

Long Life' Seen For High Plains Water Basin

Officials Paint Bright Picture

A county court room full of people went to the Chamber of Commerce water fact-finding meeting Tuesday afternoon steeled to hear the worst, left the room two hours afterward in a happy frame of mind.

The water under their farm and city homes not only belongs to them but also it is not all "played out."

They have, as a matter of fact, used up a considerable portion of the board of water which nature placed in the immediate reserve underlying the high plains, but it is not in immediate danger of total depletion by any means.

This, together with a greater knowledge of what High Plains Underground Water District No. 1 has accomplished and learned in three years, some of the things it hopes to do and how the authority is making itself useful to the area, formed the principal net value of the meeting.

The court room was slightly more than comfortably filled when Chamber of Commerce Manager Olin M. Watson called the house to order at 7:30 o'clock, and presented the panel of the water district officials—Jarvis S. Shurbet, Petersburg, president; Tom S. McFarland, Lubbock, manager; and W. L. Broadhurst, Lubbock hydrologist.

"THIS is not a scare meeting," Watson said in opening. "It is a meeting to look at the facts of our water supply and to assess our position as beneficiaries of a great natural resource, the water bearing sands which underlie our high plains area."

"Contrary to the concept of the now infamous Look Magazine story which painted a dark picture of a people mining their water, we have some to see if we can find reason or optimism," Watson said.

Mayors of Lockney and Floydada—J. E. Cox and Lewis Norman—read questionnaire answers to the water use of the two Floyd County cities and the probable problems and needs for the next five years, and County Agent Bill G. Rodgers gave similar estimates as to farm water use.

RODGERS said that of the approximate 447,000 acres of land under cultivation in the county the estimate is 290,000 acres under irrigation from 2,200 wells, an average acreage of 145 acres per well.

He estimated 150 new wells will be drilled within the current year and 850 acres will be added to the irrigated area.

There are domestic farm water problems, he said. Later this was pointed out by speakers as due to the fact that the "windmill water" sands are being drained into the second strata from which irrigation water flows and that, henceforth, a well for domestic water use should be "drilled to the red beds" to assure a supply for home water systems and water for stock.

Tom S. McFarland, manager of the water district, reported favorable progress toward the district goals of gathering and disseminating information on the water supply, the status of the area served as to state legislation, and the wise use of underground water.

"WE ARE making a little progress," he said. "We have logs on 12,000 wells of the 35,000 in the 13 counties which we serve; we have a ground water bill passed by the state legislature which protects us in our water rights, and we have the general support of the people in the area. Also we have well spacing established as a sound principle of development of our underground water resources."

He expressed the firm belief that well spacing has saved Floyd County farmers \$3 million since it was established as a method of procedure five years ago. In that period 1,200 new irrigation wells have been drilled in the county.

"We have established the principle of (See Water Meeting, back page)

Heart Ailment Claims Father Of Mrs. Hines

Funeral service for J. R. Thomas, 66, of Lubbock and father of Mrs. Howe Hines of the Dougherty Community, was conducted Saturday afternoon at 2 o'clock in the College Avenue Baptist Church of Lubbock with Rev. Abe Hester, pastor, officiating, assisted by Rev. Landt-rupp.

Burial was made in the City of Lubbock Cemetery under the direction of Sanders Funeral Home.

Thomas passed away Thursday at Methodist Hospital in Lubbock following a heart attack.

A Lubbock building contractor for 19 years, Thomas is a native of Denton County.

He is survived by his wife, Georgia Elita; four daughters, Mrs. Bessie Mae Adams, Smithfield, Mrs. Elsie Hines, Floydada, Mrs. Alma Carter, Dallas and Mrs. Edna Erle Poole, Lubbock; two sons, Damon, Lubbock and Kenneth, United States Navy; one brother, P. O. Thomas, Tyler; two sisters, Mrs. Lee Gamble, Marlow, Okla., and Mrs. Coolie Duncan, Farmington, N. M.; 17 grandchildren and two great-grandchildren.

Fellowers were the deacons of the College Avenue Baptist Church, Lubbock.

Bank Reports Reflect Good Business Year 1956

Floyd County banks probably were in stronger position than on Dec. 31 of 1955, their statements of financial condition reveal. This financial report is called for annually by the Comptroller of the Currency out of Washington, D. C.

The two banks, the First National of Floydada and the First National of Lockney, have combined capital accounts of only \$14,000 less than a million dollars, and their combined cash and quickly available assets stand at \$12,198,008.70.

This figure of available cash and quickly convertible paper is only slightly less than their deposits which combined stood at \$12,856,182.43 when their statements were made.

On the other hand combined loans and discounts stood at \$2,445,476.69. The bank reports reflect a good year for business in the county, one

bank official said. Capital, surplus and undivided profits of the First National of Floydada were indicated on their statement at \$100,000 capital stock, \$200,000 surplus and \$237,879.54 in the undivided profits account. In addition reserves are set up at \$81,000. Deposits stood at \$7,393,689.75 and figures for loans and discounts at \$1,064,126.20.

At First National of Lockney the capital account is composed of \$100,000 capital stock, \$100,000 surplus, and \$146,150.43 in combined undivided profits and reserve accounts.

AT THE annual meeting of the stockholders of First National of Floydada, held Tuesday afternoon, there were no changes made in personnel. All officers were re-elected and all directors also re-elected as for the previous year. These are:

J. V. Nelson, chairman of the

board, E. L. Norman, president, C. H. Bedford and Frank H. Sharmar, vice presidents, Gene Collins Jr., cashier, Lyda Walding and W. J. Adams Jr., assistant cashiers. Norman and Bedford are also members of the board of directors along with Glad Snodgrass and Kinder Farris.

The annual meeting of the stockholders of the First National of Lockney is held annually on the third Thursday in January.

Open Campaign For Down-Town Trash Disposal

(By Mrs. Kinder Farris)

Through the fall and early winter months, the citizens of Floydada have had ample opportunity to note the necessity of improved clean-up methods in our downtown area. No one organization, even with the help of street cleaners, can keep a town in apple-pie order without the help of every person in the community.

In the early fall, the members of the Books on Bikes Club became concerned enough about the litter on our sidewalks and on the lawn of the court house that they used a portion of their award money from Parents Magazine to buy one large trash disposal unit. This they placed in front of the court house in November.

At the same time they issued an SOS in the form of a challenge to the merchants of our city, to civic organizations in Floydada and Floyd County, and to interested individuals who feel as strongly about a clean town as these youngsters do.

"HELP us," they ask, "and we'll have as dressed-up a little town as you'll find anywhere."

With the counsel and full support of the mayor and city council, a plan has been mapped out for eleven "starter" trash units, placed in what they consider the spots most subject to litter. The club hopes to add other units in town, as well as in the park, as the clean-up fund grows.

BY now, everyone has had an opportunity to see the disposal unit in front of the court house. The cost of this large, neat, 70-pound can is \$43.34, delivered Floydada. It contains a liner unit, easily emptied; and the city will take care of emptying it, if we'll just fill it up!

Any day now, you will be contacted by one of the members of the Books on Bikes Club. Your contribution will not be something spent and forgotten. It will be put to work right before your eyes as a progressive step in the direction of a more modern, more pleasant shopping district.

Clean sidewalks mean as much to a good shopping area as clean store windows and friendly clerks, and every citizen of Floydada will be proud to have a share in such a permanent, progressive investment.

If you care to mail your contribution to the Books on Bikes Club, care of Floyd County Library, just mark it "Clean Up Fund" and it will be taken care of properly. All gifts will be greatly appreciated and duly recognized.

Wednesday's meeting will be spent in electing a committee chairman and other needed officials and looking at the park areas, facilities, and finances which the committee has to work with. From that point the committee will progress to future plans.

Community representatives on the committee include E. A. Williams, Lions Club, Hollis Bond, Rotary Club, Mrs. John P. Moss, Study Club Council, Mrs. Bill Norman, Floydada Garden Club and O. M. Watson Jr., Chamber of Commerce. Farnell Powell has been appointed by Mayor Lewis Norman to represent the city council.

The committee meeting is set for 2:00 o'clock at the Chamber of Commerce office.

Yarborough Ralls Banquet Speaker

Ralph W. Yarborough, of Austin, erstwhile candidate for governor of Texas and prominently mentioned as a potential candidate for U. S. Senator to succeed Price Daniel, will be the featured speaker at tonight's annual banquet of Ralls Chamber of Commerce.

Representatives of Floydada Chamber of Commerce had not yet named the first of the week to attend the affair on invitation of the Ralls organization. Floydada C of C manager, Olin M. Watson, who hoped to attend, found he already had a prior commitment for the evening, in fact three commitments.

He expected to find two available members to attend, representing this community.

Ralls was a Yarborough stronghold in the political battles the past summer and Publisher Ernest Joiner of the Ralls Banner, a strong supporter, will be master of ceremonies at the banquet.

Anxious to move are these Floydada high school students who recently inspected their new school building. Shown looking over the lockers at the new school plant are from left to right Keith Armstrong, president of the student council, Norman Davis, senior class president, Beth Crawford, head of the annual staff, Dennis Whitfill, junior class president, Johnny Fred Brown, sophomore president, Larry Irby, freshman president, and Carolyn Williams, editor of the school paper. Moving date is set for mid term about January 21.

Citizens Park Committee Will Sit Wednesday

The first meeting of the Citizens Park Committee which is being organized to bring all community parks into an improvement program will be held next Wednesday afternoon.

The idea for a committee of citizens to aid the city council in community park plans was approved early in December by Mayor Lewis Norman from a suggestion made by the Civic Improvements Committee of the Chamber of Commerce.

The committee will have a representative from five Floydada civic organizations and will meet at least once each month with a member of the city council to discuss park needs, investigate opportunities for park progress and make their recommendations. The council member will then report these suggestions to the city council for approval.

Wednesday's meeting will be spent in electing a committee chairman and other needed officials and looking at the park areas, facilities, and finances which the committee has to work with. From that point the committee will progress to future plans.

Community representatives on the committee include E. A. Williams, Lions Club, Hollis Bond, Rotary Club, Mrs. John P. Moss, Study Club Council, Mrs. Bill Norman, Floydada Garden Club and O. M. Watson Jr., Chamber of Commerce. Farnell Powell has been appointed by Mayor Lewis Norman to represent the city council.

Chester Mitchell On Water Board

Chester W. Mitchell was elected committee man for Floyd County for the High Plains Underground Water District, according to unofficial returns of the election held Tuesday.

A light vote was recorded, both at Floydada and Lockney, only two boxes at which votes were cast. Mitchell succeeds his brother, R. C. Mitchell on the board.

Vote reported was as follows: Mitchell: Floydada 10, Lockney 12, total 22; Mickey: Floydada 4, Lockney 8, total 12; Trice: Floydada 18, Lockney 9, total 18.

FLOYD COUNTY FAMILIES VACATION IN WASHINGTON

Mr. and Mrs. Neal Bertrand and family and Mr. and Mrs. Charles Day and children spent a three week holiday visiting in Washington, D. C. The party left Floydada before Christmas and returned Saturday, Jan. 5.

ORPHANS ENJOYED BUT In Korea was 'Long and Lonesome'

Soldiers of Major Eldon Burgett's outfit stationed in Korea made it a happy Christmas for 70 Korean orphans, news from their son received by Mr. and Mrs. Zolie Burgett revealed last week-end.

Although the day was a drab one, long and lonesome, the major's company made it a bright event for 70 or so orphans. They gave a Christmas party for 3 to 8 year-olds from an orphanage. Telling of the event briefly in his letter to his parents, Eldon said the occasion left some nice memories for his company.

"My company gave a Christmas party for an orphanage Sunday," the major wrote. "We brought out about 70 kids and gave them a big dinner. Then Santa Claus came out and gave a toy to each kid."

"You should have seen the 19 and 20-year old soldiers handling the three to eight year old orphans. I think it did us all a lot of good."

The event was made a big success for the company, also, because the commanding general came out and was at the party for about two hours. Also the chaplain and his wife came out and ate Christmas dinner with the company," he writes, adding, "his wife is working for a missionary over here and I guess they're having it pretty rough trying to get good food. Post on Friday Night Schedule For Whirlwinds

Basketball play in district 2A got going full blast this week, after a few early matches started Friday of last week.

Teams from Slaton, Abernathy, Tahoka and Floydada are all being named by some as favorite for the title. Lockney's boys team is also showing much improvement and is known to be made up of a fine group of athletes.

Another week will probably see much light as to who the leaders are to be in boys and girls play over the circuit.

Floydada's schedule for the coming week will see them in action Friday, Jan. 11, at Post and again on Tuesday, Jan. 15, when they play host to Lockney. Next Friday they travel to Spur for games there.

LAST Friday the Winds fell before McAdoo with the B squad boys and A squad boys and girls all tasting defeat at the hands of the fine McAdoo teams. The B game McAdoo won 78 - 70 with Hannie Vickers high man for the lasers with 26 points. George and LeRoy Scott led McAdoo with 24 and 22 points respectively.

In the girls game McAdoo won by a 40 - 27 score behind the sharp shooting of Woolley with 20 points. Sonja Beth Wilson was high for Floydada with 18 points in the losing cause.

In the finale Scott of McAdoo led his teammates to victory 64 - 53 over the locals with their well balanced attack. Scott collected 15 for the winners while James Teague sank 18 for Floydada. It was the third straight victory for McAdoo over the locals who lost twice here and once there in the series.

McADOO had also won the Crosby tournament in which the local teams were entered but Floydada was eliminated in the semi-final round and did not get to meet the champions of that meet.

James Teague led the Floydada boys to a 76 - 48 victory over Tahoka Tuesday night as he sank 30 points for the scoring honors. Jerry Brown was high for Tahoka with 14.

In the girls game Floydada won 49 - 39 behind the sharp shooting of Sonja Beth Wilson who sank 27 for the winners. Jan Thomas led Tahoka with 16.

Unofficial district scores reported to date include:

Boys: Lockney 63 - Post 53; Tahoka 52 - Spur 41.

Girls: Post 58 - Lockney 45.

Boys: Floydada 76 - Tahoka 46; Slaton 64 - Abernathy 56.

Girls: Floydada 49 - Tahoka 39; Abernathy 75 - Slaton 60.

WEATHER REPORT

High temperature in Floydada for the week was recorded on Tuesday with a reading of 70.

Low temperature was recorded last Thursday and Monday mornings with a reading of 31 degrees.

Yesterday's reading at 1:10 p. m. was 70 and low for the day was 53 degrees.

County, State Collections Monthly Lower

Percentage of tax collections state and county tax collection was off from last year by one per cent, figure by Assessor-Collector T. J. West, revealed this week.

For calendar year 1956 the receipts were \$37,303.55 compared with \$36,125.54 for 1955.

Reporting on the comparison of the two years, Mr. West said:

"There are four months in 1956 which fall to show an increase over the same months in 1955. They were April, June, August and December.

"The cancelling machine gave about the same record for letters dispatched for the two years as the receipts. In December 1955, 151,756 letters and cards were run through the machine and December 1956 shows 150,208.

"This does not include letters that require hand-stamping or letters that were mailed by firms with postage meter machines. This is perhaps the reason we cancelled 1,551 less this year than 1955 as Floydada had only five meter machines in 1955, and only two were used very extensively for Christmas mailing. This year we have nine, and they were all used.

"These machines save us time and labor but we have no way of counting them."

"On Dec. 17 we reached an all time high in the total number of letters and cards dispatched with 17,555 as compared to 12,818 in 1955. The clerks say the credit will have to be given to the public for a wonderful job they did in separating the local and out of town mail.

"We do appreciate the fine cooperation we received in our 'Mail Early Campaign' as the peak of our business was two days ahead of last year and every day counts at Christmas time.

Classes Open Monday Night; Study Spanish

A series of Chamber of Commerce sponsored classes in conversational Spanish will open on Monday night in Floydada according to an announcement from the Chamber of Commerce this week.

The classes will be taught by Ben Vera of Floydada and will stress Spanish conversation needed by area businessmen and farmers to carry on their business and farm operations with Spanish American families.

The one and a half hour classes will meet twice a week for four weeks. A \$6.00 fee will be charged for the month's series.

This week ten local people had indicated that they will attend the new class on Monday, Vera said. He also urged others who are interested in the Spanish classes to attend the first meeting on Monday night at 7:00 o'clock in the Floydada High School.

SCHOOL MEN ATTENDING ADMINISTRATORS MEETING

Three Floyd County school men are attending a school administrators meeting this week in Austin. I. T. Cravens, superintendent of the Floydada schools, Clarence Guffee, county school superintendent, and Superintendent Nicholas of the Lockney schools, are those attending.

The group left for Austin this mid week and are expected home Saturday or Sunday. Sessions of the meeting were to be held Thursday and Friday, Jan. 10 and 11.

IVY PEARL REBER PLANS CAREER IN LIBRARY WORK

Mrs. Ivy Pearl Reber, who returned to West Texas State College to resume studies last week-end after spending the holidays here, will be among the mid-winter graduates of that school.

She is a candidate for a masters degree in library science.

Following the completion of her school work she has accepted an assignment in the library at Hardin-Simmons University, Abilene.

Anniversary Picture. Mr. and Mrs. J. J. Spikes are shown here as they posed for their anniversary picture in the parlor of the First Methodist Church in Ralls the last Sunday in December. The couple were showered with gifts and warm felicitations by scores of friends in a seven-county area. They were remembered also by well-wishers from other areas of the southwest.

Arch O' Dimes Organizes For Campaign

Floyd County Chapter of the Foundation for Infantile Paralysis is this week organizing for the March of Dimes Fund.

Mr. West, who heads the chapter, announced this fund drive will be carried on in the direction of Frank E. Still to be named area workers who are the rural communities mothers march on polio in Floydada and Lock-

ney. Collectors will be placed in houses within the week for plans for the drive any-where shortly.

A definite goal has been set for this year usually collect four and six thousand dollars the dread polio. Past years have been based on the contribution with 50 cents per family as the aim of drive for this figure would put the county in the five thousand bracket in their fund raising.

YEAR more than \$245,900 in Floyd County in assisting polio victims for their treatment this amount some \$11,000 will be paid for treatment.

Workers are urging everyone to be sure and get their dime shots to try and head off disease from their family.

Both Immediate and Long Range Programs Set Up By Cotton Men

Concrete recommendations of the panel of cotton experts from all phases of the industry, which met in Lubbock in November at a short Staple Research Conference, have been announced by the Plains Cotton Growers, Inc., Joe Foster reports.

The organization will use these recommendations in formulating a long range and immediate program for improvement of cotton produced and marketed on the South Plains. They will be presented to the directors at the PCG's January meeting.

Genetics and Breeding recommendations were broken down into fields of cotton improvement research which needs to be emphasized. These include work on fiber properties, boll types, earliness and disease resistance, and their reaction to environment.

In the Plant Growth, Disease and Insect phase, work is to be done in physiology, diseases, insects and applied research with a number of test plots throughout the High Plains.

Production practice recommendations call for work on climate, irrigation, mechanization and soil. Harvesting and ginning studies will see work done on an expanded basis at the cotton research center at the Lubbock Experiment Station and other work in crop residue disposal, equipment for moisture conservation, planting and cultivation equipment and in such harvesting problems as field cleaning, optimum maturity, quality preservation and machine improvement.

Marketing recommendations call for development through breeding, production and ginning practices of a cotton recognized as a High Plains product that can be promoted by the domestic and export mar-

kets through improved and distinctive packaging and identification.

Also mill representatives suggested producers adopt goals to fiber properties a micronaire level of 4.9 to 4.5, a staple of 29-32" to 1-1/2-32", a Pinessy strength of 85,000 pounds or more, and greater uniformity of all properties.

Utilization and Market Research work calls for a systematic market research analysis be made of the competitive position of short staple cotton. Also growers will be urged to place maximum emphasis on those qualities of short staple cotton which their customers, the mills, consider important, by proper harvesting and ginning practices, and careful packaging and shipment.

Economic recommendations will see studies of the use of water and its resources made along with an economic evaluation of the numerous and various steps involved in producing, harvesting, ginning and marketing cotton.

Cottonseed recommendations call for producers to strive for higher yield with mature cottonseed. Also producers in conjunction with the cotton ginning industry should make every effort to deliver cleaner and drier cottonseed to the oil mills. Breeders will be encouraged to high protein content in cottonseed varieties and at the same time attempt to lower the gossypol content of cottonseed.

In conclusion the Education recommendations call for the PCG to serve as a clearing house for good information and work closely with vocational agriculture and extension personnel in distributing good information.

KITCHEN AND FIELD NEWS

from Lighthouse Electric Cooperative, Inc., by Nancy Morckel and Claude Weatherhead Electric Advisors

Here we are - back after a nice vacation. However, we hope it is not too late for us to wish a Happy and Prosperous 1957 for all our friends.

For a time, so much was heard about "Twas the night before Christmas" and all through the house, etc." and now we are wondering if our readers might enjoy, as we did, these thoughts from R. O. Eastman, "Twas the week after Christmas."

"Twas the week after Christmas and all through the house
There was nagging and fretting 'twixt husband and spouse,
'Twas Willie and Susie, the dog and the cat,
Why even the car had come up with a flat.
The tree which had dazzled with color and light
Was shedding and drooping in pitiful plight.
The tempers were short and each face wore a frown,
And the mantelpiece Santa seemed sadly let down.
Pop's gift to his wife had been promptly returned,
So Mother was grumpy and Father was burned.
The Spirit of Christmas, too often to serve as a clearing house for good information and work closely with vocational agriculture and extension personnel in distributing good information.

Mr. and Mrs. Pete Hickerson and Pat.

Mrs. Ray Dixon of Spur, spent the week-end in Floydada with her daughter and family, Mr. and Mrs. John Nay, Eddie and Martha.

Mr. and Mrs. Bob Norrell and Bobby Jean spent the week-end visiting relatives. In Burkburnett they visited Saturday night with his brother and family, the R. H. Norrells Jr., and in Charlie, Tex., they visited her brother and family, the Herman Harrisons.

Larry Fawver has been on the sick list the last few days.

A woman wrote this inquiry to the office of one of the cooperatives:
"I have a little dog of which I am very fond," she wrote, "but I've been having trouble teaching him not to chew the electric light cord. If he ever bites through a cord and any of the juice leaks out on the floor, will I get a shock if I mop it up?"

Mr. and Mrs. Buck Marricle and boys spent Sunday night with his parents near Idalou.

"A good breakfast means a good day. No idea is too fanciful for consideration if it adds variety, in a simple and easy manner. Vary the setting, the beginning, or the ending. Be sure the children have a good breakfast before they start off to school."

Karen Buchanan returned Sunday to Canyon where she is a student at West Texas State College, after spending Christmas holidays here with her parents and relatives.

Mr. and Mrs. H. F. Jackson entertained with a domino party in their home last Saturday night. Refreshments were enjoyed by everyone. Mrs. C. H. Jones, Mr. and Mrs. Lynn Miller, Mr. and Mrs. William Mayo, Mr. and Mrs. W. R. Billington and Jim Holmes. This was the closing of a series of parties which had been going on all week.

Visiting in the W. R. Billington home a few days during the school vacation were Elaine, Sharon and Bettye Yandell all of Plainview.

Some of the schools started back Wednesday and some Thursday of last week. It seemed that most of the kids were about ready for it.

New Years guests in the James Jeffress home were Mr. and Mrs. Shate Weaver and family of Silvertown. Also visiting later in the week were Mr. and Mrs. J. R. Turner and family of Providence.

It was good to see the big attendance Sunday morning at the Sand Hill Baptist Church after the past two Sundays with such a short attendance, since so many were away visiting. Let's all try to keep the attendance way up in this bright new year.

Little Sharon Shurbet was visiting in Sunday school Sunday morning with Mrs. Hilery Shurbet and Sue.

The church is certainly proud of the new song books Sunday morning. We are all anxious to learn some of the new songs and with Bro. Earps help and good singing we should.

Mr. and Mrs. J. T. Spears and family were the Sunday dinner guests in the home of Mr. and Mrs. Pat Bullock and Judy.

Mrs. J. T. Spears was in Lubbock Friday attending a meeting concerning the home demonstration club.

Ken Swanner was home over the weekend visiting his parents, Mr. and Mrs. M. B. Swanner. Also Mr. and Mrs. Kirk Slater Jr. of Rails visited part of the past week.

We were sorry to hear that Mrs. D. D. Tate is in the hospital and hope she has a speedy recovery and is able to be home again soon.

We were sorry to hear that W. R. Billington ended up with a broken thumb just before Christmas.

Sunday dinner guests in the home of Mr. and Mrs. Bill Stringer were Pearl and Lawrence Baird and Stinson Stringer.

Miss Beverly Jeffress spent Sunday afternoon visiting Norma Sue Hollums.

The club is continuing its plans to serve at the Farm Sale at the Johnny Miller farm Jan. 14. Let's all, as club members, remember to bring two pies and all that can help, come Monday morning and help make sandwiches to be served at the sale.

The first club meeting of the new year will be Wednesday, Jan. 9, at 2:00 o'clock in the Club room. Mrs. Lynn Miller will be hostess.

The Sunday school banner was awarded Sunday to the Primary class who had the highest grade for the month of December. Miss Ann Finley is the Primary teacher.

The Juniors, Primary and Beginner classes had 100% Bibles brought Sunday morning.

The Wayland College students resumed their studies Monday after the holidays. Those returning are Bro. and Mrs. E. O. Adams, Lawrence Baird, Billie Dale Stringer and Nancy Jenkins.

Sunday and Sunday night visitors in the James Jeffress home were Mr. and Mrs. Hollis McLain and family and Mr. and Mrs. J. T. Spears and family.

The W.M.U. met Monday afternoon at 2:00 o'clock at the church. This was the Bible study program with Mrs. Tom Thomas in charge. Those present were Mmes. M. B. Swanner, Chuck Holmes, Kirk Slater Jr., Tom Thomas, Olin Baird and J. T. Rowan. The next meeting will be Monday, Jan. 14.

The Young Married Couples Training Union class will enjoy a salad supper in the home of Mr. and Mrs. J. T. Spears Friday night at 7:00 o'clock. Each one is to bring a salad. All members be sure and remember this date.

Mr. and Mrs. R. H. Peel ate Sunday dinner with Mr. and Mrs. Fred Jones and Jean, Mr. and Mrs. Herman Richardson visited in the afternoon.

Sand Hill News

(By Mrs. James Jeffress)

SAND HILL, Jan. 8 — Everything in the community is just about back to normal since the holidays and everyone has returned from visiting relatives and friends.

Farming has resumed. Everyone is busy getting their land ready for spring and the starting of another crop.

Although it is a little past time now, I would like to mention the Christmas party and supper which were held Dec. 18 in the Commercial Hotel dining room. A delicious supper was enjoyed by 33 guests. Games and singing were enjoyed by all. The Christmas tree with the gift exchange were enjoyed also. Present were Mr. and Mrs. J. T. Spears, Mr. and Mrs. C. B. Carmack, Mr. and Mrs. James Jeffress, Mr. and Mrs. Johnny Miller, Mr. and Mrs. Rafe Ferguson, Mr. and Mrs. W. R. Billington, Mr. and Mrs. Arlon Miller, Mr. and Mrs. Lynn Miller, Mr. and Mrs. Orba Miller, Mr. and Mrs. Pat Bullock, Mr. and Mrs. J. T. Myrick, Mr. and Mrs. Walter Knight, Mr. and Mrs. Buck Jackson, Mr. and Mrs. M. B. Swanner, Mr. and Mrs. Kirk Slater Jr., and Jim Holmes.

Congratulations are in order for Molly Earp and Billie Dale Stringer who were united in marriage Saturday Dec. 22 in the home of Bro. and Mrs. E. O. Adams with Bro. Adams performing the ceremony. They are at home in the Barwise Community where Bill will engage in farming this coming year.

Congratulations to Ray Gene Ferguson and Ann Finley who will be united in marriage Feb. 2 at the Sand Hill Church. Our best wishes to these fine young people.

Mr. and Mrs. Monroe Schulz and family spent Christmas week in Vernon visiting relatives. They also did some visiting in Oklahoma.

Mr. and Mrs. J. M. Williams and Judy spent some of the holidays visiting relatives in Cleburne.

Mr. and Mrs. James Jeffress and family spent Christmas week visiting relatives in Sherman, Gunter, Prosper, Denton and Fort Worth.

Mr. and Mrs. M. B. Swanner had all their children home for the holidays. Visiting them were Gene Swanner, home from the navy, Mr. and Mrs. Kirk Slater Jr. of Rails and Ken Swanner of Lubbock. Gene returned to California shortly after Christmas.

Mr. and Mrs. C. H. Jones of Midland spent Christmas week visiting relatives and friends. They enjoyed visiting in the homes of Jim Holmes and Billie Gail, Mr. and Mrs. W. R. Billington, Mr. and Mrs. William Mayo, and were Sunday guests in the home of Mr. and Mrs. James Jeffress and family.

Abilene Conference Will Study Means of Attracting Industry

ABILENE — Program for the fourth annual West Texas Industrial Development Conference will be an A-to-Z presentation of community industrial developments, according to E. L. Buelow of Abilene, chairman of the industrial committee of the West Texas Chamber of Commerce.

The conference is scheduled for January 24 in the Wooten Hotel in Abilene. Opening session of the one-day event is at 9:30 a. m. Only two speakers are to be presented this year instead of the usual six to eight.

So much time is consumed in introductions and acknowledgements of speakers, our time for actual discussion is reduced," Buelow said in explaining the planning committee's action.

There is also the chance of omission of important aspects of the subjects and of duplication and overlap of others when we use a great number of speakers," Buelow said.

Dr. W. Paul Brann, associate director of industrial research at the University of Arkansas, will discuss "Preparing the Community to Attract Industry." The WTCC's conference will be held in the Wooten Hotel in Abilene.

Mr. and Mrs. George Weast were hosts to a group of friends in their home on Thursday night. Visiting with them were Mr. and Mrs. Calvin Poteet, Mr. and Mrs. Skeet Thornton of Lockney.

Mr. and Mrs. L. T. Wood have announced that their son, Glenn Wood, who has been in the Marine Corps for the past three years, will receive his discharge from the Marines on Friday, Jan. 11. He will soon be coming home from Camp Pendleton, Calif.

Hansel Sanders is recuperating from an accident which happened while he was working during the holidays at the Dial and Clubb Elevator in South Plains. He accidentally caught his foot in a grain auger and received severe abrasions and cuts which required many stitches.

Mrs. W. H. Simmons of Truscott and her brother, James Simmons, of Florence, Ala., were here on Friday to visit Mrs. Simmons' sister, Mrs. S. D. Kinnibrugh and family. They brought Marilyn home after she had spent the Christmas holidays there in Truscott with them.

Mr. and Mrs. Fred Fortenberry will go to Tahoka on Tuesday afternoon to attend the funeral service.

Mr. and Mrs. Don Shurbet and Mr. and Mrs. Darol Young and baby moved from the Young farm during the holidays and we miss all the young folks very much from our community.

Mr. and Mrs. L. N. Johnson have purchased ranch land up in Colorado, west and north of Walsenburg, during the past month. They are making plans to spend the summers up there in the future.

Sue Harper from Lockney and Kay Garrison of Silverton were among the visitors at church on Sunday morning in South Plains.

Dougherty Man Badly Injured In Saw Mishap

(By Mrs. W. J. Ross)

DOUGHERTY, Jan. 7 — At this date quite a bit of illness is reported in our community. However, none appears critical.

Claude Ring is reported much improved but no plans have been made for him to return this week.

Mr. and Mrs. E. J. Wooten, a prominent farmer and long-time resident of the McAdoo Community died at morning of a heart attack. He had been ill about two weeks.

Mr. Wooten is survived by his widow, and three daughters, Mrs. Noble Hunsucker (Mary) of McAdoo, Mrs. Joe Byers (Lucille) of Crane and Mrs. L. J. Hirst (Grace) of Lorenzo and seven grandchildren.

Mac Ward is reported to be recovering nicely from an injury received on New Year's Day. Mac was operating a power saw at the site of his new house under construction. The guard to the saw jammed and he received a zigzag gash to the bone above the right knee.

Mr. Wooten was survived by his widow, and three daughters, Mrs. Noble Hunsucker (Mary) of McAdoo, Mrs. Joe Byers (Lucille) of Crane and Mrs. L. J. Hirst (Grace) of Lorenzo and seven grandchildren.

Probably the easiest thing in the world for a husband — or a wife — to see is his (or her) spouse's faults. He or she may love her or him just the same, or shall we say, in spite of those weaknesses. But oh my, they're obvious!

The next most apparent thing in all human relations is the way a sister (or brother) handles her (or his) better half. Family re-unions bring these sad facts into sharp focus.

At our house recently, we've had a fine chance to observe this latter set of human foibles. And some morning soon, when we wake up feeling unusually strong and honest, we plan to try them on our own married life for size.

Do we, for instance, turn a dazzling smile on every friend, neighbor, acquaintance and door-to-door salesman that comes our way, but greet the spouse with a perfectly dead pan every time he walks in the door?

Do we assert the wife's proper role of leading the way out of church, or a cafe, only to take off at such speed that the spouse, who is an unusually friendly chap, has to brush swiftly past all acquaintances or else lose sight of us around the corner while he pauses to say how-de-do?

Do we select all his clothes for him, then entertain ever gathering with the repeated statement that he'd look like a tramp if we didn't perform this service?

Do we tell stories on him that make him sound stupid, just to get a laugh? Nag at him about his own bad habits, but do nothing to correct our own?

As we said, it'll have to be a bright morning, with no interruptions, and we'll have to be feeling just right.

MRS. JAMES H. STEPHENS

Pat Hennessee Is Bride At Abilene

Miss Pat Hennessee, daughter of Mrs. V. W. Hennessee, 818 South Wall, Floydada, and James H. Stephens, son of Mrs. L. J. Stephens of Abilene, were united in marriage, Friday, Dec. 28, in Abilene by Judge H. F. Long.

Pat, a 1950 graduate of Floydada High School, attended McMurry College and is presently employed by Grissions Department Store in Abilene.

The couple will reside at 1617 Westmoreland, Abilene.

Community Islands Are Discussed At Meeting of WSCS

The Women's Society of Christian Service of the First Methodist met for their monthly joint meeting Monday morning at 10 o'clock in the parlor of the church.

The meeting was opened with a prayer by Mrs. W. H. Bethel.

Mrs. Jack McIntosh was leader of the program on "Islands in Our Community," using as the islands, newcomers, youth, aged and ill.

A round table discussion was led by Mrs. David Wilson on "What our community is doing and could do for newcomers." Mrs. Bud Sparks led a discussion of Youth. Mrs. McIntosh led the discussion on the ill and Mrs. Bill Colston led a discussion of the Aged.

Mrs. Milton Weemes was appointed chairman of a committee to make weekly visits to the local hospitals.

Mrs. McIntosh closed the program with a poem pertaining to the four discussions.

Following the program a business meeting was conducted by Mrs. Bud Sparks, vice president, in the absence of the president, Mrs. Tom Hutchins.

Mrs. S. J. Latta presented a letter written to the President of the United States, thanking him for the work he has done for Southeast Asia for the members present to sign.

The next meeting will be Wednesday, Jan. 16, at 10:00 a. m. in the parlor of the church. A guest speaker, Miss Marguerite Mizzell of Coleman will present the program. Miss Mizzell is a recent missionary to China.

Following the program a salad luncheon will be held in Fellowship Hall. Mrs. Howard Gregory is in charge of the luncheon arrangements. All ladies of the church and their friends are invited to attend his special program.

District Meet of Club Women Held on Friday

Four Floyd County ladies were among those who met from District II for a THDA and Council training meeting in Lubbock, Friday, Jan. 4. The meeting place was in the banquet room of the Plains Cotton Oil Co.

Registration began at 10 o'clock. The meeting was opened with an invocation.

Mrs. Wm. Finkner of Petersburg and director of the Hale County Homeaker Chorus, led the group in singing the recently adopted National THDA song, "Onward, Ever Onward."

Each one participated in an introduction game which was followed by a panel discussion on THDA and Council.

Mrs. Audrey Russell, District Agent, led in the discussion. Mrs. Wilmer Smith, state secretary, discussed the state THDA and Mrs. Ross Adamson, district vice president, discussed district THDA, county THDA and county council chairmen were also topics for discussion.

A question period proved helpful in familiarizing leaders with their duties.

A calendar of activities and plan of work was given by Mrs. Adamson.

After a delicious dinner served by a catering service, Mrs. Jewell Robinson told how 4-H scholarship girls are chosen.

Reports were given from two winners of the District II scholarship — Mrs. Miss Sharon Thompson of Hale County and Miss Barbara Thornton of Swisher County.

Charles Murphy, 79, Passes At Amarillo; Rites At Lockney

Funeral service for Charles Wil-
liam Murphy, 79, a long time resi-
dent of Lockney, was conducted
Tuesday afternoon at 2 o'clock in the
Main Street Church of Christ with
Paul Epps, pastor, officiating, as-
sisted by Harold Poage, Tulla Church
of Christ minister. Burial was made
in Lockney Cemetery under the di-
rection of Carter Funeral Home.

Mr. Murphy passed Sunday morn-
ing at 11:20 o'clock in Thurman
Convalescent Home in Amarillo. He
had been in ill health about six
weeks.

Survivors include one son, C. W.

Center News

(By Mrs. J. E. Green)

CENTER, Jan. 8 — What a windy
day, but not so cold. Here we're
on the second week of the new year
1957. Time marches on, and we
Bro. Coffee preached two more
wonderful sermons Sunday. I wish
the whole community would wake
up and know some of the good things
they are missing by not attending
church. We think it is a great privi-
lege. Let us all make a New Year's
Resolution that we go to church, or
if we do, to go more often.

Mr. and Mrs. Elmer Warren and
Johnny Lynn went to Plainview
Sunday. They attended services at
First Baptist Church with and din-
ed with their son and brother, Billy
Gene Warren and family, who re-
cently moved to Plainview.

Mr. and Mrs. Leo Frizzell dined
Sunday with Mr. and Mrs. Herbert
Meredith of Dougherty. In the after-
noon the Merediths returned
home with the Frizzells and all at-
tended church at Center.

Mrs. Ross is still staying in with
a severe cold.

Mr. and Mrs. Barney Ross and
family of Hale Center visited Sun-
day afternoon with Mr. and Mrs. R.

ON HOLIDAY TRIP Fireworks 'Blitz' Spoils Pretty Car

How "fireworks" can spoil a holi-
day can be attested by Mr. and Mrs.
Dale Goen, who went to Miami for
Christmas with Mrs. Goen's parents,
the Alton Gills, and her sister and
family, Mr. and Mrs. F. E. Mayo.

It is a bit of an unusual story.
They took along some fire crackers,
sky rockets, Roman candles and the
like for the youngsters in the Miami
family to celebrate with.

When the fire works shooting was
interrupted for a late supper the
lighting punk was doused in dry dirt
and sand—and doused the second
time—just to be sure. Then it was
placed in the car along with the
fireworks.

But the supper was not to be un-
interrupted. Mid-meal a sizzling
clump, clump of a noise penetrated
into the dining room. Sure enough
it was the Roman candles, the sky-
rockets and firecrackers, making
pandemonium inside the car.

When the noise and the shooting
were over the inside of the new
model automobile was a sorry mess.
Insurance man told Dale the bill
would come to \$540.

Armstrongs Home From Blue Ridge Rites For Father

Funeral service for Williams F.
Holmes, 83, of Pilot Point and father
of Mrs. Tilden L. Armstrong of
this city, was conducted on Sat-
urday, Dec. 29, at the McKinney Pu-
teral Home, Dr. T. R. Leem, pastor
of the First Christian Church of
McKinney, officiated. Burial was
made in the Blue Ridge Cemetery.

Mr. Holmes died at his home near
Pilot Point, Thursday, Dec. 27, fol-
lowing a recent illness.

He was born Jan. 28, 1872, in
Georgia and came to Texas with
his parents as a young man. He was
married to Miss Dora May Baye,
Dec. 24, 1897, at Blue Ridge, Collin
County, Tex. They resided on their
farm at Blue Ridge until his recent
illness.

He is survived by his wife; two
sons, Kenneth L. Holmes of Phil-
lips and William Bryon Holmes of
Dallas; six daughters, Mrs. V. C.
Holmes of McKinney, Mrs. J. H. Hol-
mes of Anna, Mrs. Talmadge G. Hol-
mes of Brownfield, Mrs. Tilden B. Arm-
strong of Floydada, Mrs. J. W. Simp-
son of Pilot Point; a brother, Eddy
Holmes of Georgia; 21 grandchild-
ren and 14 great-grandchildren.

Rev. and Mrs. Tilden B. Arm-
strong and children, Glynda and
Keith, left for Pilot Point when they
received word of Mr. Holmes' death.
Rev. Phil H. Gates, assistant pastor
of the local First Methodist Church,
conducted the morning and evening
services on Sunday, Dec. 30, in ab-
sence of Rev. Armstrong.

FHS Faculty, Students Resolve To Improve Spectator Conduct

The following is a resolution adopted by student council, sponsors, coaches, faculty, and administrators of Floydada High School. The entire school gave an overwhelming vote of approval to the measure and resolved to improve conduct of all student spectators at all sports events.

The resolution reads: We appreciate the fact that at a recent basketball tournament the Floydada High School Girls Basketball Team was presented a trophy for outstanding sportsmanship. The boys received a similar trophy last year. However, in spite of these awards, the student council, sponsors, coaches, faculty and administrators feel that we can improve our conduct at basketball games and football games. We present the following resolution for the students' consideration:

We believe that the golden rule, "Do unto others as you would have done unto you," should be applied to all our contests as well as other phases of life. In order to do this we believe that we should accept the decision of the officials with courtesy and good sportsmanship. We further believe that booing and heckling at the officials or opponents do not represent the spirit of fair play. We also believe that the

Basketball Fans Asked to Show Sportsmanship

(By Kenneth Rimmer) The attitude of Floydada fans at athletic events in which our school is involved has become a topic of conversation of late. Many of the most loyal supporters of the green and white (myself included) have formed a habit of criticizing officials at the ball games and it has become a custom of many to boo decisions which are made or not made in the case may be.

This situation, it seems, is getting increasingly worse with each passing basketball game and has reached the point that many cheer when an opposing player has a foul called on him or when he must leave the game for too many fouls.

This reaction from the spectators is being noted by many of our visitors and is beginning to make a bad name for Floydada fans over the area. To my knowledge no decision of a game official has been changed because of the prompting from the

Freshmen Cage Tourney Opens Monday at 5:30

A big freshman boys basketball tournament will get underway Monday evening at Graves gym in Floydada. Twelve schools are entered in the meet with teams from Ralls, Tulla, Abernathy, Matador, Lockney, Petersburg, Happy, Slaton, Post, Spur, Canyon and Floydada.

First round matches will start at 7:00 p. m. with Lockney meeting Matador at that time. At 8:15 on the same night Floydada tangles with Ralls for their opener in the tournament.

Other first round pairings include Petersburg vs. Happy Thursday at 6:45, Post vs. Spur Thursday at 5:30, Abernathy, Slaton, Tulla, and Canyon drew first round byes to accommodate 16 teams.

Friday play will start at 5:30 with second round matches in the winners bracket and continue until after 9:15 p. m.

Saturday will see a long session starting at 12:30 p. m. and lasting until after the championship contest which gets underway at 8:30. A consolationist and champion will be named at the Saturday night games.

Admission prices for each session of play has been set at 10c for students and 25c for adults.

The Floydada freshman team has got off to a good start this year. The boys are being coached by Charles Iyer and have a pair of victories under their belts, having won over Abernathy 47 - 27 and over Lockney 64 - 50.

Members of the team are Don Vickers, Billy Gilliland, Dan Shipley, Richard Graves and Larry Iry as the usual starting team plus Coy Grundy, Mac Cooper, Henry Self, Ronnie Blair, Mike Wheeler, Douglas White and Bob Ed Dempsey.

Water Meeting

(Continued from first page) ple that the water belongs to the land, contrary to the theory in the '17 Reclamation States' of the west and we are operating in an area which has the second per capita highest buying power of any area in the nation," McFarland said.

W. L. BROADHURST, who began his career in hydrology in 1933 as an engineer for the Texas Board of Water Engineers and was assigned to the high plains, recounted some of his experiences and his beliefs based on geological research.

His spoken "picture" of the high plains water district's supply of water in the sands below the earth's surface, was illustrated with charts. These charts showed the depth of the Ogallala water bearing sands in the area which is underlain by the red beds, the decline of the water table in the years from 1938 to 1956, and the probable water supply left in these water bearing sands.

He estimated that in the period from 1910 to this day, the area had used up 15 per cent of the water in

the reservoir. He said that in 1934 there were 294 producing irrigation wells in the area, at present more than 46,000.

When the water was first tapped as a source for irrigation there were 14.5 million acre feet of water in storage above the redbeds, according to the hydrologist's belief.

Broadhurst said that far from being a disaster the people have on the contrary to "provide for the orderly development and use of water as a God-given resource."

Most geologists, he said, are in agreement that the water which has accumulated above the red beds during the ages, has come from rain which has fallen on the surface of the area and permeated into the sands below. "The Pecos river cuts off from the rocky mountains on the west," he said, "and the Canadian river on the north. Besides that," he declared, "the area of our land overlying the red beds is greater than the area of the mountains which could possibly supply us."

"The nature of water bearing sands is such that you can never use up the total water in them," he said, answering the question "how long will the water last?" And he ventured the assertion that the grandchildren of this generation's grandchildren will still be making use of the water that underlies the great plains table land. "They will use handling the water differently, of course, and making it so much more than we are," he said.

"The people of this area are not committing a crime, as has been charged, in using their water resources."

"What good would it do a half million acre feet of water if it were left untouched?" he questioned. "The problems we are faced with are positive ones, not negative. What we need to do is to learn how much water we have left, how to make the wisest use of it, and how to conserve the supply."

He compared the water resource supply and its beneficial use to the use of money in a bank. "What good would it do a half million dollars for anybody if it never drew interest and never could be checked on?" he asked, drawing the parallel.

Both Broadhurst and McFarland said that Marvin Stribout, while not on the district's payroll, had been an invaluable leader.

AMONG the present hopes of the district are that recharging the underground water sands from surface streams will be accepted as a special practice in at least two counties of the area—Floyd and Hockley—this year under the terms of a federal law approved last August.

Examination today indicate that recharging has great value and, indeed, has presented no pollution problems. In fact recharging has had the blessing of the State Department of Health.

Reports on areas where recharging has been practiced show beneficial results in wells within the immediate areas where the water from surface lakes has been poured back into the sands. At least 20 such experiments have been made in the past two years in different counties of the water district.

Contrary to lay belief that there are "rivers" of water below the surface the experience seems to be that the water builds up in "mounds"

JENNIFER DID IT Family Attends SS Every Sunday For Whole Year

The heroine of this story is little Miss Jennifer Henry, age 13, sixth grade at Andrews Ward School and First Baptist Sunday School.

She it was who gets credit for an unmarred record of attendance for a whole year in their Sunday School by the Henry family of four—Mr. and Mrs. Henry, Bessy Jr., and Jennifer.

Of course it was nice that all the family had good health and were able to attend Sunday School every Sunday morning, but the Henry family is one that does a good deal of getting around and on more than one occasion when they came in for a night or two on Saturday nights or Sunday mornings, it would have been so nice to see a little longer.

But Miss Jennifer had her mind made up and to Sunday School they went.

The family was one of several that were recognized Sunday morning for 52-Sunday attendance at Sunday School for the year of 1936.

Also recognized, as they were last year, were Mr. and Mrs. C. O. Spence with a two-year record and Mr. and Mrs. Garand Foster and their three daughters who also got two year perfect attendance pins.

Counting families and individuals there were 31 in all who were recognized for the year. Superintendent Clement B. McDonald said.

and moves very slowly. Broadhurst said he had walked every foot of the escarpment on the east side of the high plains from Silverton to Post, had found hundreds of springs in the foothills but that escape of water through breaks in the red beds above was negligible.

The use of this water under our land does not cheat the rest of the state out of it, as is often charged, Broadhurst said.

Save the water, make wise use of it, quit letting it run down the bar ditches, continue well spacing as a practice, and continue to enjoy the blessings which nature has abundantly provided, summarizes the conclusions arrived at at the meeting.

Those who attended came "seeking optimism" but fearful of what they might hear. They left the meeting in a happy state of mind, only short of elation.

Allmon Oil Test Work Is Resumed

Floyd County has one oil test in progress — Minnie Carpenter No. 1 of the W. W. West interests east of Allmon — and the county is practically surrounded with tests at varying depths and in varying stages of success.

Two of the more interesting developments are in Swisher County, eight miles north of Plainview and five miles west, near Kress, and the Bond Oil Corporation's test 19 miles south of Ralls in Crosby County.

The Swisher County test—Thompson No. 1—had produced 29 barrels of live oil last week and as early as completion continued there were indications of success.

The casing was perforated at 4,900 feet and acidized.

One well south of Ralls is indicated as a completion with no figures given for production.

Other tests of interest include: The No. 1 Ross five miles east of Fionot, projected to 10 thousand feet, was drilled below 5,000 feet last week.

A Cities Service Company test five miles south of Crosbyburg was drilling away at an unreported depth.

Nine miles west of Spur in Dickens County a test is being made on the Donnie Pace land.

The newest report is that a test will be made five miles east of Roaring Springs, on the Fred E. Brandon land. This is an area which has not had any recent efforts at development. Work should begin in 10 days.

After being shut down for more than a week the W. W. West test for oil at Allmon on the Carpenter land resumed drilling over the week end.

The shut down was at 2,300 feet and was occasioned by a strong flow of air from that depth which made it impossible for the crew to work. The pocket of air was finally muddied off when it appeared the flow of air would not blow itself out, according to reports current locally.

An air pocket of such strong force is unusual in this area.

Depth of the drill yesterday was not known locally and the operator could not be contacted.

INCognito A neighbor reports her young boy came in after an active morning of outdoor play. The tot asked her, "Who am I?"

"Davy Crockett?" she guessed. "That lady I met was right," he exclaimed. "She said I was so dirty even my own mother wouldn't know me."

IEWS AND COMMENT ☆ ☆ ☆ ☆ ☆ ☆ ☆ ☆

THE DUVAL COUNTY STORY
This newspaper is carrying a series of articles on the Duval County oligarchy that we think will open the eyes of our readers to the dangers that exist in the never ending fight for freedom of individual rights. Included in this 10-part revelation of graft and corruption are many heretofore unrevealed incidents.

These articles have been written by two newspapermen who were able to approach the subject without bias and without political leanings of any kind. One of these men, Franz Rosenwald, is a German refugee who was forced to flee from Nazi terrorism. The other, Fredrick Hodgson, is a newspaper correspondent and magazine and screen writer.

Their approach to the Duval County story is different and presented in such style that the reader will be engrossed from the very beginning.

Throughout the series the thoughtful reader will be impressed with what can happen when people become complacent and negligent about their governing bodies. The reader will be able to grasp the awful significance of secrecy in government and how a cancerous growth of corruption and oppression can develop almost imperceptibly, until the citizens of a county are gripped in fear for their very lives and property.

The concluding articles of this series will show how this reign of terror never could have happened had Texas had laws that make public business public. They will show how 16 proposals for better government being sponsored by the Texas Press Association can complete the cleaning up of Duval County and prevent such a situation from ever arising again in Texas.

We commend this series of articles to our readers and ask that they lend their support to Texas newspapers in their effort to obtain better government in Texas. You can do this by appealing to your representatives and senators to pass these bills when they come before the Texas Legislature.

Just bear in mind that what happened in Duval County could happen in any county in Texas under today's lax laws.

Vegetable Interest Grows. It is only necessary to learn of the several Floyd County farmers who were in Floydada Saturday afternoon for the vegetable meeting, (wrongly dated by The Hesperian and possibly others) to know that the interest here in the possibilities of profit in vegetable growing is being eyed with serious interest. The date as correctly given later is January 25. Probably the interest will hold. It is quite definite that Floyd County land should be producing crops that make more money than cotton or maize or wheat can be made to make in this climate. Vegetables may be the answer. It is probably a long way to travel from now until that date when a new type of farming can be stabilized in Floyd County. But it was less than fifty years ago when the first cotton was planted here and not but 60 years ago when they were talking of a new crop called maize.

TAX-MAN SAM SEZ: The tax folks spend a lot of time sending back income tax returns that Papa signs and forgets to have Mama sign. If the return is a joint return, Papa and Mama are both responsible and both have to sign. Prepare your tax return and both sign it, if it is a joint return, now. It may be to your advantage to file early.

Speaking of Taxes, as who isn't the spread between expenses and income for a renter-operator may be closer than the tax man anticipates, the revenue from a Floyd County farm this year reflecting the lack of rainfall, even where there was irrigation water from the wealth underground.

The Aswan Dam. Now look for the Egyptians to get their big dam on the Upper Nile at American taxpayers' expense. American policy has had a flip flop since the American administration slapped the wrists of England, France and Israel. These belatedly went in to "fill the vacuum" in the Arabian world, and should have been let alone to protect their interests. But meddling America got terrifically righteous. We "urged" them to get out and let their Suez Canal go to pot. Now they have sailed away, we have taken over. It would be interesting to read all the fine print in the agreement we have signed with UN and Egypt to get the stage set. We are to buy our way through.

Fortunately the Congress is to take a good, long look at the plans of the Executive Department. There are to be hearings. The taxpayers are not likely to get all the details but they will get some of them. Congressman may want to know why all the nations of the earth are either mad at us, laughing at us or playing us for suckers again.

It could be presumptuous of this writer to express views on such world matters as the American foreign policy, but such matters directly affect the lives of the people, wherever they may live, including Floyd County. First and last the people sure have been pushed around by the global fixers. The ignorant are surely entitled to be heard, whether or not it is wise to heed them.

Old friends of many years came, friends whom we have not had the pleasure of knowing many years, schoolmates came, some five or six couples whose Golden Weddings we had attended, my own dear mother, Harve and Naomi Harris driving from Tatum to be with us, Lillian and Matt Williams from Plains, kin from Amarillo, Plainview and Odessa, our own children and grandchildren.

Oh how sweet it all was and how proud and happy we were with all the love shown us. Thanks from our hearts, a million thanks and prayers for you and for the ones you love. May the young couples who came be blessed with the joy and privilege of their own Golden Wedding. What a joy to see my Sunday School Class from Floydada, the Pastor's Helper's Class coming and being with us. How we love each one. And our class, The Victory Class, here in Balda, many of them there with a beautiful lamp and gifts as expressing their love and appreciation. We look at each piece over and over, think of the ones who gave it, how it will be a treasured keepsake and add beauty and comfort to our home as long as we live. God bless every one who added in any way to our joy.

V. H. Cassel Is Claimed Sunday

Funeral service for Victor Hugo Cassel, 73, of Lockney, was conducted Monday afternoon at 3 o'clock in the First Methodist Church with the Rev. H. B. Coggin, pastor, officiating. Burial was made in Lockney Cemetery under the direction of Carter Funeral Home.

Cassel, a widely-known West Texas area cotton gin operator, died about 1:30 a. m. Sunday at Sloan's Convalescent Home in Lubbock following a lengthy illness.

Cassel and his brothers had operated a number of West Texas area gins, including one 12 miles north of Lockney in the Lane Star Community.

He is survived by a sister, Miss Ona Cassel of Lockney; and four brothers, V. B. of Lockney, V. S. of Littlefield, R. G. of Lubbock, V. F. of Winnsboro.

As A Farm Woman Thinks

(Nellie Witt Spikes)
THE GOLDEN YEARS
Fifty golden years:
The time has passed
More quickly than I thought,
And through a mist of tears
I count each one.

The treasures that it brought,
Each golden treasure viewed
And laid aside
In memory's treasure chest.
Each year our love renewed
Grown deeper still.
The last years are the best.
—Flora Smith Dean.

Now isn't that a lovely poem written especially for us for our Golden Wedding? And wasn't it in reality a Golden Wedding. The gold of love shown by relatives and friends by hearty handclaps, hugs and kisses. The love shown by gifts beautiful beyond words to express.

Old friends of many years came, friends whom we have not had the pleasure of knowing many years, schoolmates came, some five or six couples whose Golden Weddings we had attended, my own dear mother, Harve and Naomi Harris driving from Tatum to be with us, Lillian and Matt Williams from Plains, kin from Amarillo, Plainview and Odessa, our own children and grandchildren.

Oh how sweet it all was and how proud and happy we were with all the love shown us. Thanks from our hearts, a million thanks and prayers for you and for the ones you love. May the young couples who came be blessed with the joy and privilege of their own Golden Wedding. What a joy to see my Sunday School Class from Floydada, the Pastor's Helper's Class coming and being with us. How we love each one. And our class, The Victory Class, here in Balda, many of them there with a beautiful lamp and gifts as expressing their love and appreciation.

We look at each piece over and over, think of the ones who gave it, how it will be a treasured keepsake and add beauty and comfort to our home as long as we live. God bless every one who added in any way to our joy.

All my life I have had a beautiful dream. I would find many things that would be mine. Sometimes I would find lovely dishes in hidden woody places, sometimes it would be in the Crawfish Draw that crosses a corner of our place, but the draw would be changed into a wonderful beauty spot. Sometimes the articles would be given me in a store or I would win them, only a dream for the next morning when I awoke everything was gone but the memory. Last Sunday at our Golden Wedding row after row of precious gifts were laid out for us. It was an enchanted fairy place I was looking at. The beautiful things were brought to our home.

Unlike the dream the next morning I found all our precious gifts waiting for our enjoyment and use.

With all the sunshine of the last days of the year of 1956, there were days of sorrow and sadness. We saw dear Aunt Ella laid away, her sweet face so calm. We could not grieve for her, she had had a full life. But there had always been an Aunt Ella, as we children said when we grew up in my life. It was as if a familiar star had gone from the heavens. Always laughing and singing, even through many troubles, never getting angry or going around with hurt feelings, making lovely things with her crochet needle and sewing

machine to give to others, patient and kind, forgiving and going about as her Master did when He was on earth, doing all the good she could.

Then Oscar and Jim Jones who had such a tragic passing. Their mother, Orle, as friends call her, was with us when our three children were born. We were in the Jones home, they were in ours. This close friendship has been kept up all the years. We loved the Jones children and they loved us. Our hearts are very sad for the ones left here to mourn their going. May God bless each one of their families.

Then Claud Scott's suffering were ended and on Christmas Eve he was laid to rest. Many times we have visited Maude and Claud these last years. Through all his severe suffering he was patient and uncomplaining. We laughed over old times and events and felt better for going. God bless you, too, Maude, our dear schoolmate.

Funeral For Mrs. H. P. Coleman Is Held at Lockney

Funeral service for Mrs. H. P. Coleman, 71, a resident of Lockney for nearly 50 years, was conducted Sunday afternoon at 3 o'clock in the Main Street Church of Christ of Lockney with Jay Channell, Church of Christ minister of Midland, officiating, assisted by Paul Epps, local minister.

Interment was made in Lockney Cemetery under the direction of Carter Funeral Home.

Mrs. Coleman passed Saturday morning at Lockney General Hospital following a stroke at 11:30 p. m. Friday.

Born in Farmington, Tex., Jan. 1, 1886, Mrs. Coleman was married to H. P. Coleman in 1904 in Farmington. They moved to Lockney in 1908, where he operated a hatchery for a number of years.

She was a member of the Main Street Church of Christ for many years.

FIVE NEW FORD glamour wagons long, low and loaded with Go!

Leave it to the station wagon leader to make the big news for '57! And what news! Wagons so big, so full of fine-car prestige that you'll wonder how it can be done at low Ford prices.

If your choice is the Country Squire, you'll be proud to pull up at the finest places in this new glamour wagon with its wood-like trim.

If your needs call for a 6-passenger wagon with four doors, you'll love the new Country Sedan. It has almost nine feet of loadspace—nearly a foot more than ever before.

There's still another 4-door Country Sedan. It has the extra third seat for 9 passenger room. And, as in all Ford wagons for '57, you have the new single-control handle which opens both the wrap-around liftgate and tailgate with one motion. And they can't be opened from inside!

There's good news, too, about Ford's popular Ranch Wagon. This 6-passenger, 2-door model features Ford's new subdued tones, and smart interiors which defy muddy little shoes and drippy chocolate cones.

In the wonderful way that Ford can take a fine thing and make it even finer, the Del Rio Ranch Wagon goes beyond the Ranch Wagon in style, fabrics and trim.

Better take a Ford wagon for a spin. You'll agree that for styling it's a sweetheart... for work and power, it's an obedient slave!

Now '57 Fords have tougher shockdown cranks in history! The '57 Ford broke 434 national endurance records from 1,000 to 50,000 miles at Bonneville. For 50,000 miles, two '57 Fords averaged over 100 and 128 mph respectively. This time included all pit stops. The greatest endurance test of all time!

VEGETABLE GROWING Age and Marketing Facilities Be Provided by Organizing

By L. A. Marshall)

to be successful in the business it is necessary to have organization, the larger the organization, the more advantages. There are many advantages. One of the biggest is the fact that the growers can follow the California method, which has been successful for many years. One of the biggest is the fact that the growers can follow the California method, which has been successful for many years. One of the biggest is the fact that the growers can follow the California method, which has been successful for many years.

table growers in Floyd County. These groups should also belong to a county-wide organization. They could then build a large packing shed with controlled temperature storage rooms, one for 35 to 40 degrees temperature, one for zero, one for quick freeze. When you have that you are ready to start in the vegetable marketing business.

One-half or more of one of these processing plants can be financed by a bank at Houston, called a Coop Bank, for just such situations as we have here.

This last season our farmers sold pink tomatoes for as low as two cents per pound. These tomatoes could have been stored 60 days, when they were worth \$5 per 20-pound lug. Enough tomatoes rotted in Floyd County this last season to have paid for a warehouse, to say nothing of the loss on other things such as cabbage, peppers and others.

For the farmers, owning their own processing plant with storage doubles the price they can obtain for their products. When they realize the values they can have by organizing and building their own, they will be for the plan that California has been using for many years.

To illustrate the part that timing has in vegetables, early melons brought \$1 each to the farmer, later 25c. One farmer this last season sold \$1,800 per acre from some early melons.

Lettuce looks like a good item for hitting the market at an excellent time, planted about August 1 it hits about November 1. The whole country uses lettuce every day. It will

The vegetable business is hazardous and expensive. Without organization it could be dangerous financially. We are making progress in Floyd County. Let's take the next forward step and organize the county into a big cooperation and get started on the right track.

Statistics say there was born in the USA four million babies in 1956. This means 10,950 new mouths to feed each day, or three new Floydadas putting their feet under the farmers' breakfast table each morning throughout the year.

If you are interested in vegetables don't fail to be at the court house at 1:30 p. m., on January 25 for the vegetable meeting.

Here are two names to remember when you order gas pipe.

SOUTHWESTERN and KRALASTIC

Southwestern has made and sold more Kralastic plastic pipe than any other manufacturer supplying the irrigation area of West Texas, New Mexico and Oklahoma during the last three years. Southwestern Kralastic gas pipe is manufactured of virgin material purchased from Naugatuck Chemical Division of U. S. Rubber Company. Our record of successful installations is unsurpassed.

SOUTHWESTERN "KRALASTIC" PLASTIC GAS PIPE IS QUALITY PIPE

Over the years Southwestern served farmer groups and individuals by working directly with them and through qualified contractors. Southwestern field men are experienced in group organization and line layout. This type service plus trouble-free Kralastic pipe is the keystone of our growth in the area. Southwestern maintains sales offices in Lubbock, Muleshoe and Sunray to serve the area. If you need pipe, see your nearest Southwestern QUALIFIED contractor, or call us direct.

Hospital Births Double In Past Fifteen Years

AUSTIN, January 3—In 1956, the ratio of hospital births to home births has more than doubled over the past 15 years, according to Texas State Department of Health statistics.

Live birth hospital deliveries increased from 42.4 percent to 90.1 percent during the period of Texas' greatest growth.

Also, the ratio of 1956 live births to deaths in Texas was well over three to one, while statistics 15 years ago indicate the ratio was only slightly in excess of two births per death.

Baby's chance of surviving the first year of life has more than doubled since 1940.

Mother, too, has reaped even greater medical benefits. Fifteen years ago, the risk of death at childbirth was nine times greater than it is today.

Dr. Henry A. Holle, commissioner of health, announced that the reporting of births and deaths and the percentage completeness of registration to the Vital Statistics Divisions of the health department, was greater than ever before in Texas history.

In addition, Dr. Holle pointed out that the actual records received were more complete and correct than ever before.

By contrast, in years gone by, birth records received in the department would often omit the name of the infant. Death records were often incomplete, especially in the early days of state record keeping.

Mr. Don Carroll, director of the Division of Vital Statistics, gave much credit for the increased accuracy to local registration officials. "Without a doubt, 1956 records show that births are on the increase, death rates on the decrease, and Texans healthier than ever," Carroll said.

But just in case the trend should ever reverse itself, the Vital Statistics Division's improved techniques and vigilance will serve early warning.

Mr. and Mrs. P. J. Wilkes have left for Florida, planning to spend two months or so with their son F. M. Wilkes and his family at Vero Beach.

Special Foods And Table Settings Are Theme of Meeting

In the home of Mrs. Johnny Cates on January 2, the Dougherty Home Demonstration Club had their first meeting of the new year.

The meeting was called to order by the new president, Mrs. Johnny Cates and one new member, Mrs. Russell Crawford was welcomed by the group.

Mrs. G. W. Smith gave an interesting and informative demonstration on proper table settings for different meals.

Mrs. H. A. C. Brummett, county agent, gave many helpful hints on special foods for special occasions

Texas Agriculture Interview

A backward glance at the 1956 crop year reveals no startling new facts to Texas farmers but should give high-level farm policy planners some cause for sober reflection. Something went haywire somewhere.

Drought, lack of irrigation water, decline in farming prices, higher production costs -- these and other factors contributed to the decline in farm income. Yet, we had bumper crops in several commodities that counterbalanced severe crop failure in others.

Total value of principal crops in Texas was placed at 1.1 billion dollars in 1956. This is 9 percent below both last year and the 10-year average. Cotton was the most important crop and contributed more cash value than all other crops combined.

The corn crop was the shortest since 1873 with 27,465,000 bushels. Responsible factors were the smallest harvested acreage in 81 years and a low yield of 15 bushels per acre compared with the 10-year average of 17.6 bushels.

Wheat production totaled 26.4 million bushels, nearly double the 1955 short crop but about half the 10-year average. Although most of the acres were lost to drought, the average yield on land that escaped its full effects was 12.5 bushels or

nearly 2 bushels above average.

The fourth largest sorghum grain record was established at 124.2 million bushels. Yield per acre at 26 bushels exceeded the previous record by two bushels. Irrigation made the difference here.

About 3,810,000 bales of cotton were estimated for the state but the final figure is not yet completed. A yield of 278 pounds per acre was extremely good but the record high yields per acre in irrigated districts were contrasted with very low yields on most dryland acreage. Along the coast, crops were harvested ahead of the drought, although excellent early season prospects were not realized in that area.

Farmer production costs rose 3 percent in 1956 and are heading still higher in 1957, according to the U. S. Department of Agriculture. Everything the farmer buys and pays in the way of farm expenses is up above the 1947-49 average, except those things he buys from other farmers -- seed, feed and feeder livestock. Interest and taxes are up more than any other farm production costs.

The bright hope for Texas farmers is that 1957 will bring an end to the 7-year drought. This one factor, more than any other, would help put Texas agriculture closer in balance with the national economy.

Mr. and Mrs. H. A. Copeland and daughters, Mr. and Mrs. Bob Copeland, Mrs. Bill Hood, all of Floydada, Bennie Ewing of St. Paul, Minn., and Miss Mary Thompson of Minneapolis, Minn. attended the funeral of their uncle, Nute Ewing, Monday afternoon in Dimmitt.

Mrs. Lula Redd accompanied by her son and wife, Mr. and Mrs. H. M. Redd visited during the New Year holidays with Mrs. Lula Redd's sister, Mrs. Minnie Lane of Duncan, Okla., a nephew, Mr. and Mrs. Bill Montgomery of Chickasha, Okla., and an uncle, Bascom Mills of Altus, Okla.

Highlights And Sidelights From the State Capitol

(By Vern Sanford, Texas Press Association)

AUSTIN -- Austin is in its every-other-January whirl. Inaugural festivities on the 15th will climax two weeks of fanfare traditional to the premiere of a new state administration.

Stepped-up tempo in the Capitol began New Year's Day when scores of new officials took the oath of office. It redoubled this week as gavels banged in another Legislature.

Next week thousands more will arrive to "dance in the new governor's" Their 1957 inaugural invitations are unusually elaborate -- gold embossed and purple-tasseled. Forty thousand were printed.

Other arrangements are similarly lavish. An hour-long parade will precede the high noon swearing-in ceremony in front of the Capitol. In the afternoon there'll be a band concert, then a reception at the Capitol that evening. Gov. and Mrs. Price Daniel and Lt. Gov. and Mrs. Ben Ramsey will lead the grand march of state officials and their wives at the chief inaugural ball at Gregory Gymnasium. From there the official party will make a round of the four other balls over town.

Citizens of Austin pick up the check for this biannual spree. Estimated cost this year: \$15,000.

NEW LAND BOARD -- Land Commr. Earl Rudder begins his first elective term with a re-organized board.

Sworn in with Rudder were William Gossett, El Campo banker, and L. E. Page of Carthage, former state commander of the American Legion.

A new constitutional amendment dropped the governor and attorney general as ex-officio board members. Instead, the governor is required to appoint two "citizens at large," one versed in finance, the other in veterans affairs.

Board members immediately went to work on the new \$100,000,000 bond issue for veterans land buying as authorized in the same amendment.

WILSON PROMISES STATE SUPPORT -- New Attorney General Will Wilson promised to "consistently support state sovereignty" in cases where federal-state authority is at issue.

Wilson said his office would seek to protect school officials and students from violence and intimidation stemming from desegregation efforts.

He also promised to push completion of the Dural County and veterans land cases begun by his predecessor, John Ben Shepperd.

OFFICIAL CHANGE-ABOUT -- Will Wilson's resignation as Supreme

Court justice last summer touched off a chain reaction.

Result: James H. Norvell of San Antonio is the new Supreme Court justice. He was elected.

H. D. Barrow of Jourdanton was appointed by Gov. Shivers to succeed Norvell as associate justice of the Fourth Court of Civil Appeals at San Antonio.

John F. May of Karnes City was appointed by Shivers to succeed Barrow as judge of the 81st district court.

Richard L. Doble Jr. of Cotulla was appointed to succeed May as 81st district attorney.

Gov. Shivers also named L. D. Ratliff of Spur as judge of the 110th district court. And more than a score of others were appointed to state agencies, commissions and college boards.

Among appointees, John Osario of Austin, was elected chairman of the Board of Insurance Commissioners immediately after taking office as a member.

Also in the swearing-in news, through a novel coincidence, were two old hands Supreme Court Justice Robert Calvert administered the oath to State Comptroller Robert Calvert. No kin.

SHEPPERD ROWS OUT -- John Ben Shepperd left the attorney general's office and headed for Odessa. He will be general counsel for extensive West Texas and New Mexico oil and banking interests.

And definitely no more politics, said Shepperd, who didn't run for re-election. He said he returned more than \$11,000 sent him in one day only, for a U. S. Senate campaign.

SECURITIES CHANGE SOUGHT -- A separate department to oversee sale of securities has been recommended to Gov. Allan Shivers by a committee he named to study the matter several months ago.

Securities are now regulated by divisions of the Secretary of State's office and the Board of Insurance Commissioners.

Broader power for the state to deny or revoke licenses was also recommended.

WATER TAX OKAYED -- Last minute efforts are under way to firm up recommendations to the Legislature for financing Texas water storage facilities.

A water use tax has been approved by the Texas Water Resources Committee. A proposal to levy taxes on fishermen has been shelved.

Sportsmen went gunning for the latter measure at a public hearing. They said the proposed levies on boats, motors and licenses would fall, on a few, to benefit all; would discriminate against sporting equipment dealers; and would divert customers to other states.

Chairman George Parkhouse of Dallas conceded later that the boating and fishing tax was dead -- at least for the time being.

Given approval was a water use tax which would require a constitutional amendment. Uses subject to the tax would include irrigation and hydro-electric power, as well as others. Expected revenue was figured at nearly \$2,000,000 annually.

Senator Parkhouse said he would seek diversion of about \$5,000,000 a year from farm-to-market road funds.

SHORT SNOOTS -- President Eisenhower, slated to visit West Texas on his "drought tour" next week likely will find plenty of dust. U. S. Dept. of Agriculture reports improved pastures due to rains in the eastern two-thirds of the state, but downhill conditions in the west.

Texas Railroad Commission set the state's January oil allowable at 3,421,058 barrels a day, same as for December. Statewide production remains at 16 days.

Texas hunting fatalities dropped from 35 in 1955 to 18 in 1956, reports the Game and Fish Commission. Of the 1956 deaths, six were self-inflicted; 11 involved teen-agers.

and bond set at \$500.

State vs. Noveno L. Livingston, December 29, plea of not guilty entered to DWI charge, bond set at \$500.

State vs. Omar J. Burleson, plea of guilty to driving while license suspended, with \$50 fine and court costs.

Recipes and Table Setting Subjects of Sunnyside Club

The Sunnyside Home Demonstration Club had their first meeting of the New Year with Mrs. W. C. Sims, Friday afternoon at 2:30 o'clock.

Mrs. Herschel Hammonds, vice-president, presided in the absence of Mrs. Charles Probasco, president. Roll call was answered with a "Brand New Recipe that I have Used."

Mrs. C. W. Denison gave a demonstration on table setting. In her talk she pointed out that "crystal should not be used when the table setting is done in pottery."

A refreshment plate was served to Miss W. O. Tye, Ethel Sawyer, S. J. Latta, Will Snell, Roy Curry, Herschel Hammonds, C. E. Denison, Fay Hart, guests, Mrs. Homer Guffee, Miss Linda Hammonds and the hostess, Mrs. Sims.

Visitors in the home of Mrs. Lula Redd over the Christmas holidays included Mr. and Mrs. Bud Casey of Lockney, Mr. and Mrs. H. M. Redd of Floydada, Mr. and Mrs. Bobby Redd and daughter of San Diego, Calif., V. N. Redd of Abilene, Mr. and Mrs. Bill Quisenberry and boys of Kress and Robert Rollman of North Dakota.

PROGRESS
... Keeping pace with America

Your City Light Plant enters the new year with a background of steady progress and greater service to the community during the year 1956.

1956 was one in which the total volume of your light plant grew steadily from month to month. Not only are we now serving a greater number of domestic customers, but we have also been able to serve a steadily increasing number of industrial consumers. Our generations in 1956 showed an increase of over 24% over those in 1955.

The pace of the industrial development of the community can be traced on the upward pointing graph of our production records.

Join your neighbors in supporting this community owned enterprise which not only affords GOOD LIGHT AND POWER SERVICE, but also affords bright living for several families with its additional payroll.

Mexican Border Troubles of 1915-17 Hatched in Parr Capital, San Diego

FREDERICK HODGSON

SAN DIEGO, TEX.—Like his namesake as Texans go, in him a curious touch of Pancho or Robin Hood.

George Parr, a psychologist could explain much better than I can explain why he sometimes baffling behavior.

His father, George Parr, was a tempered, often to the point of rashness. For example, in the incident of a few days ago when a Duval County assessor, Tomas H. Molina, had barged out of his office and into the Courthouse across the street, shouting for Molina to be removed in the basement, anger Walter Russel and his white hair is dyed red, says red. In contrast to "Anglos" and the Latin, says dresses neatly in a suit. He is deep-tanned, spoken and there is much that is charming—and ang. He lives high and and bull fights.

He won't listen to anyone of his top lawyers told he'd listen to his attorney when they flash a red in him he wouldn't get into a much trouble.

George Parr, age 55, is a lawyer, although his only is George B. Parr. He hatched Parr on the night of 28 primaries. The polls shut about to close when I to him. He was a very man, issuing orders right in rapid Spanish, giving crisp green bills and them on errands. He harassed, even wistful, was the Mexican-style in front of the church of San Diego.

His people, hundreds of them, around in the dusk under. Across the street from Parr forces was anti-Parr parties—and between the groups armed Texas Rangers Captain Alfred Allee moved. The atmosphere was tense electric. San Diego police, called Parr's pistoleros, un-Chief Manuel Amaya, circled through the two groups, slapping against their. The street in front of the hall, across the plaza from church, had been roped off by rangers.

Was watching Parr when the bell of the angelus rang the Church of San Paulo. He and talking and stood quite around him his people be-licent. Hats came off. Here there a woman lifted her hair, nun-like, over her dark.

Last echo of the Angelus was gone when the spell broken by juke box music steady store.

It is difficult just then to San Diego, Texas, as the spot in Texas politics.

the scene of plundering, of murder—sixty three murders in just over a dozen years according to Attorney General John Ben Shepperd.

Yet the story of San Diego, of the Parrs and of Duval is on the record. Beside my typewriter as this is written is a long list, three foolscap pages, of men and women who met sudden death in Duval in recent years. Duval from the first has been a county of violence. The man whose name the county bears, Capt. Borr H. Duval, was massacred with Fannin's men at Goliad.

That frightening list of homicides, most of them unsolved and unpunished, might be doubled if the truth were known about many cases listed officially as suicide or accident.

For example, the death of Border Patrolman Ed Wheeler was first listed as accidental. Wheeler was, to use his own words, "about to blow the lid off Duval" in a narcotics report when his car went off the road and his body was found in the flaming wreck. Then the undertaker found a small bullet hole at the base of his skull.

Just for the record here are a few of the cases officially on the books as homicide: Horacio Garza, knifed to death in San Diego; Jacinto Gutierrez, shot, San Diego; Ricardo Escobar, shot, Freer; Juan Elizondo, shot, Benavides; Rolando Eliz, shot, San Diego; John E. Gilbert, shotgun, Freer; Thomas Banks, shotgun, Freer; Rodolfo Munoz, shot, San Diego; Guy Hastings, shot, Freer; Frank Lotto, shot, San Diego...but why go on!

There is nothing on the record to show that these murders were political. Certainly the wanton slaying on September 9, 1952, of Jacob Floyd, Jr., was political. So were the killings of radio newsmen Bill Mason and of Edwin Wheeler.

Assistant Attorney General Sidney Chandler puts it this way: "Before Shepperd came here, if a man committed a crime in Duval, including murder, it depended on which side of the fence he was on whether he got punished or not. The evidence didn't matter. It was how the jury voted. If the machine wanted you acquitted, you were acquitted. "It worked another way, too. If a man killed another man, in a fit of temper or for any other reason, and he was acquitted, then the machine could count on his loyalty and the loyalty of his family from then on."

No matter how the figures for violent death in Duval are interpreted, one fact is grimly clear: they are far higher than the national average. The suicide rate, for example, is more than four times that for the United States as a whole—and Latins, being Catholic, do not commit suicide. The Mexican-American is intensely religious and to him suicide is a mortal sin, punishable by an eternity of damnation.

It was just forty-one years ago,

January 20, 1915, when George Berham Parr was in his teens, that a man named Basilio Ramos, age 24, was arrested in McAllen, Texas, with a copy of the utterly fantastic "El Plano de San Diego" on his person. Ramos, alias Garza, promptly became a celebrity and the Federal Government moved fast to take over jurisdiction.

The plan was for revolution against the United States. In San Diego today they'll show you the sun-blistered building where the plan was hatched in August, 1914, and they'll tell you of the furtive comings and goings of mysterious Germans, supposedly agents of the Imperial General Staff in Berlin.

The San Diego plot wasn't taken too seriously at the time, but in 1917 when the famous Zimmermann note, a document that helped put the United States into World War I, was intercepted astonished officials in Washington suddenly realized that the plan was real and not the product of raving crackpots. The mysterious strangers who conferred in San Diego with Mexican-Americans and with Huerta agents from Mexico were what they seemed to be.

Huerta, it will be remembered, was violently anti-American because President Wilson had refused to recognize his "government by assassination." Americans had captured Vera Cruz and Marine snipers had killed many Mexicans. Feelings ran high on both banks of the Rio Grande.

Under the plan Mexicans in five states—Texas, New Mexico, Arizona, Colorado and California—were to revolt on February 20, 1915, and declare an independent Mexican republic. A "liberating" Army would then "free" six states to the north and set up a Negro republic as a buffer state. All "Anglo" men—except Germans—were to be killed.

The whole insane idea from Germany's point of view was to keep the United States so busy on the Mexican border that she'd be unable to join the Allies in fighting the Central Powers in Europe.

Certainly the plan was mad and just as certainly it did have part of the effect the plotters wanted. The border area, including Duval, seethed with excitement and killings, with raids from both sides of the Rio Grande, with train robberies and the flames of burning ranch houses. More than 500 Americans lost their lives in the fighting before General Pershing and his troops restored a semblance of order.

A curious fact in the border troubles just preceding America's entrance into World War I was the deference paid to the word "Aleman"—German—by parties of raiding Mexicans. More than one "Anglo" saved his life by proclaiming himself "Aleman" when guns were leveled at his head.

It is against this background that the Parr political empire was erected and it is against this background that it still lives, tottering on its last leg under the continual legal slugging of Attorney General Shepperd, but still alive.

SOIL CONSERVATION DISTRICT NEWS

Arizona Cypress are available to farmers cooperating with the Floyd County Soil Conservation District for farmstead wind lineals.

Applications will be taken at the office of the soil conservation service in Floydada. The cost to the farmers is 25c per potted plant. Applications will be taken for not less than 50 nor more than 400 plants.

Delivery date is tentatively set for May 1, 1957. Points of delivery are to be announced later. All interested farmers are requested to make applications as soon as possible.

Arizona Cypress make excellent farmstead windbreaks. Several farmers in the Floyd County Soil Conservation District planted windbreaks last year. The farmers contacted were pleased with their plantings. The seedlings made good growth with a very small percentage of loss.

Interested farmers may observe Arizona Cypress windbreak plantings on the farms of Fred Jackson, A. G. Mook, C. T. Morrison, W. H. Bunch, J. P. Moss, G. T. Smith, E. W. Walls, Aubrey Holt, Gene Pigg and W. W. Edwards.

"Time to Live Electrically!"

SAYS Mrs. Bruce Burney of LEVELLAND, TEXAS

BUILT-IN ELECTRIC WALL REFRIGERATOR blends nicely with kitchen decorative scheme in the Burney's all-electric kitchen.

"Trouble is eliminated when you have an ELECTRIC GARBAGE DISPOSER. Peelings go down the drain — out of sight and out of mind," says Mrs. Burney.

The Burney's wisely provided for all-electric CLOTHES WASHING AND DRYING, placed ELECTRIC WATER HEATER near washer for best performance.

"Christmas dinner for 17, was a simple task with my all-electric kitchen," Mrs. Burney recalls as she cooks on electric range.

"Our built-in ELECTRIC OVEN is large enough to handle a big turkey eliminates stooping and bending, too," says Mrs. Burney.

The Burney family remodelled a kitchen whose only electric appliance was an old refrigerator. Now they live in a modern kitchen . . . of course, it's electric, including water heater. Your Reddy Kilowatt Dealer can help you have a modern electric kitchen, too.

'Friendship Thru Federation' Topic For 22 Study Club

Mrs. E. F. Stovall was hostess for the 1922 Study Club when they met Thursday afternoon, Jan. 3, at her home, 519 West Missouri.

Mrs. H. J. Koenen, president, presided over a short business session in which she appointed the nominating committee to select officers for the coming year. Those appointed were Mrs. J. B. Jenkins, Mrs. E. J. Morehead and Mrs. E. F. Stovall.

In the absence of Mrs. C. A. Caffee, Mrs. Joe E. Wilson brought the devotional, reading the 190th Psalm and a few verses from the 7th chapter of Revelations.

The topic for the afternoon's program was "Friendship Through Federation." Mrs. Edd Johnson spoke on "Articles of Confederation—Thirteen Original Colonies of the United States."

The county librarian, Mrs. Lee Goughly, guest speaker, talked on "Friendship plus Federation created a County Library."

Mrs. Harriette Brummett, also a guest speaker, talked on "Friendship and the Extension Service creates a better Rural Community" and showed slides and pictures of various rural communities and the progressive spirit brought about by friendship and cooperation.

A refreshment plate was served to Mesdames Kenneth Bain, J. H. Barnard, P. W. Bell, P. H. Gates, W. H. Henderson, J. B. Jenkins, Edd Johnson, Harry J. Koenen, Lon V. Smith, Glad Snodgrass, W. O. Tye, J. M. Wilson, Joe E. Wilson, J. V. Daniel, the guests, Mrs. Lee Goughly, Mrs. Harriette Brummett and the hostess, Mrs. Stovall.

The next meeting will be Jan. 17 with Mrs. J. V. Daniel as hostess.

Allen-Green Vows Are Repeated At Farmington, N.M.

FARMINGTON, N. M. — Miss Frances Allen, daughter of Mr. and Mrs. Lloyd Allen of Floydada, Tex., and Albert J. Green, son of Elias Green, 110 N. Gladen, were united in marriage Sunday, Dec. 23, at 4 p. m.

The wedding took place at the home of Mrs. Woodrow Williams, 726 Zuni Dr., aunt of the bride. Rev. Alfred Richards, pastor of the First Baptist Church, performed the double ring ceremony.

The bride, given in marriage by her father, was attired in a white lace dress. She carried a white Bible topped with a white orchid and streamers.

Miss Carolyn Tate attended as maid-of-honor. She was attired in a tan imported silk dress and carried a pink carnation bouquet.

Robert Green served his bride as best man. Miss Patricia Allen, sister of the bride, was candlelighter.

The bride's mother chose for the occasion a tan wool suit and wore a white carnation corsage.

Following the ceremony a reception was held. A three-tiered wedding cake, decorated with pink rosebuds and topped with wedding bells and a miniature bride and groom was served to the wedding guests.

Miss Naomi Allen, sister of the bride, presided at the guest register. Following the reception the couple left on a short trip to Texas and upon their return to Farmington will reside temporarily at 704 El Paso Dr.

The bride, a graduate of Floydada High School, is presently employed in a clerical position with the El Paso Natural Gas Co.

The groom is a member of the Farmington Fire Department.

Mr. and Mrs. Robert A. Montgomery and daughter Pam left Saturday returning to their home at Alamogordo, N. M., after a holiday stay in Texas. In Floydada they were guests of Mr. Montgomery's mother, Mrs. W. M. Dorsey and Mr. Dorsey and at Petersburg they visited his sister and her husband, Mr. and Mrs. W. B. Eakin. They also spent some time in the home of Mrs. Montgomery's parents, Mr. and Mrs. J. A. Barnes of Hale Center.

News of Broadway

(By Mrs. T. E. Thornhill)

BROADWAY, Jan. 7 — Those enjoying New Years Dinner with Mr. and Mrs. Ben Beckham, Mrs. Colene Thompson, Monica and Rodney, were Mr. and Mrs. D. D. Thornhill, Donald Wayne and Tommy.

D. D. Thornhill visited with the R. M. Spences and Burch Gillilands in Floydada on Wednesday of last week. Ben Beckham also was visiting with the Spences.

Preston Givens was among those who were ill last week. Still quite a few folks have colds and flu.

Donna June White of Lubbock, but a student at Wayland College visited a few days last week with the Beckhams and Thomasons. We were all quite happy to learn that Lonnie White, grandson of the Beckhams, who is in the Army and has been in Korea over two years, called Sunday and said he should be home in February or the first of March.

Callers in the Claude Sudduth home Wednesday were Harvey and Robert Winegar, Pete Richardson and Tommy Thornhill.

Mr. and Mrs. J. C. Joplin were Sunday visitors with their daughter and family, Mr. and Mrs. A. L. Rathel, Jerry, Larry and Max, at their home in Lorenzo Sunday.

Mr. and Mrs. Buck Scott and girls of Dickens visited awhile Saturday night in the homes of Mr. and Mrs. Hoyt McClure and Mr. and Mrs. Ronald McClure.

Marshall Berry visited with Tommy Thornhill on Tuesday of last week.

Mr. and Mrs. A. D. Whalen, Mr. and Mrs. Billy Ray Webster, Brian and Elaine, were Sunday dinner guests of Mr. and Mrs. H. L. Morris and Joyce.

Quite a Scrabble game went on Wednesday night in the T. E. Thornhill home where Mr. and Mrs. A. L. Winegar, Robert and Georgia Ann, Mrs. Lizzie Winegar and Mr. and Mrs. D. D. Thornhill were visiting there.

Mr. and Mrs. W. H. Rathel and Leroy were Sunday dinner guests of Mr. and Mrs. Arnold Rathel and baby.

Mr. and Mrs. Arnold Hodges and children were Sunday visitors with Mrs. Hodges' family, the Sam Grizes of Crosbyton.

Mr. and Mrs. D. D. Thornhill and Mr. and Mrs. Clinie Maze visited Mr. and Mrs. Homer Smith and Beasie in Crosbyton Sunday evening.

Sunday visitors in the home of Mr. and Mrs. Claude Sudduth, Jim and Kim were Mr. and Mrs. Chas Sudduth of Lubbock and Mr. and Mrs. Richard Sudduth and Dianne, Jamie and Glenn Berry and Bud Sudduth returned to Fort Worth on Tuesday of last week after spending the Christmas holidays with their folks, the Cecil Berrys and Claude Sudduth. The boys are employed at Convoia in Fort Worth.

Mr. and Mrs. Hollis Godfrey and Gary of Spur were Saturday night supper guests of Mr. and Mrs. H. L. Morris and Joyce.

Tommy Thornhill went home with the A. L. Winegars Saturday, Sunday Mr. and Mrs. T. E. Thornhill went over after him and visited with Mr. and Mrs. A. L. Winegar, Harvey, Robert and Georgia Ann. About the middle of the afternoon Mr. and Mrs. A. L. Winegar and Georgia Ann and Mr. and Mrs. T. E. Thornhill drove over to Floydada and visited with the ladies parents, Mr. and Mrs. R. M. Spence.

Mrs. C. H. Moore of Crosbyton spent the week-end with her daughter and family, Mr. and Mrs. W. H. Rathel and Leroy.

Mr. and Mrs. Ronald McClure and girls returned home from a visit with Mrs. McClure's folks in Memphis, Tenn. last week. They brought a nephew home with them, Joe Moore. He will stay here and attend school at Crosbyton. We wish to welcome him to our community and hope he will like our school and our plains country very much.

Rev. and Mrs. Audye Wiley and boys were Sunday visitors with Mr. and Mrs. Leo Reddell and children.

We had roll call at church Sunday. Were sorry some were unable to be there. Let's all do our best to make 1957 a year of Prayer and work for our Lord.

Mr. and Mrs. Billy Ray Webster, Elaine and Brian, were Saturday visitors with Mr. and Mrs. Ray Webster and children of Kaigary.

Mr. and Mrs. Donnie Berry and Billy Don of Meade, were Sunday visitors with his parents and brothers and sisters, the Cecil Berrys.

HOW DID YOU STAY WELL BEFORE YOU GOT SICK?

Something few of us think about is our health until we get sick. We are all doing one of 3 things, staying well, getting sick, or regaining health.

Stop and think! Before you got sick, what was keeping you well? Obviously, something was. What ever it was keeping you well is evidently lacking now and sickness has developed. What is this something? Actually, no one can say what it is specifically for it is an immaterial thing. Some call it life force or nerve energy or mental impulse or resistance. However, regardless what it is, we know it exists, can be measured and must be present for complete health to exist. By proper examination you can tell when a person has it sufficiently or insufficiently.

This life force begins in the brain, is transmitted over the nerves which run thru the spine and follow the nerve branches to all the tissues, organs and muscles of the body. This life force, when reaching all portions of the body, is what keeps a person healthy. When lacking, some part of the body does not function normal and begins to manifest symptoms and eventually diseased conditions may occur.

One of the main functions of the spinal column is to protect the nerves from injury. Due to man's occupations and modern ways of living, the spine is subjected to many strains and jolts and in many cases persistent strain. When a spinal bone becomes misaligned it will present pressure upon a group of nerves which in turn cuts down the amount of life force which will reach certain parts of the body. Those certain parts of the body become weak and trouble has arrived.

Let's assume you begin to develop severe headaches. You realize something is wrong and now you must choose as to what course of action you are going to take. You can have your condition diagnosed which is nothing more than having a big name tagged on your condition. The next thing usually suggested is that you take these pills for relief. Now what have you got? A big name for your headaches and a source of relief when they occur. Is this really what you want?

Would you rather be examined to find out what is causing your headaches? By locating the cause you know what to correct where to correct it and when to correct it and you can expect results not relief. A spinal examination will reveal what area of nerves are under pressure from the misaligned bone and how the bone is misaligned. Pills will not move the bone back into place. For your headaches to be corrected the bone will have to be realigned. This is Chiropractic. By correcting spinal bone misalignments the Chiropractic Profession has corrected headache conditions as well as many other types of conditions which are seemingly unrelated to the spine. Investigate chiropractic today you will be amazed.
