Cotton Marketing Cards Are Ready

Floyd County cotton growers will be interested in the announcement made by Tom Hutchins, of the ASC office, that cotton marketing cards are now ready for distribution.

Growers who find it convenient can call at the ASC office where they can pick-up their cards.

Under the cotton allotment regulations a grower is required to have authorization before he can market without penalty.

Saturday afternoon and night rains that fell generously throughout an area of several counties, dumped an inch to three inches of rainfall over Floyd County.

Reports this week without exception indicate that fall farming operations, meaning in particular wheat land operations will be well under way by today.

The fine rains completely changed the picture as to pre-fall expectations for crops now maturing and as well gave assurance that pastures and ranges will have moisture around the grass roots as it goes into the winter season.

More than just a few farmers, both dry land and irrigated, already have wheat in the ground and reports of good stands with ample seasons in the ground are common.

Around Flomot and over toward Quitaque the moisture was good Sunday on the sandy land farms and on the cattle ranges, said State Land Surveyor W. D. Newell, who was called into north Motley County to make a check on an oil drilling site location.

Quitaque Creek was running briskly and carrying red muddy water when Newell crossed it Sunday noon. All the areas that were missed Saturday in that direction had had good rains overnight Saturday.

Around Muncy the planting of wheat on dry land as well as irrigated acres will get underway right off now that it has rained, Robert Muncy, of Muncy Elevator expects. The rainfall was 1.25 to 1.50 in that area, he said.

The rain was good in his area, W. W. May of Sand Hill said. He was watering wheat to keep it growing when the rain came and he shut off the wells. He has a problem that is common to a lot of irrigated farmers who got 40-bushel wheat hauled into the ground last May — a problem of clearing the land of the volunteer.

Henry Edwards said on his dry land farm northwest of Fairview he wouldn't have any trouble with volunteer wheat. "It got killed last spring," he said. He had 2 inches of rain, maybe more, he thought.

The Maurice Campbells said the rain was heavier over their way and on the Lewis land than it was south of them toward Dougherty, it seemed.

In the deep northeast plains country on the lip of the caprock escarpment the rain was heavier than at Floydada. Second hand report from Bryant Higginbotham two miles north and four miles east of South Plains gave the rainfall there at 2.1 inches and J. P. Taylor on east had 2.9 inches.

Fields east of Silverton and in between toward Floyd County had water standing in the middles as late as Monday.

Gerald Lackey had 2 inches of rainfall north of Cedar and the general report in that area is 2 inches or better.

Generous Rain Falls In the southwest corner of the county the rainfall was general and ample for all present needs. Irrigation farmers are not too happy with so much water on their cotton fields, but the rainfall otherwise was generally beneficial. It rained more at Barwise and southward Saturday afternoon than it rained around Floydada. Parts of the Barwise and Harmony areas had 3 inches of rainfall.

Southeast Floyd County and the area toward McAdoo had 1.2 to 1.9 inches.

Reports from Dougherty vary from 1.7 to 2 inches.

The rainfall tapered off to the northwest. Lockney had about an inch of rain and Plainview 8-tenths.

As far south as Lamesa and west to the New Mexico line at Morton the rain was 1 inch to 1.25 inches. Olton had an inch, Spur 8-tenths, Crosbyton about the same.

In some instances the rains caught farmers in the midst of combining operations with threshed maize on the ground. One such was B. P. Sandefur who had 100,000 pounds of maize in that condition. The feed was due to be moved this week and the threshing operations continued with dry weather again. The McCoy area had a fine rain.

Pinto bean raisers, both on dry land and on irrigated acres, now anticipate that their yields will be generous. About 2,500 acres of the beans are planted in the area. F. M. Thagard and Milton Terry who farm at Blanco, are among those who expect big yields of pintos.

Other vegetable growers say that they expect big production in their fall fields.

Bureau Is Voting On New Directors Members of the Floyd County Farm Bureau are electing their directors for another year this week. A ballot has been mailed out from the service office to all members in the past week to give them an opportunity to vote by mail. A meeting of the nominating committee and the board of directors will be held tonight at the Bureau's office to count the ballots. Ballots received up to the time of their meeting will be counted.

County Tax Rolls Carry Total Levy of \$3 Hundred Thousand

The estimate of the Commissioners Court of Floyd County that the tax rolls for 1955 would run \$15 million was a pretty good one. The actual figures which are on the rolls approved last week by the court, are \$14,983,700.

This lacks only \$16,300 of reaching the \$15 million mark. Assessor-Collector T. T. Hamilton finished the rolls for the court to look over at their regular meeting last week. Their formal approval has been recorded and a set has gone forward to the state comptroller to check the values for state taxes.

Total Bill \$301,732 Total taxes listed to be collected from these rolls runs to \$301,732.29. Of this the county gets \$119,969.57 for the "constitutional" 80 cents, the county road bond debt service gets \$34,461.52, the court house bonds and special road taxes account for \$27,459.45. The High Plains Underground Water District will get \$6,946.25 and

the common school districts of the county \$51,668.25.

Some of the facts revealed by the rolls are: There are 851,636.7 acres of land on the rendered roll, with a value put at \$7,335,540 taxation purposes. City property is listed at \$2,205,050 and personal property \$3,902,325. Improvements on land, except for irrigation wells, are not included in the values set.

Denver Pays The Most

E. E. JOINER UNDERGOES SURGERY IN DALLAS CLINIC

Dr. E. E. Joiner underwent surgery for brain tumor last Wednesday at Baylor Hospital in Dallas. His condition is reported very critical. Mr. and Mrs. H. G. Barber visited in Dallas with him and Mrs. Joiner last Friday. Dr. and Mrs. Joiner and son, Gordon, moved to Midland from Floydada in the spring. They own a tourist court there.

Far and away the biggest taxpayer in the county is the Fort Worth & Denver Railway Company, with a total valuation of \$60,165 and a tax bill of \$12,081.75.

Second biggest taxpayer in the county is the Service Pipeline Company of Tulsa, with values set at \$322,740 and total tax of \$251.86.

The Massie Estate comes third with a tax bill of \$4,088.45 and Howard Bros. are fourth with \$3,763.29. The Fort Worth & Denver has 62.4 miles of railway tracks in the county, lists rolling stock at \$123,335, and intangible values at \$114,170.

The railways have some latitude in the counties in which they render their intangibles. The Denver cut their intangible rendition by \$64,320 in Floyd County this year. Some of the values set up for them they are said to view as excessive, the result being the cut in the intangibles allowed for the county.

Service Pipeline Company rendered 66.1 miles of pipeline and shows \$42,080 intangible assets for taxation.

1,200 Oil Leases Although a considerable number of oil leases in Floyd County were cancelled last year, particularly by Sinclair, the total number of tracts under lease, large and small, are still approximately 1,200 in number. There are more than 50 lease holders on the rolls in the county and an assortment of two score or more oil and gas royalty and other oil property taxpayers.

Practically all of the larger companies are represented on the rolls. Some of the taxpayers whose bills run into the hundreds above the \$300 mark are Tidewater, Sinclair, Humble, Shell, Cities Service. Others among the big companies are Standard of Texas, Stanolind, Atlantic and Superior.

TEC Will Open Floydada Labor Office Monday

J. D. Roberson, of Plainview, area manager for the Texas Employment Commission, said yesterday that a labor placement office will be opened in Floydada Monday of next week.

C. O. Spence, who directed the labor forces here last year, has accepted a similar assignment for this season. He will be located in the Chamber of Commerce office the same as last year. The telephone number is 104.

What the needs will be and how soon they will become evident was still somewhat speculative this week, but the movement of migratory labor is due to begin soon and the commission will make an effort to get the most men to the most jobs in the cotton fields possible.

The labor placement office here will be open until the peak of the cotton harvesting season has passed.

Floyd County has slightly in excess of 85,000 acres of cotton that has been measured and is due to be harvested. Production at this time is still problematical. Also making considerable labor demand will be fields of produce and maize harvesting.

Whirlwinds Friday Night Clash Will Be Against Ralls 'Rabbits'

The Floydada Whirlwinds, suffering from their first shut out since 1952, will take in the Ralls tomorrow night to take in the Jackrabbits there. Ralls is riding high this season with two impressive wins in which they ran up big scores.

The Winds go into the game with one victory and one defeat for the night. They have been able to score only 7 points in the two games played. The shut out at Quanah Friday was the first time the locals have failed to score since they fell before Childress in 1952 in the state playoffs.

Weight And Speed Scouting reports say the Ralls team has good weight, good speed, and several good backs including James (Strawberry) Shurbet who has starred for the Rabbits the past two years. The Ralls team likes to run from the T formation and also use the winged T on the occasion. Don Leach is coach of the Jackrabbits.

Jimmy W. Powell, son of Mr. and Mrs. H. N. Powell of Dougherty left last week for Austin where he will enter University of Texas. He will work on a Masters Degree in Science. Jimmy received a B. S. S. degree from Texas Western College at El Paso in August. He majored in Geology.

The Whirlwinds of Coach Preston Watson are in pretty fair shape this week and hope to be able to start with a full team of their regular starters. Several of the heavier boys who have been used in reserve may get to see more action in an effort to relieve pressure on some of the lighter linemen who have been giving away 40 to 50 pounds of weight to the opposition in games thus far.

James Teague has been doing a fine job at the center position and may be able to allow Max Crawford to spend some time at his old guard spot if the need arises. Don Sparks and Johnny Tinnin have been coming along nicely at tackles and are expected to get in more duty at those spots.

Last week the Ralls Rabbits started ends Bobby Little, 168, and Joe Wheeler, 150; tackles Jerry James, 160, and Ivan Chron, 150; guards Sonny Watson, 195, and Charles Robertson, 155; center Carl Taylor 160.

In the backfield at quarterback Larry Moses, 150; fullback James Shurbet, 150, and at halves Lewis McNeely, 135 and Billy Lyle 124.

Three Games Tonight Today there will be three Floydada ball teams in action. This evening at 5 o'clock two games will get underway when the 7th and 8th grade boys play host to the Tulla teams on Wester field. Admission is 25 and 15 cents.

At 7:30 the B squad will play Aberrnathy there in their third game of the season. Last week the B squad lost another close one when they fell before Hale Center 14-19. A leaky pass defense robbed the locals of a victory. They enjoyed a lead most of the way.

Other Games of Interest Aberrnathy at Sundown; Post at Hamlin; Slaton at Olton; Spur — Open date; Seminole at Tahoka; Crowell at Quanah; Seagraves at Crosbyton; Friendship at Lockney; Paducah at Electra; Muleshoe at Canyon; Wellington at Phillips.

Wm. F. Bertrand, following the untimely death of his employer, Elvis Howell, this spring, has been promoted to the management of the Lakeview Gin, while Mrs. Howell continues as bookkeeper. Bertrand is typical of the successful ginner, who must be at once a diplomat, an employer, a public servant and a financier. His successes and failures are tied up out on the farms of his customers. —(Staff Photo)

Complete District School Rolls; Open Bond Sale Bids October 4

Board of Education of Floydada Independent School District, their revised valuations for the district completed and put on the tax rolls at \$10,194,460, have set Monday evening, October 4, as the date on which they will open bids for the purchase of the district's \$550,000 bond issue.

The bids will be opened in the county court room of the court house at 8 o'clock. Advertisement of the offer of the issue has been broadcast among the bond buyers.

The \$10,194,460 value set for this year in the district compares with last year's values at \$7,088,420, showing an increase of \$3,106,040. The new rolls take into consideration value of improvements on lands for the first time in the history of the district.

Likewise the new rolls are based on platted valuations made by an independent appraiser as to farm lands and a similar plat as to all improved property in the corporate limits of Floydada. Unimproved city property is listed but not platted.

Different appraisers handled the two sets of values, except that the appraiser of town properties also

appraised gin and elevator properties in the rural areas of the district.

Mrs. Bennie S. Liebfried, district assessor-collector, said that 100 per cent collections in the district would raise \$152,196.90. This compares with \$106,326.30 last year. This is an increase of \$45,870.60. The tax rate is \$1.50 per \$100 valuations.

The good tax payment record of the school district may have a favorable bearing on the outcome of the October 4 bidding for purchase of district bonds.

Mrs. Liebfried's records at this time are in the hands of the auditor for a check up and report to the school board. However, figures in the office show that against \$106,326.30 on the rolls for 1954 the collections to the date the records were turned over to the auditor had been \$104,160. This includes a slight percentage of delinquents.

New Jury to View Out Road North Of South Plains

A new jury of view was named last week by the Commissioners Court on a proposed three mile road in the extreme north part of the county, above South Plains, after recommendations of a previous jury of view were rejected.

The road is petitioned for by Lloyd S. Deavenport and 10 others. It would open a 60-foot road from the southwest corner of Survey 2 in Block B6, extending over Highway 207 westward two miles and north one mile to the northeast corner of Survey 9 in Block B4.

Lester McCormick, Frank McClure, J. D. Webb, B. C. Hinsley and Otho Sanders were named on the jury to view out the road, assess damages and make recommendations.

Floydada Football Contest Continues

Floydada football contest continues this week with another list of games for contestants to make their guesses on. The entry blanks appear on the contest page and can be dropped in the entry boxes at any of the stores listed on that page.

The games listed last week will be played Friday and Saturday of this week. First winners will be announced in the Hesperian next Thursday. The three entries nearest correct will be named winners. An entry does not have to be perfect to be eligible for the prize.

Deadline for making entry in this week's contest is Wednesday noon, September 28.

SANDY SEZ

I'm here to bring you up on the latest "info" from F H S, and I hope you can "dig" me. School is really getting "hep" now that football season has started and class and other organizations' officers have been selected.

If you see all the F H S students smiling, you'll know that they haven't quit smiling since the annual school pictures were made. It sure looked different around F H S to see Senior boys in dress jackets. Speaking of jackets the F H S band ordered their '55-'56 jackets Monday. The band members thought up an original emblem to place on the front of the jacket. The emblem has a Whirlwind as the background with a treble clef in the middle with Floydada written across the top. It's really snazzy believe me.

Gene Swanner, No. 41 on the Whirlwind team has now joined the sacred society of the term "going steady." His companion is Audie Mae Rogers of Lockney. Nice Couple!!

Even if our boys were defeated last Friday night by Quannah. They are to be congratulated on the swell line of defense. It was a shame Marvin Rucker got his foot hurt. This Friday the Whirlwinds will tackle the Ralls Jackrabbits. Let's have "Victory" our cry.

Student Body! What's happened to your school spirit? The cheerleaders want you to know what our boys do depends upon you and your loyalty. Let's all show Ralls this Friday that we've got what it takes to have an excellent team.

The F H S Band did a good job last Friday night. Incidentally people tell me to comment on the band's performance because they really enjoy it. It's not just me saying this. The uniforms give the band a high-class rating. The band has got a good half-time show in store for the Ralls game. So be sure to come for the team and the band.

Thanks to all the kids who are supporting the Senior Class in its activities to raise money for the Senior trip. The seniors are selling mums and football tags. All you boys, today is the last day for mum orders, so let Linda Hull, Becky Potts, Rena Willis, Mary Jo Smith, and Nancy Jenkins know.

Remember the senior class has a

concession stand during football games. We are earning money for the Junior-Senior Banquet.

Well, that takes care of all the news around FHS. So I'll let you in on some of the couples. Seen around the F H S halls and the Floydada drama, etc. have been:

Kay Roberson and Randall Jones, Ann Jones and David Mount, Fountain Fowler and Robert Stovall, Sonja Wilson and Dale Redd, Shere Darden and Kent Covington, Vanda Carter and Carroll Guthrie, Donnie Young and Lynn Raley, Stan Burleson and Gerry Graves, Jayette Marquis and Winifred West, Gayle Clark and J. E. Waller, Carolyn Collier and Carol Fulton, Patsy Johnson and Carl Brock, Sandra Roe and Bill Orman, Lajuana Womack and Billy Keeling, Judy Jackson and Gary Huckabay, Leora King and Jim Womack, Becky Potts and Bob Durham. That's enough of these "star gazers".

There's some pretty, lonely girls who break their neck getting to the mailbox each day. How about this? A few could be Jerry Floyd (Jimmy Collins), Doris Campbell (Gary Carthel), Ann Finley (Peewee Ferguson). Don't get too excited, they'll come home.

Get your "mobiles" rigged up and we'll see you at Ralls "rooting" for the Whirlwinds.

South Plains News

(By Mrs. Murray Julian)

SOUTH PLAINS, Sept. 20—Refreshing rains here on Saturday brought varying amounts to our community. Sim Reeves received 1 inch, J. P. Taylor 2.90, George West and Fred Portenberry 2.40, Early Pritchett 2.55, Bryant Higginbotham 2.45 and about 2 inches fell at the W. M. Staniforth farms.

To Visit Northwest

Mr. and Mrs. Frank McClure left for Seattle, Wash., early last Wednesday morning, accompanied by her brother, Mr. and Mrs. R. O. Newman. The Newmans had been visiting here with the McClures, and in Snyder with his parents, Mr. and Mrs. R. W. Newman. They left by car on their trip. After taking the Newmans to their home in Paulsbo, the McClures plan several tours around Seattle and other parts of Washington. On the way they will visit the Mormon Temple in Salt Lake City.

Mr. and Mrs. W. M. Staniforth Jr., and their young son, Billy III, had a nice trip to Austin on Saturday evening where they saw the football game between Texas Tech and Texas University. They all report it was quite warm in Austin.

Guests in the home of Mr. and Mrs. Roy Bledsoe and Bill on Friday night were Rev. and Mrs. Larry Faus Vassie Beth and Bobby.

Mr. and Mrs. Sim Reeves and Jack Reeves arrived home from Brady late Sunday afternoon in time for church that night.

Mrs. H. S. Calahan Sr., in Lockney, has been quite ill this past week. We are glad to hear she is much better at this time. Mrs. Bryan Karr had planned a Stanley party for last Friday morning but postponed it on account of her mother's illness.

Mr. and Mrs. Sylvain Kinnibrugh, Beth and Marilyn, arrived home from Vera and Truscott, where they had spent the week-end visiting their folks. Mr. and Mrs. J. A. Kinnibrugh, and Mrs. J. R. Spivey.

Dr. Joiner In Dallas Hospital

Dr. Early Joiner, who has been in the Baylor Hospital in Dallas since last Saturday night, had brain surgery on Wednesday morning. He is recovering very well, we are glad to report. Gordon was able to go back to school at Hardin-Simmons on Sunday afternoon, and Mrs. Joiner reports that Early is in a serious condition, but is doing as well as possible. If you would like to write to them, the address is room 422, Baylor Hospital, Dallas, Texas. Mrs. Ray Horn flew down to Dallas from Lubbock on Sunday to see them.

Mr. and Mrs. Thomas Pierce and their three children, from South Plains, visited all last Sunday in Lubbock, spending the day with his brother, Mr. and Mrs. Raymond Pierce and family. They were home at night in time for church.

Mrs. L. T. Wood left for Tucumcari, N. M., on Sunday morning, after receiving a call from her mother, that her father, S. C. Waller was quite ill. Mrs. Wood will stay over there all this week caring for her father. Next week her sister from Dimmitt, will go over to help.

Mr. and Mrs. John Key West, her brother, A. M. Dorsey, and granddaughters, Diane and Carla, were Sunday afternoon visitors in the Grigsby Milton home. Donita Milton spent Sunday in Floydada with Gloria Carthel, attending a Carthel family reunion.

Mr. and Mrs. C. L. Beard and Cary Leon, from Plainview, were guests at the parsonage on Thursday night, visiting with old friends, Rev. L. H. Faus and family.

Community Club Meets Oct. 1

L. T. Wood has announced that the first Community Club meeting of this fall will be held on Saturday night, Oct. 1, so that it will not conflict with football games. Each and everyone is cordially invited to come, and bring a covered dish so that you can join your neighbor at supper. This is a very important

meeting for officers will be elected to hold jobs this coming winter. Each one should come and do his share to make this community a better one.

Mr. and Mrs. Hansel Sanders are fast erecting a new home northwest of South Plains. We are proud of all these new homes going up out here. Mr. and Mrs. Arby Mulder and children have had several of her folks visiting with them this past week. Mr. and Mrs. Dale McGaugh and children, from Littlefield spent Sunday with them and on Friday Mrs. McGaugh, Mrs. Dock Minyard, of Littlefield, and Mrs. Pete Land, of Clarendon, all spent the day with them.

Johnny West, son of Mr. and Mrs. John Key West left from Amarillo on Sept. 15 with a group of boys from our vicinity for Fort Ord, California, where they will be stationed during the first six weeks of their army training period.

Mr. and Mrs. George West went to Slaton and back last Friday to visit her sister, Mrs. Willie West, who is staying at this time with her daughter, Opal, until about Oct. 11, for a convalescent period. She is getting along fine, and hopes to be able to sit up during the latter part of this time.

Mr. and Mrs. Kenneth Bean spent from Wednesday until Friday of this past week on a business trip to De Leon, Texas. They left the children with Mr. and Mrs. J. K. West.

Mrs. R. G. Dunlap, Mrs. Grigsby Milton and Mrs. L. T. Wood attended the council meeting held in Floydada on Saturday afternoon of last week. Mr. and Mrs. Woodrow Parks from Gainesville, Georgia, and Miss Joyce Chester, who accompanied them here, left early this week for their home in Georgia after spending the past two weeks visiting in South Plains, the guests of his brother, I. H. Parks and family. Miss Chester is Sparky's niece.

Bonnie Upton spent Sunday in Floydada with Betty Blum, where they enjoyed a family reunion with Betty's folks. Bonnie was home in time to attend BTU.

Mr. and Mrs. G. F. West had her granddaughters, Sandra and Carla Smith with them over the weekend while Mr. and Mrs. Robt. Lee Smith were in Ruidoso, N. M. On Sunday afternoon the Wests left for Amarillo to visit with Mr. and Mrs. E. T. Evans and attend the Tri State Fair on Monday. Monday night they went to see the Holiday on Ice show at the Fair Grounds. They plan to return home on Tuesday.

If you have official papers to be signed or need any notary public work done, you can see Roy Bledsoe in South Plains.

W.M.U. of the Baptist Church met at 3:00 on Monday afternoon at the church, as did the G. A. S. The W.M.U. members studied the Bible at this meeting, with the chapter, Heaven, ending the book, Baptist Fundamentals, which they have been studying the past months. Present for the meeting were Mrs.

OUT OF CONTROL

Auto Takes Out 40-foot Light Pole on Highway

Four young people suffered bruises and broken bones in an auto crash against a 40-foot light pole at an alley just south of Missouri Street on Highway 70 Saturday night at 11 o'clock.

Joseph Andrews 20, who works at Rudy's, driver, lost control of the Plymouth sedan headed south at the Missouri Street dip. He had bruises and broken ribs.

Dudley Ballard, 24, employed with Weems & Weems, had a broken arm and bruises.

Miss Freida Rodgers, 17, of Dallas, had minor injuries including bruises.

Miss Maudeen Barbee, 16, had a broken wrist and bruises.

All were dismissed from Peoples Hospital Monday.

City Officer Horace Cage was at the scene of the accident shortly after it occurred.

Grigsby Milton, Mrs. Dock Jones, Mrs. Cecil Taylor, Mrs. Sim Reeves and Mrs. Larry Faus.

Owen Thornton is in the hospital at Lockney suffering with a virus infection. Several others in our vicinity have had this infection, including Mrs. I. H. Parks, Dale West and Alton Higginbotham.

South Plains H. D. Club

At the South Plains Home Demonstration Club meeting on Wednesday, Sept. 14, Mrs. John Hoffman of the Sand Hill Club was guest speaker.

Hostesses for the occasion were Mrs. S. D. Kinnibrugh and Mrs. John Key West. County Fair was the theme for the day, with fifteen members answering roll call.

The demonstration on Flower Arrangement was thoroughly enjoyed by everyone. Mrs. Hoffman showed how to take any kind of flower and make beautiful table arrangements of them.

Hostesses served refreshments to the following: Mmes. R. G. Dunlap, Bryant Higginbotham, Bryan Karr, Horace Marble, I. H. Parks, John Smitherman, Paul Snodgrass, J. P. Taylor, Leighton Teeple, Skeet Thornton, George West, John Wilson, L. T. Wood and guest, Mrs. John Hoffman.

The next meeting will be on Sept. 28, at the home of Mrs. Harry Hartman, with Mrs. Horace Marble acting as co-hostess. Mrs. Brummett will be present at this meeting with a fruit demonstration.

When the car hit the 40-foot light pole the pole was severed 1 foot above ground. The pole was snapped in two also about six feet from the top and the 25-foot mid-section laid across the alley to block it completely. The six-foot top section was left suspended by the light cable and wires.

Brac Biggers, manager of the western, said all this was done by the impact. The car was badly damaged and did not overturn.

SHALLOW WATER Woman Driver Is Immersed as Pick-Up Tire Blows Out

Mrs. O. W. Cokenbolpher of Wichita Falls was the victim of a pick-up accident Thursday afternoon three miles north on Highway 70, when the right tire of her 1953 Ford pick-up blew out. She completely lost control of the pick-up and was thrown out into a water filled bar ditch. She was pinned down by the pick-up.

A truck driver passing by saw Mrs. Cokenbolpher and rescued her from the watery wreck. Sheriff Earl Cooper was notified and an investigation was made.

Mrs. Cokenbolpher was returning to her home in Wichita Falls after visiting with a brother in Halfway. In her pick-up she was carrying 45 cases of honey, potatoes, tomatoes, and onions. The cases of honey were demolished.

When discovered Mrs. Cokenbolpher was completely immersed in the mud and water of the bar ditch, except for her head. A few inches more of water in the pond would have meant drowning for her.

She received medical treatment at Peoples Hospital and was dismissed to go to her home Friday morning.

Floydada Nat'l Loan Volume Is Half a Million

Reflecting both a heavy 1955 increase in irrigation installations on farms in Floyd County and a refinancing period for land mortgages the Floydada National Farm Loan Association had a volume of half a million dollars in loans during the fiscal year that closed August 31.

These figures were given stockholders of the association in the annual report of Jake B. Watson, secretary-treasurer of Floydada National at their meeting held Saturday in the American Legion hall.

The loan volume was the heaviest of any year since 1934, when farm owners were still reeling under the impact of the depression.

Edell DuBois and Raymond Rucker were re-elected to the board of directors to succeed themselves in the officer election held during the meeting.

W. A. Bishop, of the Paducah Farm Loan Association, was a visitor at the meeting.

Attendance of the membership was reduced by the threatening weather and the rainfall which began about the time of the opening hour for the sessions.

Quarterbackers Hear Bill Holmes From Texas Tech

The Whirlwind Quarterback Club heard Bill Holmes of Texas Tech athletic department speak at their meeting Monday night. Holmes beaming with pride from Tech's victory Saturday, told the club members of the fine showing the Floydada boys were making at Tech.

Don Barber did himself proud in the Texas game seeing action in three quarters of the game and turning in a fine performance. Jackie Henry and Stanley Vickers who are members of the freshman team at Tech also saw plenty of action at Fort Hood and did well.

Holmes also had a question and answer session with the group and elaborated on the coming game with TCU Saturday and the prospects for this season of the Red Raiders. Many Floydada fans showed strong interest in the Tech game Saturday and a large number plan to make the trip for the afternoon game.

Quarterback L. F. Gresham took up the need for a new downs marker for Westfield and a quick donation was made of some \$27 to take care of securing same. The club then viewed the Canyon—Floydada film which turned out very clear and good.

Next meeting date is first Monday in October.

LIBRARY NEWS

(By Mrs. Lee C. Goughly) Planning for Christmas this early? If so "American Costume Dolls, how to make and dress them" by Nina R. Jordan will be the answer to your problem if you have little girls on your Christmas list. Typical costumes of eleven important periods in American history from 1620 to today with complete directions for making each one and also dolls to wear them.

Those who love poetry will want to check out Elizabeth Barrett Browning's "Sonnets from the Portuguese and other love poems". Also new in the library is "Memories", an autobiography by Ethel Barrymore. Theatrical history would be incomplete without her own personal story, told with charm, wit and the delight of remembrance.

We are happy to have Mrs. Garland Foster as a member of the library staff. Mrs. Foster has had business training and is exceptionally good at filing, which is very important in library work. Mrs. Foster has a host of friends in the county and we are sure they will enjoy seeing her in the library.

Mrs. Gordon Downing had charge of Story Hour Saturday morning. A large group of children enjoyed stories and games.

Local Post Office To Observe National Letter Writing Week

National Letter Writing Week is scheduled to take place Oct. 2 to 8 this year and the Floydada Post Office will participate in the observance of this popular event, said Postmaster Edward Wester this week.

Letter Writing Week presents unlimited possibilities for promoting good, he said. It is through the medium of letters that the intervening miles separating families and friends are bridged with messages of love, hope and courage. As the result of the observance of Letter Writing Week many home ties are renewed, old friendships recaptured and new ones discovered, said the postmaster.

"If you have been neglecting your correspondence try one of our services by the next day, if mailed here by 3:30 p. m., or we can beat that if mailed by 8:30 in the morning."

Schedules Of Dispatches
8:30 a. m.: This is the best mailing time for quick service to all parts of the U. S.
Air Mail, First Class, Registered, Certified and Packages.
Registered Mail: This is the only registered service to Lubbock each day. Where there is no money value, certified mail gives you better service and the same protection.
10:00 a. m.: Service to South Plains, Silverton, and Lockne. For this service all mail should be in the office before this time as the Star Route leaves promptly at 10 o'clock.

3:30 p. m. Air Mail: Good anywhere especially Ft. Worth, East and West Coast. Air Mail to Dallas will not speed delivery.

First class delivery in Eastern States, Western States, Northern States and in most of Texas. It is only good to Dallas in the eastern and southern part of Texas. Ft. Worth mail is not good until 6:00 p. m. is good sent by air mail. Service is useless to Lubbock at this time, for all but registered mail. Registered Mail: Not good at this time. Certified Mail is. It has the same schedule as first class mail above.
Packages: Not good until 6:00 p. m.
6:00 p. m.: This is the last dispatch and all mail is good anywhere except Lubbock. It is dispatched at 8:30 next morning.
Registered Mail: Good everywhere but Lubbock.
Certified Mail: Same as Registered.
Packages: Same as first class mail.

Colors For Collection Boxes
The Postal Department has authorized new red, white and blue colors to replace the olive green of the past. Storage boxes will remain olive green, however. The new colors will appear in Floydada in all boxes that need refinishing in the near future.

There will also be two collection boxes, added to the town business section, one at the corner of Patterson's Grocery and one at the corner of Goen Drug. This will facilitate business mailing and will tie in with the afternoon dispatches.

The business and city routes have been inspected and changed to give earlier service to some business houses and three blocks of the city delivery has been extended to residence blocks.

One residence block is at 800 West Lee and the others are the 390 and 400 blocks on West Grover.

Residents of these three blocks should contact the post office and apply for this service, as several postal regulations should be met before the delivery of mail. This service will begin on Monday, Sept. 26.

Bird Hunting Stamps
All hunters who plan to hunt this coming season must have a Migratory Bird Stamp. These stamps may be purchased from any of the Post Office clerks at the cost of \$2.00 each.

George Burgett Flying On Far East Mission
George M. Burgett, Floyd County Air Force Man, son of Mr. and Mrs. Lee Burgett, has embarked on one of those trips that are out of this world.

A navigator on one of the big planes he took off from Honolulu for a 17-day flight that will take him to Tokio, the Philippines, Saigon, Bangkok, Calcutta, New Delhi and on to Iran, and back.

George wrote his family recently of his plans, though careful not to divulge any classified information. Observing the customs of the countries through which his crew will travel, with a cargo of the high brass. George said they could take no magazines, no whiskey, no red-haired people, nor dolls in the form of human beings nor bibles.

George had a 15-hour stay on the mainland at Travis Air Force base just before going back to Honolulu when Millie, his wife, and her mother, Mrs. Carmack, met him there. George's present tour of duty will expire in mid-winter. His plans as to re-enlistment are not definite, he has been indicating to his parents.

Mr. and Mrs. Sam Henry of Lubbock were Sunday visitors of Mr. and Mrs. Jack Henry and Mr. and Mrs. Ernest Fry.

Mr. and Mrs. Bob Ewen and boys of Tulla were guests last Sunday of her parents, Mr. and Mrs. W. J. Waller.

Soil Tour Big Event of Today

The annual soil tour for 1935 is being held today with features on soil building and soil practices and cash crop operation conducted with soil building factors.

In addition to the farmers and business people making the tour, aggies from Floydada and Lockney schools are making the trip and a big contingent of Floydada Lions Club members.

The noon-day barbecue dinner will be featured by an address by C. E. Fisher, director of the Spur Experiment Station, one of the soil's experts in the handling of soil and water to get the most from their use on the farm and ranch.

In addition to the address of Mr. Fisher the Floydada Lions Club will make their formal presentation of a plaque to the outstanding conservation farmer of the county for the year.

Unit Conservationist, Joe Harris, and County Agent, W. B. Rodgers, have laid out the itinerary of the trip.

Leaving the agricultural building in Floydada at 9:30 this morning, the caravan travels west a mile to the V. C. McNeill place where a water diversion terrace has been set up, together with a grass waterway to save field erosion.

A mile north of Sandhill the tourists are to see a field of cabbage growing on the farm of Charles Eddy Holmes.

Practices on three farms in the Pleasant Valley area will be seen. At the Chester Mitchell place, soybeans, mung beans, cowpeas in fields and grain sorghums are to be seen.

On the R. C. Mitchell farm the most interesting practice of a hybrid grain sorghum field is on the list.

The Thomas Bros. farm a mile east and two miles north of Lockney features field levelling of shallow lakes which is ready for irrigation.

Paul Cooper, five miles north of Lockney has a field of guar in solid seeding and cowpeas interplanted in grain sorghum, which will be seen.

The last stop before noon is at the Ras Ford farm where a field of pinto is to be inspected.

After the barbecue and speech making the crowd will tour the Paymaster Farms viewing experiments and practices being carried on there in seed breeding and soil building.

Stovall Named City Attorney

Richard F. Stovall has been appointed city attorney by the city council to succeed Royce E. Ball, whose resignation became effective Sept. 15.

Ball had been attorney for the city since March, when he came to Floydada to be associated with Stovall in the practice of law. Stovall resumes a duty which he had performed for six years prior to Ball's coming.

Mr. Ball will practice law in Lubbock.

Olson Is City Judge
O. B. Olson was named city judge by the council in a formal resolution passed at the regular September meeting. He had been acting for the city in that capacity for several months. His salary was set at \$35 per month.

The council, by Ordinance No. 296, ordered the closing of the alley in Block 123. The alley has never been used as such. It accommodates the new elevator and storage plant of the Davis Grain Company on the Q & P tracks between East Hous-

ton and Georgia streets.

For the first month since March the city light and power plant showed an operating profit, with an income of \$11,065.26 indicated against expenditures of \$8,368.35. Light plant expenditures incident to the change over from Delta to Y circuits, extensions and improvements has been heavy since last winter. Apparently the system is over the "hump" with the heavy non-recurring expenses now behind.

Income for the waterworks and other funds of the city lacked \$1,074.28 of making the grade as compared with 1934. The expense items totaled \$9,986.01, the income was \$7,911.74. Here, too, there have been heavy non-recurring expense items, most of which are now past.

Leaks and other work on the water works system that are due to have the attention of the contractor, some of them demanding attention at an early date, are covered by a bond of \$14,300 which does not expire until March of 1935.

The cost of sanitary service for the city during August was \$1,354.40, the income \$1,188.23.

Indiana City Saved 22 Lives

The old savage killer, rabies, stalked the town of Gary, Indiana, last spring in the shape of a meek and swift action of school health officials saved its people from mass tragedy, says Llewellyn Miller. Writing in Redbook for September, she warns that what happened in Gary can happen in any community and suggests vaccination of a city's dog population as the only real means of protecting our children, our pets and ourselves from the rabies danger.

"Friday, March 4, 1935, started like any other weekday in Gary, Indiana. The streets in the prosperous section surrounding the Horace Mann School were empty, but inside the houses there was the usual family bustle to get the children up, fed and off to school.

"Just about dawn William German found a two-month-old German shepherd puppy shivering in his yard. The puppy looked lost and hungry — and harmless. When Mr. Smith reached down to pet him he raked the friendly hand with needle-sharp teeth and fled.

"By 8 o'clock the puppy had covered another 10 blocks and was frolicking on the school lawn. Although he had bitten Mr. Paul Pleska on the heel, and had nipped Mr. Walter Hoskins at the ankle, his actions so far had aroused no suspicions. He was not wild-eyed frothing or snarling. His attacks seemed no more than the excited advances of any puppy eager for play.

"When the puppy flashed past 11-year old Angela Rodaro, leaving four striking tooth marks on her heel, she went dutifully to the nurse's office, reaching it at exactly eight o'clock, just as Miss Winifred Harrison was unlocking the door.

"Miss Harrison did not like what she heard of the puppy's behavior. Even before dressing Angela's small wounds, she dispatched a janitor to catch him. This was a tough assignment. The school is big, serving over 2,500 pupils and the puppy was moving fast through the laughing shouting crowds of children. While the janitor was looking outside, the puppy was dodging down the long inside corridors, yapping, jumping, scratching and nipping.

"Fortunately, the youngsters at Horace Mann School are well trained. By 8:10 they were pouring into the nurse's office for first aid and

Leibfried's Peach Tree Does it Again

Lorin Leibfried's double crop peach tree has done it again, and for the fourth year in succession.

The tree's early crop is always a great big luscious peach, with seed of the usual size and conformation. But the second crop is a small, tart peach with seed that have the conformation of a peach seed but about the size of an apricot seed.

To make the two crops the tree sets a crop of the big kind then blooms for the second. Leibfried didn't buy that kind of a tree particularly and he doesn't do anything about it, except just to pick 'em and eat 'em when the time comes.

One thoughtful thing Mr. Leibfried does. He always brings some samples for the newspaper man to have something to put his teeth into.

October Plentiful

COLLEGE STATION, Sept. — Featured spots on the USDA's October plentiful foods list go to pork, rice and potatoes. But, according to Mae Belle Smith, specialist in consumer education for the Texas Agricultural Extension Service, generous supplies of beef, broilers and fryers, canned tuna, pinto beans, cheese and other dairy products are available. Too, grapes and vegetable fats and oils are in heavy supply. The Texas sweetpotato crop is moving and supplies make it a good buy. Homemakers, because of the many dishes in which sweetpotatoes can be featured, should find this root crop a food bargain. The monthly plentiful foods list is based on a survey of food stocks in the major trade territories of the region.

Bond Refund Paid to County

Refund from the state county and district bond refunding account has been received by Floyd County, amounting this year to \$34,163.93. Of this amount \$4,857.14 was applied to the county's debt before the refund check was written. The remainder of \$29,306.79 was sent out in the form of a check. The amount has been credited to the road and bridge fund and is drawn on by the commissioners as it is needed. Labeled "for road construction" the fund is used in practice in similar manner to other funds which accumulate to the credit of the road and bridge funds.

BIG GATHERING OF SCOTTISH RITES MASONS AT EL PASO

El Paso Scottish Rite Temple will be the scene of their 100th reunion Oct. 17 through 20. Plans are being made for this to be one of the greatest of the El Paso Masonic gatherings, said Grand Secretary E. A. Wells in a message to C. L. Berry. A large class of new candidates is expected. All members who have received their 32nd degree are cordially invited to attend. An unusual amount of entertainment will be provided for the wives, mothers, sisters or daughters of all Scottish rite Masons or candidates.

BETHEL BAPTIST CHURCH REVIVAL STARTS SUNDAY

Rev. C. R. Brown, pastor of Bethel Baptist Church, announced this week their revival will get underway Sunday, Sept. 25. Services will be held each evening at 7:30 with Rev. E. L. Minor of County Line Baptist Church preaching. The pastor and congregation extend a warm welcome to the public to come out and worship with them and enjoy the old time preaching. Bethel Baptist Church is located 2 blocks north of Peoples Hospital in Floydada.

Visiting in the J. T. McLain home Sunday and Monday nights were Mr. and Mrs. D. P. Rickman of Pochontas, Ark., and their daughter and husband and baby of Alabama, the Ray Horsemans. The Rickmans and Horsemans visited Monday with Mr. and Mrs. J. C. Williams of near Dimmitt. Mr. Rickman is a cousin of Mr. McLain and Mrs. Williams. Mr. and Mrs. J. E. Brown and daughters of Lubbock and the J. H. McLains of Sand Hill visited Sunday afternoon with the J. T. McLains and their company.

Mr. and Mrs. J. C. Wester will leave this week-end to visit Mr. Wester's mother in Sulphur Springs and their two sons and their families. Dr. and Mrs. Bill Wester of Weatherford and Dr. and Mrs. James Wester of Garland.

SQUARE PEG

The mother of a delightfully normal youngster was somewhat disturbed because the lad showed no obvious traits of genius. She was firmly resolved that he must become a Great Something or Other, but wasn't quite sure as to the direction his activities should take. Finally she decided to enroll him for a series of aptitude tests.

As the tests progressed, the fond mother explained, "Now, Roland, soon we'll know what you will be happiest doing when you grow up." "Oh, Mother, I already know that," the boy replied. "I just want to keep taking aptitude tests. They are a lot of fun!"

THIS IS PEOPLE?

A six-year-old girl submitted the following composition on "people" to her teacher:

"People are composed of girls and boys, also men and women. Boys are no good at all until they grow up and get married. Men who don't get married are no good either. Boys are an awful bother. They want everything they see except soap. My ma's a woman, and my pa is a man. A woman is a grown up girl with children. My pa is such a nice man that I think he must have been a girl when he was a boy."

SMALL WORLD

A group of American tourists were being guided through an ancient castle in Europe. "This place," they were told, "is 600 years old. Not a stone in it has been touched, nothing altered, nothing replaced in all those years." "Well," said one woman drily, "they must have the same landlord I have."

ROBERT H. MITCHELL, M.D., F. A. C. P. Announced the opening of offices in The Skaggs Building, Plainview, Texas, Suite 202-4. CA-4-7414. Practice limited to Cardiology and Consultation. Hours by appointment.

Outside our bedroom window the other morning, we noticed a small toadstool. These pop out from time to time, so we might have forgot about it if it had not grown so very fast. The second day it was twice its original size, and a companion stool stood nearby. By the fourth day, it had reached the size of a dessert plate and its running mate was plodding along a day or so behind. We half-expected to see a miniature Alice-in-Wonderland seated on it swishing her feet off the side.

By now it has stretched to its own limit, is no longer cupped around the edges, but has spread until the outer rim is torn. Today it resembles a meringue-covered pie that has browned overlong. And underneath, the dark-fluted lining has lost its delicate charm.

Toadstools, or mushrooms, or fungi, as they are variously called, are probably among nature's least understood freaks. We got curious about this one and went to the encyclopedia to find out how come and why. Best we could make out, our new specimen might be a pasture, or horse mushroom. The smaller ones that appear in our yard may be fairy-ring mushrooms, or else the death angel. We are entranced by the names of these fungus-type plants, which, the book says have no chlorophyll of their own and feed on other plant growth. They may replenish themselves for hundreds of years. They may be edible or extremely poisonous, beautiful or hideous, and only an expert can distinguish the good from the bad.

About all we got out of this research into the world of fungi was that we'd best never step on another one (that's just what they want us to do; it helps them spread), and that toadstools, like people, aren't always what they seem.

Refreshments of punch and cake were served to Ronnie and Gary Dell Marr and Carol Cooper, of Lockney, Brenda and Karen Willis Beverly, Joe Mack and Pam Breed, Craig Turner, Juandell Norvelia, Darlene and Joy Dale Willis. Others present were Mmes. Doyle Turner, Kenneth Willis, Frank Breed, Emmitt Willis, J. B. Grundy and Mr. and Mrs. R. E. Marr of Lockney.

BIRTHDAY PARTY IS GIVEN DONNA GAYLE WILLIS MONDAY

Mrs. Dave Willis honored her daughter, Donna Gayle, with a party on her fourth birthday, Monday, September 12.

Mr. and Mrs. Oliver Allen spent last week-end in Odessa. They were guests of their son and his family, Mr. and Mrs. Irvin Allen.

Mrs. Lewis Reddy Is Complimented At Coffee-Shower

Mrs. Lewis Reddy, the former Ann Deakins, was honored with a coffee shower Wednesday morning, from 9:30 until 11:00 o'clock in the lovely home of Mrs. Grady Walker, 517 West California.

Guests were greeted by Mrs. Walker and presented to the bride, her mother, Mrs. J. G. Deakins, the groom's mother, Mrs. Clarence Reddy, the bride's grandmother, Mrs. J. R. Maddox and the groom's grandmother, Mrs. L. L. Switzer.

Each was presented with a corsage of yellow chrysanthemums by the hostesses. From a table laid with a cut-worked cloth, coffee, tea, finger orzels, bread wrapped olives and banana nut bread were served. Mrs. Tate Jones presided at the sterling silver coffee service. She was presented with a corsage of yellow chrysanthemums by the hostesses. Finishing the table decorations was an arrangement of yellow chrysanthemums with autumn leaves and figurines of a bride and groom. Mrs. Bill Norman presided at the register table which had an arrange-

ment of yellow chrysanthemums in a sterling silver vase. Mrs. Charlie Lewis was in charge of the gift display.

Hostesses for the occasion were Mmes. Grady Walker, Tate Jones, Bill Norman, Charlie Lewis, A. E. Guthrie, Homer Steen, Ott Glassmoyer, Bill Baker, Cecil Hagood, Corner Oden, S. N. Caruthers, Richard Stovall, Wallace King, Polk Goer, and Walton Hale.

Approximately 110 guests registered and sent gifts.

AT CONE TONIGHT 'See How' Night Demonstration Is Announced

Bryant & Smith today announced that they will conduct a special Ferguson "See How" Night demonstration tonight at Cone, Texas. Smith said that he decided to put this special demonstration on at night so that it would not interfere with the farmers' busy daytime schedule.

In addition, he said, special never before-used demonstration devices and techniques will be applied so that farmers will get a clear picture of the Ferguson System.

The "See How" demonstration, he explained is designed primarily to show the farmers of the area the advantages of the new Ferguson "35" Tractor with its exclusive 4-way Work Control. He said that all farmers in this area and their families are welcome. Special attendance prizes, movies and refreshments are added features for the evening.

Ferguson experts will be present to explain the tractor as it is put through its paces, Smith said. They'll help show how 4-Way Work Control (Quadrant Control, Variable-Drive PTO, "2-Stage" Clutching and Dual-Range Transmission) can help modern farmers farm more, work less.

Visiting Ferguson personnel who will be on hand at the demonstration will include Earl Hogge, president of Farm Equipment Company, Dallas.

Dr. and Mrs. W. F. Patrick and family had as their guests last Saturday, Dr. Patrick's parents, Mr. and Mrs. W. S. Patrick of Lubbock.

Sand Hill News

(By Mrs. James Jeffress)

SAND HILL, Sept. 20 — Another shower fell in the Community Saturday night. Everyone was satisfied with it. The measurements were from 1 1/2 inches north of the store to 2 1/4 inches on the south. Most of the wells were shut off this week.

Mr. and Mrs. H. F. Jackson were the guests in the home of Mr. and Mrs. W. R. Billington Tuesday evening.

Mrs. Verlon Spears of Lampasas was visiting in the home of her son and family, Mr. and Mrs. J. T. Spears a few days last week. Janis and Johnny returned home with their grandmother to spend two weeks.

Mrs. Johnny Miller visited in the home of her daughter Monday in Tulsa. She returned home Monday night.

H. F. Jackson and Wayne Billington made a business trip to Loring Tuesday night.

Mrs. Roy Smitherman and children of Abernathy visited in the home of her sister, Mr. and Mrs. Monroe Schulz and family last Wednesday.

Sand Hill H. D. Club Meets

The Sand Hill Home Demonstration Club met Wednesday afternoon at two o'clock in the club room with Mrs. J. T. Spears serving as hostess. The club voted to send money to their patient at Abilene this month. A social was planned by the club to take place Oct. 25 at 8 o'clock p.m. This will be a tacky and 42 party. The recreation committee was asked to complete the plans. The committee consists of Mmes. C. B. Carmack, Johnny Miller and Fred Jackson.

All members were asked to be thinking about the fair and start collecting things for a booth. It was announced that the next meeting will also be Pollyanna day. Everyone come and bring their gifts. A hat making demonstration will be given Thursday at an all day meeting in the home of Mrs. James Jeffress, by Mrs. Lynn Miller. It will begin at 10 a.m. with everyone bringing a covered dish. Mrs. Brummett met with the club and gave an interesting demonstration on uncooked preserves.

Refreshments were served to Mmes. Lynn Miller, Orba Miller, H. F. Jackson, Wayne Billington, James Jeffress, Mrs. Blair, C. B. Carmack, J. T. Spears, Pat Bullock, M. B. Swanner, Walter Knight and Mrs. Brummett. The next meeting will be Sept. 28 with Mrs. M. B. Swanner as hostess.

Mr. and Mrs. Lynn Miller and Ronnie left Sunday for Tulsa, Okla. to spend a few days with Mrs. Miller's parents.

Sunday dinner guests in the home of Mr. and Mrs. Orba Miller and family were Janice Miller, Mr. and Mrs. H. F. Jackson and Jim Holmes. Mr. and Mrs. W. R. Billington spent Sunday in Memphis attending a reunion. They reported seeing many old friends and enjoyed visiting for the day.

Mr. and Mrs. C. B. Carmack enjoyed the ball game at Quanah Friday night.

Mr. and Mrs. Fred Jackson's new home on the Sand Hill road is about to be completed. They are trying to get settled in their beautiful home this week.

Lots of Tomatoes Seen

Quite a few tomatoes have been seen around the Rafe Ferguson home this week. Guess they will be busy with them for the next few weeks.

Mr. and Mrs. Monroe Schulz and family spent Sunday visiting her parents, Mr. and Mrs. E. H. Forester near Lubbock.

Those enjoying a hamburger supper in the home of Mr. and Mrs. James Jeffress Saturday night were Mr. and Mrs. Monroe Schulz and family and Mr. and Mrs. J. R. Turner and family.

Mr. and Mrs. M. B. Swanner and Nancy Jenkins were in Lubbock Sunday afternoon visiting their son Kenneth who is attending Draughtons Business College. They also visited relatives in Ralls.

Miss Nelida Rhea visited in the home of Patti Adams Sunday.

Mr. and Mrs. Monroe Schulz and family visited in the home of her sister and family, Mr. and Mrs. Roy Smitherman at Abernathy Friday night. The Schulz family then went on to Littlefield where they attended a Stanley Bingo party for the district.

Sunday dinner guests in the home of Mr. and Mrs. James Jeffress were Bro. E. O. Adams and family and Jerry Kidd all of Plainview. Visiting in the afternoon were Mr. and Mrs. J. R. Turner and family and Jim Jeffress of Silverton.

Visiting in the home of Mrs. M. B. Swanner Thursday were Mrs. William May, Mrs. Curtis, Mrs. Mattie Baird, Roy Slater and James Jeffress. Calling in the afternoon were Mrs. Dale Stringer and Mrs. Dorothy Rhea.

Dinner guests in the M. B. Swanner home Thursday were Mr. and Mrs. Roy Slater and Mattie Baird.

Mr. and Mrs. Walter Simmons of Lubbock were visiting Mrs. Simmons' parents, Mr. and Mrs. J. T. Huckabay, Sunday. They attended church at Sand Hill.

Mr. and Mrs. Kirk Slater of Ralls were at church Sunday also. They were visiting in the home of her parents, Mr. and Mrs. M. B. Swanner.

Mr. and Mrs. James Jeffress and family were the supper guests in the

home of Mr. and Mrs. Shafe Weaver and family in Silverton Thursday night.

Mrs. Olin Baird is coming along nicely this week. We hope to see her back at church in the near future.

Mrs. J. T. Spears was in Lubbock Monday shopping.

Attendance Good In Church

The attendance at the Baptist Church was up again Sunday. There was a good crowd at both services. We are all proud to have Jerry Kidd of Wayland as a member of the church now. Jerry is the Music Director of the church.

Gene Riddlehuber of Lubbock was the dinner guest in the James Jeffress home Monday.

Visiting in the home of Mr. and Mrs. M. B. Swanner Monday were Rev. and Mrs. Rowland Swanner of Edmondson.

Mrs. Ross Yandell and children of Plainview were visiting in the home of her parents, Mr. and Mrs. W. R. Billington Tuesday.

Mr. and Mrs. Monroe Schulz and daughters made a business trip to Lubbock Tuesday. While there she enjoyed shopping and purchased tickets for the ice show during the Lubbock fair next week.

Around Town

(By Jennie Henry)

Indigestion ran high at the Methodist Church last Wednesday when 30 members and their guests enjoyed a luncheon of foods representing many different countries.

Some of the foreign dishes were: Sauerbraten (Germany), Curried Chicken Puerto Rico, Italian Spaghetti and Italian Lasagne (Italy), Green Chinese Rice (China), Indonesian Salad (Indonesia), Swedish Meat Balls (Sweden) and Spanish Green Beans (Spain). There were several American foods including soup-of-gun stew.

Prior to the luncheon the group enjoyed a program, led by Mrs. Carl Minor Jr. on "Revolutionary Faith." This marked the beginning of a two months mission study.

Mrs. Jack Coffman spoke on Hinduism, Islam and Buddhism. Mrs. John Kimble discussed Materialism, Nationalism and Communism. Mrs. Jimmy Willson gave the story of "A man without a Castle" which concerned the agricultural work being done in India.

From all reports the program and luncheon was a huge success.

Nice to see Jim Potts back in town again after another visit to the hospital in McKinney.

Three cheers for the swell job the committee has done in furnishing the club house at the Country Club. There are a few pieces of furniture which have not arrived and they still lack a few of the accessories but even so it still looks super!

One of the most welcomed additions

to the club house are the window screens.

The three women serving on the furniture committee were Mrs. Alma Holmes, Mrs. J. H. Barnard and Mrs. Jimmy Willson.

The club house is for the members to enjoy. It has involved a great deal of money and time—and I might add, many headaches from the beginning of the remodeling program up until now. Let's all take care of it!

Mrs. E. F. Stovall, who incidentally is such a fine person, entertained several out of town guests last week among them were her daughter, Mrs. J. P. Williams of Roswell, New Mexico, and a friend, Mrs. Mabel Roberts, also of Roswell.

Probably the most important guest was her grand-daughter, Mary Lynn Williams who brought along her college roommate, Dorothy Davis. The girls are enrolled in Duke University in Durham, North Carolina.

An item of interest came our way just recently — Charlie Simms, who is a fairly new addition to the KDUB-TV staff, is the son of Mr. and Mrs. O. B. Simms and a brother of Mrs. Carl Jarrett and Mrs. J. W. Walker.

His duty is announcer-director. While not before the cameras, Charlie may be found on the director's podium, calling the shots you see in your living room.

Recipe for longevity: "Just keep on breathing."

Speaking of recipes, here's an unusual one that Margaret Henry gave me

Cheese Roll:
1 lb. round cheese,
3 oz. pkg. cream cheese,
2 cloves garlic,
1 cup nuts,
Salt to taste.

Run round cheese, garlic and nut through a food chopper. Mix together with cream cheese and shape in roll. Roll in chili powder and wrap in wax paper. Chill, slice and serve on crackers.

Chatted over the phone with Mrs. Roy Woods and she reports that her grandson, Kenneth Hartley, who underwent surgery last week is doing nicely.

Due to the fact that my husband is about to hire a blonde secretary, I am forced to resign my work for the Hesperian and go to work as his secretary.

The column has been fun—Hope it has enlightened you from time to time about the happenings "Around Town."

TEXAS AGRICULTURE PROGRAM

Department of Agriculture is inaugurating a new marketing program designed to help farmers dispose of their commodities in these times of economic change.

One or two years ago, the emphasis was switched to a more extensive program of marketing which is a whole new set of ideas.

Acres of Texas land planted to cotton and a main cash crop have been set to lesser commodities planting allotments and restrictions. These "new" crops are unfamiliar to the farmer. In such a market, the outlet must be found, and the marketing division of the department will be making a survey of these and possible markets. The department will be making information for the farmer.

Many farmers whose crops have failed will find a market for their produce in the new marketing program. The marketing division will be making a survey of these and possible markets. The department will be making information for the farmer.

Brothers, Sister Together Again After 50 Years

The children of the late Young County pioneer, W. B. Snodgrass, had several days together here and at the old home site near Graham last week for the first time in more than 50 years.

It was in the period 1901-2 that the three brothers and one sister were together last.

The sister is Mrs. Carr Surginer of Floydada, where the group spent two or three days before finishing up the reunion at their former ranch home in Young County.

The brothers are George Snodgrass, of Sacramento, California, Hugh Snodgrass of Brownfield, and Will Snodgrass of Socorro, N. M. George and Hugh were accompanied on the trip here by their wives.

While in Young County the party spent some time with Mrs. Rachel Ivey and Mrs. C. Surginer, sister and mother of Carr Surginer.

Jack W. Minor Is Sales Manager of Dodge Division

DETROIT — The promotion of Jack W. Minor, director of advertising and merchandising for Dodge Division, Chrysler Corporation, to the newly-created post of sales manager in charge of advertising, merchandising and related sales activities, was announced today by Byron J. Nichols, vice-president and general sales manager. His new duties will concern themselves with all phases of these activities for both Dodge passenger cars and Dodge trucks, Mr. Nichols announced.

In his new capacity as sales manager, Mr. Minor's responsibilities will be broadened to include dealer relations, customer and public relations, as well as working directly with the Dodge Dealers' Advisory Council, coordinating factory and dealer cooperation and activities.

Notwithstanding his youthful 35 years of age, Mr. Minor has had extensive and varied experience in the advertising, merchandising and sales fields. He is a native of Kansas City. Prior to three and one-half years service in the U. S. Navy during World War II, he attended the University of Kansas. Minor is married, has two daughters, and resides in Birmingham, Michigan.

but it gives us much joy to see the children and grandchildren of our friends of yesterday.

The kitchen has been cluttered up with jars of canned fruit and vegetables, jar lids and rings, big pots and little pots of canning. I am getting tired and this Monday morning it is too wet to get in the garden so I will try to catch up on some over-due writing. The rain was grand. No watering to be done this week, much time saved not to speak of money. Free water from the skies how thankful we all should be.

Do you remember the kind of caps we used on our jars for sealing them? How we burned our fingers trying to slip the rubber ring to place. Many times when we were canning we would run out of rubber rings. We took an old felt hat, used a ring for a pattern and cut one from the felt. Pretty fair seal for plums and grapes. I have some jars that are a beautiful blue color. They are perhaps some fifty years old pretty enough to use for ornaments as well as for their sentimental value. We thought at that day things kept better in blue colored jars. Don't see how they survived the strenuous days on the farm, but am happy they did.

Do you recall we used vinegar in our canned beans to make them keep? Not too good but tasted pretty good when no green things were to be had. I have a little crock jar that grandmother Jones used for preserving peaches and other fruits. She sealed the lid with melted sealing wax. But mostly vegetables and fruits were dried under the hot sun and till this day I can go to the attic at grandmothers and smell the heavenly scents of dried peaches in white flour sacks, rattle the dried corn and beans and peas in their sacks, dip my fingers in the five gallon crock jar and bring out delicious bits of preserved peaches, dripping with sweetness. It was a wonderful place, that attic.

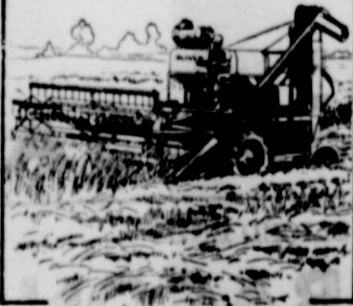

I could lie close under the roof and read one of the paper back novels of that day which one was not really supposed to read, but today they seem pretty mild compared to the really bad books of this era. The rain would sometimes patter on the shingles. I could smell grandpa's pipe, hear grandmother call to the children, look out the tiny window and see Aunt Mirt go to the woodpile for a few mesquite sticks to cook our dinner.

I felt so secure. My world was one of love and peace and plenty for that time. Peanuts were to be had by reaching in another sack. I knew yellow pumpkins would make into pies, long crook-neck squashes would bake in the oven and butter and sugar would make them a feast. Aunt Mirt might even make a chess pie altho this dainty was usually saved for weddings and Christmas dinners. Tom and Eli might come in with some prairie chickens and quail from the shinnery. Uncle Tom might bring in a dressed antelope. "Tempest and Sunshine." "Her Only Sin." The magazine called Comfort that had portions of paper back novel stories in each issue. How lovely to be at grandmothers' and do as I wanted.

If there is anything prettier than blue morning glories I have to see them to be convinced. These cool days they stay open most all day adding beauty to long hours. You just can't be too blue and unhappy of a morning when you look out and see morning glories opening.

Dougherty News

(By Mrs. W. J. Ross)

DOUGHERTY, Sept. 20—This area received rain in beneficial amounts Saturday afternoon and night. The south part of the Antelope Community reports from one and one-fourth inches to two inches. The immediate area of Dougherty from one and one-half to two inches, while northeast of Dougherty reports from two to three inches.

The community club met Thursday evening with the president, Mrs. Howe Hines, presiding. During the business session it was decided to sponsor a community booth at the Floyd County Fair, not just as a club project but as a community-wide project. So if you live in the community we need your help. We need the best and most uniform of your home grown products. Your cooperation in this project is respectfully solicited.

Halloween Carnival

The October program of the community club is to be a Halloween carnival. It is the responsibility of the program committee to plan this carnival. Your cooperation is solicited for this event. The money received at the carnival is used by the club to defray the expense of the Christmas party and in connection with our sponsorship of the lunchroom and school. The date of the carnival has not been set.

Following the business meeting of the club a watermelon feast was enjoyed by those present. Enough melons were given the lunchroom so the pupils could be served Friday.

The McNeill, Scott, Hines, Tiner, Crawford, Covington, McIntosh and Ross families were present.

Mr. and Mrs. J. E. Newton visited in the home of her sister, Mrs. O. R. Dorsey and husband of Henrietta during the week-end. While there they attended a pioneer celebration. They enjoyed visiting with a large number of friends.

Mac Ward and son, Richard, returned Sunday from visiting relatives at Oklahoma City and Davenport, Okla. They enjoyed a hunting trip while gone.

Saturday Mrs. Howe Hines attended the Floyd County Home Demonstration Council and made the report for the Dougherty Club.

Mr. and Mrs. Ned Bradley visited in San Antonio and other points down-state from Friday until Monday.

Mr. and Mrs. Wayne Ward, Mrs.

Floyd County Hesperian, Floydada, Texas, Thursday, September 22, 1966

Mac Ward and Mr. and Mrs. Robert Ward were Lubbock visitors Saturday.

Mr. and Mrs. Virgil Scott, Ceman and Ethel visited relatives at Roaring Springs Sunday.

Mrs. G. C. Tiner returned to her duties in the school room Friday after an absence of two days because of illness.

Mrs. Ira Litch is improving from an ankle injury she received recently in a fall.

Mr. and Mrs. W. J. Ross, Bob and Bill, visited in Plainview Saturday.

Harold Woodson, Russell Crawford and Mesdames Crawford, Poole, Emert, Covington and Ross attended the annual district association of the Baptist Church at Lockney Sunday.

Mrs. Dick Carpenter of Matador was honored with a layette shower at the home of Mrs. Tate Jones Friday morning.

Wednesday afternoon Mrs. Kenneth Poole honored her son, Lance with a party celebrating his fourth birthday. Children present were Cindy Ward, Robert Covington, Randa Sutton, Jim and Jacque Crawford, Kreis McIntosh, Junior Warren, and James and Ray Hinton.

Mr. and Mrs. F. M. Covington visited their daughter, Mrs. Warden Mayes and family at Big Spring Monday. The Mayes family were leaving for College Station where Warden will be a senior at A & M this term.

Mr. and Mrs. R. T. Jones and children visited Mr. and Mrs. Drew Cumbie of Cone Monday evening.

Mr. and Mrs. Roy Crawford and children visited Sunday with Mrs. Crawford's father who is sick.

Mr. and Mrs. Howard Drysdale were Lubbock visitors Monday.

Dr. and Mrs. J. W. Harper were guests last week of his sister, Mrs. J. L. Heim.

Band to Compete At Lubbock Fair

LUBBOCK — Floydada High School Band composed of 77 pieces is one of the first area bands to enter the competition for \$600.00 in cash prizes which will be offered in conjunction with the area-wide "Parade of Bands" to be held here on the opening day of the Panhandle South Plains Fair, Sept. 26.

Maurice Jones, Band Director notified parade officials that the marching unit will enter Class AA competition with other outstanding Class AA bands throughout the area.

Mrs. Lamar Haines of Springfield, Colo., visited recently with her parents, Mr. and Mrs. Walton Hale.

CAREERS THROUGH MATH and SCIENCE

Parents... do you want to help your children choose their careers wisely? Then encourage them to take enough math and science in high school to qualify for any college courses.

Most professions now require training in these subjects. To work toward a career as an engineer or scientist a good preparation in math and science is essential.

Remember—America needs engineers now and will for years to come.

Death Toll Is Three In Week

Funeral Service This Afternoon for Mrs. Rogers

Funeral services will be held this afternoon at 4:00 p. m. at the First Baptist Church for Mrs. D. F. Rogers Sr., pioneer of Floyd County, who died September 20.

Mrs. Rogers suffered a heart attack and passed away at 8:15 p. m. in the Peoples hospital where she had been confined for about a month.

Dr. Earl Allen will officiate with Rev. Tommy Allen of Ralls assisting. Mrs. Rogers was a member of the First Baptist Church of Floydada.

Born Annie Glover July 1, 1888 she was the daughter of Mr. and Mrs. D. H. Glover of Floyd County. She was married to Floyd Rainer and to this union were born two sons, J. D. of Wichita Falls and R. C. of Stockton, Calif.

After the death of Mr. Rainer she was married to D. F. Rogers Sr. at Merkel, Texas, in 1910. Mr. and Mrs. Rogers moved to Floyd County in 1917 and were engaged in farming until about 1940 when they moved into Floydada. Mr. Rogers passed away in 1944.

To this union were born seven children. They are Miss Opal Rogers, Mrs. Parnell Powell, and Mrs. Neely Richardson all of Floydada, Kenneth Rogers of Denton, D. F. Rogers Jr. of Lubbock, Mrs. B. E. Powell of Ralls and Mrs. Bruce Burrows of Oatis, Kansas.

She is survived by the nine children, three step-children, Mrs. H. A. Shipley of Dumas, Wiley Rogers and Mrs. Fred Lambert of Floydada; 32 grandchildren and 18 great-grandchildren.

Also surviving are two sisters, Mrs. Ben Marrs of Paducah and Mrs. Herman Williams of Odessa; five brothers, Jess Glover of Dougherty, K. O. Glover of Floydada, Garland Glover of San Angelo, Joe Glover of Lilla and Ted Glover of Lubbock. Pallbearers and honorary pallbearers will be the grandchildren of Mrs. Rogers.

Mrs. Rutledge Is Claimed; Funeral Sunday Afternoon

Funeral service for Mrs. O. P. Rutledge, 66, was held Sunday afternoon at 5 o'clock in the First Christian Church with Rev. W. D. Reaves, pastor, officiating. Burial was in Floydada Cemetery under the direction of Harmon Funeral Home.

Mrs. Rutledge died at 5:30 a. m. Saturday at her home following a heart attack. She had been in ill health for three years but was thought to be recovering.

She was born Due Ramsey, March 21, 1889 in Grandview. She married O. P. Rutledge June 12, 1912 in Tahoka. The couple moved to Floyd County in 1915 from Amarillo, and this has been their home since.

Mrs. Rutledge was a member of the First Christian Church and a charter member of the 1922 Study Club.

Survivors include her husband; three sons, Sam of Amarillo, O. P. Jr. of Corpus Christi, and Randolph of St. Louis; one daughter, Mrs. John R. Mast of Midland; one brother, Sam Ramsey of Tahoka; one sister, Mrs. R. P. Weathers of Lubbock; and eight grandchildren.

Pallbearers were Mark H. Martin, Greer Christian, J. G. Wood, Glad Snodgrass, Fred Zimmerman Jr., J. C. Wester, Kinder Farris and Lon Davis Sr.

Flomot District Has 26,000 Acres in Floyd County

That portion of Floyd County which is within the Flomot Independent School district and pays taxes for school purposes to that district has a total rendered land area of 26,156.79 acres.

This land is on the Flomot district rolls at \$190.740 and is due to pay \$2,861.10 in Flomot school taxes, assuming 100 per cent collections.

The tax rate of the district is \$1.50 on the \$100 valuation. County Assessor-Collector T. T. Hamilton assesses and collects for the Flomot District on its Floyd County roll, at a cost to the district of 1 per cent for assessing and 1 per cent for collecting.

The total bill for this year for this service will be \$57.22 if all the tax is collected.

Mr. and Mrs. Ben Whitaker of Smyer spent last Friday here visiting her parents, Mr. and Mrs. J. J. McKinney Sr. Mr. Whitaker also spent part of the time at his farm near Lockney.

Harold Snell of W. T. S. C. at Canyon spent the week-end here with his mother, Mrs. G. M. Armstrong.

Attack is Fatal To Floyd Ballard; Rites Yesterday

Funeral service for Floyd Ballard 63, was conducted yesterday afternoon at 2:30 o'clock in the First Methodist Church with Rev. Tilden B. Armstrong, pastor, officiating. Burial was in the Floydada Cemetery under the direction of Harmon Funeral Home.

Mr. Ballard died at 6:55 a. m. Tuesday in Peoples Hospital following a heart attack nine days ago.

He was born November 20, 1891 in Kansas. With his family he moved to Crowell in 1908. He married Miss Myrtle Mae Goughly, November 8, 1925 in Thalia. The couple moved to Floydada in 1930. Mr. Ballard has been in the concrete business here since.

Survivors include his wife; one daughter, La Faun Ballard, of the home; three foster sons, Floyd and Eugene Lawson, Floydada, and Theodore Lawson, Lubbock; three foster daughters, Mrs. W. O. Baker Floydada, Mrs. W. L. Hallmark, Lamesa, and Mrs. J. F. McKinney Amarillo; three brothers, Jack Ballard Odessa, Lewis and David Ballard, Crowell.

Pallbearers were Hubert Davis, A. O. McAda, Bill Martin, L. T. Hickerson, Ted Rutherford, and Wayne Bennett.

Floydada Ropers Win 4-Club Match

The five man team representing the Floydada Roping Club were really throwing their loops Sunday afternoon, Sept. 18 at Turkey. Other clubs represented were Clarendon, Silverton and Turkey.

Each team roped 10 fresh and frisky calves. Floydada won with a total time of 194.7 seconds. Silverton was second with 215.1 seconds, Clarendon third with 260.4 seconds and Turkey finished fourth with 346.6 seconds.

All the ropers from Floydada roped Sunday with Ras Ware and Billy Kirk setting a record. Ware's average on two calves was 11.2 seconds and Kirk's average was 12.1 on two calves.

Floydada has roped all the roping clubs in this part of the country this year. The only defeat they have had was from Silverton and it back-fired Sunday.

Floydada has several young ropers working out. With a little more experience and practice, they will be able to hold their own in any arena anywhere.

Mrs. Lute Ellis, Miss Bell Brown Bob Brown, all of Lorenzo and Grover Smith of this city, were Sunday guests of Mr. and Mrs. Ham Smith. Mrs. Ellis is associated with the Lorenzo Tribune.

Mr. and Mrs. Joe O. Smith had as their guest over the weekend their son, Freddie Smith of Dallas. The Smiths are recent additions to the community life, having moved here from Paducah.

Collins Praises Produce Grown On Farms Here

There isn't any doubt that Floyd County soil will produce tomatoes and onions that are out of this world, and it seems most likely that the same may be true of lettuce, cabbage and other truck.

This is the opinion of T. P. Collins, veteran grocer, who is buying from the local producers and finds the produce meeting the most exacting demands.

For flavor locally grown tomatoes are far and away better than any tomatoes he has been able to obtain from other produce growing areas and the same is true of the onions produced here, Collins says.

Demand Picking Up
John W. Kimble, who is one of several farm operators who are experimenting with tomatoes, onions, bell peppers, cabbage and cucumbers, says that as the news spreads and bigger distributors learn of the local production the calls are beginning to get more numerous.

Dr. Kimble is an officer of the local growers marketing association and is associated with Rafe Ferguson in several plots of produce as well as in general farming operations. He says that truckers are beginning to make inquiry here now and that some of the better known marketers are also becoming interested.

Dr. Vernon Shaw To Be Associated With Orphanage

Dr. and Mrs. Vernon Shaw have recently moved to Dallas where he became associated, Sept. 15, with Buckner Orphans Home and Benevolences in the office of public relations.

Dr. Shaw is well known to Texas Baptists having been a pastor for more than 30 years. He served four years, 1937 to 1940, as pastor of the First Baptist Church here. His other pastorates were Levelland, Snyder, Memorial Baptist Church, Temple, First Baptist, Kerrville and Park Heights, San Angelo. He was also connected with Texas Baptist

Children's Home for three years.

For the past year he has been with Decatur Baptist College as assistant to the President. He is a graduate of Wayland College and Howard Payne College, the latter conferring the doctor's degree in 1953.

In connection with Buckner Orphans Home he will not only serve in public relations but as field representative and will be able to do supply work and serve as interim pastor. He will also be able to hold revivals as his schedule permits. "We are grateful for the coming of Dr. Shaw," writes Dr. E. L. Carnett, president and general manager of Buckner Orphans Home. "And feel he will be of great service, not only to Buckner Orphans Home and benevolences, but to all our Baptist work in general."

Dr. and Mrs. Shaw visited recently in Floydada with her parents, Mr. and Mrs. F. M. Price.

The Shaw's home address is 9625 Carnegie Drive, Dallas, and his office will be Buckner Orphans Home, Route 4, Dallas 18, Texas.

5th GRADE GIRLS 4-H CLUB

(Irma Sue Morrison Reporter)
The girls of the fifth grade met last Tuesday at Ward School to organize a 4-H club. Any girl, 10 years of age or older, can join the club. They select as their project cooking, sewing, canning or caring for an animal.

Officers elected were: Janice Trapp, president; Gloria Sparks, vice-president; Rita Colley, secretary; Jennifer Henry, song leader; and Irma Sue Morrison, reporter.

Ginners Alert

(Continued from front page)

Hailed out cotton that was allowed to stand has shown tremendous recovery and some of the hauled out fields that have sprangled stalks which nature repaired have some of the best cotton. Cotton that is thin on the ground this year has put on more fruit than thickly planted stalks, too.

Big Labor Outlay
What the ginning industry means to an area in employment is a big item. At the peak of their operations this fall the 19 gins in this county will employ between 450 and 500 men, exclusive of seed haulers, cotton delivery men and men who will be employed in allied industry. The per bale labor bill is \$3.50 or more in an average year.

Headache for the gin man is his constantly rising cost of maintain-

ing his gin plant. The recent rise in steel will get to the ginner before mid-season of this year when he will pay 10 to 20 per cent more for repair and replacement parts than he paid last spring.

Here is the list of gin plants in the county, their location and the plant managers now poised to meet the demands of an 85,000-acre cotton crop:

Floyd County Gin, South Plains John M. Cassel, manager;
South Plains Gin Company, Sterling, Burton Thornton, manager;

Farmers Gin, Route F, Lockney (Lone Star), H. G. Hodges, manager;

Cassel Bros. Gin (Lone Star) Route 1, Lockney, R. G. Cassel, manager;

Patterson Gin Company, Lockney, (double gin) R. E. Patterson, manager;

Barwise Gin Company (Barwise) Rt. 4, Floydada, (double gin), Jack Coffman, manager;

Allmon Gin (Allmon) Petersburg Route 1, J. R. deCordova, manager;

McCoy Gin, (McCoy) Route 1, Floydada, R. H. Smith, manager;

Newton Gin, Dougherty, R. D. Holly, manager;

Lakeview Gin (Lakeview) Rt. 2, Floydada, William F. Bertrand, manager;

Baker Gin, Floydada, Roy Barker, manager;

B-hannon Gin, Floydada, W. W. Trapp, manager;

Scott Gin, Floydada, John R. Gray, manager;

Farmers Coop Gin, Floydada, J. W. Lanier, manager.

Some Early Mostly Late

William F. Bertrand, new gin manager at Lakeview, reported some early cotton that was not hauled is expected to reach the gin there soon. Weather permitting the early cotton should be coming in pretty good in early October with the crop which was replanted following the hail not moving much before the middle to latter part of next month.

Feed which is being cut in the community was delayed by the rains and is varying sharply in yield. Age of the crop and amounts of water available in each case is being reflected in the amounts produced.

Winds Fall Before Indian House in Quanah Clash

Whirlwinds were leading ground gainer for the night with 81 yards on 20 lunges at the line. Gene Swanner lead the Wind attack with 42 yards on 9 punts with Laron Fulton close behind with 37 yards in 14 carries.

Opening the game Quanah kicked off and George Baker toed one to Swanner on the Floydada 22. Swanner ran the ball back to the 28 before going down. The Whirlwind attack carried to the 45 before it bogged down and Swanner punted out of bounds on the Indian 22.

The Indians were able to advance to the 28 before they called on Keith Hodo to punt and he kicked to Fulton on the 'Winds 29 yard line.

Offense Is Stymied

The Whirlwind offense failed to click and Swanner again kicked this time getting one off from the 30 which carried to the Quanah 23 where it was taken by Johnnie Wade. After the Indians had advanced the ball to their 41 Leon Huffman fumbled and Robert Stovall recovered for Floydada.

The 'Winds were again throttled and had to punt and this time Wade took the kick on his own 5 and ran it back to the 29 before being brought down.

The Indians found the Floydada defensive unusually tough at this point and lost ground on several attempts with Gene Swanner downing an Indian back for a 10-yard loss on one occasion. The Indians took to the air and J. E. Waller intercepted Whimire's heave on the Quanah 35 and returned it to the 30 before the period ended.

The Whirlwinds carried inside the Indian 20 on this drive but they were stymied when an offside penalty set them back and nullified a good gain. The ball went over to the Indians a few plays later on the 23 yard line.

Pass Is Intercepted

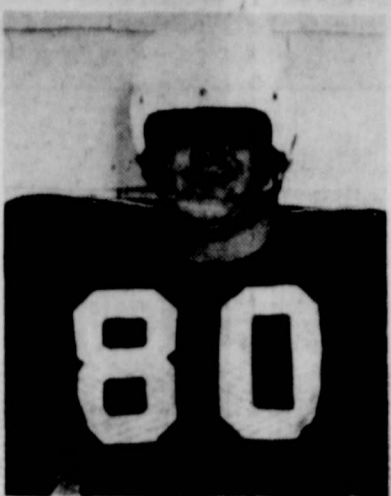

The Indians made 7 yards before Hodo punted to Waller on the Floydada 40. The locals lost ground this time and kicked from their own 34 to the home teams 27 where the ball was fielded by Jackie Preston. A few plays later the Indians again tried the air ways and this time Stanley Burleson intercepted to take over for Floydada on the Quanah 27.

The Whirlwinds were unable to gain and lost the ball on downs on the 26 with 3 minutes to go before the half. As time ran out the Indians

were forced to kick and Fulton took the boot on the Floydada 40. The 'Winds owned the ball 4th down and 2 at the intermission.

The third frame saw the 'Winds receive and Fulton took the kick on the 15 where he turned on the steam behind some good blocking and gained the 34 before being downed. The locals had almost gained the midfield stripe in this drive when they ran out of gas and punted out of bounds on the Indian 17.

Quanah beef trust used up the remainder of the third period in hammering out a sustained drive which carried them to the Floydada 2 yard line as the period ended.

Game's Lone Score

Starting the final stanza Charles Sparkman plowed through for the only touchdown of the game and then Jackie Preston held the ball for Billy Scott's conversion which was good.

The Whirlwinds, desperate to get back into the ball game, took the ensuing kickoff and worked it back upfield to the Indians 26 yard line before their drive died and Quanah took over.

The host team was rolling with another sustained power drive when the final whistle blew.

Max Crawford saw only limited service on defense during the game because of a shoulder injury. James Teague took over the offensive chores at the center position. Marvin Rucker received another ankle injury in the fourth period and had to be taken out of the game.

Starters for Floydada were Larry White and Buddy Watts at ends, Marvin Rucker and Elmer Williams at tackles, Loran Nixon and Stanley Burleson at guards and James Teague at center. In the backfield J. E. Waller worked at quarter, Robert Stovall and Laron Fulton at halves and Gene Swanner at full.

Others seeing service included Jim Womack, Gary Huckabay, Elwood Whitehead, Don Sparks, Grant Cooper, Max Crawford, James Hart-

man Johnny Tinnin, Eugene Beedy, Kenneth Robertson.

IEWS AND COMMENT

How to defend the Constitution of the United States against the whims and fancies of the men who at the time occupy the high seats of the supreme court now seems to loom as one of the major problems of the people of the country. People who have had an idea that many rights have been reserved to the states are noting supreme court decisions knock down one idea after another. Such matters as paramount rights, and how to run elections, in recent years, have now been followed by a far-sweeping decision recently bearing on the rights of minorities, as against the rights of the majorities. John Marshall, whose "month" is being celebrated this September, was the pioneer in the field of law-making by the supreme court. Then came the famous chief justice, who in the seventies, clinched the importance of the supreme court in decisions as to what the legislative branch may have meant by the laws they passed and what they should have meant. How to defend the constitution, how to maintain the people's rights against their decisions, is becoming more and more important.

Likewise the executive department has come in recent years to ride rough-shod over the congress. The latter may be wrong but appears to be helpless, right or wrong, against bureau and commission heads, who nullify the plain intent of the congress as to policies which shall be followed. Blank checks by congress for huge sums of money have made executive department heads independent, fancy free and foot loose, so far as the congress is concerned. One congressman, amazed at the turn of events, in the face of explicit intent of the congress, in a public statement wondered how it could be possible to maintain a democratic form of government in the face of such autocratic action.

Discussion of such matters by a relatively uninformed writer seems to be out of place, a fact which we admit. But all over the country this uneasiness is becoming more evident in the writings of the small people who are serving communities in the capacity of newspaper editors. Since the big people seem to have lost the perspective and are thrashing about to re-make the nation to give it a new look after their own fancy, it seems time enough for the lesser prophets to sound off their doleful blasts. One does not have to be too well informed to sense what is taking place and remonstrate, though ever so feebly.

The Right To Know. Right now the press of the country, particularly the small-time press, is perturbed by their seeming inability to get factual and complete information on the activities of state, county, city and school authorities—subdivisions which have taxing power. In some parts of Texas the problem has been high-lighted in reports and the messes have wound up in the grand jury room. Full and factual information, especially with relation to "what has been done with the money", seems the right of the people. But in this state only the zeal of the reporter can be depended upon. There are no laws

which make it mandatory for taxing subdivision authorities to lay the details of their operations before the public. And newspapermen have been accused of selfishness when urging such laws. Right of the people to know is fundamental, and there should be a way of making this right automatically effective.

Another Record Set. Texas does the damndest things, everybody, including Texans, agrees. Now it is a claim for drought relief and a claim for flood disaster help, both on the same day, both from the same general area and both with much merit. Nature chooses its own way of dishing out the weather in this state. You can drown on one side of a section of land while the other side parches with thirst.

Twenty years hence, it is the opinion of the Social Security Administration, there will be 93 million Americans insured under the Social Security plan. Interesting figures for the present, there are over eight million persons receiving over \$400 million every month in benefits and over 70 million are insured. An important part of the program is the protection given widows and their children in the event of a worker's death. A young widow with two minor children gets \$185 per month on the average.

OUT OF BALANCE

Last year the 100,000 victims of poliomyelitis in this country benefited to the extent of approximately \$50 million through the March of Dimes campaign. This amounted to a contribution of about 30 cents from every man, woman and child in the United States.

A number of other causes are worthy of at least equal support. There are in the nation 200,000 victims of muscular dystrophy, 250,000 with multiple sclerosis, 400,000 with tuberculosis, 600,000 with cerebral palsy, 700,000 with cancer, 750,000 with mental disease (under treatment alone) 7,500,000 with arthritis and rheumatism, and well over 16 million with heart disease (which alone causes 800,000 deaths each year). No fund campaign for the benefit of any of these groups has succeeded in collecting half as much as the March of Dimes.

On a purely arithmetical basis it seems that if one gave 30 cents to poliomyelitis one should have given 60 cents to muscular dystrophy, 75 cents to multiple sclerosis, \$1.20 for tuberculosis control, \$1.80 to cerebral palsy, \$2.10 to cancer, \$7.50 to mental disease, \$22.50 to arthritis and rheumatism and \$48 to heart disease.

Actually, the mythical average citizen gave only eight cents to the campaign against heart disease, 14 cents toward cancer eradication, 15 cents for Christmas seals (tuberculosis) and about 11 1/4 cents to multiple sclerosis. Other campaigns fared no better. The same average citizen spent at least \$30 for cigarettes.

Season's First Bales Reported At Area Towns

First bales this season are all late in this area. First bales at Lockney, Ralls, Petersburg, Quitaque, all hit in the period from Sept. 7 to Sept. 12.

First bale premiums varied widely, too.

September 8 at Ralls

RALLS — Winner of Ralls first bale of cotton was Willie Kelso, who lives on the Alex McDonald farm six miles northwest of the city. It brought over \$600 counting the \$285.50 presented by the Chamber of Commerce. Lenard Anstead, chairman of the chamber committee, said \$85.50 was given in cash and \$200 in merchandise certificates.

From 1,800 pounds of bolls, Kelso's bale listed 470 pounds and brought 50 cents, plus \$100 a ton for his seed. It was ginned Thursday night Sept. 8.

Petersburg First Bale

PETERSBURG — Arthur Hegl, who lives 1 1/2 miles north and 1 mile west of Petersburg, on a portion of the old Hegl homestead, brought in the first bale of 1955 cotton to Petersburg Sept. 10. It was received at the Petersburg Co-op Gin.

The 2,300 pounds of seed cotton produced a 480 pound bale and 990 pounds of seed. Ronald Weaver,

manager of the Co-op Gins, announced that the gin bought the cotton at 50 cents per pound and the seed at the rate of \$100 per ton.

The Petersburg Business Men's Club paid a bonus of \$50 for this first bale. This award is made annually for the first bale.

The cotton was planted the last week in April and was watered twice.

First Bale at Quitaque

QUITAQUE — The first bale of cotton for the 1955 season was received at Quitaque on Sept. 7, by the Paymaster Gin. The bale was grown by I. E. Martin from his farm south of Quitaque near Plomot. The load of seed cotton produced a 427-pound bale for which the Paymaster Gin paid 40c per pound. Mr. Martin planted the cotton on the 23 and 24 of May.

LOCKNEY — The first bale of cotton to be ginned in Lockney from the 1955 crop came in Sept. 12 and was ginned at Patterson Gin. Paul Burch, living six miles north of Lockney on the Lone Star road on the Elmer Thornton farm, was the grower.

Missionaries Report Year in South America

March. Lonnie suggested that Ona Bell Cox and I go to the Territory of Guapore to have Vacation Bible schools in our three churches there. Never had I left my family before and I wasn't too enthusiastic in the beginning, but knowing Lonnie would be here with the children and I have good help with the house, I liked the idea the more we talked about it. But I almost backed out when Lonnie and the children took us to the airport. David had packed his suitcase to go with me. . . . 3 pairs of shorts and 2 books. Arriving in Porto Velho, we visited only two days and then on to Guajara-Mirim, a frontier city on the border line of Bolivia. The Indians are only a few miles from this city. In fact, in November before we went in January, a Denmark writer, Ole Muller, had been killed when he went into the Indian Territory to get material for a story. We have lots of good Indian stories we will share with you when we get home. After a good Bible School, we returned to Porto Velho by literino, which is a little bus that runs on the train tracks. The church in Guajara prayed that the literino wouldn't fall off the tracks while their missionaries were on it, so needless to say, we wondered what sort of a trip we were in for. But after twelve hours we arrived in Porto Velho having traveled less than two hundred miles. As we were nearing the city we saw a cemetery where over thirty thousand people were buried during the building of this railroad. They say that a life was lost for every cross

tye laid. This railroad is all that connects this part of Brazil with Bolivia as the river is so full of waterfalls and rapids, that water travel is impossible. We had a good work in Porto Velho with almost 250 children. We had two V. B. Schools a day and usually had meetings at night. But before we finished our work there, Panair de Brazil, the only airline to Manaus went on strike. We were really stranded as the only boat going to Manaus was overloaded. . . . so we had to stay. But 3 days later another air line that comes to Porto Velho from Rio de Janeiro, left the passengers there and brought the nine of us who were stranded here to Manaus. . . . oh what a reunion after I had been gone more than three weeks.

Visit Church At Atiniga

Lonnie had visited fifteen churches during the past convention year. He went up the Madeira River to a little settlement called Atiniga. The church had just completed its 45th year; they have 9 members and meet in a little thatched hut. But the Sunday Lonnie was there they had more than 70 people. He found lots of people who said they were Christians but didn't put much importance in church membership. But in the past 16 years they have had one missionary and two ordained Brazilian pastors visit there. Lonnie hopes to go there soon for a doctrinal study. They have never had a pastor in their 45 years of existence but continue to meet every Sunday and on Wednesday nights.

Our state convention was held during the month of July. In the 54 years of Baptist work here in this state, they say this year had the best convention. 14 of the 15 churches were represented. We too think it was a good convention and we feel the work is taking on new life. For so many years the Hardys worked here alone, but now we have the Moons, Ona Bell, and a few couple in language school. So our Foreign Mission Board is sending more missionaries and our Brazilian Convention is looking to our state more than ever before. We have gotten three Brazilian workers this year. One of these boys took our outboard motor and went to the church in Beruri where there are 46 members widely scattered. He borrowed a canoe and with the motor was able to visit in most of these homes and during his ten day stay there were 23 decisions. We wish we had a dozen lives to give for our Lord here in this state. As you know, our state of Amazonas is more than three times the size of Texas (this includes the Territories) . . . travel is by plane or by the slow twisting rivers.

Former Prisoner Converted

During the convention we had a boy stay with us from the Parintins Church. Lonnie baptized him in May. He was converted while in jail. Here in Brazil many of the prisoners work during the day and even at night they are allowed to leave. So this boy became interested in the gospel and the pastor took him to the Baptist church on Sunday nights. Having served his term for attempted murder, he is now hoping to study in one of our schools to prepare for the ministry. He is literally on fire for the gospel. Also Dona Maria from the same church was there part of the time.

She had visited us in February when she came to visit her husband who was in the leper colony. She was at our home on Friday evening before going to see him the following morning. She was so excited, for it had been almost two years since she had seen him. Her mother had kept their two small children. River travel is cheap but for poor people it isn't easy to buy their ticket so her pastor Edwarado Lessa, helped with her passage. She had become a Christian since her husband came to the colony here in Manaus. She went the next morning with a group who were going to hold services there. What a shock she had to find that her husband had died the last week in January. Talking with her after she returned she said, "But Dona Janelle, I sang all the hymns and tried to take part in the service for I knew there were so many others there who would die as he did, without Jesus as their Savior."

We had our home filled with Brazilian guest or the convention when the day came when they said, "This is the day you can move into the new house." We moved in and that night we had a going away party for the Perry Sheafers (nee Dorothy Donally) and had almost 40 people here for ice cream and cookies. Two days later started our Women's Convention and I was elected president for the coming year by acclamation. It was a thrill for we had gone through so many months of feeling sorta "unwanted". But things have worked out so well for us. Naturally there are problems and will always be and we do need your prayers but we feel we are sorta over the "hump". The new house is very pretty and we are thoroughly enjoying it. . . . to have running water is almost more than we can get used to. . . . we have water boxes in the attic to fill when the water comes on in the morning and afternoons. We are enjoying the yard work too. Our grass is beautiful and the daliahs are 'most ready to bloom. . . . our tropical plants are really something.

Serve Many Visitors

After our state convention we had four days to recuperate before thirty Americans arrived here for our annual mission meeting. Some stayed in the hotel, others in the big mission house we had just moved out of and others here with us. Some days we had as many as thirty people eating with us and every day we had 15 children here while their parents were in meetings. When this was over we felt we needed a month to rest. . . . and were excited to see how the new house would "live" with just our family. But the next day one of our Brazilian pastors came and stayed eight days. But the biggest thrill we had was on August 6th when we went to the airport to meet the Loyd Moons who were returning from a years furlough in the states. . . . was like our family coming home.

Tegee, who suddenly has become Thelma, is studying in our Baptist School. She amazes us with her enthusiasm. School started in March and we thought the "new" would wear off as she had to be in class by seven. But she still gets up, puts on her uniform and is waiting for breakfast when we get up at six. She does real well in her Portuguese classes and in the afternoons she studies English with me.

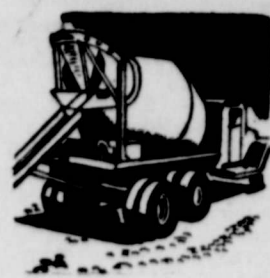

David is a rounder having recently gotten acquainted with David Crockett by way of Jimmy Moon. Margaret's curls have just gone into pig tails because of the terrific heat during this dry season. All the kids, Lonnie and I too, are anxiously awaiting the Moons luggage to get here because our mothers are sending us so many things. The luggage left Belem the 13th but it is on a slow-wood-burning boat. Do let us hear from each of you and we'll try to get off another report of our work before the next eight months pass.

Sincerely,
Janelle & Lonnie.

First National Bank, Lockney, Elects Officers; Duran Is New President

LOCKNEY — Charles L. Duran was named president of the First National Bank in Lockney in a directors meeting held last week at the local bank. B. C. Drinkard was named vice-president. The two men recently purchased the majority stock of the bank from M. W. Wiley.

Mr. Duran attended a directors meeting Thursday night and took active management of the bank Friday morning. He will move his family here as soon as possible.

Mr. Duran has been vice-president of the West Texas State Bank in Snyder for the past year. He has been associated with the Snyder bank for the past five years serving as loan officer for that institution and previous to that was employed by the First National Bank at Henderson. He has sold his interest in the Snyder bank.

Other Officers Named

Other officers and directors of the local bank will remain the same. Claude Holley will continue as executive vice-president, W. W. McClaskey will remain as assistant vice-president and Joe Wilson continues as cashier of the bank.

L. A. Cooper retains his position as chairman of the board and the other directors, in addition to Mr. Duran, are Leon Wofford, Edwin Boedeker, Jack Dollar, Grigsby Milton Jr., L. M. Readhimer, Oliver Savage, W. E. Terrell.

Some additions to the staff have been or will be made soon. Mrs. June Bybee, employed by the bank for a number of years, has returned to work as a teller. Mrs. Gerald Sams will go to work as private secretary to Mr. Duran this week. Other present employees are Mrs. Mary Johnson, proof machine operator, Mrs. Carolyn Miller, bookkeeper, Mrs. Norma Ragland, bookkeeper, Mrs. Lloyd Huff, file clerk.

BOWIE COUNTY REUNION

The fourth Sunday in September is the date for the annual Bowie County reunion to be held at McKenzie Park.

J. T. Trigg, president of the organization, reminds people of this area who formerly lived in Bowie County, that they will be welcomed. The program begins at 11 o'clock. There will be a picnic lunch at noon.

Active In Civic Affairs

Duran has been active in civic affairs at Snyder. He served as head of the United Service organization fund campaign, president of the Quarterback Club, secretary of the Snyder Officials Association which furnished officials for sporting events, and has been a director of the Snyder Little League. He is 31 years of age and he and his wife have three children.

Mr. Drinkard will not take an active part in the local bank's management. He will continue to live in Roby where he is president of the Citizens State Bank. He is a former Snyderite where he was supervisor of the Farmers Home Administration for 10 years. He retains his in-

Highlights And Sidelights From the State Capitol

(By Vern Sanford Texas Press Association)

AUSTIN — Granite in the capitol building is more radioactive than the dirt being used by Texas' mushrooming "uranium dirt-sitting" businesses. So say state health department officials.

Landowners near uranium strikes have erected benches and charge patrons \$2 to \$3 an hour to sit with their feet in the supposedly irradiated dirt. Hundreds of people seeking relief from arthritis and other aches have patronized the places.

After analyzing the dirt, Dr. Henry Holle, health commissioner, said that dirt-sitting does no actual harm — except that it may encourage an ill person to delay visiting a physician.

Farm Hearing Stated

Texas farmers can have their say on federal farm policy at a U. S. Senate committee hearing Nov. 5 in Ft. Worth.

John C. White, state agriculture commissioner, is arranging the meeting at the request of the committee chairman.

Federal disaster aid is being sought for Texas' drought-stricken areas.

Gov. Allan Shivers asked President Eisenhower to designate as disaster areas counties to be specified by the U. S. Department of Agriculture state drought committee.

Crop Production Falls

Texas crops are falling below estimates, according to the USDA.

Although above-normal amounts of rain fell in some areas, it did not come where and when it was needed most, said the report. Eastern and southeastern counties, where harvest already had begun, were soaked. But in the west and north-west, dryland cotton and sorghum fields languished.

Water Application Undecided

Still to be decided upon is the application for more Pedernales River water to irrigate U. S. Sen. Lyndon Johnson's Gillespie County farm.

Originally scheduled in July, hearing before the State Board of Water Engineers has been postponed three times. No new date was set last week.

Downstream landowners had protested that Johnson's water shortage already worked a hardship.

Hospitals Approved

Five Texas hospital projects have been approved by the State Board of Health for federal aid money.

They are the Collin County Hospital at McKinney, City Hospital at Graham, city-county health center and All Saints Hospital at Ft. Worth, and the Shelby County Hospital at Center.

Short Snorts

Former Deputy Secretary of Defense Robert B. Anderson, once considered a possible gubernatorial candidate, is apparently out of the running. He is to become president of Ventures, Ltd., a Canadian holding company with mineral interests spread over two continents.

Atty. Gen. John Ben Shepperd is the newly-elected president of the 53-member National Association of Attorneys General. He was elevated from vice president at the New Hampshire convention.

Selection of a new Democratic National Committeeman, to replace ousted Wright Morrow, has been postponed by the Democratic State Executive committee until Oct. 6. Also it will meet in Waco instead of Ft. Worth.

Over the week-end Gov. Allan Shivers attended his first meeting of the National Civil Defense Advisory Committee, to which he was appointed by President Eisenhower. It was held in Omaha, Neb.

News of Harmony

(By Mrs. Mather Carr)

HARMONY, Sept. 19 — The rain at Harmony was from 2 to 3 inches Saturday.

Mrs. Chloma Williams under went major surgery Wednesday in St. Marys Hospital in Lubbock. Mrs. Williams is doing as well as could be expected.

Mrs. K. R. Wilcox and son of Ft. Worth and Mrs. E. D. Wilson and son, Mark of Dallas, came Wednesday for a visit of several days with their mother, Mrs. Wes Carpenter.

The regular community center monthly meeting was held Thursday night with Mrs. Doris Snodgrass' committee acting as hostesses. The meeting was called to order by the chairman, David Batteny Jr. After the business meeting a program was given by the 4-H girls. Dwana Beth Scott gave a reading and the 4-H girls modeled their dresses they made and modeled in the county dress review some weeks ago. Following the program ice cream and cake were served.

Mr. and Mrs. Charlie Bailey of Dumont spent the week-end in the home of their daughter, Mrs. Wesley Carr and family.

Mrs. Monroe Schulz was a visitor in Lubbock Friday where she visited with Mrs. Chloma Williams.

G. L. Snodgrass was in Lubbock Friday for a check with his doctor. While in Lubbock Mr. and Mrs. Snodgrass and Mrs. Everett Miller visited Mrs. Chloma Williams at St. Marys Hospital.

Chloma Williams and daughter are spending most of their time in Lubbock with their wife and mother. Mr. and Mrs. Wesley Carr and sons and the Mather Carrs have been in Lubbock visiting Mrs. Chloma Williams.

Mr. and Mrs. Raymond Bufe were in Austin this week-end.

Sherry Ramsey won one of the four top honors in the district dress review and will go to state to enter the review.

Mr. and Mrs. Monroe Schulz, Mr. and Mrs. Zant Scott, Mr. and Mrs. Everett Miller and the Mather Carrs went to Lubbock Sunday to see Mrs. Chloma Williams, but the group was unable to see her as she became worse Sunday morning. Late Sunday night she was reported in fair condition. We hope and pray she will soon be well again.

The Schulz's also visited patients in the Abell Clinic and at Slaton.

The Kenneth Stewart family were guests in the Rev. Horace G. Krebs home Saturday. Other visitors were the R. G. Morris family.

Mr. and Mrs. Ted Rutherford and Billy Latham visited in Abilene and Stamford over the week-end. Mrs. Billy Latham, who had been visiting relatives in Corpus Christi, met them in Abilene and accompanied them home.

Mr. and Mrs. Monroe Schulz attended the Stanley Hostess Party in Littlefield Friday night. Also a group of other people from Floydada along with Mrs. Frank Webb were present.

ATTEND TECH U OF T GAME

Several Floydada people attended the Tech-U of T football game Saturday in Austin.

Making the trip on the special from Lubbock were Mr. and Mrs. Rex Brown and son, Charles, Mr. and Mrs. Billy Staniforth and son Billy III.

atures offered for the any automobile com-equal to the Thunder-er body silhouettes are 1956 Ford cars which dealers place in display (Sept. 23).

SEDAN IN THREE SERIES—The four-door sedan, traditional American family car, is offered in three series by Ford for 1956—Fairlane, Customline and Mainline. Above is the Customline four-door in one of the 21 two-tone paint combinations offered on models which will be displayed by dealers Friday, September 23. A lower roof line, restyled grille and parking lamps, a new design of body side moldings are among 1956 Ford appearance changes. Thunderbird Y-8 engines in Fairlane models develop 202 horsepower for Fordomatic drive, or 200 hp for overdrive or conventional drive. In the Customline and Mainline, Y-8 engines produce 176 hp for Fordomatic, or 173 hp for overdrive or conventional drive. The 137 hp Ford I-Block six also is available in all models with all transmission types.

20-Year Dealer

J. B. Bishop, who is announcing the new Ford line to be displayed here beginning tomorrow began his business career in Floydada as a parts man and salesman for Ford motors 35 years ago.

After seven years in a Ford agency he was on his own as an independent garage man operating Triangle Garage for eight years.

Twenty years ago he organized Bishop Motor Company, to operate as a Ford franchise dealer, and now has one of the leading dealerships in the area.

daughter of Mrs. G. R. May, to Fred Cardinal, son of T. P. Cardinal, was announced Tuesday at a lovely tea given at the home of Mrs. S. W. Ross, 128 West Houston street.

With lashing wind storms to the east and south in one direction and devastating rains to the west, Floyd County and most of the high plains are enjoying the sixth day of rainless, practically ideal weather this week.

Judge G. C. Tubbs and commissioners H. J. Nelson, B. E. Cypert and Henry Robertson attended the meeting of the west Texas County Judges and Commissioners Association Friday and Saturday at Mineral Wells.

Mary Lee Thacker assisted by her mother and Miss Louise Hyatt entertained Tuesday evening with a lawn party at her home for the Intermediate Girls of the First Baptist Sunday School.

In celebration of his twelfth birthday Kelly Hagood entertained several of his friends with a hamburger supper Monday evening at the home of his parents, Mr. and Mrs. Cecil Hagood.

SISTER OF BEN MORTON ON FIRST TRIP TO PLAINS

Mr. and Mrs. Ben Morton have as their guest his sister, Miss Sally E. Morton of Martell, Tenn. She plans to return to her home next Saturday after having been here two weeks.

"This trip means two firsts in the life of my sister," says Mr. Morton. Her first trip to the Texas Plains and her first plane trip and she likes them both," he adds.

Miss Morton retired two years ago after having worked 47 years and four months for the Lenoir Car Works in Lenoir City, Tenn. She was secretary to the manager.

Miss Morton has not seen her brother since 1951 when he was in Tennessee to visit her.

Here Friday! NEW '56 FORD! The fine car at half the fine car price!

With new 202 h.p. Thunderbird Y-8

New 202-h.p. Thunderbird Y-8 engine is available in Fordomatic Fairlanes and Station Wagons. In Fordomatic Customlines and Mainlines you can have the 176-h.p. Y-8. And Ford's new 137-h.p. Six is available in all 18 models.

...with new Thunderbird styling

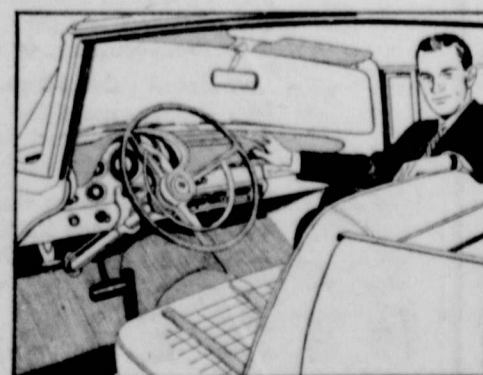

The new '56 Ford looks like the Thunderbird! You'll find the same graceful lines . . . the same long, low silhouette . . . the same dashing appearance . . . styling which helped the fabulous Ford Thunderbird to win America's heart.

...with new Lifeguard Design

For '56, Ford brings you the greatest safety news in a generation . . . Lifeguard Design. In cooperation with universities, medical associations and safety experts, Ford learned the cause of most serious injuries in accidents. To provide extra protection against these hazards Ford developed the new Lifeguard features described at right.

But there is still more wonderful news! Ford brings you Thunderbird power in a modern deep-block Y-8 . . . Thunderbird beauty, too . . . rich new interiors . . . quality throughout.

See it . . . try it . . . you'll agree the '56 Ford is the fine car at half the fine car price.

Ford's new Lifeguard features are: a new deep-center design steering wheel, to act as a cushion in event of accident . . . double-grip door locks to reduce chance of doors opening under shock . . . optional padding for control panel and sun visors to help lessen injuries . . . optional seat belts to help keep occupants in seats.

Come in . . . See the new '56 FORD Friday

LIFEGUARD DESIGN—A mother makes sure that her son is protected in a 1956 Ford Sunliner. The new Fords, which will be shown at the public Friday (September 23) incorporate five safety features. On all new Fords, safety-designed steering wheels, door-to-door rear view mirrors are standard equipment. Wheels are designed to absorb force if the driver is thrown forward, reducing the chance of his chest striking the steering column hub. Safety seats (lower left) will resist crash impact, and help keep occupants in seats. Mirrors have a special backing to help prevent shattering. Seat belts will withstand up to 4,000 pounds of force. Cushions for instrument panels and sun visors will help protect a passenger if a passenger is thrown forward.

Texas Citizens Can Change Plan Of State Board Organization

(By John Ben Shepperd Texas Attorney General)

(Editor's Note: This is the last of a series of four articles written by the Texas Attorney General on the problem of state board membership in Texas.)

What is the solution to this problem? Should ex-officio board membership be abolished? Should we have a sweeping reorganization of the whole system? Should we go about it board by board? A number of proposals have been made.

A change in Veterans' Land Board has been voted by the Legislature and will be submitted to the people next year. This change will replace busy elected officials with citizens appointed by the Governor with knowledge of veterans' affairs and finance.

The other Boards relating to the General Land Office and the leasing of lands might also be revised and combined to give the Land Commissioner the benefit of expert advice from citizens. Perhaps the Legislature could spell out their qualifications — a geologist with many years' experience, an oil business executive, a graduate engineer.

We need experts to take care of leasing the millions of dollars worth of land involved, especially since we have acquired the additional area of the tidelands. In any case, the leasing, now handled by nine separate boards, among them, the School Land Board, Board for Leasing of Texas Prison Land, Board for Mineral Leases on Lands Owned by State Agencies, and Board for Lease of Texas National Guard Army Board Lands, could all be handled by one board composed of qualified citizens and the Land Commissioner.

One Man Responsible

The functions of the Intangible Tax Board could be much better handled by the Comptroller and his staff, and in the same way the Banking Commissioner and his examiners could take over the functions of the Banking Board, with the supervision of citizens on the Finance Commission.

Why not put a doctor on the Anti-Cancer and Pellegra Commission instead of the Attorney General, and replace him on the Employees' Retirement System Board with an able actuary. Similar improvements could be made on every board.

There are several methods of reorganizing these boards.

Some states give the job of administering a program to an elected state official and a purely advisory board is named. This gives the people a direct check on the program.

Or the governor can appoint all the administrators. Thus, we have an elected official who is responsible to the people choosing the heads of state departments.

Or the governor could name the

members of boards who would hire and fire the administrator, but he would have the authority to run the program.

What Now?

In order to decide what should be done about this serious and expensive problem, we need you and your neighbor to talk it over and decide what you want. Talk it over with your elected representatives and get their views. The citizens of your community may want to get together and make suggestions. Only the people of Texas can change their government, and the ex-officio board system needs a change.

KITCHEN AND ★★ FIELD NEWS

From Lighthouse Electric Corp Inc by Nancy Morckel and Claude Weathersbee Electrification Advisors

Corkey Guffee went to Austin to the ball game with Bob Thompson of Amarillo, last Saturday night.

Mr. and Mrs. Bill Ward of Lubbock spent Sunday with the Edwin Pollans.

Mr. and Mrs. Johnny Peyson of Munday visited with the Melvin Henrys last Sunday. Mrs. Peyson will be remembered here as Rue Dell Brewster.

Mr. and Mrs. J. A. Curry of Lubbock visited with the Pete Hickersons Saturday afternoon.

Mrs. Buck Marricle visited her sister Mrs. Arthur Fewell and infant daughter at the Crosbyton Hospital Sunday afternoon.

Mrs. Annie Rogers was taken back to the People's Hospital last Saturday night. She seems so better at this time.

Buck Marricle and little son David and A. F. Taylor visited in Idalou with Buck's parents, Mr. and Mrs. E. J. Marricle on Sunday.

Mrs. Ollie Shipley of Dumas is here with her mother, Mrs. Annie Rogers.

Mrs. Pete Hickerson, Claude Weathersbee, Ed Pollan, Carl Lewis, Wiley Rogers and Bill Hulsey were among the Floydada folks that attended the ball game.

Blair Adams of Lubbock was a co-op visitor last Friday.

On Wednesday afternoon of last week a demonstration on "Uncooked Jams and Jellies" was given at the home of Mrs. George Griffin in the Wake Community in Crosby County, for the Wake Club. Mrs. Ollie Shipley of Dumas was a guest at this meeting. She lived in the Wake Community several years ago.

An added feature planned for the Floyd County Fair to be held in Lockney, Oct. 13, 14, 15, is the Bazaar Booth in connection with the Women's Department. Proceeds from the bazaar will be used to help defray expenses in the women's department, headed by Mrs. R. H. Tinsley of Sterley. Anything that can be sold, ranging from handwork to home-baked cakes, pies, cookies, canned food or whatever the women interested in this department care to donate will be accepted. Gifts for this booth may be left at the Light-house Electric Co-op office; the Farm Loan Association office; Home Demonstration Agent's office; Chamber of Commerce office either in Floydada or Lockney; or with Mrs. Griffith at the Cannery in Lockney. However if it isn't convenient to leave your gift before the Fair, just take it with you to the Fair. A committee will be named to put a price on each item donated

and someone will be in charge of the booth at all times.

Let's all work to make this second Floyd County Fair a good one. With so many nice vegetables this season we are looking forward to a lot of nice displays.

One of the greatest marksmen of the FBI was passing through a small town, everywhere he saw evidences of amazing shooting. On trees, on the walls, on fences, and on barns were numberless bull's-eyes with bullet holes in the exact centers. He asked to meet the one responsible for this great marksmanship.

The man turned out to be the village idiot.

"This is the most wonderful marksmanship I have ever seen," exclaimed the FBI man. "How in the world do you do it?"

"Easy as pie," replied the simpleton. "I shoot first and draw the circles afterward."

Melvin Henry and John Nay attended the regular manager's and bookkeeper's meeting in Plainview on Tuesday.

Our heartfelt sympathy goes out to Julia Baker and her family in the loss of her uncle Floyd Ballard. Mr. and Mrs. Ballard have been like parents to Julia, her brothers and sisters; their parents died when the Lawson children were small and they made their home with the Ballards.

MRS. R. F. HALL SEES OLD FRIENDS, KINSMEN ON TRIP

Mrs. R. F. Hall returned home last week after some time spent downstate.

Mrs. Hall attended a reunion of old friends at Wayland, near Ranger, and was the guest there of her sister, Mrs. Nettie Ledbetter and Mrs. Annie Cunningham, and her sister-in-law, Mrs. Inis Boles. She also visited a nephew, Jim Hall, at Breckenridge.

At Greenville Mrs. Hall was the guest of her son, W. N. Hall and his family.

APPRECIATION EXPRESSED BY MRS. ELLA JOHNSON

I wish to thank the people who have been so wonderful in sending flowers, gifts and cards and visiting me while I was ill in the hospital.

I especially want to thank Dr. Pitts and the staff at Pitts' Hospital, Mrs. Lee Gollightly, Mrs. Kinder Farris and the Books on Bikes Club for visiting me and bringing books.

God bless everyone of you.

Mrs. Ella Johnson

R. E. FRY HOSPITALIZED

R. E. Fry suffered a heart attack last Friday morning while at his office on West California street.

He was hospitalized at Peoples Hospital where he will remain for two weeks. His condition is much improved this mid-week but he will have to take things easy for about six weeks, say the hospital reports.

His two daughters, Mrs. Nell Wright of Lubbock and Mrs. Hugh McCullough of Midland, are in Floydada to be with him.

CONDUCTING LAMESA REVIVAL

Rev. Tilden B. Armstrong left Sunday afternoon for Lamesa where he will be conducting a revival this week at the First Methodist church.

Rev. Phil Gates, assistant pastor of the local church, spoke Sunday night and will fill the pulpit next Sunday in the absence of the pastor.

Mr. and Mrs. B. P. Sandefur had as their guests last week, Mrs. J. T. McKinney of Lewisburg, Tenn., and Mr. and Mrs. Jim Andhardt of Columbia, Tenn. Mrs. McKinney is a sister of Mrs. Sandefur.
