Scenes at the Onion Sorting Plant

Onion Sorting for market, as practiced by Floyd County Growers and Marketing Association at their plant on the Quannah tracks, is shown here. Hauled in from harvest fields in sacks, the onions start their journey to the sacking stands from the big hopper. Traveling on endless screening belts the bulbs are trapped as to size while practiced eyes and hands watch for odds and culls. Sometimes as many as four sacking stations, like at bottom, are used to sort the vegetables into sizes ranging from boilers to jumbos, according to market demand.

Grain Begins Moving Cotton Opens Slowly

Sams Re-Named ASC Chairman

Buck Sams of Lockney will head the County Agricultural Conservation committee again for the year beginning today. With him will serve Gerald Lackey of Cedar Hill and Tom Porter of Starkey as members. First alternate member of the board is Oscar Golden of Aiken. Second alternate, L. F. Gresham of Baker. Retiring members of the county board are John Key West of South Plains and Ned Bradley of Antelope. The new board was elected at the meeting of the nine-man county convention held Monday morning. Although the terms of office of new committee members will begin today, their first meeting is scheduled for Tuesday morning of next week at 9 o'clock at the county agricultural office. Meetings of the committee usually are held Monday, but next Monday is a holiday and the ASC office will be closed.

Loan Association Meeting Sept. 17

Directors of the Floydada National Farm Loan Association have set Saturday September 17 as date for their annual meeting. The membership is asked to be present at 3 o'clock p.m. Several door prizes will be given. According to Jake Watson, secretary-treasurer, directors hope to have a large representation of the membership present. American Legion Hall in Floydada will be site for the gathering.

First jag loads and one or two rather sizable offerings of maize from the farms of the area gave indication this week that the biggest maize crop the county has ever produced is about ready to begin the trek to the market and storage.

This biggest crop, at that, is not nearly so huge as it gave promise to be on August 1. The last half of August has played havoc with hundreds of acres of dry land forage feeds, some of it so seriously damaged that it will have to be abandoned.

The new type of maize, developed for an irrigated crop and for combine operations in the field, doesn't "take it," dry land farmers are finding out to their sorrow.

Meanwhile, as the huge maize crop shows every sign of giving harvester people and the elevators a busy time, cotton is opening slowly.

While assuming that somewhere in the county there is a first bale being groomed for the Chamber of Commerce \$100 premium, a look around does not disclose a crop that is anyway near in readiness for the pullers.

Last year on September 2 this newspaper was quoting ginnermen as saying they did not expect the first bale for a little while. The same day the first bale was ginned.

Apparently the cotton is going to be slower maturing, even cotton that escaped the first hail and rainstorms. This may be accounted for by the effort to water and fertilize the crops into booming production.

The premium offered by Floydada Chamber of Commerce is for the first bale of cotton raised in the county, ginned by a Floyd County gin and delivered to the southwest corner of the square in Floydada. George Bickly is chairman of the retail trades committee of the C-C which is offering the prize money.

Of all the 85,000 acres of cotton known to be in the fields, about one-third escaped the early season hazards. The remainder is late May and June-planted cotton. How late a season is vouchsafed will govern largely as to the yield.

Most cotton men are anticipating a reasonably late frost or freeze. Every day the frost stays away will add heavily to the final production figure. Many farmers say the "signs" give them to November 1 or 10 before a freeze will take place.

Rain Is Seriously Needed
Dry land feed and cotton has suffered seriously in the 15-day period since August 15, but a good rain at this late date would be quite helpful to many fields of feed.

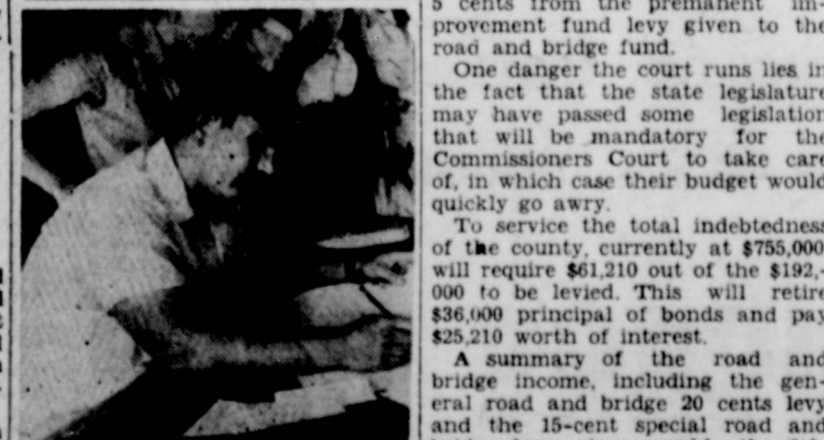

Some fields have burned so badly that no amount of rain would produce more than bundle feed. An unusual thing has happened to maize. The early-planted dry land maize is making a crop. The late-planted is a goner.

Lack of rain also has a good many wheat farmers in a quandary as to seeding their wheat land. Wheat can wait, however, until late October or even November.

Question is will the right kind of seed be available when and if the season is right. A few irrigation farmers are going to plant and water some of their wheat to a stand for fall grazing.

Cates To Operate Kimbell Elevator

W. C. Cates, a former resident of Floydada and veteran grain dealer here, will manage the Kimbell Milling Company's Floydada elevator. He has been in Floydada this week cleaning up the elevator property and putting the equipment through its paces to make ready for the maize harvest season. Mr. Cates said, moving there two weeks ago from Cisco.

Quarterback Club Will Hear Whitey Baccus on Rules

President L. F. Gresham called the next meeting of the Whirlwind Quarterback Club for Monday night September 5. The meeting place will be Graves gymnasium at the high school and activities will get underway at 8 p.m. New membership cards have been printed and all interested persons are urged to be present and join up for the 1955 season. Dues are one dollar a year and these along with all other funds raised by the club go for the betterment of school athletics. Guest speaker for the night's program will be Whitey Baccus of Lockney who will discuss rules and rule changes that govern football play. Mr. Baccus is well known as a football official, having served the Southwest Conference in that capacity for some time. The program was arranged by Bill Hale. Several important matters of business are on the docket and a large turnout of the membership is expected for this fine program.

South Plains Phone Lines To Be Urged

In a meeting scheduled for tonight at 8 o'clock in South Plains school auditorium, South Plains and Floydada people will urge Southwestern Bell Telephone Company to extend telephone service into South Plains business houses and homes.

Southwestern Bell, which has twice rebuffed the two communities, has agreed to have representatives present to listen.

E. L. Norman, appointed from the Chamber of Commerce board of directors, will head the Floydada delegation to the meeting.

Bill Beedy is leading the movement at South Plains.

School Days Here. Floydada schools opened the 1955-56 term yesterday. Pupils registered last week for the event. Of this year's senior class three misses—Mary Jo Smith, Nancy Jenkins and Rena Willis—are shown registering with Mrs. W. Ray Johnson, seated back to camera, and Ann Sweptson, faculty members. Commissioners Anticipate No Tax Change as Budget Adopted

Floyd County will operate through the year of 1956 on a budget drawn as tight as a fiddle string.

Or, so it appears to The Hesperian reporter who looked in on the all-day long session of the Commissioners Court Tuesday as the commissioners figured on their operations and waited in vain for the taxpayers to show up and want to know about things.

The court approved a budget that calls for a tax rate of \$1.28, the same as in effect this year. They expect the tax rolls to increase in taxable values to \$15 million, which is about \$190 thousand more than it runs this year.

The total tax to be levied is estimated thus to be \$192,000 for county purposes. Their operating funds will total 95 cents out of each \$1.28, with 33 cents out of the \$1.28 pledged to debt service.

The operating funds include jury service 5 cents, road and bridge 20 cents, road and bridge special 15 cents, general 35 cents, and permanent improvement 20 cents.

The interest and sinking funds for debt service, are divided 23 cents for the Floyd County Special Road Bonds and 10 cents for Court House Bonds.

The reallocation of taxes voted last year will give the court a little more elbow room, since 10 cents is to be taken from the jury fund levy and given to the general fund and 5 cents from the permanent improvement fund levy given to the road and bridge fund.

One danger the court runs lies in the fact that the state legislature may have passed some legislation that will be mandatory for the Commissioners Court to take care of, in which case their budget would quickly go awry.

To service the total indebtedness of the county, currently at \$755,000, will require \$61,210 out of the \$192,000 to be levied. This will retire \$36,000 principal of bonds and pay \$25,210 worth of interest.

A summary of the road and bridge income, including the general road and bridge 20 cents levy and the 15-cent special road and bridge levy, gives roughly the following figures: Road and bridge \$30,000; special road and bridge \$22,500; auto registrations \$75,000; fines and forfeitures \$4,500; refund state highway bond fund for lateral roads \$29,000. This is a total of \$161,000.

About \$30,000 Each
On the face of it this would indicate each commissioner is to have a fund of about \$40,000 to spend in his precinct. But by the time the fund pays three-fourths of the commissioners and judge's salaries and other apportioned expenses under the statutes, the commissioners will have about \$30,000 apiece for all purposes in their respective precincts. The actual figures in their

School Site Contract Is Signed By Board

Blocks 6 and 7, in Western Addition Annex will be the site of the new high school building of Floydada Independent School District.

Monday afternoon President A. T. Hull of the Board of Education said a contract had been signed for the purchase of the two-block site at a cost of \$15,000. The area of the two blocks and the street which divides them is 7.97 acres approximately.

The site chosen was one of several in all portions of the city's suburbs considered by the board. The deal was negotiated through the Massie & Bond land agency, and is subject to the approval of the owners, Mrs. Leila M. Massie, Mrs. Geraldine Massie Murray and W. A. Massie.

The ground lies between Crockett and Georgia Streets. The school board will ask the city to close the one block of Houston Street which separates the two blocks of land.

Contract for the site is the first move of the board toward putting into reality a modern school plant for which taxpayers of the school district by a majority of six to one gave a mandate in July.

Overflowing School Houses
The additional school room facilities are being added to meet an emergency in teaching space for a rapidly increasing scholastic population. Temporary arrangements are being made to meet the situation for this school year.

A bond issue of \$550,000, the major portion of which will be put into the new building, was voted, as the board announced plans to raise tax valuations in the district, make an appraisal of values both of property in the city limits and in the farm lands.

The district has an area of 347 square miles. This week an equalization board is sitting to hear taxpayers on the proposed change of base in assessing and levying taxes to meet the debt service on the bonded debt created.

Juke Boxes Rifled At 2 Negro Cafes

Two juke boxes, each with an estimated \$60 in the money drawer, were rifled in the Negro section Monday night.

One of the boxes was in the Brooks Cafe, the other in Jack's Cafe.

The burglaries, which City Officer Bob Smith estimated were committed about 1:30 o'clock, were being investigated, but no arrests had been made late Tuesday.

The burglars broke into the machines and pried the money boxes open.

the present high school building for the sixth, seventh, and eighth grades and make repairs on these buildings.

It is then planned to have a modern construction for the high school grades that will take care of approximately 450 pupils and an auditorium that will seat approximately 850 people. With this arrangement it is estimated there will be a small margin left for further growth.

The bonds call for \$550,000. It is planned to use approximately \$400,000 for the new construction. Probably it will take a little over \$100,000 for the site, new equipment, repairs of present buildings, and the other needs that will go with a building program. This is a flexible program. However, only that amount of the bonds that are actually necessary will be issued.

Make-Shift Teaching Room
After we put partitions in the temporary building for next year, we will still be crowded and will have to leave off some of our program that we need very much. However, if we can begin construction some time soon, our architect informs us that we can have the new construction completed by September 1, 1956.

An appraisal, completed 10 days ago, sets a graduated value on the land itself, with top values of farm land set at \$50 by the appraiser. Values range downward to \$10.

The board is taking 50 per cent of the appraised values on land and improvements as a basis for the values against which assessments will be made.

At the same time improved city property was measured, checked and valued in an appraisal that also covered all vacant lots within the city limits.

The board of education is aiming at completion of the new school unit for the opening of the school year in September, 1956.

But their first job will be the sale of the bond issue or such part of it as is deemed necessary to get the program to rolling.

Adoption of plans for the new school building will be made along the lines proposed in July. Letting a contract may be a matter of weeks.

Superintendent I. T. Graves in July gave the outline of the board's plan for the use of the proposed building and the shifting of the student body into other buildings now on the school grounds. In this statement he said:

The plans are to use the Andrews Ward school for the first five grades.

County United Chest Meeting

Members of the budget and acceptance committee of Floyd County United Chest met Friday night in the county court room to hear reports from member charities of the county.

Those present were Brac Biggers, W. E. Grimes, Bryant Higginbotham, Mrs. Harve Powell, Mrs. Joe Foster, Dwight Jackson, County Chairman N. W. Williams, Drive Chairman Charley Andrews, North Half Chairman Claud Brown, South Half Chairman E. C. Carter and Secretary J. M. Willson Jr. John Stapleton was also representing the Red Cross.

After considering budgets of various organizations the following amounts were allocated: Heart Fund \$800; Cancer Society \$1165; Red Cross \$3200; Boy Scouts \$3500 (less sustaining memberships); Salvation Army \$2500; USO \$500; Campaign Expenses \$500; Reserve \$1000. This makes a total of \$13,165.

County Chairman N. W. Williams called a board of directors meeting for Floyd County United Chest for September 19. The directors will study the above figures for final approval.

200 Attended McCoy Reunion

Two hundred attended the 4th annual reunion of the McCoy community held Sunday, August 28, at MacKenzie State Park.

At the noon hour the luncheon was almost a failure! Why? Because there was such a large variety and such large quantity one could never make up his or her mind where to start or when to quit.

Many were there from all over Texas, Oklahoma, and California. Mrs. Alma Holmes of this city made a tape recording of some of the voices and comments of those present. Many met for the first time in 35 years. There was no end to the reminiscing. Horses and buggies were mentioned more than cars and planes.

The oldest present were Mrs. Jim Roberson of Slaton and Mrs. Frank McDermott of Lubbock, both being 79. Willie McSpadden of Los Angeles, Calif., traveled the greatest distance to attend the event.

For the next year the following officers were elected: President George L. Smith; Vice-President Calvin Hilburn; Secretary, Velma Berry; Park Committee, Charlie Payne and Chester McDermott.

Monday visitors in Floydada were Roy Eubanks of Littlefield and Carl Eubanks of Dallas. Both were former residents of Floydada and are well known in this area.

Mrs. Golden Louise Nabors and family, of Amarillo, spent Saturday and Sunday here in the home of their parents, Mr. and Mrs. Homer Steen.

Fairview News

(By Mrs. Clyde Bagwell)

FAIRVIEW, August 30 — We had a sight to look at yesterday (Monday) that we seldom see, pouring down rain from the east and the sun shining in the west. We received one-half inch here on this side of the community but the rain fall was lighter in the north portion. This rain came as a surprise to most of us as the cloud came up suddenly.

Mr. and Mrs. P. L. Joiner of Eugene, Ore., came early Thursday morning and stayed until Saturday morning in the home of Mr. and Mrs. Clyde Bagwell. The Joiners were in Texas on their vacation and were spending most of their time at Muleshoe with their two daughters and their families. Mrs. Bill Pierce and Mrs. Leo Bartley. Mr. Joiner is Mrs. Bagwell's only brother and Mrs. Joiner is a sister of Mr. Bagwell. Thursday afternoon the four above named went to Plainview to visit a cousin of Mr. Joiner and Mrs. Bagwell, Mrs. P. W. Cayce. Mr. Joiner had not seen this cousin since their childhood days. On Friday the Bagwells and Joiners visited around over the county with former friends and neighbors.

Tuesday Mr. and Mrs. Bagwell went to Muleshoe to spend the day with their brother and sister Mr. and Mrs. P. L. Joiner before their departure for their home in Oregon. On their way home they will visit in California with relatives. The Joiner's youngest daughter, Kathleen, who has been at Muleshoe all summer will return home with them.

There will be a missionary revival and training course held at the Fairview Baptist Church beginning September 4 and continuing for one week. There will be a different guest speaker each night during the week. Classes will be for the adults juniors and sunbeams. Mr. Cozby will teach the adult class. Mrs. Lee W. Burton the juniors and Mrs. Jim Stewart the sunbeams. Everyone is invited to attend these services.

OES Chapter Has Program Honoring Lodge Originator

Floydada Chapter No. 31 Order of the Eastern Star met in regular session Thursday night in the Masonic Hall with Roberta Russell as Worthy Matron and Wayne Russell as Worthy Patron presiding over the chapter.

Invitations to Friendship Nights were read by Anne Sweptson, secretary, to A. E. Shirely Chapter at Amarillo, Sept. 28 at 8:00 p.m. and Petersburg Chapter salad supper at 7:00 p.m. Sept. 20.

Under the good of the order a program was given in honor of Rob Morris, originator of the Order of Eastern Star. Anne Sweptson acted as reader while Wayne Russell strolled in garden scene as Rob Morris. He falls asleep upon a garden bench as spirits of beautiful dreams surround him.

Dressed in white robes and carrying lighted candles the following acted as spirits of dreams, faith and hope: Roberta Russell, Maude Merrick, Veda Dorsey, Billy Pate O'Dessa Krebs and Mary Lou Morrison while Lois Morrison played softly "My Old Kentucky Home." Thus plans for the Order of the Eastern Star was conceived.

Others participating and singing "Bless Be The Tie" were Flora McNeill, Lula Green, Bob Dyson, Wynnie Dyson, Lillie Henry, Ruth Daniel, Sam Green, Helen Solomon, Mauriet Dorsey, Emma Gilly and Mrs. D. T. Mayo.

The Worthy Matron requests practice for initiation next meeting. The time and date will be announced later.

Hostesses for the month of August were Janet and Gerald Lackey, Veda and A. M. Dorsey, Mabel Leonard, Lillie Henry, Violet Jones and Eula Thurmon.

home. Mr. and Mrs. Melvin Rice of Oklahoma City, Okla., visited Thursday morning with her cousin, Mrs. Wilson and family.

Mr. and Mrs. Cecil Payne and C. J. returned home Monday from several days vacation at Stamford Lake fishing. Mrs. Payne reports they had a wonderful time and caught all the fish they could eat. The Paynes also visited at Knox City with their son Gene and family.

Mr. and Mrs. Walton Wilson and Judy took Mary Ann to Odessa Friday where she will begin her school work for the fall term. Mary Ann will teach 7th and 8th grades Spanish in the Odessa school.

Mrs. Clyde Bagwell visited Saturday afternoon with Mrs. Walton Wilson.

Mrs. Travis Burgett and two sons of Ft. Worth came Sunday to spend several days in the home of Mr. and Mrs. Lee Burgett. Travis will come the last of the week to visit his parents.

Mr. and Mrs. Clyde Bagwell visited Tuesday night with Mr. and Mrs. E. W. Walls.

Sunday visitors in the W. W. Baxter home were Mr. and Mrs. Maurice Campbell and children of Dougherty and Mr. and Mrs. Cecil Baxter and son Waldo of Campbell.

Mr. and Mrs. Edell DuBois had their sons and their families visiting them Sunday. They were Mr. and Mrs. Bud DuBois and family of Lamona and Mr. and Mrs. Bill DuBois and son Craig of Floydada.

Mrs. Ray Hopkins and sons of Ralls spent the week-end in the home of her parents, Mr. and Mrs. W. W. Baxter.

Last Thursday Mr. and Mrs. Cecil Baxter, W. W. Baxter and Roy Baxter went to Wills Point to attend the funeral of Mrs. Jim Liston, a former resident of the Campbell community. Mrs. Liston at one time lived with her family on the farm where Mr. and Mrs. Cecil Baxter now live. The Baxters returned home Saturday.

Mr. and Mrs. Lee Rushing returned home Monday from a nine-day trip to Houston and Galveston. They went to Houston to take their daughter Dorothy home (she had spent a week here with her parents) and to visit their other daughter and family, Mr. and Mrs. Malcolm Bridges and children. While at Houston, Mr. and Mrs. Rushing attended the commencement exercises of the University of Houston where both Mr. and Mrs. Bridges received their Master's Degree. Mr. Rushing went to Galveston to attend the R. E. A. meeting Thursday and Friday of last week.

School days are here again. The yellow school bus is seen daily making its route over the community. The beginners from our community this year are Larry Walls, Jan Perry, Dick Burton, Judy Helms and Lajuana Irwin.

Brenda Walls of Floydada spent Monday and Tuesday with her cousin Larry Walls.

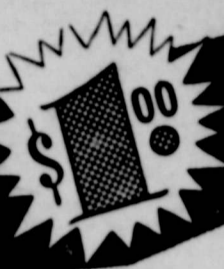

Mr. and Mrs. L. E. Ellison and children of Crosbyton spent the day Monday with her parents, Mr. and Mrs. S. H. Tackett.

Dougherty News

(By Mrs. W. J. Ross)

DOUGHERTY, August, 30—Back to school is the trend among the youngsters this week. Five from our district entered school at McAdoo Monday morning. They were V. V. Leroy and George Scott, Richard Ward and Bob Ross. The McAdoo school is scheduled to close May 11. There are four scheduled holidays and one day reserved for emergency dismissal.

The children from our district to the Floydada school this term are Janice Smith, Jerry and Beth Crawford, Karen Sue Ring, Freida Smith, Ronnie Smith, Julia Ann Daniels, Bundy Campbell, Carolyn Cates, Hal Dean Hines, and Julia Cervantes.

On Monday of last week Mr. and Mrs. Ned Bradley attended the funeral of her paternal uncle, C. W. Stephens at Spur. He had been a resident of Dickens County many years. He was 82 and has been ill over a year.

Mrs. Joy Ward and Cindy visited relatives in Davenport, Okla., last week. They returned home Friday and were accompanied by Mrs. Malcolm Ward of Davenport, also Richard and Tim Ward who had made a more extended visit with their grandparents.

On Sunday, Mr. and Mrs. Wayne Ward and Mrs. Malcolm Ward were dinner guests of Mr. and Mrs. Mac Ward.

Thursday evening Mrs. Brand entertained her daughter, Mrs. Arwin Husky and family of Amarillo and son Noland Brand and family of Floydada with a backyard supper.

Monday Mr. and Mrs. W. S. Poole enjoyed a visit to Parnell in Hall County. They are former residents of Parnell and moved from there 35 years ago. They spent the day calling on neighbors of former years.

Harold Woodson, accompanied by his sister, Mrs. Ruth Daniels, Julia Ann and Bill, recently returned from a tour of places of interest in New Mexico, Colorado, Wyoming, Nebraska, Kansas and Oklahoma.

Mr. and Mrs. Howe Hines, Hal Dean and Alita Beth met a group of relatives at the home of Mrs. Hines' parents, Mr. and Mrs. J. Thomas in Lubbock Sunday.

Mrs. Tony Harman and daughter, Mary Lee of Canyon were guests in the home of Mr. and Mrs. J. T. Poole Saturday night and Sunday.

Friday Mr. and Mrs. J. T. Poore, and Mrs. Kenneth Poole and Lance attended the final rites for Shird Smith at Hereford. Mr. Smith was a resident of the Antelope community during the thirties. He moved from Floyd County in March of 1938. Although he suffered other complications, the immediate cause of his death was pneumonia. He is survived by his parents, Mr. and Mrs. John Smith of Brownfield; one son, Connie of Hereford; and four daughters, Mrs. Claudia Snow of Brownfield, Mrs. Eva Shanahan of Las Vegas, Nev., Mrs. Willie Mae Jones of Hereford; and Mrs. Lelia Fay Wilson of San Antonio.

Mr. and Mrs. Frank Lewellen of Haskel were Tuesday dinner guests in the home of Mr. and Mrs. J. T. Poole.

Mr. and Mrs. L. F. Gresham and Pam visited their mother, Mrs. Hazel Coward at Ruidoso, N. M., last week.

Mrs. Allan Leach Jr. and son Michael of Borger were house guests in the home of her parents, Mr. and Mrs. J. E. Newton last week.

Mr. and Mrs. Earl Foster and Doris were Sunday dinner guests in the home of their daughter and sister Mrs. Lyndle Patterson of Lubbock.

Mr. and Mrs. Claude Ring, Karen Sue and Mr. and Mrs. Kenneth Ring were guests of their daughter and sister Mrs. J. W. Womack and family of Denver, Colo., during the week-end.

Mr. and Mrs. Tommy Emert, Douglas and Darlene visited their sisters at Borger Tuesday thru Thursday.

Mr. and Mrs. Jim Jones were Sunday dinner guests in the home of their daughter, Mrs. Roy Crawford and family.

Mrs. Nancy Ross and Mrs. Olive Keens of Plainview were Sunday guests in the home of their sister, Mrs. W. B. Jones.

Mrs. Hosea Phillips accompanied her mother, Mrs. Julia Holladay to Plainview Tuesday, where Mrs. Holladay received medical treatments.

Mr. and Mrs. Tate Jones have returned from a fortnights visit with their son Travis and family of Petersburg, Virginia. While they were there the hurricane Diane passed. The area received 20 inches of rain in the two weeks and strong winds.

Mr. and Mrs. Bill Jones moved to Plainview Saturday. Bill is employed for sixth grade teacher in the Lamar School in Plainview.

Mr. and Mrs. H. N. Powell attended the graduation exercises at Texas Western at El Paso during the week-end. Their son Jim received his B. S. Degree in geology. Judge Roy B. Jackson of the 34th district court died Sunday while delivering the graduation address. He was midway of his address when he collapsed. Another professor, Dr. Dysart Holcomb, completed the address and conferred the degrees.

Jim left Monday where he will enroll in the University of Texas to work on his Masters Degree.

Mr. and Mrs. W. C. Boren of Corpus Christi spent the week-end visiting friends and relatives in Floydada.

Moss-March Vows Said Sunday In Church Ceremony

Miss Judith Patricia Moss, daughter of Mr. and Mrs. John Preston Moss, became the bride of Arch Murphy March, son of Mr. and Mrs. Joe Murphy March, Sunday afternoon at 4 o'clock in a double-ring ceremony at the First Methodist Church.

The Rev. Tilden B. Armstrong, pastor, read the ceremony before a prayer bench flanked by candleabra and baskets of yellow chrysanthemums. Banks of fern and an arch entwined with greenery completed the setting.

Miss Glynnell Armstrong, organist, played a prelude of nuptial selections and accompanied Miss Mary Jane Hartley of Lubbock as she sang "The Lord's Prayer." The traditional marches were used.

Mrs. J. David Wiggins of Lubbock served the bride as matron-of-honor. She wore a street-length dress of tan lace over taffeta styled with a portrait neckline long-ated bodice and flared skirt. Her accessories were brown and she carried a bouquet of yellow feathered chrysanthemums with satin streamers.

Guy C. Roy served as best man and ushers were Dee, Jay, and Lowell Bowman and J. David Wiggins, all of Lubbock. Dee and Jay Bowman lighted the candles.

The bride, given in marriage by her father, wore a street-length dress of green iridescent taffeta styled with a V-neckline, elongated bodice and flared skirt. Her accessories were bronze and she carried a white satin Bible topped with green orchids.

She wore the traditional something old, new, borrowed and blue. Something new was her wedding attire, borrowed was her Bible from Mrs. Ray M. Cook, and she wore a blue garter. She also wore a penny in her shoe bearing the year of her birth.

A reception was given in honor of the couple following the ceremony at the home of the brides parents. From a table laid with a white cut worked cloth, Miss Alice Latta poured punch and Miss Ardyth Hatcher cut and served the three tiered wedding cake. Arrangements of yellow and bronze chrysanthemums flanked by yellow tapers completed the table arrangements. Crystal appointments were used.

Others assisting in the house-party were Miss Kit Weidon of Yorktown, Mrs. Baxter Gentry cousin of the bride, of Crowell and Mrs. John C. Moss, sister-in-law of the bride.

For a wedding trip to points of Oklahoma the bride chose a two-piece brown cotton dress with bronze accessories and an orchid corsage.

Next meeting day will be September 8 with Mrs. Everett Perry.

MRS. HUCKABAY CELEBRATES HER SEVENTIETH BIRTHDAY

Guests in the home of Mr. and Mrs. C. P. Huckabay on Sunday were all the children of Mrs. Huckabay. The occasion was to celebrate her 70th birthday.

Those present were Mr. and Mrs. Marvin Smith and family of Petersburg, Mr. and Mrs. Alton Chiddix of Plainview, Mr. and Mrs. H. L. Reeves and family, Mr. and Mrs. C. C. Reeves and family of McCoy, Mr. and Mrs. Ronnie Evans of Floydada and Mr. and Mrs. W. E. Smith of Avendale, Ariz.

MR. AND MRS. W. U. RIGGLE INJURED IN HIGHWAY CRASH

Mr. and Mrs. W. U. Riggles, mother-in-law and father-in-law of Bud Pope of the Sand Hill community, were injured in a tractor-pick-up collision Tuesday about eight miles north of Perryton. The couple are reported to be in fair condition in a Perryton Hospital.

Mr. and Mrs. Riggles were traveling north when the tractor pulled out in front of them on to the highway.

KINDERGARTEN CLASS PLANS MADE BY MRS. CHESTNUT

Mrs. E. B. Chestnut said this week's kindergarten class will begin on Monday, September 5, at 9 o'clock. She plans to teach beginners art with the class.

Afternoon art classes will be taught at 2:30 and 3:45 o'clock. She will teach at 625 West California Street.

Every time we decide for sure that EVERYTHING happens to us we hear of another fellow's troubles and cheer up.

A few nights ago we opened a freezer of homemade ice cream — with a yard full of guests — only to find a gallon of strawberry ice cream soda sloshing around inside. That, we knew, was the last word in catastrophe! Still living in the horse-and-buggy, hand-turned freezer era, we panicked. A quick-thinking friend, who was helping serve, saved that one. She got the electric motor out and in no time at all had the stuff frozen to a proper firmness.

Last night we went to a backyard supper where the guests buzzed happily in the candlelight, completely unaware of a much worse kitchen mishap: the chicken spaghetti for 40 people, made the day before and stored in the refrigerator, had spoiled! The hostesses, with only minutes to spare, dashed out to a barbecue spot and bought ready-cooked chicken halves, found a grocery store open and got frozen vegetables, french bread and butter to heat and serve. Luckily, the fruit salad and dessert didn't have to be replaced.

We sprain a toe and lament our fate — but go to a party and count among the women present a broken right thumb, a right arm in a cast and a splintered ankle bone.

All of us are inclined to magnify our own troubles — or virtues — and to minimize the other fellow's. Obviously, if we took everyone else's problems as seriously as we do our own, there wouldn't be enough sympathy to go around. Or if we prized his virtues as highly as our own we'd shrink in our own estimation. On the other hand, if we took our own as lightly as we do his, wouldn't life be monotonous?

Center News

(By Mrs. J. E. Green)

CENTER, August 30 — We have had a varied week-end. We've seen what weather was in various parts of the state. It has been hot, cool and rainy, about like it was here.

Bro. Tom Wesson and family went to Dallas Friday where their small son, Gerry had a check-up at the Baptist Hospital. Afterward they visited with relatives at Elgin and other points. Johnny Lynn Warren filled the pulpit in the pastor's absence.

Mr. and Mrs. Leo Frizzell and Mr. and Mrs. Elmer Warren and Johnny Lynn attended the Frizzell family reunion at the Plainview park Sunday after church.

Mr. and Mrs. Jimmy Dunn reached home last Wednesday after a vacation trip. They visited relatives in Austin and Houston and even crossed over into Old Mexico.

Mr. and Mrs. Clyde Green arrived Thursday from a trip to Santa Fe, N. M., and Albuquerque. They visited the J. B. Jordan, former Centerites.

Mr. and Mrs. J. E. Green and Don Clark arrived Tuesday night after a week-end with their daughter, sister and family, Mr. and Mrs. Doc Ryan and baby of Sweeney. They visited briefly with Mr. Green's sister in Hubbard and Moody, and also called at the M. D. Anderson Hospital in Houston where Mrs. Victor Green's mother, Mrs. E. J. Green of Plainview, was very ill.

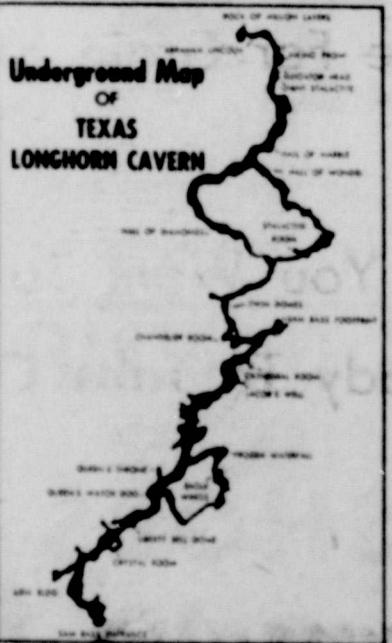

Mrs. E. J. Green passed away late Monday and funeral services will be this Wednesday afternoon at First Baptist Church in Plainview. Thus passes from view one of the liveliest characters we have ever known.

Next Sunday will be home coming at Center church. We hope all old timers and friends who can will be there.

Mrs. R. B. Calhoun wishes to thank everyone for the many nice things they did for her during her stay in Peoples Hospital.

Mr. and Mrs. Bob Gassey and son of San Bernardino, Calif., are spending the week in Floyd County with relatives. In Floydada they are guests in the home of Mrs. A. B. Blount, and at Sterley they are visiting the B. A. Howells.

Bill Harrod's Rise From Ordinary Drinker to Fiery Preacher

Bill Harrod started "gnawing at" in middle life. "Fighting" he had spent every night in brawling and drinking taverns. But once he got turned his vast energies into "Christ, clothes, shoes, food" to the poor in one of the worst slums, says Frank He tells the entertainment of this colorful church-

more than twenty-five years. William Leo (Fighting Bill) was a drunkard and tavern as such talents that he is legend among Dallas drunks. But fighting Bill drinks. Since 1943 he has been the Eagle Ford Baptist in West Dallas. He left a job as foreman of a factory to become a \$75-a-month preacher in a shantytown. He will give even that away if he can.

His formal education ended in the fourth grade of the Myrtle Texas elementary school. A person who knows Dallas you that Rev. Harrod is in a city of 600,000. Most folks are decent but the men work but they are children for their homes. Helping these unprivileged children is Harrod's aim.

Bill was ordained pastor of Ford. It was a one-room church with a sod floor. Most members were unwilling to become his pastor. He didn't believe he had received, literally, took over by force. He had to the windows and lock the door though it was a warm keep his more sullen members escaping because 51 percent of the congregation had to be made the ordination legal. He'd whipped two deacons and floor, the new preacher didn't want to hurt no man. He told me to quit my job and teaching in Eagle Ford. For else in Dallas is there so many children in need of clothes and shoes and food. I'm going to preach to the middle-aged at 46 he was "borned again" and "sky-tonking and chasing men and clench dancing," supporting his wife, three children and a mortgage. His comfortable home on street. After more than 20 years fighting father's drunkenness Harrod family was will- ing to up with any hardship to old man straightened out. The whole family went to work,

sometimes having nothing to eat but boiled beans or oatmeal. They helped him build his small shack of a church into a fairly modern \$75,000 brick building with 900 members and no indebtedness. They helped him as he fed and clothed thousands of suffering West Dallas children—and a few deserving adults.

"In addition to the home church on Odessa Street, Harrod has also set up five missions and is threatening to establish a sixth mission in Dallas' exclusive Highland Park suburb, with the help of some of Dallas' most prominent citizens, he also built a clinic. Their next project on which to give Bill support will be a boys' summer camp.

"His first year at the church, Bill had a Christmas party 'with pretties for every child.' More than a hundred youngsters in need of shoes came to the party. Bill started scrounging to get them kids shod." An appeal to The Dallas News resulted in 3,000 pairs of children's shoes, most of them new, being left on the newspaper's loading dock. Harrod now has his Christmas shoe party every year early in December."

RELATIVES ARE GUESTS IN THE WADE PAYNE HOME

Out-of-town guests visiting in the home of Mr. and Mrs. Wade Payne over the week-end were Mrs. Payne's mother, Mrs. Lula Owens, two brothers, Judge and Mrs. Newt Owens and Mr. and Mrs. O. B. Owens all of Sulphur Springs; another brother, Mr. and Mrs. Willie Owens and children and a niece, Mr. and Mrs. Harold Jones and children, all of Lubbock; a sister, Mr. and Mrs. R. L. Glenn and Mrs. Lyndie Mae Hamblen of Amarillo.

The group enjoyed a back yard picnic supper Saturday evening. This is the first time Mrs. Payne had had all of her immediate family at one time to visit in her home.

ALEX MCKINNON, SON OF MRS. A. P. MCKINNON, SUCUMBES

Alex McKinnon, Brady business man, 75, died following a heart attack on August 15, according to news received by friends of the McKinnon family here in the past week.

A son of Mrs. A. P. McKinnon and a brother of Mrs. R. F. Kirchner, Mr. McKinnon's body was taken to Hillsboro for interment in the McKinnon family plot, where his mother had been interred only two weeks before.

Mrs. Kirchner's husband is very ill in a Denver hospital and she did not attend the last rites for her brother.

C. L. Berry returned home Sunday night from a business trip to El Paso over the week-end.

Surprising New Uses For Fats and Oils Seen

COLLEGE STATION.—By chemically modifying familiar fats and oils, such as cottonseed oil, peanut oil, lard, and others, research scientist may soon find surprising new uses of long-time value to farmers in Texas and other States producing products used in the making of fats and oils.

Research scientists of the U. S. Department of Agriculture are chemically changing these well-known fats and oils into new substances which may be used to keep foods fresh longer, make spreads spreadable over a wide range of temperature, produce top quality plastics, and even be used in cosmetics.

These unusual modified fats and oils are known as "acetoglycerides." They have been produced at USDA's Southern Regional Laboratory, New Orleans, La., by acetic-acid treatment of ordinary fats and oils. Chief among their unusual properties is an exceptionally wide range of plasticity and the ability to exist as nongreasy plastic solids. These qualities make acetoglycerides of great potential value to industry. Furthermore, they can be tailor-made to give them properties desired for particular uses.

Various acetoglycerides are potentially important for use in cosmetics, including creams, lotions, and lipsticks—and as plasticizers. Plastics made with them have good resistance to weathering, remain clear and flexible at low temperatures. Acetoglycerides can be made colorless, odorless, and flavorless. Natural animal fats or vegetable oils used as starting materials make up 80 to 90 percent of the final product.

Acetoglycerides should open many new markets for our increasing supplies of edible fats and oils. At least eight companies have prepared acetoglycerides in the laboratory or pilot plant, and two of these companies now offer experimental samples to possible commercial users.

DEBT AND TAXES

If income-tax forms have reduced you to gibbering, check your vocabulary with this 1040 Glossary from the Wall Street Journal:

Dependent: Someone who costs you two or three times as much as you are allowed to deduct.

Short Form: Figure of a man who has paid.

Fiscal: A type of pain—fiscal as opposed to mental.

Capital Gains: Washington profits by your success.

Carryover: What you hope your wife will do for you till you get your next paycheck.

Puppy love is never as dangerous as the brand demonstrated by some gay old dog.

Should Have Their Heads Examined, Too!

Sure these drivers will check their oil and water. But if they could only see themselves in traffic—breaking rules, ignoring every courtesy like youngsters on a spree—they'd agree, it's their heads that could really use the checkup. It's time they learned the truth. People respect good drivers—but detest "second childhood" highway shufflers who take chances with other people's lives.

Burial was in Lockney Cemetery under the direction of Carter Funeral Home.

Mrs. Deavenport passed away Friday in Crum Clinic after an illness of four weeks. She was born Euna Walters, November 3, 1898 in Gale, Texas.

She is survived by her husband; two sons, Arthur and Norman, both of Lockney; one daughter, Mrs. Mildred Thornton of Lockney; two sisters, Mrs. Rome Isler of Marble Tex. and Mrs. Harry Phillips of Cedar Hill; two brothers, Arnold of Aspen, Colo., and Whaley of Sacramento, Calif.

SILSBEE NEWSPAPER MAN VISITS IN FLOYDADA HOME

Mr. and Mrs. R. L. Reed of Silsbee visited from Thursday of last week until Tuesday of this week in the home of Mrs. Reed's brother and family, Mr. and Mrs. J. B. Grundy. Mr. Reed is co-publisher of the Silsbee Bee.

Doyle Grundy, son of Mr. and Mrs. Billy Grundy, returned home after several weeks vacation with his aunt and uncle in Silsbee. Doyle plans to enter Texas Tech College at Lubbock this fall.

Mrs. Ellen Stevens of Dallas visited Mr. and Mrs. C. W. Denison last week. Visitors in the Denison home Thursday were Mrs. Bob Stevens and Mrs. Roy Smith of Abertown.

Mr. and Mrs. J. J. McKinney Sr. and Miss Peggy McKinney visited in Smyer Sunday with Mr. and Mrs. Ben Whitaker.

Mrs. Ella Johnson is in Pitts Hospital this week, suffering from a heart condition. She was taken to the hospital Sunday.

Mr. and Mrs. R. M. McBeedy of Filmore, Calif., are visitors in the home of Mrs. McBeedy's mother, Mrs. R. N. Warren and in the Edwin Pollan home.

Smith had been scolding his wife and ended up by saying, "And I believe you fib a little at times." "But I mean well," his wife returned meekly. "I think it's a wife's duty to speak well of her husband occasionally."

Kenneth A. Tubbs Finishes at SMU

Mr. and Mrs. O. G. Mayfield and son Gene returned home Sunday night from Dallas, accompanied by Kenneth A. Tubbs, son of their former neighbor, A. A. Tubbs.

Occasion of their trip to Dallas was the graduation ceremony at Ownby Bowl, SMU, Friday night. Kenneth was in the school of business and was awarded a degree in the exercises.

After a brief visit here Kenneth went on to Amarillo to see his aunt, Mrs. Ethel Wells and meet his father, who is in Texas from his home at China Lake, Calif.

Kenneth is hoping to enter a navy officers' candidate school in a short time with the prospect of a navy career.

She had insisted on taking along every garment she owned. They arrived at the station loaded with baggage. "I wish," said the husband thoughtfully, "that we had brought along your piano."

"Now, let's not try to be funny," was her frigid reply. "I'm not trying to be funny," he explained. "I left the tickets on it."

An official report published in a Los Angeles paper states: "Police can find no reason for suicide. The man was unmarried."

An old Negro was catching crabs. His fish box was over half full when a little boy told him the big ones were crawling out. "Thank you son," the old man smiled, "but I ain't gwine t'lose nary one. I knows crabs. When de big uns fight up to de top, de little uns catches 'em by de laigs and pulls 'em down."

The little child ended his prayer earnestly: and please, Lord, can't you put the vitamins in pie and cake instead of cod-liver oil and spinach. Amen."

775 KILLED!

In just 6 days—over the last Memorial Day and July 4th week-ends—775 motorists were killed, and more than 25,000 were maimed and injured! Now, with the Labor Day week-end ahead, "kid stuff" drivers could boost those figures even higher! They'll be out in force, speeding senselessly, forcing good drivers to double their caution. If juvenile-minded drivers acted their age, more motorists would enjoy every day of this holiday week-end.

South Plains News

(By Mrs. Murray Julian)

SOUTH PLAINS, August 29. — Mr. and Mrs. George Weast went to Amarillo last Monday and visited until Wednesday with Mr. and Mrs. E. T. Evans and family. They returned to their home here, and on Friday morning they left for their cabin in Ruidoso, N. M., to join another daughter, Mrs. Robert Lee Smith and family, who had been several days at the cabin. The Weasts spent the week-end at Ruidoso, and other guests with them from here included Mr. and Mrs. Skeet Thornton, of Lockney.

An item of interest to many of our community is the leaving of Rev. and Mrs. John H. Allen for the Golden Gate Baptist Seminary in San Francisco, Calif., where he is enrolled for the coming semester. Rev. Allen finished a week of revival meetings at the Northfield Baptist Church, near White Plat, on Sunday, and with Mrs. Allen they left immediately for their journey to California. Rev. Allen was graduated in May from Wayland College, and has been a minister at the McCoy Baptist Church for the past two years.

Last Thursday night guests in the home of Mr. and Mrs. Hansel Sanders and son, were Mr. and Mrs. Jerry Pearsey and daughters, who were on their way back to Benke-man, Neb., after a visit here. Mrs. Pearsey's parents, Mr. and Mrs. Leo Brown, formerly of South Plains, are now living in Lubbock, having recently moved from Brownfield.

Mr. and Mrs. John Key West and Dale spent last week on a vacation in Ruidoso, N. M., and they arrived home Sunday. The Weasts are now in the process of drilling a well for their new home soon to be erected west of the highway south of the Frank McClure home.

The Adult Womens Sunday School Class picnic was held on the camp grounds in Blanco Canyon on Friday evening, August 26, with only a small number of members attending. Illness, many from home and farm duties keeping others away. The mosquitoes proved to be very bad and drove those away soon after the picnic supper was eaten. Those who attended were Mr. and Mrs. L. T. Wood and Juanel, Mr. and Mrs. Grigsby Milton Jr., Barbara and Donita, and Mr. and Mrs. Walter Wood.

Mr. and Mrs. Sylvin Kinnibrugh had as their house guests his brother, Mr. and Mrs. John Kinnibrugh and children, from Vera, on Wednesday and Thursday of this past week.

Terry Julian and Gene Ledbetter, from Amarillo, arrived home on Thursday from a vacation of a week spent in Denver visiting Terry's aunt, Mr. and Mrs. Otis Sandusky and Kay, and an uncle, Mr. and Mrs. Wesley Everist and children, of Eads, Colo. They left Thursday for Dallas and Fort Worth, where they visited for a few days with Gene's relatives.

South Plains boys turned out for football in Floydada High School this fall are Winfred West, Tommy Respondek, Eugene Beady, James Roy and Edward Hartman, and Elton Karr.

Mr. and Mrs. Otho Sanders had as their guests Otho's aunt, Mrs. Raymond Murr, from Springtown, Wednesday of last week.

Mr. and Mrs. Fred Fortenberry went to Amarillo Friday and spent the night with her mother, Mr. and Mrs. John McCain and family. Their son, Elmo, from the naval base of San Diego, Calif., flew in to Amarillo Friday evening and will be home with his folks for a fifteen day furlough after which he will go back to San Francisco for further orders. The Fortenberrys and Elmo had dinner on Saturday noon with her mother, Mrs. McCain in Tulsa.

Rev. and Mrs. Larry Faus, Vassie Beth and Bobbie left Thursday for Lamesa, where they visited until Saturday night with her parents, Mr. and Mrs. Lloyd Fincher and family.

Our whole community is saddened by the death of our friend and neighbor, Mrs. Wade Deavenport,

who passed away Friday evening August 26, in Lockney. Mrs. Deavenport had been gravely ill only a short time and had spent most of the past two weeks in the Gaston Hospital in Dallas. She was brought home by Carter Ambulance last Wednesday. After services at the Lockney Church of Christ Sunday afternoon at two o'clock, Mrs. Deavenport was laid to rest in the Lockney cemetery. We extend sympathy to Wade, to all the children and relatives in their deep hour of sorrow.

Many of the community met Monday, August 29, at the school house to clean up the premises, cut the grass and get the house in readiness for school to begin on Wednesday for the first day. This will be an all day session with lunch served at noon. Mr. and Mrs. Whitaker are living in the teacherage, and with Mr. Whitaker as principal, Mrs. O. T. Hewitt, and Mrs. Ray Smith as teachers, school will get off to a good start. Bus drivers are tentatively named as Rev. Larry Faus, Albert Stewart, and Clarence Foster. Mrs. Albert Stewart has been named to head the lunch room this year, and children starting for the first time will bring their plate, cup and glass, which they will leave. There is a PTA meeting scheduled after the opening of school Wednesday morning with Mrs. Grigsby Milton, as president in charge of the business for the day.

Mr. and Mrs. Walter Wood and Mr. and Mrs. Jimmy McCown, from Lubbock, left early this Monday morning for Worland, Wyo., and they plan to spend the next ten days or a week visiting the Wood's daughter, Mr. and Mrs. Jack McCown. The McCown's have recently moved from Powell to Worland, Wyo. Mrs. McCown will be teaching this fall in the second grade at the Worland Schools. Jimmy and wife will have to be back soon to enter college at Texas Tech.

Mr. and Mrs. S. D. Kinnibrugh and daughters had as their guests at dinner Monday his father, J. A. Kinnibrugh, and his brother, Orville Kinnibrugh, both men from Vera, who spent the day here.

Mr. and Mrs. Bryant Higginbotham prepared a birthday dinner for their youngest son, Bud, on his tenth birthday August 25. Bruce Julian spent the afternoon and night as guest of Bud helping him celebrate his birthday.

Mr. and Mrs. Grigsby Milton and daughters had as their guests after church Sunday Mr. and Mrs. Albert Scribner, Mary Ellen and Bill from Olton. They had dinner and spent the afternoon visiting there. The guests were formerly from Holy, Colo., and friendship dates back to school days.

Mr. and Mrs. John Smitherman left this past week for a visit with her people who live in South Texas. They are visiting her parents, Mr. and Mrs. P. K. McKenzie, of Portland, and her sister, Mr. and Mrs. R. N. Nutt and daughter, of Galveston. They report it is quite hot down that way and are expected home the latter part of this week.

Murray Julian will leave this Tuesday morning for Trinidad, Colo., where he will visit old friends, Mr. and Mrs. William Hearenberg, and sons from Ontario, Calif., who will be visiting relatives in Cokedale and Trinidad for a few days. Murray is expected home on Thursday morning.

The South Plains Softball team played ball Wednesday night with Silverton, winning that game 2-1. On Thursday night they again played Silverton in a thrilling 12 inning game and lost that one by 1-0 score.

Mrs. Fred Fortenberry, Mrs. Grigsby Milton and Mrs. Albert Scribner were visitors in the Murray Julian home the past week.

Mr. and Mrs. S. D. Kinnibrugh were hosts Friday night at an "84" party and at the close of the evening home made ice cream and cake were served the guests. Those who were present were Mr. and Mrs. H. S. Calahan Jr., Cathy, Vicki and Diane and Mr. and Mrs. Thomas Pierce, Steven, Stanley and Beverly.

Mrs. W. B. Wilson, from the Fairview Community was a week-end guest in the home of her daughter, Mr. and Mrs. Bill Beedy and Eugene.

Mr. and Mrs. Frank McClure went to Snyder over the week-end to visit her parents, Mr. and Mrs. R. W. Newman. They were home in time to attend church on Sunday morning.

Mrs. R. G. Dunlap announces that the hat school will be held Thursday, September 8, at the council room of the court house, beginning at ten in the morning. Each lady should bring a sack lunch to have at noon. There will be materials on hand for those making hats. They hope to have many present to make the hats, and you do not have to be a member of a home demonstration club to attend the hat school. All are welcome.

NEW SON IN FAMILY

Mrs. H. R. Stanley spent from Friday to Monday visiting in Pampa with her great grandson Maxwell Glen Davis, son of Lt. and Mrs. Jerry Glen Davis of Laredo, Tex., and in the home of Mr. and Mrs. Delbert Groves and sons.

Maxwell Glen was born August 25 and weighed six pounds and 13 ounces.

Mrs. Carl Minor Jr. and children Elaine and Jeff spent some time last week in McAllister, Okla. They along with Mrs. Minor's mother Mrs. T. J. Way, were guests in the home of Miss Eulan Bialock.

Miss Ruth Teel and Mrs. Mary Mitchell and nephew of Dallas were visitors last week in the home of Mrs. Ona Mitchell and Frances. The group returned to Dallas Sunday.

Mr. and Mrs. Buck Sims and family and Mr. and Mrs. H. L. Gosage Jr. of Quanah were Sunday visitors of Mrs. W. C. Sims and Mr. and Mrs. Herschel Hammonds.

HAMMONDS IS REPORTED RECOVERING FROM POLIO

Herschel Hammonds who has been a patient in Plainview Hospital with a slight case of polio was returned home last Friday and is reported to be in fine condition. Hammonds became ill three weeks ago today and will remain in view for therapy treatment this week.

Mrs. J. B. Claiborne, of Lamesa, was the guest of her parents and Mrs. J. G. Wood here on Sunday.

Church School On Missions Is Opening Monday

(By Ina Jean Noland)
Every Baptist Church in our association will have a school of missions in September starting September 4 running through 7 at 7:00 o'clock to 8:30 o'clock each evening.

This school of missions will consist of lectures on the mission needs of the Near East to the Moslem World and will be followed by a mission speaker.

The lectures will be of interest to everyone, both men and women, boys and girls, because of their pertinent relationship to the present day world situation.

This is a church-wide school and therefore everyone is urged to attend.

A full graded series of brand new mission books will be presented in lecture fashion. The entire series will present the mission needs in the Near East where Jesus lived.

They will show those needs in the Holy Land country after almost 2,000 years. (This series will meet the W. M. U. requirements for its annual school of missions.)

This is not a W. M. U. course but is church-wide sponsored and every church member should attend. This may also be used for Sunday School or Training Union credit.

The following is a list of books to be taught in the First Baptist and the faculty for the school:

Adult — "World Within a World" — Dr. R. Earl Allen;
Young People — "Christ Among the Minarets" — Mrs. Ralph Johnston;

Intermediate I — "Mission Doctor" — Miss Margaret Collier;
Intermediate II — "Mission Doctor" — Mrs. W. F. Patrick;

Junior I — "The Big Difference" — Mrs. E. D. Morgan;
Junior II — "The Big Difference" — Mrs. W. A. Blair;

Primary — "Under the Olive Tree" — Mrs. C. C. Hucklebee;
Beginner — "Under the Olive Tree" — Mrs. O. G. Mayfield.

The Nursery will be opened each evening.
Guests of Mr. and Mrs. S. N. Caruthers last week-end were her sister Mrs. C. E. Dodgen, Mr. Dodgen and son Jack of Austin.

County Budget

(Continued from First Page)

\$9,000 in 1955 by the end of the year. This is absorbed by the general fund.

Also charged to the general fund will be the Extension Service workers salaries and their assistants together with travel expense, \$2,200 for the predatory animal trapper, \$2,200 of cannery expenses, \$3,000 for feeding the prisoners, \$5,000 as the general fund's portion of other salaries, \$3,000 for sheriff's mileage, and \$2,940 for county service officer.

The permanent improvement fund, estimated to have receipts of \$33,300 will take care of \$9,000 estimated under the head of "utilities and telephone," \$7,175 for the 5 cent library fund, \$5,000 repairs and supplies, \$4,000 for major repairs to buildings, \$3,000 janitor salary, \$500 of cannery expense, and other items of lesser amounts.

Only two officers of the county not included in the budget are those of the county superintendent of public instruction and the county surveyor.

The former operates under the state school law, and his expenses are budgeted through the state Department of Education. The county furnishes quarters for this officer.

None For County Surveyor
The same is true of the county surveyor as to office quarters, but so far as is of record the county surveyor has never received any salary from the county, and gets what the little boy shot at again in 1956.

If there are any changes made in salaries in the year they will come in January. However, no extensive changes will be possible since only \$10,000 is set up as a reserve against this contingency.

The estimate of the budgeting official, the county judge, approved by the commissioners, does not take into account the fact that there is no such thing as 100 per cent tax collections.

However, there are some limited sources of income not indicated in the budget, two of which are occupation taxes and the delinquent tax roll. Both return some revenue.

The county has all officers on a salary basis and all fees go into the salary fund. The fees for the year of 1954 were \$33,702.33 and are estimated at \$33,000 this year and for 1956 as well.

The court evidently is going to try to hold the line against increased payrolls for at least one more year. And also make no change in the policy of applying the tax levy, nor increase in the tax rate.

Material increases in most of the salaries were made at the beginning of 1955 and these salary figures are set up for 1956.

Salaries of Officers
For the assessor-collector the salary is budgeted at \$4,125, with regular deputy hire at \$4,890. Assessing the taxes is estimated to cost \$2,156.39 the coming year.

The district clerk's salary is set at \$3,100 with no clerk hire contemplated, the county clerk at \$4,125 with an allowance of \$2,610 for deputies and assistants.

The sheriff's office will pay \$4,125, and \$6,274 is allowed in the budget for deputies and assistants.

The county judge and the county attorney will draw \$4,125 each, the treasurer \$3,600 and the county commissioners \$2,500 each. The sheriff's allowance for travel is set at \$3,000.00.

Justice of the peace at Lockney is at present drawing \$100.00 per month and the justice at Floydada \$145.66. Although their pay is figured in the budget general salary list they are not specifically set out in the budget as are the other officers.

Figured in the budget for 1956 is an increase of \$400 per year each for the commissioners for travel expense. The increase is from \$500 each to \$900. In 1954 the actual expenditure for commissioners' travel expense was \$2,672.72.

Auditing fees expected to be paid are set at \$525 and attorneys fees \$700. Elections are estimated to cost \$1,500.

Total outlay by the court for extension service and travel is budgeted at \$6,850.

Floydada workmen are completing a 120,000-bushel addition to the storage capacity.

Pooler Grain Company at Dougherty has additional storage bins under construction, and a report has it that a new storage plant is due to start in Floydada at an early date.

Kimbell Milling Company's elevator is being opened this week on North Wall Street with W. C. Cates as its manager. Cates was for many years in the grain business here and has moved back to the plains country.

Storage facilities down-state are going to be more plentiful than was believed possible 60 days ago and

Maize Harvest

(Continued from First Page)

Despite the fact that the county as a whole is in desperate need of rainfall a dashing rain Tuesday afternoon put water over the highway two miles north of South Plains and gave a considerable area there more than an inch of rainfall.

A shower Monday afternoon also gave some rain to parts of Muncy, Center, Fairview and Cedar, about a half inch at the most.

Elevators Making Ready
Elevators which serve the county have made ready for the maize harvest. A considerable bit of modernizing has been done at several elevators, among these the Muncy elevator at Muncy and the Henry Edwards elevator at Dougherty.

Football Reserved Seat Tickets Are Still Available

Some reserved seat tickets to Wester field are still available for the 1955 season. Principal A. E. Baker of the high school announced this week these ducats are at the school district office in the court house are priced at \$3.75 for the five home games.

The tickets entitle holder to a grand stand seat but does not include admittance at the gate. Any one desiring to obtain tickets may get them from Mrs. Leibfried at the downtown office.

All holders of the three year tickets issued last summer have two more seasons of football before they need worry about their seats. Fans who purchased tickets on the one year plan were given a chance to pick up these same seat numbers earlier this year, and all the tickets remaining are offered on a first come first served basis.

High school and college boys and girls are looking forward to the season's last meeting at the Youth Center to be held tomorrow night at the American Legion Hall.

This final gathering before the crowd scatters to school and college will be a dance beginning at 7:30 o'clock.

Free refreshments will be served. The announcement stresses that the event will be for both college and high school groups.

Mr. and Mrs. Bill Snell returned home last week from a vacation with friends and relatives in Ft. Worth, Handley, Clifton and Turnersville.

Mrs. Howard Colling returned to Tucson, Ariz. Monday after a few days visit with her son and wife Mr. and Mrs. Don Skaggs.

Mr. and Mrs. C. W. Denison attended the Stevens reunion at Lubbock Sunday. The Stevens are relatives of Mrs. Denison. Over 100 were present.

TITLE ASSOCIATION PAPER NOTES HONOR GIVEN MRS. MAUD HOLLUMS BY PIONEERS

"Texas Titles," official bulletin of the Texas Title Association, in its August number, takes note of the fact that Mrs. Maud E. Hollums one of the veterans in title work in Texas, has been named president of the Floyd County Pioneers Association, and congratulates her on the deserved recognition.

Mrs. Hollums is the 28th president of the association, organized in 1928 to celebrate the founding of the county on May 28, 1890.

Now for the band activities: Well, Cheryl Crawford will have that whistle again and give commands to the "horn players" of the F. H. S. band. As I said thirty-four "Fish" have increased the band to an expected seventy-seven. The band has been practicing right along beside the football boys. The prospects for the band are looking better day by day. We are using a different technique in marching.

Jack Lee of Arizona taught the majorettes while at Abilene. We brought it back to teach our band. Slowly but surely the marching is looking good.

The cheerleaders have been working hard in preparation for the approaching season. In case you have forgotten here is a reminder to tell you Linda Gayle Clark will be out front as head cheerleader, others are: Kay Callaway, Linda Hammonds, Pat Helms, and Pat Robertson. We've got some real "peppy" leaders next year, so let's help them. I'm sure they will really liven things up when "football time" comes.

There's a big back-to-school dance coming up Friday, September the second. The dance will be at the Youth Center starting at 7:30. All kids are invited. Incidentally, that means the college students, too. We're expecting a big turn-out so don't let us down.

As for the kids who were "thrown out" of F. H. S. at graduation time this year, it looks like the class of '55 will be scattered all over these institutions that they call "colleges." No sooner do they get to the end

of twelve years (hard, by the way) than the parents want them to go some more. Gee! What are parents coming to!

Some the the graduates, I know of are going to the following colleges: A.C.C. at Abilene will have Beuna Holmes and Carolyn Downing; D'Ann Witkowski and Glynell Armstrong will be in McMurray; Ginger Tinnin, Cy Whitfill, Stanley Vickers, Jackie Henry, Walter Simmons, Gerry Graves, Doyle Grundy, and Pee Wee Ferguson will be at the double "T" outpost of Texas Tech; Jackie Jarrett, Dale Smith, Sammie Copeland will attend West Texas State in Canyon; Jack Womack will be at Midwestern at Wichita Falls; Dickie Smith will attend Texas A&M, Nancy Smith will be in Lip-pords Business College; Roy Nell Hammonds will be at HSU also Jimmy Collins and Gordon Joiner will be in Abilene at HSU.

Glad Norman will attend the University of Texas, also with him will be George Chapman and Gary Cart-hel; Bobby Carmack will be in Okla-homa Panhandle A&M, Christine Brints Bell will attend the Uni-versity of Wichita in Kansas, and LaPaun Ballard will attend Draughon's.

I'm sure I left out a lot of kids but I just haven't heard from them. Some of these may be incorrect. Well it's now time to get in the old routine of school and home-work! That means we study once more. We can learn all the Chem-istry experiments, read the thrilling Shakespeare plays and try to fig-ure out why they ever thought up some of those algebra problems. It's a great life.

We have a lot of fun between classes (not in classes), and in the principal's office.

So long for now, join me again, won't cha?
Sandy

Our sincere gratitude to our friends for kindness shown in our sorrow, also for the beautiful flow-ers.

Negro Is Charged With Breaking In

Otis B. Sims, a Dallas Negro, is being held in Floyd County jail, charged by complaint with break-ing in and entering the home of Wayne Finley on Highway 70 east of Floydada.

The Finley home was broken into on August 16. A suit of clothes, four guns, a pair of shoes and \$5 in cash belonging to Mr. Finley were taken.

The Negro was arrested in Dallas on August 19 and was returned to Floydada. Complaint was filed in Justice P. O. Sterling's court.

LIBRARY NEWS

(By Mrs. Lee C. Golightly)

School days are here again with youngsters rushing to classes, music lessons, ball practice and even to the Library when they need to make a book report.

May we take this opportunity to say that we are eager to cooperate with the school faculty and student body in every way possible to supply books, pamphlets, magazines, and other material that will be helpful throughout the school year. Please call or come in with any suggestions or requests.

Summer circulation of books has been exceptionally good. More than 500 new books have been added to the library during the summer.

The Vertical File is gradually being filled with good material, that will be helpful to clubs as well as school students.

"History's 100 Greatest Events" by William A. DeWitt, is one of our newest books. The fascination of history is universal. Youngsters as well as adults will find the events here dramatized in pictures and text as exciting as any fiction, and they will be stimulated to dig deeper into the fascinating origins of their heritage. "History's Hundred Greatest Events" is not only fascinat-ing on first reading, its value continues on the bookshelf, where it will be consulted through the years.

Bloodhounds are not savage; they are, generally speaking, very gentle and affectionate. "Red, a Trailing Bloodhound" by Colonel S. P. Meek, is a story of an amazing hard-trail-ing bloodhound with the New York State Police; and how the dog and his trooper-master worked together in the solution of a series of baffling crimes. Check this book out at your County Library.

You'll enjoy the Labor Day weekend more if you follow these simple rules for SAFE DRIVING

- Safety Associations recommend that you follow these simple rules to make your Labor Day weekend not only happy, but also safe.
- Observe all posted speed limits. Don't hurry ever. Enjoy the scenery . . . and the feeling that you and your family are out for fun.
 - Regulate the speed of your car to highway and traffic conditions. Enjoy taking your time . . . enjoy relaxing from traffic tension.
 - Don't drive too long — stop when you're tired. That you'll surely enjoy a lot.
 - Observe all highway caution warnings — slow down for curves, when descending steep hills, etc. Enjoy the freedom from fear that these precautions give you.
 - Don't drink when driving. You'll enjoy your trip the more.
 - Follow the golden rule of traffic courtesy: give other motorists the same consideration you'd like for them to give you.
- Enjoy the good feeling that you're helping others to have a good time, too.
- Enjoy this Labor Day weekend— please drive safely!

★ ★ ★ ★ ★ VIEWS AND COMMENT

Labor Day Fatalities. This week-end the motorists of America will have a 78-hour holocaust of highway accidents. It is the annual Labor day week-end that begins Friday night, runs through Saturday, Sunday and until Monday midnight. At that the Association of Casualty and Surety Companies are estimating the figure for this year will be lower than for the same period last year. You might be interested to check, if you are among the living next Tuesday morning, how the casualty people come out on their "guesstimate." There will be 410 deaths, they expect, of which 135 due to excessive speed, 65 from driving on the wrong side of the road, 42 from reckless driving, 39 from failure to yield right-of-way, and 29 from falling asleep at the wheel. Thirty-five deaths will result from pedestrians attempting to cross streets between intersections, 10 due to stepping into the street or highway from behind parked cars, and 55 from miscellaneous actions of drivers and pedestrians. Over 25,000 people will suffer more or less serious personal injury. At least one out of four drivers or pedestrians involved in fatal accidents will be persons who were drinking alcohol immediately before the accident. Holidays still come pretty high in our nation, although the figures above are lower than in prior years.

Cheapest and Best. Several score Floyd County farmers this season are practicing what they have heard preached for sometime, that water from the surface lakes is the cheapest and best water they can use on their crops. Relatively low horse power requirements, relatively low cost of installation, softer water, together add up to good logic. There are occasional years when the pumps will stand idle but not too many. The saving of several crops for heavy production instead of allowing only mediocre production or none at all has been proof this season. Most likely the idea will grow and the practice become more general.

Talk of the Week. Radical change in policy as regards taxation of improvements on farm lands in Floydada Independent School District makes a major contribution to the week's list of subjects for conversation. The policy of ignoring farm improvements for taxation by the county and school districts had pretty fair logic behind it when it was first established. It was presumed to furnish an incentive to the man who was on the land to improve it with better farm homes. The assumption was that the man on the land was entitled to a break over the absentee owner who was not interested in improving the acres he owned and "building

up the country." The changing times have brought into rather spectacular relief the fact that the working man's home inside the corporate limits has been paying taxes for the man whose imposing farm home was going tax free. Of course, the basic change is in the taxes needed to carry on schools. The change was sure to come on account of the application of state law regardless of whether Floydada Independent School District build any more school facilities, or added to its facilities for teaching otherwise. The Gilmer-Aiken school law made a basic change in the way schools are financed, and made a change in the manner of local taxation inevitable.

Spread of Irrigation farming has brought about quite a bit of the change in viewpoint as to taxation. Not being too well-informed on values and appraisals we are not in position to speak on such matters as which land is worth \$50 and which is worth \$30 and entitled to be appraised at a different figure. With top appraisal at \$50 in the district this means that a good deal of land that has changed hands at \$250 or more is getting a break in having this low basis from which to start taxing. On the other hand the \$250 value most likely has considerable speculation in it. What we think should be taken into consideration and eventually will, if it has not already been done, is the matter of whether a farm has been put under irrigation or can be. A dry land farm can't carry as much of the load as an irrigated farm. Perhaps the appraiser recognized this difference in the economic position of one farm as against another.

The House Fly, which all a few years ago agreed we had whipped when DDT came along, is still being studied with the intent of finally eliminating him as a pest and disease carrier around homes, in dairy barns, garbage cans and the like. A late story from A. & M. College gives length of time for which protection from flies can be had with this and that type of preparation applied thus and so at such and such strength. Several new things are being tried. Scientists of the chemical companies are making research every day in the hope that somebody will come up with the perfect compound. The fly developed immunity to DDT like Texas cattle used to have against tick fever and like some people have against the digestive upsets due to infected or poorly protected foods. Now many Floyd County flies lick their chops when they see the man coming with a spray wagon. Maybe he's got some more of that stuff that makes you go whoopee!

Low-cost dieldrin seed treatment protects crops from wireworm damage

Treatment Costs Pennies Per Acre, Assures Better Stands of Grain

Newly seeded fields make good feeding grounds for true and false wireworms and other soil insects. If there is not enough moisture in the soil to permit quick sprouting, seeds are vulnerable to insect attack for several days. But the threat of wireworm damage should be recognized at all times.

A dieldrin preventive seed treatment is a sure way to protect wheat and other small grain seeds until they sprout.

Low-cost protection

It costs just pennies per acre to treat seed with dieldrin, but dollars per acre to feed the wireworms untreated seed! A dieldrin seed treatment prevents "spotty" stands . . . eliminates the expense of time and money for re-planting or sowing extra seed for the wireworms to feed on . . . assures you of a

longer grazing period. And dieldrin does not harm plant development.

Compatible with fungicides

Dieldrin is compatible with fungicides . . . can be applied at the same time to save the expense and work of a double treatment. You can buy dieldrin-treated seed from your seed dealer, or treat the seed yourself. Dieldrin can be applied as a slurry, dry, or in a grain drill. A convenient method is to apply dieldrin to the seed in the grain drill as you plant. Follow directions on the label for the particular formulation you buy.

Less work at planting time

Seed can be treated now and stored until planting time. Dieldrin eliminates the rush of treating seed and planting within a few days. Dieldrin formulations are available throughout the wheat growing area. See your local supplier.

Peas as Profit Crop, Builder of Soil, Discussed

A heavy buyer of pea crops, W. A. Dorman of Lubbock, has recently advanced the idea of planting peas for a double purpose. Mr. Dorman points out the present good market price for peas as a profit feature of such a crop. Peas are also a good soil building cover crop.

Dorman & Company are on the lookout for crops of blackeyes and cowpeas in the local market, which meet their standards. With the dry peas market in mind, the Lubbock firm has made several recommendations for success in planting and growing a marketable pea crop.

One suggestion is to give peas ample moisture at bloom time, which is also a sensitive time in the growth stage, since thrips sometimes infest the crop. Level ground is advised for peas, with small water furrows, perhaps down every other

row, so that a combine can get in close without scooping up dirt. Mr. Dorman points out that the worst insect damage may occur after peas are set. The Lygus bug is a particularly bad visitor to the growing peas, with a "sting" that reduces grade for the edible or seed market.

Insecticide information, from a local authority, is advised.

Even if peas are not a farmer's main crop, they can sometimes go a long way to save a year, full of wind and hail damage to the usual cash crop.

There's a ready pea market, with commercial firms right now. Canner peas delivered to East Texas canners are drawing 3c a pound, so there is money to be made from a good crop of peas.

are like the story of
grew and grew.
time some state of-
so many boards that
ration is almost im-
is so important to
and taxpayers that
done a great deal

of research to determine possible
answers to it.
You might say that I am one who
speaks from bitter experience, for
as your Attorney General I have
served on twenty-five of these
boards, and I have had a first-hand
view of the inefficiency of the sys-
tem.
Those men who will be elected At-
torney General in the future should
not be harassed and hamstrung
with this impossible number of side-
line duties.

In The Old Days

When the State Constitution was
written in 1875, a state official was
not busy by today's standards. He
could take care of his duties, attend
a couple of board meetings a week,
and still have ample time to go fish-
ing on the Colorado. So the Legis-
lature put the State's constitutional
officers on various boards as "ex-
officio" members.

One of the most important reasons
for making the state officials
members of Boards was the fact
that they lived in Austin. In those
days of slow transportation a man
could not leave his farm or his store
for weeks and travel down here to
serve on a board.

The only railroad coming into
Austin was from Hempstead, 50
miles north of Houston. Almost all
of the 1,566 miles of track in the
state were running north and south
in East Texas. In order to get to
Brownsville, you had to take the
stage from Waco to Comanche
and go on by hack. Or you could go
by horse in 10 days from Austin and
save the \$10.00 stage fare.

The men who travelled to the
Constitutional convention travelled
an average of 386 miles, round trip
mostly by horse. The trip from El
Paso, Texarkana, or Amarillo, on
horseback took from one to two
weeks.

News By Wire

Now a citizen can fly from his
home town, attend a board meeting
and be back home for supper. In
1875 Austin has telegraph commu-
nication only with New Orleans and
Galveston, and not a permanent
newspaper correspondent in town.
Now we have 40 correspondents in
the capitol to cover all the activities
of the state government and almost
instant communication with any
part of the United States.

We don't have to look any further
to see why the Legislature started
putting these same officials on
boards. They have continued to use

them to man new boards through-
out the years, thus avoiding possible
criticism for adding new "bureau-
crats" to the payroll.

During the past 50 years the rate
of addition of these extra board
duties has speeded up to twice what
it was in the 54 years from 1875 to
1930. The seven constitutional offi-
cers— Governor, Lieutenant Gover-
nor, Attorney General, Secretary of
State, Comptroller, Treasurer, and
Land Commissioner — are now re-
quired by law to fill 38 seats on 27
separate boards and commissions of
the state government, not including
about two dozen inactive boards
that still exist in theory.

Few Men — Many Boards

The Governor serves on 9 boards;
the Land Commissioner, eight; the
Comptroller, seven; State Treasurer,
five; and the Lieutenant Governor,
four.

The Attorney General carries the
heaviest load. He serves on 24
boards, many of which are active
enough to require considerable
time. He often feels the need of 24
hands and two dozen eyes to keep
up with them. He was placed on
most of them for no better reason
than to provide the boards with
handy legal advice, which is fun-
damentally a bad idea.

Board membership places the At-
torney General in the unseemly
official opinion on the legality of
contact. He is often called upon for
an official opinion on the legality of
a policy which he as a board mem-
ber helped to establish. Other states
have recognized this conflict and
refused to place their Attorney
General in such a dual role. In fact,
in recent years almost all the states
have shown a tendency to stop plac-
ing their legal officer on state
boards. Texas is unmatched in the
number of ex-officio responsibil-
ities placed on the Attorney General.
He has more than any other state,
6 times as many as the average.

177 boards and commissions of
Texas government determine state
policies and secure the Attorney
General's legal opinions (which are
purely advisory) without his pres-
ence on the Board, so his service as
an ex-officio board member hardly
seems necessary and is in most
cases unwise.

Office Duties Expand

The primary duties of constitu-
tional officers have been so expand-
ed with the development of state
government through the years that
none of them now have the time
which should be devoted to State
Boards.

The constitutional and statutory
duties of the Attorney General
outside of board membership, fill
hundreds of pages in the law books.
He is charged with the approval of
all bonds issued by the state or any
lesser unit of government and these

have run to over 375 million al-
ready this year. He must examine
the characters of the thousands of
corporations in the State and in-
quire into anti-trust violations.
He must advise the Governor and
all other state officials, agencies,
boards or commissions on their leg-
al problems. With 2,000 lawsuits a
year to prosecute or defend in the
state or federal courts and the pre-
paration of over 1500 opinions a
year, his job can hardly be called
part-time employment.

Thirteen Heads

All of the constitutional officers
make a giant effort to squeeze at-
tendance at 38 boards into their
busy schedules. But this is defeat-
ing the real purpose of having a
board. Boards should be composed
of men able to give time, calm con-
sideration and expert advice to the
administrators of the program

Show me the man who can qualify

taxes, leasing, elections and vote
frauds, retirement programs, re-
habilitation of the blind, cancer and
pellagra control, county financing,

land purchasing for game conser-
vation, collection of unpaid judge-
ments, legislative redistricting, el-
ection law revision, and building
construction, and I will show you a
man who will have not only 24 eyes,
but 13 heads.

SMALL GRAINS GROW BETTER WITH PHILLIPS 66 AGRICULTURAL AMMONIA

APPLIED BEFORE SOWING

Apply Phillips 66 Agricultural Ammonia ahead of your small
grains for earlier, faster growth that makes possible more fall
and winter grazing with higher grain yields next year, too.

Phillips 66 Agricultural Ammonia is easy to use. It's 82%
nitrogen — more nitrogen per dollar than you can get in
any other type of nitrogen fertilizer.

Agricultural ammonia stores well in loamy to heavy soils.
It stays in the moist root zone . . . resists leaching . . . until
growing crops need it.

KITCHEN AND ★★★ FIELD NEWS

from Lighthouse Electric Cooperative, Inc., by Nancy Morckel and Claude Weathersbee Electrification Advisers

Bill Hulsey attended the McCoy Reunion at MacKenzie Park in Lubbock last Sunday. He said he enjoyed very much seeing so many of the old friends — some he hadn't seen in years.

Brooks Chapman was a co-op visitor last Saturday morning. He is home from Abilene where he has been attending A.C.C. this summer. He will be here until time to return to school at Baylor in September.

Mr. and Mrs. Shorty Neff and Aubrey attended the Primitive Baptist Association meeting at Lakeview last Sunday.

Mr. and Mrs. Riley McBee of Piru, Calif., are here visiting relatives. Mrs. McBee is Edwin Pollan's mother.

Mr. and Mrs. Wayne Appling and daughters and Gene Miller spent Sunday with Mr. and Mrs. Gordon Appling, Joe and Catherine at the Appling home in Mt. Blanco.

Wanda and Pat Hickerson, Mrs. Olin Bryant and Mrs. Billy Fulton spent last Wednesday in Lubbock.

Mr. and Mrs. Jim Shurbet of Corpus Christi are visiting friends and relatives in Floydada and Lockney.

Mr. and Mrs. Wiley Rogers and Cecilia Ann went to Lake City, Colorado, and to Red River, N. M. while on their vacation.

Mr. and Mrs. Wiley Rogers and granddaughters, Vicki and Sheila Fair attended the reunion of Mrs. Rogers relatives — the Walker Reunion, at MacKenzie Park in Lubbock last Sunday.

Mr. and Mrs. Carl Price of Abilene visited Sunday evening in the Wiley Rogers home. Mrs. Price is Mrs. Rogers' sister.

Carrick Snodgrass, Bill Smith, John Smitherman and Lee Rushing, members of the co-op Board of Directors, attended the State meeting of The Texas Electric Cooperatives that was held in Galveston August 25 and 26. Mrs. Smitherman and Mrs. Rushing accompanied their husbands on the trip. Mrs. Smitherman visited in Galveston with her sister, and Mrs. Rushing spent the time in Houston with her children there, the Malcomb Bridges' and Dorothy Rushing.

With so many nice vegetables ready for market at this time a lot of folks are busy filling their freezers so they can enjoy fresh vegetables next winter. Don't forget there are a few rules or fundamentals that must be followed if we obtain the best results in our food freezing:

1. Select food of good quality — wash and sort carefully.
 2. Speed the food to the freezer. "Let no time be wasted or your food may be."
 3. Freeze fresh fruits and vegetables in small quantities.
 4. Scald or steam according to the directions for each vegetable.
 5. Cool and drain quickly.
 6. Pack in air-tight containers.
 7. Mark or label each carton giving description of contents and date it was placed in the freezer.
 8. Start freezing at once.
- Little, or no, special equipment is needed for freezing foods.
- Nutrition specialists have found that good fresh vegetables, properly blanched or steamed have almost the same food values as the fresh vegetables. However they tell us that foods properly blanched or steamed have almost no food value at all.

"My ELECTRIC FOOD FREEZER gives me substantial savings plus top quality!"

says **MRS. HERB GRIFFITHS**
1500 AVENUE F
MULESHOE, TEXAS

"But, that's not all! I save time because I can buy foods in larger quantities eliminating 'those little trips' to the grocery store," Mrs. Griffiths adds.

Many homemakers, through personal experience, are firmly convinced that a food freezer pays for itself through reduced food bills as Mrs. Griffiths suggests.

You too can save money and time and get the big plus of top food quality when you own an electric food freezer. Why wait? See your Reddy Kilowatt dealer, now!

"We purchase meats for our family of four in large quantities, and the freezer saves us money at the same time that it lets us enjoy top quality cuts of meat"

"Our son, Prentice, who is now three, was stricken with polio in 1953, and for several months was on a diet which included lots of lean meat. Our food freezer really came in handy during that time"

"My husband, Herb, and I enjoy outdoor cooking during the summer months, and our freezer is just right for keeping the cuts of meat we enjoy" We almost always use something from our freezer in entertaining friends, and I avoid any last-minute rush before the guests arrive"

"The children enjoy the frozen desserts and between meal snacks which our freezer keeps ready for them at a moment's notice"

A freezer fits into pleasant living — as you can see from Mrs. Griffiths' enjoyment of hers. Why not make meal planning a pleasure at your home. A food freezer will help

Around Town

(By Jennie Henry)

Mrs. Lon Smith and her daughter, Mrs. Ralph Johnston returned home Friday from the State Baptist W.M.U. Houseparty held in Waco from August 22 to 25.

It was held at Baylor University and 1560 women had reservation in the beautiful new dormitories.

Mrs. Smith conducted community Missions conferences the three mornings of the sessions.

Mrs. Johnston had a part in the presentation of a visitation playlet. Many inspirational speakers from foreign fields as well as homelands were on program. It was not only an informative session, Mrs. Smith said, but a delightful one in fellowship and entertainment.

Before returning to Floydada they visited with Mrs. Smith's brother and family, Mr. and Mrs. H. F. Hawkins of Chico.

Did you hear about the man who suffocated in his car? No? He had all the windows rolled up to make everyone think he had an air-conditioned car.

It's nice to know that I have one "Around Town" fan. She is Mrs. Jeff Welborn. The Welborns left Lubbock Monday night by train enroute to Houston where Mrs. Welborn will undergo treatment at the Anderson Clinic.

Before boarding the train Bell

Here's what the modern ranch home can have in the way of up-to-the-minute appliances. Count them and you'll find 45 different units... some 30 more than in 1930 homes. told me to save all the papers so she could be in the know on the happenings "Around Town."

Others on hand to see them off were Mrs. E. L. Norman, Mrs. H. O. Pope, Mrs. J. D. McBrien, Mrs. H. G. Barber and Mrs. Clarence Guffee.

Had a nice chat with Mrs. W. F. Daniel. Wish more people would call who have news.

Her sister, Mrs. L. L. Stevens and son Jimmy of Amarillo visited last week with them.

It seems Jimmy, who is 14 years old, is quite an avid Amarillo booster — in fact, from all the data he gave on the population, the freeway, churches and schools of Amarillo, I believe he should be on the Amarillo Chamber of Commerce pay roll.

Going back to school for the kids means the end of vacation for them, but the beginning of a vacation from the kids for the parents. All summer long screen doors have slammed incessantly and insanely. Screaming, running youngsters have led the old folks (you should pardon the expression) a dog's life.

On the first day of school many weary mothers heaved a vast sigh of relief, and turned wearily back home for the first quiet morning they had enjoyed in three months—but, I'll bet there were tears in the eyes of most of them because it was just too quiet.

For the beginning enthusiasts who had tucked their last few baby teeth safely under their pillows for the fairies this summer, it was a most exciting day. Their gay colored cottons and boldly striped T shirts, carefully chosen for the first day, were subdued only by their special smiles.

Miss Fleeta Smith and Miss Nita Carol Hilburn both of Lubbock are guests in the home of their grandparents, Mr. and Mrs. G. C. Hilburn. The young ladies will return home today.

Harmony Reunion**

Approximately 75 past and present residents of Harmony enjoyed an "old fashioned" ice cream and cake supper Friday night, August 26 at 3 o'clock at the Harmony home coming held at the Community Center.

No formal program was planned but games of volleyball, horse-shoe pitching and ping-pong were enjoyed by all ages. The main feature was visiting and talking with old and new friends.

People were present from Plainview, Sand Hill, Floydada and Petersburg.

Mrs. E. L. Turner was chairman for the home coming event.

News of Harmony

(By Mrs. Mather Carr)

HARMONY, August 29 — Mrs. Coke Hinton of Claremore, Okla., was a guest last week in the home of her niece, Mrs. Glenn Pool and Mr. Pool.

Mrs. Mather Carr visited Miss Anna Carr and Mrs. Mattie Heard Thursday at Petersburg.

Mrs. K. R. Wilcox and son Scott and Mrs. E. D. Wilson and son Mark left for their homes in Ft. Worth and Dallas after spending two weeks with their mother, Mrs. H. W. Carpenter and Mr. Carpenter.

Mr. and Mrs. Harry Hungate of Canyon and Mrs. Albert Clubb of Lubbock were guests Friday in the Floyd Trowbridge home. Also Mr. and Mrs. Charlie Smith were visitors in the Trowbridge home Friday.

There was quite a nice crowd out Friday night at Harmony Home Coming, with ice cream and cake left. Some of those attending from out of the community were Mr. and Mrs. Henry Graham and Mr. and Mrs. Rueben Rutherford of Plainview; Mr. and Mrs. J. S. Hale and son, Mr. and Mrs. C. O. Spence, Mr. and Mrs. Adril Spence and daughter, Mr. and Mrs. Raymond Williams and daughter, Mr. and Mrs. Elmer Williams, all of Floydada, and Mr. and Mrs. Arthur Womack of Sand Hill.

Mr. and Mrs. Chloma Williams and daughter spent the week-end in Amarillo as guests of Mr. and Mrs. L. A. Williams and visited with Aaron Williams and family from Kentucky. The latter were guests in the L. A. Williams home. Janice, Butch and David returned home with the Chloma Williams for a visit.

Mr. and Mrs. Wesley Carr and sons returned home Sunday night from Dumont. Mrs. Carr and Bill had spent a week as guests of her parents, Mr. and Mrs. Charlie Bailey and visited with her brother and family who were there from Ice-land.

Mr. and Mrs. Everett Miller were guests Sunday evening of Mr. and Mrs. Charlie Reed of Canyon.

PRESERVING OUR BLACKLANDS

Texas and U. S. Agriculture department researchers are working on a program to preserve and improve growing conditions in one of the state's most innately fertile regions — the Texas Blacklands.

These seven million acres of flat to gently rolling fertile soils have been subjected to generations of continuous row planting and the result of their overwork presents two dread problems: erosion conditions and nitrogen deficiency. The soils are primarily deep high-lime clays that can store 6 to 10 inches of available water. They continually shrink and crack, keeping plant. Virgin grassland in the area contains five per cent organic matter. Continuous row-cropping reduces this level to between 1.4 and 2 per cent.

Scientists say this resilient, fertile soil cannot remain productive unless relieved from continuous cropping to corn, cotton and sorghum.

Livestock-Forage To Prevent Erosion
By substituting feed crops for cash crops, and using the land for

grazing purposes, a long-term test has proved the crops can more than pay their way, conserving water and preventing soil loss simultaneously.

The typical blacklands farm can grow innumerable soil-holding and valuable feed crops. Barley and oats make fall and winter cool-season pasture and sweet clover and sudangrass provide summer grazing. Many other varieties of grasses also fit well into the grazing picture.

Nitrogen Building Legumes

The nitrogen deficiency in the blacklands soils, which has accounted for a decrease in corn production in particular, is being overcome to a large degree through use of nitrogen-building legumes.

Sweetclover is one of the most successful of such plants. An experimental crop of corn grown after sweetclover averaged 50 bushels an acre more than twice the present average yield in the area. Use of sweetclover proved even more effective in aiding growth as than use of nitrogen fertilizer, and also helped the soil hold moisture.

Texas blacklands, once the most fertile and desired locations, are not a permanent asset to the state. They become so only when we make efforts to preserve and maintain them.

**Floyd County
14 Years Ago**

(Taken from the files of the Floyd County Hesperian, issue dated Sept. 4, 1941.)

D. F. Bredthauer, for six years county agent of Floyd County, has accepted a transfer offered him and will go to Goliad during this month to take up the county agent's work there. His record of accomplish-

ments as an agent are probably unequalled in this section.

Floyd Murray, captain of the 1932 Whirlwind football squad, runner up in bi-district championship competition is new head coach of Floydada High School athletics. He succeeded to the place Friday in an over-night change which Odell Winter transferred as head coach to Seymour High School.

Rain last night accompanied in some portions of the county with a severe thunder storm and wind apparently covered all sections of Floyd and adjoining counties with precipitation ranging from a half inch to an inch and one-fourth.

Preparations for the Briscoe County oil test about a mile north of the Floyd County line and about a mile west of Highway 207 between Floydada and Silverton, were started this week. Phillips Petroleum Company will make the test.

The first week of September brings with it the reopening of the club and school season. Mrs. Dean Hill will resume her duties as pres-

ident of the Floydada High School. Mrs. B. F. McIntosh was elected as president of the Anderson Parent-Teachers Association. Emma Louise Smith was elected 1934 Study Club for the year; Mrs. John Hoffman was elected as president of the 1922 Study Club; and Mrs. Tom B. Chapman has been elected to serve as president of the ada Garden Club.

Mr. and Mrs. H. G. Becker, tained with a bridge-club Tuesday evening of last week. Things started off with a Tuesday morning at Floydada with three hundred and eighty-eight students registered coming year.

the "Fort Arthur bill." It will enable employers to enjoin strikes by a union which cannot show it represents a majority of workers. Already effective is the "Ford Motor bill" denying unemployment payments to union workers by a strike in another plant of their company. Other new laws will provide \$7 million more for public assistance and bring 30,000 more state employees and college professors under federal Social Security. Corruptive comic books will be banned, and incorporation requirements will be broadened to include "any lawful purpose."

Integration Is Upheld

Big Spring's test case on the legality of Texas public school integration held toward the Supreme Court.

A suit to enjoin the Texas Education Agency and comptroller from making payments to desegregated schools was denied in district court. Judge Charlie N. Sullivan ruled invalid that part of the Gilmer-Aikin law which applies to segregation.

Notice of appeal was given at once by the attorney for the pro-segregation Texas Citizens Council who brought the suit. If the district court opinion is upheld, there apparently would be no need for an immediate special session of the legislature to revise school laws.

Atty. Gen. John Ben Shepperd has warned that school integration should not precede legislative action. He, like the Citizens Council, has insisted that the law is presently set up to make state payments only to segregated schools.

Gov. Allan Shivers declined to comment until after the final court action.

Thirty Deaths Predicted

Thirty traffic deaths are predicted by the Department of Public Safety for the upcoming Labor Day week-end.

Last year 29 Texans were traffic fatalities during the three-day holiday.

Only once recently has the department's forecast missed by any sizable margin. For July 4 it predicted 29 fatalities. Only 18 occurred.

Col. Homer Garrison, department director, expressed hope for a similar error for the September 3-5 holiday.

Politics is Budding

Texas' governorship campaign seems to be shaping up, considerably ahead of schedule.

Former Supreme Court Justice and University of Texas Chancellor James P. Hart addressed an East Texas meeting at Henderson, sponsored by the liberal Democrats. Liberals have been courting his entry in the race, and he is "thinking about it."

There were those who said he "sounded like a candidate" in his talk on "ideas and ideals."

Former Speaker Reuben Senterfitt of San Saba, only announced candidate for governor, has held a meeting of his statewide campaign steering committee in Austin. He said he will name county and precinct campaign chairman by January.

State Senator Jimmy Phillips of Angleton is an intended candidate. He was present in Henderson when Hart spoke. A statewide rally in Galveston on Sept. 1 was planned by his friends as the sendoff for his campaign.

Mrs. Wayne W. Wagonseller of Bowie, widow of the senator killed in a car accident two weeks ago, also has been mentioned as a possible candidate. She was the only speaker at the Henderson rally which her husband was to have addressed. Hers was not a political speech.

Senator Price Daniel, currently abroad, is holding up disclosure of his decision whether to run for governor next year, two years before expiration of his first Senate term.

Governor Shivers hasn't announced his plans. "Anything can happen; at this time I am not a candidate for anything," he told newsmen.

Biggest But Not Cheapest

Texas has become the principal producing state of Aluminum Company of America's vast chain aluminum refining and smelting operations.

Persuaded to try aluminum for some of its heavy permanent road signs, the Highway Department asked for bids. When they were opened, the Canadian aluminum industry turned up with a bid on imported metal eight per cent under the lowest domestic bid.

SHORT SNORTS - Gov. Allen Shivers and his family returned to Austin September 1 after a summer in Woodville. Before coming back to his job as Texas' top executive, the Governor hunted antelope in Wyoming with several other governors - Sen. Lyndon B. Johnson's Austin office opens on September 1 also, manned by staff members Johnson is resting at his Gillespie County ranch, recuperating from a recent heart attack. Notary public commissions were mailed to 90,932 Texans last week by the Secretary of State's office.
