

Good Onion Crop Harvest Greeted by Broad Demand

Onion growers of the Floydada Growers and Marketing association have been vouchsafed a fine week of open weather and have been grading and marketing their early crop at the rate of 5,000 sacks a day since last Friday.

The market is good and the onion crop excellent, is the report from the packing shed on the Q. A. & P. right-of-way. W. E. Jordan, of Lyons, Georgia, who is here to spend the harvest season and serve as broker for the association, said the per centage of No. 1 onions is running high. A small per centage of the crop harvested last week came from a hail damaged field.

First shipment of the 1956 crop from Floyd County fields went to Dallas from the Tom Snead crop at Barwise. They were processed at the Barwise shed.

Later shipments have gone out to all points of the compass, east and north. Trucks loaded to the limit have gone out to Cleveland, Ohio, Boston, Mass., Washington, D. C., Baltimore, Md., Atlanta, Ga., Jacksonville and Miami, Fla., and New York City, to name a few, as well as to San Antonio and Houston.

FOUR OR five carloads are being billed out over the Quannah Route to distant points of heavy demand. "The market is a broad one this year," commented Mr. Jordan last week, declining with a smile to indicate an actual gross figure the growers are receiving. Jordan's associates are the biggest dealers in onions, nation-wide, reportedly.

The market report Monday had medium white No. 1 onions at \$3 and medium yellow No. 1's at \$3.25 per sack.

Most of the growers have crops running from 10 to 50 acres. There are 12 members in the local growing and marketing association. The president is K. E. Probasco, vice-president R. R. Ferguson, secretary L. D. Simpson and treasurer W. H. Simpson Jr. Jim Simpson and J. W. Kimble complete the board of directors.

Other members of the association are Brown & Badgett, J. S. Hake Jr., R. F. Stovall and Buck Hickerson.

The association is handling the crops of Joe Brown, Tom Snead and Guy Ginn also.

Total acreage in the association is about 265 acres.

BIGGEST SINGLE crop in the county is 130 acres on the Stringer land where Johnnie Miller expects to begin harvest in 10 days or less. Miller is operating through a Valley broker. A processing shed is set up adjacent to Barwise Elevator, which the Floydada organization has borrowed temporarily.

Production of onions on the crops harvested to date has been good, and income reports from the crop heard on the streets have grown to fantastic figures.

LAST YEAR income from the crop was lowered by considerable hail damage and a market that was

FALLS INTO HIGH VOLTAGE

Jack Veazy, 1316 27th Street, Lubbock, was the victim of an electrical shock here Tuesday morning around 10 o'clock.

Veazy, working with Industrial Electric Co., Lubbock, on a contract for the city of Floydada, was on a pole in the alley behind Grady Freeman's residence when he fell into 2400 volts of electricity. The electrician went through his arm and came out through his thigh.

He was taken to Peoples Hospital by J. D. Parks for a general check-up and returned to his Lubbock home Tuesday afternoon.

mediocre, although all of the crop moved on out without delay.

Yields so far this season have run from 400 to 650 bags per acre on the white onions and 450 to 800 bags on the yellow onions. This early crop is known as Granos.

The Spanish onions will come beginning in a week or 10 days.

With a brief interim between the two crops the harvest and grading season will last about five weeks in all.

H. L. Burnham Passed Monday

Funeral service for Rev. H. L. Burnham, 75, veteran Dickens County minister, was conducted Tuesday afternoon at 3 o'clock in the First Baptist Church of Spur. Burial was made in Spur Cemetery under the direction of Campbell Funeral Home.

Rev. Burnham passed Monday morning at 8:04 o'clock in Lubbock Memorial Hospital.

He was born in Hunt County April 7, 1881, and came to Dickens County as a missionary in 1916.

During succeeding years, he was pastor of Fairview, Whiteflat and Silverton churches, among others. He had been a preacher for the Dickens Baptist Assn. for a number of years.

Rev. Burnham was a long time friend of Rev. Joe Wilson of this city. The couple became friends when they were students at Harding-Simmons University 40 years ago.

Survivors include his wife; four sons, Cecil of San Diego, Calif., Travis of Spurlock, Calif., J. S. of Baker, Okla., and Hoyt of Tulsa; two daughters, Mrs. R. L. Mitchell, Whiteflat and Mrs. J. M. Mansfield, Bogalusa, La.; five brothers, John of Stanton, Lige of Cisco, Jess of Idalou, Rege of Lubbock and Mark of Putnam; two sisters, Miss Lucille Burnham of Cisco and Mrs. Lemmie Woods of Lubbock; one grandchild and two -great-grandchildren.

Queen Contest Entries Open

Some daughter or sister of a Floyd County Farm Bureau member will be named Floyd County Farm Bureau Queen in a contest-noon.

Deadline for entries of girls 16 to 22 in the contest has been set for July 10. The meeting in which preliminary plans were made was held at the Farm Bureau office in Floydada Tuesday, Mrs. Tate Jones presided.

Mrs. Ewald Quebe and Mrs. Ray Aston, Mrs. Ella White, Chester Carthel and Jack McIntosh have been assigned active roles in making plans for the event.

Those desiring to enter the contest and wishing to get pictures for the papers should send 5 by 7 snapshots or portraits to the District office not later than July 7.

Further information can be obtained either by telephoning No. 665, or Mrs. Tate Jones at 721-W-1.

The county winners will compete in a district contest, the winner of which and an attendant will be given an expense paid trip to the state convention.

Grandmother of Two Floydada Women Dies

Two Floydada residents, Mrs. Billy Hinkle and Mrs. Bill Ferguson, received word of the death of their grandmother last week-end at Cleburne, Texas.

She was Mrs. Maggie Whitaker, 38, who died Friday of last week, June 22.

Burial was at Lisbon beside her husband, who passed on several years ago. She was a member of the Church of Christ.

Mrs. Whitaker was born Maggie Amelia Campbell in 1868, in Springfield, Ill. She moved with her family to Dallas where she was married to S. T. Whitaker in 1900. They moved to West Texas and in 1912 came to the Sand Hill Community in Floyd County, and farmed here many years.

The deceased is survived by two sons, Homer, of Eastland, Texas, and Howard, of Harrison, Ark., eight grandchildren and 13 great-grandchildren, one sister, Mrs. C. R. Jones of Dallas, and several nieces and nephews.

The sack says potatoes but they are Floyd County onions and they are being displayed for the cameraman by Woodrow Badgett and his daughter Suzanne who is nine years old. The crop of Yellow Granos harvested by Brown and Badgett was one of the first to reach the onion shed in Floydada.

Lions Install New Officers

Floydada Lions Club will install a new slate of officers today at their noon meeting at American Legion Hall. Installing officer will be Forrest Campbell of Matador who is Deputy District Governor of district 271.

Campbell is pinch hitting for Kenneth Bain Jr., present president of the Floydada Club who is in Miami Beach, Fla., at the International Convention of Lions Clubs.

OFFICERS to be installed are Gene Collins Jr., president; George Spears, first vice-president; James Carroll, second vice-president; O. R. McIntosh, secretary-treasurer; Mitchell Parrish, Lion tamer; Edward Wester, tail twister.

Directors to serve with the above named are Claude Weathersbee, John Ney, Bill Hale, T. L. Holland and Kenneth Bain Jr.

The club will enter the new year with a roster of 40 active members, seven members at large and year honorary members. The past year has been a quite successful one for the local club, and the public has joined with them in making several of their projects go over in a big way.

FLOYDADA Lions have aided needy children in securing glasses, helped the school cafeteria fund, supported the Lions Grippled Children's Camp, sponsored a Scout and a Cub Scout troop, maintained the scout bus and backed several moves to improve city parks.

Next year they plan to send a scout to the national scout jamboree at Valley Forge.

KENNETH BAIN Jr., president of Floydada Lions Club is in Miami Beach, Fla., this week where he is attending the International Convention of Lions Clubs. Bain left Floydada on Thursday morning and boarded a chartered bus at Ralls for the resort city. The group was made up of the South Plains Lions.

Cards from the convention-bound group indicated they were having a wonderful time and were due to arrive in Miami on June 26 where they would spend four days.

On the trip down such points as New Orleans, San Augustine, and Daytona Beach. The return trip is to be just as colorful with the last night of the outing to be spent in

HAS MALARIAL ATTACK

W. R. Daniel of Blanca Community, who suffered an attack of malaria about three weeks ago, was reported by his wife yesterday afternoon to be recovering satisfactorily.

The malarial condition is presumed to be a recurrence of the malady which he had during the campaign in the Southwest Pacific.

FIRST MONDAY DOLLAR DAY

If you had forgotten that First Monday is Dollar Day in Floydada a glance through The Hesperian this week will remind you of it forcefully.

Dollar Day month in and month out is a good day to shop in Floydada.

Gene Collins Jr., will be installed as president of Floydada Lions Club today at their noonday meeting.

Dallas is expected back in Floydada on July 5.

G. L. Snodgrass Died Sunday; Funeral Held Tuesday Afternoon

G. L. Snodgrass, 72, for 65 years a resident of Floyd County, died Sunday afternoon at 3:30 o'clock at the home of his daughter, Mrs. Everett Miller, of the Harmony Community in Southwest Floyd County.

He became ill early in December of last year. An operation performed before Christmas proved unavailing.

The funeral was held Tuesday afternoon at 3 o'clock at the First Baptist Church in Floydada. Rev. Phil H. Gates preached the service and he was joined in the service by Dr. R. Earl Allen, pastor of the First Baptist Church, and Rev. Tilden B. Armstrong, pastor of the First Methodist Church.

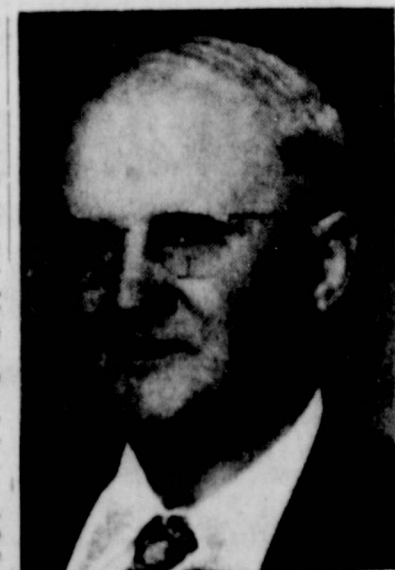

BURIAL was made in the family burial plot in Floydada Cemetery with Harmon Funeral Home directing.

Born in Titus County, Texas, Feb. 19, 1884, G. L. Snodgrass came to Floyd County as a child in 1891. He was the son of C. Snodgrass, pioneer Floydada merchant and stockman.

HE WAS one of the organizers and early directors of the Light-house Electric Cooperative, and one of the organizers of the Floyd County Pioneers Association. He was a standard bearer in every successive parade of the pioneers from 1928 until his fatal illness prevented this year.

He was united in marriage to Ruth Alice Gound, at Benjamin on August 4, 1906.

SURVIVORS include his wife, a daughter, Mrs. Blanche Tucker, Walter Carr, Glenn Pool and Ernest Lee Thomas.

G. L. SNODGRASS

a grandchild, Mrs. Charles Reid of Blanco, a brother, Glad Snodgrass of Floydada, a sister, Mrs. Roy K. Bruner of Amarillo;

Also a stepmother, Mrs. C. Snodgrass, two stepdaughters, Mrs. Kathleen Hill and Mrs. W. A. Savage of Amarillo, and two stepbrothers, Clarence of Port Worth, and Gerald of Amarillo.

Palbearers were Bill Tye, Bill Marris, Marion Tucker, Walter Carr, Glenn Pool and Ernest Lee Thomas.

Easy as pie, Susan tells her grandmother as the two take swimming lessons at the municipal pool. Susan is the five-year-old daughter of Mr. and Mrs. Kelly Hagood and the granddaughter of Mrs. Cecil Hagood who is in the same swimming class with the little miss. Instructor is Charles Tyer who along with Mrs. Tyer and Eddie Childs have nearly ninety in their morning swim classes at the pool.

Highway Policy Change Has No Promise for Floyd County

The announcement which came out of Austin last week saying that the State Highway Department plans to change its policy and engage in the purchase of right-of-way for Interstate Highways has no promise for Floyd County in its right-of-way purchase problems.

This was indicated in a telephone discussion of the matter with District Highway Engineer S. C. McCarty Wednesday afternoon.

July 4 To Be Holiday in Floydada Stores

July 4 is one of the holidays recommended by the retail trades committee of the Floydada Chamber of Commerce and will be observed almost without exception in this city. A quick check yesterday revealed that department stores, food stores, the bank, court house, agriculture building all planned to close up shop for the holiday.

Exceptions to this rule, if any, will be a few of the filling stations and eating places which will remain open to take care of the public's holiday needs.

July 4, 1956, is the 180th anniversary of the nation's birth and falls on Wednesday.

Advertisers in The Hesperian are being asked to keep this holiday in mind in making plans for next week. Early ad copy to offset the lost day on Wednesday will allow the printer to meet his Thursday deadline on schedule.

ELMER WILLIAMS RECOVERY CONTINUES BUT SLOWLY

Elmer Williams, Harmony farmer who was hit by a bolt of lightning May 31, was reported by his wife yesterday morning to be doing very well. Williams was brought home from Medical and Surgical Hospital and Clinic at Lockney June 14.

The bolt of lightning ruptured his left ear drum, struck the top of his head and traveled his left arm and shoulder. He is still having some pain in his left side. The doctors state it will take time for his recovery.

Rep. George Mahon has asked the Floyd County Hesperian to carry an announcement of his candidacy for re-election to Congress from the 19th Texas District. His statement follows:

"I am sending this message from Washington where Congress is in session to announce my candidacy for re-election to Congress. I am grateful for the fact that I have no opponent. If I am honored with re-election, I shall continue to seek to be of every possible service in matters big and small to the people of our District. My principal responsibility is to the people of West Texas. If I serve the District well, I feel that I have served the Nation well.

"WE CONTINUE to be confronted with many problems, local, national and international. Of principal interest this session was the farm legislation which we passed. It is far from adequate, but it is the best we could get this year in view of a Presidential veto and other difficulties. I think we did a pretty good job with the military appropriations bill which I handle in the House and which has recently passed the Senate. It spite of new tactics and smiles from Moscow, I do not think there has yet been a fundamental change in the objectives of the Communists and we must continue to keep our guard up despite the resultant burdensome costs.

"MY OBJECT in making this announcement is to ask you for your vote and continued support. The

In this talk Mr. McCarty pointed out that Highway 70 does not come in the category of an Interstate Road. "We have no Interstate Roads in our area," he said, nearest being Highway 66 through the central panhandle.

MR. McCARTY said there are four types of highways in the state set-up. After the 2,900 mile Interstate Highway System, comes the Primary Highway System of which Highway 70 through Floyd County is an example, then the secondary system of which Highway 207 through Floyd County is an example, and finally the Farm-to-Market roads of which the county has something more than 100 miles.

Any part of the State Highway Department might take in the securing of right-of-way for the Primary Road System (Highway 70) would be possible only after the state legislature decides to provide the

A BIT OF INFORMATION

gleaned from Mr. McCarty incidentally yesterday was that Sam Fowler, of the Floydada office of the State Highway Department, has been named to succeed the late James F. Potts as resident engineer. "Mr. Fowler, as second in command, was responsible for the operations in his area and we named him to succeed Mr. Potts, retroactive to June 1," said Mr. McCarty.

Fowler had not mentioned his appointment locally. He has been with the department for the past three years. A graduate of Oklahoma A. & M. College, Mr. Fowler has been farming in the county since coming out of World War II.

McLain Families Have Brief Visit

Mr. and Mrs. J. T. McLain had as guests Saturday night Mr. McLain's sisters, Miss Winnie McLain of Dallas, and Mrs. J. W. Wiggins of Fort Worth.

The four, in company with Mrs. Pearl Fagan, a cousin, journeyed to Dimmitt and Tucuman, N. M., where they met other relatives for a brief get together.

At Dimmitt they were joined by Mrs. J. C. Williams, a sister. At Tucuman the party were guests of Mrs. E. C. Fullingim, a sister.

Six of Mrs. Fullingim's children also were there.

On their return home Monday the McLains were joined at Dimmitt by a daughter, Mrs. Roy Tyler and her family of Amarillo, who visited in Plainview with Mrs. Susie Riggs and at Sand Hill with Mr. and Mrs. Hollis McLain. Marilyn and Allison Tyler came on home with their grandparents.

Mrs. Wiggins and Miss McLain left Tuesday morning for their homes.

people of our District have been wonderfully generous to me through the years. I am very grateful for the opportunities for service which you have given me. I hope you will not hesitate to call upon me at any time. The problems are at times difficult, and I may make mistakes, but I shall continue to do my best in an effort to do a good job for our people and to merit insofar as possible, your good will. Thanks very, very much."

Sand Hill News

(By Mrs. James Jeffress)
SAND HILL, June 25 — A good shower fell in parts of the community Tuesday night. Some hail fell but not too damaging. The Bill Sherman farm north of the store was the hardest hit.

Mr. and Mrs. Joe E. Karp, Molly and Brad were in Clovis, N. M., visiting in the home of their son and family on Tuesday night. They returned home Wednesday.

Mr. and Mrs. James Jeffress and family were the guests in the home of Mr. and Mrs. J. R. Turner and family at Providence Tuesday night.

The first day of summer, Thursday, was a pretty decent day, although about 4:30 p. m. high winds and dust hit the community. No moisture was received but the lightning and thunder were pretty severe for awhile.

The onion harvest is getting under way in the community. Tom Sneed and Rafe Ferguson have started on their onions. Quite a few extra hands have been seen moving in this week.

The cotton is looking good. Quite a few sprayers have been going this week. A lot of fields are full of hoe hands. Some of the hilled cotton is beginning to grow again. Other fields were replanted and are up to good stands.

The wheat harvest has just about wound up in the community, with good yields from most all the farms. One in particular turned out 51 bushels per acre. All crop prospects look pretty good.

It's nice to have Mrs. Fred Jackson home from the hospital with

SOIL CONSERVATION DISTRICT NEWS

An analysis of a farm irrigation system by the operator may be profitable in both time and money. Technicians of the local Soil Conservation Service point out.

In analyzing an irrigation system, knowing the amount of water in the lead ditch on at the irrigation well can help determine how much water is being applied to the soil.

A well pumping 450 gallons per minute produces approximately one acre-inch per hour. Suppose this stream is run for 12 hours, then 12 inches of water has been applied on one acre or 6 inches on two acres.

Cotton and grain sorghum roots generally penetrate the soil about 6 feet in this and surrounding counties. This 6 foot depth of soil will store 8-10 inches of water. If only 2 or 3 inches of water is applied, the entire root zone is not being used. On the other hand, 12 to 20 inches is more than the soil can hold, and excess water is lost to tail water on to underlying caliche. This results in unnecessary irrigation costs.

The irrigating farmer is faced with the problem of evenly distributing water throughout the root zone. This is necessary in order to obtain maximum efficiency. To do the best job, water should be applied over the entire row or border as near as possible at the same

time. In analyzing systems on hard lands it may be found that the soil is not getting the desired penetration of water. Then, if a system is applying the 5 or 6 inches needed to wet the full root zone, the problem lies elsewhere. If the soil is in a poor physical condition - tends to bake early, has a hard pan - then mechanical and vegetative practices are needed to open the soil and allow the water to penetrate.

Assistance in analyzing an irrigation system can be obtained from the Soil Conservation Service. An analysis of an irrigation system may show that the farmer can cover more ground with the same water, or that not enough water is being applied to meet the needs of the soil and crops.

Wedding Vows Said By Lockney Couple On June Fifteenth

LOCKNEY — Miss Elizabeth Ann Burt daughter of Mr. and Mrs. J. R. Burt Jr., and Edward Josiah Foster Jr., son of Mr. and Mrs. E. J. Foster, recited wedding vows at 8 o'clock Friday night, June 15, in the First Methodist Church.

Arthur B. Watkins of Lubbock, Church of Christ minister, read a double ring ceremony before an altar banked with fern and palms and lighted by white tapers in cathedral candleabra.

Traditional wedding music was played by Miss Diana Daugherty of Midland who also accompanied James Carthel as he sang "Because," "Indian Love Call" and "The Lord's Prayer."

Given in marriage by her father, the bride was dressed in an original model of white French lace and pure silk chiffon taffeta over net and tulle. Her veil of silk illusion was joined to a heart-shaped cap of lace embroidered with iridescent sequins and pearls to match her dress.

She carried a lace covered Bible topped by a cascade arrangement of a white orchid, stephanotis and lilies-of-the-valley showered with white lace and white satin streamers.

Attending the bride as maid of honor was Miss Sharon Powers of Carthage and bridesmaids were Misses Betty Jean Foster, sister of the bridegroom, Betty May Sams, cousin of the bride, Betty Johnson and Nancy Kay Tomlinson of Canyon, cousin of the bride.

The attendants' dresses were identically fashioned of crystalet and tiny nylon tulle ruffles over taffeta in a soft shade of mauve pink. They carried bouquets of pink delicate roses cascaded with mauve maline and pink starlight ribbon.

Miss Carolyn Belt, sister of the bride and Miss Carolyn Hastings of Tulsa, the bridegroom's cousin, lighted the candles and Mickey Jarrett and Jan Wofford, cousins of the bride, were flower girls.

Danny Owens of Plainview served as best man and Bill Moss of Ballinger, Bobby Patterson of Dallas, Jimmy Myers and Donald Allison were groomsmen.

Ushers were Teddy Carthel, Jerry Ford and Billy McCada.

At a reception which followed in the home of the bride's parents, guests were received by Mr. and Mrs. John Belt, paternal grandparents of the bride.

For a wedding trip to Ruidoso, N. M., the bride chose a navy Italian silk suit with navy and white accessories and a white orchid corsage.

The couple will make their home in Lubbock where both are junior students at Texas Tech. The bride is a graduate of Lockney High School. The bridegroom, also a Lockney High graduate, attended Southern Methodist University before entering Tech.

Mrs. McReynolds Is Feted At Shower

Mrs. Johnnie McReynolds, the former Miss Wannell Parvin, was honored with a miscellaneous shower last Thursday evening between the hours of 7 o'clock and 8:30 o'clock in the home of Mrs. Travis Lightfoot on Ralls Highway.

Guests were greeted by Mrs. Lightfoot and presented to the honoree and the bride-groom's mother, Mrs. O. M. McReynolds. Miss Patsy Poole presided at the bride's book.

From a table laid with a white cloth, punch, cookies and mints were served from crystal appointments. An arrangement of pink, white and blue larkspurs centered the table. Pink candles in crystal holders and pink napkins completed the table scene. Misses Viola Manshuck, Gladys Poole and Bobby Poole presided at the table.

Hostesses for the occasion were Madames Ray Johnson, Earl Huckabee, Gordon Downing, Travis Lightfoot, J. W. Campbell, Elwood Walters, Misses Margie Moore, Viola Manshuck, Gladys, Bobby and Patsy Poole.

Approximately 60 guests registered or sent gifts.

CARD OF THANKS

We want to thank our many friends for flowers, cards and calls, also Dr. Guthrie and the nurses at the Peoples Hospital for the kindness shown while Mr. Norrell was in the hospital. May God's richest blessings be with you.

The L. G. Norrell Family.

MARY HELEN WALTON OF GUTHRIE

Kerwin Baxter To Wed Guthrie Girl

Mr. and Mrs. Herman Walton of Guthrie, announce the approaching marriage of their daughter, Mary Helen, to Kerwin Baxter, son of Mr. and Mrs. Cecil Baxter of Floydada.

The wedding will take place at the home of the bride's parents.

Once in awhile we get an inkling of what is meant by the saying, Ignorance is bliss.

Take the cost of a loaf of bread, for instance. We had never thought twice about who got what pennies from our purchase, until the USDA came out with a report on it. Now we're disturbed that our uninformed, but steadfast belief that "It's cheaper in the long run to go ahead and buy it," just isn't true.

Actually, it seems a whole bunch of people have to make a profit out of every loaf. The USDA takes 17.7 cents as an average price (although that's below market for some of us.) Of that sum, the farmer gets 3.1 cents. Another two cents goes for milling and handling. Then the baker, who seems to be walking off with the lion's share — 9.7 cents — actually tops up a profit of only .83 of a cent before taxes. Of his total, only about two and one-half cents goes for materials — we'd have that and the farmer's sum, even if we baked our own. Then the retailer gets the other 2.9 cents, to make 17.7.

So we got to figuring. Seems that if we made our own bread, we'd only have to add cooking cost, and dishwashing time, to about 8 cents spent for ingredients. In other words, we pay more than double for not making it at home!

Bread isn't much of an item at our house anyhow. And in the families where they do eat a lot of bread, the lady of the house probably hasn't got time to fool with baking day. But it still makes us stop and think. Maybe the leisure that American men have purchased for American housewives is a little more costly than we had imagined.

Shower Compliments Miss Janet Lloyd

Miss Janet Lloyd, bride-elect of Wayne Webb, was complimented with a lingerie shower and tea Saturday afternoon in the home of Mrs. Floyd Koen Sr., 2224 Broadway, Lubbock.

To carry out the honoree's chosen colors, the table was centered with white and blue daisies arranged in a blue bowl. A white cloth over blue was used. Mrs. Floyd Koen Jr. presided at the tea table.

Co-hostesses with Mrs. Koen were Mrs. Floyd Koen Jr., and Mrs. Don Burnett.

Clyde Cummings Robert L. Purifoy Married June 16

LUBBOCK — White chapel tapers lighted an altar banked with tropical foliage and gladioli for wedding vows uniting Miss Clyde Cummings and Robert L. Purifoy in Sunset Church of Christ in Lubbock Saturday June 16 at 8 p. m.

Parents of the couple are Mr. and Mrs. J. Clyde Cummings of Lubbock and Mr. and Mrs. Robert A. Purifoy of Abilene. Hardemen Nichols read the double ring ceremony.

The bride, who was given in marriage by her father, wore an original gown of white imported Chantilly lace and nylon tulle over net and tulle.

Serving their sister as attendants were Mrs. J. W. Elrod and Mrs. L. B. Lowry Jr. They were attired in identically styled frocks of peach-colored polished cotton. Joe Purifoy of Abilene, Doyle Purifoy of Lubbock, brothers of the groom, W. A. Renfro and Tony McGee served the groom.

Mr. and Mrs. Purifoy are both graduates of Texas Tech, and are employed by Lubbock Camera Center and Pioneer Natural Gas Company respectively.

Rogers, Texas, Bride Is Granddaughter of Mrs. Maggie Mayhew

ROGERS, June 2 — Miss Angeline Snoddy, daughter of Mr. and Mrs. B. A. Snoddy of Levita and Benjamin Pitrucha, son of Mr. and Mrs. J. R. Pitrucha of Rogers, exchanged nuptial vows in an 8 o'clock service Saturday evening at the Levita Baptist Church.

Miss Snoddy is the granddaughter of Mrs. Maggie Mayhew, 112 South Second Street of Floydada. Given in marriage by her father, the bride wore a gown of lace and tulle. The bouffant skirt, accented with pleated tulle tiers edged with lace scallops, was attached to a molded lace bodice with long petal point sleeves.

The Floyd County Hesperian, Floydada, Texas, Thursday, June 28, 1956

Mrs. W. D. Snoddy of Gatesville, sister-in-law of the bride, was matron of honor. Brides matrons were Mrs. Clyde Blacklock of San Marcos and Mrs. Hubert Thornton of Levita.

They wore dresses of pink, blue and yellow fashioned identically with fitted lace bodice and full skirt of net and tulle.

Following the wedding a reception was held in the recreation room of the church.

For a wedding trip to Colorado.

Visitors in the home of Mr. and Mrs. Clarence Guffee and Sonja Kay this week are Mrs. Guffee's sister and family, Mr. and Mrs. Henry Kelly, Mary Lou and Richard and Mr. Kelly's mother, Mrs. Mary Kelly, all of Bridgeport.

KITCHEN AND FIELD NEWS

from Lighthouse Electric Cooperative, Inc., by Nancy Morkel and Claude Weatherbee Electrification Advisors

We were sorry indeed to hear Sunday afternoon, that G. L. Snodgrass had passed away. Our heartfelt sympathy goes to his family.

Here at the Co-op we all feel we have lost a personal friend as well as a staunch supporter of rural electricity. He was one of the original organizers and his untiring efforts did much to make the dream of many farmers come true. He served as a member of the board of directors for four years, 1933-41 inclusive.

Paul Huntington and daughter Susan spent the week-end at Cross Plains visiting relatives.

Jackie Alexander was a Lubbock visitor on Sunday.

Mr. and Mrs. Edwin Pollan and children have returned from a week's vacation. Most of the time was spent in Dallas and Danglerfield with relatives.

Mr. and Mrs. Buck Marris and David spent the week-end in Littlefield with his sister and her family.

Mr. and Mrs. Wayne Todd and children. Mr. and Mrs. Bill Baker, Billy Keith and Sue have returned from a week's vacation in Arkansas. At Prairie Grove they visited Bill's mother and at Fayetteville they visited his aunt.

Squash bugs didn't get this one, says Jim DeFoor as he shows a four pound 10-ounce Italian green squash which measured 15 inches in length. The giant squash was brought in to the Hesperian last week-end by DeFoor who took it from his home garden. The prize squash had been on the vine only five days when it reached this size declares the gardener. He had fertilized the plant when it was small and dusted it only once.

DeFoor operates an insect inspection service for farm crops, and gardens as a hobby. The family home is at 428 West Kentucky Street.

South Plains News

(By Mrs. Murray Julian)

SOUTH PLAINS, June 25 — After a week of wonderful and uplifting sermons with singing by Bill Swenney and his really beautiful voice, and the inspirational sermons by Dr. Harvey Scott, the revival closed on Sunday morning, with an all time record of attendance of 122 in Sunday School. Johnny Fullingham of Petersburg was a visitor with Dr. Scott, and Mrs. Scott accompanied her husband several times during the week. Dr. Scott's father was present on Friday morning.

Mrs. Garvin Beedy was in the General Hospital at Lockney from Thursday until Sunday of last week suffering from severe headaches. She went to Lubbock on Tuesday of this week to consult with a specialist.

Sunday for the noon day meal Mr. and Mrs. Thomas Pierce of South Plains were hosts to Rev. and Mrs. L. H. Faus and children, and to Mr. and Mrs. Bill Swenney and their children, from Plainview.

WMU MEMBERS met at the church on Monday afternoon at 4 for Bible study with Mrs. Milton presiding at the business meeting. A letter was read from Mrs. Julie Gitzner in Germany, the family the WMU has adopted, telling of the hardships and cold weather still prevalent in Germany.

Mrs. Faus led the group in bible study of "Believing and Achieving" from the book, Favorite Bible Passages. Present at the meeting were Misses Larry Faus, Grigsby Milton, John Smitherman, Murray Julian, L. T. Wood, J. P. Taylor and Bryan Karr. Next Monday at the church WMU will meet again for Royal service Study.

Mr. and Mrs. Rex Smitherman were hosts at a 42 party at their home last week on Friday night to members of the Young Married Couples Sunday School Class. The party was held in the spacious Quonset barn, where tables were set up for the games of 42. Mrs. Smitherman served fruit punch and cookies to 18 adults and four children at the close of the evening.

Mrs. R. G. Dunlap was named as delegate to the recreation training meeting which will be held in Post on July 17 and 18, at the last Home Demonstration Council meeting at the court house in Floydada on June 16.

Mrs. H. S. Calahan Jr., with her wonderful class of little beginners performed at the opening exercises Sunday night at Training Union. Members of T. U. are going to Lockney at 8 each night this week to

Hammonds Case Accord Signed

A settlement out of court was reached by the Hammonds family in their partition suit filed in Floyd County District Court, recently.

The agreement was signed by lawyers representing the members of the family Tuesday after a jury had been chosen. No testimony was presented to the jury.

In the settlement C. T. Hammonds is given title to 324.96 acres of land in Yoakum County, also Section 49, Block 1, A B & M in Floyd County, and the Cates place south of Floydada composed of 13.45 acres out of the east part of the SE quarter of Survey 96, Block 1, A B & M, and the South half of Section no. 96, Block 1, A B & M.

C. T. Hammonds and wife also get \$10,168.21 in full settlement of all interests in funds in the Herring National Bank and the Waggoner National Bank in Vernon, The First National Bank in Floydada, also in all wheat in Producers Escrow in the name of Hammonds Escrow and in the name of Jimmy Hammonds Wheat Account and in all wheat in Edwards Elevator in the name of Hammonds Estate and in funds tendered by Joe Reid Jones intervenor.

A DIVISION of farm equipment was also agreed upon, with delivery within seven days of date of judgment by C. T. Hammonds to the plaintiffs of their part of the equipment.

For their part the members of the family named as plaintiffs including Mrs. Jim Hammonds, get title to Section No. 9, Block 1, B & B in Floyd County, Section 1, Block 1, A B & M, Floyd County, the south half of Section 10, Block 1, B & B, Floyd County as well as the Eddy Sparks Survey comprised of 2,792 acres.

In addition they get title to 365 acres in two tracts in Haskell County and to 383 acres in six tracts in Foard County.

An agreement as to division of the plaintiffs' part in the estate is also reached as between L. H. Hammonds and Mrs. Jim Hammonds, Fred Hammonds and Gus Hammonds.

The division also covers the ownership of the cattle belonging to the estate, and of funds representing cattle sales at Amarillo Stock Yards Company.

The business affairs of the family had been in controversy for several months, with a receiver named or a time to administer the estate. Storey, Storey & Donaghey of Vernon and Ben P. Ayres of Floydada, signed the agreement representing Mrs. Hammonds and others, with Wagstaff, Harwell, Alvis & Pope of Abilene, and John B. Stapleton of Floydada signing for C. T. Hammonds.

Father Of Floyd Webb Died Monday

Funeral rites for Levi D. Webb, 81, who died Monday morning at 4 o'clock, were held Tuesday afternoon at 3:30 at the First Baptist Church in Roaring Springs.

The father of Floyd W. Webb, of Floydada, had been a resident of Motley County for 35 years. He became ill three weeks ago and was hospitalized at Matador Monday of last week.

Rev. Tommy Vickory, pastor of the First Baptist Church officiated in the service at the First Baptist Church in Roaring Springs. He was assisted by Rev. Benny Goss of Tahoka.

Burial was made in Roaring Springs Cemetery.

The deceased was a life-time member of the Baptist Church.

A native Texan Mr. Webb was born at Sherman May 16, 1875. He was married to Miss Cora Ann Franks in Montague County. Mrs. Webb died in January of this year.

All the children of the deceased — two daughters and five sons, were at Roaring Springs for the rites and most of the out-of-town members of the family were in the home of Mr. and Mrs. Floyd W. Webb here for a short time the first of the week.

The surviving children are Mrs. E. L. Mitchell, Roaring Springs, Mrs. B. B. Crego, Albuquerque, N. M., Ray Webb, Matador, Floyd W. Floydada, Eldon and Clifford, Los Angeles, Calif., and R. L. of Albuquerque.

A grandson, Gene Webb and his family were among those who attended the rites at Roaring Springs Tuesday.

Two sisters, 23 grandchildren and 25 great-grandchildren also survive the deceased.

R. A. Burrows had charge of the Miller & Miller office here for two days for Agent Floyd W. Webb.

State Bar Meets On July Fourth

Judge Lloyd A. Wicks of Falls, State Bar director, and his newly-elected successor on the board, Attorney Richard F. Stovall of Floydada, will head a delegation of South Plains lawyers to the 74th annual meeting of the Texas Bar in Houston, July 4-7.

Advance registrations reported from convention headquarters in Houston, indicate that upward of 3,500 Texas lawyers and their wives will attend the four-day meeting largest in the history of the organized bar in Texas — or any other state. The first Texas meeting with 35 lawyers present, was held in Galveston in December, 1882.

The convention will get under way at the Rine Hotel, July 4. Wicks and Stovall will attend a quarterly meeting of the board of directors, to convene July 4 at 2 p. m., and a final luncheon-meeting, July 7.

Mr. and Mrs. Cecil James of Hamilton were week-end guests in the home of Mrs. James' brother and wife, Mr. and Mrs. Kenneth Bain of Floydada. Mr. James is president of a Hamilton bank.

MRS. R. C. BENNETT
 Floyd County lost a pioneer of the 1890 vintage when Mrs. R. C. Bennett passed Saturday morning of last week.

Year's Illness Fatal To Mrs. R. C. Bennett

Funeral service for Mrs. R. C. Bennett, 85, of Lockney, was conducted Sunday afternoon at 4 o'clock in the Main Street Church of Christ of Lockney with Charles Goodnight of Dallas former pastor of the Main Street Church of Christ, officiating.

Burial was made in Lockney Cemetery under the direction of Carter Funeral Home.

Mrs. Bennett died at 2:30 a. m. Saturday at the home of a daughter, Mrs. Barney Manning, 1304 Clark Street, Wichita Falls. She had been in bad health for more than a year.

Mr. and Mrs. Bennett homesteaded about a mile east of Lockney when they were married about 65 years ago, and have made their home there since.

Mrs. Bennett was active in church and community affairs. She was a member of the Main Street Church of Christ.

Survivors include her husband; four sons, Clyde of Portales, N. M., Virgil and Irving, both of Lockney and Hestand of Decatur; four daughters, Mrs. E. R. Bryant, Fountain, Colo., Mrs. Burton Thornton, Sterley, Mrs. Payne Crawford, Dallas and Mrs. Barney Manning, Wichita Falls; 19 grandchildren, 36 great-grandchildren and 2 great-great-grandchildren.

Palbearers were grandsons of the deceased.

Mrs. Daniel Gains Strength, Appetite

Mr. and Mrs. J. M. Daniel, who have been at Rochester, Minn., for three weeks, anticipate they will be there another two or three weeks, according to information received by the family here over the weekend.

They have heard in various ways from many friends whose thoughtfulness they deeply appreciate. Mr. Daniel wrote his brother Tom.

Mrs. Daniel appears to be gaining strength and has a growing appetite, following her operation at Mayo Hospital & Clinic. They are at the Rockwood Hotel until they depart for home.

We, the relatives of G. L. Snodgrass take this opportunity of expressing our sincere thanks and appreciation for the deeds of kindness shown us throughout the illness of our father and brother.

May you have such attentive care in your time of need as our prayer.

Leaguers Near Mid-Season Of Baseball Year

League baseball in Floydada is nearing the halfway point with only two evenings of play left in June. None of the clubs are out of the running as yet, and the next few weeks will go far in determining the champions.

Last Thursday afternoon the Little League staged a double header at the rodeo grounds which saw the Indians score 7 runs on 5 hits as they downed the Dodgers who put together 6 runs on 6 hits. Eric Christensen was winning pitcher with Truett Richardson catching. Chick Owens was losing hurler with Frank Samuels behind the plate.

In the second Thursday game it was the White Sox over the Tigers. The winning Sox collected 14 runs on 19 hits and played errorless ball as they won from the undefeated Tigers who scored 13 runs on 6 hits and committed 9 miscues. Winning pitcher was Kenneth Wright with Tommy Lyles catching. Walker and Taylor hit homers for the winners.

Battery for the losing Tigers was Kenneth Huckabee on the mound

YOUR NERVES

Basically, there are 2 types of nerves in the body. Sensory and Motor. The Sensory nerves allow your brain to become aware of all body changes. The Motor nerves allow your brain to direct and control all of these changes. Sensations are carried to the brain where the message is interpreted and responding impulses of energy are sent back to the glands, muscles and organs to bring about action.

Block any of these nerves and communication between brain and body is severed. Let's assume the nerves to your stomach glands are blocked from pressure. When you eat foods which require a lot of Hydrochloric Acid for digestion, you end up with indigestion, gas, stomach cramps or etc. Because the nerves going to those glands could not control the amount of acid secreted.

Knowing that the nerves control this activity the logical thing to do is to locate and correct any abnormal nerve condition. This is what Chiropractic does so see your Chiropractor regardless of what condition you have.

and Kent Clark behind the plate. Huckabee hit a triple and Jim Tye collected three singles to lead the Tiger batsmen.

ON FRIDAY the Little Leaguers reeled off two more games with the Cardinals defeated the Giants Cards it was 3 runs on 8 hits while the Giants were getting 3 runs on 2 hits. Winning pitcher was Rodney Teague with Don Davis behind the plate. Henry Williams collected three doubles to lead Cardinal batters. Max Campbell was losing pitcher with James Campbell behind the plate. Tommy Watts and James Campbell got the lone hits for the losers.

In the second encounter Friday the Braves outlasted the Red Sox when they won 20 to 10. For the Braves it was 20 runs on 5 hits against 10 runs on 2 hits for the losers. Herron was winning hurler with Campbell catching. Herron also added a home run and two singles to his batting average with Campbell collecting two doubles.

Jimmy Assasin was losing pitcher with Melvin Owens catching. Kassana and Owens also got the lone hits for the losers with a double each.

Tuesday evening the Braves downed the White Sox 15 to 5 in 5 innings in the opener and the Indians nosed out the Cardinals 3 to 2 in a thriller for the nightcap.

Complaint Alleges Forgery By Pair

A young woman who gave the name of Mrs. Maxine Huber and her age as 17, and a companion, Billy Ray Neal, 22, were being held in Plainview jail this week on complaint charging forgery and passing a forged instrument.

The complaints are based on two checks given in Floydada, each for \$37.50. The name of a Lockney business man is alleged to have been forged and the check written against his account in the First National Bank there.

Both the man and woman gave Abernathy as their addresses.

They were arrested in Littlefield where similar charges are alleged to be pending.

One of the checks given here was at Spears Auto Co., the other at Arwine Drug Co. Both were for the sum of \$37.50.

MICHAEL DALTON HOME FROM HOSPITAL AFTER THREE WEEKS

Michael Dalton, 2 1/2 year old son of Mr. and Mrs. J. L. Dalton of Floydada is back home after a three week stay in a Lubbock hospital. Michael broke his leg while playing on a gym set at his home recently and has been in traction splint with his legs elevated since that time.

Tuesday he was due to have the splint removed and replaced by a cast so that he could be brought home. Michael has a sister Caron four years old and a brother Robert 10 months. The father, J. L. Dalton, is manager of the meat market of the local Piggly Wiggly store.

CCC Loan Rate Set On Wheat

Although the bulk of their Commodity Credit Corporation wheat loan papers will not "hit" until after the final figures on wheat loans have been given out by USDA on July 1, the county ASC committee had processed between 200 and 300 sets of papers at the tentative loan rates ranging from 11.86% to 13.91% up to noon Tuesday.

The final loan value to be set by the Commodity Credit Corporation will be announced shortly after July 1, and in all probability on Monday. After that date the flood of loan papers to be processed is expected to be high. More than 80 per cent of the crop has been held off of the market, it is estimated.

The county's nearly two million bushels of 1956 wheat is estimated to bring the growers a gross upward of three and a quarter million dollars.

YESTERDAY it was said at the County ASC office that the nine community committees had completed their job of setting up the cotton estimates for 1956 Soil Bank acreage reserves on the 1,400 individual farms in the county and the county office will be ready to begin handling sign ups by Monday.

What per centage of the cotton farmers will put some acreage in the reserve was problematical as of this mid-week. Apparently cotton growers in the irrigated areas, and a considerable per centage of those in the dry land areas as well, are not likely to be interested in the soil bank idea at this late date.

All of these have a considerable acreage bill in their cotton crops and are more likely to want to go into the harvest with all of their allotment.

IN THE CASE of hilled out farms and dry land farms which have had insufficient rainfall to get stands of cotton the situation is likely to be different.

The cotton man has until July 30 as a deadline to make up his mind.

The county committee was not sure yesterday how much business they would be called on to do with cotton farmers.

With wheat land growers it appears that offers to place acreage in reserve may be more numerous than for cotton in the case of wheat crops that were abandoned the urge to get into the Soil Bank reserve may be more compelling.

THE MAN who didn't plant his wheat allotment can sign up and get \$4 per acre. If he did plant and

didn't harvest he can sign the agreement and get \$0 per acre. Minimum wheat acres that can be contracted is five, the maximum 50 per cent of the allotment or 50 acres whichever is the larger on both planted and unplanted wheat land.

So long as he does not plant another crop on the land to harvest in 1956 the wheat man can summer fallow and put the land back in wheat this fall and even plan to graze the land after January 1.

Before wheat seeding time this fall the county committee will have a yield set up for the 1957 crop.

Social Security Payments Show Large Increase

Social Security payments totaling \$292,811 went to 7145 people in the South Plains Area in the month of December 1955, according to John G. Hutton, Manager of the Lubbock Social Security Office. This was an increase of over 30% over payments at the end of 1954.

In making this announcement today, Mr. Hutton said that many persons think of the old-age and survivors insurance program as providing protection only for older men and women. He made it clear that it is also a program benefiting youngsters. At the end of 1955, nationwide, about 1,275,000 children under age 18 were receiving monthly benefit payments under the social security law. Of these, 120,000 were being paid monthly dependent's benefits because of the retirement of an aged parent; the others were receiving survivors benefits as children of a deceased parent.

HUTTON pointed out that about four times as many orphaned children are receiving benefits under the old-age and survivors insurance program as are being helped under the Federal-State program for aid to dependent children.

Nation-wide, almost 300,000 mothers of children under age 18 were receiving monthly survivors insurance benefits under social security at the end of 1955.

As a further illustration of the protection Federal Survivors insurance now provides for the young people of the country, Hutton pointed out that the mothers and children in 9 out of 10 American families can receive monthly survivors insurance benefits, if death should take the family breadwinner. than half of all the Continental United States fathers have had of 1955.

"WITH THE large groups of employed persons the old-age and survivors insurance program achieved coverage at the end of 1955. Some 70 million are estimated to be permanently insured for old-age benefits, regardless of how long they live. Likewise, in the survivors insurance program, 120 million are insured for monthly benefits, if death should take the family breadwinner."

When a worker or his survivor on phone or write the security office for Hutton said, the office should be:

- (1) when a worker dies, regardless of age, regardless of earnings;
- (2) when he has a family dies;
- (3) when an orphaned child is under 18 and is not receiving benefits for any grand self-employment.

★ ☆ ★ ☆ ★ ☆ ★ ☆ VIEWS AND COMMENT

The vegetable growers may be started out on the right track. Markets come and go and the vegetable man will have to take his good and bad luck as it comes. Take good fortune and roll with the punch when ill timing takes his profits. No doubt about the production. But to learn the technique of economical production and the "feel" of the market place, these are the things that must be learned. In many of the perishable lines there is no such thing as over-production if you can "space" your crops to hit the markets right. As L. A. Marshall would say there is not much per centage in raising \$100 crops on land the Maker designed to produce \$1,000.

Records are needed for a person to get a refund on the federal gasoline tax used in farm tractors. The claim may be made after June 30 and must be made before October 1 this year. The form No. is 2240. Beginning next year the refund will be made on an annual basis. All of which calls for keeping books, receipts and the like. The federal tax on gasoline used in Floyd County will be many, many thousand dollars. Refund may be claimed only on tractors and trucks where they are actually used on the farm, not for any mileage after they leave the farm. Not only will proof be required but records must be kept to substantiate the claim later if its questioned.

Sign of the Times. Farmer borrowing against land increased about 30 per cent over 1954 in the year 1955 and made an all-time record as money was poured into the farming industry by the millions from the accumulated surpluses in lending quarters. Drouth, high costs and declining income all around have hit the southwest a hard blow. The people who have been hit the hardest are the stockfarmers and the cattlemen.

Charlie Chaplin was the childhood idol of many a man and woman now grayheaded, who enjoyed the incomparably funny pantomimes of the screen's leading comedian. Charlie Chaplin lived in the United States for 42 fabulous years. In the last 10 years of his life he was accused of moral turpitude and finally left the country to live in Switzerland under a cloud of suspicion that he leaned heavily toward Communism. He has not yet returned to his native England. In recent years he has been trying to evade, legally, we presume, heavy taxes levied against his income from sales of property in this country worth millions. Sour, cynical, a reputation of being morally unprincipled. That's a bad legacy to bequeath to four or five sons and daughters. Sad to many who still remember the little man whose antics made a nation laugh with uncontrollable mirth.

It is to be hoped that Democrats will not make the same mistake as four years ago, when they nominated Adlai Stevenson for the presidency and saw him defeated by the war hero, D. D. Eisenhower. There would be serious defections in Texas again with Stevenson as the standard bearer. The high command in the democratic party, however, may figure the Illinois man as the best bet and take the possibility of not carrying Texas as a calculated risk.

Assuming that officials of Standard Oil Company of Texas do not change their minds, the Minnie Adams No. 2 should be a real test of the oil formation between 7,500 feet and 8,000 feet where Minnie Adams No. 1, the lone producer at Lakeview, is bottomed. According to the contract made with Reese Cleveland by the lessors in the vicinity of Lakeview the test must be under way on July 14. If this offset is successful it should result in added activity during the summer and fall.

For the First time, last week, so far as we are informed, the Standard publicity referred to the formation their Minnie Adams No. 1 is producing from as the Pennsylvanian. It is to be noted that their permit to drill calls for 8,000 feet, approximate depth of No. 1. This is also true of the W. H. Bunch test, a half mile east, which was plugged at about 8,000 feet and the Nichols test less than half a mile north of the Adams well.

Supreme Court Report. This newspaper, along with many others, is "hipped" on the Supreme Court and its law-making activities. Likely you are not interested, but in case you are the latest, we think, is knocking out state laws which pertain to the "right to work." Theory has long been that a man's right to work could not be abridged. The high court has knocked out Texas' law of this nature and similar laws of several other states. How far the court seems bent on going in their job of making over the people of the country is quite problematical. It is our belief the people should have the say in such matters through their Congress and legislature.

The U. S. Department of Agriculture reports that Kansas tests made in 1952 indicate that moisture infiltration into the soil, an important factor in crop and pasture production in limited rainfall areas of the Great Plains evidently is unaffected by deep tillage and adversely affected by burning over native grasses.

First primary day is 30 days away as of today—July 28. With voting time so near the campaign seems to have warmed in spots and still to be lukewarm in other races. One thing about it, with a short ticket voting should be done rapidly and the count made early. Absentee voting will begin on July 8.

Take safety with you and enjoy your vacation. Toss caution to the winds and there may never be another vacation trip, warns the Texas Farm and Ranch Safety Council. For they point out as motor travel booms, traffic accidents, especially in rural areas, also zoom upward. Let safety be a silent passenger all the way.

When daytime temperatures hit 90 degrees, egg quality will hit the skids unless egg producers make some changes in management practices, says Kermit Schlamb, Extension poultry marketing specialist.

As A Farm Woman Thinks

(Nellie Witt Spikes)

Seems as the years go swiftly by there are more farewells than stars in the heavens. Only a week has gone by and three of our friends have crossed to the Golden Shore. See how the generations pass. Like sand through Heaven's blue hour-glass.

How we loved Mrs. Wade Cooper! Only the other day before we read of her passing I was making a pitcher of ice water. Many times when we went to Crosbyton after a long hot ride in a slow car, Mrs. Cooper went to her ice box, picked some ice and put it in a big pitcher. She poured the water back and forth into another glass till it was really cold and it seemed we would never get enough. She was a homemaker, loving to do for her family and her friends. She did the many little kind acts that made us feel so very welcome. She was so sincere, so honest, so kind. It has been many years since I have seen this dear friend, but her memory is like a sweet perfume that makes the hard things of life easier to bear.

For the ones who loved her these beautiful lines by McCreery:

There is no death! The stars go down
To rise upon some other shore,
And bright in heaven's jeweled crown
They shine for evermore!

Charlie Thomas was our schoolmate at Emma. I can see the children coming down the street from

the stores and courthouse in a two wheeled rig. Charlie proud with the lines in his hand, Wayne, Virginia and Mamie, trusting to their older brother to get them to school on time. Now the reins of life have dropped from Charlie's hands and the brothers and sister have to do without his love and advice. "How the old range beckons vainly in the sunshine and the rain."

"Good name in man and woman,
Dear my lord
Is the immediate jewel of their souls"

Our grandson, Carey Spikes, sang for our Victory Class the other Sunday. We were very proud of him. His voice is sweet and clear. It makes us think of our father's beautiful singing. He always sang every note true and made his words clear. Some of you who read this may have been a pupil of John Witt's singing school at Emma.

Most modern truck V8's ...and the pounds prove it!

Pound for pound, the most powerful truck V8's today are Chevrolets. That's one way you can tell they're the most modern V8's going!

Chevrolet's modern short-stroke V8 truck engines do more work for their weight than any other V8 in any truck today!

That means they carry around fewer pounds for power they develop. (They weigh up to 200 pounds less than other comparable engines!) It means, too, that less of the maximum truck G.V.W. consists of engine weight—and more is devoted to payload.

Stop by and let us give you the facts on Chevrolet's compact, super-efficient truck V8's.

Weigh the facts ...
and you'll choose today's most modern trucks

Wasted weight is engineered out of Chevrolet truck V8's! The ultra short-stroke of Chevrolet's truck V8's makes possible a rugged yet compact cylinder block. Modern design cuts down engine weight and increases engine efficiency.

More power per pound means more power for your payload! Since less power is used in moving engine weight, a bigger proportion is available for moving your payloads. You get hour-saving performance on the job. And modern V8 power saves dollars, too!

There's a modern V8 for every Chevrolet Task-Force truck! There's a powerful, deep-breathing V8—either standard, or optional at extra cost—in every Chevrolet truck model. Horsepower ranges as high as 195 for fast, efficient high-tonnage hauling.

Chevrolet Task-Force Trucks

Anything less is an old-fashioned truck!

Naturally ... It's GAS
SAFE...DEPENDABLE...ECONOMICAL

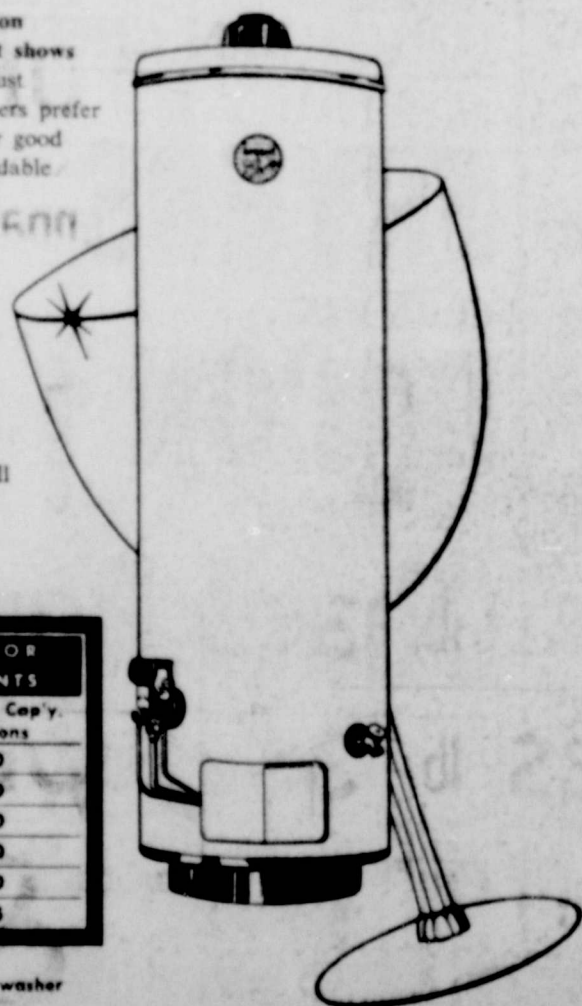

The National Fire Protection Association has compiled documented proof that shows Natural Gas as the safest fuel. Safety is just one of many reasons why homeowners prefer automatic Gas water heaters. Two other good reasons for this preference are dependable performance and economy of operation.

Be sure that your next water heater is safe, dependable and economical to operate ... naturally, it's Gas.

The chart illustrated below was designed by the American Gas Association to help you select the automatic Gas water heater best sized to serve the hot water needs of your family. Check this chart, call your plumber and have him install an automatic Gas water heater ... sized to the needs of your family.

MINIMUM RECOMMENDATIONS FOR NORMAL HOT WATER REQUIREMENTS		
Number Bathrooms	Number Bedrooms	Storage Cap'y. Gallons

New Problem

Hepatitis has become a public health problem. It is an infectious disease that attacks the liver. The disease is usually spread by contact with the blood of an infected person. Overcrowding and poor sanitation may also be factors. It can also be transmitted by insects and animals. The disease is characterized by fever, loss of appetite, and jaundice. In severe cases, it can lead to liver failure and death. The disease is most common in children and young adults. It is important to take precautions to avoid infection, such as washing hands thoroughly and avoiding contact with infected persons.

Infectious hepatitis has been known throughout the world for hundreds of years. Large numbers of troops in both world wars were infected. As a communicable disease among the general public, it has not until recently been considered a serious problem. Infectious hepatitis was made a reportable disease in Texas in 1952 when 265 cases were reported. The number of cases reported have shown a steady increase. Last year 1316 cases were reported and so far this year 620 cases. The number of deaths has been only a small percentage of the reported cases. There have been 126 deaths reported from hepatitis in the past four years. Children are the most frequently attacked by this virus and usually have mild attacks. However, the illness can be severe in older persons. Infectious hepatitis is seldom fatal, but when death does occur, it is usually in persons over thirty years of age. Personal hygiene and the sanitary disposal of sewage cannot be over-emphasized as preventive measures in the control of infectious hepatitis. Milk and water should be obtained from sources that are known to be tested frequently and careful attention should be paid to the storage of food.

News of Harmony

(By Mrs. Mather Carr)

HARMONY, June 25 — Our hearts were made sad Sunday evening at 5:29 when our friend and neighbor, G. L. Snodgrass passed away at the home of his daughter, Mrs. Everett Miller.

We had two nice showers that were appreciated very much and hope we may get more.

Mrs. Bob Hopper's father, Mr. Scott is very ill in his home in Lorenzo. We hope and pray that he gets better.

The WSCS District meeting was held at Carr's Chapel Tuesday with Mrs. Bill Boren, president, presiding. Mrs. Chiona Williams acted as secretary.

This was an all day meeting with a sack lunch served at noon. There were district officers from Friona, Matador, Lockney, Petersburg and other places. The next meeting will be at Cone.

There was a regular monthly meeting of the community center held Wednesday night at the center in connection with the award and presentation of the check of \$50.00 which we won in the Farmer Stockman contest. A Koffee Kan supper demonstration was given by Mrs. Walter Hanna and Mrs. Chiona Williams. The entire supper was cooked in pound coffee cans. The demonstrators cooked the suppers of the guests with the help of the regular committee for that purpose. The committee also furnished soft drinks and desert. Mr. Orman of Ft. Worth showed movies taken in Colorado while on tour.

Mrs. Callie Haynes of McLean, Mrs. Mattie Heard, Miss Anna Carr and Mrs. Ery Williams of Petersburg were dinner guests in the Mather Carr home Thursday. Mrs.

Haynes is a niece of the Carrs. Guests in the Forest Gound home Sunday for dinner were Mr. and Mrs. Fred Beverly of near Hale Center and Mr. and Mrs. Loyce Turner and son Gary.

Mr. and Mrs. Loyce Turner and son Gary left Wednesday for their new home in Omaha, Neb. We hate to lose our good neighbors.

Mr. and Mrs. Jack Parkey have moved to their new home in Floydada. Another good neighbor moved from our community.

Jerry Cardinal of Floydada spent Saturday night with Charles Mather Carr and Charles Mather went in Sunday with Jerry and spent the day.

Mr. and Mrs. Ted Rutherford are in Abilene with Mrs. Rutherford's mother who will undergo surgery this Monday morning. We hope and pray Mrs. Smith will soon be well and back home.

Rev. Gates preached Sunday morning at the Chapel, but owing to the passing of G. L. Snodgrass the night service was called off. The Gates had dinner in the Chiona Williams home.

Sue Williams was a guest of Patricia Tucker Sunday.

Guests in the Forest Gound home Saturday were Mrs. Gound's father, mother, grandmother and aunt from Donna, Tex. The parents are Mr. and Mrs. O. M. Johanson, grandmother Mrs. S. T. Sharp, aunt Mrs. W. W. Perkins. The Gounds and company spent Sunday in Brownfield, guests of relatives. The Gounds and Mr. and Mrs. Johanson returned to the Gound home Sunday night. The latter left Tuesday for their home in Donna.

Floyd County 14 Years Ago

(Taken from the files of the Hesperian, issue dated July 2, 1942.)

Local showers and damp cloudy weather this week have held up the wheat harvest over the county, yesterday being reported as the slowest day since the rush of the harvest started ten days ago. Reports from over the county indicate the grain is 60 per cent cut and should the weather conditions remain favorable a week would see the peak of the rush over.

Approximately 115 carloads of wheat have been shipped from the county to terminal elevators.

Announcement is made of the marriage of Miss Edith Grimes of Floydada and Sgt. Gene Aylesworth of Lubbock which was solemnized June 21 in the home of the officiating minister, Dr. L. N. Lipscomb of Plainview.

THE STATE OF TEXAS

TO: Charles E. Wetzel, the unknown spouse of Charles E. Wetzel, if he be married and if Charles E. Wetzel or his unknown spouse, if any be deceased, then their respective heirs, devisees, legatees, administrators, executors and other personal representatives of defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Floyd County at the Court House thereof, in Floydada, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 23rd day of July A. D. 1956, then and there to answer Plaintiff's Petition filed in said Court, on the 6th day of June A. D. 1956, in this cause, numbered 4387 on the docket of said court and styled A. C. Carthel Plaintiff vs. Charles E. Wetzel, et al Defendants.

A brief statement of the nature of this suit is as follows, to wit: Trespass to try title suit by A. C. Carthel, as plaintiff, against the persons first named and described in this writ, to whom this writ is directed, as defendants. Plaintiff, A. C. Carthel, alleges that on the 1st day of June, 1956, he was the owner in fee simple of Lot No. 16 in Bk. No. 21 of the original town of Floydada, Floyd County, Texas; that on said date, the hereinabove defendants unlawfully entered upon and dispossessed the plaintiff of such premises and withholds from the plaintiff the possession thereof; plaintiff, A. C. Carthel further alleges that he and those whose title he holds, has had peaceable and adverse possession of the lands above described, using and enjoying the same and paying all taxes more than ten years next before the filing of this petition, and plaintiff specifically pleads the ten year statute of limitation in bar to any defense the defendant may have; plaintiff, A. C. Carthel, further alleges that he, and those whose title he holds, has had peaceable and adverse possession of the above described land under a claim of right and under deed for more than twenty-five years prior to the filing of this petition, and plaintiff specifically pleads the twenty-five year statute of limitation in bar to any defense the defendants may have and praying for the judgment of the title and possession of said land, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Floydada, Texas this 6th day of June A. D. 1956.

Highlights And Sidelights From the State Capitol

(By Vern Sanford, Texas Press Association)

AUSTIN, Tex. — A court battle seems imminent to decide if counties must put the state rights referendum questions on the Democratic primary ballots.

Two "liberal stronghold" counties — Harris and Bexar — have said they will not. County committees de-

nounced the referendum as "appealing to Ku Kluxism for a campaign of hate."

Attorney General John Ben Shepperd ruled to Jefferson County officials that putting the matters on the ballot was mandatory, and that penalties were provided by law for failure or refusal.

State Executive Committee members certified placement after receiving a petition signed by 153,000 voters — more than required by law. Voter opinion is sought on three questions — school integration, intermarriage of Negroes and whites, and interposition.

HOPE FOR TOURIST LODGES — New hope for early action on the building of tourist lodges in state parks was presented at the State Parks Board meeting.

During the last session legislators approved \$25 million in bonds for construction of resort hotels in at least six state parks. In past weeks interested groups over the state have become impatient to know why the bonds haven't been sold and the building program launched. Delegations from three towns came to Austin to ask.

Board Chairman Andrew M. Hovsley told them the Chicago bonding firm which has the contract has so far failed to sell one bond or find a responsible company to operate the property.

Former State Sen. Howard Carney, one of a group from Atlanta, announced that the Fred Harvey Co., a big nationwide firm, had expressed interest in building lodges at Atlanta State Park, Eisenhower State Park at Lake Texoma and Inks Lake State Park.

Carney predicted construction could begin by September with completion one year later.

STATE MAY BUY ROAD RIGHTS — Relief is in sight for Texas cities and counties which have been unable to finance right-of-way for desired new highways.

For nearly 30 years the State Highway Commission has authorized use of state funds for highway construction only if the cities and counties purchased right-of-way. In populous areas cost of needed land frequently ran into millions. During the past year Dallas and Harris counties failed in financing attempts.

Now the commission has announced the state will start paying for right-of-way under the new federal highway aid bill. Final congressional approval will launch a multi-billion-dollar interstate road building program for which the federal government will pay 90 per cent of the costs.

Commission Chairman E. H. Thornton Jr. predicted, however, that state right-of-way buying would not begin for some time. First funds will be used for projects where road rights have already been secured by local agencies.

GOVERNOR SEEKS DROUTH AID — Free livestock feeds for Texas farmers hardest hit by drouth is being sought by Gov. Allan Shivers.

Shivers has submitted a contract to the U. S. Dept. of Agriculture to secure surplus federal grain. It would be distributed by the State Welfare Department.

Farmers receiving the free feed would be barred from commercial sale of livestock, poultry or products.

Ten counties have been certified by the state as eligible for such aid. They are Karnes, Jim Wells, Wilson, Goliad, Prio, Live Oak, McMullen, Atascosa, Gonzales and Bee. Shivers also announced he had negotiated for reduced freight rates for ranchers in 80 drouth-stricken counties to ship cattle to outside pastures.

FINAL TURNPIKE CONTRACT — Last contract needed to complete construction of the Dallas-Ft. Worth toll road was awarded last week

by the Texas Turnpike Authority. It was for \$1,175,804 in paving.

Unless a steel shortage develops completion of the \$58 million road is expected on schedule by July 1937. It will be Texas' first toll road.

Present plans are to charge passenger cars 50 cents, trucks \$1.25 for the 30-mile drive.

MORE SALK SHOTS — The U. S. Public Health Service released 229,599 shots of Salk polio vaccine for use in Texas.

Texas Health Commissioner Henry A. Halle advocated removal of the voluntary age restrictions on use of the vaccine. At present, vaccine is available only to children under 20 and to expectant mothers.

Meantime the State Health Department sent a four-man team of experts into the Brownsville-Matamoros area to study the threat of yellow fever. The department said "the inexorable advances of jungle yellow fever from Panama toward Mexico and the Gulf Coast of the United States is causing quailms of uneasiness."

IMPROVEMENT IN ORDER — State Auditor C. H. Cavness suggested in an audit report on the Insurance Commission that this big state agency improve its personnel methods. He said he found the commission's rental contract for space in an office building owned by an insurance company "not out of order."

SHORT SHORTS — Texas Law Enforcement Foundation's \$40,000 "Travelab" will begin touring Texas next fall. A 33-foot "rolling classroom" on newest crime detection methods it is designed to further the foundation's program of enlisted citizen support for good law enforcement.

Despite reduced purchaser nominations the Railroad Commission increased the allowable Texas crude oil production for July by 70,973 barrels over June, after four successive monthly cuts. Authorized July flow is \$322,043 barrels daily.

State Agricultural Commissioner John C. White reported the Lower Rio Grande Valley may equal its last-year cotton production of 392,000 bales, but reported disastrous drouth conditions in the area from Austin to Alice. The drouth situation is "the worst I have ever seen," he said after a tour.

V. M. Ehlers, director of the division of sanitary engineering in the State Health Department, was named the 19th honorary life member of the Texas Society of Professional Engineers, in recognition of his long public service.

The National Park Service announced tentative plans for \$5,957,960 construction of roads and trails and \$4320,000 for buildings and utilities in the Big Bend National Park over the next nine years.

Mr. and Mrs. Olin Norman of Abilene were week-end visitors in the homes of Mr. and Mrs. E. L. Norman and Mr. and Mrs. Lewis Norman.

Big Political Rally On Saturday Night

CROSBYTON — The big Crosby County Political Rally slated for Saturday June 30, in Crosbyton, promises to be one of the biggest events of its kind ever held on the South Plains. To date, four state candidates have accepted invitations to the giant rally and more are expected.

Candidates already expressing their intention to attend include C. T. Johnson of Austin and John Lee Smith of Lubbock, both candidates for Lieutenant Governor and Ross Carlton and Will Wilson, both candidates for Attorney General.

District candidates planning to be present include Kilmer Corbin, Carroll Cook, and Preston Smith all candidates for state Senator James Moore and George Gikerson, candidates for district attorney, will also be present.

The rally will start promptly at 5:00 p. m. in the City Park Square in Crosbyton, and there will be plenty of food on hand consisting of sandwiches, cold drinks, etc.

"MORE WORK SPACE IN LESS SPACE WITH Electric Built-Ins!"

says Mrs. W. P. Crudgington,
CLAUDE, TEXAS

"My husband built the cabinets in our kitchen, and had no trouble fitting in the built-in electric range top and oven. It worked very nicely and I'm proud of the job that he did."

"One thing that has impressed me is that we could put our electric range exactly where we wanted in our kitchen for our own convenience and use. That's possible because it doesn't need any vents."

"I'm amazed at how easy it is to keep an electric range clean. Of course, that's easy to understand because there are no fumes to catch dirt and electricity is so clean. The units will actually clean themselves."

Your comfort and convenience is the reason that your electric range will always meet. Built-in models come in any style that you want and can be put in the exact place that you want them.

Cook the modern way on the modern range. Of course, it's electric.

Quitague Crop Outlook Aided By Good Rains

QUITAGUE — Another fine rain came to Quitague Sunday afternoon and evening. From the reports they have received everyone was very much satisfied at the way it fell, light and continuously, permitting every bit of it to soak into the ground.

The moisture also arrived just at the right time for many of the farmers around here who had finished planting and were busy hoeing the weeds from the fields. Workers have been swinging their hoes this week trying to eliminate as many weeds as they can.

Rainfall measured between one and two inches in this locality. Billy Rhoderick received 1.02 in. at his place; 1.35 was gauged at the City Hall by Homer Gregg; 1 1/2 inches fell at the George Pigg and Bert Hawkins farms; C. T. Tucker Sr. reported 1.60 in.; and 2 inches fell at M. E. Lovings, Harry Blairs and Denver Anderson's farms.

All in all it was pretty general in that area. Flomot is reported to have gotten 3 1/2 inches.

on the tag to let the buyer know what he is paying for.

An unscrupulous operator can mislabel his seed bags, charging a high price for what is actually an inferior and cheap product. The penalty for this action is a nominal fine.

If the seller violates the law on a large scale he can make tremendous profits. The only recourse the law has is to fine him for each illegal sale — a lengthy and expensive proposition, even if it can be proved.

The end result is that small fines serve as a nuisance to legitimate businessmen who accidentally violate the law and only slap the hand of schemers who operate on the outer fringes.

A goal of the Texas Department of Agriculture is to correct this inequality in the next session of the Legislature. For first offenders, the penalty will remain about the same. But for repeated violations, the dealer "should have the book thrown at him".

In the meantime, a drive by agricultural inspectors is underway to offer as much protection as possible to prospective seed buyers. Known offenders of the seed act are being subjected to a "harrassive campaign" to discourage the illegal sales. Fines are being levied fast and frequently.

In addition, wide publicity is being given to cases filed in court on offenders who have been fined repeatedly on other occasions. This is one of the best methods to discourage such operations.

Legitimate dealers have requested this "clean-up campaign". They know that sellers and buyers suffer equally from such disregard of the law by a small percentage of "petty grafters".

HERE'S PROOF
dieldrin treatment kills thrips
and fleahoppers... pays off in
higher cotton yields

Graph shows results of test performed at Texas A. & M. (1954). In this test, the dieldrin-treated plants produced almost three times as many blooms in a three-week period after treatment as the untreated plants injured by thrips and fleahoppers. Photo courtesy of Texas A. & M.

Results of this test prove without a doubt that treatment with dieldrin really pays. Dieldrin controls thrips, fleahoppers and other sucking insects. Cotton gets a good start... you get better quality cotton and earlier harvest... less chance of heavy loss due to early frost.

Dieldrin provides long-lasting protection. Days after application dieldrin still has lethal effect. Two to three applications at the recommended dosage—1/10 lb. of actual dieldrin per acre—does the job. Dieldrin dusts are both-textured, free-flowing. In a spray, dieldrin forms creaming emulsions... eliminates nozzle clogging.

Profit from this conclusive test. Use dieldrin early this year. Your insecticide dealer has dieldrin recommendations and information on latest methods of application best suited for your use. Don't delay—get dieldrin now!
