Week of Fair Weather Aid To County Farm Outlook

Out of an allotment of 100,140 acres for cotton in Floyd county this year...

This is a composite of the estimate of County Agent W. G. Rodgers and others locally directly interested in the cotton industry.

A thousand, possibly 2,000 tractors with planting and cultivating equipment have been in the row crop fields for more than a week.

With some notable exceptions the outlook is dimmer on the irrigated farms than it has been in a number of years.

That the abandonment of cotton acreage is extensive and may be under-estimated here is indicated by one report.

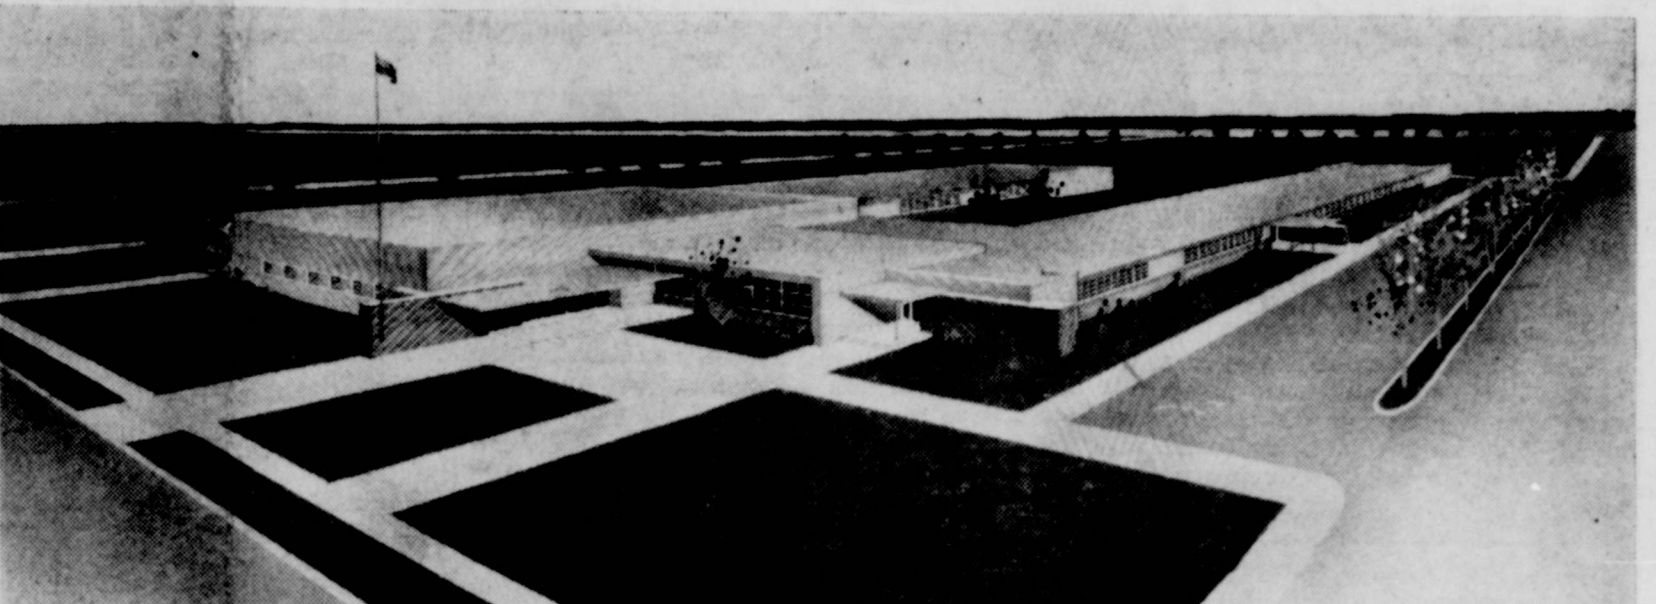

Will Try Numerous Crops

The urgent need to have some kind of a money crop this fall is calling for experimental plantings of many kinds of fast maturing crops.

More farmers are trying some of the forage crops, like Redbine 60, combine kaffir and Martin maize...

Last year on trial plantings the Marion Tucker place at Harmony the county agent said dry planted plots of Redbine, Martin and Combine Kaffir yielded 3,222 pounds...

Bond Proposal Will Face Voters of District Saturday

The vote on the proposal of the trustees of Floydada Independent School district to issue \$550,000 in school building bonds will be held Saturday at the county court room.

The bond issue for the new building is seen by the school authorities as the cheapest and best solution of the imminent break-down in facilities of the district to care for its growing scholastic population.

Decision to ask for the green light on a building program was arrived at by the board after months of study, and discussion with appraisers, architects and educators.

At this time there is need for six or seven additional rooms at Andrews Ward School for the opening of school on September 1.

Wheat Support Price is \$2.09

The final support price of 1955 wheat announced Wednesday morning out of Washington is \$2.53 at the terminal elevators...

On July 11 the rate will increase one cent per bushel. Most of the Floyd county wheat of this season went into storage on a lower temporary rate...

This rate is designed to reflect 82 1/2 per cent of parity.

Superintendent I. T. Graves. In it he said:

A tentative sketch for the proposed high school construction for the Floydada Public Schools is shown in this issue and also a diagram of the floor plan is sketched showing the arrangements of the various departments.

This is not a final blue print, but we hope that it will serve as an outline to show the major plans proposed and if anyone has other suggestions or questions the Board of Education will be glad to have them.

It was announced several days ago some of the needs for the new construction. In 1945 Floydada had 28 professional units in its entire system.

This, however, will not suffice for the opening of the school next year, where another big increase in scholastics is forecast by scholastic enumeration figures.

At high school crowded conditions were noted during the last term, when the need for additional room was not provided since no buildings were available.

The proposition on which the qualified electors who have taxable property in the district will vote Saturday is stated as follows on the ballots:

"For the issuance of bonds and the levying of a tax in payment thereof."

"Against the issuance of bonds and the levying of a tax in payment thereof."

The polling place will be at the county court room. N. W. Williams will be presiding judge, with Jess Wood, judge, and Mrs. G. S. Scott and Mrs. E. S. Randerson clerks.

Bonds will be issued serially for a period of 34 years and will bear an interest rate not to exceed 4 1/2 per cent, according to the petition presented to the school board when the election was called.

A statement relating the viewpoint of the school authorities and urging support of the new building program, was issued this week by Superintendent I. T. Graves.

Ferguson Funeral Rites Held Friday

Funeral service for H. E. Ferguson, 55, was conducted at 3 P. M. Friday at the Nazarene Church with Rev. S. L. Wood of Petersburg officiating.

Mr. Ferguson is survived by his wife; three sons, A. W., Billie Joe and Bobby Ray, all of Floydada; two daughters, Dorothy and Joyce Adell of Floydada; eight grand children; three brothers, John R. of Wellington, L. C. of Floydada, R. T. of Plains and one sister.

H. E. Ferguson was born July 11, 1899, in Arkansas. He has made Floydada his home for many years. He passed away at his home June 30 after an illness of nearly two years. For several weeks he was hospitalized at Temple, returning home 30 days ago.

Pallbearers were nephews of the deceased.

This next year there will be 57 professional units which has more (See School Bonds, back page)

July Fourth Fire Burns New Home

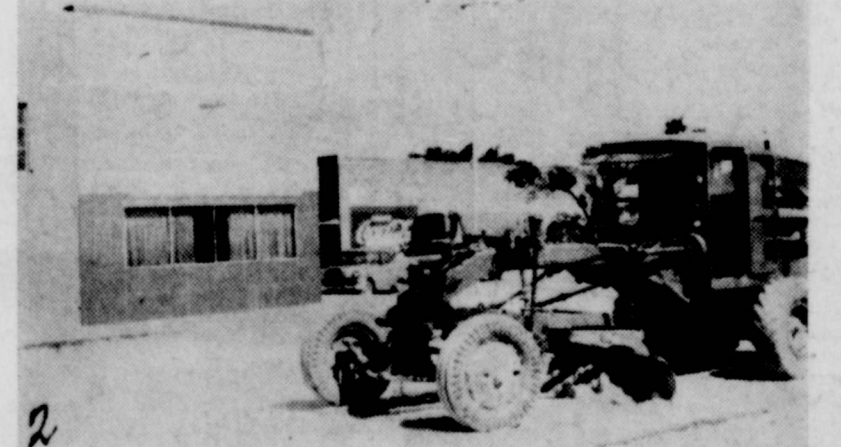

Fire of undetermined origin destroyed the new three bedroom home of Mr. and Mrs. Paul Garrison in the Honerhea Addition in the early hours of the 4th of July.

The house had just been completed and the family had moved in a few of their belongings. They were to finish moving on Tuesday.

Answering the call the department found the fire already out of control and nothing could be saved. The loss was partially covered by insurance.

No. 2 shows the dirt mover ready for paving on Fifth Street. In a community that is lagging behind in paving they now wonder why that block was not done a quarter of a century ago. It is adjacent to the \$100,000 headquarters office of Lighthouse Electric.

In No. 3 is shown the fire that scared everyone who knew about it. "What'll we do?" they thought as the thick black smoke blackened the sky at the high school. Fortunately it was only some pitch and a trailer that were consumed by the flames. (The pitch pot and a man with a ladder have been common to the local scene since hail whipped out hundreds of roofs.)

VIEWS AND COMMENT

Easy to "Explain." The secretary of agriculture and editorial writers with educated pens are having some difficulty putting in words what the wheat referendum vote "meant." In an editorial or so in the past week one writer was having the favorable vote be an endorsement of some policy or other. The explanation is simple and not involved. The wheat people, since they are going to have acreage allotments anyhow by law, would be gladder to have a \$1.56 per bushel floor under their wheat than a \$1.06 floor. And since their wish could be expressed at the polls they expressed it that way. You don't have to "explain" 50 cents a bushel, except in the higher echelons of government and newspaperdom.

Favoring Our Friends. The farming people in general and wheat, cotton and wool people in particular have been feeling they are being made the goats of international game in which Americans in these lines are the pawns. As to wheat American farmers are getting the black eye because of the ship loads of "surplus" wheat that are lying in harbors at the ocean side. The wool men see what appears to be a rigged market in which the American wool grower is the victim. Apparently our statesmen must have made some kind of a trade to be sure not to make other wool producing nations unhappy.

Bitterly they declare the state department must have made an agreement to get the wool growers in this country out of the business and turn wool production over to some other nation or nations. As for the cotton people they know there are millions who need to be clothed but American cotton must not clothe them. It would lose us friends. Just what nation feels so kindly toward us that we must not offend them is not said. The only thing for certain is there appears to be no end to the sacrifice. The American producer, meanwhile gets credit for riding the taxpayers backs with huge surpluses, and is squeezed a bit tighter year by year as high level gentlemen's agreements and concessions pile one on another. Whether these complaints are true or not, we are constrained to be of the opinion the country's economy is being ruled by policies of our state department which began back with the Harvard gentleman of the clipped accent and has been followed through by the genial Mr. Dulles.

Better a witty fool than a foolish wit.
—Shakespeare.

It was time the debunkers started in on Davy Crockett. And so the alleged embarrassing truth that Davy was a juvenile delinquent, lazy and shiftless, who ran away from home at the age of 13 to dodge a licking from his daddy. From there on it gets worse. The only thing the debunker admits is that Davy died well—and historically—at the Alamo. The debunker in this instance is a native of Texhoma who once it is alleged, also lived at Amarillo. He is now editor-in-chief of Harper's Magazine. Whatever he and other debunkers may say they can't take away the fact that the trash-can forests and the vacant lot prairies are full of coonskin capped hunters and huntresses out seeking the enemies of their starry-eyed imaginations, all done to a lilting tune.

The Harper Magazine editor may not know it but the fact is that almost to a man those who made pioneering history and carved into the wilderness what was once America, are men who, as boys "ran away" from home—generally left the "old man" because he was too hard on them, was going to give them a licking or something of the kind. Even in the memory of men now living it was the "fashion"—the ambition of many—for boys to run away from home sometime between the age of 12 to 17. They all ran west, of course, seeking the wild frontier. Thousands of them found the wild frontier and conquered their part of it. This is the truth. A boy who didn't have the spunk to slip out in the night at least once in his boyhood and be gone when the old man yelled for him at 4 o'clock in the morning—he didn't have any "git up and git" and would never amount to much. Juvenile delinquent, me eye. Davy Crockett had spunk the editor of Harper's can't debunk.

It is a matter of historical record that the defenders of the Alamo disobeyed orders when they held the untenable outpost against Santa Anna. It is true, also that the Mier expedition was undertaken against all the rules of military strategy, and the men who were massacred at Goliad died an unnecessary death when they were needed elsewhere by Sam Houston, their nominal commander. But they were free spirits in a big new world where one man's idea was as good as another until it proved wrong. They sought adventure. All General Sam offered was drill and drudgery. When he begged them to stay at home and raise crops (out in the hot sun, the crap grass and the sassafras roots) their young blood called for the glory of battle and the hunt.

Revision of Seed Laws in Texas

Prospects are somewhat brighter now towards curtailing any further spread of two of Texas' primary crop destroying noxious weeds.

The Texas Legislature in its recent session passed a measure making it unlawful to offer for sale any seed containing traces of nut grass or field bindweed.

Although nutgrass has been present in East Texas fields for many years, its spread across the state has been alarming in the past 20 years. Field bindweed, virtually unknown in Texas 20 years ago, has

crept into the state through interstate seed sales from Oklahoma and New Mexico. It has already rendered thousands of acres of once productive land practically useless.

The new seed provisions, amending the Texas Seed Act, also cut down the permissive presence of many other weeds in commercial seeds. These noxious weeds are divided into two groups: "primary" and "secondary." With exception of nutgrass and field bindweed which are totally prohibited, "primary" weeds in excess of 100 weed seed per pound are barred from sale.

"Secondary" noxious weeds in excess of 200 weed seed per pound are prohibited from sale.

This means that presence in commercial seed of more than 100 seeds

per pound of dodder, curled blue weed dock, Canada Thistle, or Johnson grass—all primary weeds—makes such seed unsalable. However, crops containing Johnson grass in excessive quantities may be sold when labeled "pasture mixture."

Secondary noxious weeds, or weeds that can be controlled by good cultural practice in spite of their objectionability, include such familiar species as Russian thistle, Bermuda grass, wild oats, wild onion and garlic, wild carrot, wild mustard, goat grass, puncturevine (goat head), cucklebur, and wild radish. Their prohibition in excess of 200 weed seed per pound of commercial crop seed does not of course, entail prohibition of cultivation of any one for domestic purposes, such as the use of Bermuda grass as a lawn covering.

These new seed law provisions.

now in effect, also provided for sale must be nine months, instead of as required by present law. This further tightens seed laws is aimed primarily at those of crops and to keep our crops necessary pollution.

Polio Chiropractic IS Effective

Research surveys prove that Chiropractic is effective against polio.

In a research study of 300 acute poliomyelitis cases under Chiropractic care, 86.7 per cent were well in an average of 46 days, with no residual paralysis.

In addition to 86.7 per cent well, another 11 per cent were much improved, according to results of the study conducted by the Research Department of the International Chiropractors Association.

Only one case showed no improvement, and in only two cases out of 300 studied was Chiropractic unsuccessful in combatting the condition.

The peak incidence of these cases occurred during June, July, August, and September. These four months accounted for 71 per cent of the total cases.

The age breakdown showed that one-third of all the cases were five years of age or younger.

Results of another survey also point up the value of Chiropractic.

A study was made of children under 12 years of age who were Chiropractic patients during 1949 to 1953. A total of 31,868 children was reported, and in this group only nine cases of polio occurred, of which none resulted in any paralysis or other disability.

This was an independent four-state survey conducted by a conference committee of the International Chiropractors Association.

These surveys point up the importance of patient cooperation with the Chiropractor. Chiropractic results are found to be in direct ratio to patient cooperation.

It should be emphasized that the earlier a case reports to a Chiropractor, the better is the opportunity for prevention of crippling and disabling effects.

In the early stages of polio a part of the nervous tissue in the spinal cord is severely inflamed. Following this inflammation, there is a hardening of some of the tissues in the cord and a change in its structure. If this condition remains, the carrying ability of the nerves is permanently affected.

The spinal cord becomes inflamed because the nerve fibers which supply it are incapable of carrying the proper quantity and quality of vital force. This occurs because they are being pressed upon by a displaced vertebra of the spine. The tissues which such nerve fibers supply will be abnormal just as long as the impingement remains.

Logically, then, the way to remedy the condition is to adjust the displaced vertebra back to its normal position. By doing this, the spinal cord will again become normal. It will be able to transmit properly its messages, and the muscles will be able to function in a normal manner.

The Chiropractor is especially trained to locate these abnormalities in the spine and to restore them to normal. When this is accomplished, interference to the nerve fibers is corrected, and normal function will result.

Dedication of Administration Building Marks All-Day Camp

A thousand or more people from over the area of District Nine, of the Texas Baptist General convention, were present at the all-day July 4 camp of the district and had part in the day-long activities.

The meeting was climaxed in the evening by the presentation, and acceptance and dedication of the new administration building recently completed on the grounds.

The program got under way with a song service led by John Ward, educational director at the First Baptist Church in Plainview.

The welcoming address and recognition of visitors was by the Assembly president, Rev. Wayne Perry of Sudan.

Dr. Lee Hemphill of Littlefield spoke concerning Wayland College. After special music by the sextette of the First Baptist Church in Plainview, Rev. Levi Price of Monahans delivered the noon message.

The afternoon was spent in recreation. Dr. R. Earl Allen delivered the dedication message of the new \$15,000 administration building.

The building is a gift from Mr. and Mrs. J. M. Willson, Sr.

The Plains Baptist Camp, established eight years ago, serves an area extending from Randall County south to Lynn County and from Dickens county west to the New Mexico line.

A total of 197 churches are in the district 9 and 100 have cabins on the grounds. E. D. Morgan is resident manager.

New officers of the Assembly are Rev. Wayne Perry of Sudan, president; Rev. Harlan Harris, of Plainview, vice-president; and Paul Sparkman of Floydada, secretary.

Mrs. J. A. Hill Passes; Funeral To Be Held Today

Mr. and Mrs. Clement B. McDonald and Mrs. L. C. McDonald will be among the many plains people to attend the last rites for Mrs. J. A. Hill of Canyon. She was the wife of Dr. J. A. Hill.

Death claimed Mrs. Hill Tuesday night at 10 o'clock at the family home. She had been ill several months.

The funeral service will be held today.

Clement McDonald lived in the home of the Hills while he was a student in West Texas State and a long friendship has been cherished through the years by the Hill and McDonald families.

The Hills celebrated their fiftieth wedding anniversary in 1953.

Mrs. Hill is survived by her husband two sons and a daughter. One of the sons, Joe, went to the Antarctic with Admiral Byrd. He is now an engineer at Columbus, Ohio. The other son is superintendent of schools at Galveston. The daughter is Mrs. Lemore Hill of Borger.

AROUND TOWN

(by Jennie Henry)

Nice to know that Dr. and Mrs. Bob Arnold and family are back in our area. The Arnolds have moved to Lubbock where Dr. Arnold has opened an office.

Former high school superintendent, Walter Travis and Mrs. Travis of Houston were in Floydada on Sunday, guests of the H. G. Barbers. Mr. Travis is tax adjuster for a gas company with the main office in Houston. They were enroute to his branch office in Amarillo. Their son, Mack, will be a junior in Baylor University this fall.

Stolen — One yarn from the Tullis Herald — It seems that several Baptists and Presbyterians up the way were spinning denominational yarns one afternoon.

A little old lady ended the session when she related an announcement concerning an outdoor baptismal service at a pond, as made by a Baptist preacher, years ago when she was just a girl.

"The men will be baptized at the north end and the women at the south end," he announced to the group. "The children will be baptized at both ends."

The Jr. Hi Canteen had 10 new members last Thursday night. Enthusiasm is high among the members as well as the cooperative parents who are acting as sponsors each Thursday night. There are four adult sponsors each night.

The members are required to sign in when they arrive and also when they leave. They are not allowed to be running in and out of the building.

Our hats are off to the Chamber of Commerce for making this canteen possible and to the many parents who are helping.

Joyce Hammonds and Max Crawford talked glowingly of their trip to Marfa, where they succumbed (as who doesn't) to the lush beauty of Elizabeth Taylor. She is the star in the movie "Giant" which is being filmed there.

Max says, "She's even prettier than I had expected."

Max, Joyce and Jimmy Hammonds accompanied the Tech summer speech workshop, of which Joyce is a member. The director, George Stevens, was especially nice to the group, giving them special attention. Stars they say, other than Miss Taylor, were Rock Hudson, James Dean and Chill Wills.

"Giant," which was written by Edna Ferber, will not be released until 1956.

When lightning strikes the sand hills near Odessa, Texas, jagged streaks of glass are formed.

Youth Center Has Thirty at Dance

Square dancing night at the youth center last Friday night was attended by about 30 young people.

Mr. and Mrs. Bill Rogers were on hand to instruct and assist with the square dancing.

Mr. and Mrs. Woodrow Wilson and Mr. and Mrs. Cager Carmack were sponsors.

Junior High Canteen

The tacky party and talent show held last Thursday night at the Junior Hi canteen was enjoyed by about 50 students — with 10 new members.

The entertainment for tonight will be square dancing. There will be people on hand to give instructions in square dancing as well as four adult sponsors.

Fyffe Family Has Re-Union Sunday

The D. W. Fyffe home was the scene of a family reunion on Sunday. All the Fyffe children were home except Barry who is in Newfoundland.

Those enjoying the get-together were Mr. and Mrs. J. D. Moore and daughters of Rotan; Mrs. Lee Cavin and children of Ft. Worth; Mrs. Hubert Eatmon and son of Ft. Worth; Mr. and Mrs. James Burriss and children of Phillips; Mr. and Mrs. DeWinn Fyffe and daughter of Syracuse, New York; Mr. and Mrs. Clinton Fyffe and son, Mr. and Mrs. Bill Shurbet and daughter, Mr. and Mrs. Aubrey Stewart and the host and hostess all of Floydada.

Wheat Insurance Checks Arriving

Droughted out wheat farmers who made claims for adjustments by the Federal Insurance Corporation, had begun receiving their checks last week. The first was received June 27, on the 14th day after the claim was forwarded.

L. A. Wilde and Jack Whitfill, adjusters for the agency get credit for a quick and courteous job, after the deadline date was given out by the insurance corporation, said Bill Darden, agent this week.

METHODIST YOUNG PEOPLE REPORT McMURRY ASSEMBLY

Miss Ann Jones, Miss D'Lene Witkowski, Kearney Edmiston and Randall Jones returned home Saturday from Abilene where they attended the Methodist Youth Assembly on the campus of McMurry College last week.

Each gave interesting reports of their trip at the evening worship service Sunday evening at the First Methodist Church.

Little League Suits Arriving; Games Tonight

Floydada Little League has five games scheduled for this week and will probably see further action in make-up tilts.

Starting at 5:30 p.m. today the Giants and the Dodgers tangle in the opener. In the second game the Braves and the Tigers will see action.

Tomorrow evening the Indians and Dodgers will battle in the opener and the Giants and Tigers will see action in the nightcap.

Monday evening, July 11, a single game is scheduled between the Braves and Cardinals.

The new uniforms for the Little League players arrived yesterday and are being issued to club managers. Suits will be issued to players beginning today. Commissioner W. B. Winn said the games this evening will be played in the new uniforms.

Scores reported since last week are for play on the evenings of June 28, June 30 and July 1. July 4 games were postponed as many players and their families were out of town.

Tuesday of last week the Cardinals downed the Tigers 3 to 1 in one of the tightest games of league play this season. In the second contest the Indians defeated the Giants 9 to 6.

Thursday evening the Giants defeated the Braves 11 to 7 and the Dodgers downed the Cardinals 15 to 3.

Friday evening games saw the Indians best the Braves 10 to 6 in the first game and Giants take a 14 to 7 decision over the Cardinals in the nightcap.

LIBRARY NEWS

(Mrs. Lee C. G. Olgherty)

The Junior Book Review Club enjoyed a very interesting meeting with a program on flags conducted by Mrs. J. H. Barnard. Mrs. Jim Word spoke to the group on flag courtesy. All of the group took part in making a large flag of the United States. Refreshments were served to 30 children. Mrs. Barnard presented each child with a flag as they were leaving.

The next meeting of the club will be Tuesday, July 12, with Mrs. H. F. Jackson as leader. All boys and girls in the county from the first through the fourth grades are invited to attend.

The Hobby Club also enjoyed a good program Tuesday morning with Mrs. R. G. Dunlap giving instructions on how to plan and conduct a successful party. The club members played the party games and thoroughly enjoyed the meeting.

Mrs. Dunlap was assisted by Mrs. H. F. Jackson, Mrs. Bobbie Kinbrough, Mrs. Ted Rutherford, and Mrs. J. L. Wood. There were 21 present. The next meeting will be Tuesday, led by Mrs. Lynn Miller.

Mrs. T. L. Wood brought refreshments for both groups from the South Plains Home Demonstration Club.

A vertical file cabinet has been purchased for the library at both Floydada and Lockney. It is hoped that these files will make available to the clubs more materials for programs, as well as helps for the school children this fall.

The following have given magazines to the library this past week: Mrs. P. L. Orman, Mrs. Virgil Shaw and Arlis Powell.

Several books have been given by Mrs. Dickie Atteberry, Beth Crawford and Linda Duncan.

A county and city map was given by the County Surveyor, W. D. Newell.

The Woman's Society of Christian Service of the Methodist Church has given the book, "State Laws on Race and Color."

We appreciate all the gifts to the library.

A large group of children enjoyed Mrs. W. F. Patrick Saturday morning at Story Hour. Mrs. J. D. McBrien helped with games and refreshments.

G. T. Meriwether Died Unexpectedly Monday Morning

PLAINVIEW—G. T. Meriwether, 33, manager of the Western Cotton Oil Co. mill in Plainview, died at 8:30 a.m. July 4.

Meriwether's death was unexpected and a shock to his family and many friends. He had been hospitalized for about two weeks for a rest and checkup but his condition was not considered serious. Death presumably was from a heart attack.

Funeral service was conducted Tuesday afternoon at 3:00 o'clock in the 10th and Ulrich Street Church of Christ in Plainview. Burial was in Memorial Park under the direction of Lemons Funeral Home.

Meriwether, "Teeter" as he was familiarly known, was born October 30, 1921, at Lockney. He graduated from the Lockney High School and attended Abilene Christian College two years. He served in the U. S. Navy during World War II. He became an employee of Anderson-Clayton in 1942, going to work for the firm as a bookkeeper at the Brownfield mill.

Meriwether's abilities were soon apparent and the company assigned him as manager of its mill at Plainview about four years ago.

Meriwether was a member of the Church of Christ. He was a member of the Plainview Lions Club, Rodeo Association and was a director of the Plainview Fat Stock Show.

He and Miss Doris Sams were married at Plainview. She and their two children, Susan and George Thomas III, are among the survivors.

Other survivors are his mother, Mrs. George T. Meriwether, Lockney; four brothers and sister, Raymond Meriwether, Lockney; Carl Meriwether, Las Cruces, N. Mex.; Mrs. Lewis K. Sherman, Lockney; Austin B. Meriwether, Lockney.

Center News

(By Mrs. J. E. Green)

CENTER July 5 — We are having beautiful weather. Crops are growing. Everything is beautiful and the green grass and fields, no hot bare stubble fields, and the lakes full of water makes July this year much cooler than it has been for years.

People always take advantage of week-end holidays — go somewhere or have company. As a result our church attendance suffers. Let us all try to be present Sunday. We expect our new pastor to preach for us and let us know his decision.

Johnny Lynn Warren filled our pulpit Sunday.

Mr. and Mrs. Gene Dann and family of Lovington, N. Mex., spent several days last week visiting their uncle and family the Frank Dunns and their grandmother Mrs. J. K. Dunn.

Mr. and Mrs. Floyd Montgomery who are spending the summer in Canyon were Sunday dinner guests of his sister and family, the Frank Dunns.

Mr. and Mrs. J. D. Welborn and children spent the week-end in LeFors visiting Mrs. Welborn's parents and other relatives.

Mr. and Mrs. Doc Ryman and baby Sara Elaine and Mrs. Green were supper guests of Mr. and Mrs. Victor Green and Jimmy of Plainview Friday evening.

Former Center Man Is Victim of Train Crash

A nephew of C. O. and R. M. Spence, once a resident of Center community in Floyd county, was one of five victims of a freight train collision on the Santa Fe 36 miles west of Fort Sumner, New Mexico, Tuesday.

He was Vernon Adair, 42, son of Mr. and Mrs. Tom Adair, of San Saba. The victim lived at Clovis, New Mexico. He had a wife and two children. He was head brakeman on a west bound freight that moved on to a siding to let the east bound pass.

The news reports said the west-bound, however, instead of stopping, went on through the siding, and collided with the east bound which was rounding a curve at 50 miles per hour.

A Santa Fe official, Ralph Ater, of Amarillo, said the cause of the westbound moving out the open track may never be known.

The lives of four other men were also claimed in the wreck. All of them were residents of Clovis.

Numerous relatives of the deceased still live in this area. Among these are Mrs. Kelton Winegar and Mrs. P. Z. Thornhill, of Crosbyton and Mrs. Burl Huckabee of Floydada, who left Tuesday for Clovis. They are cousins of the deceased.

The plans for the funeral rites for Vernon Adair had not been learned in Floydada yesterday at noon.

Visitors in the L. W. Johnson home Tuesday were Mr. and Mrs. Troy Evans and daughters of Dallas and Mrs. Minnie Gollibar of Crosbyton.

Three Little Boys Break In Fuquas

About the most casual Fourth of July in recent history was racked up by Floyd County people over the long week-end and July 4th.

The sheriff's department and city police report not a single traffic accident in the county, so far as their records go.

To keep the week-end from having no marks at all against it three little Floydada boys broke into the Fuqua Farm Supply Sunday night and took some candy, chewing gum and pennies.

Police Bob Smith said two of the boys got a spanking they'll remember and a talking to by the judge. One of the three is a problem lad with no parental authority.

Guests in the Mrs. Cora Pace home Sunday were Mr. and Mrs. R. C. Hollingsworth of Silverton, Mrs. O. W. Vandell and children of Plainview, Mr. and Mrs. Roy Hollingsworth and children of Oklahoma City, Okla., and Mr. and Mrs. W. M. Knight of Floydada.

AUSTIN. — School-age children of Texas will be given a second round of polio inoculations before the month ends.

Assurance has been given State Health Officer Henry A. Holle, by the National Foundation for Infantile Paralysis, that manufacturers of the vaccine will have complete production and safety testing of enough vaccine to permit another round of inoculations and booster shots by the end of July.

Fifty-five new cases of polio were reported for the latest period, which ended June 25. It brought the state total to 509.

Austin has had 12 cases to date.

Draft Evader Sentenced

Two years in the federal penitentiary face Fred D. Jackson of Comanche. He was sentenced by Federal Judge Ben H. Rice Jr. when convicted of draft evasion. Jackson handled his own defense.

Ass. U. S. Dist. Atty. Lonny Zweiner, said that the Jehovah Witness minister refused to work in the Austin State Hospital when ordered to by his draft board — in lieu of military service. Yet he admitted working in a Fort Worth plant that manufactured military aircraft.

Adrian Case Delayed

Federal Judge Ben H. Rice Jr. has postponed until next January a hearing to determine if 75-year-old John Cass Adrian of Austin is "mentally incompetent."

Parr Appeals Case

George B. Parr, "Boss of Duval County," has asked the U. S. 5th Circuit Court of Appeals for permission to file two writs in his fight against charges of income tax evasion.

Parr wants the higher court to vacate an order setting his trial for July 18, and to stop proceedings until the Appeals Court reaches a decision.

Also, he wants the case heard in Laredo. Originally it was scheduled for Corpus Christi, then moved to Austin.

Parr has denied the government's charges that he failed to pay \$85,000 in income taxes for the years 1949, 1950 and 1951.

Berry Career Ends

Rep. George S. Berry of Lubbock, whose career in public office began 30 years ago, died in Austin last Friday. He was injured in an automobile accident on May 20.

Berry, who was 56, was serving his second term as a member of the Legislature. His first public office was as county attorney of Young County. Later he became assistant district attorney, and for a short time was assistant attorney general. He was born in Granbury and moved to Lubbock in 1929.

School Squabble Goes On

A 1000-name petition was presented to Dr. J. W. Edgar, State Commissioner of Education, urging him to cancel certificates of the 110 teachers who struck in the recent school row in Irving.

Filing the petition were Clifford J. Moore and Donald O. Starrett, president and director, respectively, of the Council of Public Affairs at Irving.

They were advised by Dr. Edgar to have an attorney file a brief, supporting their contention, and if he decides he has jurisdiction, then each teacher involved will be granted individual public hearings.

Irving teachers struck in protest against the firing of Dr. John L. Beard as superintendent of the old Irving school board. When the district was abolished, and a new one created, the new board rehired Beard. Dr. Edgar ruled earlier that the Irving school board did not have proper cause for canceling Dr. Beard's contract as superintendent.

Scouts Expand Program

Plans are being made for a 40 per cent expansion of the Boy Scout movement in Texas.

Twin Pipes that play sweet music!

Chevrolet's "Super Turbo-Fire V8" with 180 hp.

You can spot this one by the twin tailpipes. No matter what you drive, you're going to see twin-exhaust Chevrolets pulling away—in traffic, on the toughest hills, on the long straightaways. . . . Unless you have a "Super Turbo-Fire V8" of your own. And then you'll know what it's like to pilot the car that sets the pace for everything else—and doesn't pause to read the price tags! What makes the Super scat? Chevrolet's superb valve-in-head V8, with the shortest stroke in the industry, the most power per pound, and the only

12-volt electrical system in its field—all this plus a four-barrel carburetor and free-breathing twin exhausts.†
Want to sample this silk-lined cyclone? Just give us a call, any day this week, and we'll be proud to show you just how hot a V8 can be.
*Optional at extra cost.
†Station wagon models have single exhaust pipes.

Marshall Pintos As Agency Crop

There is an idea. Why not plant pinto beans? The pinto bean is a crop that is being planted in 90 days. It should be planted in the spring and watered once. The beans are harvested in 90 days and replanted on the land. This will enrich the land to better crops.

An improved pinto bean developed in Idaho is one eleven that is claimed to produce around thirty sacks per acre.

It takes about 30 to 40 days to plant 22 in. per acre to produce more than very much vine. They are about 8 or 10 inches in length.

Want to make even more money from your land? Plant pinto beans. They produce four or five times the yield of other beans. This produces a high yield in your land and fertilizer in your next crop to produce more.

For a few hundred dollars a worth investigating. Feel inclined to try to help produce that \$1,000 on this good south plains land of the boys are doing.

Work But More Money

are a dozen crops that planted that would pay more than you are doing.

Why pinto is one of the best bean family. It is the richest, most nutritious, and most person than any other bean. A few years these beans are one of our most valuable beans. Soil building quality justifies their planting if you harvest a bean.

Dougherty News

(by Mrs. W. J. Ross)

DOUGHERTY, July 4. The glorious fourth was celebrated by most of the citizens of this area with work as usual. With wheat harvest in progress, late planting and cultivating row crops few could quit work for formal celebration of Independence Day. Despite adverse weather conditions the wheat yields were 9 to 37 bushel per acre. The consensus of opinion seems to be that row crops are growing and looking fine.

FAIRVIEW, July 5 — The 4th of
July in our community was spent by
most of us as a work day instead of
a holiday — at least we did not get
caught in any traffic jams or have
any accidents so as for the folks of
our community we had a "safe and
sane" fourth.

Crops are growing and so are the
weeds and grass, so everyone is very
busy these days working early and
late.

All of us hate to be photographed. At least that's what we say: "No, it might look like me." "They always snap me with my mouth open." And so on.

But the other day, a man whose business is being written up for a national magazine gave his wife a hurry-up call to get a dozen women there right away. The photographers were there and wanted to pose a group of housewives watching a demonstration. She had about half an hour in which to call the women and have them get to his place of business.

Of the twelve she called, eight came, one with her teenage daughter. One of the others was shampooing her hair, at least two weren't at home. We saw one of these women later and she said she didn't like having her picture made, but would have come "just to help Mary out." Some of the women arrived in hat and gloves, others in becoming cottons and play shoes. Their chatter was delightful:

"I was in the yard; didn't even have time to wash my hands." "I told John to wait around and I'd fix him some lunch." "I was gathering radishes." "I had just come in from a party so I was dressed."

How many of them could have moved that fast for any other assignment? Most of us are honest, however, in saying we don't want our pictures made. When we look at ourselves in the mirror we're used to, we concentrate on such things as straight hose seams, or makeup. We rarely really see ourselves. But in a photograph it's there in black and white. If we're beginning to spread at the seams, get gray, have wrinkles, there's no dodging it. It's the record.

Mr. and Mrs. Carter West and Betty spent the week-end in Whitesboro visiting relatives and friends.

Mrs. Dagley Was 98 on June 22nd

LOCKNEY— Mrs. N. C. Dagley of Lockney observed her 98th birthday on June 22. Although no special party was held she received two cakes and other remembrances. She lives in her own house here on East College Ave.

Mrs. Dagley has lived in Lockney 64 years. She was born in Little Rock, Arkansas, on June 22, 1857 and the family moved to Texas when she was four.

She was reared in Hunt County and was married to John T. Dagley on December 17, 1874. Her maiden name was Noreissa Caroline Dodd. Mr. Dagley died in 1900 and is buried here. Although she doesn't live with her, Mrs. Josephine Burt lives in the same house and sees to her needs.

Mrs. Dagley has three living children. They are Mrs. A. R. Meriwether of Lockney, Mrs. J. T. Hill of Wichita Falls and Mrs. J. A. Baker of Glendora, California. A son, J. L. Dagley, died here in 1952.

Arch March of Lubbock spent the week-end with his parents, Mr. and Mrs. Joe March.

BRIDGE CLUB MEETS

Mr. and Mrs. Edell Moore entertained their bridge club Friday night. Refreshments were served to the following:

Mr. and Mrs. Hollis McLaing, Mr. and Mrs. Claude Weathersbee, Mr. and Mrs. Lane Decker, Mr. and Mrs. Bob Copeland and the host and hostess.

Prizes were won by Mr. and Mrs. Decker and Mr. and Mrs. Collins.

Two New Entries In Queen Contest

The committee for the Floyd County Farm Bureau Queen Contest met June 30th with Contestants and sponsors.

Jack McIntosh, who will be master of ceremonies July 15 was also present to help make final plans for the contest.

There are two new contestants: Cecilia Langley, sponsored by Producers Cooperative Elevator of Floydada, and Jimmie Holt sponsored by Jolly Stitches Club of the Trick community.

All contestants will meet in Lubbock at 5:30 P. M. July 8th on Channel 11 KCBF on Jim Black's "Hospitality Time." They would like as many sponsors as possible to be present.

The rehearsal for the contest will be Monday, July 11, at 3 o'clock at the High School Auditorium, in Floydada.

The contest will be July 15 at 8 o'clock at the High School Auditorium in Floydada. The public is invited to attend.

School Bonds

(Continued from First Page)

than doubled in the past decade. This past year we have had the largest increase for enrollment that we have experienced in one year.

There were 95 more pupils in the Floydada Public Schools at the end of the past year than were enrolled at the end of the previous year.

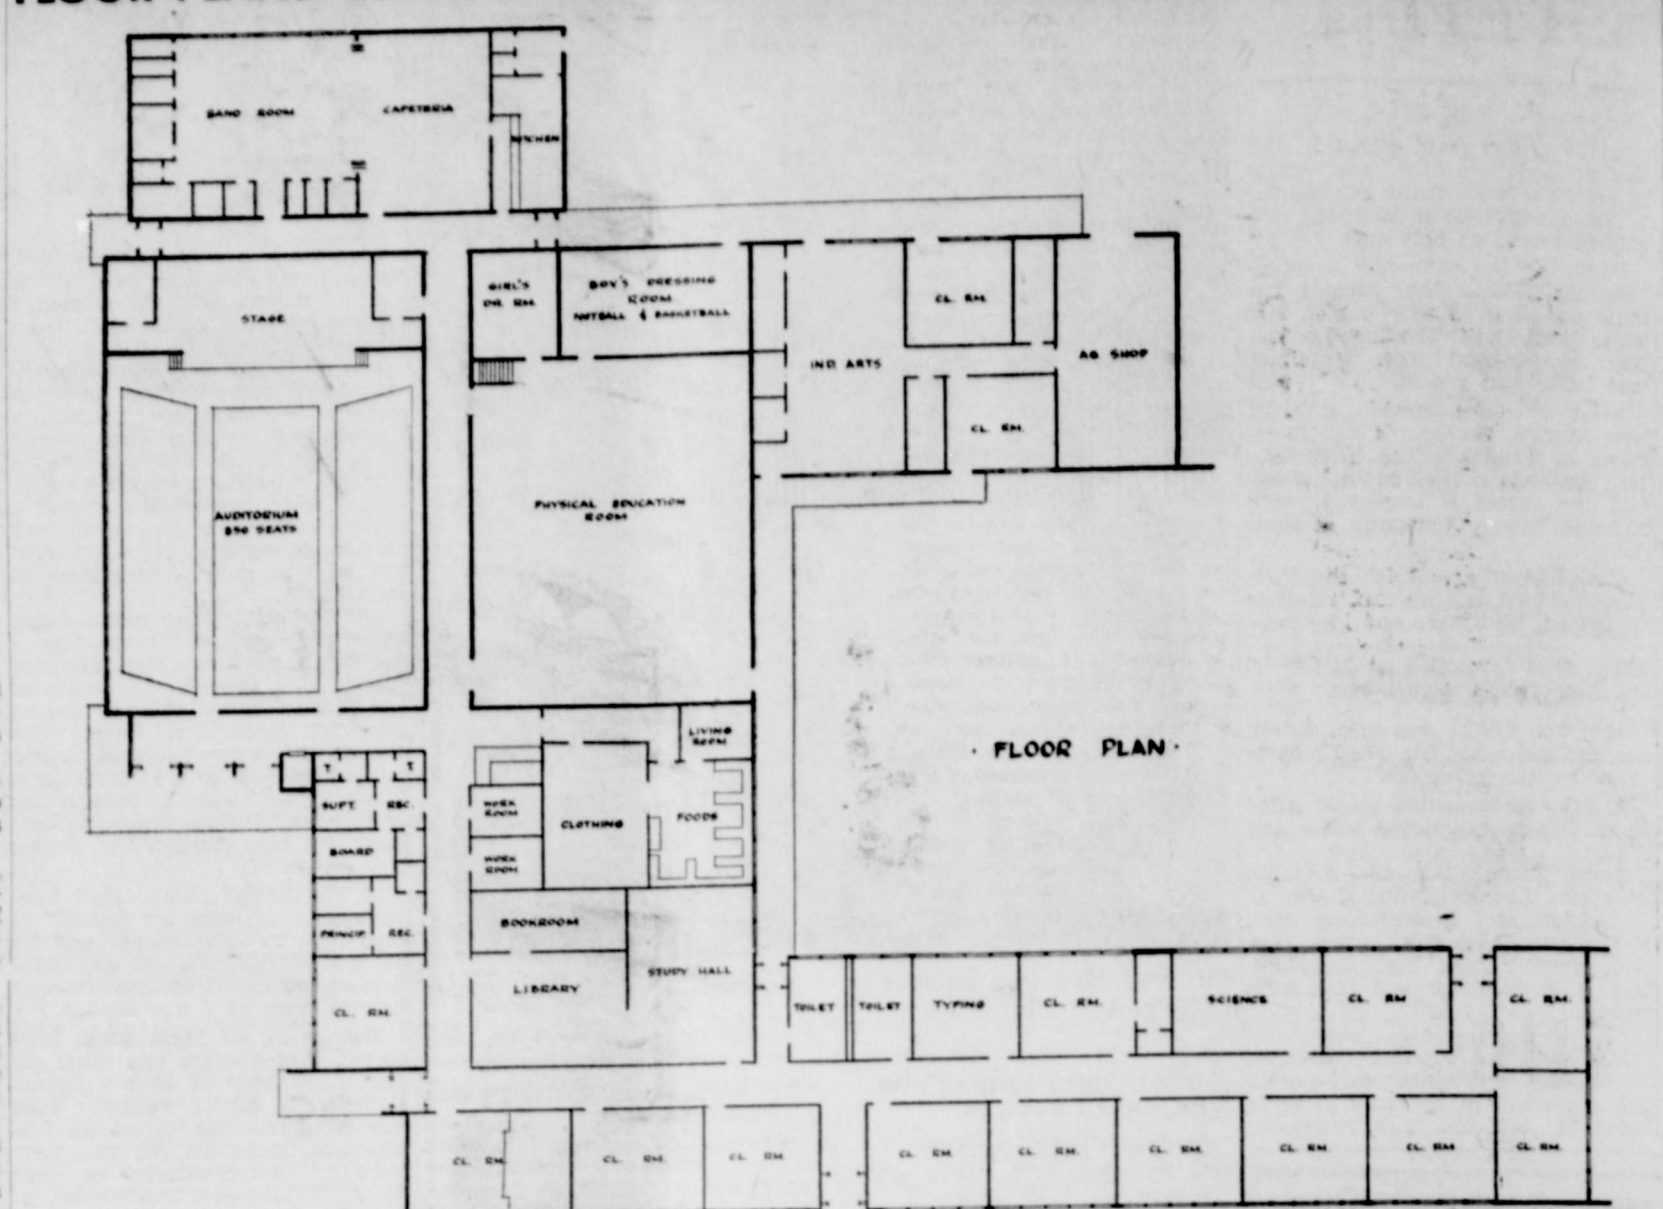

Substantial Growth Seen

The average membership for the senior class this past year was 63 while the average membership of the first grade was 115. The first grade is practically twice the enrollment over the senior class.

According to a recent National Education survey, there will be an increase of 22% in the elementary schools and 28% increase in the high schools within the next five years throughout the United States.

We feel that Floydada will probably have a greater increase for these statistics did not include the growth of certain sections of the nation. We know that our town is also growing or there would not have been 95 pupils more in school at the close of this year than the number that we had the previous year at the same time.

We believe that most people of

If taxpayers of Floydada Independent School District give their approval of the school board's building project, this is the floor plan that will be followed, with possible slight changes. The plan was adopted as the model to aim for after extensive investigations were made of buildings in other districts of the southwest.

The Floydada School District realize the importance of more school facilities for this was placed as number one in determining Floydada's needs in a clinic survey that was sponsored by the Floydada Chamber of Commerce this last spring.

If The Bond Issue Carries

It has been announced that the plans are to use the Andrews Ward school for the first five grades, the present high school building for the sixth, seventh, and eighth grades and make repairs on these buildings.

It is then planned to have a modern construction for the high school grades that will take care of approximately 450 pupils and an auditorium the will seat approximately 850 people. With this arrangement it is estimated there will be a small margin left for further growth.

We urge you to study the diagrams that are being presented which give a better idea of the new construction than can be related in writing.

The bonds call for \$550,000. It is planned to use approximately \$400,000 for the new construction. Probably it will take a little over \$100,000 for the site, new equipment, repairs of present buildings, and the other needs that will go with a building program. This is a flexible program. However, only that amount of the bonds that are actually necessary will be issued.

Make-Shift Teaching Room

After we put partitions in the temporary building for next year, we will still be crowded and will have to leave off some of our program that we need very much. However, if we can begin construction some time soon, our architect informs us that we can have the new construction completed by September 1, 1956.

The citizens of the Floydada Independent School District have always been generous in supporting their schools. We believe that this case will be no exception and urge all of the eligible voters of this school district to vote on this important bond election to be held on July 9th at the Floyd County court room.

O. P. Rutledge, Jr., of Corpus Christi, accompanied by his daughter Beth, is here this week on a vacation visit with his parents, Mr. and Mrs. O. P. Rutledge.

Dr. and Mrs. O. R. McIntosh spent Sunday and July 4 at Hobart, Oklahoma, where they were guests of the A. R. Fuchs family.

Lykes, Bound For Korea, Thru Canal, Boys Report

The afternoon. The food is beyond description and most abundant. We can have all we can hold and what we can hold is plenty.

"Until the last day or so the sea has been smooth as glass, however a few tropical squalls changed that. The boat has really been rocking and rolling. In spite of this there has been no sea-sickness yet — only a few dizzy heads.

"We have a short devotional each morning before we go to work. This morning we had church services on deck."

Written next day—Monday, June 27:

"I just took a roll of film of the locks and part of the big ditch. We did not go ashore but men came aboard and sold us some souvenirs of the canal. It's a great life out here. We will leave Panama City about noon."

The boys will write again from Honolulu, Hawaii. They will not reach Korea until about July 23.

The ship that the boys are on is a relatively new freighter by the name of Sylvia Lykes. Their living quarters are very modern and comfortable. Each stateroom is air conditioned and has a private bath.

KITCHEN AND ★★★ FIELD NEWS

from Lighthouse Electric Cooperative, Inc., by Nancy Morckel and Claude Weathersbee.

With summer here again we are reminded of the wave of tragic deaths of last summer from children who suffocated when accidentally locked inside old discarded ice boxes. So if there is an old ice box sitting around your premises anywhere be sure to remove the door from this "death trap" for small children. According to statistics around thirty children lost their lives in the United States from this.

Today, a woman who makes a career of managing her home and rearing her children is a homemaker, not an old-fashioned housewife. Modern electrical appliances have brought about this revolution. What household appliance has contributed most to promote the change from housewife to homemaker? Opinions on that may differ, but the automatic clothes dryer is one answer.

Never in the history of household equipment has an appliance been more warmly welcomed by woman. The reason for this enthusiastic ac-

ceptance is that homemakers and their husbands quickly recognized its labor-saving and convenience features.

The fortunate owner of an automatic dryer is freed from lifting heavy baskets of wet clothes; carrying them to the line; reaching, stooping, bending and stretching to hang clothes or remove them from the line. A dryer owner has banished the nuisance and hardship of waiting for a good wash day; rushing to bring clothes in from a sudden shower; re-washing because of broken lines smoke or soot, dust, insects; and draping clothes all over the house in the wintertime or during inclement weather. She no longer walks 40 miles a year to hang clothes and she saves 20 eight-hour work days a year.

The consumer was quick to recognize the work and time a dryer would save, but there were many questions in the minds of prospective buyers. Would the dryer wear out clothes? Would yellowing and fading occur in a dryer? Was a dryer safe for synthetic fabrics as well as the traditional cotton and linens? Was there more shrinkage in the dryer than in line-drying? Since the dryer uses heat would it be a safe appliance? Would lint and moisture be a serious problem?

The Household Equipment Research Staff at Ohio State University conducted a study to get the answers to some of these questions. Results of the study show that (except for a small amount of shrinkage in a few fabrics such as cotton knits) dryer-drying is definitely more satisfactory than out-of-doors drying in sunshine and breeze.

The benefits found in this research show that dryers have contributed a great deal to promote the change from housewife to homemaker in this modern age.

According to the tests, articles dried out-of-doors have a higher percentage of weight loss than those dried in a dryer. The homemaker has never seen lint blown from clothes when they are being line-dried; hence, it disappears unrecognized in the air.

White clothes remain just as white dried out-of-doors, according to a reflector meter. Color retention in colored fabrics was far superior in dryer-dried articles.

Another benefit checked was the time saved. With an automatic dryer many articles need no ironing and sprinkling is eliminated by

drying to degrees of dampness required for ironing.

Fewer clothes are needed with a dryer. Carrying, lifting, stooping and stretching are eliminated. Clothes are fluffier and softer—not faded or soiled from hanging on a line. The modern homemaker cannot afford to be without an automatic dryer.

Mrs. Margaret Wallace of Lubbock spent the week-end in Floydada with her daughter Mrs. "Red" Gregory and Mr. Gregory; and her son Noel Wallace and Mrs. Wallace.

Jackie Alexander spent Sunday at Roaring Springs.

Mr. and Mrs. Richard Rice, Nancy and Karen, have returned from a two weeks vacation. Richard spent three days visiting his Alma Mater, Oklahoma A. and M. at Stillwater. They spent much of their time with their parents in Altus, Oklahoma.

Mr. and Mrs. Buck Marricelle and son went to Lubbock where they visited the Dayton Marricelle family. They went to Littlefield and visited Mr. and Mrs. Wayne Todd and son and on the way back home they visited with Mr. and Mrs. E. J. Miricelle and Patsy at Idalou.

Mr. and Mrs. Paul Huntington and Susan spent the week-end holiday in Carlsbad, New Mexico.

Wayne Collins says: "I chopped cotton on July 4th."

Mr. and Mrs. Wayne Collins and Charlie visited in Beaumont during their vacation.

Mr. and Mrs. Claude Weathersbee, Tommy and Leigh Ann, spent the week-end holiday in Snyder with Claude's mother, Mrs. Eunice Weathersbee.

Mr. and Mrs. Bob Norrell and Bobby Jean spent the Fourth of July holidays visiting relatives. In Midland they visited Mrs. Norrell's sister, in Odessa they visited his

brother and sister and another sister in Monahans.

Mr. and Mrs. John Womack and family enjoyed an ice cream supper at the home of Mrs. Womack's parents, Mr. and Mrs. Jim Hicks on the Matador road just east of Floydada on Saturday night.

Mr. and Mrs. Kouri and family of Sweetwater and Mr. and Mrs. Gabriel and family of Spur visited in the Alton Chapman home on July Fourth. Their sons were Brooks Chapman's roommate in college last year.

Bert Grimes attended a family reunion in Lubbock on July Fourth.

Mr. and Mrs. Melvin Henry and family went to Lake Kickapoo fishing over the week-end.

Mr. and Mrs. Wiley Rogers and family went to Roaring Springs Sunday picnicing.

Right now with the onion harvest in progress, here in Floyd County, might be a good time to treat your family to some delicious "onion dishes" such as:

French Fried Onions - (in fritter batter)

Slice mild onions in to 1/4 inch thick slices. Dip slices into fritter batter and fry in deep fat at 375 degrees until brown.

To prepare fritter batter: Beat 2 eggs, stir in 1/2 cup milk. Sift together and beat in — 1 cup flour, 1 teaspoon baking powder, 1 teaspoon salt. Then add 1 teaspoon melted fat or cooking oil.

Or—you might prefer to try this Onion Casserole sent in by Mrs. S. G. Appling, of Crosbyton for Cook Book No. 1:

Six to 8 medium sized onions—boil until tender and drain. Place in greased casserole and dot each with butter. Salt and pepper to taste. Pour over them 1 can of mushroom soup. Add 1 soup can off milk. Sprinkle over top 1 cup finely crushed cracker crumbs. Place in oven until browned. Cheese may be added to top if desired.

Mr. and Mrs. L. T. Hickerson and Pat went picnicing at the country club on July Fourth.

So nice to have an opportunity to visit with Walter and Ruby Travis again. Mr. and Mrs. Walter Travis of Houston, they spent Saturday night and Sunday in the Henry Barber home.

News of Harmony

(By Mrs. Mather Carr)

HARMONY, July 4 Little Miss Daugherty, of Pennsylvania, a niece of Wes Carpenter is a guest in the Carpenter home and has been for several days.

The Mather Carrs were in Lubbock Tuesday on business.

Mr. and Mrs. Ted Rutherford and daughter Mrs. Billie Latham and children visited in Abilene and Stamford Tuesday and Wednesday, with Mrs. Rutherford's parents at Abilene and with Mr. Rutherford's parents at Stamford.

The Mather Carrs visited Mrs. Della Carr and Mrs. Maggie Mayhew of Floydada Wednesday.

Mr. and Mrs. R. B. Gray were guests of their daughter Reda Mae of Lubbock Thursday.

Mrs. Cheloma Williams, Dwana Beth Scott, Patricia Tucker, Melba Jo Ramsey and Lajuana Sue Williams were guests of the Starkey Home Demonstration Club Friday where the girls put on demonstrations.

Mr. and Mrs. Eugene Wilson and little son Mark spent the week-end and the fourth with Mrs. Wilson's parents, Mr. and Mrs. Wes Carpenter.

Lajuana Sue Williams spent Saturday night and Sunday with her cousin Caryton Williams of near Floydada.

Mrs. Tucker of Meadow is a guest in the home of her son and family Marion Tucker.

Mrs. Tom Runchey and son Allen of Odessa were guests in the home of Mrs. Runchey's grandparents, Mr. and Mrs. M. D. Ramsey, Saturday evening. The Mather Carr family were also guests. Mr. Ramsey was not feeling well at all Saturday evening although he was feeling better when we left.

G. L. Snodgrass is still confined to his home and bed after suffering a heart attack. Although the attack was light, Mr. Snodgrass is not supposed to have company.

Mr. and Mrs. H. O. Cline returned home Friday after visiting with their son and wife, Mr. and Mrs. Bobby Cline in New Port, Rhoads Island. Bobby left for Europe this week where he will be stationed for an indefinite time.

ledgers, Binders, bound records, work sheets. Hesperian.

Mr. and Mrs. Olin Watson Sr., Fred Battey and Catherine Appling returned home Saturday after spending the week in Fort Worth and at Lake Whitney with friends and relatives.

Vote Assures Right-Of-Way for New Hiway

The voters of Hale County approved \$750,000 in road bonds Saturday. The total count for the issuance of bonds and the levy of ad-valorem taxes in payment thereof was 801 and 207 against. The count for a road to market and lateral roads was not to exceed 15 cents on the dollar valuation was \$26 for and 182 against.

The three Plainview boxes and the Center gave both bonds a majority while four rural boxes defeated one or both issues. The count for the bond sale will be to obtain right-of-way through the County for a four-lane highway similar to the proposal twice passed down by Floyd County voters, except that the cost is expected to be at least twice as much.

At the same time the bonds were approved for the highway right-of-way taxpayers also gave their approval of a special 15-cent road tax which will be used in a farm-market road building program.

Sand Hill News

By Mrs. James Jeffress

SAND HILL, July 5—What cotton will do to the sand hill is hard to tell. Everyone is busy trying to get the cotton, and the ground is so hard no one is able to do much more than plant.

Trucks were being loaded Thursday afternoon with onions on the Ferguson farm. I have never seen so many onions.

Mr. and Mrs. J. R. Turner were visiting relatives in Lockney Tuesday. They visited their new niece, baby daughter, of Mr. and Mrs. Howard Mr. Howard is still in Texas.

A Stanley Party will be held Friday afternoon at 2:30 at the Sand Hill School. The Home Demonstration Club is sponsoring this party. Everyone is invited to attend. Lynn Miller and Mrs. J. T. Jones will be the hostesses.

Plainview have been visiting a few days in the home of their daughter Mr. and Mrs. W. R. Billington and their son-in-law Jim Holmes and Billie Gail.

Mrs. J. T. Spears visited in the home of Mrs. C. B. Carmack in Floydada one day last week.

Youth Rally Held

The Baptist Youth Rally was held Saturday night at the Sand Hill Church. Churches represented were Cone, Ralls (First and Bethel), Mt. Blanco, Crosbyton, Panzie Center, Matador and the host church, Sand Hill. Six pastors and three directors, and Mrs. Black were also present.

The program was "Equipped Through Service." Miss Molly Eurpe read the devotional with Stinson Stringer leading the opening prayer. The first part was "Equipped Through Study," given by a young man from Crosbyton; "Equipped Through Prayer" was given by Bill Lane. Three young ladies from Crosbyton and Mt. Blanco sang two lovely songs.

The message was given by Don Zigler. Refreshments of cokes and cookies were served to all the guests present.

Miss Pearl Baird and Naedine Bowe were guests in the home of Malley and Jo Earp Sunday afternoon.

The 4th was very quiet in the community. Everyone was busy in the fields trying to get caught up before another rain. The crops are beginning to look pretty good again.

Sunday dinner guests in the home of Mr. and Mrs. J. T. Huckabay were Mr. and Mrs. T. C. Hollums and family and Mr. and Mrs. Fred Jackson and family.

Mr. and Mrs. Monroe Schulz and family spent Sunday afternoon visiting friends in Hale Center.

Bro. E. O. Adams and wife were the Sunday dinner guests of Mr. and Mrs. Harman Cates.

Sunday dinner guests in the home of Mr. and Mrs. Dale Stringer were Mrs. Garland Rhea and family.

Nelda Rhea was the guest of Miss Pat Adams Sunday afternoon.

Kirk Slater of Ralls attended church with Jo Ann Swanner Sunday night.

Visiting in the home of Mr. and Mrs. Monroe Schulz and family over the 4th were Mr. Schulz's parents Mr. and Mrs. Carl Schulz from Vernon.

Sunday dinner guests in the home of Mr. and Mrs. James Jeffress and family were Mr. and Mrs. J. R. Turner and family. In the afternoon they all enjoyed swimming in the Floydada swimming pool.

Mr. and Mrs. J. T. Spears and family enjoyed a picnic and swimming at Roaring Springs Sunday. They report seeing many friends there from Lockney, Floydada and Plainview.

The Church of Christ revival closed Sunday with dinner on the ground. A very enjoyable time was had by all. Supper was held on the lawn of Mr. and Mrs. Orbra Miller's home. Everyone received a blessing from the good revival that has been going on for the past week.

Those seen swimming Sunday at the Floydada pool from the community where Jo Ellen and Cecil Jackson, Jimmy Huckabay, Norma Sue Hollums, Lawrence Baird and Keith Hollums, Ernest Baird and Billie Dale Stringer were also seen at the pool.

(Last week's news letter too late for publication)

June 30—The weather still seems to be the headlines in the community. Friday afternoon another hail storm hit south of the store, where the cotton was hailed out again. The well house on the William Mayo farm was torn all to pieces, trailers were turned over and a chicken house was blown to bits. It seemed that the wind kind had a twist to it, and one farmer reported that a funnel was sighted. The freakish thing was a hat blown from the head of James Becker. Mr. Becker said the hat was blown straight up and was never recovered. North of the store it didn't even sprinkle.

Bro. E. O. Adams and family had his parents, Mr. and Mrs. Johnson and their guests at church Sunday. They were visiting from Mexico.

Our deepest sympathy goes out to the relatives of Garland Rhea. May God be with them in their hour of sorrow. Mrs. Rhea is still in Arkansas. She will return home sometime this week. Her sister, Mrs. Roy Latham, will return home with her.

New Class Organized

A new training union class was organized Sunday night. It is called the "Young Married Peoples' Class." Everyone under 35 will be in this class and is extended a special invitation to attend. J. R. Turner was elected president; Mrs. Leonce Adams, secretary; Mrs. James Jeffress, group captain; and James Jeffress, Bible quiz leader.

Mr. and Mrs. Lusby Kirk and son were week end guests in the home of her sister, Mrs. Rafe Ferguson and family. The Kirks are formerly of Abilene but are moving to Lubbock where they will make their home this summer.

Visiting in the James Jeffress home last week were Mr. and Mrs. Tom Jeffress and Mr. and Mrs. Pat Roberson and children all of Sherman and Mr. Jim Jeffress of Silverton. They left Saturday for Midland where they planned to spend a few days visiting Mr. and Mrs. C. H. Jones formerly of the community.

Miss Beverly Jeffress returned home Friday night after spending the week with Miss Sharon Weaver of Silverton.

The Sand Hill Club met Wednesday afternoon in the home of Mary Lou Bullocks. Mrs. Lynn Miller gave an interesting report on her trip to the 4-H Roundup at College Station. The apron for the Floydada Park Fund was completed. The money was

turned in to the park fund. This was also Pollyanna day with everyone exchanging gifts. The next meeting will be July 13 in the home Mrs. Rafe Ferguson.

The union gathering is well under way in the community. Rafe Ferguson has his onion crop well under way. Sacks of onions were lined up and down the field this week.

The rain Monday night measured 1 1/2 to 2 inches over the community. Visiting in the home of Mr. and Mrs. Monroe Schulz and family Sunday were Mr. and Mrs. R. A. Patton and family of Amarillo and Mr. and Mrs. E. H. Foerster of Lubbock. Visiting in the afternoon were Mr. and Mrs. Homer Miel and family of Hale Center.

Mrs. Monroe Schulz and children visited friends in Hale Center Monday afternoon.
