

School Board Calls Bond Election July 2

Trustees of Floydada Independent school district announced plans this week for calling a bond election for Saturday, July 2. The proposed issue is for \$550,000.00 which would be used to secure a building site, build a new high school building and do some remodeling and repair work on the present structures.

Board members held forth until the wee hours last Thursday night in working out the final details of the proposal. A. T. Hull, chairman of the board, in making the announcement said steady growth of the scholastic enrollment had made building imperative. Trustees had studied the situation for many months and had met with appraisers, architects and educators who had been faced with similar problems.

The school board voted unanimously to present the issue to the qualified voters of the district, recommending it as the best possible solution of the present situation.

Members of the board beside Hull are Gene Collins, R. G. Dunlap, John Moss, Ernest Lee Thomas, Ralph Johnston and Aaron Carthel. All were present with the exception of Carthel who is in complete agreement with those who attended.

A complete report of the boards findings with their proposals was prepared by Superintendent I. T. Graves and is as follows:

Floydada Board of Education is presenting a bond election for July 2, 1955, for the purpose of constructing a new high school building, to make repairs on old buildings, and to purchase sites and additional equipment.

If said bond issue is approved by the voters of the Floydada Independent School District, approximately \$400,000 will be used for construction of the new building.

It is estimated that the sites, architect fee, new equipment and repairs on the old buildings will amount to a little over \$100,000. The Board of Education thought it best to vote \$550,000 bonds since this is a flexible program. However, only those bonds that will be needed will be issued.

CONSTANT GROWTH In the past decade the Floydada Public Schools have had a constant growth. In 1945 there were only 28 professional units in the entire school system. This next year there will be a total of 57 professional units and there have been only 13 additional class rooms added since 1945. There is a need for other professional units which would be eligible to have from the Texas Education Agency if we had more room.

This next year it is planned to put partitions in the frame building on Andrews ward campus and make additional class rooms. There is also a further need for one or two rooms for exceptional children, a music room, and visual aid room, and room for laboratory science that we do not have. In other words, we need six or seven additional class rooms for this coming year, September 1955, in Andrews ward school.

We are also crowded at high school and need additional room here. According to the National Education Association report there will be at least twenty percent increase in grade school within the next five years and 28 percent increase in high school. This is not considering the steady growth of

Korea Bound Monday. Bobby McGuire, left, popular member of Floydada public school faculty, and Keith Armstrong, high school student, will represent high plains counties on the steamship Friendship, when it steams out of Houston Monday with a cargo of Texas products assembled by CROP for 4-H club boys of that war-ravaged country. The young men will be absent from home probably two months.

Good Ship Friendship Will Sail Friday With Korean CROP Cargo

A Floydada teacher, a Floydada high school student, a Floydada representative of Texas 4-H club boys and a Floydada family which has been prominently identified with the CROP program on the high plains for three years, will participate in the loading ceremonies for the Texas Friendship for Korea to be held at the Manchester dock at Port Houston next Monday.

Secretary of Defense Charles E. Wilson will be the featured speaker when the ceremonies are held at 2:30 o'clock in the afternoon. Korean Ambassador Dr. You Chan Yong will participate in the loading ceremonies.

Robert McGuire is the Floydada teacher and Keith Armstrong the Floydada high school student who will be present for the ceremonies. They are to be two of the Texas "cowboys" who will make the journey to Korea to attend to the herds of cattle, sheep and swine included in the shipment.

Troy Lee McNeill, second year student at Texas Tech, is the Floydada 4-H club boy who will take part in the ceremony representing the 4-H club boys of Texas. Houston Chamber of Commerce will be host for the occasion.

The Floydada family due to make the Houston trip are Mr. and Mrs. Tilden B. Armstrong and their daughter, Glynell. Getting the live stock assembled and loaded out for Houston, along with loads of seeds and other items

Top is shown the "new look" of Floydada Country club's club house, where 300 are members and their families are interested. Below is the just-completed \$15,000 administration building of Baptist Assembly grounds, presented the assembly by Mr. and Mrs. J. M. Willson of Floydada. More than 200 Baptist churches in District Nine are making use of the grounds and making them available to other religious and civic groups.

Beauty Sites on Blanco Canyon Growing as Recreation Centers

The natural beauty of Blanco canyon south of Floydada is drawing interest from a wide area of west Texas as a recreation center. Pointing to this fact have been the rapid growth at the Plains Baptist Assembly Encampment grounds and the improvements at Floydada Country Club.

Attention was called to the magnitude of the Baptist encampment last week by Rev. Cecil A. Ray of Lubbock when he spoke to the Floydada Lions about the camp grounds and what they meant to Floydada and Floyd county. Ray is serving District Nine as vice-president of the encampment and told the Lions of the size of the Floyd county camp.

Plains Baptist Assembly serves 200 Baptist churches and some 45,000 Baptists of District Nine. Though a very young camp in years it is at present the largest in the state of Texas and one of the largest in the entire south.

Started shortly after World War II when L. A. Doyle was pastor of the church at Floydada the camp has grown by leaps and bounds and now has over 100 cabins. There is a tabernacle which will seat 1,000, a dining hall to seat 900, a large guest house and a WMU building. The camp has a large beautiful swimming pool and almost every kind of recreation facilities for outdoor sports such as ball games and the like.

STILL BUILDING E. D. Morgan, business manager of the camp, has living quarters on the grounds for himself and family and they make their home there. Morgan told Hesperian reporters the assembly is still growing as rapidly as ever. There are seven new cabins under construction at the present time. Some 42 additional acres were added to the original plot early this year when the land was purchased from the Montgomery estate to allow additional growth.

Just completed is the Willson building near the entrance of the grounds which will house administrative offices and clinic, and will be the place to register for all encampment visitors. The building is valued at \$15,000 and was a gift of Mr. and Mrs. J. M. Willson, sr., of Floydada. It is of concrete block construction with plenty of glass and has modern tile floors. Included under the roof is a large patio where campers may linger in the cool shade and watch for friends as they enter the grounds. The assembly is not only avail-

Bureau To Ask Weed Law Vote

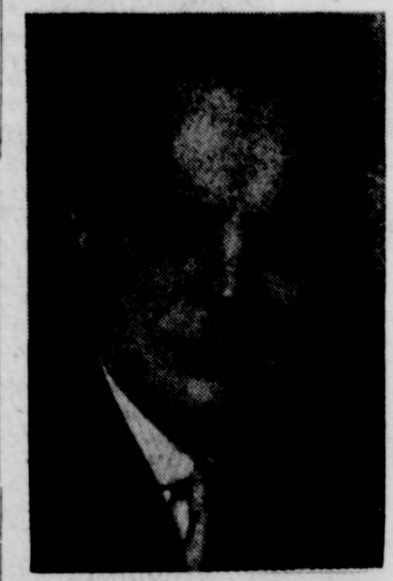

Directors and alternates of the Floyd County Farm Bureau have voted unanimously to petition the commissioners court for formation of a weed control district for Floyd county.

The vote was taken at a meeting held in the local office Thursday night. Fifteen directors were present. According to W. R. Puckett, service manager, the petition is being prepared for circulation. The names of 50 farmers will be required before the petition can go to the court. The bureau is also printing copies of the state weed control law as given in the House Bill 288. These will be distributed in connection with the petition.

Directors also voted to award \$25 each to the winner and alternate of the Floyd County Farm Bureau's Queen contest. The award will be for expenses to attend the Bureau Institute to be held in Mineral Wells from July 31 through August 3. One sponsor will also be given \$25 toward expenses for a trip to the institute. The date of the Floyd County contest has not yet been set, but will be held before that date.

FORMAL OPENING OF NEW BUILDING IS POSTPONED

Southwestern Public Service Company and the Floydada Post Office which are now operating from their new location in the McDonald building on west California street have postponed their formal opening celebration. Tentatively scheduled for Friday, June 17, the event had to be moved up to a new date in the very near future. Arrival of some new furniture was being awaited and also some trimmings are to be added. Announcement of the new date will be forthcoming in the next issue of your Hesperian.

Rallying Democrats. On a six-day swing through Texas this week, Paul M. Butler, national Democratic chairman, is preaching the doctrine of solidarity to gatherings of Democrats.

Paul M. Butler On Texas Tour

An estimated crowd of 300 south plains Democrats, including a dozen or more from Floyd county, heard Democratic national chairman Paul M. Butler Tuesday night in the first of several meetings in Texas under the sponsorship of the Democratic Advisory Council, representing the national Democratic committee. The meeting held at Lubbock was open to all Democrats in the state who wished to attend. County Democratic Chairman Ben P. Ayres headed the Floyd county delegation at the Lubbock meeting. Others included County Judge W. E. Grimes, J. C. Wester, Duncan Hollums, District Attorney John B. Stapleton, Commissioner W. C. Plumlee, W. G. Collins, Mr. and Mrs. J. H. Barnard and Mrs. Maud E. Hollums.

Twelve Queens Are in Contest

At least 12 of the county's young lovelies will be in the contest for the title of Farm Bureau Queen of Floyd county, according to the announcement of the contest committee made by Mrs. John Hoffman and Mrs. Tate Jones.

With several days to go, others who are eligible may enter the contest. The list announced this week is as follows: Joann Swanner, sponsor Sand Hill Home Demonstration club; Barbara Huckabay, sponsor Bohannon gin; Joyce Dell Hammonds, sponsor Friendship Home Demonstration club; Patsy Johnson, sponsor Lakeview Home Demonstration club; Beth Crawford, sponsor Dougherty Home Demonstration club; Pat Helms, sponsor Starkey Home Demonstration club; Sonja Beth Wilson, sponsor Center Home Demonstration club; Maebeth McLaughlin, sponsor Providence Gin company; Arlene Matthews, sponsor Providence P. T. A.; Francine Boedeker, sponsor Providence Home Demonstration club; Virginia Fay Taylor, sponsor South Plains Home Demonstration club; Alice Latta, sponsor Floydada Chamber of Commerce.

### 4-H Crop Judges Third In Contest

A two-boy field crop judging team from Floyd county, representing District 2 of the Extension service in 4-H club activities, placed third in the judging held at the annual 4-H club Round-Up held at A. & M. College last week.

The first-place district team was composed of Norman Brints and David Mount. They made the trip with their coach County Agent Bill G. Rodgers. They scored 1,674 points out of a possible 2,000 at A. & M.

These with Donita Milton and Carolyn Williams, 4-H club girls and their adult leader, Mrs. Lynn Miller, made up the Floyd county delegation at the annual Round-Up.

### Roping Match Is Scheduled Sunday

A roping match to be held at the Floydada Rodeo association arena, Sunday afternoon at 3 o'clock, will see five ropers of the Floydada roping club matched against a visiting team from the Turkey club.

Five-man teams with three calves to the man will contest.

The match will be followed by a jackpot contest.

Competing for Floydada will be Bud Pope, Ras Ware, Billy Kirk, Loy Lee Trice and Jack Johnson.

Last Sunday a Floydada team was beat out by a net of 20 seconds by a team from Silvertown at the roping arena. Snooks Baird, Pee Wee Tidwell, Freddie Hamilton and two other ropers represented the Silvertown club.

Mrs. L. B. Cozby, sr., and her daughter, Mrs. T. L. Perry and Jan visited in Floydada Monday afternoon with Mrs. G. M. Bullard.

Mr. and Mrs. T. L. Perry and Jan visited Sunday in Floydada with Mr. and Mrs. J. T. Perry.

Mr. and Mrs. Clyde Bagwell visited Tuesday night with Mr. and Mrs. C. W. Denison.

Mrs. E. W. Walls made a business trip to Lubbock Tuesday and came back by Sand Hill and stayed the night with her sister, Mrs. D. D. Tate.

Two Floydada piano students won signal honors in national guild auditions, according to announcement made this week. They are:

Kelly King, son of Mr. and Mrs. M. W. King, winner of national honors in piano with a grade of 94% in National Guild auditions and winner of 1st place cash prize given; and

Dick Galloway, son of Mr. and Mrs. Al Galloway, national honor roll student in piano with a grade of 93% in National Guild auditions. Winner of 2nd place cash prize given.

The students are Floydada high school sophomores and pupils of Mrs. Pearl Fagan.

Mr. and Mrs. B. F. McIntosh, of Temple, have been here this week, guests of their sons, S. J. McIntosh and family, and Dr. and Mrs. O. R. McIntosh. They are on a vacation which will also take them to South Texas points before their return home.

The film is in Anasco color and was made on location in Arizona.

Aaron Rendon, who has been stationed at Ellington field, Houston, in the Air Force, is at home for 30 days to spend with his parents, Mr. and Mrs. A. Rendon. He has been in the service for a year. He anticipates being assigned to a station in France when he reports for duty.

Floyd Bell, of Texarkana, Texas, was here Monday for a brief visit with his father, Fred Bell, and brother, Ted, enroute home from a business trip to Denver.

Mrs. Homer Steen, who had surgery at Scott & White hospital in Temple 12 days ago was at home the first of the week convalescing satisfactorily.

Mr. and Mrs. August H. Ganze, of Corsicana, were guests Monday and Tuesday of last week of Mr. and Mrs. Henry Edwards.

## TRACTOR DAMAGED BY FIRE

Considerable damage and loss of the use of the machinery in a critical period was caused on a Calvin Steen farm adjacent to Floydada Monday afternoon, when a leak from an auxiliary gasoline tank of a tractor caught fire. The tractor was being operated in the field by an employee. The blaze was not extinguished until it had ruined the ignition system and burned a tire off. The main tank did not explode from the heat.

Mr. E. L. Widener spent last week with her parents, Mr. and Mrs. G. N. Shirey in Azle and visited with relatives in Fort Worth and Dallas. Mr. and Mrs. Shirey returned home with their daughter and attended the wedding of their grandson, James (Buddy) Widener, on Sunday. They will remain a few days and visit with their other daughter, Mrs. Wayne Finley and friends.

Mr. and Mrs. Foy Johnson and Judy of Tulsa, Oklahoma, visited in the home of Mr. and Mrs. Raymond Irby and Larry over the week-end.

Leon Anderson, son of Mrs. A. W. Anderson, is expected to arrive home Saturday from Fort Ord, California. Leon has completed his basic training and will be home for a furlough before his permanent assignment.

Captain and Mrs. Robert Jones and daughter Carolyn are visitors in the home of Mr. and Mrs. John T. Hopper. Mrs. Jones is the former Ladele Hopper. Captain Jones and his family have been stationed in Germany for the past two years. They have been transferred to Shephard Field in Wichita Falls.

Chevrolet's special hill-flatteners!  
162 H.P. V8  
180 H.P. V8

See that fine fat mountain yonder? You can iron it out, flat as a flounder . . . and easy as whistling! Just point one of Chevrolet's special hill-flatteners at it (either the 162-h.p. "Turbo-Fire V8" or the 180-h.p. "Super Turbo-Fire") . . . and pull the trigger! Barr-r-r-o-o-o-OOM! Mister, you got you a flat mountain! . . . At least it feels flat. For these Chevrolet V8's gobble up the toughest grades you can ladle out. And holler for more. They love to climb, because that's just about the only time the throttle ever comes near the floorboard. And that's a pity. For here are engines that sing as sweetly as a dynamo . . . built to pour out a torrent of pure, vibrationless power. Big-bore V8's with the shortest stroke in the industry, designed to gulp huge breaths of fresh air and transmute it into blazing acceleration. So most of the time they loaf. Even at the speed limit they just dream along, light and easy as a zephyr, purring out an effortless fraction of their strength. An engineer instantly understands why these V8's are so hyper-efficient . . . how friction is held so low they need just four quarts of oil instead of the usual five or more . . . how big valves let them "breathe" deeply for maximum power. But you don't have to be an engineer to know that these are the sweetest running V8's you ever piloted. Just come in, slip behind the wheel, and point the nose at the nearest hill. These V8's can do their own talking . . . and nobody argues with them!

# Club Problems Are Talked At Annual Meeting

More than 60 members of Floydada Country club were present Thursday night when the club held their annual directors meeting. President of the board of directors Aaron Carthel presided at the meeting and many important matters of business were discussed. Carthel appointed a nominating committee of Jeff Welborn, Alva Sparks and Tate Jones to submit a slate of candidates from which seven directors could be chosen. The committee listed 16 names of candidates and an additional three were nominated from the floor. Chosen in the voting were old members Aaron Carthel, J. R. King, B. K. Barker, Lon Davis, Jr. and Gene Collins, Sr. The two new directors named were Lane Decker and Buck Hickerson. Retiring members being Carl Minor, Jr. and Billy Brown.

Carthel presented an amendment to the constitution to allow members to vote by proxy. Those present voted and members not at the meeting will be contacted so they may take a stand on the matter. The old board felt that this was a very important issue as they found they could not get enough members at any meeting to transact important business and found themselves tied by the present constitution.

### FINANCIAL PROBLEMS

The financial report for the year 1954-55 was read and discussed at length as were proposals for completing the present building program. Big problem facing the incoming board is that of setting up an operating budget to maintain the improved grounds and club and to obtain an emergency surplus to take care of needs that may arise. Brought up for study were plans to re-build an all-weather crossing of the creek on the club grounds and the possibility of having to build a new swimming pool not too many years from now.

The year just passed saw by far the largest building and improving program in the history of the club. Interest was reflected by the attendance Thursday night when the meeting place was moved from the county court room to the larger district court room to seat the big turn-out. In many past years directors have found it necessary to get on the telephones to anyone to attend these meetings.

### CARTHEL RE-ELECTED

Tuesday night newly elected directors of the club met at the city hall and elected Aaron Carthel to serve for another term as president of the board. B. K. Barker was also returned to the office of secretary. Brought to the attention of the public by the directors was a matter of damage which has resulted from persons walking or riding on the greens or soft planted areas of the club. Some of this has been done by members or their children and some by outsiders who had no business on the grounds.

Members are asked to check with their directors or the club keeper if they are not sure what areas are open for use. To warn children of the importance of obeying the rules laid down and to keep an eye on club property with an aim of protecting it. Severe measures will be taken to prevent needless damage to this property, Carthel said, and added this must be done "if we are to realize anything from the money and labor we have put into this project."

### PASTORS HELPERS CLASS

The Pastors Helpers Class of the Methodist church met in Fellowship hall, June 9, for a covered dish luncheon.

Mrs. D. D. Shipley, devotional leader, used the 32nd Psalms, forgiveness and repentance being the subject. A number of bible characters were used as illustration. Songs and sentence prayers were given by members.

Rev. and Mrs. Tilden Armstrong and Mrs. Ethel Haynes were visitors with the following members present: Mmes. W. R. Jahnke, P. M. Felton, W. E. Walker, Eula Thurman, J. E. Laughlin, O. B. Olson, Addie Thagard, Lula Slaughter, Will Snell, Lillie Henry and D. D. Shipley.

# Pioneer of Floyd County Passes at Lovington, N. Mex.

Mrs. J. W. Southard, 78, a former pioneer resident of Floyd county, died at the home of her daughter, Mrs. Austin Blackmon in Lovington, New Mexico, Sunday.

Funeral rites were held Tuesday at the First Baptist church in Lamesa. Burial was in the Lamesa cemetery.

Mrs. Southard came to Floyd county in 1900 and made her home here until moving to Lamesa in 1906. Mr. Southard passed away in 1941.

Survivors include two daughters, Mrs. Blackmon and Mrs. Will Music of New Mexico, two sons, Byron of Lamesa, and J. J. who is stationed with the army at El Paso; one brother, Clarence Foster of Floydada, and two sisters, Mrs. W. A. Amburn, Floydada, and Mrs. E. T. Green of Pomona, California.

Attending the funeral from Floydada were Mr. and Mrs. Clarence Foster, Garland Foster, Mrs. W. A. Amburn and Mrs. Alvie Jackson.

# Downing on Leave; Parrish to Preach

The congregation of the City Park Church of Christ will hear a former Floydada resident at their morning and evening worship hours Sunday. He is Claud Parrish, now educational director of the South Side Church of Christ at Lubbock.

He will be speaking in the place of Gordon L. Downing, minister of the church, who will be on leave to spend two weeks at Ellaville in a meeting.

### MRS. PACE'S CHILDREN PAY VISIT TO THEIR MOTHER

Mrs. Cora B. Pace, 302 South Fifth street, had all of her children, except one son, with her for dinner Wednesday of this week.

On his annual visit with his mother was Wright Pace, minister of a Los Angeles church, and his wife. Also here from out-of-town were two daughters, Mrs. George Conner of Carlsbad, New Mexico and Mrs. Willie Hollingsworth of Silverton.

Mrs. Walter Knight, Floydada, the third daughter, and Mr. Knight made the gathering complete, except for the absent son, who is Perry Pace and resides at San Antonio.

Elder Pace and his wife are due to leave before this week-end.

### JUNIOR BOOK REVIEW CLUB

The "Junior Book Review Club" was organized Tuesday morning, electing the following officers; President, Jimmy Barrow; vice-president, Ralph Johnston; secretary, Jackie Fuqua and reporter, Sonja Kay Gray.

Mrs. Ralph Johnston reviewed a book on Indians and then for hand-work the children made tom toms. She was assisted by Mrs. Annabelle Highfill.

The next meeting of the Junior Book Review club will be June 21 at 10 a. m. in the library reading room.

Sonja Kay Gray, the club reporter says, "We had a wonderful time at the first meeting and if you want to hear the Real Story of David Crockett be sure and come to the next meeting."

### MOVING TO THE PLAINS

Mrs. Robert Arnold and sons and Mrs. R. E. Terry, all of Dallas, are house guests this week of Mr. and Mrs. J. M. Willson, Sr.

Mrs. Arnold is the former Louis Willson and Mrs. Terry is the mother of Mrs. Willson.

The Arnolds are making preparations to move to Lubbock where Dr. Arnold will open offices in the Methodist Medical Center. He has practiced obstetrics for the past eight years in Dallas' Highland Park hospital.

### BAKE SALE SATURDAY

The girls 4-H club of Dougherty will sponsor a bake sale Saturday morning at 10 o'clock in the Bishop Motor Company building. Pies and cakes will be for sale.

Mrs. Kay Roy Gaugh and daughters, Zemira and Vanita of Carlsbad, New Mexico, have been visiting Mr. and Mrs. George Eudy and Mr. and Mrs. Travis Parr the past week.

Fess Parker and Buddy Ebsen are shown here in a typical scene from Walt Disney's "Davy Crockett", coming Sunday, June 26 to Palace theatre in Floydada.

# Highlights And Sidelights From the State Capitol

(By Vern Sanford Texas Press Association)

AUSTIN, Tex. — Now that the legislature has adjourned—all eyes are turned to the next political campaign. It is anyone's guess who will be in the 1956 races, but many are guessing.

Hardly had the gavel of Lt. Gov. Ben Ramsey and House Speaker Jim Lindsey sounded the end of the 54th legislative session, when one widely known political figure took the adjournment as the starting signal for the 1956 races. He is former Speaker of the House Reuben Senterfitt, of San Saba.

Senterfitt was the first announced candidate for Governor in 1954. But he withdrew when his father passed away, and Governor Allan Shivers announced for re-election. He took no sides in the bitterly contested campaign last year, nor in the presidential campaign of 1952.

Senterfitt's announced intention to run in 1956 set tongues wagging about other possible contenders for the governorship. Mentioned were Lt. Gov. Ben Ramsey of San Augustine; Atty. Gen. John Ben Shepperd of Gladewater; U. S. Senator Price Daniel of Liberty; Associate Justice of the Texas Supreme Court Will Wilson of Dallas; Commissioner of Agriculture John C. White of Wichita Falls, and State Senators Otis Lock of Lufkin, Jimmy Phillips of Angleton, and Jerry Sadler of Pecos.

Labor publications have said that Ralph Yarborough of Austin will make a third attempt to land the job. He campaigned against Shivers in 1952 and 1954.

Others talked as "possibles," include Mrs. Oveta Culp Hobby of Houston, wife of Ex-Governor W. P. Hobby, and present Secretary of Health, Education and Welfare; Roy Hofheinz, mayor of Houston; Robert B. Anderson of Vernon, U. S. Secretary of Defense; and County Judge Jim Sewell of Corsicana.

Prospects appear strong that Senator A. M. Aikin, Jr. of Paris will run for lieutenant governor if Ramsey does not seek re-election. Probably in the running for that same office will be Sen. Searcy Braacewell of Houston.

Mentioned frequently as a candidate for attorney general is House Speaker Jim Lindsey of Texarkana.

Capitol talk continues on the subject that Governor Shivers may step out of office before the end of his present term to accept a high federal appointment. This rumor cropped up again after Shivers' first assistant Maurice Acres, was

appointed by the governor to serve on the Texas Employment Commission.

Should Shivers resign, Ramsey would become governor automatically. He then would have the inside track in the 1956 campaign.

Waggoner Carr of Lubbock, third-term member of the House, emerged as the uncontested prospect for speaker of the 55th legislature. When the 54th session adjourned, Representative Carr held signed pledges of support from more than 100 members of the present legislature. No opponent had announced.

Sen. Neveille Colson of Navasota, only woman in the Texas Senate, was elected President Pro Tem of the upper chamber for the period between sessions. This means that she will have an opportunity, under precedent, to sit in as acting Governor for a day. When this happens, she will become the second woman in Texas history to serve as chief executive.

Texas' first and only woman Governor Miriam A. Ferguson, was honored with a birthday party by a statewide gathering of dignitaries. Renominated and confirmed for new terms during the closing hours of the 1955 legislature were Adjutant General K. L. Berry, for a third term, and Mark Wentz, fire insurance commissioner, for his first full six-year term.

Session adjournment meant that the new tax law and hundreds of other statutes will go into effect on September 6 or 90 days after adjournment.

Completed as one of the session's final acts was a law bringing 30,000 state employees under federal Social Security as well as the state retirement system.

Another bill permitted college faculty members to enter federal Social Security coverage.

Laws correcting and tightening up state regulation of insurance, increasing capital and surplus requirements on insurance companies, and subjecting insurance securities to state regulation, were termed probably the season's top achievements.

And the legislature left behind issues which promise to figure in state politics.

It projected investigations into the future on the scandal-ridden veterans' land program.

It failed to pass the key measure of the administration's water program—the \$100,000,000 state aid to local projects.

It left untouched the issue of school desegregation.

The water bond measure was killed by the clock at sine die adjournment, in a bitter house squabble over the tax method to finance it.

But Governor Shivers said the legislature achieved 85 per cent of its task—"a good batting average."

It made notable progress, he said, in such fields as insurance reforms, hospital improvements, public welfare and health, safety, and necessary financing for high ways, old age pensions, education and general operations.

"On the whole," said Shivers, "this has been one of the best and most constructive sessions of the legislature in recent history."

It handed him a new tax bill, raising \$28,500,000 a year for state operations and \$20,500,000 a year for highways.

Both the house and the senate set up committees to continue the Veterans Land investigations. Investigating committees filed reports. The Senate committee said that Governor Shivers and Attorney General Shepperd, members of the Veterans Land Board, hadn't been too punctual in attending board meetings. But it said evidence showed they had no part in the mishandling of the program.

Despite all the hullabaloo over Governor Shivers' appearance in California to make the commencement address at the University of Southern California, and threats to boycott the exercises, an over-

# Club Girls Camp Will Open Tuesday

Fourteen Floyd County 4-H girls will leave at 8:30 Tuesday morning, June 21, for Lubbock where they will attend the District 2 4-H girls camp, to be held at the Panhandle South Plains fair grounds.

One hundred and eight girls are expected to represent 20 counties of District 2.

Mrs. Warner Johnson of Lakeview, Mrs. Marion Tucker of Harmony and Mrs. Harriette Brummett, Home Demonstration agent, will accompany the group.

Ella Mae Cage, 12-year-old daughter of Mr. and Mrs. Horace Cage, is due to undergo head and throat surgery at Mayo clinic next week. Mr. and Mrs. Cage and Ella Mae plan to leave here on Wednesday.

Mr. and Mrs. Harold Williams have returned to Grand Prairie after spending a week with her parents, Mr. and Mrs. S. L. Powell.

A crowd of 14,000 attended.

The Texas Legislature had condemned California's "intolerance" and defended the governor's record. prfH bp

# REBEKAH CEREMONY HONORS LODGE FAST NOBLE GRANDS

Floydada Rebekah Lodge No. 77 met in regular session on Tuesday night honoring their past Noble Grand in a candle light service.

The light's were dimmed and candles were handed to each past Noble Grand as they gathered around the altar.

Mrs. Lula Green, at the piano played "Memories" softly as the Noble Grand presented each with a gift.

### Bullock, Gross Take Vows

Wedding vows were exchanged by Mrs. Glenn Bullock, daughter of Mr. C. C. Bullock, and Mrs. R. C. Gross, son of Mr. Dan Gross, Saturday afternoon in the chapel of the R. C. Baptist church. Dr. R. C. South read the double ring ceremony.

MRS. GEORGE DAN GROSS

### WCS Meeting Was Held June Sixth

The Women's Society of Christian Service met June 6 at 3 p. m. for their regular monthly program and business meeting.

The president, Mrs. C. B. Lyles, called the meeting to order. Mrs. S. J. McIntosh was the leader of the program on "Lasting peace and security."

There will be a sub-district meeting for the first quarter of the Plainview district at Turkey on June 23. Everyone is urged to attend the all day session.

Miss Nita Jo Day was honored with a lingerie shower Thursday, June 9, at the home of Miss Beverly Thomas, 303 West California, from 5:30 until 6:30.

Assisting with hostess duties were Mrs. Glee Thomas, Mrs. L. J. Welborn and Miss Ann Welborn.

Friends attending were Misses Betty Martin, Mary Wilks, Dorothy Holmes, Carolyn Collier, Karen Buchanan, Barbara Perry, Myrna Wilson and Alice Latta.

### MISS JOSEPHINE EUDY AND MAC MCCULLOUGH MARRIED

Miss Josephine Eudy and Mac McCullough were married recently in a simple ring ceremony at Clovis, New Mexico.

Miss Eudy is the daughter of Mr. and Mrs. George Eudy of this city and Mr. McCullough is the son of Mr. and Mrs. Bob McCullough of Highland Park, Michigan.

### MRS. SEALE HOME

Mrs. W. H. Seale, who went out to the west coast on February 1 following the rites for the late Col. Seale, has returned and is making her home at 420 South Second street.

While in California she was guest of her son, J. J. Seale, and her daughters and their families, Mr. and Mrs. Carter Andrews and Mr. and Mrs. Fred Poore.

### TEAGUES HAVE A SON

Mr. and Mrs. Roy Teague are the parents of a son born yesterday morning at 6:20 in Lockney General hospital. The young man weighed seven pounds and 10 ounces.

Grandparents are Mr. and Mrs. Riley Teague and Mr. and Mrs. A. V. Womack. Mrs. Teague is the former Shirley Womack.

Mr. and Mrs. Williams Perry, Eleanor and Johnny of Hearne, Texas, and Miss Nellie Crouch of Haskell visited in the home of Mr. and Mrs. Riley Teague this week.

The group went to Palo Duro Canyon near Amarillo Tuesday night, seeing and spent the day.

### Y C Officials To Stage Hunt For Equipment

Youth center officials and high school student representatives hope to add more equipment to the center each week.

At a meeting of the advisor group on Tuesday it was reported that the juke machine was now installed, and that candy vending machines should be available soon.

The juke box for the center is due to arrive tomorrow or Monday.

On Monday high school students interested in the center are urged to meet at radio station KFJD at 4 p. m. to organize their hunt for usable center equipment.

They will ask Floydada housewives and businessmen if they have used games, card tables, chairs and other equipment which they would like to donate to the center.

On Saturday afternoon parents of seventh and eighth grade students are asked to meet at the Chamber of Commerce office at 3:30 p. m. to discuss the possibility of opening the center an extra night for that age group.

As the center membership is now limited to high school students, parents of seventh and eighth graders will be asked if they would like to plan special recreation events for these grades.

Mrs. Greer Chirstian, Mrs. K. E. Edmiston and Mrs. J. D. Parks head the parents committee.

### Made-To-Order 'Phone System In the Making

"Plans to provide Floydada with modern dial telephone service are moving ahead right on schedule," J. C. Oakley, manager for Southwestern Bell Telephone Company, said this week.

Oakley made the statement in connection with recent news that his company has purchased a lot for their new dial telephone building.

The new lot, which faces 100 feet on West California Street, borders on the west side of the REA building property. It was purchased from Mrs. Foy Cannaday Meredith and Mrs. Bill Cannaday Welborn, both of Floydada.

### Emergency Feed Deadline Extended

Deadline for the acceptance of applications for emergency feed in Floyd and Motley counties has been extended to include Wednesday, June 22. Other designated counties in the state are included in the order.

A telegram from the state office making this authorization was received the first of the week. It states:

"County FHA committees are authorized to certify eligible applicants for a 60-day supply of feed grain beyond June 30, taking into consideration the supply of feed on hand."

### TALK FARM TO MARKET ROADS WITH ENGINEER

Members of the Floyd county Commissioners court yesterday had a conference with District Highway Engineer in his office at Lubbock. They were scheduled to talk over farm to market road matters.

### Hail Destroys Crops Tuesday

A hail storm that wiped out nine sections completely and damaged other farm crops extensively in northwest Floyd county, hit the Trick area Tuesday afternoon and did more or less damage further north.

"It just wiped them out clean around Trick," said W. A. Darden, FCIC agent, late yesterday. "I have been taking loss claims all day and we have adjusters in the area right now."

From J. R. Bell's on Highway 70 on south for three or four miles and two or three miles wide the hail just made a clean sweep, if Darden has the correct picture of the damage done.

County Agent Bill G. Rodgers said he learned from several sources that the damage was extensive and on many farms crop loss was complete. His information is that crops on nine sections in a solid block were a complete loss.

So little moisture accompanied the storm that one farmer was planting maize on his crop-destroyed land Wednesday afternoon.

The storm gave a wee bit of moisture to practically all parts of the county.

### Former Teacher Is Found Unconscious Slugged by Robber

Miss Reba Copeland, of Fort Worth, a former teacher in Floydada public schools, and sister of H. A. Copeland was still unconscious Wednesday night in a Fort Worth hospital with multiple body bruises and severe lacerations in her head following an attempted robbery of her suburban ready-to-wear shop on Evans street in that city Tuesday afternoon.

Miss Copeland was found unconscious at 4 o'clock Tuesday afternoon on the floor of the shop. The shop was in a dis-arranged condition indicating that search had been made for money on the premises.

H. A. Copeland, who went to the bedside of his sister Tuesday night reported to Mrs. Copeland that his sister's condition was unchanged Wednesday night. X-rays had been made.

Miss Copeland makes her home with a sister and her husband, Mr. and Mrs. R. M. Meglasson. Her shop is called Reba's Shop. The robber failed to find the money.

Mr. Copeland said he would not return home until there was a change indicated in his sister's condition.

Miss Copeland taught in the Floydada schools for a number of years. She is an aunt of Bob Copeland, member of the school faculty at this time.

### Brotherhood Meets On Monday Night

Charles F. Mathews, superintendent of schools at Plainview, will address the brotherhood of the First Baptist church in Floydada Monday night. The evening's program will follow a supper at 7:30 o'clock in the basement dining room.

The date is the regular monthly meeting of the Baptist men, with program arranged by John B. Stapleton, president.

Mr. Mathews is president of the brotherhood of the First Baptist church in Plainview.

Plans for the evening meal are being made by a committee headed by Clarence Guffee.

Newfoundland became Canada's tenth province on March 31, 1949.

### Accident Wrecks Car; Occupants Not Seriously Injured

The 1954 Oldsmobile belonging to Mac Hickerson was said to be a total loss following an accident Saturday night in which none of the occupants were seriously injured.

Still remaining in a Lubbock hospital however is Sandra Lackey, 17, of Lubbock, who received cuts, bruises and rib fractures. Her condition is satisfactory. Ann Hickerson, sister of Mac, remained in Peoples hospital until Monday of this week with bruises and lacerations. Treated and released were Mac Hickerson, driver of the car, and Margie Houston, also of Floydada.

The car overturned on a country road about 10 miles south of town when it failed to make a turn.

Mac is with the army and is home on leave from his camp in Carrizozo, New Mexico. He is a cook for a guided missile division. He will complete his duties in the service in about eight months. He will leave Floydada Saturday to return to his base.

### PATRICK HENRY WAS ONE OF AMERICA'S GREATEST ORATORS

Patrick Henry, the Virginia "forest born Demosthenese," as Byron once called him, always spoke his mind in such a way that all who heard him were moved by his eloquence, whether or not they agreed with the things he had to say.

His greatest oration ("Give me liberty, or give me death") was not delivered before the Continental Congress or in a large hall. In fact, it was delivered to a handful of people in St. John's Episcopal Church, Richmond, Virginia, on March 23, 1775, at the second revolutionary convention of Virginia. So small was the church that it had room for few other than delegates, although a handful of spectators heard the proceedings through the doors and windows.

Henry's famous words came as he was offering a series of amendments to a reply to a message of sympathy from the people of Jamaica. Henry delivered an oration on the theme, "We Must Fight" and his closing words have become legend. "I know not what course others may take, but as for me, give me liberty, or give me death!"

Authority says avoid "TRICKINESS" IN FURNITURE. If you are in the market for any new pieces of furniture, this advice from a home furnishings authority may help you select the right design.

This expert warns homemakers not to buy any piece of furniture that substitutes tricky originality for comfort. Remember that furniture should rest, support, and serve the family. Any piece that does not do this is valueless.

Study the furniture cushioning. Make sure that this is of good quality and long wearing. Cotton cushioning is the homemaker's best buy in furniture, for it gives more value for the amount of money invested. It provides buoyant support and is carefully constructed so that upholstery fabrics will not creep or wrinkle.

### BEST ATTENDANCE EVER AT CITY PARK CHURCH VBS

Climax of the City Park church's vacation bible school came Friday night of last week when the closing program was held, with about 200 persons present.

The youngsters and their elders joined in a picnic supper preceding the final program.

Minister Downing reported the vacation bible school "the best ever," with an average attendance of 168. The high attendance for the five-day school was 181 persons.

### Early Control Of Insects Is Showing Profit

South Plains farmers explain the value of controlling cotton insects early in the July issue of The Progressive Farmer magazine.

W. L. Owen, Jr., associate entomologist, Lubbock Experiment Station, made experiments with early-season control of insects last year. In post-square experiments, yields were increased 653 pounds of seed cotton per acre with two toxaphene applications, and 700 pounds with two dieldin treatments. The average gross gain from control was \$96.46 per acre for toxaphene and \$108.33 per acre for the dieldin.

Golden Furgeson, Lubbock County farmer, found two early-season applications increased his yield about 10 per cent. This was worth \$24 per acre and the cost was \$6.05 per acre.

Master Farmer Chester Mitchell of Floyd County considers his spray-equipment one of his most valuable pieces of equipment. He estimates each of two early season toxaphene applications last year was worth about one-fourth bale.

E. G. Green, Lubbock County, felt proper insect control last year increased his grade by at least one level and his yield by a very substantial amount.

### One Thrip Per Plant Is Found

Bill G. Rodgers, county agent for Floyd County, began inspection of cotton crops in Floyd County this week. The inspection is designed to give a picture of what's happening in cotton fields and to stress insect prevention and control by farmers.

Rodgers stated that thrip is the main cotton insect at the present time. In a McCoy field that he checked there was one thrip per plant, in the four to six leaf stage.

If the cotton farmer will start an application in this early stage of one quart per acre of D. D. T., and one pound per acre of toxophene every seven days this should control thrips, said Rodgers.

Rodgers will continue inspecting to see the development of this and other insects in the cotton fields.

C. C. Andrews of Pomona, California was a recent visitor in the home of his sister and niece, Mrs. Clarence Goins and Mrs. Allen Bingham. Mrs. Goins accompanied her brother to his home on June 3 for a visit with his family. She is expected to return home tomorrow.

### CHAPMAN IN BED

Presiding judge Alton B. Chapman of the 110th judicial district is confined to his home, battling an attack of plebitis, which hit last week-end. He will have to remain in bed for at least another week, he is told by the attending physician.

The judge had a jury commission for Floyd county called to sit Wednesday but had to ask them to defer their meeting until a later date.

The "Isle of Sky" is off the west coast of Scotland.

Pins were not invented until the 14th century.

### Chigger Season Is Here Again

COLLEGE STATION, May—Chiggers can deal even Texans a lot of misery.

Although it wouldn't be practical to control the pests all summer, entomologists say that 50 to 75 cents worth of toxaphene or chlordane will kill the red bugs on the average home lawn for about seven days.

Such a scheme is suggested to anyone planning an occasional picnic, party or other out-of-doors activity. Or apply the insecticides to areas where the family sits or plays in the yard.

One pound of five percent dust of either of the insecticides applied to 1,000 square feet of lawn area is recommended by the Texas Agricultural Extension Service. The dusts are available from most feed, drug and grocery stores.

Sulfur has long been a popular killer but toxaphene and chlordane are more effective, say entomologists.

### BANKING SYSTEM HOLDS MORE OF PUBLIC DEBT

Commercial banks superseded individuals as the biggest single owner of the public debt in 1954. Figures compiled by the U. S. Treasury Department show that the commercial banks increased their holdings by some \$5 billions last year to bring the total to approximately \$69 billions, their biggest holdings of U. S. securities since 1947.

Individuals had previously been in first place since 1950. Holdings of the public debt by individuals at the end of 1954 aggregated \$63.8 billions from the year before. However, private nonbank investors as a whole still topped the banking system (including Federal Reserve Banks) by a wide margin, their comparable holdings at the end of last December being estimated at \$135.3 billions as against \$93.8 billions respectively.

ALL A HOAX—A speaker in college "Freedom Forum" at Searcy, Ark., was almost mobbed by the audience when he praised Communist "peace" efforts and denounced racial segregation. He was only saved when Green A. Green, in charge of the forum, revealed the talk was "all a hoax," designed to demonstrate Communism in action.

### SCIENCE MARCHES-- UPHILL!

Are we more ready than our grandfathers were to accept new ideas. Let us hope so. For history shows us that men and women with new ways have a mighty tough time getting them accepted. Caution is good in the healing arts but to have one group control another is bad.

Typical among those opposed were William Harvey, 17th century, long thought to be crackbrained because he asserted that the blood circulated thru vessels. Marshall Hall who discovered reflex function in the brain and spinal cord, yet his works were considered fantastic. A more recent example of this opposition was the fierce attack against the late sister Kenny, despite the fact that her method of treatment of Polio victims was very satisfactory. Another recent attack was evident when B. J. Palmer tried to tell the world of Chiropractic, yet today it is the 2nd largest healing art and still progressing.

The chiropractic profession has demonstrated and proven to the world that by locating and correcting nerve interference in the spine, your body will strive to normalize itself.

Health is yours for the asking—thru chiropractic.

# Little League Games Getting Well Under Way

Fast action is promised in Floydada Little League this week as the schedule calls for double headers this evening (Thursday), Friday evening, and again on Monday.

Action will get underway this evening at 5:30 with the Cardinals matched against the Indians in the opener. Immediately following the first game the Dodgers will take on the Tigers.

Friday the 5:30 game will be between the Braves and the Tigers and the nightcap will match the Giants and the Dodgers.

Monday in the first round it will be the Giants against the Tigers and in the second encounter the Indians will take on the Dodgers.

Royce Ball was promoted to the position of league secretary and will be in charge of all league records and front office business. Ball announced Tuesday the new protective helmets had arrived and would be used for the first time in games today. The remainder of the uniforms are expected very soon and are expected to add much to the spirited games.

### INDIANS LEAD

The Indians are now in the lead by virtue of three wins against no losses. Close behind them are the Giants with two wins and one loss.

The Tigers and Dodgers each hold a win and a loss and the Cardinals have gone down twice and chalked up one on the win side.

The Braves from North Ward have yet to crack the win column. Though they did come out on the long end of two game scores they were forced to forfeit because of ineligible over-aged players on their team at the time.

Scores since the season opened have been Giants 4 - Indians 14; Tigers 12 - Cardinals 2; Dodgers 2 - Braves 14 (forfeit); Indians 7 - Tigers 5; Cardinals 18 - Dodgers 3;

### AIR FORCE FAMILY LEAVE FOR LONG STAY IN JAPAN

Mrs. Morris D. Lewis, jr., and her children are in San Francisco, California, this week awaiting transportation to Japan where they will join their husband and father, who is a staff sergeant in the Air Force and due to remain in that country for 18 months.

The small son of the family has been exposed to mumps and the family cannot get clearance from San Francisco for a time.

Mrs. C. M. Thacker, who had been visiting her daughter, Mrs. Lewis, at Shreveport for a week, returned home Wednesday.

### Ship Friendship

(Continued from first page)

greed to come back and devote the remainder of his life helping the youth of South Korea. Back he went, but imagine his great sorrow when all that he could offer the 4-H boys and girls were prizes for those who cleaned up the most rubble or brought in the greatest number of dead rats.

### NEEDS SURVEYED

Dan Clinton, a county agent in the Houston area, was sent to Korea by a commission from the United Nations to make a survey of the needs. While over there he talked to Col. Anderson and suggested that CROP (Christian Rural Overseas Program) of Texas might be challenged to help him secure project material for his 100,000 4-H boys and girls of South Korea.

Clinton came back to Texas and presented the proposition to the executive committee of CROP. The committee accepted the challenge and the opportunity to send a ship loaded with "Project Material" to Korea. Every church, every county agent, every home demonstration member and every 4-H boy and girl of Texas were invited to have a part in this program.

Colonel Anderson flew from Korea to Texas and spent over 30 days here speaking to various groups and telling the story by word and by film of the great need in Korea.

### ARMSTRONG INVITED

On March 16 he spoke at the First Methodist church in Floydada and showed his pictures. Because of his interest and help in the CROP program for the past four years in Floyd County, the pastor of the First Methodist church, Rev. Tilden B. Armstrong, was invited by the CROP office to sail to Korea with their ship.

He declined the invitation but requested that Bobby McGuire go in his place to represent his church in particular and Floyd county in general. Because of this, the Methodist church of Floydada set out to interest the people of the county and to secure at least 50 pigs for Korea. Other Texas counties selected different project materials according to their supplies.

Keith Armstrong's interest in the project prompted him to make a personal request to sail on the Friendship. He was told by Col. Anderson that if he would secure an additional 50 pigs from this area he might go. At a district meeting of the Plainview Methodist Youth Fellowship he was elected to the office of "Outreach," which has to do with the mission program of the Methodist youth. At the same meeting the Methodist youth also voted to help him secure 50 pigs and to send him as their representative. This they did.

**SAIL JUNE 20**  
Keith and Bobby are to sail with the ship June 20 from Houston. The trip across to Korea will take 32 days. Fourteen other boys and men

from Texas will be "Cowboys" on the ship and will take turns in caring for the animals. They will also help in the distribution of the animals when the ship docks in Pusan, Korea. These men will be the guests of Col. Anderson for two weeks. He has promised to show them Korea first hand with all its needs and opportunities. CROP officials think that the army will fly the boys back home with stops in Japan, the Hawaiian Islands and the Philippine Islands. The round trip will take approximately two months.

Bobby and Keith wish to take this means to say "Thank You" to the following individuals and groups in Floyd county who helped them secure the 50 pigs. When they deliver these pigs to the 4-H boys and girls of Korea they will be representing you and your Christian concern. The following Floyd and Hale county individuals and groups are listed in the order in which their gifts were made:

making use of the facilities. Picnic and play ground areas are open to the public at most times when the camp is not in use. Other camp facilities are available for groups who may want to use the dining hall, swimming pool, tabernacle or guest house.

Arrangements for these may be made in advance by contacting the business manager who can also supply visitors with a set of rules for camp use.

The Baptist encampment this year starts in early July and is expected to draw 5,000 before it closes. Last year more than 9,800 registered at the camp for religious services and recreational outings.

### COUNTRY CLUB

Floydada Country Club just a few miles upstream on the Blanco is also feeling growing pains as members insist on improving their club to take full advantage of the beauty of the club site.

In the year just past the club spent upward of \$30,000 on their golf course and club house and increased their membership by 50. This year as members see results of the program and anticipate full use of the club by mid-July they are thinking of other things that may be needed.

The club offers swimming, picnicking, hiking, tennis, play ground equipment and very shortly will be open to golfers who can enjoy grass greens and fairways that can be kept up with an irrigation system.

The modern club house when furnished will be a popular spot for parties and relaxation from the daily grind. In this new building are showers, dressing rooms, large club room, ladies lounge, mens smoker, and it is surrounded on three sides by a wide ranch type porch where the elders can sit back in the cool shade and look out over the swimming pool, play ground or golf course.

The club site is believed to be one of the most scenic in west Texas. Visitors from other clubs never fail to marvel at the natural beauty offered by the Blanco. Stories are told of spending into the millions on country clubs in plains areas of Texas trying to gain such rugged beauty as nature has blessed this location with.

First balloon flight in America was made by Jean Pierre Blanchard, a French pilot in 1793.

### Bond Election

(Continued from First Page)

to have a little over \$9,000,000 valuation to be eligible to issue the said bonds. Outside, impartial and efficient appraisers have been secured to make a fair equalization of the tax property. If the bonds are voted, it will be necessary to have approximately 22 percent increase in the total valuation.

### INCREASE REQUIRED

However, due to the local index assignment being increased from the Texas Education Agency, there would be a need to have some increase in valuations anyway. Whatever increase is made, it will be done as nearly as possible on equal basis. After new adjustments are made, some property will be increased very little if any at all.

It is more satisfactory to build now than to wait for having to build temporary buildings, is not satisfactory and is expensive considering their short use. When half day sessions are used, pupils are handicapped and it is undesirable in many respects.

We feel that if the tax payers of Floydada School District see fit to vote the said bonds, that it will prove to be a great asset to our school system and it will never be regretted.

### Center News

(By Mrs. J. E. Green)

**CENTER, June 13**—We are still having pleasant weather, cool nights and mornings, but the afternoons begin to feel like summer.

We had a big crowd at church last Sunday, and the supply we meant to have didn't show up. We had a good Sunday school and Training Union anyway.

Visiting in services Sunday was Grandmother Dunn of Alva, Oklahoma, who is visiting her son, Frank Dunn and family.

Mrs. K. J. Matthews of Phillips who has been visiting the J. E. Greens for the last week left Tuesday to visit with sisters in Lubbock and Slaton.

News from D. I. Bolding says that Mrs. Bolding will take several tests and treatments at a Houston hospital for several days yet.

Mrs. W. M. Jackson left Sunday to visit some of her children in Childress, and a brother who lives in East Texas.

Mrs. C. W. Denison visited in

Lubbock Monday with her son, Gilmer Denison and family, and with a cousin, Mrs. D. F. Williams who has been ill.

Imogene Noland has been sick with a virus infection since Friday. Mrs. Robertson was unable to be out Sunday.

Sandra Huckabee spent Sunday night with her grandparents, Mr. and Mrs. J. T. Myrick of South Plains.

Several of the V. B. S. pupils were sick with a virus the first of the week. The commencement exercises will be held Friday night. Let us all go.

Mrs. W. J. Rhodes is visiting her son Clifford and family in Kansas City.

Center H. D. club met Friday, June 10, with Mrs. Frank Dunn. The hat demonstration was postponed until August, and the time was spent in bringing up to date records, reports, etc. of the club and in visiting.

Refreshments of ice cream and cake were served to Mesdames Oliver Allen, O. C. Vinson, Earl Huckabee, Woodrow Wilson, R. C. Ross, W. B. Jordan, J. E. Green, the hostess, Mrs. Frank Dunn, and visitors Grandmother Dunn and Margaret and Mary Grace Dunn, Mrs. J. D. Welborn and Mrs. Doc Rymon and baby.

Next Sunday will be Fathers day. Let us all be present and remember that is the day our churches take an offering for old ministers relief.

### PEOPLES HOSPITAL NOTES

**Miss Day, Charles Hartman, Exchange Vows**

The altar decorated with white chrysanthemums, Miss Day and Charles Hartman exchanged wedding vows at 3 o'clock in the First Baptist church. The couple are Mr. and Mrs. Day of 415 West 10th St. and Mrs. Harry Hartman of South Plains.

**MRS. CHARLES HARTMAN**

Allen read the double with Mr. and Mrs. Hartman at the altar, which were decorated with baskets of white gladioli and candelabra. The hymn "At the Lord's Prayer," by Mrs. Bill Hardin, was sung.

Stewart, Fred Marble, Kerwin Baxter and Billy Carmack. After the ceremony, a reception was given in the home of the bride's parents. The bridal table was laid with a white lace cloth over blue and centered with a two tiered wedding cake, topped with a miniature bride and groom. Presiding at the punch service and serving the bride's cake were Mrs. William Culpepper of Lubbock and Mrs. Paul Carmack of Littlefield, both sisters of the bride. Miss Mary Wilks registered the guests.

For a wedding trip to Ruidoso, New Mexico, the bride chose a brown linen suit with beige trim and white accessories. She wore a white orchid corsage. Both the bride and groom are graduates of Floydada high school with the class of '52. The bride attended Howard Payne college at Brownwood during the 53-54 term and was a student at Texas Technological college during the past year. The groom attended Howard Payne college before accepting a position with the Parks Oil company of South Plains. The couple will make their home in Floydada.

**CLUB MET WITH MRS. ROLAND**  
The Stitch and Chatter club met June 9 with Mrs. Collis Roland as hostess. Roll call was answered with "what I would like to do on my vacation."  
Mrs. Dick Nichols won the penny gift. Mrs. Roland was in charge of the games and they were enjoyed by everyone.  
Refreshments of punch and cookies were served to visitors, Mrs. Essie Webber, Mrs. Inez Walker and Jimmie Hammonds and the following members; Mmes. Gladys Hammonds, Susie Mooney, W. A. Campbell, Dick Nichols, Mance Moore, L. G. Norrell, J. B. Turner, Pauline Faulkenberry and the hostess, Mrs. Roland.  
The next meeting will be June 23 in the home of Mrs. Jessie Moore.

**Miscellaneous Tea-Shower Fetes Nita Jo Day Friday**

A tea-shower honored Miss Nita Jo Day, bride-elect of Charles Hartman, at the parlor of the First Baptist church, Friday evening from 6 until 7 o'clock.  
Guests were greeted by the bride-elect's mother, Mrs. Robert F. Day, the honoree, Miss Day and the groom-elect's mother, Mrs. Harry Hartman.

Guests were registered by Miss Barbara Perry in a lovely white leather bride's book.  
Miss Betty Martin showed the guests to the serving table which was laid with a white lace cloth over blue and centered with daisies. Blue candles were used at each end of the table. Miss Myrna Wilson and Mrs. Connie Bearden served punch, cookies, nuts and white mints decorated with blue to the guests. Crystal appointments were used.  
Miss Beverly Thomas and Miss Dorothy Holmes showed the guests through the gift display room.  
Miss Ann Welborn rendered music

**VIEWS AND COMMENT**

**Boy Scout officials** of the South Plains Council who are favoring abandonment of Camp Haynes, the Briscoe county camping spot, are meeting with strong objections from cities and towns which see this spot as about the sole remaining place where Boy Scouts can get real camp life experience that is available to Scouting. Camp Haynes was willed to the Boy Scouts by a pioneer plainsman and can be made to serve a most useful purpose in the scheme of things for boys of the area. Doubtless something will be worked out, since there seems to be misunderstanding in the higher councils of the Scouters of the actual conditions at Camp Haynes.

**Wheat Quota Vote.** We are not sure of what Floyd county wheat growers will do when June 25 and the marketing referendum on wheat for 1956 is voted on. However, we have the impression the wheat men here will go to the bat for the marketing quotas in an effort to salvage what they can of their profit in the crop. According to reports from the northern part of the wheat belt the sentiment is beginning to run against the marketing quotas, and may result in turning the proposal down. Should this occur the market will be supported by USDA only to the extent of 50 per cent of parity.

**Problem Wheat Storage.** One aspect of the wheat problem that we do not realize in our part of the world is the tremendous amount of the grain in the federally owned bins that is not merchantable as first class grain. So the USDA reports say, This wheat takes up as much room as good wheat, and clogs the channels of trade. How to handle it, what to do with it is the question.

**First Wheat Marketed.** First wheat of the 1955 crop to come to town arrived Monday of this week, several days later than usual. This

news in ordinary years serves to electrify the current of popular interest. This year the acreage saved is so low, such a large per cent of the people have no wheat, that only a ripple of interest may be indicated. So far as we have been informed there is not an acre of dry land wheat that made it through the hazard of the winter and spring in Floyd county.

**The current visit** of Democratic national chairman Paul M. Butler to Texas serves to point up one fact, namely, that the element of the party in Texas which opposes the majority of last year is determined to scourge the present leadership from control of party machinery in Texas. Congressman Sam Rayburn, the Bonham speaker of the national house of representatives, is most unforgiving of any defection from strict party lines and is largely instrumental in organizing the Democratic Advisory Council, which is used to by-pass the elected Democratic Executive committee in relations between the state and the national organizations.

**We're political babes** in the woods and so we wouldn't know how to solve a political matter except to let the people themselves say at the polls. We assumed that the time-tested pattern would be followed last year when the vote was counted and the winners would be the representatives of the Democrats of the state in the national councils. The repudiation of Trumanism at the polls in Texas was taken much at heart by the irreconcilables, however. They insist it was a vote against the Democratic party. They blame Mr. Shivers, principally, and other leaders, saying they have led the Democrats astray. They have the tide running strongly in their favor now and are pressing hard to deal the knock-out blow. They may get it done.

**Army-Navy-Air Men In Service**

**LOCKNEY BOY STATIONED WITH 5TH DIV. IN GERMANY**

5TH DIV., Germany—Pvt. Travis Young, son of Rufus Young, Lockney, Texas, is a member of the 5th Infantry Division in Germany. Realistic field problems and maneuvers form a part of an intensive training program conducted by the "Red Diamond" division in southern Germany as part of the Seventh Army.

Private Young, a cannoneer in Battery B of the division's 46th Field Artillery Battalion, entered the Army in November 1954 and arrived in Europe last April.

The 18-year-old soldier attended Floydada High school.

**CARROLL WOMACK IN EUROPE**

1ST DIV., Germany—Pfc. Carroll T. Womack, 24, son of Mrs. E. J. Womack, Route 3, Floydada, Texas, is a member of the 1st Infantry Division in Germany.

The "Big Red 1" division, in Europe since the Allied invasion of the continent in World War II, is now engaged in intensive training, including realistic field problems and maneuvers.

Womack, a cannoneer with Battery B of the division's 30th Field Artillery Battalion, entered the Army in January 1954 and received basic training at Fort Bliss, Texas.

**HIS NEW ASSIGNMENT**

GIESSEN, Germany—Pfc. C. L. Huffman, 21, son of Mr. and Mrs. Edwin Huffman, Route 1, Floydada, Texas, was recently assigned to the 594th Field Artillery Battalion in Germany.

Huffman, now a mechanic in the battalion's Battery B, arrived overseas in January 1954 and served with the 517th Armored Field Artillery Battalion until his present assignment.

He entered the Army in August 1953 and completed basic training at Camp Chaffee, Arkansas.

He is rich whose income is more than his expenses; and he is poor whose expenses exceed his income. —Bruyere.

**Carter May's Man Of the Month In Insurance Sales**

Ernest C. Carter of Floydada has been named May's Man of the Month by Great American Reserve Insurance Company, according to Glen Wallace, vice-president and agency director of the Dallas based company.

Carter is a 15-year veteran with Great American Reserve and has been cited many times as a production leader during his insurance career. He is a long time member of the President's club which is made up of the company's leading salesmen and is also a member of the Texas Leaders Round Table, a select group of the state's most successful life insurance underwriters.

His outstanding sales record for May has helped to earn Agency of the Month honors for Great American Reserve's Lubbock branch office of which he is a member.

"My regular job is piloting a United Air Lines DC-7. On most of my flights we use Phillips 66 Aviation Gasoline. It's high-performance stuff, and one reason it's so good is Di-isopropyl. Phillips has started putting Di-isopropyl in automobile gasoline, too. They call it 'FLITE-FUEL'... and I use it regularly in my car. It gives wonderful performance."

**★★★ FIELD NEWS**

from  
 Lighthouse Electric Cooperative, Inc., by Nancy Morekel and Claude Weathersbee.

Years ago, just about every job that is now being done by electricity had to be done by hand, or not at all. But today, with the miracle of electric energy and appliances and equipment, the farm chores are done quicker, easier and safer. There's still that wonderful feeling of getting something done plus the added satisfaction of saving time, energy and money.

Rural electrification plays a big role in the lives of a lot of farm people today. Electricity is your cheapest commodity. The dollar today will buy much less than one-third what it did in 1913. But that same dollar buys more than twice as much electricity now as it did in 1913. Today the average cost per kilowatt of electricity is the same as it was in 1939, and yet cotton was selling for around 9c per pound then, hogs 6c per pound and beef 5c per pound. Those prices have gone a long way since then — but the price of electricity has stayed the same.

Melvin Henry and family spent the week-end at Lake Diversion fishing. He said the "big one" got away.

Sue Baker of Lubbock spent the week-end with her parents, Mr. and Mrs. W. O. Baker.

parents, Mr. and Mrs. Arthur Womack, sr., and family of the Sand Hill community.

Mrs. Claude Weathersbee, Tommy and Leigh Ann spent the week-end with her sister, Mrs. Reese Bivens in Slaton.

J. D. Gloor of Post spent the week-end in the Wiley Rogers home.

Merrill Rigger of Lubbock, REA field representative operations division, spent Tuesday and Wednesday at the Co-op.

The Mount Blanco Home Demonstration club met for their regular meeting in the home of Mrs. Gordon Appling. The demonstration was "Summertime Drinks"; and the program was a musical.

City Visitor: Which is correct, "A hen is sitting, or a hen is setting?" Farmer: I dunno and don't care. All I bother about is when she cackles is she "laying" or "lying"?

Efficiency, economy, speed and convenience—that's what you get when you use electricity for chores on the farm and in the home. All four—and more—are yours for the flick of a switch. Electricity, in addition, is clean, safe, cool, dependable and modern. Electricity does all the jobs—cooks, washes clothes and dishes, heats water, refrigerates, irons, cleans, provides radio and TV news and entertainment, pumps water, helps unload grain and hundreds of other household and farm chores. Electricity needs no other fuel to "fill in" and help it do these jobs. It does them all—it is an extra hand on the farm — and a servant in the home.

 Sheriff Earl Cooper is investigating the burglary of the Ben Galloway farm home, from which a television set, radio, toaster and small jewelry case were reported taken.

**HARMONY, June 13**—The County Home Demonstration club that was held at the community center Monday June 6 was well attended and it seemed that they had a good time.

The Womens Society of Christian Service met Tuesday in regular session at the church with the president in charge. Mrs. Wesley Carr gave the program. There were five members and some children present.

We were so sorry to hear of the passing of Aunt Will Reeves Wednesday morning at 4 a. m. Mrs. Reeves was the sister of G. L. Snodgrass and an aunt of Mrs. Everett Miller and Carrick Snodgrass. We saw and spoke to Aunt Will at Old Settlers.

Mr. and Mrs. Chioma Williams and daughter returned home Wednesday evening from their vacation down south. They visited in Galveston, Corpus Christi, Austin and Old Mexico. They reported it was warm but enjoyed it very much.

Mr. and Mrs. Allen Owens of Quanah and Mrs. Sput Holt of Petersburg were guests in the R. B. Gary home Wednesday. Mr. Owens is a nephew of Mr. Gary.

Several of the W. S. C. S. ladies served the Lions club lunch Wednesday.

Mr. and Mrs. Mather Carr and Horace were guests of Mrs. Della Carr Thursday.

There was a business meeting at the church Friday night. Brother Kirk of Plainview was there and preached.

Mrs. Mattie Heard and daughter Velma and Miss Anna Carr of Petersburg were guests in the Mather Carr home Saturday.

Mr. and Mrs. G. L. Snodgrass were guests Sunday in Jericho with his niece, Miss Annie Reeves.

Mr. and Mrs. Wesley Carr and sons were guests Sunday in Clovis, New Mexico, with Mrs. Carr's niece, Mr. and Mrs. Joyce Davis were in Plainview Monday for a check-up with their doctors.

Rev. Krebs preached both Sunday morning and night at the chapel. The Krebs and three sons were dinner guests in the R. B. Gary home. Charles and Kenny Krebs were guests Sunday with the J. B. Shannon boys. Rev. Krebs and family were supper guests in the J. B. Shannon home.

Mr. and Mrs. Jim Cain of Petersburg were up to visit the Mather Carr's but they were not home.

Mr. and Mrs. E. W. Turner were guests Sunday of Mr. and Mrs. Fred Byerly of Muleshoe and will go to Clovis, New Mexico, before returning home.

Wright Scott has returned home from Kerrville for the summer to be with his father, Hal Scott. Wright attended college in Kerrville.

Mr. and Mrs. Raymond Williams and daughter were guests Sunday in the M. D. Ramsey and Chioma Williams homes. Mrs. Williams reported their granddaughter doing fine and at home since she was

were week-end guests in the Wesley Carpenter home.

Mr. and Mrs. Wesley Carr and sons and Mr. and Mrs. Everett Miller were guests Sunday evening of Wesley's cousin and family, the H. C. Nelsons.

Mr. and Mrs. Dub Trowbridge of Amarillo visited in the Floyd Trowbridge home Wednesday.

We are very sorry to report that Mrs. Riley Holmes is on the sick list this week.

Steve Trowbridge spent last week in Austin at Boys State.

W. C. Clubb was a guest Sunday in the Floyd Trowbridge home.

The Walter Williams family moved from the Floyd Trowbridge farm going to Muleshoe.

 (By Jennie Henry)

Enthusiasm is high among the youth who attended the opening of the Youth Center Friday night. Ninety-one teen-agers registered and received their membership cards.

A talent show was presented with Carl Minor, Jr., as Master of Ceremonies. Carl and Susie Minor are quite popular among the teen-agers, having received a large number of votes when the youth voted recently for persons they most preferred as sponsors for the center.

Incidentally, this is no surprise since they are favorites, not only of today's teen-agers but yesterday's teen-agers as well.

G. N. Shirey, who now lives in Azle where fish are abundant and fishing is a favorite pastime says there's nothing like it. All he has to do is go to the market—purchase all the fish he can eat at a very small cost. This is the cheapest and surest method of fishing, Mr. Shirey assures us.

My thanks to you, Mrs. Bill Poole of Dougherty, for my very first fan letter.

I know you will be as pleased to know as I am that Mrs. Lee Goughly has been appointed permanent acting librarian of the public library. Not enough can be said concerning Mrs. Goughly's ability to do a job—any job—and do it well. She has proven her efficiency in P.T.A. church work and now her zeal and enthusiasm as librarian is another feather in her cap.

Programs have been planned for the youth to be presented each Tuesday during the summer months. "The Real Story of Davy Crockett" will be the topic of Mrs. Jimmy

They will meet in the library reading room. This group includes the first through fourth grades.

For the older group, which will meet in the Floyd County Council Room, Mrs. J. T. Myrick will be heard on the subject "Indians."

Little Janie Willson, daughter of Mr. and Mrs. Jimmy Willson, is recovering satisfactorily after having fallen on a piece of glass last week and cutting her hip quite badly.

Altho, this is an anti-climax after Jennie's accident, just a word concerning the Willson's trip to Chicago. Ann reported a perfectly marvelous time but that she and Jimmy are definitely small town folk.

**HOBBY CLUB**  
 (Sponsored by the Floyd County Library, reporter, Frank Barrow.)

At the first meeting of the Hobby club Tuesday morning, Don Skaggs presented an informative program on photography.

The club is organized with Sara Holmes as president, Ronnie Amburn as secretary and Frank Barrow, reporter.

The next meeting of the club will be Tuesday, June 21, with a program on Indians, by Mrs. J. T. Myrick.

Every boy and girl in the county from the 5th grade through high school is invited to join the Hobby club. Membership in the club is free. The meeting place is in the Home Demonstration council room on the second floor of the court house, time, 10 to 11 a. m.

The president, Sara Holmes, urges everyone to be on time next Tuesday. She reported an interesting meeting last Tuesday and fun, too.

Mrs. H. F. Jackson is in charge of the Hobby club and favors were presented each member at the close of the last meeting.

Mrs. R. F. Hall and Mrs. F. M. Covington attended funeral service at Silverton Friday for Mrs. Hall's cousin, Benton Lanham. Mr. Lanham is the father of Lenton Lanham, formerly of South Plains and Floydada.

Mr. and Mrs. J. J. McKinney, accompanied by their daughter, Mrs. Helen Solomon and her son, Jerry, were guests in Smyer Sunday of Mr. and Mrs. Ben Whitaker. Mrs. Whitaker is a daughter of the McKinneys.

## Exchange in Wedding Ceremony Sunday

by the bride were a gift of the groom. Her fingertip veil of nylon net and lace fastened to a pearl crown.

### MAID OF HONOR

The maid of honor, Miss Helen Webb, sister of the bride, wore a pink lace and net ballerina gown and carried a nosegay of white and pink carnations.

The bridesmaid, Miss Corrynne Galloway was dressed in an aqua lace and net ballerina length gown and carried an assorted nosegay of carnations. Their jewelry, ear screws and bracelets, were gifts of the bride.

Junior bridesmaids, Freida Webb, sister of the bride, and Ann Widener, sister of the groom, were dressed in pink nylon dresses with tiered gathered skirts. They wore pink rose bud wristlets and carried white bubbles with white and pink streamers.

Jerry Wayne Finley, cousin of the bridegroom, served as best man. Jack Covington attended as groomsman. Ushers were Glad Norman and Bill Fulton.

Donald Smith played prenuptial music during the wedding and accompanied Dale Smith as he sang "Through the Years" and "Melody of Love."

### RECEPTION HELD

A reception followed the ceremony in the parlor of the church. The

bride's table was covered with a white cutwork cloth centered with pink and white carnations. The bride's cake was two-tiered and surrounded by pink rosebuds and topped with the traditional bride and groom. Approximately 150 guests attended.

For the wedding trip to Carlsbad and Ruidoso, New Mexico, the bride wore a gold printed nylon taffeta dress with white accessories. On their return the couple will be at home at 524 West Jackson street, Floydada.

The bride attended Floydada high school and was an active member of the band and was also a Rainbow girl. The bridegroom, a '54 graduate of Floydada high school, is now employed at Piggly-Wiggly store in Floydada.

## Miladies Club Met Friday Evening

Miladies club met June 10 for a supper in the home of Mr. and Mrs. Foster Amburn. The meeting was called to order by the president Mrs. Amburn. Roll call was answered with something to sell.

Roll call for the next meeting will be answered with a garden hint. Mrs. C. W. Jones resigned as reporter and Mrs. Elva Nell Jones was appointed to this position.

During the evening games were played and enjoyed by all. Members and families present were Vida Womack, Mr. and Mrs. E. L. Judy and Wilma Jean, Mr. and Mrs. Edd Dunavant and Jean, Mr. and Mrs. Virgil Warren and Vickie, Mrs. Eva Nell Jones and Debra, Mr. and Mrs. R. M. Stovall and guests, Mr. and Mrs. C. W. Wilson, Mr. and Mrs. Glenn Amburn, Ronnie and Jerry and Mrs. Judy of Panhandle.

The next meeting will be held July 7 at 2:30 with Mrs. Eva Nell Jones.

### AFTERNOON CLUB MEETS

Mrs. John Kimble was hostess to her bridge club Wednesday afternoon. Members present were Mrs. Carl Minor, Mrs. Fred Zimmerman, Mrs. Rex Brown, and Mrs. Billy Henry. Guests were Mrs. Ernest Carter, Mrs. Russell King and Mrs. Leonard Matsler.

Prizes were won by Mrs. King and Mrs. Minor.

Mr. and Mrs. Harold Williams of Grand Prairie spent last week with Mrs. Williams' parents, Mr. and Mrs. S. L. Powell and her sister and family, Mr. and Mrs. Bill Darden.

Last week as we drove to a neighboring town we noted a cattle truck filled with horses. Soon we passed a car pulling one of those trailers just big enough to cram a horse into — and one was crammed into it. Presently we saw a pair of these torture devices, each loaded with a pretty bay. We didn't need the bunting and posters on Main street to tell us a rodeo was about to take place.

On television the next morning, we saw a white horse trapped out in fancy harness, using his good horse sense to shake his head, bare his teeth and kneel at the command of a foolish-looking cowboy crooner. What has happened to the dignity

The Floyd County Hesperian, Floydada, Texas, Thursday, June 16, 1955

Not too many years ago he furnished man's only means of transportation besides his own two feet (even those were called Shank's mares). When the first automobiles came along, they had such-and-such 'horsepower.' Horsepower is still the 'gold standard' of the highways.

Yet in the last generation the horse has been displaced in the field and on the streets. Today, at least in the United States, he is little more than a plaything. He appears in parades, polo matches, circuses and rodeos. A few well-to-do families keep a horse for pleasure riding. But if he travels any distance he is lifted off his four

Other domestic animals have held their own. The hog still furnishes pork; the cow, milk and beef; the sheep, wool and mutton. The dog a psychiatrist before we knew the word, was and still is his master's alter ego, his loyal friend, silent confidante. But the horse has been reduced to the rank of a clown. It's enough to frustrate a less noble beast!

### Texas Battles Khapra Beetle

A continuing battle is being waged to keep the world's worst pest of stored grain—the Khapra Beetle—out of Texas.

This oriental-born pest, especially threatening in warm states, was first discovered in Southern California in November 1953. It has spread eastward across Arizona and into New Mexico, infesting at least 172 locations in the three states.

Quarantine barriers were set up several months ago along the state borders to protect Texas grain and more recently a gigantic fumigation project was launched in states already infested.

The new fumigation-eradication program is a joint effort of state pest control agencies, property owners and chemical companies. In the unique extermination process, entire buildings were sealed over so the methyl-bromide gas fumigant will reach the crevice-seeking beetle.

More than a million feet of beetle-infested storage were cleaned in a California fumigation experiment last January by wrapping the area in a gas-tight cover of sealed tarpaulins and injecting 2½ times the normal dosage of the gas. This method proved most effective against the persistent Khapra Beetle and has been adopted in other states.

## Accidents Fourth In Texas' Deaths

AUSTIN, June 16—Accidents rank fourth as a cause of death in Texas. According to Dr. Henry A. Holle, Commissioner of Health, 5,372 Texans died last year of this one cause, while thousands more were crippled. There are no figures available on the number of days lost because of accidents, there can be no doubt but that it is tremendous.

Automobiles caused 2,519 deaths or 47% of the total. The dangerous curves and intersections on the highways in Texas are well marked and drivers can assist greatly in reducing accidents by carefully observing them.

Many accidents could be avoided if motorists would drive below the legal speed limits when tired, sleepy, in rainy weather and when other hazards exist. One should adhere closely to the law regarding the dimming of lights for approaching cars. It is an old saying, but true, that those who drink should not drive.

Many deaths are caused by accidents in the home. A total of 650 deaths were caused last year by falls. In homes most of these fatal accidents occur on either outside or inside stairways. Of course, there are many other locations in the home where accidents can and do happen.

Disorderly housekeeping, poor furniture arrangement, slippery waxed floors, worn floor coverings, unanchored rugs, neglected repairs and dark or obstructed passageways are other fall hazards found in many homes. Short cuts and so-called time savers frequently lead to ac-

cidents. The time saved is insignificant compared to the cost and time lost from an accident. When everybody develops safety habits, accidents will not be "fourth" as a cause of deaths.

### JOYCE HAMMONDS TO ATTEND TEXAS TECH WORKSHOP

LUBBOCK—A trip to Fort Davis to watch the filming of scenes from the new Warner Brothers movie, "Giant," will be one of the highlights of the third annual Texas Tech speech workshop opening here Monday, June 20.

Dr. P. Merville Larson, Tech speech department head, announced that 28 West Texas junior and senior high students have registered for the two-week session. Miss Joyce Hammonds, Floydada high school student, is among those registered. They will receive training in speech and drama, including radio and television productions.

The workshops will also serve as a practical laboratory for advanced and graduate students at Tech enrolled in a summer course on "Directing High School Speech Activities." These students, most of whom are elementary or high school teachers, will assist Tech faculty members in directing and other phases of the workshop program.

## Floyd County 14 Years Ago

(Taken from the files of the Floyd County Hesperian, issue dated June 19, 1941.)

J. M. Willson will serve the Fifth Division of the American Legion in Texas as its commander beginning in August. He was chosen for the place at the business session of the Fifth division meeting in Lubbock Sunday afternoon.

First wheat of the season for the county was delivered to Edward's Grain Elevator late Wednesday of last week and a few more loads came from the source Thursday. Frank Eiring was the grower on a field of about 300 acres near Whiteflat. The first load of about 80 bushels tested 56 pounds and the second one 57 pounds.

Mrs. Hershel Swepston, recent bride, was honored at a coffee Thursday morning in the home of Mrs. Walter Wood, 620 West Missouri street.

Mrs. R. B. Rosson honored her son Barry with a birthday party Tuesday evening celebrating his

eighth birthday. Nineteen guests were present.

A little barley cutting was done last week in a few spots over the county. Reports on these indicate the county has the biggest barley crop in history, both in volume and yield if it is saved. C. M. Lyles at

Campbell cut in a few days and W. F. Daniel of Hamden yield he estimated around 100. Roy Patton was elected full master of Masonic Lodge A.F. & A.M. at a meeting of night held at the Masonic

## Most Modern Trucks on any job

with the most advanced truck features the industry has ever seen!

Only new Chevrolet *Task-Force* Trucks bring you the shortest stroke V8's in any leading truck and today's most advanced sixes—plus all these truly modern features!

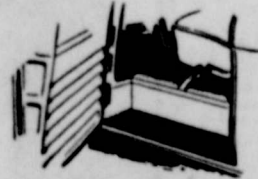

They're the marks of a modern truck, and they out-date any make without them!

Beginning with Work-Styling, an entirely new development in truck design. For the first time in any line of trucks, Chevrolet brings you two styling treatments—one for light- and medium-duty models, another for heavy-duty jobs! Styling that's matched to the model and the job.

The latest in cab comfort and safety. Inside you can count on the same ultra-modern touch—softer seat action that reduces driver fatigue, and more durable construction throughout.

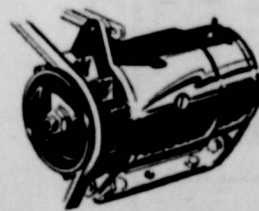

New concealed Safety Steps. Chevrolet's new Safety Steps are out of sight with the doors closed—stay clear of snow, ice or mud.

New panoramic windshield. For a wider, virtually unobstructed view of the road!

Fresh air in all kinds of weather. With new High-Level ventilation, air is drawn in through louvers at cowl level. That means air is constantly circulated through the cab, regardless of disagreeable weather conditions.

High-Voltage power—V8 or 6. The new lineup of Chevrolet truck engines includes the shortest stroke V8's in any leading truck, and most advanced sixes. All have a modern 12-

volt electrical system—double the voltage for quicker, surer starting and more efficient spark plug firing.

Tubeless tires standard on ½-ton models. Here's greater protection against blowouts.

Every Power Helper in the book. Power Brakes are standard equipment on 2-ton models, an extra-cost option on others. The new handling ease of Power Steering, another extra-cost option, cuts turning effort up to 80%.

There's new gas-saving Overdrive, an extra-cost option on ½-ton models... and truck Hydra-Matic on ½-, ¾- and 1-ton jobs.

The new Cameo Carrier. Long and low, with smooth, fleet lines, here's the Custom pickup that may well create a new class of truck owners!

One final word. When the time comes to trade in '55 models, the man without a really modern truck stands to take a good-sized loss. Come in and see us soon.

## Floyd-Reared Earl Rogers Is Victim Of Lightning Bolt

Funeral service for Earl Rogers, 54 year old farmer of Hale Center was conducted Saturday June 11, at 10:00 a. m. in the Hale Center Church of Christ. Bill Brown, minister officiated, assisted by Allen Bryan of Lubbock.

Burial was in the Hale Center cemetery under the direction of Sanders Funeral home of Lubbock.

Rogers was killed instantly Wednesday when a bolt of lightning out of an innocent appearing cloud leaped out and struck him. He was riding a tractor when the bolt of lightning hit him. Tommy Rogers, a young married son of the victim, was operating a tractor about 100 yards away when the flash leaped out of the sky.

Rogers was raised in the Sand Hill community and was married to Rena Millican in 1924. He and his family moved to Acuff in 1930 and lived there for many years. They moved to Hale Center about one and one-half years ago.

He is survived by his wife; two sons, Tommy of Hale Center and Bob of Las Cruces, New Mexico; and one daughter, Mrs. Ernest Sneed of San Antonio; four brothers, Dee of California, Poy of Albuquerque, New Mexico, Paul of Acuff and Bob of Lubbock; and one sister, Mrs. Blanche Ellis of Arkansas. Mr. Rogers was a cousin to the Buck and C. N. Waldings of this city.

Among those attending the funeral from here were Mrs. W. H. Pope, Mrs. Alma Holmes, Mrs. Charles Holmes, Mr. and Mrs. Foster Amburn, Mrs. Will Snell, Mr. and Mrs. W. S. Hanna, Mr. and Mrs. H. K. Cates, Mr. and Mrs. Buck Walding, Mr. and Mrs. C. N. Walding and J. I. Walding.

**BIRTHDAY IS REMEMBERED BY FRIENDS OF MRS. JONES**  
Friends of Mrs. W. B. Jones gave her a surprise birthday party, Wednesday evening.

Messages of good wishes and gifts began arriving in the early morning via telephone calls and friends coming by throughout the morning and noon hour.

The oddity of this surprise party was due to the fact that none of the friends knew the others were coming, which made the day more enjoyable.

Mrs. Jones received many lovely and useful gifts and a nice dinner. The heavy cloud and wind storm cut short the day but the good rain compensated for the loss of visiting
