SWEET N' SOUR

And how are you standing up under the bediam of vacation?
Relaxed? Tensions all gone?
Fine, then you are probably
ready for the long rest period
ahead which will, of course, in-

ahead which will, of course, include planting, growing, harvesting, preserving, canning, cleaning, and those little daily incledentals of cooking, laundry, etc., oh yes, the lazy vacation days are surely here.

Just received a card from Mr. and Mrs. Clyde White and the sacationing Senior class - "We lunched in Baton Rouge in the State capitol cafeteria." The youngsters are enjoying a funfilled trip which will take them through five states: Texas, Louisiana, Mississippi, Alabama, and Forida before they return home this week. It is easily the most impressive trip in history for Baird Hi, and more about that next week when we have some first-hand information from the travelers.

Church of Christ Appoints Elders

In an impressive ceremony last Sunday morning, at the 11 o'clock hour, four men were ap-pointed or ordained as elders in the Baird Church of Christ The following men were appointed:
John T. Towler, Owen P.
Thompson, D. C. Cox and Gilmer
Hughes.

Dale Glasson began the cere mony by reviewing some of the proceedings that had already taken place prior to the actual appointments. Otta Johnson, local minister, then appointed or or-dained each man separately to the office and work of an elder in the church.

Members of the church have expressed their happiness in the new appointments, and say that they believe this is a new milestone in the progress of the church.

Welcoming and Publicity Committee

The Welcoming and Publicity Committee met last Friday to determine ways to broaden our

clean city, not only for appearance sake, but for the sake of health and physical welfare. His name is Dr. M. L. Stubblefield, a man dedicated to the preservation of health.

Besides being an unsightly mess this litter on Market Street attracts bugs and insects of all sizes and descriptions. If you don't care for yourself, at least give some consideration to others who do care.

Build a stronger, richer life...

WORSHIP TOGETHER EVERY WEEK!

You know the hymn—"How firm a Foundation?" Of course you do. But it's more than a hymn. To many it is a way of life.

The foundation is faith. Faith that gives every day a shining new quality: Faith that provides a strong shelter in time of need. Faith that sustains you in sickness and trouble. Faith that makes life a great adventuratruly worth living.

You find faith as a member of a family, as a member of a community. Worshiping together every week, with those you love, with others who believe as you do-gives you strength to carry through with hope and courage;

You can build a stronger, richer life—on a firm foundation of faith: Worship together this week . . . every week!

JET-SMOOTH CHEVROLET

CHEVROLET

(and that's the car more people are buying!) Take those June skies and breezes. Add a spankin' new Jet-smooth Chevy. Presto, you've got all the makings of a roamin' holiday. That low-loading deep-well trunk swallows up most everything you'd want to pack along. The carefully

crafted Body by Fisher has you livin' in luxury (and in comfort-high seats where the sight-seein' comes easy). That Jetsmooth Chevy ride, with a sinewy Full Coil

spring at each wheel, gentles you past all the wrinkles and ruts in the roads (there's even a team of over 700 behind-the-scenes "shock absorbers" to hush up road surface mumblings and grumblings). All in all, Chevy's light-steerin', easy-

goin' ways just don't leave much for you to do but feel good. And that's exactly the way your Chevrolet dealer wants you to feel -as you can plainly see in those beautiful June buys he's got bustin' out all over.

Air conditioning — an extra-cost option that gives you fingertip temperature control. Try it.

Drivers kill and cripple more children than any disease!

Pneumonia, cancer, polio—we're doing something to fight these child killers. Now let's start fighting the worst child killer of all —traffic accidents. Yes, drivers kill and cripple more children aged 1 to 14 than any disease. What can you do to curb careless drivers? You can stand up and be counted. You can write your local enforcement officials and say:

"I Support Strict Law Enforcement!"

Let your police and courts know you're behind their efforts to protect your children. For where traffic laws are strictly enforced and obeyed, deaths go down! Hundreds of communities have proved it. Every community can do better than it is doing!

CARD OF THANKS

We wish to thank each and everyone who was so thoughtful during the illness and passing of Mrs. Edith Likens - those who sat up at the Funeral Home, those who dug the grave, the ones who furnished the music, the ones who sent the beautiful flowers and cards; also Rev. Rochelle for his comforting meschelle for his comforting mes-sage. May God bless you.

The Family

Many a farmer or rancher has his short-term debts completely out of balance with his long-term debts. Good management dictates that he keep his operating or short-term credit in balance with his capital or long-term credit. By doing this he will be able to meet repayments with more ease. While a Land Bank loan will not reduce your total indebtedness, it has provided the key to a balanced debt load to thousands. Most likely a Land Bank loan is the answer to your credit problem.

Drivers kill and cripple more children than any disease!

Pneumonia, cancer, polio—we're doing something to fight these child killers. Now let's start fighting the worst child killer of all -traffic accidents. Yes, drivers kill and cripple more children aged 1 to 14 than any disease. What can you do to curb careless drivers? You can stand up and be counted. You can write your local enforcement officials and say:

"I Support Strict Law Enforcement!"

Let your police and courts know you're behind their efforts to protect your children. For where traffic laws are strictly enforced and obeyed, deaths go down! Hundreds of communities have proved it. Every community can do better than it is doing!

Many a farmer or rancher has his short-term debts completely out of balance with his long-term debts. Good management dictates that he keep his operating or short-term credit in balance with his capital or long-term credit. By doing this he will be able to meet repayments with more ease.

While a Land Bank loan will not reduce your total indebtedness, it has provided the key to a balanced debt load to thousands. Most likely a Land Bank

loan is the answer to your credit problem.

About Your Health .

Texans are rightfully fearful of snakes, but the fact of the matter is, more Texans have been dying over the years from the effects of insect bites than have died from snake bites.

have died from snake bites.

During the five-year period 1956 to 1960, snake bites claimed 13 Texas lives - during the same period, insects resulted in the deaths of 30 persons.

Last year, 1960, there were 18 total snake a nd insect-bite deaths in Texas, the largest number since 1944, when there were 23 such deaths.

were 23 such deaths.

An interesting coincidence can
be found by examining rainfall
averages for various years, and
then relating them to the number of snake and insect bite deaths.

for instance, 1956 had no deaths from such bites - this was the peak year of the recent drought. The following year, there was a jump to nine insect-

Bees alone took 52 lives when victims were allergic to their poisons.

Best defense against insect and snake bites is to be watchful. Tramping through the woods with thick undergrowth can be asking for trouble.

Oplin Observations

there was a jump to nine insectibite deaths and one snake-bite death.

Every Texan recalls the spring rains and floods that year.

Rainfall has remained fairly average over the past four years providing an increase in undergrowth, shrubs and other insect and snake-harboring conditions.

Early warm springs also add to the numbers of snakes and insects active in the summer and fall.

In a recent national study involving a five-year period, it was found bees, wasps, hornets and yellow jackets killed 6 persons compared with 71 from snake bites and 39 from spiders.

Bees alone took 52 lives when victims were allergic to their poisons.

Vacation time is near. Soon millions of people will be driv-ing about the country, and auto-mobile accidents will occur with increasing frequency. What increasing frequency. What should a person do when invol-ved in an accident? At such times it is hard to

keep your wits about you and know just what to do. It is therefore a good idea to plan in advance just what you would do in event of a smash-up. Here are a few simple rules that every driver should commit to mem-
