness. Just 18 brought their cans.

Last week I forgot to tell you that Larry Glassmoyer was given a going away party by Sonja Wilson, Elton Turner and Weevil Allen, Cheryl Crawford and Johnny West and Bethie and Larry attended. We already miss you, Larry.

All the F.H.S. boys were seen up at Jimmy Collins' Sunday. You should see Jackie Henry, Bobby Carmack and Jimmy Collins, what pretty hair they have? Of all the blonde-headed boys we can't tell who's who.

Daters seen around have been Sherre Darden and Winfred West, Cheryl Crawford and George Chapman, Vanda Carter and Don Barber, Sonja Wilson and Robert Stovall, D'Lene Witkowski and Waldo Baxter, Pat Hickerson and Jim Womack, Leora King and Jay Johnson, Judy Wilson and Joe Arlan Noland, Sally Jo Redd and Rex Jones, Margie Houston and Stanley Vickers and a whole bunch more.

Beuna had a huge slumber party last Friday night. I hear they had a pretty good time!

Well, that about concludes this session of the column. Everybody be good and don't forget to turn to the "Sandy Sez" next week.

Compliments of papermate pens. Alias, Sandy

Fairview News

(By Mrs. Cyde Bagwell)

FAIRVIEW, April 19—We take this means of expressing sympathy to the family of W. B. Jordan, who passed away at his home in Floydada Saturday afternoon. Mr. Jordan was a former neighbor of ours and a long time resident of the Center community. L. B. Cozby, sr., and Mr. and Mrs. Cyde Bagwell from here attended the funeral Monday afternoon at the First Baptist church in Floydada for Mr. Jordan.

We regret to hear of the loss by fire of the home of Mr. and Mrs. R. E. Waggoner, who live just south of us in the Center community. The Waggoners lost everything, just barely getting out of the house themselves.

Jane Ann Carpenter of Floydada was a week-end guest of Judy Wilson.

Mrs. W. T. Branson, who is a patient in Pitts hospital, is feeling better this Tuesday morning.

Mr. and Mrs. Jim Stewart and Jim Dan visited in Plainview Sunday with Mr. and Mrs. Walter Welch. We are sorry Walter has not been feeling well lately.

Mr. and Mrs. Merle Mercer and family of Skellytown visited here with her parents, Mr. and Mrs. Lee Burgett from Saturday until Monday.

Mrs. Lee W. Burton underwent surgery Tuesday in the Methodist hospital at Lubbock. We wish for Nina a speedy recovery. While Mrs. Burton is in the hospital her four children are staying at different places. Sharon and Carolyn are guests of their grandparents, Mr. and Mrs. C. W. Burton in Floydada. Dick is guest of an aunt, Mrs. Earl Huckabee of Center, and Mrs. Walton Wilson is caring for Phyllis Ann. Mr. and Mrs. Cyde Bagwell visited Friday with Mr. and Mrs. E. W. Walls.

Mr. and Mrs. Gene Payne and children of Floydada visited Sunday with his parents, Mr. and Mrs. Cecil Payne.

C. W. Payne and E. W. Walls were among the lucky ticket holders of the Co-op gin meeting in Floydada Monday afternoon.

Mrs. Walton Wilson and Mrs. L. B. Cozby, jr., visited Friday afternoon in the homes of Mrs. C. H. Wise, Mrs. Lee W. Burton and Mrs. Benton Ritchey.

We had a small shower of rain Monday afternoon, not enough to do any good. But it was nice to see a few sprinkles fall.

FACTS PROVE IT!

GET THE FACTS ON "ALL 3" LOW-PRICE CARS AND YOU'LL HAVE PROOF PLYMOUTH IS FIRST:

FIRST IN SIZE—By actual measurement the 1955 Plymouth is the longest car of the low-price 3. (It's even bigger than some medium-price cars.) Plymouth is truly a big car... 17 feet long!

FIRST IN ROOMINESS—Plymouth is also the biggest car inside, with the greatest hip room and leg room. More comfort for you! And Plymouth's trunk, by far the largest in its field, lets you pack practically everything.

FIRST IN VISIBILITY—Comparison proves that Plymouth's glamorous new Full-View windshield—with cornerposts swept back both top and bottom—gives you the greatest visibility of "all 3."

FIRST IN BEAUTY—Compare styling and see why Charm, a leading fashion magazine, chose Plymouth "Beauty Buy of

the Year." Plymouth's long, sleek Forward Look wins over the hand-me-down styling of the "other 2."

FIRST IN ECONOMY—Smoothest and thriftiest engine of all! That's Plymouth's fast-stepping new 8-cylinder PowerFlow 117. Its Chrome-Sealed Action gives you extra thousands of trouble-free miles.

FIRST IN COMFORT—Plymouth offers you the most comfortable ride ever experienced in a low-price car. Only the biggest car in the lowest-price field can give you true big-car riding comfort.

FIRST IN EXTRA VALUE—Plymouth gives you many extra-value features that the "other 2" low-price cars don't have. Come in today and let us show you why Plymouth is first for value!

Why pay up to \$500 more for a car smaller than Plymouth?

Don't be fooled by the claims of so-called medium-price cars that cost practically the same as Plymouth. When you compare price tags you'll find that, model for model, Plymouth sells for much, much less than medium-price cars, and gives you more car for your money!

BED WETTING

Many children are punished for this offense whereas actually they are suffering from a condition over which they have no control.

Logical thinking would make you realize, the muscles guarding the bladder opening must be weak. This occurs as a result of pinched nerves which supply the bladder muscles.

Chiropractic will locate and correct this pinched nerve area and as a consequence the muscles regain their proper tonicity. As a result of this the child will either awaken to go to the bathroom or will retain the urine in the bladder automatically until morning. Get well and keep well through chiropractic.
