

Fast Opening Cotton Crop Begins To Move

20 Days Ahead Of Last Season

With 236 bales of cotton already ginned from Floyd County fields yesterday at noon it appeared probable that 48 crews in the fields and more to enter today are likely to bring the total ginnings at the close of the first week in September well up to the 500-bale mark.

This is in contrast with last year when the ginning date for most of the county was around September 20.

Reports from 18 of the 19 gins in the county show that not only is the bottom crop good and opening up good but that the movement of pulpers into the territory is general, with labor camps and living quarters throughout the area beginning to fill up.

Ginners all were wary of putting into figures any estimates on what cotton their customers have open in the fields but most all of them spoke of numbers of customers who "have spoken" for cotton pulling crews, indicating that another few days will see activity liven generally.

GINNEERS of the county have over \$2 million invested in plants that are "the best that money can buy." They have spent half a million dollars this season on new equipment to take the place of old machinery that has been torn out and discarded.

Only two gins in the county have not turned out at least one bale each. The figure runs up to 59 bales at noon Tuesday handled by one ginner.

THE cotton that has been ginned today is of better staple and character than last year's crop, all are agreed, and also that the first crop was a staple of an inch or at least 31-thirty-seconds.

And well the crop may be better this season. For a check on the Commodity Credit loan values show that whereas middling one inch staple cotton was valued at 34.03c last season the same bale will go in the loan this season at 32 cents, or 87 cents per bale.

Middling 15-sixteenths inch cotton last year went into the loan at 33.32 cents. This year it will be valued at 31.48c, a difference of \$2.20 per 500-pound bale.

A strict low middling spot bale of 7-eighths inch staple this year will have a loan value of \$11.95 less than in the 1955 season.

ADDITIONALLY reports from down-state indicate the probability that all cotton may be down-graded to some extent. Complaints from farm operators in the Dallas area allege that the government classifiers are putting values on cotton in that area a full grade lower than the "trade" is willing to accept it.

In most of the county the cotton crop is far and a way better than it was last year when a June 18 hail dealt havoc in more than half of the fields.

At South Plains in the northeast part of the county the crop is about the same as last year and the same is true in the vicinity of Almon, both of which escaped the main fury of the hail period.

PRELIMINARY estimate on the Floyd County crop this season indicates the probability of close to 75,000 bales, and this may be too conservative. There are many fields which will produce two bales or more of cotton and the total acreage of the irrigated crop is about 65,000 acres. In addition there are 20,000 acres of dry land cotton that will add a sizable total.

Most cotton farmers were tapering off last week and this on irrigation. Some who are not have younger cotton that they want to push as long as possible to get good big bolls.

Floyd Democrats House Hunting in Fort Worth

Floyd County delegates to the state convention of the Democratic Party on Sept. 11 will go to Fort Worth, the convention city, armed for re-convening of the May convention if need be.

Wester, chairman of the Floyd County delegation, pointed out Tuesday that the May convention was not adjourned finally but only subject to call.

Caucuses Sunday night and Monday prior to the governor's convention on Tuesday will determine whether the liberal forces deem it desirable to re-convene the May convention. Should this transpire an effort to unseat the members of the state committee would be made.

OTHER members of the county delegation expected to be present for certain when the state convention opens on Tuesday are J. M. Willson Jr., Mr. and Mrs. J. H. Barnard, Lawrence Davis and G. B. Johnston Jr.

Mr. Sid Thomas will not attend nor will John B. Stapleton. The latter will be in district court for trial of a case at the time of the convention.

J. M. Willson Jr., who was named representative of the 30th Senatorial District on the state planning committee for the convention, left yesterday at noon for the scene. He will investigate in advance the possibility of getting quarters for the district's county delegations in Fort Worth.

A CHECK of the 15 counties in the district, he said, revealed that every one of them had been assigned quarters in Dallas.

Wester received notice that reservations had been tentatively made for the Floyd County delegation at the Adolphus Hotel in Dallas.

"Our delegations want quarters in Fort Worth where the convention is to be held," said Willson before his departure. "If the counties of the district want to get together we couldn't arrange it scattered over two counties. Our Floyd County delegates will want also to attend the pre-convention caucuses. Staying in Dallas we would have to spend most of our time on the highways to and from the scene of activities."

THE FLOYD COUNTY HESPERIAN

VOL. LXII, No. 33

Floydada, Floyd County, Texas, September 6, 1956

5 Cents 14 Pages Today

New In Floydada

Records from the city hall, assembled by the Chamber of Commerce, show that the following new families have moved into Floydada since Aug. 15.

Robert L. Tolliver, 223 W. Crockett; Gilbert H. Rhine, 1117 S. Main; Bill Keith, 410 South 4th St.; Sam Puckett, 315 W. Jeffie St.; Robert Ruiz, 305 W. Mississippi St.; Clyde Bagwell, West Olive Ave.; M. V. Ivy, 117 West Houston St.; Lloyd Cook, 116 West Houston St.; Ted Barker, 512 1/2 South Main St.; Andrew Pina, 210 North 10th St.; Joe Giles, Ralls Highway; Eula Jones, 603 S. Main St.; E. C. West, 324 West Missouri St.; David Wilson, 1110 South 4th St.; Mrs. J. T. Arrington, 127 W. Jeffie Street.

Mounting Water Use Breaks City Record

Water use in Floydada for the month of August reached a new all-time high, according to figures prepared for The Hesperian by Miss Jimmie Stewart, assistant city treasurer, this week.

The city actually metered out and sold to regular customers a total of 31,949,700 gallons, which exceeded July use by 3,636,200 by the same customers.

In addition water service was given to the swimming pool, city parks, and streets. The city also sold several thousand gallons to a Cities Service seismograph crew and to any number of stockfarmers.

The total of these easily ran up to four million gallons or better," said Miss Stewart.

Steadily mounting dryness in the area and efforts of home owners to keep shrubbery and flower gardens thriving, together with hundreds of water cooled air conditioners, account for the mounting demand of city users.

Joe Giddens Have New Daughter

Mr. and Mrs. Joe Giddens of Floydada are proud parents of a baby girl born Thursday, Aug. 30, at Niblett Hospital in Canyon. The young lady has been named Maureen Elizabeth. Mrs. Giddens and the daughter were doing fine early this week and were due to return home yesterday.

Maureen has two brothers, Howard six years old, and David, two years old. The family moved here in January when Giddens was named manager for the Floydada district of Southwestern Public Service Company. Mrs. Giddens is a former nurse and had served in the Canyon hospital where the new daughter was born.

Junior High Pts Drive Postponed To October 1

Due to a conflict in meetings, the membership drive of the Junior High Parent Teachers Student Organization, which was planned for Sept. 17, has been postponed until Oct. 1.

Further details for this meeting will be announced in next week's Hesperian.

Temperature Readings

High temperature in Floydada for the week was recorded last Thursday and Friday with a reading of 99 degrees.

Low was recorded Sunday and Monday with a reading of 64.

Yesterday's reading at 2 o'clock was 93 and low was 61.

At Family Reunion

Mr. and Mrs. George L. Fawver and Mr. and Mrs. Claude Fawver are leaving today for Moberly, Mo., where they will attend a Fawver family reunion on Sunday next.

Queen's Contest On Thursday Night

Miss Linda Jones who was crowned queen of the Floyd County Fair bureau will compete against nine other county queens in the Texas Farm Bureau District II queen contest.

The event will be held Thursday, Sept. 13, at O. L. Slaton Jr. High School in Lubbock. The contest will start at 7:30 p. m., with Harold Moore, area insurance supervisor from Austin, Tex., as master of ceremonies.

Special entertainment will also be part of the program.

The contestants will be televised on Channel 11 at 5:45 and on Channel 13 around 5:30.

County Farm Bureau leaders will meet that afternoon at 2 p. m. at the Lubbock Hotel to discuss farm problems.

"Since the television time is so close together the girls will be divided into two groups, but viewers will be able to see both programs."

Floydada High Exes Will Push Nov. 16 Plans

Members of the Floydada Ex-students Association met Friday night at the high school and decided to push plans for a big homecoming here Nov. 16.

President Ernest Carter reviewed problems of the group in finding workers for the big job and asked those present if it was to be carried out or junked. Those present pledged to renew efforts and call on the public to support the plan.

Biggest need of the association is for money to put on a worthwhile program for the day to go along with the football game. Hope is to have a barbecue, party, and dance following the afternoon gridiron battle with Spur. Also a big job of mailing notices to out of town exes should get underway almost immediately in order that the program committee can find out how many to make arrangements for.

A CALL was issued to all exes to rally to their school colors and purchase membership cards immediately. These cards are being sold by members of each class and are priced at \$2 each. The membership card entitles holder to a barbecue supper and all other entertainment offered with the exception of the football game. All members of the family planning to attend should have cards.

Persons who are not contacted or those living away from Floydada are asked to send money along with name and address to Ernest Carter, 115 South Fifth Street, Floydada, or to O. M. Watson Jr., Floydada Chamber of Commerce office with proper instructions and a card will be mailed upon receipt.

Those working up mailing lists were urged to complete them as soon as possible and turn in same to group captains. A deadline will be set for purchasing tickets as workers will have to know in advance of the homecoming day how many they will have to feed.

School Leaders Will Be Guests Of Rotary Club

Floydada Rotary Club will do the honors traditionally for the members of Floydada school faculties and members of the school board Thursday night of next week.

Dispensing with their usual noonday luncheon on Wednesday the meeting for the week will be deferred until the Thursday night date.

Faculty members and their spouses and school board members and their spouses will be guests of honor at a dinner to be served at 7:45 o'clock at high school cafeteria.

Wives of the 60 club members also will be guests for the evening.

The custom is one which the Rotary Club adopted early in its history and is generally one of the meetings which highlight the fall months for the club.

R. F. Stovall is chairman of a committee, of which Glad Snodgrass and Polk Goen also are members, which is making plans for the evening's program.

A registered technician in both laboratory and X-Ray, Keith comes to Floydada from Wilkinson Clinic and Hospital in Roby. Keith and his wife and three children, Sheryl Lynn, age five, and Gordon Dwayne and Darlene Jane, twins, age three, moved to Floydada last week-end.

MAIZE MARKET UP

Strong competition from truck operators who have been bidding for maize crops in the field has had a bullish influence on the local market this week.

Yesterday it was reported by one farmer that he had been offered \$1.90 per hundred in the field for his crop, which is about 18 cents above the CCC loan value, and an improvement of 5 to 10 cents over last week-end cash market.

FATHER OF FRANK WEBB ILL

Marvin Webb, father of Frank Webb of this city, is ill in Stanley Hospital at Matador. He had been in failing health for sometime and suffered a stroke two weeks ago. Frank has been spending much of his time in Matador with his father.

Melda Jo Ramsey, daughter of Mr. and Mrs. Sherwood Ramsey, will represent Floyd County in the District 4-H Club Dress Revue. She is shown here modeling the costume which won blue ribbon honors for her in the Floyd County Revue in August.

Harmony Miss Named To Represent County In 4-H District Revue

Miss Melda Jo Ramsey, 15 year old daughter of Mr. and Mrs. Sherwood Ramsey of the Harmony Community, will represent Floyd County Saturday at the district 4-H dress revue in Lubbock. The contest will be held in the ball room of the Student Union Building on the campus of Texas Tech College.

Miss Ramsey was named winner of the Floyd County dress revue held Aug. 10 in Lockney at the high school auditorium. She modeled a navy blue broadcloth dress fashioned with a shirt-waist bodice and gored skirt. The bodice is trimmed in white cord and has self-covered buttons. Her matching hat of navy blue broadcloth is also trimmed in white cord. She wore black shoes, black bag and wore navy blue gloves.

MELDA JO has been a member of the Harmony 4-H club for five years. During the five years she has carried projects in clothing, safety and electricity. In the five years she has made 31 clothing garments, 16 of them being this year.

This year, Melda Jo and Sue Williams worked as a team on an electrical demonstration and won first in Floyd County and second in the district contest.

Melda has served as president and recreation leader of the Harmony club, along with serving on a number of committees.

A SOPHOMORE at Petersburg High School, she is a member of the Petersburg High School Band of America. Melda is part-time pianist at Carrs Chapel Methodist Church.

NEW HOSPITAL TECHNICIAN

Bill Keith, a former resident of Roby, has accepted a position as technician at Peoples Hospital this week.

A registered technician in both laboratory and X-Ray, Keith comes to Floydada from Wilkinson Clinic and Hospital in Roby. Keith and his wife and three children, Sheryl Lynn, age five, and Gordon Dwayne and Darlene Jane, twins, age three, moved to Floydada last week-end.

SOIL BANK PAY DUE NEXT WEEK

Payment of cotton and wheat growers under the Soil Bank Reserve plan for 1956 is due on schedule next week, said Thos. J. Hutchins, secretary to the County ASC committee Tuesday.

For 9,242 acres of wheat land put into the reserve the payments are expected to total \$52,993, and for 1,999 acres of cotton land the payments are estimated at \$73,226, for a grand total of \$126,219.

This week the records are being checked in the office, following the completion of measurements, Hutchins said.

Drafts will be written and distributed locally. The office is expected to have notices in the mails his week-end or Monday at the latest.

'Winds Expect Rough Sledding In Season Opener Friday Night

Coach Preston Watson's young Whirlwinds will take to the road Friday when they go to Canyon for their opening game with the Eagles. The contest is slated to begin at 8:00 p. m. at Buffalo stadium.

Making the trip with the team will be the big 100-piece Whirlwind band and a large number of the student body cheering section. Local fans are also expected to follow the boys to the Randall county capital in large numbers to see what the season will hold for the green and white.

Most football followers of Floydada hold little hope for a "Wind" victory Friday night as they feel the heavily loaded Eagles will be more than a match for the locals. This year Coach Guy Harrison is carrying a 24-man squad for his traveling team. Most all of his starters are the same as played the "Winds" here a year ago when the locals upset them in a 7-0 thriller.

The Eagles have eleven returning lettermen. Most of these are seniors and hold two or three letters in football. Coach Harrison has already named his starting line-up and had it worked out before the boys had been practicing more than two days.

CANYON STARTING team has been named as follows: Ends - Gerald Free, 165 pounds, 5 feet 2 inches, 2 letters; Leonard Miller, 170 pounds, 5 feet 11 inches, 1 letter; Tackles - Richard Burgess, 229 pounds, 6 feet 2 inches, 2 letters; Elton Burkham, 238 pounds, 5 feet 9 inches, 2 letters; Center - John Wheeico, 182 pounds, 5 feet 10, B squad; Guards - Dory Funk Jr., 172 pounds, 6 feet 4 inches, B squad; C. B. Stone, 165 pounds, 6 feet, 1 letter.

Quarterback - Charles Nebbett, 181 pounds, 6 feet, 2 letters; Halfbacks - Harlie Adams, 163 pounds, 5 feet 11 inches, two letters; Don Brittan, 135 pounds, 5 feet 10 inches, 3 letters; Fullback - Eddy Boydston, 175 pounds, 6 feet, 1 letter.

Canyon has been picked as a district favorite and many are booming them for a position in the state playoff.

FACING THEM the inexperienced "Winds" will be definite underdogs and are given very little chance of being able to stay on the field. Coach Watson and his assistants were still shuffling their material around this week in an effort to discover more talent in a few spots.

Saturday night the "Winds" scrimmaged Crowell and only looked fair at times in the workout. The defense appeared stronger than the offense, but both had a long way to go. Blocking was particularly weak and ball handling and timing were poor. This, of course, could be expected with only six days of work behind them and new faces at many positions. How far the boys come this year.

The Board of Directors made this decision during a called meeting Monday night.

It was decided to ask the grain elevators and banks in the county to act as collecting agents for funds this year and each farmer is being asked to contribute one-fourth of one percent of their grain sorghum income to help support the program.

A display set found elsewhere in his paper states concisely the benefits to farmers received as a result of support of the organization.

The Floyd County group is working with other county groups over the High Plains in helping further the cause of grain sorghum production in west Texas.

Officers of the Floyd County group are Ewald Quebe, president; Tom Porter, vice-president; R. C. Mitchell, secretary-treasurer; Forrest Mickey, delegate; John Key West, alternate delegate.

Pintos Shipped To Brownwood

The first load of the 1956 crop of Floyd County pinto beans to leave for the markets went out this week, with Kimbels plant at Brownwood as the destination.

D. W. Fryff, who handled the 350 sack contingent, said the beans were delivered Tuesday at a price of \$6.75 per 100 pound sack.

Acres of Pintos in the county this year is considerably lower than last year. Fryff estimates the crop at 800 acres. In most instances the yield has been only fair.

BORN - To Mr. and Mrs. W. C. Almon, of Almon, a daughter, Monday at 8:36 p. m., at West Texas hospital.

BYRON ROBERTSON FACES DAYS OF ENFORCED REST

Byron Robertson is one of the Floyd County farmers who have been so busy at so many jobs they haven't had time to take out for a rest.

But Robertson is taking out. He is wrestling with an attack of pleuritis, which hit him Wednesday of last week while he was "flagging for a duster."

He is spending the period of his enforced idleness at his home on Ralls Highway. He was told it would be several days before he could begin to get out once more.

Funeral service for John Tom Perry, 84, was conducted Saturday afternoon at 4 o'clock in the First Methodist Church of this city. Rev. W. O'Kelley, pastor of the Albany Methodist Church, officiated, assisted by Rev. Phil H. Gates, assistant pastor of the First Methodist Church, Floydada.

John T. Perry Claimed Friday

Mr. Perry passed Friday morning at 6:50 o'clock in Pitts Hospital. He had been ill for a short time.

John Tom Perry, was born April 9, 1872, in Bastrop, Tex. He moved with his parents at an early age to Smithville. He was married to Miss Addie Tomlinson, Nov. 4, 1907, in Smithville. The couple moved to Floyd County in 1917. They resided five miles east of Floydada before moving to Floydada several years ago.

A retired farmer, Mr. Perry was a longtime member of the Methodist Church.

Survivors include his wife; four sons, Everett, Charlie, and Thurmond, all of Floydada, and Wilson of Hobbs, N. M.; two daughters, Mrs. Leo Brown of Lubbock and Mrs. J. W. Gibbels of Floydada; 12 grandchildren; four great-grandchildren; one brother, Lon Perry of Smithville; and three sisters, Mrs. Mary Maxwell, Mrs. D. P. Brewer and Mrs. V. S. McGowan, all of Smithville.

Pallbearers were W. B. Cates, R. C. Day, Leo Brown, J. W. Gilbert, A. H. Robertson, Lloyd Horn, Greer Christian and M. S. Robertson.

MOVING TO MEXICO CITY

Mr. and Mrs. H. G. Kennamer Jr., and family of Houston, who were here last week, guests in the home of Mr. Kennamer's parents, Mr. and Mrs. H. G. Kennamer, are moving to Mexico City soon.

Mr. Kennamer, who is a textile engineer, has been with Anderson, Clayton & Company at Houston for several years, and his new duties in the southern republic will be an assignment with the same company.

CARD OF THANKS

We want to thank all of our friends for every act of kindness shown us in our hour of sorrow, in the loss of our loved one.

May the Lord bless each of you.

Mrs. J. T. Perry and family.

1956 Co-Captains of Floydada High School Whirlwind football team are pictured above. Robert Stovall, (35), 170 pound fullback is doing his fourth year on the squad, while Rusty Tinnin, 180-pound tackle is working for his second letter in this campaign. Both are seniors.

Attendance At Schools 1,155

Floydada Public Schools opened the year with an attendance of 1,155 pupils. This was the figure for Tuesday, the second day of school.

Of these Supp. Grades reported 128 in high school, 706 in Andrews Ward and 121 in North Ward School.

In registration last week and in organization of the faculty and employees of the schools on Saturday, advance preparation had been made for the schools to open with little lost motion on Monday.

Comparative figures from last year's enrollment at the schools was not readily available.

Paving Started On East Co. Road

Work on the road leading north from US Highway 70 at Dougherty, two miles west of the Motley County line and extending north 5.3 miles to the intersection of the Whiteflat road, was started last week, when the contractors set up barriers and began culvert work.

With favorable weather the job will be finished this year.

Baker, Bryson & Haner, Inc. have the contract for the grade and drainage structure, base and seal coat at a figure of \$50,935.10, said Resident Engineer Sam Fowler.

The road is one for which right-of-way had been provided two years ago on an 80-foot basis. Later property owners increased the width of the right-of-way to 100 feet when specifications of the highway department were revised.

Two Study Clubs Take Up Meetings During This Week

THE 1936 Study Club opened its year with a covered dish supper in the backyard of Florine Davis, 404 South White, Tuesday evening, at 7:30 o'clock with Nancy Bishop as co-hostess.

After eating, the incoming president, Margaret Sneed gave her address and a short business meeting was held. A discussion of the year's plans by the club members was held with Flo Davis presiding.

The '50 club meets the first and third Tuesday of each month at 7:30 p. m. Their course of study for the year will be "World's Religions." The club motto is "If There is a Saving Virtue, It is the Loving Service of Mankind."

Officers, other than Mrs. Sneed will be: Frances Weatherbee, first vice-president; Florine Davis, second vice-president; Jo Goen, recording secretary; Emma Collins, corresponding secretary; Carolyn Hale, treasurer; Valerie Tye, reporter; Nancy Bishop, custodian; Dee Dee Moss, parliamentarian.

GAMES of bingo were enjoyed Tuesday evening by Mesdames Martha Allen, Julianne Arwine, Emma Collins, Nina Copeland, Lovene Decker, Claire Edwards, Jo Goen, Carolyn Hale, Jean Jones, Jane Kassahn, Jill Kirk, Sue Moore, Dee Dee Moss, Vel Simpson, Margaret Sneed, Valerie Tye, Joe Wester, Jimmie Womack and the hostesses, Florine Davis and Nancy Bishop.

The next meeting will be Sept. 18, in the home of Joe Wester. An interesting program is promised by Florine Davis on the subject of Hinduism.

THE 1934 Study Club held its first meeting Tuesday evening in the form of a "Round the World Tour," featuring a progressive supper.

At the home of Mrs. Ralph Johnston, 914 South Wall, the group enjoyed their cocktail for the evening in dreamy Hawaii. The group then journeyed to the home of Mrs. J. P. Moss, Ralls Highway, where they were treated to an Italian dinner.

Before their journey was complete the group enjoyed good old home made apple pie at the home of Mrs. A. L. Wylie Jr., 315 West Main.

At the home of Mrs. Wylie, Mrs. J. M. Wilson, Jr. gave the president's message and presided during a short business meeting. Mrs. Fred Cardinal was voted as a regular member of the club.

The topic for the club's year work will be "Let's." The club meets the first and third Tuesday of each month at 7:30 p. m. The club's motto is "Though we travel the world over to find the beautiful, we must carry it with us, or we find it not."

OFFICERS who will serve with Mrs. Wilson are Mrs. L. L. Clark Jr., first vice-president; Mrs. Howard Gregory, second vice-president; Mrs. A. L. Wylie Jr., recording secretary; Miss Frances Mitchell, corresponding secretary; Mrs. Dennis Dempsey, treasurer; Mrs. Olin Watson Jr., reporter; Mrs. M. J. McNeill, custodian; and Mrs. Ralph Johnston, parliamentarian.

Those present for the Tuesday evening program were Mesdames Tilden B. Armstrong, H. G. Barber, L. L. Clark Jr., Ralph Coddell, Willie Cooper, Dennis Dempsey, R. G. Dunlap, Al Galloway, I. T. Graves, Howard Gregory, J. S. Hale Jr., Thos. J. Hutchins, Ralph C. Johnston, Jack Lackey, M. J. McNeill, J. P. Moss, W. F. Patrick, Virgle H. Shaw, George Springer, John B. Stapleton, Geo. Van Winkle, J. M. Wilson Jr., A. L. Wylie Jr., and Fred Cardinal.

Back-To-School Dinner Given Sons Judge and Mrs. Alton B. Chapman and Mr. and Mrs. Gene Collins Sr. honored their sons George and Jimmy, with a back-to-school dinner party in the back yard of the Chapman home, 420 West Jackson, on Tuesday last week.

George will be a student at the University of Texas this fall and Jimmy will be a student at Hardin-Simmons University.

Those attending the occasion included Jackie Henry and Cheryl Crawford; Don Barber and Beuna Holmes; Doyle Grundy and Carolyn Downing; Gary Carthel and Doris Campbell; Jack Womack and D'Lene Witkowski; Carroll Guthrie and Linda Carter; Melvia Lowrance and Snow Drop Dunn;

Elvia Lowrance and Joyce Hammonds; Dane Clark and Joan Harris of Lockney; Mr. and Mrs. Brooks Chapman, Mae Crawford; Jerry Chapman; Jimmy Collins and Jerri Floyd; George Chapman and Sonja Beth Wilson; and the hosts, Mr. and Mrs. Gene Collins Sr. and Judge and Mrs. Alton B. Chapman.

M Y F Schedules September Activities On Wednesday evening at 7:15, Aug. 29, the MYF Council met at the home of the councilors the Pets Hickersons with 10 youths present.

The group planned the program for the month of September. Also plans were made for a potluck supper for the last week in September.

Sunday morning Ann Jones brought the devotion, Mrs. L. L. Clark Jr., teacher, brought the lesson on the 2nd Chapter of James, the Law of Love the title of the lesson.

Sunday evening at 8:30, 29 youth were present to hear Miss Florine Coffee speak. She talked to the Youth on Fellowship and opportunity Youth have while attending school.

Miss Coffee was one of the 20 students from all over the United States who joined 240 Brazilian students in Brazil for an Ecumenical Week Camp in 1935. At 7:30 Miss Coffee talked and showed her color slides to the entire church. The

First Meeting of PTA September 12

The Andrews Ward Parent Teacher Association will open their year work Wednesday, Sept. 12, with their first meeting at 2:45 p. m. at Andrews Ward School.

Programs for the year will be based on "We, The People Spotlight The School." The association will meet the second Wednesday of each month.

The group's work is dedicated to the children and their posterity. Their motto and aim will be "To Insure Richer Dividends For Our Family, Home And School."

"Spotlighting New Classes" will be the topic for the first meeting. A forum composed of W. P. Nicholson, principal of Andrews Ward, leader, Mrs. Kinder Parris, Mrs. Roberta Hardin and Mrs. George-an Kattner, will present the program.

Local officers for the year are Mrs. R. G. Dunlap, president; Mrs. W. R. Daniel, vice-president; Mrs. Jodie Jameson, secretary; and Mrs. Rush Wheeler, treasurer.

As A Farm Woman Thinks (Nellie Witt Spikes) Our hearts go out in loving sympathy to Mr. and Mrs. Earl Moses and Larry and we are praying with them for the speedy recovery of Glenda. And also the deepest sympathy for the Wyalg's in their sorrow. Words are not adequate to express the sympathy in the hearts of the friends and relatives over the terrible tragedy. Only our Heavenly Father can give the comfort that carries His beloved through their dark, sad hours.

News of Broadway (By Mrs. T. E. Thornhill) BROADWAY, Sept. 3 — Mrs. Richard Sudduth was visiting Monday morning with her mother, Mrs. D. D. Thornhill.

We were quite happy for Teddy Givens when he won 4th place with his Sears suit at the Sears Hog Show in Crosbyton Saturday of last week. Mr. and Mrs. Homer Robinson and their son and wife, Mr. and Mrs. Freddie Robinson, all of Clovis, N. M., were Monday callers in the D. D. Thornhill home.

Mr. and Mrs. Ben Beckham, Mrs. Jerry Thompson and Monica were Sunday visitors with the Calvin Beckhams in Lubbock.

Sunday dinner guests in the Kellon Winegar home were Mr. and Mrs. George Winegar of Graham, Mr. and Mrs. Dan Newman of Dumas, Mr. and Mrs. R. M. Spence of Floydada, Mr. and Mrs. A. L. Winegar, Harvey, Robert and Georgia Ann, Mr. and Mrs. T. E. Thornhill, Donald Wayne and Tommy, Frankie Cossey, Mr. and Mrs. Homer Smith and Bessie and Mrs. Lucie Winegar. Afternoon visitors were Mrs. Jimmy Darwin and boys and Miss Lydia Lewis, all of Ft. Worth and Mrs. J. C. McCracken.

Donald Wayne Thornhill who is employed in Midland, spent the week-end with his folks the T. E. Thornhills. Frankie Lee Cassey of Crosbyton spent Saturday night and Sunday with Donald Wayne and Sunday morning Donald Pierce of Levelland visited with them a short while. Curtis Leatherwood came by and visited with him a short while Sunday afternoon.

Mr. and Mrs. Ray Givens and grandson Steve of Lubbock were Sunday afternoon visitors in the M. R. Givens home.

Mr. and Mrs. Willard Richardson attended a family reunion at Childress on Sunday.

The D. D. Thornhills were Sunday visitors with the Homer Millers in Croton. Mr. and Mrs. Willdon Miller of Corsicana, Tex., son of the Homer Millers were also there.

The Jodie Joplin, A. L. Ratheal and Harold Truel families attended a family reunion in Amarillo Saturday night and Sunday.

Rev. and Mrs. Pat Jordon of Missouri and Mr. and Mrs. R. C. Ratheal were Sunday visitors in the W. H. Ratheal home at Childress.

Mrs. J. C. McCracken had as her week-end guest her daughter and

Students Make Ready For The Old College Try

With a hint of fall in the air, boys and girls of Floydada and surrounding communities are making preparations for the great migration to the colleges or universities they have selected to call Alma Mater.

A few have already taken departure for their studies, a number of others will leave next week and by the middle of the month the entire group should be off to the opening semester of their chosen schools.

A hurried survey of ex-Floydada High School students was made yesterday by a Hesperian reporter. Those found attending colleges include the following:

TEXAS Technological College: Jackie Henry, Stanley Vickers, Doyle Grundy, Cy Whitfill, Dennis Wilks, Don Barber, Wilton Green, Jackie Alexander, Bill Baker, Virgil Boothe, Bert Grimes, Troy McNeill, Lyndel Spears, Donald Smith, Jack Covington, Clint Turner, Dorman Turner, Don McGuire, Roy Nell Hammonds, Dale Roberts, Harrell, Bobby Rainer.

WEST Texas State College: Karen Buchanan, Bobby Green, Harold Snell, Dale Smith, Gladys Parkey, Stanley Sawyer, Terry Julian, Mary Jo Smith, Don Sparks, Don Skaggs, Mr. and Mrs. J. E. Waller, Bonnie Upton.

McMURRY College: Glynell Armstrong, Dane Clark, Billy Carmack; ABILENE Christian College: Beuna Holmes and Carolyn Downing; HARDIN-Simmons University: Jimmy Collins, Gordon Joiner, Carolyn McDonald, Ima Jean Noland;

UNIVERSITY of Texas: George Chapman, Gary Carthel, Glad Lynn Norman, Franklin Stovall, Jimmy Powell, Pontaine Fowler, Carroll Guthrie, Melvis and Elvis Lowrance; BAYLOR University: Ann Welborn, Brooks Chapman, Jerry Coltharp, Linda Hull;

SOUTHERN Methodist University: Jerry Oden; PANHANDLE A & M: Bobby Carmack, Stanley Burleson, Marvin Rucker;

MIDWESTERN University: Jack Womack; OKLAHOMA University: Dot Holmes; GEORGETOWN University: Lawrence Burke;

TEXAS A & M: Adrain Helms, Richard Smith; BAYLOR University Medical School: Audrey Guthrie.

Library News

(By Mrs. Lee C. Goughly) Mrs. J. W. Reue, one of our fourth grade teachers at Andrews Ward, started the school year with a shelf of books in her room from the County Library, which she will make available to her pupils for outside reading. Mrs. Reue used this method last year with her pupils and found it strengthened them in reading.

Many children who ride the school bus cannot find a convenient time to visit the library, and books made available to them in this way is a real privilege.

There were several teachers in Andrews Ward, as well as the rural schools, who used this method last year, and we are hoping that they, as well as other teachers, will be coming back for books this year. We shall be happy to cooperate in every way possible with our schools.

Miss R. A. Mills, librarian at the Lockney Branch reported one teacher in Lockney using this method last year. This was Mrs. Dee Cope-

Special music by choir at the Methodist Church Sunday morning, the 2nd...

Special music by choir at the Methodist Church Sunday morning, the 2nd... Emily Potts, Grace Ann and Bill, and Mac Willson from Floydada visiting us a few minutes. It was good to see our dear neighbors again and we find the children really have grown. Had a five cent picture made in Lubbock last week... saw our niece Lois Omega and her two sons from Snyder last week... Sang Happy Birthday to Paul and Margaret Nell. We pray for them many, many more...

Johnny Jeff's new bicycle he is so proud to show and demonstrate how fast he can go... a letter from sister Etha wondering what the hungry people of other lands thought of the flowing champagne at the convention... Russell Noble's beautiful flowers giving a lift to all passerby... makes me think of a negro man who lived at our farm one year, he said, "It helps me on my way to heaven." And so the flowers are a help along the way and we are happy that Russell took the time and work to make a beauty spot in a year when beauty spots are few and far between...

Carey made us proud and happy when he told us he made a 98 grade on his University test. Seems such a short time since Joe and Carey started to school. Now they are studying subjects that grandmother cannot help them to get. We love to hear Carey sing his voice is very sweet and clear — makes me think of my father's singing...

Our hearts go out in loving sympathy to Mr. and Mrs. Earl Moses and Larry and we are praying with them for the speedy recovery of Glenda. And also the deepest sympathy for the Wyalg's in their sorrow. Words are not adequate to express the sympathy in the hearts of the friends and relatives over the terrible tragedy. Only our Heavenly Father can give the comfort that carries His beloved through their dark, sad hours.

Back-To-School Dinner Given Sons

Judge and Mrs. Alton B. Chapman and Mr. and Mrs. Gene Collins Sr. honored their sons George and Jimmy, with a back-to-school dinner party in the back yard of the Chapman home, 420 West Jackson, on Tuesday last week.

George will be a student at the University of Texas this fall and Jimmy will be a student at Hardin-Simmons University.

Those attending the occasion included Jackie Henry and Cheryl Crawford; Don Barber and Beuna Holmes; Doyle Grundy and Carolyn Downing; Gary Carthel and Doris Campbell; Jack Womack and D'Lene Witkowski; Carroll Guthrie and Linda Carter; Melvia Lowrance and Snow Drop Dunn;

Elvia Lowrance and Joyce Hammonds; Dane Clark and Joan Harris of Lockney; Mr. and Mrs. Brooks Chapman, Mae Crawford; Jerry Chapman; Jimmy Collins and Jerri Floyd; George Chapman and Sonja Beth Wilson; and the hosts, Mr. and Mrs. Gene Collins Sr. and Judge and Mrs. Alton B. Chapman.

M Y F Schedules September Activities

On Wednesday evening at 7:15, Aug. 29, the MYF Council met at the home of the councilors the Pets Hickersons with 10 youths present.

The group planned the program for the month of September. Also plans were made for a potluck supper for the last week in September.

Sunday morning Ann Jones brought the devotion, Mrs. L. L. Clark Jr., teacher, brought the lesson on the 2nd Chapter of James, the Law of Love the title of the lesson.

Sunday evening at 8:30, 29 youth were present to hear Miss Florine Coffee speak. She talked to the Youth on Fellowship and opportunity Youth have while attending school.

Miss Coffee was one of the 20 students from all over the United States who joined 240 Brazilian students in Brazil for an Ecumenical Week Camp in 1935. At 7:30 Miss Coffee talked and showed her color slides to the entire church. The

Library News

(By Mrs. Lee C. Goughly) Mrs. J. W. Reue, one of our fourth grade teachers at Andrews Ward, started the school year with a shelf of books in her room from the County Library, which she will make available to her pupils for outside reading. Mrs. Reue used this method last year with her pupils and found it strengthened them in reading.

Many children who ride the school bus cannot find a convenient time to visit the library, and books made available to them in this way is a real privilege.

There were several teachers in Andrews Ward, as well as the rural schools, who used this method last year, and we are hoping that they, as well as other teachers, will be coming back for books this year. We shall be happy to cooperate in every way possible with our schools.

Miss R. A. Mills, librarian at the Lockney Branch reported one teacher in Lockney using this method last year. This was Mrs. Dee Cope-

land, former member of the library board, and she plans to make books available to her pupils this fall.

Mrs. Mills also reports that the Lockney P-TA is showing much interest in the library, and is hoping to work out a closer relationship between the library and the school.

A new book in the library that will attract the attention of many, especially the "Old Timers" is "The Texas News", a miscellany of Texas history in newspaper style by Ralph W. Steen, editor. In turning through the book, some of the headlines are:

"March 4, 1836, Texas Independence Declared"
"May 17, 1846, Santa Anna Signs Treaty"
"June 2, 1846, Republic of Texas is no more"
"December 15, 1852, Work to Begin On Railroad"
"March 2, 1858, Houston Defeated, Jinnels Now Governor"
"August 15, 1860, Houston Now Governor"

"November 15, 1881, Capitol Building Destroyed by Fire"
"December 1, 1884, Fence Cutting Made A Felony"
"December 15, 1888, New Capitol Building Is Dedicated"
"September 15, 1900, Hurricane, Tidal Wave Destroy Galveston"
"April 15, 1901, Oil Discovered at Spindletop in East Texas"
"November 30, 1925, Miriam A. Ferguson Takes Oath"
"November 30, 1936, Texas Centennial Exposition Opens In Dallas"
"December 31, 1940, O'Daniel Wins Sweeping Victory"

Memorial Books Given in memory of E. W. Marriott by Mr. and Mrs. J. H. Barnard. Given in memory of Mrs. W. L. Crane by Mr. and Mrs. Lewis Blum and Mr. and Mrs. Howe Hines. Given in memory of John Tom Terry by Mr. and Mrs. Harry Morck.

Other Gifts Received Magazines by Mrs. Alton Chapman, Mrs. L. T. Wood, Steve Craig and books by Mrs. Ray Smith.

SMART moderns go GAS for clothes drying

Snack dining is an expression of modern living, for today's Smart Moderns seek the practical and time-saving way of doing things. That's why Smart Moderns go GAS for clothes drying. It's faster... gives you more time for other things. A GAS dryer has no peer for smart, modern design — with all the automatic features that make clothes drying a "snap", big washing or small. And the cost? About \$2.60 a year for a family of four. Ask any Smart Modern... she'll tell you.

ABC's custom deluxe dryer, Model CGF, features Jet-Aire drying — completely safe, even for the most delicate fabrics.

See the wonderful new GAS clothes dryers — now at your gas appliance dealer's

SS Amendment Important For Farm Landlord

A change of utmost importance to farm landlords in this area was provided in the 1956 amendments to the Social Security Act recently passed by Congress, according to John G. Hutton, manager of the Lubbock district office of the Social Security Administration.

"This provision effective for this year," Hutton said, "makes possible the coverage of both tenant and landlord. The landlord is now covered if he can show that he 'materially participates' in the production or management of farm commodities.

Material participation means generally that a landlord furnish advice periodically and consultation as to the production of commodities.

If the landlord furnishes a substantial portion of the machinery and implements or assumes financial responsibility for the growing of the crop other than labor expenses he may be able to show "material participation."

A representative of the Lubbock Social Security Office will be in Floydada on Sept. 11 at 2:30 p. m. in the courthouse, room 106 and will be glad to assist in all matters pertaining to Social Security.

Fairview News

(By Mrs. Clyde Bagwell)

FAIRVIEW, Sept. 4 — This being the last time we will write the Fairview news, we would like to take this means of thanking the folks of the community for giving us their news. We have enjoyed the contact with you over a period of 17 years.

There have been times when some of you could not be reached until it was too late for the news, and other reasons we did not get the news of all every time. Reporters are just human and we make mistakes but I hope you will be as nice to whoever follows me as you have been to me.

We regret leaving Fairview Community but feel our move into town will be beneficial as we will be near our work. May God's richest blessings be on all of you and come to see us.

We also want to thank the friends who gathered at the home of Mr.

New Way To Launder White Nylon

White nylon lingerie and blouses are "basic" in almost every homemaker's wardrobe today—but it has been only recently that scientists have found a way to keep white nylon garments from getting a gray or yellow cast after repeated launderings.

Research by Dr. Elaine Weaver, of Ohio State University, has developed this three-step method for restoring the sparkle of white nylon lingerie and blouses:

First, wash the garment thoroughly in hot water and a controlled suds detergent. Dr. Weaver's tests showed that even the most fragile nylon garments could be automatically laundered with this method.

Next, add two tablespoons of a liquid chlorine bleach and two tablespoons of the controlled suds detergent to a gallon of water. Immerse the garment and soak for 30 minutes.

Last, rinse the garment thoroughly in warm water until the odor of the bleach is removed.

This three-step method will eliminate any dullness which has resulted from inadequate washing, lukewarm water or poor rinsing. If discoloration remains from dye transference (white nylon garments should always be washed separately from colored items), one additional step will remove the remaining color. Dissolve one package of commercial color remover in one gallon of hot water (160 degrees) in an enamel container. Stir the garment gently for 30 to 60 minutes at the maintained 160-degree temperature. Rinse thoroughly in hot water until no odor of the color remover remains.

Thanks to Dr. Weaver's practical-minded research, white nylon garments may now retain their original white freshness.

and Mrs. Walton Wilson on last Thursday night for a get together in our honor, and for the lovely gifts. Present and enjoying games of 84 were Messrs. and Madames C. W. Denison, C. W. Payne, Jim Stewart, E. W. Walls and the host and hostess, Mr. and Mrs. Wilson and us, the honorees, Clyde and Lurline Bagwell.

The entire community was grieved at the passing of J. T. Perry, father of Thurman Perry. Mr. Perry was a former resident of our community but had made his home in Floydada for a number of years.

A large crowd from here attended his funeral held Saturday afternoon at 4 o'clock at the Methodist Church in Floydada. We wish to express sincere sympathy to the family in their time of sorrow.

Mr. and Mrs. Lee W. Burton and children visited Sunday afternoon with Mrs. L. B. Cosby Jr. and children.

School started Monday. Students enrolled on Friday. We have two

beginners this year, Carolyn Burton and Christine Cosby.

Mr. and Mrs. C. W. Denison, Mr. and Mrs. C. W. Payne and E. W. Walls helped the Bagwells move the first of the week.

Douglas Lusk of Hobbs, N. M. was a weekend visitor at the parsonage with the Hinckeys.

Mrs. Lee W. Burton visited one day last week with her mother, Mrs. J. T. Myrick at South Plains.

Mr. and Mrs. R. H. Durrett of Lubbock and Mr. and Mrs. C. W. Payne were dinner guests of Mr. and Mrs. Cecil Payne Sunday.

Mrs. C. W. Payne visited at Peoples Hospital last Wednesday with Mrs. Bobby Smith and Mrs. W. T. Branson.

Thursday evening Dean Walls took his Sunday school class on a picnic at Roaring Springs, making the trip with Dean were Mrs. Walls and their son, Larry, Rev. and Mrs. Albert Hincley and daughters, Lorna, Linda and Alberta; Jim Dan Stewart and Judy Wilson.

On Saturday afternoon the Dean Walls, the Lee W. Burtons, Rev. and Mrs. Albert Hincley and family, Judy Wilson and Brenda Walls made another trip to Roaring Springs for an outing.

Mr. and Mrs. Walton Wilson and Judy went to Floydada Sunday afternoon where they were guests for dinner with Mr. and Mrs. Bill Tye and family.

Church met in regular conference Sunday and elected officers for the new year's work and also delegates to the association.

Visiting in the Bagwell home Sunday night and again Monday night were Mr. and Mrs. Galen Holland.

Mrs. C. W. Payne visited Monday afternoon with Mrs. Clyde Bagwell.

C. O. Tackett of Ft. Worth visited from Wednesday until Saturday here with his brother, S. H. Tackett and Mrs. Tackett.

Weekend visitors in the S. H.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Tackett home were Mr. and Mrs. I. F. Ellison and children of Crosbyton, Mr. and Mrs. Wade Thornton and Don of Ralia, Mrs. R. J. Greer and Betty Thornton of Houston and R. A. Dobbs also of Houston. Mr. and Mrs. H. L. Dobbs, Barbara and Pat of Houston came Tuesday for a visit in the Tackett home.

Mr. and Mrs. L. B. Cosby visited Sunday afternoon in Floydada in the home of Mrs. J. T. Perry.

Mr. and Mrs. Lee Rushing went to Lubbock on business Saturday and brought their grandson, Dickie Lee, home with them for the weekend. On Sunday Mr. and Mrs. Rushing took Dickie Lee to Boys Town to the Rodeo. On Tuesday morning Mrs. Rushing took Dickie Lee home to start back to school at noon that day.

Before finishing this item we wish to thank Mr. Steen and the staff at the Hesperian office for being so patient with us the times we were late getting this news to the office.

Mr. and Mrs. Jim Stewart and Jim Dan spent the weekend down state at a family reunion.

Many farmers in Floyd County Soil Conservation District are receiving benefits from soil improving crops. Inoculated legumes such as alfalfa, mungbeans, soybeans, Austrian winter peas, vetch and clover take nitrogen out of the air and add it to the soil. Legumes also add organic matter or humus to the soil, condition the soil to take water faster and hold more water, lessen surface crusting, and make the soil work easier.

Gene Boys, like many farmers in Floyd County, interplants cowpeas with his grain sorghums. He made 500 pounds more grain per acre the first year following sorghum and cowpeas than he did on sorghum following-sorghum land. Mr. Boys' land is richer in humus and easier

to work than it was before. He is interplanting all his grain sorghum with cowpeas. He says he will continue to do this as long as cowpea seed is available.

Mr. Boys says that his cotton following alfalfa will probably yield more and does not suffer from leaf spot as in cotton following cotton. His sorghum following alfalfa is taller and has a thicker, larger head than sorghum in the same field following sorghum. Mr. Boys plans to rotate cash crops and legumes on all of his land in the future.

Legumes like alfalfa, especially when fertilized with phosphate, will benefit the land for many years. Paul Cooper produced twice as many bushels of wheat per acre on land the third year out of alfalfa as he did on his other wheat land.

D. J. Parkey made 52 bushels of wheat per acre following three years of alfalfa compared to 27 to 30 bushels per acre on his other land.

Many farmers this time of the year are planting vetch or winter peas in their cotton middles. The two row legume seeder is available to District co-operators through the agriculture teachers in Floydada and Lockney.

Center News

(By Mrs. J. E. Green)

CENTER, Sept. 4 — Weather is getting a bit cooler. A few clouds were floating around Tuesday, a welcome shield from some of the afternoon sun.

School has started and once more the school bus rumbles by at about 8:30 each morning. This is a pleasant time of the year, especially when there are bountiful crops to be harvested.

We had a nice crowd at church Sunday Bro. and Mrs. Ken Coffee and baby were dinner guests of the Greens.

Johnny Lynn Warren went to Ft. Worth last Tuesday returning Saturday.

Mr. and Mrs. Elmer Warren and Johnny Lynn were Sunday dinner guests of Mr. Warren's mother, Mrs. I. E. Warren and son, Dorsey, of Floydada.

Mr. and Mrs. A. E. Frizzell, city, dined Sunday with Mr. and Mrs. Leo Frizzell.

Mr. and Mrs. Marion Carpenter of Altus, Okla., and their son Don and wife of Austin, visited the Frizzells Sunday afternoon.

Mr. and Mrs. J. B. Jordan and girls, Kathie and Erma, of Albuquerque spent the Labor Day weekend visiting old friends in Floydada and vicinity. They formerly lived at Center Saturday they dined with Mr. and Mrs. Green and Don Clark. These dry land farms look very dry to the Jordans.

Mr. and Mrs. J. B. Massingill and children, Annette and Jimmy of Phillips, came by Thursday to visit the Greens. Annette spent the night with Donna Welborn, Friday afternoon they went to visit the Anthony and Will Lattas, on their way south to Hamilton. They were to return to Phillips Monday.

Mr. and Mrs. Johnny Hines and baby of San Angelo visited Sunday with her parents, Mr. and Mrs. W. C. Plumlee.

Victor Green and son Jimmy of Plainview visited Sunday afternoon with Vic's parents and brother, Mr. and Mrs. Green and Don Clark.

Mr. and Mrs. H. B. Mankins dined Sunday with Mr. and Mrs. R. C. Ross.

Mr. and Mrs. Don Craig of Roswell, N. M., are the proud parents of a daughter born Monday, Sept. 3. She has been named Linda Fay. Mrs. Craig was Norma June Ross and Linda Fay is the first granddaughter of Mr. and Mrs. Ross.

Mr. and Mrs. J. R. Robertson, Mack, Karen and Patricia returned home last mid week from Houston where they visited a daughter's family. Mr. and Mrs. Thurman Walls and children, Mrs. Walls and children came home with them for a few days visit.

Mr. and Mrs. J. B. Jordan and girls visited in the Robertson home Saturday evening.

Mr. and Mrs. James Robertson and children of Amarillo and Mr. and Mrs. Jimmy Dunn and baby of Lubbock were Sunday dinner guests of their parents, the J. R. Robertsons.

The Jimmy Dunns spent Sunday night with his parents, Mr. and Mrs. Frank Dunn and family.

Linda Robertson of Amarillo attended church here Sunday evening with Patricia Karen and Mack.

Mrs. J. L. Newberry, city, visited in the J. R. Robertson home Sunday afternoon.

Mr. and Mrs. Kenneth Robertson are moving to Houston where he will be employed.

Mrs. Green attended the W.M.U. association at Cone Tuesday. The program was wonderful. Mrs. Bert Black, Crosbyton, is retiring from the presidency of the Floyd Association W.M.U. after six grand years of service, and the new president is Mrs. Hilburn Casey of Lockney.

Mr. and Mrs. J. O. Warren and Aliene and Mr. and Mrs. Gordon Hambricht dined with the T. R. Noland Thursday. Thursday night the Gordon Hambrichts, the T. R. Noland and Sandra Sams attended a 42 party at the J. O. Warrens.

Mrs. T. R. Noland and Ina Jean attended a bridal shower at Mrs. Alton Noland honoring Benita Teaff.

Sandra Sams visited in the T. R. Noland home Sunday. Monday Mrs. Noland and Ina Jean visited Mrs. Sams and Sandra.

Mrs. Earl Huckabee and Sandra visited Mrs. Walter Sims and Mrs. Green Thursday afternoon.

Mr. and Mrs. Green visited awhile in the D. I. Bolding home Tuesday afternoon.

Don Clark Green, home for the weekend, returned to Big Spring Sunday to begin teaching Tuesday in the Senior High School there.

We had a larger crowd at prayer meeting last Wednesday night. Let us all try to be on hand at church Sunday.

**FARM BUREAU ANNOUNCE
POLICY DEVELOPMENT
MEETINGS**

The Board of Directors of the Floyd County Farm Bureau have Announced Dates for Policy Development Meetings in which the members of County will determine their policies and make recommendations to state convention. A meeting will be held in Lockney, Tuesday, September 25th, and in Floydada, Thursday, September 27th. All members will be notified of the meeting place by letter and in this paper in a later issue.

The entire membership is urged to assume this responsibility and participate in the activities of the group. Organization without membership participation is weak, but can be dangerous.

It's time to "Stand Up And Speak." Consider the facts relating to local, state, national problems that affect agriculture and our nation; Discuss with your neighbors possible solutions — You can help eliminate the "They Did This To Us" excuse. It's time to stand up and speak.

SPECIAL ANNOUNCEMENT

The Regular Monthly Board of Directors Meeting has Been Changed For September To Monday, September 10th At The County Office In Floydada. This Change Is Necessary In Order To Discuss This Month's Business Prior To Other Meetings Scheduled For September.

News of Harmony

(By Mrs. Mather Carr)

HARMONY, Sept. 4 - Mr. and
Mrs. Riley Holmes and children
visited Mrs. Holmes' brother, Mr.
Harvel and family Sunday of last
week at Texline.

The last report we had from Mrs.
E. W. Turner and Mrs. Buddy Smith
they were improving. Mr. and
Mrs. Marvin Smith and Judy were
down to Lubbock Saturday to see
their daughter-in-law. Mr. Turner
spends most of his time in Lubbock
with his wife, coming home at night.
We are so happy to know these
folks are better.

Mr. and Mrs. Bill Edwards re-
turned home from San Antonio
where they spent almost a week
visiting their son, Capt. Edwards
and family.

Mrs. Britton has been ill for the
last several days. The Brittons live
on Dr. George Smith's farm.

Those attending church at the
Chapel Thursday night from Floy-
dada were Rev. Tilden B. Armstrong
and Mmes. Wilson Kimble, Jena
Wood and Dr. George Smith. We
are always happy to have visitors at
our church.

Carolyn Williams spent several
days with her grandparents, Mr.
and Mrs. M. D. Ramsey and attended
the revival.

Mrs. M. D. Ramsey had the mis-
fortune of sticking a nail in her
foot Wednesday that gave her some
trouble but it is alright now.

Rev. Thomas A. Bandy, wife and
sons, Phillip, Brad and Bruce left
Saturday for their home in Deer-
field, Kan. Rev. Bandy did the
preaching during the revival at the
chapel up till Friday night. We en-
joyed having Bro. Bandy and wife
helping in our meeting and miss
them and the children.

Rev. Armstrong attended the ser-
vices at the chapel Saturday night.
Mrs. Elmer Williams was on the
sick list this week.

Rev. Gates preached Saturday
night, Sunday and Sunday night
when the revival closed. They had
dinner Sunday in the Riley Holmes
home.

Mr. and Mrs. Gene Weldon and
son Larry of Vernon were week-end
guests in the Marvin Smith home.
Mr. Weldon is a cousin of Mrs.
Smith. The Weldons attended ser-
vices at the Chapel Sunday.

Mr. and Mrs. Elery Smith of Abilene
spent the week-end in the home
of their daughter, Mrs. Ted Ruther-
ford and Mr. Rutherford.

Billie Dave Scott has been visiting
his parents, Mr. and Mrs. Zant
Scott and his wife and little son,
who are in the Scott home for
several weeks. Billie Dave left this
Monday for Nebraska where he will
teach in the University and also go
to school. Mrs. Scott and son will
join him later.

Mr. and Mrs. Buck Williams of
Lubbock were dinner guests Friday
in the home of his brother, Elmer
and family.

Mr. and Mrs. Frank Aiken attend-
ed services at the chapel several
times during the revival.

Mr. and Mrs. Carl Reeves and
daughter Bobby of McCoy and Mrs.
Della Weldon of Vernon were din-
ner guests in the Marvin Smith
home Sundays as were the Gene
Weldon family.

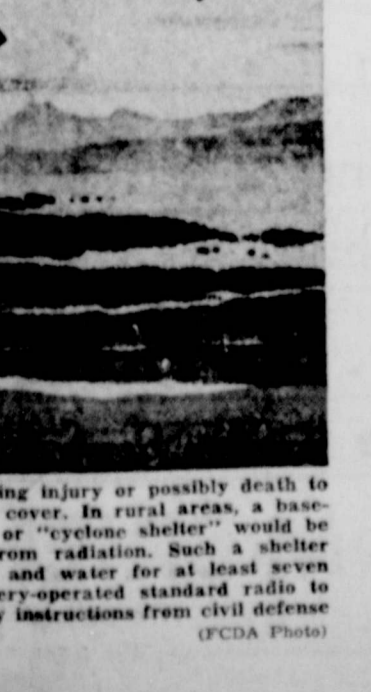

Mr. and Mrs. Dub Trowbridge of
Amarillo spent Sunday night and
Monday in the Floyd Trowbridge
home.

Janet Holmes was received into
the church Sunday night.

Mrs. C. N. Walding is in Scott &
White Sanitarium at Temple this
week, where she underwent surgery
Friday last. She was accompanied to
Temple by her parents, Mr. and Mrs.
H. L. Rafferty and her daughter
Dana. The Raffertys returned home
Saturday night, while Mr. Walding
remained in Temple to be with his
wife. Mrs. Walding is convalescing
nicely, according to report.

WANTED - Stalk field pasture for
18 cows and calves. YU3-3806. Ned
Bradley. 33 tlc.

Good carbon paper goes further.
Try Sulte-Rite.

FALLOUT CLOUD could look much like this
artist's conception following an attack on a
city, such as the 76 target areas which will
be assumed hit during Operation Alert, 1956
should have food and water for at least seven
days, and a battery-operated standard radio to
receive emergency instructions from civil defense
broadcasts. (FCDA Photo)

Spicy Fare For Al Fresco Fun

Food smells better cooking outdoors, which is one of the main reasons why Americans have moved to the backyard or patio for much of their summertime dining. Gentle summer breezes waft back and forth the aroma of well-seasoned foods (smelling them during cooking whets many people's interest in better seasoning, and helps them to become better cooks!).

A menu that can't be beat when it comes to popularity includes hamburgers made heavenly tasting with liberal use of Tabasco, the incomparable liquid pepper seasoning which picks up so many food flavors. Tabasco will add a lot of flavor to your favorite recipe for creamed potatoes too, a dish which can be made well in advance and heated indoors. Of course, there's a side dish of barbecue sauce for use in basting while the hamburgers broil over glowing coals.

Barbecued Glazed Hamburgers

1/2 teaspoon Tabasco 3 pounds ground beef
1 cup tomato juice 1 tablespoon salt

Add Tabasco to tomato juice. Pour over ground beef, sprinkle with salt; mix well with a fork. Shape into 12 large or 18 medium patties. Cook according to directions, brushing on each side with "Barbecue Glaze".

YIELD: 12 to 18 servings.

NOTE: For 4 to 6 servings, use 1/2 of the recipe.

"Barbecue Glaze"

1/2 cup catsup 1/4 cup prepared mustard
1/2 teaspoon Tabasco

Combine all ingredients; mix well. YIELD: 1/2 cup.

Mt. Blanco News

(By Mrs. J. W. McClure)

MT. BLANCO, Sept. 4 - Mr. and Mrs. Frank Moore and boys visited in Lubbock Saturday with her parents, Bro. and Mrs. C. E. Dick.

Mrs. Weldon McClure and Margaret were Saturday dinner guests of Mr. and Mrs. Garnet Jones in Crosbyton. Mr. and Mrs. Billy Wayne Jones and children were also guests in the Jones home.

Sunday dinner guests of Mr. and Mrs. Rudolph McCurdy and boys were Mr. and Mrs. J. H. Watson, James and Viola and Mrs. Bill Rainer and baby all of Lubbock and Mr. and Mrs. Millard Watson and children.

Sunday afternoon visitors of Mr. and Mrs. Frank Moore and boys were Mr. and Mrs. Orvis Moore and children of the Broadway Community.

Mr. and Mrs. Don Spurgin of Crosbyton were Sunday visitors in the R. E. Spurgin home.

Mr. and Mrs. Weldon McClure and Margaret attended the McClure-Patt reunion in Childress Sunday afternoon and visited the Fite family while there. They also went on

to Memphis and visited Mr. and Mrs. Robert Moss and boys.

Monday dinner guests of Mr. and Mrs. Weldon McClure and Margaret were Mr. and Mrs. Frank Norman of Abilene, Mr. and Mrs. C. A. McClure of Crosbyton, Mr. and Mrs. Dennis Taylor, Mr. and Mrs. Brice Allen, Janie and Susan.

Miss Verna Fletcher of San Angelo returned to her work there Monday after a weeks vacation with her parents and family, Mr. and Mrs. John Fletcher, Edna, Weldon, and Dick.

Dick Fletcher of Texas Tech is spending a few days between semesters with his parents, Mr. and Mrs. John Fletcher and family.

Mr. and Mrs. Don Probasco of Ft. Sill, Okla., spent the week-end with Mr. and Mrs. Hubert Holcomb and family.

Bro. and Mrs. J. R. Williams and children were Sunday dinner guests of Mr. and Mrs. Brice Allen and girls.

Improvement

Minister: "Well, Deacon, business must be improving. Money seems to be circulating more rapidly."
Deacon: "Good good! Are you getting more money in the collection plate?"
Minister: "No, but the pennies are getting brighter."

\$400 MONTHLY SPARE TIME

Refilling and collecting money from high grade Nut Machines in this area. No selling! To qualify for work you must have car, references, \$600 cash, secured by inventory.

Devoting 6-8 hours a week to business, your end on percentage of collections will net up to \$400 Monthly with very good possibilities of taking over full time. Income increasing accordingly.

For interview, include phone number in application. Write P. O. Box 1571 Fort Worth, Tex.

On Saturday night, Mr. and Mrs. Louie, Novis and Wesley, went to San Angelo. Mrs. Warner Johnson came home with them on Sunday, accompanied by Mr. and Mrs. Edwin Brister of Dayton, Ohio, and Mrs. W. C. Brister, Billy and Jerry, of Dardanelle, Ark. The Johnson and Brister families had been with Barry Brister and Barbara Weatherford after being in a car wreck on Aug. 26. Barry is out of the hospital and doing fine and Barbara is doing as well as can be expected. All the brothers, sisters and the mother were together at the hospital. Mr. Brister was unable to come on account of illness.

Mr. and Mrs. Carl Brock of Amarillo spent Sunday night with her parents.

Mr. and Mrs. E. H. Spears visited relatives in Lubbock Sunday.

Mr. and Mrs. Raymond Hamilton

Avoid Soybean Harvest Waste With Combines

Hundreds of farmers on the Plains will harvest their first crop of soybeans this season. If they are to avoid excessive harvest losses, they must do a good job of combining. It will pay big dividends if growers study their combine instruction book and ready their machines, so that they will harvest the beans without cracking the seed coats or have excessive field losses, says C. B. Spencer of the Cottonseed Crushers Association.

Experienced growers say that it is not good business to do all the work of raising a good crop of soybeans and, then—through a poor job of combining—lose 10 to 12 percent of the crop. Yet, this frequently happens. If you have a 30 bushel yield and lose 15%, that amounts to \$10 to \$12 per acre. An average of four soybeans per square foot scattered over the ground after the combine has finished, indicates a loss of a bushel per acre. But, there are other losses besides these beans scattered on the field. These may be in the form of cracked seed coats, splits, broken beans, unthreshed pods, etc.

Combining should start just as soon as the beans are dry enough to bin or around 14% moisture. Agricultural engineers say that the best advice is for the combine operator to get out that instruction book and study it. After properly adjusting the combine, check the various operations and adjustments in the field. Keep the cutterbar as low as possible. Tests show that job losses increase at the rate of 14 bushels per acre for each inch above the ground. The proper height and speed for the reel will prevent knocking the beans from the pods and losing them on the ground.

There is always a ready market for beans that are dry, clean and free of cracks. But beans with more than 14% moisture, cracked, containing weed seed or other trash will be docked heavily.

WCS OCTOBER MEETING TO BE SOUTH EAST ASIA LUNCHEON

The Womens Society of Christian Service met Monday afternoon, Sept. 3, at 3 o'clock at the First Methodist Church.

Mrs. Tom Hutchins, president presided at the business meeting. Twenty-one members and one guest were present.

Mr. and Mrs. Carl Brock of Amarillo spent Sunday night with her parents.

Mr. and Mrs. E. H. Spears visited relatives in Lubbock Sunday.

Mrs. C. O. Lyles was leader of the program on "Spirit of Christ for all of Life." Others taking part on the program were Mrs. S. J. McIntosh and Rev. Tilden B. Armstrong. The next meeting will be Oct. 1 with a South East Asia luncheon in Fellowship Hall. Mrs. J. H. Barnard

Floyd County Hesperian, Floydada, Texas, Thursday, September 6, 1956

will be leader of the program on "Volcano in South Asia."

Mr. and Mrs. Albert Mankins and children, Larry, Bruce, Kenneth and Waylene, returned home from Bogota Thursday from a week's visit with his parents, Mr. and Mrs. A. L. Mankins. The boys had been visiting with their grandparents the last two weeks and returned home with their parents.

IEWS AND COMMENT

Sub-Standard Housing. Whether Floydada rental property owners realize it or not, a new day is here in the rental business. Dwellings which are sub-standard to modern day demands for homes continue to be begging for occupants while prospective tenants search for places in which they are willing to sit their families down. All-weather roads are having something to do with the matter. Only recently a "crew" of workers determined to live 40 miles distant from their work in Floyd County rather than accept the quarters they were offered in Floydada, only a few miles from their work. The dilemma of the owner for rental property is one of whether to put more money into his rental property, to modernize it, or to allow it to be passed up. A lot of the "houses" the property owners offer are looked upon as "shacks" by the prospective tenant. He definitely is looking for something better. It appears he is going to have his way.

The signs point to acceptance of the results of the razor-thin results of the gubernatorial run-off as official, without a battle in the courts over returns from various and sundry counties. There are no counties, we verily believe, in which some irregularities could not be found. There are some counties in which these irregularities are chargeable to deliberate effort. In '98, possibly 99.3 per cent of the counties of Texas the vote is as nearly honest as human effort can make it. An election that records the people's choice is a good election. It is difficult therefore to "throw out" the results in any county or precinct.

The practical side of the political situation also calls for the naming of Price Daniel as the Democratic party's candidate for the governorship and to let it go at that. The aspirants for his place in the U. S. Senate are many. They will push—and their friends will push for acceptance of the results of the second primary as the will of the people, because they want to get their campaigns to rolling. There are many men of senate calibre who have indicated they will offer for the place that will be vacated. A simple plurality will suffice to name the successful candidate. The man with the longest pole will get the grapes in this instance. There'll be no run-off in the senate race if there is a race. And such seems to be in the making. The happenings in the political field within the next two weeks, even less, will give the answer.

We cannot sustain a prolonged boom on a farm bust, Commissioner John C. White, Texas Commissioner of Agriculture, is telling crowds where he is making speeches. Likewise he has been telling Washington the same story, since government continues to be very much in business. Texas income is off 49 per cent from the peak. Part of this is due to the drought, of course. But continually falling farm prices are stretching the farmer by the ankles while drought and higher costs are a rope around his neck. Mrs. J. J. Spikes, who writes as Nellie Witt Spikes for The Hesperian and other newspapers, wrote in much the same vein a week or so ago.

Prices of Tomatoes. Floyd County's first shipments of tomatoes and bell peppers to consuming centers is running into a market that is considerably off from the market of three or four weeks ago. More tomatoes in the country being offered now than was expected. Same is true of bell peppers. However, these crops are harvested over a long period and the news of the unusual quality of the plains-grown vegetables is expected to help as the public demand responds to the tangy, lively effect on tastebuds. In this connection we record the fact that the first carload shipment of Floyd County bell peppers went to San Antonio, the second to New Orleans. Truckers with smaller shipments radiated out to all points of the compass last week. We predict all of these will be back for more. The finished product looked mighty, mighty tempting as it was crated.

Is Water Proration coming to the plains, and if so, how would it be administered? The underground water supply is eyed down-state as having a material value to that area. Even as far south as Houston the industry-conscious water users are thinking there should be a change in the attitude of the state toward the water authorities in the far reaches of the big river water sheds. Their selfish interests call for these sources of water supply to be left as they are until the water gets on down-state. But Old Man Drouth is having more to do with the thinking of late, focusing attention on the fact that there is and has been just about so much water while the draft for many uses on the high plains has increased heavily. The problem is one which good, general rains and a return to "normal rainfall" would solve at least temporarily overnight.

Use of water for irrigation is about third down the line in the eyes of people when you come right down to the question of how shall the water be distributed when the supply is limited. Water to drink comes first, then water for industry. Proration may come. And should it come could bring a drastic change in the way water is used for irrigation. A good many present wasteful customs would be hard to quit. People resist change, a chart of human nature tell us.

Water Resources Committee of the State of Texas and the president's advisory committee on weather control are having an important meeting in Texas this month. Out of their deliberations may come some important decisions as regards what shall be done about the water supply, even what shall be done on a broad scale about the weather as well.

Hybrid grain sorghum seed are going to be available for every farmer who wants them for the year of 1957. Several suppliers will have them on the market. Grain sorghums demand much of the land, the pay for the chance taking on available irrigation water has been low. More pounds per acre is part of the solution to the maize growers dilemma and hybrid grain sorghum may be the answer.

The law gives a man the right to open his wife's letters. All he needs is someone to give him the courage. — Anon

Distress Herds Assured Assist By Hay Program

Walter T. McKay, State Director, Farmers Home Administration, today advised Delbert L. Kassahn, FFA County Supervisor, of the designation of Floyd County under the Hay and Roughage Program of Texas.

Applications to participate in the Hay and Roughage program will be received by county Farmers Home Administration committees immediately at the Farmers Home Administration office located at Floydada, Texas.

The Hay and Roughage Program was worked out between the Governor and the Secretary of Agriculture to provide emergency assistance to farmers and ranchers in the State's designated disaster counties.

Under the program the local county FFA committee will determine each applicant's eligibility and will issue a certificate good for \$7.50 per ton on roughage actually purchased. The applicant will then apply the certificate on the purchase price of roughage from any dealer he chooses.

SPEND MONTH ON VACATION

Mr. and Mrs. John W. Buchanan returned to Floydada Saturday after a month's vacation with friends and relatives. The Buchanans visited his sister and family, Mr. and Mrs. Hershel Fields at Ingleswood, Calif., and with her aunt, Mrs. Charles Donnelly in Pasadena, Calif.

The Buchanan's daughter, Karen, spent the summer months in California and returned home with them. Karen will be a junior student at West Texas State College, Canyon, this fall.

Tri-State Fair Opens Sept 17

AMARILLO Sept. — The world's first sight of the world's most famous exhibit on the peaceful use of atomic energy will be one of many featured free attractions at the 1956 Tri-State Fair, Sept. 17-22.

Atoms For Peace - The World of Tomorrow is a fabulous, multimillion dollar display constructed by the Atomic Energy Commission. It succeeds the one constructed in 1953 and contains latest working models of wonder machines which use atomic energy for health, food preservation, agriculture and industry.

Housed in the new \$3,000 building at the Tri-State Fair, the Atoms For Peace exhibit will not be shown at any other site in Texas this year, according to Atomic Energy Commission officials.

Other free features at this year's Tri-State Fair include acts direct from Ringling Brothers Circus. These acts, to be staged twice daily, include the world's largest chimpanzee act.

Holiday On Ice, with the world's largest portable ice rink and a cast of more than 100 international stars, will give performances daily in Fair Park Coliseum.

A record number of agricultural, livestock, FFA and 4-H exhibits had been received by fair officials prior to the last week in August.

Thirty-three bands from cities throughout the Golden Spread Region and 1,000 troops from Amarillo Air Force Base, with musical units from this installation, will participate in the fair's opening parade at 11 o'clock Monday morning, Sept. 17.

The Stamps Ozark Quartet has been booked to sing at the fair's third annual Country Singing Festival on the closing afternoon of the fair.

JIMMY MARQUIS PAYS VISIT HOME ON LEAVE

Mr. and Mrs. F. M. Marquis and son, Jimmy, and Miss Carolyn Rayley of El Paso, visited during the week-end with his brother and family. Mr. and Mrs. Hubert Marquis in Sunray and with his mother, Mrs. Kelly Marquis in Borger.

The Marquis son, Jimmy, will return to San Diego, Calif., on Thursday of this week where he is stationed with the United States Navy. He has been home on a 10 day leave and will study to be an electrician for three months, when he returns.

Cone PTA Begins Year As Program Is Given Monday

The Cone Parent-Teachers Association began their year's work with their first meeting Monday morning, Sept. 3 at 8:45 a. m. in the school auditorium.

Programs for the year will be based on "We, The People Meetings." The association will meet the first Friday of each month.

The program for Monday morning began with singing of songs by the group present. An introductory address was given by Loyne Littlefield, member of the board of education.

D. A. Edwards, county superintendent, gave a talk. Rev. Tommy Beck gave the benediction.

Local officers for the year are Mrs. Carl McCraw, president; Mrs. Ed Martin, vice-president; Mrs. Haney Wideman, secretary; and Mrs. Arvie Arant, treasurer.

The next meeting will be Oct. 5 for the evening. with the business meeting at 7:30 p. m. and the program at 8:00 p. m. "We, The People, Support Our Teachers" will be the program topic. *Ledgers, Binders, work sheets.

FARMERS

The Board of Directors of the Grain Sorghum Producers Association of Floyd County has voted to raise funds by asking all growers to contribute one-fourth of one percent of their grain sorghum income. The support of every farmer can insure continuing the progress this association has made.

What The Grain Sorghum Producers Association Accomplished in 1956

1. Income from grain sorghums in Floyd County increased more than \$750,000.00 through higher price support.
2. The Secretary of Agriculture is now required by law to support the price of grain sorghums.
3. A beachhead in Washington established to influence future farm legislation.
4. National recognition and advertisement gained for grain sorghums.

What The Grain Sorghum Producers Association Can Accomplish in the Future With Your Support:

1. Favorable Farm Legislation.
2. Research for higher, more efficient production.
3. Research to find new uses in industry & agriculture
4. National Advertisement of our product.

KITCHEN AND FIELD NEWS

from Lighthouse Electric Cooperative, Inc. by Nancy Morckel and Claude Weathersbee Electrification Advisors

When Appliances Talk Back — Watch Out!

If you understand the language of your electrical appliances can "talk" to you. Their message can be an urgent one, too. It's usually a warning of danger.

Extension equipment experts urge that you learn the language your appliances use. Their warning signals, if you recognize them, may prevent a fire, appliance damage, or personal injuries.

Here are a few of the danger signals to look for and an explanation of their meaning:

1. Blinking or annoying "on-off" periods in the operation of an appliance usually means there's a loose connection - perhaps only a loose screw. But it should be repaired before a more serious problem occurs.
2. "Tingle" or slight shock when handling an appliance or switch tells you there's trouble brewing - inspect for loose wires or poor insulation.
3. Crumbling of rubber insulation on lamp or appliance cords can eventually expose electric wires which can short-circuit or make metal lamp bases, etc., a serious

shock hazard.

4. Dimming of lights or slowing of heating appliances when motors start indicates that the circuits are overloaded. Overloaded circuits mean heated wires - a dangerous fire hazard.

5. Blown fuses or tripped circuit breakers are also signals of overloaded circuits. They are saying: Use fewer appliances on the circuit at one time. Circuit capacities are 1800 watts for a 15 ampere fuse and 2400 watts for a 20-ampere fuse. Be sure the fuse is the right one for size of wiring. If the fuse will let more power through than the wiring can safely carry, it is not a safety device. Overheated wires, damaged motors and fires can result if the wrong fuse or a penny-repaired fuse is used.

All of these are more than annoyances. They are real danger signals which only the very foolish will ignore. To neglect or ignore the warnings is to entertain dangerous and costly wire and shock possibilities.

So - when you get the signal, discard and replace those worn cords and have outlets, switches and sockets repaired. If you aren't sure of your own repair techniques, call on your electrical repairman. Always keep in mind too, that the 115-volt electric service in our homes is powerful enough to be dangerous if incorrectly used.

If the need for repairs is a constant and continuing problem in your home, the reason may be old and inadequate wiring. And the simplest, and perhaps the least expensive answer in the long run, may be additional wiring. Check with a wiring specialist. He can explain new developments and tell you what would be an adequate wiring system for your home.

Mr. and Mrs. Delbert Dillard and children of Midwest City, Okla., spent Labor Day with Mr. and Mrs. Junior Womack and family. Mrs. Dillard and Mrs. Womack are sisters.

Mr. and Mrs. Brooks Chapman left Wednesday for Waco, where he will be in school.

Douglas Mahan, coach at Happy High School, spent Saturday night with Mr. and Mrs. Nolan Arney and Steve.

Mr. and Mrs. Bob Norrell spent the week-end in Brownfield, with relatives.

Jackie Duke is back to work after

a two weeks vacation.

Mr. and Mrs. L. C. Ferguson and little daughter ate supper Sunday night with Mr. and Mrs. Edwin Neff and daughter.

Mr. and Mrs. Jimmie Davis were guests in the home of her brother and family on Sunday. Mr. and Mrs. Nolan Arney and Steve.

Billy Morris is back to work after a vacation. Billy and his family visited in Ennis with Mr. and Mrs. H. L. Bush. Billy said he left some fish for those who haven't had their vacations.

Mr. and Mrs. Shorty Neff were in Lubbock Saturday afternoon.

Johnny Stuts went to Cameron over the week-end to take his sister, Mrs. Ada Pratt who had been visiting here for some time.

Mr. and Mrs. Shorty Neff went to Plainview on Sunday.

Mr. and Mrs. Billy Morris and girls went to Lubbock Sunday to visit his mother, Mrs. F. L. Morris. Mrs. Morris has been ill for about two weeks and is at the home of her daughter in Lubbock.

Mr. and Mrs. Wayne Collins and family spent Sunday in Altus, Okla., visiting his sister and her family. Mr. and Mrs. E. H. Matthews and children.

Mr. and Mrs. Jess Shurbet, who live near Floydada on the Plainview highway, and Mr. and Mrs. E. R. Harris of Lockney visited Boy's Ranch on Labor Day and attended the rodeo.

Don't forget that Sept. 13, 14 and 15 is the Floyd County Fair. A lot of time and preparation has been spent in getting ready for this fair - it is hoped that all of you will participate in every way that you can to help make it a good fair.

Mrs. G. V. Smith, of Floydada, Superintendent of the Flower Division and Mrs. L. M. Hones of Lockney, Assistant Superintendent, are especially anxious that women throughout the county bring in any flowers that they have in order to make a good and an interesting flower display. Anyone is eligible to enter anything they may have for this division - you do not have to be a member of any club.

A new room has been opened up for the Women's division at the fair this year. It will be more or

less out of the dust and there will be room to display things to a much better advantage.

Buck Marricle attended the funeral of a relative of his brother-in-law in Lubbock Saturday afternoon.

Mr. and Mrs. Bill Lathem and boys from Dumas spent Saturday night with their daughter and her family - Mr. and Mrs. Buck Marricle and David.

Mr. and Mrs. E. J. Marricle and Patsy of Idalou spent Sunday with Mr. and Mrs. Buck Marricle and David.

Dedication Is Held For Lone Star Edifice

Dedication service for the Lone Star Baptist Church was held Sunday at the rural church with an all-day service.

The rural church completed an enlargement program last year, finished payments in January of this year and is now dedicating the building.

The all-day program began with Sunday School at 10 a. m. followed by the morning worship service at 11 o'clock. At the noon hour a basket-lunch was spread.

The afternoon service began at 1:45 p. m. Speakers during the afternoon were Rev. Vernon Shaw of Dallas, a Baptist preacher well known in this area, and a brother to the late pastor of the church, Rev. Aaron Shaw.

Former pastors of the church present were Rev. Joe Wilson of Floydada, who organized the church in July of 1933, Rev. Clay Muncy of Lockney and Rev. G. C. Tiner of Dougherty.

Charter members of the church were given a special invitation and were recognized during the afternoon service.

Regular Sunday night services were held.

The church, in its enlargement program, bought the old Sterley church building, moved it to Lone Star and added it to their building. They refinished and redecorated the Sterley auditorium and then partitioned off the former Lone Star building into class rooms for Sunday School and Training Union use. A bell tower was built between the two as a connection and entrance.

Rev. H. H. Segro is the present pastor of the church. Hubert Prizell is Sunday School superintendent and Cloyce King is Training Union director.

Kinard Infant Is Buried at Roswell

Graveside service for Fred Allen Kinard, infant son of Mr. and Mrs. Roy F. Kinard of Roswell, N. M., former residents of Floydada, was conducted Wednesday, Aug. 29, at 3:30 p. m. in South Park Cemetery of Roswell, N. M. Dr. L. D. Ball, pastor of the Roswell First Baptist Church, officiated. Service was under the direction of Ballard Funeral Home.

Fred Allen Kinard was born Sunday, Aug. 26, at Walker Air Force Base Hospital, Roswell, and passed Aug. 27.

He is survived by his parents; his maternal grandparents, Mr. and Mrs. F. J. Reeves of Floydada; and his paternal grandparents, Mr. and Mrs. D. J. Kinard of Ft. Worth.

The father of the baby was at Loring Air Force Base in Maine at the time of his son's passing and arrived in Roswell Wednesday at noon.

Out-of-town relatives and friends attending the service included Mr. and Mrs. F. J. Reeves of Floydada, Mrs. Dallas Kinard of Muleshoe, Mr. and Mrs. John Reeves and Mrs. H. Davis of Portales, N. M., and Mrs. R. C. Ross of Floydada.

News of Dougherty

(By Mrs. W. J. Ross)

DOUGHERTY, Sept. 4 — School started Monday, Sept. 3, with an enrollment of 36. The eight beginners are Gene Carroll Warren, son of Mr. and Mrs. Billy Gene Warren, Donna Cates, daughter of Mr. and Mrs. Johnny Cates, Tom Drysdale, son of Mr. and Mrs. Howard Drysdale, Judy Ann Emert, daughter of Mr. and Mrs. Lon Emert, Reginald Forest White, son of Mr. and Mrs. J. H. White, Larry Don Emert, son of Mr. and Mrs. Oliver Emert, Yolanda Soto and Mike Cisneros. All beginners are requested to be present with their birth certificates not later than Monday of next week.

The Community Club met with 16 present and the president, Mrs. Maurice Campbell presided. Mrs.

Popular Summer Foods

During the summer months, because of the trend toward carefree easy meals, certain foods find general use. Among those foods bought by most homemakers are cold cuts and cheese, because they offer such variety and are convenient to use. To stand at the cases in the supermarket and look at the number of varieties of each of these foods is a revelation. Displays are enticing and usually we buy more than we need.

During hot weather, when most home refrigerators are stocked with both cheese and cold cuts, care must be given in storing these foods to keep optimum quality. Special care must be given the cold meats especially, as they are usually sliced and lose quality quickly if not properly wrapped and stored.

For a wrap, the transparent plastic household film is ideal. It molds itself around the cheese or meat, keeping air out and moist goodness in. For the opened packages of sliced meat, make certain that the slices are placed one on top of another compactly before wrapping with saran. Sliced cheese, too, should be handled the same way. Other advantages of using this transparent plastic film for wrapping such foods as meat and cheese are: the odor of strong cheese and garlic in some meats will not be absorbed by other foods in the refrigerator; and due to the "see-through" quality of the wrap, there will be no difficulty in finding the type of meat or cheese that you want because each can be readily identified through the film.

Bob Covington read the minutes of the previous meeting and gave a financial report. It was reported the \$25.00 first prize money won by the Dougherty Chuck Wagon at the Floyd County Old Settlers event had been donated to the club by the L. B. Campbell family.

The club voted to continue sponsoring the milk program for school children under the same conditions as last year and to buy first aid supplies. The club dues are fifty cents per member.

There were 45 present for Sunday school, Sept. 2, when the list of Sunday school teachers was printed two names were accidentally omitted. They were Mrs. Maurice Campbell who teaches the young people class and Mrs. Harlan Cate who teaches the Intermediate class.

TOMMY EMERT brought the 1st bale of the '56 season to the Darty Gin Saturday, Sept. 1. He gathered the bale from approximately seven acres. There was 1900 pounds seed cotton and 500 pounds lint. The cotton was planted April 25. R. D. Holly, gin owner and manager, reports the ginning was free and the gin will pay a cash bonus of 10¢ per pound.

Mr. and Mrs. Kenneth Robertson left September 4 for Houston where Kenneth has secured employment. Alta Beth Hines was the house guest of her sister, Mrs. Dick Carpenter and family of Lubbock last

Relatives Pay Mrs. Summers Final Tribute

Two sisters, a brother, four nephews and three nieces of Mrs. J. A. Summers, were among the relatives and friends here Wednesday of last week for the final rites held for Mrs. Summers at the Wall Street Church of Christ.

Mrs. Summers, who moved with her husband and family to Floyd County in January of 1925, had been a resident here continuously since that time. She passed at 10 o'clock Monday of last week at the home of her daughter, Mrs. M. R. Grubbs, 312 West Crockett Street at the age of 90.

The two sisters here for the rites were Mrs. B. O. Greenhaugh of Dallas and Mrs. R. C. Northcutt of Texarkana, Ark., the brother was G. M. Clayton and his three sons, F. A., Billie Ray and Leonard of Dill City, Okla.

Two nieces who attended the funeral were Mrs. Mary Andrews of Dallas and Mrs. Jenny Grey and her husband of Lovington, N. M., and a nephew, Tom Summers and wife were here from Abilene. Friends from out of town included Mr. and Mrs. Buck Sadler of Crosbyton, Mr. and Mrs. Ernest Mays of Wake, Mr. and Mrs. M. L. Hester of Plainview, Henry Smith of Kalgary, Mrs. R. O. Daniel of Lubbock, Mr. and Mrs. Oscar Lee of Lockney, Mrs. Lois Bishop and Mrs. Willie

Dee Smith of Plainview. Mrs. Summers' two sisters and her four daughters were at her bedside at the time of her death, as were also 11 grandchildren, 14 great-grandchildren.

Eight grandchildren, 12 great-grandchildren and two great-great-grandchildren were unable to attend the funeral.

Bishop Howard Marks 15th Year With Bank In California Cities

SHERMAN OAKS, Calif. — Eldon Bishop Howard, administrative assistant at the Ventura and Sepulveda Branch of the Security-First National Bank celebrated his 15th year with the bank on Saturday, Aug. 11.

A Texan by birth, Howard attended high school in Floydada, Texas, and later Texas Tech College. He came to California in 1941 after first obtaining banking experience with the First National Bank in Floydada and the First National Bank of Lubbock, Texas. He joined the staff of the Security-First National in Long Beach, later serving at the North Hollywood Branch before joining the staff at Ventura and Sepulveda.

Howard had extensive war service, serving in World War II with the First Bomber Command in the South Pacific and in the Korean Conflict with the Military Air Transport Service and the Air Defense Command.

He holds a reserve commission as a Captain in the Air Force, and holds Aeronautical ratings as navigator, bombardier, radar observer

and aircraft controller. He lives with his wife Bobbie at 14741 Killion Street, Van Nuys. They have two children, a daughter, Diana and son Wesley.

He is the son of Mr. and Mrs. Lee Howard, Houston, Texas, formerly of Floydada, and a grandson of the late Judge and Mrs. J. W. Howard.

ESCAPIST

The little red-faced man ran down the street as fast as he could travel, while behind him ran the bartender

of the local tavern. A policeman stopped him regarding the scene.

"Hey!" yelled the angry voice as he caught him. "Why don't you help him?"

"The policeman looked for the price of a drink. "So I am," shouted the man. "He didn't pay for it."

It's a dear bargain to buy insurance from a man who isn't qualified to make a survey of all your insurance needs and then provide you with complete coverage against the hazards you face.

We have a hunch you'd rather BUY FROM AN AGENT

who has the knowledge to give you advice, who keeps up with every change in the business, and who makes the business of insurance his constant study—not a sideline.

That's how this Agency conducts its business.

SOCIETY

of September Finds Study Programs for Year Outlined

The 22 club meets on the first and third Thursday of each month at 3 o'clock. Their motto for the year will be "We Study That We May Serve".

Officers for the club are Mrs. Harry J. Koenen, president; Mrs. W. H. Henderson, first vice-president; Mrs. J. H. Barnard, second vice-president; Mrs. J. D. Colville, recording secretary; Mrs. W. O. Tye, corresponding secretary; Mrs. C. A. Caffee, treasurer; Mrs. E. F. Stovall, reporter; Mrs. Glad Snodgrass, parliamentarian; and Mrs. P. H. Gates, custodian.

The program for Sept. 22 will begin with Mrs. Lon Smith leading the invocation. Roll call will be answered with "Since I Saw You Last." The president's message will be given by Mrs. Harry Koenen. Mrs. J. H. Barnard will give a talk on "Let's Travel Together." The club creed will be read by Mrs. W. H. Henderson.

Other hostesses to serve with Mrs. Barnard are Mesdames Kenneth Bain, C. A. Caffee, J. D. Colville, W. H. Henderson and Wilson Kimble.

A Summer Snack

That favorite twoosome—frankfurter on a roll and a cold bottled soft drink—is once more in popular demand. Not that it isn't a year-round delight but, once "play ball" is sounded, it has top billing. Happily, this combination is equally popular served on a summer picnic, at the picnic spot, or for a quick Saturday lunch. Bottled soft drinks in their see-in glass containers are clean, pure, and refreshing. For a quick cooler, put a few spoonfuls of crushed or finely chopped fresh fruits and a couple of ice cubes in a tall glass. Fill it up with a bottled soft drink; garnish with a fruit slice and enjoy a cool, satisfying summer drink at any time. Serve it with a frankfurter for a snack or a quick lunch.

Frankfurter Swirls

8 frankfurter rolls
2 tablespoons prepared mustard
3 tablespoons butter or margarine
4 slices processed American cheese
8 frankfurters

Start oven 400° F. Split the rolls lengthwise. Spread one side of split roll with butter and the other with mustard. Cut cheese slices in half and each half into 6 pieces. Make 3 diagonal slits in frankfurter, not quite through to bottom. Insert two pieces of cheese in each slit. Place frankfurters in buns. Wrap each frankfurter and bun loosely but securely in aluminum foil. Place on baking sheet and bake for 20 minutes.
Makes 8 servings.

Ruth WSCS Circle Meets Wednesday

The Ruth Circle of the Women's Society of Christian Service will hold its first fall meeting Wednesday, Sept. 12, at 10:30 a. m. in the parlor of the First Methodist Church. Subject for the programs for the ensuing months will be "Paul's Letters to the Local Churches". On the 12th Mrs. Gene Arvine, leader, will discuss Paul's life.

Coffee will be served to all present and the nursery will be open.

All young women of the church are urged to be present for this meeting.

The group meets the second and fourth Wednesdays at 10 o'clock a. m.

ATTEND FRY REUNION

Mr. and Mrs. R. E. Fry and Mr. and Mrs. W. L. Fry attended the 7th annual Fry family reunion at the Party House in MacKenzie Park, Lubbock, Sunday.

A basket lunch was spread at the noon hour. Approximately 42 were present for the day.

The reunion will be held at the same place next year in Lubbock during the Labor Day week-end.

Benita Teaff Honored With Bridal Shower

Miss Benita Teaff, bride-elect of Karl E. Harmon Jr. of Dallas, was honored with a miscellaneous bridal shower Friday evening, between the hours of 7:30 and 9:30 o'clock, in the home of Mrs. Alton Noland.

Guests were greeted by Mrs. Noland and presented to the honoree and her mother, Mrs. Bennie Teaff. Miss Joyce Noland presided at the guest register.

From a table laid with a white cut-worked cloth over brown, punch and wedding bell shaped cookies decorated with yellow and brown flowers were served by Miss Joyce Kittrell of Hart and Miss Jo Quimby of Kermit. An arrangement of brown and yellow foliage and white and yellow mums centered the table. Yellow candles, brown napkins and crystal appointments completed the table decor.

Hostesses for the occasion were Mesdames Ray Anton, W. J. Wilks, Betty Carmack, L. L. Sawyer, Lindsey Graham, Travis Lightfoot, Marion Barton, Alton Noland, Woodrow Wilson, Roe Jones, Everett Collier, Jack Barnett, Everett Perry, J. N. Richardson, Johnnie Race and Mrs. John Cox.

Guests registered from Sudan, Slaton, Plainview, Hereford, Lubbock, Lockney and Floydada.

CARD OF THANKS

We wish to thank our many friends and neighbors who stood by us during the illness and death of our precious mother and grandmother.

Especially do we wish to express appreciation to those who worked so diligently preparing and serving food, to those who sent the beautiful flowers and to Dr. George Smith, who so faithfully stood by until the end.

May God bless each and everyone of you in the prayer of the Summers children.

Mr. and Mrs. R. B. Hooten and Children,
Mr. and Mrs. M. R. Grubbs and Children,
Mr. and Mrs. H. G. Kennamer and Children,
Mr. and Mrs. O. M. McReynolds and Children,
Mrs. Alvie Summers and Children,
The Children of Albert Summers.

Miss Jo Muncy of Roswell, N. M., is visiting several days in the home of her parents, Mr. and Mrs. Edd Muncy, 302 South Second.

LIPSTICK LOGIC
MARK ALLEN

The other morning, on a hasty shopping trip, we met a woman who retired a couple of years ago. She had been very, very active, holding a nine-to-five job and working energetically in several clubs in her spare time. But since her son had her quit working to rest, she is the most displaced-looking person we nearly ever saw. The anxious lines are gone from her face, it is true. And she has acquired new grace in a quieter, more leisurely manner. But she is like a drifting canoe on the surface of a rippling lake.

Two other retired women in our town, however, are having the time of their lives. They entertain friends, keep their homes spotless, take part in community volunteer work. They have hobbies which they now have time to enjoy—such as reading, gardening, weaving on a handloom, preserving fruit. They are staying happily busy after too many years of living crowded lives.

We saw an older couple at the grocery store the other day who set us to thinking about this. They sold their ranch and town home a few years ago, bought a trailer and planned to travel out the rest of their days. They have been to practically every section of the United States, and have gone to Canada and Mexico. For a few years it was fun, but it soon got too old. Now they have built a new home, make shorter trailer trips, but come back to their own hearth after a few weeks away.

People who say they "can't wait to retire" sometimes wish they had not been so eager. The average office worker, or the executive who feels himself chained to his desk, probably needs just as much training for successful retirement as for a successful career.

Mrs. Albert Pyle and daughter, Linda, of Edmond, Okla., visited last week with Mr. and Mrs. Collis Roland. Mrs. Pyle and Mrs. Roland are cousins.

Mr. and Mrs. Carter L. West of this city and Mr. and Mrs. Wayne Shultz of Carlisle spent Labor Day week-end in Whiteboro visiting with relatives and friends.

Texas Underground Water Grows Short

An underground desert is in the making in Texas which may eventually swallow such cities and towns as Amarillo, Dalhart, Plainview, Lubbock and Muleshoe. These population centers are located atop a vast formation of moisture-laden sands from which water is being pumped at a faster rate than nature can replenish it. The situation was created by nature and aggravated by man. These sands of the Ogallala formation depend partly upon rainfall and the water and snow sheds of the Colorado and New Mexico mountains to replenish the underground flow. For several years, snow in these sister states has been insufficient to feed the formation at a rate greater than water usage. The sand strata is thick in some places, thin in others. In some sections of the Texas Panhandle, the saturated thickness of sand is 50 and 60 percent less than a short six years ago. The boom in irrigation on the high plains sparked the increase in water consumption. Municipal supplies account for only about 15 per-

cent of water withdrawals. Records show that of all water pumped since 1928, over 80% of it was used since 1930, due mainly to an expansion in irrigated acreages. Irrigation cannot be called the "culprit" in this case, however. Rather, it is merely the victim of a natural situation—drought. Weather conditions have failed to keep our water supply in balance during a period of great demand by the farmers. The lowering water tables are a matter of concern in other sections of the state, also. Natural springs in Central and South Texas are at their lowest ebb or have ceased flowing altogether for the first time in the history of white settlements. Comal Springs in the San Marcos—New Braunfels area ordinarily flows about 317 cubic feet of water per second. Early this summer, the spring went dry for the first time. Barton Springs in Austin, a natural water source that fluctuates rapidly with rains, was producing only 12 cubic feet per second in late August. Its usual flow varies between a maximum of 180 cubic feet to a minimum of 5 1/2 cubic feet according to seasonal changes. Primarily, Texas' greatest need is rain—in the state and on the water-sheds of the Continental Divide. Secondly, the state needs comprehensive soil and water conservation measures which will keep the water in the vicinity in which it falls. Surface tanks, small check dams and storage dams in the small streams and rivers, coupled with soil conservation work in the fields will help save our precious water, and aid in replenishing the underground supply.

New Inspector For Cattlemen In Plains Area

FORT WORTH — J. W. (Dub) Drace, field inspector for the Texas and Southwestern Cattle Raisers Association at Lubbock, has recently completed a special school for field inspectors conducted by the Texas Department of Public Safety at Austin. Drace, who represents the Association in a 22 county area surrounding Lubbock, holds a commission as a special Texas Ranger and is employed as a field inspector for the Association, which has a membership of 10,000 ranchers in the Southwest with headquarters at Fort Worth. The school was conducted by members of the staff of the Texas Department of Public Safety and was designed to acquaint Association inspectors with the latest techniques in law enforcement work with particular emphasis on cattle theft work. Methods of apprehending cattle thieves have changed considerably since the days of cattle rustling on the open range. The school gave Association inspectors a look at the Department of Public Safety's latest law enforcement procedures and is an example of the many services the Association is rendering to its membership and the cattle industry to keep cattle theft at a minimum. Instructors at the school included Col. Homer Garrison, Jr., director of the department and leading members of its headquarters staff. Subjects covered included criminal law and investigation, chemical aids to the investigator, criminal reports, firearms, footmarks and plaster casts, fingerprinting, photography, scientific lie detection and interrogation. As a field inspector in this area Drace's duties include checking cattle brands to determine ownership of cattle being moved; investigation of stray and stolen cattle reports and the apprehension of cattle thieves. Drace's territory consists of the following counties: Bailey, Castro, Cochran, Cottle, Crosby, Dickens, Fisher, Floyd, Hale, Hockley, Jones, King, Knox, Lamb, Motley, Nolan, Parmer, Stonewall, Swisher, Poard, Haskell, and Lubbock Counties.

FLOYDADA SERGEANT HAS ROLE IN AIRCRAFT SHOW

OKLAHOMA CITY — Sergeant First Class Lacie G. Kirk, 25, son of Mr. and Mrs. I. C. Kirk, Route 4, Floydada, Tex., is participating in the Army's portion of the National Aircraft Show, Oklahoma City, Sept. 1-3. The Army's part will feature the famed Helicopter Square Dance team from Fort Rucker, Ala., in addition to a mock battle, both to demonstrate the precision and maneuverability of the "chopper". Sergeant Kirk is regularly assigned as a platoon sergeant in the 52d Infantry Battalion's Company A at Fort Sill, Okla. Kirk, a veteran of the Korean conflict, holds the Commendation Ribbon. He entered the army in April 1953.

ARMY TRAINEES SPENDING TWO WEEKS LEAVE AT HOME

Pvt. Billy M. Phillips, son of Mr. and Mrs. Hosea Phillips, and Pvt. L. C. Ferguson, son of Mrs. L. C. Ferguson, arrived in Floydada Saturday to spend a two weeks leave with their parents. Pvt. Phillips will report to Fort Sam Houston in San Antonio for training with Medical Corps at Brooks Army Medical Center. Pvt. Ferguson will return to Fort Chaffee, Ark., where the two have just completed eight weeks of basic training at the artillery base.

WILL FILM GAMES

LOCKNEY — The Lockney Quarterback Club will film five football games of the Lockney Longhorns this fall it was decided in a meeting of the membership last Tuesday night at the high school. President Marvin Gilbert presided.

Floyd County 14 Years Ago

(Taken from the files of the Hesperian, issue dated Sept. 10, 1942.) Rains in southeast Floyd County Sunday afternoon and night wet up the few dry spots in Floyd County and the adjacent northeast Crosby and northwest Dickens county corners. A large area in the Joe Bailey and Antelope country that had been somewhat dry got a couple of inches of rain and an area lying in a triangle between Baker, Floydada and Lakeview schools that had been dry also got good rains. As cotton and feed crops of the high plains begin to mature and the time approaches for cotton harvest, interest in the supply of labor is growing. Locally no estimate has been set on the number of farm hands that can be used in plowing and planting the fall grain crop and no estimate either on the number of cotton pickers that will be needed, nor has it been indicated as yet what price is likely to prevail for cotton harvest.

Walter Brothers started their picker-chopper in La Salle county, Ill. last fall when ears contained 34 percent moisture. They shelled the corn, dried it, and put 750 tons of stover into trench silos to winter 175 Shorthorn and Hereford cows. A self-feeding rack was made for each trench so the old gals could help themselves.

There's a new kind of cow feed—green stover silage. With a new combination harvester, you can pick your corn in late dent and chop stalks for the silo while leaves are still green. You get forage that's far better than the dry stalk silage you've read about. Those who have used it report it brings cows thru the winter thrifty and fit.

Walter Brothers started their picker-chopper in La Salle county, Ill. last fall when ears contained 34 percent moisture. They shelled the corn, dried it, and put 750 tons of stover into trench silos to winter 175 Shorthorn and Hereford cows. A self-feeding rack was made for each trench so the old gals could help themselves.

Marriage vows were read Wednesday, August 28 uniting in marriage, Miss Maudine Penn, and Gilmer Denison, of Los Angeles, Calif. Miss Penn is the daughter of Mr. and Mrs. I. Q. Penn of Lockney and Denison is the son of Mr. and Mrs. C. W. Denison.

Saturday, Sept. 12, has been designated in Floydada as Felt Hat Day. Merchants will have in their windows a display of all the new in Fall and Winter hats for men. Marion Carpenter left Monday for Ft. Worth, where he expects to take up work in the North American Aircraft plant.

County Agricultural Agent Jason O. Gordon and Home Demonstration Agent Edith L. Wilson are in College Station this week for a special session in the agricultural and nutritional department of A & M Extension service.

JIMMY CAREY RE-ENLISTS IN REGULAR U. S. ARMY. Jimmie Lee Carey reenlisted Aug. 31, in the Regular Army, for a period of three years. Jimmie is the son of Mr. and Mrs. C. P. Carey of Rt. 4, Floydada, Texas. Jimmie enlisted in Corps of Engineers and will be forwarded to Fort Bliss, Texas, for further processing and assignment.

LOCKNEY — The Lockney Quarterback Club will film five football games of the Lockney Longhorns this fall it was decided in a meeting of the membership last Tuesday night at the high school. President Marvin Gilbert presided.

Green Stover Silage

-IT MAKES CHEAP COW FEED

With Combination On Harvester You Can Husk Ears As Grain and Chip Stalks for Silage in One Operation

(By George A. Montgomery in Cappers Farmer)

There's a new kind of cow feed—green stover silage. With a new combination harvester, you can pick your corn in late dent and chop stalks for the silo while leaves are still green. You get forage that's far better than the dry stalk silage you've read about. Those who have used it report it brings cows thru the winter thrifty and fit.

Walter Brothers started their picker-chopper in La Salle county, Ill. last fall when ears contained 34 percent moisture. They shelled the corn, dried it, and put 750 tons of stover into trench silos to winter 175 Shorthorn and Hereford cows. A self-feeding rack was made for each trench so the old gals could help themselves.

One herd of Walter cows pulled thru with no concentrate supplement. Two other groups got a daily allowance of half a pound of protein meal a cow. When spring came there was no noticeable difference in condition of cows under the two treatments. All were in good flesh.

It cost 9 cents a bushel to dry the corn. Should that be charged against the silage? Not in their operations, Chester Walter explains. Picking early and drying has advantages, he says, even if stalks are left in the field. There's no shattering loss, no broken or lodged stalks, no fallen ears. And no hand cleaning is required. Last year such items cost thousands of farmers far more than the 9-cent drying charge.

Another who uses green stover silage to winter beef cows is Emil Wallach, St. Louis county, Missouri. He has 100 purebred Polled Hereford cows and 75 grades. He used a machine like that at the Walter farm to put 62 acres of green stalks into a self-feeding trench that holds 400 tons.

He fed a little hay and 1 pound of supplement a cow daily. He had rye pasture that helped out to Jan. 1, and he was able to turn on it again March 15. He says he never wintered cows so cheaply before.

Not all of Wallach's silage was used. He sealed what was left, and will use it when pasture dries. If it isn't needed to supplement grass, it will be fed next winter.

Ears contained 32 percent moisture when he started picking corn; 20 percent when he finished. He, too, shelled corn before it went to the drier.

Shelling cuts drying costs. W. M. Beeson and T. W. Perry, Purdue, tested green stalk silage at Lynnwood Farm, Carmel, Indiana, last winter. They dried the ears and reported the cost was 40 cents a bushel.

They got 8 tons of stover silage from 65-bushel corn. Drying cost was \$3.25 per ton. It would have been 75 cents if they had dried only the shelled grain as the Walters did.

The Purdue workers figured cost of harvesting the silage at \$3 a ton and added cost of drying the ears. That made a charge of \$6.25 against each ton of silage, or \$50 an acre. The way Walter Brothers and other producers figure, that's way too high.

Beeson and Perry, who cooperated with C. H. Nickel, manager of Lynnwood Farm, and D. A. Webb, its research leader, ensiled the green stover Sept. 15-22—when corn was judged at the right stage for corn silage. The ears tested 19 percent moisture; the stover, 70.6 percent. The chopped material was green in color, and the silage had good aroma.

Ted Funk, McLean county, Illinois, feeds green stover silage to beef cows in combination with grass silage, ground cobs, and molasses. He says the mixture makes a cheap wintering ration.

A big trench silo is filled half full of grass silage in summer. Early in fall, stover silage that will settle to equal depth is stored on top of it. The silage is combed off the end of the pile with a special loader made for trench silos. Each cow gets about 30 pounds of silage daily. It's about half stover, half grass.

The silage is elevated into a mixer wagon equipped with conveyor to put it into feed bunks as the wagon is driven alongside. Enough ground cobs and molasses are blended into each load to give each animal 5 pounds of cobs and 1 1/2 pounds of molasses.

Funk has used stover silage as the only winter roughage for beef cows. It was supplemented with 2 to 3 pounds of corn and 1 1/2 to 2 pounds of protein meal a cow daily.

due, fed calves 3 1/2 pounds, costing 14 cents daily. That's a wide variation. adapted to feeding may fit in for wintering cattle that are to be grazed summer. Corn silage that all the grain is better than steers that are to be early finish. One lot of 465-pound Purdue test got only and protein supplement, ed 1.20 pounds daily a period at a cost of 80 pound. That's an silage cattle that are to be lar steers on the same silage, plus silage contained gained 2.22 pounds a cost of 141 cents a pr

What is the right amount? That will vary with the kind of cattle, the fertilizer treatment of the corn, and the stage of maturity at harvest time. Walter Brothers poured on extremely large amounts of a fertilizer high in nitrogen. They harvested the forage early. The stover proved to have enough protein to meet the needs of bred cows. Experience of various users indicates that green stover silage is best

3 Machines in 1

CASE Harvester-ALL

You really reduce your new machinery costs with the Harvester-All that does three different harvesting jobs.

- 1 First, it picks and husks ears with a minimum of loss into a trailed wagon.
- 2 At the same time it chops stalks and leaves into a wagon for low-cost feed or bedding.
- 3 Flipping a lever and inserting a deflector makes it a row-crop unit for chopping any silage crop.

This same base machine also mounts quick-change pick-up or cutterbar head to chop hay or standing grain and legumes for green feeding. Come in for all the saving facts. Ask about the Case Time Payment Plan lets you buy for a small down payment with the balance conveniently arranged to suit your income.

AUTHORIZED GEHL DEALER

Local Headquarters for Sales and Service (A COMPLETE STOCK OF PARTS)

GEHL Chop-All HARVESTER

More Gehl Choppers have been sold than any other independent manufacturer. From the cut to the tallest crop, Gehl gives you that important, fast, clean cutting which makes better silage that packs better and keeps well more tons in the silo with less re-rolling. Gehl has proven its rugged, long-life dependability and trouble-free operation. Available with own motor or power take-off from tractor.

- GEHL GIVES YOU 5 QUICK-SWITCH ATTACHMENTS**
- ★ New, big-capacity, 6-foot Mower Bar Attachment. Also a 5-foot Mower Bar.
 - ★ New low-cost P.T.O. 2-Row Chopper that costs less than most 1-Row choppers. Saves time, travel, wear and tear on equipment. Increases custom harvesting income.
 - ★ 1-Row Attachment—uses heavy roller chain... enclosed up out of the dust and dirt.
 - ★ Windrow Pick-up. Gathers a 7-foot swath rolled into windrow. Saves time, saves labor and valuable nutrients. Makes better feed.

BUY RIGHT... BUY GEHL... Come in and see it.

Decision of the executive committee apparently is all-important. In the Ferguson-Sterling contest courts refused to interfere with the committee ruling. They said it would delay the general election.

SENATE CANDIDATES JUMP IN — Would-be successors to Price Daniel didn't wait for the vacancy to develop to start scrambling for his U.S. Senate post.

Political observers predict a "real horse race" if Daniel does resign in time for a special election.

First formal announcement came from State Sen. Searcy Bracewell of Houston. Bracewell promised to vote with Democrats in organizing the Senate, but made it clear he voted for Ike in '52, and would do so again.

He is a major threat to the Texas GOP's official endorsee, Thad Hutcheson, a young Houston attorney. Hutcheson promised "no token fight."

James P. Hart, former Supreme Court justice and University of Texas chancellor, also has announced.

Congressman-at-Large Martin Dies indicated early in the summer that he would run.

"Names in speculation" include just about every other Texas in or formerly in public life — Ralph Yarborough, J. Evetts Haley, Lloyd Bentsen Jr., John Ben Shepperd, John C. White, Wright Morrow, etc.

Not all will run, of course, but such a rare political opportunity is sure to draw a crowded field. Piling ties is only \$50. High man wins without a runoff.

In the last such election, held in 1941, a total of 29 candidates ran. W. Lee O'Daniel emerged as victor with a blade-thin lead over Lyndon B. Johnson.

real fight to regain Texas in the November election, says U.S. Sen. Lyndon Johnson.

He has invited both nominees to speak in Texas this fall. Vice-presidential candidate Kefauver was specifically urged to attend the Heart of Texas Fair in Waco to be held Sept. 29-Oct. 5.

SCHOOL BELLS RING OUT — For millions of Texans the political clamor is drowned out this week by the ringing of school bells.

As usual, a "biggest ever" public school enrollment is expected. Texas Education Agency estimates enrollment at 1,754,933, compared to 1,740,784 last year.

No official reports or estimates were available on how many additional schools will be integrated this year. TEA officials, always carefully aloof on the subject, said they had "heard of only a few." Only known trouble spot was Mansfield (Tarrant County) where white citizens paroled the school to prevent registration of Negroes.

A more common problem is shortage of teachers. Some 6,000 additional teachers are needed, says the Texas State Teachers Association.

BUSINESS RECORD STILL EXPECTED — Despite a summer slump and farm troubles, forecasters expect Texas' total business volume to set another record in 1956.

According to the University of Texas' Bureau of Business Research, business activities declined two percent in July. But the index was still two per cent above July, 1955.

"Plight of the drought-stricken Texas farmer continues to be the most serious aspect of the state's economic situation," said the report. "Farmers not only face falling prices, but have very little to sell."

Texas farm prices have fallen 36 per cent since 1951. Livestock prices are 18 per cent in the same period.

NEW MENTAL HEALTH CODE — proposals to streamline Texas' mental health code are being drafted by the University of Texas Law School.

Financed by the Hogg Foundation, the project is being conducted with the guidance of the Board of State

Hospitals and Special Schools.

Suggested changes would (1) encourage earlier care for mental cases to speed recoveries and reduce expense to the state and (2) modernize administrative procedures for the state hospital system.

CRIMEMOBILE LAUNCHED — Texas' unique new crimemobile is on the road. It was officially launched in Austin last week with a flask of "truth serum" (sodium amytal) substituted for traditional champagne.

Dallas was first stop for the 40-foot trailer truck with its educational display of modern crime detection equipment. Other major cities are to be visited soon.

Texas Law Enforcement Foundation assembled the crimemobile with contributions from industry.

SORT SNORTS — University of Texas will have its final admission tests for the fall semester at the main campus Sept. 10. Total students tested before school's opening will be about 4,900, officials estimate.

Texas Department of Public Safety cancelled leaves and off-days to put every available man on the highways during the holidays. Their goal: to beat the odds that 32 would be killed in weekend accidents.

State inheritance taxes on stocks are based on the number of shares owned, times the quoted value of stock on the date of the holder's death. This method of taxation is being contested by the executrix for the estate of Calvert Smith, wealthy Houstonian, who died in 1952. Involved is 31,350 shares of Humble Oil & Refining Co. stock on which a tax of \$180,410 was paid under protest. Executrix contends that if that amount of stock was dumped on the market at one time the value would drop. District Judge Jack Roberts ruled against the state. Notice of appeal to the Supreme Court was given by the state.

Conroy Johnson of Hobbs, N. M., spent the week-end with his parents, Mr. and Mrs. W. Ray Johnson. Conroy is employed with Southwestern Investment Co. in Hobbs.

Forty Attend Park Fund Game Party

The Floydada Garden Club sponsored a game party at the Commercial Hotel, Friday afternoon, between the hours of 3 o'clock and 5:30 o'clock with approximately 40 women present.

Table games of bridge, canasta and forty-two were played during the afternoon.

Proceeds from the afternoon's entertainment will go toward the club's park improvement program at Napoleon Park.

Sand Hill News

(By Mrs. James Jeffress)

SAND HILL, Sept. 4 — The cotton is beginning to open this week. We heard of two bales already out. James Riney and William Mayo have cotton out.

The wells are all still running night and day. Some of the tomato crop have already started gathering. Chuck Holmes and Rafe Ferguson have hands in their tomato patches. Quite a few have started putting their cotton trailers together. In about two weeks there should be quite a bit of cotton open and going to the gin.

School opened Monday at Sand Hill. All the children seemed to be ready. The school in Lockney will open on Sept. 10.

Mr. and Mrs. Joe Earp had his sister visiting with them Sunday.

Mr. and Mrs. Kirk Slater were visiting her parents Sunday, Mr. and Mrs. Marvin Swanner. Ken Swanner was also home from Lubbock.

Mr. and Mrs. T. C. Hollums had as their guests Sunday, Mr. and Mrs. Roy Hollums of Earth and Beverly Jeffress.

There was a good attendance at church services Sunday. Its sure nice to have Bro. Adams back home after a months absence.

The Week of Prayer program will be observed Thursday at the Sand Hill Church, with four visiting churches. This will be an all day program with a covered dish luncheon. Mrs. M. B. Swanner will have charge of the program. Each lady is extended a special invitation to attend.

It was nice seeing Don Chesser back Sunday. Don has been away in the Marines and was home on leave. He was visiting his grandparents, Mr. and Mrs. Roy Slater. He returned to Midland to visit with his mother.

Sunday dinner guests in the home of Mr. and Mrs. James Jeffress and family were Mr. and Mrs. C. H. Jones of Midland, Jim and Billie Gail Holmes and Leora King of Floydada. Visiting in the afternoon were Mr. and Mrs. W. B. Billington, Mr. and Mrs. T. C. Hollums, Mr. and Mrs. William Mayo and Mr. and Mrs. Roy Hollums of Earth and Don Chesser.

Visiting Darrell Mayo Sunday afternoon were Ernest and Lawrence Baird and Billie Dale and Stinson Etringer. All the young people of the church were the dinner guests in the home of Mr. and Mrs. Olin Baird.

Dinner guests in the home of Mr. and Mrs. W. R. Billington Monday were Mr. and Mrs. C. H. Jones of

Midland and Jim Holmes.

Mr. and Mrs. H. F. Jackson and Mr. and Mrs. W. R. Billington attended church in Lockney Sunday.

The monthly business meeting will be held at the church Wednesday night. Each member is urged to attend, as the teachers for the coming year will be elected at the meeting.

The fair is less than two weeks away so everyone be thinking about what you have to enter and what you have that can be used in a community exhibit.

Mr. and Mrs. Monroe Schulz and family had as their guests this week end her cousin and family and an uncle visiting from Wichita Falls.

The beginners class at the Sand Hill church won the attendance banner for September as they had the highest grade. The banner has been passed from the Juniors and Young Peoples classes all year so we congratulate the beginners Mrs. Dale Stringer is their new teacher. The Sand Hill Club will meet
