## Baseball Play-Games For League

Three evenings of baseball play-off for the regular season. Little League officials are planning a play-off for the top teams. The play-off will probably get under way Thursday evening with the second and third place teams playing in the first game and the fourth place clubs in the second.

If the weather holds up the remaining regular season games for this season will be played today starting at 7:30 p. m. when the Giants and Indians square off in the opener. The encounter will feature the Braves and the Dodgers.

The Cardinals will be the last team to play in a single game.

Harvey Allen of Floydada is pictured here receiving an award at the Texas Lions Camp for Crippled Children. Harvey attended the camp which is located at Kerrville last month and won contests in swimming, golf and ping pong as well as being selected as the best boy camper for the period he was there. Pictured with Allen are Barbara McCaughan of Dallas, best girl camper, and Si Ragsdale (center) of Kerrville, an instructor at the camp. Harvey has been invited back next year to act as a counselor and hopes he will be able to attend. He is a grandson of Mr. and Mrs. M. F. Childs.

## Rotary Fellow Is Club Speaker

Gerrie Hancock, of Lubbock, who will study at Paris in the school year of 1955-56, spoke yesterday at Floydada Rotary Club. Music was a part of his program.

A graduate of University of Texas he was chosen for the scholarship of the 183rd district recently. He will sail for Paris in mid-August.

Judge Alton B. Chapman, who was a member of the district committee which made the choice for the fellowship, presented the speaker.

Of six standing committees in Rotary International, Floydada had the distinction of landing one of the principal chairmanships. It was announced this week. Judge Chapman has been named by Z. A. Baker, president of Rotary International, to head up the constitution and by-laws committee. As chairman of this committee the judge automatically becomes a non-voting member of the Council on Legislation for the Philadelphia convention this year.

Rotada, the local club publication, reports a compliment paid the Floydada Club by the district governor, Rigdon Edwards of Sweetwater. Edwards notes the unusual year book done by the club. "I had no idea you would do such a marvelous job," he wrote Club President Jimmy Willson.

## BAKER COMMUNITY MEETING AUG. 5 AT MACKENZIE PARK

The Baker Community will have their regular community meeting August 5 with a picnic at MacKenzie State Park at 8 o'clock.

Each family is to bring a basket lunch.

# Second Round Vaccine Today

After many weeks of delay the infantile paralysis immunization program is being taken up again among pupils of the (last year's) first and second grade pupils in Floyd County.

In Floydada the "shots" are being given this morning, with three Floydada physicians, the public school nurse and nurses from local hospital staffs taking part.

Hours for Andrews ward pupils and pupils of rural schools were announced Tuesday. They are from 9 to 12 o'clock this morning.

For the North Ward pupils the hours will be from 2 to 3 o'clock this afternoon.

Only pupils who were included in the spring inoculation program are eligible for the second round this week.

Senator George Moffett, of Chillicothe, will be an official visitor with Floydada Lodge A. F. & A. M. tonight, when a called meeting will be held to honor him. Senator Moffett is grandmaster of the Grand Lodge of Texas of the Masonic body.

Yesterday the health authorities here admitted that the short notice given might make it necessary to have another session Friday to finish up with pupils not immunized this morning.

Last year's first and second graders from Floydada, South Plains, Sand Hill, Lakeview and Dougherty districts are included in the list for the vaccinations this morning in Floydada. If all take it the total will be 301.

The probability is that a considerably fewer number will be at the school at the appointed hour, it is conjectured. Some parents are fearful since the program bogged down in June. Doctors, scientists and government agencies engaged in wordy duels for weeks over the safety factor.

However, checks and double checks of all batches which have been released offers a strong guarantee that all shots to be given have been carefully screened for faulty production.

There was some of the vaccine or inoculation fluid left over from last spring in this county.

Shots Tuesday at Lockney At Lockney physicians are planning the second round of inoculations for Tuesday of next week, August 2, from 9 to 10:30 at the grammar school building.

In the spring about 230 first and second graders went through the line and got their polio shots there. The long delay between shots and the adverse publicity of the last 75 days is likely to cut the number considerably for this second shot.

Dr. W. J. Mangold surmised yesterday morning.

A second date is likely to be arranged at Lockney for the children who may not get the shots Tuesday, it was stated.

No Polio Cases Reported Another factor that may affect the number of children who present their cards for the second shot of the inoculation is the fact that no cases of authenticated polio have been reported in the county in several months. The alarm has considerably subsided as a result.

Strong opposition to a "line up and sign here" method of dispensing the preventative, with federal supervision, is indicated among the medical fraternity.

Singers Will Meet Here On Saturday Night and Sunday

The six-county singing convention will be held Saturday, July 30, and Sunday, July 31, at the Floydada high school auditorium.

Meeting time Saturday night is 8 o'clock and Sunday the singing will start at 1:30.

Singers from Hale, Motley, Dickens, Swisher, Crosby and Floyd counties will be present.

Everyone is invited to attend.

CONDUCTS MATADOR REVIVAL

Rev. Tilden B. Armstrong, pastor of the First Methodist Church, returned home Sunday night from Matador where he was guest revival speaker last week.

Rev. Phil Gates, associate pastor, conducted the services Sunday at the First Methodist Church in absence of Rev. Armstrong.

Honors to Barber

DALLAS — H. G. Barber, teacher of Vocational Agriculture in the Floydada High School will be an honor guest at a meeting of the teachers of Vocational Agriculture in Dallas on Wednesday, August 3, at 1:00 p. m.

Barber will be awarded a twenty year lapel pin according to Lewis B. Taylor, executive secretary of the Vocational Agriculture Teachers Association of Texas.

Barber received a Bachelors Degree in A&M College in 1934 and was awarded a Masters Degree in 1943.

He was selected to receive this gold lapel pin because his work has been outstanding during his twenty years in the field of vocational agriculture.

Wednesday Rites Said at Lockney For Mrs. Roberts

Funeral service for Mrs. C. O. Roberts, 65, was conducted Wednesday afternoon at the First Baptist Church in Lockney with Rev. E. J. Cobb, pastor of the Northside Baptist Church in Tucson, Ariz., officiating. Burial was in Lockney Cemetery under the direction of Carter Funeral Home.

Mrs. Roberts made her home in Lockney for several years and moved to Amarillo in 1953. She passed away in Abilene Sunday after a brief illness.

Survivors include three sons, Mark of Corpus Christi, Paul of Norwalk, Calif., Ruben of Amarillo; three brothers, one sister, and four grandchildren.

Barber received a Bachelors Degree in A&M College in 1934 and was awarded a Masters Degree in 1943. He was selected to receive this gold lapel pin because his work has been outstanding during his twenty years in the field of vocational agriculture.

# Showers Of Week Boom Crops, Weeds

Continued showers over Floyd County this week, some of them rather heavy, point up the danger that some row crops may be "lost in the weeds."

In many fields wet weather, that kept machinery out of the crops, allowed weeds and grass to get a lead that only manual labor can cope with.

Floyd County has an estimated 75,000-acre crop of cotton in the fields and an undetermined amount of maize and kaffir, undoubtedly a record acreage.

Early last week cotton and maize growers saw the weed situation looming and began putting crews into fields, but almost daily showers have kept workers idle half of the time or more.

Yesterday few fields in the vicinity of Floydada could be entered by hoe hands, although in some areas the work was going ahead.

Rain Saturday night, Sunday night and again Tuesday night and Wednesday afternoon left 2.5 inches of rainfall in down-town Floydada and more or less amounts in the area surrounding.

Weedy fields are hard to harvest with machinery. Farmers who need to have the option of machine or manual harvest are expected to continue the battle against weed and grass infestation.

But nobody, least of all the dry land farmers, is falling out with the rain man.

Continued cloudy with widely scattered thunder showers in the afternoon and evening were in yesterday's forecast for today. This has been the type of weather forecast for a full week.

Some areas, especially where irrigation is prevalent, are finding the surplus moisture damaging cotton.

Lice and Flea Hoppers

Principal insects that are bothering now are lice in the forage feeds and flea hoppers in the cotton.

County Agent W. G. Rodgers says the lice in the maize are letting up some as rain has a tendency to wash the insects out of the growing stalk.

To queries whether spraying for the lice would be profitable the county agent is replying probably not at this time. The fast growth of the feed is offsetting the inroads of the insects to some extent.

Flea hoppers are being noted in some fields of cotton that is beginning to fruit. In some fields where he has been called the county agent said he found enough of the insects to justify spraying.

The test Mr. Rodgers follows is by count. If he finds 12 or more flea hoppers to each 100 plants he considers it would be an economical practice to spray.

Right now, with late cotton, the need to "set" the first crop is highly important and a constant watch for infestation is desirable. Later a higher count of flea hoppers can be discounted without spraying.

Save Waste of Poisons

Lately some lice and a few bollworms have been noted in fields of cotton. Probably not enough lice yet to justify action but a close watch should be kept.

As to bollworms Mr. Rodgers says a lot of poison for this pest is wasted here every year because the grower waits until the worm has done the damage and is hard to kill. Besides that the grown worms have done their do and are ready to go

## Tax Appraisals Are Completed

The appraisal of all the property in Floydada, Independent School District, including farm lands and improvements, as well as city property has been completed except for the office work, Mrs. Loran Leibfried, school district secretary said this week.

C. A. Whitefield of Lubbock, appraiser for the farming land in the district, and B. T. Rucker, also of Lubbock, appraiser for city property, have stated that they hope to have a complete file, together with plats, ready for the district board by August 1.

The work will then begin for the school tax office. After getting the total valuation of all property appraised, they must then figure what per centage the district will need for tax purposes.

This information will be turned over to the Board of Equalization for consideration of all values of property owners. Property owners will be notified to meet with this board to confer with them on the value that has been placed on their property. After completion of this step, the school tax office will figure taxes from the new values and make up the tax roll and receipts for 1955.

### VIEWS AND COMMENT

Senator Price Daniel, in his weekly news letter to Texas newspapers, points out a major danger which lay in the Geneva conference. The senator does not rely too strongly on the Communists' word. In fact, he is only going back into experience in World War II and at Yalta and Potsdam to find reason for the statement, "Too many times have we had their solemn agreements violated, and a study of their thinking tells us that to accomplish a purpose they would not hesitate to guarantee almost anything." And he adds, "That is a characteristic of atheistic Communism." It is all right to pray for peace, work for peace, pray for your enemies, but you better keep your powder dry when you're dealing with a cut-throat.

The senator also reminds us of a thing that worries country people, who do not understand the mental workings of the foreign aid economists in the government. Our most recent foreign aid bill will amount to borrowing several billion dollars to give to foreign governments. Some of this money is going to countries which are operating on a balanced budget while our nation continues to pile up debt. He expresses a thought that many Texans agree with when he says: "With a national debt larger than the combined totals of the debts of all other countries of the world and budget which remains out of balance and therefore requires further deficit spending and the payment of more interest, there is no reason to continue to give away dollars to other countries. If it must be done, it should be financed on a 'pay as you go' basis and not on borrowed money."

Practically All the local taxes which a person is likely to pay in the foreseeable future will be deductible from income when it comes time to pay federal taxes. This is the occasion for our saying that people can afford to make most any reasonable debt for any good local improvement and that most of the money to pay for it will come out of the pocket of the federal government. When we say "practically all" we except, of course, that instance where a taxpayer loses money instead of making money. An Uncle Sam reaches pretty far down in the economic scale to pick up taxpayers.

Conduct is three-fourths of our life and its largest concern.  
 —Matthew Arnold, Literature and Life

It is not necessary for us to understand all of the things the Defense Department is doing for them to be good for the country. Accordingly, it does no harm for us to say we do not understand what the executive department hopes to get done through this organization away out on the plains of Texas. In some of the big centers, we are told, there are residents who are "hipped" on disaster defense. Many of these have built their own intricate holes in the ground with gadgets that would do credit to Goldberg. And the federal government, (that is official Washington) we know is ready to go underground when the signal is sounded. Somebody is bound to know a lot more than we have the remotest inkling about, too, when they "organize" people, call them from their jobs, hold meetings, ask for volunteer time, to head off "disaster" to the land and its people. Seemingly we should be told more or told less.

That Mid-July Rain just about "made" it for a good many Floyd County crops. Cotton, especially, will have a tap root that will be protection against most any amount of dry that may come along. One could almost say, for sure, that the frost date is now the only question mark on cotton production this fall. Early frost, little cotton on many acres; late frost, lots of cotton on many acres. Furthermore, the production of forage feeds is going to be equal, almost if not quite, to that fabulous field of oats that Mr. Carter had. So much oats he had to rent ground to stack it on. Of course, there's the insects, but for the purposes of this squib they can be ignored.

Most hopeful sign in the community's affairs is that a considerable number of people are not just looking at situations that need attention and then walking off to "let George do it." Not only city officials, but city employes, members of civic committees and individuals, keep grinding away at the problems as they arise. It would be wonderful if all hands would become enthusiastic and pitch in, with good words if nothing else, and lay hold of things. Any community, like any individual, can do anything within the orbit of its scope, that it may lay its hand to. Roads, streets, schools, parks, community centers, sanitation, drainage, trade and commerce—all the things. Only question is the per centage of the whole community that works at it.

### Greers To Leave Soon For Memphis

The First Baptist Church had as their guest speaker Wednesday night of last week Dr. Wayne Logan, Medical Missionary from Nigeria. He showed pictures concerning his work there among the natives.

Immediately following his talk a reception was held in the parlor of the church honoring Dr. and Mrs. Logan and family and Dr. and Mrs. Bill Greer and son, Bill, who are moving to Memphis, Tenn.

The Greers have been active in the church, as well as in civic affairs, since coming here in August, 1952.

The Intermediate Departments of the church were hosts for the occasion. Dick Galloway, spokesman for the departments, expressed their appreciation for the work done by the Greers and presented them a table and lamp as a token of their love.

The Greers are in Arizona this week visiting Bill's parents. They will be leaving for Memphis the first week of August.

**NOW - Biggest Trade-in Deals ever on the Biggest-Selling Buicks in History!**  
 Come in and see!

## You can sit this pretty for less than you think

This Big Buick SPECIAL 2-Door, 6-Passenger Sedan delivers locally at a small-car price (Come in and check it!)

We'll mince no words. You can buy a Buick SPECIAL like the one shown here if you can buy any new car. You can boss this big and brawny Buick Sedan for just about the price of the smaller cars—even for less than some models of the three most well-known smaller cars. The price tag we'll show you proves that.

But you can't get anywhere else for the money what you get in this Buick, or any other new Buick—and that's something you really ought to look into.

For Buick sales are soaring to all-time best-seller highs this year just because more and more people are discovering how much more automobile their dollars buy in a Buick than the same dollars buy elsewhere.

They find Buick a bigger package of sheer automobile for the money—bigger in power thrill, in stretch-out comfort, in ride steadiness, in structural solidity.

They find Buick size and styling an added prestige—Buick roadability and handling ease an added pleasure—Buick brawn and precision an added reassurance.

And they find Buick performance a thrill without peer—for where else can you get the whip-quick response and bettered gas mileage of Variable Pitch Dynaflo?

Maybe you'd better drop in and see how much real automobile and fun and deep-down satisfaction your money buys in Buick.

Whether you want the low-priced SPECIAL, the high-powered CENTURY, the extra-roomy SUPER, or the custom-built ROADMASTER—you'll find the price more than right and the trade-in deal terrific. Can you make it today?

*\*Variable Pitch Dynaflo is the only Dynaflo Buick built today. It is standard on ROADMASTER, optional on modest extra cost on other Series.*

### Scouts Meet

Scouts entered a practice meet at Plainview Thursday. The boys and girls of the three Plainview scout troops from Half Way were present. Tryouts at the district tryouts at the Floydada boys' and girls' club.

For her children who loved her so dearly and her grandchildren who also knew a deep love for her these lines:  
Think of us dearest one, while o'er life's waters we seek the land,  
Missing thy voice, thy touch, and the true helping of thy pure hand,  
Till, through the storm and the tempest, safely anchored just the other side,  
We find thy dear face looking through death's shadows, not changed, but glorified.

Have you seen the Number Two Cook Book put out by the Co-op of Floydada? If you want something unusual and very entertaining as well as of wonderful possibilities of something good to eat, you had better just take off in a hurry and purchase one. The couple of dollars you spent will seem as nothing for the pleasure you will get out of the book. Wilda has made the buttermilk rolls by the recipe given by Mrs. Elvis Marley of McAdoo, Texas, and she says it is just as good as can be. I will try the recipe this week. This book will make a very nice present for the young bride as well as for the mother who has cooked for many years.

Have you forgotten how fast weeds can come up and grow into big weeds? Well if you have your memory will be refreshed soon. Why only yesterday you saw some little insignificant weeds. Today they reached up above the flowers and vegetables it seems. The roses are coming out of the hurt and shock of the hail and long stems are bearing beautiful flowers. The beds of the heavenly blue flowers which came from the shinnery sands are just lovely every morning. Red and yellow cannas are having their day and petunias of every hue creep near the ground. Grass is getting luxuriant and very green. Rain has come back to the Plains.

I will give you the recipe for buttermilk rolls I told you about in the above paragraph.  
1 yeast cake dissolved in 1/2 cup warm water  
1/2 cup buttermilk that has been warmed to lukewarm  
2 heaping teaspoons sugar  
1/2 cup melted shortening  
Add yeast mixture to milk mixture then add  
2 1/2 cups sifted flour  
1/2 teaspoon salt, 1/2 teaspoon soda;  
Mix well, place in greased bowl, cover and let rise in a warm place for 25 to 35 minutes. Mash down and make into rolls and let rise in a warm place for another 20 to 25 minutes. Bake in oven until brown. Forgot to mention it but you can get your cook book from the Rural Electric Cooperative in Floydada, Texas.

## in the large economy size!

Surprising, how little it takes to put this big dreamboat in your driveway for keeps. And your dollars couldn't begin to buy more pure pleasure anywhere else. Here's beauty that's putting the high-priced cars in the shade. Here's action that'll have you driving the long way home just for the fun of it. You owe yourself this new Chevrolet. Come in and see how easily you can swing it!

YOU CAN PAY A LOT MORE MONEY AND STILL NOT GET ALL THESE CHEVROLET ADVANTAGES!

### Body by Fisher

Found in many of America's costliest cars—you get it only in Chevrolet in the low-price field.

### 12-Volt Electrical System

Delivers twice the punch for quicker starting in all weather; better ignition for finer performance!

### Ball-Race Steering

Special ball bearings in the steering gear reduce friction... make steering a lot easier.

### High-Level Ventilation

Takes in air above road heat, fumes and dust. A special chamber prevents rain from entering the car, and supplies a more even flow of air.

### Outrigger Rear Springs

### Nelda Patterson Becomes Bride of Franklin Spruiell

In an afternoon ceremony read Sunday, July 17 at 5 o'clock, Miss Nelda Patterson and Franklin Spruiell were united in marriage at the home of the brides aunt and uncle, Mr. and Mrs. E. W. Turner of the Harmony community.

The bride is the daughter of Mrs. Amanda Patterson of Floydada and the groom is the son of Mr. and Mrs. R. D. Spruiell of Lockney.

Rev. Clarence Mosley, minister of the Nazarene Church, read the double ring ceremony before an altar banked with baskets of white gladioli. Mrs. C. L. Record of Lockney, organist, accompanied Bobby Norton of Hamlin as he sang, "I Love You Truly" and "Bless This House."

The bride, given in marriage by her uncle, E. W. Turner, wore a white nylon tulle organdy with rhinestones on the bodice. She carried a white Bible topped with a bouquet of pink rosebuds joined with lovers knot of satin ribbon.

For something old the bride carried a handkerchief belonging to Mrs. Silas Duncan Jr., something blue was a blue garter, something borrowed was the white Bible belonging to the maid-of-honor. For luck she wore a penny in her shoe.

Miss Dorothy Duncan was the brides maid-of-honor. She wore a blue tulle sheath dress with white accessories. Her bouquet was of white carnations.

Jimmy Scott of Lockney served as best man.

After the ceremony a reception was given in honor of the couple. The table was laid with a white cloth centered with a tiered wedding cake. The cake was topped with three wedding bells and a miniature bride and groom. Crystal and silver appointments were used.

Mrs. Woodrow Baker, sister of the bride, served at the punch bowl and Miss Nell Cunyus of Lockney served the cake.

For traveling the bride wore a brown and white cord suit with white accessories and pink corsage.

The couple are at home at 325 Bush in Plainview.

Out of town guests for the wedding were from Lockney, Abernathy, Spring Lake, Lubbock, Hamlin and Floydada.

Mrs. W. E. Grimes and Mrs. P. A. Denison attended the Wesleyan Service Guild Camp of the First Methodist Church Saturday at Ceta Canyon. They reported a very enjoyable day.

St. Crispin is the patron saint of shoemakers.

### Stitch And Chatter Club, Families Enjoy Ice Cream Supper

The Stitch and Chatter Club met with Mrs. W. A. Blair as hostess. The meeting was called to order by the president, Mrs. Gladys Hammond. Roll call was answered with a thought for the day.

The club voted to have their ice cream supper Friday night, July 15 at the home of Mr. and Mrs. L. G. Norrell.

Games were directed by Mrs. W. A. Campbell and enjoyed by all. Refreshments of cookies and cold drinks were served to Misses W. A. Campbell, Pauline Paulkenberry, Lillie Mae Johnson, Toots Nichols, Vivian Keeling, L. G. Norrell, Marie Turner, Susie Mooney, Mance Moore Gladys Hammonds and visitors, Mrs. Dorris Davis and children, Jimmie Hammonds, Sue Johnson, Annie Lee, Sammie Carroll and Leonard Johnson.

The next meeting will be July 28 with Mrs. W. A. Campbell as hostess. Everyone come and bring a thimble.

Those enjoying the ice cream supper at the home of Mr. and Mrs. L. G. Norrell were Messrs. and Mrs. W. A. Campbell, Collis Roland, J. B. Turner, Dick Nichols, F. A. Paulkenberry and Don Coy Keeling, Annie Lee and Don Carroll, Edwin Hammond and Jimmie, Elmer Norrell, James and Keith and the host and hostess Mr. and Mrs. L. G. Norrell and Harold.

### Marriage Plans Are Told at Tea

The J. T. Huckabay home was the scene of a tea last Thursday honoring their daughter, Barbara, on her forthcoming marriage to Walter Simmons, son of Mr. and Mrs. W. S. Simmons.

The wedding will take place in the chapel of the First Baptist Church on August 14 at 3 o'clock. Close friends of the bride and groom are invited.

Those attending the tea were Mrs. W. S. Simmons, Mrs. M. B. Swanner, Mrs. Reese Grubbs, Mrs. Jimmy Simmons, Joann Swanner, Nadine Bow, Carolyn Downing, Nancy Smith, Gerry Graves, Pat Helms, La Paun Ballard, the honoree, Barbara and the hostess, Mrs. Huckabay.

The table was laid with a beautiful lace tablecloth. Colorful cup-cakes and punch carrying out the bride's chosen colors of orchid and pink were served to the group.

The centerpiece was a small bride and groom standing by a small old-fashioned car with streamers hanging from the fenders.

"Just Married" was printed on the back of the car.

### Starkey Club Met With Mrs. Sparkman

The Starkey Home Demonstration Club met Friday, July 15 in the home of Mrs. Paul Sparkman. Mrs. Turner Hunter, president, was in charge of the business meeting.

At the business meeting reports from all committees and the council report were given. Each member answered roll call with "Women in the News."

Mrs. Harriette Brummett, home demonstration agent, arranged three different attractive fruit plates. A fruit plate is always good and refreshing during hot days.

Mrs. Turner Hunter gave a report on "Iris Culture."

Pat Helms, the Starkey candidate for the Farm Bureau Queen, gave her speech she was to say at the Farm Bureau Queen Contest.

Refreshments of cake and punch were served to members, Misses O. L. Lowrance, John R. Shipley, Harvey Tardy, J. K. Holmes, J. W. Day Jr., Luther Holmes, G. H. Day, Guy Shipp, John Fowler, Turner Hunter and guests, Pat Helms, Jerry Graves, Barbara Hunter, Mrs. O. E. Druham and the hostess, Mrs. Sparkman.

The club picnic will be held at MacKenzie State Park on August 4 at 6 o'clock. All members come and bring a picnic supper and any guest you wish to.

JERRY COLTHARP

### Jerry Coltharp In Decision To Enter Ministry

Jerry Coltharp at Sunday morning Baptist Church service made public his decision to enter the ministry.

Son of A. W. Coltharp, principal of Andrews Ward school, and the late Mrs. Hattie Coltharp, the young man, who has just completed his high school work, is a grandson of Mr. and Mrs. J. A. Goins, 420 South Wall Street.

Jerry will preach at the night service of the Baptist Church Sunday, in which service a number of other young people will share, it was announced this week.

"Jerry has felt for some years that he ought to give his life to the ministry," said Dr. R. Earl Allen pastor of the church. "Later we will want to license him to the ministry."

### Fourteen Attend Center H. D. Club

Center club met Friday, July 22 with Mrs. O. C. Vinson as hostess. Mrs. Oliver Allen, president, presided.

Minutes were read by the secretary, Mrs. Vinson, for the June meeting. Mrs. Huckabee gave the concert report and roll call was answered with "Women in the News."

The demonstration, fruit plates, was a tasty, nutritious, attractive plate prepared for unexpected guests in summer without "heating up the kitchen." This was given by our home demonstration agent, Mrs. Harriette Brummett.

The fruit plates were added to delicious refreshments of Hi-ho sandwiches, punch and cookies.

Those present were Mesdames Oliver Allen, Bessie Wilson, Flora McNeill, R. C. Ross, J. E. Green, T. R. Nolan, Earl Huckabee, W. J. Rhoades, Mrs. Brummett, Sandra Huckabee, the hostess Mrs. Vinson and two visitors, Mrs. Jewel Teague of Floydada and Mrs. Hulda Stroup of Runge.

The August meeting will be with Mrs. T. R. Nolan. Date will be announced later.

### College Boys and Girls Give Up Vacations To Work As Missionaries

A small band of college students give up their vacations each summer to work for God. Their mission is among the migrant farmers of California, who lead a rootless, poverty-ridden and lonely existence. Redwood Magazine tells the story of one of the college-girl missionaries who worked long hours teaching, playing and praying among these underprivileged people.

"Marilyn May Aende, a 21-year-old college senior, is one of 40 students who gave up their vacations last summer to do God's work among the migrant farmers of California. For migrants, who go from one part of the country to another filling the farmer's needs for seasonal workers, home is wherever the crops are ripe. They don't stay long enough to build a place for themselves in any community. Their homes are makeshift. Their children have to shift for themselves.

"Marilyn and the other young missionaries taught the parents about health and sanitation, showed the children how to play and have fun—and spread the word of God among them. The Division of Home Missions of the National Council of Churches, in co-operation with church groups throughout the country, enlists college students to do this work each summer along with the Division's regular staff. After a ten-day training period, Marilyn was assigned to a seven-man team which traveled from camp to camp. In the 110-degree heat of the San Joaquin Valley, they worked from 9 a.m. until late in the evening, six days a week, sleeping on Army cots or on the ground.

"Fun is a word you have to introduce into a migrant child's vocabulary. It he's over five, he's probably worked alongside his parents in the fields. He doesn't know any games.

"Health and sanitation are two of the major problems the missionary faces. She has to be ready with knowledge and advice on everything from a little boy's sore tooth to poor garbage disposal. She

must work slowly, since migrants are apt to be wary of strangers.

"God finds open hearts among the lonely rootless migrant children. They join together eagerly singing hymns, listening to Bible stories, and worshipping before a makeshift altar. New clothes bring pleasure to a child's face and gratitude from a mother who has learned to sew. She must attend handicraft classes in the evening since she, too, labors in the fields.

"Until two years ago Marilyn was a 'Sunday Christian.' But one day she attended a Crusade for Christ meeting and was 'awakened' to the importance of God in her life. She has been active in church work ever since. Her experience with the migrant farmers of California was especially rewarding, she says. 'It was a chance to serve both God and man.'

Mr. Holloway formerly taught speech at Wayland College and was in the Air Force during the war. His mother lives in Plainview.

### Man Born Without Country Becomes Citizen, Soldier

FORT SHERIDAN, Ill.—Private First Class Alexey Ivanchukov of (1539 North Sixth St.) Philadelphia, Pa., has a Russian name, looks like his Mongolian ancestors, was born a Kalmuk and expects to die an American.

The soldier—who became an American citizen in 1954—hopes someday to be able to repay the United States for its acceptance of him and his people. Until last January, he and his parents had been without a country. Their own Kalmuk tribe has ceased to exist under the Soviet.

Ivanchukov—an Army Signal Corps photographer here—was born in 1933 in Sophia, Bulgaria. His parents were natives of Russia, but fled that country during the revolution. For many years they wandered through Eastern Europe, finding work where they could.

During World War II, Ivanchukov was placed in a displaced persons' camp in Germany. So many Mongolian trapezoid refugees from Russia died in the camps that at war's end there were only an estimated 700 living.

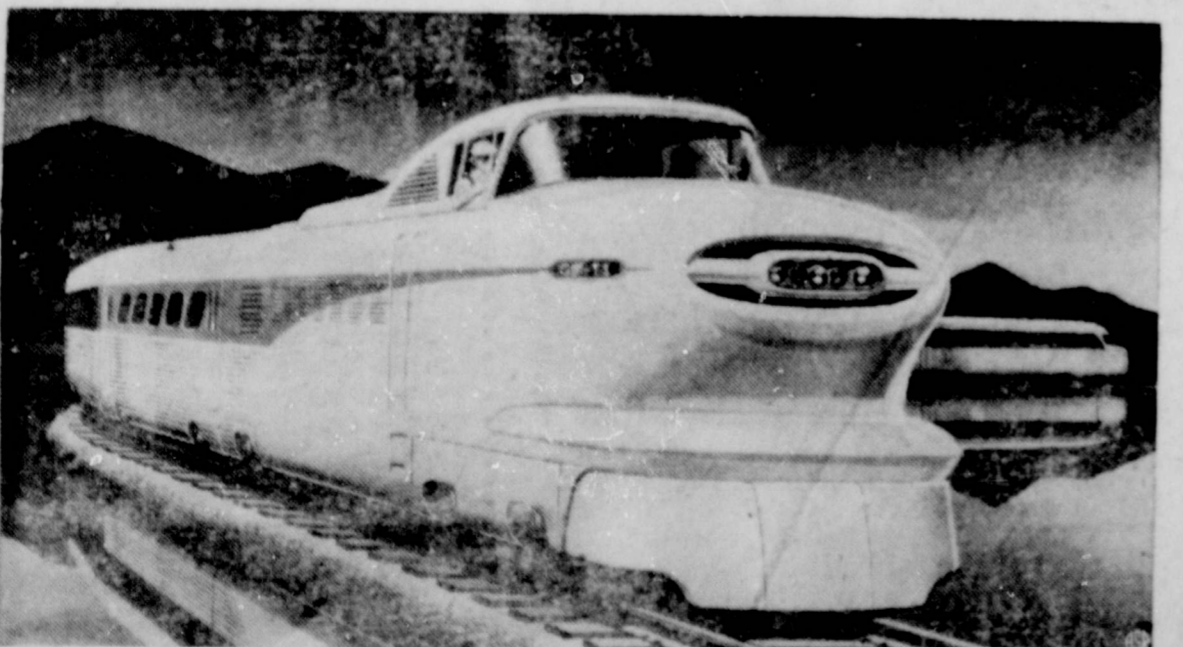

Ivanchukov and his parents were among the survivors. They entered this country through the efforts of the National Council of Churches in 1951. Buddhists, they had clung to their religion despite generations of persecution.

Since his arrival at Fort Sheridan in March, 1954, Ivanchukov has completed his high school education through the Army's educational program.

"Now," he said, "I am going to drop this silver dollar into this glass of acid. Will it dissolve?"  
"No, sir" replied one of the students.  
"No?" said the professor. "Perhaps you will explain why."  
"Because if it would you wouldn't drop it in," was the answer.

### GM Builds New Train

CHICAGO—GENERAL MOTORS LIGHTWEIGHT TRAIN, shown here in artist's conception, will be unveiled at the GM Powerama—a "world's fair of power"—in Chicago August 31—September 25. GM's Electro-Motive Division at La Grange, Ill., is building the revolutionary train at the request of a committee of railroad presidents. After its introduction at the spectacular Powerama, the train will be tested on major railroad lines.

# Sounded Navy Youth Saturday

Service for Pike Reece was conducted Saturday at 3 o'clock at the City Church of Christ with Gordon Harmon, officiating. Burial rites were held at the Harmon Funeral Home. According to a telegram from his parents, Mr. and Mrs. Hanna from the Naval Air Station, San Diego, died of injuries in a motorcycle accident July 15, while in line of duty. The accident occurred in Old Mexico, near the town of Tia Juana. He would have been discharged in 21 days. This discharge was held up by the First Class Rhonal Teaff, who was in the carrier point Cruz in San Diego Bay, and the body of his fellow townsman on the sad mission for the Navy.

Teaff was a guest in the home of his parents, Mr. and Mrs. Teaff Friday night to Sunday while here. He left Saturday morning to return to his home.

Account of death of Pike R. Reece given out by the Navy department said he was riding a motorcycle merging three and four lanes of the Tia Juana. He had a head-on collision with another vehicle and received injuries which proved fatal. August 6, 1934, in the Barrow community, Pike attended the funeral of a young man who had served in the Navy in August of 1931. He had spent months over-seas on the front.

Reece's family includes his parents; one brother, Derral (La Faun) Young of Plains; his paternal grandfathers, Mr. and Mrs. A. R. Hanna of Reece; his maternal grandfather, B. Reece Sr., of Lockney; and two uncles.

Services for the rites were given by Dan Daniel, Bob Cope, Littlefield, Rhonal Teaff, and Don Shurbet, and Don Reece of Lockney.

The funeral was composed of Jim Crow, Edward Wester, Mrs. Bryan Collins, and Ken Bud Turner and Leon Ferrer color bearers with David Dorman Turner color bearer. Bobby Dempsey sounded

## Center News

(By Mrs. J. E. Green)

CENTER, July 27 — We had another inch or more of rain Sunday morning early, and more Sunday night. Crops look beautiful and the breeze is cool and pleasant, and the hot sun is conducive to plant growth.

Visitors in the Sunday morning service were Mrs. Clay Willis and Mrs. Reeves, our pastor's sisters both from Amarillo. They got here in time for church and were Sunday dinner guests of the Wesson

family. All attended the ordination service for Bro. Wesson at College Heights Church in Plainview in the afternoon.

Those attending the service from our church were Johnny Lynn Warren and Don Clark Green.

Mrs. Green accompanied Mrs. W. B. Jordan to a W.M.U. meeting at camp Thursday afternoon. As usual this time of year the assembly grounds were swarming with boys. Can you, if you didn't see them, just visualize the large group of 1500 of junior boys?

Thursday evening the Greens and Rymons visited the Victor Greens at Plainview.

Mr. and Mrs. Sandefur and two sons of Austin visited last week with their aunt, Mrs. Walter Sims and family and other local relatives.

Mr. and Mrs. Doc Rymon and baby Sara Elaine who have been with her parents, the Greens, while Mr. and Don Clark attended the six weeks term at Tech, left Friday for their home at Sweeney. (It is too quiet around here without the baby).

Mrs. Charley Neil of Amarillo, Mrs. Daisy Evers, Mr. and Mrs. Olin Watson Sr. and Fred Battey of Floydada visited Sunday afternoon awhile in the Green home.

Mr. and Mrs. Clyde Green and baby, Margaret Caroline arrived at

the Green home early Sunday. They started from Austin and ran into the rain. Monday they proceeded toward Boulder, Colo., to have a look over the field where they expect to work the coming year.

We had a good club meeting at Mrs. Vinson's Friday, with 14 present. The next meeting date, sometimes in August, has not been set.

Come to church Sunday and to prayer meeting every Wednesday night.

Our phone is out of order, so we don't know all that is news this week.

## Probably No Help On Two-Way Radio Belief of Mayor

Probably that the city will get help from the Civil Defense Administration on their two-way radio communications system appeared somewhat remote this week, in view of a letter the city has from the Texas headquarters of the agency in Austin.

Mayor Norman said he was advised the equipment must have been installed since July 1, 1954, or if the city desires to make an installation at this time the agency will match the city's outlay.

Mr. Norman said in his opinion the city would likely have to return the \$1,432 check to CDA at Austin. However, a regular meeting of the council will not be held until early in August to authorize the issuance of a check.

## A Year Of Crop Surpluses

Prospects for the fall of 1955 foretell another bumper farm crop year despite the ravages of drought in mid-western states.

That is the prediction of the National Agriculture Research Bureau in Washington. Not only will it be a "bumper" year, but perhaps the biggest production year of all time, if the experts are correct.

It is a paradox that increased production in 1955 will spell trouble ahead for Texas and the nation's farmers in the form of prices, mounting surpluses and critical storage problems. And no relief from the farm cost-income pinch is in sight. As a result, the "farm problem" is certain to become more and more of an issue in 1956 politics.

Washington apparently is uncertain as to what --if anything-- to do next. It is not likely that Congress will act to ease the price squeeze before adjournment around the first of August.

Farm officials in Washington show no sign of easing their determination to block a return to 90 per cent mandatory supports for basic crops. Large supplies of most farm products now indicate supports will be lowered to 75 per cent of parity minimum for basics-- cotton and tobacco expected--next January. Wheat already has been announced at 75 per cent.

Crop reports indicate SURPLUSES

in capital letters. Storage space, especially for feed grains, is at a premium. The Commodity Credit Corporation announced this month plans to build up to 100 million bushels of new space. Need for storage will be even greater than that if crop prospects hold up. And the farmer must have his goods stored to get supports.

Nation-wide it looks like record production on barley, soybeans, grain sorghums, hay--and near record for corn, oats and dry beans. Compared with last year production may fall on wheat, cotton, rice, sugar, tobacco, apples and peaches.

Trouble looms for potato growers. Irish potato production is forecast at 44.3 million bushels over last year and the sweet potato crop looks 15 per cent larger. There is new talk about a demand for potato price support program--an unpopular notion with those who remember the disastrous program of the 1940's.

### OBSERVE NATIONAL FARM SAFETY WEEK JULY 24-30

Sponsored by the National Safety Council and the U. S. Council and the U. S. Department of Agriculture, the 12th annual observance of National Farm Safety Week is taking place July 24-30.

In a statement issued with his proclamation, President Eisenhower said: "A death toll of 14,000 farm residents each year is a tragic loss to the nation."

"Your safety is in your hands" is the theme suggested by the President for this year's observance, adding a suggestion that each farmer "make a safety inventory of his home, his machinery, his equipment, his actions and his attitudes." Let's all be sure to take this suggested inventory and observe not only farm safety rules, but all safety rules, not only this week but every week throughout the year.

Mr. and Mrs. Duane Davis and daughter from Arkansas, spent the week-end with Mr. and Mrs. Richard Rice and daughters.

Jackie Alexander went to Roaring Springs Sunday afternoon.

Dennis Wilks was home from Portales over the week-end.

Mr. and Mrs. L. C. Ferguson spent Sunday in Spur with Mr. and Mrs. R. D. Wright. Mrs. Ferguson and Mrs. Wright are sisters.

Noland Arney played ball in Plainview Sunday afternoon.

Mrs. J. W. Womack and children of Denver, Colorado, are here visiting relatives and friends.

Mr. and Mrs. Edwin Pollan and Mike, Mrs. Jim Owens, Dale and Bill, spent Sunday in Lubbock with Mr. and Mrs. Bill Ward.

J. W. Clarey of Paducah, Texas, spent the week-end in Floydada with his daughter, Mrs. Wiley Rogers and her family.

Dane Clark began work at the cooperative Monday morning.

Wanda Hickerson would like to remind you that August 1st through the 7th is Youth Revival at the Methodist Church and that everyone is cordially invited to attend. James Glascock from McMurray will do the preaching each evening.

The Friendship Home Demonstration Club met in the Kitchen last Wednesday afternoon, July 20, for their regular meeting. A demonstration was given by Sue Williams and Sherri Ramsey 4-H Club girls and Mrs. Brunnett, Home Demonstration Agent, also gave a demonstration.

Mr. and Mrs. John Smitherman are happy to have their son, Mack home for a visit. He has just returned from overseas. They had not seen him for 19 months.

The catalogs are out for the 1955 Floyd County Fair that is to be held October 13, 14 and 15, at the Lockney Cotton Oil Mill building and grounds near Lockney. A lot of ef-

fort is being put forth to make this a good fair. A Culinary Department has been added this year. There will also be a division for frozen foods this time. Be sure to keep this in mind when preparing your foods for freezing.

Mr. and Mrs. Pete Hickerson and daughter Pat, Ann Hickerson, Leora King and Billy Gayle Holmes, spent last week in San Antonio, Austin and Grand Prairie. They were guests of Pete's father and mother, Mr. and Mrs. F. L. Hickerson at Grand Prairie.

Mr. and Mrs. Claude Weathersbee and Tommy spent week before last at Rocky Mountain National Park in Colorado. Little Leigh Ann spent the week with her grandparents, Mr. and Mrs. C. W. Terry at Post.

## School Children Need Check-Up

AUSTIN, July 28 -- Parents, has your child had a physical examination this summer? In just a little more than a month he will be starting school, and if he is in good health he will have a happier, more profitable year. It's up to YOU to give HIM a healthful send-off, says Dr. Henry A. Holle, Commissioner of Health.

After he has his check-up by the family doctor, be sure to take him to the family dentist. Teeth are mighty important, and decayed ones often cause a heap of trouble. They may start infection in other parts of the body. Strong, healthy teeth add attractiveness to appearance and personality. Help your child to grow up with good teeth -- see that he has a dental examination twice a year.

Sometimes children need glasses and their parents don't realize it. An examination by an eye specialist is important. A child who needs glasses, if taken to an eye physician now, will have time to get used to them before school starts.

When children are grouped together in a classroom, they expose each other to communicable diseases. Has your child been immunized against diphtheria and smallpox? Does he know he should use only his own drinking glass? Does he know he should avoid boys and girls who are victims of colds? Do you keep your child at home when he shows signs of a cold?

Plenty of exercise and recreation, the right kinds of foods daily, and 12 hours of sleep at night, are necessary for a child of elementary school age.

Get your child an appointment for a check-up today--the first day of school is not far away!

## 14 Years Ago Floyd County

(Taken from the files of the Floyd County Hesperian, issue dated July 31, 1941.)

V. L. Elliott, chief of Floydada Volunteer Fire Department and Melvin Henry, a member of the department, returned Friday from the Twelfth Annual School for Firemen held at College Station. They report they have brought back many interesting new facts concerning bombing raids and how to cope with them.

Possibility that lakes in Floyd County may be stocked with fish was indicated in a statement this week by D. P. Bredthauer, county agent, who has been advised the State Fish and Oyster commission will have an adequate supply of fish for distribution this fall.

Add name of M. W. King to the list of licensed private pilots in Floydada. King's tests were taken Tuesday at Lubbock, where he went to undergo the written and flying tests under the supervision of a representative of the civil aeronautics authority.

Cotton marketed in excess of 1841 farm marketing quotas will be subject to a penalty of approximately 7 cents per pound. Floyd County AAA Secretary, Alyce A. Hoots has announced.

Little Miss Linda Fowler was honored Saturday with a birthday party in honor of her fourth birthday. Linda is the daughter of Mr. and Mrs. Bill Fowler.

Miss Mary Denison, daughter of Mr. and Mrs. P. A. Denison and David Lewis, son of Mr. and Mrs. W. L. Lewis were united in marriage at 6:30 Saturday evening. Rev. R. T. Breedlove read the ceremony.

Mr. and Mrs. C. N. Walding are the parents of a son born July 23. The little boy was named Clarence Douglas.

## Can Accidents Produce Disease?

Yes, the causes of many ailments can be traced to a previous accidental injury. Jars or bumps gotten one day may produce a spinal bone displacement which will create pressure on nerves. If no trouble shows within a couple days the person may think that the accident did no harm. However in many cases the trouble doesn't show up for weeks and even years.

An example of this is of a man, age 41. In 1940 he slipped and fell in a meat freezer. He said at the time he didn't hurt himself. Shortly after he developed short blackouts and hurt himself. Shortly after, he became jaundiced and was hospitalized. Was discharged 5 days later in same condition. Stool from bowels got white and foamy. Urine showed blood flecks. Later was diagnosed as gall bladder trouble. Put on diet and pills. Felt better but began daily headaches.

Upon turning to chiropractic a spinal analysis was made which revealed a spinal misalignment causing nerve pressure. After first adjustment he had immediate relief of headaches. In a short time he passed 22 gall stones in a 3 day period. Now, today he is completely restored to health. This man was so thankful and amazed at what chiropractic has done for him, he enrolled in the Palmer School of Chiropractic.

Had this man consulted a chiropractor before, he could have spared himself many years of sickness.

If you were in a car accident, you'd have your car checked. How about your spine.

Texas. — State Auditor suggested last week that part of its oil and gas proceeds be used for public lands for school expenses.

Cavness said, "The strain on the state's budget is so heavy that it is even possible to reduce the amount of money available for school purposes."

lands now are deposited in the University of Texas. The money earned by investment is available for spending.

plan only 27 1/2 percent of the funds would go into the University of Texas.

plan would require both the Legislature and the Executive Council to approve the plan.

came promptly from President Logan Wilson and the plan to "eat into the state's budget."

he said, with the University of Texas increasing restrictions on income tax evasion case.

the recent Legislature vote of the people, University officials to the 50 percent of the fund must be in low-interest government bonds.

for July. At a statewide prororation hearing last week the Railroad Commission ordered the present 15-day production schedule continued.

Under that formula, permissive flow on July 16 was \$,028,324 barrels daily. Some August increase would result from allowable grants for new discoveries.

Segregation Ruling Studied

Atty. Gen. John Ben Shepperd last week withheld comment on an El Paso district judge's ruling that Texas school segregation laws are unconstitutional.

He would have to make a detailed study of the decision first, Shepperd said.

Judgment resulting from a Negro girl's suit for entrance to Texas Western College, University of Texas, was held for two weeks previously voted to admit Negroes there.

Board of Regents Chairman Thomas Sealy said he thought the judge's ruling was moot. However, he said he believed any effort by Negro undergraduates to enroll immediately in the main University could and would be successfully resisted.

Integration Impart Felt

Desegregation has rubbed out growth plans for at least one Texas Negro College.

Prospect of competition with the University of Texas had that impact last week on Houston-Tillotson College in Austin.

"A first class small college" of 500 to 600 students, rather than an increase to 1,000 to 1,200 students, is the current goal, the president announced.

Crop Acreage Drops

Total acreage of Texas crops has dropped five per cent, or 1,200,000 acres, from last year, according to the US Department of Agriculture.

Allotment restrictions on wheat, cotton and rice plus abandonment of planted wheat acreage account for the decrease.

Partially offsetting this is the record sorghum acreage.

Patrol Extends Deadline

Deadline for highway patrol job applications has been extended from July 25 to August 1.

One hundred new officers are to be hired by the patrol. Funds were provided by the last legislature by raising drivers license fees.

SHORT SNORTS — John Sealy Hospital at the University of Texas Medical Branch at Galveston will begin September 1 charging \$3 a day for indigent patients, \$1.50 more per day for pay patients. Cause was laid to low legislative appropriations.

News of Harmony

(By Mrs. Mather Carr)

HARMONY, July 25 — The nice rain Tuesday sure was appreciated. It fell so nice, the best we have had this year. We had 1.8 inches. Of course we could use more but are thankful for what we got. Some of the farmers are already watering since the rain, as this feed drinks lots of water and some of it is awful thick.

The Mather Carr family were business callers in Lubbock Wednesday.

The Carrs were guests Thursday of Mrs. Delia Carr and Mrs. Maggie Mayhew of Floydada.

Guests in the Gary home Thursday were Mr. and Mrs. Howard Pollock of Mabank and Mrs. Norman Matthews of Lakeview. Mrs. Pollock and Mrs. Matthews are cousins of Mr. Gary. Mr. Pollock returned home Friday and died suddenly of a heart attack at his home.

Mr. and Mrs. Everett Miller attended the rodeo at Levelland Thursday. They were accompanied by Mr. and Mrs. Erx Williams of Petersburg.

M. D. Ramsey was not feeling well Wednesday night and was taken to the Methodist Hospital Thursday morning by Harmon ambulance. He was some improved at the last report.

The community center group met Thursday night in their regular monthly meeting with Walter Hanna and Roy Hale's committee as hosts. Guests present were Bill Rodgers, county agent; Mr. and Mrs. Lynn Pittard, assistant county agent; Judge and Mrs. Brummett, home demonstration agent. Mr. Rodgers and Mrs. Brummett showed slides and gave talks on ranch and home improvements. Loyce Turner gave a talk on weed control. Glenn Pool, vice chairman, presided in the absence of the chairman, Junior

sprained ankle. Mrs. Wesley Carr and son Bill were guests Thursday of relatives in Paducah and Dumont.

Mrs. David Battey was taken to the Methodist Hospital in Lubbock Thursday for treatment.

G. L. Snodgrass is improved and able to be up an around some.

Mrs. Wesley Carr had the misfortune to stick a nail in her foot Friday.

Mr. and Mrs. Chloma Williams and daughter spent the week-end in Amarillo with Mr. and Mrs. L. A. Williams. We understand Mr. Williams is not well.

Mr. and Mrs. Bill Tucker and children returned home Monday from Colorado, where they spent a vacation with Mrs. Tucker's sister Mrs. Harley Hays and family.

Mr. Bill Tucker received a message Thursday that his uncle, George Donald, passed away at 12:30 p.m. Mr. Donald lived at Decatur. Burial was Friday at 2:30 at Decatur. Mr. and Mrs. Tucker attended the funeral service.

Mr. and Mrs. Gene Wilson and Mrs. Pat Wilcox and son left Sunday for their home in Dallas after spending several days at the Wes Carpenter home while the Carpenters were in Pennsylvania. Mr. and Mrs. Max Brady of Kress came down Saturday night to stay at the farm until the Carpenters return home.

Mr. and Mrs. Zant Scott left Friday for a vacation with Mrs. Scott's sister and husband Mr. and Mrs. Farris of Corpus Christi. They will also visit at Austin, Houston, the valley and other points of interest.

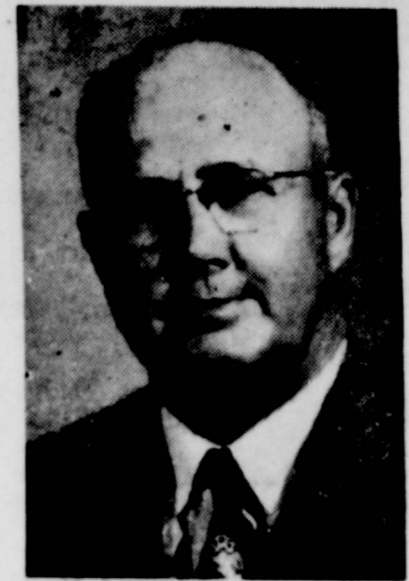

Rev. Vernon O'Kelley preached both morning and night at the chapel. Rev. O'Kelley had dinner and supper in the Mather Carr home. He visited Mr. and Mrs. M. D. Ramsey, Hal and Wright Scott and Mr. and Mrs. G. L. Snodgrass in the afternoon.

Mr. and Mrs. Rueben Rutherford of Plainview attended services Sunday at the chapel. They were dinner guests in the Mather Carr home. They also visited Hal and Wright Scott in the afternoon.

Wright Scott was taken to Lubbock Methodist Hospital Monday for a nose operation.

Mrs. Nannie Masten and Mrs. Thelma Curry and children of Wellington were Sunday guests in the home of Mrs. Masten's sister Mrs. R. B. Gary. Mrs. Curry is a niece of Mrs. Gary and the daughter of Mrs. Masten.

## Glimpses Given Into Lives Of Noted Writers

FORT WORTH. — Intimate glimpses of the most famous men in English and American literature — their personal feelings, methods of working and even family troubles — are revealed in the William Luther Lewis Library at Texas Christian University.

The poet Shelley, for instance, felt forced to write a long and vitriolic letter in 1820 to his father-in-law who kept asking for money.

Lord Byron, in a letter to Coleridge in 1815, deplored having written the bitter satire "English Bards and Scotch Reviewers." In a letter to Shelley, he also accuses Robert Southey of being "perhaps the killer of Keats."

A sonnet, "Phaeton to his Friend Florio," is believed to have been the first thing written by William Shakespeare to be printed.

A first edition (1667) of Milton's "Paradise Lost" in quarto has this notation on the flyleaf: "This first edition of Milton was sold for waste paper so far had Barbarism gott the Better in the reign of Charles the 2nd."

As a boy of 14, John Keats was a demure little fellow wearing a white collar, black coat and bow tie. The small silhouette portrait in the Lewis Collection is the first known of the poet and is accompanied by an autograph sonnet signed by Leigh Hunt.

Kipling, on the front wrapper of his first published book (1881) wrote the following quotation: "It's nice to see one's name in print. A book's a book although there's nothing in it."

Almost every one of the 1,500 items in the collection contains some clue to the life and feeling of the author or note of historical interest. Much of the material has

never been used and the collection is expected to become a center of research for scholars all over the country.

Gathered over a 30-year period by Mr. Lewis, who was president of the Chicago Pneumatic Tool Company, the library is being placed on indefinite loan to TCU by the Ammon G. Carter Foundation of Fort Worth which purchased it from the Lewis estate.

Earliest book in the collection is "Imitatio Christi" in Latin, printed about 1473 at the first press in Augsburg, Germany. It is generally accredited to Thomas a Kempis and next to the Bible is the most translated book in Christendom with more than 2,000 editions.

There is a second edition (1532) of John Gower's "Confessio Amantis," sometimes known as the "Shakespeare edition" because it was used as a source book by the playwright. It is in its original calf binding with metal clasps.

A first edition (1579) of Thomas North's translation of Plutarch's "Lives" has several flyleaves covered with sixteenth century handwritten notes.

One of the most interesting items is a first edition (1690) of "Englands Parnassus: Or The Choysest Flowers of Our Moderne Poets." It is one of the first anthologies in English literature and contains over 500 poems by the renowned writers of the period.

Most valuable book in the collection is one of the two known copies of the "Pavier Shakespeare." Valued at \$200,000 in 1927, it contains nine plays, only six of which were Shakespeare's although all but one have the line "Written by William (or W.) Shakespeare" on their title pages. The other known copy is in the Folger Library in Washington, D. C.

Early editions of the three greatest writers of the seventeenth century—Bacon, Milton and Dryden—are numerous.

In a copy of Gray's "Elegy Wrote in a Country Church Yard" (1751) has been inserted a letter to a friend concerning the publication.

Blake scholars will be interested in a privately printed first edition of his "Poetical Sketches" (1773)

A. C. Pratt, son of Mr. and Mrs. H. P. Pratt, of Floydada, is another native son of Floyd County serving with the armed forces. His service with the army began in January when he went to Fort Ord, California, for his basic training period. Since May he has been stationed at Chicago, where he is a private in an anti-aircraft battery guarding a naval pier.

It is in its original bluish-gray wrappers.

There is a fine copy of Samuel Johnson's famous "Dictionary" (1755), supplemented by two of the three variants of his "Plan of a Dictionary" published in 1747.

There are more than 20 rare Wordsworth items including several which are presentation copies to the poet's friends and relatives.

Coleridge's own copy of his "Remorse" (1813) has marginal corrections in his own hand. There are many letters to his friends and associates.

There are two autograph manuscripts from Keats, a 28-line poem of 1815 and the first six stanzas of "Pot of Basil."

A presentation copy of Charles Lamb's "Works" (1818) shows that Mary Lamb signed her name to a number of poems in Vol. 1, thus presenting evidence of their true authorship.

The collection also contains Lord Tennyson's own copy of the first edition of his poem "In Memoriam" (1850). There is also a copy of "Locksley Hall" with autograph corrections by the poet, and a copy of "Maud" with an additional stanza of six lines added in Tennyson's

hand.

## Carter Completes Fifteenth Year In Insurance Line

Ernest C. Carter started on his 16th year with the Great American Reserve Insurance Company on Tuesday of this week.

He was pleasantly reminded of the fact that he was celebrating the close of his 15th year with the company by a check for \$150 from the president of the company, Travis T. Wallace, the check representing \$10 for each of the 15 years.

A brief note accompanying the letter said the check was a token of appreciation. "Not only have you written a tremendous volume of business, but your business has been of unusual quality as well," said Mr. Wallace, adding, "Perhaps even more important to the company has been the example you have set for other men."

## CARD OF THANKS

Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings and other kindnesses, we are deeply grateful.

Mr. and Mrs. Pike Hanna  
Mr. and Mrs. Deral Young

Mr. and Mrs. L. G. Withers had as their guests over the week-end their two daughters, Mrs. Eugene Boren and children and Miss Wanda Withers of Corpus Christi. Other visitors were Mrs. Withers' mother, Mrs. McCroskey, Miss Myrtle McCroskey and Will J. Lester and family of Stephens, Ark.

## City water income

Although July is expected to be a light month so far as receipts from water service is concerned, the city coffers have suffered little from lack of patronage compared with last year.

The records indicate that receipts are running only slightly more for 150 or more patrons than it had on the water lines last year, but Secretary Barker explains this fact by pointing out:

Last year the patrons wanted water, while the city was going slow because it was unable to fill the demand.

This year the city has the water supply but the citizens don't need it in the usual amounts.

Comparative figures for water income of the city for April, May, and June show:

Month	1954	1955
April	\$3,331.86	\$3,704.92
May	\$4,630.94	\$3,771.26
June	\$3,756.62	\$4,778.41

July of last year the water income was \$4,209.75. Figures for 1955 will not be available for a few days, but are expected to be less than that amount.

## Chicago Couple Floydada Visitors

Mr. and Mrs. L. V. Assiter and children, Stephen and Sandra of Des Plaines, Ill., who arrived here last Tuesday have been visiting in the home of Mrs. Assiter's parents, Mr. and Mrs. E. J. Barker.

The Assiter's and Barker's left Sunday morning for Pagosa Springs, Colo., where they will visit in the home of Mr. and Mrs. A. L. Barker and family and Mr. and Mrs. A. B. Barker and family.

Mr. and Mrs. Assiter will return to their home in Des Plaines from Pagosa Springs, and Mr. and Mrs. Barker will remain a few days before returning to Floydada.

Guests in the Foster Amburn home Sunday included Mrs. B. C. Taylor, Larry and Lorraine of Canyon, Mr. and Mrs. Thomas Wayne Amburn and Johnny of Amarillo, Mr. and Mrs. Glen Amburn, Ronnie and Terry, Mrs. E. J. Womack and Bruce and Mrs. W. A. Amburn all of Floydada.

# SEASON FOR FAIRS AT HAND IN TEXAS

In many a city and town of Texas today, community making plans for an important annual event which many have been eagerly looking forward to all year. During the next months it will be fair-time throughout Texas — with regional fairs and festivals taking place in every section of the state.

The State Fair of Texas in Dallas, October 7-23, Texas possibly has a bigger percentage of large, widely patronized fairs than any other state. Several of Texas' big regional fairs attract more visitors and have more impressive fairgrounds than state fairs in some other sections of the nation.

The State Fair of Texas is, of course, the largest annual fair in the United States in terms of attendance, with over 2½ million visitors from all parts of America, and a magnificent fairgrounds with facilities valued at \$35 million.

As with most fairs the country over, Texas events carry a heavy emphasis on livestock and agriculture. Entertainment naturally covers a wide range, from carnival sideshows, rodeos, folk festivals to the Broadway musical comedy "Pajama Game" which will be presented at the State Fair. Competition in making jams and jellies, succulent cakes and pies and other examples of traditional homemaking skills still occupies a big place in the program of most Texas fairs.

Fairs in Texas date back over 100 years. The first fair to be held in the state may well have been one in Corpus Christi in 1852, which featured bullfights, a circus, cockfights and fireworks. During the same decade Dallas County became the first county in the state to organize a fair. The State Fair was founded in 1886.

A good fair regardless of size can be a valuable asset to its community, in the opinion of James H. Stewart, general manager of the State Fair and vice president of the International Association of Fairs and Expositions.

"In addition to providing recreation and worthwhile recreation, fairs serve to stimulate the achievements of the individual group and his region," he said, "They are a stimulus to a unifying medium."

"The various fairs, festivals and stock shows in Texas have a constant thing in common — they work to improve our agriculture, livestock industry, to better the conditions generally and to build the state."

Texas cities which have had festivals or similar events include: September and October traditional fair season in Odessa; Abilene, Alice, Amarillo, Baytown, Beaumont, Big Bend, Blanco, Boerne, Bowie, Brazos, Center, Center, Comanche, Corsicana, Cottle, Hart, Dallas, Denton, Dallas, Emory, Fairfield, Gainesville, Fredericksburg, Galveston, West, Georgetown, Gilmer, Gorman, Haskell, Hempstead, Houston, Huntsville, Iowa Park, City, Junction, Kaufman.

# Tales From the Sea Are Told As Sylvia Lykes Sails Westward

(Although the Sylvia Lykes, bearing Friendship from Texas to the 4-H club boys and others in war-torn South Korea, landed this week at Pusan and distribution of the gifts had already begun, the stories by mail from the ship had only begun to trickle back home last week. One of these news letters, written by Carrol Jones, Methodist minister of Mulshoe, is reprinted below. It was written to his family and relayed by them to the Tilden B. Armstrongs in Floydada. The Armstrongs of Floydada, are among the "cowboys" aboardship. — Ed. Note.)

We have had a very pleasant evening and a long one too, sitting out on deck — the four "officers" of our gang — and visiting and enjoying the cool sea breeze. Nothing can compare to the quiet of deck in the late afternoon and evening. The Captain joined us after a few minutes and we talked for two hours or more.

### Hot Rod Books, Record Players

All of the boys ganged up in the lower crew room with the second cook and pastry man. He seems to be a lover of kids — is about 70 years old — but very active and friendly. I believe he is in hog heaven with those boys. He has books on hot rods, a record player and other things that the boys like. He grins from ear to ear when they are around and feeds them until they almost pop.

It is certainly interesting to talk to the seamen, especially the of-

ficers who have been to all places of the world. They have all sorts of names, all sorts of backgrounds, descent from every nationality but all born in America. Some know something about animals and some know absolutely nothing. Talked to one this afternoon who knows no more about a milk cow than I do about steering a ship.

All through the canal we had longshoremen aboard to handle the cables etc. Everyone were negroes and all very friendly. None of them seemed to have ever seen a Brahman cow. They were fascinated by our Brahmas and asked several questions about them. People along the canal would hail us with, "What do you have on that ship in all those pens?" They were surprised to learn that we were headed for Korea with Texas Friendship. Some of them answered back "So that is Noah's Ark, is it?"

### Pen Cleaning At Sea

Tuesday June 29: We washed our pens down with the fire hose and that is quite a job. It takes some time to string them out in all of the litter and close places. The actual washing down is fun — that is the spraying of the water in the pens. But then they have to be put back and that is another job. Finally the refuse is thrown overboard and new bedding put out.

Saturday, July 2: Saturday night is different on ship board, too. Everyone seems to have a kind of holiday spirit even though they may work as hard tomorrow as any day.

This goes for the crew, too. They spend a lot of time going from room to room with a lot of play so that you know it is Saturday night. Strange that shore customs reach out to sea as they do.

I have learned that when a fellow takes to the sea he leaves many of his thoughts behind him. We have been planning our worship service for tomorrow and none of us can think of more than two stanzas of any hymn.

The day has been very routine. We did have a favorite supper of mine tonight. Broiled sirloin steak with a few trimmings. Today at noon we were due south of El Paso, Texas. Seems strange we are no farther west than we are. We are paying for that swing we took to the east to go through the canal.

### The Best Day Of All

Sunday, July 3: Sunday is still the best day of all the week on land or sea. The atmosphere is just different. We had services at 11 a.m. with our typed out songs of one and two verses.

There are plenty of good books among the boys and men. Bobby McGuire is quite a scholar. Has his head in a classic all the time.

July 4: This morning we asked the mate what we would do for fire works today? His reply was, "I'll fix that." We thought no more about it until immediately after breakfast we heard a big boom out on the deck above. The boys were coming from all directions. The mate was standing at the rail with a pistol as big as a hog's ham in his hand and a beautiful bright red and orange flare was floating across the water. It was a flare gun that shoots a flare about 1 1/2 inches in diameter and 8 inches long. The flare goes straight up end over end and then there is a second boom and the thing bursts, the flare ignites and a parachute blossoms out to hold the flare in the air for a good long time.

### News of Cattle Pens

Tuesday, July 5: Dark has closed in on us again and so has a gray sky. Today has been cool again. The humidity has hovered 99% all day even when it was not actually raining. — Well I have a sick bull. Exactly what is wrong, I do not know. His nose runs like he has a cold. He has been down most of the day and has eaten practically nothing. We tied his head to one of the main timbers late this afternoon and gave him a shot of penicillin. I believe he will be alright before long. While on the hospital news, I should report the arrival of the stork to day in the No. 3 hold. The

Guernsey cow has a brand new calf. He is hale and hearty. I think a sea gull brought this one, however, instead of the stork.

We had a relatively light day today. Keith and I had to move about 60 sacks of dairy ration so we could get to some more rice straw for food. Then we had to move about ten bales of it around the cross tree for feeding my end of the bunch. I ran out of prairie hay and the mate thought best not to open up for more feed until the weather clears.

Keith and I went up to the bow after the last feeding and watched the water roll by. It was beautiful with the white caps thundering against the bow and blue spray with rainbows dancing hither and yon always ahead of the boiling white breakers that come continually from the curve of the bow incidentally the blue of this ocean equals that of the Caribbean now, and we are in water slightly over two miles deep. Imagine straight down for more than two miles. There is water ahead that will be almost four miles deep.

### Naming The New Calf

Thursday, July 7: The boat is rocking considerably tonight again and I am missing the keys worse than ever. We tossed an old cow over today after she had died from old age apparently. We have lost nothing of value in her. I certainly hope nothing breaks out among the cattle. We are planning a Christening service for the newly born calf as soon as we select a good name. The boys are going to submit names and the four of us are going to pick one for the service. Since I am the only "christener" aboard, I am slated for the ceremony. We expect the captain and the mate to participate. Jack will film it for Texas in Review probably.

Friday, July 8: There must be the smell of land in the air. Everyone is as frisky as a young colt tonight. In fact all the news tonight is good concerning our prospective arrival at Hawaii. Our speed is consistently 15 1/2 knots and the wind is at the stern, and the current is favorable. If this holds on as is we should reach Honolulu and be docked by 1:00 or 1:30 Sunday afternoon. Of course we are all happy over the prospect.

Saturday, July 9: There is an air of expectancy on board in everyone you meet. Tomorrow we reach Honolulu and dock and go ashore. Can you imagine people just happy to walk on common dirt again?

Sunday we pulled into Honolulu at 1:30 all docked out to paint the "little ole town," but horror of hor-

## Dougherty Club Meeting Held At Ross Home

The roll call was answered with "The First Thing I Notice About a Person" when the Dougherty Home Demonstration Club met at the home of Mrs. Jock Ross, July 20 at 2:30 p.m.

The Dougherty 4-H club girls were present and gave the following program:

Songs — Rock of My Soul, Catfish Floating Down the River, The Eyes of Texas by 4-H girls led by Linda Jones;

Demonstration making "Orange Hard Sauce" was given by Carolyn Cates and Freida Smith;

Pledge and Motto by Julian Ann

Passengers could not get off the ship! So here we are tied up and ship touching land and we can't put a foot on it.

Game prizes were won by Karen Cates and Nelda Jones and the attendance prize went to Carolyn Cates.

Following the 4-H program Mrs. Jack Ross, president, was in charge of the business meeting. Mrs. Ruth Daniels gave the devotional and Mrs. Howe Hines gave the council report.

Refreshment plate using the 4-H girls "Orange Hard Sauce" on plain cake and tea was served to the following members: Mmes. Ned Bradley, Ruth Daniels, Howard Drysdale, Howe Hines, Tate Jones and G. W. Smith. Visitors were Mrs. Mack Ward, Karen Cates of Lubbock and Mrs. R. T. Jones.

4-H girls present were Carolyn Cates, Nelda and Linda Jones, Julia Daniels, Pat Drysdale, Ethel Scott and Freida Smith.

A. W. Coltharp and son Larry spent the week-end here. Mr. Coltharp is attending school in Canyon this summer.

Mr. and Mrs. Ross family left today for Oklahoma where they will be guests of Mrs. Alexander's sister, Mr. and Mrs. W. M. ...

Kitty Jo and Ed Gales returned home with their parents-Fred and Mrs. P. H. Gales on Sunday evening. They plan for several days.

The other morning we awoke to the song of a mockingbird. There had been a light shower during the night and in his small world all was right. The neighbor's cat wasn't slinking around the flower beds, the dew was on the grass, and experience told him that a nice breakfast of earthworms was there for the listening. He sang as though his small throat couldn't contain all the happiness his world held.

Early in the summer he moved his family into our blue spruce. For days there was great activity outside our bedroom windows as he and his cheerful little wife carried dried grass, straw and small bits of paper up to their new homestead. Then with complete unconcern for who was paying the taxes around here, he began scolding the spouse for working in that corner of the yard.

Since that time he has extended his squatters' rights to the backyard, too. The other night when we had supper guests he zoomed overhead several times, chattering as he flew. Our guests were delighted, not knowing they were being threatened as poachers. Did you know, said one man who had spent several years in Washington, D. C., that mockingbirds in the east have an entirely different repertoire? There they mock a different set of songsters. We were reminded of an outdoor graduation exercise we attended in Baltimore in June. It had been cold and raining for several days, but on this morning the sun was out and the world was bright. As the dean called the names of graduates, a mockingbird sat in a tree above and in saucy tones imitated the sounds. Each time he did so the audience smiled.

We pretend to be annoyed by our feathered tenants, but actually their impertinence delights us, too.

Mrs. J. P. Moss are announcing the engagement and marriage of their daughter, Mrs. Arch March, son of Joe March, of this town.

The wedding was held at the home of Mrs. Moss on Friday afternoon, given in their lovely home on Ralls highway.

Members over one hundred gathered at the door by 10 o'clock. Miss Alice Latta presented to Miss March. Mrs. Ray Cook, registered from Lubbock, Spring Springs, Ralls, was the guest of honor.

The table was laid with a lovely arrangement of bronze and gold mums. The menu was served with sandwiches, nuts, mints, and brown napkins. The gold with "Judy and Arch" revealed the wedding.

MISS JUDY MOSS

**AROUND TOWN**

(by Jennie Henry)

A lot of people thrilled at the sight of the improvements of the Country Club last week at the annual picnic. Although the club house and grounds lack some being completed, it was a beautiful sight for the members and a great achievement for our community.

Not many people realize the tremendous amount of work and headaches involved in staging these annual parties at the Country Club. Yet many are quick to criticize.

The president, the board of directors and those who served on various committees deserve a lot of credit for their work in promoting this year's celebration. Their positions were complicated by the fact that so many were opposed to the box supper.

It is the desire of many I have talked with, to have enough left after furnishing the club house to install screens. The amount made on the boxes was \$466. This does not include any donations that have come in since the picnic. If you would like to contribute, contact any member of the board of directors, President Aaron Carthel or see Gene Collins at the bank.

Would like to pass along to you the method of freezing eggs which Mrs. Marian Carpenter uses. Break the eggs into muffin tins and place in freezer. When they are frozen, remove from pans and store in plastic bags. Mrs. Carpenter used these very successfully for baking pies or cakes.

Do you need a broom, mop, door mat or an ironing board cover? The Lions Club hopes so, since they are sponsoring the Texas Blind Shops Caravan tomorrow. The Caravan will be located in front of the bank and the sale of the merchandise will be from 5 until 8 p.m. By buying from them you not only will be helping your community, as all the proceeds will be used for worth while projects, but also helping the blind.

Congratulations are in order for Betty and George Mize. They have an addition to their family by the name of Sally Elizabeth. She arrived Friday August 22, weighing six pounds and six ounces, at West Texas Hospital in Lubbock. With a mother who can sew as Betty does, my prediction is that Sally Elizabeth will be the best dressed little lady in Floydada. Mr. and Mrs. A. S. Mize and Mr. and Mrs. W. N. Garrett, grandparents of the new arrival, were quite thrilled over their only granddaughter.

Floydada is certainly losing three mighty nice people when Dr. and Mrs. Bill Greer and little son Bill move to Tennessee. They have been a definite asset to our community. Overheard in the drug store: Bankers never die, they just lose interest.

Also, heard one fellow say that if Davy Crockett had had a guaranteed annual wage he'd still be on a mountin' top in Tennessee, when he should be gettin' kilt at the Alamo.

Mrs. Irene Cox and son, Wilmer D. Cox, of Houston, Texas, visited with her cousin, Judge W. E. Grimes and family last Wednesday.

Mr. and Mrs. Ross Alexander and family had as their guests last week, Mrs. Alexander's brother and family, Mr. and Mrs. Harold Dempsey and family of Abilene.

**EX-RESIDENT OF HARDEMAN, FOARD, WILBARGER COUNTIES PLAN PICNIC AUGUST 7**

The annual picnic of ex-residents of Hardeman, Foard and Wilbarger Counties, Texas, now living on the South Plains, will be at MacKenzie State Park Sunday, the 7th day of August, 1955.

The picnic will be held just south of the swimming pool in the park. All former residents and their friends of the named counties are urged to attend and bring a picnic lunch.

Floyd Richardson of Lubbock, is president of the association. Mrs. Floice Drake is secretary-treasurer and W. E. Grimes of Floydada, is vice president.

Mr. and Mrs. Howard Elbert and son Dicky of Wellington were guests last week of Mr. and Mrs. Cager Carmack.

# Methodist Youth Activities Week Starts Sunday

Youth Activities Week will be observed at the First Methodist Church of this city, slated to begin Sunday July 31 and continue through August 7. This week will include a series of activities including work projects, worship and recreation.

The program each night will be based around the five program areas of the Methodist Youth Fellowship with the chairman of each area in charge. The program is as follows:

- Monday—"Faith" — Sonja Beth Wilson;
- Tuesday—"Citizenship" — Roger

Trapp; Wednesday—"Witness" — Kearney Edmiston; Thursday — "Outreach" — Glenn Armstrong; Friday—"Fellowship" — Randall Jones.

The program will start at 7 o'clock each evening for the youth and the worship service at 8 o'clock for everyone.

James Glascock, ministerial student at McMurray College, will be the speaker each evening at the worship service. He spoke at the First Methodist Church here in April of this year.

James, 20, was licensed to preach in August of '53. At McMurray he was vice-president of the student council, member of Christian Foundation, Forum (ministerial group), Circle K and Press Club.

He has done extensive preaching and speaking since the age of 17.

Mr. and Mrs. L. T. Hickerson are sponsors of the M. Y. F. and stated that all youth and grown-ups are invited to attend these services.

### OUR PRESENT FLAG WAS ADOPTED JULY 4, 1819

On July 4, of this year 1955, we celebrated the 136th anniversary of the American Flag in its present form.

The first flag, adopted June 14, 1777, had 13 stripes and 13 stars. In the years that followed, new stars and stripes were added as additional states were admitted to the Union. In the year 1819, Congress set up the permanent form of the "Star Spangled Banner" by ruling

that the flag would thereafter have 13 stripes, representing the original states, and there would be as many stars as states.

This act of Congress became effective July 4, 1819, hence that date is recognized as the birthday of the

present flag.

## Puckett Urges Attendance At Bureau Meeting

Miss Joyce Dell Hammonds, Floyd County Farm Bureau Queen, her mother, Mrs. C. T. Hammonds, and Mr. and Mrs. Glenn White will leave Sunday for Mineral Wells where they will attend the three-day summer institute sponsored by the Texas Farm Bureau.

The institute will start Monday morning at the Baker Hotel and will continue through Wednesday afternoon, August 3. The institute is designed to discuss the problems both on and off the farm, with some of the history and plans for the future, some good instructions on recreation, parliamentary rule, public speaking, a general discussion of marketing and other important phases of agriculture.

The Farm Bureau office of Floyd County has made eight reservations at the Baker Hotel and four are needed to be filled. If any farm bureau member can and will go to this institute, be sure to contact the office as soon as possible. Phone numbers to call are 665 (office) or 940.

W. R. Puckett, manager of the Floyd County Farm Bureau office, states, "We are well aware of the fact that since the storm, and unusually wet season, most everybody is very busy, and none seem to have time left. In some instances a man has a hand that he can leave in charge for a few days, and some of our off the farm problems are just as important as the ones on the farm. If you can go please let us know so we can submit the names to the hotel as soon as possible."

Mrs. Kenneth Johnson and children of Petersburg were Sunday dinner guests in the home of her parents, Mr. and Mrs. H. N. Powell.

James Ross writes that he arrived in Japan July 11. The trip was extremely interesting to him. He is stationed at Beppu. The camp was the imperialistic Japan military school corresponding to our West Point before World War II. It is a beautiful place and as military camps go is quite luxurious. The post has a P. X. bowling alley, post office, chapel, gym, barber, shop, tailor shop, service club, swimming pool, football field, golf course, pistol range and several ball fields. About 2,900 G. I.'s are stationed at Beppu. The remaining 2,500 who were transported in the recent operation gyroscope are stationed 90 miles south. All K. P. is done by Jap labor and it is cheaper than G. I. labor. He also says those people back home who are always talking about high taxes and going broke should move to Japan where the sales tax is 40% and the daily wage seems to be 70c.

Sunday dinner guests in the home of Mr. and Mrs. R. H. Crawford were her sister, Mrs. Merril Harlan and family of Plainview and her brother, Rev. Audie Wiley and family of Fairview.

Mr. and Mrs. G. C. Tiner attended the Jones - Taylor County reunion at MacKenzie Park Sunday. Mrs. Tiner formerly lived in Taylor county and they have taught in Jones county. Mr. Tiner was on the program.

The family of Mr. and Mrs. S. M. Crawford met at MacKenzie Park at Lubbock Sunday, July 17 for a reunion. All the children, their companions, all grandchildren except three and the only great grandchild were present. Ewel Crawford Jr. was unable to be present as he is with the U. S. Army at Camp Ord, Calif. Cheryl Crawford was with the drum majorettes at Abilene for the twirlers and Max Crawford was at camp in Colorado.

Those present were Mr. and Mrs. S. M. Crawford, Mr. and Mrs. Earl Crawford, Mr. and Mrs. A. L. Sparks, Glens and Roy Lynn, Mr. and Mrs. R. H. Crawford, Beth, Jerry and David, Mr. and Mrs. Roy Crawford, Jacques and Jim all of near Floydada; Mr. and Mrs. Virgil Crawford, Carol Ann, Sam and Joe of Brownfield; Rev. and Mrs. Ewel Crawford of Ft. Worth; Rev. and Mrs. Clayton Hicks and John of Bells; Mr. and Mrs. M. B. Brooks and Charles of Lubbock; and Barbara and Myrna Marshall of Lubbock.

## Fairview News

(By Mrs. Clyde Bagwell)

**FAIRVIEW**, July 26 — We have another rain to report. Saturday night we had a nice rain and again Sunday night. At our place we received eight-tenths of an inch in both rains, but in covering the community we find the rain very spotted. All had rains but the amount varies from one and three-fourths inches to one-half inch. Crops are growing nicely and so are the weeds in fields that have not been hoed as yet. Monday most places were too wet to get into the fields but this Tuesday morning finds farmers back in the fields with hoes and also plows. Prospects for a row crop are better this year on dry land farms than they have been in several years.

Mrs. W. B. Wilson's brother, E. B. Randolph, who is very ill has been moved from Methodist Hospital in Lubbock to a hospital in Abilene. Mr. Randolph makes his home in Abilene.

Several of our folks have been on fishing trips the past week. Among those enjoying these vacations were Mr. and Mrs. Clifford Helms and daughters Bonnie and Judy who went to Clovis, N. M., on July 15 to the home of her parents, Mr. and Mrs. H. E. Giles. Both families went to Lake Conchas for an outing and fishing. The Helms returned home Wednesday night, July 20.

On Monday afternoon of this week Mr. and Mrs. Lee Rushing and Dickie Lee Rushing returned home from a weeks vacation in the mountains of Colorado where they fished and went boat riding at a lake 15 miles out of Bayfield. Mrs. Rushing reports they caught a large

amount of fish and really had a wonderful time.

Mrs. E. W. Walls attended a bridal shower on Friday afternoon from 4 until 6 o'clock in Lockney at the home of Mrs. Lester Honea for Mrs. Don Reecer (nee Mavis Tate). Mrs. Reecer is a niece of Mrs. Walls.
